A. Notwithstanding any other provisions of law, there is hereby established a public rights-of-way use fee to be charged in lieu of any and all fees of general application, except for zoning, subdivision, site plan, and comprehensive plan fees of general application, otherwise chargeable to a renewable generator by the Department of Transportation or a locality in connection with a permit for such occupation and use granted in accordance with § 56-615 or 56-616. The public rights-of-way use fee established by this section is imposed on all renewable generators that occupy and use public rights-of-way in order to (i) supply electricity generated at its renewable energy facility to the electric distribution grid, (ii) distribute steam generated at its renewable energy facility to customers, or (iii) supply landfill gas to customers or to a natural gas distribution or transmission pipeline.

B. The amount of the public rights-of-way use fee for a renewable generator shall be \$1,500 per mile or any portion thereof over which the renewable generator has installed distribution facilities.

C. A renewable generator shall remit its required public rights-of-way use fee to the locality or the Department of Transportation, as applicable, prior to initiation of construction, as follows:

1. The renewable generator shall remit directly to the applicable locality all public rights-of-way use fees billed in (i) cities, (ii) towns whose public streets and roads are not maintained by the Department of Transportation, and (iii) any county that has withdrawn or elects to withdraw from the secondary system of state highways under the provisions of § 11 of Chapter 415 of the Acts of Assembly of 1932 and that has elected not to return.

2. The public rights-of-way use fees in all other counties shall be remitted by each renewable generator to the Department of Transportation, and shall first be used to offset the administrative costs of processing the permit with the remaining fee being added to the secondary system construction improvement program funds of the counties where the facilities are located.

§ 56-618. Reimbursement for relocation costs.

A. Renewable generators shall be reimbursed 100 percent of the eligible cost of relocating distribution facilities installed in the public rights-of-way, for the first three years after the completion of the installation, that are incurred at the direction of a locality that imposes by ordinance the public rights-of-way use fee or the Department of Transportation in any public rights-of-way in accordance with §§ 56-458 and 56-462. For the fourth through sixth year after the completion of the installation, the renewable generator shall be reimbursed 50 percent of the eligible cost for the relocation of facilities installed in the public rights-of-way. Beginning in the seventh year, the renewable generators shall be responsible for the cost of relocating facilities installed in the public rights-of-way. Such reimbursement shall be received from either (i) the locality that granted the permit or franchise to use such right-of-way or (ii) the Commonwealth Transportation Board if the road or street is in the primary state highway system or the secondary state highway system.

B. The amount of relocation reimbursement in any fiscal year to be reimbursed under this section shall not exceed the amount of public rights-of-way use fees received by that locality or the Department of Transportation from the renewable generator required to relocate its distribution facilities.

§ 56-619. Relocation of lines or works of renewable generator acquired by Commonwealth Transportation Board.

Whenever a renewable generator is required by the Commonwealth Transportation Board or the Commissioner of Highways to remove any part of its distribution facilities off of the right-of-way of a road now or hereafter included in the primary or secondary state highway system, or if any right-of-way, property, or interest therein used and occupied by the renewable generator with its lines or works, or part thereof, is acquired by the Commonwealth Transportation Board or the Commissioner of Highways for the uses of the primary or secondary state highway system, or if the renewable generator is notified by such Board or Commissioner of the desire of such Board or Commissioner to acquire such right-of-way, property, or interest therein, used and occupied by such company with its lines or works, or part thereof, for the uses of the primary or secondary state highway system, the renewable generator shall relocate its lines or works, or the part or parts thereof affected.

§ 56-620. How consent of appropriate authorities obtained; terms of use.

The consent required under § 56-615, when given, shall be by ordinance regularly adopted by the council or other governing body of the city or town or by resolution regularly adopted and spread upon the minutes by the board of supervisors or other governing authority of the county in which such line is to be located, or, if such permission is to be given by the Commissioner of Highways or his designee, through the issuance of a land use permit. Such use of the public roads, turnpikes, streets, avenues, and alleys in any of the cities or towns or counties of the Commonwealth shall be subject to such terms, regulations, and restrictions as may be imposed by the corporate authorities of any such city or town, or the board of supervisors or other governing authority of any such county, except that if the road or street is in the primary or secondary state highway system, as now or hereafter established, any occupation and use thereof under the provisions of this chapter, whether by consent heretofore or hereafter obtained, shall be subject to such terms, regulations, and restrictions as may be imposed by the Commonwealth Transportation Board not in conflict in incorporated cities and towns with any vested contractual rights of such company with such city or town.

§ 56-621. Cost to Commonwealth in connection with inspection and coordination of construction of line to be paid by renewable generator.

The actual costs and expenses of the Commonwealth for the inspection or coordination of the construction or installation of any of the distribution facilities of the renewable generator, under the provisions of this chapter, under any permit of the Commonwealth Transportation Board shall be borne by the renewable generator. The sum of the payment required by this section shall be paid to the Department of Transportation within 30 days from the receipt of a progress or final bill from the Department of Transportation.

§ 56-622. Renewable generator may contract for right-of-way.

A renewable generator may contract with any person that owns lands, or any interest, franchise, privilege, or easement therein or in respect thereto, over which distribution facilities are proposed to be constructed, for the right-of-way for erecting, repairing, and preserving its poles and other structures necessary for operating its facilities, and for sufficient land for the erection and occupation of offices at suitable distances along its distribution facilities.

§ 56-623. Construction of transmission facilities.

All posts, poles, wires, cables, lines, pipelines, conduits, and other distribution facilities erected under any authority conferred by this chapter shall be so located as in no way to obstruct or interfere with public travel or the ordinary use of, or the safety and convenience of persons traveling through, on, or over, the public roads, turnpikes, streets, avenues, alleys, railroads, or waters in or upon which the same may be erected. All distribution facilities erected as aforesaid shall be placed at such height as provided by regulations of the Commission or the Commonwealth Transportation Board. Buried distribution facilities shall be laid at such distance below the surface of any public road, turnpike, street, avenue, or alley, and at such distance from the outside of any gas or water main or other conduit already laid under such public road, turnpike, street, avenue, or alley, as prescribed by regulations of the Commission or by the Commonwealth Transportation Board. No distribution facilities shall be strung across or laid, nor posts or poles erected, upon the property of any person without first obtaining the consent of the owner thereof. Such distribution facilities shall not damage private property without compensation therefor, nor in any way obstruct the navigation of any stream, or impair or endanger the use thereof by the public or any other person entitled to the use of the same. In consideration of co-locating on existing rights of way, the renewable generator shall meet the respective safety and clearance standards of the public service corporation

including the National Electrical Safety Code, the Underground Utility Damage Prevention Act (§ 56-265.14 et seq.), gas pipeline safety standards pursuant to § 56-257.2, and the public service corporation's own safety and clearance standards as the same are communicated to the renewable generator in writing, and any applicable federal laws and regulations.

§ 56-624. Restoring condition of ground.

The portions of the surface of the roads, turnpikes, streets, avenues, or alleys, or of any pavements opened up or disturbed in erecting, repairing, laying, or replacing distribution facilities under the provisions of this chapter shall be immediately restored to and maintained in good condition by the renewable generator doing such work. In case of the failure of the renewable generator to restore and maintain the same, the corporate authorities of the city or town, or the board of supervisors or other governing authority of the county, or the Commissioner of Highways, as the case may be, may properly restore and maintain the same, and the costs thereof may be recovered by the city or town, or county, or Commonwealth, from the renewable generator, in any court of proper jurisdiction.

2. That whenever any of the conditions, requirements, provisions, or contents of any section or chapter of Title 45.1, Title 67, or any other title of the Code of Virginia as such title existed prior to October 1, 2021, are transferred in the same or modified form to a new section or chapter of Title 45.2 or any other title of the Code of Virginia and whenever any such former section or chapter is given a new number in Title 45.2 or any other title, all references to any such former section or chapter of Title 45.1, Title 67, or any other title appearing in the Code of Virginia shall be construed to apply to the new or renumbered section or chapter containing such conditions, requirements, provisions, contents, or portions thereof.

7. That if any clause, sentence, paragraph, subdivision, or section of Title 45.2 shall be adjudged in any court of competent jurisdiction to be invalid, the judgment shall not affect, impair, or invalidate the remainder thereof but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or section thereof directly involved in the controversy in which the judgment shall have been rendered, and to this end the provisions of Title 45.2 are declared severable.

[H 1895]

Approved March 25, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-353.5 through 19.2-355 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-353.5. Interest on fines and costs.

A. For purposes of this section, "incarcerated" or "incarceration" means confinement in a local or regional correctional facility, juvenile correctional facility, state correctional facility, residential detention center, or facility operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.).

B. No interest shall accrue on any fine or costs imposed in a criminal case or in a case involving a traffic infraction (i) for a period of 40 180 days ~~from~~ following the date of the final judgment imposing such fine or costs ~~or~~; (ii) during any period the defendant is incarcerated; and (iii) for a period of 180 days following the date of the defendant's release from incarceration if the sentence includes an active term of incarceration.

C. A person who owes fines and costs on which interest has accrued during a period of incarceration may move any court in which he owes fines and costs to waive the interest that accrued on such fines and costs during such period of incarceration. Upon certification of the period of incarceration by the superintendent, warden, or other official in charge of a correctional facility on a form developed by the Office of the Executive Secretary of the Supreme Court, such interest shall be waived.

D. In no event shall interest accrue in such cases during any period in which a fine, costs, or both a fine and costs are being paid in deferred or installment payments pursuant to an order of the court. Whenever interest on any unpaid fine or costs accrues, it shall accrue at the judgment rate of interest set forth in § 6.2-302.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. ~~Whenever~~ (i) a Any defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, who is sentenced to pay a fine, restitution, forfeiture, or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to may pay such fine, restitution, forfeiture, or penalty and any costs which that the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may shall authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money moneys collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed. Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution, or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration, or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution, and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money moneys collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;

3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The State Board of Local and Regional Jails shall promulgate regulations governing the receipt of wages paid to persons sentenced to local correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds. The Director of the Department of Corrections shall prescribe rules governing the receipt of wages paid to persons sentenced to state correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work (i) before or after imprisonment or (ii) in accordance with the provisions of § 19.2-316.4, 53.1-59, 53.1-60, 53.1-128, 53.1-129, or 53.1-131 during imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures, and penalties.

§ 19.2-354.1. Deferred or installment payment agreements.

A. For purposes of this section:

"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.

"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.

"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.

"Modified deferred payment agreement" means a deferred payment agreement in which the defendant also agrees to use best efforts to make monthly or other periodic payments.

B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant who is unable to pay in full the fines and costs within 30 days of sentencing the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.

C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, or (v) because the defendant has not established a payment history.

D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, a court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. In assessing the defendant's ability to pay, the court shall use a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or conduct an oral examination of the defendant to determine his financial resources and obligations. The length of a payment agreement and the amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.

E. A court may require a down payment as a condition of a defendant entering a deferred, modified deferred, or installment payment agreement. Any down payment shall be a minimal amount to demonstrate the defendant's commitment to paying the fines and costs. In the case of an installment payment agreement, the required down payment may not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. A defendant may make a larger down payment than what is provided by this subsection. No court shall require a defendant to make a down payment upon entering a deferred, modified deferred, or installment payment agreement, other than a subsequent payment agreement, in which case the court may

require a down payment pursuant to subsection I. Nothing in this section shall prevent a defendant from voluntarily making a down payment upon entering any payment agreement.

F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.

G. Any payment received within 10 days of its due date shall be considered to be timely made.

H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.

I. ~~A court shall consider a request by a defendant who has defaulted on a payment agreement to enter into a subsequent payment agreement~~ *A defendant who has defaulted on a payment agreement may petition the court for a subsequent payment agreement.* In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court ~~shall~~ *may* require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.

§ 19.2-355. Petition of defendant.

(a) ~~In determining whether the defendant is unable to pay such fine forthwith, the~~ *The* court may require ~~such any~~ *any* defendant ~~entering a deferred, modified deferred, or installment payment agreement~~ to file a petition, under oath, with the court, upon a form provided by the court, setting forth the financial condition of the defendant.

(b) Such form shall be a questionnaire, and shall include, but shall not be limited to: the name and residence of the defendant; his occupation, if any; his family status and the number of persons dependent upon him; his monthly income; whether or not his dependents are employed and, if so, their approximate monthly income; his banking accounts, if any; real estate owned by the defendant, or any interest he may have in real estate; income produced therefrom; any independent income accruing to the defendant; tangible and intangible personal property owned by the defendant, or in which he may have an interest; and a statement listing the approximate indebtedness of the defendant to other persons. Such form shall also include a payment plan of the defendant, ~~if the court should exercise its discretion in permitting the payment of such fine and costs in installments or other conditions to be fixed by the court.~~ At the end of such form there shall be printed in bold face type, in a distinctive color the following: THIS STATEMENT IS MADE UNDER OATH, ANY FALSE STATEMENT OF A MATERIAL FACT TO ANY QUESTION CONTAINED HEREIN SHALL CONSTITUTE PERJURY UNDER THE PROVISIONS OF § 18.2-434 OF THE CODE OF VIRGINIA. THE MAXIMUM PENALTY FOR PERJURY IS CONFINEMENT IN THE PENITENTIARY FOR A PERIOD OF TEN YEARS. A copy of the petition shall be retained by the defendant.

(c) If the defendant is unable to read or write, the court, or the clerk, may assist the defendant in completing the petition and require him to affix his mark thereto. The consequences of the making of a false statement shall be explained to such defendant.

Such license may be granted only to persons who operate a restaurant and in no event shall the sale of such wine or liqueur-based drinks, together with the sale of any other alcoholic beverages, exceed 10 percent of the total annual gross sales of all food and alcoholic beverages. The granting of a license pursuant to this subdivision shall automatically authorize the licensee to obtain a license to sell and serve wine and beer for on-premises consumption or in closed containers for off-premises consumption; however, the licensee shall be required to pay the local fee required for such additional license pursuant to § 4.1-233.1.

Any court desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs or providing restitution shall, at the time of sentencing, obtain the social security number of each defendant.

E. At the time of sentencing, the court shall enter the amount of restitution to be repaid by the defendant, the date by which all restitution is to be paid, the terms and conditions of such repayment, and the victim's name and contact information, including the victim's home address, telephone number, and email address, on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. If the attorney for the Commonwealth participated in the prosecution of the defendant, the attorney for the Commonwealth or his designee shall complete, to the extent possible, all portions of the form excluding the amount of restitution to be repaid by the defendant and the terms and conditions of such repayment. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge. Except as provided in this section or otherwise required by law, the victim's contact information shall be confidential, and the clerk shall not disclose such confidential information to any person.

F. 1. In any case in which the court orders the defendant to pay restitution and places the defendant on probation that includes a period of active supervision, the probation agency supervising the defendant shall notify the court and the attorney for the Commonwealth of the amount of any restitution that remains unsatisfied and the last known address for the defendant (i) 60 days prior to the defendant's release from supervision pursuant to the terms of the sentencing order or (ii) if the agency requests that the defendant be released from supervision, at the time the agency submits its request to the court. Such notice shall be in writing and the attorney for the Commonwealth shall, if practicable, provide a copy of the notice to the victim. If any amount of restitution remains unsatisfied, the court shall conduct a hearing prior to the defendant's release from supervision after providing notice of the hearing to the defendant and the attorney for the Commonwealth. If the court finds that the defendant is not in compliance with the restitution order, the court may (a) release the defendant from supervision, (b) modify the period or terms of supervision pursuant to § 19.2-304, (c) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (d) proceed in accordance with subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. Any defendant who is released from supervision shall be subject to the provisions of subdivision 3.

2. In any case in which the court orders the defendant to pay restitution and places the defendant on probation that does not include a period of active supervision, the court shall include in the order a date, not to exceed two years from the date of the entry of the order or, if the court has sentenced the defendant to an active term of incarceration, from the date of the defendant's release from incarceration, on which the defendant's compliance with the restitution order shall be reviewed and the court shall schedule a hearing for such date. The court may, on its own motion, cancel the hearing if the amount of restitution has been satisfied. If at the hearing the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. After the hearing conducted pursuant to this subdivision, the defendant shall be subject to the provisions of subdivision 3.

3. If any amount of restitution remains unsatisfied at the time of a hearing conducted pursuant to subdivision 1 or 2, the court shall continue to schedule hearings to review the defendant's compliance with the restitution order until the amount of restitution has been satisfied and provide notice of such hearings to the defendant. The court may, on its own motion, cancel any such hearing if the amount of restitution has been satisfied or if the defendant is in compliance with the restitution order. If at any hearing conducted pursuant to this subdivision the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall follow the procedures set forth in this subdivision for the purpose of reviewing compliance with a restitution order by a defendant (a) until the amount of restitution has been satisfied or (b) if any amount of restitution remains unsatisfied, for the longer of 10 years from the date of the hearing held pursuant to subdivision 1 or 2 or the period of probation ordered by the court.

4. If the court determines at any hearing conducted pursuant to this subsection that the defendant is unable to pay restitution and will remain unable to pay restitution for the duration of the review period set forth in subdivision 3, the court may discontinue any further hearings to review a defendant's compliance with the restitution order.

5. If the court determines that a defendant would be incarcerated on the date of any hearing scheduled pursuant to this subsection, the court may remove the case from the docket, reschedule such hearing to a date after the defendant's release from incarceration, and provide notice of the hearing to the defendant and the attorney for the Commonwealth. If the defendant who is on probation that includes a period of active supervision is incarcerated, the probation agency supervising the defendant shall notify the court when the defendant has been released from incarceration.

6. No provision of this subsection shall be construed to prohibit the court from exercising any authority otherwise granted by law over a defendant during any period of probation ordered by the court.

7. At every hearing conducted pursuant to subdivision 1 where the defendant was convicted of an offense for which a report to the Central Criminal Records Exchange is required under subsection A of § 19.2-390, if the court has not previously verified that the conviction for such offense appears on the criminal history record of the defendant, the court shall review the criminal history record of the defendant and determine whether the present conviction appears on that record. The probation officer for the defendant shall provide the criminal history record to the court at such hearing. If the present conviction does not appear on the criminal history record, the court shall order that the fingerprints and photograph of the defendant be taken by a law-enforcement officer and submitted to the Central Criminal Records Exchange. If fingerprints and a photograph have previously been taken for such conviction, the probation officer shall provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that the conviction does not appear on the offender's criminal history record prior to his release from supervision.

8. At every hearing conducted pursuant to subdivision 2 where the attorney for the Commonwealth participated in the prosecution and the defendant was convicted of an offense for which a report to the Central Criminal Records Exchange is required under subsection A of § 19.2-390, if the court has not previously verified that the conviction for such offense appears on the criminal history record of the defendant, the court shall review the criminal history record of the defendant and determine whether the present conviction appears on that record. If the attorney for the Commonwealth participated in the prosecution of the offense, the attorney for the Commonwealth shall provide the criminal history record to the court at such hearing. If the present conviction does not appear on the criminal history record, the court shall order that the fingerprints and photograph of the defendant be taken by a law-enforcement officer and submitted to the Central Criminal Records Exchange. If fingerprints and a photograph have previously been taken for such conviction, the attorney for the Commonwealth shall provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that the conviction does not appear on the offender's criminal history record.

G. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.

H. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection, "victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

I. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims by November 1 of each year. If a clerk does not have any such restitution to deposit, the clerk shall provide a statement to that effect to the Fund by November 1 of each year. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment directly to the victim for any proper claims. When depositing such restitution to the Fund, the clerk shall report the victim's last known contact information, including the victim's home address, telephone number, and email address, and the amount of restitution being deposited for that victim. Before making the deposit, the administrator shall record the name, contact information, and amount of restitution being deposited for each victim appearing from the clerk's report to be entitled to restitution. The victim's contact information reported to the Fund shall be confidential and shall not be disseminated further except as otherwise required by law.

J. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

K. Whenever a defendant is ordered to pay restitution, any sums collected shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any fine, forfeiture, penalty, or cost assessed against the defendant, *unless an order for restitution is docketed in the name of the victim or it is ordered that an assignment of the judgment to the victim be docketed.*

§ 19.2-305.2. Amount of restitution; enforcement.

A. The court, when ordering restitution pursuant to § 19.2-305.1, may require that such defendant, in the case of an offense resulting in damage to or loss or destruction of property of a victim of the offense, (i) return the property to the owner or (ii) if return of the property is impractical or impossible, pay an amount equal to the greater of the value of the property at the time of the offense or the value of the property at the time of sentencing.

B. An order of restitution ~~may~~ shall be docketed, *in the name of the Commonwealth, or a locality if applicable, on behalf of the victim*, as provided in § 8.01-446 when so ordered by the court ~~or upon written request of the victim and may be enforced by a victim named in the order to receive the restitution in the same manner as a judgment in a civil action, unless the victim named in the order of restitution requests in writing that the order be docketed in the name of the victim. An order of restitution docketed in the name of the victim shall be enforced by the victim as a civil judgment. The clerk shall record and disburse restitution payments as provided in subsection D of § 19.2-305.1 and subsection A of § 19.2-354 in~~

accordance with orders of restitution or judgments for restitution docketed in the name of the Commonwealth or a locality. At any time before a judgment for restitution docketed in the name of the Commonwealth or a locality is satisfied, the court shall, at the written request of the victim, order the circuit court clerk to execute and docket an assignment of the judgment to the victim. The circuit court clerk shall remove from its automated financial system the amount of unpaid restitution upon docketing the assignment. If a judge of a district court orders the circuit court clerk to execute and docket an assignment of the judgment to the victim, the district court clerk shall remove from its automated financial system the amount of unpaid restitution upon sending the order to the circuit court clerk. If the victim requests that the order of restitution be docketed in the name of the victim or that a judgment for restitution previously docketed in the name of the Commonwealth or a locality be assigned to the victim, the victim shall provide to the court an address where the defendant can mail payment for the amount due and such address shall not be confidential. When a judgment for restitution previously docketed in the name of the Commonwealth or a locality is ordered to be assigned to the victim, the court shall provide notice of such order to the defendant at the defendant's last known address and shall include the mailing address provided by the victim. Enforcement by a victim of any order of restitution docketed as provided in § 8.01-446 is not subject to any statute of limitations. Such docketing shall not be construed to prohibit the court from exercising any authority otherwise available to enforce the order of restitution.

§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.

A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. The clerk of the circuit court and district court of every county and city shall submit quarterly to the attorney for the Commonwealth of his county or city and any probation agency that serves such county or city:

1. A list of all defendants with an outstanding balance of restitution ordered by the court served by such clerk. Such report shall include the defendant's name, case number, total amount of restitution ordered, amount of restitution remaining due, and last date of payment; and

2. A list of all accounts where more than 90 days have passed since an account was sent to collections and no payments have been made toward fines, costs, forfeitures, penalties, or restitution. For accounts where restitution is owed, such report shall include the defendant's name, case number, and total amount of restitution and restitution interest due.

C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

D. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to

collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

The Office of the Executive Secretary of the Supreme Court shall annually report to the Governor, the General Assembly, the Chairmen of the House and Senate Committees for Courts of Justice, and the Virginia State Crime Commission on the total of restitution assessed, collected, and unpaid for each circuit and district court and the total of restitution collected and deposited into the Criminal Injuries Compensation Fund pursuant to subsection I of § 19.2-305.1 by each circuit and district court.

E. The provisions of this section shall not apply to any orders of restitution docketed in the name of the victim or when it is ordered that an assignment of the judgment for restitution to the victim be docketed.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture, or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture, or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed, *unless an order for restitution is docketed in the name of the victim or it is ordered that an assignment of the judgment to the victim be docketed.* Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution, or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration, or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution, and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;
3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The State Board of Local and Regional Jails shall promulgate regulations governing the receipt of wages paid to persons sentenced to local correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds. The Director of the Department of Corrections shall prescribe rules governing the receipt of wages paid to persons sentenced to state correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work (i) before or after imprisonment or (ii) in accordance with the provisions of § 19.2-316.4, 53.1-59, 53.1-60, 53.1-128, 53.1-129, or 53.1-131 during imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures, and penalties.

An Act to amend and reenact §§ 54.1-2957, 54.1-2957.01, and 54.1-2957.03 of the Code of Virginia, relating to practice of certified nurse midwives.

[H 1817]

Approved March 25, 2021

Be it enacted by the General Assembly of Virginia:

1. **That §§ 54.1-2957, 54.1-2957.01, and 54.1-2957.03 of the Code of Virginia are amended and reenacted as follows:**

§ 54.1-2957. Licensure and practice of nurse practitioners.

A. *As used in this section:*

"Clinical "clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of nurse practitioners. It is unlawful for a person to practice as a nurse practitioner in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner other than a ~~nurse practitioner licensed by the Boards of Medicine and Nursing~~ as a certified nurse midwife or a certified registered nurse anesthetist or a nurse practitioner who meets the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. ~~A nurse practitioner who is licensed by the Boards of Medicine and Nursing as a certified nurse midwife shall practice pursuant to subsection H. A nurse practitioner who is a certified registered nurse anesthetist~~ *anesthetist* shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. A nurse practitioner who is appointed as a medical examiner pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among nurse practitioners and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16.

Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the nurse practitioner and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth. A nurse practitioner to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least five years of full-time clinical experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

G. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, and a nurse practitioner is unable to enter into a new practice agreement with another patient care team physician, the nurse practitioner may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such nurse practitioner may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the nurse practitioner to continue practice under this subsection for another 60 days, provided the nurse practitioner provides evidence of efforts made to secure another patient care team physician and of access to physician input.

H. ~~Nurse practitioners licensed by the Boards of Medicine and Nursing in the category of Every~~ certified nurse midwife shall practice in ~~consultation with a licensed physician in accordance with a practice agreement between the nurse practitioner and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. The Boards shall jointly promulgate accordance with regulations, adopted by the Boards and consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives, governing such practice. A certified nurse midwife who has practiced fewer than 1,000 hours shall practice in consultation with a certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or a licensed physician, in accordance with a practice agreement. Such practice agreement shall address the availability of the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or the licensed physician for routine and urgent consultation on patient care. certified nurse midwife and provided to the Boards upon request. A certified nurse midwife who has completed 1,000 hours of practice as a certified nurse midwife may practice without a practice agreement upon receipt by the certified nurse midwife of an attestation from the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or the licensed physician with whom the certified nurse midwife has entered into a practice agreement stating (i) that such certified nurse midwife or licensed physician has provided consultation to the certified nurse midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of time for which such certified nurse midwife or licensed physician practiced in collaboration and consultation with the certified nurse midwife pursuant to the practice agreement. A certified nurse midwife authorized to practice without a practice agreement shall consult and collaborate with and refer patients to such other health care providers as may be appropriate for the care of the patient.

I. A nurse practitioner, other than a nurse practitioner licensed by the Boards of Medicine and Nursing in the category of certified nurse midwife or certified registered nurse anesthetist, who has completed the equivalent of at least five years of full-time clinical experience as a licensed nurse practitioner, as determined by the Boards, may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement upon receipt by the nurse practitioner of an attestation from the patient care team physician stating (i) that the patient care team physician has served as a patient care team physician on a patient care team with the nurse practitioner pursuant to a practice agreement meeting the requirements of this section and § 54.1-2957.01; (ii) that while a party to such practice agreement, the patient care team physician routinely practiced with a patient population and in a practice area included within the category for which the nurse practitioner was certified and licensed; and (iii) the period of time for which the patient care team physician practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall (a) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (b) consult and collaborate with other health care providers based on the clinical conditions of the patient to whom health care is provided, and (c) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

A nurse practitioner practicing without a practice agreement pursuant to this subsection shall obtain and maintain coverage by or shall be named insured on a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

§ 54.1-2957.01. Prescription of certain controlled substances and devices by licensed nurse practitioners.

A. In accordance with the provisions of this section and pursuant to the requirements of Chapter 33 (§ 54.1-3300 et seq.), a licensed nurse practitioner shall have the authority to prescribe Schedule II through Schedule VI controlled substances and devices as set forth in Chapter 34 (§ 54.1-3400 et seq.).

B. A nurse practitioner who does not meet the requirements for practice without a written or electronic practice agreement set forth in subsection I of § 54.1-2957 shall prescribe controlled substances or devices only if such prescribing is authorized by a written or electronic practice agreement entered into by the nurse practitioner and a patient care team physician. Such nurse practitioner shall provide to the Boards of Medicine and Nursing such evidence as the Boards may jointly require that the nurse practitioner has entered into and is, at the time of writing a prescription, a party to a written or electronic practice agreement with a patient care team physician that clearly states the prescriptive practices of the nurse practitioner. Such written or electronic practice agreements shall include the controlled substances the nurse practitioner is or is not authorized to prescribe and may restrict such prescriptive authority as described in the practice agreement. Evidence of a practice agreement shall be maintained by a nurse practitioner pursuant to § 54.1-2957. Practice agreements authorizing a nurse practitioner to prescribe controlled substances or devices pursuant to this section either shall be signed by the patient care team physician or shall clearly state the name of the patient care team physician who has entered into the practice agreement with the nurse practitioner.

It shall be unlawful for a nurse practitioner to prescribe controlled substances or devices pursuant to this section unless (i) such prescription is authorized by the written or electronic practice agreement or (ii) the nurse practitioner is authorized to practice without a written or electronic practice agreement pursuant to subsection I of § 54.1-2957.

C. The Boards of Medicine and Nursing shall promulgate regulations governing the prescriptive authority of nurse practitioners as are deemed reasonable and necessary to ensure an appropriate standard of care for patients. Such regulations shall include requirements as may be necessary to ensure continued nurse practitioner competency, which may include continuing education, testing, or any other requirement, and shall address the need to promote ethical practice, an appropriate standard of care, patient safety, the use of new pharmaceuticals, and appropriate communication with patients.

D. This section shall not limit the functions and procedures of certified registered nurse anesthetists or of any nurse practitioners which are otherwise authorized by law or regulation.

E. The following restrictions shall apply to any nurse practitioner authorized to prescribe drugs and devices pursuant to this section:

1. The nurse practitioner shall disclose to the patient at the initial encounter that he is a licensed nurse practitioner. Any party to a practice agreement shall disclose, upon request of a patient or his legal representative, the name of the patient care team physician and information regarding how to contact the patient care team physician.

2. Physicians shall not serve as a patient care team physician on a patient care team at any one time to more than six nurse practitioners.

F. This section shall not prohibit a licensed nurse practitioner from administering controlled substances in compliance with the definition of "administer" in § 54.1-3401 or from receiving and dispensing manufacturers' professional samples of controlled substances in compliance with the provisions of this section.

G. Notwithstanding any provision of law or regulation to the contrary, a nurse practitioner licensed by the Boards of Medicine and Nursing in the category of certified nurse midwife and holding a license for prescriptive authority may prescribe ~~(i)~~ Schedules II through ~~V~~ VI controlled substances. *However, if the nurse practitioner licensed by the Boards of Medicine and Nursing in the category of certified nurse midwife is required, pursuant to subsection H of § 54.1-2957, to practice pursuant to a practice agreement, such prescribing shall also be in accordance with any prescriptive authority included in a such practice agreement with a licensed physician pursuant to subsection H of § 54.1-2957 and* ~~(ii) Schedule VI controlled substances without the requirement for inclusion of such prescriptive authority in a practice agreement.~~

H. Notwithstanding any provision of law or regulation to the contrary, a nurse practitioner licensed by the Boards of Medicine and Nursing as a certified registered nurse anesthetist shall have the authority to prescribe Schedule II through Schedule VI controlled substances and devices in accordance with the requirements for practice set forth in subsection C of § 54.1-2957 to a patient requiring anesthesia, as part of the periprocedural care of such patient. As used in this subsection, "periprocedural" means the period beginning prior to a procedure and ending at the time the patient is discharged.

A. As used in this section, "birthing center" means a facility outside a hospital that provides maternity services.

B. A certified nurse midwife who provides health care services to a patient outside of a hospital or birthing center shall disclose to that patient, when appropriate, information on health risks associated with births outside of a hospital or birthing center, including but not limited to risks associated with vaginal births after a prior cesarean section, breech births, births by women experiencing high-risk pregnancies, and births involving multiple gestation.

C. ~~The~~ *A* certified nurse midwife who ~~provided~~ *provides* health care to a patient shall be liable for the midwife's negligent, grossly negligent, or willful and wanton acts or omissions. 2. That any certified nurse midwife who has practiced as a certified nurse midwife in the Commonwealth for at least 1,000 hours, as determined by the Boards of Medicine and Nursing, prior to the effective date of this act shall be deemed to have met the requirements of subsection H of § 54.1-2957 of the Code of Virginia, as amended by this act, related to requirements for practice as a certified nurse midwife without a practice agreement and shall be eligible to practice as a certified nurse midwife in the Commonwealth without a practice agreement.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the Get Skilled, Get a Job, Give Back (G3) Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. D. The Virginia Board of Workforce Development, in consultation with the System, the Council, and the staffs of the House Committee on Appropriations and Senate Committee on Finance and Appropriations, shall make recommendations to the Governor and General Assembly, no later than December 1 of each year, for additions or other changes to the high-demand fields that qualify for financial assistance under the G3 Program.

4. Prioritized recommendations for specific actions by state agencies intended to meet the established performance benchmarks within a prescribed schedule; and

5. A system for tracking agency progress in meeting the benchmarks during the succeeding biennia.

B. During the first year of each new gubernatorial administration, the Governor shall issue an executive order creating a cabinet-level committee to assist the Secretary in the development of an urban policy vision and priorities for the Commonwealth. The Secretary shall be the chairman of the committee, and the Secretaries of Education, Health and Human Resources, Natural *and* Historic Resources and Transportation shall serve as committee members. The Governor may also appoint representatives of local government from Virginia's urban areas to serve as committee members. During the third year of each new gubernatorial administration the Secretary shall review and report on the performance of each agency in meeting the established benchmarks.

Article 7.

Secretary of Natural *and* Historic Resources.

§ 2.2-215. Position established; agencies for which responsible.

The position of Secretary of Natural *and* Historic Resources (the Secretary) is created. The Secretary shall *serve as the Chief Resilience Officer for the purposes of duties required pursuant to § 2.2-222.4, and shall* be responsible to the Governor for the following agencies: Department of Conservation and Recreation, Department of Historic Resources, Marine Resources Commission, Department of Wildlife Resources, ~~Virginia Museum of Natural History~~, and the Department of Environmental Quality. The Governor may, by executive order, assign any state executive agency to the Secretary of Natural *and* Historic Resources, or reassign any agency listed in this section to another Secretary.

§ 2.2-220.1. Chesapeake Bay Watershed Agreement; annual report.

By November 1 of each year, the Secretary of Natural *and* Historic Resources shall report to the Governor and the Chairs of the House Committee on Agriculture, Chesapeake and Natural Resources and the Senate Committee on Agriculture, Conservation and Natural Resources on the implementation of the 2014 Chesapeake Bay Watershed Agreement. The Secretary may use documents, reports, and other materials developed in cooperation with other signatories to the agreement, including the U.S. Environmental Protection Agency and other relevant federal agencies or nongovernmental organizations, to fulfill this reporting requirement.

§ 2.2-220.2. Development of strategies to prevent the introduction of, to control, and to eradicate invasive species.

A. The Secretaries of Natural *and* Historic Resources and Agriculture and Forestry shall coordinate the development of strategic actions to be taken by the Commonwealth, individual state and federal agencies, private businesses, and landowners related to invasive species prevention, early detection and rapid response, control and management, research and risk assessment, and education and outreach. Such strategic actions shall include the development of a state invasive species management plan. The plan shall include a list of invasive species that pose the greatest threat to the Commonwealth. The primary purposes of the plan shall be to address the rising cost of invasive species, to improve coordination among state and federal agencies' efforts regarding invasive species prevention and management and information exchange, and to educate the public on related matters. The Secretaries of Natural *and* Historic Resources and Agriculture and Forestry shall update the state invasive species management plan at least once every four years. The Department of Conservation and Recreation shall provide staff support.

B. The Secretary of Natural *and* Historic Resources shall establish and serve as chair of an advisory group to develop an invasive species management plan and shall coordinate and implement recommendations of that plan. Other members of the advisory group shall include the Departments of Conservation and Recreation, Wildlife Resources, Environmental Quality, Forestry, Agriculture and Consumer Services, Health, and Transportation; the Marine Resources Commission; the Virginia Cooperative Extension; the Virginia Institute of Marine Science; representatives of the agriculture and forestry industries; the conservation community; interested federal agencies; academic institutions; and commercial interests. The Secretary of Agriculture and Forestry shall serve as the vice-chair of the advisory group. The advisory group shall meet at least twice per year and shall utilize ad hoc committees as necessary with special emphasis on working with affected industries, landowners, and citizens, and shall assist the Secretary to:

1. Prevent additional introductions of invasive species to the lands and waters of the Commonwealth;
2. Procure, use, and maintain native species to replace invasive species;
3. Implement targeted control efforts on those invasive species that are present in the Commonwealth but are susceptible to such management actions;
4. Identify and report the appearance of invasive species before they can become established and control becomes less feasible;
5. Implement immediate control measures if a new invasive species is introduced in Virginia, with the aim of eradicating that species from Virginia's lands and waters if feasible given the degree of infestation; and
6. Recommend legislative actions or pursue federal grants to implement the plan.

C. As used in this section, "invasive species" means a species, including its seeds, eggs, spores or other biological material capable of propagating that species, that is not native to the ecosystem and whose introduction causes or is likely to cause economic or environmental harm or harm to human health; however, this definition shall not include (i) any agricultural crop generally recognized by the United States Department of Agriculture or the Virginia Department of Agriculture and Consumer Services as suitable to be grown in the Commonwealth, or (ii) any aquacultural organism recognized by the Marine Resources Commission or the Department of Wildlife Resources as suitable to be propagated in the Commonwealth.

Nothing in this section shall affect the authorities of any agency represented on the advisory group with respect to invasive species.

§ 2.2-220.3. Development of strategies to collect land use and conservation information.

The Secretary of Natural *and Historic* Resources, with assistance from the Secretary of Agriculture and Forestry, shall establish and maintain a database of the critical data attributes for onsite best management practices implemented in the Commonwealth that limit the amount of nutrients and sediment entering state waters. The database shall document voluntary actions taken by the agricultural and silvicultural sectors and should enable the application of the collected data towards projections of progress towards Virginia's water quality goals by sharing the data with the appropriate federal or state agencies. To the extent possible or appropriate, the database shall (i) be uniform in content and format to applications in the other states of the Chesapeake Bay watershed, (ii) maintain the confidentiality of information, and (iii) use existing methods of data collection including reports to the U.S. Department of Agriculture's Farm Service Agency, soil and water conservation districts, and localities for the purpose of land use valuation. Any information collected pursuant to this section shall be exempt from the Freedom of Information Act (§ 2.2-3700 et seq.).

§ 2.2-1156. Sale or lease of surplus property and excess building space.

A. The Department shall identify real property assets that are surplus to the current and reasonably anticipated future needs of the Commonwealth and may dispose of surplus assets as provided in this section, except when a department, agency or institution notifies the Department of a need for property that has been declared surplus, and the Department finds that stated need to be valid and best satisfied by the use of the property.

B. After it determines the property to be surplus to the needs of the Commonwealth and that such property should be sold, the Department shall request the written opinion of the Secretary of Natural *and Historic* Resources as to whether the property is a significant component of the Commonwealth's natural or historic resources, and if so how those resources should be protected in the sale of the property. The Secretary of Natural *and Historic* Resources shall provide this review within 15 business days of receipt of full information from the Department. Within 120 days of receipt of the Secretary's review, the Department shall, with the prior written approval of the Governor, proceed to sell the property.

C. Upon receipt of the Secretary's review under subsection B and prior to offering the surplus property for sale to the public, the Department shall notify the chief administrative officer of the locality within which the property is located as well as any economic development entity for such locality of the pending disposition of such property. The chief administrative officer or local economic development entity shall have up to 180 days from the date of such notification to submit a proposal to the Department for the use by the locality or the local economic development entity of such property in conjunction with a bona fide economic development activity. The Department shall review such proposal, and if the Department determines that such proposal is viable and could benefit the Commonwealth, the Department may negotiate with the chief administrative officer or the local economic development entity for the sale of such property to the locality or economic development entity. If no agreement is reached between the Department and the chief administrative officer or the local economic development entity for the sale of the property, or if no proposal for the use of the property is submitted to the Department by the chief administrative officer or the local economic development entity within 180 days of notification of the pending disposition of the property, the Department may proceed to dispose of the property as provided in this section.

D. If the surplus property is not disposed of pursuant to subsection C, the sale shall be by public auction, or sealed bids, or by marketing through one or more real estate brokers licensed by the Commonwealth. Notice of the date, time and place of sale, if by public auction or sealed bids shall be given by advertisement in at least two newspapers published and having general circulation in the Commonwealth, at least one of which shall have general circulation in the county or city in which the property to be sold is located. At least 30 days shall elapse between publication of the notice and the auction or the date on which sealed bids will be opened.

E. In instances where the appraised value of property proposed to be sold is determined to be a nominal amount or an amount insufficient to warrant statewide advertisement, but in no event in excess of \$250,000, the notice of sale may be placed in only one newspaper having general circulation in the county or city in which the property to be sold is located.

F. The Department may reject any and all bids or offers when, in the opinion of the Department, the price is inadequate in relation to the value of the property, the proposed terms are unacceptable, or if a need has been found for the property.

G. In lieu of the sale of any such property, or in the event the Department determines there is space within a building owned by the Commonwealth or any space leased by the Commonwealth in excess of current and reasonably anticipated needs, the Department may, with the approval of the Governor, lease or sublease such property or space to any responsible person, firm or corporation on such terms as shall be approved by the Governor, provided, however, that the authority herein to sublease space leased by the Commonwealth shall be subject to the terms of the original lease. The Department may with the approval of the Governor permit charitable organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code that provide addiction recovery services to lease or sublease such property or space at cost and on such terms as shall be approved by the Governor, provided such use is deemed appropriate.

The Department shall post reports from the Commonwealth's statewide electronic procurement system, known as eVA, on the Department's website. The report shall include, at a minimum, current leasing opportunities and sales of surplus real property posted on the eVA's Virginia Business Opportunities website. Such reports shall also be made available by electronic subscription. The provisions of this section requiring disposition of property through the medium of sealed bids, public auction, or marketing through licensed real estate brokers shall not apply to any lease thereof, although such procedures may be followed in the discretion of the Department.

H. The deed, lease, or sublease conveying the property or excess space shall be executed in the name of the Commonwealth and shall be in a form approved by the Attorney General. Notwithstanding any law to the contrary and notwithstanding how title to the property was acquired, the deed or lease may be executed on behalf of the Commonwealth by the Director of the Department or his designee, and such action shall not create a cloud on the title to the property. The terms of the sale, lease, or sublease shall be subject to the written approval of the Governor.

I. An exception to sale by sealed bids, public auction, or listing the property with a licensed real estate broker may be granted by the Governor if the property is landlocked and inaccessible from a public road or highway. In such cases, the Department shall notify all adjacent landowners of the Commonwealth's desire to dispose of the property. After the notice has been given, the Department may begin negotiations for the sale of the property with each interested adjacent landowner. The Department, with the approval of the Governor, may accept any offer that it deems to be fair and adequate consideration for the property. In all cases, the offer shall be the best offer made by any adjacent landowner. The terms of all negotiations shall be public information.

J. Subject to any law to the contrary, 50 percent of the proceeds from all sales or leases, or from the conveyance of any interest in property under the provisions of this article, above the costs of the transaction, which costs shall include fees or commissions, if any, negotiated with and paid to auctioneers or real estate brokers, shall be paid into the State Park Acquisition and Development Fund, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund, except as provided in Chapter 180 of the Acts of Assembly of 1966. The remaining 50 percent of proceeds involving general fund sales or leases, less a pro rata share of any costs of the transactions, shall be deposited in the general fund of the state treasury. The Department of Planning and Budget shall develop guidelines that allow, with the approval of the Governor, any portion of the deposit in the general fund to be credited to the agency, department or institution having control of the property at the time it was determined surplus to the Commonwealth's needs. Any amounts so credited to an agency, department or institution may be used, upon appropriation, to supplement maintenance reserve funds or capital project appropriations, or for the acquisition, construction or improvement of real property or facilities. Net proceeds from sales or leases of special fund agency properties or property acquired through a gift for a specific purpose shall be retained by the agency or used in accordance with the original terms of the gift. Notwithstanding the foregoing, income from leases or subleases above the cost of the transaction shall first be applied to rent under the original lease and to the cost of maintenance and operation of the property. The remaining funds shall be distributed as provided herein.

K. When the Department deems it to be in the best interests of the Commonwealth, it may, with the approval of the Governor, authorize the department, institution or agency in possession or control of the property to dispose of surplus property in accordance with the procedures set forth in this section.

§ 2.2-1176. Approval of purchase, lease, or contract rental of motor vehicle.

A. No motor vehicle shall be purchased, leased, or subject to a contract rental with public funds by the Commonwealth or by any officer or employee on behalf of the Commonwealth without the prior written approval of the Director. No lease or contract rental shall be approved by the Director except upon demonstration that the cost of such lease or contract rental plus operating costs of the vehicle shall be less than comparable costs for a vehicle owned by the Commonwealth.

Notwithstanding the provisions of this subsection, the Virginia Department of Transportation shall be exempted from the approval of purchase, lease, or contract rental of motor vehicles used directly in carrying out its maintenance, operations, and construction programs.

B. Notwithstanding other provisions of law, on or before January 1, 2012, the Director, in conjunction with the Secretary of Administration and the Secretary of Natural *and Historic* Resources, shall establish a plan providing for the replacement of state-owned or operated vehicles with vehicles that operate using natural gas, electricity, or other alternative fuels, to the greatest extent practicable, considering available infrastructure, the location and use of vehicles, capital and operating costs, and potential for fuel savings. The plan shall be submitted to the Governor for his review and approval. Once the plan is approved by the Governor, the Director shall implement the plan for the centralized fleet. All state agencies and institutions shall cooperate with the Director in developing and implementing the plan.

§ 2.2-2316. Executive Director; Board of Directors; members and officers.

A. Notwithstanding the provisions of § 2.2-2318, all powers, rights and duties conferred by this article or other provisions of law upon the Authority shall be exercised by an Executive Director with the advice and comment of a Board of Directors. The Board of Directors shall be an advisory board within the meaning of § 2.2-2100.

B. The Board of Directors shall consist of the Secretary of Agriculture and Forestry, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Natural *and Historic* Resources, the Lieutenant Governor, and 12 members appointed by the Governor, subject to confirmation by the General Assembly. The members of the Board appointed by the Governor shall serve terms of six years. Any appointment to fill a vacancy on the Board shall be made for the unexpired term of the member whose death, resignation or removal created the vacancy. All members of the Board shall be residents of the Commonwealth. Members may be appointed to successive terms on the Board of Directors. The Governor shall make appointments in such a manner as to ensure the widest possible geographical representation of all parts of the Commonwealth.

Each member of the Board shall be reimbursed for his reasonable expenses incurred in attendance at meetings or when otherwise engaged in the business of the Authority and shall be compensated at the rate provided in § 2.2-2104 for each day or portion thereof in which the member is engaged in the business of the Authority.

C. The Governor shall designate one member of the Board as chairman. The Board may elect one member as vice-chairman, who shall exercise the powers of chairman in the absence of the chairman or as directed by the chairman. The Secretary of Agriculture and Forestry, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Natural *and Historic* Resources, and the Lieutenant Governor shall not be eligible to serve as chairman or vice-chairman.

D. Meetings of the Board shall be held at the call of the chairman or of any seven members. Nine members of the Board shall constitute a quorum for the transaction of the business of the Authority. An act of the majority of the members of the Board present at any regular or special meeting at which a quorum is present shall be an act of the Board of Directors.

E. Notwithstanding the provisions of any other law, no officer or employee of the Commonwealth shall be deemed to have forfeited or shall have forfeited his office or employment by reason of acceptance of membership on the Board or by providing service to the Authority.

§ 2.2-2338. Board of Trustees; membership.

All sums that are designated for deposit in the Fund from revenue generated by the sale of emissions allowances pursuant to subdivision C 1 of § 10.1-1330, all sums that may be appropriated to the Fund by the General Assembly, all receipts by the Fund from the repayment of loans made by it to local governments, all income from the investment of moneys held in the Fund, and any other sums designated for deposit to the Fund from any

source, public or private, including any federal grants and awards or other forms of assistance received by the Commonwealth that are eligible for deposit in the Fund under federal law, shall be designated for deposit to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including any appropriated funds and all principal, interest accrued, and payments, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. All loans and grants provided under this article shall be deemed to promote the public purposes of enhancing flood prevention or protection and coastal resilience.

B. Moneys in the Fund shall be used solely for the purposes of enhancing flood prevention or protection and coastal resilience as required by this article. The Authority shall manage the Fund and shall establish interest rates and repayment terms of such loans as provided in this article in accordance with a memorandum of agreement with the Department. The Authority may disburse from the Fund its reasonable costs and expenses incurred in the management of the Fund. The Department shall direct distribution of loans and grants from the Fund in accordance with the provisions of subsection D.

C. The Authority is authorized at any time and from time to time to pledge, assign, or transfer from the Fund or any bank or trust company designated by the Authority any or all of the assets of the Fund to be held in trust as security for the payment of principal of, premium, if any, and interest on any and all bonds, as defined in § 62.1-199, issued to finance any flood prevention or protection project undertaken pursuant to the provisions of this article. In addition, the Authority is authorized at any time and from time to time to sell upon such terms and conditions as the Authority deems appropriate any loan or interest thereon made pursuant to this article. The net proceeds of the sale remaining after payment of costs and expenses shall be designated for deposit to, and become part of, the Fund.

D. The Fund shall be administered by the Department as prescribed in this article. The Department, in consultation with the Secretary of Natural *and* Historic Resources and the Special Assistant to the Governor for Coastal Adaptation and Protection, shall establish guidelines regarding the distribution and prioritization of loans and grants, including loans and grants that support flood prevention or protection studies of statewide or regional significance.

E. Localities shall use moneys from the Fund primarily for the purpose of implementing flood prevention and protection projects and studies in areas that are subject to recurrent flooding as confirmed by a locality-certified floodplain manager. Moneys in the Fund may be used to mitigate future flood damage and to assist inland and coastal communities across the Commonwealth that are subject to recurrent or repetitive flooding. No less than 25 percent of the moneys disbursed from the Fund each year shall be used for projects in low-income geographic areas. Priority shall be given to projects that implement community-scale hazard mitigation activities that use nature-based solutions to reduce flood risk.

F. Any locality is authorized to secure a loan made pursuant to this section by placing a lien up to the value of the loan against any property that benefits from the loan. Such a lien shall be subordinate to each prior lien on such property, except prior liens for which the prior lienholder executes a written subordination agreement, in a form and substance acceptable to the prior lienholder in its sole and exclusive discretion, that is recorded in the land records where the property is located.

G. Any locality using moneys in the Fund to provide a loan for a project in a low-income geographic area is authorized to forgive the principal of such loan. If a locality forgives the principal of any such loan, any obligation of the locality to repay that principal to the Commonwealth shall not be forgiven and such obligation shall remain in full force and effect. The members appointed as provided in subsection A shall elect a vice-chairman annually from among the members of the Board. A majority of the members of the Board serving at any one time shall constitute a quorum for the transaction of business. The board shall meet at the call of the chairman or whenever a majority of the members so request.

Funding for the costs of expenses of the members shall be provided by the Department of Conservation and Recreation.

D. The chairman of the Board and any other person designated by the Board to handle the funds of the Foundation shall give bond, with corporate surety, in such penalty as is fixed by the Governor, conditioned upon the faithful discharge of his duties. The premium on the bonds shall be paid from funds available to the Foundation for such purpose.

E. The Board shall seek assistance in developing grant criteria and advice on grant priorities and any other appropriate issues from a task force consisting of the following agency heads or their designees: the Director of the Department of Conservation and Recreation, the Commissioner of Agriculture and Consumer Services, the State Forester, the Director of the Department of Historic Resources, the Director of the Department of Wildlife Resources and the Executive Director of the Virginia Outdoors Foundation. The Board may request any other agency head to serve on or appoint a designee to serve on the task force.

§ 10.1-1181.15. Forest mitigation agreements.

A. The Secretary of Natural *and Historic* Resources, the Secretary of Agriculture and Forestry, or any agency within those secretariats, or the Virginia Outdoors Foundation may enter into an agreement with the owner or operator of construction projects to accomplish forest mitigation. At a minimum, any such agreement shall:

1. Document the extent to which the construction project has been designed to avoid and minimize adverse impacts to forests;

2. Provide funding for compensation for impacts that approximates at least no net loss of forest acreage and function;

3. Provide for the payment of such funds by the owner or operator to a nonprofit organization, the Virginia Outdoors Foundation, or an agency within the secretariats of Agriculture and Forestry or Natural *and Historic* Resources. The recipient of the funds shall establish criteria for the expenditure of the funds, shall provide such criteria to the public, and shall regularly provide to the public updated information on how funds are spent; and

4. Ensure that expenditures of the funds occur in reasonable proximity to the forest impacts that are caused by the construction project. Reasonable proximity shall be determined by the recipient of the funds and shall be based on appropriate ecological boundaries, with consideration given to communities adversely affected by the construction project.

B. Nothing in this section shall preclude the expenditure of funds (i) by the recipient of the funds for the costs of administration of the funds or (ii) for water quality protection and improvement, land conservation, or environmental education.

C. No agreement entered into pursuant to this article shall identify any specific expenditure.

D. No agreement entered into pursuant to this article shall include any waiver of liability for environmental damage caused by the construction project. No agreement entered into under this article shall guarantee regulatory approval for a construction project by any state agency.

E. No forest mitigation agreement entered into pursuant to this article shall prohibit sustainable forest management on a property receiving funding except as necessary to comply with a requirement of the Commonwealth that specific conservation values be protected on such property.

§ 10.1-1188. State agencies to submit environmental impact reports on major projects.

A. All state agencies, boards, authorities and commissions or any branch of the state government shall prepare and submit an environmental impact report to the Department on each major state project.

"Major state project" means the acquisition of an interest in land for any state facility construction, or the construction of any facility or expansion of an existing facility which is hereafter undertaken by any state agency, board, commission, authority or any branch of state government, including public institutions of higher education, which costs \$500,000 or more. For the purposes of this chapter, authority shall not include any industrial development authority created pursuant to the provisions of Chapter 49 (§ 15.2-4900 et seq.) of Title 15.2 or Chapter 643, as amended, of the 1964 Acts of Assembly. Nor shall it include the Virginia Port Authority created pursuant to the provisions of § 62.1-128, unless such project is a capital project that costs in excess of \$5 million. Nor shall authority include any housing development or redevelopment authority established pursuant to state law. For the purposes of this chapter, branch of state government shall include any county, city or town of the Commonwealth only in connection with highway construction, reconstruction, or improvement projects affecting highways or roads undertaken by the county, city, or town on projects estimated to cost more than \$2 million. For projects undertaken by any locality costing more than \$500,000 and less than \$2 million, the locality shall consult with the Department of Historic Resources to consider and make reasonable efforts to avoid or minimize impacts to

historic resources if the project involves a new location or a new disturbance that extends outside the area or depth of a prior disturbance, or otherwise has the potential to affect such resources adversely.

Such environmental impact report shall include, but not be limited to, the following:

1. The environmental impact of the major state project, including the impact on wildlife habitat;
2. Any adverse environmental effects which cannot be avoided if the major state project is undertaken;
3. Measures proposed to minimize the impact of the major state project;
4. Any alternatives to the proposed construction; and
5. Any irreversible environmental changes which would be involved in the major state project.

For the purposes of subdivision 4, the report shall contain all alternatives considered and the reasons why the alternatives were rejected. If a report does not set forth alternatives, it shall state why alternatives were not considered.

B. For purposes of this chapter, this subsection shall only apply to the review of highway and road construction projects or any part thereof. The Secretaries of Transportation and Natural *and Historic* Resources shall jointly establish procedures for review and comment by state natural and historic resource agencies of highway and road construction projects. Such procedures shall provide for review and comment on appropriate projects and categories of projects to address the environmental impact of the project, any adverse environmental effects which cannot be avoided if the project is undertaken, the measures proposed to minimize the impact of the project, any alternatives to the proposed construction, and any irreversible environmental changes which would be involved in the project.

§ 10.1-1402.03. Closure of certain coal combustion residuals units.

A. For the purposes of this section only:

"Carrying cost" means the cost associated with financing expenditures incurred but not yet recovered from the electric utility's customers, and shall be calculated by applying the electric utility's weighted average cost of debt and equity capital, as determined by the State Corporation Commission, with no additional margin or profit, to any unrecovered balances.

"CCR landfill" means an area of land or an excavation that receives CCR and is not a surface impoundment, underground injection well, salt dome formation, salt bed formation, underground or surface coal mine, or cave and that is owned or operated by an electric utility.

"CCR surface impoundment" means a natural topographic depression, man-made excavation, or diked area that (i) is designed to hold an accumulation of CCR and liquids; (ii) treats, stores, or disposes of CCR; and (iii) is owned or operated by an electric utility.

"CCR unit" means any CCR landfill, CCR surface impoundment, lateral expansion of a CCR unit, or combination of two or more such units that is owned by an electric utility. Notwithstanding the provisions of 40 C.F.R. Part 257, "CCR unit" also includes any CCR below the unit boundary of the CCR landfill or CCR surface impoundment.

"Coal combustion residuals" or "CCR" means fly ash, bottom ash, boiler slag, and flue gas desulfurization materials generated from burning coal for the purpose of generating electricity by an electric utility.

"Encapsulated beneficial use" means a beneficial use of CCR that binds the CCR into a solid matrix and minimizes its mobilization into the surrounding environment.

The definitions in this subsection shall be interpreted in a manner consistent with 40 C.F.R. Part 257, except as expressly provided in this section.

B. The owner or operator of any CCR unit located within the Chesapeake Bay watershed at the Bremo Power Station, Chesapeake Energy Center, Chesterfield Power Station, and Possum Point Power Station that ceased accepting CCR prior to July 1, 2019, shall complete closure of such unit by (i) removing all of the CCR in accordance with applicable standards established by Virginia Solid Waste Management Regulations (9VAC20-81) and (ii) either (a) beneficially reusing all such CCR in a recycling process for encapsulated beneficial use or (b) disposing of the CCR in a permitted landfill on the property upon which the CCR unit is located, adjacent to the property upon which the CCR unit is located, or off of the property on which the CCR unit is located, that includes, at a minimum, a composite liner and leachate collection system that meets or exceeds the federal Criteria for Municipal Solid Waste Landfills pursuant to 40 C.F.R. Part 258. The owner or operator shall beneficially reuse a total of no less than 6.8 million cubic yards in aggregate of such removed CCR from no fewer than two of the sites listed in this subsection where CCR is located.

C. The owner or operator shall complete the closure of any such CCR unit required by this section no later than 15 years after initiating the closure process at that CCR unit. During the closure process, the owner or operator shall, at its expense, offer to provide a connection to a municipal water supply, or where such connection is not feasible provide water testing, for any residence within one-half mile of the CCR unit.

D. Where closure pursuant to this section requires that CCR or CCR that has been beneficially reused be removed off-site, the owner or operator shall develop a transportation plan in consultation with any county, city, or town in which the CCR units are located and any county, city, or town within two miles of the CCR units that minimizes the impact of any transport of CCR on adjacent property owners and surrounding communities. The transportation plan shall include (i) alternative transportation options to be utilized, including rail and barge transport, if feasible, in combination with other transportation methods necessary to meet the closure timeframe established in subsection C, and (ii) plans for any transportation by truck, including the frequency of truck travel, the route of truck travel, and measures to control noise, traffic impact, safety, and fugitive dust caused by such truck travel. Once such transportation plan is completed, the owner or operator shall post it on a publicly accessible website. The owner or operator shall provide notice of the availability of the plan to the Department and the chief administrative officers of the consulting localities and shall publish such notice once in a newspaper of general circulation in such locality.

E. The owner or operator of any CCR unit subject to the provisions of subsection B shall accept and review proposals to beneficially reuse any CCR that are not subject to an existing contractual agreement to remove CCR pursuant to the provisions of subsection B every four years beginning July 1, 2022. Any entity submitting such a proposal shall provide information from which the owner or operator can determine (i) the amount of CCR that will be utilized for encapsulated beneficial use; (ii) the cost of such beneficial reuse of such CCR; and (iii) the guaranteed timeframe in which the CCR will be utilized.

F. In conducting closure activities described in subsection B, the owner or operator shall (i) identify options for utilizing local workers, (ii) consult with the Commonwealth's Chief Workforce Development Officer on opportunities to advance the Commonwealth's workforce goals, including furtherance of apprenticeship and other workforce training programs to develop the local workforce, and (iii) give priority to the hiring of local workers.

G. No later than October 1, 2022, and no less frequently than every two years thereafter until closure of all of its CCR units is complete, the owner or operator of any CCR unit subject to the provisions of subsection B shall compile the following two reports:

1. A report describing the owner's or operator's closure plan for all such CCR units; the closure progress to date, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be beneficially reused from such units, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be landfilled from such units, both per unit and in total; a detailed accounting of the utilization of transportation options and a transportation plan as required by subsection D; and a discussion of groundwater and surface water monitoring results and any measures taken to address such results as closure is being completed.

2. A report that contains the proposals and analysis for proposals required by subsection E.

The owner or operator shall post each such report on a publicly accessible website and shall submit each such report to the Governor, the Secretary of Natural and Historic Resources, the Chairman of the Senate Committee on Agriculture, Conservation and Natural Resources, the Chairman of the House Committee on Agriculture, Chesapeake and Natural Resources, the Chairman of the Senate Committee on Commerce and Labor, the Chairman of the House Committee on Commerce and Labor, and the Director.

H. All costs associated with closure of a CCR unit in accordance with this section shall be recoverable through a rate adjustment clause authorized by the State Corporation Commission (the Commission) under the provisions of subdivision A 5 e of § 56-585.1, provided that (i) when determining the reasonableness of such costs the Commission shall not consider closure in place of the CCR unit as an option; (ii) the annual revenue requirement recoverable through a rate adjustment clause authorized under this section, exclusive of any other rate adjustment clauses approved by the Commission under the provisions of subdivision A 5 e of § 56-585.1, shall not exceed \$225 million on a Virginia jurisdictional basis for the Commonwealth in any 12-month period, provided that any under-recovery amount of revenue requirements incurred in excess of \$225 million in a given 12-month period, limited to the under-recovery amount and the carrying cost, shall be deferred and recovered through the rate adjustment clause over up to three succeeding 12-month periods without regard to this limitation, and with the length of the amortization period being determined by the Commission; (iii) costs may begin accruing on July 1, 2019, but no approved rate adjustment clause charges shall be included in customer bills until July 1, 2021; (iv) any such costs shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, irrespective of the generation supplier of any such customer; and (v) any such costs that are allocated to the utility's system customers outside of the Commonwealth that are not actually recovered from such customers shall be included for cost recovery from jurisdictional customers in the Commonwealth through the rate adjustment clause.

I. Any electric public utility subject to the requirements of this section may, without regard for whether it has petitioned for any rate adjustment clause pursuant to subdivision A 5 e of § 56-585.1, petition the Commission for approval of a plan for CCR unit closure at any or all of its CCR unit sites listed in subsection B. Any such plan shall take into account site-specific conditions and shall include proposals to beneficially reuse no less than 6.8 million cubic yards of CCR in aggregate from no fewer than two of the sites listed in subsection B. The Commission shall issue its final order with regard to any such petition within six months of its filing, and in doing so shall determine whether the utility's plan for CCR unit

closure, and the projected costs associated therewith, are reasonable and prudent, taking into account that closure in place of any CCR unit is not to be considered as an option. The Commission shall not consider plans that do not comply with subsection B.

J. Nothing in this section shall be construed to require additional beneficial reuse of CCR at any active coal-fired electric generation facility if such additional beneficial reuse results in a net increase in truck traffic on the public roads of the locality in which the facility is located as compared to such traffic during calendar year 2018.

K. The Commonwealth shall not authorize any cost recovery by an owner or operator subject to the provisions of this section for any fines or civil penalties resulting from violations of federal and state law or regulation.

§ 10.1-1402.04. Closure of certain coal combustion residuals units; Giles and Russell Counties.

A. For the purposes of this section:

"Carrying cost" means the cost associated with financing expenditures incurred but not yet recovered from the electric utility's customers and shall be calculated by applying the electric utility's weighted average cost of debt and equity capital, as determined by the State Corporation Commission, with no additional margin or profit, to any unrecovered balances.

"CCR landfill" means an area of land or an excavation that receives CCR and is not a surface impoundment, underground injection well, salt dome formation, salt bed formation, underground or surface coal mine, or cave and that is owned or operated by an electric utility.

"CCR surface impoundment" means a natural topographic depression, man-made excavation, or diked area that (i) is designed to hold an accumulation of CCR and liquids; (ii) treats, stores, or disposes of CCR; and (iii) is owned or operated by an electric utility.

"CCR unit" means any CCR landfill, CCR surface impoundment, lateral expansion of a CCR unit, or combination of two or more such units that is owned by an electric utility. Notwithstanding the provisions of 40 C.F.R. Part 257, "CCR unit" also includes any CCR below the unit boundary of the CCR landfill or CCR surface impoundment.

"Coal combustion residuals" or "CCR" means fly ash, bottom ash, boiler slag, and flue gas desulfurization materials generated from burning coal for the purpose of generating electricity by an electric utility.

"Commission" means the State Corporation Commission.

"Encapsulated beneficial use" means a beneficial use of CCR that binds the CCR into a solid matrix and minimizes its mobilization into the surrounding environment.

The definitions in this subsection shall be interpreted in a manner consistent with 40 C.F.R. Part 257, except as expressly provided in this section.

B. The owner or operator of any CCR unit located in Giles County or Russell County at the Glen Lyn Plant and the Clinch River Plant shall, if all CCR units at such plant ceased receiving CCR and submitted notification of completion of a final cap to the Department prior to January 1, 2019, complete post-closure care and any required corrective action of such unit. If all CCR units at such plant have not submitted notification of completion of a final cap to the Department prior to January 1, 2019, the owner or operator shall close all CCR units at such plant by (i) removing all of the CCR in accordance with applicable standards established by Virginia Solid Waste Management Regulations (9VAC20-81) and (ii) either (a) beneficially reusing all such CCR in a recycling process for encapsulated beneficial use or (b) disposing of the CCR in a permitted landfill on the property upon which the CCR unit is located, adjacent to the property upon which the CCR unit is located, or off of the property on which the CCR unit is located, that includes, at a minimum, a composite liner and leachate collection system that meets or exceeds the federal Criteria for Municipal Solid Waste Landfills pursuant to 40 C.F.R. Part 258. The owner or operator shall beneficially reuse CCR removed from its CCR unit if beneficial use of such removed CCR is anticipated to reduce costs incurred under this section.

C. The owner or operator shall complete the closure of any such CCR unit required by this section no later than 15 years after initiating the excavation process at that CCR unit. During the closure process, the owner or operator shall, at its expense, offer to provide a connection to a municipal water supply, or where such connection is not feasible provide water testing, for any residence within one-half mile of the CCR unit.

D. Where closure pursuant to this section requires that CCR that has been beneficially reused be removed off-site, the owner or operator shall develop a transportation plan in consultation with any county, city, or town in which the CCR units are located and any county, city, or town within two miles of the CCR units that minimizes the impact of any transport of CCR on adjacent property owners and surrounding communities. The transportation plan shall include (i) alternative transportation options to be utilized, including rail and barge transport, if feasible, in combination with other transportation methods necessary to meet the closure timeframe established in subsection C and (ii) plans for any transportation by truck, including the frequency of truck travel, the route of truck travel, and measures to control noise, traffic impact, safety, and fugitive dust caused by such truck travel. Once such transportation plan is completed, the owner or operator shall post it on a publicly accessible website. The owner or operator shall provide notice of the availability of the plan to the Department and the chief administrative officers of the consulting localities and shall publish such notice once in a newspaper of general circulation in such locality.

E. The owner or operator of any CCR unit subject to the provisions of subsection B shall accept and review proposals for the encapsulated beneficial use of CCR pursuant to the provisions of subsection B every four years beginning July 1, 2023. Any entity submitting such a proposal shall provide information from which the owner or operator can determine (i) the amount of CCR that will be utilized for encapsulated beneficial use; (ii) the cost of the proposed beneficial use of such CCR; and (iii) the guaranteed timeframe in which the CCR will be utilized.

F. In conducting closure activities described in subsection B, the owner or operator shall (i) identify options for utilizing local workers; (ii) consult with the Commonwealth's Chief Workforce Development Officer on opportunities to advance the Commonwealth's workforce goals, including furtherance of apprenticeship and other workforce training programs to develop the local workforce; and (iii) give priority to the hiring of local workers.

G. No later than October 1, 2023, and no less frequently than every two years thereafter until closure of or corrective action at all of its CCR units is complete, the owner or operator of any CCR unit subject to the provisions of subsection B shall compile the following two reports:

1. A report describing the owner's or operator's closure plan for all such CCR units; the closure progress to date, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be beneficially reused from such units, both per unit and in total; a detailed accounting of the amounts of CCR that have been and are expected to be landfilled from such units, both per unit and in total; a detailed accounting of the utilization of transportation options and a transportation plan as required by subsection D; and a discussion of groundwater and surface water monitoring results and any corrective actions or other measures taken to address such results as closure is being completed.

2. A report that contains the proposals and analysis for proposals required by subsection E.

The owner or operator shall post each such report on a publicly accessible website and shall submit each such report to the Governor, the Secretary of Natural *and Historic* Resources, the Chairman of the Senate Committee on Agriculture, Conservation and Natural Resources, the Chairman of the House Committee on Agriculture, Chesapeake and Natural Resources, the Chairman of the Senate Committee on Commerce and Labor, the Chairman of the House Committee on Labor and Commerce, and the Director.

H. All costs associated with closure by removal of a CCR unit or encapsulated beneficial use of CCR material in accordance with subsection B shall be recoverable through a rate adjustment clause authorized by the Commission under the provisions of subdivision A 5 e of § 56-585.1, provided that (i) when determining the reasonableness of such costs the Commission shall not consider closure in place of the CCR unit as an option; (ii) the annual revenue requirement recoverable through a rate adjustment clause authorized under this section, exclusive of any other rate adjustment clauses approved by the Commission under the provisions of subdivision A 5 e of § 56-585.1, shall not exceed \$40 million on a Virginia jurisdictional basis for the Commonwealth in any 12-month period, provided that any under-recovery amount of revenue requirements incurred in excess of \$40 million in a given 12-month period, limited to the under-recovery amount and the carrying cost, shall be deferred and recovered through the rate adjustment clause over up to three succeeding 12-month periods without regard to this limitation, and with the length of the amortization period being determined by the Commission; (iii) costs may begin accruing on July 1, 2020, but no approved rate adjustment clause charges shall be included in customer bills until July 1, 2022; (iv) any such costs shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, irrespective of the generation supplier of any such customer; and (v) any such costs that are allocated to the utility's system customers outside of the Commonwealth that are not actually recovered from such customers shall be included for cost recovery from jurisdictional customers in the Commonwealth through the rate adjustment clause.

I. Any electric public utility subject to the requirements of this section may, without regard for whether it has petitioned for any rate adjustment clause pursuant to subdivision A 5 e of § 56-585.1, petition the Commission for approval of a plan for CCR unit closure at any or all of its CCR unit sites listed in subsection B. Any such plan shall take into account site-specific conditions and shall include proposals to beneficially reuse CCR from the sites if beneficial use is anticipated to reduce the costs allocated to customers. The Commission shall issue its final order with regard to any such petition within six months of its filing, and in doing so shall determine whether the utility's plan for CCR unit closure, and the projected costs associated therewith, are reasonable and prudent, taking into account that closure in place of any CCR unit is not to be considered as an option. The Commission shall not consider plans that do not comply with subsection B.

J. Nothing in this section shall be construed to require additional beneficial reuse of CCR at any active coal-fired electric generation facility if such additional beneficial reuse results in a net increase in truck traffic on the public roads of the locality in which the facility is located as compared with such traffic during calendar year 2019.

K. The Commonwealth shall not authorize any cost recovery by an owner or operator subject to the provisions of this section for any fines or civil penalties resulting from violations of federal and state law or regulation.

§ 10.1-1405. Powers and duties of Director.

A. The Director, under the direction and control of the Secretary of Natural *and Historic* Resources, shall exercise such powers and perform such duties as are conferred or imposed upon him by law and shall perform any other duties required of him by the Governor or the Board.

B. In addition to the other responsibilities set forth herein, the Director shall carry out management and supervisory responsibilities in accordance with the regulations and policies of the Board. In no event shall the Director have the authority to promulgate any final regulation.

The Director shall be vested with all the authority of the Board when it is not in session, subject to such regulations as may be prescribed by the Board.

C. The Director shall serve as the liaison with the United States Department of Energy on matters concerning the siting of high-level radioactive waste repositories, pursuant to the terms of the Nuclear Waste Policy Act of 1982.

D. The Director shall obtain a criminal records check pursuant to § 19.2-389 of key personnel listed in the disclosure statement when the Director determines, in his sole discretion, that such a records check will serve the purposes of this chapter.

§ 10.1-2129. Agency coordination; conditions of grants.

A. If, in any fiscal year beginning on or after July 1, 2005, there are appropriations to the Fund in addition to those made pursuant to subsection A of § 10.1-2128, the Secretary of Natural *and Historic* Resources shall distribute those moneys in the Fund provided from the 10 percent of the annual general fund revenue collections that are in excess of the official estimates in the general appropriation act, and the 10 percent of any unrestricted and uncommitted general fund balance at the close of each fiscal year whose reappropriation is not required in the general appropriation act, as follows:

1. Seventy percent of the moneys shall be distributed to the Department of Conservation and Recreation and shall be administered by it for the sole purpose of implementing projects or best management practices that reduce nitrogen and phosphorus nonpoint source pollution, with a priority given to agricultural best management practices. In no single year shall more than 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay watershed; and

2. Thirty percent of the moneys shall be distributed to the Department of Environmental Quality, which shall use such moneys for making grants for the sole purpose of designing and installing nutrient removal technologies for publicly owned treatment works designated as significant dischargers or eligible nonsignificant dischargers. The moneys shall also be available for grants when the design and installation of nutrient removal technology utilizes the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.).

3. Except as otherwise provided in the Appropriation Act, in any fiscal year when moneys are not appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128, or when moneys appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128 are less than 40 percent of those specified in subsection A of § 10.1-2128, the Secretary of Natural *and Historic* Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, and the State Water Control Board, and following a public comment period of at least 30 days and a public hearing, shall allocate those moneys deposited in the Fund, but excluding any moneys deposited into the Virginia Natural Resources Commitment Fund established pursuant to § 10.1-2128.1, between point and nonpoint sources, both of which shall receive moneys in each such year.

B. 1. Except as may otherwise be specified in the general appropriation act, the Secretary of Natural *and Historic* Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, the State Health Commissioner, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, and the State Water Control Board, shall develop written guidelines that (i) specify eligibility requirements; (ii) govern the application for and the distribution and conditions of Water Quality Improvement Grants; (iii) list criteria for prioritizing funding requests; and (iv) define criteria and financial incentives for water reuse.

2. In developing the guidelines, the Secretary shall evaluate and consider, in addition to such other factors as may be appropriate to most effectively restore, protect and improve the quality of state waters: (i) specific practices and programs proposed in the Chesapeake Bay TMDL Watershed Implementation Plan, and the associated effectiveness and cost per pound of nutrients removed; (ii) water quality impairment or degradation caused by different types of nutrients released in different locations from different sources; and (iii) environmental benchmarks and indicators for achieving improved water quality. The process for development of guidelines pursuant to this subsection shall, at a minimum, include (a) use of an advisory committee composed of interested parties; (b) a 60-day public comment period on draft guidelines; (c) written responses to all comments received; and (d) notice of the availability of draft guidelines and final guidelines to all who request such notice.

3. In addition to those the Secretary deems advisable to most effectively restore, protect and improve the quality of state waters, the criteria for prioritizing funding requests shall include: (i) the pounds of total nitrogen and the pounds of total phosphorus reduced by the project; (ii) whether the location of the water quality restoration, protection or improvement project or program is within a watershed or subwatershed with documented water nutrient loading problems or adopted nutrient reduction goals; (iii) documented water quality impairment; and (iv) the availability of other funding mechanisms. Notwithstanding the provisions of subsection E of § 10.1-2131, the Director of the Department of Environmental Quality may approve a local government point source grant application request for any single project that exceeds the authorized grant amount outlined in subsection E of § 10.1-2131. Whenever a local government applies for a grant that exceeds the authorized grant amount outlined in this chapter or when there is no stated limitation on the amount of the grant for which an application is made, the Directors and the Secretary shall consider the comparative revenue capacity, revenue efforts and fiscal stress as reported by the Commission on Local Government. The development or implementation of cooperative programs developed pursuant to subsection B of § 10.1-2127 shall be given a high priority in the distribution of Virginia Water Quality Improvement Grants from the moneys allocated to nonpoint source pollution.

§ 10.1-2202.3. Stewardship of state-owned historic properties.

A. In order to consider the broad public interest and protect the financial investment in state-owned historic assets, the Department shall develop, on a biennial basis, a report on the stewardship of state-owned properties. The report shall include, but not be limited to, a priority list of the Commonwealth's most significant state-owned properties that are eligible for but not designated on the Virginia Landmarks Register pursuant to § 10.1-2206.1. The report shall also provide a priority

list of significant state-owned properties, designated on or eligible for the Virginia Landmarks Register, which are threatened with the loss of historic integrity or functionality. In developing the report, the Department shall, in addition to significance and threat, take into account other public interest considerations associated with landmark designation and the provision of proper care and maintenance of property. These considerations shall include: (i) potential financial consequences to the Commonwealth associated with failure to care for and maintain property, (ii) significant public educational potential, (iii) significant tourism opportunities, and (iv) community values and comments. The report shall be forwarded to all affected state agencies, including institutions of higher education, the Governor, the Secretary of Administration, the Secretary of Natural *and Historic* Resources, the Secretary of Finance, and the General Assembly. All agencies of the Commonwealth shall assist and support the development of the report by providing information and access to property as may be requested.

B. Each agency that owns property included in the report required by subsection A shall initiate consultation with the Department within 60 days of receipt of the report and make a good faith effort to reach a consensus decision on designation of an unlisted property and on the feasibility, advisability, and general manner of addressing property needs in the case of a threatened historic property.

C. The Department shall prepare a biennial status report summarizing actions, decisions taken, and the condition of properties previously identified as priorities. The status report, which may be combined with the report required pursuant to subsection A, shall be forwarded to all affected state agencies, including institutions of higher education, as well as to the Governor, the Secretary of Administration, the Secretary of Natural *and Historic* Resources, the Secretary of Finance, and the General Assembly.

D. CHAPTER 402

An Act to amend and reenact § 59.1-547 of the Code of Virginia, relating to enterprise zone job creation grants.

[H 1881]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-547 of the Code of Virginia is amended and reenacted as follows:

§ 59.1-547. Enterprise zone job creation grants.

A. As used in this section:

"Base year" means either of the two calendar years immediately preceding a qualified business firm's first year of grant eligibility, at the choice of the business firm.

"Federal minimum wage" means the minimum wage standard as currently defined by the United States Department of Labor in the Fair Labor Standards Act, 29 U.S.C. § 201 et seq. Such definition applies to permanent full-time employees paid on an hourly or wage basis. For those permanent full-time employees filling permanent full-time, salaried positions, the minimum wage is defined as the employee's annual salary divided by 52 weeks per year divided by 35 hours per week.

"Full month" means the number of days that a permanent full-time position must be filled in order to count in the calculation of the job creation grant amount. A full month is calculated by dividing the total number of days in the calendar year by 12. A full month for the purpose of calculating job creation grants is equivalent to 30.416666 days.

"Grant eligible position" means a new permanent full-time position created above the threshold number at an eligible business firm. Positions in retail, personal service or food and beverage service shall not be considered grant eligible positions.

"Minimum wage" means the federal minimum wage or the Virginia minimum wage, whichever is higher. The Department shall determine whichever is higher for the current calendar year as of December 1 of the prior calendar year, and its determination shall be continuously in effect throughout the calendar year, regardless of changes to the federal minimum wage or the Virginia minimum wage during that year.

"Permanent full-time position" means a job of indefinite duration at a business firm located within an enterprise zone requiring the employee to report for work within the enterprise zone; and requiring (i) a minimum of 35 hours of an employee's time per week for the entire normal year of the business firm's operation, which "normal year" must consist of at least 48 weeks, (ii) a minimum of 35 hours of an employee's time per week for the portion of the calendar year in which the employee was initially hired for or transferred to the business firm, or (iii) a minimum of 1,680 hours per year. Such position shall not include (i) seasonal, temporary or contract positions, (ii) a position created when a job function is shifted from an existing location in the Commonwealth to a business firm located within an enterprise zone, (iii) any position that previously existed in the Commonwealth, or (iv) positions created by a business that is simultaneously closing facilities in other areas of the Commonwealth.

"Qualified business firm" means a business firm designated as a qualified business firm by the Department pursuant to § 59.1-542.

"Report to work" means that the employee filling a permanent full-time position reports to the business' zone establishment on a regular basis.

"Subsequent base year" means the base year for calculating the number of grant eligible positions in a second or subsequent five consecutive calendar year grant period. If a second or subsequent five-year grant period is requested within two years after the previous five-year grant period, the subsequent base year will be the last grant year. The calculation of this subsequent base year employment will be determined by the number of permanent full-time positions in the preceding base year, plus the number of threshold positions, plus the number of grant eligible positions in the final year of the previous grant period. If a business firm applies for subsequent five consecutive calendar year grant periods beyond the two years immediately following the completion of the previous five-year grant period, the business firm shall use one of the two preceding calendar years as the subsequent base year, at the choice of the business firm.

"Threshold number" means an increase of four permanent full-time positions over the number of permanent full-time positions in the base year or subsequent base year.

"Virginia minimum wage" means the applicable minimum wage as determined pursuant to the Virginia Minimum Wage Act (§ 40.1-28.8 et seq.).

B. A business firm shall be eligible to receive enterprise zone job creation grants for any and all years in which the business firm qualifies in the five consecutive calendar years period commencing with the first year of grant eligibility. A business firm may be eligible for subsequent five consecutive calendar year grant periods if it creates new grant eligible positions above the threshold for its subsequent base year.

C. The amount of the grant for which a business firm is eligible shall be calculated as follows:

1. Either (i) \$800 per year for up to five consecutive years for each grant eligible position that during such year is paid a minimum of ~~200~~ 175 percent of the ~~federal~~ minimum wage and that is provided with health benefits, or (ii) \$500 per year for up to five years for each grant eligible position that during such year is paid less than ~~200~~ 175 percent of the ~~federal~~ minimum wage, but at least ~~175~~ 150 percent of the ~~federal~~ minimum wage, and that is provided with health benefits. In areas with an unemployment rate that is one and one-half times or more the state average, or for businesses that are certified under regulations adopted by the Director of the Department of Small Business and Supplier Diversity pursuant to subdivision 8 of § 2.2-1606, the business firm will receive \$500 per year for up to five years for each grant eligible position that during such year is paid at least ~~150~~ 125 percent of the ~~federal~~ minimum wage and that is provided with health benefits. Unemployment rates used to determine eligibility for the reduced wage rate threshold shall be based on the most recent annualized unemployment data published by the Virginia Employment Commission. A business firm may receive grants for up to a maximum of 350 grant eligible jobs annually.

2. Positions paying less than ~~175~~ 150 percent of the ~~federal~~ minimum wage or that are not provided with health benefits shall not be eligible for enterprise zone job creation grants.

D. Job creation grants shall be based on a calendar year. The amount of the grant for which a qualified business firm is eligible with respect to any permanent full-time position that is filled for less than a full calendar year shall be prorated based on the number of full months worked.

E. The amount of the job creation grant for which a qualified business firm is eligible in any year shall not include amounts for grant eligible positions in any year other than the preceding calendar year. Job creation grants shall not be available for any calendar year prior to 2005.

F. Permanent full-time positions that have been used to qualify for any other enterprise zone incentive pursuant to former §§ 59.1-270 through 59.1-284.01 shall not be eligible for job creation grants and shall not be counted as a part of the minimum threshold of four new positions.

G. Any qualified business firm receiving a major business facility job tax credit pursuant to § 58.1-439 shall not be eligible to receive an enterprise zone job creation grant under this section for any job used to qualify for the major business facility job tax credit.

2. That the provisions of this act shall become effective on January 1, 2022.

[H 1969]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3221.6 and 58.1-3970.1 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3221.6. Classification of blighted and derelict properties in certain localities.

A. For the purposes of this section:

"Blighted property" means the same as that term is defined in § 36-3.

"Derelict building" means the same as that term is defined in § 15.2-907.1.

"Qualifying locality" means a locality with a score of ~~107~~ 100 or higher on the fiscal stress index, as published by the Department of Housing and Community Development in July 2019 ~~using the revised data for fiscal year 2017~~ 2020.

B. In a qualifying locality, blighted properties, along with the land such properties are located on, are declared to be a separate class of property and shall constitute a separate classification for local taxation of real property.

C. In a qualifying locality, derelict buildings, along with the land such properties are located on, are declared to be a separate class of property and shall constitute a separate classification for local taxation of real property.

D. The governing body of a qualifying locality may, by ordinance, levy a tax on the property enumerated in subsection B at a rate different than that levied on other real property. The rate of tax imposed on such property may exceed the rate applicable to the general class of real property by up to five percent, but shall not be less than the rate applicable to the general class of real property.

E. The governing body of a qualifying locality may, by ordinance, levy a tax on the property enumerated in subsection C at a rate different than that levied on other real property. The rate of tax imposed on the property enumerated in subsection C may exceed the rate applicable to the general class of real property by up to 10 percent, but shall not be less than the rate applicable to the general class of real property.

F. Any tax levied pursuant to subsection D or E shall be imposed on a property upon a determination by the real estate assessor of the locality that such property constitutes either a blighted property or derelict structure, respectively. Such tax shall continue to be imposed until it has been determined by the real estate assessor of the locality that such property no longer constitutes a blighted property or derelict structure.

G. Any person aggrieved by the application of this section may appeal the determination by the real estate assessor as an erroneous assessment in accordance with Article 5 (§ 58.1-3980 et seq.) of Chapter 39.

§ 58.1-3970.1. Appointment of special commissioner to execute title to certain real estate with delinquent taxes or liens to localities.

A. Except as provided in subsection B, in any proceedings under this article for the sale of a parcel or parcels of real estate which meet all of the following: (i) each parcel has delinquent real estate taxes or the locality has a lien against the parcel for removal, repair or securing of a building or structure; removal of trash, garbage, refuse, litter; or the cutting of grass, weeds or other foreign growth, (ii) each parcel has an assessed value of \$75,000 or less, and (iii) such taxes and liens, together, including penalty and accumulated interest, exceed 50 percent of the assessed value of the parcel or such taxes alone exceed 25 percent of the assessed value of the parcel, the locality may petition the circuit court to appoint a special commissioner to execute the necessary deed or deeds to convey the real estate to the locality in lieu of the sale at public auction. After notice as required by this article, service of process, and upon answer filed by the owner or other parties in interest to the bill in equity, the court shall allow the parties to present evidence and arguments, ore tenus, prior to the appointment of the special commissioner. Any surplusage accruing to a locality as a result of the sale of the parcel or parcels after the receipt of the deed shall be payable to the beneficiaries of any liens against the property and to the former owner, his heirs or assigns in accordance with § 58.1-3967. No deficiency shall be charged against the owner after conveyance to the locality.

B. For a parcel or parcels of real estate in ~~the Cities of Norfolk, Richmond, Hopewell, Newport News, Petersburg, Fredericksburg, Hampton, and Martinsville~~ a locality with a score of 100 or higher on the fiscal stress index, as published by the Department of Housing and Community Development in July 2020, all of the provisions of subsection A shall apply except (i) that the percentage of taxes and liens, together, including penalty and accumulated interest, and the percentage of taxes alone set forth in clause (iii) of subsection A shall exceed 35 percent and 15 percent, respectively, of the assessed value of the parcel or parcels or (ii) that the percentage of taxes and liens, together, including penalty and accumulated interest, and the percentage of taxes alone set forth in clause (iii) of subsection A shall exceed 20 percent and 10 percent, respectively, of the assessed value of the parcel or parcels, and each parcel has an assessed value of \$150,000 or less, provided that under this clause the property is not an occupied dwelling, and the locality enters into an agreement for sale of the parcel to a nonprofit organization to renovate or construct a single-family dwelling on the parcel for sale to a person or persons to reside in the dwelling whose income is below the area median income.

C. For sales by a nonprofit organization pursuant to subsection B, such sales may include either (i) both the land and the structural improvements on a property or (ii) only the structural improvements of a property and not the land the structural improvements are located on. A sale of only the structural improvements is permissible only if (a) the structural improvements are subject to a ground lease with a community land trust, as that term is defined in § 55.1-1200; (b) the structural improvements are subject to a ground lease that has a term of at least 90 years; and (c) the community land trust retains a preemptive option to purchase such structural improvements at a price determined by a formula that is designed to ensure that the improvements remain affordable in perpetuity to low-income and moderate-income families earning less than 120 percent of the area median income, adjusted for family size.

CHAPTER 409

An Act to amend and reenact § 55.1-1229 of the Code of Virginia, relating to the Virginia Residential Landlord and Tenant Act; access to dwelling unit during certain declared states of emergency.

[H 1981]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1229 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1229. Access; consent; correction of nonemergency conditions; relocation of tenant; security systems.

A. 1. The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises; make necessary or agreed-upon repairs, decorations, alterations, or improvements; supply necessary or agreed-upon services; or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

2. If, upon inspection of a dwelling unit during the term of a tenancy, the landlord determines there is a violation by the tenant of § 55.1-1227 or the rental agreement materially affecting health and safety that can be remedied by repair, replacement of a damaged item, or cleaning in accordance with § 55.1-1248, the landlord may make such repairs and send the tenant an invoice for payment. If, upon inspection of the dwelling unit during the term of a tenancy, the landlord discovers a violation of the rental agreement, this chapter, or other applicable law, the landlord may send a written notice of termination pursuant to § 55.1-1245.

3. If the rental agreement so provides and if a tenant without reasonable justification declines to permit the landlord or managing agent to exhibit the dwelling unit for sale or lease, the landlord may recover damages, costs, and reasonable attorney fees against such tenant.

As used in this subdivision, "reasonable justification" includes the tenant's reasonable concern for his own health, or the health of any authorized occupant, during a state of emergency declared by the Governor pursuant to § 44-146.17 in response to a communicable disease of public health threat as defined in § 44-146.16, provided that the tenant has provided written notice to the landlord informing the landlord of such concern. In such circumstances, the tenant shall provide to the landlord or managing agent a video tour of the dwelling unit or other acceptable substitute for exhibiting the dwelling unit for sale or lease.

4. The landlord may enter the dwelling unit without consent of the tenant in case of emergency. The landlord shall not abuse the right of access or use it to harass the tenant. Except in case of emergency or if it is impractical to do so, the landlord shall give the tenant notice of his intent to enter and may enter only at reasonable times. Unless impractical to do so, the landlord shall give the tenant at least 24 72 hours' notice of routine maintenance to be performed that has not been requested by the tenant. If the tenant makes a request for maintenance, the landlord is not required to provide notice to the tenant. *Notwithstanding the foregoing, during a state of emergency declared by the Governor pursuant to § 44-146.17 in response to a communicable disease of public health threat as defined in § 44-146.16, the tenant may provide written notice to the landlord requesting that one or more nonemergency property conditions in the dwelling unit not be addressed in the normal course of business of the landlord due to such communicable disease of public health threat. In such case, the tenant shall be deemed to have waived any and all claims and rights under this chapter against the landlord for failure to address such nonemergency property conditions. At any time thereafter, the tenant may consent in writing to the landlord addressing such nonemergency property conditions in the normal course of business of the landlord. In the case of a tenant who has provided notice that he does not want nonemergency repairs made during the state of emergency due to a communicable disease of public health threat, the landlord may nonetheless enter the dwelling unit to do nonemergency repairs and maintenance with at least seven days' written notice to the tenant and at a time consented to by the tenant, no more than once every six months, provided that the employees and agents sent by the landlord are wearing all appropriate and reasonable personal protective equipment as required by state law. Furthermore, if the landlord is required to conduct maintenance or an inspection pursuant to the agreement for the loan or insurance policy that covers the dwelling unit, the tenant shall allow such maintenance or inspection, provided that the employees and agents sent by the landlord are wearing all appropriate personal protective equipment as required by state law.*

5. During the pendency of an unlawful detainer filed by the landlord against the tenant, the landlord may request the court to enter an order requiring the tenant to provide the landlord with access to such dwelling unit.

B. Upon the sole determination by the landlord of the existence of a nonemergency property condition in the dwelling unit that requires the tenant to temporarily vacate the dwelling unit in order for the landlord to properly remedy such property condition, the landlord may, upon at least 30 days' written notice to the tenant, require the tenant to temporarily vacate the dwelling unit for a period not to exceed 30 days to a comparable dwelling unit, or hotel, as selected by the landlord and at no expense or cost to the tenant. The landlord shall not be required to pay for any other expenses of the tenant that arise after the temporary relocation period. The landlord and tenant may agree for the tenant to temporarily vacate the dwelling unit in less than 30 days. For purposes of this subsection, "nonemergency property condition" means (i) a condition in the dwelling unit that, in the determination of the landlord, is necessary for the landlord to remedy in order for the landlord to be in compliance with § 55.1-1220; (ii) the condition does not need to be remedied within a 24-hour period, with any condition that needs to be remedied within 24 hours being defined as an "emergency condition"; and (iii) the condition can only be effectively remedied by the temporary relocation of the tenant pursuant to the provisions of this subsection.

The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation. The landlord shall pay all costs of repairs or remediation required to address the nonemergency property condition. Refusal of the tenant to cooperate with a temporary relocation pursuant to this subsection shall be deemed a breach of the rental agreement, unless the tenant agrees to vacate the unit and terminate the rental agreement within the 30-day notice period. If the landlord properly remedies the nonemergency property condition within the 30-day

period, nothing in this section shall be construed to entitle the tenant to terminate the rental agreement. Further, nothing in this section shall be construed to limit the landlord from taking legal action against the tenant for any noncompliance that occurs during the period of any temporary relocation pursuant to this subsection. During the pendency of an unlawful detainer filed by the landlord against the tenant, the landlord may request the court to enter an order requiring the tenant to provide the landlord with access to such dwelling unit.

C. The landlord has no other right to access except by court order or that permitted by §§ 55.1-1248 and 55.1-1249 or if the tenant has abandoned or surrendered the premises.

D. The tenant may install within the dwelling unit new security systems that the tenant may believe necessary to ensure his safety, including chain latch devices approved by the landlord and fire detection devices, provided that:

1. Installation does no permanent damage to any part of the dwelling unit;
2. A duplicate of all keys and instructions for the operation of all devices are given to the landlord; and

3. Upon termination of the tenancy, the tenant is responsible for payment to the landlord for reasonable costs incurred for the removal of all such devices and repairs to all damaged areas.

E. Upon written request of a tenant in a dwelling unit, the landlord shall install a carbon monoxide alarm in the tenant's dwelling unit within 90 days. The landlord may charge the tenant a reasonable fee to recover the costs of the equipment and labor for such installation. The landlord's installation of a carbon monoxide alarm shall be in compliance with the Uniform Statewide Building Code (§ 36-97 et seq.).

However, a landlord may accept partial payment of rent and other amounts owed by the tenant to the landlord and receive an order of possession from a court of competent jurisdiction pursuant to an unlawful detainer action filed under Article 13 (§ 8.01-124 et seq.) of Chapter 3 of Title 8.01 and proceed with eviction for nonpayment of rent under § 55.1-1245, provided that the landlord has stated in a written notice to the tenant that any and all amounts owed to the landlord by the tenant, including payment of any rent, damages, money judgment, award of attorney fees, and court costs, would be accepted with reservation and would not constitute a waiver of the landlord's right to evict the tenant from the dwelling unit. Such notice may be included in a written termination notice given by the landlord to the tenant in accordance with § 55.1-1245, and if so included, nothing herein shall be construed by a court of law or otherwise as requiring such landlord to give the tenant subsequent written notice. *Such notice shall include*

However, full payment of all amounts you owe the landlord, including all rent as contracted for in the rental agreement that is owed to the landlord as of the date payment is made, as well as any damages, money judgment, award of attorney fees, and court costs made at least 48 hours before the scheduled eviction will cause the eviction to be canceled, unless there are bases for the entry of an order of possession other than nonpayment of rent stated in the unlawful detainer action filed by the landlord." If the landlord elects to seek possession of the dwelling unit pursuant to § 8.01-126, the landlord shall provide a copy of this notice to the court for service to the tenant, along with the summons for unlawful detainer: If the dwelling unit is a public housing unit or other housing unit subject to regulation by the U.S. Department of Housing and Urban Development, nothing in this section shall be construed to require that written notice be given to any public agency paying a portion of the rent under the rental agreement. If a landlord enters into a new written rental agreement with the tenant prior to eviction, an order of possession obtained prior to the entry of such new rental agreement is not enforceable. Notwithstanding the requirements of this section, a landlord with four or fewer rental dwelling units, or up to a 10 percent interest in four or fewer rental dwelling units, may limit a tenant's use of the right of redemption to once per lease period, provided that the landlord provides written notice of such limitation to the tenant.

B. The tenant may pay or present to the court a redemption tender for payment of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, at or before the first return date on an action for unlawful detainer. ~~For purposes of this section, "redemption tender" means a written commitment to pay all rent due and owing as of the return date, including late charges, attorney fees, and court costs, by a local government or nonprofit entity within 10 days of such return date.~~

C. If the tenant presents a redemption tender to the court at the return date, the court shall continue the action for unlawful detainer for 10 days following the return date for payment to the landlord of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, and dismiss the action upon such payment. Should the landlord not receive full payment of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, within 10 days of the return date, the court shall, without further evidence, grant to the landlord judgment for all amounts due and immediate possession of the premises. *For purposes of this section, "redemption tender" means a written commitment to pay all rent due and owing as of the return date, including late charges, attorney fees, and court costs, by a local government or nonprofit entity within 10 days of such return date.*

~~D. C.~~ In cases of unlawful detainer, a tenant, *or any third party on behalf of a tenant*, may pay the landlord or the landlord's attorney or pay into court all (i) rent due and owing as of the court date as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement *and as provided by law*, (iv) reasonable attorney fees as contracted for in the rental agreement ~~or~~ *and as provided by law*, and (v) costs of the proceeding as provided by law, at which time the unlawful detainer proceeding shall be dismissed, *unless there are bases for the entry of an order of possession other than nonpayment of rent stated in the unlawful detainer action filed by the landlord.*

D. If such payment has not been made as of the return date for the unlawful detainer, the tenant, *or any third party on behalf of the tenant*, may pay to the landlord, the landlord's attorney, or the court all amounts claimed on the summons in unlawful detainer, including current rent, damages, late charges, costs of court, any civil recovery, attorney fees, and sheriff fees, *including the sheriff fees for service of the writ of eviction if payment is made after issuance of the writ*, no less than ~~two business days~~ *48 hours* before the date and time scheduled by the officer to whom the writ of eviction has been delivered to be executed. *Upon receipt of such payment, the landlord, or the landlord's attorney or managing agent, shall promptly notify the officer to whom the writ of eviction has been delivered to be executed that the execution of the writ of eviction shall be canceled. If the landlord has actual knowledge that the tenant has made such payment and willfully fails to provide such notification, such act may be deemed to be a violation of § 55.1-1243. In addition, the landlord shall transmit to the court a notice of satisfaction of any money judgment in accordance with § 8.01-454.*

E. *Upon receiving a written request from the tenant, the landlord, or the landlord's attorney or managing agent, shall provide to the tenant a written statement of all amounts owed by the tenant to the landlord so that the tenant may pay the exact amount necessary for the tenant to exercise his right of redemption pursuant to this section. Any payments made by the tenant shall be by cashier's check, certified check, or money order. A tenant may invoke the rights granted in this section no more than one time during any 12-month period of continuous residency in the dwelling unit, regardless of the term of the rental agreement or any renewal term of the rental agreement. A court shall not issue a writ of eviction on any judgment for possession that has expired or has been marked as satisfied.*

2. That the Department of Housing and Community Development shall convene a stakeholder group consisting of landlords, property managers, and tenants, as well as attorneys knowledgeable of the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq. of the Code of Virginia) and other relevant provisions of the Code of Virginia related to eviction procedures in residential landlord and tenant cases, to provide input to the Director of the Department of Housing and Community Development (the Director) regarding the development of the sample termination notice required to be developed by the Director pursuant to § 36-139 of the Code of Virginia, as amended by this act.

In such case, the tenant may remain in possession of such dwelling unit as a month-to-month tenant on the terms of the terminated rental agreement until the successor owner gives a notice of termination of such month-to-month tenancy. If the successor owner elects to terminate the month-to-month tenancy, written notice of such termination shall be given in accordance with the rental agreement or the provisions of § 55.1-1202 or 55.1-1410, as applicable the dwelling unit is foreclosed upon and there is a tenant in such dwelling unit on the date of the foreclosure sale, the successor in interest who acquires the dwelling unit at the foreclosure sale shall assume such interest subject to the following:~~

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. A landlord shall offer a prospective tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord-tenant relationship and shall provide with it the statement of tenant rights and responsibilities developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139 acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. The written rental agreement shall be effective upon the date signed by the parties.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;
2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection C of § 55.1-1253;
3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;
4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;
5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;
6. The landlord may collect a security deposit in an amount, ~~or require damage insurance coverage for an amount, or any combination thereof, that does not to exceed a total amount equal to two months of rent;~~ and
7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the

landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of any written rental agreement and the statement of tenant rights and responsibilities to the tenant within one month of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order.

§ 55.1-1206. Landlord may obtain certain insurance for tenant.

A. A landlord may require as a condition of tenancy that a tenant have ~~commercial insurance coverage as specified in the rental agreement to secure the performance by the tenant of the terms and conditions of the rental agreement~~ *damage insurance* and pay for the cost of premiums for such insurance coverage obtained by the landlord, generally known as "damage insurance." As provided in § 55.1-1200, such payments shall not be deemed a security deposit, but shall be rent. However, as provided in § 55.1-1208, the landlord shall not require a tenant to pay both a security deposit and the cost of damage insurance premiums, if the total amount of any security deposit and damage insurance ~~coverage~~ *premiums* exceeds the amount of two months' periodic rent. The landlord shall notify a tenant in writing that the tenant has the right to obtain a separate policy from the landlord's policy for damage insurance. If a tenant elects to obtain a separate policy, the tenant shall submit to the landlord written proof of such coverage and shall maintain such coverage at all times during the term of the rental agreement. Where a landlord obtains damage insurance coverage on behalf of a tenant, the insurance policy shall provide coverage for the tenant as an insured. The landlord shall recover from the tenant the actual costs of such insurance coverage and may recover administrative or other fees associated with administration of a damage insurance policy, including a tenant opting out of the insurance coverage provided by the landlord pursuant to this subsection. If a landlord obtains damage insurance for his tenants, the landlord shall provide to each tenant, prior to execution of the rental agreement, a summary of the insurance policy or certificate evidencing the coverage being provided and upon request of the tenant make available a copy of the insurance policy. *For a tenant that opts out of the landlord's damage insurance program, the landlord shall allow such tenant to either provide their own damage insurance policy or pay the full security deposit.*

B. A landlord may require as a condition of tenancy that a tenant have ~~renter's insurance as specified in the rental agreement that is a combination multi-peril policy containing fire, miscellaneous property, and personal liability coverage insuring personal property located in dwelling units not occupied by the owner.~~ A landlord may require a tenant to pay for the cost of premiums for such *renter's* insurance obtained by the landlord, in order to provide such coverage for the tenant as part of rent or as otherwise provided in this section. As provided in § 55.1-1200, such payments shall not be deemed a security deposit but shall be rent. The landlord shall notify a tenant in writing that the tenant has the right to obtain a separate policy from the landlord's policy for renter's insurance. If a tenant elects to obtain a separate policy, the tenant shall submit to the landlord written proof of such coverage and shall maintain such coverage at all times during the term of the rental agreement. If a tenant allows his renter's insurance policy required by the rental agreement to lapse for any reason, the landlord may provide any landlord's renter's insurance coverage to such tenant. The tenant shall be obligated to pay for the cost of premiums for such insurance as rent or as otherwise provided herein until the tenant has provided written documentation to the landlord showing that the tenant has reinstated his own renter's insurance coverage.

C. If the landlord requires that such premiums be paid ~~to the landlord~~ prior to the commencement of the tenancy, the total amount of all security deposits, insurance ~~coverage~~ *premiums* for damage insurance, and insurance premiums for renter's insurance shall not exceed the amount of two months' periodic rent. ~~Otherwise~~ *However*, the landlord ~~may shall be permitted to~~ add a monthly amount as additional rent to recover ~~the additional costs of such renter's insurance coverage premiums.~~

D. Where a landlord obtains renter's insurance coverage on behalf of a tenant, the insurance policy shall provide coverage for the tenant as an insured. The landlord shall recover from the tenant the actual costs of such insurance coverage

and may recover administrative or other fees associated with the administration of a renter's insurance program, including a tenant opting out of the insurance coverage provided to the tenant pursuant to this subsection. If a landlord obtains renter's insurance for his tenants, the landlord shall provide to each tenant, prior to execution of the rental agreement, a summary of the insurance policy prepared by the insurer or certificate evidencing the coverage being provided and upon request of the tenant make available a copy of the insurance policy. Such summary or certificate shall include a statement regarding whether the insurance policy contains a waiver of subrogation provision. Any failure of the landlord to provide such summary or certificate, or to make available a copy of the insurance policy, shall not affect the validity of the rental agreement.

If the rental agreement does not require the tenant to obtain renter's insurance, the landlord shall provide a written notice to the tenant, prior to the execution of the rental agreement, stating that (i) the landlord is not responsible for the tenant's personal property, (ii) the landlord's insurance coverage does not cover the tenant's personal property, and (iii) if the tenant wishes to protect his personal property, he should obtain renter's insurance. The notice shall inform the tenant that any such renter's insurance obtained by the tenant does not cover flood damage and advise the tenant to contact the Federal Emergency Management Agency (FEMA) or visit the websites for FEMA's National Flood Insurance Program or for the Virginia Department of Conservation and Recreation's Flood Risk Information System to obtain information regarding whether the property is located in a special flood hazard area. Any failure of the landlord to provide such notice shall not affect the validity of the rental agreement. If the tenant requests translation of the notice from the English language to another language, the landlord may assist the tenant in obtaining a translator or refer the tenant to an electronic translation service. In doing so, the landlord shall not be deemed to have breached any of his obligations under this chapter or otherwise become liable for any inaccuracies in the translation. The landlord shall not charge a fee for such assistance or referral.

E. Nothing in this section shall be construed to prohibit the landlord from recovering from the tenant, as part of the rent, the tenant's prorated share of the actual costs of other insurance coverages provided by the landlord relative to the premises, or the tenant's prorated share of a self-insurance program held in an escrow account by the landlord, including the landlord's administrative or other fees associated with the administration of such coverages. The landlord may apply such funds held in escrow to pay claims pursuant to the landlord's self-insurance plan.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;

2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;

3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;

4. Agrees to pay the landlord's attorney fees except as provided in this chapter;

5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;

6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation; or

7. Agrees to ~~both the payment of a security deposit and the provision of a bond or commercial insurance policy purchased by the tenant to secure the performance of the terms and conditions of a rental agreement, if the total of the security deposit and the bond or insurance coverage exceeds, insurance premiums for damage insurance, and insurance premiums for renter's insurance prior to the commencement of the tenancy that exceed the amount of two months' periodic rent.~~

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

§ 55.1-1211. Appointment of resident agent by nonresident property owner; service of process, etc., on such agent or on Secretary of the Commonwealth.

A. As used in this section, "nonresident property owner" means any nonresident individual or group of individuals who owns and leases residential real property.

B. Every nonresident property owner shall appoint and continuously maintain an agent who (i) if such agent is an individual, is a resident of the Commonwealth, or if such agent is a corporation, limited liability company, partnership, or other entity, is authorized to transact business in the Commonwealth and (ii) maintains a business office within the Commonwealth. Every lease executed by or on behalf of nonresident property owners regarding any such real property shall specifically designate such agent and the agent's office address for the purpose of service of any process, notice, order, or demand required or permitted by law to be served upon such nonresident property owner.

C. Whenever any nonresident property owner fails to appoint or maintain an agent, as required in this section, or whenever his agent cannot with reasonable diligence be found, then the Secretary of the Commonwealth shall be an agent of the nonresident property owner upon whom may be served any process, notice, order, or demand. Service may be made on the Secretary of the Commonwealth or any of his staff at his office who shall forthwith cause it to be sent by registered or certified mail addressed to the nonresident property owner at his address as shown on the official tax records maintained by the locality where the property is located.

D. The name and office address of the agent appointed as provided in this section shall be ~~filed in~~ *listed on a form provided by the State Corporation Commission and delivered to* the office of the clerk of the court ~~in which deeds are recorded in the county or city in which the property lies. Recordation shall be in the same book as certificates of fictitious names are recorded as provided by § 59.1-74, for which the clerk shall be entitled to a fee of \$10 State Corporation Commission for filing. Beginning July 1, 2022, the clerk of the State Corporation Commission shall charge a fee of \$10 for the filing of a resident agent appointment.~~

E. No nonresident property owner shall maintain an action in the courts of the Commonwealth concerning property for which a designation is required by this section until such designation has been filed.

§ 55.1-1226. Security deposits.

A. No landlord may demand or receive a security deposit, however denominated, in an amount or value in excess of two months' periodic rent. Upon termination of the tenancy or the date the tenant vacates the dwelling unit, whichever occurs last, such security deposit, whether it is property or money held by the landlord as security as provided in this section, may be applied by the landlord solely to (i) the payment of accrued rent, including the reasonable charges for late payment of rent specified in the rental agreement; (ii) the payment of the amount of damages that the landlord has suffered by reason of the tenant's noncompliance with § 55.1-1227, less reasonable wear and tear; (iii) other damages or charges as provided in the rental agreement; or (iv) actual damages for breach of the rental agreement pursuant to § 55.1-1251. The security deposit and any deductions, damages, and charges shall be itemized by the landlord in a written notice given to the tenant, together with any amount due to the tenant, within 45 days after the termination date of the tenancy *or the date the tenant vacates the dwelling unit, whichever occurs last.* As of the date of the termination of the tenancy or the date the tenant vacates the dwelling unit, whichever occurs last, the tenant shall be required to deliver possession of the dwelling unit to the landlord. If the termination date is prior to the expiration of the rental agreement or any renewal thereof, or the tenant has not given proper notice of termination of the rental agreement, the tenant shall be liable for actual damages pursuant to § 55.1-1251, in which case, the landlord shall give written notice of security deposit disposition within the 45-day period but may retain any security balance to apply against any financial obligations of the tenant to the landlord pursuant to this chapter or the rental agreement. If the tenant fails to vacate the dwelling unit as of the termination of the tenancy, the landlord may file an unlawful detainer action pursuant to § 8.01-126.

B. Where there is more than one tenant subject to a rental agreement, unless otherwise agreed to in writing by each of the tenants, disposition of the security deposit shall be made with one check being payable to all such tenants and sent to a forwarding address provided by one of the tenants. The landlord shall make the security deposit disposition within the 45-day time period required by subsection A, but if no forwarding address is provided to the landlord, the landlord may continue to hold such security deposit in escrow. If a tenant fails to provide a forwarding address to the landlord to enable the landlord to make a refund of the security deposit, upon the expiration of one year from the date of the end of the 45-day time period, the landlord may remit such sum to the State Treasurer as unclaimed property on a form prescribed by the administrator that includes the name; social security number, if known; and last known address of each tenant on the rental agreement. If the landlord or managing agent is a real estate licensee, compliance with this subsection shall be deemed compliance with § 54.1-2108 and corresponding regulations of the Real Estate Board.

C. Nothing in this section shall be construed by a court of law or otherwise as entitling the tenant, upon the termination of the tenancy, to an immediate credit against the tenant's delinquent rent account in the amount of the security deposit. The landlord shall apply the security deposit in accordance with this section within the 45-day time period required by subsection A. However, provided that the landlord has given prior written notice in accordance with this section, the landlord may withhold a reasonable portion of the security deposit to cover an amount of the balance due on the water, sewer, or other utility account that is an obligation of the tenant to a third-party provider under the rental agreement for the dwelling unit, and upon payment of such obligations the landlord shall provide written confirmation to the tenant within 10 days, along with payment to the tenant of any balance otherwise due to the tenant. In order to withhold such funds as part of the disposition of the security deposit, the landlord shall have so advised the tenant of his rights and obligations under this section in (i) a termination notice to the tenant in accordance with this chapter, (ii) a written notice to the tenant confirming the vacating date in accordance with this section, or (iii) a separate written notice to the tenant at least 15 days prior to the disposition of the security deposit. Any written notice to the tenant shall be given in accordance with § 55.1-1202.

The tenant may provide the landlord with written confirmation of the payment of the final water, sewer, or other utility bill for the dwelling unit, in which case the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period required by subsection A. If the tenant provides such written confirmation after the expiration of the 45-day period, the landlord shall refund any remaining balance of the security deposit held to the tenant within 10 days following the receipt of such written confirmation provided by the tenant. If the landlord otherwise receives confirmation of payment of the final water, sewer, or other utility bill for the dwelling unit, the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period.

D. Nothing in this section shall be construed to prohibit the landlord from making the disposition of the security deposit prior to the 45-day period required by subsection A and charging an administrative fee to the tenant for such expedited processing, if the rental agreement so provides and the tenant requests expedited processing in a separate written document.

E. The landlord shall notify the tenant in writing of any deductions provided by this section to be made from the tenant's security deposit during the course of the tenancy. Such notification shall be made within 30 days of the date of the

determination of the deduction and shall itemize the reasons in the same manner as provided in subsection F. No such notification shall be required for deductions made less than 30 days prior to the termination of the rental agreement. If the landlord willfully fails to comply with this section, the court shall order the return of the security deposit to the tenant, together with actual damages and reasonable attorney fees, unless the tenant owes rent to the landlord, in which case the court shall order an amount equal to the security deposit credited against the rent due to the landlord. In the event that damages to the premises exceed the amount of the security deposit and require the services of a third-party contractor, the landlord shall give written notice to the tenant advising him of that fact within the 45-day period required by subsection A. If notice is given as prescribed in this subsection, the landlord shall have an additional 15-day period to provide an itemization of the damages and the cost of repair. This section shall not preclude the landlord or tenant from recovering other damages to which he may be entitled under this chapter. The holder of the landlord's interest in the premises at the time of the termination of the tenancy, regardless of how the interest is acquired or transferred, is bound by this section and shall be required to return any security deposit received by the original landlord that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, regardless of any contractual agreements between the original landlord and his successors in interest.

F. The landlord shall:

1. Maintain and itemize records for each tenant of all deductions from security deposits provided for under this section that the landlord has made by reason of a tenant's noncompliance with § 55.1-1227, or for any other reason set out in this section, during the preceding two years; and

2. Permit a tenant or his authorized agent or attorney to inspect such tenant's records of deductions at any time during normal business hours.

G. Upon request by the landlord to a tenant to vacate, or within five days after receipt of notice by the landlord of the tenant's intent to vacate, the landlord shall provide written notice to the tenant of the tenant's right to be present at the landlord's inspection of the dwelling unit for the purpose of determining the amount of security deposit to be returned. If the tenant desires to be present when the landlord makes the inspection, he shall, in writing, so advise the landlord, who in turn shall notify the tenant of the date and time of the inspection, which must be made within 72 hours of delivery of possession. Following the move-out inspection, the landlord shall provide the tenant with a written security deposit disposition statement, including an itemized list of damages. If additional damages are discovered by the landlord after the security deposit disposition has been made, nothing in this section shall be construed to preclude the landlord from recovery of such damages against the tenant, provided, however, that the tenant may present into evidence a copy of the move-out report to support the tenant's position that such additional damages did not exist at the time of the move-out inspection.

H. If the tenant has any assignee or sublessee, the landlord shall be entitled to hold a security deposit from only one party in compliance with the provisions of this section.

I. The landlord may permit a tenant to provide damage insurance coverage in lieu of the payment of a security deposit. Such damage insurance in lieu of a security deposit shall conform to the following criteria:

1. The *provider of damage insurance company* is licensed *or approved* by the Virginia State Corporation Commission;

2. ~~The insurance permits the payment of premiums on a monthly basis, unless the tenant selects a different payment schedule;~~

3. The coverage is effective upon the payment of the first premium and remains effective for the entire lease term;

4. 3. The coverage provided per claim is no less than the amount the landlord requires for security deposits;

5. 4. ~~The provider of damage insurance company agrees to approve or deny payment of a claim in accordance with regulations adopted by the State Corporation Commission's Bureau of Insurance; and~~

6. 5. ~~The provider of damage insurance company shall notify the landlord within 10 days if the damage policy lapses or is canceled.~~

J. ~~Each landlord may designate one or more damage insurance companies from which the landlord will accept damage insurance in lieu of a security deposit. Such insurers shall be identified in the written lease agreement.~~

~~K.~~ A tenant who initially opts to provide damage insurance in lieu of a security deposit may, at any time without consent of the landlord, opt to pay the full security deposit to the landlord in lieu of maintaining a damage insurance policy. The landlord shall not alter the terms of the lease in the event a tenant opts to pay the full amount of the security deposit pursuant to this subsection.

§ 64.2-2008. Fees and costs.

A. The petitioner shall pay the filing fee set forth in subdivision A 43 42 of § 17.1-275 and costs. Service fees and court costs may be waived by the court if it is alleged under oath that the estate of the respondent is unavailable or insufficient. If a guardian or conservator is appointed and the court finds that the petition is brought in good faith and for the benefit of the respondent, the court shall order that the petitioner be reimbursed from the estate for all reasonable costs and fees if the estate of the incapacitated person is available and sufficient to reimburse the petitioner. If a guardian or conservator is not appointed and the court nonetheless finds that the petition is brought in good faith and for the benefit of the respondent, the court may direct the respondent's estate, if available and sufficient, to reimburse the petitioner for all reasonable costs and fees. The court may require the petitioner to pay or reimburse all or some of the respondent's reasonable costs and fees and any other costs incurred under this chapter if the court finds that the petitioner initiated a proceeding under this chapter that was in bad faith or not for the benefit of the respondent.

B. In any proceeding filed pursuant to this article, if the adult subject of the petition is determined to be indigent, any fees and costs of the proceeding that are fixed by the court or taxed as costs shall be borne by the Commonwealth.

§ 64.2-2012. Petition for restoration, modification, or termination; effects.

A. Upon petition by the incapacitated person, the guardian or conservator, or any other person or upon motion of the court, the court may (i) declare the incapacitated person restored to capacity; (ii) modify the type of appointment or the areas of protection, management, or assistance previously granted or require a new bond; (iii) terminate the guardianship or conservatorship; (iv) order removal of the guardian or conservator as provided in § 64.2-1410; or (v) order other appropriate relief. The fee for filing the petition shall be as provided in subdivision A 43 42 of § 17.1-275.

B. In the case of a petition for modification to expand the scope of a guardianship or conservatorship, the incapacitated person shall be entitled to a jury, upon request. Notice of the hearing and a copy of the petition shall be personally served on the incapacitated person and mailed to other persons entitled to notice pursuant to § 64.2-2004. The court shall appoint a guardian ad litem for the incapacitated person and may appoint one or more licensed physicians or psychologists or licensed professionals skilled in the assessment and treatment of the physical or mental conditions of the incapacitated person, as alleged in the petition, to conduct an evaluation. Upon the filing of any other such petition or upon the motion of the court, and after reasonable notice to the incapacitated person, any guardian or conservator, any attorney of record, any person entitled to notice of the filing of an original petition as provided in § 64.2-2004, and any other person or entity as the court may require, the court shall hold a hearing.

C. An order appointing a guardian or conservator may be revoked, modified, or terminated upon a finding that it is in the best interests of the incapacitated person and that:

1. The incapacitated person is no longer in need of the assistance or protection of a guardian or conservator;
2. The extent of protection, management, or assistance previously granted is either excessive or insufficient considering the current need of the incapacitated person;
3. The incapacitated person's understanding or capacity to manage his estate and financial affairs or to provide for his health, care, or safety has so changed as to warrant such action; or
4. Circumstances are such that the guardianship or conservatorship is no longer necessary or is insufficient.

D. The court shall declare the person restored to capacity and discharge the guardian or conservator if, on the basis of evidence offered at the hearing, the court finds by a preponderance of the evidence that the incapacitated person has substantially regained his ability to (i) care for his person in the case of a guardianship or (ii) manage and handle his estate in the case of a conservatorship.

In the case of a petition for modification of a guardianship or conservatorship, the court shall order (a) limiting or reducing the powers of the guardian or conservator if the court finds by a preponderance of the evidence that it is in the best interests of the incapacitated person to do so, or (b) increasing or expanding the powers of the guardian or conservator if the court finds by clear and convincing evidence that it is in the best interests of the incapacitated person to do so.

The court may order a new bond or other appropriate relief upon finding by a preponderance of the evidence that the guardian or conservator is not acting in the best interests of the incapacitated person or of the estate.

E. The powers of a guardian or conservator shall terminate upon the death, resignation, or removal of the guardian or conservator or upon the termination of the guardianship or conservatorship.

A guardianship or conservatorship shall terminate upon the death of the incapacitated person or, if ordered by the court, following a hearing on the petition of any interested person.

F. The court may allow reasonable compensation from the estate of the incapacitated person to any guardian ad litem, attorney, or evaluator appointed pursuant to this section. Any compensation allowed shall be taxed as costs of the proceeding.

2. That the clerk of the State Corporation Commission (the clerk) shall provide a downloadable form for the filing of a resident agent appointment pursuant to § 55.1-1211 of the Code of Virginia, as amended by this act, and begin accepting paper filings on July 1, 2021. The clerk shall begin accepting online filings pursuant to § 55.1-1211 of the Code of Virginia, as amended by this act, by July 1, 2022.

(l) *The term "associated water system" means and shall include any plant, system, facility or property used or useful or having the present capacity for future use in connection with the treatment, purification or distribution of potable drinking water serving no more than 1,000 premises connected to a sewage disposal system and all necessary appurtenances and equipment, and shall include all lands, property, rights, rights-of-way, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.*

§ 10. The Commission is hereby authorized and empowered:

(a) to adopt bylaws and to make rules and regulations for the management of its affairs and the conduct of its business;

(b) to adopt an official seal and alter the same at pleasure;

(c) to sue and to be sued;

(d) to construct, and to improve, extend, enlarge, reconstruct, maintain, equip, repair and operate a sewage disposal system or systems *with or without associated water systems*, enter within or without or partly within and partly without the corporate limits of the District, and to construct sewer improvements within the corporate limits of the District;

(e) to issue revenue bonds, notes or other obligations of the District for any of its authorized purposes, payable solely from the special funds provided under the authority of this act and pledged for their payment, all as provided in this act;

(f) to fix and collect rates, fees and other charges for the services and facilities furnished by any such sewage disposal system or sewer improvements *or associated water systems*, and to fix and collect charges for making connections with any such system or improvements;

(g) to acquire in the name of the District, either by purchase, lease, grant, or the exercise of the right of eminent domain, such lands, structures, property, rights, ~~rights of way~~ *rights-of-way*, easements, franchises and other interests in or relating to lands, including lands under water and riparian rights, and to acquire such personal property, as it may deem necessary in connection with the construction, improvement, extension, enlargement or operation of any sewage disposal system or sewer improvements *or associated water systems*, and to hold and dispose of all real and personal property under its control;

(h) to employ, in its discretion, consulting engineers, attorneys, accountants, construction and financial experts, managers, and such other officers, employees and agents as may be necessary in its judgment, and to fix their compensation;

(i) to exercise jurisdiction, control and supervision over any sewage disposal system or systems or sewer improvements *or associated water systems* operated or maintained by the Commission and to make and enforce such rules and regulations for the maintenance and operation of any such sewage disposal system or systems or sewer improvements *or associated water systems* as may, in the judgment of the Commission, be necessary or desirable for the efficient operation of any such system or improvements and for accomplishing the purposes of this act;

(j) to enter on any lands, water or premises located within or without the District to make surveys, borings, soundings or examinations for the purposes of this act;

(k) to construct and operate trunk, intercepting or outlet sewers, sewer mains, laterals, conduits or pipelines in, along or under any streets, alleys, highways or other public places within or without the District; in so constructing its facilities, it shall see that the public use of such streets, alleys, highways, and other public places is not unnecessarily interrupted or interfered with and that such streets, alleys, highways and other public places are restored to their former usefulness and condition within a reasonable time; to this end the Commission shall cooperate with the Commonwealth Transportation Board and the appropriate officers of the respective counties, cities and towns having an interest in such matters;

(l) to restrain, enjoin or otherwise prevent any county, city, town or political subdivision and any person or corporation, public or private, from discharging into any waters within the District, any sewage, industrial wastes or other refuse which would contribute or tend to contribute to the pollution of such waters, and to restrain, enjoin or otherwise prevent the violation of any provision of this act or of any resolution, rule or regulation adopted pursuant to the powers granted by this act;

(m) to use and connect with any sewage disposal system or sewer improvement within the District and, if deemed necessary by the Commission to close off and seal any outlets and outfalls therefrom;

(n) subject to such provisions and restrictions as may be set forth in the resolution authorizing any revenue bonds or in the trust agreement hereinafter mentioned securing the same, to enter into contracts with the United States of America or any agency or instrumentality thereof, or with any county, city, town or political subdivision or any sanitary district, private corporation, copartnership, association or individual providing for or relating to the treatment and disposal of sewage;

(o) to receive and accept from the United States of America or any agency or instrumentality thereof grants for or in aid of the planning, construction or financing of any sewage disposal system or sewer improvements *or associated water*

systems, and to receive and accept contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(p) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act;

(q) to do and perform any acts and things authorized by this act under, through or by means of its own officers, agents and employees, or by contracts with any persons;

(r) to execute any and all instruments and do and perform any and all acts or things necessary, convenient or desirable for the purposes of the Commission or to carry out the powers expressly given in this act; and

(s) to seek civil penalties or civil charges against owners who have been charged with violation of or found to be in violation of the pretreatment standards incorporated in the permit or other requirements of the District's approved industrial waste control program. The penalties which the District may seek, and the procedures to be followed by the District, shall be the same as those set forth for the State Water Control Board, as set forth in § 62.1-44.32 of the Code of Virginia.

1. For purposes of this subsection, the term "owner" shall include the definition contained in subsection (i) of § 8 and, in addition, any corporate officer designated in the permit issued by the District, if any.

2. With the consent of any owner who has violated a provision of this subsection, or is charged by the District with having violated the provision of this subsection, the District may provide, in an order issued by it against such owner, for the payment of civil charges for such violations in specific sums not to exceed those set forth in § 62.1-44.32 of the Code of Virginia for each violation. Each day of violation shall constitute a separate offense. Such civil charges shall be instead of any appropriate civil or criminal penalty imposed under the provisions of this subsection.

§ 11. (a) The Commission is hereby authorized and empowered to acquire by purchase, lease, grant or conveyance such lands, structures, property, rights, ~~rights of way~~ *rights-of-way*, easements, franchises and other interests in or relating to lands, including lands lying under water and riparian rights, as it may deem necessary or convenient for the construction and operation of any sewage disposal system or sewer improvements *or associated water systems*, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and commissions of the Commonwealth with the approval of the Governor and all counties, cities, towns and political subdivisions, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the District at the request of the Commission upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Commission, including public highways and other real property already devoted to public use.

(b) The Commission is also hereby authorized and empowered to acquire by condemnation or eminent domain such lands, structures, property rights, *rights-of-way*, easements, franchises and other interests in or relating to lands, including lands lying under water and riparian rights, deemed necessary or convenient for the construction and operation of any sewage disposal system or sewer improvements *or associated water systems*. The powers of condemnation or eminent domain conferred on the Commission by this act shall be exercised by the Commission pursuant to the provisions of Title 25.1, Chapter 1 through 4, inclusive, of the Code of Virginia, 1950, as now enacted or as hereafter amended or reenacted; provided, however, that the Commission may proceed (i) *for the procurement of lands, structures, property rights, rights-of-way, easements, franchises and other interests in or relating to lands contiguous to the site of an existing sewage disposal system for construction and operation of an expanded sewage disposal system to meet new regulatory requirements, including nutrient removal technology classified under § 10.1-2131 of the Code of Virginia, 1950, as eligible for partial grant funding from the Virginia Department of Environmental Quality, without regard to the provisions of §§ 15.2-4313 and 25.1-106 of the Code of Virginia, 1950, as enacted or as hereafter amended or reenacted, when such expansion is to be funded in part or in whole by issuance of revenue bonds payable from the revenues of the District provided under this act, and (ii) pursuant to the provisions of Article 7 1 (§ 33.1-89 33.2-1000 et seq.) of Chapter 1 10 of Title 33.1 33.2 of the Code of Virginia, 1950, as enacted or as hereafter amended or reenacted, for the procurement of ~~rights of way~~ *rights-of-way* for sewer lines and sites for pumping stations.*

(c) Title to any property acquired by the Commission shall be taken in the name of the District.

(d) The Commonwealth with the approval of the Governor hereby consents to the use of any lands or property owned by the Commonwealth including lands lying under water, which are deemed by the Commission to be necessary for the construction or operation of any sewage disposal system or sewer improvements *or associated water systems*.

§ 12. The Commission is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the District for any one or more of the following purposes:

(a) refunding any bonds heretofore issued by the Commission and any revenue bonds, notes and other obligations issued under the provisions of this act and then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption thereof; provided, however, that no bonds issued after the effective date of this act shall be refunded at a net interest cost exceeding that of such bonds to be refunded unless, prior to the issuance of such refunding bonds, the Commission shall have determined that the issuance of such refunding bonds will be in the best interests of the District,

(b) paying the cost of a sewage disposal system or systems *or associated water system*,

(c) paying the cost of extensions and additions thereto, and

(d) paying the cost of sewer *or water* improvements.

§ 21. In the discretion of the Commission the revenue bonds of any issue may be secured by a trust agreement by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Any such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received, but shall not convey or mortgage any sewage disposal system or sewer improvements *or associated water systems* or any part thereof. Any such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the acquisition of property and the construction, improvement, extension, enlargement, reconstruction, maintenance, equipment, repair, operation and insurance of the properties of the District, and the custody, safeguarding and application of all moneys. Any such trust agreement may provide for or permit the issuance of additional bonds from time to time for the further extension of the sewerage system. If the Commission issues bonds that may be tendered for purchase by the holders thereof, any such trust agreement may provide that, for all purposes of the laws of the Commonwealth, the indebtedness of the District evidenced by such bonds shall not be deemed extinguished upon the purchase thereof by the District unless such bonds are delivered by the District to the trustee under such trust agreement with written instructions to cancel such bonds. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement or resolution may be treated as a part of the cost of operation.

No such trust agreement or resolution need be filed or recorded except in the records of the Commission.

§ 22. The Commission may, in the resolution providing for the issuance of revenue bonds or in the trust agreement securing the same, covenant to fix the rates, fees and other charges for the use of, and for the services and facilities furnished or to be furnished by, the sewage disposal system or systems and the sewer improvements, *or associated water systems* if any, for which such bonds are to be issued, to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with or may use any such sewage disposal system or sewer improvements *or associated water systems*. The Commission may revise such rates, fees and charges from time to time. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (a) to pay the cost of maintaining, repairing and operating such sewage disposal system or systems *or associated water system* and such sewer improvements, if any, including reserves for such purpose and for renewals and replacements and necessary extensions and additions to the sewerage system *or associated water systems*, (b) to pay the principal of and the interest on such revenue bonds as the same shall become due and to provide reserves therefor, ~~and~~ (c) *to pay costs associated with a customer assistance program, and* (d) to provide a margin of safety for making such payments. The Commission shall charge and collect the rates, fees and charges so fixed or revised, and, except as hereinafter provided in this act, such rates, fees and charges shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the Commonwealth or of any district or other political subdivision of the Commonwealth.

Such rates, fees and charges shall be just and equitable and may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewerage system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon the type or character of such premises or upon any other factor affecting the use of the facilities furnished or *upon household income for households at or below 200 percent of the federal poverty level or upon any combination of the foregoing factors or as a constant rate based upon average winter water usage in premises of similar character*. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than a public water system may be determined by gauging or metering at the expense of the owner, tenant or occupant of such premises or in any other manner as directed and approved by the Commission. Premises not discharging the entire volume of water into the sanitary sewers ~~shall~~ *may* be allowed a reduction in the charges provided the customer installs facilities, in a manner satisfactory to the Commission, for measuring the volume either discharged or not discharged into the sanitary sewers *in lieu of a constant rate as described herein*.

The Commission shall fix and determine the time or times when and the place or places where such rates, fees and charges shall be due and payable and may require that such rates, fees and charges shall be paid in advance for periods of not more than six months. A copy of the schedules of all rates, fees and charges in effect shall at all times be kept on file at the principal office of the Commission, and such schedules shall at all reasonable times be open to public inspection.

In cases where the character of the sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewage disposal system, an additional charge may be made therefor, or the Commission may, if it deems it advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in such manner as shall be specified by the Commission before discharging such sewage, into the sewerage system or prohibit the discharge, directly or indirectly, of such sewage into the sewerage system.

§ 25. In the event that the rates, fees or charges charged by the Commission for the services and facilities of any sewage disposal system or sewer improvements *or associated water systems* by or in connection with any real estate or other property served shall not be paid as and when due, the owner, tenant or occupant, as the case may be, of such property

shall, until such rates, fees and charges shall be paid, cease to dispose of sewage or industrial wastes originating from or on such property by discharge thereof directly or indirectly into the sewerage system, and if such owner, tenant or occupant shall not cease such disposal within two months thereafter, it shall be the duty of each county, city, town or other public corporation, board or body, private corporation or person supplying water to or selling water for use on, such property, within five days after receipt of notice of such facts from the Commission to cease supplying water to, and selling water for use on, such property. If such county, city, town or other public corporation, board or body, private corporation or person shall not within such time cease supplying water to, and selling water for use on, such property, the Commission may shut off the supply of water to such property and may disconnect such property from such sewage disposal system or sewer improvements *or associated water systems*, and for such purposes may enter on any lands, waters and premises of such county, city, town or other public corporation, board or body, private corporation or person.

If any rates, fees or charges for the services and facilities furnished by any sewage disposal system or sewer improvements *or associated water systems* of the District shall not be paid within thirty days after the same shall become due and payable, the Commission may at the expiration of such thirty day period proceed to recover the amount of any such delinquent rates, fees or charges by any action, suit or proceeding permitted by law or in equity.

§ 26. The Commission shall keep and preserve a complete register, or registers, open to public inspection, of all rates, fees and charges which have been charged by the Commission to the owners, tenants or occupants of any real estate for the use and services of any sewage disposal system or sewer improvements *or associated water systems* and have become due and payable and have not been paid. Such register or registers shall be kept in such place or places as the Commission shall determine.

§ 28. All revenues derived by the Commission from the sewage disposal system or systems or sewer improvements *or associated water systems* financed or refinanced by the bonds of any issue or issues, except such part thereof as may be required to pay the cost of maintaining, repairing and operating such system or systems or sewer improvements and to provide such reserves therefor as may be provided in the resolution providing for the issuance of such revenue bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or trust agreement and deposited to the credit of the following special funds:

(a) a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided, including the accumulation of a reserve for such purposes; such pledge shall be valid and binding from the time when the pledge is made, the revenues so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commission or the District, irrespective of whether such parties have notice thereof; and

(b) a fund for anticipated renewals, replacements, extensions, additions and extraordinary repairs of the sewerage system *or associated water systems*.

The use and disposition of moneys to the credit of any such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of such revenue bonds or in the trust agreement securing the same, and, except as may otherwise be provided in such resolution or trust agreement, such sinking fund shall be a fund for the benefit of such bonds without distinction or priority of one over another.

§ 31. The exercise of the powers granted by this act shall be in all respects for the benefits of the inhabitants of the Commonwealth and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the sewage system *or associated water systems* by the Commission will constitute the performance of essential governmental functions, the Commission shall not be required to pay any taxes or assessments upon the sewerage system *or associated water systems* or any property acquired or used by the Commission under the provisions of this act or upon the income therefrom and the revenue bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, town or other political subdivision thereof.

§ 32. The Commission shall have no power to mortgage, pledge, encumber or otherwise dispose of any part of the sewerage system *or associated water systems* of the District, except such part or parts thereof as may be no longer necessary or useful for the purposes of the Commission; however, the Commission may enter into lease purchase and installment purchase agreements for equipment and fixtures and grant security interests therein. The provisions of this section shall be deemed to constitute a contract with the holders of bonds of the District. The sewerage system *and associated water systems, if any*, of the District shall be exempt from any and all liability which may be incurred by, or imposed upon, the Commission or any county, city, town or political subdivision.

§ 35. Any substantial change in the method used by the Commission for treating ~~and~~, *reclaiming and/or* disposing of sewage and industrial wastes so as to prevent the pollution of any waters within the District, shall, before being finally adopted or used by the Commission, be approved by the Virginia Department of Environmental Quality as effective and satisfactory for the purpose intended.

§ 38. Each county, city, town or other political subdivision shall promptly pay to the Commission all rates, fees and charges which the Commission may charge to it as owner, tenant or occupant of real estate. The Commission and any county, city, town or political subdivision in whole or in part outside of the District are authorized to enter into contracts providing for or relating to the treatment and, *reclamation and/or* disposal of sewage or industrial wastes originating in such

county, city, town or political subdivision, by means of any sewage disposal system or such other facilities as the Commission may determine to provide for such purpose, and such county, city, town or political subdivision is authorized to do everything necessary or proper to carry out and perform every such contract.

CHAPTER 429

An Act to amend and reenact § 58.1-2636 of the Code of Virginia, relating to revenue share for solar energy projects and energy storage systems.

[H 2269]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-2636 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-2636. Revenue share for solar energy projects and energy storage systems.

A. 1. Any locality may by ordinance assess a revenue share of (i) up to \$1,400 per megawatt, as measured in alternating current (AC) generation capacity of the nameplate capacity of the facility based on submissions by the facility owner to the interconnecting utility, on any solar photovoltaic (electric energy) project, or (ii) up to \$1,400 per megawatt, as measured in alternating current (AC) storage capacity, on any energy storage system.

2. Except as prohibited by subdivision 3, the maximum amount of the revenue share that may be imposed shall be increased on July 1, 2026, and every five years thereafter by 10 percent.

3. The provisions of subdivision 2 shall not apply to solar photovoltaic projects or energy storage systems for which an application has been filed with the locality, as defined by subsection D of § 58.1-3660, and such application has been approved by the locality prior to January 1, 2021. The provisions of subdivision 2 shall apply to all such projects and systems for which an application is approved by the locality on or after January 1, 2021.

B. For purposes of this section, "solar photovoltaic (electric energy) project" shall not include any project that is (i) described in § 56-594, 56-594.01, or 56-594.2 or Chapters 358 and 382 of the Acts of Assembly of 2013, as amended; (ii) 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; or (iii) five megawatts or less.

CHAPTER 430

An Act to amend and reenact § 58.1-3713 of the Code of Virginia, relating to local gas severance tax; sunset date.

[H 2293]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3713 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3713. Local gas road improvement and Virginia Coalfield Economic Development Authority tax.

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement Fund and used for the purposes set forth herein; however, one-fourth of such revenue may be used to fund the construction of new water or sewer systems and lines and the repair or enhancement of existing water or sewer systems and lines in areas with natural water supplies that are insufficient from the standpoint of quality or quantity, or the construction of natural gas service lines as authorized by § 15.2-2109.3, and (ii) one-fourth of the revenue shall be paid to the Virginia Coalfield Economic Development Fund. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, a county or city may provide for an additional one-fourth allocation for the construction of new systems or lines for water, sewer, or natural gas as authorized by § 15.2-2109.3, or the repair or enhancement of existing water, sewer, or natural gas systems or lines in areas with natural water supplies or existing natural gas services that are insufficient from the standpoint of quality or quantity; however, if this option is initiated by a county or city, it must satisfy the requirements set forth in

§ 58.1-3713.01. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

Such committee shall develop on or before July 1 of each year a plan for improvement of roads during the following fiscal year. Such plan shall have the approval of three members of the committee and shall be submitted to the governing body of the county or city for approval. The governing body may approve or disapprove such plan, but may make no changes without the approval of three members of the committee.

C. No tax shall be imposed under this section on or after January 1, 2022 2024.

CHAPTER 431

An Act to amend and reenact § 46.2-629 of the Code of Virginia, relating to odometer disclosure exemption.

[H 2294]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-629 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-629. Odometer reading to be reported on certificate of title, application, or power of attorney.

A. Every owner or transferor of any motor vehicle, including a dealer, shall, at the time of transfer of ownership of any motor vehicle by him, record on the certificate of title, if one is currently issued on the vehicle in the Commonwealth, and on any application for certificate of title the reading on the odometer or similar device plus any known additional distance traveled not shown by the odometer or similar device of the motor vehicle at the time of transfer. If, however, a transferor gives his power of attorney to a dealer or other person for the purpose of assigning the transferor's interest in a motor vehicle, the transferor shall conspicuously record on the power of attorney the reading on the odometer or similar device at the time of the assignment. The owner or transferor of a motor vehicle may electronically provide, in a form and format prescribed by the Commissioner, the reading on the odometer or similar device at the time of transfer if a paper certificate of title was not issued by the Department in accordance with § 46.2-603.1 and electronic provision of odometer readings is permitted under the Federal Odometer Act (49 U.S.C. § 32701 et seq.) or any federal regulations promulgated thereunder.

B. The Department shall not issue to any transferee any new certificate of title to a motor vehicle unless subsection A has been complied with.

C. It shall be unlawful for any person knowingly to record an incorrect odometer or similar device reading plus any known additional distance not shown by the odometer or similar device on any certificate of title or application for a title, or on any power of attorney as described in subsection A.

D. Notwithstanding other provisions of this section, an owner or transferor, including a dealer, of any of the following types of motor vehicles need not disclose the vehicle's odometer reading:

1. Vehicles having gross vehicle weight ratings of more than 16,000 pounds; ~~and~~
2. Vehicles ~~that were~~ manufactured for a model year at least 10 years earlier than the calendar year in which the sale or transfer occurs in or before the 2010 model year that are transferred at least 10 years after January 1 of the calendar year corresponding to its designated model year and were previously exempt from recording an odometer reading on the certificate of title in another state, provided that the Department shall brand the titles of all such vehicles to indicate this exemption; ~~and~~

3. Vehicles manufactured in or after the 2011 model year that are transferred at least 20 years after January 1 of the calendar year corresponding to its designated model year and were previously exempt from recording an odometer reading on the certificate of title in another state, provided that the Department shall brand the titles of all such vehicles to indicate this exemption.

E. Violation of this section shall constitute a Class 1 misdemeanor.

F. The provisions of subsections A and B shall not apply to transfers under § 46.2-633.

G. This section shall not apply to transfers or application for certificates of title of all-terrain vehicles, mopeds, or off-road motorcycles as defined in § 46.2-100.

CHAPTER 432

An Act to amend and reenact § 29.1-100 of the Code of Virginia, relating to muzzleloading rifle and shotgun; definitions.

Be it enacted by the General Assembly of Virginia:

1. That § 29.1-100 of the Code of Virginia is amended and reenacted as follows:

§ 29.1-100. Definitions.

As used in and for the purposes of this title only, or in any of the regulations of the Board, unless the context clearly requires a different meaning:

"Bag or creel limit" means the quantity of game, fish or fur-bearing animals that may be taken, caught, or possessed during a period fixed by the Board.

[H 2318]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 46.2-1533.1 as follows:

For each year in which the state contribution to the railway is greater than or equal to the highest contribution from an individual locality, the total annual subsidy as provided by the member localities used to determine vote weights shall be recalculated to include the Commonwealth contributing an amount equal to the highest contributing locality. The vote weights shall be recalculated to provide the Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest contributing locality. The revised vote weights shall be used in determining the passage of motions before the oversight board.

A. The Enslaved Ancestors College Access Scholarship and Memorial Program (the Program) is established for the purpose of reckoning with the history of the Commonwealth, addressing the long legacy of slavery in the Commonwealth, and acknowledging that the foundational success of several public institutions of higher education was based on the labor of enslaved individuals.

B. Consistent with the purpose set forth in subsection A, Longwood University, the University of Virginia, Virginia Commonwealth University, the Virginia Military Institute, and The College of William and Mary in Virginia shall each implement and execute the Program, with any source of funds other than state funds or tuition or fee increases, by annually (i) identifying and memorializing, to the extent possible, all enslaved individuals who labored on former and current institutionally controlled grounds and property and (ii) providing a tangible benefit such as a college scholarship or community-based economic development program for individuals or specific communities with a demonstrated historic connection to slavery that will empower families to be lifted out of the cycle of poverty.

C. The Council shall collaborate with the institutions set forth in subsection B to establish guidelines for the implementation of the Program, including guidelines for the identification of all enslaved individuals who labored on former and current institutionally controlled grounds and property, the development of appropriate means to memorialize these individuals, the development of programs for individuals and communities still experiencing the legacy of slavery to empower them to break the cycle of poverty, eligibility criteria for participation in such programs, and the duration of such programs.

CHAPTER 443

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to Standards of Learning assessments; reading and mathematics; grades three through eight; individual student growth.

[H 2027]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of ~~Education~~ shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include (i) student outcome *and growth* measures, (ii) requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, (iii) administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, (iv) student services, (v) auxiliary education programs such as library and media services, (vi) requirements for graduation from high school, (vii) community relations, and (viii) the philosophy, goals, and objectives of public education in ~~Virginia~~ *the Commonwealth*.

The Board of ~~Education~~ shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of ~~Education~~. Each local school board shall report the accreditation status of all schools in the local school division annually in public session.

The Board shall establish a review process to assist any school that does not meet the standards established by the Board. The relevant school board shall report the results of such review and any annual progress reports in public session and shall implement any actions identified through such review and utilize them for improvement planning.

The Board shall establish a corrective action plan process for any school that does not meet the standards established by the Board. Such process shall require (i) (a) each school board to submit a corrective action plan for any school in the local school division that does not meet the standards established by the Board and (ii) (b) any school board that fails to demonstrate progress in developing or implementing any such corrective action plan to enter into a memorandum of understanding with the Board.

When the Board determines through its review process that the failure of schools within a division to meet the standards established by the Board is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board of ~~Education~~, each school board shall enter into a memorandum of understanding with the Board and shall subsequently submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division meet the standards established by the Board. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to meet the standards established by the Board, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

B. The Superintendent of Public Instruction shall develop ~~and the~~ *subject to revision by the* Board of ~~Education~~ shall ~~approve~~, criteria for determining and recognizing educational performance in the Commonwealth's ~~public~~ *local* school

divisions and public schools. ~~Such~~ *The portion of such criteria, when approved, that measures individual student growth shall become an integral part of the accreditation process and shall include student outcome measurements for schools in which any grade level in the grade three through eight range is taught.* The Superintendent of Public Instruction shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance and individual student growth in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance and individual student growth in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. ~~The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later~~ *In lieu of a one-time end-of-year assessment, the Board shall establish, for the purpose of providing measures of individual student growth over the course of the school year, a through-year growth assessment system, aligned with the Standards of Learning, for the administration of reading and mathematics assessments in grades three through eight. Such through-year growth assessment system shall include at least one beginning-of-year, one mid-year, and one end-of-year assessment in order to provide individual student growth scores over the course of the school year, but the total time scheduled for taking all such assessments shall not exceed 150 percent of the time scheduled for taking a single end-of-year proficiency assessment. The Department shall ensure adequate training for teachers and principals on how to interpret and use student growth data from such assessments to improve reading and mathematics instruction in grades three through eight throughout the school year.*

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Department shall make available to school divisions Standards of Learning assessments typically administered by high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Board shall include in the student outcome and growth measures that are required by the Standards for Accreditation end-of-course or end-of-grade standards of accreditation the required assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

~~The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.~~

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) (i) reading and mathematics in grades three and four; (b) (ii) reading, mathematics, and science in grade five; (c) (iii) reading and mathematics in grades six and seven; (d) (iv) reading, writing, and mathematics in grade eight; (e) (v) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) (vi) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board. *The reading and mathematics assessments administered to students in grades three through eight shall be through-year growth assessments.*

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall

(1) (a) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) (b) permit and encourage integrated assessments that include multiple subject areas; and (3) (c) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of Education shall award recovery credit to any student in grades three through eight who ~~fails~~ *performs below grade level* on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and ~~passes~~ *performs at or above grade level* on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of Education shall (A) (1) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) (2) select appropriate industry certification and state licensure examinations; and (C) (3) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

The Board of Education shall not include in its calculation of the passage rate ~~of~~ *for* a Standards of Learning assessment or *the level of achievement of the Standards of Learning objectives for an individual student growth assessment* for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis,

and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year data, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's Department's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's Board's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards for Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

2. That the provisions of subsection C of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, shall be fully implemented in each local school division in the Commonwealth no later than the 2022-2023 school year. The provisions of subsection C of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, shall be implemented in each local school division in the Commonwealth during the 2021-2022 school year with the following exception: the through-year growth assessment system shall include one beginning-of-year and one end-of-year assessment but shall not include any mid-year assessment.

3. That with such funds and content as are available for such purpose, the through-year growth assessment system set forth in subsection C of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, shall provide accurate measurement of a student's performance, through computer adaptive technology, using test items at, below, and above the student's grade level as necessary.

CHAPTER 444

An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to Standards of Learning assessments; reading and mathematics; grades three through eight; individual student growth.

[S 1357]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:**1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include (i) student outcome *and growth* measures, (ii) requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, (iii) administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, (iv) student services, (v) auxiliary education programs such as library and media services, (vi) requirements for graduation from high school, (vii) community relations, and (viii) the philosophy, goals, and objectives of public education in ~~Virginia~~ *the Commonwealth*.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall report the accreditation status of all schools in the local school division annually in public session.

The Board shall establish a review process to assist any school that does not meet the standards established by the Board. The relevant school board shall report the results of such review and any annual progress reports in public session and shall implement any actions identified through such review and utilize them for improvement planning.

The Board shall establish a corrective action plan process for any school that does not meet the standards established by the Board. Such process shall require (i) (a) each school board to submit a corrective action plan for any school in the local school division that does not meet the standards established by the Board and (ii) (b) any school board that fails to demonstrate progress in developing or implementing any such corrective action plan to enter into a memorandum of understanding with the Board.

When the Board determines through its review process that the failure of schools within a division to meet the standards established by the Board is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall enter into a memorandum of understanding with the Board and shall subsequently submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division meet the standards established by the Board. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to meet the standards established by the Board, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

B. The Superintendent of Public Instruction shall develop ~~and the~~ *subject to revision by the* Board of Education shall approve, criteria for determining and recognizing educational performance in the Commonwealth's public local school divisions and public schools. ~~Such~~ *The portion of such* criteria, ~~when approved, that measures individual student growth~~ shall become an integral part of the accreditation process and shall include student outcome measurements for schools in which any grade level in the grade three through eight range is taught. The Superintendent of Public Instruction shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance *and individual student growth* in the school divisions, the Board shall include

consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance *and individual student growth* in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. ~~The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later~~ *In lieu of a one-time end-of-year assessment, the Board shall establish, for the purpose of providing measures of individual student growth over the course of the school year, a through-year growth assessment system, aligned with the Standards of Learning, for the administration of reading and mathematics assessments in grades three through eight. Such through-year growth assessment system shall include at least one beginning-of-year, one mid-year, and one end-of-year assessment in order to provide individual student growth scores over the course of the school year, but the total time scheduled for taking all such assessments shall not exceed 150 percent of the time scheduled for taking a single end-of-year proficiency assessment. The Department shall ensure adequate training for teachers and principals on how to interpret and use student growth data from such assessments to improve reading and mathematics instruction in grades three through eight throughout the school year.*

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Department shall make available to school divisions Standards of Learning assessments typically administered by high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Board shall include in the student outcome *and growth* measures that are required by the ~~Standards for Accreditation end-of-course or end-of-grade standards of accreditation~~ *the required* assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

~~The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.~~

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) (i) reading and mathematics in grades three and four; (b) (ii) reading, mathematics, and science in grade five; (c) (iii) reading and mathematics in grades six and seven; (d) (iv) reading, writing, and mathematics in grade eight; (e) (v) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) (vi) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board. *The reading and mathematics assessments administered to students in grades three through eight shall be through-year growth assessments.*

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) (a) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) (b) permit and encourage integrated assessments that include multiple subject areas; and (3) (c) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of ~~Education~~ shall award recovery credit to any student in grades three through eight who ~~fails~~ *performs below grade level* on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and ~~passes~~ *performs at or above grade level* on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of ~~Education~~ shall ~~(A)~~ *(1)* develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; ~~(B)~~ *(2)* select appropriate industry certification and state licensure examinations; and ~~(C)~~ *(3)* prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the ~~Virginia Department of Education~~ shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of ~~Education~~, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of ~~Education~~. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of ~~Education~~ or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of ~~Education~~ shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of ~~Education~~ may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of ~~Education~~ shall provide notice to local school boards regarding such special provisions.

The Board of ~~Education~~ shall not include in its calculation of the passage rate of *for a Standards of Learning assessment or the level of achievement of the Standards of Learning objectives for an individual student growth assessment* for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board of ~~Education~~ may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of ~~Education~~ may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and

state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year data, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's Department's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's Board's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards for Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

2. That the provisions of subsection C of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, shall be fully implemented in each local school division in the Commonwealth no later than the 2022-2023 school year. CHAPTER 445

[H 2063]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 40.1-29 and 40.1-29.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 40.1-29.2 as follows:

§ 40.1-29. Time and medium of payment; withholding wages; written statement of earnings; agreement for forfeiture of wages; proceedings to enforce compliance; penalties.

A. All employers operating a business shall establish regular pay periods and rates of pay for employees except executive personnel. All such employers shall pay salaried employees at least once each month and employees paid on an hourly rate at least once every two weeks or twice in each month, except that (i) a student who is currently enrolled in a work-study program or its equivalent administered by any secondary school, institution of higher education, or trade school, and (ii) employees whose weekly wages total more than 150 percent of the average weekly wage of the Commonwealth as defined in § 65.2-500, upon agreement by each affected employee, may be paid once each month if the institution or employer so chooses. Upon termination of employment an employee shall be paid all wages or salaries due him for work performed prior thereto; such payment shall be made on or before the date on which he would have been paid for such work had his employment not been terminated.

B. Payment of wages or salaries shall be (i) in lawful money of the United States, (ii) by check payable at face value upon demand in lawful money of the United States, (iii) by electronic automated fund transfer in lawful money of the United States into an account in the name of the employee at a financial institution designated by the employee, or (iv) by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds with full written disclosure by the employer of any applicable fees and affirmative consent thereto by the employee. However, an employer that elects not to pay wages or salaries in accordance with clause (i) or (ii) to an employee who is hired after January 1, 2010, shall be permitted to pay wages or salaries by credit to a prepaid debit card or card account in accordance with clause (iv), even though such employee has not affirmatively consented thereto, if the employee fails to designate an account at a financial institution in accordance with clause (iii) and the employer arranges for such card or card account to be issued through a network system through which the employee shall have the ability to make at least one free withdrawal or transfer per pay period, which withdrawal may be for any sum in such card or card account as the employee may elect, using such card or card account at financial institutions participating in such network system.

C. No employer shall withhold any part of the wages or salaries of any employee except for payroll, wage or withholding taxes or in accordance with law, without the written and signed authorization of the employee. On each regular pay date, each employer, other than an employer engaged in agricultural employment including agribusiness and forestry, shall provide to each employee a written statement, by a paystub or online accounting, that shows the name and address of the employer; the number of hours worked during the pay period if the employee is paid on the basis of (i) the number of hours worked or (ii) a salary that is less than the standard salary level adopted by regulation of the U.S. Department of Labor pursuant to § 13(a)(1) of the federal Fair Labor Standards Act, 29 U.S.C. § 213(a)(1), as amended, establishing an exemption from the Act's overtime premium pay requirements; the rate of pay; the gross wages earned by the employee during the pay period; and the amount and purpose of any deductions therefrom. The paystub or online accounting shall include sufficient information to enable the employee to determine how the gross and net pay were calculated. An employer engaged in agricultural employment including agribusiness and forestry, upon request of its employee, shall furnish the employee a written statement of the gross wages earned by the employee during any pay period and the amount and purpose of any deductions therefrom.

D. No employer shall require any employee, except executive personnel, to sign any contract or agreement which provides for the forfeiture of the employee's wages for time worked as a condition of employment or the continuance therein, except as otherwise provided by law.

E. An employer who willfully and with intent to defraud fails or refuses to pay wages in accordance with this section or § 40.1-29.2, unless the failure to pay was because of a bona fide dispute between the employer and its employee:

1. To an employee or employees is guilty of a Class 1 misdemeanor if the value of the wages earned and not paid by the employer is less than \$10,000; and

2. To an employee or employees is guilty of a Class 6 felony (i) if the value of the wages earned and not paid is \$10,000 or more or (ii) regardless of the value of the wages earned and not paid, if the conviction is a second or subsequent conviction under this section or § 40.1-29.2.

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section and § 40.1-29.2.

F. The Commissioner may require a written complaint of the violation of this section or § 40.1-29.2 and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section or § 40.1-29.2, and to collect any moneys unlawfully withheld from such employee which that shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess attorney fees of one-third of the amount set forth in the final order or judgment.

G. In addition to being subject to any other penalty provided by the provisions of this section, any employer who fails to make payment of wages in accordance with subsection A or § 40.1-29.2 shall be liable for the payment of all wages due,

and an additional equal amount as liquidated damages, plus interest at an annual rate of eight percent accruing from the date the wages were due.

H. Any employer who knowingly fails to make payment of wages in accordance with subsection A or § 40.1-29.2 shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that ~~he~~ *the Commissioner* alleges has violated any provision of this section or § 40.1-29.2 by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

I. Final orders of the Commissioner, the general district courts, or the circuit courts may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

J. In addition to any civil or criminal penalty provided by this section, and without regard to any exhaustion of alternative administrative remedies provided for in this section, if an employer fails to pay wages to an employee in accordance with this section or § 40.1-29.2, the employee may bring an action, individually, jointly, with other aggrieved employees, or on behalf of similarly situated employees as a collective action consistent with the collective action procedures of the Fair Labor Standards Act, 29 U.S.C. § 216(b), against the employer in a court of competent jurisdiction to recover payment of the wages, and the court shall award the wages owed, an additional equal amount as liquidated damages, plus prejudgment interest thereon as provided in subsection G, and reasonable attorney fees and costs. If the court finds that the employer knowingly failed to pay wages to an employee in accordance with this section or § 40.1-29.2, the court shall award the employee an amount equal to triple the amount of wages due and reasonable attorney fees and costs.

K. As used in this section, a person acts "knowingly" if the person, with respect to information, (i) has actual knowledge of the information, (ii) acts in deliberate ignorance of the truth or falsity of the information, or (iii) acts in reckless disregard of the truth or falsity of the information. Establishing that a person acted knowingly shall not require proof of specific intent to defraud.

L. An action under this section or § 40.1-29.2 shall be commenced within three years after the cause of action accrued. The period for filing is tolled upon the filing of an administrative action under subsection F until the employee has been informed that the action has been resolved or until the employee has withdrawn the complaint, whichever is sooner.

§ 40.1-29.1. Investigations of employers for nonpayment of wages.

If in the course of an investigation of a complaint of an employer's failure or refusal to pay wages in accordance with the requirements of § 40.1-29 or 40.1-29.2, the Commissioner acquires information creating a reasonable belief that other employees of the same employer may not have been paid wages in accordance with such requirements, the Commissioner shall have the authority to investigate whether the employer has failed or refused to make any required payment of wages to other employees of the employer as required by § 40.1-29 or 40.1-29.2. If the Commissioner finds in the course of such investigation that the employer has violated a provision of § 40.1-29 or 40.1-29.2, the Commissioner may institute proceedings on behalf of any employee against his employer. Such proceedings shall be undertaken in accordance with the provisions of § 40.1-29, except that the Commissioner shall not require a written complaint of the violation or the written and signed consent of any employee as a condition of instituting such proceedings.

§ 40.1-29.2. Virginia Overtime Wage Act.

A. As used in this section:

"Employ" includes to permit or suffer to work.

"Employee" means any individual employed by an employer, including employees of derivative carriers within the meaning of the federal Railway Labor Act, 45 U.S.C. § 151 et seq. "Employee" does not include the following: (i) any individual who volunteers solely for humanitarian, religious, or community service purposes for a public body, church, or nonprofit organization that does not otherwise employ such individual, (ii) any person who is exempt from the federal overtime wage pursuant to 29 U.S.C. § 213(a), and (iii) any person who meets the exemptions set forth in 29 U.S.C. § 213(b)(1) or 213(b)(11).

"Employer" means any person acting directly or indirectly in the interest of an employer in relation to an employee. "Employer" does not include any labor organization, other than when acting as an employer; anyone acting in the capacity of officer or agent of such labor organization; or any carrier subject to the federal Railway Labor Act, 45 U.S.C. §§ 151 through 188, except derivative carriers within the meaning of the federal Railway Labor Act.

"Person" means an individual, partnership, association, corporation, business trust, legal representative, any organized group of persons, or the Commonwealth, any of its constitutional officers, agencies, institutions, or political subdivisions, or any public body. This definition constitutes a waiver of sovereign immunity by the Commonwealth.

"Wages" means the same as that term is defined in § 40.1-28.9.

"Workweek" means a fixed and regularly occurring period of 168 hours or seven consecutive 24-hour periods. It need not coincide with the calendar week and may begin on any day and at any hour. The beginning of the workweek may be changed if the change is intended to be permanent and is not designed to evade the overtime requirements of this section.

B. For any hours worked by an employee in excess of 40 hours in any one workweek, an employer shall pay such employee an overtime premium at a rate not less than one and one-half times the employee's regular rate, pursuant to 29 U.S.C. § 207. An employee's regular rate shall be calculated as follows:

1. For employees paid on an hourly basis, the regular rate is the hourly rate of pay plus any other non-overtime wages paid or allocated for that workweek, excluding any amounts that are excluded from the regular rate by the federal Fair Labor Standards Act, 29 U.S.C. § 201 et seq., and its implementing regulations, divided by the total number of hours worked in that workweek.

2. For employees paid on a salary or other regular basis, the regular rate is one-fortieth of all wages paid for that workweek.

C. For fire protection or law-enforcement employees of any public sector employer for whom 29 U.S.C. § 207(k) applies, such employer shall pay an overtime premium as set forth in this section for (i) all hours worked in excess of the threshold set forth in 20 U.S.C. § 207(k) and (ii) any additional hours such employee worked or received as paid leave as set forth in subsection A of § 9.1-701.

D. An employer may assert an exemption to the overtime requirement of this section for employees who meet the exemptions set forth in 29 U.S.C. § 213(a)(1) or for employees who meet the exemptions set forth in 29 U.S.C. §§ 213(b)(1) or 213(b)(11).

E. No agency, institution, political subdivision, or public body that complies with the requirements of 29 U.S.C. § 207(k) and § 9.1-701 shall be deemed to have violated subsection B with respect to fire suppression or law-enforcement employees covered by such statutes.

F. Any employer that violates the overtime wage requirements of this section shall be liable to the employee for all remedies, damages, or other relief available in an action brought under subsection J of § 40.1-29.

G. Any action pursuant to this section shall be commenced within three years after the cause of action accrues.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1289 of the Acts of Assembly of 2020 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

1. That § 2.2-208.1 of the Code of Virginia is amended and reenacted as follows:

The Committee should consider different sources of revenue and establish long-term goals and targets for affordable access to quality care and education for all birth-to-five children in the Commonwealth. D. Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments. All legislative members and nonlegislative citizen members may be reappointed.

E. After the initial staggering of terms, legislative members and nonlegislative citizen members shall be appointed for terms of three years.

F. No legislative member or nonlegislative citizen member shall serve more than two consecutive three-year terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's eligibility for reappointment.

[H 2137]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 3 of Title 40.1 an article numbered 2.1, consisting of sections numbered 40.1-33.3 through 40.1-33.6, as follows:

Article 2.1.

Paid Sick Leave.

§ 40.1-33.3. Definitions.

As used in this article, unless the context requires a different meaning:

"Employee" means a home health worker who works on average at least 20 hours per week or 90 hours per month.

"Employee" does not include an individual who (i) is licensed, registered, or certified by a health regulatory board within the Department of Health Professions; (ii) is employed by a hospital licensed by the Department of Health; and (iii) works, on average, no more than 30 hours per month.

"Employer" has the same meaning as provided in § 40.1-2. "Employer" does not include any agency of the federal government.

"Family member" means:

1. Regardless of age, a biological child, adopted or foster child, stepchild, legal ward, child to whom the employee stands in loco parentis, or individual to whom an employee stood in loco parentis when the individual was a minor;

2. A biological parent, foster parent, stepparent, adoptive parent, legal guardian of an employee or an employee's spouse, or individual who stood in loco parentis to an employee when the employee or employee's spouse was a minor child;

3. An individual to whom an employee is legally married under the laws of any state;

4. A grandparent, grandchild, or sibling, whether of a biological, foster, adoptive, or step relationship, of an employee or the employee's spouse;

5. An individual for whom an employee is responsible for providing or arranging care, including helping that individual obtain diagnostic, preventive, routine, or therapeutic health treatment; or

6. Any other individual related by blood or affinity whose close association with an employee is the equivalent of a family relationship.

"Home health worker" means an individual who provides personal care, respite, or companion services to an individual who receives consumer-directed services under the state plan for medical assistance services.

"Paid sick leave" means leave that is compensated at the same hourly rate and with the same benefits, including health care benefits, as an employee normally earns during hours worked and is provided by an employer to an employee for the purposes described in § 40.1-33.5; however, such hourly rate shall not be less than the minimum wage amount set forth in § 40.1-28.10 without reduction for any tip credit that the employer would otherwise be permitted to claim.

§ 40.1-33.4. Accrual of paid sick leave.

A. All employees shall accrue a minimum of one hour of paid sick leave for every 30 hours worked. Paid sick leave shall be carried over to the year following the year in which it was accrued. An employee shall not accrue or use more than 40 hours of paid sick leave in a year, unless the employer selects a higher limit.

B. Employees who are exempt from overtime requirements under 29 U.S.C. § 213(a)(1) of the federal Fair Labor Standards Act, 29 U.S.C. § 201 et seq., will be assumed to work 40 hours in each workweek for purposes of paid sick leave accrual unless their normal workweek is less than 40 hours, in which case paid sick leave accrues on the basis of that normal workweek.

C. Paid sick leave as provided in this section shall begin to accrue at the commencement of employment. An employer may provide all paid sick leave that an employee is expected to accrue in a year at the beginning of the year.

D. Any employer with a paid leave policy, such as a paid time off policy, that provides an employee an amount of paid leave sufficient to meet the requirements of this section and that may be used for the same purposes and under the same conditions as paid sick leave under this article shall not be required to provide additional paid sick leave to any employee that is eligible for paid leave under the policy.

E. Any employer that has entered into a bona fide collective bargaining agreement that requires the employer to provide an amount of paid leave sufficient to meet the requirements of this section and that may be used for the same purposes and under the same conditions as paid sick leave under this article shall not be required to provide additional paid sick leave to any employee covered by such collective bargaining agreement.

§ 40.1-33.5. Use of paid sick leave.

A. Paid sick leave shall be provided to an employee by an employer for:

1. An employee's mental or physical illness, injury, or health condition; an employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or an employee's need for preventive medical care; or

2. Care of a family member with a mental or physical illness, injury, or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or care of a family member who needs preventive medical care.

B. Paid sick leave shall be provided upon the request of an employee. Such request may be made orally, in writing, by electronic means, or by any other means acceptable to the employer. When possible, the request shall include the expected duration of the absence.

C. When the use of paid sick leave is foreseeable, the employee shall make a good faith effort to provide notice of the need for such leave to the employer in advance of the use of the paid sick leave and shall make a reasonable effort to schedule the use of paid sick leave in a manner that does not unduly disrupt the operations of the employer.

D. An employer that requires notice of the need to use paid sick leave shall provide a written policy that contains procedures for its employees to provide notice. An employer that has not provided to an employee a copy of its written policy for providing such notice shall not deny paid sick leave to the employee based on noncompliance with such a policy.

E. An employer shall not require, as a condition of an employee's taking paid sick leave, that an employee search for or find a replacement worker to cover the hours during which the employee is using paid sick leave. An employer shall not require an employee to work an alternate shift to make up for the use of sick leave.

F. For paid sick leave of three or more consecutive work days, an employer may require reasonable documentation that the paid sick leave has been used for a purpose for which such leave is required to be provided as set forth in subsection A.

§ 40.1-33.6. Retaliatory action prohibited.

No employer shall discharge, discipline, threaten, discriminate against, or penalize an employee, or take other retaliatory action regarding an employee's compensation, terms, conditions, location, or privileges of employment, because the employee (i) has requested or exercised the benefits provided for in this article or (ii) has alleged a violation of this article.

§ 22.1-291.4. Bullying and abusive work environments prohibited.

A. As used in this section:

"Abusive conduct" means conduct of a school board employee in the workplace that a reasonable person would find hostile and that is severe enough to cause physical harm or psychological harm to another school board employee based on a determination in which the following factors are considered: the severity, nature, and frequency of the conduct and, when applicable, the continuation of the conduct after a school board employee requests that it cease or demonstrates outward signs of physical harm or psychological harm in the face of the conduct. "Abusive conduct" includes verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; the gratuitous sabotage or undermining of another school board employee's work performance; attempts to exploit another school board employee's known psychological or physical vulnerability; or repeated infliction of verbal abuse, such as the use of derogatory remarks,

insults, or epithets. "Abusive conduct" does not include (i) a single act, unless it is especially severe, or (ii) conduct that the school board proves with clear and convincing evidence is necessary for the furtherance of its legitimate and lawful interests.

"Abusive work environment" means a workplace in a school division in which abusive conduct occurs.

"Physical harm" means a material impairment of a school board employee's physical health or bodily integrity, as documented by a licensed physician or another licensed health care provider.

"Psychological harm" means a material impairment of a school board employee's mental health, as documented by a licensed psychologist, psychiatrist, or psychotherapist or another licensed mental health care provider.

B. Each school board shall implement policies and procedures to educate school board employees about bullying, as defined in § 22.1-276.01, and the need to create a bully-free environment.

B- C. Each school board shall adopt policies to:

1. Prohibit abusive work environments in the school division;

2. Provide for the appropriate discipline of any school board employee who contributes to an abusive work environment; and

3. Prohibit retaliation or reprisal against a school board employee who alleges an abusive work environment or assists in the investigation of an allegation of an abusive work environment.

D. Nothing in this section shall be construed to limit a school board's authority to adopt policies to prohibit any other type of workplace conduct as the school board deems necessary.

CHAPTER 451

An Act to amend and reenact §§ 22.1-214, 22.1-215, 22.1-253.13:4, and 22.1-298.1 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-214.4, relating to the Department of Education and the Board of Education; special education.

[H 2299]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-214, 22.1-215, 22.1-253.13:4, and 22.1-298.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-214.4 as follows:

§ 22.1-214. Board to prepare special education program for children with disabilities.

A. The Board of Education shall prepare and supervise the implementation by each school division of a program of special education designed to educate and train children with disabilities between the ages defined in § 22.1-213 and may prepare and place in operation such program for such individuals of other ages. The program developed by the Board of Education shall be designed to ensure that all children with disabilities have available to them a free and appropriate education, including specially designed instruction to meet the unique needs of such children. The program shall require (i) that the hearing of each disabled child be tested prior to placement in a special education program and (ii) that a complete audiological assessment, including tests that will assess inner and middle ear functioning, be performed on each child who is deaf or hard of hearing or who fails the test required in clause (i). The school boards of the several school divisions, the Department for the Blind and Vision Impaired, the Department for the Deaf and Hard-of-Hearing, the Department of Health, and other state and local agencies that can or may be able to assist in providing educational and related services shall assist and cooperate with the Board of Education in the development of such program.

B. The Board of Education shall prescribe procedures to afford due process to children with disabilities and their parents or guardians and to school divisions in resolving disputes as to program placements, individualized education programs, tuition eligibility and other matters as defined in state or federal statutes or regulations. These procedures shall encourage the use of mediation as an informal means of resolving such disputes. Mediation shall not, however, be used to deny or delay the due process rights of parents or guardians. The procedures shall require that all testimony be given under oath or affirmation administered by the hearing officer.

C. The Board of Education may provide for final decisions to be made by a hearing officer. The parents and the school division shall have the right to be represented by legal counsel or other representative before such hearing officer without being in violation of the provisions of § 54.1-3904.

D. Any party aggrieved by the findings and decision made pursuant to the procedures prescribed pursuant to subsections B and C may, within 180 days of such findings and decision, bring a civil action in the circuit court for the jurisdiction in which the school division is located. In any such action, the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and basing its decision on the preponderance of the evidence, shall grant such relief as the court determines appropriate.

D1. In any action brought pursuant to subsection D, the court, in its discretion, may award reasonable attorney fees as part of the costs (i) to a prevailing party who is the parent of a child with a disability; (ii) to a prevailing party who is the Board of Education or a local school division against the attorney of a parent who files a complaint or a subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or (iii) to a prevailing party who is the Board of Education or a local school division against the attorney of a parent, or against the parent, if the parent's complaint

or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cause of litigation.

Attorney fees may not be awarded relating to any meeting of the ~~Individualized Education Plan~~ *individualized education program* (IEP) ~~Team~~ *team* unless such meeting is convened as a result of an administrative proceeding or judicial action, or, at the discretion of the State, for a mediation described in subsection B.

E. Whenever the Board of Education, in its discretion, determines that a school division fails to establish and maintain programs of free and appropriate public education that comply with regulations established by the Board, the Board may withhold all special education moneys from the school division and may use the payments that would have been available to such school division to provide special education, directly or by contract, to eligible children with disabilities in such manner as the Board considers appropriate.

F. The Board of Education shall supervise educational programs for children with disabilities by other public agencies and shall ensure that the identification, evaluation, and placement of children with disabilities and youth in education programs by other public agencies, as appropriate, are consistent with the provisions of the Board of Education's special education regulations.

G. The Board of Education shall prescribe regulations to provide a range of assessment procedures for the evaluation of children with disabilities. These regulations shall include provision for parents to participate, if they so request, in the consideration of the assessment components to be used. However, such regulations shall not require any local school board to exceed the requirements of federal law or regulations for the identification and evaluation of children with disabilities.

§ 22.1-214.4. Certain duties of Department.

The Department shall:

1. *Provide training and guidance documents to local school divisions on the development of individualized education programs (IEPs) for children with disabilities that incorporate specific examples of high-quality present level of performance descriptions, annual goals, and postsecondary transition sections.*

2. *Develop a required training module for each individual who participates in an IEP meeting that comprehensively addresses and explains in detail (i) each IEP team member's respective role in the IEP meeting, (ii) the IEP development process, and (iii) components of effective IEPs. The training module shall be required for all IEP participants, with the exception of parents, prior to participating in an IEP meeting and at regular intervals thereafter.*

3. *Annually conduct structured reviews of a sample of IEPs from a sufficiently large sample of local school divisions to verify that the IEPs are in compliance with state and federal laws and regulations governing IEP content, and provide a summary report of the findings of such reviews and recommendations regarding any necessary corrective actions to the reviewed divisions' superintendents, special education directors, school board chairs and vice-chairs, and local special education advisory committees. In reviewing local school divisions' IEPs, the Department shall determine whether the special education and related services, supplementary aids and services, and program modifications that will be provided to enable students with disabilities to participate in nonacademic and extracurricular activities are sufficient, and include its findings and corrective actions in the summary reports it provides to the reviewed local school divisions' superintendents, special education directors, and school board members. Nothing in this section shall be construed to (i) direct the Department to make determinations regarding whether a particular IEP provides a free appropriate public education to any individual student or (ii) authorize the Department to override a parent's consent to proposed revisions to an individual student's IEP. In determining corrective actions, the Department shall make recommendations to the relevant school division regarding, among other things, those individual IEPs for which the IEP team should convene to consider revisions necessary to incorporate content required by special education regulations. For those individual IEPs for which the Department recommends that the IEP team should convene to consider such revisions, the relevant school division shall notify the relevant parents or caregivers of the recommendations issued in the summary report of the structured review conducted pursuant to this subdivision.*

4. *Develop and maintain a statewide plan for improving (i) its ongoing oversight of local practices related to transition planning and services for children with disabilities and (ii) technical assistance and guidance provided for postsecondary transition planning and services for children with disabilities. At a minimum, such plan shall articulate how the Department will reliably and comprehensively assess the compliance and quality of transition plans for children with disabilities on an ongoing basis and communicate findings to local school division staff and local school boards. The Department shall, no later than December 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.*

5. *Develop and maintain a statewide strategic plan for recruiting and retaining special education teachers. At a minimum, such plan shall (i) use data analyses to determine the specific staffing needs of each local school division on an ongoing basis; (ii) evaluate the potential effectiveness of strategies for addressing recruitment and retention challenges, including tuition assistance, differentiated pay for special education teachers, and the expansion of special education teacher mentorships; and (iii) estimate the costs of implementing each such strategy, including the extent to which federal funds could be used to support implementation. The Department shall, no later than November 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.*

§ 22.1-215. School divisions to provide special education; plan to be submitted to Board.

Each school division shall provide free and appropriate education, including special education, for (i) the children with disabilities residing within its jurisdiction and (ii) the children with disabilities who do not reside within its jurisdiction but reside in the Commonwealth and are enrolled in a full-time virtual school program provided by the school division, in accordance with regulations of the Board of Education. A school division that is required to provide a free and appropriate education, including special education, for a nonresident student who is enrolled in its full-time virtual school program pursuant to this section shall be entitled to any federal and state funds applicable to the education of such student. In the case of a student who is a resident of the Commonwealth but does not reside in the school division in which he is enrolled in a full-time virtual school program, the school division in which the student resides shall be released from the obligation to provide a free and appropriate education, including special education, for such student.

For the purposes of this section, "children with disabilities, residing within its jurisdiction" shall include: (a) those individuals of school age identified as appropriate to be placed in public school programs who are residing in a state facility operated by the Department of Behavioral Health and Developmental Services located within the school division, or (b) those individuals of school age who are Virginia residents and are placed and living in a foster care home or child-caring institution or group home located within the school division and licensed under the provisions of Chapter 17 (§ 63.2-1700 et seq.) of Title 63.2 as a result of being in the custody of a local department of social services or welfare or being privately placed, not solely for school purposes.

The Board of Education shall promulgate regulations to identify those children placed within facilities operated by the Department of Behavioral Health and Developmental Services who are eligible to be appropriately placed in public school programs.

The cost of the education provided to children residing in state facilities who are appropriate to place within the public schools shall remain the responsibility of the Department of Behavioral Health and Developmental Services. The cost of the education provided to children who are not residents of the Commonwealth and are placed and living in a foster care home or child-caring institution or group home located within the school division and licensed under the provisions of Chapter 17 (§ 63.2-1700 et seq.) of Title 63.2 shall be billed to the sending agency or person by the school division as provided in subsection C of § 22.1-5. No school division shall refuse to educate any such child or charge tuition to any such child.

Each school division shall submit to the Board of Education in accordance with the schedule and by the date specified by the Board, a plan acceptable to the Board for such education for the period following and a report indicating the extent to which the plan required by law for the preceding period has been implemented. However, the schedule specified by the Board shall not require plans to be submitted more often than annually unless changes to the plan are required by federal or state law or regulation.

Each local school division shall complete a self-assessment and action planning instrument addressing inclusion practices, as developed by the Department, once every three years and report the results of the assessment and plans for improvement to the Department, the division's superintendent, the division's special education director, and the chairs of the local school board and local special education advisory committee.

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards. *The Board shall develop and implement statewide requirements for earning an Applied Studies diploma for implementation at the beginning of the 2022–2023 school year.*

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

Each local school board shall provide guidance from the Department to parents of students with disabilities regarding the Applied Studies diploma and its limitations at a student's annual individualized education program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students (i) complete an Advanced Placement, honors, International Baccalaureate, or dual enrollment course; (ii) complete a high-quality work-based learning experience, as defined by the Board; or (iii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department of Education shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully

completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

§ 22.1-298.1. Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the communication and literacy assessment and the content-area assessment for the endorsement sought; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

2. For any spouse of an active duty member of the Armed Forces of the United States or the Commonwealth who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. No service requirements or licensing assessments shall be required for any such individual.

L. The Board shall include in its regulations an alternate route to licensure for elementary education preK-6 and an alternate route to licensure for special education general curriculum K-12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

M. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

N. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

2. That the Department of Education shall (i) conduct a one-time targeted review of the transition sections of a random sample of students' individualized education programs (IEPs) in each local school division; (ii) communicate its findings to each local school division, school board, and local special education advisory committee; and (iii) ensure that local school divisions correct any IEPs that are found to be out of compliance no later than the end of the 2021-2022 school year. 4. That the Department of Education shall develop guidance, in multiple languages, for students and parents conveying (i) the limitations of the applied studies diploma, (ii) key curriculum and testing decisions that reduce the likelihood that a student will be able to obtain a standard diploma, and (iii) a statement that the pursuit of an applied studies diploma may preclude a student's ability to pursue a standard diploma.

8. That the Department of Education shall develop policies and procedures for considering and addressing credible allegations of local education agency (LEA) noncompliance with the requirements of the Individuals with Disabilities Education Act (P.L. 101-476) that do not meet the current regulatory standard for state complaints. Such policies and procedures shall include expectations and mechanisms for collaboration between the Office of Dispute Resolution and Administrative Services and the Office of Special Education Program Improvement in the Division of Special Education and Student Services at the Department of Education to investigate and resolve such credible allegations of noncompliance that do not qualify for state complaint investigations.

The Department of Education shall present its plan to the Senate Committee on Education and Health, the House Committee on Education, and the Joint Legislative Audit and Review Commission no later than November 1, 2021.
12. That the Department of Education shall study the need for and feasibility of allowing parents to provide partial consent to the initial implementation of their child's individualized education program (IEP), including an assessment of the use of partial parental consent in other states and by school divisions in the Commonwealth. The Department shall issue a report of its findings to the Board of Education and the House Committee on Education and Senate Committee on Education and Health by December 31, 2021.
13. That the requirement that every person seeking renewal of a license as a teacher shall complete training in the instruction of students with disabilities that includes (i) differentiating instruction for students depending on their needs; (ii) understanding the role of general education teachers on the individualized education program team; (iii) implementing effective models of collaborative instruction, including co-teaching; and (iv) understanding the goals and benefits of inclusive education for all students, as set out in § 22.1-298.1 of the Code of Virginia, as amended by the act, shall have a delayed effective date of July 1, 2022.
14. That the Board of Education shall amend its Regulations Governing Special Education Programs for Children with Disabilities in Virginia (8VAC20-81) to include a provision requiring that, if a school division develops a draft individualized education program (IEP) prior to a scheduled IEP meeting, it shall provide such draft IEP to the parents at least two business days in advance of such IEP meeting. Such requirement to provide such draft IEP to the parents at least two business days in advance of such IEP meeting shall become effective no later than the start of the 2022-2023 school year.
15. That the requirement for all IEP participants, with the exception of parents, to participate in the training module developed by the Department of Education pursuant to subdivision 2 of § 22.1-214.4 of the Code of Virginia, as created by this act, prior to participating in an IEP meeting and at regular intervals thereafter shall become effective no later than the start of the 2022-2023 school year.

16. That the requirement for each local school division to complete and report the results of a self-assessment and action planning instrument as set forth in § 22.1-215 of the Code of Virginia, as amended by this act, shall become effective no later than the start of the 2022–2023 school year.

CHAPTER 452

An Act to amend and reenact §§ 22.1-214, 22.1-215, 22.1-253.13:4, and 22.1-298.1 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-214.4, relating to the Department of Education and the Board of Education; special education.

[S 1288]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-214, 22.1-215, 22.1-253.13:4, and 22.1-298.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-214.4 as follows:

§ 22.1-214. Board to prepare special education program for children with disabilities.

A. The Board of Education shall prepare and supervise the implementation by each school division of a program of special education designed to educate and train children with disabilities between the ages defined in § 22.1-213 and may prepare and place in operation such program for such individuals of other ages. The program developed by the Board of Education shall be designed to ensure that all children with disabilities have available to them a free and appropriate education, including specially designed instruction to meet the unique needs of such children. The program shall require (i) that the hearing of each disabled child be tested prior to placement in a special education program and (ii) that a complete audiological assessment, including tests that will assess inner and middle ear functioning, be performed on each child who is deaf or hard of hearing or who fails the test required in clause (i). The school boards of the several school divisions, the Department for the Blind and Vision Impaired, the Department for the Deaf and Hard-of-Hearing, the Department of Health, and other state and local agencies that can or may be able to assist in providing educational and related services shall assist and cooperate with the Board of Education in the development of such program.

B. The Board of Education shall prescribe procedures to afford due process to children with disabilities and their parents or guardians and to school divisions in resolving disputes as to program placements, individualized education programs, tuition eligibility and other matters as defined in state or federal statutes or regulations. These procedures shall encourage the use of mediation as an informal means of resolving such disputes. Mediation shall not, however, be used to deny or delay the due process rights of parents or guardians. The procedures shall require that all testimony be given under oath or affirmation administered by the hearing officer.

C. The Board of Education may provide for final decisions to be made by a hearing officer. The parents and the school division shall have the right to be represented by legal counsel or other representative before such hearing officer without being in violation of the provisions of § 54.1-3904.

D. Any party aggrieved by the findings and decision made pursuant to the procedures prescribed pursuant to subsections B and C may, within 180 days of such findings and decision, bring a civil action in the circuit court for the jurisdiction in which the school division is located. In any such action, the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and basing its decision on the preponderance of the evidence, shall grant such relief as the court determines appropriate.

D1. In any action brought pursuant to subsection D, the court, in its discretion, may award reasonable attorney fees as part of the costs (i) to a prevailing party who is the parent of a child with a disability; (ii) to a prevailing party who is the Board of Education or a local school division against the attorney of a parent who files a complaint or a subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or (iii) to a prevailing party who is the Board of Education or a local school division against the attorney of a parent, or against the parent, if the parent's complaint or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cause of litigation.

Attorney fees may not be awarded relating to any meeting of the ~~Individualized Education Plan~~ *individualized education program* (IEP) ~~Team~~ *team* unless such meeting is convened as a result of an administrative proceeding or judicial action, or, at the discretion of the State, for a mediation described in subsection B.

E. Whenever the Board of Education, in its discretion, determines that a school division fails to establish and maintain programs of free and appropriate public education that comply with regulations established by the Board, the Board may withhold all special education moneys from the school division and may use the payments that would have been available to such school division to provide special education, directly or by contract, to eligible children with disabilities in such manner as the Board considers appropriate.

F. The Board of Education shall supervise educational programs for children with disabilities by other public agencies and shall ensure that the identification, evaluation, and placement of children with disabilities and youth in education programs by other public agencies, as appropriate, are consistent with the provisions of the Board of Education's special education regulations.

G. The Board of Education shall prescribe regulations to provide a range of assessment procedures for the evaluation of children with disabilities. These regulations shall include provision for parents to participate, if they so request, in the consideration of the assessment components to be used. However, such regulations shall not require any local school board to exceed the requirements of federal law or regulations for the identification and evaluation of children with disabilities.

§ 22.1-214.4. Certain duties of Department.

The Department shall:

1. *Provide training and guidance documents to local school divisions on the development of individualized education programs (IEPs) for children with disabilities that incorporate specific examples of high-quality present level of performance descriptions, annual goals, and postsecondary transition sections.*

2. *Develop a required training module for each individual who participates in an IEP meeting that comprehensively addresses and explains in detail (i) each IEP team member's respective role in the IEP meeting, (ii) the IEP development process, and (iii) components of effective IEPs. The training module shall be required for all IEP participants, with the exception of parents, prior to participating in an IEP meeting and at regular intervals thereafter.*

3. *Annually conduct structured reviews of a sample of IEPs from a sufficiently large sample of local school divisions to verify that the IEPs are in compliance with state and federal laws and regulations governing IEP content, and provide a summary report of the findings of such reviews and recommendations regarding any necessary corrective actions to the reviewed divisions' superintendents, special education directors, school board chairs and vice-chairs, and local special education advisory committees. In reviewing local school divisions' IEPs, the Department shall determine whether the special education and related services, supplementary aids and services, and program modifications that will be provided to enable students with disabilities to participate in nonacademic and extracurricular activities are sufficient, and include its findings and corrective actions in the summary reports it provides to the reviewed local school divisions' superintendents, special education directors, and school board members. Nothing in this section shall be construed to (i) direct the Department to make determinations regarding whether a particular IEP provides a free appropriate public education to any individual student or (ii) authorize the Department to override a parent's consent to proposed revisions to an individual student's IEP. In determining corrective actions, the Department shall make recommendations to the relevant school division regarding, among other things, those individual IEPs for which the IEP team should convene to consider revisions necessary to incorporate content required by special education regulations. For those individual IEPs for which the Department recommends that the IEP team should convene to consider such revisions, the relevant school division shall notify the relevant parents or caregivers of the recommendations issued in the summary report of the structured review conducted pursuant to this subdivision.*

4. *Develop and maintain a statewide plan for improving (i) its ongoing oversight of local practices related to transition planning and services for children with disabilities and (ii) technical assistance and guidance provided for postsecondary transition planning and services for children with disabilities. At a minimum, such plan shall articulate how the Department will reliably and comprehensively assess the compliance and quality of transition plans for children with disabilities on an ongoing basis and communicate findings to local school division staff and local school boards. The Department shall, no later than December 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.*

5. *Develop and maintain a statewide strategic plan for recruiting and retaining special education teachers. At a minimum, such plan shall (i) use data analyses to determine the specific staffing needs of each local school division on an ongoing basis; (ii) evaluate the potential effectiveness of strategies for addressing recruitment and retention challenges, including tuition assistance, differentiated pay for special education teachers, and the expansion of special education teacher mentorships; and (iii) estimate the costs of implementing each such strategy, including the extent to which federal funds could be used to support implementation. The Department shall, no later than November 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.*

§ 22.1-215. School divisions to provide special education; plan to be submitted to Board.

Each school division shall provide free and appropriate education, including special education, for (i) the children with disabilities residing within its jurisdiction and (ii) the children with disabilities who do not reside within its jurisdiction but reside in the Commonwealth and are enrolled in a full-time virtual school program provided by the school division, in accordance with regulations of the Board of Education. A school division that is required to provide a free and appropriate education, including special education, for a nonresident student who is enrolled in its full-time virtual school program pursuant to this section shall be entitled to any federal and state funds applicable to the education of such student. In the case of a student who is a resident of the Commonwealth but does not reside in the school division in which he is enrolled in a full-time virtual school program, the school division in which the student resides shall be released from the obligation to provide a free and appropriate education, including special education, for such student.

For the purposes of this section, "children with disabilities, residing within its jurisdiction" shall include: (a) those individuals of school age identified as appropriate to be placed in public school programs who are residing in a state facility operated by the Department of Behavioral Health and Developmental Services located within the school division, or (b) those individuals of school age who are Virginia residents and are placed and living in a foster care home or child-caring institution or group home located within the school division and licensed under the provisions of Chapter 17 (§ 63.2-1700

et seq.) of Title 63.2 as a result of being in the custody of a local department of social services or welfare or being privately placed, not solely for school purposes.

The Board of Education shall promulgate regulations to identify those children placed within facilities operated by the Department of Behavioral Health and Developmental Services who are eligible to be appropriately placed in public school programs.

The cost of the education provided to children residing in state facilities who are appropriate to place within the public schools shall remain the responsibility of the Department of Behavioral Health and Developmental Services. The cost of the education provided to children who are not residents of the Commonwealth and are placed and living in a foster care home or child-caring institution or group home located within the school division and licensed under the provisions of Chapter 17 (§ 63.2-1700 et seq.) of Title 63.2 shall be billed to the sending agency or person by the school division as provided in subsection C of § 22.1-5. No school division shall refuse to educate any such child or charge tuition to any such child.

Each school division shall submit to the Board of Education in accordance with the schedule and by the date specified by the Board, a plan acceptable to the Board for such education for the period following and a report indicating the extent to which the plan required by law for the preceding period has been implemented. However, the schedule specified by the Board shall not require plans to be submitted more often than annually unless changes to the plan are required by federal or state law or regulation.

Each local school division shall complete a self-assessment and action planning instrument addressing inclusion practices, as developed by the Department, once every three years and report the results of the assessment and plans for improvement to the Department, the division's superintendent, the division's special education director, and the chairs of the local school board and local special education advisory committee.

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards. *The Board shall develop and implement statewide requirements for earning an Applied Studies diploma for implementation at the beginning of the 2022-2023 school year.*

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

Each local school board shall provide guidance from the Department to parents of students with disabilities regarding the Applied Studies diploma and its limitations at a student's annual individualized education program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students (i) complete an Advanced Placement, honors, International Baccalaureate, or dual enrollment course; (ii) complete a high-quality work-based learning experience, as defined by the Board; or (iii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department of Education shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

§ 22.1-298.1. Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area, communication, literacy, and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse; and

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board of Education; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion; and

CHAPTER 454

An Act to amend and reenact §§ 22.1-253.13:2 and 22.1-274 of the Code of Virginia, relating to Standards of Quality.

[§ 1257]

Approved March 30, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-253.13:2 and 22.1-274 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. (Effective until July 1, 2022) Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

D. (Effective July 1, 2022) Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the general appropriation act, shall be provided to support (i) 18.5 full-time equivalent instructional positions in the 2020-2021 school year for each 1,000 students identified as having limited English proficiency and (ii) 20 full-time equivalent instructional positions in the 2021-2022 school year and thereafter for each 1,000 students identified as having limited English proficiency, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention,

Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors:

a. Effective with the 2020-2021 school year, in elementary schools, one hour per day per 75 students, one full-time at 375 students, one hour per day additional time per 75 students or major fraction thereof; in middle schools, one period per 65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof; in high schools, one period per 60 students, one full-time at 300 students, one additional period per 60 students or major fraction thereof.

b. Effective with the 2021-2022 school year, local school boards shall employ one full-time equivalent school counselor position per 325 students in grades kindergarten through 12.

c. Local school divisions that employ a sufficient number of school counselors to meet the school counselor staffing requirements set forth in this subdivision may assign school counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors, and shall be based on the school's total enrollment; school counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual

pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. *Each school board shall provide at least three specialized student support positions per 1,000 students. For purposes of this subsection, specialized student support positions include school social workers, school psychologists, school nurses, licensed behavior analysts, licensed assistant behavior analysts, and other licensed health and behavioral positions, which may either be employed by the school board or provided through contracted services.*

P. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) ~~social workers and~~ social work administrative positions *not included in subsection O*; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral *administrative* positions, ~~including licensed behavior analysts, licensed assistant behavior analysts, school nurses, and school psychologists not included in subsection O~~;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Q. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

§ 22.1-274. School health services.

A. A school board shall provide pupil personnel and support services in compliance with § 22.1-253.13:2. A school board may employ school nurses, physicians, physical therapists, occupational therapists, and speech therapists. No such personnel shall be employed unless they meet such standards as may be determined by the Board of Education. Subject to the approval of the appropriate local governing body, a local health department may provide personnel for health services for the school division.

B. In implementing subsection *O P* of § 22.1-253.13:2, relating to providing support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools, each school board may strive to employ, or contract with local health departments for, nursing services consistent with a ratio of at least one nurse (i) per 2,500 students by July 1, 1996; (ii) per 2,000 students by July 1, 1997; (iii) per 1,500 students by July 1, 1998; and (iv) per 1,000 students by July 1, 1999. In those school divisions in which there are more than 1,000 students in average daily membership in

school buildings, this section shall not be construed to encourage the employment of more than one nurse per school building. Further, this section shall not be construed to mandate the aspired-to ratios.

C. The Board of Education shall monitor the progress in achieving the ratios set forth in subsection B and any subsequent increase in prevailing statewide costs, and the mechanism for funding health services, pursuant to subsection *OP* of § 22.1-253.13:2 and the appropriation act. The Board shall also determine how school health funds are used and school health services are delivered in each locality and shall provide, by December 1, 1994, a detailed analysis of school health expenditures to the House Committee on Education, the House Committee on Appropriations, the Senate Committee on Education and Health, and the Senate Committee on Finance.

D. With the exception of school administrative personnel and persons employed by school boards who have the specific duty to deliver health-related services, no licensed instructional employee, instructional aide, or clerical employee shall be disciplined, placed on probation, or dismissed on the basis of such employee's refusal to (i) perform nonemergency health-related services for students or (ii) obtain training in the administration of insulin and glucagon. However, instructional aides and clerical employees may not refuse to dispense oral medications.

For the purposes of this subsection, "health-related services" means those activities that, when performed in a health care facility, must be delivered by or under the supervision of a licensed or certified professional.

E. For the purposes of this act, each school board shall (i) adopt, implement, and, when appropriate, update specific parameters for the provision of in-person instruction and (ii) provide such in-person instruction in a manner in which it adheres, to the maximum extent practicable, to any currently applicable mitigation strategies for early childhood care and education programs and elementary and secondary schools to reduce the transmission of COVID-19 that have been provided by the federal Centers for Disease Control and Prevention.

§ 3. Notwithstanding the provisions of § 2 of this act:

If a local school board determines, in collaboration with the local health department and in strict adherence to "Step 2: Determine the Level of School Impact" in the Department of Health's Interim Guidance to K-12 School Reopening or any similar provision in any successor guidance document published by the Department of Health, that the transmission of COVID-19 within a school building is at a high level, the local school board may provide fully remote virtual instruction or a combination of in-person instruction and remote virtual instruction to the at-risk groups of students indicated as the result of such collaboration or, if needed, the whole student population in the school building, but in each instance only for as long as it is necessary to address and ameliorate the level of transmission of COVID-19 in the school building.

CHAPTER 457

An Act to amend and reenact § 16.1-260 of the Code of Virginia and to amend the Code of Virginia by adding in Article 12.1 of Chapter 11 of Title 16.1 a section numbered 16.1-309.11, relating to juvenile offenders; youth justice diversion programs.

[H 2017]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-260 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 12.1 of Chapter 11 of Title 16.1 a section numbered 16.1-309.11 as follows:

§ 16.1-260. Intake; petition; investigation.

A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual shall be required to obtain support services from the Department of Social Services prior to filing a petition seeking support for a child. Complaints, requests, and the processing of petitions to initiate a case shall be the responsibility of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk; (ii) designated nonattorney employees of the Department of Social Services may complete, sign, and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk; (iii) designated nonattorney employees of a local department of social services may complete, sign, and file with the clerk, on forms approved by the Supreme Court of Virginia, petitions for foster care review, petitions for permanency planning hearings, petitions to establish paternity, motions to establish or modify support, motions to amend or review an order, and motions for a rule to show cause; and (iv) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision, or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving support services or public assistance shall be denied the right to file a petition or motion to establish, modify, or enforce an order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk, upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the Division of Child Support Enforcement.

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision, or delinquent only if the juvenile (a) is not alleged to have committed a violent juvenile felony or (b) has not previously

been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the petition and proceed informally by developing a truancy plan, provided that (1) the juvenile has not previously been proceeded against informally or adjudicated in need of supervision on more than two occasions for failure to comply with compulsory school attendance as provided in § 22.1-254 and (2) the immediately previous informal action or adjudication occurred at least three calendar years prior to the current complaint. The juvenile and his parent or parents, guardian, or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian, or other person standing in loco parentis participate in such programs, cooperate in such treatment, or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit, and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the deferral period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision, or delinquent, the intake officer shall (A) develop a plan for the juvenile, which may include restitution and, the performance of community service, *or on a complaint alleging that a child has committed a delinquent act other than an act that would be a felony or a Class 1 misdemeanor if committed by an adult and with the consent of the juvenile's parent or legal guardian, referral to a youth justice diversion program established pursuant to § 16.1-309.11*, based upon community resources and the circumstances which resulted in the complaint, (B) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (C) advise the juvenile and the juvenile's parent, guardian, or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, *or in the case of a referral to a youth justice diversion program established pursuant to § 16.1-309.11, that any subsequent report from the youth justice diversion program alleging that the juvenile failed to comply with the youth justice diversion program's sentence within 180 days of the sentencing date*, may result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation, or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned, or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian, or other person standing in loco parentis is entitled to treatment, rehabilitation, or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision, or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility, or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the

complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.

Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;
3. Felonious assault and bodily wounding, pursuant to Article 4 (§ 18.2-51 et seq.) of Chapter 4 of Title 18.2;
4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
6. Manufacture, sale or distribution of marijuana pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;
9. Robbery pursuant to § 18.2-58;
10. Prohibited criminal street gang activity pursuant to § 18.2-46.2;
11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3;
12. An act of violence by a mob pursuant to § 18.2-42.1;
13. Abduction of any person pursuant to § 18.2-47 or 18.2-48; or
14. A threat pursuant to § 18.2-60.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:

1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws, or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations, or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.

2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

3. In the case of a misdemeanor violation of § 18.2-266, 18.2-266.1, or 29.1-738, or the commission of any other alcohol-related offense, or a violation of § 18.2-250.1, provided that the juvenile is released to the custody of a parent or legal guardian pending the initial court date. The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile. Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-272, or 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 4.1-305 or 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided that such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 4.1-305 or 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.

4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

I. Failure to comply with the procedures set forth in this section shall not divest the juvenile court of the jurisdiction granted it in § 16.1-241.

§ 16.1-309.11. Youth justice diversion program.

A. For the purposes of this section, "youth justice diversion program" means a diversionary program that (i) is monitored by a local youth justice diversion program advisory committee; (ii) uses juvenile volunteers as lawyers, jurors, and other court personnel; (iii) uses volunteer attorneys as judges; (iv) conducts peer trials of juveniles who are referred to the program by the intake officer; and (v) imposes various sentences emphasizing restitution, rehabilitation, accountability, competency building, and education, but not incarceration.

B. Any jurisdiction may establish a youth justice diversion program upon establishment of a local youth justice diversion program advisory committee and approval of the youth justice diversion program by the chief judge of the juvenile and domestic relations district court that serves such jurisdiction. Each local youth justice diversion program advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the youth justice diversion program that serves the jurisdiction. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting systems and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place for the recount and may order the delivery of election materials to a central location and the transportation of voting systems to a central location in each county or city under appropriate safeguards. *These safeguards shall include prohibiting any person from knowingly possessing any firearm as defined in § 18.2-308.2:2 within 40 feet of any building or part thereof used as the place for the recount, unless such person is (a) any law-enforcement officer or any retired law-enforcement officer qualified pursuant to subsection C of § 18.2-308.016; (b) occupying his own private property that falls within 40 feet of a polling place; or (c) an armed security officer, licensed pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1, whose employment or performance of his duties occurs within 40 feet of any building, or part thereof, used as a place for the recount.*

B. After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally, and it shall issue a written order setting out such rules of procedure. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix any additional procedures, that are not provided for in this chapter, that shall provide for the accurate counting of votes in the election. The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting systems in use in the election district.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots. The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. The court shall have authority to summon such officials and coordinators. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

§ 46.2-905. Riding bicycles, electric personal assistive mobility devices, electric power-assisted bicycles, motorized skateboards or scooters, and mopeds on roadways and bicycle paths.

1. When overtaking and passing another vehicle proceeding in the same direction;
2. When preparing for a left turn at an intersection or into a private road or driveway;

[S 1122]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-9, 8.01-407, 16.1-77, 16.1-305, 17.1-213, 19.2-389, as it is currently effective and as it shall become effective, 46.2-301, 46.2-301.1, 46.2-411, and 53.1-21 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-9. Guardian ad litem for persons under disability; when guardian ad litem need not be appointed for person under disability.

A. A suit wherein a person under a disability is a party defendant shall not be stayed because of such disability, but the court in which the suit is pending, or the clerk thereof, shall appoint a discreet and competent attorney-at-law as guardian ad litem to such defendant, whether the defendant has been served with process or not. If no such attorney is found willing to act, the court shall appoint some other discreet and proper person as guardian ad litem. Any guardian ad litem so appointed shall not be liable for costs. Every guardian ad litem shall faithfully represent the estate or other interest of the person under a disability for whom he is appointed, and it shall be the duty of the court to see that the interest of the defendant is so represented and protected. Whenever the court is of the opinion that the interest of the defendant so requires, it shall remove any guardian ad litem and appoint another in his stead. When, in any case, the court is satisfied that the guardian ad litem has rendered substantial service in representing the interest of the person under a disability, it may allow the guardian reasonable compensation therefor, and his actual expenses, if any, to be paid out of the estate of the defendant. However, if the defendant's estate is inadequate for the purpose of paying compensation and expenses, all, or any part thereof, may be taxed as costs in the proceeding or, in the case of proceedings to adjudicate a person under a disability as an habitual offender pursuant to former § 46.2-351.2 or former § 46.2-352, shall be paid by the Commonwealth out of the state treasury from the appropriation for criminal charges. In a civil action against an incarcerated felon for damages arising out of a criminal act, the compensation and expenses of the guardian ad litem shall be paid by the Commonwealth out of the state treasury from the appropriation for criminal charges. If judgment is against the incarcerated felon, the amount allowed by the court to the guardian ad litem shall be taxed against the incarcerated felon as part of the costs of the proceeding, and if collected, the same shall be paid to the Commonwealth. By order of the court, in a civil action for divorce from an incarcerated felon, the compensation and expenses of the guardian ad litem shall be paid by the Commonwealth out of the state treasury from the appropriation for criminal charges if the crime (i) for which the felon is incarcerated occurred after the date of the marriage for which the divorce is sought, (ii) for which the felon is incarcerated was committed against the felon's spouse, child, or stepchild and involved physical injury, sexual assault, or sexual abuse, and (iii) resulted in incarceration subsequent to conviction and the felon was sentenced to confinement for more than one year. The amount allowed by the court to the guardian ad litem shall be taxed against the incarcerated felon as part of the costs of the proceeding, and if collected, the same shall be paid to the Commonwealth.

B. Notwithstanding the provisions of subsection A or the provisions of any other law to the contrary, in any suit wherein a person under a disability is a party and is represented by an attorney-at-law duly licensed to practice in this Commonwealth, who shall have entered of record an appearance for such person, no guardian ad litem need be appointed for such person unless the court determines that the interests of justice require such appointment; or unless a statute applicable to such suit expressly requires that the person under a disability be represented by a guardian ad litem. The court may, in its discretion, appoint the attorney of record for the person under a disability as his guardian ad litem, in which event the attorney shall perform all the duties and functions of guardian ad litem.

Any judgment or decree rendered by any court against a person under a disability without a guardian ad litem, but in compliance with the provisions of this subsection B, shall be as valid as if the guardian ad litem had been appointed.

§ 8.01-407. How summons for witness issued, and to whom directed; prior permission of court to summon certain officials and judges.

A. A summons may be issued, directed as prescribed in § 8.01-292, commanding the officer to summon any person to attend on the day and at the place that such attendance is desired, to give evidence before a court, grand jury, arbitrators, magistrate, notary, or any commissioner or other person appointed by a court or acting under its process or authority in a judicial or quasi-judicial capacity. The summons may be issued by the clerk of the court if the attendance is desired at a court or in a proceeding pending in a court. The clerk shall not impose any time restrictions limiting the right to properly request a summons up to and including the date of the proceeding:

If attendance is desired before a commissioner in chancery or other commissioner of a court, the summons may be issued by the clerk of the court in which the matter is pending, or by such commissioner in chancery or other commissioner;

If attendance is desired before a notary or other officer taking a deposition, the summons may be issued by such notary or other officer at the instance of the attorney desiring the attendance of the person sought;

If attendance is sought before a grand jury, the summons may be issued by the attorney for the Commonwealth, or the clerk of the court, at the instance of the attorney for the Commonwealth.

Except as otherwise provided in this subsection, if attendance is desired in a civil proceeding pending in a court or at a deposition in connection with such proceeding, including medical malpractice review panels, and a claim before the Workers' Compensation Commission, a summons may be issued by an attorney-at-law who is an active member of the Virginia State Bar at the time of issuance, as an officer of the court. An attorney-issued summons shall be on a form approved by the Supreme Court, signed by the attorney and shall include the attorney's address. The summons and any transmittal sheet shall be deemed to be a pleading to which the provisions of § 8.01-271.1 shall apply. A copy of the summons and, if served by a sheriff, all service of process fees, shall be mailed or delivered to the clerk's office of the court in which the case is pending or the Workers' Compensation Commission, as applicable, on the day of issuance by the attorney. The law governing summonses issued by a clerk shall apply mutatis mutandis. When an attorney-at-law who is an active member of the Virginia State Bar transmits one or more attorney-issued subpoenas to a sheriff to be served in his jurisdiction, such subpoenas shall be accompanied by a transmittal sheet. The transmittal sheet, which may be in the form of

a letter, shall contain for each subpoena (i) the person to be served, (ii) the name of the city or county in which the subpoena is to be served, in parentheses, (iii) the style of the case in which the subpoena was issued, (iv) the court in which the case is pending, and (v) the amount of fees tendered or paid to each clerk in whose court the case is pending together with a photocopy of either (a) the payment instrument and a photocopy of the letter sent to the clerk's office that accompanied such payment instrument or (b) the clerk's receipt. If copies of the same transmittal sheet are used to send subpoenas to more than one sheriff for service of process, then subpoenas shall be grouped by the jurisdiction in which they are to be served. For each person to be served, an original subpoena and copy thereof shall be included. If the attorney desires a return copy of the transmittal sheet as proof of receipt, he shall also enclose an additional copy of the transmittal sheet together with an envelope addressed to the attorney with sufficient first class postage affixed. Upon receipt of such transmittal, the transmittal sheet shall be date-stamped and, if the extra copy and above-described envelope are provided, the copy shall also be date-stamped and returned to the attorney-at-law in the above-described envelope.

However, when such transmittal does not comply with the provisions of this section, the sheriff may promptly return such transmittal if accompanied by a short description of such noncompliance. An attorney may not issue a summons in any of the following civil proceedings: (a) habeas corpus under Article 3 (§ 8.01-654 et seq.) of Chapter 25 of this title, (b) delinquency or abuse and neglect proceedings under Article 3 (§ 16.1-241 et seq.) of Chapter 11 of Title 16.1, (c) civil forfeiture proceedings, (d) ~~habitual offender proceedings under Article 9 (§ 46.2-351 et seq.) of Chapter 3 of Title 46.2,~~ (e) administrative license suspension pursuant to § 46.2-391.2, and (f) (e) petition for writs of mandamus or prohibition in connection with criminal proceedings. A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date that attendance is desired.

In other cases, if attendance is desired, the summons may be issued by the clerk of the circuit court of the county or city in which the attendance is desired.

A summons shall express on whose behalf, and in what case or about what matter, the witness is to attend. Failure to respond to any such summons shall be punishable by the court in which the proceeding is pending as for contempt. § 16.1-77. Civil jurisdiction of general district courts; amending amount of claim.

Except as provided in Article 5 (§ 16.1-122.1 et seq.), each general district court shall have, within the limits of the territory it serves, civil jurisdiction as follows:

(1) Exclusive original jurisdiction of any claim to specific personal property or to any debt, fine or other money, or to damages for breach of contract or for injury done to property, real or personal, or for any injury to the person that would be recoverable by action at law or suit in equity, when the amount of such claim does not exceed \$4,500 exclusive of interest and any attorney fees, and concurrent jurisdiction with the circuit courts having jurisdiction in such territory of any such claim when the amount thereof exceeds \$4,500 but does not exceed \$25,000, exclusive of interest and any attorney fees. However, this \$25,000 limit shall not apply with respect to distress warrants under the provisions of § 8.01-130.4, cases involving liquidated damages for violations of vehicle weight limits pursuant to § 46.2-1135, nor cases involving forfeiture of a bond pursuant to § 19.2-143. While a matter is pending in a general district court, upon motion of the plaintiff seeking to increase the amount of the claim, the court shall order transfer of the matter to the circuit court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial. The plaintiff shall pay filing and other fees as otherwise provided by law to the clerk of the court to which the case is transferred, and such clerk shall process the claim as if it were a new civil action. The plaintiff shall prepare and present the order of transfer to the transferring court for entry, after which time the case shall be removed from the pending docket of the transferring court and the order of transfer placed among its records. The plaintiff shall provide a certified copy of the transfer order to the receiving court.

(4) Except where otherwise specifically provided, all jurisdiction, power and authority over any civil action or proceeding conferred upon any general district court judge or magistrate under or by virtue of any provisions of the Code.

(5) Jurisdiction to try and decide suits in interpleader involving personal or real property where the amount of money or value of the property is not more than the maximum jurisdictional limits of the general district court. However, the

maximum jurisdictional limits prescribed in subdivision (1) shall not apply to any claim, counter-claim, or cross-claim in an interpleader action that is limited to the disposition of an earnest money deposit pursuant to a real estate purchase contract. The action shall be brought in accordance with the procedures for interpleader as set forth in § 8.01-364. However, the general district court shall not have any power to issue injunctions. Actions in interpleader may be brought by either the stakeholder or any of the claimants. The initial pleading shall be either by motion for judgment, by warrant in debt, or by other uniform court form established by the Supreme Court of Virginia. The initial pleading shall briefly set forth the circumstances of the claim and shall name as defendant all parties in interest who are not parties plaintiff.

(6) Jurisdiction to try and decide any cases pursuant to § 2.2-3713 of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) or § 2.2-3809 of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), for writs of mandamus or for injunctions.

(9) (8) Concurrent jurisdiction with the circuit courts to submit matters to arbitration pursuant to Chapter 21 (§ 8.01-577 et seq.) of Title 8.01 where the amount in controversy is within the jurisdictional limits of the general district court. Any party that disagrees with an order by a general district court granting an application to compel arbitration may appeal such decision to the circuit court pursuant to § 8.01-581.016.

For purposes of this section, the territory served by a county general district court expressly authorized by statute to be established in a city includes the general district court courtroom.

The impoundment or immobilization for a violation of ~~clauses~~ *clause (i) through, (ii), or (iii)* shall be for a period of 30 days. The period of impoundment or immobilization for a violation of clause (iv) shall be until the offender obtains a valid operator's license pursuant to § 46.2-300 or three days, whichever is less. In the event that the offender obtains a valid operator's license at any time during the three-day impoundment period and presents such license to the court, the court shall authorize the release of the vehicle upon payment of all reasonable costs of impoundment or immobilization to the person holding the vehicle.

The provisions of this section as to the offense described in clause (iv) of ~~this subsection~~ shall not apply to a person who drives a motor vehicle with no operator's license ~~(i)~~ (a) whose license has been expired for less than one year prior to the offense or ~~(ii)~~ (b) who is under 18 years of age at the time of the offense. All reasonable costs of impoundment or immobilization, including removal and storage expenses, shall be paid by the offender prior to the release of his motor vehicle. Notwithstanding the above, where the arresting law-enforcement officer discovers that the vehicle was being rented or leased from a vehicle renting or leasing company, the officer shall not impound the vehicle or continue the impoundment but shall notify the rental or leasing company that the vehicle is available for pickup and shall notify the clerk if the clerk has previously been notified of the impoundment.

B. Any driver who is the owner of the motor vehicle that is impounded or immobilized under subsection A may, during the period of the impoundment, petition the general district court of the jurisdiction in which the arrest was made to review that impoundment. The court shall review the impoundment within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a preponderance of the evidence that the arresting law-enforcement officer did not have probable cause for the arrest, or that the magistrate did not have probable cause to issue the warrant, the court shall rescind the impoundment. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs paid or incurred by him. Otherwise, the court shall affirm the impoundment. If the person requesting the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the impoundment or to any other potential party as to any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

C. The owner or co-owner of any motor vehicle impounded or immobilized under subsection A who was not the driver at the time of the violation may petition the general district court in the jurisdiction where the violation occurred for the release of his motor vehicle. The motor vehicle shall be released if the owner or co-owner proves by a preponderance of the evidence that he (i) did not know that the offender's driver's license was suspended or revoked when he authorized the offender to drive such motor vehicle; (ii) did not know that the offender had no operator's license and that the operator had been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction when he authorized the offender to drive such motor vehicle; or (iii) did not consent to the operation of the motor vehicle by the offender. If the owner proves by a preponderance of the evidence that his immediate family has only one motor vehicle and will suffer a substantial

hardship if that motor vehicle is impounded or immobilized for the period of impoundment that otherwise would be imposed pursuant to this section, the court, in its discretion, may release the vehicle after some period of less than such impoundment period.

D. Notwithstanding any provision of this section, a subsequent dismissal or acquittal of the charge of driving without an operator's license or of driving on a suspended or revoked license shall result in an immediate rescission of the impoundment or immobilization provided in subsection A. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs, incurred or paid by him.

E. Any person who knowingly authorizes the operation of a motor vehicle by (i) a person he knows has had his driver's license, learner's permit or privilege to drive a motor vehicle suspended or revoked for any of the reasons set forth in subsection A or (ii) a person who he knows has no operator's license and who he knows has been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction shall be guilty of a Class 1 misdemeanor.

F. Notwithstanding the provisions of this section or § 46.2-301, nothing in this section shall impede or infringe upon a valid lienholder's rights to cure a default under an existing security agreement. Furthermore, such lienholder shall not be liable for any cost of impoundment or immobilization, including removal or storage expenses which may accrue pursuant to the provisions of this section or § 46.2-301. In the event a lienholder repossesses or removes a vehicle from storage pursuant to an existing security agreement, the Commonwealth shall pay all reasonable costs of impoundment or immobilization, including removal and storage expenses, to any person or entity providing such services to the Commonwealth, except to the extent such costs or expenses have already been paid by the offender to such person or entity. Such payment shall be made within seven calendar days after a request is made by such person or entity to the Commonwealth for payment. Nothing herein, however, shall relieve the offender from liability to the Commonwealth for reimbursement or payment of all such reasonable costs and expenses.

§ 46.2-411. Reinstatement of suspended or revoked license or other privilege to operate or register a motor vehicle; proof of financial responsibility; reinstatement fee.

A. The Commissioner may refuse, after a hearing if demanded, to issue to any person whose license has been suspended or revoked any new or renewal license, or to register any motor vehicle in the name of the person, whenever he deems or in case of a hearing finds it necessary for the safety of the public on the highways in the Commonwealth.

B. Before granting or restoring a license or registration to any person whose driver's license or other privilege to drive motor vehicles or privilege to register a motor vehicle has been revoked or suspended pursuant to § 46.2-389, 46.2-391, 46.2-391.1, or 46.2-417, the Commissioner shall require proof of financial responsibility in the future as provided in Article 15 (§ 46.2-435 et seq.), but no person shall be licensed who may not be licensed under the provisions of §§ 46.2-389 through 46.2-431.

C. Whenever the driver's license or registration cards, license plates and decals, or other privilege to drive or to register motor vehicles of any resident or nonresident person is suspended or revoked by the Commissioner or by a district court or circuit court pursuant to the provisions of Title 18.2 or this title, or any valid local ordinance, the order of suspension or revocation shall remain in effect and the driver's license, registration cards, license plates and decals, or other privilege to drive or register motor vehicles shall not be reinstated and no new driver's license, registration cards, license plates and decals, or other privilege to drive or register motor vehicles shall be issued or granted unless such person, in addition to complying with all other provisions of law, pays to the Commissioner a reinstatement fee of \$30. The reinstatement fee shall be increased by \$30 whenever such suspension or revocation results from conviction of involuntary manslaughter in violation of § 18.2-36.1; conviction of maiming resulting from driving while intoxicated in violation of § 18.2-51.4; conviction of driving while intoxicated in violation of § 18.2-266 or 46.2-341.24; conviction of driving after illegally consuming alcohol in violation of § 18.2-266.1 or failure to comply with court imposed conditions pursuant to subsection D of § 18.2-271.1; unreasonable refusal to submit to drug or alcohol testing in violation of § 18.2-268.2; conviction of driving while a license, permit or privilege to drive was suspended or revoked in violation of § 46.2-301 or 46.2-341.21; disqualification pursuant to § 46.2-341.20; violation of driver's license probation pursuant to § 46.2-499; failure to attend a driver improvement clinic pursuant to § 46.2-503 or habitual offender interventions pursuant to former § 46.2-351.1; conviction of eluding police in violation of § 46.2-817; conviction of hit and run in violation of § 46.2-894; conviction of reckless driving in violation of Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 or a conviction, finding or adjudication under any similar local ordinance, federal law or law of any other state. Five dollars of the additional amount shall be retained by the Department as provided in this section and \$25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund established pursuant to Article 12 (§ 51.5-178 et seq.) of Chapter 14 of Title 51.5. When three years have elapsed from the termination date of the order of suspension or revocation and the person has complied with all other provisions of law, the Commissioner may relieve him of paying the reinstatement fee.

D. No reinstatement fee shall be required when the suspension or revocation of license results from the person's suffering from mental or physical infirmities or disabilities from natural causes not related to the use of self-administered intoxicants or drugs. No reinstatement fee shall be collected from any person whose license is suspended by a court of competent jurisdiction for any reason, other than a cause for mandatory suspension as provided in this title, provided the court ordering the suspension is not required by § 46.2-398 to forward the license to the Department during the suspended period.

E. Except as otherwise provided in this section and § 18.2-271.1, reinstatement fees collected under the provisions of this section shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

F. Before granting or restoring a license or registration to any person whose driver's license or other privilege to drive motor vehicles or privilege to register a motor vehicle has been revoked or suspended, the Commissioner shall collect from such person, in addition to all other fees provided for in this section, an additional fee of \$40. The Commissioner shall pay all fees collected pursuant to this subsection into the Trauma Center Fund, created pursuant to § 18.2-270.01, for the purpose of defraying the costs of providing emergency medical care to victims of automobile accidents attributable to alcohol or drug use.

G. Whenever any person is required to pay a reinstatement fee pursuant to subsection C or pursuant to subsection E of § 18.2-271.1 and such person has more than one suspension or revocation on his record for which reinstatement is required, then such person shall be required to pay one reinstatement fee, the amount of which shall equal the full reinstatement fee attributable to the one of his revocations or suspensions that would trigger the highest reinstatement fee, plus an additional \$5 fee for administrative costs associated with compliance for each additional suspension or revocation. Fees collected pursuant to this subsection shall be set aside as a special fund to be used to meet the expenses of the Department.

§ 53.1-21. Transfer of prisoners into and between state and local correctional facilities.

Any person who (A) (i) is accused or convicted of an offense (a) in violation of any county, city, or town ordinance within the Commonwealth, (b) against the laws of the Commonwealth, or (c) against the laws of any other state or country, or (2) (ii) is a witness held in any case in which the Commonwealth is a party and who is confined in a state or local correctional facility, may be transferred by the Director, subject to the provisions of § 53.1-20, to any other state or local correctional facility which he may designate.

2. That Article 9 (§§ 46.2-355.1 through 46.2-363) of Chapter 3 of Title 46.2 of the Code of Virginia is repealed.

3. That the Commissioner of the Department of Motor Vehicles shall reinstate a person's privilege to drive a motor vehicle that was suspended or revoked solely on the basis that such person was determined to be or adjudicated a habitual offender pursuant to the provisions of Article 9 (§ 46.2-355.1 et seq.) of Chapter 3 of Title 46.2 of the Code of Virginia prior to the effective date of this act. Nothing in this act shall require the Commissioner to reinstate a person's driving privileges if such privileges have been otherwise lawfully suspended or revoked or if such person is otherwise ineligible for a driver's license.

4. That the Virginia Alcohol and Safety Action Program (VASAP) shall be authorized to administer intervention interviews pursuant to former § 46.2-355.1 of the Code of Virginia for individuals who were ordered to attend an intervention interview on or before June 30, 2021. [S 1135]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 3.2-6540 and 3.2-6542 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 3.2-6540.01 through 3.2-6540.04, 3.2-6541.1, 3.2-6542.1, 3.2-6542.2, 3.2-6543.1, 3.2-6562.2, and 18.2-52.2 as follows:

§ 3.2-6540. Dangerous dogs; investigation, summons, and hearing.

A. As used in this section, "dangerous dog" means: *includes*

1. ~~A canine or a hybrid canine crossbreed that has bitten, attacked, or inflicted injury on a companion animal that is a dog or cat or killed a companion animal that is a dog or cat as defined in § 3.2-6581.~~

A canine or canine crossbreed is not a dangerous dog if, upon investigation, a law-enforcement officer or animal control officer finds that (i) no serious physical injury, as determined by a licensed veterinarian, has occurred to the dog or

cat as a result of the attack or bite; (ii) both animals are owned by the same person; or (iii) such attack occurred on the property of the attacking or biting dog's owner or custodian; or

2. A canine or canine crossbreed that has bitten, attacked, or inflicted injury on a person. A canine or canine crossbreed is not a dangerous dog if, upon investigation, a law-enforcement officer or animal control officer finds that the injury inflicted by the canine or canine crossbreed upon a person consists solely of a single nip or bite resulting only in a scratch, abrasion, or other minor injury.

B. No dog shall be found to be a dangerous dog as a result of biting, attacking, or inflicting injury on a dog or cat while engaged with an owner or custodian as part of lawful hunting or participating in an organized, lawful dog handling event. No dog shall be found to be a dangerous dog if the court determines, based on the totality of the evidence before it, or for other good cause, that the dog is not dangerous or a threat to the community.

C. Any law-enforcement officer or animal control officer who (i) has reason to believe that a ~~canine or canine crossbreed within his jurisdiction~~ an animal is a dangerous dog and (ii) is located in the jurisdiction where the animal resides or in the jurisdiction where the act was committed may apply to a magistrate ~~servicing the jurisdiction~~ for the issuance of a summons requiring the owner or ~~custodian~~, if known, to appear before a general district court at a specified time. The summons shall advise the owner of the nature of the proceeding and the matters at issue.

C. No law-enforcement officer or animal control officer shall apply for a summons pursuant to subsection B if, upon investigation, the officer finds (i) in the case of an injury to a companion animal that is a dog or cat, that no serious injury has occurred as a result of the attack or bite, that both animals are owned by the same person, or that the incident originated on the property of the attacking or biting dog's owner or (ii) in the case of an injury to a person, that the injury caused by the dog upon the person consists solely of a single nip or bite resulting only in a scratch, abrasion, or other minor injury. In determining whether serious injury to a companion animal that is a dog or cat has occurred, the officer may consult with a licensed veterinarian.

D. A law-enforcement officer or animal control officer who applies for a summons pursuant to subsection B shall provide the owner with written notice of such application. For 30 days following such provision of written notice, the owner shall not dispose of the animal other than by surrender to the animal control officer or by euthanasia by a licensed veterinarian. Following such provision of written notice, an owner who elects to euthanize a dog that is the subject of a dangerous dog investigation shall provide documentation of such euthanasia to the animal control officer.

E. If a law-enforcement officer successfully makes an application for the issuance of a summons pursuant to subsection B, he shall contact the local animal control officer and inform him of the location of the dog and the relevant facts pertaining to his belief that the dog is dangerous.

~~The F.~~ Following the issuance of a summons following an application pursuant to subsection B, an animal control officer shall ~~may~~ confine the animal until such time as the evidence shall be heard and a verdict rendered. If the animal control officer determines that the owner or ~~custodian~~ can confine the animal in a manner that protects the public safety, he may permit the owner or ~~custodian~~ to confine the animal until such time as the evidence shall be heard and a verdict rendered. Upon being served with a summons for a dangerous dog, the owner shall not dispose of the animal, other than by euthanasia, until the case has been adjudicated. The court, through its contempt powers, may compel the owner, ~~custodian~~, or ~~harbinger~~ of the animal to produce the animal and to provide documentation that it has been, or will be within three business days, implanted with electronic identification registered to the owner. The owner shall provide the registration information to the animal control officer.

G. Nothing in this section shall prohibit an animal control officer or law-enforcement officer from securing a summons for a hearing to determine whether a dog that is surrendered but not euthanized is a dangerous dog.

H. Unless good cause is determined by the court, the evidentiary hearing pursuant to the dangerous dog summons shall be held not more than 30 days from the issuance of the summons. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt. The court shall determine that the animal is a dangerous dog if the evidence shows that it (i) killed a companion animal that is a dog or cat or inflicted serious injury on a companion animal that is a dog or cat, including a serious impairment of health or bodily function that requires significant medical attention, a serious disfigurement, any injury that has a reasonable potential to cause death, or any injury other than a sprain or strain or (ii) directly caused serious injury to a person, including laceration, broken bone, or substantial puncture of skin by teeth. Unless good cause is determined by the court, the appeal of a dangerous dog finding shall be heard within 30 days.

~~D.~~ I. If, after hearing the evidence, the court finds that the animal is a dangerous dog, the court shall:

1. Shall order the animal's owner to comply with the provisions of this section. ~~The court, upon finding the animal to be a dangerous dog, may and §§ 3.2-6540.01, 3.2-6542, and 3.2-6542.1;~~

2. May order the owner, ~~custodian, or harbinger thereof~~ of the animal to pay restitution for actual damages to any person injured by the animal or whose companion animal was injured or killed by the animal. ~~The court, in its discretion, may also~~ Such order shall not preclude the injured person from pursuing civil remedies, including damages that accrue after the original finding that the animal is a dangerous dog; and

3. May order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time as the animal is disposed of or returned to the owner.

E. *J.* If, after hearing the evidence, the court decides to defer further proceedings without entering an adjudication that the animal is a dangerous dog, it may do so, notwithstanding any other provision of this section. A court that defers further proceedings shall place specific conditions upon the owner of the dog, *including the requirement that the owner provide documentation that the dog has been, or will be within three business days, implanted with electronic identification registered to the owner. The registration information shall be provided to the animal control officer.* If the owner violates any of the conditions, the court may enter an adjudication that the animal is a dangerous dog and proceed as otherwise provided in this section. Upon fulfillment of the conditions, the court shall dismiss the proceedings against the animal and the owner without an adjudication that the animal is a dangerous dog.

F. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

G. *K.* No ~~canine or canine crossbreed animal~~ shall be found by the court to be a dangerous dog solely:

1. *Solely* because it is a particular breed; nor is the ownership of a particular breed of canine or canine crossbreed prohibited.;

H. ~~No animal shall be found to be a dangerous dog if~~ 2. If the threat, injury, or damage was sustained by a person who was (i) committing, at the time, a crime upon the premises occupied by the animal's owner or custodian; (ii) committing, at the time, a willful trespass upon the premises occupied by the animal's owner or custodian; or (iii) provoking, tormenting, or physically abusing the animal; or can be shown to have repeatedly provoked, tormented, abused, or assaulted the animal at other times. ~~No;~~

3. ~~If the animal is a police dog that was engaged in the performance of its duties as such at the time of the acts act complained of shall be found to be a dangerous dog. No animal that;~~

4. ~~If at the time of the acts complained of, the animal was responding to pain or injury, or was protecting itself, its kennel, its offspring, a person, or its owner's or custodian's property, shall be found to be a dangerous dog.;~~

5. ~~As a result of killing or inflicting serious injury on a dog or cat while engaged with its owner as part of lawful hunting or participating in an organized, lawful dog handling event; or~~

6. ~~If the court determines based on the totality of the evidence before it, or for other good cause, that the dog is not dangerous or a threat to the community.~~

I. *L.* If the owner of an animal found to be a dangerous dog is a minor, the custodial parent or legal guardian shall be responsible for complying with all requirements of this section *and §§ 3.2-6540.01, 3.2-6540.02, 3.2-6540.03, 3.2-6540.04, 3.2-6542, and 3.2-6542.1.*

J. The owner of any animal found to be a dangerous dog shall, within 30 days of such finding, obtain a dangerous dog registration certificate from the local animal control officer or treasurer for a fee of \$150, in addition to other fees that may be authorized by law. The local animal control officer or treasurer shall also provide the owner with a uniformly designed tag that identifies the animal as a dangerous dog. The owner shall affix the tag to the animal's collar and ensure that the animal wears the collar and tag at all times. By January 31 of each year, until such time as the dangerous dog is deceased, all certificates obtained pursuant to this subsection shall be updated and renewed for a fee of \$85 and in the same manner as the initial certificate was obtained. The animal control officer shall post registration information on the Virginia Dangerous Dog Registry.

K. All dangerous dog registration certificates or renewals thereof required to be obtained under this section shall only be issued to persons 18 years of age or older who present satisfactory evidence (i) of the animal's current rabies vaccination, if applicable; (ii) that the animal has been neutered or spayed; and (iii) that the animal is and will be confined in a proper enclosure or is and will be confined inside the owner's residence or is and will be muzzled and confined in the owner's fenced-in yard until the proper enclosure is constructed. In addition, owners who apply for certificates or renewals thereof under this section shall not be issued a certificate or renewal thereof unless they present satisfactory evidence that (a) their residence is and will continue to be posted with clearly visible signs warning both minors and adults of the presence of a dangerous dog on the property and (b) the animal has been permanently identified by means of electronic implantation. All certificates or renewals thereof required to be obtained under this section shall only be issued to persons who present satisfactory evidence that the owner has liability insurance coverage, to the value of at least \$100,000, that covers animal bites. The owner may obtain and maintain a bond in surety, in lieu of liability insurance, to the value of at least \$100,000.

L. While on the property of its owner, an animal found to be a dangerous dog shall be confined indoors or in a securely enclosed and locked structure of sufficient height and design to prevent its escape or direct contact with or entry by minors, adults, or other animals. While so confined within the structure, the animal shall be provided for according to § 3.2-6503. When off its owner's property, an animal found to be a dangerous dog shall be kept on a leash and muzzled in such a manner as not to cause injury to the animal or interfere with the animal's vision or respiration, but so as to prevent it from biting a person or another animal.

M. The owner shall cause the local animal control officer to be promptly notified of (i) the names, addresses, and telephone numbers of all owners; (ii) all of the means necessary to locate the owner and the dog at any time; (iii) any complaints or incidents of attack by the dog upon any person or cat or dog; (iv) any claims made or lawsuits brought as a result of any attack; (v) chip identification information; (vi) proof of insurance or surety bond; and (vii) the death of the dog.

N. After an animal has been found to be a dangerous dog, the animal's owner shall immediately, upon learning of same, cause the local animal control authority to be notified if the animal (i) is loose or unconfined; (ii) bites a person or attacks

another animal; or (iii) is sold, is given away, or dies. Any owner of a dangerous dog who relocates to a new address shall, within 10 days of relocating, provide written notice to the appropriate local animal control authority for the old address from which the animal has moved and the new address to which the animal has been moved.

O. Any owner or custodian of a canine or canine crossbreed or other animal is guilty of a:

1. Class 2 misdemeanor if the canine or canine crossbreed previously declared a dangerous dog pursuant to this section, when such declaration arose out of a separate and distinct incident, attacks and injures or kills a cat or dog that is a companion animal belonging to another person;

2. Class 1 misdemeanor if the canine or canine crossbreed previously declared a dangerous dog pursuant to this section, when such declaration arose out of a separate and distinct incident, bites a human being or attacks a human being causing bodily injury; or

3. Class 6 felony if any owner or custodian whose willful act or omission in the care, control, or containment of a canine, canine crossbreed, or other animal is so gross, wanton, and culpable as to show a reckless disregard for human life, and is the proximate cause of such dog or other animal attacking and causing serious bodily injury to any person.

The provisions of this subsection shall not apply to any animal that, at the time of the acts complained of, was responding to pain or injury, or was protecting itself, its kennel, its offspring, a person, or its owner's or custodian's property, or when the animal is a police dog that is engaged in the performance of its duties at the time of the attack.

P. The owner of any animal that has been found to be a dangerous dog who willfully fails to comply with the requirements of this section is guilty of a Class 1 misdemeanor.

Whenever an owner or custodian of an animal found to be a dangerous dog is charged with a violation of this section, the animal control officer shall confine the dangerous dog until such time as evidence shall be heard and a verdict rendered. The court, through its contempt powers, may compel the owner, custodian, or harbinger of the animal to produce the animal.

Upon conviction, the court may (i) order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562 or (ii) grant the owner up to 30 days to comply with the requirements of this section, during which time the dangerous dog shall remain in the custody of the animal control officer until compliance has been verified. If the owner fails to achieve compliance within the time specified by the court, the court shall order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562. The court, in its discretion, may order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time that the animal is disposed of or returned to the owner.

Q. All fees collected pursuant to this section, less the costs incurred by the animal control authority in producing and distributing the certificates and tags required by this section and fees due to the State Veterinarian for maintenance of the Virginia Dangerous Dog Registry, shall be paid into a special dedicated fund in the treasury of the locality for the purpose of paying the expenses of any training course required under § 3.2-6556.

R. The governing body of any locality may enact an ordinance parallel to this statute regulating dangerous dogs. No locality may impose a felony penalty for violation of such ordinances.

§ 3.2-6540.01. Obligations of officer and owner following dangerous dog finding.

A. After an animal is found to be a dangerous dog pursuant to § 3.2-6540, the local animal control officer or treasurer shall provide the owner with a uniformly designed tag that identifies the animal as a dangerous dog. The owner shall affix the tag to the animal's collar and ensure that the animal wears the collar and tag at all times.

B. Within 30 days of the finding that an animal is a dangerous dog pursuant to § 3.2-6540, the owner shall:

1. Provide documentation that the animal has been neutered or spayed;

2. Provide documentation that the animal has been implanted with electronic identification registered to the owner. The registration information shall be provided to the animal control officer;

3. Present satisfactory evidence to the animal control officer of liability insurance coverage, to the value of at least \$100,000, that covers animal bites. The owner may obtain and maintain a bond in surety to the value of at least \$100,000 in lieu of liability insurance;

4. Pay to the local governing body a fee of \$150 and under the direction of the animal control officer complete a dangerous dog registration certificate issued by the Department pursuant to § 3.2-6542. No dangerous dog registration certificate required to be obtained under this section shall be issued to any person younger than 18 years of age; and

5. Post the residence where the animal is housed with clearly visible signs warning both minors and adults of the presence of a dangerous dog on the property. Such signs shall remain posted at all points of entry to the home and yard as long as the animal remains on the property.

C. Any dangerous dog not confined inside a locked enclosure constructed pursuant to subsection D shall be (i) confined inside the owner's residence or (ii) if outdoors, controlled by a physical leash employed by the responsible adult owner and securely muzzled in a manner that does not cause injury to the animal or interfere with the animal's vision or respiration but prevents it from biting a person or another animal.

D. Any owner of a dangerous dog who keeps the dog outdoors and not within the immediate physical presence of its owner shall, within 30 days of the finding that an animal is a dangerous dog, cause to be constructed a secure, locked enclosure of sufficient height and design to prevent escape by the animal or entry by or direct physical contact with any person or other animal. While so confined within the structure, the animal shall be provided for according to § 3.2-6503.

E. The owner of a dog found to be dangerous shall cause the local animal control officer to be promptly notified of (i) any change in the manner of locating the owner or the dog at any time; (ii) any transfer of ownership of the dog to a new

owner, including the name and address of the new owner; (iii) any instance in which the animal is loose or unconfined; (iv) any complaint or incident of attack or bite by the dog upon any person or cat or dog; (v) any claim made or lawsuit brought as a result of any attack; and (vi) the escape, loss, or death of the dog.

F. Unless for good cause shown, the owner of a dangerous dog shall notify the animal control officer at least 10 days prior to moving or relocating the animal and the officer shall update the dangerous dog registry accordingly.

G. Any dangerous dog not reclaimed by the owner from the animal control officer within 10 days of notice to do so by such animal control officer shall be considered abandoned and may be disposed of according to the provisions of § 3.2-6546.

H. An oral advance directive shall be made in the presence of the attending physician and two witnesses.

An advance directive may authorize an agent to take any lawful actions necessary to carry out the declarant's decisions, including, but not limited to, granting releases of liability to medical providers, releasing medical records, and making decisions regarding who may visit the patient.

It shall be the responsibility of the declarant to provide for notification to his attending physician that an advance directive has been made. In the event the declarant is comatose, incapacitated or otherwise mentally or physically incapable of communication, any other person may notify the physician of the existence of an advance directive and, if applicable, the fact that it has been submitted to the Advance Health Care Directive Registry. An attending physician who is so notified shall promptly make the advance directive or a copy of the advance directive, if written, or the fact of the advance directive, if oral, a part of the declarant's medical records.

CHAPTER 468

An Act to amend the Code of Virginia by adding in Title 9.1 a chapter numbered 15, consisting of sections numbered 9.1-1500, 9.1-1501, and 9.1-1502, relating to certifications for victims of qualifying criminal activity.

[S 1468]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 9.1 a chapter numbered 15, consisting of sections numbered 9.1-1500, 9.1-1501, and 9.1-1502, as follows:

CHAPTER 15.

CERTIFICATIONS FOR VICTIMS OF QUALIFYING CRIMINAL ACTIVITY.

§ 9.1-1500. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Certification form" means a certification form or declaration completed by a certifying agency that is required by federal immigration law certifying that a person is a victim of qualifying criminal activity. Such form or declaration may include any information required (i) by 8 U.S.C. § 1184(p), including the current United States Citizenship and Immigration Services Form I-918, Supplement B, or any successor form for purposes of obtaining a U visa, or (ii) by 8 U.S.C. § 1184(o), including the current United States Citizenship and Immigration Services Form I-914, Supplement B, or any successor form for purposes of obtaining a T visa.

"Certifying agency" means a state or local law-enforcement agency, an attorney for the Commonwealth, the Attorney General, or any other agency or department employing law-enforcement officers as defined in § 9.1-101 that has responsibility for the investigation or prosecution of a qualifying criminal activity.

"Certifying official" means the head of the certifying agency, a law-enforcement officer as defined in § 9.1-101, or any person employed by a certifying agency in a supervisory role who has been specifically designated by the head of the certifying agency to issue U nonimmigrant status certifications on behalf of that agency. A certifying official may act on behalf of his employing certifying agency or on behalf of another certifying agency through an agreement with the other certifying agency. Each certifying agency shall designate at least one certifying official for its agency.

"Qualifying criminal activity" means any activity, regardless of the stage of detection, investigation, or prosecution, designated in 8 U.S.C. § 1101(a)(15)(U)(iii), or in any implementing federal regulations, supplementary information, guidance, and instructions.

"Victim of qualifying criminal activity" means a person described in 8 U.S.C. § 1101(a)(15)(U)(i)(III), in the definition of "victim of a severe form of trafficking" in 22 U.S.C. § 7102(11), or in any implementing federal regulations, supplementary information, guidance, and instructions.

§ 9.1-1501. Certifications for victims of qualifying criminal activity.

A. A certifying official shall (i) respond to requests for completion of certification forms received by the agency, as required by this section, and (ii) make information regarding the agency's procedures for certification requests publicly available for victims of qualifying criminal activity and their representatives.

B. Any person seeking completion of a certification form shall first submit a request for completion of the certification form to any certifying official for the certifying agency that detected, investigated, or prosecuted the criminal activity upon which the request is based.

C. A request for completion of a certification form under this section may be submitted by the victim of qualifying criminal activity or a representative of the person seeking the certification form. Such representative of the person may include an attorney, a licensed clinical social worker, a guardian ad litem, or an employee of a crime victim and witness assistance program or a domestic violence or sexual assault services provider.

D. Upon receiving a request for completion of a certification form, a certifying official shall provide a response to the request within 120 days. Within such time, the certifying official shall complete the certification except (i) if the person making the request for completion of the certification form is in federal immigration removal proceedings or detained, the certifying official shall complete and provide the certification form to the person no later than 21 business days after the request is received by the certifying agency; (ii) if the twenty-first birthdate of the applicant's children or the eighteenth birthdate of the applicant's sibling is within 120 days of the date of the request, the certifying official shall respond within 30 days; (iii) if the person's children, parents, or siblings under clause (ii) would become ineligible for benefits under 8 U.S.C. § 1184(p) and 1184(o) in less than 21 business days of receipt of the certification request, the certifying official shall complete and provide a certification form to the person within seven days; or (iv) a certifying official may extend the time period by which it must complete and provide the certification form to the person as required under this subsection upon written agreement with the person or person's representative. If the certifying official cannot determine whether the applicant is a victim of qualifying criminal activity or determines that the applicant does not qualify, the certifying official shall provide a written explanation to the person or the person's representative setting forth reasons why the available evidence does not support a finding that the person is a victim of qualifying criminal activity.

Requests for expedited completion of a certification form under clause (i), (ii), or (iii) shall be affirmatively raised by the person or that person's representative in writing to the certifying agency and shall establish that the person is eligible for expedited review.

E. A certifying official who issued an initial certification form shall complete and reissue a certification form within 90 business days of receiving a request from a victim to reissue the certification form. If the victim seeking recertification has a deadline to respond to a request for evidence from United States Citizenship and Immigration Services, the certifying official shall complete and issue the form no later than 21 business days after the request is received by the certifying official. Requests for expedited recertification shall be affirmatively raised by the victim or victim's representative in writing and shall establish that the victim is eligible for expedited review. A certifying official may extend the deadline by which he will complete and reissue the certification form only upon written agreement with the victim or victim's representative.

F. Notwithstanding any other provision of this section, a certifying official's completion of a certification form shall not be considered sufficient evidence that an applicant for a U or T visa has met all eligibility requirements for that visa, and completion of a certification form by a certifying official shall not be construed to guarantee that the victim will receive federal immigration relief. It is the exclusive responsibility of federal immigration officials to determine whether a person is eligible for a U or T visa. Completion of a certification form by a certifying official merely verifies factual information relevant to the federal immigration benefit sought, including information relevant for federal immigration officials to determine eligibility for a U or T visa. By completing a certification form, the certifying official attests that the information is true and correct to the best of the certifying official's knowledge. No provision in this chapter limits the manner in which a certifying official or certifying agency may describe whether the person has cooperated or been helpful to the agency or provide any additional information the certifying official or certifying agency believes might be relevant to a federal immigration officer's adjudication of a U or T visa application. If, after completion of a certification form, the certifying official later determines that the person was not the victim of qualifying criminal activity or the victim unreasonably refuses to assist in the investigation or prosecution of the qualifying criminal activity of which he is a victim, the certifying official may notify United States Citizenship and Immigration Services in writing.

G. A certifying official or agency receiving requests for completion of certification forms shall not disclose the immigration status of a victim or person requesting the certification form, except to comply with federal or state law or a legal process or if authorized by the victim or person requesting the certification form.

§ 9.1-1502. Proceedings for Enforcement of Chapter.

A. A certifying agency or certifying official acting or failing to act in good faith in compliance with this chapter shall have immunity from civil or criminal liability that may otherwise occur as a result of so acting or failing to act, except for gross negligence or willful or wanton misconduct.

B. If a certifying agency fails to respond within the statutory timeframes or refuses to certify that an applicant was a victim of qualifying criminal activity, the applicant may petition a circuit court to review the determination of the certifying agency within 30 days of such determination or within 30 days of the expiration of the statutory timeframe in subsection D. The circuit court shall conduct an evidentiary hearing on such petition within 30 days of the filing of the petition. Upon conducting a hearing and the circuit court being satisfied that the applicant having proven their eligibility for completion of a certification form by a preponderance of the evidence and the circuit court having found that the certifying agency's refusal to sign was unreasonable, a circuit court judge may execute the certification form. In assessing the reasonableness of the certifying agency's decision or failure to respond, the circuit court may consider whether the applicant has complied with the terms of this section and whether circumstances exist that would justify a deferral of a decision including whether a certification would jeopardize an ongoing criminal investigation or prosecution or the safety of an individual, cause a suspect to flee or evade detection, result in the destruction of evidence, or the applicant's cooperation is not complete.

Upon finding that the certifying agency denied the application without a factual or legal justification, or failed to respond to the applicant, the circuit court shall make an award of reasonable costs and attorney fees to a prevailing applicant. Such determination shall be without prejudice to any future proceeding premised upon a material change in circumstances.

C. Any petition filed pursuant to subsection B, along with the record of all hearings and all other pleadings and papers filed, and orders entered in connection with such petition shall be kept under seal by the clerk unless otherwise ordered by the court.

D. Nothing in this chapter shall be construed to alter or diminish the duties and requirements of a law-enforcement officer, as defined in § 9.1-101, the attorney for the Commonwealth, or the Attorney General from disclosing exculpatory information to a defendant in a criminal case.

The requesting voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. B. A qualified voter may vote absentee in person in the office of the general registrar through 2:00 p.m. on the day immediately preceding the election by complying with the requirements of § 24.2-643 and affirming that one of the following emergency circumstances will prevent him from voting on election day:

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

§ 24.2-709.1. Processing returned absentee ballots before election day; cure process.

Each general registrar shall take one or more of the following measures as needed to expedite counting absentee ballots returned by mail before election day: (i) A. On receipt of an absentee ballot returned in person or by mail to the office of the general registrar or to a drop-off location before election day, the general registrar shall mark the date of receipt in the voter's record and shall examine the ballot envelopes envelope to verify completion of the required voter affirmation; (ii) mark the pollbook, or the absentee voter applicant list if the pollbook is not available, that the voter has voted; or (iii) open the sealed ballot envelopes and insert the ballots in optical scan counting equipment or other secure ballot container without initiating any ballot count totals. If the general registrar proceeds to open sealed ballot envelopes as provided in clause (iii), at A voter affirmation statement shall not be deemed to be incomplete on the sole basis of the voter's failure to provide (i) his full name or his middle initial, as long as the voter provided his full first and last name, or (ii) the date, or any part of the date, including the year, on which he signed the statement.

B. If the voter affirmation has been completed as required, the general registrar may open the sealed ballot envelope and insert the ballot in optical scan counting equipment or other secure ballot container without initiating any ballot count totals. If a general registrar does not choose to do so, the sealed ballot envelope shall be deposited into a secure container provided for such purpose, in which it shall remain until the general registrar initiates the process of opening the sealed ballot envelopes deposited into the secure container and inserting such ballots into optical scan counting equipment without initiating any ballot count totals. Such process shall be at the general registrar's discretion at any time prior to the seventh day immediately preceding the election but shall be mandatory beginning on the seventh day immediately preceding the election.

At least two officers of election, one representing each political party, shall be present during all hours when a general registrar uses the expedited procedures sealed ballot envelopes are opened as authorized in or required by this section subsection. In the event that circumstances prevent a general registrar from complying with the provisions of this subsection, such failure shall not be grounds for contesting the election pursuant to Article 2 (§ 24.2-803 et seq.) of Chapter 8 and shall not invalidate the absentee ballots.

C. For any absentee ballot received by the Friday immediately preceding the day of the election, if the general registrar finds during the examination of the ballot envelope that the required voter affirmation was not correctly or completely filled out or that a procedure required by § 24.2-707 was not properly followed, and such error or failure would render the ballot void by law, the general registrar shall enter into the voter's record in the voter registration system that the absentee ballot has an issue requiring correction in order for it to be counted. This information shall be included on any absentee voter applicant list provided pursuant to subsection C of § 24.2-710.

Within three days of such finding, the registrar shall notify the voter in writing or by email of the error or failure and shall provide information to the voter on how to correct the issue so his ballot may be counted. The voter shall be entitled to make such necessary corrections before noon on the third day after the election, and his ballot shall then be counted pursuant to the procedures set forth in this chapter if he is found to be entitled to vote. No absentee ballot needing correction shall be delivered to the officers of election at the appropriate precinct until the voter is provided the opportunity to make the necessary corrections pursuant to this subsection.

The general registrar may issue a new absentee ballot to the voter if necessary and shall preserve the first ballot with other spoiled ballots.

§ 24.2-710. Absentee voter applicant lists.

On receipt of an absentee ballot, the electoral board or general registrar shall mark the date of receipt in the appropriate column opposite the name and address of the voter on the absentee voter applicant list maintained in the general registrar's office. A board member or registrar shall deposit the return envelope and the unopened ballot envelope in an appropriate

container provided for the purpose, in which they shall remain until the day of the election, unless the registrar opts to open sealed ballot envelopes in order to expedite the counting of absentee ballots in accordance with § 24.2-709.1.

The supplementary list shall be deemed part of the absentee voter applicant list and shall be prepared and delivered in accordance with the instructions of the State Board. The general registrar shall maintain one copy of the list in his office for two years as a public record open for inspection upon request during regular office hours.

B. On the day before the election, the electoral board shall deliver one copy of the list provided to it by the general registrar to the chief officer of election for each precinct. The list shall be attested by the secretary of the electoral board who shall be responsible for the delivery of the attested lists to the chief officer of election for each precinct.

Absentee ballots shall be accepted only from voters whose names appear on the attested list.

Before the polls close on the day of the election, the electoral board shall deliver the absentee ballot containers to, and obtain a receipt from, the officers of election at each appropriate precinct. Any ballot returned to the electoral board or general registrar prior to the closing of the polls, but after the ballot container has been delivered, shall be delivered in an appropriate container to the officers of election at each appropriate precinct. The containers shall be sealed prior to delivery to the officers and shall contain the sealed absentee ballots, the accompanying return envelopes, and a copy of the absentee voter applicant list for each precinct.

If the county or city uses a central absentee voter precinct pursuant to § 24.2-712, the lists and containers shall be delivered, as provided in this section, to the officers of election for the absentee precinct.

Before noon on the day following the election, the general registrar shall deliver all applications for absentee ballots for the election, under seal, to the clerk of the circuit court for the county or city, except that the general registrar may retain all applications for absentee ballots until the electoral board has ascertained the results of the election pursuant to § 24.2-671, and has determined the validity of and counted all provisional ballots pursuant to § 24.2-653.01, at which point all applications shall then be delivered, under seal, to the clerk of the circuit court for the county or city. The clerk shall retain the sealed applications with the counted ballots.

The secretary of the electoral board shall deliver all absentee ballots received after the election to the clerk of the circuit court.

C. Upon request, the State Board shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such lists shall be used only for campaign and political purposes. In no event shall any list furnished under this section contain (a) any voter's social security number or any part thereof, (b) any voter's day and month of birth, or (c) the residence address of any voter who has provided a post office box address to be used on public lists pursuant to § 24.2-418.

§ 24.2-711. Duties of electoral board, general registrar, and officers of election.

A. Before the polls open, the officers of election at each precinct shall mark, for each person on the absentee voter applicant list, the letters "AB" (meaning absentee ballot) in the voting record column on the pollbook. The pollbook may be so marked prior to election day by the general registrar, the secretary of the electoral board, or staff under the direction of the general registrar or the secretary, or when the pollbook is produced by the State Board pursuant to § 24.2-404. If the pollbook has been marked prior to election day, before the polls open the officers of election at each precinct shall check the marks for accuracy and make any additions or corrections required.

The chief officer of election shall keep the copy of the absentee voter applicant list in the polling place as a public record open for inspection upon request at all times while the polls are open.

If a voter, whose name appears on the absentee voter applicant list, has not returned an unused ballot and offers to vote in his precinct, the officers of election in the precinct shall determine the matter pursuant to §§ 24.2-653.1 and 24.2-708.

Immediately after the close of the polls, the container of absentee ballots shall be opened by the officers of election. As each ballot envelope is removed from the container, the name of the voter shall be called and checked as if the voter were voting in person. If the voter is found entitled to vote, an officer shall mark the voter's name on the pollbook with the first or next consecutive number from the voter count form, or shall enter that the voter has voted if the pollbook is in electronic form. The ballot envelope shall then be opened, and the ballot deposited in the ballot container without being unfolded or examined. If the voter is found not entitled to vote, the unopened envelope shall be rejected. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide in the statement on the back of the unopened envelope his full middle name or his middle initial, unless the voter also failed to provide his full first and last name. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope. At least two officers of election, one representing each political party, shall write and sign a statement of the cause for rejection on the envelope or on an attachment to the envelope.

When all ballots have been accounted for and either voted or rejected, the officers shall place the empty ballot envelopes, the return envelopes, and any rejected ballot envelopes, in one envelope provided for the purpose and seal and deliver it with the ballots cast at the election as provided in this title.

B. Before noon on the day following the election, the general registrar shall deliver all applications for absentee ballots for the election, under seal, to the clerk of the circuit court for the county or city, except that the general registrar may retain all applications for absentee ballots until the electoral board has ascertained the results of the election pursuant to § 24.2-671, and has determined the validity of and counted all provisional ballots pursuant to § 24.2-653.01, at which point all applications shall then be delivered, under seal, to the clerk of the circuit court for the county or city. The clerk shall retain the sealed applications with the counted ballots.

C. The secretary of the electoral board shall deliver all absentee ballots received after the election to the clerk of the circuit court.

If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.~~

On or before July 1, 2021, the Department of Elections shall provide the means for a voter to opt out of being enrolled on the permanent absentee voter*

list. On or before July 1, 2021, the general registrars shall notify each voter enrolled on the special absentee voter applicant list that the voter will be enrolled on the permanent absentee voter list unless the voter so declines and shall provide instructions on how to do so.

CHAPTER 472

An Act to amend the Code of Virginia by adding in Article 3 of Chapter 2 of Title 32.1 a section numbered 32.1-48.001, relating to public health emergency; emergency medical services agencies; real-time access to information.

[H 1989]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 3 of Chapter 2 of Title 32.1 a section numbered 32.1-48.001 as follows:

§ 32.1-48.001. Real-time information sharing for emergency medical services agencies.

A. The Department shall develop and implement a system for sharing information regarding confirmed cases of communicable diseases of public health threat with emergency medical services agencies in real time during a declared public health emergency related to a communicable disease of public health threat, in order to protect the health and safety of emergency medical services personnel and the public. Such system shall include information about the location of confirmed cases of the communicable disease of public health threat, including the address of such location; the number of confirmed and suspected cases of the communicable disease of public health threat at each such location; any measures implemented at such location to prevent exposing others to the communicable disease of public health threat; and any other information that the Department shall deem appropriate. Such system shall be updated in real time to reflect each confirmed case of the communicable disease of public health threat.

B. During a declared public health emergency related to a communicable disease of public health threat, every local and district health department in the Commonwealth shall report information regarding confirmed and suspected cases of the communicable disease of public health threat to the Department, in a format specified by the Board, for inclusion in the system developed pursuant to subsection A.

C. Information contained in the system developed pursuant to subsection A shall be made available to every emergency medical services agency in the Commonwealth and shall be used by such emergency medical services agencies for the purpose of (i) developing protocols to ensure the safety of emergency medical services personnel and the public when responding to calls for assistance at locations at which a case of the communicable disease of public health threat has been confirmed, including protocols related to appropriate staffing of the emergency medical services agency and the availability and use of appropriate equipment, including personal protective equipment, by emergency medical services personnel when responding to such calls, and (ii) during a declared public health emergency related to a communicable disease of public health threat, identifying specific locations at which a case of such communicable disease of public health threat has been confirmed for the purpose of implementing such protocols when responding to calls for assistance.

D. The Department shall make information submitted pursuant to subsection B and any other information contained in the system developed pursuant to subsection A available, upon request, to the Emergency Medical Services Advisory Board and each regional emergency medical services council, for the purpose of monitoring and improving the quality of emergency medical services in the Commonwealth.

E. The Department shall regularly consult with the Emergency Medical Services Advisory Board to identify the types of information that should be included in the system developed pursuant to subsection A and to revise reporting requirements for local and district health departments pursuant to subsection B.

F. Information contained in the system developed pursuant to subsection A shall be confidential and shall not be disclosed except in accordance with this section.

2. That the provisions of this act shall not become effective unless the Centers for Disease Control and Prevention (the CDC) approves a grant to the Commonwealth from the Epidemiology and Laboratory Capacity for Prevention and Control of Emerging Infectious Diseases (ELC) program that is sufficient to fund the costs of the Department of Health (the Department) to establish and implement the information-sharing system created by this act. The Department shall apply to the CDC for such funding and shall report to the Governor and the General Assembly on the outcome of its application.

CHAPTER 473

An Act to amend and reenact §§ 2.2-1182 and 2.2-1183 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-1804.1, relating to building standards for certain state and local buildings.

[H 2001]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-1182 and 2.2-1183 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-1804.1 as follows:

§ 2.2-1182. Definitions.

A. This article shall be known and may be cited as the High Performance Buildings Act.

B. As used in this article, unless the context requires a different meaning:

"Centralized fleet" means the same as that term is defined in § 2.2-1173.

"High performance building certification program" means a public building design, construction, and renovation program that meets the requirements of VEES.

"Sufficient electric vehicle charging infrastructure" means provision or reservation of sufficient space to provide electric vehicle charging stations and related infrastructure, including transformers, service equipment, and large conduit, to support every centralized fleet vehicle that will be located at such building.

"VEES" means the Virginia Energy Conservation and Environmental Standards developed by the Department considering the U.S. Green Building Council (LEED) green building rating standard, the Green Building Initiative "Green Globes" building standard, and other appropriate requirements as determined by the Department.

§ 2.2-1183. Building standards; exemption; report.

A. Any executive branch agency or institution entering the design phase for the construction of a new building greater than 5,000 gross square feet in size, or the renovation of a building where the cost of the renovation exceeds 50 percent of the value of the building, shall conform to VEES and the building shall be designed, ensure that such building:

1. Is designed, constructed, verified, and operated to comply with the high performance building certification program and VEES;

2. Has sufficient electric vehicle charging infrastructure. However, the provisions of this subdivision shall not apply to buildings located in the right-of-way of the Interstate System as that term is defined in § 33.2-100; and

3. Has features that permit the agency or institution to track the building's energy efficiency and associated carbon emissions, including metering of all electricity, gas, water, and other utilities.

B. Any executive branch agency or institution may exceed the design and construction standards required by subsection A, provided that such agency or institution obtains prior written approval from the Director of the Department.

C. The Director of the Department may grant an exemption from the design and construction standards required by subsection A upon a finding that special circumstances make the construction or renovation to the standards impracticable. Such exemption shall be made in writing and shall explain the basis for granting such exemption. If the Director cites cost as a factor in granting an exemption, the Director shall include a comparison of the cost the agency or institution will incur over the next 20 years if the agency does not comply with the standards required by subsection A versus the costs to the agency or institution if the agency or institution were to comply with such standards.

D. Each agency or institution shall submit an annual report to the Governor by January 1 of each year detailing the energy-efficiency and associated carbon emissions metrics for each building built or renovated in accordance with the design and construction standards required by subsection A and completed during the prior fiscal year.

§ 15.2-1804.1. Building by locality; high performance standards.

A. As used in this section:

"Design phase" means the design of a building construction or renovation project, inclusive of the issuance of a request for proposal and the project budget approval.

"EV" means an electric vehicle.

"High performance building certification program" means a public building design, construction, and renovation program that achieves certification using the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) green building rating standard or the Green Building Initiative's "Green Globes" building standard, or meets the requirements of VEES.

"Sufficient ZEV charging and fueling infrastructure" means the provision of ZEV charging or fueling infrastructure, including EV-ready charging electrical capacity and pre-wiring, (i) sufficient to support every passenger-type vehicle owned by the locality and available for use by the locality that will be located at such building upon full occupancy, meet projected demand for such infrastructure during the first 10 years following building occupancy, or (ii) that achieves the current ZEV or EV charging credit for a high performance building certification program.

"VEES" means the Virginia Energy Conservation and Environmental Standards developed by the Department considering the U.S. Green Building Council (LEED) green building rating standard, the Green Building Initiative "Green Globes" building standard, and other appropriate requirements as determined by the Department.

"ZEV" means a zero-emissions vehicle.

B. Any locality entering the design phase for the construction of a new building greater than 5,000 gross square feet in size, or the renovation of a building where the cost of the renovation exceeds 50 percent of the value of the building, shall ensure that such building:

1. Is designed, constructed, verified, and operated to comply with a high performance building certification program;

2. Has sufficient ZEV charging and fueling infrastructure. In making a sufficiency determination, the locality may also consider the interest of the Commonwealth in providing infrastructure for nearby locations, geographical gaps in ZEV charging infrastructure, availability of incentives, and other factors;

3. *Has features that permit the agency or institution to measure the building's energy consumption and associated carbon emissions, including metering of all electricity, gas, water, and other utilities; and*

4. *Incorporates appropriate resilience and distributed energy features.*

C. *Notwithstanding the provisions of subsection B, for any such construction or renovation of a building that is less than 20,000 gross square feet in size, the locality may instead ensure that such building achieves the relevant ENERGY STAR certification and implement mechanical, electrical, plumbing, and envelope commissioning.*

D. *Upon a finding that special circumstances make the construction or renovation to the standards impracticable, the governing body of such locality may, by resolution, grant an exemption from any such design and construction standards. Such resolution shall be made in writing and shall explain the basis for granting the exemption. If the local governing body cites cost as a factor in granting an exemption, the local governing body shall include a comparison of the cost the locality will incur over the next 20 years or the lifecycle of the project, whichever is shorter, if the locality does not comply with the standards required by subsection B versus the costs to the locality if the locality were to comply with such standards.*

E. *Any local governing body may, by ordinance, adopt its own green design and construction program that includes standards that are more stringent than any equivalent standard in subsection B. While such program remains in effect, the locality shall be deemed compliant with the provisions of this section.*

2. That the provisions of § 15.2-1804.1 of the Code of Virginia, as created by this act, shall become effective for any locality with a population of less than 100,000 on July 1, 2023.

CHAPTER 474

An Act to amend and reenact § 24.2-509 of the Code of Virginia, relating to nomination of candidates for elected offices; restrictions on nomination method selected by political party.

[H 2020]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-509 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-509. Party to determine method of nominating its candidates for office; exceptions.

A. The duly constituted authorities of the state political party shall have the right to determine the method by which a party nomination for a member of the United States Senate or for any statewide office shall be made. The duly constituted authorities of the political party for the district, county, city, or town in which any other office is to be filled shall have the right to determine the method by which a party nomination for that office shall be made. *A method of nomination shall not be selected if such method will have the practical effect of excluding participation in the nominating process by qualified voters who are otherwise eligible to participate in the nominating process under that political party's rules but are unable to attend meetings because they are (i) a member of a uniformed service, as defined in § 24.2-452, on active duty; (ii) temporarily residing outside of the United States; (iii) a student attending a school or institution of higher education; (iv) a person with a disability; or (v) a person who has a communicable disease of public health threat as defined in § 32.1-48.06 or who may have come in contact with a person with such disease. However, such restriction shall not apply when selecting a candidate for a special election or nominating a candidate pursuant to § 24.2-539, or in the event that no candidate files the required paperwork by the deadline prescribed in § 24.2-522.*

B. Notwithstanding subsection A, the following provisions shall apply to the determination of the method of making party nominations. A party shall nominate its candidate for election for a General Assembly district where there is only one incumbent of that party for the district by the method designated by that incumbent, or absent any designation by him by the method of nomination determined by the party. A party shall nominate its candidates for election for a General Assembly district where there is more than one incumbent of that party for the district by a primary unless all the incumbents consent to a different method of nomination. A party, whose candidate at the immediately preceding election for a particular office other than the General Assembly (i) was nominated by a primary or filed for a primary but was not opposed and (ii) was elected at the general election, shall nominate a candidate for the next election for that office by a primary unless all incumbents of that party for that office consent to a different method.

When, under any of the foregoing provisions, no incumbents offer as candidates for reelection to the same office, the method of nomination shall be determined by the political party.

For the purposes of this subsection, any officeholder who offers for reelection to the same office shall be deemed an incumbent notwithstanding that the district which he represents differs in part from that for which he offers for election.

2. That the provisions of this act shall become effective on January 1, 2024.

Chapter 50.

§ 2.2-3902. Construction of chapter; other programs to aid persons with disabilities, minors, and the elderly.

"Lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.

B. It is an unlawful employment practice for:

1. An employer to:

b. Limit, segregate, or classify employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect an individual's status as an employee, because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions including lactation, age, *military* status as a ~~veteran~~, or national origin.

2. An employment agency to:

a. Fail or refuse to refer for employment, or otherwise discriminate against, any individual because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin; or

b. Classify or refer for employment any individual on the basis of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin.

b. Limit, segregate, or classify its membership or applicants for membership, or classify or fail to or refuse to refer for employment any individual, in any way that would deprive or tend to deprive such individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect an individual's status as an employee or as an applicant for employment, because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin; or

c. Cause or attempt to cause an employer to discriminate against an individual in violation of subdivisions a or b.

5. An employer, in connection with the selection or referral of applicants or candidates for employment or promotion, to adjust the scores of, use different cutoff scores for, or otherwise alter the results of employment-related tests on the basis of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin.

6. Except as otherwise provided in this chapter, an employer to use race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin as a motivating factor for any employment practice, even though other factors also motivate the practice.

7. (i) An employer to discriminate against any employees or applicants for employment, (ii) an employment agency or a joint apprenticeship committee controlling an apprenticeship or other training program to discriminate against any

individual, or (iii) a labor organization to discriminate against any member thereof or applicant for membership because such individual has opposed any practice made an unlawful employment practice by this chapter or because such individual has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this chapter.

8. An employer, labor organization, employment agency, or joint apprenticeship committee controlling an apprenticeship or other training program to print or publish, or cause to be printed or published, any notice or advertisement relating to (i) employment by such an employer, (ii) membership in or any classification or referral for employment by such a labor organization, (iii) any classification or referral for employment by such an employment agency, or (iv) admission to, or employment in, any program established to provide apprenticeship or other training by such a joint apprenticeship committee that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, age, or national origin when religion, sex, age, or national origin is a bona fide occupational qualification for employment.

C. Notwithstanding any other provision of this chapter, it is not an unlawful employment practice:

1. For (i) an employer to hire and employ employees; (ii) an employment agency to classify, or refer for employment, any individual; (iii) a labor organization to classify its membership or to classify or refer for employment any individual; or (iv) an employer, labor organization, or joint apprenticeship committee to admit or employ any individual in any apprenticeship or other training program on the basis of such individual's religion, sex, or age in those certain instances where religion, sex, or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular employer, employment agency, labor organization, or joint apprenticeship committee;

2. For an elementary or secondary school or institution of higher education to hire and employ employees of a particular religion if such elementary or secondary school or institution of higher education is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religion or by a particular religious corporation, association, or society or if the curriculum of such elementary or secondary school or institution of higher education is directed toward the propagation of a particular religion;

3. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin;

5. For an employer to provide reasonable accommodations related to pregnancy, childbirth or related medical conditions, and lactation, when such accommodations are requested by the employee; or

6. For an employer to condition employment or premises access based upon citizenship where the employer is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute or regulation of the federal government or any executive order of the President of the United States.

D. Nothing in this chapter shall be construed to require any employer, employment agency, labor organization, or joint apprenticeship committee to grant preferential treatment to any individual or to any group because of such individual's or group's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin on account of an imbalance that may exist with respect to the total number or percentage of persons of any race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin in any community.

E. The provisions of this section shall not apply to the employment of individuals of a particular religion by a religious corporation, association, educational institution, or society to perform work associated with its activities.

§ 15.2-853. Commission on human rights; human rights ordinance.

A county may enact an ordinance prohibiting discrimination in housing, real estate transactions, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *military* status as a ~~veteran~~, age, marital status, sexual orientation, gender identity, or disability. The board may enact an ordinance establishing a local commission on human rights that shall have the following powers and duties:

1. To promote policies to ensure that all persons be afforded equal opportunity;

2. To serve as an agency for receiving, investigating, holding hearings, processing, and assisting in the voluntary resolution of complaints regarding discriminatory practices occurring within the county;

3. With the approval of the county attorney, to seek, through appropriate enforcement authorities, prevention of or relief from a violation of any ordinance prohibiting discrimination; and

4. To exercise such other powers and duties as provided in this article. However, the commission shall have no power itself to issue subpoenas, award damages, or grant injunctive relief.

For the purposes of this article, "person", unless the context requires otherwise:

"Military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

"Person" means one or more individuals, labor unions, partnerships, corporations, associations, legal representatives, mutual companies, joint-stock companies, trusts, or unincorporated organizations.

§ 15.2-854. Investigations.

Whenever the commission on human rights has a reasonable cause to believe that any person has engaged in, or is engaging in, any violation of a county ordinance that prohibits discrimination due to race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *military* status as a ~~veteran~~, age, marital status, sexual orientation, gender identity, or disability, and, after making a good faith effort to obtain the data, information, and attendance of witnesses necessary to determine whether such violation has occurred, is unable to obtain such data, information, or attendance, it may request the county attorney to petition the judge of the general district court for its jurisdiction for a subpoena against any such person refusing to produce such data and information or refusing to appear as a witness, and the judge of such court may, upon good cause shown, cause the subpoena to be issued. Any witness subpoena issued under this section shall include a statement that any statements made will be under oath and that the respondent or other witness is entitled to be represented by an attorney. Any person failing to comply with a subpoena issued under this section shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued a subpoena to quash it.

§ 15.2-965. Human rights ordinances and commissions.

A. Any locality may enact an ordinance, not inconsistent with nor more stringent than any applicable state law, prohibiting discrimination in housing, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *military* status as a ~~veteran~~, age, marital status, sexual orientation, gender identity, or disability.

B. The locality may enact an ordinance establishing a local commission on human rights that shall have the powers and duties granted by the Virginia Human Rights Act (§ 2.2-3900 et seq.).

C. As used in this section:

"Gender identity" means the gender-related identity, appearance, or other gender-related characteristics of an individual, without regard to the individual's designated sex at birth.

"Military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

"Sexual orientation" means a person's actual or perceived heterosexuality, bisexuality, or homosexuality.

§ 15.2-1500.1. Employment discrimination prohibited; sexual orientation or gender identity.

A. As used in this section, "age" article, unless the context requires a different meaning:

"Age" means being an individual who is at least 40 years of age.

"Military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

B. No department, office, board, commission, agency, or instrumentality of local government shall discriminate in employment on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, disability, sexual orientation, gender identity, or *military* status as a ~~veteran~~.

C. The provisions of this section shall not prohibit (i) discrimination in employment on the basis of sex or age in those instances when sex or age is a bona fide occupational qualification for employment or (ii) providing preference in employment to veterans.

§ 15.2-1507. Provision of grievance procedure; training programs.

A. If a local governing body fails to adopt a grievance procedure required by § 15.2-1506 or fails to certify it as provided in this section, the local governing body shall be deemed to have adopted a grievance procedure that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as the locality remains in noncompliance. The locality shall provide its employees with copies of the applicable grievance procedure upon request. The term "grievance" as used herein shall not be interpreted to mean negotiations of wages, salaries, or fringe benefits.

Each grievance procedure, and each amendment thereto, in order to comply with this section, shall be certified in writing to be in compliance by the city, town, or county attorney, and the chief administrative officer of the locality, and such certification filed with the clerk of the circuit court having jurisdiction in the locality in which the procedure is to apply. Local government grievance procedures in effect as of July 1, 1991, shall remain in full force and effect for 90 days thereafter, unless certified and filed as provided above within a shorter time period.

Each grievance procedure shall include the following components and features:

1. Definition of grievance. A grievance shall be a complaint or dispute by an employee relating to his employment, including (i) disciplinary actions, including dismissals, disciplinary demotions, and suspensions, provided that dismissals shall be grievable whenever resulting from formal discipline or unsatisfactory job performance; (ii) the application of personnel policies, procedures, rules, and regulations, including the application of policies involving matters referred to in clause (iii) of subdivision 2; (iii) discrimination on the basis of race, color, creed, religion, political affiliation, age, disability, national origin, sex, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, or *military status as a veteran*; and (iv) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement. For the purposes of clause (iv), there shall be a rebuttable presumption that increasing the penalty that is the subject of the grievance at any level of the grievance shall be an act of retaliation.

2. Local government responsibilities. Local governments shall retain the exclusive right to manage the affairs and operations of government. Accordingly, the following complaints are nongrievable: (i) establishment and revision of wages or salaries, position classification, or general benefits; (ii) work activity accepted by the employee as a condition of employment or work activity that may reasonably be expected to be a part of the job content; (iii) the contents of ordinances, statutes, or established personnel policies, procedures, rules, and regulations; (iv) failure to promote except where the employee can show that established promotional policies or procedures were not followed or applied fairly; (v) the methods, means, and personnel by which work activities are to be carried on; (vi) except where such action affects an employee who has been reinstated within the previous six months as the result of the final determination of a grievance, termination, layoff, demotion, or suspension from duties because of lack of work, reduction in work force, or job abolition; (vii) the hiring, promotion, transfer, assignment, and retention of employees within the local government; and (viii) the relief of employees from duties of the local government in emergencies. In any grievance brought under the exception to clause (vi), the action shall be upheld upon a showing by the local government that (a) there was a valid business reason for the action and (b) the employee was notified of the reason in writing prior to the effective date of the action.

3. Coverage of personnel.

a. Unless otherwise provided by law, all nonprobationary local government permanent full-time and part-time employees are eligible to file grievances with the following exceptions:

- (1) Appointees of elected groups or individuals;
- (2) Officials and employees who by charter or other law serve at the will or pleasure of an appointing authority;
- (3) Deputies and executive assistants to the chief administrative officer of a locality;
- (4) Agency heads or chief executive officers of government operations;
- (5) Employees whose terms of employment are limited by law;
- (6) Temporary, limited term, and seasonal employees;

(7) Law-enforcement officers as defined in Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 whose grievance is subject to the provisions of Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 and who have elected to proceed pursuant to those provisions in the resolution of their grievance, or any other employee electing to proceed pursuant to any other existing procedure in the resolution of his grievance.

b. Notwithstanding the exceptions set forth in subdivision a, local governments, at their sole discretion, may voluntarily include employees in any of the excepted categories within the coverage of their grievance procedures.

c. The chief administrative officer of each local government, or his designee, shall determine the officers and employees excluded from the grievance procedure, and shall be responsible for maintaining an up-to-date list of the affected positions.

4. Grievance procedure availability and coverage for employees of community services boards, redevelopment and housing authorities, and regional housing authorities. Employees of community services boards, redevelopment and housing authorities created pursuant to § 36-4, and regional housing authorities created pursuant to § 36-40 shall be included in (i) a local governing body's grievance procedure or personnel system, if agreed to by the department, board, or authority and the locality or (ii) a grievance procedure established and administered by the department, board, or authority that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations promulgated

pursuant thereto. If a department, board, or authority fails to establish a grievance procedure pursuant to clause (i) or (ii), it shall be deemed to have adopted a grievance procedure that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as it remains in noncompliance.

5. General requirements for procedures.

a. Each grievance procedure shall include not more than four steps for airing complaints at successively higher levels of local government management and a final step providing for a panel hearing or a hearing before an administrative hearing officer upon the agreement of both parties.

b. Grievance procedures shall prescribe reasonable and specific time limitations for the grievant to submit an initial complaint and to appeal each decision through the steps of the grievance procedure.

c. Nothing contained in this section shall prohibit a local government from granting its employees rights greater than those contained herein, provided that such grant does not exceed or violate the general law or public policy of the Commonwealth.

6. Time periods.

a. It is intended that speedy attention to employee grievances be promoted, consistent with the ability of the parties to prepare for a fair consideration of the issues of concern.

b. The time for submitting an initial complaint shall not be less than 20 calendar days after the event giving rise to the grievance, but local governments may, at their option, allow a longer time period.

c. Limits for steps after initial presentation of grievance shall be the same or greater for the grievant than the time that is allowed for local government response in each comparable situation.

d. Time frames may be extended by mutual agreement of the local government and the grievant.

7. Compliance.

a. After the initial filing of a written grievance, failure of either party to comply with all substantial procedural requirements of the grievance procedure, including the panel or administrative hearing, without just cause shall result in a decision in favor of the other party on any grievable issue, provided the party not in compliance fails to correct the noncompliance within five workdays of receipt of written notification by the other party of the compliance violation. Such written notification by the grievant shall be made to the chief administrative officer, or his designee.

b. The chief administrative officer, or his designee, at his option, may require a clear written explanation of the basis for just cause extensions or exceptions. The chief administrative officer, or his designee, shall determine compliance issues. Compliance determinations made by the chief administrative officer shall be subject to judicial review by filing petition with the circuit court within 30 days of the compliance determination.

8. Management steps.

a. The first step shall provide for an informal, initial processing of employee complaints by the immediate supervisor through a nonwritten, discussion format.

b. Management steps shall provide for a review with higher levels of local government authority following the employee's reduction to writing of the grievance and the relief requested on forms supplied by the local government. Personal face-to-face meetings are required at all of these steps.

c. With the exception of the final management step, the only persons who may normally be present in the management step meetings are the grievant, the appropriate local government official at the level at which the grievance is being heard, and appropriate witnesses for each side. Witnesses shall be present only while actually providing testimony. At the final management step, the grievant, at his option, may have present a representative of his choice. If the grievant is represented by legal counsel, local government likewise has the option of being represented by counsel.

9. Qualification for panel or administrative hearing.

a. Decisions regarding grievability and access to the procedure shall be made by the chief administrative officer of the local government, or his designee, at any time prior to the panel hearing, at the request of the local government or grievant, within 10 calendar days of the request. No city, town, or county attorney, or attorney for the Commonwealth, shall be authorized to decide the question of grievability. A copy of the ruling shall be sent to the grievant. Decisions of the chief administrative officer of the local government, or his designee, may be appealed to the circuit court having jurisdiction in the locality in which the grievant is employed for a hearing on the issue of whether the grievance qualifies for a panel hearing. Proceedings for review of the decision of the chief administrative officer or his designee shall be instituted by the grievant by filing a notice of appeal with the chief administrative officer within 10 calendar days from the date of receipt of the decision and giving a copy thereof to all other parties. Within 10 calendar days thereafter, the chief administrative officer or his designee shall transmit to the clerk of the court to which the appeal is taken: a copy of the decision of the chief administrative officer, a copy of the notice of appeal, and the exhibits. A list of the evidence furnished to the court shall also be furnished to the grievant. The failure of the chief administrative officer or his designee to transmit the record shall not prejudice the rights of the grievant. The court, on motion of the grievant, may issue a writ of certiorari requiring the chief administrative officer to transmit the record on or before a certain date.

b. Within 30 days of receipt of such records by the clerk, the court, sitting without a jury, shall hear the appeal on the record transmitted by the chief administrative officer or his designee and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The court, in its discretion, may receive such other evidence as the ends of justice require. The court may affirm the decision of the chief administrative officer or his designee, or may

reverse or modify the decision. The decision of the court shall be rendered no later than the fifteenth day from the date of the conclusion of the hearing. The decision of the court is final and is not appealable.

10. Final hearings.

a. Qualifying grievances shall advance to either a panel hearing or a hearing before an administrative hearing officer, as set forth in the locality's grievance procedure, as described below:

(1) If the grievance procedure adopted by the local governing body provides that the final step shall be an impartial panel hearing, the panel may, with the exception of those local governments covered by subdivision a (2), consist of one member appointed by the grievant, one member appointed by the agency head and a third member selected by the first two. In the event that agreement cannot be reached as to the final panel member, the chief judge of the circuit court of the jurisdiction wherein the dispute arose shall select the third panel member. The panel shall not be composed of any persons having direct involvement with the grievance being heard by the panel, or with the complaint or dispute giving rise to the grievance. Managers who are in a direct line of supervision of a grievant, persons residing in the same household as the grievant and the following relatives of a participant in the grievance process or a participant's spouse are prohibited from serving as panel members: spouse, parent, child, descendants of a child, sibling, niece, nephew and first cousin. No attorney having direct involvement with the subject matter of the grievance, nor a partner, associate, employee or co-employee of the attorney shall serve as a panel member.

(2) If the grievance procedure adopted by the local governing body provides for the final step to be an impartial panel hearing, local governments may retain the panel composition method previously approved by the Department of Human Resource Management and in effect as of the enactment of this statute. Modifications to the panel composition method shall be permitted with regard to the size of the panel and the terms of office for panel members, so long as the basic integrity and independence of panels are maintained. As used in this section, the term "panel" shall include all bodies designated and authorized to make final and binding decisions.

(3) When a local government elects to use an administrative hearing officer rather than a three-person panel for the final step in the grievance procedure, the administrative hearing officer shall be appointed by the Executive Secretary of the Supreme Court of Virginia. The appointment shall be made from the list of administrative hearing officers maintained by the Executive Secretary pursuant to § 2.2-4024 and shall be made from the appropriate geographical region on a rotating basis. In the alternative, the local government may request the appointment of an administrative hearing officer from the Department of Human Resource Management. If a local government elects to use an administrative hearing officer, it shall bear the expense of such officer's services.

(4) When the local government uses a panel in the final step of the procedure, there shall be a chairperson of the panel and, when panels are composed of three persons (one each selected by the respective parties and the third from an impartial source), the third member shall be the chairperson.

(5) Both the grievant and the respondent may call upon appropriate witnesses and be represented by legal counsel or other representatives at the hearing. Such representatives may examine, cross-examine, question and present evidence on behalf of the grievant or respondent before the panel or hearing officer without being in violation of the provisions of § 54.1-3904.

(6) The decision of the panel or hearing officer shall be final and binding and shall be consistent with provisions of law and written policy.

(7) The question of whether the relief granted by a panel or hearing officer is consistent with written policy shall be determined by the chief administrative officer of the local government, or his designee, unless such person has a direct personal involvement with the event or events giving rise to the grievance, in which case the decision shall be made by the attorney for the Commonwealth of the jurisdiction in which the grievance is pending.

b. Rules for panel and administrative hearings.

Unless otherwise provided by law, local governments shall adopt rules for the conduct of panel or administrative hearings as a part of their grievance procedures, or shall adopt separate rules for such hearings. Rules that are promulgated shall include the following provisions:

(1) That neither the panels nor the hearing officer have authority to formulate policies or procedures or to alter existing policies or procedures;

(2) That panels and the hearing officer have the discretion to determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing, and, at the request of either party, the hearing shall be private;

(3) That the local government provide the panel or hearing officer with copies of the grievance record prior to the hearing, and provide the grievant with a list of the documents furnished to the panel or hearing officer, and the grievant and his attorney, at least 10 days prior to the scheduled hearing, shall be allowed access to and copies of all relevant files intended to be used in the grievance proceeding;

(4) That panels and hearing officers have the authority to determine the admissibility of evidence without regard to the burden of proof, or the order of presentation of evidence, so long as a full and equal opportunity is afforded to all parties for the presentation of their evidence;

(5) That all evidence be presented in the presence of the panel or hearing officer and the parties, except by mutual consent of the parties;

(6) That documents, exhibits and lists of witnesses be exchanged between the parties or hearing officer in advance of the hearing;

(7) That the majority decision of the panel or the decision of the hearing officer, acting within the scope of its or his authority, be final, subject to existing policies, procedures and law;

(8) That the panel or hearing officer's decision be provided within a specified time to all parties; and

(9) Such other provisions as may facilitate fair and expeditious hearings, with the understanding that the hearings are not intended to be conducted like proceedings in courts, and that rules of evidence do not necessarily apply.

11. Implementation of final hearing decisions.

Either party may petition the circuit court having jurisdiction in the locality in which the grievant is employed for an order requiring implementation of the hearing decision.

B. Notwithstanding the contrary provisions of this section, a final hearing decision rendered under the provisions of this section that would result in the reinstatement of any employee of a sheriff's office who has been terminated for cause may be reviewed by the circuit court for the locality upon the petition of the locality. The review of the circuit court shall be limited to the question of whether the decision of the panel or hearing officer was consistent with provisions of law and written policy.

B. Nothing in this section shall be construed to make it an unlawful employment practice for a constitutional officer to hire or appoint an individual on the basis of his sex or age in those instances where sex or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular office. The provisions of this section shall not apply to policy-making positions, confidential or personal staff positions, or undercover positions.

C. With regard to notices and advertisements:

1. Every constitutional officer shall, prior to hiring any employee, advertise such employment position in a newspaper having general circulation or a state or local government job placement service in such constitutional officer's locality except where the vacancy is to be used (i) as a placement opportunity for appointees or employees affected by layoff, (ii) as a transfer opportunity or demotion for an incumbent, (iii) to fill positions that have been advertised within the past 120 days, (iv) to fill positions to be filled by appointees or employees returning from leave with or without pay, (v) to fill temporary positions, temporary employees being those employees hired to work on special projects that have durations of three months or less, or (vi) to fill policy-making positions, confidential or personal staff positions, or special, sensitive law-enforcement positions normally regarded as undercover work.

2. No constitutional officer shall print or publish or cause to be printed or published any notice or advertisement relating to employment by such constitutional officer indicating any preference, limitation, specification, or discrimination, based on sex or national origin, except that such notice or advertisement may indicate a preference, limitation, specification, or discrimination based on sex or age when sex or age is a bona fide occupational qualification for employment.

D. Complaints regarding violations of subsection A may be made to the Division of Human Rights of the Department of Law. The Division shall have the authority to exercise its powers as provided in Article 4 (§ 2.2-520 et seq.) of Chapter 5 of Title 2.2.

A. In the case of the sale of any single-family house by a private individual-owner not residing in the house at the time of the sale or who was not the most recent resident of the house prior to sale, the exemption granted shall apply only with respect to one such sale within any 24-month period, provided that such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of, more than three such single-family houses at any one time. The sale or rental of any such single-family house shall be exempt from the application of this chapter only if the house is sold or rented (i) without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent, salesperson, or of the facilities or the services of any person in the business of selling or renting dwellings, or of any employee, independent contractor, or agent of any broker, agent, salesperson, or person and (ii) without the publication, posting, or mailing, after notice, of any advertisement or written

notice in violation of this chapter. However, nothing herein shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other professional assistance as necessary to perfect or transfer the title. This exemption shall not apply to or inure to the benefit of any licensee of the Real Estate Board or regulant of the Fair Housing Board, regardless of whether the licensee is acting in his personal or professional capacity.

B. Except for subdivision A 3 of § 36-96.3, this chapter shall not apply to rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

C. Nor shall anything in this chapter apply to a private membership club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging that it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members. Nor, where matters of personal privacy are involved, shall anything in this chapter be construed to prohibit any private, state-owned, or state-supported educational institution, hospital, nursing home, or religious or correctional institution from requiring that persons of both sexes not occupy any single-family residence or room or unit of dwellings or other buildings, or restrooms in such room or unit in dwellings or other buildings, which it owns or operates.

D. Nothing in this chapter prohibits conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance as defined in federal law.

E. It shall not be unlawful under this chapter for any owner to deny or limit the rental of housing to persons who pose a clear and present threat of substantial harm to others or to the dwelling itself.

F. A rental application may require disclosure by the applicant of any criminal convictions and the owner or managing agent may require as a condition of acceptance of the rental application that applicant consent in writing to a criminal record check to verify the disclosures made by applicant in the rental application. The owner or managing agent may collect from the applicant moneys to reimburse the owner or managing agent for the exact amount of the out-of-pocket costs for such criminal record checks. Nothing in this chapter shall require an owner or managing agent to rent a dwelling to an individual who, based on a prior record of criminal convictions involving harm to persons or property, would constitute a clear and present threat to the health or safety of other individuals.

G. Nothing in this chapter limits the applicability of any reasonable local, state or federal restriction regarding the maximum number of occupants permitted to occupy a dwelling. Owners or managing agents of dwellings may develop and implement reasonable occupancy and safety standards based on factors such as the number and size of sleeping areas or bedrooms and overall size of a dwelling unit so long as the standards do not violate local, state or federal restrictions. Nothing in this chapter prohibits the rental application or similar document from requiring information concerning the number, ages, sex and familial relationship of the applicants and the dwelling's intended occupants.

H. Nothing in this chapter shall prohibit a landlord from considering evidence of an applicant's status as a victim of family abuse, as defined in § 16.1-228, to mitigate any adverse effect of an otherwise qualified applicant's application pursuant to subsection D of § 55.1-1203.

I. Nothing in this chapter shall prohibit an owner or an owner's managing agent from denying or limiting the rental or occupancy of a rental dwelling unit to a person because of such person's source of funds, provided that such owner does not own more than four rental dwelling units in the Commonwealth at the time of the alleged discriminatory housing practice. However, if an owner, whether individually or through a business entity, owns more than a 10 percent interest in more than four rental dwelling units in the Commonwealth at the time of the alleged discriminatory housing practice, the exemption provided in this subsection shall not apply.

J. It shall not be unlawful under this chapter for an owner or an owner's managing agent to deny or limit a person's rental or occupancy of a rental dwelling unit based on the person's source of funds for that unit if such source is not approved within 15 days of the person's submission of the request for tenancy approval.

§ 36-96.3. Unlawful discriminatory housing practices.

A. It shall be an unlawful discriminatory housing practice for any person to:

1. Refuse to sell or rent after the making of a bona fide offer or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or *military* status as a ~~veteran~~;

2. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in the connection therewith to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or *military* status as a ~~veteran~~;

3. Make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination or an intention to make any such preference, limitation, or discrimination on the basis of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability. The use of words or symbols associated with a particular religion, national origin, sex, or race shall be prima facie evidence of an

illegal preference under this chapter that shall not be overcome by a general disclaimer. However, reference alone to places of worship, including churches, synagogues, temples, or mosques, in any such notice, statement, or advertisement shall not be prima facie evidence of an illegal preference;

4. Represent to any person because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

5. Deny any person access to membership in or participation in any multiple listing service, real estate brokers' organization, or other service, organization, or facility relating to the business of selling or renting dwellings or discriminate against such person in the terms or conditions of such access, membership, or participation because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability;

6. Include in any transfer, sale, rental, or lease of housing any restrictive covenant that discriminates because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability or for any person to honor or exercise, or attempt to honor or exercise, any such discriminatory covenant pertaining to housing;

7. Induce or attempt to induce to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability;

8. Refuse to sell or rent, or refuse to negotiate for the sale or rental of, or otherwise discriminate or make unavailable or deny a dwelling because of a disability of (i) the buyer or renter; (ii) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or (iii) any person associated with the buyer or renter; or

9. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith because of a disability of (i) that person; (ii) a person residing in or intending to reside in that dwelling after it was so sold, rented, or made available; or (iii) any person associated with that buyer or renter.

B. For the purposes of this section, discrimination includes (i) a refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by any person if such modifications may be necessary to afford such person full enjoyment of the premises; except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted; (ii) a refusal to make reasonable accommodations in rules, practices, policies, or services when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or (iii) in connection with the design and construction of covered multi-family dwellings for first occupancy after March 13, 1991, a failure to design and construct dwellings in such a manner that:

1. The public use and common use areas of the dwellings are readily accessible to and usable by disabled persons;

2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by disabled persons in wheelchairs; and

3. All premises within covered multi-family dwelling units contain an accessible route into and through the dwelling; light switches, electrical outlets, thermostats, and other environmental controls are in accessible locations; there are reinforcements in the bathroom walls to allow later installation of grab bars; and there are usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space. As used in this subdivision, the term "covered multi-family dwellings" means buildings consisting of four or more units if such buildings have one or more elevators and ground floor units in other buildings consisting of four or more units.

C. Compliance with the appropriate requirements of the American National Standards for Building and Facilities (commonly cited as "ANSI A117.1") or with any other standards adopted as part of regulations promulgated by HUD providing accessibility and usability for physically disabled people shall be deemed to satisfy the requirements of subdivision B 3.

D. Nothing in this chapter shall be construed to invalidate or limit any Virginia law or regulation that requires dwellings to be designed and constructed in a manner that affords disabled persons greater access than is required by this chapter.

§ 36-96.4. Discrimination in residential real estate-related transactions; unlawful practices by lenders, insurers, appraisers, etc.; deposit of state funds in such institutions.

A. It is unlawful for any person or other entity, including any lending institution, whose business includes engaging in residential real estate-related transactions to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, or in the manner of providing such a transaction, because of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability. It is not unlawful, however, for any person or other entity whose business includes engaging in residential real estate transactions to require any applicant to qualify financially for the loan or loans for which such person is making application.

B. As used in this section, the term "residential real estate-related transaction" means any of the following:

1. The making or purchasing of loans or providing other financial assistance (i) for purchasing, constructing, improving, repairing, or maintaining a dwelling or (ii) secured by residential real estate; or

2. The selling, brokering, insuring, or appraising of residential real property. However, nothing in this chapter shall prohibit a person engaged in the business of furnishing appraisals of real property to take into consideration factors other than race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a *veteran*, or disability.

C. It shall be unlawful for any state, county, city, or municipal treasurer or governmental official whose responsibility it is to account for, to invest, or manage public funds to deposit or cause to be deposited any public funds in any lending institution provided for herein which is found to be committing discriminatory practices, where such findings were upheld by any court of competent jurisdiction. Upon such a court's judicial enforcement of any order to restrain a practice of such lending institution or for said institution to cease or desist in a discriminatory practice, the appropriate fiscal officer or treasurer of the Commonwealth or any political subdivision thereof which has funds deposited in any lending institution which is practicing discrimination, as set forth herein, shall take immediate steps to have the said funds withdrawn and redeposited in another lending institution. If for reasons of sound economic management, this action will result in a financial loss to the Commonwealth or any of its political subdivisions, the action may be deferred for a period not longer than one year. If the lending institution in question has corrected its discriminatory practices, any prohibition set forth in this section shall not apply.

§ 36-96.6. Certain restrictive covenants void; instruments containing such covenants.

A. Any restrictive covenant and any related reversionary interest, purporting to restrict occupancy or ownership of property on the basis of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a *veteran*, or disability, whether heretofore or hereafter included in an instrument affecting the title to real or leasehold property, are declared to be void and contrary to the public policy of the Commonwealth.

B. Any person who is asked to accept a document affecting title to real or leasehold property may decline to accept the same if it includes such a covenant or reversionary interest until the covenant or reversionary interest has been removed from the document. Refusal to accept delivery of an instrument for this reason shall not be deemed a breach of a contract to purchase, lease, mortgage, or otherwise deal with such property.

C. No person shall solicit or accept compensation of any kind for the release or removal of any covenant or reversionary interest described in subsection A. Any person violating this subsection shall be liable to any person injured thereby in an amount equal to the greater of three times the compensation solicited or received, or \$500, plus reasonable attorney fees and costs incurred.

D. A family care home, foster home, or group home in which individuals with physical disabilities, mental illness, intellectual disability, or developmental disability reside, with one or more resident counselors or other staff persons, shall be considered for all purposes residential occupancy by a single family when construing any restrictive covenant which purports to restrict occupancy or ownership of real or leasehold property to members of a single family or to residential use or structure.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;

2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;

3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;

4. Agrees to pay the landlord's attorney fees except as provided in this chapter;

5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;

6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation; or

7. Agrees to both the payment of a security deposit and the provision of a bond or commercial insurance policy purchased by the tenant to secure the performance of the terms and conditions of a rental agreement, if the total of the security deposit and the bond or insurance coverage exceeds the amount of two months' periodic rent; or

8. *Agrees to waive remedies or rights under the Servicemembers Civil Relief Act, 50 U.S.C. § 3901 et seq., prior to the occurrence of a dispute between landlord and tenant. Execution of leases shall not be contingent upon the execution of a waiver of rights under the Servicemembers Civil Relief Act; however, upon the occurrence of any dispute, the landlord and tenant may execute a waiver of such rights and remedies as to that dispute in order to facilitate a resolution.*

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

§ 55.1-1310. Sale or lease of manufactured home by manufactured home owner.

A. For purposes of this section, "*military status*" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven

true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

B. No landlord shall unreasonably refuse or restrict the sale or rental of a manufactured home located in his manufactured home park by a tenant. No landlord shall prohibit the manufactured home owner from placing a "for sale" sign on or in the owner's home except that the size, placement, and character of all signs are subject to the rules and regulations of the manufactured home park. Prior to selling or leasing the manufactured home, the tenant shall give notice to the landlord, including the name of the prospective vendee or lessee if the prospective vendee or lessee intends to occupy the manufactured home in that manufactured home park. The landlord shall have the burden of proving that his refusal or restriction regarding the sale or rental of a manufactured home was reasonable. The refusal or restriction of the sale or rental of a manufactured home exclusively or predominantly based on the age of the home shall be considered unreasonable. Any refusal or restriction based on race, color, religion, national origin, *military* status as a *veteran*, familial status, marital status, elderliness, disability, sexual orientation, gender identity, sex, or pregnancy, childbirth or related medical conditions shall be conclusively presumed to be unreasonable.

Chapter 50.

B. No state agency, institution, board, bureau, commission, council, or instrumentality of the Commonwealth shall discriminate in employment on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, disability, sexual orientation, gender identity, or *military* status as a *veteran*.

2. An employment agency to:

a. Fail or refuse to refer for employment, or otherwise discriminate against, any individual because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin; or

b. 7. (i) An employer to discriminate against any employees or applicants for employment, (ii) an employment agency or a joint apprenticeship committee controlling an apprenticeship or other training program to discriminate against any individual, or (iii) a labor organization to discriminate against any member thereof or applicant for membership because such individual has opposed any practice made an unlawful employment practice by this chapter or because such individual has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this chapter.

8. An employer, labor organization, employment agency, or joint apprenticeship committee controlling an apprenticeship or other training program to print or publish, or cause to be printed or published, any notice or advertisement relating to (i) employment by such an employer, (ii) membership in or any classification or referral for employment by such a labor organization, (iii) any classification or referral for employment by such an employment agency, or (iv) admission to, or employment in, any program established to provide apprenticeship or other training by such a joint apprenticeship committee that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, age, or national origin when religion, sex, age, or national origin is a bona fide occupational qualification for employment.

C. Notwithstanding any other provision of this chapter, it is not an unlawful employment practice:

1. For (i) an employer to hire and employ employees; (ii) an employment agency to classify, or refer for employment, any individual; (iii) a labor organization to classify its membership or to classify or refer for employment any individual; or (iv) an employer, labor organization, or joint apprenticeship committee to admit or employ any individual in any apprenticeship or other training program on the basis of such individual's religion, sex, or age in those certain instances where religion, sex, or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular employer, employment agency, labor organization, or joint apprenticeship committee;

3. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military* status as a ~~veteran~~, or national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military status as a veteran*, or national origin;

5. For an employer to provide reasonable accommodations related to pregnancy, childbirth or related medical conditions, and lactation, when such accommodations are requested by the employee; or

D. Nothing in this chapter shall be construed to require any employer, employment agency, labor organization, or joint apprenticeship committee to grant preferential treatment to any individual or to any group because of such individual's or group's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military status as a veteran*, or national origin on account of an imbalance that may exist with respect to the total number or percentage of persons of any race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military status as a veteran*, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, *military status as a veteran*, or national origin in any community.

E. The provisions of this section shall not apply to the employment of individuals of a particular religion by a religious corporation, association, educational institution, or society to perform work associated with its activities.

2. To serve as an agency for receiving, investigating, holding hearings, processing, and assisting in the voluntary resolution of complaints regarding discriminatory practices occurring within the county;

Chapter 50.

"Person" means one or more individuals, labor unions, partnerships, corporations, associations, legal representatives, mutual companies, joint-stock companies, trusts, or unincorporated organizations.

§ 15.2-854. Investigations.

Any witness subpoena issued under this section shall include a statement that any statements made will be under oath and that the respondent or other witness is entitled to be represented by an attorney. Any person failing to comply with a subpoena issued under this section shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued a subpoena to quash it.

§ 15.2-965. Human rights ordinances and commissions.

Chapter 50.

Chapter 50.

B. No department, office, board, commission, agency, or instrumentality of local government shall discriminate in employment on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, disability, sexual orientation, gender identity, or *military* status as a ~~veteran~~.

C. The provisions of this section shall not prohibit (i) discrimination in employment on the basis of sex or age in those instances when sex or age is a bona fide occupational qualification for employment or (ii) providing preference in employment to veterans.

§ 15.2-1507. Provision of grievance procedure; training programs.

A. If a local governing body fails to adopt a grievance procedure required by § 15.2-1506 or fails to certify it as provided in this section, the local governing body shall be deemed to have adopted a grievance procedure that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as the locality remains in noncompliance. The locality shall provide its employees with copies of the applicable grievance procedure upon request. The term "grievance" as used herein shall not be interpreted to mean negotiations of wages, salaries, or fringe benefits.

Each grievance procedure, and each amendment thereto, in order to comply with this section, shall be certified in writing to be in compliance by the city, town, or county attorney, and the chief administrative officer of the locality, and such certification filed with the clerk of the circuit court having jurisdiction in the locality in which the procedure is to apply. Local government grievance procedures in effect as of July 1, 1991, shall remain in full force and effect for 90 days thereafter, unless certified and filed as provided above within a shorter time period.

Each grievance procedure shall include the following components and features:

1. Definition of grievance. A grievance shall be a complaint or dispute by an employee relating to his employment, including (i) disciplinary actions, including dismissals, disciplinary demotions, and suspensions, provided that dismissals shall be grievable whenever resulting from formal discipline or unsatisfactory job performance; (ii) the application of personnel policies, procedures, rules, and regulations, including the application of policies involving matters referred to in clause (iii) of subdivision 2; (iii) discrimination on the basis of race, color, creed, religion, political affiliation, age, disability, national origin, sex, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, or *military* status as a ~~veteran~~; and (iv) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement. For the purposes of clause (iv), there shall be a rebuttable presumption that increasing the penalty that is the subject of the grievance at any level of the grievance shall be an act of retaliation.

2. Local government responsibilities. Local governments shall retain the exclusive right to manage the affairs and operations of government. Accordingly, the following complaints are nongrievable: (i) establishment and revision of wages or salaries, position classification, or general benefits; (ii) work activity accepted by the employee as a condition of employment or work activity that may reasonably be expected to be a part of the job content; (iii) the contents of ordinances, statutes, or established personnel policies, procedures, rules, and regulations; (iv) failure to promote except where the employee can show that established promotional policies or procedures were not followed or applied fairly; (v) the methods, means, and personnel by which work activities are to be carried on; (vi) except where such action affects an

employee who has been reinstated within the previous six months as the result of the final determination of a grievance, termination, layoff, demotion, or suspension from duties because of lack of work, reduction in work force, or job abolition; (vii) the hiring, promotion, transfer, assignment, and retention of employees within the local government; and (viii) the relief of employees from duties of the local government in emergencies. In any grievance brought under the exception to clause (vi), the action shall be upheld upon a showing by the local government that (a) there was a valid business reason for the action and (b) the employee was notified of the reason in writing prior to the effective date of the action.

3. Coverage of personnel.

a. Unless otherwise provided by law, all nonprobationary local government permanent full-time and part-time employees are eligible to file grievances with the following exceptions:

- (1) Appointees of elected groups or individuals;
- (2) Officials and employees who by charter or other law serve at the will or pleasure of an appointing authority;
- (3) Deputies and executive assistants to the chief administrative officer of a locality;
- (4) Agency heads or chief executive officers of government operations;
- (5) Employees whose terms of employment are limited by law;
- (6) Temporary, limited term, and seasonal employees;
- (7) Law-enforcement officers as defined in Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 whose grievance is subject to the provisions of Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 and who have elected to proceed pursuant to those provisions in the resolution of their grievance, or any other employee electing to proceed pursuant to any other existing procedure in the resolution of his grievance.

b. Notwithstanding the exceptions set forth in subdivision a, local governments, at their sole discretion, may voluntarily include employees in any of the excepted categories within the coverage of their grievance procedures.

c. The chief administrative officer of each local government, or his designee, shall determine the officers and employees excluded from the grievance procedure, and shall be responsible for maintaining an up-to-date list of the affected positions.

4. Grievance procedure availability and coverage for employees of community services boards, redevelopment and housing authorities, and regional housing authorities. Employees of community services boards, redevelopment and housing authorities created pursuant to § 36-4, and regional housing authorities created pursuant to § 36-40 shall be included in (i) a local governing body's grievance procedure or personnel system, if agreed to by the department, board, or authority and the locality or (ii) a grievance procedure established and administered by the department, board, or authority that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations promulgated pursuant thereto. If a department, board, or authority fails to establish a grievance procedure pursuant to clause (i) or (ii), it shall be deemed to have adopted a grievance procedure that is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as it remains in noncompliance.

5. General requirements for procedures.

a. Each grievance procedure shall include not more than four steps for airing complaints at successively higher levels of local government management and a final step providing for a panel hearing or a hearing before an administrative hearing officer upon the agreement of both parties.

b. Grievance procedures shall prescribe reasonable and specific time limitations for the grievant to submit an initial complaint and to appeal each decision through the steps of the grievance procedure.

c. Nothing contained in this section shall prohibit a local government from granting its employees rights greater than those contained herein, provided that such grant does not exceed or violate the general law or public policy of the Commonwealth.

6. Time periods.

a. It is intended that speedy attention to employee grievances be promoted, consistent with the ability of the parties to prepare for a fair consideration of the issues of concern.

b. The time for submitting an initial complaint shall not be less than 20 calendar days after the event giving rise to the grievance, but local governments may, at their option, allow a longer time period.

c. Limits for steps after initial presentation of grievance shall be the same or greater for the grievant than the time that is allowed for local government response in each comparable situation.

d. Time frames may be extended by mutual agreement of the local government and the grievant.

7. Compliance.

a. After the initial filing of a written grievance, failure of either party to comply with all substantial procedural requirements of the grievance procedure, including the panel or administrative hearing, without just cause shall result in a decision in favor of the other party on any grievable issue, provided the party not in compliance fails to correct the noncompliance within five workdays of receipt of written notification by the other party of the compliance violation. Such written notification by the grievant shall be made to the chief administrative officer, or his designee.

b. The chief administrative officer, or his designee, at his option, may require a clear written explanation of the basis for just cause extensions or exceptions. The chief administrative officer, or his designee, shall determine compliance issues. Compliance determinations made by the chief administrative officer shall be subject to judicial review by filing petition with the circuit court within 30 days of the compliance determination.

8. Management steps.

a. The first step shall provide for an informal, initial processing of employee complaints by the immediate supervisor through a nonwritten, discussion format.

b. Management steps shall provide for a review with higher levels of local government authority following the employee's reduction to writing of the grievance and the relief requested on forms supplied by the local government. Personal face-to-face meetings are required at all of these steps.

c. With the exception of the final management step, the only persons who may normally be present in the management step meetings are the grievant, the appropriate local government official at the level at which the grievance is being heard, and appropriate witnesses for each side. Witnesses shall be present only while actually providing testimony. At the final management step, the grievant, at his option, may have present a representative of his choice. If the grievant is represented by legal counsel, local government likewise has the option of being represented by counsel.

9. Qualification for panel or administrative hearing.

a. Decisions regarding grievability and access to the procedure shall be made by the chief administrative officer of the local government, or his designee, at any time prior to the panel hearing, at the request of the local government or grievant, within 10 calendar days of the request. No city, town, or county attorney, or attorney for the Commonwealth, shall be authorized to decide the question of grievability. A copy of the ruling shall be sent to the grievant. Decisions of the chief administrative officer of the local government, or his designee, may be appealed to the circuit court having jurisdiction in the locality in which the grievant is employed for a hearing on the issue of whether the grievance qualifies for a panel hearing. Proceedings for review of the decision of the chief administrative officer or his designee shall be instituted by the grievant by filing a notice of appeal with the chief administrative officer within 10 calendar days from the date of receipt of the decision and giving a copy thereof to all other parties. Within 10 calendar days thereafter, the chief administrative officer or his designee shall transmit to the clerk of the court to which the appeal is taken: a copy of the decision of the chief administrative officer, a copy of the notice of appeal, and the exhibits. A list of the evidence furnished to the court shall also be furnished to the grievant. The failure of the chief administrative officer or his designee to transmit the record shall not prejudice the rights of the grievant. The court, on motion of the grievant, may issue a writ of certiorari requiring the chief administrative officer to transmit the record on or before a certain date.

b. Within 30 days of receipt of such records by the clerk, the court, sitting without a jury, shall hear the appeal on the record transmitted by the chief administrative officer or his designee and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The court, in its discretion, may receive such other evidence as the ends of justice require. The court may affirm the decision of the chief administrative officer or his designee, or may reverse or modify the decision. The decision of the court shall be rendered no later than the fifteenth day from the date of the conclusion of the hearing. The decision of the court is final and is not appealable.

10. Final hearings.

a. Qualifying grievances shall advance to either a panel hearing or a hearing before an administrative hearing officer, as set forth in the locality's grievance procedure, as described below:

(1) If the grievance procedure adopted by the local governing body provides that the final step shall be an impartial panel hearing, the panel may, with the exception of those local governments covered by subdivision a (2), consist of one member appointed by the grievant, one member appointed by the agency head and a third member selected by the first two. In the event that agreement cannot be reached as to the final panel member, the chief judge of the circuit court of the jurisdiction wherein the dispute arose shall select the third panel member. The panel shall not be composed of any persons having direct involvement with the grievance being heard by the panel, or with the complaint or dispute giving rise to the grievance. Managers who are in a direct line of supervision of a grievant, persons residing in the same household as the grievant and the following relatives of a participant in the grievance process or a participant's spouse are prohibited from serving as panel members: spouse, parent, child, descendants of a child, sibling, niece, nephew and first cousin. No attorney having direct involvement with the subject matter of the grievance, nor a partner, associate, employee or co-employee of the attorney shall serve as a panel member.

(2) If the grievance procedure adopted by the local governing body provides for the final step to be an impartial panel hearing, local governments may retain the panel composition method previously approved by the Department of Human Resource Management and in effect as of the enactment of this statute. Modifications to the panel composition method shall be permitted with regard to the size of the panel and the terms of office for panel members, so long as the basic integrity and independence of panels are maintained. As used in this section, the term "panel" shall include all bodies designated and authorized to make final and binding decisions.

(3) When a local government elects to use an administrative hearing officer rather than a three-person panel for the final step in the grievance procedure, the administrative hearing officer shall be appointed by the Executive Secretary of the Supreme Court of Virginia. The appointment shall be made from the list of administrative hearing officers maintained by the Executive Secretary pursuant to § 2.2-4024 and shall be made from the appropriate geographical region on a rotating basis. In the alternative, the local government may request the appointment of an administrative hearing officer from the Department of Human Resource Management. If a local government elects to use an administrative hearing officer, it shall bear the expense of such officer's services.

(4) When the local government uses a panel in the final step of the procedure, there shall be a chairperson of the panel and, when panels are composed of three persons (one each selected by the respective parties and the third from an impartial source), the third member shall be the chairperson.

(5) Both the grievant and the respondent may call upon appropriate witnesses and be represented by legal counsel or other representatives at the hearing. Such representatives may examine, cross-examine, question and present evidence on behalf of the grievant or respondent before the panel or hearing officer without being in violation of the provisions of § 54.1-3904.

(6) The decision of the panel or hearing officer shall be final and binding and shall be consistent with provisions of law and written policy.

(7) The question of whether the relief granted by a panel or hearing officer is consistent with written policy shall be determined by the chief administrative officer of the local government, or his designee, unless such person has a direct personal involvement with the event or events giving rise to the grievance, in which case the decision shall be made by the attorney for the Commonwealth of the jurisdiction in which the grievance is pending.

b. Rules for panel and administrative hearings.

Unless otherwise provided by law, local governments shall adopt rules for the conduct of panel or administrative hearings as a part of their grievance procedures, or shall adopt separate rules for such hearings. Rules that are promulgated shall include the following provisions:

(1) That neither the panels nor the hearing officer have authority to formulate policies or procedures or to alter existing policies or procedures;

(2) That panels and the hearing officer have the discretion to determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing, and, at the request of either party, the hearing shall be private;

(3) That the local government provide the panel or hearing officer with copies of the grievance record prior to the hearing, and provide the grievant with a list of the documents furnished to the panel or hearing officer, and the grievant and his attorney, at least 10 days prior to the scheduled hearing, shall be allowed access to and copies of all relevant files intended to be used in the grievance proceeding;

(4) That panels and hearing officers have the authority to determine the admissibility of evidence without regard to the burden of proof, or the order of presentation of evidence, so long as a full and equal opportunity is afforded to all parties for the presentation of their evidence;

(5) That all evidence be presented in the presence of the panel or hearing officer and the parties, except by mutual consent of the parties;

(6) That documents, exhibits and lists of witnesses be exchanged between the parties or hearing officer in advance of the hearing;

(7) That the majority decision of the panel or the decision of the hearing officer, acting within the scope of its or his authority, be final, subject to existing policies, procedures and law;

(8) That the panel or hearing officer's decision be provided within a specified time to all parties; and

(9) Such other provisions as may facilitate fair and expeditious hearings, with the understanding that the hearings are not intended to be conducted like proceedings in courts, and that rules of evidence do not necessarily apply.

11. Implementation of final hearing decisions.

Either party may petition the circuit court having jurisdiction in the locality in which the grievant is employed for an order requiring implementation of the hearing decision.

B. Notwithstanding the contrary provisions of this section, a final hearing decision rendered under the provisions of this section that would result in the reinstatement of any employee of a sheriff's office who has been terminated for cause may be reviewed by the circuit court for the locality upon the petition of the locality. The review of the circuit court shall be limited to the question of whether the decision of the panel or hearing officer was consistent with provisions of law and written policy.

§ 15.2-1604. Appointment of deputies and employment of employees; discriminatory practices by certain officers; civil penalty.

A. It shall be an unlawful employment practice for a constitutional officer:

1. To fail or refuse to appoint or hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of appointment or employment, because of such individual's race, color, religion, sex, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or *military status as a veteran*; or

2. To limit, segregate, or classify his appointees, employees, or applicants for appointment or employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of the individual's race, color, religion, sex, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or *military status as a veteran*.

B. Nothing in this section shall be construed to make it an unlawful employment practice for a constitutional officer to hire or appoint an individual on the basis of his sex or age in those instances where sex or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular office. The provisions of this section shall not apply to policy-making positions, confidential or personal staff positions, or undercover positions.

C. With regard to notices and advertisements:

1. Every constitutional officer shall, prior to hiring any employee, advertise such employment position in a newspaper having general circulation or a state or local government job placement service in such constitutional officer's locality except where the vacancy is to be used (i) as a placement opportunity for appointees or employees affected by layoff, (ii) as

a transfer opportunity or demotion for an incumbent, (iii) to fill positions that have been advertised within the past 120 days, (iv) to fill positions to be filled by appointees or employees returning from leave with or without pay, (v) to fill temporary positions, temporary employees being those employees hired to work on special projects that have durations of three months or less, or (vi) to fill policy-making positions, confidential or personal staff positions, or special, sensitive law-enforcement positions normally regarded as undercover work.

2. No constitutional officer shall print or publish or cause to be printed or published any notice or advertisement relating to employment by such constitutional officer indicating any preference, limitation, specification, or discrimination, based on sex or national origin, except that such notice or advertisement may indicate a preference, limitation, specification, or discrimination based on sex or age when sex or age is a bona fide occupational qualification for employment.

D. Complaints regarding violations of subsection A may be made to the Division of Human Rights of the Department of Law. The Division shall have the authority to exercise its powers as provided in Article 4 (§ 2.2-520 et seq.) of Chapter 5 of Title 2.2.

E. Any constitutional officer who willfully violates the provisions of subsection C shall be subject to a civil penalty not to exceed \$2,000.

F. As used in this section, "military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

and lymphatic; skin; or endocrine or (ii) any mental or psychological disorder, such as an intellectual or developmental disability, organic brain syndrome, emotional or mental illness, or specific learning disability. "Physical or mental impairment" includes such diseases and conditions as orthopedic, visual, speech, and hearing impairments; cerebral palsy; autism; epilepsy; muscular dystrophy; multiple sclerosis; cancer; heart disease; diabetes; human immunodeficiency virus infection; intellectual and developmental disabilities; emotional illness; drug addiction other than addiction caused by current, illegal use of a controlled substance; and alcoholism.

"Restrictive covenant" means any specification in any instrument affecting title to real property that purports to limit the use, occupancy, transfer, rental, or lease of any dwelling because of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability.

"To rent" means to lease, to sublease, to let, or otherwise to grant for consideration the right to occupy premises not owned by the occupant.

§ 36-96.2. Exemptions.

A. Except as provided in subdivision A 3 of § 36-96.3 and subsections A, B, and C of § 36-96.6, this chapter shall not apply to any single-family house sold or rented by an owner, provided that such private individual does not own more than three single-family houses at any one time. In the case of the sale of any single-family house by a private individual-owner not residing in the house at the time of the sale or who was not the most recent resident of the house prior to sale, the exemption granted shall apply only with respect to one such sale within any 24-month period, provided that such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of, more than three such single-family houses at any one time. The sale or rental of any such single-family house shall be exempt from the application of this chapter only if the house is sold or rented (i) without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent, salesperson, or of the facilities or the services of any person in the business of selling or renting dwellings, or of any employee, independent contractor, or agent of any broker, agent, salesperson, or person and (ii) without the publication, posting, or mailing, after notice, of any advertisement or written notice in violation of this chapter. However, nothing herein shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other professional assistance as necessary to perfect or transfer the title. This exemption shall not apply to or inure to the benefit of any licensee of the Real Estate Board or regulant of the Fair Housing Board, regardless of whether the licensee is acting in his personal or professional capacity.

B. Except for subdivision A 3 of § 36-96.3, this chapter shall not apply to rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

C. Nothing in this chapter shall prohibit a religious organization, association or society, or any nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental, or occupancy of dwellings that it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preferences to such persons, unless membership in such religion is restricted on account of race, color, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a ~~veteran~~, or disability. Nor shall anything in this chapter apply to a private membership club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging that it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members. Nor, where matters of personal privacy are involved, shall anything in this chapter be construed to prohibit any private, state-owned, or state-supported educational institution, hospital, nursing home, or religious or correctional institution from requiring that persons of both sexes not occupy any single-family residence or room or unit of dwellings or other buildings, or restrooms in such room or unit in dwellings or other buildings, which it owns or operates.

D. Nothing in this chapter prohibits conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance as defined in federal law.

E. It shall not be unlawful under this chapter for any owner to deny or limit the rental of housing to persons who pose a clear and present threat of substantial harm to others or to the dwelling itself.

F. A rental application may require disclosure by the applicant of any criminal convictions and the owner or managing agent may require as a condition of acceptance of the rental application that applicant consent in writing to a criminal record check to verify the disclosures made by applicant in the rental application. The owner or managing agent may collect from the applicant moneys to reimburse the owner or managing agent for the exact amount of the out-of-pocket costs for such criminal record checks. Nothing in this chapter shall require an owner or managing agent to rent a dwelling to an individual who, based on a prior record of criminal convictions involving harm to persons or property, would constitute a clear and present threat to the health or safety of other individuals.

G. Nothing in this chapter limits the applicability of any reasonable local, state or federal restriction regarding the maximum number of occupants permitted to occupy a dwelling. Owners or managing agents of dwellings may develop and

implement reasonable occupancy and safety standards based on factors such as the number and size of sleeping areas or bedrooms and overall size of a dwelling unit so long as the standards do not violate local, state or federal restrictions. Nothing in this chapter prohibits the rental application or similar document from requiring information concerning the number, ages, sex and familial relationship of the applicants and the dwelling's intended occupants.

H. Nothing in this chapter shall prohibit a landlord from considering evidence of an applicant's status as a victim of family abuse, as defined in § 16.1-228, to mitigate any adverse effect of an otherwise qualified applicant's application pursuant to subsection D of § 55.1-1203.

I. Nothing in this chapter shall prohibit an owner or an owner's managing agent from denying or limiting the rental or occupancy of a rental dwelling unit to a person because of such person's source of funds, provided that such owner does not own more than four rental dwelling units in the Commonwealth at the time of the alleged discriminatory housing practice. However, if an owner, whether individually or through a business entity, owns more than a 10 percent interest in more than four rental dwelling units in the Commonwealth at the time of the alleged discriminatory housing practice, the exemption provided in this subsection shall not apply.

J. It shall not be unlawful under this chapter for an owner or an owner's managing agent to deny or limit a person's rental or occupancy of a rental dwelling unit based on the person's source of funds for that unit if such source is not approved within 15 days of the person's submission of the request for tenancy approval.

§ 36-96.3. Unlawful discriminatory housing practices.

A. It shall be an unlawful discriminatory housing practice for any person to:

1. Refuse to sell or rent after the making of a bona fide offer or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or *military status as a veteran*;

2. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in the connection therewith to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or *military status as a veteran*;

3. Make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination or an intention to make any such preference, limitation, or discrimination on the basis of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military status as a veteran*, or disability. The use of words or symbols associated with a particular religion, national origin, sex, or race shall be prima facie evidence of an illegal preference under this chapter that shall not be overcome by a general disclaimer. However, reference alone to places of worship, including churches, synagogues, temples, or mosques, in any such notice, statement, or advertisement shall not be prima facie evidence of an illegal preference;

4. Represent to any person because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military status as a veteran*, or disability that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

5. Deny any person access to membership in or participation in any multiple listing service, real estate brokers' organization, or other service, organization, or facility relating to the business of selling or renting dwellings or discriminate against such person in the terms or conditions of such access, membership, or participation because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military status as a veteran*, or disability;

6. Include in any transfer, sale, rental, or lease of housing any restrictive covenant that discriminates because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military status as a veteran*, or disability or for any person to honor or exercise, or attempt to honor or exercise, any such discriminatory covenant pertaining to housing;

7. Induce or attempt to induce to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, *military status as a veteran*, or disability;

8. Refuse to sell or rent, or refuse to negotiate for the sale or rental of, or otherwise discriminate or make unavailable or deny a dwelling because of a disability of (i) the buyer or renter; (ii) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or (iii) any person associated with the buyer or renter; or

9. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith because of a disability of (i) that person; (ii) a person residing in or intending to reside in that dwelling after it was so sold, rented, or made available; or (iii) any person associated with that buyer or renter.

B. For the purposes of this section, discrimination includes (i) a refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by any person if such modifications may be necessary to afford such person full enjoyment of the premises; except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted; (ii) a refusal to make reasonable accommodations in rules, practices, policies, or services when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or (iii) in connection with the design and construction of covered

multi-family dwellings for first occupancy after March 13, 1991, a failure to design and construct dwellings in such a manner that:

1. The public use and common use areas of the dwellings are readily accessible to and usable by disabled persons;
2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by disabled persons in wheelchairs; and
3. All premises within covered multi-family dwelling units contain an accessible route into and through the dwelling; light switches, electrical outlets, thermostats, and other environmental controls are in accessible locations; there are reinforcements in the bathroom walls to allow later installation of grab bars; and there are usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space. As used in this subdivision, the term "covered multi-family dwellings" means buildings consisting of four or more units if such buildings have one or more elevators and ground floor units in other buildings consisting of four or more units.

C. Compliance with the appropriate requirements of the American National Standards for Building and Facilities (commonly cited as "ANSI A117.1") or with any other standards adopted as part of regulations promulgated by HUD providing accessibility and usability for physically disabled people shall be deemed to satisfy the requirements of subdivision B 3.

D. Nothing in this chapter shall be construed to invalidate or limit any Virginia law or regulation that requires dwellings to be designed and constructed in a manner that affords disabled persons greater access than is required by this chapter.

§ 36-96.4. Discrimination in residential real estate-related transactions; unlawful practices by lenders, insurers, appraisers, etc.; deposit of state funds in such institutions.

A. It is unlawful for any person or other entity, including any lending institution, whose business includes engaging in residential real estate-related transactions to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, or in the manner of providing such a transaction, because of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a *veteran*, or disability. It is not unlawful, however, for any person or other entity whose business includes engaging in residential real estate transactions to require any applicant to qualify financially for the loan or loans for which such person is making application.

B. As used in this section, the term "residential real estate-related transaction" means any of the following:

1. The making or purchasing of loans or providing other financial assistance (i) for purchasing, constructing, improving, repairing, or maintaining a dwelling or (ii) secured by residential real estate; or
2. The selling, brokering, insuring, or appraising of residential real property. However, nothing in this chapter shall prohibit a person engaged in the business of furnishing appraisals of real property to take into consideration factors other than race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a *veteran*, or disability.

C. It shall be unlawful for any state, county, city, or municipal treasurer or governmental official whose responsibility it is to account for, to invest, or manage public funds to deposit or cause to be deposited any public funds in any lending institution provided for herein which is found to be committing discriminatory practices, where such findings were upheld by any court of competent jurisdiction. Upon such a court's judicial enforcement of any order to restrain a practice of such lending institution or for said institution to cease or desist in a discriminatory practice, the appropriate fiscal officer or treasurer of the Commonwealth or any political subdivision thereof which has funds deposited in any lending institution which is practicing discrimination, as set forth herein, shall take immediate steps to have the said funds withdrawn and redeposited in another lending institution. If for reasons of sound economic management, this action will result in a financial loss to the Commonwealth or any of its political subdivisions, the action may be deferred for a period not longer than one year. If the lending institution in question has corrected its discriminatory practices, any prohibition set forth in this section shall not apply.

§ 36-96.6. Certain restrictive covenants void; instruments containing such covenants.

A. Any restrictive covenant and any related reversionary interest, purporting to restrict occupancy or ownership of property on the basis of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, *military* status as a *veteran*, or disability, whether heretofore or hereafter included in an instrument affecting the title to real or leasehold property, are declared to be void and contrary to the public policy of the Commonwealth.

B. Any person who is asked to accept a document affecting title to real or leasehold property may decline to accept the same if it includes such a covenant or reversionary interest until the covenant or reversionary interest has been removed from the document. Refusal to accept delivery of an instrument for this reason shall not be deemed a breach of a contract to purchase, lease, mortgage, or otherwise deal with such property.

C. No person shall solicit or accept compensation of any kind for the release or removal of any covenant or reversionary interest described in subsection A. Any person violating this subsection shall be liable to any person injured thereby in an amount equal to the greater of three times the compensation solicited or received, or \$500, plus reasonable attorney fees and costs incurred.

D. A family care home, foster home, or group home in which individuals with physical disabilities, mental illness, intellectual disability, or developmental disability reside, with one or more resident counselors or other staff persons, shall be considered for all purposes residential occupancy by a single family when construing any restrictive covenant which purports to restrict occupancy or ownership of real or leasehold property to members of a single family or to residential use or structure.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;
2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;
3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;
4. Agrees to pay the landlord's attorney fees except as provided in this chapter;
5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;
6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation; or
7. Agrees to both the payment of a security deposit and the provision of a bond or commercial insurance policy purchased by the tenant to secure the performance of the terms and conditions of a rental agreement, if the total of the security deposit and the bond or insurance coverage exceeds the amount of two months' periodic rent; or

8. *Agrees to waive remedies or rights under the Servicemembers Civil Relief Act, 50 U.S.C. § 3901 et seq., prior to the occurrence of a dispute between landlord and tenant. Execution of leases shall not be contingent upon the execution of a waiver of rights under the Servicemembers Civil Relief Act; however, upon the occurrence of any dispute, the landlord and tenant may execute a waiver of such rights and remedies as to that dispute in order to facilitate a resolution.*

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

§ 55.1-1310. Sale or lease of manufactured home by manufactured home owner.

A. *For purposes of this section, "military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.*

B. No landlord shall unreasonably refuse or restrict the sale or rental of a manufactured home located in his manufactured home park by a tenant. No landlord shall prohibit the manufactured home owner from placing a "for sale" sign on or in the owner's home except that the size, placement, and character of all signs are subject to the rules and regulations of the manufactured home park. Prior to selling or leasing the manufactured home, the tenant shall give notice to the landlord, including the name of the prospective vendee or lessee if the prospective vendee or lessee intends to occupy the manufactured home in that manufactured home park. The landlord shall have the burden of proving that his refusal or restriction regarding the sale or rental of a manufactured home was reasonable. The refusal or restriction of the sale or rental of a manufactured home exclusively or predominantly based on the age of the home shall be considered unreasonable. Any refusal or restriction based on race, color, religion, national origin, *military status as a veteran*, familial status, marital status, elderliness, disability, sexual orientation, gender identity, sex, or pregnancy, childbirth or related medical conditions shall be conclusively presumed to be unreasonable.

CHAPTER 479

An Act to amend and reenact § 15.2-914, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to regulation of child care services in localities.

[H 2326]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-914, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 15.2-914. (Effective until July 1, 2021) Regulation of child-care services and facilities in cities and certain counties.

Any (i) county that has adopted the urban county executive form of government, *or* (ii) city adjacent to a county that has adopted the urban county executive form of government, *or* (iii) city which is completely surrounded by such county may by ordinance provide for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities. "Child-care services" means provision of regular care, protection and guidance to one or more children not related by blood or marriage while such children are separated from their parent, guardian or legal custodian in a dwelling not the residence of the child during a part of the day for at least four days of a calendar week. "Child-care facilities" includes any commercial or residential structure *which that* is used to provide child-care services.

Such local ordinance shall not require the regulation or licensing of any child-care facility that is licensed by the Commonwealth and such ordinance shall not require the regulation or licensing of any facility operated by a religious institution as exempted from licensure by § 63.2-1716.

Except as otherwise provided in this section, such local ordinances shall not be more extensive in scope than comparable state regulations applicable to family day homes. Such local ordinances may regulate the possession and storage of firearms, ammunition, or components or combination thereof at child-care facilities and may be more extensive in scope than comparable state statutes or regulations applicable to family day homes. Local regulations shall not affect the manner of construction or materials to be used in the erection, alteration, repair or use of a residential dwelling.

Such local ordinances may require that persons who provide child-care services shall provide certification from the Central Criminal Records Exchange and a national criminal background check, in accordance with §§ 19.2-389 and 19.2-392.02, that such persons have not been convicted of any offense involving the sexual molestation of children or the physical or sexual abuse or rape of a child or any barrier crime defined in § 19.2-392.02, and such ordinances may require that persons who provide child-care services shall provide certification from the central registry of the Department of Social Services that such persons have not been the subject of a founded complaint of abuse or neglect. If an applicant is denied licensure because of any adverse information appearing on a record obtained from the Central Criminal Records Exchange, the national criminal background check, or the Department of Social Services, the applicant shall be provided a copy of the information upon which that denial was based.

§ 15.2-914. (Effective July 1, 2021) Regulation of child-care services and facilities in cities and certain counties.

Any (i) county that has adopted the urban county executive form of government, *or* (ii) city adjacent to a county that has adopted the urban county executive form of government, *or* (iii) city which is completely surrounded by such county may by ordinance provide for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities. "Child-care services" means provision of regular care, protection and guidance to one or more children not related by blood or marriage while such children are separated from their parent, guardian or legal custodian in a dwelling not the residence of the child during a part of the day for at least four days of a calendar week. "Child-care facilities" includes any commercial or residential structure ~~which~~ *that* is used to provide child-care services.

Such local ordinance shall not require the regulation or licensing of any child-care facility that is licensed by the Commonwealth and such ordinance shall not require the regulation or licensing of any facility operated by a religious institution as exempted from licensure by § 22.1-289.031.

Except as otherwise provided in this section, such local ordinances shall not be more extensive in scope than comparable state regulations applicable to family day homes. Such local ordinances may regulate the possession and storage of firearms, ammunition, or components or combination thereof at child-care facilities and may be more extensive in scope than comparable state statutes or regulations applicable to family day homes. Local regulations shall not affect the manner of construction or materials to be used in the erection, alteration, repair or use of a residential dwelling.

Such local ordinances may require that persons who provide child-care services shall provide certification from the Central Criminal Records Exchange and a national criminal background check, in accordance with §§ 19.2-389 and 19.2-392.02, that such persons have not been convicted of any offense involving the sexual molestation of children or the physical or sexual abuse or rape of a child or any barrier crime defined in § 19.2-392.02, and such ordinances may require that persons who provide child-care services shall provide certification from the central registry of the Department of Social Services that such persons have not been the subject of a founded complaint of abuse or neglect. If an applicant is denied licensure because of any adverse information appearing on a record obtained from the Central Criminal Records Exchange, the national criminal background check, or the Department of Social Services, the applicant shall be provided a copy of the information upon which that denial was based.

§ 38.2-6601. Commission powers and duties; rules; report.

A. The Commission shall have all the powers necessary to implement the provisions of this chapter and is specifically authorized to:

1. Enter into contracts as necessary or proper to carry out the provisions and purposes of this chapter, including contracts for the administration of the Program, as well as other approved initiatives under the State Innovation Waiver, and with appropriate administrative staff, consultants, and legal counsel;

2. Take action as necessary to avoid the payment of improper claims under the Program;

3. Establish administrative and accounting procedures for the operation of the Program and other approved initiatives under the State Innovation Waiver;

4. Establish procedures and standards for eligible carriers to submit claims under the Program;

5. Establish or adjust the payment parameters in accordance with subdivision B 2 of § 38.2-6602 for each benefit year;

6. Apply for a State Innovation Waiver, federal funds, or both, in accordance with § 38.2-6606, for the implementation and operation of the Program, as well as other initiatives designated by the established work group convened by the Secretary of Health and Human Resources;

7. Apply for, accept, administer, and expend gifts, grants, and donations and any federal funds that become available for the operation of the Program, as well as other initiatives designated by the established work group convened by the Secretary of Health and Human Resources; and

8. Adopt rules as necessary to implement, administer, and enforce this chapter, including rules necessary to align state law with any federal program.

B. If the State Innovation Waiver is granted pursuant to § 38.2-6606, the Commission, during implementation of the Program, shall evaluate the effect of the Program on access to affordable, high-value health insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions.

§ 38.2-6602. Commonwealth Health Reinsurance Program; established.

A. The Commission shall implement a reinsurance program, known as the Commonwealth Health Reinsurance Program. Implementation and operation of the Program is contingent upon approval of the State Innovation Waiver

submitted by the Commission in accordance with § 38.2-6606. If the State Innovation Waiver and federal funding request submitted by the Commission pursuant to § 38.2-6606 are approved, the Commission shall implement and operate the Program in accordance with this section.

B. The Commission or its designee shall collect or access data from an eligible carrier as necessary to determine reinsurance payments, according to the data requirements under subdivision C 1.

1. Unless an eligible carrier is notified otherwise by the Commission, on a quarterly basis during the applicable benefit year, each eligible carrier shall report to the Commission its claims costs that exceed the attachment point for that benefit year. For each applicable benefit year, the Commission shall notify eligible carriers of reinsurance payments to be made for the applicable benefit year no later than September 30 of the year following the applicable benefit year. By November 15 of the year following the applicable benefit year, the Commission shall disburse all applicable reinsurance payments to an eligible carrier.

2. For the 2023 benefit year and each benefit year thereafter, the Commission shall establish and publish the payment parameters for the applicable benefit year by May 1 of the year immediately preceding the applicable benefit year. In setting the payment parameters under this subsection, the Commission shall consider the following factors: (i) stabilized or reduced premium rates in the individual market; (ii) increased participation in the individual market; (iii) improved access to health care services and their providers for enrolled individuals; (iv) mitigation of the impact high-risk individuals have on premium rates in the individual market; (v) transfers made under the federal risk adjustment program to eliminate double reimbursement for high-cost cases; (vi) the availability of any federal funding available for the Program; and (vii) the total amount available to fund the Program.

3. If the Commission determines that all reinsurance payments for a covered person's covered benefits requested under the Program by eligible carriers for a benefit year will not be equal to the amount of funding allocated to the Program, the Commission shall determine a uniform pro rata adjustment to be applied to all such requests for reinsurance payments.

C. A carrier that meets the requirement of this subsection and subsection D shall be eligible to request reinsurance payments from the Program. An eligible carrier shall make requests for reinsurance payments in accordance with the requirements established by the Commission.

1. To receive reinsurance payments through the Program, an eligible carrier shall, by April 30 of the year following the benefit year for which reinsurance payments are requested, (i) provide the Commission with access to the data within the dedicated data environment established by the eligible carrier under the federal risk adjustment program under 42 U.S.C. § 18063 or access to other carrier-specific data if and where necessary and (ii) submit to the Commission an attestation that the carrier has complied with the dedicated data environments, data requirements, establishment and usage of masked enrollee identification numbers, and data submission deadlines.

2. An eligible carrier shall maintain documents and records sufficient to substantiate the requests for reinsurance payments made pursuant to this section for at least five years. An eligible carrier shall also make those documents and records available upon request from the Commission for purposes of verification, investigation, audit, or other review of reinsurance payment requests. The Commission may audit an eligible carrier to assess the carrier's compliance with this section. The eligible carrier shall ensure that its contractors, subcontractors, and agents cooperate with any audit under this section.

D. The Commission or its designee shall calculate each reinsurance payment based on an eligible carrier's incurred claims costs for a covered person's covered benefits in the applicable benefit year net of transfers received for the same enrolled individual under the federal risk adjustment program. If the net claims costs for a covered person's covered benefits in the applicable benefit year do not exceed the attachment point for the applicable benefit year, the carrier shall not be eligible for a reinsurance payment. If the claims costs exceed the attachment point for the applicable benefit year, the Commission shall calculate the reinsurance payment as the product of the coinsurance rate and the eligible carrier's claims costs up to the reinsurance cap. A carrier shall be ineligible for reinsurance payments for claims costs for a covered person's covered benefits in the applicable benefit year that exceed the reinsurance cap. The Commission shall ensure that reinsurance payments made to eligible carriers do not exceed the total amount paid by the eligible carrier for any eligible claim. An eligible carrier may request that the Commission reconsider a decision on the carrier's request for reinsurance payments within 21 days after notice of the Commission's decision.

E. The Commission shall require each eligible carrier that participates in the Program to file with the Commission, by a date and in a form and manner specified by the Commission by rule, the care management protocols the eligible carrier will use to manage claims within the payment parameters.

§ 38.2-6603. Accounting; reports.

A. The Commission shall keep an accounting for each benefit year of all:

1. Funds appropriated for reinsurance payments and administrative and operational expenses;
2. Requests for reinsurance payments received from eligible carriers;
3. Reinsurance payments made to eligible carriers; and
4. Administrative and operational expenses incurred for the Program.

B. By November 1 of each year, the Commission shall report to the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Governor on the operation of the Program. Such report shall be posted on the Commission's website and shall include, at a minimum, the following information for the relevant benefit year:

1. Amounts deposited into the Fund;
2. Requests for reinsurance payments received by eligible carriers;
3. Reinsurance payments made to eligible carriers;
4. Administrative and operational expenses incurred for the Program; and
5. Quantifiable impact of the Program on individual health insurance coverage rates.

§ 38.2-6604. Commonwealth Health Reinsurance Program Special Fund.

A. The Commission shall be authorized to fund the operations of the Program and to fund other purposes to implement the approved State Innovation Waiver through funds provided to the Commonwealth pursuant to the State Innovation Waiver requested pursuant to § 38.2-6606 and all funds appropriated for such purpose. All funds received under this section and paid into the state treasury shall be deposited to a special fund designated the "Commonwealth Health Reinsurance Program Special Fund State Corporation Commission." Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used for (i) the purposes of increasing affordability in the individual market through the Program with a goal of decreasing premiums by up to 20 percent, depending on available revenue and (ii) the establishment, operation, and administration of the Program in carrying out the purposes authorized under this chapter, to include additional purposes to implement an approved State Innovation Waiver with funds that remain following the payment of all applicable reinsurance requests for a benefit year.

B. The Commission shall not use any special fund revenues dedicated to its other functions and duties, including revenues from utility consumer taxes or fees from licensees regulated by the Commission, or fees paid to the office of the Clerk of the Commission, to fund any of the activities or operating expenses of the Program. The Commission shall not pay any funds beyond the moneys in the Fund for the establishment, administration, or operation of the Program.

C. The provision of reinsurance payments shall not constitute an entitlement derived from the Commonwealth or a claim on any other money of the Commonwealth.

D. The Commission shall have no responsibility to make reinsurance payments that would be payable out of federal pass-through funding if such federal pass-through funding is insufficient to fully make such payments.

§ 38.2-6605. Confidentiality of data.

Data and information that an eligible carrier considers confidential proprietary information that is provided to the Commission pursuant to the provisions of this chapter shall be excluded from, and the Commission shall not be subject to, subpoena or public inspection with respect to such information.

§ 38.2-6606. State Innovation Waiver request.

A. The Commission shall apply to the appropriate federal agencies under 42 U.S.C. § 18052 for a State Innovation Waiver for benefit years beginning January 1, 2023, and future years, (i) to establish a reinsurance program, in accordance with the provisions of this chapter; (ii) to maximize federal pass-through funding for the reinsurance program; (iii) to be able to use remaining funds for other uses as recommended by a work group established by the Secretary of Health and Human Resources; and (iv) to waive any applicable provisions of the Affordable Care Act. An application for a State Innovation Waiver or for federal funds shall clearly state that operation of the Program is contingent on approval of the waiver or funding request. The Commission shall include in the application a request for pass-through of federal funding in accordance with § 1332(a)(3) of 42 U.S.C § 18052 to allow the Commonwealth to obtain and use, for purposes of helping finance the Program, any federal funds that would, absent the waiver, be used to pay advance payment tax credits and cost-sharing reductions authorized under the federal act. The Commission is authorized to apply for, accept, administer, and expend gifts, grants, and donations, and any federal funds that become available for the implementation of the Program, including the use of amounts necessary to develop and submit the State Innovation Waiver and request for federal funding.

B. The Commission shall submit the waiver application to the appropriate federal agencies by January 1, 2022. The Commission shall make a draft application available for public review and comment by October 1, 2021. The Commission may amend the waiver application as necessary to carry out the provisions of this chapter. The Commission shall promptly notify the Chairmen of the House Committees on Labor and Commerce and Appropriations and the Senate Committees on Commerce and Labor and Finance and Appropriations of any federal actions regarding the waiver request and of any amendment to the waiver application.

2. That the provisions of the first enactment of this act, except § 38.2-6606 of the Code of Virginia, as created by this act, shall become effective 30 days following the date the State Corporation Commission (the Commission) notifies the Governor and the Chairmen of the House Committees on Labor and Commerce and Appropriations and the Senate Committees on Commerce and Labor and Finance and Appropriations of federal approval of the State Innovation Waiver request required to be submitted by the Commission pursuant to § 38.2-6606 of the Code of Virginia, as created by this act.

3. That the Secretary of Health and Human Resources (the Secretary) shall convene a work group that includes representatives from the Bureau of Insurance of the State Corporation Commission (the Commission) and Virginia Health Benefit Exchange Division, the Department of Taxation, the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, health plans, physicians, hospitals, agents and brokers, navigators, other consumer assisters, consumer advocates, including advocates for underinsured individuals, and other relevant stakeholders to develop (i) any other initiatives other than a reinsurance program to include in a request for a State Innovation Waiver and (ii) recommendations for

developing a state-based subsidy program to increase affordability of health plans to individuals and to increase enrollment in the Virginia Health Benefit Exchange (the Exchange). The initiatives developed by the work group described in clause (i) shall be included in the request for a State Innovation Waiver application if completed and delivered to the Commission by the date indicated by the Commission. The work group shall make use of available data pertaining to Exchange enrollment and uninsured individuals to identify recommended options for providing subsidies. In doing so, the work group shall consider implications of a subsidy program on Exchange enrollment and the Commonwealth Health Reinsurance Program (§ 38.2-6600 et seq. of the Code of Virginia), as established by this act, possible tax consequences for individuals, and a feasible timeframe for implementing a subsidy program. The Secretary shall report to the Commission the initiatives described in clause (i) by the date indicated by the Commission and shall report the work group's recommendations for legislative consideration described in clause (ii) to the Governor, the Health Benefit Exchange Advisory Committee, and the General Assembly by September 15, 2021.

4. That after the second full year of operation of the Commonwealth Health Reinsurance Program (§ 38.2-6600 et seq. of the Code of Virginia) (the Program), as established by this act, the State Corporation Commission (the Commission) shall complete a study that evaluates (i) the effects of the Program on access to affordable, high-value health insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions and (ii) health plan affordability, including cost sharing and premiums. The Commission shall issue a report of the study within 120 days after the end of the second full year of operation of the Program, post the report on the Virginia Health Benefit Exchange Division's website, and submit the report to the Governor, the Chairmen of the House Committees on Labor and Commerce and Appropriations and the Senate Committees on Commerce and Labor and Finance and Appropriations, for publication as a report document as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports.

5. That the General Assembly shall appropriate a sum sufficient to ensure the operation of the Commonwealth Health Reinsurance Program (§ 38.2-6600 et seq. of the Code of Virginia), established by this act, in accordance with the provisions of this act and the State Innovation Waiver required by § 38.2-6606 of the Code of Virginia, as created by this act.

Upon determining that the patient's medical condition is beyond the scope of practice of a physical therapist, a physical therapist shall immediately refer such patient to an appropriate practitioner.

F. Any person licensed as a physical therapist assistant shall perform his duties only under the direction and control of a licensed physical therapist.

G. However, a licensed physical therapist may provide, without referral or supervision, physical therapy services to (i) a student athlete participating in a school-sponsored athletic activity while such student is at such activity in a public, private, or religious elementary, middle or high school, or public or private institution of higher education when such services are rendered by a licensed physical therapist who is certified as an athletic trainer by the National Athletic Trainers' Association Board of Certification or as a sports certified specialist by the American Board of Physical Therapy Specialties; (ii) employees solely for the purpose of evaluation and consultation related to workplace ergonomics; (iii) special education students who, by virtue of their individualized education plans (IEPs), need physical therapy services to fulfill the provisions of their IEPs; (iv) the public for the purpose of wellness, fitness, and health screenings; (v) the public for the purpose of health promotion and education; and (vi) the public for the purpose of prevention of impairments, functional limitations, and disabilities.

General registrars shall serve four-year terms beginning July 1, 2007, and each fourth year thereafter, and continue in office until a successor is appointed and qualifies.

The electoral board shall fill any vacancy in the office of general registrar for the unexpired term. The electoral board shall declare vacant and fill the office of the general registrar if the appointee fails to qualify and deliver a copy of his oath to the secretary of the electoral board within 30 days after he has been notified of his appointment.

No general registrar shall hold any other office, by election or appointment, while serving as general registrar; however, with the consent of the electoral board, he may undertake other duties which do not conflict with his duties as general registrar. CHAPTER 483

An Act to amend and reenact §§ 2.2-3704, 2.2-3706, 2.2-3711, 2.2-3714, 19.2-174.1, and 19.2-368.3 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 2.2-3706.1, relating to the Virginia Freedom of Information Act; law-enforcement criminal incident information; criminal investigative files.

[H 2004]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3704, 2.2-3706, 2.2-3711, 2.2-3714, 19.2-174.1, and 19.2-368.3 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 2.2-3706.1 as follows:

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days *or, in the case of a request for criminal investigative files pursuant to § 2.2-3706.1, 60 work days* in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business

of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the cost estimate and the response of the requester. If the public body receives no response from the requester within 30 days of sending the cost estimate, the request shall be deemed to be withdrawn.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to pay a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

§ 2.2-3706. Disclosure of law-enforcement and criminal records; limitations.

A. Records required to be released. All public bodies engaged in criminal law-enforcement activities shall provide the following records when requested in accordance with the provisions of this chapter:

1. Criminal incident information relating to felony offenses, which shall include:
 - a. A general description of the criminal activity reported;
 - b. The date the alleged crime was committed;
 - c. The general location where the alleged crime was committed;
 - d. The identity of the investigating officer or other point of contact; and
 - e. A general description of any injuries suffered or property damaged or stolen.

A verbal response as agreed to by the requester and the public body is sufficient to satisfy the requirements of subdivision 1.

Where the release of criminal incident information, however, is likely to jeopardize an ongoing investigation or prosecution or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until the above-referenced damage is no longer likely to occur from release of the information. Nothing in subdivision 1 shall be construed to authorize the withholding of those portions of such information that are not likely to cause the above-referenced damage;

2. Adult arrestee photographs taken during the initial intake following the arrest and as part of the routine booking procedure, except when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of the photograph will no longer jeopardize the investigation;

3. 2. Information relative to the identity of any individual, other than a juvenile, who is arrested and charged, and the status of the charge or arrest; and

4. 3. Records of completed unattended death investigations to the parent or spouse of the decedent or, if there is no living parent or spouse, to the most immediate family member of the decedent, provided the person is not a person of interest or a suspect. For the purposes of this subdivision, "unattended death" means a death determined to be a suicide, accidental or natural death where no criminal charges will be initiated, and "immediate family" means the decedent's personal representative or, if no personal representative has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

B. Discretionary releases. The following records are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except where such disclosure is prohibited by law:

1. Criminal investigative files, defined as any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence, relating to a criminal investigation or prosecution, ~~other than criminal incident information subject to release in accordance with subdivision A 4~~ not required to be disclosed in accordance with § 2.2-3706.1;

2. Reports submitted in confidence to (i) state and local law-enforcement agencies, (ii) investigators authorized pursuant to Chapter 3.2 (§ 2.2-307 et seq.), and (iii) campus police departments of public institutions of higher education established pursuant to Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1;

3. Records of local law-enforcement agencies relating to neighborhood watch programs that include the names, addresses, and operating schedules of individual participants in the program that are provided to such agencies under a promise of anonymity;

4. All records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment;

5. Records of law-enforcement agencies, to the extent that such records contain specific tactical plans, the disclosure of which would jeopardize the safety or security of law-enforcement personnel or the general public;

6. All records of adult persons under (i) investigation or supervision by a local pretrial services agency in accordance with Article 5 (§ 19.2-152.2 et seq.) of Chapter 9 of Title 19.2; (ii) investigation, probation supervision, or monitoring by a local community-based probation services agency in accordance with Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1; or (iii) investigation or supervision by state probation and parole services in accordance with Article 2 (§ 53.1-141 et seq.) of Chapter 4 of Title 53.1;

7. Records of a law-enforcement agency to the extent that they disclose the telephone numbers for cellular telephones, pagers, or comparable portable communication devices provided to its personnel for use in the performance of their official duties;

8. Those portions of any records containing information related to undercover operations or protective details that would reveal the staffing, logistics, or tactical plans of such undercover operations or protective details. Nothing in this subdivision shall operate to allow the withholding of information concerning the overall costs or expenses associated with undercover operations or protective details;

9. Records of (i) background investigations of applicants for law-enforcement agency employment, (ii) administrative investigations relating to allegations of wrongdoing by employees of a law-enforcement agency, and (iii) other administrative investigations conducted by law-enforcement agencies that are made confidential by law;

10. The identity of any victim, witness, or undercover officer, or investigative techniques or procedures. However, the identity of any victim or witness shall be withheld if disclosure is prohibited or restricted under § 19.2-11.2; and

11. Records of the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including information obtained from state, local, and regional officials, except to the extent that information is required to be posted on the Internet pursuant to § 9.1-913.

C. Prohibited releases. The identity of any individual providing information about a crime or criminal activity under a promise of anonymity shall not be disclosed.

D. Noncriminal records. Public bodies (i) engaged in emergency medical services, (ii) engaged in fire protection services, (iii) engaged in criminal law-enforcement activities, or (iv) engaged in processing calls for service or other communications to an emergency 911 system or any other equivalent reporting system may withhold those portions of noncriminal incident or other noncriminal investigative reports or materials that contain identifying information of a personal, medical, or financial nature where the release of such information would jeopardize the safety or privacy of any person. Access to personnel records of persons employed by a law-enforcement agency shall be governed by the provisions of subdivision B 9 of this section and subdivision 1 of § 2.2-3705.1, as applicable.

E. Records of any call for service or other communication to an emergency 911 system or communicated with any other equivalent reporting system shall be subject to the provisions of this chapter.

F. Conflict resolution. In the event of conflict between this section as it relates to requests made under this section and other provisions of law, this section shall control.

§ 2.2-3706.1. Disclosure of law-enforcement records; criminal incident information and certain criminal investigative files; limitations.

A. For purposes of this section:

"Immediate family" means the decedent's personal representative or, if no personal representative has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

"Ongoing" refers to a case in which the prosecution has not been finally adjudicated, the investigation continues to gather evidence for a possible future criminal case, and such case would be jeopardized by the premature release of evidence.

B. All public bodies engaged in criminal law-enforcement activities shall provide the following records and information when requested in accordance with the provisions of this chapter:

1. Criminal incident information relating to felony offenses contained in any report, notes, electronic communication, or other document, including filings through an incident-based reporting system, which shall include:

A verbal response as agreed to by the requester and the public body is sufficient to satisfy the requirements of this subdivision 1; and

2. Criminal investigative files, defined as any documents and information, including complaints, court orders, memoranda, notes, initial incident reports, filings through any incident-based reporting system, diagrams, maps, photographs, correspondence, reports, witness statements, or evidence, relating to a criminal investigation or proceeding that is not ongoing.

C. The provisions of subsection B shall not apply if the release of such information:

- 1. Would interfere with a particular ongoing criminal investigation or proceeding in a particularly identifiable manner;*
- 2. Would deprive a person of a right to a fair trial or an impartial adjudication;*
- 3. Would constitute an unwarranted invasion of personal privacy;*
- 4. Would disclose (i) the identity of a confidential source or (ii) in the case of a record compiled by a law-enforcement agency in the course of a criminal investigation, information furnished only by a confidential source;*
- 5. Would disclose law-enforcement investigative techniques and procedures, if such disclosure could reasonably be expected to risk circumvention of the law; or*
- 6. Would endanger the life or physical safety of any individual.*

Nothing in this subsection shall be construed to authorize the withholding of those portions of such information that are unlikely to cause any effect listed herein.

D. Nothing in this section shall prohibit the disclosure of current anonymized, aggregate location and demographic data collected pursuant to § 52-30.2 or similar data documenting law-enforcement officer encounters with members of the public.

No photographic, audio, video, or other record depicting a victim or allowing for a victim to be readily identified, except for transcripts of recorded interviews between a victim and law enforcement, shall be released pursuant to subdivision B 2 to anyone except (i) the victim; (ii) members of the immediate family of the victim, if the victim is deceased; or (iii) the parent or guardian of the victim, if the victim is a minor.

E. In the event of a conflict between this section as it relates to requests made under this section and other provisions of law, the other provisions of law, including court sealing orders, that restrict disclosure of criminal investigative files, as defined in subsection B, shall control.

Any teacher shall be permitted to be present during a closed meeting in which there is a discussion or consideration of a disciplinary matter that involves the teacher and some student and the student involved in the matter is present, provided the teacher makes a written request to be present to the presiding officer of the appropriate board. Nothing in this subdivision, however, shall be construed to authorize a closed meeting by a local governing body or an elected school board to discuss compensation matters that affect the membership of such body or board collectively.

For the purposes of this subdivision, "probable litigation" means litigation that has been specifically threatened or on which the public body or its legal counsel has a reasonable basis to believe will be commenced by or against a known party. Nothing in this subdivision shall be construed to permit the closure of a meeting merely because an attorney representing the public body is in attendance or is consulted on a matter.

1. Personnel information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of such information and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, such information shall be disclosed. No provision of this chapter or any provision of Chapter 38 (§ 2.2-3800 et seq.) shall be construed as denying public access to (i) contracts between a public body and its officers or employees, other than contracts settling public employee employment disputes held confidential as personnel records under § 2.2-3705.1; (ii) records of the name, position, job classification, official salary, or rate of pay of, and records of the allowances or reimbursements for expenses paid to, any officer, official, or employee of a public body; or (iii) the compensation or benefits paid by any corporation organized by the Virginia Retirement System or its officers or employees. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

5. Records recorded in or compiled exclusively for use in closed meetings lawfully held pursuant to § 2.2-3711. However, no record that is otherwise open to inspection under this chapter shall be deemed exempt by virtue of the fact that it has been reviewed or discussed in a closed meeting.

10. Personal contact information furnished to a public body *or any of its members* for the purpose of receiving electronic mail communications from the public body *or any of its members*, ~~provided that unless the electronic mail recipient has requested that of such electronic communications indicates his approval for the public body not to disclose such information.~~ However, access shall not be denied to the person who is the subject of the record. As used in this subdivision, "personal contact information" means the information provided to the public body *or any of its members* for the purpose of receiving electronic mail communications from the public body *or any of its members* and includes home or business (i) address, (ii) email address, or (iii) telephone number or comparable number assigned to any other electronic communication device.

CHAPTER 486

An Act to amend and reenact §§ 8.01-251, 8.01-458, and 55.1-339 of the Code of Virginia, relating to limitations on enforcement of judgments; judgment liens; settlement agents.

Approved March 31, 2021

[H 2099]

Be it enacted by the General Assembly of Virginia:

- 1. That §§ 8.01-251, 8.01-458, and 55.1-339 of the Code of Virginia are amended and reenacted as follows:**
- § 8.01-251. Limitations on enforcement of judgments.**

A. ~~No execution shall be issued and no action brought on a judgment dated prior to July 1, 2021, including a judgment in favor of the Commonwealth and a judgment rendered in another state or country, after 20 years from the date of such judgment or domestication of such judgment, unless the period is extended as provided in this section. No execution shall be issued and no action brought on a judgment dated on or after July 1, 2021, including a judgment in favor of the Commonwealth and a judgment rendered in another state or country, after 20 10 years from the date of such judgment or domestication of such judgment, unless the period is extended as provided in this section, except that no execution shall be issued and no action brought on a judgment dated on or after July 1, 2021, that was created by nonpayment of child support after 20 years from the date of such judgment or domestication of such judgment.~~

B. ~~The limitation prescribed in subsection A may be extended on motion of the judgment creditor or his assignee with notice to the judgment debtor, and an order of the circuit court of the jurisdiction in which the judgment was entered to show cause why the period for issuance of execution or bringing of an action should not be extended. Any such motion shall be filed within the 20-year period from the date of the original judgment or from the date of the latest extension thereof. If upon the hearing of the motion the court decides that there is no good cause shown for not extending the period of limitation, the order shall so state and the period of limitation mentioned in subsection A shall be extended for an additional 20 years from the date of filing of the motion to extend. Additional extensions may be granted upon the same procedure, subject in each case to the recording provisions prescribed in § 8.01-458 by the recordation of a certificate in the form provided in subsection G prior to the expiration of the limitation period prescribed herein in the clerk's office in which such judgment lien is recorded and executed by either the judgment lien creditor or by his duly authorized attorney-in-fact or agent. Recordation of the certificate shall extend the limitations of the right to enforce such judgment lien for 10 years from the date of the recordation of the certificate. A judgment creditor may record one additional extension by recording another certificate in the form provided in subsection G prior to the expiration of the original 10-year extension of the limitation period, which shall extend the limitations of the right to enforce such judgment lien for 10 years from the date of recordation of the second certificate. The clerk of the court shall index the certificate in both names in the index of the judgment lien book and give reference to the book and page in which the original lien is recorded. This extension procedure is subject to the exception that if the action is against a personal representative of a decedent, the motion shall be within two years from the date of his qualification, the extension may be for only two years from the time of the filing of the motion recordation of the certificate, and there may be only one such extension.~~

C. ~~No suit shall be brought to enforce the lien of any judgment, including judgments in favor of the Commonwealth, upon which the right to issue an execution or bring an action is barred by other subsections of this section, nor shall any suit be brought to enforce the lien of any judgment against the lands which have been conveyed by the judgment debtor to a grantee for value, unless the same be brought within 10 five years from the due recordation of the deed from such judgment debtor to such grantee and unless a notice of lis pendens shall have been recorded in the manner provided by § 8.01-268 before the expiration of such 10-year five-year period.~~

D. ~~In computing the time, any time during which the right to sue out execution on the judgment is suspended by the terms thereof, or by legal process, shall be omitted. Sections 8.01-230 et seq., 8.01-247 and 8.01-256 shall apply to the right to bring such action in like manner as to any right.~~

E. ~~The provisions of this section apply to judgments obtained after June 29, 1948, and to judgments obtained prior to such date which are not then barred by the statute of limitations, but nothing herein shall have the effect of reducing the time for enforcement of any judgment the limitation upon which has been extended prior to such date by compliance with the provisions of law theretofore in effect.~~

F. ~~This section shall not be construed to impair the right of subrogation to which any person may become entitled while the lien is in force, provided that he institutes proceedings to enforce such right within five years after the same accrued, nor shall the lien of a judgment be impaired by the recovery of another judgment thereon, or by a forthcoming bond taken on an execution thereon, such bond having the force of a judgment.~~

G. ~~F. Limitations on enforcement of judgments entered in the general district courts shall be governed by § 16.1-94.1, unless an abstract of such judgment is docketed in the judgment book of a circuit court. Upon the docketing of such judgment, the limitation for the enforcement of a district court judgment is the same as for a judgment of the circuit court.~~

G. Any extension of the limitations of the right to enforce a judgment shall conform substantially with the following form:

§ 8.01-458. From what time judgment to be a lien on real estate; docketing revived judgment.

Every judgment for money rendered in this Commonwealth by any state or federal court or by confession of judgment, as provided by law, shall be a lien on all the real estate of or to which the defendant in the judgment is or becomes possessed or entitled, from the time such judgment is recorded on the judgment lien docket of the clerk's office of the county or city where such land is situated; ~~provided, however, when a judgment is revived under the provisions of § 8.01-251, that such revived judgment shall not be a lien as prescribed in this section unless and until such judgment is again docketed as provided herein. In such event the lien shall be effective from the date of the original docketing.~~ Any judgment or decree properly docketed under the provisions of this section shall, if the real estate subject to the lien of such judgment has been annexed to or merged with an adjoining city subsequent to such docketing, be deemed to have been docketed in the proper clerk's office of such city.

§ 55.1-339. Release of deed of trust or other lien.

A. As used in this section:

"Deed of trust" means any mortgage, deed of trust, or vendor's lien.

"Judgment lien" includes a judgment lien prescribed by § 8.01-458 but does not include any lien in favor of the federal, state, or local government, or any political subdivision thereof.

"Lien creditor" and "creditor" shall be construed as synonymous and mean the holder, payee, or obligee of a note, bond, or other evidence of debt and shall embrace the lien creditor or his successor in interest as evidenced by proper endorsement or assignment, general or restrictive, upon the note, bond, or other evidence of debt.

"Payoff letter" means a written communication from the lien creditor or servicer stating, at a minimum, the amount outstanding and required to be paid to satisfy the obligation.

"RESA" means Chapter 10 (§ 55.1-1000 et seq.), Real Estate Settlement Agents.

"Satisfactory evidence of the payment of the obligation secured by the deed of trust or judgment lien" means (i) any one of (a) the original canceled check or a copy of the canceled check, showing all endorsements, payable to the lien creditor or servicer, as applicable, (b) confirmation in written or electronic form of a wire transfer to the bank account of the lien creditor or servicer, as applicable, or (c) a bank statement in written or electronic form reflecting completion of the wire transfer or negotiation of the check, as applicable, and (ii) a payoff letter or other reasonable documentary evidence that the payment was to effect satisfaction of the obligation secured or evidenced by the deed of trust or judgment lien.

"Satisfied by payment" includes obtaining written confirmation from the lien creditor that the underlying obligation has a zero balance.

"Servicer" means a person or entity that collects loan payments on behalf of a lien creditor.

"Settlement agent" has the same meaning ascribed to it in § 55.1-1000, provided that a person shall not be a settlement agent unless he is registered pursuant to § 55.1-1014 and otherwise fully in compliance with the applicable provisions of RESA.

"Title insurance company" has the same meaning ascribed to it in § 38.2-4601, provided that the title insurance company seeking to release a lien by the process described in subsection E issued a policy of title insurance, through a title insurance agency or agent as defined in § 38.2-4601.1, for a real estate transaction wherein the loan secured by the lien was satisfied by payment made by the title insurance agency or agent also acting as the settlement agent.

B. 1. Except as provided in Article 3 (§ 55.1-346 et seq.), after full or partial payment or satisfaction has been made of a debt secured by a deed of trust, vendor's lien, or other lien, or any one or more obligations representing at least 25 percent of the total amount secured by such lien, but less than the total number of the obligations so secured, or the debt secured is evidenced by two or more separate written obligations sufficiently described in the instrument creating the lien, has been fully paid, the lien creditor shall issue a certificate of satisfaction or certificate of partial satisfaction in a form sufficient for recordation reflecting such payment and release of lien. This requirement shall apply to a credit line deed of trust prepared pursuant to § 55.1-318 only when the obligor or the settlement agent has paid the debt in full and requested that the instrument be released.

If the lien creditor receives notice from a settlement agent at the address identified in its payoff statement requesting that the certificate be sent to such settlement agent, the lien creditor shall provide the certificate within 90 days after receipt of such notice to the settlement agent at the address specified in the notice received from the settlement agent.

If the notice is not received from a settlement agent, the lien creditor shall deliver, within 90 days after such payment, the certificate to the appropriate clerk's office with the necessary fee for recording by certified mail, return receipt requested, or when there is written proof of receipt from the clerk's office, by hand delivery, electronic delivery via the clerk's electronic filing system, or delivery by a commercial overnight delivery service or the United States Postal Service, and a receipt obtained.

If the lien creditor has already delivered the certificate to the clerk's office by the time it receives notice from the settlement agent, the lien creditor shall deliver a copy of the certificate to the settlement agent within 90 days of the receipt of the notice at the address for notification set forth in the payoff statement.

If *Except as provided for judgment lien creditors in § 8.01-454*, if the lien creditor has not, within 90 days after payment, either provided the certificate of satisfaction to the settlement agent or delivered it to the clerk's office with the necessary fee for filing, the lien creditor shall forfeit \$500 to the lien obligor. No settlement agent or attorney may take an assignment of the right to the \$500 penalty or facilitate such an assignment to any third party designated by the settlement agent or attorney. Following the 90-day period, if the amount forfeited is not paid within 10 business days after written demand for payment is sent to the lien creditor by certified mail at the address for notification set forth in the payoff statement, the lien creditor shall pay any court costs and reasonable attorney fees incurred by the obligor in collecting the forfeiture.

2. If the note, bond, or other evidence of debt secured by such deed of trust, vendor's lien, or other lien referred to in subdivision 1 or any interest therein has been assigned or transferred to a party other than the original lien creditor, the subsequent holder shall be subject to the same requirements as a lien creditor for failure to comply with this subsection, as set forth in subdivision 1.

C. The certificate of satisfaction shall be signed by the creditor or his duly authorized agent, attorney, or attorney-in-fact or any person to whom the instrument evidencing the indebtedness has been endorsed or assigned for the purpose of effecting such release. An affidavit shall be filed or recorded with the certificate of satisfaction by the creditor, or his duly authorized agent, attorney, or attorney-in-fact, with such clerk, stating that the debt therein secured and intended to be released or discharged has been paid to such creditor or his agent, attorney, or attorney-in-fact, who was entitled and authorized to receive such debt when the debt was satisfied.

D. When the certificate of satisfaction has been signed and the affidavit required by subsection C has been duly filed or recorded with the certificate of satisfaction with such clerk, the certificate of satisfaction shall operate as a release of the encumbrance as to which such payment or satisfaction is entered and, if the encumbrance is by deed of trust, as a reconveyance of the legal title as fully and effectually as if such certificate of satisfaction were a formal deed of release duly executed and recorded.

E. Release of lien by settlement agent or title insurance company.

A settlement agent or title insurance company may release a deed of trust *or judgment lien* in accordance with the provisions of this subsection (i) if the obligation secured by the deed of trust *or judgment lien* has been satisfied by payment made by the settlement agent and (ii) whether or not the settlement agent or title insurance company is named as a trustee under the deed of trust or otherwise has received the authority to release the lien.

1. Notice to lienholder.

a. After or accompanying payment in full of the obligation secured by a deed of trust *or judgment lien*, a settlement agent or title insurance company intending to release a deed of trust *or judgment lien* pursuant to this subsection shall deliver to the lien creditor by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, a notice of intent to release the deed of trust *or judgment lien* with a copy of the payoff letter and a copy of the release to be recorded as provided in this subsection.

b. The notice of intent to release shall contain (i) the name of the lien creditor, the name of the servicer if loan payments on the deed of trust *or judgment lien* are collected by a servicer, or both names; (ii) the name of the settlement agent; (iii) the name of the title insurance company if the title insurance company intends to release the lien; and (iv) the date of the notice. The notice of intent to release shall conform substantially to the following form:

Notice is hereby given to you concerning the deed of trust *or judgment lien* described on the certificate of satisfaction, a copy of which is attached to this notice, as follows:

1. The settlement agent identified below has paid the obligation secured by the deed of trust *or judgment lien* described herein or obtained written confirmation from you that such obligation has a zero balance.

2. The undersigned will release the deed of trust *or judgment lien* described in this notice unless, within 90 days from the date this notice is mailed by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, the undersigned has received by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, a notice stating that a release of the deed of trust *or judgment lien* has been recorded in the clerk's office or that the obligation secured by the deed of trust *or judgment lien* described herein has not been paid, or the lien creditor or servicer otherwise objects to the release of the deed of trust *or judgment lien*. Notice shall be sent to the address stated on this form.

(Name of settlement agent)

(Signature of settlement agent or title insurance company)

(Address of settlement agent or title insurance company)

(Telephone number of settlement agent or title insurance company)

2. Certificate of satisfaction and affidavit of settlement agent or title insurance company.

a. If, within 90 days following the day on which the settlement agent or title insurance company mailed or delivered the notice of intent to release in accordance with this subsection, the lien creditor or servicer does not send by certified mail or commercial overnight delivery service or the United States Postal Service, and a receipt obtained, to the settlement agent or title insurance company a notice stating that a release of the deed of trust *or judgment lien* has been recorded in the clerk's

office or that the obligation secured by the deed of trust *or judgment lien* has not been paid in full or that the lien creditor or servicer otherwise objects to the release of the deed of trust *or judgment lien*, the settlement agent or title insurance company may execute, acknowledge, and file with the clerk of court of the jurisdiction in which the deed of trust *or judgment lien* is recorded a certificate of satisfaction, which shall include (i) the affidavit described in subdivision 2 b and (ii) a copy of the notice of intent to release that was sent to the lender *lien creditor*, the servicer, or both. The certificate of satisfaction shall include the settlement agent's RESA registration number, issued by the Virginia State Bar or the Virginia State Corporation Commission, that was in effect at the time the settlement agent paid the obligation secured by the deed of trust *or judgment lien* or obtained written confirmation from the lien creditor that such obligation has a zero balance. The certificate of satisfaction shall note that the individual executing the certificate of satisfaction is doing so pursuant to the authority granted by this subsection. After filing or recording the certificate of satisfaction, the settlement agent or title insurance company shall mail a copy of the certificate of satisfaction to the lien creditor or servicer. The validity of a certificate of satisfaction otherwise satisfying the requirements of this subsection shall not be affected by the inaccuracy of the RESA registration number placed thereon or the failure to mail a copy of the recorded certificate of satisfaction to the lien creditor or servicer and shall nevertheless release the deed of trust *or judgment lien* described therein as provided in this subsection.

b. The certificate of satisfaction used by the settlement agent or title insurance company shall include an affidavit certifying (i) that the settlement agent has satisfied the obligation secured by the deed of trust *or judgment lien* described in the certificate, (ii) that the settlement agent or title insurance company possesses satisfactory evidence of payment of the obligation secured by the deed of trust *or judgment lien* described in the certificate or written confirmation from the lien creditor that such obligation has a zero balance, (iii) that the lien of the deed of trust *or judgment lien* may be released, (iv) that the person executing the certificate is the settlement agent or the title insurance company or is duly authorized to act on behalf of the settlement agent or title insurance company, and (v) that the notice of intent to release was delivered to the lien creditor or servicer and the settlement agent or title insurance company received evidence of receipt of such notice by the lien creditor or servicer. The affidavit shall be substantially in the following form:

(Authorized signer)

3. Effect of filing.

When filed or recorded with the clerk's office, a certificate of satisfaction that is executed and notarized as provided in this subsection and accompanied by (i) the affidavit described in subdivision 2 b and (ii) a copy of the notice of intent to release that was sent to the lender, lien creditor, or servicer shall operate as a release of the encumbrance described therein and, if the encumbrance is by deed of trust, as a reconveyance of the legal title as fully and effectively as if such certificate of satisfaction were a formal deed of release duly executed and recorded.

4. Effect of wrongful or erroneous certificate; damages.

a. The execution and filing or recording of a wrongful or erroneous certificate of satisfaction by a settlement agent or title insurance agent does not relieve the party obligated to repay the debt, or anyone succeeding to or assuming the responsibility of the obligated party as to the debt, from any liability for the debt or other obligations secured by the deed of trust *or judgment lien* that is the subject of the wrongful or erroneous certificate of satisfaction.

b. A settlement agent or title insurance agent that wrongfully or erroneously executes and files or records a certificate of satisfaction is liable to the lien creditor for actual damages sustained due to the recording of a wrongful or erroneous certificate of satisfaction.

c. The procedure authorized by this subsection for the release of a deed of trust *or judgment lien* shall constitute an optional method of accomplishing a release of a deed of trust *or judgment lien* secured by property in the Commonwealth. The nonuse of the procedure authorized by this subsection for the release of a deed of trust *or judgment lien* shall not give rise to any liability or any cause of action whatsoever against a settlement agent or any title insurance company by any obligated party or anyone succeeding to or assuming the interest of the obligated party.

5. Applicability.

a. § 13.1-609. (Effective July 1, 2021) Certificate of good standing.

A. Anyone may apply to the Commission to furnish a certificate of good standing for a domestic or foreign corporation.

B. The certificate of good standing shall state that the corporation is in good standing in the Commonwealth and shall set forth:

1. The domestic corporation's corporate name or the foreign corporation's corporate name and, if applicable, the designated name adopted for use in the Commonwealth;

2. That (i) the domestic corporation is duly incorporated under the law of the Commonwealth, the date of its incorporation, which is the original date of incorporation or formation of the domesticated or converted corporation if the corporation was domesticated or converted from a foreign jurisdiction *or was converted from a domestic eligible entity*, and

the period of its duration if less than perpetual, or (ii) the foreign corporation is authorized to transact business in the Commonwealth; and

3. If requested, a list of all certificates relating to articles filed with the Commission that have been issued by the Commission with respect to such corporation and their respective effective dates.

C. A domestic corporation or a foreign corporation authorized to transact business in the Commonwealth shall be deemed to be in good standing if:

1. All fees, fines, penalties, and interest assessed, imposed, charged or to be collected by the Commission pursuant to this chapter have been paid except for any annual registration fee that is not due;

2. An annual report required by § 13.1-775 has been delivered to and accepted by the Commission; and

3. No certificate of dissolution, certificate of withdrawal, or order of reinstatement prohibiting the domestic corporation from engaging in business until it changes its corporate name has been issued or such certificate or prohibition has not become effective or no longer is in effect.

D. The certificate may state any other facts of record in the office of the clerk of the Commission that may be requested by the applicant.

E. Subject to any qualification stated in the certificate, a certificate of good standing issued by the Commission may be relied upon as conclusive evidence that the domestic or foreign corporation is in good standing in the Commonwealth.

§ 13.1-610. (Effective July 1, 2021) Notices and other communications.

A. For purposes of this chapter, except for notice to or from the Commission:

1. A notice shall be in writing except that oral notice of any meeting of the board of directors may be given if expressly authorized by the articles of incorporation or bylaws.

2. Unless otherwise agreed between the sender and the recipient, words in a notice or other communication under this chapter shall be in the English language. A notice or other communication may be given by any method of delivery, except that electronic transmissions shall be in accordance with this section. If the methods of delivery are impracticable, a notice or other communication may be given by a broad non-exclusionary dissemination to the public, which may include a newspaper of general circulation in the area where the notice is intended to be given, or by radio, television, or other form of public communication in the area where the notice is intended to be given or other methods of distribution that the corporation has previously identified to its shareholders.

3. A notice or other communication to a domestic or foreign corporation authorized to transact business in the Commonwealth may be delivered to the corporation's registered agent at its registered office or to the secretary at the corporation's principal office shown in its most recent annual report or, in the case of a foreign corporation that has not yet delivered an annual report, in its application for a certificate of authority.

4. A notice or other communication may be delivered by electronic transmission if consented to by the recipient or if otherwise authorized by subsection B.

5. Any consent under subdivision 4 may be revoked by the person who consented by written or electronic notice to the person to whom the consent was delivered. Any such consent is deemed revoked if (i) the corporation is unable to deliver two consecutive electronic transmissions given by the corporation in accordance with such consent and (ii) such inability becomes known to the secretary or an assistant secretary of the corporation or to the transfer agent or other person responsible for the giving of notice or other communications; however, the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action.

6. Unless otherwise agreed between the sender and the recipient, an electronic transmission is received when:

a. It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic transmissions or information of the type sent, and from which the recipient is able to retrieve the electronic transmission; and

b. It is in a form capable of being processed by that system.

7. Receipt of an electronic acknowledgment from an information processing system described in subdivision 6 establishes that an electronic transmission was received. However, such receipt of an electronic acknowledgment, by itself, does not establish that the content sent corresponds to the content received.

8. An electronic transmission is received under this section even if no individual is aware of its receipt.

9. A notice or other communication, if in a comprehensible form or manner, is effective at the earliest of the following:

a. If in physical form, the earliest of when it is actually received or when it is left at:

(1) A shareholder's address shown on the corporation's record of shareholders maintained by the corporation pursuant to subsection C of § 13.1-770;

(2) A director's residence or usual place of business;

(3) The corporation's principal office; or

(4) The corporation's registered office when left with the corporation's registered agent;

b. If mailed postage prepaid and correctly addressed to a shareholder, upon deposit in the United States mail;

c. If mailed by United States mail postage prepaid and correctly addressed to a recipient other than a shareholder, the earliest of when it is actually received or: (i) if sent by registered or certified mail return receipt requested, the date shown on the return receipt, signed by or on behalf of the addressee; or (ii) five days after it is deposited in the United States mail;

d. If an electronic transmission, when it is received as provided in subdivision 7; and

e. If oral, when communicated.

10. A notice or other communication may be in the form of an electronic transmission that cannot be directly reproduced in paper form by the recipient through an automated process used in conventional commercial practice only if (i) the electronic transmission is otherwise retrievable in perceivable form, and (ii) the sender and the recipient have consented in writing to the use of such form of electronic transmission.

B. If this chapter prescribes requirements for notices or other communications in particular circumstances, those requirements govern. If articles of incorporation or bylaws prescribe requirements for notices or other communications not inconsistent with this section or other provisions of this chapter, those requirements govern. The articles of incorporation or bylaws may authorize or require delivery of notices of meetings of directors by electronic transmission.

C. Without limiting the manner by which notice otherwise may be given effectively to shareholders, any notice to shareholders given by a public corporation, under any provision of this chapter, the articles of incorporation, or the bylaws, shall be effective if given in a manner permitted by the rules and regulations under the federal Securities Exchange Act of 1934, provided that the corporation has first received any affirmative written consent or implied consent required under those rules and regulations.

D. If any provisions of this chapter are deemed to modify, limit, or supersede the federal General Electronic Signatures in Global and National Commerce Act, 15 U.S.C. § 7001 et seq., the provisions of this chapter shall control to the maximum extent permitted by § 102(a)(2) of that federal act or any successor provision of that federal act.

E. Whenever notice would otherwise be required to be given under any provision of this chapter to a shareholder, the notice need not be given if:

1. Notices to shareholders of two consecutive annual meetings, and all notices of meetings during the period between two consecutive annual meetings, have been sent, other than by electronic transmission, to such shareholder at such shareholder's address as shown on the records of the corporation and have been returned undeliverable or could not be delivered; or

2. All, but not less than two, distributions to shareholders during a 12-month period, or two consecutive distributions to shareholders during a period of more than 12 months, have been sent to such shareholder at such shareholder's address as shown on the records of the corporation and have been returned undeliverable or could not be delivered.

If any shareholder, for which notice is not required, delivers to the corporation a written notice setting forth such shareholder's then-current address, the requirement that notice be given shall be reinstated.

§ 13.1-615. Fees to be collected by Commission; application of payment; payment of fees prerequisite to Commission action; exceptions.

A. The Commission shall assess the registration fees and shall charge and collect the filing fees, charter fees, and entrance fees imposed by law. The Commission shall have authority to certify to the Comptroller directing refund of any overpayment of a fee, or of any fee collected for a document that is not accepted for filing, at any time within one year from the date of its payment. When the Commission receives payment of an annual registration fee assessed against a domestic or foreign corporation, such payment shall be applied against any unpaid annual registration fees previously assessed against such corporation, including any penalties incurred thereon, beginning with the assessment or penalty that has remained unpaid for the longest period of time.

B. The Commission shall not file or issue with respect to any domestic or foreign corporation any document or certificate specified in this chapter, except the annual report required by § 13.1-775, a statement of change pursuant to § 13.1-635 or 13.1-764, and a statement of resignation pursuant to § 13.1-636 or 13.1-765, until all fees, fines, penalties, and interest assessed, imposed, charged, or to be collected by the Commission pursuant to this chapter or Title 12.1 have been paid by or on behalf of such corporation. Notwithstanding the foregoing, the Commission may file or issue any document or certificate with respect to a domestic or foreign corporation that has been assessed an annual registration fee if the document or certificate is filed or issued with an effective date that is on or before the due date of the corporation's annual registration fee payment in any year, provided that the Commission shall not issue a certificate of domestication with respect to a foreign corporation, *a certificate of conversion with respect to a foreign eligible entity, or a certificate of conversion with respect to a domestic corporation that will become a domestic eligible entity* until the annual registration fee has been paid by or on behalf of that corporation *or eligible entity*.

C. (Effective until July 1, 2021) A domestic or foreign corporation shall not be required to pay the annual registration fee assessed against it pursuant to subsection B of § 13.1-775.1 in any year if (i) the Commission issues or files any of the following types of certificate or instrument and (ii) the certificate or instrument is effective on or before the annual registration fee due date:

1. A certificate of termination of corporate existence, a certificate of incorporation surrender, or a certificate of entity conversion for a domestic corporation;

2. A certificate of withdrawal for a foreign corporation;

3. A certificate of merger or an authenticated copy of an instrument of merger for a domestic or foreign corporation that has merged into a surviving domestic corporation or eligible entity or into a surviving foreign corporation or eligible entity; or

4. An authenticated copy of an instrument of entity conversion for a foreign corporation that has converted to a different entity type.

The Commission shall cancel the annual registration fee assessments specified in this subsection that remain unpaid.

C. (Effective July 1, 2021) A domestic or foreign corporation shall not be required to pay the annual registration fee assessed against it pursuant to subsection B of § 13.1-775.1 in any year if (i) the Commission issues or files any of the following types of certificate or instrument and (ii) the certificate or instrument is effective on or before the annual registration fee due date:

4. An authenticated copy of an instrument of conversion for a foreign corporation that has converted to a different entity type.

The Commission shall cancel the annual registration fee assessments specified in this subsection that remain unpaid.

D. A foreign corporation that has amended its articles of incorporation to reduce the number of shares it is authorized to issue, effective prior to its annual registration fee assessment date pursuant to subsection B of § 13.1-775.1 of a given year, and has timely filed an authenticated copy of the amendment with the Commission pursuant to § 13.1-760 after its annual registration fee assessment date pursuant to subsection B of § 13.1-775.1 shall have its annual registration fee reassessed to reflect the new number of authorized shares.

E. Annual registration fee assessments that have been paid shall not be refunded.

§ 13.1-615.1. (Effective July 1, 2021) Charter and entrance fees for corporations.

A. Every domestic corporation, upon the granting of its charter or upon its incorporation by domestication or conversion, shall pay a charter fee into the state treasury, and every foreign corporation, when it obtains from the State Corporation Commission a certificate of authority to transact business in the Commonwealth, shall pay an entrance fee into the state treasury. The fee in each case is to be ascertained and fixed as follows:

B. D. Whenever by articles of amendment, articles of merger, articles of correction, or articles of ratification, the number of authorized shares of any domestic or foreign corporation or of the surviving corporation is increased, the charter or entrance fee to be charged shall be an amount equal to the difference between the amount already paid as a charter or entrance fee by such corporation and the amount that would be required by this section to be paid if the increased number of authorized shares were being stated at that time in the original articles of incorporation.

~~E. D. For any domestic *nonstock corporation*, limited liability company, *business trust*, *limited partnership*, or *partnership* that files articles of conversion to become a domestic corporation and that had previously converted from a domestic corporation, the charter fee to be charged upon conversion shall be an amount equal to the difference between the amount that would be required by this section and the amount already paid as a charter fee by the domestic *nonstock corporation*, limited liability company, *business trust*, *limited partnership*, or *partnership* when it was a domestic corporation.~~

~~G. F. If no charter or entrance fee has been heretofore paid to the Commonwealth, the amount to be paid shall be the same as would have to be paid on original incorporation or application for authority to transact business.~~

E. The use of assumed names or fictitious names, as provided for in Chapter 5 (§ 59.1-69 et seq.) of Title 59.1, is not affected by this chapter.

§ 13.1-639. Terms of class or series determined by board of directors.

A. If the articles of incorporation so provide, the board of directors, without shareholder action, may, by adoption of an amendment of the articles of incorporation:

1. Classify any unissued shares into one or more classes or into one or more series within one or more classes;

2. Reclassify any unissued shares of any class into one or more classes or into one or more series within one or more classes; or

3. Reclassify any unissued shares of any series of any class into one or more classes or into one or more series within one or more classes.

B. If the board of directors acts pursuant to subsection A, it shall determine the terms, including the preferences, rights and limitations, to the same extent permitted under § 13.1-638, of:

1. Any class of shares before the issuance of any shares of that class, or

2. Any series within a class before the issuance of any shares of that series.

C. Unless the articles of incorporation otherwise provide, the board of directors, without shareholder action, may, by adoption of an amendment of the articles of incorporation, delete from the articles of incorporation any provisions originally adopted by the board of directors without shareholder action fixing the terms, including the preferences, limitations, and rights of any class of shares or series within a class, provided there are no shares of such class or series then outstanding.

D. Unless the articles of incorporation otherwise provide, the board of directors of a corporation that is registered as an open-end management investment company under the federal Investment Company Act of 1940, without shareholder action, may, by adoption of an amendment of the articles of incorporation:

1. Classify any unissued shares into one or more classes or into one or more series within one or more classes; or
2. Reclassify any unissued shares of any class into one or more classes or into one or more series within one or more classes; or
3. Reclassify any unissued shares of any series of any class into one or more classes or into one or more series within one or more classes.

E. When the board of directors has adopted an amendment of the articles of incorporation pursuant to subsection A, C, or D, the corporation shall file with the Commission articles of amendment pursuant to § 13.1-710 with the addition, when the board of directors has acted pursuant to subsection A, of any determination made pursuant to subsection B.

If the Commission finds that the articles of amendment comply with the requirements of law and that all required fees have been paid, it shall issue a certificate of amendment. Shares of any class or series that are classified or reclassified under this section by the articles of amendment shall not be issued until the certificate of amendment is effective.

F. Whenever the articles of incorporation provide that the board of directors may classify or reclassify unissued shares in the manner prescribed in subsection A, the articles of incorporation shall be deemed to authorize the board of directors to adopt pursuant to this section an amendment to the articles of incorporation without shareholder action unless the articles of incorporation specifically state that shareholder action is required.

§ 13.1-658. Notice of meeting.

A. Except as otherwise provided in subsection F, a corporation shall notify shareholders of the date, time, and place, if any, of each annual and special shareholders' meeting no fewer than 10 nor more than 60 days before the meeting date except that notice of a shareholders' meeting to act on an amendment of the articles of incorporation, a plan of merger, share exchange, domestication, or conversion, a proposed sale of assets pursuant to § 13.1-724, or the dissolution of the corporation shall be given not fewer than 25 nor more than 60 days before the meeting date. If the board of directors has authorized participation by means of remote communication pursuant to § 13.1-660.2 for holders of any class or series of shares, the notice to the holders of such class or series of shares shall describe the means of remote communication to be used. The notice shall include the record date for determining the shareholders entitled to vote at the meeting, if such date is different from the record date for determining shareholders entitled to notice of the meeting. Unless this chapter or the articles of incorporation require otherwise, the corporation is required to give notice only to shareholders entitled to vote at the meeting as of the record date for determining the shareholders entitled to notice of the meeting.

B. Unless the articles of incorporation or this chapter requires otherwise, notice of an annual meeting of shareholders need not state the purpose or purposes for which the meeting is called.

C. Notice of a special meeting of shareholders shall state the purpose or purposes for which the meeting is called.

D. If not otherwise fixed under § 13.1-656 or 13.1-660, the record date for determining shareholders entitled to notice of and to vote at an annual or special shareholders' meeting is the day before the first notice is delivered to shareholders.

E. Unless the bylaws require otherwise, if an annual or special shareholders' meeting is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place, if any, is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or shall be fixed under § 13.1-660, however, notice of the adjourned meeting shall be given not fewer than 10 days before the meeting date to shareholders entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

F. Notwithstanding the foregoing, no notice of a shareholders' meeting need be given to a shareholder if (i) an annual report and proxy statements for two consecutive annual meetings of shareholders or (ii) all, and at least two, checks in payment of dividends or interest on securities during a 12-month period, have been sent by first-class United States mail, addressed to the shareholder at the shareholder's address as it appears on the share transfer books of the corporation, and returned undeliverable. The obligation of the corporation to give notice of shareholders' meetings to any such shareholder shall be reinstated once the corporation has received a new address for such shareholder for entry on its share transfer books.

§ 13.1-661. Shareholders' list for meeting.

A. After fixing a record date for a meeting, a corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of a shareholders' meeting. If the board of directors fixes a different record date under subsection E of § 13.1-660 to determine the shareholders entitled to vote at the meeting, a corporation also shall prepare an alphabetical list of the names of all its shareholders who are entitled to vote at the meeting. A list shall be arranged by voting group, and within each voting group by class or series of shares, and show the address of and number of shares held by each shareholder. Nothing contained in this subsection shall require the corporation to include on such list the electronic mail address or other electronic contact information of a shareholder.

B. The shareholders' list for notice shall be available for inspection by any shareholder, beginning two business days after notice of the meeting is given for which the list was prepared and continuing through the meeting, (i) at the corporation's principal office or at a place identified in the meeting notice in the county or city where the meeting will be

held or (ii) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to shareholders of the corporation. A shareholders' list for voting shall be similarly available for inspection promptly after the record date for voting. The original share transfer books shall be prima facie evidence as to who are the shareholders entitled to examine such list or to vote at any meeting of shareholders. A shareholder, or the shareholder's agent or attorney, is entitled on written demand to inspect and, subject to the requirements of subsection D of § 13.1-771, to copy a list, during regular business hours and at the shareholder's expense, during the period it is available for inspection.

C. ~~The~~ If the meeting is to be held at a place, the corporation shall make the list of shareholders entitled to vote available at the meeting, and any shareholder, or the shareholder's agent or attorney, is entitled to inspect the list at any time during the meeting or any adjournment. If the meeting is to be held solely by means of remote communication, then such list shall also be open to such inspection during the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting.

D. If the corporation refuses to allow a shareholder or the shareholder's agent or attorney to inspect a shareholders' list before or at the meeting, or to copy a list as permitted by subsection B, the circuit court of the county or city where the corporation's principal office, or if none in the Commonwealth its registered office, is located, on application of the shareholder, may summarily order the inspection or copying at the corporation's expense and may postpone the meeting for which the list was prepared until the inspection or copying is complete.

E. Refusal or failure to prepare or make available the shareholders' list does not affect the validity of action taken at the meeting.

§ 13.1-710. Articles of amendment.

A. After an amendment of the articles of incorporation has been adopted and approved as required by this chapter, the corporation shall deliver to the Commission for filing articles of amendment that shall set forth:

1. The name of the corporation;

2. The text of each amendment adopted or the information required by subdivision L 5 of § 13.1-604;

3. If an amendment provides for an exchange, reclassification, or cancellation of issued shares, provisions for implementing the amendment if not contained in the amendment itself, which *provisions* may be made dependent upon facts objectively ascertainable outside the articles of amendment in accordance with subsection L of § 13.1-604;

4. The date of each amendment's adoption or approval;

5. If an amendment (i) was adopted by the board of directors or the incorporators without shareholder approval, a statement that the amendment was duly adopted by the board of directors or by a majority of the incorporators, as the case may be, including the reason that shareholder and, if applicable, board of directors' approval was not required; (ii) was approved by the shareholders, either a statement that the amendment was adopted by unanimous consent of the shareholders, or a statement that the amendment was adopted by the board of directors, was submitted to the shareholders in accordance with this article, and was duly approved by the shareholders in the manner required by this chapter and by the articles of incorporation; or (iii) is being filed pursuant to subdivision L 5 of § 13.1-604, a statement to that effect.

B. If the Commission finds that the articles of amendment comply with the requirements of law and that all required fees have been paid, it shall issue a certificate of amendment.

§ 13.1-711. Restated articles of incorporation.

A. A corporation's board of directors may restate its articles of incorporation at any time with or without shareholder approval.

B. The restatement may include one or more new amendments to the articles of incorporation. If the restatement includes one or more new amendments requiring shareholder approval, the new amendment or amendments shall be adopted and approved as provided in § 13.1-707.

C. A corporation restating its articles of incorporation shall file with the Commission articles of restatement setting forth:

1. The name of the corporation immediately prior to restatement;

2. Whether the restatement contains a new amendment of the articles of incorporation;

3. The text of the restated articles of incorporation;

4. If the restatement includes a new amendment that provides for an exchange, reclassification, or cancellation of issued shares, provisions for implementing the amendment, which *provisions* may be made dependent upon facts objectively ascertainable outside the articles of restatement in accordance with subsection L of § 13.1-604;

5. The date of the restatement's adoption;

6. If the restatement does not contain a new amendment of the articles, a statement that the restatement was adopted by the board of directors or approved by the shareholders;

7. If the restatement contains a new amendment of the articles not requiring shareholder approval, a statement that the restatement was adopted by the board of directors without shareholder approval pursuant to § 13.1-706 or subdivision L 5 of § 13.1-604, as the case may be; and

8. If the restatement contains a new amendment of the articles requiring shareholder approval, a statement that the restatement (i) was adopted by the unanimous consent of the shareholders or (ii) was adopted by the board of directors, was submitted to the shareholders in accordance with this article, and was duly approved by the shareholders in the manner required by this chapter and by the articles of incorporation.

D. If the Commission finds that the articles of restatement comply with the requirements of law and that all required fees have been paid, it shall issue a certificate of restatement. When the certificate of restatement is effective the restated articles of incorporation supersede the original or previously restated articles of incorporation and all amendments of them.

E. The Commission may certify restated articles of incorporation or amended and restated articles of incorporation as the articles of incorporation currently in effect.

§ 13.1-716. Merger.

A. One or more domestic corporations may merge with one or more domestic or foreign corporations or eligible entities pursuant to a plan of merger, or two or more foreign corporations or domestic or foreign eligible entities may merge, resulting in a survivor that is a domestic corporation created in the merger. ~~When a domestic corporation is the survivor of a merger with a domestic nonstock corporation, it may become, pursuant to subdivision C 6, a domestic nonstock corporation, provided that the only parties to the merger are domestic corporations and domestic nonstock corporations.~~

B. A foreign corporation or a foreign eligible entity may be a party to a merger with a domestic corporation, or may be created as the survivor of a merger in which a domestic corporation is a party, but only if the merger is permitted by the organic law of the foreign corporation or eligible entity.

C. The plan of merger shall include:

1. As to each party to the merger, its name, jurisdiction of formation, and type of entity;
2. The survivor's name, jurisdiction of formation, and type of entity and, if the survivor is to be created in the merger, a statement to that effect;
3. The terms and conditions of the merger;
4. The manner and basis of converting the shares of each merging domestic or foreign corporation and eligible interests of each merging domestic or foreign eligible entity into shares or other securities, eligible interests, obligations, rights to acquire shares, other securities or eligible interests, cash, or other property or any combination of the foregoing;
5. The manner and basis of converting any rights to acquire the shares of each merging domestic or foreign corporation and eligible interests of each merging domestic or foreign eligible entity into shares or other securities, eligible interests, obligations, rights to acquire shares, other securities or eligible interests, cash, or other property or any combination of the foregoing;
6. Any amendment of the articles of incorporation of the survivor that is a domestic corporation or if the articles of incorporation are amended and restated, as an attachment to the plan, the survivor's restated articles of incorporation, or if a new domestic corporation is to be created by the merger, as an attachment to the plan, the survivor's articles of incorporation; and

7. Any other provisions required by the laws under which any party to the merger is organized or by which it is governed, or by the articles of incorporation or organic rules of any such party.

D. In addition to the requirements of subsection C, a plan of merger may contain any other provision not prohibited by law.

E. Terms of a plan of merger may be made dependent on facts objectively ascertainable outside the plan in accordance with subsection L of § 13.1-604.

F. Unless the plan of merger provides otherwise, the plan of merger may be amended prior to the effective date of the certificate of merger, but if the shareholders of a domestic corporation that is a party to the merger are required by any provision of this chapter to vote on the plan, the plan may not be amended subsequent to approval of the plan by such shareholders to change any of the following, unless the amendment is subject to the approval of the shareholders:

1. The amount or kind of shares or other securities, eligible interests, obligations, rights to acquire shares, other securities or eligible interests, cash or other property to be received under the plan by the shareholders of or ~~owners~~ holders of eligible interests in any party to the merger;
2. The articles of incorporation of any domestic corporation that will be the survivor of the merger, except for changes permitted by § 13.1-706; or
3. Any of the other terms or conditions of the plan if the change would adversely affect such shareholders in any material respect.

G. One or more domestic corporations may merge pursuant to this section into another domestic corporation if the articles of incorporation of each of them could lawfully contain all the corporate powers and purposes of all of them.

H. Any corporation authorized by its articles of incorporation to engage in a special kind of business enumerated in § 13.1-620 may be merged with another corporation authorized by its articles of incorporation to engage in the same special kind of business, including mergers authorized under § 6.2-1146, whether or not either or both of such corporations are actually engaged in the transaction of such business, and the shareholders of the corporations parties to the merger may receive shares of a corporation not authorized by its articles of incorporation to engage in such special kind of business.

§ 13.1-718. (Effective July 1, 2021) Action on a plan of merger or share exchange.

A. Subject to the provisions of subdivision F 4, in the case of a domestic corporation that is (i) a party to a merger, (ii) an acquired entity in a share exchange, or (iii) the acquiring entity in a share exchange:

1. The plan of merger or share exchange shall first be adopted by the board of directors.
2. Except as provided in subsections F and G and in §§ 13.1-719 and 13.1-719.1, after adopting the plan of merger or share exchange the board of directors shall submit the plan to the shareholders for their approval. The board of directors shall also transmit to the shareholders a recommendation that the shareholders approve the plan or, in the case of an offer

referred to in subsection G, that the shareholders tender their shares to the offeror in response to the offer, unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors shall inform the shareholders of the basis for that determination.

B. The board of directors may set conditions for the approval of the plan of merger or share exchange by the shareholders or the effectiveness of the plan of merger or share exchange.

C. If the plan of merger or share exchange is required to be approved by the shareholders, and if the approval is to be given at a meeting, the corporation shall notify each shareholder, whether or not entitled to vote, of the meeting of shareholders at which the plan is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and shall contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing domestic or foreign corporation or eligible entity and its shareholders are to receive shares or other eligible interests or the right to receive shares or other eligible interests in the survivor, the notice shall also include or be accompanied by a copy or summary of the articles of incorporation and bylaws or organic rules of the survivor. If the corporation is to be merged into a domestic or foreign corporation or eligible entity and a new domestic or foreign corporation or eligible entity is to be created pursuant to the merger, the notice shall include or be accompanied by a copy or a summary of the articles of incorporation and bylaws or organic rules of the new corporation or eligible entity.

D. Unless the articles of incorporation, or the board of directors acting pursuant to subsection B, require a greater vote, approval of the plan of merger or share exchange requires the approval of each voting group entitled to vote on the plan by more than two-thirds of all the votes entitled to be cast by that voting group. The articles of incorporation may provide for a greater or lesser vote than that provided for in this subsection or a vote by separate voting groups so long as the vote provided for is not less than a majority of all the votes cast on the plan by each voting group entitled to vote on the plan of merger or share exchange at a meeting at which a quorum of the voting group exists.

E. Separate voting by voting groups is required:

1. Except as otherwise provided in the articles of incorporation, on a plan of merger by each class or series of shares that:

a. Is to be converted under the plan of merger into shares, other securities, eligible interests, obligations, rights to acquire shares, other securities or eligible interests, cash, other property, or any combination of the foregoing, or is proposed to be eliminated without being converted into any of the foregoing; or

b. Would be entitled to vote as a separate group on a provision in the plan that, if contained in a proposed amendment to articles of incorporation, would require action by separate voting groups under § 13.1-708;

2. Except as otherwise provided in the articles of incorporation, on a plan of share exchange, by each class or series of shares included in the exchange, with each class or series constituting a separate voting group;

3. On a plan of merger, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of merger; and

4. On a plan of share exchange, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of share exchange.

F. Unless the articles of incorporation otherwise provide, approval by the corporation's shareholders of a plan of merger or share exchange is not required if:

1. The corporation will survive the merger or is the acquiring corporation in a share exchange;

2. Except for amendments permitted by § 13.1-706, its articles of incorporation will not be changed;

3. Each shareholder of the corporation whose shares were outstanding immediately before the effective time of the merger or share exchange will hold the same number of shares, with identical preferences, limitations, and rights immediately after the effective time of the merger or share exchange; and

4. With respect to shares of the surviving corporation in a merger or the shares of the acquiring entity in a share exchange entity that are entitled to vote unconditionally in the election of directors, the number of shares outstanding immediately after the merger or share exchange, plus the number of shares issuable as a result of the merger or share exchange, either by the conversion of securities issued pursuant to the merger or share exchange or the exercise of options, rights, and warrants issued pursuant to the merger or share exchange, will not exceed by more than 20 percent the total number of shares of the surviving corporation outstanding immediately before the merger or share exchange.

G. Unless the articles of incorporation otherwise provide, approval by the corporation's shareholders of a plan of merger or share exchange is not required if:

1. The plan of merger or share exchange expressly (i) permits or requires such a merger or share exchange to be effected under this subsection and (ii) provides that such merger or share exchange be effected as soon as practicable following the consummation of the offer referred to in subdivision 3 if such merger or share exchange is effected under this subsection;

2. Another party to the merger, the acquiring entity in the share exchange, or a parent of another party to the merger or the acquiring entity in the share exchange, makes an offer to purchase, on the terms provided in the plan of merger or share exchange, any and all of the outstanding shares of the corporation that, absent this subsection, would be entitled to vote on the plan of merger or share exchange, except that the offer may exclude shares of the corporation that are owned at the commencement of the offer by the corporation, the offeror, or any parent of the offeror, or by any wholly owned subsidiary of any of the foregoing;

3. The offer discloses that the plan of merger or share exchange provides that the merger or share exchange will be effected as soon as practicable following the satisfaction of the requirement set forth in subdivision 7 6 and that the shares of the corporation that are not tendered in response to the offer will be treated as set forth in subdivision 8;

4. The offer remains open for at least 10 business days;

5. The offeror purchases all shares properly tendered in response to the offer and not properly withdrawn;

6. The shares listed below are collectively entitled to cast at least the minimum number of votes on the merger or share exchange that, absent this subsection, would be required by this chapter and by the articles of incorporation for the approval of the merger or share exchange by the shareholders and by any other voting group entitled to vote on the merger or share exchange at a meeting at which all shares entitled to vote on the approval were present and voted:

a. Shares purchased by the offeror in accordance with the offer;

b. Shares otherwise owned by the offeror or by any parent of the offeror or any wholly owned subsidiary of any of the foregoing; and

c. Shares subject to an agreement that they are to be transferred, contributed, or delivered to the offeror, any parent of the offeror, or any wholly owned subsidiary of any of the foregoing in exchange for shares or eligible interests in such offeror, parent, or subsidiary;

7. The offeror or a wholly owned subsidiary of the offeror merges with or into, or effects a share exchange in which it acquires shares of, the corporation; and

8. Each outstanding share of each class or series of shares of the corporation that the offeror is offering to purchase in accordance with the offer, and that is not purchased in accordance with the offer, is to be converted in the merger into, or into the right to receive, or is to be exchanged in the share exchange for, or for the right to receive, the same amount and kind of securities, eligible interests, obligations, rights, cash, or other property to be paid or exchanged in accordance with the offer for each share of that class or series of shares that is tendered in response to the offer, except that shares of the corporation that are owned by the corporation or that are described in subdivision 6 a or c need not be converted into or exchanged for the consideration described in this subdivision.

H. As used in ~~subsection~~ *subsections G and K*:

"Offer" means the offer referred to in subdivision 3.

"Offeror" means the person making the offer.

"Parent" of any entity means a person that owns, directly or indirectly, through one or more wholly owned subsidiaries, all of the outstanding shares or eligible interests in that entity.

"Wholly owned subsidiary" of a person means an entity of or in which that person owns, directly or indirectly, through one or more wholly owned subsidiaries, all of the outstanding shares or eligible interests.

I. If a corporation has not yet issued shares and its articles of incorporation do not otherwise provide, its board of directors may adopt and approve a plan of merger or share exchange on behalf of the corporation without shareholder action.

J. If as a result of a merger or share exchange one or more shareholders of a domestic corporation would become subject to new interest holder liability, approval of the plan of merger or share exchange requires the signing in connection with the transaction, by each such shareholder, of a separate written consent to become subject to such new interest holder liability, unless in the case of a shareholder that already has interest holder liability with respect to such domestic corporation, (i) the new interest holder liability is with respect to a domestic or foreign corporation, which may be a different or the same domestic corporation in which the person is a shareholder, and (ii) the terms and conditions of the new interest holder liability are substantially identical to those of the existing interest holder liability, other than for changes that eliminate or reduce such interest holder liability.

K. Shares tendered in response to an offer shall be deemed, for purposes of ~~this section~~ *subsection G*, to have been purchased in accordance with the offer at the earliest time as of which the offeror has irrevocably accepted those shares for payment and either (i) in the case of shares represented by certificates, the offeror, or the offeror's designated depository or other agent, has physically received the certificates representing those shares or (ii) in the case of shares without certificates, those shares have been transferred into the account of the offeror or its designated depository or other agent, or an agent's message relating to those shares has been received by the offeror or its designated depository or other agent.

§ 13.1-721.1. (Effective July 1, 2021) Abandonment of a merger or share exchange.

A. Unless otherwise provided in ~~a~~ *the* plan of merger or share exchange or in the laws under which a foreign corporation or a domestic or foreign eligible entity that is a party to a merger or a share exchange is organized or by which it is governed, after a plan of merger or share exchange has been adopted and approved as required by this article, and at any time before the certificate of merger or share exchange has become effective, the plan may be abandoned by a domestic corporation that is a party ~~thereto~~ *to the plan* without action by *its* shareholders in accordance with any procedures set forth in the plan of merger or share exchange or, if no such procedures are set forth in the plan, in the manner determined by the board of directors, subject to any contractual rights of other parties to the plan of merger or share exchange.

B. If a merger or share exchange is abandoned after the articles of merger or share exchange have been filed with the Commission but before the certificate of merger or share exchange has become effective, in order for the certificate of merger or share exchange to be abandoned, all parties to the plan of merger or share exchange shall sign a statement of abandonment and deliver it to the Commission for filing prior to the effective time and date of the certificate of merger or share exchange. If the Commission finds that the statement of abandonment complies with the requirements of law, it shall

issue a certificate of abandonment, effective as of the date and time the statement of abandonment was received by the Commission, and the merger or share exchange shall be deemed abandoned and shall not become effective.

C. The statement of abandonment shall contain:

1. The name of ~~the~~ *each domestic and foreign corporation and eligible entity that is a party to the merger and its jurisdiction of formation and entity type;*

2. *When the survivor will be a domestic corporation or a domestic nonstock corporation created by the merger, the name of the survivor set forth in the articles of merger;*

3. The date on which the articles of merger or share exchange were filed with the Commission;

~~3.~~ 4. The date and time on which the Commission's certificate of merger or share exchange becomes effective; and

4. 5. A statement that the merger or share exchange is being abandoned in accordance with this section.

§ 13.1-722.6. (Effective July 1, 2021) Amendment of plan of domestication; abandonment.

A. A plan of domestication of a domestic corporation may be amended:

1. In the same manner as the plan was approved, if the plan does not provide for the manner in which it may be amended; or

2. In the manner provided in the plan, except that a shareholder that was entitled to vote on or consent to approval of the plan is entitled to vote on or consent to any amendment of the plan that will change:

a. The amount or kind of shares or other securities, obligations, rights to acquire shares or other securities, cash, other property, or any combination of the foregoing, to be received by any of the shareholders of the domesticating corporation under the plan;

b.
