CHAPTER 74

An Act to amend and reenact § 22.1-205 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-205.1, relating to student driver safety.

[H 1918]

Approved March 11, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-205 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-205.1 as follows:

§ 22.1-205. Driver education programs.

A. The Board of Education shall establish for the public school system a standardized program of driver education in the safe operation of motor vehicles. Such program shall consist of classroom training and behind-the-wheel driver training. However, any student who participates in such a program of driver education shall meet the academic requirements established by the Board, and no student in a course shall be permitted to operate a motor vehicle without a license or other document issued by the Department of Motor Vehicles under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2, or the comparable law of another jurisdiction, authorizing the operation of a motor vehicle upon the highways.

1. The driver education program shall include (i) instruction concerning (a) alcohol and drug abuse; (b) aggressive driving; (c) *the dangers of* distracted driving *and speeding*; (d) motorcycle awareness; (e) organ and tissue donor awareness; (f) fuel-efficient driving practices; and (g) traffic stops, including law-enforcement procedures for traffic stops, appropriate actions to be taken by drivers during traffic stops, and appropriate interactions with law-enforcement officers who initiate traffic stops, and (ii) in Planning District 8, an additional minimum 90-minute parent/student driver education component. The additional parent/student driver education component may be provided to students outside Planning District 8, at the discretion of each local school board.

2. The parent/student driver education component shall be administered as part of the classroom portion of the driver education curriculum. In Planning District 8, the parent/student driver education component shall be administered in-person. Outside Planning District 8, the parent/student driver education component may be administered either in-person or online by a public school or driver training schools that are licensed as computer-based driver education providers. For students in Planning District 8 and those students in school divisions that offer the parent/student component, the participation of the student's parent or guardian shall be required, and the program shall emphasize (i) parental responsibilities regarding juvenile driver behavior, (ii) juvenile driving restrictions pursuant to the Code of Virginia, and (iii) the dangers of driving while intoxicated and underage consumption of alcohol. Such instruction shall be developed by the Department in cooperation with the Virginia Alcohol Safety Action Program, the Department of Health, and the Department of Behavioral Health and Developmental Services, as appropriate. Nothing in this subdivision precludes any school division outside Planning District 8 from including a program of parental involvement as part of a driver education program in addition to or as an alternative to the minimum 90-minute parent/student driver education component.

3. Any driver education program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

C. Each school board shall determine whether to offer the program of driver education in the safe operation of motor vehicles and, if offered, whether such program shall be an elective or a required course. In addition to the fee approved by the Board of Education pursuant to the appropriation act that allows local school boards to charge a per pupil fee for behind-the-wheel driver education, the Board of Education may authorize a local school board's request to assess a surcharge in order to further recover program costs that exceed state funds distributed through basic aid to school divisions offering driver education programs. Each school board may waive the fee or the surcharge in total or in part for those students it determines cannot pay the fee or surcharge. Only school divisions complying with the standardized program and

regulations established by the Board of Education and the provisions of § 46.2-335 shall be entitled to participate in the distribution of state funds appropriated for driver education.

School boards in Planning District 8 shall make the 90-minute parent/student driver education component available to all students and their parents or guardians who are in compliance with § 22.1-254.

D. The actual initial driving instruction shall be conducted, with motor vehicles equipped as may be required by regulation of the Board of Education, on private or public property removed from public highways if practicable; if impracticable, then, at the request of the school board, the Commissioner of Highways shall designate a suitable section of road near the school to be used for such instruction. Such section of road shall be marked with signs, which the Commissioner of Highways shall supply, giving notice of its use for driving instruction. Such signs shall be removed at the close of the instruction period. No vehicle other than those used for driver training shall be operated between such signs at a speed in excess of 25 miles per hour. Violation of this limit shall be a Class 4 misdemeanor.

E. The Board of Education may, in its discretion, promulgate regulations for the use and certification of paraprofessionals as teaching assistants in the driver education programs of school divisions.

F. The Board of Education shall approve correspondence courses for the classroom training component of driver education. These correspondence courses shall be consistent in quality with instructional programs developed by the Board for classroom training in the public schools. Students completing the correspondence courses for classroom training, who are eligible to take behind-the-wheel driver training, may receive behind-the-wheel driver training (i) from a public school, upon payment of the required fee, if the school division offers behind-the-wheel driver training and space is available, (ii) from a driver training school licensed by the Department of Motor Vehicles, or (iii) in the case of a home schooling parent or guardian instructing his own child who meets the requirements for home school instruction under § 22.1-254.1 or subdivision B 1 of § 22.1-254, from a behind-the-wheel training course approved by the Board. Nothing herein shall be construed to require any school division to provide behind-the-wheel driver training to nonpublic school students.

§ 22.1-205.1. High school student parking passes; valid driver's license required.

Each public high school shall require any student who applies to obtain a pass to park a vehicle on school property to provide evidence that the student possesses a valid driver's license or driver privilege card. The Department shall develop, and each public high school shall utilize, a standard application form for students to use to obtain a pass to park a vehicle on school property.

2. That the Board of Education shall emphasize the dangers of distracted driving and speeding in its Curriculum and Administrative Guide for Driver Education.

*MANAGEMENT AGREEMENT
BY AND BETWEEN
THE COMMONWEALTH OF VIRGINIA
AND
GEORGE MASON UNIVERSITY*

This MANAGEMENT AGREEMENT, executed this 15th day of November, 2020, by and between the Commonwealth of Virginia (hereafter, the Commonwealth) and George Mason University (hereafter, the University) provides as follows:

2. Written Application to the Governor. The University has submitted to the Governor a written application, dated January 8, 2020, with copies to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance and Appropriations, and the Senate Committee on Education and Health, expressing the sense of its board of visitors that the University is qualified to be, and should be, governed by Article 4 of the Act, and substantiating that the University has fulfilled the requirements of subdivision B 3 of § 23.1-1004 of the Act; and

3. Finding by the Governor. ARTICLE 2. SCOPE OF MANAGEMENT AGREEMENT.

SECTION 2.1. Enhanced Authority Granted and Accompanying Accountability.

Article 4 of the Act provides that, upon the execution of, and as of the effective date for, this management agreement, the University shall become a covered institution entitled to be granted by the Commonwealth and to exercise the powers and authority provided in Article 4 of the Act that are expressly contained in this management agreement. In general, subject to its management agreement with the Commonwealth, status as a covered institution governed by Article 4 of the Act and this management agreement is intended to replace (i) the post-General Assembly authorization prior-approval system of reviews, approvals, policies, and procedures carried out and implemented by a variety of central state agencies with (ii) a post-audit system of reviews and accountability under which a covered institution is fully responsible and fully accountable for managing itself pursuant to Article 4 of the Act and its management agreement with the Commonwealth.

SECTION 2.1.1. Assessments and Accountability. The University and its implementation of the enhanced authority granted by Article 4 of the Act and this management agreement, and the board of visitors policies attached hereto as Exhibits A through F, shall be subject to the reviews, assessments, and audits (i) set forth in the Act that are to be conducted by the Auditor of Public Accounts, the Joint Legislative Audit and Review Commission, and the State Council of Higher Education for Virginia; (ii) as may be conducted periodically by the Secretaries of Finance, Administration, Education, or by some combination of these three Secretaries; or (iii) as otherwise may be required by law other than the Act.

SECTION 2.1.2. Express Grant of Powers and Authority. Subject to the specific conditions and limitations contained in § 23.1-1008 (Operational Authority Generally), §§ 23.1-1016, 23.1-1017, and 23.1-1019 (Capital Projects; Procurement; Property, Grants, and Loans), and §§ 23.1-1020 through 23.1-1026 (Human Resources) of Article 4 of the Act, the Commonwealth and the University agree that the Commonwealth has granted to the University by this management

agreement all the powers and authority contained in certain policies adopted by the board of visitors of the University attached hereto as Exhibits A through F and governing (i) the undertaking and implementation of capital projects, and other acquisition and disposition of property (Exhibit A); (ii) the leasing of property, including capital leases (Exhibit B); (iii) information technology (Exhibit C); (iv) the procurement of goods, services, including certain professional services, insurance, and construction (Exhibit D); (v) human resources (Exhibit E); and (vi) its system of financial management (Exhibit F), including, as provided in subsection B of § 23.1-1012 of the Act, the sole authority to establish tuition, fees, room, board, and other charges consistent with sum sufficient appropriation authority for nongeneral funds as provided by the Governor and the General Assembly in the Commonwealth's biennial appropriations authorization. Subject to the specific conditions and limitations contained in §§ 23.1-1008 through 23.1-1011 of the Act, in this management agreement, and in one or more of the board of visitors policies attached hereto as Exhibits A through F, the Commonwealth and the University agree that the Commonwealth has expressly granted to the University all the powers and authority permitted by the Act.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this management agreement and the policies adopted by it and attached as Exhibits A through F. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate the duties and responsibilities set forth in this management agreement to its officers, committees, and subcommittees, and, as set forth in the policies adopted by the board and attached hereto as Exhibits A through F, to a person or persons within the University.

SECTION 2.1.3. Reimbursement by the University of Certain Costs. By July 1 of each odd-numbered year, the University shall inform the Secretary of Finance of any intent during the next biennium to withdraw from any health or other group insurance or risk management program made available to the University through any agency, body corporate, political subdivision, authority, or other entity of the Commonwealth, and in which the University is then participating, to enable the Commonwealth's actuaries to complete an adverse selection analysis of any such decision and to determine the additional costs to the Commonwealth that would result from any such withdrawal. If upon notice of such additional costs to the Commonwealth, the University proceeds to withdraw from such health or other group insurance or risk management program, the University shall, pursuant to subdivision B 5 of § 23.1-1004 of the Act, reimburse the Commonwealth for all such additional costs attributable to such withdrawal as determined by the Commonwealth's actuaries.

SECTION 2.1.4. Potential Impact on Virginia College Savings Plan. As required by subdivision B 6 of § 23.1-1004 of the Act, the University has given consideration to potential future impacts of tuition increases on the Virginia College Savings Plan, Chapter 7 (§ 23.1-700 et seq.) of Title 23.1 of the Code of Virginia, and has discussed those potential impacts with the Executive Director and staff of that Plan and with parties in the Administration who participated in the development of this management agreement. The Executive Director of the Plan has provided to the University and the Commonwealth the Plan's assumptions underlying the contract pricing of the program.

SECTION 2.1.5. Justification for Deviations from the Virginia Public Procurement Act. Pursuant to § 23.1-1017 of the Act and subject to the provisions of this management agreement, the University may be exempt from the provisions of the Virginia Public Procurement Act (VPPA), Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia. Any procurement policies or rules that deviate from the VPPA must be uniform across all institutions governed by Article 4 of the Act, and the board of visitors shall adopt and comply with procurement policies that are based upon competitive principles and seek competition to the maximum practical degree. The Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials and the Rules Governing Procurement of Goods, Services, Insurance, and Construction (the Procurement Rules) attached to such policy as Attachment 1 constitute the policies and uniform deviations from the VPPA required by subsections A and B of § 23.1-1017 of the Act.

Subsection E of § 23.1-1017 of the Act requires that the University identify the public, educational, and operational interests served by any procurement rule or rules that deviate from those in the VPPA. The adopted board of visitors' policy on procurement and the Procurement Rules provide the University with the autonomy to administer its procurement process while fully adhering to the principle that competition should be sought to the maximum extent feasible. This autonomy will better position the University to support the requirements of its growing teaching, research, and outreach missions. Greater autonomy in procurement will improve internal capacity to respond quickly to emergent material and service issues and, therefore, enable the University to be more efficient and effective in meeting the Commonwealth's goals for institutions of higher education. In some instances, costs will be reduced. Taken collectively, the University's procurement policies and rules that differ from those required by the VPPA will enhance procurement "best practices" as they currently are being observed within the higher education community nationally. Further, these changes will provide efficiencies to both the University and public sector suppliers.

SECTION 2.1.6. Quantification of Cost Savings. Subsection D of § 23.1-1012 of the Act requires that a covered institution include in its management agreement with the Commonwealth the quantification of cost savings realized as a result of the additional operational flexibility provided pursuant to Article 4 of the Act. Since this initial management agreement with the Commonwealth has not yet been implemented by the University, the parties agree that the University is not in a position to quantify any such cost savings at this time, although the University expects that there will be cost savings resulting from the additional authority granted to the University pursuant to Article 4 of the Act and that such cost savings will be part of the determinations made during the reviews, assessments, and audits to be conducted pursuant to Article 4 of

the Act by the Auditor of Public Accounts, the Joint Legislative Audit and Review Commission, and the State Council of Higher Education for Virginia, and as otherwise described in Section 2.1.1 above.

SECTION 2.1.7. Participation in State Programs. *The Commonwealth intends that the University shall continue to fully participate in, and receive funding support from, the many and varied programs established now or in the future by the Commonwealth to provide support for Virginia's public institutions of higher education and for Virginians attending such institutions, including but not limited to the state capital outlay and bond financing initiatives undertaken from time to time by the Commonwealth; the Higher Education Equipment Trust Fund established pursuant to Chapter 12 (§ 23.1-1200 et seq.) of Title 23.1 of the Code of Virginia; the Maintenance Reserve Fund as provided in the general appropriation act; the Eminent Scholars program as provided in the general appropriation act; the Commonwealth's various student financial assistance programs; and other statewide programs or initiatives that exist, or may be established, in support of the Commonwealth's higher education institutions, programs, or activities.*

SECTION 2.1.8. Implied Authority. *Pursuant to subsection C of § 23.1-1006 of the Act, the only implied authority granted to the University by this management agreement is that implied authority that is actually necessary to carry out the expressed grant of financial or operational authority contained in this agreement or in the policies adopted by the University's board of visitors and attached hereto as Exhibits A through F.*

SECTION 2.1.9. Exercise of Authority. *The University and the Commonwealth acknowledge and agree that the execution of this management agreement constitutes the conclusion of a process that, as of the effective date of this Agreement, confers upon the University the enhanced authority and operating flexibility described in this article above, all of which is in furtherance of the purposes of Article 4 of the Act. Therefore, without any further conditions or requirements, the University shall, on and after the effective date of this management agreement, be authorized to exercise the authority conferred upon it by this management agreement, the policies adopted by its board of visitors attached hereto as Exhibits A through F, and by §§ 23.1-1008 through 23.1-1011 of the Act, except to the extent that the powers and authority contained therein have been limited by this management agreement or the board of visitors policies attached hereto as Exhibits A through F.*

The University and the Commonwealth also acknowledge and agree that, pursuant to subsection L of § 23.1-1006 of the Act and consistent with the terms of this management agreement, the board of visitors of the University shall assume full responsibility for management of the University, subject to the requirements and conditions set forth in Article 4 of the Act, the general requirements for this management agreement as provided in § 23.1-1002 of the Act, and this management agreement. The board of visitors shall be fully accountable for (i) the management of the University as provided in the Act, (ii) meeting the requirements of §§ 23.1-206 and 23.1-306 of the Code of Virginia, and (iii) meeting such other provisions as are set forth in this management agreement.

SECTION 2.2. State Goals.

SECTION 2.2.1. Furthering State Goals. *As required for all public institutions of higher education of the Commonwealth by subsection A of § 23.1-1002 of the Act, prior to August 1, 2005, the board of visitors of the University adopted the resolution setting forth its commitment to the Governor and the General Assembly to meet the state goals specified in subsection A of § 23.1-1002 of the Act.*

SECTION 2.2.2. Student Enrollment, Tuition, and Financial Aid. *As required by § 23.1-306 of the Code of Virginia, the University, along with all other public institutions of higher education of the Commonwealth, has developed and submitted to the State Council of Higher Education for Virginia (SCHEV) by October 1, 2019, an institution-specific six-year plan addressing the University's academic, financial, and enrollment plans for the six-year period of fiscal years 2020-2022 through 2024-2026. Subsection A of § 23.1-306 of the Code of Virginia requires the University to update this six-year plan by July 1 of each odd-numbered year and amend or affirm biennially in each even-numbered year. Subdivision B 3 of § 23.1-1006 of the Act requires that a management agreement address, among other issues, such matters as the University's undergraduate Virginia student enrollment, its financial aid requirements and capabilities, and its tuition policy for undergraduate Virginia students. These matters are addressed in this section and in the University's six-year plan submitted to SCHEV, and the parties therefore agree that the University's six-year plan and the description in this section meet the requirement of subdivision B 3 of § 23.1-1006 of the Act.*

Subsection C of § 23.1-1012 of the Act requires the board of visitors of the University to include in this management agreement the University's commitment to provide need-based grant aid for middle-income and lower-income Virginia students in a manner that encourages student enrollment and progression without respect to potential increases in tuition and fees. The University's commitment in this regard is clear. The University is committed to increasing the economic and social diversity of the student body at the University. The University is committed to assuring access to qualified and admitted Virginia students.

The University's primary recruiting market is among the most diverse in the commonwealth. As a result, the University draws a large number of talented in-state students from a lower income stratum—students who are challenged to cover their educational costs. Many begin their postsecondary education at Northern Virginia Community College and choose to live at home while attending college. A large number of these students work at off-campus jobs for considerably more than the recommended 10 hours per week, some enroll only part time, and many are less likely to use loans to pay for their education.

In the Fall of 2019, 28.9 percent of the University's undergraduate population were Pell-eligible students. The University's Pell-eligible students graduate at a similar pace to the overall student body—66.9 percent six-year graduation rate for Pell-eligible students compared to 70.6 percent overall.

The University's goal is to reduce unmet financial need for undergraduate students by providing more grant funding. To move forward in accomplishing its goals, over the period of the six-year plan, the University is committed to seeking, from all sources—state-appropriated scholarship funds and federal, institutional, and private support—to continue its commitment to providing additional financial aid through grants and loans to those Virginians with need. In addition, as tuition and fees increase over the period of the six-year plan, the University will readjust the level of financial aid funding so that insufficiency of family resources will not be a barrier to attending, and graduating from, the University.

The Commonwealth and the University agree that this commitment meets the requirements of subsection C of § 23.1-1012 of the Act.

SECTION 2.3. Other Law.

As provided in subsection C of § 23.1-1006 of the Act, the University shall be governed and administered in the manner provided not only in this management agreement, but also as provided in the general appropriation act then in effect and the University's enabling statutes.

SECTION 2.4. The General Appropriation Act.

The Commonwealth and the University agree that, pursuant to the current terms of the Act and the terms of § 4-11.00 of the 2004-2006 Appropriation Act, if there is a conflict between the provisions of the general appropriation act and the provisions of Article 4 of the Act, or this management agreement, or the board of visitors policies attached to this management agreement as Exhibits A through F, the provisions of the general appropriation act shall control, and shall continue to control unless provided otherwise by law.

SECTION 2.4.1. The University's Enabling Statutes. *As provided in subsection E of § 23.1-1006 of the Act, in the event of a conflict between any provision of Article 4 of this Act and the University's enabling statutes, the enabling statutes shall control.*

SECTION 2.4.2. Title 2.2 of the Code of Virginia. *As provided in subsection D of § 23.1-1006 of the Act, except as specifically made inapplicable under Article 4 of the Act and the express terms of this management agreement, the provisions of Title 2.2 relating generally to the operation, management, supervision, regulation, and control of public institutions of higher education shall be applicable to the University as provided by the express terms of this management agreement. As further provided in subsection E of § 23.1-1006 of the Act, in the event of conflict between any provision of Title 2.2 and any provision of Article 4 of the Act as expressed in this management agreement, the provisions of this management agreement shall control.*

SECTION 2.4.3. Educational Policies of the Commonwealth. *As provided in subsection J of § 23.1-1006 of the Act, for purposes of §§ 23.1-101, 23.1-102, 23.1-103, 23.1-104, and 23.1-107, Chapter 2 (§ 23.1-200 et seq.), §§ 23.1-306, 23.1-402, 23.1-403, and 23.1-404, Chapter 5 (§ 23.1-500 et seq.), Chapter 6 (§ 23.1-600 et seq.), Chapter 7 (§ 23.1-700 et seq.), §§ 23.1-800, 23.1-801, 23.1-901, and 23.1-1001, Chapter 11 (§ 23.1-1100 et seq.), Chapter 12 (§ 23.1-1200 et seq.), subsections G, H, and I of § 23.1-1300, § 23.1-1302, and subsection B of § 23.1-1303 of Title 23.1 the Code of Virginia, each covered institution shall remain a public institution of higher education following its conversion to a covered institution governed by Article 4 of the Act and shall retain the authority granted and any obligations required by such provisions.*

In addition, the University shall retain the authority, and any obligations related to the exercise of such authority, that is granted to institutions of higher education pursuant to Chapter 2 (§ 23.1-200 et seq.), Chapter 11 (§ 23.1-1100 et seq.), Chapter 12 (§ 23.1-1200 et seq.), Chapter 6, Article 2 (§ 23.1-612 et seq.), Chapter 6, Article 3 (§ 23.1-617 et seq.), Chapter 6, Article 5 (§ 23.1-628 et seq.), Chapter 6, Article 6 (§ 23.1-636 et seq.), § 23.1-619, Chapter 6, Article 7 (§ 23.1-639 et seq.), and Chapter 7 (§ 23.1-700 et seq.) of Title 23.1 the Code of Virginia, unless and until provided otherwise by law other than the Act.

SECTION 2.4.4. Public Access to Information. *The University shall continue to be subject to § 2.2-4342 of the Code of Virginia and to the provisions of the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia, but, in all cases, may conduct business as a "state public body" for purposes of subsection D of § 2.2-3708.2 of the Code of Virginia.*

SECTION 2.4.5. Conflicts of Interests. *As provided in subsection F of § 23.1-1006 of the Act, the provisions of the State and Local Government Conflict of Interests Act, Chapter 31 (§ 2.2-3100 et seq.) of Title 2.2 of the Code of Virginia, that are applicable to officers and employees of a state governmental agency shall continue to apply to the members of the board of visitors of the University and to its covered employees.*

SECTION 2.4.6. Other Provisions of the Code of Virginia. *Other than as specified in this article above, any other powers and authorities granted to the University pursuant to any other sections of the Code of Virginia, including other provisions of the Act, are not affected by this management agreement or the board policies attached hereto as Exhibits A through F.*

ARTICLE 3. AMENDMENTS TO, AND RIGHT AND POWER TO VOID OR REVOKE, MANAGEMENT AGREEMENT.

SECTION 3.1. Amendments.

Any change to or deviation from this management agreement or the board of visitors policies attached hereto as Exhibits A through F shall be reported to the Secretaries of Finance, Administration, and Education and to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations and shall be posted on the University's website. The change or deviation shall become effective unless one of the above persons notifies the

University in writing within 60 days that the change or deviation is substantial and material. Any substantial and material change or deviation shall require the execution by the parties of an amendment to this management agreement or a new management agreement and may lead to the Governor declaring this management agreement to be void pursuant to subdivision E of § 23.1-1007 of the Act.

SECTION 3.2. Right and Power to Void, Revoke, or Reinstate Management Agreement.

SECTION 3.2.1. Governor. Pursuant to subdivision E of § 23.1-1007, if the Governor makes a written determination that the University is not in substantial compliance with the terms of this management agreement or with the requirements of the Act in general, (i) the Governor shall provide a copy of that written determination to the rector of the board of visitors of the University and to the members of the General Assembly and (ii) the University shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of this management agreement and with the requirements of the Act, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If, after a reasonable period of time after the corrective action plan has been implemented by the University, the Governor determines that the institution is not yet in substantial compliance with this management agreement or the requirements of the Act, the Governor may void this management agreement. Upon the Governor voiding this management agreement, the University shall no longer be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Article 4 of the Act unless and until the University has entered into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the voided management agreement is reinstated by the General Assembly.

SECTION 3.2.2. General Assembly. As provided in subsection E of § 23.1-1007 of the Act, the General Assembly may reinstate a management agreement declared void by the Governor. Pursuant to subsection F of § 23.1-1007 of the Act, the University's status as a covered institution governed by Article 4 of the Act may be revoked by an act of the General Assembly if the University fails to meet the requirements of Article 4 of the Act or the management agreement.

ARTICLE 4. GENERAL PROVISIONS.

SECTION 4.1. No Third-Party Beneficiary Status.

Nothing in this Agreement, express or implied, shall be construed as conferring any third-party beneficiary status on any person or entity.

SECTION 4.2. Sovereign Immunity.

Pursuant to subsections G and H of § 23.1-1006 of the Act, the University and the members of its board of visitors, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the University were not governed by the Act, provided that the Virginia Tort Claims Act, Article 18.1 (§ 8.01-195.1 et seq.) of Chapter 3 of Title 8.01 of the Code of Virginia, and its limitations on recoveries shall remain applicable with respect to the University.

SECTION 4.3. Term of Agreement.

The management agreement negotiated by the University shall continue in effect unless the Governor, the General Assembly, or the University determine that the management agreement needs to be renegotiated or revised.

WHEREFORE, the foregoing management agreement has been executed as of this 15th day of November, 2020, and shall become effective on the effective date of the legislation enacted into law providing for the terms of such Agreement.

EXHIBIT A
MANAGEMENT AGREEMENT
BETWEEN
THE COMMONWEALTH OF VIRGINIA
AND
GEORGE MASON UNIVERSITY
PURSUANT TO
THE RESTRUCTURED HIGHER EDUCATION
FINANCIAL AND ADMINISTRATIVE OPERATIONS ACT
POLICY GOVERNING
CAPITAL PROJECTS
THE RECTOR AND BOARD OF VISITORS
OF GEORGE MASON UNIVERSITY
POLICY GOVERNING CAPITAL PROJECTS

I. PREAMBLE.

Pursuant to Article 4 (§ 23.1-1004 et seq.) of the Restructured Higher Education Financial and Administrative Operations Act (the Act), upon becoming a covered institution, a public institution of higher education in Virginia may be delegated the authority to establish its own system for undertaking the implementation of its capital projects. In general, status as a covered institution is designed to replace the post-authorization system of reviews, approvals, policies, and procedures carried out by a variety of central state agencies, and also the traditional pre-authorization approval process for projects funded entirely with nongeneral funds and without any proceeds from state tax-supported debt. Consistent with its current practice, the University's system for carrying out its capital outlay process as a covered institution is to be governed by policies adopted by the board of visitors. The following provisions of this policy, together with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the

board, and the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment I to that Policy, constitute the adopted board of visitors policies regarding the University's capital projects, whether funded by a general fund appropriation of the General Assembly, state tax-supported debt, or funding from other sources.

This policy is intended to encompass and implement the expanded authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to the general appropriation act, or any other sections of the Code of Virginia, including other provisions of the Act and the University's enabling statutes, are not affected by this policy.

II. DEFINITIONS.

As used in this policy, the following terms shall have the following meanings, unless the context requires otherwise:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

"Board of visitors" or "board" means the rector and board of visitors of the University.

"Capital lease" means a lease that is defined as such within generally accepted accounting principles pursuant to the pronouncement of the Financial Accounting Standards Board.

"Capital professional services" means professional engineering, architecture, land surveying, and landscape architecture services related to capital projects.

"Capital project(s)" means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction, improvements or renovations, and capital leases.

"Covered institution" means, on and after the effective date of its initial management agreement, a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth to be governed by the provisions of Article 4 of the Act.

"Enabling statutes" has the same meaning as provided in § 23.1-1000 of the Act.

"Major capital project(s)" means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction of 5,000 square feet or greater or costing \$3 million or more, improvements or renovations of \$3 million or more, and capital leases.

"State tax-supported debt" means bonds, notes, or other obligations issued under Article X, Section 9 (a), 9 (b), 9 (c), or 9 (d) of the Constitution of Virginia, if the debt service payments are made or ultimately are to be made from general government funds, as defined in the December 18, 2019, Report to the Governor and General Assembly of the Debt Capacity Advisory Committee or as that definition is amended from time to time.

"University" means George Mason University.

III. SCOPE OF POLICY.

This policy applies to the planning and budget development for capital projects, capital project authorization, and the implementation of capital projects, whether funded by a general fund appropriation of the General Assembly, proceeds from state tax-supported debt, or funding from other sources.

This policy provides guidance for (i) the process for developing one or more capital project programs for the University, (ii) authorization of new capital projects, (iii) procurement of capital professional services and construction services, (iv) design reviews and code approvals for capital projects, (v) environmental impact requirements, (vi) building demolitions, (vii) building and land acquisitions, (viii) building and land dispositions, (ix) project management systems, and (x) reporting requirements.

IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. CAPITAL PROGRAM.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt a system for developing one or more capital project programs that defines or define the capital needs of the University for a given period of time consistent with the University's published Master Plan. This process may or may not mirror the Commonwealth's requirements for capital plans. The board of visitors shall approve the program for major capital projects. Major capital projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt shall follow the Commonwealth's requirements for capital plans. The board may approve amendments to the program for major capital projects annually or more often if circumstances warrant.

It shall be University policy that each capital project program shall meet the University's mission and institutional objectives and be appropriately authorized by the University. Moreover, it shall be University policy that each capital project shall be of a size and scope to provide for the defined program needs, designed in accordance with all applicable

building codes and handicapped accessibility standards as well as the University's design guidelines and standards, and costed to reflect current costs and escalated to the mid-point of anticipated construction.

VI. AUTHORIZATION OF CAPITAL PROJECTS.

The board of visitors shall authorize the initiation of each major capital project by approving its size, scope, budget, and funding. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt procedures for approving the size, scope, budget, and funding of all other capital projects. Major capital projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt shall require both the board of visitors' approval and those pre-appropriation approvals of the Commonwealth's governmental agencies then applicable, and shall follow the Commonwealth's process for capital budget requests.

It shall be the policy of the University that the implementation of capital projects shall be carried out so that the capital project as completed is the capital project approved by the board for major capital projects and according to the procedures adopted by the President of the University, acting through the Senior Vice President for Administration or designee, for all other capital projects. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure strict adherence to this requirement.

Accordingly, the budget, size, and scope of a capital project shall not be materially changed beyond the plans and justifications that were the basis for the capital project's approval, either before or during construction, unless approved in advance as described in this section above. Minor changes shall be permissible if they are determined by the President of the University, acting through the Senior Vice President for Administration and Finance or designee, to be justified.

Major capital projects may be submitted for the board of visitors' authorization at any time but must include a statement of urgency if not part of the approved major capital project program.

VII. PROCUREMENT OF CAPITAL PROFESSIONAL SERVICES AND CONSTRUCTION SERVICES.

It shall be the policy of the University that procurements shall result in the purchase of high-quality services and construction at reasonable prices and shall be consistent with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the board, and with the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to such policy. Specifically, the University is committed to:

1. Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract, and the likely extent of competition;
2. Conducting all procurements in a fair and impartial manner and avoiding any impropriety or the appearance of any impropriety prohibited by state law or University policy;
3. Making procurement rules clear in advance of any competition;
4. Providing access to the University's business to all qualified vendors, firms, and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the University;
5. Including in contracts of more than \$10,000 the contractor's agreement not to discriminate against employees or applicants because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law except where there is a bona fide occupational qualification reasonably necessary to the contractor's normal operations; and
6. Providing for a nondiscriminatory procurement process, and including appropriate and lawful provisions to effectuate fair and reasonable consideration of women-owned, minority-owned, and small businesses and to promote and encourage a diversity of suppliers.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, is authorized to develop implementing procedures for the procurement of capital professional services and construction services at the University. The procedures shall implement this policy and provide for:

- a. A system of competitive negotiation for capital professional services, including a procedure for expedited procurement of capital professional services under \$80,000, pursuant to subdivisions 1, 2, and 3 a of the defined term "competitive negotiation" in § 4 of the Rules Governing Procurement of Goods, Services, Insurance, and Construction;
- b. A prequalification procedure for contractors or products;
- c. A procedure for special construction contracting methods, including but not limited to design-build and construction management contracts; and
- d. A prompt payment procedure.

The University also may enter into cooperative arrangements with other private or public health or educational institutions, health care provider alliances, purchasing organizations, or state agencies where, in the judgment of the University, the purposes of this policy will be furthered.

VIII. DESIGN REVIEWS AND CODE APPROVALS.

The board of visitors shall review the design of all major capital projects and shall provide final major capital project authorization based on the size, scope, and cost estimate provided with the design. Unless stipulated by the board of visitors at the design review, no further design reviews shall be required. For all capital projects other than major capital projects, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt procedures for design review and project authorization based on the size, scope, and cost estimate provided with the

design. It shall be University policy that all capital projects shall be designed and constructed in accordance with applicable Virginia Uniform Statewide Building Code (VUSBC) standards and the applicable accessibility code.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall designate a building official responsible for building code compliance at the University, by either (i) hiring an individual to be the University building official or (ii) continuing to use the services of the Department of General Services, Division of Engineering and Buildings (DGS-DEB), to perform the building official function. If option (i) is selected, the individual hired as the University building official shall be a full-time employee of the University who has no other assigned duties or responsibilities at the institution and who is not employed by any firm or business providing facility services to the University, is a registered professional architect or engineer, and is certified by the Department of Housing and Community Development to perform this building official function. The University building official shall issue building permits for each capital project required by the VUSBC to have a building permit, shall determine the suitability for occupancy of, and shall issue certifications for building occupancy for, all capital projects requiring such certification. Prior to issuing any such certification, this individual shall ensure that the VUSBC and accessibility requirements are met for that capital project and that such capital project has been inspected by the State Fire Marshal or designee as required. When serving as the University building official, such individual shall organizationally report directly and exclusively to the board of visitors. If the University hires its own University building official, it shall fulfill the code review requirement by maintaining a review unit of licensed professional architects or engineers supported by resources and staff who are certified by the Department of Housing and Community Development in accordance with § 36-137 of the Code of Virginia for such purpose and who shall review plans, specifications, and documents for compliance with building codes and standards and perform required inspections of work in progress and the completed capital project. No individual licensed professional architect or engineer hired under the University personnel system as a member of the review unit or contracted with to perform these functions shall also perform other building code-related design, construction, facilities-related project management, or facilities management functions for the University on the same capital project. If option (i) is selected, DGS-DEB will be afforded an opportunity to review and comment on the University's building code official program prior to the University performing building code official responsibilities.

IX. ENVIRONMENTAL IMPACT REPORTS.

It shall be the policy of the University to assess the environmental, historic preservation, and conservation impacts of all capital projects and to minimize and otherwise mitigate all adverse impacts to the extent practicable. The University shall develop a procedure for the preparation and approval of environmental impact reports for capital projects, in accordance with state environmental, historic preservation, and conservation requirements generally applicable to capital projects otherwise meeting the definition of major capital projects but with a cost of \$500,000 or more as set forth in § 10.1-1188 of the Code of Virginia.

X. BUILDING DEMOLITIONS.

It shall be the policy of the University to consider the environmental and historical aspects of any proposed demolitions. The University shall develop a procedure for the preparation and review of demolition requests, including any necessary reviews by the Department of Historic Resources and the Art and Architectural Review Board in accordance with state historic preservation requirements generally applicable to capital projects in the Commonwealth. Further, for any property that was acquired or constructed with funding from a general fund appropriation of the General Assembly or from proceeds from state tax-supported debt, general laws applicable to state-owned property shall apply.

XI. BUILDING OR LAND ACQUISITIONS.

It is the policy of the University that capital projects involving building or land acquisition shall be subjected to thorough inquiry and due diligence prior to closing on the acquisition of such real property. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that the project management system implemented pursuant to Section XIII of this policy provides for a review and analysis of all pertinent matters relating to the acquisition of buildings and land as any prudent purchaser would perform to the end that any building or land acquired by the University shall be suitable for its intended purpose, that the acquisition can be made without substantial risk of liability to the University, and that the cost of the real property to be acquired, together with any contemplated development thereof, shall be such that compliance with the provisions of Section VI of this policy is achieved. In addition, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that, where feasible and appropriate to do so, the following specific policies pertaining to the acquisition of buildings or land for capital projects are carried out.

A. Environmental and Land Use Considerations.

It is the policy of the University to reasonably cooperate with each locality affected by the acquisition. Such cooperation shall include but not be limited to furnishing any information that the locality may reasonably request and reviewing any requests by the locality with regard to any such acquisition. The University shall consider the zoning and comprehensive plan designation by the locality of the building or land and surrounding parcels, as well as any designation by state or federal agencies of historically or archeologically significant areas on the land. Nothing herein shall be construed as requiring the University to comply with local zoning laws and ordinances.

B. Infrastructure and Site Condition.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that, in the case of capital projects involving the acquisition of buildings or land, the project management

systems implemented under Section XIII of this policy provide for a review of the following matters prior to acquisition of the building or land: that any land can be developed for its intended purpose without extraordinary cost; that an environmental engineer has been engaged by the University to provide an assessment of any environmental conditions on the land; that there is adequate vehicular ingress and egress to serve the contemplated use of the building or land; that utilities and other services to the land are adequate or can reasonably be provided or have been provided in the case of building acquisitions; and that the condition and grade of the soils have been examined to determine if any conditions exist that would require extraordinary site work.

C. Title and Survey.

A survey shall be prepared for any real property acquired, and an examination of title to the real property shall be conducted by a licensed attorney or, in the alternative, a commitment for title insurance shall be procured from a title insurance company authorized to do business in the Commonwealth. Based upon the survey and title examination or report, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall conclude, prior to acquisition of the real property, that title thereto will be conveyed to the University in fee simple, free and clear of all liens, encumbrances, covenants, restrictions, easements, or other matters that may have a significant adverse effect upon the University's ability to own, occupy, convey, or develop the real property.

D. Appraisal.

An appraisal shall be conducted of the real property to be acquired to determine its fair market value and the consistency of the fair market value with the price agreed upon by the University.

XII. BUILDING OR LAND DISPOSITIONS.

The board of visitors shall approve the disposition of any building or land. Disposition of land or buildings, the acquisition or construction of which was funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt, shall require both the board of visitors' approval and other approvals in accordance with general law applicable to state-owned property and with the University's enabling statutes.

XIII. PROJECT MANAGEMENT SYSTEMS.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall implement one or more systems for the management of capital projects for the University. The systems may include the delegation of project management authority to appropriate University officials, including a grant of authority to such officials to engage in further delegation of authority as the President of the University deems appropriate.

The project management systems for capital projects shall be designed to ensure that such projects comply with the provisions of this policy and other board of visitors' policies applicable to closely related subjects such as the selection of architects or policies applicable to University buildings and grounds.

The project management systems may include one or more reporting systems applicable to capital projects whereby University officials responsible for the management of such projects provide appropriate and timely reports to the President of the University on the status of such projects during construction.

XIV. REPORTING REQUIREMENTS.

In addition to complying with any internal reporting systems contained in the University's project management systems, as described in Section XIII above, the University shall comply with state reporting requirements for those major capital projects funded entirely or in part by a general fund appropriation of the General Assembly or state tax-supported debt. Additionally, if any capital project constructs improvements on land, or renovates property, that originally was acquired or constructed in whole or in part with a general fund appropriation for that purpose or proceeds from state tax-supported debt, and such improvements or renovations are undertaken entirely with funds not appropriated by the General Assembly, and if the cost of such improvements or renovations is reasonably expected to exceed \$3 million, the decision to undertake such improvements or renovations shall be communicated as required by subdivision D 3 of § 23.1-1016 of the Act. As a matter of routine, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall report to the Department of General Services on the status of such capital projects at the initiation of the project, prior to the commencement of construction, and at the time of acceptance of any such capital project.

III. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

IV. GENERAL PROVISIONS.

A. Adoption of This Policy and Continued Applicability of Other Board of Visitors Procurement Policies.

The University has had decentralization and pilot program autonomy in many procurement functions and activities since the 1994 Appropriation Act. The Act extends and reinforces the autonomy previously granted to the University in Item 330 E of the 1994 Appropriation Act. This policy therefore is adopted by the board of visitors to enable the University to develop a procurement system, as well as a surplus materials disposition system. Any University electronic procurement system shall integrate or interface with the Commonwealth's electronic procurement system.

This policy shall be effective on the effective date. The policies and procedures adopted by the President of the University to implement this policy shall continue to be subject to any other policies adopted by the board of visitors affecting procurements at the University, including policies regarding the nature and amounts of procurements that may be undertaken without the approval of the board of visitors or the President of the University.

B. Scope and Purpose of University Procurement Policies.

This policy shall apply to procurements of goods, services, insurance, and construction. It shall be the policy of the University that procurements conducted by the University result in the purchase of high quality goods and services at reasonable prices, and that the University be free, to the maximum extent permitted by law and this policy, from constraining policies that hinder the ability of the University to do business in a competitive environment. This policy, together with the rules, shall apply to all procurements undertaken by the University, regardless of the source of funds.

C. Collaboration, Communication, and Cooperation with the Commonwealth.

The University is committed to developing, maintaining, and sustaining collaboration, communication, and cooperation with the Commonwealth regarding the matters addressed in this policy, particularly with the Secretary of Administration, the Department of General Services, and the Virginia Information Technologies Agency. Identifying business objectives and goals common to both the University and the Commonwealth and the mechanisms by which such objectives and goals may be jointly pursued and achieved are among the desired outcomes of such collaboration, communication, and cooperation.

D. Commitment to Statewide Contracts, Electronic Procurement, and SWAM Participation and Use.

The University is committed to maximizing its internal operational efficiencies, economies of scale among institutions of higher education, and the leveraged buying power of the Commonwealth as a whole.

Consistent with this commitment, the University:

- 1. May purchase from and participate in all statewide contracts for goods and services, including information technology goods and services, except that the University shall purchase from and participate in contracts for communications services and telecommunications facilities entered into by the Virginia Information Technologies Agency pursuant to § 2.2-2011 of the Code of Virginia unless an exception is provided in the general appropriation act or by other law, and provided that orders not placed through statewide contracts shall be processed directly or by integration or interface through the Commonwealth's electronic procurement system;*
- 2. Shall use directly or by integration or interface the Commonwealth's electronic procurement system; and*
- 3. Shall adopt a small, woman-owned, and minority-owned (SWAM) business program that is consistent with the Commonwealth's SWAM program.*

E. Implementation.

To effect its implementation under the Act, and if the University remains in continued substantial compliance with the terms and conditions of this management agreement with the Commonwealth pursuant to the requirements of the Act, the University's procurement of goods, services, insurance, and construction and the disposition of surplus materials shall be exempt from the Virginia Public Procurement Act, Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia, except § 2.2-4342 and §§ 2.2-4367 through 2.2-4377 of such chapter; the oversight of the Virginia Information Technologies Agency, Chapter 20.1 (§ 2.2-2005 et seq.) of Title 2.2 of the Code of Virginia; the state agency requirements regarding disposition of surplus materials and distribution of proceeds from the sale or recycling of surplus materials in §§ 2.2-1124 and 2.2-1125 of the Code of Virginia; the requirement to purchase from the Department for the Blind and Vision Impaired pursuant to § 2.2-1117 of the Code of Virginia; and any other state statutes, rules, regulations, or requirements relating to the procurement of goods, services, insurance, and construction, including but not limited to Article 3 (§ 2.2-1109 et seq.) of Chapter 11 of Title 2.2 of the Code of Virginia, regarding the duties, responsibilities, and authority of the Division of Purchases and Supply of the Virginia Department of General Services, and Article 4 (§ 2.2-1129 et seq.) of Chapter 11 of Title 2.2 of the Code of Virginia, regarding the review and the oversight by the Division of Engineering and Buildings of the Virginia Department of General Services of contracts for the construction of University capital projects and construction-related professional services as set forth in § 2.2-1132 of such article.

V. UNIVERSITY PROCUREMENT POLICIES.

A. General Competitive Principles.

In connection with University procurements and the processes leading to award of contracts for goods, services, insurance, and construction, the University is committed to:

- 1. Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract, and the likely extent of competition;*
- 2. Conducting all procurements in an open, fair, and impartial manner and avoiding any impropriety or the appearance of any impropriety;*
- 3. Making procurement rules clear in advance of any competition;*
- 4. Providing access to the University's business to all qualified vendors, firms, and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the University;*
- 5. Ensuring that specifications for purchases are fairly drawn so as not to favor unduly a particular vendor; and*
- 6. Providing for the free exchange of information between the University, vendors, firms, or contractors concerning the goods or services sought and offered while preserving the confidentiality of proprietary information.*

B. Access to Records.

Procurement records shall be available to citizens or to interested persons, firms, or corporations in accordance with the provisions of the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia, except those records exempt from disclosure pursuant to subdivisions 7 and 12 of § 2.2-3705.1, subdivision 4 of § 2.2-3705.4, or other applicable exemptions of the Virginia Freedom of Information Act, and § 2.2-4342 of the Virginia Public Procurement Act, Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia.

C. Cooperative Procurements and Alliances.

In circumstances where the University determines and documents that statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to the University that meet its business goals and objectives, the University is authorized to participate in cooperative procurements with other public or private organizations or entities, including other educational institutions, public-private partnerships, public bodies, charitable organizations, health care provider alliances, and purchasing organizations, so long as the resulting contracts are procured competitively pursuant to subsections A through J of § 5 of the rules and the purposes of this policy are furthered. In the event the University engages in a cooperative contract with a private organization or public-private partnership and the contract was not competitively procured pursuant to subsections A through J of § 5 of the rules, use of the contract by other state agencies, institutions, and public bodies shall be prohibited. Notwithstanding all of the provisions of this subsection above, use of cooperative contracts shall conform to the business requirements of the Commonwealth's electronic procurement system, including the requirement for payment of applicable

fees. By October 1 of each year, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall make available to the Secretary of Administration, the Joint Legislative Audit and Review Commission, and the Auditor of Public Accounts a list of all cooperative contracts and alliances entered into or used during the prior fiscal year.

D. Training; Ethics in Contracting.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall take all necessary and reasonable steps to assure (i) that all University officials responsible for and engaged in procurements authorized by the Act and this policy are knowledgeable regarding the requirements of the Act, this policy, and the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia; (ii) that only officials authorized by this policy and any procedures adopted by the President of the University to implement this policy are responsible for and engaged in such procurements; and (iii) that compliance with the Act and this policy are achieved.

The University shall maintain an ongoing program to provide professional development opportunities to its buying staff and to provide methods training to internal staff who are engaged in placing decentralized small purchase transactions.

E. Ethics and University Procurements.

In implementing the authority conferred by this policy, the personnel administering any procurement shall adhere to the following provisions of the Code of Virginia: the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia, the State and Local Government Conflict of Interests Act, Chapter 31 (§ 2.2-3100 et seq.) of Title 2.2 of the Code of Virginia, and the Virginia Governmental Frauds Act, Article 1.1 (§ 18.2-498.1 et seq.) of Chapter 12 of Title 18.2 of the Code of Virginia.

VI. UNIVERSITY SURPLUS MATERIALS POLICY AND PROCEDURES.

The policy and procedures for disposal for surplus materials shall provide for the sale, environmentally appropriate disposal, or recycling of surplus materials by the University and the retention of the resulting proceeds by the University.

VII. ADOPTION AND EFFECTIVE DATES OF RULES AND IMPLEMENTING POLICIES AND PROCEDURES.

A. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt one or more comprehensive sets of specific procurement policies and procedures for the University that, in addition to the rules, implement applicable provisions of law and this policy. The University procurements shall be carried out in accordance with this policy, the rules, and any implementing policies and procedures adopted by the University. The implementing policies and procedures adopted by the University (i) shall include the delegation of procurement authority by the board to appropriate University officials who shall oversee University procurements of goods, services, insurance, and construction, including a grant of authority to such officials to engage in further delegation of authority as the President of the University deems appropriate, and (ii) shall remain consistent with the competitive principles set forth in Section V of this policy.

B. Any implementing policies and procedures adopted pursuant to subsection A and the rules shall become effective on the effective date and, as of such date, shall be applicable to all procurements undertaken by the University on behalf of the University for goods, services, insurance, and construction. This policy, the rules, and any implementing policies and procedures adopted by the University shall not affect existing contracts already in effect.

C. The rules and the University implementing policies and procedures for all University procurements of goods, services, insurance, and construction and the disposition of surplus property shall be substantially consistent with the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors in their form as of the effective date and as amended or changed in the future, and with the University procedures specific to the acquisition of goods and services. The rules and the University implementing policies and procedures shall implement a system of competitive negotiation, and competitive sealed bidding when appropriate, for goods, services, including professional services, as defined in the rules, insurance, and construction.

VIII. REQUIREMENTS FOR RULES AND IMPLEMENTING POLICIES AND PROCEDURES.

A. Protests, Appeals, and Debarment.

The rules and the University implementing policies and procedures for procurements other than capital outlay shall include a process or processes for an administrative appeal by vendors, firms, or contractors. Protests and appeals may challenge determinations of vendor, firm, or contractor non-responsibility or ineligibility, or the award of contracts, provided that such protests and appeals are filed within the timeframes specified by the rules. Remedies available shall be limited to reversal of the action challenged or, where a contract already being performed is declared void, compensation for the cost of performance up to the time of such declaration. The rules and the University implementing policies and procedures also may establish the basis and process for debarment of any vendor, firm, or contractor.

B. Prompt Payment of Contractors and Subcontractors.

The rules and the University implementing policies and procedures shall include provisions related to prompt payment of outstanding invoices, which shall include payment of interest on properly presented invoices outstanding more than seven days beyond the payment date, at a rate no higher than the lowest prime rate charged by any commercial bank as published in the Wall Street Journal. The payment date shall be the later of 30 days from the date of the receipt of goods or invoice, or the date established by the contract. All contracts also shall require prompt payment of subcontractors by the general contractor, upon receipt of payment by the University.

C. Types of Procurements.

The rules and the University implementing policies and procedures shall implement a system of competitive negotiation for professional services, as defined in the rules, and shall implement purchasing procedures developed to maximize competition given the size and duration of the contract and the needs of the University. Such policies and procedures may include special provisions for procurements, such as emergency procurements, sole source procurements, brand name procurements, small purchases, procurements in which only one qualified vendor responds, and others.

D. Approval and Public Notice of Procurements.

The rules and the University implementing policies and procedures shall provide for approval of solicitation documents by an authorized individual and for reasonable public notice of procurements, given the size and nature of the need and the applicability of any exemption in the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia.

E. Administration of Contracts.

The rules and the University implementing policies and procedures shall contain provisions related to the administration of contracts, including contract claims, modifications, extensions, and assignments.

F. Nondiscrimination.

The rules and the University implementing policies and procedures shall provide for a nondiscriminatory procurement process that prohibits discrimination because of the race, religion, color, sex, or national origin of the bidder or offeror in the solicitation and award of contracts and shall include appropriate provisions to effectuate fair and reasonable consideration of small, women-owned, and minority-owned businesses and to promote and encourage a diversity of suppliers.

*Rules Governing Procurement of Goods, Services, Insurance, and Construction
by a Public Institution of Higher Education of the Commonwealth of Virginia
Governed by Article 4 of the*

*Restructured Higher Education Financial and Administrative Operations Act,
Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.*

In accordance with the provisions of the Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia, and in particular § 23.1-1017 of the Act, the governing body of a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth pursuant to Article 4 of the Act has adopted the following rules to govern the procurement of goods, services, insurance, and construction by the Institution:

§ 1. Purpose. -

The purpose of these rules is to enunciate the public policies pertaining to procurement of goods, services, insurance, and construction by the Institution from nongovernmental sources, to include governmental procurement that may or may not result in monetary consideration for either party. These rules shall apply whether the consideration is monetary or nonmonetary and regardless of whether the Institution, the contractor, or some third party is providing the consideration.

§ 2. Scope of procurement authority. -

Subject to these rules, and the Institution's continued substantial compliance with the terms and conditions of its management agreement with the Commonwealth pursuant to the requirements—particularly Article 4—of the Act, the Institution shall have and shall be authorized to have and exercise all of the authority relating to procurement of goods, services, insurance, and construction, including but not limited to capital outlay-related procurement and information technology-related procurement, that Institutions are authorized to exercise pursuant to Article 4 of the Act.

§ 3. Competition is the priority. -

To the end that the Institution shall obtain high-quality goods and services at reasonable cost, that all procurement procedures be conducted in an open, fair, and impartial manner with avoidance of any impropriety or appearance of impropriety, that all qualified vendors have access to the Institution's business, and that no offeror be arbitrarily or capriciously excluded, it is the intent of the governing body of the Institution that competition be sought to the maximum feasible degree, that procurement procedures involve openness and administrative efficiency, that individual public bodies enjoy broad flexibility in fashioning details of such competition, that the rules governing contract awards be made clear in advance of the competition, that specifications reflect the procurement needs of the purchasing body rather than being drawn to favor a particular vendor, and that the purchaser and vendor freely exchange information concerning what is sought to be procured and what is offered. The Institution may consider best-value concepts when procuring goods and nonprofessional services but not construction or professional services. Professional services will be procured using a qualification-based selection process. The criteria, factors, and basis for consideration of best value and the process for the consideration of best value shall be as stated in the procurement solicitation.

§ 4. Definitions. -

As used in these rules:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

"Affiliate" means an individual or business that controls, is controlled by, or is under common control with another individual or business. A person controls an entity if the person owns, directly or indirectly, more than 10 percent of the

voting securities of the entity. For the purposes of this definition, "voting security" means a security that (i) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (ii) is convertible into, or entitles the holder to receive, upon its exercise, a security that confers such a right to vote. A general partnership interest shall be deemed to be a voting security.

"Best value" means the overall combination of quality, price, and various elements of required services that in total are optimal relative to the Institution's needs, as predetermined in the solicitation.

"Business" means any type of corporation, partnership, limited liability company, association, or sole proprietorship operated for profit.

"Competitive negotiation" means a method of contractor selection that includes the following elements:

1. Issuance of a written request for proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities or qualifications that will be required of the contractor.

2. Public notice of the request for proposal at least 10 days prior to the date set for receipt of proposals by publication in a newspaper or newspapers of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Public notice also shall be published on the Department of General Services' central electronic procurement website and may be published on other appropriate websites. In addition, proposals may be solicited directly from potential contractors.

3. a. Procurement of professional services. The procurement of professional services for capital projects shall be conducted using a qualification-based selection process. The Institution shall engage in individual discussions with two or more offerors deemed fully qualified, responsible, and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. The request for proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the Institution may discuss nonbinding estimates of total project costs, including, but not limited to, lifecycle costing, and where appropriate, nonbinding estimates of price for services. Proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the request for proposal and all information developed in the selection process to this point, the Institution shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the Institution can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Should the Institution determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

A contract for architectural or professional engineering services relating to construction projects may be negotiated by the Institution for multiple projects, provided (i) the projects require similar experience and expertise and (ii) the nature of the projects is clearly identified in the request for proposal. Under such contract, (a) the fair and reasonable prices, as negotiated, shall be used in determining the cost of each project performed, (b) the sum of all projects performed in one contract term shall be as set in the request for proposal, and (c) the project fee of any single project shall not exceed the term limit as set in the request for proposal. Any unused amounts from any contract term may be carried forward. Competitive negotiations for such contracts may result in awards to more than one offeror provided the request for proposal stated the potential for a multivendor award.

Multiphase professional services contracts satisfactory and advantageous to the Institution for environmental, location, design, and inspection work regarding construction of infrastructure projects may be negotiated and awarded based on qualifications at a fair and reasonable price for the first phase only, when completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the procurement of any such contract, the Institution shall state the anticipated intended total scope of the project and determine in writing that the nature of the work is such that the best interests of such Institution require awarding the contract.

b. Procurement of other than professional services. Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the request for proposal, including price if so stated in the request for proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the Institution shall select the offeror that, in its opinion, has made the best proposal, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the request for proposal, awards may be made to more than one offeror. Should the Institution determine in writing and in its sole discretion that only one offeror has made the best proposal, a contract may be negotiated and awarded to that offeror.

"Competitive sealed bidding" is a method of contractor selection, other than for professional services, that includes the following elements:

1. Issuance of a written invitation to bid containing or incorporating by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the Institution has provided for prequalification of bidders, the invitation to bid shall include a statement of any requisite qualifications of potential contractors. When it is impractical to prepare initially a purchase description to support an award based on prices, an invitation to bid may be issued requesting the submission of unpriced offers to be followed by an invitation to bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

2. Public notice of the invitation to bid at least 10 days prior to the date set for receipt of bids by publication on the Department of General Services' central electronic procurement website. Public notice also may be published in a newspaper of general circulation or on other appropriate websites, or both. In addition, bids may be solicited directly from potential contractors. Any additional solicitations shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

3. Public opening and announcement of all bids received.

4. Evaluation of bids based upon the requirements set forth in the invitation, which may include special qualifications of potential contractors, lifecycle costing, value analysis, and any other criteria, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, that are helpful in determining acceptability.

5. Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple awards are so provided in the invitation to bid, awards may be made to more than one bidder.

"Construction" means building, altering, repairing, improving, or demolishing any structure, building, or highway, and any draining, dredging, excavation, grading, or similar work upon real property.

"Construction management contract" means a contract in which a party is retained by the owner to coordinate and administer contracts for construction services for the benefit of the owner. "Construction management contract" may also include, if provided in the contract, the furnishing of construction services to the owner.

"Covered institution" or "Institution" means, on and after the effective date of the initial management agreement with the Commonwealth of Virginia, a public institution of higher education of the Commonwealth that has entered into a management agreement with the Commonwealth to be governed by the provisions of Article 4 of the Act.

"Design-build contract" means a contract between the Institution and another party in which the party contracting with the Institution agrees to both design and build the structure, roadway, or other item specified in the contract.

"Goods" means all material, equipment, supplies, and printing, including information technology and telecommunications goods such as automated data processing hardware and software.

"Informality" means a minor defect or variation of a bid or proposal from the exact requirements of the invitation to bid, or the request for proposal, that does not affect the price, quality, quantity, or delivery schedule for the goods, services, or construction being procured.

"Multiphase professional services contract" means a contract for the providing of professional services where the total scope of work of the second or subsequent phase of the contract cannot be specified without the results of the first or prior phase of the contract.

"Nonprofessional services" means any services not specifically identified as professional services in the definition of "professional services" and includes small construction projects valued not over \$1 million, provided that subdivision 3 a of the definition of "competitive negotiation" in this section shall still apply to professional services for such small construction projects.

"Potential bidder or offeror" for the purposes of §§ 50 and 54 of these rules, means a person who, at the time the Institution negotiates and awards or proposes to award a contract, is engaged in the sale or lease of goods, or the sale of services, insurance, or construction, of the type to be procured under the contract, and who at such time is eligible and qualified in all respects to perform that contract, and who would have been eligible and qualified to submit a bid or proposal had the contract been procured through competitive sealed bidding or competitive negotiation.

"Professional services" means work performed by an independent contractor within the scope of the practice of accounting, actuarial services, architecture, land surveying, landscape architecture, law, dentistry, medicine, optometry, pharmacy, or professional engineering.

"Public body" means any legislative, executive, or judicial body, agency, office, department, authority, post, commission, committee, institution, board, or political subdivision created by law to exercise some sovereign power or to perform some governmental duty, and empowered by law to undertake the activities described in these rules.

"Public contract" means an agreement between the Institution and a nongovernmental source that is enforceable in a court of law.

"Responsible bidder" or "offeror" means a person who has the capability, in all respects, to perform fully the contract requirements and the moral and business integrity and reliability that will assure good faith performance, and who has been prequalified, if required.

"Responsive bidder" means a person who has submitted a bid that conforms in all material respects to the invitation to bid.

"Rules" means these Rules Governing Procurement of Goods, Services, Insurance, and Construction adopted by the governing body of the covered institution.

"Reverse auctioning" means a procurement method wherein bidders are invited to bid on specified goods or nonprofessional services through real-time electronic bidding, with the award being made to the lowest responsive and

responsible bidder. During the bidding process, bidders' prices are revealed and bidders shall have the opportunity to modify their bid prices for the duration of the time period established for bid opening.

"Services" means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials, and supplies.

"Sheltered workshop" means a work-oriented rehabilitative facility with a controlled working environment and individual goals that utilizes work experience and related services for assisting the handicapped person to progress toward normal living and a productive vocational status.

§ 5. Methods of procurement. -

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation. Qualification-based selection shall be used for design services.

C. Goods, services, or insurance may be procured by competitive negotiation.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the Institution and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

1. By the Institution on a fixed price design-build basis or construction management basis under § 7;

2. By the Institution for the construction, alteration, repair, renovation, or demolition of buildings; or

3. By the Institution for the construction of highways and any draining, dredging, excavation, grading, or similar work upon real property.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The Institution shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area, which may be the Department of General Services' website for the Commonwealth's central electronic procurement system, or published in a newspaper of general circulation on the day the Institution awards or announces its decision to award the contract, whichever occurs first. Public notice shall also be published on the Department of General Services' website for the Commonwealth's central electronic procurement system and may be published on other appropriate websites.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The Institution shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area, which may be the Department of General Services' website for the Commonwealth's central electronic procurement system, or published in a newspaper of general circulation on the day the Institution awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Public notice may also be published on the Department of General Services' website for the Commonwealth's central electronic procurement system and other appropriate websites.

G. The Institution may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however, such small purchase procedures shall provide for competition wherever practicable.

H. The Institution may establish purchase procedures, if adopted in writing, not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however, such small purchase procedures shall provide for competition wherever practicable.

I. Upon a determination made in advance by the Institution and set forth in writing that the purchase of goods, products, or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. The writing shall document the basis for this determination.

J. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning.

§ 6. Cooperative procurement. -

A. In circumstances where the Institution determines and documents that statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to the Institution that meet its business goals and objectives, the Institution is authorized to participate in, sponsor, conduct, or administer a cooperative procurement arrangement on behalf of or in conjunction with public bodies, public or private health or educational institutions, other public or private organizations or entities, including public-private partnerships, charitable organizations, health care provider alliances, or purchasing organizations or entities, or with public agencies or institutions or group purchasing organizations of the several states, territories of the United States, or the District of

Columbia, for the purpose of combining requirements to effect cost savings or reduce administrative expense in any acquisition of goods and services, other than professional services. The Institution may purchase from any authority, department, agency, institution, city, county, town, or other political subdivision of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in these rules and the administrative policies and procedures established to implement these rules shall be permitted. Notwithstanding all of the provisions of this section above, use of cooperative contracts shall conform to the business requirements of the Commonwealth's electronic procurement system, including the requirement for payment of applicable fees. Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

B. In circumstances where statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to meet the Institution's business goals and objectives, and as authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. The Institution may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the United States government; and

2. The Institution may purchase telecommunications and information technology goods and nonprofessional services from a United States General Services Administration contract or a contract awarded by any other agency of the United States government.

§ 7. Design-build or construction management contracts authorized. -

A. Notwithstanding any other provisions of law, the Institution may enter into contracts on a fixed price design-build basis or construction management basis in accordance with the provisions of this section.

B. Procurement of construction by the design-build or construction management method shall be a two-step competitive negotiation process. In the first step, offerors shall be requested to submit their qualifications. Based upon the information submitted and any other relevant information that the Commonwealth may obtain, no more than five offerors deemed most suitable for the project shall be selected by the Commonwealth and requested to submit proposals.

§ 8. Modification of the contract. -

A. A contract awarded by the Institution may include provisions for modification of the contract during performance, but no fixed-price contract may be increased by more than 25 percent of the amount of the contract or \$50,000, whichever is greater, without the advance written approval of the President of the Institution or designee. In no event may the amount of any contract, without adequate consideration, be increased for any purpose, including, but not limited to, relief of an offeror from the consequences of an error in its bid or offer.

B. The Institution may extend the term of an existing contract for services to allow completion of any work undertaken but not completed during the original term of the contract.

C. Nothing in this section shall prevent the Institution from placing greater restrictions on contract modifications.

§ 9. Discrimination prohibited; participation of small, women-owned, and minority-owned business. -

A. In the solicitation or awarding of contracts, the Institution shall not discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, the Institution shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

B. The Institution shall establish programs consistent with this section to facilitate the participation of small businesses and businesses owned by women and minorities in procurement transactions. The programs established shall be in writing and shall include cooperation with the Department of Minority Business Enterprise, the U.S. Small Business Administration, and other public or private agencies. The Institution shall submit annual progress reports on minority business procurement to the Department of Minority Business Enterprise.

C. Whenever there exists (i) a rational basis for small business enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is by law authorized and encouraged to require the Institution to implement appropriate enhancement or remedial measures consistent with prevailing law.

D. In the solicitation or awarding of contracts, the Institution shall not discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless it has made a written determination that employing ex-offenders on the specific contract is not in its best interest.

§ 10. Employment discrimination by contractor prohibited; required contract provisions. -

The Institution shall include in every contract of more than \$10,000 the following provisions:

1. During the performance of this contract, the contractor agrees as follows:

a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.

c. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

2. The contractor will include the provisions of subdivisions 1 a, b, and c in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

§ 11. Drug-free workplace to be maintained by contractor; required contract provisions. -

The Institution shall include in every contract over \$10,000 the following provisions:

During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor in accordance with these rules, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of any controlled substance or marijuana during the performance of the contract.

§ 12. Use of brand names. -

Unless otherwise provided in the invitation to bid, the name of a certain brand, make, or manufacturer shall not restrict bidders to the specific brand, make, or manufacturer named and shall be deemed to convey the general style, type, character, and quality of the article desired. Any article that the Institution in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.

§ 13. Comments concerning specifications. -

The Institution shall establish procedures whereby comments concerning specifications or other provisions in invitations to bid or requests for proposal can be received and considered prior to the time set for receipt of bids or proposals or award of the contract.

§ 14. Prequalification generally; prequalification for construction. -

A. Prospective contractors may be prequalified for particular types of supplies, services, insurance, or construction and consideration of bids or proposals limited to prequalified contractors. Any prequalification procedure shall be established in writing and sufficiently in advance of its implementation to allow potential contractors a fair opportunity to complete the process.

B. Any prequalification of prospective contractors for construction by the Institution shall be pursuant to a prequalification process for construction projects adopted by the Institution. The process shall be consistent with the provisions of this section.

The application form used in such process shall set forth the criteria upon which the qualifications of prospective contractors will be evaluated. The application form shall request of prospective contractors only such information as is appropriate for an objective evaluation of all prospective contractors pursuant to such criteria. The form shall allow the prospective contractor seeking prequalification to request, by checking the appropriate box, that all information voluntarily submitted by the contractor pursuant to this subsection shall be considered a trade secret or proprietary information subject to the provisions of subsection D of § 34 of these rules.

In all instances in which the Institution requires prequalification of potential contractors for construction projects, advance notice shall be given of the deadline for the submission of prequalification applications. The deadline for submission shall be sufficiently in advance of the date set for the submission of bids for such construction so as to allow the procedures set forth in this subsection to be accomplished.

At least 30 days prior to the date established for submission of bids or proposals under the procurement of the contract for which the prequalification applies, the Institution shall advise in writing each contractor who submitted an application whether that contractor has been prequalified. In the event that a contractor is denied prequalification, the written notification to the contractor shall state the reasons for the denial of prequalification and the factual basis of such reasons.

A decision by the Institution denying prequalification under the provisions of this subsection shall be final and conclusive unless the contractor appeals the decision as provided in § 54 of these rules.

C. The Institution may deny prequalification to any contractor only if the Institution finds one of the following:

1. The contractor does not have sufficient financial ability to perform the contract that would result from such procurement. If a bond is required to ensure performance of a contract, evidence that the contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the Institution shall be sufficient to establish the financial ability of the contractor to perform the contract resulting from such procurement;

2. The contractor does not have appropriate experience to perform the construction project in question;

3. The contractor or any officer, director, or owner thereof has had judgments entered against him within the past 10 years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management;

4. The contractor has been in substantial noncompliance with the terms and conditions of prior construction contracts with the Institution without good cause. If the Institution has not contracted with a contractor in any prior construction contracts, the Institution may deny prequalification if the contractor has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. The Institution may not utilize this provision to deny prequalification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto given to the contractor at that time, with the opportunity to respond;

5. The contractor or any officer, director, owner, project manager, procurement manager, or chief financial official thereof has been convicted within the past 10 years of a crime related to governmental or nongovernmental construction or contracting, including, but not limited to, a violation of (i) Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia, (ii) the Virginia Governmental Frauds Act, Article 1.1 (§ 18.2-498.1 et seq.) of Chapter 12 of Title 18.2 of the Code of Virginia, (iii) Chapter 4.2 (§ 59.1-68.6 et seq.) of Title 59.1 of the Code of Virginia, or (iv) any substantially similar law of the United States or another state;

6. The contractor or any officer, director, or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state, or agency of the federal government; and

7. The contractor failed to provide to the Institution in a timely manner any information requested by the Institution relevant to subdivisions 1 through 6 of this subsection.

§ 15. Negotiation with lowest responsible bidder. -

Unless canceled or rejected, a responsive bid from the lowest responsible bidder shall be accepted as submitted, except that if the bid from the lowest responsible bidder exceeds available funds, the Institution may negotiate with the apparent low bidder to obtain a contract price within available funds. However, the negotiation may be undertaken only under conditions and procedures described in writing and approved by the Institution prior to issuance of the invitation to bid and summarized therein.

§ 16. Cancellation, rejection of bids; waiver of informalities. -

A. An invitation to bid, a request for proposal, any other solicitation, or any and all bids or proposals, may be canceled or rejected. The reasons for cancellation or rejection shall be made part of the contract file. The Institution shall not cancel or reject an invitation to bid, a request for proposal, or any other solicitation, bid, or proposal pursuant to this section solely to avoid awarding a contract to a particular responsive and responsible bidder or offeror.

B. The Institution may waive informalities in bids.

§ 17. Exclusion of insurance bids prohibited. -

Notwithstanding any other provision of law, no insurer licensed to transact the business of insurance in the Commonwealth or approved to issue surplus lines insurance in the Commonwealth shall be excluded from presenting an insurance bid proposal to the Institution in response to a request for proposal or an invitation to bid. Nothing in this section shall preclude the Institution from debarring a prospective insurer pursuant to § 18 of these rules.

§ 18. Debarment. -

Prospective contractors may be debarred from contracting for particular types of supplies, services, insurance, or construction, for specified periods of time. Any debarment procedure shall be established in writing by the Institution. Any debarment procedure may provide for debarment on the basis of a contractor's unsatisfactory performance for the Institution.

§ 19. Purchase programs for recycled goods; Institution responsibilities. -

A. The Institution may implement a purchase program for recycled goods and may coordinate its efforts so as to achieve the goals and objectives set forth in §§ 10.1-1425.6, 10.1-1425.7, and 10.1-1425.8 of the Code of Virginia and §§ 20 and 22 of these rules.

B. The Department of Environmental Quality, with advice from the Virginia Recycling Markets Development Council, shall advise the Institution concerning the designation of recycled goods.

§ 20. Preference for Virginia products with recycled content and for Virginia firms. -

A. In the case of a tie bid, preference shall be given to goods produced in Virginia or goods, services, or construction provided by Virginia persons, firms, or corporations; otherwise the tie shall be decided by lot.

B. Whenever any bidder is a resident of any other state and such state under its laws allows a resident contractor of that state a preference, a like preference may be allowed by the Institution to the lowest responsive and responsible bidder who is a resident of Virginia.

C. Notwithstanding the provisions of subsections A and B, in the case of a tie bid in instances where goods are being offered, and existing price preferences have already been taken into account, preference shall be given to the bidder whose goods contain the greatest amount of recycled content.

§ 21. Preference for Virginia coal used in the Institution. -

In determining the award of any contract for coal to be purchased for use in the Institution with state funds, the Institution shall procure using competitive sealed bidding and shall award to the lowest responsive and responsible bidder

offering coal mined in Virginia so long as its bid price is not more than four percent greater than the bid price of the low responsive and responsible bidder offering coal mined elsewhere.

§ 22. Preference for recycled paper and paper products used by the Institution. -

A. In determining the award of any contract for paper and paper products to be purchased for use by the Institution, it shall competitively procure recycled paper and paper products of a quality suitable for the purpose intended, so long as the price is not more than 10 percent greater than the price of the low responsive and responsible bidder or offeror offering a product that does not qualify under subsection B.

B. For purposes of this section, recycled paper and paper products means any paper or paper products meeting the U.S. Environmental Protection Agency-recommended content standards as defined in 40 C.F.R. Part 247.

§ 23. Withdrawal of bid due to error. -

A. A bidder for a public construction contract, other than a contract for construction or maintenance of public highways, may withdraw his bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake in the bid, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor, or material made directly in the compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents, and materials used in the preparation of the bid sought to be withdrawn.

If a bid contains both clerical and judgment mistakes, a bidder may withdraw his bid from consideration if the price bid would have been substantially lower than the other bids due solely to the clerical mistake, which was an unintentional arithmetic error or an unintentional omission of a quantity of work, labor, or material made directly in the compilation of a bid that shall be clearly shown by objective evidence drawn from inspection of original work papers, documents, and materials used in the preparation of the bid sought to be withdrawn.

One of the following procedures for withdrawal of a bid shall be selected by the Institution and stated in the advertisement for bids: (i) the bidder shall give notice in writing of his claim of right to withdraw his bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice or (ii) the bidder shall submit to the Institution or designated official his original work papers, documents, and materials used in the preparation of the bid within one day after the date fixed for submission of bids. The work papers shall be delivered by the bidder in person or by registered mail at or prior to the time fixed for the opening of bids. In either instance, the work papers, documents, and materials may be considered as trade secrets or proprietary information subject to the conditions of subsection F of § 34 of these rules. The bids shall be opened one day following the time fixed by the Institution for the submission of bids. Thereafter, the bidder shall have two hours after the opening of bids within which to claim in writing any mistake as defined herein and withdraw his bid. The contract shall not be awarded by the Institution until the two-hour period has elapsed. The mistake shall be proved only from the original work papers, documents, and materials delivered as required herein.

B. The Institution may establish procedures for the withdrawal of bids for other than construction contracts.

C. No bid shall be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent.

D. If a bid is withdrawn in accordance with this section, the lowest remaining bid shall be deemed to be the low bid.

E. No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

F. If the Institution denies the withdrawal of a bid under the provisions of this section, it shall notify the bidder in writing stating the reasons for its decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder.

§ 24. Contract Pricing Arrangements. -

A. Public contracts may be awarded on a fixed price or cost reimbursement basis, or on any other basis that is not prohibited by these rules.

B. Except in case of emergency affecting the public health, safety, or welfare, no public contract shall be awarded on the basis of cost plus a percentage of cost.

C. A policy or contract of insurance or prepaid coverage having a premium computed on the basis of claims paid or incurred, plus the insurance carrier's administrative costs and retention stated in whole or part as a percentage of such claims, shall not be prohibited by this section.

§ 25. Workers' compensation requirements for construction contractors and subcontractors. -

A. No contractor shall perform any work on a construction project of the Institution unless he (i) has obtained, and continues to maintain for the duration of the work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2 of the Code of Virginia and (ii) provides prior to the award of contract, on a form furnished by the Institution, evidence of such coverage.

B. The Department of General Services shall provide the workers' compensation coverage form to the Institution. Failure of the Institution to provide the form prior to the award of contract shall waive the requirements of clause (ii) of subsection A.

C. No subcontractor shall perform any work on a construction project of the Institution unless he has obtained, and continues to maintain for the duration of such work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2 of the Code of Virginia.

§ 26. Retainage on construction contracts. -

A. In any contract issued by the Institution for construction that provides for progress payments in installments based upon an estimated percentage of completion, the contractor shall be paid at least 95 percent of the earned sum when payment is due, with no more than five percent being retained to ensure faithful performance of the contract. All amounts withheld may be included in the final payment.

B. Any subcontract for a public project that provides for similar progress payments shall be subject to the provisions of this section.

§ 27. Public construction contract provisions barring damages for unreasonable delays declared void. -

A. Any provision contained in any public construction contract of the Institution that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages for unreasonable delay in performing such contract, either on his behalf or on behalf of his subcontractor if and to the extent the delay is caused by acts or omissions of the Institution, its agents, or employees and due to causes within their control, shall be void and unenforceable as against public policy.

B. Subsection A shall not be construed to render void any provision of a public construction contract awarded by the Institution that:

1. Allows the recovery of that portion of delay costs caused by the acts or omissions of the contractor or its subcontractors, agents, or employees;

2. Requires notice of any delay by the party claiming the delay;

3. Provides for liquidated damages for delay; or

4. Provides for arbitration or any other procedure designed to settle contract disputes.

C. A contractor making a claim against the Institution for costs or damages due to the alleged delaying of the contractor in the performance of its work under any public construction contract of the Institution shall be liable to the Institution and shall pay it for a percentage of all costs incurred by the Institution in investigating, analyzing, negotiating, litigating, and arbitrating the claim, which percentage shall be equal to the percentage of the contractor's total delay claim that is determined through litigation or arbitration to be false or to have no basis in law or in fact.

D. If the Institution denies a contractor's claim for costs or damages due to the alleged delaying of the contractor in the performance of work under any public construction contract for the Institution, it shall be liable to and shall pay such contractor a percentage of all costs incurred by the contractor to investigate, analyze, negotiate, litigate and arbitrate the claim. The percentage paid by the Institution shall be equal to the percentage of the contractor's total delay claim for which the Institution's denial is determined through litigation or arbitration to have been made in bad faith.

§ 28. Bid bonds. -

A. Except in cases of emergency, all bids or proposals for construction contracts in excess of \$1 million shall be accompanied by a bid bond from a surety company selected by the bidder that is authorized to do business in Virginia, as a guarantee that if the contract is awarded to the bidder, he will enter into the contract for the work mentioned in the bid. The amount of the bid bond shall not exceed five percent of the amount bid.

B. No forfeiture under a bid bond shall exceed the lesser of (i) the difference between the bid for which the bond was written and the next low bid or (ii) the face amount of the bid bond.

C. Nothing in this section shall preclude the Institution from requiring bid bonds to accompany bids or proposals for construction contracts anticipated to be less than \$1 million.

§ 29. Performance and payment bonds. -

A. Upon the award by the Institution of any (i) public construction contract exceeding \$1 million awarded to any prime contractor or (ii) public construction contract exceeding \$1 million awarded to any prime contractor requiring the performance of labor or the furnishing of materials for buildings, structures, or other improvements to real property owned by the Institution, the contractor shall furnish to the Institution the following bonds:

1. Except for transportation-related projects, a performance bond in the sum of the contract amount conditioned upon the faithful performance of the contract in strict conformity with the plans, specifications, and conditions of the contract. For transportation-related projects, such bond shall be in a form and amount satisfactory to the Institution.

2. A payment bond in the sum of the contract amount. The bond shall be for the protection of claimants who have and fulfill contracts to supply labor or materials to the prime contractor to whom the contract was awarded, or to any subcontractors, in furtherance of the work provided for in the contract, and shall be conditioned upon the prompt payment for all materials furnished or labor supplied or performed in the furtherance of the work.

For the purposes of this subsection, "labor or materials" includes public utility services and reasonable rentals of equipment, but only for periods when the equipment rented is actually used at the site.

B. Each of the bonds shall be executed by one or more surety companies selected by the contractor that are authorized to do business in Virginia.

C. The bonds shall be payable to the Commonwealth of Virginia, naming also the Institution.

D. Each of the bonds shall be filed with the Institution or a designated office or official thereof.

E. Nothing in this section shall preclude the Institution from requiring payment or performance bonds for construction contracts below \$1 million.

F. Nothing in this section shall preclude the contractor from requiring each subcontractor to furnish a payment bond with surety thereon in the sum of the full amount of the contract with such subcontractor conditioned upon the payment to all persons who have and fulfill contracts that are directly with the subcontractor for performing labor and furnishing materials in the prosecution of the work provided for in the subcontract.

§ 30. Alternative forms of security. -

A. In lieu of a bid, payment, or performance bond, a bidder may furnish a certified check or cash escrow in the face amount required for the bond.

B. If approved by the Institution's general counsel or his equivalent, a bidder may furnish to the Institution a personal bond, property bond, or bank or savings institution's letter of credit on certain designated funds in the face amount required for the bid, payment, or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords protection to the Institution equivalent to a corporate surety's bond.

§ 31. Bonds on other than construction contracts. -

The Institution may require bid, payment, or performance bonds for contracts for goods or services if provided in the invitation to bid or request for proposal.

§ 32. Action on performance bond. -

No action against the surety on a performance bond shall be brought by the Institution unless brought within one year after (i) completion of the contract, including the expiration of all warranties and guarantees, or (ii) discovery of the defect or breach of warranty that gave rise to the action.

§ 33. Actions on payment bonds; waiver of right to sue. -

A. Subject to the provisions of subsection B, any claimant who has performed labor or furnished material in accordance with the contract documents in furtherance of the work provided in any contract for which a payment bond has been given, and who has not been paid in full before the expiration of 90 days after the day on which the claimant performed the last of the labor or furnished the last of the materials for which he claims payment, may bring an action on the payment bond to recover any amount due him for the labor or material. The obligee named in the bond need not be named a party to the action.

B. Any claimant who has a direct contractual relationship with any subcontractor but who has no contractual relationship, express or implied, with the contractor, may bring an action on the contractor's payment bond only if he has given written notice to the contractor within 180 days from the day on which the claimant performed the last of the labor or furnished the last of the materials for which he claims payment, stating with substantial accuracy the amount claimed and the name of the person for whom the work was performed or to whom the material was furnished. Notice to the contractor shall be served by registered or certified mail, postage prepaid, in an envelope addressed to such contractor at any place where his office is regularly maintained for the transaction of business. Claims for sums withheld as retainages with respect to labor performed or materials furnished shall not be subject to the time limitations stated in this subsection.

C. Any action on a payment bond shall be brought within one year after the day on which the person bringing such action last performed labor or last furnished or supplied materials.

D. Any waiver of the right to sue on the payment bond required by this section shall be void unless it is in writing, signed by the person whose right is waived, and executed after such person has performed labor or furnished material in accordance with the contract documents.

§ 34. Public inspection of certain records. -

A. Except as provided in this section, all proceedings, records, contracts, and other public records relating to procurement transactions shall be open to the inspection of any citizen, or any interested person, firm, or corporation, in accordance with the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia.

B. Cost estimates relating to a proposed procurement transaction prepared by or for the Institution shall not be open to public inspection.

C. Any competitive sealed bidding bidder, upon request, shall be afforded the opportunity to inspect bid records within a reasonable time after the opening of all bids but prior to award, except in the event that the Institution decides not to accept any of the bids and to reopen the contract. Otherwise, bid records shall be open to public inspection only after award of the contract.

D. Any competitive negotiation offeror, upon request, shall be afforded the opportunity to inspect proposal records within a reasonable time after the evaluation and negotiations of proposals are completed but prior to award, except in the event that the Institution decides not to accept any of the proposals and to reopen the contract. Otherwise, proposal records shall be open to public inspection only after award of the contract.

E. Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions to ensure the security and integrity of the records.

F. Trade secrets or proprietary information submitted by a bidder, offeror, or contractor in connection with a procurement transaction or prequalification application submitted pursuant to subsection B of § 14 of these rules shall not be subject to the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia; however, the bidder, offeror, or contractor shall (i) invoke the protections of this section prior to or upon submission of the data or other materials, (ii) identify the data or other materials to be protected, and (iii) state the reasons why protection is necessary.

§ 35. Exemption for certain transactions. -

A. The provisions of these rules shall not apply to:

1. The selection of services related to the management and investment of the Institution's endowment funds, endowment income, or gifts. However, selection of these services shall be governed by the Uniform Prudent Management of Institutional Funds Act, Chapter 11 (§ 64.2-1100 et seq.) of Title 64.2 of the Code of Virginia.

2. The purchase of items for resale at retail bookstores and similar retail outlets operated by the Institution. However, such purchase procedures shall provide for competition where practicable.

3. Procurement of any construction or planning and design services for construction by the Institution when (i) the planning, design, or construction is \$50,000 or less or (ii) the Institution is obligated to conform to procurement procedures that are established by federal statutes or regulations, whether or not those federal procedures are in conformance with the provisions of these rules.

4. The purchase of goods and services by the Institution when such purchases are made under a remedial plan established by the Governor pursuant to subsection C of § 9 of these rules.

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of these rules, the Institution may comply with such federal requirements, notwithstanding the provisions of these rules, only upon the written determination of the President of the Institution or designee that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of these rules in conflict with the conditions of the grant or contract.

§ 36. Permitted contracts with certain religious organizations; purpose; limitations. -

A. The federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, authorizes public bodies to enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization, and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.

B. For the purposes of this section, "faith-based organization" means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193.

C. The Institution, in procuring goods or services, or in making disbursements pursuant to this section, shall not (i) discriminate against a faith-based organization on the basis of the organization's religious character or (ii) impose conditions that (a) restrict the religious character of the faith-based organization, except as provided in subsection F, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

D. The Institution shall ensure that all invitations to bid, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that it does not discriminate against faith-based organizations.

E. A faith-based organization contracting with the Institution (i) shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender, or national origin and (ii) shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the Institution. Nothing in clause (ii) shall be construed to supersede or otherwise override any other applicable state law.

F. Consistent with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, funds provided for expenditure pursuant to contracts with public bodies shall not be spent for sectarian worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.

G. Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 U.S.C. § 2000e-1 et seq., to employ persons of a particular religion.

H. If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between the Institution and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the Institution shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

The Institution shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between the Institution and a faith-based organization a notice in boldface type that states: "Neither the Institution's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different

provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form."

§ 37. Exemptions from competition for certain transactions. -

The Institution may enter into contracts without competition, as that term is described in subsections A through J of § 5 of these rules, for:

1. The purchase of goods or services that are produced or performed by or related to:

a. Persons, or in schools or workshops, under the supervision of the Virginia Department for the Blind and Vision Impaired;

b. Nonprofit sheltered workshops or other nonprofit organizations that offer transitional or supported employment services serving the handicapped;

c. Private educational institutions; or

d. Other public educational institutions.

2. Speakers and performing artists;

3. Memberships and association dues;

4. Sponsored research grant sub-awards and contract sub-awards, not to include the purchase of goods or services by the Institution;

5. Group travel in foreign countries;

6. Conference facilities and services;

7. Participation in intercollegiate athletic tournaments and events, including team travel and lodging, registration, and tournament fees;

8. Royalties; or

9. The purchase of legal services, provided that the Office of the Attorney General has been consulted, or expert witnesses or other services associated with litigation or regulatory proceedings.

§ 38. Exemptions from competitive sealed bidding and competitive negotiation for certain transactions; limitations. -

The Institution may enter into contracts for insurance or electric utility service without competitive sealed bidding or competitive negotiation if purchased through an association of which the Institution is a member if the association was formed and is maintained for the purpose of promoting the interest and welfare of and developing close relationships with similar public bodies, provided such association has procured the insurance or electric utility services by use of competitive principles and provided that the Institution has made a determination in advance after reasonable notice to the public and set forth in writing that competitive sealed bidding and competitive negotiation are not fiscally advantageous to the public. The writing shall document the basis for this determination.

§ 39. Definitions. -

As used in §§ 39 through 46 of these rules, unless the context requires a different meaning:

"Contractor" means the entity that has a direct contract with the Institution.

"Debtor" means any individual, business, or group having a delinquent debt or account with any state agency that obligation has not been satisfied or set aside by court order or discharged in bankruptcy.

"Payment date" means either (i) the date on which payment is due under the terms of a contract for provision of goods or services or (ii) if such date has not been established by contract, (a) 30 days after receipt of a proper invoice by the Institution or its agent or (b) 30 days after receipt of the goods or services by the Institution.

"Subcontractor" means any entity that has a contract to supply labor or materials to the contractor to whom the contract was awarded or to any subcontractor in the performance of the work provided for in such contract.

§ 40. Exemptions. -

The provisions of §§ 39 through 46 of these rules shall not apply to the late payment provisions contained in any public utility tariffs prescribed by the State Corporation Commission.

§ 41. Retainage to remain valid. -

Notwithstanding the provisions of §§ 39 through 46 of these rules, the provisions of § 26 of these rules relating to retainage shall remain valid.

§ 42. Prompt payment of bills by the Institution. -

A. The Institution shall promptly pay for the completely delivered goods or services by the required payment date.

Payment shall be deemed to have been made when offset proceedings have been instituted, as authorized under the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia.

B. Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial deliveries or executions to the extent that such contract provides for separate payment for such partial delivery or execution.

§ 43. Defect or impropriety in the invoice or goods and/or services received. -

In instances where there is a defect or impropriety in an invoice or in the goods or services received, the Institution shall notify the supplier of the defect or impropriety, if the defect or impropriety would prevent payment by the payment date. The notice shall be sent within 15 days after receipt of the invoice or the goods or services.

§ 44. Date of postmark deemed to be date payment is made. -

In those cases where payment is made by mail, the date of postmark shall be deemed to be the date payment is made for purposes of these rules.

§ 45. *Payment clauses to be included in contracts. -*

Any contract awarded by the Institution shall include:

1. *A payment clause that obligates the contractor to take one of the two following actions within seven days after receipt of amounts paid to the contractor by the Institution for work performed by the subcontractor under that contract:*
 - a. *Pay the subcontractor for the proportionate share of the total payment received from the Institution attributable to the work performed by the subcontractor under that contract; or*
 - b. *Notify the Institution and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.*
2. *A payment clause that requires (i) individual contractors to provide their social security numbers and (ii) proprietorships, partnerships, and corporations to provide their federal employer identification numbers.*
3. *An interest clause that obligates the contractor to pay interest to the subcontractor on all amounts owed by the contractor that remain unpaid after seven days following receipt by the contractor of payment from the Institution for work performed by the subcontractor under that contract, except for amounts withheld as allowed in subdivision 1.*
4. *An interest rate clause stating, "Unless otherwise provided under the terms of this contract, interest shall accrue at the rate of 1 percent per month."*

Any such contract awarded shall further require the contractor to include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor:

A contractor's obligation to pay an interest charge to a subcontractor pursuant to the payment clause in this section shall not be construed to be an obligation of the Institution. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

§ 46. *Interest penalty; exceptions. -*

A. *Interest shall accrue, at the rate determined pursuant to subsection B, on all amounts owed by the Institution to a vendor that remain unpaid after seven days following the payment date. However, nothing in this section shall affect any contract providing for a different rate of interest, or for the payment of interest in a different manner.*

B. *The rate of interest charged the Institution pursuant to subsection A shall be the base rate on corporate loans (prime rate) at large United States money center commercial banks as reported daily in the publication entitled The Wall Street Journal. Whenever a split prime rate is published, the lower of the two rates shall be used. However, in no event shall the rate of interest charged exceed the rate of interest established pursuant to § 58.1-1812 of the Code of Virginia.*

C. *Notwithstanding subsection A, no interest penalty shall be charged when payment is delayed because of disagreement between the Institution and a vendor regarding the quantity, quality, or time of delivery of goods or services or the accuracy of any invoice received for the goods or services. The exception from the interest penalty provided by this subsection shall apply only to that portion of a delayed payment that is actually the subject of the disagreement and shall apply only for the duration of the disagreement.*

D. *This section shall not apply to § 26 of these rules pertaining to retainage on construction contracts, during the period of time prior to the date the final payment is due. Nothing contained herein shall prevent a contractor from receiving interest on such funds under an approved escrow agreement.*

E. *Notwithstanding subsection A, no interest penalty shall be paid to any debtor on any payment, or portion thereof, withheld pursuant to the Comptroller's Debt Setoff Program, as authorized by the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia, commencing with the date the payment is withheld. If, as a result of an error, a payment or portion thereof is withheld, and it is determined that at the time of setoff no debt was owed to the Commonwealth, then interest shall accrue at the rate determined pursuant to subsection B on amounts withheld that remain unpaid after seven days following the payment date.*

§ 47. *Ineligibility. -*

A. *Any bidder, offeror, or contractor refused permission to participate, or disqualified from participation, in public contracts to be issued by the Institution shall be notified in writing. Prior to the issuance of a written determination of disqualification or ineligibility, the Institution shall (i) notify the bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.*

Within 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The Institution shall issue its written determination of disqualification or ineligibility based on all information in the possession of the Institution, including any rebuttal information, within five business days of the date the Institution received such rebuttal information.

If the evaluation reveals that the bidder, offeror, or contractor should be allowed permission to participate in the public contract, the Institution shall cancel the proposed disqualification action. If the evaluation reveals that the bidder should be refused permission to participate, or disqualified from participation, in the public contract, the Institution shall so notify the bidder, offeror, or contractor. The notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

B. If, upon appeal, it is determined that the action taken was arbitrary or capricious, or not in accordance with the Constitution of Virginia or applicable state law or regulations, the sole relief shall be restoration of eligibility.

§ 48. Appeal of denial of withdrawal of bid. -

A. A decision denying withdrawal of bid under the provisions of § 23 of these rules shall be final and conclusive unless the bidder appeals the decision within 10 days after receipt of the decision by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

B. If no bid bond was posted, a bidder refused withdrawal of a bid under the provisions of § 23 of these rules, prior to appealing, shall deliver to the Institution a certified check or cash bond in the amount of the difference between the bid sought to be withdrawn and the next low bid. Such security shall be released only upon a final determination that the bidder was entitled to withdraw the bid.

C. If, upon appeal, it is determined that the decision refusing withdrawal of the bid was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, the sole relief shall be withdrawal of the bid.

§ 49. Determination of nonresponsibility. -

A. Following public opening and announcement of bids received on an invitation to bid, the Institution shall evaluate the bids in accordance with element 4 of the definition of "Competitive sealed bidding" in § 4 of these rules. At the same time, the Institution shall determine whether the apparent low bidder is responsible. If the Institution so determines, then it may proceed with an award in accordance with element 5 of the definition of "competitive sealed bidding" in § 4 of these rules. If the Institution determines that the apparent low bidder is not responsible, it shall proceed as follows:

1. Prior to the issuance of a written determination of nonresponsibility, the Institution shall (i) notify the apparent low bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the apparent low bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

2. Within 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The Institution shall issue its written determination of responsibility based on all information in the possession of the Institution, including any rebuttal information, within five business days of the date the Institution received the rebuttal information. At the same time, the Institution shall notify, with return receipt requested, the bidder in writing of its determination.

3. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

The provisions of this subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

B. If, upon appeal pursuant to § 54 or 55 of these rules, it is determined that the decision of the Institution was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, and the award of the contract in question has not been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or directed award as provided in subsection A of § 54 of these rules, or both.

If it is determined that the decision of the Institution was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, and an award of the contract has been made, the relief shall be as set forth in subsection B of § 54 of these rules.

C. A bidder contesting a determination that he is not a responsible bidder for a particular contract shall proceed under this section, and may not protest the award or proposed award under the provisions of § 50 of these rules.

D. Nothing contained in this section shall be construed to require the Institution, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

§ 50. Protest of award or decision to award. -

A. Any bidder or offeror who desires to protest the award or decision to award a contract shall submit the protest in writing to the Institution, or an official designated by the Institution, no later than 10 days after the award or the announcement of the decision to award, whichever occurs first.

Public notice of the award or the announcement of the decision to award shall be given by the Institution in the manner prescribed in the terms or conditions of the invitation to bid or request for proposal. Any potential bidder or offeror on a contract negotiated on a sole source or emergency basis who desires to protest the award or decision to award such contract shall submit the protest in the same manner no later than 10 days after posting or publication of the notice of such contract as provided in § 5 of these rules. However, if the protest of any actual or potential bidder or offeror depends in whole or in part upon information contained in public records pertaining to the procurement transaction that are subject to inspection under § 34 of these rules, then the time within which the protest shall be submitted shall expire 10 days after those records are available for inspection by such bidder or offeror under § 34 of these rules, or at such later time as provided in this section. No protest shall lie for a claim that the selected bidder or offeror is not a responsible bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The Institution or designated official shall issue a decision in writing within 10 days stating the reasons for the action taken. This decision shall be final unless

the bidder or offeror appeals within 10 days of receipt of the written decision by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules. Nothing in this subsection shall be construed to permit a bidder to challenge the validity of the terms or conditions of the invitation to bid or request for proposal. The use of Alternative Dispute Resolution (ADR) shall constitute an administrative appeal procedure meeting the standards of § 55 of these rules.

B. If prior to an award it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The Institution shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided.

Where the award has been made but performance has not begun, the performance of the contract may be enjoined. Where the award has been made and performance has begun, the Institution may declare the contract void upon a finding that this action is in the best interest of the public. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

C. Where the Institution, an official designated by it, or an appeals board determines, after a hearing held following reasonable notice to all bidders, that there is probable cause to believe that a decision to award was based on fraud or corruption or on an act in violation of these rules, the Institution, designated official, or appeals board may enjoin the award of the contract to a particular bidder.

§ 51. Effect of appeal upon contract. -

Pending final determination of a protest or appeal, the validity of a contract awarded and accepted in good faith in accordance with these rules shall not be affected by the fact that a protest or appeal has been filed.

§ 52. Stay of award during protest. -

An award need not be delayed for the period allowed a bidder or offeror to protest, but in the event of a timely protest as provided in § 50 of these rules, or the filing of a timely legal action as provided in § 54 of these rules, no further action to award the contract shall be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

§ 53. Contractual disputes. -

A. Contractual claims, whether for money or other relief, shall be submitted in writing no later than 60 days after final payment. However, written notice of the contractor's intention to file a claim shall be given at the time of the occurrence or beginning of the work upon which the claim is based. Nothing herein shall preclude a contract from requiring submission of an invoice for final payment within a certain time after completion and acceptance of the work or acceptance of the goods. Penalty of claims shall not delay payment of amounts agreed due in the final payment.

B. The Institution shall include in its contracts a procedure for consideration of contractual claims. Such procedure, which may be contained in the contract or may be specifically incorporated into the contract by reference and made available to the contractor, shall establish a time limit for a final decision in writing by the Institution. If the Institution has established administrative procedures meeting the standards of § 55 of these rules, such procedures shall be contained in the contract or specifically incorporated in the contract by reference and made available to the contractor. The Institution may require the submission of contractual claims pursuant to any contract to Alternative Dispute Resolution (ADR) as an administrative procedure.

C. A contractor may not invoke administrative procedures meeting the standards of § 55 of these rules, if available, or institute legal action as provided in § 54 of these rules, prior to receipt of the Institution's decision on the claim, unless the Institution fails to render such decision within the time specified in the contract.

D. The decision of the Institution shall be final and conclusive unless the contractor appeals within six months of the date of the final decision on the claim by the Institution by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

§ 54. Legal actions. -

A. A bidder or offeror, actual or prospective, who is refused permission or disqualified from participation in bidding or competitive negotiation, or who is determined not to be a responsible bidder or offeror for a particular contract, may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the petitioner establishes that the decision was not (i) an honest exercise of discretion, but rather was arbitrary or capricious; (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the invitation to bid; or (iii) in the case of denial of prequalification, based upon the criteria for denial of prequalification set forth in subsection B of § 14 of these rules. In the event the apparent low bidder, having been previously determined by the Institution to be not responsible in accordance with § 4 of these rules, is found by the court to be a responsible bidder, the court may direct the Institution to award the contract to such bidder in accordance with the requirements of this section and the invitation to bid.

B. A bidder denied withdrawal of a bid under § 23 of these rules may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the bidder establishes that the decision of the Institution was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid.

C. A bidder, offeror, or contractor, or a potential bidder, or offeror on a contract negotiated on a sole source or emergency basis in the manner provided in § 5 of these rules, whose protest of an award or decision to award under § 50 of these rules is denied, may bring an action in the appropriate circuit court challenging a proposed award or the award of a

contract, which shall be reversed only if the petitioner establishes that the proposed award or the award is not (i) an honest exercise of discretion, but rather is arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms and conditions of the invitation to bid or request for proposal.

D. If injunctive relief is granted, the court, upon request of the Institution, shall require the posting of reasonable security to protect the Institution.

E. A contractor may bring an action involving a contract dispute with the Institution in the appropriate circuit court. Notwithstanding any other provision of law, the Comptroller shall not be named as a defendant in any action brought pursuant to these rules or § 33.2-1103 of the Code of Virginia, except for disputes involving contracts of the Office of the Comptroller or the Department of Accounts.

F. A bidder, offeror, or contractor need not utilize administrative procedures meeting the standards of § 55 of these rules, if available, but if those procedures are invoked by the bidder, offeror, or contractor, the procedures shall be exhausted prior to instituting legal action concerning the same procurement transaction unless the Institution agrees otherwise.

G. Nothing herein shall be construed to prevent the Institution from instituting legal action against a contractor.

§ 55. Administrative appeals procedure. -

A. The Institution may establish an administrative procedure for hearing (i) protests of a decision to award or an award, (ii) appeals from refusals to allow withdrawal of bids, (iii) appeals from disqualifications and determinations of nonresponsibility, (iv) appeals from decisions on disputes arising during the performance of a contract, or (v) any of these. Such administrative procedure may include the use of Alternative Dispute Resolution (ADR) or shall provide for a hearing before a disinterested person or panel, the opportunity to present pertinent information and the issuance of a written decision containing findings of fact. The disinterested person or panel shall not be an employee of the governmental entity against whom the claim has been filed. The findings of fact shall be final and conclusive and shall not be set aside unless the same are (a) fraudulent, arbitrary, or capricious; (b) so grossly erroneous as to imply bad faith; or (c) in the case of denial of prequalification, the findings were not based upon the criteria for denial of prequalification set forth in subsection B of § 14 of these rules. No determination on an issue of law shall be final if appropriate legal action is instituted in a timely manner. The Institution may seek advice and input from the Alternative Dispute Resolution Council in establishing an ADR procedure.

B. Any party to the administrative procedure, including the Institution, shall be entitled to institute judicial review if such action is brought within 30 days of receipt of the written decision.

§ 56. Alternative dispute resolution. -

The Institution may enter into agreements to submit disputes arising from contracts entered into pursuant to these rules to arbitration and utilize mediation and other alternative dispute resolution procedures. However, such procedures shall be nonbinding and subject to § 2.2-514 of the Code of Virginia, as applicable.

§ 57. Ethics in public contracting. -

The Institution and its governing body, officers, and employees shall be governed by the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia.

I. PREAMBLE.

The Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia, establishes a process for the restructuring of institutions of higher education of the Commonwealth of Virginia and provides that upon becoming a covered institution, the University shall have responsibility and accountability for human resources management for all University employees, defined in the Act as

"covered employees," who pursuant to subsection A of § 23.1-1020 of the Act shall continue to be "state employee[s]". Specifically, the Act provides that, as of the effective date of its initial management agreement with the Commonwealth, all classified employees shall continue to be covered by the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, and shall be subject to the policies and procedures prescribed by the Virginia Department of Human Resource Management, provided that they may subsequently elect to become participating covered employees. All participating covered employees shall: (i) be exempt from the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia; (ii) remain subject to the State Grievance Procedure, Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 of the Code of Virginia, provided they were subject to the state grievance procedure prior to that effective date; (iii) participate in a compensation plan that is subject to the review and approval of the board of visitors; and (iv) be hired pursuant to procedures that are based on merit and fitness and may, subject to certain specified conditions, continue to participate in either state-sponsored or University-sponsored benefit plans as described by the management agreement.

The provisions of this policy are adopted by the board of visitors to implement the governing law and constitute the human resources policies to be included in any human resources system adopted by the University for its employees.

This policy is intended to cover the authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to the general appropriation act, or any other sections of the Code of Virginia, including other provisions of the Act and the University's enabling statutes, are not affected by this policy.

II. DEFINITIONS.

As used in this policy, the following terms shall have the following meanings, unless the context requires otherwise:

"University" means George Mason University.

"University human resources system" means the human resources system for University employees as provided for in this policy.

III. SCOPE AND PURPOSE OF UNIVERSITY HUMAN RESOURCES POLICIES.

The University has had human resources system autonomy through decentralization for its employees for some time. For example, general faculty at the University are expressly exempt from the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia. The University has had decentralization in most human resources functions and activities since the late 1980s and early 1990s, including, but not limited to, the running of payrolls and the administration of hiring, classification, and promotion practices of administrative/professional, research, and instructional faculty.

The Act extends and reinforces the human resources autonomy previously granted to the University. This policy therefore is adopted by the board of visitors to enable the University to develop, adopt, and have in place by or after the effective date of its initial management agreement with the Commonwealth a human resources system or systems for all University employees. On the effective date, and until changed by the University or unless otherwise specified in this policy, the systems for University employees shall be the same systems applicable to those employees in effect immediately prior to the effective date.

IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full

and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. UNIVERSITY HUMAN RESOURCES SYSTEMS.

A. Adoption and Implementation of University Human Resources Systems.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, is hereby authorized to adopt and implement human resources systems for employees of the University that are consistent with the governing law, other applicable provisions of law, these University human resources policies for University employees, and any other human resources policies adopted by the Department of Human Resource Management or the board of visitors for University personnel, unless University employees are exempted from those other human resources policies by law or policy. The University human resources systems shall include a delegation of personnel authority to appropriate University officials responsible for overseeing and implementing the University human resources systems, including a grant of authority to such officials to engage in further delegation of authority as the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate.

The University commits to regularly engage employees in appropriate discussions and to receive employee input as the new University human resources systems are developed. The University will regularly communicate the details of new proposals to all employees who are eligible to participate in the University human resources system through written communication, open meetings, and website postings as appropriate, so that employees will have full information that will help them evaluate the merits of the new human resources system compared to the then-current state human resources system.

Effective on the effective date of its initial management agreement with the Commonwealth, and until amended as described in this subsection, the University's human resources systems shall consist of the following:

1. The current "George Mason University Faculty Handbook," as it is posted on the Provost's website, <https://provost.gmu.edu/administration/policy>, and periodically amended;
2. The current human resources system for classified employees in the University as posted on the Virginia Department of Human Resource Management website at <http://www.dhrm.virginia.gov/hrpolicies>; and
3. The human resources system for participating covered employees, that shall include nonsalaried (wage) employees, as posted on the University's human resources website, <https://www.hr.gmu.edu/>.

All the systems described in this subsection above, except the system described in subdivision 2, may be amended by the President of the University, acting through the Senior Vice President for Administration and Finance or designee, consistent with these human resources policies. The system described in subdivision 2 may be amended only by the Commonwealth.

B. Training in and Compliance with Applicable Provisions of Law and Board of Visitors Human Resources Policies.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall take all necessary and reasonable steps to assure (i) that the University officials who develop, implement, and administer the University human resources systems authorized by governing law and these human resources policies are knowledgeable regarding the requirements of the governing law, other applicable provisions of law, these University human resources policies, and other applicable board of visitors' human resources policies affecting University employees and (ii) that compliance with such laws and human resources policies is achieved.

VI. HUMAN RESOURCES POLICIES.

The University human resources systems adopted by the University pursuant to governing law and this policy, as set forth in Section V above, shall embody the following human resources policies and principles:

A. Election by University Salaried Nonfaculty Employees.

Upon the adoption by the University of a University human resources system, each salaried nonfaculty University employee who was in the employment of the University as of the day prior to the effective date of its initial management agreement with the Commonwealth shall be permitted to elect to participate in and be governed by either (i) the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, and administered by the Department of Human Resource Management or (ii) the University human resources system, as appropriate. A salaried nonfaculty University employee who elects to continue to be governed by the state human resources program described in this subsection above shall continue to be governed by all state human resources and benefit plans, programs, policies, and procedures that apply to and govern state employees. A salaried nonfaculty University employee who elects to participate in and be governed by the University human resources system, by that election, shall be deemed to have elected to be eligible to participate in and to be governed by the University human resources system, authorized alternative insurance, and severance plans, programs, policies, and procedures that are or may be adopted by the University as part of that University human resources system.

The University shall provide each of its salaried nonfaculty University employees who were in the employment of the University as of the day prior to the effective date of the University's initial management agreement with the Commonwealth at least 90 days after the date on which the University's human resources system becomes effective for that University employee's classification of employees to make the election required by the prior paragraph. If such a salaried nonfaculty University employee does not make an election by the end of that specified election period, that University employee shall

be deemed not to have elected to participate in the University human resources system. If such a salaried nonfaculty University employee elects to participate in the University human resources system, that election shall be irrevocable. At least every two years, the University shall offer to salaried nonfaculty University employees who have elected to continue to participate in the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, an opportunity to elect to participate in the University human resources system, provided that, each time prior to offering such opportunity to such salaried nonfaculty University employees, and at least once every two years after the effective date of the University human resources system, the University shall make available to each of its salaried nonfaculty University employees a comparison of its human resources system for that classification of salaried nonfaculty University employee with the state human resources program for comparable state employees, including but not limited to a comparability assessment of compensation and benefits.

A copy of the human resources program comparison shall be provided to the Department of Human Resource Management.

B. Classification and Compensation.

1. *General.* The systems shall include classification and compensation plans that are fair and reasonable and are based on the availability of University financial resources. The plans adopted by the University for participating covered employees shall be independent of, and need not be based on, the classification and compensation plans of the Commonwealth, do not require the approval of any state agency or officer, and shall be subject to the review and approval by the board of visitors as set forth in subdivision 3. The University shall provide information on its classification and compensation plans to all University employees. The plans applicable to participating covered employees may or may not include changes in classification or compensation announced by the Commonwealth, depending on such factors as the availability of necessary financial resources to fund any such changes and subject to the review and approval by the board of visitors of any major changes in the University's compensation plans.

2. *Classification Plan.* The systems shall include one or more classification plans for University employees that classify positions according to job responsibilities and qualifications. On the effective date and until changed by the University, the classification plans shall be the same plans that are in effect for each group of employees immediately prior to the effective date.

3. *Compensation Plan.* The systems shall include one or more compensation plans for each University employee classification or group. On the effective date and until changed by the Department of Human Resource Management, the compensation plan for classified employees in the University shall be the compensation plan in effect immediately prior to the effective date, known as the Commonwealth's Classified Compensation Plan. On the effective date and until changed by the University, the compensation plan or plans for all participating covered employees shall be the compensation plan or plans in effect immediately prior to the effective date. The University may adopt one or more compensation plans for participating covered employees that are non-graded plan(s) based on internal and external market data and other relevant factors to be determined annually. Any major change in compensation plans for participating covered employees shall be reviewed and approved by the board of visitors before that change becomes effective. Any change recommended in the compensation plans may take into account the prevailing rates in the labor market for the jobs in question or for similar positions, the relative value of jobs, the competency and skills of the individual employee, internal equity, and the availability of necessary financial resources to fund the proposed change. The compensation payable to University employees shall be authorized and approved only by designated University officers delegated such authority by the University, and shall be consistent with the approved compensation plan for the relevant position or classification. Further approval by any other state agency, governmental body, or officer is not required for setting, adjusting, or approving the compensation payable to individual participating covered employees.

4. *Wages.* The systems shall include policies and procedures for the authorization, computation, and payment of wages, where appropriate, for such premium pays as overtime, shift differential, on call, and call back, and for the payment of hourly employees.

5. *Payment of Compensation.* The systems shall include policies and procedures for paying compensation to employees, including the establishment of one or more payday schedules.

6. *Work Schedule and Workweek.* The systems shall include policies and procedures for the establishment of, and modifications to, work schedules and workweeks for all University employees, including alternative work schedules and sites and telecommuting policies and procedures.

7. *Other Classification and Compensation Policies and Procedures.* The systems may include any other reasonable classification and compensation policies and procedures the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate.

C. Benefits.

The systems shall provide fringe benefits to all benefits-eligible employees, including retirement benefits, health care insurance, life, disability, and accidental death and dismemberment insurance. The benefits provided shall include a basic plan of benefits for each benefits-eligible employee, and may include an optional benefits plan for benefits-eligible employees, including additional insurance coverage, long-term care, tax deferred annuities, flexible reimbursement accounts, employee assistance programs, employee intramural and recreational passes, and other wellness programs. As provided in subsections B and C § 23.1-1025 of the Act, the University may require participating covered employees to pay all or a portion of the cost of group life, disability, and accidental death and dismemberment insurance, which may be

collected through a payroll deduction program. Participating covered employees shall not be required to present evidence of insurability for basic group life insurance coverage. The board of visitors may elect to provide benefits through Virginia Retirement System group insurance programs under the terms of and to the extent allowed by § 23.1-1025 of the Act or any other provision of law.

Notwithstanding the provisions of this subsection above, pursuant to subsection A of § 23.1-1020 of the Act, and unless and until that section is amended, the state retirement system, state health insurance program, and state workers' compensation coverage program as they may be amended from time to time, shall continue to apply to and govern all eligible University employees. If, however, the University has been or is permitted by law other than the Act to establish an alternative retirement plan or plans, such retirement plan or plans shall apply to and govern the University employees included in such plan or plans.

The systems may provide different benefits plans for reasonably different groups or classifications of employees, and may provide benefits to part-time employees. On the effective date and until changed by the appropriate governing authority, the benefits plans provided by the University to classified employees and participating covered employees shall be the benefits plans provided to that group or classification as of the date immediately prior to that effective date. On or after the effective date, alternative University group life, accidental death and dismemberment, and short-term and long-term disability plans may be provided to eligible participating covered employees, or at the election of the board of visitors and subject to the execution of participation agreements as provided in subsections B and C of § 23.1-1025 of the Act, they may be provided by the appropriate state programs, but no contributions to the state programs by the University shall be required for participating covered employees who do not participate in the programs. Subject to the provisions of the Act, any new plans, programs, and material changes permitted under current law in University employee benefit plans, other than classified employee benefit plans, shall be approved by the board of visitors, including the authority to increase the cash match contribution rate up to the limit permitted by the Code of Virginia based on available resources and the authority to implement cafeteria-style benefits for University employees other than classified employees.

Insurance and all proceeds therefrom provided pursuant to § 23.1-1025 of the Act shall be exempt from legal process and may be subject to voluntary assignment as provided in subsection A of § 23.1-1025 of the Act.

D. Employee Relations.

1. *General.* The systems shall contain provisions that protect the rights and privileges of University employees consistent with sound management principles and fair employment practice law.

2. *Employee Safety and Health.* The systems shall contain provisions that promote workplace safety compliance with applicable law and regulations.

3. *Employee Work Environment.* The systems shall promote a work environment that is conducive to the performance of job duties and free from intimidation or coercion in violation of state or federal law, including sexual harassment or other discrimination.

4. *Employee Recognition.* The systems may provide for the use of leave awards and bonuses specific to policies and procedures for awarding, honoring, or otherwise recognizing University employees, including but not limited to those who have performed particularly meritorious service for the University, have been employed by the University for specified periods of time, or have retired from the University after lengthy service.

5. *Counseling Services.* The systems shall provide counseling services through the Commonwealth's Employee Assistance Program or a University Employee Assistance Program to any eligible University employee experiencing job-related difficulties and seeking counseling for those difficulties, and shall establish the circumstances under which the time necessary to participate in such counseling may be granted.

6. *Unemployment Compensation.* The systems shall ensure that University employees receive the full unemployment compensation benefits to which they are legally entitled and that the University's liability is limited to legitimate claims for such benefits.

7. *Workers' Compensation.* The systems shall ensure that University employees have workers' compensation benefits to which they are legally entitled pursuant to the State Employees Workers' Compensation Program administered by the Department of Human Resource Management.

8. *Performance Planning and Evaluation.* The systems shall include one or more performance planning and evaluation processes for University employees that (i) establish and communicate the University's performance expectations, (ii) help develop productive working relationships, (iii) allow employees to present their views concerning their performance, (iv) identify areas for training or professional development, (v) establish the process by which evaluations shall be conducted, (vi) clarify how superlative or inadequate performance shall be addressed, and (vii) ensure that all University employees are provided relevant information on the evaluation process. The systems may include separate performance and evaluation processes for reasonably distinguishable groups of University employees. On the effective date, the existing merit-based performance management system for faculty shall continue, until amended by the University. On or after that effective date, University nonfaculty salaried participating covered employees may be subject to a variable merit-based performance management system.

9. *Standards of Conduct and Performance.* In order to protect the well-being and rights of all employees and to ensure safe, efficient University operations and compliance with the law, the systems shall establish rules of personal conduct and standards of acceptable work performance for University salaried nonfaculty employees and policies for corrective discipline. In general, the policies for corrective discipline shall serve to (i) establish a uniform and objective process for

correcting or disciplining unacceptable conduct or work performance, (ii) distinguish between less serious and more serious actions of misconduct and provide corrective action accordingly, and (iii) limit corrective action to employee conduct occurring only when employees are at work or are otherwise representing the University in an official or work-related capacity, unless otherwise specifically provided by the policies of the systems or other applicable law. The systems may provide for a probationary period for new and re-employed University salaried nonfaculty employees, during which period the policies for corrective discipline shall not be applicable and the employee may not use the grievance procedure set forth in subdivision 10. The systems may include separate rules of personal conduct and standards of acceptable work performance and policies for corrective discipline for reasonably distinguishable groups of University employees.

10. *Grievance Procedure.* As provided in the governing law, employees shall be encouraged to resolve employment-related problems and complaints informally and shall be permitted to discuss their concerns freely and without fear of retaliation with immediate supervisors and management. In the event that such problems cannot be resolved informally, all salaried nonfaculty University employees, regardless of their date of hire, shall have access, as provided in subsection A of § 23.1-1020 and in § 23.1-1023 of the Act, to the State Grievance Procedure, Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 of the Code of Virginia, to the extent it was applicable to their classification of employees prior to the effective date. On the effective date and until changed by the University, the faculty grievance procedures in effect immediately prior to the effective date shall continue.

11. *Discrimination Complaints.* If a classified employee believes discrimination has occurred, the classified employee may file a complaint with the Department of Human Resource Management Office of Equal Employment and Dispute Resolution. All covered employees and applicants for employment after the effective date of the University's initial management agreement with the Commonwealth shall file a complaint with the appropriate University office or with the appropriate federal agencies.

12. *Layoff Policy.* The systems shall include one or more layoff policies for salaried University employees who lose their jobs for reasons other than their job performance or conduct, such as a reduction in force or reorganization at the University. These University layoff policies shall govern such issues as (i) whether there is a need to effect a layoff; (ii) actions to be taken prior to a layoff; (iii) notice to employees affected by a layoff; (iv) placement options within the University or its respective major divisions and within other parts of the University; (v) the preferential employment rights, if any, of various University employees; (vi) the effect of layoff on leave and service; and (vii) the policy for recalling employees. In accordance with the terms of the Act, University employees who (a) were employed prior to the effective date of the University's initial management agreement with the Commonwealth; (b) would otherwise be eligible for severance benefits under the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia; (c) were covered by the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, prior to that effective date; and (d) are separated because of a reduction in force shall have the same preferential hiring rights with state agencies and other executive branch institutions as classified employees have under § 2.2-3201 of the Code of Virginia. Conversely, the University shall recognize the hiring preference conferred by § 2.2-3201 of the Code of Virginia on state employees who were hired by a state agency or executive branch institution before the effective date of the University's initial management agreement with the Commonwealth and who were separated after that date by that state agency or executive branch institution because of a reduction in workforce. If the University has adopted a classification system pursuant to § 23.1-1021 of the Act that differs from the classification system administered by the Department of Human Resource Management, the University shall classify the separated employee according to its classification system and shall place the separated employee appropriately. The University may include separate policies for reasonably distinguishable groups of University employees. On or after the effective date of the University's initial management agreement with the Commonwealth, all employees from other state agencies and executive branch institutions who are placed by the University under the provisions of the State Layoff Policy shall be participating covered employees.

13. *Severance Benefits.* In accordance with the terms of the Act, the University shall adopt severance policies for salaried participating covered employees who are involuntarily separated for reasons unrelated to performance or conduct. The terms and conditions of such policies shall be determined by the board of visitors. Classified employees who otherwise would be eligible and were employed prior to the effective date of the University's initial management agreement with the Commonwealth shall be covered by the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia. The University and the Board of the Virginia Retirement System may negotiate a formula according to which cash severance benefits may be converted to years of age or creditable service for participating covered employees who participate in the Virginia Retirement System. An employee's becoming, on the effective date, a covered employee shall not constitute a severance or reduction in force to which severance policies or policies pursuant to the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia, would apply.

14. *Use of Alcohol and Other Drugs.* The systems shall include policies and procedures that (i) establish and maintain a work environment at the University that is free from the adverse effect of alcohol and other drugs; (ii) are consistent with the federal Drug-Free Workplace Act of 1988, 41 U.S.C. § 81, and with the George Mason University Alcohol and Other Drugs Policy; (iii) describe the range of authorized disciplinary action, including termination where appropriate, for violations of such policies and procedures and the process to be followed in taking such disciplinary action; (iv) provide University employees access to assistance and treatment for problems involving alcohol and other drugs; (v) provide for the circumstances under which employees are required to report certain violations of the policies and procedures to their

supervisor and the University is required to report those violations to a federal contracting or granting agency; (vi) describe the circumstances under which personnel records of actions taken under the University's alcohol and other drugs policy shall not be kept confidential; and (vii) provide notice to University employees of the scope and content of the University alcohol and other drugs policy. As part of this alcohol and other drugs policy, and in compliance with the federal Omnibus Transportation Employee Testing Act of 1991, P.L. 102-143, the systems may provide for pre-employment, reasonable suspicion, random, post-accident, return-to-duty, and follow-up alcohol and other drug testing for University positions that are particularly safety sensitive, such as those requiring a commercial driver's license.

15. *Background Checks.* The systems shall include a process for conducting background checks that may include but is not limited to reference checks, educational/professional credentialing checks, and conviction and driver's records checks on applicants for full-time or part-time positions at the University, and for addressing situations where employees do not disclose a conviction on their applications or otherwise falsify their applications with regard to information concerning their educational/professional credentials and/or prior convictions.

16. *Other Employee Relations Policies and Procedures.* The systems shall include any other reasonable employee relations policies or procedures that the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate, that may include, but are not limited to, policies or procedures relating to orientation programs for new or re-employed University employees, an employee suggestion program, the responsibility of University employees for property placed in their charge, work breaks, inclement weather and emergencies, and employment outside the University.

E. Leave and Release Time.

The systems shall include policies and procedures regarding leave for eligible employees. The systems shall provide reasonable paid leave for purposes such as holidays, vacation, or other personal uses. The systems may provide for release time for such matters as the donation of blood, participation in an employee assistance program, and other appropriate employment-related matters. On or after the effective date of its initial management agreement with the Commonwealth, and until a new program is adopted by the appropriate authority, the University shall continue to provide leave and release time to participating covered employees in accordance with the leave and release time policies and procedures applicable to each classification of employees prior to that effective date. On or after that effective date, the University may provide an alternative leave and release time system for salaried nonfaculty participating covered employees.

F. Equal Employment Opportunity, Nondiscrimination, Employment, and Separation.

1. *Equal Employment Opportunity and Nondiscrimination.* The systems shall contain policies and procedures to ensure that all aspects of human resources management, including the employment of University employees, meet all requirements of federal and state law and of the relevant policies of the board of visitors with regard to equal employment opportunity and nondiscrimination.

2. *Employment.* The systems shall include policies and procedures for the recruitment, selection, and hiring of University employees that are based on merit and fitness, including where appropriate a requirement for job posting, interviews, pre-employment testing, pre-employment drug testing, reference checks, and conviction record checks. On and after the effective date, the University shall post all salaried nonfaculty position vacancies through the University's job posting system, the Commonwealth's job posting system, and other external media as appropriate. The systems shall establish designated veterans' re-employment rights in accordance with applicable law.

In order to encourage employees to attain the highest-level positions for which they are qualified, and to compensate employees for accepting positions of increased value and responsibility, the systems shall include policies and procedures governing the promotion of employees, including the effect of promotion on an employee's compensation.

On or after the effective date of the University's initial management agreement with the Commonwealth, all employees hired from other state agencies shall be participating covered employees. University classified employees who change jobs within the University through a competitive employment process—i.e., promotion or transfer—shall have the choice of remaining a classified employee or becoming a participating covered employee. If a classified employee elects to become a participating covered employee, that decision shall be irrevocable.

3. *Notice of Separation.* The systems shall include policies and procedures requiring reasonable notice, where appropriate, of a decision either by the employee or by the University to separate the employee from the University in accordance with policies governing performance, conduct, or layoff.

G. Information Systems.

The University shall provide an electronic file transfer of information on all salaried University employees and shall continue to provide the employee position reports to meet the human resources reporting requirements specified by law or by request of the Governor or the General Assembly, unless the University is specifically exempted from those requirements. The University shall conduct assessments to demonstrate its accountability for human resources practices that comply with laws and regulations. The Department of Human Resource Management and the University have entered into a Memorandum of Understanding, attached hereto as Attachment 2, that may be amended from time to time by agreement of the parties, regarding the specific data and reporting requirements. The University shall be accountable for ensuring the timeliness and integrity of the data transmitted to the Department of Human Resource Management.

VII. CONTINUED APPLICABILITY OF OTHER PROVISIONS OF THE CODE OF VIRGINIA AND OTHER BOARD OF VISITORS POLICIES AFFECTING UNIVERSITY PERSONNEL.

On and after the effective date, University employees shall be subject to the terms and conditions of the Act and the management agreement between the Commonwealth and the University. Classified employees shall continue to be subject to the human resources policies and exceptions to those policies adopted or approved by the Department of Human Resource Management.

In addition, all University employees also shall remain subject to any other human resources policies adopted by the board of visitors applicable to University personnel unless University employees or a subset thereof are specifically exempted from those other human resources policies either by those other policies or by this policy.

The following provisions of this policy constitute the adopted board of visitors' policies regarding the University's financial operations and management.

This policy is intended to cover the authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to the general appropriation act, or any other sections of the Code of Virginia, including other provisions of the Act and the University's enabling statutes, are not affected by this policy.

III. SCOPE OF POLICY.

This policy applies to the University's responsibility for management, investment, and stewardship of all its financial resources, including but not limited to general, nongeneral, and private funds. IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. FINANCIAL MANAGEMENT AND REPORTING SYSTEM.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall continue to be authorized by the board to maintain existing policies and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with generally accepted accounting principles; (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources; (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation; and (iv) ensure compliance with the requirements of the general appropriation act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion in the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping systems of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President of the University, acting through the Senior Vice President for Administration and Finance or designee, and the board of visitors to enable them to provide adequate oversight of the financial operations of the University. The University shall provide to state agencies including, but not limited to, the Department of Accounts, the Department of Planning and Budget, the Joint Legislative Audit and Review Commission, the Auditor of Public Accounts, and the State Council of Higher Education for Virginia and to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations special reports as may be requested from time to time.

VI. FINANCIAL MANAGEMENT POLICIES.

The University has operated for many years at Level II under the Act and at Level 2.5 under § 4-9.02 of Chapter 780 of the Acts of Assembly of 2016. Accordingly, the University currently operates a system of independent financial management policies guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures, such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall have the authority to create and implement any and all new financial management policies necessary to maintain the University's current financial management system for the continued effective protection and management of all University financial resources.

Upon the effective date of its initial management agreement with the Commonwealth, the University shall continue to follow its current independent financial management policies, as well as any new policies that have been developed and submitted to the State Comptroller for review and comment as a result of the management agreement. Any significant new policies developed after the effective date shall be submitted to the State Comptroller for review and comment before being implemented by the University.

VII. FINANCIAL RESOURCE RETENTION AND MANAGEMENT.

Pursuant to subsection C of § 23.1-206 of the Code of Virginia, the State Council of Higher Education for Virginia (SCHEV) annually shall assess and certify to the Governor and the General Assembly the degree to which each public institution of higher education of the Commonwealth has met the financial and administrative management and education-related performance benchmarks called for by that subsection and approved as part of the general appropriation act then in effect for the state goals and objectives set forth in subdivisions A 1 through 12 of § 23.1-1002 of the Act. Each public institution of higher education of the Commonwealth that (i) has been certified during the fiscal year by SCHEV as having met such institutional performance benchmarks and (ii) meets the conditions prescribed in subsection A of § 23.1-1002 of the Act, shall receive certain financial incentives, including interest on the tuition and fees and other nongeneral fund education and general revenues deposited into the State Treasury by the public institution of higher education. In order to be certified, the University must meet all measures adopted prior to the effective date of this management agreement pursuant to subdivision A 3 of § 23.1-1003 of the Act.

The Commonwealth shall retain all funds related to general fund appropriations but shall pay these funds to the University as specified in Section IX of this policy. The University is authorized to deposit tuition, educational and general fees, research and sponsored program funds, auxiliary enterprise funds, and all other nongeneral fund revenues weekly in the State Treasury pursuant to the state process in place at the time of such deposit. The University shall be given any interest earned on auxiliary balances on a monthly basis.

The University also shall have sum sufficient appropriation authority for all nongeneral funds as approved by the Governor and the General Assembly in the Commonwealth's biennial appropriations process and shall report to the Department of Planning and Budget (i) its estimate of the nongeneral fund revenues for the sum sufficient appropriation to be included in the biennial Budget Bill for each of the two years in the next biennium by November 1 of each odd-numbered year and (ii) the estimate to be included in the Budget Bill for the first and second year of the then-current biennium by November 1 of each even-numbered year.

The board of visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle-income and lower-income undergraduate Virginians. Except as provided otherwise in the general appropriation act then in effect, it is the intent of the Commonwealth and the University that the University shall be exempt from the revenue restrictions in the general provisions of the general appropriation act related to nongeneral funds. In addition, unless prohibited by the general appropriation act then in effect, it is the intent of the Commonwealth and the University that the University shall be entitled to retain nongeneral fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates rather than reverting such savings back to the Commonwealth.

For the receipt of general and nongeneral funds, the University shall conform to the Virginia Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia, as it currently exists and from time to time may be amended.

VIII. ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall continue to be authorized to create and implement any and all accounts receivable management and collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia, such that the University shall take all appropriate and cost-effective actions to aggressively collect accounts receivable in a timely manner.

These actions shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General,

private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth's debt setoff collection programs and procedures, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia.

IX. DISBURSEMENT MANAGEMENT.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, is authorized to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The University will continue to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, as it has pursuant to its Level 2.5 authority under § 4-9.02 of Chapter 780 of the Acts of Assembly of 2016.

The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall continue to be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. Upon the effective date, the University shall continue to follow its current disbursement policies, as well as any new disbursement policies that have been developed and submitted to the State Comptroller for review and comment as a result of the management agreement. Any significant new disbursement policies developed after the effective date shall be submitted to the State Comptroller for review and comment before being implemented by the University.

X. DEBT MANAGEMENT.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall continue to be authorized to create and implement any and all debt management policies as part of a system for the management of University financial resources.

Pursuant to subsection C of § 23.1-1015 of the Act, the University shall have the authority to issue bonds, notes, or other obligations that do not constitute state tax-supported debt, as determined by the Treasury Board, and that are consistent with debt capacity and management policies and guidelines established by its board of visitors, without obtaining the consent of any legislative body, elected official, commission, board, bureau, or agency of the Commonwealth or of any political subdivision, and without any proceedings or conditions other than those specifically required by Article 4 of the Act, provided, however, that the University shall notify the State Treasurer of its intention to issue bonds pursuant to this policy at the time it adopts the bond issuance planning schedule for those bonds. Any new or revised debt capacity and management policy shall be submitted to the State Treasurer for review and comment prior to its adoption by the University.

The University recognizes that there are numerous types of financing structures and funding sources available, each with specific benefits, risks, and costs. All potential funding sources shall be reviewed by the President of the University, acting through the Senior Vice President for Administration and Finance or designee, within the context of the overall portfolio to ensure that any financial product or structure is consistent with the University's objectives. Regardless of the financing structure(s) utilized, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall obtain sufficient documentation to gain a full understanding of the transaction, including (i) the identification of potential risks and benefits and (ii) an analysis of the impact on University creditworthiness and debt capacity. All such debt or financial products issued pursuant to the provisions of §§ 23.1-1014 and 23.1-1015 of the Act shall be authorized by resolution of the board of visitors, providing that they do not constitute state tax-supported debt.

The University currently has established guidelines relating to the total permissible amount of outstanding debt by monitoring University-wide ratios that measure debt compared to University balance sheet resources and annual debt service burden. These measures are monitored and reviewed regularly in light of the University's current strategic initiatives and expected debt requirements. The board of visitors shall periodically review and approve the University's debt capacity and debt management guidelines. The University shall submit any change in the current guidelines to the Treasury of Virginia for review and comment prior to their adoption.

XI. INVESTMENT POLICY.

It is the policy of the University to invest public funds in a manner that will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the entity and conforming to all statutes governing the investment of public funds. Investments shall be made with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. This policy conforms with the Investment of Public Funds Act, Chapter 45 (§ 2.2-4500 et seq.) of Title 2.2 of the Code of Virginia.

Endowment investments, if any, shall be invested and managed in accordance with the Uniform Prudent Management of Institutional Funds Act, Chapter 11 (§ 64.2-1100 et seq.) of Title 64.2 of the Code of Virginia.

The University is charged with the responsibility of reporting to the board of visitors on an annual basis.

XII. INSURANCE AND RISK MANAGEMENT.

By July 1 of each odd-numbered year, the University shall inform the Secretary of Finance of any intent during the next biennium to withdraw from any insurance or risk management program made available to the University through the Commonwealth's Division of Risk Management and in which the University is then participating to enable the Commonwealth to complete an adverse selection analysis of any such decision and to determine the additional costs to the Commonwealth that would result from any such withdrawal. If, upon notice of such additional costs to the Commonwealth, the University proceeds to withdraw from the insurance or risk management program, the University shall reimburse the Commonwealth for all such additional costs attributable to such withdrawal, as determined by the Commonwealth's actuaries. Such payment shall be made in a manner agreeable to both the University and the Commonwealth.

2. That notwithstanding the provisions of subsections A and B of § 23.1-1007 of the Code of Virginia, the management agreement negotiated by George Mason University (the University) shall continue in effect unless the Governor, the General Assembly, or the University determine that the management agreement needs to be renegotiated or revised.

CHAPTER 77

An Act providing a management agreement between the Commonwealth and George Mason University pursuant to the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.).

[S 1204]

Approved March 11, 2021

Be it enacted by the General Assembly of Virginia:

1. That the following shall hereafter be known as the 2021 Management Agreement Between the Commonwealth of Virginia and George Mason University:

*MANAGEMENT AGREEMENT
BY AND BETWEEN
THE COMMONWEALTH OF VIRGINIA
AND
GEORGE MASON UNIVERSITY*

This MANAGEMENT AGREEMENT, executed this 15th day of November, 2020, by and between the Commonwealth of Virginia (hereafter, the Commonwealth) and George Mason University (hereafter, the University) provides as follows:

RECITALS

WHEREAS, the University has satisfied the conditions precedent set forth in §§ 23.1-1004 and 23.1-1005 of the Code of Virginia to become a public institution of higher education of the Commonwealth governed by Article 4 (§ 23.1-1004 et seq.) of the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia ("Article 4" and the "Act", respectively), as evidenced by:

1. Board of Visitors Approval. The minutes of a meeting of the board of visitors of the University held on December 12, 2019, indicate that an absolute two-thirds or more of the members voted to approve the resolution required by subdivision B 2 of § 23.1-1004 of the Act;

2. Written Application to the Governor. The University has submitted to the Governor a written application, dated January 8, 2020, with copies to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance and Appropriations, and the Senate Committee on Education and Health, expressing the sense of its board of visitors that the University is qualified to be, and should be, governed by Article 4 of the Act, and substantiating that the University has fulfilled the requirements of subdivision B 3 of § 23.1-1004 of the Act; and

3. Finding by the Governor. In accordance with § 23.1-1005 of the Act, the Governor has found that the University has fulfilled the requirements of § 23.1-1004 of the Act, and therefore has authorized Cabinet Secretaries to enter into this management agreement on behalf of the Commonwealth with the University; and

WHEREAS, the University is therefore authorized to enter into this management agreement as provided in subsection B of § 23.1-1004 and Article 4 of the Act.

AGREEMENT

NOW, THEREFORE, in accordance with the provisions of the Act, and in consideration of the foregoing premises, the Commonwealth and the University do now agree as follows:

ARTICLE 1. DEFINITIONS.

As used in this Agreement, the following terms have the following meanings, unless the context requires otherwise:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

*ARTICLE 2. SCOPE OF MANAGEMENT AGREEMENT.**SECTION 2.1. Enhanced Authority Granted and Accompanying Accountability.*

Article 4 of the Act provides that, upon the execution of, and as of the effective date for, this management agreement, the University shall become a covered institution entitled to be granted by the Commonwealth and to exercise the powers and authority provided in Article 4 of the Act that are expressly contained in this management agreement. In general, subject to its management agreement with the Commonwealth, status as a covered institution governed by Article 4 of the Act and this management agreement is intended to replace (i) the post-General Assembly authorization prior-approval system of reviews, approvals, policies, and procedures carried out and implemented by a variety of central state agencies with (ii) a post-audit system of reviews and accountability under which a covered institution is fully responsible and fully accountable for managing itself pursuant to Article 4 of the Act and its management agreement with the Commonwealth.

SECTION 2.1.1. Assessments and Accountability. The University and its implementation of the enhanced authority granted by Article 4 of the Act and this management agreement, and the board of visitors policies attached hereto as Exhibits A through F, shall be subject to the reviews, assessments, and audits (i) set forth in the Act that are to be conducted by the Auditor of Public Accounts, the Joint Legislative Audit and Review Commission, and the State Council of Higher Education for Virginia; (ii) as may be conducted periodically by the Secretaries of Finance, Administration, Education, or by some combination of these three Secretaries; or (iii) as otherwise may be required by law other than the Act.

SECTION 2.1.2. Express Grant of Powers and Authority. Subject to the specific conditions and limitations contained in § 23.1-1008 (Operational Authority Generally), §§ 23.1-1016, 23.1-1017, and 23.1-1019 (Capital Projects; Procurement; Property, Grants, and Loans), and §§ 23.1-1020 through 23.1-1026 (Human Resources) of Article 4 of the Act, the Commonwealth and the University agree that the Commonwealth has granted to the University by this management agreement all the powers and authority contained in certain policies adopted by the board of visitors of the University attached hereto as Exhibits A through F and governing (i) the undertaking and implementation of capital projects, and other acquisition and disposition of property (Exhibit A); (ii) the leasing of property, including capital leases (Exhibit B); (iii) information technology (Exhibit C); (iv) the procurement of goods, services, including certain professional services, insurance, and construction (Exhibit D); (v) human resources (Exhibit E); and (vi) its system of financial management (Exhibit F), including, as provided in subsection B of § 23.1-1012 of the Act, the sole authority to establish tuition, fees, room, board, and other charges consistent with sum sufficient appropriation authority for nongeneral funds as provided by the Governor and the General Assembly in the Commonwealth's biennial appropriations authorization. Subject to the specific conditions and limitations contained in §§ 23.1-1008 through 23.1-1011 of the Act, in this management agreement, and in one or more of the board of visitors policies attached hereto as Exhibits A through F, the Commonwealth and the University agree that the Commonwealth has expressly granted to the University all the powers and authority permitted by the Act.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this management agreement and the policies adopted by it and attached as Exhibits A through F. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate the duties and responsibilities set forth in this management agreement to its officers, committees, and subcommittees, and, as set forth in the policies adopted by the board and attached hereto as Exhibits A through F, to a person or persons within the University.

SECTION 2.1.3. Reimbursement by the University of Certain Costs. By July 1 of each odd-numbered year, the University shall inform the Secretary of Finance of any intent during the next biennium to withdraw from any health or other group insurance or risk management program made available to the University through any agency, body corporate, political subdivision, authority, or other entity of the Commonwealth, and in which the University is then participating, to enable the Commonwealth's actuaries to complete an adverse selection analysis of any such decision and to determine the

additional costs to the Commonwealth that would result from any such withdrawal. If upon notice of such additional costs to the Commonwealth, the University proceeds to withdraw from such health or other group insurance or risk management program, the University shall, pursuant to subdivision B 5 of § 23.1-1004 of the Act, reimburse the Commonwealth for all such additional costs attributable to such withdrawal as determined by the Commonwealth's actuaries.

SECTION 2.1.4. Potential Impact on Virginia College Savings Plan. As required by subdivision B 6 of § 23.1-1004 of the Act, the University has given consideration to potential future impacts of tuition increases on the Virginia College Savings Plan, Chapter 7 (§ 23.1-700 et seq.) of Title 23.1 of the Code of Virginia, and has discussed those potential impacts with the Executive Director and staff of that Plan and with parties in the Administration who participated in the development of this management agreement. The Executive Director of the Plan has provided to the University and the Commonwealth the Plan's assumptions underlying the contract pricing of the program.

SECTION 2.1.5. Justification for Deviations from the Virginia Public Procurement Act. Pursuant to § 23.1-1017 of the Act and subject to the provisions of this management agreement, the University may be exempt from the provisions of the Virginia Public Procurement Act (VPPA), Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia. Any procurement policies or rules that deviate from the VPPA must be uniform across all institutions governed by Article 4 of the Act, and the board of visitors shall adopt and comply with procurement policies that are based upon competitive principles and seek competition to the maximum practical degree. The Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials and the Rules Governing Procurement of Goods, Services, Insurance, and Construction (the Procurement Rules) attached to such policy as Attachment 1 constitute the policies and uniform deviations from the VPPA required by subsections A and B of § 23.1-1017 of the Act.

Subsection E of § 23.1-1017 of the Act requires that the University identify the public, educational, and operational interests served by any procurement rule or rules that deviate from those in the VPPA. The adopted board of visitors' policy on procurement and the Procurement Rules provide the University with the autonomy to administer its procurement process while fully adhering to the principle that competition should be sought to the maximum extent feasible. This autonomy will better position the University to support the requirements of its growing teaching, research, and outreach missions. Greater autonomy in procurement will improve internal capacity to respond quickly to emergent material and service issues and, therefore, enable the University to be more efficient and effective in meeting the Commonwealth's goals for institutions of higher education. In some instances, costs will be reduced. Taken collectively, the University's procurement policies and rules that differ from those required by the VPPA will enhance procurement "best practices" as they currently are being observed within the higher education community nationally. Further, these changes will provide efficiencies to both the University and public sector suppliers.

SECTION 2.1.6. Quantification of Cost Savings. Subsection D of § 23.1-1012 of the Act requires that a covered institution include in its management agreement with the Commonwealth the quantification of cost savings realized as a result of the additional operational flexibility provided pursuant to Article 4 of the Act. Since this initial management agreement with the Commonwealth has not yet been implemented by the University, the parties agree that the University is not in a position to quantify any such cost savings at this time, although the University expects that there will be cost savings resulting from the additional authority granted to the University pursuant to Article 4 of the Act and that such cost savings will be part of the determinations made during the reviews, assessments, and audits to be conducted pursuant to Article 4 of the Act by the Auditor of Public Accounts, the Joint Legislative Audit and Review Commission, and the State Council of Higher Education for Virginia, and as otherwise described in Section 2.1.1 above.

SECTION 2.1.7. Participation in State Programs. The Commonwealth intends that the University shall continue to fully participate in, and receive funding support from, the many and varied programs established now or in the future by the Commonwealth to provide support for Virginia's public institutions of higher education and for Virginians attending such institutions, including but not limited to the state capital outlay and bond financing initiatives undertaken from time to time by the Commonwealth; the Higher Education Equipment Trust Fund established pursuant to Chapter 12 (§ 23.1-1200 et seq.) of Title 23.1 of the Code of Virginia; the Maintenance Reserve Fund as provided in the general appropriation act; the Eminent Scholars program as provided in the general appropriation act; the Commonwealth's various student financial assistance programs; and other statewide programs or initiatives that exist, or may be established, in support of the Commonwealth's higher education institutions, programs, or activities.

SECTION 2.1.8. Implied Authority. Pursuant to subsection C of § 23.1-1006 of the Act, the only implied authority granted to the University by this management agreement is that implied authority that is actually necessary to carry out the expressed grant of financial or operational authority contained in this agreement or in the policies adopted by the University's board of visitors and attached hereto as Exhibits A through F.

SECTION 2.1.9. Exercise of Authority. The University and the Commonwealth acknowledge and agree that the execution of this management agreement constitutes the conclusion of a process that, as of the effective date of this Agreement, confers upon the University the enhanced authority and operating flexibility described in this article above, all of which is in furtherance of the purposes of Article 4 of the Act. Therefore, without any further conditions or requirements, the University shall, on and after the effective date of this management agreement, be authorized to exercise the authority conferred upon it by this management agreement, the policies adopted by its board of visitors attached hereto as Exhibits A through F, and by §§ 23.1-1008 through 23.1-1011 of the Act, except to the extent that the powers and authority contained therein have been limited by this management agreement or the board of visitors policies attached hereto as Exhibits A through F.

The University and the Commonwealth also acknowledge and agree that, pursuant to subsection L of § 23.1-1006 of the Act and consistent with the terms of this management agreement, the board of visitors of the University shall assume full responsibility for management of the University, subject to the requirements and conditions set forth in Article 4 of the Act, the general requirements for this management agreement as provided in § 23.1-1002 of the Act, and this management agreement. The board of visitors shall be fully accountable for (i) the management of the University as provided in the Act, (ii) meeting the requirements of §§ 23.1-206 and 23.1-306 of the Code of Virginia, and (iii) meeting such other provisions as are set forth in this management agreement.

SECTION 2.2. State Goals.

SECTION 2.2.1. Furthering State Goals. As required for all public institutions of higher education of the Commonwealth by subsection A of § 23.1-1002 of the Act, prior to August 1, 2005, the board of visitors of the University adopted the resolution setting forth its commitment to the Governor and the General Assembly to meet the state goals specified in subsection A of § 23.1-1002 of the Act.

SECTION 2.2.2. Student Enrollment, Tuition, and Financial Aid. As required by § 23.1-306 of the Code of Virginia, the University, along with all other public institutions of higher education of the Commonwealth, has developed and submitted to the State Council of Higher Education for Virginia (SCHEV) by October 1, 2019, an institution-specific six-year plan addressing the University's academic, financial, and enrollment plans for the six-year period of fiscal years 2020-2022 through 2024-2026. Subsection A of § 23.1-306 of the Code of Virginia requires the University to update this six-year plan by July 1 of each odd-numbered year and amend or affirm biennially in each even-numbered year. Subdivision B 3 of § 23.1-1006 of the Act requires that a management agreement address, among other issues, such matters as the University's undergraduate Virginia student enrollment, its financial aid requirements and capabilities, and its tuition policy for undergraduate Virginia students. These matters are addressed in this section and in the University's six-year plan submitted to SCHEV, and the parties therefore agree that the University's six-year plan and the description in this section meet the requirement of subdivision B 3 of § 23.1-1006 of the Act.

Subsection C of § 23.1-1012 of the Act requires the board of visitors of the University to include in this management agreement the University's commitment to provide need-based grant aid for middle-income and lower-income Virginia students in a manner that encourages student enrollment and progression without respect to potential increases in tuition and fees. The University's commitment in this regard is clear. The University is committed to increasing the economic and social diversity of the student body at the University. The University is committed to assuring access to qualified and admitted Virginia students.

The University's primary recruiting market is among the most diverse in the commonwealth. As a result, the University draws a large number of talented in-state students from a lower income stratum—students who are challenged to cover their educational costs. Many begin their postsecondary education at Northern Virginia Community College and choose to live at home while attending college. A large number of these students work at off-campus jobs for considerably more than the recommended 10 hours per week, some enroll only part time, and many are less likely to use loans to pay for their education.

In the Fall of 2019, 28.9 percent of the University's undergraduate population were Pell-eligible students. The University's Pell-eligible students graduate at a similar pace to the overall student body—66.9 percent six-year graduation rate for Pell-eligible students compared to 70.6 percent overall.

The University's goal is to reduce unmet financial need for undergraduate students by providing more grant funding. To move forward in accomplishing its goals, over the period of the six-year plan, the University is committed to seeking, from all sources—state-appropriated scholarship funds and federal, institutional, and private support—to continue its commitment to providing additional financial aid through grants and loans to those Virginians with need. In addition, as tuition and fees increase over the period of the six-year plan, the University will readjust the level of financial aid funding so that insufficiency of family resources will not be a barrier to attending, and graduating from, the University.

The Commonwealth and the University agree that this commitment meets the requirements of subsection C of § 23.1-1012 of the Act.

SECTION 2.3. Other Law.

As provided in subsection C of § 23.1-1006 of the Act, the University shall be governed and administered in the manner provided not only in this management agreement, but also as provided in the general appropriation act then in effect and the University's enabling statutes.

SECTION 2.4. The General Appropriation Act.

The Commonwealth and the University agree that, pursuant to the current terms of the Act and the terms of § 4-11.00 of the 2004-2006 Appropriation Act, if there is a conflict between the provisions of the general appropriation act and the provisions of Article 4 of the Act, or this management agreement, or the board of visitors policies attached to this management agreement as Exhibits A through F, the provisions of the general appropriation act shall control, and shall continue to control unless provided otherwise by law.

SECTION 2.4.1. The University's Enabling Statutes. As provided in subsection E of § 23.1-1006 of the Act, in the event of a conflict between any provision of Article 4 of this Act and the University's enabling statutes, the enabling statutes shall control.

SECTION 2.4.2. Title 2.2 of the Code of Virginia. As provided in subsection D of § 23.1-1006 of the Act, except as specifically made inapplicable under Article 4 of the Act and the express terms of this management agreement, the

provisions of Title 2.2 relating generally to the operation, management, supervision, regulation, and control of public institutions of higher education shall be applicable to the University as provided by the express terms of this management agreement. As further provided in subsection E of § 23.1-1006 of the Act, in the event of conflict between any provision of Title 2.2 and any provision of Article 4 of the Act as expressed in this management agreement, the provisions of this management agreement shall control.

SECTION 2.4.3. Educational Policies of the Commonwealth. As provided in subsection J of § 23.1-1006 of the Act, for purposes of §§ 23.1-101, 23.1-102, 23.1-103, 23.1-104, and 23.1-107, Chapter 2 (§ 23.1-200 et seq.), §§ 23.1-306, 23.1-402, 23.1-403, and 23.1-404, Chapter 5 (§ 23.1-500 et seq.), Chapter 6 (§ 23.1-600 et seq.), Chapter 7 (§ 23.1-700 et seq.), §§ 23.1-800, 23.1-801, 23.1-901, and 23.1-1001, Chapter 11 (§ 23.1-1100 et seq.), Chapter 12 (§ 23.1-1200 et seq.), subsections G, H, and I of § 23.1-1300, § 23.1-1302, and subsection B of § 23.1-1303 of Title 23.1 the Code of Virginia, each covered institution shall remain a public institution of higher education following its conversion to a covered institution governed by Article 4 of the Act and shall retain the authority granted and any obligations required by such provisions.

In addition, the University shall retain the authority, and any obligations related to the exercise of such authority, that is granted to institutions of higher education pursuant to Chapter 2 (§ 23.1-200 et seq.), Chapter 11 (§ 23.1-1100 et seq.), Chapter 12 (§ 23.1-1200 et seq.), Chapter 6, Article 2 (§ 23.1-612 et seq.), Chapter 6, Article 3 (§ 23.1-617 et seq.), Chapter 6, Article 5 (§ 23.1-628 et seq.), Chapter 6, Article 6 (§ 23.1-636 et seq.), § 23.1-619, Chapter 6, Article 7 (§ 23.1-639 et seq.), and Chapter 7 (§ 23.1-700 et seq.) of Title 23.1 the Code of Virginia, unless and until provided otherwise by law other than the Act.

SECTION 2.4.4. Public Access to Information. The University shall continue to be subject to § 2.2-4342 of the Code of Virginia and to the provisions of the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia, but, in all cases, may conduct business as a "state public body" for purposes of subsection D of § 2.2-3708.2 of the Code of Virginia.

SECTION 2.4.5. Conflicts of Interests. As provided in subsection F of § 23.1-1006 of the Act, the provisions of the State and Local Government Conflict of Interests Act, Chapter 31 (§ 2.2-3100 et seq.) of Title 2.2 of the Code of Virginia, that are applicable to officers and employees of a state governmental agency shall continue to apply to the members of the board of visitors of the University and to its covered employees.

SECTION 2.4.6. Other Provisions of the Code of Virginia. Other than as specified in this article above, any other powers and authorities granted to the University pursuant to any other sections of the Code of Virginia, including other provisions of the Act, are not affected by this management agreement or the board policies attached hereto as Exhibits A through F.

ARTICLE 3. AMENDMENTS TO, AND RIGHT AND POWER TO VOID OR REVOKE, MANAGEMENT AGREEMENT.

SECTION 3.1. Amendments.

Any change to or deviation from this management agreement or the board of visitors policies attached hereto as Exhibits A through F shall be reported to the Secretaries of Finance, Administration, and Education and to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations and shall be posted on the University's website. The change or deviation shall become effective unless one of the above persons notifies the University in writing within 60 days that the change or deviation is substantial and material. Any substantial and material change or deviation shall require the execution by the parties of an amendment to this management agreement or a new management agreement and may lead to the Governor declaring this management agreement to be void pursuant to subdivision E of § 23.1-1007 of the Act.

SECTION 3.2. Right and Power to Void, Revoke, or Reinstate Management Agreement.

SECTION 3.2.1. Governor. Pursuant to subdivision E of § 23.1-1007, if the Governor makes a written determination that the University is not in substantial compliance with the terms of this management agreement or with the requirements of the Act in general, (i) the Governor shall provide a copy of that written determination to the rector of the board of visitors of the University and to the members of the General Assembly and (ii) the University shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of this management agreement and with the requirements of the Act, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If, after a reasonable period of time after the corrective action plan has been implemented by the University, the Governor determines that the institution is not yet in substantial compliance with this management agreement or the requirements of the Act, the Governor may void this management agreement. Upon the Governor voiding this management agreement, the University shall no longer be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Article 4 of the Act unless and until the University has entered into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the voided management agreement is reinstated by the General Assembly.

SECTION 3.2.2. General Assembly. As provided in subsection E of § 23.1-1007 of the Act, the General Assembly may reinstate a management agreement declared void by the Governor. Pursuant to subsection F of § 23.1-1007 of the Act, the University's status as a covered institution governed by Article 4 of the Act may be revoked by an act of the General Assembly if the University fails to meet the requirements of Article 4 of the Act or the management agreement.

ARTICLE 4. GENERAL PROVISIONS.

SECTION 4.1. No Third-Party Beneficiary Status.

Nothing in this Agreement, express or implied, shall be construed as conferring any third-party beneficiary status on any person or entity.

SECTION 4.2. Sovereign Immunity.

Pursuant to subsections G and H of § 23.1-1006 of the Act, the University and the members of its board of visitors, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the University were not governed by the Act, provided that the Virginia Tort Claims Act, Article 18.1 (§ 8.01-195.1 et seq.) of Chapter 3 of Title 8.01 of the Code of Virginia, and its limitations on recoveries shall remain applicable with respect to the University.

SECTION 4.3. Term of Agreement.

The management agreement negotiated by the University shall continue in effect unless the Governor, the General Assembly, or the University determine that the management agreement needs to be renegotiated or revised.

WHEREFORE, the foregoing management agreement has been executed as of this 15th day of November, 2020, and shall become effective on the effective date of the legislation enacted into law providing for the terms of such Agreement.

AND
GEORGE MASON UNIVERSITY
PURSUANT TO
THE RESTRUCTURED HIGHER EDUCATION
FINANCIAL AND ADMINISTRATIVE OPERATIONS ACT
POLICY GOVERNING

THE RECTOR AND BOARD OF VISITORS
OF GEORGE MASON UNIVERSITY
POLICY GOVERNING CAPITAL PROJECTS

I. PREAMBLE.

Pursuant to Article 4 (§ 23.1-1004 et seq.) of the Restructured Higher Education Financial and Administrative Operations Act (the Act), upon becoming a covered institution, a public institution of higher education in Virginia may be delegated the authority to establish its own system for undertaking the implementation of its capital projects. In general, status as a covered institution is designed to replace the post-authorization system of reviews, approvals, policies, and procedures carried out by a variety of central state agencies, and also the traditional pre-authorization approval process for projects funded entirely with nongeneral funds and without any proceeds from state tax-supported debt. Consistent with its current practice, the University's system for carrying out its capital outlay process as a covered institution is to be governed by policies adopted by the board of visitors. The following provisions of this policy, together with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the board, and the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment I to that Policy, constitute the adopted board of visitors policies regarding the University's capital projects, whether funded by a general fund appropriation of the General Assembly, state tax-supported debt, or funding from other sources.

This policy is intended to encompass and implement the expanded authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to the general appropriation act, or any other sections of the Code of Virginia, including other provisions of the Act and the University's enabling statutes, are not affected by this policy.

II. DEFINITIONS.

As used in this policy, the following terms shall have the following meanings, unless the context requires otherwise:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

"Board of visitors" or "board" means the rector and board of visitors of the University.

"Capital lease" means a lease that is defined as such within generally accepted accounting principles pursuant to the pronouncement of the Financial Accounting Standards Board.

"Capital professional services" means professional engineering, architecture, land surveying, and landscape architecture services related to capital projects.

"Capital project(s)" means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction, improvements or renovations, and capital leases.

"Covered institution" means, on and after the effective date of its initial management agreement, a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth to be governed by the provisions of Article 4 of the Act.

"Enabling statutes" has the same meaning as provided in § 23.1-1000 of the Act.

"Major capital project(s)" means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction of 5,000 square feet or greater or costing \$3 million or more, improvements or renovations of \$3 million or more, and capital leases.

"State tax-supported debt" means bonds, notes, or other obligations issued under Article X, Section 9 (a), 9 (b), 9 (c), or 9 (d) of the Constitution of Virginia, if the debt service payments are made or ultimately are to be made from general government funds, as defined in the December 18, 2019, Report to the Governor and General Assembly of the Debt Capacity Advisory Committee or as that definition is amended from time to time.

"University" means George Mason University.

III. SCOPE OF POLICY.

This policy applies to the planning and budget development for capital projects, capital project authorization, and the implementation of capital projects, whether funded by a general fund appropriation of the General Assembly, proceeds from state tax-supported debt, or funding from other sources.

This policy provides guidance for (i) the process for developing one or more capital project programs for the University, (ii) authorization of new capital projects, (iii) procurement of capital professional services and construction services, (iv) design reviews and code approvals for capital projects, (v) environmental impact requirements, (vi) building demolitions, (vii) building and land acquisitions, (viii) building and land dispositions, (ix) project management systems, and (x) reporting requirements.

IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. CAPITAL PROGRAM.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt a system for developing one or more capital project programs that defines or define the capital needs of the University for a given period of time consistent with the University's published Master Plan. This process may or may not mirror the Commonwealth's requirements for capital plans. The board of visitors shall approve the program for major capital projects. Major capital projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt shall follow the Commonwealth's requirements for capital plans. The board may approve amendments to the program for major capital projects annually or more often if circumstances warrant.

It shall be University policy that each capital project program shall meet the University's mission and institutional objectives and be appropriately authorized by the University. Moreover, it shall be University policy that each capital project shall be of a size and scope to provide for the defined program needs, designed in accordance with all applicable building codes and handicapped accessibility standards as well as the University's design guidelines and standards, and costed to reflect current costs and escalated to the mid-point of anticipated construction.

VI. AUTHORIZATION OF CAPITAL PROJECTS.

The board of visitors shall authorize the initiation of each major capital project by approving its size, scope, budget, and funding. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt procedures for approving the size, scope, budget, and funding of all other capital projects. Major capital projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt shall require both the board of visitors' approval and those pre-appropriation approvals of the Commonwealth's governmental agencies then applicable, and shall follow the Commonwealth's process for capital budget requests.

It shall be the policy of the University that the implementation of capital projects shall be carried out so that the capital project as completed is the capital project approved by the board for major capital projects and according to the procedures adopted by the President of the University, acting through the Senior Vice President for Administration or designee, for all other capital projects. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure strict adherence to this requirement.

Accordingly, the budget, size, and scope of a capital project shall not be materially changed beyond the plans and justifications that were the basis for the capital project's approval, either before or during construction, unless approved in advance as described in this section above. Minor changes shall be permissible if they are determined by the President of the University, acting through the Senior Vice President for Administration and Finance or designee, to be justified.

Major capital projects may be submitted for the board of visitors' authorization at any time but must include a statement of urgency if not part of the approved major capital project program.

VII. PROCUREMENT OF CAPITAL PROFESSIONAL SERVICES AND CONSTRUCTION SERVICES.

It shall be the policy of the University that procurements shall result in the purchase of high-quality services and construction at reasonable prices and shall be consistent with the Policy Governing the Procurement of Goods, Services,

Insurance, and Construction, and the Disposition of Surplus Materials adopted by the board, and with the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to such policy. Specifically, the University is committed to:

- 1. Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract, and the likely extent of competition;*
- 2. Conducting all procurements in a fair and impartial manner and avoiding any impropriety or the appearance of any impropriety prohibited by state law or University policy;*
- 3. Making procurement rules clear in advance of any competition;*
- 4. Providing access to the University's business to all qualified vendors, firms, and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the University;*
- 5. Including in contracts of more than \$10,000 the contractor's agreement not to discriminate against employees or applicants because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law except where there is a bona fide occupational qualification reasonably necessary to the contractor's normal operations; and*
- 6. Providing for a nondiscriminatory procurement process, and including appropriate and lawful provisions to effectuate fair and reasonable consideration of women-owned, minority-owned, and small businesses and to promote and encourage a diversity of suppliers.*

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, is authorized to develop implementing procedures for the procurement of capital professional services and construction services at the University. The procedures shall implement this policy and provide for:

- a. A system of competitive negotiation for capital professional services, including a procedure for expedited procurement of capital professional services under \$80,000, pursuant to subdivisions 1, 2, and 3 a of the defined term "competitive negotiation" in § 4 of the Rules Governing Procurement of Goods, Services, Insurance, and Construction;*
- b. A prequalification procedure for contractors or products;*
- c. A procedure for special construction contracting methods, including but not limited to design-build and construction management contracts; and*
- d. A prompt payment procedure.*

The University also may enter into cooperative arrangements with other private or public health or educational institutions, health care provider alliances, purchasing organizations, or state agencies where, in the judgment of the University, the purposes of this policy will be furthered.

VIII. DESIGN REVIEWS AND CODE APPROVALS.

The board of visitors shall review the design of all major capital projects and shall provide final major capital project authorization based on the size, scope, and cost estimate provided with the design. Unless stipulated by the board of visitors at the design review, no further design reviews shall be required. For all capital projects other than major capital projects, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt procedures for design review and project authorization based on the size, scope, and cost estimate provided with the design. It shall be University policy that all capital projects shall be designed and constructed in accordance with applicable Virginia Uniform Statewide Building Code (VUSBC) standards and the applicable accessibility code.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall designate a building official responsible for building code compliance at the University, by either (i) hiring an individual to be the University building official or (ii) continuing to use the services of the Department of General Services, Division of Engineering and Buildings (DGS-DEB), to perform the building official function. If option (i) is selected, the individual hired as the University building official shall be a full-time employee of the University who has no other assigned duties or responsibilities at the institution and who is not employed by any firm or business providing facility services to the University, is a registered professional architect or engineer, and is certified by the Department of Housing and Community Development to perform this building official function. The University building official shall issue building permits for each capital project required by the VUSBC to have a building permit, shall determine the suitability for occupancy of, and shall issue certifications for building occupancy for, all capital projects requiring such certification. Prior to issuing any such certification, this individual shall ensure that the VUSBC and accessibility requirements are met for that capital project and that such capital project has been inspected by the State Fire Marshal or designee as required. When serving as the University building official, such individual shall organizationally report directly and exclusively to the board of visitors. If the University hires its own University building official, it shall fulfill the code review requirement by maintaining a review unit of licensed professional architects or engineers supported by resources and staff who are certified by the Department of Housing and Community Development in accordance with § 36-137 of the Code of Virginia for such purpose and who shall review plans, specifications, and documents for compliance with building codes and standards and perform required inspections of work in progress and the completed capital project. No individual licensed professional architect or engineer hired under the University personnel system as a member of the review unit or contracted with to perform these functions shall also perform other building code-related design, construction, facilities-related project management, or facilities management functions for the University on the same capital project. If option (i) is selected, DGS-DEB will be afforded an opportunity to review and comment on the University's building code official program prior to the University performing building code official responsibilities.

IX. ENVIRONMENTAL IMPACT REPORTS.

It shall be the policy of the University to assess the environmental, historic preservation, and conservation impacts of all capital projects and to minimize and otherwise mitigate all adverse impacts to the extent practicable. The University shall develop a procedure for the preparation and approval of environmental impact reports for capital projects, in accordance with state environmental, historic preservation, and conservation requirements generally applicable to capital projects otherwise meeting the definition of major capital projects but with a cost of \$500,000 or more as set forth in § 10.1-1188 of the Code of Virginia.

X. BUILDING DEMOLITIONS.

It shall be the policy of the University to consider the environmental and historical aspects of any proposed demolitions. The University shall develop a procedure for the preparation and review of demolition requests, including any necessary reviews by the Department of Historic Resources and the Art and Architectural Review Board in accordance with state historic preservation requirements generally applicable to capital projects in the Commonwealth. Further, for any property that was acquired or constructed with funding from a general fund appropriation of the General Assembly or from proceeds from state tax-supported debt, general laws applicable to state-owned property shall apply.

XI. BUILDING OR LAND ACQUISITIONS.

It is the policy of the University that capital projects involving building or land acquisition shall be subjected to thorough inquiry and due diligence prior to closing on the acquisition of such real property. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that the project management system implemented pursuant to Section XIII of this policy provides for a review and analysis of all pertinent matters relating to the acquisition of buildings and land as any prudent purchaser would perform to the end that any building or land acquired by the University shall be suitable for its intended purpose, that the acquisition can be made without substantial risk of liability to the University, and that the cost of the real property to be acquired, together with any contemplated development thereof, shall be such that compliance with the provisions of Section VI of this policy is achieved. In addition, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that, where feasible and appropriate to do so, the following specific policies pertaining to the acquisition of buildings or land for capital projects are carried out.

A. Environmental and Land Use Considerations.

It is the policy of the University to reasonably cooperate with each locality affected by the acquisition. Such cooperation shall include but not be limited to furnishing any information that the locality may reasonably request and reviewing any requests by the locality with regard to any such acquisition. The University shall consider the zoning and comprehensive plan designation by the locality of the building or land and surrounding parcels, as well as any designation by state or federal agencies of historically or archeologically significant areas on the land. Nothing herein shall be construed as requiring the University to comply with local zoning laws and ordinances.

B. Infrastructure and Site Condition.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall ensure that, in the case of capital projects involving the acquisition of buildings or land, the project management systems implemented under Section XIII of this policy provide for a review of the following matters prior to acquisition of the building or land: that any land can be developed for its intended purpose without extraordinary cost; that an environmental engineer has been engaged by the University to provide an assessment of any environmental conditions on the land; that there is adequate vehicular ingress and egress to serve the contemplated use of the building or land; that utilities and other services to the land are adequate or can reasonably be provided or have been provided in the case of building acquisitions; and that the condition and grade of the soils have been examined to determine if any conditions exist that would require extraordinary site work.

C. Title and Survey.

A survey shall be prepared for any real property acquired, and an examination of title to the real property shall be conducted by a licensed attorney or, in the alternative, a commitment for title insurance shall be procured from a title insurance company authorized to do business in the Commonwealth. Based upon the survey and title examination or report, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall conclude, prior to acquisition of the real property, that title thereto will be conveyed to the University in fee simple, free and clear of all liens, encumbrances, covenants, restrictions, easements, or other matters that may have a significant adverse effect upon the University's ability to own, occupy, convey, or develop the real property.

D. Appraisal.

An appraisal shall be conducted of the real property to be acquired to determine its fair market value and the consistency of the fair market value with the price agreed upon by the University.

XII. BUILDING OR LAND DISPOSITIONS.

The board of visitors shall approve the disposition of any building or land. Disposition of land or buildings, the acquisition or construction of which was funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from state tax-supported debt, shall require both the board of visitors' approval and other approvals in accordance with general law applicable to state-owned property and with the University's enabling statutes.

XIII. PROJECT MANAGEMENT SYSTEMS.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall implement one or more systems for the management of capital projects for the University. The systems may include the delegation of project management authority to appropriate University officials, including a grant of authority to such officials to engage in further delegation of authority as the President of the University deems appropriate.

The project management systems for capital projects shall be designed to ensure that such projects comply with the provisions of this policy and other board of visitors' policies applicable to closely related subjects such as the selection of architects or policies applicable to University buildings and grounds.

The project management systems may include one or more reporting systems applicable to capital projects whereby University officials responsible for the management of such projects provide appropriate and timely reports to the President of the University on the status of such projects during construction.

XIV. REPORTING REQUIREMENTS.

In addition to complying with any internal reporting systems contained in the University's project management systems, as described in Section XIII above, the University shall comply with state reporting requirements for those major capital projects funded entirely or in part by a general fund appropriation of the General Assembly or state tax-supported debt. Additionally, if any capital project constructs improvements on land, or renovates property, that originally was acquired or constructed in whole or in part with a general fund appropriation for that purpose or proceeds from state tax-supported debt, and such improvements or renovations are undertaken entirely with funds not appropriated by the General Assembly, and if the cost of such improvements or renovations is reasonably expected to exceed \$3 million, the decision to undertake such improvements or renovations shall be communicated as required by subdivision D 3 of § 23.1-1016 of the Act. As a matter of routine, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall report to the Department of General Services on the status of such capital projects at the initiation of the project, prior to the commencement of construction, and at the time of acceptance of any such capital project.

I. PREAMBLE.

A. Article 4 (§ 23.1-1004 et seq.) of the Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia, provides that the University, upon becoming a covered institution, shall be authorized to establish its own system for the procurement of goods, services, insurance, and construction and for the independent disposition of surplus materials by public or private transaction.

The Act provides that a covered institution shall comply with policies adopted by its board of visitors for the procurement of goods, services, insurance, and construction and the disposition of surplus materials. The provisions of this policy, together with the Rules Governing Procurement of Goods, Services, Insurance, and Construction attached to this policy as Attachment I, constitute the adopted board of visitors' policies required by the Act regarding procurement of goods, services, insurance, and construction and the disposition of surplus materials by the University.

This policy is intended to cover the authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to any other sections of the Code of Virginia, including other provisions of the Act, the general appropriation act, and the University's enabling statutes are not affected by this policy.

II. DEFINITIONS.

As used in this policy, the following terms shall have the following meanings, unless the context requires otherwise:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

"Agreement" or "management agreement" means an agreement between the Commonwealth of Virginia and the University that enables the University to be governed by Article 4 of the Act.

"Board of visitors" or "board" means the rector and board of visitors of the University.

"Covered institution" means, on and after the effective date of its initial management agreement, a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth to be governed by the provisions of Article 4 of the Act.

"Effective date" means the effective date of the management agreement.

"Enabling statutes" has the same meaning as provided in § 23.1-1000 of the Act.

"Goods" means all material, equipment, supplies, and printing, including information technology and telecommunications goods such as automated data processing hardware and software.

"Rules" means the Rules Governing Procurement of Goods, Services, Insurance, and Construction attached to this policy as Attachment I.

"Services" means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials or the rental of equipment, materials, and supplies. "Services" includes both professional services, which include the practice of accounting, actuarial services, law, dentistry, medicine, optometry, and pharmacy, and nonprofessional services, which include any service not specifically identified as professional services.

"Surplus materials" means personal property including, but not limited to, materials, supplies, equipment, and recyclable items, that are determined to be surplus by the University.

"University" means George Mason University.

III. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

IV. GENERAL PROVISIONS.

A. Adoption of This Policy and Continued Applicability of Other Board of Visitors Procurement Policies.

The University has had decentralization and pilot program autonomy in many procurement functions and activities since the 1994 Appropriation Act. The Act extends and reinforces the autonomy previously granted to the University in Item 330 E of the 1994 Appropriation Act. This policy therefore is adopted by the board of visitors to enable the University to develop a procurement system, as well as a surplus materials disposition system. Any University electronic procurement system shall integrate or interface with the Commonwealth's electronic procurement system.

This policy shall be effective on the effective date. The policies and procedures adopted by the President of the University to implement this policy shall continue to be subject to any other policies adopted by the board of visitors affecting procurements at the University, including policies regarding the nature and amounts of procurements that may be undertaken without the approval of the board of visitors or the President of the University.

B. Scope and Purpose of University Procurement Policies.

This policy shall apply to procurements of goods, services, insurance, and construction. It shall be the policy of the University that procurements conducted by the University result in the purchase of high quality goods and services at reasonable prices, and that the University be free, to the maximum extent permitted by law and this policy, from constraining policies that hinder the ability of the University to do business in a competitive environment. This policy, together with the rules, shall apply to all procurements undertaken by the University, regardless of the source of funds.

C. Collaboration, Communication, and Cooperation with the Commonwealth.

The University is committed to developing, maintaining, and sustaining collaboration, communication, and cooperation with the Commonwealth regarding the matters addressed in this policy, particularly with the Secretary of Administration, the Department of General Services, and the Virginia Information Technologies Agency. Identifying business objectives and goals common to both the University and the Commonwealth and the mechanisms by which such objectives and goals may be jointly pursued and achieved are among the desired outcomes of such collaboration, communication, and cooperation.

D. Commitment to Statewide Contracts, Electronic Procurement, and SWAM Participation and Use.

The University is committed to maximizing its internal operational efficiencies, economies of scale among institutions of higher education, and the leveraged buying power of the Commonwealth as a whole.

Consistent with this commitment, the University:

1. May purchase from and participate in all statewide contracts for goods and services, including information technology goods and services, except that the University shall purchase from and participate in contracts for communications services and telecommunications facilities entered into by the Virginia Information Technologies Agency pursuant to § 2.2-2011 of the Code of Virginia unless an exception is provided in the general appropriation act or by other law, and provided that orders not placed through statewide contracts shall be processed directly or by integration or interface through the Commonwealth's electronic procurement system;

2. Shall use directly or by integration or interface the Commonwealth's electronic procurement system; and

3. Shall adopt a small, woman-owned, and minority-owned (SWAM) business program that is consistent with the Commonwealth's SWAM program.

E. Implementation.

To effect its implementation under the Act, and if the University remains in continued substantial compliance with the terms and conditions of this management agreement with the Commonwealth pursuant to the requirements of the Act, the University's procurement of goods, services, insurance, and construction and the disposition of surplus materials shall be exempt from the Virginia Public Procurement Act, Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia, except § 2.2-4342 and §§ 2.2-4367 through 2.2-4377 of such chapter; the oversight of the Virginia Information Technologies Agency, Chapter 20.1 (§ 2.2-2005 et seq.) of Title 2.2 of the Code of Virginia; the state agency requirements regarding disposition of surplus materials and distribution of proceeds from the sale or recycling of surplus materials in §§ 2.2-1124 and 2.2-1125 of the Code of Virginia; the requirement to purchase from the Department for the Blind and Vision Impaired pursuant to § 2.2-1117 of the Code of Virginia; and any other state statutes, rules, regulations, or requirements relating to the procurement of goods, services, insurance, and construction, including but not limited to Article 3 (§ 2.2-1109 et seq.) of Chapter 11 of Title 2.2 of the Code of Virginia, regarding the duties, responsibilities, and authority of the Division of Purchases and Supply of the Virginia Department of General Services, and Article 4 (§ 2.2-1129 et seq.) of Chapter 11 of Title 2.2 of the Code of Virginia, regarding the review and the oversight by the Division of Engineering and Buildings of the Virginia Department of General Services of contracts for the construction of University capital projects and construction-related professional services as set forth in § 2.2-1132 of such article.

*V. UNIVERSITY PROCUREMENT POLICIES.**A. General Competitive Principles.*

In connection with University procurements and the processes leading to award of contracts for goods, services, insurance, and construction, the University is committed to:

- 1. Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract, and the likely extent of competition;*
- 2. Conducting all procurements in an open, fair, and impartial manner and avoiding any impropriety or the appearance of any impropriety;*
- 3. Making procurement rules clear in advance of any competition;*
- 4. Providing access to the University's business to all qualified vendors, firms, and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the University;*
- 5. Ensuring that specifications for purchases are fairly drawn so as not to favor unduly a particular vendor; and*
- 6. Providing for the free exchange of information between the University, vendors, firms, or contractors concerning the goods or services sought and offered while preserving the confidentiality of proprietary information.*

B. Access to Records.

Procurement records shall be available to citizens or to interested persons, firms, or corporations in accordance with the provisions of the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia, except those records exempt from disclosure pursuant to subdivisions 7 and 12 of § 2.2-3705.1, subdivision 4 of § 2.2-3705.4, or other applicable exemptions of the Virginia Freedom of Information Act, and § 2.2-4342 of the Virginia Public Procurement Act, Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2 of the Code of Virginia.

C. Cooperative Procurements and Alliances.

In circumstances where the University determines and documents that statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to the University that meet its business goals and objectives, the University is authorized to participate in cooperative procurements with other public or private organizations or entities, including other educational institutions, public-private partnerships, public bodies, charitable organizations, health care provider alliances, and purchasing organizations, so long as the resulting contracts are procured competitively pursuant to subsections A through J of § 5 of the rules and the purposes of this policy are furthered. In the event the University engages in a cooperative contract with a private organization or public-private partnership and the contract was not competitively procured pursuant to subsections A through J of § 5 of the rules, use of the contract by other state agencies, institutions, and public bodies shall be prohibited. Notwithstanding all of the provisions of this subsection above, use of cooperative contracts shall conform to the business requirements of the Commonwealth's electronic procurement system, including the requirement for payment of applicable fees. By October 1 of each year, the President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall make available to the Secretary of Administration, the Joint Legislative Audit and Review Commission, and the Auditor of Public Accounts a list of all cooperative contracts and alliances entered into or used during the prior fiscal year.

D. Training; Ethics in Contracting.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall take all necessary and reasonable steps to assure (i) that all University officials responsible for and engaged in procurements authorized by the Act and this policy are knowledgeable regarding the requirements of the Act, this policy, and the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia; (ii) that only officials authorized by this policy and any procedures adopted by the President of the University to implement this policy are responsible for and engaged in such procurements; and (iii) that compliance with the Act and this policy are achieved.

The University shall maintain an ongoing program to provide professional development opportunities to its buying staff and to provide methods training to internal staff who are engaged in placing decentralized small purchase transactions.

E. Ethics and University Procurements.

In implementing the authority conferred by this policy, the personnel administering any procurement shall adhere to the following provisions of the Code of Virginia: the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia, the State and Local Government Conflict of Interests Act, Chapter 31 (§ 2.2-3100 et seq.) of Title 2.2 of the Code of Virginia, and the Virginia Governmental Frauds Act, Article 1.1 (§ 18.2-498.1 et seq.) of Chapter 12 of Title 18.2 of the Code of Virginia.

VI. UNIVERSITY SURPLUS MATERIALS POLICY AND PROCEDURES.

The policy and procedures for disposal for surplus materials shall provide for the sale, environmentally appropriate disposal, or recycling of surplus materials by the University and the retention of the resulting proceeds by the University.

VII. ADOPTION AND EFFECTIVE DATES OF RULES AND IMPLEMENTING POLICIES AND PROCEDURES.

A. The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall adopt one or more comprehensive sets of specific procurement policies and procedures for the University that, in addition to the rules, implement applicable provisions of law and this policy. The University procurements shall be

carried out in accordance with this policy, the rules, and any implementing policies and procedures adopted by the University. The implementing policies and procedures adopted by the University (i) shall include the delegation of procurement authority by the board to appropriate University officials who shall oversee University procurements of goods, services, insurance, and construction, including a grant of authority to such officials to engage in further delegation of authority as the President of the University deems appropriate, and (ii) shall remain consistent with the competitive principles set forth in Section V of this policy.

B. Any implementing policies and procedures adopted pursuant to subsection A and the rules shall become effective on the effective date and, as of such date, shall be applicable to all procurements undertaken by the University on behalf of the University for goods, services, insurance, and construction. This policy, the rules, and any implementing policies and procedures adopted by the University shall not affect existing contracts already in effect.

C. The rules and the University implementing policies and procedures for all University procurements of goods, services, insurance, and construction and the disposition of surplus property shall be substantially consistent with the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors in their form as of the effective date and as amended or changed in the future, and with the University procedures specific to the acquisition of goods and services. The rules and the University implementing policies and procedures shall implement a system of competitive negotiation, and competitive sealed bidding when appropriate, for goods, services, including professional services, as defined in the rules, insurance, and construction.

VIII. REQUIREMENTS FOR RULES AND IMPLEMENTING POLICIES AND PROCEDURES.

A. Protests, Appeals, and Debarment.

The rules and the University implementing policies and procedures for procurements other than capital outlay shall include a process or processes for an administrative appeal by vendors, firms, or contractors. Protests and appeals may challenge determinations of vendor, firm, or contractor non-responsibility or ineligibility, or the award of contracts, provided that such protests and appeals are filed within the timeframes specified by the rules. Remedies available shall be limited to reversal of the action challenged or, where a contract already being performed is declared void, compensation for the cost of performance up to the time of such declaration. The rules and the University implementing policies and procedures also may establish the basis and process for debarment of any vendor, firm, or contractor.

B. Prompt Payment of Contractors and Subcontractors.

The rules and the University implementing policies and procedures shall include provisions related to prompt payment of outstanding invoices, which shall include payment of interest on properly presented invoices outstanding more than seven days beyond the payment date, at a rate no higher than the lowest prime rate charged by any commercial bank as published in the Wall Street Journal. The payment date shall be the later of 30 days from the date of the receipt of goods or invoice, or the date established by the contract. All contracts also shall require prompt payment of subcontractors by the general contractor, upon receipt of payment by the University.

C. Types of Procurements.

The rules and the University implementing policies and procedures shall implement a system of competitive negotiation for professional services, as defined in the rules, and shall implement purchasing procedures developed to maximize competition given the size and duration of the contract and the needs of the University. Such policies and procedures may include special provisions for procurements, such as emergency procurements, sole source procurements, brand name procurements, small purchases, procurements in which only one qualified vendor responds, and others.

D. Approval and Public Notice of Procurements.

The rules and the University implementing policies and procedures shall provide for approval of solicitation documents by an authorized individual and for reasonable public notice of procurements, given the size and nature of the need and the applicability of any exemption in the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia.

E. Administration of Contracts.

The rules and the University implementing policies and procedures shall contain provisions related to the administration of contracts, including contract claims, modifications, extensions, and assignments.

F. Nondiscrimination.

The rules and the University implementing policies and procedures shall provide for a nondiscriminatory procurement process that prohibits discrimination because of the race, religion, color, sex, or national origin of the bidder or offeror in the solicitation and award of contracts and shall include appropriate provisions to effectuate fair and reasonable consideration of small, women-owned, and minority-owned businesses and to promote and encourage a diversity of suppliers.

ATTACHMENT I

*Rules Governing Procurement of Goods, Services, Insurance, and Construction
by a Public Institution of Higher Education of the Commonwealth of Virginia
Governed by Article 4 of the
Restructured Higher Education Financial and Administrative Operations Act,
Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.*

In accordance with the provisions of the Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia, and in particular § 23.1-1017 of the Act, the

governing body of a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth pursuant to Article 4 of the Act has adopted the following rules to govern the procurement of goods, services, insurance, and construction by the Institution:

§ 1. Purpose. -

The purpose of these rules is to enunciate the public policies pertaining to procurement of goods, services, insurance, and construction by the Institution from nongovernmental sources, to include governmental procurement that may or may not result in monetary consideration for either party. These rules shall apply whether the consideration is monetary or nonmonetary and regardless of whether the Institution, the contractor, or some third party is providing the consideration.

§ 2. Scope of procurement authority. -

Subject to these rules, and the Institution's continued substantial compliance with the terms and conditions of its management agreement with the Commonwealth pursuant to the requirements—particularly Article 4—of the Act, the Institution shall have and shall be authorized to have and exercise all of the authority relating to procurement of goods, services, insurance, and construction, including but not limited to capital outlay-related procurement and information technology-related procurement, that Institutions are authorized to exercise pursuant to Article 4 of the Act.

§ 3. Competition is the priority. -

To the end that the Institution shall obtain high-quality goods and services at reasonable cost, that all procurement procedures be conducted in an open, fair, and impartial manner with avoidance of any impropriety or appearance of impropriety, that all qualified vendors have access to the Institution's business, and that no offeror be arbitrarily or capriciously excluded, it is the intent of the governing body of the Institution that competition be sought to the maximum feasible degree, that procurement procedures involve openness and administrative efficiency, that individual public bodies enjoy broad flexibility in fashioning details of such competition, that the rules governing contract awards be made clear in advance of the competition, that specifications reflect the procurement needs of the purchasing body rather than being drawn to favor a particular vendor, and that the purchaser and vendor freely exchange information concerning what is sought to be procured and what is offered. The Institution may consider best-value concepts when procuring goods and nonprofessional services but not construction or professional services. Professional services will be procured using a qualification-based selection process. The criteria, factors, and basis for consideration of best value and the process for the consideration of best value shall be as stated in the procurement solicitation.

§ 4. Definitions. -

As used in these rules:

"Act" means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia.

"Affiliate" means an individual or business that controls, is controlled by, or is under common control with another individual or business. A person controls an entity if the person owns, directly or indirectly, more than 10 percent of the voting securities of the entity. For the purposes of this definition, "voting security" means a security that (i) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (ii) is convertible into, or entitles the holder to receive, upon its exercise, a security that confers such a right to vote. A general partnership interest shall be deemed to be a voting security.

"Best value" means the overall combination of quality, price, and various elements of required services that in total are optimal relative to the Institution's needs, as predetermined in the solicitation.

"Business" means any type of corporation, partnership, limited liability company, association, or sole proprietorship operated for profit.

"Competitive negotiation" means a method of contractor selection that includes the following elements:

1. Issuance of a written request for proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities or qualifications that will be required of the contractor.

2. Public notice of the request for proposal at least 10 days prior to the date set for receipt of proposals by publication in a newspaper or newspapers of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Public notice also shall be published on the Department of General Services' central electronic procurement website and may be published on other appropriate websites. In addition, proposals may be solicited directly from potential contractors.

3. a. Procurement of professional services. The procurement of professional services for capital projects shall be conducted using a qualification-based selection process. The Institution shall engage in individual discussions with two or more offerors deemed fully qualified, responsible, and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. The request for proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the Institution may discuss nonbinding estimates of total project costs, including, but not limited to, lifecycle costing, and where appropriate, nonbinding estimates of price for services. Proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the request for proposal and all

information developed in the selection process to this point, the Institution shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the Institution can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Should the Institution determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

A contract for architectural or professional engineering services relating to construction projects may be negotiated by the Institution for multiple projects, provided (i) the projects require similar experience and expertise and (ii) the nature of the projects is clearly identified in the request for proposal. Under such contract, (a) the fair and reasonable prices, as negotiated, shall be used in determining the cost of each project performed, (b) the sum of all projects performed in one contract term shall be as set in the request for proposal, and (c) the project fee of any single project shall not exceed the term limit as set in the request for proposal. Any unused amounts from any contract term may be carried forward. Competitive negotiations for such contracts may result in awards to more than one offeror provided the request for proposal stated the potential for a multivendor award.

Multiphase professional services contracts satisfactory and advantageous to the Institution for environmental, location, design, and inspection work regarding construction of infrastructure projects may be negotiated and awarded based on qualifications at a fair and reasonable price for the first phase only, when completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the procurement of any such contract, the Institution shall state the anticipated intended total scope of the project and determine in writing that the nature of the work is such that the best interests of such Institution require awarding the contract.

b. Procurement of other than professional services. Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the request for proposal, including price if so stated in the request for proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the Institution shall select the offeror that, in its opinion, has made the best proposal, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the request for proposal, awards may be made to more than one offeror. Should the Institution determine in writing and in its sole discretion that only one offeror has made the best proposal, a contract may be negotiated and awarded to that offeror.

"Competitive sealed bidding" is a method of contractor selection, other than for professional services, that includes the following elements:

1. Issuance of a written invitation to bid containing or incorporating by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the Institution has provided for prequalification of bidders, the invitation to bid shall include a statement of any requisite qualifications of potential contractors. When it is impractical to prepare initially a purchase description to support an award based on prices, an invitation to bid may be issued requesting the submission of unpriced offers to be followed by an invitation to bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

2. Public notice of the invitation to bid at least 10 days prior to the date set for receipt of bids by publication on the Department of General Services' central electronic procurement website. Public notice also may be published in a newspaper of general circulation or on other appropriate websites, or both. In addition, bids may be solicited directly from potential contractors. Any additional solicitations shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

3. Public opening and announcement of all bids received.

4. Evaluation of bids based upon the requirements set forth in the invitation, which may include special qualifications of potential contractors, lifecycle costing, value analysis, and any other criteria, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, that are helpful in determining acceptability.

5. Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple awards are so provided in the invitation to bid, awards may be made to more than one bidder.

"Construction" means building, altering, repairing, improving, or demolishing any structure, building, or highway, and any draining, dredging, excavation, grading, or similar work upon real property.

"Construction management contract" means a contract in which a party is retained by the owner to coordinate and administer contracts for construction services for the benefit of the owner. "Construction management contract" may also include, if provided in the contract, the furnishing of construction services to the owner.

"Covered institution" or "Institution" means, on and after the effective date of the initial management agreement with the Commonwealth of Virginia, a public institution of higher education of the Commonwealth that has entered into a management agreement with the Commonwealth to be governed by the provisions of Article 4 of the Act.

"Design-build contract" means a contract between the Institution and another party in which the party contracting with the Institution agrees to both design and build the structure, roadway, or other item specified in the contract.

"Goods" means all material, equipment, supplies, and printing, including information technology and telecommunications goods such as automated data processing hardware and software.

"Informality" means a minor defect or variation of a bid or proposal from the exact requirements of the invitation to bid, or the request for proposal, that does not affect the price, quality, quantity, or delivery schedule for the goods, services, or construction being procured.

"Multiphase professional services contract" means a contract for the providing of professional services where the total scope of work of the second or subsequent phase of the contract cannot be specified without the results of the first or prior phase of the contract.

"Nonprofessional services" means any services not specifically identified as professional services in the definition of "professional services" and includes small construction projects valued not over \$1 million, provided that subdivision 3 a of the definition of "competitive negotiation" in this section shall still apply to professional services for such small construction projects.

"Potential bidder or offeror" for the purposes of §§ 50 and 54 of these rules, means a person who, at the time the Institution negotiates and awards or proposes to award a contract, is engaged in the sale or lease of goods, or the sale of services, insurance, or construction, of the type to be procured under the contract, and who at such time is eligible and qualified in all respects to perform that contract, and who would have been eligible and qualified to submit a bid or proposal had the contract been procured through competitive sealed bidding or competitive negotiation.

"Professional services" means work performed by an independent contractor within the scope of the practice of accounting, actuarial services, architecture, land surveying, landscape architecture, law, dentistry, medicine, optometry, pharmacy, or professional engineering.

"Public body" means any legislative, executive, or judicial body, agency, office, department, authority, post, commission, committee, institution, board, or political subdivision created by law to exercise some sovereign power or to perform some governmental duty, and empowered by law to undertake the activities described in these rules.

"Public contract" means an agreement between the Institution and a nongovernmental source that is enforceable in a court of law.

"Responsible bidder" or "offeror" means a person who has the capability, in all respects, to perform fully the contract requirements and the moral and business integrity and reliability that will assure good faith performance, and who has been prequalified, if required.

"Responsive bidder" means a person who has submitted a bid that conforms in all material respects to the invitation to bid.

"Rules" means these Rules Governing Procurement of Goods, Services, Insurance, and Construction adopted by the governing body of the covered institution.

"Reverse auctioning" means a procurement method wherein bidders are invited to bid on specified goods or nonprofessional services through real-time electronic bidding, with the award being made to the lowest responsive and responsible bidder. During the bidding process, bidders' prices are revealed and bidders shall have the opportunity to modify their bid prices for the duration of the time period established for bid opening.

"Services" means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials, and supplies.

"Sheltered workshop" means a work-oriented rehabilitative facility with a controlled working environment and individual goals that utilizes work experience and related services for assisting the handicapped person to progress toward normal living and a productive vocational status.

§ 5. Methods of procurement. -

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation. Qualification-based selection shall be used for design services.

C. Goods, services, or insurance may be procured by competitive negotiation.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the Institution and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

1. By the Institution on a fixed price design-build basis or construction management basis under § 7;

2. By the Institution for the construction, alteration, repair, renovation, or demolition of buildings; or

3. By the Institution for the construction of highways and any draining, dredging, excavation, grading, or similar work upon real property.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The Institution shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area, which

may be the Department of General Services' website for the Commonwealth's central electronic procurement system, or published in a newspaper of general circulation on the day the Institution awards or announces its decision to award the contract, whichever occurs first. Public notice shall also be published on the Department of General Services' website for the Commonwealth's central electronic procurement system and may be published on other appropriate websites.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The Institution shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area, which may be the Department of General Services' website for the Commonwealth's central electronic procurement system, or published in a newspaper of general circulation on the day the Institution awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Public notice may also be published on the Department of General Services' website for the Commonwealth's central electronic procurement system and other appropriate websites.

G. The Institution may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however, such small purchase procedures shall provide for competition wherever practicable.

H. The Institution may establish purchase procedures, if adopted in writing, not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however, such small purchase procedures shall provide for competition wherever practicable.

I. Upon a determination made in advance by the Institution and set forth in writing that the purchase of goods, products, or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. The writing shall document the basis for this determination.

J. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning.

§ 6. Cooperative procurement. -

A. In circumstances where the Institution determines and documents that statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to the Institution that meet its business goals and objectives, the Institution is authorized to participate in, sponsor, conduct, or administer a cooperative procurement arrangement on behalf of or in conjunction with public bodies, public or private health or educational institutions, other public or private organizations or entities, including public-private partnerships, charitable organizations, health care provider alliances, or purchasing organizations or entities, or with public agencies or institutions or group purchasing organizations of the several states, territories of the United States, or the District of Columbia, for the purpose of combining requirements to effect cost savings or reduce administrative expense in any acquisition of goods and services, other than professional services. The Institution may purchase from any authority, department, agency, institution, city, county, town, or other political subdivision of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in these rules and the administrative policies and procedures established to implement these rules shall be permitted. Notwithstanding all of the provisions of this section above, use of cooperative contracts shall conform to the business requirements of the Commonwealth's electronic procurement system, including the requirement for payment of applicable fees. Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

B. In circumstances where statewide contracts for goods and services, including information technology and telecommunications goods and services, do not provide goods and services to meet the Institution's business goals and objectives, and as authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. The Institution may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the United States government; and

2. The Institution may purchase telecommunications and information technology goods and nonprofessional services from a United States General Services Administration contract or a contract awarded by any other agency of the United States government.

§ 7. Design-build or construction management contracts authorized. -

A. Notwithstanding any other provisions of law, the Institution may enter into contracts on a fixed price design-build basis or construction management basis in accordance with the provisions of this section.

B. Procurement of construction by the design-build or construction management method shall be a two-step competitive negotiation process. In the first step, offerors shall be requested to submit their qualifications. Based upon the information submitted and any other relevant information that the Commonwealth may obtain, no more than five offerors deemed most suitable for the project shall be selected by the Commonwealth and requested to submit proposals.

§ 8. Modification of the contract. -

A. A contract awarded by the Institution may include provisions for modification of the contract during performance, but no fixed-price contract may be increased by more than 25 percent of the amount of the contract or \$50,000, whichever is greater, without the advance written approval of the President of the Institution or designee. In no event may the amount of any contract, without adequate consideration, be increased for any purpose, including, but not limited to, relief of an offeror from the consequences of an error in its bid or offer.

B. The Institution may extend the term of an existing contract for services to allow completion of any work undertaken but not completed during the original term of the contract.

C. Nothing in this section shall prevent the Institution from placing greater restrictions on contract modifications.

§ 9. Discrimination prohibited; participation of small, women-owned, and minority-owned business. -

A. In the solicitation or awarding of contracts, the Institution shall not discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, the Institution shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

B. The Institution shall establish programs consistent with this section to facilitate the participation of small businesses and businesses owned by women and minorities in procurement transactions. The programs established shall be in writing and shall include cooperation with the Department of Minority Business Enterprise, the U.S. Small Business Administration, and other public or private agencies. The Institution shall submit annual progress reports on minority business procurement to the Department of Minority Business Enterprise.

C. Whenever there exists (i) a rational basis for small business enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is by law authorized and encouraged to require the Institution to implement appropriate enhancement or remedial measures consistent with prevailing law.

D. In the solicitation or awarding of contracts, the Institution shall not discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless it has made a written determination that employing ex-offenders on the specific contract is not in its best interest.

§ 10. Employment discrimination by contractor prohibited; required contract provisions. -

The Institution shall include in every contract of more than \$10,000 the following provisions:

1. During the performance of this contract, the contractor agrees as follows:

a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.

c. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

2. The contractor will include the provisions of subdivisions 1 a, b, and c in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

§ 11. Drug-free workplace to be maintained by contractor; required contract provisions. -

The Institution shall include in every contract over \$10,000 the following provisions:

During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor in accordance with these rules, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of any controlled substance or marijuana during the performance of the contract.

§ 12. Use of brand names. -

Unless otherwise provided in the invitation to bid, the name of a certain brand, make, or manufacturer shall not restrict bidders to the specific brand, make, or manufacturer named and shall be deemed to convey the general style, type, character, and quality of the article desired. Any article that the Institution in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.

§ 13. Comments concerning specifications. -

The Institution shall establish procedures whereby comments concerning specifications or other provisions in invitations to bid or requests for proposal can be received and considered prior to the time set for receipt of bids or proposals or award of the contract.

§ 14. Prequalification generally; prequalification for construction. -

A. Prospective contractors may be prequalified for particular types of supplies, services, insurance, or construction and consideration of bids or proposals limited to prequalified contractors. Any prequalification procedure shall be established in writing and sufficiently in advance of its implementation to allow potential contractors a fair opportunity to complete the process.

B. Any prequalification of prospective contractors for construction by the Institution shall be pursuant to a prequalification process for construction projects adopted by the Institution. The process shall be consistent with the provisions of this section.

The application form used in such process shall set forth the criteria upon which the qualifications of prospective contractors will be evaluated. The application form shall request of prospective contractors only such information as is appropriate for an objective evaluation of all prospective contractors pursuant to such criteria. The form shall allow the prospective contractor seeking prequalification to request, by checking the appropriate box, that all information voluntarily submitted by the contractor pursuant to this subsection shall be considered a trade secret or proprietary information subject to the provisions of subsection D of § 34 of these rules.

In all instances in which the Institution requires prequalification of potential contractors for construction projects, advance notice shall be given of the deadline for the submission of prequalification applications. The deadline for submission shall be sufficiently in advance of the date set for the submission of bids for such construction so as to allow the procedures set forth in this subsection to be accomplished.

At least 30 days prior to the date established for submission of bids or proposals under the procurement of the contract for which the prequalification applies, the Institution shall advise in writing each contractor who submitted an application whether that contractor has been prequalified. In the event that a contractor is denied prequalification, the written notification to the contractor shall state the reasons for the denial of prequalification and the factual basis of such reasons.

A decision by the Institution denying prequalification under the provisions of this subsection shall be final and conclusive unless the contractor appeals the decision as provided in § 54 of these rules.

C. The Institution may deny prequalification to any contractor only if the Institution finds one of the following:

1. The contractor does not have sufficient financial ability to perform the contract that would result from such procurement. If a bond is required to ensure performance of a contract, evidence that the contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the Institution shall be sufficient to establish the financial ability of the contractor to perform the contract resulting from such procurement;

2. The contractor does not have appropriate experience to perform the construction project in question;

3. The contractor or any officer, director, or owner thereof has had judgments entered against him within the past 10 years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management;

4. The contractor has been in substantial noncompliance with the terms and conditions of prior construction contracts with the Institution without good cause. If the Institution has not contracted with a contractor in any prior construction contracts, the Institution may deny prequalification if the contractor has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. The Institution may not utilize this provision to deny prequalification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto given to the contractor at that time, with the opportunity to respond;

5. The contractor or any officer, director, owner, project manager, procurement manager, or chief financial official thereof has been convicted within the past 10 years of a crime related to governmental or nongovernmental construction or contracting, including, but not limited to, a violation of (i) Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia, (ii) the Virginia Governmental Frauds Act, Article 1.1 (§ 18.2-498.1 et seq.) of Chapter 12 of Title 18.2 of the Code of Virginia, (iii) Chapter 4.2 (§ 59.1-68.6 et seq.) of Title 59.1 of the Code of Virginia, or (iv) any substantially similar law of the United States or another state;

6. The contractor or any officer, director, or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state, or agency of the federal government; and

7. The contractor failed to provide to the Institution in a timely manner any information requested by the Institution relevant to subdivisions 1 through 6 of this subsection.

§ 15. Negotiation with lowest responsible bidder. -

Unless canceled or rejected, a responsive bid from the lowest responsible bidder shall be accepted as submitted, except that if the bid from the lowest responsible bidder exceeds available funds, the Institution may negotiate with the apparent low bidder to obtain a contract price within available funds. However, the negotiation may be undertaken only under conditions and procedures described in writing and approved by the Institution prior to issuance of the invitation to bid and summarized therein.

§ 16. Cancellation, rejection of bids; waiver of informalities. -

A. An invitation to bid, a request for proposal, any other solicitation, or any and all bids or proposals, may be canceled or rejected. The reasons for cancellation or rejection shall be made part of the contract file. The Institution shall not cancel or reject an invitation to bid, a request for proposal, or any other solicitation, bid, or proposal pursuant to this section solely to avoid awarding a contract to a particular responsive and responsible bidder or offeror.

B. The Institution may waive informalities in bids.

§ 17. Exclusion of insurance bids prohibited. -

Notwithstanding any other provision of law, no insurer licensed to transact the business of insurance in the Commonwealth or approved to issue surplus lines insurance in the Commonwealth shall be excluded from presenting an insurance bid proposal to the Institution in response to a request for proposal or an invitation to bid. Nothing in this section shall preclude the Institution from debarring a prospective insurer pursuant to § 18 of these rules.

§ 18. Debarment. -

Prospective contractors may be debarred from contracting for particular types of supplies, services, insurance, or construction, for specified periods of time. Any debarment procedure shall be established in writing by the Institution. Any debarment procedure may provide for debarment on the basis of a contractor's unsatisfactory performance for the Institution.

§ 19. Purchase programs for recycled goods; Institution responsibilities. -

A. The Institution may implement a purchase program for recycled goods and may coordinate its efforts so as to achieve the goals and objectives set forth in §§ 10.1-1425.6, 10.1-1425.7, and 10.1-1425.8 of the Code of Virginia and §§ 20 and 22 of these rules.

B. The Department of Environmental Quality, with advice from the Virginia Recycling Markets Development Council, shall advise the Institution concerning the designation of recycled goods.

§ 20. Preference for Virginia products with recycled content and for Virginia firms. -

A. In the case of a tie bid, preference shall be given to goods produced in Virginia or goods, services, or construction provided by Virginia persons, firms, or corporations; otherwise the tie shall be decided by lot.

B. Whenever any bidder is a resident of any other state and such state under its laws allows a resident contractor of that state a preference, a like preference may be allowed by the Institution to the lowest responsive and responsible bidder who is a resident of Virginia.

C. Notwithstanding the provisions of subsections A and B, in the case of a tie bid in instances where goods are being offered, and existing price preferences have already been taken into account, preference shall be given to the bidder whose goods contain the greatest amount of recycled content.

§ 21. Preference for Virginia coal used in the Institution. -

In determining the award of any contract for coal to be purchased for use in the Institution with state funds, the Institution shall procure using competitive sealed bidding and shall award to the lowest responsive and responsible bidder offering coal mined in Virginia so long as its bid price is not more than four percent greater than the bid price of the low responsive and responsible bidder offering coal mined elsewhere.

§ 22. Preference for recycled paper and paper products used by the Institution. -

A. In determining the award of any contract for paper and paper products to be purchased for use by the Institution, it shall competitively procure recycled paper and paper products of a quality suitable for the purpose intended, so long as the price is not more than 10 percent greater than the price of the low responsive and responsible bidder or offeror offering a product that does not qualify under subsection B.

B. For purposes of this section, recycled paper and paper products means any paper or paper products meeting the U.S. Environmental Protection Agency-recommended content standards as defined in 40 C.F.R. Part 247.

§ 23. Withdrawal of bid due to error. -

A. A bidder for a public construction contract, other than a contract for construction or maintenance of public highways, may withdraw his bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake in the bid, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor, or material made directly in the compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents, and materials used in the preparation of the bid sought to be withdrawn.

If a bid contains both clerical and judgment mistakes, a bidder may withdraw his bid from consideration if the price bid would have been substantially lower than the other bids due solely to the clerical mistake, which was an unintentional arithmetic error or an unintentional omission of a quantity of work, labor, or material made directly in the compilation of a bid that shall be clearly shown by objective evidence drawn from inspection of original work papers, documents, and materials used in the preparation of the bid sought to be withdrawn.

One of the following procedures for withdrawal of a bid shall be selected by the Institution and stated in the advertisement for bids: (i) the bidder shall give notice in writing of his claim of right to withdraw his bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice or (ii) the bidder shall submit to the Institution or designated official his original work papers, documents, and materials used in the preparation of the bid within one day after the date fixed for submission of bids. The work papers shall be delivered by the bidder in person or by registered mail at or prior to the time fixed for the opening of bids. In either instance, the work

papers, documents, and materials may be considered as trade secrets or proprietary information subject to the conditions of subsection F of § 34 of these rules. The bids shall be opened one day following the time fixed by the Institution for the submission of bids. Thereafter, the bidder shall have two hours after the opening of bids within which to claim in writing any mistake as defined herein and withdraw his bid. The contract shall not be awarded by the Institution until the two-hour period has elapsed. The mistake shall be proved only from the original work papers, documents, and materials delivered as required herein.

B. The Institution may establish procedures for the withdrawal of bids for other than construction contracts.

C. No bid shall be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent.

D. If a bid is withdrawn in accordance with this section, the lowest remaining bid shall be deemed to be the low bid.

E. No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

F. If the Institution denies the withdrawal of a bid under the provisions of this section, it shall notify the bidder in writing stating the reasons for its decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder.

§ 24. Contract Pricing Arrangements. -

A. Public contracts may be awarded on a fixed price or cost reimbursement basis, or on any other basis that is not prohibited by these rules.

B. Except in case of emergency affecting the public health, safety, or welfare, no public contract shall be awarded on the basis of cost plus a percentage of cost.

C. A policy or contract of insurance or prepaid coverage having a premium computed on the basis of claims paid or incurred, plus the insurance carrier's administrative costs and retention stated in whole or part as a percentage of such claims, shall not be prohibited by this section.

§ 25. Workers' compensation requirements for construction contractors and subcontractors. -

A. No contractor shall perform any work on a construction project of the Institution unless he (i) has obtained, and continues to maintain for the duration of the work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2 of the Code of Virginia and (ii) provides prior to the award of contract, on a form furnished by the Institution, evidence of such coverage.

B. The Department of General Services shall provide the workers' compensation coverage form to the Institution. Failure of the Institution to provide the form prior to the award of contract shall waive the requirements of clause (ii) of subsection A.

C. No subcontractor shall perform any work on a construction project of the Institution unless he has obtained, and continues to maintain for the duration of such work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2 of the Code of Virginia.

§ 26. Retainage on construction contracts. -

A. In any contract issued by the Institution for construction that provides for progress payments in installments based upon an estimated percentage of completion, the contractor shall be paid at least 95 percent of the earned sum when payment is due, with no more than five percent being retained to ensure faithful performance of the contract. All amounts withheld may be included in the final payment.

B. Any subcontract for a public project that provides for similar progress payments shall be subject to the provisions of this section.

§ 27. Public construction contract provisions barring damages for unreasonable delays declared void. -

A. Any provision contained in any public construction contract of the Institution that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages for unreasonable delay in performing such contract, either on his behalf or on behalf of his subcontractor if and to the extent the delay is caused by acts or omissions of the Institution, its agents, or employees and due to causes within their control, shall be void and unenforceable as against public policy.

B. Subsection A shall not be construed to render void any provision of a public construction contract awarded by the Institution that:

1. Allows the recovery of that portion of delay costs caused by the acts or omissions of the contractor or its subcontractors, agents, or employees;

2. Requires notice of any delay by the party claiming the delay;

3. Provides for liquidated damages for delay; or

4. Provides for arbitration or any other procedure designed to settle contract disputes.

C. A contractor making a claim against the Institution for costs or damages due to the alleged delaying of the contractor in the performance of its work under any public construction contract of the Institution shall be liable to the Institution and shall pay it for a percentage of all costs incurred by the Institution in investigating, analyzing, negotiating, litigating, and arbitrating the claim, which percentage shall be equal to the percentage of the contractor's total delay claim that is determined through litigation or arbitration to be false or to have no basis in law or in fact.

D. If the Institution denies a contractor's claim for costs or damages due to the alleged delaying of the contractor in the performance of work under any public construction contract for the Institution, it shall be liable to and shall pay such

contractor a percentage of all costs incurred by the contractor to investigate, analyze, negotiate, litigate and arbitrate the claim. The percentage paid by the Institution shall be equal to the percentage of the contractor's total delay claim for which the Institution's denial is determined through litigation or arbitration to have been made in bad faith.

§ 28. Bid bonds. -

A. Except in cases of emergency, all bids or proposals for construction contracts in excess of \$1 million shall be accompanied by a bid bond from a surety company selected by the bidder that is authorized to do business in Virginia, as a guarantee that if the contract is awarded to the bidder, he will enter into the contract for the work mentioned in the bid. The amount of the bid bond shall not exceed five percent of the amount bid.

B. No forfeiture under a bid bond shall exceed the lesser of (i) the difference between the bid for which the bond was written and the next low bid or (ii) the face amount of the bid bond.

C. Nothing in this section shall preclude the Institution from requiring bid bonds to accompany bids or proposals for construction contracts anticipated to be less than \$1 million.

§ 29. Performance and payment bonds. -

A. Upon the award by the Institution of any (i) public construction contract exceeding \$1 million awarded to any prime contractor or (ii) public construction contract exceeding \$1 million awarded to any prime contractor requiring the performance of labor or the furnishing of materials for buildings, structures, or other improvements to real property owned by the Institution, the contractor shall furnish to the Institution the following bonds:

1. Except for transportation-related projects, a performance bond in the sum of the contract amount conditioned upon the faithful performance of the contract in strict conformity with the plans, specifications, and conditions of the contract. For transportation-related projects, such bond shall be in a form and amount satisfactory to the Institution.

2. A payment bond in the sum of the contract amount. The bond shall be for the protection of claimants who have and fulfill contracts to supply labor or materials to the prime contractor to whom the contract was awarded, or to any subcontractors, in furtherance of the work provided for in the contract, and shall be conditioned upon the prompt payment for all materials furnished or labor supplied or performed in the furtherance of the work.

For the purposes of this subsection, "labor or materials" includes public utility services and reasonable rentals of equipment, but only for periods when the equipment rented is actually used at the site.

B. Each of the bonds shall be executed by one or more surety companies selected by the contractor that are authorized to do business in Virginia.

C. The bonds shall be payable to the Commonwealth of Virginia, naming also the Institution.

D. Each of the bonds shall be filed with the Institution or a designated office or official thereof.

E. Nothing in this section shall preclude the Institution from requiring payment or performance bonds for construction contracts below \$1 million.

F. Nothing in this section shall preclude the contractor from requiring each subcontractor to furnish a payment bond with surety thereon in the sum of the full amount of the contract with such subcontractor conditioned upon the payment to all persons who have and fulfill contracts that are directly with the subcontractor for performing labor and furnishing materials in the prosecution of the work provided for in the subcontract.

§ 30. Alternative forms of security. -

A. In lieu of a bid, payment, or performance bond, a bidder may furnish a certified check or cash escrow in the face amount required for the bond.

B. If approved by the Institution's general counsel or his equivalent, a bidder may furnish to the Institution a personal bond, property bond, or bank or savings institution's letter of credit on certain designated funds in the face amount required for the bid, payment, or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords protection to the Institution equivalent to a corporate surety's bond.

§ 31. Bonds on other than construction contracts. -

The Institution may require bid, payment, or performance bonds for contracts for goods or services if provided in the invitation to bid or request for proposal.

§ 32. Action on performance bond. -

No action against the surety on a performance bond shall be brought by the Institution unless brought within one year after (i) completion of the contract, including the expiration of all warranties and guarantees, or (ii) discovery of the defect or breach of warranty that gave rise to the action.

§ 33. Actions on payment bonds; waiver of right to sue. -

A. Subject to the provisions of subsection B, any claimant who has performed labor or furnished material in accordance with the contract documents in furtherance of the work provided in any contract for which a payment bond has been given, and who has not been paid in full before the expiration of 90 days after the day on which the claimant performed the last of the labor or furnished the last of the materials for which he claims payment, may bring an action on the payment bond to recover any amount due him for the labor or material. The obligee named in the bond need not be named a party to the action.

B. Any claimant who has a direct contractual relationship with any subcontractor but who has no contractual relationship, express or implied, with the contractor, may bring an action on the contractor's payment bond only if he has given written notice to the contractor within 180 days from the day on which the claimant performed the last of the labor or furnished the last of the materials for which he claims payment, stating with substantial accuracy the amount claimed and

the name of the person for whom the work was performed or to whom the material was furnished. Notice to the contractor shall be served by registered or certified mail, postage prepaid, in an envelope addressed to such contractor at any place where his office is regularly maintained for the transaction of business. Claims for sums withheld as retainages with respect to labor performed or materials furnished shall not be subject to the time limitations stated in this subsection.

C. Any action on a payment bond shall be brought within one year after the day on which the person bringing such action last performed labor or last furnished or supplied materials.

D. Any waiver of the right to sue on the payment bond required by this section shall be void unless it is in writing, signed by the person whose right is waived, and executed after such person has performed labor or furnished material in accordance with the contract documents.

§ 34. Public inspection of certain records. -

A. Except as provided in this section, all proceedings, records, contracts, and other public records relating to procurement transactions shall be open to the inspection of any citizen, or any interested person, firm, or corporation, in accordance with the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia.

B. Cost estimates relating to a proposed procurement transaction prepared by or for the Institution shall not be open to public inspection.

C. Any competitive sealed bidding bidder, upon request, shall be afforded the opportunity to inspect bid records within a reasonable time after the opening of all bids but prior to award, except in the event that the Institution decides not to accept any of the bids and to reopen the contract. Otherwise, bid records shall be open to public inspection only after award of the contract.

D. Any competitive negotiation offeror, upon request, shall be afforded the opportunity to inspect proposal records within a reasonable time after the evaluation and negotiations of proposals are completed but prior to award, except in the event that the Institution decides not to accept any of the proposals and to reopen the contract. Otherwise, proposal records shall be open to public inspection only after award of the contract.

E. Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions to ensure the security and integrity of the records.

F. Trade secrets or proprietary information submitted by a bidder, offeror, or contractor in connection with a procurement transaction or prequalification application submitted pursuant to subsection B of § 14 of these rules shall not be subject to the Virginia Freedom of Information Act, Chapter 37 (§ 2.2-3700 et seq.) of Title 2.2 of the Code of Virginia; however, the bidder, offeror, or contractor shall (i) invoke the protections of this section prior to or upon submission of the data or other materials, (ii) identify the data or other materials to be protected, and (iii) state the reasons why protection is necessary.

§ 35. Exemption for certain transactions. -

A. The provisions of these rules shall not apply to:

1. The selection of services related to the management and investment of the Institution's endowment funds, endowment income, or gifts. However, selection of these services shall be governed by the Uniform Prudent Management of Institutional Funds Act, Chapter 11 (§ 64.2-1100 et seq.) of Title 64.2 of the Code of Virginia.

2. The purchase of items for resale at retail bookstores and similar retail outlets operated by the Institution. However, such purchase procedures shall provide for competition where practicable.

3. Procurement of any construction or planning and design services for construction by the Institution when (i) the planning, design, or construction is \$50,000 or less or (ii) the Institution is obligated to conform to procurement procedures that are established by federal statutes or regulations, whether or not those federal procedures are in conformance with the provisions of these rules.

4. The purchase of goods and services by the Institution when such purchases are made under a remedial plan established by the Governor pursuant to subsection C of § 9 of these rules.

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of these rules, the Institution may comply with such federal requirements, notwithstanding the provisions of these rules, only upon the written determination of the President of the Institution or designee that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of these rules in conflict with the conditions of the grant or contract.

§ 36. Permitted contracts with certain religious organizations; purpose; limitations. -

A. The federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, authorizes public bodies to enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization, and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.

B. For the purposes of this section, "faith-based organization" means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193.

C. The Institution, in procuring goods or services, or in making disbursements pursuant to this section, shall not (i) discriminate against a faith-based organization on the basis of the organization's religious character or (ii) impose

conditions that (a) restrict the religious character of the faith-based organization, except as provided in subsection F, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

D. The Institution shall ensure that all invitations to bid, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that it does not discriminate against faith-based organizations.

E. A faith-based organization contracting with the Institution (i) shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender, or national origin and (ii) shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the Institution. Nothing in clause (ii) shall be construed to supersede or otherwise override any other applicable state law.

F. Consistent with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, funds provided for expenditure pursuant to contracts with public bodies shall not be spent for sectarian worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.

G. Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 U.S.C. § 2000e-1 et seq., to employ persons of a particular religion.

H. If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between the Institution and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the Institution shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

The Institution shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between the Institution and a faith-based organization a notice in boldface type that states: "Neither the Institution's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form."

§ 37. Exemptions from competition for certain transactions. -

The Institution may enter into contracts without competition, as that term is described in subsections A through J of § 5 of these rules, for:

1. The purchase of goods or services that are produced or performed by or related to:

a. Persons, or in schools or workshops, under the supervision of the Virginia Department for the Blind and Vision Impaired;

b. Nonprofit sheltered workshops or other nonprofit organizations that offer transitional or supported employment services serving the handicapped;

c. Private educational institutions; or

d. Other public educational institutions.

2. Speakers and performing artists;

3. Memberships and association dues;

4. Sponsored research grant sub-awards and contract sub-awards, not to include the purchase of goods or services by the Institution;

5. Group travel in foreign countries;

6. Conference facilities and services;

7. Participation in intercollegiate athletic tournaments and events, including team travel and lodging, registration, and tournament fees;

8. Royalties; or

9. The purchase of legal services, provided that the Office of the Attorney General has been consulted, or expert witnesses or other services associated with litigation or regulatory proceedings.

§ 38. Exemptions from competitive sealed bidding and competitive negotiation for certain transactions; limitations. -

The Institution may enter into contracts for insurance or electric utility service without competitive sealed bidding or competitive negotiation if purchased through an association of which the Institution is a member if the association was formed and is maintained for the purpose of promoting the interest and welfare of and developing close relationships with similar public bodies, provided such association has procured the insurance or electric utility services by use of competitive principles and provided that the Institution has made a determination in advance after reasonable notice to the public and set forth in writing that competitive sealed bidding and competitive negotiation are not fiscally advantageous to the public. The writing shall document the basis for this determination.

§ 39. Definitions. -

As used in §§ 39 through 46 of these rules, unless the context requires a different meaning:

"Contractor" means the entity that has a direct contract with the Institution.

"Debtor" means any individual, business, or group having a delinquent debt or account with any state agency that obligation has not been satisfied or set aside by court order or discharged in bankruptcy.

"Payment date" means either (i) the date on which payment is due under the terms of a contract for provision of goods or services or (ii) if such date has not been established by contract, (a) 30 days after receipt of a proper invoice by the Institution or its agent or (b) 30 days after receipt of the goods or services by the Institution.

"Subcontractor" means any entity that has a contract to supply labor or materials to the contractor to whom the contract was awarded or to any subcontractor in the performance of the work provided for in such contract.

§ 40. Exemptions. -

The provisions of §§ 39 through 46 of these rules shall not apply to the late payment provisions contained in any public utility tariffs prescribed by the State Corporation Commission.

§ 41. Retainage to remain valid. -

Notwithstanding the provisions of §§ 39 through 46 of these rules, the provisions of § 26 of these rules relating to retainage shall remain valid.

§ 42. Prompt payment of bills by the Institution. -

A. The Institution shall promptly pay for the completely delivered goods or services by the required payment date.

Payment shall be deemed to have been made when offset proceedings have been instituted, as authorized under the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia.

B. Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial deliveries or executions to the extent that such contract provides for separate payment for such partial delivery or execution.

§ 43. Defect or impropriety in the invoice or goods and/or services received. -

In instances where there is a defect or impropriety in an invoice or in the goods or services received, the Institution shall notify the supplier of the defect or impropriety, if the defect or impropriety would prevent payment by the payment date. The notice shall be sent within 15 days after receipt of the invoice or the goods or services.

§ 44. Date of postmark deemed to be date payment is made. -

In those cases where payment is made by mail, the date of postmark shall be deemed to be the date payment is made for purposes of these rules.

§ 45. Payment clauses to be included in contracts. -

Any contract awarded by the Institution shall include:

1. A payment clause that obligates the contractor to take one of the two following actions within seven days after receipt of amounts paid to the contractor by the Institution for work performed by the subcontractor under that contract:

a. Pay the subcontractor for the proportionate share of the total payment received from the Institution attributable to the work performed by the subcontractor under that contract; or

b. Notify the Institution and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

2. A payment clause that requires (i) individual contractors to provide their social security numbers and (ii) proprietorships, partnerships, and corporations to provide their federal employer identification numbers.

3. An interest clause that obligates the contractor to pay interest to the subcontractor on all amounts owed by the contractor that remain unpaid after seven days following receipt by the contractor of payment from the Institution for work performed by the subcontractor under that contract, except for amounts withheld as allowed in subdivision 1.

4. An interest rate clause stating, "Unless otherwise provided under the terms of this contract, interest shall accrue at the rate of 1 percent per month."

Any such contract awarded shall further require the contractor to include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor:

A contractor's obligation to pay an interest charge to a subcontractor pursuant to the payment clause in this section shall not be construed to be an obligation of the Institution. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

§ 46. Interest penalty; exceptions. -

A. Interest shall accrue, at the rate determined pursuant to subsection B, on all amounts owed by the Institution to a vendor that remain unpaid after seven days following the payment date. However, nothing in this section shall affect any contract providing for a different rate of interest, or for the payment of interest in a different manner.

B. The rate of interest charged the Institution pursuant to subsection A shall be the base rate on corporate loans (prime rate) at large United States money center commercial banks as reported daily in the publication entitled *The Wall Street Journal*. Whenever a split prime rate is published, the lower of the two rates shall be used. However, in no event shall the rate of interest charged exceed the rate of interest established pursuant to § 58.1-1812 of the Code of Virginia.

C. Notwithstanding subsection A, no interest penalty shall be charged when payment is delayed because of disagreement between the Institution and a vendor regarding the quantity, quality, or time of delivery of goods or services or the accuracy of any invoice received for the goods or services. The exception from the interest penalty provided by this subsection shall apply only to that portion of a delayed payment that is actually the subject of the disagreement and shall apply only for the duration of the disagreement.

D. This section shall not apply to § 26 of these rules pertaining to retainage on construction contracts, during the period of time prior to the date the final payment is due. Nothing contained herein shall prevent a contractor from receiving interest on such funds under an approved escrow agreement.

E. Notwithstanding subsection A, no interest penalty shall be paid to any debtor on any payment, or portion thereof, withheld pursuant to the Comptroller's Debt Setoff Program, as authorized by the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of Title 2.2 of the Code of Virginia, commencing with the date the payment is withheld. If, as a result of an error, a payment or portion thereof is withheld, and it is determined that at the time of setoff no debt was owed to the Commonwealth, then interest shall accrue at the rate determined pursuant to subsection B on amounts withheld that remain unpaid after seven days following the payment date.

§ 47. Ineligibility. -

A. Any bidder, offeror, or contractor refused permission to participate, or disqualified from participation, in public contracts to be issued by the Institution shall be notified in writing. Prior to the issuance of a written determination of disqualification or ineligibility, the Institution shall (i) notify the bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

Within 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The Institution shall issue its written determination of disqualification or ineligibility based on all information in the possession of the Institution, including any rebuttal information, within five business days of the date the Institution received such rebuttal information.

If the evaluation reveals that the bidder, offeror, or contractor should be allowed permission to participate in the public contract, the Institution shall cancel the proposed disqualification action. If the evaluation reveals that the bidder should be refused permission to participate, or disqualified from participation, in the public contract, the Institution shall so notify the bidder, offeror, or contractor. The notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

B. If, upon appeal, it is determined that the action taken was arbitrary or capricious, or not in accordance with the Constitution of Virginia or applicable state law or regulations, the sole relief shall be restoration of eligibility.

§ 48. Appeal of denial of withdrawal of bid. -

A. A decision denying withdrawal of bid under the provisions of § 23 of these rules shall be final and conclusive unless the bidder appeals the decision within 10 days after receipt of the decision by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

B. If no bid bond was posted, a bidder refused withdrawal of a bid under the provisions of § 23 of these rules, prior to appealing, shall deliver to the Institution a certified check or cash bond in the amount of the difference between the bid sought to be withdrawn and the next low bid. Such security shall be released only upon a final determination that the bidder was entitled to withdraw the bid.

C. If, upon appeal, it is determined that the decision refusing withdrawal of the bid was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, the sole relief shall be withdrawal of the bid.

§ 49. Determination of nonresponsibility. -

A. Following public opening and announcement of bids received on an invitation to bid, the Institution shall evaluate the bids in accordance with element 4 of the definition of "Competitive sealed bidding" in § 4 of these rules. At the same time, the Institution shall determine whether the apparent low bidder is responsible. If the Institution so determines, then it may proceed with an award in accordance with element 5 of the definition of "competitive sealed bidding" in § 4 of these rules. If the Institution determines that the apparent low bidder is not responsible, it shall proceed as follows:

1. Prior to the issuance of a written determination of nonresponsibility, the Institution shall (i) notify the apparent low bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the apparent low bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

2. Within 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The Institution shall issue its written determination of responsibility based on all information in the possession of the Institution, including any rebuttal information, within five business days of the date the Institution received the rebuttal information. At the same time, the Institution shall notify, with return receipt requested, the bidder in writing of its determination.

3. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

The provisions of this subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

B. If, upon appeal pursuant to § 54 or 55 of these rules, it is determined that the decision of the Institution was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, and the award of the contract in question has not been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or directed award as provided in subsection A of § 54 of these rules, or both.

If it is determined that the decision of the Institution was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid, and an award of the contract has been made, the relief shall be as set forth in subsection B of § 54 of these rules.

C. A bidder contesting a determination that he is not a responsible bidder for a particular contract shall proceed under this section, and may not protest the award or proposed award under the provisions of § 50 of these rules.

D. Nothing contained in this section shall be construed to require the Institution, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

§ 50. Protest of award or decision to award. -

A. Any bidder or offeror who desires to protest the award or decision to award a contract shall submit the protest in writing to the Institution, or an official designated by the Institution, no later than 10 days after the award or the announcement of the decision to award, whichever occurs first.

Public notice of the award or the announcement of the decision to award shall be given by the Institution in the manner prescribed in the terms or conditions of the invitation to bid or request for proposal. Any potential bidder or offeror on a contract negotiated on a sole source or emergency basis who desires to protest the award or decision to award such contract shall submit the protest in the same manner no later than 10 days after posting or publication of the notice of such contract as provided in § 5 of these rules. However, if the protest of any actual or potential bidder or offeror depends in whole or in part upon information contained in public records pertaining to the procurement transaction that are subject to inspection under § 34 of these rules, then the time within which the protest shall be submitted shall expire 10 days after those records are available for inspection by such bidder or offeror under § 34 of these rules, or at such later time as provided in this section. No protest shall lie for a claim that the selected bidder or offeror is not a responsible bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The Institution or designated official shall issue a decision in writing within 10 days stating the reasons for the action taken. This decision shall be final unless the bidder or offeror appeals within 10 days of receipt of the written decision by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules. Nothing in this subsection shall be construed to permit a bidder to challenge the validity of the terms or conditions of the invitation to bid or request for proposal. The use of Alternative Dispute Resolution (ADR) shall constitute an administrative appeal procedure meeting the standards of § 55 of these rules.

B. If prior to an award it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The Institution shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided.

Where the award has been made but performance has not begun, the performance of the contract may be enjoined. Where the award has been made and performance has begun, the Institution may declare the contract void upon a finding that this action is in the best interest of the public. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

C. Where the Institution, an official designated by it, or an appeals board determines, after a hearing held following reasonable notice to all bidders, that there is probable cause to believe that a decision to award was based on fraud or corruption or on an act in violation of these rules, the Institution, designated official, or appeals board may enjoin the award of the contract to a particular bidder.

§ 51. Effect of appeal upon contract. -

Pending final determination of a protest or appeal, the validity of a contract awarded and accepted in good faith in accordance with these rules shall not be affected by the fact that a protest or appeal has been filed.

§ 52. Stay of award during protest. -

An award need not be delayed for the period allowed a bidder or offeror to protest, but in the event of a timely protest as provided in § 50 of these rules, or the filing of a timely legal action as provided in § 54 of these rules, no further action to award the contract shall be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

§ 53. Contractual disputes. -

A. Contractual claims, whether for money or other relief, shall be submitted in writing no later than 60 days after final payment. However, written notice of the contractor's intention to file a claim shall be given at the time of the occurrence or beginning of the work upon which the claim is based. Nothing herein shall preclude a contract from requiring submission of an invoice for final payment within a certain time after completion and acceptance of the work or acceptance of the goods. Pendency of claims shall not delay payment of amounts agreed due in the final payment.

B. The Institution shall include in its contracts a procedure for consideration of contractual claims. Such procedure, which may be contained in the contract or may be specifically incorporated into the contract by reference and made available to the contractor, shall establish a time limit for a final decision in writing by the Institution. If the Institution has established administrative procedures meeting the standards of § 55 of these rules, such procedures shall be contained in the contract or specifically incorporated in the contract by reference and made available to the contractor. The Institution may require the submission of contractual claims pursuant to any contract to Alternative Dispute Resolution (ADR) as an administrative procedure.

C. A contractor may not invoke administrative procedures meeting the standards of § 55 of these rules, if available, or institute legal action as provided in § 54 of these rules, prior to receipt of the Institution's decision on the claim, unless the Institution fails to render such decision within the time specified in the contract.

D. The decision of the Institution shall be final and conclusive unless the contractor appeals within six months of the date of the final decision on the claim by the Institution by invoking administrative procedures meeting the standards of § 55 of these rules, if available, or in the alternative by instituting legal action as provided in § 54 of these rules.

§ 54. Legal actions. -

A. A bidder or offeror, actual or prospective, who is refused permission or disqualified from participation in bidding or competitive negotiation, or who is determined not to be a responsible bidder or offeror for a particular contract, may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the petitioner establishes that the decision was not (i) an honest exercise of discretion, but rather was arbitrary or capricious; (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the invitation to bid; or (iii) in the case of denial of prequalification, based upon the criteria for denial of prequalification set forth in subsection B of § 14 of these rules. In the event the apparent low bidder, having been previously determined by the Institution to be not responsible in accordance with § 4 of these rules, is found by the court to be a responsible bidder, the court may direct the Institution to award the contract to such bidder in accordance with the requirements of this section and the invitation to bid.

B. A bidder denied withdrawal of a bid under § 23 of these rules may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the bidder establishes that the decision of the Institution was not (i) an honest exercise of discretion, but rather was arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms or conditions of the invitation to bid.

C. A bidder, offeror, or contractor, or a potential bidder, or offeror on a contract negotiated on a sole source or emergency basis in the manner provided in § 5 of these rules, whose protest of an award or decision to award under § 50 of these rules is denied, may bring an action in the appropriate circuit court challenging a proposed award or the award of a contract, which shall be reversed only if the petitioner establishes that the proposed award or the award is not (i) an honest exercise of discretion, but rather is arbitrary or capricious, or (ii) in accordance with the Constitution of Virginia, applicable state law or regulations, or the terms and conditions of the invitation to bid or request for proposal.

D. If injunctive relief is granted, the court, upon request of the Institution, shall require the posting of reasonable security to protect the Institution.

E. A contractor may bring an action involving a contract dispute with the Institution in the appropriate circuit court. Notwithstanding any other provision of law, the Comptroller shall not be named as a defendant in any action brought pursuant to these rules or § 33.2-1103 of the Code of Virginia, except for disputes involving contracts of the Office of the Comptroller or the Department of Accounts.

F. A bidder, offeror, or contractor need not utilize administrative procedures meeting the standards of § 55 of these rules, if available, but if those procedures are invoked by the bidder, offeror, or contractor, the procedures shall be exhausted prior to instituting legal action concerning the same procurement transaction unless the Institution agrees otherwise.

G. Nothing herein shall be construed to prevent the Institution from instituting legal action against a contractor.

§ 55. Administrative appeals procedure. -

A. The Institution may establish an administrative procedure for hearing (i) protests of a decision to award or an award, (ii) appeals from refusals to allow withdrawal of bids, (iii) appeals from disqualifications and determinations of nonresponsibility, (iv) appeals from decisions on disputes arising during the performance of a contract, or (v) any of these. Such administrative procedure may include the use of Alternative Dispute Resolution (ADR) or shall provide for a hearing before a disinterested person or panel, the opportunity to present pertinent information and the issuance of a written decision containing findings of fact. The disinterested person or panel shall not be an employee of the governmental entity against whom the claim has been filed. The findings of fact shall be final and conclusive and shall not be set aside unless the same are (a) fraudulent, arbitrary, or capricious; (b) so grossly erroneous as to imply bad faith; or (c) in the case of denial of prequalification, the findings were not based upon the criteria for denial of prequalification set forth in subsection B of § 14 of these rules. No determination on an issue of law shall be final if appropriate legal action is instituted in a timely manner. The Institution may seek advice and input from the Alternative Dispute Resolution Council in establishing an ADR procedure.

B. Any party to the administrative procedure, including the Institution, shall be entitled to institute judicial review if such action is brought within 30 days of receipt of the written decision.

§ 56. Alternative dispute resolution. -

The Institution may enter into agreements to submit disputes arising from contracts entered into pursuant to these rules to arbitration and utilize mediation and other alternative dispute resolution procedures. However, such procedures shall be nonbinding and subject to § 2.2-514 of the Code of Virginia, as applicable.

§ 57. *Ethics in public contracting. -*

The Institution and its governing body, officers, and employees shall be governed by the Ethics in Public Contracting provisions of the Virginia Public Procurement Act, Article 6 (§ 2.2-4367 et seq.) of Chapter 43 of Title 2.2 of the Code of Virginia.

I. PREAMBLE.

The Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 10 (§ 23.1-1000 et seq.) of Title 23.1 of the Code of Virginia, establishes a process for the restructuring of institutions of higher education of the Commonwealth of Virginia and provides that upon becoming a covered institution, the University shall have responsibility and accountability for human resources management for all University employees, defined in the Act as "covered employees," who pursuant to subsection A of § 23.1-1020 of the Act shall continue to be "state employee[s]". Specifically, the Act provides that, as of the effective date of its initial management agreement with the Commonwealth, all classified employees shall continue to be covered by the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, and shall be subject to the policies and procedures prescribed by the Virginia Department of Human Resource Management, provided that they may subsequently elect to become participating covered employees. All participating covered employees shall: (i) be exempt from the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia; (ii) remain subject to the State Grievance Procedure, Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 of the Code of Virginia, provided they were subject to the state grievance procedure prior to that effective date; (iii) participate in a compensation plan that is subject to the review and approval of the board of visitors; and (iv) be hired pursuant to procedures that are based on merit and fitness and may, subject to certain specified conditions, continue to participate in either state-sponsored or University-sponsored benefit plans as described by the management agreement.

The provisions of this policy are adopted by the board of visitors to implement the governing law and constitute the human resources policies to be included in any human resources system adopted by the University for its employees.

This policy is intended to cover the authority that may be granted to the University pursuant to Article 4 of the Act. Any other powers and authorities granted to the University pursuant to the general appropriation act, or any other sections of the Code of Virginia, including other provisions of the Act and the University's enabling statutes, are not affected by this policy.

The University has had human resources system autonomy through decentralization for its employees for some time. For example, general faculty at the University are expressly exempt from the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia. The University has had decentralization in most human resources functions and activities since the late 1980s and early 1990s, including, but not limited to, the running of payrolls and the administration of hiring, classification, and promotion practices of administrative/professional, research, and instructional faculty.

The Act extends and reinforces the human resources autonomy previously granted to the University. This policy therefore is adopted by the board of visitors to enable the University to develop, adopt, and have in place by or after the effective date of its initial management agreement with the Commonwealth a human resources system or systems for all University employees. On the effective date, and until changed by the University or unless otherwise specified in this policy, the systems for University employees shall be the same systems applicable to those employees in effect immediately prior to the effective date.

IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The board of visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this policy. Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. UNIVERSITY HUMAN RESOURCES SYSTEMS.

A. Adoption and Implementation of University Human Resources Systems.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, is hereby authorized to adopt and implement human resources systems for employees of the University that are consistent with the governing law, other applicable provisions of law, these University human resources policies for University employees, and any other human resources policies adopted by the Department of Human Resource Management or the board of visitors for University personnel, unless University employees are exempted from those other human resources policies by law or policy. The University human resources systems shall include a delegation of personnel authority to appropriate University officials responsible for overseeing and implementing the University human resources systems, including a grant of authority to such officials to engage in further delegation of authority as the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate.

The University commits to regularly engage employees in appropriate discussions and to receive employee input as the new University human resources systems are developed. The University will regularly communicate the details of new proposals to all employees who are eligible to participate in the University human resources system through written communication, open meetings, and website postings as appropriate, so that employees will have full information that will help them evaluate the merits of the new human resources system compared to the then-current state human resources system.

Effective on the effective date of its initial management agreement with the Commonwealth, and until amended as described in this subsection, the University's human resources systems shall consist of the following:

1. The current "George Mason University Faculty Handbook," as it is posted on the Provost's website, <https://provost.gmu.edu/administration/policy>, and periodically amended;
2. The current human resources system for classified employees in the University as posted on the Virginia Department of Human Resource Management website at <http://www.dhrm.virginia.gov/hrpolicies>; and

3. *The human resources system for participating covered employees, that shall include nonsalaried (wage) employees, as posted on the University's human resources website, <https://www.hr.gmu.edu/>.*

All the systems described in this subsection above, except the system described in subdivision 2, may be amended by the President of the University, acting through the Senior Vice President for Administration and Finance or designee, consistent with these human resources policies. The system described in subdivision 2 may be amended only by the Commonwealth.

B. Training in and Compliance with Applicable Provisions of Law and Board of Visitors Human Resources Policies.

The President of the University, acting through the Senior Vice President for Administration and Finance or designee, shall take all necessary and reasonable steps to assure (i) that the University officials who develop, implement, and administer the University human resources systems authorized by governing law and these human resources policies are knowledgeable regarding the requirements of the governing law, other applicable provisions of law, these University human resources policies, and other applicable board of visitors' human resources policies affecting University employees and (ii) that compliance with such laws and human resources policies is achieved.

VI. HUMAN RESOURCES POLICIES.

The University human resources systems adopted by the University pursuant to governing law and this policy, as set forth in Section V above, shall embody the following human resources policies and principles:

A. Election by University Salaried Nonfaculty Employees.

Upon the adoption by the University of a University human resources system, each salaried nonfaculty University employee who was in the employment of the University as of the day prior to the effective date of its initial management agreement with the Commonwealth shall be permitted to elect to participate in and be governed by either (i) the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, and administered by the Department of Human Resource Management or (ii) the University human resources system, as appropriate. A salaried nonfaculty University employee who elects to continue to be governed by the state human resources program described in this subsection above shall continue to be governed by all state human resources and benefit plans, programs, policies, and procedures that apply to and govern state employees. A salaried nonfaculty University employee who elects to participate in and be governed by the University human resources system, by that election, shall be deemed to have elected to be eligible to participate in and to be governed by the University human resources system, authorized alternative insurance, and severance plans, programs, policies, and procedures that are or may be adopted by the University as part of that University human resources system.

The University shall provide each of its salaried nonfaculty University employees who were in the employment of the University as of the day prior to the effective date of the University's initial management agreement with the Commonwealth at least 90 days after the date on which the University's human resources system becomes effective for that University employee's classification of employees to make the election required by the prior paragraph. If such a salaried nonfaculty University employee does not make an election by the end of that specified election period, that University employee shall be deemed not to have elected to participate in the University human resources system. If such a salaried nonfaculty University employee elects to participate in the University human resources system, that election shall be irrevocable. At least every two years, the University shall offer to salaried nonfaculty University employees who have elected to continue to participate in the state human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, an opportunity to elect to participate in the University human resources system, provided that, each time prior to offering such opportunity to such salaried nonfaculty University employees, and at least once every two years after the effective date of the University human resources system, the University shall make available to each of its salaried nonfaculty University employees a comparison of its human resources system for that classification of salaried nonfaculty University employee with the state human resources program for comparable state employees, including but not limited to a comparability assessment of compensation and benefits.

A copy of the human resources program comparison shall be provided to the Department of Human Resource Management.

B. Classification and Compensation.

1. General. The systems shall include classification and compensation plans that are fair and reasonable and are based on the availability of University financial resources. The plans adopted by the University for participating covered employees shall be independent of, and need not be based on, the classification and compensation plans of the Commonwealth, do not require the approval of any state agency or officer, and shall be subject to the review and approval by the board of visitors as set forth in subdivision 3. The University shall provide information on its classification and compensation plans to all University employees. The plans applicable to participating covered employees may or may not include changes in classification or compensation announced by the Commonwealth, depending on such factors as the availability of necessary financial resources to fund any such changes and subject to the review and approval by the board of visitors of any major changes in the University's compensation plans.

2. Classification Plan. The systems shall include one or more classification plans for University employees that classify positions according to job responsibilities and qualifications. On the effective date and until changed by the University, the classification plans shall be the same plans that are in effect for each group of employees immediately prior to the effective date.

3. *Compensation Plan.* The systems shall include one or more compensation plans for each University employee classification or group. On the effective date and until changed by the Department of Human Resource Management, the compensation plan for classified employees in the University shall be the compensation plan in effect immediately prior to the effective date, known as the Commonwealth's Classified Compensation Plan. On the effective date and until changed by the University, the compensation plan or plans for all participating covered employees shall be the compensation plan or plans in effect immediately prior to the effective date. The University may adopt one or more compensation plans for participating covered employees that are non-graded plan(s) based on internal and external market data and other relevant factors to be determined annually. Any major change in compensation plans for participating covered employees shall be reviewed and approved by the board of visitors before that change becomes effective. Any change recommended in the compensation plans may take into account the prevailing rates in the labor market for the jobs in question or for similar positions, the relative value of jobs, the competency and skills of the individual employee, internal equity, and the availability of necessary financial resources to fund the proposed change. The compensation payable to University employees shall be authorized and approved only by designated University officers delegated such authority by the University, and shall be consistent with the approved compensation plan for the relevant position or classification. Further approval by any other state agency, governmental body, or officer is not required for setting, adjusting, or approving the compensation payable to individual participating covered employees.

4. *Wages.* The systems shall include policies and procedures for the authorization, computation, and payment of wages, where appropriate, for such premium pays as overtime, shift differential, on call, and call back, and for the payment of hourly employees.

5. *Payment of Compensation.* The systems shall include policies and procedures for paying compensation to employees, including the establishment of one or more payday schedules.

6. *Work Schedule and Workweek.* The systems shall include policies and procedures for the establishment of, and modifications to, work schedules and workweeks for all University employees, including alternative work schedules and sites and telecommuting policies and procedures.

7. *Other Classification and Compensation Policies and Procedures.* The systems may include any other reasonable classification and compensation policies and procedures the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate.

C. Benefits.

The systems shall provide fringe benefits to all benefits-eligible employees, including retirement benefits, health care insurance, life, disability, and accidental death and dismemberment insurance. The benefits provided shall include a basic plan of benefits for each benefits-eligible employee, and may include an optional benefits plan for benefits-eligible employees, including additional insurance coverage, long-term care, tax deferred annuities, flexible reimbursement accounts, employee assistance programs, employee intramural and recreational passes, and other wellness programs. As provided in subsections B and C § 23.1-1025 of the Act, the University may require participating covered employees to pay all or a portion of the cost of group life, disability, and accidental death and dismemberment insurance, which may be collected through a payroll deduction program. Participating covered employees shall not be required to present evidence of insurability for basic group life insurance coverage. The board of visitors may elect to provide benefits through Virginia Retirement System group insurance programs under the terms of and to the extent allowed by § 23.1-1025 of the Act or any other provision of law.

Notwithstanding the provisions of this subsection above, pursuant to subsection A of § 23.1-1020 of the Act, and unless and until that section is amended, the state retirement system, state health insurance program, and state workers' compensation coverage program as they may be amended from time to time, shall continue to apply to and govern all eligible University employees. If, however, the University has been or is permitted by law other than the Act to establish an alternative retirement plan or plans, such retirement plan or plans shall apply to and govern the University employees included in such plan or plans.

The systems may provide different benefits plans for reasonably different groups or classifications of employees, and may provide benefits to part-time employees. On the effective date and until changed by the appropriate governing authority, the benefits plans provided by the University to classified employees and participating covered employees shall be the benefits plans provided to that group or classification as of the date immediately prior to that effective date. On or after the effective date, alternative University group life, accidental death and dismemberment, and short-term and long-term disability plans may be provided to eligible participating covered employees, or at the election of the board of visitors and subject to the execution of participation agreements as provided in subsections B and C of § 23.1-1025 of the Act, they may be provided by the appropriate state programs, but no contributions to the state programs by the University shall be required for participating covered employees who do not participate in the programs. Subject to the provisions of the Act, any new plans, programs, and material changes permitted under current law in University employee benefit plans, other than classified employee benefit plans, shall be approved by the board of visitors, including the authority to increase the cash match contribution rate up to the limit permitted by the Code of Virginia based on available resources and the authority to implement cafeteria-style benefits for University employees other than classified employees.

Insurance and all proceeds therefrom provided pursuant to § 23.1-1025 of the Act shall be exempt from legal process and may be subject to voluntary assignment as provided in subsection A of § 23.1-1025 of the Act.

D. Employee Relations.

1. *General.* The systems shall contain provisions that protect the rights and privileges of University employees consistent with sound management principles and fair employment practice law.

2. *Employee Safety and Health.* The systems shall contain provisions that promote workplace safety compliance with applicable law and regulations.

3. *Employee Work Environment.* The systems shall promote a work environment that is conducive to the performance of job duties and free from intimidation or coercion in violation of state or federal law, including sexual harassment or other discrimination.

4. *Employee Recognition.* The systems may provide for the use of leave awards and bonuses specific to policies and procedures for awarding, honoring, or otherwise recognizing University employees, including but not limited to those who have performed particularly meritorious service for the University, have been employed by the University for specified periods of time, or have retired from the University after lengthy service.

5. *Counseling Services.* The systems shall provide counseling services through the Commonwealth's Employee Assistance Program or a University Employee Assistance Program to any eligible University employee experiencing job-related difficulties and seeking counseling for those difficulties, and shall establish the circumstances under which the time necessary to participate in such counseling may be granted.

6. *Unemployment Compensation.* The systems shall ensure that University employees receive the full unemployment compensation benefits to which they are legally entitled and that the University's liability is limited to legitimate claims for such benefits.

7. *Workers' Compensation.* The systems shall ensure that University employees have workers' compensation benefits to which they are legally entitled pursuant to the State Employees Workers' Compensation Program administered by the Department of Human Resource Management.

8. *Performance Planning and Evaluation.* The systems shall include one or more performance planning and evaluation processes for University employees that (i) establish and communicate the University's performance expectations, (ii) help develop productive working relationships, (iii) allow employees to present their views concerning their performance, (iv) identify areas for training or professional development, (v) establish the process by which evaluations shall be conducted, (vi) clarify how superlative or inadequate performance shall be addressed, and (vii) ensure that all University employees are provided relevant information on the evaluation process. The systems may include separate performance and evaluation processes for reasonably distinguishable groups of University employees. On the effective date, the existing merit-based performance management system for faculty shall continue, until amended by the University. On or after that effective date, University nonfaculty salaried participating covered employees may be subject to a variable merit-based performance management system.

9. *Standards of Conduct and Performance.* In order to protect the well-being and rights of all employees and to ensure safe, efficient University operations and compliance with the law, the systems shall establish rules of personal conduct and standards of acceptable work performance for University salaried nonfaculty employees and policies for corrective discipline. In general, the policies for corrective discipline shall serve to (i) establish a uniform and objective process for correcting or disciplining unacceptable conduct or work performance, (ii) distinguish between less serious and more serious actions of misconduct and provide corrective action accordingly, and (iii) limit corrective action to employee conduct occurring only when employees are at work or are otherwise representing the University in an official or work-related capacity, unless otherwise specifically provided by the policies of the systems or other applicable law. The systems may provide for a probationary period for new and re-employed University salaried nonfaculty employees, during which period the policies for corrective discipline shall not be applicable and the employee may not use the grievance procedure set forth in subdivision 10. The systems may include separate rules of personal conduct and standards of acceptable work performance and policies for corrective discipline for reasonably distinguishable groups of University employees.

10. *Grievance Procedure.* As provided in the governing law, employees shall be encouraged to resolve employment-related problems and complaints informally and shall be permitted to discuss their concerns freely and without fear of retaliation with immediate supervisors and management. In the event that such problems cannot be resolved informally, all salaried nonfaculty University employees, regardless of their date of hire, shall have access, as provided in subsection A of § 23.1-1020 and in § 23.1-1023 of the Act, to the State Grievance Procedure, Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 of the Code of Virginia, to the extent it was applicable to their classification of employees prior to the effective date. On the effective date and until changed by the University, the faculty grievance procedures in effect immediately prior to the effective date shall continue.

11. *Discrimination Complaints.* If a classified employee believes discrimination has occurred, the classified employee may file a complaint with the Department of Human Resource Management Office of Equal Employment and Dispute Resolution. All covered employees and applicants for employment after the effective date of the University's initial management agreement with the Commonwealth shall file a complaint with the appropriate University office or with the appropriate federal agencies.

12. *Layoff Policy.* The systems shall include one or more layoff policies for salaried University employees who lose their jobs for reasons other than their job performance or conduct, such as a reduction in force or reorganization at the University. These University layoff policies shall govern such issues as (i) whether there is a need to effect a layoff; (ii) actions to be taken prior to a layoff; (iii) notice to employees affected by a layoff; (iv) placement options within the

University or its respective major divisions and within other parts of the University; (v) the preferential employment rights, if any, of various University employees; (vi) the effect of layoff on leave and service; and (vii) the policy for recalling employees. In accordance with the terms of the Act, University employees who (a) were employed prior to the effective date of the University's initial management agreement with the Commonwealth; (b) would otherwise be eligible for severance benefits under the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia; (c) were covered by the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 of the Code of Virginia, prior to that effective date; and (d) are separated because of a reduction in force shall have the same preferential hiring rights with state agencies and other executive branch institutions as classified employees have under § 2.2-3201 of the Code of Virginia. Conversely, the University shall recognize the hiring preference conferred by § 2.2-3201 of the Code of Virginia on state employees who were hired by a state agency or executive branch institution before the effective date of the University's initial management agreement with the Commonwealth and who were separated after that date by that state agency or executive branch institution because of a reduction in workforce. If the University has adopted a classification system pursuant to § 23.1-1021 of the Act that differs from the classification system administered by the Department of Human Resource Management, the University shall classify the separated employee according to its classification system and shall place the separated employee appropriately. The University may include separate policies for reasonably distinguishable groups of University employees. On or after the effective date of the University's initial management agreement with the Commonwealth, all employees from other state agencies and executive branch institutions who are placed by the University under the provisions of the State Layoff Policy shall be participating covered employees.

13. *Severance Benefits.* In accordance with the terms of the Act, the University shall adopt severance policies for salaried participating covered employees who are involuntarily separated for reasons unrelated to performance or conduct. The terms and conditions of such policies shall be determined by the board of visitors. Classified employees who otherwise would be eligible and were employed prior to the effective date of the University's initial management agreement with the Commonwealth shall be covered by the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia. The University and the Board of the Virginia Retirement System may negotiate a formula according to which cash severance benefits may be converted to years of age or creditable service for participating covered employees who participate in the Virginia Retirement System. An employee's becoming, on the effective date, a covered employee shall not constitute a severance or reduction in force to which severance policies or policies pursuant to the Workforce Transition Act of 1995, Chapter 32 (§ 2.2-3200 et seq.) of Title 2.2 of the Code of Virginia, would apply.

14. *Use of Alcohol and Other Drugs.* The systems shall include policies and procedures that (i) establish and maintain a work environment at the University that is free from the adverse effect of alcohol and other drugs; (ii) are consistent with the federal Drug-Free Workplace Act of 1988, 41 U.S.C. § 81, and with the George Mason University Alcohol and Other Drugs Policy; (iii) describe the range of authorized disciplinary action, including termination where appropriate, for violations of such policies and procedures and the process to be followed in taking such disciplinary action; (iv) provide University employees access to assistance and treatment for problems involving alcohol and other drugs; (v) provide for the circumstances under which employees are required to report certain violations of the policies and procedures to their supervisor and the University is required to report those violations to a federal contracting or granting agency; (vi) describe the circumstances under which personnel records of actions taken under the University's alcohol and other drugs policy shall not be kept confidential; and (vii) provide notice to University employees of the scope and content of the University alcohol and other drugs policy. As part of this alcohol and other drugs policy, and in compliance with the federal Omnibus Transportation Employee Testing Act of 1991, P.L. 102-143, the systems may provide for pre-employment, reasonable suspicion, random, post-accident, return-to-duty, and follow-up alcohol and other drug testing for University positions that are particularly safety sensitive, such as those requiring a commercial driver's license.

15. *Background Checks.* The systems shall include a process for conducting background checks that may include but is not limited to reference checks, educational/professional credentialing checks, and conviction and driver's records checks on applicants for full-time or part-time positions at the University, and for addressing situations where employees do not disclose a conviction on their applications or otherwise falsify their applications with regard to information concerning their educational/professional credentials and/or prior convictions.

16. *Other Employee Relations Policies and Procedures.* The systems shall include any other reasonable employee relations policies or procedures that the President of the University, acting through the Senior Vice President for Administration and Finance or designee, deems appropriate, that may include, but are not limited to, policies or procedures relating to orientation programs for new or re-employed University employees, an employee suggestion program, the responsibility of University employees for property placed in their charge, work breaks, inclement weather and emergencies, and employment outside the University.

E. Leave and Release Time.

The systems shall include policies and procedures regarding leave for eligible employees. The systems shall provide reasonable paid leave for purposes such as holidays, vacation, or other personal uses. The systems may provide for release time for such matters as the donation of blood, participation in an employee assistance program, and other appropriate employment-related matters. On or after the effective date of its initial management agreement with the Commonwealth, and until a new program is adopted by the appropriate authority, the University shall continue to provide leave and release time to participating covered employees in accordance with the leave and release time policies and procedures applicable

to each classification of employees prior to that effective date. On or after that effective date, the University may provide an alternative leave and release time system for salaried nonfaculty participating covered employees.

F. Equal Employment Opportunity, Nondiscrimination, Employment, and Separation.

1. *Equal Employment Opportunity and Nondiscrimination.* The systems shall contain policies and procedures to ensure that all aspects of human resources management, including the employment of University employees, meet all requirements of federal and state law and of the relevant policies of the board of visitors with regard to equal employment opportunity and nondiscrimination.

2. *Employment.* The systems shall include policies and procedures for the recruitment, selection, and hiring of University employees that are based on merit and fitness, including where appropriate a requirement for job posting, interviews, pre-employment testing, pre-employment drug testing, reference checks, and conviction record checks. On and after the effective date, the University shall post all salaried nonfaculty position vacancies through the University's job posting system, the Commonwealth's job posting system, and other external media as appropriate. The systems shall establish designated veterans' re-employment rights in accordance with applicable law.

In order to encourage employees to attain the highest-level positions for which they are qualified, and to compensate employees for accepting positions of increased value and responsibility, the systems shall include policies and procedures governing the promotion of employees, including the effect of promotion on an employee's compensation.

On or after the effective date of the University's initial management agreement with the Commonwealth, all employees hired from other state agencies shall be participating covered employees. University classified employees who change jobs within the University through a competitive employment process—i.e., promotion or transfer—shall have the choice of remaining a classified employee or becoming a participating covered employee. If a classified employee elects to become a participating covered employee, that decision shall be irrevocable.

3. *Notice of Separation.* The systems shall include policies and procedures requiring reasonable notice, where appropriate, of a decision either by the employee or by the University to separate the employee from the University in accordance with policies governing performance, conduct, or layoff.

G. Information Systems.

The University shall provide an electronic file transfer of information on all salaried University employees and shall continue to provide the employee position reports to meet the human resources reporting requirements specified by law or by request of the Governor or the General Assembly, unless the University is specifically exempted from those requirements. The University shall conduct assessments to demonstrate its accountability for human resources practices that comply with laws and regulations. The Department of Human Resource Management and the University have entered into a Memorandum of Understanding, attached hereto as Attachment 2, that may be amended from time to time by agreement of the parties, regarding the specific data and reporting requirements. The University shall be accountable for ensuring the timeliness and integrity of the data transmitted to the Department of Human Resource Management.

VII. CONTINUED APPLICABILITY OF OTHER PROVISIONS OF THE CODE OF VIRGINIA AND OTHER BOARD OF VISITORS POLICIES AFFECTING UNIVERSITY PERSONNEL.

On and after the effective date, University employees shall be subject to the terms and conditions of the Act and the management agreement between the Commonwealth and the University. Classified employees shall continue to be subject to the human resources policies and exceptions to those policies adopted or approved by the Department of Human Resource Management.

In addition, all University employees also shall remain subject to any other human resources policies adopted by the board of visitors applicable to University personnel unless University employees or a subset thereof are specifically exempted from those other human resources policies either by those other policies or by this policy.

Consistent with this full and ultimate accountability, however, the board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate board resolution the duties and responsibilities set forth in this policy to a person or persons within the University who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

V. FINANCIAL MANAGEMENT AND REPORTING SYSTEM.

§ 8.01-417. Copies of written statements or transcriptions of verbal statements by injured person to be delivered to him; copies of subpoenaed documents to be provided to other party; disclosure of insurance policy limits.

A. Any person who takes from a person who has sustained a personal injury a signed written statement or voice recording of any statement relative to such injury shall deliver to such injured person a copy of such written statement forthwith or a verified typed transcription of such recording within 30 days from the date such statement was given or recording made, when and if the statement or recording is transcribed or in all cases when requested by the injured person or his attorney.

B. Unless otherwise ordered for good cause shown, when one party to a civil proceeding subpoenas documents, the subpoenaing party, upon receipt of the subpoenaed documents, shall, if requested in writing, provide true and full copies of the same to any other party or to the attorney for any other party, provided the other party or attorney for the other party pays the reasonable cost of copying or reproducing the subpoenaed documents. This provision does not apply where the subpoenaed documents are returnable to and maintained by the clerk of court in which the action is pending.

C. After he gives written notice that he represents an injured person, an attorney, or an individual injured in a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for personal injuries sustained as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle liability or any personal injury liability insurance policy that may be applicable to the claim and (ii) the physical address, if known, of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The insurer shall provide the alleged tortfeasor's physical address within 30 days of the receipt of the request. When requesting the limits of liability, the requesting party shall also submit to the insurer the injured person's medical records, medical bills, and wage-loss documentation, if applicable, pertaining to the claimed injury. If (a) the total of the medical bills and wage losses submitted equals or exceeds \$12,500 or (b) regardless of the amount of losses, the alleged tortfeasor was ~~convicted of~~ *charged with* an offense under § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-268.3, or 46.2-341.24 and the injured person's injuries arose from the same incident that resulted in such ~~conviction~~ *charge*, the insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the injured person's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged injury or damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

D. After he gives written notice that he represents the personal representative of the estate of a decedent who died as a result of a motor vehicle accident, an attorney, or the personal representative of the estate of the decedent who died as a result of a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for wrongful death as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle liability insurance policy or any personal injury liability insurance policy that may be applicable to the claim and (ii) the physical address, if known, of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged tortfeasor if it has been reported to the requesting party, a copy of the accident report, if any, and the claim number, if available. The insurer shall provide the alleged tortfeasor's physical address within 30 days of the receipt of the request. When requesting the limits of liability, the requesting party shall submit to the insurer the death certificate of the decedent; the certificate of qualification of the personal representative of the decedent's estate; the names and relationships of the statutory beneficiaries of the decedent; medical bills, if any, supporting a claim for damages under subdivision 3 of § 8.01-52; and, if at the time the request is made a claim for damages under clause (i) of subdivision 2 of § 8.01-52 is anticipated, a description of the source, amount, and payment history of the claimed income loss for each beneficiary. The insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the personal representative's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged death or other damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

E. For purposes of subsections C and D, if the alleged tortfeasor has insurance coverage from a self-insured locality for a motor vehicle accident, as described in this section, and the locality is authorized by the alleged tortfeasor to accept service of process on behalf of the alleged tortfeasor and agrees to do so, the locality, in its discretion and instead of disclosing the alleged tortfeasor's home address, may disclose the insured's work address and the name and address of the person who shall accept service of process on behalf of the alleged tortfeasor. If the locality makes such a disclosure, the locality shall not be required to disclose the alleged tortfeasor's home address.

F. As used in subsections C and D, "insurer" does not include the insurance agency or the insurance agent representing the alleged tortfeasor as the authorized representative or agent with respect to the alleged tortfeasor's motor vehicle insurance policy.

CHAPTER 89

An Act to amend and reenact §§ 15.2-961 and 15.2-961.1 of the Code of Virginia, relating to replacement and conservation of trees during development.

[H 2042]

Approved March 12, 2021

Be it enacted by the General Assembly of Virginia:**1. That §§ 15.2-961 and 15.2-961.1 of the Code of Virginia are amended and reenacted as follows:****§ 15.2-961. Replacement of trees during development process in certain localities.**

A. Any locality with a population density of at least 75 persons per square mile or any locality within the Chesapeake Bay watershed may adopt an ordinance providing for the planting and replacement of trees during the development process pursuant to the provisions of this section. Population density shall be based upon the latest population estimates of the Cooper Center for Public Service of the University of Virginia.

B. ~~The~~ *Except as set forth in subsection J, the* ordinance shall require that the site plan for any subdivision or development include the planting or replacement of trees on the site to the extent that, at 20 years, minimum tree canopies or covers will be provided in areas to be designated in the ordinance, as follows:

1. Ten percent tree canopy for a site zoned business, commercial, or industrial;
2. Ten percent tree canopy for a residential site zoned 20 or more units per acre;
3. Fifteen percent tree canopy for a residential site zoned more than 10 but less than 20 units per acre; and
4. Twenty percent tree canopy for a residential site zoned 10 units or less per acre.

However, the City of Williamsburg may require at 10 years the minimum tree canopies or covers set out above.

C. The ordinance shall require that the site plan for any subdivision or development include, at 20 years, that a minimum 10 percent tree canopy will be provided on the site of any cemetery as defined in § 54.1-2310, notwithstanding any other provision of this section. In no event shall any local tree replacement or planting ordinance adopted pursuant to this section exceed the requirements of this subsection.

D. The ordinance shall provide for reasonable provisions for reducing the tree canopy requirements or granting tree cover credit in consideration of the preservation of existing tree cover or for preservation of trees of outstanding age, size or physical characteristics.

E. The ordinance shall provide for reasonable exceptions to or deviations from these requirements to allow for the reasonable development of farm land or other areas devoid of healthy or suitable woody materials, for the preservation of wetlands, or otherwise when the strict application of the requirements would result in unnecessary or unreasonable hardship to the developer. In such instances, the ordinance may provide for a tree canopy bank *or fund* whereby a portion of a development's tree canopy requirement may be met from off-site planting or replacement of trees, *as provided in § 15.2-961.1*, at the direction of the locality. The following shall be exempt from the requirements of any tree replacement or planting ordinance promulgated under this section: dedicated school sites, playing fields and other nonwooded recreation areas, and other facilities and uses of a similar nature.

F. The ordinance may designate tree species that cannot be planted to meet minimum tree canopy requirements due to tendencies of such species to (i) negatively impact native plant communities, (ii) cause damage to nearby structures and infrastructure, or (iii) possess inherent physiological traits that cause such trees to structurally fail. All trees to be planted shall meet the specifications of the AmericanHort. The planting of trees shall be done in accordance with either the standardized landscape specifications jointly adopted by the Virginia Nursery and Landscape Association, the Virginia Society of Landscape Designers and the Virginia Chapter of the American Society of Landscape Architects, or the road and bridge specifications of the Virginia Department of Transportation.

G. Existing trees which are to be preserved may be included to meet all or part of the canopy requirements, and may include wooded preserves, if the site plan identifies such trees and the trees meet standards of desirability and life-year expectancy which the locality may establish.

H. For purposes of this section:

"Tree canopy" or "tree cover" includes all areas of coverage by plant material exceeding five feet in height, and the extent of planted tree canopy at 10 or 20 years maturity. Planted canopy at 10 or 20 years maturity shall be based on published reference texts generally accepted by landscape architects, nurserymen, and arborists in the community, and the texts shall be specified in the ordinance.

I. Penalties for violations of ordinances adopted pursuant to this section shall be the same as those applicable to violations of zoning ordinances of the locality.

J. ~~In no event shall any~~ *A* local tree replacement or planting ordinance adopted pursuant to this section *may* exceed the requirements set forth herein (i) *to generate pollution reduction credits through installation of an approved Urban Tree Canopy Expansion best management practice (BMP) or other approved BMP for compliance with the locality's municipal separate storm sewer system (MS4) Permit;* (ii) *in any development project located in a Chesapeake Bay Preservation Area to address recurrent flooding;* (iii) *in any development project located in an area that prior to the passage of the federal Fair Housing Act of 1968, 42 U.S.C. § 3601 et seq., was redlined or graded "D" by the federal Home Owners' Loan*

Corporation; and (iv) to ensure conformity with the comprehensive plan adopted by the locality pursuant to §§ 15.2-2223 through 15.2-2226.

K. Nothing in this section shall invalidate any local ordinance adopted pursuant to the provisions of this section prior to July 1, 1990, which imposes standards for tree replacement or planting during the development process.

L. Nothing in this section shall invalidate any local ordinance adopted by the City of Williamsburg that imposes standards for 10-year-minimum tree cover replacement or planting during the development process.

M. Nothing in this section shall invalidate any local ordinance adopted pursuant to the provisions of this section after July 1, 1990, which imposes standards for 20-year-minimum tree cover replacement or planting during the development process.

§ 15.2-961.1. Conservation of trees during land development process.

A. For purposes of this section, "tree canopy" or "tree cover" includes all areas of canopy coverage by self-supporting and healthy woody plant material exceeding five feet in height, and the extent of planted tree canopy at 20-years maturity.

B. Any locality within Planning District 8 that meets the population density criteria of subsection A of § 15.2-961 and is classified as an eight-hour nonattainment area for ozone under the federal Clean Air Act and Amendments of 1990, in effect as of July 1, 2008, may adopt an ordinance providing for the conservation of trees during the land development process pursuant to the provisions of this section. In no event shall any local tree conservation ordinance adopted pursuant to this section also impose the tree replacement provisions of § 15.2-961.

C. The ordinance shall require that the site plan for any subdivision or development provide for the preservation or replacement of trees on the development site such that the minimum tree canopy or tree cover percentage 20 years after development is projected to be as follows:

1. Ten percent tree canopy for a site zoned business, commercial, or industrial;
2. Ten percent tree canopy for a residential site zoned 20 or more units per acre;
3. Fifteen percent tree canopy for a residential site zoned more than eight but less than 20 units per acre;
4. Twenty percent tree canopy for a residential site zoned more than four but not more than eight units per acre;
5. Twenty-five percent tree canopy for a residential site zoned more than two but not more than four units per acre; and
6. Thirty percent tree canopy for a residential site zoned two or fewer units per acre.

In meeting these percentages, (i) the ordinance shall first emphasize the preservation of existing tree canopy where that canopy meets local standards for health and structural condition, and where it is feasible to do so within the framework of design standards and densities allowed by the local zoning and other development ordinances; and (ii) second, where it is not feasible in whole or in part for any of the justifications listed in subsection E to preserve existing canopy in the required percentages listed above, the ordinance shall provide for the planting of new trees to meet the required percentages.

D. Except as provided in subsection E, the percentage of the site covered by tree canopy at the time of plan submission shall equate to the minimum portion of the requirements identified in subsection C that shall be provided through tree preservation. This portion of the canopy requirements shall be identified as the "tree preservation target" and shall be included in site plan calculations or narratives demonstrating how the overall requirements of subsection C have been met.

E. The ordinance shall provide deviations, in whole or in part, from the tree preservation target defined in subsection D under the following conditions:

1. Meeting the preservation target would prevent the development of uses and densities otherwise allowed by the locality's zoning or development ordinance.
2. The predevelopment condition of vegetation does not meet the locality's standards for health and structural condition.
3. Construction activities could be reasonably expected to impact existing trees to the extent that they would not likely survive in a healthy and structurally sound manner. This includes activities that would cause direct physical damage to the trees, including root systems, or cause environmental changes that could result in or predispose the trees to structural and health problems.

If, in the opinion of the developer, the project cannot meet the tree preservation target due to the conditions described in subdivision 1, 2, or 3, the developer may request a deviation from the preservation requirement in subsection D. In the request for deviation, the developer shall provide a letter to the locality that provides justification for the deviation, describes how the deviation is the minimum necessary to afford relief, and describes how the requirements of subsection C will be met through tree planting or a tree canopy bank or fund established by the locality. Proposed deviations shall be reviewed by the locality's urban forester, arborist, or equivalent in consultation with the locality's land development or licensed professional civil engineering review staff. The locality may propose an alternative site design based upon adopted land development practices and sound vegetation management practices that take into account the relationship between the cost of conservation and the benefits of the trees to be preserved as described in ANSI A300 (Part 5) — 2005 Management: Tree, Shrub, and Other Woody Plant Maintenance — Standard Practices, Management of Trees and Shrubs During Site Planning, Site Development, and Construction, Annex A, A-1.5, Cost Benefits Analysis (or the latest version of this standard). The developer shall consider the alternative and redesign the plan accordingly, or elect to satisfy the unmet portion of the preservation threshold through on-site tree planting or through the off-site planting mechanisms identified in subsection G, so long as the developer provides the locality with an explanation of why the alternative design recommendations were rejected. Letters of explanation from the developer shall be prepared and certified by a licensed professional engineer as defined in § 54.1-400. If arboricultural issues are part of explanation then the letter shall be signed

by a Certified Arborist who has taken and passed the certification examination sponsored by the International Society of Arboriculture and who maintains a valid certification status or by a Registered Consulting Arborist as designated by the American Society of Consulting Arborists. If arboricultural issues are the sole subject of the letter of explanation then certification by a licensed professional engineer shall not be required.

F. The ordinance shall provide for deviations of the overall canopy requirements set forth in subsection C to allow for the preservation of wetlands, the development of farm land or other areas previously devoid of healthy and/or suitable tree canopy, or where the strict application of the requirements would result in unnecessary or unreasonable hardship to the developer.

G. The ordinance shall provide for the establishment of a tree canopy bank or fund whereby any portion of the tree canopy requirement that cannot be met on-site may be met through off-site tree preservation or tree planting efforts. Such provisions may be offered where it can be demonstrated that application of the requirements of subsection C would cause irresolvable conflicts with other local site development requirements, standards, or comprehensive planning goals, where sites or portions of sites lack sufficient space for future tree growth, where planting spaces will not provide adequate space for healthy root development, where trees will cause unavoidable conflicts with underground or overhead utilities, or where it can be demonstrated that trees are likely to cause damage to public infrastructure. The ordinance may utilize any of the following off-site canopy establishment mechanisms:

1. A tree canopy bank may be established in order for the locality to facilitate off-site tree preservation, tree planting, stream bank, and riparian restoration projects. Banking efforts shall provide tree canopy that is preserved in perpetuity through conservation easements, deed restrictions, or similar protective mechanisms acceptable to the locality. Projects used in off-site banking will meet the same ordinance standards established for on-site tree canopy; however, the locality may also require the submission of five-year management plans and funds to ensure the execution of maintenance and management obligations identified in those plans. ~~Any~~ *If a locality is located within a nonattainment area, any* such bank shall occur within the same nonattainment area in which the locality approving the tree banking is situated.

2. A tree canopy fund may be established to act as a fiscal mechanism to collect, manage, and disburse fees collected from developers that cannot provide full canopy requirements on-site. The locality may use this fund directly to plant trees on public property, or the locality may elect to disburse this fund to community-based organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code with tree planting or community beautification missions for tree planting programs that benefit the community at large. For purposes of establishing consistent and predictable fees, the ordinance shall establish cost units that are based on average costs to establish 20-year canopy areas using two-inch caliper nursery stock trees. Any funds collected by localities for these purposes shall be spent *or disbursed as set forth herein* within a five-year period established by the collection date, ~~or the locality shall return such funds to the original contributor, or legal successor.~~

H. The following uses shall be exempt from the requirements of any ordinance promulgated under this section: bona fide silvicultural activity as defined by § 10.1-1181.1 and the areas of sites included in lakes, ponds, and the normal water elevation area of stormwater retention facilities. The ordinance shall modify the canopy requirements of dedicated school sites, playing fields, and other nonwooded active recreation areas by allowing these and other facilities and uses of a similar nature to provide 10 percent tree canopy 20 years after development.

I. 1. In recognition of the added benefits of tree preservation, the ordinance shall provide for an additional tree canopy credit of up to one and one-quarter times the canopy area at the time of plan submission for individual trees or the coalesced canopy of forested areas preserved from the predevelopment tree canopy.

2. The following additional credits may be provided in the ordinance in connection with tree preservation:

a. The ordinance may provide canopy credits of up to one and one-half times the actual canopy area for the preservation of forest communities that achieve environmental, ecological, and wildlife conservation objectives set by the locality. The ordinance may establish minimal area, dimensional and viability standards as prerequisites for the application of credits. Forest communities shall be identified using the nomenclature of either the federal National Vegetation Classification System (FGDC-STD-005, or latest version) or the Natural Communities of Virginia Classification of Ecological Community Groups, Second Approximation (Version 2.2, or latest version).

b. The ordinance may provide canopy credits of up to three times the actual canopy area of trees that are officially designated for preservation in conjunction with local tree conservation ordinances based on the authority granted by § 10.1-1127.1.

J. The following additional credits shall be provided in the ordinance in connection with tree planting:

1. The ordinance shall provide canopy credits of one and one-half the area normally projected for trees planted to absorb or intercept air pollutants, tree species that produce lower levels of reactive volatile organic compounds, or trees that act to reduce air pollution or greenhouse gas emissions by conserving the energy used to cool and heat buildings.

2. The ordinance shall provide canopy credits of one and one-quarter the area normally projected for trees planted for water quality-related reforestation or afforestation projects, and for trees planted in low-impact development and bioretention water quality facilities. The low-impact development practices and designs shall conform to local standards in order for these supplemental credits to apply.

3. The ordinance shall provide canopy credits of one and one-half the area normally projected for native tree species planted to provide food, nesting, habitat, and migration opportunities for wildlife. These canopy credits may also apply to

cultivars of native species if the locality determines that such a cultivar is capable of providing the same type and extent of wildlife benefit as the species it is derived from.

4. The ordinance shall provide canopy credits of one and one-half the area normally projected for use of native tree species that are propagated from seed or tissue collected within the mid-Atlantic region.

5. The ordinance shall provide canopy credits of one and one-quarter the area normally projected for the use of cultivars or varieties that develop desirable growth and structural patterns, resist decay organisms and the development of cavities, show high levels of resistance to disease or insect infestations, or exhibit high survival rates in harsh urban environments.

K. Tree preservation areas and individual trees may not receive more than one application of additional canopy credits provided in subsection I. Individual trees planted to meet these requirements may not receive more than two categories of additional canopy credits provided in subsection J. Canopy credits will only be given to trees with trunks that are fully located on the development site, or in the case of tree banking projects only to trees with trunks located fully within easements or other areas protected by deed restrictions listed in subsection G.

L. All trees planted for tree cover credits shall meet the specifications of the American Association of Nurserymen *AmericanHort* and shall be planted in accordance with the publication entitled "Tree and Shrub Planting Guidelines," published by the Virginia Cooperative Extension.

M. In order to provide higher levels of biodiversity and to minimize the spread of pests and diseases, or to limit the use of species that cause negative impacts to native plant communities, cause damage to nearby structures, or possess inherent physiological traits that prone trees to structural failure, the ordinance may designate species that cannot be used to meet tree canopy requirements or designate species that will only receive partial 20-year tree canopy credits.

N. The locality may allow the use of tree seedlings for meeting tree canopy requirements in large open spaces, low-density residential settings, or in low-impact development reforestation/afforestation projects. In these cases, the ordinance shall allow the ground surface area of seedling planting areas to equate to a 20-year canopy credit area. Tree seedling plantings will be comprised of native species and will be planted in densities that equate to 400 seedlings per acre, or in densities specified by low-impact development designs approved by the locality. The locality may set standards for seedling mortality rates and replacement procedures if unacceptable rates of mortality occur. The locality may elect to allow native woody shrubs or native woody seed mix to substitute for tree species as long as these treatments do not exceed 33 percent of the overall seedling planting area. The number of a single species may not exceed 10 percent of the overall number of trees or shrubs planted to meet the provisions of this subsection.

O. The following process shall be used to demonstrate achievement of the required percentage of tree canopy listed in subsection C:

1. The site plan shall graphically delineate the edges of predevelopment tree canopy, the proposed limits of disturbance on grading or erosion and sedimentation control plans, and the location of tree protective fencing or other tree protective devices allowed in the Virginia Erosion and Sediment Control Handbook.

2. Site plans proposing modification to tree canopy requirements or claiming supplemental tree canopy credits will require a text narrative.

3. The site plan shall include the 20-year tree canopy calculations on a worksheet provided by the locality.

4. Site plans requiring tree planting shall provide a planting schedule that provides botanical and common names of trees, the number of trees being planted, the total of tree canopy area given to each species, variety or cultivars planted, total of tree canopy area that will be provided by all trees, planting sizes, and associated planting specifications. The site plan will also provide a landscape plan that delineates where the trees shall be planted.

P. The ordinance shall provide a list of commercially available tree species, varieties, and cultivars that are capable of thriving in the locality's climate and ranges of planting environments. The ordinance will also provide a 20-year tree canopy area credit for each tree. The amount of tree canopy area credited to individual tree species, varieties, and cultivars 20 years after they are planted shall be based on references published or endorsed by Virginia academic institutions such as the Virginia Polytechnic Institute and State University and accepted by urban foresters, arborists, and horticulturalists as being accurate for the growing conditions and climate of the locality.

Q. The ordinance shall establish standards of health and structural condition of existing trees and associated plant communities to be preserved. The ordinance may also identify standards for removal of trees or portions of trees that are dead, dying, or hazardous due to construction impacts. Such removal standards may allow for the retention of trunk snags where the locality determines that these may provide habitat or other wildlife benefits and do not represent a hazardous condition. In the event that existing tree canopy proposed to be preserved for tree canopy credits dies or must be removed because it represents a hazard, the locality may require the developer to remove the tree, or a portion of the tree and to replace the missing canopy area by the planting of nursery stock trees, or if a viable alternative, by tree seedlings. Existing trees that have been granted credits will be replaced with canopy area determined using the same supplemental credit multipliers as originally granted for that canopy area.

R. Penalties for violation of ordinances adopted pursuant to this section shall be the same as those applicable to violations of zoning ordinances of the locality.

S. ~~In no event shall any~~ A local tree conservation ordinance adopted pursuant to this section *may* exceed the requirements set forth herein; ~~however, any~~ (i) *in any development project located in a Chesapeake Bay Preservation Area to address recurrent flooding;* (ii) *in any development project located in an area that prior to the passage of the federal Fair*

Housing Act of 1968, 42 U.S.C. § 3601 et seq., was redlined or graded "D" by the federal Home Owners' Loan Corporation; and (iii) to ensure conformity with the locality's comprehensive plan duly adopted pursuant to §§ 15.2-2223 through 15.2-2226. Any local ordinance adopted pursuant to the provisions of § 15.2-961 prior to July 1, 1990, may adopt the tree conservation provisions of this section based on 10-year minimum tree canopy requirements.

T. Nothing in this section shall invalidate any local ordinance adopted pursuant to § 15.2-961.

- 2. That the Secretary of Natural Resources and Secretary of Agriculture and Forestry (the Secretaries) shall convene a stakeholder work group (the Work Group) for the purpose of developing and providing recommendations to state and local governments related to policies that encourage the conservation of mature trees and tree cover on sites being developed, increase tree canopy cover in communities, and encourage the planting of trees. The Work Group shall also examine the Commonwealth's existing enabling statutes and their use related to the preservation, planting, and replacement of trees during the land development process, including §§ 15.2-961 and 15.2-961.1 of the Code of Virginia and the amendments to such sections provided in the first enactment of this act, and recommend amendments to those statutes or the adoption of new Code sections that would enhance the preservation, planting, and replacement of trees during the land development process and increase incentives for the preservation, planting, and replacement of trees during the land development process. The Work Group shall be composed of representatives of the residential and commercial development industries, representatives of agricultural and forestry industries, professional environmental technical experts, representatives of environmental and conservation organizations, representatives of local governments, solar developers, and other affected parties so that the various stakeholders are represented in the Work Group. No later than October 1, 2021, the Secretaries shall provide a report containing the Work Group's detailed findings, recommendations, and draft legislation to encourage the conservation of tree cover and mature trees, and the planting of trees, to the Chairmen of the House Committee on Agriculture, Chesapeake and Natural Resources, the House Committee on Counties, Cities and Towns, the Senate Committee on Agriculture, Conservation and Natural Resources, and the Senate Committee on Local Government.**
- 3. That the provisions of the first enactment of this act shall not become effective unless reenacted by the 2022 Session of the General Assembly.**

CHAPTER 90

An Act to amend and reenact §§ 15.2-961 and 15.2-961.1 of the Code of Virginia, relating to replacement and conservation of trees during development.

[S 1393]

Approved March 12, 2021

Be it enacted by the General Assembly of Virginia:

- 1. That §§ 15.2-961 and 15.2-961.1 of the Code of Virginia are amended and reenacted as follows:**

§ 15.2-961. Replacement of trees during development process in certain localities.

A. Any locality with a population density of at least 75 persons per square mile or any locality within the Chesapeake Bay watershed may adopt an ordinance providing for the planting and replacement of trees during the development process pursuant to the provisions of this section. Population density shall be based upon the latest population estimates of the Cooper Center for Public Service of the University of Virginia.

B. *The Except as set forth in subsection J, the ordinance shall require that the site plan for any subdivision or development include the planting or replacement of trees on the site to the extent that, at 20 years, minimum tree canopies or covers will be provided in areas to be designated in the ordinance, as follows:*

1. Ten percent tree canopy for a site zoned business, commercial, or industrial;
2. Ten percent tree canopy for a residential site zoned 20 or more units per acre;
3. Fifteen percent tree canopy for a residential site zoned more than 10 but less than 20 units per acre; and
4. Twenty percent tree canopy for a residential site zoned 10 units or less per acre.

However, the City of Williamsburg may require at 10 years the minimum tree canopies or covers set out above.

C. The ordinance shall require that the site plan for any subdivision or development include, at 20 years, that a minimum 10 percent tree canopy will be provided on the site of any cemetery as defined in § 54.1-2310, notwithstanding any other provision of this section. In no event shall any local tree replacement or planting ordinance adopted pursuant to this section exceed the requirements of this subsection.

D. The ordinance shall provide for reasonable provisions for reducing the tree canopy requirements or granting tree cover credit in consideration of the preservation of existing tree cover or for preservation of trees of outstanding age, size or physical characteristics.

E. The ordinance shall provide for reasonable exceptions to or deviations from these requirements to allow for the reasonable development of farm land or other areas devoid of healthy or suitable woody materials, for the preservation of wetlands, or otherwise when the strict application of the requirements would result in unnecessary or unreasonable hardship to the developer. In such instances, the ordinance may provide for a tree canopy bank *or fund* whereby a portion of a development's tree canopy requirement may be met from off-site planting or replacement of trees, *as provided in § 15.2-961.1*, at the direction of the locality. The following shall be exempt from the requirements of any tree replacement

or planting ordinance promulgated under this section: dedicated school sites, playing fields and other nonwooded recreation areas, and other facilities and uses of a similar nature.

F. The ordinance may designate tree species that cannot be planted to meet minimum tree canopy requirements due to tendencies of such species to (i) negatively impact native plant communities, (ii) cause damage to nearby structures and infrastructure, or (iii) possess inherent physiological traits that cause such trees to structurally fail. All trees to be planted shall meet the specifications of the AmericanHort. The planting of trees shall be done in accordance with either the standardized landscape specifications jointly adopted by the Virginia Nursery and Landscape Association, the Virginia Society of Landscape Designers and the Virginia Chapter of the American Society of Landscape Architects, or the road and bridge specifications of the Virginia Department of Transportation.

G. Existing trees which are to be preserved may be included to meet all or part of the canopy requirements, and may include wooded preserves, if the site plan identifies such trees and the trees meet standards of desirability and life-year expectancy which the locality may establish.

H. For purposes of this section:

"Tree canopy" or "tree cover" includes all areas of coverage by plant material exceeding five feet in height, and the extent of planted tree canopy at 10 or 20 years maturity. Planted canopy at 10 or 20 years maturity shall be based on published reference texts generally accepted by landscape architects, nurserymen, and arborists in the community, and the texts shall be specified in the ordinance.

I. Penalties for violations of ordinances adopted pursuant to this section shall be the same as those applicable to violations of zoning ordinances of the locality.

J. ~~In no event shall any~~ A local tree replacement or planting ordinance adopted pursuant to this section *may* exceed the requirements set forth herein (i) *to generate pollution reduction credits through installation of an approved Urban Tree Canopy Expansion best management practice (BMP) or other approved BMP for compliance with the locality's municipal separate storm sewer system (MS4) Permit;* (ii) *in any development project located in a Chesapeake Bay Preservation Area to address recurrent flooding;* (iii) *in any development project located in an area that prior to the passage of the federal Fair Housing Act of 1968, 42 U.S.C. § 3601 et seq., was redlined or graded "D" by the federal Home Owners' Loan Corporation; and* (iv) *to ensure conformity with the comprehensive plan adopted by the locality pursuant to §§ 15.2-2223 through 15.2-2226.*

K. Nothing in this section shall invalidate any local ordinance adopted pursuant to the provisions of this section prior to July 1, 1990, which imposes standards for tree replacement or planting during the development process.

L. Nothing in this section shall invalidate any local ordinance adopted by the City of Williamsburg that imposes standards for 10-year-minimum tree cover replacement or planting during the development process.

M. Nothing in this section shall invalidate any local ordinance adopted pursuant to the provisions of this section after July 1, 1990, which imposes standards for 20-year-minimum tree cover replacement or planting during the development process.

§ 15.2-961.1. Conservation of trees during land development process.

A. For purposes of this section, "tree canopy" or "tree cover" includes all areas of canopy coverage by self-supporting and healthy woody plant material exceeding five feet in height, and the extent of planted tree canopy at 20-years maturity.

B. ~~Any locality within Planning District 8 that meets the population density criteria of subsection A of § 15.2-961 and is classified as an eight-hour nonattainment area for ozone under the federal Clean Air Act and Amendments of 1990, in effect as of July 1, 2008,~~ may adopt an ordinance providing for the conservation of trees during the land development process pursuant to the provisions of this section. In no event shall any local tree conservation ordinance adopted pursuant to this section also impose the tree replacement provisions of § 15.2-961.

C. The ordinance shall require that the site plan for any subdivision or development provide for the preservation or replacement of trees on the development site such that the minimum tree canopy or tree cover percentage 20 years after development is projected to be as follows:

1. Ten percent tree canopy for a site zoned business, commercial, or industrial;
2. Ten percent tree canopy for a residential site zoned 20 or more units per acre;
3. Fifteen percent tree canopy for a residential site zoned more than eight but less than 20 units per acre;
4. Twenty percent tree canopy for a residential site zoned more than four but not more than eight units per acre;
5. Twenty-five percent tree canopy for a residential site zoned more than two but not more than four units per acre; and
6. Thirty percent tree canopy for a residential site zoned two or fewer units per acre.

In meeting these percentages, (i) the ordinance shall first emphasize the preservation of existing tree canopy where that canopy meets local standards for health and structural condition, and where it is feasible to do so within the framework of design standards and densities allowed by the local zoning and other development ordinances; and (ii) second, where it is not feasible in whole or in part for any of the justifications listed in subsection E to preserve existing canopy in the required percentages listed above, the ordinance shall provide for the planting of new trees to meet the required percentages.

D. Except as provided in subsection E, the percentage of the site covered by tree canopy at the time of plan submission shall equate to the minimum portion of the requirements identified in subsection C that shall be provided through tree preservation. This portion of the canopy requirements shall be identified as the "tree preservation target" and shall be included in site plan calculations or narratives demonstrating how the overall requirements of subsection C have been met.

E. The ordinance shall provide deviations, in whole or in part, from the tree preservation target defined in subsection D under the following conditions:

1. Meeting the preservation target would prevent the development of uses and densities otherwise allowed by the locality's zoning or development ordinance.

2. The predevelopment condition of vegetation does not meet the locality's standards for health and structural condition.

3. Construction activities could be reasonably expected to impact existing trees to the extent that they would not likely survive in a healthy and structurally sound manner. This includes activities that would cause direct physical damage to the trees, including root systems, or cause environmental changes that could result in or predispose the trees to structural and health problems.

If, in the opinion of the developer, the project cannot meet the tree preservation target due to the conditions described in subdivision 1, 2, or 3, the developer may request a deviation from the preservation requirement in subsection D. In the request for deviation, the developer shall provide a letter to the locality that provides justification for the deviation, describes how the deviation is the minimum necessary to afford relief, and describes how the requirements of subsection C will be met through tree planting or a tree canopy bank or fund established by the locality. Proposed deviations shall be reviewed by the locality's urban forester, arborist, or equivalent in consultation with the locality's land development or licensed professional civil engineering review staff. The locality may propose an alternative site design based upon adopted land development practices and sound vegetation management practices that take into account the relationship between the cost of conservation and the benefits of the trees to be preserved as described in ANSI A300 (Part 5) — 2005 Management: Tree, Shrub, and Other Woody Plant Maintenance — Standard Practices, Management of Trees and Shrubs During Site Planning, Site Development, and Construction, Annex A, A-1.5, Cost Benefits Analysis (or the latest version of this standard). The developer shall consider the alternative and redesign the plan accordingly, or elect to satisfy the unmet portion of the preservation threshold through on-site tree planting or through the off-site planting mechanisms identified in subsection G, so long as the developer provides the locality with an explanation of why the alternative design recommendations were rejected. Letters of explanation from the developer shall be prepared and certified by a licensed professional engineer as defined in § 54.1-400. If arboricultural issues are part of explanation then the letter shall be signed by a Certified Arborist who has taken and passed the certification examination sponsored by the International Society of Arboriculture and who maintains a valid certification status or by a Registered Consulting Arborist as designated by the American Society of Consulting Arborists. If arboricultural issues are the sole subject of the letter of explanation then certification by a licensed professional engineer shall not be required.

F. The ordinance shall provide for deviations of the overall canopy requirements set forth in subsection C to allow for the preservation of wetlands, the development of farm land or other areas previously devoid of healthy and/or suitable tree canopy, or where the strict application of the requirements would result in unnecessary or unreasonable hardship to the developer.

G. The ordinance shall provide for the establishment of a tree canopy bank or fund whereby any portion of the tree canopy requirement that cannot be met on-site may be met through off-site tree preservation or tree planting efforts. Such provisions may be offered where it can be demonstrated that application of the requirements of subsection C would cause irresolvable conflicts with other local site development requirements, standards, or comprehensive planning goals, where sites or portions of sites lack sufficient space for future tree growth, where planting spaces will not provide adequate space for healthy root development, where trees will cause unavoidable conflicts with underground or overhead utilities, or where it can be demonstrated that trees are likely to cause damage to public infrastructure. The ordinance may utilize any of the following off-site canopy establishment mechanisms:

1. A tree canopy bank may be established in order for the locality to facilitate off-site tree preservation, tree planting, stream bank, and riparian restoration projects. Banking efforts shall provide tree canopy that is preserved in perpetuity through conservation easements, deed restrictions, or similar protective mechanisms acceptable to the locality. Projects used in off-site banking will meet the same ordinance standards established for on-site tree canopy; however, the locality may also require the submission of five-year management plans and funds to ensure the execution of maintenance and management obligations identified in those plans. ~~Any~~ *If a locality is located within a nonattainment area, any* such bank shall occur within the same nonattainment area in which the locality approving the tree banking is situated.

2. A tree canopy fund may be established to act as a fiscal mechanism to collect, manage, and disburse fees collected from developers that cannot provide full canopy requirements on-site. The locality may use this fund directly to plant trees on public property, or the locality may elect to disburse this fund to community-based organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code with tree planting or community beautification missions for tree planting programs that benefit the community at large. For purposes of establishing consistent and predictable fees, the ordinance shall establish cost units that are based on average costs to establish 20-year canopy areas using two-inch caliper nursery stock trees. Any funds collected by localities for these purposes shall be spent *or disbursed as set forth herein* within a five-year period established by the collection date, ~~or the locality shall return such funds to the original contributor, or legal successor.~~

H. The following uses shall be exempt from the requirements of any ordinance promulgated under this section: bona fide silvicultural activity as defined by § 10.1-1181.1 and the areas of sites included in lakes, ponds, and the normal water elevation area of stormwater retention facilities. The ordinance shall modify the canopy requirements of dedicated school

sites, playing fields, and other nonwooded active recreation areas by allowing these and other facilities and uses of a similar nature to provide 10 percent tree canopy 20 years after development.

I. 1. In recognition of the added benefits of tree preservation, the ordinance shall provide for an additional tree canopy credit of up to one and one-quarter times the canopy area at the time of plan submission for individual trees or the coalesced canopy of forested areas preserved from the predevelopment tree canopy.

2. The following additional credits may be provided in the ordinance in connection with tree preservation:

a. The ordinance may provide canopy credits of up to one and one-half times the actual canopy area for the preservation of forest communities that achieve environmental, ecological, and wildlife conservation objectives set by the locality. The ordinance may establish minimal area, dimensional and viability standards as prerequisites for the application of credits. Forest communities shall be identified using the nomenclature of either the federal National Vegetation Classification System (FGDC-STD-005, or latest version) or the Natural Communities of Virginia Classification of Ecological Community Groups, Second Approximation (Version 2.2, or latest version).

b. The ordinance may provide canopy credits of up to three times the actual canopy area of trees that are officially designated for preservation in conjunction with local tree conservation ordinances based on the authority granted by § 10.1-1127.1.

J. The following additional credits shall be provided in the ordinance in connection with tree planting:

1. The ordinance shall provide canopy credits of one and one-half the area normally projected for trees planted to absorb or intercept air pollutants, tree species that produce lower levels of reactive volatile organic compounds, or trees that act to reduce air pollution or greenhouse gas emissions by conserving the energy used to cool and heat buildings.

2. The ordinance shall provide canopy credits of one and one-quarter the area normally projected for trees planted for water quality-related reforestation or afforestation projects, and for trees planted in low-impact development and bioretention water quality facilities. The low-impact development practices and designs shall conform to local standards in order for these supplemental credits to apply.

3. The ordinance shall provide canopy credits of one and one-half the area normally projected for native tree species planted to provide food, nesting, habitat, and migration opportunities for wildlife. These canopy credits may also apply to cultivars of native species if the locality determines that such a cultivar is capable of providing the same type and extent of wildlife benefit as the species it is derived from.

4. The ordinance shall provide canopy credits of one and one-half the area normally projected for use of native tree species that are propagated from seed or tissue collected within the mid-Atlantic region.

5. The ordinance shall provide canopy credits of one and one-quarter the area normally projected for the use of cultivars or varieties that develop desirable growth and structural patterns, resist decay organisms and the development of cavities, show high levels of resistance to disease or insect infestations, or exhibit high survival rates in harsh urban environments.

K. Tree preservation areas and individual trees may not receive more than one application of additional canopy credits provided in subsection I. Individual trees planted to meet these requirements may not receive more than two categories of additional canopy credits provided in subsection J. Canopy credits will only be given to trees with trunks that are fully located on the development site, or in the case of tree banking projects only to trees with trunks located fully within easements or other areas protected by deed restrictions listed in subsection G.

L. All trees planted for tree cover credits shall meet the specifications of the American Association of Nurserymen *AmericanHort* and shall be planted in accordance with the publication entitled "Tree and Shrub Planting Guidelines," published by the Virginia Cooperative Extension.

M. In order to provide higher levels of biodiversity and to minimize the spread of pests and diseases, or to limit the use of species that cause negative impacts to native plant communities, cause damage to nearby structures, or possess inherent physiological traits that prone trees to structural failure, the ordinance may designate species that cannot be used to meet tree canopy requirements or designate species that will only receive partial 20-year tree canopy credits.

N. The locality may allow the use of tree seedlings for meeting tree canopy requirements in large open spaces, low-density residential settings, or in low-impact development reforestation/afforestation projects. In these cases, the ordinance shall allow the ground surface area of seedling planting areas to equate to a 20-year canopy credit area. Tree seedling plantings will be comprised of native species and will be planted in densities that equate to 400 seedlings per acre, or in densities specified by low-impact development designs approved by the locality. The locality may set standards for seedling mortality rates and replacement procedures if unacceptable rates of mortality occur. The locality may elect to allow native woody shrubs or native woody seed mix to substitute for tree species as long as these treatments do not exceed 33 percent of the overall seedling planting area. The number of a single species may not exceed 10 percent of the overall number of trees or shrubs planted to meet the provisions of this subsection.

O. The following process shall be used to demonstrate achievement of the required percentage of tree canopy listed in subsection C:

1. The site plan shall graphically delineate the edges of predevelopment tree canopy, the proposed limits of disturbance on grading or erosion and sedimentation control plans, and the location of tree protective fencing or other tree protective devices allowed in the Virginia Erosion and Sediment Control Handbook.

2. Site plans proposing modification to tree canopy requirements or claiming supplemental tree canopy credits will require a text narrative.

3. The site plan shall include the 20-year tree canopy calculations on a worksheet provided by the locality.

4. Site plans requiring tree planting shall provide a planting schedule that provides botanical and common names of trees, the number of trees being planted, the total of tree canopy area given to each species, variety or cultivars planted, total of tree canopy area that will be provided by all trees, planting sizes, and associated planting specifications. The site plan will also provide a landscape plan that delineates where the trees shall be planted.

P. The ordinance shall provide a list of commercially available tree species, varieties, and cultivars that are capable of thriving in the locality's climate and ranges of planting environments. The ordinance will also provide a 20-year tree canopy area credit for each tree. The amount of tree canopy area credited to individual tree species, varieties, and cultivars 20 years after they are planted shall be based on references published or endorsed by Virginia academic institutions such as the Virginia Polytechnic Institute and State University and accepted by urban foresters, arborists, and horticulturalists as being accurate for the growing conditions and climate of the locality.

Q. The ordinance shall establish standards of health and structural condition of existing trees and associated plant communities to be preserved. The ordinance may also identify standards for removal of trees or portions of trees that are dead, dying, or hazardous due to construction impacts. Such removal standards may allow for the retention of trunk snags where the locality determines that these may provide habitat or other wildlife benefits and do not represent a hazardous condition. In the event that existing tree canopy proposed to be preserved for tree canopy credits dies or must be removed because it represents a hazard, the locality may require the developer to remove the tree, or a portion of the tree and to replace the missing canopy area by the planting of nursery stock trees, or if a viable alternative, by tree seedlings. Existing trees that have been granted credits will be replaced with canopy area determined using the same supplemental credit multipliers as originally granted for that canopy area.

R. Penalties for violation of ordinances adopted pursuant to this section shall be the same as those applicable to violations of zoning ordinances of the locality.

S. ~~In no event shall any~~ A local tree conservation ordinance adopted pursuant to this section *may* exceed the requirements set forth herein; ~~however, any~~ (i) *in any development project located in a Chesapeake Bay Preservation Area to address recurrent flooding;* (ii) *in any development project located in an area that prior to the passage of the federal Fair Housing Act of 1968, 42 U.S.C. § 3601 et seq., was redlined or graded "D" by the federal Home Owners' Loan Corporation; and* (iii) *to ensure conformity with the locality's comprehensive plan duly adopted pursuant to §§ 15.2-2223 through 15.2-2226.* Any local ordinance adopted pursuant to the provisions of § 15.2-961 prior to July 1, 1990, may adopt the tree conservation provisions of this section based on 10-year minimum tree canopy requirements.

T. Nothing in this section shall invalidate any local ordinance adopted pursuant to § 15.2-961.

2. That the Secretary of Natural Resources and Secretary of Agriculture and Forestry (the Secretaries) shall convene a stakeholder work group (the Work Group) for the purpose of developing and providing recommendations to state and local governments related to policies that encourage the conservation of mature trees and tree cover on sites being developed, increase tree canopy cover in communities, and encourage the planting of trees. The Work Group shall also examine the Commonwealth's existing enabling statutes and their use related to the preservation, planting, and replacement of trees during the land development process, including §§ 15.2-961 and 15.2-961.1 and the amendments to such sections provided in the first enactment of this act, and recommend amendments to those statutes or the adoption of new Code sections that would enhance the preservation, planting, and replacement of trees during the land development process and increase incentives for the preservation, planting, and replacement of trees during the land development process. The Work Group shall be composed of representatives of the residential and commercial development industries, representatives of agricultural and forestry industries, professional environmental technical experts, representatives of environmental and conservation organizations, representatives of local governments, solar developers, and other affected parties so that the various stakeholders are represented in the Work Group. No later than October 1, 2021, the Secretaries shall provide a report containing the Work Group's detailed findings, recommendations, and draft legislation to encourage the conservation of tree cover and mature trees, and the planting of trees, to the Chairmen of the House Committee on Agriculture, Chesapeake and Natural Resources, the House Committee on Counties, Cities and Towns, the Senate Committee on Agriculture, Conservation and Natural Resources, and the Senate Committee on Local Government.

3. That the provisions of the first enactment of this act shall not become effective unless reenacted by the 2022 Session of the General Assembly.

§ 55.1-320. How deed of trust construed; duties, rights, etc., of parties.

Every deed of trust to secure debts or indemnify sureties is in the nature of a contract and shall be construed according to its terms to the extent not in conflict with the requirements of law. Unless the deed of trust provides otherwise, it shall be construed to impose and confer upon the parties and beneficiaries the following duties, rights, and obligations in like manner as if the same were expressly provided for by such deed of trust:

1. The deed shall be construed as given to secure the performance of each of the covenants entered into by the grantor as well as the payment of the primary obligation.

2. The grantor shall be deemed to covenant that he will pay all taxes, levies, assessments, and charges upon the property, including the fees and charges of such agents or attorneys as the trustee may deem advisable to employ at any time for the purpose of the trust, so long as any obligation upon the grantor under the deed of trust remains undischarged.

3. The grantor shall be deemed to covenant that he will keep the improvements on the property in tenable condition, whether such improvements were on the property when the deed of trust was given or were placed there at a later time.

4. The grantor shall be deemed to covenant that no waste shall be committed or suffered upon the property.

5. The grantor shall be deemed to covenant that in the event of his failure to meet any obligations imposed upon him, then the trustee or any beneficiary may, at his option, satisfy such obligations. The money so advanced, with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be otherwise recoverable from the grantor as a debt. In addition, to the extent not otherwise covered, the grantor shall be deemed to covenant that amount advanced or incurred by the trustee or any beneficiary under a deed of trust (i) with respect to an obligation secured by a lien or encumbrance prior to the lien of the deed of trust or (ii) for the protection of the lien secured by the deed of trust, together with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, to be paid next after expenses of executing the trust.

6. A covenant to pay interest shall be deemed a covenant to pay interest on the principal balance as such rate may vary or be modified from time to time by the parties under the original instruments or agreements or a written agreement of modification, whether or not recorded, and all the interest on the principal secured by the deed of trust shall be on an equal

priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust.

Any covenant, otherwise authorized by law, that the lender shall be entitled to share in the gross income or the net income, or the gross rent or revenues, or net rents or revenues of the property, or in any portion of the proceeds or appreciation upon sale or appraisal or similar event, shall be on an equal priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be specified in the recorded deed of trust or other recorded document in order to be notice of record as against subsequent parties.

7. In the event of default in the payment of the debt secured, or any part thereof, at maturity, or in the payment of interest when due, or of the breach of any of the covenants entered into or imposed upon the grantor, then at the request of any beneficiary the trustee shall forthwith declare all the debts and obligations secured by the deed of trust at once due and payable and may take possession of the property and proceed to sell the same at auction at the premises or in the front of the circuit court building or at such other place in the county or city in which the property or the greater part thereof lies, or in the corporate limits of any city surrounded by or contiguous to such county, or in the case of annexed land, in the county of which the land was formerly a part, as the trustee may select upon such terms and conditions as the trustee may deem best.

8. If the sale is upon credit terms, the deferred purchase money shall bear interest from the day of sale and shall be secured by a deed of trust upon the property contemporaneous with the trustee's deed to the purchaser.

9. The party secured by the deed of trust, or the holders of greater than 50 percent of the monetary obligations secured thereby, shall have the right and power to appoint one or more substitute trustees for any reason and, regardless of whether such right and power is expressly granted in such deed of trust, by executing and acknowledging an instrument designating and appointing a substitute. When the instrument of appointment has been executed, the substitute trustee named therein shall be vested with all the powers, rights, authority, and duties vested in the trustee in the original deed of trust. The instrument of appointment shall be recorded in the office of the clerk in which the original deed of trust is recorded prior to or at the time of recordation of any instrument in which a power, right, authority, or duty conferred by the original deed of trust is exercised.

10. *In the case of a deed of trust conveying owner-occupied residential real estate, the trustee of such deed of trust shall not sell the property secured by the deed of trust without receiving an affidavit signed by the party that provided the notice required by § 55.1-321 confirming the notice was sent to the owner; with a copy of such notice attached to the affidavit. Prior to commencing a foreclosure sale with respect to such real estate, the trustee shall provide copies of such affidavit and notice, with any personal financial information redacted, to each potential bidder.*

§ 55.1-321. Notices required before sale by trustee to owners, lienors, etc.; if note lost.

A. In addition to the advertisement required by § 55.1-322, the trustee or the party secured shall give written notice of the time, date, and place of any proposed sale in execution of a deed of trust, and such notice shall include either (i) the instrument number or deed book and page numbers of the instrument of appointment filed pursuant to § 55.1-320, or (ii) a copy of the executed and notarized appointment of substitute trustee by personal delivery or by mail to (a) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the party secured; (b) any subordinate lienholder who holds a note against the property secured by a deed of trust recorded at least 75 days, *in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust*, prior to the proposed sale and whose address is recorded with the deed of trust; (c) any assignee of such a note secured by a deed of trust, provided that the assignment and address of assignee are likewise recorded at least 75 days, *in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust*, prior to the proposed sale; (d) any condominium unit owners' association that has filed a lien pursuant to § 55.1-1966; (e) any property owners' association that has filed a lien pursuant to § 55.1-1833; and (f) any proprietary lessees' association that has filed a lien pursuant to § 55.1-2148. Written notice shall be given pursuant to clauses (d), (e), and (f) only if the lien is recorded at least 75 days, *in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust*, prior to the proposed sale. If the secured party has received notification that the owner of the property to be sold is deceased, the notice required by clause (a) shall be given to (1) the last known address of such owner as such address appears in the records of the party secured; (2) any personal representative of the deceased's estate whose appointment is recorded among the records of the circuit court where the property is located, at the address of the personal representative that appears in such records; and (3) any heirs of the deceased who are listed on the list of heirs recorded among the records of the circuit court where the property is located, at the addresses of the heirs that appear in such records. Mailing of a copy of the advertisement or a notice containing the same information to the owner by certified or registered mail no less than 60 days prior to such sale, *in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days prior to such sale, in the case of all other deeds of trust*, and to lienholders, the property owners' association or proprietary lessees' association, their assigns, and the condominium unit owners' association, at the address noted in the memorandum of lien, by ordinary mail no less than 60 days prior to such sale, *in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days prior to such sale, in the case of all other deeds of trust*, shall be a sufficient compliance with the requirement of notice. The written notice of proposed sale when given as provided in this subsection shall be deemed an effective exercise of any right of acceleration contained in such deed of trust or otherwise possessed by the party secured relative to the indebtedness secured. The inadvertent failure to give notice as required by this subsection shall not impose liability on either the trustee or the secured party. *The foreclosure sale cannot go forward unless the trustee has proof that the notice has been sent.*

B. If a note or other evidence of indebtedness secured by a deed of trust is lost or for any reason cannot be produced and the beneficiary submits to the trustee an affidavit to that effect, the trustee may nonetheless proceed to sale, provided that the beneficiary has given written notice to the person required to pay the instrument that the instrument is unavailable and a request for sale will be made of the trustee upon expiration of *60 days from the date of mailing of the notice, in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days from the date of mailing of the notice, in the case of all other deeds of trust.* The notice shall be sent by certified mail, return receipt requested, to the last known address of the person required to pay the instrument as reflected in the records of the beneficiary and shall include the name and mailing address of the trustee. The notice shall further advise the person required to pay the instrument that if he believes he may be subject to a claim by a person other than the beneficiary to enforce the instrument, he may petition the circuit court of the county or city where the property or some part thereof lies for an order requiring the beneficiary to provide adequate protection against any such claim. If deemed appropriate by the court, the court may condition the sale on a finding that the person required to pay the instrument is adequately protected against loss that might occur by reason of a claim by another person to enforce the instrument. Adequate protection may be provided by any reasonable means. If the trustee proceeds to sale, the fact that the instrument is lost or cannot be produced shall not affect the authority of the trustee to sell or the validity of the sale.

C. When the written notice of proposed sale is given as provided in this section, there is a rebuttable presumption that the lienholder has complied with any requirement to provide notice of default contained in a deed of trust. Failure to comply with the requirements of notice contained in this section shall not affect the validity of the sale, and a purchaser for value at such sale shall be under no duty to ascertain whether such notice was validly given.

D. In the event of postponement of sale, which may be done in the discretion of the trustee, no new or additional notice is required to be given pursuant to this section.

E. In the case of a deed of trust conveying owner-occupied residential real estate, the notice to the owner in subdivisions A and B shall include the website address of the U.S. Housing and Urban Development's (HUD) Office of Housing Counseling with a listing of HUD-certified housing counseling agencies, the website address and telephone number of the statewide legal aid center, and the following language, or language that is substantially similar, in at least 12-point type: "This is NOT a notice to vacate the premises. You should consider contacting an attorney or your local legal aid or housing counseling agency."

F. In the case of a deed of trust conveying owner-occupied residential real estate, the notice to the owner in subsections A and B shall include the date of the last payment received and the amount received; the total amount of principal, interest, costs, and fees due in arrears; and the remaining total principal balance due on the instrument.

6. *Provide a copy of any written rental agreement and the statement of tenant rights and responsibilities to the tenant within one month of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. 2. That the Department of Housing and Community Development shall convene a stakeholder group consisting of landlords, property managers, and tenants, as well as attorneys knowledgeable in the Virginia Manufactured Home Lot Rental Act (§ 55.1-1300 et seq. of the Code of Virginia) and other applicable provisions of the Code of Virginia for the purposes of providing input into (i) the development of the form to be developed by the Director of the Department of Housing and Community Development for posting on its website pursuant to § 36-139 of the Code of Virginia, as amended by this act, acknowledging that a tenant has received from the landlord the statement of tenant rights and responsibilities and (ii) any updates to the statement of tenant rights and responsibilities.

Every deed of trust to secure debts or indemnify sureties is in the nature of a contract and shall be construed according to its terms to the extent not in conflict with the requirements of law. Unless the deed of trust provides otherwise, it shall be construed to impose and confer upon the parties and beneficiaries the following duties, rights, and obligations in like manner as if the same were expressly provided for by such deed of trust:

1. The deed shall be construed as given to secure the performance of each of the covenants entered into by the grantor as well as the payment of the primary obligation.

2. The grantor shall be deemed to covenant that he will pay all taxes, levies, assessments, and charges upon the property, including the fees and charges of such agents or attorneys as the trustee may deem advisable to employ at any time for the purpose of the trust, so long as any obligation upon the grantor under the deed of trust remains undischarged.

3. The grantor shall be deemed to covenant that he will keep the improvements on the property in tenantable condition, whether such improvements were on the property when the deed of trust was given or were placed there at a later time.

4. The grantor shall be deemed to covenant that no waste shall be committed or suffered upon the property.

5. The grantor shall be deemed to covenant that in the event of his failure to meet any obligations imposed upon him, then the trustee or any beneficiary may, at his option, satisfy such obligations. The money so advanced, with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be otherwise recoverable from the grantor as a debt. In addition, to the extent not otherwise covered, the grantor shall be deemed to covenant that amount advanced or incurred by the trustee or any beneficiary under a deed of trust (i) with respect to an obligation secured by a lien or encumbrance prior to the lien of the deed of trust or (ii) for the protection of the lien secured by the deed of trust, together with interest as provided in the deed of trust, shall be a part of the debt secured by the deed of trust, to be paid next after expenses of executing the trust.

6. A covenant to pay interest shall be deemed a covenant to pay interest on the principal balance as such rate may vary or be modified from time to time by the parties under the original instruments or agreements or a written agreement of modification, whether or not recorded, and all the interest on the principal secured by the deed of trust shall be on an equal priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust.

Any covenant, otherwise authorized by law, that the lender shall be entitled to share in the gross income or the net income, or the gross rent or revenues, or net rents or revenues of the property, or in any portion of the proceeds or appreciation upon sale or appraisal or similar event, shall be on an equal priority with the principal debt secured by the deed of trust, in the event of sale to be paid next after the expenses of executing the trust, and shall be specified in the recorded deed of trust or other recorded document in order to be notice of record as against subsequent parties.

7. In the event of default in the payment of the debt secured, or any part thereof, at maturity, or in the payment of interest when due, or of the breach of any of the covenants entered into or imposed upon the grantor, then at the request of any beneficiary the trustee shall forthwith declare all the debts and obligations secured by the deed of trust at once due and payable and may take possession of the property and proceed to sell the same at auction at the premises or in the front of the circuit court building or at such other place in the county or city in which the property or the greater part thereof lies, or in the corporate limits of any city surrounded by or contiguous to such county, or in the case of annexed land, in the county of which the land was formerly a part, as the trustee may select upon such terms and conditions as the trustee may deem best.

8. If the sale is upon credit terms, the deferred purchase money shall bear interest from the day of sale and shall be secured by a deed of trust upon the property contemporaneous with the trustee's deed to the purchaser.

9. The party secured by the deed of trust, or the holders of greater than 50 percent of the monetary obligations secured thereby, shall have the right and power to appoint one or more substitute trustees for any reason and, regardless of whether such right and power is expressly granted in such deed of trust, by executing and acknowledging an instrument designating and appointing a substitute. When the instrument of appointment has been executed, the substitute trustee named therein shall be vested with all the powers, rights, authority, and duties vested in the trustee in the original deed of trust. The instrument of appointment shall be recorded in the office of the clerk in which the original deed of trust is recorded prior to or at the time of recordation of any instrument in which a power, right, authority, or duty conferred by the original deed of trust is exercised.

10. In the case of a deed of trust conveying owner-occupied residential real estate, the trustee of such deed of trust shall not sell the property secured by the deed of trust without receiving an affidavit signed by the party that provided the notice required by § 55.1-321 confirming the notice was sent to the owner, with a copy of such notice attached to the affidavit. Prior to commencing a foreclosure sale with respect to such real estate, the trustee shall provide copies of such affidavit and notice, with any personal financial information redacted, to each potential bidder.

§ 55.1-321. Notices required before sale by trustee to owners, lienors, etc.; if note lost.

A. In addition to the advertisement required by § 55.1-322, the trustee or the party secured shall give written notice of the time, date, and place of any proposed sale in execution of a deed of trust, and such notice shall include either (i) the instrument number or deed book and page numbers of the instrument of appointment filed pursuant to § 55.1-320, or (ii) a copy of the executed and notarized appointment of substitute trustee by personal delivery or by mail to (a) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the party secured; (b) any subordinate lienholder who holds a note against the property secured by a deed of trust recorded at least 75 days, in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust, prior to the proposed sale and whose address is recorded with the deed of trust; (c) any assignee of such a note secured by a deed of trust, provided that the assignment and address of assignee are likewise recorded at least 75 days, in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust, prior to the proposed sale; (d) any condominium unit owners' association that has filed a lien pursuant to § 55.1-1966; (e) any property owners' association that has filed a lien pursuant to § 55.1-1833; and (f) any proprietary lessees' association that has filed a lien pursuant to § 55.1-2148. Written notice shall be given pursuant to clauses (d), (e), and (f) only if the lien is recorded at least 75 days, in the case of a deed of trust conveying owner-occupied residential real estate, or 30 days, in the case of all other deeds of trust, prior to the proposed sale. If the secured party has received notification that the owner of the property to be sold is deceased, the notice required by clause (a) shall be given to (1) the last known address of such owner as such address appears in the records of the party secured; (2) any personal representative of the deceased's estate whose appointment is recorded among the records of the circuit court where the property is located, at the address of the personal representative that appears in such records; and (3) any heirs of the deceased who are listed on the list of heirs recorded among the records of the circuit court where the property is located, at the addresses of the heirs that appear in such records.

Mailing of a copy of the advertisement or a notice containing the same information to the owner by certified or registered mail no less than *60 days prior to such sale, in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days prior to such sale, in the case of all other deeds of trust*, and to lienholders, the property owners' association or proprietary lessees' association, their assigns, and the condominium unit owners' association, at the address noted in the memorandum of lien, by ordinary mail no less than *60 days prior to such sale, in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days prior to such sale, in the case of all other deeds of trust*, shall be a sufficient compliance with the requirement of notice. The written notice of proposed sale when given as provided in this subsection shall be deemed an effective exercise of any right of acceleration contained in such deed of trust or otherwise possessed by the party secured relative to the indebtedness secured. The inadvertent failure to give notice as required by this subsection shall not impose liability on either the trustee or the secured party. *The foreclosure sale cannot go forward unless the trustee has proof that the notice has been sent.*

B. If a note or other evidence of indebtedness secured by a deed of trust is lost or for any reason cannot be produced and the beneficiary submits to the trustee an affidavit to that effect, the trustee may nonetheless proceed to sale, provided that the beneficiary has given written notice to the person required to pay the instrument that the instrument is unavailable and a request for sale will be made of the trustee upon expiration of *60 days from the date of mailing of the notice, in the case of a deed of trust conveying owner-occupied residential real estate, or 14 days from the date of mailing of the notice, in the case of all other deeds of trust*. The notice shall be sent by certified mail, return receipt requested, to the last known address of the person required to pay the instrument as reflected in the records of the beneficiary and shall include the name and mailing address of the trustee. The notice shall further advise the person required to pay the instrument that if he believes he may be subject to a claim by a person other than the beneficiary to enforce the instrument, he may petition the circuit court of the county or city where the property or some part thereof lies for an order requiring the beneficiary to provide adequate protection against any such claim. If deemed appropriate by the court, the court may condition the sale on a finding that the person required to pay the instrument is adequately protected against loss that might occur by reason of a claim by another person to enforce the instrument. Adequate protection may be provided by any reasonable means. If the trustee proceeds to sale, the fact that the instrument is lost or cannot be produced shall not affect the authority of the trustee to sell or the validity of the sale.

C. When the written notice of proposed sale is given as provided in this section, there is a rebuttable presumption that the lienholder has complied with any requirement to provide notice of default contained in a deed of trust. Failure to comply with the requirements of notice contained in this section shall not affect the validity of the sale, and a purchaser for value at such sale shall be under no duty to ascertain whether such notice was validly given.

D. In the event of postponement of sale, which may be done in the discretion of the trustee, no new or additional notice is required to be given pursuant to this section.

E. *In the case of a deed of trust conveying owner-occupied residential real estate, the notice to the owner in subdivisions A and B shall include the website address of the U.S. Housing and Urban Development's (HUD) Office of Housing Counseling with a listing of HUD-certified housing counseling agencies, the website address and telephone number of the statewide legal aid center, and the following language, or language that is substantially similar, in at least 12-point type: "This is NOT a notice to vacate the premises. CHAPTER 95

An Act to authorize the issuance of bonds, in an amount up to \$34,136,000 plus financing costs, pursuant to Article X, Section 9 (c) of the Constitution of Virginia, for paying costs of acquiring, constructing and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth; to authorize the Treasury Board, by and with the consent of the Governor, to fix the details of such bonds, to provide for the sale of such bonds, and to issue notes to borrow money in anticipation of the issuance of the bonds; to provide for the pledge of the net revenues of such capital projects and the full faith, credit and taxing power of the Commonwealth for the payment of such bonds; to provide that the interest income on such bonds and notes shall be exempt from all taxation by the Commonwealth and any political subdivision thereof; emergency.

[H 2178]

Approved March 12, 2021

Whereas, Article X, Section 9 (c), Constitution of Virginia, provides that the General Assembly may authorize the creation of debt secured by a pledge of net revenues derived from rates, fees or other charges and the full faith and credit of the Commonwealth of Virginia, provided that such debt is created for specific revenue-producing capital projects, including their enlargement or improvement, at, among others, institutions of higher learning of the Commonwealth.

Whereas, in accordance with Article X, Section 9 (c), Constitution of Virginia, the Governor has certified in writing, filed with the Auditor of Public Accounts, his opinion that the anticipated net revenues of each of the capital projects identified below to be pledged to the payment of the principal of and the interest on that portion of such debt issued for each such project will be sufficient to meet such payments as the same become due and to provide such reserves as may be required by law and that each of the capital projects complies with the requirements of Article X, Section 9 (c), Constitution of Virginia; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. Title. *This act shall be known and may be cited as the "Commonwealth of Virginia Higher Educational Institutions Bond Act of 2021."*

§ 2. Authorization of bonds and BANs. *The Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (c), Constitution of Virginia, at one time or from time to time, bonds of the Commonwealth, to be designated "Commonwealth of Virginia Higher Educational Institutions Bonds, Series" in an aggregate principal amount not exceeding \$34,136,000, plus amounts needed to fund issuance costs, reserve funds, construction period interest, and other financing expenses. The Treasury Board is further hereby authorized, by and with the consent of the Governor, to borrow money in anticipation of the issuance of bonds by the issuance of bond anticipation notes (BANs), including BANs issued as commercial paper. The proceeds of such bonds and BANs, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, with any other available funds, for paying all or a portion of the costs of acquiring, constructing, renovating, enlarging, improving, and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth as follows:*

Institution	Project Title	Project Code	Amount
Virginia Polytechnic Institute and State University	Innovation Campus Academic Building—Parking Supplement	18412	\$27,136,000
Virginia Polytechnic Institute and State University	New Upper Quad Residence Hall	18459	\$7,000,000
Total			\$34,136,000

§ 3. Application of proceeds. *The proceeds, including any premium, of bonds and BANs (except the proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs) shall be deposited in a special capital outlay fund in the state treasury and, together with the investment income thereon, shall be*

disbursed by the State Treasurer for paying costs of the acquisition, construction, renovation, enlargement, improvement, and equipping of the authorized capital projects, including financing costs. The proceeds of (a) bonds the issuance of which has been anticipated by BANs, (b) refunding bonds, and (c) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. *Details, sale of bonds and BANs.* Bonds and BANs shall be dated, and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor. Bonds and BANs shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time, and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series"

§ 5. *Execution of bonds and BANs.* Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. *Sources for payment of expenses.* All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. *Revenues.* The institution of higher learning named above is hereby authorized (i) to fix, revise, charge and collect rates, fees and charges for or in connection with the use, occupancy and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. *Investments and contracts.* A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be

appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time, and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series"

§ 5. Execution of bonds and BANs. Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses. All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues. The institution of higher learning named above is hereby authorized (i) to fix, revise, charge and collect rates, fees and charges for or in connection with the use, occupancy and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts. A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

Except as otherwise provided in this article, every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, cause such child to attend a public school or a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

As prescribed in the regulations of the Board of Education, the requirements of this section may also be satisfied by causing a child to attend an alternative program of study or work/study offered by a public, private, denominational, or parochial school or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by causing the child to attend any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

The requirements of this section shall apply to (i) any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed his eighteenth birthday and (ii) any child whom the division superintendent has required to take a special program of prevention, intervention, or remediation as provided in subsection C of § 22.1-253.13:1 and in § 22.1-254.01. The requirements of this section shall not apply to (a) any person 16 through 18 years of age who is housed in an adult correctional facility when such person is actively pursuing the achievement of a passing score on a high school equivalency examination approved by the Board of Education but is not enrolled in an individual student alternative education plan pursuant to subsection E, and (b) any child who has obtained a high school diploma or its equivalent, a certificate of completion, or has achieved a passing score on a high school equivalency examination approved by the Board of Education, or who has otherwise complied with compulsory school attendance requirements as set forth in this article.

B. A school board shall excuse from attendance at school:

1. Any pupil who, together with his parents, by reason of bona fide religious training or belief is conscientiously opposed to attendance at school. For purposes of this subdivision, "bona fide religious training or belief" does not include essentially political, sociological or philosophical views or a merely personal moral code; and

2. On the recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides and for such period of time as the court deems appropriate, any pupil who, together with his parents, is opposed to attendance at a school by reason of concern for such pupil's health, as verified by competent medical evidence, or by reason of such pupil's reasonable apprehension for personal safety when such concern or apprehension in that pupil's specific case is determined by the court, upon consideration of the recommendation of the principal and division superintendent, to be justified.

C. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

D. A school board may excuse from attendance at school:

1. On recommendation of the principal and the division superintendent and with the written consent of the parent or guardian, any pupil who the school board determines, in accordance with regulations of the Board of Education, cannot benefit from education at such school; or

2. On recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides, any pupil who, in the judgment of such court, cannot benefit from education at such school.

E. Local school boards may allow the requirements of subsection A to be met under the following conditions:

For a student who is at least 16 years of age, there shall be a meeting of the student, the student's parents, and the principal or his designee of the school in which the student is enrolled in which an individual student alternative education plan shall be developed in conformity with guidelines prescribed by the Board, which plan must include:

1. Career guidance counseling;
2. Mandatory enrollment and attendance in a preparatory program for passing a high school equivalency examination approved by the Board of Education or other alternative education program approved by the local school board with attendance requirements that provide for reporting of student attendance by the chief administrator of such preparatory program or approved alternative education program to such principal or his designee;
3. Mandatory enrollment in a program to earn a Board of Education-approved career and technical education credential, such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment;
4. Successful completion of the course in economics and personal finance required to earn a Board of Education-approved high school diploma;
5. Counseling on the economic impact of failing to complete high school; and

A student for whom an individual student alternative education plan has been granted pursuant to this subsection and who fails to comply with the conditions of such plan shall be in violation of the compulsory school attendance law, and the division superintendent or attendance officer of the school division in which such student was last enrolled shall seek immediate compliance with the compulsory school attendance law as set forth in this article.

Students enrolled with an individual student alternative education plan shall be counted in the average daily membership of the school division.

F. A school board may, in accordance with the procedures set forth in Article 3 (§ 22.1-276.01 et seq.) of Chapter 14 and upon a finding that a school-age child has been (i) charged with an offense relating to the Commonwealth's laws, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person; (ii) found guilty or not innocent of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (iii) suspended pursuant to § 22.1-277.05; or (iv) expelled from school attendance pursuant to § 22.1-277.06 or 22.1-277.07 or subsection C of § 22.1-277, require the child to attend an alternative education program as provided in § 22.1-209.1:2 or 22.1-277.2:1.

G. Whenever a court orders any pupil into an alternative education program, including a program preparing students for a high school equivalency examination approved by the Board of Education, offered in the public schools, the local school board of the school division in which the program is offered shall determine the appropriate alternative education placement of the pupil, regardless of whether the pupil attends the public schools it supervises or resides within its school division.

The juvenile and domestic relations district court of the county or city in which a pupil resides or in which charges are pending against a pupil, or any court in which charges are pending against a pupil, may require the pupil who has been charged with (i) a crime that resulted in or could have resulted in injury to others, (ii) a violation of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2, or (iii) any offense related to possession or distribution of any Schedule I, II, or III controlled substances to attend an alternative education program, including, but not limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

This subsection shall not be construed to limit the authority of school boards to expel, suspend, or exclude students, as provided in §§ 22.1-277.04, 22.1-277.05, 22.1-277.06, 22.1-277.07, and 22.1-277.2. As used in this subsection, the term "charged" means that a petition or warrant has been filed or is pending against a pupil.

H. Within one calendar month of the opening of school, each school board shall send to the parents or guardian of each student enrolled in the division a copy of the compulsory school attendance law and the enforcement procedures and policies established by the school board.

- I. The provisions of this article shall not apply to:

Further, any child who will not have reached his sixth birthday on or before September 30 of each school year whose parent or guardian notifies the appropriate school board that he does not wish the child to attend school until the following year because the child, in the opinion of the parent or guardian, is not mentally, physically, or emotionally prepared to attend school, may delay the child's attendance for one year.

The distances specified in subdivisions 3 and 4 of this subsection shall be measured or determined from the child's residence to the entrance to the school grounds or to the school bus stop nearest the entrance to the residence of such children by the nearest practical routes which are usable for walking or riding. 4. The juvenile has failed to appear in court after having been duly served with a summons in any case in which it is alleged that the juvenile has committed a delinquent act or that the child is in need of services or is in need of supervision; however, a child alleged to be in need of services or in need of supervision may be detained for good cause pursuant to this subsection only until the next day upon which the court sits within the county or city in which the charge against the child is pending, and under no circumstances longer than 72 hours from the time he was taken into custody. If the 72-hour period expires on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the 72 hours shall be extended to the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

5. The juvenile failed to adhere to the conditions imposed upon him by the court, intake officer or magistrate following his release upon a Class 1 misdemeanor charge or a felony charge.

However, no juvenile younger than 11 years of age shall be placed in secure detention unless such juvenile is alleged to have committed one or more of the delinquent acts enumerated in subsection B or C of § 16.1-269.1.

When a juvenile is placed in secure detention, the detention order shall state the offense for which the juvenile is being detained, and, to the extent practicable, other pending and previous charges.

B. Any juvenile not meeting the criteria for placement in a secure facility shall be released to a parent, guardian or other person willing and able to provide supervision and care under such conditions as the judge, intake officer or magistrate may impose. However, a juvenile may be placed in shelter care if:

1. The juvenile is eligible for placement in a secure facility;

2. The juvenile has failed to adhere to the directions of the court, intake officer or magistrate while on conditional release;

3. The juvenile's parent, guardian or other person able to provide supervision cannot be reached within a reasonable time;

4. The juvenile does not consent to return home;

5. Neither the juvenile's parent or guardian nor any other person able to provide proper supervision can arrive to assume custody within a reasonable time; or

6. The juvenile's parent or guardian refuses to permit the juvenile to return home and no relative or other person willing and able to provide proper supervision and care can be located within a reasonable time.

C. When a juvenile is detained in a secure facility, the juvenile's probation officer may review such placement for the purpose of seeking a less restrictive alternative to confinement in that secure facility.

D. The criteria for continuing the juvenile in detention or shelter care as set forth in this section shall govern the decisions of all persons involved in determining whether the continued detention or shelter care is warranted pending court disposition. Such criteria shall be supported by clear and convincing evidence in support of the decision not to release the juvenile.

E. Nothing in this section shall be construed to deprive the court of its power to punish a juvenile summarily for contempt for acts set forth in § 18.2-456, other than acts of disobedience of the court's dispositional order which are committed outside the presence of the court.

F. A detention order may be issued pursuant to subdivision A 2 of subsection A by the committing court or by the court in the jurisdiction from which the juvenile fled or where he was taken into custody.

G. The court is authorized to detain a juvenile based upon the criteria set forth in subsection A at any time after a delinquency petition has been filed, both prior to adjudication and after adjudication pending final disposition subject to the time limitations set forth in § 16.1-277.1.

H. If the intake officer or magistrate releases the juvenile, either on bail or recognizance or under such conditions as may be imposed, no motion to revoke bail, or change such conditions may be made unless (i) the juvenile has violated a term or condition of his release, or is convicted of or taken into custody for an additional offense, or (ii) the attorney for the Commonwealth presents evidence that incorrect or incomplete information regarding the factors in subsection A was relied upon by the intake officer or magistrate establishing the initial terms of release. If the juvenile court releases the juvenile, either on bail or recognizance or under such conditions as may be imposed, over the objection of the attorney for the Commonwealth, the attorney for the Commonwealth may appeal such decision to the circuit court. The order of the juvenile court releasing the juvenile shall remain in effect until the circuit court, Court of Appeals or Supreme Court rules otherwise.

§ 16.1-249. Places of confinement for juveniles.

A. If it is ordered that a juvenile remain in detention or shelter care pursuant to § 16.1-248.1, such juvenile may be detained, pending a court hearing, in the following places:

1. An approved foster home or a home otherwise authorized by law to provide such care;
2. A facility operated by a licensed child welfare agency;
3. If a juvenile is alleged to be delinquent, in a detention home or group home approved by the Department;
4. Any other suitable place designated by the court and approved by the Department;

5. To the extent permitted by federal law, a separate juvenile detention facility located upon the site of an adult regional jail facility established by any county, city or any combination thereof constructed after 1994, approved by the Department of Juvenile Justice and certified by the Board of Juvenile Justice for the holding and detention of juveniles.

A juvenile younger than 11 years of age who is alleged to have committed one or more of the delinquent acts enumerated in subsection B or C of § 16.1-269.1 and who is ordered to remain in detention or shelter care pursuant to § 16.1-248.1 pending a court hearing may only be detained in a place described in subdivision 1, 2, or 4, but under no circumstances shall such juvenile be detained pursuant to this section in a secure detention facility.

B. No juvenile shall be detained or confined in any jail or other facility for the detention of adult offenders or persons charged with crime except as provided in subsection D, E, F or G.

C. The official in charge of a jail or other facility for the detention of adult offenders or persons charged with crime shall inform the court immediately when a juvenile who is or appears to be under the age of 18 years is received at the facility, and shall deliver him to the court upon request, or transfer him to a detention facility designated by the court.

D. When a case is transferred to the circuit court in accordance with the provisions of subsection A of § 16.1-269.1 and an order is entered by the circuit court in accordance with § 16.1-269.6, or in accordance with the provisions of § 16.1-270 where the juvenile has waived the jurisdiction of the district court, or when the district court has certified a charge to the grand jury pursuant to subsection B or C of § 16.1-269.1, the juvenile, if in confinement, shall be placed in a juvenile secure facility, unless the court determines that the juvenile is a threat to the security or safety of the other juveniles detained or the staff of the facility, in which case the court may transfer the juvenile to a jail or other facility for the detention of adults, provided that the facility is approved by the State Board of Local and Regional Jails for the detention of juveniles.

E. If, in the judgment of the custodian, a juvenile has demonstrated that he is a threat to the security or safety of the other juveniles detained or the staff of the home or facility, the judge shall determine whether such juvenile should be transferred to another juvenile facility or, if the child is 14 years of age or older, a jail or other facility for the detention of adults, provided that (i) the detention is in a room or ward entirely separate and removed from adults, (ii) adequate supervision is provided, and (iii) the facility is approved by the State Board of Local and Regional Jails for detention of juveniles.

F. If, in the judgment of the custodian, it has been demonstrated that the presence of a juvenile in a facility creates a threat to the security or safety of the other juveniles detained or the staff of the home or facility, the custodian may transfer the juvenile to another juvenile facility, or, if the child is 14 years of age or older, a jail or other facility for the detention of adults pursuant to the limitations of clauses (i), (ii) and (iii) of subsection E for a period not to exceed six hours prior to a court hearing and an additional six hours after the court hearing unless a longer period is ordered pursuant to subsection E.

G. If a juvenile 14 years of age or older is charged with an offense which, if committed by an adult, would be a felony or Class 1 misdemeanor, and the judge or intake officer determines that secure detention is needed for the safety of the juvenile or the community, such juvenile may be detained for a period not to exceed six hours prior to a court hearing and six hours after the court hearing in a temporary lock-up room or ward for juveniles while arrangements are completed to transfer the juvenile to a juvenile facility. Such room or ward may be located in a building which also contains a jail or other facility for the detention of adults, provided that (i) such room or ward is totally separate and removed from adults or juveniles transferred to the circuit court pursuant to Article 7 (§ 16.1-269.1 et seq.), (ii) constant supervision is provided, and (iii) the facility is approved by the State Board of Local and Regional Jails for the detention of juveniles. The State Board of Local and Regional Jails is authorized and directed to prescribe minimum standards for temporary lock-up rooms and wards based on the requirements set out in this subsection.

G1. Any juvenile who has been ordered detained in a secure detention facility pursuant to § 16.1-248.1 may be held incident to a court hearing (i) in a court holding cell for a period not to exceed six hours, provided that the juvenile is entirely separate and removed from detained adults, or (ii) in a nonsecure area, provided that constant supervision is provided.

H. If a judge, intake officer or magistrate orders the predispositional detention of persons 18 years of age or older, such detention shall be in an adult facility; however, if the predispositional detention is ordered for a violation of the terms and

conditions of release from a juvenile correctional center, the judge, intake officer or magistrate may order such detention be in a juvenile facility.

I. The Departments of Corrections, Juvenile Justice and Criminal Justice Services shall assist the localities or combinations thereof in implementing this section and ensuring compliance herewith.

§ 16.1-278.7. Commitment to Department of Juvenile Justice.

Only a juvenile who is (i) adjudicated as a delinquent of an act enumerated in subsection B or C of § 16.1-269.1 and is 11 years of age or older or (ii) 14 years of age or older may be committed to the Department of Juvenile Justice. In cases where a waiver of an investigation has been granted pursuant to subdivision A 14 or A 17 of § 16.1-278.8, at the time a court commits a child to the Department of Juvenile Justice the court shall order an investigation pursuant to § 16.1-273 to be completed within 15 days. No juvenile court or circuit court shall order the commitment of any child jointly to the Department of Juvenile Justice and to a local board of social services or transfer the custody of a child jointly to a court service unit of a juvenile court and to a local board of social services. Any person sentenced and committed to an active term of incarceration in the Department of Corrections who is, at the time of such sentencing, in the custody of the Department of Juvenile Justice, upon pronouncement of sentence, shall be immediately transferred to the Department of Corrections.

§ 16.1-278.8. Delinquent juveniles.

A. If a juvenile is found to be delinquent, except where such finding involves a refusal to take a breath test in violation of § 18.2-268.2 or a similar ordinance, the juvenile court or the circuit court may make any of the following orders of disposition for his supervision, care and rehabilitation:

1. Enter an order pursuant to the provisions of § 16.1-278;
2. Permit the juvenile to remain with his parent, subject to such conditions and limitations as the court may order with respect to the juvenile and his parent;
3. Order the parent of a juvenile living with him to participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as the court may order and as are designed for the rehabilitation of the juvenile and his parent;
4. Defer disposition for a specific period of time established by the court with due regard for the gravity of the offense and the juvenile's history, after which time the charge may be dismissed by the judge if the juvenile exhibits good behavior during the period for which disposition is deferred;
- 4a. Defer disposition and place the juvenile in the temporary custody of the Department to attend a boot camp established pursuant to § 66-13 provided bed space is available for confinement and the juvenile (i) has been found delinquent for an offense that would be a Class 1 misdemeanor or felony if committed by an adult, (ii) has not previously been and is not currently being adjudicated delinquent or found guilty of a violent juvenile felony, (iii) has not previously attended a boot camp, (iv) has not previously been committed to and received by the Department, and (v) has had an assessment completed by the Department or its contractor concerning the appropriateness of the candidate for a boot camp. Upon the juvenile's withdrawal, removal or refusal to comply with the terms and conditions of participation in the program, he shall be brought before the court for a hearing at which the court may impose any other disposition as authorized by this section which could have been imposed at the time the juvenile was placed in the custody of the Department;
5. Without entering a judgment of guilty and with the consent of the juvenile and his attorney, defer disposition of the delinquency charge for a specific period of time established by the court with due regard for the gravity of the offense and the juvenile's history, and place the juvenile on probation under such conditions and limitations as the court may prescribe. Upon fulfillment of the terms and conditions, the court shall discharge the juvenile and dismiss the proceedings against him. Discharge and dismissal under these provisions shall be without adjudication of guilt;
6. Order the parent of a juvenile with whom the juvenile does not reside to participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as the court may order and as are designed for the rehabilitation of the juvenile where the court determines this participation to be in the best interest of the juvenile and other parties concerned and where the court determines it reasonable to expect the parent to be able to comply with such order;
7. Place the juvenile on probation under such conditions and limitations as the court may prescribe;
- 7a. Place the juvenile on probation and order treatment for the abuse or dependence on alcohol or drugs in a program licensed by the Department of Behavioral Health and Developmental Services for the treatment of juveniles for substance abuse provided that (i) the juvenile has received a substance abuse screening and assessment pursuant to § 16.1-273 and that such assessment reasonably indicates that the commission of the offense was motivated by, or closely related to, the habitual use of alcohol or drugs and indicates that the juvenile is in need of treatment for this condition; (ii) the juvenile has not previously been and is not currently being adjudicated for a violent juvenile felony; and (iii) such facility is available. Upon the juvenile's withdrawal, removal, or refusal to comply with the conditions of participation in the program, he shall be brought before the court for a hearing at which the court may impose any other disposition authorized by this section. The court shall review such placements at 30-day intervals;
8. Impose a fine not to exceed \$500 upon such juvenile;
9. Suspend the motor vehicle and driver's license of such juvenile or impose a curfew on the juvenile as to the hours during which he may operate a motor vehicle. Any juvenile whose driver's license is suspended may be referred for an assessment and subsequent referral to appropriate services, upon such terms and conditions as the court may order. The court, in its discretion and upon a demonstration of hardship, may authorize the use of a restricted permit to operate a motor

vehicle by any juvenile who enters such program for any of the purposes set forth in subsection E of § 18.2-271.1 or for travel to and from school. The restricted permit shall be issued in accordance with the provisions of such subsection. However, only an abstract of the court order that identifies the juvenile and the conditions under which the restricted license is to be issued shall be sent to the Department of Motor Vehicles.

If a curfew is imposed, the juvenile shall surrender his driver's license, which shall be held in the physical custody of the court during any period of curfew restriction. The court shall send an abstract of any order issued under the provisions of this section to the Department of Motor Vehicles, which shall preserve a record thereof. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of this chapter or the provisions of Title 46.2, this record shall be available only to all law-enforcement officers, attorneys for the Commonwealth and courts. A copy of the court order, upon which shall be noted all curfew restrictions, shall be provided to the juvenile and shall contain such information regarding the juvenile as is reasonably necessary to identify him. The juvenile may operate a motor vehicle under the court order in accordance with its terms.

Any juvenile who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 46.2-301.

The Department of Motor Vehicles shall refuse to issue a driver's license to any juvenile denied a driver's license until such time as is stipulated in the court order or until notification by the court of withdrawal of the order imposing the curfew;

10. Require the juvenile to make restitution or reparation to the aggrieved party or parties for actual damages or loss caused by the offense for which the juvenile was found to be delinquent;

11. Require the juvenile to participate in a public service project under such conditions as the court prescribes;

12. In case of traffic violations, impose only those penalties that are authorized to be imposed on adults for such violations. However, for those violations punishable by confinement if committed by an adult, confinement shall be imposed only as authorized by this title;

13. Transfer legal custody to any of the following:

a. A relative or other individual who, after study, is found by the court to be qualified to receive and care for the juvenile;

b. A child welfare agency, private organization or facility that is licensed or otherwise authorized by law to receive and provide care for such juvenile. The court shall not transfer legal custody of a delinquent juvenile to an agency, organization or facility outside of the Commonwealth without the approval of the Director; or

c. The local board of social services of the county or city in which the court has jurisdiction or, at the discretion of the court, to the local board of the county or city in which the juvenile has residence if other than the county or city in which the court has jurisdiction. The board shall accept the juvenile for care and custody, provided that it has been given reasonable notice of the pendency of the case and an opportunity to be heard. However, in an emergency in the county or city in which the court has jurisdiction, such local board may be required to temporarily accept a juvenile for a period not to exceed 14 days without prior notice or an opportunity to be heard if the judge entering the placement order describes the emergency and the need for such temporary placement in the order. Nothing in this subdivision shall prohibit the commitment of a juvenile to any local board of social services in the Commonwealth when such local board consents to the commitment. The board to which the juvenile is committed shall have the final authority to determine the appropriate placement for the juvenile. Any order authorizing removal from the home and transferring legal custody of a juvenile to a local board of social services as provided in this subdivision shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the juvenile, and the order shall so state;

14. Unless waived by an agreement between the attorney for the Commonwealth and the juvenile and his attorney or other legal representative, upon consideration of the results of an investigation completed pursuant to § 16.1-273, commit the juvenile to the Department of Juvenile Justice, but only if (i) he is 11 years of age or older and has been adjudicated delinquent of an act enumerated in subsection B or C of § 16.1-269.1 or (ii) he is 14 years of age or older and the current offense is (i) (a) an offense that would be a felony if committed by an adult, (ii) (b) an offense that would be a Class 1 misdemeanor if committed by an adult and the juvenile has previously been found to be delinquent based on an offense that would be a felony if committed by an adult, or (iii) (c) an offense that would be a Class 1 misdemeanor if committed by an adult and the juvenile has previously been adjudicated delinquent of three or more offenses that would be a Class 1 misdemeanor if committed by an adult, and each such offense was not a part of a common act, transaction or scheme;

15. Impose the penalty authorized by § 16.1-284;

16. Impose the penalty authorized by § 16.1-284.1;

17. Unless waived by an agreement between the attorney for the Commonwealth and the juvenile and his attorney or other legal representative, upon consideration of the results of an investigation completed pursuant to § 16.1-273, impose the penalty authorized by § 16.1-285.1;

18. Impose the penalty authorized by § 16.1-278.9; or

19. Require the juvenile to participate in a gang-activity prevention program including, but not limited to, programs funded under the Virginia Juvenile Community Crime Control Act pursuant to § 16.1-309.7, if available, when a juvenile has been found delinquent of any of the following violations: § 18.2-51, 18.2-51.1, 18.2-52, 18.2-53, 18.2-55, 18.2-56, 18.2-57, 18.2-57.2, 18.2-121, 18.2-127, 18.2-128, 18.2-137, 18.2-138, 18.2-146, or 18.2-147, or any violation of a local ordinance adopted pursuant to § 15.2-1812.2.

B. If the court finds a juvenile delinquent of any of the following offenses, the court shall require the juvenile to make at least partial restitution or reparation for any property damage, for loss caused by the offense, or for actual medical expenses incurred by the victim as a result of the offense: § 18.2-51, 18.2-51.1, 18.2-52, 18.2-53, 18.2-55, 18.2-56, 18.2-57, 18.2-57.2, 18.2-121, 18.2-127, 18.2-128, 18.2-137, 18.2-138, 18.2-146, or 18.2-147; or for any violation of a local ordinance adopted pursuant to § 15.2-1812.2. The court shall further require the juvenile to participate in a community service project under such conditions as the court prescribes.

CHAPTER 116

An Act to amend and reenact § 58.1-3965 of the Code of Virginia, relating to sale of land for delinquent taxes.

[H 2165]

Approved March 12, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3965 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3965. When land may be sold for delinquent taxes; notice of sale; owner's right of redemption.

A. When any taxes on any real estate in a locality are delinquent on December 31 following the second anniversary of the date on which such taxes have become due, or, in the case of real property upon which is situated (i) any structure that has been condemned by the local building official pursuant to applicable law or ordinance; (ii) any nuisance as that term is defined in § 15.2-900; (iii) any derelict building as that term is defined in § 15.2-907.1; or (iv) any property that has been declared to be blighted as that term is defined in § 36-49.1:1, the first anniversary of the date on which such taxes have become due, such real estate may be sold for the purpose of collecting all delinquent taxes on such property.

However, in a qualifying locality, as defined in § 58.1-3221.6, whenever (a) taxes on any real estate in the locality are delinquent upon the expiration of six months following the date on which such taxes became due and (b) the locality has incurred abatement costs which remain unpaid upon the expiration of six months following the date on which the abatement costs were first incurred, real estate meeting the conditions described in clause (i), (ii), (iii), or (iv) may be sold for the purpose of collecting all delinquent taxes and abatement costs on such property. For the purposes of this section, "abatement costs" means costs incurred by a locality that result from the conditions described in clause (i), (ii), (iii), or (iv).

Upon a finding by the court, on real estate with an assessed value of \$100,000 or less in any locality, that (a) any taxes on such real estate are delinquent on December 31 following the first anniversary of the date on which such taxes have become due or (b) there is a lien on such real estate pursuant to § 15.2-900, 15.2-906, 15.2-907, 15.2-907.1, 15.2-908.1, or 36-49.1:1, which lien remains unpaid on December 31 following the first anniversary of the date on which such lien was recorded, the property shall be deemed subject to sale by public auction pursuant to proper notice under this subsection.

The officer charged with the duty of collecting taxes for the locality wherein the real property lies shall, at least 30 days prior to instituting any judicial proceeding pursuant to this section, send a notice to (1) the last known address of the property owner as such owner and address appear in the records of the treasurer, (2) the property address if the property address is different from the owner's address and if the real estate is listed with the post office by a numbered and named street address and (3) the last known address of any trustee under any deed of trust, mortgagee under any mortgage and any other lien creditor, if such trustee, mortgagee or lien creditor is not otherwise made a party defendant under § 58.1-3967, advising such property owner, trustee, mortgagee or other lien creditor of the delinquency and the officer's intention to take action. Such notice shall advise the taxpayer that the taxpayer may request the treasurer to enter into a payment agreement to permit the payment of the delinquent taxes, interest, and penalties over a period not to exceed 36 60 months in accordance with the provisions of subsection C. Such officer shall also cause to be published at least once a list of real estate which will be offered for sale under the provisions of this article in a newspaper of general circulation in the locality, at least 30 days prior to the date on which judicial proceedings under the provisions of this article are to be commenced.

The pro rata cost of such publication shall become a part of the tax and together with all other costs, including reasonable attorneys' fees set by the court and the costs of any title examination conducted in order to comply with the notice requirements imposed by this section, shall be collected if payment is made by the owner in redemption of the real property described therein whether or not court proceedings have been initiated. A notice substantially in the following form shall be sufficient:

Notice

Judicial Sale of Real Property

On _____ (date) _____ proceedings will be commenced under the authority of § 58.1-3965 et seq. of the Code of Virginia to sell the following parcels for payment of delinquent taxes:

(description of properties)

B. The owner of any property listed may redeem it at any time before the date of the sale by paying all accumulated taxes, penalties, reasonable attorneys' fees, interest and costs thereon, including the pro rata cost of publication hereunder. Partial payment of delinquent taxes, penalties, reasonable attorneys' fees, interest or costs shall not be sufficient to redeem the property, and shall not operate to suspend, invalidate or make moot any action for judicial sale brought pursuant to this article.

C. Notwithstanding the provisions of subsection B and of § 58.1-3954, the treasurer or other officer responsible for collecting taxes may suspend any action for sale of the property commenced pursuant to this article (i) upon entering into an

agreement with the owner of the real property for the payment of all delinquent amounts in installments over a period ~~which~~ *that* is reasonable under the circumstances, but *that* in no event shall exceed ~~36~~ 60 months, or (ii) upon written notice by an individual, not a party to the action, asserting ownership rights in the property that is the subject of the action arising by virtue of testate or intestate succession, to the treasurer or other officer responsible for collecting taxes. The treasurer or other officer responsible for collecting taxes shall promptly advise the court of such claim and seek leave to add the individual asserting the claim as a party to the action. If the court determines that the individual asserting the claim possesses an ownership interest in the property that is the subject of the action, such individual may, within 30 days of the court's finding, enter into an agreement with the treasurer or other official responsible for collecting taxes for the payment of all delinquent amounts in installments over a period that is reasonable under the circumstances, but that in no event shall exceed 60 months. Any ~~such~~ agreement under this subsection shall provide for the payment of current tax obligations as they come due, which payments shall be credited to current tax obligations notwithstanding the provisions of § 58.1-3913 and shall be secured by the lien of the locality pursuant to § 58.1-3340.

D. During the pendency of any installment agreement permitted under subsection C, any proceeding for a sale previously commenced shall not abate, but shall be continued on the docket of the court in which such action is pending. It shall be the duty of the treasurer or other officer responsible for collecting taxes to promptly notify the clerk of such court when obligations arising under such an installment agreement have been fully satisfied. Upon the receipt of such notice, the clerk shall cause the action to be stricken from the docket.

E. In the event the owner of the property or other responsible person defaults upon obligations arising under an installment agreement permitted by subsection C, or during the term of any installment agreement, defaults on any current obligation as it becomes due, such agreement shall be voidable by the treasurer or other officer responsible for collecting taxes upon 15 days' written notice to the signatories of such agreement irrespective of the amount remaining due. Any action for the sale previously commenced pursuant to this article may proceed without any requirement that the notice or advertisement required by subsection A, which had previously been made with respect to such property, be repeated. No owner of property which has been the subject of a defaulted installment agreement shall be eligible to enter into a second installment agreement with respect to the same property within three years of such default.

F. Any corporate, partnership or limited liability officer, as those terms are defined in § 58.1-1813, who willfully fails to pay any tax being enforced by this section, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax not paid, to be assessed and collected in the same manner as such taxes are assessed and collected.

G. During the pendency of the action, the circuit court in which the action is pending may, on its own motion or on the motion of any party, refer the parties to a dispute resolution proceeding pursuant to the provisions of Chapter 20.2 (§ 8.01-576.4 et seq.) of Title 8.01.

H. In any case in which real estate subject to delinquent taxes is situated in two or more jurisdictions, a suit to sell the entirety of the real estate pursuant to this article may be brought in a single jurisdiction provided that (i) taxes are delinquent in all jurisdictions for periods not less than the minimum applicable periods set forth in subsection A and (ii) the treasurer of each jurisdiction within which the property is situated consents to the suit.

The suit shall identify the taxes, penalties, interest, and other charges due in each jurisdiction. The publications and notices required pursuant to this section shall identify each of the jurisdictions in which the property is situated. Upon sale of the property, the order confirming the sale shall provide for the payment of taxes, penalties, interest, and other charges to each jurisdiction, and copies of the order confirming the sale and the deed conveying the property to the purchaser shall be recorded among the land records of the clerk's office of the circuit court for each jurisdiction within which the property that is the subject of the suit is situated. *No final order confirming sale shall be entered sooner than 90 days following the provision of notice to parties in accordance with subsection A or, if later, 90 days following the receipt of notice by the treasurer or other official responsible for collecting taxes from an individual, not previously made a party to the action, in accordance with clause (ii) of subsection C.*

CHAPTER 117

An Act to amend and reenact §§ 58.1-301, 58.1-322.02, 58.1-322.03, and 58.1-402 of the Code of Virginia, relating to conformity of the Commonwealth's taxation system with the Internal Revenue Code; emergency.

[H 1935]

Approved March 15, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-301, 58.1-322.02, 58.1-322.03, and 58.1-402 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-301. Conformity to Internal Revenue Code.

A. Any term used in this chapter shall have the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes, unless a different meaning is clearly required.

B. Any reference in this chapter to the laws of the United States relating to federal income taxes shall mean the provisions of the Internal Revenue Code of 1954, and amendments thereto, and other provisions of the laws of the United States relating to federal income taxes, as they existed on December 31, 2019 2020, except for:

This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax

Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

This addition shall not be required for any portion of the interest expenses and costs, if:

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

The amount subject to recapture shall be a portion of the amount withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability; (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy Code, 11 U.S.C. §§ 101 through 1330; or (iii) transferred from an account established pursuant to Chapter 12 (§ 36-171 et seq.) of Title 36 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) and (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, E, and G, and H.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, and G, and H.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. In addition, for such transactions identified by the Tax Commissioner herein by which he

has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. CHAPTER 125

An Act to amend and reenact § 15.2-901 of the Code of Virginia, relating to removal of clutter from property.

[H 1778]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-901 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-901. Locality may provide for removal or disposal of trash and clutter, cutting of grass, weeds, and running bamboo; penalty in certain counties; penalty.

A. Any locality may, by ordinance, provide that:

1. The owners of property therein shall, at such time or times as the governing body may prescribe, remove therefrom any and all trash, garbage, refuse, litter, *clutter, except on land zoned for or in active farming operation*, and other substances ~~which~~ *that* might endanger the health or safety of other residents of such locality; or may, whenever the governing body deems it necessary, after reasonable notice, have such trash, garbage, refuse, litter, *clutter, except on land zoned for or in active farming operation*, and other like substances ~~which~~ *that* might endanger the health of other residents of the locality, removed by its own agents or employees, in which event the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected; *For purposes of this section, "clutter" includes mechanical equipment, household furniture, containers, and similar items that may be detrimental to the well-being of a community when they are left in public view for an extended period or are allowed to accumulate.*

2. Trash, garbage, refuse, litter, *clutter*, except on land zoned for or in active farming operation, and other debris shall be disposed of in personally owned or privately owned receptacles that are provided for such use and for the use of the persons disposing of such matter or in authorized facilities provided for such purpose and in no other manner not authorized by law.

3. The owners of occupied or vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds, and other foreign growth, including running bamboo as defined in § 15.2-901.1, on such property or any part thereof at such time or times as the governing body shall prescribe, or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds, or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance adopted by any county shall have any force and effect within the corporate limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial, or industrial use. No such ordinance shall be applicable to land zoned for or in active farming operation. However, in any locality located in Planning District 6, no such ordinance shall be applicable to land zoned for agricultural use unless such lot is one acre or less in area and used for a residential purpose. In any locality within Planning District 23, such ordinance may also include provisions for cutting overgrown shrubs, trees, and other such vegetation.

4. The owners of any land, regardless of zoning classification, used for the interment of human remains shall cut the grass, weeds, and other foreign growth, including running bamboo as defined in § 15.2-901.1, on such property or any part thereof at such time or times as the governing body shall prescribe, or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds, or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance shall be applicable to land owned by an individual, family, property owners' association as defined in § 55.1-1800, or church.

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local real estate taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. Classifying such subsequent violations as criminal offenses shall preclude the imposition of civil penalties for the same violation.

Article 6.

Financial Procedures.

§ 6.1. Fiscal year.

The fiscal year of the town shall begin on the first day of July and end on the last day of June.

§ 6.2. Submission of budget and budget message.

On or before the first day of May of each year, the town manager shall submit to the council a budget for the ensuing fiscal year and an accompanying message.

§ 6.3. Budget message.

The town manager's message shall explain the budget both in fiscal terms and in terms of the work programs. It shall explain the proposed financial policies of the town for the ensuing fiscal year; describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures, and revenues together with the reasons for such changes, summarize the town's debt position, and include such other material as the town manager deems desirable.

§ 6.4. Budget.

The budget shall provide a complete financial plan of all town funds and activities for the ensuing fiscal year and, except as required by law or this charter, shall be in such form as the town manager deems desirable or the council may require. In organizing the budget, the town manager shall utilize the most feasible combination of expenditure classification by fund, organization unit, program, purpose or activity, and object. The budget shall begin with a clear, general summary of its contents; shall show in detail all estimated income, indicating the proposed tax levies, and all proposed expenditures, including debt service, for the ensuing fiscal year; and shall be so arranged as to show comparative figures for actual income and expenditures of the preceding fiscal year. The budget shall indicate in separate sections:

1. Proposed expenditures for current operations during the ensuing fiscal year; detailed by offices, departments, and agencies in terms of their respective work programs, and the method of financing such expenditures;
2. Proposed capital expenditures during the ensuing fiscal year; detailed by offices, departments, and agencies when practicable, and the proposed method of financing each such capital expenditure; and
3. Anticipated net income or net loss for the ensuing fiscal year of each utility owned or operated by the town and the proposed method of its disposition; the town manager shall include in the budget subsidiary budgets for each such utility giving detailed income and expenditure information and proposed utility rates.

In amending the budget, the council may add or increase programs or amounts and may delete or decrease any programs or amounts, except expenditures required by law or for debt service or for estimated cash deficit, provided that no amendment to the budget shall increase the authorized expenditures to any amount greater than the total of estimated available funds.

The council shall, by ordinance or resolution, adopt the budget before the first day of the fiscal year for which it is adopted, and said ordinance or resolution shall appropriate the amounts specified in the budget as expenditures from the funds indicated in the budget.

Copies of the budget and the capital program as adopted shall be public records and shall be made available to the public at suitable places in the town.

To meet a public emergency affecting life, health, property, or the public peace, the council may make emergency appropriations. Such appropriations may be made by ordinance or resolution. To the extent that there are no available unappropriated funds to meet such appropriations, the council may, with the adoption of such ordinances or resolutions, authorize the issuance of emergency notes, which may be renewed from time to time, all as may be authorized by the Constitution and general law, but the emergency notes and renewals of any fiscal year shall be paid not later than the last day of the fiscal year next succeeding that in which the emergency appropriation was made.

If at any time during the fiscal year it appears probable to the town manager that the funds available will be insufficient to meet the amount appropriated, then the town manager shall report to the council without delay, indicating the estimated amount of the deficit, any remedial action taken, and recommendations as to any other steps to be taken. The council shall then take such further action as it deems necessary to prevent or minimize any deficit and for that purpose it may by ordinance or resolution reduce one or more appropriations.

§ 6.8. Lapse of appropriations.

Every appropriation, except an appropriation for a capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered by the town manager. CHAPTER 132

An Act to amend and reenact § 46.2-334.01, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to license restrictions for minors; use of handheld personal communications devices.

[H 1846]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-334.01, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 46.2-334.01. (Effective until March 1, 2021) Licenses issued to persons less than 18 years old subject to certain restrictions.

A. Any learner's permit or driver's license issued to any person less than 18 years old shall be subject to the following:

1. Notwithstanding the provisions of § 46.2-498, whenever the driving record of a person less than 19 years old shows that he has been convicted of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall direct such person to attend a driver improvement clinic. No safe driving points shall be awarded for such clinic attendance, nor shall any safe driving points be awarded for voluntary or court-assigned clinic attendance. Such person's parent, guardian, legal custodian, or other person standing in loco parentis may attend such clinic and receive a reduction in demerit points and/or an award of safe driving points pursuant to § 46.2-498. The provisions of this subdivision shall not be construed to prohibit awarding of safe driving points to a person less than 18 years old who attends and successfully completes a driver improvement clinic without having been directed to do so by the Commissioner or required to do so by a court.

2. If any person less than 19 years old is convicted a second time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall suspend such person's driver's license or privilege to operate a motor vehicle for 90 days. Such suspension shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial. Any person who has had his driver's license or privilege to operate a motor vehicle suspended in accordance with this subdivision may petition the juvenile and domestic relations district court of his residence for a restricted license to authorize such person to drive a motor vehicle in the Commonwealth to and from his home, his place of employment, or an institution of higher education where he is enrolled, provided there is no other means of transportation by which such person may travel between his home and his place of employment or the institution of higher education where he is enrolled. On such petition the court may, in its discretion, authorize the issuance of a restricted license for a period not to exceed the term of the suspension of the person's license or privilege to operate a motor vehicle in the Commonwealth. Such restricted license shall be valid solely for operation of a motor vehicle between such person's home and his place of employment or the institution of higher education where he is enrolled.

3. If any person is convicted a third time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall revoke such person's driver's license or privilege to operate a motor vehicle for one year or until such person reaches the age of 18 years, whichever is longer. Such revocation shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial.

4. In no event shall any person subject to the provisions of this section be subject to the suspension or revocation provisions of subdivision 2 or 3 for multiple convictions arising out of the same transaction or occurrence.

B. The initial license issued to any person younger than 18 years of age shall be deemed a provisional driver's license. Until the holder is 18 years old, a provisional driver's license shall not authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old. After the first year the provisional license is issued, the holder may operate a motor vehicle with up to three passengers who are less than 21 years old (i) when the holder is driving to or from a school-sponsored activity, (ii) when a licensed driver who is at least 21 years old is occupying the seat beside the driver, or (iii) in cases of emergency. These passenger limitations, however, shall not apply to members of the driver's family or household. For the purposes of this subsection, "a member of the driver's family or household" means any of the following: (a) the driver's spouse, children, stepchildren, brothers, sisters, half-brothers, half-sisters, first cousins, and any individual who has a child in common with the driver, whether or not they reside in the same home with the driver; (b) the driver's brothers-in-law and sisters-in-law who reside in the same home with the driver; and (c) any individual who cohabits with the driver, and any children of such individual residing in the same home with the driver.

C. The holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth between the hours of midnight and 4:00 a.m. except when driving (i) to or from a place of business where he is employed; (ii) to or from an activity that is supervised by an adult and is sponsored by a school or by a civic, religious, or public organization; (iii) accompanied by a parent, a person acting in loco parentis, or by a spouse who is 18 years old or older, provided that such person accompanying the driver is actually occupying a seat beside the driver and is lawfully permitted to operate a motor vehicle at the time; or (iv) in cases of emergency, including response by volunteer firefighters and volunteer emergency medical services personnel to emergency calls.

~~C1. Except in a driver emergency or when the vehicle is lawfully parked or stopped, the holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether such device is or is not hand-held.~~

D. The provisional driver's license restrictions in subsections B₇ and C₇ and ~~C1~~ shall expire on the holder's eighteenth birthday. A violation of the provisional driver's license restrictions in subsection B₇ or C₇ or ~~C1~~ shall constitute a traffic infraction. For a second or subsequent violation of the provisional driver's license restrictions in subsection B₇ or C₇ or ~~C1~~, in addition to any other penalties that may be imposed pursuant to § 16.1-278.10, the court may suspend the juvenile's privilege to drive for a period not to exceed six months.

E. A violation of subsection B₇ or C₇ or ~~C1~~ shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence, or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. No citation for a violation of this section shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

§ 46.2-334.01. (Effective March 1, 2021) Licenses issued to persons less than 18 years old subject to certain restrictions.

A. Any learner's permit or driver's license issued to any person less than 18 years old shall be subject to the following:

1. Notwithstanding the provisions of § 46.2-498, whenever the driving record of a person less than 19 years old shows that he has been convicted of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall direct such person to attend a driver improvement clinic. No safe driving points shall be awarded for such clinic attendance, nor shall any safe driving points be awarded for voluntary or court-assigned clinic attendance. Such person's parent, guardian, legal custodian, or other person standing in loco parentis may attend such clinic and receive a reduction in demerit points and/or an award of safe driving points pursuant to § 46.2-498. The provisions of this subdivision shall not be construed to prohibit awarding of safe driving points to a person less than 18 years old who attends and successfully completes a driver improvement clinic without having been directed to do so by the Commissioner or required to do so by a court.

2. If any person less than 19 years old is convicted a second time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall suspend such person's driver's license or privilege to operate a motor vehicle for 90 days. Such suspension shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial. Any person who has had his driver's license or privilege to operate a motor vehicle suspended in accordance with this subdivision may petition the juvenile and domestic relations district court of his residence for a restricted license to authorize such person to drive a motor vehicle in the Commonwealth to and from his home, his place of employment, or an institution of higher education where he is enrolled, provided there is no other means of transportation by which such person may travel between his home and his place of employment or the institution of higher education where he is enrolled. On such petition the court may, in its discretion, authorize the issuance of a restricted license for a period not to exceed the term of the suspension of the person's license or privilege to operate a motor vehicle in the Commonwealth. Such restricted license shall be valid solely for operation of a motor vehicle between such person's home and his place of employment or the institution of higher education where he is enrolled.

3. If any person is convicted a third time of committing, when he was less than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall revoke such person's driver's license or privilege to operate a motor vehicle for one year or until such person reaches the age of 18 years, whichever is longer. Such revocation shall be consecutive to, and not concurrent with, any other period of license suspension, revocation, or denial.

4. In no event shall any person subject to the provisions of this section be subject to the suspension or revocation provisions of subdivision 2 or 3 for multiple convictions arising out of the same transaction or occurrence.

B. The initial license issued to any person younger than 18 years of age shall be deemed a provisional driver's license. Until the holder is 18 years old, a provisional driver's license shall not authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old. After the first year the provisional license is issued, the holder may operate a motor vehicle with up to three passengers who are less than 21 years old (i) when the holder is driving to or from

a school-sponsored activity, (ii) when a licensed driver who is at least 21 years old is occupying the seat beside the driver, or (iii) in cases of emergency. These passenger limitations, however, shall not apply to members of the driver's family or household. For the purposes of this subsection, "a member of the driver's family or household" means any of the following: (a) the driver's spouse, children, stepchildren, brothers, sisters, half-brothers, half-sisters, first cousins, and any individual who has a child in common with the driver, whether or not they reside in the same home with the driver; (b) the driver's brothers-in-law and sisters-in-law who reside in the same home with the driver; and (c) any individual who cohabits with the driver, and any children of such individual residing in the same home with the driver.

C. The holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth between the hours of midnight and 4:00 a.m. except when driving (i) to or from a place of business where he is employed; (ii) to or from an activity that is supervised by an adult and is sponsored by a school or by a civic, religious, or public organization; (iii) accompanied by a parent, a person acting in loco parentis, or by a spouse who is 18 years old or older, provided that such person accompanying the driver is actually occupying a seat beside the driver and is lawfully permitted to operate a motor vehicle at the time; or (iv) in cases of emergency, including response by volunteer firefighters and volunteer emergency medical services personnel to emergency calls.

~~C1. Except in a driver emergency or when the vehicle is lawfully parked or stopped, the holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether such device is or is not hand-held.~~

D. The provisional driver's license restrictions in subsections B₇ and C₇ and ~~C1~~ shall expire on the holder's eighteenth birthday. A violation of the provisional driver's license restrictions in subsection B₇ or C₇ or ~~C1~~ shall constitute a traffic infraction. For a second or subsequent violation of the provisional driver's license restrictions in subsection B₇ or C₇ or ~~C1~~, in addition to any other penalties that may be imposed pursuant to § 16.1-278.10, the court may suspend the juvenile's privilege to drive for a period not to exceed six months.

E. A violation of subsection B₇ or C₇ or ~~C1~~ shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence, or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. No law-enforcement officer shall stop a motor vehicle for a violation of this section. No evidence discovered or obtained as the result of a stop in violation of this subsection, including evidence discovered or obtained with the operator's consent, shall be admissible in any trial, hearing, or other proceeding.

§ 46.2-1702. Certification of driver education courses by Commissioner.

Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any comprehensive community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any comprehensive community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses, including the parent/student driver education component of the driver education curriculum as established in § 22.1-205. The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Computer-based driver education providers shall not issue a certificate of completion to a student prior to receiving proof of completion of the additional minimum 90-minute parent/student driver education component pursuant to § 22.1-205.

Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component of the driver education curriculum pursuant to § 22.1-205. Only public schools and those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer the parent/student driver education component of the driver education curriculum through a virtual,

computer-based program. Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public schools and emphasizes (a) parental responsibilities regarding juvenile driver behavior, (b) juvenile driving restrictions pursuant to this Code, and (c) the dangers of driving while intoxicated and underage consumption of alcohol.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer knowledge or behind-the-wheel examinations unless authorized pursuant to § 46.2-326.1. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept, in lieu of requirements established by the Department of Education for instructor qualification, (1) 20 years' service with the Virginia Department of State Police by a law-enforcement officer who retired or resigned while in good standing from such Department or (2)(i) 20 years' service as a traffic enforcement officer with patrol experience with any local police department by a law-enforcement officer who has been certified by the Virginia Department of Criminal Justice Services pursuant to § 15.2-1706, (ii) who retired or resigned while in good standing from such department, and (iii) who has been certified to teach driver training by the Virginia Department of Criminal Justice Services.

The Department shall show on the face of any title issued under this section any negotiable security interests in the motor vehicle as provided in §§ 46.2-636 through 46.2-643.

G. The Department shall not transfer the title to a foreign market vehicle if ownership of the vehicle is evidenced by a nonnegotiable title, unless the nonnegotiable title owner is deceased. If the nonnegotiable title owner is deceased, a new, nonnegotiable title may be issued to the legatee or distributee in accordance with §§ 46.2-633 and 46.2-634.

H. A nonnegotiable title may be issued for the purpose of recording a lien. A negotiable certificate of title shall be issued on proof of compliance with all regulations prescribed in this section.

I. Notwithstanding other provisions of this section, the Department shall issue, on application, a temporary, nonrenewable 180-day registration to a foreign market vehicle upon:

3. Submission of a complete application for a title, including all necessary documents of ownership.

J. The Department shall withhold delivery of the certificate of title during the 180-day period of conditional registration and shall not issue the permanent title until the requirements of subsection A of this section have been met.

K. Upon application, the Department shall issue a temporary one-trip permit for the purpose of transporting a foreign market vehicle from the port of entry to the applicant's home or to a conversion facility. The one-trip permit shall be issued in accordance with § 46.2-651.

The Commission, at its discretion, may extend for up to an additional ~~thirty~~ *30* days the period within which it shall approve or disapprove the policy form or endorsement. Any policy form or endorsement received but neither approved nor disapproved by the Commission shall be deemed approved at the expiration of the ~~thirty~~ *30* days if the period is not extended, or at the expiration of the extended period, if any; however, no policy form or endorsement shall be deemed approved under the provisions of this section unless written notice of the intent to use the policy form or endorsement has been filed with the Commission.

D. If the Commission proposes to withdraw approval previously given or deemed given to the policy form or endorsement to which this section applies, it shall notify the insurer in writing at least ninety days prior to the proposed effective date of withdrawal giving its reasons for withdrawal.

E. The policy and endorsement forms referred to in subsection A of this section in use on October 1, 1976, may continue to be used, subject to disapproval by the Commission.

F. The Commission may by rule exempt any person, class of persons, or market segment from any or all of the provisions of this section. In promulgating an exemption, the Commission may consider the nature of the coverage, the person or persons to be insured or covered, the competence of the buyer or other parties to the contract, and other criteria the Commission considers relevant.

G. The policy and endorsement forms referred to in subsection A of this section shall be open to public inspection. Copies may be obtained by any person on request and upon payment of a reasonable charge for the copies.

H. Any insurer whose rate service organization files on behalf of such insurer shall notify the Commission prior to the effective date of any filing if the insurer is not going to accept the filing made on its behalf.

I. Notwithstanding anything to the contrary in subsection A, the provisions of this section shall apply to policies and endorsements of credit involuntary unemployment insurance, as defined in § 38.2-122.1, and to policies and endorsements of credit property insurance, as defined in § 38.2-122.2, delivered or issued for delivery in this Commonwealth, and to certificates of credit involuntary unemployment insurance and credit property insurance delivered or issued for delivery in this Commonwealth where the group policy is delivered in another state.

CHAPTER 139

An Act to amend and reenact § 46.2-325 of the Code of Virginia, relating to online Virginia Driver's Manual course; training school.

[H 1901]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-325 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-325. Examination of applicants; waiver of Department's examination under certain circumstances; behind-the-wheel and knowledge examinations.

A. The Department shall examine every applicant for a driver's license before issuing any license to determine (i) his physical and mental qualifications and his ability to drive a motor vehicle without jeopardizing the safety of persons or property and (ii) if any facts exist which would bar the issuance of a license under §§ 46.2-311 through 46.2-316, 46.2-334, or 46.2-335. The examination, however, shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to drive a motor vehicle with safety, or other than those facts declared to be prerequisite to the issuance of a license under this chapter. No applicant otherwise competent shall be required to demonstrate ability to park any motor vehicle except in an adequate parking space between horizontal markers, and not between flags or sticks simulating parked vehicles. Except as provided for in § 46.2-337, applicants for licensure to drive motor vehicles of the classifications referred to in § 46.2-328 shall submit to examinations which relate to the operation of those vehicles. The motor vehicle to be used by the applicant for the behind-the-wheel examination shall meet the safety and equipment requirements specified in Chapter 10 (§ 46.2-1000 et seq.) and possess a valid inspection sticker as required pursuant to § 46.2-1157. An autocycle shall not be used by the applicant for a behind-the-wheel examination.

Prior to taking the examination, the applicant shall either (a) present evidence that the applicant has completed a state-approved driver education class pursuant to the provisions of § 46.2-324.1 or 46.2-334 or (b) submit to the examiner a behind-the-wheel maneuvers checklist, on a form provided by the Department, that describes the vehicle maneuvers the applicant may be expected to perform while taking the behind-the-wheel examination, that has been signed by a licensed driver, certifying that the applicant has practiced the driving maneuvers contained and described therein, and that has been signed by the applicant certifying that, at all times while holding a learner's permit, the applicant has complied with the provisions of § 46.2-335 while operating a motor vehicle.

Except for applicants subject to § 46.2-312, if the Commissioner is satisfied that an applicant has demonstrated the same proficiency as required by the Department's examination through successful completion of either (1) the driver education course approved by the Department of Education or (2) a driver training course offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.), he may waive those parts of the Department's examination provided for in this section that require the applicant to drive and park a motor vehicle.

B. Any person who fails the behind-the-wheel examination for a driver's license administered by the Department shall wait two days before being permitted to take another such examination. No person who fails the behind-the-wheel examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. In addition, no person who fails the driver knowledge examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the classroom component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education or, for (i) persons at least 18 years old or (ii) persons less than 18 years old who have previously completed the classroom component of driver instruction, a course of instruction based on the Virginia Driver's Manual, which may be conducted in a classroom or online, offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. ~~Any driver training school authorized to provide the Virginia Driver's Manual course online shall be a computer-based driver education provider as defined in § 46.2-1700.~~ Providers of the Virginia Driver's Manual course online shall ensure that the certificate of completion is issued to the same person who took the course in a manner prescribed by the Department. All persons required to complete the in-vehicle component of driver instruction or the classroom component of driver instruction pursuant to this section shall be required after successful completion of the necessary courses to have the applicable examination administered by the Department.

The provisions of this subsection shall not apply to persons placed under medical control by the Department pursuant to § 46.2-322.

CHAPTER 140

An Act to amend and reenact § 56-585.5 of the Code of Virginia, relating to electric utilities; Renewable Energy Certificates; contracts with accelerated renewable energy buyers; exemption from certain costs.

[H 1907]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.5. Generation of electricity from renewable and zero carbon sources.

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § 56-585.1:11.

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § 56-576.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Mines, Minerals and Energy under Title 45.1; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2028, each Phase I and II Utility shall retire all biomass-fired electric generating units that do not co-fire with coal.

3. By December 31, 2045, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

4. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, (iii) biomass-fired facilities that are outside the Commonwealth, or (iv) biomass-fired facilities

operating in the Commonwealth as of January 1, 2020, that supply 10 percent or more of their annual net electrical generation to the electric grid or more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion or forest or woody biomass as fuel; or (e) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2020, that supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2019; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, or falling water electric generating resources in operation, or proposed for operation, in the Commonwealth or physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities

A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating

capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods

and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section, (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development, and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of REC's necessary to comply with RPS Program requirements exceeds \$45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to \$45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring REC's for solar, wind, or anaerobic digesters located in the Commonwealth shall be \$75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Mines, Minerals and Energy. In administering this account, the Department of Mines, Minerals and Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of REC's associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of

§ 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and tried up by the utility on an annual basis, subject to continuing review and approval by the Commission.

An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, *including any contract with a utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources*. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis, ~~however, an~~. *An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis*. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of (i) awarding grants on a competitive basis through the Virginia Brownfield and Coal Mine Renewable Energy Grant Program established pursuant to subsection C or (ii) implementing and administering the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program. A. As used in this section:

"~~Clinical~~, *clinical* experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of nurse practitioners. It is unlawful for a person to practice as a nurse practitioner in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner other than a nurse practitioner licensed by the Boards of Medicine and Nursing as a certified nurse midwife or a certified registered nurse anesthetist, or *clinical nurse specialist* or a nurse practitioner who meets the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A nurse practitioner who is licensed by the Boards of Medicine and Nursing as a certified nurse midwife shall practice pursuant to subsection H. *A nurse practitioner who is licensed by the Boards of Medicine and Nursing as a clinical nurse specialist shall practice pursuant to subsection J.* A nurse practitioner who is a certified registered nurse anesthetist shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the nurse practitioner and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth. A nurse practitioner to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least five years of full-time clinical experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

G. Such nurse practitioner may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the nurse practitioner to continue practice under this subsection for another 60 days, provided the nurse practitioner provides evidence of efforts made to secure another patient care team physician and of access to physician input.

H. Nurse practitioners licensed by the Boards of Medicine and Nursing in the category of certified nurse midwife shall practice in consultation with a licensed physician in accordance with a practice agreement between the nurse practitioner and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent

A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall (a) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (b) consult and collaborate with other health care providers based on the clinical conditions of the patient to whom health care is provided, and (c) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

A nurse practitioner practicing without a practice agreement pursuant to this subsection shall obtain and maintain coverage by or shall be named insured on a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

J. Nurse practitioners licensed by the Boards of Medicine and Nursing in the category of clinical nurse specialist shall practice in consultation with a licensed physician in accordance with a practice agreement between the nurse practitioner and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. The practice of clinical nurse specialists shall be consistent with the standards of care for the profession and with applicable laws and regulations.

Such nurse practitioner shall provide to the Boards of Medicine and Nursing such evidence as the Boards may jointly require that the nurse practitioner has entered into and is, at the time of writing a prescription, a party to a written or electronic practice agreement with a patient care team physician that clearly states the prescriptive practices of the nurse practitioner. Such written or electronic practice agreements shall include the controlled substances the nurse practitioner is or is not authorized to prescribe and may restrict such prescriptive authority as described in the practice agreement. Evidence of a practice agreement shall be maintained by a nurse practitioner pursuant to § 54.1-2957. Practice agreements authorizing a nurse practitioner to prescribe controlled substances or devices pursuant to this section either shall be signed by the patient care team physician or shall clearly state the name of the patient care team physician who has entered into the practice agreement with the nurse practitioner.

Such regulations shall include requirements as may be necessary to ensure continued nurse practitioner competency, which may include continuing education, testing, or any other requirement, and shall address the need to promote ethical practice, an appropriate standard of care, patient safety, the use of new pharmaceuticals, and appropriate communication with patients.

[H 1820]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 63.2-608 and 63.2-801 of the Code of Virginia are amended and reenacted as follows:

§ 63.2-608. Virginia Initiative for Education and Work (VIEW).

A. The Department shall establish and administer the Virginia Initiative for Education and Work (VIEW) to reduce long-term dependence on welfare, emphasize personal responsibility, and enhance opportunities for personal initiative and self-sufficiency by promoting the value of work. The Department shall endeavor to develop placements for VIEW participants that will enable participants to develop job skills that are likely to result in independent employment and that take into consideration the proficiency, experience, skills, and prior training of a participant.

VIEW shall recognize clearly defined responsibilities and obligations on the part of public assistance recipients and shall include a written agreement of personal responsibility requiring parents to participate in work activities while receiving TANF, earned-income disregards to reduce disincentives to work, and a limit on TANF financial assistance.

VIEW shall require all able-bodied recipients of TANF who do not meet an exemption to participate in a work activity. VIEW shall require eligible TANF recipients to participate in unsubsidized, partially subsidized or fully subsidized employment or other allowable TANF work activity as defined by federal law and enter into an agreement of personal responsibility.

B. To the maximum extent permitted by federal law, and notwithstanding other provisions of Virginia law, the Department and local departments may, through applicable procurement laws and regulations, engage the services of public and private organizations to operate VIEW and to provide services incident to such operation.

C. All VIEW participants shall be under the direction and supervision of a case manager.

D. The Department shall ensure that participants are assigned to one of the following work activities within 90 days after the approval of TANF assistance:

1. Unsubsidized private-sector employment;
2. Subsidized employment, as follows:

a. The Department shall conduct a program in accordance with this section that shall be known as the Full Employment Program (FEP). FEP replaces TANF with subsidized employment. Persons not able to find unsubsidized employment who are otherwise eligible for TANF may participate in FEP unless exempted by this chapter. FEP shall assign participants to subsidized wage-paying private-sector jobs designed to increase the participants' self-sufficiency and improve their competitive position in the workforce.

b. Participants in FEP shall be placed in full-time employment when appropriate and shall be paid by the employer at an hourly rate not less than the federal or state minimum wage, whichever is higher. At no point shall a participant's spendable income received from wages and tax credits be less than the value of TANF received prior to the work placement.

c. Every employer subject to the Virginia unemployment insurance tax shall be eligible for assignment of FEP participants, but no employer shall be required to utilize such participants. Employers shall ensure that jobs made available to FEP participants are in conformity with § 3304(a)(5) of the Federal Unemployment Tax Act. FEP participants cannot be used to displace regular workers.

d. FEP employers shall:

- (i) Endeavor to make FEP placements positive learning and training experiences;
- (ii) Provide on-the-job training to the degree necessary for the participants to perform their duties;
- (iii) Pay wages to participants at the same rate that they are paid to other employees performing the same type of work and having similar experience and employment tenure;
- (iv) Provide sick leave, holiday and vacation benefits to participants to the same extent and on the same basis that they are provided to other employees performing the same type of work and having similar employment experience and tenure;
- (v) Maintain health, safety and working conditions at or above levels generally acceptable in the industry and no less than those in which other employees perform the same type of work;
- (vi) Provide workers' compensation coverage for participants;

(vii) Encourage volunteer mentors from among their other employees to assist participants in becoming oriented to work and the workplace; and

(viii) Sign an agreement with the local department outlining the employer requirements to participate in FEP. All agreements shall include notice of the employer's obligation to repay FEP reimbursements in the event the employer violates FEP rules.

e. As a condition of FEP participation, employers shall be prohibited from discriminating against any person, including program participants, on the basis of race, color, sex, sexual orientation, gender identity, national origin, religion, age, or disability;

3. Part-time or temporary employment;

4. Community work experience, as follows:

a. The Department and local departments shall work with other state, regional and local agencies and governments in developing job placements that serve a useful public purpose as provided in § 482(f) of the Social Security Act, as amended. Placements shall be selected to provide skills and serve a public function. VIEW participants shall not displace regular workers.

b. The number of hours per week for participants shall be determined by combining the total dollar amount of TANF and ~~food stamps~~ *SNAP benefits* and dividing by the minimum wage with a maximum of a work week of 32 hours, of which up to 12 hours of employment-related education and training may substitute for work experience employment; or

5. *Educational activities that lead to a post-secondary credential, such as a degree or industry-recognized credential, certification, or license from an accredited institution of higher education or other postsecondary school licensed or certified by the Board of Education or the State Council of Higher Education for Virginia; or*

6. Any other allowable TANF work activity as defined by federal law.

E. Notwithstanding the provisions of subsections A and D, if a local department determines that a VIEW participant is in need of job skills and would benefit from immediate job skills training, it may place the participant in a program preparing individuals for a high school equivalency examination approved by the Board of Education, a career and technical education program targeted at skills required for particular employment opportunities, or an apprenticeship program developed by the local department in accordance with requirements established by the Department. Eligible participants include those with problems related to obtaining and retaining employment, such as participants (i) with less than a high school education, (ii) whose reading or math skills are at or below the eighth grade level, (iii) who have not retained a job for a period of at least six months during the prior two years, or (iv) who are in a treatment program for a substance abuse problem or are receiving services through a family violence treatment program. The VIEW participant may continue in a high school equivalency examination preparation program, career and technical education program, or apprenticeship program for as long as the local department determines he is progressing satisfactorily and to the extent permitted by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), as amended.

F. Participants may be reevaluated after a period determined by the local department and reassigned to another work component. In addition, the number of hours worked may be reduced by the local department so that a participant may complete additional training or education to further his employability.

G. Local departments shall be authorized to sanction parents up to the full amount of the TANF grant for noncompliance, unless good cause exists.

H. VIEW participants shall not be assigned to projects that require that they travel unreasonable distances from their homes or remain away from their homes overnight without their consent.

Any injury to a VIEW participant arising out of and in the course of community work experience shall be covered by the participant's existing Medicaid coverage. If a community work experience participant is unable to work due to such an accident, his status shall be reviewed to determine whether he is eligible for an exemption from the limitation on TANF financial assistance.

A community work experience participant who becomes incapacitated for 30 days or more shall be eligible for TANF financial assistance for the duration of the incapacity, if otherwise eligible.

The Board shall adopt regulations providing for the accrual of paid sick leave or other equivalent mechanism for community work experience participants.

§ 63.2-801. SNAP benefits program.

A. The Board is authorized, in accordance with the federal Food Stamp Act, to implement a ~~food stamp~~ *SNAP benefits* program in which each political subdivision in the Commonwealth shall participate. Such program shall include participation in the Restaurant Meals Program and shall be administered in conformity with the Board regulations.

B. *To the extent authorized by federal law and regulations, the Board shall (i) establish broad-based categorical eligibility for SNAP benefits in accordance with 7 C.F.R. § 273.2(j)(2), (ii) set the gross income eligibility standard for SNAP benefits at 200 percent of the federal poverty guidelines, and (iii) not impose an asset limit for eligibility for SNAP benefits.*

C. *The Board shall increase opportunities for self-sufficiency through postsecondary education by allowing SNAP benefits program participants, to the greatest extent allowed by federal law and regulations, to satisfy applicable employment and training requirements through enrollment in an accredited public institution of higher education or other postsecondary school licensed or certified by the Board of Education or the State Council of Higher Education for Virginia. The Board shall (i) identify postsecondary education opportunities in the Commonwealth that meet the definition of*

"employment and training program" as set forth in 7 C.F.R. § 271.2 and the definition of "career and technical education" as set forth in 20 U.S.C. § 2302; (ii) average a SNAP benefits program participant's classroom and study hours on a monthly basis to determine whether the SNAP benefits program participant has met applicable education hour requirements; (iii) deem a SNAP benefits program participant who is approved for a federal or state work study position but who has not yet been placed in a work study position to have satisfied applicable employment and training requirements, as permitted under federal law; (iv) create a standardized form and process for SNAP benefits program participants to verify compliance with education requirements; (v) allow accredited public institutions of higher education or other postsecondary schools licensed or certified by the Board of Education or the State Council of Higher Education for Virginia to apply for SNAP ET third party reimbursement designation through the established procurement process; and (vi) establish and make available to SNAP benefits program participants materials that provide clear guidance regarding satisfaction of employment and training requirements through postsecondary education.

[H 1921]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-638, 24.2-646.1, and 24.2-649 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-649.1 as follows:

§ 24.2-638. Voting equipment to be in plain view; officers and others not permitted to see actual voting; unlocking counter compartment of equipment, etc.

During the election, the exterior of the voting equipment and every part of the polling place shall be in plain view of the officers of election.

No voting or counting machines shall be removed from the plain view of the officers of election or from the polling place at any time during the election and through the determination of the vote as provided in § 24.2-657. However, an electronic voting machine that is so constructed as to be easily portable may be taken outside the polling place pursuant to subsection A of § 24.2-649 and to assist a voter age 65 or older or physically disabled so long as: (i) the voting machine remains in the plain view of two officers of election representing two political parties or, in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer; (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to § 24.2-649; and (iii) there remain sufficient officers of election in the polling place to meet legal requirements, *except as provided in subsection D of § 24.2-649.1*. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, the names of the voters who used the machine while it was removed provided that secrecy of the ballot is maintained in accordance with guidance from the State Board, and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results. If a polling place fails to record the information required in the previous sentence, or it is later proven that the information recorded was intentionally falsified, the local electoral board or general registrar shall dismiss at a minimum the chief officer or the assistant chief officer, or both, as appropriate, and shall dismiss any other officer of election who is shown to have caused the failure to record the required information intentionally or by gross negligence or to have intentionally falsified the information. The dismissed officers shall not be allowed thereafter to serve as an officer or other election official anywhere in the Commonwealth. In the case of an emergency that makes a polling place unusable or inaccessible, voting or counting machines may be removed to an alternative polling place pursuant to the provisions of subsection D of § 24.2-310.

The equipment shall be placed at least four feet from any table where an officer of election is working or seated. The officers of election shall not themselves be, or permit any other person to be, in any position or near any position that will permit them to observe how a voter votes or has voted.

One of the officers shall inspect the face of the voting machine after each voter has cast his vote and verify that the ballots on the face of the machine are in their proper places and that the machine has not been damaged. During an election, the door or other covering of the counter compartment of the voting or counting machine shall not be unlocked or open or the counters exposed except for good and sufficient reasons, a statement of which shall be made and signed by the officers of election and attached to the statement of results. No person shall be permitted in or about the polling place except the voting equipment custodian, vendor, or contractor technicians and other persons authorized by this title.

§ 24.2-646.1. Permitted use of paper ballots.

The official paper ballot shall be used by a voter to cast his vote only in one of the following circumstances:

1. The official paper ballot is the only ballot in use in the precinct.
2. The official paper ballot is used by voters voting outside of the polling place pursuant to § 24.2-649 § 24.2-649.1.
3. The voter is casting a provisional ballot.
4. The voter is provided an official paper ballot or copy thereof pursuant to § 24.2-642 when voting equipment is inoperable or otherwise unavailable.
5. The official absentee paper ballot voted in accordance with (§ 24.2-700 et seq.).
6. The voter is provided an official paper ballot for a presidential election pursuant to § 24.2-402 or for federal elections pursuant to § 24.2-453.

§ 24.2-649. Assistance for certain voters inside the polling place; penalties.

A. Any voter age 65 or older or physically disabled may request and then shall be handed a printed ballot by an officer of election outside the polling place but within 150 feet of the entrance to the polling place. The voter shall mark the printed ballot in the officer's presence but in a secret manner and, obscuring his vote, return the ballot to the officer. The officer shall

immediately return to the polling place and shall deposit a paper ballot in the ballot container in accordance with § 24.2-646 or a machine-readable ballot in the ballot scanner machine in accordance with the instructions of the State Board.

Any county or city that has acquired an electronic voting machine that is so constructed as to be easily portable may use the voting machine in lieu of a printed ballot for the voter requiring assistance pursuant to this subsection. However, the electronic voting machine may be used in lieu of a printed ballot only so long as: (i) the voting machine remains in the plain view of two officers of election representing two political parties, or in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the voting machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer and (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to this section. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results.

B. Any qualified voter who requires assistance to vote by reason of physical disability or inability to read or write may, if he so requests, be assisted in voting. If he is blind, he may designate an officer of election or any other person to assist him. If he is unable to read and write or disabled for any cause other than blindness, he may designate an officer of election or some other person to assist him other than the voter's employer or agent of that employer, or officer or agent of the voter's union.

The officer of election or other person so designated shall not enter the booth with the voter unless (i) the voter signs a request stating that he requires assistance by reason of physical disability or inability to read or write and (ii) the officer of election or other person signs a statement that he is not the voter's employer or an agent of that employer, or an officer or agent of the voter's union, and that he will act in accordance with the requirements of this section. The request and statement shall be on a single form furnished by the State Board. If the voter is unable to sign the request, his own mark acknowledged by him before an officer of election shall be sufficient signature, provided no mark shall be required of a voter who is blind. An officer of election shall advise the voter and person assisting the voter of the requirements of this section and record the name of the voter and the name and address of the person assisting him.

The officer of election or other person so designated shall assist the qualified voter in the preparation of his ballot in accordance with his instructions and without soliciting his vote or in any manner attempting to influence his vote and shall not in any manner divulge or indicate, by signs or otherwise, how the voter voted on any office or question. If a printed ballot is used, the officer or other person so designated shall deposit the ballot in the ballot container in accordance with § 24.2-646 or in the ballot scanner machine in accordance with the instructions of the State Board.

C. B. If the voter requires assistance in a language other than English and has not designated a person to assist him, an officer of election, before he assists as interpreter, shall inquire of the representatives authorized to be present pursuant to § 24.2-604.4 whether they have a volunteer available who can interpret for the voter. One representative interpreter for each party or candidate, insofar as available, shall be permitted to observe the officer of election communicate with the voter. The voter may designate one of the volunteer party or candidate interpreters to provide assistance. A person so designated by the voter shall meet all the requirements of this section for a person providing assistance.

D. C. A person who willfully violates subsection B A or C B is guilty of a Class 1 misdemeanor. In addition, the provisions of § 24.2-1016 and its felony penalties for false statements shall be applicable to any request or statement signed pursuant to this section, and the provisions of §§ 24.2-704 and 24.2-1012 and the felony penalties for violations of the law related to providing assistance to absentee voters shall be applicable in such cases.

E. D. In any precinct in which an electronic voting machine is available that provides an audio ballot, the officers of election shall notify a voter requiring assistance pursuant to this section that such machine is available for him to use to vote in privacy without assistance and the officers of election shall instruct the voter on the use of the voting machine. Nothing in this section shall be construed to require a voter to use the machine unassisted.

§ 24.2-649.1. Assistance for certain voters outside of the polling place.

A. Any voter with a disability or who is age 65 or older shall be entitled to vote outside of the polling place in accordance with the provisions of this section. However, during a declared state of emergency related to a communicable disease of public health threat, any voter, regardless of age or disability, shall be entitled to vote outside of the polling place in accordance with the provisions of this section. For purposes of this section, a disability shall include a permanent physical disability, a temporary physical disability, or an injury.

B. The area designated for voting outside of the polling place shall be within 150 feet of the entrance to the polling place. This area shall be clearly marked, and instructions on how to notify an officer of election of the voter's request to vote outside of the polling place shall be prominently displayed. The Department shall prescribe the form and content of such instructions, but in no case shall the voter be required to enter the polling place to provide such notice.

C. A voter eligible pursuant to subsection A shall be handed a printed ballot by an officer of election. He shall mark the ballot in the officer's presence but in a secret manner and, obscuring his vote, shall return the ballot to the officer. The officer shall immediately return to the polling place and shall deposit a paper ballot in the ballot container in accordance with § 24.2-646 or a machine-readable ballot in the ballot scanner machine in accordance with the instructions of the State Board.

D. Any county or city that has acquired an electronic voting machine that is so constructed as to be easily portable may use the voting machine in lieu of a printed ballot for voting outside of the polling place, so long as: (i) the voting machine remains in the plain view of two officers of election representing two political parties, or in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the voting machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer and (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to § 24.2-649.

After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place, and shall record (a) the machine number, (b) the time that the machine was removed and the time that it was returned, (c) the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, and (d) the name or names of the officer or officers who accompanied the machine on the statement of results. The names of the voters who used the machine while it was removed shall also be recorded provided that secrecy of the ballot is maintained in accordance with guidance from the State Board. If a polling place fails to record the information required in clause (a), (b), (c), or (d), or it is later proven that the information recorded was intentionally falsified, the local electoral board or general registrar shall dismiss at a minimum the chief officer or the assistant chief officer, or both, as appropriate, and shall dismiss any other officer of election who is shown to have caused the failure to record the required information intentionally or by gross negligence or to have intentionally falsified the information. The dismissed officers shall not be allowed thereafter to serve as an officer or other election official anywhere in the Commonwealth.

An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to certain students in kindergarten through grade 3; reading intervention services.

[H 1865]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, *systematic* phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one

course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

§ 19.2-303. Suspension or modification of sentence; probation; taking of fingerprints and blood, saliva, or tissue sample as condition of probation.

After conviction, whether with or without jury, the court may suspend imposition of sentence or suspend the sentence in whole or part and in addition may place the defendant on probation under such conditions as the court shall determine, including monitoring by a GPS (Global Positioning System) tracking device, or other similar device, or may, as a condition of a suspended sentence, require the defendant to make at least partial restitution to the aggrieved party or parties for damages or loss caused by the offense for which convicted, or to perform community service, or both, under terms and conditions which shall be entered in writing by the court. The defendant may be ordered by the court to pay the cost of the GPS tracking device or other similar device. If, however, the court suspends or modifies any sentence fixed by a jury pursuant to § 19.2-295, the court shall file a statement of the reasons for the suspension or modification in the same manner as the statement required pursuant to subsection B of § 19.2-298.01. The judge, after convicting the defendant of any offense for which a report to the Central Criminal Records Exchange is required in accordance with subsection A of § 19.2-390, shall determine whether a copy of the defendant's fingerprints or fingerprint identification information has been provided by a law-enforcement officer to the clerk of court for each such offense. In any case where fingerprints or fingerprint identification information has not been provided by a law-enforcement officer to the clerk of court, the judge shall require that fingerprints and a photograph be taken by a law-enforcement officer as a condition of probation or of the suspension of the imposition or execution of any sentence for such offense. Such fingerprints shall be submitted to the Central Criminal Records Exchange under the provisions of subsection D of § 19.2-390.

In those courts having electronic access to the Local Inmate Data System (LIDS) within the courtroom, prior to or upon sentencing, the clerk of court shall also determine by reviewing LIDS whether a blood, saliva, or tissue sample has been taken for DNA analysis and submitted to the DNA data bank maintained by the Department of Forensic Science pursuant to Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of this title. In any case in which the clerk has determined that a DNA sample or analysis is not stored in the DNA data bank, or in any case in which electronic access to LIDS is not available in the courtroom, the court shall order that the defendant appear within 30 days before the sheriff or probation officer and allow the sheriff or probation officer to take the required sample. The order shall also require that, if the defendant has not appeared and allowed the sheriff or probation officer to take the required sample by the date stated in the order, then the sheriff or probation officer shall report to the court the defendant's failure to appear and provide the required sample.

After conviction and upon sentencing of an active participant or member of a criminal street gang, the court may, as a condition for suspending the imposition of the sentence in whole or in part or for placing the accused on probation, place reasonable restrictions on those persons with whom the accused may have contact. Such restrictions may include prohibiting the accused from having contact with anyone whom he knows to be a member of a criminal street gang, except that contact with a family or household member, as defined in § 16.1-228, shall be permitted unless expressly prohibited by the court.

In any case where a defendant is convicted of a violation of § 18.2-48, 18.2-61, 18.2-63, 18.2-67.1, 18.2-67.2, 18.2-67.3, 18.2-370, or 18.2-370.1, committed on or after July 1, 2006, and some portion of the sentence is suspended, the judge shall order that the period of suspension shall be for a length of time at least equal to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, and the defendant shall be placed on probation for that period of suspension subject to revocation by the court. The conditions of probation may include such conditions as the court shall determine, including active supervision. Where the conviction is for a violation of clause (iii) of subsection A of § 18.2-61, subdivision A 1 of § 18.2-67.1, or subdivision A 1 of § 18.2-67.2, the court shall order that at least three years of the probation include active supervision of the defendant under a postrelease supervision program operated by the Department of Corrections, and for at least three years of such active supervision, the defendant shall be subject to electronic monitoring by means of a GPS (Global Positioning System) tracking device, or other similar device.

If a person is sentenced to jail upon conviction of a misdemeanor or a felony, the court may, at any time before the sentence has been completely served, suspend the unserved portion of any such sentence, place the person on probation for such time as the court shall determine, or otherwise modify the sentence imposed.

If a person has been sentenced for a felony to the Department of Corrections (*the Department*) ~~but has not actually been transferred to a receiving unit of the Department~~, the court ~~which that~~ heard the case, if it appears compatible with the public interest and there are circumstances in mitigation of the offense, may, at any time before the person is transferred to the Department, *or within 60 days of such transfer*, suspend or otherwise modify the unserved portion of such a sentence. The court may place the person on probation for such time as the court shall determine.

CHAPTER 182

An Act to amend and reenact §§ 4.1-206.3, as it shall become effective, and 4.1-209, as it is currently effective, of the Code of Virginia, relating to alcoholic beverage control; privileges of banquet licensees.

[H 1973]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 4.1-206.3, as it shall become effective, and 4.1-209, as it is currently effective, of the Code of Virginia are amended and reenacted as follows:

§ 4.1-206.3. (Effective July 1, 2021) Retail licenses.

A. The Board may grant the following mixed beverages licenses:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for consumption in such designated areas, bedrooms, and other private rooms and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit, or profit club exclusively for its members and their guests, or members of another private, nonprofit, or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to (1) sell and serve mixed beverages for on-premises consumption and (2) sell spirits that are packaged in original closed containers with a maximum capacity of two fluid ounces or 50 milliliters and purchased from the Board for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

If the restaurant is located on the premises of and operated by a culinary lodging resort, such license shall authorize the licensee to (A) sell alcoholic beverages for on-premises consumption, without regard to the amount of gross receipts from the sale of food prepared and consumed on the premises, in areas upon the licensed premises approved by the Board and other designated areas of the resort, including outdoor areas under the control of the licensee, and (B) permit the possession and consumption of lawfully acquired alcoholic beverages by persons to whom overnight lodging is being provided in bedrooms and private guest rooms.

The granting of a license pursuant to this subdivision shall automatically authorize the licensee to obtain a license to sell and serve wine and beer for on-premises consumption and in closed containers for off-premises consumption; however, the licensee shall be required to pay the local fee required for such additional license pursuant to § 4.1-233.1.

2. Mixed beverage caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. The annual gross receipts from the sale of food cooked and prepared for service and nonalcoholic beverages served at gatherings and events referred to in this subdivision shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food.

3. Mixed beverage limited caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, not to exceed 12 gatherings or events per year, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. CHAPTER 184

An Act to amend and reenact §§ 16.1-253 and 16.1-253.2 of the Code of Virginia, relating to violations of protective orders; preliminary child protective order.

[H 2012]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253 and 16.1-253.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253. Preliminary protective order.

A. Upon the motion of any person or upon the court's own motion, the court may issue a preliminary protective order, after a hearing, if necessary to protect a child's life, health, safety or normal development pending the final determination of any matter before the court. The order may require a child's parents, guardian, legal custodian, other person standing in loco parentis or other family or household member of the child to observe reasonable conditions of behavior for a specified length of time. These conditions shall include any one or more of the following:

1. To abstain from offensive conduct against the child, a family or household member of the child or any person to whom custody of the child is awarded;

2. To cooperate in the provision of reasonable services or programs designed to protect the child's life, health or normal development;

3. To allow persons named by the court to come into the child's home at reasonable times designated by the court to visit the child or inspect the fitness of the home and to determine the physical or emotional health of the child;

4. To allow visitation with the child by persons entitled thereto, as determined by the court;

5. To refrain from acts of commission or omission which tend to endanger the child's life, health or normal development;

6. To refrain from such contact with the child or family or household members of the child, as the court may deem appropriate, including removal of such person from the residence of the child. However, prior to the issuance by the court of an order removing such person from the residence of the child, the petitioner must prove by a preponderance of the evidence that such person's probable future conduct would constitute a danger to the life or health of such child, and that there are no less drastic alternatives which could reasonably and adequately protect the child's life or health pending a final determination on the petition; or

7. To grant the person on whose behalf the order is issued the possession of any companion animal as defined in § 3.2-6500 if such person meets the definition of owner in § 3.2-6500.

B. A preliminary protective order may be issued ex parte upon motion of any person or the court's own motion in any matter before the court, or upon petition. The motion or petition shall be supported by an affidavit or by sworn testimony in person before the judge or intake officer which establishes that the child would be subjected to an imminent threat to life or health to the extent that delay for the provision of an adversary hearing would be likely to result in serious or irreparable injury to the child's life or health. If an ex parte order is issued without an affidavit being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Following the issuance of an ex parte order the court shall provide an adversary hearing to the affected parties within the shortest practicable time not to exceed five business days after the issuance of the order.

C. Prior to the hearing required by this section, notice of the hearing shall be given at least 24 hours in advance of the hearing to the guardian ad litem for the child, to the parents, guardian, legal custodian, or other person standing in loco parentis of the child, to any other family or household member of the child to whom the protective order may be directed and to the child if he or she is 12 years of age or older. The notice provided herein shall include (i) the time, date and place for the hearing and (ii) a specific statement of the factual circumstances which allegedly necessitate the issuance of a preliminary protective order.

D. All parties to the hearing shall be informed of their right to counsel pursuant to § 16.1-266.

E. At the hearing the child, his or her parents, guardian, legal custodian or other person standing in loco parentis and any other family or household member of the child to whom notice was given shall have the right to confront and cross-examine all adverse witnesses and evidence and to present evidence on their own behalf.

F. If a petition alleging abuse or neglect of a child has been filed, at the hearing pursuant to this section the court shall determine whether the allegations of abuse or neglect have been proven by a preponderance of the evidence. Any finding of abuse or neglect shall be stated in the court order. However, if, before such a finding is made, a person responsible for the care and custody of the child, the child's guardian ad litem or the local department of social services objects to a finding being made at the hearing, the court shall schedule an adjudicatory hearing to be held within 30 days of the date of the initial preliminary protective order hearing. The adjudicatory hearing shall be held to determine whether the allegations of abuse and neglect have been proven by a preponderance of the evidence. Parties who are present at the hearing shall be given notice of the date set for the adjudicatory hearing and parties who are not present shall be summoned as provided in § 16.1-263. The adjudicatory hearing shall be held and an order may be entered, although a party to the hearing fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort.

Any preliminary protective order issued shall remain in full force and effect pending the adjudicatory hearing.

G. If at the preliminary protective order hearing held pursuant to this section the court makes a finding of abuse or neglect and a preliminary protective order is issued, a dispositional hearing shall be held pursuant to § 16.1-278.2. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. All parties present at the hearing shall be given notice of the date and time scheduled for the dispositional hearing; parties who are not present shall be summoned to appear as provided in § 16.1-263.

H. Nothing in this section enables the court to remove a child from the custody of his or her parents, guardian, legal custodian or other person standing in loco parentis, except as provided in § 16.1-278.2, and no order hereunder shall be entered against a person over whom the court does not have jurisdiction.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

Be it enacted by the General Assembly of Virginia:

1. That §§ 4.1-230, as it is currently effective and as it shall become effective, and 15.2-907 of the Code of Virginia are amended and reenacted as follows:

§ 4.1-230. (Effective until July 1, 2021) Applications for licenses; publication; notice to localities; fees; permits.

A. Every person intending to apply for any license authorized by this chapter shall file with the Board an application on forms provided by the Board and a statement in writing by the applicant swearing and affirming that all of the information contained therein is true.

If the applicant provides a copy of such permit, proof of inspection, proof of a pending application for a permit, or proof of a pending request for an inspection, a license may be issued to the applicant. If a license is issued on the basis of a pending application or inspection, such license shall authorize the licensee to purchase alcoholic beverages in accordance with the provisions of this title; however, the licensee shall not sell or serve alcoholic beverages until a permit is issued or an inspection is completed.

B. In addition, each applicant for a license under the provisions of this chapter, except applicants for annual banquet, banquet, tasting, special events, club events, annual mixed beverage banquet, wine or beer shipper's, wine and beer shipper's, delivery permit, annual arts venue, or museum licenses issued under the provisions of Chapter 2 (§ 4.1-200 et seq.), or beer or wine importer's licenses, shall post a notice of his application with the Board on the front door of the building, place or room where he proposes to engage in such business for no more than 30 days and not less than 10 days. Such notice shall be of a size and contain such information as required by the Board, including a statement that any objections shall be submitted to the Board not more than 30 days following initial publication of the notice required pursuant to this subsection.

The applicant shall also cause notice to be published at least once a week for two consecutive weeks in a newspaper published in or having a general circulation in the county, city or town wherein such applicant proposes to engage in such business. Such notice shall contain such information as required by the Board, including a statement that any objections to the issuance of the license be submitted to the Board not later than 30 days from the date of the initial newspaper publication. In the case of wine or beer shipper's licensees, wine and beer shipper's licensees, delivery permittees or operators of boats, dining cars, buffet cars, club cars, and airplanes, the posting and publishing of notice shall not be required.

Except for applicants for annual banquet, banquet, tasting, mixed beverage special events, club events, annual mixed beverage banquet, wine or beer shipper's, wine and beer shipper's, beer or wine importer's, annual arts venue, or museum licenses, the Board shall conduct a background investigation, to include a criminal history records search, which may include a fingerprint-based national criminal history records search, on each applicant for a license. However, the Board may waive, for good cause shown, the requirement for a criminal history records search and completed personal data form for officers, directors, nonmanaging members, or limited partners of any applicant corporation, limited liability company, or limited partnership.

Application fees shall be in addition to the state license fee required pursuant to § 4.1-231 and shall not be refunded.

Each such permit shall expire on June 30 next succeeding the date of issuance, unless sooner suspended or revoked by the Board. B. In addition, each applicant for a license under the provisions of this chapter, except applicants for annual banquet, banquet, tasting, special events, club events, annual mixed beverage banquet, wine and beer shipper's, delivery permit, annual arts venue, or museum licenses issued under the provisions of Chapter 2 (§ 4.1-200 et seq.), or beer or wine importer's licenses, shall post a notice of his application with the Board on the front door of the building, place or room where he proposes to engage in such business for no more than 30 days and not less than 10 days. However, the Board may waive, for good cause shown, the requirement for a criminal history records search and completed personal data form for officers, directors, nonmanaging members, or limited partners of any applicant corporation, limited liability company, or limited partnership.

Except for applicants for wine and beer shipper's licenses and delivery permits, the Board shall notify the local governing body of each license application through the county or city attorney or the chief law-enforcement or administrative officer of the locality. Local governing bodies shall submit objections to the granting of a license within 30 days of the filing of the application.

C. Each applicant shall pay the required application fee at the time the application is filed. Each license application fee, including annual banquet and annual mixed beverage banquet, shall be \$195, plus the actual cost charged to the Department of State Police by the Federal Bureau of Investigation or the Central Criminal Records Exchange for processing any fingerprints through the Federal Bureau of Investigation or the Central Criminal Records Exchange for each criminal

The Board shall set the amount of such increases on the basis of the consumer price index and shall not increase fees more than once every three years. Such notice shall be provided on or before November 1 in any year in which the Board has decided to increase state license fees, and such increases shall become effective July 1 of the following year.

§ 15.2-907. Authority to require removal, repair, etc., of buildings and other structures harboring illegal drug use or other criminal activity.

A. As used in this section:

"Affidavit" means the affidavit sworn to under oath prepared by a locality in accordance with subdivision B 1 a.

"Commercial sex acts" means any specific activities that would constitute a criminal act under Article 3 (§ 18.2-346 et seq.) of Chapter 8 of Title 18.2 or a substantially similar local ordinance if a criminal charge were to be filed against the individual perpetrator of such criminal activity.

"Controlled substance" means illegally obtained controlled substances or marijuana, as defined in § 54.1-3401.

"Corrective action" means (i) taking specific actions with respect to the buildings or structures on property that are reasonably expected to abate criminal blight on such real property, including the removal, repair, or securing of any building, wall, or other structure, or (ii) changing specific policies, practices, and procedures of the real property owner that are reasonably expected to abate criminal blight on real property. A local law-enforcement official shall prepare an affidavit on behalf of the locality that states specific actions to be taken on the part of the property owner that the locality determines are necessary to abate the identified criminal blight on such real property and that do not impose an undue financial burden on the owner.

"Criminal blight" means a condition existing on real property that endangers the public health or safety of residents of a locality and is caused by (i) the regular presence on the property of persons *in possession or* under the influence of controlled substances; (ii) the regular use of the property for the purpose of illegally possessing, manufacturing, or distributing controlled substances; (iii) the regular use of the property for the purpose of engaging in commercial sex acts; or (iv) ~~repeated acts of the malicious discharge of a firearm within any building or dwelling~~ that would constitute a criminal act under Article 4 (§ 18.2-279 et seq.) of Chapter 7 of Title 18.2 or a substantially similar local ordinance if a criminal charge were to be filed against the individual perpetrator of such criminal activity.

"Law-enforcement official" means an official designated to enforce criminal laws within a locality, or an agent of such law-enforcement official. The law-enforcement official shall coordinate with the building or fire code official of the locality as otherwise provided under applicable laws and regulations.

"Owner" means the record owner of real property.

"Property" means real property.

B. Any locality may, by ordinance, provide that:

1. The locality may require the owner of real property to undertake corrective action, or the locality may undertake corrective action, with respect to such property in accordance with the procedures described herein:

a. The locality shall execute an affidavit, citing this section, to the effect that (i) criminal blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the criminal blight; and (iii) the criminal blight constitutes a present threat to the public's health, safety, or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by (i) certified mail, return receipt requested; (ii) hand delivery; or (iii) overnight delivery by a commercial service or the United States Postal Service, to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (a) the owner has up to 30 days from the date thereof to undertake corrective action to abate the criminal blight described in such affidavit and (b) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the criminal blight described in such affidavit. If the owner notifies the locality in writing within the 30-day period that additional time to complete the corrective action is needed, the locality shall allow such owner an extension for an additional 30-day period to take such corrective action.

c. If no corrective action is undertaken during such 30-day period, or during the extension if such extension is granted by the locality, the locality shall send by certified mail, return receipt requested, an additional notice to the owner of the property, at the address stated in subdivision b, stating (i) the date on which the locality may commence corrective action to abate the criminal blight on the property or (ii) the date on which the locality may commence legal action in a court of competent jurisdiction to obtain a court order to require that the owner take such corrective action or, if the owner does not take corrective action, a court order to revoke the certificate of occupancy for such property, which date shall be no earlier than 15 days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek judicial relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and that remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local real estate taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1.

4. A criminal blight proceeding pursuant to this section shall be a civil proceeding in a court of competent jurisdiction in the Commonwealth.

C. If the owner of real property takes timely corrective action pursuant to the provisions of a local ordinance, the locality shall deem the criminal blight abated, shall close the proceeding without any charge or cost to the owner, and shall promptly provide written notice to the owner that the proceeding has been terminated satisfactorily. The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the criminal blight recurs.

D. Nothing in this section shall be construed to abridge, diminish, limit, or waive any rights or remedies of an owner of property at law or any permits or nonconforming rights the owner may have under Chapter 22 (§ 15.2-2200 et seq.) or under a local ordinance. If an owner in good faith takes corrective action, and despite having taken such action, the specific criminal blight identified in the affidavit of the locality persists, such owner shall be deemed in compliance with this section. Further, if a tenant in a rental dwelling unit, or a tenant on a manufactured home lot, is the cause of criminal blight on such property and the owner in good faith initiates legal action and pursues the same by requesting a final order by a court of competent jurisdiction, as otherwise authorized by this Code, against such tenant to remedy such noncompliance or to terminate the tenancy, such owner shall be deemed in compliance with this section.

CHAPTER 187

An Act to amend and reenact §§ 16.1-123.1, 16.1-241, and 17.1-513 of the Code of Virginia, relating to jurisdiction over criminal cases; certification or appeal of charges.

[H 2150]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-123.1, 16.1-241, and 17.1-513 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-123.1. Criminal and traffic jurisdiction of general district courts.

1. Each general district court shall have, within the county, including the towns within such county, or city for which it is established, exclusive original jurisdiction for the trial of:

a. All offenses against the ordinances, laws and bylaws of such county, including the towns within such county, or city or of any service district within such county or city, except a city ordinance enacted pursuant to §§ 18.2-372 through 18.2-391.1. All offenses against the ordinances of a service district shall be prosecuted in the name of such service district;

b. All other misdemeanors and traffic infractions arising in such county, including the towns in such county, or city.

2. Each general district court which is established within a city shall also have:

b. Exclusive original jurisdiction, except as otherwise provided by general law or the city charter, within the area extending for one mile beyond the corporate limits thereof, for the trial of all offenses against the ordinances, laws and bylaws of the city.

3. If a city lying within a county has no general district court provided by city charter or under general law, then the general district court of the county within which such city lies shall have the same jurisdiction in such city as a general district court established for a city would have.

4. Each general district court shall have such other jurisdiction, exclusive or concurrent, as may be conferred on such court by general law or by provisions of the charter of the city for which the court was established.

5. Notwithstanding the provisions of subsection C of § 19.2-244, any county general district court authorized by § 16.1-69.35:01 to be established in a city shall have exclusive original jurisdiction for the trial of all misdemeanors committed within or upon the general district court courtroom.

6. Upon certification by the general district court of any felony charge and ancillary misdemeanor charge or when an appeal of a conviction of an offense in general district court is noted, jurisdiction as to such charges shall vest in the circuit court, unless such case is reopened pursuant to § 16.1-133.1; a final judgment, order, or decree is modified, vacated, or suspended pursuant to Supreme Court of Virginia Rule 1:1; or the appeal has been withdrawn in the general district court within 10 days pursuant to § 16.1-133.

7. Nothing herein shall affect the jurisdiction conferred on the juvenile and domestic relations district court by Chapter 11 (§ 16.1-226 et seq.).

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (a) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful and (b) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

Z. Petitions filed pursuant to § 16.1-283.3 for review of voluntary agreements for continuation of services and support for persons who meet the eligibility criteria for the Fostering Futures program set forth in § 63.2-919.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

Upon certification by the juvenile and domestic relations district court of any felony charge and ancillary misdemeanor charge committed by an adult or when an appeal of a conviction or adjudication of delinquency of an offense in the juvenile and domestic relations district court is noted, jurisdiction as to such charges shall vest in the circuit court, unless such case is reopened pursuant to § 16.1-133.1; a final judgment, order, or decree is modified, vacated, or suspended pursuant to Supreme Court of Virginia Rule 1:1; or the appeal has been withdrawn in the juvenile and domestic relations district court within 10 days pursuant to § 16.1-133.

§ 17.1-513. Jurisdiction of circuit courts.

The circuit courts shall have jurisdiction of proceedings by quo warranto or information in the nature of quo warranto and to issue writs of mandamus, prohibition and certiorari to all inferior tribunals created or existing under the laws of the Commonwealth, and to issue writs of mandamus in all matters of proceedings arising from or pertaining to the action of the boards of supervisors or other governing bodies of the several counties for which such courts are respectively held or in other cases in which it may be necessary to prevent the failure of justice and in which mandamus may issue according to the principles of common law. They shall have appellate jurisdiction in all cases, civil and criminal, in which an appeal may, as provided by law, be taken from the judgment or proceedings of any inferior tribunal.

They shall have original and general jurisdiction of all civil cases, except cases upon claims to recover personal property or money not of greater value than \$100, exclusive of interest, and except such cases as are assigned to some other tribunal; also in all cases for the recovery of fees in excess of \$100; penalties or cases involving the right to levy and collect toll or taxes or the validity of an ordinance or bylaw of any corporation; and also, of all cases, civil or criminal, in which an appeal may be had to the Supreme Court.

They shall have jurisdiction to hear motions filed for the purpose of modifying, dissolving, or extending a protective order pursuant to § 16.1-279.1 or 19.2-152.10 if the circuit court issued such order, unless the circuit court remanded the matter to the jurisdiction of the juvenile and domestic relations district court in accordance with § 16.1-297. They shall also have original jurisdiction of all indictments for felonies and of presentments, informations and indictments for misdemeanors.

Upon certification by the district court of any felony charge and ancillary misdemeanor charge or when an appeal of a conviction of an offense in district court is noted, jurisdiction as to such charges shall vest in the circuit court, unless such case is reopened pursuant to § 16.1-133.1; a final judgment, order, or decree is modified, vacated, or suspended pursuant to Supreme Court of Virginia Rule 1:1; or the appeal has been withdrawn in the district court within 10 days pursuant to § 16.1-133.

They shall also have jurisdiction for bail hearings pursuant to §§ 19.2-327.2:1 and 19.2-327.10:1.

They shall have appellate jurisdiction of all cases, civil and criminal, in which an appeal, writ of error or supersedeas may, as provided by law, be taken to or allowed by such courts, or the judges thereof, from or to the judgment or proceedings of any inferior tribunal. They shall also have jurisdiction of all other matters, civil and criminal, made cognizable therein by law and when a motion to recover money is allowed in such tribunals, they may hear and determine the same, although it is to recover less than \$100.

While a matter is pending in a circuit court, upon motion of the plaintiff seeking to decrease the amount of the claim to within the exclusive or concurrent jurisdiction of the general district court as described in subdivision 1 of § 16.1-77, the circuit court shall order transfer of the matter to the general district court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial.

The plaintiff shall pay filing and other fees as otherwise provided by law to the clerk of the court to which the case is transferred, and such clerk shall process the claim as if it were a new civil action. The plaintiff shall prepare and present the order of transfer to the transferring court for entry, after which time the case shall be removed from the pending docket of the transferring court and the order of transfer placed among its records. The plaintiff shall provide a certified copy of the transfer order to the receiving court.

4. Chapter 117 (18 U.S.C. § 2421 et seq.) of Title 18 of the United States Code or sex trafficking (as described in § 1591 of Title 18, U.S.C.).

B. "Tier I offense" as defined in this section, "Tier II offense" as defined in this section, "Tier III offense" as defined in this section, and "murder" as defined in this section includes any similar offense under the laws of any foreign country or any political subdivision thereof or the United States or any political subdivision thereof.

C. 1. Any offense under the laws of any foreign country or any political subdivision thereof or the United States or any political subdivision thereof that is similar to (i) any Tier I, II, or III offense or (ii) murder as defined in this section shall require registration and reregistration in accordance with this chapter in a manner consistent with the registration and reregistration obligations imposed by the similar offense listed or defined in this section, unless such offense requires more stringent registration and reregistration obligations under the laws of the jurisdiction where the offender was convicted. In instances where more stringent registration and reregistration obligations are required under the laws of the jurisdiction where the offender was convicted, the offender shall register and reregister as required by this chapter in a manner most similar with the registration obligations imposed under the laws of the jurisdiction where the offender was convicted.

2. Any offense for which registration in a sex offender and crimes against minors registry is required under the laws of the jurisdiction where the offender was convicted shall require registration and reregistration in accordance with this chapter in the manner most similar with the registration and reregistration obligations imposed under the laws of the jurisdiction where the offender was convicted unless such offense is similar to (i) any Tier I, II, or III offense or (ii) murder as defined in

this section and the registration and reregistration obligations imposed by the similar offense listed or defined in this section are more stringent than those registration and reregistration obligations imposed under the laws of the jurisdiction where the offender was convicted. In instances where the similar offense listed or defined in this section imposes more stringent registration and reregistration obligations, the offender shall register and reregister as required by this chapter in a manner consistent with the registration and reregistration obligations imposed by the similar offense listed or defined in this section.

D. Juveniles adjudicated delinquent shall not be required to register; however, where the offender is a juvenile over the age of 13 at the time of the offense who is tried as a juvenile and is adjudicated delinquent on or after July 1, 2005, of any offense for which registration is required, the court may, in its discretion and upon motion of the attorney for the Commonwealth, find that the circumstances of the offense require offender registration. In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat, or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

E. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, when the indictment, warrant, or information does not allege that the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless, or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. When such a determination is required, the court shall advise the defendant of its determination and of the defendant's right to make a motion to withdraw a plea of guilty or nolo contendere pursuant to § 19.2-296. If the court grants the defendant's motion to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise. Failure to make such determination or so advise the defendant does not otherwise invalidate the underlying conviction.

§ 16.1-69.48:6. Fees for offenses related to sex trafficking.

The court shall order any person convicted of a misdemeanor violation of ~~subsection B of § 18.2-346~~ § 18.2-346.01 or of § 18.2-348 or 18.2-349 to pay a \$100 fee, which shall be deposited into the Virginia Prevention of Sex Trafficking Fund to be used in accordance with § 9.1-116.4.

After the expiration of the period provided in § 16.1-94.1, executions on such

docketed civil judgments may issue from the general district court wherein the judgment was obtained upon the filing in the general district court of an abstract from the circuit court. [H 2233]

§ 19.2-305.1. Restitution for property damage or loss; community service.

A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or shall be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.

B. Notwithstanding any other provision of law, any person who, on or after July 1, 1995, commits, and is convicted of, a crime in violation of any provision in Title 18.2 shall make at least partial restitution for any property damage or loss caused by the crime or for any medical expenses or expenses directly related to funeral or burial incurred by the victim or his estate as a result of the crime, may be compelled to perform community services and, if the court so orders, shall submit a plan for doing that which appears to be feasible to the court under the circumstances.

B1. Notwithstanding any other provision of law, any person, who on or after July 1, 2005 commits and is convicted of a crime in violation of § 18.2-248 involving the manufacture of any controlled substance, may be ordered, upon presentation of suitable evidence of such costs, by the court to reimburse the Commonwealth or the locality for the costs incurred by the jurisdiction, as the case may be, for the removal and remediation associated with the illegal manufacture of any controlled substance by the defendant.

B2. Notwithstanding any other provision of law, any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-138 for damage to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages. Any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-405, 18.2-407, or 18.2-408 in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, to which damage is caused during such riot or unlawful assembly. In any prosecution under § 18.2-138, 18.2-405,

18.2-407, or 18.2-408, testimony of the Division of Engineering and Buildings of the Department of General Services or the Division of Risk Management shall be admissible as evidence of value or extent of damages or cost of repairs to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police. "Capitol Square" includes the exterior of all state buildings that are at least 50 years old and bordering the boundary streets.

C. At or before the time of sentencing, the court shall receive and consider any plan for making restitution submitted by the defendant. The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.

D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. The clerk shall record receipt of restitution payments in an automated financial management system operated and maintained by the Executive Secretary of the Supreme Court or such other system established and maintained by a circuit court clerk pursuant to § 17.1-502. E. At the time of sentencing, the court shall enter the amount of restitution to be repaid by the defendant, the date by which all restitution is to be paid, the terms and conditions of such repayment, and the victim's name and contact information, including the victim's home address, telephone number, and email address, on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. If the attorney for the Commonwealth participated in the prosecution of the defendant, the attorney for the Commonwealth or his designee shall complete, to the extent possible, all portions of the form excluding the amount of restitution to be repaid by the defendant and the terms and conditions of such repayment. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge. Except as provided in this section or otherwise required by law, the victim's contact information shall be confidential, and the clerk shall not disclose such confidential information to any person.

F. 1. In any case in which the court orders the defendant to pay restitution and places the defendant on probation that includes a period of active supervision, the probation agency supervising the defendant shall notify the court and the attorney for the Commonwealth of the amount of any restitution that remains unsatisfied and the last known address for the defendant (i) 60 days prior to the defendant's release from supervision pursuant to the terms of the sentencing order or (ii) if the agency requests that the defendant be released from supervision, at the time the agency submits its request to the court. Such notice shall be in writing and the attorney for the Commonwealth shall, if practicable, provide a copy of the notice to the victim. If any amount of restitution remains unsatisfied, the court shall conduct a hearing prior to the defendant's release from supervision after providing notice of the hearing to the defendant and the attorney for the Commonwealth. If the court finds that the defendant is not in compliance with the restitution order, the court may (a) release the defendant from supervision, (b) modify the period or terms of supervision pursuant to § 19.2-304, (c) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (d) proceed in accordance with subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. Any defendant who is released from supervision shall be subject to the provisions of subdivision 3.

2. In any case in which the court orders the defendant to pay restitution and places the defendant on probation that does not include a period of active supervision, the court shall include in the order a date, not to exceed two years from the date of the entry of the order or, if the court has sentenced the defendant to an active term of incarceration, from the date of the defendant's release from incarceration, on which the defendant's compliance with the restitution order shall be reviewed and the court shall schedule a hearing for such date. The court may, on its own motion, cancel the hearing if the amount of restitution has been satisfied. If at the hearing the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. After the hearing conducted pursuant to this subdivision, the defendant shall be subject to the provisions of subdivision 3.

3. If any amount of restitution remains unsatisfied at the time of a hearing conducted pursuant to subdivision 1 or 2, the court shall continue to schedule hearings to review the defendant's compliance with the restitution order until the amount of restitution has been satisfied and provide notice of such hearings to the defendant. The court may, on its own motion, cancel

any such hearing if the amount of restitution has been satisfied or if the defendant is in compliance with the restitution order. If at any hearing conducted pursuant to this subdivision the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall follow the procedures set forth in this subdivision for the purpose of reviewing compliance with a restitution order by a defendant (a) until the amount of restitution has been satisfied or (b) if any amount of restitution remains unsatisfied, for the longer of 10 years from the date of the hearing held pursuant to subdivision 1 or 2 or the period of probation ordered by the court.

4. If the court determines at any hearing conducted pursuant to this subsection that the defendant is unable to pay restitution and will remain unable to pay restitution for the duration of the review period set forth in subdivision 3, the court may discontinue any further hearings to review a defendant's compliance with the restitution order.

5. If the court determines that a defendant would be incarcerated on the date of any hearing scheduled pursuant to this subsection, the court may remove the case from the docket, reschedule such hearing to a date after the defendant's release from incarceration, and provide notice of the hearing to the defendant and the attorney for the Commonwealth. If the defendant who is on probation that includes a period of active supervision is incarcerated, the probation agency supervising the defendant shall notify the court when the defendant has been released from incarceration.

6. No provision of this subsection shall be construed to prohibit the court from exercising any authority otherwise granted by law over a defendant during any period of probation ordered by the court.

7. At every hearing conducted pursuant to subdivision 1 where the defendant was convicted of an offense for which a report to the Central Criminal Records Exchange is required under subsection A of § 19.2-390, if the court has not previously verified that the conviction for such offense appears on the criminal history record of the defendant, the court shall review the criminal history record of the defendant and determine whether the present conviction appears on that record. The probation officer for the defendant shall provide the criminal history record to the court at such hearing. If the present conviction does not appear on the criminal history record, the court shall order that the fingerprints and photograph of the defendant be taken by a law-enforcement officer and submitted to the Central Criminal Records Exchange. If fingerprints and a photograph have previously been taken for such conviction, the probation officer shall provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that the conviction does not appear on the offender's criminal history record prior to his release from supervision.

8. At every hearing conducted pursuant to subdivision 2 where the attorney for the Commonwealth participated in the prosecution and the defendant was convicted of an offense for which a report to the Central Criminal Records Exchange is required under subsection A of § 19.2-390, if the court has not previously verified that the conviction for such offense appears on the criminal history record of the defendant, the court shall review the criminal history record of the defendant and determine whether the present conviction appears on that record. If the attorney for the Commonwealth participated in the prosecution of the offense, the attorney for the Commonwealth shall provide the criminal history record to the court at such hearing. If the present conviction does not appear on the criminal history record, the court shall order that the fingerprints and photograph of the defendant be taken by a law-enforcement officer and submitted to the Central Criminal Records Exchange. If fingerprints and a photograph have previously been taken for such conviction, the attorney for the Commonwealth shall provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that the conviction does not appear on the offender's criminal history record.

G. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.

H. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection, "victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

I. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims by November 1 of each year. If a clerk does not have any such restitution to deposit, the clerk shall provide a statement to that effect to the Fund by November 1 of each year. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment directly to the victim for any proper claims. When depositing such restitution to the Fund, the clerk shall report the victim's last known contact information, including the victim's home address, telephone number, and email address, and the amount of restitution being deposited for that victim. Before making the deposit, the administrator shall record the name, contact information, and amount of restitution being deposited for each victim appearing from the clerk's report to be entitled to restitution. The victim's contact information reported to the Fund shall be confidential and shall not be disseminated further except as otherwise required by law.

J. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth

the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

K. Whenever a defendant is ordered to pay restitution, any sums collected shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any fine, forfeiture, penalty, or cost assessed against the defendant, *unless an order for restitution is docketed in the name of the victim or it is ordered that an assignment of the judgment to the victim be docketed.*

§ 19.2-305.2. Amount of restitution; enforcement.

A. The court, when ordering restitution pursuant to § 19.2-305.1, may require that such defendant, in the case of an offense resulting in damage to or loss or destruction of property of a victim of the offense, (i) return the property to the owner or (ii) if return of the property is impractical or impossible, pay an amount equal to the greater of the value of the property at the time of the offense or the value of the property at the time of sentencing.

B. An order of restitution ~~may~~ shall be docketed, *in the name of the Commonwealth, or a locality if applicable, on behalf of the victim*, as provided in § 8.01-446 when so ordered by the court ~~or upon written request of the victim and may be enforced by a victim named in the order to receive the restitution in the same manner as a judgment in a civil action, unless the victim named in the order of restitution requests in writing that the order be docketed in the name of the victim. An order of restitution docketed in the name of the victim shall be enforced by the victim as a civil judgment. The clerk shall record and disburse restitution payments as provided in subsection D of § 19.2-305.1 and subsection A of § 19.2-354 in accordance with orders of restitution or judgments for restitution docketed in the name of the Commonwealth or a locality. At any time before a judgment for restitution docketed in the name of the Commonwealth or a locality is satisfied, the court shall, at the written request of the victim, order the circuit court clerk to execute and docket an assignment of the judgment to the victim. The circuit court clerk shall remove from its automated financial system the amount of unpaid restitution upon docketing the assignment. If a judge of a district court orders the circuit court clerk to execute and docket an assignment of the judgment to the victim, the district court clerk shall remove from its automated financial system the amount of unpaid restitution upon sending the order to the circuit court clerk. If the victim requests that the order of restitution be docketed in the name of the victim or that a judgment for restitution previously docketed in the name of the Commonwealth or a locality be assigned to the victim, the victim shall provide to the court an address where the defendant can mail payment for the amount due and such address shall not be confidential. When a judgment for restitution previously docketed in the name of the Commonwealth or a locality is ordered to be assigned to the victim, the court shall provide notice of such order to the defendant at the defendant's last known address and shall include the mailing address provided by the victim. Enforcement by a victim of any order of restitution docketed as provided in § 8.01-446 is not subject to any statute of limitations. Such docketing shall not be construed to prohibit the court from exercising any authority otherwise available to enforce the order of restitution.~~

§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.

A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. The clerk of the circuit court and district court of every county and city shall submit quarterly to the attorney for the Commonwealth of his county or city and any probation agency that serves such county or city:

2. A list of all accounts where more than 90 days have passed since an account was sent to collections and no payments have been made toward fines, costs, forfeitures, penalties, or restitution. For accounts where restitution is owed, such report shall include the defendant's name, case number, and total amount of restitution and restitution interest due.

C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court

with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

D. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

The Office of the Executive Secretary of the Supreme Court shall annually report to the Governor, the General Assembly, the Chairmen of the House and Senate Committees for Courts of Justice, and the Virginia State Crime Commission on the total of restitution assessed, collected, and unpaid for each circuit and district court and the total of restitution collected and deposited into the Criminal Injuries Compensation Fund pursuant to subsection I of § 19.2-305.1 by each circuit and district court.

E. The provisions of this section shall not apply to any orders of restitution docketed in the name of the victim or when it is ordered that an assignment of the judgment for restitution to the victim be docketed.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture, or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture, or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed, *unless an order for restitution is docketed in the name of the victim or it is ordered that an assignment of the judgment to the victim be docketed.* Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution, or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration, or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his

participation in the program may be terminated until all fines, costs, forfeitures, restitution, and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;
3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The State Board of Local and Regional Jails shall promulgate regulations governing the receipt of wages paid to persons sentenced to local correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds. The Director of the Department of Corrections shall prescribe rules governing the receipt of wages paid to persons sentenced to state correctional facilities participating in such programs, the withholding of payments, and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work (i) before or after imprisonment or (ii) in accordance with the provisions of § 19.2-316.4, 53.1-59, 53.1-60, 53.1-128, 53.1-129, or 53.1-131 during imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures, and penalties.

CHAPTER 191

An Act to amend and reenact §§ 9.1-175 and 18.2-254.3 of the Code of Virginia, relating to behavioral health docket; transfer of supervision.

[H 2236]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 9.1-175 and 18.2-254.3 of the Code of Virginia are amended and reenacted as follows:

§ 9.1-175. Board to prescribe standards; biennial plan.

The Board shall approve standards as prescribed by the Department for the development, implementation, operation, and evaluation of local community-based probation services and facilities authorized by this article, *which shall include standards for the transfer of supervision between local community-based probation agencies*. Any city, county, or combination thereof which establishes and provides local community-based probation services pursuant to this article shall submit a biennial criminal justice plan to the Department for review and approval.

§ 18.2-254.3. Behavioral Health Docket Act.

A. This section shall be known and may be cited as the "Behavioral Health Docket Act."

B. The General Assembly recognizes the critical need to promote public safety and reduce recidivism by addressing co-occurring behavioral health issues, such as mental illness and substance abuse, related to persons in the criminal justice system. It is the intention of the General Assembly to enhance public safety by facilitating the creation of behavioral health dockets to accomplish this purpose.

C. The goals of behavioral health dockets shall include (i) reducing recidivism; (ii) increasing personal, familial, and societal accountability among offenders through ongoing judicial intervention; (iii) addressing mental illness and substance abuse that contribute to criminal behavior and recidivism; and (iv) promoting effective planning and use of resources within the criminal justice system and community agencies. Behavioral health dockets promote outcomes that will benefit not only the offender but society as well.

D. Behavioral health dockets are specialized criminal court dockets within the existing structure of Virginia's court system that enable the judiciary to manage its workload more efficiently. Under the leadership and regular interaction of presiding judges, and through voluntary offender participation, behavioral health dockets shall address offenders with mental health conditions and drug addictions that contribute to criminal behavior. Behavioral health dockets shall employ

evidence-based practices to diagnose behavioral health illness and provide treatment, enhance public safety, reduce recidivism, ensure offender accountability, and promote offender rehabilitation in the community. Local officials shall complete a planning process recognized by the state behavioral health docket advisory committee before establishing a behavioral health docket program.

E. Administrative oversight of implementation of the Behavioral Health Docket Act shall be conducted by the Supreme Court of Virginia. The Supreme Court of Virginia shall be responsible for (i) providing oversight of the distribution of funds for behavioral health dockets; (ii) providing technical assistance to behavioral health dockets; (iii) providing training to judges who preside over behavioral health dockets; (iv) providing training to the providers of administrative, case management, and treatment services to behavioral health dockets; and (v) monitoring the completion of evaluations of the effectiveness and efficiency of behavioral health dockets in the Commonwealth.

F. A state behavioral health docket advisory committee shall be established in the judicial branch. The committee shall be chaired by the Chief Justice of the Supreme Court of Virginia, who shall appoint a vice-chair to act in his absence. The membership of the committee shall include a behavioral health circuit court judge, a behavioral health general district court judge, a behavioral health juvenile and domestic relations district court judge, the Executive Secretary of the Supreme Court or his designee, the Governor or his designee, and a representative from each of the following entities: the Commonwealth's Attorneys' Services Council, the Virginia Court Clerks' Association, the Virginia Indigent Defense Commission, the Department of Behavioral Health and Developmental Services, the Virginia Organization of Consumers Asserting Leadership, a community services board or behavioral health authority, and a local community-based probation and pretrial services agency.

G. Each jurisdiction or combination of jurisdictions that intend to establish a behavioral health docket or continue the operation of an existing behavioral health docket shall establish a local behavioral health docket advisory committee. Jurisdictions that establish separate adult and juvenile behavioral health dockets may establish an advisory committee for each such docket. Each local behavioral health docket advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the behavioral health dockets that serve the jurisdiction or combination of jurisdictions. Advisory committee membership may include, but shall not be limited to, the following persons or their designees: (i) the behavioral health docket judge; (ii) the attorney for the Commonwealth or, where applicable, the city or county attorney who has responsibility for the prosecution of misdemeanor offenses; (iii) the public defender or a member of the local criminal defense bar in jurisdictions in which there is no public defender; (iv) the clerk of the court in which the behavioral health docket is located; (v) a representative of the Virginia Department of Corrections or the Department of Juvenile Justice, or both, from the local office that serves the jurisdiction or combination of jurisdictions; (vi) a representative of a local community-based probation and pretrial services agency; (vii) a local law-enforcement officer; (viii) a representative of the Department of Behavioral Health and Developmental Services or a representative of local treatment providers, or both; (ix) a representative of the local community services board or behavioral health authority; (x) the behavioral health docket administrator; (xi) a public health official; (xii) the county administrator or city manager; (xiii) a certified peer recovery specialist; and (xiv) any other persons selected by the local behavioral health docket advisory committee.

H. Each local behavioral health docket advisory committee shall establish criteria for the eligibility and participation of offenders who have been determined to have problems with drug addiction, mental illness, or related issues. The committee shall ensure the use of a comprehensive, valid, and reliable screening instrument to assess whether the individual is a candidate for a behavioral health docket. Once an individual is identified as a candidate appropriate for a behavioral health court docket, a full diagnosis and treatment plan shall be prepared by qualified professionals.

Subject to the provisions of this section, neither the establishment of a behavioral health docket nor anything in this section shall be construed as limiting the discretion of the attorney for the Commonwealth to prosecute any criminal case arising therein that he deems advisable to prosecute, except to the extent that the participating attorney for the Commonwealth agrees to do so.

I. Each local behavioral health docket advisory committee shall establish policies and procedures for the operation of the docket to attain the following goals: (i) effective integration of appropriate treatment services with criminal justice system case processing; (ii) enhanced public safety through intensive offender supervision and treatment; (iii) prompt identification and placement of eligible participants; (iv) efficient access to a continuum of related treatment and rehabilitation services; (v) verified participant abstinence through frequent alcohol and other drug testing and mental health status assessments, where applicable; (vi) prompt response to participants' noncompliance with program requirements through a coordinated strategy; (vii) ongoing judicial interaction with each behavioral health docket participant; (viii) ongoing monitoring and evaluation of program effectiveness and efficiency; (ix) ongoing interdisciplinary education and training in support of program effectiveness and efficiency; and (x) ongoing collaboration among behavioral health dockets, public agencies, and community-based organizations to enhance program effectiveness and efficiency.

J. If there is cause for concern that a defendant was experiencing a crisis related to a mental health or substance abuse disorder then his case will be referred, if such referral is appropriate, to a behavioral health docket to determine eligibility for participation. Participation by an offender in a behavioral health docket shall be voluntary and made pursuant only to a written agreement entered into by and between the offender and the Commonwealth with the concurrence of the court. *If an offender determined to be eligible to participate in a behavioral health docket resides in a locality other than that in which the behavioral health docket is located, or such offender desires to move to a locality other than that in which the*

behavioral health docket is located, and the court determines it is practicable and appropriate, the supervision of such offender may be transferred to a supervising agency in the new locality. If the receiving agency accepts the transfer, it shall confirm in writing that it can and will comply with all of the conditions of supervision of the behavioral health docket, including the frequency of in-person and other contact with the offender and updates from the offender's treatment providers. If the receiving agency cannot comply with the conditions of supervision, the agency shall deny the transfer in writing and the sending agency shall notify the court. Where supervision is transferred, the sending agency shall be responsible for providing reports on an offender's conduct, treatment, and compliance with the conditions of supervision to the court.

K. An offender may be required to contribute to the cost of the treatment he receives while participating in a behavioral health docket pursuant to guidelines developed by the local behavioral health docket advisory committee.

L. Nothing contained in this section shall confer a right or an expectation of a right to treatment for an offender or be construed as requiring a local behavioral health docket advisory committee to accept for participation every offender.

M. The Office of the Executive Secretary shall, with the assistance of the state behavioral health docket advisory committee, develop a statewide evaluation model and conduct ongoing evaluations of the effectiveness and efficiency of all behavioral health dockets. The Executive Secretary shall submit an annual report of these evaluations to the General Assembly by December 1 of each year. The annual report shall be submitted as a report document as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website. Each local behavioral health docket advisory committee shall submit evaluative reports, as provided by the Behavioral/Mental Health Docket Advisory Committee, to the Office of the Executive Secretary as requested.

The cause of action in the actions herein listed shall be deemed to accrue as follows:

1. In actions for fraud or mistake, in actions for violations of the Consumer Protection Act (§ 59.1-196 et seq.) based upon any misrepresentation, deception, or fraud, and in actions for rescission of contract for undue influence, when such fraud, mistake, misrepresentation, deception, or undue influence is discovered or by the exercise of due diligence reasonably should have been discovered;

2. In actions or other proceedings for money on deposit with a bank or any person or corporation doing a banking business, when a request in writing be made therefor by check, order, or otherwise;

3. In actions for malicious prosecution or abuse of process, when the relevant criminal or civil action is terminated;

4. In actions for injury to the person resulting from exposure to asbestos or products containing asbestos, when a diagnosis of asbestosis, interstitial fibrosis, mesothelioma, or other disabling asbestos-related injury or disease is first communicated to the person or his agent by a physician. However, no such action may be brought more than two years after the death of such person. The diagnosis of a nonmalignant asbestos-related injury or disease shall not accrue an action based upon the subsequent diagnosis of a malignant asbestos-related injury or disease, and such subsequent diagnosis shall constitute a separate injury that shall accrue an action when such diagnosis is first communicated to the person or his agent by a physician;

4a. In actions for injury to the person resulting from the exposure to a substance or a combination of substances or the use of a product, when such injury is latent, other than (i) those asbestos-related injuries specified in subdivision 4 and (ii) claims against health care providers as defined in § 8.01-581.1, when the person knew or should have known of the injury and its causal connection to an injury-causing substance or product. However, no such action may be brought more than two years after the death of such person. For purposes of this subdivision, "latent" refers to injuries that remain dormant or do not develop and, therefore, are undiagnosable during the period of limitations set forth in subsection A of § 8.01-243;

5. In actions for contribution or for indemnification, when the contributee or the indemnitee has paid or discharged the obligation. A third-party claim permitted by subsection A of § 8.01-281 and the Rules of Court may be asserted before such cause of action is deemed to accrue hereunder;

6. In actions for injury to the person, whatever the theory of recovery, resulting from sexual abuse occurring during the infancy or incapacity of the person, upon the later of the removal of the disability of infancy or incapacity as provided in § 8.01-229 or when the fact of the injury and its causal connection to the sexual abuse is first communicated to the person by a licensed physician, psychologist, or clinical psychologist. As used in this subdivision, "sexual abuse" means sexual abuse as defined in subdivision 6 of § 18.2-67.10 and acts constituting rape, sodomy, object sexual penetration or sexual battery as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;

7. 8. In actions on an open account, from the later of the last payment or last charge for goods or services rendered on the account;

9. In products liability actions against parties other than health care providers as defined in § 8.01-581.1 for injury to the person resulting from or arising as a result of the implantation of any medical device, when the person knew or should have known of the injury and its causal connection to the device.

Complaints under this article shall be filed with the *Division Office* within 180 days of the alleged discriminatory event.

§ 2.2-523. Confidentiality of information; penalty.

A. The *Division Office* shall not make public, prior to a public hearing pursuant to § 2.2-520, investigative notes and other correspondence and information furnished to the *Division Office* in confidence with respect to an investigation or conciliation process involving an alleged unlawful discriminatory practice.

B. Nothing in this section, however, shall prohibit the distribution of information taken from inactive reports in a form that does not reveal the identity of the parties involved or other persons supplying information.

§ 2.2-3902. Construction of chapter; other programs to aid persons with disabilities, minors, and the elderly.

The provisions of this chapter shall be construed liberally for the accomplishment of its policies.

Conduct that violates any Virginia or federal statute or regulation governing discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions including lactation, age, status as a veteran, or national origin is an unlawful discriminatory practice under this chapter.

Nothing in this chapter shall prohibit or alter any program, service, facility, school, or privilege that is afforded, oriented, or restricted to a person because of disability or age from continuing to habilitate, rehabilitate, or accommodate that person.

In addition, nothing in this chapter shall be construed to affect any governmental program, law or activity differentiating between persons on the basis of age over the age of 18 years (i) where the differentiation is reasonably necessary to normal operation or the activity is based upon reasonable factors other than age or (ii) where the program, law, or activity constitutes a legitimate exercise of powers of the Commonwealth for the general health, safety, and welfare of the population at large.

Complaints filed with the *Division Office of Human Civil Rights* of the Department of Law (the *Division Office*) in accordance with § 2.2-520 alleging unlawful discriminatory practice under a Virginia statute that is enforced by a Virginia agency shall be referred to that agency. The *Division Office* may investigate complaints alleging an unlawful discriminatory practice under a federal statute or regulation and attempt to resolve it through conciliation. Unsolved complaints shall thereafter be referred to the federal agency with jurisdiction over the complaint. Upon such referral, the *Division Office* shall have no further jurisdiction over the complaint. The *Division Office* shall have no jurisdiction over any complaint filed under a local ordinance adopted pursuant to § 15.2-965.

§ 2.2-3907. Procedures for a charge of unlawful discrimination; notice; investigation; report; conciliation; notice of the right to file a civil action; temporary relief.

A. Any person claiming to be aggrieved by an unlawful discriminatory practice may file a complaint in writing under oath or affirmation with the *Division Office of Human Civil Rights* of the Department of Law (the *Division Office*). The *Division Office* itself or the Attorney General may in a like manner file such a complaint. The complaint shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged unlawful discrimination.

B. Upon perfection of a complaint filed pursuant to subsection A, the *Division Office* shall timely serve a charge on the respondent and provide all parties with a notice informing the parties of the complainant's rights, including the right to commence a civil action, and the dates within which the complainant may exercise such rights. In the notice, the *Division Office* shall notify the complainant that the charge of unlawful discrimination will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the appropriate general district or circuit court.

C. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this chapter and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the *Division Office* or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

D. Once a charge has been issued, the *Division Office* shall conduct an investigation sufficient to determine whether there is reasonable cause to believe the alleged discrimination occurred. Such charge shall be the subject of a report made by the *Division Office*. The report shall be a confidential document subject to review by the Attorney General, authorized *Division Office* employees, and the parties. The review shall state whether there is reasonable cause to believe the alleged unlawful discrimination has been committed.

E. If the report on a charge of discrimination concludes that there is no reasonable cause to believe the alleged unlawful discrimination has been committed, the charge shall be dismissed and the complainant shall be given notice of his right to commence a civil action.

F. If the report on a charge of discrimination concludes that there is reasonable cause to believe the alleged unlawful discrimination has been committed, the complainant and respondent shall be notified of such determination and the *Division Office* shall immediately endeavor to eliminate any alleged unlawful discriminatory practice by informal methods such as

conference, conciliation, and persuasion. When the *Division Office* determines that further endeavor to settle a complaint by conference, conciliation, and persuasion is unworkable and should be bypassed, the *Division Office* shall issue a notice that the case has been closed and the complainant shall be given notice of his right to commence a civil action.

G. At any time after a notice of charge of discrimination is issued, the *Division Office* or complainant may petition the appropriate court for temporary relief, pending final determination of the proceedings under this section, including an order or judgment restraining the respondent from doing or causing any act that would render ineffectual an order that a court may enter with respect to the complainant. Whether it is brought by the *Division Office* or by the complainant, the petition shall contain a certification by the *Division Office* that the particular matter presents exceptional circumstances in which irreparable injury will result from unlawful discrimination in the absence of temporary relief.

H. Upon receipt of a written request from the complainant, the *Division Office* shall promptly issue a notice of the right to file a civil action to the complainant after (i) 180 days have passed from the date the complaint was filed or (ii) the *Division Office* determines that it will be unable to complete its investigation within 180 days from the date the complaint was filed.

§ 2.2-3909. Causes of action for failure to provide reasonable accommodation for known limitations related to pregnancy, childbirth, or related medical conditions.

A. As used in this section:

"Employer" means any person, or agent of such person, employing five or more employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year.

"Lactation" means lactation as defined in § 2.2-3905.

"Reasonable accommodation" includes more frequent or longer bathroom breaks, breaks to express breast milk, access to a private location other than a bathroom for the expression of breast milk, acquisition or modification of equipment or access to or modification of employee seating, a temporary transfer to a less strenuous or hazardous position, assistance with manual labor, job restructuring, a modified work schedule, light duty assignments, and leave to recover from childbirth.

"Related medical conditions" includes lactation.

B. No employer shall:

1. Refuse to make reasonable accommodation to the known limitations of a person related to pregnancy, childbirth, or related medical conditions, unless the employer can demonstrate that the accommodation would impose an undue hardship on the employer.

a. In determining whether an accommodation would constitute an undue hardship on the employer, the following shall be considered:

(1) Hardship on the conduct of the employer's business, considering the nature of the employer's operation, including composition and structure of the employer's workforce;

(2) The size of the facility where employment occurs; and

(3) The nature and cost of the accommodations needed.

b. The fact that the employer provides or would be required to provide a similar accommodation to other classes of employees shall create a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

2. Take adverse action against an employee who requests or uses a reasonable accommodation pursuant to this section. As used in this subdivision, "adverse action" includes failure to reinstate any such employee to her previous position or an equivalent position with equivalent pay, seniority, and other benefits when her need for a reasonable accommodation ceases.

3. Deny employment or promotion opportunities to an otherwise qualified applicant or employee because such employer will be required to make reasonable accommodation to the known limitations of such applicant or employee related to pregnancy, childbirth, or related medical conditions.

4. Require an employee to take leave if another reasonable accommodation can be provided to the known limitations related to the pregnancy, childbirth, or related medical conditions of such employee.

C. Each employer shall engage in a timely, good faith interactive process with an employee who has requested an accommodation pursuant to this section to determine if the requested accommodation is reasonable and, if such accommodation is determined not to be reasonable, discuss alternative accommodations that may be provided.

D. An employer shall post in a conspicuous location and include in any employee handbook information concerning an employee's rights to reasonable accommodation for known limitations related to pregnancy, childbirth, or related medical conditions. Such information shall also be directly provided to (i) new employees upon commencement of their employment and (ii) any employee within 10 days of such employee's providing notice to the employer that she is pregnant.

E. An employee or applicant who has been denied any of the rights afforded under subsection B may bring an action in a general district or circuit court having jurisdiction over the employer that allegedly denied such rights. Any such action shall be brought within two years from the date of the unlawful denial of rights, or, if the employee or applicant has filed a complaint with the *Division Office of Human Civil Rights* of the Department of Law or a local human rights or human relations agency or commission within two years of the unlawful denial of rights, such action shall be brought within 90 days from the date that the *Division Office* or a local human rights or human relations agency or commission has rendered a final disposition on the complaint.

If the court or jury finds that an unlawful denial of rights afforded under subsection B has occurred, the court or jury may award to the plaintiff, as the prevailing party, compensatory damages, back pay, and other equitable relief. The court may also award reasonable attorney fees and costs and may grant as relief any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such practice, or order such affirmative action as may be appropriate.

F. The provisions of this section regarding the provision of reasonable accommodation for known limitations related to pregnancy, childbirth, and related medical conditions shall not be construed to affect any other provision of law relating to discrimination on the basis of sex or pregnancy.

§ 15.2-1604. Appointment of deputies and employment of employees; discriminatory practices by certain officers; civil penalty.

A. It shall be an unlawful employment practice for a constitutional officer:

1. To fail or refuse to appoint or hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of appointment or employment, because of such individual's race, color, religion, sex, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or status as a veteran; or

2. To limit, segregate, or classify his appointees, employees, or applicants for appointment or employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of the individual's race, color, religion, sex, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or status as a veteran.

B. Nothing in this section shall be construed to make it an unlawful employment practice for a constitutional officer to hire or appoint an individual on the basis of his sex or age in those instances where sex or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular office. The provisions of this section shall not apply to policy-making positions, confidential or personal staff positions, or undercover positions.

C. With regard to notices and advertisements:

1. Every constitutional officer shall, prior to hiring any employee, advertise such employment position in a newspaper having general circulation or a state or local government job placement service in such constitutional officer's locality except where the vacancy is to be used (i) as a placement opportunity for appointees or employees affected by layoff, (ii) as a transfer opportunity or demotion for an incumbent, (iii) to fill positions that have been advertised within the past 120 days, (iv) to fill positions to be filled by appointees or employees returning from leave with or without pay, (v) to fill temporary positions, temporary employees being those employees hired to work on special projects that have durations of three months or less, or (vi) to fill policy-making positions, confidential or personal staff positions, or special, sensitive law-enforcement positions normally regarded as undercover work.

2. No constitutional officer shall print or publish or cause to be printed or published any notice or advertisement relating to employment by such constitutional officer indicating any preference, limitation, specification, or discrimination, based on sex or national origin, except that such notice or advertisement may indicate a preference, limitation, specification, or discrimination based on sex or age when sex or age is a bona fide occupational qualification for employment.

D. Complaints regarding violations of subsection A may be made to the ~~Division Office~~ *Office of Human Civil Rights* of the Department of Law. The ~~Division Office~~ shall have the authority to exercise its powers as provided in Article 4 (§ 2.2-520 et seq.) of Chapter 5 of Title 2.2.

E. Any constitutional officer who willfully violates the provisions of subsection C shall be subject to a civil penalty not to exceed \$2,000.

CHAPTER 199

An Act to amend and reenact §§ 8.01-195.4, 16.1-77, and 16.1-107 of the Code of Virginia, relating to general district courts; jurisdictional limits; appeal bond.

[S 1108]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-195.4, 16.1-77, and 16.1-107 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-195.4. Jurisdiction of claims under this article; right to jury trial; service on Commonwealth or locality; amending amount of claim.

The general district courts shall have exclusive original jurisdiction to hear, determine, and render judgment on any claim against the Commonwealth or any transportation district cognizable under this article when the amount of the claim does not exceed \$4,500, exclusive of interest and any attorneys' attorney fees. Jurisdiction shall be concurrent with the circuit courts when the amount of the claim exceeds \$4,500 but does not exceed ~~\$25,000~~ \$50,000, exclusive of interest and such attorneys' attorney fees. Jurisdiction of claims when the amount exceeds ~~\$25,000~~ \$50,000 shall be limited to the circuit courts of the Commonwealth. The parties to any such action in the circuit courts shall be entitled to a trial by jury.

While a matter is pending in a general district court or a circuit court, upon motion of the plaintiff seeking to increase or decrease the amount of the claim, the court shall order transfer of the matter to the general district court or circuit court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Where such a matter is pending, if the plaintiff is seeking to increase or decrease the amount of the claim to an amount wherein the general district court and the circuit court would have concurrent jurisdiction, the court shall transfer the matter to either the general district court or the circuit court, as directed by the plaintiff, provided that such court otherwise has jurisdiction over the matter. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial. The plaintiff shall pay filing and other fees as otherwise provided by law to the clerk of the court to which the case is transferred, and such clerk shall process the claim as if it were a new civil action. The plaintiff shall prepare and present the order of transfer to the transferring court for entry, after which time the case shall be removed from the pending docket of the transferring court and the order of transfer placed among its records. The plaintiff shall provide a certified copy of the transfer order to the receiving court.

In all actions against the Commonwealth commenced pursuant to this article, the Commonwealth shall be a proper party defendant, and service of process shall be made on the Attorney General. The notice of claim shall be filed pursuant to § 8.01-195.6 on the Director of the Division of Risk Management or the Attorney General. In all such actions against a transportation district, the district shall be a proper party and service of process and notices shall be made on the chairman of the commission of the transportation district.

§ 16.1-77. Civil jurisdiction of general district courts; amending amount of claim.

Except as provided in Article 5 (§ 16.1-122.1 et seq.), each general district court shall have, within the limits of the territory it serves, civil jurisdiction as follows:

(1) Exclusive original jurisdiction of (i) any claim to specific personal property or to any debt, fine or other money, or to damages for breach of contract or for injury done to property, real or personal, ~~or for any injury to the person that would be recoverable by action at law or suit in equity~~, when the amount of such claim does not exceed \$4,500, exclusive of interest and any attorney fees, and concurrent jurisdiction with the circuit courts having jurisdiction in such territory of any such claim when the amount thereof exceeds \$4,500 but does not exceed \$25,000, exclusive of interest and any attorney fees, and (ii) any action for injury to person, regardless of theory, and any action for wrongful death as provided for in Article 5 (§ 8.01-50 et seq.) of Chapter 3 of Title 8.01 when the amount of such claim does not exceed \$4,500, exclusive of interest and any attorney fees, and concurrent jurisdiction with the circuit courts having jurisdiction in such territory of any such claim when the amount thereof exceeds \$4,500 but does not exceed \$50,000, exclusive of interest and any attorney fees. However, ~~this \$25,000~~ the jurisdictional limit shall not apply with respect to distress warrants under the provisions of § 8.01-130.4, cases involving liquidated damages for violations of vehicle weight limits pursuant to § 46.2-1135, nor cases involving forfeiture of a bond pursuant to § 19.2-143. While a matter is pending in a general district court, upon motion of the plaintiff seeking to increase the amount of the claim, the court shall order transfer of the matter to the circuit court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial. The plaintiff shall pay filing and other fees as otherwise provided by law to the clerk of

the court to which the case is transferred, and such clerk shall process the claim as if it were a new civil action. The plaintiff shall prepare and present the order of transfer to the transferring court for entry, after which time the case shall be removed from the pending docket of the transferring court and the order of transfer placed among its records. The plaintiff shall provide a certified copy of the transfer order to the receiving court.

§ 16.1-107. Requirements for appeal.

A. No appeal shall be allowed unless and until the party applying for the same or someone for him shall give bond, in an amount and with sufficient surety approved by the judge or by his clerk if there is one, or in an amount sufficient to satisfy the judgment of the court in which it was rendered. Either such amount shall include the award of attorney fees, if any. Such bond shall be posted within 30 days from the date of judgment, except for an appeal from the judgment of a general district court on an unlawful detainer pursuant to § 8.01-129. However, no appeal bond shall be required of a plaintiff in a civil case where the defendant has not asserted a counterclaim, the Commonwealth or when an appeal is proper to protect the estate of a decedent, an infant, a convict, or an insane person, or the interest of a county, city, town or transportation district created pursuant to the Transportation District Act of 1964 (§ 33.2-1900 et seq.) of Title 33.2. ~~No appeal bond shall be required of a defendant with indemnity coverage through a policy of liability insurance sufficient to satisfy the judgment if the defendant's insurer provides a written irrevocable confirmation of coverage in the amount of the judgment. If defendant's insurer does not provide a written irrevocable confirmation of coverage in the amount of the judgment then an appeal bond will be required. In a case where a defendant with indemnity coverage through a policy of liability insurance appeals, the bond required by this section shall not exceed the amount of the judgment that is covered by a policy of indemnity coverage.~~

B. In all civil cases, except trespass, ejectment, unlawful detainer against a former owner based upon a foreclosure against that owner, or any action involving the recovering rents, no indigent person shall be required to post an appeal bond. In cases of unlawful detainer against a former owner based upon a foreclosure against that owner, a person who has been determined to be indigent pursuant to the guidelines set forth in § 19.2-159 shall post an appeal bond within 30 days from the date of judgment.

C. In cases of unlawful detainer for a residential dwelling unit, notwithstanding the provisions of § 8.01-129, an appeal bond shall be posted by the defendant with payment into the general district court in the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due, as contracted for in the rental agreement, and as amended on the unlawful detainer by the court. If such amount is not so paid, any such appeal shall not be perfected as a matter of law. Upon perfection of an appeal, the defendant shall pay the rental amount as contracted for in the rental agreement to the plaintiff on or before the fifth day of each month. If any such rental payment is not so paid, upon written motion of the plaintiff with a copy of such written motion mailed by regular mail to the tenant, the judge of the circuit court shall, without

hearing, enter judgment for the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of that date, subtracting any payments made by such tenant as reflected in the court accounts and on a written affidavit submitted by the plaintiff, plaintiff's managing agent, or plaintiff's attorney with a copy of such affidavit mailed by regular mail to the tenant, and an order of possession without further hearings or proceedings in such court. Any funds held in a court account shall be released to the plaintiff without further hearing or proceeding of the court unless the defendant has filed a motion to retain some or all of such funds and the court, after a hearing, enters an order finding that the defendant is likely to succeed on the merits of a counterclaim alleging money damages against the plaintiff, in which case funds shall be held by order of such court.

D. If such bond is furnished by or on behalf of any party against whom judgment has been rendered for money or property or both, the bond shall be conditioned for the performance and satisfaction of such judgment or order as may be entered against such party on appeal, and for the payment of all costs and damages which may be awarded against him in the appellate court. If the appeal is by a party against whom there is no recovery except for costs, the bond shall be conditioned for the payment of such costs and damages as may be awarded against him on the appeal.

E. In addition to the foregoing, any party applying for appeal shall, within 30 days from the date of the judgment, pay to the clerk of the court from which the appeal is taken the amount of the writ tax of the court to which the appeal is taken and costs as required by subdivision A 13 of § 17.1-275, including all fees for service of process of the notice of appeal in the circuit court pursuant to § 16.1-112.

Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient, provided that, in cases in which the practitioner has performed the examination required pursuant to clause (iii) by use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, the prescribing of such Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine.

For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, a nurse practitioner, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.
