§ 64.2-1608. Termination of power of attorney or agent's authority.

The warrant shall command that the place be forthwith searched and that the objects or persons described in the warrant, if found there, be seized. An inventory shall be produced before a court having jurisdiction of the offense or over the person to be arrested for whom a warrant or process for arrest has been issued in relation to which the warrant was issued as provided in § 19.2-57.

If the warrant is directed jointly to a sheriff, sergeant, policeman, or law-enforcement officer or agent of the Commonwealth and a federal agent or officer as otherwise provided in this section, the warrant may be executed jointly or by the policeman, law-enforcement officer, or agent into whose hands it is delivered. No other person may be permitted to be present during or participate in the execution of a warrant to search a place except (1) the owners and occupants of the place to be searched when permitted to be present by the officer in charge of the conduct of the search and (2) persons designated by the officer in charge of the conduct of the search to assist or provide expertise in the conduct of the search.

Any search warrant for records or other information pertaining to a subscriber to, or customer of, an electronic communication service or remote computing service, whether a domestic corporation or foreign corporation, that is transacting or has transacted any business in the Commonwealth, to be executed upon such service provider may be executed within or outside the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the service provider. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the service provider. For the purposes of this section, the warrant will be considered executed in the jurisdiction where the entity on which the warrant is served is located.

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

Any search warrant not executed within 15 days after issuance thereof shall be returned to, and voided by, the officer who issued such search warrant.

B. No law-enforcement officer shall seek, execute, or participate in the execution of a no-knock search warrant. A search warrant for any place of abode authorized under this section shall require that a law-enforcement officer be recognizable and identifiable as a uniformed law-enforcement officer and provide audible notice of his authority and purpose reasonably designed to be heard by the occupants of such place to be searched prior to the execution of such search warrant.

Search warrants authorized under this section for the search of any place of abode shall be executed by initial entry of the abode only in the daytime hours between 8:00 a.m. and 5:00 p.m. unless (i) a judge or a magistrate, if a judge is not available, authorizes the execution of such search warrant at another time for good cause shown by particularized facts in an affidavit or (ii) prior to the issuance of the search warrant, law-enforcement officers lawfully entered and secured the place to be searched and remained at such place continuously.

A law-enforcement officer shall make reasonable efforts to locate a judge before seeking authorization to execute the warrant at another time, unless circumstances require the issuance of the warrant after ~~5:00~~ *5:00* p.m., pursuant to the provisions of this subsection, in which case the law-enforcement officer may seek such authorization from a magistrate without first making reasonable efforts to locate a judge. Such reasonable efforts shall be documented in an affidavit and submitted to a magistrate when seeking such authorization.

Any evidence obtained from a search warrant executed in violation of this subsection shall not be admitted into evidence for the Commonwealth in any prosecution.

C. For the purposes of this section:

§ 59.1-207.13. Nonconformity of motor vehicles.

A. If the manufacturer, its agents or authorized dealers do not conform the motor vehicle to any applicable warranty by repairing or correcting any defect or condition, including those that do not affect the driveability of the vehicle, which significantly impairs the use, market value, or safety of the motor vehicle to the consumer after a reasonable number of attempts during the lemon law rights period, the manufacturer shall:

1. Replace the motor vehicle with a comparable motor vehicle acceptable to the consumer, or
2. Accept return of the motor vehicle and refund to the consumer, lessor, and any lienholder as their interest may appear the full contract price, including all collateral charges, incidental damages, less a reasonable allowance for the consumer's use of the vehicle up to the date of the first notice of nonconformity that is given to the manufacturer, its agents or authorized dealer. Refunds or replacements shall be made to the consumer, lessor or lienholder, if any, as their interests may appear. The consumer shall have the unconditional right to choose a refund rather than a replacement vehicle and to drive the motor vehicle until he receives either the replacement vehicle or the refund. The subtraction of a reasonable allowance for use shall apply to either a replacement or refund of the motor vehicle. Mileage, expenses, and reasonable loss of use necessitated by attempts to conform such motor vehicle to the express warranty may be recovered by the consumer.

3. The motor vehicle is out of service due to repair for a cumulative total of ~~thirty~~ 30 calendar days, unless such repairs could not be performed because of conditions beyond the control of the manufacturer, its agents or authorized dealers, including war, invasion, strike, fire, flood or other natural disasters.

C. The lemon law rights period shall be extended if the manufacturer has been notified but the nonconformity has not been effectively repaired by the manufacturer, or its agent, by the expiration of the lemon law rights period.

D. The manufacturer shall clearly and conspicuously disclose to the consumer, in the warranty or owner's manual, that written notification of the nonconformity to the manufacturer is required before the consumer may be eligible for a refund or replacement of the vehicle under this chapter. The manufacturer shall include with the warranty or owner's manual the name and address to which the consumer shall send such written notification.

E. It shall be the responsibility of the consumer, or his representative, prior to availing himself of the provisions of this section, to notify the manufacturer of the need for the correction or repair of the nonconformity, unless the manufacturer has been notified as defined in § 59.1-207.11. If the manufacturer or factory representative has not been notified of the conditions set forth in subsection B of this section and any of the conditions set forth in subsection B of this section already exists, the manufacturer shall be given an additional opportunity, not to exceed ~~fifteen~~ 15 days, to correct or repair the nonconformity. If notification shall be mailed to an authorized dealer, the authorized dealer shall upon receipt forward such notification to the manufacturer.

F. Nothing in this chapter shall be construed to limit or impair the rights and remedies of a consumer under any other law.

G. It is an affirmative defense to any claim under this chapter that:

- 1. An alleged nonconformity does not significantly impair the use, market value, or safety of the motor vehicle; or
- 2. A nonconformity is the result of abuse, neglect or unauthorized modification or alteration of a motor vehicle by a consumer.

§ 59.1-207.16. Action to be brought within certain time.

Any action brought under this chapter shall be commenced within ~~eighteen months following the date of original delivery of the motor vehicle to the consumer~~ the lemon law rights period. However, any consumer whose good faith attempts to settle the dispute pursuant to the informal dispute settlement provisions of § 59.1-207.15 have not resulted in the satisfactory resolution of the matter shall have (i) ~~twelve~~ 12 months from the date of the final action taken by the manufacturer in its dispute settlement procedure, if such procedure was resorted to within ~~eighteen months of delivery~~ the lemon law rights period, or (ii) the original ~~eighteen-month period~~ lemon law rights period, whichever is longer, to file an action in the proper court.

Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

Nothing in this subdivision shall prohibit the commitment of a juvenile to any local board of social services in the Commonwealth when such local board consents to the commitment. The board to which the juvenile is committed shall have the final authority to determine the appropriate placement for the juvenile. Any order authorizing removal from the home and transferring legal custody of a juvenile to a local board of social services as provided in this subdivision shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the juvenile, and the order shall so state;

Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

Nothing in this subdivision shall prohibit the commitment of a juvenile to any local board of social services in the Commonwealth when such local board consents to the commitment. The board to which the juvenile is committed shall have the final authority to determine the appropriate placement for the juvenile. Any order authorizing removal from the home and transferring legal custody of a juvenile to a local board of social services as provided in this subdivision shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the juvenile, and the order shall so state;

That the State Executive Council for Children's Services (SEC) shall inventory current efforts to recruit and retain parent representatives on local community policy and management teams (CPMTs) and family assessment and planning teams (FAPTs) and compile a list of best practices for including and elevating parent voices within CPMTs and FAPTs, particularly parents and caregivers with lived experience in child welfare, juvenile justice, special education, or behavioral health services, for distribution to local Children's Services Act programs. The SEC shall provide a copy of this report to the Chairmen of the Senate Committee on Rehabilitation and Social Services and the House Committee on Health, Welfare and Institutions no later than November 1, 2022.

CHAPTER 420

An Act to amend and reenact § 23.1-903.4 of the Code of Virginia, relating to Innovative Internship Program; Office of Education and Labor Market Alignment.

[S 667]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 23.1-903.4 of the Code of Virginia is amended and reenacted as follows:

§ 23.1-903.4. Innovative Internship Fund and Program.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Innovative Internship Fund (the Fund). The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of the Innovative Internship Program established pursuant to subsection B. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Council.

B. There is hereby established the Innovative Internship Program (the Program). The purpose of the Program is to expand paid or credit-bearing student internship and other work-based learning opportunities in collaboration with Virginia employers. The Program comprises institutional grants and a statewide initiative to facilitate the readiness of students, employers, and institutions of higher education to participate in internship and other work-based learning opportunities.

1. In administering the statewide initiative, the Council shall (i) engage stakeholders from business and industry, secondary and higher education, economic development, and state agencies and entities that are successfully engaging employers or successfully operating internship programs; (ii) explore strategies in Virginia and elsewhere on successful institutional, regional, statewide or sector-based internship programs; (iii) gather data on current institutional internship practices, scale, and outcomes; (iv) develop internship readiness educational resources, delivery methods, certification procedures, and outreach and awareness activities for employer partners, students, and institutional career development personnel; (v) pursue shared services or other efficiency initiatives, including technological solutions; and (vi) create a process to track key measures of performance.

2. The Council shall establish eligibility criteria, including requirements for matching funds, for institutional grants. Such grants shall be used to accomplish one or more of the following goals: (i) support state or regional workforce needs; (ii) support initiatives to attract and retain talent in the Commonwealth; (iii) support research and research commercialization in sectors and clusters targeted for development; (iv) support regional economic growth and diversification plans; (v) enhance the job readiness of students; (vi) enhance higher education affordability and timely completion for Virginia students; or (vii) further the objectives of increasing the tech talent pipeline.

3. *The Council shall partner with the Office of Education and Labor Market Alignment to collect and utilize data that includes the gaps that are most significant in hindering the Commonwealth from achieving the goals listed in subdivision 2. The Council and the Office of Education and Labor Market Alignment shall identify, at minimum: (i) state or regional workforce needs for which the lack of work-based learning opportunities is negatively impacting the success of regional economic growth and diversification plans and (ii) degree programs, the graduates of which describe themselves as*

underemployed, that would benefit from incorporating work-based learning into the curriculum. The Council and the Office of Education and Labor Market Alignment shall use the needs and degree programs identified in this subdivision to collaboratively determine priorities for: (a) using the portion of student financial aid authorized by the budget to be awarded as grants to students participating in work-based learning; (b) redesigning of curricula at public institutions of higher education; (c) garnering regional support and services to ensure the readiness of students and employers; (d) awarding grants to institutions of higher education to ensure their readiness to support students through detailed planning and implementation of best practices for scaling work-based learning; (e) providing or raising funds to provide matching funds so that students with limited resources, who have traditionally participated in the Program at lower rates, may intern at small Virginia-based employers; and (f) enhancing data collection and analysis.

CHAPTER 421

An Act to direct the Department of Professional and Occupational Regulation to establish a work group to study the adequacy of current laws addressing standards for structural integrity and for maintaining reserves to repair, replace, or restore capital components in common interest communities; report.

[S 740]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. § 1. A. *The Department of Professional and Occupational Regulation shall establish a work group to study the adequacy of current laws addressing standards for structural integrity and for maintaining reserves to repair, replace, or restore capital components in common interest communities. In conducting such study, the work group shall consider the following: (i) the development of common interest communities, including initial budget reserve funding, the filing of "as built" plans and specifications with the locality and delivery of such plans to the association of such common interest community, along with other transition documents, and increasing requirements for the issuance of certificates of occupancy; (ii) governing documents; (iii) reserve study requirements, including requirements for the frequency of such studies, the qualification of persons conducting such studies, and disclosure of such studies to purchasers and existing owners; (iv) budget requirements; (v) the authority of association boards to budget for reserves, expend funds for reserve projects, make special or additional assessments, and borrow funds to pay for projects; (vi) liability of associations and executive boards; (vii) inspections, including the authority of local governments to require inspections, funding for inspections, the scope, nature, and schedule of inspections, and qualifications of building inspectors; (viii) insurance coverage, including the scope of coverage, availability of products, adequacy or need for new or alternate products, feasibility of insurance inspections, and cost; (ix) education of association board members and owners; (x) judicial remedies, including an option to petition a court to authorize an assessment or alternative funding; and (xi) common interest community association management, including manager qualifications and self-management versus professional management.*

B. The work group shall be composed of representatives of (i) the Common Interest Community Board, (ii) local governments, (iii) local and state building officials, (iv) common interest community property owners, (v) developers and builders, (vi) common interest community managers, (vii) community association attorneys, (viii) reserve specialists, (ix) professional engineers, (x) auditors, (xi) representatives of financial institutions, (xii) insurance professionals, (xiii) attorneys with experience representing individuals with property or personal injury claims; (xiv) the Office of the Common Interest Community Ombudsman; and (xv) volunteer community leaders.

C. The Department of Professional and Occupational Regulation shall report the work group's findings and provide recommendations, including any legislative recommendations, to the Chairs of the House Committee on General Laws and the Senate Committee on General Laws and Technology no later than April 1, 2023.

CHAPTER 422

An Act to amend and reenact § 62.1-44.19:20 of the Code of Virginia, relating to nutrient credit stream restoration projects; use of third-party long-term stewards.

[S 188]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.19:20 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.19:20. Nutrient credit certification.

A. The Board may adopt regulations for the purpose of establishing procedures for the certification of point source nutrient credits except that no certification shall be required for point source nitrogen and point source phosphorus credits generated by point sources regulated under the Watershed General Virginia Pollutant Discharge Elimination System Permit issued pursuant to § 62.1-44.19:14. The Board shall adopt regulations for the purpose of establishing procedures for the certification of nonpoint source nutrient credits.

B. Regulations adopted pursuant to this section shall:

1. Establish procedures for the certification and registration of credits, including:
 - a. Certifying credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse;
 - b. Certifying credits that may be generated from agricultural and urban stormwater best management practices, use or management of manures, managed turf, land use conversion, stream or wetlands projects, shellfish aquaculture, algal harvesting, and other established or innovative methods of nutrient control or removal, as appropriate;
 - c. Establishing a process and standards for wetland or stream credits to be converted to nutrient credits. Such process and standards shall only apply to wetland or stream credits that were established after July 1, 2005, and have not been transferred or used. Under no circumstances shall such credits be used for both wetland or stream credit and nutrient credit purposes;
 - d. Certifying credits from multiple practices that are bundled as a package by the applicant;
 - e. Prohibiting the certification of credits generated from activities funded by federal or state water quality grant funds other than controls and practices under subdivision B 1 a; however, baseline levels may be achieved through the use of such grants;
 - f. Establishing a timely and efficient certification process including application requirements, a reasonable application fee schedule not to exceed \$10,000 per application, and review and approval procedures;
 - g. Requiring public notification of a proposed nutrient credit-generating entity; and
 - h. Establishing a timeline for the consideration of certification applications for land conversion projects. The timeline shall provide that within 30 days of receipt of an application the Department shall, if warranted, conduct a site visit and that within 45 days of receipt of an application the Department shall either determine that the application is complete or request additional specific information from the applicant. A determination that an application for a land conversion project is complete shall not require the Department to issue the certification. The Department shall deny, approve, or approve with conditions an application within 15 days of the Department's determination that the application is complete. When the request for credit release is made concurrently with the application for a land conversion project certification, the concurrent release shall be processed on the same timeline. When the request for credit release is from a previously approved land conversion project, the Department shall schedule a site visit, if warranted, within 30 days of the request and shall deny, approve, or approve with conditions the release within 15 days of the site visit or determination that a site visit is not warranted. The timelines set out in this subdivision shall be implemented prior to adoption of regulations. The Department shall release credits from a land conversion project after it is satisfied that the applicant has met the criteria for release in an approved nutrient reduction implementation plan.
2. Establish credit calculation procedures for proposed credit-generating practices, including the determination of:
 - a. Baselines for credits certified under subdivision B 1 a in accordance with any applicable provisions of the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;
 - b. Baselines established for agricultural practices, which shall be those actions necessary to achieve a level of reduction assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs as implemented on the tract, field, or other land area under consideration;
 - c. Baselines for urban practices from new development and redevelopment, which shall be in compliance with postconstruction nutrient loading requirements of the Virginia Stormwater Management Program regulations. Baselines for all other existing development shall be at a level necessary to achieve the reductions assigned in the urban sector in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;
 - d. Baselines for land use conversion, which shall be based on the pre-conversion land use and the level of reductions assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs applicable to that land use;
 - e. Baselines for other nonpoint source credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs using the best available scientific and technical information;
 - f. Unless otherwise established by the Board, for certification within the Chesapeake Bay Watershed a credit-generating practice that involves land use conversion, which shall represent controls beyond those in place as of July 1, 2005. For other waters for which a TMDL has been approved, the practice shall represent controls beyond those in place at the time of TMDL approval;
 - g. Baseline dates for all other credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs; and
 - h. Credit quantities, which shall be established using the best available scientific and technical information at the time of certification;
3. Provide certification of credits on an appropriate temporal basis, such as annual, term of years, or perpetual, depending on the nature of the credit-generating practice. A credit shall be certified for a term of no less than 12 months;
4. Establish requirements to reasonably assure the generation of the credit depending on the nature of the credit-generating activity and use, such as legal instruments for perpetual credits, operation and maintenance requirements, and associated financial assurance requirements. Financial assurance requirements may include letters of credit, escrows, surety bonds, insurance, and where the credits are used or generated by a locality, authority, utility, sanitation district, or

permittee operating an MS4 or a point source permitted under this article, its existing tax or rate authority. *In lieu of long-term management fund financial assurance mechanisms established or required by regulation for projects generating credits from stream restoration, a third-party long-term steward approved by the Department, such as a public agency, nongovernmental organization or private land manager, may hold long-term management funds in a separate interest-bearing account to be used only for the long-term management of the stream restoration project;*

5. Establish appropriate reporting requirements;
 6. Provide for the ability of the Department to inspect or audit for compliance with the requirements of such regulations;
 7. Provide that the option to acquire nutrient credits for compliance purposes shall not eliminate any requirement to comply with local water quality requirements;
 8. Establish a credit retirement requirement whereby five percent of nonpoint source credits in the Chesapeake Bay Watershed other than controls and practices under subdivision B 1 a are permanently retired at the time of certification pursuant to this section for the purposes of offsetting growth in unregulated nutrient loads; and
 9. Establish such other requirements as the Board deems necessary and appropriate.
- C. Prior to the adoption of such regulations, the Board shall certify (i) credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse, on a case-by-case basis using the best available scientific and technical information and (ii) credits that are located in tributaries outside of the Chesapeake Bay watershed as defined in § 62.1-44.15:35, using an average of the nutrient removal rates for each practice identified in Appendix A of the Department's document "Trading Nutrient Reductions from Nonpoint Source Best Management Practices in the Chesapeake Bay Watershed: Guidance for Agricultural Landowners and Your Potential Trading Partners."

D. The Department shall establish and maintain an online Virginia Nutrient Credit Registry of credits as follows:

1. The registry shall include all nonpoint source credits certified pursuant to this article and may include point source nitrogen and point source phosphorus credits generated from point sources covered by the general permit issued pursuant to § 62.1-44.19:14 or point source nutrient credits certified pursuant to this section at the option of the owner. No other credits shall be valid for compliance purposes.
2. Registration of credits on the registry shall not preclude or restrict the right of the owner of such credits from transferring the credits on such commercial terms as may be established by and between the owner and the regulated or unregulated party acquiring the credits.
3. The Department shall establish procedures for the listing and tracking of credits on the registry, including but not limited to (i) notification of the availability of new nutrient credits to the locality where the credit-generating practice is implemented at least five business days prior to listing on the registry to provide the locality an opportunity to acquire such credits at fair market value for compliance purposes and (ii) notification that the listing of credits on the registry does not constitute a representation by the Board or the owner that the credits will satisfy the specific regulatory requirements applicable to the prospective user's intended use and that the prospective user is encouraged to contact the Board for technical assistance to identify limitations, if any, applicable to the intended use.
4. The registry shall be publicly accessible without charge.
- E. The owner or operator of a nonpoint source nutrient credit-generating entity that fails to comply with the provisions of this section shall be subject to the enforcement and penalty provisions of § 62.1-44.19:22.
- F. Nutrient credits from stormwater nonpoint nutrient credit-generating facilities in receipt of a Nonpoint Nutrient Offset Authorization for Transfer letter from the Department prior to July 1, 2012, shall be considered certified nutrient credits and shall not be subject to further certification requirements or to the credit retirement requirement under subdivision B 8. However, such facilities shall be subject to the other provisions of this article, including registration, inspection, reporting, and enforcement.

CHAPTER 423

An Act to amend and reenact § 59.1-577, as it shall become effective, of the Code of Virginia, relating to Consumer Data Protection Act; data deletion request.

[H 381]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-577, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:
§ 59.1-577. (Effective January 1, 2023) Personal data rights; consumers.

A. A consumer may invoke the consumer rights authorized pursuant to this subsection at any time by submitting a request to a controller specifying the consumer rights the consumer wishes to invoke. A known child's parent or legal guardian may invoke such consumer rights on behalf of the child regarding processing personal data belonging to the known child. A controller shall comply with an authenticated consumer request to exercise the right:

1. To confirm whether or not a controller is processing the consumer's personal data and to access such personal data;

2. To correct inaccuracies in the consumer's personal data, taking into account the nature of the personal data and the purposes of the processing of the consumer's personal data;

3. To delete personal data provided by or obtained about the consumer;

4. To obtain a copy of the consumer's personal data that the consumer previously provided to the controller in a portable and, to the extent technically feasible, readily usable format that allows the consumer to transmit the data to another controller without hindrance, where the processing is carried out by automated means; and

5. To opt out of the processing of the personal data for purposes of (i) targeted advertising, (ii) the sale of personal data, or (iii) profiling in furtherance of decisions that produce legal or similarly significant effects concerning the consumer.

B. Except as otherwise provided in this chapter, a controller shall comply with a request by a consumer to exercise the consumer rights authorized pursuant to subsection A as follows:

1. A controller shall respond to the consumer without undue delay, but in all cases within 45 days of receipt of the request submitted pursuant to the methods described in subsection A. The response period may be extended once by 45 additional days when reasonably necessary, taking into account the complexity and number of the consumer's requests, so long as the controller informs the consumer of any such extension within the initial 45-day response period, together with the reason for the extension.

2. If a controller declines to take action regarding the consumer's request, the controller shall inform the consumer without undue delay, but in all cases and at the latest within 45 days of receipt of the request, of the justification for declining to take action and instructions for how to appeal the decision pursuant to subsection C.

3. Information provided in response to a consumer request shall be provided by a controller free of charge, up to twice annually per consumer. If requests from a consumer are manifestly unfounded, excessive, or repetitive, the controller may charge the consumer a reasonable fee to cover the administrative costs of complying with the request or decline to act on the request. The controller bears the burden of demonstrating the manifestly unfounded, excessive, or repetitive nature of the request.

4. If a controller is unable to authenticate the request using commercially reasonable efforts, the controller shall not be required to comply with a request to initiate an action under subsection A and may request that the consumer provide additional information reasonably necessary to authenticate the consumer and the consumer's request.

5. *A controller that has obtained personal data about a consumer from a source other than the consumer shall be deemed in compliance with a consumer's request to delete such data pursuant to subdivision A 3 by either (i) retaining a record of the deletion request and the minimum data necessary for the purpose of ensuring the consumer's personal data remains deleted from the business's records and not using such retained data for any other purpose pursuant to the provisions of this chapter or (ii) opting the consumer out of the processing of such personal data for any purpose except for those exempted pursuant to the provisions of this chapter.*

C. A controller shall establish a process for a consumer to appeal the controller's refusal to take action on a request within a reasonable period of time after the consumer's receipt of the decision pursuant to subdivision B 2. The appeal process shall be conspicuously available and similar to the process for submitting requests to initiate action pursuant to subsection A. Within 60 days of receipt of an appeal, a controller shall inform the consumer in writing of any action taken or not taken in response to the appeal, including a written explanation of the reasons for the decisions. If the appeal is denied, the controller shall also provide the consumer with an online mechanism, if available, or other method through which the consumer may contact the Attorney General to submit a complaint.

CHAPTER 424

[H 587]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-207.2:2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-207.2:2. School Breakfast Program and National School Lunch Program; applications.

A. Each local school board that collects information to determine eligibility for participation in the School Breakfast Program or the National School Lunch Program administered by the U.S. Department of Agriculture shall establish and post prominently on its website a web-based application for student participation in such program and shall continue to provide a paper-based application.

B. Each public elementary or secondary school shall process each web-based or paper-based application for participation in the School Breakfast Program or the National School Lunch Program administered by the U.S. Department of Agriculture within six working days after the date of receipt of the completed application.

2. That school divisions that cannot currently comply with the requirements set forth in the first enactment of this act shall develop a plan for ensuring compliance by August 1, 2023.

3. That the provisions of the first enactment of this act shall become effective on August 1, 2023.

CHAPTER 425

An Act to amend and reenact § 33.2-334 of the Code of Virginia, relating to Commonwealth Transportation Board; regulations; secondary street acceptance.

[H 275]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:**1. That § 33.2-334 of the Code of Virginia is amended and reenacted as follows:****§ 33.2-334. Requirements for taking new streets into secondary state highway system.**

A. The governing body of any county that has not withdrawn from the secondary state highway system or any town within which the Department maintains the streets may, by resolution, request the Board to take any new street or highway into the secondary state highway system for maintenance if such street or highway has been developed and constructed in accordance with the Board's secondary street acceptance requirements. The Board shall adopt regulations establishing such secondary street acceptance requirements, which shall include such provisions as the Board deems necessary or appropriate to achieve the safe and efficient operation of the Commonwealth's transportation network.

B. In addition to such other provisions deemed necessary or appropriate by the Board, the regulations shall include (i) requirements to ensure the connectivity of highway and pedestrian networks with the existing and future transportation network, *provided that such provisions shall include flexibility to limit the number of connections to adjacent property or highway networks as deemed appropriate*; (ii) provisions to minimize stormwater runoff and impervious surface area; and (iii) provisions for performance bonding of new secondary highways and associated cost recovery fees.

C. No initial regulation establishing secondary street acceptance requirements pursuant to this section shall apply to subdivision plats and subdivision construction plans that have been submitted and accepted for review by the Department on or before the effective date of such initial regulations. No locality shall be obligated to approve any subdivision plat or subdivision construction plans that are inconsistent with these regulations.

D. Nothing in this section or in any regulation, policy, or practice adopted pursuant to this section shall prevent the acceptance of any street or segment of a street within a network addition that meets one or more of the public service requirements addressed in the regulations, provided that the network addition satisfies all other requirements adopted pursuant to this section. In cases where a majority of the lots along the street or street segment remain undeveloped and construction traffic is expected to utilize that street or street segment after acceptance, the bonding requirement for such street or street segment may be required by the Department to be extended for up to one year beyond that required in the secondary street acceptance requirements.

2. The Department of Transportation (the Department) shall convene a stakeholder advisory group composed of representatives from the Department, local government, environmental advocacy organizations, and the residential and commercial land development and construction industry for the purpose of developing and providing recommended amendments to the regulations of the Commonwealth Transportation Board (the Board) in accordance with the provisions of this act no later than January 1, 2023. The findings and recommended amendments to the regulations in accordance with the provisions of this act shall be presented to the Board for adoption prior to June 1, 2023.

CHAPTER 426

An Act for the relief of Paul Jonas Crum, Jr., relating to claims; compensation for wrongful incarceration.

[H 1263]

Approved April 11, 2022

Whereas, Paul Jonas Crum, Jr., (Mr. Crum) spent more than five years in prison within the Virginia Department of Corrections for conduct that did not amount to a crime; and

Whereas, on December 16, 2014, Mr. Crum was arrested and charged with obstruction of justice pursuant to subsection C of § 18.2-460 of the Code of Virginia; and

Whereas, Mr. Crum, on the advice of his attorney, pleaded no contest to felony obstruction of justice in Dickenson County Circuit Court; and

Whereas, on December 17, 2015, Mr. Crum was sentenced to 10 years in prison on the charge of obstruction of justice; and

Whereas, on November 27, 2019, by unanimous decision, the Virginia Supreme Court granted Mr. Crum's habeas corpus petition, vacated his conviction, and held that he was denied the effective assistance of counsel because counsel advised Mr. Crum to plead no contest when his conduct did not meet the elements of the offense; and

Whereas, the Commonwealth agreed with Mr. Crum's petition that his actions did not violate the Code of Virginia; and

Whereas, Mr. Crum spent more than five years in prison as a result of his conviction for obstruction of justice; and

Whereas, Mr. Crum, as a result of his wrongful incarceration, lost more than five years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Crum is 62 years of age and suffering from cancer; and

Whereas, Mr. Crum has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. *That there is hereby appropriated from the general fund of the state treasury the sum of \$289,068 for the relief of Paul Jonas Crum, Jr., to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Crum may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.*

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

CHAPTER 427

An Act to amend and reenact § 20-108.2 of the Code of Virginia, relating to calculation of gross income for determination of child support; rental income.

[S 455]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.2 of the Code of Virginia is amended and reenacted as follows:

§ 20-108.2. Guideline for determination of child support; quadrennial review by Child Support Guidelines Review Panel; executive summary.

A. There shall be a rebuttable presumption in any judicial or administrative proceeding for child support under this title or Title 16.1 or 63.2, including cases involving split custody, shared custody, or multiple custody arrangements pursuant to subdivisions G 4, 5, and 6, that the amount of the award which would result from the application of the guidelines set forth in this section is the correct amount of child support to be awarded. In order to rebut the presumption, the court shall make written findings in the order as set out in § 20-108.1, which findings may be incorporated by reference, that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to the factors set out in § 20-108.1. The Department of Social Services shall set child support at the amount resulting from computations using the guidelines set out in this section pursuant to the authority granted to it in Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and subject to the provisions of § 63.2-1918.

B. For purposes of application of the guideline, a basic child support obligation shall be computed using the schedule set out below. For combined monthly gross income amounts falling between amounts shown in the schedule, basic child support obligation amounts shall be extrapolated. However, unless one of the following exemptions applies where the sole custody child support obligation as computed pursuant to subdivision G 1 is less than the statutory minimum per month, there shall be a presumptive minimum child support obligation of the statutory minimum per month payable by the payor parent. If the gross income of the obligor is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the court, upon hearing evidence that there is no ability to pay the presumptive statutory minimum, may set an obligation below the presumptive statutory minimum provided doing so does not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. Exemptions from this presumptive minimum monthly child support obligation shall include: parents unable to pay child support because they lack sufficient assets from which to pay child support and who, in addition, are institutionalized in a psychiatric facility; are imprisoned for life with no chance of parole; are medically verified to be totally and permanently disabled with no evidence of potential for paying child support, including recipients of Supplemental Security Income (SSI); or are otherwise involuntarily unable to produce income. "Number of children" means the number of children for whom the parents share joint legal responsibility and for whom support is being sought. The guidelines worksheet relied upon by the court or the Department of Social Services to compute a child support obligation for a support order issued by such court or the Department shall be placed in the court's file or the Department's file, and a copy of such guidelines worksheet shall be provided to the parties.

For gross monthly incomes above \$35,000, add the amount of child support for \$35,000 to the following percentages of gross income above \$35,000.

ONE CHILD	TWO CHILDREN	THREE CHILDREN	FOUR CHILDREN	FIVE CHILDREN	SIX CHILDREN
2.6%	3.4%	3.8%	4.2%	4.6%	5.0%

C. For purposes of this section, "gross income" means all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits except as listed below, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, veterans' benefits, spousal support, rental income *except as listed below*, gifts, prizes, or awards.

If a parent's gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits. To the extent that such derivative benefits are included in a parent's gross income, that parent shall be entitled to a credit against his or her ongoing basic child support obligation for any such amounts, and, if the amount of the credit exceeds the parent's basic child support obligations, the credit may be used to reduce arrearages.

Gross income shall be subject to deduction of reasonable business expenses for persons with income from self-employment, a partnership, or a closely held business. *Gross rental income from any property owned individually, jointly, or by any entity shall be subject to deduction of reasonable expenses; however, the deduction shall not include the cost of acquisition, depreciation, or the principal portion of any mortgage payment. The party claiming any deduction for reasonable business expenses or reasonable expenses for rental property shall have the burden of proof to establish such expenses by a preponderance of the evidence.*

"Gross income" shall not include:

1. Benefits from public assistance and social services programs as defined in § 63.2-100;
2. Federal supplemental security income benefits;
3. Child support received; or

4. Income received by the payor from secondary employment income not previously included in "gross income," where the payor obtained the income to discharge a child support arrearage established by a court or administrative order and the payor is paying the arrearage pursuant to the order. "Secondary employment income" includes but is not limited to income from an additional job, from self-employment, or from overtime employment. The cessation of such secondary income upon the payment of the arrearage shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

For purposes of this subsection: (i) spousal support received shall be included in gross income and spousal support paid shall be deducted from gross income when paid pursuant to an order or written agreement and (ii) one-half of any self-employment tax paid shall be deducted from gross income.

Where there is an existing court or administrative order or written agreement relating to the child or children of a party to the proceeding, who are not the child or children who are the subject of the present proceeding, then there is a presumption that there shall be deducted from the gross income of the party subject to such order or written agreement, the amount that the party is actually paying for the support of a child or children pursuant to such order or agreement.

Where a party to the proceeding has a natural or adopted child or children in the party's household or primary physical custody, and the child or children are not the subject of the present proceeding, there is a presumption that there shall be deducted from the gross income of that party the amount as shown on the Schedule of Monthly Basic Child Support Obligations contained in subsection B that represents that party's support obligation based solely on that party's income as being the total income available for the natural or adopted child or children in the party's household or primary physical custody, who are not the subject of the present proceeding. Provided, however, that the existence of a party's financial responsibility for such a child or children shall not of itself constitute a material change in circumstances for modifying a previous order of child support in any modification proceeding. Any adjustment to gross income under this subsection shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child, as determined by the court.

In cases in which retroactive liability for support is being determined, the court or administrative agency may use the gross monthly income of the parties averaged over the period of retroactivity.

D. Except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, any child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unreimbursed medical or dental expenses. The method of payment of those expenses shall be contained in the support order. Each parent shall pay his respective share of expenses as those expenses are incurred. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G. For the purposes of this section, medical or dental expenses shall include but not be limited to eyeglasses, prescription medication, prosthetics, orthodontics, and mental health or developmental disabilities services, including but not limited to services provided by a social worker, psychologist, psychiatrist, counselor, or therapist.

D1. In any initial child support proceeding commenced within six months of the birth of a child, except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, the child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unpaid expenses of the mother's pregnancy and the delivery of such child. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G.

E. The costs for health care coverage as defined in § 63.2-1900, vision care coverage, and dental care coverage for the child or children who are the subject of the child support order that are being paid by a parent or that parent's spouse shall be added to the basic child support obligation. To determine the cost to be added to the basic child support obligation, the cost per person shall be applied to the child or children who are subject of the child support order. If the per child cost is provided by the insurer, that is the cost per person. Otherwise, to determine the cost per person, the cost of individual coverage for the policy holder shall be subtracted from the total cost of the coverage, and the remaining amount shall be divided by the number of remaining covered persons.

F. Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source. When requested by the noncustodial parent, the court may require the custodial parent to present documentation to verify the costs incurred for child care under this subsection. Where appropriate, the court shall consider the willingness and availability of the noncustodial parent to provide child care personally in determining whether child-care costs are necessary or excessive. Upon the request of either party, and upon a showing of the tax savings a party derives from child-care cost deductions or credits, the court shall factor actual tax consequences into its calculation of the child-care costs to be added to the basic child support obligation.

G. 1. Sole custody support. The sole custody total monthly child support obligation shall be established by adding (i) the monthly basic child support obligation, as determined from the schedule contained in subsection B, (ii) costs for health care coverage to the extent allowable by subsection E, and (iii) work-related child-care costs and taking into consideration all the factors set forth in subsection B of § 20-108.1. The total monthly child support obligation shall be divided between the parents in the same proportion as their monthly gross incomes bear to their monthly combined gross income. The monthly obligation of each parent shall be computed by multiplying each parent's percentage of the parents' monthly combined gross income by the total monthly child support obligation.

However, the monthly obligation of the noncustodial parent shall be reduced by the cost for health care coverage to the extent allowable by subsection E when paid directly by the noncustodial parent or that parent's spouse. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

2. Split custody support. In cases involving split custody, the amount of child support to be paid shall be the difference between the amounts owed by each parent as a noncustodial parent, computed in accordance with subdivision 1, with the noncustodial parent owing the larger amount paying the difference to the other parent. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

For the purpose of this section and § 20-108.1, split custody shall be limited to those situations where each parent has physical custody of a child or children born of the parents, born of either parent and adopted by the other parent or adopted by both parents. For the purposes of calculating a child support obligation where split custody exists, a separate family unit exists for each parent, and child support for that family unit shall be calculated upon the number of children in that family unit who are born of the parents, born of either parent and adopted by the other parent or adopted by both parents. Where split custody exists, a parent is a custodial parent to the children in that parent's family unit and is a noncustodial parent to the children in the other parent's family unit.

3. Shared custody support.

(a) Where a party has custody or visitation of a child or children for more than 90 days of the year, as such days are defined in subdivision G 3 (c), a shared custody child support amount based on the ratio in which the parents share the custody and visitation of any child or children shall be calculated in accordance with this subdivision. The presumptive support to be paid shall be the shared custody support amount, unless a party affirmatively shows that the sole custody support amount calculated as provided in subdivision G 1 is less than the shared custody support amount. If so, the lesser amount shall be the support to be paid. For the purposes of this subsection, the following shall apply:

(i) Income share. "Income share" means a parent's percentage of the combined monthly gross income of both parents. The income share of a parent is that parent's gross income divided by the combined gross incomes of the parties.

(ii) Custody share. "Custody share" means the number of days that a parent has physical custody, whether by sole custody, joint legal or joint residential custody, or visitation, of a shared child per year divided by the number of days in the year. The actual or anticipated "custody share" of the parent who has or will have fewer days of physical custody shall be calculated for a one-year period. The "custody share" of the other parent shall be presumed to be the number of days in the year less the number of days calculated as the first parent's "custody share." For purposes of this calculation, the year may begin on such date as is determined in the discretion of the court, and the day may begin at such time as is determined in the discretion of the court. For purposes of this calculation, a day shall be as defined in subdivision G 3 (c).

(iii) Shared support need. "Shared support need" means the presumptive guideline amount of needed support for the shared child or children calculated pursuant to subsection B of this section, for the combined gross income of the parties and the number of shared children, multiplied by 1.4.

(iv) Sole custody support. "Sole custody support" means the support amount determined in accordance with subdivision G 1.

(b) Support to be paid. The shared support need of the shared child or children shall be calculated pursuant to subdivision G 3 (a) (iii). This amount shall then be multiplied by the other parent's custody share. To that sum for each parent shall be added the other parent's or that parent's spouse's cost of health care coverage to the extent allowable by subsection E, plus the other parent's work-related child-care costs to the extent allowable by subsection F. This total for each

parent shall be multiplied by that parent's income share. The support amounts thereby calculated that each parent owes the other shall be subtracted one from the other and the difference shall be the shared custody support one parent owes to the other, with the payor parent being the one whose shared support is the larger. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

(c) Definition of a day. For the purposes of this section, "day" means a period of 24 hours; however, where the parent who has the fewer number of overnight periods during the year has an overnight period with a child, but has physical custody of the shared child for less than 24 hours during such overnight period, there is a presumption that each parent shall be allocated one-half of a day of custody for that period.

(d) Minimum standards. Any calculation under this subdivision shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. If the gross income of either party is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the shared custody support calculated pursuant to this subsection shall not be the presumptively correct support and the court may consider whether the sole custody support or the shared custody support is more just and appropriate.

(e) Support modification. When there has been an award of child support based on the shared custody formula and one parent consistently fails to exercise custody or visitation in accordance with the parent's custody share upon which the award was based, there shall be a rebuttable presumption that the support award should be modified.

(f) In the event that the shared custody support calculation indicates that the net support is to be paid to the parent who would not be the parent receiving support pursuant to the sole custody calculation, then the shared support shall be deemed to be the lesser support.

4. Multiple shared custody support. In cases with different shared custody arrangements for two or more minor children of the parties, the procedures in subdivision G 3 shall apply, except that one shared guideline shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating each parent's custody share by adding the total number of days, as defined in subdivision G 3 (c), that each parent has with each child and dividing such total number of days by the number of children of the parties to determine the average number of shared custody days; and

(b) Using each parent's custody share as determined in subdivision G 4 (a) for each parent to calculate the child support owed, in accordance with the provisions of subdivision G 3.

5. Sole and shared custody support. In cases where one parent has sole custody of one or more minor children of the parties, and the parties share custody of one or more other minor children of the parties, the procedures in subdivisions G 1 and 3 shall apply, except that one sole custody support guideline calculation and one shared custody support guideline calculation shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating the sole custody support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the sole custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (a) (i) by the number of children subject to the sole custody support obligation; and

(iii) Applying the sole custody pro rata monthly basic child support obligation determined in subdivision G 5 (a) (ii) to the procedures in subdivision G 1.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 5 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the sole custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 5 (a) and G 5 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

6. Split and shared custody support. In cases where the parents have split custody of two or more children, and there is a shared custody arrangement with one or more other minor children of the parties, the procedures set forth in subdivisions G 2 and G 3 shall apply, except that one split custody child support guideline calculation and one shared custody child support guideline calculation shall be used to calculate the total amount of child support owed by one parent to the other by:

(a) Calculating the split custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the split custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (a) (i) by the number of children subject to the split custody support obligation; and

(iii) Applying the split custody pro rata monthly basic child support obligation determined in subdivision G 6 (a) (ii) for each parent to the procedures in subdivision G 2.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child custody support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 6 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the split custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 6 (a) and G 6 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

H. The Secretary of Health and Human Resources shall ensure that the guideline set out in this section is reviewed by October 31, 2001, and every four years thereafter, by the Child Support Guidelines Review Panel, consisting of 15 members comprised of four legislative members and 11 nonlegislative citizen members. Members shall be appointed as follows: three members of the House Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Senate Committee on Rules; and one representative of a juvenile and domestic relations district court, one representative of a circuit court, one representative of the Department of Social Services' Division of Child Support Enforcement, three members of the Virginia State Bar, two custodial parents, two noncustodial parents, and one child advocate, upon the recommendation of the Secretary of Health and Human Resources, to be appointed by the Governor. The Panel shall determine the adequacy of the guideline for the determination of appropriate awards for the support of children by considering current research and data on the cost of and expenditures necessary for rearing children, and any other resources it deems relevant to such review. The Panel shall report its findings to the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports before the General Assembly next convenes following such review.

Legislative members shall serve terms coincident with their terms of office. Nonlegislative citizen members shall serve at the pleasure of the Governor. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, shall be made for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments.

Legislative members shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813 and 2.2-2825. Funding for the costs of compensation and expenses of the members shall be provided by the Department of Social Services.

The Department of Social Services shall provide staff support to the Panel. All agencies of the Commonwealth shall provide assistance to the Panel, upon request.

The chairman of the Panel shall submit to the Governor and the General Assembly a quadrennial executive summary of the interim activity and work of the Panel no later than the first day of 2006 regular session of the General Assembly and every four years thereafter. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

CHAPTER 429

An Act to amend and reenact § 2.2-4304 of the Code of Virginia, relating to the Virginia Public Procurement Act; revision of procurement procedures.

[H 1310]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4304 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4304. Joint and cooperative procurement.

A. Any public body may participate in, sponsor, conduct, or administer a joint procurement agreement on behalf of or in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, the District of Columbia, the U.S. General Services Administration, or the Metropolitan Washington Council of Governments, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods, services, or construction.

B. In addition, a public body may purchase from another public body's contract or from the contract of the Metropolitan Washington Council of Governments or the Virginia Sheriffs' Association even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies, except for:

1. Contracts for architectural or engineering services; or

2. Construction. This subdivision shall not be construed to prohibit sole source or emergency procurements awarded pursuant to subsections E and F of § 2.2-4303.

Subdivision 2 shall not apply to (i) the installation of artificial turf and track surfaces, (ii) stream restoration, or (iii) stormwater management practices, including all associated and necessary construction and maintenance.

In instances where any authority, department, agency, or institution of the Commonwealth desires to purchase information technology and telecommunications goods and services from another public body's contract and the procurement was conducted on behalf of other public bodies, such purchase shall be permitted if approved by the Chief Information Officer of the Commonwealth. Any public body that enters into a cooperative procurement agreement with a county, city, or town whose governing body has adopted alternative policies and procedures pursuant to subdivisions A 9 and A 10 of § 2.2-4343 shall comply with the alternative policies and procedures adopted by the governing body of such county, city, or town.

C. Subject to the provisions of §§ 2.2-1110, 2.2-1111, 2.2-1120 and 2.2-2012, any authority, department, agency, or institution of the Commonwealth may participate in, sponsor, conduct, or administer a joint procurement arrangement in conjunction with public bodies, private health or educational institutions or with public agencies or institutions of the several states, territories of the United States, or the District of Columbia, for the purpose of combining requirements to effect cost savings or reduce administrative expense in any acquisition of goods and services, other than professional services, and construction.

A public body may purchase from any authority, department, agency or institution of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in this chapter and the administrative policies and procedures established to implement this chapter shall be permitted, if approved by the Director of the Division of Purchases and Supply.

Pursuant to § 2.2-2012, such approval is not required if the procurement arrangement is for telecommunications and information technology goods and services of every description. In instances where the procurement arrangement is for telecommunications and information technology goods and services, such arrangement shall be permitted if approved by the Chief Information Officer of the Commonwealth. However, such acquisitions shall be procured competitively.

Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

D. As authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. Any authority, department, agency, or institution of the Commonwealth may purchase goods and nonprofessional services, other than telecommunications and information technology, from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the director of the Division of Purchases and Supply of the Department of General Services;

2. Any authority, department, agency, or institution of the Commonwealth may purchase telecommunications and information technology goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the Chief Information Officer of the Commonwealth; ~~and~~

3. Any county, city, town, or school board may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government; *and*

4. *The Department of General Services and the Virginia Information Technologies Agency shall review and revise their procurement procedures to encourage the use of U.S. General Services Administration contracts or contracts awarded by any other agency of the United States government where appropriate.*

CHAPTER 430

[H 231]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 44-93 and 44-204 of the Code of Virginia are amended and reenacted as follows:

§ 44-93. Leaves of absence for employees of Commonwealth or political subdivisions.

A. All officers and employees of the Commonwealth or of any political subdivision of the Commonwealth who are former members of the armed services or members of the organized reserve forces of any of the armed services of the United States or National Guard shall be entitled to leaves of absence from their respective duties, without loss of seniority, accrued leave, or efficiency rating, on all days during which they are engaged in federally funded military duty, to include training duty, or when called forth by the Governor pursuant to the provisions of § 44-75.1 or § 44-78.1.

There shall be no loss of regular employer pay during such leaves of absence, except that paid leaves of absence for federally funded military duty, to include training duty, shall not exceed ~~fifteen~~ 21 workdays per federal fiscal year, and except that no officers or employees shall receive paid leave for more than ~~fifteen~~ 21 workdays per federally funded tour of active military duty.

When relieved from such duty, they shall be restored to positions held by them when ordered to duty. If the office or position has been abolished or otherwise has ceased to exist during such leave of absence, they shall be reinstated in a position of like seniority, status and pay, if the position exists, or in a comparable vacant position for which they are qualified, unless to do so would be unreasonable.

For the purposes of this section, with respect to employees of the Commonwealth or its political subdivisions who do not normally work approximately equal workdays on five or more days of each calendar week, the term "workday" shall mean 1/260 of the total working hours such employee would be scheduled to work during an entire federal fiscal year, not taking into account any state holidays, annual leave, military leave, or other absences. Where such employee returns from federally funded military duty and the eight-hour rest period required by the Uniformed Services Employment and Reemployment Rights Act (38 U.S.C. § 4301 et seq.) overlaps such employee's scheduled work shift, the employee shall receive paid military leave to the extent of such overlap.

B. In addition to the provisions of subsection A, any local government may pay such employee when activated for federally funded military duty all or any portion of the difference between his regular pay and the military pay received during all or any part of the term of active federally funded duty.

§ 44-204. Leaves of absence for employees of Commonwealth or political subdivisions.

All officers and employees of the Commonwealth, or of any political subdivision of the Commonwealth who are members of the Virginia State Defense Force or National Defense Executive Reserve shall be entitled to leaves of absence from their respective duties without loss of pay, seniority, accrued leave or efficiency rating on all days during which they shall be engaged in training approved by the Governor or his designee, not to exceed ~~fifteen~~ 21 workdays per federal fiscal year. When relieved from such duty, they shall be restored to positions held by them when ordered to duty.

If the recipient of the training is a qualified employee, the credit shall not exceed \$500 per qualified employee annually. If the recipient of the training is a non-highly compensated worker, the credit shall not exceed \$1,000 per non-highly compensated worker annually.

2. For taxable years beginning on and after January 1, 2019, but prior to January 1, ~~2022~~ 2025, a business primarily engaged in manufacturing shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.) in an amount equal to 35 percent of its direct costs incurred during the taxable year in conducting orientation, instruction, and training in the Commonwealth relating to the manufacturing activities undertaken by the business. In no event shall the credit allowed to a business under this subdivision exceed \$2,000 for any taxable year. The Department shall allow credit only for programs that (i) provide orientation, instruction, and training solely to students in grades six through 12; (ii) are coordinated with the local school division; and (iii) are conducted either at a plant or facility owned, leased, rented, or otherwise used by the business or at a public middle or high school in the Commonwealth. The Department of Education shall review requests for certification submitted by businesses and shall advise the Tax Commissioner whether an orientation, instruction, and training program qualifies as relating to the manufacturing activities undertaken by the business and meets other applicable requirements.

3. The Tax Commissioner shall develop guidelines (i) establishing procedures for claiming the credit provided by this section and (ii) providing for the allocation of credits among businesses requesting credits in the event that the amount of credits for which requests are made exceeds the available amount of credits in any year. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

E. Any credit not usable for the taxable year may be carried over for the next three taxable years. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. No credit shall be carried back to a

preceding taxable year. If a business that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of this Code, or has a credit carryover from a preceding taxable year, such business shall be considered to have first utilized any credit allowed that does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

F. No business shall be eligible to claim a credit under this section for eligible worker training or manufacturing orientation, instruction, and training undertaken by any program operated, administered, or paid for by the Commonwealth.

[S 689]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. § 1. *That the Department of Social Services shall, together with relevant stakeholders, develop recommendations regarding changes to provisions governing criminal history background checks and barrier crimes for applicants to serve as a foster or adoptive home. CHAPTER 433

An Act for the relief of Lamar Barnes, relating to claims; compensation for wrongful incarceration.

[H 1255]

Approved April 11, 2022

Whereas, Lamar Barnes (Mr. Barnes) was convicted in the Circuit Court of the City of Portsmouth on August 1, 2003, of first degree murder, malicious wounding, and two counts of use of a firearm in the commission of a felony, crimes that he did not commit; and

Whereas, Mr. Barnes was sentenced to life in prison plus 28 years; and

Whereas, Mr. Barnes served almost 20 years in the custody of the Virginia Department of Corrections; and

Whereas, Mr. Barnes, through the Innocence Project at the University of Virginia School of Law, submitted a petition for clemency seeking an absolute pardon based on the circumstances surrounding his innocence; and

Whereas, on January 4, 2022, Governor Ralph Northam granted Mr. Barnes an absolute pardon, noting that the pardon "reflects Lamar Barnes's innocence"; and

Whereas, Mr. Barnes was convicted largely based on his identification by three eyewitnesses at trial, all of whom have subsequently recanted their testimony and stated that they identified Mr. Barnes as a result of pressure from law enforcement and prosecutors; and

Whereas, Mr. Barnes's conviction was also the result of numerous constitutional violations, including due process violations, the suppression of exculpatory evidence, and the presentation of false evidence; and

Whereas, Mr. Barnes had a corroborated alibi for the time of the crime, which was not presented at trial; and

Whereas, multiple witnesses have identified an alternate suspect as the person who committed the crimes for which Mr. Barnes was convicted; and

Whereas, there was no physical evidence linking Mr. Barnes to the crime; and

Whereas, the Conviction Integrity Unit of the Office of the Attorney General conducted its own, independent investigation into Mr. Barnes's case and agreed that he is innocent of the crimes for which he was convicted; and

Whereas, during the course of Mr. Barnes's wrongful incarceration, he missed close to two decades in the lives of his children, who were infants at the time of his conviction; and

Whereas, Mr. Barnes, as a result of his wrongful incarceration, lost almost 20 years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Barnes has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. § 1. *That there is hereby appropriated from the general fund of the state treasury the sum of \$1,076,115 for the relief of Lamar Barnes, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Barnes may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.*

The compensation, subject to the execution of the release described herein, shall be paid in (i) an initial lump sum of \$269,029 by check issued by the State Treasurer on warrant of the Comptroller within 60 days immediately following the execution of such release and (ii) the sum of \$807,086 to purchase an annuity no later than one year after the effective date of the appropriation for compensation, for the primary benefit of Mr. Barnes, the terms of such annuity structured in Mr. Barnes's best interests based on consultation among Mr. Barnes or his representatives, the State Treasurer, and other necessary parties.

The State Treasurer shall purchase the annuity at the lowest cost available from any A+ rated company authorized to sell annuities in the Commonwealth, including any A+ rated company from which the State Lottery Department may purchase an annuity. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of Mr. Barnes's death.

§ 2. That Mr. Barnes shall be entitled to receive reimbursement up to \$10,000 for tuition for career and technical training within the Virginia Community College System contingent upon successful completion of the training. Reimbursement for tuition shall be provided by the comprehensive community college at which the career or technical training was completed. The tuition benefit provided by this section shall expire on January 1, 2026.

§ 3. That any amount already paid to Mr. Barnes as a transition assistance grant pursuant to subsection C of § 8.01-195.11 of the Code of Virginia shall be deducted from any award received pursuant to § 1 of this act.

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

"Manufacturing" also includes the necessary ancillary activities of newspaper and magazine printing when such activities are performed by the publisher of any newspaper or magazine for sale daily or regularly at average intervals not exceeding three months.

The determination of whether any manufacturing, mining, processing, refining or conversion activity is industrial in nature shall be made without regard to plant size, existence or size of finished product inventory, degree of mechanization, amount of capital investment, number of employees or other factors relating principally to the size of the business. Further, "industrial in nature" includes, but is not limited to, those businesses classified in codes 10 through 14 and 20 through 39 published in the Standard Industrial Classification Manual for 1972 and any supplements issued thereafter.

"Modular building" means, but is not limited to, single and multifamily houses, apartment units, commercial buildings, and permanent additions thereof, comprised of one or more sections that are intended to become real property, primarily constructed at a location other than the permanent site, built to comply with the Virginia Industrialized Building Safety Law (§ 36-70 et seq.) as regulated by the Virginia Department of Housing and Community Development, and shipped with most permanent components in place to the site of final assembly. For purposes of this chapter, "modular building" does not

include a mobile office as defined in § 58.1-2401 or any manufactured building subject to and certified under the provisions of the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. § 5401 et seq.).

Any dealer making a sale for resale which is not in strict compliance with such regulations shall be personally liable for payment of the tax.

The terms "retail sale" and a "sale at retail" specifically include the following: (i) the sale or charges for any accommodations furnished to transients for less than 90 continuous days; (ii) sales of tangible personal property to persons for resale when because of the operation of the business, or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because such persons are minors or transients, or because such persons are engaged in essentially service businesses, or for any other reason there is likelihood that the Commonwealth will lose tax funds due to the difficulty of policing such business operations; (iii) the separately stated charge made for automotive refinish repair materials that are permanently applied to or affixed to a motor vehicle during its repair; and (iv) the separately stated charge for equipment available for lease or purchase by a provider of satellite television programming to the customer of such programming. As used in this chapter, unless the context clearly shows otherwise:

"Accommodations" means any room or rooms, lodgings, or accommodations in any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration.

"Accommodations fee" means the room charge less the discount room charge, if any, provided that the accommodations fee shall not be less than \$0.

"Accommodations intermediary" means any person other than an accommodations provider that facilitates the sale of an accommodation, charges a room charge to the customer, and charges an accommodations fee to the customer, which fee it retains as compensation for facilitating the sale. For purposes of this definition, "facilitates the sale" includes brokering, coordinating, or in any other way arranging for the purchase of the right to use accommodations via a transaction directly, including via one or more payment processors, between a customer and an accommodations provider.

"Accommodations intermediary" does not include a person:

1. If the accommodations are provided by an accommodations provider operating under a trademark, trade name, or service mark belonging to such person; or

2. Who facilitates the sale of an accommodation if (i) the price paid by the customer to such person is equal to the price paid by such person to the accommodations provider for the use of the accommodations and (ii) the only compensation received by such person for facilitating the sale of the accommodation is a commission paid from the accommodations provider to such person.

"Accommodations provider" means any person that furnishes accommodations to the general public for compensation. The term "furnishes" includes the sale of use or possession or the sale of the right to use or possess.

"Advertising" means the planning, creating, or placing of advertising in newspapers, magazines, billboards, broadcasting and other media, including, without limitation, the providing of concept, writing, graphic design, mechanical art, photography and production supervision. "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either directly or indirectly.

"Distribution" means the transfer or delivery of tangible personal property for use, consumption, or storage by the distributee, and the use, consumption, or storage of tangible personal property by a person that has processed, manufactured, refined, or converted such property, but does not include the transfer or delivery of tangible personal property for resale or any use, consumption, or storage otherwise exempt under this chapter.

"Gross proceeds" means the charges made or voluntary contributions received for the lease or rental of tangible personal property or for furnishing services, computed with the same deductions, where applicable, as for sales price as defined in this section over the term of the lease, rental, service, or use, but not less frequently than monthly. "Gross proceeds" does not include finance charges, carrying charges, service charges, or interest from credit extended on the lease or rental of tangible personal property under conditional lease or rental contracts or other conditional contracts providing for the deferred payments of the lease or rental price.

"Gross sales" means the sum total of all retail sales of tangible personal property or services as defined in this chapter, without any deduction, except as provided in this chapter. "Manufacturing" also includes the necessary ancillary activities of newspaper and magazine printing when such activities are performed by the publisher of any newspaper or magazine for sale daily or regularly at average intervals not exceeding three months.

The determination of whether any manufacturing, mining, processing, refining or conversion activity is industrial in nature shall be made without regard to plant size, existence or size of finished product inventory, degree of mechanization, amount of capital investment, number of employees or other factors relating principally to the size of the business. Further, "industrial in nature" includes, but is not limited to, those businesses classified in codes 10 through 14 and 20 through 39 published in the Standard Industrial Classification Manual for 1972 and any supplements issued thereafter.

For purposes of this chapter, "modular building" does not include a mobile office as defined in § 58.1-2401 or any manufactured building subject to and certified under the provisions of the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. § 5401 et seq.).

"Occasional sale" means a sale of tangible personal property not held or used by a seller in the course of an activity for which it is required to hold a certificate of registration, including the sale or exchange of all or substantially all the assets of any business and the reorganization or liquidation of any business, provided that such sale or exchange is not one of a series of sales and exchanges sufficient in number, scope and character to constitute an activity requiring the holding of a certificate of registration.

Any dealer making a sale for resale which is not in strict compliance with such regulations shall be personally liable for payment of the tax.

The terms "retail sale" and a "sale at retail" specifically include the following: (i) the sale or charges for any accommodations furnished to transients for less than 90 continuous days; (ii) sales of tangible personal property to persons for resale when because of the operation of the business, or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because such persons are minors or transients, or because such persons are engaged in essentially service businesses, or for any other reason there is likelihood that the Commonwealth will lose tax funds due to the difficulty of policing such business operations; (iii) the separately stated charge made for automotive refinish repair materials that are permanently applied to or affixed to a motor vehicle during its repair; and (iv) the separately stated charge for equipment available for lease or purchase by a provider of satellite television programming to the customer of such programming. The terms "retail sale" and a "sale at retail" also specifically include the separately stated charge made for supplies used during automotive repairs whether or not there is transfer of title or possession of the supplies and whether or not the supplies are attached to the automobile. An Act to amend and reenact § 20-107.3 of the Code of Virginia, relating to division of marital property; Virginia Retirement System managed defined contribution plan; calculation of gains and losses.

[S 349]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 20-107.3 of the Code of Virginia is amended and reenacted as follows:

§ 20-107.3. Court may decree as to property and debts of the parties.

A. Upon decreeing the dissolution of a marriage, and also upon decreeing a divorce from the bond of matrimony, or upon the filing with the court as provided in subsection J of a certified copy of a final divorce decree obtained without the Commonwealth, the court, upon request of either party, (i) shall determine the legal title as between the parties, and the ownership and value of all property, real or personal, tangible or intangible, of the parties and shall consider which of such property is separate property, which is marital property, and which is part separate and part marital property in accordance with subdivision 3 and (ii) shall determine the nature of all debts of the parties, or either of them, and shall consider which of such debts is separate debt and which is marital debt. The court shall determine the value of any such property as of the date of the evidentiary hearing on the evaluation issue. The court shall determine the amount of any such debt as of the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, and the extent to which such debt has increased or decreased from the date of separation until the date of the evidentiary hearing. Upon motion of either party made no less than 21 days before the evidentiary hearing the court may, for good cause shown, in order to attain the ends of justice, order that a different valuation date be used. The court, on the motion of either party, may retain jurisdiction in the final decree of divorce to adjudicate the remedy provided by this section when the court determines that such action is clearly necessary, and all decrees heretofore entered retaining such jurisdiction are validated.

1. Separate property is (i) all property, real and personal, acquired by either party before the marriage; (ii) all property acquired during the marriage by bequest, devise, descent, survivorship or gift from a source other than the other party; (iii) all property acquired during the marriage in exchange for or from the proceeds of sale of separate property, provided that such property acquired during the marriage is maintained as separate property; and (iv) that part of any property classified as separate pursuant to subdivision 3. Income received from separate property during the marriage is separate property if not attributable to the personal effort of either party. The increase in value of separate property during the

marriage is separate property, unless marital property or the personal efforts of either party have contributed to such increases and then only to the extent of the increases in value attributable to such contributions. The personal efforts of either party must be significant and result in substantial appreciation of the separate property if any increase in value attributable thereto is to be considered marital property.

2. Marital property is (i) all property titled in the names of both parties, whether as joint tenants, tenants by the entirety or otherwise, except as provided by subdivision 3, (ii) that part of any property classified as marital pursuant to subdivision 3, or (iii) all other property acquired by each party during the marriage which is not separate property as defined above. All property including that portion of pensions, profit-sharing or deferred compensation or retirement plans of whatever nature, acquired by either spouse during the marriage, and before the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, is presumed to be marital property in the absence of satisfactory evidence that it is separate property. For purposes of this section marital property is presumed to be jointly owned unless there is a deed, title or other clear indicia that it is not jointly owned.

3. The court shall classify property as part marital property and part separate property as follows:

a. In the case of income received from separate property during the marriage, such income shall be marital property only to the extent it is attributable to the personal efforts of either party. In the case of the increase in value of separate property during the marriage, such increase in value shall be marital property only to the extent that marital property or the personal efforts of either party have contributed to such increases, provided that any such personal efforts must be significant and result in substantial appreciation of the separate property.

For purposes of this subdivision, the nonowning spouse shall bear the burden of proving that (i) contributions of marital property or personal effort were made and (ii) the separate property increased in value. Once this burden of proof is met, the owning spouse shall bear the burden of proving that the increase in value or some portion thereof was not caused by contributions of marital property or personal effort.

"Personal effort" of a party shall be deemed to be labor, effort, inventiveness, physical or intellectual skill, creativity, or managerial, promotional or marketing activity applied directly to the separate property of either party.

b. In the case of any pension, profit-sharing, or deferred compensation plan or retirement benefit, the marital share as defined in subsection G shall be marital property.

c. In the case of any personal injury or workers' compensation recovery of either party, the marital share as defined in subsection H shall be marital property.

d. When marital property and separate property are commingled by contributing one category of property to another, resulting in the loss of identity of the contributed property, the classification of the contributed property shall be transmuted to the category of property receiving the contribution. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, such contributed property shall retain its original classification.

e. When marital property and separate property are commingled into newly acquired property resulting in the loss of identity of the contributing properties, the commingled property shall be deemed transmuted to marital property. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, the contributed property shall retain its original classification.

f. When separate property is retitled in the joint names of the parties, the retitled property shall be deemed transmuted to marital property. However, to the extent the property is retraceable by a preponderance of the evidence and was not a gift, the retitled property shall retain its original classification.

g. When the separate property of one party is commingled into the separate property of the other party, or the separate property of each party is commingled into newly acquired property, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, each party shall be reimbursed the value of the contributed property in any award made pursuant to this section.

h. Subdivisions 3 d, e and f shall apply to jointly owned property. No presumption of gift shall arise under this section where (i) separate property is commingled with jointly owned property; (ii) newly acquired property is conveyed into joint ownership; or (iii) existing property is conveyed or retitled into joint ownership. For purposes of this subdivision 3, property is jointly owned when it is titled in the name of both parties, whether as joint tenants, tenants by the entireties, or otherwise.

4. Separate debt is (i) all debt incurred by either party before the marriage, (ii) all debt incurred by either party after the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, and (iii) that part of any debt classified as separate pursuant to subdivision 5. However, to the extent that a party can show by a preponderance of the evidence that the debt was incurred for the benefit of the marriage or family, the court may designate the debt as marital.

5. Marital debt is (i) all debt incurred in the joint names of the parties before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, whether incurred before or after the date of the marriage, and (ii) all debt incurred in either party's name after the date of the marriage and before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent. However, to the extent that a party can show by a preponderance of the evidence that the debt, or a portion thereof, was incurred, or the proceeds secured by incurring the debt were used, in whole or in part, for a nonmarital purpose, the court may designate the entire debt as separate or a portion of the debt as marital and a portion of the debt as separate.

B. For the purposes of this section only, both parties shall be deemed to have rights and interests in the marital property. However, such interests and rights shall not attach to the legal title of such property and are only to be used as a consideration in determining a monetary award, if any, as provided in this section.

C. Except as provided in subsection G, the court shall have no authority to order the division or transfer of separate property or marital property, or separate or marital debt, which is not jointly owned or owed. However, upon a finding that separate property of one party is in the possession or control of the other party, the court may order that the property be transferred to the party whose separate property it is. The court may, based upon the factors listed in subsection E, divide or transfer or order the division or transfer, or both, of jointly owned marital property, jointly owed marital debt, or any part thereof. The court shall also have the authority to apportion and order the payment of the debts of the parties, or either of them, that are incurred prior to the dissolution of the marriage, based upon the factors listed in subsection E.

As a means of dividing or transferring the jointly owned marital property, the court may transfer or order the transfer of real or personal property or any interest therein to one of the parties, permit either party to purchase the interest of the other and direct the allocation of the proceeds, provided the party purchasing the interest of the other agrees to assume any indebtedness secured by the property, or order its sale by private sale by the parties, through such agent as the court shall direct, or by public sale as the court shall direct without the necessity for partition. All decrees entered prior to July 1, 1991, which are final and not subject to further proceedings on appeal as of that date, which divide or transfer or order the division or transfer of property directly between the parties are hereby validated and deemed self-executing. All orders or decrees which divide or transfer or order division or transfer of real property between the parties shall be recorded and indexed in the names of the parties in the appropriate grantor and grantee indexes in the land records in the clerk's office of the circuit court of the county or city in which the property is located.

D. In addition, based upon (i) the equities and the rights and interests of each party in the marital property, and (ii) the factors listed in subsection E, the court has the power to grant a monetary award, payable either in a lump sum or over a period of time in fixed amounts, to either party. The party against whom a monetary award is made may satisfy the award, in whole or in part, by conveyance of property, subject to the approval of the court. An award entered pursuant to this subsection shall constitute a judgment within the meaning of § 8.01-426 and shall not be docketed by the clerk unless the decree so directs. An award entered pursuant to this subsection may be enforceable in the same manner as any other money judgment. The provisions of § 8.01-382, relating to interest on judgments, shall apply unless the court orders otherwise.

Any marital property, which has been considered or ordered transferred in granting the monetary award under this section, shall not thereafter be the subject of a suit between the same parties to transfer title or possession of such property.

E. The amount of any division or transfer of jointly owned marital property, and the amount of any monetary award, the apportionment of marital debts, and the method of payment shall be determined by the court after consideration of the following factors:

1. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
2. The contributions, monetary and nonmonetary, of each party in the acquisition and care and maintenance of such marital property of the parties;
3. The duration of the marriage;
4. The ages and physical and mental condition of the parties;
5. The circumstances and factors which contributed to the dissolution of the marriage, specifically including any ground for divorce under the provisions of subdivision A (1), (3) or (6) of § 20-91 or § 20-95;
6. How and when specific items of such marital property were acquired;
7. The debts and liabilities of each spouse, the basis for such debts and liabilities, and the property which may serve as security for such debts and liabilities;
8. The liquid or nonliquid character of all marital property;
9. The tax consequences to each party;
10. The use or expenditure of marital property by either of the parties for a nonmarital separate purpose or the dissipation of such funds, when such was done in anticipation of divorce or separation or after the last separation of the parties; and

11. Such other factors as the court deems necessary or appropriate to consider in order to arrive at a fair and equitable monetary award.

F. The court shall determine the amount of any such monetary award without regard to maintenance and support awarded for either party or support for the minor children of both parties and shall, after or at the time of such determination and upon motion of either party, consider whether an order for support and maintenance of a spouse or children shall be entered or, if previously entered, whether such order shall be modified or vacated.

G. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E:

1. The court may direct payment of a percentage of the marital share of any pension, profit-sharing or deferred compensation plan, or retirement benefits, whether vested or nonvested, ~~which~~ *that* constitutes marital property and whether payable in a lump sum or over a period of time. The court may order direct payment of such percentage of the marital share by direct assignment to a party from the employer trustee, plan administrator, or other holder of the benefits. However, the court shall only direct that payment be made as such benefits are payable. No such payment shall exceed 50 percent of the marital share of the cash benefits actually received by the party against whom such award is made. "Marital share" means

that portion of the total interest, the right to which was earned during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent. Any determination of military retirement benefits shall be in accordance with the federal Uniformed Services Former Spouses' Protection Act (10 U.S.C. 1408 et seq.). *If the court enters an order to distribute any Virginia Retirement System managed defined contribution plan, the Virginia Retirement System shall, if ordered by the court, calculate and include in such distribution gains and losses from the valuation date specified in the order through the date of distribution of the benefits, but only to the extent possible based on the information available to the Virginia Retirement System.*

2. To the extent permitted by federal or other applicable law, the court may order a party to designate a spouse or former spouse as irrevocable beneficiary during the lifetime of the beneficiary of all or a portion of any survivor benefit or annuity plan of whatsoever nature, but not to include a life insurance policy except to the extent permitted by § 20-107.1:1. The court, in its discretion, shall determine as between the parties, who shall bear the costs of maintaining such plan.

H. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E, the court may direct payment of a percentage of the marital share of any personal injury or workers' compensation recovery of either party, whether such recovery is payable in a lump sum or over a period of time. However, the court shall only direct that payment be made as such recovery is payable, whether by settlement, jury award, court award, or otherwise. "Marital share" means that part of the total personal injury or workers' compensation recovery attributable to lost wages or medical expenses to the extent not covered by health insurance accruing during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent.

I. Nothing in this section shall be construed to prevent the affirmation, ratification and incorporation in a decree of an agreement between the parties pursuant to §§ 20-109 and 20-109.1. Agreements, otherwise valid as contracts, entered into between spouses prior to the marriage shall be recognized and enforceable.

J. A court of proper jurisdiction under § 20-96 may exercise the powers conferred by this section after a court of a foreign jurisdiction has decreed a dissolution of a marriage or a divorce from the bond of matrimony, if (i) one of the parties was domiciled in this Commonwealth when the foreign proceedings were commenced, (ii) the foreign court did not have personal jurisdiction over the party domiciled in the Commonwealth, (iii) the proceeding is initiated within two years of receipt of notice of the foreign decree by the party domiciled in the Commonwealth, and (iv) the court obtains personal jurisdiction over the parties pursuant to subdivision A 9 of § 8.01-328.1, or in any other manner permitted by law.

K. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section, including the authority to:

1. Order a date certain for transfer or division of any jointly owned property under subsection C or payment of any monetary award under subsection D;

2. Punish as contempt of court any willful failure of a party to comply with the provisions of any order made by the court under this section;

3. Appoint a special commissioner to transfer any property under subsection C where a party refuses to comply with the order of the court to transfer such property; and

4. Modify any order entered in a case filed on or after July 1, 1982, intended to affect or divide any pension, profit-sharing or deferred compensation plan or retirement benefits pursuant to the United States Internal Revenue Code or other applicable federal laws, only for the purpose of establishing or maintaining the order as a qualified domestic relations order or to revise or conform its terms so as to effectuate the expressed intent of the order.

L. If it appears upon or after the entry of a final decree of divorce from the bond of matrimony that neither party resides in the city or county of the circuit court that entered the decree, the court may, on the motion of any party or on its own motion, transfer to the circuit court for the city or county where either party resides the authority to make additional orders pursuant to subsection K or to carry out or enforce any stipulation, contract, or agreement between the parties that has been affirmed, ratified, and incorporated by reference pursuant to § 20-109.1.

2. That the Virginia Retirement System shall poll all localities and school systems and report to the Chairmen of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by October 1, 2022, as to (i) whether the localities have defined benefit, defined contribution, or other pension or retirement plans independent from benefits made available by the Virginia Retirement System, and (ii) whether such plans presently process orders that require the plan administrator to calculate gains and losses on retirement benefits subject to equitable distribution.

An Act to amend and reenact § 15.2-2703 of the Code of Virginia, relating to political subdivisions; group self-insurance pools.

[H 1268]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2703 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2703. Group self-insurance pools authorized.

A. Any political subdivision of this Commonwealth may, by contract with one or more political subdivisions of this Commonwealth or of another state, form a group self-insurance pool to provide for joint or cooperative action relative to their financial and administrative resources for the purpose of providing to the participating political subdivisions risk management services as well as insurance coverage for pool members and employees of pool members, for acts or omissions arising out of the scope of their employment, including any or all of the following:

1. Casualty insurance, including workers' compensation under Title 65.2, employers' liability, general, professional and public officials liability coverage;
2. Property insurance, including marine insurance and inland marine and transportation insurance coverage;
3. Group life, accident and health coverages including hospital, medical, surgical and dental benefits to the employees of member political subdivisions and their dependents;
4. Automobile insurance, including motor vehicle liability insurance coverage and collision and security for motor vehicles owned or operated, as required by Title 46.2, and protection against other liability and loss associated with the ownership and use of motor vehicles;
5. Surety and fidelity insurance coverage; and
6. Umbrella and excess insurance coverages.

B. A group self-insurance pool may also provide all insurance coverages authorized by this section to (i) any separate corporation established by one or more counties, cities, towns, or school boards, as permitted by law, that is supported wholly or principally by local public funds or utilize federal funds for local community housing projects and (ii) other corporations recognized under § 501(c)(3) or 501(c)(4) of the Internal Revenue Code that are supported wholly or principally by local public funds or utilize federal funds for local community housing projects and that are recognized by a political subdivision and authorized by law to perform a government function.

~~B. C.~~ A group self-insurance pool may obtain excess insurance or reinsurance of risks, and may cede and sell the risks for coverages set forth in this section.

~~C. D.~~ Member political subdivisions that join together for the purpose of pooling their workers' compensation liabilities pursuant to Title 65.2 shall execute a written agreement, which has been approved by the State Corporation Commission under which each member agrees to be jointly and severally liable for the other members that are also party to such agreement. In addition to the rights the pool may have under such agreements, in the event of failure of the pool to enforce such rights after reasonable notice to the pool, the State Corporation Commission shall have the right independently to enforce on behalf of the pool the joint and several liability of its members under this title and the liability of members for any unpaid contributions and assessments. The State Corporation Commission shall be entitled to recover its expenses and ~~attorneys' attorney~~ fees. However, no such agreement to be jointly and severally liable, nor membership in a group self-insurance pool as defined in this section, shall relieve an employer of the liabilities imposed under Title 65.2 with respect to its employees. Members of a group self-insurance pool created pursuant to this title and licensed by the State Corporation Commission shall not be jointly and severally liable for unpaid contributions or assessments for any line of business other than workers' compensation offered by the group self-insurance pool.

~~D. E.~~ Subject to the approval of the State Corporation Commission and with such conditions as such Commission may require, a group self-insurance association formed pursuant to § 65.2-802, consisting solely of political subdivisions, may merge with a group self-insurance pool if the group self-insurance pool assumes in full all obligations of such group self-insurance association originally licensed pursuant to § 65.2-802.

CHAPTER 442

An Act to amend and reenact § 23.1-608 of the Code of Virginia, relating to Virginia Military Survivors and Dependents Education Program.

[S 768]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 23.1-608 of the Code of Virginia is amended and reenacted as follows:

§ 23.1-608. Virginia Military Survivors and Dependents Education Program; tuition and fee waivers.

A. As used in this section, unless the context requires a different meaning:

"Program" means the Virginia Military Survivors and Dependents Education Program.

"Qualified survivors and dependents" means the spouse or a child between the ages of 16 and 29 (i) of a military service member who, while serving as an active duty member in the Armed Forces of the United States, Reserves of the Armed Forces of the United States, or Virginia National Guard, during military operations against terrorism, on a peacekeeping mission, as a result of a terrorist act, or in any armed conflict, was killed, became missing in action, or became a prisoner of war or (ii) of a veteran who served in the Armed Forces of the United States, Reserves of the Armed Forces of the United States, or Virginia National Guard and, due to such service, has been rated by the U.S. Department of Veterans Affairs as totally and permanently disabled or at least 90 percent permanently disabled and has been discharged or released under conditions other than dishonorable. However, the Commissioner of Veterans Services may certify dependents above the age of 29 in those cases in which extenuating circumstances prevented the dependent child from using his benefits before the age of 30. *For purposes of this section, a child who is a stepchild of a deceased military service member described in this section shall receive all benefits described in this section as a child of such military service member if the military service member claimed the stepchild on his tax return or on his Defense Enrollment Eligibility Reporting System while serving on active duty.*

CHAPTER 443

An Act to amend and reenact §§ 24.2-669, 24.2-671, and 24.2-679 of the Code of Virginia; to amend the Code of Virginia by adding a section numbered 24.2-671.2; and to repeal § 24.2-671.1 of the Code of Virginia, relating to elections; conduct of election; election results; risk-limiting audits.

[H 895]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-669, 24.2-671, and 24.2-679 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-671.2 as follows:

§ 24.2-669. Clerk to keep ballots; inspection; destruction.

The clerk to whom the counted and uncounted ballots are delivered shall, without breaking the seal, deposit them in a secure place in his office, where they shall be kept for the time required by this section. He shall not allow the ballots to be inspected except (i) by an authorized representative of the State Board or by the electoral board at the direction of the State Board to ensure the accuracy of the returns or the purity of the election, (ii) by the officers of election, and then only at the direction of the electoral board in accordance with § 24.2-672 when the provisions of § 24.2-662 have not been followed, (iii) on the order of a court before which there is pending a proceeding for a contest or recount under Chapter 8 (§ 24.2-800 et seq.) of this title or before whom there is then pending a proceeding in which the ballots are necessary for use in evidence, or (iv) for the purpose of conducting ~~an a risk-limiting audit as part of a post-election pilot program~~ pursuant to § ~~24.2-671.1~~ 24.2-671.2. In the event that ballots are inspected under clause (i), (ii), or (iv) of this paragraph, each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have a representative present during such inspection. The representatives and observers lawfully present shall be prohibited from interfering with the officers of election in any way. The State Board or local electoral board shall provide such parties and candidates reasonable advance notice of the inspection.

After the counted ballots for a federal election have remained in the clerk's office for two years, if no election contest or other proceeding is pending in which such ballots may be needed as evidence, the clerk shall destroy such ballots. After the counted ballots for any other election have remained in the clerk's office for one year, if no election contest or other proceeding is pending in which such ballots may be needed as evidence, the clerk shall destroy such ballots. After the unused ballots have remained in the clerk's office and the time has expired for initiating a recount, contest, or other proceeding in which such ballots may be needed as evidence and no such contest or proceeding is pending, the clerk may then destroy the unused ballots other than punchcard ballots, which shall be returned to the electoral board.

§ 24.2-671. Electoral board to meet and ascertain results; conclusiveness of results.

Each electoral board shall meet at the clerk's or general registrar's office of the county or city for which they are appointed at or before 5:00 p.m. on the day after any election. The board may adjourn to another room of sufficient size in a public building to ascertain the results, and may adjourn as needed, not to exceed seven calendar days from the date of the election *unless an extension has been granted to accommodate a risk-limiting audit conducted pursuant to § 24.2-671.2*. Written directions to the location of any room other than the clerk's or general registrar's office where the board will meet shall be posted at the doors of the clerk's and general registrar's offices prior to the beginning of the meeting.

The board shall open the returns delivered by the officers.

If the electoral board has exercised the option provided by § 24.2-668 for delivery of the election materials to the office of the general registrar on the night of the election, the electoral board shall meet at the office of the general registrar at or before 5:00 p.m. on the day after any election.

The board shall ascertain from the returns the total votes in the county or city, or town in a town election, for each candidate and for and against each question and complete the abstract of votes cast at such election, as provided for in § 24.2-675. For any office in which no person was elected by write-in votes, and for which the total number of write-in votes for that office is less than (i) 10 percent of the total number of votes cast for that office and (ii) the total number of votes cast for the candidate receiving the most votes, the electoral board shall ascertain the total votes for each write-in candidate for the office within one week following the election. For offices for which the electoral board issues the certificate of election, the result so ascertained, signed and attested, shall be conclusive and shall not thereafter be subject to challenge except as specifically provided in Chapter 8 (§ 24.2-800 et seq.).

Once the result is so ascertained, the secretary of the electoral board shall deliver one copy of each statement of results to the general registrar to be available for inspection when his office is open for business. The secretary shall then return all pollbooks, any printed inspection and return sheets, and one copy of each statement of results to the clerk.

Beginning with the general election in November 2007, a report of any changes made by the local electoral board to the unofficial results ascertained by the officers of election or any subsequent change to the official abstract of votes made by the local electoral board shall be forwarded to the State Board of Elections and the explanation of such change shall be posted on the State Board website.

Each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have representatives present when the local electoral board meets to ascertain the results of the election. Each such party and candidate shall be entitled to have at least as many representatives present as there are teams of officials working to ascertain the results, and the room in which the local electoral board meets shall be of sufficient size and configuration to allow the representatives reasonable access and proximity to view the ballots as the teams of officials work to ascertain the results. The representatives and observers lawfully present shall be prohibited from interfering with the officials in any way. It is unlawful for any person to knowingly possess any firearm as defined in § 18.2-308.2:2 within 40 feet of any building, or part thereof, used as a meeting place for the local electoral board while the electoral board meets to ascertain the results of an election, unless such person is (a) any law-enforcement officer or any retired law-enforcement officer qualified pursuant to subsection C of § 18.2-308.016; (b) occupying his own private property that falls within 40 feet of a polling place; or (c) an armed security officer, licensed pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1, whose employment or performance of his duties occurs within 40 feet of any building, or part thereof, used as a meeting place for the local electoral board while the electoral board meets to ascertain the results of an election.

§ 24.2-671.2. Risk-limiting audits.

A. For the purposes of this section:

"Contested race" means an election for an office where more names appear on the ballot than there are vacancies to be filled or a statewide referendum or proposed constitutional amendment.

"Risk limit" means the largest probability that the risk-limiting audit will fail to correct an election outcome that differs from the outcome that would be found by a full manual tabulation of the votes on all ballots cast in the contested race.

"Risk-limiting audit" means an audit protocol conducted after an election and prior to the certification of the election results with a pre-specified minimum probability of requiring a full hand count of votes cast if the outcome reported by the voting system differs from the outcome that would be found by a full hand count of the votes in a contested race. A "risk-limiting audit" requires a hand count of randomly sampled printed ballots that continues until there is either strong statistical evidence that the reported outcome is correct or, in the absence of such evidence, a full hand count of all ballots cast in the contested race that determines the outcome.

B. Risk-limiting audits conducted pursuant to this section shall be performed by the local electoral boards and general registrars under the supervision of the Department and in accordance with the procedures prescribed by the State Board, including:

- 1. Processes for randomly selecting contested races and determining the risk limit.*
- 2. Procedures for preparing for a risk-limiting audit, including guidelines for organizing ballots, selecting venues, and securing appropriate materials by local electoral boards and general registrars.*
- 3. Procedures for ballot custody, accounting, security, and written record retention that ensure that the collection of cast ballots from which samples are drawn is complete and accurate throughout the audit.*
- 4. Procedures for hand counting of the audited ballots.*
- 5. Processes and methods for conducting the risk-limiting audit.*
- 6. Procedures for ensuring transparency and understanding of the process by participants and the public, including guidelines for direct observation by members of the public, representatives of the candidates involved in the risk-limiting audit, and representatives of the political parties.*

C. The Department shall provide that the following risk-limiting audits be conducted:

- 1. In the year of a general election for members of the United States House of Representatives, a risk-limiting audit of at least one randomly selected contested race for such office;*
- 2. In the year of a general election for members of the General Assembly, a risk-limiting audit of at least one randomly selected contested race for such office;*
- 3. In any year in which there is not a general election for a statewide office, a risk-limiting audit of at least one randomly selected contested race for a local office, including constitutional offices, for which certification by the State Board is required under § 24.2-680; and*
- 4. In any year, any other risk-limiting audit of a contested race that is necessary to ensure that each locality participates in a risk-limiting audit of an office within its jurisdiction at least once every five years or that the State Board finds appropriate. Such audits must be approved by at least a two-thirds majority vote of all members of the Board.*

D. A local electoral board may request that the State Board approve the conduct of a risk-limiting audit for a contested race within the local electoral board's jurisdiction. The state board shall promulgate regulations for submitting such requests. The State Board shall grant an extension of the local electoral board's certification deadline under § 24.2-671 as necessary to accommodate the conduct of a risk-limiting audit conducted pursuant to this subsection. The Department may count a risk-limiting audit conducted pursuant to this subsection toward the requirement in subdivision C 4.

E. Notwithstanding the provisions of subsections C and D, no contested race shall be selected to receive a risk-limiting audit if the tabulation of the unofficial result for the contested race shows a difference of not more than one percent of the total vote cast for the top two candidates.

F. Upon the tabulation of the unofficial results of an election, the State Board shall determine, in accordance with subsection C, all the contested races for that election that will receive a risk-limiting audit and shall set the risk limit to be applied in such audits. As soon as practicable after selection of the contests to be audited, the Department shall publish a notice of the contested races in accordance with the requirements for public meetings in § 2.2-3707. The Department shall provide support to local electoral boards and general registrars in preparing to hold the risk-limiting audits.

G. The local electoral board and general registrar shall conduct a risk-limiting audit within their jurisdiction at the date, time, and location noticed by the Department. At least one member of the local electoral board representing each party shall participate in the risk-limiting audit and be present for the duration of the risk-limiting audit when ballots are being selected and counted and calculations are being made. All risk-limiting audits shall be conducted in a place and manner that is open to the public. At the conclusion of a risk-limiting audit, all audit materials, including ballots and any records generated during the course of the audit, shall be delivered to the clerk of the circuit court and retained as election materials pursuant to § 24.2-668.

H. The local electoral board in coordination with the general registrar shall promptly report the results of a risk-limiting audit of any contested races subject to § 24.2-680 in their jurisdiction to the Department. The results of any risk-limiting audit for a local contested race shall also be retained by the local electoral board. At the conclusion of each risk-limiting audit requiring certification by the State Board, the Department shall submit to the State Board a report, which shall include all data generated by the risk-limiting audit and all information required to confirm that the risk-limiting audit was conducted in accordance with the procedures adopted by the State Board. The Department shall publish the results of all risk-limiting audits pursuant to this section on the Department's website.

I. If a risk-limiting audit of a contested race escalates to a full hand count, the results of the hand count shall be used to certify the election in lieu of the tabulation of the unofficial results obtained prior to the conduct of the risk-limiting audit. A full hand count conducted pursuant to this section shall not be construed as a recount under Chapter 8 (§ 24.2-800 et seq.). Nothing in this section shall be construed to limit the rights of a candidate under Chapter 8.

§ 24.2-679. State Board to meet and make statement as to number of votes.

A. The State Board shall meet ~~on~~ by the ~~third~~ first Monday in ~~November~~ December to ascertain the results of the November election. If a majority of the Board is not present or if, for any other reason, the Board is unable to ascertain the results on that day, the meeting shall stand adjourned from day to day for not more than three days until a quorum is present and the Board has ascertained the results as provided in this section.

The Board shall examine the certified abstracts on file in its office and make statements of the whole number of votes given at any such election for members of the General Assembly, Governor, Lieutenant Governor and Attorney General, members of the United States Congress and electors of President and Vice President of the United States, and any officer shared by more than one county or city, or any combination thereof, or for so many of such officers as have been voted for at the election.

The statement shall show, for each office and each county, city, and election district, the whole number of votes given to each candidate and to any other person elected to office. The Board members shall certify the statements to be correct and sign the statements. The Board shall then determine those persons who received the greatest number of votes and have been duly elected to each office. The Board members shall endorse and subscribe on such statements a certificate of their determination. The Board shall record each certified statement and determination in a suitable book to be kept by it in its office.

B. The State Board shall meet as soon as possible after it receives the returns for any special election held at a time other than the November general election to ascertain the results of the special election in the manner prescribed in subsection A. If the returns have not been received within seven days of the election, the Board shall meet and adjourn from day to day until it receives the returns, ascertains the results, and makes its determination.

2. That the provisions of subdivisions C 2 and 4 of § 24.2-671.2 of the Code of Virginia, as created by this act, shall become effective on July 1, 2023.

3. That the provisions of subdivision C 3 of § 24.2-671.2 of the Code of Virginia, as created by this act, shall become effective on July 1, 2024.

4. That, notwithstanding the provisions of subsection F of § 24.2-671.2 of the Code of Virginia, as created by this act, the risk limit for all risk-limiting audits conducted pursuant to that subsection shall be at least 10 percent.

5. That the Department of Elections shall convene a work group to consider and propose a process and timeline for implementing risk-limiting audits of statewide contests. The work group shall include such persons determined by the Department of Elections as necessary or appropriate. The work group shall organize no later than July 31, 2022, and shall complete its work no later than October 31, 2022. If recommending any specific policies or legislative proposals, the work group, through the Commissioner of Elections, shall communicate such recommendations to the Chairmen of the House and Senate Committees on Privileges and Elections by November 15, 2022.

6. That § 24.2-671.1 of the Code of Virginia is repealed.

CHAPTER 444

An Act to amend and reenact §§ 24.2-669, 24.2-671, and 24.2-679 of the Code of Virginia; to amend the Code of Virginia by adding a section numbered 24.2-671.2; and to repeal § 24.2-671.1 of the Code of Virginia, relating to elections; conduct of election; election results; risk-limiting audits.

[S 370]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-669, 24.2-671, and 24.2-679 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-671.2 as follows:

§ 24.2-669. Clerk to keep ballots; inspection; destruction.

The clerk to whom the counted and uncounted ballots are delivered shall, without breaking the seal, deposit them in a secure place in his office, where they shall be kept for the time required by this section. He shall not allow the ballots to be inspected except (i) by an authorized representative of the State Board or by the electoral board at the direction of the State Board to ensure the accuracy of the returns or the purity of the election, (ii) by the officers of election, and then only at the direction of the electoral board in accordance with § 24.2-672 when the provisions of § 24.2-662 have not been followed, (iii) on the order of a court before which there is pending a proceeding for a contest or recount under Chapter 8 (§ 24.2-800 et seq.) of this title or before whom there is then pending a proceeding in which the ballots are necessary for use in evidence, or (iv) for the purpose of conducting ~~an a risk-limiting audit as part of a post-election pilot program~~ pursuant to § ~~24.2-671.1~~ 24.2-671.2. In the event that ballots are inspected under clause (i), (ii), or (iv) of this paragraph, each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have a representative present during such inspection. The representatives and observers lawfully present shall be prohibited from interfering with the officers of election in any way. The State Board or local electoral board shall provide such parties and candidates reasonable advance notice of the inspection.

After the counted ballots for a federal election have remained in the clerk's office for two years, if no election contest or other proceeding is pending in which such ballots may be needed as evidence, the clerk shall destroy such ballots. After the counted ballots for any other election have remained in the clerk's office for one year, if no election contest or other proceeding is pending in which such ballots may be needed as evidence, the clerk shall destroy such ballots. After the unused ballots have remained in the clerk's office and the time has expired for initiating a recount, contest, or other proceeding in which such ballots may be needed as evidence and no such contest or proceeding is pending, the clerk may then destroy the unused ballots other than punchcard ballots, which shall be returned to the electoral board.

§ 24.2-671. Electoral board to meet and ascertain results; conclusiveness of results.

Each electoral board shall meet at the clerk's or general registrar's office of the county or city for which they are appointed at or before 5:00 p.m. on the day after any election. The board may adjourn to another room of sufficient size in a public building to ascertain the results, and may adjourn as needed, not to exceed seven calendar days from the date of the election *unless an extension has been granted to accommodate a risk-limiting audit conducted pursuant to § 24.2-671.2*. Written directions to the location of any room other than the clerk's or general registrar's office where the board will meet shall be posted at the doors of the clerk's and general registrar's offices prior to the beginning of the meeting.

The board shall open the returns delivered by the officers.

If the electoral board has exercised the option provided by § 24.2-668 for delivery of the election materials to the office of the general registrar on the night of the election, the electoral board shall meet at the office of the general registrar at or before 5:00 p.m. on the day after any election.

The board shall ascertain from the returns the total votes in the county or city, or town in a town election, for each candidate and for and against each question and complete the abstract of votes cast at such election, as provided for in § 24.2-675. For any office in which no person was elected by write-in votes, and for which the total number of write-in votes for that office is less than (i) 10 percent of the total number of votes cast for that office and (ii) the total number of votes cast for the candidate receiving the most votes, the electoral board shall ascertain the total votes for each write-in candidate for the office within one week following the election. For offices for which the electoral board issues the certificate of election, the result so ascertained, signed and attested, shall be conclusive and shall not thereafter be subject to challenge except as specifically provided in Chapter 8 (§ 24.2-800 et seq.).

Once the result is so ascertained, the secretary of the electoral board shall deliver one copy of each statement of results to the general registrar to be available for inspection when his office is open for business. The secretary shall then return all pollbooks, any printed inspection and return sheets, and one copy of each statement of results to the clerk.

Beginning with the general election in November 2007, a report of any changes made by the local electoral board to the unofficial results ascertained by the officers of election or any subsequent change to the official abstract of votes made by the local electoral board shall be forwarded to the State Board of Elections and the explanation of such change shall be posted on the State Board website.

Each political party and each independent candidate on the ballot, or each primary candidate, shall be entitled to have representatives present when the local electoral board meets to ascertain the results of the election. Each such party and candidate shall be entitled to have at least as many representatives present as there are teams of officials working to

ascertain the results, and the room in which the local electoral board meets shall be of sufficient size and configuration to allow the representatives reasonable access and proximity to view the ballots as the teams of officials work to ascertain the results. The representatives and observers lawfully present shall be prohibited from interfering with the officials in any way. It is unlawful for any person to knowingly possess any firearm as defined in § 18.2-308.2:2 within 40 feet of any building, or part thereof, used as a meeting place for the local electoral board while the electoral board meets to ascertain the results of an election, unless such person is (a) any law-enforcement officer or any retired law-enforcement officer qualified pursuant to subsection C of § 18.2-308.016; (b) occupying his own private property that falls within 40 feet of a polling place; or (c) an armed security officer, licensed pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1, whose employment or performance of his duties occurs within 40 feet of any building, or part thereof, used as a meeting place for the local electoral board while the electoral board meets to ascertain the results of an election.

§ 24.2-671.2. Risk-limiting audits.

A. For the purposes of this section:

"Contested race" means an election for an office where more names appear on the ballot than there are vacancies to be filled or a statewide referendum or proposed constitutional amendment.

"Risk limit" means the largest probability that the risk-limiting audit will fail to correct an election outcome that differs from the outcome that would be found by a full manual tabulation of the votes on all ballots cast in the contested race.

A "risk-limiting audit" requires a hand count of randomly sampled printed ballots that continues until there is either strong statistical evidence that the reported outcome is correct or, in the absence of such evidence, a full hand count of all ballots cast in the contested race that determines the outcome.

B. Risk-limiting audits conducted pursuant to this section shall be performed by the local electoral boards and general registrars under the supervision of the Department and in accordance with the procedures prescribed by the State Board, including:

- 1. Processes for randomly selecting contested races and determining the risk limit.*
- 2. Procedures for preparing for a risk-limiting audit, including guidelines for organizing ballots, selecting venues, and securing appropriate materials by local electoral boards and general registrars.*

- 5. Processes and methods for conducting the risk-limiting audit.*
- 6. Procedures for ensuring transparency and understanding of the process by participants and the public, including guidelines for direct observation by members of the public, representatives of the candidates involved in the risk-limiting audit, and representatives of the political parties.*

- 1. In the year of a general election for members of the United States House of Representatives, a risk-limiting audit of at least one randomly selected contested race for such office;*
- 2. In the year of a general election for members of the General Assembly, a risk-limiting audit of at least one randomly selected contested race for such office;*
- 3. In any year in which there is not a general election for a statewide office, a risk-limiting audit of at least one randomly selected contested race for a local office, including constitutional offices, for which certification by the State Board is required under § 24.2-680; and*

4. In any year, any other risk-limiting audit of a contested race that is necessary to ensure that each locality participates in a risk-limiting audit of an office within its jurisdiction at least once every five years or that the State Board finds appropriate. Such audits must be approved by at least a two-thirds majority vote of all members of the Board.

D. A local electoral board may request that the State Board approve the conduct of a risk-limiting audit for a contested race within the local electoral board's jurisdiction. The state board shall promulgate regulations for submitting such requests. The State Board shall grant an extension of the local electoral board's certification deadline under § 24.2-671 as necessary to accommodate the conduct of a risk-limiting audit conducted pursuant to this subsection. The Department may count a risk-limiting audit conducted pursuant to this subsection toward the requirement in subdivision C 4.

E. Notwithstanding the provisions of subsections C and D, no contested race shall be selected to receive a risk-limiting audit if the tabulation of the unofficial result for the contested race shows a difference of not more than one percent of the total vote cast for the top two candidates.

F. Upon the tabulation of the unofficial results of an election, the State Board shall determine, in accordance with subsection C, all the contested races for that election that will receive a risk-limiting audit and shall set the risk limit to be applied in such audits. H. The local electoral board in coordination with the general registrar shall promptly report the results of a risk-limiting audit of any contested races subject to § 24.2-680 in their jurisdiction to the Department. The results of any risk-limiting audit for a local contested race shall also be retained by the local electoral board. At the conclusion of each risk-limiting audit requiring certification by the State Board, the Department shall submit to the State Board a report, which shall include all data generated by the risk-limiting audit and all information required to confirm that the risk-limiting audit was conducted in accordance with the procedures adopted by the State Board. The Department shall publish the results of all risk-limiting audits pursuant to this section on the Department's website.

I. If a risk-limiting audit of a contested race escalates to a full hand count, the results of the hand count shall be used to certify the election in lieu of the tabulation of the unofficial results obtained prior to the conduct of the risk-limiting audit. A full hand count conducted pursuant to this section shall not be construed as a recount under Chapter 8 (§ 24.2-800 et seq.). Nothing in this section shall be construed to limit the rights of a candidate under Chapter 8.

§ 24.2-679. State Board to meet and make statement as to number of votes.

The Board shall then determine those persons who received the greatest number of votes and have been duly elected to each office. The Board members shall endorse and subscribe on such statements a certificate of their determination. The Board shall record each certified statement and determination in a suitable book to be kept by it in its office.

B. The State Board shall meet as soon as possible after it receives the returns for any special election held at a time other than the November general election to ascertain the results of the special election in the manner prescribed in subsection A. If the returns have not been received within seven days of the election, the Board shall meet and adjourn from day to day until it receives the returns, ascertains the results, and makes its determination.

[S 612]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-772 and 46.2-773 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-772. Highway use fee.

A. Except as provided in subsection C, there is hereby imposed an annual highway use fee on any motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697 that is an alternative fuel vehicle, an electric motor vehicle, or a fuel-efficient vehicle. If the vehicle is registered for a period of other than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. For an electric motor vehicle, the highway use fee shall be 85 percent of the amount of taxes paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth, as determined by the Commissioner. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of the difference between the tax paid under subsection A of § 58.1-2217 on the fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner, and the tax paid under subsection A of § 58.1-2217 on the fuel used by the vehicle being registered for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner.

For purposes of this chapter, the Commissioner shall use combined fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain the manufacturer's fuel economy for a vehicle, then the Commissioner shall use the final estimate of average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If data is not available for the model year of

the vehicle being registered, then the Commissioner shall use available data for the model year that is closest to the model year of the vehicle being registered.

The Commissioner shall update the fees calculated under this section by July 1 of each year.

C. This section shall not apply to:

1. An autocycle, moped, or motorcycle;
2. A vehicle with a gross weight over 10,000 pounds;
3. A vehicle that is owned by a governmental entity as defined in § 58.1-2201; or
4. A vehicle that is registered under the International Registration Plan.

A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

D. In any case where an applicant has requested and is eligible for a refund pursuant to § 46.2-688, the Commissioner shall refund to the applicant the cost of the highway use fee, prorated in six-month increments, if such application is made when six or more months remain in the registration period.

§ 46.2-773. Mileage-based user fee program.

A. There is hereby established a mileage-based user fee program. The program shall be a voluntary program that allows owners of vehicles subject to the highway use fee pursuant to § 46.2-772 to pay a mileage-based fee in lieu of the highway use fee. No owner of a motor vehicle registered in the Commonwealth shall be required to participate in the program established pursuant to this section.

B. In any year that an owner pays the fee set forth in this section, such owner shall not be subject to the fee set forth in § 46.2-772 for the same vehicle. In no case shall the fees paid pursuant to this section during a 12-month period exceed the annual highway use fee that would have otherwise been paid.

C. The fee schedule for the mileage-based user fee program shall be calculated by dividing the amount of the highway use fee as determined pursuant to subsection B of § 46.2-772 by the average number of miles traveled by a passenger vehicle in the Commonwealth to determine a fee per mile driven.

D. The Department shall establish procedures for the collection of the fees set forth in this section. Such procedures may limit the total number of participants during the first four years of the program.

E. The Department shall offer program participants the option to participate without location tracking.

F. Information collected by the Department and any other entity pursuant to this chapter shall be limited exclusively to that information necessary for the administration of the mileage-based user fee and shall be used solely for such purpose. Information collected shall not (i) be open to the public or subject to disclosure pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.); (ii) be sold for sales, solicitation, or marketing purposes; or (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid mileage-based user fees or to the owner of a vehicle as part of the owner's challenge to the imposition of a mileage-based user fee.

2. That the Commissioner of the Department of Motor Vehicles shall establish a process to issue a refund of the highway use fee, without interest, pursuant to subsection D of § 46.2-772 of the Code of Virginia, as amended by this act, if a refund was made for a vehicle pursuant to § 46.2-688 of the Code of Virginia on or after July 1, 2020, and such vehicle would have met the conditions set out in subsection D of § 46.2-772 of the Code of Virginia, as amended by this act.

CHAPTER 447

An Act to amend and reenact § 20-79.3 of the Code of Virginia, relating to support order; income withholding order; employer fees.

[H 808]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 20-79.3 of the Code of Virginia is amended and reenacted as follows:

§ 20-79.3. Information required in income deduction order.

A. For the purposes of this section, the terms "employee," "employer," "income," and "independent contractor" shall have the same meanings ascribed to them in § 63.2-1900.

B. Orders for withholding from the income of an employee or independent contractor shall state and include the following:

1. The name and correct social security number of the obligor and the name and correct address of the payee;
2. That the employer shall withhold and pay out of the disposable income as defined in § 63.2-100, a single monetary amount or the maximum amount permitted under § 34-29, whichever is less, for each regular pay period of the obligor and such payment may be by check. If the employee is an independent contractor, then the order shall state that the employer shall withhold and pay out of the obligor's income a single monetary amount or the maximum amount permitted under § 34-29, whichever is less, for each instance of compensation of the obligor, once the aggregate amount of remuneration reaches \$600 or more in a calendar year, and such payment may be by check;

3. That the income deduction shall begin with the next regular pay period of the obligor following service of the order on the employer, and payment shall be made at regular intervals consistent with the pay periods of the obligor, or, if the obligor is an independent contractor, the order shall begin with the next instance of compensation of the obligor, and payment shall be made at each instance of compensation of the obligor;

4. A statement of the maximum percentage under § 34-29 that may be withheld from the obligor's disposable income;

5. That, to the extent required by the provisions for health care coverage contained in the order, the employer shall (i) enroll the employee, the employee's spouse or former spouse, and the employee's dependent children listed in the order as covered persons in a group health insurance plan or other similar plan providing health care services or coverage offered by the employer, without regard to enrollment season restrictions, if the subject spouse, former spouse, or children are eligible for such coverage under the employer's enrollment provisions and (ii) deduct any required premiums from the employee's income to pay for the insurance. If more than one plan is offered by the employer, the spouse, former spouse, or children shall be enrolled prospectively in the insurance plan in which the employee is enrolled or, if the employee is not enrolled, in the least costly plan otherwise available. The employer shall also enroll the children of an employee in the appropriate health coverage plan upon application by the children's other parent or legal guardian or upon application by the Department of Medical Assistance Services. In each case that is being enforced by the Department of Social Services, the employer shall respond to such orders by advising the Department in which plan the children are enrolled or if the children are ineligible for any plan through the employer. The order to the employer shall specify either support withholdings or insurance premium deductions as having priority for the duration of the order in the event the maximum total deduction permitted at any time by § 34-29 is insufficient to fully cover both; the employer shall consider and direct insurance premium deductions and support withholdings the same for purposes of § 34-29. The employer shall not be held liable for any medical expenses incurred on behalf of the spouse, former spouse, or dependent children because of the employer's failure to enroll the spouse, former spouse, or dependent children in a health care plan after being directed to do so by a court or the Department. The employer shall not be obligated to subsequently make or change such enrollment if the group health insurance plan or other factors change after the spouse's, former spouse's, or child's eligibility or ineligibility for coverage is initially determined in response to the order for withholding. However, the employer shall not disenroll such children unless the employer (i) is provided satisfactory written evidence that such court or administrative order is no longer in effect, (ii) is provided satisfactory written evidence that the children are or will be enrolled in a comparable health coverage plan that will take effect not later than the effective date of such disenrollment, or (iii) has eliminated family health coverage for all of its employees. A one-time fee of no more than \$5 may be charged by the employer to the employee for the administration of this requirement;

6. That a fee of *up to a maximum of* \$5 for each reply or remittance on account of the obligor may be charged by the employer and withheld from the obligor's income in addition to the support amount to be withheld; however, child support withholding amounts collected from unemployment insurance benefits shall not be subject to this fee;

7. That the order is binding upon the employer and obligor and withholding is to continue until further notice by order of the court or the Department is served, or the obligor is no longer employed, whichever occurs first;

8. That the order shall have priority over any other types of liens created by state law against such income, except that if there is more than one court or administrative order for withholding for support against an obligor, the employer shall prorate among the orders based upon the current amounts due pursuant to more than one judicial or administrative order or a combination thereof, with any remaining amounts prorated among the accrued arrearages, if any, to the extent that the amounts withheld, when combined, do not exceed the maximum limits imposed under § 34-29 as specified in the order being honored;

9. That the obligor's rights are protected pursuant to § 63.2-1944 and that no employer shall discharge any employee, take disciplinary action against an employee, or terminate a contract with or refuse to employ a person by reason of the fact that his income has been made subject to a deduction pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 or § 20-79.1 or 20-79.2 and an employer who discharges or takes disciplinary action against an employee or terminates a contract with or refuses to employ any person because of an order for withholding under these sections shall be liable for a civil fine of not more than \$1,000;

10. The address to which the withholding is to be sent at the Department of Social Services and the case number, if available;

11. That the employer shall be liable for payments that he fails to withhold or mail as specified in the order;

12. That employers shall remit payments on each regular pay date of the obligor, or instance of compensation if the obligor is an independent contractor, or, if electronic funds transfer is used, within four days of the pay date, directly to the Division of Child Support Enforcement for disbursement. All employers with at least 100 employees and all payroll processing firms with at least 50 clients shall remit payments by electronic funds transfer;

13. That the employer shall be deemed to have complied with the order by (i) mailing on each regular pay date of the obligor, or instance of compensation if the obligor is an independent contractor, to the Department, by first-class mail, any amount required to be deducted or (ii) submitting such amounts by electronic funds transfer transmitted within four days of the obligor's regular pay date or instance of compensation;

14. That the employer and obligor shall notify the Department promptly when the obligor terminates employment and shall provide the last known address of the obligor and name and address of the new employer, if known;

15. That amounts withheld from multiple employees identified as such by (i) amount, (ii) name, (iii) social security number, (iv) case number if provided in the order, and (v) date payment was withheld from obligor's income may be combined into a single payment when payable to the same payee;

16. No order or directive shall require employers of 10,000 or more employees to make payments other than by combined single payment to the Department's central office in Richmond, without the employer's express written consent, unless the order is from a support enforcement agency outside the Commonwealth;

17. Payment pursuant to an order issued under this section shall serve as full acquittance of the employer under any contract of employment;

18. Notice that any employer who fails to timely withhold payments pursuant to this section shall be liable for any amount not timely withheld;

19. That the employer shall provide to the employee or independent contractor a copy of the withholding order and the notice to the employee sent by the court.

C. If the employer receives an order that (i) does not contain the obligor's correct social security number, (ii) does not specify a single monetary amount to be withheld per regular pay period interval of the obligor, unless the obligor is an independent contractor or the order is for lump sum withholding, (iii) does not state the maximum percentage that may be withheld pursuant to § 34-29, (iv) contains information that is in conflict with the employer's current payroll records, or (v) orders payment to an entity other than to the Department of Social Services or the Department's designee, the employer may deposit in the mail or otherwise file a reply to that effect within five business days from service of such order. The order shall be void from transmission or filing of such reply unless the court or the Department, as applicable, finds that the reply is materially false. In addition, an employer of 10,000 or more persons may also file a reply, with like effect, if payment is ordered other than by combined single payment in the case of withholdings from multiple employees to the Department's central office in Richmond, without the employer's express written consent, unless the order is from a support enforcement agency outside the Commonwealth.

§ 19.2-11.8. Submission of physical evidence recovery kits to the Department.

A. A law-enforcement agency that receives a physical evidence recovery kit shall submit the physical evidence recovery kit to the Department for analysis within 60 days of receipt, except under the following circumstances: (i) it is an anonymous physical evidence recovery kit that shall be forwarded to the Division for storage; (ii) the physical evidence recovery kit was collected by the Office of the Chief Medical Examiner as part of a routine death investigation, and the medical examiner and the law-enforcement agency agree that analysis is not warranted; (iii) the physical evidence recovery kit is connected to an offense that occurred outside of the Commonwealth; (iv) the physical evidence recovery kit was determined by the law-enforcement agency not to be connected to a criminal offense; or (v) another law-enforcement agency has taken over responsibility for the investigation related to the physical evidence recovery kit. *When a state or local law-enforcement agency located within the Commonwealth has taken over responsibility for the investigation related to the physical evidence recovery kit as provided in clause (v), unless one of the exceptions in clause (i) through (iv) also applies, the physical evidence recovery kit shall be transferred to such law-enforcement agency and such law-enforcement agency shall submit the physical evidence recovery kit to the Department within 60 days of receipt from the original receiving law-enforcement agency.*

A good faith attempt to locate the victim, a parent or guardian of a minor victim, or the next of kin of a deceased victim shall be made if a current address for the victim, a parent or guardian of a minor victim, or the next of kin of a deceased victim is unavailable.

C. The victim, parent, guardian, or next of kin who requests to be notified under subsection A shall provide a current address and telephone number to the attorney for the Commonwealth and to the law-enforcement agency that is investigating the offense and keep such information updated.

The victim, parent, guardian, or next of kin who requests to be notified under subsection B may provide a current address and telephone number to the attorney for the Commonwealth and to the law-enforcement agency that is investigating the offense and keep such information updated.

The police departments of the cities of the Commonwealth, and the police departments or sheriffs of the counties, as the case may be, shall keep separate records as to violations of law other than violations of motor vehicle laws committed by juveniles. Such records with respect to such juvenile shall not be open to public inspection nor their contents disclosed to the public unless a juvenile 14 years of age or older is charged with a violent juvenile felony as specified in subsections B and C of § 16.1-269.1.

B. Notwithstanding any other provision of law, the chief of police or sheriff of a jurisdiction or his designee may disclose, for the protection of the juvenile, his fellow students and school personnel, to the school principal that a juvenile is a suspect in or has been charged with (i) a violent juvenile felony, as specified in subsections B and C of § 16.1-269.1; (ii) a violation of any of the provisions of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2; or (iii) a violation of law involving any weapon as described in subsection A of § 18.2-308. 7. As provided in §§ 19.2-389.1 and 19.2-390.

D. The police departments of the cities and towns and the police departments or sheriffs of the counties may release, upon request to one another and to state and federal law-enforcement agencies, and to law-enforcement agencies in other states, current information on juvenile arrests. The information exchanged shall be used by the receiving agency for current

investigation purposes only and shall not result in the creation of new files or records on individual juveniles on the part of the receiving agency.

E. Upon request, the police departments of the cities and towns and the police departments or sheriffs of the counties may release current information on juvenile arrests or juvenile victims to the Virginia Workers' Compensation Commission solely for purposes of determining whether to make an award to the victim of a crime, and such information shall not be disseminated or used by the Commission for any other purpose than provided in § 19.2-368.3.

In addition to any other disclosure that is permitted by this subsection, the principal in his discretion may provide such information to a threat assessment team established by the local school division. No member of a threat assessment team shall (a) disclose any juvenile record information obtained pursuant to this section or (b) use such information for any purpose other than evaluating threats to students and school personnel. For the purposes of this subsection, "principal" also refers to the chief administrator of any private primary or secondary school.

C. Inspection of law-enforcement records concerning juveniles shall be permitted only by the following:

1. A court having the juvenile currently before it in any proceeding;
2. The officers of public and nongovernmental institutions or agencies to which the juvenile is currently committed, and those responsible for his supervision after release;
3. Any other person, agency, or institution, by order of the court, having a legitimate interest in the case or in the work of the law-enforcement agency;
4. Law-enforcement officers of other jurisdictions, by order of the court, when necessary for the discharge of their current official duties;
5. The probation and other professional staff of a court in which the juvenile is subsequently convicted of a criminal offense for the purpose of a presentence report or other dispositional proceedings, or by officials of penal institutions and

other penal facilities to which he is committed, or by a parole board in considering his parole or discharge or in exercising supervision over him;

6. The juvenile, *the parent, guardian, or other custodian of the juvenile*, and counsel for the juvenile ~~by order of the court~~ only if (i) no other law or rule of the Supreme Court of Virginia requires or allows withholding of the record; (ii) the parent, guardian, or other custodian requesting the record is not a suspect, offender, or person of interest in the record; and (iii) any identifying information of any other involved juveniles is redacted; and

7. As provided in §§ 19.2-389.1 and 19.2-390.

D. The police departments of the cities and towns and the police departments or sheriffs of the counties may release, upon request to one another and to state and federal law-enforcement agencies, and to law-enforcement agencies in other states, current information on juvenile arrests. The information exchanged shall be used by the receiving agency for current investigation purposes only and shall not result in the creation of new files or records on individual juveniles on the part of the receiving agency.

E. Upon request, the police departments of the cities and towns and the police departments or sheriffs of the counties may release current information on juvenile arrests or juvenile victims to the Virginia Workers' Compensation Commission solely for purposes of determining whether to make an award to the victim of a crime, and such information shall not be disseminated or used by the Commission for any other purpose than provided in § 19.2-368.3.

F. Nothing in this section shall prohibit the exchange of other criminal investigative or intelligence information among law-enforcement agencies.

G. Nothing in this section shall prohibit the disclosure of law-enforcement records concerning a juvenile to a court services unit-authorized diversion program in accordance with this chapter, which includes programs authorized by subdivision 1 of § 16.1-227 and § 16.1-260. Such records shall not be further disclosed by the authorized diversion program or any participants therein. Law-enforcement officers may prohibit a disclosure to such a program to protect a criminal investigation or intelligence information.

H. *Nothing in this section shall prohibit the disclosure of accident reports and other reports required to be made to the Department of Motor Vehicles pursuant to § 46.2-374 involving a juvenile even if such reports are in the custody of a law-enforcement agency or were created by a law-enforcement officer.*

1. That §§ 46.2-1029.2 and 46.2-1030 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1029.2. Certain vehicles may be equipped with secondary warning lights.

A. *For purposes of this section, "traffic incident management vehicle" means any vehicle operating en route to or at the scene of a traffic accident or similar emergency that affects the travel lanes of a highway, provided that such vehicle is a (i) Department of Transportation vehicle operated by an incident management coordinator or (ii) vehicle operated pursuant to the Department of Transportation safety service patrol program or a contract with the Department of Transportation that includes traffic incident management services as defined in § 46.2-920.1. The provisions of § 46.2-920 shall not apply to the operation of such traffic incident management vehicle.*

B. In addition to other lights authorized by this article, any (i) fire apparatus, (ii) government-owned vehicle operated on official business by a local fire chief or other local fire official, ~~and~~ (iii) emergency medical services vehicle, or (iv) *traffic incident management vehicle* may be equipped with alternating, blinking, or flashing red or red and white secondary warning lights mounted inside the vehicle's taillights, *headlights*, or marker lights of a type approved by the Superintendent of State Police.

C. *In order to operate a traffic incident management vehicle with lighted warning lights pursuant to this section, a traffic incident management vehicle operator shall be required to (i) complete an initial emergency vehicle operators course from an approved course list prepared by the Department of Fire Programs, the Office of Emergency Medical Services, or an equivalent agency and (ii) recertify as an emergency vehicle operator every two years.*

§ 46.2-1030. When lights to be lighted; number of lights to be lighted at any time; use of warning lights.

A. Every vehicle in operation on a highway in the Commonwealth shall display lighted headlights and illuminating devices as required by this article (i) from sunset to sunrise; (ii) during any other time when, because of rain, smoke, fog, snow, sleet, insufficient light, or other unfavorable atmospheric conditions, visibility is reduced to a degree whereby persons or vehicles on the highway are not clearly discernible at a distance of 500 feet; and (iii) whenever windshield wipers are in use as a result of fog, rain, sleet, or snow. The provisions of this subsection, however, shall not apply to instances when windshield wipers are used intermittently in misting rain, sleet, or snow.

B. Not more than four lights used to provide general illumination ahead of the vehicle, including at least two headlights and any other combination of fog lights or other auxiliary lights approved by the Superintendent, shall be lighted at any

time. However, motorcycles may be equipped with and use not more than five approved lights in order to provide general illumination ahead of the motorcycle. These limitations shall not preclude the display of warning lights authorized in §§ 46.2-1020 through 46.2-1027, or other lights as may be authorized by the Superintendent.

C. Vehicles equipped with warning lights authorized in §§ 46.2-1020 through 46.2-1027 shall display lighted warning lights as authorized in such sections at all times when responding to emergency calls, *responding to traffic incidents*, towing disabled vehicles, or constructing, repairing, and maintaining public highways or utilities on or along public highways, except that amber lights on vehicles designed with a ramp on wheels and a hydraulic lift with a capacity to haul or tow another vehicle, commonly referred to as "rollbacks," need not be lit while the vehicle is in motion unless it is actually towing a vehicle.

D. The failure to display lighted headlights and illuminating devices under the conditions set forth in clause (iii) of subsection A shall not constitute negligence per se, nor shall violation of clause (iii) of subsection A constitute a defense to any claim for personal injury or recovery of medical expenses for injuries sustained in a motor vehicle accident.

E. No demerit points shall be assessed for failure to display lighted headlights and illuminating devices during periods of fog, rain, sleet, or snow in violation of clause (iii) of subsection A.

F. No citation for a violation of clause (iii) of subsection A shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute. No law-enforcement officer shall stop a motor vehicle for a violation of this section, except that a law-enforcement officer may stop a vehicle if it displays no lighted headlights during the time periods set forth in subsection A. No evidence discovered or obtained as the result of a stop in violation of this subsection, including evidence discovered or obtained with the operator's consent, shall be admissible in any trial, hearing, or other proceeding.

§ 40.1-29. Time and medium of payment; withholding wages; written statement of earnings; agreement for forfeiture of wages; proceedings to enforce compliance; penalties.

A. All employers operating a business or engaging an individual to perform domestic service shall establish regular pay periods and rates of pay for employees except executive personnel. All such employers shall pay salaried employees at least once each month and employees paid on an hourly rate at least once every two weeks or twice in each month, except that (i) a student who is currently enrolled in a work-study program or its equivalent administered by any secondary school, institution of higher education, or trade school, and (ii) employees whose weekly wages total more than 150 percent of the average weekly wage of the Commonwealth as defined in § 65.2-500, upon agreement by each affected employee, may be paid once each month if the institution or employer so chooses. Upon termination of employment an employee shall be paid all wages or salaries due him for work performed prior thereto; such payment shall be made on or before the date on which he would have been paid for such work had his employment not been terminated.

B. Payment of wages or salaries shall be (i) in lawful money of the United States, (ii) by check payable at face value upon demand in lawful money of the United States, (iii) by electronic automated fund transfer in lawful money of the United States into an account in the name of the employee at a financial institution designated by the employee, or (iv) by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds with full written disclosure by the employer of any applicable fees and affirmative consent thereto by the employee. However, an employer that elects not to pay wages or salaries in accordance with clause (i) or (ii) to an employee who is hired after January 1, 2010, shall be permitted to pay wages or salaries by credit to a prepaid debit card or card account in accordance with clause (iv), even though such employee has not affirmatively consented thereto, if the employee fails to designate an account at a financial institution in accordance with clause (iii) and the employer arranges for such card or card account to be issued through a network system through which the employee shall have the ability to make at least one free withdrawal or transfer per pay period, which withdrawal may be for any sum in such card or card account as the employee may elect, using such card or card account at financial institutions participating in such network system.

C. No employer shall withhold any part of the wages or salaries of any employee except for payroll, wage or withholding taxes or in accordance with law, without the written and signed authorization of the employee. On each regular

pay date, each employer, other than an employer engaged in agricultural employment including agribusiness and forestry, shall provide to each employee a written statement, by a paystub or online accounting, that shows the name and address of the employer; the number of hours worked during the pay period if the employee is paid on the basis of (i) the number of hours worked or (ii) a salary that is less than the standard salary level adopted by regulation of the U.S. Department of Labor pursuant to § 13(a)(1) of the federal Fair Labor Standards Act, 29 U.S.C. § 213(a)(1), as amended, establishing an exemption from the Act's overtime premium pay requirements; the rate of pay; the gross wages earned by the employee during the pay period; and the amount and purpose of any deductions therefrom. An employer engaged in agricultural employment including agribusiness and forestry, upon request of its employee, shall furnish the employee a written statement of the gross wages earned by the employee during any pay period and the amount and purpose of any deductions therefrom.

D. No employer shall require any employee, except executive personnel, to sign any contract or agreement which provides for the forfeiture of the employee's wages for time worked as a condition of employment or the continuance therein, except as otherwise provided by law.

E. An employer who willfully and with intent to defraud fails or refuses to pay wages in accordance with this section or § ~~40.1-29.2~~ 40.1-29.3, unless the failure to pay was because of a bona fide dispute between the employer and its employee:

1. To an employee or employees is guilty of a Class 1 misdemeanor if the value of the wages earned and not paid by the employer is less than \$10,000; and

2. To an employee or employees is guilty of a Class 6 felony (i) if the value of the wages earned and not paid is \$10,000 or more or (ii) regardless of the value of the wages earned and not paid, if the conviction is a second or subsequent conviction under this section or § ~~40.1-29.2~~ 40.1-29.3.

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section and § ~~40.1-29.2~~ 40.1-29.3.

F. The Commissioner may require a written complaint of the violation of this section or § ~~40.1-29.2~~ and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section or § ~~40.1-29.2~~, and to collect any moneys unlawfully withheld from such employee that shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess attorney fees of one-third of the amount set forth in the final order or judgment.

G. In addition to being subject to any other penalty provided by the provisions of this section, any employer who fails to make payment of wages in accordance with subsection A or § ~~40.1-29.2~~ shall be liable for the payment of all wages due, and an additional equal amount as liquidated damages, plus interest at an annual rate of eight percent accruing from the date the wages were due.

H. Any employer who knowingly fails to make payment of wages in accordance with subsection A or § ~~40.1-29.2~~ 40.1-29.3 shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that the Commissioner alleges has violated any provision of this section or § ~~40.1-29.2~~ 40.1-29.3 by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

I. Final orders of the Commissioner, the general district courts, or the circuit courts may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

J. In addition to any civil or criminal penalty provided by this section, and without regard to any exhaustion of alternative administrative remedies provided for in this section, if an employer fails to pay wages to an employee in accordance with this section or § ~~40.1-29.2~~, the employee may bring an action, individually, jointly, with other aggrieved employees, or on behalf of similarly situated employees as a collective action consistent with the collective action procedures of the Fair Labor Standards Act, 29 U.S.C. § 216(b), against the employer in a court of competent jurisdiction to recover payment of the wages, and the court shall award the wages owed, an additional equal amount as liquidated damages, plus prejudgment interest thereon as provided in subsection G, and reasonable attorney fees and costs. If the court finds that the employer knowingly failed to pay wages to an employee in accordance with this section or § ~~40.1-29.2~~, the court shall award the employee an amount equal to triple the amount of wages due and reasonable attorney fees and costs.

K. As used in this section, a person acts "knowingly" if the person, with respect to information, (i) has actual knowledge of the information, (ii) acts in deliberate ignorance of the truth or falsity of the information, or (iii) acts in

reckless disregard of the truth or falsity of the information. Establishing that a person acted knowingly shall not require proof of specific intent to defraud.

L. An action under this section ~~or § 40.1-29.2~~ shall be commenced within three years after the cause of action accrued. The period for filing is tolled upon the filing of an administrative action under subsection F until the employee has been informed that the action has been resolved or until the employee has withdrawn the complaint, whichever is sooner.

§ 40.1-29.1. Investigations of employers for nonpayment of wages.

If in the course of an investigation of a complaint of an employer's failure or refusal to pay wages in accordance with the requirements of § 40.1-29 ~~or 40.1-29.2~~, the Commissioner acquires information creating a reasonable belief that other employees of the same employer may not have been paid wages in accordance with such requirements, the Commissioner shall have the authority to investigate whether the employer has failed or refused to make any required payment of wages to other employees of the employer as required by § 40.1-29 ~~or 40.1-29.2~~. If the Commissioner finds in the course of such investigation that the employer has violated a provision of § 40.1-29 ~~or 40.1-29.2~~, the Commissioner may institute proceedings on behalf of any employee against his employer. Such proceedings shall be undertaken in accordance with the provisions of § 40.1-29, except that the Commissioner shall not require a written complaint of the violation or the written and signed consent of any employee as a condition of instituting such proceedings.

B. For any hours worked by an employee in excess of 40 hours in any one workweek, an employer shall pay such employee an overtime premium at a rate not less than one and one-half times the employee's regular rate, pursuant to 29 U.S.C. § 207. An employee's regular rate shall be calculated as follows:

2. For employees paid on a salary or other regular basis, the regular rate is one-fortieth of all wages paid for that workweek.

Upon termination of employment an employee shall be paid all wages or salaries due him for work performed prior thereto; such payment shall be made on or before the date on which he would have been paid for such work had his employment not been terminated.

B. Payment of wages or salaries shall be (i) in lawful money of the United States, (ii) by check payable at face value upon demand in lawful money of the United States, (iii) by electronic automated fund transfer in lawful money of the United States into an account in the name of the employee at a financial institution designated by the employee, or (iv) by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds with full written disclosure by the employer of any applicable fees and affirmative consent thereto by the employee. However, an employer that elects not to pay wages or salaries in accordance with clause (i) or (ii) to an employee who is hired after

January 1, 2010, shall be permitted to pay wages or salaries by credit to a prepaid debit card or card account in accordance with clause (iv), even though such employee has not affirmatively consented thereto, if the employee fails to designate an account at a financial institution in accordance with clause (iii) and the employer arranges for such card or card account to be issued through a network system through which the employee shall have the ability to make at least one free withdrawal or transfer per pay period, which withdrawal may be for any sum in such card or card account as the employee may elect, using such card or card account at financial institutions participating in such network system.

C. No employer shall withhold any part of the wages or salaries of any employee except for payroll, wage or withholding taxes or in accordance with law, without the written and signed authorization of the employee. On each regular pay date, each employer, other than an employer engaged in agricultural employment including agribusiness and forestry, shall provide to each employee a written statement, by a paystub or online accounting, that shows the name and address of the employer; the number of hours worked during the pay period if the employee is paid on the basis of (i) the number of hours worked or (ii) a salary that is less than the standard salary level adopted by regulation of the U.S. Department of Labor pursuant to § 13(a)(1) of the federal Fair Labor Standards Act, 29 U.S.C. § 213(a)(1), as amended, establishing an exemption from the Act's overtime premium pay requirements; the rate of pay; the gross wages earned by the employee during the pay period; and the amount and purpose of any deductions therefrom. The paystub or online accounting shall include sufficient information to enable the employee to determine how the gross and net pay were calculated. An employer engaged in agricultural employment including agribusiness and forestry, upon request of its employee, shall furnish the employee a written statement of the gross wages earned by the employee during any pay period and the amount and purpose of any deductions therefrom.

D. No employer shall require any employee, except executive personnel, to sign any contract or agreement which provides for the forfeiture of the employee's wages for time worked as a condition of employment or the continuance therein, except as otherwise provided by law.

E. An employer who willfully and with intent to defraud fails or refuses to pay wages in accordance with this section or § ~~40.1-29.2~~ 40.1-29.3, unless the failure to pay was because of a bona fide dispute between the employer and its employee:

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section and § ~~40.1-29.2~~ 40.1-29.3.

F. The Commissioner may require a written complaint of the violation of this section ~~or~~ § ~~40.1-29.2~~ and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section ~~or~~ § ~~40.1-29.2~~, and to collect any moneys unlawfully withheld from such employee that shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess attorney fees of one-third of the amount set forth in the final order or judgment.

G. In addition to being subject to any other penalty provided by the provisions of this section, any employer who fails to make payment of wages in accordance with subsection A ~~or~~ § ~~40.1-29.2~~ shall be liable for the payment of all wages due, and an additional equal amount as liquidated damages, plus interest at an annual rate of eight percent accruing from the date the wages were due.

H. Any employer who knowingly fails to make payment of wages in accordance with subsection A or § ~~40.1-29.2~~ 40.1-29.3 shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that the Commissioner alleges has violated any provision of this section or § ~~40.1-29.2~~ 40.1-29.3 by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

I. Final orders of the Commissioner, the general district courts, or the circuit courts may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

J. In addition to any civil or criminal penalty provided by this section, and without regard to any exhaustion of alternative administrative remedies provided for in this section, if an employer fails to pay wages to an employee in accordance with this section ~~or~~ § ~~40.1-29.2~~, the employee may bring an action, individually, jointly, with other aggrieved employees, or on behalf of similarly situated employees as a collective action consistent with the collective action

procedures of the Fair Labor Standards Act, 29 U.S.C. § 216(b), against the employer in a court of competent jurisdiction to recover payment of the wages, and the court shall award the wages owed, an additional equal amount as liquidated damages, plus prejudgment interest thereon as provided in subsection G, and reasonable attorney fees and costs. If the court finds that the employer knowingly failed to pay wages to an employee in accordance with this section ~~or § 40.1-29.2~~, the court shall award the employee an amount equal to triple the amount of wages due and reasonable attorney fees and costs.

Establishing that a person acted knowingly shall not require proof of specific intent to defraud.

L. An action under this section ~~or § 40.1-29.2~~ shall be commenced within three years after the cause of action accrued. The period for filing is tolled upon the filing of an administrative action under subsection F until the employee has been informed that the action has been resolved or until the employee has withdrawn the complaint, whichever is sooner.

§ 40.1-29.1. Investigations of employers for nonpayment of wages.

If in the course of an investigation of a complaint of an employer's failure or refusal to pay wages in accordance with the requirements of § 40.1-29 ~~or 40.1-29.2~~, the Commissioner acquires information creating a reasonable belief that other employees of the same employer may not have been paid wages in accordance with such requirements, the Commissioner shall have the authority to investigate whether the employer has failed or refused to make any required payment of wages to other employees of the employer as required by § 40.1-29 ~~or 40.1-29.2~~. If the Commissioner finds in the course of such investigation that the employer has violated a provision of § 40.1-29 ~~or 40.1-29.2~~, the Commissioner may institute proceedings on behalf of any employee against his employer. Such proceedings shall be undertaken in accordance with the provisions of § 40.1-29, except that the Commissioner shall not require a written complaint of the violation or the written and signed consent of any employee as a condition of instituting such proceedings.

CHAPTER 465

An Act to amend and reenact § 45.2-1703 of the Code of Virginia, relating to energy performance-based contracts; roof replacement.

[H 1225]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 45.2-1703 of the Code of Virginia is amended and reenacted as follows:

§ 45.2-1703. Energy performance-based contract procedures; required contract provisions.

A. Any contracting entity may enter into an energy performance-based contract with an energy performance contractor to significantly reduce (i) energy costs to a level established by the public body or (ii) operating costs of a facility through one or more energy conservation or operational efficiency measures. For the purposes of this article, energy conservation or operational efficiency measures shall not include roof replacement projects, *except as provided in subdivision B 2.*

B. 1. The energy performance contractor shall be selected through competitive sealed bidding or competitive negotiation as set forth in § 2.2-4302.1 or 2.2-4302.2. The evaluation of the request for proposals shall analyze the estimates of all costs of installation, maintenance, repairs, debt service, post-installation project monitoring, and reporting. Notwithstanding any other provision of law, any contracting entity may purchase energy conservation or operational efficiency measures under an energy performance-based contract entered into by another contracting entity pursuant to this article even if it did not participate in the request for proposals if the request for proposals specified that the procurement was being conducted on behalf of other contracting entities.

2. *A contracting entity may procure a roof replacement as part of a larger energy conservation or operational efficiency measure, including solar, where the replacement is necessary for the installation of such measure. Such contracting entity may also procure a roof replacement pursuant to § 2.2-4302.1 when the original contract for the energy conservation or operational efficiency measure, including solar, does not include a roof replacement and the contracting entity determines that the replacement of more than 20 percent of the roof is necessary for the installation of such measure. Such roof replacements procured separately from a larger energy conservation or operational efficiency measure, including solar, shall also be publicly noticed on the Department of General Services' central electronic procurement website. All roof replacement projects procured separately pursuant to this subdivision shall be designed by a licensed architect or professional engineer.*

C. Before entering into a contract for energy conservation measures, the contracting entity shall require the performance contractor to provide a payment and performance bond relating to the installation of energy conservation measures in an amount the contracting entity finds reasonable and necessary to protect its interests.

D. Prior to the design and installation of any energy conservation measures, the contracting entity shall obtain from the energy performance contractor a report disclosing all costs associated with such energy conservation measures and providing an estimate of the amount of the energy cost savings. After reviewing the report, the contracting entity may enter into an energy performance-based contract if it finds (i) the amount the entity would spend on the energy conservation measures recommended in the report will not exceed the amount to be saved in energy and operation costs more than 20 years from the date of installation, based on life-cycle costing calculations, if the recommendations in the report were followed and (ii) the energy performance contractor provides a written guarantee that the energy and operating cost savings will meet or exceed the costs of the system. The contract may provide for payments over a period not to exceed 20 years.

E. The term of any energy performance-based contract shall expire at the end of each fiscal year but may be renewed annually for up to 20 years, subject to the contracting entity making sufficient annual appropriations based upon continued realized cost savings. Such contract shall stipulate that the agreement does not constitute a debt, liability, or obligation of the contracting entity, or a pledge of the faith and credit of the contracting entity. Such contract may also provide capital contributions for the purchase and installation of energy conservation measures that cannot be totally funded by the energy and operational savings.

F. An energy performance-based contract shall include the following provisions:

1. A guarantee by the energy performance contractor that annual energy and operational cost savings will meet or exceed the amortized cost of energy conservation measures. The guaranteed energy savings contract shall include a written guarantee of the qualified provider that either the energy savings or operational cost savings, or both, will meet or exceed

within 20 years the costs of the energy and operational savings measures. The qualified provider shall reimburse the contracting entity for any shortfall of guaranteed energy savings projected in the contract.

2. A requirement that the energy performance contractor to whom the contract is awarded provide a 100 percent performance guarantee bond to the contracting entity for the installation and faithful performance of the installed energy savings measures as outlined in the contract document.

3. A requirement that the energy performance contractor provide to the contracting entity an annual reconciliation of the guaranteed energy cost savings. The energy performance contractor shall be liable for any annual savings shortfall that may occur.

G. The Department shall make a reasonable effort, as long as workload permits, to:

CHAPTER 466

An Act to amend and reenact § 45.2-1703 of the Code of Virginia, relating to energy performance-based contracts; roof replacement.

[S 13]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 45.2-1703 of the Code of Virginia is amended and reenacted as follows:

§ 45.2-1703. Energy performance-based contract procedures; required contract provisions.

A. Any contracting entity may enter into an energy performance-based contract with an energy performance contractor to significantly reduce (i) energy costs to a level established by the public body or (ii) operating costs of a facility through one or more energy conservation or operational efficiency measures. For the purposes of this article, energy conservation or operational efficiency measures shall not include roof replacement projects, *except as provided in subdivision B 2.*

B. 1. The energy performance contractor shall be selected through competitive sealed bidding or competitive negotiation as set forth in § 2.2-4302.1 or 2.2-4302.2. The evaluation of the request for proposals shall analyze the estimates of all costs of installation, maintenance, repairs, debt service, post-installation project monitoring, and reporting. Notwithstanding any other provision of law, any contracting entity may purchase energy conservation or operational efficiency measures under an energy performance-based contract entered into by another contracting entity pursuant to this article even if it did not participate in the request for proposals if the request for proposals specified that the procurement was being conducted on behalf of other contracting entities.

2. *A contracting entity may procure a roof replacement as part of a larger energy conservation or operational efficiency measure, including solar, where the replacement is necessary for the installation of such measure. Such contracting entity may also procure a roof replacement pursuant to § 2.2-4302.1 when the original contract for the energy conservation or operational efficiency measure, including solar, does not include a roof replacement and the contracting entity determines that the replacement of more than 20 percent of the roof is necessary for the installation of such measure. Such roof replacements procured separately from a larger energy conservation or operational efficiency measure, including solar, shall also be publicly noticed on the Department of General Services' central electronic procurement website. All roof replacement projects procured separately pursuant to this subdivision shall be designed by a licensed architect or professional engineer.*

C. Before entering into a contract for energy conservation measures, the contracting entity shall require the performance contractor to provide a payment and performance bond relating to the installation of energy conservation measures in an amount the contracting entity finds reasonable and necessary to protect its interests.

D. Prior to the design and installation of any energy conservation measures, the contracting entity shall obtain from the energy performance contractor a report disclosing all costs associated with such energy conservation measures and providing an estimate of the amount of the energy cost savings. After reviewing the report, the contracting entity may enter into an energy performance-based contract if it finds (i) the amount the entity would spend on the energy conservation measures recommended in the report will not exceed the amount to be saved in energy and operation costs more than 20 years from the date of installation, based on life-cycle costing calculations, if the recommendations in the report were followed and (ii) the energy performance contractor provides a written guarantee that the energy and operating cost savings will meet or exceed the costs of the system. The contract may provide for payments over a period not to exceed 20 years.

E. The term of any energy performance-based contract shall expire at the end of each fiscal year but may be renewed annually for up to 20 years, subject to the contracting entity making sufficient annual appropriations based upon continued realized cost savings. Such contract shall stipulate that the agreement does not constitute a debt, liability, or obligation of the contracting entity, or a pledge of the faith and credit of the contracting entity. Such contract may also provide capital contributions for the purchase and installation of energy conservation measures that cannot be totally funded by the energy and operational savings.

F. An energy performance-based contract shall include the following provisions:

1. A guarantee by the energy performance contractor that annual energy and operational cost savings will meet or exceed the amortized cost of energy conservation measures. The guaranteed energy savings contract shall include a written guarantee of the qualified provider that either the energy savings or operational cost savings, or both, will meet or exceed within 20 years the costs of the energy and operational savings measures. The qualified provider shall reimburse the contracting entity for any shortfall of guaranteed energy savings projected in the contract.

2. A requirement that the energy performance contractor to whom the contract is awarded provide a 100 percent performance guarantee bond to the contracting entity for the installation and faithful performance of the installed energy savings measures as outlined in the contract document.

3. A requirement that the energy performance contractor provide to the contracting entity an annual reconciliation of the guaranteed energy cost savings. The energy performance contractor shall be liable for any annual savings shortfall that may occur.

G. The Department shall make a reasonable effort, as long as workload permits, to:

1. Provide general advice, upon request, to local governments considering pursuit of an energy performance-based contract pursuant to this article; and

2. Annually compile a list of performance-based contracts entered into by local governments of which the Department becomes aware.

CHAPTER 467

An Act to amend and reenact § 8.01-126 of the Code of Virginia, relating to summons for unlawful detainer; notice; adverse employment actions prohibited.

[H 1236]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-126 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-126. Summons for unlawful detainer issued by magistrate or clerk or judge of a general district court.

A. For the purposes of this section, "termination notice" means a notice given under § 55.1-1245 or other notice of termination of tenancy given by the landlord to the tenant of a dwelling unit, or any notice of termination given by a landlord to a tenant of a nonresidential premises.

B. In any case when possession of any house, land or tenement is unlawfully detained by the person in possession thereof, the landlord, his agent, attorney, or other person, entitled to the possession may present to a magistrate or a clerk or judge of a general district court a statement under oath of the facts which authorize the removal of the tenant or other person in possession, describing such premises; and thereupon such magistrate, clerk or judge shall issue his summons against the person or persons named in such affidavit. The process issued upon any such summons issued by a magistrate, clerk or judge may be served as provided in § 8.01-293, 8.01-296, or 8.01-299. When issued by a magistrate it may be returned to and the case heard and determined by the judge of a general district court. If the summons for unlawful detainer is filed to terminate a tenancy pursuant to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.), the initial hearing on such summons shall occur as soon as practicable, but not more than 21 days from the date of filing. If the case cannot be heard within 21 days from the date of filing, the initial hearing shall be held as soon as practicable, but in no event later than 30 days after the date of the filing. If the plaintiff requests that the initial hearing be set on a date later than 21 days from the date of filing, the initial hearing shall be set on a date the plaintiff is available that is also available for the court. Such summons shall be served at least 10 days before the return day thereof.

C. Any summons issued pursuant to the provisions of this section shall contain a notice to the tenant that, pursuant to the provisions of § 18.2-465.1, it is unlawful for his employer to discharge him from employment or take any adverse personnel action against him as a result of his absence from employment due to appearing at any initial or subsequent hearing on such summons, provided that he has given reasonable notice of such hearing to his employer.

~~C. D.~~ Notwithstanding any other rule of court or provision of law to the contrary, the plaintiff in an unlawful detainer case may submit into evidence a photocopy of a properly executed paper document or paper printout of an electronically stored document including a copy of the original lease or other documents, provided that the plaintiff provides an affidavit or sworn testimony that the copy of such document is a true and accurate copy of the original lease. An attorney or agent of the landlord or managing agent may present such affidavit into evidence.

~~D. E.~~ E. 1. Notwithstanding any other rule of court or provision of law to the contrary, when the defendant does not make an appearance in court, the plaintiff or the plaintiff's attorney or agent may submit into evidence by an affidavit or sworn testimony a statement of the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of the date of the hearing. The plaintiff or the plaintiff's attorney or agent shall advise the court of any payments by the defendant that result in a variance reducing the amount due the plaintiff as of the day of the hearing.

2. a. If the unlawful detainer summons served upon the defendant requests judgment for all amounts due as of the date of the hearing, the court shall permit amendment of the amount requested on the summons for unlawful detainer filed in court in accordance with the evidence and in accordance with the amounts contracted for in the rental agreement and shall

enter a judgment for such amount due as of the date of the hearing in addition to entering an order of possession for the premises. Notwithstanding any rule of court or provision of law to the contrary, no order of possession shall be entered unless the plaintiff or plaintiff's attorney or agent has presented a copy of a proper termination notice that the court admits into evidence.

b. Notwithstanding any rule of court or provision of law to the contrary, a plaintiff may amend the amount alleged to be due and owing in an unlawful detainer to request all amounts due and owing as of the date of the hearing. If additional amounts become due and owing prior to the final disposition of a pending unlawful detainer, the plaintiff may also amend the amount alleged to be due and owing to include such additional amounts. If the plaintiff requests to amend the amount alleged to be due and owing in an unlawful detainer, the judge shall grant such amendment. Upon amendment of the unlawful detainer, such plaintiff shall not subsequently file an additional summons for unlawful detainer against the defendant for such additional amounts if such additional amounts could have been included in such amendment. If another unlawful detainer is filed, the court shall dismiss the subsequent unlawful detainer. Nothing herein shall be construed to preclude a plaintiff from filing an unlawful detainer for a non-rent violation during the pendency of an unlawful detainer for nonpayment of rent.

3. In determining the amount due the plaintiff as of the date of the hearing, if the rental agreement or lease provides that rent is due and payable on the first of the month in advance for the entire month, at the request of the plaintiff or the plaintiff's attorney or agent, the amount due as of the date of the hearing shall include the rent due for the entire month in which the hearing is held, and rent shall not be prorated as of the actual court date. Otherwise, the rent shall be prorated as of the date of the hearing. However, nothing herein shall be construed to permit a landlord to collect rent in excess of the amount stated in such rental agreement or lease. If a money judgment has been granted for the amount due for the month of the hearing pursuant to this section and the landlord re-rents such dwelling unit and receives rent from a new tenant prior to the end of such month, the landlord is required to reflect the applicable portion of the judgment as satisfied pursuant to § 16.1-94.01.

4. If, on the date of a foreclosure sale of a single-family residential dwelling unit, the former owner remains in possession of such dwelling unit, such former owner becomes a tenant at sufferance. Such tenancy may be terminated by a written termination notice from the successor owner given to such tenant at least three days prior to the effective date of termination. Upon the expiration of the three-day period, the successor owner may file an unlawful detainer under this section. Such tenant shall be responsible for payment of fair market rental from the date of such foreclosure until the date the tenant vacates the dwelling unit, as well as damages, and for payment of reasonable attorney fees and court costs.

The entitlement shall also be subject to review and approval by the MEI Project Approval Commission pursuant to § 30-310. The purpose of such entitlement shall be to assist the developer with obtaining gap financing and making payments of principal and interest thereon.

2. On a quarterly basis, the Tax Commissioner shall certify the amount of the entitled sales and use tax revenues to the Comptroller, who shall remit such revenues to the county or city in which the authorized major tourism project is located. The county or city shall remit the revenues to the economic development authority or such other entity as the economic development authority shall designate. No payments herein shall be made until an agreement exists between the developer of the authorized major tourism project and the economic development authority. The entitlement shall continue until the gap financing is paid in full or for the length of time specified in the agreement between the developer and the economic development authority, but in no event shall the entitlement extend beyond 20 years from the date of the accrual of the initial entitlement. Entitled sales and use tax revenues shall be applied solely to payments of principal and interest on the qualified gap financing.

Such revenues shall be remitted in the same manner, for the same time period, and under the same conditions as the remittances paid in accordance with subsection B, *mutatis mutandis*.

D. The access fee shall be equivalent to the state sales and use tax revenue generated by and returned to the project pursuant to subdivision B 1 and shall be collected by the locality and remitted to the economic development authority or such other entity as the economic development authority shall designate on a quarterly basis. The access fee and the state and local contributions pursuant to this section shall be used solely to make payments of principal and interest on the qualified gap financing.

E. In the event that the total amount of state and local contributions pursuant to this section and the access fee exceeds any annual debt service on the qualified gap financing, such excess shall be paid to the principal of the loan until the qualified gap financing is paid in full.

[H 684]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:**1. That § 37.2-809 of the Code of Virginia is amended and reenacted as follows:****§ 37.2-809. Involuntary temporary detention; issuance and execution of order.**

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, or clinical social worker treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) is in need of hospitalization or treatment; and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider, if available, (a) information provided by the person who initiated emergency custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, or clinical social worker licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in

§ 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The individual who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department.

CHAPTER 474

An Act to amend and reenact § 37.2-809 of the Code of Virginia, relating to involuntary temporary detention; disclosure of health records.

[S 119]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 37.2-809 of the Code of Virginia is amended and reenacted as follows:

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, or clinical social worker treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) is in need of hospitalization or treatment; and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider, if available, (a) information provided by the person who initiated emergency custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, or clinical social worker licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative

facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The individual who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with

the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. *In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department.*

CHAPTER 477

An Act to amend and reenact § 8.01-232 of the Code of Virginia, relating to effect of promises not to plead statute of limitations.

[H 409]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-232 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-232. Effect of promises not to plead statute of limitations.

A. Whenever the failure to enforce a promise, written or unwritten, not to plead the statute of limitations would operate as a fraud on the promisee, the promisor shall be estopped to plead the statute. In all other cases, an unwritten promise not to plead the statute shall be void, and a written promise not to plead such statute shall be valid *and enforceable to prevent assertion of the defense of the statute only* when (i) ~~the written promise~~ is made to avoid or defer litigation pending settlement of any ~~cause~~ *cause of action that has accrued in favor of the promisee against the promisor*, (ii) ~~it is not made contemporaneously with any other contract~~ *the written promise is signed by the promisor or his agent*, and (iii) ~~it is made for an additional term not longer than~~ *the promisee commences an action asserting such cause of action within the earlier of*

(a) the applicable limitations period running from the date the written promise is made or (b) any shorter time as may be provided in the written promise. No provision of this subsection shall operate contrary to subsections B and C.

B. No acknowledgment or promise by any personal representative of a decedent shall charge the estate of the decedent, revive a cause of action otherwise barred, or relieve the personal representative of his duty to defend under § 64.2-1415 in any case in which but for such acknowledgment or promise, the decedent's estate could have been protected under a statute of limitations.

C. No acknowledgment or promise by one of two or more joint contractors shall charge any of such contractors in any case in which but for such acknowledgment another contractor would have been protected under a statute of limitations.

D. Subsections A and C shall not apply to, limit, or prohibit written promises to waive or not to plead the statute of limitations that are made in, or contemporaneously with, subcontracts of any tier that are related to contracts for construction, construction management, design-build, architecture, or engineering under Chapter 43 (§ 2.2-4300 et seq.) or 43.1 (§ 2.2-4378 et seq.) of Title 2.2; under the policies and procedures adopted by any county, city, or town or school board; under Title 23.1; or under authorizing provisions, policies, or procedures for procurement of such contracts by any public body exempted from the foregoing; however, such waiver or promise not to plead applies only to demands, claims, or actions asserted under such contracts by a public body. As used in this subsection, "subcontract" includes any contract or purchase order to supply labor, equipment, materials, or services to an entity awarded a contract with a public body or to any lower-tier entity performing work provided for in such a contract.

2. That the provisions of this act shall apply to any written promise not to plead the statute of limitations made on or after July 1, 2022.

CHAPTER 478

An Act to amend and reenact § 15.2-2204, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to publication of notice by localities.

[H 167]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2204, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2204. (Effective until July 1, 2022) Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall contain a descriptive summary of the proposed action and a reference to the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views, not less than five days nor more than 21 days after the second advertisement appears in such newspaper. The local planning commission and governing body may hold a joint public hearing after public notice as set forth ~~hereinabove~~ *in this subsection*. If a joint hearing is held, then public notice as set forth ~~above~~ *in this subsection* need be given only by the governing body. ~~The term~~ *As used in this subsection, "two successive weeks" as used in this paragraph shall mean* means that such notice shall be published at least twice in such newspaper with not less than six days elapsing between the first and second publication. In any instance in which a locality in Planning District 23 has submitted a timely notice request to such newspaper and the newspaper fails to publish the notice, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. *In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality.* After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels ~~which~~ *that* lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a

proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be mailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given.

Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2204. (Effective July 1, 2022) Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall contain a descriptive summary of the proposed action and a reference to the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views, not less than five days nor more than 21 days after the second advertisement appears in such newspaper. The local planning commission and governing body may hold a joint public hearing after public notice as set forth ~~hereinabove~~ *in this subsection*. If a joint hearing is held, then public notice as set forth ~~above~~ *in this subsection* need be given only by the governing body. ~~The term~~ *As used in this subsection, "two successive weeks" as used in this paragraph shall mean* means that such notice shall be published at least twice in such newspaper, with not less than six days elapsing between the first and second publication. *In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality.* After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels ~~which~~ *that* lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an

existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. The Department shall distribute the reports to localities, solicit their comments, and consider their responses in substantially the same manner as the Department solicits and receives comments from state agencies.

B. In addition to the information supplied under subsection A, every department, board, bureau, commission, or other agency of the Commonwealth which is responsible for the construction, operation, or maintenance of public facilities within any locality shall, upon the request of the local planning commission having authority to prepare a comprehensive plan, furnish reasonable information requested by the local planning commission relative to the master plans of the state agency which may affect the locality's comprehensive plan. Agencies shall not be required to give such notice prior to acquisition of property. The purpose of the notice and distribution is to enable the locality to evaluate the project for consistency with local ordinances other than building codes and to provide the locality with an opportunity to submit comments to the agency during the planning phase of a project. Upon receipt of a request from a locality, the state agency shall transmit a copy of the plans to the locality for comment *or conduct at least one public meeting in the locality to solicit public input during the planning phase of the project.*

The electric utility shall notify the chief administrative officer of every locality in which the electric utility plans to undertake construction of any electric transmission line of 150 kilovolts or more, prior to the filing of any application for approval of such construction with the State Corporation Commission, of its intention to file any such application and shall give the locality a reasonable opportunity for consultation about such line.

F. Nothing in this section shall be construed to require any state agency or electric utility to duplicate any submission required to be made by the agency or the electric utility to a locality under any other provision of law.

G. Nothing herein shall be deemed to abridge the authority of any state agency or the State Corporation Commission regarding the facilities now or hereafter coming under its jurisdiction. In such cases, a copy of the temporary detention order shall accompany the person being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B.

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the person has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.

E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a person who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the person shall transfer custody of the person to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.

F. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

2. That the Department of Behavioral Health and Developmental Services shall amend an existing contract or enter into a new contract for alternative custody of persons who are subject to temporary detention orders, to the extent funding for such alternative custody is available.

CHAPTER 483

[H 582]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 23.1-409.1 as follows:

§ 23.1-409.1. Supplemental Nutrition Assistance Program; notice to students.

Each public institution of higher education shall ensure that all students have access to accurate information about the Supplemental Nutrition Assistance Program (SNAP), including eligibility and how to apply. Each institution shall also advertise the application and process for applying for SNAP prominently on the institution's website and in orientation materials that are distributed to each new student.

CHAPTER 484

An Act to amend and reenact §§ 9.1-404 and 9.1-405 of the Code of Virginia, relating to Virginia Retirement System; Line of Duty Act; medical reviews to be conducted by Virginia practitioners.

[S 468]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 9.1-404 and 9.1-405 of the Code of Virginia are amended and reenacted as follows:

§ 9.1-404. Order of the Virginia Retirement System.

A. 1. The Virginia Retirement System shall make an eligibility determination within 45 days of receiving all necessary information for determining eligibility for a claim filed under § 9.1-403. The Virginia Retirement System may use a medical board pursuant to § 51.1-124.23 in determining eligibility. If benefits under this chapter are due, VRS shall notify the nonparticipating employer, which shall provide the benefits within 15 days of such notice, or VRS shall pay the benefits from the Fund on behalf of the participating employer within 15 days of the determination, as applicable. The payments shall be retroactive to the first date that the disabled person was no longer eligible for health insurance coverage subsidized by his employer.

2. Two years after an individual has been determined to be a disabled person, VRS may require the disabled person to renew the determination through a process established by VRS. If a disabled person refuses to submit to the determination renewal process described in this subdivision, then benefits under this chapter shall cease for the individual, any eligible dependents, and an eligible spouse until the individual complies. If such individual does not comply within six months from the date of the initial request for a renewed determination, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual is no longer a disabled person, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual remains a disabled person, then VRS may require the disabled person to renew the determination five years after such renewed determination through a process established by VRS. The Virginia Retirement System may require the disabled person to renew the determination at any time if VRS has information indicating that the person may no longer be disabled.

3. *For any medical review conducted for the purpose of making an eligibility determination pursuant to this section, VRS shall require such review to be conducted by a licensed health practitioner. For purposes of this section, "licensed health practitioner" means a person licensed to practice medicine or osteopathic medicine pursuant to the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, a person licensed to practice nursing pursuant to the provisions of Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1, or a person licensed to practice psychology pursuant to the provisions of Chapter 36 (§ 54.1-3600 et seq.) of Title 54.1. "Licensed health practitioner" includes a person issued a comparable license, as determined by VRS, by the District of Columbia or a state that is contiguous to the Commonwealth.*

B. The Virginia Retirement System shall be reimbursed for all reasonable costs incurred and associated, directly and indirectly, in performing the duties pursuant to this chapter (i) from the Line of Duty Death and Health Benefits Trust Fund for costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses on behalf of participating employers and (ii) from a nonparticipating employer for premiums and costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses for which the nonparticipating employer is responsible.

C. The Virginia Retirement System may develop policies and procedures necessary to carry out the provisions of this chapter.

§ 9.1-405. Appeal from decision of Virginia Retirement System.

Any beneficiary, disabled person or eligible spouse or eligible dependent of a deceased or disabled person aggrieved by the decision of VRS may appeal the decision through a process established by VRS. Any such process may utilize a medical board as described in § 51.1-124.23, *provided that for any medical review conducted pursuant to the provisions of this*

chapter, each member of such medical board shall be a licensed health practitioner, as defined in § 9.1-404. An employer may submit information related to the claim and may participate in any informal fact-finding proceeding that is included in such process established by VRS. Upon completion of the appeal process, the final determination issued by VRS shall constitute a case decision as defined in § 2.2-4001. Any beneficiary, disabled person, or eligible spouse or eligible dependent of a deceased or disabled person aggrieved by, and claiming the unlawfulness of, such case decision shall have a right to seek judicial review thereof in accordance with Article 5 (§ 2.2-4025 et seq.) of the Administrative Process Act. The employer shall not have a right to seek such judicial review.

2. That the provisions of this act shall become effective on July 1, 2023.

CHAPTER 485

An Act to amend the Code of Virginia by adding a section numbered 22.1-26.2, relating to academic year Governor's Schools; certain practices prohibited and required.

[H 127]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 22.1-26.2 as follows:

§ 22.1-26.2. Academic year Governor's Schools; certain practices prohibited and required.

A. No academic year Governor's School or governing board member, director, administrator, or employee thereof shall discriminate against any individual or group on the basis of race, sex, color, ethnicity, or national origin in the process of admitting students to such school.

B. Each local school board that jointly manages and controls a regional academic year Governor's school pursuant to § 22.1-26 shall collaborate to ensure that each public middle school that is eligible to send students to attend such Governor's school offers coursework, curriculum, and instruction that is comparable in content and in rigor in order to provide each student in each such middle school with the opportunity to gain admission to and excel academically at such Governor's school.

CHAPTER 486

An Act to amend and reenact §§ 32.1-164 and 62.1-44.15:72 of the Code of Virginia, relating to Department of Health; onsite sewage treatment system pump-out oversight; certain localities.

[H 769]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-164 and 62.1-44.15:72 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-164. Powers and duties of Board; regulations; fees; onsite soil evaluators; letters in lieu of permits; inspections; civil penalties.

A. The Board shall have supervision and control over the safe and sanitary collection, conveyance, transportation, treatment, and disposal of sewage by onsite sewage systems and alternative discharging sewage systems, and treatment works as they affect the public health and welfare. The Board shall also have supervision and control over the maintenance, inspection, and reuse of alternative onsite sewage systems as they affect the public health and welfare. In discharging the responsibility to supervise and control the safe and sanitary treatment and disposal of sewage as they affect the public health and welfare, the Board shall exercise due diligence to protect the quality of both surface water and ground water. Upon the final adoption of a general Virginia Pollutant Discharge Elimination permit by the State Water Control Board, the Board of Health shall assume the responsibility for permitting alternative discharging sewage systems as defined in § 32.1-163. All such permits shall comply with the applicable regulations of the State Water Control Board and be registered with the State Water Control Board.

In the exercise of its duty to supervise and control the treatment and disposal of sewage, the Board shall require and the Department shall conduct regular inspections of alternative discharging sewage systems. The Board shall also establish requirements for maintenance contracts for alternative discharging sewage systems. The Board may require, as a condition for issuing a permit to operate an alternative discharging sewage system, that the applicant present an executed maintenance contract. Such contract shall be maintained for the life of any general Virginia Pollutant Discharge Elimination System permit issued by the State Water Control Board.

B. The regulations of the Board shall govern the collection, conveyance, transportation, treatment and disposal of sewage by onsite sewage systems and alternative discharging sewage systems and the maintenance, inspection, and reuse of alternative onsite sewage systems. Such regulations shall be designed to protect the public health and promote the public welfare and may include, without limitation:

1. A requirement that the owner obtain a permit from the Commissioner prior to the construction, installation, modification or operation of a sewerage system or treatment works except in those instances where a permit is required pursuant to Chapter 3.1 (§ 62.1-44.2 et seq.) of Title 62.1.

2. Criteria for the granting or denial of such permits.

3. Standards for the design, construction, installation, modification and operation of sewerage systems and treatment works for permits issued by the Commissioner.

4. Standards governing disposal of sewage on or in soils.

5. Standards specifying the minimum distance between sewerage systems or treatment works and:

a. Public and private wells supplying water for human consumption,

b. Lakes and other impounded waters,

c. Streams and rivers,

d. Shellfish waters,

e. Ground waters,

f. Areas and places of human habitation,

g. Property lines.

6. Standards as to the adequacy of an approved water supply.

7. Standards governing the transportation of sewage.

8. A prohibition against the discharge of untreated sewage onto land or into waters of the Commonwealth.

9. A requirement that such residences, buildings, structures and other places designed for human occupancy as the Board may prescribe be provided with a sewerage system or treatment works.

10. Criteria for determining the demonstrated ability of alternative onsite systems, which are not permitted through the then current sewage handling and disposal regulations, to treat and dispose of sewage as effectively as approved methods.

11. Standards for inspections of and requirements for maintenance contracts for alternative discharging sewage systems.

12. Notwithstanding the provisions of subdivision 1 above and Chapter 3.1 of Title 62.1, a requirement that the owner obtain a permit from the Commissioner prior to the construction, installation, modification, or operation of an alternative discharging sewage system as defined in § 32.1-163.

13. Criteria for granting, denying, and revoking of permits for alternative discharging sewage systems.

14. Procedures for issuing letters recognizing onsite sewage sites in lieu of issuing onsite sewage system permits.

15. Performance requirements for nitrogen discharged from alternative onsite sewage systems that protect public health and ground and surface water quality.

16. Consideration of the impacts of climate change on proposed treatment works based on research and analysis from the Center for Coastal Resources Management at the Virginia Institute of Marine Science at The College of William and Mary in Virginia.

C. A fee of \$75 shall be charged for filing an application for an onsite sewage system or an alternative discharging sewage system permit with the Department. Funds received in payment of such charges shall be transmitted to the Comptroller for deposit. The funds from the fees shall be credited to a special fund to be appropriated by the General Assembly, as it deems necessary, to the Department for the purpose of carrying out the provisions of this title. However, \$10 of each fee shall be credited to the Onsite Sewage Indemnification Fund established pursuant to § 32.1-164.1:01.

The Board, in its regulations, shall establish a procedure for the waiver of fees for persons whose incomes are below the federal poverty guidelines established by the United States Department of Health and Human Services or when the application is for a pit privy or the repair of a failing onsite sewage system. If the Department denies the permit for land on which the applicant seeks to construct his principal place of residence, then such fee shall be refunded to the applicant.

From such funds as are appropriated to the Department from the special fund, the Board shall apportion a share to local or district health departments to be allocated in the same ratios as provided for the operation of such health departments pursuant to § 32.1-31. Such funds shall be transmitted to the local or district health departments on a quarterly basis.

D. In addition to factors related to the Board's responsibilities for the safe and sanitary treatment and disposal of sewage as they affect the public health and welfare, the Board shall, in establishing standards, give due consideration to economic costs of such standards in accordance with the applicable provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

E. Further a fee of \$75 shall be charged for such installation and monitoring inspections of alternative discharging sewage systems as may be required by the Board. The funds received in payment of such fees shall be credited to a special fund to be appropriated by the General Assembly, as it deems necessary, to the Department for the purpose of carrying out the provisions of this section. However, \$10 of each fee shall be credited to the Onsite Sewage Indemnification Fund established pursuant to § 32.1-164.1:01.

The Board, in its regulations, shall establish a procedure for the waiver of fees for persons whose incomes are below the federal poverty guidelines established by the United States Department of Health and Human Services.

F. Any owner who violates any provision of this section or any regulation of the Board of Health or the State Water Control Board relating to alternative discharging sewage systems or who fails to comply with any order of the Board of Health or any special final order of the State Water Control Board shall be subject to the penalties provided in §§ 32.1-27 and 62.1-44.32.

In the event that a county, city, or town, or its agent, is the owner, the county, city, or town, or its agent may initiate a civil action against any user or users of an alternative discharging sewage system to recover that portion of any civil penalty imposed against the owner which directly resulted from violations by the user or users of any applicable federal, state, or local laws, regulations, or ordinances.

G. The Board shall establish and implement procedures for issuance of letters recognizing the appropriateness of onsite sewage site conditions in lieu of issuing onsite sewage system permits. The Board may require that a survey plat be included with an application for such letter. Such letters shall state, in language determined by the Office of the Attorney General and approved by the Board, the appropriateness of the soil for an onsite sewage system; no system design shall be required for issuance of such letter. The letter may be recorded in the land records of the clerk of the circuit court in the jurisdiction where all or part of the site or proposed site of the onsite sewage system is to be located so as to be a binding notice to the public, including subsequent purchases of the land in question. Upon the sale or transfer of the land which is the subject of any letter, the letter shall be transferred with the title to the property. A permit shall be issued on the basis of such letter unless, from the date of the letter's issuance, there has been a substantial, intervening change in the soil or site conditions where the onsite sewage system is to be located. The Board, Commissioner, and the Department shall accept evaluations from licensed onsite soil evaluators for the issuance of such letters, if they are produced in accordance with the Board's established procedures for issuance of letters. The Department shall issue such letters within 20 working days of the application filing date when evaluations produced by licensed onsite soil evaluators are submitted as supporting documentation. The Department shall not be required to do a field check of the evaluation prior to issuing such a letter or a permit based on such letter; however, the Department may conduct such field analyses as deemed necessary to protect the integrity of the Commonwealth's environment. Applicants for such letters in lieu of onsite sewage system permits shall pay the fee established by the Board for the letters' issuance and, upon application for an onsite sewage system permit, shall pay the permit application fee.

H. The Board shall establish a program for the operation and maintenance of alternative onsite systems. The program shall require:

1. The owner of an alternative onsite sewage system, as defined in § 32.1-163, to have that system operated by a licensed operator, as defined in § 32.1-163, and visited by the operator as specified in the operation permit;

2. The licensed operator to provide a report on the results of the site visit utilizing the web-based system required by this subsection. A fee of \$1 shall be paid by the licensed operator at the time the report is filed. Such fees shall be credited to the Onsite Operation and Maintenance Fund established pursuant to § 32.1-164.8;

3. A statewide web-based reporting system to track the operation, monitoring, and maintenance requirements of each system, including its components. The system shall have the capability for pre-notification of operation, maintenance, or monitoring to the operator or owner. Licensed operators shall be required to enter their reports onto the system. The Department of Health shall utilize the system to provide for compliance monitoring of operation and maintenance requirements throughout the state. The Commissioner shall consider readily available commercial systems currently utilized within the Commonwealth; and

4. Any additional requirements deemed necessary by the Board.

I. The Board shall promulgate regulations governing the requirements for maintaining alternative onsite sewage systems.

J. The Board shall establish a uniform schedule of civil penalties for violations of (i) regulations promulgated pursuant to subsection B and (ii) *onsite treatment system pump-out requirements promulgated pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) in localities in which compliance with such onsite treatment system pump-out requirements is managed and enforced by the Department* that are not remedied within 30 days after service of notice from the Department. Civil penalties collected pursuant to this chapter shall be credited to the Environmental Health Education and Training Fund established pursuant to § 32.1-248.3.

This schedule of civil penalties shall be uniform for each type of specified violation, and the penalty for any one violation shall be not more than \$100 for the initial violation and not more than \$150 for each additional violation. Each day during which the violation is found to have existed shall constitute a separate offense. However, specified violations arising from the same operative set of facts shall not be charged more than once in any 10-day period, and a series of specified violations arising from the same operative set of facts shall not result in civil penalties exceeding a total of \$3,000. Penalties shall not apply to unoccupied structures which do not contribute to the pollution of public or private water supplies or the contraction or spread of infectious, contagious, or dangerous diseases. The Department may pursue other remedies as provided by law; however, designation of a particular violation for a civil penalty pursuant to this section shall be in lieu of criminal penalties, except for any violation that contributes to or is likely to contribute to the pollution of public or private water supplies or the contraction or spread of infectious, contagious, or dangerous diseases.

The Department may issue a civil summons ticket as provided by law for a scheduled violation. Any person summoned or issued a ticket for a scheduled violation may make an appearance in person or in writing by mail to the Department prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the offense charged.

If a person charged with a scheduled violation does not elect to enter a waiver of trial and admit liability, the violation shall be tried in the general district court with jurisdiction in the same manner and with the same right of appeal as provided for by law. In any trial for a scheduled violation, the Department shall have the burden of proving by a preponderance of the

evidence the liability of the alleged violator. An admission of liability or finding of liability under this section shall not be deemed an admission at a criminal proceeding.

This section shall not be interpreted to allow the imposition of civil penalties for activities related to land development.

K. The Department shall establish procedures for requiring a survey plat as part of an application for a permit or letter for any onsite sewage or alternative discharging sewage system, and for granting waivers for such requirements. In all cases, it shall be the landowner's responsibility to ensure that the system is properly located as permitted.

L. Effective July 1, 2023, requirements promulgated under the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) directly related to compliance with onsite sewage treatment system pump-outs shall be managed and enforced by the Department in Accomack, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland Counties, and the incorporated towns within those counties. Licensed operators conducting onsite sewage treatment system pump-outs pursuant to requirements promulgated under the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) in localities managed and enforced by the Department shall provide a report on the results of the site visit using a web-based reporting system developed by the Department. Any person who violates the onsite treatment system pump-out requirements promulgated pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) in a locality in which compliance with such onsite treatment system pump-out requirements is managed and enforced by the Department is guilty of a Class 3 misdemeanor.

§ 62.1-44.15:72. Board to develop criteria.

A. In order to implement the provisions of this article and to assist counties, cities, and towns in regulating the use and development of land and in protecting the quality of state waters, the Board shall promulgate regulations that establish criteria for use by local governments to determine the ecological and geographic extent of Chesapeake Bay Preservation Areas. The Board shall also promulgate regulations that establish criteria for use by local governments in granting, denying, or modifying requests to rezone, subdivide, or use and develop land in these areas.

B. In developing and amending the criteria, the Board shall consider all factors relevant to the protection of water quality from significant degradation as a result of the use and development of land. The criteria shall incorporate measures such as performance standards, best management practices, and various planning and zoning concepts to protect the quality of state waters while allowing use and development of land consistent with the provisions of this chapter. The criteria adopted by the Board, operating in conjunction with other state water quality programs, shall encourage and promote (i) protection of existing high quality state waters and restoration of all other state waters to a condition or quality that will permit all reasonable public uses and will support the propagation and growth of all aquatic life, including game fish, that might reasonably be expected to inhabit them; (ii) safeguarding of the clean waters of the Commonwealth from pollution; (iii) prevention of any increase in pollution; (iv) reduction of existing pollution; (v) preservation of mature trees or planting of trees as a water quality protection tool and as a means of providing other natural resource benefits; (vi) coastal resilience and adaptation to sea-level rise and climate change; and (vii) promotion of water resource conservation in order to provide for the health, safety, and welfare of the present and future citizens of the Commonwealth.

C. Prior to the development or amendment of criteria, the Board shall give due consideration to, among other things, the economic and social costs and benefits that can reasonably be expected to obtain as a result of the adoption or amendment of the criteria.

D. In developing such criteria the Board may consult with and obtain the comments of any federal, state, regional, or local agency that has jurisdiction by law or special expertise with respect to the use and development of land or the protection of water. The Board shall give due consideration to the comments submitted by such federal, state, regional, or local agencies.

E. In developing such criteria, the Board shall provide that any locality in a Chesapeake Bay Preservation Area that allows the owner of an ~~on-site~~ onsite sewage treatment system not requiring a Virginia Pollutant Discharge Elimination System permit to submit documentation in lieu of proof of septic tank pump-out shall require such owner to have such documentation certified by an operator or ~~on-site~~ onsite soil evaluator licensed or certified under Chapter 23 (§ 54.1-2300 et seq.) of Title 54.1 as being qualified to operate, maintain, or design ~~on-site~~ onsite sewage systems.

F. In developing such criteria, the Board shall not require the designation of a Resource Protection Area (RPA) as defined according to the criteria developed by the Board, adjacent to a daylighted stream. However, a locality that elects not to designate an RPA adjacent to a daylighted stream shall use a water quality impact assessment to ensure that proposed development on properties adjacent to the daylighted stream does not result in the degradation of the stream. The water quality impact assessment shall (i) be consistent with the Board's criteria for water quality assessments in RPAs, (ii) identify the impacts of the proposed development on water quality, and (iii) determine specific measures for the mitigation of those impacts. The objective of this assessment is to ensure that practices on properties adjacent to daylighted streams are effective in retarding runoff, preventing erosion, and filtering nonpoint source pollution. The specific content for the water quality impact assessment shall be established and implemented by any locality that chooses not to designate an RPA adjacent to a daylighted stream. Nothing in this subsection shall limit a locality's authority to include a daylighted stream within the extent of an RPA.

G. Effective July 1, 2014, requirements promulgated under this article directly related to compliance with the erosion and sediment control and stormwater management provisions of this chapter and regulated under the authority of those provisions shall cease to have effect.

H. Effective July 1, 2023, requirements promulgated under this article directly related to compliance with onsite sewage system pump-outs shall be managed and enforced by the Department of Health in Accomack, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland Counties, and the incorporated towns within those counties.

2. That the Department of Health (the Department) shall provide outreach and education to homeowners to ensure compliance with onsite sewage treatment system pump-out requirements adopted pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq. of the Code of Virginia). The Department shall provide to the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health an interim report by December 1, 2024, and a final report by December 1, 2025, on compliance with such onsite sewage treatment system pump-out requirements in the localities specified in subsection L of § 32.1-164 of the Code of Virginia, as amended by this act, and subsection H of § 62.1-44.15:72 of the Code of Virginia, as amended by this act, and the incorporated towns within such localities. Such reports shall also include recommendations to improve compliance with onsite sewage treatment system pump-out requirements adopted pursuant to the Chesapeake Bay Preservation Act.

CHAPTER 487

An Act to amend and reenact § 3.2-300 of the Code of Virginia, relating to definition of agricultural operation.

[S 678]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 3.2-300 of the Code of Virginia is amended and reenacted as follows:

§ 3.2-300. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Agricultural operation" means any operation devoted to the bona fide production of crops, or animals, or fowl including the production of fruits and vegetables of all kinds; meat, dairy, and poultry products; nuts, tobacco, nursery, and floral products; and the production and harvest of products from silviculture activity. *It shall also include the housing of livestock, as defined in § 3.2-6500.*

"Production agriculture and silviculture" means the bona fide production or harvesting of agricultural or silvicultural products but shall not include the processing of agricultural or silvicultural products or the above ground application or storage of sewage sludge.

2. That the provisions of this act are declarative of existing law.

CHAPTER 488

An Act to direct the Department of Energy to study the development of advanced small modular reactors in the Commonwealth and consider minimizing impacts on prime farmland a key priority in completing its Virginia Energy Plan, to direct the Virginia Cooperative Extension to create a map or repository of prime farmland in the Commonwealth, and to direct the State Corporation Commission to develop a program to encourage and expedite infrastructure investments by investor-owned electric utilities in certain industrial sites.

[H 894]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. § 1. *The Department of Energy, in cooperation with the Virginia Nuclear Energy Consortium Authority, shall convene a stakeholder work group to identify strategies and any needed public policies, including statutory or regulatory changes, for promoting the development of advanced small modular reactors in the Commonwealth.*

§ 2. *The Department of Energy shall consider the economic development of rural Virginia while minimizing the impact on prime farmland, as defined in § 3.2-205 of the Code of Virginia, a key priority in completing its update to the Virginia Energy Plan scheduled for 2022.*

§ 3. *The Virginia Cooperative Extension shall work to develop a map or repository of prime farmland and in doing so shall consult with relevant and necessary state agencies, including the Department of Agriculture and Consumer Services, the Department of Forestry, the Department of Conservation and Recreation, and the Department of Energy. Such agencies shall provide assistance, including access to relevant data or information for purposes of developing a map or repository of prime farmland, as defined in § 3.2-205 of the Code of Virginia, to the Virginia Cooperative Extension upon request. The Virginia Cooperative Extension may enter into agreements with private nonprofit groups for the purpose of gathering additional data to identify land with conservation easements or agricultural potential and land that would be more suitable for development with solar energy collection devices or energy storage devices. The Virginia Cooperative Extension may work with Phase I and Phase II Utilities to identify relevant distribution and transmission grid information to further assist localities in siting determinations regarding solar energy collection devices or energy storage devices. Such electric*

distribution and transmission grid information shall not be subject to the disclosure requirements of the Virginia Freedom of Information Act (§ 2.2-3700 et seq. of the Code of Virginia). The Virginia Cooperative Extension shall submit to the Governor and the General Assembly an initial report on the development of a map or repository for prime farmland, as required by the provisions of this enactment, no later than December 1, 2022. Such report shall include recommendations for the appropriate permanent location for such map or repository, methods by which such map or repository can be made available for public use, and the estimated initial and ongoing costs to be incurred in maintaining such map or repository. The development of the report and recommendations by the Virginia Cooperative Extension shall be funded either privately or through appropriations designated for specified activities required by this enactment.

§ 4. That, in furtherance of economic development in the Commonwealth, the State Corporation Commission (the Commission) shall develop a program to encourage and expedite infrastructure investments by a Phase I Utility or Phase II Utility, as those terms are defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, in industrial sites determined to be relevant and in high demand by the Virginia Economic Development Partnership (VEDP). In developing such program, the Commission may consider best practices in key competitor states, as identified by VEDP. The Commission shall also consider, but is not limited by, the provisions of the existing pilot program established in § 56-585.1:10 of the Code of Virginia. § 10.1-602. Powers and duties of Department.

The Department shall:

1. Develop a ~~flood protection plan~~ *Virginia Flood Protection Master Plan (the Plan)* for the Commonwealth. This ~~plan~~ *Plan* shall be a place-specific plan for mitigating severe and repetitive flooding and shall, at a minimum, (i) base decision making on the best-available science; (ii) identify and address socioeconomic inequities and strive to enhance equity through the adaptation and protection measures by considering all areas of recurrent flooding; (iii) recognize the importance of protecting and enhancing natural infrastructure and nature-based approaches to flood mitigation, when possible; (iv) utilize community and regional scale planning to the maximum extent possible, seeking region-specific approaches tailored to the needs of individual communities; and (v) include an understanding of fiscal realities and focus on cost-effective solutions for the protection and adaptation of communities, businesses, and critical infrastructure. The *Plan* shall include, at a minimum:

- a. An inventory of flood-prone areas;
- b. An inventory of flood protection studies;
- c. A record of flood damages;
- d. Strategies to prevent or mitigate flood damage; and
- e. The collection and distribution of information relating to flooding and flood plain management.

The ~~flood protection plan~~ *Plan* shall be reviewed and updated by the Department on a regular basis, but at least once every five years, and for each of the items listed in provisions a through e, the plan shall state when that provision was last updated and when the next update is planned. The plan shall be maintained in an online format so as to be easily accessed by other government entities and by the public. The online plan shall contain links to the most current information available from other federal, state, and local sources. All agencies of the Commonwealth shall provide assistance to the Department upon request.

2. Serve as the coordinator of all flood protection programs and activities in the Commonwealth, including the coordination of federal flood protection programs administered by the United States Army Corps of Engineers, the United States Department of Agriculture, the Federal Emergency Management Agency, the United States Geological Survey, the Tennessee Valley Authority, other federal agencies and local governments.

3. Make available flood and flood damage reduction data to localities for planning purposes, in order to assure necessary local participation in the planning process and in the selection of desirable alternatives which will fulfill the intent of this article. This shall include the development of a data base to include (i) all flood protection projects implemented by federal agencies and (ii) the estimated value of property damaged by major floods.

4. Assist localities in their management of flood plain activities in cooperation with the Department of Housing and Community Development.

5. Carry out the provisions of this article in a manner which will ensure that the management of flood plains will preserve the capacity of the flood plain to carry and discharge a hundred year flood.

6. Make, in cooperation with localities, periodic inspections to determine the effectiveness of local flood plain management programs, including an evaluation of the enforcement of and compliance with local flood plain management ordinances, rules and regulations.

7. Coordinate with the United States Federal Emergency Management Agency to ensure current knowledge of the identification of flood-prone communities and of the status of applications made by localities to participate in the National Flood Insurance Program.

8. Establish guidelines which will meet minimum requirements of the National Flood Insurance Program in furtherance of the policy of the Commonwealth to assure that all citizens living in flood-prone areas may have the opportunity to indemnify themselves from flood losses through the purchase of flood insurance under the regular flood insurance program of the National Flood Insurance Act of 1968 as amended.

12. *Ensure that the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan are integrated.*

§ 10.1-658. State interest in resilience and flood control.

A. The General Assembly declares that storm events and rising tidal waters cause recurrent flooding of Virginia's land resources and result in the loss of life, damage to property, unsafe and unsanitary conditions and the disruption of commerce

and government services, placing at risk the health, safety and welfare of those citizens living in flood-prone areas of the Commonwealth. Flood waters disregard jurisdictional boundaries, and the public interest requires the management of flood-prone areas in a manner which prevents injuries to persons, damage to property and pollution of state waters.

B. The General Assembly, ~~therefore~~, supports and encourages those measures which prevent, mitigate, and alleviate the effects of *sea level rise*, stormwater surges, and *all causes of recurrent flooding*; and declares that the expenditure of public funds and any obligations incurred in the development of flood control and other civil works projects, the benefits of which may accrue to any county, municipality, or region in the Commonwealth, are necessary expenses of local and state government. *The General Assembly shall prioritize measures that use community-scale and regional-scale planning, protect and enhance natural and nature-based approaches, address socioeconomic inequities, and enhance equity through flood resilience and preparedness.*

C. *The General Assembly supports and encourages flood resilience through implementation of the Virginia Coastal Resilience Master Plan and implementation of the Virginia Flood Protection Master Plan developed pursuant to § 10.1-602.*

D. *The Department shall be responsible for the implementation of the Virginia Coastal Resilience Master Plan and Virginia Flood Protection Master Plan and shall serve as the lead administrator.*

E. *The Virginia Coastal Resilience Master Plan shall be updated at least every five years; shall, at a minimum, be a place-specific plan for mitigating severe and repetitive flooding; and shall, at a minimum, (i) base decision making on the best-available science; (ii) identify and address socioeconomic inequities and strive to enhance equity through the adaptation and protection measures by considering all areas of recurrent flooding; (iii) recognize the importance of protecting and enhancing natural infrastructure and nature-based approaches to flood mitigation, when possible; (iv) utilize community and regional scale planning to the maximum extent possible, seeking region-specific approaches tailored to the needs of individual communities; and (v) include an understanding of fiscal realities and focus on cost-effective solutions for the protection and adaptation of communities, businesses, and critical infrastructure.*

§ 10.1-659. Flood protection programs; coordination.

A. The provisions of this chapter shall be coordinated with the Virginia Coastal Resilience Master Plan, *the Virginia Flood Protection Master Plan*, and federal, state, and local flood prevention and water quality programs to minimize loss of life, property damage, and negative impacts on the environment. This program coordination shall include but not be limited to the following: flood prevention, flood plain management, small watershed protection, dam safety, shoreline erosion and public beach preservation, and soil conservation programs of the Department of Conservation and Recreation; the construction activities of the Department of Transportation, including projects that result in hydrologic modification of rivers, streams, and flood plains; the nontidal wetlands, water quality, Chesapeake Bay Preservation Area criteria, stormwater management, erosion and sediment control, and other water management programs of the State Water Control Board; the Virginia Coastal Zone Management Program at the Department of Environmental Quality; forested watershed management programs of the Department of Forestry; the agricultural stewardship, farmland preservation, and disaster assistance programs of the Department of Agriculture and Consumer Services; the statewide building code and other land use control programs of the Department of Housing and Community Development; the habitat management programs of the Virginia Marine Resources Commission; the hazard mitigation planning and disaster response programs of the Department of Emergency Management; the fish *and wildlife* habitat protection programs of the Department of Wildlife Resources; the mineral extraction regulatory program of the Department of Energy; the flood plain restrictions of the Virginia Waste Management Board; flooding-related research programs of the state universities; local government assistance programs of the Virginia Soil and Water Conservation Board; the Virginia Antiquities Act program of the Department of Historic Resources; *the public health and preparedness programs of the Virginia Department of Health; the State Council of Higher Education for Virginia; the State Corporation Commission; and any other state agency programs deemed necessary by the Director, the Chief Resilience Officer of the Commonwealth, and the Special Assistant to the Governor for Coastal Adaptation and Protection.* The Department shall also coordinate with soil and water conservation districts, Virginia Cooperative Extension agents, and planning district commissions, and shall coordinate and cooperate with localities in rendering assistance to such localities in their efforts to comply with the planning, subdivision of land, and zoning provisions of Chapter 22 (§ 15.2-2200 et seq.) of Title 15.2.

B. The Director ~~and either~~, *in coordination with the Special Assistant to the Governor for Coastal Adaptation and Protection or the Chief Resilience Officer, shall jointly hold meetings of representatives of these the programs, entities, and localities described in subsection A at least annually* in order to determine, coordinate, and prioritize the Commonwealth's efforts and expenditures to increase flooding resilience *and flood preparedness and to implement the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan. The Department shall review any revisions to the Virginia Flood Protection Master Plan and provide an update on the progress of the implementation of the Virginia Coastal Resilience Master Plan at any such meetings.* The Department shall cooperate with other public and private agencies having flood plain management programs and shall coordinate its responsibilities under this article and any other law. CHAPTER 495

An Act to amend and reenact §§ 2.2-222.4, 10.1-602, 10.1-658, and 10.1-659 of the Code of Virginia, relating to flood resiliency and protection.

[S 551]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-222.4, 10.1-602, 10.1-658, and 10.1-659 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-222.4. Chief Resilience Officer.

A. The Governor shall designate a Chief Resilience Officer. The Chief Resilience Officer shall serve as the primary coordinator of resilience and adaptation initiatives in Virginia and as the primary point of contact regarding issues related to resilience and recurrent flooding. The Chief Resilience Officer shall be equally responsible for all urban, suburban, and rural areas of the Commonwealth.

B. The Chief Resilience Officer, in consultation with the Special Assistant to the Governor for Coastal Adaptation and Protection, shall:

1. Identify and monitor those areas of the Commonwealth that are at greatest risk from recurrent flooding and increased future flooding and recommend actions that both the private and public sectors should consider in order to increase the resilience of such areas;

2. Upon the request of any locality in the Commonwealth in which is located a substantial flood defense or catchment area, including a levee, reservoir, dam, catch basin, or wetland or lake improved or constructed for the purpose of flood control, review and comment on plans for the construction or substantial reinforcement of such flood defense or catchment area; and

3. Initiate and assist with the pursuit of funding opportunities for resilience initiatives at both the state and local levels and help to oversee and coordinate funding initiatives of all agencies of the Commonwealth.

4. *Beginning July 1, 2023, and every two years thereafter, report to the Governor and the General Assembly on the status of flood resilience in the Commonwealth. The report shall serve as an evaluation of flood protection for critical infrastructure, including human and natural infrastructure. The report shall identify risks to critical transportation, energy, communication, water and food supply, waste management, health, and emergency services infrastructure. The report shall also include the status of flood resilience planning. In preparing the report, the Chief Resilience Officer shall also coordinate with the Director of Diversity, Equity, and Inclusion and shall be assisted by all relevant Secretariats and agencies.*

§ 10.1-602. Powers and duties of Department.

The Department shall:

1. Develop a ~~flood protection plan~~ *Virginia Flood Protection Master Plan (the Plan)* for the Commonwealth. This ~~plan~~ *Plan shall be a place-specific plan for mitigating severe and repetitive flooding and shall, at a minimum, (i) base decision making on the best-available science; (ii) identify and address socioeconomic inequities and strive to enhance equity through the adaptation and protection measures by considering all areas of recurrent flooding; (iii) recognize the importance of protecting and enhancing natural infrastructure and nature-based approaches to flood mitigation, when possible; (iv) utilize community and regional scale planning to the maximum extent possible, seeking region-specific approaches tailored to the needs of individual communities; and (v) include an understanding of fiscal realities and focus on cost-effective solutions for the protection and adaptation of communities, businesses, and critical infrastructure. The Plan shall include, at a minimum:*

- a. An inventory of flood-prone areas;
- b. An inventory of flood protection studies;
- c. A record of flood damages;
- d. Strategies to prevent or mitigate flood damage; and
- e. The collection and distribution of information relating to flooding and flood plain management.

The ~~flood protection plan~~ *Plan* shall be reviewed and updated by the Department on a regular basis, but at least once every five years, and for each of the items listed in provisions a through e, the plan shall state when that provision was last updated and when the next update is planned. The plan shall be maintained in an online format so as to be easily accessed by other government entities and by the public. The online plan shall contain links to the most current information available from other federal, state, and local sources. All agencies of the Commonwealth shall provide assistance to the Department upon request.

2. Serve as the coordinator of all flood protection programs and activities in the Commonwealth, including the coordination of federal flood protection programs administered by the United States Army Corps of Engineers, the United States Department of Agriculture, the Federal Emergency Management Agency, the United States Geological Survey, the Tennessee Valley Authority, other federal agencies and local governments.

3. Make available flood and flood damage reduction data to localities for planning purposes, in order to assure necessary local participation in the planning process and in the selection of desirable alternatives which will fulfill the intent of this article. This shall include the development of a data base to include (i) all flood protection projects implemented by federal agencies and (ii) the estimated value of property damaged by major floods.

4. Assist localities in their management of flood plain activities in cooperation with the Department of Housing and Community Development.

5. Carry out the provisions of this article in a manner which will ensure that the management of flood plains will preserve the capacity of the flood plain to carry and discharge a hundred year flood.

6. Make, in cooperation with localities, periodic inspections to determine the effectiveness of local flood plain management programs, including an evaluation of the enforcement of and compliance with local flood plain management ordinances, rules and regulations.

7. Coordinate with the United States Federal Emergency Management Agency to ensure current knowledge of the identification of flood-prone communities and of the status of applications made by localities to participate in the National Flood Insurance Program.

8. Establish guidelines which will meet minimum requirements of the National Flood Insurance Program in furtherance of the policy of the Commonwealth to assure that all citizens living in flood-prone areas may have the opportunity to indemnify themselves from flood losses through the purchase of flood insurance under the regular flood insurance program of the National Flood Insurance Act of 1968 as amended.

9. Subject to the provisions of the Appropriations Act, provide financial and technical assistance to localities in an amount not to exceed fifty percent of the nonfederal costs of flood protection projects.

10. *Serve as the lead administrator for the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan.*

11. *Implement the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan.*

12. *Ensure that the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan are integrated.*

§ 10.1-658. State interest in resilience and flood control.

A. The General Assembly declares that storm events and rising tidal waters cause recurrent flooding of Virginia's land resources and result in the loss of life, damage to property, unsafe and unsanitary conditions and the disruption of commerce and government services, placing at risk the health, safety and welfare of those citizens living in flood-prone areas of the Commonwealth. Flood waters disregard jurisdictional boundaries, and the public interest requires the management of flood-prone areas in a manner which prevents injuries to persons, damage to property and pollution of state waters.

B. The General Assembly, ~~therefore,~~ supports and encourages those measures which prevent, mitigate, and alleviate the effects of *sea level rise*, stormwater surges, and *all causes of recurrent flooding*; and declares that the expenditure of public funds and any obligations incurred in the development of flood control and other civil works projects, the benefits of which may accrue to any county, municipality, or region in the Commonwealth, are necessary expenses of local and state government. *The General Assembly shall prioritize measures that use community-scale and regional-scale planning, protect and enhance natural and nature-based approaches, address socioeconomic inequities, and enhance equity through flood resilience and preparedness.*

C. *The General Assembly supports and encourages flood resilience through implementation of the Virginia Coastal Resilience Master Plan and implementation of the Virginia Flood Protection Master Plan developed pursuant to § 10.1-602.*

D. *The Department shall be responsible for the implementation of the Virginia Coastal Resilience Master Plan and Virginia Flood Protection Master Plan and shall serve as the lead administrator.*

E. *The Virginia Coastal Resilience Master Plan shall be updated at least every five years; shall, at a minimum, be a place-specific plan for mitigating severe and repetitive flooding; and shall, at a minimum, (i) base decision making on the best-available science; (ii) identify and address socioeconomic inequities and strive to enhance equity through the adaptation and protection measures by considering all areas of recurrent flooding; (iii) recognize the importance of protecting and enhancing natural infrastructure and nature-based approaches to flood mitigation, when possible; (iv) utilize community and regional scale planning to the maximum extent possible, seeking region-specific approaches tailored to the needs of individual communities; and (v) include an understanding of fiscal realities and focus on cost-effective solutions for the protection and adaptation of communities, businesses, and critical infrastructure.*

§ 10.1-659. Flood protection programs; coordination.

A. The provisions of this chapter shall be coordinated with the Virginia Coastal Resilience Master Plan, *the Virginia Flood Protection Master Plan*, and federal, state, and local flood prevention and water quality programs to minimize loss of life, property damage, and negative impacts on the environment. This program coordination shall include but not be limited to the following: flood prevention, flood plain management, small watershed protection, dam safety, shoreline erosion and public beach preservation, and soil conservation programs of the Department of Conservation and Recreation; the construction activities of the Department of Transportation, including projects that result in hydrologic modification of rivers, streams, and flood plains; the nontidal wetlands, water quality, Chesapeake Bay Preservation Area criteria, stormwater management, erosion and sediment control, and other water management programs of the State Water Control Board; the Virginia Coastal Zone Management Program at the Department of Environmental Quality; forested watershed management programs of the Department of Forestry; the agricultural stewardship, farmland preservation, and disaster assistance programs of the Department of Agriculture and Consumer Services; the statewide building code and other land use control programs of the Department of Housing and Community Development; the habitat management programs of the Virginia Marine Resources Commission; the hazard mitigation planning and disaster response programs of the Department of Emergency Management; the fish *and wildlife* habitat protection programs of the Department of Wildlife Resources; the mineral extraction regulatory program of the Department of Energy; the flood plain restrictions of the Virginia Waste Management Board; flooding-related research programs of the state universities; local government assistance programs of the Virginia Soil and Water Conservation Board; the Virginia Antiquities Act program of the Department of Historic

Resources; the public health and preparedness programs of the Virginia Department of Health; the State Council of Higher Education for Virginia; the State Corporation Commission; and any other state agency programs deemed necessary by the Director, the Chief Resilience Officer of the Commonwealth, and the Special Assistant to the Governor for Coastal Adaptation and Protection. The Department shall also coordinate with soil and water conservation districts, Virginia Cooperative Extension agents, and planning district commissions, and shall coordinate and cooperate with localities in rendering assistance to such localities in their efforts to comply with the planning, subdivision of land, and zoning provisions of Chapter 22 (§ 15.2-2200 et seq.) of Title 15.2.

B. The Director ~~and either~~, in coordination with the Special Assistant to the Governor for Coastal Adaptation and Protection ~~or~~ and the Chief Resilience Officer, shall ~~jointly~~ hold meetings of representatives of ~~these~~ the programs, entities, and localities described in subsection A at least annually in order to determine, coordinate, and prioritize the Commonwealth's efforts and expenditures to increase flooding resilience and flood preparedness and to implement the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan. The Department shall review any revisions to the Virginia Flood Protection Master Plan and provide an update on the progress of the implementation of the Virginia Coastal Resilience Master Plan at any such meetings. The Department shall cooperate with other public and private agencies having flood plain management programs and shall coordinate its responsibilities under this article and any other law. CHAPTER 496

An Act to amend and reenact § 58.1-3661 of the Code of Virginia, relating to local tax; solar facility exemption.

[S 686]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3661 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3661. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices.

A. Any solar facility installed pursuant to subsections A or B of § 15.2-2288.7 with a nameplate rated electrical generating capacity measured in direct current kilowatts of not more than 25 kilowatts is hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. Such facilities shall be wholly exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. Certified solar energy equipment, facilities, or devices and certified recycling equipment, facilities, or devices, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. The governing body of any county, city or town may, by ordinance, exempt or partially exempt such property from local taxation in the manner provided by subsection ~~D~~ E.

~~B- C.~~ As used in this section:

"Certified recycling equipment, facilities, or devices" means machinery and equipment which is certified by the Department of Environmental Quality as integral to the recycling process and for use primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth, and used in manufacturing facilities or plant units which manufacture, process, compound, or produce for sale recyclable items of tangible personal property at fixed locations in the Commonwealth.

"Certified solar energy equipment, facilities, or devices" means any property, including real or personal property, equipment, facilities, or devices, excluding any portion of such property that is exempt under § 58.1-3660, certified by the local certifying authority to be designed and used primarily for the purpose of collecting, generating, transferring, or storing thermal or electric energy.

"Local certifying authority" means the local building departments or the Department of Environmental Quality. The State Board of Housing and Community Development shall promulgate regulations setting forth criteria for certifiable solar energy equipment. The Department of Environmental Quality shall promulgate regulations establishing criteria for recycling equipment, facilities, or devices.

~~C- D.~~ Any person residing in a county, city or town which has adopted an ordinance pursuant to subsection ~~A B~~ may proceed to have solar energy equipment, facilities, or devices certified as exempt, wholly or partially, from taxation by applying to the local building department. If, after examination of such equipment, facility, or device, the local building department determines that the unit primarily performs any of the functions set forth in subsection ~~B C~~ and conforms to the requirements set by regulations of the Board of Housing and Community Development, such department shall approve and certify such application. The local department shall forthwith transmit to the local assessing officer those applications properly approved and certified by the local building department as meeting all requirements qualifying such equipment, facility, or device for exemption from taxation. Any person aggrieved by a decision of the local building department may appeal such decision to the local board of building code appeals, which may affirm or reverse such decision.

~~D- E.~~ Upon receipt of the certificate from the local building department or the Department of Environmental Quality, the local assessing officer shall, if such local ordinance is in effect, proceed to determine the value of such qualifying solar energy equipment, facilities, or devices or certified recycling equipment, facilities, or devices. The exemption provided by this section shall be determined by applying the local tax rate to the value of such equipment, facilities, or devices and subtracting such amount, wholly or partially, either (i) from the total real property tax due on the real property to which such equipment, facilities, or devices are attached or (ii) if such equipment, facilities, or devices are taxable as machinery and

tools under § 58.1-3507, from the total machinery and tools tax due on such equipment, facilities, or devices, at the election of the taxpayer. This exemption shall be effective beginning in the next succeeding tax year and shall be permitted for a term of not less than five years; however, if the taxpayer installs equipment, facilities, or devices and obtains certification for such equipment, facilities, or devices within one year of installation, the locality may provide by ordinance that the exemption shall be effective as of the date of installation, and if the taxpayer has paid any taxes on such equipment, facilities, or devices, the locality shall reimburse the taxpayer for any such taxes paid. In the event the locality assesses real estate pursuant to § 58.1-3292, the exemption shall be first effective when such real estate is first assessed, but not prior to the date of such application for exemption.

~~E. F.~~ It shall be presumed for purposes of the administration of ordinances pursuant to this section, and for no other purposes, that the value of such qualifying solar energy equipment, facilities, and devices is not less than the normal cost of purchasing and installing such equipment, facilities, and devices.

2. That the provisions of this act shall become effective on January 1, 2023.

CHAPTER 497

An Act to amend and reenact § 65.2-406 of the Code of Virginia, relating to workers' compensation; limitation upon filing a claim.

[H 1042]

Approved April 11, 2022

1. That § 65.2-406 of the Code of Virginia is amended and reenacted as follows:

§ 65.2-406. Limitation upon claim; diseases covered by limitation.

A. The right to compensation under this chapter shall be forever barred unless a claim is filed with the Commission within one of the following time periods:

1. For coal miners' pneumoconiosis, three years after a diagnosis of the disease, as category 1/0 or greater as classified under the current International Labour Office Classification of Radiographs of the Pneumoconiosis, is first communicated to the employee or the legal representative of his estate or within five years from the date of the last injurious exposure in employment, whichever first occurs;

2. For byssinosis, two years after a diagnosis of the disease is first communicated to the employee or within seven years from the date of the last injurious exposure in employment, whichever first occurs;

3. For asbestosis, two years after a diagnosis of the disease is first communicated to the employee;

4. For symptomatic or asymptomatic infection with human immunodeficiency virus including acquired immunodeficiency syndrome, two years after a positive test for infection with human immunodeficiency virus;

5. For diseases directly attributable to the rescue and relief efforts at the Pentagon following the terrorist attack of September 11, 2001, two years after a diagnosis of the disease is first communicated to the employee; ~~or~~

6. For cancers listed in subsection C of § 65.2-402, two years after a diagnosis of the disease is first communicated to the employee or within 10 years from the date of the last injurious exposure in employment, whichever first occurs; or

7. For all other occupational diseases, two years after a diagnosis of the disease is first communicated to the employee or within five years from the date of the last injurious exposure in employment, whichever first occurs.

B. If death results from an occupational disease within any of such periods, the right to compensation under this chapter shall be barred, unless a claim therefor is filed with the Commission within three years after such death. The limitations imposed by this section as amended shall be applicable to occupational diseases contracted before and after July 1, 1962, and § 65.2-601 shall not apply to pneumoconiosis. The limitation on time of filing will cover all occupational diseases except:

1. Cataract of the eyes due to exposure to the heat and glare of molten glass or to radiant rays such as infrared;

2. Epitheliomatous cancer or ulceration of the skin or of the corneal surface of the eye due to pitch, tar, soot, bitumen, anthracene, paraffin, mineral oil, or their compounds, products or residues;

3. Radium disability or disability due to exposure to radioactive substances and X-rays;

4. Ulceration due to chrome compound or to caustic chemical acids or alkalies and undulant fever caused by the industrial slaughtering and processing of livestock and handling of hides;

5. Mesothelioma due to exposure to asbestos; and

6. Angiosarcoma of the liver due to vinyl chloride exposure.

C. A claim for benefits pursuant to subdivision A 6 made as a result of the diagnosis of a disease listed in subsection C of § 65.2-402 shall be barred if the employee is 65 years of age or older, regardless of the date of diagnosis, communication, or last injurious exposure in employment.

D. When a claim is made for benefits for a change of condition in an occupational disease, such as advance from one stage or category to another, a claim for change in condition must be filed with the Commission within three years from the date for which compensation was last paid for an earlier stage of the disease, except that a claim for benefits for a change in condition in asbestosis must be filed within two years from the date when diagnosis of the advanced stage is first communicated to the employee and no claim for benefits for an advanced stage of asbestosis shall be denied on the ground

that there has been no subsequent accident. For a first or an advanced stage of asbestosis or mesothelioma, if the employee is still employed in the employment in which he was injuriously exposed, the weekly compensation rate shall be based upon the employee's weekly wage as of the date of communication of the first or advanced stage of the disease, as the case may be. If the employee is unemployed, or employed in another employment, the weekly compensation rate shall be based upon the average weekly wage of a person of the same or similar grade and character in the same class of employment in which the employee was injuriously exposed and preferably in the same locality or community on the date of communication to the employee of the advanced stage of the disease or mesothelioma. The weekly compensation rates herein provided shall be subject to the same maximums and minimums as provided in § 65.2-500.

C. *A claim for benefits pursuant to subdivision A 6 made as a result of the diagnosis of a disease listed in subsection C of § 65.2-402 shall be barred if the employee is 65 years of age or older, regardless of the date of diagnosis, communication, or last injurious exposure in employment.*

D. When a claim is made for benefits for a change of condition in an occupational disease, such as advance from one stage or category to another, a claim for change in condition must be filed with the Commission within three years from the date for which compensation was last paid for an earlier stage of the disease, except that a claim for benefits for a change in condition in asbestosis must be filed within two years from the date when diagnosis of the advanced stage is first communicated to the employee and no claim for benefits for an advanced stage of asbestosis shall be denied on the ground that there has been no subsequent accident. For a first or an advanced stage of asbestosis or mesothelioma, if the employee is still employed in the employment in which he was injuriously exposed, the weekly compensation rate shall be based upon the employee's weekly wage as of the date of communication of the first or advanced stage of the disease, as the case may be. If the employee is unemployed, or employed in another employment, the weekly compensation rate shall be based upon

the average weekly wage of a person of the same or similar grade and character in the same class of employment in which the employee was injuriously exposed and preferably in the same locality or community on the date of communication to the employee of the advanced stage of the disease or mesothelioma. The weekly compensation rates herein provided shall be subject to the same maximums and minimums as provided in § 65.2-500.

For the purposes of this section, "drilling," "extraction," and "processing" shall include production, inspection, testing, dewatering, dehydration, or distillation of raw natural gas into a usable condition consistent with commercial practices, and the gathering and transportation of raw natural gas to a facility wherein the gas is converted into such a usable condition. Machinery, tools and equipment, or repair parts therefor or replacements thereof, shall be exempt if the preponderance of their use is directly in the drilling, extraction, refining, or processing of natural gas or oil for sale or resale, or in well area reclamation activities required by state or federal law.

13. Beginning July 1, 1997, (i) the sale, lease, use, storage, consumption, or distribution of an orbital or suborbital space facility, space propulsion system, space vehicle, satellite, or space station of any kind possessing space flight capability, including the components thereof, irrespective of whether such facility, system, vehicle, satellite, or station is returned to this Commonwealth for subsequent use, storage or consumption in any manner when used to conduct spaceport activities; (ii) the sale, lease, use, storage, consumption or distribution of tangible personal property placed on or used aboard any orbital or suborbital space facility, space propulsion system, space vehicle, satellite or space station of any kind, irrespective of whether such tangible personal property is returned to this Commonwealth for subsequent use, storage or consumption in any manner when used to conduct spaceport activities; (iii) fuels of such quality not adapted for use in ordinary vehicles, being produced for, sold and exclusively used for space flight when used to conduct spaceport activities; (iv) the sale, lease, use, storage, consumption or distribution of machinery and equipment purchased, sold, leased, rented or used exclusively for spaceport activities and the sale of goods and services provided to operate and maintain launch facilities, launch equipment, payload processing facilities and payload processing equipment used to conduct spaceport activities.

For purposes of this subdivision, "spaceport activities" means activities directed or sponsored at a facility owned, leased, or operated by or on behalf of the Virginia Commercial Space Flight Authority.

The exemptions provided by this subdivision shall not be denied by reason of a failure, postponement or cancellation of a launch of any orbital or suborbital space facility, space propulsion system, space vehicle, satellite or space station of any kind or the destruction of any launch vehicle or any components thereof.

14. Semiconductor cleanrooms or equipment, fuel, power, energy, supplies, or other tangible personal property used primarily in the integrated process of designing, developing, manufacturing, or testing a semiconductor product, a semiconductor manufacturing process or subprocess, or semiconductor equipment without regard to whether the property is actually contained in or used in a cleanroom environment, touches the product, is used before or after production, or is affixed to or incorporated into real estate.

15. Semiconductor wafers for use or consumption by a semiconductor manufacturer.

16. Railroad rolling stock when sold or leased by the manufacturer thereof.

17. Computer equipment purchased or leased on or before June 30, 2011, used in data centers located in a Virginia locality having an unemployment rate above 4.9 percent for the calendar quarter ending November 2007, for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware when part of a new investment of at least \$75 million in such exempt property, when such investment results in the creation of at least 100 new jobs paying at least twice the prevailing average wage in that locality, so long as such investment was made in accordance with a memorandum of understanding with the Virginia Economic Development Partnership Authority entered into or amended between January 1, 2008, and December 31, 2008. The exemption shall also apply to any such computer equipment purchased or leased to upgrade, add to, or replace computer equipment purchased or leased in the initial investment. The exemption shall not apply to any computer software sold separately from the computer equipment, nor shall it apply to general building improvements or fixtures.

18. a. Beginning July 1, 2010, and ending June 30, 2035, computer equipment or enabling software purchased or leased for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware, including chillers and backup generators used or to be used in the operation of the equipment exempted in this paragraph, provided that such computer equipment or enabling software is purchased or leased for use in a data center, which includes any data center facilities located in the same locality as the data center that are under common ownership or affiliation of the data center operator, that (i) is located in a Virginia locality; (ii) results in a new capital investment on or after January 1, 2009, of at least \$150 million; and (iii) results in the creation on or after July 1, 2009, of at least 50 new jobs by the data center operator and the tenants of the data center, collectively, associated with the operation or maintenance of the data center provided that such jobs pay at least one and one-half times the prevailing average wage in that locality. The requirement of at least 50 new jobs is reduced to 10 new jobs if the data center is located in a distressed locality at the time of the execution of a memorandum of understanding with the Virginia Economic Development Partnership Authority. Additionally, the requirement of a \$150 million capital investment shall be reduced to \$70 million for data centers that qualify for the reduced jobs requirement.

This exemption applies to the data center operator and the tenants of the data center if they collectively meet the requirements listed in this section. Prior to claiming such exemption, any qualifying person claiming the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the

qualifying data center or data center tenant claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

b. For purposes of this subdivision 18, "distressed locality" means:

1. From July 1, 2021, until July 1, 2023, any locality that had (i) an annual unemployment rate for calendar year 2019 that was greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for calendar year 2019 that exceeded the statewide average poverty rate for that year; and

2. From and after July 1, 2023, any locality that has (i) an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year.

c. For so long as a data center operator is claiming an exemption pursuant to this subdivision 18, such operator shall be required to submit an annual report to the Virginia Economic Development Partnership Authority on behalf of itself and, if applicable, its participating tenants that includes their employment levels, capital investments, average annual wages, qualifying expenses, and tax benefit, and such other information as the Virginia Economic Development Partnership Authority determines is relevant, pursuant to procedures developed by the Virginia Economic Development Partnership Authority. The annual report shall be submitted by the data center operator in a format prescribed by the Virginia Economic Development Partnership Authority. The Virginia Economic Development Partnership Authority shall share all information collected with the Department.

The Department, in collaboration with the Virginia Economic Development Partnership Authority, shall publish a biennial report on the exemption that shall include aggregate information on qualifying expenses claimed under this exemption, the total value of the tax benefit, a return on investment analysis that includes direct and indirect jobs created by data center investment, state and local tax revenues generated, and any other information the Department and the Virginia Economic Development Partnership Authority deem appropriate to demonstrate the costs and benefits of the exemption. The report shall not include, and the Department and the Virginia Economic Development Partnership Authority shall not publish or disclose, any such information if it is unaggregated or if such report or publication could be used to identify a business or individual. The Department shall submit the report to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committees on Appropriations and Finance. The Virginia Economic Development Partnership Authority may publish on its website and distribute annual information indicating the job creation and ranges of capital investments made by a data center operator and, if applicable, its participating tenants, in a format to be developed in consultation with data center operators.

19. (Effective until January 1, 2022) If the preponderance of their use is in the manufacture of beer by a brewer licensed pursuant to subdivision 1 or 2 of § 4.1-208, (i) machinery, tools, and equipment, or repair parts therefor or replacements thereof, fuel, power, energy, or supplies; (ii) materials for future processing, manufacturing, or conversion into beer where such materials either enter into the production of or become a component part of the beer; and (iii) materials, including containers, labels, sacks, cans, bottles, kegs, boxes, drums, or bags for future use, for packaging the beer for shipment or sale.

19. 20. If the preponderance of their use is in advanced recycling, as defined in § 58.1-439.7, (i) machinery, tools, and equipment, or repair parts therefor or replacements thereof, fuel, power, energy, or supplies; (ii) materials for processing, manufacturing, or conversion for resale where such materials either are recycled or recovered; and (iii) materials, including containers, labels, sacks, cans, boxes, drums, or bags used for packaging recycled or recovered material for shipment or resale.

§ 58.1-3660. Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" means any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority *or subdivision certifying authority* having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution

or contamination, except that in the case of equipment, facilities, devices, or other property intended for use by any political subdivision in conjunction with the operation of its water, wastewater, stormwater, or solid waste management facilities or systems, including property that may be financed pursuant to Chapter 22 (§ 62.1-224 et seq.) of Title 62.1, the state certifying authority *or subdivision certifying authority* having jurisdiction with respect to such property shall, upon the request of the political subdivision, make such certification prospectively for property to be constructed, reconstructed, erected, or acquired for such purposes. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority *or subdivision certifying authority*. Such property shall include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority *or subdivision certifying authority*. Such property shall also include energy storage systems, whether or not such property has been certified to the Department of Taxation by a state certifying authority *or subdivision certifying authority*. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

"Energy storage system" means equipment, facilities, or devices that are capable of absorbing energy, storing it for a period of time, and redelivering that energy after it has been stored.

"State certifying authority" means the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Energy, for solar energy projects, energy storage systems, and for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

"Subdivision certifying authority" means the body of a political subdivision responsible for administering the political subdivision's water, wastewater, stormwater, or solid waste management facilities or systems. A subdivision certifying authority may only certify property pursuant to this section if the property being certified is equipment, facilities, devices, or other property intended for use by the political subdivision in conjunction with the operation of its water, wastewater, stormwater, or solid waste management facilities or systems. If property is certified by a subdivision certifying authority, it shall not be required to be certified by a state certifying authority.

C. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23.1-100 or any private college as defined in § 23.1-105; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization (a) between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or (b) on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017; (iv) projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and (v) 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

D. The exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to any such project unless an application has been filed with the locality for the project before July 1, 2030, regardless of whether a locality assesses a revenue share on such project pursuant to the provisions of § 58.1-2636. If a locality adopts an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall be 100 percent of the assessed value. If a locality does not adopt an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization, shall be 80 percent of the assessed value when an application has been filed with the locality prior to July 1, 2030. For purposes of this subsection, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

E. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to onsite sewage systems that serve 10 or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds.

F. Notwithstanding any provision to the contrary, for any solar photovoltaic project described in clauses (iii) and (v) of subsection C for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, the amount of the exemption shall be as follows: 80 percent of the assessed value in the first five years in service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

G. Notwithstanding any provision to the contrary, the exemption for energy storage systems provided under this section (i) shall apply only to projects greater than five megawatts and less than 150 megawatts, as measured in alternating current (AC) storage capacity, and (ii) shall be in the following amounts: 80 percent of the assessed value in the first five years of service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

H. The exemption for energy storage systems greater than five megawatts, as measured in alternating current (AC) storage capacity, shall not apply to any such project unless an application has been filed with the locality for the project before July 1, 2030, regardless of whether a locality assesses a revenue share on such project pursuant to the provisions of § 58.1-2636. If a locality adopts an energy revenue share ordinance under § 58.1-2636, the exemption for energy storage systems greater than five megawatts, as measured in alternating current (AC) storage capacity, shall be 100 percent of the assessed value. If a locality does not adopt an energy revenue share ordinance under § 58.1-2636, the exemption for energy storage systems greater than five megawatts, as measured in alternating current (AC) storage capacity, shall be as set out in subsection G when an application has been filed with the locality prior to July 1, 2030. For the purposes of this subsection, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

CHAPTER 508

An Act to amend and reenact §§ 19.2-169.1 and 19.2-169.2 of the Code of Virginia, relating to disposition when defendant found incompetent; involuntary admission of the defendant.

[S 198]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-169.1 and 19.2-169.2 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who (i) has performed forensic evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless an outpatient evaluation has been conducted and the outpatient evaluator opines that a hospital-based evaluation is needed to reliably reach an opinion or unless the defendant is in the custody of the Commissioner of Behavioral Health

and Developmental Services pursuant to § 19.2-169.2, 19.2-169.6, 19.2-182.2, 19.2-182.3, 19.2-182.8, 19.2-182.9, or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment (community-based or jail-based) is recommended. Outpatient treatment may occur in a local correctional facility or at a location determined by the appropriate community services board or behavioral health authority. In cases where a defendant is likely to remain incompetent for the foreseeable future due to an ongoing and irreversible medical condition, and where prior medical or educational records are available to support the diagnosis, or if the defendant was previously determined to be unrestorably incompetent in the past two years, the report may recommend that the court find the defendant unrestorably incompetent to stand trial and the court may proceed with the disposition of the case in accordance with § 19.2-169.3. *In cases where a defendant has been charged with a misdemeanor violation of Article 3 (§ 18.2-95 et seq.) of Chapter 5 of Title 18.2 or a misdemeanor violation of § 18.2-119, 18.2-137, 18.2-388, 18.2-415, or 19.2-128 and is incompetent, the report may recommend that the court direct the community services board or behavioral health authority for the jurisdiction in which the defendant is located to (a) conduct an evaluation of the defendant in accordance with subsection B of § 37.2-808 to determine whether the defendant meets the criteria for temporary detention and (b) upon determining that the defendant does meet the criteria for temporary detention, file a petition for issuance of an order for temporary detention of the defendant in accordance with § 37.2-809.* No statements of the defendant relating to the time period of the alleged offense shall be included in the report. The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A.

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

F. Finding. — *If the court finds the defendant competent to stand trial, the case shall be set for trial or a preliminary hearing. If the court finds the defendant either incompetent but restorable or incompetent for the foreseeable future, the court shall proceed pursuant to § 19.2-169.2.*

§ 19.2-169.2. Disposition when defendant found incompetent.

A. Upon finding pursuant to subsection E or F of § 19.2-169.1 that the defendant, including a juvenile transferred pursuant to § 16.1-269.1, is incompetent, the court shall order that the defendant receive treatment to restore his competency on an outpatient basis or, if the court specifically finds that the defendant requires inpatient hospital treatment, at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge. Outpatient treatment may occur in a local correctional facility or at a location determined by the appropriate community services board or behavioral health authority. Notwithstanding the provisions of § 19.2-178, if the court orders inpatient hospital treatment, the defendant shall be transferred to and accepted by the hospital designated by the Commissioner as soon as practicable, but no later than 10 days, from the receipt of the court order requiring treatment to restore the defendant's competency. If the 10-day period expires on a Saturday, Sunday, or other legal holiday, the 10 days shall be extended to the next day that is not a Saturday, Sunday, or legal holiday. Any psychiatric records and other information that have been deemed relevant and submitted by the attorney for the defendant pursuant to subsection C of § 19.2-169.1 and any reports submitted pursuant to subsection D of § 19.2-169.1 shall be made available to the director of the community services board or behavioral health authority or his designee or to the director of the treating inpatient facility or his designee within 96 hours of the issuance of the court order requiring treatment to restore the defendant's competency. If the 96-hour period expires on a Saturday, Sunday, or other legal holiday, the 96 hours shall be extended to the next day that is not a Saturday, Sunday, or legal holiday.

B. If, at any time after the defendant is ordered to undergo treatment under subsection A of this section, the director of the community services board or behavioral health authority or his designee or the director of the treating inpatient facility or his designee believes the defendant's competency is restored, the director or his designee shall immediately send a report to the court as prescribed in subsection D of § 19.2-169.1. The court shall make a ruling on the defendant's competency according to the procedures specified in subsection E of § 19.2-169.1.

C. *Notwithstanding the provisions of subsection A, in cases in which (i) the defendant has been charged with a misdemeanor violation of Article 3 (§ 18.2-95 et seq.) of Chapter 5 of Title 18.2 or a misdemeanor violation of § 18.2-119, 18.2-137, 18.2-388, 18.2-415, or 19.2-128; (ii) the defendant has been found to be incompetent pursuant to subsection E or F of § 19.2-169.1; and (iii) the competency report described in subsection D of § 19.2-169.1 recommends that the defendant be temporarily detained pursuant to § 37.2-809, the court may dismiss the charges without prejudice against the defendant and, in lieu of ordering the defendant receive treatment to restore his competency, order the community services board or behavioral health authority serving the jurisdiction in which the defendant is located to (a) conduct an evaluation of the defendant and (b) if the community services board or behavioral health authority determines that the defendant meets the criteria for temporary detention, file a petition for issuance of an order for temporary detention pursuant to § 37.2-809. However, the court shall not dismiss charges and enter an order pursuant to this subsection if the attorney for the Commonwealth is involved in the prosecution of the case and the attorney for the Commonwealth does not concur in the motion.*

D. The clerk of the court shall certify and forward forthwith to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of an order for treatment issued pursuant to subsection A.

2. That the provisions of this act shall expire on July 1, 2023.

CHAPTER 509

An Act to amend and reenact §§ 8.01-413, 8.01-581.20, 16.1-340.1, 20-124.6, 32.1-127.1:03, 37.2-809, 38.2-608, 53.1-40.2, and 54.1-2969 of the Code of Virginia, relating to practice of licensed professional counselors.

[H 242]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-413, 8.01-581.20, 16.1-340.1, 20-124.6, 32.1-127.1:03, 37.2-809, 38.2-608, 53.1-40.2, and 54.1-2969 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-413. Certain copies of health care provider's records or papers of patient admissible; right of patient, his attorney and authorized insurer to copies of such records or papers; subpoena; damages, costs and attorney fees.

A. In any case where the health care provider's original records or papers of any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic, imaging, or chemical storage process thereof shall be admissible as evidence in any court of the Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original records or papers.

Any health care provider whose records or papers relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such health care provider, enter an order requiring production of the originals, if available, of any stored records or papers whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the health care provider for the service of maintaining, retrieving, reviewing, preparing, copying, and mailing the items produced pursuant to subsections B2, B3, B4, and B6, as applicable.

B. Copies of a health care provider's records or papers shall be furnished within 30 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03. If a health care provider is unable to provide such records or papers within 30 days of receipt of such request, such provider shall notify the requester of such records or papers in writing of the reason for the delay and shall have no more than 30 days after the date of such written notice to comply with such request.

However, copies of a patient's records or papers shall not be furnished to such patient when the patient's treating physician, clinical psychologist, ~~or~~ clinical social worker, or licensed professional counselor in the exercise of professional judgment, has made a part of the patient's records or papers a written statement that in his opinion the furnishing to or review by the patient of such records or papers would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such records or papers make reference to a person, other than a health care provider, and

the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such records or papers shall be furnished within 30 days of the date of such request to the patient's attorney or authorized insurer, rather than to the patient.

If the records or papers are not provided to the patient in accordance with this section, then, if requested by the patient, the health care provider denying the request shall comply with the patient's request to either (i) provide a copy of the records or papers to a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* of the patient's choice whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* upon whose opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make the records or papers available to the patient or (ii) designate a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* upon whose opinion the denial is based and who did not participate in the original decision to deny the patient's request for his records or papers, who shall, at the expense of the provider denying access to the patient, review the records or papers and make a judgment as to whether to make the records or papers available to the patient. In either such event, the health care provider denying the request shall comply with the judgment of the reviewing physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor*.

Except as provided in subsection G, a reasonable charge may be made by the health care provider maintaining the records or papers for the cost of the services relating to the maintenance, retrieval, review, and preparation of the copies of the records or papers, pursuant to subsections B2, B3, B4, and B6, as applicable. Any health care provider receiving such a request from a patient's attorney or authorized insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's authority to make the request, which shall comply with the requirements of subsection G of § 32.1-127.1:03, and shall accept a photocopy, facsimile, or other copy of the original signed by the patient as if it were an original.

B1. A health care provider shall produce the records or papers in either paper, hard copy, or electronic format, as requested by the requester. If the health care provider does not maintain the items being requested in an electronic format and does not have the capability to produce such items in an electronic format, such items shall be produced in paper or other hard copy format.

B2. When the records or papers requested pursuant to subsection B1 are produced in paper or hard copy format from records maintained in (i) paper or other hard copy format or (ii) electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.50 per page for up to 50 pages and \$0.25 per page thereafter for such copies, \$1 per page for hard copies from microfilm or other micrographic process, and a fee for search and handling not to exceed \$20, plus all postage and shipping costs.

B3. When the records or papers requested pursuant to subsection B1 are produced in electronic format from records or papers maintained in electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.37 per page for up to 50 pages and \$0.18 per page thereafter for such copies and a fee for search and handling not to exceed \$20, plus all postage and shipping costs. Except as provided in subsection B4, the total amount charged to the requester for records or papers produced in electronic format pursuant to this subsection, including any postage and shipping costs and any search and handling fee, shall not exceed \$150 for any request made on and after July 1, 2017, but prior to July 1, 2021, or \$160 for any request made on or after July 1, 2021.

B4. When any portion of records or papers requested to be produced in electronic format is stored in paper or other hard copy format at the time of the request and not otherwise maintained in electronic storage, a health care provider may charge a fee pursuant to subsection B2 for the production of such portion, and such production of such portion is not subject to any limitations set forth in subsection B3, whether such portion is produced in paper or other hard copy format or converted to electronic format as requested by the requester. Any other portion otherwise maintained in electronic storage shall be produced electronically. The total search and handling fee shall not exceed \$20 for any production made pursuant to this subsection where the production contains both records or papers in electronic format and records or papers in paper or other hard copy format.

B5. Upon request, a patient's account balance or itemized listing of charges maintained by a health care provider shall be supplied at no cost up to three times every 12 months to either the patient or the patient's attorney.

B6. When the record requested is an X-ray series or study or other imaging study and is requested to be produced electronically, a health care provider may charge the requester a reasonable fee, which shall not exceed \$25 per X-ray series or study or other imaging study, and a fee for search and handling, which shall not exceed \$10, plus all postage and shipping costs. When an X-ray series or study or other imaging study is requested to be produced in hard copy format, or when a health care provider does not maintain such X-ray series or study or other imaging study being requested in an electronic format or does not have the capability to produce such X-ray series or study or other imaging study in an electronic format, a health care provider may charge the requester a reasonable fee, which may include a fee for search and handling not to exceed \$10 and the actual cost of supplies for and labor of copying the requested X-ray series or study or other imaging study, plus all postage and shipping costs.

B7. Upon request by the patient, or his attorney, of records or papers as to the cost to produce such records or papers, a health care provider shall inform the patient, or his attorney, of the most cost-effective method to produce such a request pursuant to subsection B2, B3, B4, or B6, as applicable.

B8. Production of records or papers to the patient, or his attorney, requested pursuant to this section shall not be withheld or delayed solely on the grounds of nonpayment for such records or papers.

C. Upon the failure of any health care provider to comply with any written request made in accordance with subsection B within the period of time specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03, the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the circuit court wherein any eventual suit would be required to be filed, and upon payment of the fees required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision A 23 of § 17.1-275.

A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date production of the record is desired.

No subpoena duces tecum for records or papers shall set a return date by which the health care provider must comply with such subpoena earlier than 15 days from the date of the subpoena, except by order of a court or administrative agency for good cause shown. When a court or administrative agency orders that records or papers be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of such order shall accompany such subpoena.

As to a subpoena duces tecum issued with at least a 15-day return date, if no motion to quash is filed within 15 days of the issuance of the subpoena, the party requesting the subpoena duces tecum or the party on whose behalf the subpoena was issued shall certify to the subpoenaed health care provider that (a) the time for filing a motion to quash has elapsed and (b) no such motion was filed. Upon receipt of such certification, the subpoenaed health care provider shall comply with the subpoena duces tecum by returning the specified records or papers by either (1) the return date on the subpoena or (2) five days after receipt of such certification, whichever is later.

The subpoena shall direct the health care provider to produce and furnish copies of the records or papers to the requester or clerk, who shall then make the same available to the patient, his attorney, or his authorized insurer.

If the court finds that a health care provider willfully refused to comply with a written request made in accordance with subsection B, either (A) by failing over the previous six-month period to respond to a second or subsequent written request, properly submitted to the health care provider in writing with complete required information, without good cause or (B) by imposing a charge in excess of the reasonable expense of making the copies and processing the request for records or papers, the court may award damages for all expenses incurred by the patient or authorized insurer to obtain such copies, including a refund of fees if payment has been made for such copies, court costs, and reasonable attorney fees.

If the court further finds that such subpoenaed records or papers, subpoenaed pursuant to this subsection, or requested records or papers, requested pursuant to subsection B, are not produced for a reason other than compliance with § 32.1-127.1:03 or an inability to retrieve or access such records or papers, as communicated in writing to the subpoenaing party or requester within the time period required by subsection B, such subpoenaing party or requester shall be entitled to a rebuttable presumption that expenses and attorney fees related to the failure to produce such records or papers shall be awarded by the court.

D. The provisions of this section shall apply to any health care provider whose office is located within or outside the Commonwealth if the records pertain to any patient who is a party to a cause of action in any court in the Commonwealth, and shall apply only to requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in anticipation of litigation or in the course of litigation.

E. As used in this section, "health care provider" has the same meaning as provided in § 32.1-127.1:03 and includes an independent medical copy retrieval service contracted to provide the service of retrieving, reviewing, and preparing such copies for distribution.

F. Notwithstanding the authorization to admit as evidence patient records in the form of microphotographs, prescription dispensing records maintained in or on behalf of any pharmacy registered or permitted in the Commonwealth shall only be stored in compliance with §§ 54.1-3410, 54.1-3411 and 54.1-3412.

G. The provisions of this section governing fees that may be charged by a health care provider whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any request by a patient for a copy of his own records, which shall be governed by subsection J of § 32.1-127.1:03. This subsection shall not be construed to affect other provisions of state or federal statute, regulation or any case decision relating to charges by health care providers for copies of records requested by any person other than a patient when requesting his own records pursuant to subsection J of § 32.1-127.1:03.

§ 8.01-581.20. Standard of care in proceeding before medical malpractice review panel; expert testimony; determination of standard in action for damages.

A. In any proceeding before a medical malpractice review panel or in any action against a physician, clinical psychologist, clinical social worker, *licensed professional counselor*, podiatrist, dentist, nurse, hospital, or other health care provider to recover damages alleged to have been caused by medical malpractice where the acts or omissions so complained of are alleged to have occurred in this Commonwealth, the standard of care by which the acts or omissions are to be judged

shall be that degree of skill and diligence practiced by a reasonably prudent practitioner in the field of practice or specialty in this Commonwealth and the testimony of an expert witness, otherwise qualified, as to such standard of care, shall be admitted; provided, however, that the standard of care in the locality or in similar localities in which the alleged act or omission occurred shall be applied if any party shall prove by a preponderance of the evidence that the health care services and health care facilities available in the locality and the customary practices in such locality or similar localities give rise to a standard of care which is more appropriate than a statewide standard. Any health care provider who is licensed to practice in Virginia shall be presumed to know the statewide standard of care in the specialty or field of practice in which he is qualified and certified. This presumption shall also apply to any person who, but for the lack of a Virginia license, would be defined as a health care provider under this chapter, provided that such person is licensed in some other state of the United States and meets the educational and examination requirements for licensure in Virginia. An expert witness who is familiar with the statewide standard of care shall not have his testimony excluded on the ground that he does not practice in this Commonwealth. A witness shall be qualified to testify as an expert on the standard of care if he demonstrates expert knowledge of the standards of the defendant's specialty and of what conduct conforms or fails to conform to those standards and if he has had active clinical practice in either the defendant's specialty or a related field of medicine within one year of the date of the alleged act or omission forming the basis of the action.

The provisions of this section shall apply to expert witnesses testifying on the standard of care as it relates to professional services in nursing homes.

B. In any action for damages resulting from medical malpractice, any issue as to the standard of care to be applied shall be determined by the jury, or the court trying the case without a jury.

C. In any action described in this section, each party may designate, identify, or call to testify at trial no more than two expert witnesses per medical discipline on any issue presented. The court may permit a party, for good cause shown, to designate, identify, or call to testify at trial additional expert witnesses. The number of treating health care providers who may serve as expert witnesses pursuant to § 8.01-399 shall not be limited pursuant to this subsection, except for good cause shown. If the court permits a party to designate, identify, or call additional experts, the court may order that party to pay all costs incurred in the discovery of such additional experts. For good cause shown, pursuant to the Rules of Supreme Court of Virginia, the court may limit the number of expert witnesses other than those identified in this subsection whom a party may designate, identify, or call to testify at trial.

§ 16.1-340.1. Involuntary temporary detention; issuance and execution of order.

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* treating the person, that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 16.1-340.1:1 for all minors detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the minor given the specific security, medical, or behavioral health needs of the minor. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary detention, transportation of the minor to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 16.1-340.2. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 16.1-340.1:1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order. Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section, a ~~healthcare~~ *health care* provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

§ 20-124.6. Access to minor's records.

A. Notwithstanding any other provision of law, neither parent, regardless of whether such parent has custody, shall be denied access to the academic or health records or records of a child day center or family day home of that parent's minor child unless otherwise ordered by the court for good cause shown or pursuant to subsection B.

B. In the case of health records, access may also be denied if the minor's treating physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* has made a part of the minor's record a written statement that, in

the exercise of his professional judgment, the furnishing to or review by the requesting parent of such health records would be reasonably likely to cause substantial harm to the minor or another person. If a health care entity denies a parental request for access to, or copies of, a minor's health record, the health care entity denying the request shall comply with the provisions of subsection F of § 32.1-127.1:03. The minor or his parent, either or both, shall have the right to have the denial reviewed as specified in subsection F of § 32.1-127.1:03 to determine whether to make the minor's health record available to the requesting parent.

C. For the purposes of this section, the terms "health record" or the plural thereof and "health care entity" mean the same as those terms are defined in subsection B of § 32.1-127.1:03. The terms "child day center" and "family day home" mean the same as those terms are defined in § 63.2-100.

§ 32.1-127.1:03. Health records privacy.

A. There is hereby recognized an individual's right of privacy in the content of his health records. Health records are the property of the health care entity maintaining them, and, except when permitted or required by this section or by other provisions of state law, no health care entity, or other person working in a health care setting, may disclose an individual's health records.

Pursuant to this subsection:

1. Health care entities shall disclose health records to the individual who is the subject of the health record, except as provided in subsections E and F and subsection B of § 8.01-413.

2. Health records shall not be removed from the premises where they are maintained without the approval of the health care entity that maintains such health records, except in accordance with a court order or subpoena consistent with subsection C of § 8.01-413 or with this section or in accordance with the regulations relating to change of ownership of health records promulgated by a health regulatory board established in Title 54.1.

3. No person to whom health records are disclosed shall redisclose or otherwise reveal the health records of an individual, beyond the purpose for which such disclosure was made, without first obtaining the individual's specific authorization to such redisclosure. This redisclosure prohibition shall not, however, prevent (i) any health care entity that receives health records from another health care entity from making subsequent disclosures as permitted under this section and the federal Department of Health and Human Services regulations relating to privacy of the electronic transmission of data and protected health information promulgated by the United States Department of Health and Human Services as required by the Health Insurance Portability and Accountability Act (HIPAA) (42 U.S.C. § 1320d et seq.) or (ii) any health care entity from furnishing health records and aggregate or other data, from which individually identifying prescription information has been removed, encoded or encrypted, to qualified researchers, including, but not limited to, pharmaceutical manufacturers and their agents or contractors, for purposes of clinical, pharmaco-epidemiological, pharmaco-economic, or other health services research.

If any health care entity denies a request for copies of or electronic access to health records based on such statement, the health care entity shall inform the individual of the individual's right to designate, in writing, at his own expense, another reviewing physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* whose licensure, training and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* upon whose opinion the denial is based. The designated reviewing physician, clinical

psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* shall make a judgment as to whether to make the health record available to the individual.

The health care entity denying the request shall also inform the individual of the individual's right to request in writing that such health care entity designate, at its own expense, a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor*, whose licensure, training, and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* upon whose professional judgment the denial is based and who did not participate in the original decision to deny the health records, who shall make a judgment as to whether to make the health record available to the individual. The health care entity shall comply with the judgment of the reviewing physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor*. The health care entity shall permit copying and examination of the health record by such other physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* designated by either the individual at his own expense or by the health care entity at its expense.

Any health record copied for review by any such designated physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* shall be accompanied by a statement from the custodian of the health record that the individual's treating physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* determined that the individual's review of his health record would be reasonably likely to endanger the life or physical safety of the individual or would be reasonably likely to cause substantial harm to a person referenced in the health record who is not a health care provider.

Further, nothing herein shall be construed as giving, or interpreted to bestow the right to receive copies of, or otherwise obtain access to, psychotherapy notes to any individual or any person authorized to act on his behalf.

H. Pursuant to this subsection:

1. Unless excepted from these provisions in subdivision 9, no party to a civil, criminal or administrative action or proceeding shall request the issuance of a subpoena duces tecum for another party's health records or cause a subpoena duces tecum to be issued by an attorney unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the other party's counsel or to the other party if pro se, simultaneously with filing the request or issuance of the subpoena. No party to an action or proceeding shall request or cause the issuance of a subpoena duces tecum for the health records of a nonparty witness unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the nonparty witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

No subpoena duces tecum for health records shall set a return date earlier than 15 days from the date of the subpoena except by order of a court or administrative agency for good cause shown. When a court or administrative agency directs that health records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

Any party requesting a subpoena duces tecum for health records or on whose behalf the subpoena duces tecum is being issued shall have the duty to determine whether the individual whose health records are being sought is pro se or a nonparty.

In instances where health records being subpoenaed are those of a pro se party or nonparty witness, the party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a statement informing them of their rights and remedies. The statement shall include the following language and the heading shall be in boldface capital letters:

NOTICE TO INDIVIDUAL

The attached document means that (insert name of party requesting or causing issuance of the subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been issued by the other party's attorney to your doctor, other health care providers (names of health care providers inserted here) or other health care entity (name of health care entity to be inserted here) requiring them to produce your health records. Your doctor, other health care provider or other health care entity is required to respond by providing a copy of your health records. If you believe your health records should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion must be filed within 15 days of the date of the request or of the attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor, other health care provider(s), or other health care entity, that you are filing the motion so that the health care provider or health care entity knows to send the health records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while your motion is decided.

2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for an individual's health records shall include a Notice in the same part of the request in which the recipient of the subpoena duces tecum is directed where and when to return the health records. Such notice shall be in boldface capital letters and shall include the following language:

NOTICE TO HEALTH CARE ENTITIES

A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED OR HIS COUNSEL. YOU OR THAT INDIVIDUAL HAS THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

NO MOTION TO QUASH WAS FILED; OR

ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

IF YOU RECEIVE NOTICE THAT THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE HEALTH RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the subpoena duces tecum was issued.

If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care entity files a motion to quash the subpoena for health records, then the health care entity shall produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the health records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the health records shall be returned to the health care entity in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the health records in camera, a copy of the order shall accompany any health records returned to the health care entity. The health records returned to the health care entity shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any health care entity receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified health records by either the return date on the subpoena or five days after receipt of the certification, whichever is later.

6. In the event that the individual whose health records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the individual's health records over the individual's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed health records have been submitted by a health care entity to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted health records should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon determining that all submitted health records should be disclosed, provide all the submitted health records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining health records to the health care entity in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care entity a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the health care entity;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the health care entity;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the health records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that health records that were previously delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the health care entity; however, all health records for which disclosure has not been authorized will be returned to the health care entity; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall return only those health records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for health records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a health care entity's conduct.

The provisions of this subsection shall apply to subpoenas for the health records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding health records, including, but not limited to, ordering the return of health records to a health care entity, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Health care entities may testify about the health records of an individual in compliance with §§ 8.01-399 and 8.01-400.2.

J. If an individual requests a copy of his health record from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include only the cost of supplies for and labor of copying the requested information,

postage when the individual requests that such information be mailed, and preparation of an explanation or summary of such information as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with authority to act on behalf of the individual who is the subject of the health record in making decisions related to his health care.

K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the Prescription Monitoring Program and contained in a patient's health care record to another health care provider when such disclosure is related to the care or treatment of the patient who is the subject of the record.

The magistrate shall also consider, if available, (a) information provided by the person who initiated emergency custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the

period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The individual who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

§ 38.2-608. Access to recorded personal information.

A. If any individual, after proper identification, submits a written request to an insurance institution, agent, or insurance-support organization for access to recorded personal information about the individual that is reasonably described by the individual and reasonably able to be located and retrieved by the insurance institution, agent, or insurance-support organization, the insurance institution, agent, or insurance-support organization shall within 30 business days from the date the request is received:

1. Inform the individual of the nature and substance of the recorded personal information in writing, by telephone, or by other oral communication, whichever the insurance institution, agent, or insurance-support organization prefers;

2. Permit the individual to see and copy, in person, the recorded personal information pertaining to him or to obtain a copy of the recorded personal information by mail, whichever the individual prefers, unless the recorded personal information is in coded form, in which case an accurate translation in plain language shall be provided in writing;

3. Disclose to the individual the identity, if recorded, of those persons to whom the insurance institution, agent, or insurance-support organization has disclosed the personal information within two years prior to such request, and if the identity is not recorded, the names of those insurance institutions, agents, insurance-support organizations or other persons to whom such information is normally disclosed; and

4. Provide the individual with a summary of the procedures by which he may request correction, amendment, or deletion of recorded personal information.

B. Any personal information provided pursuant to subsection A of this section shall identify the source of the information if it is an institutional source.

C. Medical-record information supplied by a medical-care institution or medical professional and requested under subsection A of this section, together with the identity of the medical professional or medical care institution that provided the information, shall be supplied either directly to the individual or to a medical professional designated by the individual and licensed to provide medical care with respect to the condition to which the information relates, whichever the individual prefers. If the individual elects to have the information disclosed to a medical professional designated by him, the insurance institution, agent or insurance-support organization shall notify the individual, at the time of the disclosure, that it has provided the information to the medical professional.

However, disclosure directly to the individual may be denied if a treating physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* has determined, in the exercise of professional judgment, that the disclosure requested would be reasonably likely to endanger the life or physical safety of the individual or another person or that the information requested makes reference to a person other than a health care provider and disclosure of such information would be reasonably likely to cause substantial harm to the referenced person.

If disclosure to the individual is denied, upon the individual's request, the insurance institution, agent or insurance support organization shall either (i) designate a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* acceptable to the insurance institution, agent or insurance support organization, who was not directly involved in the denial, and whose licensure, training, and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* who made the original determination, who shall, at the expense of the insurance institution, agent or insurance support organization, make a judgment as to whether to make the information available to the individual; or (ii) if the individual so requests, make the information available, at the individual's expense to a physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* selected by the individual, whose licensure, training and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* who made the original determination, who shall make a judgment as to whether to make the information available to the individual. The insurance institution, agent, or insurance support organization shall comply with the judgment of the reviewing physician, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* made in accordance with the foregoing procedures.

D. Except for personal information provided under § 38.2-610, an insurance institution, agent, or insurance-support organization may charge a reasonable fee to cover the costs incurred in providing a copy of recorded personal information to individuals.

E. The obligations imposed by this section upon an insurance institution or agent may be satisfied by another insurance institution or agent authorized to act on its behalf. With respect to the copying and disclosure of recorded personal information pursuant to a request under subsection A of this section, an insurance institution, agent, or insurance-support organization may make arrangements with an insurance-support organization or a consumer reporting agency to copy and disclose recorded personal information on its behalf.

F. The rights granted to individuals in this section shall extend to all natural persons to the extent information about them is collected and maintained by an insurance institution, agent or insurance-support organization in connection with an insurance transaction. The rights granted to all natural persons by this subsection shall not extend to information about them that relates to and is collected in connection with or in reasonable anticipation of a claim or civil or criminal proceeding involving them.

G. For purposes of this section, the term "insurance-support organization" does not include "consumer reporting agency."

§ 53.1-40.2. Involuntary admission of prisoners with mental illness.

A. Upon the petition of the Director or his designee, any district court judge or any special justice, as defined by § 37.2-100, of the county or city where the prisoner is located may issue an order authorizing involuntary admission of a prisoner who is sentenced and committed to the Department of Corrections and who is alleged or reliably reported to have a mental illness to a degree that warrants hospitalization.

B. Such prisoner may be involuntarily admitted to a hospital or facility for the care and treatment of persons with mental illness by complying with the following admission procedures:

1. A hearing on the petition shall be scheduled as soon as possible, allowing the prisoner an opportunity to prepare any defenses which he may have, obtain independent evaluation and expert opinion at his own expense, and summons other witnesses.

2. Prior to such hearing, the judge or special justice shall fully inform the prisoner of the allegations of the petition, the standard upon which he may be admitted involuntarily, the right of appeal from such hearing to the circuit court, and the right to jury trial on appeal. The judge or special justice shall ascertain if the prisoner is represented by counsel, and, if he is not represented by counsel, the judge or special justice shall appoint an attorney to represent the prisoner.

3. The judge or special justice shall require an examination of such prisoner by a psychiatrist, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* who is licensed in Virginia or, if such psychiatrist, clinical psychologist, ~~or~~ clinical social worker, *or licensed professional counselor* is not available, a physician or psychologist who is licensed in Virginia and who is qualified in the diagnosis of mental illness. The judge or special justice shall summons the examiner, who shall certify that he has personally examined the individual and has probable cause to believe that the prisoner does or does not have mental illness, that there does or does not exist a substantial likelihood that, as a result of mental illness, the prisoner will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, and that the prisoner does or does not require involuntary hospitalization. The judge or special justice may accept written certification of the examiner's findings if the examination has been personally made within the preceding five days and if there is no objection to the acceptance of such written certification by the prisoner or his attorney.

4. If the judge or special justice, after observing the prisoner and obtaining the necessary positive certification and other relevant evidence, finds specifically that (i) the prisoner has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the prisoner will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (ii) alternatives to involuntary admission have been investigated and deemed unsuitable and there is no less restrictive alternative to such admission, the judge or special justice shall by written order and specific findings so certify and order that the prisoner be placed in a hospital or other facility designated by the Director for a period not to exceed 180 days from the date of the court order. Such placement shall be in a hospital or other facility for the care and treatment of persons with mental illness that is licensed or operated by the Department of Behavioral Health and Developmental Services.

5. The judge or special justice shall also order that the relevant medical records of such prisoner be released to the hospital, facility, or program in which he is placed upon request of the treating physician or director of the hospital, facility, or program.

6. The Department shall prepare the forms required in procedures for admission as approved by the Attorney General. These forms, which shall be the legal forms used in such admissions, shall be distributed by the Department to the clerks of the general district courts of the various counties and cities of the Commonwealth and to the directors of the respective state hospitals.

§ 54.1-2969. Authority to consent to surgical and medical treatment of certain minors.

A. Whenever any minor who has been separated from the custody of his parent or guardian is in need of surgical or medical treatment, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, as follows:

1. Upon judges with respect to minors whose custody is within the control of their respective courts.

2. Upon local directors of social services or their designees with respect to (i) minors who are committed to the care and custody of the local board by courts of competent jurisdiction, (ii) minors who are taken into custody pursuant to § 63.2-1517, and (iii) minors who are entrusted to the local board by the parent, parents or guardian, when the consent of the parent or guardian cannot be obtained immediately and, in the absence of such consent, a court order for such treatment cannot be obtained immediately.

3. Upon the Director of the Department of Corrections or the Director of the Department of Juvenile Justice or his designees with respect to any minor who is sentenced or committed to his custody.

4. Upon the principal executive officers of state institutions with respect to the wards of such institutions.

5. Upon the principal executive officer of any other institution or agency legally qualified to receive minors for care and maintenance separated from their parents or guardians, with respect to any minor whose custody is within the control of such institution or agency.

6. Upon any person standing in loco parentis, or upon a conservator or custodian for his ward or other charge under disability.

B. Whenever the consent of the parent or guardian of any minor who is in need of surgical or medical treatment is unobtainable because such parent or guardian is not a resident of the Commonwealth or his whereabouts is unknown or he cannot be consulted with promptness reasonable under the circumstances, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, upon judges of juvenile and domestic relations district courts.

C. Whenever delay in providing medical or surgical treatment to a minor may adversely affect such minor's recovery and no person authorized in this section to consent to such treatment for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon qualified emergency medical services personnel as defined in § 32.1-111.1 at the scene of an accident, fire or other emergency, a licensed health professional, or a licensed hospital by reason of lack of consent to such medical or surgical treatment. However, in the case of a minor 14 years of age or older who is physically capable of giving consent, such consent shall be obtained first.

D. Whenever delay in providing transportation to a minor from the scene of an accident, fire or other emergency prior to hospital admission may adversely affect such minor's recovery and no person authorized in this section to consent to such transportation for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon emergency medical services personnel as defined in § 32.1-111.1, by reason of lack of consent to such transportation. However, in the case of a minor 14 years of age or older who is physically capable of giving consent, such consent shall be obtained first.

E. A minor shall be deemed an adult for the purpose of consenting to:

1. Medical or health services needed to determine the presence of or to treat venereal disease or any infectious or contagious disease that the State Board of Health requires to be reported;
2. Medical or health services required in case of birth control, pregnancy or family planning except for the purposes of sexual sterilization;
3. Medical or health services needed in the case of outpatient care, treatment or rehabilitation for substance abuse as defined in § 37.2-100; or
4. Medical or health services needed in the case of outpatient care, treatment or rehabilitation for mental illness or emotional disturbance.

A minor shall also be deemed an adult for the purpose of accessing or authorizing the disclosure of medical records related to subdivisions 1 through 4.

F. Except for the purposes of sexual sterilization, any minor who is or has been married shall be deemed an adult for the purpose of giving consent to surgical and medical treatment.

G. A pregnant minor shall be deemed an adult for the sole purpose of giving consent for herself and her child to surgical and medical treatment relating to the delivery of her child when such surgical or medical treatment is provided during the delivery of the child or the duration of the hospital admission for such delivery; thereafter, the minor mother of such child shall also be deemed an adult for the purpose of giving consent to surgical and medical treatment for her child.

H. Any minor 16 years of age or older may, with the consent of a parent or legal guardian, consent to donate blood and may donate blood if such minor meets donor eligibility requirements. However, parental consent to donate blood by any minor 17 years of age shall not be required if such minor receives no consideration for his blood donation and the procurer of the blood is a nonprofit, voluntary organization.

I. Any judge, local director of social services, Director of the Department of Corrections, Director of the Department of Juvenile Justice, or principal executive officer of any state or other institution or agency who consents to surgical or medical treatment of a minor in accordance with this section shall make a reasonable effort to notify the minor's parent or guardian of such action as soon as practicable.

J. Nothing in subsection G shall be construed to permit a minor to consent to an abortion without complying with § 16.1-241.

K. Nothing in subsection E shall prevent a parent, legal guardian or person standing in loco parentis from obtaining (i) the results of a minor's nondiagnostic drug test when the minor is not receiving care, treatment or rehabilitation for substance abuse as defined in § 37.2-100 or (ii) a minor's other health records, except when the minor's treating physician, clinical psychologist, ~~or~~ clinical social worker, or licensed professional counselor has determined, in the exercise of his professional judgment, that the disclosure of health records to the parent, legal guardian, or person standing in loco parentis would be reasonably likely to cause substantial harm to the minor or another person pursuant to subsection B of § 20-124.6.

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-392 of the Code of Virginia is amended and reenacted as follows:

§ 59.1-392. Percentage retained; tax.

A. Any person holding an operator's license to operate a horse racetrack or satellite facility in the Commonwealth pursuant to this chapter shall be authorized to conduct pari-mutuel wagering on horse racing subject to the provisions of this chapter and the conditions and regulations of the Commission.

B. On pari-mutuel pools generated by wagering at the racetrack on live horse racing conducted within the Commonwealth, involving win, place and show wagering, the licensee shall retain a percentage amount approved by the Commission as jointly requested by a recognized majority horsemen's group and a licensee and the legitimate breakage, out of which shall be paid one and one-quarter percent to be distributed as follows: one percent to the Commonwealth as a license tax and one-quarter percent to the locality in which the racetrack is located. The remainder of the retainage shall be paid as provided in subsection D, provided, however, that if the percentage amount approved by the Commission is other than 18 percent, the amounts provided in subdivisions D 1, 2 and 3 shall be adjusted by the proportion that the approved percentage amount bears to 18 percent.

CHAPTER 521

An Act for the relief of Jervon Michael Tillman, relating to claims; compensation for wrongful incarceration.

[H 1358]

Approved April 11, 2022

Whereas, Jervon Michael Tillman (Mr. Tillman) was convicted in the Circuit Court of Henrico County on December 9, 2009, of robbery, wearing a mask, and use of a firearm in the commission of a felony; and

Whereas, Mr. Tillman was sentenced to 36 years in custody, with 11 years suspended; and

Whereas, Mr. Tillman served nearly 12 years in the custody of the Virginia Department of Corrections, before being released on January 14, 2022, upon the granting of an absolute pardon; and

Whereas, at least seven years, seven months, and 19 days of Mr. Tillman's time served was for the December 9, 2009, conviction for crimes he did not commit and for which he has received an absolute pardon; and

Whereas, the sole evidence against Mr. Tillman was an identification made by the victim, who only saw his attacker for a few seconds in the dark of night, while the perpetrator was wearing a mask; and

Whereas, the victim identified Mr. Tillman in a highly suggestive way, from a "Crime Stoppers" database on which Mr. Tillman appeared because he was suspected of another crime, for which he has accepted responsibility and has served his sentence; and

Whereas, the victim's identification, which was cross-racial, was not made until many weeks after the crime had taken place; and

Whereas, the victim's initial description of the perpetrator did not match Mr. Tillman; and

Whereas, it does not appear that the prosecutor ever turned over the entirety of the victim's exculpatory, initial description of the perpetrator to defense counsel, including the fact that the victim described his attacker as being between 5'8" and 5'10" with a muscular build, when Mr. Tillman was 6'3" and 165 pounds; and

Whereas, mistaken eyewitness identifications contributed to approximately 69 percent of the more than 375 wrongful convictions in the United States overturned by post-conviction DNA evidence, making them the leading contributing cause of wrongful convictions in those cases; and

Whereas, a post-conviction investigation revealed that prosecutors from various jurisdictions have found the trial proceedings problematic, and one identified "glaring red flags," while another stated that the case was "troubling" and that "no office that reasonably attempts to observe best prosecution practices would take this case to trial"; and

Whereas, on January 13, 2022, Governor Ralph Northam granted Mr. Tillman an absolute pardon. In so doing, Governor Northam noted that the pardon "reflects Jervon Michael Tillman's innocence."; and

Whereas, Mr. Tillman was released from state custody on January 14, 2022; and

Whereas, during the course of Mr. Tillman's wrongful incarceration, he lost years with his two young daughters; and

Whereas, Mr. Tillman, as a result of his wrongful incarceration, lost years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Tillman has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That there is hereby appropriated from the general fund of the state treasury the sum of \$408,205 for the relief of Jervon Michael Tillman, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Tillman may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.*

The compensation, subject to the execution of the release described herein, shall be paid in (i) an initial lump sum of \$102,051 by check issued by the State Treasurer on warrant of the Comptroller within 60 days immediately following the execution of such release and (ii) the sum of \$306,154 to purchase an annuity no later than one year after the effective date of the appropriation for compensation, for the primary benefit of Mr. Tillman, the terms of such annuity structured in Mr. Tillman's best interests based on consultation among Mr. Tillman or his representatives, the State Treasurer, and other necessary parties.

The State Treasurer shall purchase the annuity at the lowest cost available from any A+ rated company authorized to sell annuities in the Commonwealth, including any A+ rated company from which the State Lottery Department may purchase an annuity. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of Mr. Tillman's death.

§ 2. That Mr. Tillman shall be entitled to receive reimbursement up to \$10,000 for tuition for career and technical training within the Virginia Community College System contingent upon successful completion of the training. Reimbursement for tuition shall be provided by the comprehensive community college at which the career or technical training was completed. The tuition benefit provided by this section shall expire on January 1, 2026.

§ 3. That any amount already paid to Mr. Tillman as a transition assistance grant pursuant to subsection C of § 8.01-195.11 of the Code of Virginia shall be deducted from any award received pursuant to § 1 of this act.

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

Such information shall not be withheld after the public body has made a decision to award or not to award the

contract. In the case of procurement transactions conducted pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the provisions of this subdivision shall not apply, and any release of information relating to such transactions shall be governed by the Virginia Public Procurement Act.

13. Account numbers or routing information for any credit card, debit card, or other account with a financial institution of any person or public body. However, access shall not be denied to the person who is the subject of the information. A. It shall be unlawful for any agency to:

1. 2. Collect from an individual his social security number or any portion thereof unless the collection of such number is (i) authorized or required by state or federal law and (ii) essential for the performance of that agency's duties. Nothing in this subdivision shall be construed to prohibit the collection of a social security number for the sole purpose of complying with the Virginia Debt Collection Act (§ 2.2-4800 et seq.) or the Setoff Debt Collection Act (§ 58.1-520 et seq.);

3. *Require any individual or any entity organized under § 501(c) of the Internal Revenue Code to provide the agency with personal donor information;*

B. Agency-issued identification cards, student identification cards, or license certificates issued or replaced on or after July 1, 2003, shall not display an individual's entire social security number except as provided in § 46.2-703.

C. Any agency-issued identification card, student identification card, or license certificate that was issued prior to July 1, 2003, and that displays an individual's entire social security number shall be replaced no later than July 1, 2006, except that voter registration cards issued with a social security number and not previously replaced shall be replaced no later than the December 31st following the completion by the state and all localities of the decennial redistricting following the 2010 census. This subsection shall not apply to (i) driver's licenses and special identification cards issued by the Department of Motor Vehicles pursuant to Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 and (ii) road tax registrations issued pursuant to § 46.2-703.

D. No agency, as defined in § 42.1-77, shall send or deliver or cause to be sent or delivered, any letter, envelope, or package that displays a social security number on the face of the mailing envelope or package or from which a social security number is visible, whether on the outside or inside of the mailing envelope or package.

E. The provisions of subsections A and C shall not be applicable to ~~licenses~~:

1. *Any license issued by the State Corporation Commission's Bureau of Insurance until such time as a national insurance producer identification number has been created and implemented in all states. Commencing with the date of such implementation, the licenses issued by the State Corporation Commission's Bureau of Insurance shall be issued in compliance with subsection A of this section. Further, all licenses issued prior to the date of such implementation shall be replaced no later than 12 months following the date of such implementation;*

I. As used in this section, "personal donor information" means names and data of any kind collected for the purpose of directly or indirectly identifying an individual as a member, supporter, or volunteer of, or donor of financial or nonfinancial support to, any entity exempt from federal income tax pursuant to § 501(c) of the Internal Revenue Code.

CHAPTER 526

An Act to amend and reenact § 62.1-44.19:20 of the Code of Virginia, relating to accelerated stream nutrient credit release.

[S 187]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.19:20 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.19:20. Nutrient credit certification.

A. The Board may adopt regulations for the purpose of establishing procedures for the certification of point source nutrient credits except that no certification shall be required for point source nitrogen and point source phosphorus credits generated by point sources regulated under the Watershed General Virginia Pollutant Discharge Elimination System Permit issued pursuant to § 62.1-44.19:14. The Board shall adopt regulations for the purpose of establishing procedures for the certification of nonpoint source nutrient credits.

B. Regulations adopted pursuant to this section shall:

1. Establish procedures for the certification and registration of credits, including:

a. Certifying credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse;

b. Certifying credits that may be generated from agricultural and urban stormwater best management practices, use or management of manures, managed turf, land use conversion, stream or wetlands projects, shellfish aquaculture, algal harvesting, and other established or innovative methods of nutrient control or removal, as appropriate;

c. Establishing a process and standards for wetland or stream credits to be converted to nutrient credits. Such process and standards shall only apply to wetland or stream credits that were established after July 1, 2005, and have not been transferred or used. Under no circumstances shall such credits be used for both wetland or stream credit and nutrient credit purposes;

d. Certifying credits from multiple practices that are bundled as a package by the applicant;

e. Prohibiting the certification of credits generated from activities funded by federal or state water quality grant funds other than controls and practices under subdivision B 1 a; however, baseline levels may be achieved through the use of such grants;

f. Establishing a timely and efficient certification process including application requirements, a reasonable application fee schedule not to exceed \$10,000 per application, and review and approval procedures;

g. Requiring public notification of a proposed nutrient credit-generating entity; and

h. Establishing a timeline for the consideration of certification applications for land conversion projects. The timeline shall provide that within 30 days of receipt of an application the Department shall, if warranted, conduct a site visit and that within 45 days of receipt of an application the Department shall either determine that the application is complete or request additional specific information from the applicant. A determination that an application for a land conversion project is complete shall not require the Department to issue the certification. The Department shall deny, approve, or approve with conditions an application within 15 days of the Department's determination that the application is complete. When the request for credit release is made concurrently with the application for a land conversion project certification, the concurrent release shall be processed on the same timeline. When the request for credit release is from a previously approved land conversion project, the Department shall schedule a site visit, if warranted, within 30 days of the request and shall deny, approve, or approve with conditions the release within 15 days of the site visit or determination that a site visit is not warranted. The timelines set out in this subdivision shall be implemented prior to adoption of regulations. The Department shall release credits from a land conversion project after it is satisfied that the applicant has met the criteria for release in an approved nutrient reduction implementation plan.

2. Establish credit calculation procedures for proposed credit-generating practices, including the determination of:

a. Baselines for credits certified under subdivision B 1 a in accordance with any applicable provisions of the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

b. Baselines established for agricultural practices, which shall be those actions necessary to achieve a level of reduction assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs as implemented on the tract, field, or other land area under consideration;

c. Baselines for urban practices from new development and redevelopment, which shall be in compliance with postconstruction nutrient loading requirements of the Virginia Stormwater Management Program regulations. Baselines for all other existing development shall be at a level necessary to achieve the reductions assigned in the urban sector in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

d. Baselines for land use conversion, which shall be based on the pre-conversion land use and the level of reductions assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs applicable to that land use;

e. Baselines for other nonpoint source credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs using the best available scientific and technical information;

f. Unless otherwise established by the Board, for certification within the Chesapeake Bay Watershed a credit-generating practice that involves land use conversion, which shall represent controls beyond those in place as of July 1, 2005. For other waters for which a TMDL has been approved, the practice shall represent controls beyond those in place at the time of TMDL approval;

g. Baseline dates for all other credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs; and

h. Credit quantities, which shall be established using the best available scientific and technical information at the time of certification;

3. Provide certification of credits on an appropriate temporal basis, such as annual, term of years, or perpetual, depending on the nature of the credit-generating practice. A credit shall be certified for a term of no less than 12 months;

4. Establish requirements to reasonably assure the generation of the credit depending on the nature of the credit-generating activity and use, such as legal instruments for perpetual credits, operation and maintenance requirements, and associated financial assurance requirements. Financial assurance requirements may include letters of credit, escrows, surety bonds, insurance, and where the credits are used or generated by a locality, authority, utility, sanitation district, or permittee operating an MS4 or a point source permitted under this article, its existing tax or rate authority. *Notwithstanding any release schedule set out in regulations of the Board, the Department may accelerate the release of a maximum of 50 percent of nutrient credits from a stream restoration project based on (i) a determination that the level of risk for restoration failure is low, (ii) the provision of additional financial assurance in an amount adequate to cover the cost of project repair or replacement in the event of failure, and (iii) the experience of the applicant or the applicant's agents who will implement the stream restoration project;*

5. Establish appropriate reporting requirements;

6. Provide for the ability of the Department to inspect or audit for compliance with the requirements of such regulations;

7. Provide that the option to acquire nutrient credits for compliance purposes shall not eliminate any requirement to comply with local water quality requirements;

8. Establish a credit retirement requirement whereby five percent of nonpoint source credits in the Chesapeake Bay Watershed other than controls and practices under subdivision B 1 a are permanently retired at the time of certification pursuant to this section for the purposes of offsetting growth in unregulated nutrient loads; and

9. Establish such other requirements as the Board deems necessary and appropriate.

C. Prior to the adoption of such regulations, the Board shall certify (i) credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse, on a case-by-case basis using the best available scientific and technical information and (ii) credits that are located in tributaries outside of the Chesapeake Bay watershed as defined in § 62.1-44.15:35, using an average of the nutrient removal rates for each practice identified in Appendix A of the Department's document "Trading Nutrient Reductions from Nonpoint Source Best Management Practices in the Chesapeake Bay Watershed: Guidance for Agricultural Landowners and Your Potential Trading Partners."

D. The Department shall establish and maintain an online Virginia Nutrient Credit Registry of credits as follows:

1. The registry shall include all nonpoint source credits certified pursuant to this article and may include point source nitrogen and point source phosphorus credits generated from point sources covered by the general permit issued pursuant to § 62.1-44.19:14 or point source nutrient credits certified pursuant to this section at the option of the owner. No other credits shall be valid for compliance purposes.

2. Registration of credits on the registry shall not preclude or restrict the right of the owner of such credits from transferring the credits on such commercial terms as may be established by and between the owner and the regulated or unregulated party acquiring the credits.

3. The Department shall establish procedures for the listing and tracking of credits on the registry, including but not limited to (i) notification of the availability of new nutrient credits to the locality where the credit-generating practice is implemented at least five business days prior to listing on the registry to provide the locality an opportunity to acquire such credits at fair market value for compliance purposes and (ii) notification that the listing of credits on the registry does not constitute a representation by the Board or the owner that the credits will satisfy the specific regulatory requirements applicable to the prospective user's intended use and that the prospective user is encouraged to contact the Board for technical assistance to identify limitations, if any, applicable to the intended use.

4. The registry shall be publicly accessible without charge.

E. The owner or operator of a nonpoint source nutrient credit-generating entity that fails to comply with the provisions of this section shall be subject to the enforcement and penalty provisions of § 62.1-44.19:22.

F. Nutrient credits from stormwater nonpoint nutrient credit-generating facilities in receipt of a Nonpoint Nutrient Offset Authorization for Transfer letter from the Department prior to July 1, 2012, shall be considered certified nutrient credits and shall not be subject to further certification requirements or to the credit retirement requirement under subdivision B 8. However, such facilities shall be subject to the other provisions of this article, including registration, inspection, reporting, and enforcement.

2. That the provisions of this act shall become effective 30 days after the Department of Environmental Quality issues guidance regarding the implementation of this act.

CHAPTER 527

An Act to amend and reenact §§ 16.1-244, 20-78.2, 20-103, 20-108.1, and 63.2-1918 of the Code of Virginia, relating to child support and spousal support; retroactivity; child support obligations; party's incarceration not deemed voluntary unemployment or underemployment.

[S 348]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-244, 20-78.2, 20-103, 20-108.1, and 63.2-1918 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-244. Concurrent jurisdiction; exceptions.

A. Nothing contained in this law shall deprive any other court of the concurrent jurisdiction to determine the custody of children upon a writ of habeas corpus under the law, or to determine the custody, guardianship, visitation or support of children when such custody, guardianship, visitation or support is incidental to the determination of causes pending in such courts, nor deprive a circuit court of jurisdiction to determine spousal support in a suit for separate maintenance. However, when a suit for divorce has been filed in a circuit court, in which the custody, guardianship, visitation or support of children of the parties or spousal support is raised by the pleadings and a hearing, including a pendente lite hearing, is set by the circuit court on any such issue for a date certain or on a motions docket to be heard within 21 days of the filing, the juvenile and domestic relations district courts shall be divested of the right to enter any further decrees or orders to determine custody, guardianship, visitation or support when raised for such hearing and such matters shall be determined by the circuit court unless both parties agreed to a referral to the juvenile court. *In any case in which the jurisdiction of the juvenile and domestic relations district court has been divested pursuant to this section and no final support order has been entered, any award for child support or spousal support in the circuit court shall be retroactive to the date on which the proceeding was commenced by the filing of the action in the juvenile and domestic relations district court, provided that the petitioner exercised due diligence in the service of the respondent.* Nothing in this section shall deprive a circuit court of the authority to refer any such case to a commissioner for a hearing or shall deprive the juvenile and domestic relations district courts of the jurisdiction to enforce its valid orders prior to the entry of a conflicting order of any circuit court for any period during which the order was in effect or to temporarily place a child in the custody of any person when that child has been adjudicated abused, neglected, in need of services or delinquent subsequent to the order of any circuit court.

B. Jurisdiction of cases involving violations of federal law by a child shall be concurrent and shall be assumed only if waived by the federal court or the United States attorney.

§ 20-78.2. Attorney fees and interest on support arrearage.

The entry of an order or decree of support for a spouse or for support and maintenance of a child under the provisions of this chapter or §§ 20-107.1 through 20-109 shall constitute a final judgment for any sum or sums in arrears. This order shall also include an amount for interest on the arrearage *including from the date support is established or retroactively modified* at the judgment interest rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest; and may include reasonable ~~attorneys'~~ attorney fees if the total arrearage for support and maintenance, excluding interest, is equal to or greater than three months of support and maintenance.

§ 20-103. Court may make orders pending suit for divorce, custody or visitation, etc.

A. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, the court having jurisdiction of the matter may, at any time pending a suit pursuant to this chapter, in the discretion of such court, make any order that may be proper (i) to compel a spouse to pay any sums necessary for the maintenance and support of the petitioning spouse, including (a) an order that the other spouse provide health care coverage for the petitioning spouse, unless it is shown that such coverage cannot be obtained, or (b) an order that a party pay secured or unsecured debts incurred jointly or by either party, (ii) to enable such spouse to carry on the suit, (iii) to prevent either spouse from imposing any restraint on the personal liberty of the other spouse, (iv) to provide for the custody and maintenance of the minor children of the parties, including an order that either party or both parties provide health care coverage or cash medical support, or both, for the children, (v) to provide support, calculated in accordance with § 20-108.2, for any child of the parties to whom a duty of support is owed and to pay or continue to pay support for any child over the age of 18 who meets the requirements set forth in subsection C of § 20-124.2, (vi) for the exclusive use and possession of the family residence during the pendency of the suit, (vii) to preserve the estate of either spouse, so that it be forthcoming to meet any decree which may be made in the suit, (viii) to compel either spouse to give security to abide such decree, or

(ix) (a) to compel a party to maintain any existing policy owned by that party insuring the life of either party or to require a party to name as a beneficiary of the policy the other party or an appropriate person for the exclusive use and benefit of the minor children of the parties and (b) to allocate the premium cost of such life insurance between the parties, provided that all premiums are billed to the policyholder. Nothing in clause (ix) shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court except that the court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding.

A1. Any award or order made by the court pursuant to subsection A shall be paid from the post-separation income of the obligor unless the court, for good cause shown, orders otherwise. Upon the request of either party, the court may identify and state in such order or award the specific source from which the financial obligation imposed is to be paid.

A2. *In any case in which the jurisdiction of the juvenile and domestic relations district court has been divested pursuant to § 16.1-244 and no final support order has been entered, any award for child support or spousal support in the circuit court pursuant to subsection A shall be retroactive to the date on which the proceeding was commenced by the filing of the action in the juvenile and domestic relations district court, provided that the petitioner exercised due diligence in the service of the respondent.*

B. In addition to the terms provided in subsection A, upon a showing by a party of reasonable apprehension of physical harm to that party by such party's family or household member as that term is defined in § 16.1-228, and consistent with rules of the Supreme Court of Virginia, the court may enter an order excluding that party's family or household member from the jointly owned or jointly rented family dwelling. In any case where an order is entered under this paragraph, pursuant to an ex parte hearing, the order shall not exclude a family or household member from the family dwelling for a period in excess of 15 days from the date the order is served, in person, upon the person so excluded. The order may provide for an extension of time beyond the 15 days, to become effective automatically. The person served may at any time file a written motion in the clerk's office requesting a hearing to dissolve or modify the order. Nothing in this section shall be construed to prohibit the court from extending an order entered under this subsection for such longer period of time as is deemed appropriate, after a hearing on notice to the parties. If the party subject to the order fails to appear at this hearing, the court may extend the order for a period not to exceed six months.

C. In cases other than those for divorce in which a custody or visitation arrangement for a minor child is sought, the court may enter an order providing for custody, visitation or maintenance pending the suit as provided in subsection A. The order shall be directed to either parent or any person with a legitimate interest who is a party to the suit.

D. Orders entered pursuant to this section which provide for custody or visitation arrangements pending the suit shall be made in accordance with the standards set out in Chapter 6.1 (§ 20-124.1 et seq.). Orders entered pursuant to subsection B shall be certified by the clerk and forwarded as soon as possible to the local police department or sheriff's office which shall, on the date of receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia crime information network system established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. If the order is later dissolved or modified, a copy of the dissolution or modification shall also be certified, forwarded and entered in the system as described above.

E. There shall be a presumption in any judicial proceeding for pendente lite spousal support and maintenance under this section that the amount of the award that would result from the application of the formula set forth in this section is the correct amount of spousal support to be awarded. The court may deviate from the presumptive amount as provided in subsection H.

F. If the court is determining both an award of pendente lite spousal support and maintenance and an award of child support, the court shall first make a determination of the amount of the award of pendente lite spousal support, if any, owed by one party to the other under this section.

G. If the parties have minor children in common, the presumptive amount of an award of pendente lite spousal support and maintenance shall be the difference between 26 percent of the payor spouse's monthly gross income and 58 percent of the payee spouse's monthly gross income. If the parties have no minor children in common, the presumptive amount of the award shall be the difference between 27 percent of the payor spouse's monthly gross income and 50 percent of the payee

spouse's monthly gross income. For the purposes of this section, monthly gross income shall have the same meaning as it does in section § 20-108.2.

H. The court may deviate from the presumptive amount for good cause shown, including any relevant evidence relating to the parties' current financial circumstances or the impact of any tax exemption and any credits resulting from such exemptions that indicates the presumptive amount is inappropriate.

I. The presumptive formula set forth in this section shall only apply to cases where the parties' combined monthly gross income does not exceed \$10,000.

J. An order entered pursuant to this section shall have no presumptive effect and shall not be determinative when adjudicating the underlying cause.

§ 20-108.1. Determination of child or spousal support.

A. In any proceeding on the issue of determining spousal support, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision shall be rendered based upon the evidence relevant to each individual case.

B. In any proceeding on the issue of determining child support under this title, Title 16.1, or Title 63.2, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision in any such proceeding shall be rendered upon the evidence relevant to each individual case. However, there shall be a rebuttable presumption in any judicial or administrative proceeding for child support, including cases involving split custody or shared custody, that the amount of the award that would result from the application of the guidelines set out in § 20-108.2 is the correct amount of child support to be awarded. Liability for support shall be determined retroactively for the period measured from the date that the proceeding was commenced by the filing of an action with any court provided the complainant exercised due diligence in the service of the respondent or, if earlier, the date an order of the Department of Social Services entered pursuant to Title 63.2 and directing payment of support was delivered to the sheriff or process server for service on the obligor.

In any case in which the jurisdiction of the juvenile and domestic relations district court has been divested pursuant to § 16.1-244 and no final child support order has been entered, any award for child support in the circuit court shall be retroactive to the date on which the proceeding was commenced by the filing of the action in the juvenile and domestic relations district court, provided that the petitioner exercised due diligence in the service of the respondent.

In order to rebut the presumption, the court shall make written findings in the order, which findings may be incorporated by reference, that the application of such guidelines would be unjust or inappropriate in a particular case. The finding that rebuts the guidelines shall state the amount of support that would have been required under the guidelines, shall give a justification of why the order varies from the guidelines, and shall be determined by relevant evidence pertaining to the following factors affecting the obligation, the ability of each party to provide child support, and the best interests of the child:

1. Actual monetary support for other family members or former family members;
2. Arrangements regarding custody of the children, including the cost of visitation travel;
3. Imputed income to a party who is voluntarily unemployed or voluntarily ~~under-employed~~; *underemployed*, provided that (i) income may not be imputed to a custodial parent when a child is not in school, child care services are not available, and the cost of such child care services are not included in the computation ~~and provided further, that~~; (ii) any consideration of imputed income based on a change in a party's employment shall be evaluated with consideration of the good faith and reasonableness of employment decisions made by the party, including to attend and complete an educational or vocational program likely to maintain or increase the party's earning potential; *and (iii) a party's current incarceration, as defined in § 8.01-195.10, for 180 or more consecutive days shall not be deemed voluntary unemployment or voluntary underemployment. In addition, notwithstanding subsection F, a party's incarceration for 180 or more consecutive days shall be a material change in circumstances upon which a modification of child support may be based;*
4. Any child care costs incurred on behalf of the child or children due to the attendance of a custodial parent in an educational or vocational program likely to maintain or increase the party's earning potential;
5. Debts of either party arising during the marriage for the benefit of the child;
6. Direct payments ordered by the court for maintaining life insurance coverage pursuant to subsection D, education expenses, or other court-ordered direct payments for the benefit of the child;
7. Extraordinary capital gains such as capital gains resulting from the sale of the marital abode;
8. Any special needs of a child resulting from any physical, emotional, or medical condition;
9. Independent financial resources of the child or children;
10. Standard of living for the child or children established during the marriage;
11. Earning capacity, obligations, financial resources, and special needs of each parent;
12. Provisions made with regard to the marital property under § 20-107.3, where said property earns income or has an income-earning potential;
13. Tax consequences to the parties including claims for exemptions, child tax credit, and child care credit for dependent children;
14. A written agreement, stipulation, consent order, or decree between the parties ~~which~~ *that* includes the amount of child support; and
15. Such other factors as are necessary to consider the equities for the parents and children.

C. In any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to order either party or both parties to provide health care coverage or cash medical support, as defined in § 63.2-1900, or both, for dependent children if reasonable under all the circumstances and health care coverage for a spouse or former spouse.

D. The Department shall set child support at the amount resulting from computations pursuant to the guideline set out in § 20-108.2 in determining the required monthly support obligation, the amount of support obligation arrearage, if any, and the amount to be paid periodically against such arrearage. There shall be a rebuttable presumption that the amount of the award which would result from the application of the guidelines is the correct amount of child support to be awarded. In order to rebut the presumption, the Department shall make written findings in its order that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to support for other children in the household or other children for whom any administrative or court order exists, or relevant evidence pertaining to imputed income to a person who is voluntarily unemployed or who fails to provide verification of income upon request of the Department, provided that income may not be imputed to the custodial parent because (i) a child is not regularly attending school, (ii) child care services are not available, or (iii) the cost of such child care services are not added to the basic child support obligation. *In addition, a party's current incarceration, as defined in § 8.01-195.10, for 180 or more consecutive days shall not be deemed voluntary unemployment or voluntary underemployment.* Additional factors that may lead to rebuttal of the presumption shall be determined by Department regulation.

2. That the provisions of this act amending subdivision B 3 of § 20-108.1 and § 63.2-1918 of the Code of Virginia shall apply only to petitions for child support and petitions for modifications of child support orders commenced on or after July 1, 2022, and that the provisions of this act shall not be construed to create a material change in circumstances for the purposes of modifying an existing child support order if a parent was incarcerated prior to July 1, 2022, and the incarcerated party cannot establish a material change in circumstances other than incarceration.

3. That if the Office of Child Support Enforcement of the U.S. Department of Health and Human Services determines in writing that the second enactment of this act is not in compliance with 45 C.F.R. Part 300, the second enactment of this act shall immediately be vacated on such date and the Virginia Division of Child Support Enforcement shall certify the same, notify the Chairmen of the Senate Committee on the Judiciary and House Committee for Courts of Justice, and prominently publish notice of the same on its website for 180 days.

CHAPTER 534

An Act to amend and reenact §§ 8.01-413 and 32.1-127.1:03 of the Code of Virginia, relating to health records; patient's right to disclosure.

[S 350]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:**1. That §§ 8.01-413 and 32.1-127.1:03 of the Code of Virginia are amended and reenacted as follows:****§ 8.01-413. Certain copies of health care provider's health records of patient admissible; right of patient, his attorney and authorized insurer to copies of such health records; subpoena; damages, costs and attorney fees.**

A. In any case where the health care provider's original records or papers of a health care provider for any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic, imaging, or chemical storage process thereof shall be admissible as evidence in any court of the Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original health records or papers.

Any health care provider whose health records or papers relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such health care provider, enter an order requiring production of the originals, if available, of any stored health records or papers whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the health care provider for the service of maintaining, retrieving, reviewing, preparing, copying, and mailing the items produced pursuant to subsections B2, B3, B4, and B6, as applicable.

B. Copies of a health care provider's records or papers, including an audit trail of any additions, deletions, or revisions to the health record, if specifically requested, shall be furnished within 30 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03. If a health care provider is unable to provide such health records or papers within 30 days of receipt of such request, such provider shall notify the requester of such health records or papers in writing of the reason for the delay and shall have no more than 30 days after the date of such written notice to comply with such request.

However, copies of a patient's health records or papers shall not be furnished to such patient when the patient's treating physician, clinical psychologist, or clinical social worker in the exercise of professional judgment, has made a part of the patient's health records or papers a written statement that in his opinion the furnishing to or review by the patient of such health records or papers would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such health records or papers make reference to a person, other than a health care provider, and the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such health records or papers shall be furnished within 30 days of the date of such request to the patient's attorney or authorized insurer, rather than to the patient.

If the health records or papers are not provided to the patient in accordance with this section, then, if requested by the patient, the health care provider denying the request shall comply with the patient's request to either (i) provide a copy of the health records or papers to a physician, clinical psychologist, or clinical social worker of the patient's choice whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, or clinical social worker upon whose opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make the health records or papers available to the patient or (ii) designate a physician, clinical psychologist, or clinical social worker whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, or clinical social worker upon whose opinion the denial is based and who did not participate in the original decision to deny the patient's request for his health records or papers, who shall, at the expense of the provider denying access to the patient, review the health records or papers and make a judgment as to whether to make the health records or papers available to the patient. In either such event, the health care provider denying the request shall comply with the judgment of the reviewing physician, clinical psychologist, or clinical social worker.

Except as provided in subsection G, a reasonable charge may be made by the health care provider maintaining the health records or papers for the cost of the services relating to the maintenance, retrieval, review, and preparation of the copies of the health records or papers, pursuant to subsections B2, B3, B4, and B6, as applicable. Any health care provider receiving such a request from a patient's attorney or authorized insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's authority to make the request, which shall comply with the requirements of

subsection G of § 32.1-127.1:03, and shall accept a photocopy, facsimile, or other copy of the original signed by the patient as if it were an original.

B1. A health care provider shall produce the *health records or papers* in either paper, hard copy, or electronic format, as requested by the requester. If the health care provider does not maintain the items being requested in an electronic format and does not have the capability to produce such items in an electronic format, such items shall be produced in paper or other hard copy format.

B2. When the *health records or papers* requested pursuant to subsection B1 are produced in paper or hard copy format from records maintained in (i) paper or other hard copy format or (ii) electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.50 per page for up to 50 pages and \$0.25 per page thereafter for such copies, \$1 per page for hard copies from microfilm or other micrographic process, and a fee for search and handling not to exceed \$20, plus all postage and shipping costs.

B3. When the *health records or papers* requested pursuant to subsection B1 are produced in electronic format from *health records or papers* maintained in electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.37 per page for up to 50 pages and \$0.18 per page thereafter for such copies and a fee for search and handling not to exceed \$20, plus all postage and shipping costs. Except as provided in subsection B4, the total amount charged to the requester for *health records or papers* produced in electronic format pursuant to this subsection, including any postage and shipping costs and any search and handling fee, shall not exceed ~~\$150 for any request made on and after July 1, 2017, but prior to July 1, 2021, or~~ \$160 for any request made on or after July 1, 2021, *plus the reasonable costs to produce an audit trail of the health records, if specifically requested.*

B4. When any portion of *health records or papers* requested to be produced in electronic format is stored in paper or other hard copy format at the time of the request and not otherwise maintained in electronic storage, a health care provider may charge a fee pursuant to subsection B2 for the production of such portion, and such production of such portion is not subject to any limitations set forth in subsection B3, whether such portion is produced in paper or other hard copy format or converted to electronic format as requested by the requester. Any other portion otherwise maintained in electronic storage shall be produced electronically. The total search and handling fee shall not exceed \$20 for any production made pursuant to this subsection where the production contains both *health records or papers* in electronic format and *health records or papers* in paper or other hard copy format.

B5. Upon request, a patient's account balance or itemized listing of charges maintained by a health care provider shall be supplied at no cost up to three times every 12 months to either the patient or the patient's attorney.

B6. When the record requested is an X-ray series or study or other imaging study and is requested to be produced electronically, a health care provider may charge the requester a reasonable fee, which shall not exceed \$25 per X-ray series or study or other imaging study, and a fee for search and handling, which shall not exceed \$10, plus all postage and shipping costs. When an X-ray series or study or other imaging study is requested to be produced in hard copy format, or when a health care provider does not maintain such X-ray series or study or other imaging study being requested in an electronic format or does not have the capability to produce such X-ray series or study or other imaging study in an electronic format, a health care provider may charge the requester a reasonable fee, which may include a fee for search and handling not to exceed \$10 and the actual cost of supplies for and labor of copying the requested X-ray series or study or other imaging study, plus all postage and shipping costs.

B7. Upon request by the patient, or his attorney, of *health records or papers* as to the cost to produce such *health records or papers*, a health care provider shall inform the patient, or his attorney, of the most cost-effective method to produce such a request pursuant to subsection B2, B3, B4, or B6, as applicable.

B8. Production of *health records or papers* to the patient, or his attorney, requested pursuant to this section shall not be withheld or delayed solely on the grounds of nonpayment for such *health records or papers*.

C. Upon the failure of any health care provider to comply with any written request made in accordance with subsection B within the period of time specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03, the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the circuit court wherein any eventual suit would be required to be filed, and upon payment of the fees required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision A 23 of § 17.1-275.

A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date production of the record is desired.

No subpoena duces tecum for *health records or papers* shall set a return date by which the health care provider must comply with such subpoena earlier than 15 days from the date of the subpoena, except by order of a court or administrative agency for good cause shown. When a court or administrative agency orders that *health records or papers* be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of such order shall accompany such subpoena.

As to a subpoena duces tecum issued with at least a 15-day return date, if no motion to quash is filed within 15 days of the issuance of the subpoena, the party requesting the subpoena duces tecum or the party on whose behalf the subpoena was issued shall certify to the subpoenaed health care provider that (a) the time for filing a motion to quash has elapsed and (b) no such motion was filed. Upon receipt of such certification, the subpoenaed health care provider shall comply with the

subpoena duces tecum by returning the specified *health records or papers* by either (1) the return date on the subpoena or (2) five days after receipt of such certification, whichever is later.

The subpoena shall direct the health care provider to produce and furnish copies of the *health records or papers* to the requester or clerk, who shall then make the same available to the patient, his attorney, or his authorized insurer.

If the court finds that a health care provider willfully refused to comply with a written request made in accordance with subsection B, either (A) by failing over the previous six-month period to respond to a second or subsequent written request, properly submitted to the health care provider in writing with complete required information, without good cause or (B) by imposing a charge in excess of the reasonable expense of making the copies and processing the request for *health records or papers*, the court may award damages for all expenses incurred by the patient or authorized insurer to obtain such copies, including a refund of fees if payment has been made for such copies, court costs, and reasonable attorney fees.

If the court further finds that such subpoenaed *health records or papers*, subpoenaed pursuant to this subsection, or requested *health records or papers*, requested pursuant to subsection B, are not produced for a reason other than compliance with § 32.1-127.1:03 or an inability to retrieve or access such *health records or papers*, as communicated in writing to the subpoenaing party or requester within the time period required by subsection B, such subpoenaing party or requester shall be entitled to a rebuttable presumption that expenses and attorney fees related to the failure to produce such *health records or papers* shall be awarded by the court.

D. The provisions of this section shall apply to any health care provider whose office is located within or outside the Commonwealth if the records pertain to any patient who is a party to a cause of action in any court in the Commonwealth, and shall apply only to requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in anticipation of litigation or in the course of litigation.

As used in this section, "health care provider" has the same meaning as provided in § 32.1-127.1:03 and includes an independent medical copy retrieval service contracted to provide the service of retrieving, reviewing, and preparing such copies for distribution. *As used in this section, "health record" has the same meaning as provided in § 32.1-127.1:03.*

F. Notwithstanding the authorization to admit as evidence ~~patient~~ *health records* in the form of microphotographs, prescription dispensing records maintained in or on behalf of any pharmacy registered or permitted in the Commonwealth shall only be stored in compliance with §§ 54.1-3410, 54.1-3411 and 54.1-3412.

G. The provisions of this section governing fees that may be charged by a health care provider whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any request by a patient for a copy of his own *health records*, which shall be governed by subsection J of § 32.1-127.1:03. This subsection shall not be construed to affect other provisions of state or federal statute, regulation or any case decision relating to charges by health care providers for copies of *health records* requested by any person other than a patient when requesting his own *health records* pursuant to subsection J of § 32.1-127.1:03.

3. No person to whom health records are disclosed shall redisclose or otherwise reveal the health records of an individual, beyond the purpose for which such disclosure was made, without first obtaining the individual's specific authorization to such redisclosure. Notwithstanding the provisions of subdivisions 1 through 35, a health care entity shall obtain an individual's written authorization for any disclosure of psychotherapy notes, except when disclosure by the health care entity is (i) for its own training programs in which students, trainees, or practitioners in mental health are being taught under supervision to practice or to improve their skills in group, joint, family, or individual counseling; (ii) to defend itself or its employees or staff against any accusation of wrongful conduct; (iii) in the discharge of the duty, in accordance with subsection B of § 54.1-2400.1, to take precautions to protect third parties from violent behavior or other serious harm; (iv) required in the course of an investigation, audit, review, or proceeding regarding a health care entity's conduct by a duly authorized law-enforcement, licensure, accreditation, or professional review entity; or (v) otherwise required by law.

E. Health care records required to be disclosed pursuant to this section shall be made available electronically only to the extent and in the manner authorized by the federal Health Information Technology for Economic and Clinical Health Act (P.L. 111-5) and implementing regulations and the Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.) and implementing regulations. Notwithstanding any other provision to the contrary, a health care entity shall not be required to provide records in an electronic format requested if (i) the electronic format is not reasonably available without additional cost to the health care entity, (ii) the records would be subject to modification in the format requested, or (iii) the health care entity determines that the integrity of the records could be compromised in the electronic format requested. Requests for copies of or electronic access to health records shall (a) be in writing, dated and signed by

the requester; (b) identify the nature of the information requested; and (c) include evidence of the authority of the requester to receive such copies or access such records, and identification of the person to whom the information is to be disclosed; and (d) specify whether the requester would like the records in electronic format, if available, or in paper format. The health care entity shall accept a photocopy, facsimile, or other copy of the original signed by the requester as if it were an original. Within 30 days of receipt of a request for copies of or electronic access to health records, the health care entity shall do one of the following: (1) furnish such copies of or allow electronic access to the requested health records to any requester authorized to receive them in electronic format if so requested; (2) inform the requester if the information does not exist or cannot be found; (3) if the health care entity does not maintain a record of the information, so inform the requester and provide the name and address, if known, of the health care entity who maintains the record; or (4) deny the request (A) under subsection F, (B) on the grounds that the requester has not established his authority to receive such health records or proof of his identity, or (C) as otherwise provided by law. Procedures set forth in this section shall apply only to requests for health records not specifically governed by other provisions of state law.

F. Except as provided in subsection B of § 8.01-413, copies of or electronic access to an individual's health records shall not be furnished to such individual or anyone authorized to act on the individual's behalf when the individual's treating physician, clinical psychologist, or clinical social worker has made a part of the individual's record a written statement that, in the exercise of his professional judgment, the furnishing to or review by the individual of such health records would be reasonably likely to endanger the life or physical safety of the individual or another person, or that such health record makes reference to a person other than a health care provider and the access requested would be reasonably likely to cause substantial harm to such referenced person. If any health care entity denies a request for copies of or electronic access to health records based on such statement, the health care entity shall inform the individual of the individual's right to designate, in writing, at his own expense, another reviewing physician, clinical psychologist, or clinical social worker whose licensure, training and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, or clinical social worker upon whose opinion the denial is based. The designated reviewing physician, clinical psychologist, or clinical social worker shall make a judgment as to whether to make the health record available to the individual.

The health care entity denying the request shall also inform the individual of the individual's right to request in writing that such health care entity designate, at its own expense, a physician, clinical psychologist, or clinical social worker, whose licensure, training, and experience relative to the individual's condition are at least equivalent to that of the physician, clinical psychologist, or clinical social worker upon whose professional judgment the denial is based and who did not participate in the original decision to deny the health records, who shall make a judgment as to whether to make the health record available to the individual. The health care entity shall comply with the judgment of the reviewing physician, clinical psychologist, or clinical social worker. The health care entity shall permit copying and examination of the health record by such other physician, clinical psychologist, or clinical social worker designated by either the individual at his own expense or by the health care entity at its expense.

Any health record copied for review by any such designated physician, clinical psychologist, or clinical social worker shall be accompanied by a statement from the custodian of the health record that the individual's treating physician, clinical psychologist, or clinical social worker determined that the individual's review of his health record would be reasonably likely to endanger the life or physical safety of the individual or would be reasonably likely to cause substantial harm to a person referenced in the health record who is not a health care provider.

Further, nothing herein shall be construed as giving, or interpreted to bestow the right to receive copies of, or otherwise obtain access to, psychotherapy notes to any individual or any person authorized to act on his behalf.

H. Pursuant to this subsection:

1. Unless excepted from these provisions in subdivision 9, no party to a civil, criminal or administrative action or proceeding shall request the issuance of a subpoena duces tecum for another party's health records or cause a subpoena duces tecum to be issued by an attorney unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the other party's counsel or to the other party if pro se, simultaneously with filing the request or issuance of the subpoena. No party to an action or proceeding shall request or cause the issuance of a subpoena duces tecum for the health records of a nonparty witness unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the nonparty witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

No subpoena duces tecum for health records shall set a return date earlier than 15 days from the date of the subpoena except by order of a court or administrative agency for good cause shown. When a court or administrative agency directs that health records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

Any party requesting a subpoena duces tecum for health records or on whose behalf the subpoena duces tecum is being issued shall have the duty to determine whether the individual whose health records are being sought is pro se or a nonparty.

In instances where health records being subpoenaed are those of a pro se party or nonparty witness, the party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a statement informing them of their rights and remedies. The statement shall include the following language and the heading shall be in boldface capital letters:

NOTICE TO INDIVIDUAL

The attached document means that (insert name of party requesting or causing issuance of the subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been issued by the other party's attorney to your doctor, other health care providers (names of health care providers inserted here) or other health care entity (name of health care entity to be inserted here) requiring them to produce your health records. Your doctor, other health care provider or other health care entity is required to respond by providing a copy of your health records. If you believe your health records should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion must be filed within 15 days of the date of the request or of the attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor, other health care provider(s), or other health care entity, that you are filing the motion so that the health care provider or health care entity knows to send the health records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while your motion is decided.

2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for an individual's health records shall include a Notice in the same part of the request in which the recipient of the subpoena duces tecum is directed where and when to return the health records. Such notice shall be in boldface capital letters and shall include the following language:

NOTICE TO HEALTH CARE ENTITIES

A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED OR HIS COUNSEL. YOU OR THAT INDIVIDUAL HAS THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

NO MOTION TO QUASH WAS FILED; OR

ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

IF YOU RECEIVE NOTICE THAT THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE HEALTH RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the subpoena duces tecum was issued.

If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care entity files a motion to quash the subpoena for health records, then the health care entity shall produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the health records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the health records shall be returned to the health care entity in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the health records in camera, a copy of the order shall accompany any health records returned to the health care entity. The health records returned to the health care entity shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any health care entity receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified health records by either the return date on the subpoena or five days after receipt of the certification, whichever is later.

6. In the event that the individual whose health records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the individual's health records over the individual's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed health records have been submitted by a health care entity to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted health records should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon determining that all submitted health records should be disclosed, provide all the submitted health records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining health records to the health care entity in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care entity a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the health care entity;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the health care entity;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the health records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that health records that were previously delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the health

care entity; however, all health records for which disclosure has not been authorized will be returned to the health care entity; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall return only those health records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for health records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a health care entity's conduct.

The provisions of this subsection shall apply to subpoenas for the health records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding health records, including, but not limited to, ordering the return of health records to a health care entity, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Health care entities may testify about the health records of an individual in compliance with §§ 8.01-399 and 8.01-400.2.

J. If an individual requests a copy of his health record from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include only the cost of supplies for and labor of copying the requested information, postage when the individual requests that such information be mailed, and preparation of an explanation or summary of such information as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with authority to act on behalf of the individual who is the subject of the health record in making decisions related to his health care.

K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the Prescription Monitoring Program and contained in a patient's health care record to another health care provider when such disclosure is related to the care or treatment of the patient who is the subject of the record.

CHAPTER 535

An Act to amend and reenact § 8.01-424 of the Code of Virginia, relating to proceeds of compromise agreements; minors; investment in college savings trust accounts.

[S 64]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-424 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-424. Approval of compromises on behalf of persons under a disability in suits or actions to which they are parties.

A. In any action or suit wherein a person under a disability is a party, the court in which the matter is pending shall have the power to approve and confirm a compromise of the matters in controversy on behalf of such party, including claims under the provisions of any liability insurance policy, if such compromise is deemed to be to the interest of the party. Any order or decree approving and confirming the compromise shall be binding upon such party, except that the same may be set aside for fraud.

B. In case of damage to the person or property of a person under a disability, caused by the wrongful act, neglect, or default of any person, when death did not ensue therefrom, any person or insurer interested in compromise of any claim for such damages, including any claim under the provisions of any liability insurance policy, may, upon motion to the court in which the action is pending for the recovery of damages on account of such injury, or if no such action is pending, then to any circuit court, move the court to approve the compromise. The court shall require the movant to give reasonable notice of such motion to all parties and to any person found by the court to be interested in the compromise.

B. At the direction of the Director, the Comptroller of the Commonwealth shall draw an annual warrant upon the State Treasurer from any sum that may be provided to the Department in the general appropriation act for the purpose of maintaining qualifying cemeteries and graves pursuant to this section. Any representative of a qualified organization desiring to receive funding from such appropriation for the maintenance of qualifying cemeteries and graves pursuant to this section shall submit an application to the Department on or before May 30 each year. Such appropriations shall be allocated on the basis of the number of graves, monuments, and markers in a cemetery of African Americans who lived at any time between January 1, 1800, and January 1, 1900, the dates to be determined by reference to grave markers or, at the discretion of the Director, other historical records. Such number of graves, monuments, and markers, as documented by the qualified organization, shall be multiplied by the rate of \$5 or the average actual cost of routine maintenance of a grave, monument, or marker, whichever is greater, to determine the amount of the allocation. The Department shall determine the average actual cost of routine maintenance of a grave, monument, or marker in a biennial survey of at least four properly maintained cemeteries, each located in a different geographical region of the Commonwealth. The Director shall deposit any appropriated funds that are not disbursed during the same fiscal year into the Fund.

The police departments of the cities of the Commonwealth, and the police departments or sheriffs of the counties *of the Commonwealth*, as the case may be, shall keep separate records as to violations of law *committed by juveniles* other than violations of motor vehicle laws ~~committed by juveniles~~. Such records with respect to such juvenile shall not be open to public inspection nor their contents disclosed to the public unless a juvenile 14 years of age or older is charged with a violent juvenile felony as specified in subsections B and C of § 16.1-269.1.

B. If the court defers disposition or if charges are withdrawn, dismissed or nolle prosequi, the chief of police; *or* sheriff or a designee shall, within 15 days of such action provide notice of such action to the school principal to whom disclosure was made. If charges are withdrawn in intake or handled informally without a court disposition or if charges are not filed within 90 days of the initial disclosure, the chief of police; *or* sheriff or a designee shall so notify the school principal to whom disclosure was made. In addition to any other disclosure that is permitted by this subsection, the principal in his discretion may provide such information to a threat assessment team established by the local school division. For the purposes of this subsection, "principal" also refers to the chief administrator of any private primary or secondary school.

6. The juvenile, parent, guardian or other custodian and counsel for the juvenile by order of the court; and
7. As provided in §§ 19.2-389.1 and 19.2-390.

D. The police departments of the cities and towns and the police departments or sheriffs of the counties may release, upon request to one another and to state and federal law-enforcement agencies, and to law-enforcement agencies in other states, current information on juvenile arrests. The information exchanged shall be used by the receiving agency for current investigation purposes only and shall not result in the creation of new files or records on individual juveniles on the part of the receiving agency.

E. Upon request, the police departments of the cities and towns and the police departments or sheriffs of the counties may release current information on juvenile arrests or juvenile victims to the Virginia Workers' Compensation Commission solely for purposes of determining whether to make an award to the victim of a crime, and such information shall not be disseminated or used by the Commission for any other purpose than provided in § 19.2-368.3.

§ 19.2-266.4. Expert assistance for indigent defendants.

A. In any case in which a defendant is (i) charged with a felony offense or a Class 1 misdemeanor and (ii) determined to be indigent by the court pursuant to § 19.2-159, the defendant or his attorney may, upon notice to the Commonwealth, move the circuit court to designate another judge in the same circuit to hear an ex parte request for appointment of a qualified expert to assist in the preparation of the defendant's defense. No ex parte proceeding, communication, or request may be considered pursuant to this section unless the defendant or his attorney states under oath or in a sworn declaration that a need for confidentiality exists. A risk that trial strategy may be disclosed unless the hearing is ex parte shall be sufficient grounds to establish a need for confidentiality.

B. Upon receiving the defendant's or his attorney's declaration of a need for confidentiality, the designated ex parte judge shall conduct an ex parte hearing on the request for authorization to obtain expert assistance. This hearing shall occur as soon as practicable. After a hearing upon the motion and upon a showing that the provision of the requested expert services would materially assist the defendant in preparing his defense and the denial of such services would result in a fundamentally unfair trial, the court shall order the appointment of a qualified expert. *The clerk of the court shall provide a copy of the appointment order to the defendant or his attorney and to the appointed expert.*

Any expert appointed pursuant to this subsection shall be compensated in accordance with § 19.2-332. The designated judge shall direct requests for scientific investigations to the Department of Forensic Science or Division of Consolidated Laboratory Services whenever practicable.

C. All ex parte hearings conducted under this section shall be initiated by written motion and shall be on the record. Except for the initial declaration of a need for confidentiality and a copy of the appointment order provided to the defendant or his attorney and to the appointed expert in accordance with subsection B, the record of the hearings, together with all papers filed and orders entered in connection with ex parte requests for expert assistance, all payment requests submitted by experts appointed, and the identity of all experts appointed, shall be kept under seal as part of the record of the case and shall not be disclosed. Following a decision on the motion, whether it is granted or denied, the motion, order or orders, and all other papers or information related to the proceedings or expert assistance sought shall remain under seal. On motion of any party, and for good cause shown, the court may unseal the foregoing records after the trial is concluded.

D. All ex parte proceedings, communications, or requests shall be transcribed and made part of the record available for appellate review or any other post-conviction review.

An Act to amend and reenact § 22.1-298.1 of the Code of Virginia, relating to applications for teacher licensure by reciprocity; military spouses; timeline for determination.

[S 154]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:**1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-298.1. Regulations governing licensure.**

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area, communication, literacy, and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board;

Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board of Education; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion;

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the communication and literacy assessment and the content-area assessment for the endorsement sought; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or ~~the Commonwealth~~ *a member of the Virginia National Guard* who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts *and an official copy of the military permanent assignment orders of the individual's spouse*. No service requirements or licensing assessments shall be required for any such individual. *The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet;* and

3. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. No service requirements or licensing assessments shall be required for any such individual.

L. The Board shall include in its regulations an alternate route to licensure for elementary education preK-6 and an alternate route to licensure for special education general curriculum K-12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

M. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

N. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the communication and literacy assessment and the content-area assessment for the endorsement sought; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or the Commonwealth or a member of the Virginia National Guard who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet,

which shall include official student transcripts *and an official copy of the military permanent assignment orders of the individual's spouse*. No service requirements or licensing assessments shall be required for any such individual. *The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet; and*

3. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. No service requirements or licensing assessments shall be required for any such individual.

L. The Board shall include in its regulations an alternate route to licensure for elementary education preK-6 and an alternate route to licensure for special education general curriculum K-12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

M. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

N. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, systematic phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area

shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General

Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, systematic phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. (Effective until July 1, 2022) Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. A. The Department may deny, suspend, or revoke the permit of any organization found not to be in strict compliance with the provisions of this article and the regulations of the Board ~~only after the proposed action by the Department has been reviewed and approved by the Board~~. Be it enacted by the General Assembly of Virginia:

1. That § 38.2-6506 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-6506. Certification of health benefit plans as qualified health plans.

A. The Exchange, in consultation with the Bureau, shall certify a health benefit plan as a qualified health plan, unless the Exchange determines that making the plan available through the Exchange is not in the interest of qualified individuals and qualified employers in the Commonwealth, if:

1. The plan provides *health benefits* in the essential health benefits package; ~~except that (i) the~~ *The plan shall not may* provide any state-mandated health benefit that is not provided in the essential health benefits package ~~and (ii) the~~ *The plan* is not required to provide benefits that duplicate the minimum benefits of qualified dental plans, as set forth in subsection F, if ~~(a)~~ *(i)* the Exchange has determined that at least one qualified dental plan is available to supplement the plan's coverage and ~~(b)~~ *(ii)* the health carrier makes prominent disclosure at the time it offers the plan, in a form approved by the Bureau, that such plan does not provide the full range of pediatric dental benefits included in the essential health benefits package and that qualified dental plans providing those benefits and other dental benefits not covered by such plan are offered through the Exchange;

2. The premium rates and policy forms have been approved by or filed with the Commission, in accordance with §§ 38.2-316 and 38.2-316.1;

3. The plan provides at least a bronze level of coverage unless the plan is certified as a qualified catastrophic plan, meets the requirements of the Federal Act for catastrophic plans, and will only be offered to individuals eligible for catastrophic coverage;

4. The plan's cost-sharing requirements do not exceed the limits established under § 1302(c)(1) of the Federal Act;

5. The health carrier offering the plan:

a. Is licensed and in good standing to offer health insurance coverage in the Commonwealth;

b. Offers (i) at least one qualified health plan in the silver level of coverage and one qualified health plan at a gold level of coverage throughout each service area in which it offers coverage through the Exchange and (ii) a child-only plan at the same level of coverage as any qualified health plan offered through the Exchange to individuals who, as of the beginning of the plan year, are less than 21 years of age;

c. Charges the same premium rate for each qualified health plan without regard to whether the plan is offered through the Exchange or directly by the health carrier or through an agent;

d. Does not charge any cancellation fees or penalties in violation of subsection D of § 38.2-6504; and
 e. Complies with the regulations developed by the Secretary under § 1311(d) of the Federal Act and such other requirements as the Exchange may establish; and

6. The plan meets the requirements of certification as adopted by regulation pursuant to § 38.2-6514 or promulgated by the Secretary under § 1311(c) of the Federal Act, which include minimum standards in the areas of marketing practices, network adequacy, essential community providers in underserved areas, accreditation, quality improvement, uniform enrollment forms, and descriptions of coverage and information on quality measures for health benefit plan performance.

B. The Exchange shall not refuse to certify a health benefit plan as a qualified health plan (i) on the basis that the plan is a fee-for-service plan, (ii) through the imposition of premium price controls by the Exchange, or (iii) on the basis that the health benefit plan provides treatments necessary to prevent patients' deaths in circumstances that the Exchange determines are inappropriate or too costly.

C. In order to foster a competitive marketplace and consumer choice, the Exchange shall certify all health benefit plans recommended by the Bureau meeting the requirements of § 1311(c) of the Federal Act for participation in the Exchange unless it is not in the interest of qualified individuals and qualified employers. The Exchange shall establish and publish a transparent, objective process for decertifying qualified health plans if it is determined that it is not in the public interest to permit such plans to be offered through the Exchange.

D. The Exchange shall require each health carrier seeking certification of a health benefit plan as a qualified health plan to permit individuals to learn, in a timely manner upon the request of the individual, the amount of cost-sharing, including deductibles, copayments, and coinsurance, under the individual's plan or coverage that such individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider. At a minimum, this information shall be made available to the individual through the Exchange's website and through other means for individuals without access to the Internet.

E. The Exchange shall apply the criteria of this section in a manner that assures a level playing field between or among health carriers participating in the Exchange.

F. The provisions of this chapter that are applicable to qualified health plans shall also apply to the extent applicable to qualified dental plans, except as modified (i) by regulations adopted by the Commission or (ii) in accordance with the following:

1. A health carrier seeking certification of a dental benefit plan as a qualified dental plan shall be licensed in the Commonwealth to offer dental coverage but need not be licensed to offer other health benefits;

2. Qualified dental plans shall be limited to dental and oral health benefits, without substantial duplication of the benefits typically offered by health benefit plans without dental coverage, and shall include, at a minimum, the pediatric dental benefits prescribed by the Secretary pursuant to § 1302(b)(1)(J) of the Federal Act and such other dental benefits as the Exchange may specify or the Secretary may specify by regulation; and

3. Participants in the Exchange shall have the option to purchase at least the pediatric dental benefit component of the essential health benefits package either through a separate qualified dental plan or as a part of a combined offer by a qualified health plan, provided that, with respect to a combined offer, the health and dental benefits are priced separately and also made available for purchase separately at the same price.

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;
5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;
6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of \$5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. § 63.2-900.1. Kinship foster care.

A. The local board shall, in accordance with regulations adopted by the Board, determine whether the child has any relative who may be eligible to become a kinship foster parent. Searches for relatives eligible to serve as kinship foster parents shall be conducted at the time the child enters foster care, at least annually thereafter, and prior to any subsequent changes to the child's placement setting. The local board shall take all reasonable steps to provide notice to such relatives of their potential eligibility to become kinship foster parents and explain any opportunities such relatives may have to participate in the placement and care of the child, including opportunities available through kinship foster care or kinship guardianship.

If a relative requests to become the child's kinship foster parent, the local board shall provide the relative with any forms or materials that must be submitted in order to become a kinship foster parent within no more than 15 days of such request. If the relative's request to become a kinship foster parent is denied, the local board shall provide to the relative (i) a clear and specific explanation of the reasons for such denial, (ii) a statement that such denial is appealable pursuant to § 63.2-915, and (iii) information regarding the procedure for filing such appeal.

If a local board determines that training requirements are a barrier to placement with a kinship foster parent and that placement with such kinship foster parent is in the child's best interest, the local board shall submit a waiver request to the Commissioner. Waivers granted pursuant to this subsection shall be considered and, if appropriate, granted on a case-by-case basis and shall include consideration of the unique needs of each child to be placed. Upon request by a local board, the Commissioner shall review the local board's decision and reasoning to grant a waiver and shall verify that the foster home approval standard being waived is not related to safety. If the Commissioner grants the waiver and allows approval of the home in accordance with Board regulations, the child may be placed in the home immediately. The approval or disapproval by the Commissioner of the local board's waiver shall not be considered a case decision as defined in § 2.2-4001.

C. The kinship foster parent shall be eligible to receive payment at the full foster care rate for the care of the child.

D. During the process of determining whether a person should be approved as a kinship foster parent, a local board shall not require that the child be removed from the physical custody of the kinship foster parent who is the subject of such approval process, provided the placement remains in the child's best interest.

E. A child placed in kinship foster care pursuant to this section shall not be removed from the physical custody of the kinship foster parent, provided that the child has been living with the kinship foster parent for six consecutive months and the placement continues to meet approval standards for foster care, unless (i) the kinship foster parent consents to the removal; (ii) removal is agreed upon at a family partnership meeting as defined by the Department; (iii) removal is ordered by a court of competent jurisdiction; or (iv) removal is warranted pursuant to § 63.2-1517.

B. The Commissioner shall provide an opportunity for a hearing, reasonable notice of which shall be given in writing to the applicant or recipient and to the proper local board in such manner and form as the Commissioner may prescribe. The Commissioner may make or cause to be made an investigation of the facts. The Commissioner shall give fair and impartial consideration to testimony of witnesses, or other evidence produced at the hearing, reports by the local board and local director or of investigations made or caused to be made by the Commissioner, or any facts that the Commissioner may deem proper to enable him to decide fairly the appeal or review. The decision of the Commissioner shall be binding and considered a final agency action for purposes of judicial review of such action pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Commissioner may delegate the duty and authority to consider and make determinations on any appeal filed in accordance with this section to duly qualified officers.

Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the nurse practitioner and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of nurse practitioners in the Commonwealth. A nurse practitioner to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least two years of full-time clinical experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to nurse practitioners.

G. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, and a nurse practitioner is unable to enter into a new practice agreement with another patient care team physician, the nurse practitioner may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such nurse practitioner may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. patient care team physician practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. ~~9.~~ 11. Study felony statutes in the context of judge-sentencing and jury-sentencing patterns as they evolve after January 1, 1995, and make recommendations for the revision of general criminal offense statutes to provide more specific offense definitions and more narrowly prescribed ranges of punishment.

~~10.~~ 12. Report upon its work and recommendations annually on or before December 1 to the General Assembly, the Governor and the Chief Justice of the Supreme Court of Virginia. Such report shall include any modifications to the discretionary sentencing guidelines adopted by the Commission pursuant to subdivision 1 and shall be accompanied by a statement of the reasons for those modifications.

~~11.~~ 13. Perform such other functions as may be otherwise required by law or as may be necessary to carry out the provisions of this chapter.

§ 19.2-306. Revocation of suspension of sentence and probation.

A. ~~H~~ Subject to the provisions of § 19.2-306.2, in any case in which the court has suspended the execution or imposition of sentence, the court may revoke the suspension of sentence for any cause the court deems sufficient that occurred at any time within the probation period, or within the period of suspension fixed by the court. If neither a probation period nor a period of suspension was fixed by the court, then the court may revoke the suspension for any cause the court deems sufficient that occurred within the maximum period for which the defendant might originally have been sentenced to be imprisoned.

B. The court may not conduct a hearing to revoke the suspension of sentence unless the court issues process to notify the accused or to compel his appearance before the court within 90 days of receiving notice of the alleged violation or within one year after the expiration of the period of probation or the period of suspension, whichever is sooner, or, in the case of a failure to pay restitution, within three years after such expiration. If neither a probation period nor a period of suspension was fixed by the court, then the court shall issue process within six months after the expiration of the maximum period for which the defendant might originally have been sentenced to be incarcerated. Such notice and service of process may be waived by the defendant, in which case the court may proceed to determine whether the defendant has violated the conditions of suspension.

C. If the court, after hearing, finds good cause to believe that the defendant has violated the terms of suspension, then the court may revoke the suspension and impose a sentence in accordance with the provisions of § 19.2-306.1. The court may again suspend all or any part of this sentence for a period up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, less any time already served, and may place the defendant upon terms and conditions or probation. The court shall measure the period of any suspension of sentence from the date of the entry of the original sentencing order. However, if a court finds that a defendant has absconded from the jurisdiction of the court, the court may extend the period of probation or suspended sentence for a period not to exceed the length of time that such defendant absconded.

D. If any court has, after hearing, found no cause to impose a sentence that might have been originally imposed, or to revoke a suspended sentence or probation, then any further hearing to impose a sentence or revoke a suspended sentence or probation, based solely on the alleged violation for which the hearing was held, shall be barred.

E. Nothing contained herein shall be construed to deprive any person of his right to appeal in the manner provided by law to the circuit court having criminal jurisdiction from a judgment or order revoking any suspended sentence.

§ 19.2-306.2. Use of sentencing revocation report and discretionary sentencing guidelines in cases of revocation of suspension of sentence and probation.

A. In any proceeding conducted pursuant to § 19.2-306 for revocation of suspension of sentence or probation imposed as a result of a felony conviction, the circuit court shall have presented to it a sentencing revocation report prepared on a form designated by the Virginia Criminal Sentencing Commission. Such form shall indicate the nature of the alleged violation or violations and, if the defendant is subject to supervised probation, the condition or conditions of probation that the defendant has allegedly violated. The sentencing revocation report shall be prepared by the supervising probation agency that initiated the request for the revocation hearing. If the defendant is not under active probation supervision or the supervising probation agency did not initiate the request for the revocation hearing, the sentencing revocation report shall be completed by an attorney for the Commonwealth.

B. For every proceeding conducted pursuant to § 19.2-306 in which the defendant is cited for violating a condition or conditions of supervised probation imposed as a result of a felony conviction and such person is under the supervision of a state probation and parole officer, the court shall have presented to it the applicable discretionary probation violation guidelines pursuant to § 17.1-803.

1. The applicable discretionary probation violation guidelines shall be prepared by a state probation and parole officer on a form designated by the Virginia Criminal Sentencing Commission. If a party other than a probation and parole officer initiated the request for the revocation hearing, no probation violation guidelines are prepared and only the sentencing revocation report required by subsection A shall be submitted to the court.

2. The court shall review and consider the suitability of the applicable discretionary probation violation guidelines. Before imposing sentence, the court shall state for the record that such review and consideration have been accomplished and shall make the completed worksheets a part of the record of the case.

3. In any proceeding in which the court imposes a sentence that is either greater than or less than that indicated by the discretionary probation violation guidelines, the court shall provide a written explanation of such departure to be filed with the record of the case.

C. Within 30 days following the entry of a final order in a revocation proceeding, the clerk of the circuit court shall prepare and send to the Virginia Criminal Sentencing Commission a copy or copies of (i) the final order, (ii) the original sentencing revocation report, (iii) any applicable probation violation guideline worksheets prepared for such proceeding, and (iv) any written explanation regarding a departure from the probation violation guidelines pursuant to subsection B.

D. Failure to follow the provisions of this section or failure to follow these provisions in the prescribed manner shall not be reviewable on appeal and shall not be used for the basis of any other post-proceeding relief.

CHAPTER 570

An Act to amend and reenact §§ 17.1-803 and 19.2-306 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 19.2-306.2, relating to probation violation guidelines; use of sentencing revocation report and discretionary sentencing guidelines in revocation proceedings.

[S 424]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 17.1-803 and 19.2-306 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 19.2-306.2 as follows:

§ 17.1-803. Powers and duties.

The Commission shall:

1. Develop, maintain and modify as may be deemed necessary, a proposed system of statewide discretionary sentencing guidelines for use in all felony cases which will take into account historical data, when available, concerning time actually served for various felony offenses committed prior to January 1, 1995, and sentences imposed for various felony offenses committed on or after January 1, 1995, and such other factors as may be deemed relevant to sentencing.

2. Prepare, periodically update, and distribute sentencing worksheets for the use of sentencing courts which, when used, will produce a recommended sentencing range for a felony offense in accordance with the discretionary sentencing guidelines established pursuant to subdivision 1.

3. Prepare, periodically update, and distribute a form for the use of sentencing courts which will assist such courts in recording the reason or reasons for any sentence imposed in a felony case which is greater or less than the sentence recommended by the discretionary sentencing guidelines.

4. Prepare guidelines for sentencing courts to use in determining appropriate candidates for alternative sanctions which may include, but not be limited to (i) fines and day fines, (ii) boot camp incarceration, (iii) local correctional facility incarceration, (iv) diversion center incarceration, (v) detention center incarceration, (vi) home incarceration/electronic monitoring, (vii) day or evening reporting, (viii) probation supervision, (ix) intensive probation supervision, and (x) performance of community service.

5. Develop an offender risk assessment instrument for use in all felony cases, based on a study of Virginia felons, that will be predictive of the relative risk that a felon will become a threat to public safety.

6. Apply the risk assessment instrument to offenders convicted of any felony that is not specified in (i) subdivision 1, 2 or 3 of subsection A of § 17.1-805 or (ii) subsection C of § 17.1-805 under the discretionary sentencing guidelines, and shall determine, on the basis of such assessment and with due regard for public safety needs, the feasibility of achieving the goal of placing 25 percent of such offenders in one of the alternative sanctions listed in subdivision 4. If the Commission so determines that achieving the 25 percent or a higher percentage goal is feasible, it shall incorporate such goal into the discretionary sentencing guidelines, to become effective on January 1, 1996. If the Commission so determines that achieving the goal is not feasible, the Commission shall report that determination to the General Assembly, the Governor and the Chief Justice of the Supreme Court of Virginia on or before December 1, 1995, and shall make such recommendations as it deems appropriate.

7. Prepare, periodically update, and distribute a form for recording the reasons for, and outcomes of, revocation hearings conducted in circuit courts pursuant to § 19.2-306.

8. Develop, maintain, and modify as may be deemed necessary a system of statewide discretionary sentencing guidelines for use in hearings conducted in circuit courts pursuant to § 19.2-306 in which the defendant is cited for violation of a condition or conditions of supervised probation imposed as a result of a felony conviction. Such guidelines shall take into account historical data for sentences imposed in such cases and such other factors as may be deemed relevant to sentencing.

9. Monitor sentencing practices in felony cases throughout the Commonwealth, including the use of the discretionary sentencing guidelines, and maintain a database containing the information obtained.

~~8.~~ 10. Monitor felony sentence lengths, crime trends, correctional facility population trends and correctional resources and make recommendations regarding projected correctional facilities capacity requirements and related correctional resource needs.

~~9.~~ 11. Study felony statutes in the context of judge-sentencing and jury-sentencing patterns as they evolve after January 1, 1995, and make recommendations for the revision of general criminal offense statutes to provide more specific offense definitions and more narrowly prescribed ranges of punishment.

~~10.~~ 12. Report upon its work and recommendations annually on or before December 1 to the General Assembly, the Governor and the Chief Justice of the Supreme Court of Virginia. Such report shall include any modifications to the discretionary sentencing guidelines adopted by the Commission pursuant to subdivision 1 and shall be accompanied by a statement of the reasons for those modifications.

~~11.~~ 13. Perform such other functions as may be otherwise required by law or as may be necessary to carry out the provisions of this chapter.

§ 19.2-306. Revocation of suspension of sentence and probation.

A. ~~H~~ Subject to the provisions of § 19.2-306.2, in any case in which the court has suspended the execution or imposition of sentence, the court may revoke the suspension of sentence for any cause the court deems sufficient that occurred at any time within the probation period, or within the period of suspension fixed by the court. If neither a probation period nor a period of suspension was fixed by the court, then the court may revoke the suspension for any cause the court deems sufficient that occurred within the maximum period for which the defendant might originally have been sentenced to be imprisoned.

B. The court may not conduct a hearing to revoke the suspension of sentence unless the court issues process to notify the accused or to compel his appearance before the court within 90 days of receiving notice of the alleged violation or within one year after the expiration of the period of probation or the period of suspension, whichever is sooner, or, in the case of a failure to pay restitution, within three years after such expiration. If neither a probation period nor a period of suspension was fixed by the court, then the court shall issue process within six months after the expiration of the maximum period for which the defendant might originally have been sentenced to be incarcerated. Such notice and service of process may be waived by the defendant, in which case the court may proceed to determine whether the defendant has violated the conditions of suspension.

C. If the court, after hearing, finds good cause to believe that the defendant has violated the terms of suspension, then the court may revoke the suspension and impose a sentence in accordance with the provisions of § 19.2-306.1. The court may again suspend all or any part of this sentence for a period up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, less any time already served, and may place the defendant upon terms and conditions or probation. The court shall measure the period of any suspension of sentence from the date of the entry of the original sentencing order. However, if a court finds that a defendant has absconded from the jurisdiction of the court, the court may extend the period of probation or suspended sentence for a period not to exceed the length of time that such defendant absconded.

D. If any court has, after hearing, found no cause to impose a sentence that might have been originally imposed, or to revoke a suspended sentence or probation, then any further hearing to impose a sentence or revoke a suspended sentence or probation, based solely on the alleged violation for which the hearing was held, shall be barred.

E. Nothing contained herein shall be construed to deprive any person of his right to appeal in the manner provided by law to the circuit court having criminal jurisdiction from a judgment or order revoking any suspended sentence.

§ 19.2-306.2. Use of sentencing revocation report and discretionary sentencing guidelines in cases of revocation of suspension of sentence and probation.

A. In any proceeding conducted pursuant to § 19.2-306 for revocation of suspension of sentence or probation imposed as a result of a felony conviction, the circuit court shall have presented to it a sentencing revocation report prepared on a form designated by the Virginia Criminal Sentencing Commission. Such form shall indicate the nature of the alleged violation or violations and, if the defendant is subject to supervised probation, the condition or conditions of probation that the defendant has allegedly violated. The sentencing revocation report shall be prepared by the supervising probation agency that initiated the request for the revocation hearing. If the defendant is not under active probation supervision or the supervising probation agency did not initiate the request for the revocation hearing, the sentencing revocation report shall be completed by an attorney for the Commonwealth.

B. For every proceeding conducted pursuant to § 19.2-306 in which the defendant is cited for violating a condition or conditions of supervised probation imposed as a result of a felony conviction and such person is under the supervision of a state probation and parole officer, the court shall have presented to it the applicable discretionary probation violation guidelines pursuant to § 17.1-803.

1. The applicable discretionary probation violation guidelines shall be prepared by a state probation and parole officer on a form designated by the Virginia Criminal Sentencing Commission. If a party other than a probation and parole officer initiated the request for the revocation hearing, no probation violation guidelines are prepared and only the sentencing revocation report required by subsection A shall be submitted to the court.

2. The court shall review and consider the suitability of the applicable discretionary probation violation guidelines. Before imposing sentence, the court shall state for the record that such review and consideration have been accomplished and shall make the completed worksheets a part of the record of the case.

3. In any proceeding in which the court imposes a sentence that is either greater than or less than that indicated by the discretionary probation violation guidelines, the court shall provide a written explanation of such departure to be filed with the record of the case.

C. Within 30 days following the entry of a final order in a revocation proceeding, the clerk of the circuit court shall prepare and send to the Virginia Criminal Sentencing Commission a copy or copies of (i) the final order, (ii) the original sentencing revocation report, (iii) any applicable probation violation guideline worksheets prepared for such proceeding, and (iv) any written explanation regarding a departure from the probation violation guidelines pursuant to subsection B.

D. Failure to follow the provisions of this section or failure to follow these provisions in the prescribed manner shall not be reviewable on appeal and shall not be used for the basis of any other post-proceeding relief.

CHAPTER 572

An Act to amend and reenact §§ 8.01-195.10, 8.01-195.11, and 58.1-322.02 of the Code of Virginia, relating to compensation for wrongful incarceration.

[H 397]

Approved April 11, 2022

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-195.10, 8.01-195.11, and 58.1-322.02 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-195.10. Purpose; action by the General Assembly required; definitions.

A. The purpose of this article is to provide directions and guidelines for the compensation of persons who have been wrongfully incarcerated in the Commonwealth. Compensation for wrongful incarceration is governed by Article IV, Section 14 of the Constitution of Virginia, which prohibits the General Assembly from granting relief in cases in which the courts or other tribunals may have jurisdiction and any individual seeking payment of state funds for wrongful incarceration shall be deemed to have waived all other claims. The payment and receipt of any compensation for wrongful incarceration shall be contingent upon the General Assembly appropriating funds for that purpose. This article shall not provide an entitlement to compensation for persons wrongfully incarcerated or require the General Assembly to appropriate funds for the payment of such compensation. No estate of or personal representative for a decedent shall be entitled to seek a claim for compensation for wrongful incarceration.

B. As used in this article:

"Incarceration" or "incarcerated" means confinement in a local or regional correctional facility, juvenile correctional center, state correctional facility, residential detention center, or facility operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.).

"Wrongful incarceration" or "wrongfully incarcerated" means incarceration for a felony conviction for which (i) the conviction has been vacated pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) or 19.3 (§ 19.2-327.10 et seq.) of Title 19.2, or the person incarcerated has been granted an absolute pardon for the commission of a crime that he did not commit; (ii) the person incarcerated shall have entered a final plea of not guilty *or an Alford plea*, or, regardless of the plea, the person incarcerated was convicted of a Class 1 felony, a Class 2 felony, or any felony for which the maximum penalty is imprisonment for life; and (iii) the person incarcerated did not by any act or omission on his part intentionally contribute to his conviction for the felony for which he was incarcerated.

§ 8.01-195.11. Compensation for wrongful incarceration.

A. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony may be awarded compensation ~~in an amount equal to 90 percent of the inflation adjusted Virginia per capita personal income as reported by the Bureau of Economic Analysis of the U.S. Department of Commerce~~ for each year of incarceration, or portion thereof. *The amount of compensation per year shall be \$55,000, adjusted annually*

by the percentage increase in the Chained Consumer Price Index for All Urban Consumers (C-CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor, or any predecessor or successor index, compared with the prior calendar year. Calculations made pursuant to this section shall be made by the State Treasurer.

B. Any compensation computed pursuant to subsection A and approved by the General Assembly shall be paid by the Comptroller by his warrant on the State Treasurer in favor of the person found to have been wrongfully incarcerated. The person wrongfully incarcerated shall be paid an initial lump sum equal to ~~20~~ 25 percent of the compensation award with the remaining ~~80~~ 75 percent of the principal of the compensation award to be used by the State Treasurer to purchase an annuity from any A+ rated company, including any A+ rated company from which the Virginia Lottery may purchase an annuity, to provide equal monthly payments to such person for a period certain of ~~25~~ 10 years commencing no later than one year after the effective date of the appropriation; however, if such person's life expectancy, as calculated pursuant to the provisions of § 8.01-419 based on his age on the effective date of the appropriation, is less than ~~25~~ 10 years, then, upon his election, the annuity period shall be equal to his life expectancy. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages by the person awarded compensation. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of the death of the person awarded compensation. All payments or costs of annuities under this section shall be made by check issued by the State Treasurer on warrant of the Comptroller.

Notwithstanding the foregoing, in the event that the person wrongfully incarcerated is 60 years of age or older or is terminally ill, the General Assembly may (i) pay 100 percent of the compensation computed pursuant to subsection A as a lump sum to the person wrongfully incarcerated or (ii) purchase an annuity for a period certain that is less than ~~25~~ 10 years. For the purposes of this section, "terminally ill" means that the individual has a medical prognosis, as certified by a licensed physician, that his life expectancy is five years or less if the illness runs its normal course.

C. In addition to the compensation awarded pursuant to subsection A, the General Assembly may pay to the person wrongfully incarcerated the amount of any unreimbursed fine, fee, court cost, or restitution imposed and paid and reasonable attorney fees and costs incurred to receive an award pursuant to this section.

D. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony shall receive a transition assistance grant of \$15,000 to be paid from the Criminal Fund, which amount shall be deducted from any award received pursuant to subsection B, within 30 days of receipt of the written request for the disbursement of the transition assistance grant to the Executive Secretary of the Supreme Court of Virginia. Payment of the transition assistance grant from the Criminal Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Secretary of the Supreme Court of Virginia. In addition, such person shall be entitled to receive reimbursement up to \$10,000 for tuition for career and technical training within the Virginia Community College System contingent upon successful completion of the training. Reimbursement for tuition shall be provided by the comprehensive community college at which the career or technical training was completed.

§ 58.1-322.02. Virginia taxable income; subtractions.

In computing Virginia taxable income pursuant to § 58.1-322, to the extent included in federal adjusted gross income, there shall be subtracted:

1. Income derived from obligations, or on the sale or exchange of obligations, of the United States and on obligations or securities of any authority, commission, or instrumentality of the United States to the extent exempt from state income taxes under the laws of the United States, including, but not limited to, stocks, bonds, treasury bills, and treasury notes but not including interest on refunds of federal taxes, interest on equipment purchase contracts, or interest on other normal business transactions.

2. Income derived from obligations, or on the sale or exchange of obligations, of the Commonwealth or of any political subdivision or instrumentality of the Commonwealth.

3. Benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code.

4. Up to \$20,000 of disability income, as defined in § 22(c)(2)(B)(iii) of the Internal Revenue Code; however, any person who claims a deduction under subdivision 5 of § 58.1-322.03 may not also claim a subtraction under this subdivision.

5. The amount of any refund or credit for overpayment of income taxes imposed by the Commonwealth or any other taxing jurisdiction.

6. The amount of wages or salaries eligible for the federal Work Opportunity Credit which was not deducted for federal purposes on account of the provisions of § 280C(a) of the Internal Revenue Code.

7. Any amount included therein less than \$600 from a prize awarded by the Virginia Lottery.

8. The wages or salaries received by any person for active and inactive service in the National Guard of the Commonwealth of Virginia, not to exceed the amount of income derived from 39 calendar days of such service or \$3,000, whichever amount is less; however, only those persons in the ranks of O3 and below shall be entitled to the deductions specified in this subdivision.

9. Amounts received by an individual, not to exceed \$1,000 for taxable years beginning on or before December 31, 2019, and \$5,000 for taxable years beginning on or after January 1, 2020, as a reward for information provided to a law-enforcement official or agency, or to a nonprofit corporation created exclusively to assist such law-enforcement official or agency, in the apprehension and conviction of perpetrators of crimes. This subdivision shall not

apply to the following: an individual who is an employee of, or under contract with, a law-enforcement agency, a victim or the perpetrator of the crime for which the reward was paid, or any person who is compensated for the investigation of crimes or accidents.

10. The amount of "qualified research expenses" or "basic research expenses" eligible for deduction for federal purposes, but which were not deducted, on account of the provisions of § 280C(c) of the Internal Revenue Code and which shall be available to partners, shareholders of S corporations, and members of limited liability companies to the extent and in the same manner as other deductions may pass through to such partners, shareholders, and members.

11.
