## THURSDAY, FEBRUARY 27, 2020

The Senate met at 12 m. and was called to order by Lieutenant Governor Justin E. Fairfax.

Dr. David W. Olive, Bluefield College, Bluefield, Virginia, offered the following prayer:

O Sovereign God, maker of the heavens and earth, originator of light from the darkness, creator and author of our life stories, we who are made in Your image give You praise and thanksgiving for Your creation—for our very beings—for it is good.

God of our ancestors, those who have forged a path before us who believed they were equally free and independent, desiring the enjoyment of life and liberty, and pursuers of happiness and safety, we give You thanks.

For our government that has been instituted for the common benefit, protection, and security of its people, a government which is capable of producing the greatest degree of happiness and safety, we give You thanks.

May we, O God, protect our free government and blessings of liberty by our adherence to justice, moderation, temperance, frugality, and virtue.

May we also recognize that we have duties as well as rights, and that a free government rests, as does all progress, upon the broadest possible diffusion of knowledge.

May the Commonwealth avail itself of those talents which nature has sown so liberally among its people by assuring the opportunity for their fullest development by an effective system of education, both public and private, throughout this Commonwealth, regardless of its delivery.

Creator God, we give thanks for the free exercise of religion, allowing one to practice an active faith according to the dictates of one's conscious. May we always remember to practice forbearance, love, and charity to others.

Almighty God, we lift up to You for Your blessings this day for this chamber, this government, our people, and this Commonwealth. For Your Kingdom and for Your glory we pray, Amen.

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Justin E. Fairfax.

The Reverend Wes Peterson, Hope Church, Richmond, Virginia, offered the following prayer:

Almighty God, we thank You for this day and each person gathered here. We thank You for this nation and those who are tasked with its leadership. Today we face challenges that exceed our capacity but we look to You. As King Solomon so beautifully wrote in Proverbs 3, "Trust in the Lord with all your heart; do not depend on your own understanding. Seek his will in all you do, and he will show you which path to take." Today we face challenges that exceed our capacity but we look to You. Guide us in Your ways, lead us to truth, supply us with Your peace and may each of us reflect Your love. Amen.

The Pledge of Allegiance to the Flag of the United States of America was led by Senate Page Emma Jones of Brunswick.

Amend Section 6 of Article X of the Constitution of Virginia as follows:

#### ARTICLE X TAXATION AND FINANCE

Section 6. Exempt property.

(a) Except as otherwise provided in this Constitution, the following property and no other shall be exempt from taxation, State and local, including inheritance taxes:

(3) Private or public burying grounds or cemeteries, provided the same are not operated for profit.

(4) Property owned by public libraries or by institutions of learning not conducted for profit, so long as such property is primarily used for literary, scientific, or educational purposes or purposes incidental thereto. This provision may also apply to leasehold interests in such property as may be provided by general law.

(5) Intangible personal property, or any class or classes thereof, as may be exempted in whole or in part by general law.

(6) Property used by its owner for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes, as may be provided by classification or designation by an ordinance adopted by the local governing body and subject to such restrictions and conditions as provided by general law.

*(8) One motor vehicle owned and used primarily by or for a veteran of the armed forces of the United States or the Virginia National Guard who has been rated by the United States Department of Veterans Affairs or its successor agency pursuant to federal law with a one hundred percent service-connected, permanent, and total disability. For purposes of this subdivision, the term "motor vehicle" shall include only automobiles and pickup trucks. Any such motor vehicle owned by a married person may qualify if either spouse is a veteran who is one hundred percent disabled pursuant to this subdivision. This exemption shall be applicable on the date the motor vehicle is acquired or the effective date of this subdivision, whichever is later, but shall not be applicable for any period of time prior to the effective date.*

(b) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for the exemption from local property taxation, or a portion thereof, within such restrictions and upon such conditions as may be prescribed, of real estate and personal property designed for continuous habitation owned by, and occupied as the sole dwelling of, persons not less than sixty-five years of age or persons permanently and totally disabled as established by general law. A local governing body may be authorized to establish either income or financial worth limitations, or both, in order to qualify for such relief.

(c) Except as to property of the Commonwealth, the General Assembly by general law may restrict or condition, in whole or in part, but not extend, any or all of the above exemptions.

(d) The General Assembly may define as a separate subject of taxation any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth or for the purpose of transferring or storing solar energy, and by general law may allow the governing body of any county, city, town, or regional government to exempt or partially exempt such property from taxation, or by general law may directly exempt or partially exempt such property from taxation.

(f) Exemptions of property from taxation as established or authorized hereby shall be strictly construed; provided, however, that all property exempt from taxation on the effective date of this section shall continue to be exempt until otherwise provided by the General Assembly as herein set forth.

(g) The General Assembly may by general law authorize any county, city, town, or regional government to impose a service charge upon the owners of a class or classes of exempt property for services provided by such governments.

(h) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for a partial exemption from local real property taxation, within such restrictions and upon such conditions as may be prescribed, (i) of real estate whose improvements, by virtue of age and use, have undergone substantial renovation, rehabilitation or replacement or (ii) of real estate with new structures and improvements in conservation, redevelopment, or rehabilitation areas.

(i) The General Assembly may by general law allow the governing body of any county, city, or town to exempt or partially exempt from taxation any generating equipment installed after December thirty-one, nineteen hundred seventy-four, for the purpose of converting from oil or natural gas to coal or to wood, wood bark, wood residue, or to any other alternate energy source for manufacturing, and any co-generation equipment installed since such date for use in manufacturing.

(j) The General Assembly may by general law allow the governing body of any county, city, or town to have the option to exempt or partially exempt from taxation any business, occupational or professional license or any merchants' capital, or both.

## WEDNESDAY, MARCH 4, 2020

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor Justin E. Fairfax.

President Fred Mullins, The Church of Jesus Christ of Latter-Day Saints, Richmond, Virginia, offered the following prayer:

Our Heavenly Father, we offer our gratitude for the blessings that we have received. We thank thee for the freedoms we have in this country and our Commonwealth. May the Senators here preserve these freedoms for our posterity. May we be humble and recognize that distinction does not come through worldly strength, power, or position. It comes through humility. Bless us to be humble. Please bless the Senators as mothers, fathers, wives, and husbands that they can be nurturing and loving in their families. That we will remember the importance and impact that the home has in our society; "That no other success can compensate for failure at home" (David O. McKay, 1964). And "the greatest work we will do is within the walls of our homes" (Harold B. Lee, 1973). Sustain the Senators to be thoughtful and inspired in the weighty and monumental decisions they will make. Bless each Senator to be polite and courteous. May this Senate chamber be a place of kindness, patience, and respect and civility. I ask thee, Father, to bless the women and men of this Senate. Give them strength to perform their immense responsibilities with dignity and love for their fellow man. Bless the chamber that it will be a place of inspiration, peace, and harmony. I ask for these blessings in the name of Jesus Christ. Amen.

## THURSDAY, MARCH 5, 2020

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor Justin E. Fairfax.

The Reverend ReNe'e R. Teague, Enon United Methodist Church, Mechanicsville, Virginia, offered the following prayer:

Gracious God, we bow our heads and hearts before You this day to ask Your guidance and wisdom. The task is daunting...to promote the general welfare, to secure the blessings of liberty, to work for good, for each and every person in the Commonwealth. I ask that You guide this body of dedicated servants to think of the least, the last and the lost. To serve the child, the elderly, the homeless, the mentally ill with all the consideration offered the powerful and well-poised. We know this is as You would have it and we ask You to lead us down the paths of kindness and generosity. May this Senate bring great blessing to the Commonwealth through this time together. Amen.

We give You thanks for the opportunity to be of service to others today. You have made us to be caretakers of Your creation, and we thank You for this responsibility. Grant us, we humbly pray, the wisdom and humility we need to represent the rich and the poor alike, the strong as well as the weak, those whose voices are heard, as well as the silent. Bless us as we work together, for this great Commonwealth, and Your great creation.

Lord God, we thank You for the beauty of this day. Thank You for the goodness that surrounds us, and the goodness that we will find in our own hearts today. Lead us onward, O God, in confidence and faith, to create a blessed world for the generations to come.

It is only together that we can live, so it is together that we now say - Amen.

Justin E. Fairfax  
President of the Senate

Susan Clarke Schaar  
Clerk of the Senate

## SATURDAY, MARCH 7, 2020

The Senate met at 12 m. and was called to order by Lieutenant Governor Justin E. Fairfax.

The Reverend H. Carson Rhyne, Jr., General Presbyterian, Retired, Presbytery of the James, Richmond, Virginia, offered the following prayer:

O God our help in ages past, our hope for years to come, it has been a long 60-day session. The days have been long, hard, and yet productive. We have renewed old relationships, we have established new relationships, and in the process created new laws and ways for the Commonwealth.

As we stand here today, our prayer is that the work of this body will make a difference for the citizens which it serves. We are grateful for the privilege we have to serve as well as the responsibility that goes with it. While all decisions were not unanimous, we pray they were made from personal convictions that are for the building up and advancement of our great Commonwealth.

For harsh words and heated conversations and times when we were stressed and less kind than we could have been, we beg forgiveness from one another. At times our passion got away from us, and we are indeed sorry for any offense.

At the conclusion of our Session today, bless us, O God, as faithful stewards for the work we have done. Kindly bestow on us Your heavenly benediction as we return to our homes, families, and friends. May it be said of us, "Well done good and faithful servants." Amen.

The Pledge of Allegiance to the Flag of the United States of America was led by Michael Adams, Director of Human Resources, Senate Clerk's Office.

The pilot may also include methods to monitor compliance with the provisions of the Training, Education, Employment, and Opportunity Program pursuant to a § 1115 Demonstration Waiver. Any proofs of concept submitted by a vendor shall include cost estimates of such a pilot program. If the Department of Medical Assistance Services determines that a proof of concept by a vendor may significantly improve the eligibility determination process, the department shall notify the Chairmen of the House Appropriations and Senate Finance Committees with details and cost estimates of a potential pilot program.

Y. The Director, Department of Planning and Budget, shall unallot \$4,611,953 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2019, which reflects carryforward balances from fiscal year 2018.

Z. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall provide data by the first day of each month, to each managed care organization, that includes the renewal dates for each member enrolled in their plan that will occur in the next 60 days. The department shall work with the managed care organizations to develop processes to reduce the number of renewals lapsing each year for Medicaid and Family Access to Insurance Security (FAMIS) enrollees.

AA. The Department of Medical Assistance Services shall report a detailed accounting, annually, of the agency's organization and operations. This report shall include an organizational chart that shows all full- and part-time positions (by job title) employed by the agency as well as the current management structure and unit responsibilities. The report shall also provide a summary of organization changes implemented over the previous year. The report shall be made available on the department's website by August 15 of each year.

BB. The Department of Medical Assistance Services shall, within 15 days of receiving a deferral of federal grant funds, or release of a deferral, or a disallowance letter, notify the Director, Department of Planning and Budget, and the Chairmen of the House Appropriations and Senate Finance Committees of such deferral action or disallowance. The notice shall include the amount of the deferral or disallowance and a detailed explanation of the federal rationale for the action. Any federal documentation received by the department shall be attached to the notification.

CC. The Department of Medical Assistance Services shall report on the use of emergency rooms for dental issues by Medicaid covered individuals. The report shall include: (i) data on the number of Medicaid-covered individuals that utilize emergency rooms primarily for dental issues; (ii) a summary of the types of dental issues being addressed and the treatments provided; (iii) data on the frequency of individuals returning to emergency rooms that may be related to the same dental issues; and (iv) options to consider to improve awareness and access to available dental care through free clinics and other community providers to resolve dental issues. The report shall be submitted to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2019.

DD. Out of this appropriation, \$87,500 from the general fund and \$262,500 from nongeneral funds the second year, shall be provided for support of the All Payer Claims Database operated by Virginia Health Information. This appropriation is contingent on federal approval of an Operational Advanced Planning Document.

EE.1. The Department of Medical Assistance Services shall cause its contracted actuary, not later than October 1, 2019, to evaluate and determine the most cost-effective pharmacy benefit delivery model, taking into account cost savings and other considerations such as clinical benefits, for all programs managed or directed by the department. In determining cost savings for each model considered, the actuary shall consider factors including rebates captured by the Commonwealth, decreased capitation rates, drug ingredient costs, generic drug dispensing, dispensing fees, drug utilization, and a single drug formulary (including the existing Common Core Formulary). The department shall report its findings to the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2019.

2. Upon approval of the 2020 General Assembly, the department may permit Medicaid managed care organizations (MCOs) under the Commonwealth's Children's Health Insurance Programs, Medallion 4.0, the Commonwealth Coordinated Care Plus or any other program managed or directed by the department, to develop and implement the most cost-effective pharmacy benefit delivery model including medication therapy management programs and medication reconciliation programs, for Medicaid recipients effective as of July 1, 2020. However, payments for prescribed drugs and dispensing fees shall be aligned to the model that provides the most beneficial financial solution to the Commonwealth. Upon approval of the 2020 General Assembly the department is authorized to contract with a pharmacy benefit manager, provided that the contract requires transparency in dispensing fees paid, cost control and containment measures, rebates collected and paid, fees and other charges for its administration of the pharmacy benefit.

3. The department is authorized to contract with a Virginia university for administration of a common formulary across its programs for pharmacy benefits upon approval of the 2020 General Assembly.

*FF. The Director, Department of Planning and Budget, shall unallot \$3,013,376 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2020, which reflects carryforward balances from fiscal year 2019."*

**Explanation:**

(This amendment sets out Item 307 which was not set out in the introduced budget. The amendment includes a new paragraph FF, which reverts \$3.0 million from the general fund from the Department of Medical Assistance Services' administrative budget in fiscal year 2020. Based on current spending projections and the agency's prepayment of rent and other July 2019 contractual payments out of fiscal year 2019 year end balances, that would have otherwise reverted to the general fund, this amendment captures the excess appropriation.)

Due to a certain legal interpretation, the Trauma Center Fund is still receiving revenue in this fiscal year, albeit at a lesser amount. "3. Of this amount, \$5,000,000 the first year and \$5,000,000 the second year from the general fund is provided for a pilot initiative to support public-private delivery of pre-kindergarten services for at least 500 at-risk three- and four-year-old children each year. Programs must provide full-day or half-day and, at least, school-year services.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based

observation instrument at least once every two years.

c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. For the first year, the application must be submitted by August 15. For subsequent years, the application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk three- and four-year-old children in private settings that demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk children.

d) The proposal must demonstrate: (i) coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency, (ii) a plan for supporting inclusive practices for children with identified special needs, and (iii) a plan to transition the pilot into a sustainable program that is supported with a similar level of state support as Virginia Preschool Initiative slots.

e) Local plans must indicate the number of at-risk three- and four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective pilot initiative in order to fully implement the associated goals and objectives of the pilot. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant pilot activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool pilot initiative.

g) Children served by the pilots shall be assigned student identification numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate pilot program outcomes and to permit comparison with Virginia Preschool Initiative outcomes.

h) Pilot providers shall provide information to the Department of Education as necessary to fulfill the reporting requirement established."

**Explanation:**

(This amendment provides \$5.0 million each year from the general fund to support mixed-delivery pre-kindergarten pilot programs for at least 500 at-risk three- and four-year olds. These slots do not require a local match. The amendment also requires pilot program applications to address how each pilot will transition to a level of state support similar to the state support provided for VPI slots. This amendment also ensures that children served by the pilot programs will be assigned student identification numbers to evaluate and compare outcomes. These per pupil amounts are subject to change for the purpose of payment to school divisions based on the actual March 31 ADM collected each year. Beginning in the second year, these funds shall be matched by the local government, based on the composite index of local ability-to-pay. Further, in order to receive this funding, the locality in which the school division is located shall appropriate these funds solely for educational purposes and shall not use such funds to reduce total local operating expenditures for public education below the amount expended by the locality for such purposes in the year upon which the 2018-20 biennial Standards of Quality expenditure data were based; provided however that

no locality shall be required to maintain a per-pupil expenditure which is greater than the per pupil amount expended by the locality for such purposes in the year upon which the 2018-20 biennial Standards of Quality expenditure data were based. The Department of Education is authorized each year to temporarily suspend Infrastructure and Operations Per Pupil Allocation payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining Infrastructure and Operations Per Pupil Allocation payments to be made for the year.

b. From the amounts listed above, funds are provided to ensure that small school divisions receive an Infrastructure and Operations payment of at least \$200,000 each year. Beginning in the second year, divisions receiving additional funds for a payment of at least \$200,000 shall only be required to provide the local match on the per pupil amount distributed in paragraph C.36.a.

c. Of the amounts listed above, no more than 70 percent the first year and no more than 60 percent the second year shall be used for recurring costs and at least 30 percent the first year and at least 40 percent the second year shall be spent on nonrecurring expenditures by the relevant school divisions. Nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, school buses, technology, and other expenditures related to modernizing classroom equipment, and debt service payments on school projects completed during the last 10 years.

d. Any lottery funds provided to school divisions from this item that are unexpended as of June 30, 2021, and June 30, 2022, shall be carried on the books of the locality to be appropriated to the school division in the following year."

Localities would not be permitted to use these funds to reduce local expenditures on public education. At least 30% of the funds the first year, and at least 40% of the funds the second year would be required to be used for non-recurring expenditures. This ensures that at least \$78.9 million the first year and \$106.5 million the second year is provided to school divisions to meet construction, maintenance, and modernization needs. In the first year, school divisions shall report to the Board of Education the number and type of positions that were not filled in the previous school year and during the current school year through these flexibility provisions. "B. 1. Out of this appropriation up to \$3,459,590 the first year and \$4,872,765 from the general fund is provided for an affordability pilot program to offer financial assistance to Virginia students who are Pell grant eligible, meet university admissions requirements, and live within a 25 mile radius of the university. The program is designed to address regional needs relating to access and completion. Funds shall be used to provide last dollar or reduced tuition and fees to students for up to 150 percent of required credits to complete a certificate or degree. Priority shall be placed on students from Norfolk, Portsmouth, and Newport News and remaining funds may be used for room and board if available. It is the intention that the program may ramp up to 300 students total at any one time by fiscal year 2024. In the first and second year, in the event that financial aid remains available after recruiting new students for fall semester, the remaining financial aid may be used to fund current students who meet the criteria and/or for eligible new students that enroll in the spring semester.

2. As part of the six-year plan process, the university shall submit an annual report of the program that includes number of students served, average financial need of students, total expenditures, average award per student, retention and completion rates, other student outcomes as defined by the university, and planned outcomes for the upcoming year.

3. The University shall submit a detailed budget and implementation plan, including how the institution will disseminate information about the program to area students, the projected size of each cohort, and how the institution will monitor and report on the success of the program. After approval of the plan by the Governor and the Chairs of House Appropriations and Senate Finance and Appropriations, this funding may be released."

2. For each eligible year of service provided, the practitioner shall receive a year of applicable loan repayment award in return. Loan repayment checks will be submitted at the end of each year of service. Payments will be made directly to the lender. Practitioners must agree to a minimum of two years of practice for the behavioral health provider with the ability for two one-year renewals. The program shall require preference be given to applicants choosing to practice in underserved areas which must be a federally designated mental Health Professional Shortage Area or Medically Underserved Area within the Commonwealth. Practitioners are required to practice at Community Services Boards, behavioral health authorities, state mental

health facilities, free clinics, federally qualified health centers and other similar health safety net organizations in order to be eligible for the program. The department shall provide an annual report to the Advisory Board on successes, challenges and opportunities with the program.

5. The Board of Health shall develop regulations consistent with this language in order for the department to administer the program."

**Explanation:**

(This amendment establishes the Behavioral Health Loan Repayment Program in order to increase the number of Virginia behavioral health practitioners by way of an educational loan repayment incentive that complements and coordinates with existing efforts to recruit and retain Virginia behavioral health practitioners. The program would allow for a variety of behavioral health practitioners to receive a student loan repayment award from the Commonwealth in exchange for providing service to Virginia communities that are otherwise underserved. Practitioners would receive loan repayment for up to 25 percent of student loan debt for each year of health care service provided to the Commonwealth. Maximum loan repayment amounts per year are dependent upon the type of behavioral health professional applying and shall not exceed the total student loan debt. Participating practitioners will have an initial two-year minimum participation obligation and may renew for a third and fourth year. This provides the practitioner with the opportunity to fully pay off their student loan debt while providing four years of service to the Commonwealth.)

B. The State Health Commissioner is authorized to develop, in consultation with the regulated entities, a hotel, campground, and summer camp plan and specification review fee, not to exceed \$40.00, a restaurant plan and specification review fee, not to exceed \$40.00, an annual hotel, campground, and summer camp permit renewal fee, not to exceed \$40.00, and an annual restaurant permit renewal fee, not to exceed \$40.00 to be collected from all establishments, except K-12 public schools, that are subject to inspection by the Department of Health pursuant to §§ 35.1-13, 35.1-14, 35.1-16, and 35.1-17, Code of Virginia. However, any such

establishment that is subject to any health permit fee, application fee, inspection fee, risk assessment fee or similar fee imposed by any locality as of January 1, 2002, shall be subject to this annual permit renewal fee only to the extent that the Department of Health fee and the locally imposed fee, when combined, do not exceed the fee amount listed in this paragraph. This fee structure shall be subject to the approval of the Secretary of Health and Human Resources.

C. Pursuant to the Department of Health's Policy Implementation Manual (#07-01), individuals who participate in a local festival, fair, or other community event where food is sold, shall be exempt from the annual temporary food establishment permit fee of \$40.00 provided the event is held only one time each calendar year and the event takes place within the locality where the individual resides.

D. The Virginia Department of Health shall establish and manage memorandums of understanding with qualified health care providers who will provide access to LARCs to patients whose income is below 250 percent of the federal poverty level, the Title X family planning program income eligibility requirement. Providers shall be reimbursed for the

insertion and removal of LARCs at Medicaid rates. As part of the pilot program, the department, in cooperation with the Department of Medical Assistance Services and stakeholders, shall develop a plan to improve awareness and utilization of the Plan First program and include outreach efforts to refer women who have a diagnosis of substance use disorder and who seek family planning services to the Plan First program or participating providers in the pilot program.

2. The Virginia Department of Health shall report on metrics to measure the effectiveness of the program such as impacts on morbidity, reduction in abortions and unplanned pregnancies, and impacts on maternal health such as an increase in the length of time between births, among others. In addition, the department shall collect data on the number of women served who also sought treatment for substance use disorder. The department shall submit a report to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, the Secretary of Health and Human Resources, and the Director, Department of Planning and Budget, that describes the program, and metrics used to measure results, actual program expenditures, and projected expenditures by September 1 of each year.

3. Out of this appropriation, \$1,000,000 the first year and \$1,000,000 the second year from the Temporary Assistance for Needy Families (TANF) block grant shall be made available to supplement the funding provided under paragraph 1. of this Item to expand access to FDA-approved contraceptives, that are not long acting reversible contraceptives. The Virginia Department of Health shall establish and manage memoranda of understanding with qualified health care providers who have existing contracts pursuant to paragraph 1. of this Item or to new ones if funding is available. Providers shall be reimbursed for the cost of the contraceptives, as provided under this paragraph, at Medicaid rates."

**Explanation:**

(This amendment restores language that was inadvertently excluded from the introduced budget related to the Long-Acting Reversible Contraception (LARC) pilot program, as included in the 2018 Appropriation Act. This language modifies the existing program to clarify that it is no longer a pilot program and, in addition, it provides \$1.0 million a year from the Temporary Assistance to Needy Families block grant to supplement the LARC program by allowing access to other forms of contraception. The introduced budget also included an additional \$2.0 million nongeneral fund for the program, bringing the total amount appropriated to \$5.0 million. However, the total funding level required for the program is only \$3.0 million and therefore this amendment removes \$2.0 million in excess appropriation.)

**Explanation:**

(This amendment reduces \$289,169 the first year from the general fund to delay implementation of a pilot program using certified community health workers in four local health districts to improve health outcomes. House Bill 688 requires the Board of Health to adopt regulations setting forth requirements for community health workers to become certified, effective July 1, 2020. This delay will allow time for the regulations to be implemented so that certified community health workers can be hired for the pilot project beginning July 1, 2021. **Explanation:**

(This amendment adds funding each year and language to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least

80 percent of the residents have specific chronic and disabling conditions and the facility has at least a 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2021. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing home residents. The department has the authority to implement this change notwithstanding current regulations and consistent with the approved State Plan amendment."

**Explanation:**

(This amendment adds language authorizing the Department of Medical Assistance Services (DMAS) to use an alternate methodology for setting operating rates for nursing homes that provide specialized care (ventilator care, tracheotomy care, etc.) over the 2020-22 biennium until the agency has more reliable managed care cost data. Unlike nursing facility rates that are rebased every three years, specialized care rates are rebased every year. Only a handful of facilities provide specialized care and this is a completely separate rate development from the usual nursing facility rates. Because the most recent cost reports to be used for these rates have data integrity problems, this alternative methodology will allow the agency time to ensure the data is accurate and reliable in setting the rates beyond fiscal year 2022.)

**Explanation:**

(This amendment adds \$114,419 the first year and \$228,838 the second year from the general fund and a like amount of matching federal Medicaid funds to increase the eligibility requirement for Virginians with disabilities to participate in the Medicaid Works program to 138 percent of the federal poverty level (FPL). The current program eligibility remains at 80 percent of FPL (\$833/month) and was not adjusted when the eligibility for Medicaid was increased with Medicaid Expansion (\$1,436/month). Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purpose of funding the non-federal share of the Medicaid supplemental payment programs authorized by the State Plan for Medical Assistance Services amendments 11-018 and 11-019. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department of Medical Assistance Services.

3. Medicaid supplemental payments authorized under amendments 11-018 and 11-019 are strictly applicable to the period October 25, 2011 through June 30, 2017 and will necessarily be applied against the private hospital upper payment limit for each state fiscal year therein. No Medicaid supplemental payments authorized under amendments 11-018 and 11-019 may apply

to any state fiscal year or any related private hospital upper payment limit beginning July 1, 2017.

4. In the event of any federal disallowance action associated with Medicaid supplemental payments paid to qualifying hospitals by the Department of Medical Assistance Services under the authority of amendments 11-018 and 11-019, hospitals in receipt of the Medicaid supplemental payments in dispute or the hospital health system owner shall return to the Department of Medical Assistance Services all federal funds associated with the Medicaid supplemental payments subject to the disallowance action.

5. The authority of a local government to enact an ordinance to impose an assessment shall be governed by the charter of such local government or pursuant to the Uniform Charters Powers Act.

6. The authority of the Department of Medical Assistance Services to appropriate monies under amendments 11-018 and 11-019 shall only be permitted as authorized in the budget.

7. The Department of Medicaid Assistance services shall retain five percent of the federal funding for state costs related to administration of the supplemental payment program and shall deposit such funds into the Health Care Fund.

8. The provisions of this paragraph are contingent on approval from CMS waiving the two year timely filing requirement and federal approval of the local provider assessment program."

**Explanation:**

(This amendment establishes the Medicaid Supplemental Payment Program Fund and requires the Department of Medical Assistance Services to accept and to pay into the fund, from any county, city, or town provider, assessment funds that have been collected, pursuant to an ordinance, from inpatient hospitals authorized to receive Medicaid supplemental payments pursuant to the State Plan for Medical Assistance Services amendments 11-018 and 11-019.)

The second paragraph eliminates a notification process related to submitting the § 1115 waiver related to the expansion pursuant to the Affordable Care Act. New Virginia-based residential psychiatric facilities must submit proforma cost report data, which will be used to set the initial per diem rate for up to two years. After this period, the department shall establish a per diem rate based on an audited cost report for a 12-month period within the first two years of operation. Virginia-based residential psychiatric facilities that do not submit cost reports shall be paid at 75 percent of the established rate ceiling. If necessary to enroll out-of-state providers for network adequacy, the department shall negotiate rates. If there is sufficient utilization, the department may require out-of-state providers to submit a cost report to establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject to a ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost reports. The department shall have the authority to implement these changes effective July 1, 2020 and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment provides \$7.6 million from the general fund each year and a like amount of federal Medicaid matching funds to increase reimbursement to residential psychiatric facilities. The rates paid to these facilities, not unlike other institutional providers (hospitals, nursing facilities, etc.), have not increased since 2008 and have not been adjusted for inflation. These facilities serve only children in a clinically and medically-necessary active treatment program designed to provide necessary support and address mental health, behavioral, substance abuse, cognitive and training needs in order to prevent or minimize the need for more intensive outpatient treatment, per federal regulations.
