In preparing for each year's forecast of the managed care portions of the budget, the department shall submit to its actuarial contractor a letter, with a copy sent to the Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees. This letter shall document the department's request for a point estimate of the rate of increase in rates, based on application of actuarial principals and methodologies and information available at the time of the forecast, that the contractor estimates will occur in the years being forecast, and shall specify the population groupings for which estimates are requested. The department shall request that the contractor reply in writing with a copy to all parties copied on the department's letter.

DMAS shall convene a meeting each quarter with the Secretary of Finance, Secretary of Health and Human Resources, or their designees, and appropriate staff from the Department of Planning and Budget, House Appropriations and Senate Finance Committees, and Joint Legislative Audit and Review Commission to explain any material differences in expenditures compared to the official Medicaid forecast, adjusted to reflect budget actions from each General Assembly Session. If necessary, the department shall provide options to bring expenditures in line with available resources. At each quarterly meeting, the department shall provide an update on any changes to the managed care programs, or contracts with managed care organizations, that includes detailed information and analysis on any such changes that may have an impact on the capitation rates or overall fiscal impact of the programs, including changes that may result in savings. Specifically, the department shall report on the Discrete Incentive Transition Program with information regarding the number of individuals that transition from nursing facilities, payments to managed care organizations, and outcomes and quality data for the individual plan members that transition into the community. In addition, the department shall report on utilization and other trends in the managed care programs.

The department shall report the expenditures of each funding change separately and show the impact by fiscal year. The report shall be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees by October 1 of each year.

Related-party arrangements shall mean those in which there is common ownership or control between the entities, and shall not include Medicaid payments otherwise authorized in this item.

c. Adjust capitation rates in the Medallion program to account for a portion of expected savings from required initiatives.

3. The funding of these services is contingent on continued federal funding for the Children's Health Insurance Program (CHIP), and is further limited by the availability of CHIP administrative funds. This language should not be construed as authorizing a new Medicaid or CHIP benefit, or as creating a new entitlement.

T. The Director, the Department of Medical Assistance Services, shall include language in all managed care contracts, for all department programming, requiring the plan sponsor to report quarterly, for all quarters through the one ending June 30, 2019, to the department for all pharmacy claims; the amount paid to the pharmacy provider per claim, including but not limited to cost of drug reimbursement; dispensing fees; copayments; and the amount charged to the plan sponsor for each claim by its pharmacy benefit manager. All pharmacy rebates for the quarter determined to be prior year revenue shall be deposited to the Virginia Health Care Fund before the end of the fiscal quarter. The department shall create and use a separate revenue source code to account for pharmacy rebates in the Virginia Health Care Fund.

V.1. Effective with the development of the 2020-2022 biennium, it is the intent of the General Assembly that there is hereby established an annual Medicaid state spending target for each fiscal year. The Joint Subcommittee for Health and Human Resources Oversight shall establish the annual target by September 15 of each year for the following two fiscal years. The target shall take into account the following: a 10-year rolling average of Medicaid expenditures by eligibility category and utilization of services, a 20-year rolling average of general fund revenue growth, and for policy decisions adopted by General Assembly during the previous Session which impact Medicaid spending.

2. In the event of an economic recession, the Joint Subcommittee may take into consideration enrollment and spending trends experienced during previous recessions in establishing the targets.

3. It is the intent of the General Assembly that the Governor abide by the spending target for Medicaid state spending, as established by the Joint Subcommittee, in developing the introduced budget each year and shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the event the target cannot be met, along with the reason it cannot be met.

W. Any such pilot program may include innovative methods to increase automation of various financial accounts to improve the verification process for eligibility. The pilot may also include methods to monitor compliance with the provisions of the Training, Education, Employment, and Opportunity Program pursuant to a § 1115 Demonstration Waiver. Any proofs of concept submitted by a vendor shall include cost estimates of such a pilot program. If the Department of Medical Assistance Services determines that a proof of concept by a vendor may significantly improve the eligibility determination process, the department shall notify the Chairmen of the House Appropriations and Senate Finance Committees with details and cost estimates of a potential pilot program.

Y. The Director, Department of Planning and Budget, shall unallot \$4,611,953 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2019, which reflects carryforward balances from fiscal year 2018.

Z. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall provide data by the first day of each month, to each managed care organization, that includes the renewal dates for each member enrolled in their plan that will occur in the next 60 days. The department shall work with the managed care organizations to develop processes to reduce the number of renewals lapsing each year for Medicaid and Family Access to Insurance Security (FAMIS) enrollees.

This appropriation is contingent on federal approval of an Operational Advanced Planning Document.

EE.1. The Department of Medical Assistance Services shall cause its contracted actuary, not later than October 1, 2019, to evaluate and determine the most cost-effective pharmacy benefit delivery model, taking into account cost savings and other considerations such as clinical benefits, for all programs managed or directed by the department. In determining cost savings for each model considered, the actuary shall consider factors including rebates captured by the Commonwealth, decreased capitation rates, drug ingredient costs, generic drug dispensing, dispensing fees, drug utilization, and a single drug formulary (including the existing Common Core Formulary). The department shall report its findings to the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2019.

However, payments for prescribed drugs and dispensing fees shall be aligned to the model that provides the most beneficial financial solution to the Commonwealth. Upon approval of the 2020 General Assembly the department is authorized to contract with a pharmacy benefit manager, provided that the contract requires transparency in dispensing fees paid, cost control and containment measures, rebates collected and paid, fees and other charges for its administration of the pharmacy benefit.

3. The department is authorized to contract with a Virginia university for administration of a common formulary across its programs for pharmacy benefits upon approval of the 2020 General Assembly.

FF. The Director, Department of Planning and Budget, shall unallot \$4,611,953 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2020, which reflects carryforward balances from fiscal year 2019."

Explanation:

(This amendment sets out Item 307 which was not set out in the introduced budget. The amendment includes a new paragraph FF, which reverts \$3.0 million from the general from the Department of Medical Assistance Services administrative budget in fiscal year 2020. Based on current spending projections and the agency's prepayment of rent and other July 2019 contractual payments out of fiscal year 2019 yearend balances, that would have otherwise reverted to the general fund, this amendment captures the excess appropriation.)

"B. 1. Out of this appropriation up to \$3,773,490 each year from the general fund is provided for an affordability pilot program to offer financial assistance to Virginia students who are Pell grant eligible, meet university admissions requirements, and live within a 25 mile radius of the university. The program shall include a tiered incentive system as follows: (i) Tier I providers: child and adolescent psychiatrists, psychiatric nurse practitioners, and psychiatrists; and (ii) Tier II providers: licensed clinical psychologists, licensed clinical social workers, and licensed professional counselors."

2. For each eligible year of service provided, the practitioner shall receive a year of applicable loan repayment award in return. Loan repayment checks will be submitted at the end of each year of service. Payments will be made directly to the lender. Practitioners must agree to a minimum of two years of practice for the behavioral health provider with the ability for two one-year renewals. The program shall require preference be given to applicants choosing to practice in underserved areas which must be a federally designated mental Health Professional Shortage Area or Medically Underserved Area within the Commonwealth. Practitioners are required to practice at Community Services Boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations in order to be eligible for the program. The award amount is up to 25 percent of student loan debt, not to exceed \$30,000 per year for Tier I professionals or \$20,000 per year for Tier II professionals. In no instance shall the loan repayment exceed the total student loan debt.
3. No match contribution from practice sites or the community is required. Loan repayment awards shall be tax exempt.
4. The program shall have an Advisory Board, composed of representatives from stakeholder organizations and community members as determined by the department. The Advisory Board will meet annually and provide guidance regarding effective outreach and feedback on both programmatic processes and impact. The department shall provide an annual report to the Advisory Board on successes, challenges and opportunities with the program.
5. The Board of Health shall develop regulations consistent with this language in order for the department to administer the program."

Explanation:

(This amendment establishes the Behavioral Health Loan Repayment Program in order to increase the number of Virginia behavioral health practitioners by way of an educational loan repayment incentive that complements and coordinates with existing efforts to recruit and retain Virginia behavioral health practitioners. The program would allow for a variety of behavioral health practitioners to receive a student loan repayment award from the Commonwealth in exchange for providing service to Virginia communities that are otherwise underserved. Practitioners would receive loan repayment for up to 25 percent of student loan debt for each year of health care service provided to the Commonwealth. Maximum loan repayment amounts per year are dependent upon the type of behavioral health professional applying and shall not exceed the total student loan debt. Participating practitioners will have an initial two-year minimum participation obligation and may renew for a third and fourth year. This provides the practitioner with the opportunity to fully pay off their student loan debt while providing four years of service to the Commonwealth.)

Providers shall be reimbursed for the insertion and removal of LARCs at Medicaid rates. 3. The Virginia Department of Health shall establish and manage memoranda of understanding with qualified health care providers who have existing contracts pursuant to paragraph F.1. of this Item or to new ones if funding is available. Providers shall be reimbursed for the cost of the contraceptives, as provided under this paragraph, at Medicaid rates."

Explanation:

(This amendment restores language that was inadvertently excluded from the introduced budget related to the Long-Acting Reversible Contraception (LARC) pilot program, as included in the 2018 Appropriation Act. This language modifies the existing program to clarify that it is no longer a pilot program and in addition it provides \$1.0 million a year from the Temporary Assistance to Needy Families block grant to supplement the LARC program by allowing access to other forms of contraception. The introduced budget also included an additional \$2.0 million nongeneral fund for the program, bringing the total amount appropriated to \$5.0 million. "GGGG.1. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to modify reimbursement for nursing facility services to utilize "total days" as reported on 2017 cost reports in determining peer group prices in the rebasing of rates for state fiscal years 2021, 2022 and 2023.

2. Effective on and after July 1, 2020, the direct peer group price percentage shall be increased to 108.3 percent and the indirect peer group price percentage shall be increased to 102.5 percent.

3. The department shall have the authority to implement these changes effective July 1, 2020 and prior to the completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment provides \$9.1 million the first year and \$9.4 million the second year from the general fund and a like amount of federal Medicaid funds to modify nursing home reimbursement. This amendment modifies nursing facility reimbursement by substituting "total days" for the current use of "Medicaid days" due to the unavailability of reliable Medicaid managed care days that is impacting the integrity of the rebasing model for nursing facilities. Total days are not disputed and would be inclusive of all Medicaid days in the fee-for-service program and CCC Plus managed care program, among some other payer days. Further, this amendment increases the peer group adjustment factors to the Maryland levels in order to account for lower cost facilities inappropriately suppressing Medicaid rates for facilities with higher costs. The second year amount assumes inflation at 2.8 percent.)

Explanation:

(This amendment adds \$114,419 the first year and \$228,838 the second year from the general fund and a like amount of matching federal Medicaid funds to increase the eligibility requirement for Virginians with disabilities to participate in the Medicaid Works program to 138 percent of the federal poverty level (FPL). The current program eligibility remains at 80 percent of FPL (\$833/month) and was not adjusted when the eligibility for Medicaid was increased with Medicaid Expansion (\$1,436/month). The current initial eligibility rules at 80 percent FPL discourages individuals with disabilities from moving into employment for fear of losing their Medicaid coverage. As a result, only 52 individuals with disabilities currently participate in the program.)

Explanation:

(This amendment adds language to modify the definition of hospital readmissions to change it to 30 days making the readmission criteria for both Medicaid managed care organizations (MCOs) and providers consistent and in alignment with similar Medicare rules. Explanation:

(This amendment provides \$34,718 from the general fund each year and a like amount of federal Medicaid matching funds to add tobacco cessation services to the Medicaid program for adults otherwise not covered currently. The Affordable Care Act provides that individuals enrolled in Medicaid through the provisions of that act include coverage for prevention services, including tobacco cessation. The first paragraph directs expansion of all Medicaid services and populations into managed care, which has occurred for the most part. The remaining services and populations should only be moved into managed care if explicitly authorized by the General Assembly. The second paragraph eliminates a notification process related to submitting the § 1115 waiver related to the expansion pursuant to the Affordable Care Act. Explanation:

(This amendment directs the Department of Medical Assistance Services to modify the application of the profit cap and revenue sharing in the Medicaid managed care programs. Currently the Department of Medical Assistance Services contracts with the same six managed care organizations for its two managed care programs, CCC Plus and Medallion 4.0, with separate medical loss ratios and underwriting gain provisions. This would combine these for the two managed care plans, thus mitigating the risk of losses in the CCC Plus program, which serves aged and disabled populations that are more expensive and are riskier to manage. Funding shall be made available to local departments of social services to reimburse foster care providers for increases to their existing motor vehicle insurance premiums that occur because a foster care youth in their care has been added to their insurance policy. The program may also reimburse foster care providers for additional coverage (i.e. an umbrella policy or the equivalent) that provides liability protection should a foster care youth get into or cause a catastrophic accident. Additionally, funding shall be made available to foster care youth in Virginia's Fostering Futures Program to assist in covering the cost of obtaining motor vehicle insurance. The department shall develop reimbursement policies for foster care providers and foster care youth. The department shall coordinate and administer the driver's licensing program based on best practices from similar programs in other states, to include developing educational or training materials that educate foster parents, private providers, and foster youth about (i) liability issues, insurance laws, and common insurance practices (to include laws about renewal and cancellation, how long an accident can affect premiums, how to establish that a foster youth is no longer living in the residence, and other applicable topics); (ii) DMV requirements to obtain a learner's permit and driver's license; (iii) what funding and resources are available to assist in this process, to include, paying school lab fees for "Behind the Wheel" or paying a private driving education company; and (iv) why getting a driver's license on time is important for normalcy and a successful transition to adulthood. The department shall provide information on how many foster care youth were supported by this program and any recommendations to improve the program to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020."

Explanation:

(This amendment provides \$250,000 from the general fund each year to support the development and implementation of a statewide driver's licensing program to support foster care youth in obtaining a driver's license. Explanation:

(This amendment directs the Department of Social Services to develop a plan to provide access statewide to a Kinship Navigator Program. Many kinship caregivers raise children without the supports and case management provided by local department of social services staff to children in foster care. A kinship navigator offers supports to kinship caregivers to assess needs and arrange necessary services to provide support, education, and information to caregivers to ensure that all of the kinship caregivers are aware of and have access to supportive services, such as financial benefits, therapeutic services, and training. Similar to other states, a statewide kinship navigator program would likely operate and maintain an informational and referral "warm-line", a website providing information on how to apply for benefits, including legal aid and fact sheets, and maintain a referral network in which to refer kinship caregivers to local programs in their respective localities. Currently, there are six regional kinship navigator programs that serve 33 percent of local departments of social services.)

"U.1. The Governor is hereby authorized to allocate a sum of up to \$93,455,895 the first year and up to \$133,355,949 the second year from this appropriation, to the extent necessary to offset any downward revisions of the general fund revenue estimate prepared for fiscal years 2021 and 2022, after the enactment by the General Assembly of the 2020 Appropriation Act. If within 5 days of the preliminary close of the fiscal year ending on June 30, 2020, the Comptroller's analysis does not determine that a revenue re-forecast is required pursuant to § 2.2-1503.3, Code of Virginia, then such appropriation shall be used only for employee compensation purposes as stated in paragraphs V., W., and X., below.

2. Furthermore, the \$122,829,871 the first year and \$193,324,094 the second year from the general fund allocated to support the state share of a three percent one-time bonus and four percent salary adjustment for SOQ funded positions authorized in Item 145 of this act shall be unallotted, if the provisions of paragraph U.1. are not met and the actions authorized in paragraphs V. and W. of this item are not effectuated.

W.1. Contingent on the provisions of paragraph U.1. above, the base salary of the following employees shall be increased by three percent on June 10, 2021:

l. Full-time employees of the State Corporation Commission, the Virginia College Savings Plan, the Virginia Lottery, Virginia Workers' Compensation Commission, and the Virginia Retirement System.

2.a. Employees in the Executive Department subject to the Virginia Personnel Act shall receive the salary increases authorized in this paragraph only if they attained at least a rating of "Contributor" on their latest performance evaluation.

b. Salary increases authorized in this paragraph for employees in the Judicial and Legislative Departments, employees of Independent agencies, and employees of the Executive Department not subject to the Virginia Personnel Act shall be consistent with the provisions of this paragraph, as determined by the appointing or governing authority. However, notwithstanding anything herein to the contrary, the governing authorities of those state institutions of higher education with employees not subject to the Virginia Personnel Act may implement salary increases for such employees that may vary based on performance and other employment-related factors. The appointing or governing authority shall certify to the Department of Human Resource Management that employees receiving the awards are performing at levels at least comparable to the eligible employees as set out in subparagraph 2.a. of this paragraph.

3. The Department of Human Resource Management shall increase the minimum and maximum salary for each band within the Commonwealth's Classified Compensation Plan by three percent on June 10, 2021. No salary increase shall be granted to any employee as a result of this action. The department shall develop policies and procedures to be used in instances when employees fall below the entry level for a job classification due to poor performance. Movement through the revised pay band shall be based on employee performance.

4. Out of the amounts for Supplements to Employee Compensation is included \$104,404,956 the second year from the general fund to support the general fund portion of costs associated with the salary increase provided in this paragraph.

7. The governing authorities of those state institutions of higher education with employees may provide a salary adjustment based on performance and other employment-related factors, as long as the increases do not exceed the three percent increase on average.

a. Locally-elected constitutional officers;

b. General Registrars and members of local electoral boards;

2. Out of the appropriation for Supplements to Employee Compensation is included \$28,950,993 the second year from the general fund to support the costs associated with the salary increase provided in this paragraph."

Explanation:

(This amendment provides a three percent one-time bonus to state employees on December 1, 2020, and a three percent base salary adjustment for state employees effective June 10, 2021, and for state-supported local employees effective July 1, 2021. The appropriation for such one-time bonus and compensation adjustments

are contingent upon actual general fund revenues collected and accounted for in the preliminary close of the fiscal year ended June 30, 2020 not being one percent or more below the official budget estimate for FY 2020, necessitating a statutorily required revenue reforecast. Such revenue contingency is required to effectuate the three percent bonus and four percent salary adjustment for SOQ funded positions contained in a separate amendment to Item 145.)

(This amendment changes the source of funding of the \$130.0 million provided in the first year of the biennium for maintenance reserve from tax-supported debt to general fund cash and provides an additional \$14.0 million from the general fund in the first year for projects related to infrastructure and security under the Department of General Services. The amendment also restores language included by the 2019 General Assembly that allows the Frontier Culture Museum to utilize up to 20 percent of its annual maintenance reserve funding for artifact conservation. This language was inadvertently not included in the introduced budget. It is the intent of this amendment that the embedded language regarding these amounts and sources of funds would be updated during enrolling.)

Proposing an amendment to Section 6 of Article II of the Constitution of Virginia and proposing an amendment to the Constitution of Virginia by adding in Article II a section numbered 6-A, relating to apportionment; Virginia Redistricting Commission.

WHEREAS, proposed amendments to the Constitution of Virginia, hereinafter set forth, were agreed to by a majority of the members elected to each of the two houses of the General Assembly at the regular session of 2019 and referred to this, the next regular session held after the 2019 general election of members of the House of Delegates, as required by the Constitution of Virginia; now, therefore, be it

RESOLVED by the Senate, the House of Delegates concurring, That the following amendments to the Constitution of Virginia be, and the same hereby are, proposed in conformity with the provisions of Section 1 of Article XII of the Constitution of Virginia, namely:

Amend Section 6 of Article II of the Constitution of Virginia and amend the Constitution of Virginia by adding in Article II a section numbered 6-A as follows:

ARTICLE II
FRANCHISE AND OFFICERS

Section 6. Apportionment.

(a) Members of the House of Representatives of the United States and members of the Senate and of the House of Delegates of the General Assembly shall be elected from electoral districts established by the General Assembly pursuant to Section 6-A of this Constitution. ~~Every electoral district shall be composed of contiguous and compact territory and shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district.~~

The General Assembly shall reapportion the Commonwealth *shall be reapportioned* into electoral districts in accordance with this section and Section 6-A in the year ~~2011~~ 2021 and every ten years thereafter.

Any such decennial reapportionment law shall take effect immediately and not be subject to the limitations contained in Article IV, Section 13, of this Constitution.

The districts delineated in the decennial reapportionment law shall be implemented for the November general election for the United States House of Representatives, Senate, or House of Delegates, respectively, that is held immediately prior to the expiration of the term being served in the year that the reapportionment law is required to be enacted. A member in office at the time that a decennial redistricting law is enacted shall complete his term of office and shall continue to represent the district from which he was elected for the duration of such term of office so long as he does not move his residence from the district from which he was elected. Any vacancy occurring during such term shall be filled from the same district that elected the member whose vacancy is being filled.

(b) Every electoral district shall be constituted so as to adhere to the following criteria:

(1) Districts shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district. A deviation of no more than five percent shall be permitted for state legislative districts.

(2) Districts shall be drawn in accordance with the requirements of this Constitution and the Constitution of the United States, including the Equal Protection Clause of the Fourteenth Amendment; federal and state laws, including the federal Voting Rights Act of 1965, as amended; and relevant judicial decisions relating to racial and ethnic fairness.

(3) No district shall be drawn that results in a denial or abridgement of the right of any citizen to vote on account of race or color or membership in a language minority group. No district shall be drawn that results in a denial or abridgement of the rights of any racial or language minority group to participate in the political process and to elect representatives of their choice. A violation of this subdivision is established if, on the basis of the totality of the circumstances, it is shown that districts were drawn in such a way that members of a racial or language minority group are dispersed into districts in which they constitute an ineffective minority of voters or are concentrated into districts where they constitute an excessive majority. The extent to which members of a racial or language minority group have been elected to office in the state or the political subdivision is one circumstance that may be considered. Nothing in this subdivision shall establish a right to have members of a racial or language minority group elected in numbers equal to their proportion in the population.

(4) Districts shall be drawn to give racial and language minorities an equal opportunity to participate in the political process and shall not dilute or diminish their ability to elect candidates of choice either alone or in coalition with others.

(5) Districts shall be drawn to preserve communities of interest. For purposes of this subdivision, a "community of interest" means a neighborhood or any geographically defined group of people living in an area who share similar social, cultural, and economic interests. A "community of interest" does not include a community based upon political affiliation or relationship with a political party, elected official, or candidate for office.

(6) Districts shall be composed of contiguous territory, with no district contiguous only by connections by water running downstream or upriver, and political boundaries may be considered.

(7) Districts shall be composed of compact territory and shall be drawn employing one or more standard numerical measures of individual and average district compactness, both statewide and district by district.

(8) A map of districts shall not, when considered on a statewide basis, unduly favor or disfavor any political party.

Section 6-A. Virginia Redistricting Commission.

(a) The Virginia Redistricting Commission (the Commission) is hereby created for the purpose of establishing legislative and congressional districts pursuant to Article II, Section 6 of this Constitution. The General Assembly shall provide by general law for the creation and operation of the Commission in accordance with this section.

(b) The Commission shall consist of eleven commissioners who shall be registered voters of the Commonwealth and who are, as a whole, representative of the racial, gender, political, and geographic diversity of the Commonwealth. Commissioners shall meet the criteria and eligibility requirements established by the General Assembly by general law. Any person who is, or has been, a member or employee of the Congress of the United States or of the General Assembly shall not be eligible to serve as a commissioner.

The eleven commissioners shall be selected in the year ending in zero and shall serve until their successors are appointed. The General Assembly shall provide by general law for the selection of commissioners. The selection process shall be transparent and shall be conducted by the Secretary of the Commonwealth. The process shall allow any interested citizen of the Commonwealth to apply for service and shall be open for a sufficient period of time to allow them to do so. Such process shall ensure that the application for service is accessible and available to the public.

(c) The Commission shall establish districts for the United States House of Representatives and the Senate and the House of Delegates of the General Assembly in the year ending in one. Final approval of any plan for districts shall require an affirmative vote of at least nine of the eleven commissioners. Abstentions shall not be permitted on a vote for final approval of a redistricting plan.

Districts for the Senate and the House of Delegates of the General Assembly shall be established and certified to the Secretary of the Commonwealth and the State Board of Elections no later than 60 days following the receipt of census data. Districts for the United States House of Representatives shall be established and certified to the Secretary of the Commonwealth and the State Board of Elections no later than 120 days following the receipt of census data.

If the Commission is unable to certify the establishment of districts by the deadline prescribed herein due to the inability of a plan to receive the minimum number of votes required, the two plans for such districts receiving the highest number of votes, but not fewer than six votes, shall be submitted to the General Assembly, which shall vote to adopt one of the two plans. No amendments shall be permitted.

(d) Prior to beginning its work to draw or establish districts for the United States House of Representatives and the Senate and the House of Delegates of the General Assembly, the Commission shall hold a series of public hearings throughout the Commonwealth to receive and consider comments from the public, including information to assist in the identification of communities of interest.

Prior to approving any plan for the establishment of districts, the Commission shall make the proposed plans available to the public for at least two weeks, during which time public comment shall be accepted. Any public comment received shall be reviewed and considered by the Commission before voting to approve a plan.

(e) All meetings and hearings held by the Commission shall be public. The meetings and hearings shall be adequately advertised and planned to ensure that the meeting or hearing is accessible and that the public is able to attend and participate fully. Meetings and hearings shall be advertised in multiple languages as practicable and appropriate. Transcripts and archived videos of all meetings and hearings shall be available to the public.

(f) Districts established pursuant to this section shall constitute the official legislative and congressional districts until the next decennial reapportionment or as may be required by a court. Technical adjustments to the boundaries of any legislative or congressional district may be made by the Commission in the year ending in two, solely for the purpose of causing such district boundaries to coincide with the boundaries of voting precincts established in the counties and cities. Such adjustments shall change the district boundaries only to the extent necessary to accomplish this purpose, and any change made shall be consistent with the criteria prescribed by Section 6 of Article II of this Constitution. Any technical adjustment shall require a unanimous affirmative vote by the full membership of the Commission.

(g) If a plan certified by the Commission is declared unlawful by a court of appropriate jurisdiction, the Commission shall reorganize and approve another district plan in the same manner as herein required. Such plan shall be established and certified within the period of time prescribed by the court or within such shorter period as may be necessary to ensure that the new plan is effective for the next succeeding election for the members elected from such districts.

(h) All records and documents of the Commission, or any individual or group performing delegated functions of or advising the Commission, related to the Commission's work, including internal communications and communications from outside parties, shall be considered public information.

(i) The General Assembly shall appropriate the funds necessary for the efficient operation of the Commission. The Commission shall have the authority to employ staff and access the resources sufficient for its operation.

Delegate Orrock raised a point of order that House Rule 62(a) stated that "No motion or proposition, or subject different from that under consideration, will be admitted under color of amendment." and the substitute offered by the Delegate from Fairfax brought in an entirely different subject related to the criteria for redistricting which was not in the original Senate joint resolution and would inquire as to whether the floor substitute was germane.
