Proposing an amendment to Section 6 of Article X of the Constitution of Virginia, relating to personal property tax exemption; motor vehicle owned by a veteran who is disabled.

WHEREAS, a proposed amendment to the Constitution of Virginia, hereinafter set forth, was agreed to by a majority of the members elected to each of the two houses of the General Assembly at the regular session of 2019 and referred to this, the next regular session held after the 2019 general election of members of the House of Delegates, as required by the Constitution of Virginia; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That the following amendment to the Constitution of Virginia be, and the same hereby is, proposed in conformity with the provisions of Section 1 of Article XII of the Constitution of Virginia, namely:

Amend Section 6 of Article X of the Constitution of Virginia as follows:

ARTICLE X
TAXATION AND FINANCE

Section 6. Exempt property.

(a) Except as otherwise provided in this Constitution, the following property and no other shall be exempt from taxation, State and local, including inheritance taxes:

(1) Property owned directly or indirectly by the Commonwealth or any political subdivision thereof, and obligations of the Commonwealth or any political subdivision thereof exempt by law.

(2) Real estate and personal property owned and exclusively occupied or used by churches or religious bodies for religious worship or for the residences of their ministers.

(3) Private or public burying grounds or cemeteries, provided the same are not operated for profit.

(4) Property owned by public libraries or by institutions of learning not conducted for profit, so long as such property is primarily used for literary, scientific, or educational purposes or purposes incidental thereto. This provision may also apply to leasehold interests in such property as may be provided by general law.

(5) Intangible personal property, or any class or classes thereof, as may be exempted in whole or in part by general law.

(6) Property used by its owner for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes, as may be provided by classification or designation by an ordinance adopted by the local governing body and subject to such restrictions and conditions as provided by general law.

(7) Land subject to a perpetual easement permitting inundation by water as may be exempted in whole or in part by general law.

(8) *One motor vehicle owned and used primarily by or for a veteran of the armed forces of the United States or the Virginia National Guard who has been rated by the United States Department of Veterans Affairs or its successor agency pursuant to federal law with a one hundred percent service-connected, permanent, and total disability. For purposes of this subdivision, the term "motor vehicle" shall include only automobiles and pickup trucks. Any such motor vehicle owned by a married person may qualify if either spouse is a veteran who is one hundred percent disabled pursuant to this subdivision. This exemption shall be applicable on the date the motor vehicle is acquired or the effective date of this subdivision, whichever is later, but shall not be applicable for any period of time prior to the effective date.*

(b) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for the exemption from local property taxation, or a portion thereof, within such restrictions and upon such conditions as may be prescribed, of real estate and personal property designed for continuous habitation owned by, and occupied as the sole dwelling of, persons not less than sixty-five years of age or persons permanently and totally disabled as established by general law. A local governing body may be authorized to establish either income or financial worth limitations, or both, in order to qualify for such relief.

(c) Except as to property of the Commonwealth, the General Assembly by general law may restrict or condition, in whole or in part, but not extend, any or all of the above exemptions.

(d) The General Assembly may define as a separate subject of taxation any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth or for the purpose of transferring or storing solar energy, and by general law may allow the governing body of any county, city, town, or regional government to exempt or partially exempt such property from taxation, or by general law may directly exempt or partially exempt such property from taxation.

(f) Exemptions of property from taxation as established or authorized hereby shall be strictly construed; provided, however, that all property exempt from taxation on the effective date of this section shall continue to be exempt until otherwise provided by the General Assembly as herein set forth.

(h) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for a partial exemption from local real property taxation, within such restrictions and upon such conditions as may be prescribed, (i) of real estate whose improvements, by virtue of age and use, have undergone substantial renovation, rehabilitation or replacement or (ii) of real estate with new structures and improvements in conservation, redevelopment, or rehabilitation areas.

The revised language adds more specificity to the issues the workgroup will review, beginning in FY 2020 in order to complete the rate study which is due to legislative committees by September 1, 2020. Language also lays out the dates for an interim report and completion which will occur in the 2020-22 biennium. The language is continued in House Bill 30.)

"3. Of this amount, \$3,000,000 the first year and \$3,000,000 the second year from the general fund is provided for a pilot initiative to support public-private delivery of pre-kindergarten services for at least 300 at-risk three- and four-year-old children each year. Programs must provide full-day or half-day and, at least, school-year services.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based observation instrument at least once every two years.

c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. For the first year, the application must be submitted by August 15. For subsequent years, the application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk three- and four-year-old children in private settings that demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk children.

d) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency. The proposal must also demonstrate a plan for supporting inclusive practices for children with identified special needs.

e) Local plans must indicate the number of at-risk three- and four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Virginia Preschool Initiative for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective pilot initiative in order to fully implement the associated goals and objectives of the pilot. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant pilot activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool pilot initiative."

Explanation:

(This amendment provides \$3.0 million each year from the general fund to support mixed-delivery of pre-kindergarten slots for at least 300 at-risk three- and four-year olds. These slots do not require a local match. A corresponding amendment in Item 145 relocates this initiative to Item 144.)

In the first year, amounts included in this item along with separate appropriations for George Mason University in Item 171, Old Dominion University in Item 187, and the Virginia Community College System in Item 220 will allow institutions to fully fund their six-year plans to include salary increases, base operating costs, institution-specific initiatives, and undergraduate financial aid without increasing in-state undergraduate tuition and fees. In the second year, amounts included in this item along with separate appropriations for George Mason University in Item 171, Old Dominion University in Item 187, and the Virginia Community College System in Item 220 will allow institutions to fully fund their six-year plans to include salary increases, base operating costs, institution-specific initiatives, and undergraduate financial aid while limiting in-state undergraduate tuition and fee increases to two percent. Explanation:

(This amendment adds funding and language in the second year to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions and the facility has at least a 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2021. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing home residents. The Department of Social Services shall create an emergency approval process for kinship caregivers and develop foster home certification standards for kinship caregivers using as a guide the Model Family Foster Home Licensing Standards developed by the American Bar Association Center on Children and the Law, the Annie E. Casey Foundation, Generations United, and the National Association for Regulatory Administration. The adopted standards should align, as much as reasonably possible, to the Model Family Foster Home Licensing Standards, and should ensure that children in foster care (i) live in safe and appropriate homes under local department of social services and court oversight; (ii) receive monthly financial assistance and supportive services to help meet their needs; and (iii) can access the permanency options offered by Virginia's Kinship Guardianship Assistance Program."

Explanation:

(This amendment adds \$75,000 each year from the general fund for the Department of Social Services to implement an emergency approval process for kinship caregivers and the development of foster home certification standards for kinship caregivers. Any new approval process created will encompass the same safety standards that non-relative foster homes must comply with when getting approved as a foster home. This will help Virginia align its foster care approval process to the federal Family First Prevention Services Act legislation that directs states to use prevention dollars and keep children with kin rather than enter non-relative foster care. This is a recommendation of the Commission on Youth.)

The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Page 43, after line 38, insert:

"G. Except as otherwise specifically provided by law, all legal services of the Office of the Attorney General shall be performed exclusively by (i) an employee of the Office, (ii) an employee of another Virginia governmental entity as may be provided by law, or (iii) an employee of a federal governmental entity pursuant to an agreement between the Office of the Attorney General and such federal governmental entity. Except as otherwise specifically provided under this act, the sole source of compensation paid to employees of the Office of the Attorney General for performing legal services on behalf of the Commonwealth shall be from the appropriations provided under this act. In any case in which the Office of the Attorney General is authorized under law to contract with, hire, or engage a person other than a person described in clauses (i), (ii), or (iii) to perform legal services on behalf of the Commonwealth, the sole consideration for such legal services shall be a monetary amount bargained for in an arm's length transaction with such person and the Office of the Attorney General or another Virginia governmental entity, stating under what authority that office enters the contract. Only persons described in clauses (i), (ii), or (iii) shall perform legal services on premises leased by the Office of the Attorney General. Nothing in this paragraph shall prohibit the Office of the Attorney General from entering into a settlement agreement with a defendant arising from a case litigated or prosecuted by a federal governmental entity, local governmental entity, or an Attorney General's Office in another state or United States territory. Nothing in this paragraph shall prohibit the Office of the Attorney General from employing and providing office space to an unpaid intern assisting in performing legal services provided that such intern does not possess a current license to practice law in the Commonwealth, any other state, or any United States territory."

Explanation:

(This amendment clarifies the policy regarding which entities are authorized to provide legal services in support of the responsibilities of the Office of the Attorney General.)

Item 145 #1h

Education

Direct Aid to Public Education

Language

Language:

Page 139, after line 19, insert:

"18. To provide temporary flexibility, notwithstanding any other provision in statute or in this item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through 12 by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, and librarian staffing ratios for new hires are waived."

Explanation:

(This amendment partially restores language that had been included in the Appropriation Act since 2010 that was eliminated in the introduced budget. This language supersedes staffing standards for several categories of instructional positions. The previous language also waived staffing standards for English as a Second Language and school counselor positions; however they are not included, as 2020 legislation proposes to increase the staffing standards for those positions.)

"43. Virginia Public School Construction Grants Program

a. In the event that the 2020 General Assembly approves legislation that provides for the collection of tax revenue from electronic gaming devices or games of skill machines through the Virginia Lottery and Gaming Department, the first \$40,000,000 of such tax revenues each year shall be deposited into the Lottery Proceeds fund, and any such tax revenues in excess of \$40,000,000 shall be deposited into the Virginia Public School Construction Grant Fund (the "Fund"), as established in Chapter 11.1 of Title 22.1 of the Code of Virginia.

b. Notwithstanding the provisions of §§ 22.1-175.2 and 22.1-175.4 of the Code of Virginia, (i) grants awarded from the Fund shall be limited to costs related to construction planning, site acquisition, site grading and preparation for school construction projects, (ii) grants shall be limited to \$5,000,000 per school division in any two-year period, and (iii) the Department of Education shall establish criteria for the award for such grant, which shall include prioritization of grants for school divisions in localities with high or above average fiscal stress or median household incomes at 75 percent or below the statewide median household income."

Explanation:

(This amendment would allocate any revenues from games of skill machines in excess of \$40 million in any year be deposited to the existing Virginia Public School Construction Grant Fund, provided that legislation providing for the taxation of "gray machines" is adopted by the 2020 General Assembly. The amendment also establishes criteria for any grants awarded from the Fund, including (i) limiting the uses of the fund to school construction planning and site preparation, (ii) limiting grants to no more than \$5,000,000 in any two-year period, and (iii) prioritizing grants to areas experiencing above average or high fiscal stress or median incomes no greater than 75 percent of the statewide median income.)

Page 289, line 44, strike "\$10,000" and "\$10,000" and insert:

"\$50,000" and "\$50,000".

Explanation:

(This amendment provides an additional \$40,000 from the general fund each year for the Special Olympics Healthy Athletes program. This would increase funding for this program from \$10,000 each year to \$50,000 each year. Despite the mistaken belief that people with intellectual disabilities receive the same or better health care than others, they typically receive sub-standard care or virtually no health care at all. This amendment will provide funding to help the Healthy Athlete exam and treatment program expand so that Special Olympic Athletes can continue to come to Summer Games expressly to receive the benefits of this life-changing program. This program will also provide valuable training for the medical community; a group that receives virtually no training in treating the special needs population. Funding would be provided from the unappropriated balance.)

At the request of Delegate Robinson, the floor amendment was withdrawn.

Delegate Gilbert offered the following amendment:

Explanation:

(This amendment provides \$3.0 million from the general fund and a like amount of matching federal Medicaid funding the second year to the Department of Medical Assistance Services to resume negotiations with the federal Centers for Medicare and Medicaid on the Medicaid expansion 1115 demonstration waiver. Funding will be used for staff, planning and activities resulting in the implementation of the Medicaid expansion 1115 demonstration waiver. The introduced budget eliminated funding for this initiative.)

G. *Out of this appropriation, \$600,000 the second year from indirect cost recoveries is provided to pay Virginia Health Information for the full costs of operating the Emergency Department Care Coordination Program."*

Explanation:

(This amendment sets out Item 297, which was not set out in the introduced budget, to provide \$600,000 the second year from the general fund to fully fund the Emergency Department Care Coordination Program. Due to inadvertent administrative paperwork issues, federal funding to fully support the EDCC is not fully available. This funding will ensure that the program is fully funded in fiscal year 2020.)
