6. The department shall maintain CMP special fund balance of at least \$1.0 million to address emergency situations in Virginia's nursing facilities.

R. Out of this appropriation, \$100,000 the first year and \$100,000 the second year from the general fund shall be provided to contract with the Virginia Center for Health Innovation for research, development and tracking of innovative approaches to healthcare delivery.

The Department of Medical Assistance Services (DMAS) shall reimburse Vision to Learn for services provided to children that do not have another source of payment. The department shall reimburse for services rendered at the standard fee-for-service reimbursement rates.

2. Federal trust funds for these services will be accessed through the Children's Health Insurance Program (CHIP) Health Services Initiative allowed by Section 2015(a)(1)(D)(ii) of the Social Security Act and 42 CFR 457.10. The department is authorized to match federal trust funds with local public and private contributions for the purpose of reimbursing Vision to Learn for eye exams and corrective lenses and frames, if necessary, to school age children.

3. The funding of these services is contingent on continued federal funding for the Children's Health Insurance Program (CHIP), and is further limited by the availability of CHIP administrative funds. This language should not be construed as authorizing a new Medicaid or CHIP benefit, or as creating a new entitlement.

T. The Director, the Department of Medical Assistance Services, shall include language in all managed care contracts, for all department programming, requiring the plan sponsor to report quarterly, for all quarters through the one ending June 30, 2019, to the department for all pharmacy claims; the amount paid to the pharmacy provider per claim, including but not limited to cost of drug reimbursement; dispensing fees; copayments; and the amount charged to the plan sponsor for each claim by its pharmacy benefit manager. In the event there is a difference between these amounts, the plan sponsor shall report an itemization of all administrative fees, rebates, or processing charges associated with the claim. All data and information provided by the plan sponsor shall be kept secure; and notwithstanding any other provision of law, the department shall maintain the confidentiality of the proprietary information and not share or disclose the proprietary information contained in the report or data collected with persons outside the department. Only those department employees involved in collecting, securing and analyzing the data for the purpose of preparing the report shall have access to the proprietary data. The department shall annually provide a report using aggregated data only to the Chairmen of the House Appropriations and Senate Finance Committees on the implementation of this initiative and its impact on program expenditures by October 1 of each year. Nothing in the report shall contain confidential or proprietary information.

U. The Department of Medical Assistance Services shall, prior to the end of each fiscal quarter, determine and properly reflect in the accounting system whether pharmacy rebates received in the quarter are related to fee-for-service or managed care expenditures and whether or not the rebates are prior year recoveries or expenditure refunds for the current year. All pharmacy rebates for the quarter determined to be prior year revenue shall be deposited to the Virginia Health Care Fund before the end of the fiscal quarter. The department shall create and use a separate revenue source code to account for pharmacy rebates in the Virginia Health Care Fund.

V.1. Effective with the development of the 2020-2022 biennium, it is the intent of the General Assembly that there is hereby established an annual Medicaid state spending target for each fiscal year. The Joint Subcommittee for Health and Human Resources Oversight shall establish the annual target by September 15 of each year for the following two fiscal years. The target shall take into account the following: a 10-year rolling average of Medicaid expenditures by eligibility category and utilization of services, a 20-year rolling average of general fund revenue growth, and for policy decisions adopted by General Assembly during the previous Session which impact Medicaid spending.

2. In the event of an economic recession, the Joint Subcommittee may take into consideration enrollment and spending trends experienced during previous recessions in establishing the targets.

3. It is the intent of the General Assembly that the Governor abide by the spending target for Medicaid state spending, as established by the Joint Subcommittee, in developing the introduced budget each year and shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the event the target cannot be met, along with the reason it cannot be met.

W. Out of this appropriation, \$225,000 the first year from the general fund and \$225,000 the first year from federal funds shall be used to hire an expert contractor or contractors to review the Department of Medical Assistance Services' (DMAS) federal expenditure and budget reporting as well as aid the department with improvements to cost allocation plans and federal advanced planning documents. On or before October 1, 2020, DMAS shall provide a report that details all areas examined, findings and improvements to Director, Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees.

X. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, may consider and review proofs of concept from vendors for a pilot program to improve screening services for income and assets as part of the Medicaid eligibility determination process for both initial applications and renewals. Any such pilot program may include innovative methods to increase automation of various financial accounts to improve the verification process for eligibility. The pilot may also include methods to monitor compliance with the provisions of the Training, Education, Employment, and Opportunity Program pursuant to a § 1115 Demonstration Waiver. Any proofs of concept submitted by a vendor shall include cost estimates of such a pilot program. If the Department of Medical Assistance Services determines that a proof of concept by a vendor may significantly improve the eligibility determination process, the department shall notify the Chairmen of the House Appropriations and Senate Finance Committees with details and cost estimates of a potential pilot program.

Y. The Director, Department of Planning and Budget, shall unallot \$4,611,953 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2019, which reflects carryforward balances from fiscal year 2018.

Z. The Department of Medical Assistance Services, in collaboration with the Department of Social Services, shall provide data by the first day of each month, to each managed care organization, that includes the renewal dates for each member enrolled in their plan that will occur in the next 60 days. The department shall work with the managed care organizations to develop processes to reduce the number of renewals lapsing each year for Medicaid and Family Access to Insurance Security (FAMIS) enrollees.

AA. The Department of Medical Assistance Services shall report a detailed accounting, annually, of the agency's organization and operations. This report shall include an organizational chart that shows all full- and part-time positions (by job title) employed by the agency as well as the current management structure and unit responsibilities. The report shall also provide a summary of organization changes implemented over the previous year. The report shall be made available on the department's website by August 15 of each year.

BB. The Department of Medical Assistance Services shall, within 15 days of receiving a deferral of federal grant funds, or release of a deferral, or a disallowance letter, notify the Director, Department of Planning and Budget, and the Chairmen of the House Appropriations and Senate Finance Committees of such deferral action or disallowance. The notice shall include the amount of the deferral or disallowance and a detailed explanation of the federal rationale for the action. Any federal documentation received by the department shall be attached to the notification.

CC. The Department of Medical Assistance Services shall report on the use of emergency rooms for dental issues by Medicaid covered individuals. The report shall include: (i) data on the number of Medicaid-covered individuals that utilize emergency rooms primarily for dental issues; (ii) a summary of the types of dental issues being addressed and the treatments provided; (iii) data on the frequency of individuals returning to emergency rooms that may be related to the same dental issues; and (iv) options to consider to improve awareness and access to available dental care through free clinics and other community providers to resolve dental issues. The report shall be submitted to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2019.

DD. Out of this appropriation, \$87,500 from the general fund and \$262,500 from nongeneral funds the second year, shall be provided for support of the All Payer Claims Database operated by Virginia Health Information. This appropriation is contingent on federal approval of an Operational Advanced Planning Document.

EE.1. The Department of Medical Assistance Services shall cause its contracted actuary, not later than October 1, 2019, to evaluate and determine the most cost-effective pharmacy benefit delivery model, taking into account cost savings and other considerations such as clinical benefits, for all programs managed or directed by the department. In determining cost savings for each model considered, the actuary shall consider factors including rebates captured by the Commonwealth, decreased capitation rates, drug ingredient costs, generic drug dispensing, dispensing fees, drug utilization, and a single drug formulary (including the existing Common Core Formulary). The department shall report its findings to the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2019.

2. Upon approval of the 2020 General Assembly, the department may permit Medicaid managed care organizations (MCOs) under the Commonwealth's Children's Health Insurance Programs, Medallion 4.0, the Commonwealth Coordinated Care Plus or any other program managed or directed by the department, to develop and implement the most cost-effective pharmacy benefit delivery model including medication therapy management programs and medication reconciliation programs, for Medicaid recipients effective as of July 1, 2020. However, payments for prescribed drugs and dispensing fees shall be aligned to the model that provides the most beneficial financial solution to the Commonwealth. Upon approval of the 2020 General Assembly the department is authorized to contract with a pharmacy benefit manager, provided that the contract requires transparency in dispensing fees paid, cost control and containment measures, rebates collected and paid, fees and other charges for its administration of the pharmacy benefit.

3. The department is authorized to contract with a Virginia university for administration of a common formulary across its programs for pharmacy benefits upon approval of the 2020 General Assembly.

FF. The Director, Department of Planning and Budget, shall unallot \$3,013,376 from the general fund in this Item and revert the appropriation to the general fund, on or before June 30, 2020, which reflects carryforward balances from fiscal year 2019."

Explanation:

(This amendment sets out Item 307 which was not set out in the introduced budget. The amendment includes a new paragraph FF, which reverts \$3.0 million from the general fund from the Department of Medical Assistance Services' administrative budget in fiscal year 2020. Based on current spending projections and the agency's prepayment of rent and other July 2019 contractual payments out of fiscal year 2019 year end balances, that would have otherwise reverted to the general fund, this amendment captures the excess appropriation.)

Explanation:

(This amendment reduces the general fund transfer to the Trauma Center Fund by \$6.1 million. The introduced budget included an \$11.1 million transfer to offset the loss of the revenue from the \$100 driver's licenses reinstatement fee that was inadvertently eliminated in the 2019 Session as part of the policy change to no longer suspend driver's licenses due to nonpayment of fines and fees. Due to a certain legal interpretation, the Trauma Center Fund is still receiving revenue in this fiscal year, albeit at a lesser amount. The prior year cash balance in the fund along with current revenue indicates a lesser need for the full transfer. This amendment reduces the transfer but leaves \$5.0 million in case of any shortfall in fiscal year 2021.)

Of this amount, \$5,000,000 the first year and \$5,000,000 the second year from the general fund is provided for a pilot initiative to support public-private delivery of pre-kindergarten services for at least 500 at-risk three- and four-year-old children each year. Programs must provide full-day or half-day and, at least, school-year services.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based observation instrument at least once every two years.

c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. For the first year, the application must be submitted by August 15. For subsequent years, the application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk three- and four-year-old children in private settings that demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk children.

d) The proposal must demonstrate: (i) coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency, (ii) a plan for supporting inclusive practices for children with identified special needs, and (iii) a plan to transition the pilot into a sustainable program that is supported with a similar level of state support as Virginia Preschool Initiative slots.

e) Local plans must indicate the number of at-risk three- and four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective pilot initiative in order to fully implement the associated goals and objectives of the pilot. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant pilot activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool pilot initiative.

g) Children served by the pilots shall be assigned student identification numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate pilot program outcomes and to permit comparison with Virginia Preschool Initiative outcomes.

h) Pilot providers shall provide information to the Department of Education as necessary to fulfill the reporting requirement established."

Explanation:

(This amendment provides \$5.0 million each year from the general fund to support mixed-delivery pre-kindergarten pilot programs for at least 500 at-risk three- and four-year olds. These slots do not require a local match. The amendment also requires pilot program applications to address how each pilot will transition to a level of state support similar to the state support provided for VPI slots. This amendment also ensures that children served by the pilot programs will be assigned student identification numbers to evaluate and compare outcomes. Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting, (ii) the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv) the number of students served whose families are at or below 130 percent poverty, above 130 percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent of poverty, and above 350 percent of poverty.
- 3.) Such comprehensive report shall include details regarding any supplemental grants awarded pursuant to paragraph f.
- 4.) The Department shall submit such comprehensive report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than December 31 each year.
- 5.) The Department shall develop a plan for comprehensive public reporting on early childhood expenditures, outcomes, and program quality to replace this reporting requirement. Such plan shall consider the components included in this reporting requirement, and include all publicly-funded providers as defined in House Bill 1012 and Senate Bill 578. The plan shall identify any fiscal, legislative, or regulatory barriers to implementing such public reporting, and shall consider integration with the Department's School Quality Profiles. Such plan shall be submitted to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020."

These per pupil amounts are subject to change for the purpose of payment to school divisions based on the actual March 31 ADM collected each year. Beginning in the second year, these funds shall be matched by the local government, based on the composite index of local ability-to-pay. Further, in order to receive this funding, the locality in which the school division is located shall appropriate these funds solely for educational purposes and shall not use such funds to reduce total local operating expenditures for public education below the amount expended by the locality for such purposes in the year upon which the 2018-20 biennial Standards of Quality expenditure data were based; provided however that no locality shall be required to maintain a per-pupil expenditure which is greater than the per pupil amount expended by the locality for such purposes in the year upon which the 2018-20 biennial Standards of Quality expenditure data were based. The Department of Education is authorized each year to temporarily suspend Infrastructure and Operations Per Pupil Allocation payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining Infrastructure and Operations Per Pupil Allocation payments to be made for the year.
 b. From the amounts listed above, funds are provided to ensure that small school divisions receive an Infrastructure and Operations payment of at least \$200,000 each year. Beginning in the second year, divisions receiving additional funds for a payment of at least \$200,000 shall only be required to provide the local match on the per pupil amount distributed in paragraph C.36.a.
 c. Of the amounts listed above, no more than 70 percent the first year and no more than 60 percent the second year shall be used for recurring costs and at least 30 percent the first year and at least 40 percent the second year shall be spent on nonrecurring expenditures by the relevant school divisions. Nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, school buses, technology, and other expenditures related to modernizing classroom equipment, and debt service payments on school projects completed during the last 10 years.
 d. Any lottery funds provided to school divisions from this item that are unexpended as of June 30, 2021, and June 30, 2022, shall be carried on the books of the locality to be appropriated to the school division in the following year."

Explanation:

(This amendment establishes the Infrastructure and Operations Per Pupil Fund, which would provide \$263.0 million the first year and \$266.2 million the second year from the Lottery Proceeds fund to provide the state share of per-pupil payments of \$375.27 the first year and \$378.52 the second year, and payments to ensure that each school division receives at least a \$200,000 payment. Localities would not be permitted to use these funds to reduce local expenditures on public education. At least 30% of the funds the first year, and at least 40% of the funds the second year would be required to be used for non-recurring expenditures. This ensures that at least \$78.9 million the first year and \$106.5 million the second year is provided to school divisions to meet construction, maintenance, and modernization needs. In the first year, school divisions shall report to the Board of Education the number and type of positions that were not filled in the previous school year and during the current school year through these flexibility provisions. "B. 1. Out of this appropriation up to \$3,459,590 the first year and \$4,872,765 from the general fund is provided for an affordability pilot program to offer financial assistance to Virginia students who are Pell grant eligible, meet university admissions requirements, and live within a 25 mile radius of the university. The program is designed to address regional needs relating to access and completion. Funds shall be used to provide last dollar or reduced tuition and fees to students for up to 150 percent of required credits to complete a certificate or degree. Priority shall be placed on students from Norfolk, Portsmouth, and Newport News and remaining funds may be used for room and board if available. It is the intention that the program may ramp up to 300 students total at any one time by fiscal year 2024. In the first and second year, in the event that financial aid remains available after recruiting new students for fall semester, the remaining financial aid may be used to fund current students who meet the criteria and/or for eligible new students that enroll in the spring semester.

2. As part of the six-year plan process, the university shall submit an annual report of the program that includes number of students served, average financial need of students, total expenditures, average award per student, retention and completion rates, other student outcomes as defined by the university, and planned outcomes for the upcoming year.

3. The University shall submit a detailed budget and implementation plan, including how the institution will disseminate information about the program to area students, the projected size of each cohort, and how the institution will monitor and report on the success of the program. After approval of the plan by the Governor and the Chairs of House Appropriations and Senate Finance and Appropriations, this funding may be released."

7. a. No later than September 1 of each year, each Virginia public associate degree-granting institution shall submit to the State Council of Higher Education for Virginia and the Virginia Community College System a report with data from the previous fiscal year on program participation and completion, including data on what high-demand fields are supported by students at each institution.

"B. 1. Out of this appropriation up to \$3,773,490 the first year and \$4,872,765 the second year from the general fund is provided for an affordability pilot program to offer financial assistance to Virginia students who are Pell grant eligible, meet university admissions requirements, and live within a 25 mile radius of the university. The program is designed to address regional needs relating to access and completion. Funds shall be used to provide last dollar or reduced tuition and fees to students for up to 150 percent of required credits to complete a certificate or degree. Priority shall be placed on students from Matoaca, Petersburg, and Colonial Heights high schools, and remaining funds may be used for room and board if available. It is the intention that the program may ramp up to 300 students total at any one time by fiscal year 2024. In the first and second year, in the event that financial aid remains available after recruiting new students for fall semester, the remaining financial aid may be used to fund current students who meet the criteria and/or for eligible new students that enroll in the spring semester.

2. As part of the six-year plan process, the university shall submit an annual report of the program that includes number of students served, average financial need of students, total expenditures, average award per student, retention and completion rates, other student outcomes as defined by the university, and planned outcomes for the upcoming year.

3. The University shall submit a detailed budget and implementation plan, including how the institution will disseminate information about the program to area students, the projected size of each cohort, and how the institution will monitor and report on the success of the program. After approval of the plan by the Governor and the Chairs of House Appropriations and Senate Finance and Appropriations, this funding may be released."

2. For each eligible year of service provided, the practitioner shall receive a year of applicable loan repayment award in return. Loan repayment checks will be submitted at the end of each year of service. Payments will be made directly to the lender. Practitioners must agree to a minimum of two years of practice for the behavioral health provider with the ability for two one-year renewals. The program shall require preference be given to applicants choosing to practice in underserved areas which must be a federally designated mental Health Professional Shortage Area or Medically Underserved Area within the Commonwealth. Practitioners are required to practice at Community Services Boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations in order to be eligible for the program. The award amount is up to 25 percent of student loan debt, not to exceed \$30,000 per year for Tier I professionals or \$20,000 per year for Tier II professionals. In no instance shall the loan repayment exceed the total student loan debt.

3. No match contribution from practice sites or the community is required. Loan repayment awards shall be tax exempt.
4. The program shall have an Advisory Board, composed of representatives from stakeholder organizations and community members as determined by the department. The Advisory Board will meet annually and provide guidance regarding effective outreach and feedback on both programmatic processes and impact. The department shall provide an annual report to the Advisory Board on successes, challenges and opportunities with the program.
5. The Board of Health shall develop regulations consistent with this language in order for the department to administer the program."

Explanation:

(This amendment establishes the Behavioral Health Loan Repayment Program in order to increase the number of Virginia behavioral health practitioners by way of an educational loan repayment incentive that complements and coordinates with existing efforts to recruit and retain Virginia behavioral health practitioners. The program would allow for a variety of behavioral health practitioners to receive a student loan repayment award from the Commonwealth in exchange for providing service to Virginia communities that are otherwise underserved. Practitioners would receive loan repayment for up to 25 percent of student loan debt for each year of health care service provided to the Commonwealth. Maximum loan repayment amounts per year are dependent upon the type of behavioral health professional applying and shall not exceed the total student loan debt. Participating practitioners will have an initial two-year minimum participation obligation and may renew for a third and fourth year. This provides the practitioner with the opportunity to fully pay off their student loan debt while providing four years of service to the Commonwealth.)

8. Notwithstanding § 32.1-163 through § 32.1-176, Code of Virginia, and starting July 1, 2019, the State Health Commissioner shall charge a fee of \$225.00, for a permit to repair or voluntarily upgrade an onsite sewage system or alternative discharging system designed for less than 1,000 gallons per day supported with certified work from an onsite soil evaluator or a professional engineer. B. The State Health Commissioner is authorized to develop, in consultation with the regulated entities, a hotel, campground, and summer camp plan and specification review fee, not to exceed \$40.00, a restaurant plan and specification review fee, not to exceed \$40.00, an annual hotel, campground, and summer camp permit renewal fee, not to exceed \$40.00, and an annual restaurant permit renewal fee, not to exceed \$40.00 to be collected from all establishments, except K-12 public schools, that are subject to inspection by the Department of Health pursuant to §§ 35.1-13, 35.1-14, 35.1-16, and 35.1-17, Code of Virginia. However, any such establishment that is subject to any health permit fee, application fee, inspection fee, risk assessment fee or similar fee imposed by any locality as of January 1, 2002, shall be subject to this annual permit renewal fee only to the extent that the Department of Health fee and the locally imposed fee, when combined, do not exceed the fee amount listed in this paragraph. This fee structure shall be subject to the approval of the Secretary of Health and Human Resources.
C. Pursuant to the Department of Health's Policy Implementation Manual (#07-01), individuals who participate in a local festival, fair, or other community event where food is sold, shall be exempt from the annual temporary food establishment permit fee of \$40.00 provided the event is held only one time each calendar year and the event takes place within the locality where the individual resides.
D. The State Health Commissioner shall work with public and private dental providers to develop options for delivering dental services in underserved areas, including the use of public-private partnerships in the development and staffing of facilities, the use of dental hygiene and dental students to expand services and enhance learning experiences, and the availability of reimbursement mechanisms and other public and private resources to expand services.

E. Out of this appropriation, \$417,822 the first year and \$417,822 the second year from the Temporary Assistance for Needy Families (TANF) block grant shall be used to support program expenses for the Healthy Families program."

Explanation:

(This amendment corrects an omission of language in the introduced budget that outlines certain existing fees charged by the Department of Health. Adding this language is necessary in order to ensure current fees and policies are continued.)

The Virginia Department of Health shall establish and manage memorandums of understanding with qualified health care providers who will provide access to LARCs to patients whose income is below 250 percent of the federal poverty level, the Title X family planning program income eligibility requirement. Providers shall be reimbursed for the insertion and removal of LARCs at Medicaid rates. As part of the pilot program, the department, in cooperation with the Department of Medical Assistance Services and stakeholders, shall develop a plan to improve awareness and utilization of the Plan First program and include outreach efforts to refer women who have a diagnosis of substance use disorder and who seek family planning services to the Plan First program or participating providers in the pilot program.

2. The Virginia Department of Health shall report on metrics to measure the effectiveness of the program such as impacts on morbidity, reduction in abortions and unplanned pregnancies, and impacts on maternal health such as an increase in the length of time between births, among others. In addition, the department shall collect data on the number of women served who also sought treatment for substance use disorder. The department shall submit a report to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, the Secretary of Health and Human Resources, and the Director, Department of Planning and Budget, that describes the program, and metrics used to measure results, actual program expenditures, and projected expenditures by September 1 of each year.

3. Out of this appropriation, \$1,000,000 the first year and \$1,000,000 the second year from the Temporary Assistance for Needy Families (TANF) block grant shall be made available to supplement the funding provided under paragraph 1. of this Item to expand access to FDA-approved contraceptives, that are not long acting reversible contraceptives. The Virginia Department of Health shall establish and manage memoranda of understanding with qualified health care providers who have existing contracts pursuant to paragraph 1. of this Item or to new ones if funding is available. Providers shall be reimbursed for the cost of the contraceptives, as provided under this paragraph, at Medicaid rates."

Explanation:

(This amendment restores language that was inadvertently excluded from the introduced budget related to the Long-Acting Reversible Contraception (LARC) pilot program, as included in the 2018 Appropriation Act. This language modifies the existing program to clarify that it is no longer a pilot program and, in addition, it provides \$1.0 million a year from the Temporary Assistance to Needy Families block grant to supplement the LARC program by allowing access to other forms of contraception. The introduced budget also included an additional \$2.0 million nongeneral fund for the program, bringing the total amount appropriated to \$5.0 million. However, the total funding level required for the program is only \$3.0 million and therefore this amendment removes \$2.0 million in excess appropriation.)

Explanation:

(This amendment reduces \$289,169 the first year from the general fund to delay implementation of a pilot program using certified community health workers in four local health districts to improve health outcomes. House Bill 688 requires the Board of Health to adopt regulations setting forth requirements for community health workers to become certified, effective July 1, 2020. This delay will allow time for the regulations to be implemented so that certified community health workers can be hired for the pilot project beginning July 1, 2021. Language sets out the funding provided for the pilot program beginning in fiscal year 2022. Language also requires the agency to evaluate the pilot program and provide an interim report at the end of the biennium.)

The reduction in the second year provides funding through a companion amendment in Item 317 to provide a similar total amount of funding to the poison control centers through the Department of Medical Assistance Services as part of a Health Services Initiative, which allows the state to use federal Children's Health Insurance Program administrative funding for such initiative.)

The department shall have the authority to implement this reimbursement methodology change for rates on or after July 1, 2020, and prior to completion of any regulatory process in order to effect such change."

Explanation:

(This amendment adds funding each year and language to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions and the facility has at least a 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2021. These conditions tend to occur in a younger population who consequently have a significantly longer stay in a nursing facility than many nursing home residents. Consequently, the costs to serve these individuals is much higher. Currently, only one nursing facility, the Virginia Home, would meet the criteria to qualify for additional funding pursuant to the reimbursement methodology change.)

After fiscal year 2022, the department shall revert to the existing cost-based methodology. The department has the authority to implement this change notwithstanding current regulations and consistent with the approved State Plan amendment."

Explanation:

(This amendment adds language authorizing the Department of Medical Assistance Services (DMAS) to use an alternate methodology for setting operating rates for nursing homes that provide specialized care (ventilator care, tracheotomy care, etc.) over the 2020-22 biennium until the agency has more reliable managed care cost data. Unlike nursing facility rates that are rebased every three years, specialized care rates are rebased every year. Only a handful of facilities provide specialized care and this is a completely separate rate development from the usual nursing facility rates. Because the most recent cost reports to be used for these rates have data integrity problems, this alternative methodology will allow the agency time to ensure the data is accurate and reliable in setting the rates beyond fiscal year 2022.)

Explanation:

(This amendment reduces \$30.6 million from the general fund and \$61.2 million in matching federal Medicaid funds the second year to reflect the impact of the elimination of the tax on health insurers beginning calendar year 2021. The recent budget passed by Congress eliminates the tax. The tax on health insurers was created in the Affordable Care Act and is imposed on Medicaid managed care companies, which is the reason the tax impacts the state budget.)

"CC. Effective July 1, 2020, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to revise per diem rates paid to Virginia-based psychiatric residential treatment facilities using the provider's audited cost per day from the facility's cost report for provider fiscal years ending in state fiscal year 2018. New Virginia-based residential psychiatric facilities must submit proforma cost report data, which will be used to set the initial per diem rate for up to two years. After this period, the department shall establish a per diem rate based on an audited cost report for a 12-month period within the first two years of operation. Virginia-based residential psychiatric facilities that do not submit cost reports shall be paid at 75 percent of the established rate ceiling. If necessary to enroll out-of-state providers for network adequacy, the department shall negotiate rates. If there is sufficient utilization, the department may require out-of-state providers to submit a cost report to establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject to a ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost reports. The department shall have the authority to implement these changes effective July 1, 2020 and prior to the completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment provides \$7.6 million from the general fund each year and a like amount of federal Medicaid matching funds to increase reimbursement to residential psychiatric facilities. The rates paid to these facilities, not unlike other institutional providers (hospitals, nursing facilities, etc.), have not increased since 2008 and have not been adjusted for inflation. These facilities serve only children in a clinically and medically-necessary active treatment program designed to provide necessary support and address mental health, behavioral, substance abuse, cognitive and training needs in order to prevent or minimize the need for more intensive outpatient treatment, per federal regulations. This amendment also strikes language that prohibits annual inflation adjustments.)

"Q. The Department of Social Services shall develop a plan to provide access statewide to a Kinship Navigator Program which will provide services to kinship caregivers who are having trouble finding assistance for their unique needs and to help these caregivers navigate their locality's service system, as well as federal and state benefits."

Explanation:

(This amendment directs the Department of Social Services to develop a plan to provide access statewide to a Kinship Navigator Program. Many kinship caregivers raise children without the supports and case management provided by local departments of social services staff to children in foster care. A kinship navigator offers support to kinship caregivers to assess needs and arrange necessary services to provide support, education, and information to caregivers to ensure that all of the kinship caregivers are aware of and have access to supportive services, such as financial benefits, therapeutic services, and training. Similar to other states, a statewide kinship navigator program would likely operate and maintain an informational and referral "warm-line", a website providing information on how to apply for benefits, including legal aid and fact sheets, and maintain a referral network in which to refer kinship caregivers to local programs in their respective localities. Currently, there are six regional kinship navigator programs that serve 33 percent of local departments of social services.)

Out of this appropriation, \$100,000 the first year and \$200,000 the second year from the general fund shall be provided to support the development and implementation of a statewide driver's licensing program to support foster care youth in obtaining a driver's license. Funding shall be made available, up to the limits of this appropriation, to local departments of social services to reimburse foster care providers for increases to their existing motor vehicle insurance premiums that occur because a foster care youth in their care has been added to their insurance policy. The program may also reimburse foster care providers for additional coverage (i.e. an umbrella policy or the equivalent) that provides liability protection should a foster care youth get into or cause a catastrophic accident. Additionally, funding shall be made available to foster care youth in Virginia's Fostering Futures Program to assist in covering the cost of obtaining motor vehicle insurance. The department shall develop reimbursement policies for foster care providers and foster care youth. The department shall coordinate and administer the driver's licensing program based on best practices from similar programs in other states, to include developing educational or training materials that educate foster parents, private providers, and foster youth about (i) liability issues, insurance laws, and common insurance practices (to include laws about renewal and cancellation, how long an accident can affect premiums, how to establish that a foster youth is no longer living in the residence, and other applicable topics); (ii) Department of Motor Vehicles requirements to obtain a learner's permit and driver's license; (iii) what funding and resources are available to assist in this process, to include, paying school lab fees for "Behind the Wheel" or paying a private driving education company; and (iv) why getting a driver's license on time is important for normalcy and a successful transition to adulthood. The department shall provide information on how many foster care youth were supported by this program and any recommendations to improve the program to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020."

Explanation:

(This amendment provides \$100,000 the first year and \$200,000 the second year from the general fund to support the development and implementation of a statewide driver's licensing program to support foster care youth in obtaining a driver's license. Evidence indicates that youth who leave foster care without their driver's licenses are less likely to make a successful transition to adulthood. The adopted standards should align, as much as reasonably possible, to the Model Family Foster Home Licensing Standards, and should ensure that children in foster care: (i) live in safe and appropriate homes under local department of social services and court oversight; (ii) receive monthly financial assistance and supportive services to help meet their needs; and (iii) can access the permanency options offered by Virginia's Kinship Guardianship Assistance Program."

Explanation:

(This amendment adds \$75,000 each year from the general fund for the Department of Social Services to implement an emergency approval process for kinship caregivers and the development of foster home certification standards for kinship caregivers. Any new approval process created will encompass the same safety standards that non-relative foster homes must comply with when getting approved as a foster home. This will help Virginia align its foster care approval process to the federal Family First Prevention Services Act legislation that directs states to use prevention dollars and keep children with kin rather than enter non-relative foster care. Speaker of the House of Delegates

Clerk of the House of Delegates

JOURNAL
OF THE
HOUSE OF DELEGATES
2020 RECONVENED REGULAR SESSION

WEDNESDAY, APRIL 22, 2020

The House of Delegates was called to order at 12 m. by Eileen Filler-Corn, Speaker thereof.

The Mace was placed on the Speaker's table by the Sergeant at Arms.

The Honorable Luke E. Torian, the Delegate from Prince William, offered the prayer.

Delegate Herring led the House of Delegates in the Pledge of Allegiance to the Flag of the United States of America.

The roll was called by viva voce and the following members answered to their names:

Adams, D.M., Adams, L.R., Aird, Askew, Austin, Avoli, Ayala, Bagby, Batten, Bell, Bloxom, Bourne, Brewer, Bulova, Byron, Campbell, J.L., Campbell, R.R., Carroll Foy, Carter, Cole, J.G., Cole, M.L., Collins, Cox, Coyner, Davis, Delaney, Fariss, Fowler, Freitas, Gilbert, Gooditis, Guzman, Hayes, Head, Helmer, Heretick, Herring, Hodges, Hope, Hudson, Hurst, Jenkins, Jones, Keam, Kilgore, Knight, Krizek, LaRock, Leftwich, Levine, Lindsey, Lopez, Marshall, McGuire, McNamara, McQuinn, Miyares, Morefield, Mugler, Mullin, Murphy, O'Quinn, Orrock, Plum, Poindexter, Price, Ransone, Rasoul, Reid, Robinson, Roem, Runion, Rush, Samirah, Scott, Sickles, Simon, Simonds, Subramanyam, Sullivan, Torian, Tran, Tyler, Van Valkenburg, Walker, Wampler, Ward, Ware, Watts, Webert, Willett, Wilt, Wright, Wyatt, Madam Speaker.

There were 95 Delegates present.

A quorum being present, the House proceeded with the business of the day.

The Speaker granted leaves of absence to Delegates Carr, Convirs-Fowler, Edmunds, Guy, and Kory, who were absent from the session of the House today on account of pressing personal business.

The Speaker stated that she had examined and approved the Journal of the House of Delegates for Thursday, March 12, 2020.

The Speaker and the Clerk signed the Journal.

The Speaker addressed the House as follows:

We are gathering today in this improvised setting amidst a national emergency. As we continue the four-century tradition of legislating by this body, I am mindful of other times of crisis under which this body convened: one hundred years ago, the 110th General Assembly met in the shadow of the

Spanish Flu – a pandemic with worldwide consequences, including here in the Commonwealth and actually in this very city; twenty-two years later, the General Assembly met again in January of 1942 in the aftermath of Pearl Harbor and with the Axis powers seemingly unstoppable all across the globe. None of these events interfered with our predecessors' work to deliver representative democracy as they understood it in the context of the times in which they lived. Nor will the pandemic of today thwart our work to do the people's business! The uncertain outlook that we now face is not what any of us, in either party, would have wanted or ever even contemplated when we adjourned in March. But just as our predecessors before us, we must carry on and complete the business we are here to do for our fellow Virginians.

Delegate Herring moved that when the House adjourns today, it adjourn in the honor and memory of the Virginia victims of the COVID-19 pandemic.

The motion was agreed to.

Delegate Herring offered the following House resolution:

HOUSE RESOLUTION NO. 219

Amending and readopting Rule 4 of the Rules of the House of Delegates, pertaining to conducting a session of the House, or a committee meeting, by electronic communication means during a disaster or other emergency.

RESOLVED by the House of Delegates, That Rule 4 of the Rules of the House of Delegates is amended and readopted as follows:

I. Organization.

The Speaker.

Rule 4. The Speaker will have a general direction of the House Chamber with power, in case of disturbance or disorderly conduct in such part thereof as may be appropriated to spectators, to have the same cleared. Representatives of news media, wishing to report the proceedings of the House, may be admitted by the Speaker, who will assign them to such places in the House Chamber as shall not interfere with the convenience of the members.

In the event of a disaster, natural or otherwise, or other emergency circumstance, the Speaker may convene the House in a location other than the House Chamber, *or may convene the House by electronic communication means to conduct business. During the pendency of such disaster or other emergency circumstance, a session of the House may be conducted by electronic communication means without any requirement that a quorum be physically assembled in a single location. By adoption of a motion to reconvene to a session date and time to be conducted by electronic communication means, such session of the House shall be conducted by electronic communication means. "Electronic communication" means the use of technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities to transmit or receive information.*

A member participating in a session of the House conducted by electronic communication means shall be deemed to be in attendance for purposes of the quorum requirements under Article IV, Section 8 of the Constitution of Virginia or any other provision of the Constitution, regardless of where the member is physically located. A member participating in a session of the House conducted by electronic communication means shall be deemed to be present for any voting requirement under the Constitution of Virginia and may vote on any matter taken up by the House, regardless of where the member is physically located. A member participating by electronic communication means shall not be required to open her physical location to the public or the media.

The Speaker shall establish any necessary procedures for conducting a session of the House by electronic communication means.

The Clerk shall determine the methods of electronic communication for any session of the House conducted by electronic communication means, provided that such methods enable a member participating by electronic communication means to hear or read the session proceedings as the proceedings are occurring and enable other members physically present or participating by electronic communication means to hear or read the member's votes or other contributions as the votes or other contributions are occurring.

No session of the House shall be conducted by electronic communication means unless live proceedings are made digitally available to the public.

To protect the public health and safety during such disaster or other emergency circumstance, the Speaker and Clerk may limit access to the physical location from which the Speaker is presiding to members of the General Assembly, General Assembly employees or contractors whose presence is directly required to conduct the session, the Capitol Police force, and the members of the media.

Notwithstanding Rule 18(e) or any other Rule, during the pendency of such disaster or other emergency circumstance, upon request of the chairman and with the approval of the Speaker, any standing committee of the House, or one of its subcommittees, may conduct a meeting by electronic communication means under the same conditions and requirements and with the same powers enumerated above, and without any requirement that a quorum be physically assembled in a single location. Any member of the committee or subcommittee participating in the meeting by electronic communication means shall be deemed to be in attendance for purposes of any quorum requirement and may vote on any matter taken up by the committee or subcommittee.

(The resolution was ordered to be printed and laid on the Speaker's table pursuant to House Rule 81.)

H.R. 219, amending and readopting Rule 4 of the Rules of the House of Delegates, pertaining to conducting a session of the House, or a committee meeting, by electronic communication means during a disaster or other emergency, was, pursuant to House Rule 81, read a first time.

Delegate Simon raised a point of order as to whether a change to the House Rules was properly before the body during a Reconvened Session and whether the House could make such a change to its procedures simply by changing its Rules.

The Speaker stated that the Constitution allowed the House to set its rules of procedure and the use of remote participation and voting to consider the Governor's veto and recommendations was unequivocally a parliamentary procedure which the House could adopt.

The Speaker stated further that the Rule's change, if adopted, facilitated maximum participation by House members during the Reconvened Session and was fundamental and indispensable in consideration of the Governor's veto and recommendations.

The Speaker stated finally that the resolution was in order and the Chair would so rule.

Delegate Herring moved that House Rule 81 be suspended for the purpose of the immediate consideration of H.R. 219 (two, nineteen).

The motion was rejected.

Yeas, 51. Nays, 44. Abstentions, 0. Not Voting, 5.

The vote, requiring an affirmative vote of two-thirds of the members elected, was called by viva voce and recorded as follows:

Yeas—Adams, D.M., Aird, Askew, Ayala, Bagby, Bourne, Bulova, Carroll Foy, Carter, Cole, J.G., Delaney, Gooditis, Guzman, Hayes, Helmer, Heretick, Herring, Hope, Hudson, Hurst, Jenkins, Jones, Keam, Krizek, Levine, Lindsey, Lopez, McQuinn, Mugler, Mullin, Murphy, Plum, Price, Rasoul, Reid, Roem, Samirah, Scott, Sickles, Simon, Simonds, Subramanyam, Sullivan, Torian, Tran, Tyler, VanValkenburg, Ward, Watts, Willett, Madam Speaker—51.

Nays—Adams, L.R., Austin, Avoli, Batten, Bell, Bloxom, Brewer, Byron, Campbell, J.L., Campbell, R.R., Cole, M.L., Collins, Cox, Coyner, Davis, Fariss, Fowler, Freitas, Gilbert, Head, Hodges, Kilgore, Knight, LaRock, Leftwich, Marshall, McGuire, McNamara, Miyares, Morefield, O'Quinn, Orrock, Poindexter, Ransone, Robinson, Runion, Rush, Walker, Wampler, Ware, Webert, Wilt, Wright, Wyatt—44.

Not Voting—Carr, Convirs-Fowler, Edmunds, Guy, Kory—5.

The Speaker stated that the purpose of the 2020 Reconvened Regular Session, pursuant to Section 6 of Article IV of the Constitution, was to consider legislation returned by the Governor with certain objections and certain recommendations.

The Speaker stated further that these were the only matters, other than procedural, to be considered by the House of Delegates at the Reconvened Regular Session.

The Clerk reported that a communication had been received from the Governor, relating to the objection of the Governor on the following House bill:

H.B. 119.

The Clerk reported that communications had been received from the Governor, relating to the recommendations of the Governor on the following House bills:

H.B.s 4, 10, 22, 29, 30, 33, 207, 340, 358, 395, 421, 438, 504, 575, 582, 622, 651, 704, 755, 785, 789, 795, 833, 881, 896, 972, 981, 1002, 1004, 1084, 1090, 1131, 1133, 1149, 1211, 1252, 1255, 1414, 1420, 1442, 1452, 1505, 1541, 1544, 1577, 1634, 1647, 1664, and 1726.

The Speaker stated that the communications received from the Governor would be placed on the Calendar in the following order: bill returned with objection and bills returned with recommendations.

CALENDAR

The morning hour having expired, the House proceeded with the business on the Calendar.

HOUSE BILL VETOED BY THE GOVERNOR

H.B. 119 (one, nineteen) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 10, 2020

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 119, which defines "milk" as the lacteal secretion of a healthy hooved mammal and provides that a food product would be unlawfully misbranded if it fails to meet that definition.

Eliminating the ability to label certain food products with the term "milk" could hinder some businesses' ability to thrive in Virginia. This bill likely conflicts with both the United States Constitution and the Constitution of Virginia and each's protection of commercial speech. Accordingly, I veto this bill.

Sincerely,
/s/ Ralph S. Northam

No action was taken on the Governor's veto.

HOUSE BILLS WITH RECOMMENDATIONS BY THE GOVERNOR

Delegate Herring moved that the following House bills with recommendations by the Governor be considered en bloc: H.B.s 438, 575, 651, 1002, 1149, 1452, and 1544.

The motion was agreed to.

The following House bills were taken up:

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 11, 2020

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 29

I approve the general purpose of this bill, but I am returning it with a request for the adoption of 37 amendments. I am grateful to each member of the House of Delegates and the Senate of Virginia for your dedicated work and your timely passage of this budget.

In a typical year, House Bill 29—known as "the caboose bill"—receives only technical revisions since it adjusts only the final few months of the current fiscal year that ends on June 30. COVID-19 makes this year different. I am proposing the following measures to ensure that we are able to respond to the pandemic between now and June 30. (Additional changes will be required in House Bill 30.)

First, I have authorized "sum sufficient" increases of \$55.5 million for the Virginia Department of Emergency Management and other affected agencies, as well as a \$2.5 million deficit for the Department of Housing and Community Development. These commitments must be recognized in the adjustments to the balance of funds available for appropriation. The authorizations are due to the state of emergency declared in Executive Order 51.

Second, I am recommending an increase of \$50.0 million in general fund appropriation in Central Accounts. This is necessary to provide a source of funds for unbudgeted expenses related to COVID-19, including any state match that may be required to secure federal assistance. An early review indicates that some federal assistance likely will require matching dollars. Examples include grants for veterans care, elections, and potential alternative care facilities.

Third, I am proposing to defer the voluntary deposit to the revenue reserve fund that is scheduled for the end of this fiscal year. The prudent course of action is to retain as much liquidity as possible, at least until we have a better picture of the economic and revenue impacts of COVID-19. This action will add \$601.8 million to our available balances to guard against expected revenue losses this fiscal year.

Finally, I am proposing to relax specific requirements and to offer greater flexibility to our agencies and institutions of higher education as they conduct business during COVID-19. The current budget includes provisions that are creating barriers to helping communities during this crisis. These include limits on accepting donations and grants, expanding or changing services, and creating new services.

I am proposing language to give temporary authority to the Department of Medical Assistance Services to make immediate changes to its medical assistance programs. I am proposing similar flexibility for the Department of Social Services to make immediate changes to program eligibility and enrollment. Any change sought by these agencies would be subject to the Governor's approval and any program changes will expire when the emergency declaration ends.

In addition, I am proposing amendments to the General Provisions to allow the Governor and state agencies to respond to the specific impacts of COVID-19. These proposals are limited to the current crisis and do not seek broad changes in authority.

Other examples of emergency-related flexibility include:

- provisions to increase per diem rates for nursing homes and specialized care;
- use of federal CARES Act funds to provide incentive grants to child care providers, emergency child care, elimination of co-pays for subsidy program participants, and the extension of absence days to temporarily closed centers;
- provisions to move the May 5 local elections to November;
- provisions authorizing the Director of the Department of Corrections to discharge certain offenders who have less than one year remaining on their sentences;
- provisions to abate interest on late state income tax payments;
- provisions for public bodies to meet electronically when circumstances related to an emergency—such as social distancing—make it impractical to meet in a single location;
- enabling institutions of higher education to manage their funds to provide liquidity;
- flexibility for agencies in meeting required reporting deadlines; and,
- provisions to allow the Superintendent of Public Instruction to grant temporary flexibility or waivers for certain deadlines and requirements that cannot be met due to the state of emergency or school closures resulting from COVID-19.

I propose 37 amendments. Thirty are language-only changes and seven change spending. One reduces total general fund spending by \$601.8 million; two transfer funding between agencies for a net zero impact; two increase general fund spending by a total of \$50.3 million; and two are nongeneral fund changes only. The net is to reduce general fund spending by \$551.5 million.

These changes will increase the unappropriated balance from \$691.8 million to nearly \$1.2 billion. We can expect to need these balances given the financial uncertainty we face.

Sincerely,
/s/ Ralph S. Northam

The proceeds of such 9(a)(2) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth.

b. In addition, in anticipation of the collection of taxes and revenues of the Commonwealth, and its counties, cities and towns, for fiscal year 2020, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (d) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes of the Commonwealth ("9(d) Notes" and together with the 9(a)(2) Notes authorized in the foregoing paragraph, "Notes"), including 9(d) Notes issued as commercial paper. The proceeds of such 9(d) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth and its counties, cities and towns, and to purchase or acquire similar notes issued by, or otherwise to assist, cities, counties and towns of the Commonwealth for such purpose. The Governor is authorized to select the counties, cities and towns to participate in the undertakings authorized

hereunder and direct the distribution of 9(d) Note proceeds to the particular counties, cities and town, and shall, after consultation with all interested parties, develop a guidance document governing eligibility and priority criteria.

c. The Treasury Board is authorized to issue Notes hereunder in an aggregate principal amount not exceeding \$500,000,000 for the benefit of the Commonwealth and in an aggregate principal amount not exceeding \$250,000,000 for the benefit of counties, cities and towns, plus in either case amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses.

d. 9(a)(2) Notes shall mature at such time or times within twelve months from their date or dates, and 9(d) Notes shall mature at such time or times not exceeding two years from their date or dates.

e. The full faith and credit of the Commonwealth shall be pledged to any 9(a)(2) Notes issued under the provisions of this Item. 9(d) Notes issued under the provisions of this item shall not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, from amounts appropriated from time to time by the General Assembly and from amounts paid by counties, cities and towns that issue bonds, notes or obligations with respect to this Item. There is hereby appropriated a sum sufficient to the Treasury Board for the purpose of paying the debt service on the Notes.

f. The Virginia Resources Authority is authorized to purchase and acquire through proceeds of 9(d) Notes bonds, notes or obligations of counties, cities and towns of the Commonwealth issued for the purposes authorized hereunder and establish the interest rates and repayment terms of such bonds, notes or obligations in accordance with a memorandum of agreement with the Treasury Board and the Authority shall recover its reasonable costs and expenses for doing so from the proceeds of such Notes and for its role in the administration and management of such proceeds.

The authority of any county, city, and town to contract and to issue bonds, notes or obligations pursuant to such authorization is in addition to any existing authority to contract and issue bonds, notes or obligations, anything in the laws of the Commonwealth, including any local charter, to the contrary notwithstanding. The provisions of Virginia Code § 15.2-2659 and § 62.1-216.1 shall apply, mutatis mutandis, with respect to any bond, note or obligation issued by a county, city or town hereunder.

The Notes shall be dated and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor, and shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on Notes shall be payable in lawful money of the United States of America. Notes may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the Notes. Notes issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the Notes. The Treasury Board shall fix the authorized denomination or denominations of the Notes and the place or places of payment of certificated Notes, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. The Treasury Board may sell Notes in such manner, by competitive bidding, negotiated sale, or private placement with private lenders or governmental agencies, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth. In the discretion of the Treasury Board, Notes may be issued at one time or from time to time. Certificated Notes shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the Notes bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any Notes ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office

until such delivery, and any Note may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such Note, although at the date of such Note, such persons may not have been such officers.

i. The Treasury Board is authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the Notes and other funds or reserves desirable or required by any purchaser. Pending the application of the proceeds of the Notes to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of Notes, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of Notes, such interest shall become a part of the principal of the Notes and shall be used in the same manner as required for principal of the Notes."

Explanation:

(This amendment authorizes the use of temporary borrowing to ensure liquidity.)

No action was taken on the Governor's recommendation.

Delegate Torian moved that the bill be passed by temporarily.

The motion was agreed to.

H.B. 30 (thirty) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
April 11, 2020

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 30

I approve the general purpose of this bill, but I am returning it with a request for the adoption of 144 amendments. I am grateful to each member of the House of Delegates and the Senate of Virginia for your dedicated work and your timely passage of the budget.

I am pleased that the budget you returned to me reflects many of the important new initiatives that we sought to accomplish together. These include early childhood education, more affordable tuition and free community college for some students pursuing high-demand fields, pay increases for public employees and teachers, and more.

New circumstances now require us to revisit those decisions.

The economic effects of COVID-19 will not be clear for some time. While it is too soon to obtain an accurate reforecast of revenues, we will need to do it once the economic fog has lifted, so that we can then identify a path to return to the progressive investments we have made together. Until that can happen, I do not want to eliminate specific appropriations without first knowing the overall level of spending reductions that is required.

As a result, I am proposing 83 amendments to specifically "unallot" new, discretionary spending across all agencies. These amendments will place that spending on hold until economic circumstances enable me to reforecast revenues so that we can all make informed decisions together. These amendments freeze spending of approximately \$874.6 million in fiscal year 2021 and \$1.4 billion in fiscal year 2022. Each amendment lists the specific items that are to be unallotted.

Unfortunately, we must take two measures now to control our spending commitments in the next biennium. First, you prudently included \$65 million as a direct general fund appropriation for maintenance reserve capital projects. This wise decision now gives us the opportunity to replace that appropriation with bond authorization. This will free up cash and give us greater liquidity necessary to pay our bills.

Second, I propose that we continue to delay the funding provided to increase the number of school counselors funded in the Standards of Quality. We did that for the current school year, and I propose that we continue this policy and hold funding for school counselors at current ratios. This action will reduce general fund expenditures by \$21.7 million in fiscal year 2021 and \$28.4 million in fiscal year 2022. In addition, this action will help localities by reducing the funding they are required to provide. It is important that we take this step now to include the appropriate staffing ratios in the budget, and more importantly, to send a clear message to school divisions as they plan for the next school year. Then, we can return to this shared priority when our financial picture is clearer.

Finally, COVID-19 is creating new challenges that none of us could have foreseen. We have seen in the current fiscal year that certain budgetary provisions are creating barriers to helping communities during this crisis. These include limits on accepting donations and grants, expanding or changing services, and creating new services. For this reason, I am proposing amendments to the General Provisions to allow the Governor and state agencies to respond to the specific impacts of COVID-19. These proposals are limited to the current crisis and do not seek broad changes in authority.

I propose 49 "language amendments" in total. Many of these relax specific requirements and offer greater flexibility to our agencies and institutions of higher education as they conduct business during COVID-19. These include:

- provisions to increase per diem rates for nursing homes and specialized care;
- use of federal CARES Act funds for child care of essential workers;
- provisions authorizing the Director of the Department of Corrections to discharge certain offenders who have less than one year remaining on their sentences;
- provisions to abate interest on late state income tax payments;
- provisions for public bodies to meet electronically when circumstances related to an emergency—such as social distancing—make it impractical to meet in a single location;
- enabling institutions of higher education to manage their funds to provide liquidity;
- flexibility for agencies in meeting required reporting deadlines; and,
- provisions to allow the Superintendent of Public Instruction to grant temporary flexibility or waivers for certain deadlines and requirements that cannot be met due to the state of emergency or school closures resulting from COVID-19.

I am proposing a total of 144 amendments. Forty-nine are "language-only" changes; 83 "unallot" new, discretionary spending as described above; and 12 change spending. Within these 12, four reduce total general fund spending by \$121.2 million; four transfer funding between agencies for a net zero impact; one increases general fund spending by \$1.0 million; and three are nongeneral fund changes only.

The net change in general fund spending is an overall reduction of \$120.2 million. This and the increases to the beginning balance resulting from changes proposed in House Bill 29 (which total \$493.5 million) increase the unappropriated balance from \$13.7 million to \$627.4 million.

While these proposals present difficult decisions today, we may face tougher choices tomorrow. The right course is to be prepared. This strategy gives us time to address the COVID-19 health crisis, re-forecast revenues when the time is right, then shape a revised budget that reflects the progressive values we share.

Sincerely,
/s/ Ralph S. Northam

The Department of Medical Assistance Services shall increase nursing home and specialized care per diem rates by \$20 per day per patient effective for the period of the Governor's Declaration of a State of Emergency due to COVID-19. Such adjustment shall be made through existing managed care capitation rates as a mandated specified rate increase for the period of the Governor's emergency declaration. Should the nursing facility rate increase necessitate state spending in excess of those funds appropriated in this Item; then, notwithstanding the provisions of §4-3.02 of this Act, the Secretary of Finance may authorize an interest-free treasury loan for DMAS to offset the cost of the required nursing facility rate increase. "DD. Within 10 days of the enactment of this Act, the Department of Medical Assistance Services (DMAS) shall generate an estimate of the annual impact of enhanced federal Medical Assistance Percentages (FMAP), associated with federal H.R. 6021, the Families First Coronavirus Response Act (FFCRA), on all medical assistance programs as appropriated in this Act. The agency shall report these estimates by fiscal year, fiscal quarter, service area and fund detail, to the Department of Planning and Budget (DPB) and the Chairs of the House Appropriations and Senate Finance and Appropriation Committees within the required timeframe. DPB

is authorized to unallot an amount of state funds equal to the general fund savings identified in the DMAS report. Upon expiration of the enhanced FMAP, DPB is authorized to re-allot funding for those quarters for which assumed enhanced FMAP is not available."

Explanation:

(This amendment requires that DMAS identify all state savings associated with the federal government increasing the FMAP rate (to 56.2%) for medical assistance services. Further, DPB is authorized to unallot an amount of state funds equal to the general fund savings identified by DMAS.)

In order to minimize the risk of exposure to infectious diseases and to protect individuals served by licensed providers as well as provider and department staff, the department, at its discretion, may conduct less than one annual unannounced inspection of each service offered by each licensed provider during the 2020 calendar year. The department shall prioritize, based on available time and necessary safety precautions, annual unannounced inspections at licensed services directly affected by the Commonwealth's settlement agreement with the United States Department of Justice.

2. Notwithstanding § 37.2-415, Code of Virginia, and regulations 12VAC35-105-50A.1.b and 12VAC35-46-90.A, the commissioner of the Department of Behavioral Health and Developmental Services or any authorized agent may extend the period of any conditional license issued by the department beyond twelve months, until December 31, 2020.

"V. Within 10 days of the enactment of this Act, the Department of Social Services (DSS) shall generate an estimate of the annual impact of enhanced federal Medical Assistance Percentages (FMAP), associated with federal H.R. 6021, the Families First Coronavirus Response Act (FFCRA), on all Title IV-E foster care and adoptions programs as appropriated in this Act. The agency shall report these estimates by fiscal year, fiscal

quarter, service area and fund detail, to the Department of Planning and Budget (DPB) and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees within the required timeframe. DPB is authorized to unallot an amount of state funds equal to the general fund savings identified in the DMAS report. Upon expiration of the enhanced FMAP, DPB is authorized to re-allot funding for those quarters for which assumed enhanced FMAP is not available."

Explanation:

(This amendment requires that DSS identify all state savings associated with the federal government increasing the federal Medical Assistance Percentages (FMAP) rate (to 56.2%). This enhanced rate increases the federal match rate for Title IV-E foster care and adoption services, which reduces the amount of general fund needed to support current service levels. Any identified funds can be unallotted and reserved for reprogramming by the Governor and the General Assembly at the 2021 session. This language is included in HB 29 and HB 30.)

"D.1. Subject to review and approval by the Secretary of Natural Resources, the Director of the Department of Game and Inland Fisheries may issue to the Department of Transportation an interim permit to relocate the nest and eggs of any state listed threatened bird species from critical areas of the Hampton Roads Bridge Tunnel Expansion Project's South Island associated with the ingress and egress to the island; the delivery, assembly, and immediate operations of the tunnel boring machine; or other project critical locations as mutually agreed to by the Commissioner of Highways and the Director, which, if not relocated, would effectively require all substantial construction activities to cease.

2. Prior to the issuance of an interim permit as described in section 1, (i) the Director must determine that the Department of Transportation and its design-build contractor have taken all reasonable steps to prevent birds from nesting on the South Island, in accordance with the Colonial Nesting Bird Management Plan dated March 27, 2020, (ii) the Commissioner of Highways must determine that substantial construction activities will have to cease if the nest and eggs are not relocated, and (iii) the Director shall require as a condition of the interim permit that the nest and any eggs will be relocated under the supervision of the Department of Game and Inland Fisheries to a location acceptable to the Director that is as close as possible to the original nesting location while allowing construction activities to continue.

3. Within 30 days of the adoption by the Board of Game and Inland Fisheries of any regulation governing the take of migratory birds or threatened and endangered species, the Department of Transportation shall apply for a permit covering such take for the Hampton Roads Bridge-Tunnel expansion project.

4. Any agency that exercises the authority granted in paragraph D.1, or that issues any permit that has an adverse impact on fish and wildlife or their habitat, may require compensatory mitigation for such adverse impact as a condition of issuing the permit.

a. For the purposes of this section, "compensatory mitigation" means addressing the direct and indirect adverse impacts to fish and wildlife and their habitats that may be caused by a construction project by avoiding and minimizing impacts to the extent practicable and then compensating for the remaining impacts.

b. Proposed compensatory mitigation agreements between an agency and a permittee shall be subject to the approval of the Secretary of Natural Resources, and may include environmental restoration projects, purchase of mitigation bank credits, or in-lieu payments to existing state funds related to conservation of fish and wildlife and their habitat."

"5. a. In anticipation of the collection of taxes and revenues of the Commonwealth, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (a)(2) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes ("9(a)(2) Notes") of the Commonwealth, including 9(a)(2) Notes issued as commercial paper. The proceeds of such 9(a)(2) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth.

b. In addition, in anticipation of the collection of taxes and revenues of the Commonwealth, and its counties, cities and towns, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (d) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes of the Commonwealth ("9(d) Notes" and together with the 9(a)(2) Notes authorized in the foregoing paragraph, "Notes")), including 9(d) Notes issued as commercial paper. The proceeds of such 9(d) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing

expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth and its counties, cities and towns, and to purchase or acquire similar notes issued by, or otherwise to assist, cities, counties and towns of the Commonwealth for such purpose. The Governor is authorized to select the counties, cities and towns to participate in the undertakings authorized hereunder and direct the distribution of 9(d) Note proceeds to the particular counties, cities and town, and shall, after consultation with all interested parties, develop a guidance document governing eligibility and priority criteria.

c. The Treasury Board is authorized to issue Notes hereunder in an aggregate principal amount not exceeding \$500,000,000 for the benefit of the Commonwealth and in an aggregate principal amount not exceeding \$250,000,000 for the benefit of counties, cities and towns, plus in either case amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses.

d. 9(a)(2) Notes shall mature at such time or times within twelve months from their date or dates, and 9(d) Notes shall mature at such time or times not exceeding two years from their date or dates.

e. The full faith and credit of the Commonwealth shall be pledged to any 9(a)(2) Notes issued under the provisions of this Item. 9(d) Notes issued under the provisions of this item shall not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, from amounts appropriated from time to time by the General Assembly and from amounts paid by counties, cities and towns that issue bonds, notes or obligations with respect to this Item. There is hereby appropriated a sum sufficient to the Treasury Board for the purpose of paying the debt service on the Notes.

f. The Virginia Resources Authority is authorized to purchase and acquire through proceeds of 9(d) Notes bonds, notes or obligations of counties, cities and towns of the Commonwealth issued for the purposes authorized hereunder and establish the interest rates and repayment terms of such bonds, notes or obligations in accordance with a memorandum of agreement with the Treasury Board and the Authority shall recover its reasonable costs and expenses for doing so from the proceeds of such Notes and for its role in the administration and management of such proceeds.

g. Each county, city, and town is hereby authorized to issue bonds, notes or obligations for the purposes set forth in paragraph (b) above. The authority of any county, city, and town to contract and to issue bonds, notes or obligations pursuant to such authorization is in addition to any existing authority to contract and issue bonds, notes or obligations, anything in the laws of the Commonwealth, including any local charter, to the contrary notwithstanding. The provisions of Virginia Code § 15.2-2659 and § 62.1-216.1 shall apply, mutatis mutandis, with respect to any bond, note or obligation issued by a county, city or town hereunder.

h. The proceeds, including any premium, of the Notes shall be deposited in a special account in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer from time to time for paying all or any part of the expenses or undertakings as set forth in paragraphs (a) and (b) above. The Notes shall be dated and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor, and shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on Notes shall be payable in lawful money of the United States of America. Notes may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the Notes. Notes issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the Notes. The Treasury Board shall fix the authorized denomination or denominations of the Notes and the place or places of payment of certificated Notes, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. The Treasury Board may sell Notes in such manner, by competitive bidding, negotiated sale, or private placement with private lenders or governmental agencies, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth. In the discretion of the Treasury Board, Notes may be issued at one time or from time to time. Certificated Notes shall be

signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the Notes bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any Notes ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any Note may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such Note, although at the date of such Note, such persons may not have been such officers.

i. The Treasury Board is authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the Notes and other funds or reserves desirable or required by any purchaser. Pending the application of the proceeds of the Notes to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of Notes, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of Notes, such interest shall become a part of the principal of the Notes and shall be used in the same manner as required for principal of the Notes."

Introduction to Indexes of the Journal of the House of Delegates

The Journal of the House of Delegates is a compilation of proceedings and information related to a specific session of the General Assembly, focusing on items relevant to introduced legislation and actions by members of the House of Delegates, the legislature, and the Governor. The **Subject Index** offers page number references for easy access to motions and requests on specific legislative items including those directly attributable to a Delegate. The "Bills and Resolutions" category provides a breakdown of Journal day entries that encompasses the legislative process from introduction to enactment. The "Motions and Requests" category is a breakdown of every motion made by a member or every request for action allowed pursuant to member privilege. Parliamentary inquiries and points of order are set out in the Subject Index under those specific categories and noted by member. The Speaker's statements and rulings are found under "Speaker of the House of Delegates [Eileen Filler-Corn]."

The **Numerical Index** is a list of bills and resolutions in numerical order with entries that provides Journal page number references to specific legislative actions that occurred on the House floor. This Index is useful in tracking an identified piece of legislation from introduction to final disposition.
