As a result of the on-going COVID-19 pandemic, the 2021 Special Session I was held, on the part of the House of Delegates, via "electronic communication means." During the 2020 Special Session I, the House amended its Rules to grant the Speaker the authority to direct the House to meet by "electronic communication means" if there was "...a disaster, natural or otherwise, or other emergency circumstance..." and also to allow the chairman of any legislative committee to conduct meetings by "electronic communication means...without any requirement that a quorum be physically assembled in a single location." [House Rule 4] In March of 2020, Governor Ralph S. Northam had issued Executive Order No. 51, declaring a State of Emergency due to Novel Coronavirus (COVID-19). Pursuant to the provisions of House Rule 4 and the fact that the Governor's Executive Order remained in effect, the Speaker of the House of Delegates, Eileen Filler-Corn, announced in November 2020 that the House would meet virtually for the upcoming Regular Session. She continued this practice during the 2021 Special Session I. The Speaker presided over the House floor sessions from her Chair in the House Chamber at Richmond, while the remaining 99 members participated using electronic communication means. Meetings of the House committees and subcommittees were held via electronic communication means. The Clerk of the House and her staff were able to safely provide on-site support to the Speaker and her staff as well as virtually supporting the members of the House by working in teams and implementing distancing measures. Due to the heightened need for contactless communication, many internal processes—such as the judicial elections, public participation in House subcommittees and committees, House and Senate communications, and distribution of legislative materials—were altered during the 2021 Special Session I. Some of these changes, like allowing the public to participate in committee meetings virtually, will remain in effect on a permanent basis.

[Note: There is no Seating Chart or Seating Arrangement in the Appendix of the Journal for the 2021 Special Session I since it was held via electronic communication means.]

The taskforce shall advise the public works process workgroup in paragraph E.1. of this item on topics including the implementation status of Virginia's new labor laws on worker misclassification and wage theft, and other relevant ideas to preventing and enforcing wage theft and worker misclassification on state capital construction projects including those contained in paragraph 2. above."

**Explanation:**

(This amendment updates language for a workgroup examining remedies for alleged labor law violations on the state's capital construction contracts. In addition the amendment initiates several concepts discussed by this workgroup including: an infrastructure established by the Secretary of Finance and the Chief Workforce Development Advisor to investigate alleged labor law violations, training for procurement officers on current labor laws, and an interagency taskforce to share data on substantiated findings of worker misclassification and wage theft. Item 110.10 contains additional resources to effectuate the provisions of this budget amendment. Upon enrolling, this item will be moved to the new Secretary of Labor pursuant to the passage of House Bill 2321 in the 2021 General Assembly.)

2. Broadband service providers shall be required to submit updated service territory data to the Department annually. The Department shall establish a process, timeline, and specific data requirements for broadband providers to submit their data. All public bodies shall cooperate with the Department, or any agent thereof, to furnish data requested by the Department for the initial improvement and maintenance of the map.

3. In no instance may the Department require broadband providers to submit any data, in either substantive content or form, beyond that which the provider is required to submit to the Federal Communications Commission pursuant to the federal Broadband Deployment Accuracy and Technological Availability Act, 47 U.S.C. § 641 et.

seq., provided, however, that satellite-based broadband providers that have been designated as an eligible telecommunications carrier pursuant to 47 U.S.C. § 214(e)(6) for any portion of the Commonwealth shall be required to submit comparable data as other broadband providers. Public bodies and broadband providers shall not be required to submit any customer information, such as names, addresses, or account numbers.

4. The Department may publish only anonymized versions of the map, showing locations served and unserved by broadband without reference to any specific provider. The Department shall establish a process for broadband providers to petition the Department to correct inaccuracies in the map. Any determination made by the Department pursuant to any specific petition with respect to any specific map to correct inaccuracies shall be final and not subject to further review.

6. The Department: May contract with private parties to make the necessary improvements to the existing map and to maintain the map. Such private parties may include any entities and individuals selected by the Department to assist the Department in improving and maintaining such a map; Shall consult existing broadband maps, particularly those published by the Federal Communications Commission; and May acquire existing, privately held data or mapping information that may contribute to the accuracy of the map.

7. Information submitted by a broadband provider in connection with this section shall be excluded from the requirements of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). Information submitted by a broadband provider pursuant to this section shall be used solely for the purposes stated under this section and shall not be released by the Department, or any other public records custodian, without the express written permission of the submitting broadband provider.

8. The Department shall annually evaluate federal mapping data and shall waive the requirement for broadband providers to submit territory data if a map of near identical or greater quality is made publicly available by the Federal Communications Commission as part of the federal Digital Opportunity Data Collection program or its successor. This waiver shall not be unreasonably withheld.

9. b. It is the intent that the instructional and support position salaries are increased in school divisions throughout the state by at least an average of 5.0 percent during the biennium. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 5.0 percent salary increase the second year for funded SOQ instructional and support positions, effective July 1, 2021, to school divisions that certify to the Department of Education that salary increases of a minimum average of 5.0 percent have been or will have been provided during the 2020-2022 biennium to instructional and support personnel. c. This funding is not intended as a mandate to increase salaries."

**Explanation:**

(This amendment provides \$231.4 million the second year from the general fund and \$759,238 the second year from the Lottery Proceeds fund to provide a 5.0 percent salary increase, effective July 1, 2021. The Department of Medical Assistance Services shall amend the Virginia Family Access to Medical Insurance Security (FAMIS) State Plan to allow the payment for prenatal care for all children regardless of the expectant mother's status, pursuant to provisions in Title XXI of the federal 2009 CHIP Reauthorization Act that includes care of all children who upon birth will be U.S. citizens, U.S. nationals, or qualified aliens. The Department shall have the authority to implement this change effective July 1, 2021, or consistent with the effective date in the State Plan Amendment approved by the Centers for Medicare and Medicaid Services (CMS), and prior to completion of any regulatory process."

**Explanation:**

(This amendment adds \$11.1 million from the general fund the second year and \$20.7 million from federal matching funds and language extending the provision for the payment of prenatal care for pregnant women through the Virginia Family Access to Medical Insurance Security (FAMIS) program regardless of the expectant mother's status, pursuant to provisions in Title XXI of the federal 2009 CHIP Reauthorization Act that includes care of all children without regard for an expectant mother's citizenship status who would otherwise be eligible under state requirements. A companion amendment in the Medicaid program (Item 313) reduces expenditures by \$13.4 million general fund and \$13.4 million in matching federal Medicaid funds based on the adoption of this change. Consequently, the provision of these services results in a savings of \$2,292,083 to the general fund and the receipt of \$7,253,601 more from matching federal funds for the CHIP program, which has a higher federal match rate than the Medicaid program.)

In order to receive the eFMAP as authorized, states are required to maintain the eligibility of individuals enrolled during declared federal public health emergency. The methodology and timing for the Virginia nursing facility VBP program, including structures for nursing facility performance accountability and disbursement of earned financial incentives, shall be completed no later than December 31, 2021, with the program targeted to begin no later than July 1, 2022. **Explanation:**

(This amendment adds \$41.6 million the second year from the general fund and \$41.6 million in nongeneral funds to provide an increased payment add-on roughly equivalent to \$12 per day in fiscal year 2022. **Explanation:**

(This amendment adds funding and language directing the Department of Medical Assistance Services to adjust the formula used to calculate indirect medical education reimbursement for managed care discharges at Children's Hospital of the King's Daughters (CHKD). This change would partially restore CHKD's case mix index (CMI) factor, which had been reduced in fiscal year 2020. The change is intended to stabilize CHKD's IME funding levels so the hospital is not subject to dramatic fluctuations in future Medicaid payments that occur with rebasing and changes in federal policy, and would be consistent with historic levels of state support. The IME payments are a matched by the federal government on a 50/50 basis.)

**Explanation:**

(This amendment adds \$1.3 million from the general fund and \$3.8 million from enhanced federal Medicaid Management Information Systems matching funds to continue funding for the Emergency Department Care Coordination (EDCC) Program and complete several enhancements which should result in cost savings to the Commonwealth and higher quality care for Medicaid and FAMIS beneficiaries. The 2017 General Assembly established the EDCC program to provide a single, statewide technology solution that connects all hospital emergency departments in the Commonwealth to facilitate real-time communication and collaboration among physicians, other healthcare providers and other clinical and care management personnel for patients receiving services in hospital emergency departments for the purpose of improving the quality of patient care services. The program also integrates the state's Prescription Monitoring Program and the Advance Healthcare Directive Registry. To date, 100% of hospital Emergency Departments and health plans participate in the EDCC Program. The program has been successful in supporting a reduction in opioid overdoses since its implementation and has been critical in coordinating responses to the COVID-19 pandemic. The program has been funded through federal HITECH funding which provides a 90% federal match rate, but the federal funding will end on September 30, 2021. The department shall amend the State plan for Medical Assistance to implement a supplemental inpatient payment for Lake Taylor Transitional Care Hospital based on the difference between Medicaid reimbursement and the inpatient Upper Payment Limit for non-state government owned hospitals. The department shall include in its contracts with managed care organizations a percentage increase for Lake Taylor Transitional Care Hospital consistent with the fee for service supplemental payment percentage increase. The department shall adjust capitation payments to Medicaid managed care organizations to fund this percentage increase. Both the contract changes and capitation rate adjustments shall be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to submitting the State Plan Amendment or making the managed care contract changes, Lake Taylor Transitional Care Hospital shall enter into an agreement with the department to transfer the non-federal share for these payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date(s) approved by the Centers for Medicare and Medicaid (CMS). No payments shall be made without CMS approval. The originating funding for this program will come entirely from Lake Taylor for Lake Taylor."

**Explanation:**

(This amendment provides \$2.5 million the second year from nongeneral Medicaid funds to increase payments to Lake Taylor Transitional Care Hospital, a non-state government operated hospital located in Norfolk, Virginia. Language allows the Department of Medical Assistance Services to make a supplemental payment for allowable costs and adjust capitation payments to be consistent with the fee for service supplemental payment percentage increase. Language requires the hospital to provide the funding to match the federal reimbursement for the supplemental payment.)

The department shall have the authority to implement these changes effective July 1, 2021 and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment adds language directing the Department of Medical Assistance Services to defer nursing home rebasing until it is able to use 2021 cost reports in the rebasing process. Under the current rebasing schedule, cost reports ending in calendar year (CY) 2020 will be the basis of the next nursing facility rate rebasing. Due to the COVID-19 pandemic, the 2020 base year cost reports will contain significant variable data that reflects a mixture of increased costs (some permanent, others temporary) and reduced occupancy. It is possible that the department would determine a "need" to make artificial adjustments to that data, though there is little certainty and potential disagreement over what those adjustments might be. Given the COVID-19 vaccination program, it is expected that the 2021 cost reports would not be as affected by the increased costs associated with the COVID-19 pandemic, and would better reflect ongoing Medicaid costs as a basis for the next rebasing.)

**Explanation:**

(This amendment requests funding to begin improvements and upgrades to the East Campus Steam Plant. The original East Campus Steam Plant was purchased from the City of Harrisonburg in 2017 and housed two trash-burning boilers and a steam turbine; it now houses two 35,000 pph boilers, three steam-turbine driven chillers, one electric chiller, and two cooling towers. All of the equipment was poorly maintained while in the city's care. The existing boiler equipment and the #2 chiller is rundown and a serious risk for catastrophic failure which would cause the university to shutter buildings. It is critical to remove and replace the existing 35,000 pph boilers, #2 chiller immediately and associated equipment. Total project cost for this phase of work is \$6,579,237 and includes \$4,605,466 in VCBA bonds and \$1,973,771 in auxiliary nongeneral funds. Future phases of this project will include the new boilers relocating to the future boiler building and an additional 80,000 pph boiler to increase current boiler capacity from 180,000 pph to 250,000 pph to cover existing and proposed future loads.)

To the extent that a subtraction is taken in accordance with this subdivision, no tax credit under this chapter for donating land for its preservation shall be allowed for three years following the year in which the subtraction is taken.

15. Fifteen thousand dollars of military basic pay for military service personnel on extended active duty for periods in excess of 90 days; however, the subtraction amount shall be reduced dollar-for-dollar by the amount by which the taxpayer's military basic pay exceeds \$15,000 and shall be reduced to zero if such military basic pay amount is equal to or exceeds \$30,000.

16. The first \$15,000 of salary for each federal and state employee whose total annual salary from all employment for the taxable year is \$15,000 or less.

17. Unemployment benefits taxable pursuant to § 85 of the Internal Revenue Code.

18. Any amount received as military retirement income by an individual awarded the Congressional Medal of Honor.

This subtraction shall not apply to assets acquired with such items of income or with the proceeds from the sale of assets stolen from, hidden from, or otherwise lost to, during World War II and its prelude and direct aftermath, a victim or target of Nazi persecution. The provisions of this subdivision shall only apply to an individual who was the first recipient of such items of income and who was a victim or target of Nazi persecution, or a spouse, surviving spouse, or child or stepchild of such victim.

As used in this subdivision:

"Nazi regime" means the country of Nazi Germany, areas occupied by Nazi Germany, those European countries allied with Nazi Germany, or any other neutral European country or area in Europe under the influence or threat of Nazi invasion.

"Victim or target of Nazi persecution" means any individual persecuted or targeted for persecution by the Nazi regime who had assets stolen from, hidden from, or otherwise lost as a result of any act or omission in any way relating to (i) the Holocaust, (ii) World War II and its prelude and direct aftermath, (iii) transactions with or actions of the Nazi regime, (iv) treatment of refugees fleeing Nazi persecution, or (v) the holding of such assets by entities or persons in the Swiss Confederation during World War II and its prelude and aftermath. 20. The military death gratuity payment made after September 11, 2001, to the survivor of deceased military personnel killed in the line of duty, pursuant to 10 U.S.C. Chapter 75; however, the subtraction amount shall be reduced dollar-for-dollar by the amount that the survivor may exclude from his federal gross income in accordance with § 134 of the Internal Revenue Code.

21. The death benefit payments from an annuity contract that are received by a beneficiary of such contract, provided that (i) the death benefit payment is made pursuant to an annuity contract with an insurance company and (ii) the death benefit payment is paid solely by lump sum. The subtraction under this subdivision shall be allowed only for that portion of the death benefit payment that is included in federal adjusted gross income.

22. Any gain recognized from the sale of launch services to space flight participants, as defined in 49 U.S.C. § 70102, or launch services intended to provide individuals with the training or experience of a launch, without performing an actual launch. To qualify for a deduction under this subdivision, launch services must be performed in Virginia or originate from an airport or spaceport in Virginia.

23. Any gain recognized as a result of resupply services contracts for delivering payload, as defined in 49 U.S.C. § 70102, entered into with the Commercial Orbital Transportation Services division of the National Aeronautics and Space Administration or other space flight entity, as defined in § 8.01-227.8, and launched from an airport or spaceport in Virginia.

24. Any income taxed as a long-term capital gain for federal income tax purposes, or any income taxed as investment services partnership interest income (otherwise known as investment partnership carried interest income) for federal income tax purposes. To qualify for a subtraction under this subdivision, such income shall be attributable to an investment in a "qualified business," as defined in § 58.1-339.4, or in any other technology business approved by the Secretary of Administration, provided that the business has its principal office or facility in the Commonwealth and less than \$3 million in annual revenues in the fiscal year prior to the investment. 25. For taxable years beginning on and after January 1, 2014, any income of an account holder for the taxable year taxed as (i) a capital gain for federal income tax purposes attributable to such person's first-time home buyer savings account established pursuant to Chapter 12 (§ 36-171 et seq.) of Title 36 and (ii) interest income or other income for federal income tax purposes attributable to such person's first-time home buyer savings account.

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any subtraction taken under this subdivision shall be subject to recapture in the taxable year or years in which moneys or funds withdrawn from the first-time home buyer savings account were used for any purpose other than the payment of eligible costs by or on behalf of a qualified beneficiary, as provided under § 36-174. The amount subject to recapture

shall be a portion of the amount withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability; (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy Code, 11 U.S.C. §§ 101 through 1330; or (iii) transferred from an account established pursuant to Chapter 12 (§ 36-171 et seq.) of Title 36 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

For purposes of this subdivision, "account holder," "eligible costs," "first-time home buyer savings account," and "qualified beneficiary" mean the same as those terms are defined in § 36-171.

"Qualified portfolio company" does not include a company that is an individual or sole proprietorship.

"Virginia venture capital account" means an investment fund that has been certified by the Department as a Virginia venture capital account. In order to be certified as a Virginia venture capital account, the operator of the investment fund shall register the investment fund with the Department prior to December 31, 2023, (i) indicating that it intends to invest at least 50 percent of the capital committed to its fund in qualified portfolio companies and (ii) providing documentation that it employs at least one investor who has at least four years of professional experience in venture capital investment or substantially equivalent experience. "Substantially equivalent experience" includes, but is not limited to, an undergraduate degree from an accredited college or university in economics, finance, or a similar field of study. The Department may require an investment fund to provide documentation of the investor's training, education, or experience as deemed necessary by the Department to determine substantial equivalency. If the Department determines that the investment fund employs at least one investor with the experience set forth herein, the Department shall certify the investment fund as a Virginia venture capital account at such time as the investment fund actually invests at least 50 percent of the capital committed to its fund in qualified portfolio companies.

28. a. Income attributable to an investment in a Virginia real estate investment trust. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2019, but before December 31, 2024. No subtraction shall be allowed for an investment in a trust that is managed by a family member or an affiliate of the taxpayer. No subtraction shall be allowed under this subdivision for a taxpayer who has claimed a subtraction under subdivision 24 or 27 or a tax credit under § 58.1-339.4 for the same investment.

In order to be certified as a Virginia real estate investment trust, the trustee shall register the trust with the Department prior to December 31, 2024, indicating that it intends to invest at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed. If the Department determines that the trust satisfies the preceding criteria, the Department shall certify the trust as a Virginia real estate investment trust at such time as the trust actually invests at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed.

**§ 58.1-322.03. Virginia taxable income; deductions.**

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) and (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than

(i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

8. The total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided that the individual has not claimed a deduction for such amount on his federal income tax return.

9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. The lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided that the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income not in excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal

income tax laws. As used in this subdivision, "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

15. For taxable years beginning on and after January 1, 2018, 20 percent of business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code. 16. For taxable years beginning on and after January 1, 2019, the actual amount of real and personal property taxes imposed by the Commonwealth or any other taxing jurisdiction not otherwise deducted solely on account of the dollar limitation imposed on individual deductions by § 164(b)(6)(B) of the Internal Revenue Code.

17. *For taxable years beginning on and after January 1, 2020, but before January 1, 2021, up to \$25,000 of the amount that is not deductible when computing federal adjusted gross income solely on account of the portion of subdivision B 10 of § 58.1-301 related to Paycheck Protection Program loans."*

The House proceeded to consider Item 48 #1h.

The Chair recognized the Delegate from Shenandoah, Delegate Gilbert.

Delegate Bourne raised a point of order that the Delegate's questions were out of order because the item currently before the House dealt with appropriations and the Delegate was asking questions related to policy, which had been debated previously by the House.

The Speaker stated that discussion of the budget amendments allowed for a certain amount of latitude to also discuss underlying policy.

The Speaker stated further that the House should try to be more focused in its discussion and the Chair would so rule.

The question on the amendment was put, the yeas and nays being called for, and decided in the affirmative.

"K.1. Notwithstanding the provisions of § 24.2-408, Code of Virginia, the State Registrar of Vital Records shall transmit to the Department of Elections by electronic means a weekly list of all persons of the age of 17 years or more who shall have died in the Commonwealth subsequent to its previous weekly list. The general registrars shall use the information in the lists to carry out their duties pursuant to paragraph 2 below.

2. Notwithstanding the provisions of § 24.2-427, Code of Virginia, the general registrar shall cancel promptly the registration of (i) all persons known by him based on the information provided by the State Registrar of Vital Records to be deceased, (ii) all persons known by him to be disqualified to vote by reason of a felony conviction or adjudication of incapacity, and (iii) all persons known by him not to be United States citizens by reason of reports from the Department of Motor Vehicles pursuant to § 24.2-410.1 or from the Department of Elections based on information received from the Systematic Alien Verification for Entitlements Program (SAVE Program) pursuant to subsection E of § 24.2-404 and in accordance with the requirements of subsection B1 of § 24.2-427, Code of Virginia; (iv) all persons for whom a notice has been received, signed by the voter, or from the registration official of another jurisdiction that the voter has moved from the Commonwealth; and (v) all persons for whom a notice has been received, signed by the voter, or from the registration official of another jurisdiction that the voter has registered to vote outside the Commonwealth, subsequent to his registration in Virginia. The notice received in clauses (iv) and (v) shall be considered as a written request from the voter to have his registration cancelled. A voter's registration may be cancelled at any time during the year in which the general registrar discovers that the person is no longer entitled to be registered. The general registrar shall mail notice of any cancellation to the person whose registration is cancelled."

**Explanation:**

(This amendment requires the State Registrar of Vital Records to transmit to the Department of Elections a weekly list of decedents from the previous week. Currently, this list is transmitted monthly. This amendment also requires the general registrars to use this information to conduct list maintenance and to promptly cancel the registration of a person on the list.)

		Item 301 #1h

Page 333, after line 18, insert:

"I. Out of this appropriation, \$2,560,000 from the general fund the second year is provided to include Krabbe Disease in Virginia's newborn screening services. The Virginia Department of Health shall transfer a portion of the funding to the Department of General Services, Division of Consolidated Laboratory Services for start up costs for for testing, software modifications, and staffing to handle the increase in workload related to the screening, pending an increase in the newborn screening fee to cover the ongoing costs of the testing."

**Explanation:**

(This amendment provides \$2.6 million from the general fund the second year to include Krabbe disease in newborn screening. Funding would cover the start up costs of the testing by the Department of General Services Division of Consolidated Laboratory Services (DCLS) and a nurse educator at the Virginia Department of Health to work with clinicians and parents on the coordination of screening and education services. Funding for DCLS lab testing and the Department of Health's coordination and education services are recovered from a fee charged to medical providers for each screening test conducted by DCLS. Chapter 416, 2020 Acts of Assembly required the Department of Health to review this disease and provide recommendations to the Board of Health on whether to include it in the core panel or heritable disorders and genetic diseases for which newborn screening is conducted. Data provided to the Krabbe Disease Workgroup addressed concerns with the screening tests for Krabbe disease and the cost to add this disease to newborn screening, which is much less than the fiscal impact statement provided during the 2020 Session on the proposed legislation.)

3. The community development bank, community development credit union, or other similar organization is intended to be a source of targeted lending and investment with the capacity to provide a high degree of leveraging for economic development and business support activities within communities throughout the Commonwealth. These activities may include loans and investments to start or expand small businesses, operating and working capital, property renovation or development, and financial services with a focus on small businesses impacted by the COVID pandemic. The entity may also provide services that help ensure that credit is used effectively, such as technical assistance to small businesses and credit counseling to consumers.

4. On or before December 1 of each year, the Department shall report to the Secretary of Commerce and Trade, the Governor, and the Chairs of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations on such other matters regarding the Fund as the Department may deem appropriate, including the amount of funding committed to projects from the Fund, or other items as may be requested by any of the foregoing persons to whom such report is to be submitted."

In developing such recommendations, the Board shall consider: (i) the dramatic decrease in the Average Daily Population in detention centers over the course of two decades without a comparable decrease in state funding; (ii) establishing a system-wide staffing ratio that is comparable to those provided in Regional Alternative Education Programs and aligned with the staffing requirements provided in the federal Prison Rape Elimination Act; (iii) implementing efficiencies, such as sharing SOP instructional staff with participating school divisions, hiring part-time teachers and dually-certified teachers and principals, and utilizing lead teachers in lieu of full-time principals in programs with a low average daily population; (iv) changes to SOP operating agreements to facilitate more efficient staffing practices and to clarify the role of the state and school divisions in hiring and supervising SOP instructional staff; (v) increasing the use of enhanced distance learning; and (vi) the draft recommendations deliberated by the Commission on Youth from the 2020 study.

The Board shall convene a workgroup to assist in the development of findings and recommendations and shall include staff members from the Senate Finance and Appropriations Committee, House Appropriations Committee, Department of Planning and Budget, the Virginia Department of Education, the Department of Juvenile Justice, President of the Virginia Juvenile Detention Association or his/her designee, the chair of the Virginia Commission on Youth or his/her designee, and anyone else the Board deems as appropriate to serve on the workgroup. (This amendment restores \$250,000 GF the second year provided during the 2020 regular session for SCHEV to implement the Guidance to Postsecondary Success (GPS) program. Each year, 25,000 high school graduates do not enroll in postsecondary education within 16 months, including significantly higher percentages for African-American, Hispanic and economically disadvantaged students. The pandemic and virtual learning environments in high schools are expected to exacerbate these inequitable outcomes in the coming year. Working closely with the Virginia Department of Education, SCHEV will seek to increase these enrollment rates through the development of materials and informational resources and the coordination of awareness events, professional development opportunities for secondary staff and partnerships with institutions, schools, school divisions and non-profit organizations. In addition, these funds will be used as a match for an upcoming SCHEV application for a federally-funded Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) grant that also will focus on school division-specific and statewide outreach programs, as well as, required scholarships for eligible students.)

**Explanation:**

(This amendment directs the Secretary of Health and Human Resources to convene a workgroup to research and recommend strategies for the financing of health care services for undocumented immigrant children. Approximately 13,000 immigrant children in Virginia lack health insurance and approximately 9,000 of those children live under 200 percent of the federal poverty level. They do not qualify for CHIP-funded (Children's Health Insurance Program) health insurance due to their immigration status.)

This agency shall oversee policies and programs impacting older Virginians and provide a leadership role across state government in evaluating the impact the aging population has on state services.

2. The Secretary of Health and Human Resources, or his designee, shall convene a workgroup that includes representatives from the Department for Aging and Rehabilitative Services, Area Agencies on Aging, the Department of Planning and Budget, the Division of Legislative Services, appropriate staff from the House Appropriations and Senate Finance and Appropriations Committees, and other appropriate stakeholders. The workgroup shall: (i) review other state aging departments and best practices for establishing an agency fully capable of leading across state government with regard to impacts from an aging population; (ii) review and develop an optimal organizational structure for the new agency; (iii) develop a transition plan for transferring staff, funding and making other operational changes to establish the new agency; (iv) draft legislation for consideration by the 2022 General Assembly; (v) determine potential costs to create the new agency; and (vi) develop draft changes to the Appropriation Act. The workgroup shall at a minimum evaluate transitioning aging services, adult services, adult protective services and auxiliary grant programs to the new agency. In addition, the workgroup shall examine any other aging-related programs in the Health and Human Resources Secretariat and make recommendations for inclusion in the new agency.

3. The Department for Aging and Rehabilitative Services shall provide this information to the Governor to be considered for inclusion in the 2022-2024 introduced budget."

**Explanation:**

(This amendment provides that it is the intent of the General Assembly that a new agency for aging services be established as an agency of the Commonwealth under the Office of the Secretary of Health and Human Resources, beginning July 1, 2022. The language creates a workgroup to consider the details of such a transition and to make the appropriate recommendations to the General Assembly.)

**Explanation:**

(This amendment requires the Office of Children's Services (OCS) to develop a plan to modify its staffing and operations to ensure effective local implementation of the Children's Services Act (CSA). It also directs OCS to collect annually from each local CSA program the number of program staff by full- and part-time status and information on local administrative budgets to better understand local program sources. The program would increase the number of Virginia behavioral health practitioners through the establishment of an educational loan repayment incentive that complements and coordinates with existing efforts to recruit and retain Virginia behavioral health practitioners. The program would allow for a variety of behavioral health practitioners to receive a student loan repayment award from the Commonwealth in exchange for providing service to Virginia communities that are otherwise underserved. Practitioners would receive loan repayment for up to 25 percent of student loan debt for each year of health care service provided to the Commonwealth. Maximum loan repayment amounts per year are dependent upon the type of behavioral health professional applying and shall not exceed the total student loan debt. Participating practitioners will have an initial two-year minimum participation obligation and may renew for a third and fourth year. This provides the practitioner with the opportunity to fully pay off their student loan debt while providing four years of service to the Commonwealth. Virginia's share of this funding is \$77.1 million. With this additional federal support, the general fund added in the introduced budget can be supplanted with federal funds. The new federal funding is not sufficient to fully supplant all \$89.3 million of general fund in the biennium, however, Coronavirus Relief Funds (CRF) allocated to the Department of Medical Assistance Services have not been fully utilized, so this amendment includes \$12.2 million in the first year in CRF funds. (This amendment supplants \$7.1 million the first year and \$6.3 million the second year from the general fund with available federal Coronavirus Relief Funds (CRF). The CRF funds allocated to the Department of Medical Assistance Services have not all been fully utilized, so this amendment supplants \$7.1 million in the first year and \$6.3 million the second year in CRF funds. A separate amendment in Central Appropriations reflects the change in the allocation of CRF funds. In addition, language directs a portion of the state and federal funding

allocated for COVID-19 communications to be used for outreach and communications to high-risk populations that have been adversely impacted by the COVID-19 pandemic more so than the general population and for which traditional communication mediums are not as effective. It also directs the funding to be used for translation services.)

**Explanation:**

(This amendment adds \$746,562 from the general fund and \$3.6 million from enhanced federal matching funds to continue funding for the Emergency Department Care Coordination (EDCC) Program and to complete several enhancements that should result in cost savings to the Commonwealth and higher-quality care for Medicaid and FAMIS beneficiaries. Language is also modified to clarify reporting requirements. The 2017 General Assembly established the EDCC program to provide a single, statewide technology solution that connects all hospital emergency departments in the Commonwealth to facilitate real-time communication and collaboration among physicians, other healthcare providers and other clinical and care management personnel for patients receiving services in hospital emergency departments for the purpose of improving the quality of patient care services. The program also integrates the state's Prescription Monitoring Program and the Advance Healthcare Directive Registry. To date, 100 percent of hospital emergency departments and health plans and 74 percent of physicians participate in the EDCC Program. The program has been successful in supporting a reduction in opioid overdoses since its implementation and has been critical in coordinating responses to the COVID-19 pandemic. The program has been funded through federal HITECH funding which provides a 90 percent federal match rate, but the federal funding will end on September 30, 2021. However, Medicaid Management Information Systems funding could be used to assist in leveraging additional federal dollars to complete the system enhancements at a 75 percent federal match rate.)

The department shall have the authority to implement this change effective July 1, 2021, or consistent with the effective date in the State Plan Amendment approved by the Centers for Medicare and Medicaid Services (CMS), and prior to completion of any regulatory process necessary to implement this change."

**Explanation:**

(This amendment provides \$11.1 million from the general fund and \$20.7 million from federal funds to amend the Virginia Family Access to Medical Insurance Security (FAMIS) State Plan to allow the payment for prenatal care for all children regardless of the expectant mother's immigration status pursuant to provisions in Title XXI of the federal 2009 CHIP Reauthorization Act that includes care of all children who upon birth will be U.S. citizens, U.S. nationals, or qualified aliens. A companion amendment in the Medicaid program (Item 313) reduces expenditures by \$13.4 million general fund and \$13.4 million in matching federal Medicaid funds based on the adoption of this change. Consequently, the provision of these services results in a savings of \$2,292,083 to the general fund and the receipt of \$7,253,601 more from matching federal funds for the CHIP program, which has a higher federal match rate than the Medicaid program.)

**Language:****Explanation:**

(This amendment captures \$1.8 million from the general fund the first year and \$5.4 million from the general fund the second year and a corresponding increase in federal Children's Health Insurance Program (CHIP) matching funds to reflect the savings to the Commonwealth pursuant to enhanced federal matching funds for the fourth quarter of fiscal year 2021 and the first and second quarters of fiscal year 2022. The federal Families First Coronavirus and Response Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared public health emergency (PHE) due to COVID-19 expires. The CHIP match rate factors in the Medicaid match rate and is therefore increased as a result. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. Therefore, this amendment also captures the savings from the first and second quarters of state fiscal year 2022.)

**Explanation:**

(This amendment adds language directing the Department of Medical Assistance Services to defer nursing home rebasing until it is able to use 2021 cost reports in the rebasing process. Under the current rebasing schedule, cost reports ending in calendar year 2020 will be the basis of the next nursing facility rate rebasing. Given the COVID-19 vaccination program, it is expected that the 2021 cost reports would not be as affected by the increased costs associated with the COVID-19 pandemic, and would better reflect ongoing Medicaid costs as a basis for the next rebasing.)

**Explanation:**

(This amendment reduces \$39.4 million from the general fund the first year and adds an equivalent amount of nongeneral fund appropriation to reflect a non-participating tobacco manufacturer's payment to the Health Care Fund. Since this fund is used as state match for Medicaid, additional revenue to the fund offsets the general fund match for Medicaid. In addition, language also clarifies that repayments from managed care organizations are to be deposited to the Health Care Fund.)

**Explanation:**

(This amendment captures \$114.9 million from the general fund the first year and \$191.6 million from the general fund the second year and a corresponding increase in federal Medicaid matching funds to reflect the savings to the Commonwealth pursuant to enhanced federal matching funds for the fourth quarter of fiscal year 2021 and the first and second quarters of fiscal year 2022. The federal Families First Coronavirus and Response Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared public health emergency (PHE) due to COVID-19 expires. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of state fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. Therefore, this amendment also captures the savings from the first and second quarters of fiscal year 2022. The general fund savings for the state behavioral health facilities are also factored into these numbers and total \$808,764 the first year and \$1.8 million the second year.)

Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services."

**Explanation:**

(This amendment provides \$2.2 million from federal Medicaid funds the second year related to expanding Medicaid coverage of school-based services outside of a student's individualized education program. There is no state match required as the local schools certify local expenditures as the state match. The amendment also reflects a savings of \$104,168 from the general fund the second year since five percent of the additional federal funding for school-based services is retained by the state and deposited to the Health Care Fund, which offset general fund costs.)

The facility is expected to begin billing again in the second year once accreditation is achieved, so this amendment adjusts the appropriation in the first year only. (This amendment corrects the fee amount included in the introduced budget for Medicaid reimbursement for vaccine administration in a pharmacy. Currently, Medicaid does not have a vaccine administration fee for pharmacists. The introduced budget directs the Department of Medical Assistance Services to establish such a fee and sets the fee at \$16. The department's budget assumptions for this fee was \$13. This amendment corrects

the language to reflect the \$13 administration fee as reflected in the actual appropriation otherwise there would be a \$7.1 million general fund shortfall in Medicaid. The federal Title IV-E programs used the Medicaid match rate to determine the state and federal share of the program. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of state fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. **Explanation:**

(This amendment reduces \$42.0 million the first year from the general fund that was provided in the introduced budget to the Virginia Department of Emergency Management for coordinating response and recovery efforts related to the COVID-19 pandemic. The Commonwealth recently received federal reimbursement for prior COVID-19 related expenses that were paid from the federal Coronavirus Relief Fund (CRF), authorized pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020. This federal funding allows the general fund provided in the introduced budget in the first year to be supplanted with newly available federal CRF funds. A separate amendment in Central Appropriations modifies the allocations from the CRF for this purpose.)

(This amendment modifies the coverage assessment amount collected from hospitals to cover the state share of Medicaid expansion costs. Current law requires the collection of 108 percent of the state share of the full costs of expanded Medicaid coverage. The original intent was to ensure that collections were sufficient to cover the full cost of expansion and not rely on any general fund dollars to expand Medicaid. Rate assessment language has since been amended to allow the Department of Medical Assistance Services (DMAS) to adjust assessments with each quarter to account for differences between estimates and actual spending, however, the 108 percent collection requirement is applied to the estimate for the entire year and not just the remaining quarters. In addition, DMAS now has more experience with expansion and hospital overpayments in the first two years of the program have far exceeded the additional eight percent add-on. Reducing the add-on from eight to two percent would reduce the amount of overpayment made each year by the hospitals into the Health Care Coverage Assessment Fund.)

(This amendment modifies language related to the hospital provider payment rate assessment to change the methodology to enable the hospitals to obtain additional federal dollars with no additional cost to the Commonwealth. Current budget language limits supplemental payments by the upper payment limit gap for fee-for-service claims and extrapolates that gap to managed care claims. Because over 90 percent of Medicaid enrollees are in managed care, this gap can be highly variable on an annual basis and can limit total rate enhancement. The federal Centers for Medicare and Medicaid Services (CMS) has provided other states the flexibility to structure managed care directed payments as a percentage of Medicare. However, the introduced budget language is highly prescriptive and limits the department's ability to explore and apply an alternate methodology which could potentially stabilize or increase total supplemental payments.)

A.1. Corporations that are members of a unitary business must file a report, in a manner prescribed by the Tax Commissioner, for the unitary combined group containing the unitary combined net income of such group. The report shall be based on taxable year 2019 computations and include, at a minimum the difference in tax owed as a result of filing a unitary combined report, computed according to the method or methods specified by the Tax Commissioner, compared to the tax owed under the current filing requirements.

2. "Unitary business" means a single economic enterprise made up either of separate parts of a single business entity or of a commonly controlled group of business entities that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. A "unitary business" includes that part of the business that meets the definition in this section and is conducted by a taxpayer through the taxpayer's interest in a partnership, whether the interest in that partnership is held directly or indirectly through a series of partnerships or other pass-through entities. A "unitary business" shall not include persons subject to, or that would be subject to if doing business in the Commonwealth, the insurance premiums license tax under Chapter 25 (§ 58.1-2500 et seq.), Code of Virginia, or the bank franchise tax under Chapter 12 (§ 58.1-1200 et seq.).

3. The report must be submitted to the Department of Taxation on or before June 1, 2021, which date shall not be extended.

4. Members of a unitary combined group shall exclude as a member and disregard the income and apportionment factors of any corporation incorporated in a foreign jurisdiction (a "foreign corporation") if the average of its property, payroll and sales factors outside the United States is eighty percent (80%) or more. If a foreign corporation is includible as a member in the unitary combined group, to the extent that such foreign corporation's income is subject to the provisions of a federal income tax treaty, such income is not includible in the unitary combined group net income. Such member shall also not include in the unitary combined report any expenses or apportionment factors attributable to income that is subject to the provisions of a federal income tax treaty. For purposes of this paragraph, "federal income tax treaty" means a comprehensive income tax treaty between the United States and a foreign jurisdiction, other than a foreign jurisdiction which the organization for economic co-operation and development has determined has not committed to the internationally agreed tax standard, or has committed to the international agreed tax standard but has not yet substantially implemented that standard, as identified in the then-current organization for economic co-operation and development progress report.

B. Any corporation required to submit such report to the Department of Taxation that fails to do so on or before June 1, 2021, or that makes a material omission or misstatement in connection with such report shall be subject to a penalty of \$10,000. The Tax Commissioner shall have the authority to waive such penalty upon a determination that the requirement would cause an undue hardship. All requests for waiver shall be transmitted to the Tax Commissioner in writing.

C. The Tax Commissioner shall on or before December 1, 2021, based on the information provided in income tax returns and the data submitted under this section, submit a report to the Chair of the Senate Finance and Appropriations Committee, the Chair of the House Appropriations Committee, and the Chair of the House Finance Committee."

**Explanation:**

(This amendment requires corporations that are members of a unitary business to file an informational report with the Department of Taxation for the unitary combined group containing the unitary combined net income of the group. A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, E, ~~and~~ G, and H.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, ~~and~~ G, and H.

B. There shall be added to the extent excluded from federal taxable income:

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income

pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

5. That the regulations required to be adopted by the State Air Pollution Control Board (Board) pursuant to § 10.1-1307.04 of the Code of Virginia, as created by this act, shall allow any motor vehicle manufacturer to establish a Virginia-specific zero-emission vehicle (ZEV) credit account in the ZEV Credit System and to make a one-time deposit into its account a number of proportional credits equal to its 2025 model year starting California credit balance multiplied by the ratio of the average number of passenger cars and light-duty trucks that a manufacturer produced and delivered for sale in Virginia to the average number of passenger cars and light-duty trucks the manufacturer produced and delivered for sale in California during the time period selected by the manufacturer for calculation of its ZEV requirement for the first effective model year. The deposit shall be made only after all credit obligations for model year 2024 and earlier have been satisfied. While manufacturers may trade or sell these proportional credits to any other manufacturer, these credits may be used to meet up to 18 percent of its ZEV program credit requirements in any model year, unless and until the required regulations are superseded by regulations updating the Advanced Clean Car Program. The Board shall not award or provide any vehicle manufacturer with any other form of ZEV program credits or credit balance prior to the effective date or at the beginning of the compliance period of the regulations required by § 10.1-1307.04 of the Code of Virginia, as created by this act. As part of any update to the required regulations to ensure compliance of the ZEV program with the federal Clean Air Act (42 U.S.C. § 7401 et. seq.), the Board shall adjust, if necessary, restrictions on the use of the proportional credits remaining in manufacturers' Virginia accounts in order to ensure that the percentage of ZEVs required to be delivered for sale under Virginia's ZEV program is approximately equivalent to, but does not exceed, the percentage required under California's ZEV program, taking into account only existing ZEV credit banks, any changes in restrictions on their use, and the effects of new regulatory requirements on the amount and timing of ZEVs required to be delivered for sale.

Delegate Gilbert raised a point of order that, pursuant to House Rule 69, those members who were present and recorded as "Not Voting" were to be recorded in the negative.

Delegate Simon propounded a parliamentary inquiry as to whether a member who was present but was not in her seat during the vote was not subject to the provisions of House Rule 69.

The Speaker stated, in response to the parliamentary inquiry by Delegate Simon, that the Delegate from Fairfax was correct.

[The Speaker did not offer a response to the point of order by Delegate Gilbert.]

Delegate Gilbert raised a further point of order that the Rule stated that "a member who is present and fails to vote will on the demand of any member be counted on the negative" and did not contain a requirement that the member be in her seat and that several of the members recorded as not voting were present for session.

The Speaker stated that the Delegate from Fairfax, Delegate Simon, was correct and that the Delegate from Shenandoah was out of order and Chair would so rule.

**Explanation:**

(This amendment provides \$120,000 over the biennium from the general fund to fund an elevated septic system pilot program at the Middle Peninsula Planning District Commission. Septic systems in coastal Virginia suffer from a constant threat of sea level rise, storm surges, and chronic flooding which can cause catastrophic failures of inground septic systems due to water inundation. "O.1. Out of the amounts in this item, \$424,000 in the second year from the general fund is provided to support the creation of a statewide broadband map. The Department shall, in coordination with the Office of the Chief Broadband Advisor, develop a statewide broadband availability map indicating broadband coverage, including maximum broadband speeds available in service territories in the Commonwealth. The Department and Chief Advisor shall provide the initial map by July 1, 2022, or as soon as practicable, and shall update the map at least annually.

2. Broadband service providers shall be required to submit updated service territory data to the Department annually. The Department shall establish a process, timeline, and specific data requirements for broadband providers to submit their data. All public bodies shall cooperate with the Department, or any agent thereof, to furnish data requested by the Department for the initial improvement and maintenance of the map.

3. In no instance may the Department require broadband providers to submit any data, in either substantive content or form, beyond that which the provider is required to submit to the Federal Communications Commission pursuant to the federal Broadband Deployment Accuracy and Technological Availability Act, 47 U.S.C. § 641 et. seq., provided, however, that satellite-based broadband providers that have been designated as an eligible telecommunications carrier pursuant to 47 130 U.S.C. § 214(e)(6) for any portion of the Commonwealth shall be required to submit comparable data as other broadband providers. Public bodies and broadband providers shall not be required to submit any customer information, such as names, addresses, or account numbers.

4. The Department may publish only anonymized versions of the map, showing locations served and unserved by broadband without reference to any specific provider. The map shall not include information regarding ownership or control over the network or networks providing service. The Department shall establish a process for broadband providers to petition the Department to correct inaccuracies in the map. Any determination made by the Department pursuant to any specific petition with respect to any specific map to correct inaccuracies shall be final and not subject to further review.

5. Maps published by the Department pursuant to this section may be considered, but shall not be considered conclusive, for purposes of determining eligibility for funding for Commonwealth broadband expansion grant or loan programs, including the Virginia Telecommunication Initiative, or challenges thereto.

6. The Department: May contract with private parties to make the necessary improvements to the existing map and to maintain the map. Such private parties may include any entities and individuals selected by the Department to assist the Department in improving and maintaining such a map; Shall consult existing broadband maps, particularly those published by the Federal Communications Commission; and May acquire existing, privately held data or mapping information that may contribute to the accuracy of the map.

7. Information submitted by a broadband provider in connection with this section shall be excluded from the requirements of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). Information submitted by a broadband provider pursuant to this section shall be used solely for the purposes stated under this section and shall not be released by the Department, or any other public records custodian, without the express written permission of the submitting broadband provider.

8. The Department shall annually evaluate federal mapping data and shall waive the requirement for broadband providers to submit territory data if a map of near identical or greater quality is made publicly available by the Federal Communications Commission as part of the federal Digital Opportunity Data Collection program or its successor. This waiver shall not be unreasonably withheld.

9. For the purposes of the initiative outlined in paragraph O. of this item, "Broadband" means Internet access at speeds equal to or greater than the broadband Internet speed benchmark set by the Federal Communications Commission. "Broadband provider" means a provider of fixed or mobile broadband Internet access service and includes any entity required to provide the federal government with information on Federal Communications Commission Form 477 or as part of the federal Digital Opportunity Data Collection program or a provider of satellite-based broadband Internet access service that has been designated as an eligible telecommunications carrier pursuant to 47 U.S.C. § 214(e)(6) for any portion of the Commonwealth. Funded SOQ instructional positions shall include the teacher, school counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium. This amount includes \$1,046,023 the second year from the general fund referenced in paragraph C. 27. j. for the Academic Year Governor's Schools for the state share of a payment of the following salary increases for instructional and support positions, and this amount includes \$759,098 the second year from the Lottery Proceeds Fund referenced in paragraph C. 9. f. 6) for Regional Alternative Education Programs for the state share of a payment of the following salary increases for instructional and support positions.

b. It is the intent that the instructional and support position salaries are increased in school divisions throughout the state by at least an average of 5.0 percent during the biennium. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to a 5.0 percent salary increase the second year for funded SOQ instructional and support positions, effective July 1, 2021, to school divisions that certify to the Department of Education the average salary increase that has been or will have been provided during the 2020-2022 biennium to instructional and support personnel. The state funds for which the division is eligible to receive shall be matched by the local government, based on the composite index of local ability-to-pay, which shall be calculated using an effective date of July 1, 2021, as the basis for the local match requirement for both funded SOQ instructional and support positions.

c. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an average 5.0 percent salary increase during the biennium; however, to access these funds, a school division must provide at least an average 2.0 percent salary increase during the biennium.

**Explanation:**

(This amendment restores \$250,000 from the general fund the second year provided during the 2020 regular session for SCHEV to implement the Guidance to Postsecondary Success (GPS) program. These funds were later unallotted. The purpose of this new initiative is to increase student transitions from high school to postsecondary education and also help students find the right fit for their future and in terms of costs. Each year, 25,000 high school graduates do not enroll in postsecondary education within 16 months, including significantly higher percentages for African-American, Hispanic and economically disadvantaged students. The pandemic and virtual learning environments in high schools are expected to exacerbate these inequitable outcomes in the coming year. Working closely with the Virginia Department of Education, SCHEV will seek to increase these enrollment rates through the development of materials and informational resources and the coordination of awareness events, professional development opportunities for secondary staff and partnerships with institutions, schools, school divisions and non-profit organizations. In addition, these funds will be used as a match for an upcoming SCHEV application for a federally-funded Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) grant that also will focus on school division-specific and statewide outreach programs, as well as, required scholarships for eligible students.)

"F.1. It is the intent of the General Assembly that aging services be elevated in importance within state government, to include consideration of reestablishing a separate agency on aging under the Office of the Secretary of Health and Human Resources beginning July 1, 2022. Such an agency would oversee policies and programs impacting older Virginians and provide a leadership role across state government in evaluating the impact the aging population has on state services.

2. The Secretary of Health and Human Resources, or his designee, shall convene a workgroup that includes representatives from the Department for Aging and Rehabilitative Services, Area Agencies on Aging, the Virginia Association of Area Agencies on Aging, the Department of Planning and Budget, the Division of Legislative Services, appropriate staff from the House Appropriations and Senate Finance and Appropriations Committees, and other appropriate stakeholders. The workgroup shall: (i) review other state aging departments and best practices for offices of aging services that are fully capable of leading across state government with regard to the impacts of an aging population; (ii) review and develop an optimal organizational structure; (iii) develop a transition plan for transferring staff, funding and making other operational changes as needed; (iv) draft legislation for consideration by the 2022 General Assembly; (v) determine potential costs; and (vi) develop draft changes to the Appropriation Act. The workgroup shall, at a minimum, evaluate the most appropriate place that aging services, adult services, adult protective services and auxiliary grant programs should reside within state government. **Explanation:**

(This amendment provides that it is the intent of the General Assembly elevate aging services within state government to include considering the establishment of a new agency for aging services under the Office of the Secretary of Health and Human Resources, beginning July 1, 2022. Funding for this Item was unallotted in April, 2020 and eliminated in Chapter 56, 2020 Special Session I Acts of Assembly. The program would increase the number of Virginia behavioral health practitioners through the establishment of an educational loan repayment incentive that complements and coordinates with existing efforts to recruit and retain Virginia

behavioral health practitioners. The program would allow for a variety of behavioral health practitioners to receive a student loan repayment award from the Commonwealth in exchange for providing service to Virginia communities that are otherwise underserved. Practitioners would receive loan repayment for up to 25 percent of student loan debt for each year of health care service provided to the Commonwealth. Maximum loan repayment amounts per year are dependent upon the type of behavioral health professional applying and shall not exceed the total student loan debt. Participating practitioners will have an initial two-year minimum participation obligation and may renew for a third and fourth year. This provides the practitioner with the opportunity to fully pay off their student loan debt while providing four years of service to the Commonwealth. **Explanation:**

(This amendment restores \$100,000 the first year and \$650,000 the second year from the general fund for the Virginia Sexual and Domestic Violence Prevention Fund that was created pursuant to Chapters 912 and 913, 2020 Acts of Assembly. The program would be administered by the Department of Social Services and the Department of Health. The fund will award grants on a competitive basis to local sexual and domestic violence agencies engaged in evidence-informed sexual and domestic violence prevention work. In addition, language is included directing the Department of Health to continue to award and provide federal Rape Prevention and Education (RPE) funds through the cooperative agreement with the Centers for Disease Control to six sexual and domestic violence organizations.)

The introduced budget funded 12 epidemiologists and 12 communicable disease nurses across the 35 health districts and funded two epidemiology program managers in the Office of Epidemiology in the Central Office. **Explanation:**

(This amendment reduces \$7.4 million the second year from the general fund by phasing in over three years the increase in local matching funds and the increase in state support for the updates to the local health department cooperative funding formula. The introduced budget provided \$10.2 million, which included funding for a hold harmless in fiscal year 2022, to implement the funding formula changes. This amendment reflects one-third of the state impact in the second year as the changes are phased in over three years and, as such, a hold harmless is not necessary.)

The federal Families First Coronavirus and Response Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared public health emergency (PHE) due to COVID-19 expires. The CHIP match rate factors in the Medicaid match rate and is therefore increased, but at an enhanced match rate of 4.34 percent. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. A companion amendment in the Medicaid program (Item 313) reduces expenditures by \$13.4 million general fund and \$13.4 million in matching federal Medicaid funds based on the adoption of this change. **Explanation:**

(This amendment reflects the savings to the general fund in the first year from the receipt of \$39.4 million in increased revenue in the Virginia Health Care Fund. The increased revenue is due to the receipt of escrow funds from a cigarette manufacturer that did not participate in the 1998 Tobacco Mater Settlement Agreement with state Attorney Generals and instead made payments into an escrow fund as required by the Code of Virginia. This nonparticipating manufacturer is closing and has chosen to assign rights to its escrow funds as permitted by statute in return for the right to retain a portion of those funds. For Virginia, this represents a one-time unanticipated payment of \$39,410,177, which is required to be deposited into the Virginia Health Care Fund pursuant to § 3.2-4203 of the Code of Virginia. In addition, language also clarifies that repayments from managed care organizations are to be deposited to the Health Care Fund.)

The federal Families First Coronavirus and Response

Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared public health emergency (PHE) due to COVID-19 expires. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of state fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. Therefore, this amendment also captures the savings from the first and second quarters of fiscal year 2022. This increased case mix index (CMI) factor shall take precedence over future rebasing. 2. The Department of Medical Assistance Services shall work with the freestanding children's hospitals to assess the method used to determine the case mix adjustment factor and what factors may be influencing changes that result in significant funding shifts when rebasing occurs."

**Explanation:**

(This amendment adds funding and language directing the Department of Medical Assistance Services to adjust the formula used to calculate indirect medical education reimbursement for managed care discharges at Children's Hospital of the King's Daughters (CHKD). This change would partially restore CHKD's case mix index (CMI) factor, which had been reduced in fiscal year 2020. The change is intended to stabilize CHKD's IME funding levels so the hospital is not subject to dramatic fluctuations in future Medicaid payments that occur with rebasing and changes in federal policy, and would be consistent with historic levels of state support. The federal Families First Coronavirus and Response Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared public health emergency (PHE) due to COVID-19 expires. The CHIP match rate factors in the Medicaid match rate and is therefore increased, but at an enhanced match rate of 4.34 percent. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of state fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. **Explanation:**

(This amendment captures \$742,622 from the general fund the first year and \$427,900 from the general fund the second year and a corresponding increase in federal Children's Health Insurance Program (CHIP) matching funds to reflect the savings to the Commonwealth pursuant to enhanced federal matching funds for fiscal year 2021 and the first and second quarters of state fiscal year 2022. This analysis shall be conducted in collaboration with DMAS and contracted Medicaid managed care organizations and based on recommendations for high-value care by the American College of Obstetrics and Gynecology. The analysis shall (i) compare service utilization to maternal and birth outcomes; (ii) identify patterns and outliers in claim payments by provider-type and service-type compared to maternal and birth outcomes; (iii) compare findings to available data on race, ethnicity, geographic location, and preferred language; (iv) compare findings to coverage policies for post-partum women; (v) evaluate the potential increased risk of adverse maternal and birth outcomes arising from COVID-19; and (vi) document the provision of services identified by the American College of Obstetrics and Gynecology that potentially result in unnecessary utilization and spending. The work group shall determine how to best measure performance of the system, identify utilization trends and outcomes, and make any recommendations for system improvements to the Governor and General Assembly by December 1, 2021."

**Explanation:**

(This amendment adds \$1.3 million from the general fund and \$3.8 million from enhanced federal Medicaid Management Information Systems matching funds to continue funding for the Emergency Department Care Coordination (EDCC) Program and complete several enhancements which should result in cost savings to the Commonwealth and higher quality care for Medicaid and FAMIS beneficiaries. The 2017 General Assembly established the EDCC program to provide a single, statewide technology solution that connects all hospital emergency departments in the Commonwealth to facilitate real-time communication and collaboration among physicians, other healthcare providers and other clinical and care management personnel for patients receiving services in hospital emergency departments for the purpose of improving the quality of patient care services. The program also integrates the state's Prescription Monitoring Program and the Advance Healthcare Directive Registry. To date, 100% of hospital Emergency Departments and health plans participate in the EDCC Program. The program has been successful in supporting a reduction in opioid overdoses since its implementation and has been critical in coordinating responses to the COVID-19 pandemic. The program has been funded through federal HITECH funding which provides a 90% federal match rate, but the federal funding will end on September 30, 2021. The amendment leverages available federal Medicaid Management Information Systems funding to complete the system enhancements at a 75% federal match rate. The general fund amount reflects the increase for the TANF Unemployed Parent program which is state-funded. The General Assembly provided a 15 percent increase beginning July 1, 2020, bringing the average monthly payment for a TANF family to \$361. Language requires the Department of Social Services to develop a plan to increase the standards of assistance by 10 percent annually until the standards equal 50 percent of the federal poverty level. TANF eligibility is tied to the monthly cash assistance value. In 1985, a three person family in the City of Richmond could be eligible with net income below 48 percent of the federal poverty level. To qualify now, the family's net income must be less than 30 percent of the federal poverty level.)

(This amendment captures \$2.9 million the first year and \$5.8 million the second year from the general fund and includes an offsetting amount of federal Title IV-E foster care funding to reflect a higher federal match rate. The federal Families First Coronavirus and Response Act, passed in March 2020, increased the federal match rate for Medicaid by 6.2 percentage points until the end of the quarter in which the declared COVID-19 public health emergency (PHE) expires. The federal Title IV-E programs used the Medicaid match rate to determine the state and federal share of the program. The PHE is extended in 90-day increments and was recently extended into the fourth quarter of state fiscal year 2021. In addition, the Acting U.S. Secretary of Health and Human Services has informed all state Governors of their intention to extend the PHE through the end of calendar year 2021 to provide greater budget certainty to states. **Explanation:**

(This amendment provides bond authorization to begin improvements and upgrades to the East Campus Steam Plant. The existing boiler equipment and the #2 chiller is rundown and a serious risk for catastrophic failure which would cause the university to shutter buildings. It is critical to remove and replace the existing 35,000 pph boilers, #2 chiller immediately and associated equipment. Total project cost for this phase of work is \$6,579,237 and includes \$4,605,466 in VCBA bonds and \$1,973,771 in auxiliary nongeneral funds. Future phases of this project will include the new boilers relocating to the future boiler building and an additional 80,000 pph boiler to increase current boiler capacity from 180,000 pph to 250,000 pph to cover existing and proposed future loads.)

**Explanation:**

(This amendment modifies the coverage assessment amount collected from hospitals to cover the state share of Medicaid expansion costs. Current law requires the collection of 108 percent of the state share of the full costs of expanded Medicaid coverage. The original intent was to ensure that collections were sufficient to cover the full cost of expansion and not rely on any general fund dollars to expand Medicaid. Rate assessment language has since been amended to allow the Department of Medical Assistance Services (DMAS) to adjust assessments with each quarter to account for differences between estimates and actual spending, however, the 108 percent collection requirement is applied to the estimate for the entire year and not just the remaining quarters. In addition, DMAS now has more experience with expansion and hospital overpayments in the first two years of the program have far exceeded the additional eight percent add-on. Reducing the add-on from eight to two percent would reduce the amount of overpayment made each year by the hospitals into the Health Care Coverage Assessment Fund.)

**Explanation:**

(This amendment modifies language related to the hospital provider payment rate assessment to change the methodology to enable the hospitals to obtain additional federal dollars with no additional cost to the Commonwealth. Current budget language limits supplemental payments by the upper payment limit gap for fee-for-service claims and extrapolates that gap to managed care claims. Because over 90 percent of Medicaid enrollees are in managed care, this gap can be highly variable on an annual basis and can limit total rate enhancement. The federal Centers for Medicare and Medicaid Services (CMS) has provided other states the flexibility to structure managed care directed payments as a percentage of Medicare. However, the introduced budget language is highly prescriptive and limits the department's ability to explore and apply an alternate methodology which could potentially stabilize or increase total supplemental payments.)

Corporate Income Tax Informational Reporting

**"§ 3-5.23 CORPORATE INCOME TAX INFORMATIONAL REPORTING**

A.1. Corporations that are members of a unitary business must file a report, in a manner prescribed by the Tax Commissioner, for the unitary combined group containing the unitary combined net income of such group. The report shall be based on taxable year 2019 computations and include, at a minimum the difference in tax owed as a result of filing a unitary combined report, computed according to the method or methods specified by the Tax Commissioner, compared to the tax owed under the current filing requirements.

2. "Unitary business" means a single economic enterprise made up either of separate parts of a single business entity or of a commonly controlled group of business entities that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. A "unitary business" includes that part of the business that meets the definition in this section and is conducted by a taxpayer through the taxpayer's interest in a partnership, whether the interest in that partnership is held directly or indirectly through a series of partnerships or other pass-through entities. A "unitary business" shall not include persons subject to, or that would be subject to if doing business in the Commonwealth, the insurance premiums license tax under Chapter 25 (§ 58.1-2500 et seq.), Code of Virginia, or the bank franchise tax under Chapter 12 (§ 58.1-1200 et seq.)

3. The report must be submitted to the Department of Taxation on or before June 1, 2021, which date shall not be extended.

4. Members of a unitary combined group shall exclude as a member and disregard the income and apportionment factors of any corporation incorporated in a foreign jurisdiction (a "foreign corporation") if the average of its property, payroll and sales factors outside the United States is eighty percent (80%) or more. If a foreign corporation is includible as a member in the unitary combined group, to the extent that such foreign corporation's income is subject to the provisions of a federal income tax treaty, such income is not includible in the unitary combined group net income. Such member shall also not include in the unitary combined report any expenses or apportionment factors attributable to income that is subject to the provisions of a federal income tax treaty. For purposes of this paragraph, "federal income tax treaty" means a comprehensive income tax treaty between the United States and a foreign jurisdiction, other than a foreign jurisdiction which the organization for economic co-operation and development has determined has not committed to the internationally agreed tax standard, or has committed to the international agreed tax standard but has not yet substantially implemented that standard, as identified in the then-current organization for economic co-operation and development progress report.

B. Any corporation required to submit such report to the Department of Taxation that fails to do so on or before June 1, 2021, or that makes a material omission or misstatement in connection with such report shall be subject to a penalty of \$10,000. The Tax Commissioner shall have the authority to waive such penalty upon a determination that the requirement would cause an undue hardship. All requests for waiver shall be transmitted to the Tax Commissioner in writing.

C. The Tax Commissioner shall on or before December 1, 2021, based on the information provided in income tax returns and the data submitted under this section, submit a report to the Chair of the Senate Finance and Appropriations Committee, the Chair of the House Appropriations Committee, and the Chair of the House Finance Committee."

**Explanation:**

(This amendment requires corporations that are members of a unitary business to file an informational report with the Department of Taxation for the unitary combined group containing the unitary combined net income of the group. The report must be based on taxable year 2019 computations and include, at a minimum the difference in tax owed as a result of filing a unitary combined report compared to the tax owed under the current filing requirements. Any corporation required to submit such report that fails to do so on or before June 1, 2021, or that makes a material omission or misstatement in connection with such report is subject to a penalty of \$10,000, unless waived by the Tax Commissioner upon a determination that the requirement would cause an undue hardship.)

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) and (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, E, ~~and~~ G, and H.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, ~~and~~ G, and H.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

"3. If rent is unpaid when due, or if a payment under the terms of a payment plan is unpaid when due, the landlord shall, pursuant to § 55.1-1202, Code of Virginia, serve a written notice on the tenant that informs the tenant of the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) and provides the website address and statewide telephone number for that program. The written notice shall also provide information on how to reach 2-1-1 Virginia to determine whether there are any other available federal, state and local rent relief programs. The written notice shall also inform the tenant that the owner, landlord, or owner's licensed agent shall apply for rental assistance on the tenant's behalf within 14 days of serving the notice on the tenant, unless the tenant pays in full, enters into a payment plan or informs the landlord that they have already applied for rental assistance. If the tenant has applied for rental assistance, the landlord shall cooperate with the tenant's application, by providing all information and documentation required to complete the application, including but not limited to the W-9 IRS form and any supporting affidavits. In an initial application, if the landlord or the tenant does not receive written approval from the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) or any other federal, state, or local rent relief program within forty-five days of when the application for assistance is made by the tenant or the landlord, the landlord may proceed to obtain possession of the premise as provided in § 55.1-1251. For any subsequent application, if the landlord or tenant does not receive written approval from the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) or any other federal, state, or local rent relief program within fourteen days of submission of the subsequent application, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251. If a tenant who has not paid in full or entered into a payment plan with the landlord within 14 days after the written notice is served refuses to apply for rental assistance and also refuses to cooperate with the landlord in providing information and documentation required to complete the application made by the landlord, or if such tenant is determined ineligible for rental assistance, or there are no longer funds available through any federal, state or local rental assistance program, the landlord may take action to obtain possession of the tenant's dwelling unit as provided in § 55.1-1251, Code of Virginia."

#### HOUSE BILLS WITH RECOMMENDATIONS BY THE GOVERNOR

H.B. 1800 (eighteen hundred) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA  
Office of the Governor  
March 31, 2021

TO: HOUSE OF DELEGATES  
HOUSE BILL NO. 1800

I approve the general purpose of this bill, but I am returning it with a request for the adoption of 18 amendments. I am grateful to each member of the House of Delegates and the Senate of Virginia for your dedicated work and your timely passage of this budget.

I am pleased that the budget you returned to me reflects so many of the important new initiatives that we have been advancing together—particularly those that we agreed to last year, but then put on hold due to the pandemic. Virginians have worked hard over the past year and have sacrificed a lot, and today, we are beginning to see our economy and our way of life recover.

More work lies ahead for Virginia and our country, but a full recovery is now within our reach. It is time to move important initiatives forward such as early childhood education, free community college for eligible students pursuing high-demand fields, and pay increases for public employees and teachers.

As with any budget, there is always an opportunity to make it better with each stage of review, so these amendments seek to improve the budget, not to re-write it. The majority of these amendments propose changes in language only.

Here is a summary:

1. Reflect GF resource changes on front page
2. Fund third-party investigation of Inspector General
3. Adjust elections language
4. Add positions to address findings from disparity study
5. Extend Superintendent's waiver language
6. Reflect hospital provision requirements associated with HB 2162
7. Authorize the appropriation of federal ARPA Medicaid revenue
8. Expand use of federal funds to be used for child care services
9. Correct nongeneral fund source for school age child care grants
10. Replace provision for Virginia Land Conservation Foundation funding with general fund support to assist the Chickahominy Tribe
11. Clarify law-enforcement firearm waiver
12. Provide drug recognition expert training
13. Amend line-of-duty means testing and spouse exception
14. Fund marijuana prevention and education
15. Revert unspent state COVID-19 fund amounts
16. Amend reporting date for corporate income tax informational reporting
17. Modify US Department of Agriculture MOU language
18. Amend limits on economic relief payments

#### Language Only Amendments

Several of the language amendments close gaps or clarify legislation that has passed recently. These include: continuing the elections provisions that we adopted last fall, closing an existing gap until the new legislation takes effect on July 1, 2021; eliminating conflicts between existing budget language and legislation that was just enacted related to requirements placed on hospitals for designated support persons; and clarifying the type of firearms for which law enforcement must obtain waivers from the Department of Criminal Justice Services.

I also propose three language amendments to ensure our ability to continue responding to needs related to the COVID pandemic by giving agencies the flexibility to respond and the authority to address the opportunities presented by the federal funding such as the American Rescue Plan Act (ARPA), until we can address the matter fully at a special session. The first gives the Superintendent of Public Instruction continued authority to grant temporary flexibility or waivers for certain deadlines and requirements that cannot be met due to the state of emergency or school closures resulting from COVID-19. The second gives the Director of the Department of Planning and Budget specific authority to increase federal appropriations for the Department of Medical Assistance Services to recognize increases in federal funding made available through enhanced federal matching assistance percentages authorized under the American Rescue Plan Act. The third provides the Department of Social Services with flexibility to expand the use of up to \$33.2 million of federal funds, currently dedicated specifically to school age child care, for broader purposes within the range of child care services.

In addition to giving agencies the capacity to respond to COVID issues, I propose an amendment to remove the limits on federal COVID-19 economic relief payments exempt from the creditor process. Current law, based on legislation passed at the 2020 special session, defines "emergency relief payment" and exempts up to \$1,200 of economic relief payments from the creditor process. This amendment removes that limit to reflect the additional payments received under the American Rescue Plan Act (ARPA).

Similarly, I propose an amendment to move the Corporate Income Tax Informational Reporting date by one month, from June 1, 2021, to July 1, 2021. This will allow time for the Department of Taxation to contract for services required to create the applicable changes related to this new requirement. In addition, as businesses continue to recover and manage the impacts of COVID, this delay will provide businesses more time to become aware of and to understand the reporting requirements.

Other language amendments make technical adjustments for clarity or to facilitate the ability to enact current policy.

Spending Amendments

In addition to the language amendments, I propose five spending amendments. In total, these amendments will increase spending by \$6.3 million.

The first of these amendments provides \$250,000 to the Office of the Attorney General to fund a third-party investigation of the Office of the State Inspector General's policies, processes, and procedures employed during its handling of the Vincent Martin matter.

The second provides funding of \$598,403 and five positions for the Department of Small Business and Supplier Diversity to support implementation of the recommendations and findings from the disparity study conducted in accordance with Executive Order Thirty-Five.

The third removes language requiring the Virginia Land Conservation Foundation to reserve \$3.5 million for the identification and evaluation of a project focused on the preservation of tribal lands of the Chickahominy Tribe and replaces it with a \$3.5 million direct appropriation from the general fund for the project.

The fourth provides \$1.0 million from the general fund for the Department of State Police to coordinate with and provide training to state and local law enforcement agencies in Drug Recognition Expert techniques to provide effective detection and enforcement for driving under the influence of drugs.

The fifth provides \$1.0 million from the general fund for the planning and implementation of marijuana prevention and education programs and to develop public health education campaigns.

The "half-sheet" amendments and the explanation of each is attached to this memorandum.

In summary, I propose 18 amendments. Twelve are language-only changes and five increase spending by \$6.3 million. The final one transfers \$3.3 million to the general fund, which provides additional resources for the amendments that increase general fund spending. These changes result in a net increase in general fund spending of just over \$3.0 million.

These changes will decrease the unappropriated balance from \$11.1 million to \$8.1 million. I ask that you approve each of these proposed amendments.

Sincerely,  
/s/ Ralph S. Northam

Any state funds offset by this additional federal revenue shall remain unspent and shall be retained until expenditure of such funds is reauthorized and appropriated by the General Assembly."

**Explanation:**

(This amendment clarifies that the Director of the Department of Planning and Budget (DPB) has the authority to appropriate additional federal Medicaid revenue for current services as provided for in the American Rescue Plan Act of 2021 (ARPA). In addition, language is added to prohibit any expansion of Medicaid programs or benefits with regard to the ARPA funding without General Assembly approval. State funding must also remain unspent until reauthorized and appropriated by General Assembly action.)

**"13. That § 34-28.3 of the Code of Virginia is amended and reenacted as follows:****§ 34-28.3. Emergency relief payments exempt.**

A. For the purposes of this section, "emergency relief payment" means a 2020 recovery rebate for individuals and qualifying children provided pursuant to § 2201 of the federal Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136) or any future federal payments or rebates provided directly to individuals for economic relief or stimulus due to the COVID-19 pandemic, ~~not to exceed \$1,200 per individual per payment or rebate, and not to exceed \$500 for each qualifying child paid to the individual per payment or rebate.~~

B. All emergency relief payments paid to individuals shall be automatically exempt from the creditor process. Any financial institution, as defined by § 6.2-100, receiving such payments directly from the federal government shall exempt such payments from the creditor process if (i) the payment is marked by the federal government as an "emergency relief payment" or includes some other unique identifier that is reasonably sufficient to allow the financial institution to identify the funds as an emergency relief payment or (ii) the federal government or account holder receiving the emergency relief payment gives notice to the financial institution of such payment. In exempting emergency relief payments on deposit from the creditor process, a financial institution shall look back two months preceding the date of receipt of service of the creditor process. The financial institution shall perform a one-time account review separately for each account in the name of an account holder who is subject to the creditor process without consideration for any other attributes of the account or the creditor process, including (a) the presence of other funds, from whatever source, that may be commingled in the account with funds from an emergency relief payment; (b) the existence of a co-owner on the account; and (c) the balance in the account, provided the balance is above zero dollars on the date of account review. After conducting the account review, a financial institution shall exempt from the creditor process the lesser of the sum of all posted emergency relief payments to an account between the close of business on the beginning date of the lookback period and the open of business on the ending date of the lookback period or the balance in an account when the account review is performed.

If the creditor process involves a court return date, such as a garnishment, and requires a continued hold on the account, including any deposits made up to the return date, then if an emergency relief payment is deposited into an account after the completion of the account review but before the creditor process or garnishment return date and the account holder notifies the financial institution that the deposit of an emergency relief payment has been made, the financial institution must review the account. If the financial institution verifies that the deposited funds are exempt under this section, then such deposited funds shall be treated as exempt from the creditor process or garnishment. This second account review shall begin within two business days of receiving the notice from the account holder and shall cover the period from the start of business on the date of the completion of the previous account review to the end of business on the date of the notification from the account holder. For any creditor process that requires a continued hold, such as a garnishment where the account hold must continue until the garnishment return date, the account holder may access exempt funds by withdrawal as permitted by the financial institution.

In its answer to the creditor process, the financial institution shall state the amount of account funds that are being held pursuant to the creditor process and the amount of account funds that were treated as exempt under this section.

A financial institution that makes a good faith effort to comply with the requirements set forth herein shall not be subject to liability or regulatory action under any state law, regulation, court or other order, or regulatory interpretation for actions concerning any emergency relief payments.

Emergency relief payments shall be exempt from the creditor process even if deposited into an account with a financial institution or other organization accepting deposits and thereby commingled with other funds.

For the purposes of this section, no such exemption shall extend to child support, spousal support, or criminal restitution orders.

C. If a financial institution does not set aside an emergency relief payment as exempt from the creditor process, then the accountholder receiving such payment must claim the exemption within the time limits prescribed by subsection B of § 34-17 and in the manner prescribed under § 8.01-512.4."

**Explanation:**

(This amendment removes the limits on federal COVID-19 economic relief payments exempt from the creditor process. Current law defines "emergency relief payment" and exempts up to \$1,200 of economic relief payments from the creditor process in the legislation passed at the 2020 special session. This amendment removes that limit to reflect the additional payments received under the American Rescue Plan Act (ARPA).)

The House proceeded to reconsider the bill.

Delegate Orrock raised a point of order that the language in lines 7,295 through 7,298 of the Governor's substitute placed an additional criteria on employers which did not exist anywhere else in the Code, had never been approved by the General Assembly, and went far beyond the scope of the original legislation and would inquire as to whether that language, and the substitute as a whole, was germane.

The Speaker stated that the Governor's recommendation was germane and the Chair would so rule.

Delegate Orrock propounded a parliamentary inquiry as to whether it was the Speaker's position that if one part of a substitute was ruled not germane while the remainder was ruled germane that the precedent was set that nearly any substitute would be germane despite it containing provisions that were broader in scope than the original bill, while line amendments submitted to accomplish the same thing might be ruled not germane.

The Speaker stated that was not at all what she had said, but rather she had made a ruling on the germaneness of the Governor's recommendation.

Delegate Gilbert raised a point of order that while Article IV, Section 12 of the Constitution of Virginia stated that "No law shall embrace more than one object, which shall be expressed in its title." there was a labor law being infused into the marijuana bill and would inquire as to whether the Speaker's ruling had taken that into consideration.

The Speaker stated that it had.

Delegate Mullin moved the pending question.

The motion was agreed to.

The question being: Shall the House amend the bill in accordance with the recommendation of the Governor? was put and decided in the affirmative.

## **Introduction to Indexes of the Journal of the House of Delegates**

The Journal of the House of Delegates is a compilation of proceedings and information related to a specific session of the General Assembly, focusing on items relevant to introduced legislation and actions by members of the House of Delegates, the legislature, and the Governor. The **Subject Index** offers page number references for easy access to motions and requests on specific legislative items including those directly attributable to a Delegate. The "Bills and Resolutions" category provides a breakdown of Journal day entries that encompasses the legislative process from introduction to enactment. The "Motions and Requests" category is a breakdown of every motion made by a member or every request for action allowed pursuant to member privilege. Parliamentary inquiries and points of order are set out in the Subject Index under those specific categories and noted by member. The Speaker's statements and rulings are found under "Speaker of the House of Delegates [Eileen Filler-Corn]."

The **Numerical Index** is a list of bills and resolutions in numerical order with entries that provides Journal page number references to specific legislative actions that occurred on the House floor. This Index is useful in tracking an identified piece of legislation from introduction to final disposition.
