2. Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;

3. May be enforced by the local government in the same manner that a property tax lien against real property is enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and

4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

G. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be ~~advertised~~ *published* once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality.

H. The Department of Energy shall serve as a statewide sponsor for a loan program that meets the requirements of this section. The Department of Energy shall engage a private program administrator through a competitive selection process to develop the statewide loan program. A locality, in its adoption or amendment of its C-PACE ordinance described in subsection B, may opt into the statewide C-PACE loan program sponsored by the Department of Energy, and such action shall not require the locality to undertake any competitive procurement process.

§ 15.2-958.6. Financing the repair of failed septic systems.

A. Any locality may, by ordinance, authorize contracts with property owners to provide loans for the repair of septic systems. Such an ordinance shall state:

1. The kinds of septic system repairs for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) the interest rate and time period during which contracting property owners shall repay the loan; (ii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality; and (iii) the possibility that the locality may partner with a planning district commission (PDC) to coordinate and provide financing for the repairs, including the locality's obligation to reimburse the PDC as the loan is repaid;

3. A minimum and maximum aggregate dollar amount that may be financed;

4. A method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality; and

6. A draft contract specifying the terms and conditions proposed by the locality or by a PDC acting on behalf of the locality.

B. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. In cases in which local property records fail to identify all of the individuals having an ownership interest in a property containing a failing septic system, the locality may set a minimum total ownership interest that it will require a property owner or owners to prove before it will allow the owner or owners to participate in the program.

D. The locality or PDC acting on behalf of the locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality is authorized to place a lien equal in value to the loan against any property where such septic system repair is being undertaken. Such liens shall be subordinate to all liens on the property as of the date loans authorized pursuant to this section are made, except that with the prior written consent of the holders of all liens on the property as of the date loans authorized pursuant to this section are made, the liens securing loans authorized pursuant to this section shall be liens on the property ranking on a parity with liens for unpaid local taxes. The locality may bundle or package such loans for transfer to private lenders in such a manner that would allow the liens to remain in full force to secure the loans.

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be ~~advertised~~ *published* once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality.

§ 15.2-1236. Purchases and sales to be based on competition.

A. All purchases of, and contracts for, supplies and contractual services shall be in accordance with Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2.

B. All sales of any personal property which has become obsolete and unusable shall be based wherever feasible on competitive bids. If the amount of the sale is estimated by the county purchasing agent to exceed $5,000, sealed bids shall, unless the governing body provides otherwise, be solicited by public notice published at least once in a newspaper of countywide circulation at least ~~five~~ *seven* calendar days before the final date of submitting bids.

§ 15.2-1301. Voluntary economic growth-sharing agreements.

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). All such agreements, including those that address any issue provided for in Chapter 32, 33, 36, 38, 39, or 41, shall require, at least annually, a report from each locality that is a recipient of funds pursuant to the agreement to each of the other governing bodies of the participating localities that includes (i) the amount of money transferred among the localities pursuant to the agreement and (ii) the uses of such funds by the localities. The parties to any such agreement that has been in effect for at least 10 years as of July 1, 2018, and pursuant to which annual payments exceed $5 million, shall (a) comply with the reporting requirements of this subsection, notwithstanding whether such requirements are contained in the existing agreement and (b) convene an annual meeting to discuss anticipated future plans for economic growth in the localities.

B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing which shall be advertised once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality. However, the public hearing shall not take place until the Commission on Local Government has issued its findings in accordance with subsection D. For purposes of this section, "revenue, tax base, and economic growth-sharing agreements" means any agreement authorized by subsection A which obligates any locality to pay another locality all or any portion of designated taxes or other revenues received by that political subdivision, but shall not include any interlocal service agreement.

C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, Section 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base, and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903. However, no such review shall be required for two or more localities entering into an economic growth-sharing agreement pursuant to this section in order to facilitate the reception of grants for qualified companies in such locality pursuant to the Port of Virginia Economic and Infrastructure Development Grant Fund and Program established pursuant to § 62.1-132.3:2.

§ 15.2-1427. Adoption of ordinances and resolutions generally; amending or repealing ordinances.

A. Unless otherwise specifically provided for by the Constitution or by other general or special law, an ordinance may be adopted by majority vote of those present and voting at any lawful meeting.

B. On final vote on any ordinance or resolution, the name of each member of the governing body voting and how he voted shall be recorded; however, votes on all ordinances and resolutions adopted prior to February 27, 1998, in which an unanimous vote of the governing body was recorded, shall be deemed to have been validly recorded. The governing body may adopt an ordinance or resolution by a recorded voice vote unless otherwise provided by law, or any member calls for a roll call vote. An ordinance shall become effective upon adoption or upon a date fixed by the governing body.

C. All ordinances or resolutions heretofore adopted by a governing body shall be deemed to have been validly adopted, unless some provision of the Constitution of Virginia or the Constitution of the United States has been violated in such adoption.

D. An ordinance may be amended or repealed in the same manner, or by the same procedure, in which, or by which, ordinances are adopted.

E. An amendment or repeal of an ordinance shall be in the form of an ordinance which shall become effective upon adoption or upon a date fixed by the governing body, but, if no effective date is specified, then such ordinance shall become effective upon adoption.

F. In counties, except as otherwise authorized by law, no ordinance shall be passed until after descriptive notice of an intention to propose the ordinance for passage has been published once a week for two successive weeks*, with the first notice appearing no more than 14 days* prior to ~~its~~ *the* passage *of the ordinance,* in a newspaper having a general circulation in the county. The second publication shall not be sooner than one calendar week after the first publication. The publication shall include a statement either that the publication contains the full text of the ordinance or that a copy of the full text of the ordinance is on file in the clerk's office of the circuit court of the county or in the office of the county administrator; or in the case of any county organized under the form of government set out in Chapter 5, 7 or 8 of this title, a statement that a copy

of the full text of the ordinance is on file in the office of the clerk of the county board. Even if the publication contains the full text of the ordinance, a complete copy shall be available for public inspection in the offices named herein.

In counties, emergency ordinances may be adopted without prior notice; however, no such ordinance shall be enforced for more than sixty days unless readopted in conformity with the provisions of this Code.

G. In towns, no tax shall be imposed except by a two-thirds vote of the council members.

§ 15.2-1702. Referendum required prior to establishment of county police force.

A. A county shall not establish a police force unless (i) such action is first approved by the voters of the county in accordance with the provisions of this section and (ii) the General Assembly enacts appropriate authorizing legislation.

B. The governing body of any county shall petition the court, by resolution, asking that a referendum be held on the question, "Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county to open the polls and take the sense of the voters on the question as herein provided.

The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election*, with the first notice appearing no more than 21 days before the election*. The notice shall contain the ballot question and a statement of not more than 500 words on the proposed question. The explanation shall be presented in plain English, shall be limited to a neutral explanation, and shall not present arguments by either proponents or opponents of the proposal. The attorney for the county or city or, if there is no county or city attorney, the attorney for the Commonwealth shall prepare the explanation. "Plain English" means written in nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession.

C. The county may expend public funds to produce and distribute neutral information concerning the referendum; provided, however, public funds may not be used to promote a particular position on the question, either in the notice called for in subsection B, or in any other distribution of information to the public.

D. The regular election officers of the county shall open the polls on the date specified in such order and conduct the election in the manner provided by law. The election shall be by ballot which shall be prepared by the electoral board of the county and on which shall be printed the following:

"Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?

[ ] Yes

[ ] No"

The ballots shall be counted, returns made and canvassed as in other elections, and the results certified by the electoral board to the court ordering the election. If a majority of the voters voting in the election vote "Yes," the court shall enter an order proclaiming the results of the election and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed to establish a police force following the enactment of authorizing legislation by the General Assembly.

E. After a referendum has been conducted pursuant to this section, no subsequent referendum shall be conducted pursuant to this section in the same county for a period of four years from the date of the prior referendum.

§ 15.2-1703. Referendum to abolish county police force.

The police force in any county which established the force subsequent to July 1, 1983, may be abolished and its responsibilities assumed by the sheriff's office after a referendum held pursuant to this section.

Either (i) the voters of the county by petition signed by not less than ten percent of the registered voters therein on the January 1 preceding the filing of the petition or (ii) the governing body of the county, by resolution, may petition the circuit court for the county that a referendum be held on the question, "Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county at the next general election held in the county to open the polls and take the sense of the voters on the question as herein provided. The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election*, with the first notice appearing no more than 21 days before the election*.

The ballot shall be printed as follows:

"Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?

[ ] Yes

[ ] No"

The election shall be held and the results certified as provided in § 24.2-684. If a majority of the voters voting in the election vote in favor of the question, the court shall enter an order proclaiming the results of the election, and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed with the necessary action to abolish the police force and transfer its responsibilities to the sheriff's office, to become effective on July 1 following the referendum.

Once a referendum has been held pursuant to this section, no further referendum shall be held pursuant to this section within four years thereafter.

§ 15.2-2108.7. Public hearings on feasibility study; notice.

A. If the results of the feasibility study satisfy the revenue requirements of subsection D of § 15.2-2108.6, the governing body shall, at the next regular meeting after the governing body receives the results of the feasibility study, schedule at least two public hearings to be held at least seven days apart, but both shall be held not more than 60 days from the date of the meeting at which the public hearings are scheduled. The purpose of such public hearings shall be to allow the feasibility consultant to present the results of the feasibility study, and to inform the public about the feasibility study results and offer the public the opportunity to ask questions of the feasibility consultant about the results of the feasibility study.

B. Except as provided in subsection C, the municipality shall publish notice of the public hearings required under subsection A at least once a week for three consecutive weeks in a newspaper of general circulation in the municipality*, with the first notice appearing no more than 21 days before the hearing*. The last publication of notice required under this subsection shall be at least three days before the first public hearing required under subsection A.

C. If there is no newspaper of general circulation in the municipality, for each 1,000 residents the municipality shall post at least one notice of the hearings in a conspicuous place within the municipality that is likely to give notice of the hearings to the greatest number of residents of the municipality. The municipality shall post the notices at least seven days before the first public hearing required under subsection A is held.

D. After holding the public hearings required by this section, if the governing body of the municipality elects to proceed, the municipality shall adopt by resolution the feasibility study.

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall ~~contain a descriptive summary of the proposed action and a reference to~~ *identify* the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality*, with the first notice appearing no more than 14 days before the intended adoption*; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views~~, not less than five days nor more than 21 days after the second advertisement appears in such newspaper~~. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. As used in this subsection, "two successive weeks" means that such notice shall be published at least twice in such newspaper, with not less than six days elapsing between the first and second publication. In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, ~~written~~ *the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written* notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, ~~written~~ *the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. Written* notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a

subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2285. Preparation and adoption of zoning ordinance and map and amendments thereto; appeal.

A. The planning commission of each locality may, and at the direction of the governing body shall, prepare a proposed zoning ordinance including a map or maps showing the division of the territory into districts and a text setting forth the regulations applying in each district. The commission shall hold at least one public hearing on a proposed ordinance or any amendment of an ordinance, after notice as required by § 15.2-2204, and may make appropriate changes in the proposed ordinance or amendment as a result of the hearing. Upon the completion of its work, the commission shall present the proposed ordinance or amendment including the district maps to the governing body together with its recommendations and appropriate explanatory materials.

B. No zoning ordinance shall be amended or reenacted unless the governing body has referred the proposed amendment or reenactment to the local planning commission for its recommendations. Failure of the commission to report 100 days after the first meeting of the commission after the proposed amendment or reenactment has been referred to the commission, or such shorter period as may be prescribed by the governing body, shall be deemed approval, unless the proposed amendment or reenactment has been withdrawn by the applicant prior to the expiration of the time period. The governing body shall hold at least one public hearing on a proposed reduction of the commission's review period. The governing body shall publish a notice of the public hearing in a newspaper having general circulation in the locality at least two weeks prior to the public hearing date and shall also publish the notice on the locality's website, if one exists. In the event of and upon such withdrawal, processing of the proposed amendment or reenactment shall cease without further action as otherwise would be required by this subsection.

C. Before approving and adopting any zoning ordinance or amendment thereof, the governing body shall hold at least one public hearing thereon, pursuant to public notice as required by § 15.2-2204, after which the governing body may make appropriate changes or corrections in the ordinance or proposed amendment. ~~In the case of a proposed amendment to the zoning map, the public notice shall state the general usage and density range of the proposed amendment and the general usage and density range, if any, set forth in the applicable part of the comprehensive plan.~~ However, no land may be zoned to a more intensive use classification than was contained in the ~~public notice without an additional public hearing after notice required by~~ § ~~15.2-2204.~~ *documentation made available for examination pursuant to subsection A of § 15.2-2204* without an additional public hearing after notice required by § 15.2-2204. Zoning ordinances shall be enacted in the same manner as all other ordinances.

D. Any county which has adopted an urban county executive form of government provided for under Chapter 8 (§ 15.2-800 et seq.) may provide by ordinance for use of plans, profiles, elevations, and other such demonstrative materials in the presentation of requests for amendments to the zoning ordinance.

E. The adoption or amendment prior to March 1, 1968, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise, give notice or conduct more than one public hearing as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to the adoption or amendment.

F. Every action contesting a decision of the local governing body adopting or failing to adopt a proposed zoning ordinance or amendment thereto or granting or failing to grant a special exception shall be filed within thirty days of the decision with the circuit court having jurisdiction of the land affected by the decision. However, nothing in this subsection shall be construed to create any new right to contest the action of a local governing body.

§ 15.2-2400. Creation of service districts.

Any locality may by ordinance, or any two or more localities may by concurrent ordinances, create service districts within the locality or localities in accordance with the provisions of this article. Service districts may be created to provide additional, more complete or more timely services of government than are desired in the locality or localities as a whole.

Any locality seeking to create a service district shall have a public hearing prior to the creation of the service district. Notice of such hearing shall be published once a week for three consecutive weeks in a newspaper of general circulation within the locality, ~~and the hearing shall be held no sooner than ten days after the date the second notice appears in the newspaper~~ *with the first notice appearing no more than 21 days before the hearing*.

§ 15.2-2401. Creation of service districts by court order in consolidated cities.

In any city which results from the consolidation of two or more localities, service districts may, in addition to the method prescribed in § 15.2-2400, be created by order of the circuit court for the city upon the petition of fifty voters of the proposed district, which order shall prescribe the metes and bounds of the district.

Upon the filing of a petition the court shall fix a date for a hearing on the question of the proposed service district, which hearing shall embrace a consideration of whether the property embraced within the proposed district will be benefited by the establishment thereof. Notice of such hearing shall be published once a week for three consecutive weeks in a newspaper of general circulation within the city, ~~and the hearing shall not be held sooner than ten days after the last publication~~ *with the first notice appearing no more than 21 days before the election*. Any person interested may answer the petition and make defense thereto. If upon such hearing the court is of opinion that any property embraced within the limits of such proposed district will not be benefited by the establishment thereof, then such property shall not be embraced therein.

Upon the petition of the city council and of not less than 50 voters of the territory proposed to be added, or if such territory contains less than 100 voters, of fifty percent of the voters of such territory, after notice and hearing as provided above, any service district may be extended and enlarged by order of the circuit court for the city which order shall prescribe the metes and bounds of the territory so added.

§ 15.2-2606. Public hearing before issuance of bonds.

A. Notwithstanding any contrary provision of law, general or special, but subject to subsection B of this section, before the final authorization of the issuance of any bonds by a locality, the governing body of the locality shall hold a public hearing on the proposed bond issue. Notice of the hearing shall be published once a week for two successive weeks in a newspaper published or having general circulation in the locality*, with the first notice appearing no more than 14 days before the hearing*. The notice shall (i) state the estimated maximum amount of the bonds proposed to be issued, (ii) state the proposed use of the bond proceeds, and if there is more than one use, state the proposed uses for which more than

10 percent of the total bond proceeds is expected to be used, and (iii) specify the time and place of the hearing at which persons may appear and present their views. The hearing shall not be held less than six nor more than 21 days after the date the second notice appears in the newspaper.

B. No notice or public hearing shall be required for (i) bonds which have been approved by a majority of the voters of the issuing locality voting on the issuance of such bonds or (ii) obligations issued pursuant to § 15.2-2629, 15.2-2630 or 15.2-2643.

Any person, corporation, or association desiring to contest the issuance of any bonds pursuant to the provisions of this chapter, or any other law, general or special, shall proceed by filing a motion for judgment within thirty days after the filing of the resolution or ordinance authorizing the issuance of the bonds with the circuit court having jurisdiction over the issuer, or in contesting the validity of a petition for or the results of a referendum, within thirty days after the date that the result of the election for the issuance of the bonds is certified, in the court having jurisdiction as provided in § 15.2-2651. For bonds which are not authorized pursuant to a referendum, or for which the authorizing resolution or ordinance is not required to be filed with the circuit court, the contestant shall proceed by filing a motion for judgment within thirty days after the adoption of the authorizing resolution or ordinance. Upon the filing of a motion for judgment, the court shall fix a time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, once a week for two consecutive weeks in a newspaper published or having general circulation in the jurisdiction where the issuer is located*, with the first notice appearing no more than 14 days before the hearing*. [ ] No"

The clerk of the county shall cause a notice of the referendum to be published in a newspaper having general circulation in the county once a week for three consecutive weeks, the first such notice of which must be published not more than ~~sixty~~ *21* days prior to the election and shall post a copy of the notice at the door of the county courthouse.

The election shall be held and the results thereof ascertained and certified in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. If a majority of the voters of the county voting in such election approve the contracting of such debt, the county may proceed to adopt, by ordinance, the agreement.

§ 15.2-3600. Petition for incorporation of community; appointment of special court.

A petition signed by 100 voters of any community may be presented to the circuit court for the county in which such community, or the greater part thereof, is situated, requesting that the community be incorporated as a town. A plat showing the boundaries of the community shall be attached to the petition. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. § 15.2-4309. Hearing; creation of district; conditions; notice.

A. The local governing body, after receiving the report of the local planning commission and the advisory committee, shall hold a public hearing as provided by law, and after such public hearing, may by ordinance create the district or add land to an existing district as applied for, or with any modifications it deems appropriate.

B. The governing body may require, as a condition to creation of the district, that any parcel in the district shall not, without the prior approval of the governing body, be developed to any more intensive use or to certain more intensive uses, other than uses resulting in more intensive agricultural or forestal production, during the period which the parcel remains within the district. Local governing bodies shall not prohibit as a more intensive use, construction and placement of dwellings for persons who earn a substantial part of their livelihood from a farm or forestry operation on the same property, or for members of the immediate family of the owner, or divisions of parcels for such family members, unless the governing body finds that such use in the particular case would be incompatible with farming or forestry in the district. To further the purposes of this chapter and to promote agriculture and forestry and the creation of districts, the local governing body may adopt programs offering incentives to landowners to impose land use and conservation restrictions on their land within the district. Programs offering such incentives shall not be permitted unless authorized by law. Any conditions to creation of the district and the period before the review of the district shall be described, either in the application or in a notice sent by first-class mail to all landowners in the district and published in a newspaper having a general circulation within the district at least ~~two weeks~~ *seven days* prior to adoption of the ordinance creating the district. The ordinance shall state any conditions to creation of the district and shall prescribe the period before the first review of the district, which shall be no less than four years but not more than ten years from the date of its creation. In prescribing the period before the first review, the local governing body shall consider the period proposed in the application. The ordinance shall remain in effect at least until such time as the district is to be reviewed. In the event of annexation by a city or town of any land within a district, the district shall continue until the time prescribed for review.

C. The local governing body shall act to adopt or reject the application, or any modification of it, no later than 180 days from (i) November 1 or (ii) the other date selected by the locality as provided in § 15.2-4305. Upon the adoption of an ordinance creating a district or adding land to an existing district, the local governing body shall submit a copy of the ordinance with maps to the local commissioner of the revenue, and the State Forester, and the Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of the revenue shall identify the parcels of land in the district in the land book and on the tax map, and the local governing body shall identify such parcels on the zoning map, where applicable and shall designate the districts on the official comprehensive plan map each time the comprehensive plan map is updated.

§ 15.2-5104. Advertisement of ordinance, agreement or resolution and notice of hearing.

The governing body of each participating locality shall cause to be advertised at least one time in a newspaper of general circulation in such locality a copy of the ordinance, agreement or resolution creating an authority, or a descriptive summary of the ordinance, agreement or resolution and a reference to the place within the locality where a copy of the ordinance, agreement or resolution can be obtained, and notice of the day, not less than ~~thirty~~ *seven* days after publication of the advertisement, on which a public hearing will be held on the ordinance, agreement or resolution.

§ 15.2-5136. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of and for the services furnished or to be furnished by any system, or streetlight system in King George County, or refuse collection and disposal system or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the system or systems, or facilities incident thereto, for which such bonds were issued, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised.

B. The rates for water (including fire protection) and sewer service (including disposal) shall be sufficient to cover the expenses necessary or properly attributable to furnishing the class of services for which the charges are made. However, the authority may fix rates and charges for the services and facilities of its water system sufficient to pay all or any part of the cost of operating and maintaining its sewer system (including disposal) and all or any part of the principal of or the interest on the revenue bonds issued for such sewer or sewage disposal system, and may pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

C. Rates, fees and charges for the services of a sewer or sewage disposal system shall be just and equitable, and may be based upon:

1. The quantity of water used or the number and size of sewer connections;

2. The number and kind of plumbing fixtures in use in the premises connected with the sewer or sewage disposal system;

3. The number or average number of persons residing or working in or otherwise connected with such premises or the type or character of such premises;

4. Any other factor affecting the use of the facilities furnished; or

5. Any combination of the foregoing factors.

However, the authority may fix rates and charges for services of its sewer or sewage disposal system sufficient to pay all or any part of the cost of operating and maintaining its water system, including distribution and disposal, and all or any

part of the principal of or the interest on the revenue bonds issued for such water system, and to pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

D. Water and sewer rates, fees and charges established by any authority shall be fair and reasonable. An authority may charge fair and reasonable rates, fees, and charges to create reserves for expansion of its water and sewer or sewage disposal systems. Such rates, fees, and charges shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. However, any authority may charge and collect rates, fees, and charges to create a reserve fund for reasonable expansion of its water, sewer, or sewage disposal system. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

E. Rates, fees and charges for the service of a streetlight system shall be just and equitable, and may be based upon:

1. The portion of such system used;

2. The number and size of premises benefiting therefrom;

3. The number or average number of persons residing or working in or otherwise connected with such premises;

4. The type or character of such premises;

5. Any other factor affecting the use of the facilities furnished; or

6. Any combination of the foregoing factors.

However, the authority may fix rates and charges for the service of its streetlight system sufficient to pay all or any part of the cost of operating and maintaining such system.

F. The authority may also fix rates and charges for the services and facilities of a water system or a refuse collection and disposal system sufficient to pay all or any part of the cost of operating and maintaining facilities incident thereto for the generation or transmission of power and all or any part of the principal of or interest upon the revenue bonds issued for any such facilities incident thereto, and to pledge any surplus revenues from any such system, subject to prior pledges thereof, for such purposes. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than a public water system may be determined by gauging or metering or in any other manner approved by the authority.

G. No rates, fees or charges shall be fixed under subsections A through F of this section or under subdivision 10 of § 15.2-5114 until after a public hearing at which all of the users of the systems or facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, shall be ~~given by two publications, at least six days apart,~~ *published once a week for two successive weeks* in a newspaper having a general circulation in the area to be served by such systems or facilities, with the ~~second notice being published at least 14 days before the date fixed in such notice for the hearing~~ *first notice appearing no more than 14 days before the hearing*. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or facilities or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

H. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection G shall be kept on file in the office of the clerk or secretary of the governing body of each locality in which such systems or any part thereof is located, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection G. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection G.

I. No rates, fees or charges established, fixed, changed or revised before January 1, 2013, by any authority pursuant to this section or to subdivision 10 of § 15.2-5114 shall be invalidated because of any defect in or failure to publish or provide any notice required under this section or any predecessor provision.

§ 15.2-5156. Hearing; notice.

A. An ordinance or resolution creating a community development authority shall not be adopted or approved until a public hearing has been held by the governing body on the question of its adoption or approval. Notice of the public hearing shall be published once a week for three successive weeks in a newspaper of general circulation within the locality*, with the first notice appearing no more than 21 days before the hearing*. The petitioning landowners shall bear the expense of publishing the notice. The hearing shall not be held sooner than ten days after completion of publication of the notice.

B. After the public hearing and before adoption of the ordinance or resolution, the local governing body shall mail a true copy of its proposed ordinance or resolution creating the development authority to the petitioning landowners or their attorney in fact. Unless waived in writing, any petitioning landowner shall have thirty days from mailing of the proposed ordinance or resolution in which to withdraw his signature from the petition in writing prior to the vote of the local governing body on such ordinance or resolution. If any signatures on the petition are so withdrawn, the local governing body may pass the proposed ordinance or resolution only upon certification by the petitioners that the petition continues to meet the requirements of § 15.2-5152. If all petitioning landowners waive the right to withdraw their signatures from the petition, the local governing body may adopt the ordinance or resolution upon compliance with the provisions of subsection A and any other applicable provisions of law.

§ 15.2-5431.25. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of a project or any portion thereof and for the services furnished or to be furnished by the authority, or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter or received loan funding from other sources. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the project or systems, or facilities incident thereto, for which such bonds were issued or loans obtained, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, or other loan principal and interest, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised. The authority shall maintain records demonstrating compliance with the requirements of this section concerning the fixing and revision of rates, fees, and charges that shall be made available for inspection and copying by the public pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. No rates, fees or charges shall be fixed under subsection A until after a public hearing at which all of the users of such facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, ~~shall be given by two publications, at least six days apart,~~ *shall be published once a week for two successive weeks* in a newspaper having a general circulation in the area to be served by such systems ~~at least 60 days before the date fixed in such notice for~~*, with the first notice appearing no more than 14 days before* the hearing. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

C. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection B shall be kept on file in the office of the clerk or secretary of the governing body of the locality, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection B. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection B.

D. Connection fees established by any authority shall be fair and reasonable. Such fees shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

§ 15.2-5602. Creation of authorities.

A. A locality may by ordinance or resolution, or two or more localities, may by concurrent ordinances or resolutions, signify their intention to create an authority under an appropriate name and title containing the word "authority." Each participating locality shall hold a public hearing, notice of which shall be given by publication at least once, not less than ~~ten~~ *seven* days prior to the date fixed for the hearing, in a newspaper having general circulation in the locality. The notice shall contain a brief statement of the substance of the proposed authority, shall set forth the proposed articles of incorporation of the authority and shall state the time and place of the public hearing. The locality, by resolution, may call for a referendum on the question of the creation of an authority, which shall be held as provided by § 24.2-681 et seq. When a referendum is to be held in more than one locality, the referendum shall be held on the same date in all of such localities.

B. The articles of incorporation shall set forth:

1. The name of the authority and address of its principal office.
2. A statement that the authority is created under this chapter.
3. The name of each participating locality.
4. The names, addresses and terms of office of the first members of the authority.
5. The purpose or purposes for which the authority is to be created.

C. Passage of such ordinance or resolution by the governing body or governing bodies shall constitute the authority a body politic and corporate of the Commonwealth.

D. Any locality may become a member of an existing authority, and any locality which is a member of an existing authority may withdraw therefrom, but no locality shall be permitted to withdraw from any authority that has outstanding obligations unless United States securities have been deposited for their payment or without the unanimous consent of all holders of the outstanding obligations.

E. Having specified the initial purpose or purposes of the authority in the articles of incorporation, the governing bodies of the participating localities may, from time to time by subsequent ordinance or resolution, after public hearing, modify the articles of incorporation and the purpose or purposes specified therein. Such modification may be made either with or without a referendum.

§ 15.2-5702. Creation of authorities.

A. A locality may by ordinance or resolution, or two or more localities may by concurrent ordinances or resolutions, signify their intention to create a park authority, under an appropriate name and title, containing the word "authority" which shall be a body politic and corporate.

Whenever an authority has been incorporated by two or more localities, any one or more of the localities may withdraw therefrom, but no locality shall be permitted to withdraw from any authority that has outstanding obligations unless United States securities have been deposited for their payment or without unanimous consent of all holders of the outstanding obligations.

Other localities may join the authority as provided in the ordinances or resolutions.

B. Each ordinance or resolution shall include articles of incorporation setting forth:

1. The name of the authority and the address of its principal office.

2. The name of each incorporating locality, together with the names, addresses and terms of office of the first members of the board of the authority.

3. The purpose or purposes for which the authority is created.

C. Each participating locality shall cause to be published at least one time in a newspaper of general circulation in its locality, a copy of the ordinance or resolution together with a notice stating that on a day certain, not less than ~~ten~~ *seven* days after publication of the notice, a public hearing will be held on such ordinance or resolution. If at the hearing substantial opposition to the proposed park authority is heard, the members of the participating localities' governing bodies may in their discretion call for a referendum on the question of establishing such an authority. The request for a referendum shall be initiated by resolution of the governing body and filed with the clerk of the circuit court for the locality. The court shall order the referendum as provided for in § 24.2-681 et seq. Where two or more localities are participating in the formation of an authority the referendum, if any be ordered, shall be held on the same date in all such localities so participating. In any event if ten percent of the registered voters in such locality file a petition with the governing body at the hearing calling for a referendum such governing body shall request a referendum as herein provided.

D. Having specified the initial plan of organization of the authority, and having initiated the program, the localities organizing such authority may, from time to time, by subsequent ordinance or resolution, after public hearing, and with or without referendum, specify further parks to be acquired and maintained by the authority, and no other parks shall be acquired or maintained by the authority than those so specified. However, if the governing bodies of the localities fail to specify any project or projects to be undertaken, and if the governing bodies do not disapprove any project or projects proposed by the authority, then the authority shall be deemed to have all the powers granted by this chapter.

§ 15.2-5711. Conveyance or lease of park to authority; contract for park services; when referendum required before certain contracts made.

Each locality and other public body is hereby authorized and empowered:

1. To convey or lease to any authority created hereunder, with or without consideration, any park upon such terms and conditions as the governing body thereof shall determine to be for the best interests of such locality or other public body; and

2. To contract with any authority created hereunder for park services; provided, that no locality shall enter into any contract with an authority involving payments by such locality to such authority for park services which requires the locality to incur an indebtedness extending beyond one fiscal year, unless the question of entering into such contract shall first be submitted to the voters of the locality for approval or rejection by a majority vote. Nothing herein shall prevent any locality from making a voluntary contribution to any authority.

In the event that a locality shall desire to contract with an authority under this subdivision, such governing body shall adopt a resolution stating in brief and general terms the substance of the proposed contract for park services and requesting the circuit court for the locality to order an election upon the question of entering into such contract. A copy of such resolution, certified by the clerk of the governing body, shall be filed with the judge of the circuit court who shall thereupon enter an order in accordance with § 24.2-681 et seq. Notice of such election entered and paid for by the locality shall be published at least once in a newspaper of general circulation in the locality at least ~~ten~~ *seven* days before the election.

The question to be submitted to the voters for determination shall include the names of the locality and the authority between whom the contract is proposed and the nature, duration and cost of such contract.

§ 15.2-5806. Public hearings; notice; reports.

A. At least sixty days prior to selecting a site for a major league or minor league baseball stadium, the Authority shall hold a public hearing within thirty miles of the site proposed to be acquired for the purpose of soliciting public comment.

B. Except as otherwise provided herein, at least ~~sixty~~ *seven* days prior to the public hearing required by this section, the Authority shall notify the local governing body in which the major league or minor league baseball stadium is proposed to be located and advertise the notice in a newspaper of general circulation in that locality. The notice shall include: (i) a description of the site proposed to be acquired, (ii) the intended use of the site, and (iii) the date, time, and location of the public hearing. After receipt of the notice required by this section, the local governing body in which a major league or minor league baseball stadium is proposed to be located may require that this period be extended for up to sixty additional days or for such other time period as agreed upon by the local governing body and the Authority.

C. At least thirty days before acquiring or entering into a lease involving a major league or minor league baseball stadium and before entering into a construction contract involving a major league or minor league baseball stadium or stadium site, the Authority shall submit a detailed written report and the findings of the Authority that justify the proposed

acquisition, lease, or contract to the General Assembly. The report and findings shall include a detailed plan of the method of funding and the economic necessity of the proposed acquisition, lease, or contract.

D. The time periods in subsections A, B, and C of this section may not run concurrently.

E. The Commonwealth shall not enter into any purchase agreement, lease agreement, lease-purchase agreement, master lease agreement or any other contractual arrangement that creates a direct or contingent financial obligation of the Commonwealth unless such agreement or arrangement has first been submitted to the State Treasurer sufficiently prior to the execution of such agreement or arrangement to allow the State Treasurer to undertake a review for the purposes of determining (i) whether the agreement or arrangement may constitute tax-supported debt of the Commonwealth and (ii) the potential impact of the agreement or arrangement on the debt capacity and credit ratings of the Commonwealth. If after such review the State Treasurer determines that the agreement or arrangement may constitute tax-supported debt of the Commonwealth, or may have an adverse impact on the debt capacity or the credit ratings of the Commonwealth, the agreement or arrangement and any associated financing shall be submitted to the Treasury Board for review and approval of terms and structures in a manner consistent with § 2.2-2416.

F. The Commonwealth shall not enter into any purchase agreement, lease agreement, lease-purchase agreement, master lease agreement or any other contractual arrangement that creates a direct or contingent financial obligation of the Commonwealth unless such agreement or arrangement has first been reviewed and approved as required by subsection E and subsequently approved in writing by the Governor.

§ 15.2-7502. Public hearing required prior to creation or designation of a land bank entity.

The governing body of a locality shall not adopt an ordinance creating a land bank entity pursuant to § 15.2-7501 or designating a planning district commission or an existing nonprofit entity pursuant to § 15.2-7512 until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality*, with the first publication appearing no more than 14 days before the hearing*. The notice shall specify the time and place of a hearing at which affected or interested persons may appear and present their views~~, not less than five days nor more than 21 days after the second advertisement appears in such newspaper~~. After the public hearing has been conducted pursuant to this section, the governing body shall be empowered to create a land bank entity or designate a planning district commission or an existing nonprofit entity.

§ 21-114. Hearing and notice thereof.

Upon the filing of the petition, the governing body of a county shall fix a day for a hearing on the question of the proposed sanitary district, which hearing shall embrace a finding of fact of whether creation of the proposed district or enlargement of the existing district is necessary, practical, fiscally responsible, and supported by at least 50 percent of persons who own real property in (i) the proposed district or (ii) in cases of enlargement, the area proposed to be included in an existing district. All interested persons who reside in or who own real property in (a) a proposed district or (b) an existing district in cases of enlargement shall have the right to appear and show cause why the property under consideration should or should not be included in the proposed district or enlargement of same at such hearing. Such hearing shall be subject to minimum standards regarding timeliness; notice of such hearing shall be given by publication once a week for three consecutive weeks in some newspaper of general circulation within the county to be designated by the governing body~~. At least 10 days shall intervene between the completion of the publication and the date set for the hearing, and such publication shall be considered complete on the twenty-first day after the first publication, and no~~*, with the first publication appearing no more than 21 days before the hearing. No* such district shall be created until the notice has been given and the hearing had.

§ 21-117.1. Abolishing sanitary districts.

Upon filing of the petition, the governing body of the county shall fix a day for a hearing on the question of abolishing the sanitary district, which hearing shall embrace a consideration of whether the property in the sanitary district will or will not be benefited by the abolition thereof, and the governing body of the county shall be fully informed as to the obligations and functions of the sanitary district. Notice of such hearing shall be given by publication once a week for three consecutive weeks in some newspaper of general circulation within the county to be designated by the governing body of the county~~. No* such district shall be abolished until the notice has been given and the hearing had.

Any interested parties may appear and be heard on any matters pertaining to the subject of the hearing.

Upon the hearing, such ordinance shall be adopted as to the governing body of the county may seem equitable and proper, concerning the abolition of the district and as to the funds on hand to the credit of the district, provided, however, that no such ordinance shall be adopted abolishing the sanitary district unless any bonds of the sanitary district that have theretofore been issued have been redeemed and the purposes for which the sanitary district was created have been completed, or unless all obligations and functions of the sanitary district have been taken over by the county as a whole, or unless the purposes for which the sanitary district was created are impractical or impossible of accomplishment and no obligations have been incurred by said sanitary district.

§ 21-118. Powers and duties of governing body.

After the adoption of such ordinance creating a sanitary district in such county, the governing body thereof shall have the following powers and duties, subject to the conditions and limitations hereinafter prescribed:

§ 22.1-92. Estimate of moneys needed for public schools; notice of costs to be distributed.

A. It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division, by the date specified in § 15.2-2503, the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division. The estimate shall set up the amount of money deemed to be needed for each major classification prescribed by the Board of Education and such other headings or items as may be necessary.

Upon preparing the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division, each division superintendent shall also prepare and distribute, within a reasonable time as prescribed by the Board of Education, notification of the estimated average per pupil cost for public education in the school division for the coming school year in accordance with the budget estimates provided to the local governing body or bodies. A school board shall cause public notice to be given at least ~~10~~ *seven* days prior to any hearing by publication in a newspaper having a general circulation within the school division. The passage of the budget by the local government shall be conclusive evidence of compliance with the requirements of this section.

§ 33.2-331. Annual meeting with county officers; six-year plan for secondary state highways; certain reimbursements required.

For purposes of this section, "cancellation" means complete elimination of a highway construction or improvement project from the six-year plan.

The governing body of each county in the secondary state highway system may, jointly with the representatives of the Department as designated by the Commissioner of Highways, prepare a six-year plan for the improvements to the secondary state highway system in that county. Each such six-year plan shall be based upon the best estimate of funds to be available

to the county for expenditure in the six-year period on the secondary state highway system. Each such plan shall list the proposed improvements, together with an estimated cost of each project so listed. Following the preparation of the plan in any year in which a proposed new funding allocation is greater than $100,000, the board of supervisors or other local governing body shall conduct a public hearing after publishing notice in a newspaper published in or having general circulation in the county once a week for two successive weeks*, with the first publication appearing no more than 14 days before the hearing,* and posting notice of the proposed hearing at the front door of the courthouse of such county 10 days before the meeting. At the public hearings, which shall be conducted jointly by the board of supervisors and the representative of the Department, the entire six-year plan shall be discussed with the citizens of the county and their views considered. Following the discussion, the local governing body, together with the representative of the Department, shall finalize and officially adopt the six-year plan, which shall then be considered the official plan of the county.

At least once in each calendar year in which a proposed new funding allocation is greater than $100,000, representatives of the Department in charge of the secondary state highway system in each county, or some representative of the Department designated by the Commissioner of Highways, shall meet with the governing body of each county in a regular or special meeting of the local governing body for the purpose of preparing a budget for the expenditure of improvement funds for the next fiscal year. The representative of the Department shall furnish the local governing body with an updated estimate of funds, and the board and the representative of the Department shall jointly prepare the list of projects to be carried out in that fiscal year taken from the six-year plan by order of priority and following generally the policies of the Board in regard to the statewide improvements to the secondary state highway system. In any year in which a proposed new funding allocation is greater than $100,000, such list of priorities shall then be presented at a public hearing duly advertised in accordance with the procedure outlined in this section, and comments of citizens shall be obtained and considered. Following this public hearing, the board, with the concurrence of the representative of the Department, shall adopt, as official, a priority program for the ensuing year, and the Department shall include such listed projects in its secondary highways budget for the county for that year.

At least once every two years following the adoption of the original six-year plan, the governing body of each county, together with the representative of the Department, may update the six-year plan of the county by adding to it and extending it as necessary so as to maintain it as a plan encompassing six years. Whenever additional funds for secondary highway purposes become available, the local governing body may request a revision in its six-year plan in order that such plan be amended to provide for the expenditure of the additional funds. Such additions and extensions to each six-year plan shall be prepared in the same manner and following the same procedures as outlined herein for its initial preparation. Where the local governing body and the representative of the Department fail to agree upon a priority program, the local governing body may appeal to the Commissioner of Highways. The Commissioner of Highways shall consider all proposed priorities and render a decision establishing a priority program based upon a consideration by the Commissioner of Highways of the welfare and safety of county citizens. Such decision shall be binding.

Nothing in this section shall preclude a local governing body, with the concurrence of the representative of the Department, from combining the public hearing that may be required pursuant to this section for revision of a six-year plan with the public hearing that may be required pursuant to this section for review of the list of priorities, provided that notice of such combined hearing is published in accordance with procedures provided in this section.

All such six-year plans shall consider all existing highways in the secondary state highway system, including those in the towns located in the county that are maintained as a part of the secondary state highway system, and shall be made a public document.

If any county cancels any highway construction or improvement project included in its six-year plan after the location and design for the project has been approved, such county shall reimburse the Department the net amount of all funds expended by the Department for planning, engineering, right-of-way acquisition, demolition, relocation, and construction between the date on which project development was initiated and the date of cancellation. To the extent that funds from secondary highway allocations have been expended to pay for a highway construction or improvement project, all revenues generated from a reimbursement by the county shall be deposited into that same county's secondary highway allocation. The Commissioner of Highways may waive all or any portion of such reimbursement at his discretion.

The provisions of this section shall not apply in instances where less than 100 percent of the right-of-way is available for donation for unpaved highway improvements.

§ 33.2-723. Assumption of district highway indebtedness by counties.

A. Any county may assume the payment of and pay any outstanding indebtedness of any magisterial district or districts thereof incurred for the purpose of constructing public highways that were subsequently taken over by the Commonwealth, provided the assumption thereof is approved by a majority of the qualified voters of the county voting on the question at an election to be held as provided in this section.

B. The governing body of the county may, by a resolution entered of record in its minute book, require the judges of election to open a poll at the next regular election and take the sense of the qualified voters of the county upon the question whether or not the county shall assume the highway indebtedness of _____ district, or _____ districts. The local governing body shall cause notice of such election to be given by the posting of written notice thereof at the front door of the county courthouse at least 30 days prior to the date the same is to be held and by publication thereof once a week for two successive weeks in a newspaper published or having general circulation in the county, ~~which~~ *with the first publication*

appearing no more than 14 days before the election. Such notice shall set forth the date of such election and the question to be voted on.

C. The ballots for use in voting upon the question so submitted shall be prepared, printed, distributed, voted, and counted and the returns made and canvassed in accordance with the provisions of § 24.2-684. The results shall be certified by the commissioners of election to the county clerk, who shall certify the same to the governing body of the county, and such returns shall be entered of record in the minute book of the local governing body.

D. If a majority of the voters voting on the question vote in favor of the assumption by the county of the highway indebtedness of any district of the county, such indebtedness shall become and be an obligation of the county and as binding thereon as if the same had been originally contracted by the county. In such event the governing body of the county is authorized to levy and collect taxes throughout the county for the payment of the district indebtedness so assumed, both as to principal and interest.

E. Nothing contained in this section shall affect the validity of such district highway obligations in the event that the result of such election is against the assumption thereof by the county, but they shall continue to be as valid and binding in all respects as they were in their inception.

§ 33.2-909. Abandonment of highway, landing, or railroad crossing; procedure.

A. The governing body of any county on its own motion or upon petition of any interested landowner may cause any section of the secondary state highway system, or any crossing by the highway of the lines of a railroad company or crossing by the lines of a railroad company of the highway, deemed by it to be no longer necessary for the uses of the secondary state highway system to be abandoned altogether as a public highway, a public landing, or a public railroad crossing by complying substantially with the procedure provided in this section.

B. The governing body of the county shall give notice of its intention to abandon any such highway, landing, or railroad crossing (i) by posting a notice of such intention at least three days before the first day of a regular term of the circuit court at the front door of the courthouse of the county in which the section of the highway, landing, or railroad crossing sought to be abandoned as a public highway, public landing, or public railroad crossing is located or (ii) by posting notice in at least three places on and along the highway, landing, or railroad crossing sought to be abandoned for at least 30 days and in either case by publishing notice of its intention in two or more issues of a newspaper having general circulation in the county. In addition, the governing body of the county shall give notice of its intention to abandon such highway, landing, or railroad crossing to the Board or the Commissioner of Highways. In any case in which the highway, landing, or railroad crossing proposed to be abandoned lies in two or more counties, the governing bodies of such counties shall not abandon such highway, landing, or railroad crossing unless and until all affected governing bodies agree. The procedure in such cases shall conform mutatis mutandis to the procedure prescribed for the abandonment of a highway, landing, or railroad crossing located entirely within a county.

When the governing body of a county gives notice of intention to abandon a public landing, the governing body shall also give such notice to the Department of Wildlife Resources.

C. If one or more landowners in the county whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section, or the Board or the Department of Wildlife Resources, in the case of a public landing, files a petition with the governing body of the county within 30 days after notice is posted and published as provided in this section, the governing body of the county shall hold a public hearing on the proposed abandonment and shall give notice of the time and place of the hearing by publishing such information ~~in at least two issues~~ *once a week for two successive weeks* in a newspaper having general circulation in the county ~~and~~*, with the first publication appearing no more than 14 days before the hearing. The governing body* shall also give notice to the Board or, if a public landing is sought to be abandoned, to the Department of Wildlife Resources.

D. If a petition for a public hearing is not filed as provided in this section, or if after a public hearing is held the governing body of the county is satisfied that no public necessity exists for the continuance of the section of the secondary highway as a public highway or the railroad crossing as a public railroad crossing or the landing as a public landing or that the safety and welfare of the public would be served best by abandoning the section of highway, the landing, or the railroad crossing as a public highway, public landing, or public railroad crossing, the governing body of the county shall (i) within four months of the 30-day period during which notice was posted where no petition for a public hearing was filed or (ii) within four months after the public hearing adopt an ordinance or resolution abandoning the section of highway as a public highway, or the landing as a public landing, or the railroad crossing as a public railroad crossing, and with that ordinance or resolution the section of highway shall cease to be a public highway, a public landing, or a public railroad crossing. If the governing body is not so satisfied, it shall dismiss the application within the applicable four months provided in this subsection.

E. A finding by the governing body of a county that a section of the secondary state highway system is no longer necessary for the uses of the secondary state highway system may be made if the following conditions exist:

1. The highway is located within a residence district as defined in § 46.2-100;

2. The residence district is located within a county having a density of population exceeding 1,000 per square mile;

3. Continued operation of the section of highway in question constitutes a threat to the public safety and welfare; and

4. Alternate routes for use after abandonment of the highway are readily available.

F. In considering the abandonment of any section of highway under the provisions of this section, due consideration shall be given to the historic value, if any, of such highway.

G. Any ordinance or resolution of abandonment issued in compliance with this section shall give rise in subsequent proceedings, if any, to a presumption of adequate justification for the abandonment.

H. No public landing shall be abandoned unless the Board of Wildlife Resources shall by resolution concur in such abandonment.

§ 33.2-2001. Creation of district.

A. A district may be created in a single locality or in two or more contiguous localities. If created in a single locality, a district shall be created by a resolution of the local governing body. If created in two or more contiguous localities, a district shall be created by the resolutions of each of the local governing bodies. Any such resolution shall be considered only upon the petition, to each local governing body of the locality in which the proposed district is to be located, of the owners of at least 51 percent of either the land area or the assessed value of land in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes. Any proposed district within a county or counties may include any land within a town or towns within the boundaries of such county or counties.

B. The petition to the local governing body or bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto which the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing body or bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, the governing body shall deliver a copy of the petition and notice of the public hearing to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if it wishes such property located within the town to be included within the proposed district and shall deliver a copy of any such resolution to the local governing body at the public hearing required by this section. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality~~. At least 10 days shall intervene between the third publication and the date set for the hearing~~, *with the first publication appearing no more than 21 days before the hearing*.

D. If each local governing body finds the creation of the proposed district would be in furtherance of the locality's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, then each local governing body may pass a resolution, which shall be reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with state or federal law.

Each resolution creating a district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2014. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signatures on the petition are withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After all local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The _____ Transportation Improvement District."

§ 33.2-2101. Creation of district.

A. A district may be created in a county by a resolution of the governing body. Any such resolution shall be considered only upon the petition, to the governing body, of the owners of at least 51 percent of either the land area or the assessed value of real property that (i) is within the boundaries of the proposed district, (ii) has been zoned for commercial or industrial use or is used for such purposes, and (iii) would be subject to the annual special improvement tax authorized by

§ 33.2-2105 if the proposed district is created. Any proposed district within a county may include any real property within a town or towns within the boundaries of such county.

B. The petition to the governing body shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the governing body to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, the governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, a copy of the petition and notice of the public hearing shall be delivered to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if the town council wishes any property located within the town to be included within the proposed district and any such resolution shall be delivered to the governing body prior to the public hearing required by this section. Such resolution shall be binding upon the governing body with respect to the inclusion or exclusion of such properties within the proposed district. If that resolution permits any commercial or industrial property located within a town to be included in the proposed district, then if requested to do so by the petition the town council of any town that has adopted a zoning ordinance also shall pass a resolution, to be effective upon creation of the proposed district, that is consistent with the requirements of subsection E with respect to commercial and industrial zoning classifications that shall be in force in that portion of the town included in the district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality~~. At least 10 days shall intervene between the third publication and the date set for the hearing~~*, with the first publication appearing no more than 21 days before the hearing*. Such public hearing may be adjourned from time to time.

D. If the governing body finds the creation of the proposed district would be in furtherance of the county's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, the governing body may pass a resolution that is reasonably consistent with the petition, that creates the district upon final adoption, and that provides for the appointment of an advisory board in accordance with this chapter upon final adoption. Any such resolution shall be conclusively presumed to be reasonably consistent with the petition if, following the public hearing, as provided in the following provisions of this section, the petition continues to comply with the provisions of this section with respect to the criteria relating to minimum acreage or assessed valuation.

E. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that apply within the district, but not within any town within the district that has adopted a zoning ordinance, that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change, (ii) as required to comply with the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or the regulations adopted pursuant thereto, (iii) as required to comply with the provisions of the federal Clean Water Act regarding municipal and industrial stormwater discharges (33 U.S.C. § 1342(p)) and regulations promulgated thereunder by the federal Environmental Protection Agency, or (iv) as specifically required to comply with any other state or federal law.

F. A resolution creating a district shall also provide (i) that the district shall expire 50 years from the date upon which the resolution is passed or (ii) that the district shall expire when the district is abolished in accordance with § 33.2-2115. After the public hearing, the governing body may adopt a proposed resolution creating the district. No later than two business days following the adoption of the proposed resolution, copies of the proposed resolution shall be available in the office of the clerk of the governing body for inspection and copying by the petitioning landowners and their representatives, by members of the public, and by representatives of the news media. No later than seven business days following the adoption of the proposed resolution, any petitioning landowner may notify the clerk of the governing body in writing that the petitioning landowner is withdrawing his signature from the petition. Within the same seven-day period, the owner of any property in the proposed district that will be subject to the annual special improvements tax authorized by § 33.2-2105, if the proposed district is created, or the attorney-in-fact of any such owner may notify the clerk of the governing body in writing that he is adding his signature to the petition. The governing body may then proceed to final adoption of the proposed resolution following that seven-day period. If any petitioner has withdrawn his signature from the petition during that seven-day period, then the governing body may readopt the proposed resolution only if the petition, including any landowners who have added their signatures after adoption of the proposed resolution, continues to meet the provisions of

this section. After the governing body has readopted the resolution creating the district, the district shall be established and the name of the district shall be "The _____ _____ Transportation Improvement District."

§ 33.2-2103. Powers and duties of commission.

The commission may:

1. Expend district revenues to construct, reconstruct, alter, improve, or expand transportation improvements and make loans or otherwise provide for the cost of transportation improvements and for financial assistance to operate transportation improvements in the district for the use and benefit of the public.

2. Acquire by gift, purchase, lease, in-kind contribution to construction costs, or otherwise any transportation improvements in the district and sell, lease as lessor, transfer, or dispose of any part of any transportation improvements in such manner and upon such terms as the commission may determine to be in the best interests of the district. However, prior to disposing of any such property or interest therein, the commission shall conduct a public hearing with respect to such disposition. At the hearing, the residents and owners of property within the district shall have an opportunity to be heard. At least ~~10~~ *seven* days' notice of the time and place of such hearing shall be published in a newspaper of general circulation in the district, as prescribed by the commission. Such public hearing may be adjourned from time to time.

3. Negotiate and contract with any person with regard to any matter necessary and proper to provide any transportation improvements, including the financing, acquisition, construction, reconstruction, alteration, improvement, expansion, operation, or maintenance of any transportation improvements in the district. For the purposes of this chapter, transportation improvements are within the district if they are located within the boundaries of the transportation improvement district or are reasonably deemed necessary for the construction or operation of transportation improvements within the boundaries of the transportation improvement district.

4. Enter into a continuing service contract for a purpose authorized by this chapter and make payments of the proceeds received from the special taxes levied pursuant to this chapter, together with any other revenues, for installments due under that service contract. The district may apply such payments annually during the term of that service contract in an amount sufficient to make the installment payments due under that contract, subject to the limitation imposed by this chapter. However, payments for any such service contract shall be conditioned upon the receipt of services pursuant to the contract. Such a contract shall not obligate a county or participating town to make payments for services of the district.

5. Accept the allocations, contributions, or funds of any available source or reimburse from any available source, including any person, for the whole or any part of the costs, expenses, and charges incident to the acquisition, construction, reconstruction, maintenance, alteration, improvement, and expansion or the operation of any transportation improvements in the district.

6. Contract for the extension and use of any public mass transit system or highway into territory outside the district on such terms and conditions as the commission determines.

7. Employ and fix the compensation of personnel who may be deemed necessary for the construction, operation, or maintenance of any transportation improvements in the district.

8. Have prepared an annual audit of the district's financial obligations and revenues, and upon review of such audit, request a tax rate adequate to provide tax revenues that, together with all other revenues, are required by the district to fulfill its annual obligations.

§ 33.2-2701. Creation of district.

A. A district may be created in the City of Charlottesville and the County of Albemarle by resolutions of such localities' governing bodies. Such resolutions shall be considered upon the petition to each governing body of a locality in which the proposed district by the owners of at least 51 percent of either the land area or the assessed value of land, in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes.

B. The petition to the local governing bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality~~. At least~~

~~10 days shall intervene between the third publication and the date set for the hearing~~*, with the first publication appearing no more than 21 days before the hearing.*

D. If both local governing bodies find the creation of the proposed district would be in furtherance of their comprehensive plans for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, both local governing bodies may pass resolutions that are reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolutions shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with all related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with federal or state law.

Each resolution creating the district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2714. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signature on the petition is withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After both local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The Charlottesville-Albemarle Transportation Improvement District."

§ 36-23. Housing authority operations in other municipalities.

In addition to its other powers, any housing authority may exercise any or all of its powers within the territorial boundaries of any municipality not included in the area of operation of such housing authority, for the purpose of planning, undertaking, financing, rehabilitating, constructing and operating a housing project or projects or a multi-family residential building or buildings within such municipality; provided that a resolution shall have been adopted (a) by the governing body of such municipality in which the housing authority is to exercise its powers and (b) by the authority of such municipality (if one has been theretofore established by such municipality and authorized to exercise its powers therein) declaring that there is a need for the aforesaid housing authority to exercise its powers within such municipality. A municipality shall have the same powers to furnish financial and other assistance to such housing authority exercising its powers within such municipality under this section as though the municipality were within the area of operation of such authority.

No governing body of a municipality shall adopt a resolution as provided in this section declaring that there is a need for the housing authority (other than a housing authority established by such municipality) to exercise its powers within such municipality, unless a public hearing has first been held by such governing body and unless such governing body shall have found in substantially the following terms: (a) that insanitary or unsafe inhabited dwelling accommodations exist in such municipality or that there is a shortage of safe or sanitary dwelling accommodations in such municipality available to persons of low income at rentals they can afford; and (b) that these conditions can be best remedied through the exercise of the aforesaid housing authority's powers within the territorial boundaries of such municipality; provided that such findings shall not have the effect of establishing an authority for any such municipality under § 36-4 nor of thereafter preventing such municipality from establishing an authority or joining in the creation of a consolidated housing authority or the increase of the area of operation of a consolidated housing authority. The clerk of the city or other municipality shall give notice of the time, place and purpose of the public hearing at least ~~ten~~ *seven* days prior to the date on which the hearing is to be held, in a newspaper published in such municipality, or if there is no newspaper published in such municipality, then in a newspaper published in the Commonwealth and having a general circulation in such municipality. Upon the date fixed for such public hearing an opportunity to be heard shall be granted to all residents of such municipality and to all other interested persons.

During the time that, pursuant to these findings, the aforesaid housing authority has outstanding (or is under contract to issue) any evidences of indebtedness for a project within the municipality, no other housing authority may undertake a project within such municipality without the consent of the housing authority which has such outstanding indebtedness or obligation.

§ 36-44. Public hearing to create regional authority or change its area of operation, and findings.

The board of supervisors of a county shall not adopt any resolution authorized by §§ 36-40, 36-41 or 36-42 unless a public hearing has first been held. The clerk of such county shall give notice of the time, place, and purpose of the public hearing at least ~~ten~~ *seven* days prior to the day on which the hearing is to be held, in a newspaper published in such county, or if there is no newspaper published in such county, then in a newspaper published in the Commonwealth and having a general circulation in such county. Upon the date fixed for such public hearing an opportunity to be heard shall be granted to all residents of such county and to all other interested persons.

In determining whether dwelling accommodations are unsafe or insanitary the board of supervisors of a county shall take into consideration the safety and sanitation of dwellings, the light and air space available to the inhabitants of such dwellings, the degree of overcrowding, the size and arrangement of the rooms and the extent to which conditions exist in such dwellings which endanger life or property by fire or other causes.

In connection with the issuance of bonds or the incurring of other obligations, a regional housing authority may covenant as to limitations on its right to adopt resolutions relating to the increase or decrease of its area of operation.

§ 58.1-3108. Commissioner to render taxpayer assistance and may go to convenient places to receive returns; advertisement by commissioner.

A. Each commissioner of the revenue shall render such taxpayer assistance as may be necessary for the preparation of any return required by law to be filed with his office. Such commissioners may go to convenient public places within the county or city for the purpose of receiving state and local tax returns. Compliance by the commissioner of the revenue with this section shall not relieve him of the duty to obtain tax returns as required by § 58.1-3107.

B. Each commissioner shall advertise, in some newspaper of general circulation in the city or county, at least once during the ~~thirty~~ *seven* days prior to the time fixed by law for filing returns without penalty, the location of the commissioner's office, the location of such branch offices as he may establish, and the hours of the day, not less than eight hours each day, during which such office or offices shall be open for business. Such advertisement shall state the time when returns of taxpayers must be filed.

§ 58.1-3245.2. Tax increment financing.

A. The governing body of any county, city or town may adopt tax increment financing by passing an ordinance designating a development project area and providing that real estate taxes in the development project area shall be assessed, collected and allocated in the following manner for so long as any obligations or development project cost commitments secured by the Tax Increment Financing Fund, hereinafter authorized, are outstanding and unpaid.

1. The local assessing officer shall record in the land book both the base assessed value and the current assessed value of the real estate in the development project area.

2. Real estate taxes attributable to the lower of the current assessed value or base assessed value of real estate located in a development project area shall be allocated by the treasurer or director of finance pursuant to the provisions of this chapter.

3. Real estate taxes attributable to the increased value between the current assessed value of any parcel of real estate and the base assessed value of such real estate shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Tax Increment Financing Fund" to pay the principal and interest on obligations issued or development project cost commitments entered into to finance the development project costs.

B. The governing body shall hold a public hearing on the need for tax increment financing in the county, city or town prior to adopting a tax increment financing ordinance. Notice of the public hearing shall be published once each week for three consecutive weeks immediately preceding the public hearing in each newspaper of general circulation in such county, city or town*, with the first publication appearing no more than 21 days before the hearing*. The notice shall include the time, place and purpose of the public hearing, define tax increment financing, indicate the proposed boundaries of the development project area, and propose obligations to be issued to finance the development project area costs.

§ 58.1-3245.8. Adoption of local enterprise zone development taxation program.

A. The governing body of any county, city, or town may adopt a local enterprise zone development taxation program by passing an ordinance designating an enterprise zone located within its boundaries as a local enterprise zone; however, an ordinance may designate an area as a local enterprise zone contingent upon the designation of the area as an enterprise zone pursuant to Chapter 49 (§ 59.1-538 et seq.) of Title 59.1. If the county, city, or town contains more than one enterprise zone, such ordinance may designate one or more as a local enterprise zone. If an enterprise zone is located in more than one county, city, or town, the governing body may designate the portion of the enterprise zone located within its boundaries as a local enterprise zone. An ordinance designating a local enterprise zone shall provide that all or a specified percentage of the real estate taxes, machinery and tools taxes, or both, in the local enterprise zone shall be assessed, collected and allocated in the following manner:

1. The local assessing officer shall record in the appropriate books both the base assessed value and the current assessed value of the real estate or machinery and tools, or both, in the local enterprise zone.

2. Real estate taxes or machinery and tools taxes attributable to the lower of the current assessed value or base assessed value of real estate or machinery and tools located in a local enterprise zone shall be allocated by the treasurer or director of finance as they would be in the absence of such ordinance.

3. All or the specified percentage of the increase in real estate taxes or machinery and tools taxes, or both, attributable to the difference between (i) the current assessed value of such property and (ii) the base assessed value of such property shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Local Enterprise Zone Development Fund" to be used as provided in § 58.1-3245.10. Such amounts paid into the fund shall not include any additional revenues resulting from an increase in the tax rate on real estate or machinery and tools after the adoption of a local enterprise zone development taxation ordinance, nor shall it include any additional revenues merely resulting from an increase in the assessed value of real estate or machinery and tools which were located in the zone prior to the adoption of a local enterprise zone development taxation ordinance unless such property is improved or enhanced.

B. The governing body shall hold a public hearing on the need for a local enterprise zone development taxation program in the county, city, or town prior to adopting a local enterprise zone development taxation ordinance. Notice of the public hearing shall be published once each week for three consecutive weeks immediately preceding the public hearing in each newspaper of general circulation in such county, city, or town*, with the first publication appearing no more than 21 days before the hearing*. The notice shall include the time, place and purpose of the public hearing; define local enterprise

zone development taxation; indicate the proposed boundaries of the local enterprise zone; state whether all or a specified percentage of real property or machinery or tools, or both, will be subject to local enterprise zone development taxation; and describe the purposes for which funds in the Local Enterprise Zone Development Fund are authorized to be used.

§ 58.1-3256. Reassessment in towns; appeals of assessments.

In any incorporated town there may be for town taxation and debt limitation, a general reassessment of the real estate in any such town in the year designated, and every fourth year thereafter, that the council of such town shall declare by ordinance or resolution the necessity therefor. Every such general reassessment of real estate in any such town shall be made by a board of assessors consisting of three residents, a majority of whom shall be freeholders, who hold no official office or position with the town government, appointed by the council of such town for each general reassessment and the compensation of the person so designated shall be prescribed by the council and paid out of the town treasury. The assessors so designated shall assess the property in accordance with the general law and Constitution of Virginia. If for any cause the board is unable to complete an assessment within the year for which it is appointed, the council shall extend the time therefor for three months. Any vacancy in the membership of the board shall be filled by the council within 30 days after the occurrence thereof, but such vacancy shall not invalidate any assessment. The assessments so made shall be open for public inspection after notice of such inspection shall have been advertised in a newspaper of general circulation within the town at least ~~five~~ *seven* days prior to such date or dates of inspection. Within 30 days after the final date of inspection the assessors shall file the completed reassessments in the office of the town clerk and at the same time forward to the Department of Taxation a copy of the recapitulation sheets of such assessments.

Any person, firm, or corporation claiming to be aggrieved by any assessment may, within 30 days after the filing of reassessments in the office of the town clerk, apply to the town board of equalization for a correction of such assessment by filing with the town clerk a written statement setting forth his grievances. The board of equalization of every such town shall, within 30 days of the filing of such complaint, fix a date for a hearing on such application and, after giving the applicant at least 10 days' notice of the time fixed, shall hear such evidence as may be introduced by interested parties and correct the assessment by increasing or reducing the same. The circuit court having jurisdiction within the town shall, in each tax year immediately following the year in which a general reassessment was conducted, appoint for such town a board of equalization of real estate assessments made up of three to five citizens of the town. Any such town board of equalization shall be subject to the same member composition requirements and limits on terms of service as provided for boards of equalization pursuant to § 58.1-3374. In addition, at least once in every four years of service on a town board of equalization, each member of such board shall take continuing education instruction provided by the Tax Commissioner pursuant to § 58.1-206. In equalizing real property tax assessments, such board of equalization shall hear complaints, including but not limited to, that real property is assessed at more than fair market value. In hearing complaints, the board shall establish the value of real property as provided in § 58.1-3378. The provisions of § 58.1-3379 shall apply to all complaints heard by any town board of equalization.

Town taxes for each year on real estate subject to reassessment shall be extended on the basis of the last general reassessment made prior to such year subject to such changes as may have been lawfully made. The town tax assessor shall make changes required by new construction, subdivision and disaster loss. The council of any town may provide by ordinance that it will have a general reassessment of real estate in the town in the year designated by the town council and every year thereafter. The town council may declare the necessity for such general reassessment by such ordinance, but in all other respects this section shall be controlling. No county or district levies shall be extended on any assessments made under the provisions of this section.

Any town which has failed to conduct a general reassessment within five years shall use only those assessed values assigned by the county.

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings; referendum.

A. When any annual assessment, biennial assessment, or general reassessment of real property by a county, city, or town would result in an increase of one percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A if any such increase is deemed to be necessary by such governing body.

C. Notice of any public hearing held pursuant to this section shall be given at least ~~30~~ *seven* days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act

providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year. Additionally, in a county, city, or town that conducts its reassessment more than once every four years, the notice for any public hearing held pursuant to this section shall be published on a different day and in a different notice from any notice published for the annual budget hearing. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by _____ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be $ _____ per $100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of $ _____ per $100 of assessed value. The difference between the lowered tax rate and the proposed rate would be $ _____ per $100, or _____ percent. This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of county, city or town) will exceed last year's by _____ percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

D. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

E. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

F. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before June 30 of each year may be fixed on or before May 15 of that tax year.

§ 58.1-3378. Sittings; notices thereof.

Each board of equalization shall sit at and for such time or times as may be necessary to discharge the duties imposed and to exercise the powers conferred by this chapter. Of each sitting public notice shall be given at least ~~10~~ *seven* days beforehand by publication in a newspaper having general circulation in the county or city and, in a county, also by posting the notice at the courthouse and at each public library, voting precinct or both. Such posting shall be done by the sheriff or his deputy. Such notice shall inform the public that the board shall sit at the place or places and on the days named therein for the purpose of equalizing real estate assessments in such county or city and for the purpose of hearing complaints of inequalities wherein the property owners allege a lack of uniformity in assessment, or errors in acreage in such real estate assessments. The board also shall hear complaints that real property is assessed at more than fair market value. Except as otherwise provided by the Code of Virginia:

1. The fair market value of real property shall be established by the board as of January 1 of the applicable year; or

2. If a county or city has adopted July 1 as its tax day for real property pursuant to § 58.1-3011, then, for other than public service corporation property, the fair market value of real property shall be established by the board as of July 1 of the applicable year.

The governing body of any county or city may provide by ordinance the date by which applications must be made by property owners or lessees for relief. Such date shall not be earlier than 30 days after the termination of the date set by the assessing officer to hear objections to the assessments as provided in § 58.1-3330. If no applications for relief are received by such date, the board of equalization shall be deemed to have discharged its duties. Such governing body may also provide by ordinance the deadline by which all applications must be finally disposed of by the board of equalization. All such deadlines shall be clearly stated on the notice of assessment. Notwithstanding such deadlines, if a taxpayer applies to the commissioner of the revenue or other official performing the duties imposed on commissioners of the revenue for relief from a real property tax assessment prior to such deadlines, and such deadlines occur prior to a final determination on such application for relief, and the taxpayer advises the circuit court that he wishes to appeal the determination to the board of equalization, then the circuit court may require the board of equalization to hear and act on such appeal. The governing body may provide for applications for relief to be made electronically; however, taxpayers retain the right to file applications on traditional paper forms provided by the governing body as long as such forms are submitted prior to the established deadline. If such paper forms are mailed by the applicant, the postmark date shall be considered the date of receipt by the governing body. A hearing for relief before the board of equalization regarding an assessment on residential property shall not be denied on the basis of a lack of information on the application for relief, as long as the application includes the address, the parcel number, and the owner's proposed assessed value for the property. If the application for relief is sent electronically, the date the applicant sends the application shall be considered the date of receipt by the governing body. The application is considered sent when it meets the requirements of subsection (a) of § 59.1-493. A hearing for relief before the board of equalization regarding an assessment on commercial, multi-family residential, or industrial property on the basis of

fair market value shall not be denied on the basis of a lack of information on the application, as long as documentation of any applicable assessment methodologies is submitted with the application, and the application includes the address, the parcel number, and the owner's proposed assessed value for the property.

§ 58.1-3651. Property exempt from taxation by classification or designation by ordinance adopted by local governing body on or after January 1, 2003.

A. Pursuant to subsection 6 (a)(6) of Article X of the Constitution of Virginia, on and after January 1, 2003, any county, city, or town may by designation or classification exempt from real or personal property taxes, or both, by ordinance adopted by the local governing body, the real or personal property, or both, owned by a nonprofit organization, including a single member limited liability company whose sole member is a nonprofit organization, that uses such property for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes. The ordinance shall state the specific use on which the exemption is based, and continuance of the exemption shall be contingent on the continued use of the property in accordance with the purpose for which the organization is classified or designated. No exemption shall be provided to any organization that has any rule, regulation, policy, or practice that unlawfully discriminates on the basis of religious conviction, race, color, sex, sexual orientation, gender identity, or national origin.

B. Any ordinance exempting property by designation pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town where the real property is located. The notice shall include the assessed value of the real and tangible personal property for which an exemption is requested as well as the property taxes assessed against such property. The public hearing shall not be held until at least ~~five~~ *seven* days after the notice is published in the newspaper. The local governing body shall collect the cost of publication from the organization requesting the property tax exemption. Before adopting any such ordinance the governing body shall consider the following questions:

1. Whether the organization is exempt from taxation pursuant to § 501(c) of the Internal Revenue Code of 1954;

2. Whether a current annual alcoholic beverage license for serving alcoholic beverages has been issued by the Board of Directors of the Virginia Alcoholic Beverage Control Authority to such organization, for use on such property;

3. Whether any director, officer, or employee of the organization is paid compensation in excess of a reasonable allowance for salaries or other compensation for personal services which such director, officer, or employee actually renders;

4. Whether any part of the net earnings of such organization inures to the benefit of any individual, and whether any significant portion of the service provided by such organization is generated by funds received from donations, contributions, or local, state or federal grants. As used in this subsection, donations shall include the providing of personal services or the contribution of in-kind or other material services;

5. Whether the organization provides services for the common good of the public;

6. Whether a substantial part of the activities of the organization involves carrying on propaganda, or otherwise attempting to influence legislation and whether the organization participates in, or intervenes in, any political campaign on behalf of any candidate for public office;

7. The revenue impact to the locality and its taxpayers of exempting the property; and

8. Any other criteria, facts and circumstances that the governing body deems pertinent to the adoption of such ordinance.

C. Any ordinance exempting property by classification pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town. The public hearing shall not be held until at least five days after the notice is published in the newspaper.

D. Exemptions of property from taxation under this article shall be strictly construed in accordance with Article X, Section 6 (f) of the Constitution of Virginia.

E. Nothing in this section or in any ordinance adopted pursuant to this section shall affect the validity of either a classification exemption or a designation exemption granted by the General Assembly prior to January 1, 2003, pursuant to Article 2 (§ 58.1-3606 et seq.), 3 (§ 58.1-3609 et seq.) or 4 (§ 58.1-3650 et seq.) of this chapter. An exemption granted pursuant to Article 4 (§ 58.1-3650 et seq.) of this chapter may be revoked in accordance with the provisions of § 58.1-3605.

§ 58.1-3975. Nonjudicial sale of tax delinquent real properties of minimal size and value.

A. Notwithstanding any other provision of this title, the treasurer or other officer responsible for collecting taxes may sell, at public auction, any parcel of real property that is assessed at $10,000 or less, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due.

B. The treasurer or other officer responsible for collecting taxes may in addition sell, at public auction, any parcel of real property that is assessed at more than $10,000 but no more than $25,000, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, it is not subject to a recorded mortgage or deed of trust lien, and such parcel:

1. Is unimproved and measures no more than 43,560 square feet (1.0 acre);

2. Is unimproved and is determined to be unsuitable for building due to the size, shape, zoning, floodway, or other environmental designations of the parcel made by the locality's zoning administrator or other official designated by the locality to administer its zoning ordinance and carry out the duties set forth in subdivision A 4 of § 15.2-2286;

3. Has a structure on it that has been condemned by the local building official pursuant to applicable law or ordinance;

4. Has been declared by the locality a nuisance as that term is defined in § 15.2-900;

5. Contains a derelict building as that term is defined in § 15.2-907.1; or

6. Has been declared by the locality to be blighted as that term is defined in § 36-3.

For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

C. At least 30 days prior to conducting a sale under this section, the treasurer or other officer responsible for collecting taxes shall:

1. Send notice by certified or registered mail to the record owner or owners of such property and anyone appearing to have an interest in the property at their last known address as contained in the records of the treasurer or other officer responsible for collecting taxes; and

2. Post notice of such sale at the property location, if such property has frontage on any public or private street, and at the circuit courthouse of the locality.

D. The treasurer or other officer responsible for collecting taxes shall also cause a notice of sale to be published in the legal classified section of a newspaper of general circulation in the locality in which the property is located at least seven days ~~but no more than 21 days~~ prior to the sale; however, if the annual taxes assessed on the property are less than $500, such notice may be placed, in lieu of publication, on the treasurer's or local government's website beginning at least ~~21~~ *seven* days prior to sale and through the date of sale. The pro rata costs of posting notice, publication, and mailing shall become a part of the tax and shall be collected if payment is made in redemption of such real property.

E. The treasurer or other officer responsible for collecting taxes may advertise and sell multiple parcels at the same time and place pursuant to one notice of sale.

F. The treasurer or other officer responsible for collecting taxes may enter into an agreement with the owner of such parcel for payment over time.

G. The owner of any property, or other interested party, may redeem it at any time prior to the date of the sale by paying all accumulated taxes, penalties, interest, and costs thereon, including reasonable attorney fees. Partial payment of delinquent taxes, penalties, interest, or costs shall be insufficient to redeem the property and shall not operate to suspend, invalidate, or nullify any sale brought pursuant to this section.

H. At the time of sale, the treasurer or other officer responsible for collecting taxes shall sell to the highest bidder at public auction each parcel that has not been redeemed by the owner. Such sale shall be free and clear of the locality's tax lien, but shall not affect easements or other rights of record recorded prior to the date of sale or liens recorded prior to the date of sale unless the treasurer has given the lienholder written notice of the sale at least 30 days prior to the sale, at the lienholder's address of record and through his registered agent, if any. The treasurer or other officer responsible for collecting taxes shall tender a special warranty deed pursuant to this section to effectuate the conveyance of the parcel to the highest bidder.

I. If the sale proceeds are insufficient to pay the amounts owed in full, the treasurer or other officer responsible for collecting taxes may remove the unpaid taxes from the books and mark the same as satisfied. The sale proceeds shall be applied first to the costs of sale, then to the taxes, penalty, interest, and fees due on the parcel, and thereafter to any other taxes or other charges owed by the former owner to the jurisdiction.

J. Any excess proceeds shall remain the property of the former owner, subject to claims of creditors, and shall be kept by the treasurer or other officer responsible for collecting taxes in an interest-bearing escrow account. If any petition for excess proceeds is made to the treasurer or other officer responsible for collecting taxes under this section, the treasurer or officer holding the funds shall forward the funds to the locality's circuit court clerk to be interpleaded along with a copy of the claim for excess proceeds. A copy of such transmission shall be forwarded to the claimant. The burden of scheduling a hearing with the circuit court on the claim shall be that of the claimant and shall be made within two years of the date of the sale of the property that generated the excess funds. In the event that funds remain with the court two years after the date of the sale, the locality may petition to have the funds distributed to the locality's general fund. If no claim for payment of excess proceeds is made within two years after the date of sale, the treasurer or other responsible officer shall deposit the excess proceeds in the jurisdiction's general fund.

K. If the sale does not produce a successful bidder, the treasurer or other responsible officer shall add the costs of sale incurred by the jurisdiction to the delinquent real estate account.

§ 62.1-44.15:33. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. Localities that are VSMP authorities are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held ~~after giving due notice~~. *Notice of*

such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.

B. Localities that are VSMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:33. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. Localities that are serving as VESMP authorities are authorized to adopt more stringent soil erosion control or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.* This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:34. However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.

B. Localities that are serving as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such stormwater management ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are

determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local erosion and sediment control or stormwater management program in existence before January 1, 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section if the locality chooses to retain such provisions when it becomes a VESMP authority. However, such provisions shall be reported to the Board at the time of submission of the locality's VESMP approval package.

§ 62.1-44.15:65. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent regulations.

A. As part of a VESCP, a district or locality is authorized to adopt more stringent soil erosion and sediment control regulations or ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent regulations or ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the district or locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent regulations or ordinances, a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.* The VESCP authority shall report to the Board when more stringent stormwater management regulations or ordinances are determined to be necessary pursuant to this section. However, this section shall not be construed to authorize any district or locality to impose any more stringent regulations for plan approval or permit issuance than those specified in §§ 62.1-44.15:55 and 62.1-44.15:57.

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

§ 62.1-44.15:65. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. As part of a VESCP, a locality is authorized to adopt more stringent soil erosion and sediment control ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent ordinances are

based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances, a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing*. The VESCP authority shall report to the Board when more stringent erosion and sediment control ordinances are determined to be necessary pursuant to this section. This process shall not be required when a VESCP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:55. This section shall not be construed to authorize any VESCP authority to impose any more stringent ordinances for land-disturbance review and approval than those specified in § 62.1-44.15:55.

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

2. That the Virginia Code Commission shall convene the work group that met pursuant to Chapters 129 and 130 of the Acts of Assembly of 2022 to review requirements throughout the Code of Virginia for localities to provide notice for meetings, hearings, and other intended actions. In conducting the review, the work group shall examine (i) the varying frequency for publishing notices in newspapers and other print media, (ii) the number of days required to elapse between the publications of notices, and (iii) the amount of information required to be contained in each notice and make recommendations for uniformity and efficiency. The Virginia Code Commission shall submit a report to the Chairmen of the House Committee on General Laws and the Senate Committee on General Laws and Technology summarizing the work and any recommendations of the work group by November 1, 2023.

§ 15.2-202. Public hearing in lieu of election; procedure when bill not introduced or fails to pass in General Assembly.

In lieu of the election provided for in § 15.2-201, a locality requesting the General Assembly to grant to it a new charter or to amend its existing charter may hold a public hearing with respect thereto, at which citizens shall have an opportunity to be heard to determine if the citizens of the locality desire that the locality request the General Assembly to grant to it a new charter, or to amend its existing charter. At least ~~ten~~ *seven* days' notice of the time and place of such hearing and the text or an informative summary of the new charter or amendment desired shall be published in a newspaper of general circulation in the locality. Such public hearing may be adjourned from time to time, and upon the completion thereof, the locality may request, in the manner provided in § 15.2-201, the General Assembly to grant the new charter or amend the existing charter and the provisions of § 15.2-201 shall be applicable thereto.

If a bill incorporating such charter or amendments is not introduced at the succeeding session of the General Assembly, the authority of the locality to request such charter or amendments by reason of such public hearing shall thereafter be void. If at such session members of the General Assembly fail to enact and do not carry over or pass by indefinitely a bill

incorporating such charter or amendments, the charter or amendments may again be submitted to a public hearing in lieu of an election as provided hereinabove before reintroduction in the General Assembly.

The locality requesting a new or amended charter shall provide with such request a publisher's affidavit showing that the public hearing was advertised and a certified copy of the governing body's minutes showing the action taken at the advertised public hearing.

§ 15.2-619. Same; powers of commissioners of revenue; real estate reassessments.

The director of finance shall exercise all the powers conferred and perform all the duties imposed by general law upon commissioners of the revenue, not inconsistent herewith, and shall be subject to the obligations and penalties imposed by general law.

Every general reassessment of real estate in the county, unless some other person is designated for this purpose by the county manager in accordance with § 15.2-612 or unless the board creates a separate department of assessments in accordance with § 15.2-616, shall be made by the director of finance; he shall collect and keep in his office data and devise methods and procedures to be followed in each such general reassessment that will make for uniformity in assessments throughout the county.

In addition to any other method provided by general law or by this article or to certain classified counties, the director of finance may provide for the annual assessment and equalization of real estate and any general reassessment order by the board. The director of finance or his designated agent shall collect data, provide maps and charts, and devise methods and procedures to be followed for such assessment that will make for uniformity in assessments throughout the county.

There shall be a reassessment of all real estate at periods not to exceed six years between such reassessments.

All real estate shall be assessed as of January 1 of each year by the director of finance or such other person designated to make assessment. Such assessment shall provide for the equalization of assessments of real estate, correction of errors in tax assessment records, addition of erroneously omitted properties to the tax rolls, and removal of properties acquired by owners not subject to taxation.

The taxes for each year on the real estate assessed shall be extended on the basis of the last assessment made prior to such year.

This section shall not apply to real estate assessable under the law by the Commonwealth, and the director of finance or his designated agent shall not make any real estate assessments during the life of any general reassessment board.

Any reassessments which change the assessment of real estate shall not be extended for taxation until forty-five days after a written notice is mailed to the person in whose name such property is to be assessed at his last known address, setting forth the amount of the prior assessment and the new assessment.

The board shall establish a continuing board of real estate review and equalization to review all assessments made under authority of this section and to which all appeals by any person aggrieved by any real estate assessment shall first apply for relief. The board of real estate review and equalization shall consist of not fewer than three nor more than five members who shall be freeholders in the county. The appointment, terms of office and compensation of the members of such board shall be prescribed by the board of supervisors. The board of real estate review and equalization shall have all the powers conferred upon boards of equalization by general law. All applications for review to such board shall be made not later than April 1 of the year for which extension of taxes on the assessment is to be made. Such board shall grant a hearing to any person making application at a regular advertised meeting of the board, shall rule on all applications within sixty days after the date of the hearing, and shall thereafter promptly certify its action thereon to the director of finance. The equalization board shall conduct hearings at such times as are convenient, after publishing a notice in a newspaper having a general circulation in the county, ~~ten~~ *seven* days prior to any such hearing at which any person applying for review will be heard.

Any person aggrieved by any reassessment or action of the board of real estate review and equalization may apply for relief to the circuit court of the county in the manner provided by general law.

§ 15.2-716. Referendum for establishment of department of real estate assessments; board of equalization; general reassessments in county where department established.

A referendum may be initiated by a petition signed by 200 or more qualified voters of the county filed with the circuit court, asking that a referendum be held on the question of whether the county shall have a department of real estate assessments. The court shall on or before August 1 enter of record an order requiring the county election officials to open the polls at the regular election to be held in November of such year on the question stated in such order. If the petition seeks the holding of a special election on the question, then the petition hereinabove referred to shall be signed by 1,000 or more qualified voters of the county and the court shall within fifteen days of the date such petition is filed enter an order, in accordance with § 24.2-684, requiring the election officials to open the polls on a date fixed in the order and take the sense of the qualified voters of the county. The clerk of the county shall cause a notice of such election to be published in a newspaper having general circulation in the county once a week for three successive weeks*, with the first notice appearing no more than 21 days before the date on which the referendum is held*, and shall post a copy of such notice at the door of the county courthouse.

If a majority of the voters voting in the referendum vote for the establishment of a department of real estate assessments, the board shall by ordinance establish such department, provide for the compensation of the department head and employees therein, and decide such other matters in relation to the powers and duties of the department, the department

head and the employees, as the board deems proper. As used in this section the term "department" refers to the department of real estate assessments and where proper the department head thereof.

Upon the establishment of the department, the county manager shall select the head thereof and provide for such employees and assistants as required. Such department shall be vested with the powers and duties conferred or imposed upon commissioners of the revenue by general law to the extent that such duties and powers are consistent with this section, in relation to the assessment of real estate. All real estate shall be assessed at its fair market value as of January 1 of each year by the department and taxes for each year on such real estate shall be entered on the land book by the department in the name of the owner thereof. Whenever any such assessment is increased over the last assessment made prior to such year, the department shall give written notice to the owner of such real estate or of any interest therein, by mailing such notice to the last known post-office address of such owner. However, the validity of such assessment shall not be affected by any failure to receive such notice.

If a department of real estate assessments is appointed as above provided, a board of equalization of real estate assessments shall be appointed pursuant to § 15.2-716.1. Any person aggrieved by any assessment made under the provisions of this section may apply for relief to such board as therein provided.

When a department of real estate assessments is appointed, the county shall not be required to undertake general reassessments of real estate every six years, but the governing body of the county may, but shall not be required to, request the circuit court of such county to order a general reassessment at such times as the governing body deems proper. Such court shall then enter an order directing a reassessment of real estate in the manner provided by law.

The department of real estate assessments may require that the owners of income-producing real estate in the county subject to local taxation, except property producing income solely from the rental of no more than four dwelling units, furnish to the department on or before a time specified by the director of the department statements of the income and expenses attributable over a specified period of time to each such parcel of real estate. If there is a willful failure to furnish statements of income and expenses in a timely manner to the director, the owner of such parcel of real estate shall be deemed to have waived his right in any proceeding contesting the assessment to utilize such income and expenses as evidence of fair market value. Each such statement shall be certified as to its accuracy by an owner of the real estate for which the statement is furnished, or a duly authorized agent thereof. Any statement required by this section shall be kept confidential as required by § 58.1-3.

§ 15.2-749. Certain referenda in certain counties.

If on or before July 15 of any year in which such referendum is provided for by law a petition signed by 200 or more qualified voters of the county is filed with the circuit court of the county asking that a referendum be held on any question upon which a referendum is provided for by any applicable statute, then such court shall on or before August 1 of such year issue and enter of record an order requiring the county election officials to open the polls at the regular election to be held in November of such year on the question stated in such statute. If the statute providing for such referendum shall authorize or require the referendum to be held at a special election, then the petition hereinabove referred to shall be signed by 1,000 or more voters of the county and the court shall within fifteen days of the date such petition is filed enter an order requiring the election officials to open the polls and take the sense of the voters of the county on a date fixed in his order, which shall be in accordance with § 24.2-682. The clerk of the county shall cause a notice of such election to be published in a newspaper published or having general circulation in the county once a week for three successive weeks*, with the first notice appearing no more than 21 days before the date on which the referendum is held*, and shall post a copy of the notice at the door of the county courthouse.

§ 15.2-958.3. Commercial Property Assessed Clean Energy (C-PACE) financing programs.

A. As used in this section:

"Eligible improvements" means any of the following improvements made to eligible properties:

1. Energy efficiency improvements;
2. Water efficiency and safe drinking water improvements;
3. Renewable energy improvements;
4. Resiliency improvements;
5. Stormwater management improvements;
6. Environmental remediation improvements; and
7. Electric vehicle infrastructure improvements.

A program administrator may include in its C-PACE loan program guide or other administrative documentation definitions, interpretations, and examples of these categories of eligible improvements.

"Eligible properties" means all assessable commercial real estate located within the Commonwealth, with all buildings located or to be located thereon, whether vacant or occupied, whether improved or unimproved, and regardless of whether such real estate is currently subject to taxation by the locality, other than a residential dwelling with fewer than five dwelling units or a condominium as defined in § 55.1-2000 used for residential purposes. Common areas of real estate owned by a cooperative or a property owners' association described in Subtitle IV (§ 55.1-1800 et seq.) of Title 55.1 that have a separate real property tax identification number are eligible properties. Eligible properties shall be eligible to participate in the C-PACE loan program.

"Program administrator" means a third party that is contracted for professional services to administer a C-PACE loan program.

"Resiliency improvement" means an improvement that increases the capacity of a structure or infrastructure to withstand or recover from natural disasters, the effects of climate change, and attacks and accidents, including, but not limited to:

1. Flood mitigation or the mitigation of the impacts of flooding;

2. Inundation adaptation;

3. Natural or nature-based features and living shorelines, as defined in § 28.2-104.1;

4. Enhancement of fire or wind resistance;

5. Microgrids;

6. Energy storage; and

7. Enhancement of the resilience capacity of a natural system, structure, or infrastructure.

B. Any locality may, by ordinance, authorize contracts to provide C-PACE loans (loans) for the initial acquisition, installation, and refinancing of eligible improvements located on eligible properties by free and willing property owners of such eligible properties. The ordinance may refer to the mode of financing as Commercial Property Assessed Clean Energy (C-PACE) financing and shall include but not be limited to the following:

1. The kinds of eligible improvements that qualify for loans;

2. The proposed arrangement for such C-PACE loan program (loan program), including (i) a statement concerning the source of funding for the C-PACE loan; (ii) the time period during which contracting property owners would repay the C-PACE loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the c-pace loan among the parties to the C-PACE transaction;

3. (i) A minimum dollar amount that may be financed with respect to an eligible property; (ii) if a locality or other public body is originating the loans, a maximum aggregate dollar amount that may be financed with respect to loans originated by the locality or other public body, and (iii) provisions that the loan program may approve a loan application submitted within two years of the locality's issuance of a certificate of occupancy or other evidence that eligible improvements comply substantially with the plans and specifications previously approved by the locality and that such loan may refinance or reimburse the property owner for the total costs of such eligible improvements;

4. In the case of a loan program described in clause (ii) of subdivision 3, a method for setting requests from owners of eligible properties for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from owners of eligible properties who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. A locality may contract with a program administrator to administer such loan program;

6. Identification of any fee that the locality intends to impose on the property owner requesting to participate in the loan program to offset the cost of administering the loan program. The fee may be assessed as a program fee paid by the property owner requesting to participate in the program; and

7. A draft contract specifying the terms and conditions proposed by the locality.

C. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance. The locality may, either by ordinance or its program guide, delegate the billing; collection, including enforcement; and remittance of C-PACE loan payments to a third party.

D. The locality shall offer private lending institutions the opportunity to participate in local C-PACE loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality shall place a voluntary special assessment lien equal in value to the loan against any property where such eligible improvements are being installed. The locality may bundle or package said loans for transfer to private lenders in such a manner that would allow the voluntary special assessment liens to remain in full force to secure the loans. The placement of a voluntary special assessment lien shall not require a new assessment on the value of the real property that is being improved under the loan program.

F. A voluntary special assessment lien imposed on real property under this section:

1. Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefited property is not in dispute is submitted to the locality prior to recording of the special assessment lien;

2. Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;

3. May be enforced by the local government in the same manner that a property tax lien against real property is enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and

4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

G. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be ~~advertised~~ *published* once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality.

H. The Department of Energy shall serve as a statewide sponsor for a loan program that meets the requirements of this section. The Department of Energy shall engage a private program administrator through a competitive selection process to develop the statewide loan program. A locality, in its adoption or amendment of its C-PACE ordinance described in subsection B, may opt into the statewide C-PACE loan program sponsored by the Department of Energy, and such action shall not require the locality to undertake any competitive procurement process.

§ 15.2-958.6. Financing the repair of failed septic systems.

A. Any locality may, by ordinance, authorize contracts with property owners to provide loans for the repair of septic systems. Such an ordinance shall state:

1. The kinds of septic system repairs for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) the interest rate and time period during which contracting property owners shall repay the loan; (ii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality; and (iii) the possibility that the locality may partner with a planning district commission (PDC) to coordinate and provide financing for the repairs, including the locality's obligation to reimburse the PDC as the loan is repaid;

3. A minimum and maximum aggregate dollar amount that may be financed;

4. A method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality; and

6. A draft contract specifying the terms and conditions proposed by the locality or by a PDC acting on behalf of the locality.

B. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. In cases in which local property records fail to identify all of the individuals having an ownership interest in a property containing a failing septic system, the locality may set a minimum total ownership interest that it will require a property owner or owners to prove before it will allow the owner or owners to participate in the program.

D. The locality or PDC acting on behalf of the locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality is authorized to place a lien equal in value to the loan against any property where such septic system repair is being undertaken. Such liens shall be subordinate to all liens on the property as of the date loans authorized pursuant to this section are made, except that with the prior written consent of the holders of all liens on the property as of the date loans authorized pursuant to this section are made, the liens securing loans authorized pursuant to this section shall be liens on the property ranking on a parity with liens for unpaid local taxes. The locality may bundle or package such loans for transfer to private lenders in such a manner that would allow the liens to remain in full force to secure the loans.

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be ~~advertised~~ *published* once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality.

§ 15.2-1236. Purchases and sales to be based on competition.

A. All purchases of, and contracts for, supplies and contractual services shall be in accordance with Chapter 43 (§ 2.2-4300 et seq.) of Title 2.2.

B. All sales of any personal property which has become obsolete and unusable shall be based wherever feasible on competitive bids. If the amount of the sale is estimated by the county purchasing agent to exceed $5,000, sealed bids shall, unless the governing body provides otherwise, be solicited by public notice published at least once in a newspaper of countywide circulation at least ~~five~~ *seven* calendar days before the final date of submitting bids.

§ 15.2-1301. Voluntary economic growth-sharing agreements.

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). All such agreements, including those that address any issue provided for in Chapter 32, 33, 36, 38, 39, or 41, shall require, at least annually, a report from each locality that is a recipient of funds pursuant to the agreement to each of the other governing bodies of the participating localities that includes (i) the amount of money transferred among the localities pursuant to the agreement and (ii) the uses of such funds by the localities. The parties to any such agreement that has been in effect for at least 10 years as of July 1, 2018, and pursuant to which annual payments exceed $5 million, shall (a) comply with the reporting requirements of this subsection, notwithstanding whether such requirements are contained in the existing agreement and (b) convene an annual meeting to discuss anticipated future plans for economic growth in the localities.

B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing which shall be advertised once a week for two successive weeks*, with the first notice appearing no more than 14 days before the hearing,* in a newspaper of general circulation in the locality. However, the public hearing shall not take place until the Commission on Local Government has issued its findings in accordance with subsection D. For purposes of this section, "revenue, tax base, and economic growth-sharing agreements" means any agreement authorized by subsection A which obligates any locality to pay another locality all or any portion of designated taxes or other revenues received by that political subdivision, but shall not include any interlocal service agreement.

C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, Section 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base, and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903. However, no such review shall be required for two or more localities entering into an economic growth-sharing agreement pursuant to this section in order to facilitate the reception of grants for qualified companies in such locality pursuant to the Port of Virginia Economic and Infrastructure Development Grant Fund and Program established pursuant to § 62.1-132.3:2.

§ 15.2-1427. Adoption of ordinances and resolutions generally; amending or repealing ordinances.

A. Unless otherwise specifically provided for by the Constitution or by other general or special law, an ordinance may be adopted by majority vote of those present and voting at any lawful meeting.

B. On final vote on any ordinance or resolution, the name of each member of the governing body voting and how he voted shall be recorded; however, votes on all ordinances and resolutions adopted prior to February 27, 1998, in which an unanimous vote of the governing body was recorded, shall be deemed to have been validly recorded. The governing body may adopt an ordinance or resolution by a recorded voice vote unless otherwise provided by law, or any member calls for a roll call vote. An ordinance shall become effective upon adoption or upon a date fixed by the governing body.

C. All ordinances or resolutions heretofore adopted by a governing body shall be deemed to have been validly adopted, unless some provision of the Constitution of Virginia or the Constitution of the United States has been violated in such adoption.

D. An ordinance may be amended or repealed in the same manner, or by the same procedure, in which, or by which, ordinances are adopted.

E. An amendment or repeal of an ordinance shall be in the form of an ordinance which shall become effective upon adoption or upon a date fixed by the governing body, but, if no effective date is specified, then such ordinance shall become effective upon adoption.

F. In counties, except as otherwise authorized by law, no ordinance shall be passed until after descriptive notice of an intention to propose the ordinance for passage has been published once a week for two successive weeks*, with the first notice appearing no more than 14 days* prior to ~~its~~ *the intended* passage *of the ordinance,* in a newspaper having a general circulation in the county. The second publication shall not be sooner than one calendar week after the first publication. The publication shall include a statement either that the publication contains the full text of the ordinance or that a copy of the full text of the ordinance is on file in the clerk's office of the circuit court of the county or in the office of the county administrator; or in the case of any county organized under the form of government set out in Chapter 5, 7 or 8 of this title, a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the county board. Even if the publication contains the full text of the ordinance, a complete copy shall be available for public inspection in the offices named herein.

In counties, emergency ordinances may be adopted without prior notice; however, no such ordinance shall be enforced for more than sixty days unless readopted in conformity with the provisions of this Code.

G. In towns, no tax shall be imposed except by a two-thirds vote of the council members.

§ 15.2-1702. Referendum required prior to establishment of county police force.

B. The governing body of any county shall petition the court, by resolution, asking that a referendum be held on the question, "Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county to open the polls and take the sense of the voters on the question as herein provided.

The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election*, with the first notice appearing no more than 21 days before the election*. The notice shall contain the ballot question and a statement of not more than 500 words on the proposed question. The explanation shall be presented in plain English, shall be limited to a neutral explanation, and shall not present arguments by either proponents or opponents of the proposal. "Plain English" means written in nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession.

C. The county may expend public funds to produce and distribute neutral information concerning the referendum; provided, however, public funds may not be used to promote a particular position on the question, either in the notice called for in subsection B, or in any other distribution of information to the public.

D. The regular election officers of the county shall open the polls on the date specified in such order and conduct the election in the manner provided by law. The election shall be by ballot which shall be prepared by the electoral board of the county and on which shall be printed the following:

If a majority of the voters voting in the election vote "Yes," the court shall enter an order proclaiming the results of the election and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed to establish a police force following the enactment of authorizing legislation by the General Assembly.

§ 15.2-1703. Referendum to abolish county police force.

The police force in any county which established the force subsequent to July 1, 1983, may be abolished and its responsibilities assumed by the sheriff's office after a referendum held pursuant to this section.

Either (i) the voters of the county by petition signed by not less than ten percent of the registered voters therein on the January 1 preceding the filing of the petition or (ii) the governing body of the county, by resolution, may petition the circuit court for the county that a referendum be held on the question, "Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county at the next general election held in the county to open the polls and take the sense of the voters on the question as herein provided. If a majority of the voters voting in the election vote in favor of the question, the court shall enter an order proclaiming the results of the election, and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed with the necessary action to abolish the police force and transfer its responsibilities to the sheriff's office, to become effective on July 1 following the referendum.

Once a referendum has been held pursuant to this section, no further referendum shall be held pursuant to this section within four years thereafter.

§ 15.2-2108.7. Public hearings on feasibility study; notice.

A. If the results of the feasibility study satisfy the revenue requirements of subsection D of § 15.2-2108.6, the governing body shall, at the next regular meeting after the governing body receives the results of the feasibility study, schedule at least two public hearings to be held at least seven days apart, but both shall be held not more than 60 days from

the date of the meeting at which the public hearings are scheduled. The purpose of such public hearings shall be to allow the feasibility consultant to present the results of the feasibility study, and to inform the public about the feasibility study results and offer the public the opportunity to ask questions of the feasibility consultant about the results of the feasibility study.

B. Except as provided in subsection C, the municipality shall publish notice of the public hearings required under subsection A at least once a week for three consecutive weeks in a newspaper of general circulation in the municipality*, with the first notice appearing no more than 21 days before the hearing*. The last publication of notice required under this subsection shall be at least three days before the first public hearing required under subsection A.

C. If there is no newspaper of general circulation in the municipality, for each 1,000 residents the municipality shall post at least one notice of the hearings in a conspicuous place within the municipality that is likely to give notice of the hearings to the greatest number of residents of the municipality. The municipality shall post the notices at least seven days before the first public hearing required under subsection A is held.

D. After holding the public hearings required by this section, if the governing body of the municipality elects to proceed, the municipality shall adopt by resolution the feasibility study.

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall ~~contain a descriptive summary of the proposed action and a reference to~~ *identify* the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality*, with the first notice appearing no more than 14 days before the intended adoption*; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views~~, not less than five days nor more than 21 days after the second advertisement appears in such newspaper~~. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. As used in this subsection, "two successive weeks" means that such notice shall be published at least twice in such newspaper, with not less than six days elapsing between the first and second publication. In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, ~~written~~ *the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written* notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, ~~written~~ *the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. For more than 100 parcels of land, the advertisement may instead include a description of the boundaries of the area subject to the changes and a link to a map of the subject area. Written* notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2285. Preparation and adoption of zoning ordinance and map and amendments thereto; appeal.

A. The planning commission of each locality may, and at the direction of the governing body shall, prepare a proposed zoning ordinance including a map or maps showing the division of the territory into districts and a text setting forth the regulations applying in each district. The commission shall hold at least one public hearing on a proposed ordinance or any amendment of an ordinance, after notice as required by § 15.2-2204, and may make appropriate changes in the proposed ordinance or amendment as a result of the hearing. Upon the completion of its work, the commission shall present the proposed ordinance or amendment including the district maps to the governing body together with its recommendations and appropriate explanatory materials.

B. No zoning ordinance shall be amended or reenacted unless the governing body has referred the proposed amendment or reenactment to the local planning commission for its recommendations. Failure of the commission to report 100 days after the first meeting of the commission after the proposed amendment or reenactment has been referred to the commission, or such shorter period as may be prescribed by the governing body, shall be deemed approval, unless the

proposed amendment or reenactment has been withdrawn by the applicant prior to the expiration of the time period. The governing body shall hold at least one public hearing on a proposed reduction of the commission's review period. The governing body shall publish a notice of the public hearing in a newspaper having general circulation in the locality at least two weeks prior to the public hearing date and shall also publish the notice on the locality's website, if one exists. In the event of and upon such withdrawal, processing of the proposed amendment or reenactment shall cease without further action as otherwise would be required by this subsection.

C. Before approving and adopting any zoning ordinance or amendment thereof, the governing body shall hold at least one public hearing thereon, pursuant to public notice as required by § 15.2-2204, after which the governing body may make appropriate changes or corrections in the ordinance or proposed amendment. ~~In the case of a proposed amendment to the zoning map, the public notice shall state the general usage and density range of the proposed amendment and the general usage and density range, if any, set forth in the applicable part of the comprehensive plan.~~ However, no land may be zoned to a more intensive use classification than was contained in the ~~public notice~~ *documentation made available for examination pursuant to subsection A of § 15.2-2204* without an additional public hearing after notice required by § 15.2-2204. Zoning ordinances shall be enacted in the same manner as all other ordinances.

D. Any county which has adopted an urban county executive form of government provided for under Chapter 8 (§ 15.2-800 et seq.) may provide by ordinance for use of plans, profiles, elevations, and other such demonstrative materials in the presentation of requests for amendments to the zoning ordinance.

E. The adoption or amendment prior to March 1, 1968, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise, give notice or conduct more than one public hearing as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to the adoption or amendment.

F. Every action contesting a decision of the local governing body adopting or failing to adopt a proposed zoning ordinance or amendment thereto or granting or failing to grant a special exception shall be filed within thirty days of the decision with the circuit court having jurisdiction of the land affected by the decision. However, nothing in this subsection shall be construed to create any new right to contest the action of a local governing body.

§ 15.2-2400. Creation of service districts.

Any locality may by ordinance, or any two or more localities may by concurrent ordinances, create service districts within the locality or localities in accordance with the provisions of this article. Service districts may be created to provide additional, more complete or more timely services of government than are desired in the locality or localities as a whole.

Any locality seeking to create a service district shall have a public hearing prior to the creation of the service district. Notice of such hearing shall be published once a week for three consecutive weeks in a newspaper of general circulation within the locality, ~~and the hearing shall be held no sooner than ten days after the date the second notice appears in the newspaper~~ *with the first notice appearing no more than 21 days before the hearing*.

§ 15.2-2401. Creation of service districts by court order in consolidated cities.

In any city which results from the consolidation of two or more localities, service districts may, in addition to the method prescribed in § 15.2-2400, be created by order of the circuit court for the city upon the petition of fifty voters of the proposed district, which order shall prescribe the metes and bounds of the district.

Upon the filing of a petition the court shall fix a date for a hearing on the question of the proposed service district, which hearing shall embrace a consideration of whether the property embraced within the proposed district will be benefited by the establishment thereof. Notice of such hearing shall be published once a week for three consecutive weeks in a newspaper of general circulation within the city, ~~and the hearing shall not be held sooner than ten days after the last publication~~ *with the first notice appearing no more than 21 days before the election*. Any person interested may answer the petition and make defense thereto. If upon such hearing the court is of opinion that any property embraced within the limits of such proposed district will not be benefited by the establishment thereof, then such property shall not be embraced therein.

Upon the petition of the city council and of not less than 50 voters of the territory proposed to be added, or if such territory contains less than 100 voters, of fifty percent of the voters of such territory, after notice and hearing as provided above, any service district may be extended and enlarged by order of the circuit court for the city which order shall prescribe the metes and bounds of the territory so added.

§ 15.2-2606. Public hearing before issuance of bonds.

A. Notwithstanding any contrary provision of law, general or special, but subject to subsection B of this section, before the final authorization of the issuance of any bonds by a locality, the governing body of the locality shall hold a public hearing on the proposed bond issue. Notice of the hearing shall be published once a week for two successive weeks in a newspaper published or having general circulation in the locality*, with the first notice appearing no more than 14 days before the hearing*. The notice shall (i) state the estimated maximum amount of the bonds proposed to be issued, (ii) state the proposed use of the bond proceeds, and if there is more than one use, state the proposed uses for which more than 10 percent of the total bond proceeds is expected to be used, and (iii) specify the time and place of the hearing at which persons may appear and present their views. The hearing shall not be held less than six nor more than 21 days after the date the second notice appears in the newspaper.

B. No notice or public hearing shall be required for (i) bonds which have been approved by a majority of the voters of the issuing locality voting on the issuance of such bonds or (ii) obligations issued pursuant to § 15.2-2629, 15.2-2630 or 15.2-2643.

§ 15.2-2653. Contesting issuance of bonds; notice and hearing; service on member of governing body, etc.

Any person, corporation, or association desiring to contest the issuance of any bonds pursuant to the provisions of this chapter, or any other law, general or special, shall proceed by filing a motion for judgment within thirty days after the filing of the resolution or ordinance authorizing the issuance of the bonds with the circuit court having jurisdiction over the issuer, or in contesting the validity of a petition for or the results of a referendum, within thirty days after the date that the result of the election for the issuance of the bonds is certified, in the court having jurisdiction as provided in § 15.2-2651. For bonds which are not authorized pursuant to a referendum, or for which the authorizing resolution or ordinance is not required to be filed with the circuit court, the contestant shall proceed by filing a motion for judgment within thirty days after the adoption of the authorizing resolution or ordinance. Upon the filing of a motion for judgment, the court shall fix a time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, once a week for two consecutive weeks in a newspaper published or having general circulation in the jurisdiction where the issuer is located*, with the first notice appearing no more than 14 days before the hearing*. The date fixed for the hearing shall not be sooner than ten days after the date the second publication of the motion for judgment or summary and the order appears in the newspaper. In addition to such publication, the plaintiff shall secure personal service on at least one member of the governing body of the issuer.

§ 15.2-3401. Referendum on contracting of debt by counties in voluntary settlement agreements.

Before a county, under the terms of a voluntary agreement pursuant to this chapter, contracts a debt pursuant to Article VII, Section 10 (b) of the Constitution of Virginia, the board of supervisors shall, in conformity with Article VII, Section 10 (b) of the Constitution of Virginia, petition the circuit court for the county for an order calling for a special election in the county on the question of contracting such debt.

The question on the ballot shall be as follows, provided that the circuit court in its order calling for the election may substitute alternative language necessary to specify the type of agreement or the particular debt which the county proposes to contract under an agreement:

"Shall (name of county) be authorized to contract a debt by entering into a contract for the payment (describe the debt or payment) to (name of locality to whom payments are to be made) as a part of the proposed voluntary annexation and immunity settlement agreement between the county and (name of other locality)?

[ ] Yes

[ ] No"

The clerk of the county shall cause a notice of the referendum to be published in a newspaper having general circulation in the county once a week for three consecutive weeks, the first such notice of which must be published not more than ~~sixty~~ *21* days prior to the election and shall post a copy of the notice at the door of the county courthouse.

The election shall be held and the results thereof ascertained and certified in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. If a majority of the voters of the county voting in such election approve the contracting of such debt, the county may proceed to adopt, by ordinance, the agreement.

§ 15.2-3600. Petition for incorporation of community; appointment of special court.

A petition signed by 100 voters of any community may be presented to the circuit court for the county in which such community, or the greater part thereof, is situated, requesting that the community be incorporated as a town. A plat showing the boundaries of the community shall be attached to the petition. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. The plat shall be prepared by a registered surveyor in a form suitable for recording in the clerk's office of the circuit court. A copy of the petition shall be served upon the county attorney or, if there is no county attorney, the attorney for the Commonwealth, and each member of the governing body of the county or counties wherein the area sought to be incorporated lies. The governing body at its option may become a party to the proceeding. The petition shall be accompanied by proof that:

1. The petition has been available for public inspection in the office of the clerk of the circuit court; and

2. The following have been published once a week for ~~four~~ *three* successive weeks in a newspaper having general circulation in the county*, with the first publication appearing no more than 21 days before the petition will be presented*:

a. Notice of the time and place the petition would be presented; and

b. The text of the petition in full; or

c. A descriptive summary of the petition and notice that the petition may be inspected at the circuit court clerk's office.

§ 15.2-4309. Hearing; creation of district; conditions; notice.

A. The local governing body, after receiving the report of the local planning commission and the advisory committee, shall hold a public hearing as provided by law, and after such public hearing, may by ordinance create the district or add land to an existing district as applied for, or with any modifications it deems appropriate.

B. The governing body may require, as a condition to creation of the district, that any parcel in the district shall not, without the prior approval of the governing body, be developed to any more intensive use or to certain more intensive uses, other than uses resulting in more intensive agricultural or forestal production, during the period which the parcel remains

within the district. Local governing bodies shall not prohibit as a more intensive use, construction and placement of dwellings for persons who earn a substantial part of their livelihood from a farm or forestry operation on the same property, or for members of the immediate family of the owner, or divisions of parcels for such family members, unless the governing body finds that such use in the particular case would be incompatible with farming or forestry in the district. To further the purposes of this chapter and to promote agriculture and forestry and the creation of districts, the local governing body may adopt programs offering incentives to landowners to impose land use and conservation restrictions on their land within the district. Programs offering such incentives shall not be permitted unless authorized by law. Any conditions to creation of the district and the period before the review of the district shall be described, either in the application or in a notice sent by first-class mail to all landowners in the district and published in a newspaper having a general circulation within the district at least ~~two weeks~~ *seven days* prior to adoption of the ordinance creating the district. The ordinance shall state any conditions to creation of the district and shall prescribe the period before the first review of the district, which shall be no less than four years but not more than ten years from the date of its creation. In prescribing the period before the first review, the local governing body shall consider the period proposed in the application. The ordinance shall remain in effect at least until such time as the district is to be reviewed. In the event of annexation by a city or town of any land within a district, the district shall continue until the time prescribed for review.

C. The local governing body shall act to adopt or reject the application, or any modification of it, no later than 180 days from (i) November 1 or (ii) the other date selected by the locality as provided in § 15.2-4305. Upon the adoption of an ordinance creating a district or adding land to an existing district, the local governing body shall submit a copy of the ordinance with maps to the local commissioner of the revenue, and the State Forester, and the Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of the revenue shall identify the parcels of land in the district in the land book and on the tax map, and the local governing body shall identify such parcels on the zoning map, where applicable and shall designate the districts on the official comprehensive plan map each time the comprehensive plan map is updated.

§ 15.2-5104. Advertisement of ordinance, agreement or resolution and notice of hearing.

The governing body of each participating locality shall cause to be advertised at least one time in a newspaper of general circulation in such locality a copy of the ordinance, agreement or resolution creating an authority, or a descriptive summary of the ordinance, agreement or resolution and a reference to the place within the locality where a copy of the ordinance, agreement or resolution can be obtained, and notice of the day, not less than ~~thirty~~ *seven* days after publication of the advertisement, on which a public hearing will be held on the ordinance, agreement or resolution.

§ 15.2-5136. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of and for the services furnished or to be furnished by any system, or streetlight system in King George County, or refuse collection and disposal system or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the system or systems, or facilities incident thereto, for which such bonds were issued, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised.

B. The rates for water (including fire protection) and sewer service (including disposal) shall be sufficient to cover the expenses necessary or properly attributable to furnishing the class of services for which the charges are made. However, the authority may fix rates and charges for the services and facilities of its water system sufficient to pay all or any part of the cost of operating and maintaining its sewer system (including disposal) and all or any part of the principal of or the interest on the revenue bonds issued for such sewer or sewage disposal system, and may pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

C. Rates, fees and charges for the services of a sewer or sewage disposal system shall be just and equitable, and may be based upon:

1. The quantity of water used or the number and size of sewer connections;

2. The number and kind of plumbing fixtures in use in the premises connected with the sewer or sewage disposal system;

3. The number or average number of persons residing or working in or otherwise connected with such premises or the type or character of such premises;

4. Any other factor affecting the use of the facilities furnished; or

5. Any combination of the foregoing factors.

However, the authority may fix rates and charges for services of its sewer or sewage disposal system sufficient to pay all or any part of the cost of operating and maintaining its water system, including distribution and disposal, and all or any part of the principal of or the interest on the revenue bonds issued for such water system, and to pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

D. Water and sewer rates, fees and charges established by any authority shall be fair and reasonable. An authority may charge fair and reasonable rates, fees, and charges to create reserves for expansion of its water and sewer or sewage disposal systems. Such rates, fees, and charges shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. However, any authority may charge and collect rates, fees, and charges to create a reserve fund for reasonable expansion of its water, sewer, or sewage disposal system. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

E. Rates, fees and charges for the service of a streetlight system shall be just and equitable, and may be based upon:

1. The portion of such system used;

2. The number and size of premises benefiting therefrom;

3. The number or average number of persons residing or working in or otherwise connected with such premises;

4. The type or character of such premises;

5. Any other factor affecting the use of the facilities furnished; or

6. Any combination of the foregoing factors.

However, the authority may fix rates and charges for the service of its streetlight system sufficient to pay all or any part of the cost of operating and maintaining such system.

F. The authority may also fix rates and charges for the services and facilities of a water system or a refuse collection and disposal system sufficient to pay all or any part of the cost of operating and maintaining facilities incident thereto for the generation or transmission of power and all or any part of the principal of or interest upon the revenue bonds issued for any such facilities incident thereto, and to pledge any surplus revenues from any such system, subject to prior pledges thereof, for such purposes. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than a public water system may be determined by gauging or metering or in any other manner approved by the authority.

G. No rates, fees or charges shall be fixed under subsections A through F of this section or under subdivision 10 of § 15.2-5114 until after a public hearing at which all of the users of the systems or facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, shall be ~~given by two publications, at least six days apart,~~ *published once a week for two successive weeks* in a newspaper having a general circulation in the area to be served by such systems or facilities, with the ~~second notice being published at least 14 days before the date fixed in such notice for the hearing~~ *first notice appearing no more than 14 days before the hearing*. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or facilities or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

H. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection G shall be kept on file in the office of the clerk or secretary of the governing body of each locality in which such systems or any part thereof is located, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection G. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection G.

I. No rates, fees or charges established, fixed, changed or revised before January 1, 2013, by any authority pursuant to this section or to subdivision 10 of § 15.2-5114 shall be invalidated because of any defect in or failure to publish or provide any notice required under this section or any predecessor provision.

§ 15.2-5156. Hearing; notice.

A. An ordinance or resolution creating a community development authority shall not be adopted or approved until a public hearing has been held by the governing body on the question of its adoption or approval. Notice of the public hearing shall be published once a week for three successive weeks in a newspaper of general circulation within the locality*, with the first notice appearing no more than 21 days before the hearing*. The petitioning landowners shall bear the expense of publishing the notice. The hearing shall not be held sooner than ten days after completion of publication of the notice.

B. After the public hearing and before adoption of the ordinance or resolution, the local governing body shall mail a true copy of its proposed ordinance or resolution creating the development authority to the petitioning landowners or their attorney in fact. Unless waived in writing, any petitioning landowner shall have thirty days from mailing of the proposed ordinance or resolution in which to withdraw his signature from the petition in writing prior to the vote of the local governing body on such ordinance or resolution. If any signatures on the petition are so withdrawn, the local governing body may pass the proposed ordinance or resolution only upon certification by the petitioners that the petition continues to meet the requirements of § 15.2-5152. If all petitioning landowners waive the right to withdraw their signatures from the petition, the local governing body may adopt the ordinance or resolution upon compliance with the provisions of subsection A and any other applicable provisions of law.

§ 15.2-5431.25. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of a project or any portion thereof and for the services furnished or to be furnished by the authority, or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter or received loan funding from other sources. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the project or systems, or facilities incident thereto, for which such bonds were issued or loans obtained, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, or other loan principal and interest, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised. The authority shall maintain records demonstrating compliance with the requirements of this section concerning the fixing and revision of rates, fees, and charges that shall be made available for inspection and copying by the public pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. No rates, fees or charges shall be fixed under subsection A until after a public hearing at which all of the users of such facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, ~~shall be given by two publications, at least six days apart,~~ *shall be published once a week for two successive weeks* in a newspaper having a general circulation in the area to be served by such systems ~~at least 60 days before the date fixed in such notice for~~*, with the first notice appearing no more than 14 days before* the hearing. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

C. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection B shall be kept on file in the office of the clerk or secretary of the governing body of the locality, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection B. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection B.

D. Connection fees established by any authority shall be fair and reasonable. Such fees shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. E. Having specified the initial purpose or purposes of the authority in the articles of incorporation, the governing bodies of the participating localities may, from time to time by subsequent ordinance or resolution, after public hearing, modify the articles of incorporation and the purpose or purposes specified therein. Such modification may be made either with or without a referendum.

§ 33.2-331. Annual meeting with county officers; six-year plan for secondary state highways; certain reimbursements required.

For purposes of this section, "cancellation" means complete elimination of a highway construction or improvement project from the six-year plan.

The governing body of each county in the secondary state highway system may, jointly with the representatives of the Department as designated by the Commissioner of Highways, prepare a six-year plan for the improvements to the secondary state highway system in that county. Each such six-year plan shall be based upon the best estimate of funds to be available

to the county for expenditure in the six-year period on the secondary state highway system. Each such plan shall list the proposed improvements, together with an estimated cost of each project so listed. Following the preparation of the plan in any year in which a proposed new funding allocation is greater than $100,000, the board of supervisors or other local governing body shall conduct a public hearing after publishing notice in a newspaper published in or having general circulation in the county once a week for two successive weeks*, with the first publication appearing no more than 14 days before the hearing,* and posting notice of the proposed hearing at the front door of the courthouse of such county 10 days before the meeting. At the public hearings, which shall be conducted jointly by the board of supervisors and the representative of the Department, the entire six-year plan shall be discussed with the citizens of the county and their views considered. Following the discussion, the local governing body, together with the representative of the Department, shall finalize and officially adopt the six-year plan, which shall then be considered the official plan of the county.

At least once in each calendar year in which a proposed new funding allocation is greater than $100,000, representatives of the Department in charge of the secondary state highway system in each county, or some representative of the Department designated by the Commissioner of Highways, shall meet with the governing body of each county in a regular or special meeting of the local governing body for the purpose of preparing a budget for the expenditure of improvement funds for the next fiscal year. The representative of the Department shall furnish the local governing body with an updated estimate of funds, and the board and the representative of the Department shall jointly prepare the list of projects to be carried out in that fiscal year taken from the six-year plan by order of priority and following generally the policies of the Board in regard to the statewide improvements to the secondary state highway system. In any year in which a proposed new funding allocation is greater than $100,000, such list of priorities shall then be presented at a public hearing duly advertised in accordance with the procedure outlined in this section, and comments of citizens shall be obtained and considered. Following this public hearing, the board, with the concurrence of the representative of the Department, shall adopt, as official, a priority program for the ensuing year, and the Department shall include such listed projects in its secondary highways budget for the county for that year.

At least once every two years following the adoption of the original six-year plan, the governing body of each county, together with the representative of the Department, may update the six-year plan of the county by adding to it and extending it as necessary so as to maintain it as a plan encompassing six years. Whenever additional funds for secondary highway purposes become available, the local governing body may request a revision in its six-year plan in order that such plan be amended to provide for the expenditure of the additional funds. Such additions and extensions to each six-year plan shall be prepared in the same manner and following the same procedures as outlined herein for its initial preparation. Where the local governing body and the representative of the Department fail to agree upon a priority program, the local governing body may appeal to the Commissioner of Highways. The Commissioner of Highways shall consider all proposed priorities and render a decision establishing a priority program based upon a consideration by the Commissioner of Highways of the welfare and safety of county citizens. Such decision shall be binding.

Nothing in this section shall preclude a local governing body, with the concurrence of the representative of the Department, from combining the public hearing that may be required pursuant to this section for revision of a six-year plan with the public hearing that may be required pursuant to this section for review of the list of priorities, provided that notice of such combined hearing is published in accordance with procedures provided in this section.

All such six-year plans shall consider all existing highways in the secondary state highway system, including those in the towns located in the county that are maintained as a part of the secondary state highway system, and shall be made a public document.

If any county cancels any highway construction or improvement project included in its six-year plan after the location and design for the project has been approved, such county shall reimburse the Department the net amount of all funds expended by the Department for planning, engineering, right-of-way acquisition, demolition, relocation, and construction between the date on which project development was initiated and the date of cancellation. To the extent that funds from secondary highway allocations have been expended to pay for a highway construction or improvement project, all revenues generated from a reimbursement by the county shall be deposited into that same county's secondary highway allocation. The Commissioner of Highways may waive all or any portion of such reimbursement at his discretion.

The provisions of this section shall not apply in instances where less than 100 percent of the right-of-way is available for donation for unpaved highway improvements.

§ 33.2-723. Assumption of district highway indebtedness by counties.

A. Any county may assume the payment of and pay any outstanding indebtedness of any magisterial district or districts thereof incurred for the purpose of constructing public highways that were subsequently taken over by the Commonwealth, provided the assumption thereof is approved by a majority of the qualified voters of the county voting on the question at an election to be held as provided in this section.

B. The governing body of the county may, by a resolution entered of record in its minute book, require the judges of election to open a poll at the next regular election and take the sense of the qualified voters of the county upon the question whether or not the county shall assume the highway indebtedness of _____ district, or _____ districts. The local governing body shall cause notice of such election to be given by the posting of written notice thereof at the front door of the county courthouse at least 30 days prior to the date the same is to be held and by publication thereof once a week for two successive weeks in a newspaper published or having general circulation in the county, ~~which~~ *with the first publication*

appearing no more than 14 days before the election. Such notice shall set forth the date of such election and the question to be voted on.

C. The ballots for use in voting upon the question so submitted shall be prepared, printed, distributed, voted, and counted and the returns made and canvassed in accordance with the provisions of § 24.2-684. The results shall be certified by the commissioners of election to the county clerk, who shall certify the same to the governing body of the county, and such returns shall be entered of record in the minute book of the local governing body.

D. If a majority of the voters voting on the question vote in favor of the assumption by the county of the highway indebtedness of any district of the county, such indebtedness shall become and be an obligation of the county and as binding thereon as if the same had been originally contracted by the county. In such event the governing body of the county is authorized to levy and collect taxes throughout the county for the payment of the district indebtedness so assumed, both as to principal and interest.

E. Nothing contained in this section shall affect the validity of such district highway obligations in the event that the result of such election is against the assumption thereof by the county, but they shall continue to be as valid and binding in all respects as they were in their inception.

§ 33.2-909. Abandonment of highway, landing, or railroad crossing; procedure.

A. The governing body of any county on its own motion or upon petition of any interested landowner may cause any section of the secondary state highway system, or any crossing by the highway of the lines of a railroad company or crossing by the lines of a railroad company of the highway, deemed by it to be no longer necessary for the uses of the secondary state highway system to be abandoned altogether as a public highway, a public landing, or a public railroad crossing by complying substantially with the procedure provided in this section.

B. The governing body of the county shall give notice of its intention to abandon any such highway, landing, or railroad crossing (i) by posting a notice of such intention at least three days before the first day of a regular term of the circuit court at the front door of the courthouse of the county in which the section of the highway, landing, or railroad crossing sought to be abandoned as a public highway, public landing, or public railroad crossing is located or (ii) by posting notice in at least three places on and along the highway, landing, or railroad crossing sought to be abandoned for at least 30 days and in either case by publishing notice of its intention in two or more issues of a newspaper having general circulation in the county. In addition, the governing body of the county shall give notice of its intention to abandon such highway, landing, or railroad crossing to the Board or the Commissioner of Highways. In any case in which the highway, landing, or railroad crossing proposed to be abandoned lies in two or more counties, the governing bodies of such counties shall not abandon such highway, landing, or railroad crossing unless and until all affected governing bodies agree. The procedure in such cases shall conform mutatis mutandis to the procedure prescribed for the abandonment of a highway, landing, or railroad crossing located entirely within a county.

When the governing body of a county gives notice of intention to abandon a public landing, the governing body shall also give such notice to the Department of Wildlife Resources.

C. If one or more landowners in the county whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section, or the Board or the Department of Wildlife Resources, in the case of a public landing, files a petition with the governing body of the county within 30 days after notice is posted and published as provided in this section, the governing body of the county shall hold a public hearing on the proposed abandonment and shall give notice of the time and place of the hearing by publishing such information ~~in at least two issues~~ *once a week for two successive weeks* in a newspaper having general circulation in the county ~~and~~, *with the first publication appearing no more than 14 days before the hearing. The governing body* shall also give notice to the Board or, if a public landing is sought to be abandoned, to the Department of Wildlife Resources.

D. If a petition for a public hearing is not filed as provided in this section, or if after a public hearing is held the governing body of the county is satisfied that no public necessity exists for the continuance of the section of the secondary highway as a public highway or the railroad crossing as a public railroad crossing or the landing as a public landing or that the safety and welfare of the public would be served best by abandoning the section of highway, the landing, or the railroad crossing as a public highway, public landing, or public railroad crossing, the governing body of the county shall (i) within four months of the 30-day period during which notice was posted where no petition for a public hearing was filed or (ii) within four months after the public hearing adopt an ordinance or resolution abandoning the section of highway as a public highway, or the landing as a public landing, or the railroad crossing as a public railroad crossing, and with that ordinance or resolution the section of highway shall cease to be a public highway, a public landing, or a public railroad crossing. If the governing body is not so satisfied, it shall dismiss the application within the applicable four months provided in this subsection.

E. A finding by the governing body of a county that a section of the secondary state highway system is no longer necessary for the uses of the secondary state highway system may be made if the following conditions exist:

1. The highway is located within a residence district as defined in § 46.2-100;

2. The residence district is located within a county having a density of population exceeding 1,000 per square mile;

3. Continued operation of the section of highway in question constitutes a threat to the public safety and welfare; and

4. Alternate routes for use after abandonment of the highway are readily available.

F. In considering the abandonment of any section of highway under the provisions of this section, due consideration shall be given to the historic value, if any, of such highway.

G. Any ordinance or resolution of abandonment issued in compliance with this section shall give rise in subsequent proceedings, if any, to a presumption of adequate justification for the abandonment.

H. No public landing shall be abandoned unless the Board of Wildlife Resources shall by resolution concur in such abandonment.

§ 33.2-2001. Creation of district.

A. A district may be created in a single locality or in two or more contiguous localities. If created in a single locality, a district shall be created by a resolution of the local governing body. If created in two or more contiguous localities, a district shall be created by the resolutions of each of the local governing bodies. Any such resolution shall be considered only upon the petition, to each local governing body of the locality in which the proposed district is to be located, of the owners of at least 51 percent of either the land area or the assessed value of land in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes. Any proposed district within a county or counties may include any land within a town or towns within the boundaries of such county or counties.

B. The petition to the local governing body or bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto which the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing body or bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, the governing body shall deliver a copy of the petition and notice of the public hearing to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if it wishes such property located within the town to be included within the proposed district and shall deliver a copy of any such resolution to the local governing body at the public hearing required by this section. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality~~. At least 10 days shall intervene between the third publication and the date set for the hearing~~, *with the first publication appearing no more than 21 days before the hearing*.

D. If each local governing body finds the creation of the proposed district would be in furtherance of the locality's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, then each local governing body may pass a resolution, which shall be reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with state or federal law.

Each resolution creating a district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2014. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signatures on the petition are withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After all local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The _____ Transportation Improvement District."

§ 33.2-2101. Creation of district.

A. A district may be created in a county by a resolution of the governing body. Any such resolution shall be considered only upon the petition, to the governing body, of the owners of at least 51 percent of either the land area or the assessed value of real property that (i) is within the boundaries of the proposed district, (ii) has been zoned for commercial or industrial use or is used for such purposes, and (iii) would be subject to the annual special improvement tax authorized by

§ 33.2-2105 if the proposed district is created. Any proposed district within a county may include any real property within a town or towns within the boundaries of such county.

B. The petition to the governing body shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the governing body to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, the governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, a copy of the petition and notice of the public hearing shall be delivered to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if the town council wishes any property located within the town to be included within the proposed district and any such resolution shall be delivered to the governing body prior to the public hearing required by this section. Such resolution shall be binding upon the governing body with respect to the inclusion or exclusion of such properties within the proposed district. If that resolution permits any commercial or industrial property located within a town to be included in the proposed district, then if requested to do so by the petition the town council of any town that has adopted a zoning ordinance also shall pass a resolution, to be effective upon creation of the proposed district, that is consistent with the requirements of subsection E with respect to commercial and industrial zoning classifications that shall be in force in that portion of the town included in the district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality. ~~At least 10 days shall intervene between the third publication and the date set for the hearing~~*, with the first publication appearing no more than 21 days before the hearing*. Such public hearing may be adjourned from time to time.

D. If the governing body finds the creation of the proposed district would be in furtherance of the county's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, the governing body may pass a resolution that is reasonably consistent with the petition, that creates the district upon final adoption, and that provides for the appointment of an advisory board in accordance with this chapter upon final adoption. Any such resolution shall be conclusively presumed to be reasonably consistent with the petition if, following the public hearing, as provided in the following provisions of this section, the petition continues to comply with the provisions of this section with respect to the criteria relating to minimum acreage or assessed valuation.

E. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that apply within the district, but not within any town within the district that has adopted a zoning ordinance, that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change, (ii) as required to comply with the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or the regulations adopted pursuant thereto, (iii) as required to comply with the provisions of the federal Clean Water Act regarding municipal and industrial stormwater discharges (33 U.S.C. § 1342(p)) and regulations promulgated thereunder by the federal Environmental Protection Agency, or (iv) as specifically required to comply with any other state or federal law.

F. A resolution creating a district shall also provide (i) that the district shall expire 50 years from the date upon which the resolution is passed or (ii) that the district shall expire when the district is abolished in accordance with § 33.2-2115. After the public hearing, the governing body may adopt a proposed resolution creating the district. No later than two business days following the adoption of the proposed resolution, copies of the proposed resolution shall be available in the office of the clerk of the governing body for inspection and copying by the petitioning landowners and their representatives, by members of the public, and by representatives of the news media. No later than seven business days following the adoption of the proposed resolution, any petitioning landowner may notify the clerk of the governing body in writing that the petitioning landowner is withdrawing his signature from the petition. Within the same seven-day period, the owner of any property in the proposed district that will be subject to the annual special improvements tax authorized by § 33.2-2105, if the proposed district is created, or the attorney-in-fact of any such owner may notify the clerk of the governing body in writing that he is adding his signature to the petition. The governing body may then proceed to final adoption of the proposed resolution following that seven-day period. If any petitioner has withdrawn his signature from the petition during that seven-day period, then the governing body may readopt the proposed resolution only if the petition, including any landowners who have added their signatures after adoption of the proposed resolution, continues to meet the provisions of

this section. After the governing body has readopted the resolution creating the district, the district shall be established and the name of the district shall be "The _____ _____ Transportation Improvement District."

§ 33.2-2103. Powers and duties of commission.

The commission may:

1. Expend district revenues to construct, reconstruct, alter, improve, or expand transportation improvements and make loans or otherwise provide for the cost of transportation improvements and for financial assistance to operate transportation improvements in the district for the use and benefit of the public.

2. Acquire by gift, purchase, lease, in-kind contribution to construction costs, or otherwise any transportation improvements in the district and sell, lease as lessor, transfer, or dispose of any part of any transportation improvements in such manner and upon such terms as the commission may determine to be in the best interests of the district. However, prior to disposing of any such property or interest therein, the commission shall conduct a public hearing with respect to such disposition. At the hearing, the residents and owners of property within the district shall have an opportunity to be heard. At least ~~10~~ *seven* days' notice of the time and place of such hearing shall be published in a newspaper of general circulation in the district, as prescribed by the commission. Such public hearing may be adjourned from time to time.

3. Negotiate and contract with any person with regard to any matter necessary and proper to provide any transportation improvements, including the financing, acquisition, construction, reconstruction, alteration, improvement, expansion, operation, or maintenance of any transportation improvements in the district. For the purposes of this chapter, transportation improvements are within the district if they are located within the boundaries of the transportation improvement district or are reasonably deemed necessary for the construction or operation of transportation improvements within the boundaries of the transportation improvement district.

4. Enter into a continuing service contract for a purpose authorized by this chapter and make payments of the proceeds received from the special taxes levied pursuant to this chapter, together with any other revenues, for installments due under that service contract. The district may apply such payments annually during the term of that service contract in an amount sufficient to make the installment payments due under that contract, subject to the limitation imposed by this chapter. However, payments for any such service contract shall be conditioned upon the receipt of services pursuant to the contract. Such a contract shall not obligate a county or participating town to make payments for services of the district.

5. Accept the allocations, contributions, or funds of any available source or reimburse from any available source, including any person, for the whole or any part of the costs, expenses, and charges incident to the acquisition, construction, reconstruction, maintenance, alteration, improvement, and expansion or the operation of any transportation improvements in the district.

6. Contract for the extension and use of any public mass transit system or highway into territory outside the district on such terms and conditions as the commission determines.

7. Employ and fix the compensation of personnel who may be deemed necessary for the construction, operation, or maintenance of any transportation improvements in the district.

8. Have prepared an annual audit of the district's financial obligations and revenues, and upon review of such audit, request a tax rate adequate to provide tax revenues that, together with all other revenues, are required by the district to fulfill its annual obligations.

§ 33.2-2701. Creation of district.

A. A district may be created in the City of Charlottesville and the County of Albemarle by resolutions of such localities' governing bodies. Such resolutions shall be considered upon the petition to each governing body of a locality in which the proposed district by the owners of at least 51 percent of either the land area or the assessed value of land, in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes.

B. The petition to the local governing bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication once a week for three consecutive weeks in a newspaper of general circulation within the locality~~. At least~~

~~10 days shall intervene between the third publication and the date set for the hearing~~*, with the first publication appearing no more than 21 days before the hearing.*

D. If both local governing bodies find the creation of the proposed district would be in furtherance of their comprehensive plans for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, both local governing bodies may pass resolutions that are reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolutions shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with all related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with federal or state law.

Each resolution creating the district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2714. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signature on the petition is withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After both local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The Charlottesville-Albemarle Transportation Improvement District."

§ 36-23. Housing authority operations in other municipalities.

In addition to its other powers, any housing authority may exercise any or all of its powers within the territorial boundaries of any municipality not included in the area of operation of such housing authority, for the purpose of planning, undertaking, financing, rehabilitating, constructing and operating a housing project or projects or a multi-family residential building or buildings within such municipality; provided that a resolution shall have been adopted (a) by the governing body of such municipality in which the housing authority is to exercise its powers and (b) by the authority of such municipality (if one has been theretofore established by such municipality and authorized to exercise its powers therein) declaring that there is a need for the aforesaid housing authority to exercise its powers within such municipality. A municipality shall have the same powers to furnish financial and other assistance to such housing authority exercising its powers within such municipality under this section as though the municipality were within the area of operation of such authority.

No governing body of a municipality shall adopt a resolution as provided in this section declaring that there is a need for the housing authority (other than a housing authority established by such municipality) to exercise its powers within such municipality, unless a public hearing has first been held by such governing body and unless such governing body shall have found in substantially the following terms: (a) that insanitary or unsafe inhabited dwelling accommodations exist in such municipality or that there is a shortage of safe or sanitary dwelling accommodations in such municipality available to persons of low income at rentals they can afford; and (b) that these conditions can be best remedied through the exercise of the aforesaid housing authority's powers within the territorial boundaries of such municipality; provided that such findings shall not have the effect of establishing an authority for any such municipality under § 36-4 nor of thereafter preventing such municipality from establishing an authority or joining in the creation of a consolidated housing authority or the increase of the area of operation of a consolidated housing authority. The clerk of the city or other municipality shall give notice of the time, place and purpose of the public hearing at least ~~ten~~ *seven* days prior to the date on which the hearing is to be held, in a newspaper published in such municipality, or if there is no newspaper published in such municipality, then in a newspaper published in the Commonwealth and having a general circulation in such municipality. Upon the date fixed for such public hearing an opportunity to be heard shall be granted to all residents of such municipality and to all other interested persons.

During the time that, pursuant to these findings, the aforesaid housing authority has outstanding (or is under contract to issue) any evidences of indebtedness for a project within the municipality, no other housing authority may undertake a project within such municipality without the consent of the housing authority which has such outstanding indebtedness or obligation.

§ 36-44. Public hearing to create regional authority or change its area of operation, and findings.

The board of supervisors of a county shall not adopt any resolution authorized by §§ 36-40, 36-41 or 36-42 unless a public hearing has first been held. The clerk of such county shall give notice of the time, place, and purpose of the public hearing at least ~~ten~~ *seven* days prior to the day on which the hearing is to be held, in a newspaper published in such county, or if there is no newspaper published in such county, then in a newspaper published in the Commonwealth and having a general circulation in such county. Upon the date fixed for such public hearing an opportunity to be heard shall be granted to all residents of such county and to all other interested persons.

In determining whether dwelling accommodations are unsafe or insanitary the board of supervisors of a county shall take into consideration the safety and sanitation of dwellings, the light and air space available to the inhabitants of such dwellings, the degree of overcrowding, the size and arrangement of the rooms and the extent to which conditions exist in such dwellings which endanger life or property by fire or other causes.

In connection with the issuance of bonds or the incurring of other obligations, a regional housing authority may covenant as to limitations on its right to adopt resolutions relating to the increase or decrease of its area of operation.

§ 58.1-3108. Commissioner to render taxpayer assistance and may go to convenient places to receive returns; advertisement by commissioner.

A. Each commissioner of the revenue shall render such taxpayer assistance as may be necessary for the preparation of any return required by law to be filed with his office. Such commissioners may go to convenient public places within the county or city for the purpose of receiving state and local tax returns. Compliance by the commissioner of the revenue with this section shall not relieve him of the duty to obtain tax returns as required by § 58.1-3107.

B. Each commissioner shall advertise, in some newspaper of general circulation in the city or county, at least once during the ~~thirty~~ *seven* days prior to the time fixed by law for filing returns without penalty, the location of the commissioner's office, the location of such branch offices as he may establish, and the hours of the day, not less than eight hours each day, during which such office or offices shall be open for business. Such advertisement shall state the time when returns of taxpayers must be filed.

§ 58.1-3245.2. Tax increment financing.

A. The governing body of any county, city or town may adopt tax increment financing by passing an ordinance designating a development project area and providing that real estate taxes in the development project area shall be assessed, collected and allocated in the following manner for so long as any obligations or development project cost commitments secured by the Tax Increment Financing Fund, hereinafter authorized, are outstanding and unpaid.

1. The local assessing officer shall record in the land book both the base assessed value and the current assessed value of the real estate in the development project area.

2. Real estate taxes attributable to the lower of the current assessed value or base assessed value of real estate located in a development project area shall be allocated by the treasurer or director of finance pursuant to the provisions of this chapter.

3. Real estate taxes attributable to the increased value between the current assessed value of any parcel of real estate and the base assessed value of such real estate shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Tax Increment Financing Fund" to pay the principal and interest on obligations issued or development project cost commitments entered into to finance the development project costs.

B. The governing body shall hold a public hearing on the need for tax increment financing in the county, city or town prior to adopting a tax increment financing ordinance. Notice of the public hearing shall be published once each week for three consecutive weeks immediately preceding the public hearing in each newspaper of general circulation in such county, city or town*, with the first publication appearing no more than 21 days before the hearing*. The notice shall include the time, place and purpose of the public hearing, define tax increment financing, indicate the proposed boundaries of the development project area, and propose obligations to be issued to finance the development project area costs.

§ 58.1-3245.8. Adoption of local enterprise zone development taxation program.

A. The governing body of any county, city, or town may adopt a local enterprise zone development taxation program by passing an ordinance designating an enterprise zone located within its boundaries as a local enterprise zone; however, an ordinance may designate an area as a local enterprise zone contingent upon the designation of the area as an enterprise zone pursuant to Chapter 49 (§ 59.1-538 et seq.) of Title 59.1. If the county, city, or town contains more than one enterprise zone, such ordinance may designate one or more as a local enterprise zone. If an enterprise zone is located in more than one county, city, or town, the governing body may designate the portion of the enterprise zone located within its boundaries as a local enterprise zone. An ordinance designating a local enterprise zone shall provide that all or a specified percentage of the real estate taxes, machinery and tools taxes, or both, in the local enterprise zone shall be assessed, collected and allocated in the following manner:

1. The local assessing officer shall record in the appropriate books both the base assessed value and the current assessed value of the real estate or machinery and tools, or both, in the local enterprise zone.

2. Real estate taxes or machinery and tools taxes attributable to the lower of the current assessed value or base assessed value of real estate or machinery and tools located in a local enterprise zone shall be allocated by the treasurer or director of finance as they would be in the absence of such ordinance.

3. All or the specified percentage of the increase in real estate taxes or machinery and tools taxes, or both, attributable to the difference between (i) the current assessed value of such property and (ii) the base assessed value of such property shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Local Enterprise Zone Development Fund" to be used as provided in § 58.1-3245.10. Such amounts paid into the fund shall not include any additional revenues resulting from an increase in the tax rate on real estate or machinery and tools after the adoption of a local enterprise zone development taxation ordinance, nor shall it include any additional revenues merely resulting from an increase in the assessed value of real estate or machinery and tools which were located in the zone prior to the adoption of a local enterprise zone development taxation ordinance unless such property is improved or enhanced.

B. The governing body shall hold a public hearing on the need for a local enterprise zone development taxation program in the county, city, or town prior to adopting a local enterprise zone development taxation ordinance. Notice of the public hearing shall be published once each week for three consecutive weeks immediately preceding the public hearing in each newspaper of general circulation in such county, city, or town*, with the first publication appearing no more than 21 days before the hearing*. The notice shall include the time, place and purpose of the public hearing; define local enterprise

zone development taxation; indicate the proposed boundaries of the local enterprise zone; state whether all or a specified percentage of real property or machinery or tools, or both, will be subject to local enterprise zone development taxation; and describe the purposes for which funds in the Local Enterprise Zone Development Fund are authorized to be used.

§ 58.1-3256. Reassessment in towns; appeals of assessments.

In any incorporated town there may be for town taxation and debt limitation, a general reassessment of the real estate in any such town in the year designated, and every fourth year thereafter, that the council of such town shall declare by ordinance or resolution the necessity therefor. Every such general reassessment of real estate in any such town shall be made by a board of assessors consisting of three residents, a majority of whom shall be freeholders, who hold no official office or position with the town government, appointed by the council of such town for each general reassessment and the compensation of the person so designated shall be prescribed by the council and paid out of the town treasury. The assessors so designated shall assess the property in accordance with the general law and Constitution of Virginia. If for any cause the board is unable to complete an assessment within the year for which it is appointed, the council shall extend the time therefor for three months. Any vacancy in the membership of the board shall be filled by the council within 30 days after the occurrence thereof, but such vacancy shall not invalidate any assessment. The assessments so made shall be open for public inspection after notice of such inspection shall have been advertised in a newspaper of general circulation within the town at least ~~five~~ *seven* days prior to such date or dates of inspection. Within 30 days after the final date of inspection the assessors shall file the completed reassessments in the office of the town clerk and at the same time forward to the Department of Taxation a copy of the recapitulation sheets of such assessments.

Any person, firm, or corporation claiming to be aggrieved by any assessment may, within 30 days after the filing of reassessments in the office of the town clerk, apply to the town board of equalization for a correction of such assessment by filing with the town clerk a written statement setting forth his grievances. The board of equalization of every such town shall, within 30 days of the filing of such complaint, fix a date for a hearing on such application and, after giving the applicant at least 10 days' notice of the time fixed, shall hear such evidence as may be introduced by interested parties and correct the assessment by increasing or reducing the same. The circuit court having jurisdiction within the town shall, in each tax year immediately following the year in which a general reassessment was conducted, appoint for such town a board of equalization of real estate assessments made up of three to five citizens of the town. Any such town board of equalization shall be subject to the same member composition requirements and limits on terms of service as provided for boards of equalization pursuant to § 58.1-3374. In addition, at least once in every four years of service on a town board of equalization, each member of such board shall take continuing education instruction provided by the Tax Commissioner pursuant to § 58.1-206. In equalizing real property tax assessments, such board of equalization shall hear complaints, including but not limited to, that real property is assessed at more than fair market value. In hearing complaints, the board shall establish the value of real property as provided in § 58.1-3378. The provisions of § 58.1-3379 shall apply to all complaints heard by any town board of equalization.

Town taxes for each year on real estate subject to reassessment shall be extended on the basis of the last general reassessment made prior to such year subject to such changes as may have been lawfully made. The town tax assessor shall make changes required by new construction, subdivision and disaster loss. The council of any town may provide by ordinance that it will have a general reassessment of real estate in the town in the year designated by the town council and every year thereafter. The town council may declare the necessity for such general reassessment by such ordinance, but in all other respects this section shall be controlling. No county or district levies shall be extended on any assessments made under the provisions of this section.

Any town which has failed to conduct a general reassessment within five years shall use only those assessed values assigned by the county.

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings; referendum.

A. When any annual assessment, biennial assessment, or general reassessment of real property by a county, city, or town would result in an increase of one percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A if any such increase is deemed to be necessary by such governing body.

C. Notice of any public hearing held pursuant to this section shall be given at least ~~30~~ *seven* days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act

providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year. Additionally, in a county, city, or town that conducts its reassessment more than once every four years, the notice for any public hearing held pursuant to this section shall be published on a different day and in a different notice from any notice published for the annual budget hearing. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by _____ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be $ _____ per $100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of $ _____ per $100 of assessed value. The difference between the lowered tax rate and the proposed rate would be $ _____ per $100, or _____ percent. This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of county, city or town) will exceed last year's by _____ percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

D. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

E. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

F. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before June 30 of each year may be fixed on or before May 15 of that tax year.

§ 58.1-3378. Sittings; notices thereof.

Each board of equalization shall sit at and for such time or times as may be necessary to discharge the duties imposed and to exercise the powers conferred by this chapter. Of each sitting public notice shall be given at least ~~10~~ *seven* days beforehand by publication in a newspaper having general circulation in the county or city and, in a county, also by posting the notice at the courthouse and at each public library, voting precinct or both. Such posting shall be done by the sheriff or his deputy. Such notice shall inform the public that the board shall sit at the place or places and on the days named therein for the purpose of equalizing real estate assessments in such county or city and for the purpose of hearing complaints of inequalities wherein the property owners allege a lack of uniformity in assessment, or errors in acreage in such real estate assessments. The board also shall hear complaints that real property is assessed at more than fair market value. Except as otherwise provided by the Code of Virginia:

1. The fair market value of real property shall be established by the board as of January 1 of the applicable year; or

2. If a county or city has adopted July 1 as its tax day for real property pursuant to § 58.1-3011, then, for other than public service corporation property, the fair market value of real property shall be established by the board as of July 1 of the applicable year.

The governing body of any county or city may provide by ordinance the date by which applications must be made by property owners or lessees for relief. Such date shall not be earlier than 30 days after the termination of the date set by the assessing officer to hear objections to the assessments as provided in § 58.1-3330. If no applications for relief are received by such date, the board of equalization shall be deemed to have discharged its duties. Such governing body may also provide by ordinance the deadline by which all applications must be finally disposed of by the board of equalization. All such deadlines shall be clearly stated on the notice of assessment. Notwithstanding such deadlines, if a taxpayer applies to the commissioner of the revenue or other official performing the duties imposed on commissioners of the revenue for relief from a real property tax assessment prior to such deadlines, and such deadlines occur prior to a final determination on such application for relief, and the taxpayer advises the circuit court that he wishes to appeal the determination to the board of equalization, then the circuit court may require the board of equalization to hear and act on such appeal. The governing body may provide for applications for relief to be made electronically; however, taxpayers retain the right to file applications on traditional paper forms provided by the governing body as long as such forms are submitted prior to the established deadline. If such paper forms are mailed by the applicant, the postmark date shall be considered the date of receipt by the governing body. A hearing for relief before the board of equalization regarding an assessment on residential property shall not be denied on the basis of a lack of information on the application for relief, as long as the application includes the address, the parcel number, and the owner's proposed assessed value for the property. If the application for relief is sent electronically, the date the applicant sends the application shall be considered the date of receipt by the governing body. The application is considered sent when it meets the requirements of subsection (a) of § 59.1-493. A hearing for relief before the board of equalization regarding an assessment on commercial, multi-family residential, or industrial property on the basis of

fair market value shall not be denied on the basis of a lack of information on the application, as long as documentation of any applicable assessment methodologies is submitted with the application, and the application includes the address, the parcel number, and the owner's proposed assessed value for the property.

§ 58.1-3651. Property exempt from taxation by classification or designation by ordinance adopted by local governing body on or after January 1, 2003.

A. Pursuant to subsection 6 (a)(6) of Article X of the Constitution of Virginia, on and after January 1, 2003, any county, city, or town may by designation or classification exempt from real or personal property taxes, or both, by ordinance adopted by the local governing body, the real or personal property, or both, owned by a nonprofit organization, including a single member limited liability company whose sole member is a nonprofit organization, that uses such property for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes. The ordinance shall state the specific use on which the exemption is based, and continuance of the exemption shall be contingent on the continued use of the property in accordance with the purpose for which the organization is classified or designated. No exemption shall be provided to any organization that has any rule, regulation, policy, or practice that unlawfully discriminates on the basis of religious conviction, race, color, sex, sexual orientation, gender identity, or national origin.

B. Any ordinance exempting property by designation pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town where the real property is located. The notice shall include the assessed value of the real and tangible personal property for which an exemption is requested as well as the property taxes assessed against such property. The public hearing shall not be held until at least ~~five~~ *seven* days after the notice is published in the newspaper. The local governing body shall collect the cost of publication from the organization requesting the property tax exemption. Before adopting any such ordinance the governing body shall consider the following questions:

1. Whether the organization is exempt from taxation pursuant to § 501(c) of the Internal Revenue Code of 1954;

2. Whether a current annual alcoholic beverage license for serving alcoholic beverages has been issued by the Board of Directors of the Virginia Alcoholic Beverage Control Authority to such organization, for use on such property;

3. Whether any director, officer, or employee of the organization is paid compensation in excess of a reasonable allowance for salaries or other compensation for personal services which such director, officer, or employee actually renders;

4. Whether any part of the net earnings of such organization inures to the benefit of any individual, and whether any significant portion of the service provided by such organization is generated by funds received from donations, contributions, or local, state or federal grants. As used in this subsection, donations shall include the providing of personal services or the contribution of in-kind or other material services;

5. Whether the organization provides services for the common good of the public;

6. Whether a substantial part of the activities of the organization involves carrying on propaganda, or otherwise attempting to influence legislation and whether the organization participates in, or intervenes in, any political campaign on behalf of any candidate for public office;

7. The revenue impact to the locality and its taxpayers of exempting the property; and

8. Any other criteria, facts and circumstances that the governing body deems pertinent to the adoption of such ordinance.

C. Any ordinance exempting property by classification pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town. The public hearing shall not be held until at least five days after the notice is published in the newspaper.

D. Exemptions of property from taxation under this article shall be strictly construed in accordance with Article X, Section 6 (f) of the Constitution of Virginia.

E. Nothing in this section or in any ordinance adopted pursuant to this section shall affect the validity of either a classification exemption or a designation exemption granted by the General Assembly prior to January 1, 2003, pursuant to Article 2 (§ 58.1-3606 et seq.), 3 (§ 58.1-3609 et seq.) or 4 (§ 58.1-3650 et seq.) of this chapter. An exemption granted pursuant to Article 4 (§ 58.1-3650 et seq.) of this chapter may be revoked in accordance with the provisions of § 58.1-3605.

§ 58.1-3975. Nonjudicial sale of tax delinquent real properties of minimal size and value.

A. Notwithstanding any other provision of this title, the treasurer or other officer responsible for collecting taxes may sell, at public auction, any parcel of real property that is assessed at $10,000 or less, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due.

B. The treasurer or other officer responsible for collecting taxes may in addition sell, at public auction, any parcel of real property that is assessed at more than $10,000 but no more than $25,000, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, it is not subject to a recorded mortgage or deed of trust lien, and such parcel:

1. Is unimproved and measures no more than 43,560 square feet (1.0 acre);

2. Is unimproved and is determined to be unsuitable for building due to the size, shape, zoning, floodway, or other environmental designations of the parcel made by the locality's zoning administrator or other official designated by the locality to administer its zoning ordinance and carry out the duties set forth in subdivision A 4 of § 15.2-2286;

3. Has a structure on it that has been condemned by the local building official pursuant to applicable law or ordinance;

4. Has been declared by the locality a nuisance as that term is defined in § 15.2-900;

5. Contains a derelict building as that term is defined in § 15.2-907.1; or

6. Has been declared by the locality to be blighted as that term is defined in § 36-3.

For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

C. At least 30 days prior to conducting a sale under this section, the treasurer or other officer responsible for collecting taxes shall:

1. Send notice by certified or registered mail to the record owner or owners of such property and anyone appearing to have an interest in the property at their last known address as contained in the records of the treasurer or other officer responsible for collecting taxes; and

2. Post notice of such sale at the property location, if such property has frontage on any public or private street, and at the circuit courthouse of the locality.

D. The treasurer or other officer responsible for collecting taxes shall also cause a notice of sale to be published in the legal classified section of a newspaper of general circulation in the locality in which the property is located at least seven days ~~but no more than 21 days~~ prior to the sale; however, if the annual taxes assessed on the property are less than $500, such notice may be placed, in lieu of publication, on the treasurer's or local government's website beginning at least ~~21~~ *seven* days prior to sale and through the date of sale. The pro rata costs of posting notice, publication, and mailing shall become a part of the tax and shall be collected if payment is made in redemption of such real property.

E. The treasurer or other officer responsible for collecting taxes may advertise and sell multiple parcels at the same time and place pursuant to one notice of sale.

F. The treasurer or other officer responsible for collecting taxes may enter into an agreement with the owner of such parcel for payment over time.

G. The owner of any property, or other interested party, may redeem it at any time prior to the date of the sale by paying all accumulated taxes, penalties, interest, and costs thereon, including reasonable attorney fees. Partial payment of delinquent taxes, penalties, interest, or costs shall be insufficient to redeem the property and shall not operate to suspend, invalidate, or nullify any sale brought pursuant to this section.

H. At the time of sale, the treasurer or other officer responsible for collecting taxes shall sell to the highest bidder at public auction each parcel that has not been redeemed by the owner. Such sale shall be free and clear of the locality's tax lien, but shall not affect easements or other rights of record recorded prior to the date of sale or liens recorded prior to the date of sale unless the treasurer has given the lienholder written notice of the sale at least 30 days prior to the sale, at the lienholder's address of record and through his registered agent, if any. The treasurer or other officer responsible for collecting taxes shall tender a special warranty deed pursuant to this section to effectuate the conveyance of the parcel to the highest bidder.

I. If the sale proceeds are insufficient to pay the amounts owed in full, the treasurer or other officer responsible for collecting taxes may remove the unpaid taxes from the books and mark the same as satisfied. The sale proceeds shall be applied first to the costs of sale, then to the taxes, penalty, interest, and fees due on the parcel, and thereafter to any other taxes or other charges owed by the former owner to the jurisdiction.

J. Any excess proceeds shall remain the property of the former owner, subject to claims of creditors, and shall be kept by the treasurer or other officer responsible for collecting taxes in an interest-bearing escrow account. If any petition for excess proceeds is made to the treasurer or other officer responsible for collecting taxes under this section, the treasurer or officer holding the funds shall forward the funds to the locality's circuit court clerk to be interpleaded along with a copy of the claim for excess proceeds. A copy of such transmission shall be forwarded to the claimant. The burden of scheduling a hearing with the circuit court on the claim shall be that of the claimant and shall be made within two years of the date of the sale of the property that generated the excess funds. In the event that funds remain with the court two years after the date of the sale, the locality may petition to have the funds distributed to the locality's general fund. If no claim for payment of excess proceeds is made within two years after the date of sale, the treasurer or other responsible officer shall deposit the excess proceeds in the jurisdiction's general fund.

K. If the sale does not produce a successful bidder, the treasurer or other responsible officer shall add the costs of sale incurred by the jurisdiction to the delinquent real estate account.

§ 62.1-44.15:33. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. Localities that are VSMP authorities are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held ~~after giving due notice~~. *Notice of*

such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.

B. Localities that are VSMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:33. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. Localities that are serving as VESMP authorities are authorized to adopt more stringent soil erosion control or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.* This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:34. However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.

B. Localities that are serving as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such stormwater management ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are

determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local erosion and sediment control or stormwater management program in existence before January 1, 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section if the locality chooses to retain such provisions when it becomes a VESMP authority. However, such provisions shall be reported to the Board at the time of submission of the locality's VESMP approval package.

§ 62.1-44.15:65. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent regulations.

A. As part of a VESCP, a district or locality is authorized to adopt more stringent soil erosion and sediment control regulations or ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent regulations or ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the district or locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent regulations or ordinances, a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.* The VESCP authority shall report to the Board when more stringent stormwater management regulations or ordinances are determined to be necessary pursuant to this section. However, this section shall not be construed to authorize any district or locality to impose any more stringent regulations for plan approval or permit issuance than those specified in §§ 62.1-44.15:55 and 62.1-44.15:57.

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

§ 62.1-44.15:65. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Authorization for more stringent ordinances.

A. As part of a VESCP, a locality is authorized to adopt more stringent soil erosion and sediment control ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent ordinances are

based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances, a public hearing is held ~~after giving due notice~~. *Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing*. The VESCP authority shall report to the Board when more stringent erosion and sediment control ordinances are determined to be necessary pursuant to this section. This process shall not be required when a VESCP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:55. This section shall not be construed to authorize any VESCP authority to impose any more stringent ordinances for land-disturbance review and approval than those specified in § 62.1-44.15:55.

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

2. That the Virginia Code Commission shall convene the work group that met pursuant to Chapters 129 and 130 of the Acts of Assembly of 2022 to review requirements throughout the Code of Virginia for localities to provide notice for meetings, hearings, and other intended actions. In conducting the review, the work group shall examine (i) the varying frequency for publishing notices in newspapers and other print media, (ii) the number of days required to elapse between the publications of notices, and (iii) the amount of information required to be contained in each notice and make recommendations for uniformity and efficiency. The Virginia Code Commission shall submit a report to the Chairmen of the House Committee on General Laws and the Senate Committee on General Laws and Technology summarizing the work and any recommendations of the work group by November 1, 2023.

CHAPTER 508

An Act to amend the Code of Virginia by adding in Article 2 of Chapter 2 of Title 23.1 a section numbered 23.1-212.1, relating to Nuclear Education Grant Fund and Program established.

[H 1779]

Approved March 24, 2023

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 2 of Chapter 2 of Title 23.1 a section numbered 23.1-212.1 as follows:

§ 23.1-212.1. Nuclear Education Grant Fund and Program.

A. As used in this section, "nuclear education program" means an instructional program that leads to a degree or credential that specifically supports the nuclear power industry, including nuclear engineering and nuclear welding.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the Nuclear Education Grant Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of awarding grants on a competitive basis pursuant to the Nuclear Education Grant Program established in subsection C. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the chairman of the Council.

C. There is hereby established the Nuclear Education Grant Program (the Program), to be administered by the Council, for the purpose of awarding grants from the Fund on a competitive basis to any public institution of higher education or private institution of higher education that seeks to establish or expand a nuclear education program.

D. The Council shall establish such rules, policies, and procedures as it deems necessary for the administration of the Program, including rules, policies, and procedures for Program applications and grant awards.

CHAPTER 509

An Act to amend and reenact § 58.1-439.12:05 of the Code of Virginia, relating to green job creation tax credit.

[H 2178]

Approved March 24, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:05 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:05. Green and alternative energy job creation tax credit.

A. For taxable years beginning on or after January 1, 2010, but before January 1, 2025, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 for each new green job created within the Commonwealth by the taxpayer. The amount of the annual credit for each new green job shall be $500 for each annual salary that is $50,000 or more. The credit shall be first allowed for the taxable year in which the job has been filled for at least one year and for each of the four succeeding taxable years provided the job is continuously filled during the respective taxable year. Each taxpayer qualifying under this section shall be allowed the credit for up to 350 green jobs.

B. As used in this section:

"Green job" means employment in industries relating to the field of renewable, alternative energies, including the manufacture and operation of products used to generate electricity and other forms of energy from alternative sources that include hydrogen and fuel cell technology, landfill gas, *methane extracted in Planning District 2,* geothermal heating systems, solar heating systems, hydropower systems, wind systems, and biomass and biofuel systems. The Secretary of Commerce and Trade shall develop a detailed definition and list of jobs that qualify for the credit provided in this section and shall post them on his website.

"Job" means employment of an indefinite duration of an individual whose primary work activity is related directly to the field of renewable, alternative energies and for which the standard fringe benefits are paid by the taxpayer, requiring a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of such taxpayer's operations, which "normal year" must consist of at least 48 weeks, or (ii) 1,680 hours per year. Positions created when a job function is shifted from an existing location in the Commonwealth shall not qualify as a job under this section.

C. To qualify for the tax credit provided in subsection A, a taxpayer shall demonstrate that the green job was created by the taxpayer, and that such job was continuously filled in the Commonwealth during the respective taxable year.

D. The amount of the credit that may be claimed in any single taxable year shall not exceed the taxpayer's liability for taxes imposed by this chapter for that taxable year. If the amount of credit allowed under this section exceeds the taxpayer's tax liability for the taxable year in which the green job was continuously filled, the amount that exceeds the tax liability may be carried over for credit against the income taxes of the taxpayer in the next five taxable years or until the total amount of the tax credit has been taken, whichever is sooner.

E. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

F. If the taxpayer is eligible for the tax credits under this section and creates green jobs in an enterprise zone, as defined in § 59.1-539, such taxpayer may also qualify for the benefits under the Enterprise Zone Grant Program (§ 59.1-538 et seq.).

G. A taxpayer shall not be allowed a tax credit pursuant to this section for any green job for which the taxpayer is allowed (i) a major business facility job tax credit pursuant to § 58.1-439 or (ii) a federal tax credit for investments in manufacturing facilities for clean energy technologies that would foster investment and job creation in clean energy manufacturing.

2. That the provisions of this act shall apply to taxable years beginning on and after January 1, 2023.

CHAPTER 510

An Act to amend and reenact §§ 56-585.1:11 and 58.1-400.3 of the Code of Virginia, relating to electric utilities; affiliated interest for certain offshore wind projects; minimum tax for electric utilities.

[S 1477]

Approved March 24, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-585.1:11 and 58.1-400.3 of the Code of Virginia are amended and reenacted as follows:

§ 56-585.1:11. Development of offshore wind capacity.

A. As used in this section:

"Advanced clean energy buyer" means a commercial or industrial customer of a Phase II Utility, irrespective of generation supplier, (i) with an aggregate load over 100 megawatts; (ii) with an aggregate amount of at least 200 megawatts of solar or wind energy supply under contract with a term of 10 years or more from facilities located within the Commonwealth by January 1, 2024; and (iii) that directly procures from the utility the electric supply and environmental attributes of the offshore wind facility associated with the lesser of 50 megawatts of nameplate capacity or 15 percent of the commercial or industrial customer's annual peak demand for a contract period of 15 years.

"Aggregate load" means the combined electrical load associated with selected accounts of an advanced clean energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" means the legal right, directly or indirectly, to direct or cause the direction of the management, actions, or policies of an affiliated entity, whether through the ability to exercise voting power, by contract, or otherwise. "Control" does not include control of an entity through a franchise or similar contractual agreement.

"Offshore wind affiliate" means a regulated affiliate company of a Phase II Utility subject to the Commission's jurisdiction established by such utility in connection with any project constructed pursuant to subdivision C 1 for the purpose of securing a noncontrolling equity financing partner for the project.

"Qualifying large general service customer" means a customer of a Phase II Utility, irrespective of general supplier, (i) whose peak demand during the most recent calendar year exceeded five megawatts and (ii) that contracts with the utility to directly procure electric supply and environmental attributes associated with the offshore wind facility in amounts commensurate with the customer's electric usage for a contract period of 15 years or more.

B. In order to meet the Commonwealth's clean energy goals, prior to December 31, 2034, the construction or purchase by a public utility of one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth, with an aggregate capacity of up to 5,200 megawatts, is in the public interest and the Commission shall so find, provided that no customers of the utility shall be responsible for costs of any such facility in a proportion greater than the utility's *ownership* share of the facility*, including any ownership share held by an offshore wind affiliate.*

C. 1. Pursuant to subsection B, construction by a Phase II Utility of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline, with an aggregate rated capacity of not less than 2,500 megawatts and not more than 3,000 megawatts, along with electrical transmission or distribution facilities associated therewith for interconnection is in the public interest. In acting upon any request for cost recovery by a Phase II Utility *or its offshore wind affiliate* for costs associated with such a facility, the Commission shall determine the reasonableness and prudence of any such costs, provided that such costs shall be presumed to be reasonably and prudently incurred if the Commission determines that (i) the utility has complied with the competitive solicitation and procurement requirements pursuant to subsection E; (ii) the project's projected total levelized cost of energy, including any tax credit, on a cost per megawatt hour basis, inclusive of the costs of transmission and distribution facilities associated with the facility's interconnection, does not exceed 1.4 times the comparable cost, on an unweighted average basis, of a conventional simple cycle combustion turbine generating facility as estimated by the U.S. Energy Information Administration in its Annual Energy Outlook 2019; and (iii) the utility has commenced construction of such facilities for U.S. income taxation purposes prior to January 1, 2024, or has a plan for such facility or facilities to be in service prior to January 1, 2028. The Commission shall disallow costs, or any portion thereof, only if they are otherwise unreasonably and imprudently incurred. In its review, the Commission shall give due consideration to (a) the Commonwealth's renewable portfolio standards and carbon reduction requirements, (b) the promotion of new renewable generation resources, and (c) the economic development benefits of the project for the Commonwealth, including capital investments and job creation.

2. Notwithstanding the provisions of § 56-585.1, the Commission shall not grant an enhanced rate of return to a Phase II Utility for the construction of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline pursuant to this section.

3. Any such costs proposed for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, regardless of the generation supplier of any such customer, other than (i) PIPP eligible utility customers, (ii) advanced clean energy buyers, and (iii) qualifying large general service customers. No electric cooperative customer of the utility shall be assigned, nor shall the utility collect from any such cooperative, any of the costs of such facilities, including electrical transmission or distribution facilities associated therewith for interconnection. The Commission may promulgate such rules, regulations, or other directives necessary to administer the eligibility for these exemptions.

4. The Commission shall permit a portion of the nameplate capacity of any such facility, in the aggregate, to be allocated to (i) advanced clean energy buyers or (ii) qualifying large general service customers, provided that no more than 10 percent of the offshore wind facility's capacity is allocated to qualifying large general service customers. A Phase II Utility *or its offshore wind affiliate* shall petition the Commission for approval of a special contract with any advanced clean energy buyer, or any special rate applicable to qualifying large general service customers, pursuant to § 56-235.2, no later than 15 months prior to the projected commercial operation date of the facility, and all customer enrollments associated with such special contracts or rates shall be completed prior to commercial operation of the facility. Any such special contract or rate may include provisions for levelized rates of service over the duration of the customer's contracted agreement with the utility, and the Commission shall determine that such special contract or rate is designed to hold nonparticipating customers harmless over its term in connection with any petition for approval by the utility. The utility may petition for approval of such special contracts or rates in connection with any petition for approval of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of the facility, and the Commission shall rule upon any such petitions in its final order in such proceeding within nine months from the date of filing.

D. In constructing any such facility contemplated in subsection B, the utility shall develop and submit a plan to the Commission for review that includes the following considerations: (i) options for utilizing local workers; (ii) the economic development benefits of the project for the Commonwealth, including capital investments and job creation; (iii) consultation with the Commonwealth's Chief Workforce Development Officer, the Chief Diversity, Equity, and Inclusion Officer, and the Virginia Economic Development Partnership on opportunities to advance the Commonwealth's workforce and economic development goals, including furtherance of apprenticeship and other workforce training programs; (iv) giving priority to the hiring, apprenticeship, and training of veterans, as that term is defined in § 2.2-2000.1, local workers, and workers from

historically economically disadvantaged communities; and (v) procurement of equipment from Virginia-based or United States-based manufacturers using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. Any project constructed or purchased pursuant to subsection B shall (i) be subject to competitive procurement or solicitation for a substantial majority of the services and equipment, exclusive of interconnection costs, associated with the facility's construction; (ii) involve at least one experienced developer; and (iii) demonstrate the economic development benefits within the Commonwealth, including capital investments and job creation. A utility may give appropriate consideration to suppliers and developers that have demonstrated successful experience in offshore wind.

F. Any project shall include an environmental and fisheries mitigation plan submitted to the Commission for the construction and operation of such offshore wind facilities, provided that such plan includes an explicit description of the best management practices the bidder will employ that considers the latest science at the time the proposal is made to mitigate adverse impacts to wildlife, natural resources, ecosystems, and traditional or existing water-dependent uses. The plan shall include a summary of pre-construction assessment activities, consistent with federal requirements, to determine the spatial and temporal presence and abundance of marine mammals, sea turtles, birds, and bats in the offshore wind lease area.

G. In connection with any project constructed by a Phase II Utility pursuant to subdivision C 1, such utility may, subject to Commission approval pursuant to Chapter 4 (§ 56-76 et seq.), establish an offshore wind affiliate for the purpose of securing a noncontrolling equity financing partner for the project, and such offshore wind affiliate may be permitted to construct, own, or operate such project pursuant to subdivision C 1, or a portion thereof. Notwithstanding the provisions of the Utility Facilities Act (§ 56-265.1 et seq.), an offshore wind affiliate shall be permitted to operate as a public utility in association with the Phase II Utility and shall be entitled to all rights and privileges of a public utility solely in connection with the project. Nothing in this subsection shall prevent the Phase II Utility or its offshore wind affiliate from recovering the prudently incurred costs of constructing or operating the project pursuant to this section or subdivision A 6 of § 56-585.1, regardless of whether such costs are incurred by the utility or its offshore wind affiliate. In acting upon any such request for cost recovery by the Phase II Utility, the Commission shall utilize the capital structure and cost of capital of the utility, consistent with subdivision A 10 of § 56-585.1, and the capital structure and cost of capital of any noncontrolling entity's interest in the offshore wind affiliate shall be disregarded. If any ownership interest in the offshore wind affiliate is transferred to such a noncontrolling entity, the Commission shall ensure, in granting any approval for such transfer pursuant to the Utility Transfers Act (§ 56-88 et seq.), or for cost recovery under this section or subdivision A 6 of § 56-585.1, that any gain on the utility's basis for the project is credited to the utility's customers through a rate adjustment clause credit mechanism and amortized over such period as the Commission determines to be appropriate.

§ 58.1-400.3. Minimum tax on certain electric suppliers.

A. 1. An electric supplier, except for those organized as cooperatives and exempt from federal taxation under § 501 of the Internal Revenue Code of 1986, as amended, shall be subject to a minimum tax imposed by this section, instead of the corporate income tax imposed by § 58.1-400 if applicable, net of any income tax credits that may be used to offset such tax, if the tax imposed by § 58.1-400 is less than the minimum tax imposed by this subsection. An electric supplier that is organized as a limited liability, partnership, corporation that has made an election under subchapter S of the Internal Revenue Code, or other entity treated as a pass-through entity shall be subject to the minimum tax in the manner prescribed by regulation.

2. The minimum tax imposed by this subsection shall be equal to 1.45 percent of such electric supplier's gross receipts for the calendar year that ends during the taxable year minus the state's portion of the electric utility consumption tax billed to consumers.

B. 1. An electric supplier that is organized as a cooperative and exempt from federal taxation under § 501 of the Internal Revenue Code of 1986, as amended, shall be subject to a minimum tax, instead of the tax on modified net income imposed by § 58.1-400.2, if the tax imposed by § 58.1-400.2, net of any credits that may be used to offset such tax, is less than the minimum tax imposed by this subsection.

2. The minimum tax imposed by this subsection shall be equal to 1.45 percent of such electric supplier's gross receipts from sales to nonmembers for the calendar year that ends during the taxable year minus the consumption tax collected from nonmembers.

C. In the case of an income tax return for a period of less than 12 months, the minimum tax shall be based on the gross receipts for the calendar year that ends during the taxable period or, if none, the most recent calendar year that ended before the taxable period. The minimum tax shall be prorated by the number of months in the taxable period.

D. The State Corporation Commission shall calculate and certify to the Department for each tax year as defined in § 58.1-2600 the name, address, and minimum tax for each electric supplier. The Commission shall mail or otherwise deliver a copy of the certification to each affected electric supplier.

E. When an electric supplier subject to the tax imposed by this section is one of several affiliated corporations that file a consolidated or combined income tax return, the portion of the affiliated corporations' tax liability that is attributable to the electric supplier shall be computed as follows:

1. Each corporation included in the consolidated or combined return shall recompute its corporate income tax liability, net of any income tax credits, as if it were filing a separate return. The separate income tax liability of the electric supplier shall then be compared to the affiliated corporations' tax liability, net of any income tax credits, indicated on the

consolidated or combined return. For purposes of this section, the lesser amount shall be deemed to be the corporate income tax imposed by § 58.1-400 and attributable to the electric supplier.

2. a. If such corporate income tax amount is less than the minimum tax of the electric supplier as calculated pursuant to subsection A, the electric supplier shall be subject to the minimum tax in lieu of the corporate income tax imposed by § 58.1-400.

b. If such corporate income tax amount exceeds the minimum tax of the electric supplier as calculated pursuant to subsection A, the electric supplier shall not owe the minimum tax.

F. The requirements imposed under Article 20 (§ 58.1-500 et seq.) of Chapter 3 of this title regarding the filing of a declaration of estimated income taxes and the payment of such estimated taxes, shall be applicable to electric suppliers regardless of whether such taxpayer expects to be subject to the minimum tax imposed herein or to the corporate income tax imposed by § 58.1-400.

For purposes of determining the applicability of the exceptions under which the addition to the tax for the underpayment of any installment of estimated taxes shall not be imposed, it shall be irrelevant whether the tax shown on the return for the preceding taxable year is the corporate income tax or the minimum tax.

G. To the extent that a taxpayer is subject to the minimum tax imposed under this section, there shall be allowed a credit against the separate, combined, or consolidated corporate income tax for the total amount of minimum tax paid by the electric supplier in all previous years that is in excess of the tax imposed by § 58.1-400 on the electric supplier for such years.

H. 1. To the extent an electric supplier or its parent company has remitted estimated income tax payments in excess of its corporate income tax liability for the taxable years beginning on or after January 1, 2001, but before January 1, 2004, such overpayments shall only be utilized to offset any corporate income tax liabilities incurred pursuant to § 58.1-400 for taxable years beginning on and after January 1, 2004, and shall not be claimed as a refund of overpaid taxes, except as provided in subdivision 2 of this subsection. For the purposes of this subsection, estimated income tax payments shall include any overpayments from a prior taxable year carried forward as an estimated payment to be credited towards a future tax liability.

2. If an electric supplier has had a corporate income tax liability of greater than $0 for each taxable year beginning on or after January 1, 2001, but before January 1, 2003, then such electric supplier may claim a refund of any estimated income tax payments in excess of their taxable year 2003 corporate income tax liability.

I. Every electric supplier which owes the minimum tax imposed by this section shall remit such tax payment to the Department of Taxation.

J. Notwithstanding any of the foregoing provisions, an electric supplier may not adjust capped rates pursuant to § 56-582 of the Code of Virginia on any portion of the minimum tax due to the Commonwealth.

K. The following words and terms, for purposes of this section, shall have the following meanings:

"Consumption tax" means the state's portion of the electric utility consumption tax billed pursuant to Chapter 29 (§ 58.1-2900 et seq.) of this title, for which the electric supplier is defined as the "service provider" pursuant to § 58.1-2901 less any amounts billed on behalf of utilities owned and operated by municipalities.

"Electric supplier" means an incumbent electric utility in the Commonwealth that, prior to July 1, 1999, supplied electric energy to retail customers located in an exclusive service territory established by the State Corporation Commission. *However, "electric supplier" also includes an offshore wind affiliate as defined in § 56-585.1:11.*

"Gross receipts" has the same meaning as defined in § 58.1-2600 less receipts from sales to federal, state and local governments for their own use.

"Nonmember" has the same meaning as defined in § 58.1-400.2.

CHAPTER 520

An Act to amend and reenact § 58.1-442 of the Code of Virginia, relating to corporate income tax; filing method for affiliated corporations.

[H 1405]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-442 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-442. Separate, combined, or consolidated returns of affiliated corporations.

A. Corporations that are affiliated within the meaning of § 58.1-302 may, for any taxable year, file separate returns, file a combined return, or file a consolidated return of net income for the purpose of this chapter, and the taxes thereunder shall be computed and determined upon the basis of the type of return filed. Following an election to file on a separate, consolidated, or combined basis all returns thereafter filed shall be upon the same basis unless permission to change is granted by the Department.

B. For the purpose of subsection A:

1. A consolidated return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, prepared in accordance with the principles of § 1502 of the Internal Revenue Code and regulations promulgated thereunder. Permission to file a consolidated return shall not be denied to a group of affiliated corporations filing a consolidated federal return solely because two or more members of such affiliated group would be required to use different apportionment factors if separate returns were filed. The Tax Commissioner shall promulgate regulations setting forth the manner in which such an affiliated group shall compute its Virginia taxable income.

2. A combined return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, in which income or loss is separately determined in accordance with subdivisions a through d:

a. Virginia taxable income or loss is computed separately for each corporation;

b. Allocable income is allocated to the state of commercial domicile separately for each corporation;

c. Apportionable income or loss is computed, utilizing separate apportionment factors for each corporation;

d. Income or loss computed in accordance with subdivisions a, b, and c is combined and reported on a single return for the affiliated group.

C. Notwithstanding subsection A, a group of corporations may apply to the Tax Commissioner for permission to change the basis of the type of return filed (i) from consolidated to separate or (ii) from separate or combined to consolidated, if such corporations are affiliated within the meaning of § 58.1-302 and the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 12 years. Permission shall be granted if~~:~~

~~1. For the taxable year immediately preceding the taxable year for which the new election would be applicable, there would have been no decrease in tax liability computed under the proposed election as compared to the affiliated group's former filing method; and~~

~~2. The~~ *the* affiliated group agrees to file returns computing its Virginia income tax liability under both the new filing method and the former method and will pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year.

D. Notwithstanding subsections A and C, for taxable years beginning on and after January 1, 2023, but before January 1, 2025, a group of corporations may elect to change the basis of the type of return filed from combined to consolidated, if (i) such corporations are affiliated within the meaning of § 58.1-302; (ii) the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 20 years; and (iii) on or before January 1, 2022, at least one member of the affiliated group of which they are members is a related entity within the meaning of § 58.1-302 to a state or national bank that is exempt from filing a Virginia corporate income tax return under subdivision 3 of § 58.1-401.

Any eligible affiliated group that elects to change the basis of the type of return pursuant to this subsection shall be required to agree to file returns computing its Virginia income tax liability under both the new filing method and the former method and shall pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year. A taxpayer shall provide notification to the Department of Taxation that an election pursuant to this subsection is being made. Such notification shall be submitted on forms as prescribed by the Department of Taxation.

E. If any provision of subsection D is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, then that provision shall not be deemed severable, and all provisions of subsection D shall expire and be unavailable for any affiliated group that has not made the election as of the date of such decision.

CHAPTER 521

An Act to amend and reenact § 58.1-442 of the Code of Virginia, relating to corporate income tax returns; affiliated corporations.

[S 796]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-442 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-442. Separate, combined, or consolidated returns of affiliated corporations.

A. Corporations that are affiliated within the meaning of § 58.1-302 may, for any taxable year, file separate returns, file a combined return, or file a consolidated return of net income for the purpose of this chapter, and the taxes thereunder shall be computed and determined upon the basis of the type of return filed. Following an election to file on a separate, consolidated, or combined basis all returns thereafter filed shall be upon the same basis unless permission to change is granted by the Department.

B. For the purpose of subsection A:

1. A consolidated return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, prepared in accordance with the principles of § 1502 of the Internal Revenue Code and regulations promulgated thereunder. Permission to file a consolidated return shall not be denied to a group of affiliated corporations filing a consolidated federal return solely because two or more members of such affiliated group would be required to use different apportionment factors if separate returns were filed. The Tax Commissioner shall promulgate regulations setting forth the manner in which such an affiliated group shall compute its Virginia taxable income.

2. A combined return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, in which income or loss is separately determined in accordance with subdivisions a through d:

a. Virginia taxable income or loss is computed separately for each corporation;

b. Allocable income is allocated to the state of commercial domicile separately for each corporation;

c. Apportionable income or loss is computed, utilizing separate apportionment factors for each corporation;

d. Income or loss computed in accordance with subdivisions a, b, and c is combined and reported on a single return for the affiliated group.

C. Notwithstanding subsection A, a group of corporations may apply to the Tax Commissioner for permission to change the basis of the type of return filed (i) from consolidated to separate or (ii) from separate or combined to consolidated, if such corporations are affiliated within the meaning of § 58.1-302 and the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 12 years. Permission shall be granted if~~:~~

~~1. For the taxable year immediately preceding the taxable year for which the new election would be applicable, there would have been no decrease in tax liability computed under the proposed election as compared to the affiliated group's former filing method; and~~

~~2. The~~ *the* affiliated group agrees to file returns computing its Virginia income tax liability under both the new filing method and the former method and will pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year.

D. Notwithstanding subsections A and C, for taxable years beginning on and after January 1, 2023, but before January 1, 2025, a group of corporations may elect to change the basis of the type of return filed from combined to consolidated, if (i) such corporations are affiliated within the meaning of § 58.1-302; (ii) the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 20 years; and (iii) on or before January 1, 2022, at least one member of the affiliated group of which they are members is a related entity within the meaning of § 58.1-302 to a state or national bank that is exempt from filing a Virginia corporate income tax return under subdivision 3 of § 58.1-401.

Any eligible affiliated group that elects to change the basis of the type of return pursuant to this subsection shall be required to agree to file returns computing its Virginia income tax liability under both the new filing method and the former method and shall pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year. A taxpayer shall provide notification to the Department of Taxation that an election pursuant to this subsection is being made. Such notification shall be submitted on forms as prescribed by the Department of Taxation.

E. If any provision of subsection D is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, then that provision shall not be deemed severable, and all provisions of subsection D shall expire and be unavailable for any affiliated group that has not made the election as of the date of such decision.

~~(b)~~ *B.* Any person injured in his business or property by reason of a violation of this chapter may recover the actual damages sustained, and, as determined by the court, the costs of suit and reasonable ~~attorney's~~ *attorney* fees. If the trier of facts finds that the violation is willful or flagrant, it may increase damages to an amount not in excess of three times the actual damages sustained.

CHAPTER 523

An Act to amend and reenact § 22.1-279.3 of the Code of Virginia, relating to public school principals; parental notification of certain student violations.

[H 1982]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-279.3 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-279.3. Parental responsibility and involvement requirements.

A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.

B. A school board shall provide opportunities for parental and community involvement in every school in the school division.

C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or

the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions.

Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.

D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.

E. In accordance with the due process procedures set forth in this article and the guidelines required by § 22.1-279.6, the school principal ~~may~~ *or his designee shall* notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation ~~could~~ *is likely to* result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations *district* court may be filed under certain circumstances to declare the student a child in need of supervision.

F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations *district* court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:

1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D ~~of this section~~, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or

2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling, or ~~a~~ mentoring program, as appropriate, or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed $500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations *district* court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G 2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

I. All references in this section to the juvenile and domestic relations *district* court shall be also deemed to mean any successor in interest of such court.

CHAPTER 524

Be it enacted by the General Assembly of Virginia:

1. *§ 1. Any student enrolled in a virtual school program, as defined in § 22.1-212.23 of the Code of Virginia, may take any beginning-of-year or mid-year growth assessment required pursuant to subsection C of § 22.1-253.13:3 of the Code of Virginia in a virtual setting that best meets the educational needs of the student, subject to the following conditions:*

If the Department does not provide for integrated camera proctoring, the student shall use two devices for the duration of the assessment administration: one device on which the student takes the assessment and a second device on which an assessment proctor monitors for the duration of the assessment administration via the camera on the second

device. However, if the Department provides for the proctor to view the student and background, then a second device shall not be required;

4. The device on which the student takes the assessment meets the technical requirements of the assessment platform that ensure functionality and test security and has no other applications in operation for the duration of the assessment administration except for browser lockdown software to eliminate the possibility of Internet browser usage on such device for the duration of the assessment administration;

5. The device on which the student is being monitored has audio capabilities accessible by the assessment administrator;

6. An adult approved in accordance with the terms of the virtual school program, such as the student's parent, is physically present with the student for the duration of the assessment administration. Adults who are present with the student during such assessment administration must sign the Department of Education's current test security agreement;

7. The virtual school program maintains a student assessment taker to assessment proctor ratio not to exceed 10 to one;

8. The student does not exit the assessment administration until instructed to do so by the assigned assessment proctor;

9. The assessment submission is verified by the assessment administrator; and

10. The virtual school program is responsible for all costs associated with such virtual assessment administration.

2. That the Department of Education shall develop guidance to implement the provisions of this act by January 1, 2024.

3. That the provisions of the first enactment of this act shall expire at such time as the Department of Education's current state assessment program contract expires, provided, however, that the vendor selected by the Department of Education for the subsequent state assessment program contract shall provide for the capability of virtual assessment administration.

CHAPTER 525

An Act to amend and reenact Chapter 760 of the Acts of Assembly of 2022, relating to Department of Education; Standards of Learning assessment revision work group; timeline for Request for Proposal for provider of revised assessments.

§ 2. In developing such revised assessments and plan, the work group shall consider (i) best practices and innovations in summative assessments of proficiency from across the nation; (ii) alternative approaches to current and new assessment items, including subject areas and methods of grading such items; (iii) assessment items that include open-ended questions, long-form writing, and other tasks, with student responses scored by the Department according to statewide scoring rubrics; (iv) plan for pilot implementation of such assessment items prior to the 2027-2028 school year as necessary to determine the validity of such items; (v) the process for the development of a bank of vetted sample assessment items that include a comprehensive representation of knowledge and skills being assessed; (vi) the legislative and regulatory changes and funding necessary to implement alternative approaches considered by the work group; and (vii) a proposed timeline for implementation of such new assessments, giving consideration to implementation prior to the 2027-2028 school year. Such work group shall not be responsible for implementation of such revised assessment items unless there is further action from the General Assembly.

§ 3. That the Department of Education shall submit its initial plan for implementation of revised Virginia Standards of Learning summative assessments of proficiency developed pursuant to § 2 of this act to the Chairmen of the House Committee on Education, the Senate Committee on Education and Health, the House Committee on Appropriations, and the Senate Committee on Finance and Appropriations no later than November 1, 2023, and shall provide updates on the implementation of such plan no later than November 1 of each year thereafter through 2027.

§ 4. Be it enacted by the General Assembly of Virginia:

1. *§ 1. 1. The plan or filed document shall specify the nationally recognized news or information medium in which the facts can be found or otherwise state the manner in which the facts can be objectively ascertained. The manner in which the facts will operate upon the terms of the plan or filed document shall be set forth in the plan or filed document.

2. The facts may include:

a. Any of the following that is available in a nationally recognized news or information medium either in print or electronically: statistical or market indices, market prices of any security or group of securities, interest rates, currency exchange rates, or similar economic or financial data;

Articles of amendment under this subdivision are deemed to be authorized by the authorization of the original filed document or plan to which they relate and may be filed by the corporation without further action by the board of directors or the shareholders.

6. The provisions of subdivisions 1, 2, and 5 shall not be considered by the Commission in deciding whether the terms of a plan or filed document comply with the requirements of law.

B. § 13.1-661. Shareholders' list for meeting.

A. After fixing a record date for a meeting, a corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of a shareholders' meeting. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to shareholders of the corporation. A shareholders' list for voting shall be similarly available for inspection promptly after the record date for voting. The original share transfer books shall be prima facie evidence as to who are the shareholders entitled to examine such list or to vote at any meeting of shareholders. A shareholder, or the shareholder's agent or attorney, is entitled on written demand to inspect and, subject to the requirements of subsection D of § 13.1-771, to copy a list, during regular business hours and at the shareholder's expense, during the period it is available for inspection.

C. ~~If the meeting is to be held at a place, the corporation shall make the list of shareholders entitled to vote available at the meeting, and any shareholder, or the shareholder's agent or attorney, is entitled to inspect the list at any time during the meeting or any adjournment. ~~be open to such inspection during the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting.~~

~~D.~~ If the corporation refuses to allow a shareholder or the shareholder's agent or attorney to inspect a shareholders' list before ~~or at~~ the meeting, or to copy a list as permitted by subsection B, the circuit court of the county or city where the corporation's principal office, or if none in the Commonwealth its registered office, is located, on application of the shareholder, may summarily order the inspection or copying at the corporation's expense and may postpone the meeting for which the list was prepared until the inspection or copying is complete.

~~E.~~ *D.* Refusal or failure to prepare or make available the shareholders' list does not affect the validity of action taken at the meeting.

If the board of directors fixes a different record date under subsection E of § 13.1-660 to determine the shareholders entitled to vote at the meeting, a corporation also shall prepare an alphabetical list of the names of all its shareholders who are entitled to vote at the meeting. A list shall be arranged by voting group, and within each voting group by class or series of shares, and show the address of and number of shares held by each shareholder. Nothing contained in this subsection shall require the corporation to include on such list the electronic mail address or other electronic contact information of a shareholder.

B. The shareholders' list for notice shall be available for inspection by any shareholder, beginning ~~two~~ *five* business days after notice of the meeting is given for which the list was prepared and continuing through the *close of business on the last business day before the* meeting, (i) at the corporation's principal office or at a place identified in the meeting notice in the county or city where the meeting will be held or (ii) on a reasonably accessible electronic network, provided that the

information required to gain access to such list is provided with the notice of the meeting. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to shareholders of the corporation. A shareholders' list for voting shall be similarly available for inspection promptly after the record date for voting. The original share transfer books shall be prima facie evidence as to who are the shareholders entitled to examine such list or to vote at any meeting of shareholders. A shareholder, or the shareholder's agent or attorney, is entitled on written demand to inspect and, subject to the requirements of subsection D of § 13.1-771, to copy a list, during regular business hours and at the shareholder's expense, during the period it is available for inspection.

C. ~~If the meeting is to be held at a place, the corporation shall make the list of shareholders entitled to vote available at the meeting, and any shareholder, or the shareholder's agent or attorney, is entitled to inspect the list at any time during the meeting or any adjournment. If the meeting is to be held solely by means of remote communication, then such list shall also be open to such inspection during the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting.~~

~~D.~~ If the corporation refuses to allow a shareholder or the shareholder's agent or attorney to inspect a shareholders' list before ~~or at~~ the meeting, or to copy a list as permitted by subsection B, the circuit court of the county or city where the corporation's principal office, or if none in the Commonwealth its registered office, is located, on application of the shareholder, may summarily order the inspection or copying at the corporation's expense and may postpone the meeting for which the list was prepared until the inspection or copying is complete.

~~E.~~ *D.* Refusal or failure to prepare or make available the shareholders' list does not affect the validity of action taken at the meeting.

CHAPTER 531

An Act to amend and reenact §§ 18.2-493, 18.2-494, and 18.2-495 of the Code of Virginia, relating to filling, refilling, or otherwise delivering of liquefied petroleum gas during a qualifying emergency.

[S 1298]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-493, 18.2-494, and 18.2-495 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-493. Definitions.

As used in this article, unless the ~~text indicates otherwise~~ *context requires a different meaning*:

~~(a) "Person" shall mean any person, firm or corporation.~~

~~(b) "Owner" shall mean any person who holds a written bill of sale under which title or ownership to a container was transferred to such person, or any manufacturer of a container who has not sold or transferred ownership thereof by written bill of sale.~~

~~(c)~~ "Liquefied petroleum gas" ~~shall mean~~ *means* any material ~~which~~ *that* is composed predominately of any of the following hydrocarbons or mixtures of the same: propane, propylene, butanes (normal butane and isobutane) and butylenes.

"Owner" means any person who holds a written bill of sale under which title or ownership to a container was transferred to such person, or any manufacturer of a container who has not sold or transferred ownership thereof by written bill of sale.

"Person" means any person, firm, or corporation.

"Qualifying emergency" means (i) a state of emergency as declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44; (ii) a local emergency as declared by the local director of emergency management with the consent of the governing body of the political subdivision pursuant to § 44-146.21; (iii) a state of emergency as declared by the President of the United States; (iv) when severe weather or other similar circumstances exist that may result in a person being placed in imminent danger of death or injury or may result in a building or its fixtures being at risk of significant damage due to lack of heat caused by the lack of sufficient liquefied petroleum gas to produce such heat; or (v) when a waiver from delivery limitations affecting the delivery of liquefied petroleum gas has been ordered.

§ 18.2-494. Unlawful use of, filling or refilling, or trafficking in containers.

~~No~~ *A. Unless a qualifying emergency is in effect, no* person except the owner thereof or person authorized in writing by the owner shall fill or refill with liquefied petroleum gas, or any other gas or compound, a liquefied petroleum gas container~~,~~ or buy, sell, offer for sale, give, take, loan, deliver, or permit to be delivered~~,~~ or otherwise use, dispose of, or traffic in a liquefied petroleum gas container or containers if the container bears upon the surface thereof in plainly legible characters the name, initials, mark, or other device of the owner~~; nor~~. *Nor* shall any person other than the owner of a liquefied petroleum gas container or a person authorized in writing by the owner deface, erase, obliterate, cover up, or otherwise remove or conceal any name, mark, initial, or device thereon.

B. When a qualifying emergency is in effect, a residential customer who can demonstrate that he has less than a 24-hour supply of liquefied petroleum gas shall first make a good faith effort to procure delivery of liquefied petroleum gas from the owner of the liquefied petroleum gas container. If the owner of the liquefied petroleum gas container or other person authorized in writing by the owner is unable to make a scheduled delivery or fulfill the residential customer's good

faith request within 24 hours, the customer may have an emergency supplier fill, refill, or otherwise deliver liquefied petroleum gas into the customer's liquefied petroleum gas container, provided that the emergency supplier ensures that such liquefied petroleum gas container, and the devices and pipelines operated in connection with such container, have been inspected and certified as required by law. Within five business days of filling, refilling, or otherwise delivering liquefied petroleum gas to the customer's container, the emergency supplier shall give written notice to the owner of the liquefied petroleum gas container that includes (i) the name and address of the customer; (ii) the date of the filling, refilling, or delivery; and (iii) the amount of liquefied petroleum gas that was placed in the customer's container. The emergency supplier shall assume all responsibility and liability for injury to persons or property related to the emergency refilling of the liquefied petroleum gas container.

When an emergency supplier delivers liquefied petroleum gas to a residential customer pursuant to this subsection, neither such emergency supplier nor the owner of the liquefied petroleum gas container may charge any penalty or fee in addition to the filling, refilling, or delivery fees that are usually charged to other customers in the course of business during a nonemergency.

§ 18.2-495. Presumptive evidence.

The use of a liquefied petroleum gas container or containers by any person other than the person whose name, mark, initial, or device is on the liquefied petroleum gas container or containers, without written consent, or purchase of the marked and distinguished liquefied petroleum gas container for the sale of liquefied petroleum gas or filling or refilling with liquefied petroleum gas, or possession of the liquefied petroleum gas containers by any person other than the person having his name, mark, initial, or other device thereon, without the written consent of such owner, is presumptive evidence of the unlawful use *of*, filling or refilling *of*, or trafficking in ~~of~~ such liquefied petroleum gas containers.

The provisions of this section shall not apply to the filling, refilling, or otherwise delivering of liquefied petroleum gas into a liquefied petroleum gas container when such filling, refilling, or otherwise delivering of liquefied petroleum gas is done in accordance with subsection B of § 18.2-494.

CHAPTER 534

An Act to amend and reenact § 2.2-3704 of the Code of Virginia, relating to Virginia Freedom of Information Act; public records charges; electronic payment method.

[H 2006]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3704 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days or, in the case of a request for criminal investigative files pursuant to § 2.2-3706.1, 60 work days in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. Except with regard to scholastic records requested pursuant to subdivision A 1 of § 2.2-3705.4 that must be made available for inspection pursuant to the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and such requests for scholastic records by a parent or legal guardian of a minor student or by a student who is 18 years of age or older, a public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records and shall make all reasonable efforts to supply the requested records at the lowest possible cost. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. Prior to conducting a search for records, the public body shall notify the requester in writing that the public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for requested records and inquire of the requester whether he would like to request a cost estimate in advance of the supplying of the requested records. The public body shall provide the requester with a cost estimate if requested. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the cost estimate and the response of the requester. If the public body receives no response from the requester within 30 days of sending the cost estimate, the request shall be deemed to be withdrawn. Any costs incurred by the public body in estimating the cost of supplying the requested records shall be applied toward the overall charges to be paid by the requester for the supplying of such requested records. *Any local public body that charges for the production of records pursuant to this section may provide an electronic method of payment through which all payments for the production of such records to such locality may be made. For purposes of this subsection, "electronic method of payment" means any kind of noncash payment that does not involve a paper check and includes credit cards, debit cards, direct deposit, direct debit, electronic checks, and payment through the use of telephonic or similar communications.*

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed $200, the public body may, before continuing to process the request, require the requester to pay a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

No cause of action shall arise against a state public body for accidental or involuntary loss of audio or video signal or inability of the public to comment through the electronic communications means described in this subsection.

~~B.~~ *C.* No meeting shall be conducted through telephonic, video, electronic, or other electronic communication means where the members are not physically assembled to discuss or transact public business, except as provided in §§ 2.2-3708.2 and 2.2-3708.3 or as may be specifically provided in Title 54.1 for the summary suspension of professional licenses.

CHAPTER 537

An Act to amend and reenact § 46.2-772 of the Code of Virginia, relating to highway use fee; reimbursement.

[H 2254]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-772 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-772. (For contingent expiration, see Acts 2020, cc. 1230 and 1275) Highway use fee.

A. Except as provided in subsection C, there is hereby imposed an annual highway use fee on any motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697 that is an alternative fuel vehicle, an electric motor vehicle, or a fuel-efficient vehicle. The fee shall be collected by the Department at the time of vehicle registration. If the vehicle is registered for a period of other than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. *1.* For an electric motor vehicle, the highway use fee shall be 85 percent of the amount of taxes paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth, as determined by the Commissioner. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of the difference between the tax paid under subsection A of § 58.1-2217 on the fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner, and the tax paid under subsection A of § 58.1-2217 on the fuel used by the vehicle being registered for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner.

For purposes of this chapter, the Commissioner shall use combined fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain the manufacturer's fuel economy for a vehicle, then the Commissioner shall use the final estimate of average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If data is not available for the model year of the vehicle being registered, then the Commissioner shall use available data for the model year that is closest to the model year of the vehicle being registered.

The Commissioner shall update the fees calculated under this section by July 1 of each year.

2. The Department shall establish and administer a process whereby a vehicle owner may contest the fee assessed pursuant to this section. The Department shall reimburse the vehicle owner for any contested fee or portion thereof incorrectly collected pursuant to this section.

C. This section shall not apply to:

1. An autocycle, moped, or motorcycle;

2. A vehicle with a gross weight over 10,000 pounds;

3. A vehicle that is owned by a governmental entity as defined in § 58.1-2201; or

4. A vehicle that is registered under the International Registration Plan.

A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

D. In any case where an applicant has requested and is eligible for a refund pursuant to § 46.2-688, the Commissioner shall refund to the applicant the cost of the highway use fee, prorated in six-month increments, if such application is made when six or more months remain in the registration period.

CHAPTER 538

An Act to amend and reenact §§ 8.01-66.1, 46.2-214.3, 46.2-646, 46.2-646.1, 46.2-706, 46.2-707, 46.2-707.1, 46.2-708, 46.2-902.1, and 46.2-1530 of the Code of Virginia, relating to uninsured motorist fee; repeal.

If the judge finds that such denial, refusal or failure to pay was not made in good faith, the company, in addition to the liability assumed by the company under the provisions of the insured's policy of motor vehicle liability insurance, shall be liable to the third party claimant in an amount double the amount of the judgment awarded the third party claimant, together with reasonable attorney's fees and expenses.

2. The provisions of this subsection shall be construed to include an insurance company's refusal or failure to pay medical expenses to persons covered under the terms of any medical payments coverage extended under a policy of motor vehicle insurance when the refusal was not made in good faith.

§ 46.2-214.3. Discount for multiyear registration.

A. Pursuant to subsection C of § 46.2-646, for each motor vehicle, trailer, or semitrailer registered, the Commissioner may offer, at his discretion, a discount for multiyear registrations of such vehicles. The discount shall be equal to $1 for each year of the multiyear registration or fraction thereof. The discount shall not be applicable to any motor vehicle, trailer, or semitrailer registered ~~(i)~~ under the International Registration Plan ~~or (ii) as an uninsured motor vehicle~~. When this option is offered and chosen by the registrant, all annual and 12-month fees due at the time of registration shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. In addition to the discount authorized in subsection A, for the renewal of registration of each motor vehicle, trailer, or semitrailer pursuant to § 46.2-646, the Commissioner shall offer a discount for renewal when such registration renewal is conducted using the Internet. The discount shall be equal to $1. The discount shall not apply to any motor vehicle, trailer, or semitrailer registered ~~(i)~~ under the International Registration Plan ~~or (ii) as an uninsured motor vehicle~~.

§ 46.2-646. Expiration and renewal of registration.

A. Every registration under this title, unless otherwise provided, shall expire on the last day of the twelfth month next succeeding the date of registration. Every registration, unless otherwise provided, shall be renewed annually on application by the owner and by payment of the fees required by law, the renewal to take effect on the first day of the month succeeding the date of expiration. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring registration if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, and (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

B. All motor vehicles, trailers, and semitrailers registered in the Commonwealth shall, at the discretion of the Commissioner, be placed in a system of registration on a monthly basis to distribute the work of registering motor vehicles as uniformly as practicable throughout the 12 months of the year. All such motor vehicles, trailers, and semitrailers, unless otherwise provided, shall be registered for a period of 12 months. The registration shall be extended, at the discretion of the Commissioner, on receipt of appropriate prorated fees, as required by law, for a period of not less than one month nor more than 11 months as is necessary to distribute the registrations as equally as practicable on a monthly basis. The Commissioner shall, on request, assign to any owner or owners of two or more motor vehicles, trailers, or semitrailers the same registration period. The expiration date shall be the last day of the twelfth month or the last day of the designated month. Except for motor vehicles, trailers, and semitrailers registered for more than one year under subsection C of this section, every registration shall be renewed annually on application by the owner and by payment of fees required by law, the renewal to take effect on the first day of the succeeding month.

C. The Commissioner may offer, at his discretion, an optional multi-year registration for all motor vehicles, trailers, and semitrailers except for ~~(i)~~ those registered under the International Registration Plan ~~and (ii) those registered as uninsured motor vehicles~~. When this option is offered and chosen by the registrant, all annual and 12-month fees due at the time of registration shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

D. For any summons issued for a violation of this section, the court may, in its discretion, dismiss the summons where proof of compliance with this section is provided to the court on or before the court date.

E. No law-enforcement officer shall stop a motor vehicle due to an expired registration sticker prior to the first day of the fourth month after the original expiration date. No evidence discovered or obtained as the result of a stop in violation of this subsection, including evidence discovered or obtained with the operator's consent, shall be admissible in any trial, hearing, or other proceeding.

§ 46.2-646.1. Deactivation and reactivation of registration; fees.

A. The owner of a motor vehicle that has been registered in the Commonwealth may apply to the Commissioner to deactivate the registration of such vehicle. The owner of a motor vehicle who has voluntarily deactivated the vehicle's registration pursuant to this section shall not be required, with respect to such vehicle, to carry bodily injury liability insurance or property damage insurance~~, or to pay the uninsured motor vehicle fee as provided under § 46.2-706~~.

It shall be unlawful to operate any motor vehicle whose registration has been deactivated on any highway in the Commonwealth.

B. Any person having a motor vehicle for which registration has been deactivated under subsection A may apply to the Commissioner to reactivate the registration of such vehicle. Every applicant for reactivation of registration shall furnish the Commissioner with such evidence as is required under § 46.2-649 and shall ~~either (i)~~ execute and furnish to the Commissioner his certificate that the motor vehicle for which registration is to be reactivated is an insured motor vehicle as defined in § 46.2-705, or that the Commissioner has issued to its owner, in accordance with § 46.2-368, a certificate of self-insurance applicable to the vehicle ~~or (ii) pay the uninsured motor vehicle fee required by § 46.2-706, which shall be disposed of as provided by § 46.2-710~~. The fee to be paid to the Department for the reactivation of a motor vehicle's registration shall be $10 unless the vehicle's registration has expired or the vehicle is registered under the International Registration Plan.

§ 46.2-706. Proof of insurance required of applicants for registration of motor vehicles; verification of insurance; suspension of driver's license, registration certificates, and license plates for certain violations.

A. ~~In addition to any other fees prescribed by law, every person registering an uninsured motor vehicle, as defined in § 46.2-705, at the time of registering or reregistering the uninsured vehicle, shall pay a fee of $500; however, if the uninsured motor vehicle is being registered for a period of less than a full year, the uninsured motor vehicle fee shall be prorated for the unexpired portion of the registration period. If the vehicle is a motor vehicle being registered as provided in subsection B of § 46.2-697, the fee shall be one-fourth of the annual uninsured motor vehicle fee for each quarter for which the vehicle is registered.~~

~~B. If the owner of a motor vehicle registered under this article as an uninsured motor vehicle, during the period for which such vehicle is registered, obtains insurance coverage adequate to permit such vehicle's registration as an insured motor vehicle and presents evidence satisfactory to the Commissioner of the existence of such insurance coverage, the Commissioner shall amend the Department's records to show such vehicle to be registered as an insured motor vehicle and shall refund to the owner a prorated portion of the additional fee required by this section for registration of an uninsured motor vehicle. Such proration shall be on a monthly basis, except that no such refund shall be made (i) as to any registration during the last three months of its validity or (ii) on any portion of any such fee required to be paid resulting from a determination by the Department or any court that a vehicle was uninsured and no fee had been paid.~~

~~C.~~ Every person applying for registration of a motor vehicle ~~and declaring it to be an insured motor vehicle~~ shall, under the penalties set forth in § 46.2-707, execute and furnish to the Commissioner his certificate that the motor vehicle is an insured motor vehicle as defined in § 46.2-705, or that the Commissioner has issued to its owner, in accordance with § 46.2-368, a certificate of self-insurance applicable to the vehicle sought to be registered. The Commissioner, or his duly authorized agent, may verify that the motor vehicle is properly insured by comparing owner and vehicle identification information on file at the Department of Motor Vehicles with liability information on the owner and vehicle transmitted to the Department by any insurance company licensed to do business in the Commonwealth as provided in § 46.2-706.1. If no record of liability insurance is found, the Department may require the motor vehicle owner to verify insurance in a method prescribed by the Commissioner.

~~D.~~ *B.* The refusal or neglect of any owner within 30 days to submit the liability insurance information when required by the Commissioner or his duly authorized agent, or the electronic notification by the insurance company or surety company that the policy or bond named in the certificate of insurance is not in effect, shall require the Commissioner to suspend any driver's license and all registration certificates and license plates issued to the owner of the motor vehicle until the person (i) has paid to the Commissioner a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and (ii) furnishes proof of financial responsibility for the future in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. No order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued. When three years have elapsed from the effective date of the suspension required in this section, the Commissioner may relieve the person of the requirement of furnishing proof of future financial responsibility.

~~E.~~ *C.* The Commissioner shall suspend the driver's license and all registration certificates and license plates of any person on receiving a record of his conviction of a violation of any provisions of § 46.2-707, but the Commissioner shall dispense with the suspension when the person is convicted for a violation of § 46.2-707 and the Department's records show conclusively that the motor vehicle was insured ~~or that the fee applicable to the registration of an uninsured motor vehicle has been paid by the owner~~ prior to the date and time of the alleged offense.

~~F.~~ *D.* The Commissioner may dispense with a suspension for a violation of this section or § 46.2-708 if the person determined to have committed the violation provides to the Commissioner proof that conclusively shows that the motor vehicle in question was insured at the time the Department initiated insurance monitoring under ~~§ 46.2-706~~ *this section or § 46.2-706.1* or at the time of a violation of § 46.2-708.

§ 46.2-707. Operation of uninsured vehicle; false evidence of insurance; penalty.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558 who operates or permits the operation of that motor vehicle ~~without first having paid to the Commissioner the uninsured motor vehicle fee required by § 46.2-706, to be disposed of as provided by § 46.2-710, shall be~~ *is* guilty of a Class 3 misdemeanor.

The Commissioner or his duly authorized agent, having reason to believe that a motor vehicle is being operated or has been operated on any specified date, may require the owner of such motor vehicle to verify insurance in a method prescribed by the Commissioner as provided for by § 46.2-706. The refusal or neglect of the owner ~~who has not, prior to the date of operation, paid the uninsured motor vehicle fee required by § 46.2-706 as to such motor vehicle,~~ to provide such verification shall be prima facie evidence that the motor vehicle was an uninsured motor vehicle at the time of such operation.

Any person who falsely verifies insurance to the Commissioner or gives false evidence that a motor vehicle sought to be registered is an insured motor vehicle, shall be guilty of a Class 3 misdemeanor.

However, the foregoing portions of this section shall not be applicable if it is established that the owner had good cause to believe and did believe that such motor vehicle was an insured motor vehicle, in which event the provisions of § 46.2-609 shall be applicable.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558~~, and who has not paid the uninsured motor vehicle fee required by § 46.2-706,~~ shall immediately surrender the vehicle's license plates to the Department, unless the vehicle's registration has been deactivated as provided by § 46.2-646.1. Any person who fails to immediately surrender his vehicle's license plates as required by this section is guilty of a Class 3 misdemeanor.

Abstracts of records of conviction, as defined in this title, of any violation of any of the provisions of this section shall be forwarded to the Commissioner as prescribed by § 46.2-383.

The Commissioner shall suspend the driver's license and all registration certificates and license plates of any titled owner of an uninsured motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section, and he shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person until such person pays a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and furnishes proof of future financial responsibility as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, when three years have elapsed from the date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of future financial responsibility. When such suspension results from a conviction for presenting or causing to be presented to the Commissioner false verification as to whether a motor vehicle is an insured motor vehicle or false evidence that any motor vehicle sought to be registered is insured, then the Commissioner shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person so convicted for a period of 180 days from the date of such order of suspension, and only then when all other provisions of law have been complied with by such person.

The Commissioner shall suspend the driver's license of any person who is the operator but not the titled owner of a motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section and he shall not thereafter reissue the driver's license until 30 days from the date of such order of suspension.

§ 46.2-707.1. Noncompliance fee payment plan.

A. The Department may establish a noncompliance fee payment plan to allow individuals to pay the fees for a motor vehicle determined to be uninsured as prescribed in § 46.2-706, 46.2-707, or 46.2-708. Notwithstanding §§ 46.2-706, 46.2-707, and 46.2-708, an individual 18 years of age or older whose driver's license and vehicle registration have been suspended pursuant to § 46.2-706, 46.2-707, or 46.2-708 may apply to the Department to enter into a payment plan agreement with a duration of no more than three years from the agreement date, referred to in this section as the "payment plan period."

B. To be eligible to enter into the payment plan, the individual must (i) have one or more outstanding suspensions of driving privileges pursuant to the provisions of § 46.2-706, 46.2-707, or 46.2-708 and have no other outstanding suspensions or revocations; (ii) meet all other conditions for reinstatement of driving privileges; and (iii) have not defaulted twice on the same uninsured motor vehicle payment plan agreement.

C. An eligible individual who pays a $25 administrative fee when entering into a payment plan agreement or when reentering into a payment plan agreement with the Department, and pays the reinstatement fee pursuant to §§ 46.2-333.1 and 46.2-411, if required, shall be eligible to have his driving privileges reinstated by the Department.

D. The amount and frequency of each payment and the duration of the payment plan shall be described in the payment plan agreement signed by the Department and the individual. Payments may be made in person, online, by telephone, or by mail. The full fee must be paid in no more than three years from the agreement date; however, an individual may repay the balance of the fee at any time during the payment plan period with no penalty.

E. If an individual defaults on the payment plan agreement, the Commissioner shall suspend the driver's license and all registration certificates and license plates issued to the owner of the motor vehicle determined to be uninsured. Such driver's license, registration certificates, and license plates shall remain suspended until the individual pays the balance of the fee applicable to ~~the registration of an uninsured motor vehicle~~ *his offense* as prescribed in § 46.2-706, 46.2-707, or 46.2-708 and furnishes proof of future financial responsibility as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. An individual is in default if he (i) pays an installment payment late as defined in the payment plan agreement or (ii) fails to make an installment payment as agreed to in the payment plan agreement. If an individual is in default and is ineligible to reenter the payment plan, full payment of the balance of the fee shall be due as agreed to in the payment plan agreement. The Commissioner may extend the due date of any installment payment for not more than 30 days if the Department is unable to process an installment payment due to circumstances beyond its control.

F. When all fees are paid, the individual shall continue to furnish proof of financial responsibility pursuant to Article 15 (§ 46.2-435 et seq.) of Chapter 3 and § 46.2-709.

G. Installment payments of the fee with respect to the motor vehicle determined to be uninsured shall be disposed of pursuant to § 46.2-710. The administrative fee shall be paid to the Commissioner and deposited into the state treasury account set aside in a special fund to be used to meet the necessary expenses incurred by the Department.

§ 46.2-708. Suspension of driver's license and registration when uninsured motor vehicle is involved in reportable accident; hearing prior to suspension.

When it appears to the Commissioner from the records of his office or from a report submitted by an insurance company licensed to do business in the Commonwealth that an uninsured motor vehicle as defined in § 46.2-705, subject to registration in the Commonwealth, is involved in a reportable accident in the Commonwealth resulting in death, injury, or property damage ~~with respect to which motor vehicle the owner thereof has not paid the uninsured motor vehicle fee as prescribed in § 46.2-706~~, the Commissioner shall, in addition to enforcing the applicable provisions of Article 13 (§ 46.2-417 et seq.) of Chapter 3, suspend such owner's driver's license and all of his license plates and registration certificates until such person has complied with Article 13 of Chapter 3 and has paid to the Commissioner a noncompliance fee of $600, to be disposed of as provided by § 46.2-710, with respect to the motor vehicle involved in the accident and furnishes proof of future financial responsibility in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, no order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued.

However, when three years have elapsed from the effective date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of future financial responsibility. The presentation by a person subject to the provisions of this section of a certificate of insurance, executed by an agent or representative of an insurance company qualified to do business in this Commonwealth, showing that on the date and at the time of the accident the vehicle was an insured motor vehicle as herein defined~~, or, presentation by such person of evidence that the additional fee applicable to the registration of an uninsured motor vehicle had been paid to the Department prior to the date and time of the accident,~~ shall be sufficient bar to the suspension provided for in this section.

§ 46.2-902.1. Officer may require certain motorists to furnish proof of insurance; penalty.

Any law-enforcement officer present at the scene of a motor vehicle accident as to which a law-enforcement officer is required by § 46.2-373 to file an accident report with the Department may require the operator of any motor vehicle involved in such accident to furnish proof that the vehicle he was operating at the time of such accident was ~~either (i)~~ an insured motor vehicle as defined in § 46.2-705 ~~or (ii) a vehicle for which the fee required by § 46.2-706 for registration of an uninsured vehicle had been paid as to that vehicle~~. Failure to furnish proof of insurance ~~or payment of the uninsured vehicle registration fee~~ when required by a law-enforcement officer as provided in this section within thirty days shall constitute a Class 2 misdemeanor.

Good faith effort shall include contacting the next of kin identified in the petition for appointment of a guardian. Unless the incapacitated person resides with the guardian, a statement of the frequency and nature of any (i) in-person visits from the guardian with the incapacitated person over the course of the previous year and (ii) visits over the course of the previous year from a designee who is directly supervised or contracted by the guardian, including the name of the designee performing such visit. If any visit described in this section is made virtually, the guardian shall include such information in the annual report;

10. If no visit is made within a ~~six-month~~ *120-day* period, the guardian shall describe any challenges or limitations in completing such visit;

7. Develop and implement, in coordination with the Council, the Department of Education, and the Virginia Association of School Superintendents, (i) a plan to achieve and maintain the same standards regarding quality, consistency, and level of evaluation and review for dual enrollment courses offered by local school divisions pursuant to § 23.1-907 as are required for all courses taught in the System and (ii) a process and criteria for determining whether any dual enrollment course offered in the Commonwealth that meets or exceeds such standards is transferable to a public institution of higher education as (a) a uniform certificate of general studies program or passport program course credit, (b) a general elective course credit, or (c) a course credit meeting other academic requirements of a public institution of higher education;

Except as provided in subsection C, there is hereby imposed an annual highway use fee on any motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697 that is an alternative fuel vehicle, an electric motor vehicle, or a fuel-efficient vehicle. The fee shall be collected by the Department at the time of vehicle registration. If the vehicle is registered for a period of other than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. For an electric motor vehicle, the highway use fee shall be 85 percent of the amount of taxes paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth, as determined by the Commissioner. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of the difference between the tax paid under subsection A of § 58.1-2217 on the fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner, and the tax paid under subsection A of § 58.1-2217 on the fuel used by the vehicle being registered for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner.

For purposes of this chapter, the Commissioner shall use combined fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain the manufacturer's fuel economy for a vehicle, then the Commissioner shall use the final estimate of average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If data is not available for the model year of the vehicle being registered, then the Commissioner shall use available data for the model year that is closest to the model year of the vehicle being registered.

The Commissioner shall update the fees calculated under this section by July 1 of each year.

C. This section shall not apply to:

1. An autocycle, moped, or motorcycle;

2. A vehicle with a gross weight over 10,000 pounds;

3. A vehicle that is owned by a governmental entity as defined in § 58.1-2201; or

Notwithstanding the provisions of this section, the annual highway use fee for a low-speed vehicle that is registered under Chapter 6 (§ 46.2-600 et seq.) shall be $25.

A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

D. In any case where an applicant has requested and is eligible for a refund pursuant to § 46.2-688, the Commissioner shall refund to the applicant the cost of the highway use fee, prorated in six-month increments, if such application is made when six or more months remain in the registration period.

A. Criminal history record information shall be disseminated, whether directly or through an intermediary, only in accordance with § 19.2-389.

B. The Board shall adopt regulations and procedures for the interstate dissemination of criminal history record information by which criminal justice agencies of the Commonwealth shall ensure that the limitations on dissemination of criminal history record information set forth in § 19.2-389 are accepted by recipients and will remain operative in the event of further dissemination.

C. The Board shall adopt regulations and procedures for the validation of an interstate recipient's right to obtain criminal history record information from criminal justice agencies of the Commonwealth.

D. The Board shall adopt regulations and procedures for the dissemination of sealed criminal history record information, including any records relating to an arrest, charge, or conviction, by which the criminal justice agencies of the Commonwealth and other persons, agencies, and employers can access such sealed records and shall ensure that access to and dissemination of such sealed records are made in accordance with the limitations on dissemination and use set forth in §§ 19.2-389~~, 19.2-389.3,~~ and 19.2-392.13.

§ 17.1-293.1. (For contingent effective date see cc. 524 and 542) Online case information system; exceptions.

A. The Executive Secretary shall make available a publicly viewable online case information system of certain nonconfidential information entered into the case management system for criminal cases in the circuit courts participating in the Executive Secretary's case management system and in the general district courts. Such system shall be searchable by defendant name across all participating courts, and search results shall be viewable free of charge.

B. Upon entry of a sealing order pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12, the Executive Secretary shall not make any offense that was ordered to be sealed available for online public viewing in an appellate court, circuit court, or district court case management system maintained by the Executive Secretary.

C. Upon entry of a sealing order pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12, any circuit court clerk who maintains a viewable online case management or case information system shall not make any offense that was ordered to be sealed available for online public viewing.

§ 19.2-392.2. Expungement of police and court records.

A. If a person is charged with the commission of a crime, a civil offense, or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge.

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant, summons, or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except ~~where~~ *when* not reasonably available, the date of arrest and the name of the arresting agency. ~~Where~~ *When* this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge or civil offense to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest. *If the petition is filed under this subsection, the petitioner shall request that the Central Criminal Records Exchange (CCRE) electronically forward a copy of the petitioner's Virginia criminal history record to the circuit court in which the petition was filed. Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court.*

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. ~~The~~ *If the petition is filed under subsection B, the* petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the ~~Central Criminal Records Exchange (CCRE)~~ *CCRE* with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history~~, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, if applicable,~~ and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for

expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information ~~from the~~ ~~CCRE~~, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected.

L. Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

M. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

N. A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to expunge issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.3 pursuant to regulations and procedures adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

§ 19.2-392.3. Disclosure of expunged records.

A. It shall be unlawful for any person having or acquiring access to an expunged court or police record to open or review it or to disclose to another person any information from it without an order from the court which ordered the record expunged.

B. Upon a verified petition filed by the attorney for the Commonwealth alleging that the record is needed by a law-enforcement agency for purposes of employment application as an employee of a law-enforcement agency or for a pending criminal investigation and that the investigation will be jeopardized or that life or property will be endangered without immediate access to the record, the court may enter an ex parte order, without notice to the person, permitting such access. An ex parte order may permit a review of the record, but may not permit a copy to be made of it.

C. *Upon a verified petition requesting access to an expunged court or police record that is filed by the person who was charged with the offense that was ordered to be expunged, with notice to the attorney for the Commonwealth, the court may enter an order allowing that person and their counsel to review and copy the expunged court or police record. However, no agency or entity shall be required to allow the person or their counsel to review or copy the expunged court or police record if such record has been destroyed.*

D. Any person who willfully violates this section is guilty of a Class 1 misdemeanor. *However, unless otherwise prohibited by law, any person who opens, reviews, or discloses information from an expunged court or police record after being provided a copy of such record by the person who was charged with the offense that was ordered to be expunged, or by counsel for such person, shall not be in violation of this section.*

§ 19.2-392.5. (For contingent effective date see Acts 2021, Sp. Sess. I, cc. 524 and 542) Sealing defined; effect of sealing.

A. As used in this chapter, unless the context requires a different meaning, "sealing" means to (i) restricting dissemination of criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134 and (ii) prohibiting dissemination of court records related to an arrest, charge, or conviction, unless such dissemination is authorized by a court order for one or more of the purposes set forth in § 19.2-392.13. "Sealing" may be required either by the issuance of a court order following the filing of a petition or automatically by operation of law under the processes set forth in this chapter.

B. The provisions of this chapter shall only apply to adults who were arrested, charged, or convicted of a criminal offense and to juveniles who were tried in circuit court pursuant to § 16.1-269.1.

C. Records relating to an arrest, charge, or conviction that have been sealed may be disseminated only for purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. The court, except as provided in subsection B of § 19.2-392.14, and any law-enforcement agency shall reply to any inquiry that no record exists with respect to an arrest, charge, or conviction that has been sealed, unless such information is permitted to be disclosed pursuant to § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. A clerk of any court and the Executive Secretary of the Supreme Court shall be immune from any cause of action arising from the production of sealed court records, including electronic records, absent gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any cause of action accruing prior to the effective date of this section.

D. Except as otherwise provided in this section, upon entry of an order for sealing, the person who was arrested, charged, or convicted of the offense that was ordered to be sealed may deny or not disclose to any state or local government agency or to any private employer in the Commonwealth that such an arrest, charge, or conviction occurred. Except as otherwise provided in this section, no person as to whom an order for sealing has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of that person's denial or failure to disclose any information concerning an arrest, charge, or conviction that has been sealed.

E. A person who is the subject of the order of sealing entered pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12 may not deny or fail to disclose information to any employer or prospective employer about an offense that has been ordered to be sealed if:

2. This Code requires the employer to make such an inquiry;

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

F. An order to seal an arrest, charge, or conviction entered pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12 shall not relieve the person who was arrested, charged, or convicted of any obligation to pay all fines, costs, forfeitures, penalties, or restitution in relation to the offense that was ordered to be sealed.

A person as to whom an order for sealing has been entered may be required to disclose a sealed arrest, charge, or conviction as part of such proceedings. Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

H. Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12 shall not be (i) disclosed in any sentencing report; (ii) considered when ascertaining the punishment of a defendant; or (iii) considered in any hearing on the issue of bail, release, or detention of a defendant.

L. If a petitioner qualifies to file a petition for sealing of records without the payment of fees and costs pursuant to subsection B and has requested court-appointed counsel, the court shall then appoint counsel to file the petition for sealing of records and represent the petitioner in the sealed records proceedings. Counsel appointed to represent such a petitioner shall be compensated for his services subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, in a total amount not to exceed $120, as determined by the court, and such compensation shall be paid from the Sealing Fee Fund as provided in § 17.1-205.1.

Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court.*

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. ~~The~~ *If the petition is filed under subsection B, the* petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the ~~Central Criminal Records Exchange (CCRE)~~ *CCRE* with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history~~, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, if applicable,~~ and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information ~~from the CCRE~~, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall

contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected.

L. Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

M. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

N. A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to expunge issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.3 pursuant to regulations and procedures adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

§ 19.2-392.3. Disclosure of expunged records.

A. It shall be unlawful for any person having or acquiring access to an expunged court or police record to open or review it or to disclose to another person any information from it without an order from the court which ordered the record expunged.

B. Upon a verified petition filed by the attorney for the Commonwealth alleging that the record is needed by a law-enforcement agency for purposes of employment application as an employee of a law-enforcement agency or for a pending criminal investigation and that the investigation will be jeopardized or that life or property will be endangered without immediate access to the record, the court may enter an ex parte order, without notice to the person, permitting such access. An ex parte order may permit a review of the record, but may not permit a copy to be made of it.

C. *Upon a verified petition requesting access to an expunged court or police record that is filed by the person who was charged with the offense that was ordered to be expunged, with notice to the attorney for the Commonwealth, the court may enter an order allowing that person and their counsel to review and copy the expunged court or police record. However, no agency or entity shall be required to allow the person or their counsel to review or copy the expunged court or police record if such record has been destroyed.*

D. Any person who willfully violates this section is guilty of a Class 1 misdemeanor. *However, unless otherwise prohibited by law, any person who opens, reviews, or discloses information from an expunged court or police record after being provided a copy of such record by the person who was charged with the offense that was ordered to be expunged, or by counsel for such person, shall not be in violation of this section.*

§ 19.2-392.5. (For contingent effective date see Acts 2021, Sp. Sess. I, cc. 524 and 542) Sealing defined; effect of sealing.

A. As used in this chapter, unless the context requires a different meaning, "sealing" means to (i) restricting dissemination of criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134 and (ii) prohibiting dissemination of court records related to an arrest, charge, or conviction, unless such dissemination is authorized by a court order for one or more of the purposes set forth in § 19.2-392.13. "Sealing" may be required either by the issuance of a court order following the filing of a petition or automatically by operation of law under the processes set forth in this chapter.

B. The provisions of this chapter shall only apply to adults who were arrested, charged, or convicted of a criminal offense and to juveniles who were tried in circuit court pursuant to § 16.1-269.1.

C. Records relating to an arrest, charge, or conviction that have been sealed may be disseminated only for purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. The court, except as provided in subsection B of § 19.2-392.14, and any law-enforcement agency shall reply to any inquiry that no record exists with respect to an arrest, charge, or conviction that has been sealed, unless such information is permitted to be disclosed pursuant to § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. A clerk of any court and the Executive Secretary of the Supreme Court shall be immune from any cause of action arising from the production of sealed court records, including electronic records, absent gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any cause of action accruing prior to the effective date of this section.

D. Except as otherwise provided in this section, upon entry of an order for sealing, the person who was arrested, charged, or convicted of the offense that was ordered to be sealed may deny or not disclose to any state or local government agency or to any private employer in the Commonwealth that such an arrest, charge, or conviction occurred. Except as otherwise provided in this section, no person as to whom an order for sealing has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of that person's denial or failure to disclose any information concerning an arrest, charge, or conviction that has been sealed.

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, ~~19.2-392.9,~~ 19.2-392.11, or 19.2-392.12 shall not be (i) disclosed in any sentencing report; (ii) considered when ascertaining the punishment of a defendant; or (iii) considered in any hearing on the issue of bail, release, or detention of a defendant.

J. A person shall be required to disclose any felony conviction sealed pursuant to § 19.2-392.12 for purposes of determining that person's eligibility to be empaneled as a member of a jury. Failure to disclose such conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

Good cause shown shall include, but not be limited to, the unavailability of the victim due to incarceration, hospitalization, failure to appear at trial when subpoenaed, or change of address without notice.

Upon the victim's written request, the victim shall be notified in accordance with subdivision A 3 b of any proceeding in which the plea agreement will be tendered to the court.

The responsibility to consult with the victim under this subdivision shall not confer upon the defendant any substantive or procedural rights and shall not affect the validity of any plea entered by the defendant.

e. Whenever the Attorney General represents the Commonwealth in any criminal appeal, he shall consult with the victim in the manner prescribed by subdivision d.

5. Courtroom assistance.

a. Victims and witnesses shall be informed that their addresses, any telephone numbers, and email addresses may not be disclosed, pursuant to the provisions of §§ 19.2-11.2 and 19.2-269.2, except when necessary for the conduct of the criminal proceeding.

c. Victims and witnesses of certain sexual offenses shall be advised that there may be a closed preliminary hearing in accordance with § 18.2-67.8 and, if a victim was 14 years of age or younger on the date of the offense and is 16 or under at the time of the trial, or a witness to the offense is 14 years of age or younger at the time of the trial, that two-way closed-circuit television may be used in the taking of testimony in accordance with § 18.2-67.9.

6. Post trial assistance.

a. Within 30 days of receipt of a victim's written request after the final trial court proceeding in the case, the attorney for the Commonwealth shall notify the victim in writing, of (i) the disposition of the case, (ii) the crimes of which the defendant was convicted, (iii) the defendant's right to appeal, if known, and (iv) the telephone number of offices to contact in the event of nonpayment of restitution by the defendant.

b. If the defendant has been released on bail pending the outcome of an appeal, the agency that had custody of the defendant immediately prior to his release shall notify the victim as soon as practicable that the defendant has been released.

c. If the defendant's conviction is overturned, and the attorney for the Commonwealth decides to retry the case or the case is remanded for a new trial, the victim shall be entitled to the same rights as if the first trial did not take place.

B. For purposes of this chapter, "victim" means (i) a person who has suffered physical, psychological, or economic harm as a direct result of the commission of (a) a felony, (b) assault and battery in violation of § 18.2-57 or 18.2-57.2, stalking in violation of § 18.2-60.3, a violation of a protective order in violation of § 16.1-253.2 or 18.2-60.4, sexual battery in violation of § 18.2-67.4, attempted sexual battery in violation of § 18.2-67.5, or maiming or driving while intoxicated in violation of § 18.2-51.4 or 18.2-266, or (c) a delinquent act that would be a felony or a misdemeanor violation of any offense enumerated in clause (b) if committed by an adult; (ii) a spouse or child of such a person; (iii) a parent or legal guardian of such a person who is a minor; (iv) for the purposes of subdivision A 4 only, a current or former foster parent or other person who has or has had physical custody of such a person who is a minor, for six months or more or for the majority of the minor's life; or (v) a spouse, parent, sibling, or legal guardian of such a person who is physically or mentally incapacitated or was the victim of a homicide; however, "victim" does not mean a parent, child, spouse, sibling, or legal guardian who commits a felony or other enumerated criminal offense against a victim as defined in clause (i).

C. Officials and employees of the judiciary, including court services units, law-enforcement agencies, the Department of Corrections, attorneys for the Commonwealth and public defenders, shall be provided with copies of this chapter by the Department of Criminal Justice Services or a crime victim and witness assistance program. Each agency, officer or employee who has a responsibility or responsibilities to victims under this chapter or other applicable law shall make reasonable efforts to become informed about these responsibilities and to ensure that victims and witnesses receive such information and services to which they may be entitled under applicable law, provided that no liability or cause of action shall arise from the failure to make such efforts or from the failure of such victims or witnesses to receive any such information or services.

CHAPTER 560

An Act to amend and reenact § 27-23.1 of the Code of Virginia, relating to establishment of fire zones; Augusta County.

[H 1818]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 27-23.1 of the Code of Virginia is amended and reenacted as follows:

§ 27-23.1. Establishment of fire zones or districts; tax levies.

The governing bodies of the several cities or counties of the Commonwealth may create and establish, by designation on a map of the city or county showing current, official parcel boundaries, or by any other description which is legally sufficient for the conveyance of property or the creation of parcels, fire zones or districts in such cities or counties, within which may be located and established one or more fire departments, to be equipped with apparatus for fighting fires and protecting property and human life within such zones or districts from loss or damage by fire, illness or injury.

In the event of the creation of such zones or districts in any city or county, the city or county governing body may acquire, in the name of the city or county, real or personal property to be devoted to the uses aforesaid, and shall prescribe rules and regulations for the proper management, control, and conduct thereof. Such governing body shall also have authority to contract with, or secure the services of, any individual corporation, organization, or municipal corporation, or any volunteer firefighters for such fire protection as may be required.

To raise funds for the purposes aforesaid, the governing body of any city or county in which such zones or districts are established may levy annually a tax on the assessed value of all property real and personal within such zones or districts, subject to local taxation, which tax shall be extended and collected as other city or county taxes are extended and collected. ~~However, any property located in Augusta County that has qualified for an agricultural or forestal use-value assessment pursuant to Article 4 (§ 58.1-3229 et seq.) of Chapter 32 of Title 58.1 may not be included within such a zone or district and may not be subject to such tax.~~ In any city or county having a population between 25,000 and 25,500, the maximum rate of tax under this section shall be $0.30 on $100 of assessed value.

The amount realized from such levy shall be kept separate from all other moneys of the city or county and shall be applied to no other purpose than the maintenance and operation of the fire departments and companies established under the provisions of this section.

CHAPTER 561

An Act to amend and reenact §§ 18.2-271.1 and 46.2-392 of the Code of Virginia, relating to alcohol safety action programs.

[H 2370]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-271.1 and 46.2-392 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior

to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than $250 but no more than $300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of

another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in an administrative or court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to and from a job interview for which he maintains on his person written proof from the prospective employer of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia Employment Commission for the purpose of seeking employment. However, (a) any such person who is eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a functioning, certified ignition interlock system as required by law may be issued a restricted permit to operate a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city, or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be $105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, $40 shall be transferred to the Commission on VASAP, and $25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund. Any person who is otherwise eligible to receive a restricted license issued in accordance with this subsection or as otherwise provided by law shall not be required to pay in full his fines and costs, as defined in § 19.2-354.1, before being issued such restricted license.

F. The court shall have jurisdiction over any person entering such program under any provision of this section*, or under any provision of § 46.2-392,* until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not

be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court ~~which~~ *that* has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24 ~~or~~, any ordinance of a county, city, or town similar to the provisions of § 18.2-266*, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266* shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24 ~~or~~, any ordinance of a county, city, or town similar to the provisions of § 18.2-266*, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266* on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, *or* town, or any combination thereof*,* may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board*. Such local independent policy board shall be* chosen in accordance with procedures approved and promulgated by the Commission on VASAP*. Such procedures shall provide that the board shall endeavor to select one criminal defense attorney who has specialized knowledge in representing persons charged with driving while intoxicated offenses and one local attorney for the Commonwealth to sit on such local independent policy board.* Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

§ 46.2-392. Suspension of license or issuance of a restricted license on conviction of certain offenses; probationary conditions required; generally.

In addition to the penalties for careless driving and infliction of injury or death on vulnerable road users prescribed in § 46.2-816.1, the penalties for reckless driving prescribed in § 46.2-868, and the penalties for aggressive driving prescribed in § 46.2-868.1, the court may suspend the driver's license issued to a person convicted of careless driving and infliction of injury or death on vulnerable road users, reckless driving, or aggressive driving for a period of not less than 10 days nor more than six months and the court shall require the convicted person to surrender his license so suspended to the court where it will be disposed of in accordance with § 46.2-398.

Additionally, any person convicted of a reckless driving offense which the court has reason to believe is alcohol-related or drug-related may be required as a condition of probation or otherwise to enter into and successfully complete an alcohol safety action program. If the court suspends a person's driver's license for reckless driving and requires the person to enter into and successfully complete an alcohol safety action program, the Commissioner shall not reinstate the driver's license of the person until receipt of certification that the person has enrolled in ~~an~~ *and completed the* alcohol safety action program.

If a person so convicted has not obtained the license required by this chapter, or is a nonresident, the court may direct in the judgment of conviction that he shall not, for a period of not less than 10 days or more than six months as may be prescribed in the judgment, drive any motor vehicle in the Commonwealth. The court or the clerk of court shall transmit the license to the Commissioner along with the report of the conviction required to be sent to the Department.

The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle during the period of suspension for any of the purposes set forth in subsection E of § 18.2-271.1.

The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person who may operate a motor vehicle on the order until receipt from the Commissioner of a restricted license. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be punished as provided in subsection C of § 46.2-301. No restricted license issued pursuant to this section shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

CHAPTER 562

An Act to amend and reenact §§ 18.2-271.1 and 46.2-392 of the Code of Virginia, relating to alcohol safety action programs.

[S 841]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-271.1 and 46.2-392 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than $250 but no more than $300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor

vehicle that is not equipped with an ignition interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in an administrative or court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to and from a job interview for which he maintains on his person written proof from the prospective employer of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia Employment Commission for the purpose of seeking employment. However, (a) any such person who is eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a functioning, certified ignition interlock system as required by law may be issued a

restricted permit to operate a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city, or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be $105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, $40 shall be transferred to the Commission on VASAP, and $25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund. Any person who is otherwise eligible to receive a restricted license issued in accordance with this subsection or as otherwise provided by law shall not be required to pay in full his fines and costs, as defined in § 19.2-354.1, before being issued such restricted license.

F. The court shall have jurisdiction over any person entering such program under any provision of this section*, or under any provision of § 46.2-392,* until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court ~~which~~ *that* has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24 ~~or~~*,* any ordinance of a county, city*,* or town similar to the provisions of § 18.2-266*, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266* shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24 ~~or~~*,* any ordinance of a county, city*,* or town similar to the provisions of § 18.2-266*, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266* on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, *or* town, or any combination thereof*,* may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board. *Such local independent policy board shall be* chosen in accordance with procedures approved and promulgated by the Commission on VASAP. *Such procedures shall provide that the board shall endeavor to select one criminal defense attorney who has specialized knowledge in representing persons charged with driving while intoxicated*

offenses and one local attorney for the Commonwealth to sit on such local independent policy board. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

§ 46.2-392. Suspension of license or issuance of a restricted license on conviction of certain offenses; probationary conditions required; generally.

In addition to the penalties for careless driving and infliction of injury or death on vulnerable road users prescribed in § 46.2-816.1, the penalties for reckless driving prescribed in § 46.2-868, and the penalties for aggressive driving prescribed in § 46.2-868.1, the court may suspend the driver's license issued to a person convicted of careless driving and infliction of injury or death on vulnerable road users, reckless driving, or aggressive driving for a period of not less than 10 days nor more than six months and the court shall require the convicted person to surrender his license so suspended to the court where it will be disposed of in accordance with § 46.2-398.

Additionally, any person convicted of a reckless driving offense which the court has reason to believe is alcohol-related or drug-related may be required as a condition of probation or otherwise to enter into and successfully complete an alcohol safety action program. If the court suspends a person's driver's license for reckless driving and requires the person to enter into and successfully complete an alcohol safety action program, the Commissioner shall not reinstate the driver's license of the person until receipt of certification that the person has enrolled in ~~an~~ *and completed the* alcohol safety action program.

If a person so convicted has not obtained the license required by this chapter, or is a nonresident, the court may direct in the judgment of conviction that he shall not, for a period of not less than 10 days or more than six months as may be prescribed in the judgment, drive any motor vehicle in the Commonwealth. The court or the clerk of court shall transmit the license to the Commissioner along with the report of the conviction required to be sent to the Department.

The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle during the period of suspension for any of the purposes set forth in subsection E of § 18.2-271.1. The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person who may operate a motor vehicle on the order until receipt from the Commissioner of a restricted license. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be punished as provided in subsection C of § 46.2-301. No restricted license issued pursuant to this section shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

CHAPTER 563

An Act to amend and reenact § 8.01-267.1 of the Code of Virginia, relating to civil actions; standards governing consolidation and transfer; allocation of attorney fees.

[H 2105]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-267.1 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-267.1. Standards governing consolidation, etc., and transfer.

On motion of any party, a circuit court may enter an order joining, coordinating, consolidating or transferring civil actions as provided in this chapter upon finding that:

1. Separate civil actions brought by six or more plaintiffs involve common questions of law or fact and arise out of the same transaction, occurrence or series of transactions or occurrences;

2. The common questions of law or fact predominate and are significant to the actions; and

3. The order (i) will promote the ends of justice and the just and efficient conduct and disposition of the actions, and (ii) is consistent with each party's right to due process of law, and (iii) does not prejudice each individual party's right to a fair and impartial resolution of each action.

Factors to be considered by the court include, but are not limited to, (i) the nature of the common questions of law or fact; (ii) the convenience of the parties, witnesses and counsel; (iii) the relative stages of the actions and the work of counsel; (iv) the efficient utilization of judicial facilities and personnel; (v) the calendar of the courts; (vi) the likelihood and disadvantages of duplicative and inconsistent rulings, orders or judgments; (vii) the likelihood of prompt settlement of the actions without the entry of the order; and (viii) as to joint trials by jury, the likelihood of prejudice or confusion.

The court may organize and manage the combined litigation and enter further orders consistent with the right of each party to a fair trial as may be appropriate to avoid unnecessary costs, duplicative litigation or delay and to assure fair and efficient conduct and resolution of the litigation, including ~~but not limited to~~ orders ~~which~~ *that* organize the parties into groups with like interest; appoint counsel to have lead responsibility for certain matters; allocate costs and *attorney* fees to separate issues into common questions that require treatment on a consolidated basis and individual cases that do not; and ~~to~~ stay discovery on the issues that are not consolidated.

CHAPTER 564

An Act to amend and reenact § 19.2-368.10 of the Code of Virginia, relating to compensating victims of crime; awards from Criminal Injuries Compensation Fund.

[H 2032]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-368.10 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-368.10. When awards to be made; reporting crime and cooperation with law enforcement.

No award shall be made unless the Commission finds that:

1. A crime was committed;

2. Such crime directly resulted in an individual becoming a victim as defined in § 19.2-368.2, on whose behalf a claim is filed; and

3. Police records show that such crime was promptly reported to the proper authorities. In no case may an award be made where the police records show that such report was made more than 120 hours after the occurrence of such crime, unless the Commission, for good cause shown, finds the delay to have been justified. The provisions of this subdivision shall not apply to claims of sexual abuse.

The Commission, upon finding that any claimant or award recipient has not fully cooperated with all law-enforcement agencies, *unless the law-enforcement agency certifies that the claimant or award recipient was willing but unable to cooperate due to a good faith belief that such cooperation would have endangered such claimant or award recipient and such claimant or award recipient was not provided with any victim or witness protection services when such protection services were requested by a law-enforcement agency,* may deny, reduce*,* or withdraw any award, as the case may be.

CHAPTER 565

An Act to amend and reenact § 16.1-253.1 of the Code of Virginia, relating to family abuse protective orders filed on behalf of minors.

[S 873]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-253.1 of the Code of Virginia is amended and reenacted as follows:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property.

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons.

4. Enjoining the respondent from terminating any necessary utility service to a premises that the petitioner has been granted possession of pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to such premises.

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate the petitioner.

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the allegedly abusing person; however, no such grant of possession or use shall affect title to the vehicle.

7. Requiring that the allegedly abusing person provide suitable alternative housing for the petitioner and any other family or household member and, where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided.

8. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

9. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264 and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, or if personally served was incarcerated and not transported to the hearing, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served forthwith on the respondent. However, upon motion of the respondent and for good cause shown, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to the primary law-enforcement agency, and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as

described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the allegedly abusing person. Except as otherwise provided in § 16.1-253.2, a violation of the order shall constitute contempt of court.

D. *In the event that the allegedly abused person is a minor and an emergency protective order was issued pursuant to § 16.1-253.4 for the protection of such minor and the respondent is a parent, guardian, or person standing in loco parentis, the attorney for the Commonwealth or a law-enforcement officer may file a petition on behalf of such minor as his next friend before such emergency protective order expires or within 24 hours of the expiration of such emergency protective order.*

E. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

~~E.~~ *F.* Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

~~F.~~ *G.* As used in this section, "copy" includes a facsimile copy.

~~G.~~ *H.* No fee shall be charged for filing or serving any petition or order pursuant to this section.

[S 1367]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-228 and 63.2-100 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-228. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Abused or neglected child" means any child:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. *No child whose parent or other person responsible for his care allows the child to engage in independent activities without adult supervision shall for that reason alone be considered to be an abused or neglected child, provided that (a) such independent activities are appropriate based on the child's age, maturity, and physical and mental abilities and (b) such lack of supervision does not constitute conduct that is so grossly negligent as to endanger the health or safety of the child. Such independent activities include traveling to or from school or nearby locations by bicycle or on foot, playing outdoors, or remaining at home for a reasonable period of time.* Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care, or an intimate partner of such parent or person, commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a Tier III offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the federal Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

registered nurse as having demonstrated competency in administration of drugs via percutaneous gastrostomy tube from administering drugs to a person receiving services from a program licensed by the Department of Behavioral Health and Developmental Services to such person via percutaneous gastrostomy tube. The continued competency of a person to administer drugs via percutaneous gastrostomy tube shall be evaluated semiannually by a registered nurse.

M. Medication aides registered by the Board of Nursing pursuant to Article 7 (§ 54.1-3041 et seq.) of Chapter 30 may administer drugs that would otherwise be self-administered to residents of any assisted living facility licensed by the Department of Social Services. Nothing in this chapter shall be construed to prohibit a patient care dialysis technician trainee from performing dialysis care as part of and within the scope of the clinical skills instruction segment of a supervised dialysis technician training program, provided such trainee is identified as a "trainee" while working in a renal dialysis facility.

The dialysis care technician or dialysis patient care technician administering the medications shall have demonstrated competency as evidenced by holding current valid certification from an organization approved by the Board of Health Professions pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.).

T. Persons who are otherwise authorized to administer controlled substances in hospitals shall be authorized to administer influenza or pneumococcal vaccines pursuant to § 32.1-126.4.

U. Pursuant to a specific order for a patient and under his direct and immediate supervision, a prescriber may authorize the administration of controlled substances by personnel who have been properly trained to assist a doctor of medicine or

Law-enforcement officers as defined in § 9.1-101, employees of the Department of Forensic Science, employees of the Office of the Chief Medical Examiner, employees of the Department of General Services Division of Consolidated Laboratory Services, employees of the Department of Corrections designated as probation and parole officers or as correctional officers as defined in § 53.1-1, employees of the Department of Juvenile Justice designated as probation and parole officers or as juvenile correctional officers, employees of regional jails, school nurses, local health department employees that are assigned to a public school pursuant to an agreement between the local health department and the school board, other school board employees or individuals contracted by a school board to provide school health services, and firefighters who have completed a training program may also possess and administer naloxone or other opioid antagonist used for overdose reversal and may dispense naloxone or other opioid antagonist used for overdose reversal pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

Notwithstanding the provisions of § 54.1-3303, pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee authorizing the dispensing of naloxone or other opioid antagonist used for overdose reversal in the absence of an oral or written order for a specific patient issued by a prescriber, and in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health, an employee or other person acting on behalf of a public place who has completed a training program may also possess and administer naloxone or other opioid antagonist used for overdose reversal other than naloxone in an injectable formulation with a hypodermic needle or syringe in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

Notwithstanding any other law or regulation to the contrary, an employee or other person acting on behalf of a public place may possess and administer naloxone or other opioid antagonist, other than naloxone in an injectable formulation with a hypodermic needle or syringe, to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose if he has completed a training program on the administration of such naloxone and administers naloxone in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

For the purposes of this subsection, "public place" means any enclosed area that is used or held out for use by the public, whether owned or operated by a public or private interest.

Y. Notwithstanding any other law or regulation to the contrary, a person who is acting on behalf of an organization that provides services to individuals at risk of experiencing an opioid overdose or training in the administration of naloxone for overdose reversal may dispense naloxone to a person who has received instruction on the administration of naloxone for opioid overdose reversal, provided that such dispensing is (i) pursuant to a standing order issued by a prescriber and (ii) in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health. If the person acting on behalf of an organization dispenses naloxone in an injectable formulation with a hypodermic needle or syringe, he shall first obtain authorization from the Department of Behavioral Health and Developmental Services to train individuals on the proper administration of naloxone by and proper disposal of a hypodermic needle or syringe, and he shall obtain a controlled substance registration from the Board of Pharmacy. The Board of Pharmacy shall not charge a fee for the issuance of such controlled substance registration. The dispensing may occur at a site other than that of the controlled substance registration provided the entity possessing the controlled substances registration maintains records in accordance with regulations of the Board of Pharmacy. No person who dispenses naloxone on behalf of an organization pursuant to this subsection shall charge a fee for the dispensing of naloxone that is greater than the cost to the organization of obtaining the naloxone dispensed. A person to whom naloxone has been

dispensed pursuant to this subsection may possess naloxone and may administer naloxone to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Z. A person who is not otherwise authorized to administer naloxone or other opioid antagonist used for overdose reversal may administer naloxone or other opioid antagonist used for overdose reversal to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Such authorization shall be effective only when a licensed nurse, nurse practitioner, physician, or physician assistant is not present to perform the administration of the medication.

CHAPTER 570

An Act to amend and reenact §§ 20-49.8 and 63.2-1913 of the Code of Virginia, relating to judgment or child support order for pregnancy and delivery expenses.

[H 2290]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That §§ 20-49.8 and 63.2-1913 of the Code of Virginia are amended and reenacted as follows:

§ 20-49.8. Judgment or order; costs; birth record.

A. *As used in this section, "pregnancy and delivery expenses" means an amount equal to the sum of a pregnant mother's reasonable and necessary medical costs, minus any portion of such sum that a court determines is equitable based on the totality of the circumstances. Any amount paid by either parent may be credited by a court.*

B. A judgment or order establishing parentage may include any provision directed against the appropriate party to the proceeding, concerning the duty of support, including an equitable apportionment of the expenses incurred on behalf of the child from the date the proceeding under this chapter was filed with the court against the alleged parent or, if earlier, the date an order of the Department of Social Services entered pursuant to Title 63.2 and directing payment of support was delivered to the sheriff or process server for service upon the obligor. The judgment or order may be in favor of the natural parent or any other person or agency who incurred such expenses provided the complainant exercised due diligence in the service of the respondent. The judgment or order may also include provisions for the custody and guardianship of the child, visitation privileges with the child, or any other matter in the best interest of the child. In circumstances where the parent is outside the jurisdiction of the court, the court may enter a further order requiring the furnishing of bond or other security for the payment required by the judgment or order. ~~The~~ *In the event that the initial petition for the establishment of parentage is commenced within six months of the live birth of a child, the* judgment or order ~~may direct either party to pay the reasonable and necessary unpaid expenses of~~ *shall, except for good cause shown or as otherwise agreed to by the parties, apportion between the legal parents, in proportion to the legal parents' gross incomes, as used for calculating the monthly child support obligation pursuant to § 20-108.2, (i)* the mother's *unreimbursed* pregnancy and delivery ~~or equitably apportion the unpaid expenses between the parties~~ *expenses and (ii) those reasonable expenses incurred by either parent for the benefit of the child prior to the birth of the child*. However, when the Commonwealth, through the Medicaid program *or other government program*, has paid such expenses, the court may order reimbursement to the Commonwealth for such expenses.

~~B.~~ *C.* A determination of paternity made by any other state shall be given full faith and credit, whether established through voluntary acknowledgment or through administrative or judicial process; provided, however, that, except as may otherwise be required by law, such full faith and credit shall be given only for the purposes of establishing a duty to make payments of support and other payments contemplated by subsection ~~A~~ *B*.

~~C.~~ *D.* For each court determination of parentage made under the provisions of this chapter, a certified copy of the order or judgment shall be transmitted to the State Registrar of Vital Records by the clerk of the court within thirty days after the order becomes final. Such order shall set forth the full name and date and place of birth of the person whose parentage has been determined, the full names of both parents, including the maiden name, if any, of the mother and the name and address of an informant who can furnish the information necessary to complete a new birth record. In addition, when the State Registrar receives a document signed by a man indicating his consent to submit to scientifically reliable genetic tests, including blood tests, to determine paternity and the genetic test results affirming at least a ninety-eight percent probability of paternity, a new birth record shall be completed as provided in § 32.1-261. When the State Registrar receives a copy of a judgment or order for a person born outside of this Commonwealth, such order shall be forwarded to the appropriate registration authority in the state of birth or the appropriate federal agency.

§ 63.2-1913. Administrative establishment of paternity.

The Department may establish the parent and child relationship between a child and a man upon request, verified by oath or affirmation, filed by a child, a parent, a person claiming parentage, a person standing in loco parentis to the child or having legal custody of the child, or a representative of the Department or the Department of Juvenile Justice. The request may be filed at any time before the child attains the age of eighteen years.

Pursuant to subsection F of § 63.2-1903, the Department may summons a parent or putative parent to appear in the office of the Division of Child Support Enforcement to provide such information as may be necessary to the proceeding.

Paternity may be established by a written statement of the father and mother made under oath acknowledging paternity or scientifically reliable genetic tests, including blood tests, which affirm at least a ninety-eight percent probability of paternity. The Department may order genetic testing and shall pay the costs of such tests, subject to recoupment from the father, if paternity is established. Where an original test is contested and additional testing is requested, the Department may require advance payment by the contestant.

Before a voluntary acknowledgment of paternity is accepted by the Department as the basis for establishing paternity, the Department shall provide to both the mother and the putative father a written and oral description of the rights and responsibilities of acknowledging paternity and the consequences that arise from a signed acknowledgment, including the right to rescind the acknowledgment within the earlier of (i) sixty days from the date of signing or (ii) the date of entry of an order in an administrative or judicial proceeding relating to the child in which the signatory is a party.

A genetic test result affirming at least a ninety-eight percent probability of paternity shall have the same legal effect as a judgment entered pursuant to § 20-49.8. When sixty days have elapsed from its signing, a voluntary statement acknowledging paternity shall have the same legal effect as a judgment entered pursuant to § 20-49.8 and shall be binding and conclusive unless, in a subsequent judicial proceeding, the person challenging the statement establishes that the statement resulted from fraud, duress or a material mistake of fact. In any subsequent proceeding in which a statement acknowledging paternity is subject to challenge, the legal responsibilities of any person signing it shall not be suspended during the pendency of the proceeding, except for good cause shown.

The order of the Department in proceedings pursuant to this section shall be served upon the putative father in accordance with the provisions of Chapter 8 (§ 8.01-285 et seq.) or Chapter 9 (§ 8.01-328 et seq.) of Title 8.01. The Department shall file a copy of its order determining paternity, including the information required by subsection ~~C~~ *D* of § 20-49.8, with the State Registrar of Vital Records within thirty days after the acknowledgment becomes binding and conclusive or the order otherwise becomes final. No judicial or administrative proceeding shall be required to ratify an unchallenged acknowledgment of paternity nor shall the Department or the courts have any jurisdiction over proceedings to ratify an unchallenged acknowledgment.

When the State Registrar receives a copy of a judgment or order for a person born outside of this Commonwealth, such order shall be forwarded to the appropriate registration authority in the state of birth or the appropriate federal agency.

§ 63.2-1913. Administrative establishment of paternity.

The Department may establish the parent and child relationship between a child and a man upon request, verified by oath or affirmation, filed by a child, a parent, a person claiming parentage, a person standing in loco parentis to the child or having legal custody of the child, or a representative of the Department or the Department of Juvenile Justice. The request may be filed at any time before the child attains the age of eighteen years.

Pursuant to subsection F of § 63.2-1903, the Department may summons a parent or putative parent to appear in the office of the Division of Child Support Enforcement to provide such information as may be necessary to the proceeding.

Paternity may be established by a written statement of the father and mother made under oath acknowledging paternity or scientifically reliable genetic tests, including blood tests, which affirm at least a ninety-eight percent probability of paternity. The Department may order genetic testing and shall pay the costs of such tests, subject to recoupment from the father, if paternity is established. Where an original test is contested and additional testing is requested, the Department may require advance payment by the contestant.

Before a voluntary acknowledgment of paternity is accepted by the Department as the basis for establishing paternity, the Department shall provide to both the mother and the putative father a written and oral description of the rights and responsibilities of acknowledging paternity and the consequences that arise from a signed acknowledgment, including the right to rescind the acknowledgment within the earlier of (i) sixty days from the date of signing or (ii) the date of entry of an order in an administrative or judicial proceeding relating to the child in which the signatory is a party.

A genetic test result affirming at least a ninety-eight percent probability of paternity shall have the same legal effect as a judgment entered pursuant to § 20-49.8. When sixty days have elapsed from its signing, a voluntary statement acknowledging paternity shall have the same legal effect as a judgment entered pursuant to § 20-49.8 and shall be binding and conclusive unless, in a subsequent judicial proceeding, the person challenging the statement establishes that the statement resulted from fraud, duress or a material mistake of fact. In any subsequent proceeding in which a statement acknowledging paternity is subject to challenge, the legal responsibilities of any person signing it shall not be suspended during the pendency of the proceeding, except for good cause shown.

The order of the Department in proceedings pursuant to this section shall be served upon the putative father in accordance with the provisions of Chapter 8 (§ 8.01-285 et seq.) or Chapter 9 (§ 8.01-328 et seq.) of Title 8.01. The Department shall file a copy of its order determining paternity, including the information required by subsection ~~C~~ *D* of § 20-49.8, with the State Registrar of Vital Records within thirty days after the acknowledgment becomes binding and conclusive or the order otherwise becomes final. Be it enacted by the General Assembly of Virginia:

1. That §§ 6.2-1600 and 6.2-1607 of the Code of Virginia are amended and reenacted as follows:

"Licensee" means a mortgage lender or mortgage broker licensed by the Commission pursuant to this chapter.

"Mortgage broker" means any person who directly or indirectly negotiates, places or finds mortgage loans for others, or offers to negotiate, place or find mortgage loans for others. Any licensed mortgage lender that, pursuant to an executed originating agreement with the Virginia Housing Development Authority, acts or offers to act as an originating agent of the Virginia Housing Development Authority in connection with a mortgage loan shall not be deemed to be acting as a mortgage broker with respect to such mortgage loan but shall be deemed to be acting as a mortgage lender with respect to such mortgage loan, notwithstanding that the Virginia Housing Development Authority is or would be the payee on the note evidencing such mortgage loan and that the Virginia Housing Development Authority provides or would provide the funding of such mortgage loan prior to or at the settlement thereof.

The application shall be approved unless the Commission finds that the applicant has not conducted business under this chapter efficiently, fairly, in the public interest, and in accordance with law. 1. That § 63.2-1805 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1805. Admissions and discharge; mandatory minimum liability insurance.

A. The Board shall adopt regulations:

1. Governing admissions to assisted living facilities;

2. Requiring that each assisted living facility prepare and provide a statement, in a format prescribed by the Department, to any prospective resident and his legal representative, if any, prior to admission and upon request, that discloses information, fully and accurately in plain language, about the (i) services; (ii) fees, including clear information about what services are included in the base fee and any fees for additional services; (iii) admission, transfer, and discharge criteria, including criteria for transfer to another level of care within the same facility or complex; (iv) general number and qualifications of staff on each shift; (v) range, frequency, and number of activities provided for residents; and (vi) ownership structure of the facility;

Establishing a process to ensure that each resident admitted or retained in an assisted living facility receives appropriate services and periodic independent reassessments and reassessments when there is a significant change in the resident's condition in order to determine whether a resident's needs can continue to be met by the facility and whether continued placement in the facility is in the best interests of the resident;

4. Governing appropriate discharge planning for residents whose care needs can no longer be met by the facility;

5. Addressing the involuntary discharge of residents. Such regulations shall provide that residents may be involuntarily discharged only (i) in accordance with Board regulations, provided that the assisted living facility has met the requirements of subsection B, as applicable, and the assisted living facility has made reasonable efforts to meet the needs of the resident; (ii) for nonpayment of contracted charges, provided that the resident has been given at least 30 days to cure the delinquency after notice was provided to the resident and the resident's legal representative or designated contact person of such nonpayment; (iii) for the resident's failure to substantially comply with the terms and conditions, as allowed by regulation, of the resident agreement between the resident and assisted living facility; (iv) if the assisted living facility closes in accordance with Board regulations; or (v) when the resident develops a condition or care need that is prohibited by subsection D or Board regulations. Unless an emergency discharge is necessary due to an immediate and serious risk to the health, safety, or welfare of the resident or others, the assisted living facility shall, prior to involuntarily discharging a resident, make reasonable efforts, as appropriate, to resolve any issues with the resident upon which the decision to discharge is based and document such efforts in the resident's file.

In addition to providing the written discharge notice to the resident and the resident's legal representative or designated contact person, the assisted living facility shall provide a copy of the notice to the Department and the State Long-Term Care Ombudsman at least 30 days prior to an involuntary discharge unless an emergency discharge is necessary due to an immediate and serious risk to the health, safety, or welfare of the resident or others. Such notice of discharge shall include the reasons for discharge, the date on which the discharge will occur, and information regarding the resident's right to appeal, within the 30-day notice period, the assisted living facility's decision to discharge the resident.

In cases of an emergency discharge, such notice shall be provided as soon as possible, but no later than five days after the emergency discharge. Where a resident has been removed under an emergency discharge and no longer resides in the facility, the resident retains the right to appeal.

Prior to involuntarily discharging a resident, the assisted living facility shall provide relocation assistance to the resident and the resident's legal representative in accordance with Board regulation. 9. Requiring that each assisted living facility prepare and provide*, upon request,* a statement, in a format prescribed by the Board, to any resident or prospective resident and his legal representative, if any, ~~and upon request,~~ that ~~discloses whether~~ *states* the assisted living facility maintains liability insurance in force to compensate residents or other individuals for injuries and losses from the negligent acts of the facility~~, provided that no facility shall state that liability insurance is in place unless such insurance provides a minimum amount of coverage as established by the Board~~;

10. Establishing the minimum amount of liability insurance coverage to be maintained by an assisted living facility ~~for purposes of disclosure in accordance with subdivision 9~~. *In establishing such minimum amount of liability insurance, the Board shall consider the number of residents for which an assisted living facility is licensed and establish a minimum amount of liability insurance for the following tiers: Tier I, which shall govern assisted living facilities with no more than 25 residents; Tier II, which shall govern assisted living facilities with more than 25 residents but no more than 75 residents; Tier III, which shall govern assisted living facilities with more than 75 residents but no more than 150 residents; and Tier IV, which shall govern assisted living facilities with more than 150 residents*; and

Written acknowledgement of the disclosure shall be represented by the signature or initials of the resident or his legal representative immediately following the on-site emergency electrical power source disclosure statement.

B. If there are observed behaviors or patterns of behavior indicative of mental illness, intellectual disability, substance abuse, or behavioral disorders, as documented in the uniform assessment instrument completed pursuant to § 63.2-1804, the facility administrator or designated staff member shall ensure that an evaluation of the individual is or has been conducted by a qualified professional as defined in regulations. If the evaluation indicates a need for mental health, developmental, substance abuse, or behavioral disorder services, the facility shall provide (i) a notification of the resident's need for such services to the authorized contact person of record when available and (ii) a notification of the resident's need for such services to the community services board or behavioral health authority established pursuant to Title 37.2 that serves the city or county in which the facility is located, or other appropriate licensed provider. The Department shall not take adverse action against a facility that has demonstrated and documented a continual good faith effort to meet the requirements of this subsection.

C. The Department shall not order the removal of a resident from an assisted living facility if (i) the resident, the resident's family, the resident's physician, and the facility consent to the resident's continued stay in the assisted living facility and (ii) the facility is capable of providing, obtaining, or arranging for the provision of necessary services for the resident, including, but not limited to, home health care or hospice care.

D. Notwithstanding the provisions of subsection C, assisted living facilities shall not admit or retain an individual with any of the following conditions or care needs:

5. Psychotropic medications without appropriate diagnosis and treatment plans.

6. Nasogastric tubes.

7. Gastric tubes except when the individual is capable of independently feeding himself and caring for the tube or as permitted in subsection E.

8. An imminent physical threat or danger to self or others is presented by the individual.

9. Continuous licensed nursing care (seven-days-a-week, 24-hours-a-day) is required by the individual.

10. Placement is no longer appropriate as certified by the individual's physician.

11. Maximum physical assistance is required by the individual as documented by the uniform assessment instrument and the individual meets Medicaid nursing facility level-of-care criteria as defined in the State Plan for Medical Assistance, unless the individual's independent physician determines otherwise. Maximum physical assistance means that an individual

has a rating of total dependence in four or more of the seven activities of daily living as documented on the uniform assessment instrument.

12. The assisted living facility determines that it cannot meet the individual's physical or mental health care needs.

13. Other medical and functional care needs that the Board determines cannot be met properly in an assisted living facility.

E. Except for auxiliary grant recipients, at the request of the resident in an assisted living facility and when his independent physician determines that it is appropriate, (i) care for the conditions or care needs defined in subdivisions D 3 and ~~D~~ 7 may be provided to the resident by a licensed physician, a licensed nurse or a nurse holding a multistate licensure privilege under a physician's treatment plan, or a home care organization licensed in Virginia or (ii) care for the conditions or care needs defined in subdivision D 7 may also be provided to the resident by facility staff if the care is delivered in accordance with the regulations of the Board of Nursing for delegation by a registered nurse Part VIII (18VAC90-20-420 et seq.) of 18VAC90-20.

The cost of such credit shall be borne by the Commonwealth.

B. In addition to the health insurance credit authorized in subsection A, localities ~~which~~ *that* participate in the Virginia Retirement System may elect to provide an additional health insurance credit of $1 per month for each full year of the retired member's creditable service, not to exceed a maximum monthly credit of $30. § 59.1-369. Powers and duties of the Commission.

The Commission shall have all powers and duties necessary to carry out the provisions of this chapter and to exercise the control of horse racing as set forth in § 59.1-364. Such powers and duties shall include but not be limited to the following:

1. The Commission is vested with jurisdiction and supervision over all horse racing licensed under the provisions of this chapter including all persons conducting, participating in, or attending any race meeting. It shall employ such persons to be present at race meetings as are necessary to ensure that they are conducted with order and the highest degree of integrity. It may eject or exclude from the enclosure or from any part thereof any person, whether or not he possesses a license or permit, whose conduct or reputation is such that his presence may, in the opinion of the Commission, reflect on the honesty and integrity of horse racing or interfere with the orderly conduct of horse racing.

2. The Commission, its representatives, and employees shall visit, investigate, and have free access to the office, track, facilities, satellite facilities or other places of business of any license or permit holder, and may compel the production of any of the books, documents, records, or memoranda of any license or permit holder for the purpose of satisfying itself that this chapter and its regulations are strictly complied with. In addition, the Commission may require any person granted a

permit by the Commission and shall require any person licensed by the Commission, the recognized majority horsemen's group, and the nonprofit industry stakeholder organization recognized by the Commission under this chapter to produce an annual balance sheet and operating statement prepared by a certified public accountant approved by the Commission. The Commission may require the production of any contract to which such person is or may be a party.

3. The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter, including a requirement that licensees post, in a conspicuous place in every place where pari-mutuel wagering is conducted, a sign which bears a toll-free telephone number for "Gamblers Anonymous" or other organization which provides assistance to compulsive gamblers. Such regulations shall include provisions for affirmative action to assure participation by minority persons in contracts granted by the Commission and its licensees. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any horse racetrack. Such regulations may include penalties for violations. The regulations shall be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

4. The Commission shall promulgate regulations and conditions under which simulcast horse racing shall be conducted at a licensed horse racetrack or satellite facility in the Commonwealth and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter. Such regulations shall include provisions that all simulcast horse racing shall comply with the Interstate Horse Racing Act of 1978 (15 U.S.C. § 3001 et seq.) and shall require the holder of a license to schedule no more than 125 live racing days in the Commonwealth each calendar year; however, the Commission shall have the authority to alter the required number of live racing days based on what the Commission deems to be in the best interest of the Virginia horse industry. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. In no event shall the Commission authorize any such entities to own or operate more than a combined total of 10 satellite facilities. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any satellite facility. Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such regulations shall include, but not be limited to, (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school or institution of higher education. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including but not limited to financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. The Commission, its representatives and employees may, within the enclosure, stable, or other facility related to the conduct of racing, and during regular or usual business hours, subject any (i) permit holder to personal inspections, including alcohol and drug testing for illegal drugs, inspections of personal property, and inspections of other property or premises under the control of such permit holder and (ii) horse eligible to race at a race meeting licensed by the Commission to testing for substances foreign to the natural horse within the racetrack enclosure or other place where such horse is kept. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including but not limited to the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first $75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five percent in the horsemen's purse account, (ii) for any amount in excess of $75 million but less than $150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of $150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission or its representatives shall participate in the Problem Gambling Treatment and Support Advisory Committee established pursuant to § 37.2-304 by the Department of Behavioral Health and Developmental Services to enable collaboration among prevention and treatment providers and operators of legal gaming in the Commonwealth on efforts to reduce the negative effects of problem gambling.

§ 59.1-369. Powers and duties of the Commission.

The Commission shall have all powers and duties necessary to carry out the provisions of this chapter and to exercise the control of horse racing as set forth in § 59.1-364. Such powers and duties shall include but not be limited to the following:

1. The Commission is vested with jurisdiction and supervision over all horse racing licensed under the provisions of this chapter including all persons conducting, participating in, or attending any race meeting. It shall employ such persons to be present at race meetings as are necessary to ensure that they are conducted with order and the highest degree of integrity. It may eject or exclude from the enclosure or from any part thereof any person, whether or not he possesses a license or permit, whose conduct or reputation is such that his presence may, in the opinion of the Commission, reflect on the honesty and integrity of horse racing or interfere with the orderly conduct of horse racing.

2. The Commission, its representatives, and employees shall visit, investigate, and have free access to the office, track, facilities, satellite facilities or other places of business of any license or permit holder, and may compel the production of any of the books, documents, records, or memoranda of any license or permit holder for the purpose of satisfying itself that this chapter and its regulations are strictly complied with. In addition, the Commission may require any person granted a permit by the Commission and shall require any person licensed by the Commission, the recognized majority horsemen's group, and the nonprofit industry stakeholder organization recognized by the Commission under this chapter to produce an annual balance sheet and operating statement prepared by a certified public accountant approved by the Commission. The Commission may require the production of any contract to which such person is or may be a party.

3. The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter, including a requirement that licensees post, in a conspicuous place in every place where pari-mutuel wagering is conducted, a sign which bears a toll-free telephone number for "Gamblers Anonymous" or other organization which provides assistance to compulsive gamblers. Such regulations shall include provisions for affirmative action to assure participation by minority persons in contracts granted by the Commission and its licensees. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any horse racetrack. Such regulations may include penalties for violations. The regulations shall be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

4. The Commission shall promulgate regulations and conditions under which simulcast horse racing shall be conducted at a licensed horse racetrack or satellite facility in the Commonwealth and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter. Such regulations shall include provisions that all simulcast horse racing shall comply with the Interstate Horse Racing Act of 1978 (15 U.S.C. § 3001 et seq.) and shall require the holder of a license to schedule no more than 125 live racing days in the Commonwealth each calendar year; however, the Commission shall have the authority to alter the required number of live racing days based on what the Commission deems to be in the best interest of the Virginia horse industry. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. In no event shall the Commission authorize any such entities to own or operate more than a combined total of 10 satellite facilities. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any satellite facility. Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such regulations shall include, but not be limited to, (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school or institution of higher education. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including but not limited to financial statements

and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. The Commission, its representatives and employees may, within the enclosure, stable, or other facility related to the conduct of racing, and during regular or usual business hours, subject any (i) permit holder to personal inspections, including alcohol and drug testing for illegal drugs, inspections of personal property, and inspections of other property or premises under the control of such permit holder and (ii) horse eligible to race at a race meeting licensed by the Commission to testing for substances foreign to the natural horse within the racetrack enclosure or other place where such horse is kept. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including but not limited to the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first $75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five percent in the horsemen's purse account, (ii) for any amount in excess of $75 million but less than $150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of $150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission or its representatives shall participate in the Problem Gambling Treatment and Support Advisory Committee established pursuant to § 37.2-304 by the Department of Behavioral Health and Developmental Services to enable collaboration among prevention and treatment providers and operators of legal gaming in the Commonwealth on efforts to reduce the negative effects of problem gambling.

Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility. *For purposes of this subdivision, "force majeure" means an event or events reasonably beyond the ability of the Commission to anticipate and control. "Force majeure" includes acts of God, incidences of terrorism, war or riots, labor strikes or civil disturbances, floods, earthquakes, fire, explosions, epidemics, hurricanes, tornadoes, and governmental actions and restrictions.*

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including but not limited to financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. The Commission, its representatives and employees may, within the enclosure, stable, or other facility related to the conduct of racing, and during regular or usual business hours, subject any (i) permit holder to personal inspections, including alcohol and drug testing for illegal drugs, inspections of personal property, and inspections of other property or premises under the control of such permit holder and (ii) horse eligible to race at a race meeting licensed by the Commission to testing for substances foreign to the natural horse within the racetrack enclosure or other place where such horse is kept. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including but not limited to the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first $75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five percent in the horsemen's purse account, (ii) for any amount in excess of $75 million but less than $150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of $150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission shall promulgate regulations requiring, for each calendar year, any significant infrastructure limited licensee that offers pari-mutuel wagering on historical horse racing to hold at least one live Thoroughbred horse

racing day, consisting of not less than eight races per day, for every 100 historical horse racing terminals installed at its significant infrastructure facility together with any satellite facility owned, operated, controlled, managed, or otherwise directly or indirectly affiliated with such licensee. The regulations shall require any such significant infrastructure limited licensee that holds more than one live Thoroughbred horse racing day in accordance with the provisions of this subdivision to hold at least one of those racing days on a weekend. The number of historical horse racing terminals installed at a significant infrastructure facility shall be calculated as of December 31 of the calendar year in question; however, only historical horse racing terminals that are fully operational shall be included in such calculation.

2. That the provisions of this act shall become effective on July 1, 2024.

Be it enacted by the General Assembly of Virginia:

1. That § 64.2-2009 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 64.2-2009.1 as follows:

§ 64.2-2009. Court order of appointment; limited guardianships and conservatorships.

A. The court's order appointing a guardian or conservator shall (i) state the nature and extent of the person's incapacity; (ii) define the powers and duties of the guardian or conservator so as to permit the incapacitated person to care for himself and manage property to the extent he is capable; (iii) specify whether the appointment of a guardian or conservator is limited to a specified length of time, as the court in its discretion may determine; (iv) specify the legal disabilities, if any, of the person in connection with the finding of incapacity, including but not limited to mental competency for purposes of Article II, § 1 of the Constitution of Virginia or Title 24.2; (v) include any limitations deemed appropriate following consideration of the factors specified in § 64.2-2007; (vi) set the bond of the guardian and the bond and surety, if any, of the conservator; and (vii) where a petition is brought prior to the incapacitated person's eighteenth birthday, pursuant to subsection C of § 64.2-2001, whether the order shall take effect immediately upon entry or on the incapacitated person's eighteenth birthday.

A1. Beginning July 1, 2023, the court shall set a schedule in the order of appointment for periodic review hearings, to be held no later than one year after the initial appointment and no later than every three years thereafter, unless the court orders that such hearings are to be waived because they are unnecessary or impracticable or that such hearings shall be held on such other schedule as the court shall determine. Any such determination to waive the hearing or use a schedule differing from that prescribed in this subsection shall be supported in the order and address the reason for such determination, including (i) the likelihood that the respondent's condition will improve or the respondent will regain capacity, (ii) whether concerns or questions were raised about the suitability of the person appointed as a guardian or conservator at the time of the initial appointment, and (iii) whether the appointment of a guardian or conservator or the appointment of the specifically appointed guardian or conservator was contested by the respondent or another party.

The court shall not waive the initial periodic review hearing scheduled pursuant to this subsection where the petitioner for guardianship or conservatorship is a hospital, convalescent home, or certified nursing facility licensed by the Department of Health pursuant to § 32.1-123; an assisted living facility, as defined in § 63.2-100, or any other similar institution; or a health care provider other than a family member. If the petitioner is a hospital, convalescent home, or certified nursing facility licensed by the Department of Health pursuant to § 32.1-123 or an assisted living facility as defined in § 63.2-100, nothing in this chapter shall require such petitioner to attend any periodic review hearing.

Any person may file a petition, which may be on a form developed by the Office of the Executive Secretary of the Supreme Court of Virginia, to hold a periodic review hearing prior to the scheduled date set forth in the order of appointment. The court shall hold an earlier hearing upon good cause shown. At such a hearing, the court shall review the schedule set forth in the order of appointment and determine whether future periodic review hearings are necessary or may be waived.

A2. The court may appoint a limited conservator for an incapacitated person who is capable of managing some of his property and financial affairs for limited purposes that are specified in the order.

C. Unless the guardian has a professional relationship with the incapacitated person or is employed by or affiliated with a facility where the person resides, the court's order may authorize the guardian to consent to the admission of the person to a facility pursuant to § 37.2-805.1, upon finding by clear and convincing evidence that (i) the person has severe and persistent mental illness that significantly impairs the person's capacity to exercise judgment or self-control, as confirmed by the evaluation of a licensed psychiatrist; (ii) such condition is unlikely to improve in the foreseeable future; and (iii) the guardian has formulated a plan for providing ongoing treatment of the person's illness in the least restrictive setting suitable for the person's condition.

D. A guardian need not be appointed for a person who has appointed an agent under an advance directive executed in accordance with the provisions of Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, unless the court determines that the agent is not acting in accordance with the wishes of the principal or there is a need for decision making outside the purview of the advance directive. A guardian need not be appointed for a person where a health care decision is made pursuant to, and within the scope of, the Health Care Decisions Act (§ 54.1-2981 et seq.).

A conservator need not be appointed for a person (i) who has appointed an agent under a durable power of attorney, unless the court determines pursuant to the Uniform Power of Attorney Act (§ 64.2-1600 et seq.) that the agent is not acting in the best interests of the principal or there is a need for decision making outside the purview of the durable power of attorney or (ii) whose only or major source of income is from the Social Security Administration or other government program and who has a representative payee.

E. All orders appointing a guardian shall include the following statements in conspicuous bold print in at least 14-point type:

2. Pursuant to the provisions of subsection E of § 64.2-2019 of the Code of Virginia, a guardian, to the extent possible, shall encourage the incapacitated person to participate in decisions, shall consider the expressed desires and personal values of the incapacitated person to the extent known, and shall not unreasonably restrict an incapacitated person's ability to communicate with, visit, or interact with other persons with whom the incapacitated person has an established relationship.

3. Pursuant to § 64.2-2020 of the Code of Virginia, an annual report shall be filed by the guardian with the local department of social services for the jurisdiction where the incapacitated person resides.

4. Pursuant to § 64.2-2012 of the Code of Virginia, all guardianship orders are subject to petition for restoration of the incapacitated person to capacity; modification of the type of appointment or areas of protection, management, or assistance granted; or termination of the guardianship."

§ 64.2-2009.1. Periodic review hearings.

A hearing held pursuant to the schedule set forth in subsection A1 of § 64.2-2009 shall include the following assessments by the court: (i) whether the guardian or conservator is fulfilling his duties and (ii) whether continuation of the

guardianship or conservatorship is necessary and, if so, whether the scope of such guardianship or conservatorship warrants modification.

C. Upon a determination to temporarily suspend a license, the Board shall immediately commence a formal investigation. The formal investigation shall be completed within 10 days of its commencement and the findings reported immediately to the Secretary of the Board. If, following the formal investigation, the Secretary of the Board determines that suspension of the license is warranted, a hearing shall be held within five days of the completion of the formal investigation. A decision shall be rendered within 10 days of conclusion of the hearing. If a decision is not rendered within 10 days of the conclusion of the hearing, the order of suspension shall be vacated and the license reinstated. [H 2171]

Approved March 26, 2023

Be it enacted by the General Assembly of Virginia:

1. That § 44-146.17, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 44-146.17. (Effective until July 1, 2023) Powers and duties of Governor.

A. The Governor shall be Director of Emergency Management. He shall take such action from time to time as is necessary for the adequate promotion and coordination of state and local emergency services activities relating to the safety and welfare of the Commonwealth in time of disasters.

The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a civil penalty of not more than $500 or as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect. Where an executive order declares a violation shall be punishable as a civil penalty, such violation shall be charged by summons and may be executed by a law-enforcement officer when such violation is observed by the officer. The summons used by a law-enforcement officer pursuant to this section shall be, in form, the same as the uniform summons for motor vehicle law violations as prescribed pursuant to § 46.2-388. The proceeds of such civil penalties collected pursuant to this section shall be paid and collected only in lawful money of the United States and paid into the state treasury to the credit of the Literary Fund.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.

No rule, regulation, or order issued under this section shall have any effect beyond 45 days after the date of issuance. Unless the General Assembly takes action on the rule, regulation, or order within the 45 days during which the rule, regulation, or order is effective, the Governor shall thereafter be prohibited from issuing the same or a similar rule, regulation, or order relating to the same emergency;

(2) To appoint a State Coordinator of Emergency Management and authorize the appointment or employment of other personnel as is necessary to carry out the provisions of this chapter, and to remove, in his discretion, any and all persons serving hereunder;

(3) To procure supplies and equipment, to institute training and public information programs relative to emergency management and to take other preparatory steps including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces in time of need;

(4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient emergency use thereof;

(5) On behalf of the Commonwealth to enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of the Commonwealth. After a state of emergency is declared in another state and the Governor receives a written request for assistance from the executive authority of that state, the Governor may authorize the use in the other state of personnel, equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent of the chief executive officer or governing body of the political subdivision;

(6) To delegate any administrative authority vested in him under this chapter, and to provide for the further delegation of any such authority, as needed;

(7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, to declare a state of emergency to exist;

(8) To request a major disaster declaration from the President, thereby certifying the need for federal disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth, its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting from the disaster;

(9) To provide incident command system guidelines for state agencies and local emergency response organizations;

(10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local public safety agency responding to a disaster has suffered an extreme personal or family hardship in the affected area, such as the destruction of a personal residence or the existence of living conditions that imperil the health and safety of an immediate family member of the employee, to direct the Comptroller of the Commonwealth to issue warrants not to exceed $2,500 per month, for up to three calendar months, to the employee to assist the employee with the hardship; and

(11) During a disaster caused by a communicable disease of public health threat for which a state of emergency has been declared pursuant to subdivision (7), to establish a program through which the Governor may purchase PPE for private, nongovernmental entities and distribute the PPE to such private, nongovernmental entities. If federal funding is available to establish and fund the program, the Governor, if necessary to comply with any conditions attached to such federal funding, shall be entitled to seek reimbursement for such purchases from the private, nongovernmental entities and may establish and charge fees to recover the cost of administering the program, including the cost of procuring and distributing the PPE. However, if federal funding is not available to establish and fund the program, the Governor shall, prior to making such purchases, receive a contract for payment for purchase from the private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall include any amortized costs of administering the program. Any purchase made by the Governor pursuant to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and include a written statement regarding the basis for awarding any contract. Prior to implementing such a program, the Department of Emergency Management shall consult with and survey private, nongovernmental entities in order to assess demand for participation in the program as well as the quantity and types of personal protective equipment such entities would like to procure.

As used in this subdivision, "personal protective equipment" or "PPE" means equipment or supplies worn or employed to minimize exposure to hazards that cause serious workplace injuries and illnesses and may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators, coveralls, vests, full body suits, hand sanitizer, plastic shields, or testing for the communicable disease of public health threat.

B. No rule, regulation, or order issued by the Governor or other governmental entity pursuant to this chapter shall impose restrictions on the operation of a place of worship that are more restrictive than the restrictions imposed on any other business, organization, or activity.

§ 44-146.17. (Effective July 1, 2023) Powers and duties of Governor.

A. The Governor shall be Director of Emergency Management. He shall take such action from time to time as is necessary for the adequate promotion and coordination of state and local emergency services activities relating to the safety and welfare of the Commonwealth in time of disasters.

The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.

No rule, regulation, or order issued under this section shall have any effect beyond 45 days after the date of issuance. Unless the General Assembly takes action on the rule, regulation, or order within the 45 days during which the rule, regulation, or order is effective, the Governor shall thereafter be prohibited from issuing the same or a similar rule, regulation, or order relating to the same emergency;

(2) To appoint a State Coordinator of Emergency Management and authorize the appointment or employment of other personnel as is necessary to carry out the provisions of this chapter, and to remove, in his discretion, any and all persons serving hereunder;

(3) To procure supplies and equipment, to institute training and public information programs relative to emergency management and to take other preparatory steps including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces in time of need;

(4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient emergency use thereof;

(5) On behalf of the Commonwealth to enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of the Commonwealth. After a state of emergency is declared in another state and the Governor receives a written request for assistance from the executive authority of that state, the Governor may authorize the use in the other state of personnel, equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent of the chief executive officer or governing body of the political subdivision;

(6) To delegate any administrative authority vested in him under this chapter, and to provide for the further delegation of any such authority, as needed;

(7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, to declare a state of emergency to exist;

(8) To request a major disaster declaration from the President, thereby certifying the need for federal disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth, its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting from the disaster;

(9) To provide incident command system guidelines for state agencies and local emergency response organizations;

(10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local public safety agency responding to a disaster has suffered an extreme personal or family hardship in the affected area, such as the destruction of a personal residence or the existence of living conditions that imperil the health and safety of an immediate family member of the employee, to direct the Comptroller of the Commonwealth to issue warrants not to exceed $2,500 per month, for up to three calendar months, to the employee to assist the employee with the hardship; and

(11) During a disaster caused by a communicable disease of public health threat for which a state of emergency has been declared pursuant to subdivision (7), to establish a program through which the Governor may purchase PPE for private, nongovernmental entities and distribute the PPE to such private, nongovernmental entities. If federal funding is available to establish and fund the program, the Governor, if necessary to comply with any conditions attached to such federal funding, shall be entitled to seek reimbursement for such purchases from the private, nongovernmental entities and may establish and charge fees to recover the cost of administering the program, including the cost of procuring and distributing the PPE. However, if federal funding is not available to establish and fund the program, the Governor shall, prior to making such purchases, receive a contract for payment for purchase from the private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall include any amortized costs of administering the program. Any purchase made by the Governor pursuant to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and include a written statement regarding the basis for awarding any contract. Prior to implementing such a program, the Department of Emergency Management shall consult with and survey private, nongovernmental entities in order to assess demand for participation in the program as well as the quantity and types of personal protective equipment such entities would like to procure.

As used in this subdivision, "personal protective equipment" or "PPE" means equipment or supplies worn or employed to minimize exposure to hazards that cause serious workplace injuries and illnesses and may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators, coveralls, vests, full body suits, hand sanitizer, plastic shields, or testing for the communicable disease of public health threat.

B. No rule, regulation, or order issued by the Governor or other governmental entity pursuant to this chapter shall impose restrictions on the operation of a place of worship that are more restrictive than the restrictions imposed on any other business, organization, or activity.

The report shall also indicate whether, in the *opinion of the director of the* board, authority, or inpatient facility ~~director's~~ or his ~~designee's opinion~~ *designee or the evaluator*, the defendant should be released, committed pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2, committed pursuant to Chapter 9 (§ 37.2-900 et seq.) of Title 37.2, or certified pursuant to § 37.2-806 in the event he is found to be unrestorably incompetent. However, if the court finds that the defendant is incompetent and is likely to remain so for the foreseeable future and the defendant has been charged with a sexually violent offense, as defined in § 37.2-900, he shall be screened pursuant to the procedures set forth in §§ 37.2-903 and 37.2-904. If the court finds the defendant incompetent but restorable to competency in the foreseeable future, it may order treatment continued until six months have elapsed from the date of the defendant's initial admission under subsection A of § 19.2-169.2.

B. At the end of six months from the date of the defendant's initial admission under subsection A of § 19.2-169.2 if the defendant remains incompetent in the opinion of the board, authority, or inpatient facility director or his designee, the director or his designee shall so notify the court and make recommendations concerning disposition of the defendant as described in subsection A. The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer *or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10*. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;

2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons;

A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. The extended protective order shall be served as soon as possible on the respondent. However, ~~upon motion of~~ *where* the

respondent ~~and for~~ *shows* good cause ~~shown~~, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte preliminary protective order until such new date. The extended ex parte preliminary protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or

the respondent shows good cause, the court may continue the extension hearing and such ex parte preliminary protective order shall remain in effect until the extension hearing.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer *or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10.* If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 19.2-152.8 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;

2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons;

3. Such other conditions as the court deems necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and

The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, ~~upon motion of~~ *where* the respondent ~~and for~~ *shows* good cause ~~shown~~, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency

If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

The extended ex parte protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte protective order shall remain in effect until the extension hearing.

C. Upon conviction for an act of violence as defined in § 19.2-297.1 and upon the request of the victim or of the attorney for the Commonwealth on behalf of the victim, the court may issue a protective order to the victim pursuant to this chapter to protect the health and safety of the victim. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or national origin;

D. § 60.2-631. Board of Review.

A. The Commissioner, in his discretion, is hereby authorized to appoint a Board of Review consisting of three members, one of whom shall be designated chairman for a term of six years. During his term of membership on the Board no member shall serve as an officer or committee member of any political organization. The members of the Board shall be compensated in a manner determined by the Commission. The Commission shall furnish the Board such stenographic and clerical assistance as the Board may require. The Commissioner may at any time, after notice and hearing, remove any member for cause. The Commissioner may, after thirty days' notice to the members of the Board and upon a finding that the Board is no longer needed, abolish the same.

B. 1. The Board shall meet upon the call of the chairman. It shall have the same powers and perform the same functions vested in the Commission in this title for review of decisions by an appeal tribunal, including the power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records deemed necessary as evidence in connection with disputed claims.

2. The Board may hold its hearings in the county or city where the claimant was last employed, except that hearings involving the provisions of subdivision A 2 of § 60.2-612 shall be held in the county or city where the claimant was last employed. When the same or substantially similar evidence is relevant and material to matters in issue in claims by more than one individual or in claims by a single individual with respect to two or more weeks of unemployment, the same time and place for considering each such claim may be fixed, hearings thereon jointly conducted, and a single record of the proceedings made.

C. The Commission may issue such regulations as it deems necessary for the procedure of the Board in the conduct of its hearings. During the time the Board is organized under authority of the Commissioner, the Commission shall have no jurisdiction under § 60.2-622. Any decision of the Board shall become final ten days after the date of notification or mailing and judicial review shall be permitted the claimant, the Commission or any interested party claiming to be aggrieved. In any judicial action involving any such decision the Commission shall be represented by the Office of the Attorney General. Any decision of the Board from which no judicial review is sought within the time prescribed in § 60.2-625 shall be conclusive against any party to the hearing before the Board and the Commission in any subsequent judicial proceedings involving liability for taxes under this title.

D. Within the time specified in § 60.2-625 the Commission, or any party to the proceedings before the Board, may obtain judicial review by filing in the circuit court of the county or city in which the individual who filed the claim was last employed, in the Commonwealth, a petition for review of such decision. In any such proceeding any other party to the proceeding shall be made a party respondent. The Commission shall be deemed to be a party to any such proceeding. The petition need not be verified. A copy of such petition shall be served upon the Commission and each party to the proceeding held before the Board at least thirty days prior to the placing of the petition upon the docket. The mailing of a copy of such petition to each party at his last known address shall be sufficient service. The Commission shall file along with its petition or answer a certified copy of the record of the case, including all documents and papers and a transcript of all testimony taken in the matter, together with the Board's findings, conclusions and decision therein.

E. In any proceeding under this section the Board's findings of facts, if supported by the evidence and in the absence of fraud, shall be conclusive and the jurisdiction of the court shall be confined to questions of law. The court may order additional evidence to be taken by the Board, which such additional evidence, findings of fact or conclusions, together with the additional transcript of the record, shall be certified by the chairman of the Board and filed by him with the court. Such petition for review shall be heard in a summary manner and shall have preference over all other cases on the docket, except cases in which the Commonwealth is a party.

F. An appeal may be taken from the decision of such court to the Court of Appeals in conformity with Part Five A of the Rules of Supreme Court and other applicable laws. From any such decision involving (i) the provisions of § 60.2-612 or § 60.2-618, (ii) whether an employing unit constitutes an employer or (iii) whether services performed for or in connection with the business of an employing unit constitute employment for such employing unit, the Court of Appeals shall have jurisdiction to review such decision regardless of the amount involved in any claim for benefits. It shall not be necessary, in any proceeding before the Board, to enter exceptions to its ruling, and no bond shall be required upon any appeal to any court. Upon the final determination of such judicial proceeding, the Board shall enter an order in accordance with such determination.

2. That § 2.2-435.8, Chapter 6 (§§ 40.1-117 through 40.1-127) of Title 40.1, §§ 60.2-110, 60.2-113, 60.2-113.1, 60.2-309, and 60.2-310, and Chapter 4 (§§ 60.2-400, 60.2-400.1, and 60.2-401) of Title 60.2 of the Code of Virginia are repealed.
