Explanation:

(This amendment adds \$302.2 million from the general fund and \$1.4 billion nongeneral fund from federal Medicaid matching funds in fiscal year 2022, reflecting a shift in payments from the first month of fiscal year 2023 to fiscal year 2022. This change allows the Commonwealth to draw down enhanced federal Medicaid funding (FMAP) during the public health emergency. A separate amendment to House Bill 30 reduces general fund spending on Medicaid by \$378.0 million in fiscal year 2023 and \$39.3 million in fiscal year 2024 reflecting the shift in spending from fiscal year 2023 to fiscal year 2022. This amendment also accounts for a slower than expected shift of certain Medicaid recipients in the base program into Medicaid expansion (e.g., adolescents turning age 18). The Medicaid forecast had anticipated a savings of \$35.0 million from this action in fiscal year 2022. However, issues related to the performance of the contracted Medicaid processing unit have delayed these eligibility updates. This amendment results in no change in services provided to Medicaid recipients.)

Explanation:

(This amendment captures savings of \$12.6 million from the general fund and \$12.6 million from federal Medicaid matching funds the second year from the fiscal year 2022 delay by the Department of Behavioral Health and Developmental Services (DBHDS) in allocating waiver slots. A decision by DBHDS to review all individuals on the Priority 1, 2 and 3 waiting lists resulted in a delay in allocating 890 new waiver slots to individuals with developmental disabilities on the Priority 1 waiting list for community-based services. This delay resulted in projected savings in the program in fiscal year 2022. a. Out of this appropriation, \$200,014,614 the first year and \$409,997,446 the second year from the general fund is provided for the state share of the following salary increases, related fringe benefit costs, and bonus payments:

1) For the first year a 4.0 percent salary increase effective July 1, 2022, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share

of up to a 4.0 salary increase effective July 1, 2022, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the first year. The state share of funding provided to a school division in support of this compensation shall be prorated for school divisions that provide less than an average 4.0 percent salary increase the first year, however, to access these funds, a school division must provide at least an average 2.5 percent salary increase in the first year.

2) For the second year, an additional 4.0 percent salary increase effective July 1, 2023, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to an additional 4.0 percent salary increase effective July 1, 2023, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the second year; however school divisions providing a first year salary increase in excess of the 4.0 percent provided in paragraph a.1 above may deduct the portion of the first year increase in excess of 4.0 percent from the 4.0 percent salary increase provided in the second year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an additional average 4.0 percent salary increase the second year, however, to access these funds, a school division must provide at least a 2.5 percent salary increase the first year and at least an additional average 2.5 percent salary increase the second year. Payments in the second year to any school division shall be based on providing the funds needed to continue the first year increase provided in paragraph a.1 above that was actually provided by the division, plus the increase provided by the division in the second year.

3) For the first year, a one-time bonus payment equal to 1.0 percent of base pay on July 1, 2022, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 1.0 salary increase effective July 1, 2022, to school divisions that certify to the Department of Education that an equivalent bonus or compensation supplement will be provided to instructional and support personnel the first year.

4) For the second year, a one-time bonus payment equal to 1.0 percent of base pay on July 1, 2023, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 1.0 salary increase effective July 1, 2023, to school divisions that certify to the Department of Education that an equivalent bonus or compensation supplement will be provided to instructional and support personnel the second year.

b. Out of this appropriation, \$1,101,357 the first year and \$2,068,407 the second year from the general fund is provided for the state share of the salary increases and one-time bonus payments stated in paragraph a above for Academic Year Governor's Schools, and \$808,084 the first year and \$1,471,236 the second year from the Lottery Proceeds fund is provided for the state share of these salary increases and one-time bonus payments for Regional Alternative Education Programs.

c. It is the intent that the average instructional and support position salaries are increased in local school divisions throughout the state by at least 4.0 percent the first year at least and additional 4.0 percent the second year, resulting in a combined increase of at least 8.16 percent during the biennium, or 10.25 percent during the biennium for school divisions opting to provide additional 1.0 percent salary increases each year in lieu of the 1.0 percent one-time bonus payments.

d. The state funds that the school division is eligible to receive shall be matched by the local government based on the composite index of local ability-to-pay. This local match shall be calculated for funded SOQ instructional and support positions using an effective date of July 1, 2022, the first year and July 1, 2023, the second year.

e. This funding is not intended as a mandate to increase salaries or provide one-time bonus payments.

Explanation:

(This amendment provides \$247.0 million the first year and \$453.6 million the second year from the general fund to provide the state share of two 4.0 percent salary increases and two 1.0 percent bonuses, provided on July 1, 2022 and July 1, 2023. Language provides local flexibility by permitting school divisions to (i) access a prorated share of the salary increase funds to provide increases smaller than 4.0 percent, provided at least 2.5 percent increases are given (ii) apply first year increases in excess of 4.0 percent toward the second year increase, and (iii) provide an additional 1.0 percent salary increase in lieu of a 1.0 percent bonus. Explanation:

(This amendment saves \$2.0 million the first year and \$2.0 million the second year from the general fund by implementing biennial rebenchmarking of Virginia Preschool Initiative per-pupil payments while excluding Cost of Competing Adjustments (COCA) as the introduced budget proposed. The Local Composite Index is capped at .5000 for VPI payments, rather than the traditional .8000 cap, meaning many of the same jurisdictions that would benefit from the application of COCA to VPI payments already benefit from the reduced LCI cap.)

b. The Board of Education shall be authorized to award to grantee school divisions (i) \$355,800,000 in grants for Tier One projects, and \$186,000,000 in grants for Tier Two projects. Grants for Tier Two projects shall be equivalent to interest costs if the project were financed by the Virginia Public School Authority.

1. The Board of Education shall establish rules and procedures relating to applications and awards of these grants, which shall provide at a minimum:
 - a. Scoring criteria that gives appropriate weight to the following categories for the award of grants:
 - i. Commitment, which may be demonstrated by factors including (i) an agreement by the local governing body to maintain or increase the percentage of local revenues dedicated to public education throughout the duration of the financing proposed for the project and (ii) the extent of project design and site acquisition for such project that has been completed prior to application of anticipated grant funds.
 - ii.  - iii. Poor school building conditions which may consider (i) the condition of the facilities proposed to be replaced or upgraded using these funds, including the current level of compliance of the existing facility with the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.) and the facilities potential threat to the health or safety of building occupants; (ii) the school division maintenance reserve tool established pursuant to the passage of House Bill 563; and (iii) the overall condition of other facilities within the school division.
 - b. That grants shall be provided only for projects financed through the Virginia Public School Authority or pursuant to the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq.).
 - c. That grants shall be provided only for projects designed to conform to the Department of Education's "Guidelines for School Facilities in Virginia's Public Schools," as amended.

Explanation:

(This amendment provides \$291.7 million the first year from the general fund and \$250.0 million the first year from the Literary Fund to establish the School Construction Loan Rebate Program, to provide competitive loan rebate grants for school construction and modernization. These grants provide 30% loan rebates for \$1 billion in construction projects, and interest buydown grants to provide zero-interest financing for another \$1 billion in construction projects. c. Notwithstanding the provisions of § 22.1-349.10, for the purpose of determining state and local shares of funding for students attending College Partnership Laboratory Schools, such students shall be considered to be enrolled in their school division of residence."

Explanation:

(This amendment deposits \$150.0 million the first year into the College Partnership Laboratory Schools (CPLS) Fund. Existing law directs the Board of Education to establish criteria for distribution of these funds, which could include grants to establish a CPLS. Existing law further specifies that state and federal funds for CPLS students shall "follow the student," to each CPLS, but does not establish how the local share of funding is provided. This amendment provides that the required local spending for such students would be provided through disbursements from the CPLS Fund rather than the local school division. The amendment further clarifies that for the purposes of determining per pupil funding amounts for CPLS students, such students shall be considered to be enrolled in their school division of residence.)

Out of this appropriation, \$10,000,000 the first year and \$10,000,000 the second year from the general fund is designated for the Innovative Internship Fund and Program, § 23.1-903.4, Code of Virginia. The funding is designed to expand paid or credit-bearing student internship and other work-based learning opportunities in collaboration with Virginia employers so that over time every Virginia undergraduate student who wants such an opportunity can access it without extending time for completion of undergraduate study. The Program comprises institutional grants and a collaborative public-private statewide initiative to facilitate the readiness of students, employers, and institutions of higher education to participate in internship and other work-based learning opportunities and to increase participation in such opportunities by smaller employers and by students with limited resources who traditionally have participated at lower rates."

Page 187, after line 38, insert:

"4. To scale up internships and work-based learning opportunities statewide, regionally, and by industry sector or cluster, the Council may take actions to facilitate increased participation in such opportunities by smaller employers and by students with limited resources including, but not limited to: (i) procuring staffing assistance to serve as a clearinghouse for matching students to internships with smaller employers; (ii) providing institutional grants for pilot programs to transform the use of Federal Work-Study resources to support and expand student access to internships and other work-based learning opportunities; (iii) determining the mechanism to be used to award stipends to qualifying students conditioned upon a Virginia-based employer providing matching compensation and supporting specified learning activities and outcomes. The Council shall allocate up to \$3,000,000 each year for such stipends. The Council shall, in consultation with institutional and business partners, develop guidelines governing eligibility for such stipends and corresponding employer participation, and shall place particular emphasis on expanding internships and other work-based learning opportunities that align with talent pathway development initiatives undertaken pursuant to Item 115."

Explanation:

(This amendment requests funding to increase the annual appropriations to the innovative internship Fund and Program - known externally as the Virginia Talent + Opportunity Partnership (V-TOP) in order to (1) expand and scale the Commonwealth's support for institutions, employers and students in their work-based learning endeavors and (2) implement a new matching fund programs to match students with limited resources to small employers. Activities will include: (a) expanded and more intensive services to small employers; (b) acceleration and scaling of current plans (using only current funding, SCHEV is implementing a four-year plan to roll-out and maintain regional support for employers, among other efforts, SCHEV would accelerate implementation of all current efforts and increase the scale over two years); (c) transformation of Federal Work-Study jobs into structured internships using grants to institutions for pilot projects; (d) up to \$3.0 million in each fiscal year to match wages paid by small employers to interns.)

"PPPP.1. Effective July 1, 2022, the Department of Medical Assistance Services (DMAS) shall issue a Request for Proposal and implement a two-year mobile vision provider pilot program. The pilot program will identify at least two mobile vision providers to provide comprehensive vision care services to children in school-based settings as provided in this paragraph. The pilot will evaluate the health and financial outcomes in at least one urban/suburban area and at least one rural area. To cover these services for children enrolled with a Medicaid managed care organization (MCO), the Department shall revise its MCO contracts to require the pilot mobile vision providers to participate in MCO networks as participating providers and receive additional subsidy to cover the cost of services for uninsured/underinsured students and general administrative and operational costs connected with mobile service provision. Mobile vision providers participating in the pilot program are responsible for facilitating data matching activities in order to identify Medicaid and Family Access to Medical Insurance Security (FAMIS) eligible children and bill their assigned MCOs for eligible services provided.

2. Mobile vision providers shall provide comprehensive vision services including, at a minimum, a comprehensive vision exam in compliance with recognized clinical standards to include the use of wide angle technology, lenses, frames, and fittings.

3. In order to participate in the pilot, a mobile vision provider shall have a written agreement with the school or school division where such services are provided. The agreement shall establish (i) how children will be referred for school-located vision services, (ii) a mechanism for ensuring parental or legal guardian notification, and (iii) a referral process for children needing follow up care. Such services shall be provided by a Virginia-licensed optometrist or ophthalmologist employed by or under contract with the mobile vision provider.

4. To demonstrate the impact that school-based mobile vision providers have on children enrolled in Medicaid and FAMIS, such mobile vision providers shall participate in an independent evaluation of the pilot in its second year. The Department of Medical Assistance Services is authorized to submit any appropriate federal regulatory documentation necessary to support implementation of this paragraph. This language does not exempt mobile vision providers under this paragraph from complying with all relevant federal, state, and DMAS provider requirements.

5. The Department of Medical Assistance Services shall require the Medicaid MCOs to expedite the enrollment and credentialing of the pilot mobile vision providers in the MCO networks."

Explanation:

(This amendment adds funding, language and two positions within the Department of Medical Assistance Services (DMAS) to begin a two-year pilot program for Medicaid and Family Access to Medical Insurance Security (FAMIS) coverage of mobile vision clinics in school-based settings. Eye exams and glasses provided at "bricks and mortar" optometry practices are currently covered by Medicaid and FAMIS. This budget amendment does not expand Medicaid benefits or services, instead it establishes an alternative delivery model to provide currently covered services in a way that increases access for children. It is intended that the comprehensive vision exam described in the language allows for the use of wide angle technology that bypasses the need for dilation of the eye. The two positions at DMAS will develop and administer the pilot program. Funding is included to cover children who are uninsured or underinsured, and to complete an independent evaluation of the program. A companion amendment in this item requires the department to work with the managed care organizations to offer a variety of lens and frame options for children. It is the intent of the General Assembly that in the enrolling of this act, funding included in this item shall be allocated among appropriate items within DMAS.)

Explanation:

(This amendment adds \$25.0 million from the general fund each year and \$25.4 million the first year and \$25.7 million the second year from federal Medicaid matching funds for Medicaid's Value-based Purchasing (VBP) program for nursing homes. This amendment also adds language to specify that the non-metric portion of the VBP program funding be provided as a Medicaid payment add-on to the rate instead of a lump sum payment. Under the federally-required structure of a VBP program, paying the non-metric based portion under VBP would delay payment until December for the relevant non-metric based payments. This will create a significant cash flow issue for five months beginning July 1, 2022 when rates would fully revert to having no add-on despite significant ongoing expenses. By excluding the non-metric based amount from federal approval of the VBP program and instead paying that portion as a Medicaid payment add-on to the rate (like the current \$15 per day), the delay would be avoided. In addition to the cash flow issue due to the timing of the lump-sum approach, delaying the non-metric based portion until December is contrary to the purpose of the funding, which was intended to help facilities get ready (improve) to meet the metrics.)

Explanation:

(This amendment reduces general fund support for the Medicaid Program by \$378.0 million in fiscal year 2023 as a result of advancing payments by one year, from fiscal year 2023 to fiscal year 2022, to take advantage of a more generous federal Medicaid match rate during the current fiscal year due to the public health emergency. The amendment also reflects a change in federal Medicaid matching funds, resulting in additional general fund savings of \$39.3 million the second year to the Commonwealth. A separate amendment to House Bill 29 appropriates additional general fund monies in fiscal year 2022 to fully fund current services. This amendment replaces general fund support for the program with enhanced federal funding, resulting in no change in services to Medicaid recipients. It is the intent of the General Assembly that in the enrolling of this act, funding included in this item shall be allocated among appropriate items within the Department of Medical Assistance Services.)

To the extent federal approval requires alternative approaches to achieve the same general results, the department shall have the authority to follow the federal guidance effecting this change."

Explanation:

(This amendment adds \$2.6 million from the general fund and \$3.3 million from federal Medicaid matching funds each year and language to create a new peer group with criteria only met by The Virginia Home, a unique nursing facility that cares for individuals suffering from quadriplegia, traumatic brain injury, multiple sclerosis, paraplegia, or cerebral palsy, over 90% of whom are Medicaid recipients. The population it serves maintain higher acuity scores and require significantly more staffing to care for the residents. Because of the patient population, The Virginia Home must operate private rooms and have more equipment such as mechanical lifts, electric chairs, etc. for its residents. Additionally, this amendment reallocates the allocations to effectuate a more gradual transition to the utilization of the new calculation methodology upon which the amounts were originally calculated by using a weighted proportion based two-thirds on the base fiscal year 2022 allocation, and one-third on the new allocation methodology based on facility conditions. Adjustments were then made to ensure that no state agency receives less funding than that which was provided in fiscal year 2022. Finally, this amendment provides an additional one-time supplement of \$1,200,000 general fund in the first year for security upgrades at Eastern Virginia Medical School.)

"3. That § 58.1-322.03 of the Code of Virginia is amended and reenacted as follows:

58.1-322.03. Virginia taxable income; deductions.

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) ~~and~~; (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026 2022, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); *and (iii) for taxable years beginning on and after January 1, 2022, but before January 1, 2026, \$9,000 for single individuals and \$18,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return).* For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

8. The total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided that the individual has not claimed a deduction for such amount on his federal income tax return.

9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. The lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided that the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income not in excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. As used in this subdivision, "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

15. For taxable years beginning on and after January 1, 2018, 20 percent of business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code. For purposes of this subdivision, "business interest" means the same as that term is defined under § 163(j) of the Internal Revenue Code.

16. For taxable years beginning on and after January 1, 2019, the actual amount of real and personal property taxes imposed by the Commonwealth or any other taxing jurisdiction not otherwise deducted solely on account of the dollar limitation imposed on individual deductions by § 164(b)(6)(B) of the Internal Revenue Code.

17. For taxable years beginning on and after January 1, 2020, but before January 1, 2021, up to \$100,000 of the amount that is not deductible when computing federal adjusted gross income solely on account of the portion of subdivision B 10 of § 58.1-301 related to Paycheck Protection Program loans."

2. The clerk of the circuit court shall publish notice of the referendum in a newspaper of general circulation in the qualifying locality once a week for three consecutive weeks prior to the election. The question on the ballot for the referendum shall include language stating (i) that the revenues from the sales tax shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

C. The governing body of the qualifying locality, if it elects to impose a local sales tax under this section after approval at a referendum as provided in subsection B shall do so by the adoption of an ordinance stating its purpose and referring to this section and providing that such ordinance shall be effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the sales tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state sales tax; ~~however, the local sales tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § 58.1-611.1.~~

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books for each qualifying locality under the name "Collections of Additional Local Sales Taxes in ____ (INSERT NAME OF THE QUALIFYING LOCALITY)." Each fund shall be administered as provided in § 58.1-605. A separate fund shall be created for each qualifying locality. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of each qualifying locality, and such payments shall be charged to the account of the qualifying locality under its special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to each qualifying locality and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.

A. 1. The governing body of a qualifying locality may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in such locality. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of the qualifying locality, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. Any local use tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state use tax, ~~however, the local use tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § 58.1-611.1.~~

D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to the qualifying locality.

G. All revenue from this local use tax revenue shall be used solely for capital projects for new construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

58.1-611.1. Exemption for food purchased for human consumption and essential personal hygiene products.

A. ~~The tax imposed by §§ 58.1-603 and 58.1-604 on food purchased for human consumption and essential personal hygiene products shall be one and one-half percent of the gross sales price. The revenue from the tax shall be distributed as follows: (i) the revenue from the tax at the rate of one-half percent shall be distributed as provided in subsection A of § 58.1-638 and (ii) the revenue from the tax at the rate of one percent shall be distributed as provided in subsections B, C and D of § 58.1-638.~~

B. ~~The provisions of this section shall not affect the imposition of tax on food purchased for human consumption and essential personal hygiene products pursuant to §§ 58.1-605 and 58.1-606.~~

~~C. No tax shall be imposed under this chapter, or pursuant to any authority granted under this chapter, on food purchased for human consumption or essential personal hygiene products.~~

B. 1. As used in this section, "food purchased for human consumption" has the same meaning as "food" defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that Act, except it shall not include seeds and plants which produce food for human consumption. For the purpose of this section, "food purchased for human consumption" shall not include food sold by any retail establishment where the gross receipts derived from the sale of food prepared by such retail establishment for immediate consumption on or off the premises of the retail establishment constitutes more than 80 percent of the total gross receipts of that retail establishment, including but not limited to motor fuel purchases, regardless of whether such prepared food is consumed on the premises of that retail establishment. For purposes of this section, "retail establishment" means each place of business for which any "dealer," as defined in § 58.1-612, is required to apply for and receive a certificate of registration pursuant to § 58.1-613.

2. As used in this section, "essential personal hygiene products" means (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt pursuant to this chapter.

58.1-638. Disposition of state sales and use tax revenue.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Commonwealth Transportation Fund established pursuant to § 33.2-1524. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school

population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be used for the state's share of Standards of Quality basic aid payments.

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

The Commonwealth Transportation Fund's share of the net revenue distributable under this subsection shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

H. 1. Beginning July 1, 2022, of the remaining sales and use tax revenue, an amount equal to revenue generated by a 0.182 percent sales and use tax shall be distributed to cities and counties as a supplemental school payment and credited to the account of each city and county based on the distribution set forth in subdivision H 2 and according to the procedures of subsection C.

2. Such supplemental school payment shall be distributed (i) beginning on July 1, 2022, but before July 1, 2024, based upon each city and county's estimated average share of monthly distributions pursuant to §§ 58.1-605 and 58.1-606 attributable to sales of food purchased for human consumption and essential personal hygiene products, as such terms are defined in § 58.1-611.1, between February 2020 and December 2021, and (ii) beginning on July 1, 2024, based upon each city and county's pro rata share of collections pursuant to §§ 58.1-605 and 58.1-606.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, G, and H.

B. There shall be added to the extent excluded from federal taxable income:

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;
3. [Repealed.]
4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

- (1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and
- (2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and
- (3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and
- (4) One of the following applies:
 - (i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

Income, including investment services partnership interest income (otherwise known as investment partnership carried interest income), attributable to an investment in a Virginia venture capital account. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2018, but before December 31, 2023. No subtraction shall be allowed under this subdivision for an investment in a company that is owned or operated by an affiliate of the taxpayer. No subtraction shall be allowed under this subdivision for a taxpayer who has claimed a subtraction under subdivision C 24 for the same investment.

b. As used in this subdivision 25:

"Qualified portfolio company" means a company that (i) has its principal place of business in the Commonwealth; (ii) has a primary purpose of production, sale, research, or development of a product or service other than the management or investment of capital; and (iii) provides equity in the company to the Virginia venture capital account in exchange for a capital investment. "Qualified portfolio company" does not include a company that is an individual or sole proprietorship.

"Virginia venture capital account" means an investment fund that has been certified by the Department as a Virginia venture capital account. In order to be certified as a Virginia venture capital account, the operator of the investment fund shall register the investment fund with the Department prior to December 31, 2023, (i) indicating that it intends to invest at least 50 percent of the capital committed to its fund in qualified portfolio companies and (ii) providing documentation that it employs at least one investor who has at least four years of professional experience in venture capital investment or substantially equivalent experience. "Substantially equivalent experience" includes, but is not limited to, an undergraduate degree from an accredited college or university in economics, finance, or a similar field of study. The Department may require an investment fund to provide documentation of the investor's training, education, or experience as deemed necessary by the Department to determine substantial equivalency. If the Department determines that the investment fund employs at least one investor with the experience set forth herein, the Department shall certify the investment fund as a Virginia venture capital account at such time as the investment fund actually invests at least 50 percent of the capital committed to its fund in qualified portfolio companies.

26. a. Income attributable to an investment in a Virginia real estate investment trust. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2019, but before December 31, 2024. 2. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

G. For taxable years beginning on and after January 1, 2018, *but before January 1, 2022*, there shall be deducted to the extent included in and not otherwise subtracted from federal taxable income 20 percent of business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code. *For taxable years beginning on and after January 1, 2022, there shall be deducted to the extent included in and not otherwise subtracted from federal taxable income 30 percent of business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code.* For purposes of this subsection, "business interest" means the same as that term is defined under § 163(j) of the Internal Revenue Code.

House Bill 1312 was not adopted by the House and thus the earned income tax credit language is removed.)

The Title IV-E program uses the same match rate. The federal Secretary of Health and Human Services announced in January another 90-day extension and this amendment reflects the savings to the Commonwealth for the fourth quarter of fiscal year 2022.)

Explanation:

(This amendment provides \$104.1 million GF the first year and \$257.2 million GF the second for the equivalent distribution of the one percent sales tax revenue from food and essential personal hygiene products. These payments are distributed to localities based on the estimate of school age population consistent with sales tax. The funding for this amendment is fully contained within the introduced budget since the introduced budget contained a hold harmless payment for the loss in dedicated K-12 sales tax from exempting food after the Basic Aid offset and contained the entire distribution of sales tax from essential personal hygiene products. The reductions reflected in this amendment are related to rounding variances when distributing these payments based on school age population and then calculating the Basic Aid state and local shares of cost based on the local composite index.)

For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act. Such methodology shall not apply to specialized student support positions due to the establishment of a staffing standard for such positions, pursuant to Chapter 454, 2021 Acts of Assembly, Special Session I. "

Explanation:

(This amendment provides \$109.4 million GF the first year and \$162.4 million GF the second year to increase the number of funded support positions. This would increase the funded ratio from 17.75 support positions per 1,000 students to funded SOQ instructional positions to 20 support positions per 1,000 ADM to funded SOQ instructional positions in the first year, and 21 support positions per 1,000 ADM to funded SOQ instructional positions in the second year. Explanation:

(This amendment provides \$1.8 million from indirect cost recoveries the first year and \$1.0 million from the general fund the second year to fund a budget shortfall in the Office of Drinking Water. “This funding shall be administered as a Medicaid rate add-on in the same manner as in paragraph 1. above.”

Explanation:

(This amendment adds language to specify that the non-metric based portion of the Value Based Purchasing (VBP) program funding be provided as a Medicaid payment add-on to the rate instead of a lump-sum payment. Under the federally required structure of a VBP program, paying the non-metric based portion under VBP would delay payment until December for the relevant two years of non-metric based payments. This will create a significant cash flow issue for five months beginning July 1, 2022, when rates would fully revert to having no add-on despite significant ongoing expenses. By excluding the non-metric based amount from federal approval of the VBP program and instead paying that portion as a Medicaid payment add-on to the rate (like the current \$15 per day), the delay would be avoided with an immediate add-on of \$7.50 per day (down from \$15 per day) for dates of service beginning July 1, 2022. In addition to the cash flow issue due to the timing of the lump-sum approach, delaying the non-metric based portion until December is contrary to the purpose of the funding, which was intended to

help facilities improve to meet the metrics. As a lump sum, payment in December would occur after the measurement period because the first year of the program has already ended.)

"PPPP. The Department of Medical Assistance Services shall develop a plan for a 1915(i) state plan amendment that would authorize the Commonwealth to cover specific home and community-based services for older Virginians who fall outside of current Medicaid waiver eligibility requirements. The plan shall include the eligibility criteria, services provided, utilization limits, and estimated cost of the program. The plan shall be submitted to the Joint Commission on Health Care, and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by no later than October 1, 2022."

Explanation:

(This amendment directs the Department of Medical Assistance Services to develop a plan for a 1915(i) state plan amendment to provide limited home and community-based services (HCBS) to older Virginians who are not currently eligible for Medicaid HCBS waivers. There is a growing number of older Virginians in need of HCBS aging services, but only 12 percent of older Virginians in need of these services are eligible for Medicaid. States are allowed to target the HCBS benefit to one or more specific populations with higher financial limits and lower functional limits than the current Medicaid HCBS waivers. States can determine what services are covered, how reimbursement rates are set, utilization limits on services, and whether they will allow any or all of the services to be self-directed. States are required to offer these 1915(i) services equally and cannot limit services to certain localities or cap enrollment. This is a recommendation of the Joint Commission on Health Care.)

Effective on or after July 1, 2022, any hospitals acquired by or that become fully-owned by designated Type One hospitals shall be considered Type Two facilities for reimbursement including, but not limited to: Indirect Medical Education payments, Graduate Medical Education Payments, Direct Medical Education payments, Disproportionate Share Hospital payments, hospital rate-setting purposes, aggregated cost settlements, and physician supplemental payments. Facilities acquired prior to July 1, 2022 by Type One hospitals shall continue to be designated as Type One hospitals for reimbursement purposes."

Explanation:

(This amendment clarifies the Commonwealth's policy on Type One (state teaching hospitals) status designation for Medicaid reimbursement of acquired hospitals. A Type Two hospital is a private hospital. Historically, private hospitals purchased by VCU Health or UVA Health (the only Type One hospitals) have been conveyed Type One status. Due to the Commonwealth's enhanced reimbursement policies for Type One hospitals, the extension of that designation to purchased private hospitals results in a general fund impact on the Medicaid program. Such budgetary decisions are the responsibility of the General Assembly. In addition, those private hospitals are removed from the pool of acute care hospitals that contribute to the coverage assessment that pays the state share of the costs of Medicaid Expansion. Recent acquisitions by UVA Health include Culpeper Medical Center, Haymarket Medical Center, and Prince William Medical Center. VCU Health recently purchased Riverside Tappahannock Hospital.)

"Q. The Employment Services Organization Steering Committee (ESOSC), as established in §51.5-169.2, Code of Virginia, shall report to and advise the Commissioner on policy, funding, and the allocation of funds to employment services organizations (ESOs) for Long Term Employment Support Services and Extended Employment Services pursuant to § 51.5-169.1, Code of Virginia, as well as all other services of which ESOs are current or proposed vendors."

Explanation:

(This amendment requires the Commissioner of the Department for Aging and Rehabilitative Services to allow the ESOSC to provide advice on all programs impacting ESOs. In recent years, the agency has limited the purview of the ESOSC to only the Long Term Employment Support Services and the Extended Employment Services program, whereas the ESOSC's previous oversight and advisement included all services applicable to ESO vended services.)

Explanation:

(This amendment removes the general fund appropriation in fiscal year 2024 for the Virginia Cannabis Equity Business Loan Fund, which is no longer necessary due to significant additional revenue allocated to loans for qualified social equity applicants, pursuant to Senate Bill 391. Senate Bill 391 authorizes pharmaceutical processors and industrial hemp processors in Virginia to sell cannabis products to adults 21 years of age or older without a written certification, subject to certain requirements. It is estimated that this will result in at least \$24.0 million in additional revenue from fee and tax collections directed to Cannabis Control Authority loan funds beginning in fiscal year 2023. This reduction is contingent on passage of the provisions of Senate Bill 391 that provide additional revenue for social equity business loans.)

§ 58.1-611.1. Exemption for food purchased for human consumption and essential personal hygiene products.

A. ~~The~~ *Before January 1, 2023, the* tax imposed by §§ 58.1-603 and 58.1-604 on food purchased for human consumption and essential personal hygiene products shall be one and one-half percent of the gross sales price. The revenue from the tax shall be distributed as follows: (i) the revenue from the tax at the rate of one-half percent shall be distributed as provided in subsection A of § 58.1-638 and (ii) the revenue from the tax at the rate of one percent shall be distributed as provided in subsections B, C, and D of § 58.1-638.

B. ~~The provisions of this section shall not affect the imposition of tax on food purchased for human consumption and essential personal hygiene products pursuant to §§ 58.1-605 and 58.1-606.~~

~~On and after January 1, 2023, and except for taxes imposed pursuant to §§ 58.1-605 and 58.1-606, no tax shall be imposed under this chapter, or pursuant to any authority granted under this chapter, on food purchased for human consumption or essential personal hygiene products.~~

Beginning February 1, 2023, an amount equal to the revenue that would have been distributed pursuant to clause (ii) of subsection A shall be distributed as provided in subsections B, C, and D of § 58.1-638 based on the estimates of the population of cities and counties ages five to 19.

D. 1. As used in this section, "food purchased for human consumption" has the same meaning as "food" defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that Act, except it shall not include seeds and plants which produce food for human consumption. For the purpose of this section, "food purchased for human consumption" shall not include food sold by any retail establishment where the gross

receipts derived from the sale of food prepared by such retail establishment for immediate consumption on or off the premises of the retail establishment constitutes more than 80 percent of the total gross receipts of that retail establishment, including but not limited to motor fuel purchases, regardless of whether such prepared food is consumed on the premises of that retail establishment. For purposes of this section, "retail establishment" means each place of business for which any "dealer," as defined in § 58.1-612, is required to apply for and receive a certificate of registration pursuant to § 58.1-613.

2. As used in this section, "essential personal hygiene products" means (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt pursuant to this chapter."

Explanation:

(This amendment provides an exemption on the 1.5 percent state sales tax imposed on food purchased for human consumption or essential personal hygiene products effective January 1, 2023. "7. That §§ 58.1-322.03 and 58.1-402 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-322.03. Virginia taxable income; deductions.

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) and (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800. The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal

Floor Approved Amendment to SB 30, As Introduced

credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of limitations

Floor Approved Amendment to SB 30, As Introduced

on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

8. The total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided that the individual has not claimed a deduction for such amount on his federal income tax return.

9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their

spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. The lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided that the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66

As used in this subdivision, "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. Floor Approved Amendment to SB 30, As Introduced

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such

In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. This addition shall not be required for any portion of the interest expenses and costs, if:

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

15. Fifteen thousand dollars of military basic pay for military service personnel on extended active duty for periods in excess of 90 days; however, the subtraction amount shall be reduced dollar-for-dollar by the amount by which the taxpayer's military basic pay exceeds \$15,000 and shall be reduced to zero if such military basic pay amount is equal to or exceeds \$30,000.

This subtraction shall not apply to assets acquired with such items of income or with the proceeds from the sale of assets stolen from, hidden from, or otherwise lost to, during World War II and its prelude and direct aftermath, a victim or target of Nazi persecution. 21. The death benefit payments from an annuity contract that are received by a beneficiary of such contract, provided that (i) the death benefit payment is made pursuant to an annuity contract with an insurance company and (ii) the death benefit payment is paid solely by lump sum. The subtraction under this subdivision shall be allowed only for that portion of the death benefit payment that is included in federal adjusted gross income.

22. spaceport in Virginia.

24. Any income taxed as a long-term capital gain for federal income tax purposes, or any income taxed as investment services partnership interest income (otherwise known as investment partnership carried interest income) for federal income tax purposes. To qualify for a subtraction under this subdivision, such income shall be attributable to an investment in a "qualified business," as defined in § 58.1-339.4, or in any other technology business approved by the Secretary of Administration, provided that the business has its principal office or facility in the Commonwealth and less than \$3 million in annual revenues in the fiscal year prior to the investment. To qualify for a subtraction under this subdivision, the investment shall be made between the dates of April 1, 2010, and June 30, 2020. No taxpayer who has claimed a tax credit for an investment in a "qualified business" under § 58.1-339.4 shall be eligible for the subtraction under this subdivision for an investment in the same business.

25. For taxable years beginning on and after January 1, 2014, any income of an account holder for the taxable year taxed as (i) a capital gain for federal income tax purposes attributable to such person's first-time home buyer savings account established pursuant to Chapter 12 (§ 36-171 et seq.) of Title 36 and (ii) interest income or other income for federal income tax purposes attributable to such person's first-time home buyer savings account.

Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any subtraction taken under this subdivision shall be subject to recapture in the taxable year or years in which moneys or funds withdrawn from the first-time home buyer savings account were used for any purpose other than the payment of eligible costs by or on behalf of a qualified beneficiary, as provided under § 36-174. The amount subject to recapture shall be a portion of the amount withdrawn in the taxable year that was used for other than the payment of eligible costs, computed by multiplying the amount withdrawn and used for other than the payment of eligible costs by the ratio of the aggregate earnings in the account at the time of the withdrawal to the total balance in the account at such time.

However, recapture shall not apply to the extent of moneys or funds withdrawn that were (i) withdrawn by reason of the qualified beneficiary's death or disability; (ii) a disbursement of assets of the account pursuant to a filing for protection under the United States Bankruptcy

Code, 11 U.S.C. §§ 101 through 1330; or (iii) transferred from an account established pursuant to Chapter 12 (§ 36-171 et seq.) of Title 36 into another account established pursuant to such chapter for the benefit of another qualified beneficiary.

For purposes of this subdivision, "account holder," "eligible costs," "first-time home buyer savings account," and "qualified beneficiary" mean the same as those terms are defined in § 36-171.

26. For taxable years beginning on and after January 1, 2015, any income for the taxable year attributable to the discharge of a student loan solely by reason of the student's death. "Substantially equivalent experience" includes, but is not limited to, an undergraduate degree from an accredited college or university in economics, finance, or a similar field of study. The Department may require an investment fund to provide documentation of the investor's training, education, or experience as deemed necessary by the Department to determine substantial equivalency. If the Department determines that the investment fund employs at least one investor with the experience set forth herein, the Department shall certify the investment fund as a Virginia venture capital account at such time as the investment fund actually invests at least 50 percent of the capital committed to its fund in qualified portfolio companies.

28. a. Income attributable to an investment in a Virginia real estate investment trust. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2019, but before December 31, 2024. No subtraction shall be allowed for an investment in a trust that is managed by a family member or an affiliate of the taxpayer. No subtraction shall be allowed under this subdivision for a taxpayer who has claimed a subtraction under subdivision 24 or 27 or a tax credit under § 58.1-339.4 for the same investment.

In order to be certified as a Virginia real estate investment trust, the trustee shall register the trust with the Department prior to December 31, 2024, indicating that it intends to invest at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed. If the Department determines that the trust satisfies the preceding criteria, the Department shall certify the trust as a Virginia real estate investment trust at such time as the trust actually invests at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed.

HOUSE BILL VETOED BY THE GOVERNOR

H.B. 670 (six, seventy) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 1, 2022

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 670

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 670, which would create a new politically appointed independent auditor position for the governing body of any county with the county manager plan of government.

Chapters 29 and 30 of the Acts of Assembly - 2020 Special Session 1 allow localities to adopt law-enforcement civilian oversight bodies to make binding disciplinary determinations, including termination and involuntary restitution. This legislation enables law-enforcement civilian oversight bodies under the County Manager form of government to delegate all the powers entrusted to them, investing unilateral and expansive authority, to a single individual appointed directly by the governing body.

Additionally, this legislation does not delineate the qualifications of the politically-appointed independent policing auditor. Furthermore, the prohibition against any person currently employed as a law-enforcement officer from service on a law-enforcement civilian oversight body conduces the appointment of an independent policing auditor without any formal input from a law enforcement officer.

Investing in a single politically-appointed individual the power of judge, jury, and executioner without any input from law-enforcement officers or delineated qualifications for such individual constitutes an undue burden for those who protect and serve the community.

Accordingly, I veto this bill.

Sincerely,
/s/ Glenn Youngkin

No action was taken on the Governor's veto.

Delegate Hope moved that the bill be passed by until Wednesday, April 27, 2022.

The motion was agreed to.
