1) Out of this appropriation, \$217,756,335 the second year from the general fund is provided for the state share of salary increases and related fringe benefit costs for an additional 4.0 percent salary increase effective July 1, 2023, for funded SOQ instructional and support positions, to provide a total 11.0 percent increase in the second year. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to an additional 4.0 percent salary increase effective July 1, 2023, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the second year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an additional average 4.0 percent salary increase the second year above the 7.0 percent increase provided in paragraph C.37.a.2; however, to access these funds, a school division must provide at least an average 7.0 percent salary increase the second year. These funds also provide the state share of an additional 4.0 salary increase the second year for Academic Year Governor's Schools and Regional Alternative Education Programs.

2) Payments in the second year to any school division shall be based on providing the funds needed to continue the first year increase actually provided by the division plus the increase provided by the division in the second year.

3) Notwithstanding paragraph C.37.c, it is the intent that the average instructional and support position salaries are increased in local school divisions throughout the state by at least 5.0 percent the first year, at least an additional 11.0 the second year, resulting in a combined increase of at least 16.55 percent during the biennium.

4) The state funds that the school division is eligible to receive shall be matched by the local government based on the composite index of local ability-to-pay. This local match shall be calculated for funded SOQ instructional and support positions using an effective date of July 1, 2023. Local school divisions shall certify to the Department of Education that funds used as the local match are derived solely from local revenue sources.

Explanation:

(This amendment provides \$217.8 million the second year from the general fund to provide an additional 4.0 salary increase, resulting in a 11.0 percent total salary increase in fiscal year 2024. "Hospital" has the same meaning as that term is defined in § 32.1-123

"Public funds" means state funds from whatever source, including without limitation state general funds, nongeneral funds, state limited-purpose grants or loans, and federal funds administered by state agencies pursuant to Title X of the Public Health Service Act (42 U.S.C. § 300 et seq.), Title IV Part A (42 U.S.C. § 601 et seq.), Title V (42 U.S.C. § 701 et seq.), Title XIX (42 U.S.C. § 1396 et seq.), and Title XX (42 U.S.C. § 1397 et seq.) of the Social Security Act.

"Rural health clinic" means a health care provider that is eligible to receive federal funds under 42 U.S.C. § 1395x(aa)(2).

2. Subject to any applicable requirements of federal statutes, rules, regulations, or guidelines, any expenditures or grants of public funds for family planning services by the Commonwealth by and through the Department shall be made in the following order of priority:

- a. To public entities;
- b. To nonpublic hospitals and federally qualified health centers;
- c. To rural health clinics;
- d. To nonpublic health providers that have as their primary purpose the provision of the primary health care services enumerated in 42 U.S.C. § 254b(a)(1); and
- e. To nonpublic health providers that do not have as their primary purpose the provision of the primary health care services enumerated in 42 U.S.C. § 254b(a)(1)."

3. The Virginia Department of Health shall not enter into a contract with, or make a grant to, any entity that performs abortions that are not federally qualified abortions or maintains or operates a facility where non-federally qualified abortions are performed, provided, however, that nothing in this subsection shall be construed to apply to the receipt or administration of funds pursuant to 42 U.S.C. § 1396 et seq. Additionally, nothing in this subsection shall be construed to apply to hospitals licensed pursuant to § 32.1-126.

4.a. The Attorney General shall have authority to bring an action in law or equity to enforce the provisions of this section, and relief shall be available in appropriate circumstances, including recoupment and declaratory and injunctive relief.

b. Any entity eligible for the receipt of public funds shall possess standing to bring any action that the Attorney General has authority to bring pursuant to the provisions of subsection C and shall in appropriate circumstances be entitled to the same relief, provided, however, that an expenditure or grant of public funds made in violation of this section has resulted in the reduction of public funds available to such entity, and that any award of monetary relief shall be made to an appropriate public officer for deposit into one or more accounts maintained by the state for public funds. In an action brought pursuant to this subsection, a prevailing plaintiff shall be entitled to an award of reasonable attorney fees and costs."

Explanation:

It also prohibits the Department of Health from spending any funds on an abortion that is not qualified for matching funds under the Medicaid program or providing any grants or other funds to any entity that performs such abortions. Language also provides authority for the Attorney General to enforce the provisions of this section.)

Page 760, after line 48, insert:

**"31. That the Code of Virginia is amended by adding a section numbered 58.1-339.14 as follows:
§ 58.1-339.14 Tax credit for a loss of a stillborn child.**

A. For purposes of this section, "stillborn child" means a child of the taxpayer (i) who suffered a spontaneous death, (ii) who reached no less than 20 complete weeks of gestation calculated from the date the mother's last normal menstrual period began to the date of delivery or weighed 350 grams or more, (iii) for whom a Certificate of Birth Resulting in Stillbirth has been requested and issued pursuant to § 32.1-258.1 or for whom other documentation verifying a loss of delivering a stillborn child on forms prescribed by the Department can be produced, and (iv) whose death was not the result of an induced termination of the pregnancy.

B. For taxable years beginning on and after January 1, 2023, but before January 1, 2028, an individual filing or married persons filing a joint return in Virginia shall be allowed a refundable credit against the tax levied pursuant to § 58.1-320 equal to \$2,000 for the loss of delivering a stillborn child. The credit may be claimed only in the taxable year in which the loss of delivering a stillborn child occurred and if the child would have become a dependent of the taxpayer as defined in 26 U.S.C. § 152 of the Internal Revenue Code. For any taxable year in which married persons file separate Virginia income tax returns, the credit provided under this section shall be allowed against the tax liability for only one of such two tax returns. The credit provided by this section may be claimed by only one individual per stillborn child.

C. If the amount of the credit exceeds the taxpayer's tax liability for the taxable year, the excess shall be refunded by the Tax Commissioner to such taxpayer. The refundable portion of the credit provided pursuant to subsection B shall be claimed on the Virginia income tax return and redeemed by the Tax Commissioner from an appropriation from the general fund.

D. The total amount of tax credits available under this section for a calendar year shall not exceed \$750,000. In the event that applications for such credits exceed \$750,000 for any taxable year, the Department shall allocate the credits on a pro rata basis.

E. The Tax Commissioner shall develop guidelines for claiming the credit provided by this section. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.)."

Explanation:

(This language amendment provides a tax credit of up to \$2,000 for the loss of a stillborn child. The overall cap per year would be \$750,000.)

b. These payments are available to any school division with a qualifying school that certifies to the Department of Education the number of eligible instructional assistants deployed in qualifying schools, not to include any instructional assistants funded through the Standards of Quality. The Department of Education shall prorate funding for school divisions that certify fewer eligible instructional assistants deployed than the number qualified for funding through this program.

c. This funding is intended to be temporary and shall cease at the end of fiscal year 2026."

Explanation:

(This amendment provides additional, temporary funding of \$38.6 million GF the second year for a subset of schools accredited with conditions to hire instructional assistants at a ratio of one assistant per 20 students in schools that do not meet three or more of the Board of Education's performance benchmarks for school accreditation. These positions are intended to (i) help teachers provide small group and individualized instruction necessitated by widening academic needs within classrooms, (ii) help teachers manage challenging student behaviors within classrooms, and (iii) reduce teacher workloads. This is a recommendation from JLARC's 2022 study: "Pandemic Impact on Public K-12 Education.")

The lack of nurse faculty severely limits the ability of new programs, like Earn to Learn, in expanding the pipeline of new nurses in the absence of sufficient nursing faculty. This amendment also removes the designation of the program as one-time because such programs will take many years to have their desired effect. For each year of the scholarship money received, the student must maintain employment as a school nurse and agree to engage in the equivalent of one year of full-time employment as a school nurse after graduation. Floor Approved Amendments to Senate Bill 800, as Introduced

(This amendment designates \$150,000 each year from the general fund to set aside a small portion of existing nursing scholarship funds for school nurse scholarships to address the lack of access to Registered Nurses (RNs) in schools. The scholarship would help school-employed License Practical Nurses to become RNs and keep working as a school nurse who would then be able to provide a higher level of care and treatment after receiving additional training and education. The existing program already provides loan repayment to psychiatric nurse practitioners, so this amendment adds psychiatric registered nurses to the program, eliminating the need for a completely separate program that otherwise imposes an administrative burden on the Virginia Department of Health. The amendment also moves the \$5.0 million GF for the proposed program to the Behavioral Health Loan Repayment Program increasing the programs FY 2024 appropriation to \$9.1 million GF.)

There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Opioid Use Reduction and Jail-Based Substance Use Disorder Treatment and Transition Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of funding and supporting the planning and implementation of locally administered jail-based addiction recovery and substance use disorder treatment and transition programs in local and regional jails. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department or his designee.

2. The Fund shall be administered by the Department, and the Department shall adopt guidelines, in consultation with the Virginia Sheriffs' Association and the Virginia Association of Regional Jails, to make funds available to local and regional jails for the planning or operation of substance use disorder treatment services and transition services for persons with

§ 58.1-602. Definitions.

As used in this chapter, unless the context clearly shows otherwise:

"Accommodations" means any room or rooms, lodgings, or accommodations in any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, short-term rental, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration. "Accommodations" does not include rooms or space offered by a person in the business of providing conference rooms, meeting space, or event space if the person does not also offer rooms available for overnight sleeping.

Floor Approved Amendments to Senate Bill 800, as Introduced

"Accommodations fee" means the room charge less the discount room charge, if any, provided that the accommodations fee shall not be less than \$0.

"Accommodations intermediary" means any person other than an accommodations provider that (i) facilitates the sale of an accommodation and (ii) either (a) charges a room charge to the customer, and charges an accommodations fee to the customer, which fee it retains as compensation for facilitating the sale; (b) collects a room charge from the customer; or (c) charges a fee, other than an accommodations fee, to the customer, which fee it retains as compensation for facilitating the sale. For purposes of this definition, "facilitates the sale" includes brokering, coordinating, or in any other way arranging for the purchase of the right to use accommodations via a transaction directly, including via one or more payment processors, between a customer and an accommodations provider.

"Accommodations intermediary" does not include a person:

1. If the accommodations are provided by an accommodations provider operating under a trademark, trade name, or service mark belonging to such person;
2. Who facilitates the sale of an accommodation if (i) the price paid by the customer to such person is equal to the price paid by such person to the accommodations provider for the use of the accommodations and (ii) the only compensation received by such person for facilitating the sale of the accommodation is a commission paid from the accommodations provider to such person; or
3. Who is licensed as a real estate licensee pursuant to Article 1 (§ 54.1-2100 et seq.) of Chapter 21 of Title 54.1, when acting within the scope of such license.

"Accommodations provider" means any person that furnishes accommodations to the general public for compensation. The term "furnishes" includes the sale of use or possession or the sale of the right to use or possess.

"Advertising" means the planning, creating, or placing of advertising in newspapers, magazines, billboards, broadcasting and other media, including, without limitation, the providing of concept, writing, graphic design, mechanical art, photography and production supervision. Any person providing advertising as defined in this section shall be deemed to be the user or consumer of all tangible personal property purchased for use in such advertising.

"Affiliate" means the same as such term is defined in § 58.1-439.18.

Floor Approved Amendments to Senate Bill 800, as Introduced

"Amplification, transmission, distribution, and network equipment" means production, distribution, and other equipment used to provide Internet-access services, such as computer and communications equipment and software used for storing, processing, and retrieving end-user subscribers' requests. A "network" includes modems, fiber optic cables, coaxial cables, radio equipment, routing equipment, switching equipment, a cable modem termination system, associated software, transmitters, power equipment, storage devices, servers, multiplexers, and antennas, which network is used to provide Internet service, regardless of whether the provider of such service is also a telephone common carrier or whether such network is also used to provide services other than Internet services.

"Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either directly or indirectly.

"Cost price" means the actual cost of an item or article of tangible personal property computed in the same manner as the sales price as defined in this section without any deductions therefrom on account of the cost of materials used, labor, or service costs, transportation charges, or any expenses whatsoever.

"Custom program" means a computer program that is specifically designed and developed only for one customer. The combining of two or more prewritten programs does not constitute a custom computer program. A prewritten program that is modified to any degree remains a prewritten program and does not become custom.

"Discount room charge" means the full amount charged by the accommodations provider to the accommodations intermediary, or an affiliate thereof, for furnishing the accommodations.

"Distribution" means the transfer or delivery of tangible personal property for use, consumption, or storage by the distributee, and the use, consumption, or storage of tangible personal property by a person that has processed, manufactured, refined, or converted such property, but does not include the transfer or delivery of tangible personal property for resale or any use, consumption, or storage otherwise exempt under this chapter.

"Gross proceeds" means the charges made or voluntary contributions received for the lease or rental of tangible personal property or for furnishing services, computed with the same deductions, where applicable, as for sales price as defined in this section over the term of the lease, rental, service, or use, but not less frequently than monthly. "Gross proceeds" does not

Floor Approved Amendments to Senate Bill 800, as Introduced

include finance charges, carrying charges, service charges, or interest from credit extended on the lease or rental of tangible personal property under conditional lease or rental contracts or other conditional contracts providing for the deferred payments of the lease or rental price.

"Gross sales" means the sum total of all retail sales of tangible personal property or services as defined in this chapter, without any deduction, except as provided in this chapter. "Gross sales" does not include the federal retailers' excise tax or the federal diesel fuel excise tax imposed in § 4091 of the Internal Revenue Code if the excise tax is billed to the purchaser separately from the selling price of the article, or the Virginia retail sales or use tax, or any sales or use tax imposed by any county or city under § 58.1-605 or 58.1-606.

"Import" and "imported" are words applicable to tangible personal property imported into the Commonwealth from other states as well as from foreign countries, and "export" and "exported" are words applicable to tangible personal property exported from the Commonwealth to other states as well as to foreign countries.

"In this Commonwealth" or "in the Commonwealth" means within the limits of the Commonwealth of Virginia and includes all territory within these limits owned by or ceded to the United States of America.

"Integrated process," when used in relation to semiconductor manufacturing, means a process that begins with the research or development of semiconductor products, equipment, or processes, includes the handling and storage of raw materials at a plant site, and continues to the point that the product is packaged for final sale and either shipped or conveyed to a warehouse. Without limiting the foregoing, any semiconductor equipment, fuel, power, energy, supplies, or other tangible personal property shall be deemed used as part of the integrated process if its use contributes, before, during, or after production, to higher product quality, production yields, or process efficiencies. Except as otherwise provided by law, "integrated process" does not mean general maintenance or administration.

"Internet" means, collectively, the myriad of computer and telecommunications facilities, which comprise the interconnected worldwide network of computer networks that employ the Transmission Control Protocol/Internet Protocol, or any predecessor or successor to such protocol, to communicate information of all kinds by wire or radio.

"Internet service" means a service that enables users to access content, information, and other services offered over the Internet.

Floor Approved Amendments to Senate Bill 800, as Introduced

"Lease or rental" means the leasing or renting of tangible personal property and the possession or use thereof by the lessee or renter for a consideration, without transfer of the title to such property.

"Manufacturing, processing, refining, or conversion" includes the production line of the plant starting with the handling and storage of raw materials at the plant site and continuing through the last step of production where the product is finished or completed for sale and conveyed to a warehouse at the production site, and also includes equipment and supplies used for production line testing and quality control. "Manufacturing" also includes the necessary ancillary activities of newspaper and magazine printing when such activities are performed by the publisher of any newspaper or magazine for sale daily or regularly at average intervals not exceeding three months.

The determination of whether any manufacturing, mining, processing, refining or conversion activity is industrial in nature shall be made without regard to plant size, existence or size of finished product inventory, degree of mechanization, amount of capital investment, number of employees or other factors relating principally to the size of the business. Further, "industrial in nature" includes, but is not limited to, those businesses classified in codes 10 through 14 and 20 through 39 published in the Standard Industrial Classification Manual for 1972 and any supplements issued thereafter.

"Modular building" means, but is not limited to, single and multifamily houses, apartment units, commercial buildings, and permanent additions thereof, comprised of one or more sections that are intended to become real property, primarily constructed at a location other than the permanent site, built to comply with the Virginia Industrialized Building Safety Law (§ 36-70 et seq.) as regulated by the Virginia Department of Housing and Community Development, and shipped with most permanent components in place to the site of final assembly. For purposes of this chapter, "modular building" does not include a mobile office as defined in § 58.1-2401 or any manufactured building subject to and certified under the provisions of the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. § 5401 et seq.).

"Modular building manufacturer" means a person that owns or operates a manufacturing facility and is engaged in the fabrication, construction and assembling of building supplies and materials into modular buildings, as defined in this section, at a location other than at the site where the modular building will be assembled on the permanent foundation and may or may not be engaged in the process of affixing the modules to the foundation at the permanent site.

Floor Approved Amendments to Senate Bill 800, as Introduced

"Modular building retailer" means any person that purchases or acquires a modular building from a modular building manufacturer, or from another person, for subsequent sale to a customer residing within or outside of the Commonwealth, with or without installation of the modular building to the foundation at the permanent site.

§ 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § 58.1-605.1.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published

Floor Approved Amendments to Senate Bill 800, as Introduced

with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment,

or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school

district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; ~~however, Charlotte County, Gloucester County, Halifax County, Henry County, Mecklenburg County, Northampton County, Patrick County, and Pittsylvania County may appropriate any amount to any such incorporated town.~~

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

Such ordinance shall state the date on which the sales tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state sales tax; however, the local sales tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § 58.1-611.1.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books for each ~~qualifying locality~~ county or city under the name "Collections of Additional Local Sales Taxes in ____ (INSERT NAME OF THE ~~QUALIFYING LOCALITY~~ COUNTY OR CITY)." Each fund shall be administered as provided in § 58.1-605. A separate fund shall be created for each ~~qualifying locality~~ county or city. Only local sales tax moneys collected in that ~~qualifying locality~~ county or city shall be deposited in that ~~locality's~~ county's or city's fund.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of each ~~qualifying locality~~ county or city, and such payments shall be charged to the account of the ~~qualifying locality~~ county or city under its special fund created by this section. In addition, the payment shall include a refund of amounts erroneously not paid to each ~~qualifying locality~~ *county or city* and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

§ 58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.

The governing body of a ~~qualifying locality~~ *county or city* may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in such ~~locality~~ *county or city*. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

HOUSE BILL VETOED BY THE GOVERNOR

H.B. 1536 (fifteen, thirty-six) was taken up.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 27th, 2023

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 1536

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1536, which requires the Department of Human Resource Management to update the Grievance Procedure Manual to require the Office of Employment Dispute Resolution to review and issue a written decision when a party fails to comply with the grievance procedures.

The current Grievance Procedure Manual provides a process to address party noncompliance. There is a collaborative process for notifying the other party of noncompliance and providing time for the party to rectify it. In the event that noncompliance continues, the Office of Employment Dispute Resolution may be requested to issue a ruling. During the hearing phase, parties may also raise any alleged noncompliance, which will be reviewed by the hearing officer and resolved by the Office of Employment Dispute Resolution.

However, the proposed legislation would require the Office of Employment Dispute Resolution to review all aspects of the grievance process, including all decision made by hearing officers, to determine noncompliance regardless of whether both parties are satisfied with the outcome. This would lead to increased workload and possible delays, ultimately hindering the efficiency of the current collaborative process. Additionally, the Department of Human Resources Management issues such rulings routinely, pursuant to the authority provided in §§ 2.2-1202.1(5) and 2.2-3003(G).

The legislation does not achieve its intended goals and will have unintended consequences such as increased workloads and delays in resolving complaints.

Accordingly, I veto this bill.

Sincerely,
/s/ Glenn Youngkin

Delegate Jenkins moved that the House override the Governor's veto.

Delegate Kilgore propounded a parliamentary inquiry as to whether the question would be put to the House as "Shall the Governor's veto be overridden?" and whether a member who wished to sustain the veto should vote "no," while a member who wished to override the veto should vote "yes."

The Speaker stated that the question before the House was "Shall the House override the Governor's veto?"

The Speaker stated further that the Delegate was correct and that choosing a side was appropriate.

The question being: Shall the House override the veto of the Governor? was put and decided in the negative.

Yeas, 44. Nays, 51. Abstentions, 0. Not Voting, 2.

The vote required by the Constitution was recorded as follows:

Yeas—Adams, D.M., Bennett-Parker, Bourne, Bulova, Carr, Convirs-Fowler, Delaney, Filler-Corn, Glass, Gooditis, Guzman, Hayes, Helmer, Herring, Hope, Hudson, Jenkins, Krizek, Lopez, Maldonado, McQuinn, Mullin, Mundon King, Murphy, Price, Rasoul, Reid, Roem, Scott, D.L., Seibold, Sewell, Shin, Sickles, Simon, Simonds, Subramanyam, Sullivan, Torian, Tran, VanValkenburg, Ward, Watts, Willett, Williams Graves—44.

The communication from the Governor was as follows:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 27th, 2023

TO: HOUSE OF DELEGATES
HOUSE BILL NO. 1400

While I approve of the general purpose of this bill, I am returning it without my signature and requesting that four amendments be adopted. I commend the General Assembly for its diligent work this session.

Given the significance of this bill, it's important to adopt a targeted approach, and the enrolled bill allocates additional funding to a select few core services that have been thoughtfully prioritized.

My amendments are nevertheless necessary and limited to technical adjustments for time-constrained programs and funding purposes.

While this bill's passage is significant, it does not mark the end of this session's work.

Through the first eight months of the fiscal year, tax collections are surpassing expectations, confirming at least \$3.6 billion in unanticipated resources. I look forward to working with the General Assembly to develop a budget that provides \$1 billion in tax relief for Virginians and delivers over \$2.6 billion for our shared goals of job growth, public safety, education excellence, and behavioral health services.

I urge the General Assembly to approve these amendments promptly to reenroll the budget without delay.

Sincerely,
/s/ Glenn Youngkin
