Delegate Williams Graves moved that the House strike from the Calendar H.B. 1395 (thirteen, ninety-five).

The Speaker stated that the motion was out of order.

Delegate Simon raised a point of order that the motion to strike a bill was provided for in House Rule 63 and that, because H.B. 1395 had not yet been referred to committee, the appropriate place to make the motion to strike, per Rule and custom and practice, was on the House floor.

The Speaker stated that the Delegate from Fairfax was correct and that the House relied on the Rules for proper procedure, but it also relied on custom and practice, and the custom was that a member of the House could strike his or her own bill, but never, in his recollection, had someone moved to strike a bill introduced by another member.

The Speaker stated further that an individual member did not get to unilaterally decide to move to strike the bill of another member and that the motion by the Delegate from Norfolk, Delegate Williams Graves, was out of order and the Chair would so rule.

Delegate Scott of Spotsylvania moved that House Rule 52 be suspended for the purpose of the immediate consideration of H.J.R. 510 (five, ten).

Delegate Rasoul propounded a parliamentary inquiry as to whether a recorded vote on the motion was required.

The Speaker stated that a recorded vote was required since the motion was to change the order of the Calendar.

The motion by Delegate Scott of Spotsylvania was agreed to.

P.1. Out of the amounts in this item, \$21,000,000 the second year from the general fund shall be deposited to the Virginia Growth and Opportunity Fund for the purposes of establishing the Talent Pathways Program.

2. After the Virginia Initiative for Growth and Opportunity Board (the Board) approves the plan submitted by a regional council developed pursuant paragraph O. of this item, the Board may make talent pathways development grants to the regional council to facilitate the collaborative

creation of talent pathways in regional industry clusters identified in the report and in alignment with the region's growth and diversification plan. Funds may be used to foster talent pathways development between businesses and the providers of education and training programs in the region, including primary and secondary schools, community colleges, public and private colleges and universities, industry-focused training consortia, local governments, and other organizations engaged in workforce training, for the purpose of addressing the current and future workforce needs of industry clusters identified as priorities in the region's report. Funds may be used to administer this talent pathways development program by the department.

3. Of these amounts, \$3,500,000 the second year from the general fund shall be allocated by the Board to qualifying regions to support organizational, administrative, and capacity building activities, which, notwithstanding § 2.2-2489, Code of Virginia, shall not require matching funds.

4. Of these amounts, \$17,500,000 the second year from the general fund shall be allocated to qualifying regions to support talent pathways aligned to the report of paragraph O. of this item, submitted to the Board. Grants shall require a match as provided by § 2.2-2489, Code of Virginia. Each region may seek grants to support the development of talent pathways for not more than three targeted industry clusters in an amount per cluster to be determined by the Board. Collaborations among regions may seek grants in an amount per joint industry cluster to be determined by the Board. Talent pathways development grants shall be made within or among the regions for the purposes of fostering business-education collaboration, aligning educational and training curricula with existing or projected workforce needs, incorporating work-based learning in curricula to the fullest extent practicable, and providing students with opportunities for full-time employment in the industry cluster in the region or with another Virginia-based employer. Priority shall be given to traded sector industry clusters, and the creation of new or enhanced job opportunities. The Board may make grants that are phased over time and tied to the achievement of development milestones established by the Board. To facilitate development of talent pathways that remedy current workforce shortages and unemployment or under-employment in the Commonwealth, talent pathways facilitated by this program shall emphasize alignment with programs that support transition of veterans into full-time employment in Virginia and programs that address reskilling or upskilling of adults for workforce needs and employment opportunities in Virginia. Grant funds may be used for the marketing of the program and resulting pathways. Grant funds may be awarded over more than one year.

5. Regional councils shall regularly report to the Board on the progress and results of talent pathways facilitated by this program. Such reports shall identify existing, expected, or proposed funding sources to support sustained implementation of the talent pathways after development, including support for marketing the pathways to students and employers, expanding access to internships, apprenticeships, and other work-based learning opportunities, and ongoing analysis and updating of pathways based on labor market data. The reports shall also detail job creation facilitated by the grants and how funded talent pathways are mitigating outmigration of talent and creating new opportunities for Virginians or attracting talent to the Commonwealth.

Committee Approved Amendments to House Bill 1400, as Introduced

6. The Board shall convene a working group to develop guidelines for the distribution of funds pursuant to this paragraph. Such guidelines shall require that the award of such grants include provisions to facilitate repeatable and shareable curricula across educational institutions, active business engagement in development of such curricula, leverage of other public and private sources to support the programs, the ability to scale up existing successful programs and to enhance supply chain activities, the recruitment of and access for under-represented populations in talent pathways initiatives, and the retention for full-time employment in the Commonwealth of college graduates, returning veterans, and other identified sources of talent. The department shall support efforts to share best practices and provide other such direction to the regions to assist with prioritizing initiatives and ensuring alignment with the state's economic development goals.

7. Out of the amounts in this Item, \$8,475,000 the second year from the general fund is provided to support emerging talent pathways programming. Prior to the award and release of these funds by the department, each region must submit to the department information on the proposed use of these funds to support the development and continuation of talent pathways programming.

Explanation:

Committee Approved Amendments to House Bill 1400, as Introduced

(This amendment adds \$242,813 from the general fund and \$353,575 from nongeneral funds the second year to increase rates for Medicaid consumer directed service facilitation training and visits to reflect recommendations contained in the most recent report on rebasing of developmental disability Medicaid waiver services. While most of the rates were updated as of July 1, 2022, rates for service facilitation did not get updated. A service facilitator is a Medicaid-enrolled provider who is responsible for supporting the individual enrolled in Medicaid waivers and the family/caregiver by ensuring the development and monitoring of the Consumer-Directed Services Individual Service Plan, providing employee management training, and completing ongoing review activities as required by DMAS for consumer-directed companion, personal assistance, and respite services.)

The department shall have the authority to implement this reimbursement change prior to completion of any regulatory process in order to effect such change. To the extent federal approval requires alternative approaches to achieve the same general results, the department shall have the authority to follow the federal guidance effecting this change."

Explanation:

(This amendment adds \$11.7 million from the general fund and reduces \$12.5 million in nongeneral funds by capping the funds that the Department of Medical Assistance Services (DMAS) retains related to the intergovernmental transfer of funds by which Medicaid provides supplemental payments for five local government owned and operated nursing facilities. DMAS uses a formula to calculate the retained funds that has resulted in decreases in the amount of the supplemental payments received by the nursing homes. Any funds in excess of the costs to administer the program are deposited into the Virginia Health Care Fund and used to defray the general fund cost to operate the Medicaid program. Capping the amount that DMAS may retain from these intergovernmental transfers will allow DMAS to continue to receive the \$400,000 in costs it needs to operate the program, but will allow the nursing homes to receive the benefit of the supplemental payments.)

Explanation:

(This amendment adds language authorizing the Department of Medical Assistance Services to make needed changes to the reimbursement methodology for nursing facilities on a temporary basis in anticipation of the Centers for Medicare and Medicaid discontinued use of Resource Utilization Groups as a system for grouping nursing home residents according to their clinical and functional status. The RUG-based system is used in determining payments to nursing facilities based on patient care and resource needs as identified in a facility's minimum data set published by the U.S. Department of Health and Human Services. The Centers for Medicare and Medicaid are replacing the RUG system with the Patient Driven Payment Model, which is more reflective of clinically relevant factors affecting a patient's care rather than volume based services as used under the RUG system. Language requires any temporary changes to be budget neutral and directs the agency to develop a long-term plan by December 1, 2023 for consideration during the 2024 Regular Session of the General Assembly.)

Explanation:

(This amendment adds \$450,000 from the federal Temporary Assistance to Needy Families (TANF) block grant to support existing Child Advocacy Centers (CACs), which are facing a 10 percent reduction in funding from the federal Victims of Crime Act. The amendment also adds \$750,000 from the TANF block grant the second year to establish new centers, either standalone or satellite centers to meet the needs of children not currently served. Currently CACs serve almost 6,000 children and families and cover 82 percent of the state. The new funding will assist in providing statewide coverage so that every child and family would have a CAC within a one-hour drive.)

The local and regional programs are successful at coordinating volunteers to provide access to this vital service, but the current funding level has not been increased since 2010 and programs are struggling to maintain staff and provide assistance for the recently enacted state partially refundable earned income tax credit. There is hereby established a body corporate and politic known as the Virginia Football Stadium Authority. The Authority is a political subdivision of the Commonwealth.

§ 15.2-5826. Members of Authority; chairman; terms.

A. The Authority shall consist of nine members who shall be appointed by the Governor, including the four members appointed pursuant to subsection B. The Governor shall designate one of the members as chair, provided that no member appointed pursuant to subsection B shall be designated as chair. The members of the Authority annually shall elect a vice-chair from their membership who shall perform the duties of the chair in his absence. In making appointments to the Authority, the Governor shall ensure that the geographic areas of the Commonwealth are represented; however, in the event that the location of the facility is proposed, at least three members of the Authority, other than those members appointed pursuant to subsection B, shall be residents of the county or city in which the facility is to be located.
