CHAPTER 1

An Act to amend and reenact § 45.2-1725 of the Code of Virginia, relating to Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program; allocation of funds.

[S 25]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 45.2-1725 of the Code of Virginia is amended and reenacted as follows:

§ 45.2-1725. Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program.

A. For the purposes of this section:

"Brownfield" means real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

"Fund" means the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund.

"Previously coal mined lands" means lands, associated waters, and surrounding watersheds where coal extraction, beneficiation, or processing has occurred.

"Program" means Virginia Brownfield and Coal Mine Renewable Energy Grant Program.

"Project" means all or any part of the following activities necessary or desirable for the restoration and redevelopment of a brownfield site or previously coal mined lands for renewable energy purposes: (i) environmental or cultural resource site assessments; (ii) the monitoring, remediation, cleanup, or containment of property to remove hazardous substances, hazardous wastes, solid wastes, or petroleum; (iii) the appropriate treatment of grave sites, and the appropriate and necessary treatment of significant archaeological resources, or the stabilization or restoration of structures listed on or eligible for the Virginia Landmarks Register; (iv) the demolition and removal of existing structures, or other site work necessary to make a site or certain real property usable for economic development; (v) the development of a remediation and reuse plan; and (vi) the development or operation of such site for renewable energy generation or storage.

"Renewable energy" means energy derived from sunlight, wind, and geothermal power.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund. The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of (i) awarding grants on a competitive basis through the Virginia Brownfield and Coal Mine Renewable Energy Grant Program established pursuant to subsection C or (ii) implementing and administering the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program. Moneys used for implementing and administering the Fund and Program shall be limited to 10 percent of the amount available in the Fund each year. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

C. The Virginia Brownfield and Coal Mine Renewable Energy Grant Program is hereby established for the purpose of awarding grants on a competitive basis from such funds as may be available from the Fund to renewable energy projects located on brownfields or previously coal mined lands. The Program shall be administered by the Department. In administering the Program, the Department shall consult with the Department of Environmental Quality and establish and publish guidelines and criteria for grant awards, including guidelines and criteria governing agreements between the Department and grant recipients relating to the development of renewable energy projects on brownfields or previously coal mined lands. The criteria for grant recipients shall include requirements for project developers to hire local residents. The Department shall oversee each grant awarded through the Program and ensure thorough annual reporting on each such grant.

D. Grants shall be awarded in an amount of $500 per kilowatt of nameplate capacity from renewable energy sources that are located on previously coal mined lands and $100 per kilowatt of nameplate capacity from renewable energy sources that are located on brownfields. No more than $10 million shall be awarded to any single previously coal mined lands project and no more than $5 million shall be awarded to any single brownfield project that is not located on previously coal mined lands. If a project is eligible to receive a grant as a previously coal mined lands project, it shall not be eligible to receive a grant as a brownfields project, and vice versa.

No more than $35 million per year shall be allocated by the Program. Of this amount, $20 million shall be reserved for projects sited on previously coal mined lands. However, if less than $20 million is distributed to previously coal mined lands projects in a given year, any remaining funds may be reallocated to brownfield projects.

E. The Department shall, in consultation with the Department of Environmental Quality, localities, interest groups, private businesses, and other stakeholders, develop an online handbook for renewable energy and energy storage development on brownfields and previously coal mined lands. The online handbook shall include a discussion of coal mining permit types and reclamation requirements, permitting requirements for development on brownfields and previously coal mined lands, and policy recommendations for encouraging renewable energy development on brownfields and coal mines. The handbook shall be completed no later than July 1, 2022, and shall be updated as needed at the discretion of the Department.

F. ~~Notwithstanding any provision to the contrary, in no event shall any allocation of funds be made to the Fund or the Program unless federal funds are available to cover the entire cost of such allocation.~~

~~G.~~ The Department shall submit an annual report to the General Assembly regarding administration of the Fund and Program for the preceding fiscal year. The report shall include the number of grants awarded, the number of acres reclaimed or revitalized, the amount of nameplate capacity constructed, the number of jobs created, and the general economic impact of the Fund and Program. The report shall be furnished to the Chairmen of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor no later than November 1 of each year. However, no annual report shall be required if the Fund and Program do not receive funding.

An Act to amend and reenact § 62.1-44.15:55, as it shall become effective, of the Code of Virginia, relating to regulated land-disturbing activities; submission and approval of erosion and sediment control plan.

[S 365]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15:55, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.15:55. (Effective July 1, 2024) Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.

A. Except as provided in § 62.1-44.15:31 for a land-disturbing activity conducted by a state agency, federal entity, or other specified entity, no person shall engage in any land-disturbing activity until *(i)* he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. ~~Where~~ *and (ii) where* Virginia Pollutant Discharge Elimination System permit coverage is required, ~~a~~ *the* VESCP authority ~~shall be required to obtain~~ *has obtained* evidence of such *permit* coverage from the Department's online reporting system prior to ~~approving the erosion and sediment control plan~~ *issuing its land-disturbance approval*. A VESCP authority may enter into an agreement with an adjacent VESCP or VESMP authority regarding the administration of multijurisdictional projects specifying who shall be responsible for all or part of the administrative procedures. Should adjacent authorities fail to come to such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction. Where the land-disturbing activity results from the construction of a ~~(i)~~ *(a)* single-family residence or ~~(ii)~~ *(b)* farm building or structure on a parcel of land with a total impervious cover percentage, including the impervious cover from the farm building or structure to be constructed, of less than five percent, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying out the plan shall provide the name of an individual holding a certificate to the VESCP authority, as provided by § 62.1-44.15:52, who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may

waive the certificate requirement for an agreement in lieu of a plan. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate, as provided by § 62.1-44.15:52. Failure to provide the name of an individual holding a certificate prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or

2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

D. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

E. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

F. Notwithstanding any other provisions of this article, the following activities are not required to comply with the requirements of this article unless otherwise required by federal law:

1. Disturbance of a land area of less than 10,000 square feet in size or less than 2,500 square feet in an area designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). However, the governing body of the program authority may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

2. Minor land-disturbing activities such as home gardens and individual home landscaping, repairs, and maintenance work;

3. Installation, maintenance, or repair of any individual service connection;

4. Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;

5. Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;

6. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.2;

7. Clearing of lands specifically for bona fide agricultural purposes; the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops; livestock feedlot operations; agricultural engineering operations, including construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; or as additionally set forth by the Board in regulations. However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) of Title 10.1 or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;

8. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;

9. Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto;

10. Land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VESMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity;

11. Discharges to a sanitary sewer or a combined sewer system that are not from a land-disturbing activity; and

12. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company.

CHAPTER 6

Be it enacted by the General Assembly of Virginia:

1. That §§ 3 and 4 of Chapter 826 and §§ 3 and 4 of Chapter 827 of the Acts of Assembly of 2017 are amended and reenacted as follows:

§ 3. Any owner of a CSO outfall that discharges into the Chesapeake Bay Watershed not under a state order or decree related to the CSO as of January 1, 2017, shall, by July 1, 2023, initiate construction activities necessary to bring the CSO outfall into compliance and shall, by July 1, ~~2025~~ *2026*, bring the CSO outfall into compliance with Virginia law, the federal Clean Water Act, and the Presumption Approach described in the EPA CSO Control Policy, unless a higher level of control is necessary to comply with a TMDL.

§ 4. Any owner of a CSO outfall that discharges into the Chesapeake Bay Watershed not under a state order or decree related to the CSO as of January 1, 2017, shall report annually to DEQ on its progress pursuant to § 3. No later than January 1 of each year, DEQ shall transmit, with any additional information the Director of DEQ determines to be appropriate, the CSO outfall progress reports to the Chairmen of the Senate Committee on Finance *and Appropriations*, the Senate Committee on Agriculture, Conservation and Natural Resources, the House Committee on Appropriations, and the House Committee on Agriculture, Chesapeake and Natural Resources; the Virginia delegation to the Chesapeake Bay Commission; the Secretary of Natural *and Historic* Resources; and the Governor.

CHAPTER 7

An Act to amend and reenact §§ 22.1-207, 22.1-253.13:1, as it shall become effective, and 22.1-279.9 of the Code of Virginia, relating to public high schools; research-based hazing prevention instruction.

[S 379]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-207, 22.1-253.13:1, as it shall become effective, and 22.1-279.9 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-207. Physical and health education.

A. Physical and health education shall be emphasized throughout the public school curriculum by lessons, drills, and physical exercises, and all pupils in the public elementary, middle, and high schools shall receive as part of the educational program such health instruction and physical training as shall be prescribed by the Board ~~of Education~~ and approved by the State Board of Health. Such health instruction shall incorporate standards that recognize the multiple dimensions of health by including mental health and the relationship of physical and mental health so as to enhance student understanding, attitudes, and behavior that promote health, well-being, and human dignity. Such health instruction may include an age-appropriate program of instruction on the safe use of and risks of abuse of prescription drugs that is consistent with curriculum guidelines developed by the Board and approved by the State Board of Health.

B. The Board shall develop Standards of Learning and curriculum guidelines for research-based hazing prevention instruction to be provided as a part of physical or health education instruction provided to students in grade nine or 10. Such Standards of Learning and curriculum guidelines for such research-based hazing prevention instruction shall include age-appropriate, extensive, and current education about hazing, including (i) examples of hazing; (ii) the dangers of hazing, including the consequences of alcohol intoxication; and (iii) school policies and laws relating to hazing, including criminal penalties and bystander intervention.

C. Each local school board shall provide as a part of physical or health education instruction provided to students in grade nine or 10 research-based hazing prevention instruction in accordance with the Standards of Learning and curriculum guidelines developed by the Board pursuant to subsection B. Such research-based hazing prevention instruction shall be offered in person, provided that each local school board shall provide options for virtual participation for any student who is enrolled in an online or virtual physical or health education program.

§ 22.1-253.13:1. (For effective date, see 2022 Acts cc. 549, 550, cl. 2) Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the

United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

§ 10.1-1119.6. Review of capital projects and availability of working lands.

In preparing its report on each major state project, as required in Article 2 (§ 10.1-1188 et seq.) of Chapter 11.1, each state agency shall demonstrate that it has considered the impact that project would have on the availability of working farm and forest lands as required in § 10.1-1119.7, and has adequately considered alternatives and mitigating measures. The Department of Environmental Quality, in conducting its review of each major state project, shall ensure that such consideration has been demonstrated and shall incorporate its evaluation of the effects that project would have on the availability of working farm and forest lands in its comments to the State Forester and Governor. The procedures for review of highway and road construction projects established in accordance with subsection B of § 10.1-1188 shall include provisions requiring that the factors listed in § 10.1-1119.7 are considered as part of the review of each project.

4. Are of statewide or local importance for the production of food, feed, fiber, forest products, forage, or oilseed crops;

5. Have been recognized under a state program such as the Clean Water Farm Award Program or the Century Farm Program or Century Forest Program;

7. Make a significant contribution to the local economy or the rural character of the area where the land is located.

B. The governing body of each locality, with the cooperation of the U.S. Department of Agriculture, may designate the important farmlands within its jurisdiction. In designating important farmlands the governing body shall demonstrate that adequate provision has been made for nonagricultural uses within its jurisdiction.

C. As used in this article, "farmland" includes all land defined as follows:

"Important farmland," other than prime or unique farmland, is land that is of statewide or local importance for the production of food, feed, fiber, forage, nursery, oilseed, or other agricultural crops, as determined by the appropriate state

agency or local government agency, and that the U.S. Department of Agriculture determines should be considered as farmland for the purposes of this article;

"Prime farmland" is land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, nursery, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, and without intolerable soil erosion. Prime farmland includes land that possesses the above characteristics but is being used currently to produce livestock and timber. It does not include land already in or committed to urban development or water storage; and

"Unique farmland" is land other than prime farmland that is used for production of specific high-value food and fiber crops, as determined by the U.S. Department of Agriculture. It has the special combination of soil quality, location, growing season, and moisture supply needed to economically produce sustained high quality or high yields of specific crops when treated and managed according to acceptable farming methods.

§ 46.2-749.102. Special license plates; supporters of Virginia agriculture; fees.

A. On receipt of an application and payment of the fee prescribed by this section, the Commissioner shall issue special license plates to supporters of Virginia agriculture.

B. The annual fee for plates issued pursuant to this section shall be $25 in addition to the prescribed fee for state license plates. For each such $25 fee collected in excess of 1,000 registrations pursuant to this section, $15 shall be paid into the state treasury and credited to a special nonreverting fund known as the Virginia Agricultural Vitality Program Fund, established within the Department of Accounts. These funds shall be paid annually to the Office of ~~Farm Land~~ *Working Lands* Preservation ~~and used to support the Virginia Agricultural Vitality Program~~ *within the Department of Forestry*.

§ 58.1-512. Land preservation tax credits for individuals and corporations.

A. 1. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia that is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

2. a. If the Commonwealth or an instrumentality thereof operates a facility on a conveyance, including charging fees for the use of such facility, such operation shall not disqualify the conveyance from eligibility for the tax credit, so long as any fees are used for conservation or preservation purposes.

b. If the Commonwealth or an instrumentality thereof enters into an agreement with a third party to lease or manage a facility on a conveyance, the fact that such third party is operated primarily as a business with intent for profit shall not disqualify the conveyance from eligibility for the tax credit, so long as such agreement is for conservation or preservation purposes.

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed $50,000 for 2000 taxable years; $75,000 for 2001 taxable years; $100,000 for each of 2002 through 2008 taxable years; $50,000 for each of 2009, 2010, and 2011 taxable years; $100,000 for each of 2012, 2013, and 2014 taxable years; $20,000 for each of 2015, 2016, and 2017 taxable years; and $50,000 for 2018 taxable years and for each taxable year thereafter. However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed shall not exceed $100,000 for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, 2011, and 2015 and thereafter, any portion of the

credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance and Appropriations. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in § 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of $1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

a. A description of the conservation purpose or purposes being served by the donation;

b. The fair market value of land being donated in the absence of any easement or other restriction;

c. The public benefit derived from the donation;

d. The extent to which water quality best management practices will be implemented on the property; and

e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of $1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years

shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least $250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be $100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is filed. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is filed at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum $100 million allowed is reached for the calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

No credit shall be allowed for any land or interest in land conveyed unless (i) for a conveyance made before January 1, 2020, a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the third year following the calendar year of the conveyance or (ii) for a conveyance made on or after January 1, 2020, a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the second year following the calendar year of the conveyance. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. Solely for purposes of this condition, any application for which the Tax Commissioner has given written notice to the donor that the preparation of a second qualified appraisal is warranted shall be deemed timely filed, provided that the application was otherwise complete as of such filing deadline. For conveyances made on and after January 1, 2017, the deadlines provided by clauses (i) and (ii) of this subdivision shall be extended for any number of days exceeding 90 during which an application for tax credit is being reviewed for verification of conservation value by the Department of Conservation and Recreation, if the application was otherwise complete at the time of the original filing deadline.

b. Beginning with calendar year 2008, the $100 million amount contained in subdivision 4 a shall be increased by an amount equal to $100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year 2015, the maximum amount of credits that may be issued in a calendar year shall not exceed $75 million. In no case shall the Department issue any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed.

Beginning with the submission due on or before December 20, 2015, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and $75 million, but not more than $20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the Virginia Battlefield Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland *and Forestland* Preservation Fund to be used in accordance with § ~~3.2-201~~ *10.1-1119.3*.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

2. That Chapter 2 (§§ 3.2-200 through 3.2-205) of Title 3.2 of the Code of Virginia is repealed.

3. That by July 1 of each year, the Department of Environmental Quality shall report to the Department of Forestry the following information about nonpoint source nutrient credits certified in the previous year pursuant to § 62.1-44.19:20 of the Code of Virginia and 9VAC25-900 of the Administrative Code of Virginia that involve land use conversion: (i) the name of the nonpoint source nutrient credit-generating practice, (ii) the acreage of the forest or agricultural lands that could be impacted by the nonpoint source nutrient credits, and (iii) the location of the generation of the nonpoint source nutrient credits, including the locality in which such nonpoint source nutrient credit-generating practice is located.

§ 22.1-253.13:1. (For effective date, see Acts 2022, cc. 549, 550, cl. 2) Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons

requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

An Act to amend and reenact § 58.1-3330 of the Code of Virginia, relating to real property tax; notice of rate and assessment changes.

[S 677]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3330 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3330. Notice of change in assessment.

A. Whenever in any county, city, or town there is a reassessment of real estate, or any change in the assessed value of any real estate, notice shall be given by mail directly to each property owner, as shown by the land books of the county, city, or town whose assessment has been changed. Such notice shall be sent by postpaid mail at least 15 days prior to the date of a hearing to protest such change to the address of the property owner as shown on such land books. The governing body of the county, city, or town shall require the officer of such county, city, or town charged with the assessment of real estate to send such notices or it shall provide funds or services to the persons making such reassessment so that such persons can send such notices.

B. Every notice shall, among other matters, show the magisterial or other district, if any, in which the real estate is located, the amount and the new and immediately prior two tax years' final assessed values of land, and the new and immediately prior two tax years' final assessed values of improvements. It shall further set out the time and place at which persons may appear before the officers making such reassessment or change and present objections thereto. The notice shall

also inform each property owner of the right to view and make copies of records maintained by the local assessment office pursuant to §§ 58.1-3331 and 58.1-3332 and inform each property owner that the records available and the procedure for accessing them are set out in §§ 58.1-3331 and 58.1-3332. In counties that have elected by ordinance to prepare land and personal property books in alphabetical order as authorized by § 58.1-3301 B, such notice may omit reference to districts, as provided herein.

The following requirements shall apply to any notice of change in assessment other than one in which the change arises solely from the construction or addition of new improvements to the real estate. If the tax rate that will apply to the new assessed value has been established, then the notice shall set out such rate. In addition, whether or not the tax rate applicable to the new assessed value has been established, the notice shall set out the tax rates for the immediately prior two tax years, the total amount of the new tax levy, based on the current tax rate at the time the notices are prepared, and the amounts of the total tax levies for the immediately prior two tax years, based on the final tax rates for those tax years multiplied by the final assessed values of land and improvements for those tax years, and the percentage changes in the new tax levy from the tax levies in the immediately prior two tax years.

If the tax rate that will apply to the new assessed value has not been established, then the notice shall set out the time and place of the next meeting of the local governing body at which public testimony will be accepted on any real estate tax rate changes. Additionally, in any county, city, or town that conducts an annual or biennial reassessment of real estate or in which reassessment of real estate is conducted primarily by employees of the county, city, or town under direction of the commissioner of the revenue, if ~~the proposed rate exceeds the lowered tax rate, as that term is described in subdivision C 2 of § 58.1-3321, the notice shall set out the effective tax rate increase, as that term is described in subdivision C 3 of § 58.1-3321~~ *the overall total assessed value of real property in the locality, excluding additional assessments due to new construction or improvements to real property, would result in an increase of one percent or more in the total real property tax levied in the locality, the notice shall set forth the tax rate that would levy the same amount of real estate tax as the previous year when multiplied by the new total assessed value of real estate, excluding additional assessments due to new construction or improvements to real property*. If this meeting will be more than 60 days from the date of the reassessment notice, then instead of the date of the meeting, the notice shall include information on when the date of the meeting will be set and where it will be publicized.

C. Any person other than the owner who receives such reassessment notice shall transmit the notice to such owner, at his last known address, immediately on receipt thereof and shall be liable to such owner in an action at law for liquidated damages in the amount of $25, in the event of a failure to so transmit the notice. Mailing such notice to the last known address of the property owner shall be deemed to satisfy the requirements of this section.

D. Notwithstanding the provisions of this section, if the address of the taxpayer as shown on the tax record is in care of a lender, the lender shall upon request furnish the county, city, or town a list of such property owners, together with their current addresses as they appear on the books of the lender, or the parties may by agreement permit the lender to forward such notices to the property owner, with the cost of postage to be paid by the county, city, or town.

D. Any individual or entity conducting business in good faith with a guardian or conservator who presents a currently effective certificate of qualification may presume that the guardian or conservator is properly authorized to act as to any matter or transaction, except to the extent of any limitations upon the fiduciary's powers contained in the court's order of appointment.

1. A person that refuses in violation of this subsection to accept a certificate of qualification is subject to (i) a court order mandating acceptance of the certificate of qualification and (ii) liability for reasonable attorney fees and costs incurred in any action or proceeding that confirms the validity of the certificate of qualification or mandates acceptance of the certificate of qualification.

2. A person shall either accept or reject a certificate of qualification no later than seven business days after presentation of such certificate of qualification for acceptance. A person is not required to accept a certificate of qualification for a transaction if:

a. Engaging in the transaction with the guardian or conservator would be inconsistent with state or federal law;

b. The person has actual knowledge of the termination of the authority of the guardian or conservator or of the certificate of qualification before exercise of the power;

c. The person in good faith believes that the certificate of qualification is not valid or that the guardian or conservator does not have the authority to perform the act requested; or

CHAPTER 20

An Act to amend and reenact § 8.01-271.1 of the Code of Virginia, relating to signing of pleadings, motions, and other papers; electronic signatures.

[H 171]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-271.1 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-271.1. Signing of pleadings, motions, and other papers; oral motions; sanctions.

A. Except as otherwise provided in §§ 16.1-260 and 63.2-1901, every pleading, motion, or other paper of a party represented by an attorney shall be signed by at least one attorney of record who is an active member in good standing of the Virginia State Bar in his individual name, and the attorney's address shall be stated on the first pleading filed by that attorney in the action. A party who is not represented by an attorney, including a person confined in a state or local correctional facility proceeding pro se, shall sign his pleading, motion, or other paper and state his address. The signature of a person other than counsel of record who is an active member in good standing of the Virginia State Bar or a pro se litigant is not a valid signature. A minor who is not represented by an attorney shall sign his pleading, motion, or other paper by his next friend. Either or both parents of such minor may sign on behalf of such minor as his next friend. However, a parent may not sign on behalf of a minor if such signature is otherwise prohibited by subdivision 6 of § 64.2-716. *The signature required by this section may be an electronic signature as defined in § 59.1-480 or a digital image of a signature.* If a pleading, motion, or other paper is not signed in compliance with this paragraph, it is defective. Such a defect renders the pleading, motion, or other paper voidable.

B. The signature of an attorney or party constitutes a certificate by him that (i) he has read the pleading, motion, or other paper, (ii) to the best of his knowledge, information and belief, formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and (iii) it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

C. An oral motion made by an attorney or party in any court of the Commonwealth constitutes a representation by him that (i) to the best of his knowledge, information and belief formed after reasonable inquiry it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification or reversal of existing law, and (ii) it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

D. If a pleading, motion, or other paper is signed or made in violation of this section, the court, upon motion or upon its own initiative, shall impose upon the person who signed the paper or made the motion, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of the reasonable expenses incurred because of the filing of the pleading, motion, or other paper or making of the motion, including reasonable attorney fees.

E. Failure to raise the issue of a signature defect in a pleading, motion, or other paper before the trial court's jurisdiction expires pursuant to Rule 1:1 (a) and Rule 1:1B waives any challenge to that pleading, motion, or other paper based on such a defect.

F. Signature defects in appellate filings, including the notice of appeal, shall be raised in the appellate court where the appeal is taken. Failure to timely raise the issue of a defective signature in an appellate pleading, motion, or other paper while the case is pending before the appellate court waives any challenge to that pleading, motion, or other paper based on such a defect.

G. If a signature defect is not timely and properly cured after it is brought to the attention of the pleader or movant, the pleading, motion, or other paper is invalid and shall be stricken. A signature defect shall be cured within 21 days after it is brought to the attention of the pleader or movant. If a signature defect is timely and properly cured, the pleading, motion, or other paper shall be valid and relate back to the date it was originally served or filed.

§ 32.1-330. Long-term services and supports screening required.

A. As used in this section, "acute care hospital" includes an acute care hospital, a rehabilitation hospital, a rehabilitation unit in an acute care hospital, or a psychiatric unit in an acute care hospital.

B. Every individual who applies for or requests community or institutional long-term services and supports as defined in the state plan for medical assistance services may choose to receive services in a community or institutional setting. Every individual who applies for or requests community or institutional long-term services and supports shall be afforded the opportunity to choose the setting and provider of long-term services and supports.

C. Every individual who applies for or requests community or institutional long-term services and supports shall be screened prior to ~~admission to~}*, or in the situations described in subsection F within three business days of, initiation of* such community or institutional long-term services and supports to determine his need for long-term services and supports, including nursing facility services as defined in the state plan for medical assistance services. The type of long-term services and supports screening performed shall not limit the long-term services and supports settings or providers for which the individual is eligible.

D. ~~If~~ *Except as otherwise provided in this subsection, if* an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is residing in a community setting at the time of

such application or request, the screening for long-term services and supports required pursuant to subsection C shall be completed by a long-term services and supports screening team that includes a nurse, social worker or other assessor designated by the Department who is an employee of the Department of Health or the local department of social services and a physician who is employed or engaged by the Department of Health. *To the extent such screening team determines it is unable to complete the long-term services and supports screening within 30 days and the individual is in imminent need of nursing facility placement, such screening team shall confer as to which entity can most expeditiously conduct the long-term services and supports screening. The nursing facility screening team as described in subsection F shall be authorized to conduct such screening if it is determined that it is the most expeditious option.*

E. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving inpatient services in an acute care hospital at the time of such application or request and will *immediately* begin receiving long-term services and supports as defined in the state plan for medical assistance services pursuant to a discharge order from an acute care hospital, the screening for long-term services and supports required pursuant to subsection C shall be completed by the acute care hospital in accordance with the screening requirements established by the Department. *Any individual receiving inpatient services in an acute care hospital discharged to a nursing facility for skilled care only is not required to be screened prior to discharge from the hospital unless the individual requests the screening.*

F. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving skilled nursing services ~~that are not covered by the Commonwealth's program of medical assistance services in an institutional setting following discharge from an acute care hospital,~~ *in a nursing facility, or in the situation described in subsection D where the nursing facility screening team is authorized to conduct the long-term services and supports screening,* the Department shall require qualified staff of the ~~skilled~~ nursing ~~institution~~ *facility* to conduct the long-term services and supports screening *prior to or within three business days of initiation of long-term services and supports and* in accordance with the requirements established by the Department, with the results certified by a physician prior to ~~the~~ *or within three business days of* initiation of long-term services and supports under the state plan for medical assistance services.

§ 18.2-254.1. Recovery Court Act.

A. This section shall be known and may be cited as the ~~"Drug Treatment~~ *"Recovery* Court Act."

B. The General Assembly recognizes that there is a critical need in the Commonwealth for effective treatment programs that reduce the incidence of drug use, drug addiction, family separation due to parental substance abuse, and drug-related crimes. It is the intent of the General Assembly by this section to enhance public safety by facilitating the creation of ~~drug treatment~~ *recovery* courts as means by which to accomplish this purpose.

C. The goals of ~~drug treatment~~ *recovery* courts include: (i) reducing drug addiction and drug dependency among offenders; (ii) reducing recidivism; (iii) reducing drug-related court workloads; (iv) increasing personal, familial and societal accountability among offenders; and~~,~~ (v) promoting effective planning and use of resources among the criminal justice system and community agencies.

D. ~~Drug treatment~~ *Recovery* courts are specialized court dockets within the existing structure of Virginia's court system offering judicial monitoring of intensive treatment and strict supervision of addicts in drug and drug-related cases. Local officials must complete a recognized planning process before establishing a ~~drug treatment~~ *recovery* court program.

E. Administrative oversight for implementation of the ~~Drug Treatment~~ *Recovery* Court Act shall be conducted by the Supreme Court of Virginia. The Supreme Court of Virginia shall be responsible for (i) providing oversight for the distribution of funds for ~~drug treatment~~ *recovery* courts; (ii) providing technical assistance to ~~drug treatment~~ *recovery* courts; (iii) providing training for judges who preside over ~~drug treatment~~ *recovery* courts; (iv) providing training to the providers of administrative, case management, and treatment services to ~~drug treatment~~ *recovery* courts; and (v) monitoring the completion of evaluations of the effectiveness and efficiency of ~~drug treatment~~ *recovery* courts in the Commonwealth.

F. ~~A~~ *The* state ~~drug treatment court advisory committee~~ *Recovery Court Advisory Committee* shall be established to (i) evaluate and recommend standards for the planning and implementation of ~~drug treatment~~ *recovery* courts; (ii) assist in the evaluation of their effectiveness and efficiency; and (iii) encourage and enhance cooperation among agencies that participate in their planning and implementation. The committee shall be chaired by the Chief Justice of the Supreme Court of Virginia or his designee and shall include a member of the Judicial Conference of Virginia who presides over a ~~drug treatment~~ *recovery* court; a district court judge; the Executive Secretary or his designee; the directors of the following executive branch agencies: Department of Corrections, Department of Criminal Justice Services, Department of Juvenile Justice, Department of Behavioral Health and Developmental Services, Department of Social Services; a representative of the following entities: a local community-based probation and pretrial services agency, the Commonwealth's Attorney's Association, the Virginia Indigent Defense Commission, the Circuit Court Clerk's Association, the Virginia Sheriff's Association, the Virginia Association of Chiefs of Police, the Commission on VASAP, and two representatives designated by the Virginia Drug Court Association.

G. Each jurisdiction or combination of jurisdictions that intend to establish a ~~drug treatment~~ *recovery* court or continue the operation of an existing one shall establish a local ~~drug treatment~~ *recovery* court advisory committee. Jurisdictions that establish separate adult and juvenile ~~drug treatment~~ *recovery* courts may establish an advisory committee for each such court. Each advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the ~~drug treatment~~ *recovery* court or courts that serve the jurisdiction or combination of jurisdictions. Advisory committee membership shall include, but shall not be limited to the following people or their designees: (i) the ~~drug treatment~~ *recovery* court judge; (ii) the attorney for the Commonwealth, or, where applicable, the city or county attorney who has responsibility for the prosecution of misdemeanor offenses; (iii) the public defender or a member of the local criminal defense bar in jurisdictions in which there is no public defender; (iv) the clerk of the court in which the ~~drug treatment~~ *recovery* court is located; (v) a representative of the Virginia Department of Corrections, or the Department of

H. Each local ~~drug treatment~~ *recovery* court advisory committee shall establish criteria for the eligibility and participation of offenders who have been determined to be addicted to or dependent upon drugs. Subject to the provisions of this section, neither the establishment of a ~~drug treatment~~ *recovery* court nor anything herein shall be construed as limiting the discretion of the attorney for the Commonwealth to prosecute any criminal case arising therein which he deems advisable to prosecute, except to the extent the participating attorney for the Commonwealth agrees to do so. As defined in § 17.1-805 or 19.2-297.1, adult offenders who have been convicted of a violent criminal offense within the preceding 10 years, or juvenile offenders who previously have been adjudicated not innocent of any such offense within the preceding 10 years, shall not be eligible for participation in any ~~drug treatment~~ *recovery* court established or continued in operation pursuant to this section.

I. Each ~~drug treatment~~ *recovery* court advisory committee shall establish policies and procedures for the operation of the court to attain the following goals: (i) effective integration of drug and alcohol treatment services with criminal justice system case processing; (ii) enhanced public safety through intensive offender supervision and drug treatment; (iii) prompt identification and placement of eligible participants; (iv) efficient access to a continuum of alcohol, drug, and related treatment and rehabilitation services; (v) verified participant abstinence through frequent alcohol and other drug testing; (vi) prompt response to participants' noncompliance with program requirements through a coordinated strategy; (vii) ongoing judicial interaction with each ~~drug~~ *recovery* court participant; (viii) ongoing monitoring and evaluation of program effectiveness and efficiency; (ix) ongoing interdisciplinary education and training in support of program effectiveness and efficiency; and (x) ongoing collaboration among ~~drug treatment~~ *recovery* courts, public agencies, and community-based organizations to enhance program effectiveness and efficiency.

J. Participation by an offender in a ~~drug treatment~~ *recovery* court shall be voluntary and made pursuant only to a written agreement entered into by and between the offender and the Commonwealth with the concurrence of the court.

L. Each offender shall contribute to the cost of the substance abuse treatment he receives while participating in a ~~drug treatment~~ *recovery* court pursuant to guidelines developed by the ~~drug treatment~~ *recovery* court advisory committee.

M. Nothing contained in this section shall confer a right or an expectation of a right to treatment for an offender or be construed as requiring a local ~~drug treatment~~ *recovery* court advisory committee to accept for participation every offender.

N. The Office of the Executive Secretary shall, with the assistance of the state ~~drug treatment court advisory committee~~ *Recovery Court Advisory Committee*, develop a statewide evaluation model and conduct ongoing evaluations of the effectiveness and efficiency of all local ~~drug treatment~~ *recovery* courts. A report of these evaluations shall be submitted to the General Assembly by December 1 of each year. Each local ~~drug treatment~~ *recovery* court advisory committee shall submit evaluative reports to the Office of the Executive Secretary as requested.

O. Notwithstanding any other provision of this section, no ~~drug treatment~~ *recovery* court shall be established subsequent to March 1, 2004, unless the jurisdiction or jurisdictions intending or proposing to establish such court have been specifically granted permission under the Code of Virginia to establish such court. R. Subject to the requirements and conditions established by the state ~~Drug Treatment~~ *Recovery* Court Advisory Committee, there shall be established a ~~drug treatment~~ *recovery* court in the City of Bristol and the County of Tazewell, provided that the court is funded within existing state and local appropriations.

2. That the Supreme Court of Virginia shall rename the state Drug Treatment Court Advisory Committee as the state Recovery Court Advisory Committee. Any requirements and conditions established by the state Drug Treatment Court Advisory Committee shall continue to exist under the state Recovery Court Advisory Committee.

[H 294]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-279.1 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner;

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate; however, no such grant of possession or use shall affect title to the vehicle;

7. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;

8. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate;

9. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500; and

10. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such *temporary child support* order shall terminate upon the determination of support pursuant to § 20-108.1 *or upon the termination of such protective order, whichever occurs first.*

B. 1. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. A written motion requesting a hearing to extend the protective order shall be served as soon as possible on the respondent.

If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

2. Upon the filing of a written motion requesting a hearing to extend the protective order, the court may issue an ex parte preliminary protective order pursuant to § 16.1-253.1 until the extension hearing. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte preliminary protective order until such new date. The extended ex parte preliminary protective order shall be served as soon as possible on the respondent. If the respondent was personally served,

where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte preliminary protective order shall remain in effect until the extension hearing.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorney fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

H. As used in this section:

"Copy" includes a facsimile copy.

"Protective order" includes an initial, modified or extended protective order.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

K. Upon issuance of a protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

L. An appeal of a final protective order issued by a circuit court pursuant to this section shall be given expedited review by the Court of Appeals.

CHAPTER 31

An Act to amend the Code of Virginia by adding in Chapter 27 of Title 54.1 an article numbered 5, consisting of a section numbered 54.1-2729.02, relating to the Dentist and Dental Hygienist Compact.

[S 22]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 27 of Title 54.1 an article numbered 5, consisting of a section numbered 54.1-2729.02, as follows:

Article 5.

Dentist and Dental Hygienist Compact.

§ 54.1-2729.02. Dentist and Dental Hygienist Compact.

The General Assembly hereby enacts, and the Commonwealth of Virginia hereby enters into, the Dentist and Dental Hygienist Compact with any and all states legally joining therein according to its terms, in the form substantially as follows:

DENTIST AND DENTAL HYGIENIST COMPACT.

Article 1.

Title; Purpose.

This article shall be known and cited as the Dentist and Dental Hygienist Compact. The purposes of this Compact are to facilitate the interstate practice of dentistry and dental hygiene and improve public access to dentistry and dental hygiene services by providing dentists and dental hygienists licensed in a participating state the ability to practice in participating states in which they are not licensed. The Compact does this by establishing a pathway for dentists and dental hygienists licensed in a participating state to obtain a compact privilege that authorizes them to practice in another participating state in which they are not licensed. The Compact enables participating states to protect the public health and safety with respect to the practice of such dentists and dental hygienists, through the state's authority to regulate the practice of dentistry and dental hygiene in the state. The Compact:

1. Enables dentists and dental hygienists who qualify for a compact privilege to practice in other participating states without satisfying burdensome and duplicative requirements associated with securing a license to practice in those states;

2. Promotes mobility and addresses workforce shortages through each participating state's acceptance of a compact privilege to practice in that state;

3. Increases public access to qualified licensed dentists and dental hygienists by creating a responsible, streamlined pathway for licensees to practice in participating states;

4. Enhances the ability of participating states to protect the public's health and safety;

5. Does not interfere with licensure requirements established by a participating state;

6. Facilitates the sharing of licensure and disciplinary information among participating states;

7. Requires dentists and dental hygienists who practice in a participating state pursuant to a compact privilege to practice within the scope of practice authorized in that state;

8. Extends the authority of a participating state to regulate the practice of dentistry and dental hygiene within its borders to dentists and dental hygienists who practice in the state through a compact privilege;

9. Promotes the cooperation of participating states in regulating the practice of dentistry and dental hygiene within those states; and

10. Facilitates the relocation of military members and their spouses who are licensed to practice dentistry or dental hygiene.

Article 2.

State Participation in the Compact.

A. In order to join this Compact and thereafter continue as a participating state, a state must:

1. Enact a compact that is not materially different from the model compact as determined in accordance with Commission rules;

2. Participate fully in the Commission's data system;

3. Have a mechanism in place for receiving and investigating complaints about its licensees and license applicants;

4. Notify the Commission, in compliance with the terms of this Compact and Commission rules, of any adverse action or the availability of significant investigative information regarding a licensee and license applicant;

5. Fully implement a criminal background check requirement, within a time frame established by Commission rule, by receiving the results of a qualifying criminal background check;

6. Comply with the Commission rules applicable to a participating state;

7. Accept the National Board Examinations of the Joint Commission on National Dental Examinations or another examination accepted by Commission rule as a licensure examination;

8. Accept for licensure such applicants for a dentist license who graduate from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs, resulting in the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

9. Accept for licensure such applicants for a dental hygienist license who graduate from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs;

10. Require for licensure that applicants successfully complete a clinical assessment;

11. Have continuing professional development requirements as a condition for license renewal; and

12. Pay a participation fee to the Commission as established by Commission rule.

B. Providing alternative pathways for an individual to obtain an unrestricted license does not disqualify a state from participating in this Compact.

C. When conducting a criminal background check, the state licensing authority shall:

1. Consider such information in making a licensure decision;

2. Maintain documentation of completion of the criminal background check and background check information to the extent allowed by state and federal law; and

3. Report to the Commission whether it has completed the criminal background check and whether the individual was granted or denied a license.

D. A licensee of a participating state who has a qualifying license in that state and does not hold an encumbered license in any other participating state shall be issued a compact privilege in a remote state in accordance with the terms of this Compact and Commission rules. If a remote state has a jurisprudence requirement, a compact privilege will not be issued to the licensee unless the licensee has satisfied the jurisprudence requirement.

Article 4.

Compact Privilege.

A. To obtain and exercise the compact privilege under the terms and provisions of this Compact, the licensee shall:

1. Have a qualifying license as a dentist or dental hygienist in a participating state;

2. Be eligible for a compact privilege in any remote state in accordance with subsections D, G, and H of this section;

3. Submit to an application process whenever the licensee is seeking a compact privilege;

4. Pay any applicable Commission and remote state fees for a compact privilege in the remote state;

5. Meet any jurisprudence requirement established by a remote state in which the licensee is seeking a compact privilege;

6. Have passed a National Board Examination of the Joint Commission on National Dental Examinations or another examination accepted by Commission rule;

7. For a dentist, have graduated from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs, resulting in the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

8. For a dental hygienist, have graduated from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs;

9. Have successfully completed a clinical assessment for licensure;

10. Report to the Commission adverse action taken by any nonparticipating state when applying for a compact privilege and, otherwise, within 30 days from the date the adverse action is taken;

11. Report to the Commission when applying for a compact privilege the address of the licensee's primary residence and thereafter immediately report to the Commission any change in the address of the licensee's primary residence; and

12. Consent to accept service of process by mail at the licensee's primary residence on record with the Commission with respect to any action brought against the licensee by the Commission or a participating state, and consent to accept service of a subpoena by mail at the licensee's primary residence on record with the Commission with respect to any action brought or investigation conducted by the Commission or a participating state.

B. The licensee must comply with the requirements of subsection A of this section to maintain the compact privilege in the remote state. If those requirements are met, the compact privilege will continue as long as the licensee maintains a qualifying license in the state through which the licensee applied for the compact privilege and pays any applicable compact privilege renewal fees.

C. A licensee providing dentistry or dental hygiene in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for a dentist or dental hygienist licensed in that state.

D. A licensee providing dentistry or dental hygiene pursuant to a compact privilege in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, by adverse action revoke or remove a licensee's compact privilege in the remote state for a specific period of time and impose fines or take any other necessary actions to protect the health and safety of its citizens. If a remote state imposes an adverse action against a compact privilege that limits the compact privilege, that adverse action applies to all compact privileges in all remote states. A licensee whose compact privilege in a remote state is removed for a specified period of time is not eligible for a compact privilege in any other remote state until the specific time for removal of the compact privilege has passed and all encumbrance requirements are satisfied.

E. If a license in a participating state is an encumbered license, the licensee shall lose the compact privilege in a remote state and shall not be eligible for a compact privilege in any remote state until the license is no longer encumbered.

F. Once an encumbered license in a participating state is restored to good standing, the licensee must meet the requirements of subsection A of this section to obtain a compact privilege in a remote state.

G. If a licensee's compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in any remote state until the following occur:

1. The specific period of time for which the compact privilege was removed has ended; and

2. All conditions for removal of the compact privilege have been satisfied.

H. Once the requirements of subsection G of this section have been met, the licensee must meet the requirements in subsection A of this section to obtain a compact privilege in a remote state.

Article 5.

Active Military Members or Their Spouses.

Active military members and their spouses shall not be required to pay to the Commission the fee otherwise charged by the Commission for a compact privilege. If a remote state chooses to charge a fee for a compact privilege, it may choose to charge a reduced fee or no fee to active military members and their spouses for a compact privilege.

Article 6.

Adverse Actions.

A. A participating state in which a licensee is licensed shall have exclusive authority to impose adverse action against the qualifying license issued by that participating state.

B. A participating state may take adverse action based on the significant investigative information of a remote state, so long as the participating state follows its own procedures for imposing adverse action.

C. Nothing in this Compact shall override a participating state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the participating state's laws. Participating states must require licensees who enter any alternative program in lieu of discipline to agree not to practice pursuant to a compact privilege in any other participating state during the term of the alternative program without prior authorization from such other participating state.

D. Any participating state in which a licensee is applying to practice or is practicing pursuant to a compact privilege may investigate actual or alleged violations of the statutes and regulations authorizing the practice of dentistry or dental hygiene in any other participating state in which the dentist or dental hygienist holds a license or compact privilege.

E. A remote state shall have the authority to:

1. Take adverse actions as set forth in subsection D of Article 4 against a licensee's compact privilege in the state;

2. In furtherance of its rights and responsibilities under this Compact and the Commission's rules issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a state licensing authority in a participating state for the attendance and testimony of witnesses, or the production of evidence from another participating state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located; and

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

F. Joint investigations.

1. In addition to the authority granted to a participating state by its dentist or dental hygienist licensure act or other applicable state law, a participating state may jointly investigate licensees with other participating states.

2. Participating states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. Authority to continue investigation.

1. After a licensee's compact privilege in a remote state is terminated, the remote state may continue an investigation of the licensee that began when the licensee had a compact privilege in that remote state.

2. If the investigation yields what would be significant investigative information had the licensee continued to have a compact privilege in that remote state, the remote state shall report the presence of such information to the data system as required by subdivision B 6 of Article 8 as if it was significant investigative information.

Article 7.

Establishment and Operation of the Dentist and Dental Hygienist Compact Commission.

A. The Compact participating states hereby create and establish a joint government agency whose membership consists of all participating states that have enacted the Compact. The Dentist and Dental Hygienist Compact Commission is an instrumentality of the participating states acting jointly and not an instrumentality of any one state. The Commission shall come into existence on or after the effective date of the Compact as set forth in subsection A of Article 11.

B. Participation, voting, and meetings.

1. Each participating state shall have and be limited to one commissioner selected by that participating state's state licensing authority or, if the state has more than one state licensing authority, selected collectively by the state licensing authorities.

2. The commissioner shall be a member or designee of such authority or authorities.

3. The Commission may by rule or bylaw establish a term of office for commissioners and may by rule or bylaw establish term limits.

6. Each commissioner shall be entitled to one vote on all matters that are voted upon by the Commission.

7. The Commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The Commission may meet by telecommunication, video conference, or other similar electronic means.

C. The Commission shall have the following powers:

1. Establish the fiscal year of the Commission;

2. Establish a code of conduct and conflict of interest policies;

5. Meet and take such actions as are consistent with the provisions of this Compact, the Commission's rules, and the bylaws;

6. Initiate and conclude legal proceedings or actions in the name of the Commission, provided that the standing of any state licensing authority to sue or be sued under applicable law shall not be affected;

7. Maintain and certify records and information provided to a participating state as the authenticated business records of the Commission and designate a person to do so on the Commission's behalf;

8. Purchase and maintain insurance and bonds;

9. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a participating state;

10. Conduct an annual financial review;

12. As set forth in the Commission rules, charge a fee to a licensee for the grant of a compact privilege in a remote state and thereafter, as may be established by Commission rule, charge the licensee a compact privilege renewal fee for each renewal period in which that licensee exercises or intends to exercise the compact privilege in that remote state. Nothing herein shall be construed to prevent a remote state from charging a licensee a fee for a compact privilege or renewals of a compact privilege, or a fee for the jurisprudence requirement if the remote state imposes such a requirement for the grant of a compact privilege;

13. Accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same, provided that at all times the Commission shall avoid any appearance of impropriety and/or conflict of interest;

14. Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein;

15. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

16. Establish a budget and make expenditures;

17. Borrow money;

18. Appoint committees, including standing committees, which may be composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact and the bylaws;

19. Provide and receive information from, and cooperate with, law-enforcement agencies;

20. Elect a chair, vice chair, secretary, and treasurer and such other officers of the Commission as provided in the Commission's bylaws;

21. Establish and elect an executive board;

23. Determine whether a state's enacted compact is materially different from the model compact language such that the state would not qualify for participation in this Compact; and

24. Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact.

D. Meetings of the Commission.

1. All meetings of the Commission that are not closed pursuant to this subsection shall be open to the public. Notice of public meetings shall be posted on the Commission's website at least 30 days prior to the public meeting.

2. Notwithstanding subdivision 1 of this subsection, the Commission may convene an emergency public meeting by providing at least 24 hours prior notice on the Commission's website, and any other means as provided in the Commission's rules, for any of the reasons it may dispense with notice of proposed rulemaking under subsection L of Article 9. The Commission's legal counsel shall certify that one of the reasons justifying an emergency public meeting has been met.

3. Notice of all Commission meetings shall provide the time, date, and location of the meeting, and if the meeting is to be held or accessible via telecommunication, video conference, or other electronic means, the notice shall include the mechanism for access to the meeting through such means.

4. The Commission may convene in a closed, nonpublic meeting for the Commission to receive legal advice or to discuss:

k. Legal advice;

m. Other matters as promulgated by the Commission by rule.

5. If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

6. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. The Commission may levy on and collect an annual assessment from each participating state and impose fees on licensees of participating states when a compact privilege is granted, to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each fiscal year for which sufficient revenue is not provided by other sources. The aggregate annual assessment amount for participating states shall be allocated based upon a formula that the Commission shall promulgate by rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Commission pledge the credit of any participating state, except by and with the authority of the participating state.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. G. Qualified immunity, defense, and indemnification.

1. The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. 2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his own counsel at his own expense, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. Notwithstanding subdivision 1 of this subsection, should any member, officer, executive director, employee, or representative of the Commission be held liable for the amount of any settlement or judgment arising out of any actual or alleged act, error, or omission that occurred within the scope of that individual's employment, duties, or responsibilities for the Commission, or that the person to whom that individual is liable had a reasonable basis for believing occurred within the scope of the individual's employment, duties, or responsibilities for the Commission, the Commission shall indemnify and hold harmless such individual, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of the individual.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the participating states or by the Commission.

Article 8.

Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and the presence of significant investigative information on all licensees and applicants for a license in participating states.

B. Notwithstanding any other provision of state law to the contrary, a participating state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse actions against a licensee, license applicant, or compact privilege and information related thereto;

4. Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation;

5. Any denial of an application for licensure, and the reason(s) for such denial, (excluding the reporting of any criminal history record information where prohibited by law);

6. The presence of significant investigative information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the rules of the Commission.

C. The records and information provided to a participating state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission

and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a participating state.

D. Significant investigative information pertaining to a licensee in any participating state will only be available to other participating states.

E. It is the responsibility of the participating states to monitor the database to determine whether adverse action has been taken against a licensee or license applicant. Adverse action information pertaining to a licensee or license applicant in any participating state will be available to any other participating state.

F. Participating states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

G. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system.

Article 9.

Rulemaking.

A. The Commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of this Compact. A Commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The rules of the Commission shall have the force of law in each participating state, provided, however, that where the rules of the Commission conflict with the laws of the participating state that establish the participating state's scope of practice as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

C. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified by the Commission for each rule.

D. If a majority of the legislatures of the participating states rejects a Commission rule or portion of a Commission rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in this Compact.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed rule by the Commission, and at least 30 days in advance of the meeting at which the Commission will hold a public hearing on the proposed rule, the Commission shall provide a notice of proposed rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and

3. In such other way(s) as the Commission may by rule specify.

H. The notice of proposed rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

3. The text of the proposed rule and the reason therefor;

4. A request for comments on the proposed rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Commission rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record.

1. The Commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection L of this section, the effective date of the rule shall be no sooner than 30 days after the Commission issuing the notice that it adopted or amended the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in this Compact and

in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or participating state funds;

3. Meet a deadline for the promulgation of a rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No participating state's rulemaking requirements shall apply under this Compact.

Article 10.

Oversight, Dispute Resolution, and Enforcement.

A. Oversight.

1. The executive and judicial branches of state government in each participating state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of this Compact or a Commission rule and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other participating states.

C. If a state in default fails to cure the default, the defaulting state may be terminated from this Compact upon an affirmative vote of a majority of the commissioners, and all rights, privileges, and benefits conferred on that state by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

D. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority or authorities, as applicable, and each of the participating states' state licensing authority or authorities, as applicable.

E. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a state's participation in this Compact, that state shall immediately provide notice to all licensees of the state, including licensees of other participating states issued a compact privilege to practice within that state, of such termination. The terminated state shall continue to recognize all compact privileges then in effect in that state for a minimum of 180 days after the date of said notice of termination.

G. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting state.

H. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

I. Dispute resolution.

1. Upon request by a participating state, the Commission shall attempt to resolve disputes related to this Compact that arise among participating states and between participating states and nonparticipating states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and the Commission's rules.

2. By majority vote, the Commission may initiate legal action against a participating state in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of this Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting participating state's law.

3. A participating state may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of this Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

4. No individual or entity other than a participating state may enforce this Compact against the Commission.

Article 11.

Effective Date, Withdrawal, and Amendment.

A. This Compact shall come into effect on the date on which the compact statute is enacted into law in the seventh participating state.

1. On or after the effective date of this Compact, the Commission shall convene and review the enactment of each of the states that enacted the Compact prior to the Commission convening (charter participating states) to determine if the statute enacted by each such charter participating state is materially different than the model compact.

a. A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in Article 10.

b. If any participating state is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of participating states should be less than seven.

2. Participating states enacting the Compact subsequent to the charter participating states shall be subject to the process set forth in subdivision C 23 of Article 7 to determine if their enactments are materially different from the model compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules and bylaws shall be subject to the Commission's rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

B. Any participating state may withdraw from this Compact by enacting a statute repealing that state's enactment of the Compact.

1. A participating state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority or authorities to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges to practice within that state granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a participating state and a nonparticipating state that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the participating states. No amendment to this Compact shall become effective and binding upon any participating state until it is enacted into the laws of all participating states.

Article 12.

Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or

circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a state's participation in this Compact or, in accordance with the requirements of subsection B of Article 10, terminate a participating state's participation in the Compact, if it determines that a constitutional requirement of a participating state is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any participating state, the Compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

Article 13.

Consistent Effect and Conflict with Other State Laws.

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a participating state that is not inconsistent with this Compact.

B. Any laws, statutes, regulations, or other legal requirements in a participating state in conflict with this Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Commission and the participating states are binding in accordance with their terms.

2. Pursuant to Article 11 of § 54.1-2729.02 of the Code of Virginia, as created by this act, the Dentist and Dental Hygienist Compact (the Compact) will become effective on the date the Compact is enacted by a seventh participating state or upon the effective date of this act, whichever is later.

The Commission's recommendation may address whether the proposed mandate should be provided under health care plans offered through a health benefit exchange or outside a health benefit exchange.

The Commission shall be given a period of 24 months to complete and submit its assessment *on each such request*. A report summarizing the Commission's study shall be forwarded to the Governor and the General Assembly.

A final order of summary suspension shall include notice that the assisted living facility may appeal the Commissioner's decision to the appropriate circuit court no later than 10 days following service of the order. A copy of any final order of summary suspension shall be prominently displayed by the provider at each public entrance of the facility, or in lieu thereof, the provider may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

Upon appeal, the sole issue before the court shall be whether the Department had reasonable grounds to require the assisted living facility to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. Any concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension. The willful and material failure to comply with the final order of summary suspension shall constitute an offense under subdivision 3 of § 63.2-1712. At the request of the Commissioner, all agencies and subdivisions of the Commonwealth shall cooperate with the Commissioner in the relocation of residents of an assisted living facility whose license has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to residents.

D. Notice of the Commissioner's intent to revoke or deny renewal of the license for an assisted living facility or to summarily suspend the license of an assisted living facility shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. In determining whether to deny, revoke, or summarily suspend a license, the Commissioner may choose to deny, revoke, or summarily suspend only certain authority of the assisted living facility to operate and may restrict or modify the assisted living facility's authority to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, or welfare of the residents. Such proposed denial, revocation, or summary suspension of certain services or functions may be appealed (i) if the assisted living facility is operated by an agency of the Commonwealth in accordance with the provisions of § 63.2-1710.2 and

(ii) for all other assisted living facilities as otherwise provided in this subtitle for any denial, revocation, or summary suspension.

§ 63.2-1709.2. Enforcement and sanctions; special orders; civil penalties.

A. Notwithstanding any other provision of law, following a proceeding as provided in § 2.2-4019, the Commissioner may issue a special order (i) for violation of any of the provisions of this subtitle, § 54.1-3408, or any regulation adopted under any provision of this subtitle which violation adversely affects, or is an imminent and substantial threat to, the health, safety, or welfare of the person cared for therein, or (ii) for permitting, aiding, or abetting the commission of any illegal act in an assisted living facility, adult day ~~care~~ center, or child welfare agency. Notice of the Commissioner's intent to take any of the actions enumerated in subdivisions B 1 through B 7 shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. The issuance of a special order shall be considered a case decision as defined in § 2.2-4001. Actions set forth in subsection B may be appealed by (a) an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth in accordance with § 63.2-1710.2 or (b) any other assisted living facility, adult day ~~care~~ center, or child welfare agency in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The Commissioner shall not delegate his authority to impose civil penalties in conjunction with the issuance of special orders.

B. The Commissioner may take the following actions regarding assisted living facilities, adult day ~~care~~ centers, and child welfare agencies through the issuance of a special order and may require a copy of the special order provided by the Department to be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations:

1. Place a licensee on probation upon finding that the licensee is substantially out of compliance with the terms of its license and that the health and safety of residents, participants, or children are at risk;

2. Reduce licensed capacity or prohibit new admissions when the Commissioner concludes that the licensee cannot make necessary corrections to achieve compliance with regulations except by a temporary restriction of its scope of service;

3. Mandate training for the licensee or licensee's employees, with any costs to be borne by the licensee, when the Commissioner concludes that the lack of such training has led directly to violations of regulations;

4. Assess civil penalties for each day the assisted living facility is or was out of compliance with the terms of its license and the health, safety, and welfare of residents are at risk, which shall be paid into the state treasury and credited to the Assisted Living Facility Education, Training, and Technical Assistance Fund created pursuant to § 63.2-1803.1; however, no civil penalty shall be imposed pursuant to this subdivision on any assisted living facility operated by an agency of the Commonwealth. The aggregate amount of such civil penalties shall not exceed $10,000 for assisted living facilities in any 12-month period. Criteria for imposition of civil penalties and amounts, expressed in ranges, shall be developed by the Board, and shall be based upon the severity, pervasiveness, duration, and degree of risk to the health, safety, or welfare of residents. Such civil penalties shall be applied by the Commissioner in a consistent manner. Such criteria shall also provide that (i) the Commissioner may accept a plan of correction, including a schedule of compliance, from an assisted living facility prior to setting a civil penalty, and (ii) the Commissioner may reduce or abate the penalty amount if the facility complies with the plan of correction within its terms.

A single act, omission, or incident shall not give rise to imposition of multiple civil penalties even though such act, omission, or incident may violate more than one statute or regulation. A civil penalty that is not appealed becomes due on the first day after the appeal period expires. The license of an assisted living facility that has failed to pay a civil penalty due under this section shall not be renewed until the civil penalty has been paid in full, with interest, provided that the Commissioner may renew a license when an unpaid civil penalty is the subject of a pending appeal;

5. Assess civil penalties of not more than $500 per inspection upon finding that the adult day ~~care~~ center or child welfare agency is substantially out of compliance with the terms of its license and the health and safety of residents, participants, or children are at risk; however, no civil penalty shall be imposed pursuant to this subdivision on any adult day ~~care~~ center or child welfare agency operated by an agency of the Commonwealth;

6. Require licensees to contact parents, guardians, or other responsible persons in writing regarding health and safety violations; and

7. Prevent licensees who are substantially out of compliance with the licensure terms or in violation of the regulations from receiving public funds.

C. The Board shall adopt regulations to implement the provisions of this section.

§ 63.2-1710. Appeal from refusal, denial of renewal, or revocation of license.

A. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth, the provisions of § 63.2-1710.2 shall apply. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day ~~care~~ center, or child welfare agency other than an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply, except that all appeals from notice of the Commissioner's intent to refuse to issue or renew, or revoke a license shall be received in writing from the assisted living facility, adult day ~~care~~ center or child welfare agency operator within 15 days of the date of receipt of the notice. Judicial review of a final review agency decision shall be in accordance with the provisions of the Administrative Process Act. No stay may be granted upon appeal to the Court of Appeals.

B. In every appeal to a court of record, the Commissioner shall be named defendant.

C. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

D. When issuance or renewal of a license as an assisted living facility or adult day ~~care~~ center has been refused by the Commissioner, the applicant shall not thereafter for a period of one year apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the one-year period shall be extended until a final decision has been rendered on appeal.

E. When issuance or renewal of a license for a child welfare agency has been refused by the Commissioner, the applicant shall not thereafter for a period of six months apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the six-month period shall be extended until a final decision has been rendered on appeal.

§ 63.2-1710.2. Right to appeal notice of intent; assisted living facilities, adult day centers, and child welfare agencies operated by agencies of the Commonwealth.

An assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth shall have the right to appeal any notice of intent as follows:

1. Within 30 days after receiving a notice of intent to impose a sanction, the licensee shall request in writing that the Commissioner review the intended agency action and may submit, together with such request, relevant information, documentation, or other pertinent data supporting its appeal. The Commissioner shall issue a decision within 60 days after receiving the request and shall have the authority to uphold the sanction or take whatever action he deems appropriate to resolve the controversy.

2. If the assisted living facility, adult day ~~care~~ center, or child welfare agency disputes the Commissioner's decision, the licensee shall request, within 30 days of receiving the Commissioner's decision, that the Commissioner refer the matter to the Secretary of Health and Human Resources. The Secretary shall issue a decision within 60 days of receiving the request for review. The Secretary's decision shall be final and shall not be subject to review.

§ 63.2-1711. Injunction against operation without license.

Any circuit court having jurisdiction in the county or city where the principal office of any assisted living facility, adult day ~~care~~ center or child welfare agency is located shall, at the suit of the Commissioner, have jurisdiction to enjoin its operation without a license required by this subtitle.

§ 63.2-1712. Offenses; penalty.

Any person, and each officer and each member of the governing board of any association or corporation that operates an assisted living facility, adult day ~~care~~ center or child welfare agency, is guilty of a Class 1 misdemeanor if he:

1. Interferes with any representative of the Commissioner in the discharge of his duties under this subtitle;

2. Makes to the Commissioner or any representative of the Commissioner any report or statement, with respect to the operation of any assisted living facility, adult day ~~care~~ center, or child welfare agency, that is known by such person to be false or untrue;

3. Operates or engages in the conduct of an assisted living facility, adult day ~~care~~ center, or child welfare agency without first obtaining a license as required by this subtitle or after such license has been revoked or suspended or has expired and not been renewed. No violation shall occur if the facility, center, or agency has applied to the Department for renewal prior to the expiration date of the license. Every day's violation of this subdivision shall constitute a separate offense; or

4. Operates or engages in the conduct of an assisted living facility, adult day ~~care~~ center, or child welfare agency serving more persons than the maximum stipulated in the license.

§ 63.2-1713. Misleading advertising prohibited.

No assisted living facility, adult day ~~care~~ center, or child welfare agency shall make, publish, disseminate, circulate, or place before the public or cause, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public in ~~this~~ *the* Commonwealth, in a newspaper or other publication; in the form of a book, notice, handbill, poster, blueprint, map, bill, tag, label, circular, pamphlet, or letter; or via electronic mail, website, automatic mailing list services (listservs), newsgroups, facsimile, chat rooms; or in any other way an advertisement of any sort regarding services or anything so offered to the public, which advertisement contains any promise, assertion, representation, or statement of fact that is untrue, deceptive, or misleading.

§ 63.2-1720. Assisted living facilities and adult day centers; employment for compensation of persons or use of volunteers convicted of certain offenses prohibited; background check required; penalty.

A. No assisted living facility or adult day ~~care~~ center shall hire for compensated employment or continue to employ persons who have been convicted of any offense set forth in clause (i) of the definition of barrier crime in § 19.2-392.02. A child-placing agency or independent foster home licensed in accordance with the provisions of this chapter shall not hire for compensated employment or continue to employ persons who (i) have been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) are the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. All applicants for employment shall undergo background checks pursuant to subsection C.

B. A licensed assisted living facility or adult day ~~care~~ center may hire an applicant or continue to employ a person convicted of one misdemeanor barrier crime not involving abuse or neglect, or any substantially similar offense under the laws of another jurisdiction, if five years have elapsed following the conviction.

C. Background checks pursuant to subsection A require:

1. A sworn statement or affirmation disclosing whether the person has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and, in the case of licensed child-placing agencies or independent foster homes, whether or not the person has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. A criminal history records check through the Central Criminal Records Exchange pursuant to § 19.2-389; and

E. A licensed assisted living facility, licensed adult day ~~care~~ center, licensed child-placing agency, or licensed independent foster home shall obtain for any compensated employees within 30 days of employment (i) an original criminal record clearance with respect to convictions for any offense set forth in clause (i) of the definition of barrier crime in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange and (ii) in the case of licensed child-placing agencies or independent foster homes, (a) an original criminal record clearance with respect to any barrier crime as defined in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange and (b) a copy of the information from the central registry for any compensated employee within 30 days of employment. However, no employee shall be permitted to work in a position that involves direct contact with a person or child receiving services until an original criminal record clearance or original criminal history record has been received, unless such person works under the direct supervision of another employee for whom a background check has been completed in accordance with the requirements of this section. If an applicant is denied employment because of information from the central registry or convictions appearing on his criminal history record, the licensed assisted living facility, adult day ~~care~~ center, child-placing agency, or independent foster home shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the applicant.

F. No volunteer who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth shall be permitted to serve in a licensed child-placing agency or independent foster home. Any person desiring to volunteer at a licensed child-placing agency or independent foster home shall provide the agency, system, or home with a sworn statement or affirmation pursuant to subdivision C 1. Such licensed child-placing agency or independent foster home shall obtain for any volunteers, within 30 days of commencement of volunteer service, a copy of (a) the information from the central registry and (b) an original criminal record clearance with respect to any barrier crime as defined in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange. If a volunteer is denied service because of information from the central registry or convictions appearing on his criminal history record, such licensed child-placing agency or independent foster home shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the volunteer. The provisions of this subsection shall apply only to volunteers who will be alone with any child in the performance of their duties and shall not apply to a parent-volunteer of a child attending a licensed child-placing agency or independent foster home, whether or not such parent-volunteer will be alone with any child in the performance of his duties. A parent-volunteer is someone supervising, without pay, a group of children that includes the parent-volunteer's own child in a program that operates no more than four hours per day, provided that the parent-volunteer works under the direct supervision of a person who has received a clearance pursuant to this section.

G. No volunteer shall be permitted to serve in a licensed assisted living facility or licensed adult day ~~care~~ center without the permission or under the supervision of a person who has received a clearance pursuant to this section.

H. Further dissemination of the background check information is prohibited other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

I. Notwithstanding any other provision of law, a licensed adult day ~~care~~ center that provides services to individuals receiving services under the state plan for medical assistance services or any waiver thereto may disclose to the Department of Medical Assistance Services (i) whether a criminal history background check has been completed for an employee in accordance with this section and (ii) whether such employee is eligible for employment.

K. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

§ 63.2-1722. Revocation or denial of renewal based on background checks; failure to obtain background check.

A. The Commissioner may revoke or deny renewal of a license of a child welfare agency, assisted living facility, or adult day ~~care~~ center and a child-placing agency may revoke the approval of a foster home if the assisted living facility, adult day ~~care~~ center, child welfare agency, or foster home has knowledge that a person specified in § 63.2-1720 or 63.2-1721 required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) in the case of a child welfare agency or foster home, is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Commissioner pursuant to § 63.2-1723 or is not subject to the exceptions in subsection B of § 63.2-1720 or subsection E, F, G, or H of § 63.2-1721, and the facility, center, or agency refuses to separate such person from employment or service or allows the household member to continue to reside in the home.

B. Failure to obtain background checks pursuant to §§ 63.2-1720 and 63.2-1721 shall be grounds for denial, revocation, or termination of a license, registration, or approval or any contract with the Department or a local department to provide child care services to clients of the Department or local department. No violation shall occur if the assisted living facility, adult day ~~care~~ center, child-placing agency, or independent foster home has applied for the background check timely and it has not been obtained due to administrative delay. The provisions of this section shall be enforced by the Department.

§ 63.2-1728. Establishment of toll-free telephone line for complaints; investigation on receipt of complaints.

With such funds as are appropriated for this purpose, the Commissioner shall establish a toll-free telephone line to respond to complaints regarding operations of assisted living facilities, adult day ~~care~~ centers and child welfare agencies. Upon receipt of a complaint concerning the operation of an assisted living facility, adult day ~~care~~ center or child welfare agency, regardless of whether the program is subject to licensure, the Commissioner shall, for good cause shown, cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, records and facilities. The assisted living facility, adult day ~~care~~ center or child welfare agency shall afford the Commissioner reasonable opportunity to inspect all of the operator's activities, services, records and facilities and to interview its agents and employees and any child or other person within its custody or control. Whenever an assisted living facility, adult day ~~care~~ center or child welfare agency subject to inspection under this section is determined by the Commissioner to be in noncompliance with the provisions of this subtitle or with regulations adopted pursuant to this subtitle, the Commissioner shall give reasonable notice to the assisted living facility, adult day ~~care~~ center or child welfare agency of the nature of its noncompliance and may thereafter take appropriate action as provided by law, including a suit to enjoin the operation of the assisted living facility, adult day ~~care~~ center or child welfare agency.

An incident report filed by an assisted living facility, pursuant to regulations adopted by the Board, for any major incident that negatively affects or threatens the life, health, safety, or welfare of any resident of the facility shall not be considered a complaint for purposes of this section and shall not be posted by the Department on a website maintained by the Department. However, upon receipt of an incident report for any major incident that negatively affects or threatens the life, health, safety, or welfare of any resident of an assisted living facility, the Commissioner may initiate an investigation including an on-site visit to the facility if the Commissioner finds, for good cause shown based upon the seriousness of the incident and the nature of any response to the incident, including any implementation of a plan of correction to address the situation giving rise to the incident, that an investigation is required to protect the life, health, safety, or welfare of a resident of the assisted living facility.

§ 63.2-1729. Confidentiality of complainant's identity.

Whenever the Department conducts inspections and investigations in response to complaints received from the public, the identity of the complainant and the identity of any resident, participant or child who is the subject of the complaint, or identified therein, shall be confidential and shall not be open to inspection by members of the public. Identities of the complainant and resident, participant or child who is the subject of the complaint shall be revealed only if a court order so requires. Nothing contained herein shall prevent the Department, in its discretion, from disclosing to the assisted living facility, adult day ~~care~~ center or child welfare agency the nature of the complaint or the identity of the resident, participant or child who is the subject of the complaint. Nothing contained herein shall prevent the Department or its employees from making reports under Chapter 15 (§ 63.2-1500 et seq.) of this title or Article 2 (§ 63.2-1603 et seq.) of Chapter 16 of this title. If the Department intends to rely, in whole or in part, on any statements made by the complainant, at any administrative hearing brought against the assisted living facility, adult day ~~care~~ center or child welfare agency, the Department shall disclose the identity of the complainant to the assisted living facility, adult day ~~care~~ center or child welfare agency a reasonable time in advance of such hearing.

§ 63.2-1730. Retaliation or discrimination against complainants.

No assisted living facility, adult day ~~care~~ center or child welfare agency may retaliate or discriminate in any manner against any person who (i) in good faith complains or provides information to, or otherwise cooperates with, the Department or any other agency of government or any person or entity operating under contract with an agency of government, having responsibility for protecting the rights of residents of assisted living facilities, participants in adult day ~~care~~ centers or children in child welfare agencies, (ii) attempts to assert any right protected by state or federal law, or (iii) assists any person in asserting such right.

§ 63.2-1731. Retaliation against reports of child or adult abuse or neglect.

No assisted living facility, adult day ~~care~~ center or child welfare agency may retaliate in any manner against any person who in good faith reports adult or child abuse or neglect pursuant to Chapter 15 (§ 63.2-1500 et seq.) of this title or Article 2 (§ 63.2-1603 et seq.) of Chapter 16 of this title.

§ 63.2-1733. Regulations for adult day centers.

A. The Board shall have the authority to adopt and enforce regulations to carry out the provisions of this subtitle and to protect the health, safety, welfare, and individual rights of participants of adult day ~~care~~ centers and to promote their highest level of functioning.

B. Regulations shall include standards for care and services to be provided to participants; administration of medication; staffing; staff qualifications and training; and facility design, construction, and equipment.

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-111 of the Code of Virginia is amended and reenacted as follows:

§ 4.1-111. Regulations of Board.

A. The Board may promulgate reasonable regulations, not inconsistent with this subtitle or the general laws of the Commonwealth, which it deems necessary to carry out the provisions of this subtitle and to prevent the illegal manufacture, bottling, sale, distribution, and transportation of alcoholic beverages. The Board may amend or repeal such regulations. Such regulations shall be promulgated, amended or repealed in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) and shall have the effect of law.

B. The Board shall promulgate regulations that:

1. Prescribe what hours and on what days alcoholic beverages shall not be sold by licensees or consumed on any licensed premises, including a provision that mixed beverages may be sold only at such times as wine and beer may be sold.

2. Require mixed beverage caterer licensees to notify the Board in advance of any event to be served by such licensee.

3. Maintain the reasonable separation of retailer interests from those of the manufacturers, bottlers, brokers, importers, and wholesalers in accordance with § 4.1-216 and in consideration of the established trade customs, quantity, and value of the articles or services involved; prevent undue competitive domination of any person by any other person engaged in the manufacture, distribution, and sale at retail or wholesale of alcoholic beverages in the Commonwealth; and promote reasonable accommodation of arm's length business transactions.

4. Establish requirements for the form, content, and retention of all records and accounts, including the (i) reporting and collection of taxes required by § 4.1-236 and (ii) the sale of alcoholic beverages in kegs, by all licensees.

5. Require retail licensees to file an appeal from any hearing decision rendered by a hearing officer within 30 days of the date the notice of the decision is sent. The notice shall be sent to the licensee at the address on record with the Board by certified mail, return receipt requested, and by regular mail.

6. Prescribe the terms and conditions under which persons who collect or trade designer or vintage spirit bottles may sell such bottles at auction, provided that (i) the auction is conducted in accordance with the provisions of Chapter 6 (§ 54.1-600 et seq.) of Title 54.1 and (ii) the bottles are unopened and the manufacturers' seals, marks, or stamps affixed to the bottles are intact.

Such regulations shall be applicable only to public events where alcoholic beverages are being sold.

9. Provide alternative methods for licensees to maintain and store business records that are subject to Board inspection, including methods for Board-approved electronic and off-site storage.

15. Prescribe the terms for any "happy hour" conducted by on-premises licensees. Such regulations shall permit on-premises licensees to advertise any alcoholic beverage products featured during a happy hour and any pricing related to such happy hour. Such regulations shall not prohibit on-premises licensees from using creative marketing techniques in such advertisements, provided that such techniques do not tend to induce overconsumption or consumption by minors.

16. Permit retail on-premises licensees to give a gift of one alcoholic beverage to a patron or one bottle of wine to a group of two or more patrons, provided that (i) such gifts only are made to individuals to whom such products may lawfully be sold and (ii) only one such gift is given during any 24-hour period and subject to any Board limitations on the frequency of such gifts.

17. Permit the sale of beer and cider for off-premises consumption in resealable growlers made of glass, ceramic, metal, or other materials approved by the Board, or other resealable containers approved by the Board, with a maximum capacity of 128 fluid ounces or, for metric-sized containers, four liters.

§ 22.1-253.13:1. (For effective date, see Acts 2022, cc. 549, 550, cl. 2) Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making;

proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

CHAPTER 45

An Act to amend and reenact § 32.1-261 of the Code of Virginia, relating to vital records; birth certificates; adoption; members of the military.

[H 649]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-261 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-261. New certificate of birth established on proof of adoption, legitimation, or determination of paternity, or change of sex.

A. The State Registrar shall establish a new certificate of birth for a person born in the Commonwealth upon receipt of the following:

1. An adoption report as provided in § 32.1-262, a report of adoption prepared and filed in accordance with the laws of another state or foreign country, or a certified copy of the decree of adoption together with the information necessary to identify the original certificate of birth and to establish a new certificate of birth; except that a new certificate of birth shall not be established if so requested by the court decreeing the adoption, the adoptive parents, or the adopted person if 18 years of age or older.

2. A request that a new certificate be established and such evidence as may be required by regulation of the Board proving that such person has been legitimated or that a court of the Commonwealth has, by final order, determined the paternity of such person. The request shall state that no appeal has been taken from the final order and that the time allowed to perfect an appeal has expired.

3. An order entered pursuant to subsection D of § 20-160. The order shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

4. A surrogate consent and report form as authorized by § 20-162. The report shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

5. Upon request of a person and in accordance with requirements of the Board, the State Registrar shall issue a new certificate of birth to show a change of sex of the person and, if a certified copy of a court order changing the person's name is submitted, to show a new name. Requirements related to obtaining a new certificate of birth to show a change of sex shall include a requirement that the person requesting the new certificate of birth submit a form furnished by the State Registrar and completed by a health care provider from whom the person has received treatment stating that the person has undergone clinically appropriate treatment for gender transition. Requirements related to obtaining a new certificate of birth to show a change of sex shall not include any requirement for evidence or documentation of any medical procedure.

6. Nothing in this section shall deprive the circuit court of equitable jurisdiction to adjudicate, upon application of a person, that the sex of such person residing within the territorial jurisdiction of the circuit court has been changed. In such an action, the person may petition for the application of the standard of the person's jurisdiction of birth; otherwise, the requirements of this section shall apply.

B. When a new certificate of birth is established pursuant to subsection A, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of adoption, paternity or legitimation shall be sealed and filed and not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. However, upon receipt of notice of a decision or order granting an adult adopted person access to identifying information regarding his birth parents from the Commissioner of Social Services or a circuit court, and proof of identification and payment, the State Registrar shall mail an adult adopted person a copy of the original certificate of birth.

C. Upon receipt of a report of an amended decree of adoption, the certificate of birth shall be amended as provided by regulation.

D. Upon receipt of notice or decree of annulment of adoption, the original certificate of birth shall be restored to its place in the files and the new certificate and evidence shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252.

E. The State Registrar shall, upon request, establish and register a Virginia certificate of birth for a person born in a foreign country (i) upon receipt of a report of adoption for an adoption finalized pursuant to the laws of the foreign country as provided in subsection B of § 63.2-1200.1~~,~~ or (ii) upon receipt of a report or final order of adoption entered in a court of the Commonwealth as provided in § 32.1-262; however, a Virginia certificate of birth shall not be established or registered if so requested by the court decreeing the adoption, the adoptive parents or the adopted person if 18 years of age or older. If a circuit court of the Commonwealth corrects or establishes a date of birth for a person born in a foreign country during the adoption proceedings or upon a petition to amend a certificate of foreign birth, the State Registrar shall issue a certificate showing the date of birth established by the court. After registration of the birth certificate in the new name of the adopted person, the State Registrar shall seal and file the report of adoption which shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. The birth certificate shall (i) show the true or probable foreign country of birth and (ii) state that the certificate is not evidence of United States citizenship for the child for whom it is issued or for the adoptive parents. However, for any adopted person who has attained United States

citizenship, the State Registrar shall, upon request and receipt of evidence demonstrating such citizenship, establish and register a new certificate of birth that does not contain the statement required by clause (ii).

F. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed certificate of birth shall be filed with the State Registrar as provided in § 32.1-259 or 32.1-260 before a new certificate of birth is established, except that when the date and place of birth and parentage have been established in the adoption proceedings, a delayed certificate shall not be required.

G. When a new certificate of birth is established pursuant to subdivision A 1, the State Registrar shall issue along with the new certificate of birth a document, furnished by the Department of Social Services pursuant to § 63.2-1220, listing all post-adoption services available to adoptive families.

H. When a new certificate of birth is established pursuant to subdivision A 1, and (i) at least one adoptive parent is an active duty or retired member of the military or military reserves and (ii) the filer notifies the clerk of court in writing that an adoptive parent has military status as required herein, the clerk of the court decreeing the adoption shall deliver the adoption records and a standardized confirmation of active duty or retired military or military reserves membership of either adoptive parent to the State Registrar no later than five business days after receipt by such clerk of the final decree from the judge who entered such decree. The State Registrar shall expedite the issuance of the new certificate of birth to the adoptive parents upon receipt of (a) adoption records as provided for in § 32.1-261, (b) standardized notice from the court that finalized the adoption that at least one adoptive parent is an active duty or retired member of the military or military reserves, and (c) a completed request to the Virginia Department of Health that a new certificate of birth for the registrant be prepared. Requirements set forth in §§ 32.1-271, 32.1-272, and 32.1-273 shall apply to the disclosure of information or issuance of the adopted registrant's new certificate of birth.

CHAPTER 46

An Act to amend and reenact § 55.1-1229 of the Code of Virginia, relating to Virginia Residential Landlord and Tenant Act; routine maintenance; notice to tenant.

[H 701]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1229 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1229. Access; consent; correction of nonemergency conditions; relocation of tenant; security systems.

A. 1. The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises; make necessary or agreed-upon repairs, decorations, alterations, or improvements; supply necessary or agreed-upon services; or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

2. If, upon inspection of a dwelling unit during the term of a tenancy, the landlord determines there is a violation by the tenant of § 55.1-1227 or the rental agreement materially affecting health and safety that can be remedied by repair, replacement of a damaged item, or cleaning in accordance with § 55.1-1248, the landlord may make such repairs and send the tenant an invoice for payment. If, upon inspection of the dwelling unit during the term of a tenancy, the landlord discovers a violation of the rental agreement, this chapter, or other applicable law, the landlord may send a written notice of termination pursuant to § 55.1-1245.

3. If the rental agreement so provides and if a tenant without reasonable justification declines to permit the landlord or managing agent to exhibit the dwelling unit for sale or lease, the landlord may recover damages, costs, and reasonable attorney fees against such tenant.

As used in this subdivision, "reasonable justification" includes the tenant's reasonable concern for his own health, or the health of any authorized occupant, during a state of emergency declared by the Governor pursuant to § 44-146.17 in response to a communicable disease of public health threat as defined in § 44-146.16, provided that the tenant has provided written notice to the landlord informing the landlord of such concern. In such circumstances, the tenant shall provide to the landlord or managing agent a video tour of the dwelling unit or other acceptable substitute for exhibiting the dwelling unit for sale or lease.

4. The landlord may enter the dwelling unit without consent of the tenant in case of emergency. The landlord shall not abuse the right of access or use it to harass the tenant. Except in case of emergency or if it is impractical to do so, the landlord shall give the tenant notice of his intent to enter and may enter only at reasonable times. Unless impractical to do so, the landlord shall give the tenant at least 72 hours' notice of routine maintenance to be performed that has not been requested by the tenant. *Such routine maintenance shall be performed within 14 days of delivery of the notice to the tenant, and the notice shall state the last date on which the maintenance may possibly be performed.* If the tenant makes a request for maintenance, the landlord is not required to provide notice to the tenant. Notwithstanding the foregoing, during a state of emergency declared by the Governor pursuant to § 44-146.17 in response to a communicable disease of public health threat as defined in § 44-146.16, the tenant may provide written notice to the landlord requesting that one or more nonemergency property conditions in the dwelling unit not be addressed in the normal course of business of the landlord due to such communicable disease of public health threat. In such case, the tenant shall be deemed to have waived any and all claims

and rights under this chapter against the landlord for failure to address such nonemergency property conditions. At any time thereafter, the tenant may consent in writing to the landlord addressing such nonemergency property conditions in the normal course of business of the landlord. In the case of a tenant who has provided notice that he does not want nonemergency repairs made during the state of emergency due to a communicable disease of public health threat, the landlord may nonetheless enter the dwelling unit to do nonemergency repairs and maintenance with at least seven days' written notice to the tenant and at a time consented to by the tenant, no more than once every six months, provided that the employees and agents sent by the landlord are wearing all appropriate and reasonable personal protective equipment as required by state law. Furthermore, if the landlord is required to conduct maintenance or an inspection pursuant to the agreement for the loan or insurance policy that covers the dwelling unit, the tenant shall allow such maintenance or inspection, provided that the employees and agents sent by the landlord are wearing all appropriate personal protective equipment as required by state law.

5. During the pendency of an unlawful detainer filed by the landlord against the tenant, the landlord may request the court to enter an order requiring the tenant to provide the landlord with access to such dwelling unit.

B. Upon the sole determination by the landlord of the existence of a nonemergency property condition in the dwelling unit that requires the tenant to temporarily vacate the dwelling unit in order for the landlord to properly remedy such property condition, the landlord may, upon at least 30 days' written notice to the tenant, require the tenant to temporarily vacate the dwelling unit for a period not to exceed 30 days to a comparable dwelling unit, or hotel, as selected by the landlord and at no expense or cost to the tenant. The landlord shall not be required to pay for any other expenses of the tenant that arise after the temporary relocation period. The landlord and tenant may agree for the tenant to temporarily vacate the dwelling unit in less than 30 days. For purposes of this subsection, "nonemergency property condition" means (i) a condition in the dwelling unit that, in the determination of the landlord, is necessary for the landlord to remedy in order for the landlord to be in compliance with § 55.1-1220; (ii) the condition does not need to be remedied within a 24-hour period, with any condition that needs to be remedied within 24 hours being defined as an "emergency condition"; and (iii) the condition can only be effectively remedied by the temporary relocation of the tenant pursuant to the provisions of this subsection.

The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation. The landlord shall pay all costs of repairs or remediation required to address the nonemergency property condition. Refusal of the tenant to cooperate with a temporary relocation pursuant to this subsection shall be deemed a breach of the rental agreement, unless the tenant agrees to vacate the unit and terminate the rental agreement within the 30-day notice period. If the landlord properly remedies the nonemergency property condition within the 30-day period, nothing in this section shall be construed to entitle the tenant to terminate the rental agreement. Further, nothing in this section shall be construed to limit the landlord from taking legal action against the tenant for any noncompliance that occurs during the period of any temporary relocation pursuant to this subsection. During the pendency of an unlawful detainer filed by the landlord against the tenant, the landlord may request the court to enter an order requiring the tenant to provide the landlord with access to such dwelling unit.

C. The landlord has no other right to access except by court order or that permitted by §§ 55.1-1248 and 55.1-1249 or if the tenant has abandoned or surrendered the premises.

D. The tenant may install within the dwelling unit new security systems that the tenant may believe necessary to ensure his safety, including chain latch devices approved by the landlord and fire detection devices, provided that:

1. Installation does no permanent damage to any part of the dwelling unit;

2. A duplicate of all keys and instructions for the operation of all devices are given to the landlord; and

3. Upon termination of the tenancy, the tenant is responsible for payment to the landlord for reasonable costs incurred for the removal of all such devices and repairs to all damaged areas.

E. Upon written request of a tenant in a dwelling unit, the landlord shall install a carbon monoxide alarm in the tenant's dwelling unit within 90 days. The landlord may charge the tenant a reasonable fee to recover the costs of the equipment and labor for such installation. The landlord's installation of a carbon monoxide alarm shall be in compliance with the Uniform Statewide Building Code (§ 36-97 et seq.).

CHAPTER 48

An Act to amend and reenact § 32.1-330 of the Code of Virginia, relating to long-term services and support screening; PACE programs; emergency.

[H 729]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-330 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-330. Long-term services and supports screening required.

A. As used in this section, "acute care hospital" includes an acute care hospital, a rehabilitation hospital, a rehabilitation unit in an acute care hospital, or a psychiatric unit in an acute care hospital.

B. Every individual who applies for or requests community or institutional long-term services and supports as defined in the state plan for medical assistance services may choose to receive services in a community or institutional setting. Every individual who applies for or requests community or institutional long-term services and supports shall be afforded the opportunity to choose the setting and provider of long-term services and supports.

C. Every individual who applies for or requests community or institutional long-term services and supports shall be screened prior to admission to such community or institutional long-term services and supports to determine his need for long-term services and supports, including nursing facility services as defined in the state plan for medical assistance

services. The type of long-term services and supports screening performed shall not limit the long-term services and supports settings or providers for which the individual is eligible.

D. ~~If~~ *Except as otherwise provided in this subsection, if* an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is residing in a community setting at the time of such application or request, the screening for long-term services and supports required pursuant to subsection C shall be completed by a long-term services and supports screening team that includes a nurse, social worker or other assessor designated by the Department who is an employee of the Department of Health or the local department of social services, and a physician who is employed or engaged by the Department of Health. *To the extent such screening team determines it is unable to complete the long-term services and supports screening within 30 days or the individual has requested enrollment in a program of all-inclusive care for the elderly (PACE) as defined in § 32.1-330.3, such screening team shall confer as to which entity can most expeditiously conduct the long-term services and supports screening. Qualified staff of the PACE program shall be organized to conduct such screening if it is determined that it is the most expeditious option.*

E. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving inpatient services in an acute care hospital at the time of such application or request and will begin receiving long-term services and supports as defined in the state plan for medical assistance services pursuant to a discharge order from an acute care hospital, the screening for long-term services and supports required pursuant to subsection C shall be completed by the acute care hospital in accordance with the screening requirements established by the Department.

F. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving skilled nursing services that are not covered by the Commonwealth's program of medical assistance services in an institutional setting following discharge from an acute care hospital, the Department shall require qualified staff of the skilled nursing institution to conduct the long-term services and supports screening in accordance with the requirements established by the Department, with the results certified by a physician prior to the initiation of long-term services and supports under the state plan for medical assistance services.

G. If an individual is admitted to a skilled nursing facility for skilled nursing services and such individual was not screened but is subsequently determined to have been required to be screened prior to admission to the skilled nursing facility, then the qualified staff designated in subsection F may conduct a screening after admission. Coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services indicated by the screening shall not begin until six months after the initial admission to the skilled nursing facility. During this six-month period, the nursing home in which the individual resides shall be responsible for all costs indicated for institutional long-term services and supports that would otherwise have been covered by the Commonwealth's program of medical assistance services, without accessing patient funds. Six months after the date of admission to the skilled nursing facility, and as indicated through the eligibility determination, the Commonwealth's program of medical assistance services shall assume coverage of such services. To the extent that sufficient evidence is provided to indicate that the admission without screening was of no fault of the skilled nursing facility, the Department shall begin coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services immediately upon the completion of the functional screening indicating nursing facility level of care pending the financial eligibility determination.

H. *If an individual seeks enrollment in a program of all-inclusive care for the elderly (PACE) as defined in § 32.1-330.3, qualified staff of the PACE program may conduct the long-term services and supports screening in accordance with the requirements established by the Department, with the results certified by the PACE program's physician prior to the initiation of long-term services and supports under the state plan for medical assistance services. If a PACE program is unable to complete the long-term services and supports screening of an individual, the screening teams described in subsection D or the acute care hospital described in subsection E shall conduct the screening.*

I. In any jurisdiction in which a long-term services and supports screening team described in subsection D or *the acute care hospital described in subsection* E has failed or is unable to perform the long-term services and supports screenings required by subsection D or E within 30 days of receipt of the individual's application or request for long-term services and supports under the state plan, the Department shall enter into contracts with other public or private entities to conduct such long-term services and supports screenings in addition to or in lieu of the long-term services and supports screening teams described in ~~subsections~~ *subsection* D ~~and~~ *or the acute care hospitals described in subsection* E. *This subsection shall not apply to the specific circumstance outlined in subsection D where the qualified staff of a PACE program agree to conduct such screening.*

~~I.~~ *J.* The Department shall require all individuals who perform long-term services and supports screenings pursuant to this section to receive training on and be certified in the use of the long-term services and supports screening tool for eligibility for community or institutional long-term services and supports provided in accordance with the state plan for medical assistance services prior to conducting such long-term services and supports screenings.

~~J.~~ *K.* The Department shall report annually by August 1 to the Governor and the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health regarding (i) the number of long-term services and supports screenings for eligibility for community and institutional long-term services and supports conducted pursuant to this section and (ii) the number of cases in which the Department or the public or private entity with which the

Department has entered into a contract to conduct such long-term services and supports screenings fails to complete such long-term services and supports screenings within 30 days.

2. That the Department of Medical Assistance Services shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

3. That an emergency exists and this act is in force from its passage.

Such programs shall be subject to safety and supervisory standards established by the local school division offering the program.

8. Child-minding services offered by a business on the premises of the business to no more than four children under the age of 13 at any given time and for no more than eight hours per day, provided that the parent or guardian of every child receiving care is an employee of the business who is on the premises of the business and can resume responsibility for the child's supervision within 30 minutes upon request.

9. A program offered by a private school accredited by and in good standing with the Virginia Council for Private Education, operated for no more than four hours per day, staffed by the accredited private school's employees, and attended by school-age children who are enrolled in the accredited private school. Such programs shall be subject to safety and supervisory standards established by the Virginia Council for Private Education.

2. Notice that support payments may be withheld pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 without further amendments to the order upon application for services with the Department of Social Services; however, absence of such notice in an order entered prior to July 1, 1988, shall not bar withholding of support payments pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2;

3. The name, date of birth, and last four digits of the social security number of each child to whom a duty of support is then owed by the parent;

4. If known, the name, date of birth, and last four digits of the social security number of each parent of the child and, unless otherwise ordered, each parent's residential and, if different, mailing address, residential and employer telephone number, and number appearing on a driver's license or other document issued under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 or the comparable law of another jurisdiction, and the name and address of each parent's employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

5. Notice that, pursuant to § 20-124.2, support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever occurs first, and that the court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support;

The first monthly payment shall be due on the first day of the month following the hearing date and on the first day of each month thereafter. In addition, an amount shall be assessed for any full and partial months between the effective date of the order and the date that the first monthly payment is due. The assessment for the initial partial month shall be prorated from the effective date through the end of that month, based on the current monthly obligation;

8. a. 9. *a.* If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current support obligations first, with any payment in excess of the current obligation applied to arrearages; *and*

b. If support overages exist, (i) to whom an overage is owed and the amount of the overage, (ii) the period of time for which such overage is calculated, and (iii) how such overage is to be paid;

14. Notice that in determination of a support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law. The order shall also provide, pursuant to § 20-78.2, for interest on the arrearage at the judgment rate as established by § 6.2-302 unless the obligee, in a writing submitted to the court, waives the collection of interest;

15. Notice that on and after July 1, 1994, the Department of Social Services may, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and in accordance with §§ 20-108.2 and 63.2-1921, initiate a review of the amount of support ordered by any court;

The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

§ 20-107.1. Court may decree as to maintenance and support of spouses.

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification. Unless otherwise provided by stipulation or contract executed on or after July 1, 2020, or unless otherwise ordered by the court on or after July 1, 2020, a party seeking to exercise his right to support so reserved shall be required to prove a material change of circumstances as a prerequisite for the court to consider exercise of such reservation.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;

2. The standard of living established during the marriage;

3. The duration of the marriage;

4. The age and physical and mental condition of the parties and any special circumstances of the family;

5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;

6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;

7. The property interests of the parties, both real and personal, tangible and intangible;

8. The provisions made with regard to the marital property under § 20-107.3;

9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;

10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his earning ability;

11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;

12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and

13. Such other factors, including the tax consequences to each party and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. Any order granting or reserving any request for spousal support shall state whether the retirement of either party was contemplated by the court and specifically considered by the court in making its award, and, if so, the order shall state the facts the court contemplated and specifically considered as to the retirement of the party. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth, and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, and number appearing on a driver's license or other document issued under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 or the comparable law of another jurisdiction, and the name and address of each party's employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. *If support overages exist, (i) to whom an overage is owed and the amount of the overage, (ii) the period of time for which such overage is calculated, and (iii) how such overage is to be paid;*

6. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

~~6.~~ *7.* Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

CHAPTER 52

An Act to amend and reenact §§ 55.1-124, 55.1-125, 55.1-127, and 55.1-128 of the Code of Virginia, relating to Uniform Statutory Rule Against Perpetuities; trusts; certain nonvested property interests or powers of appointment over property or property interests.

[H 836]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 55.1-124, 55.1-125, 55.1-127, and 55.1-128 of the Code of Virginia are amended and reenacted as follows:

§ 55.1-124. Uniform Statutory Rule Against Perpetuities.

A. A nonvested property interest is invalid unless:

1. When the interest is created, it is certain to vest or terminate no later than 21 years after the death of an individual then alive; or

2. The interest either vests or terminates within 90 years after its creation.

B. A general power of appointment not presently exercisable because of a condition precedent is invalid unless:

1. When the power is created, the condition precedent is certain to be satisfied or becomes impossible to satisfy no later than 21 years after the death of an individual then alive; or

2. The condition precedent either is satisfied or becomes impossible to satisfy within 90 years after its creation.

C. A nongeneral power of appointment or a general testamentary power of appointment is invalid unless:

1. When the power is created, it is certain to be irrevocably exercised or otherwise to terminate no later than 21 years after the death of an individual then alive; or

2. The power is irrevocably exercised or otherwise terminates within 90 years after its creation.

D. In determining whether a nonvested property interest or a power of appointment is valid under subdivision A 1, B 1, or C 1, the possibility that a child will be born to an individual after the individual's death is disregarded.

E. If, in measuring a period from the creation of a trust or other property arrangement, language in a governing instrument (i) seeks to disallow the vesting or termination of any interest or trust beyond, (ii) seeks to postpone the vesting or termination of any interest or trust until, or (iii) seeks to operate in effect in any similar fashion upon, the later of (a) the expiration of a period of time not exceeding 21 years after the death of the survivor of specified lives in being at the creation of the trust or other property arrangement or (b) the expiration of a period of time that exceeds or might exceed 21 years after the death of the survivor of lives in being at the creation of the trust or other property arrangement, that language is inoperative to the extent it produces a period of time that exceeds 21 years after the death of the survivor of the specified lives.

F. For any nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, if such interest or power is created on or after July 1, 2024, §§ 55.1-124 through 55.1-129 shall apply to such interest or power by substituting "1,000 years" in each instance in which the term "90 years" appears in §§ 55.1-124 through 55.1-129. This subsection shall not extend to a nonvested property interest in, or a power of appointment over, real property held in trust or a power of appointment over real property granted under a trust. For the purposes of this subsection, real property does not include an interest in a corporation, limited liability company, partnership, business trust, or other entity, even if such entity owns an interest in real property.

A. Except as provided in ~~subsections B and C~~ *this section* and in *subsection B of* § 55.1-128, the time of creation of a nonvested property interest or a power of appointment is determined under general principles of property law.

B. For the purposes of §§ 55.1-124 through 55.1-129, if there is a person who alone can exercise a power created by a governing instrument to become the unqualified beneficial owner of (i) a nonvested property interest or (ii) a property interest subject to a power of appointment described in subsection B or C ~~in~~ *of* § 55.1-124, the nonvested property interest or power of appointment is created when the power to become the unqualified beneficial owner terminates.

C. For the purposes of §§ 55.1-124 through 55.1-129, a nonvested property interest or a power of appointment arising from a transfer of property to a previously funded trust or other existing property arrangement is created when the nonvested property interest or power of appointment in the original contribution was created.

D. For the purposes of §§ 55.1-124 through 55.1-129, except as provided in subsection B of § 55.1-128, if a nongeneral or testamentary power of appointment is exercised to create another nongeneral or testamentary power of appointment, every nonvested property interest or power of appointment created through the exercise of such other nongeneral or testamentary power is considered to have been created at the time of the creation of the first nongeneral or testamentary power of appointment.

§ 55.1-127. Exclusions from statutory rule against perpetuities.

A. Section 55.1-124 does not apply to:

1. A nonvested property interest or a power of appointment arising out of a nondonative transfer, except a nonvested property interest or a power of appointment arising out of (i) a premarital or postmarital agreement; (ii) a separation or divorce settlement; (iii) a spouse's election; (iv) a similar arrangement arising out of a prospective, existing, or previous marital relationship between the parties; (v) a contract to make or not to revoke a will or trust; (vi) a contract to exercise or not to exercise a power of appointment; (vii) a transfer in satisfaction of a duty of support; or (viii) a reciprocal transfer;

7. A property interest, power of appointment, or arrangement that was not subject to the common-law rule against perpetuities or is excluded by another statute of the Commonwealth; or

8. A nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, if the trust instrument, by its terms, provides that § 55.1-124 shall not apply, *provided that such interest or power was created between July 1, 2000, and June 30, 2024. If a nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, was created on or after July 1, 2024, the provisions of the first sentence of this subdivision shall not apply, and any*

terms in the trust instrument providing that § 55.1-124 does not apply shall not be operative and shall not prevent the application of § 55.1-124 to such interest or power.

B. The exception to the Uniform Statutory Rule Against Perpetuities under *the first sentence of* subdivision A 8 shall not extend to real property held in trust. For purposes of this subsection, real property does not include an interest in a corporation, limited liability company, partnership, business trust, or other entity, even if such entity owns an interest in real property.

§ 55.1-1815. Access to association records; association meetings; notice.

A. The association shall keep detailed records of receipts and expenditures affecting the operation and administration of the association. All financial books and records shall be kept in accordance with generally accepted accounting practices.

The association shall maintain individual assessment account records. The association shall maintain a record of any recorded lien at least as long as the lien remains effective.

B. Subject to the provisions of subsection C and so long as the request is for a proper purpose related to his membership in the association, all books and records kept by or on behalf of the association shall be available for examination and copying by a member in good standing or his authorized agent, including:

1. The association's membership list and addresses, which shall not be used for purposes of pecuniary gain or commercial solicitation; and

2. The actual salary of the six highest compensated employees of the association earning over $75,000 and aggregate salary information of all other employees of the association; however, individual salary information shall not be available for examination and copying during the declarant control period.

Notwithstanding any provision of law to the contrary, this right of examination shall exist without reference to the duration of membership and may be exercised (i) only during reasonable business hours or at a mutually convenient time and location and (ii) upon five business days' written notice for an association managed by a common interest community manager and 10 business days' written notice for a self-managed association, which notice reasonably identifies the purpose for the request and the specific books and records of the association requested.

C. Books and records kept by or on behalf of an association may be withheld from inspection and copying to the extent that they concern:

1. Personnel matters relating to specific, identified persons or a person's medical records;

2. Contracts, leases, and other commercial transactions to purchase or provide goods or services, currently in or under negotiation;

4. Matters involving state or local administrative or other formal proceedings before a government tribunal for enforcement of the association documents or rules and regulations promulgated pursuant to § 55.1-1819;

5. Communications with legal counsel that relate to subdivisions 1 through 4 or that are protected by the attorney-client privilege or the attorney work product doctrine;

7. Meeting minutes or other confidential records of an executive session of the board of directors held in accordance with subsection C of § 55.1-1816;

8. Documentation, correspondence, or management or board reports compiled for or on behalf of the association or the board by its agents or committees for consideration by the board in executive session; or

9. Individual lot owner or member files, other than those of the requesting lot owner, including any individual lot owner's or member's files kept by or on behalf of the association.

D. Books and records kept by or on behalf of an association shall be withheld from inspection and copying in their entirety only to the extent that an exclusion from disclosure under subsection C applies to the entire content of such books and records. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records to a member in good standing under this section, the association may impose and collect a charge, reflecting the reasonable costs of materials and labor, not to exceed the actual costs of such materials and labor. Charges may be imposed only in accordance with a cost schedule adopted by the board of directors in accordance with this subsection. The cost schedule shall (i) specify the charges for materials and labor, (ii) apply equally to all members in good standing, and (iii) be provided to such requesting member at the time the request is made.

F. Notwithstanding the provisions of subsections B and C, all books and records of the association, including individual salary information for all employees and payments to independent contractors, shall be available for examination and copying upon request by a member of the board of directors in the discharge of his duties as a director.

G. Meetings of the association shall be held in accordance with the provisions of the bylaws at least once each year after the formation of the association. The bylaws shall specify an officer or his agent who shall, at least 14 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each member notice of the time, place, and purposes of such meeting. In the event of cancellation of any annual meeting of the association at which directors are elected, the seven-day notice of any subsequent meeting scheduled to elect such directors shall include a statement that the meeting is scheduled for the purpose of the election of directors.

Notice shall be sent by United States mail to all members at the address of their respective lots unless the member has provided to such officer or his agent an address other than the address of the member's lot. In lieu of sending such notice by United States mail, notice may instead be (i) hand delivered by the officer or his agent, provided that the officer or his agent certifies in writing that notice was delivered to the member, or (ii) sent to the member by electronic mail, provided that the member has elected to receive such notice by electronic mail and, in the event that such electronic mail is returned as undeliverable, notice is subsequently sent by United States mail. Except as provided in subdivision C 7, draft minutes of the board of directors shall be open for inspection and copying (a) within 60 days from the conclusion of the meeting to which

such minutes appertain or (b) when such minutes are distributed to board members as part of an agenda package for the next meeting of the board of directors, whichever occurs first.

H. Unless expressly prohibited by the governing documents, a member may vote at a meeting of the association in person, by proxy, or by absentee ballot. Such voting may take place by electronic means, provided that the board of directors has adopted guidelines for such voting by electronic means. Members voting by absentee ballot or proxy shall be deemed to be present at the meeting for all purposes.

§ 55.1-1833. Lien for assessments; foreclosure.

A. The association shall have a lien, once perfected, on every lot for unpaid assessments levied against that lot in accordance with the provisions of this chapter and all lawful provisions of the declaration. The lien, once perfected, shall be prior to all other subsequent liens and encumbrances except (i) real estate tax liens on that lot, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on and owing under any mortgage or deed of trust recorded prior to the perfection of such lien. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens. Notice of a memorandum of lien to a holder of a credit line deed of trust under § 55.1-318 shall be given in the same fashion as if the association's lien were a judgment.

B. The association, in order to perfect the lien given by this section, shall file, before the expiration of 12 months from the time the first such assessment became due and payable in the clerk's office of the circuit court in the county or city in which such development is situated, a memorandum, verified by the oath of the principal officer of the association or such other officer or officers as the declaration may specify, which contains the following:

1. The name of the development;

2. A description of the lot;

3. The name or names of the persons constituting the owners of that lot;

4. The amount of unpaid assessments currently due or past due relative to such lot together with the date when each fell due;

5. The date of issuance of the memorandum;

6. The name of the association and the name and current address of the person to contact to arrange for payment or release of the lien; and

7. A statement that the association is obtaining a lien in accordance with the provisions of the Property Owners' Association Act as set forth in Chapter 18 (§ 55.1-1800 et seq.) of Title 55.1.

It shall be the duty of the clerk in whose office such memorandum is filed as provided in this section to record and index the same as provided in subsection D, in the names of the persons identified in such memorandum as well as in the name of the association. The cost of recording and releasing the memorandum shall be taxed against the person found liable in any judgment or order enforcing such lien.

C. Prior to filing a memorandum of lien, a written notice shall be sent to the property owner by certified mail, at the property owner's last known address, informing the property owner that a memorandum of lien will be filed in the circuit court clerk's office of the applicable county or city. The notice shall be sent at least 10 days before the actual filing date of the memorandum of lien.

D. Notwithstanding any other provision of this section or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1989, all memoranda of liens arising under this section shall be recorded in the deed books in the clerk's office. Any memorandum shall be indexed in the general index to deeds, and the general index shall identify the lien as a lien for lot assessments.

E. *Any lien perfected pursuant to subsection B may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the lot is located or by nonjudicial foreclosure pursuant to subsections I and J.* No ~~action to enforce~~ *foreclosure of* any lien perfected under ~~subsection B~~ *this section* shall be ~~brought or action to foreclose any lien perfected under subsection I shall be~~ initiated after ~~36~~ *120* months from the time when the memorandum of lien was recorded~~, however, the~~. *The* filing of ~~a petition~~ *a civil action* to enforce any such lien ~~in any action in which the petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure under subdivision J 1* shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

F. The judgment or order in an action brought pursuant to this section shall include reimbursement for costs and reasonable attorney fees of the prevailing party. If the association prevails, it may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

G. When payment or satisfaction is made of a debt secured by ~~the~~ *any* lien perfected ~~by~~ *pursuant to* subsection B, ~~the~~ *such* lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of § 55.1-339, the principal officer of the association, or any other officer or officers as the declaration may specify, shall be deemed the duly authorized agent of the lien creditor.

H. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1828.

I. ~~At any time after perfecting the lien pursuant to this section, the property owners' association may sell the lot at public sale, subject to prior liens~~ *The association may conduct a judicial or nonjudicial foreclosure sale upon a lot against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of*

$5,000, exclusive of attorney fees and costs. For purposes of this section, the association shall have the power both to sell and convey the lot and shall be deemed the lot owner's statutory agent for the purpose of transferring title to the lot.

J. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The association shall give notice to the lot owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the lot owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the lot. The notice shall further inform the lot owner of the right to bring a court action in the circuit court of the county or city where the lot is located to assert the nonexistence of a debt or any other defense of the lot owner to the sale.

2. After expiration of the 60-day notice period specified in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which such development is situated. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same as provided in subsection D, in the names of the persons identified in such appointment as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the lot owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the lot owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the lot. Those conditions are that the lot owner (i) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pay all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by hand delivery or by mail to (i) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder who holds a note against the property secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to lienholders and their assigns, at the addresses noted in the memorandum of lien, by United States mail, postage prepaid, no less than 14 days prior to such sale, shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city in which the property to be sold, or any portion of such property, is located pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the property or some portion of such property is located in a city or in a county immediately contiguous to a city, publication of the advertisement on five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth a description of the property to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the property by street address, if any, or, if none, shall give the general location of the property with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the association may further advertise as the association finds appropriate.

6. In the event of postponement of sale, which postponement shall be at the discretion of the association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court.

8. The association shall have the following powers and duties upon a sale:

a. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the declaration, the association may bid to purchase the lot at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the lot. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision ~~I~~ *J* 10 and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require any bidder at any sale to post a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the property is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or, if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The ~~property owners'~~ association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the owner or his assigns, provided, however, that, as to the payment of such residue, the association shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the lot with special warranty of title. The trustee shall not be required to take possession of the property prior to the sale of such property or to deliver possession of the lot to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309, and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1815 upon the written request of the prior lot owner, the current lot owner, or any holder of a recorded lien against the lot at the time of the sale. The association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a lot is made pursuant to subsection I and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

§ 55.1-1945. Books, minutes, and records; inspection.

A. The declarant, managing agent, unit owners' association, or person specified in the bylaws of the association shall keep detailed records of the receipts and expenditures affecting the operation and administration of the condominium and specifying the maintenance and repair expenses of the common elements and any other expenses incurred by or on behalf of the association. Subject to the provisions of subsections B, C, and E, upon request, any unit owner shall be provided a copy of such records and minutes. All financial books and records shall be kept in accordance with generally accepted accounting practices. *The unit owners' association shall maintain individual assessment account records. The unit owners' association shall maintain a record of any recorded lien at least as long as the lien remains effective.*

B. Subject to the provisions of subsection C, all books and records kept by or on behalf of the unit owners' association, including the unit owners' association membership list, and addresses and aggregate salary information of unit owners' association employees, shall be available for examination and copying by a unit owner in good standing or his authorized agent so long as the request is for a proper purpose related to his membership in the unit owners' association and not for pecuniary gain or commercial solicitation. Notwithstanding any provision of law to the contrary, this right of examination shall exist without reference to the duration of membership and may be exercised (i) only during reasonable business hours or at a mutually convenient time and location and (ii) upon five business days' written notice for a unit owner association managed by a common interest community manager and 10 business days' written notice for a self-managed unit owners' association, which notice shall reasonably identify the purpose for the request and the specific books and records of the unit owners' association requested.

C. Books and records kept by or on behalf of a unit owners' association may be withheld from examination or copying by unit owners and contract purchasers to the extent that they are drafts not yet incorporated into the books and records of the unit owners' association or if such books and records concern:

1. Personnel matters relating to specific, identified persons or a person's medical records;

2. Contracts, leases, and other commercial transactions to purchase or provide goods or services, currently in or under negotiation;

3. Pending or probable litigation. For purposes of this subdivision, "probable litigation" means those instances where there has been a specific threat of litigation from a person or the legal counsel of such person;

4. Matters involving state or local administrative or other formal proceedings before a government tribunal for enforcement of the condominium instruments or rules and regulations promulgated by the executive board;

5. Communications with legal counsel that relate to subdivisions 1 through 4 or that are protected by the attorney-client privilege or the attorney work product doctrine;

6. Disclosure of information in violation of law;

7. Meeting minutes or other confidential records of an executive session of the executive board held pursuant to subsection C of § 55.1-1949;

8. Documentation, correspondence or management or executive board reports compiled for or on behalf of the unit owners' association or the executive board by its agents or committees for consideration by the executive board in executive session; or

9. Individual unit owner or member files, other than those of the requesting unit owner, including any individual unit owner's files kept by or on behalf of the unit owners' association.

D. Books and records kept by or on behalf of a unit owners' association shall be withheld from examination and copying in their entirety only to the extent that an exclusion from disclosure under subsection C applies to the entire content of such books and records. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records, the unit owners' association may impose and collect a charge, not to exceed the reasonable costs of materials and labor, incurred to provide such copies. Charges may be imposed only in accordance with a cost schedule adopted by the executive board in accordance with this subsection. The cost schedule shall (i) specify the charges for materials and labor, (ii) apply equally to all unit owners in good standing, and (iii) be provided to such requesting unit owner at the time the request is made.

§ 55.1-1966. Lien for assessments; foreclosure.

A. The unit owners' association shall have a lien on each condominium unit for unpaid assessments levied against that condominium unit in accordance with the provisions of this chapter and all lawful provisions of the condominium instruments. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on that condominium unit, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of such lien for assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

B. Notwithstanding any other provision of this section, or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1974, all memoranda of liens arising under this section shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any such memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for condominium assessments.

C. In order to perfect the lien given by this section, the unit owners' association shall file a memorandum verified by the oath of the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, before the expiration of 90 days from the time the first such assessment became due and payable. The memorandum shall be filed in the clerk's office of the circuit court in the county or city in which such condominium is situated. The memorandum shall contain the following:

1. A description of the condominium unit in accordance with the provisions of § 55.1-1909.

2. The name or names of the persons constituting the unit owners of that condominium unit.

3. The amount of unpaid assessments currently due or past due together with the date when each fell due.

4. The date of issuance of the memorandum.

The clerk in whose office such memorandum is filed shall record and index the memorandum as provided in subsection B, in the names of the persons identified in such memorandum as well as in the name of the unit owners' association. The cost of recording such memorandum shall be taxed against the person found liable in any judgment enforcing such lien.

D. *Any lien perfected pursuant to this section may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the condominium is or a nonjudicial foreclosure pursuant to subsections I and J.* No ~~action to enforce~~ *foreclosure of* any lien perfected under ~~subsection C~~ *this section* shall ~~be brought or action to foreclose any lien perfected under subsection I shall~~ be initiated after ~~36~~ *120* months from the time when the memorandum of lien was recorded~~; however, the~~. *The* filing of a ~~petition~~ *civil action* to enforce any such lien ~~in any action in which such petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure under subdivision J 1* shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

E. The judgment in an action brought pursuant to this section shall include reimbursement for costs and attorney fees of the prevailing party. If the *unit owners'* association prevails, ~~it~~ *such unit owners' association* may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

F. When payment or satisfaction is made of a debt secured by the lien perfected ~~by~~ *pursuant to* subsection C, such lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of that section, the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, shall be deemed the duly authorized agent of the lien creditor.

G. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1915.

H. Any unit owner or purchaser of a condominium unit, having executed a contract for the disposition of such condominium unit, shall be entitled upon request to a recordable statement setting forth the amount of unpaid assessments currently levied against that unit. Such request shall be in writing, directed to the principal officer of the unit owners'

association or to such other officer as the condominium instruments may specify. Failure to furnish or make available such a statement within 10 days of the receipt of such request shall extinguish the lien created by subsection A as to the condominium unit involved. Such statement shall be binding on the unit owners' association, the executive board, and every unit owner. Payment of a fee not exceeding $10 may be required as a prerequisite to the issuance of such a statement if the condominium instruments so provide.

I. ~~At any time after perfecting the lien pursuant to this section, the unit owners' association may sell the unit at public sale, subject to prior liens~~ *The unit owners' association may conduct a judicial or nonjudicial foreclosure sale upon a unit against which the unit owners' association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs.* For purposes of this section, the unit owners' association shall have the power both to sell and convey the unit and shall be deemed the unit owner's statutory agent for the purpose of transferring title to the unit.

J. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The unit owners' association shall give notice to the unit owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the unit owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the unit. The notice shall further inform the unit owner of the right to bring a court action in the circuit court of the county or city where the condominium is located to assert the nonexistence of a debt or any other defense of the unit owner to the sale.

2. After expiration of the 60-day notice period provided in subdivision 1, the unit owners' association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which the condominium is located. The clerk in whose office such appointment is filed shall record and index the appointment as provided in subsection C, in the names of the persons identified therein as well as in the name of the unit owners' association. The unit owners' association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the unit owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the unit owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the unit. Those conditions are that the unit owner (a) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (b) pays all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the unit owners' association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, and shall include the name, address, and telephone number of the trustee, by personal delivery or by mail to (i) the present owner of the condominium unit to be sold at his last known address as such owner and address appear in the records of the unit owners' association, (ii) any lienholder who holds a note against the condominium unit secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust provided the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to the lienholders and their assigns, at the addresses noted in the memorandum of lien, by ordinary mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the unit owners' association shall be in a newspaper having a general circulation in the locality in which the condominium unit to be sold, or any portion of such unit, is located pursuant to the following provisions:

a. The unit owners' association shall advertise once a week for four successive weeks; however, if the condominium unit or some portion of such unit is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the unit owners' association finds appropriate, shall set forth a description of the condominium unit to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the condominium unit by street address, if any, or, if none, shall give the general location of the condominium unit with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the unit owners' association. The advertisement shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the unit owners' association may give such other further and different advertisement as the association finds appropriate.

6. In the event of postponement of a sale, which postponement shall be at the discretion of the unit owners' association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the condominium unit voidable by the court.

8. In the event of a sale, the unit owners' association shall have the following powers and duties:

a. Written one-price bids may be made and shall be received by the trustee from the unit owners' association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the condominium instruments, the unit owners' association may bid to purchase the unit at a foreclosure sale. The unit owners' association may own, lease, encumber, exchange, sell, or convey the unit. Whenever the written bid of the unit owners' association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision 10 of this subsection and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the unit owners' association or its agent or attorney.

b. The unit owners' association may require of any bidder at any sale a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the condominium unit is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the unit owners' association in connection with that sale.

c. The unit owners' association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including reasonable attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the unit owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the unit owner or his assigns, provided, however, that the association as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the unit owner's equity, without actual notice of such encumbrance prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the unit with special warranty of title. The trustee shall not be required to take possession of the condominium unit prior to the sale or to deliver possession of the unit to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309 and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1945 upon the written request of the prior unit owner, current unit owner, or any holder of a recorded lien against the unit at the time of the sale. The unit owners' association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a unit is made pursuant to this subsection and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts, the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

§ 55.1-2148. Remedies for nonpayment of assessments; lien; foreclosure.

A. The association has a lien on a cooperative interest for any assessment levied against that cooperative interest or fines imposed against its owner from the time the assessment or fines become due. Unless the declaration otherwise provides, fees, charges, late charges, fines, and interest charged pursuant to subdivisions A 11 and 12 of § 55.1-2133 are enforceable as assessments under this section. If an assessment is payable in installments, the full amount of the assessment is a lien from the time the first installment becomes due. Upon nonpayment of the assessment, the proprietary lessee may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and the lien may be foreclosed as provided by this section. The association's lien may be foreclosed (i) by judicial sale in like manner as a mortgage on real estate or (ii) by power of sale as provided in subsection I.

B. A lien under this section is prior to all other liens and encumbrances on a cooperative interest except (i) liens and encumbrances on the cooperative that the association creates, assumes, or takes subject to; (ii) any first security interest encumbering only the cooperative interest of a proprietary lessee and perfected before the date on which the assessment sought to be enforced became delinquent; and (iii) liens for real estate taxes and other governmental assessments or charges against the cooperative or the cooperative interest. The lien is also prior to the security interests described in clause (ii) to the extent of the common expense assessments based on the periodic budget adopted by the association pursuant to subsection A of § 55.1-2133 that would have become due in the absence of acceleration during the six months immediately preceding institution of an action to enforce the lien. This subsection does not affect the priority of mechanics' or materialmen's liens or the priority of liens for other assessments made by the association. The lien under this section is not subject to homestead or other exemptions.

C. Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority.

D. Recording of the declaration constitutes record notice and perfection of the lien. No further recordation or filing of any claim of lien for assessment under this section is required.

E. A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within ~~three years~~ *120 months* after the full amount of the assessment becomes due.

F. This section does not prohibit actions to recover sums for which subsection A creates a lien or prohibit an association from taking a transfer in lieu of foreclosure.

G. A judgment in any action brought under this section shall include costs and reasonable attorney fees for the prevailing party.

H. Upon written request, the association shall furnish to a proprietary lessee a statement setting forth the amount of unpaid assessments against his cooperative interest. The statement shall be in recordable form. The statement shall be furnished within 10 business days after receipt of the request and is binding on the association, the executive board, and every proprietary lessee.

I. ~~The association, upon nonpayment of assessments and compliance with this subsection, may sell the cooperative interest~~ *The association may conduct a judicial or nonjudicial foreclosure sale of the cooperative interest against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs.* Sale may be at a public sale or by private negotiation and at any time and place, but every aspect of the sale, including the method, advertising, time, place, and terms, must be reasonable. The association shall give to the proprietary lessee and any sublessees of the proprietary lessee reasonable written notice of the time and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time after which a private disposition may be made. The same notice must also be sent to any other person who has a recorded interest in the cooperative interest that would be cut off by the sale, but only if the interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required by this subsection may be sent to any address reasonable in the circumstances. Sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

J. The proceeds of a sale under subsection I shall be applied in the following order:

1. The reasonable expenses of sale;

2. The reasonable expenses of securing possession before sale; holding, maintaining, and preparing the cooperative interest for sale, including payment of taxes and other governmental charges, premiums on hazard and liability insurance, and, to the extent provided for by agreement between the association and the proprietary lessee, reasonable attorney fees and other legal expenses incurred by the association;

3. Satisfaction in the order of priority of any prior claims of record;

4. Satisfaction of the association's lien;

5. Satisfaction in the order of priority of any subordinate claim of record; and

6. Remittance of any excess to the proprietary lessee. Unless otherwise agreed, the proprietary lessee is liable for any deficiency.

K. If a cooperative interest is sold under subsection I, a good faith purchaser for value acquires the proprietary lessee's interest in the cooperative interest free of the association's debt that gave rise to the lien under which the sale occurred and any subordinate interest, even though the association or other person conducting the sale failed to comply with the requirements of this section. The person conducting the sale under subsection I shall execute a conveyance to the purchaser sufficient to convey the cooperative interest that states that the conveyance is executed by him, after a foreclosure by power of sale of the association's lien and that he has power to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required by subsection I are sufficient proof of the facts recited and of his authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

L. At any time before the association has disposed of the cooperative interest or entered into a contract for its disposition under the power of sale, the proprietary lessee or the holder of any subordinate security interest may cure the proprietary lessee's default and prevent sale or other disposition by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorney fees of the creditor.

§ 55.1-2151. Association records.

The association shall keep financial records sufficiently detailed to enable the association to comply with § 55.1-2309. All financial and other records shall be made reasonably available for examination by any proprietary lessee and his authorized agents. *The association shall maintain a record of any recorded lien at least as long as the lien remains effective.*

§ 55.1-2305. Management, regulation, and control of subdivisions with common facilities or property owners' associations; assessments; liens.

A. The covenants, deed restrictions, articles of incorporation, bylaws, or other instruments for the management, regulation, and control of subdivisions that include facilities or amenities for which the lot owners are assessed on a regular or special basis for the use, enjoyment, and maintenance of such facilities or amenities shall provide for at a minimum:

1. Formation of an association to be composed of lot owners within the subdivision, such formation occurring prior to the sale of the first lot within the subdivision by the developer;

2. A description of the areas or interests to be owned or controlled by the association, including those facilities or amenities for which the lot owners are subject to regular or special assessments;

3. The transfer of title, control, and maintenance responsibilities of common areas and common facilities to the association, which transfer is to take place no later than at such time as the developer transfers legal or equitable ownership

of at least 75 percent of the lots within the subdivision to purchasers of such lots or when all of the amenities and facilities are completed, whichever occurs first, but in no event any sooner than two years from the date the developer sells his first lot within the subdivision should the developer elect to retain title to the common areas and common facilities for such period. The transfer of such title, control, and maintenance responsibilities required of the developer shall not exonerate the developer from the responsibility of completion of the common areas and facilities once the transfer takes place.

Nothing in this section shall preclude the developer from transferring the common areas and common facilities for consideration, provided that (i) such consideration does not exceed the lesser of the fair market value of such common areas and common facilities at the time of transfer or the actual cost expended by the developer for such common areas and common facilities and (ii) the developer affirmatively discloses the following information to the purchaser, in writing, at the time the initial contract of purchase is signed:

a. That the common areas and common facilities will be transferred only upon payment of consideration by the association;

b. The terms upon which such transfer will be made; and

c. An estimate of the amount of consideration to be paid by the association.

In the event the developer seeks payment for the areas or facilities transferred, the association shall have the option of deferring such payment, evidence by a deed of trust note covering a period of not less than five years at the legal rate of interest allowed in the Commonwealth and secured by a deed of trust covering the areas or facilities transferred;

4. Procedures for determining and collecting regular assessments to defray expenses attributable to the ownership, use, enjoyment, and operation of common areas and facilities transferred to the association;

5. Procedures for establishing and collecting special assessments for capital improvements or other purposes;

6. Procedures to be employed upon the annexation of additional land to the existing subdivision that shall disclose whether or not per capita assessments on account of such annexation shall be subject to an increase, in the event additional amenities or common facilities are provided lot owners within the subdivision;

7. Such procedures and restrictions, if any, that apply to the voluntary or involuntary resale of a lot within a subdivision by a purchaser or his agent, which shall be established prior to the sale of the first lot by the developer within the subdivision;

8. Monetary penalties or use privilege and voting suspension of members for breaches of the restrictions, bylaws, or other instruments for management and control of the subdivision, or for nonpayment of regular or special assessments, with procedures for hearings for the disciplined members;

9. Creation of a board of directors or other governing body for the association with the members of the board or body to be elected by a vote of members of the association in good standing at an annual meeting or special meeting to be held not later than six months after the transfer of the areas of facilities provided for in subdivision 3;

10. Enumeration of the power of the board of directors or governing body that is consistent with and not otherwise provided by law;

11. The preparation of an annual balance sheet and operating statement for each fiscal year with provision for distribution of a copy of the reports to each member of the association in good standing within 90 days after the end of the fiscal year;

12. Quorum requirements for meetings of members of the association who are in good standing; and

13. Such other provisions as may be required by the Virginia Nonstock Corporation Act (§ 13.1-801 et seq.) if the association is a Virginia nonstock corporation.

B. Any developer of a subdivision, successor or otherwise, when such subdivision is subject to the provisions of this chapter, shall be obligated to complete the facilities and amenities as promised and outlined in subsection A by the initial developer of the subdivision subject to the transfer of title, control, and maintenance responsibilities of common areas and common facilities to the lot owners' association. The foregoing shall not be deemed to apply to any purchaser at foreclosure or grantee in a deed in lieu of foreclosure, provided that the purchaser or grantee is a financial institution and the mortgagee, creditor, or beneficiary under the instrument being foreclosed or giving rise to the deed in lieu of foreclosure. For the purposes of this subsection, "financial institution" means a bank, savings institution, real estate investment trust, insurance company, pension or profit sharing trust, or other institution regularly engaged in the business of making real estate loans. For purposes of this subsection, the lot owners' association shall not be deemed a developer if at a meeting of its members in good standing a vote is taken and at least 50 percent of the members vote to be exempt from the requirements of this subsection.

C. The association, once formed and in existence, and the title owner of the common areas and common facilities within the subdivision and which has been in existence for a period of at least five years shall have the authority to pass special assessments against and raise the annual assessments of the members of the association and to collect such assessments from such members according to law, if the purpose in so doing is for the maintenance of such common areas and common facilities. The authority granted and conferred upon the association by this subsection exists only where the restrictions and covenants of record do not contain specific language that precludes the adoption of special assessments or increases the annual dues or assessments.

D. The association shall have a lien on every lot within its subdivision for unpaid regular or special assessments levied against such lot in accordance with the provisions of this chapter. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on such lot, (ii) liens and encumbrances recorded prior to the perfected

lien, and (iii) any sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of the lien for regular or special assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

Notwithstanding any other provision of this chapter, or any other provisions of law requiring documents to be recorded in the miscellaneous lien books or the deed books of the clerk's office of any court, from July 1, 1978, all memoranda of liens arising under this subsection shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for subdivision regular or special assessments.

The association, in order to perfect the lien given by this subsection, shall file before the expiration of 90 days from the time such regular or special assessment became due and payable in the clerk's office of the county or city in which the subdivision is situated a memorandum, verified by the oath of the president of the association, which shall contain:

1. A description of the subdivision;

2. The name or names of the owners of the lot;

3. The amount of unpaid regular or special assessments currently due or past due applicable to the lot, together with the date when each fell due; and

4. The date of issuance of the memorandum.

The clerk in whose office the memorandum is filed shall record and index such memorandum as provided in this subsection, in the names of the persons identified in such memorandum, as well as in the name of the association. The cost of recording the memorandum shall be taxed against the person found liable for any judgment or order enforcing such lien. It is lawful for the memorandum to be filed as one statement listing the information required in subdivisions 1 through 4 and each of the lot owners whose property within the subdivision is liened. The cost of filing shall be as provided in subdivision A 2 of § 17.1-275.

Any lien perfected pursuant to this section may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the lot is located or a nonjudicial foreclosure. No ~~action to enforce~~ *foreclosure of* any lien perfected under this ~~subsection~~ *section* shall be ~~brought~~ *initiated* after ~~one year~~ *120 months* from the time when the memorandum of lien was recorded~~; however, the~~. *The* filing of a ~~petition~~ *civil action* to enforce any such lien ~~in any action in which such petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure* shall be regarded as the institution of an action under this subsection. Nothing in this subsection shall be construed to extend the time within which any such lien may be perfected. Nothing shall preclude the association from filing a single action listing all unpaid delinquent and enumerated lot owners as defendants and obtaining judgment against those so adjudicated by the court hearing the action. *The association may conduct a judicial or nonjudicial foreclosure sale upon a lot against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs.*

The judgment in an action brought pursuant to this subsection shall include, without limitation, reimbursement for costs and attorney fees, together with the interest at the maximum lawful rate for the sums secured by the lien from the time each sum became due and payable.

When payment or satisfaction is made of a debt secured by the lien perfected by this subsection, the lien shall be released in accordance with the provisions of § 55.1-339. For the purposes of § 55.1-339, the president or secretary of the association is the duly authorized agent of the lien creditor.

Nothing in this subsection shall be construed to prohibit the recovery of sums for which this subsection creates a lien.

Any lot owner within the subdivision having executed a contract for the disposition of the lot is entitled, upon request, to a recordable statement setting forth the amount of unpaid regular or special assessments currently levied against that lot. Such request shall be in writing, directed to the president of the association, and delivered to the principal office of the association. Failure of the association to furnish or make available such a statement within five business days from the receipt of such written request shall extinguish the lien created by this subsection as to the lot involved. Payment of a fee not exceeding $15 may be required as a prerequisite to the issuance of such a statement if the bylaws of the association so provide.

E. If, upon July 1, 1978, and a subdivision becoming subject to the terms and requirements outlined in subdivisions A 1 through 8 have not been performed, then the requirements shall have to be fully complied with within a period of 90 days from July 1, 1978, and upon failure to fully perform all of such requirements within the 90-day period the failure so to do shall constitute a violation of this subsection.

F. Each lot owner within a subdivision that falls within the scope of this chapter shall be responsible for his pro rata share of the cost of maintaining the common facilities and common areas owned by the association. For purposes of this subsection, "common facilities and common areas" means only the roads and lakes within the subdivision, and "maintaining" includes any orderly program for the continued upkeep and improvement of such roads and lakes. The association has the responsibility of determining the pro rata share assessed against each lot owner, and such amount assessed shall be in addition to the annual or special assessment otherwise obligated by each member of the association.

G. If a subdivision of land meets the requirement in subdivision 2 of the definition of subdivision as provided in § 55.1-2300, then the property owners' association of the subject subdivision has the powers and duties enumerated in subsections C, D, and F as well as the rights and authority to establish those procedures outlined in subdivisions A 4, 5,

and 6 and the penalties in subdivision A 8, and also has the obligations imposed by such subdivisions and those of subdivisions A 9 through 12.

CHAPTER 56

An Act to amend and reenact § 2.2-3708.3 of the Code of Virginia, relating to the Virginia Freedom of Information Act; electronic meetings.

[H 894]

Approved March 8, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3708.3 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3708.3. Meetings held through electronic communication means; situations other than declared states of emergency.

A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance;

2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance;

3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or

4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well. *When audio-visual technology is available, a member of a public body shall, for purposes of a quorum, be considered absent from any portion of the meeting during which visual communication with the member is voluntarily disconnected or otherwise fails or during which audio communication involuntarily fails*;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of

communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or ~~25~~ *50* percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall ~~first~~ *at least once annually* adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

A. Formal exceptions to rulings or orders of the court shall be unnecessary; but for all purposes for which an exception has heretofore been necessary, it shall be sufficient that a party, at the time the ruling or order of the court is made or sought, makes known to the court the action which he desires the court to take or his objections to the action of the court and his grounds therefor; and, if a party has no opportunity to object to a ruling or order at the time it is made, the absence of an objection shall not thereafter prejudice him on motion for a new trial or on appeal. No party, after having made an objection or motion known to the court, shall be required to *(i)* make such objection or motion again in order to preserve his right to appeal, challenge, or move for reconsideration of, a ruling, order, or action of the court *or (ii) move for reconsideration in order to preserve his right to appeal a ruling, order, or action of the court, even if such ruling, order, or action is without prejudice to a motion to reconsider*. No party shall be deemed to have agreed to, or acquiesced in, any written order of a trial court so as to forfeit his right to contest such order on appeal except by express written agreement in his endorsement of the order. Arguments made at trial via written pleading, memorandum, recital of objections in a final order, oral argument reduced to transcript, or agreed written statements of facts shall, unless expressly withdrawn or waived, be deemed preserved therein for assertion on appeal.

B. The failure to make a motion for a new trial in any case in which an appeal, writ of error, or supersedeas lies to or from a higher court shall not be deemed a waiver of any objection made during the trial if such objection be properly made a part of the record.

CHAPTER 67

An Act to amend and reenact § 46.2-819.3:1 of the Code of Virginia, relating to toll invoices; mail.

[H 1109]

Approved March 14, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-819.3:1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed $100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative

fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of the toll violation, the administrative fee shall not exceed $25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection I and may not seek withholding of registration or renewal thereof under subsection L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, $50; for a second offense within one year from the first offense, $100; for a third offense within two years from the second offense, $250; and for a fourth and any subsequent offense within three years from the second offense, $500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed $2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection I was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection I that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the owner of the vehicle.

K. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection J as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a $40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail *or other equivalent form of trackable correspondence* and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection J as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail *or other equivalent form of trackable correspondence* and such person has (a) failed to pay the unpaid tolls and administrative fees and (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a $40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

M. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

N. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

O. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of $25 for a first or second offense or $50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

P. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

Q. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

CHAPTER 68

An Act to amend and reenact § 46.2-819.3:1 of the Code of Virginia, relating to toll invoices; mail.

[S 205]

Approved March 14, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-819.3:1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed $100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of the toll violation, the administrative fee shall not exceed $25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll

facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection I and may not seek withholding of registration or renewal thereof under subsection L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, $50; for a second offense within one year from the first offense, $100; for a third offense within two years from the second offense, $250; and for a fourth and any subsequent offense within three years from the second offense, $500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed $2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection I was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection I that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the owner of the vehicle.

K. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection J as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a $40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail *or other equivalent form of trackable correspondence* and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection J as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail *or other equivalent form of trackable correspondence* and such person has (a) failed to pay the unpaid tolls and administrative fees and (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a $40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest

liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

M. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

N. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

O. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of $25 for a first or second offense or $50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

P. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

Q. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

For purposes of this

section, a relative is any person related to the decedent by blood, marriage, or adoption and also includes a stepchild of the decedent.

B. The class and beneficiaries thereof eligible to receive such distribution shall be fixed (i) at the time the verdict is entered if the jury makes the specification, or (ii) at the time the judgment is rendered if the court specifies the distribution.

C. A beneficiary may renounce his interest in any claim brought pursuant to § 8.01-50 and, in such event, the damages shall be distributed to the beneficiaries in the same class as the renouncing beneficiary or, if there are none, to the beneficiaries in any subsequent class in the order of priority set forth in subsection A.

D. For the purposes of this section, children of the deceased shall include any child of the decedent who is adopted after the death of the decedent, provided that the parental rights of the decedent were not terminated by a court of competent jurisdiction prior to his death. An adopted person is the child of an adopting parent, and as such, the adopting parent shall be entitled to testify in all cases civil and criminal, as if the adopted child was born of the adopting parent in lawful wedlock.

CHAPTER 74

An Act to amend and reenact § 19.2-123 of the Code of Virginia, relating to bail; violation of conditions of release; report available to attorney for the Commonwealth and counsel of record.

[H 430]

Approved March 14, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-123 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-123. Release of accused on secured or unsecured bond or promise to appear; conditions of release.

A. Any person arrested for a felony who has previously been convicted of a felony, or who is presently on bond for an unrelated arrest in any jurisdiction, or who is on probation or parole, may be released only upon a secure bond. This provision may be waived with the approval of the judicial officer and with the concurrence of the attorney for the Commonwealth or the attorney for the county, city or town. Subject to the foregoing, when a person is arrested for either a felony or a misdemeanor, any judicial officer may impose any one or any combination of the following conditions of release:

1. Place the person in the custody and supervision of a designated person, organization or pretrial services agency which, for the purposes of this section, shall not include a court services unit established pursuant to § 16.1-233;

2. Place restrictions on the travel, association or place of abode of the person during the period of release and restrict contacts with household members for a specified period of time;

2a. Require the execution of an unsecured bond;

3. Require the execution of a secure bond which at the option of the accused shall be satisfied with sufficient solvent sureties, or the deposit of cash in lieu thereof. Only the actual value of any interest in real estate or personal property owned by the proposed surety shall be considered in determining solvency and solvency shall be found if the value of the proposed surety's equity in the real estate or personal property equals or exceeds the amount of the bond;

3a. Require that the person do any or all of the following: (i) maintain employment or, if unemployed, actively seek employment; (ii) maintain or commence an educational program; (iii) avoid all contact with an alleged victim of the crime and with any potential witness who may testify concerning the offense; (iv) comply with a specified curfew; (v) refrain from possessing a firearm, destructive device, or other dangerous weapon; (vi) refrain from excessive use of alcohol, or use of any illegal drug or any controlled substance not prescribed by a health care provider; and (vii) submit to testing for drugs and alcohol until the final disposition of his case;

3b. Place a prohibition on a person who holds an elected constitutional office and who is accused of a felony arising from the performance of his duties from physically returning to his constitutional office;

3c. Require the accused to accompany the arresting officer to the jurisdiction's fingerprinting facility and submit to having his photograph and fingerprints taken prior to release; or

4. Impose any other condition deemed reasonably necessary to assure appearance as required, and to assure his good behavior pending trial, including a condition requiring that the person return to custody after specified hours or be placed on home electronic incarceration pursuant to § 53.1-131.2 or, when the person is required to execute a secured bond, be subject to monitoring by a GPS (Global Positioning System) tracking device, or other similar device. The defendant may be ordered by the court to pay the cost of the device.

Upon satisfaction of the terms of recognizance, the accused shall be released forthwith.

In addition, where the accused is an individual receiving services in a state training center for individuals with intellectual disability, the judicial officer may place the individual in the custody of the director of the training center, if the director agrees to accept custody. The director is hereby authorized to take custody of the individual and to maintain him at the training center prior to a trial or hearing under such circumstances as will reasonably assure the appearance of the accused for the trial or hearing.

B. In any jurisdiction served by a pretrial services agency which offers a drug or alcohol screening or testing program approved for the purposes of this subsection by the chief general district court judge, any such person charged with a crime

may be requested by such agency to give voluntarily a urine sample, submit to a drug or alcohol screening, or take a breath test for presence of alcohol. A sample may be analyzed for the presence of phencyclidine (PCP), barbiturates, cocaine, opiates or such other drugs as the agency may deem appropriate prior to any hearing to establish bail. The judicial officer and agency shall inform the accused or juvenile being screened or tested that test results shall be used by a judicial officer only at a bail hearing and only to determine appropriate conditions of release or to reconsider the conditions of bail at a subsequent hearing. All screening or test results, and any pretrial investigation report containing the screening or test results, shall be confidential with access thereto limited to judicial officers, the attorney for the Commonwealth, defense counsel, other pretrial service agencies, any criminal justice agency as defined in § 9.1-101 and, in cases where a juvenile is screened or tested, the parents or legal guardian or custodian of such juvenile. However, in no event shall the judicial officer have access to any screening or test result prior to making a bail release determination or to determining the amount of bond, if any. Following this determination, the judicial officer shall consider the screening or test results and the screening or testing agency's report and accompanying recommendations, if any, in setting appropriate conditions of release. In no event shall a decision regarding a release determination be subject to reversal on the sole basis of such screening or test results. Any accused or juvenile whose urine sample has tested positive for such drugs and who is admitted to bail may, as a condition of release, be ordered to refrain from use of alcohol or illegal drugs and may be required to be tested on a periodic basis until final disposition of his case to ensure his compliance with the order. Sanctions for a violation of any condition of release, which violations shall include subsequent positive drug or alcohol test results or failure to report as ordered for testing, may be imposed in the discretion of the judicial officer and may include imposition of more stringent conditions of release, contempt of court proceedings, or revocation of release. *Any report of a violation of any pretrial condition of release provided to the court shall be sent by the pretrial services agency to the attorney for the Commonwealth and the counsel of record for the accused or juvenile, or directly to the accused or juvenile if such person is not represented by counsel.* Any test given under the provisions of this subsection which yields a positive drug or alcohol test result shall be reconfirmed by a second test if the person tested denies or contests the initial drug or alcohol test positive result. The results of any drug or alcohol test conducted pursuant to this subsection shall not be admissible in any judicial proceeding other than for the imposition of sanctions for a violation of a condition of release.

C. [Repealed.]

D. Nothing in this section shall be construed to prevent an officer taking a juvenile into custody from releasing that juvenile pursuant to § 16.1-247. If any condition of release imposed under the provisions of this section is violated, a judicial officer may issue a capias or order to show cause why the recognizance should not be revoked.

E. Nothing in this section shall be construed to prevent a court from imposing a recognizance or bond designed to secure a spousal or child support obligation pursuant to § 16.1-278.16, Chapter 5 (§ 20-61 et seq.) of Title 20, or § 20-114 in addition to any recognizance or bond imposed pursuant to this chapter.

Violation of this subsection shall be punishable in accordance with the laws of the Commonwealth and may require, in addition to any other remedies, repayment by such parent of all costs incurred by the school as a result of the violation.

Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of (i) awarding grants on a competitive basis through the Virginia Brownfield and Coal Mine Renewable Energy Grant Program established pursuant to subsection C or (ii) implementing and administering the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program. Moneys used for implementing and administering the Fund and Program shall be limited to 10 percent of the amount available in the Fund each year. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

C. The Virginia Brownfield and Coal Mine Renewable Energy Grant Program is hereby established for the purpose of awarding grants on a competitive basis from such funds as may be available from the Fund to renewable energy projects located on brownfields or previously coal mined lands. The online handbook shall include a discussion of coal

mining permit types and reclamation requirements, permitting requirements for development on brownfields and previously coal mined lands, and policy recommendations for encouraging renewable energy development on brownfields and coal mines. The handbook shall be completed no later than July 1, 2022, and shall be updated as needed at the discretion of the Department.

F. ~~Notwithstanding any provision to the contrary, in no event shall any allocation of funds be made to the Fund or the Program unless federal funds are available to cover the entire cost of such allocation.~~

The report shall include the number of grants awarded, the number of acres reclaimed or revitalized, the amount of nameplate capacity constructed, the number of jobs created, and the general economic impact of the Fund and Program. The report shall be furnished to the Chairmen of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor no later than November 1 of each year. However, no annual report shall be required if the Fund and Program do not receive funding.

CHAPTER 101

[H 225]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 27 of Title 54.1 an article numbered 5, consisting of a section numbered 54.1-2729.02, as follows:

Article 5.

Dentist and Dental Hygienist Compact.

§ 54.1-2729.02. Dentist and Dental Hygienist Compact.

The General Assembly hereby enacts, and the Commonwealth of Virginia hereby enters into, the Dentist and Dental Hygienist Compact with any and all states legally joining therein according to its terms, in the form substantially as follows:

DENTIST AND DENTAL HYGIENIST COMPACT.

Article 1.

Title; Purpose.

This article shall be known and cited as the Dentist and Dental Hygienist Compact. The purposes of this Compact are to facilitate the interstate practice of dentistry and dental hygiene and improve public access to dentistry and dental hygiene services by providing dentists and dental hygienists licensed in a participating state the ability to practice in participating states in which they are not licensed. The Compact does this by establishing a pathway for dentists and dental hygienists licensed in a participating state to obtain a compact privilege that authorizes them to practice in another participating state in which they are not licensed. The Compact enables participating states to protect the public health and safety with respect to the practice of such dentists and dental hygienists, through the state's authority to regulate the practice of dentistry and dental hygiene in the state. The Compact:

1. Enables dentists and dental hygienists who qualify for a compact privilege to practice in other participating states without satisfying burdensome and duplicative requirements associated with securing a license to practice in those states;

2. Promotes mobility and addresses workforce shortages through each participating state's acceptance of a compact privilege to practice in that state;

3. Increases public access to qualified licensed dentists and dental hygienists by creating a responsible, streamlined pathway for licensees to practice in participating states;

4. Enhances the ability of participating states to protect the public's health and safety;

5. Does not interfere with licensure requirements established by a participating state;

6. Facilitates the sharing of licensure and disciplinary information among participating states;

7. Requires dentists and dental hygienists who practice in a participating state pursuant to a compact privilege to practice within the scope of practice authorized in that state;

8. Extends the authority of a participating state to regulate the practice of dentistry and dental hygiene within its borders to dentists and dental hygienists who practice in the state through a compact privilege;

9. Promotes the cooperation of participating states in regulating the practice of dentistry and dental hygiene within those states; and

10. Facilitates the relocation of military members and their spouses who are licensed to practice dentistry or dental hygiene.

Article 2.

"State licensing authority" means an agency or other entity of a state that is responsible for the licensing and regulation of dentists or dental hygienists.

Article 3.

State Participation in the Compact.

A. In order to join this Compact and thereafter continue as a participating state, a state must:

2. Participate fully in the Commission's data system;

3. Have a mechanism in place for receiving and investigating complaints about its licensees and license applicants;

5. Fully implement a criminal background check requirement, within a time frame established by Commission rule, by receiving the results of a qualifying criminal background check;

6. Comply with the Commission rules applicable to a participating state;

7. Accept the National Board Examinations of the Joint Commission on National Dental Examinations or another examination accepted by Commission rule as a licensure examination;

8. Accept for licensure such applicants for a dentist license who graduate from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs, resulting in the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

9. Accept for licensure such applicants for a dental hygienist license who graduate from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs;

10. Require for licensure that applicants successfully complete a clinical assessment;

11. Have continuing professional development requirements as a condition for license renewal; and

12. Pay a participation fee to the Commission as established by Commission rule.

B. Providing alternative pathways for an individual to obtain an unrestricted license does not disqualify a state from participating in this Compact.

C. When conducting a criminal background check, the state licensing authority shall:

1. Consider such information in making a licensure decision;

2. Maintain documentation of completion of the criminal background check and background check information to the extent allowed by state and federal law; and

3. Report to the Commission whether it has completed the criminal background check and whether the individual was granted or denied a license.

D. A licensee of a participating state who has a qualifying license in that state and does not hold an encumbered license in any other participating state shall be issued a compact privilege in a remote state in accordance with the terms of this Compact and Commission rules. If a remote state has a jurisprudence requirement, a compact privilege will not be issued to the licensee unless the licensee has satisfied the jurisprudence requirement.

Article 4.

Compact Privilege.

A. To obtain and exercise the compact privilege under the terms and provisions of this Compact, the licensee shall:

1. Have a qualifying license as a dentist or dental hygienist in a participating state;

2. Be eligible for a compact privilege in any remote state in accordance with subsections D, G, and H of this section;

3. Submit to an application process whenever the licensee is seeking a compact privilege;

4. Pay any applicable Commission and remote state fees for a compact privilege in the remote state;

5. Meet any jurisprudence requirement established by a remote state in which the licensee is seeking a compact privilege;

6. Have passed a National Board Examination of the Joint Commission on National Dental Examinations or another examination accepted by Commission rule;

7. For a dentist, have graduated from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs, resulting in the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

8. For a dental hygienist, have graduated from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the U.S. Department of Education for the accreditation of dentistry and dental hygiene education programs;

9. Have successfully completed a clinical assessment for licensure;

10. Report to the Commission adverse action taken by any nonparticipating state when applying for a compact privilege and, otherwise, within 30 days from the date the adverse action is taken;

11. Report to the Commission when applying for a compact privilege the address of the licensee's primary residence and thereafter immediately report to the Commission any change in the address of the licensee's primary residence; and

12. Consent to accept service of process by mail at the licensee's primary residence on record with the Commission with respect to any action brought against the licensee by the Commission or a participating state, and consent to accept service of a subpoena by mail at the licensee's primary residence on record with the Commission with respect to any action brought or investigation conducted by the Commission or a participating state.

B. The licensee must comply with the requirements of subsection A of this section to maintain the compact privilege in the remote state. If those requirements are met, the compact privilege will continue as long as the licensee maintains a qualifying license in the state through which the licensee applied for the compact privilege and pays any applicable compact privilege renewal fees.

C. A licensee providing dentistry or dental hygiene in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for a dentist or dental hygienist licensed in that state.

D. A licensee providing dentistry or dental hygiene pursuant to a compact privilege in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, by adverse action revoke or remove a licensee's compact privilege in the remote state for a specific period of time and impose fines or take any other necessary actions to protect the health and safety of its citizens. If a remote state imposes an adverse action against a compact privilege that limits the compact privilege, that adverse action applies to all compact privileges in all remote states. A licensee whose compact privilege in a remote state is removed for a specified period of time is not eligible for a compact privilege in any other remote state until the specific time for removal of the compact privilege has passed and all encumbrance requirements are satisfied.

E. If a license in a participating state is an encumbered license, the licensee shall lose the compact privilege in a remote state and shall not be eligible for a compact privilege in any remote state until the license is no longer encumbered.

F. Once an encumbered license in a participating state is restored to good standing, the licensee must meet the requirements of subsection A of this section to obtain a compact privilege in a remote state.

G. If a licensee's compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in any remote state until the following occur:

1. The specific period of time for which the compact privilege was removed has ended; and

2. All conditions for removal of the compact privilege have been satisfied.

H. Once the requirements of subsection G of this section have been met, the licensee must meet the requirements in subsection A of this section to obtain a compact privilege in a remote state.

Article 5.

Active Military Members or Their Spouses.

Active military members and their spouses shall not be required to pay to the Commission the fee otherwise charged by the Commission for a compact privilege. If a remote state chooses to charge a fee for a compact privilege, it may choose to charge a reduced fee or no fee to active military members and their spouses for a compact privilege.

Article 6.

Adverse Actions.

A. A participating state in which a licensee is licensed shall have exclusive authority to impose adverse action against the qualifying license issued by that participating state.

B. A participating state may take adverse action based on the significant investigative information of a remote state, so long as the participating state follows its own procedures for imposing adverse action.

C. Nothing in this Compact shall override a participating state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the participating state's laws. Participating states must require licensees who enter any alternative program in lieu of discipline to agree not to practice pursuant to a compact privilege in any other participating state during the term of the alternative program without prior authorization from such other participating state.

D. Any participating state in which a licensee is applying to practice or is practicing pursuant to a compact privilege may investigate actual or alleged violations of the statutes and regulations authorizing the practice of dentistry or dental hygiene in any other participating state in which the dentist or dental hygienist holds a license or compact privilege.

E. A remote state shall have the authority to:

1. Take adverse actions as set forth in subsection D of Article 4 against a licensee's compact privilege in the state;

2. In furtherance of its rights and responsibilities under this Compact and the Commission's rules issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a state licensing authority in a participating state for the attendance and testimony of witnesses, or the production of evidence from another participating state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located; and

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

F. Joint investigations.

1. In addition to the authority granted to a participating state by its dentist or dental hygienist licensure act or other applicable state law, a participating state may jointly investigate licensees with other participating states.

2. Participating states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. Authority to continue investigation.

1. After a licensee's compact privilege in a remote state is terminated, the remote state may continue an investigation of the licensee that began when the licensee had a compact privilege in that remote state.

2. If the investigation yields what would be significant investigative information had the licensee continued to have a compact privilege in that remote state, the remote state shall report the presence of such information to the data system as required by subdivision B 6 of Article 8 as if it was significant investigative information.

Article 7.

Establishment and Operation of the Dentist and Dental Hygienist Compact Commission.

A. The Compact participating states hereby create and establish a joint government agency whose membership consists of all participating states that have enacted the Compact. The Dentist and Dental Hygienist Compact Commission is an instrumentality of the participating states acting jointly and not an instrumentality of any one state. The Commission shall come into existence on or after the effective date of the Compact as set forth in subsection A of Article 11.

B. Participation, voting, and meetings.

1. Each participating state shall have and be limited to one commissioner selected by that participating state's state licensing authority or, if the state has more than one state licensing authority, selected collectively by the state licensing authorities.

2. The commissioner shall be a member or designee of such authority or authorities.

3. The Commission may by rule or bylaw establish a term of office for commissioners and may by rule or bylaw establish term limits.

4. The Commission may recommend to a state licensing authority or authorities, as applicable, removal or suspension of an individual as the state's commissioner.

5. A participating state's state licensing authority, or authorities, as applicable, shall fill any vacancy of its commissioner on the Commission within 60 days of the vacancy.

6. Each commissioner shall be entitled to one vote on all matters that are voted upon by the Commission.

7. The Commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The Commission may meet by telecommunication, video conference, or other similar electronic means.

C. The Commission shall have the following powers:

1. Establish the fiscal year of the Commission;

2. Establish a code of conduct and conflict of interest policies;

3. Adopt rules and bylaws;

4. Maintain its financial records in accordance with the bylaws;

5. Meet and take such actions as are consistent with the provisions of this Compact, the Commission's rules, and the bylaws;

6. Initiate and conclude legal proceedings or actions in the name of the Commission, provided that the standing of any state licensing authority to sue or be sued under applicable law shall not be affected;

7. Maintain and certify records and information provided to a participating state as the authenticated business records of the Commission and designate a person to do so on the Commission's behalf;

8. Purchase and maintain insurance and bonds;

9. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a participating state;

10. Conduct an annual financial review;

11. Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

12. As set forth in the Commission rules, charge a fee to a licensee for the grant of a compact privilege in a remote state and thereafter, as may be established by Commission rule, charge the licensee a compact privilege renewal fee for each renewal period in which that licensee exercises or intends to exercise the compact privilege in that remote state. Nothing herein shall be construed to prevent a remote state from charging a licensee a fee for a compact privilege or renewals of a compact privilege, or a fee for the jurisprudence requirement if the remote state imposes such a requirement for the grant of a compact privilege;

13. Accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same, provided that at all times the Commission shall avoid any appearance of impropriety and/or conflict of interest;

14. Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein;

15. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

16. Establish a budget and make expenditures;

17. Borrow money;

18. Appoint committees, including standing committees, which may be composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact and the bylaws;

19. Provide and receive information from, and cooperate with, law-enforcement agencies;

20. Elect a chair, vice chair, secretary, and treasurer and such other officers of the Commission as provided in the Commission's bylaws;

21. Establish and elect an executive board;

22. Adopt and provide to the participating states an annual report;

23. Determine whether a state's enacted compact is materially different from the model compact language such that the state would not qualify for participation in this Compact; and

24. Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact.

D. Meetings of the Commission.

1. All meetings of the Commission that are not closed pursuant to this subsection shall be open to the public. Notice of public meetings shall be posted on the Commission's website at least 30 days prior to the public meeting.

2. Notwithstanding subdivision 1 of this subsection, the Commission may convene an emergency public meeting by providing at least 24 hours prior notice on the Commission's website, and any other means as provided in the Commission's rules, for any of the reasons it may dispense with notice of proposed rulemaking under subsection L of Article 9. The Commission's legal counsel shall certify that one of the reasons justifying an emergency public meeting has been met.

3. Notice of all Commission meetings shall provide the time, date, and location of the meeting, and if the meeting is to be held or accessible via telecommunication, video conference, or other electronic means, the notice shall include the mechanism for access to the meeting through such means.

4. The Commission may convene in a closed, nonpublic meeting for the Commission to receive legal advice or to discuss:

a. Noncompliance of a participating state with its obligations under this Compact;

b. The employment, compensation, discipline, or other matters, practices, or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;

c. Current or threatened discipline of a licensee or compact privilege holder by the Commission or by a participating state's licensing authority;

d. Current, threatened, or reasonably anticipated litigation;

e. Negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;

f. Accusing any person of a crime or formally censuring any person;

g. Trade secrets or commercial or financial information that is privileged or confidential;

h. Information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

i. Investigative records compiled for law-enforcement purposes;

j. Information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this Compact;

k. Legal advice;

l. Matters specifically exempted from disclosure to the public by federal or participating state law; and

m. Other matters as promulgated by the Commission by rule.

5. If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

6. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

E. Financing of the Commission.

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate sources of revenue, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each participating state and impose fees on licensees of participating states when a compact privilege is granted, to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each fiscal year for which sufficient revenue is not provided by other sources. The aggregate annual assessment amount for participating states shall be allocated based upon a formula that the Commission shall promulgate by rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Commission pledge the credit of any participating state, except by and with the authority of the participating state.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

F. The executive board.

1. The executive board shall have the power to act on behalf of the Commission according to the terms of this Compact. The powers, duties, and responsibilities of the executive board shall include:

a. Overseeing the day-to-day activities of the administration of this Compact, including compliance with the provisions of the Compact and the Commission's rules and bylaws;

b. Recommending to the Commission changes to the rules or bylaws, changes to this Compact legislation, fees charged to Compact participating states, fees charged to licensees, and other fees;

c. Ensuring compact administration services are appropriately provided, including by contract;

d. Preparing and recommending the budget;

e. Maintaining financial records on behalf of the Commission;

f. Monitoring Compact compliance of participating states and providing compliance reports to the Commission;

g. Establishing additional committees as necessary;

h. Exercising the powers and duties of the Commission during the interim between Commission meetings, except for adopting or amending rules, adopting or amending bylaws, and exercising any other powers and duties expressly reserved to the Commission by rule or bylaw; and

i. Other duties as provided in the rules or bylaws of the Commission.

2. The executive board shall be composed of up to seven members:

a. The chair, vice chair, secretary, and treasurer of the Commission and any other members of the Commission who serve on the executive board shall be voting members of the executive board; and

b. Other than the chair, vice chair, secretary, and treasurer, the Commission may elect up to three voting members from the current membership of the Commission.

3. The Commission may remove any member of the executive board as provided in the Commission's bylaws.

4. The executive board shall meet at least annually.

a. An executive board meeting at which it takes or intends to take formal action on a matter shall be open to the public, except that the executive board may meet in a closed, nonpublic session of a public meeting when dealing with any of the matters covered under subdivision D 4 of this section.

b. The executive board shall give five business days' notice of its public meetings, posted on its website and as it may otherwise determine to provide notice to persons with an interest in the public matters the executive board intends to address at those meetings.

5. The executive board may hold an emergency meeting when acting for the Commission to:

a. Meet an imminent threat to public health, safety, or welfare;

b. Prevent a loss of Commission or participating state funds; or

c. Protect public health and safety.

G. Qualified immunity, defense, and indemnification.

1. The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his own counsel at his own expense, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. Notwithstanding subdivision 1 of this subsection, should any member, officer, executive director, employee, or representative of the Commission be held liable for the amount of any settlement or judgment arising out of any actual or alleged act, error, or omission that occurred within the scope of that individual's employment, duties, or responsibilities for the Commission, or that the person to whom that individual is liable had a reasonable basis for believing occurred within the scope of the individual's employment, duties, or responsibilities for the Commission, the Commission shall indemnify and hold harmless such individual, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of the individual.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the participating states or by the Commission.

Article 8.

Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and the presence of significant investigative information on all licensees and applicants for a license in participating states.

B. Notwithstanding any other provision of state law to the contrary, a participating state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse actions against a licensee, license applicant, or compact privilege and information related thereto;

4. Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation;

5. Any denial of an application for licensure, and the reason(s) for such denial, (excluding the reporting of any criminal history record information where prohibited by law);

6. The presence of significant investigative information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the rules of the Commission.

C. The records and information provided to a participating state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a participating state.

D. Significant investigative information pertaining to a licensee in any participating state will only be available to other participating states.

E. It is the responsibility of the participating states to monitor the database to determine whether adverse action has been taken against a licensee or license applicant. Adverse action information pertaining to a licensee or license applicant in any participating state will be available to any other participating state.

F. Participating states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

G. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system.

Article 9.

Rulemaking.

A. The Commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of this Compact. A Commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The rules of the Commission shall have the force of law in each participating state, provided, however, that where the rules of the Commission conflict with the laws of the participating state that establish the participating state's scope of practice as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

C. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified by the Commission for each rule.

D. If a majority of the legislatures of the participating states rejects a Commission rule or portion of a Commission rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in this Compact.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed rule by the Commission, and at least 30 days in advance of the meeting at which the Commission will hold a public hearing on the proposed rule, the Commission shall provide a notice of proposed rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and

3. In such other way(s) as the Commission may by rule specify.

H. The notice of proposed rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

3. The text of the proposed rule and the reason therefor;

4. A request for comments on the proposed rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Commission rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record.

1. The Commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection L of this section, the effective date of the rule shall be no sooner than 30 days after the Commission issuing the notice that it adopted or amended the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or participating state funds;

3. Meet a deadline for the promulgation of a rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No participating state's rulemaking requirements shall apply under this Compact.

Article 10.

Oversight, Dispute Resolution, and Enforcement.

A. Oversight.

1. The executive and judicial branches of state government in each participating state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of this Compact or a Commission rule and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other participating states.

C. If a state in default fails to cure the default, the defaulting state may be terminated from this Compact upon an affirmative vote of a majority of the commissioners, and all rights, privileges, and benefits conferred on that state by this

Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

D. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority or authorities, as applicable, and each of the participating states' state licensing authority or authorities, as applicable.

E. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a state's participation in this Compact, that state shall immediately provide notice to all licensees of the state, including licensees of other participating states issued a compact privilege to practice within that state, of such termination. The terminated state shall continue to recognize all compact privileges then in effect in that state for a minimum of 180 days after the date of said notice of termination.

G. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting state.

H. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

I. Dispute resolution.

1. Upon request by a participating state, the Commission shall attempt to resolve disputes related to this Compact that arise among participating states and between participating states and nonparticipating states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and the Commission's rules.

2. By majority vote, the Commission may initiate legal action against a participating state in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of this Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting participating state's law.

3. A participating state may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of this Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

4. No individual or entity other than a participating state may enforce this Compact against the Commission.

Article 11.

Effective Date, Withdrawal, and Amendment.

A. This Compact shall come into effect on the date on which the compact statute is enacted into law in the seventh participating state.

1. On or after the effective date of this Compact, the Commission shall convene and review the enactment of each of the states that enacted the Compact prior to the Commission convening (charter participating states) to determine if the statute enacted by each such charter participating state is materially different than the model compact.

a. A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in Article 10.

b. If any participating state is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of participating states should be less than seven.

2. Participating states enacting the Compact subsequent to the charter participating states shall be subject to the process set forth in subdivision C 23 of Article 7 to determine if their enactments are materially different from the model compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules and bylaws shall be subject to the Commission's rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

B. Any participating state may withdraw from this Compact by enacting a statute repealing that state's enactment of the Compact.

1. A participating state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority or authorities to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges to practice within that state granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a participating state and a nonparticipating state that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the participating states. No amendment to this Compact shall become effective and binding upon any participating state until it is enacted into the laws of all participating states.

Article 12.

Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a state's participation in this Compact or, in accordance with the requirements of subsection B of Article 10, terminate a participating state's participation in the Compact, if it determines that a constitutional requirement of a participating state is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any participating state, the Compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

Article 13.

Consistent Effect and Conflict with Other State Laws.

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a participating state that is not inconsistent with this Compact.

B. Any laws, statutes, regulations, or other legal requirements in a participating state in conflict with this Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Commission and the participating states are binding in accordance with their terms.

2. Pursuant to Article 11 of § 54.1-2729.02 of the Code of Virginia, as created by this act, the Dentist and Dental Hygienist Compact (the Compact) will become effective on the date the Compact is enacted by a seventh participating state or upon the effective date of this act, whichever is later.

CHAPTER 104

An Act to amend and reenact § 62.1-44.15:55, as it shall become effective, of the Code of Virginia, relating to regulated land-disturbing activities; submission and approval of erosion and sediment control plan.

[H 656]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15:55, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.15:55. (Effective July 1, 2024) Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.

A. Except as provided in § 62.1-44.15:31 for a land-disturbing activity conducted by a state agency, federal entity, or other specified entity, no person shall engage in any land-disturbing activity until *(i)* he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved~~.~~ ~~Where~~ *and (ii) where* Virginia Pollutant Discharge Elimination System permit coverage is required, ~~a~~ *the* VESCP authority ~~shall be required to obtain~~ *has obtained* evidence of such *permit* coverage from the Department's online reporting system prior to ~~approving the erosion and sediment control plan~~ *issuing its land-disturbance approval*. A VESCP authority may enter into an agreement with an adjacent VESCP or VESMP authority regarding the administration of multijurisdictional projects specifying who shall be responsible for all or part of the administrative procedures. Should adjacent authorities fail to come to such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction. Where the land-disturbing activity results from the construction of a ~~(i)~~ *(a)* single-family residence or ~~(ii)~~ *(b)* farm building or structure on a parcel of land with a total impervious cover percentage, including the impervious cover from the farm building or structure to be constructed, of less than five percent, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying out the plan shall provide the name of an individual holding a certificate to the VESCP authority, as provided by § 62.1-44.15:52, who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may waive the certificate requirement for an agreement in lieu of a plan. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate, as provided by § 62.1-44.15:52. Failure to provide the name of an individual holding a certificate prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or

2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

D. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

E. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

F. Notwithstanding any other provisions of this article, the following activities are not required to comply with the requirements of this article unless otherwise required by federal law:

1. Disturbance of a land area of less than 10,000 square feet in size or less than 2,500 square feet in an area designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). However, the governing body of the program authority may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

2. Minor land-disturbing activities such as home gardens and individual home landscaping, repairs, and maintenance work;

3. Installation, maintenance, or repair of any individual service connection;

4. Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;

5. Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;

6. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.2;

7. Clearing of lands specifically for bona fide agricultural purposes; the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops; livestock feedlot operations; agricultural engineering operations, including construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; or as additionally set forth by the Board in regulations. However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ 10.1-1100 et seq.) of Title 10.1 or is converted to bona fide agricultural or improved pasture use as described in subsection B of § 10.1-1163;

8. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;

9. § 4.1-206.3. (Effective until July 1, 2024) Retail licenses.

A. The Board may grant the following mixed beverages licenses:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for on-premises consumption in dining areas and other designated areas of such restaurant or off-premises consumption. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for on-premises consumption in such designated areas, bedrooms, and other private rooms or off-premises consumption and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit, or profit club exclusively for its members and their guests, or members of another private, nonprofit, or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to (1) sell and serve mixed beverages for on-premises or off-premises consumption and (2) sell spirits that are packaged in original closed containers with a maximum capacity of two fluid ounces or 50 milliliters and purchased from the Board for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of

nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

If the restaurant is located on the premises of and operated by a culinary lodging resort, such license shall authorize the licensee to (A) sell alcoholic beverages, without regard to the amount of gross receipts from the sale of food prepared and consumed on the premises, for off-premises consumption or for on-premises consumption in areas upon the licensed premises approved by the Board and other designated areas of the resort, including outdoor areas under the control of the licensee, and (B) permit the possession and consumption of lawfully acquired alcoholic beverages by persons to whom overnight lodging is being provided in bedrooms and private guest rooms.

Designated areas may include any areas on the premises of the mixed beverage casino licensee, including entertainment venues, conference rooms, private rooms, hotels, pools, marinas, or green spaces. Alcoholic beverages purchased from a restaurant pursuant to this subdivision shall be contained in glassware or a paper, plastic, or similar disposable container that clearly displays the name or logo of the restaurant from which the alcoholic beverage was purchased.

The granting of a license pursuant to this subdivision shall automatically authorize the licensee to obtain a license to sell and serve wine and beer for on-premises consumption and in closed containers for off-premises consumption; however, the licensee shall be required to pay the local fee required for such additional license pursuant to § 4.1-233.1.

2. Mixed beverage caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. For purposes of supplying its airplanes, as well as any airplanes of a licensed express carrier flying under the same brand, an air carrier licensee may appoint an authorized representative to load alcoholic beverages onto the same airplanes and to transport and store alcoholic beverages at or in close proximity to the airport where the alcoholic beverages will be delivered onto airplanes of the air carrier and any such licensed express carrier. The air carrier licensee shall (a) designate for purposes of its license all locations where the inventory of alcoholic beverages may be stored and from which the alcoholic beverages will be delivered onto airplanes of the air carrier and any such licensed express carrier and (b) maintain records of all alcoholic beverages to be transported, stored, and delivered by its authorized representative. However, the Board may waive, for good cause shown, the requirement for a criminal history records search and completed personal data form for officers, directors, nonmanaging members, or limited partners of any applicant corporation, limited liability company, or limited partnership.

Except for applicants for wine and beer shipper's licenses and delivery permits, the Board shall notify the local governing body of each license application through the county or city attorney or the chief law-enforcement or administrative officer of the locality. [H 1508]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-1812 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-1812. Assessment of omitted taxes by the Department of Taxation.

A. If the Tax Commissioner ascertains that any person has failed to make a proper return or to pay in full any proper tax, he shall assess the taxes prescribed by law, adding to the taxes so assessed the penalty prescribed by law, if any, for the failure to file a return (if a return was required by law but not filed within the time prescribed by law) and the penalty or penalties prescribed by law for the failure to pay the taxes and penalty or penalties within the time prescribed by law. If no penalty is so prescribed, he shall assess a penalty of five percent of the tax due, or if the failure to pay in full was fraudulent, a penalty of 100 percent of the tax due. In addition thereto, interest on the outstanding tax and penalty shall be charged at the rate established under § 58.1-15 for the period between the due date and the date of full payment.

Except as otherwise provided by law, the amount of tax shall be assessed within three years after the return was filed, whether such return was filed on or after the date prescribed, and no proceeding in court without assessment shall be begun for the collection of such tax after the expiration of such period. A return of tax filed before the last day prescribed by law for the timely filing thereof shall be considered as filed on the last day. A return of recordation tax shall be considered as having been filed on the date of recordation. If no return is filed, the tax may be assessed within six years of the date such return was due. If a false or fraudulent return is filed with intent to evade the payment of tax, an assessment may be made at any time.

Upon such assessment, the Department of Taxation shall send a bill therefor to the taxpayer and the taxes, penalties, and interest shall be remitted to the Department of Taxation within 30 days from the date of such bill. Effective January 1, 2023, such bill and notice of assessment shall identify the date the initial return or payment was received by the Department, any payment amounts received, and an explanation of the taxes, penalties, and interest related to such assessment on such taxpayer. If such taxes, penalties, and interest are not paid within such 30 days, interest at the rate provided herein shall accrue thereon from the date of such assessment until payment.

B. The Department of Taxation shall not assess penalty or interest on any assessment of tax for the recovery of an erroneous refund, provided that the tax is paid to the Department within 30 days from the date of the bill. If the tax is not remitted to the Department within 30 days from the date of such bill, interest at the rate provided herein shall accrue thereon from the date of such assessment until payment.

As used in this section, "erroneous refund" means any refund of tax resulting solely from an error by the Department of Taxation that results in the taxpayer receiving a refund to which the taxpayer is not entitled.

C. Upon the application of a taxpayer, if the Department determines that a taxpayer has erroneously remitted retail sales tax payments to the Department with respect to a transaction under § 58.1-610 and for which the Department has made a use tax assessment, and such taxpayer has not so requested, the Department shall apply the erroneously remitted retail sales tax proceeds to a use tax assessment of the taxpayer for the same transactions. To be eligible, the taxpayer shall provide evidence of the erroneously paid retail sales tax amount collected and remitted in each transaction. However, in no case shall any taxpayer apply for and receive the relief described in this subsection if he has previously applied for and received the relief described in this subsection, or in the case of a false or fraudulent action by the taxpayer with the intention of evading the tax.

2. That the provisions of this act shall not entitle any taxpayer to a refund of any retail sales tax payments erroneously remitted unless or until the taxpayer can affirmatively show that the tax has since been refunded to the purchaser or credited to such purchaser's account pursuant to § 58.1-625 of the Code of Virginia.

A practice agreement may include provisions for periodic site visits by a patient care team physician or patient care team podiatrist who is part of the patient care team at a location other than where the licensee regularly practices. Such visits shall be in the manner and at the frequency as determined by the patient care team physician or patient care team podiatrist who is part of the patient care team.

B. Physician assistants may practice medicine to the extent and in the manner authorized by the Board. A patient care team physician or patient care team podiatrist shall be available at all times to collaborate and consult with physician assistants. C. The Board of Medicine, in consultation with the Board of Pharmacy, shall promulgate such regulations governing the prescriptive authority of physician assistants as are deemed reasonable and necessary to ensure an appropriate standard of care for patients.

The regulations promulgated pursuant to this section shall include, at a minimum, (i) such requirements as may be necessary to ensure continued physician assistant competency, which may include continuing education, testing, and any other requirement and shall address the need to promote ethical practice, an appropriate standard of care, patient safety, the use of new pharmaceuticals, and appropriate communication with patients, and (ii) a requirement that the physician assistant disclose to his patients his name, address, and telephone number and that he is a physician assistant. If a patient or

An Act to amend and reenact § 32.1-261 of the Code of Virginia, relating to vital records; birth certificates; adoption; members of the military.

[S 325]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-261 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-261. New certificate of birth established on proof of adoption, legitimation, or determination of paternity, or change of sex.

A. The State Registrar shall establish a new certificate of birth for a person born in the Commonwealth upon receipt of the following:

1. An adoption report as provided in § 32.1-262, a report of adoption prepared and filed in accordance with the laws of another state or foreign country, or a certified copy of the decree of adoption together with the information necessary to identify the original certificate of birth and to establish a new certificate of birth; except that a new certificate of birth shall not be established if so requested by the court decreeing the adoption, the adoptive parents, or the adopted person if 18 years of age or older.

2. A request that a new certificate be established and such evidence as may be required by regulation of the Board proving that such person has been legitimated or that a court of the Commonwealth has, by final order, determined the paternity of such person. The request shall state that no appeal has been taken from the final order and that the time allowed to perfect an appeal has expired.

3. An order entered pursuant to subsection D of § 20-160. The order shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

4. A surrogate consent and report form as authorized by § 20-162. The report shall contain sufficient information to identify the original certificate of birth and to establish a new certificate of birth in the names of the intended parents.

5. Upon request of a person and in accordance with requirements of the Board, the State Registrar shall issue a new certificate of birth to show a change of sex of the person and, if a certified copy of a court order changing the person's name is submitted, to show a new name. Requirements related to obtaining a new certificate of birth to show a change of sex shall include a requirement that the person requesting the new certificate of birth submit a form furnished by the State Registrar and completed by a health care provider from whom the person has received treatment stating that the person has undergone clinically appropriate treatment for gender transition. Requirements related to obtaining a new certificate of birth to show a change of sex shall not include any requirement for evidence or documentation of any medical procedure.

6. Nothing in this section shall deprive the circuit court of equitable jurisdiction to adjudicate, upon application of a person, that the sex of such person residing within the territorial jurisdiction of the circuit court has been changed. In such an action, the person may petition for the application of the standard of the person's jurisdiction of birth; otherwise, the requirements of this section shall apply.

B. When a new certificate of birth is established pursuant to subsection A, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of adoption, paternity or legitimation shall be sealed and filed and not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. However, upon receipt of notice of a decision or order granting an

adult adopted person access to identifying information regarding his birth parents from the Commissioner of Social Services or a circuit court, and proof of identification and payment, the State Registrar shall mail an adult adopted person a copy of the original certificate of birth.

C. Upon receipt of a report of an amended decree of adoption, the certificate of birth shall be amended as provided by regulation.

D. Upon receipt of notice or decree of annulment of adoption, the original certificate of birth shall be restored to its place in the files and the new certificate and evidence shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252.

E. The State Registrar shall, upon request, establish and register a Virginia certificate of birth for a person born in a foreign country (i) upon receipt of a report of adoption for an adoption finalized pursuant to the laws of the foreign country as provided in subsection B of § 63.2-1200.1~~,~~ or (ii) upon receipt of a report or final order of adoption entered in a court of the Commonwealth as provided in § 32.1-262; however, a Virginia certificate of birth shall not be established or registered if so requested by the court decreeing the adoption, the adoptive parents or the adopted person if 18 years of age or older. If a circuit court of the Commonwealth corrects or establishes a date of birth for a person born in a foreign country during the adoption proceedings or upon a petition to amend a certificate of foreign birth, the State Registrar shall issue a certificate showing the date of birth established by the court. After registration of the birth certificate in the new name of the adopted person, the State Registrar shall seal and file the report of adoption which shall not be subject to inspection except upon order of a court of the Commonwealth or in accordance with § 32.1-252. The birth certificate shall (i) show the true or probable foreign country of birth and (ii) state that the certificate is not evidence of United States citizenship for the child for whom it is issued or for the adoptive parents. However, for any adopted person who has attained United States citizenship, the State Registrar shall, upon request and receipt of evidence demonstrating such citizenship, establish and register a new certificate of birth that does not contain the statement required by clause (ii).

F. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed certificate of birth shall be filed with the State Registrar as provided in § 32.1-259 or 32.1-260 before a new certificate of birth is established, except that when the date and place of birth and parentage have been established in the adoption proceedings, a delayed certificate shall not be required.

G. When a new certificate of birth is established pursuant to subdivision A 1, the State Registrar shall issue along with the new certificate of birth a document, furnished by the Department of Social Services pursuant to § 63.2-1220, listing all post-adoption services available to adoptive families.

H. When a new certificate of birth is established pursuant to subdivision A 1, and (i) at least one adoptive parent is an active duty or retired member of the military or military reserves and (ii) the filer notifies the clerk of court in writing that an adoptive parent has military status as required herein, the clerk of the court decreeing the adoption shall deliver the adoption records and a standardized confirmation of active duty or retired military or military reserves membership of either adoptive parent to the State Registrar no later than five business days after receipt by such clerk of the final decree from the judge who entered such decree. The State Registrar shall expedite the issuance of the new certificate of birth to the adoptive parents upon receipt of (a) adoption records as provided for in § 32.1-261, (b) standardized notice from the court that finalized the adoption that at least one adoptive parent is an active duty or retired member of the military or military reserves, and (c) a completed request to the Virginia Department of Health that a new certificate of birth for the registrant be prepared. Requirements set forth in §§ 32.1-271, 32.1-272, and 32.1-273 shall apply to the disclosure of information or issuance of the adopted registrant's new certificate of birth.

CHAPTER 123

An Act to amend and reenact §§ 55.1-124, 55.1-125, 55.1-127, and 55.1-128 of the Code of Virginia, relating to Uniform Statutory Rule Against Perpetuities; trusts; certain nonvested property interests or powers of appointment over property or property interests.

[S 470]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 55.1-124, 55.1-125, 55.1-127, and 55.1-128 of the Code of Virginia are amended and reenacted as follows:

§ 55.1-124. Uniform Statutory Rule Against Perpetuities.

A. A nonvested property interest is invalid unless:

1. When the interest is created, it is certain to vest or terminate no later than 21 years after the death of an individual then alive; or

2. The interest either vests or terminates within 90 years after its creation.

B. A general power of appointment not presently exercisable because of a condition precedent is invalid unless:

1. When the power is created, the condition precedent is certain to be satisfied or becomes impossible to satisfy no later than 21 years after the death of an individual then alive; or

2. The condition precedent either is satisfied or becomes impossible to satisfy within 90 years after its creation.

C. A nongeneral power of appointment or a general testamentary power of appointment is invalid unless:

1. When the power is created, it is certain to be irrevocably exercised or otherwise to terminate no later than 21 years after the death of an individual then alive; or

2. The power is irrevocably exercised or otherwise terminates within 90 years after its creation.

D. In determining whether a nonvested property interest or a power of appointment is valid under subdivision A 1, B 1, or C 1, the possibility that a child will be born to an individual after the individual's death is disregarded.

E. If, in measuring a period from the creation of a trust or other property arrangement, language in a governing instrument (i) seeks to disallow the vesting or termination of any interest or trust beyond, (ii) seeks to postpone the vesting or termination of any interest or trust until, or (iii) seeks to operate in effect in any similar fashion upon, the later of (a) the expiration of a period of time not exceeding 21 years after the death of the survivor of specified lives in being at the creation of the trust or other property arrangement or (b) the expiration of a period of time that exceeds or might exceed 21 years after the death of the survivor of lives in being at the creation of the trust or other property arrangement, that language is inoperative to the extent it produces a period of time that exceeds 21 years after the death of the survivor of the specified lives.

F. For any nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, if such interest or power is created on or after July 1, 2024, §§ 55.1-124 through 55.1-129 shall apply to such interest or power by substituting "1,000 years" in each instance in which the term "90 years" appears in §§ 55.1-124 through 55.1-129. This subsection shall not extend to a nonvested property interest in, or a power of appointment over, real property held in trust or a power of appointment over real property granted under a trust. For the purposes of this subsection, real property does not include an interest in a corporation, limited liability company, partnership, business trust, or other entity, even if such entity owns an interest in real property.

C. For the purposes of §§ 55.1-124 through 55.1-129, a nonvested property interest or a power of appointment arising from a transfer of property to a previously funded trust or other existing property arrangement is created when the nonvested property interest or power of appointment in the original contribution was created.

D. For the purposes of §§ 55.1-124 through 55.1-129, except as provided in subsection B of § 55.1-128, if a nongeneral or testamentary power of appointment is exercised to create another nongeneral or testamentary power of appointment, every nonvested property interest or power of appointment created through the exercise of such other nongeneral or testamentary power is considered to have been created at the time of the creation of the first nongeneral or testamentary power of appointment.

A. Section 55.1-124 does not apply to:

7. A property interest, power of appointment, or arrangement that was not subject to the common-law rule against perpetuities or is excluded by another statute of the Commonwealth; or

If a nonvested interest in or power of appointment over personal property held in trust, or a power of appointment over personal property granted under a trust, was created on or after July 1, 2024, the provisions of the first sentence of this subdivision shall not apply, and any terms in the trust instrument providing that § 55.1-124 does not apply shall not be operative and shall not prevent the application of § 55.1-124 to such interest or power.*

1. That § 58.1-1812 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-1812. Assessment of omitted taxes by the Department of Taxation.

A. If the Tax Commissioner ascertains that any person has failed to make a proper return or to pay in full any proper tax, he shall assess the taxes prescribed by law, adding to the taxes so assessed the penalty prescribed by law, if any, for the failure to file a return (if a return was required by law but not filed within the time prescribed by law) and the penalty or penalties prescribed by law for the failure to pay the taxes and penalty or penalties within the time prescribed by law. In addition thereto, interest on the outstanding tax and penalty shall be charged at the rate established under § 58.1-15 for the period between the due date and the date of full payment.

Except as otherwise provided by law, the amount of tax shall be assessed within three years after the return was filed, whether such return was filed on or after the date prescribed, and no proceeding in court without assessment shall be begun for the collection of such tax after the expiration of such period. A return of tax filed before the last day prescribed by law for the timely filing thereof shall be considered as filed on the last day. A return of recordation tax shall be considered as having been filed on the date of recordation. If no return is filed, the tax may be assessed within six years of the date such return was due. If a false or fraudulent return is filed with intent to evade the payment of tax, an assessment may be made at any time.

If such taxes, penalties, and interest are not paid within such 30 days, interest at the rate provided herein shall accrue thereon from the date of such assessment until payment.

B. The Department of Taxation shall not assess penalty or interest on any assessment of tax for the recovery of an erroneous refund, provided that the tax is paid to the Department within 30 days from the date of the bill. If the tax is not remitted to the Department within 30 days from the date of such bill, interest at the rate provided herein shall accrue thereon from the date of such assessment until payment.

As used in this section, "erroneous refund" means any refund of tax resulting solely from an error by the Department of Taxation that results in the taxpayer receiving a refund to which the taxpayer is not entitled.

C. Upon the application of a taxpayer, if the Department determines that a taxpayer has erroneously remitted retail sales tax payments to the Department with respect to a transaction under § 58.1-610 and for which the Department has made a use tax assessment, and such taxpayer has not so requested, the Department shall apply the erroneously remitted retail sales tax proceeds to a use tax assessment of the taxpayer for the same transactions. To be eligible, the taxpayer shall provide evidence of the erroneously paid retail sales tax amount collected and remitted in each transaction. However, in no case shall any taxpayer apply for and receive the relief described in this subsection if he has previously applied for and received the relief described in this subsection, or in the case of a false or fraudulent action by the taxpayer with the intention of evading the tax.

2. That the provisions of this act shall not entitle any taxpayer to a refund of any retail sales tax payments erroneously remitted unless or until the taxpayer can affirmatively show that the tax has since been refunded to the purchaser or credited to such purchaser's account pursuant to § 58.1-625 of the Code of Virginia.

CHAPTER 129

An Act to amend and reenact § 2.2-3708.3 of the Code of Virginia, relating to the Virginia Freedom of Information Act; electronic meetings.

[S 734]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3708.3 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3708.3. Meetings held through electronic communication means; situations other than declared states of emergency.

A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance;

2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance;

3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or

4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well. *When audio-visual technology is available, a member of a public body shall, for purposes of a quorum, be considered absent from any portion of the meeting during which visual communication with the member is voluntarily disconnected or otherwise fails or during which audio communication involuntarily fails*;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or ~~25~~ *50* percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall ~~first~~ *at least once annually* adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

CHAPTER 130

[S 725]

Approved March 20, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-251.02 and 18.2-254.1 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-251.02. Drug Offender Assessment and Treatment Fund.

There is hereby established in the state treasury the Drug Offender Assessment and Treatment Fund, which shall consist of moneys received from fees imposed on certain drug offense convictions pursuant to § 16.1-69.48:3 and subdivisions A 10 and 11 of § 17.1-275. All interest derived from the deposit and investment of moneys in the Fund shall be credited to the Fund. Any moneys not appropriated by the General Assembly shall remain in the Drug Offender Assessment and Treatment Fund and shall not be transferred or revert to the general fund at the end of any fiscal year. All moneys in the Fund shall be subject to annual appropriation by the General Assembly to the Department of Corrections, the Department of

Juvenile Justice, and the Commission on VASAP to implement and operate the offender substance abuse screening and assessment program; the Department of Criminal Justice Services for the support of community-based probation and local pretrial services agencies; and the Office of the Executive Secretary of the Supreme Court of Virginia for the support of ~~drug treatment~~ *recovery* court programs.

§ 18.2-254.1. Recovery Court Act.

A. This section shall be known and may be cited as the ~~"Drug Treatment~~ *"Recovery* Court Act."

B. The General Assembly recognizes that there is a critical need in the Commonwealth for effective treatment programs that reduce the incidence of drug use, drug addiction, family separation due to parental substance abuse, and drug-related crimes. It is the intent of the General Assembly by this section to enhance public safety by facilitating the creation of ~~drug treatment~~ *recovery* courts as means by which to accomplish this purpose.

C. The goals of ~~drug treatment~~ *recovery* courts include: (i) reducing drug addiction and drug dependency among offenders; (ii) reducing recidivism; (iii) reducing drug-related court workloads; (iv) increasing personal, familial and societal accountability among offenders; and~~,~~ (v) promoting effective planning and use of resources among the criminal justice system and community agencies.

D. ~~Drug treatment~~ *Recovery* courts are specialized court dockets within the existing structure of Virginia's court system offering judicial monitoring of intensive treatment and strict supervision of addicts in drug and drug-related cases. Local officials must complete a recognized planning process before establishing a ~~drug treatment~~ *recovery* court program.

E. Administrative oversight for implementation of the ~~Drug Treatment~~ *Recovery* Court Act shall be conducted by the Supreme Court of Virginia. The Supreme Court of Virginia shall be responsible for (i) providing oversight for the distribution of funds for ~~drug treatment~~ *recovery* courts; (ii) providing technical assistance to ~~drug treatment~~ *recovery* courts; (iii) providing training for judges who preside over ~~drug treatment~~ *recovery* courts; (iv) providing training to the providers of administrative, case management, and treatment services to ~~drug treatment~~ *recovery* courts; and (v) monitoring the completion of evaluations of the effectiveness and efficiency of ~~drug treatment~~ *recovery* courts in the Commonwealth.

F. ~~A~~ *The* state ~~drug treatment court advisory committee~~ *Recovery Court Advisory Committee* shall be established to (i) evaluate and recommend standards for the planning and implementation of ~~drug treatment~~ *recovery* courts; (ii) assist in the evaluation of their effectiveness and efficiency; and (iii) encourage and enhance cooperation among agencies that participate in their planning and implementation. The committee shall be chaired by the Chief Justice of the Supreme Court of Virginia or his designee and shall include a member of the Judicial Conference of Virginia who presides over a ~~drug treatment~~ *recovery* court; a district court judge; the Executive Secretary or his designee; the directors of the following executive branch agencies: Department of Corrections, Department of Criminal Justice Services, Department of Juvenile Justice, Department of Behavioral Health and Developmental Services, Department of Social Services; a representative of the following entities: a local community-based probation and pretrial services agency, the Commonwealth's Attorney's Association, the Virginia Indigent Defense Commission, the Circuit Court Clerk's Association, the Virginia Sheriff's Association, the Virginia Association of Chiefs of Police, the Commission on VASAP, and two representatives designated by the Virginia Drug Court Association.

G. Each jurisdiction or combination of jurisdictions that intend to establish a ~~drug treatment~~ *recovery* court or continue the operation of an existing one shall establish a local ~~drug treatment~~ *recovery* court advisory committee. Jurisdictions that establish separate adult and juvenile ~~drug treatment~~ *recovery* courts may establish an advisory committee for each such court. Each advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the ~~drug treatment~~ *recovery* court or courts that serve the jurisdiction or combination of jurisdictions. Advisory committee membership shall include, but shall not be limited to the following people or their designees: (i) the ~~drug treatment~~ *recovery* court judge; (ii) the attorney for the Commonwealth, or, where applicable, the city or county attorney who has responsibility for the prosecution of misdemeanor offenses; (iii) the public defender or a member of the local criminal defense bar in jurisdictions in which there is no public defender; (iv) the clerk of the court in which the ~~drug treatment~~ *recovery* court is located; (v) a representative of the Virginia Department of Corrections, or the Department of Juvenile Justice, or both, from the local office which serves the jurisdiction or combination of jurisdictions; (vi) a representative of a local community-based probation and pretrial services agency; (vii) a local law-enforcement officer; (viii) a representative of the Department of Behavioral Health and Developmental Services or a representative of local drug treatment providers; (ix) the ~~drug~~ *recovery* court administrator; (x) a representative of the Department of Social Services; (xi) county administrator or city manager; and (xii) any other people selected by the ~~drug treatment~~ *recovery* court advisory committee.

H. Each local ~~drug treatment~~ *recovery* court advisory committee shall establish criteria for the eligibility and participation of offenders who have been determined to be addicted to or dependent upon drugs. Subject to the provisions of this section, neither the establishment of a ~~drug treatment~~ *recovery* court nor anything herein shall be construed as limiting the discretion of the attorney for the Commonwealth to prosecute any criminal case arising therein which he deems advisable to prosecute, except to the extent the participating attorney for the Commonwealth agrees to do so. As defined in § 17.1-805 or 19.2-297.1, adult offenders who have been convicted of a violent criminal offense within the preceding 10 years, or juvenile offenders who previously have been adjudicated not innocent of any such offense within the preceding 10 years, shall not be eligible for participation in any ~~drug treatment~~ *recovery* court established or continued in operation pursuant to this section.

I. Each ~~drug treatment~~ *recovery* court advisory committee shall establish policies and procedures for the operation of the court to attain the following goals: (i) effective integration of drug and alcohol treatment services with criminal justice system case processing; (ii) enhanced public safety through intensive offender supervision and drug treatment; (iii) prompt identification and placement of eligible participants; (iv) efficient access to a continuum of alcohol, drug, and related treatment and rehabilitation services; (v) verified participant abstinence through frequent alcohol and other drug testing; (vi) prompt response to participants' noncompliance with program requirements through a coordinated strategy; (vii) ongoing judicial interaction with each ~~drug~~ *recovery* court participant; (viii) ongoing monitoring and evaluation of program effectiveness and efficiency; (ix) ongoing interdisciplinary education and training in support of program effectiveness and efficiency; and (x) ongoing collaboration among ~~drug treatment~~ *recovery* courts, public agencies, and community-based organizations to enhance program effectiveness and efficiency.

J. Participation by an offender in a ~~drug treatment~~ *recovery* court shall be voluntary and made pursuant only to a written agreement entered into by and between the offender and the Commonwealth with the concurrence of the court.

K. Nothing in this section shall preclude the establishment of substance abuse treatment programs and services pursuant to the deferred judgment provisions of § 18.2-251.

L. Each offender shall contribute to the cost of the substance abuse treatment he receives while participating in a ~~drug treatment~~ *recovery* court pursuant to guidelines developed by the ~~drug treatment~~ *recovery* court advisory committee.

M. Nothing contained in this section shall confer a right or an expectation of a right to treatment for an offender or be construed as requiring a local ~~drug treatment~~ *recovery* court advisory committee to accept for participation every offender.

N. The Office of the Executive Secretary shall, with the assistance of the state ~~drug treatment court advisory committee~~ *Recovery Court Advisory Committee*, develop a statewide evaluation model and conduct ongoing evaluations of the effectiveness and efficiency of all local ~~drug treatment~~ *recovery* courts. A report of these evaluations shall be submitted to the General Assembly by December 1 of each year. Each local ~~drug treatment~~ *recovery* court advisory committee shall submit evaluative reports to the Office of the Executive Secretary as requested.

O. Notwithstanding any other provision of this section, no ~~drug treatment~~ *recovery* court shall be established subsequent to March 1, 2004, unless the jurisdiction or jurisdictions intending or proposing to establish such court have been specifically granted permission under the Code of Virginia to establish such court. The provisions of this subsection shall not apply to any ~~drug treatment~~ *recovery* court established on or before March 1, 2004, and operational as of July 1, 2004.

P. Subject to the requirements and conditions established by the state ~~Drug Treatment~~ *Recovery* Court Advisory Committee, there shall be established a ~~drug treatment~~ *recovery* court in the following jurisdictions: the City of Chesapeake and the City of Newport News.

Subject to the requirements and conditions established by the state ~~Drug Treatment~~ *Recovery* Court Advisory Committee, there shall be established a ~~drug treatment~~ *recovery* court in the Juvenile and Domestic Relations District Court for the County of Franklin, provided that such court is funded solely through local sources.

R. Subject to the requirements and conditions established by the state ~~Drug Treatment~~ *Recovery* Court Advisory Committee, there shall be established a ~~drug treatment~~ *recovery* court in the City of Bristol and the County of Tazewell, provided that the court is funded within existing state and local appropriations.

2. That the Supreme Court of Virginia shall rename the state Drug Treatment Court Advisory Committee as the state Recovery Court Advisory Committee. Any requirements and conditions established by the state Drug Treatment Court Advisory Committee shall continue to exist under the state Recovery Court Advisory Committee.

[H 639]

Approved March 26, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3330 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3330. Notice of change in assessment.

A. Whenever in any county, city, or town there is a reassessment of real estate, or any change in the assessed value of any real estate, notice shall be given by mail directly to each property owner, as shown by the land books of the county, city, or town whose assessment has been changed. Such notice shall be sent by postpaid mail at least 15 days prior to the date of a hearing to protest such change to the address of the property owner as shown on such land books. The governing body of the county, city, or town shall require the officer of such county, city, or town charged with the assessment of real estate to send such notices or it shall provide funds or services to the persons making such reassessment so that such persons can send such notices.

B. Every notice shall, among other matters, show the magisterial or other district, if any, in which the real estate is located, the amount and the new and immediately prior two tax years' final assessed values of land, and the new and immediately prior two tax years' final assessed values of improvements. It shall further set out the time and place at which persons may appear before the officers making such reassessment or change and present objections thereto. The notice shall also inform each property owner of the right to view and make copies of records maintained by the local assessment office pursuant to §§ 58.1-3331 and 58.1-3332 and inform each property owner that the records available and the procedure for accessing them are set out in §§ 58.1-3331 and 58.1-3332. In counties that have elected by ordinance to prepare land and personal property books in alphabetical order as authorized by § 58.1-3301 B, such notice may omit reference to districts, as provided herein.

The following requirements shall apply to any notice of change in assessment other than one in which the change arises solely from the construction or addition of new improvements to the real estate. If the tax rate that will apply to the new assessed value has been established, then the notice shall set out such rate. In addition, whether or not the tax rate applicable to the new assessed value has been established, the notice shall set out the tax rates for the immediately prior two tax years, the total amount of the new tax levy, based on the current tax rate at the time the notices are prepared, and the amounts of the total tax levies for the immediately prior two tax years, based on the final tax rates for those tax years multiplied by the final assessed values of land and improvements for those tax years, and the percentage changes in the new tax levy from the tax levies in the immediately prior two tax years.

If the tax rate that will apply to the new assessed value has not been established, then the notice shall set out the time and place of the next meeting of the local governing body at which public testimony will be accepted on any real estate tax rate changes. Additionally, in any county, city, or town that conducts an annual or biennial reassessment of real estate or in which reassessment of real estate is conducted primarily by employees of the county, city, or town under direction of the commissioner of the revenue, if ~~the proposed rate exceeds the lowered tax rate, as that term is described in subdivision C 2 of § 58.1-3321, the notice shall set out the effective tax rate increase, as that term is described in subdivision C 3 of § 58.1-3321~~ *the overall total assessed value of real property in the locality, excluding additional assessments due to new construction or improvements to real property, would result in an increase of one percent or more in the total real property tax levied in the locality, the notice shall set forth the tax rate that would levy the same amount of real estate tax as the previous year when multiplied by the new total assessed value of real estate, excluding additional assessments due to new construction or improvements to real property*. If this meeting will be more than 60 days from the date of the reassessment notice, then instead of the date of the meeting, the notice shall include information on when the date of the meeting will be set and where it will be publicized.

C. Any person other than the owner who receives such reassessment notice shall transmit the notice to such owner, at his last known address, immediately on receipt thereof and shall be liable to such owner in an action at law for liquidated damages in the amount of $25, in the event of a failure to so transmit the notice. Mailing such notice to the last known address of the property owner shall be deemed to satisfy the requirements of this section.

D. Notwithstanding the provisions of this section, if the address of the taxpayer as shown on the tax record is in care of a lender, the lender shall upon request furnish the county, city, or town a list of such property owners, together with their current addresses as they appear on the books of the lender, or the parties may by agreement permit the lender to forward such notices to the property owner, with the cost of postage to be paid by the county, city, or town.

[H 719]

Approved March 26, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-207, 22.1-253.13:1, as it shall become effective, and 22.1-279.9 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-207. Physical and health education.

A. Physical and health education shall be emphasized throughout the public school curriculum by lessons, drills, and physical exercises, and all pupils in the public elementary, middle, and high schools shall receive as part of the educational program such health instruction and physical training as shall be prescribed by the Board ~~of Education~~ and approved by the State Board of Health. Such health instruction shall incorporate standards that recognize the multiple dimensions of health by including mental health and the relationship of physical and mental health so as to enhance student understanding, attitudes, and behavior that promote health, well-being, and human dignity. Such health instruction may include an age-appropriate program of instruction on the safe use of and risks of abuse of prescription drugs that is consistent with curriculum guidelines developed by the Board and approved by the State Board of Health.

B. The Board shall develop Standards of Learning and curriculum guidelines for research-based hazing prevention instruction to be provided as a part of physical or health education instruction provided to students in grade nine or 10. Such Standards of Learning and curriculum guidelines for such research-based hazing prevention instruction shall include age-appropriate, extensive, and current education about hazing, including (i) examples of hazing; (ii) the dangers of hazing, including the consequences of alcohol intoxication; and (iii) school policies and laws relating to hazing, including criminal penalties and bystander intervention.

C. Each local school board shall provide as a part of physical or health education instruction provided to students in grade nine or 10 research-based hazing prevention instruction in accordance with the Standards of Learning and curriculum guidelines developed by the Board pursuant to subsection B. Such research-based hazing prevention instruction shall be offered in person, provided that each local school board shall provide options for virtual participation for any student who is enrolled in an online or virtual physical or health education program.

§ 22.1-253.13:1. (For effective date, see 2022 Acts cc. 549, 550, cl. 2) Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

The Board shall include in the Standards of Learning for physical and health education for grade nine or 10 research-based hazing prevention instruction, in accordance with the Standards of Learning and curriculum guidelines for research-based hazing prevention instruction developed by the Board pursuant to subsection B of § 22.1-207.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department. Local school divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time to be determined by the Superintendent. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. Each local school board may enter into agreements for postsecondary course credit, credential, certification, or license attainment, hereinafter referred to as College and Career Access Pathways Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. CHAPTER 145

An Act to amend and reenact §§ 3.2-6540 and 3.2-6540.03 of the Code of Virginia, relating to dangerous dogs; extending the time for adjudication.

[H 804]

Approved March 26, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 3.2-6540 and 3.2-6540.03 of the Code of Virginia are amended and reenacted as follows:

§ 3.2-6540. Dangerous dogs; investigation, summons, and hearing.

A. As used in this section, "dog" includes a hybrid canine as defined in § 3.2-6581.

B. Any law-enforcement officer or animal control officer who (i) has reason to believe that an animal is a dangerous dog and (ii) is located in the jurisdiction where the animal resides or in the jurisdiction where the act was committed may apply to a magistrate for the issuance of a summons requiring the owner, if known, to appear before a general district court at a specified time. The summons shall advise the owner of the nature of the proceeding and the matters at issue.

C. No law-enforcement officer or animal control officer shall apply for a summons pursuant to subsection B if, upon investigation, the officer finds (i) in the case of an injury to a companion animal that is a dog or cat, that no serious injury has occurred as a result of the attack or bite, that both animals are owned by the same person, or that the incident originated on the property of the attacking or biting dog's owner or (ii) in the case of an injury to a person, that the injury caused by the dog upon the person consists solely of a single nip or bite resulting only in a scratch, abrasion, or other minor injury. In determining whether serious injury to a companion animal that is a dog or cat has occurred, the officer may consult with a licensed veterinarian.

D. A law-enforcement officer or animal control officer who applies for a summons pursuant to subsection B shall provide the owner with written notice of such application. For 30 days following such provision of written notice, the owner shall not dispose of the animal other than by surrender to the animal control officer or by euthanasia by a licensed veterinarian. Following such provision of written notice, an owner who elects to euthanize a dog that is the subject of a dangerous dog investigation shall provide documentation of such euthanasia to the animal control officer.

E. If a law-enforcement officer successfully makes an application for the issuance of a summons pursuant to subsection B, he shall contact the local animal control officer and inform him of the location of the dog and the relevant facts pertaining to his belief that the dog is dangerous.

F. Following the issuance of a summons following an application pursuant to subsection B, an animal control officer may confine the animal until the evidence is heard and a verdict rendered. If the animal control officer determines that the

owner can confine the animal in a manner that protects the public safety, he may permit the owner to confine the animal until the evidence is heard and a verdict rendered. Upon being served with a summons for a dangerous dog, the owner shall not dispose of the animal, other than by euthanasia, until the case has been adjudicated. The court, through its contempt powers, may compel the owner of the animal to produce the animal and to provide documentation that it has been, or will be within three business days, implanted with electronic identification registered to the owner. The owner shall provide the registration information to the animal control officer.

G. Nothing in this section shall prohibit an animal control officer or law-enforcement officer from securing a summons for a hearing to determine whether a dog that is surrendered but not euthanized is a dangerous dog.

H. Unless good cause is determined by the court, the evidentiary hearing pursuant to the dangerous dog summons shall be ~~held not more than~~ *within* 30 days *or as soon as practicable* from the issuance of the summons. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt. The court shall determine that the animal is a dangerous dog if the evidence shows that it (i) killed a companion animal that is a dog or cat or inflicted serious injury on a companion animal that is a dog or cat, including a serious impairment of health or bodily function that requires significant medical attention, a serious disfigurement, any injury that has a reasonable potential to cause death, or any injury other than a sprain or strain or (ii) directly caused serious injury to a person, including laceration, broken bone, or substantial puncture of skin by teeth. Unless good cause is determined by the court, the appeal of a dangerous dog finding shall be heard within 30 days.

I. If after hearing the evidence the court finds that the animal is a dangerous dog, the court:

1. Shall order the animal's owner to comply with the provisions of this section and §§ 3.2-6540.01, 3.2-6542, and 3.2-6542.1;

2. May order the owner of the animal to pay restitution for actual damages to any person injured by the animal or whose companion animal was injured or killed by the animal. Such order shall not preclude the injured person from pursuing civil remedies, including damages that accrue after the original finding that the animal is a dangerous dog; and

3. May order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time as the animal is disposed of or returned to the owner.

J. If after hearing the evidence the court decides to defer further proceedings without entering an adjudication that the animal is a dangerous dog, it may do so, notwithstanding any other provision of this section. A court that defers further proceedings shall place specific conditions upon the owner of the dog, including the requirement that the owner provide documentation that the dog has been, or will be within three business days, implanted with electronic identification registered to the owner. The registration information shall be provided to the animal control officer. If the owner violates any of the conditions, the court may enter an adjudication that the animal is a dangerous dog and proceed as otherwise provided in this section. Upon fulfillment of the conditions, the court shall dismiss the proceedings against the animal and the owner without an adjudication that the animal is a dangerous dog.

K. No animal shall be found by the court to be a dangerous dog:

1. Solely because it is a particular breed;

2. If the threat, injury, or damage was sustained by a person who was (i) committing at the time a crime upon the premises occupied by the animal's owner; (ii) committing at the time a willful trespass upon the premises occupied by the animal's owner; or (iii) provoking, tormenting, or physically abusing the animal or can be shown to have repeatedly provoked, tormented, abused, or assaulted the animal at other times;

3. If the animal is a police dog that was engaged in the performance of its duties as such at the time of the act complained of;

4. If at the time of the acts complained of the animal was responding to pain or injury or was protecting itself, its kennel, its offspring, a person, or its owner's property;

5. As a result of killing or inflicting serious injury on a dog or cat while engaged with its owner as part of lawful hunting or participating in an organized, lawful dog handling event; or

6. If the court determines based on the totality of the evidence before it, or for other good cause, that the dog is not dangerous or a threat to the community.

L. If the owner of an animal found to be a dangerous dog is a minor, the custodial parent or legal guardian shall be responsible for complying with all requirements of this section and §§ 3.2-6540.01, 3.2-6540.02, 3.2-6540.03, 3.2-6540.04, 3.2-6542, and 3.2-6542.1.

§ 3.2-6540.03. Violation of law by owner of dangerous dog; penalty.

A. If an owner of an animal previously found to be a dangerous dog pursuant to § 3.2-6540 is charged with a violation of § 3.2-6540, 3.2-6540.01, 3.2-6540.02, or 3.2-6540.04, the animal control officer shall confine the dangerous dog until such time as evidence shall be heard and a verdict rendered pursuant to § 3.2-6540. Unless good cause is determined by the court, such evidentiary hearing shall be held within 30 days *or as soon as practicable* of the issuance of the summons. The court, through its contempt powers, may compel the owner of the animal to produce the animal.

B. Upon conviction, the court may (i) order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562 or (ii) grant the owner up to 30 days to comply with the requirements of § 3.2-6540.01, during which time the dangerous dog shall remain in the custody of the animal control officer until compliance has been verified. If the owner fails to achieve compliance within the time specified by the court, the court shall order the dangerous dog to be disposed of by a

local governing body pursuant to § 3.2-6562. The court may order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time that the animal is disposed of or returned to the owner.

C. Any owner of a dangerous dog who is charged with a violation pursuant to subsection A and is found to have willfully failed to comply with the requirements of § 3.2-6540, 3.2-6540.01, 3.2-6540.02, or 3.2-6540.04 is guilty of a Class 1 misdemeanor. The court may determine that a person convicted under this subsection shall be prohibited from owning, possessing, or residing on the same property with a dog.

These funds shall be paid annually to the Office of ~~Farm Land~~ *Working Lands* Preservation ~~and used to support the Virginia Agricultural Vitality Program~~ *within the Department of Forestry*.

§ 58.1-512. Land preservation tax credits for individuals and corporations.

A. 1. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia that is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

2. a. If the Commonwealth or an instrumentality thereof operates a facility on a conveyance, including charging fees for the use of such facility, such operation shall not disqualify the conveyance from eligibility for the tax credit, so long as any fees are used for conservation or preservation purposes.

b. If the Commonwealth or an instrumentality thereof enters into an agreement with a third party to lease or manage a facility on a conveyance, the fact that such third party is operated primarily as a business with intent for profit shall not disqualify the conveyance from eligibility for the tax credit, so long as such agreement is for conservation or preservation purposes.

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed $50,000 for 2000 taxable years; $75,000 for 2001 taxable years; $100,000 for each of 2002 through 2008 taxable years; $50,000 for each of 2009, 2010, and 2011 taxable years; $100,000 for each of 2012, 2013, and 2014 taxable years; $20,000 for each of 2015, 2016, and 2017 taxable years; and $50,000 for 2018 taxable years and for each taxable year thereafter. However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed shall not exceed $100,000 for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 consecutive taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, 2011, and 2015 and thereafter, any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation

restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance and Appropriations. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in § 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of $1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

a. A description of the conservation purpose or purposes being served by the donation;

b. The fair market value of land being donated in the absence of any easement or other restriction;

c. The public benefit derived from the donation;

d. The extent to which water quality best management practices will be implemented on the property; and

e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of $1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not

previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least $250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be $100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is filed. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is filed at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum $100 million allowed is reached for the calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

No credit shall be allowed for any land or interest in land conveyed unless (i) for a conveyance made before January 1, 2020, a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the third year following the calendar year of the conveyance or (ii) for a conveyance made on or after January 1, 2020, a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the second year following the calendar year of the conveyance. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. Solely for purposes of this condition, any application for which the Tax Commissioner has given written notice to the donor that the preparation of a second qualified appraisal is warranted shall be deemed timely filed, provided that the application was otherwise complete as of such filing deadline. For conveyances made on and after January 1, 2017, the deadlines provided by clauses (i) and (ii) of this subdivision shall be extended for any number of days exceeding 90 during which an application for tax credit is being reviewed for verification of conservation value by the Department of Conservation and Recreation, if the application was otherwise complete at the time of the original filing deadline.

b. Beginning with calendar year 2008, the $100 million amount contained in subdivision 4 a shall be increased by an amount equal to $100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year 2015, the maximum amount of credits that may be issued in a calendar year shall not exceed $75 million. In no case shall the Department issue any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed.

Beginning with the submission due on or before December 20, 2015, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and $75 million, but not more than $20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the Virginia Battlefield Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland *and Forestland* Preservation Fund to be used in accordance with § ~~3.2-201~~ *10.1-1119.3*.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by

the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

2. That Chapter 2 (§§ 3.2-200 through 3.2-205) of Title 3.2 of the Code of Virginia is repealed.

3. That by July 1 of each year, the Department of Environmental Quality shall report to the Department of Forestry the following information about nonpoint source nutrient credits certified in the previous year pursuant to § 62.1-44.19:20 of the Code of Virginia and 9VAC25-900 of the Administrative Code of Virginia that involve land use conversion: (i) the name of the nonpoint source nutrient credit-generating practice, (ii) the acreage of the forest or agricultural lands that could be impacted by the nonpoint source nutrient credits, and (iii) the location of the generation of the nonpoint source nutrient credits, including the locality in which such nonpoint source nutrient credit-generating practice is located.
