The suspension required by the provisions of § 46.2-417 shall continue except as otherwise provided by §§ 46.2-421 and 46.2-423 until the person satisfies the judgment or judgments as prescribed in § 46.2-419 and gives proof of his financial responsibility in the future. However, the judgment debtor whose driving privileges, registration certificates, and license plates have been so suspended may petition the court that entered the judgment for reinstatement of his driving privileges, registration certificates, and license plates and the court may order reinstatement if the judgment has not been satisfied, provided the judgment debtor proves by a preponderance of the evidence that the judgment debtor (i) is unable, after examination of the records of the Department and the court reflecting that suspension and the exercise of due diligence, to locate the person to whom payment is due or, if the person to whom payment is due is dead, the judgment debtor is unable to identify either who are his heirs and assignees, or where they are located, and (ii) has paid into the court an amount equal to the judgment, court costs, and all interest that has accrued up to the date payment was made to the court. Any payment made to the court under this section shall be held for one year and, if unclaimed by the judgment creditor during that period, shall be transmitted by the court to the State Treasurer or his designee to be disposed of pursuant to the Virginia Disposition of Unclaimed Property Act (§ 55.1-2500 et seq.).

Upon receipt of such an order, the Commissioner shall reinstate the driving privileges, registration certificates, and license plates of the judgment debtor, provided the judgment debtor has given proof of his financial responsibility in the future and satisfied all other reinstatement requirements as provided in this chapter.

Notwithstanding the provisions of this article, a judgment debtor whose driving privileges have been suspended pursuant to this article may petition the court that entered the judgment for a restricted license to operate a motor vehicle during the period of suspension and the court may, for good cause shown, order the issuance of such restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. Such restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be punished as provided § 46.2-301. No restricted license issued pursuant to this section shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

The motor vehicle involved in the accident on which the suspension under § 46.2-417 is based shall not be registered in the name of any other person when the Commissioner has reasonable grounds to believe that the registration of the vehicle will have the effect of defeating the purpose of the chapter and no other motor vehicle shall be registered, and no driver's license or learner's permit shall be issued in the name of the person suspended, except as prescribed in § 46.2-437 until the suspension is terminated.

This section shall not relieve any person from giving or maintaining proof of his financial responsibility when he is required so to do for some reason rather than having been involved in a motor vehicle accident.

§ 22.1-214.4. Certain duties of Department.

The Department shall:

1. Provide training and guidance documents to local school divisions on the development of individualized education programs (IEPs) for children with disabilities that incorporate specific examples of high-quality present level of performance descriptions, annual goals, and postsecondary transition sections.

2. Develop a required training module for each individual who participates in an IEP meeting that comprehensively addresses and explains in detail (i) each IEP team member's respective role in the IEP meeting, (ii) the IEP development process, and (iii) components of effective IEPs. The training module shall be required for all IEP participants, with the exception of parents, prior to participating in an IEP meeting and at regular intervals thereafter.

3. Annually conduct structured reviews of a sample of IEPs from a sufficiently large sample of local school divisions to verify that the IEPs are in compliance with state and federal laws and regulations governing IEP content, and provide a summary report of the findings of such reviews and recommendations regarding any necessary corrective actions to the reviewed divisions' superintendents, special education directors, school board chairs and vice-chairs, and local special education advisory committees. In reviewing local school divisions' IEPs, the Department shall determine whether the special education and related services, supplementary aids and services, and program modifications that will be provided to enable students with disabilities to participate in nonacademic and extracurricular activities are sufficient, and include its findings and corrective actions in the summary reports it provides to the reviewed local school divisions' superintendents, special education directors, and school board members. Nothing in this section shall be construed to (i) direct the Department to make determinations regarding whether a particular IEP provides a free appropriate public education to any individual student or (ii) authorize the Department to override a parent's consent to proposed revisions to an individual student's IEP. In determining corrective actions, the Department shall make recommendations to the relevant school division regarding, among other things, those individual IEPs for which the IEP team should convene to consider revisions necessary to incorporate content required by special education regulations. For those individual IEPs for which the Department recommends that the IEP team should convene to consider such revisions, the relevant school division shall notify the relevant parents or caregivers of the recommendations issued in the summary report of the structured review conducted pursuant to this subdivision.

4. Develop and maintain a statewide plan for improving (i) its ongoing oversight of local practices related to transition planning and services for children with disabilities and (ii) technical assistance and guidance provided for postsecondary transition planning and services for children with disabilities. At a minimum, such plan shall articulate how the Department will reliably and comprehensively assess the compliance and quality of transition plans for children with disabilities on an ongoing basis and communicate findings to local school division staff and local school boards. The Department shall, no later than December 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.

5. Develop and maintain a statewide strategic plan for recruiting and retaining special education teachers. At a minimum, such plan shall (i) use data analyses to determine the specific staffing needs of each local school division on an ongoing basis; (ii) evaluate the potential effectiveness of strategies for addressing recruitment and retention challenges, including tuition assistance, differentiated pay for special education teachers, and the expansion of special education teacher mentorships; and (iii) estimate the costs of implementing each such strategy, including the extent to which federal funds could be used to support implementation. The Department shall, no later than November 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.

6. In order to (i) address variation in rates of determinations of student eligibility for special education and related services both across local school divisions in the Commonwealth and based on specific student disabilities, (ii) promote consistency in such eligibility determinations, and (iii) ensure equal access to special education and related services across local school divisions, (a) *review and* update ~~its special education eligibility~~ *all forms and* worksheets ~~as necessary~~ *relating to referral, evaluation, reevaluation, and eligibility*, including clarifying any ambiguity or vagueness in *the standard for providing an initial evaluation or in* eligibility criteria~~, and~~*;* (b) ~~provide to each local school division the appropriate level of~~ *review and update* guidance on *the implementation of such referral, evaluation, reevaluation, and eligibility forms and worksheets and the legal obligations of local school boards to conduct initial evaluations and make* eligibility determinations for special education and related services*; and (c) develop high-quality professional development to support the implementation of such referral, evaluation, reevaluation, and eligibility guidance, forms, and worksheets*.

7. (i) Develop criteria for what constitutes "exceptional circumstances" that warrant extension of the 60-calendar day regulatory timeline for complaint investigations and include the criteria in its publicly available complaint resolution procedures, (ii) consistently track the Department's receipt of each sufficient complaint and its issuance of the respective letter of findings, and (iii) require staff to report at least quarterly to the Superintendent ~~of Public Instruction~~ on the specific reasons for granting an extension due to "exceptional circumstances" and the amount of time it took to complete each investigation beyond the 60-calendar day regulatory timeline.

8. Develop policies and procedures for considering and addressing credible allegations of local education agency (LEA) noncompliance with the requirements of the Individuals with Disabilities Education Act (P.L. 101-476) that do not meet the current regulatory standard for state complaints. Such policies and procedures shall include expectations and mechanisms for collaboration between the Office of Dispute Resolution and Administrative Services and the Office of Special Education Program Improvement in the Division of Special Education and Student Services at the Department to investigate and resolve such credible allegations of noncompliance that do not qualify for state complaint investigations.

9. Elevate the position of ~~parent ombudsman~~ *State Parent Ombudsman* for ~~special education to~~ *Special Education. The Department shall make the summary available in multiple languages on its website *and as part of the Virginia IEP established pursuant to subdivision 11*.

10. Develop and implement a process for systematically auditing and verifying school divisions' self-determinations of compliance with all Individuals with Disabilities Education Act (P.L. 101-476) performance indicators. The verification process shall include a random sample of school divisions each year and ensure that all school divisions' self-determinations are reviewed and verified no less frequently than once every five years.

11. Develop, establish, review and update as necessary at least once every five years, and make available to each local school board an IEP writing, facilitation, tracking, and transfer system to be referred to as the Virginia IEP that includes, at a minimum, an IEP template component and a data system component. The Department shall ensure that such data system component allows for secure transfer of data from division student information systems to the Department. The Department shall also develop and make available to each local school board guidance on the utilization of the Virginia IEP and high-quality professional development to support (i) the effective utilization of the Virginia IEP and (ii) the implementation of instructional practices to support the provision of specially designed instruction in inclusive settings.

12. Develop and publish a data dashboard for the annual public reporting, on a date to be determined by the Superintendent, of state-level, division-level, and school-level special education data, disaggregated by disability type and by subgroups of students with disabilities, including by race, ethnicity, economic disadvantage, English learner status, foster care status, and unhoused status, except when such disaggregation would result in the disclosure of any student's personally identifiable information in violation of relevant federal and state law. Such data dashboard shall include disaggregated (i) results on the early literacy screener provided by the Department, the Virginia Kindergarten Readiness Program, and Standards of Learning assessments and (ii) college and career readiness and learning climate measures.

§ 22.1-214.5. Special education family support centers.

The Parent Training and Information Center in the Commonwealth designated pursuant to 20 U.S.C. § 1471(e) shall establish special education family support centers in eight distinct regions of the Commonwealth that shall each (i) be staffed by a regional special education family liaison employed by such center, (ii) coordinate with special education parent/family liaisons required to be designated pursuant to subsection R of § 22.1-253.13:2, (iii) develop and implement outreach and support to parents of children with disabilities in its region, and (iv) track and report to the State Parent Ombudsman for Special Education data on questions and concerns raised by parents.

§ 22.1-253.13:2. (For effective date, see Acts 2022, cc. 549 and 550, cl. 2) Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors or certain other licensed individuals as set forth in subdivision H 4, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the general appropriation act, shall be provided to support (i) 18.5 full-time equivalent instructional positions in the 2020-2021 school year for each 1,000 students identified as having limited English proficiency and (ii) 20 full-time equivalent instructional positions in the 2021-2022 school year and thereafter for each 1,000 students identified as having limited English proficiency, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ one reading specialist for each 550 students in kindergarten through grade five and one reading specialist for each 1,100 students in grades six through eight. Each such reading specialist shall have training in science-based reading research and evidence-based literacy instruction practices. In addition, each such reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a

related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board. Local school divisions that employ a sufficient number of reading specialists to meet this staffing standard may assign reading specialists to grade levels according to grade levels with greatest need, regardless of the individual staffing standards established for grades kindergarten through five and six through eight.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to student enrollment:

1. Principals, one full-time in each elementary school, middle school, and high school, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors, one full-time equivalent position per 325 students in grades kindergarten through 12.

However, in order to meet the staffing requirements set forth in this subdivision, any local school board (i) may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, any professional counselor licensed by the Board of Counseling, clinical social worker licensed by the Board of Social Work, psychologist licensed by the Board of Psychology, or other licensed counseling professional with appropriate experience and training, provided that any such individual makes progress toward completing the requirements for full licensure as a school counselor during such period of employment or (ii) in the event that the school board does not receive any application from a licensed school counselor, professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training to fill a school counselor vacancy in the school division, may enter into an annual contract with another entity for the provision of school counseling services by a licensed professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training. Local school boards that employ a sufficient number of individuals to meet the staffing requirements set forth in this subdivision may assign such individuals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors or certain other licensed individuals as set forth in subdivision H 4, and shall be based on the school's total enrollment. The Board may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year.

Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each school board shall provide at least three specialized student support positions per 1,000 students. For purposes of this subsection, specialized student support positions include school social workers, school psychologists, school nurses, licensed behavior analysts, licensed assistant behavior analysts, and other licensed health and behavioral positions, which may either be employed by the school board or provided through contracted services.

In order to fill vacant school psychologist positions, any local school board may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, clinical psychologists licensed by the Board of Psychology, provided that any such individual makes progress toward completing the requirements for full licensure as a school psychologist during such period of employment.

P. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social work administrative positions not included in subsection O; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral administrative positions not included in subsection O;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

Q. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

R. Each local school board shall designate a faculty member to serve as a special education parent/family liaison. The special education parent/family liaison shall serve as a resource to parents and families to understand and engage in (i) the referral, evaluation, reevaluation, and eligibility process if they suspect that their child has a disability and (ii) the IEP process and shall work in collaboration with the special education family support centers established pursuant to § 22.1-214.5. Each school board shall post the name of the designated special education parent/family liaison publicly on its website.

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board and meet such other requirements as may be prescribed by the local school board and approved by the Board. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who ~~complete~~*:*

1. Complete alternative requirements, in the form of credit accommodations specified in their individualized education programs, to earn required standard and verified credits shall be awarded standard diplomas by local school boards. Such credit accommodations may include (i) approval of alternative courses to meet standard credit requirements, (ii) modifications to the requirements for local school divisions to award locally awarded verified credits, (iii) approval of additional tests to earn verified credits, (iv) adjusted cut scores required to earn verified credits, (v) allowance of work-based learning experiences, and (vi) special permission credit accommodations for locally awarded verified credits; and

2. Complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards. The Board shall develop and implement statewide requirements for earning an Applied Studies diploma for implementation at the beginning of the 2022-2023 school year.

~~Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.~~

The Department shall develop guidance, in multiple languages, for students and parents *(i) informing them of the alternative path to earn a standard diploma through credit accommodations, including special permission credit accommodations for locally awarded verified credits; (ii)* conveying ~~(i)~~ *(a)* the limitations of the applied studies diploma, ~~(ii)~~ *(b)* key curriculum and testing decisions that reduce the likelihood that a student will be able to obtain a standard diploma, and ~~(iii)~~ *(c)* a statement that the pursuit of an applied studies diploma may preclude a student's ability to pursue a standard diploma*; and (iii) supporting them to discuss these diploma options at the student's individualized education program meetings*.

Each local school board shall *develop a process for awarding locally verified credits to students with disabilities, require individualized education program teams to consider credit accommodations, including locally awarded verified credits, for students with disabilities to enable them to earn a standard diploma, and* provide guidance from the Department to parents of students with disabilities regarding *the availability of credit accommodations to earn a standard diploma and the limitations of* the Applied Studies diploma ~~and its limitations~~ at a student's annual individualized education program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students (i) complete an Advanced Placement, honors, International Baccalaureate, or dual enrollment course; (ii) complete a high-quality work-based learning experience, as defined by the Board; or (iii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board.

School boards shall report annually to the Board the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications, or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements and the subsequent award of a high school diploma (i) upon the Board's initiative, (ii) at the request of a local school board, or (iii) upon the request of the parent of any high school senior who died in good standing prior to graduation during the student's senior year. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

B. Except as provided in subsection C, this chapter shall apply regardless of the source of financing, whether it is general fund, nongeneral fund, federal trust fund, state debt, or institutional debt.

"Covered institution" means a public institution of higher education operating (i) subject to a management agreement set forth in Article 4 (§ 23.1-1004 et seq.) of Chapter 10 of Title 23.1, (ii) under a memorandum of understanding pursuant to § 23.1-1003, or (iii) under the pilot program authorized in the appropriation act.

"Department" means the Department of General Services.

"Design-bid-build" means a project delivery method in which a public body sequentially awards two separate contracts, the first for professional services to design the project and the second utilizing competitive sealed bidding for construction of the project according to the design.

"Design-build contract" means a contract between a public body and another party in which the party contracting with the public body agrees to both design and build the structure, or other item specified in the contract.

CHAPTER 470

An Act to amend and reenact § 46.2-819.3:1 of the Code of Virginia, relating to toll facilities; vehicle owner.

[H 1110]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-819.3:1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company *that meets the requirements for such companies set forth in this section*.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or

proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed $100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of the toll violation, the administrative fee shall not exceed $25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection I and may not seek withholding of registration or renewal thereof under subsection L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, $50; for a second offense within one year from the first offense, $100; for a third offense within two years from the second offense, $250; and for a fourth and any subsequent offense within three years from the second offense, $500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed $2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection I was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection I that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the owner of the vehicle.

K. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection J as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a $40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection J as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and such person has (a) failed to pay the unpaid tolls and administrative fees and (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a $40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

M. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

N. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

O. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of $25 for a first or second offense or $50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

P. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

Q. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

CHAPTER 471

An Act to amend the Code of Virginia by adding a section numbered 2.2-2240.2:2, relating to Virginia Business Ready Expedited Permitting Program; established.

[H 1125]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 2.2-2240.2:2 as follows:

§ 2.2-2240.2:2. Virginia Business Ready Expedited Permitting Program.

A. For purposes of this section:

"Eligible site" means a site that meets the qualifications for a site development grant pursuant to § 2.2-2240.2:1, including sites located in Region 1 or 2 that meet the requirements of such section.

"Program" means the Virginia Business Ready Expedited Permitting Program.

"Project" means an economic development project by a traded-sector company involving significant capital investment and new job creation in the locality in which the project is located.

"Traded-sector company" means a company that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

B. There is hereby created the Virginia Business Ready Expedited Permitting Program to accomplish the objectives described in this section. The Authority shall annually designate up to two eligible sites and four projects for participation in the Program. Sites and projects eligible for the Program shall include only (i) eligible sites or (ii) projects with significant local, regional, or statewide economic impact that the governing body of the locality in which the project is located has either (a) approved following a public meeting or hearing or (b) submitted, by resolution, for consideration to be included in the Program. No more than two eligible sites or projects shall be designated as part of the Program within one locality annually. Where possible, eligible sites or projects designated by the Authority for participation in the Program shall be equitably distributed geographically throughout the Commonwealth.

C. For any eligible site or project designated by the Authority for participation in the Program, the Authority shall complete a review process within 45 days of such designation. Such review process shall (i) reduce permitting conflicts by providing guidance regarding the permits needed from each agency or governmental entity and steps the applicant can take to expedite permit application review and (ii) provide guidance regarding site planning and development, site suitability and limitations, and facility design. For projects requiring multiple agency permits, the Authority may designate one agency as the lead agency to coordinate the overall permit reviews for the project.

D. For any complete application for a permit or request for approval associated with an eligible site or project designated by the Authority as part of the Program and submitted to a local governmental entity or state agency, whether or not independent, such agency or other entity shall render a decision on the application within 180 days. However, after consultation with the Authority, an applicant and the relevant agency or governmental entity may agree, by memorandum of understanding, to authorize a timeline for rendering decisions that exceeds 180 days. If an agency or other entity requires additional information or documentation from an applicant, including information to render the application or request complete, the agency or other entity shall notify the applicant within 60 days of receipt of the permit application or request for approval. Upon receipt of such request for additional information, an applicant shall respond to the agency or other entity with the required information or documentation within 45 days. If the applicant exceeds the 45-day response timeline, then the 180-day timeline governing an agency or other entity for approval decisions shall be extended by the same number of days by which the 45-day response timeline was exceeded. If the applicant does not provide the additionally requested information within 135 days of the request, the applicant will be deemed noncompliant and shall no longer be designated as participating in the Program, and the Authority may designate an alternative site or project to participate in the Program in its place. If an agency or other governmental entity requires an approval or affirmative action from (i) a federal entity or (ii) an agency or other public or private entity over which the agency or other governmental entity does not exercise control, before a decision can be rendered, then the 180-day timeline shall be extended by the number of days during which a decision on such approval or affirmative action is pending.

E. Nothing in this section shall be construed to limit or eliminate any legally required opportunities for public comment or input related to a requested permit or approval. If any such public comment or input would require the permitting or approval process to extend beyond 180 days, the 180-day timeline shall be extended by the number of days necessary to provide the full public comment or input period required by law.

F. All local government entities and state agencies, whether or not independent, shall cooperate with the Authority in carrying out the provisions of this section.

2. That the provisions of the first enactment of this act shall become effective on January 1, 2025, and shall expire on June 30, 2028. No project shall be considered eligible to enter the Virginia Business Ready Expedited Permitting Program established pursuant to this act after December 31, 2027.

3. That every state agency, whether or not independent, that issues permits or approvals for eligible sites, as that term is defined in § 2.2-2240.2:2 of the Code of Virginia, as created by this act, shall establish guidelines and procedures for implementing a comprehensive permit review and evaluation pursuant to the Virginia Business

Ready Expedited Permitting Program established pursuant to this act by January 1, 2025. The preparation of the guidelines shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq. of the Code of Virginia) of the Administrative Process Act. Such guidelines shall be published on the Virginia Regulatory Town Hall.

4. That the Virginia Economic Development Partnership Authority shall report annually by December 1 to the Senate Committee on Finance and Appropriations and the House Committee on Appropriations on the progress of the Virginia Business Ready Expedited Permitting Program (the Program) established pursuant to this act for the duration of the Program.

CHAPTER 472

An Act to amend the Code of Virginia by adding a section numbered 18.2-251.5, relating to manufacturing, selling, giving, distributing, or possessing xylazine; penalties.

[H 1187]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 18.2-251.5 as follows:

§ 18.2-251.5. Manufacturing, selling, giving, distributing, or possessing xylazine; penalties.

A. Any person who knowingly manufactures, sells, gives, distributes, or possesses with the intent to manufacture, sell, give, or distribute the substance xylazine, when intended for human consumption, is guilty of a Class 5 felony.

B. Any person who knowingly possesses the substance xylazine, when intended for human consumption, is guilty of a Class 1 misdemeanor.

C. Notwithstanding subsections A and B, it shall not be an offense to (i) manufacture xylazine for legitimate veterinary use; (ii) distribute or sell xylazine for authorized veterinary use; (iii) possess, administer, prescribe, or dispense xylazine in good faith for use by animals within the course of legitimate veterinary practice; or (iv) possess or administer xylazine pursuant to a valid prescription from a licensed veterinarian.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1 of the Acts of Assembly of 2023, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 473

An Act to amend and reenact § 40.1-51.20 of the Code of Virginia, relating to Department of Labor and Industry; asbestos and lead project permit; usage of licensing fees.

[H 1215]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 40.1-51.20 of the Code of Virginia is amended and reenacted as follows:

§ 40.1-51.20. Duties of licensed asbestos and certified lead contractors.

A. A licensed asbestos contractor and any certified lead contractor shall notify the Department of Labor and Industry at least twenty days prior to commencement of each asbestos or lead project. Notification shall be sent in a manner prescribed by the Department of Labor and Industry. The Department of Labor and Industry shall have the authority to waive all or any part of the twenty-day notice.

B. A licensed asbestos contractor or certified lead contractor shall obtain an asbestos or lead project permit from the Department of Labor and Industry prior to commencing each asbestos or lead project in accordance with this chapter and shall pay directly to the Commissioner a fee as established by the Safety and Health Codes Board pursuant to the Administrative Process Act (§ 2.2-4000 et seq.). The fees shall be sufficient but not excessive to cover the cost of administering the program. All fees collected pursuant to this section shall be paid into a special fund in the state treasury to the credit of the Department of Labor and Industry and shall be used in carrying out the Department's mission under this chapter *and the Virginia Asbestos NESHAP Act (§ 40.1-51.23 et seq.)*.

The provisions of this subsection shall not apply to asbestos projects in residential buildings as defined by the Board in regulations adopted pursuant to the Administrative Process Act (§ 2.2-4000 et seq.).

C. A licensed asbestos contractor or certified lead contractor shall keep a record of each asbestos or lead project performed and shall make the record available to the Departments of Professional and Occupational Regulation and of Labor and Industry upon request. Records required by this section shall be kept for at least thirty years. The records shall include:

1. The name, address, and asbestos or lead supervisor's license or certification number of the individual who supervised the asbestos or lead project and each employee or agent who worked on the project;

2. The location and description of the project and the amount of asbestos or lead material that was removed;

3. The starting and completion dates of each project and a summary of the procedures that were used to comply with all federal and state standards; and

4. The name and address of each disposal site where waste containing asbestos or lead was deposited, the results of the lead toxicity characteristic test, and the disposal site receipts.

CHAPTER 474

An Act to amend and reenact § 46.2-345.2 of the Code of Virginia, relating to the Department of Motor Vehicles; fees.

[H 1224]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-345.2 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-345.2. Issuance of special identification cards without photographs; fee; confidentiality; penalties.

A. On the application of any person with a sincerely held religious belief prohibiting the taking of a photograph who is a resident of the Commonwealth and who is at least 15 years of age, the Department shall issue a special identification card without a photograph to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant's full legal name; year, month, and date of birth; social security number; sex; and residence address. Applicants shall be permitted to choose between "male," "female," or "non-binary" when designating the applicant's sex on the application form;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

3. The applicant presents an approved and signed U.S. Department of the Treasury Internal Revenue Service (IRS) Form 4029 or if such applicant is a minor, the applicant's parent or legal guardian presents an approved and signed IRS Form 4029; and

4. The applicant does not hold a driver's license, commercial driver's license, temporary driver's permit, learner's permit, motorcycle learner's permit, or special identification card.

B. The fee for the issuance of an original, duplicate, ~~or~~ reissue*, or renewal* special identification card without a photograph is ~~$10~~ *$2* per year, with a ~~$20~~ *$10* minimum fee.

C. Every special identification card without a photograph shall expire on the applicant's birthday at the end of the period of years for which a special identification card without a photograph has been issued. At no time shall any special identification card without a photograph be issued for more than eight years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for re-issue due to circumstances beyond its control or (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. A special identification card without a photograph issued under this section may be similar in size, shape, and design to a driver's license and shall not include a photograph of its holder. The card shall be readily distinguishable from a driver's license and shall clearly state that federal limits apply, that the card is not valid identification to vote, and that the card does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card without a photograph shall appear in person before the Department to apply for a duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Unless otherwise prohibited by law, a valid Virginia driver's license or special identification card shall be surrendered for a special identification card without a photograph without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license or special identification card is unexpired and has not been revoked, suspended, or canceled. The special identification card without a photograph shall be considered a reissue, and the expiration date shall be the last day of the month of the surrendered driver's license's or special identification card's month of expiration.

F. Any personal information, as identified in § 2.2-3801, that is retained by the Department from an application for the issuance of a special identification card without a photograph is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

G. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for a special identification card without a photograph or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application is guilty of a Class 2 misdemeanor. However, where the special identification card without a photograph is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

H. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card without a photograph that the applicant has any condition listed in subsection K of § 46.2-342.

I. The Department shall establish a method by which an applicant for an original, reissued, or renewed special identification card without a photograph may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his special identification card without a photograph and in his record. Such notation on the special identification card without a photograph shall only be used by emergency medical services agencies in providing emergency medical support. Upon written request of the license holder or his legal guardian to have the designation removed, the Department shall issue the special identification card without a photograph without such designation upon the payment of applicable fees.

Notwithstanding any other provision of law, the Department shall not disclose any data collected pursuant to this subsection except to the subject of the information and by designation on the special identification card without a photograph. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on a special identification card without a photograph, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

J. Unless the Code specifies that a photograph is required, a special identification card without a photograph shall be treated as a special identification card.

CHAPTER 475

[H 1256]

Proof of embezzlement shall be sufficient to sustain the charge of larceny. Any person convicted hereunder shall be deemed guilty of larceny and may be indicted as for larceny and upon conviction shall be punished as provided in § 18.2-95 or § 18.2-96.

B. A prosecution for a violation of this section may be had in (i) any place of venue under Article 2 (§ 19.2-244 et seq.) of Chapter 15 of Title 19.2 or (ii) any county or city where the victim of the embezzlement resides.

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-200 of the Code of Virginia is amended and reenacted as follows:

§ 59.1-200. Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

F. The board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions and, unless exempted by § 30-140, it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing body of the locality and shall be open to public inspection.

Two copies of the report concerning issuance of bonds required to be filed with the United States Internal Revenue Service shall be certified as true and correct copies by the secretary or assistant secretary of the authority. One copy shall be furnished to the governing body of the locality and the other copy mailed to the Department of Small Business and Supplier Diversity.

CHAPTER 487

An Act to amend and reenact § 8.01-407 of the Code of Virginia, relating to subpoenas; release of witness.

[H 1435]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-407 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-407. How summons for witness issued and to whom directed; how witness released from subpoena; prior permission of court to summon certain officials and judges.

A. A summons may be issued, directed as prescribed in § 8.01-292, commanding the officer to summon any person to attend on the day and at the place that such attendance is desired, to give evidence before a court, grand jury, arbitrators, magistrate, notary, or any commissioner or other person appointed by a court or acting under its process or authority in a judicial or quasi-judicial capacity. The summons may be issued by the clerk of the court if the attendance is desired at a court or in a proceeding pending in a court. The clerk shall not impose any time restrictions limiting the right to properly request a summons up to and including the date of the proceeding:

If attendance is desired before a commissioner in chancery or other commissioner of a court, the summons may be issued by the clerk of the court in which the matter is pending, or by such commissioner in chancery or other commissioner;

If attendance is desired before a notary or other officer taking a deposition, the summons may be issued by such notary or other officer at the instance of the attorney desiring the attendance of the person sought;

If attendance is sought before a grand jury, the summons may be issued by the attorney for the Commonwealth, or the clerk of the court, at the instance of the attorney for the Commonwealth.

Except as otherwise provided in this subsection, if attendance is desired in a civil proceeding pending in a court or at a deposition in connection with such proceeding, including medical malpractice review panels, and a claim before the Workers' Compensation Commission, a summons may be issued by an attorney-at-law who is an active member of the Virginia State Bar at the time of issuance, as an officer of the court. An attorney-issued summons shall be on a form approved by the Supreme Court, signed by the attorney and shall include the attorney's address. The summons and any transmittal sheet shall be deemed to be a pleading to which the provisions of § 8.01-271.1 shall apply. A copy of the summons and, if served by a sheriff, all service of process fees, shall be mailed or delivered to the clerk's office of the court in which the case is pending or the Workers' Compensation Commission, as applicable, on the day of issuance by the attorney. The law governing summonses issued by a clerk shall apply mutatis mutandis. When an attorney-at-law who is an

active member of the Virginia State Bar transmits one or more attorney-issued subpoenas to a sheriff to be served in his jurisdiction, such subpoenas shall be accompanied by a transmittal sheet. The transmittal sheet, which may be in the form of a letter, shall contain for each subpoena (i) the person to be served, (ii) the name of the city or county in which the subpoena is to be served, in parentheses, (iii) the style of the case in which the subpoena was issued, (iv) the court in which the case is pending, and (v) the amount of fees tendered or paid to each clerk in whose court the case is pending together with a photocopy of either (a) the payment instrument and a photocopy of the letter sent to the clerk's office that accompanied such payment instrument or (b) the clerk's receipt. If copies of the same transmittal sheet are used to send subpoenas to more than one sheriff for service of process, then subpoenas shall be grouped by the jurisdiction in which they are to be served. For each person to be served, an original subpoena and copy thereof shall be included. If the attorney desires a return copy of the transmittal sheet as proof of receipt, he shall also enclose an additional copy of the transmittal sheet together with an envelope addressed to the attorney with sufficient first class postage affixed. Upon receipt of such transmittal, the transmittal sheet shall be date-stamped and, if the extra copy and above-described envelope are provided, the copy shall also be date-stamped and returned to the attorney-at-law in the above-described envelope.

However, when such transmittal does not comply with the provisions of this section, the sheriff may promptly return such transmittal if accompanied by a short description of such noncompliance. An attorney may not issue a summons in any of the following civil proceedings: (1) habeas corpus under Article 3 (§ 8.01-654 et seq.) of Chapter 25, (2) delinquency or abuse and neglect proceedings under Article 3 (§ 16.1-241 et seq.) of Chapter 11 of Title 16.1, (3) civil forfeiture proceedings, (4) administrative license suspension pursuant to § 46.2-391.2, and (5) petition for writs of mandamus or prohibition in connection with criminal proceedings. A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date that attendance is desired.

In other cases, if attendance is desired, the summons may be issued by the clerk of the circuit court of the county or city in which the attendance is desired.

A summons shall express on whose behalf, and in what case or about what matter, the witness is to attend. Failure to respond to any such summons shall be punishable by the court in which the proceeding is pending as for contempt. When any subpoena is served less than five calendar days before appearance is required, the court may, after considering all of the circumstances, refuse to enforce the subpoena for lack of adequate notice. If any subpoena is served less than five calendar days before appearance is required upon any judicial officer generally incompetent to testify pursuant to § 19.2-271, such subpoena shall be without legal force or effect unless the subpoena has been issued by a judge.

Following the issuance of ~~an attorney-issued~~ *a* subpoena *issued at the request of a party or by or at the request of an attorney representing a party*, the person to whom such subpoena is directed may be released from compliance with such subpoena by any attorney for the party on whose behalf the subpoena was issued, *by a party requesting the subpoena,* or *by* a person acting on behalf of such attorney, provided that, in civil cases only, notwithstanding § 19.2-267, such release ~~be~~ *is* in writing and served concurrently on all other parties, or, if any such party is represented by counsel, on the attorney of record, by electronic mail, notwithstanding the requirements of Rule 1:12 of the Rules of Supreme Court of Virginia. A copy of such written release shall also be sent to the clerk of the court via fax or, if available, through the clerk's electronic filing system. For purposes of this paragraph, (A) a release transmitted by electronic mail to the person to whom such subpoena was directed qualifies as a written release from such subpoena and (B) a copy of such written release shall be served contemporaneously on all other parties by electronic mail.

B. No subpoena shall, without permission of the court first obtained, issue for the attendance of the Governor, Lieutenant Governor, or Attorney General of ~~this~~ *the* Commonwealth, a judge of any court thereof; the President or Vice President of the United States; any member of the President's Cabinet; any ambassador or consul; or any military officer on active duty holding the rank of admiral or general.

CHAPTER 488

An Act to amend and reenact § 58.1-3916 of the Code of Virginia, relating to omitted taxes; installment agreements.

[H 1503]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3916 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3916. Counties, cities, and towns may provide dates for filing returns and set penalties, interest, etc.

Notwithstanding provisions contained in §§ 58.1-3518, 58.1-3900, 58.1-3913, 58.1-3915, and 58.1-3918, the governing body of any county, city, or town may provide by ordinance the time for filing local license applications and annual returns of taxable tangible personal property, machinery and tools, and merchants' capital. The governing body may also by ordinance establish due dates for the payment of local taxes; may provide that payment be made in a single installment or in two equal installments; may offer options, which may include coupon books and payroll deductions, which allow the taxpayer to determine whether to pay the tangible personal property tax through monthly, bimonthly, quarterly, or semiannual installments or in a lump sum, provided such taxes are paid in full by the final due date; may provide by ordinance penalties for failure to file such applications and returns and for nonpayment in time; may provide for payment of interest on delinquent taxes; and may provide for the recovery of reasonable attorney's or collection agency's fees actually

contracted for, not to exceed 20 percent of the delinquent taxes and other charges so collected. A locality that provides for payment of interest on delinquent taxes shall provide for interest at the same rate on overpayments due to erroneously assessed taxes to be paid to the taxpayer, provided that no interest shall be required to be paid on such refund if (i) the amount of the refund is $10 or less or (ii) the refund is the result of proration pursuant to § 58.1-3516. A court that finds that an overpayment of local taxes has been made in an action brought pursuant to § 58.1-3984 shall award interest at the appropriate rate, notwithstanding the failure of the locality to conform its ordinance to the requirements of this section.

Notwithstanding any contrary provision of law, the local governing body shall allow an automatic extension on real property taxes imposed upon a primary residence and personal property taxes imposed upon a qualifying vehicle, as defined in § 58.1-3523, owed by members of the armed services of the United States deployed outside of the United States. Such extension shall end and the taxes shall be due 90 days following the completion of such member's deployment. For purposes of this section, "the armed services of the United States" includes active duty service with the regular Armed Forces of the United States or the National Guard or other reserve component.

No tax assessment or tax bill shall be deemed delinquent and subject to the collection procedures prescribed herein during the pendency of any administrative appeal under § 58.1-3980, so long as the appeal is filed within 90 days of the date of the assessment, and for 30 days after the date of the final determination of the appeal, provided that nothing in this paragraph shall be construed to preclude the assessment or refund, following the final determination of such appeal, of such interest as otherwise may be provided by general law as to that portion of a tax bill that has remained unpaid or was overpaid during the pendency of such appeal and is determined in such appeal to be properly due and owing.

Interest may commence not earlier than the first day following the day such taxes are due by ordinance to be filed, at a rate not to exceed 10 percent per year. The governing body may impose interest at a rate not to exceed the rate of interest established pursuant to § 6621 of the Internal Revenue Code of 1954, as amended, or 10 percent annually, whichever is greater, for the second and subsequent years of delinquency. No penalty for failure to pay a tax or installment shall exceed (i) 10 percent of the tax past due on such property; (ii) in the case of delinquent tangible personal property tax more than 30 days past due on property classified pursuant to subdivision A 15, 16, or 20 of § 58.1-3506, which remains unpaid after 10 days' written notice sent by United States mail to the taxpayer of the intention to impose a penalty pursuant hereto, the penalty shall not exceed an amount equal to the difference between the tax due and owing with respect to such property and the tax that would have been due and owing if the property in question had been classified as general tangible personal property pursuant to § 58.1-3503; (iii) in the case of delinquent tangible personal property tax more than 30 days past due, 25 percent of the tax past due on such tangible personal property; (iv) in the case of delinquent remittance of excise taxes on meals, lodging, or admissions collected from consumers, 10 percent for the first month the taxes are past due, and five percent for each month thereafter, up to a maximum of 25 percent of the taxes collected but not remitted; or (v) $10, whichever is greater, provided, however, that the penalty shall in no case exceed the amount of the tax assessable. No penalty for failure to file a return shall be greater than 10 percent of the tax assessable on such return or $10, whichever is greater, provided, however, that the penalty shall in no case exceed the amount of the tax assessable. The assessment of such penalty shall not be deemed a defense to any criminal prosecution for failing to make return of taxable property as may be required by law or ordinance. Penalty for failure to file an application or return may be assessed on the day after such return or application is due; penalty for failure to pay any tax may be assessed on the day after the first installment is due. Any such penalty when so assessed shall become a part of the tax. Any bill issued by the treasurer imposing a penalty or interest for taxes owed on machinery and tools or tangible personal property owned by a business shall separately state the total amount of tax owed, the amount of any interest assessed, and the amount of the penalty imposed.

No penalty for failure to pay any tax shall be imposed for any assessment made later than two weeks prior to the day on which the taxes are due, if such assessment is made thereafter through the fault of a local official, and if such assessment is paid within two weeks after the notice thereof is mailed.

In the event a transfer of real property ownership occurs after January 1 of a tax year and a real estate tax bill has been mailed pursuant to §§ 58.1-3281 and 58.1-3912, the treasurer or other appropriate local official designated by ordinance of the local governing body in jurisdictions not having a treasurer, upon ascertaining that a property transfer has occurred, may invalidate a bill sent to the prior owner and reissue the bill to the new owner as permitted by § 58.1-3912, and no penalty for failure to pay any tax for any such assessment shall be imposed if the tax is paid within two weeks after the notice thereof is mailed.

Penalty and interest for failure to file a return or to pay a tax shall not be imposed if such failure was not the fault of the taxpayer, or was the fault of the commissioner of the revenue, the treasurer, or the United States Postal Service when no postmark is properly affixed or if the postmark affixed by the United States Postal Service is illegible or bears no date, and the return or payment is received through the United States mail no later than five days following the time of the close of business on the last day on which such return may be filed or such tax may be paid without penalty or interest, as the case may be. No such penalty and interest shall be imposed if a taxpayer provides evidence that a tax return filing or a tax payment was timely by producing a United States Postal Service Certificate of Mailing, or other proof of mailing, showing such return was filed or such payment was made before the close of business on the last day such return may be filed or such tax may be paid without penalty or interest. The failure to file a return or to pay a tax due to the death of the taxpayer or a medically determinable physical or mental impairment on the date the return or tax is due shall be presumptive proof of lack of fault on the taxpayer's part, provided the return is filed or the taxes are paid within 30 days of the due date; however, if there is a committee, legal guardian, conservator or other fiduciary handling the individual's affairs, such return shall be

filed or such taxes paid within 120 days after the fiduciary qualifies or begins to act on behalf of the taxpayer. Interest on such taxes shall accrue until paid in full. Any such fiduciary shall, on behalf of the taxpayer, by the due date, file any required returns and pay any taxes that come due after the 120-day period. The treasurer shall make determinations of fault relating exclusively to failure to pay a tax, and the commissioner of the revenue shall make determinations of fault relating exclusively to failure to file a return. In jurisdictions not having a treasurer or commissioner of the revenue, the governing body may delegate to the appropriate local tax officials the responsibility to make the determination of fault.

The governing body may further provide by resolution for reasonable extensions of time, not to exceed 90 days, for the payment of real estate and personal property taxes and for filing returns on tangible personal property, machinery and tools, and merchants' capital, and the business, professional, and occupational license tax, whenever good cause exists. The official granting such extension shall keep a record of every such extension. If any taxpayer who has been granted an extension of time for filing his return fails to file his return within the extended time, his case shall be treated the same as if no extension had been granted.

The governing body may further provide by resolution that the treasurer or other officer responsible for the collection of taxes may enter into an agreement with any taxpayer who has been assessed with omitted taxes, including penalties and interest with respect to such taxes, pursuant to § 58.1-3903 or 58.1-3904, for the payment of the taxes, penalties, and interest so assessed over a period that is reasonable under the circumstances but that in no event shall exceed 72 months. Any agreement under this paragraph shall provide for the payment of current tax obligations as they come due, which payments shall be credited to current tax obligations notwithstanding the provisions of § 58.1-3913 and shall be secured by the lien of the locality pursuant to § 58.1-3340.

This section shall be the sole authority for local ordinances setting due dates of local taxes and penalty and interest thereon and shall supersede the provisions of any charter or special act.

Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for re-issue due to circumstances beyond its control or (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. A special identification card without a photograph issued under this section may be similar in size, shape, and design to a driver's license and shall not include a photograph of its holder. The card shall be readily distinguishable from a driver's license and shall clearly state that federal limits apply, that the card is not valid identification to vote, and that the card does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card without a photograph shall appear in person before the Department to apply for a duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Unless otherwise prohibited by law, a valid Virginia driver's license or special identification card shall be surrendered for a special identification card without a photograph without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license or special identification card is unexpired and has not been revoked, suspended, or canceled. The special identification card without a photograph shall be considered a reissue, and the expiration date shall be the last day of the month of the surrendered driver's license's or special identification card's month of expiration.

F. Any personal information, as identified in § 2.2-3801, that is retained by the Department from an application for the issuance of a special identification card without a photograph is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

G. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for a special identification card without a photograph or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application is guilty of a Class 2 misdemeanor. However, where the special identification card without a photograph is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

H. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card without a photograph that the applicant has any condition listed in subsection K of § 46.2-342.

I. The Department shall establish a method by which an applicant for an original, reissued, or renewed special identification card without a photograph may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his special identification card without a photograph and in his record. Such notation on the special identification card without a photograph shall only be used by emergency medical services agencies in providing emergency medical support. Upon written request of the license holder or his legal guardian to have the designation removed, the Department shall issue the special identification card without a photograph without such designation upon the payment of applicable fees.

Notwithstanding any other provision of law, the Department shall not disclose any data collected pursuant to this subsection except to the subject of the information and by designation on the special identification card without a photograph. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on a special identification card without a photograph, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

J. Unless the Code specifies that a photograph is required, a special identification card without a photograph shall be treated as a special identification card.

CHAPTER 498

[S 165]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-506 and 24.2-521of the Code of Virginia are amended and reenacted as follows:

§ 24.2-506. Petition of qualified voters required; number of signatures required; certain towns excepted.

A. The name of any candidate for any office, other than a party nominee, shall not be printed upon any official ballots provided for the election unless he shall file along with his declaration of candidacy a petition therefor, on a form prescribed by the State Board, signed by the number of qualified voters specified in this subsection *on and* after January 1 of the year in which the *general* election is held*, or on and after the day on which the writ of election is issued in the case of a special election,* and listing the residence address of each such voter. Each signature on the petition shall have been witnessed by a person who is not a minor or a felon whose voting rights have not been restored and whose affidavit to that effect appears on each page of the petition. Each such person circulating a petition who is not a legal resident of the Commonwealth shall sign a statement on the affidavit that he consents to the jurisdiction of the courts of Virginia in resolving any disputes concerning the circulation of petitions, or signatures contained therein, by that person. The signatures of qualified voters collected by a nonresident petition circulator who fails to sign such statement, or who later fails to appear or produce documents when properly served with a subpoena to do so, shall not be counted towards the minimum number of signatures required pursuant to this subsection.

Each voter signing the petition may provide on the petition the last four digits of his social security number, if any; however, noncompliance with this requirement shall not be cause to invalidate the voter's signature on the petition.

The minimum number of signatures of qualified voters required for candidate petitions shall be as follows:

1. For a candidate for the United States Senate, Governor, Lieutenant Governor, or Attorney General, 10,000 signatures, including the signatures of at least 400 qualified voters from each congressional district in the Commonwealth;

2. For a candidate for the United States House of Representatives, 1,000 signatures;

3. For a candidate for the Senate of Virginia, 250 signatures;

4. For a candidate for the House of Delegates or for a constitutional office, 125 signatures;

5. For a candidate for membership on the governing body or elected school board of any county or city, 125 signatures; or if from an election district not at large containing 1,000 or fewer registered voters, 50 signatures;

6. For a candidate for membership on the governing body or elected school board of any town that has more than 3,500 registered voters, 125 signatures; or if from a ward or other district not at large, 25 signatures;

7. For a candidate for membership on the governing body or elected school board of any town that has at least 1,500 but not more than 3,500 registered voters, 50 signatures; or if from a ward or other district not at large, 25 signatures;

8. For a candidate for membership on the governing body or elected school board of any town that has fewer than 1,500 registered voters, no petition shall be required;

9. For a candidate for director of a soil and water conservation district created pursuant to Article 3 (§ 10.1-506 et seq.) of Chapter 5 of Title 10.1, 25 signatures; and

10. For any other candidate, 50 signatures.

B. The State Board shall approve uniform standards by which petitions filed by a candidate for office, other than a party nominee, are reviewed to determine if the petitions contain sufficient signatures of qualified voters as required in subsection A.

The State Board of Elections, on or before January 1, 2020, shall revise its processes and associated regulations for reviewing and processing candidate petitions. Such revisions shall provide a process for checking petition signatures that includes a method for determining if a petition signature belongs to an individual whose prior registration has been canceled and the reason for such cancellation. The process shall provide for the tracking of such information associated with each petition. The process shall provide for the escalation of cases of suspected fraud to the electoral board, the State Board, or the office of the attorney for the Commonwealth, as appropriate.

C. If a candidate, other than a party nominee, does not qualify to have his name appear on the ballot by reason of the candidate's filed petition not containing the minimum number of signatures of qualified voters for the office sought, the candidate may appeal that determination within five calendar days of the issuance of the notice of disqualification pursuant to § 24.2-612 or notice from the State Board that the candidate did not meet the requirements to have his name appear on the ballot.

Appeals made by candidates for a county, city, or town office shall be filed with the electoral board. Appeals made by candidates for all other offices shall be filed with the State Board. The appeal shall be heard by the State Board or the electoral board, as appropriate, within five business days of its filing. The electoral board shall notify the State Board of any appeal that is filed with the electoral board.

The State Board shall develop procedures for the conduct of such an appeal. The consideration on appeal shall be limited to whether or not the signatures on the petitions that were filed were reasonably rejected according to the

requirements of this title and the uniform standards approved by the State Board for the review of petitions. Immediately after the conclusion of the appeal hearing, the entity conducting the appeal shall notify the candidate and, if applicable, the State Board, of its decision in writing. The decision on appeal shall be final and not subject to further appeal.

§ 24.2-521. Petition required to accompany declaration; number of signatures required.

A. A candidate for nomination by primary for any office shall be required to file with his declaration of candidacy a petition for his name to be printed on the official primary ballot, on a form prescribed by the State Board, signed by the number of qualified voters specified in this section *on and* after January 1 of the year in which the election is held ~~or before or after said date in the case of a March primary~~, and listing the residence address of each such voter. Each signature on the petition shall have been witnessed by a person who is not a minor or a felon whose voting rights have not been restored and whose affidavit to that effect appears on each page of the petition. Each such person circulating a petition who is not a legal resident of the Commonwealth shall sign a statement on the affidavit that he consents to the jurisdiction of the courts of Virginia in resolving any disputes concerning the circulation of petitions, or signatures contained therein, by that person. The signatures of qualified voters collected by a nonresident petition circulator who fails to sign such statement, or who later fails to appear or produce documents when properly served with a subpoena to do so, shall not be counted towards the minimum number of signatures required pursuant to subsection B.

Each voter signing the petition may provide on the petition the last four digits of his social security number, if any; however, noncompliance with this requirement shall not be cause to invalidate the voter's signature on the petition.

B. The minimum number of signatures of qualified voters required for primary candidate petitions shall be as follows:

1. For a candidate for the United States Senate, Governor, Lieutenant Governor, or Attorney General, 10,000 signatures, including the signatures of at least 400 qualified voters from each congressional district in the Commonwealth;

3. For a candidate for the Senate of Virginia, 250 signatures;

4. For a candidate for the House of Delegates or for a constitutional office, 125 signatures;

5. For a candidate for membership on the governing body of any county or city, 125 signatures; or if from an election district not at large containing 1,000 or fewer registered voters, 50 signatures;

6. For a candidate for membership on the governing body of any town that has more than 3,500 registered voters, 125 signatures; or if from a ward or other district not at large, 25 signatures;

7. For a candidate for membership on the governing body of any town that has at least 1,500 but not more than 3,500 registered voters, 50 signatures; or if from a ward or other district not at large, 25 signatures;

8. For a candidate for membership on the governing body of any town that has fewer than 1,500 registered voters, no petition shall be required; and

9. For any other candidate, 50 signatures.

CHAPTER 501

An Act to amend the Code of Virginia by adding a section numbered 2.2-2240.2:2, relating to Virginia Business Ready Expedited Permitting Program; established.

[S 217]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 2.2-2240.2:2 as follows:

§ 2.2-2240.2:2. Virginia Business Ready Expedited Permitting Program.

A. For purposes of this section:

"Eligible site" means a site that meets the qualifications for a site development grant pursuant to § 2.2-2240.2:1, including sites located in Region 1 or 2 that meet the requirements of such section.

"Program" means the Virginia Business Ready Expedited Permitting Program.

"Project" means an economic development project by a traded-sector company involving significant capital investment and new job creation in the locality in which the project is located.

"Traded-sector company" means a company that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

B. There is hereby created the Virginia Business Ready Expedited Permitting Program to accomplish the objectives described in this section. The Authority shall annually designate up to two eligible sites and four projects for participation in the Program. Sites and projects eligible for the Program shall include only (i) eligible sites or (ii) projects with significant local, regional, or statewide economic impact that the governing body of the locality in which the project is located has either (a) approved following a public meeting or hearing or (b) submitted, by resolution, for consideration to be included in the Program. No more than two eligible sites or projects shall be designated as part of the Program within one locality annually. Where possible, eligible sites or projects designated by the Authority for participation in the Program shall be equitably distributed geographically throughout the Commonwealth.

C. For any eligible site or project designated by the Authority for participation in the Program, the Authority shall complete a review process within 45 days of such designation. Such review process shall (i) reduce permitting conflicts by providing guidance regarding the permits needed from each agency or governmental entity and steps the applicant can take to expedite permit application review and (ii) provide guidance regarding site planning and development, site suitability and limitations, and facility design. For projects requiring multiple agency permits, the Authority may designate one agency as the lead agency to coordinate the overall permit reviews for the project.

D. For any complete application for a permit or request for approval associated with an eligible site or project designated by the Authority as part of the Program and submitted to a local governmental entity or state agency, whether or not independent, such agency or other entity shall render a decision on the application within 180 days. However, after consultation with the Authority, an applicant and the relevant agency or governmental entity may agree, by memorandum of understanding, to authorize a timeline for rendering decisions that exceeds 180 days. If an agency or other entity requires additional information or documentation from an applicant, including information to render the application or request complete, the agency or other entity shall notify the applicant within 60 days of receipt of the permit application or request for approval. Upon receipt of such request for additional information, an applicant shall respond to the agency or other entity with the required information or documentation within 45 days. If the applicant exceeds the 45-day response timeline, then the 180-day timeline governing an agency or other entity for approval decisions shall be extended by the same number of days by which the 45-day response timeline was exceeded. If the applicant does not provide the additionally requested information within 135 days of the request, the applicant will be deemed noncompliant and shall no longer be designated as participating in the Program, and the Authority may designate an alternative site or project to participate in the Program in its place. If an agency or other governmental entity requires an approval or affirmative action from (i) a federal entity or (ii) an agency or other public or private entity over which the agency or other governmental entity does not exercise control, before a decision can be rendered, then the 180-day timeline shall be extended by the number of days during which a decision on such approval or affirmative action is pending.

E. Nothing in this section shall be construed to limit or eliminate any legally required opportunities for public comment or input related to a requested permit or approval. If any such public comment or input would require the permitting or approval process to extend beyond 180 days, the 180-day timeline shall be extended by the number of days necessary to provide the full public comment or input period required by law.

F. All local government entities and state agencies, whether or not independent, shall cooperate with the Authority in carrying out the provisions of this section.

2. That the provisions of the first enactment of this act shall become effective on January 1, 2025, and shall expire on June 30, 2028. No project shall be considered eligible to enter the Virginia Business Ready Expedited Permitting Program established pursuant to this act after December 31, 2027.

3. That every state agency, whether or not independent, that issues permits or approvals for eligible sites, as that term is defined in § 2.2-2240.2:2 of the Code of Virginia, as created by this act, shall establish guidelines and procedures for implementing a comprehensive permit review and evaluation pursuant to the Virginia Business

Ready Expedited Permitting Program established pursuant to this act by January 1, 2025. The preparation of the guidelines shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq. of the Code of Virginia) of the Administrative Process Act. Such guidelines shall be published on the Virginia Regulatory Town Hall.

4. That the Virginia Economic Development Partnership Authority shall report annually by December 1 to the Senate Committee on Finance and Appropriations and the House Committee on Appropriations on the progress of the Virginia Business Ready Expedited Permitting Program (the Program) established pursuant to this act for the duration of the Program.

§ 22.1-214.4. Certain duties of Department.

The Department shall:

1. Provide training and guidance documents to local school divisions on the development of individualized education programs (IEPs) for children with disabilities that incorporate specific examples of high-quality present level of performance descriptions, annual goals, and postsecondary transition sections.

2. Develop a required training module for each individual who participates in an IEP meeting that comprehensively addresses and explains in detail (i) each IEP team member's respective role in the IEP meeting, (ii) the IEP development

process, and (iii) components of effective IEPs. The training module shall be required for all IEP participants, with the exception of parents, prior to participating in an IEP meeting and at regular intervals thereafter.

3. Annually conduct structured reviews of a sample of IEPs from a sufficiently large sample of local school divisions to verify that the IEPs are in compliance with state and federal laws and regulations governing IEP content, and provide a summary report of the findings of such reviews and recommendations regarding any necessary corrective actions to the reviewed divisions' superintendents, special education directors, school board chairs and vice-chairs, and local special education advisory committees. In reviewing local school divisions' IEPs, the Department shall determine whether the special education and related services, supplementary aids and services, and program modifications that will be provided to enable students with disabilities to participate in nonacademic and extracurricular activities are sufficient, and include its findings and corrective actions in the summary reports it provides to the reviewed local school divisions' superintendents, special education directors, and school board members. Nothing in this section shall be construed to (i) direct the Department to make determinations regarding whether a particular IEP provides a free appropriate public education to any individual student or (ii) authorize the Department to override a parent's consent to proposed revisions to an individual student's IEP. In determining corrective actions, the Department shall make recommendations to the relevant school division regarding, among other things, those individual IEPs for which the IEP team should convene to consider revisions necessary to incorporate content required by special education regulations. 4. Develop and maintain a statewide plan for improving (i) its ongoing oversight of local practices related to transition planning and services for children with disabilities and (ii) technical assistance and guidance provided for postsecondary transition planning and services for children with disabilities. At a minimum, such plan shall articulate how the Department will reliably and comprehensively assess the compliance and quality of transition plans for children with disabilities on an ongoing basis and communicate findings to local school division staff and local school boards. The Department shall, no later than December 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.

5. Develop and maintain a statewide strategic plan for recruiting and retaining special education teachers. At a minimum, such plan shall (i) use data analyses to determine the specific staffing needs of each local school division on an ongoing basis; (ii) evaluate the potential effectiveness of strategies for addressing recruitment and retention challenges, including tuition assistance, differentiated pay for special education teachers, and the expansion of special education teacher mentorships; and (iii) estimate the costs of implementing each such strategy, including the extent to which federal funds could be used to support implementation. The Department shall, no later than November 1 of each year, update the Chairmen of the Senate Committee on Education and Health and the House Committee on Education on its progress in implementing such plan.

6. In order to (i) address variation in rates of determinations of student eligibility for special education and related services both across local school divisions in the Commonwealth and based on specific student disabilities, (ii) promote consistency in such eligibility determinations, and (iii) ensure equal access to special education and related services across local school divisions, (a) *review and* update ~~its special education eligibility~~ *all forms and* worksheets ~~as necessary~~ *relating to referral, evaluation, reevaluation, and eligibility*, including clarifying any ambiguity or vagueness in *the standard for providing an initial evaluation or in* eligibility criteria~~, and~~*;* (b) ~~provide to each local school division the appropriate level of~~ *review and update* guidance on *the implementation of such referral, evaluation, reevaluation, and eligibility forms and worksheets and the legal obligations of local school boards to conduct initial evaluations and make* eligibility determinations for special education and related services*; and (c) develop high-quality professional development to support the implementation of such referral, evaluation, reevaluation, and eligibility guidance, forms, and worksheets*.

7. (i) Develop criteria for what constitutes "exceptional circumstances" that warrant extension of the 60-calendar day regulatory timeline for complaint investigations and include the criteria in its publicly available complaint resolution procedures, (ii) consistently track the Department's receipt of each sufficient complaint and its issuance of the respective letter of findings, and (iii) require staff to report at least quarterly to the Superintendent ~~of Public Instruction~~ on the specific reasons for granting an extension due to "exceptional circumstances" and the amount of time it took to complete each investigation beyond the 60-calendar day regulatory timeline.

8. Develop policies and procedures for considering and addressing credible allegations of local education agency (LEA) noncompliance with the requirements of the Individuals with Disabilities Education Act (P.L. 101-476) that do not meet the current regulatory standard for state complaints. Such policies and procedures shall include expectations and mechanisms for collaboration between the Office of Dispute Resolution and Administrative Services and the Office of Special Education Program Improvement in the Division of Special Education and Student Services at the Department to investigate and resolve such credible allegations of noncompliance that do not qualify for state complaint investigations.

9. Elevate the position of ~~parent ombudsman~~ *State Parent Ombudsman* for ~~special education to~~ *Special Education. The Department shall make the summary available in multiple languages on its website *and as part of the Virginia IEP established pursuant to subdivision 11*.

10. Develop and implement a process for systematically auditing and verifying school divisions' self-determinations of compliance with all Individuals with Disabilities Education Act (P.L. 101-476) performance indicators. The verification process shall include a random sample of school divisions each year and ensure that all school divisions' self-determinations are reviewed and verified no less frequently than once every five years.

11. Develop, establish, review and update as necessary at least once every five years, and make available to each local school board an IEP writing, facilitation, tracking, and transfer system to be referred to as the Virginia IEP that includes, at a minimum, an IEP template component and a data system component. The Department shall ensure that such data system component allows for secure transfer of data from division student information systems to the Department. The Department shall also develop and make available to each local school board guidance on the utilization of the Virginia IEP and high-quality professional development to support (i) the effective utilization of the Virginia IEP and (ii) the implementation of instructional practices to support the provision of specially designed instruction in inclusive settings.

12. Develop and publish a data dashboard for the annual public reporting, on a date to be determined by the Superintendent, of state-level, division-level, and school-level special education data, disaggregated by disability type and by subgroups of students with disabilities, including by race, ethnicity, economic disadvantage, English learner status, foster care status, and unhoused status, except when such disaggregation would result in the disclosure of any student's personally identifiable information in violation of relevant federal and state law. Such data dashboard shall include disaggregated (i) results on the early literacy screener provided by the Department, the Virginia Kindergarten Readiness Program, and Standards of Learning assessments and (ii) college and career readiness and learning climate measures.

§ 22.1-214.5. Special education family support centers.

The Parent Training and Information Center in the Commonwealth designated pursuant to 20 U.S.C. § 1471(e) shall establish special education family support centers in eight distinct regions of the Commonwealth that shall each (i) be staffed by a regional special education family liaison employed by such center, (ii) coordinate with special education parent/family liaisons required to be designated pursuant to subsection R of § 22.1-253.13:2, (iii) develop and implement outreach and support to parents of children with disabilities in its region, and (iv) track and report to the State Parent Ombudsman for Special Education data on questions and concerns raised by parents.

§ 22.1-253.13:2. (For effective date, see Acts 2022, cc. 549 and 550, cl. 2) Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors or certain other licensed individuals as set forth in subdivision H 4, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the general appropriation act, shall be provided to support (i) 18.5 full-time equivalent instructional positions in the 2020-2021 school year for each 1,000 students identified as having limited English proficiency and (ii) 20 full-time equivalent instructional positions in the 2021-2022 school year and thereafter for each 1,000 students identified as having limited English proficiency, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ one reading specialist for each 550 students in kindergarten through grade five and one reading specialist for each 1,100 students in grades six through eight. Each such reading specialist shall have training in science-based reading research and evidence-based literacy instruction practices. In addition, each such reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board. Local school divisions that employ a sufficient number of reading specialists to meet this staffing standard may assign reading specialists to grade levels according to grade levels with greatest need, regardless of the individual staffing standards established for grades kindergarten through five and six through eight.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to student enrollment:

1. Principals, one full-time in each elementary school, middle school, and high school, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors, one full-time equivalent position per 325 students in grades kindergarten through 12.

However, in order to meet the staffing requirements set forth in this subdivision, any local school board (i) may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, any professional counselor licensed by the Board of Counseling, clinical social worker licensed by the Board of Social Work, psychologist licensed by the Board of Psychology, or other licensed counseling professional with appropriate experience and training, provided that any such individual makes progress toward completing the requirements for full licensure as a school counselor during such period of employment or (ii) in the event that the school board does not receive any application from a licensed school counselor, professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience

and training to fill a school counselor vacancy in the school division, may enter into an annual contract with another entity for the provision of school counseling services by a licensed professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training. Local school boards that employ a sufficient number of individuals to meet the staffing requirements set forth in this subdivision may assign such individuals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors or certain other licensed individuals as set forth in subdivision H 4, and shall be based on the school's total enrollment. The Board may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each school board shall provide at least three specialized student support positions per 1,000 students. For purposes of this subsection, specialized student support positions include school social workers, school psychologists, school nurses, licensed behavior analysts, licensed assistant behavior analysts, and other licensed health and behavioral positions, which may either be employed by the school board or provided through contracted services.

In order to fill vacant school psychologist positions, any local school board may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, clinical psychologists licensed by the Board of Psychology, provided that any such individual makes progress toward completing the requirements for full licensure as a school psychologist during such period of employment.

P. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social work administrative positions not included in subsection O; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral administrative positions not included in subsection O;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

Q. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

R. Each local school board shall designate a faculty member to serve as a special education parent/family liaison. The special education parent/family liaison shall serve as a resource to parents and families to understand and engage in (i) the referral, evaluation, reevaluation, and eligibility process if they suspect that their child has a disability and (ii) the IEP process and shall work in collaboration with the special education family support centers established pursuant to § 22.1-214.5. Each school board shall post the name of the designated special education parent/family liaison publicly on its website.

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board and meet such other requirements as may be prescribed by the local school board and approved by the Board. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who ~~complete~~*:*

1. Complete alternative requirements, in the form of credit accommodations specified in their individualized education programs, to earn required standard and verified credits shall be awarded standard diplomas by local school boards. Such credit accommodations may include (i) approval of alternative courses to meet standard credit requirements, (ii) modifications to the requirements for local school divisions to award locally awarded verified credits, (iii) approval of additional tests to earn verified credits, (iv) adjusted cut scores required to earn verified credits, (v) allowance of work-based learning experiences, and (vi) special permission credit accommodations for locally awarded verified credits; and

2. Complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards. The Board shall develop and implement statewide requirements for earning an Applied Studies diploma for implementation at the beginning of the 2022-2023 school year.

~~Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.~~

The Department shall develop guidance, in multiple languages, for students and parents *(i) informing them of the alternative path to earn a standard diploma through credit accommodations, including special permission credit accommodations for locally awarded verified credits; (ii)* conveying ~~(i)~~ *(a)* the limitations of the applied studies diploma, ~~(ii)~~ *(b)* key curriculum and testing decisions that reduce the likelihood that a student will be able to obtain a standard diploma, and ~~(iii)~~ *(c)* a statement that the pursuit of an applied studies diploma may preclude a student's ability to pursue a standard diploma*; and (iii) supporting them to discuss these diploma options at the student's individualized education program meetings*.

Each local school board shall *develop a process for awarding locally verified credits to students with disabilities, require individualized education program teams to consider credit accommodations, including locally awarded verified credits, for students with disabilities to enable them to earn a standard diploma, and* provide guidance from the Department to parents of students with disabilities regarding *the availability of credit accommodations to earn a standard diploma and the limitations of* the Applied Studies diploma ~~and its limitations~~ at a student's annual individualized education program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students (i) complete an Advanced Placement, honors, International Baccalaureate, or dual enrollment course; (ii) complete a high-quality work-based learning experience, as defined by the Board; or (iii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board.

School boards shall report annually to the Board the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude

Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications, or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements and the subsequent award of a high school diploma (i) upon the Board's initiative, (ii) at the request of a local school board, or (iii) upon the request of the parent of any high school senior who died in good standing prior to graduation during the student's senior year. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board-approved diplomas. D. The Virginia Board of Workforce Development, in consultation with the System, the Council, and the staffs of the House Committee on Appropriations and Senate Committee on Finance and Appropriations, shall make recommendations to the Governor and General Assembly, no later than December 1 of each year, for additions or other changes to the high-demand fields that qualify for financial assistance under the G3 Program.

G. Each financial assistance award under the G3 Program shall consist of (i) a grant up to the amount necessary to pay for the last-dollar cost of the institution's tuition and mandatory fees and a textbook stipend after all other federal and state financial aid to which the student is entitled is taken into account and (ii) for any student who is enrolled full time and receives a full Federal Pell Grant, a student-support incentive grant as provided in the general appropriation act. Each student-support incentive grant shall be disbursed in two equal payments, the first of which shall occur after the census date for the enrollment period is reached and the second of which shall occur at the end of the academic term for which the student receives the grant, provided, however, that no student who withdraws from or otherwise stops attending the institution during such term shall receive additional payments and that each such student shall be subject to repayment of the funds already received in accordance with state financial aid policies.

H. Each eligible institution that participates in the G3 Program shall provide academic and career advising to all students enrolled in the G3 Program.

I. No later than September 1 of each year, each associate-degree-granting public institution of higher education shall submit to the Council and the System a report with data from the previous fiscal year on student participation in and completion of the G3 Program, including (i) data on student enrollment, student retention rates between academic terms and years, and student wages, including median wages prior to enrollment and one year after completion of a credential or degree and wage rates of students who have not enrolled in over a year and did not complete a credential, and (ii) a comparison of job demand and completion rates. Such data shall be disaggregated by program of study and student income level at the start of participation in the G3 program. The Council and System shall work collaboratively to compile the data provided by each associate-degree-granting public institution of higher education and annually report such data, in the aggregate and by program of study, institution, and student income level at the start of participation in the G3 program, to

the Governor and the Chairmen of the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, the House Committee on Education, and the Senate Committee on Education and Health.

J. No later than September 1 of each year, each associate-degree-granting public institution of higher education that participates in the G3 Program shall adopt and amend, as necessary, policies and procedures to ensure that student participation in the G3 Program does not cause financial assistance awards to exceed funds available for such purpose.

If the amount of such credit exceeds the taxpayer's tax liability for such taxable year, the amount that exceeds the tax liability may be carried over for credit against the taxes of such taxpayer in the next ten taxable years or until the full credit is used, whichever occurs first. Credits granted to a partnership or electing small business corporation (S corporation) shall be passed through to the partners or shareholders, respectively. Credits granted to a partnership or electing small business

corporation (S corporation) shall be allocated among all partners or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners or shareholders mutually agree as provided in an executed document, the form of which shall be prescribed by the Director of the Department of Historic Resources.

B. Effective for taxable years beginning on and after January 1, 2000, any individual, trust, estate, or corporation resident in Virginia that incurs eligible expenses in the rehabilitation of a certified historic structure in any other state that has in effect a reciprocal historic structure rehabilitation tax credit program and agreement for residents of that state who rehabilitate historic structures in Virginia shall be entitled to a credit to the same extent as provided in subsection A and other applicable provisions of law; however, no eligible party shall receive any credit authorized under this subsection prior to taxable years beginning on and after January 1, 2002.

C. 1. The taxpayer shall attach the certificate to the Virginia tax return on which the credit is claimed.

2. *a.* For taxable years beginning on and after January 1, 2017, *but before January 1, 2025,* the amount of the credit that may be claimed by each taxpayer, including amounts carried over from prior taxable years, shall not exceed $5 million in any taxable year.

b. For taxable years beginning on and after January 1, 2025, the amount of the credit that may be claimed by each taxpayer, including amounts carried over from prior taxable years, shall not exceed $7.5 million in any taxable year.

"Owner-occupied building" means any building that is used as a personal residence by the owner.

E. The Director of the Department of Historic Resources shall establish by regulation the requirements needed for this program, including the fees to defray necessary expenses thereof, and, except as otherwise prohibited by this section, the extent to which the availability of the credit provided by this section is coextensive with the availability of the federal tax credit for the rehabilitation of certified historic resources.

F. Any gain or income under federal law from the allocation or application of a tax credit under this section shall not be (i) taxable gain or income for purposes of the tax imposed pursuant to Article 2 (§ 58.1-320 et seq.), (ii) taxable gain or income for purposes of the tax imposed pursuant to Article 6 (§ 58.1-360 et seq.), or (iii) taxable gain or income for purposes of the tax imposed pursuant to Article 10 (§ 58.1-400 et seq.). Whereas, Article X, Section 9 (c), Constitution of Virginia, provides that the General Assembly may authorize the creation of debt secured by a pledge of net revenues derived from rates, fees or other charges and the full faith and credit of the Commonwealth of Virginia, provided that such debt is created for specific revenue-producing capital projects, including their enlargement or improvement, at, among others, institutions of higher learning of the Commonwealth; and

Whereas, in accordance with Article X, Section 9 (c), Constitution of Virginia, the Governor has certified in writing, filed with the Auditor of Public Accounts, his opinion that the anticipated net revenues of each of the capital projects identified below to be pledged to the payment of the principal of and the interest on that portion of such debt issued for each such project will be sufficient to meet such payments as the same become due and to provide such reserves as may be required by law and that each of the capital projects complies with the requirements of Article X, Section 9 (c), Constitution of Virginia; now therefore,

Be it enacted by the General Assembly of Virginia:

1. *§ 1. Title. This act shall be known and may be cited as the "Commonwealth of Virginia Higher Educational Institutions Bond Act of 2024."*

The Treasury Board is further hereby authorized, by and with the consent of the Governor, to borrow money in anticipation of the issuance of bonds by the issuance of bond anticipation notes (BANs), including BANs issued as commercial paper. The proceeds of such bonds and BANs, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, with any other available funds, for paying all or a portion of the costs of acquiring, constructing, renovating, enlarging, improving, and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth as follows:

Institution	*Project Title*	*Project Code*	*Amount*

§ 3. Application of proceeds. The proceeds, including any premium, of bonds and BANs (except the proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs) shall be deposited in a special capital outlay fund in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer for paying costs of the acquisition, construction, renovation, enlargement, improvement, and equipping of the authorized capital projects, including financing costs. The proceeds of (a) bonds the issuance of which

has been anticipated by BANs, (b) refunding bonds, and (c) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. Details, sale of bonds and BANs. Bonds and BANs shall be dated, and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor. Bonds and BANs shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series .....".

§ 5. Execution of bonds and BANs. Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses. All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues. Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts. A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving skilled nursing services that are not covered by the Commonwealth's program of medical assistance services in an institutional setting following discharge from an acute care hospital, the Department shall require qualified staff of the skilled nursing institution to conduct the long-term services and supports screening in accordance with the requirements established by the Department, with the results certified by a physician prior to the initiation of long-term services and supports under the state plan for medical assistance services.

G. If an individual is admitted to a skilled nursing facility for skilled nursing services and such individual was not screened but is subsequently determined to have been required to be screened prior to admission to the skilled nursing facility, then the qualified staff designated in subsection F may conduct a screening after admission. Coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services indicated by the screening shall not begin until six months after the initial admission to the skilled nursing facility. During this six-month period, the nursing home in which the individual resides shall be responsible for all costs indicated for institutional long-term services and supports that would otherwise have been covered by the Commonwealth's program of medical assistance services, without accessing patient funds. Six months after the date of admission to the skilled nursing facility, and as indicated through the eligibility determination, the Commonwealth's program of medical assistance services shall assume coverage of such services. To the extent that sufficient evidence is provided to indicate that the admission without screening was of no fault of the skilled nursing facility, the Department shall begin coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services immediately upon the completion of the functional screening indicating nursing facility level of care pending the financial eligibility determination.

H. *If an individual seeks enrollment in a program of all-inclusive care for the elderly (PACE) as defined in § 32.1-330.3, qualified staff of the PACE program may conduct the long-term services and supports screening in accordance with the requirements established by the Department, with the results certified by the PACE program's physician prior to the initiation of long-term services and supports under the state plan for medical assistance services. If a PACE program is unable to complete the long-term services and supports screening of an individual, the screening teams described in subsection D or the acute care hospital described in subsection E shall conduct the screening.*

I. In any jurisdiction in which a long-term services and supports screening team described in subsection D or *the acute care hospital described in subsection* E has failed or is unable to perform the long-term services and supports screenings required by subsection D or E within 30 days of receipt of the individual's application or request for long-term services and supports under the state plan, the Department shall enter into contracts with other public or private entities to conduct such long-term services and supports screenings in addition to or in lieu of the long-term services and supports screening teams described in ~~subsections~~ *subsection* D ~~and~~ *or the acute care hospitals described in subsection* E. *This subsection shall not apply to the specific circumstance outlined in subsection D where the qualified staff of a PACE program agree to conduct such screening.*

~~I.~~ *J.* The Department shall require all individuals who perform long-term services and supports screenings pursuant to this section to receive training on and be certified in the use of the long-term services and supports screening tool for eligibility for community or institutional long-term services and supports provided in accordance with the state plan for medical assistance services prior to conducting such long-term services and supports screenings.

~~J.~~ *K.* The Department shall report annually by August 1 to the Governor and the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health regarding (i) the number of long-term services and supports screenings for eligibility for community and institutional long-term services and supports conducted pursuant to this section and (ii) the number of cases in which the Department or the public or private entity with which the Department has entered into a contract to conduct such long-term services and supports screenings fails to complete such long-term services and supports screenings within 30 days.

2. That the Department of Medical Assistance Services shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

3. That an emergency exists and this act is in force from its passage.

§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.

A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. The clerk of the circuit court and district court of every county and city shall submit quarterly to the attorney for the Commonwealth of his county or city and any probation agency that serves such county or city:

1. A list of all defendants with an outstanding balance of restitution ordered by the court served by such clerk. Such report shall include the defendant's name, case number, total amount of restitution ordered, amount of restitution remaining due, and last date of payment; and

2. A list of all accounts where more than 90 days have passed since an account was sent to collections and no payments have been made toward fines, costs, forfeitures, penalties, or restitution. For accounts where restitution is owed, such report shall include the defendant's name, case number, and total amount of restitution and restitution interest due.

C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall *(i)* contract with ~~(i)~~ private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. *At least 30 days prior to the execution of a contract pursuant to clause (i), the attorney for the Commonwealth shall consult with the clerk of the circuit court. Such consultation is not required when the attorney for the Commonwealth enters into an agreement pursuant to clause (ii), (iii), or (iv).* If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

D. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

The Office of the Executive Secretary of the Supreme Court shall annually report to the Governor, the General Assembly, the Chairmen of the House Committee for Courts of Justice and Senate Committee on the Judiciary, and the Virginia State Crime Commission on the total of restitution assessed, collected, and unpaid for each circuit and district court and the total of restitution collected and deposited into the Criminal Injuries Compensation Fund pursuant to subsection I of § 19.2-305.1 by each circuit and district court.

E. The provisions of this section shall not apply to any orders of restitution docketed in the name of the victim or when it is ordered that an assignment of the judgment for restitution to the victim be docketed.

CHAPTER 524

An Act to amend and reenact §§ 19.2-159 and 19.2-163.4 of the Code of Virginia, relating to appointment of counsel; public defenders; caseload exception.

[H 306]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-159 and 19.2-163.4 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-159. Determination of indigency; guidelines; statement of indigence; appointment of counsel.

A. If the accused shall claim that he is indigent, and the charge against him is a criminal offense that may be punishable by confinement in the state correctional facility or jail, subject to the provisions of § 19.2-160, the court shall determine from oral examination of the accused or other competent evidence whether or not the accused is indigent within the contemplation of law pursuant to the guidelines set forth in this section.

B. In making its finding, the court shall determine whether or not the accused is a current recipient of a state or federally funded public assistance program for the indigent. If the accused is a current recipient of such a program and does not waive his right to counsel or retain counsel on his own behalf, he shall be presumed eligible for the appointment of counsel. This presumption shall be rebuttable where the court finds that a more thorough examination of the financial resources of the defendant is necessary. If the accused shall claim to be indigent and is not presumptively eligible under the provisions of this section, then a thorough examination of the financial resources of the accused shall be made with consideration given to the following:

1. The net income of the accused, which shall include his total salary and wages minus deductions required by law. The court also shall take into account income and amenities from other sources including but not limited to social security funds, union funds, veteran's benefits, other regular support from an absent family member, public or private employee pensions, dividends, interests, rents, estates, trusts, or gifts.

2. All assets of the accused which are convertible into cash within a reasonable period of time without causing substantial hardship or jeopardizing the ability of the accused to maintain home and employment. Assets shall include all cash on hand as well as in checking and savings accounts, stocks, bonds, certificates of deposit, and tax refunds. All personal property owned by the accused which is readily convertible into cash shall be considered, except property exempt from attachment. Any real estate owned by the accused shall be considered in terms of the amounts which could be raised by a loan on the property. For purposes of eligibility determination, the income, assets, and expenses of the spouse, if any, who is a member of the accused's household, shall be considered, unless the spouse was the victim of the offense or offenses allegedly committed by the accused.

3. Any exceptional expenses of the accused and his family which would, in all probability, prohibit him from being able to secure private counsel. Such items shall include but not be limited to costs for medical care, family support obligations, and child care payments.

The available funds of the accused shall be calculated as the sum of his total income and assets less the exceptional expenses as provided in the first paragraph of this subdivision 3. If the accused does not waive his right to counsel or retain counsel on his own behalf, counsel shall be appointed for the accused if his available funds are equal to or below 125 percent of the federal poverty income guidelines prescribed for the size of the household of the accused by the federal Department of Health and Human Services. The Supreme Court of Virginia shall be responsible for distributing to all courts the annual updates of the federal poverty income guidelines made by the Department.

If the available funds of the accused exceed 125 percent of the federal poverty income guidelines and the accused fails to employ counsel and does not waive his right to counsel, the court may, in exceptional circumstances, and where the ends of justice so require, appoint an attorney to represent the accused. However, in making such appointments, the court shall state in writing its reasons for so doing. The written statement by the court shall be included in the permanent record of the case.

C. If the court determines that the accused is indigent as contemplated by law pursuant to the guidelines set forth in this section, the court shall provide the accused with a statement which shall contain the following:

"I have been advised this _____ day of _____, 20__, by the (name of court) court of my right to representation by counsel in the trial of the charge pending against me; I certify that I am without means to employ counsel and I hereby request the court to appoint counsel for me."

_____ (signature of accused)

The court shall also require the accused to complete a written financial statement to support the claim of indigency and to permit the court to determine whether or not the accused is indigent within the contemplation of law. The accused shall execute the said statements under oath, and the said court shall appoint competent counsel to represent the accused in the proceeding against him, including an appeal, if any, until relieved or replaced by other counsel.

The executed statements by the accused and the order of appointment of counsel shall be filed with and become a part of the record of such proceeding.

All other instances in which the appointment of counsel is required for an indigent shall be made in accordance with the guidelines prescribed in this section.

D. Except in jurisdictions having a public defender, or unless (i) the public defender is unable to represent the defendant by reason of conflict of interest ~~or~~*;* (ii) the court finds that appointment of other counsel is necessary to attain the ends of justice*; or (iii) the public defender, with the concurrence of the executive director of the Virginia Indigent Defense Commission or his designee, determines that the current active caseload would preclude the public defender from providing adequate representation to new clients*, counsel appointed by the court for representation of the accused shall be selected by a fair system of rotation among members of the bar practicing before the court whose names are on the list maintained by the *Virginia* Indigent Defense Commission pursuant to § 19.2-163.01. If no attorney who is on the list maintained by the *Virginia* Indigent Defense Commission is reasonably available, the court may appoint as counsel an attorney not on the list who has otherwise demonstrated to the court's satisfaction an appropriate level of training and experience. The court shall provide notice to the Commission of the appointment of the attorney.

§ 19.2-163.4. Inapplicability of §§ 17.1-606 and 19.2-163 where public defender offices established; exception.

[H 453]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-901.1 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-901.1. Criminal history and central registry check for placements of children.

A. Each local board and licensed child-placing agency shall obtain, in accordance with regulations adopted by the Board, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Central Criminal Records Exchange and the results of a search of the child abuse and neglect central registry of any individual with whom the local board or licensed child-placing agency is considering placing a child on an emergency, temporary or permanent basis, including the birth parent of a child in foster care placement, unless the birth parent has revoked an entrustment agreement pursuant to § 63.2-1223 or 63.2-1817 or a local board or birth parent revokes a placement agreement while legal custody remains with the parent, parents, or guardians pursuant to § 63.2-900. The local board or licensed child-placing agency shall also obtain such background checks on all adult household members residing in the home of the individual with whom the child is to be placed pursuant to subsection B. Such state criminal records or registry search shall be at no cost to the individual. The local board or licensed child-placing agency shall pay for the national fingerprint criminal history record check or may require such individual to pay the cost of the fingerprinting or the national fingerprinting criminal history record check or both. In addition to the fees assessed by the Federal Bureau of Investigation, the designated state agency may assess a fee for responding to requests required by this section.

B. Background checks pursuant to this section require the following:

1. A sworn statement or affirmation disclosing whether or not the individual has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and whether or not the individual has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. That the individual submit to fingerprinting and provide personal descriptive information to be forwarded along with the individual's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record information. The local board or licensed child-placing agency shall inform the individual that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final decision is made of the individual's fitness to have responsibility for the safety and well-being of children.

The Central Criminal Records Exchange, upon receipt of an individual's record or notification that no record exists, shall forward it to the designated state agency. The state agency shall, upon receipt of an individual's record lacking disposition data, conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data. The state agency shall report to the local board or licensed child-placing agency whether the individual meets the criteria for having responsibility for the safety and well-being of children based on whether or not the individual has ever been convicted of or is the subject of pending charges for any barrier crime as defined in § 19.2-392.02. Copies of any information received by a local board or licensed child-placing agency pursuant to this section shall be available to the state agency that regulates or operates such a child-placing agency but shall not be disseminated further; and

3. A search of the central registry maintained pursuant to § 63.2-1515 for any founded complaint of child abuse or neglect. In addition, a search of the child abuse and neglect registry maintained by any other state pursuant to the Adam Walsh Child Protection and Safety Act of 2006, Pub. L. 109-248, in which a prospective parent or other adult in the home has resided in the preceding five years.

C. In emergency circumstances, each local board may obtain, from a criminal justice agency, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Virginia Criminal Information Network (VCIN) for the criminal records search authorized by this section. Within three days of placing a child, the local board shall require the individual for whom a criminal history record information check was requested to submit to fingerprinting and provide personal descriptive information to be forwarded along with the fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal record history information, pursuant to subsection B. The child shall be removed from the home immediately if any adult resident fails to provide such fingerprints and written permission to perform a criminal history record check when requested.

D. Any individual with whom the local board is considering placing a child on an emergency basis shall submit to a search of the central registry maintained pursuant to § 63.2-1515 and the Adam Walsh Child Protection and Safety Act of 2006, Pub. L. 109-248 for any founded complaint of child abuse or neglect. The search of the central registry must occur prior to emergency placement. Such central registry search shall be at no cost to the individual. Prior to emergency placement, the individual shall provide a written statement of affirmation disclosing whether he has ever been the subject of a founded case of child abuse or neglect within or outside the Commonwealth. Child-placing agencies shall not approve individuals with a founded complaint of child abuse as foster or adoptive parents.

E. The child-placing agency shall not approve a foster or adoptive home if any individual has been convicted of any barrier crime as defined in § 19.2-392.02 or is the subject of a founded complaint of abuse or neglect as maintained in registries pursuant to § 63.2-1515 and 42 U.S.C.S. 16901 et seq. A child-placing agency may approve as a foster parent an applicant who has been convicted of not more than one misdemeanor as set out in § 18.2-57, or any substantially similar offense under the laws of another jurisdiction, not involving the abuse, neglect, or moral turpitude of a minor, provided that 10 years have elapsed following the conviction.

F. A local board or child-placing agency may approve as a kinship foster care parent an applicant who has been convicted of the following offenses, provided that ~~10 years have elapsed from the date of the conviction and~~ the local board or child-placing agency makes a specific finding that approving the kinship foster care placement would not adversely affect the safety and well-being of the child: (i) any offense set forth in ~~clause (iv) of~~ the definition of barrier crime in § 19.2-392.02 ~~or~~ *clause (iv), provided that five years have elapsed from the date of the conviction;* (ii) *any misdemeanor offense under § 18.2-57 or 18.2-57.2, or any substantially similar offense under the laws of another jurisdiction, not involving a minor, provided that five years have elapsed from the date of the conviction; or (iii)* any misdemeanor offense under § 18.2-80, 18.2-81, 18.2-83, 18.2-87, 18.2-87.1, or 18.2-88 or any substantially similar offense under the laws of another jurisdiction *provided that 10 years have elapsed from the date of the conviction.*

G. Any individual participating in the Fostering Futures program, which allows local departments to continue to provide foster care services to individuals who are 18 years of age or older but have not reached 21 years of age, who is placed in a foster home shall be subject to the background check requirements set forth in subsection B. The results of such background check shall be used for the sole purpose of determining whether other children should be placed or remain in the same foster home as the individual subject to the background check. The results of the background check shall not be used to terminate or suspend the approval of the foster home pursuant to subsection E. For purposes of this subsection, "individual participating in the Fostering Futures program" means a person who is 18 years of age or older but has not reached 21 years of age and is receiving foster care services through the Fostering Futures program.

§ 56-599. Integrated resource plan required.

A. Each electric utility shall file an updated integrated resource plan by October 15, in each year immediately preceding the year the utility is subject to a biennial review of rates for generation and distribution services filing. A copy of each integrated resource plan shall be provided to the Chairman of the House Committee on Commerce and Energy, the Chairman of the Senate Committee on Commerce and Labor, and the Chairman of the Commission on Electric Utility Regulation. After January 1, 2024, each electric utility not subject to an annual review shall file an annual update to the integrated resource plan by October 15, in each year that the utility is subject to review of rates for generation and distribution services filing. All updated integrated resource plans shall comply with the provisions of any relevant order of the Commission establishing guidelines for the format and contents of updated and revised integrated resource plans. Each integrated resource plan shall consider options for maintaining and enhancing rate stability, energy independence, economic development including retention and expansion of energy-intensive industries, and service reliability.

B. In preparing an integrated resource plan, each electric utility shall systematically evaluate and may propose:

1. Entering into short-term and long-term electric power purchase contracts;

2. Owning and operating electric power generation facilities;

3. Building new generation facilities;

4. Relying on purchases from the short term or spot markets;

5. Making investments in demand-side resources, including energy efficiency and demand-side management services;

6. Taking such other actions, as the Commission may approve, to diversify its generation supply portfolio and ensure that the electric utility is able to implement an approved plan;

7. The methods by which the electric utility proposes to acquire the supply and demand resources identified in its proposed integrated resource plan;

8. The effect of current and pending state and federal environmental regulations upon the continued operation of existing electric generation facilities or options for construction of new electric generation facilities;

9. The most cost effective means of complying with current and pending state and federal environmental regulations, including compliance options to minimize effects on customer rates of such regulations;

10. Long-term electric distribution grid planning and proposed electric distribution grid transformation projects*, including a comprehensive assessment of the potential application of grid-enhancing technologies and advanced conductors in a manner that ensures grid reliability and safeguards the cybersecurity and physical security of the electric distribution grid. An electric utility that does not include grid-enhancing technologies or advanced conductors in an integrated resource plan shall include a detailed explanation of why such technologies or conductors are not included in such plan*;

11. Developing a long-term plan for energy efficiency measures to accomplish policy goals of reduction in customer bills, particularly for low-income, elderly, and disabled customers; reduction in emissions; and reduction in carbon intensity; and

12. Developing a long-term plan to integrate new energy storage facilities into existing generation and distribution assets to assist with grid transformation.

C. As part of preparing any integrated resource plan pursuant to this section, each utility shall conduct a facility retirement study for owned facilities located in the Commonwealth that emit carbon dioxide as a byproduct of combusting fuel and shall include the study results in its integrated resource plan. Upon filing the integrated resource plan with the Commission, the utility shall contemporaneously disclose the study results to each planning district commission, county board of supervisors, and city and town council where such electric generation unit is located, the Department of Energy, the Department of Housing and Community Development, the Virginia Employment Commission, and the Virginia Council on Environmental Justice. The disclosure shall include (i) the driving factors of the decision to retire and (ii) the anticipated retirement year of any electric generation unit included in the plan. Any electric generating facility with an anticipated retirement date that meets the criteria of § 45.2-1701.1 shall comply with the public disclosure requirements therein.

D. As part of preparing any integrated resource plan pursuant to this section, each utility shall conduct outreach to engage the public in a stakeholder review process and provide opportunities for the public to contribute information, input, and ideas on the utility's integrated resource plan, including the plan's development methodology, modeling inputs, and assumptions, as well as the ability for the public to make relevant inquiries, to the utility when formulating its integrated resource plan. Each utility shall report its public outreach efforts to the Commission. The stakeholder review process shall include representatives from multiple interest groups, including residential and industrial classes of ratepayers. Each utility shall, at the time of the filing of its integrated resource plan, report on any stakeholder meetings that have occurred prior to the filing date.

E. The Commission shall analyze and review an integrated resource plan and, after giving notice and opportunity to be heard, the Commission shall make a determination within nine months after the date of filing as to whether such an integrated resource plan is reasonable and is in the public interest.

CHAPTER 533

An Act to amend and reenact § 15.2-2306 of the Code of Virginia, relating to local historic districts; tax incentives.

[H 914]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2306 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2306. Preservation of historical sites and architectural areas.

A. 1. Any locality may adopt an ordinance setting forth the historic landmarks within the locality as established by the Virginia Board of Historic Resources, and any other buildings or structures within the locality having an important historic, architectural, archaeological or cultural interest, any historic areas within the locality as defined by § 15.2-2201, and areas of unique architectural value located within designated conservation, rehabilitation or redevelopment districts, amending the existing zoning ordinance and delineating one or more historic districts, adjacent to such landmarks, buildings and structures, or encompassing such areas, or encompassing parcels of land contiguous to arterial streets or highways (as designated pursuant to Title 33.2, including § 33.2-319) found by the governing body to be significant routes of tourist access to the locality or to designated historic landmarks, buildings, structures or districts therein or in a contiguous locality. A governing body may provide in the ordinance that the applicant must submit documentation that any development in an area of the locality of known historical or archaeological significance will preserve or accommodate the historical or archaeological resources. An amendment of the zoning ordinance and the establishment of a district or districts shall be in

accordance with the provisions of Article 7 (§ 15.2-2280 et seq.). The governing body may provide for a review board to administer the ordinance and may provide compensation to the board. The ordinance may include a provision that no building or structure, including signs, shall be erected, reconstructed, altered or restored within any such district unless approved by the review board or, on appeal, by the governing body of the locality as being architecturally compatible with the historic landmarks, buildings or structures therein.

2. Subject to the provisions of subdivision 3 the governing body may provide in the ordinance that no historic landmark, building or structure within any district shall be razed, demolished or moved until the razing, demolition or moving thereof is approved by the review board, or, on appeal, by the governing body after consultation with the review board.

3. The governing body shall provide by ordinance for appeals to the circuit court for such locality from any final decision of the governing body pursuant to subdivisions 1 and 2 and shall specify therein the parties entitled to appeal the decisions, which parties shall have the right to appeal to the circuit court for review by filing a petition at law, setting forth the alleged illegality of the action of the governing body, provided the petition is filed within 30 days after the final decision is rendered by the governing body. The filing of the petition shall stay the decision of the governing body pending the outcome of the appeal to the court, except that the filing of the petition shall not stay the decision of the governing body if the decision denies the right to raze or demolish a historic landmark, building or structure. The court may reverse or modify the decision of the governing body, in whole or in part, if it finds upon review that the decision of the governing body is contrary to law or that its decision is arbitrary and constitutes an abuse of discretion, or it may affirm the decision of the governing body.

In addition to the right of appeal hereinabove set forth, the owner of a historic landmark, building or structure, the razing or demolition of which is subject to the provisions of subdivision 2, shall, as a matter of right, be entitled to raze or demolish such landmark, building or structure provided that: (i) he has applied to the governing body for such right, (ii) the owner has for the period of time set forth in the same schedule hereinafter contained and at a price reasonably related to its fair market value, made a bona fide offer to sell the landmark, building or structure, and the land pertaining thereto, to the locality or to any person, firm, corporation, government or agency thereof, or political subdivision or agency thereof, which gives reasonable assurance that it is willing to preserve and restore the landmark, building or structure and the land pertaining thereto, and (iii) no bona fide contract, binding upon all parties thereto, shall have been executed for the sale of any such landmark, building or structure, and the land pertaining thereto, prior to the expiration of the applicable time period set forth in the time schedule hereinafter contained. Any appeal which may be taken to the court from the decision of the governing body, whether instituted by the owner or by any other proper party, notwithstanding the provisions heretofore stated relating to a stay of the decision appealed from shall not affect the right of the owner to make the bona fide offer to sell referred to above. No offer to sell shall be made more than one year after a final decision by the governing body, but thereafter the owner may renew his request to the governing body to approve the razing or demolition of the historic landmark, building or structure. The time schedule for offers to sell shall be as follows: three months when the offering price is less than $25,000; four months when the offering price is $25,000 or more but less than $40,000; five months when the offering price is $40,000 or more but less than $55,000; six months when the offering price is $55,000 or more but less than $75,000; seven months when the offering price is $75,000 or more but less than $90,000; and 12 months when the offering price is $90,000 or more.

4. The governing body is authorized to acquire in any legal manner any historic area, landmark, building or structure, land pertaining thereto, or any estate or interest therein which, in the opinion of the governing body should be acquired, preserved and maintained for the use, observation, education, pleasure and welfare of the people; provide for their renovation, preservation, maintenance, management and control as places of historic interest by a department of the locality or by a board, commission or agency specially established by ordinance for the purpose; charge or authorize the charging of compensation for the use thereof or admission thereto; lease, subject to such regulations as may be established by ordinance, any such area, property, lands or estate or interest therein so acquired upon the condition that the historic character of the area, landmark, building, structure or land shall be preserved and maintained; or to enter into contracts with any person, firm or corporation for the management, preservation, maintenance or operation of any such area, landmark, building, structure, land pertaining thereto or interest therein so acquired as a place of historic interest; however, the locality shall not use the right of condemnation under this subsection unless the historic value of such area, landmark, building, structure, land pertaining thereto, or estate or interest therein is about to be destroyed.

The authority to enter into contracts with any person, firm or corporation as stated above may include the creation, by ordinance, of a resident curator program such that private entities through lease or other contract may be engaged to manage, preserve, maintain, or operate, including the option to reside in, any such historic area, property, lands, or estate owned or leased by the locality. Any leases or contracts entered into under this provision shall require that all maintenance and improvement be conducted in accordance with established treatment standards for historic landmarks, areas, buildings, and structures. For purposes of this section, leases or contracts that preserve historic landmarks, buildings, structures, or areas are deemed to be consistent with the purposes of use, observation, education, pleasure, and welfare of the people as stated above so long as the lease or contract provides for reasonable public access consistent with the property's nature and use. The Department of Historic Resources shall provide technical assistance to local governments, at their request, to assist in developing resident curator programs.

B. Notwithstanding any contrary provision of law, general or special, in the City of Portsmouth no approval of any governmental agency or review board shall be required for the construction of a ramp to serve individuals with disabilities at any structure designated pursuant to the provisions of this section.

C. Any locality that establishes or expands a local historic district pursuant to this section shall identify and inventory all landmarks, buildings, or structures in the areas being considered for inclusion within the proposed district. Prior to adoption of an ordinance establishing or expanding a local historic district, the locality shall (i) provide for public input from the community and affected property owners in accordance with § 15.2-2204; (ii) establish written criteria to be used to determine which properties should be included within a local historic district; and (iii) review the inventory and the criteria to determine which properties in the areas being considered for inclusion within the proposed district meet the criteria to be included in a local historic district. Local historic district boundaries may be adjusted to exclude properties along the perimeter that do not meet the criteria. The locality shall include only the geographical areas in a local historic district where a majority of the properties meet the criteria established by the locality in accordance with this section. However, parcels of land contiguous to arterial streets or highways found by the governing body to be significant routes of tourist access to the locality or to designated historic landmarks, buildings, structures, or districts therein, or in a contiguous locality may be included in a local historic district notwithstanding the provisions of this subsection.

D. Any locality utilizing the urban county executive form of government may include a provision in any ordinance adopted pursuant to this section that would allow public access to any such historic area, landmark, building, or structure, or land pertaining thereto, or providing that no subdivision shall occur within any historic district unless approved by the review board or, on appeal, by the governing body of the locality as being compatible with the historic nature of such area, landmarks, buildings, or structures therein with regard to any parcel or parcels that collectively are (i) adjacent to a navigable river and a national park and (ii) in part or as a whole subject to an easement granted to the National Park Service or Virginia Outdoors Foundation granted on or after January 1, 1973.

E. A locality that establishes a local historic district pursuant to this section may provide tax incentives for the conservation and renovation of historic structures in such district. Such incentives may include tax rebates to the extent allowed by the Constitution of Virginia. For the purposes of this section, "historic structure" means a structure designated as having an important historic, architectural, archaeological, or cultural interest or designated as a contributing structure by an ordinance passed pursuant to subsection A.

B. Notwithstanding the provisions of § 38.2-3419, each policy, contract, or plan issued or provided by a carrier that provides coverage for cancer therapy shall not hold proton radiation therapy to a higher standard of clinical evidence for decisions regarding coverage under the policy, contract, or plan than is applied for decisions regarding coverage of other types of radiation therapy treatment*, and each carrier may consider at least one of the following a sufficient standard of clinical evidence to justify coverage of proton radiation therapy:*

1. That a proton radiation therapy treatment is covered by Medicare, Medicaid, or any other governmental health care coverage for any type of cancer.

2. That a patient's treating physician or radiation oncologist recommends proton radiation therapy for such patient's cancer treatment.

C. Nothing in this section shall be construed to mandate the coverage of proton radiation therapy under any policy, contract, or plan issued or provided by a carrier.

D. The requirements of this section shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2018, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

E. This section shall not apply to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

2. That the requirements of this act shall apply to all insurance policies, subscription contracts, and health care plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2025, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

[H 1019]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-1517 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-1517. Insurance for employees and retired employees of localities and other local governmental entities; participation by certain volunteers.

A. Any locality may provide group life, accident, and health insurance programs for its officers and employees; employees of boards, commissions, agencies, or authorities created by or controlled by such locality; employees of boards, commissions, agencies, or authorities that are political subdivisions of the Commonwealth and work in close cooperation with such locality; or employees of a public school foundation as defined in subsection A of § 22.1-212.2:2 that provides support exclusively for such locality. In addition, any locality that provides such a health insurance program may allow eligible members of approved volunteer fire or rescue companies, as determined by the locality, to participate in such a health insurance program. Such programs may be through a program of self-insurance, purchased insurance, or partial self-insurance and purchased insurance, whichever is determined to be the most cost effective. The total cost of such policies or protection may be paid entirely by the locality or shared with the employee. The governing body of any locality may provide for its retired officers and retired employees, including retired employees of boards, commissions, agencies, or authorities that are political subdivisions of the Commonwealth and work in close cooperation with such locality, to be eligible for such group life, accident, and health insurance programs. The cost of such insurance for retired officers and retired employees may be paid in whole or in part by the locality. The governing body of any locality may permit members of approved volunteer fire or rescue companies to participate in its group health insurance programs, subject to the eligibility criteria established by the locality. The cost of a volunteer's participation in such a health insurance program shall be paid for in full by the participating volunteer. Any locality may fund the cost of a volunteer's participation in a mental health treatment and counseling program that is offered to individual members of approved volunteer fire or rescue companies and is comparable to an employee assistance program offered to paid employees of the locality.

Any locality may allow participation in its group health insurance program by any non-benefitted employee, including members of governing bodies, if such non-benefitted employee or governing body member is not otherwise entitled to participate, provided that such non-benefitted employees reimburse the locality for the full cost of their participation. For purposes of this subsection, reimbursement may include foregoing all or a part of a local government salary.

B. In the event a county or city elects to provide one or more of such programs for its officers and employees, it shall provide such programs to the constitutional officers and their employees on the same basis as provided to other officers and employees, unless the constitutional officers and employees are covered under a state program, and the cost of such local program shall be borne entirely by the locality or shared with the employee.

C. 1. Except as otherwise provided herein, in the event the governing body of any locality elects to provide group accident and health insurance for its officers and employees, including constitutional officers and their employees, such programs shall require that upon retirement, or upon the effective date of this provision for those who have previously retired, any such individual with (i) at least 15 years of continuous employment with the locality or (ii) less than 15 years of continuous employment who has retired due to line-of-duty injuries may choose to continue his coverage with the insurer at the retiree's expense until such individual attains 65 years of age at the insurer's customary premium rate applicable (a) to such policies, (b) to the class of risk to which the person then belongs, and (c) to his age.

3. Any locality that has not offered the opportunity to continue group health coverage provided by the locality as required by subdivision 1 to its retirees who had retired on or before June 30, 1993, and who meet the criteria for such coverage as set forth in subdivision 1, shall do so by July 1, 2000. Any retiree from the service of a locality who had retired on or before June 30, 1993, and who meets the criteria to continue his group health coverage from the locality under subdivision 1 who has not yet elected to continue his group health coverage from the locality shall elect whether to do so by July 1, 2000.

4. Nothing herein shall prohibit a locality from providing group accident and health coverage or benefits for its retirees in addition to the coverage required under this section.

D. Any locality that offers group health plans to its employees and the employees of constitutional officers and its retirees, as provided by this section or otherwise, may provide in the plan providing such coverage that any retiree who is participating in a group health plan provided by the locality who subsequently terminates his participation in such plan may not thereafter rejoin a group health plan provided by the locality.

Any such law-enforcement officer shall complete any other training as determined to be necessary by the Board to ensure understanding of the criminal laws and all other laws of the Commonwealth.

B. Prior to any conditional offer of employment, the hiring law-enforcement agency shall request from all prior employing law-enforcement agencies any information (i) related to an arrest or prosecution of the applicant law-enforcement officer, including any expunged arrest or criminal charge known to the agency or disclosed during the hiring process that would otherwise be prohibited from disclosure in accordance with § 19.2-392.4; (ii) related to a civil suit regarding the applicant law-enforcement officer's employment or performance of his duties; (iii) obtained during the course of any internal investigation related to the applicant law-enforcement officer's alleged criminal conduct, use of excessive force, or other official misconduct in violation of the state professional standards of conduct adopted by the Board; and (iv) related to the applicant law-enforcement officer's job performance that led to such officer's resignation, dismissal, demotion, suspension, or transfer. The hiring law-enforcement agency shall employ all reasonable means to obtain personnel records for law-enforcement officers transferring from an out-of-state or federal law-enforcement agency, including requiring the applicant law-enforcement officer (a) to complete a waiver or release liability authorizing the hiring law-enforcement agency to request such information as listed in this subsection from all prior employing law-enforcement agencies and (b) to provide a full disclosure of any incidents or information that such prior employing law-enforcement agencies have been requested to disclose as listed in this subsection.

Upon the receipt of all requested information by the hiring law-enforcement agency, the applicant law-enforcement officer shall complete a sworn declaration that the provided information or records are, to the best of the applicant's knowledge, a true, correct, and complete response to such request.

C. In addition, the hiring law-enforcement agency may require a candidate for employment to undergo a psychological examination, subsequent to a conditional offer of employment, conducted under the supervision of a licensed psychiatrist or a licensed clinical psychologist.

D. Notwithstanding the provisions of this section, any sworn law-enforcement officer may be granted an exemption in accordance with the provisions of § 9.1-116 and may be subject to the compulsory minimum training standards established by the Board.

CHAPTER 543

An Act to amend and reenact § 46.2-301 of the Code of Virginia, relating to license suspensions due to driving during a period of suspension or revocation; period of suspension.

[H 1080]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-301 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-301. Driving while license, permit, or privilege to drive suspended or revoked.

A. In addition to any other penalty provided by this section, any motor vehicle administratively impounded or immobilized under the provisions of § 46.2-301.1 may, in the discretion of the court, be impounded or immobilized for an additional period of up to 90 days upon conviction of an offender for driving while his driver's license, learner's permit, or privilege to drive a motor vehicle has been (i) suspended or revoked for a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-272, or 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction or (ii) administratively suspended under the provisions of § 46.2-391.2. However, if, at the time of the violation, the offender was driving a motor vehicle owned by another person, the court shall have no jurisdiction over such motor vehicle but may order the impoundment or immobilization of a motor vehicle owned solely by the offender at the time of arrest. All costs of impoundment or immobilization, including removal or storage expenses, shall be paid by the offender prior to the release of his motor vehicle.

B. Except as provided in § 46.2-304, no resident or nonresident (i) whose driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked or (ii) who has been directed not to drive by any court or by the Commissioner, or (iii) who has been forbidden, as prescribed by operation of any statute of the Commonwealth or a substantially similar ordinance of any county, city or town, to operate a motor vehicle in the Commonwealth shall thereafter drive any motor vehicle or any self-propelled machinery or equipment on any highway in the Commonwealth until the period of such suspension or revocation has terminated or the privilege has been reinstated or a restricted license is issued pursuant to subsection E. For the purposes of this section, the phrase "motor vehicle or any self-propelled machinery or equipment" shall not include mopeds.

C. A violation of subsection B is a Class 1 misdemeanor.

D. Upon a violation of subsection B, the court shall suspend the person's license or privilege to drive a motor vehicle for the same period for which it had been previously suspended or revoked. In the event the person violated subsection B by driving during a period of suspension or revocation which was not for a definite period of time, the court shall suspend the person's license, permit or privilege to drive for an additional period not to exceed 90 days, to commence upon the expiration of the previous suspension or revocation or to commence immediately if the previous suspension or revocation has expired. *However, no such suspension shall extend beyond 10 years from the conviction date for such violation of subsection B, unless required by Article 6.1 (§ 46.2-341.1 et seq.).*

E. Any person who is otherwise eligible for a restricted license may petition each court that suspended his license pursuant to subsection D for authorization for a restricted license, provided that the period of time for which the license was suspended by the court pursuant to subsection D, if measured from the date of conviction, has expired, even though the suspension itself has not expired. A court may, for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license shall be issued unless each court that issued a suspension of the person's license pursuant to subsection D authorizes the Department to issue a restricted license. Any restricted license issued pursuant to this subsection shall be in effect until the expiration of any and all suspensions issued pursuant to subsection D, except that it shall automatically terminate upon the expiration, cancellation, suspension, or revocation of the person's license or privilege to drive for any other cause. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall forward to the Commissioner a copy of its authorization entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle.

F. Any person who operates a motor vehicle or any self-propelled machinery or equipment in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1 is not guilty of a violation of this section but is guilty of a violation of § 18.2-272.

CHAPTER 544

An Act to amend and reenact § 2.2-4303 of the Code of Virginia, relating to Virginia Public Procurement Act; methods of procurement; certain construction projects.

[H 1116]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4303 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4303. Methods of procurement.

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law. All state public bodies accepting bids or proposals for contracts pursuant to this chapter shall provide an option to submit bids or proposals through the Commonwealth's statewide electronic procurement system, known as eVA. The Director of the Department of General Services, or his designee, may grant an exemption from such requirement at the request of a state public body and upon a showing of good cause. Local public bodies are encouraged to use eVA to offer an electronic submission option.

B. Professional services shall be procured by competitive negotiation.

C. Goods, services other than professional services, and insurance may be procured by competitive sealed bidding or competitive negotiation.

Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the

procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances:

1. By any public body on a fixed price design-build basis or construction management basis as provided in Chapter 43.1 (§ 2.2-4378 et seq.); or

2. By any public body for the construction of highways and any draining, dredging, excavation, grading or similar work upon real property upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

G. A public body may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for:

1. Goods and services other than professional services*, if the aggregate or the sum of all phases is not expected to exceed $200,000,* and non-transportation-related construction, if the aggregate or the sum of all phases is not expected to exceed ~~$200,000~~ *$300,000*; and

2. Transportation-related construction, if the aggregate or sum of all phases is not expected to exceed $25,000.

However, such small purchase procedures shall provide for competition wherever practicable.

Such purchase procedures may allow for single or term contracts for professional services without requiring competitive negotiation, provided the aggregate or the sum of all phases is not expected to exceed $80,000.

Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.

For state public bodies, informal solicitations conducted under this subsection shall require the posting of a public notice on the Department of General Services' central electronic procurement website. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

H. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.

I. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.

CHAPTER 546

An Act to amend and reenact § 55.1-2216 of the Code of Virginia, relating to Virginia Real Estate Time-Share Act; partial termination of certain time-shares.

[H 1241]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-2216 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-2216. Termination of certain time-shares.

A. This section applies to all time-share estate programs and, when provided by the time-share instrument, to time-share use programs.

B. A time-share project may be terminated in whole *or in part* by the developer ~~at~~ *or the association:*

1. At any time and for any reason if such developer *or association* is the sole owner of all time-shares within the time-share project*, or in the case of a partial termination, is the sole owner of all time-shares within the phase, building, or other independent division being terminated and if the developer or association, or its managing agent, certifies in the partial termination agreement that such partial termination will not materially and adversely affect the rights of the remaining time-share owners, nor reduce the time-share program's ability to satisfy the occupancy rights of the remaining time-share owners using the units in the phases, buildings, or other interdependent divisions of the project that are not subject to termination and describes any amendment to the time-share instrument necessary for the developer or association, or its managing agent, to make such certification*. ~~Such~~ *Any such* termination shall be accomplished by the developer *or the association* executing and recording a termination ~~document~~ *agreement or partial termination agreement* where the time-share instrument is recorded*, along with any amendment to the time-share instrument necessary to accurately describe the surviving time-share project and satisfy therefrom the occupancy rights of the remaining time-share owners*.

~~Time-shares subject to this section also may be terminated by~~ *2. By* written *termination* agreement *or by vote* of the time-share owners having at least 51 percent of the time-shares or by *a* written *termination* agreement *or vote* of such larger percentage of the time-share owners as may otherwise be provided in the time-share instrument. The termination agreement shall specify a date upon which it shall become void, unless it is recorded before that date in the clerk's office of the appropriate court where the time-share project is located.

C. *1.* If the termination agreement*, or association vote authorizing the same,* sets forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold and designates a trustee to effect the sale, the termination agreement becomes effective upon recordation, and title to that estate or interest vests upon ~~termination~~ *such recordation* in the trustee for the benefit of the *affected* time-share owners, to be transferred *by*

the trustee to the purchaser pursuant to the contract. *In a partial termination, the termination agreement shall also (i) include an explanation of the purpose of the partial termination to establish the manner in which it supports the enforcement and protection of existing interests and rights; (ii) identify the units and common areas that will survive the partial termination; (iii) provide that such units and common areas remain in the time-share form of ownership pursuant to an amendment to the time-share instrument or an amended and restated time-share instrument; and (iv) in the event that the terminated property will continue to have access, use rights, parking rights, or other rights in the remaining time-share project, provide the circumstances and details regarding such use and access, including how costs will be shared. If the termination agreement requires that any property in the time-share project be sold or otherwise disposed of following termination, title to the property, upon recordation of the termination agreement, shall vest in the association as trustee for the benefit of the affected time-share owners. Thereafter, the association shall have all powers necessary and appropriate to effect the sale or disposition of such property. In a partial termination, title to the surviving units and common areas that remain part of the time-share project specified in the termination agreement shall remain vested in the ownership shown in the public records and shall not vest in the termination trustee.*

2. If the termination agreement does not set forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold ~~and designates a trustee to effect the sale~~, the termination agreement becomes effective upon recordation, and title to an estate or interests equal to the sum of the time-shares therein vests upon ~~termination~~ *recordation* in the *affected* time-share owners in proportion to their respective interests as provided in subsection F. Liens on the time-shares shall accordingly encumber the respective interests; and in this instance, any co-owner of that estate or interest may maintain an action for partition or for allotment or sale in lieu of partition pursuant to the laws of the Commonwealth.

D. *1.* Except as otherwise specified in the termination agreement, so long as the former time-share owners or their trustee holds title to the estate or interests equal to the sum of the time-shares, each former time-share owner and his successor in interest have the same rights with respect to the use, enjoyment, and occupancy in the former time-share unit that such former time-share owner and his successor in interest would have had if termination had not occurred, together with the same liabilities and other obligations imposed by this act or the time-share instrument.

2. The approval of a plan of termination shall not terminate the association. Until the termination has been concluded and the proceeds of any sale have been distributed, the association shall continue in existence with all of the powers that the association had prior to termination. In a partial termination, the association shall continue in the performance of its duties as the time-share association for the property that remains subject to the time-share program. The termination or partial termination of a time-share project shall not bar the filing of a new time-share instrument by the association, the termination trustee, or a successor in interest for the terminated property or any portion thereof.

E. After termination of all *or a part of the* time-shares in a time-share project and adequate provision for payment of the claims of the creditors for time-share expenses, distribution shall be made, in proportion to their respective interests as provided in subsection F, to the former time-share owners and their successors in interest of (i) the proceeds of any sale pursuant to this section, (ii) the proceeds of any *sale of* personalty held for the use and benefit of the former time-share owners, and (iii) any other funds held for the use and benefit of the former time-share owners.

F. The time-share instrument may specify the respective fractional or percentage interest that will be owned by each former time-share owner after termination, in accordance with the provisions of this section. Otherwise, not more than 180 days prior to the termination, an appraisal shall be made of the fair market value of each time-share by one or more impartial qualified appraisers selected either by the trustee designated in the termination agreement or by the managing entity if no trustee was so designated. The appraisal shall also state the corresponding fractional or percentage interests calculated in proportion to those values and in accordance with this subsection. A notice stating all of those values and corresponding interests and the return address of the sender shall be sent by certified or registered mail, by the managing entity or the trustee designated in the termination agreements, to all of the time-share owners. The appraisal governs the magnitude of each interest unless (i) at least 25 percent of the time-share owners deliver, within 60 days after the date the notices were mailed, written disapprovals to the return address of the sender of the notice or (ii) the final judgment of a court of competent jurisdiction, entered during or after that period, holds that the appraisal should be set aside. The appraisal and the calculation of interests shall be made in accordance with the following:

1. If the termination agreement sets forth the material terms of a contract or proposed contract for the sale of the estate or interests equal to the sum of the time-shares, each time-share conferring a right of occupancy during a limited number of time periods shall be appraised as if the time until the date specified for the conveyance of the property had already elapsed. Otherwise, each time-share of that kind shall be appraised as if the time until the date specified pursuant to subsection B had already elapsed.

2. The interest of each time-share owner is the value of the time-share he owned divided by the sum of the values of all time-shares in the unit or units to which his time-share applies.

G. Foreclosure or enforcement of a lien or encumbrance against all of the time-shares in a time-share project does not of itself terminate those time-shares.

H. Any legal challenge or action for damages or equitable relief arising out of any termination, in whole or in part, of a time-share project or program pursuant to this section shall be commenced within one year of the recordation of the termination agreement.

2. That the provisions of this act are effective retroactive in accordance with the provisions of § 55.1-2201 of the Code of Virginia.

A. The Commissioner shall forthwith revoke and not thereafter reissue for three years the driver's license of any person on receiving a record of the conviction of any person who (i) is adjudged to be a second offender in violation of the provisions of subsection A of § 46.2-341.24 (driving a commercial motor vehicle under the influence of drugs or intoxicants), or § 18.2-266 (driving under the influence of drugs or intoxicants), if the subsequent violation occurred within 10 years of the prior violation, or (ii) is convicted of any two or more offenses of § 18.2-272 (driving while the driver's license has been forfeited for a conviction under § 18.2-266) if the second or subsequent violation occurred within 10 years of the prior offense. However, if the Commissioner has received a copy of a court order authorizing issuance of a restricted license as provided in subsection E of § 18.2-271.1, he shall proceed as provided in the order of the court. For the purposes of this subsection, an offense in violation of a valid local ordinance, or law of any other jurisdiction, which ordinance or law is substantially similar to any provision of Virginia law herein shall be considered an offense in violation of such provision of Virginia law. Additionally, in no event shall the Commissioner reinstate the driver's license of any person convicted of a violation of § 18.2-266, or of a substantially similar valid local ordinance or law of another jurisdiction, until receipt of notification that such person has successfully completed an alcohol safety action program if such person was required by court order to do so unless the requirement for completion of the program has been waived by the court for good cause shown. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, and the court shall give the recommendations such weight as the court deems appropriate. The court may, in lieu of restoring the person's privilege to drive, authorize the issuance of a restricted license for a period not to exceed five years in accordance with the provisions of § 18.2-270.1 and subsection E of § 18.2-271.1. The court shall notify the Virginia Alcohol Safety Action Program ~~which shall~~ *that* during the term of the restricted license *it shall* monitor the person's compliance with the terms of the restrictions imposed by the court. B. Applications for absentee ballots shall be completed in the following manner:

1. An application completed in person shall be completed only in the office of the general registrar and signed by the applicant in the presence of a registrar. § 56-245.3. Commission to promulgate regulations and standards.

In addition to other appropriate safeguards for the tenant, the regulations shall require (i) that an

apartment house, office building, shopping center, or campground owner shall not impose on the tenant any charges, over and above the cost per kilowatt hour, cubic foot or therm, plus demand and customer charges, where applicable, which are charged by the utility company to the owner, including any sales, local utility, or other taxes, if any, except that additional service charges permitted by § 55.1-1212 or 55.1-1404, as applicable, may be collected to cover administrative costs and billing, and (ii) that the apartment house, office building, shopping center, or campground owner shall maintain adequate records regarding submetering and energy allocation equipment and shall make such records available for inspection by the Commission during reasonable business hours. A. Any individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether or not the individual owes child support obligations as defined under subsection G of this section. If any such individual discloses that he or she owes child support obligations, and is determined to be eligible for unemployment compensation, the Commission shall notify the state or local child support enforcement agency enforcing such obligation that the individual has been determined to be eligible for unemployment compensation.

B. The Commission shall deduct and withhold the following from any unemployment compensation payable to such an individual:

1. The amount specified by the individual to the Commission to be deducted and withheld under this subsection, if neither the provisions of subdivision 2 of this subsection nor the provisions of subdivision 3 of this subsection are applicable;

D. Any amount deducted and withheld under subsection B shall be treated as if it were paid to the individual as unemployment compensation and paid by such individual to the state or local child support enforcement agency in satisfaction of the individual's child support obligations.

E. For purposes of subsections A through D of this section, "unemployment compensation" means any compensation payable under this title, including amounts payable by the Commission pursuant to an agreement under any federal law providing for compensation, assistance, or allowances with respect to unemployment.

F. G. The term "child support obligations" as defined for purposes of this section includes only obligations which are being enforced pursuant to a plan described in § 454 of the Social Security Act which has been approved by the Secretary of Health and Human Services under Part D of Title IV (42 U.S.C. 651 et seq.) of the Social Security Act.

No otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the Commission, including training under § 134 of the Workforce ~~Investment~~ *Innovation and Opportunity* Act, nor shall such individual be denied benefits for any week in which he is in training with the approval of the Commission, including training under § 134 of the Workforce ~~Investment~~ *Innovation and Opportunity* Act, by reason of the application of the provisions in subdivision A 7 of § 60.2-612 relating to availability for work, or the provisions of subdivision 3 of § 60.2-618 relating to failure to apply for, or a refusal to accept, suitable work.

B. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he is in training approved under § 2296 of the Trade Act (19 U.S.C. § 2101 et seq.), nor shall such individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law), relating to availability for work, active search for work, or refusal to accept work.

C. For purposes of this section, "suitable employment" means, with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the Trade Act, and wages for such work at not less than eighty percent of the individual's average weekly wage as determined for the purposes of the Trade Act.

§ 60.2-619. Determinations and decisions by deputy; appeals therefrom.

A. 1. A representative designated by the Commission as a deputy, shall promptly examine the claim. On the basis of the facts found by him, the deputy shall either:

a. Determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof; or

b. Refer such claim or any *relevant* question ~~involved therein~~ to ~~any appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals* or to the Commission, which ~~tribunal or Commission~~ shall make its determination in accordance with the procedure described in § 60.2-620.

2. When the payment or denial of benefits will be determined by the provisions of subdivision A 2 of § 60.2-612, the deputy shall promptly transmit his full finding of fact with respect to that subdivision to ~~any appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals*, which shall make its determination in accordance with the procedure described in § 60.2-620.

B. Upon the filing of an initial claim for benefits, the Commission shall cause an informatory notice of such filing to be mailed to the most recent 30-day or 240-hour employing unit of the claimant and all subsequent employing units, and any reimbursable employing units which may be liable for reimbursement to the Commission for any benefits paid. However, the failure to furnish such notice shall not have any effect upon the claim for benefits.

C. Notice of determination upon a claim shall be promptly given to the claimant by delivering or by mailing such notice to the claimant's last known address. In addition, notice of any determination which involves the application of the provisions of § 60.2-618, together with the reasons therefor, shall be promptly given in the same manner to the most recent 30-day or 240-hour employing unit by whom the claimant was last employed and any subsequent employing unit which is a party. The Commission may dispense with the giving of notice of any determination to any employing unit, and such employing unit shall not be entitled to such notice if it has failed to respond timely or adequately to a written request of the Commission for information, as required by § 60.2-528.1, from which the deputy may have determined that the claimant may be ineligible or disqualified under any provision of this title. The deputy shall promptly notify the claimant of any decision made by him at any time which in any manner denies benefits to the claimant for one or more weeks.

D. Such determination or decision shall be final unless the claimant or any such employing unit files an appeal from such determination or decision ~~(i) within 30 calendar days after the delivery of such notification, (ii)~~ within 30 calendar days after such notification was mailed *or, if the party elects to receive electronic communications pursuant to § 60.2-121.1, electronically delivered* to his last known address~~, or (iii) within 30 days after such notification was mailed to the last known address of an interstate claimant~~. *Electronic delivery shall include confirmation of receipt.* For good cause shown, the

30-day period may be extended. A claim that the Commission has determined to be invalid because of monetary ineligibility shall first be subject to review only upon a request for redetermination pursuant to § 60.2-629. The Commission shall issue a new monetary determination as a result of such review, and such monetary determination shall become final unless appealed by the claimant within 30 days of the date of mailing. The Commission shall clearly set out the process for requesting a redetermination and the process for filing an appeal on each monetary determination issued. Monetary ineligibility does not include an appeal on the effective date of the claim, unless the claimant has requested and received a redetermination of the monetary determination pursuant to § 60.2-629.

E. Benefits shall be paid promptly in accordance with a determination or redetermination under this chapter, or decision of ~~an appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals*, the Commission, ~~the Board of Review~~ or a reviewing court under ~~§§~~ *§* 60.2-625 ~~and 60.2-631~~ upon the issuance of such determination, redetermination*,* or decision, regardless of the pendency of the period to file an appeal or petition for judicial review that is provided in this chapter, or the pendency of any such appeal or review. Such benefits shall be paid unless or until such determination, redetermination*,* or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision. If a decision of ~~an appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals* allowing benefits is affirmed in any amount by the Commission, benefits shall continue to be paid until such time as a court decision has become final so that no further appeal can be taken. If an appeal is taken from the Commission's decision, benefits paid shall result in a benefit charge to the account of the employer under § 60.2-530 only when, and as of the date on which, as the result of an appeal, the courts finally determine that the Commission should have awarded benefits to the claimant or claimants involved in such appeal.

§ 60.2-620. Hearing and decision on appeal.

A. Appeals filed under § 60.2-619 shall be heard by ~~an appeal tribunal appointed pursuant to § 60.2-621~~ *the Commission's Administrative Law Division's Office of First Level Appeals*. Such ~~appeal tribunal~~ *office*, after affording the claimant and any other parties reasonable opportunity for a fair hearing, shall have jurisdiction to consider all issues with respect to the claim since the initial filing thereof. Such ~~tribunal~~ *office* shall affirm, set aside, reverse, modify, or alter the findings of fact and decision of the deputy, and may enter such order or decision with respect to the claim as such ~~appeal tribunal~~ *office* finds should have been entered. However, no such order or decision shall affect benefits already paid except in accordance with the provisions of § 60.2-633.

B. The parties shall be duly notified of such ~~tribunal's~~ *office's* decision, together with its reasons therefor, which shall be deemed to be the final decision of the Commission, unless within thirty days after the date of notification or mailing of such decision, further appeal is initiated pursuant to § 60.2-622. However, for good cause shown the thirty-day period may be extended.

§ 60.2-622. Commission review.

A. The Commission (i) may on its own motion affirm, modify, or set aside any decision of an ~~appeal tribunal~~ *appeals examiner* on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence by an ~~appeal tribunal~~ *appeals examiner*, or receive such evidence itself, or (ii) shall permit any of the parties to such decision to initiate further appeals before it. The Commission may remove to itself or transfer to another ~~appeal tribunal~~ *appeals examiner* the proceedings on any claim pending before an ~~appeal tribunal~~ *appeals examiner*. Any proceeding so removed to the Commission shall be heard in accordance with the requirements of § 60.2-620. The Commission shall promptly notify the interested parties of its findings and decision.

B. 1. Any decision of the Commission, upon a hearing on appeal, shall become final 10 days after the date of notification or mailing, and judicial review shall be permitted the claimant or any interested party claiming to be aggrieved. The Commission shall be deemed to be a party to any judicial action involving any such decision, and shall be represented in any such judicial action by the Office of the Attorney General.

2. Any such decision by the Commission involving (i) whether an employing unit constitutes an employer or (ii) whether services performed for or in connection with business of an employing unit constitute employment for such employing unit, from which no judicial review is had pursuant to subsections C and D of § 60.2-500, shall be conclusive in any subsequent judicial proceedings involving liability for taxes by the Commission against any employing unit which was a party to the proceedings held before the Commission.

C. The Commissioner shall have the power to designate a special examiner to hear appeals to the Commission under this section. The Commissioner may authorize and empower such special examiner to decide any appeal so heard, in which event the decision of the special examiner shall be the final decision of the Commission under this section, subject to judicial review under § 60.2-625.

§ 60.2-623. Procedure generally; confidentiality of information.

A. The manner in which disputed claims shall be presented, reports required from the claimant and from employers, the conduct of hearings and appeals before any deputy, ~~appeal tribunal~~ *appeals examiner,* or the Commission, and transcripts prepared shall be in accordance with regulations prescribed by the Commission for determining the rights of the parties. Such regulations need not conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed and a timely request for a hearing before the Commission has been made in accordance with regulations

prescribed by the Commission. In lieu of providing a transcript, and with the consent of all parties who participated in the hearing, the Commission may provide a digital or other electronic recording of the testimony taken at any hearing, which recording may be transmitted in any medium provided that the recording is protected from unauthorized interception by reasonable security measures.

B. Information furnished the Commission under the provisions of this chapter shall not be published or be open to public inspection, other than to public employees in the performance of their public duties. Neither such information, nor any determination or decision rendered under the provisions of § 60.2-619, 60.2-620 or 60.2-622, shall be used in any judicial or administrative proceeding other than one arising out of the provisions of this title; however, the Commission shall make its records about a claimant available to the Workers' Compensation Commission if it requests such records. The Commission may also, in its discretion, furnish copies of the transcript of hearings to any party.

C. Notwithstanding the provisions of subsection B, the Commission shall, on a reimbursable basis, furnish wage and unemployment compensation information contained in its records to the Secretary of Health and Human Services and Virginia's child support enforcement agency for their use as necessary for the purposes of the National Directory of New Hires established under § 453 (i) of the Social Security Act.

D. Notwithstanding the provisions of subsection B, the Commission shall, upon written request, furnish any agency or political subdivision of the Commonwealth such information as it may require for the purpose of collecting fines, penalties, and costs owed to the Commonwealth or its political subdivisions. Such information shall not be published or used in any administrative or judicial proceeding, except in matters arising out of the collection of fines, penalties, and costs owed to the Commonwealth or its political subdivisions.

§ 60.2-625. Judicial review.

A. Within thirty days after the decision of the Commission upon a hearing pursuant to § 60.2-622 has been mailed, any party aggrieved who seeks judicial review shall commence an action in the circuit court of the county or city in which the individual who filed the claim was last employed. In such action against the Commission, the Commission and any other party to the administrative procedures before the Commission shall be named a defendant in a petition for judicial review. Such petition shall also state the grounds upon which a review is sought; it shall be served upon a member of the Commission or upon such person as the Commission may designate, and such service shall be deemed completed service on all parties. There shall be left with the party so served as many copies of the petition as there are defendants, and the Commission shall forthwith mail one such copy to each such defendant. With its answer, the Commission shall certify and file with the court all documents and papers and a transcript of all testimony taken in the matter, together with its findings of fact and decision therein. In any judicial proceedings under this chapter, the findings of the Commission as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions and the questions so certified shall be heard in a summary manner at the earliest possible date. An appeal may be taken from the decision of the court to the Court of Appeals in conformity with Part Five A of the Rules of Supreme Court and other applicable laws.

B. From any circuit court decision involving (i) the provisions of § 60.2-612 or § 60.2-618, (ii) whether an employing unit constitutes an employer or (iii) whether services performed for or in connection with the business of an employing unit constitute employment for such employing unit, the Court of Appeals shall have jurisdiction to review such decision regardless of the amount involved in any claim for benefits. It shall not be necessary, in any proceeding under this chapter, to enter exceptions to the rulings of the Commission or an ~~appeal tribunal~~ *appeals examiner*, and no bond shall be required upon an appeal to any court. Upon the final determination of such judicial proceeding, the Commission shall administer the Unemployment Compensation Fund in accordance with such determination.

C. The Commission shall have the right to appeal a decision of a circuit court in any proceeding under this chapter.

§ 60.2-630. Authority to set aside or vacate determinations and decisions.

The Commission may, in its discretion, at any time before a determination or decision becomes final pursuant to ~~§§~~ *§* 60.2-619~~, 60.2-621,~~ or ~~§~~ 60.2-622, with good cause set aside or modify any such determination or decision.

2. That §§ 60.2-621 and 60.2-631 of the Code of Virginia are repealed.

1. That § 46.2-653.1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-653.1. Conversion of manufactured home to real property.

A. After a manufactured home has been titled in the Commonwealth and at such time as the wheels and other equipment previously used for mobility have been removed and the unit has been attached to real property owned by the manufactured home owner, the owner may convert the home to real property in accordance with the provisions of subsection B. Except as provided in §§ 58.1-3219.5 and 58.1-3219.9, and for the purposes stated in §§ 58.1-3219.5 and 58.1-3219.9, the provisions of this section constitute the only manner by which a manufactured home owner may convert a manufactured home to real property.

B. A manufactured home owner who wishes to convert the home to real property shall submit a sworn affidavit to the Department that the wheels and other equipment previously used for mobility have been removed from the manufactured home and the unit has been attached to real property owned by the manufactured home owner. *If such manufactured home owner is not listed on the title as the owner of such manufactured home, such owner shall also submit to the Department (i) any deed, court order or decree, or other legal document or record establishing that the manufactured home was transferred by the owner listed on the title in the records of the Department to the current manufactured home owner or, if not a direct transfer, records to establish a chain of successive ownership of the manufactured home; (ii) documentation establishing that an existing lien on the vehicle record has been released by the secured party or, if no release is available, that the loan issued by the secured party has been satisfied; and (iii) if available, the original title, duplicate title, or certificate of origin for such manufactured home.*

The affidavit must be in a form approved by the Commissioner. Upon compliance by the owner with the procedure for surrender of title, the Department shall rescind and cancel the Virginia title. The Department shall not cancel the title if a security interest has been recorded on the title and not released by the secured party*, except that, in the absence of a lien release, documentation establishing that the loan issued by the secured party has been satisfied shall be acceptable as proof of such release*. After canceling the title, the Department shall provide written confirmation to the owner that the title has been surrendered and has been canceled by the Department.

Upon receipt of confirmation that the title has been surrendered and has been canceled by the Department, the owner shall file a sworn affidavit of affixation with the circuit court of the locality where the real property is located. The affidavit shall include all of the following information:

1. The manufacturer and, if applicable, the model name of the manufactured home.

Upon filing the affidavit of affixation, the manufactured home shall then be deemed to be real estate and shall thereafter be conveyed and encumbered only as real estate is conveyed and encumbered, except when the home is thereafter physically severed from the real property and a new title issued in accordance with subsection C.

A security interest in a manufactured home is perfected against the rights of judicial lien creditors, execution creditors, and purchasers for value on and after the date such security interest attaches. The initial title issued under the provisions of this subsection shall contain no security interests, provided however, that nothing contained herein shall be construed to prevent a subsequent security interest from being recorded on the title.

1. That § 46.2-391 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-391. Revocation of license for multiple convictions of driving while intoxicated; exception; petition for restoration of privilege.

A. For the purposes of this subsection, an offense in violation of a valid local ordinance, or law of any other jurisdiction, which ordinance or law is substantially similar to any provision of Virginia law herein shall be considered an offense in violation of such provision of Virginia law. Additionally, in no event shall the Commissioner reinstate the driver's license of any person convicted of a violation of § 18.2-266, or of a substantially similar valid local ordinance or law of another jurisdiction, until receipt of notification that such person has successfully completed an alcohol safety action program if such person was required by court order to do so unless the requirement for completion of the program has been waived by the court for good cause shown. A conviction includes a finding of not innocent in the case of a juvenile.

B. The Commissioner shall forthwith revoke and not thereafter reissue the driver's license of any person after receiving a record of the conviction of any person (i) convicted of a violation of § 18.2-36.1 or 18.2-51.4 or a felony violation of § 18.2-266 or (ii) convicted of three offenses arising out of separate incidents or occurrences within a period of 10 years in violation of the provisions of subsection A of § 46.2-341.24 ~~or~~, *§* 18.2-266, or a substantially similar ordinance or law of any other jurisdiction, or any combination of three such offenses. The court may, in lieu of restoring the person's privilege to drive, authorize the issuance of a restricted license for a period not to exceed five years in accordance with the provisions of § 18.2-270.1 and subsection E of § 18.2-271.1. The court shall notify the Virginia Alcohol Safety Action Program ~~which shall~~ *that* during the term of the restricted license *it shall* monitor the person's compliance with the terms of the restrictions imposed by the court. The court may order that a restricted license for such purposes be issued in accordance with the procedures of subsection E of § 18.2-271.1~~,~~ if the court is satisfied from the evidence presented that (i) at the time of the previous convictions, the petitioner was addicted to or psychologically dependent on the use of alcohol or other drugs; (ii) at the time of the hearing on the petition, he is no longer addicted to or psychologically dependent on the use of alcohol or such other drugs; and (iii) the defendant does not constitute a threat to the safety and welfare of himself and others with regard to the driving of a motor vehicle. The court shall prohibit the person to whom a restricted license is issued from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system during all or any part of the term for which the restricted license is issued, in accordance with the provisions set forth in § 18.2-270.1. However, prior to acting on the petition, the court shall order that an evaluation of the person, to include an assessment of his degree of alcohol abuse and the appropriate treatment therefor, if any, be conducted by a Virginia Alcohol Safety Action Program and recommendations therefrom be submitted to the court, and the court shall give the recommendations such weight as the court deems appropriate. The Virginia Alcohol Safety Action Program shall during the term of the restricted license monitor the person's compliance with the terms of the restrictions imposed by the court. CHAPTER 575

An Act to amend and reenact § 38.2-3407.10 of the Code of Virginia, relating to health insurance provider panels; incentives for mental health services.

[S 87]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.10 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.10. Health care provider panels.

A. As used in this section:

"Carrier" means:

1. Any insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical or major medical coverage on an expense incurred basis;

2. Any corporation providing individual or group accident and sickness subscription contracts;

3. Any health maintenance organization providing health care plans for health care services;

4. Any corporation offering prepaid dental or optometric services plans; or

5. Any other person or organization that provides health benefit plans subject to state regulation, and includes an entity that arranges a provider panel for compensation.

"Enrollee" means any person entitled to health care services from a carrier.

"Provider" means a hospital, physician or any type of provider licensed, certified or authorized by statute to provide a covered service under the health benefit plan.

"Provider panel" means those providers with which a carrier contracts to provide health care services to the carrier's enrollees under the carrier's health benefit plan. However, such term does not include an arrangement between a carrier and providers in which any provider may participate solely on the basis of the provider's contracting with the carrier to provide services at a discounted fee-for-service rate.

B. Any such carrier that offers a provider panel shall establish and use it in accordance with the following requirements:

1. Notice of the development of a provider panel in the Commonwealth or local service area shall be filed with the Department of Health Professions.

2. Carriers shall provide a provider application and the relevant terms and conditions to a provider upon request.

C. A carrier that uses a provider panel shall establish procedures for:

1. Notifying an enrollee of:

a. The termination from the carrier's provider panel of a provider who was furnishing health care services to the enrollee or furnished health care services to the enrollee in the six months prior to the notice; and

b. The right of an enrollee to continue to receive health care services as provided in subsection E following the provider's termination from a carrier's provider panel, except when a provider is terminated for cause.

The carrier shall provide notice required by this subdivision 1 prior to the date of the termination of the provider, except when a provider is terminated for cause.

2. Notifying a provider at least 90 days prior to the date of the termination of the provider, except when a provider is terminated for cause.

3. Notifying the purchaser of the health benefit plan, whether such purchaser is an individual or an employer providing a health benefit plan, in whole or in part, to its employees and enrollees of the health benefit plan of:

a. A description of all types of payment arrangements that the carrier uses to compensate providers for health care services rendered to enrollees, including withholds, bonus payments, capitation, and fee-for-service discounts; and

b. The terms of the plan in clear and understandable language that reasonably informs the purchaser of the practical application of such terms in the operation of the plan.

For the purposes of subdivisions 1 and 2, "provider" includes a provider group.

D. A carrier may not deny an application for participation or terminate participation on its provider panel on the basis of gender, race, age, sexual orientation, gender identity, religion or national origin.

E. 1. A provider shall be permitted by the carrier to render health care services to any of the carrier's enrollees for a period of at least 90 days from the date of such provider's termination from the carrier's provider panel, except when a provider is terminated for cause.

2. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who has been medically confirmed to be pregnant at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue through the provision of postpartum care directly related to the delivery.

3. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who is determined to be terminally ill (as defined under § 1861 (dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue for the remainder of the enrollee's life for care directly related to the treatment of the terminal illness.

4. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who has been determined by a medical professional to have a life-threatening condition at the time of a provider's termination of participation. Such treatment shall, at the enrollee's option, continue for up to 180 days for care directly related to the life-threatening condition.

5. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who is admitted to and receiving treatment in any inpatient facility at the time of a provider's termination of participation. Such admission and treatment shall continue until the enrollee is discharged from the inpatient facility.

For any health care services received by an enrollee from a provider after the date the provider has been terminated from the carrier's provider panel:

a. A carrier shall reimburse a provider under this subsection in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation;

b. The provider shall accept such reimbursement from the carrier and any cost-sharing payment from the enrollee for items and services as payment in full; and

c. The provider shall continue to adhere to all policies and procedures and quality standards imposed by the carrier for an enrollee that were required of the provider immediately before the provider's termination of participation.

For the purposes of this subsection, "provider" includes a provider group.

F. 1. A carrier shall provide to a purchaser upon enrollment and make available to existing enrollees at least once a year a list of members in its provider panel, which list shall also indicate those providers who are not currently accepting new patients. Such list may be made available in a form other than a printed document, provided the purchaser or existing enrollee is given the means to request and receive a printed copy of such list.

2. The information provided under subdivision 1 shall be updated at least once a year if in paper form, and monthly if in electronic form.

G. No contract between a carrier and a provider may require that the provider indemnify the carrier for the carrier's negligence, willful misconduct, or breach of contract, if any.

H. No contract between a carrier and a provider shall require a provider, as a condition of participation on the panel, to waive any right to seek legal redress against the carrier.

I. No contract between a carrier and a provider shall prohibit, impede or interfere in the discussion of medical treatment options between a patient and a provider.

J. A contract between a carrier and a provider shall permit and require the provider to discuss medical treatment options with the patient.

K. Any carrier requiring preauthorization for medical treatment shall have personnel available to provide such preauthorization at all times when such preauthorization is required.

L. Carriers shall provide to their group policyholders written notice of any benefit reductions during the contract period at least 60 days before such benefit reductions become effective. Group policyholders shall, in turn, provide to their enrollees written notice of any benefit reductions during the contract period at least 30 days before such benefit reductions become effective. Such notice shall be provided to the group policyholder as a separate and distinct notification, and may not be combined with any other notification or marketing materials.

M. No contract between a provider and a carrier shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a specific enrollee or group of enrollees with similar medical conditions.

N. If a provider panel contract between a provider and a carrier, or other entity that provides hospital, physician or other health care services to a carrier, includes provisions that require a provider, as a condition of participating in one of the carrier's or other entity's provider panels, to participate in any other provider panel owned or operated by that carrier or other entity, the contract shall contain a provision permitting the provider to refuse participation in one or more such other provider panels at the time the contract is executed. If a provider contracts with a carrier or other entity that subsequently contracts with one or more unaffiliated carriers to include such provider in the provider panels of such unaffiliated carriers, and which permits an unaffiliated carrier to impose participation terms with respect to such provider that differ materially in reimbursement rates or in managed care procedures, such as conducting economic profiling or requiring a patient to obtain primary care physician referral to a specialist, from the terms agreed to by the provider in the original contract, the provider panel contract shall contain a provision permitting the provider to refuse participation with any such unaffiliated carrier. Utilization review pursuant to Article 1.2 (§ 32.1-137.7 et seq.) of Chapter 5 of Title 32.1 shall not constitute a materially different managed care procedure. This subsection shall apply to provider panels utilized by health maintenance organizations and preferred provider organizations. For purposes of this subsection, "preferred provider organization" means a carrier that offers preferred provider contracts or policies as defined in § 38.2-3407 or preferred provider subscription contracts as defined in § 38.2-4209. The status of a physician as a member of or as being eligible for other existing or new provider panels shall not be adversely affected by the exercise of such right to refuse participation. This subsection shall not apply to the Medallion II and children's health insurance plan administered by or pursuant to contract with the Department of Medical Assistance Services.

O. A carrier that rents or leases its provider panel to unaffiliated carriers shall make available, upon request, to its providers a list of unaffiliated carriers that rent or lease its provider panel. Such list if available in electronic format shall be updated monthly. The provider shall be given the means to request and receive a printed copy of such list.

P. *As part of a value-based arrangement, a provider panel contract between a carrier and a primary care provider may include provisions that promote comprehensive screening using evidence-based tools for mental health needs and appropriate referrals by primary care providers to mental health services that may be provided on-site, via telehealth on site, or through an off-site referral.*

Q. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

CHAPTER 576

An Act to amend and reenact §§ 64.2-400 and 64.2-531 of the Code of Virginia, relating to wills and trusts; tangible personal property; nonexoneration.

[S 102]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 64.2-400 and 64.2-531 of the Code of Virginia are amended and reenacted as follows:

§ 64.2-400. Separate writing identifying recipients of tangible personal property; liability for distribution; action to recover property.

A. *For the purposes of this section, "revocable," "settlor," "trustee," and "trust instrument" mean the same as those terms are defined in § 64.2-701.*

B. If a will *or a trust instrument that was revocable immediately before the settlor's death* refers to a written statement or list to dispose of items of tangible personal property not otherwise specifically bequeathed, the statement or list shall be given effect to the extent that it describes items of tangible personal property and their intended recipients with reasonable certainty and is signed by the testator *or settlor* although it does not satisfy the requirements for a will *or trust instrument*. Bequests of a general or residuary nature, whether referring only to personal property or to the entire estate, are not specific bequests for the purpose of this section.

~~B.~~ *C.* The written statement or list may be (i) referred to as one that is in existence at the time of the testator's *or settlor's* death, (ii) prepared before or after the execution of the will *or trust instrument*, (iii) altered by the testator *or settlor* at any time, and (iv) a writing that has no significance apart from its effect on the dispositions made by the will *or trust instrument*. When distribution is made pursuant to such a written statement or list *referred to in a will*, a copy thereof shall be furnished to the commissioner of accounts along with the legatee's receipt.

~~C.~~ *D.* A personal representative *or trustee* shall not be liable for any distribution of tangible personal property to the apparent ~~legatee~~ *recipient* under the ~~testator's~~ will *or trust instrument* made without actual knowledge of the existence of a written statement or list, nor shall he have any duty to recover property so distributed. However, a person named to receive certain tangible personal property in a written statement or list that is effective under this section may recover that property, or its value if the property cannot be recovered, from an apparent ~~legatee~~ *recipient* to whom it has been distributed in an action brought for that purpose within one year after the probate of the testator's will *if such written statement or list was referred to in a testator's will or within one year of the settlor's death if such written statement or list was referred to in a trust instrument*.

~~D.~~ *E.* This section shall not apply to a writing admitted to probate as a will and, except as provided herein, shall not otherwise affect the law of incorporation by reference.

§ 64.2-531. Nonexoneration; payment of lien if granted by agent.

A. *For the purposes of this section, "revocable," "settlor," "trustee," and "trust instrument" mean the same as those terms are defined in § 64.2-701.*

B. Unless a contrary intent is clearly set out in the will*, the trust instrument,* or ~~in~~ a transfer on death deed, (i) real or personal property that is the subject of a specific devise or bequest in the will *or the trust instrument that was revocable immediately before the settlor's death* or (ii) real property subject to a transfer on death deed passes, subject to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator *or settlor*, without the right of exoneration. A general directive in the will *or trust instrument* to pay debts shall not be evidence of a contrary intent that the mortgage, pledge, security interest, or other lien be exonerated prior to passing to the legatee.

~~B.~~ *C.* The personal representative may give written notice to the creditor holding any debt to which subsection ~~A~~ *B* applies that there is no right of exoneration for such debt pursuant to this section. Such notice shall include a copy of this section. Any such notice shall be sent by certified mail (i) to the address the creditor last provided to the debtor as the address to which notices to the creditor are to be sent; (ii) if the personal representative cannot reasonably determine the address to which notices to the creditor are to be sent, to the address the creditor last provided to the debtor as the address at which payments to the creditor are to be made; or (iii) if the personal representative cannot reasonably determine either the address to which notices to the creditor are to be sent or at which payments to the creditor are to be made, to (a) the address of the creditor's registered agent on file with the Virginia State Corporation Commission or (b) if there is no such registered agent on file, to the creditor's last known address. The creditor holding such debt may file a claim for such debt with the commissioner of accounts pursuant to § 64.2-552 on or before the later of one year after the qualification of the personal representative of the decedent's estate or six months after the personal representative gives such written notice to the creditor. Once the personal representative has given notice to the creditor as provided in this section, unless the creditor files a timely claim against the estate as set forth in this subsection, the liability of a personal representative or his surety for such debt shall not exceed the assets of the decedent remaining in the possession of the personal representative and available for application to the debt pursuant to § 64.2-528 at the time the creditor presents a demand for payment of such debt to the personal representative. Nothing in this section shall affect either the liability of the estate for such debt to the extent of the decedent's assets remaining at the time a claim is filed or the liability of the beneficiaries that receive the decedent's assets to the extent of such receipt.

In the event that any such claim is timely filed with the commissioner of accounts, the personal representative shall give the specific beneficiary receiving such real or personal property written notice, within 90 days after such claim is filed, to obtain from the creditor the release of the estate from such claim. The notice to a beneficiary may be made to the personal representative of a deceased beneficiary whose estate is a beneficiary, an attorney-in-fact for a beneficiary, a guardian or conservator of an incapacitated beneficiary, a committee of a convict or insane beneficiary, or the duly qualified guardian of a minor or, if none exists, a custodial parent of a minor. If the estate has not been released from such claim after the later of 180 days from such notice or one year from qualification, the personal representative may ~~(a)~~ *(1)* sell the real or personal property that is the subject of a specific devise or bequest and that is also subject to the claim, ~~(b)~~ *(2)* apply the proceeds of sale to the satisfaction of the claim, and ~~(c)~~ *(3)* distribute any excess proceeds from such sale of the specific beneficiary of such property. If the proceeds of such sale are insufficient to satisfy the debt in full, the deficiency shall remain a debt of the estate to be satisfied from the other assets of the estate in accordance with applicable law. If such real property is subject to a transfer on death deed and is also subject to the claim, the personal representative may proceed as provided in § 64.2-634 to enforce the liability for such claim against such property.

~~C.~~ *D.* Subsection ~~A~~ *B* shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator *or settlor* against any specifically devised or bequeathed real or personal property, or any real property subject to a transfer on death deed, that was granted by an agent acting within the authority of a durable power of attorney for the testator *or settlor* while the testator *or settlor* was incapacitated. For the purposes of this section, (i) no adjudication of the testator's *or settlor's* incapacity is necessary, (ii) the acts of an agent within the authority of a durable power of attorney are rebuttably presumed to be for an incapacitated testator *or settlor*, and (iii) an incapacitated testator *or settlor* is one who is impaired by reason of mental illness, intellectual disability, physical illness or disability, chronic use of drugs, chronic intoxication, or other cause creating a lack of sufficient understanding or capacity to make or communicate responsible decisions. This subsection shall not apply (a) if the mortgage, pledge, security interest, or other lien granted by the agent on the specific property is thereafter ratified by the testator *or settlor* while he is not incapacitated or (b) if the durable power of attorney was limited to one or more specific purposes and was not general in nature.

~~D.~~ *E.* Subsection ~~A~~ *B* shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of the death of the testator *or settlor* against any specific devise or bequest of any real or personal property, or any real property subject to a transfer on death deed, that was granted by a conservator, guardian, or committee of the testator *or settlor*. This subsection shall not apply if, after the mortgage, pledge, security interest, or other lien granted by the conservator, guardian, or committee, there is an adjudication that the testator's *or settlor's* disability has ceased and the testator *or settlor* survives that adjudication by at least one year.

~~E.~~ *F.* Nothing in this section shall affect the priority of a secured debt with respect to the collateral securing such debt.

CHAPTER 577

An Act to amend and reenact § 19.2-13 of the Code of Virginia, relating to special conservators of the peace; armed security officer registration.

[S 145]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-13 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-13. Special conservators of the peace; authority; jurisdiction; registration; liability of employers; penalty; report.

A. Upon the submission of an application, which shall include the results of the background investigation conducted pursuant to subsection C, from (i) any sheriff or chief of police of any county, city, or town; (ii) any corporation authorized to do business in the Commonwealth; (iii) the owner, proprietor, or authorized custodian of any place within the Commonwealth; or (iv) any museum owned and managed by the Commonwealth, a circuit court judge of any county or city shall appoint special conservators of the peace who shall serve as such for such length of time as the court may designate, but not exceeding four years under any one appointment, during which time the court shall retain jurisdiction over the appointment order, upon a showing by the applicant of a necessity for the security of property or the peace and presentation of evidence that the person or persons to be appointed as a special conservator of the peace possess a valid registration issued by the Department of Criminal Justice Services in accordance with the provisions of subsection C. Upon an application made pursuant to clause (ii), (iii), or (iv), the court shall, prior to entering the order of appointment, transmit a copy of the application to the local attorney for the Commonwealth and the local sheriff or chief of police who may submit to the court a sworn, written statement indicating whether the order of appointment should be granted. However, a judge may deny the appointment for good cause, and shall state the specific reasons for the denial in writing in the order denying the appointment. A judge also may revoke the appointment order for good cause shown, upon the filing of a sworn petition by the attorney for the Commonwealth, sheriff, or chief of police for any locality in which the special conservator of the peace is authorized to serve or by the Department of Criminal Justice Services. Prior to revocation, a hearing shall be set and the special conservator of the peace shall be given notice and the opportunity to be heard. The judge may temporarily suspend the appointment pending the hearing for good cause shown. A hearing on the petition shall be heard by the court as soon as practicable. If the appointment order is suspended or revoked, the clerk of court shall notify the Department of Criminal Justice Services, the Department of State Police, the applicable local law-enforcement agencies in all cities and counties where the special conservator of the peace is authorized to serve, and the employer of the special conservator of the peace.

The order of appointment shall provide that a special conservator of the peace may perform only the duties for which he is qualified by training as established by the Criminal Justice Services Board. The order of appointment shall provide that such duties shall be exercised only within geographical limitations specified by the court, which shall be within the confines of the county, city or town that makes application or on the real property where the corporate applicant is located, or any real property contiguous to such real property, limited, except as provided in subsection F, to the city or county wherein application has been made, and only when such special conservator of the peace is engaged in the performance of his duties as such; however, a court may, in its discretion, specify in the order of appointment additional jurisdictions in which a special conservator of the peace employed by the Shenandoah Valley Regional Airport Commission or the Richmond Metropolitan Transportation Authority may exercise his duties. The order may provide that the special conservator of the

peace shall have the authority to make an arrest outside of such geographical limitations if the arrest results from a close pursuit that was initiated when the special conservator of the peace was within the confines of the area wherein he has been authorized to have the powers and authority of a special conservator of the peace; the order shall further delineate a geographical limitation or distance beyond which the special conservator of the peace may not effectuate such an arrest that follows from a close pursuit. The order shall require the special conservator of the peace to comply with the provisions of the United States Constitution and the Constitution of Virginia. The order shall not identify the special conservator of the peace as a law-enforcement officer pursuant to § 9.1-101. The order may provide, however, that the special conservator of the peace is a "law-enforcement officer" for the purposes of Article 4 (§ 37.2-808 et seq.) of Chapter 8 of Title 37.2 or Article 16 (§ 16.1-335 et seq.) of Chapter 11 of Title 16.1, but such designation shall not qualify the special conservator of the peace as a "qualified law-enforcement officer" or "qualified retired law-enforcement officer" within the meaning of the federal Law Enforcement Officer Safety Act, 18 U.S.C. § 926(B) et seq., and the order of appointment shall specifically state this. The order may also provide that a special conservator of the peace who has completed the minimum training standards established by the Criminal Justice Services Board, has the authority to affect arrests, using up to the same amount of force as would be allowed to a law-enforcement officer employed by the Commonwealth or any of its political subdivisions when making a lawful arrest. The order shall prohibit blue flashing lights, but upon request and for good cause shown may provide that the special conservator of the peace may use flashing lights and sirens on any vehicle used by the special conservator of the peace when he is in the performance of his duties. Prior to granting an application for appointment, the circuit court shall ensure that the applicant has met the registration requirements established by the Criminal Justice Services Board.

B. All applications and orders for appointments of special conservators of the peace shall be submitted on forms developed by the Office of the Executive Secretary of the Supreme Court of Virginia in consultation with the Department of Criminal Justice Services and shall specify the duties for which the applicant is qualified. The applications and orders shall specify the geographic limitations consistent with subsection A.

C. No person shall seek appointment as a special conservator of the peace from a circuit court judge without possessing a valid registration issued by the Department of Criminal Justice Services, except as provided in this section. Applicants for registration may submit an application on or after January 1, 2004. A temporary registration may be issued in accordance with regulations established by the Criminal Justice Services Board while awaiting the results of a state and national fingerprint search. However, no person shall be issued a valid registration or temporary registration until he has (i) complied with, or been exempted from the compulsory minimum training standards as set forth in this section; (ii) submitted his fingerprints on a form provided by the Department to be used for the conduct of a national criminal records search and a Virginia criminal history records search; (iii) submitted the results of a background investigation, performed by any state or local law-enforcement agency, which may, at its discretion, charge a reasonable fee to the applicant and which shall include a review of the applicant's criminal history records and may include a review of the applicant's school records, employment records, or interviews with persons possessing general knowledge of the applicant's character and fitness for such appointment; and (iv) met all other requirements of this article and Board regulations. No person with a criminal conviction for a misdemeanor involving (a) moral turpitude, (b) assault and battery, (c) damage to real or personal property, (d) controlled substances or imitation controlled substances as defined in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, (e) prohibited sexual behavior as described in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, or (f) firearms, or any felony, or who is required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or who is prohibited from possessing, transporting, or purchasing a firearm shall be eligible for registration or appointment as a special conservator of the peace. A special conservator of the peace shall report if he is arrested for, charged with, or convicted of any misdemeanor or felony offense or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection to the Department of Criminal Justice Services and the chief law-enforcement officer of all localities in which he is authorized to serve within three days of such arrest or of becoming ineligible for registration or appointment as a special conservator of the peace. Any appointment for a special conservator of the peace shall be eligible for suspension and revocation after a hearing pursuant to subsection A if the special conservator of the peace is convicted of any offense listed in this subsection or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection. All appointments for special conservators of the peace shall become void on September 15, 2004, unless they have obtained a valid registration issued by the Department of Criminal Justice Services.

D. Each person registered as or seeking registration as a special conservator of the peace shall be covered by evidence of a policy of (i) personal injury liability insurance, as defined in § 38.2-117; (ii) property damage liability insurance, as defined in § 38.2-118; and (iii) miscellaneous casualty insurance, as defined in subsection B of § 38.2-111, which includes professional liability insurance that provides coverage for any activity within the scope of the duties of a special conservator of the peace as set forth in this section, in an amount and with coverage for each as fixed by the Board, or self-insurance in an amount and with coverage as fixed by the Board. Any person who is aggrieved by the misconduct of any person registered as a special conservator of the peace and recovers a judgment against the registrant, which is unsatisfied in whole or in part, may bring an action in his own name against the insurance policy of the registrant.

E. Effective July 1, 2015, all persons currently appointed or seeking appointment or reappointment as a special conservator of the peace are required to register with the Department of Criminal Justice Services, regardless of any other standing the person may have as a law-enforcement officer or other position requiring registration or licensure by the

Department. The employer of any special conservator of the peace shall notify the circuit court, the Department of Criminal Justice Services, the Department of State Police, and the chief law-enforcement officer of all localities in which the special conservator of the peace is authorized to serve within 30 days after the date such individual has left employment and all powers of the special conservator of the peace shall be void. Failure to provide such notification shall be punishable by a fine of $250 plus an additional $50 per day for each day such notice is not provided.

F. When the application is made by any sheriff or chief of police, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the geographic jurisdiction of the special conservator of the peace. Such appointments shall be limited to the city or county wherein application has been made. When the application is made by any corporation authorized to do business in the Commonwealth, any owner, proprietor, or authorized custodian of any place within the Commonwealth, or any museum owned and managed by the Commonwealth, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the specific real property where the special conservator of the peace is authorized to serve. Such appointments shall be limited to the specific real property within the county, city, or town wherein application has been made. In the case of a corporation or other business, the court appointment may also include, for good cause shown, any real property owned or leased by the corporation or business, including any subsidiaries, in other specifically named cities and counties, but shall provide that the powers of the special conservator of the peace do not extend beyond the boundaries of such real property. The clerk of the appointing circuit court shall transmit to the Department of State Police, the clerk of the circuit court of each locality where the special conservator of the peace is authorized to serve, and the sheriff or chief of police of each such locality a copy of the order of appointment that shall specify the following information: the person's complete name, address, date of birth, social security number, gender, race, height, weight, color of hair, color of eyes, firearm authority or limitation as set forth in subsection G, date of the order, and other information as may be required by the Department of State Police. The Department of State Police shall enter the person's name and other information into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. The Department of State Police may charge a fee not to exceed $10 to cover its costs associated with processing these orders. Each special conservator of the peace so appointed on application shall present his credentials to the chief of police or sheriff or his designee of all jurisdictions where he has conservator powers. If his powers are limited to certain areas of real property owned or leased by a corporation or business, he shall also provide notice of the exact physical addresses of those areas. Each special conservator shall provide to the circuit court a temporary registration letter issued by the Department of Criminal Justice Services to include the results of the background check prior to seeking an appointment by the circuit court. Once the applicant receives the appointment from the circuit court the applicant shall file the appointment order and a copy of the application with the Department of Criminal Justice Services in order to receive his special conservator of the peace registration document. If the court appointment includes any real property owned or leased by the corporation or business in other specifically named cities and counties not within the city or county wherein application has been made, the clerk of the appointing court shall transmit a copy of the order of appointment to (i) the clerk of the circuit court for each jurisdiction where the special conservator of the peace is authorized to serve and (ii) the sheriff or chief of police of each jurisdiction where the special conservator of the peace is authorized to serve.

If any such special conservator of the peace is the employee, agent or servant of another, his appointment as special conservator of the peace shall not relieve his employer, principal or master from civil liability to another arising out of any wrongful action or conduct committed by such special conservator of the peace while within the scope of his employment.

Effective July 1, 2002, no person employed by a local school board as a school security officer, as defined in § 9.1-101, shall be eligible for appointment as a conservator for purposes of maintaining safety in a public school in the Commonwealth. All appointments of special conservators of the peace granted to school security officers as defined in § 9.1-101 prior to July 1, 2002 are void.

G. The court may limit or prohibit the carrying of weapons by any special conservator of the peace initially appointed on or after July 1, 1996, while the appointee is within the scope of his employment as such.

H. The governing body of any locality or the sheriff of a county where no police department has been established may enter into mutual aid agreements with any entity employing special conservators of the peace that is located in such locality for the use of their joint forces and their equipment and materials to maintain peace and good order. Any law-enforcement officer or special conservator of the peace, while performing his duty under any such agreement, shall have the same authority as lawfully conferred on him within his own jurisdiction.

I. No special conservator of the peace shall display or use the word "police" on any uniform, badge, credential, or vehicle in the performance of his duties as a special conservator of the peace. Other than special conservators of the peace employed by a state agency, no special conservator of the peace shall use the seal of the Commonwealth on any uniform, badge, credential, or vehicle in the performance of his duties. However, upon request and for good cause shown, the order of appointment may provide that a special conservator of the peace who (i) meets all requirements, including the minimum compulsory training requirements, for law-enforcement officers set forth in Chapter 1 (§ 9.1-100 et seq.) of Title 9.1 and (ii) is employed by the Shenandoah Valley Regional Airport Commission or the Richmond Metropolitan Transportation Authority may use the word "police" on any badge, uniform, or vehicle in the performance of his duties or the seal of the Commonwealth on any badge or credential in the performance of his duties.

J. A special conservator of the peace may possess simultaneous registration with the Department of Criminal Justice Services as an armed security officer pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1 and shall maintain the rights, requirements, and restrictions contained therein.

CHAPTER 578

An Act to amend the Code of Virginia by adding a section numbered 6.2-103.2, relating to financial institutions; reporting financial exploitation of elderly or vulnerable adults.

[S 174]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 6.2-103.2 as follows:

§ 6.2-103.2. Reporting financial exploitation of elderly or vulnerable adults.

A. As used in this section, unless the context requires a different meaning:

"Elderly or vulnerable adult" has the same meaning as provided for "adult" in § 63.2-1603.

"Financial exploitation" and "financial institution staff" have the same meanings as provided for those terms in § 63.2-1603, except that for the purposes of this section, "financial institution staff" shall not include an employee, agent, qualified individual, or representative of an investment company, investment advisor, securities firm, accounting firm, or insurance company.

B. 1. A financial institution may offer to an elderly or vulnerable adult the opportunity to submit and update a list of trusted persons that such elderly or vulnerable adult authorizes the financial institution or financial institution staff to contact when such financial institution or financial institution staff has reasonable cause to suspect that such elderly or vulnerable adult is a victim or target of financial exploitation.

2. Notwithstanding subdivision 1, a financial institution or financial institution staff with reasonable cause to suspect that an elderly or vulnerable adult is a victim or target of financial exploitation may convey the suspicion to one or more of the following, provided that the recipient of such conveyance is not the suspected perpetrator of financial exploitation:

a. Any person on the trusted contact list described in subdivision 1, if such a list has been provided;

b. A co-owner, additional authorized signatory, or beneficiary on any account that the elderly or vulnerable adult holds with the financial institution;

c. Any person known by the financial institution or financial institution staff to be reasonably associated with an elderly or vulnerable adult, including a family member, except that a financial institution shall only contact such reasonably associated person if (i) such financial institution is unable to contact any of the other permitted recipients listed in this subdivision and (ii) the elderly or vulnerable adult is unable to designate a trusted contact; or

d. An agent under a valid power of attorney.

3. When providing information under this subsection, a financial institution or financial institution staff may limit the information provided and disclose only that there is reasonable cause to suspect that the elderly or vulnerable adult may be a victim or target of financial exploitation without disclosing any other details or confidential, personal, or financial information.

4. A financial institution or financial institution staff shall be immune from any civil or administrative liability for any act taken or omission made in good faith and in accordance with the provisions of this subsection. Information shared pursuant to this subsection is exempt from any customer consent or customer notice requirements.

C. 1. A financial institution or third party selected by a financial institution may provide training relating to identifying and reporting the suspected financial exploitation of an elderly or vulnerable adult as described in subdivision 2 to financial institution staff who may (i) come into contact with elderly or vulnerable adults in the course of employment or (ii) review the financial documents, records, or transactions of an elderly or vulnerable adult in connection with providing financial services to such elderly or vulnerable adult.

2. The content of any training provided by a financial institution relating to identifying and reporting suspected financial exploitation of an elderly or vulnerable adult shall:

a. Be maintained by such financial institution and be made available to the financial regulatory agency with examination authority over such financial institution upon request, except that a financial institution shall not be required to maintain or make available such content relating to any individual who is no longer employed by or affiliated or associated with such financial institution;

b. Instruct individuals attending such training on how to identify the suspected financial exploitation of an elderly or vulnerable adult, including common signs of financial exploitation, and how to report such suspected financial exploitation internally at such financial institution, to a designated trusted contact, and to the Federal Bureau of Investigation (FBI), the local department of social services of the county or city wherein such elderly or vulnerable adult resides or where such suspected financial exploitation occurs, the adult protective services hotline, and local law-enforcement authorities;

c. Discuss the need to protect the privacy and respect the integrity of each customer of such financial institution; and

d. Be appropriate to the job responsibilities of the individuals attending such training.

3. A financial institution that conducts such training as provided in subdivision 2 shall maintain records of all financial institution staff who complete such training and the date of such completion. Such financial institution shall make such records available to the financial regulatory agency with examination authority over such financial institution upon request.

D. Financial institution staff who reasonably believe that the financial exploitation of an elderly or vulnerable adult may have occurred, may have been attempted, or is being attempted may report such suspected financial exploitation to the FBI, the local department of social services of the county or city wherein such elderly or vulnerable adult resides or where such suspected financial exploitation occurs, the adult protective services hotline, or local law-enforcement authorities. In support of such a report, the financial institution shall cooperate in any investigation and provide financial records and information relevant to such investigation in conformance with § 6.2-103.1. No record disclosed pursuant to this subsection shall be subject to the mandatory disclosure provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

E. No financial institution staff who have received the training described in subsection C shall be liable, including in any civil or administrative proceeding, for disclosing the suspected financial exploitation of an elderly or vulnerable adult pursuant to this section if such disclosure was made in good faith and with reasonable care. No financial institution that has provided the training described in subsection C shall be liable for any such disclosure by financial institution staff.

F. The provisions of this section applicable to financial institutions may be applied to national banking associations, federal savings banks, federal savings and loan associations, or institutions chartered or organized as a federal credit union under the laws of the United States, to the extent that such entities have voluntarily implemented the requirements of this section and provided that any such provision is not expressly preempted by federal law, rule, regulation, or order.

2. That the Bureau of Financial Institutions of the State Corporation Commission shall develop guidelines for financial institutions to provide trainings in accordance with the provisions of subdivision C 1 of § 6.2-103.2 of the Code of Virginia, as created by this act, and shall publish such guidelines by January 1, 2026.

CHAPTER 579

An Act to amend and reenact §§ 37.2-809, 37.2-809.1, 37.2-815, 37.2-816, and 37.2-817 of the Code of Virginia, relating to civil commitments and temporary detention orders; definition of mental illness; neurocognitive disorders and neurodevelopmental disabilities; Secretary of Health and Human Resources to evaluate placements for certain individuals; report.

[S 176]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-809, 37.2-809.1, 37.2-815, 37.2-816, and 37.2-817 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, clinical social worker, or licensed professional counselor treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) is in need of hospitalization or treatment; and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. *Behaviors or symptoms that manifest from a neurocognitive disorder, including dementia, or a neurodevelopmental disability, including a developmental disability or intellectual disability, such as autism spectrum disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association are not sufficient, in themselves, to justify a finding of mental illness within the meaning of this section.* The magistrate shall also consider, if available, (a) information provided by the person who initiated emergency

custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, clinical social worker, or licensed professional counselor licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all persons detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the person given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the person to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the person shall be detained in a state facility for the treatment of persons with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6 or in subsection C of § 37.2-813 for persons prior to transfer to the facility of temporary detention, the person shall remain in the custody of law enforcement until either (i) the person is detained within a secure facility or (ii) custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The person who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department.

§ 37.2-809.1. Facility of temporary detention.

A. In each case in which an employee or designee of the local community services board as defined in § 37.2-809 is required to make an evaluation of an individual pursuant to subsection B, G, or H of § 37.2-808, an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the individual will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808. Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the individual necessary to allow the state facility to determine the services the individual will require upon admission.

B. If upon notification from the employee or designee of the local community services board a state facility has reason to believe that the individual's behaviors or symptoms are solely a manifestation of a neurocognitive disorder or neurodevelopmental disorder, the state facility may require that a licensed psychiatrist or other licensed mental health professional reevaluate the individual's eligibility for a temporary detention order under § 37.2-809 before the individual is admitted. If the licensed psychiatrist or other licensed mental health professional determines the individual's behaviors or symptoms are solely a manifestation of a neurocognitive or neurodevelopmental disorder, the state facility shall promptly authorize the release of the person held under a temporary detention order pursuant to § 37.2-809 and the employee or a designee of the local community services board shall provide a discharge plan.

~~B.~~ *C.* A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the individual. Under no circumstances*, other than those specified in this section,* shall a state facility fail or refuse to admit an individual who meets the criteria for temporary detention pursuant to § 37.2-809 unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the individual for temporary detention and the individual shall not during the duration of the temporary detention order be released from

custody except for purposes of transporting the individual to the state facility or alternative facility in accordance with the provisions of § 37.2-810. If an alternative facility is identified and agrees to accept the individual for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

~~C.~~ *D.* A state facility may conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual in accordance with subsection B if the individual is in the custody of an alternative transportation provider.

~~D.~~ *E.* The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the Board.

§ 37.2-815. Commitment hearing for involuntary admission; examination required.

A. Notwithstanding § 37.2-814, the district court judge or special justice shall require an examination of the person who is the subject of the hearing by a psychiatrist or a psychologist who is licensed in Virginia by the Board of Medicine or the Board of Psychology and is qualified in the diagnosis of mental illness or, if such a psychiatrist or psychologist is not available, a mental health professional who (i) is licensed in Virginia through the Department of Health Professions as a clinical social worker, professional counselor, marriage and family therapist, or psychiatric advanced practice registered nurse; (ii) is qualified in the assessment of mental illness; and (iii) has completed a certification program approved by the Department. The examiner chosen shall be able to provide an independent clinical evaluation of the person and recommendations for his placement, care, and treatment. The examiner shall (a) not be related by blood or marriage to the person, (b) not be responsible for treating the person, (c) have no financial interest in the admission or treatment of the person, (d) have no investment interest in the facility detaining or admitting the person under this chapter, and (e) except for employees of state hospitals, the U.S. Department of Veterans Affairs, and community service boards, not be employed by the facility. For purposes of this section, the term "investment interest" shall be as defined in § 37.2-809.

B. The examination conducted pursuant to this section shall be a comprehensive evaluation of the person conducted in-person or, if that is not practicable, by two-way electronic video and audio communication system as authorized in § 37.2-804.1. Translation or interpreter services shall be provided during the evaluation where necessary. The examination shall consist of (i) a clinical assessment that includes a mental status examination; determination of current use of psychotropic and other medications; a medical and psychiatric history; a substance use, abuse, or dependency determination; and a determination of the likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) a substance abuse screening, when indicated; (iii) a risk assessment that includes an evaluation of the likelihood that, as a result of mental illness, the person will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; (iv) an assessment of the person's capacity to consent to treatment, including his ability to maintain and communicate choice, understand relevant information, and comprehend the situation and its consequences; (v) a review of the temporary detention facility's records for the person, including the treating physician's evaluation, any collateral information, reports of any laboratory or toxicology tests conducted, and all admission forms and nurses' notes; (vi) a discussion of treatment preferences expressed by the person or contained in a document provided by the person in support of recovery; (vii) an assessment of whether the person meets the criteria for an order authorizing discharge to mandatory outpatient treatment following a period of inpatient treatment pursuant to subsection C of § 37.2-817.01; (viii) an assessment of alternatives to involuntary inpatient treatment; and (ix) recommendations for the placement, care, and treatment of the person.

C. All such examinations shall be conducted in private. The judge or special justice shall summons the examiner who shall certify that he has personally examined the person and state whether he has probable cause to believe that the person (i) has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (ii) requires involuntary inpatient treatment. *Behaviors or symptoms that manifest from a neurocognitive disorder, including dementia, or a neurodevelopmental disability, including a developmental disability or intellectual disability, such as autism spectrum disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association are not sufficient, in themselves, to justify a finding of mental illness within the meaning of this section.* The judge or special justice shall not render any decision on the petition until the examiner has presented his report. The examiner may report orally at the hearing, but he shall provide a written report of his examination prior to the hearing. The examiner's written certification may be accepted into evidence unless objected to by the person or his attorney, in which case the examiner shall attend in person or by electronic communication. When the examiner attends the hearing in person or by electronic communication, the examiner shall not be excluded from the hearing pursuant to an order of sequestration of witnesses.

§ 37.2-816. Commitment hearing for involuntary admission; preadmission screening report.

The district court judge or special justice shall require a preadmission screening report from the community services board that serves the county or city where the person resides or, if impractical, where the person is located. The report shall be admitted as evidence of the facts stated therein and shall state (i) whether the person has a mental illness and whether there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other

relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) whether the person is in need of involuntary inpatient treatment, (iii) whether there is no less restrictive alternative to inpatient treatment, and (iv) the recommendations for that person's placement, care, and treatment including, where appropriate, recommendations for mandatory outpatient treatment. The board shall provide the preadmission screening report to the court prior to the hearing, and the report shall be admitted into evidence and made part of the record of the case. In the case of a person who has been sentenced and committed to the Department of Corrections and who has been examined by a psychiatrist or clinical psychologist, the judge or special justice may proceed to adjudicate whether the person has mental illness and should be involuntarily admitted without requesting a preadmission screening report from the community services board. *Behaviors or symptoms that manifest from a neurocognitive disorder, including dementia, or a neurodevelopmental disability, including a developmental disability or intellectual disability, such as autism spectrum disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association are not sufficient, in themselves, to justify a finding of mental illness within the meaning of this section.*

§ 37.2-817. Involuntary admission.

A. The district court judge or special justice shall render a decision on the petition for involuntary admission after the appointed examiner has presented the report required by § 37.2-815, and after the community services board that serves the county or city where the person resides or, if impractical, where the person is located has presented a preadmission screening report with recommendations for that person's placement, care, and treatment pursuant to § 37.2-816. These reports, if not contested, may constitute sufficient evidence upon which the district court judge or special justice may base his decision. The examiner, if not physically present at the hearing, and the treating physician at the facility of temporary detention shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1.

B. Any employee or designee of the local community services board, as defined in § 37.2-809, representing the community services board that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Where a hearing is held outside of the service area of the community services board that prepared the preadmission screening report, and it is not practicable for a representative of the community services board that prepared the preadmission screening report to attend or participate in the hearing, arrangements shall be made by the community services board that prepared the preadmission screening report for an employee or designee of the community services board serving the area in which the hearing is held to attend or participate on behalf of the community services board that prepared the preadmission screening report. The employee or designee of the local community services board, as defined in § 37.2-809, representing the community services board that prepared the preadmission screening report or attending or participating on behalf of the community services board that prepared the preadmission screening report shall not be excluded from the hearing pursuant to an order of sequestration of witnesses. The community services board that prepared the preadmission screening report shall remain responsible for the person subject to the hearing and, prior to the hearing, shall send the preadmission screening report through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt to the community services board attending the hearing. Where a community services board attends the hearing on behalf of the community services board that prepared the preadmission screening report, the attending community services board shall inform the community services board that prepared the preadmission screening report of the disposition of the matter upon the conclusion of the hearing. In addition, the attending community services board shall transmit the disposition through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt.

At least 12 hours prior to the hearing, the court shall provide to the community services board that prepared the preadmission screening report the time and location of the hearing. If the representative of the community services board that prepared the preadmission screening report will be present by telephonic means, the court shall provide the telephone number to the community services board. If a representative of a community services board will be attending the hearing on behalf of the community services board that prepared the preadmission screening report, the community services board that prepared the preadmission screening report shall promptly communicate the time and location of the hearing and, if the representative of the community services board attending on behalf of the community services board that prepared the preadmission screening report will be present by telephonic means, the telephone number to the attending community services board.

C. After observing the person and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any examiner's certification, (v) any health records available, (vi) the preadmission screening report, and (vii) any other relevant evidence that may have been admitted, including whether the person recently has been found unrestorably incompetent to stand trial after a hearing held pursuant to subsection E of § 19.2-169.1, if the judge or special justice finds by clear and convincing evidence that (a) the person has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (1) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (2) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (b) all

available less restrictive treatment alternatives to involuntary inpatient treatment that would offer an opportunity for the improvement of the person's condition have been investigated and determined to be inappropriate, the judge or special justice shall by written order and specific findings so certify and order that the person be admitted involuntarily to a facility for a period of treatment not to exceed 30 days from the date of the court order. *Behaviors or symptoms that manifest from a neurocognitive disorder, including dementia, or a neurodevelopmental disability, including a developmental disability or intellectual disability, such as autism spectrum disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association are not sufficient, in themselves, to justify a finding of mental illness within the meaning of this section.* Such involuntary admission shall be to a facility designated by the community services board that serves the county or city in which the person was examined as provided in § 37.2-816. If the community services board does not designate a facility at the commitment hearing, the person shall be involuntarily admitted to a facility designated by the Commissioner. Upon the expiration of an order for involuntary admission, the person shall be released unless (A) he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 180 days from the date of the subsequent court order, (B) he makes application for treatment on a voluntary basis as provided for in § 37.2-805, or (C) he is ordered to mandatory outpatient treatment following a period of inpatient treatment pursuant to § 37.2-817.01.

2. That the Secretary of Health and Human Resources shall convene a work group of relevant stakeholders, including representatives from local community services boards, the Virginia Hospital and Healthcare Association, and the Office of the Executive Secretary of the Supreme Court of Virginia to (i) evaluate the current availability of placements for individuals with neurocognitive disorders and neurodevelopmental disabilities who would otherwise be placed in state psychiatric hospitals; (ii) identify and develop placements and services other than state psychiatric hospitals that would better support such individuals, especially individuals whose behaviors or symptoms are solely a manifestation of such disorders and disabilities, including through enhanced Medicaid reimbursements and a Medicaid waiver for individuals with neurocognitive disorders; (iii) specify any additional funding or statutory changes needed to prevent inappropriate placements of such individuals in state psychiatric hospitals; (iv) provide recommendations for training of magistrates and community services boards related to the implementation of this act; and (v) report the work group's findings and recommendations to the Chairmen of the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, the House Committee on Health and Human Services, and the Senate Committee on Education and Health by November 1, 2024.

3. That the provisions of the first enactment of this act shall not become effective unless reenacted by the 2025 Session of the General Assembly.

CHAPTER 580

An Act to amend and reenact § 2.2-3706.1 of the Code of Virginia, relating to Virginia Freedom of Information Act; release of criminal investigative files exception.

[S 204]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3706.1 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3706.1. Disclosure of law-enforcement records; criminal incident information and certain criminal investigative files; limitations.

A. For purposes of this section:

"Criminal investigative files" means any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence, relating to a criminal investigation or prosecution, other than criminal incident information subject to disclosure in accordance with subsection B.

"Family representative" means the decedent's personal representative or, if no personal representative as set forth in § 64.2-100 has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

"Immediate family members" means the decedent's family representative, spouse, child, sibling, parent, grandparent, or grandchild. "Immediate family members" include a stepparent, stepchild, stepsibling, and adoptive relationships.

"Ongoing" refers to a case in which the prosecution has not been finally adjudicated, the investigation continues to gather evidence for a possible future criminal case, and such case would be jeopardized by the premature release of evidence.

B. All public bodies engaged in criminal law-enforcement activities shall provide records and information when requested in accordance with the provisions of this chapter regarding criminal incident information relating to felony offenses contained in any report, notes, electronic communication, or other document, including filings through an incident-based reporting system, which shall include:

1. A general description of the criminal activity reported;

2. The date and time the alleged crime was committed;

3. The general location where the alleged crime was committed;

4. The identity of the investigating officer or other point of contact; and

5. A description of any injuries suffered or property damaged or stolen.

A verbal response as agreed to by the requester and the public body is sufficient to satisfy the requirements of this subsection.

C. Criminal investigative files relating to an ongoing criminal investigation or proceeding are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except as provided in subsection E or where such disclosure is prohibited by law.

D. Criminal investigative files relating to a criminal investigation or proceeding that is not ongoing are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except as provided in subsection E; however, such records shall be disclosed, by request, to (i) the victim; (ii) the victim's immediate family members, if the victim is deceased and the immediate family member to which the records are to be disclosed is not a person of interest or a suspect in the criminal investigation or proceeding; (iii) the parent or guardian of the victim, if the victim is a minor and the parent or guardian is not a person of interest or a suspect in the criminal investigation or proceeding; (iv) an attorney representing a petitioner in a petition for a writ of habeas corpus or writ of actual innocence pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) of Title 19.2 or any other federal or state post-conviction proceeding or pardon; and (v) for the sole purpose of inspection at the location where such records are maintained by the public body that is the custodian of the records, (a) an attorney or his agent when such attorney is considering representing a petitioner in a post-conviction proceeding or pardon, (b) an attorney who provides a sworn declaration that the attorney has been retained by an individual for purposes of pursuing a civil or criminal action and has a good faith basis to believe that the records being requested are material to such action, or (c) a person who is proceeding pro se in a petition for a writ of habeas corpus or writ of actual innocence pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) of Title 19.2 or any other federal or state post-conviction proceeding or pardon, who provides a sworn affidavit that the records being requested are material to such action. An attorney or his agent who is in receipt of criminal investigative files or has inspected criminal investigative files pursuant to clause (iv) or (v) shall not release such criminal investigative files or any information contained therein except as necessary to provide adequate legal advice or representation to a person whom the attorney either represents or is considering representing in a post-conviction proceeding or pardon or represents in a civil or criminal action.

An attorney who is in receipt of criminal investigative files pursuant to clause (iv) shall return the criminal investigative files to the public body that is the custodian of such records within 90 days of a final determination of any writ of habeas corpus, writ of actual innocence, or other federal or state post-conviction proceeding or pardon or, if no petition for such writ or post-conviction proceeding or pardon was filed, within six months of the attorney's receipt of the records.

No disclosure for the purpose of inspection pursuant to clause (v) (c) of this subsection shall be made unless an appropriate circuit court has reviewed the affidavit provided and determined the records requested are material to the action being pursued. The court shall order the person not to disclose or otherwise release any information contained in a criminal investigative file except as necessary for the pending action and may include other conditions as appropriate.

E. The provisions of subsections C and D shall not apply if the release of such information:

1. Would interfere with a particular ongoing criminal investigation or proceeding in a particularly identifiable manner;

2. Would deprive a person of a right to a fair trial or an impartial adjudication;

3. Would constitute an unwarranted invasion of personal privacy;

4. Would disclose (i) the identity of a confidential source or (ii) in the case of a record compiled by a law-enforcement agency in the course of a criminal investigation, information furnished only by a confidential source;

5. Would disclose law-enforcement investigative techniques and procedures, if such disclosure could reasonably be expected to risk circumvention of the law; or

6. Would endanger the life or physical safety of any individual.

Nothing in this subsection shall be construed to authorize the withholding of those portions of such information that are unlikely to cause any effect listed herein.

F. Notwithstanding the provisions of subsection C or D, no criminal investigative file or portion thereof, except disclosure of records under clause (iv) of subsection D or clause (v) (a) of subsection D, shall be disclosed to any requester pursuant to this section, unless the public body has made reasonable efforts to notify (i) the victim; (ii) the victim's immediate family members, if the victim is deceased and the immediate family member to be notified is not a person of interest or a suspect in the criminal investigation or proceeding; or (iii) the victim's parent or guardian, if the victim is a minor and the parent or guardian to be notified is not a person of interest or a suspect in the criminal investigation or proceeding.

Upon receipt of notice that a public body has received a request for criminal investigative files pursuant to this section, an individual listed in clause (i), (ii), or (iii) shall have 14 days to file in an appropriate court a petition for an injunction to prevent the disclosure of the records as set forth in § 8.01-622.2. The public body shall not respond to the request until at least 14 days has passed from the time notice was received by an individual listed in clause (i), (ii), or (iii) *unless such individual has waived the 14-day period or at the request of the victim's insurance company or attorney*. The period within which the public body shall respond to the underlying request pursuant to § 2.2-3704 shall be tolled pending the notification process and any subsequent disposition by the court.

G. No photographic, audio, video, or other record depicting a victim or allowing for a victim to be readily identified shall be released pursuant to subsection C or D to anyone except (i) the victim; (ii) the victim's family representative, if the victim is deceased and the family representative to which the records are to be disclosed is not a person of interest or a

suspect in the criminal investigation or proceeding; ~~or~~ (iii) the victim's parent or guardian, if the victim is a minor and the parent or guardian is not a person of interest or a suspect in the criminal investigation or proceeding*; or (iv) the victim's insurance company or attorney*.

H. Nothing in this section shall prohibit the disclosure of current anonymized, aggregate location and demographic data collected pursuant to § 52-30.2 or similar data documenting law-enforcement officer encounters with members of the public.

I. In the event of a conflict between this section as it relates to requests made under this section and other provisions of law, the other provisions of law, including court sealing orders, that restrict disclosure of criminal investigative files shall control.

CHAPTER 581

An Act to amend the Code of Virginia by adding a section numbered 9.1-116.01, relating to universal certification for certain law-enforcement officers.

[S 207]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 9.1-116.01 as follows:

§ 9.1-116.01. Universal certification for certain law-enforcement officers.

A. Any sworn law-enforcement officer with at least one year of law-enforcement experience (i) whose training qualifications meet or exceed current training standards established by the Board in accordance with this article and who is in compliance with §§ 15.2-1705 and 15.2-1706, (ii) who has not had a break in service of more than 24 months, and (iii) who is leaving the transferring law-enforcement agency in good standing with no pending investigations or disciplinary actions shall be eligible for employment at any law-enforcement agency within the Commonwealth or any political subdivision thereof. Any such law-enforcement officer shall complete any other training as determined to be necessary by the Board to ensure understanding of the criminal laws and all other laws of the Commonwealth.

B. Prior to any conditional offer of employment, the hiring law-enforcement agency shall request from all prior employing law-enforcement agencies any information (i) related to an arrest or prosecution of the applicant law-enforcement officer, including any expunged arrest or criminal charge known to the agency or disclosed during the hiring process that would otherwise be prohibited from disclosure in accordance with § 19.2-392.4; (ii) related to a civil suit regarding the applicant law-enforcement officer's employment or performance of his duties; (iii) obtained during the course of any internal investigation related to the applicant law-enforcement officer's alleged criminal conduct, use of excessive force, or other official misconduct in violation of the state professional standards of conduct adopted by the Board; and (iv) related to the applicant law-enforcement officer's job performance that led to such officer's resignation, dismissal, demotion, suspension, or transfer. The hiring law-enforcement agency shall employ all reasonable means to obtain personnel records for law-enforcement officers transferring from an out-of-state or federal law-enforcement agency, including requiring the applicant law-enforcement officer (a) to complete a waiver or release liability authorizing the hiring law-enforcement agency to request such information as listed in this subsection from all prior employing law-enforcement agencies and (b) to provide a full disclosure of any incidents or information that such prior employing law-enforcement agencies have been requested to disclose as listed in this subsection.

Upon the receipt of all requested information by the hiring law-enforcement agency, the applicant law-enforcement officer shall complete a sworn declaration that the provided information or records are, to the best of the applicant's knowledge, a true, correct, and complete response to such request.

C. In addition, the hiring law-enforcement agency may require a candidate for employment to undergo a psychological examination, subsequent to a conditional offer of employment, conducted under the supervision of a licensed psychiatrist or a licensed clinical psychologist.

D. Notwithstanding the provisions of this section, any sworn law-enforcement officer may be granted an exemption in accordance with the provisions of § 9.1-116 and may be subject to the compulsory minimum training standards established by the Board.

CHAPTER 582

An Act to amend and reenact §§ 2.2-3706.1 and 8.01-622.2 of the Code of Virginia, relating to Virginia Freedom of Information Act; removal of Virginia residency requirement for access to certain criminal investigation files.

[S 215]

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3706.1 and 8.01-622.2 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-3706.1. Disclosure of law-enforcement records; criminal incident information and certain criminal investigative files; limitations.

A. For purposes of this section:

"Criminal investigative files" means any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence, relating to a criminal investigation or prosecution, other than criminal incident information subject to disclosure in accordance with subsection B.

"Family representative" means the decedent's personal representative or, if no personal representative as set forth in § 64.2-100 has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

"Immediate family members" means the decedent's family representative, spouse, child, sibling, parent, grandparent, or grandchild. "Immediate family members" include a stepparent, stepchild, stepsibling, and adoptive relationships.

CHAPTER 583

An Act to amend and reenact §§ 58.1-3219.9 and 58.1-3219.10 of the Code of Virginia and to repeal § 58.1-3228.2 of the Code of Virginia, relating to property tax exemption; surviving spouses of armed forces members who died in the line of duty.

[S 240]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3219.9 and 58.1-3219.10 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces who died in the line of duty.

A. Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who ~~was killed in action as determined by the U.S. Department of Defense~~ *died in the line of duty with a Line of Duty determination from the U.S. Department of Defense* and (ii) who occupies the real property as his principal place of residence. ~~For purposes of this section, such determination of "killed in action" includes a determination by the U.S. Department of Defense of "died of wounds received in action." If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action.~~ However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, manufactured homes as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. If the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces ~~killed in action~~ *who died in the line of duty* shall qualify for the exemption so long as the surviving spouse does not remarry. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) except land not owned by the surviving spouse, the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (ii) for other than a business purpose.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces ~~killed in action~~ *who died in the line of duty* includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

§ 58.1-3219.10. Application for exemption.

A. The surviving spouse claiming the exemption under this article shall file with the commissioner of the revenue of the county, city, or town or such other officer as may be designated by the governing body in which the real property is located, on forms to be supplied by the county, city, or town, an affidavit or written statement (i) setting forth the surviving spouse's name, (ii) indicating any other joint owners of the real property, and (iii) certifying that the real property is occupied as the surviving spouse's principal place of residence. The surviving spouse shall also provide documentation from the United States Department of Defense or its successor agency indicating the date that the member of the armed forced of the United States ~~was killed in action~~ *died in the line of duty*.

The surviving spouse shall be required to refile the information required by this section only if the surviving spouse's principal place of residence changes.

B. The surviving spouse shall promptly notify the commissioner of the revenue of any remarriage.

2. That § 58.1-3228.2 of the Code of Virginia is repealed.

3. That the first and second enactments of this act shall become effective on January 1, 2025, if a majority of those voting in the referendum at the November 5, 2024, election approve an amendment to the Constitution of Virginia that would expand the real property tax exemption that is currently available to the surviving spouses of soldiers killed in action to be available to the surviving spouses of soldiers who died in the line of duty with a Line of Duty determination from the U.S. Department of Defense.

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 65.2-601.3 as follows:

§ 65.2-601.3. Notice of right to dispute claim.

A. If an employer subject to this title, or an employer's insurer, denies a covered employee's request for workers' compensation benefits, the employer or the insurer, as applicable, shall include in its letter denying benefits a notice that the employee has a right to dispute the claim denial through the Virginia Workers' Compensation Commission. HOWEVER, SUCH CLAIM MAY BE LOST IF YOU DO NOT FILE IT WITHIN THE TIME LIMIT PROVIDED BY LAW, WHICH IS TYPICALLY TWO YEARS AFTER THE INJURY.

Such notice shall also include the address, telephone number, and website through which the employee may contact the Virginia Workers' Compensation Commission.

B. Failure to comply with the provisions of this section shall not be considered a failure to make a required report for the purposes of § 65.2-902.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a

patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity.

B. In preparing the plan, the Board shall:

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

B. The Department shall*, with respect to the public guardian and conservator programs*:

1. Make and enter into all contracts necessary or incidental to the performance of its duties and in furtherance of the purposes as specified in this article in conformance with the Public Procurement Act (§ 2.2-4300 et seq.);

2. Contract with local or regional public or private entities to provide services as guardians and conservators operating as local or regional Virginia public guardian and conservator programs in those cases in which a court, pursuant to §§ 64.2-2010 and 64.2-2015, determines that a person is eligible to have a public guardian or conservator appointed;

3. Adopt reasonable regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) as appropriate to implement, administer, and manage the state and local or regional programs authorized by this article, including, but not limited to, the adoption of:

a. Minimum training and experience requirements for volunteers and professional staff of the local and regional programs;

b. An ideal range of staff-to-client ratios for the programs, and adoption of procedures to be followed whenever a local or regional program falls below or exceeds the ideal range of staff-to-client ratios, which shall include, but not be limited to, procedures to ensure that services shall continue to be available to those in need and that appropriate notice is given to the courts; sheriffs, where appropriate; and the Department;

c. Procedures governing disqualification of any program falling below or exceeding the ideal range of staff-to-client ratios, which shall include a process for evaluating any program that has exceeded the ratio to assess the effects falling below or exceeding the ideal range of ratios has, had, or is having upon the program and upon the incapacitated persons served by the program.

The regulations shall require that evaluations occur no less frequently than every six months and shall continue until the staff-to-client ratio returns to within the ideal range; and

d. Person-centered practice procedures that shall:

(1) Focus on the preferences and needs of the individual receiving public guardianship services; and

(2) Empower and support the individual receiving public guardianship services, to the extent feasible, in defining the direction for his life and promoting self-determination and community involvement.

4. Establish procedures and administrative guidelines to ensure the separation of local or regional Virginia public guardian and conservator programs from any other guardian or conservator program operated by the entity with whom the Department contracts, specifically addressing the need for separation in programs that may be fee-generating;

5. Establish recordkeeping and accounting procedures to ensure that each local or regional program (i) maintains confidential, accurate, and up-to-date records of the personal and property matters over which it has control for each incapacitated person for whom it is appointed guardian or conservator and (ii) files with the Department an account of all public and private funds received;

The Department shall request such a report from an appropriate research entity every four years, provided the General Assembly appropriates funds for that purpose;

10. Decennially review the ideal range of staff-to-client ratios for local and regional public guardian and conservator programs in the Commonwealth and make recommendations as to whether the ratio should be revised to ensure that public guardians are able to meet their obligations to incapacitated persons pursuant to this article and report its findings and conclusions to the Governor and the General Assembly by December 1 of each year in which such review is performed; and

11. Recommend appropriate legislative or executive actions.

C. Nothing in this article shall prohibit the Department from contracting pursuant to subdivision B 2 with an entity that may also provide privately funded surrogate decision-making services, including guardian and conservator services funded with fees generated by the estates of incapacitated persons, provided such private programs are administered by the contracting entity entirely separately from the local or regional Virginia public guardian and conservator programs, in conformity with regulations established by the Department in that respect.

D. In accordance with the Public Procurement Act (§ 2.2-4300 et seq.) and recommendations of the Public Guardian and Conservator Advisory Board, the Department may contract with a not-for-profit private entity that does not provide services to incapacitated persons as guardian or conservator to administer the *public guardian and conservator* program, and, if it does, the term "Department" when used in this article shall refer to the contract administrator.

§ 64.2-2019. Duties and powers of guardian.

A. A guardian stands in a fiduciary relationship to the incapacitated person for whom he was appointed guardian and may be held personally liable for a breach of any fiduciary duty to the incapacitated person. A guardian shall not be liable for the acts of the incapacitated person unless the guardian is personally negligent. A guardian shall not be required to expend personal funds on behalf of the incapacitated person.

B. A guardian's duties and authority shall not extend to decisions addressed in a valid advance directive or durable power of attorney previously executed by the incapacitated person. A guardian may seek court authorization to revoke, suspend, or otherwise modify a durable power of attorney, as provided by the Uniform Power of Attorney Act (§ 64.2-1600 et seq.). Notwithstanding the provisions of the Health Care Decisions Act (§ 54.1-2981 et seq.) and in accordance with the procedures of § 64.2-2012, a guardian may seek court authorization to modify the designation of an agent under an advance directive, but the modification shall not in any way affect the incapacitated person's directives concerning the provision or refusal of specific medical treatments or procedures.

C. A guardian shall maintain sufficient contact with the incapacitated person to know of his capabilities, limitations, needs, and opportunities and as needed to comply with the duties imposed upon him pursuant to the order of appointment and this section and any other provision of law. The guardian shall visit the incapacitated person as often as necessary and at least three times per year, with at least one visit occurring every 120 days. Except as otherwise provided in subsection C1, of the three required visits, at least two visits shall be conducted by the guardian. The guardian shall conduct at least one of such visits in person; the second such visit may be conducted by the guardian via virtual conference or video call between the guardian and incapacitated person, provided that the technological means by which such conference or call can take place are readily available.

The remaining visit may be conducted (i) by the guardian; (ii) by a person other than the guardian, including (a) a family member or friend monitored by the guardian or (b) a skilled professional retained by the guardian to perform guardianship duties on behalf of the guardian and who is experienced in the care of individuals, including older adults or adults with disabilities; or (iii) via virtual conference or video call between either the guardian or such family member or friend monitored by the guardian or skilled professional and the incapacitated person, provided that the technological means by which such conference or call can take place are readily available. If a person other than the guardian conducts any such visit, he shall provide a written report to the guardian regarding any visit conducted by such person.

A telephone call shall meet the requirements of this subsection only if such technological means are not readily available.

C1. If for reasons outside the guardian's control the guardian cannot make an in-person visit to an incapacitated person, then such visit may be conducted in person by an individual designated by the guardian pursuant to subsection C. If either the guardian or such individual designated by the guardian is unable to conduct an in-person visit, then such visit may be conducted virtually through electronic means such as a virtual conference or video call, or, if such technological means are not readily available, by telephone.

C2. In the event of a state of emergency or public health crisis in which a facility in which the incapacitated person resides is not allowing in-person visitation, visitation requirements required pursuant to subsection C may be met via a virtual conference or video call between the guardian and incapacitated person, to the extent feasible for the facility to provide the technological means by which such conference or call can take place. A telephone call shall meet the requirements of this subsection only if such technological means are not readily available.

D. A guardian shall be required to seek prior court authorization to change the incapacitated person's residence to another state, to terminate or consent to a termination of the person's parental rights, or to initiate a change in the person's marital status.

E. A guardian shall, to the extent feasible, encourage the incapacitated person to participate in decisions, to act on his own behalf, and to develop or regain the capacity to manage personal affairs. A guardian, in making decisions, shall consider the expressed desires and personal values of the incapacitated person to the extent known and shall otherwise act in the incapacitated person's best interest and exercise reasonable care, diligence, and prudence. A guardian shall not restrict an incapacitated person's ability to communicate with, visit, or interact with other persons with whom the incapacitated person has an established relationship, unless such restriction is reasonable to prevent physical, mental, or emotional harm to or financial exploitation of such incapacitated person and after consideration of the expressed wishes of the incapacitated person. Such restrictions shall only be imposed pursuant to § 64.2-2019.1.

E1. A guardian and any skilled professional retained by such guardian to perform guardianship duties on behalf of the guardian pursuant to clause (ii) (b) of subsection C shall complete the training developed by the Department for Aging and Rehabilitative Services pursuant to § 51.5-150.1 within 120 days after the date of the qualification of such guardian, unless such training was completed within the past 36 months in conjunction with another guardianship appointment made pursuant to § 64.2-2009. No guardian or skilled professional retained by such guardian shall be required to complete such training more frequently than once every 36 months.

F. A guardian shall have authority to make arrangements for the funeral and disposition of remains, including cremation, interment, entombment, memorialization, inurnment, or scattering of the cremains, or some combination thereof, if the guardian is not aware of any person that has been otherwise designated to make such arrangements as set forth in § 54.1-2825. A guardian shall have authority to make arrangements for the funeral and disposition of remains after the death of an incapacitated person if, after the guardian has made a good faith effort to locate the next of kin of the incapacitated person to determine if the next of kin wishes to make such arrangements, the next of kin does not wish to make the arrangements or the next of kin cannot be located. Good faith effort shall include contacting the next of kin identified in the petition for appointment of a guardian. The funeral service licensee, funeral service establishment, registered crematory, cemetery, cemetery operator, or guardian shall be immune from civil liability for any act, decision, or omission resulting from acceptance of any dead body for burial, cremation, or other disposition when the provisions of this section are met, unless such acts, decisions, or omissions resulted from bad faith or malicious intent.

§ 64.2-2020. Annual reports by guardians.

A. A guardian shall file an annual report in compliance with the filing deadlines in § 64.2-1305 with the local department of social services for the jurisdiction where the incapacitated person then resides. The annual report shall be on a form prepared by the Office of the Executive Secretary of the Supreme Court and shall be accompanied by a filing fee of $5. To the extent practicable, the annual report shall be formatted in a manner to encourage standardized and detailed responses from guardians. The local department shall retain the fee in the jurisdiction where the fee is collected for use in the provision of services to adults in need of protection. Within 60 days of receipt of the annual report, the local department shall file a copy of the annual report with the clerk of the circuit court that appointed the guardian, to be placed with the court papers pertaining to the guardianship case. Twice each year the local department shall file with the clerk of the circuit court a list of all guardians who are more than 90 days delinquent in filing an annual report as required by this section. If the guardian is also a conservator, a settlement of accounts shall also be filed with the commissioner of accounts as provided in § 64.2-1305.

B. The annual report to the local department of social services shall include:

1. A description of the current mental, physical, and social condition of the incapacitated person, including any change in diagnosis or assessment of any such condition of such incapacitated person by any medical provider since the last report;

6. A recommendation as to the need for continued guardianship and any recommended changes in the scope of the guardianship;

7. The name of any persons whose access to communicate, visit, or interact with the incapacitated person has been restricted and the reasons for such restriction;

8. A self-assessment by the guardian as to whether he feels he is able to continue to carry out the powers and duties imposed upon him by § 64.2-2019 and as specified in the court's order of appointment pursuant to § 64.2-2009;

9. *A statement as to whether the guardian and any skilled professional retained by such guardian to perform guardianship duties on behalf of the guardian have completed the training required by subsection E1 of § 64.2-2019;*

10. Unless the incapacitated person resides with the guardian, a statement of the frequency and nature of any (i) in-person visits from the guardian with the incapacitated person over the course of the previous year and (ii) visits over the course of the previous year from a designee who is directly supervised or contracted by the guardian, including the name of the designee performing such visit. ~~14.~~ *15.* The compensation requested and the reasonable and necessary expenses incurred by the guardian.

The guardian shall certify by signing under oath that the information contained in the annual report is true and correct to the best of his knowledge. If a guardian makes a false entry or statement in the annual report, he shall be subject to a civil penalty of not more than $500. Such penalty shall be collected by the attorney for the Commonwealth or the county or city attorney, and the proceeds shall be deposited into the general fund.

C. If the local department of social services files notice that the annual report has not been timely filed in accordance with subsection A with the clerk of the circuit court, the court may issue a summons or rule to show cause why the guardian has failed to file such annual report.

B. Duties of the guardian ad litem include (i) personally visiting the respondent; (ii) advising the respondent of rights pursuant to §§ 64.2-2006 and 64.2-2007 and certifying to the court that the respondent has been so advised;

(iii) recommending that legal counsel be appointed for the respondent, pursuant to § 64.2-2006, if the guardian ad litem believes that counsel for the respondent is necessary; (iv) notifying the court as soon as practicable if the respondent requests counsel regardless of whether the guardian ad litem recommends counsel; (v) investigating the petition and evidence, requesting additional evaluation if necessary, considering whether a less restrictive alternative to guardianship or conservatorship is available, including the use of an advance directive, supported decision-making agreement, or durable power of attorney, and filing a report pursuant to subsection C; (vi) making a good faith effort to consult directly with the respondent's primary health care provider, if any, unless the evaluation report required by § 64.2-2005 is prepared in whole or in part by such provider; and (vii) personally appearing at all court proceedings and conferences. If the respondent is between 17 and a half and 21 years of age and has an Individualized Education Plan (IEP) and transition plan, the guardian ad litem shall review such IEP and transition plan and include the results of his review in the report required by clause (v).

The report shall also contain an explanation by the guardian ad litem as to any (a) decision not to recommend the appointment of counsel for the respondent, (b) determination that a less restrictive alternative to guardianship or conservatorship is not advisable, and (c) determination that appointment of a limited guardian or conservator is not appropriate. If the guardian ad litem was unable to consult directly with the respondent's primary health care provider, such information shall also be included in such report.

Absent gross negligence or willful misconduct, the person or entity making disclosures, and their staff, shall be immune from civil or criminal liability for providing information or records to a court-appointed guardian ad litem pursuant to this section.

§ 59.1-369. (Effective until July 1, 2024) Powers and duties of the Commission.

The Commission shall have all powers and duties necessary to carry out the provisions of this chapter and to exercise the control of horse racing as set forth in § 59.1-364. Such powers and duties shall include ~~but not be limited to~~ the following:

1. The Commission is vested with jurisdiction and supervision over all horse racing licensed under the provisions of this chapter including all persons conducting, participating in, or attending any race meeting. It shall employ such persons to be present at race meetings as are necessary to ensure that they are conducted with order and the highest degree of integrity. It may eject or exclude from the enclosure or from any part thereof any person, whether or not he possesses a license or permit, whose conduct or reputation is such that his presence may, in the opinion of the Commission, reflect on the honesty and integrity of horse racing or interfere with the orderly conduct of horse racing.

2. The Commission, its representatives, and employees shall visit, investigate, and have free access to the office, track, facilities, satellite facilities, or other places of business of any license or permit holder, and may compel the production of any of the books, documents, records, or memoranda of any license or permit holder for the purpose of satisfying itself that this chapter and its regulations are strictly complied with. In addition, the Commission may require any person granted a permit by the Commission and shall require any person licensed by the Commission, the recognized majority horsemen's group, and the nonprofit industry stakeholder organization recognized by the Commission under this chapter to produce an annual balance sheet and operating statement prepared by a certified public accountant approved by the Commission. The Commission may require the production of any contract to which such person is or may be a party.

3. The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter, including a requirement that licensees post, in a conspicuous place in every place where pari-mutuel wagering is conducted, *(i)* a sign ~~which~~ *that* bears a toll-free telephone number for "Gamblers Anonymous" or other organization ~~which~~ *that* provides assistance to compulsive gamblers *and (ii) a sign that bears the toll-free number and website for the illegal gaming tip line established and administered by the Office of the Gaming Enforcement Coordinator in the Department of State Police pursuant to § 52-54 for members of the public to report concerns about, or suspected instances of, illegal gaming activities*. Such regulations shall include provisions for affirmative action to assure participation by minority persons in contracts granted by the Commission and its licensees. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any horse racetrack. Such regulations may include penalties for violations. The regulations shall be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

4. The Commission shall promulgate regulations and conditions under which simulcast horse racing shall be conducted at a licensed horse racetrack or satellite facility in the Commonwealth and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter. Such regulations shall include provisions that all simulcast horse racing shall comply with the Interstate Horse Racing Act of 1978 (15 U.S.C. § 3001 et seq.) and shall require the holder of a license to schedule no more than 125 live racing days in the Commonwealth each calendar year; however, the Commission shall have the authority to alter the required number of live racing days based on what the Commission deems to be in the best interest of the Virginia horse industry. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then

such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. In no event shall the Commission authorize any such entities to own or operate more than a combined total of 10 satellite facilities. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any satellite facility. Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such regulations shall include~~, but not be limited to,~~ (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school or institution of higher education. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including ~~but not limited to~~ financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

Any item, document, or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood, and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including ~~but not limited to~~ the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first $75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five percent in the horsemen's purse account, (ii) for any amount in excess of $75 million but less than $150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of $150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such

lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission or its representatives shall participate in the Problem Gambling Treatment and Support Advisory Committee established pursuant to § 37.2-304 by the Department of Behavioral Health and Developmental Services to enable collaboration among prevention and treatment providers and operators of legal gaming in the Commonwealth on efforts to reduce the negative effects of problem gambling.

In addition, the Commission may require any person granted a permit by the Commission and shall require any person licensed by the Commission, the recognized majority horsemen's group, and the nonprofit industry stakeholder organization recognized by the Commission under this chapter to produce an annual balance sheet and operating statement prepared by a certified public accountant approved by the Commission. The Commission may require the production of any contract to which such person is or may be a party.

3. The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter, including a requirement that licensees post, in a conspicuous place in every place where pari-mutuel wagering is conducted, *(i)* a sign ~~which~~ *that* bears a toll-free telephone number for "Gamblers Anonymous" or other organization ~~which~~ *that* provides assistance to compulsive gamblers *and (ii) a sign that bears the toll-free number and website for the illegal gaming tip line established and administered by the Office of the Gaming Enforcement Coordinator in the Department of State Police pursuant to § 52-54 for members of the public to report concerns about, or suspected instances of, illegal gaming activities*. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. Such regulations shall include~~, but not be limited to,~~ (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school or institution of higher education. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including ~~but not limited to~~ financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including ~~but not limited to~~ the provisions regarding purses and prizes. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed

and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission or its representatives shall participate in the Problem Gambling Treatment and Support Advisory Committee established pursuant to § 37.2-304 by the Department of Behavioral Health and Developmental Services to enable collaboration among prevention and treatment providers and operators of legal gaming in the Commonwealth on efforts to reduce the negative effects of problem gambling.

17. The Commission shall promulgate regulations requiring, for each calendar year, any significant infrastructure limited licensee that offers pari-mutuel wagering on historical horse racing to hold at least one live Thoroughbred horse racing day, consisting of not less than eight races per day, for every 100 historical horse racing terminals installed at its significant infrastructure facility together with any satellite facility owned, operated, controlled, managed, or otherwise directly or indirectly affiliated with such licensee. The regulations shall require any such significant infrastructure limited licensee that holds more than one live Thoroughbred horse racing day in accordance with the provisions of this subdivision to hold at least one of those racing days on a weekend. The number of historical horse racing terminals installed at a significant infrastructure facility shall be calculated as of December 31 of the calendar year in question; however, only historical horse racing terminals that are fully operational shall be included in such calculation.

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253.1, 16.1-279.1, 19.2-152.9, and 19.2-152.10 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253.1. Preliminary protective orders in cases of family abuse; confidentiality.

A. Upon the filing of a petition alleging that the petitioner is or has been, within a reasonable period of time, subjected to family abuse, or the filing of a written motion requesting a hearing to extend a protective order pursuant to § 16.1-279.1 without alleging that the petitioner is or has been, within a reasonable period of time, subject to family abuse, the court may issue a preliminary protective order against an allegedly abusing person in order to protect the health and safety of the petitioner or any family or household member of the petitioner. The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 16.1-279.1 without alleging that the petitioner is or has been, within a reasonable period of time, subject to family abuse. If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 16.1-253.4 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of family abuse or evidence sufficient to establish probable cause that family abuse has recently occurred shall constitute good cause. 1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property.

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons.

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner.

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the allegedly abusing person; however, no such grant of possession or use shall affect title to the vehicle.

9. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264 and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, or if personally served was incarcerated and not transported to the hearing, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served forthwith on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to the primary law-enforcement agency, and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the allegedly abusing person. Except as otherwise provided in § 16.1-253.2, a violation of the order shall constitute contempt of court.

D. In the event that the allegedly abused person is a minor and an emergency protective order was issued pursuant to § 16.1-253.4 for the protection of such minor and the respondent is a parent, guardian, or person standing in loco parentis,

the attorney for the Commonwealth or a law-enforcement officer may file a petition on behalf of such minor as his next friend before such emergency protective order expires or within 24 hours of the expiration of such emergency protective order.

E. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

G. As used in this section, "copy" includes a facsimile copy.

H. No fee shall be charged for filing or serving any petition or order pursuant to this section.

I. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

J. The respondent may be required to notify the court in writing within seven days of any change of residence while the preliminary protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. Any failure of a respondent to make such required notification shall be punishable by contempt.

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner;

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate; however, no such grant of possession or use shall affect title to the vehicle;

7. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;

8. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate;

9. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500; and

10. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such order shall terminate upon the determination of support pursuant to § 20-108.1.

B. 1. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. A written motion requesting a hearing to extend the protective order shall be served as soon as possible on the respondent.

If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of

the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

2. Upon the filing of a written motion requesting a hearing to extend the protective order, the court may issue an ex parte preliminary protective order pursuant to § 16.1-253.1 until the extension hearing. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte preliminary protective order until such new date. The extended ex parte preliminary protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte preliminary protective order shall remain in effect until the extension hearing.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorney fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

§ 19.2-152.9. Preliminary protective orders.

A. Upon the filing of a petition alleging that (i) the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat, or (ii) a petition or warrant has been issued for the arrest of the alleged perpetrator for any criminal offense resulting from the commission of an act of violence, force, or threat, or the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10 without alleging that the petitioner is or has been, within a reasonable period of time, subject to an act of violence, force, or threat, or that a petition or warrant has been issued for the arrest of the alleged perpetrator for any criminal offense resulting from the commission of an act of violence, force, or threat, the court may issue a preliminary protective order against the alleged perpetrator in order to protect the health and safety of the petitioner or any family or household member of the petitioner. The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10. If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 19.2-152.8 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;

2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons;

3. Such other conditions as the court deems necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and

4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary

protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte protective order until such new date. The extended ex parte protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte protective order shall remain in effect until the extension hearing.

C. Upon conviction for an act of violence as defined in § 19.2-297.1 and upon the request of the victim or of the attorney for the Commonwealth on behalf of the victim, the court may issue a protective order to the victim pursuant to this chapter to protect the health and safety of the victim. Such determination shall include an analysis of all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. 3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; ~~or~~ (e) *geothermal heating and cooling systems located in the Commonwealth; or (f)* biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105, or (2) are owned by a Phase I or phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

3. Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

4. Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

5. Energy from a geothermal heating and cooling system is eligible for inclusion in meeting the requirements of the RPS Program. RECs from a geothermal heating and cooling system are created based on the amount of energy, converted from BTUs to kilowatt-hours, that is generated by a geothermal heating and cooling system for space heating and cooling or water heating. The Commission shall determine the form and manner in which such RECs are verified.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information

concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section~~,~~; (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development~~,~~; and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds $45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to $45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be $75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Energy. In administering this account, the Department of Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

For any project constructed pursuant to this subsection or subsection E, a utility shall, subject to a competitive procurement process, procure equipment from a Virginia-based or United States-based manufacturer using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, including any contract with a utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis. An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to

subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. In any petition by a Phase I or Phase II Utility for a certificate of public convenience and necessity to construct and operate an electrical generating facility that generates electric energy derived from sunlight submitted pursuant to § 56-580, such utility shall demonstrate that the proposed facility was subject to competitive procurement or solicitation as set forth in subdivision D 3.

J. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

K. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

2. That the State Corporation Commission (the Commission) shall convene a stakeholder work group to examine the feasibility of establishing renewable energy portfolio standard program (RPS program) requirements under § 56-585.5 of the Code of Virginia, as amended by this act, that require each Phase I and Phase II Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, to procure and retire renewable energy certificates (RECs) from geothermal heating and cooling systems, as defined in § 56-576 of the Code of Virginia, as amended by this act, placed in service after August 16, 2022, as a percentage of the number of RECs used for RPS program compliance. The work group shall include representatives from the geothermal industry, Phase I and Phase II Utilities, the Department of Energy, environmental advocacy organizations, environmental justice organizations, consumer advocates, and other interested stakeholders. The Commission shall report the findings and recommendations of the work group to the Chairmen of the Senate Committee on Commerce and Labor, the House Committee on Labor and Commerce, and the Commission on Electric Utility Regulation no later than December 1, 2024.

3. That the provisions of the first enactment of this act shall become effective on January 1, 2025.

1. The consent, release, or ratification of the beneficiary was induced by improper conduct of the trustee; or

2. At the time of the consent, release, or ratification, the beneficiary did not know of the beneficiary's rights or of the material facts relating to the breach.

B. A beneficiary shall be deemed to have released a trustee and ratified all actions of a trustee for the administration of the trust if, when the trust terminates or the trustee ceases to serve:

1. The trustee sends the beneficiary the following:

a. A report as described in subsection C of § 64.2-775, for the immediately preceding two years;

b. The amount of any taxes, expenses, or fees, including trustee fees and any reserves, remaining to be paid;

c. Notice that (i) the trust is terminating or that the trustee is ceasing to serve; (ii) if the beneficiary does not object in writing to the trustee within 60 days after the trustee sent the notice and information, the beneficiary shall be deemed to

have released the trustee and ratified all actions of the trustee; and (iii) the trustee is unaware of any undisclosed information that could give rise to a claim by the beneficiary; and

CHAPTER 602

An Act to amend and reenact § 55.1-2216 of the Code of Virginia, relating to Virginia Real Estate Time-Share Act; partial termination of certain time-shares.

[S 600]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-2216 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-2216. Termination of certain time-shares.

A. This section applies to all time-share estate programs and, when provided by the time-share instrument, to time-share use programs.

B. A time-share project may be terminated in whole *or in part* by the developer ~~at~~ *or the association:*

1. At any time and for any reason if such developer *or association* is the sole owner of all time-shares within the time-share project*, or in the case of a partial termination, is the sole owner of all time-shares within the phase, building, or other independent division being terminated and if the developer or association, or its managing agent, certifies in the partial termination agreement that such partial termination will not materially and adversely affect the rights of the remaining time-share owners, nor reduce the time-share program's ability to satisfy the occupancy rights of the remaining time-share owners using the units in the phases, buildings, or other interdependent divisions of the project that are not subject to termination and describes any amendment to the time-share instrument necessary for the developer or association, or its managing agent, to make such certification*. ~~Such~~ *Any such* termination shall be accomplished by the developer *or the association* executing and recording a termination ~~document~~ *agreement or partial termination agreement*

where the time-share instrument is recorded*, along with any amendment to the time-share instrument necessary to accurately describe the surviving time-share project and satisfy therefrom the occupancy rights of the remaining time-share owners*.

~~Time-shares subject to this section also may be terminated by~~ *2. By* written *termination* agreement *or by vote* of the time-share owners having at least 51 percent of the time-shares or by *a* written *termination* agreement *or vote* of such larger percentage of the time-share owners as may otherwise be provided in the time-share instrument. The termination agreement shall specify a date upon which it shall become void, unless it is recorded before that date in the clerk's office of the appropriate court where the time-share project is located.

C. *1.* If the termination agreement*, or association vote authorizing the same,* sets forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold and designates a trustee to effect the sale, the termination agreement becomes effective upon recordation, and title to that estate or interest vests upon ~~termination~~ *such recordation* in the trustee for the benefit of the *affected* time-share owners, to be transferred *by the trustee to the purchaser* pursuant to the contract. *In a partial termination, the termination agreement shall also (i) include an explanation of the purpose of the partial termination to establish the manner in which it supports the enforcement and protection of existing interests and rights; (ii) identify the units and common areas that will survive the partial termination; (iii) provide that such units and common areas remain in the time-share form of ownership pursuant to an amendment to the time-share instrument or an amended and restated time-share instrument; and (iv) in the event that the terminated property will continue to have access, use rights, parking rights, or other rights in the remaining time-share project, provide the circumstances and details regarding such use and access, including how costs will be shared. If the termination agreement requires that any property in the time-share project be sold or otherwise disposed of following termination, title to the property, upon recordation of the termination agreement, shall vest in the association as trustee for the benefit of the affected time-share owners. Thereafter, the association shall have all powers necessary and appropriate to effect the sale or disposition of such property. In a partial termination, title to the surviving units and common areas that remain part of the time-share project specified in the termination agreement shall remain vested in the ownership shown in the public records and shall not vest in the termination trustee.*

2. If the termination agreement does not set forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold ~~and designates a trustee to effect the sale~~, the termination agreement becomes effective upon recordation, and title to an estate or interests equal to the sum of the time-shares therein vests upon ~~termination~~ *recordation* in the *affected* time-share owners in proportion to their respective interests as provided in subsection F. Liens on the time-shares shall accordingly encumber the respective interests; and in this instance*,* any co-owner of that estate or interest may maintain an action for partition or for allotment or sale in lieu of partition pursuant to the laws of the Commonwealth.

D. *1.* Except as otherwise specified in the termination agreement, so long as the former time-share owners or their trustee holds title to the estate or interests equal to the sum of the time-shares, each former time-share owner and his successor in interest have the same rights with respect to the use, enjoyment, and occupancy in the former time-share unit that such former time-share owner and his successor in interest would have had if termination had not occurred, together with the same liabilities and other obligations imposed by this act or the time-share instrument.

2. The approval of a plan of termination shall not terminate the association. Until the termination has been concluded and the proceeds of any sale have been distributed, the association shall continue in existence with all of the powers that the association had prior to termination. In a partial termination, the association shall continue in the performance of its duties as the time-share association for the property that remains subject to the time-share program. The termination or partial termination of a time-share project shall not bar the filing of a new time-share instrument by the association, the termination trustee, or a successor in interest for the terminated property or any portion thereof.

E. After termination of all *or a part of the* time-shares in a time-share project and adequate provision for payment of the claims of the creditors for time-share expenses, distribution shall be made, in proportion to their respective interests as provided in subsection F, to the former time-share owners and their successors in interest of (i) the proceeds of any sale pursuant to this section, (ii) the proceeds of any *sale of* personalty held for the use and benefit of the former time-share owners, and (iii) any other funds held for the use and benefit of the former time-share owners.

F. The time-share instrument may specify the respective fractional or percentage interest that will be owned by each former time-share owner after termination, in accordance with the provisions of this section. Otherwise, not more than 180 days prior to the termination, an appraisal shall be made of the fair market value of each time-share by one or more impartial qualified appraisers selected either by the trustee designated in the termination agreement or by the managing entity if no trustee was so designated. The appraisal shall also state the corresponding fractional or percentage interests calculated in proportion to those values and in accordance with this subsection. A notice stating all of those values and corresponding interests and the return address of the sender shall be sent by certified or registered mail, by the managing entity or the trustee designated in the termination agreements, to all of the time-share owners. The appraisal governs the magnitude of each interest unless (i) at least 25 percent of the time-share owners deliver, within 60 days after the date the notices were mailed, written disapprovals to the return address of the sender of the notice or (ii) the final judgment of a court of competent jurisdiction, entered during or after that period, holds that the appraisal should be set aside. The appraisal and the calculation of interests shall be made in accordance with the following:

1. If the termination agreement sets forth the material terms of a contract or proposed contract for the sale of the estate or interests equal to the sum of the time-shares, each time-share conferring a right of occupancy during a limited number of time periods shall be appraised as if the time until the date specified for the conveyance of the property had already elapsed. Otherwise, each time-share of that kind shall be appraised as if the time until the date specified pursuant to subsection B had already elapsed.

2. The interest of each time-share owner is the value of the time-share he owned divided by the sum of the values of all time-shares in the unit or units to which his time-share applies.

G. Foreclosure or enforcement of a lien or encumbrance against all of the time-shares in a time-share project does not of itself terminate those time-shares.

H. Any legal challenge or action for damages or equitable relief arising out of any termination, in whole or in part, of a time-share project or program pursuant to this section shall be commenced within one year of the recordation of the termination agreement.

2. That the provisions of this act are effective retroactive in accordance with the provisions of § 55.1-2201 of the Code of Virginia.

CHAPTER 603

An Act to amend and reenact §§ 60.2-608, 60.2-613, 60.2-619, 60.2-620, 60.2-622, 60.2-623, 60.2-625, and 60.2-630 of the Code of Virginia and to repeal §§ 60.2-621 and 60.2-631 of the Code of Virginia, relating to Virginia Employment Commission; appeals proceedings; appeal tribunals and Board of Review; repeal.

[S 655]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 60.2-608, 60.2-613, 60.2-619, 60.2-620, 60.2-622, 60.2-623, 60.2-625, and 60.2-630 of the Code of Virginia are amended and reenacted as follows:

§ 60.2-608. Child support intercept of unemployment benefits.

A. Any individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether or not the individual owes child support obligations as defined under subsection G of this section. If any such individual discloses that he or she owes child support obligations, and is determined to be eligible for unemployment compensation, the Commission shall notify the state or local child support enforcement agency enforcing such obligation that the individual has been determined to be eligible for unemployment compensation.

B. The Commission shall deduct and withhold the following from any unemployment compensation payable to such an individual:

1. The amount specified by the individual to the Commission to be deducted and withheld under this subsection, if neither the provisions of subdivision 2 of this subsection nor the provisions of subdivision 3 of this subsection are applicable;

2. The amount, if any, determined pursuant to an agreement submitted to the Commission under § 454 (20) (B) (i) of the Social Security Act by the state or local child support enforcement agency, unless the provisions of subdivision 3 of this subsection are applicable; or

3. Any amount otherwise required to be so deducted and withheld from such unemployment compensation pursuant to legal process, as defined in § 462 (e) of the Social Security Act, properly served upon the Commission.

C. Any amount deducted and withheld under subsection B shall be paid by the Commission to the appropriate state or local child support enforcement agency.

D. Any amount deducted and withheld under subsection B shall be treated as if it were paid to the individual as unemployment compensation and paid by such individual to the state or local child support enforcement agency in satisfaction of the individual's child support obligations.

E. For purposes of subsections A through D of this section, "unemployment compensation" means any compensation payable under this title, including amounts payable by the Commission pursuant to an agreement under any federal law providing for compensation, assistance, or allowances with respect to unemployment.

F. This section applies only if appropriate arrangements have been made for reimbursement by the state or local child support enforcement agency for the administrative costs incurred by the Commission under this section which are attributable to child support obligations being enforced by the state or local child support enforcement agency.

G. The term "child support obligations" as defined for purposes of this section includes only obligations which are being enforced pursuant to a plan described in § 454 of the Social Security Act which has been approved by the Secretary of Health and Human Services under Part D of Title IV (42 U.S.C. 651 et seq.) of the Social Security Act.

H. The term "state or local child support enforcement agency" as used in this section means any agency of any state or a political subdivision thereof operating pursuant to a plan described in subsection G of this section.

I. Any determination issued under subsection B shall be final.

§ 60.2-613. Benefits not denied to individuals in training with approval of Commission.

A. No otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the Commission, including training under § 134 of the Workforce ~~Investment~~ *Innovation and Opportunity* Act, nor shall such individual be denied benefits for any week in which he is in training with the approval of the Commission, including training under § 134 of the Workforce ~~Investment~~ *Innovation and Opportunity* Act, by reason of the application of the provisions in subdivision A 7 of § 60.2-612 relating to availability for work, or the provisions of subdivision 3 of § 60.2-618 relating to failure to apply for, or a refusal to accept, suitable work.

B. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he is in training approved under § 2296 of the Trade Act (19 U.S.C. § 2101 et seq.), nor shall such individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law), relating to availability for work, active search for work, or refusal to accept work.

C. For purposes of this section, "suitable employment" means, with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the Trade Act, and wages for such work at not less than eighty percent of the individual's average weekly wage as determined for the purposes of the Trade Act.

§ 60.2-619. Determinations and decisions by deputy; appeals therefrom.

A. 1. A representative designated by the Commission as a deputy, shall promptly examine the claim. On the basis of the facts found by him, the deputy shall either:

a. Determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof; or

b. Refer such claim or any *relevant* question ~~involved therein~~ to ~~any appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals* or to the Commission, which ~~tribunal or Commission~~ shall make its determination in accordance with the procedure described in § 60.2-620.

2. When the payment or denial of benefits will be determined by the provisions of subdivision A 2 of § 60.2-612, the deputy shall promptly transmit his full finding of fact with respect to that subdivision to ~~any appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals*, which shall make its determination in accordance with the procedure described in § 60.2-620.

B. Upon the filing of an initial claim for benefits, the Commission shall cause an informatory notice of such filing to be mailed to the most recent 30-day or 240-hour employing unit of the claimant and all subsequent employing units, and any reimbursable employing units which may be liable for reimbursement to the Commission for any benefits paid. However, the failure to furnish such notice shall not have any effect upon the claim for benefits.

C. Notice of determination upon a claim shall be promptly given to the claimant by delivering or by mailing such notice to the claimant's last known address. In addition, notice of any determination which involves the application of the provisions of § 60.2-618, together with the reasons therefor, shall be promptly given in the same manner to the most recent 30-day or 240-hour employing unit by whom the claimant was last employed and any subsequent employing unit which is a party. The Commission may dispense with the giving of notice of any determination to any employing unit, and such employing unit shall not be entitled to such notice if it has failed to respond timely or adequately to a written request of the Commission for information, as required by § 60.2-528.1, from which the deputy may have determined that the claimant may be ineligible or disqualified under any provision of this title. The deputy shall promptly notify the claimant of any decision made by him at any time which in any manner denies benefits to the claimant for one or more weeks.

D. Such determination or decision shall be final unless the claimant or any such employing unit files an appeal from such determination or decision ~~(i) within 30 calendar days after the delivery of such notification, (ii)~~ within 30 calendar days after such notification was mailed *or, if the party elects to receive electronic communications pursuant to § 60.2-121.1, electronically delivered* to his last known address~~, or (iii) within 30 days after such notification was mailed to the last known address of an interstate claimant~~. *Electronic delivery shall include confirmation of receipt.* For good cause shown, the 30-day period may be extended. A claim that the Commission has determined to be invalid because of monetary ineligibility shall first be subject to review only upon a request for redetermination pursuant to § 60.2-629. The Commission shall issue a new monetary determination as a result of such review, and such monetary determination shall become final unless appealed by the claimant within 30 days of the date of mailing. The Commission shall clearly set out the process for requesting a redetermination and the process for filing an appeal on each monetary determination issued. Monetary ineligibility does not include an appeal on the effective date of the claim, unless the claimant has requested and received a redetermination of the monetary determination pursuant to § 60.2-629.

E. Benefits shall be paid promptly in accordance with a determination or redetermination under this chapter, or decision of ~~an appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals*, the Commission, ~~the Board of Review~~ or a reviewing court under ~~§§~~ *§* 60.2-625 ~~and 60.2-631~~ upon the issuance of such determination, redetermination*,* or decision, regardless of the pendency of the period to file an appeal or petition for judicial review that is provided in this chapter, or the pendency of any such appeal or review. Such benefits shall be paid unless or until such determination, redetermination*,* or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision. If a decision of ~~an appeal tribunal~~ *the Commission's Administrative Law Division's Office of First Level Appeals* allowing benefits is affirmed in any amount by the Commission, benefits shall

continue to be paid until such time as a court decision has become final so that no further appeal can be taken. If an appeal is taken from the Commission's decision, benefits paid shall result in a benefit charge to the account of the employer under § 60.2-530 only when, and as of the date on which, as the result of an appeal, the courts finally determine that the Commission should have awarded benefits to the claimant or claimants involved in such appeal.

§ 60.2-620. Hearing and decision on appeal.

A. Appeals filed under § 60.2-619 shall be heard by ~~an appeal tribunal appointed pursuant to § 60.2-621~~ *the Commission's Administrative Law Division's Office of First Level Appeals*. Such ~~appeal tribunal~~ *office*, after affording the claimant and any other parties reasonable opportunity for a fair hearing, shall have jurisdiction to consider all issues with respect to the claim since the initial filing thereof. Such ~~tribunal~~ *office* shall affirm, set aside, reverse, modify, or alter the findings of fact and decision of the deputy, and may enter such order or decision with respect to the claim as such ~~appeal tribunal~~ *office* finds should have been entered. However, no such order or decision shall affect benefits already paid except in accordance with the provisions of § 60.2-633.

B. The parties shall be duly notified of such ~~tribunal's~~ *office's* decision, together with its reasons therefor, which shall be deemed to be the final decision of the Commission, unless within thirty days after the date of notification or mailing of such decision, further appeal is initiated pursuant to § 60.2-622. However, for good cause shown the thirty-day period may be extended.

§ 60.2-622. Commission review.

A. The Commission (i) may on its own motion affirm, modify, or set aside any decision of an ~~appeal tribunal~~ *appeals examiner* on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence by an ~~appeal tribunal~~ *appeals examiner*, or receive such evidence itself, or (ii) shall permit any of the parties to such decision to initiate further appeals before it. The Commission may remove to itself or transfer to another ~~appeal tribunal~~ *appeals examiner* the proceedings on any claim pending before an ~~appeal tribunal~~ *appeals examiner*. Any proceeding so removed to the Commission shall be heard in accordance with the requirements of § 60.2-620. The Commission shall promptly notify the interested parties of its findings and decision.

B. 1. Any decision of the Commission, upon a hearing on appeal, shall become final 10 days after the date of notification or mailing, and judicial review shall be permitted the claimant or any interested party claiming to be aggrieved. The Commission shall be deemed to be a party to any judicial action involving any such decision, and shall be represented in any such judicial action by the Office of the Attorney General.

2. Any such decision by the Commission involving (i) whether an employing unit constitutes an employer or (ii) whether services performed for or in connection with business of an employing unit constitute employment for such employing unit, from which no judicial review is had pursuant to subsections C and D of § 60.2-500, shall be conclusive in any subsequent judicial proceedings involving liability for taxes by the Commission against any employing unit which was a party to the proceedings held before the Commission.

C. The Commissioner shall have the power to designate a special examiner to hear appeals to the Commission under this section. The Commissioner may authorize and empower such special examiner to decide any appeal so heard, in which event the decision of the special examiner shall be the final decision of the Commission under this section, subject to judicial review under § 60.2-625.

§ 60.2-623. Procedure generally; confidentiality of information.

A. The manner in which disputed claims shall be presented, reports required from the claimant and from employers, the conduct of hearings and appeals before any deputy, ~~appeal tribunal~~ *appeals examiner,* or the Commission, and transcripts prepared shall be in accordance with regulations prescribed by the Commission for determining the rights of the parties. Such regulations need not conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed and a timely request for a hearing before the Commission has been made in accordance with regulations prescribed by the Commission. In lieu of providing a transcript, and with the consent of all parties who participated in the hearing, the Commission may provide a digital or other electronic recording of the testimony taken at any hearing, which recording may be transmitted in any medium provided that the recording is protected from unauthorized interception by reasonable security measures.

B. Information furnished the Commission under the provisions of this chapter shall not be published or be open to public inspection, other than to public employees in the performance of their public duties. Neither such information, nor any determination or decision rendered under the provisions of § 60.2-619, 60.2-620 or 60.2-622, shall be used in any judicial or administrative proceeding other than one arising out of the provisions of this title; however, the Commission shall make its records about a claimant available to the Workers' Compensation Commission if it requests such records. The Commission may also, in its discretion, furnish copies of the transcript of hearings to any party.

C. Notwithstanding the provisions of subsection B, the Commission shall, on a reimbursable basis, furnish wage and unemployment compensation information contained in its records to the Secretary of Health and Human Services and Virginia's child support enforcement agency for their use as necessary for the purposes of the National Directory of New Hires established under § 453 (i) of the Social Security Act.

D. Notwithstanding the provisions of subsection B, the Commission shall, upon written request, furnish any agency or political subdivision of the Commonwealth such information as it may require for the purpose of collecting fines, penalties,

and costs owed to the Commonwealth or its political subdivisions. Such information shall not be published or used in any administrative or judicial proceeding, except in matters arising out of the collection of fines, penalties, and costs owed to the Commonwealth or its political subdivisions.

§ 60.2-625. Judicial review.

A. Within thirty days after the decision of the Commission upon a hearing pursuant to § 60.2-622 has been mailed, any party aggrieved who seeks judicial review shall commence an action in the circuit court of the county or city in which the individual who filed the claim was last employed. In such action against the Commission, the Commission and any other party to the administrative procedures before the Commission shall be named a defendant in a petition for judicial review. Such petition shall also state the grounds upon which a review is sought; it shall be served upon a member of the Commission or upon such person as the Commission may designate, and such service shall be deemed completed service on all parties. There shall be left with the party so served as many copies of the petition as there are defendants, and the Commission shall forthwith mail one such copy to each such defendant. With its answer, the Commission shall certify and file with the court all documents and papers and a transcript of all testimony taken in the matter, together with its findings of fact and decision therein. In any judicial proceedings under this chapter, the findings of the Commission as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions and the questions so certified shall be heard in a summary manner at the earliest possible date. An appeal may be taken from the decision of the court to the Court of Appeals in conformity with Part Five A of the Rules of Supreme Court and other applicable laws.

B. From any circuit court decision involving (i) the provisions of § 60.2-612 or § 60.2-618, (ii) whether an employing unit constitutes an employer or (iii) whether services performed for or in connection with the business of an employing unit constitute employment for such employing unit, the Court of Appeals shall have jurisdiction to review such decision regardless of the amount involved in any claim for benefits. It shall not be necessary, in any proceeding under this chapter, to enter exceptions to the rulings of the Commission or an ~~appeal tribunal~~ *appeals examiner*, and no bond shall be required upon an appeal to any court. Upon the final determination of such judicial proceeding, the Commission shall administer the Unemployment Compensation Fund in accordance with such determination.

C. The Commission shall have the right to appeal a decision of a circuit court in any proceeding under this chapter.

§ 60.2-630. Authority to set aside or vacate determinations and decisions.

The Commission may, in its discretion, at any time before a determination or decision becomes final pursuant to ~~§§~~ *§* 60.2-619~~, 60.2-621,~~ or ~~§~~ 60.2-622, with good cause set aside or modify any such determination or decision.

2. That §§ 60.2-621 and 60.2-631 of the Code of Virginia are repealed.

CHAPTER 605

An Act to amend and reenact § 15.2-2307 of the Code of Virginia, relating to vested rights; building permits.

[S 701]

Approved April 5, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2307 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2307. Vested rights not impaired; nonconforming uses.

A. Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.

B. For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the governing body or its designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the governing body or its designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

C. A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). If a use does not conform to the zoning prescribed for the district in which such use is situated, and if (i) a business license was issued by the locality for such use and (ii) the holder of such business license has operated continuously in the same location for at least 15 years and has paid all local taxes related to such use, the locality shall permit the holder of such business license to apply for a rezoning or a special use permit without charge by the locality or any agency affiliated with the locality for fees associated with such filing. Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

D. Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, *(ii) a property owner, relying in good faith on the issuance of a building permit, incurs extensive obligations or substantial expenses in diligent pursuit of a building project that is in conformance with the building permit and the Uniform Statewide Building Code (§ 36-97 et seq.),* or ~~(ii)~~ *(iii)* the owner of the building or structure has paid taxes to the locality for such building or structure for a period of more than the previous 15 years, a zoning ordinance shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming. A zoning ordinance may provide that such building or structure be brought in compliance with the Uniform Statewide Building Code, provided that to do so shall not affect the nonconforming status of such building or structure. If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal. If the structure is one that requires no permit, and an authorized local government official informs the property owner that the structure will comply with the zoning ordinance, and the improvement was thereafter constructed, a zoning ordinance may provide that the structure is nonconforming but shall not provide that such structure is illegal and subject to removal solely due to such nonconformity. In any proceeding when the authorized government official is deceased or is otherwise unavailable to testify, uncorroborated testimony of the oral statement of such official shall not be sufficient evidence to prove that the authorized government official made such statement.

E. A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged

or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

F. Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

G. Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

H. Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

CHAPTER 606

[S 710]

Be it enacted by the General Assembly of Virginia:

The maximum number of judges of the districts shall be as follows:

	General District Court Judges	Juvenile and Domestic Relations District Court Judges
First	4	4
Second	7	6

"Distribute," "distributing," or "distribution of" electric energy means the transfer of electric energy through a retail distribution system to a retail customer.

"Distributor" means a person owning, controlling, or operating a retail distribution system to provide electric energy directly to retail customers.

"Energy efficiency program" means a program that reduces the total amount of ~~electricity~~ *energy* that is required for the same process or activity implemented after the expiration of capped rates *but does not include electrification of any process or activity primarily fueled by natural gas*. Energy efficiency programs include equipment, physical, or program change designed to produce measured and verified reductions in the amount of ~~electricity~~ *site energy* required to perform the same function and produce the same or a similar outcome. Energy efficiency programs may include~~, but are not limited to,~~ (i) *electrification; (ii)* programs that result in improvements in lighting design, heating, ventilation, and air conditioning systems, appliances, building envelopes, and industrial and commercial processes; ~~(ii)~~ *(iii)* measures, such as ~~but not limited to~~ the installation of advanced meters, implemented or installed by utilities, that reduce fuel use or losses of electricity and otherwise improve internal operating efficiency in generation, transmission, and distribution systems; and ~~(iii)~~ *(iv)* customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices. Energy efficiency programs include demand response, combined heat and power and waste heat recovery, curtailment, or other programs that are designed to reduce ~~electricity~~ *site energy* consumption so long as they reduce the total amount of ~~electricity~~ *site energy* that is required for the same process or activity. Utilities shall be authorized to install and operate such advanced metering technology and equipment on a customer's premises; however, nothing in this chapter establishes a requirement that an energy efficiency program be implemented on a customer's premises and be connected to a customer's wiring on the customer's side of the inter-connection without the customer's expressed consent. *Electricity consumption increases that result from Commission-approved electrification measures shall not be considered as a reduction in energy savings under the energy savings requirements set forth in subsection B of § 56-596.2. Utilities may apply verified total site energy reductions that are attributable to Commission-approved electrification measures to the energy savings requirements set forth in subsection B of § 56-596.2, subject to a conversion of British thermal unit-based energy savings to an equivalent kilowatt-hour-based energy savings, which conversion shall be subject to Commission approval.*

Such determination shall include an analysis of all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. An order by the Commission (a) finding that a program or portfolio of programs is not in the public interest or (b) reducing the proposed budget for any program or portfolio of programs shall adhere to existing protocols for extraordinarily sensitive information. In addition, an energy efficiency program may be deemed to be "in the public interest" if the program (1) provides measurable and verifiable energy savings to low-income customers or elderly customers or (2) is a pilot program of limited scope, cost, and duration, that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

"Retail electric energy" means electric energy sold for ultimate consumption to a retail customer.

"Revenue reductions related to energy efficiency programs" means reductions in the collection of total non-fuel revenues, previously authorized by the Commission to be recovered from customers by a utility, that occur due to measured and verified decreased consumption of electricity caused by energy efficiency programs approved by the Commission and implemented by the utility, less the amount by which such non-fuel reductions in total revenues have been mitigated through other program-related factors, including reductions in variable operating expenses.

"Rooftop solar installation" means a distributed electric generation facility, storage facility, or generation and storage facility utilizing energy derived from sunlight, with a rated capacity of not less than 50 kilowatts, that is installed on the roof structure of an incumbent electric utility's commercial or industrial class customer, including host sites on commercial buildings, multifamily residential buildings, school or university buildings, and buildings of a church or religious body.

This regulated, tariffed program shall be reviewable by the Commission at the cooperative's next general rate proceeding. A cooperative shall recover the program costs through a new rate schedule established by this section or otherwise through its rates. A cooperative shall file a copy of any such new rate schedule with the Commission for informational purposes.

C. At least 120 days prior to making an informational filing as described in subsection B, a cooperative shall conduct a stakeholder process to design the on-bill tariff program collaboratively with interested parties. Such stakeholder process shall be open to the cooperative's membership and invited guests and shall include an opportunity to participate for low-income and middle-income advocates, energy efficiency advocates, affordable housing advocates, and the staff of the Commission. The stakeholder process shall examine and recommend, among other things, appropriate additional consumer safeguards for potential adoption by the cooperative, including oversight of third-party vendors and appropriate methods for notifying customers that vendors are subject to the Virginia Consumer Protection Act (§ 59.1-196 et seq.). The stakeholder process shall allow for remote or electronic participation and may include multiple cooperatives or be coordinated, convened, and facilitated by a group or association of cooperatives. The meetings of the stakeholders may be held anywhere in the Commonwealth. The cooperative shall include documentation concerning the stakeholder process in its informational filing to the Commission.

D. A cooperative's on-bill tariff program shall include criteria for selecting eligible customers; limits on the individual and aggregate amounts of energy efficiency measures for each eligible customer; limits on the overall amount available under the on-bill tariff program; generally applicable repayment terms; and qualifications of potential vendors that will market or install energy efficiency measures. Multiple cooperatives may collaborate to create a similar structure for on-bill tariff programs.

E. An on-bill tariff agreement shall:

1. Specify that the eligible customer or subsequent customers at the premises shall only be responsible for the payment of the energy savings charge upon satisfactory installation of the energy efficiency measures as set forth in their on-bill tariff agreement;

2. Specify that the cooperative may recover the costs, including financing or capital costs, of installing the energy efficiency measures at an eligible customer's premises through the energy savings charge;

3. Provide for the inclusion of an energy savings charge that is stated as a separate line item on the eligible customer's or subsequent customer's utility bill;

4. Provide that an eligible customer shall enter into an on-bill tariff agreement to participate in the on-bill tariff program;

5. Provide that the cooperative may apply the energy savings charge to the meter or bill of subsequent customers at the premises and that the then-current eligible customer is required to notify the subsequent customer of the on-bill tariff agreement and the energy savings charge;

6. Deem amounts due under the tariff to be amounts owed for regulated electric service and for which an eligible customer is subject to disconnection of service pursuant to the cooperative's existing policies for disconnection;

7. Provide that any loan or financing interest rate or cost of capital, or their equivalent, that is provided to the eligible customer pursuant to an on-bill tariff agreement shall be less than prevailing market rates;

8. Provide that payments for energy-saving charges made by eligible and subsequent customers shall be retained by the cooperative and amounts credited against the appropriate category of program costs; and

9. Result in deemed savings that are reasonably projected, based on the customer's ~~electricity~~ *energy* utilization and rates at the beginning of the term, to result in lower ~~electric~~ *energy* bills for the customer, and that allocate a portion of the gross cost savings resulting from the energy efficiency measures to the eligible customer and the remaining portion to the cooperative to recover the program costs.

F. Customers having a grievance or complaints against an on-bill tariff program shall have recourse to the informal and formal procedures of the Commission.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance*. For purposes of determining whether a quorum is physically assembled, an individual member of a public body who is a person with a disability as defined in § 51.5-40.1 and uses remote participation counts toward the quorum as if the individual was physically present*;

2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance *or the member is a caregiver who must provide care for a person with a disability at the time the public meeting is being held thereby preventing the member's physical attendance. For purposes of determining whether a quorum is physically assembled, an individual member of a public body who is a caregiver for a person with a disability and uses remote participation counts toward the quorum as if the individual was physically present*;

3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or

4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall first adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

The policy shall not prohibit or restrict any individual member of a public body who is participating in an all-virtual meeting or who is using remote participation from voting on matters before the public body.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The judge may consult with the Department in selecting a local department to respond to the report or the complaint.

If the information is received by a teacher, staff member, resident, intern or nurse in the course of professional services in a hospital, school or similar institution, such person may, in place of said report, immediately notify the person in charge of the institution or department, or his designee, who shall make such report forthwith. If the initial report of suspected abuse or neglect is made to the person in charge of the institution or department, or his designee, pursuant to this subsection, such person shall notify the teacher, staff member, resident, intern or nurse who made the initial report when the report of suspected child abuse or neglect is made to the local department or to the Department's toll-free child abuse and neglect hotline, and of the name of the individual receiving the report, and shall forward any communication resulting from the report, including any information about any actions taken regarding the report, to the person who made the initial report.

The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records, or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless

such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall, due to the special medical needs of infants affected by substance exposure, include (i) a finding made by a health care provider within six weeks of the birth of a child that the child was born affected by substance abuse or experiencing withdrawal symptoms resulting from in utero drug exposure; (ii) a diagnosis made by a health care provider within four years following a child's birth that the child has an illness, disease, or condition that, to a reasonable degree of medical certainty, is attributable to maternal abuse of a controlled substance during pregnancy; or (iii) a diagnosis made by a health care provider within four years following a child's birth that the child has a fetal alcohol spectrum disorder attributable to in utero exposure to alcohol. When "reason to suspect" is based upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report. Such reports shall not constitute a per se finding of child abuse or neglect. If a health care provider in a licensed hospital makes any finding or diagnosis set forth in clause (i), (ii), or (iii), the hospital shall require the development of a written discharge plan under protocols established by the hospital pursuant to subdivision B 6 of § 32.1-127.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so as soon as possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse or neglect, shall be fined not more than $500 for the first failure and for any subsequent failures not less than $1,000. In cases evidencing acts *or attempted acts* of rape, sodomy, *aggravated sexual battery,* or object sexual penetration as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make the report required pursuant to this section ~~shall be~~ *is* guilty of a Class 1 misdemeanor.

§ 2.2-3701. Definitions.

As used in this chapter, unless the context requires a different meaning:

"All-virtual public meeting" means a public meeting (i) conducted by a public body, other than those excepted pursuant to subsection C of § 2.2-3708.3, using electronic communication means, (ii) during which all members of the public body who participate do so remotely rather than being assembled in one physical location, and (iii) to which public access is provided through electronic communication means.

"Caregiver" means an adult who provides care for a person with a disability as defined in § 51.5-40.1. A caregiver shall be either related by blood, marriage, or adoption to or the legally appointed guardian of the person with a disability for whom he is caring.

Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (a) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (b) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of discussion or debate at such public meeting, shall be deemed a "meeting" subject to the provisions of this chapter.

"Official public government website" means any Internet site controlled by a public body and used, among any other purposes, to post required notices and other content pursuant to this chapter on behalf of the public body.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district, or agency of the Commonwealth or of any political subdivision of the Commonwealth, including counties, cities, and towns, municipal councils, governing bodies of counties, school boards, and planning commissions; governing boards of public institutions of higher education; and other organizations, corporations, or agencies in the Commonwealth supported wholly or principally by public funds. It shall not exclude any such committee, subcommittee, or entity because it has private sector or citizen members. For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words, or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostatting, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording, or other form of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees, or agents in the transaction of public business.

§ 2.2-3708.3. Meetings held through electronic communication means; situations other than declared states of emergency.

A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance. *For purposes of determining whether a quorum is physically assembled, an individual member of a public body who is a person with a disability as defined in § 51.5-40.1 and uses remote participation counts toward the quorum as if the individual was physically present*;

2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance *or the member is a caregiver who must provide care for a person with a disability at the time the public meeting is being held thereby preventing the member's physical attendance. For purposes of determining whether a quorum is physically assembled, an individual member of a public body who is a caregiver for a person with a disability and uses remote participation counts toward the quorum as if the individual was physically present*;

3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or

4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this

subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall first adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

The policy shall not prohibit or restrict any individual member of a public body who is participating in an all-virtual meeting or who is using remote participation from voting on matters before the public body.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

A. The Board may grant the following mixed beverages licenses:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for on-premises consumption in dining areas and other designated areas of such restaurant or off-premises consumption. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for on-premises consumption in such designated areas, bedrooms, and other private rooms or off-premises consumption and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit, or profit club exclusively for its members and their guests, or members of another private, nonprofit, or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to (1) sell and serve mixed beverages for on-premises or off-premises consumption and (2) sell spirits that are packaged in original closed containers with a maximum capacity of two fluid ounces or 50 milliliters and purchased from the Board for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

If the restaurant is located on the premises of and operated by a culinary lodging resort, such license shall authorize the licensee to (A) sell alcoholic beverages, without regard to the amount of gross receipts from the sale of food prepared and consumed on the premises, for off-premises consumption or for on-premises consumption in areas upon the licensed premises approved by the Board and other designated areas of the resort, including outdoor areas under the control of the licensee, and (B) permit the possession and consumption of lawfully acquired alcoholic beverages by persons to whom overnight lodging is being provided in bedrooms and private guest rooms.

Designated areas may include any areas on the premises of the mixed beverage casino licensee, including entertainment venues, conference rooms, private rooms, hotels, pools, marinas, or green spaces. Alcoholic beverages purchased from a restaurant pursuant to this subdivision shall be contained in glassware or a paper, plastic, or similar disposable container that clearly displays the name or logo of the restaurant from which the alcoholic beverage was purchased.

2. For purposes of supplying its airplanes, as well as any airplanes of a licensed express carrier flying under the same brand, an air carrier licensee may appoint an authorized representative to load alcoholic beverages onto the same airplanes and to transport and store alcoholic beverages at or in close proximity to the airport where the alcoholic beverages will be delivered onto airplanes of the air carrier and any such licensed express carrier.
