Fees shall be used for the development and delivery of training for operators and staff of facilities, centers, and agencies. Fees shall be expended for this purpose within two fiscal years following the fiscal year in which they are collected. These fees shall not be applicable to facilities, centers, or agencies operated by federal entities.

§ 63.2-1701. Licenses required; issuance, expiration, and renewal; maximum number of residents, participants or children; posting of licenses.

A. As used in this section, "person" means any individual; corporation; partnership; association; limited liability company; local government; state agency, including any department, institution, authority, instrumentality, board, or other administrative agency of the Commonwealth; or other legal or commercial entity that operates or maintains a child welfare agency, adult day ~~care~~ center, or assisted living facility.

B. Every person who constitutes, or who operates or maintains, an assisted living facility, adult day ~~care~~ center, or child welfare agency shall obtain the appropriate license from the Commissioner, which may be renewed. However, no license shall be required for an adult day ~~care~~ center that provides services only to individuals enrolled in a Programs of All-Inclusive Care for the Elderly program operated in accordance with an agreement between the provider, the Department of Medical Assistance Services and the Centers for Medicare and Medicaid Services. The Commissioner, upon request, shall consult with, advise, and assist any person interested in securing and maintaining any such license. Each license and renewals thereof for an assisted living facility, adult day ~~care~~ center, or child welfare agency may be issued for periods of up to three successive years, unless sooner revoked or surrendered.

D. The length of each license or renewal thereof for an assisted living facility shall be based on the judgment of the Commissioner regarding the compliance history of the facility and the extent to which it meets or exceeds state licensing standards. On the basis of this judgment, the Commissioner may issue licenses or renewals thereof for periods of six months, one year, two years, or three years.

E. The Commissioner may extend or shorten the duration of licensure periods for a child welfare agency whenever, in his sole discretion, it is administratively necessary to redistribute the workload for greater efficiency in staff utilization.

F. Each license shall indicate the maximum number of persons who may be cared for in the assisted living facility, adult day ~~care~~ center, or child welfare agency for which it is issued.

G. The license and any other documents required by the Commissioner shall be posted in a conspicuous place on the licensed premises.

H. Every person issued a license that has not been suspended or revoked shall renew such license prior to its expiration.

I. Officers, employees, or agents of the Commonwealth, or of any county, city, or town acting within the scope of their authority as such, who serve as or maintain a child-placing agency shall not be required to be licensed.

Nonambulatory means the condition of a resident or participant who by reason of physical or mental impairment is not capable of self-preservation without the assistance of another person.

§ 63.2-1706. Inspections and interviews.

A. Applicants for licensure and licensees shall at all times afford the Commissioner reasonable opportunity to inspect all of their facilities, books and records, and to interview their agents and employees and any person living or participating in such facilities, or under their custody, control, direction or supervision. Interviews conducted pursuant to this section with persons living or participating in a facility operated by or under the custody, control, direction, or supervision of an applicant for licensure or a licensee shall be (i) authorized by the person to be interviewed or his legally authorized representative and (ii) limited to discussion of issues related to the applicant's or licensee's compliance with applicable laws and regulations, including ascertaining if assessments and reassessments of residents' cognitive and physical needs are performed as required under regulations of the Board.

B. For any adult day ~~care~~ center issued a license or renewal thereof for a period of six months, the Commissioner shall make at least two inspections during the six-month period, one of which shall be unannounced. For any adult day ~~care~~ center issued a license or renewal thereof for a period of one year, the Commissioner shall make at least three inspections each year, at least two of which shall be unannounced. For any adult day ~~care~~ center issued a license or a renewal thereof for a period of two years, the Commissioner shall make at least two inspections each year, at least one of which shall be unannounced. For any adult day ~~care~~ center issued a three-year license, the Commissioner shall make at least one inspection each year, which shall be unannounced.

For any assisted living facility issued a license or renewal thereof for a period of six months, the Commissioner shall make at least two inspections during the six-month period, one of which shall be unannounced. For any assisted living facility issued a license or renewal thereof for a period of one, two, or three years, the Commissioner shall make at least one inspection each year, which shall be unannounced, and as needed based on compliance with applicable laws and regulations.

C. All licensed child welfare agencies shall be inspected not less than twice annually, and one of those inspections shall be unannounced.

D. The activities, services and facilities of each applicant for renewal of his license as an assisted living facility, adult day ~~care~~ center or child welfare agency shall be subject to an inspection or examination by the Commissioner to determine if he is in compliance with current regulations of the Board.

E. For any licensed assisted living facility, adult day ~~care~~ center or child welfare agency, the Commissioner may authorize such other announced or unannounced inspections as the Commissioner considers appropriate.

§ 63.2-1708. Records and reports.

Every licensed assisted living facility, licensed adult day ~~care~~ center, or licensed child welfare agency shall keep such records and make such reports to the Commissioner as he may require. The forms to be used in the making of such reports shall be prescribed and furnished by the Commissioner.

§ 63.2-1709. Enforcement and sanctions; assisted living facilities and adult day centers; interim administration; receivership, revocation, denial, summary suspension.

A. Upon receipt and verification by the Commissioner of information from any source indicating an imminent and substantial risk of harm to residents, the Commissioner may require an assisted living facility to contract with an individual licensed by the Board of Long-Term Care Administrators, to be either selected from a list created and maintained by the Department of Medical Assistance Services or selected from a pool of appropriately licensed administrators recommended by the owner of the assisted living facility, to administer, manage, or operate the assisted living facility on an interim basis, and to attempt to bring the facility into compliance with all relevant requirements of law, regulation, or any plan of correction approved by the Commissioner. Such contract shall require the interim administrator to comply with any and all requirements established by the Department to ensure the health, safety, and welfare of the residents. Prior to or upon conclusion of the period of interim administration, management, or operation, an inspection shall be conducted to determine whether operation of the assisted living facility shall be permitted to continue or should cease. Such interim administration, management, or operation shall not be permitted when defects in the conditions of the premises of the assisted living facility (i) present immediate and substantial risks to the health, safety, and welfare of residents, and (ii) may not be corrected within a reasonable period of time. Any decision by the Commissioner to require the employment of a person to administer, manage, or operate an assisted living facility shall be subject to the rights of judicial review and appeal as provided in the

Administrative Process Act (§ 2.2-4000 et seq.). Actual and reasonable costs of such interim administration shall be the responsibility of and shall be borne by the owner of the assisted living facility.

B. The Board shall adopt regulations for the Commissioner to use in determining when the imposition of administrative sanctions or initiation of court proceedings, severally or jointly, is appropriate in order to ensure prompt correction of violations in assisted living facilities and adult day ~~care~~ centers involving noncompliance with state law or regulation as discovered through any inspection or investigation conducted by the Departments of Social Services, Health, or Behavioral Health and Developmental Services. The Commissioner may impose such sanctions or take such actions as are appropriate for violation of any of the provisions of this subtitle or any regulation adopted under any provision of this subtitle that adversely affects the health, safety or welfare of an assisted living facility resident or an adult day ~~care~~ *center* participant. Such sanctions or actions may include (i) petitioning the court to appoint a receiver for any assisted living facility or adult day ~~care~~ center and (ii) revoking or denying renewal of the license for the assisted living facility or adult day ~~care~~ center for violation of any of the provisions of this subtitle, § 54.1-3408 or any regulation adopted under this subtitle that violation adversely affects, or is an immediate and substantial threat to, the health, safety or welfare of the person cared for therein, or for permitting, aiding or abetting the commission of any illegal act in an assisted living facility or adult day ~~care~~ center.

C. The Commissioner may issue a notice of summary suspension of the license to operate the assisted living facility pursuant to (i) for assisted living facilities operated by agencies of the Commonwealth, the procedures set forth in § 63.2-1710.1 or (ii) for all other assisted living facilities, the procedures hereinafter set forth in conjunction with any proceeding for revocation, denial, or other action when conditions or practices exist that pose an immediate and substantial threat to the health, safety, and welfare of the residents. The notice of summary suspension shall set forth (a) the summary suspension procedures, (b) hearing and appeal rights as provided under this subsection, (c) facts and evidence that formed the basis for which the summary suspension is sought, and (d) the time, date, and location of the hearing to determine whether the suspension is appropriate. Such notice shall be served on the assisted living facility or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the assisted living facility.

The summary suspension hearing shall be presided over by a hearing officer selected by the Commissioner from a list prepared by the Executive Secretary of the Supreme Court of Virginia and shall be held as soon as practicable, but in no event later than 15 business days following service of the notice of hearing; however, the hearing officer may grant a written request for a continuance, not to exceed an additional 10 business days, for good cause shown. Within 10 business days after such hearing, the hearing officer shall provide to the Commissioner written findings and conclusions, together with a recommendation as to whether the license should be summarily suspended.

Within 10 business days of the receipt of the hearing officer's findings, conclusions, and recommendation, the Commissioner may issue a final order of summary suspension or an order that such summary suspension is not warranted by the facts and circumstances presented. The Commissioner shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. In the event that the Commissioner rejects a hearing officer's findings, conclusions, or recommended decision, the Commissioner shall state with particularity the basis for rejection. In issuing a final order of summary suspension, the Commissioner may suspend the license of the assisted living facility or suspend only certain authority of the assisted living facility to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, and welfare of the residents receiving care. A final order of summary suspension shall include notice that the assisted living facility may appeal the Commissioner's decision to the appropriate circuit court no later than 10 days following service of the order. A copy of any final order of summary suspension shall be prominently displayed by the provider at each public entrance of the facility, or in lieu thereof, the provider may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

Upon appeal, the sole issue before the court shall be whether the Department had reasonable grounds to require the assisted living facility to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. Any concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension. The willful and material failure to comply with the final order of summary suspension shall constitute an offense under subdivision 3 of § 63.2-1712. At the request of the Commissioner, all agencies and subdivisions of the Commonwealth shall cooperate with the Commissioner in the relocation of residents of an assisted living facility whose license has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to residents.

D. Notice of the Commissioner's intent to revoke or deny renewal of the license for an assisted living facility or to summarily suspend the license of an assisted living facility shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. In determining whether to deny, revoke, or summarily suspend a license, the Commissioner may choose to deny, revoke, or summarily suspend only certain authority of the assisted living facility to operate and may restrict or modify the assisted living facility's authority to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, or welfare of the residents. Such proposed denial, revocation, or summary suspension of certain services or functions may be appealed (i) if the assisted

living facility is operated by an agency of the Commonwealth in accordance with the provisions of § 63.2-1710.2 and (ii) for all other assisted living facilities as otherwise provided in this subtitle for any denial, revocation, or summary suspension.

§ 63.2-1709.2. Enforcement and sanctions; special orders; civil penalties.

A. Notwithstanding any other provision of law, following a proceeding as provided in § 2.2-4019, the Commissioner may issue a special order (i) for violation of any of the provisions of this subtitle, § 54.1-3408, or any regulation adopted under any provision of this subtitle which violation adversely affects, or is an imminent and substantial threat to, the health, safety, or welfare of the person cared for therein, or (ii) for permitting, aiding, or abetting the commission of any illegal act in an assisted living facility, adult day ~~care~~ center, or child welfare agency. Notice of the Commissioner's intent to take any of the actions enumerated in subdivisions B 1 through B 7 shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. The issuance of a special order shall be considered a case decision as defined in § 2.2-4001. Actions set forth in subsection B may be appealed by (a) an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth in accordance with § 63.2-1710.2 or (b) any other assisted living facility, adult day ~~care~~ center, or child welfare agency in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The Commissioner shall not delegate his authority to impose civil penalties in conjunction with the issuance of special orders.

B. The Commissioner may take the following actions regarding assisted living facilities, adult day ~~care~~ centers, and child welfare agencies through the issuance of a special order and may require a copy of the special order provided by the Department to be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations:

1. Place a licensee on probation upon finding that the licensee is substantially out of compliance with the terms of its license and that the health and safety of residents, participants, or children are at risk;

2. Reduce licensed capacity or prohibit new admissions when the Commissioner concludes that the licensee cannot make necessary corrections to achieve compliance with regulations except by a temporary restriction of its scope of service;

3. Mandate training for the licensee or licensee's employees, with any costs to be borne by the licensee, when the Commissioner concludes that the lack of such training has led directly to violations of regulations;

4. Assess civil penalties for each day the assisted living facility is or was out of compliance with the terms of its license and the health, safety, and welfare of residents are at risk, which shall be paid into the state treasury and credited to the Assisted Living Facility Education, Training, and Technical Assistance Fund created pursuant to § 63.2-1803.1; however, no civil penalty shall be imposed pursuant to this subdivision on any assisted living facility operated by an agency of the Commonwealth. The aggregate amount of such civil penalties shall not exceed $10,000 for assisted living facilities in any 12-month period. Criteria for imposition of civil penalties and amounts, expressed in ranges, shall be developed by the Board, and shall be based upon the severity, pervasiveness, duration, and degree of risk to the health, safety, or welfare of residents. Such civil penalties shall be applied by the Commissioner in a consistent manner. Such criteria shall also provide that (i) the Commissioner may accept a plan of correction, including a schedule of compliance, from an assisted living facility prior to setting a civil penalty, and (ii) the Commissioner may reduce or abate the penalty amount if the facility complies with the plan of correction within its terms.

A single act, omission, or incident shall not give rise to imposition of multiple civil penalties even though such act, omission, or incident may violate more than one statute or regulation. A civil penalty that is not appealed becomes due on the first day after the appeal period expires. The license of an assisted living facility that has failed to pay a civil penalty due under this section shall not be renewed until the civil penalty has been paid in full, with interest, provided that the Commissioner may renew a license when an unpaid civil penalty is the subject of a pending appeal;

5. Assess civil penalties of not more than $500 per inspection upon finding that the adult day ~~care~~ center or child welfare agency is substantially out of compliance with the terms of its license and the health and safety of residents, participants, or children are at risk; however, no civil penalty shall be imposed pursuant to this subdivision on any adult day ~~care~~ center or child welfare agency operated by an agency of the Commonwealth;

6. Require licensees to contact parents, guardians, or other responsible persons in writing regarding health and safety violations; and

7. Prevent licensees who are substantially out of compliance with the licensure terms or in violation of the regulations from receiving public funds.

C. The Board shall adopt regulations to implement the provisions of this section.

§ 63.2-1710. Appeal from refusal, denial of renewal, or revocation of license.

A. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth, the provisions of § 63.2-1710.2 shall apply. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day ~~care~~ center, or child welfare agency other than an assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply, except that all appeals from notice of the Commissioner's intent to refuse to issue or renew, or revoke a license shall be received in writing from the assisted living facility, adult day ~~care~~ center or child welfare agency operator within 15 days of the date of receipt of the notice. Judicial review of a final review agency decision

shall be in accordance with the provisions of the Administrative Process Act. No stay may be granted upon appeal to the Court of Appeals.

B. In every appeal to a court of record, the Commissioner shall be named defendant.

C. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

D. When issuance or renewal of a license as an assisted living facility or adult day ~~care~~ center has been refused by the Commissioner, the applicant shall not thereafter for a period of one year apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the one-year period shall be extended until a final decision has been rendered on appeal.

E. When issuance or renewal of a license for a child welfare agency has been refused by the Commissioner, the applicant shall not thereafter for a period of six months apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the six-month period shall be extended until a final decision has been rendered on appeal.

§ 63.2-1710.2. Right to appeal notice of intent; assisted living facilities, adult day centers, and child welfare agencies operated by agencies of the Commonwealth.

An assisted living facility, adult day ~~care~~ center, or child welfare agency operated by an agency of the Commonwealth shall have the right to appeal any notice of intent as follows:

1. Within 30 days after receiving a notice of intent to impose a sanction, the licensee shall request in writing that the Commissioner review the intended agency action and may submit, together with such request, relevant information, documentation, or other pertinent data supporting its appeal. The Commissioner shall issue a decision within 60 days after receiving the request and shall have the authority to uphold the sanction or take whatever action he deems appropriate to resolve the controversy.

2. If the assisted living facility, adult day ~~care~~ center, or child welfare agency disputes the Commissioner's decision, the licensee shall request, within 30 days of receiving the Commissioner's decision, that the Commissioner refer the matter to the Secretary of Health and Human Resources. The Secretary shall issue a decision within 60 days of receiving the request for review. The Secretary's decision shall be final and shall not be subject to review.

§ 63.2-1711. Injunction against operation without license.

Any circuit court having jurisdiction in the county or city where the principal office of any assisted living facility, adult day ~~care~~ center or child welfare agency is located shall, at the suit of the Commissioner, have jurisdiction to enjoin its operation without a license required by this subtitle.

§ 63.2-1712. Offenses; penalty.

Any person, and each officer and each member of the governing board of any association or corporation that operates an assisted living facility, adult day ~~care~~ center or child welfare agency, is guilty of a Class 1 misdemeanor if he:

1. Interferes with any representative of the Commissioner in the discharge of his duties under this subtitle;

2. Makes to the Commissioner or any representative of the Commissioner any report or statement, with respect to the operation of any assisted living facility, adult day ~~care~~ center, or child welfare agency, that is known by such person to be false or untrue;

3. Operates or engages in the conduct of an assisted living facility, adult day ~~care~~ center, or child welfare agency without first obtaining a license as required by this subtitle or after such license has been revoked or suspended or has expired and not been renewed. No violation shall occur if the facility, center, or agency has applied to the Department for renewal prior to the expiration date of the license. Every day's violation of this subdivision shall constitute a separate offense; or

4. Operates or engages in the conduct of an assisted living facility, adult day ~~care~~ center, or child welfare agency serving more persons than the maximum stipulated in the license.

§ 63.2-1713. Misleading advertising prohibited.

No assisted living facility, adult day ~~care~~ center, or child welfare agency shall make, publish, disseminate, circulate, or place before the public or cause, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public in ~~this~~ *the* Commonwealth, in a newspaper or other publication; in the form of a book, notice, handbill, poster, blueprint, map, bill, tag, label, circular, pamphlet, or letter; or via electronic mail, website, automatic mailing list services (listservs), newsgroups, facsimile, chat rooms; or in any other way an advertisement of any sort regarding services or anything so offered to the public, which advertisement contains any promise, assertion, representation, or statement of fact that is untrue, deceptive, or misleading.

§ 63.2-1720. Assisted living facilities and adult day centers; employment for compensation of persons or use of volunteers convicted of certain offenses prohibited; background check required; penalty.

A. No assisted living facility or adult day ~~care~~ center shall hire for compensated employment or continue to employ persons who have been convicted of any offense set forth in clause (i) of the definition of barrier crime in § 19.2-392.02. A child-placing agency or independent foster home licensed in accordance with the provisions of this chapter shall not hire for compensated employment or continue to employ persons who (i) have been convicted of any barrier crime as defined in

§ 19.2-392.02 or (ii) are the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. All applicants for employment shall undergo background checks pursuant to subsection C.

B. A licensed assisted living facility or adult day ~~care~~ center may hire an applicant or continue to employ a person convicted of one misdemeanor barrier crime not involving abuse or neglect, or any substantially similar offense under the laws of another jurisdiction, if five years have elapsed following the conviction.

C. Background checks pursuant to subsection A require:

1. A sworn statement or affirmation disclosing whether the person has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and, in the case of licensed child-placing agencies or independent foster homes, whether or not the person has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. A criminal history records check through the Central Criminal Records Exchange pursuant to § 19.2-389; and

3. In the case of licensed child-placing agencies or independent foster homes, a search of the central registry maintained pursuant to § 63.2-1515 for any founded complaint of child abuse and neglect.

E. A licensed assisted living facility, licensed adult day ~~care~~ center, licensed child-placing agency, or licensed independent foster home shall obtain for any compensated employees within 30 days of employment (i) an original criminal record clearance with respect to convictions for any offense set forth in clause (i) of the definition of barrier crime in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange and (ii) in the case of licensed child-placing agencies or independent foster homes, (a) an original criminal record clearance with respect to any barrier crime as defined in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange and (b) a copy of the information from the central registry for any compensated employee within 30 days of employment. However, no employee shall be permitted to work in a position that involves direct contact with a person or child receiving services until an original criminal record clearance or original criminal history record has been received, unless such person works under the direct supervision of another employee for whom a background check has been completed in accordance with the requirements of this section. If an applicant is denied employment because of information from the central registry or convictions appearing on his criminal history record, the licensed assisted living facility, adult day ~~care~~ center, child-placing agency, or independent foster home shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the applicant.

F. No volunteer who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth shall be permitted to serve in a licensed child-placing agency or independent foster home. Any person desiring to volunteer at a licensed child-placing agency or independent foster home shall provide the agency, system, or home with a sworn statement or affirmation pursuant to subdivision C 1. Such licensed child-placing agency or independent foster home shall obtain for any volunteers, within 30 days of commencement of volunteer service, a copy of (a) the information from the central registry and (b) an original criminal record clearance with respect to any barrier crime as defined in § 19.2-392.02 or an original criminal history record from the Central Criminal Records Exchange. If a volunteer is denied service because of information from the central registry or convictions appearing on his criminal history record, such licensed child-placing agency or independent foster home shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the volunteer. The provisions of this subsection shall apply only to volunteers who will be alone with any child in the performance of their duties and shall not apply to a parent-volunteer of a child attending a licensed child-placing agency or independent foster home, whether or not such parent-volunteer will be alone with any child in the performance of his duties. A parent-volunteer is someone supervising, without pay, a group of children that includes the parent-volunteer's own child in a program that operates no more than four hours per day, provided that the parent-volunteer works under the direct supervision of a person who has received a clearance pursuant to this section.

G. No volunteer shall be permitted to serve in a licensed assisted living facility or licensed adult day ~~care~~ center without the permission or under the supervision of a person who has received a clearance pursuant to this section.

H. Further dissemination of the background check information is prohibited other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

I. Notwithstanding any other provision of law, a licensed adult day ~~care~~ center that provides services to individuals receiving services under the state plan for medical assistance services or any waiver thereto may disclose to the Department of Medical Assistance Services (i) whether a criminal history background check has been completed for an employee in accordance with this section and (ii) whether such employee is eligible for employment.

J. A licensed assisted living facility shall notify and provide all students a copy of the provisions of this article prior to or upon enrollment in a certified nurse aide program operated by such assisted living facility.

K. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

§ 63.2-1722. Revocation or denial of renewal based on background checks; failure to obtain background check.

A. The Commissioner may revoke or deny renewal of a license of a child welfare agency, assisted living facility, or adult day ~~care~~ center and a child-placing agency may revoke the approval of a foster home if the assisted living facility, adult day ~~care~~ center, child welfare agency, or foster home has knowledge that a person specified in § 63.2-1720 or 63.2-1721 required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) in the case of a child welfare agency or foster home, is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Commissioner pursuant to § 63.2-1723 or is not subject to the exceptions in subsection B of § 63.2-1720 or subsection E, F, G, or H of § 63.2-1721, and the facility, center, or agency refuses to separate such person from employment or service or allows the household member to continue to reside in the home.

B. Failure to obtain background checks pursuant to §§ 63.2-1720 and 63.2-1721 shall be grounds for denial, revocation, or termination of a license, registration, or approval or any contract with the Department or a local department to provide child care services to clients of the Department or local department. No violation shall occur if the assisted living facility, adult day ~~care~~ center, child-placing agency, or independent foster home has applied for the background check timely and it has not been obtained due to administrative delay. The provisions of this section shall be enforced by the Department.

§ 63.2-1728. Establishment of toll-free telephone line for complaints; investigation on receipt of complaints.

With such funds as are appropriated for this purpose, the Commissioner shall establish a toll-free telephone line to respond to complaints regarding operations of assisted living facilities, adult day ~~care~~ centers and child welfare agencies. Upon receipt of a complaint concerning the operation of an assisted living facility, adult day ~~care~~ center or child welfare agency, regardless of whether the program is subject to licensure, the Commissioner shall, for good cause shown, cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, records and facilities. The assisted living facility, adult day ~~care~~ center or child welfare agency shall afford the Commissioner reasonable opportunity to inspect all of the operator's activities, services, records and facilities and to interview its agents and employees and any child or other person within its custody or control. Whenever an assisted living facility, adult day ~~care~~ center or child welfare agency subject to inspection under this section is determined by the Commissioner to be in noncompliance with the provisions of this subtitle or with regulations adopted pursuant to this subtitle, the Commissioner shall give reasonable notice to the assisted living facility, adult day ~~care~~ center or child welfare agency of the nature of its noncompliance and may thereafter take appropriate action as provided by law, including a suit to enjoin the operation of the assisted living facility, adult day ~~care~~ center or child welfare agency.

An incident report filed by an assisted living facility, pursuant to regulations adopted by the Board, for any major incident that negatively affects or threatens the life, health, safety, or welfare of any resident of the facility shall not be considered a complaint for purposes of this section and shall not be posted by the Department on a website maintained by the Department. However, upon receipt of an incident report for any major incident that negatively affects or threatens the life, health, safety, or welfare of any resident of an assisted living facility, the Commissioner may initiate an investigation including an on-site visit to the facility if the Commissioner finds, for good cause shown based upon the seriousness of the incident and the nature of any response to the incident, including any implementation of a plan of correction to address the situation giving rise to the incident, that an investigation is required to protect the life, health, safety, or welfare of a resident of the assisted living facility.

§ 63.2-1729. Confidentiality of complainant's identity.

Whenever the Department conducts inspections and investigations in response to complaints received from the public, the identity of the complainant and the identity of any resident, participant or child who is the subject of the complaint, or identified therein, shall be confidential and shall not be open to inspection by members of the public. Identities of the complainant and resident, participant or child who is the subject of the complaint shall be revealed only if a court order so requires. Nothing contained herein shall prevent the Department, in its discretion, from disclosing to the assisted living facility, adult day ~~care~~ center or child welfare agency the nature of the complaint or the identity of the resident, participant or child who is the subject of the complaint. Nothing contained herein shall prevent the Department or its employees from making reports under Chapter 15 (§ 63.2-1500 et seq.) of this title or Article 2 (§ 63.2-1603 et seq.) of Chapter 16 of this title. If the Department intends to rely, in whole or in part, on any statements made by the complainant, at any administrative hearing brought against the assisted living facility, adult day ~~care~~ center or child welfare agency, the Department shall disclose the identity of the complainant to the assisted living facility, adult day ~~care~~ center or child welfare agency a reasonable time in advance of such hearing.

§ 63.2-1730. Retaliation or discrimination against complainants.

No assisted living facility, adult day ~~care~~ center or child welfare agency may retaliate or discriminate in any manner against any person who (i) in good faith complains or provides information to, or otherwise cooperates with, the Department or any other agency of government or any person or entity operating under contract with an agency of government, having responsibility for protecting the rights of residents of assisted living facilities, participants in adult day ~~care~~ centers or children in child welfare agencies, (ii) attempts to assert any right protected by state or federal law, or (iii) assists any person in asserting such right.

§ 63.2-1731. Retaliation against reports of child or adult abuse or neglect.

CHAPTER 152

An Act to amend and reenact § 32.1-330 of the Code of Virginia, relating to long-term services and supports screening; expedited screening; screening exemption; emergency.

[S 24]

Approved March 26, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-330 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-330. Long-term services and supports screening required.

A. As used in this section, "acute care hospital" includes an acute care hospital, a rehabilitation hospital, a rehabilitation unit in an acute care hospital, or a psychiatric unit in an acute care hospital.

B. Every individual who applies for or requests community or institutional long-term services and supports as defined in the state plan for medical assistance services may choose to receive services in a community or institutional setting. Every individual who applies for or requests community or institutional long-term services and supports shall be afforded the opportunity to choose the setting and provider of long-term services and supports.

C. Every individual who applies for or requests community or institutional long-term services and supports shall be screened prior to ~~admission to~~*, or in the situations described in subsection F within three business days of, initiation of* such community or institutional long-term services and supports to determine his need for long-term services and supports, including nursing facility services as defined in the state plan for medical assistance services. The type of long-term services and supports screening performed shall not limit the long-term services and supports settings or providers for which the individual is eligible.

D. ~~If~~ *Except as otherwise provided in this subsection, if* an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is residing in a community setting at the time of such application or request, the screening for long-term services and supports required pursuant to subsection C shall be completed by a long-term services and supports screening team that includes a nurse, social worker or other assessor designated by the Department who is an employee of the Department of Health or the local department of social services and a physician who is employed or engaged by the Department of Health. *To the extent such screening team determines it is unable to complete the long-term services and supports screening within 30 days and the individual is in imminent need of nursing facility placement, such screening team shall confer as to which entity can most expeditiously conduct the long-term services and supports screening. The nursing facility screening team as described in subsection F shall be authorized to conduct such screening if it is determined that it is the most expeditious option.*

E. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving inpatient services in an acute care hospital at the time of such application or request and will *immediately* begin receiving long-term services and supports as defined in the state plan for medical assistance services pursuant to a discharge order from an acute care hospital, the screening for long-term services and supports required pursuant to subsection C shall be completed by the acute care hospital in accordance with the screening requirements established by the Department. *Any individual receiving inpatient services in an acute care hospital discharged to a nursing facility for skilled care only is not required to be screened prior to discharge from the hospital unless the individual requests the screening.*

F. If an individual who applies for or requests long-term services and supports as defined in the state plan for medical assistance services is receiving skilled nursing services ~~that are not covered by the Commonwealth's program of medical assistance services in an institutional setting following discharge from an acute care hospital,~~ *in a nursing facility, or in the situation described in subsection D where the nursing facility screening team is authorized to conduct the long-term services and supports screening,* the Department shall require qualified staff of the ~~skilled~~ nursing ~~institution~~ *facility* to conduct the long-term services and supports screening *prior to or within three business days of initiation of long-term services and supports and* in accordance with the requirements established by the Department, with the results certified by a physician prior to ~~the~~ *or within three business days of* initiation of long-term services and supports under the state plan for medical assistance services.

G. If an individual is admitted to a ~~skilled~~ nursing facility ~~for skilled nursing services~~ and such individual was not screened but is subsequently determined to have been required to be screened prior to admission to the ~~skilled~~ nursing facility, then the qualified staff designated in subsection F may conduct a screening after admission. Coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services indicated by the screening shall not begin until six months after the initial admission to the ~~skilled~~ nursing facility. During this six-month period, the nursing home in which the individual resides shall be responsible for all costs indicated for institutional long-term services and supports that would otherwise have been covered by the Commonwealth's program of medical assistance services, without accessing patient funds. Six months after the date of admission to the ~~skilled~~ nursing facility, and as indicated through the eligibility determination, the Commonwealth's program of medical assistance services shall assume coverage of such services. To the extent that sufficient evidence is provided to indicate that the admission without screening was of no fault of the ~~skilled~~ nursing facility, the Department shall begin coverage of institutional long-term services and supports under this subsection by the Commonwealth's program of medical assistance services immediately upon the completion of the functional screening indicating nursing facility level of care pending the financial eligibility determination.

H. In any jurisdiction in which a long-term services and supports screening team described in subsection D or E has failed or is unable to perform the long-term services and supports screenings required by subsection D or E within 30 days of receipt of the individual's application or request for long-term services and supports under the state plan, the Department shall enter into contracts with other public or private entities to conduct such long-term services and supports screenings in addition to or in lieu of the long-term services and supports screening teams described in subsections D and E. *This subsection shall not apply to the specific circumstance outlined in subsection D where the qualified staff of a nursing facility agree to conduct such screening.*

I. The Department shall require all individuals who perform long-term services and supports screenings pursuant to this section to receive training on and be certified in the use of the long-term services and supports screening tool for eligibility for community or institutional long-term services and supports provided in accordance with the state plan for medical assistance services prior to conducting such long-term services and supports screenings.

J. The Department shall report annually by August 1 to the Governor and the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health regarding (i) the number of long-term services and supports screenings for eligibility for community and institutional long-term services and supports conducted pursuant to this section and (ii) the number of cases in which the Department or the public or private entity with which the Department has entered into a contract to conduct such long-term services and supports screenings fails to complete such long-term services and supports screenings within 30 days.

2. That an emergency exists and this act is in force from its passage.

3. That the Department of Medical Assistance Services shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

CHAPTER 153

An Act to amend and reenact §§ 37.2-505 and 37.2-837 of the Code of Virginia, relating to state hospitals; discharge planning.

[S 179]

Approved March 26, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-505 and 37.2-837 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-505. Coordination of services for preadmission screening and discharge planning.

A. The community services board shall fulfill the following responsibilities:

1. Be responsible for coordinating the community services necessary to accomplish effective preadmission screening and discharge planning for persons referred to the community services board. When preadmission screening reports are required by the court on an emergency basis pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8, the community services board shall ensure the development of the report for the court. To accomplish this coordination, the community services board shall establish a structure and procedures involving staff from the community services board and, as appropriate, representatives from (i) the state hospital or training center serving the board's service area, (ii) the local department of social services, (iii) the health department, (iv) the Department for Aging and Rehabilitative Services office in the board's service area, (v) the local school division, and (vi) other public and private human services agencies, including licensed hospitals.

2. Provide preadmission screening services prior to the admission for treatment pursuant to § 37.2-805 or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of any person who requires emergency mental health services while in a city or county served by the community services board. In the case of inmates incarcerated in a regional jail, each community services board that serves a county or city that is a participant in the regional jail shall review any existing Memorandum of Understanding between the community services board and any other community services boards that serve the regional jail to ensure that such memorandum sets forth the roles and responsibilities of each community services board in the preadmission screening process, provides for communication and information sharing protocols between the community services boards, and provides for due consideration, including financial consideration, should there be disproportionate obligations on one of the community services boards.

3. Provide, in consultation with the appropriate state hospital or training center, discharge planning for any individual who, prior to admission, resided in a city or county served by the community services board ~~or who chooses to reside after discharge in a city or county served by the board and who is to be released from a state hospital or training center pursuant to § 37.2-837~~. *In the case of any individual to be discharged from Central State Hospital, Southwestern Virginia Mental Health Institute, or Southern Virginia Mental Health Institute in 30 days or less after admission, the appropriate community services board shall implement the discharge plan developed by the state facility.* Upon initiation of discharge planning, the community services board that serves the city or county where the individual resided prior to admission shall inform the individual that he may choose to return to the county or city in which he resided prior to admission or to any other county or city in the Commonwealth. If the individual is unable to make informed decisions regarding his care, the community services board shall so inform his authorized representative, who may choose the county or city in which the individual shall reside upon discharge. In either case and to the extent permitted by federal law, for individuals who choose to return to the county or city in which they resided prior to admission, the community services board shall make every reasonable effort to place the individuals in such county or city. The community services board serving the county or city in which he will reside following discharge shall be responsible for arranging transportation for the individual upon request following the discharge protocols developed by the Department.

The discharge plan shall be completed prior to the individual's discharge. The plan shall be prepared with the involvement and participation of the individual receiving services or his representative and must reflect the individual's preferences to the greatest extent possible. The plan shall include the mental health, developmental, substance abuse, social, educational, medical, employment, housing, legal, advocacy, transportation, and other services that the individual will need upon discharge into the community and identify the public or private agencies that have agreed to provide these services.

No individual shall be discharged from a state hospital or training center without completion by the community services board of the discharge plan described in this subdivision. If state hospital or training center staff identify an individual as ready for discharge and the community services board that is responsible for the individual's care disagrees, the community services board shall document in the treatment plan within 72 hours of the individual's identification any reasons for not accepting the individual for discharge. If the state hospital or training center disagrees with the community services board and the board refuses to develop a discharge plan to accept the individual back into the community, the state hospital or training center or the community services board shall ask the Commissioner to review the state hospital's or training center's determination that the individual is ready for discharge in accordance with procedures established by the Department in collaboration with state hospitals, training centers, and community services boards. If the Commissioner determines that the individual is ready for discharge, a discharge plan shall be developed by the Department to ensure the availability of adequate services for the individual and the protection of the community. The Commissioner also shall verify that sufficient state-controlled funds have been allocated to the community services board through the performance contract.

If sufficient state-controlled funds have been allocated, the Commissioner may contract with a private provider, another community services board, or a behavioral health authority to deliver the services specified in the discharge plan and withhold allocated funds applicable to that individual's discharge plan from the community services board in accordance with subsections C and E of § 37.2-508.

4. Provide information, if available, to all hospitals licensed pursuant to Article 1 (§ 32.1-123 et seq.) of Chapter 5 of Title 32.1 about alcohol and substance abuse services available to minors.

B. The community services board may perform the functions set out in subdivision A 1 in the case of children by referring them to the locality's family assessment and planning team and by cooperating with the community policy and management team in the coordination of services for troubled youths and their families. The community services board may involve the family assessment and planning team and the community policy and management team, but it remains responsible for performing the functions set out in subdivisions A 2 and ~~A~~ 3 in the case of children.

§ 37.2-837. Discharge from state hospitals or training centers, conditional release, and trial or home visits for individuals.

A. Except for an individual receiving services in a state hospital who is held upon an order of a court for a criminal proceeding, the director of a state hospital or training center may discharge, after the preparation of a discharge plan:

1. Any individual in a state hospital who, in his judgment, ~~(a)~~ *(i)* is recovered, ~~(b)~~ *(ii)* does not have a mental illness, or ~~(c)~~ *(iii)* is impaired or not recovered but whose discharge will not be detrimental to the public welfare or injurious to the individual;

2. Any individual in a state hospital who is not a proper case for treatment within the purview of this chapter; or

3. Any individual in a training center who chooses to be discharged or, if the individual lacks the mental capacity to choose, whose legally authorized representative chooses for him to be discharged. Pursuant to regulations of the Centers for Medicare & Medicaid Services and the Department of Medical Assistance Services, no individual at a training center who is enrolled in Medicaid shall be discharged if the individual or his legally authorized representative on his behalf chooses to continue receiving services in a training center.

Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute shall, in consultation with the appropriate community services board or behavioral health authority, provide discharge planning for any individual to be discharged from the state hospital in 30 days or less after admission. For all individuals discharged *from any other state facility in 30 days or less after admission, or from a state hospital more than 30 days after admission, or from a state training center*, the discharge plan shall be formulated in accordance with the provisions of § 37.2-505 by the community services board or behavioral health authority that serves the city or county where the individual resided prior to admission or by the board or authority that serves the city or county where the individual or his legally authorized representative on his behalf chooses to reside immediately following the discharge. The discharge plan shall be contained in a uniform discharge document developed by the Department and used by all state hospitals, training centers, and community services boards or behavioral health authorities~~,~~ and shall identify (i) the services, including mental health, developmental, substance abuse, social, educational, medical, employment, housing, legal, advocacy, transportation, and other services that the individual will require upon discharge into the community, and (ii) the public or private agencies that have agreed to provide these services. If the individual will be housed in an assisted living facility, as defined in § 63.2-100, the discharge plan shall identify the facility, document its appropriateness for housing and capacity to care for the individual, contain evidence of the facility's agreement to admit and care for the individual, and describe how the community services board or behavioral health authority will monitor the individual's care in the facility. Prior to discharging an individual pursuant to subdivision A 1 or 2 who has not executed an advance directive, the director of a state hospital or his designee shall give to the individual a written explanation of the procedures for executing an advance directive in accordance with the Health Care Decisions Act (§ 54.1-2981 et seq.) and an advance directive form, which may be the form set forth in § 54.1-2984.

B. The director may grant a trial or home visit to an individual receiving services in accordance with regulations adopted by the Board. The state facility granting a trial or home visit to an individual shall not be liable for his expenses during the period of that visit. Such liability shall devolve upon the relative, conservator, person to whose care the individual is entrusted while on the trial or home visit, or the appropriate local department of social services of the county or city in which the individual resided at the time of admission pursuant to regulations adopted by the State Board of Social Services.

C. Any individual who is discharged pursuant to subdivision A 2 shall, if necessary for his welfare, be received and cared for by the appropriate local department of social services. The provision of public assistance or social services to the individual shall be the responsibility of the appropriate local department of social services as determined by regulations adopted by the State Board of Social Services. Expenses incurred for the provision of public assistance to the individual who is receiving 24-hour care while in an assisted living facility licensed pursuant to Chapters 17 (§ 63.2-1700 et seq.) and 18 (§ 63.2-1800 et seq.) of Title 63.2 shall be the responsibility of the appropriate local department of social services of the county or city in which the individual resided at the time of admission.

2. That the Department of Behavioral Health and Developmental Services shall report to the Governor and the General Assembly by August 1, 2025, and each year thereafter, the following information: (i) the readmission rates of any individual discharged from Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute in 30 days or less after admission; (ii) the impact of the changes to

discharge planning implemented by this act on Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute; and (iii) census information of Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute.

3. That the Department of Behavioral Health and Developmental Services shall provide the Senate Committee on Education and Health and the House Committee on Health and Human Services with an evaluation of the impact of the changes to discharge planning implemented by this act by November 1, 2025.

4. That the provisions of this act shall become effective on January 1, 2025.

Such penalty shall be collected by the attorney for the Commonwealth or the county or city attorney, and the proceeds shall be deposited into the general fund.

C. If the local department of social services files notice that the annual report has not been timely filed in accordance with subsection A with the clerk of the circuit court, the court may issue a summons or rule to show cause why the guardian has failed to file such annual report.

2. That nothing in this act shall be construed to preclude the clerk of a circuit court from establishing and maintaining his own case management system or other independent technology system provided by a private vendor or the locality. Any data from such clerk's independent system may be provided directly from such clerk to designated state agencies or through an interface with the technology systems operated by the Office of the Executive Secretary of the Supreme Court of Virginia.

§ 4.1-206.3. (Effective until July 1, 2024) Retail licenses.

A. The Board may grant the following mixed beverages licenses:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for on-premises consumption in dining areas and other designated areas of such restaurant or off-premises consumption. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for on-premises consumption in such designated areas, bedrooms, and other private rooms or off-premises consumption and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. However, with regard to a hotel classified as a resort complex, the Board may authorize the sale and on-premises consumption of alcoholic beverages in all areas within the resort complex deemed appropriate by the Board. Nothing herein shall prohibit any person from keeping and consuming his own lawfully acquired spirits in bedrooms or private rooms.

If the restaurant is located on the premises of and operated by a private, nonprofit, or profit club exclusively for its members and their guests, or members of another private, nonprofit, or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to (1) sell and serve mixed beverages for on-premises or off-premises consumption and (2) sell spirits that are packaged in original closed containers with a maximum capacity of two fluid ounces or 50 milliliters and purchased from the Board for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

If the restaurant is located on the premises of and operated by a culinary lodging resort, such license shall authorize the licensee to (A) sell alcoholic beverages, without regard to the amount of gross receipts from the sale of food prepared and consumed on the premises, for off-premises consumption or for on-premises consumption in areas upon the licensed premises approved by the Board and other designated areas of the resort, including outdoor areas under the control of the licensee, and (B) permit the possession and consumption of lawfully acquired alcoholic beverages by persons to whom overnight lodging is being provided in bedrooms and private guest rooms.

If the restaurant is located on the premises of a mixed beverage casino licensee owned by an operator licensed under Article 3 (§ 58.1-4108 et seq.) of Chapter 41 of Title 58.1, such mixed beverage restaurant license shall authorize the licensee to sell alcoholic beverages for on-premises consumption on the licensed premises of the restaurant during all hours of operation of the mixed beverage casino licensee. Any alcoholic beverages purchased from such restaurant may be (I) taken onto the premises of the mixed beverage casino licensee and (II) possessed or consumed in areas designated by the Board, after consultation with the mixed beverage casino licensee. Designated areas may include any areas on the premises of the mixed beverage casino licensee, including entertainment venues, conference rooms, private rooms, hotels, pools, marinas, or green spaces. Alcoholic beverages purchased from a restaurant pursuant to this subdivision shall be contained in glassware or a paper, plastic, or similar disposable container that clearly displays the name or logo of the restaurant from which the alcoholic beverage was purchased.

Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for consumption in such designated areas, bedrooms, and other private rooms and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

D. Any parent, guardian, or other person having care, custody, or control of a minor child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall not, for that reason alone, be considered in violation of this section.

A person's classification and calculation of earned sentence credits shall not be lowered or withheld due to a lack of programming, educational, or employment opportunities at the correctional facility at which the person is confined. Records from this review, including an explanation of the reasons why a person's classification level was or was not adjusted, shall be maintained in the person's correctional file.

G. Notwithstanding any other provision of law, no portion of any sentence credits earned shall be applied to reduce the period of time a person must serve before becoming eligible for parole upon any sentence.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1 of the Acts of Assembly of 2023, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

For purposes of this subsection, "serious injury" includes but is not limited to (i) disfigurement, (ii) a fracture, (iii) a severe burn or laceration, (iv) mutilation, (v) maiming, (vi) forced ingestion of dangerous substances, and (vii) life-threatening internal injuries. For purposes of this subsection, "willful act or willful omission" includes operating or engaging in the conduct of a child welfare agency as defined in § 63.2-100 or a child day program or family day system as defined in § 22.1-289.02 without first obtaining a license such person knows is required by Subtitle IV (§ 63.2-1700 et seq.) of Title 63.2 or Article 3 (§ 22.1-289.010 et seq.) of Chapter 14.1 of Title 22.1 or after such license has been revoked or has expired and not been renewed.

B. 1. Any parent, guardian, or other person responsible for the care of a child under the age of 18 whose willful act or omission in the care of such child was so gross, wanton, and culpable as to show a reckless disregard for human life is guilty of a Class 6 felony.

2. If a prosecution under this subsection is based solely on the accused parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense to prosecution of a parent under this subsection that such parent safely delivered the child within the first 30 days of the child's life to (i) a hospital that provides 24-hour emergency services, (ii) an attended emergency medical services agency that employs emergency medical services personnel, or (iii) a newborn safety device located at and operated by such hospital or emergency medical services agency. In order for the affirmative defense to apply, the child shall be delivered in a manner reasonably calculated to ensure the child's safety.

C. *1. Any parent, guardian, or other person who is 18 years of age or older and is responsible for the care of a child under the age of 18 whose willful act or omission causes or enables that child to gain possession of a firearm (i) after having received notice of a preliminary determination pursuant to § 22.1-79.4 that the child poses a threat of violence or physical harm to self or others or (ii) when such parent, guardian, or other person responsible for the care of the child knows or reasonably should know that such child has charges pending for or has been convicted or adjudicated delinquent of a violent juvenile felony as defined in § 16.1-228 is guilty of a Class 5 felony.*

2. No person shall be subject to arrest or prosecution for a violation of this subsection (i) related to clause (i) of subdivision 1 after such person has received notice that the threat assessment team that made such preliminary determination has concluded that the child does not indicate a threat of violence or physical harm to self or others or that any case or review opened or conducted by that threat assessment team as a result of such preliminary determination has been closed or (ii) related to clause (ii) of subdivision 1 after such person has received notice that any pending charge for a violent juvenile felony has been dismissed or a nolle prosequi has been entered.

3. It is an affirmative defense to prosecution for a violation of this subsection if the parent, guardian, or other person responsible for the care of a child caused or enabled such child to gain possession of a firearm while in a dwelling because of a reasonable belief that he or such child was in imminent danger of bodily injury.

D. Any parent, guardian, or other person having care, custody, or control of a minor child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall not, for that reason alone, be considered in violation of this section.

j. Any violation of subdivision E 2 of § 40.1-29.

The earning of sentence credits shall be conditioned, in part, upon full participation in and cooperation with programs to which a person is assigned pursuant to § 53.1-32.1.

B. For any offense other than those enumerated in subsection A for which sentence credits may be earned, earned sentence credits shall be awarded and calculated using the following four-level classification system:

1. Level I. For persons receiving Level I sentence credits, 15 days shall be deducted from the person's sentence for every 30 days served. Level I sentence credits shall be awarded to persons who participate in and cooperate with all programs to which the person is assigned pursuant to § 53.1-32.1 and who have no more than one minor correctional infraction and no serious correctional infractions as established by the Department's policies or procedures.

2. Level II. For persons receiving Level II sentence credits, 7.5 days shall be deducted from the person's sentence for every 30 days served. Level II sentence credits shall be awarded to persons who participate in and cooperate with all programs, job assignments, and educational curriculums to which the person is assigned pursuant to § 53.1-32.1, but who require improvement in not more than one area as established by the Department's policies or procedures.

3. Level III. For persons receiving Level III sentence credits, 3.5 days shall be deducted from the person's sentence for every 30 days served. Level III sentence credits shall be awarded to persons who participate in and cooperate with all programs, job assignments, and educational curriculums to which the person is assigned pursuant to § 53.1-32.1, but who require significant improvement in two or more areas as established by the Department's policies or procedures.

4. Level IV. No sentence credits shall be awarded to persons classified in Level IV. A person will be classified in Level IV if that person willfully fails to participate in or cooperate with all programs, job assignments, and educational curriculums to which the person is assigned pursuant to § 53.1-32.1 or that person causes substantial security or operational problems at the correctional facility as established by the Department's policies or procedures.

C. A person's classification level under subsection B shall be reviewed at least once annually, and the classification level may be adjusted based upon that person's participation in and cooperation with programs, job assignments, and educational curriculums assigned pursuant to § 53.1-32.1. A person's classification and calculation of earned sentence credits shall not be lowered or withheld due to a lack of programming, educational, or employment opportunities at the correctional facility at which the person is confined. Records from this review, including an explanation of the reasons why a person's classification level was or was not adjusted, shall be maintained in the person's correctional file.

D. A person's classification level under subsection B may be immediately reviewed and adjusted following removal from a program, job assignment, or educational curriculum that was assigned pursuant to § 53.1-32.1 for disciplinary or noncompliance reasons.

E. A person may appeal a reclassification determination under subsection C or D in the manner set forth in the grievance procedure established by the Director pursuant to his powers and duties as set forth in § 53.1-10.

F. For a juvenile sentenced to serve a portion of his sentence as a serious juvenile offender under § 16.1-285.1, consideration for earning sentence credits shall be conditioned, in part, upon full participation in and cooperation with programs afforded to the juvenile during that portion of the sentence. The Department of Juvenile Justice shall provide a report that describes the juvenile's adherence to the facility's rules and the juvenile's progress toward treatment goals and objectives while sentenced as a serious juvenile offender under § 16.1-285.1.

G. Notwithstanding any other provision of law, no portion of any sentence credits earned shall be applied to reduce the period of time a person must serve before becoming eligible for parole upon any sentence.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1 of the Acts of Assembly of 2023, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 165

An Act to amend and reenact §§ 60.2-528.1 and 60.2-619 of the Code of Virginia, relating to unemployment compensation; employer failure to respond to requests for information; determinations and decisions by deputy.

[H 14]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 60.2-528.1 and 60.2-619 of the Code of Virginia are amended and reenacted as follows:

§ 60.2-528.1. Charging of benefits relating to certain overpayments; penalty for pattern of failure to respond to requests for information.

A. As used in this section, unless the context requires a different meaning:

"Employer," with regard to the timeliness and adequacy of responses, includes an agent of the employer used by the employer to respond to the Commission on the employer's behalf; however, an employer's agent's failure to respond timely or adequately to requests for information with regard to claims involving the agent's other clients shall not be used in determining whether the employer has established a pattern of failing to respond timely or adequately to written requests for information.

"Erroneous payment" means a payment of benefits under this title made prior to a determination by the Commission that the claimant is not eligible or qualified for the benefits paid.

"Information relating to a claim" means information material to a determination or decision by the Commission relating to the payment of benefits under this title, including separation information and information required by the Commission for the establishment of a claim for compensation and information about wages, days, and hours worked.

"Review period" means the 48 consecutive calendar month period ending on the June 30 that precedes the Commission's next annual calculation of the employer's benefit ratio pursuant to subdivision A 1 a of § 60.2-530.

"Written request" includes a request sent electronically.

B. An employer's account shall not be relieved of charges relating to an erroneous payment if the Commission determines that~~:1. The erroneous payment was made because~~ the employer *has* failed to respond timely or adequately to a written request by the Commission for information relating to the claim~~;~~ and

~~2. The~~ *the* employer has established a pattern of failing to respond timely or adequately to written requests by the Commission for information relating to claims.

C. For purposes of this section, an employer's response to a written request by the Commission for information relating to a claim shall be deemed not to be:

1. "Adequate" if it fails to provide sufficient material facts to enable the Commission to make a correct determination regarding a claim for benefits; however, (i) a response shall not be deemed inadequate if the Commission failed to request the necessary information or if information is provided in a format other than as requested, provided that the information is capable of being read by the recipient, and (ii) there shall be a rebuttable presumption that an employer that participates in a fact-finding interview or responds fully to the questions set out on the written request for information has provided an adequate response; or

2. "Timely" if it is not made within 10 calendar days after the delivery or mailing of the Commission's request for information.

D. An employer shall be deemed to have established a pattern of failing to respond timely or adequately to written requests for information relating to claims if the Commission determines that the employer has failed to respond timely or adequately to a written request for information relating to a claim on ~~four~~ *three* or more occasions within the applicable review period. The Commission shall not find that an employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims unless the Commission has provided the employer with the notices required pursuant to subsection E. *The Commission shall include in any written request for information from an employer notice of (i) the deadline to provide a timely response, (ii) the requirement to provide an adequate response, and (iii) the consequences of such employer's failure to provide such timely and adequate response.*

E. The Commission shall provide the employer with a written notice following ~~the employer's first, second, and third determinations that~~ *each instance in which* the employer ~~failed~~ *fails* to respond timely or adequately to a written request for information relating to a claim ~~within the applicable review period~~. Each such notice shall be *electronically* delivered*, including delivery through the Employer Self-Service Tax System website maintained by the Commission,* or mailed to the ~~employer's last known address of agency record~~ *employer* and shall advise the employer of the ~~potential~~ implications of the employer's failure to respond timely or adequately to written requests for such information. *The Commission shall (i) provide employers who are not registered for a State Information Data Exchange System E-Response or System Integration Account in Virginia with the option to elect delivery of such notices to a designated mailing address and (ii) ensure such notices are delivered to a physical or electronic mailing address customarily used by the employer's designated attorney or authorized representative for unemployment insurance claim matters.*

F. *1.* Upon the Commission's ~~third~~ *second* determination within the applicable review period that an employer failed to respond timely or adequately to a written request for information relating to a claim, the Commission shall assess upon the employer a civil penalty of ~~$75~~ *$100*. A copy of the notice of assessment of a civil penalty shall be delivered or mailed to the employer with the notice of the employer's ~~third~~ *second* such failure as required pursuant to subsection E. Civil penalties collected pursuant to this subsection shall be paid into the Special Unemployment Compensation Administration Fund established pursuant to § 60.2-314. The Commission may compromise, settle, and adjust any such penalty as authorized by § 60.2-521.

2. Upon the Commission's third determination, and for each subsequent determination, within the applicable review period that an employer failed to respond timely or adequately to a written request for information relating to a claim, the employer shall be considered to have waived all rights in connection with the claim, including participation and appeal rights otherwise available pursuant to Article 5 (§ 60.2-619 et seq.) of Chapter 6, unless the employer demonstrates to the Commission that good cause exists for such failure.

G. An employer shall not be found to have failed to respond timely or adequately to a written request by the Commission for information relating to a claim if the Commission finds good cause for such failure. The Commission may not find good cause for an employer's failure to respond timely or adequately to such a written request unless the failure is due to compelling and necessitous circumstances beyond the employer's control. *The Commission shall find good cause for an employer's failure to respond timely or adequately to such a written request if the employer demonstrates that the Commission (i) did not deliver such request to the physical or electronic mailing address specified in writing by the employer for unemployment insurance claim matters or (ii) did not deliver such request to the employer's designated attorney or authorized representative for unemployment insurance claim matters.*

H. If the Commission has determined that an employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims, such determination shall remain in effect until the end of the applicable review period. Any benefit charges for an erroneous payment that the Commission has determined are not to be relieved from the employer's account pursuant to subsection B shall remain chargeable to the employer's account through the period ending on the fourth June 30 following the Commission's determination.

I. ~~The issue of whether an employer's account shall be relieved of charges relating to an erroneous payment, including whether an erroneous payment was made because the employer failed to respond timely or adequately to a written request by the Commission for information relating to the claim, shall be decided in every Commission proceeding arising from an~~

~~employer's appeal of an award of benefits. Any such decision shall be subject to appeal pursuant to § 60.2-620. Final decisions shall be used in determining whether the employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims, whether the employer is subject to a civil penalty pursuant to subsection F, and whether the Commission has given the notices required pursuant to subsection E.~~

~~J.~~ The costs of benefits charged to any governmental entity, Indian tribe, or nonprofit entity that is a reimbursable employing unit under this title shall not include any credits of benefit overpayments actually collected by the Commission if the Commission finds that ~~the overpayment was made because~~ the entity or its agent was at fault for failing to respond timely or adequately to a written request for information relating to a claim and the entity or agent has established a pattern of failing to respond timely or adequately to such requests.

~~K.~~ *J.* If the erroneous payment results from a combined-wage claim, the determination of noncharging for the combined-wage claim shall be made by the paying state. If the response from the employer does not meet the criteria established by the paying state for an adequate or timely response, the paying state shall promptly notify the transferring state of its determination, and the employer shall be appropriately charged.

~~L.~~ *K.* This section applies to erroneous payments established on or after July 7, 2013.

§ 60.2-619. Determinations and decisions by deputy; appeals therefrom.

A. 1. A representative designated by the Commission as a deputy~~,~~ shall promptly examine the claim. *The deputy shall only examine or consider in the claim review process information or evidence from an employer or third party if the deputy (i) has provided the claimant with a reasonable opportunity to review and respond to all potentially disqualifying issues or conflicting or otherwise adverse material facts within such information or evidence, (ii) has documented all material responsive information received from the claimant pursuant to clause (i), and (iii) considers material responsive information in the deputy's evaluation of the claim.* On the basis of the facts found by him, the deputy shall either:

a. Determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof; or

b. Refer such claim or any question involved therein to any appeal tribunal or to the Commission, which tribunal or Commission shall make its determination in accordance with the procedure described in § 60.2-620.

2. When the payment or denial of benefits will be determined by the provisions of subdivision A 2 of § 60.2-612, the deputy shall promptly transmit his full finding of fact with respect to that subdivision to any appeal tribunal, which shall make its determination in accordance with the procedure described in § 60.2-620.

B. Upon the filing of an initial claim for benefits, the Commission shall cause an informatory notice of such filing to be mailed to the most recent 30-day or 240-hour employing unit of the claimant and all subsequent employing units, and any reimbursable employing units which may be liable for reimbursement to the Commission for any benefits paid. However, the failure to furnish such notice shall not have any effect upon the claim for benefits.

C. Notice of determination upon a claim*, the reasoning behind the decision, and a statement of case-specific facts material to the determination* shall be promptly given to the claimant by delivering or by mailing such notice to the claimant's last known address. In addition, notice of any determination which involves the application of the provisions of § 60.2-618, together with the reasons therefor, shall be promptly given in the same manner to the most recent 30-day or 240-hour employing unit by whom the claimant was last employed and any subsequent employing unit which is a party. The Commission may dispense with the giving of notice of any determination to any employing unit, and such employing unit shall not be entitled to such notice if it has failed to respond timely or adequately to a written request of the Commission for information, as required by § 60.2-528.1, from which the deputy may have determined that the claimant may be ineligible or disqualified under any provision of this title. The deputy shall promptly notify the claimant of any decision made by ~~him~~ *the deputy, the reasoning behind the decision, and a statement of case-specific facts material to the determination* at any time which in any manner denies benefits to the claimant for one or more weeks. *As used in this subsection, the reasoning behind the decision means an explanation in plain language of (i) the law or regulation upon which the determination is based; (ii) the application of the law to the material information or evidence obtained from the claimant, employer, or third party; and (iii) the legal conclusion drawn from the application of the law to such information or evidence.*

D. Such determination or decision shall be final unless the claimant or any such employing unit files an appeal from such determination or decision (i) within 30 calendar days after the delivery of such notification, (ii) within 30 calendar days after such notification was mailed to his last known address, or (iii) within 30 days after such notification was mailed to the last known address of an interstate claimant. For good cause shown, the 30-day period may be extended. A claim that the Commission has determined to be invalid because of monetary ineligibility shall first be subject to review only upon a request for redetermination pursuant to § 60.2-629. The Commission shall issue a new monetary determination as a result of such review, and such monetary determination shall become final unless appealed by the claimant within 30 days of the date of mailing. The Commission shall clearly set out the process for requesting a redetermination and the process for filing an appeal on each monetary determination issued. Monetary ineligibility does not include an appeal on the effective date of the claim, unless the claimant has requested and received a redetermination of the monetary determination pursuant to § 60.2-629.

E. Benefits shall be paid promptly in accordance with a determination or redetermination under this chapter, or decision of an appeal tribunal, the Commission, the Board of Review or a reviewing court under §§ 60.2-625 and 60.2-631 upon the issuance of such determination, redetermination or decision, regardless of the pendency of the period to file an appeal or petition for judicial review that is provided in this chapter, or the pendency of any such appeal or review. Such

benefits shall be paid unless or until such determination, redetermination or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision. If a decision of an appeal tribunal allowing benefits is affirmed in any amount by the Commission, benefits shall continue to be paid until such time as a court decision has become final so that no further appeal can be taken. If an appeal is taken from the Commission's decision, benefits paid shall result in a benefit charge to the account of the employer under § 60.2-530 only when, and as of the date on which, as the result of an appeal, the courts finally determine that the Commission should have awarded benefits to the claimant or claimants involved in such appeal.

2. That the provisions of this act shall become effective on July 1, 2025.

3. That the provisions of this act amending § 60.2-528.1 of the Code of Virginia shall apply to erroneous payments established on or after July 1, 2025.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than one year after the occurrence of the crime upon which such claim is based, or not later than one year after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the one-year period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) of this title, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday*, except for in cases involving claims of sexual abuse of a minor where the conduct constitutes a felony, the passage of time shall not be a barrier to when the victim can file a claim*. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses and loss of earnings that the claimant accrues after the date of newly discovered evidence as stipulated in the written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A of this section and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over

to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

[H 220]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 32.1-172.1 and by adding in Article 4 of Chapter 3.1 of Title 62.1 a section numbered 62.1-44.19:3.5 as follows:

§ 32.1-172.1. Attendance by licensed operator.

A. The owner of every waterworks or treatment facility identified as a classified waterworks or treatment facility by the Department shall employ or contract an operator who holds a current waterworks operator license, issued in accordance with Chapter 23 (§ 54.1-2300 et seq.) of Title 54.1, of the appropriate class for the classification of the waterworks or treatment facility, as determined by the Board, or higher class at the owner's option. If the position of the licensed operator of the appropriate class is unexpectedly vacated due to death, extended illness, firing for cause, resignation, or similar cause, the classified waterworks or treatment facility owner shall notify the Department promptly and in accordance with any specific timeframe directed by the Board. The Department shall temporarily waive the licensed operator requirement for the interim, provided the owner (i) informs the Department in writing of its designation of another licensed operator responsible for interim operations within five days of the vacancy, (ii) informs the Department in writing within 10 days of the vacancy arising of its plan to hire a replacement licensed operator of the appropriate class as soon as practicable, (iii) implements the hiring plan diligently, and (iv) provides a monthly report to the Department on the implementation and

progress of such hiring plan. The Department may revoke the temporary waiver if the Department finds that continued operation pursuant to the waiver presents a public health threat due to statutory, regulatory, or permit violations.

B. Where a waterworks or treatment facility identified as a classified waterworks or treatment facility by the Department is equipped with adequate technological capability, the Department shall credit remote monitoring of the facility by a licensed operator of the appropriate class as operator attendance, provided that the owner submits and the Department approves a remote monitoring plan demonstrating that the waterworks or treatment facility possesses sufficient technology for the remote operator to adequately monitor the waterworks or treatment facility and manage onsite operators with a lower license class, mechanics, or other staff to operate the waterworks or treatment facility under the remote operator's direct supervision. In determining whether to approve a remote monitoring plan for multiple waterworks or treatment facilities, the Department may consider the number of waterworks or treatment facilities the remote operator is monitoring simultaneously, whether the multiple facilities being monitored remotely are under common ownership, whether the remote operator is employed by the owner of multiple facilities, and whether occasional in-person attendance is provided, among other factors. The Department may cease crediting remote monitoring if the Department finds that continued operation pursuant to the remote monitoring plan presents a public health threat due to statutory, regulatory, or permit violations. The Department shall not credit remote monitoring by an operator without the appropriate license class who is operating the waterworks or treatment facility pursuant to a temporary waiver issued under subsection A.

C. Reduced operator attendance for Class 1 through Class 6 waterworks may be considered by the Department on a case-by-case basis.

§ 62.1-44.19:3.5. Attendance by licensed operator.

A. Every sewage treatment works owner shall employ or contract an operator who holds a current wastewater operator license, issued in accordance with Chapter 23 (§ 54.1-2300 et seq.) of Title 54.1, of the appropriate class for the type of facility, as determined by the Department, or higher class at the owner's option. If the position of the licensed operator of the appropriate class is unexpectedly vacated due to death, extended illness, firing for cause, resignation, or similar cause, the treatment works owner shall notify the Department promptly and in accordance with any specific timeframe directed by the Department. The Department shall temporarily waive the licensed operator requirement for the interim, provided the owner (i) informs the Department in writing of its designation of another licensed operator or professional engineer responsible for interim operations within five days of the vacancy, (ii) informs the Department in writing within 10 days of the vacancy arising of its plan to hire a replacement licensed operator of the appropriate class as soon as practicable, (iii) implements the hiring plan diligently, and (iv) provides a monthly report to the Department on the implementation and progress of such hiring plan. The Department may revoke the temporary waiver if the Department finds that continued operation pursuant to the waiver presents a public health or water quality threat due to statutory, regulatory, or permit violations.

B. Where the facility is equipped with adequate technological capability, the Department shall credit remote monitoring of the facility by a licensed operator of the appropriate class as operator attendance toward recommended licensed operator attendance hours, provided that the owner submits and the Department approves a remote monitoring plan demonstrating that the facility possesses sufficient technology for the remote operator to adequately monitor the facility and manage onsite operators with a lower license class, mechanics, or other staff to operate the facility under the remote operator's direct supervision. In determining whether to approve a remote monitoring plan for multiple facilities, the Department may consider the number of facilities the remote operator is monitoring simultaneously, whether the multiple facilities being monitored remotely are under common ownership, whether the remote operator is employed by the owner of the multiple facilities, and whether occasional in-person attendance is provided, among other factors. The Department may cease crediting remote monitoring if the Department finds that continued operation pursuant to the remote monitoring plan presents a public health or water quality threat due to statutory, regulatory, or permit violations. The Department shall not credit remote monitoring by an operator without the appropriate license class who is operating the waterworks or treatment facility pursuant to a temporary waiver issued under subsection A.

The blind shall not be located in a marked navigation channel on the site selected. In addition, the blind must be at least 500 yards from any other stationary blind, and the license for that season must be properly affixed to the structure. E. Whenever any law-enforcement officer, salaried or volunteer firefighter, or salaried or volunteer emergency medical services provider is directly exposed to body fluids of a person in a manner that may, according to the then current guidelines of the Centers for Disease Control and Prevention, transmit human immunodeficiency virus or hepatitis B or C viruses, the person whose body fluids were involved in the exposure shall be deemed to have consented to testing for infection with human immunodeficiency virus or hepatitis B or C viruses. A copy of the petition, which shall specify the date and location of the hearing, shall be provided to the person whose specimen is sought. At any hearing before the court, the person whose specimen is sought or his counsel may appear. The court may be advised by the Commissioner or his designee prior to entering any testing order. If the general district court determines that there is probable cause to believe that a person identified by this section has been exposed in the manner prescribed by this section, the court shall issue an order requiring the person whose bodily fluids were involved in the exposure to provide a blood specimen or to submit to testing and to disclose the test results in accordance with this section. If a testing order is issued, both the petitioner and the person from whom the blood specimen is sought shall receive counseling and opportunity for face-to-face disclosure of any test results by a licensed practitioner or trained counselor.

M. Any person who is subject to a testing order may appeal the order of the general district court to the circuit court of the same jurisdiction within 10 days of receiving notice of the order. Any hearing conducted pursuant to this subsection shall be held in camera as soon as practicable. The record shall be sealed. The order of the circuit court shall be final and nonappealable.

N. No specimen obtained pursuant to this section shall be tested for any purpose other than for the purpose provided for in this section, nor shall the specimen or the results of any testing pursuant to this section be used for any purpose in any criminal matter or investigation. The Commission may make and from time to time adopt rules and regulations for its own procedure and government, amend and repeal bylaws, not inconsistent with this Amended Act, governing the manner in which the Commission's business may be transacted and in which the power granted to it may be enjoyed. The Commission may appoint such committees as it may deem advisable and fix the duties and responsibilities of such committees.

c. Notwithstanding any other provision of law, no interest or right in the real property conveyed, in any form, to the Commission by a participating political subdivision, shall be conveyed, pledged, or otherwise transferred by the Commission for the purpose of obtaining or securing any indebtedness, nor shall any such property be encumbered by the Commission unless and until such subdivision has approved the nature of, terms of, and amount of such conveyance, pledge, transfer, or encumbrance, by resolution of the governing body of said subdivision;

The grant of regulatory authority to the Commission by this Amended Act, including regulations that displace, eliminate, or limit competition by or among persons or entities, is based on the policy of the Commonwealth to provide for the safe, adequate, economical, and efficient provision of air transportation and related facilities and services to the public.

§ 8. Name of airport.

The name of the airport operated by the Commission shall be Lonesome Pine Airport.

§ 9. Rules and regulations.

The violation of any rule or regulation of the Commission relating to motor vehicle traffic shall be tried and punished in the same manner as if it had been committed on the public roads of the participating political subdivision in which such violation occurred. All other violations of the rules and regulations having the force of law shall be punishable as misdemeanors.

All ordinances, rules, and regulations duly adopted for the regulation, administration, and operation of Lonesome Pine Airport in force at the effective date of this Amended Act shall remain in full force insofar as they or any part thereof are not inconsistent with the provisions of this Amended Act until amended or repealed in accordance with this Amended Act.

All moneys of the Commission shall be deposited as soon as practicable in a separate account or accounts in one or more banks or trust companies organized under the laws of the Commonwealth or national banking associations having their principal offices in the Commonwealth. Such deposits shall be continuously secured in accordance with the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq. of the Code of Virginia).

Funds of the Commission not needed for immediate use or disbursement may be invested in securities that are considered lawful investments for fiduciaries.

§ 13. Fees, rents, and charges.

The Commission is hereby authorized to and shall fix, revise, charge, and collect fees, rents, and other charges for the use and services of any facilities. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating political subdivision.

§ 14. Taxation.

The exercise of the powers granted by this Amended Act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their health, safety, welfare, convenience, and prosperity, and as the operation and maintenance of any project that the Commission is authorized to undertake will constitute the performance of an essential governmental function, the Commission shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this Amended Act. Under the provisions of this Amended Act, any profit made on the sale or transfer thereof shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof.

Persons, firms, partnerships, associations, corporations, and organizations leasing property of the Commission or doing business on property of the Commission shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted, including, but not limited to, any leasehold tax on real property and taxes on tangible personal property and machinery and tools, taxes for admission, taxes on hotel and motel rooms, taxes on the sale of tobacco products, taxes on the sale of meals and beverages, privilege taxes and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation, or calling, and taxes upon consumers of gas, electricity, telephone, and other public utility services.

§ 15. Appropriation by political subdivision.

Any participating political subdivision is authorized to provide services, to donate real or personal property, and to make appropriations to the Commission for the acquisition, construction, maintenance, and operation of the Commission's facilities. Any such political subdivision is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act (§ 15.2-2600 et seq. of the Code of Virginia) or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Commission, and such political subdivisions may enter into contracts obligating such bond proceeds to the Commission. The Commission may agree to assume, or reimburse a participating political subdivision for, any indebtedness incurred by such participating political subdivision with respect to facilities conveyed by it to the Commission. With the consent of the governing body of the participating political subdivision, any such agreement may be made subordinate to the Commission's indebtedness to others.

§ 16. Commission budget.

1. The Commission shall annually prepare and submit to the participating political subdivisions (i) a proposed operating budget showing its estimated general fund revenues and expenses on an accrual basis for the forthcoming fiscal year, and if such estimated expenses exceed such estimated revenues, the portion of the deficit proposed to be borne by each participating political subdivision, and (ii) a proposed capital budget showing its estimated expenditures for such fiscal year for assets costing more than $20,000, or such higher amount as the Commission and the participating political subdivisions may determine, and having an estimated useful life of 20 years or more and the source of funds for such expenditures, including any amount requested from the participating political subdivisions. No depreciation shall be included in the Commission's operating budget with respect to assets purchased by the Commission with funds appropriated to it for such purpose by a participating political subdivision and, for this determination, it shall be assumed that any appropriation so made is for the purchase of assets set forth in the applicable Commission budget to the extent such purchase price is included in the approved budget. Assets purchased by the Commission with bond proceeds shall be depreciated over the term of the bond issue in proportion to the maturities, including sinking fund installments, of the bond issue.

2. If the governing body of a participating political subdivision agrees with the Commission's proposed operating budget, it shall appropriate to the Commission such political subdivision's portion of such budget, subject to the availability of funds in regard to the budget of the political subdivision.

3. If the governing body of a participating political subdivision agrees with the Commission's proposed capital budget, it shall appropriate to the Commission such participating political subdivision's portion of the expenditures set forth therein. Any such appropriation may be reduced by the participating political subdivision's proportionate share of any grant funds received by the Commission for the purchase of assets included in the Commission's approved capital budget in excess of the grant funds shown in such capital budget as a source of funds for such expenditure, unless prohibited by the basic provider of the grant funds.

4. The Commission may expend any and all moneys within its control without obtaining the approval of the participating political subdivisions, except as otherwise provided in this Amended Act with respect to contracts and agreements between the Commission and any political subdivision, the Commission shall not commit any participating political subdivision in an amount in excess of that appropriated to the Commission by the governing body of such political subdivision.

5. If at any time during any fiscal year it shall appear that the cash disbursements of the Commission will exceed its cash receipts for such fiscal year, including amounts appropriated to it by the participating political subdivisions, the Commission may request supplemental appropriations from the participating political subdivisions and any other political subdivision.

§ 17. Allocation of deficit.

Any deficit budgeted by the Commission in any fiscal year, i.e., any excess of its estimated general fund expenses over its estimated general fund revenues, and the cost of any budgeted capital expenditures in excess of the amount shown as available therefor, as shown on the Commission's operating and capital budgets, agreed to by the participating political subdivisions, shall be allocated among the participating political subdivisions as agreed upon by the participating political subdivisions and subject to the availability of funds in regard to the budgets of the political subdivisions.

§ 18. Dissolution of Commission.

Whenever it shall appear to the Commission that the need for the Commission no longer exists, the Commission may petition the court of competent jurisdiction for the dissolution of the Commission. If the court shall determine that the need for the Commission as set forth in this Amended Act no longer exists and that all debts and pecuniary obligations of the Commission have been fully paid or provided for, it may enter an order dissolving the Commission.

Upon dissolution, the court, while considering the requirements of § 5.1-2.6 of the Code of Virginia, shall order any real property contributed to the Commission by a participating political subdivision, together with any improvements thereon, returned to such participating political subdivision. The remaining assets of the Commission shall be distributed to the participating political subdivisions in proportion to their respective contributions theretofore made to the Commission. Each participating political subdivision and all holders of the Commission's bonds shall be made parties to any such proceeding and shall be given notice as provided by law. Any party defendant may reply to such petition at any time within six months after the filing of the petition.

§ 19. Liberal construction.

Neither this Amended Act, nor anything herein contained, is or shall be construed as a restriction or limitation upon any powers that the Commission might otherwise have under any laws of the Commonwealth, and this Amended Act is cumulative to any such powers. This Amended Act does and shall be construed to provide a complete, additional, and alternative method for the accomplishment of actions and undertakings authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws.

The provisions of this Amended Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this Amended Act.

§ 20. Application of local ordinances, service charges, and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Commission's property from any applicable zoning, subdivision, erosion and sediment control, and fire prevention codes or from building regulations of a political subdivision in which such property is located.

Nor shall anything herein contained exempt the property of the Commission from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the Constitution of Virginia, or exempt any lessee of any of the Commission's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom.

§ 21. Existing contracts, leases, franchises, not impaired.

No provisions of this Amended Act shall relieve, impair, or affect any right, duty, liability, or obligation arising out of any contract, concession, lease, or franchise now in existence except to the extent that such contract, concession, lease, or franchise may permit. Notwithstanding the foregoing provisions of this section, the Commission may renegotiate, renew, extend the term of, or otherwise modify at any time any contract, concession, lease, or franchise now in existence in such manner and on such terms and conditions as it may deem appropriate, provided that the operator of or under any said contract, concession, lease, or franchise consents to said renegotiation, renewal, extension, or modification.

2. A cancellation or discontinuance of coverage when the health benefit plan covers active employees and, if applicable, dependents and those covered under continuation coverage provisions, if the employee pays no premiums for coverage after termination of employment and the cancellation or discontinuance of coverage is effective retroactively back to the date of termination of employment due to a delay in administrative recordkeeping.

§ 54.1-2807.01. When next of kin disagree.

A. In the absence of a designation under § 54.1-2825, when there is a disagreement among a decedent's next of kin concerning the arrangements for his funeral or the disposition of his remains, any of the next of kin may petition the circuit court where the decedent resided at the time of his death to determine which of the next of kin shall have the authority to make arrangements for the decedent's funeral or the disposition of his remains. The court may require notice to and the convening of such of the next of kin as it deems proper.

B. In determining the matter before it, the court shall consider the expressed wishes, if any, of the decedent, the legal and factual relationship between or among the disputing next of kin and between each of the disputing next of kin and the decedent, and any other factor the court considers relevant to determine who should be authorized to make the arrangements for the decedent's funeral or the disposition of his remains.

C. When there is a disagreement among a decedent's next of kin concerning the arrangements for his funeral or the disposition of his remains, at least one of the next of kin shall, within 48 hours of the funeral service establishment receiving

the decedent's remains, notify such funeral service establishment of the dispute, at which time the funeral service establishment shall immediately stop making arrangements for the decedent's funeral or for the disposition of the decedent's remains until such time as an agreement is reached by the disputing next of kin or a court of appropriate jurisdiction has ruled on any petition filed by such disputing next of kin.

D. If there is a dispute regarding the identity of any persons who have the right to make arrangements and otherwise be responsible for the decedent's funeral and the disposition of such decedent's remains, a funeral service establishment shall not be liable for refusing to dispose of the decedent's remains or complete the arrangements for the final disposition of such remains until the funeral service establishment receives a court order or written agreement signed by the disputing next of kin that establishes the final disposition of the decedent's remains. If the funeral service establishment retains the decedent's remains for final disposition while any such dispute is pending, the funeral service establishment may embalm or refrigerate and shelter the decedent's body for preservation purposes until the dispute is resolved. Any person or persons adjudged or agreed to have the right to make arrangements and otherwise be responsible for the decedent's funeral and the disposition of the decedent's remains shall be responsible for any costs incurred by the funeral service establishment pursuant to this subsection.

A. A funeral service licensee may require that a person claiming next of kin status, in accordance with the definition of next of kin in § 54.1-2800, execute a document affirming that such person is the next of kin. Upon execution of this form, the funeral service licensee is exempt from any liability for allowing such person to proceed with funeral planning for the decedent.

B. A funeral service licensee may, as a part of affirming that such person is next of kin under this section, rely on the decedent's will that names such person as the individual the decedent wishes to serve as next of kin for making funeral and burial arrangements, regardless of whether the will has been probated.

29. Shall require each hospital, nursing home, and certified nursing facility to establish and implement policies to ensure the permissible access to and use of an intelligent personal assistant provided by a patient, in accordance with such regulations, while receiving inpatient services. Such policies shall ensure protection of health information in accordance with the requirements of the federal Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d et seq., as amended. For the purposes of this subdivision, "intelligent personal assistant" means a combination of an electronic device and a specialized software application designed to assist users with basic tasks using a combination of natural language processing and artificial intelligence, including such combinations known as "digital assistants" or "virtual assistants";

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot that is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each recipient who received treatment from a known contaminated lot at the individual's last known address.

E. Hospitals in the Commonwealth may enter into agreements with the Department of Health for the provision to uninsured patients of naloxone or other opioid antagonists used for overdose reversal.

[H 870]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.19:3 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.19:3. Prohibition on land application, marketing and distribution of sewage sludge without permit; ordinances; notice requirement; fees.

A. 1. No owner of a sewage treatment works shall land apply, market or distribute sewage sludge from such treatment works except in compliance with a valid Virginia Pollutant Discharge Elimination System Permit or valid Virginia Pollution Abatement Permit.

2. Sewage sludge shall be treated to meet standards for land application as required by Board regulation prior to delivery at the land application site. No person shall alter the composition of sewage sludge at a site approved for land application of sewage sludge under a Virginia Pollution Abatement Permit or a Virginia Pollutant Discharge Elimination System. Any person who engages in the alteration of such sewage sludge shall be subject to the penalties provided in Article 6 (§ 62.1-44.31 et seq.) of this chapter. The addition of lime or deodorants to sewage sludge that has been treated to meet land application standards shall not constitute alteration of the composition of sewage sludge. The Department may authorize public institutions of higher education to conduct scientific research on the composition of sewage sludge that may be applied to land.

3. No person shall contract or propose to contract, with the owner of a sewage treatment works, to land apply, market or distribute sewage sludge in the Commonwealth, nor shall any person land apply, market or distribute sewage sludge in the Commonwealth without a current Virginia Pollution Abatement Permit authorizing land application, marketing or distribution of sewage sludge and specifying the location or locations, and the terms and conditions of such land application, marketing or distribution. The permit application shall not be complete unless it includes the landowner's written consent to apply sewage sludge on his property.

4. The land disposal of lime-stabilized septage and unstabilized septage is prohibited.

5. Beginning July 1, 2007, no application for a permit or variance to authorize the storage of sewage sludge shall be complete unless it contains certification from the governing body of the locality in which the sewage sludge is to be stored that the storage site is consistent with all applicable ordinances. The governing body shall confirm or deny consistency within 30 days of receiving a request for certification. If the governing body does not so respond, the site shall be deemed consistent.

B. The Board, with the assistance of the Department of Conservation and Recreation and the Department of Health, shall adopt regulations to ensure that (i) sewage sludge permitted for land application, marketing, or distribution is properly treated or stabilized; (ii) land application, marketing, and distribution of sewage sludge is performed in a manner that will protect public health and the environment; and (iii) the escape, flow or discharge of sewage sludge into state waters, in a manner that would cause pollution of state waters, as those terms are defined in § 62.1-44.3, shall be prevented.

C. Regulations adopted by the Board, with the assistance of the Department of Conservation and Recreation and the Department of Health pursuant to subsection B, shall include:

1. Requirements and procedures for the issuance and amendment of permits, including general permits, authorizing the land application, marketing or distribution of sewage sludge;

2. Procedures for amending land application permits to include additional application sites and sewage sludge types;

3. Standards for treatment or stabilization of sewage sludge prior to land application, marketing or distribution;

4. Requirements for determining the suitability of land application sites and facilities used in land application, marketing or distribution of sewage sludge;

5. Required procedures for land application, marketing, and distribution of sewage sludge;

6. Requirements for sampling, analysis, recordkeeping, and reporting in connection with land application, marketing, and distribution of sewage sludge;

7. Provisions for notification of local governing bodies to ensure compliance with §§ 62.1-44.15:3 and 62.1-44.19:3.4;

8. Requirements for site-specific nutrient management plans, which shall be developed by persons certified in accordance with § 10.1-104.2 prior to land application for all sites where sewage sludge is land applied, and approved by the Department of Conservation and Recreation prior to permit issuance under specific conditions, including but not limited to, sites operated by an owner or lessee of a Confined Animal Feeding Operation, as defined in subsection A of § 62.1-44.17:1, or Confined Poultry Feeding Operation, as defined in § 62.1-44.17:1.1, sites where the permit authorizes land application more frequently than once every three years at greater than 50 percent of the annual agronomic rate, and other sites based on site-specific conditions that increase the risk that land application may adversely impact state waters;

9. Procedures for the prompt investigation and disposition of complaints concerning land application of sewage sludge, including the requirements that (i) holders of permits issued under this section shall report all complaints received by them to the Department and to the local governing body of the jurisdiction in which the complaint originates, and (ii) localities receiving complaints concerning land application of sewage sludge shall notify the Department and the permit holder. The Department shall maintain a searchable electronic database of complaints received during the current and preceding calendar year, which shall include information detailing each complaint and how it was resolved; ~~and~~

10. Procedures for receiving and responding to public comments on applications for permits and for permit amendments authorizing land application at additional sites. Such procedures shall provide that an application for any permit amendments to increase the acreage authorized by the initial permit by 50 percent or more shall be treated as a new application for purposes of public notice and public hearings*; and*

11. Procedures for addressing administrative, staging, signage, and additional on-site and alternative storage site requirements when routine and on-site storage facility capacity and holding times are anticipated to be exceeded for the purpose of protecting against the release of sewage sludge into state waters, and to account for increased intensity, frequency, and duration of storm events.

D. Prior to issuance of a permit authorizing the land application, marketing or distribution of sewage sludge, the Department shall consult with, and give full consideration to the written recommendations of the Department of Health and the Department of Conservation and Recreation. Such consultation shall include any public health risks or water quality impacts associated with the permitted activity. The Department of Health and the Department of Conservation and Recreation may submit written comments on proposed permits within 30 days after notification by the Department.

E. Where, because of site-specific conditions, including soil type, identified during the permit application review process, the Department determines that special requirements are necessary to protect the environment or the health, safety or welfare of persons residing in the vicinity of a proposed land application site, the Department may incorporate in the permit at the time it is issued reasonable special conditions regarding buffering, transportation routes, slope, material source, methods of handling and application, and time of day restrictions exceeding those required by the regulations adopted under this section. Before incorporating any such conditions into the permit, the Department shall provide written notice to the permit applicant, specifying the reasons therefor and identifying the site-specific conditions justifying the additional requirements. The Department shall incorporate into the notice any written requests or recommendations concerning such site-specific conditions submitted by the local governing body where the land application is to take place. The permit applicant shall have at least 14 days in which to review and respond to the proposed conditions.

F. The Board shall adopt regulations prescribing a fee to be charged to all permit holders and persons applying for permits and permit modifications pursuant to this section. All fees collected pursuant to this subsection shall be deposited into the Sludge Management Fund. The fee for the initial issuance of a permit shall be $5,000. The fee for the reissuance, amendment, or modification of a permit for an existing site shall not exceed $1,000 and shall be charged only for permit actions initiated by the permit holder. Fees collected under this section shall be exempt from statewide indirect costs charged and collected by the Department of Accounts and shall not supplant or reduce the general fund appropriation to the Department.

G. There is hereby established in the treasury a special fund to be known as the Sludge Management Fund, hereinafter referred to as the Fund. The fees required by this section and by subsection E of § 62.1-44.16 shall be transmitted to the Comptroller to be deposited into the Fund. The income and principal of the Fund shall be used only and exclusively (i) for the Department's direct and indirect costs associated with the processing of an application to issue, reissue, amend, or modify any permit to land apply, distribute, or market sewage sludge or industrial wastes, the administration and management of the Department's sewage sludge and industrial wastes land application programs, including monitoring and inspecting, and the Department of Conservation and Recreation's costs for implementation of the sewage sludge application program and (ii) to reimburse localities with duly adopted ordinances providing for the testing and monitoring of the land application of sewage sludge or solid or semisolid industrial wastes. The State Treasurer shall be the custodian of the moneys deposited in the Fund. No part of the Fund, either principal or interest earned thereon, shall revert to the general fund of the state treasury.

H. All persons holding or applying for a permit authorizing the land application of sewage sludge shall provide to the Board written evidence of financial responsibility, which shall be available to pay claims for cleanup costs, personal injury, and property damages resulting from the transportation, storage or land application of sewage sludge. The Board shall, by regulation, establish and prescribe mechanisms for meeting the financial responsibility requirements of this section.

I. Any county, city or town may adopt an ordinance that provides for the testing and monitoring of the land application of sewage sludge within its political boundaries to ensure compliance with applicable laws and regulations.

J. The Department, upon the timely request of any individual to test the sewage sludge at a specific site, shall collect samples of the sewage sludge at the site prior to the land application and submit such samples to a laboratory. The testing shall include an analysis of the (i) concentration of trace elements, (ii) coliform count, and (iii) pH level. The results of the laboratory analysis shall be (a) furnished to the individual requesting that the test be conducted and (b) reviewed by the Department. The person requesting the test and analysis of the sewage sludge shall pay the costs of sampling, testing, and analysis.

K. At least 100 days prior to commencing land application of sewage sludge at a permitted site, the permit holder shall deliver or cause to be delivered written notification to the chief executive officer or his designee for the local government where the site is located. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site. This requirement may be satisfied by providing a list of all available permitted sites in the locality at least 100 days prior to commencing the application at any site on the list. This requirement shall not apply to any application commenced prior to October 10, 2005. If the site is located in more than one county, the notice shall be provided to all jurisdictions where the site is located.

L. The permit holder shall deliver or cause to be delivered written notification to the Department at least 14 days prior to commencing land application of sewage sludge at a permitted site. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site.

M. The Department shall randomly conduct unannounced site inspections while land application of sewage sludge is in progress at a sufficient frequency to determine compliance with the requirements of this section, § 62.1-44.19:3.1, or regulations adopted under those sections.

N. Surface incorporation into the soil of sewage sludge applied to cropland may be required when practicable and compatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service.

O. The Board shall develop regulations specifying and providing for extended buffers to be employed for application of sewage sludge (i) to hay, pasture, and forestlands; or (ii) to croplands where surface incorporation is not practicable or is incompatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service. Such extended buffers may be included by the Department as site specific permit conditions pursuant to subsection E, as an alternative to surface incorporation when necessary to protect odor sensitive receptors as determined by the Department or the local monitor.

P. The Board shall adopt regulations requiring the payment of a fee for the land application of sewage sludge, pursuant to permits issued under this section. The person land applying sewage sludge shall (i) provide advance notice of the estimated fee to the generator of the sewage sludge unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department as provided for by regulation. The fee shall be imposed on each dry ton of sewage sludge that is land applied in the Commonwealth. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department;

2. Deposit of the fees into the Fund; and

3. Disbursement of proceeds by the Department pursuant to subsection G.

Q. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of sewage sludge. The program shall include, at a minimum, instruction in: (i) the provisions of the Virginia Biosolids Use Regulations; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of sewage sludge that is land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of sewage sludge performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to this section; and

2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

R. Localities, as part of their zoning ordinances, may designate or reasonably restrict the storage of sewage sludge based on criteria directly related to the public health, safety, and welfare of its citizens and the environment. Notwithstanding any contrary provision of law, a locality may by ordinance require that a special exception or a special use permit be obtained to begin the storage of sewage sludge on any property in its jurisdiction, including any area that is zoned as an agricultural district or classification. Such ordinances shall not restrict the storage of sewage sludge on a farm as long as such sludge is being stored (i) solely for land application on that farm and (ii) for a period no longer than 45 days. No

person shall apply to the State Health Commissioner or the Department of Environmental Quality for a permit, a variance, or a permit modification authorizing such storage without first complying with all requirements adopted pursuant to this subsection.

2. That the State Water Control Board shall update the Virginia Pollution Abatement (VPA) Permit Regulation (9VAC25-32) in accordance with this act.

3. That prior to the State Water Control Board (the Board) adopting regulations as required by this act, the Department of Environmental Quality (the Department) shall form a regulatory advisory panel consisting of representatives from the Virginia Biosolids Council, Virginia Association of Municipal Wastewater Agencies, Chesapeake Bay Foundation, James River Association, and any other relevant organization that the Department deems necessary for the purpose of assisting the Board in developing the regulations as required by this act.

§ 19.2-310.4. Procedures for conducting DNA analysis of blood, saliva or tissue sample.

Whether or not the results of an analysis are to be included in the data bank, the Department shall conduct the DNA analysis in accordance with procedures adopted by the Department to determine identification characteristics specific to the individual whose sample is being analyzed. The Director or his designated representative shall complete and maintain on file a form indicating the name of the person whose sample is to be analyzed, the date and by whom the blood, saliva or tissue sample was received and examined, and a statement that the seal on the tube or envelope containing the sample had not been broken or otherwise tampered with. The remainder of a blood, saliva or tissue sample submitted for analysis and inclusion in the data bank pursuant to § 19.2-310.2 or 19.2-310.2:1 may be divided, labeled as provided for the original sample, and securely stored by the Department in accordance with specific procedures adopted by regulation of the Department to ensure the integrity and confidentiality of the samples. All or part of the remainder of that sample may be used only (i) to create a statistical ~~data base~~ *database* provided no identifying information on the individual whose sample is being analyzed is included or (ii) for retesting by the Department to validate or update the original analysis.

A report of the results of a DNA analysis conducted by the Department as authorized~~, including the profile and identifying information,~~ shall be made and maintained at the Department. D. The Department may charge a reasonable fee to search and provide a comparative analysis of DNA profiles in the data bank to any authorized law-enforcement agency outside of the Commonwealth.

CHAPTER 211

An Act to require the Department of Medical Assistance Services to amend the financial eligibility standards for certain waivers providing services to individuals with developmental disabilities.

[H 908]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Department of Medical Assistance Services (the Department) shall amend the financial eligibility standards for individuals receiving services under the Family and Individual Support Waiver, Community Living Waiver, and Building Independence Waiver (the DD Waivers). When determining financial eligibility for the DD Waivers, the Department shall disregard any Social Security Disability Insurance (SSDI) income above the maximum monthly Supplemental Security Income as determined by the Social Security Administration. Such SSDI income shall not be disregarded for purposes of determining an individual's patient pay obligation.*

The analysis shall determine the costs and the number of individuals who would benefit from amending the financial eligibility standards. The Department shall provide a report of its findings to the Chairmen of the Senate Committees on Education and Health and Finance and Appropriations and the House Committees on Health and Human Services and Appropriations no later than November 1, 2024.

3. That the provisions of this act shall expire on July 1, 2026.

A. 1. For taxable years beginning on or after January 1, 2021, but before January 1, ~~2026~~ *2030*, any individual engaged in agricultural production for market who has in place a soil conservation plan approved by the local soil and water conservation district and is implementing a nutrient management plan developed by a certified nutrient management planner in accordance with § 10.1-104.2 by the required tax return filing date of the individual shall be allowed a refundable credit against the tax imposed by § 58.1-320 of an amount equaling 25 percent of all expenditures made by such individual for the purchase of equipment certified by the Virginia Soil and Water Conservation Board as reducing soil compaction such as a "no-till" planter, drill, or other equipment or equipment that provides more precise pesticide and fertilizer application or injection. For purposes of this section, equipment that reduces soil compaction includes equipment utilizing guidance systems to control traffic patterns that are designed to minimize the disturbance of soil in planting crops, including such planters, drills, or other equipment that may be attached to equipment already owned by the taxpayer.

2. Virginia Polytechnic Institute and State University and Virginia State University shall provide at the request of the Virginia Soil and Water Conservation Board technical assistance in determining appropriate specifications for certified

equipment which would provide for more precise pesticide and fertilizer application to reduce the potential for adverse environmental impacts. The equipment shall be divided into the following categories:

b. Pneumatic fertilizer applicators;

c. Monitors, computer regulators, and height-adjustable booms for sprayers and liquid fertilizer applicators;

d. Manure applicators;

Tax credits shall be refunded within 90 days after the filing date of the income tax return on which the individual applies for the refund.

For purposes of this subsection, the amount of any credit attributable to the purchase of equipment certified by the Virginia Soil and Water Conservation Board as reducing soil compaction or providing more precise pesticide and fertilizer application or injection by a partnership or electing small business corporation (S corporation) shall be allocated to the individual partners or shareholders in proportion to their ownership or interest in the partnership or S corporation.

B. 1. For taxable years beginning before January 1, 2021, any individual engaged in agricultural production for market who has in place a nutrient management plan approved by the local soil and water conservation district by the required tax return filing date of the individual shall be allowed a credit against the tax imposed by § 58.1-320 of an amount equaling 25 percent of all expenditures made by such individual for the purchase of equipment certified by the Virginia Soil and Water Conservation Board as providing more precise pesticide and fertilizer application. Virginia Polytechnic Institute and State University and Virginia State University shall provide at the request of the Virginia Soil and Water Conservation Board technical assistance in determining appropriate specifications for certified equipment which would provide for more precise pesticide and fertilizer application to reduce the potential for adverse environmental impacts. The equipment shall be divided into the following categories:

a. Sprayers for pesticides and liquid fertilizers;

b. Pneumatic fertilizer applicators;

c. Monitors, computer regulators, and height-adjustable booms for sprayers and liquid fertilizer applicators;

d. Manure applicators;

e. Tramline adapters; and

f. Starter fertilizer banding attachments for planters.

2. The amount of such credit under subdivision 1 shall not exceed $3,750 or the total amount of the tax imposed by this chapter, whichever is less, in the year of purchase. 3. For purposes of this subsection, the amount of any credit attributable to the purchase of equipment certified by the Virginia Soil and Water Conservation Board as providing more precise pesticide and fertilizer application by a partnership or electing small business corporation (S corporation) shall be allocated to the individual partners or shareholders in proportion to their ownership or interest in the partnership or S corporation.

§ 58.1-339.3. Agricultural best management practices tax credit.

A. 1. As used in this section, "agricultural best management practice" means a practice approved by the Virginia Soil and Water Conservation Board that will provide a significant improvement to water quality in the state's streams and rivers and the Chesapeake Bay and is consistent with other state and federal programs that address agricultural, nonpoint source pollution management. A detailed list of the standards and criteria for agricultural best management practices eligible for credit shall be found in the most recently approved "Virginia Agricultural BMP Manual" published annually prior to July 1 by the Department of Conservation and Recreation.

2. For all taxable years beginning on and after January 1, 1998, but before January 1, ~~2025~~ *2030*, any individual who is engaged in agricultural production for market, or has equines that create needs for agricultural best management practices to reduce nonpoint source pollutants, and has in place a soil conservation plan approved by the local Soil And Water Conservation District (SWCD), shall be allowed a refundable credit against the tax imposed by § 58.1-320 in an amount equaling 25 percent of the first $100,000 expended for agricultural best management practices by the individual.

For all taxable years beginning on and after January 1, 2021, but before January 1, ~~2025~~ *2030*, any individual who is engaged in agricultural production for market, or who has equines that create needs for agricultural best management practices to reduce nonpoint source pollutants, and has in place a resource management plan approved by the local SWCD shall be allowed a refundable credit against the tax imposed by § 58.1-320 in an amount equaling 50 percent of the first $100,000 expended for agricultural best management practices implemented by the individual on the acreage included in the resource management plan.

B. 1. Any eligible practice approved by the local Soil and Water Conservation District Board shall be completed within the taxable year in which the credit is claimed. After the practice installation has been completed, the local SWCD Board shall certify the practice as approved and completed, and eligible for credit. The applicant shall forward the certification to

the Department of Taxation on forms provided by the Department. The credit shall be allowed only for expenditures made by the taxpayer from funds of his own sources.

2. To the extent that a taxpayer participates in the Virginia Agricultural Best Management Practices Cost-Share Program, the taxpayer may claim the credit under subdivision A 2 for any remaining liability after such cost-share, but may not claim the credit under subdivision A 3 for any such remaining liability, subject to the other provisions of this section. For purposes of this subdivision, "liability after such cost-share" means the limitation of the tax credits to the total costs incurred by the taxpayer for agricultural best management practices reduced by any funding received by participation in the Virginia Agricultural Best Management Practices Cost-Share Program.

C. 1. The aggregate amount of such credit claimed under subdivisions A 2 and 3 shall not exceed $75,000 or the total amount of the tax imposed by this chapter, whichever is less, in the year the project was completed, as certified by the Board. Tax credits shall be refunded by the Tax Commissioner on behalf of the Commonwealth for 100 percent of face value. Tax credits shall be refunded within 90 days after the filing date of the income tax return on which the individual applies for the refund.

D. E. A pass-through tax entity, such as a partnership, limited liability company or electing small business corporation (S corporation), may appoint a tax matters representative, who shall be a general partner, member-manager or shareholder, and register that representative with the Tax Commissioner. The Tax Commissioner shall be entitled to deal with the tax matters representative as representative of the taxpayers to whom credits have been allocated by the entity under this article with respect to those credits. In the event a pass-through tax entity allocates tax credits arising under this article to its partners, members or shareholders and the allocated credits shall be disallowed, in whole or in part, such that an assessment of additional tax against a taxpayer shall be made, the Tax Commissioner shall first make written demand for payment of any additional tax, together with interest and penalties, from the tax matters representative. In the event such payment demand is not satisfied, the Tax Commissioner shall proceed to collection against the taxpayers in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.).

§ 58.1-436. Tax credit for purchase of conservation tillage and precision agricultural application equipment.

A. 1. For purposes of this section, equipment that reduces soil compaction includes equipment utilizing guidance systems to control traffic patterns that are designed to minimize the disturbance of soil in planting crops, including such planters, drills, or other equipment that may be attached to equipment already owned by the taxpayer.

2. Virginia Polytechnic Institute and State University and Virginia State University shall provide at the request of the Virginia Soil and Water Conservation Board technical assistance in determining appropriate specifications for certified equipment which would provide for more precise pesticide and fertilizer application to reduce the potential for adverse environmental impacts. The equipment shall be divided into the following categories:

a. Sprayers for pesticides and liquid fertilizers;

b. Pneumatic fertilizer applicators;

c. Monitors, computer regulators, and height-adjustable booms for sprayers and liquid fertilizer applicators;

d. Manure applicators;

e. Tramline adapters; and

f. Starter fertilizer banding attachments for planters.

3. The amount of such credit under this subsection shall not exceed $17,500 in the year of purchase. If the amount of the credit exceeds the taxpayer's liability for such taxable year, the excess shall be refunded by the Tax Commissioner. Tax credits shall be refunded by the Tax Commissioner on behalf of the Commonwealth for 100 percent of face value. Tax credits shall be refunded within 90 days after the filing date of the income tax return on which the taxpayer applies for the refund.

Virginia Polytechnic Institute and State University and Virginia State University shall provide at the request of the Virginia Soil and Water Conservation Board technical assistance in determining appropriate specifications for certified equipment which would provide for more precise pesticide and fertilizer application to reduce the potential for adverse environmental impacts. The equipment shall be divided into the following categories:

2. The amount of such credit under subdivision 1 shall not exceed $3,750 or the total amount of the tax imposed by this chapter, whichever is less, in the year of purchase. If the amount of such credit exceeds the taxpayer's tax liability for such taxable year, the amount which exceeds the tax liability may be carried over for credit against the income taxes of such corporation in the next five taxable years until the total amount of the tax credit has been taken. Credits granted to a partnership or electing small business corporation (S corporation) shall be passed through to the partners or shareholders, respectively.

3. For purposes of this subsection, the amount of any credit attributable to the purchase of equipment certified by the Virginia Soil and Water Conservation Board as providing more precise pesticide and fertilizer application by a partnership or S corporation shall be allocated to the individual partners or shareholders in proportion to their ownership or interest in the partnership or S corporation.

Any such trust shall be subject to court approval and the court may provide for the termination of such trust at any time following attainment of majority which the court deems to be in the best interest of the minor. In an order authorizing the trust or additions to an existing trust, the court may order that the trustee thereof be subject to the same duty to qualify in the clerk's office and to file an inventory and annual accountings with the commissioner of accounts as would apply to a testamentary trustee.

[H 1210]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 30-343 of the Code of Virginia is amended and reenacted as follows:

§ 30-343. Standing committees to request Commission assessment.

A. Whenever a legislative measure containing a mandated health insurance benefit or provider is proposed that is not identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the then-current session of the General Assembly, the Chair of the House Committee on Labor and Commerce or Senate Committee on Commerce and Labor having jurisdiction over the proposal shall (i) request that the Commission assess the proposal and (ii) send a copy of such request to the Bureau of Insurance of the State Corporation Commission (the Bureau). The Commission shall be given a period of 24 months to complete and submit its assessment *on each such request*. A report summarizing the Commission's assessment shall be forwarded to the Chairman of the standing committee that requested the assessment. For the purposes of this section, "mandated health insurance benefit or provider" has the same meaning as "state-mandated health benefit" provided in § 38.2-3406.1.

B. Upon receipt of a copy of such a request, the Bureau shall prepare an analysis of the extent to which the proposed mandate is currently available under qualified health plans in the Commonwealth and advise the Commission as to whether the applicable agency has determined or would likely determine, in accordance with applicable federal rules, that the proposed mandate exceeds the scope of the essential health benefits. The Bureau's analysis shall be advisory only and not binding upon the Commission, the Bureau, the State Corporation Commission, or any other parties. As used in this section, "applicable agency" means the governmental agency that in accordance with applicable federal rules is responsible for identifying state-mandated benefits that are in addition to the essential health benefits. If the applicable federal rules require an agency of the Commonwealth to identify the state-mandated benefits that are in addition to the essential health benefits but do not identify a specific agency that is responsible for making such identification, the Bureau shall be the applicable agency. Following the Bureau's analysis, the Commission shall determine if the proposed mandate shall be (i) considered as part of an essential health benefits benchmark plan review in accordance with the provisions of § 30-343.1, (ii) assessed jointly by the Bureau and the Joint Legislative Audit and Review Commission in accordance with subsection C, or (iii) considered in another manner by the Commission.

C. Upon request of the Commission, the Bureau and the Joint Legislative Audit and Review Commission shall jointly assess the social and financial impact and the medical efficacy of the proposed mandate, which assessment shall include an estimate of the effects of enactment of the proposed mandate on the costs of health coverage in the Commonwealth, including any estimated additional costs that the Commonwealth may be responsible for pursuant to § 1311(d)(3)(B) of the Patient Protection and Affordable Care Act should the proposed mandate ultimately be determined by the applicable agency to be a benefit that exceeds the scope of the essential health benefits. Upon completion of the assessment by the Bureau and the Joint Legislative Audit and Review Commission, the Commission may make a recommendation regarding its support of or opposition to the enactment of the proposed mandate. The Commission's recommendation may address whether the proposed mandate should be provided under health care plans offered through a health benefit exchange or outside a health benefit exchange.

The Commission shall be given a period of 24 months to complete and submit its assessment *on each such request*. A report summarizing the Commission's study shall be forwarded to the Governor and the General Assembly.

D. Whenever a legislative measure containing a mandated health insurance benefit or provider is identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the then-current session of the General Assembly, the standing committee may request the Commission to study the measure as provided in subsection A.

[H 1362]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-844 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-844. Passing stopped school buses; prima facie evidence; penalty.

A. The driver of a motor vehicle approaching from any direction a clearly marked school bus that is stopped on any highway, private road, or school driveway for the purpose of taking on or discharging children, elderly individuals, or individuals with mental or physical disabilities, who, in violation of § 46.2-859, fails to stop and remain stopped until all such individuals are clear of the highway, private road, or school driveway and the bus is put in motion is subject to a civil penalty of $250, and any prosecution shall be instituted and conducted in the same manner as prosecutions for traffic infractions.

A prosecution or proceeding under § 46.2-859 is a bar to a prosecution or proceeding under this section for the same act, and a prosecution or proceeding under this section is a bar to a prosecution or proceeding under § 46.2-859 for the same act.

In any prosecution for which a summons charging a violation of this section was issued within 30 business days of the alleged violation, proof that the motor vehicle described in the summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, as required by Chapter 6 (§ 46.2-600 et seq.) shall give rise to a rebuttable presumption that the registered owner of the vehicle was the person who operated the vehicle at the place where, and for the time during which, the violation occurred. Such presumption shall be rebutted if (i) the owner of the vehicle files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation, (ii) the owner testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation, or (iii) a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section is presented prior to the return date established on the summons issued pursuant to this section to the court adjudicating the alleged violation. Nothing herein shall limit the admission of otherwise admissible evidence.

The testimony of the school bus driver, the supervisor of school buses, or a law-enforcement officer that the vehicle was yellow, conspicuously marked as a school bus, and equipped with warning devices as prescribed in § 46.2-1090 is prima facie evidence that the vehicle is a school bus.

Recorded images from a video-monitoring system that show the bus was stopped with at least one warning device prescribed in § 46.2-1090 activated shall be considered prima facie evidence that the bus was stopped for the purpose of taking on or discharging children, elderly individuals, or individuals with mental or physical disabilities.

B. 1. For purposes of this section, "video-monitoring system" means a system with one or more camera sensors and computers installed and operated on a school bus that produces live digital and recorded video of motor vehicles being operated in violation of § 46.2-859. All such systems installed shall, at a minimum, produce a recorded image of the license plate and shall record the activation status of at least one warning device as prescribed in § 46.2-1090 and the time, date, and location of the vehicle when the image is recorded.

2. A locality may, by ordinance, authorize the school division of the locality to install and operate a video-monitoring system in or on the school buses operated by the division or to contract with a private vendor to do so on behalf of the school division for the purpose of recording violations of subsection A. Such ordinance may direct that any civil penalty levied for a violation of subsection A shall be payable to the local school division. In any locality that has adopted such an ordinance, a summons for a violation of subsection A may be executed as provided in § 19.2-76.2 and, notwithstanding the provisions of § 19.2-76, the summons may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle contained in the records of the Department. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection A and (ii) instructions for filing such an affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a video-monitoring system in connection with the violation.

3. Any private vendor contracting with a school division pursuant to this subsection may impose and collect an administrative fee in addition to the civil penalty imposed for a violation of subsection A and payable pursuant to this subsection, so as to recover the expenses of collecting any unpaid civil penalty when such penalty remains due more than 30 days after the date of the mailing of the summons and notice. The administrative fee shall be reasonably related to the actual cost of collecting the civil penalty and shall not exceed $100 per violation. The operator of the vehicle shall pay the unpaid civil penalty and any administrative fee detailed in a notice or citation issued by the private vendor. If paid no later than 60 days after the date of the mailing of the summons and notice, the administrative fee shall not exceed $25. *No contract entered into pursuant to this subsection shall require a minimum quota of violations captured or citations issued in order for the video-monitoring system to be deployed.*

4. Any private vendor contracting with a school division pursuant to this subsection may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 30 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that improperly pass stopped school buses. Information provided to such private vendor shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used only for enforcement against individuals who violate the provisions of this section. The school division shall annually certify compliance with this subdivision and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any person who discloses personal information in violation of the provisions of this subdivision shall be subject to a civil penalty of $1,000 per disclosure. Any unauthorized use or disclosure of such personal information shall be grounds for termination of the agreement between the Department of Motor Vehicles and the private vendor.

The court shall on or before August 1 enter of record an order requiring the county election officials to open the polls at the regular election to be held in November of such year on the question stated in such order. If the petition seeks the holding of a special election on the question, then the petition hereinabove referred to shall be signed by 1,000 or more qualified voters of the county and the court shall within fifteen days of the date such petition is filed enter an order, in accordance with § 24.2-684, requiring the election officials to open the polls on a date fixed in the order and take the sense of the qualified voters of the county. As used in this section the term "department" refers to the department of real estate assessments and where proper the department head thereof.

Upon the establishment of the department, the county manager shall select the head thereof and provide for such employees and assistants as required. If there is a willful failure to furnish statements of income and expenses in a timely manner to the director, the owner of such parcel of real estate shall be deemed to have waived his right in any proceeding contesting the assessment to utilize such income and expenses as evidence of fair market value. Each such statement shall be certified as to its accuracy by an owner of the real estate for which the statement is furnished, or a duly authorized agent thereof. Any statement required by this section shall be kept confidential as required by § 58.1-3.

§ 15.2-749. Certain referenda in certain counties.

If on or before July 15 of any year in which such referendum is provided for by law a petition signed by 200 or more qualified voters of the county is filed with the circuit court of the county asking that a referendum be held on any question upon which a referendum is provided for by any applicable statute, then such court shall on or before August 1 of such year issue and enter of record an order requiring the county election officials to open the polls at the regular election to be held in November of such year on the question stated in such statute. If the statute providing for such referendum shall authorize or require the referendum to be held at a special election, then the petition hereinabove referred to shall be signed by 1,000 or more voters of the county and the court shall within fifteen days of the date such petition is filed enter an order requiring the

The judicial proceedings herein shall be held in accordance with the requirements, statutory or arising at common law, relative to effecting the sale of real estate by a creditor's bill in equity to subject real estate to the lien of a judgment creditor.

Partial payment shall not be sufficient to redeem the property and shall not operate to suspend the receivership.

E. In lieu of appointment of a receiver, the circuit court shall permit repair by a property owner or a person with an interest in the property secured by a deed of trust properly recorded upon the following conditions:

1. Demonstration of the ability to complete the repair within a reasonable amount of time to be determined by the court; and

3. In the event the locality, through its own agents or employees removes, repairs or secures any wharf, pier, piling, bulkhead or other structure or vessel after complying with the notice provisions of this section, the cost or expenses thereof shall be chargeable to and paid by the owners of such property and to the extent applicable may be collected by the locality as taxes are collected;

Eligible properties shall be eligible to participate in the C-PACE loan program.

"Program administrator" means a third party that is contracted for professional services to administer a C-PACE loan program.

"Resiliency improvement" means an improvement that increases the capacity of a structure or infrastructure to withstand or recover from natural disasters, the effects of climate change, and attacks and accidents, including, but not limited to:

B. Any locality may, by ordinance, authorize contracts to provide C-PACE loans (loans) for the initial acquisition, installation, and refinancing of eligible improvements located on eligible properties by free and willing property owners of such eligible properties. The ordinance may refer to the mode of financing as Commercial Property Assessed Clean Energy (C-PACE) financing and shall include but not be limited to the following:

1. The kinds of eligible improvements that qualify for loans;

2. The proposed arrangement for such C-PACE loan program (loan program), including (i) a statement concerning the source of funding for the C-PACE loan; (ii) the time period during which contracting property owners would repay the C-PACE loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the C-PACE loan among the parties to the C-PACE transaction;

3. (i) A minimum dollar amount that may be financed with respect to an eligible property; (ii) if a locality or other public body is originating the loans, a maximum aggregate dollar amount that may be financed with respect to loans originated by the locality or other public body, and (iii) provisions that the loan program may approve a loan application submitted within two years of the locality's issuance of a certificate of occupancy or other evidence that eligible improvements comply substantially with the plans and specifications previously approved by the locality and that such loan may refinance or reimburse the property owner for the total costs of such eligible improvements;

4. In the case of a loan program described in clause (ii) of subdivision 3, a method for setting requests from owners of eligible properties for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from owners of eligible properties who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. A locality may contract with a program administrator to administer such loan program;

6. Identification of any fee that the locality intends to impose on the property owner requesting to participate in the loan program to offset the cost of administering the loan program. The fee may be assessed as a program fee paid by the property owner requesting to participate in the program; and

7. A draft contract specifying the terms and conditions proposed by the locality.

C. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance. The locality may, either by ordinance or its program guide, delegate the billing; collection, including enforcement; and remittance of C-PACE loan payments to a third party.

D. The locality shall offer private lending institutions the opportunity to participate in local C-PACE loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality shall place a voluntary special assessment lien equal in value to the loan against any property where such eligible improvements are being installed. The locality may bundle or package said loans for transfer to private lenders in such a manner that would allow the voluntary special assessment liens to remain in full force to secure the loans. The placement of a voluntary special assessment lien shall not require a new assessment on the value of the real property that is being improved under the loan program.

F. A voluntary special assessment lien imposed on real property under this section:

1. Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefited property is not in dispute is submitted to the locality prior to recording of the special assessment lien;

2. Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;

3. May be enforced by the local government in the same manner that a property tax lien against real property is enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and

4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

G. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be published ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality.

H. The Department of Energy shall serve as a statewide sponsor for a loan program that meets the requirements of this section. The Department of Energy shall engage a private program administrator through a competitive selection process to develop the statewide loan program. A locality, in its adoption or amendment of its C-PACE ordinance described in subsection B, may opt into the statewide C-PACE loan program sponsored by the Department of Energy, and such action shall not require the locality to undertake any competitive procurement process.

§ 15.2-958.6. Financing the repair of failed septic systems.

A. Any locality may, by ordinance, authorize contracts with property owners to provide loans for the repair of septic systems. Such an ordinance shall state:

1. The kinds of septic system repairs for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) the interest rate and time period during which contracting property owners shall repay the loan; (ii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality; and (iii) the possibility that the locality may partner with a planning district commission (PDC) to coordinate and provide financing for the repairs, including the locality's obligation to reimburse the PDC as the loan is repaid;

3. A minimum and maximum aggregate dollar amount that may be financed;

4. A method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality; and

6. A draft contract specifying the terms and conditions proposed by the locality or by a PDC acting on behalf of the locality.

B. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. In cases in which local property records fail to identify all of the individuals having an ownership interest in a property containing a failing septic system, the locality may set a minimum total ownership interest that it will require a property owner or owners to prove before it will allow the owner or owners to participate in the program.

D. The locality or PDC acting on behalf of the locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality is authorized to place a lien equal in value to the loan against any property where such septic system repair is being undertaken. Such liens shall be subordinate to all liens on the property as of the date loans authorized pursuant to this section are made, except that with the prior written consent of the holders of all liens on the property as of the date loans authorized pursuant to this section are made, the liens securing loans authorized pursuant to this section shall be liens on the property ranking on a parity with liens for unpaid local taxes. The locality may bundle or package such loans for transfer to private lenders in such a manner that would allow the liens to remain in full force to secure the loans.

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be published ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality.

§ 15.2-1201. County boards of supervisors vested with powers and authority of councils of cities and towns; exceptions.

The boards of supervisors of counties are hereby vested with the same powers and authority as the councils of cities and towns by virtue of the Constitution of the Commonwealth of Virginia or the acts of the General Assembly passed in pursuance thereof. However, with the exception of ordinances expressly authorized under Chapter 13 of Title 46.2, no ordinance shall be enacted under authority of this section regulating the equipment, operation, lighting or speed of motor-propelled vehicles operated on the public highways of a county unless it is uniform with the general laws of the Commonwealth regulating such equipment, operation, lighting or speed and with the regulations of the Commonwealth Transportation Board adopted pursuant to such laws. Nothing in this section shall be construed to give the boards of supervisors any power to control or exercise supervision over signs, signals, marking or traffic lights on any roads constructed and maintained by the Commonwealth Transportation Board. No powers or authority conferred upon the boards of supervisors of counties solely by this section shall be exercised within the corporate limits of any incorporated town except by agreement with the town council.

In the County of Fairfax an ordinance may be adopted by the board of supervisors under this section after ~~a descriptive~~ notice of intention to propose the same for passage has been published ~~once a week for two successive weeks in a newspaper having a general circulation in the county~~ *in accordance with § 15.2-1427*. After the enactment of such ordinance by the board of supervisors, no publication of the ordinance shall be required and such ordinance shall become effective upon adoption or upon a date fixed by the board of supervisors.

§ 15.2-1301. Voluntary economic growth-sharing agreements.

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). All such agreements, including those that address any issue provided for in Chapter 32, 33, 36, 38, 39, or 41, shall require, at least annually, a report from each locality that is a recipient of funds pursuant to the agreement to each of the other governing bodies of the participating localities that includes (i) the amount of money transferred among the localities pursuant to the agreement and (ii) the uses of such funds by the localities. The parties to any such agreement that has been in effect for at least 10 years as of July 1, 2018, and pursuant to which annual payments exceed $5 million, shall (a) comply with the reporting requirements of this subsection, notwithstanding whether such requirements are contained in the existing agreement and (b) convene an annual meeting to discuss anticipated future plans for economic growth in the localities.

B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing, which shall be advertised ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality. However, the public hearing shall not take place until the Commission on Local Government has issued its findings in accordance with subsection D. For purposes of this section, "revenue, tax base, and economic growth-sharing agreements" means any agreement authorized by subsection A which obligates any locality to pay another locality all or any portion of designated taxes or other revenues received by that political subdivision, but shall not include any interlocal service agreement.

C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, § 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base, and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903. However, no such review shall be required for two or more localities entering into an economic growth-sharing agreement pursuant to this section in order to facilitate the reception of grants for qualified companies in such locality pursuant to the Port of Virginia Economic and Infrastructure Development Grant Fund and Program established pursuant to § 62.1-132.3:2.

§ 15.2-1427. Adoption of ordinances and resolutions generally; amending or repealing ordinances.

A. Unless otherwise specifically provided for by the Constitution or by other general or special law, an ordinance may be adopted by majority vote of those present and voting at any lawful meeting.

B. On final vote on any ordinance or resolution, the name of each member of the governing body voting and how he voted shall be recorded; however, votes on all ordinances and resolutions adopted prior to February 27, 1998, in which an unanimous vote of the governing body was recorded, shall be deemed to have been validly recorded. The governing body

may adopt an ordinance or resolution by a recorded voice vote unless otherwise provided by law, or any member calls for a roll call vote. An ordinance shall become effective upon adoption or upon a date fixed by the governing body.

C. All ordinances or resolutions heretofore adopted by a governing body shall be deemed to have been validly adopted, unless some provision of the Constitution of Virginia or the Constitution of the United States has been violated in such adoption.

D. An ordinance may be amended or repealed in the same manner, or by the same procedure, in which, or by which, ordinances are adopted.

E. An amendment or repeal of an ordinance shall be in the form of an ordinance which shall become effective upon adoption or upon a date fixed by the governing body, but, if no effective date is specified, then such ordinance shall become effective upon adoption.

F. In counties, except as otherwise authorized by law, no ordinance shall be passed until after ~~descriptive~~ notice of an intention to propose the ordinance for passage ~~has been published once a week for two successive weeks~~ *has been advertised by reference twice*, with the first notice ~~appearing~~ *being published* no more than ~~14~~ *28* days ~~prior to the intended passage of the ordinance~~ *before and the second notice appearing no less than seven days before the date of the meeting referenced in the notice*, in a newspaper having a general circulation in the county. ~~The second publication shall not be sooner than one calendar week after the first publication.~~ The publication shall include a statement ~~either that the publication contains the full text of the ordinance or~~ that a copy of the full text of the ordinance is on file in the clerk's office of the circuit court of the county or in the office of the county administrator; or in the case of any county organized under the form of government set out in Chapter 5, 7 or 8 of this title, a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the county board. ~~Even if the publication contains the full text of the ordinance, a complete copy shall be available for public inspection in the offices named herein.~~

B. The governing body of any county shall petition the court, by resolution, asking that a referendum be held on the question, "Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county to open the polls and take the sense of the voters on the question as herein provided.

The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county ~~once a week for three consecutive weeks prior to the election~~ *three times*, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the election. The notice shall contain the ballot question and a statement of not more than 500 words on the proposed question. The explanation shall be presented in plain English, shall be limited to a neutral explanation, and shall not present arguments by either proponents or opponents of the proposal. The attorney for the county or city or, if there is no county or city attorney, the attorney for the Commonwealth shall prepare the explanation. "Plain English" means written in nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession.

C. The county may expend public funds to produce and distribute neutral information concerning the referendum; provided, however, public funds may not be used to promote a particular position on the question, either in the notice called for in subsection B, or in any other distribution of information to the public.

D. The regular election officers of the county shall open the polls on the date specified in such order and conduct the election in the manner provided by law. The election shall be by ballot which shall be prepared by the electoral board of the county and on which shall be printed the following:

[ ] Yes

[ ] No"

The ballots shall be counted, returns made and canvassed as in other elections, and the results certified by the electoral board to the court ordering the election. If a majority of the voters voting in the election vote "Yes," the court shall enter an order proclaiming the results of the election and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed to establish a police force following the enactment of authorizing legislation by the General Assembly.

E. After a referendum has been conducted pursuant to this section, no subsequent referendum shall be conducted pursuant to this section in the same county for a period of four years from the date of the prior referendum.

§ 15.2-1703. Referendum to abolish county police force.

The police force in any county which established the force subsequent to July 1, 1983, may be abolished and its responsibilities assumed by the sheriff's office after a referendum held pursuant to this section.

Either (i) the voters of the county by petition signed by not less than ten percent of the registered voters therein on the January 1 preceding the filing of the petition or (ii) the governing body of the county, by resolution, may petition the circuit court for the county that a referendum be held on the question, "Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county at the next general election held in the county to open the polls and take the sense of the voters on the question as herein provided. The election shall be held and the results certified as provided in § 24.2-684. If a majority of the voters voting in the election vote in favor of the question, the court shall enter an order proclaiming the results of the election, and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed with the necessary action to abolish the police force and transfer its responsibilities to the sheriff's office, to become effective on July 1 following the referendum.

Once a referendum has been held pursuant to this section, no further referendum shall be held pursuant to this section within four years thereafter.

§ 15.2-1719. Disposal of unclaimed property in possession of sheriff or police.

Any locality may provide by ordinance for (i) the public sale in accordance with the provisions of this section or (ii) the retention for use by the law-enforcement agency, of any unclaimed personal property which has been in the possession of its law-enforcement agencies and unclaimed for a period of more than 60 days, after payment of a reasonable storage fee to the sheriff or other agency storing such property. No storage fee shall be charged or accounted for if such property has been stored by and is to be retained by the sheriff's office or other law-enforcement agency. As used herein, "unclaimed personal property" shall be any personal property belonging to another which has been acquired by a law-enforcement officer pursuant to his duties, which is not needed in any criminal prosecution, which has not been claimed by its rightful owner and which the State Treasurer has indicated will be declined if remitted under the Virginia Disposition of Unclaimed Property Act (§ 55.1-2500 et seq.). Unclaimed bicycles and mopeds may also be disposed of in accordance with § 15.2-1720. Unclaimed firearms may also be disposed of in accordance with § 15.2-1721.

Prior to the sale or retention for use by the law-enforcement agency of any unclaimed item, the chief of police, sheriff or their duly authorized agents shall make reasonable attempts to notify the rightful owner of the property, obtain from the attorney for the Commonwealth in writing a statement advising that the item is not needed in any criminal prosecution, and cause to be published *twice* in a newspaper of general circulation in the locality ~~once a week for two successive weeks,~~ notice that there will be a public display and sale of unclaimed personal property. *The first notice shall appear no more than 28 days before and the second notice shall appear no less than seven days before the public display and sale of the unclaimed personal property.* Such property, including property selected for retention by the law-enforcement agency, shall be described generally in the notice, together with the date, time and place of the sale and shall be made available for public viewing at the sale. The chief of police, sheriff or their duly authorized agents shall pay from the proceeds of sale the costs of advertisement, removal, storage, investigation as to ownership and liens, and notice of sale. The balance of the funds shall be held by such officer for the owner and paid to the owner upon satisfactory proof of ownership. Any unclaimed item retained for use by the law-enforcement agency shall become the property of the locality served by the agency and shall be retained only if, in the opinion of the chief law-enforcement officer, there is a legitimate use for the property by the agency and that retention of the item is a more economical alternative than purchase of a similar or equivalent item.

If no claim has been made by the owner for the property or proceeds of such sale within 60 days of the sale, the remaining funds shall be deposited in the general fund of the locality and the retained property may be placed into use by the law-enforcement agency. Any such owner shall be entitled to apply to the locality within three years from the date of the sale and, if timely application is made therefor and satisfactory proof of ownership of the funds or property is made, the locality shall pay the remaining proceeds of the sale or return the property to the owner without interest or other charges or compensation. No claim shall be made nor any suit, action or proceeding be instituted for the recovery of such funds or property after three years from the date of the sale.

§ 15.2-2006. Alteration and vacation of public rights-of-way; appeal from decision.

At the conclusion of the hearing and on application of any person, the governing body may appoint three to five people to view

such public right-of-way and report in writing any inconvenience that would result from discontinuing the right-of-way. The governing body may allow the viewers up to fifty dollars each for their services. The sum allowed shall be paid by the person making the application to alter or vacate the public right-of-way. From such report and other evidence, if any, and after the land owners affected thereby, along the public right-of-way proposed to be altered or vacated, have been notified, the governing body may discontinue the public right-of-way. When an applicant requests a vacation to accommodate expansion or development of an existing or proposed business, the governing body may condition the vacation upon commencement of the expansion or development within a specified period of time. Failing to commence within such time may render the vacation, at the option of the governing body, void. A certified copy of the ordinance of vacation shall be recorded as deeds are recorded and indexed in the name of the locality. A conditional vacation shall not be recorded until the condition has been met.

Any appeal shall be filed within sixty days of adoption of the ordinance with the circuit court for the locality in which the public right-of-way is located.

The cost of the required advertisement shall be paid by the city or town which shall be reimbursed by the person to whom the grant is made. The city or town shall have the right to reject any and all bids and shall reserve this right in the advertisement.

§ 15.2-2105. How amendments made to franchise, etc.; notice required.

No amendment or extension of any franchise, right, lease or privilege that now exists, or that may hereafter be authorized, which extends or enlarges the time or territory of such franchise, right, lease or privilege, shall be granted by any city or town until the provisions of §§ 15.2-2101 through 15.2-2104 have been complied with. No amendment that releases the grantee, or his assignee, from the performance of any duty required by the ordinance or that authorizes an increase in the user charges to be made by such grantee or assignee shall be granted until notice of such proposed amendment has given to the public by advertising the proposed amendment for ~~ten~~ *seven* days in some newspaper having general circulation in the city or town. The purpose of such public hearings shall be to allow the feasibility consultant to present the results of the feasibility study, and to inform the public about the feasibility study results and offer the public the opportunity to ask questions of the feasibility consultant about the results of the feasibility study.

B. Except as provided in subsection C, the municipality shall publish notice of the public hearings required under subsection A ~~at least once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation in the municipality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the *first public* hearing. ~~The last publication of notice required under this subsection shall be at least three days before the first public hearing required under subsection A.~~

A. This section shall govern the procedures by which a locality may grant ordinance cable franchises.

B. An ordinance cable franchise, which shall have a term of 15 years, may be requested by (i) a certificated provider of telecommunications services with previous consent to use the public rights-of-way in a locality through a franchise; (ii) a certificated provider of telecommunications services that lacked previous consent to provide cable service in a locality but provided telecommunications services over facilities leased from an entity having previous consent to use of the public rights-of-way in such locality through a franchise; or (iii) a cable operator with previous consent to use the public rights-of-way to provide cable service in a locality through a franchise and who seeks to renew its existing cable franchise pursuant to § 15.2-2108.30 as an ordinance cable franchise. A cable operator with previous consent to use the public

rights-of-way to provide cable service in a locality through a franchise may opt into the new terms of an ordinance cable franchise under § 15.2-2108.26.

C. In order to obtain an ordinance cable franchise, an applicant shall first file with the chief administrative officer of the locality from which it seeks to receive such ordinance cable franchise a request to negotiate the terms and conditions of a negotiated cable franchise under § 15.2-2108.20. An applicant shall request and make itself available to participate in cable franchise negotiations with the locality from which it seeks to receive a negotiated cable franchise at least 45 calendar days prior to filing a notice electing an ordinance cable franchise; this prerequisite shall not be applicable if a locality refuses to engage in negotiations at the request of an applicant or if the applicant already holds a negotiated cable franchise from the locality. Thereafter, an applicant, through its president or chief executive officer, shall file notice with the locality that it elects to receive an ordinance cable franchise at least 30 days prior to offering cable in such locality. The notice shall be accompanied by a map or a boundary description showing (i) the initial service area in which the cable operator intends to provide cable service in the locality within the three-year period required for an initial service area and (ii) the area in the locality in which the cable operator has its telephone facilities. The map or boundary description of the initial service areas may be amended by the cable operator by filing with the locality a new map or boundary description of the initial service area.

D. The cable operator shall assure that access to cable services is not denied to any group of potential residential cable subscribers because of the income of the residents of the local area in which such group resides. The local franchising authority shall have the right to monitor and inspect the deployment of cable services and the cable operator shall submit semiannual progress reports detailing the current provision of cable services in accordance with the deployment schedule and its new service area plans for the next six months. The failure to correct or remedy any material deficiencies shall be subject to the same remedies as contained in the cable television franchise of the existing cable operator as that franchise existed at the time of the grant of the ordinance franchise.

E. The locality from which the applicant seeks to receive an ordinance cable franchise shall adopt any ordinance requiring adoption under this article within 120 days of the applicant filing the notice required in subsection C. Any ordinance adopted under this section that relates to a cable operator's provision of cable service shall apply to such cable operator retroactively to the date on which the cable operator began to offer cable service in the locality pursuant to this article.

F. Notice of any ordinance that requires a public hearing shall be advertised ~~once a week for two successive weeks in a newspaper having general circulation in the locality. The advertisement shall include a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the locality~~ *as provided in § 15.2-1427*. All costs of such advertising shall be assessed against the operator or applicant.

G. If the governing body of any town adopts an ordinance pursuant to the provisions of this article, such town shall not be subject to any ordinance adopted by the county within which such town lies.

§ 15.2-2114. Regulation of stormwater.

A. Any locality, by ordinance, may establish a utility or enact a system of service charges to support a local stormwater management program consistent with Article 2.3 (§ 62.1-44.15:24 et seq.) of Chapter 3.1 of Title 62.1 or any other state or federal regulation governing stormwater management. Income derived from a utility or system of charges shall be dedicated special revenue, may not exceed the actual costs incurred by a locality operating under the provisions of this section, and may be used only to pay or recover costs for the following:

1. The acquisition, as permitted by § 15.2-1800, of real and personal property, and interest therein, necessary to construct, operate and maintain stormwater control facilities;

2. The cost of administration of such programs;

3. Planning, design, engineering, construction, and debt retirement for new facilities and enlargement or improvement of existing facilities, including the enlargement or improvement of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;

4. Facility operation and maintenance, including the maintenance of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;

5. Monitoring of stormwater control devices and ambient water quality monitoring;

6. Contracts related to stormwater management, including contracts for the financing, construction, operation, or maintenance of stormwater management facilities, regardless of whether such facilities are located on public or private property and, in the case of private property locations, whether the contract is entered into pursuant to a stormwater management private property program under subsection J or otherwise; and

7. Other activities consistent with the state or federal regulations or permits governing stormwater management, including, but not limited to, public education, watershed planning, inspection and enforcement activities, and pollution prevention planning and implementation.

B. The charges may be assessed to property owners or occupants, including condominium unit owners or tenants (when the tenant is the party to whom the water and sewer service is billed), and shall be based upon an analysis that demonstrates the rational relationship between the amount charged and the services provided. Prior to adopting such a system, a public hearing shall be held after giving notice as required by charter or ~~by publishing a descriptive notice once a week for two successive weeks prior to adoption in a newspaper with a general circulation in the locality. The second publication shall not be sooner than one calendar week after the first publication~~ *as provided in § 15.2-1427*. However, prior

to adoption of any ordinance pursuant to this section related to the enlargement, improvement, or maintenance of privately owned dams, a locality shall comply with the notice provisions of § 15.2-1427 and hold a public hearing.

C. A locality adopting such a system shall provide for full waivers of charges to the following:

1. A federal, state, or local government, or public entity, that holds a permit to discharge stormwater from a municipal separate storm sewer system, except that the waiver of charges shall apply only to property covered by any such permit; and

2. Public roads and street rights-of-way that are owned and maintained by state or local agencies, including property rights-of-way acquired through the acquisitions process.

D. A locality adopting such a system shall provide for full or partial waivers of charges to any person who installs, operates, and maintains a stormwater management facility that achieves a permanent reduction in stormwater flow or pollutant loadings or other such other facility, system, or practice whereby stormwater runoff produced by the property is retained and treated on site in accordance with a stormwater management plan approved pursuant to Chapter 3.1 (§ 62.1-44.2 et seq.) of Title 62.1. The locality shall base the amount of the waiver in part on the percentage reduction in stormwater flow or pollutant loadings, or both, from pre-installation to post-installation of the facility. No locality shall provide a waiver to any person who does not obtain a stormwater permit from the Department of Environmental Quality when such permit is required by statute or regulation.

E. A locality adopting such a system may provide for full or partial waivers of charges to cemeteries, property owned or operated by the locality administering the program, and public or private entities that implement or participate in strategies, techniques, or programs that reduce stormwater flow or pollutant loadings, or decrease the cost of maintaining or operating the public stormwater management system.

F. Any locality may issue general obligation bonds or revenue bonds in order to finance the cost of infrastructure and equipment for a stormwater control program. Infrastructure and equipment shall include structural and natural stormwater control systems of all types, including, without limitation, retention basins, sewers, conduits, pipelines, pumping and ventilating stations, and other plants, structures, and real and personal property used for support of the system. The procedure for the issuance of any such general obligation bonds or revenue bonds pursuant to this section shall be in conformity with the procedure for issuance of such bonds as set forth in the Public Finance Act (§ 15.2-2600 et seq.).

G. In the event charges are not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by law, determined by the locality until such time as the overdue payment and interest are paid. Charges and interest may be recovered by the locality by action at law or suit in equity and shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes. The locality may combine the billings for stormwater charges with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which payments will be applied to the different charges. No locality shall combine its billings with those of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.) of Title 15.2, unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

H. Any two or more localities may enter into cooperative agreements concerning the management of stormwater.

I. For purposes of implementing waivers pursuant to subdivision C 1, for property where two adjoining localities subject to a revenue sharing agreement each hold municipal separate storm sewer permits, the waiver shall also apply to the property of each locality and of its school board that is accounted for in that locality's municipal separate storm sewer program plan, regardless of whether such property is located within the adjoining locality.

J. Any locality that establishes a system of charges pursuant to this section may establish a public-private partnership program, to be known as a stormwater management private property program, in order to promote cost-effectiveness in reducing excessive stormwater flow or pollutant loadings or in making other stormwater improvements authorized pursuant to this section. A locality that opts to establish a stormwater management private property program pursuant to this subsection shall:

1. Promote awareness of the location, quantity, and timing of reductions or other improvements that it determines appropriate under this program;

2. Seek the voluntary participation of property owners;

3. Accept the participation of property owners on both an individual and a group basis by which multiple owners may collaborate on improvements and allocate among the multiple owners any payments made by the locality;

4. Enter into contracts at its discretion to secure improvements on terms and conditions that the locality deems appropriate, including by making payments to property owners in excess of the value of any applicable waivers pursuant to subsections D and E; and

5. Require appropriate operation and maintenance of the contracted improvements.

K. Any locality that establishes a stormwater management private property program pursuant to subsection J may procure reductions and improvements in accordance with the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.) or other means, as appropriate. Subsection J shall not be interpreted to limit the authority of a locality to secure reductions of excessive stormwater flow or pollutant loadings or other stormwater improvements by other means.

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall identify the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published ~~once a week for two successive weeks~~ *twice* in some newspaper published or having general circulation in the locality, with the first notice appearing no more than ~~14~~ *28* days before ~~the intended adoption~~ *and the second notice appearing no less than seven days before the date of the meeting referenced in the notice*; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. ~~As used in this subsection, "two successive weeks" means that such notice shall be published at least twice in such newspaper, with not less than six days elapsing between the first and second publication.~~ In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. For more than 100 parcels of land, the advertisement may instead include a description of the boundaries of the area subject to the changes and a link to a map of the subject area. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2270. Vacation of interests granted to a locality as a condition of site plan approval.

Any interest in streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility granted to a locality as a condition of the approval of a site plan may be vacated according to either of the following methods:

1. By a duly executed and acknowledged written instrument of the owner of the land which has been or is to be developed in accordance with the site plan, declaring the interest or interests to be vacated, provided the governing body or authorized agent of the locality where the land lies consents to the vacation. The instrument shall be recorded in the same clerk's office wherein is recorded the written instrument describing the interest in real property to be vacated. The execution and recordation of the instrument shall operate to divest all public rights in, and to reinvest the owner with the title to the interests which formerly were held by the governing body; or

2. By ordinance of the governing body in the locality in which the property which is the subject of an approved site plan lies, provided that no interest shall be vacated in an area in which facilities, for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245, have been constructed.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the interest of the governing body to be vacated by reference to the recorded instrument on which it was created and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land over which the governing body's interest is located. Upon appeal, the court may nullify the ordinance if it finds that the owner of the property, which has been developed or is to be developed in accordance with the approved site plan, will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the instrument creating the governing body's interest is recorded.

The execution and recordation of an ordinance of vacation shall operate to destroy the effect of the instrument which created the governing body's interest so vacated and to divest all public rights in and to the property and vest title in the streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility as may be described in, and in accordance with, the ordinance of vacation.

§ 15.2-2271. Vacation of plat before sale of lot therein; ordinance of vacation.

Where no lot has been sold, the recorded plat, or part thereof, may be vacated according to either of the following methods:

1. With the consent of the governing body, or its authorized agent, of the locality where the land lies, by the owners, proprietors and trustees, if any, who signed the statement required by § 15.2-2264 at any time before the sale of any lot therein, by a written instrument, declaring the plat to be vacated, duly executed, acknowledged or proved and recorded in the same clerk's office wherein the plat to be vacated is recorded and the execution and recordation of such writing shall operate to destroy the force and effect of the recording of the plat so vacated and to divest all public rights in, and to reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, easements for public passage and other public areas laid out or described in the plat; or

2. By ordinance of the governing body of the locality in which the property shown on the plat or part thereof to be vacated lies, provided that no facilities for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245 have been constructed on the property and no facilities have been constructed on any related section of the property located in the subdivision within five years of the date on which the plat was first recorded.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the plat or portion thereof to be vacated and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land shown on the plat or part thereof to be vacated. Upon appeal the court may nullify the ordinance if it finds that the owner of the property shown on the plat will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the plat is recorded.

The execution and recordation of the ordinance of vacation shall operate to destroy the force and effect of the recording of the plat, or any portion thereof, so vacated, and to divest all public rights in and to the property and reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, and easements for public passage and other public areas laid out or described in the plat.

§ 15.2-2272. Vacation of plat after sale of lot.

In cases where any lot has been sold, the plat or part thereof may be vacated according to either of the following methods:

1. By instrument in writing agreeing to the vacation signed by all the owners of lots shown on the plat and also signed on behalf of the governing body of the locality in which the land shown on the plat or part thereof to be vacated lies for the purpose of showing the approval of the vacation by the governing body. In cases involving drainage easements or street rights-of-way where the vacation does not impede or alter drainage or access for any lot owners other than those lot owners immediately adjoining or contiguous to the vacated area, the governing body shall only be required to obtain the signatures of the lot owners immediately adjoining or contiguous to the vacated area. The word "owners" shall not include lien creditors except those whose debts are secured by a recorded deed of trust or mortgage and shall not include any consort of an owner. The instrument of vacation shall be acknowledged in the manner of a deed and filed for record in the clerk's office of any court in which the plat is recorded.

2. By ordinance of the governing body of the locality in which the land shown on the plat or part thereof to be vacated lies on motion of one of its members or on application of any interested person. The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the plat or portion thereof to be vacated and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days with the circuit court having jurisdiction of the land shown on the plat or part thereof to be vacated. Upon appeal the court may nullify the ordinance if it finds that the owner of any lot shown on the plat will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the plat is recorded.

Roads within the secondary system of highways may be vacated under either of the preceding methods and the action will constitute abandonment of the road, provided the land shown on the plat or part thereof to be vacated has been the subject of a rezoning or special exception application approved following public hearings required by § 15.2-2204 and provided the Commissioner of Highways or his agent is notified in writing prior to the public hearing, and provided further that the vacation is necessary in order to implement a proffered condition accepted by the governing body pursuant to §§ 15.2-2297, 15.2-2298 or 15.2-2303 or to implement a condition of special exception approval. All abandonments of roads within the secondary system of highways sought to be effected according to either of the preceding methods before July 1, 1994, are hereby validated, notwithstanding any defects or deficiencies in the proceeding; however, property rights which have vested subsequent to the attempted vacation are not impaired by such validation. The manner of reversion shall not be affected by this section.

§ 15.2-2316.2. Localities may provide for transfer of development rights.

A. Pursuant to the provisions of this article, the governing body of any locality by ordinance may, in order to conserve and promote the public health, safety, and general welfare, establish procedures, methods, and standards for the transfer of development rights within its jurisdiction. Any locality adopting or amending any such transfer of development rights

ordinance shall give notice and hold a public hearing in accordance with § 15.2-2204 prior to approval by the governing body.

B. In order to implement the provisions of this act, a locality shall adopt an ordinance that shall provide for:

1. The issuance and recordation of the instruments necessary to sever development rights from the sending property, to convey development rights to one or more parties, or to affix development rights to one or more receiving properties. These instruments shall be executed by the property owners of the development rights being transferred, and any lien holders of such property owners. The instruments shall identify the development rights being severed, and the sending properties or the receiving properties, as applicable;

2. Assurance that the prohibitions against the use and development of the sending property shall bind the landowner and every successor in interest to the landowner;

3. The severance of transferable development rights from the sending property;

4. The purchase, sale, exchange, or other conveyance of transferable development rights, after severance, and prior to the rights being affixed to a receiving property;

5. A system for monitoring the severance, ownership, assignment, and transfer of transferable development rights;

6. A map or other description of areas designated as sending and receiving areas for the transfer of development rights between properties;

7. The identification of parcels, if any, within a receiving area that are inappropriate as receiving properties;

8. The permitted uses and the maximum increases in density in the receiving area;

9. The minimum acreage of a sending property and the minimum reduction in density of the sending property that may be conveyed in severance or transfer of development rights;

10. The development rights permitted to be attached in the receiving areas shall be equal to or greater than the development rights permitted to be severed from the sending areas;

11. An assessment of the infrastructure in the receiving area that identifies the ability of the area to accept increases in density and its plans to provide necessary utility services within any designated receiving area; and

12. The application to be deemed approved upon the determination of compliance with the ordinance by the agent of the planning commission, or other agent designated by the locality.

C. In order to implement the provisions of this act, a locality may provide in its ordinance for:

1. The purchase of all or part of such development rights, which shall retire the development rights so purchased;

2. The severance of development rights from existing zoned or subdivided properties as otherwise provided in subsection E;

3. The owner of such development rights to make application to the locality for a real estate tax abatement for a period up to 25 years, to compensate the owner of such development rights for the fair market value of all or part of the development rights, which shall retire the number of development rights equal to the amount of the tax abatement, and such abatement is transferable with the property;

4. The owner of a property to request designation by the locality of the owner's property as a "sending property" or a "receiving property";

5. The allowance for residential density to be converted to bonus density on the receiving property by (i) an increase in the residential density on the receiving property or (ii) an increase in the square feet of commercial, industrial, or other uses on the receiving property, which upon conversion shall retire the development rights so converted;

6. The receiving areas to include such urban development areas or similarly defined areas in the locality established pursuant to § 15.2-2223.1;

7. The sending properties, subsequent to severance of development rights, to generate one or more forms of renewable energy, as defined in § 56-576, subject to the provisions of the local zoning ordinance;

8. The sending properties, subsequent to severance of development rights, to produce agricultural products or forestal products, as defined in § 15.2-4302, and to include parks, campgrounds and related camping facilities; however, for purposes of this subdivision, "campgrounds" does not include use by travel trailers, motor homes, and similar vehicular type structures;

9. The review of an application by the planning commission to determine whether the application complies with the provisions of the ordinance;

10. Such other provisions as the locality deems necessary to aid in the implementation of the provisions of this act;

11. Approval of an application upon the determination of compliance with the ordinance by the agent of the planning commission; and

12. A requirement that development comply with any locality-adopted neighborhood design standards identified in the comprehensive plan for the receiving area in which the development shall occur, provided such design standard was adopted in the comprehensive plan and applied to the receiving area prior to the transfer of the development right.

D. The locality may, by ordinance, designate receiving areas or receiving properties, add to, supplement, or amend its designations of receiving areas or receiving properties, or designate receiving areas or receiving properties that shall receive development rights only from certain sending areas or sending properties specified by the locality, so long as the development rights permitted to be attached in the receiving areas are equal to or greater than the development rights permitted to be severed in the sending areas.

E. Any proposed severance or transfer of development rights shall only be initiated upon application by the property owners of the sending properties, development rights, or receiving properties as otherwise provided herein.

F. A locality may not require property owners to sever or transfer development rights as a condition of the development of any property.

G. The owner of a property may sever development rights from the sending property, pursuant to the provisions of this act. An application to transfer development rights to one or more receiving properties, for the purpose of affixing such rights thereto, shall only be initiated upon application by the owner of such development rights and the owners of the receiving properties.

H. Development rights severed pursuant to this article shall be interests in real property and shall be considered as such for purposes of conveyance and taxation. Once a deed for transferable development rights, created pursuant to this act, has been recorded in the land records of the office of the circuit court clerk for the locality to reflect the transferable development rights sold, conveyed, or otherwise transferred by the owner of the sending property, the development rights shall vest in the grantee and may be transferred by such grantee to a successor in interest. Nothing herein shall be construed to prevent the owner of the sending property from recording a deed covenant against the sending property severing the development rights on said property, with the owner of the sending property retaining ownership of the severed development rights. Any transfer of the development rights to a property in a receiving area shall be in accordance with the provisions of the ordinance adopted pursuant to this article.

I. For the purposes of ad valorem real property taxation, the value of a transferable development right shall be deemed appurtenant to the sending property until the transferable development right is severed from and recorded as a distinct interest in real property, or the transferable development right is used at a receiving property and becomes appurtenant thereto. Once a transferable development right is severed from the sending property, the assessment of the fee interest in the sending property shall reflect any change in the fair market value that results from the inability of the owner of the fee interest to use such property for such uses terminated by the severance of the transferable development right. Upon severance from the sending property and recordation as a distinct interest in real property, the transferable development right shall be assessed at its fair market value on a separate real estate tax bill sent to the owner of said development right as taxable real estate in accordance with Article 1 (§ 58.1-3200 et seq.) of Chapter 32 of Title 58.1. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

J. The owner of a sending property from which development rights are severed shall provide a copy of the instrument, showing the deed book and page number, or instrument or GPIN, to the real estate tax assessor for the locality.

K. Localities, from time to time as the locality designates sending and receiving areas, shall incorporate the map identified in subdivision B 6 into the comprehensive plan.

L. No amendment to the zoning map, nor any amendments to the text of the zoning ordinance with respect to the zoning district applicable thereto initiated by the governing body, which eliminate, or materially restrict, reduce, or downzone the uses, or the density of uses permitted in the zoning district applicable to any property to which development rights have been transferred, shall be effective with respect to such property unless there has been mistake, fraud, or a material change in circumstances substantially affecting the public health, safety, or welfare.

M. A county adopting an ordinance pursuant to this article may designate eligible receiving areas in any incorporated town within such county, if the governing body of the town has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

N. Any county and an adjacent city may enter voluntarily into an agreement to permit the county to designate eligible receiving areas in the city if the governing body of the city has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The city council shall designate areas it deems suitable as receiving areas and shall designate the maximum increases in density in each such receiving area. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

1. The terms and conditions of the density transfer agreement as provided in this subsection shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing, which shall be advertised ~~once a week for two successive weeks in a newspaper of general circulation in the locality~~ *as required by § 15.2-2204.*

2. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed agreement. The circuit court shall be limited in its decision to either affirming or denying the agreement and shall have no authority, without the express approval of each local governing body, to amend or change the

terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The circuit court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto.

3. The agreement shall not become binding on the localities until affirmed by the court under this subsection. Once approved by the circuit court, the agreement shall also bind future local governing bodies of the localities.

§ 15.2-2321. Adoption of road improvements program.

Prior to adopting a system of impact fees, the locality shall conduct an assessment of road improvement needs benefiting an impact fee service area and shall adopt a road improvements plan for the area showing the new roads proposed to be constructed and the existing roads to be improved or expanded and the schedule for undertaking such construction, improvement or expansion. The road improvements plan shall be adopted as an amendment to the required comprehensive plan and shall be incorporated into the capital improvements program or, in the case of the counties where applicable, the six-year plan for secondary highway construction pursuant to § 33.2-331.

The locality shall adopt the road improvements plan after holding a duly advertised public hearing *in accordance with § 15.2-2204*. ~~The public hearing notice shall identify the impact fee service area or areas to be designated, and shall include a summary of the needs assessment and the assumptions upon which the assessment is based, the proposed amount of the impact fee, and information as to how a copy of the complete study may be examined. A copy of the complete study shall be available for public inspection and copying at reasonable times prior to the public hearing.~~

The locality at a minimum shall include the following items in assessing road improvement needs and preparing a road improvements plan:

1. An analysis of the existing capacity, current usage and existing commitments to future usage of existing roads, as indicated by (i) current and projected service levels, (ii) current valid building permits outstanding, and (iii) approved and pending site plans and subdivision plats. If the current usage and commitments exceed the existing capacity of the roads, the locality also shall determine the costs of improving the roads to meet the demand. The analysis shall include any off-site road improvements or cash payments for road improvements accepted by the locality and shall include a plan to fund the current usages and commitments that exceed the existing capacity of the roads.

2. The projected need for and costs of construction of new roads or improvement or expansion of existing roads attributable in whole or in part to projected new development. Road improvement needs shall be projected for the impact fee service area when fully developed in accord with the comprehensive plan and, if full development is projected to occur more than 20 years in the future, at the end of a 20-year period. The assumptions with regard to land uses, densities, intensities, and population upon which road improvement projections are based shall be presented.

3. The total number of new service units projected for the impact fee service area when fully developed and, if full development is projected to occur more than 20 years in the future, at the end of a 20-year period. A "service unit" is a standardized measure of traffic use or generation. The locality shall develop a table or method for attributing service units to various types of development and land use, including but not limited to residential, commercial and industrial uses. The table shall be based upon the ITE manual (published by the Institute of Transportation Engineers) or locally conducted trip generation studies, and consistent with the traffic analysis standards adopted pursuant to § 15.2-2222.1.

§ 15.2-2400. Creation of service districts.

Any locality may by ordinance, or any two or more localities may by concurrent ordinances, create service districts within the locality or localities in accordance with the provisions of this article. Service districts may be created to provide additional, more complete or more timely services of government than are desired in the locality or localities as a whole.

Any locality seeking to create a service district shall have a public hearing prior to the creation of the service district. Notice of such hearing shall be published ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the hearing.

§ 15.2-2401. Creation of service districts by court order in consolidated cities.

In any city which results from the consolidation of two or more localities, service districts may, in addition to the method prescribed in § 15.2-2400, be created by order of the circuit court for the city upon the petition of fifty voters of the proposed district, which order shall prescribe the metes and bounds of the district.

Upon the filing of a petition the court shall fix a date for a hearing on the question of the proposed service district, which hearing shall embrace a consideration of whether the property embraced within the proposed district will be benefited by the establishment thereof. Notice of such hearing shall be published ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the city, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the election. Any person interested may answer the petition and make defense thereto. If upon such hearing the court is of opinion that any property embraced within the limits of such proposed district will not be benefited by the establishment thereof, then such property shall not be embraced therein.

Upon the petition of the city council and of not less than 50 voters of the territory proposed to be added, or if such territory contains less than 100 voters, of fifty percent of the voters of such territory, after notice and hearing as provided above, any service district may be extended and enlarged by order of the circuit court for the city which order shall prescribe the metes and bounds of the territory so added.

§ 15.2-2409. How notice given; objections.

The notice may be given by personal service on all persons entitled to such notice, except (i) notice to an infant, a mentally incapacitated person or other person under a disability may be served on his guardian, conservator or committee; (ii) notice to a nonresident may be mailed to him at his place of residence or served on any agent of his having charge of the property or on the tenant of the property; or (iii) in any case when the owner is a nonresident or when the owner's residence is not known, such notice may be given by publication *three times* in a newspaper having general circulation in the locality ~~once a week for four successive weeks~~*, with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the parties are cited to appear*. In lieu of such personal service on the parties or their agents and of such publication, the notice to all parties may be given by publishing the same *twice* in a newspaper having general circulation in the locality, ~~once a week for two successive weeks; the second publication shall be made at least seven days~~ *with the first notice appearing no more than 28 days* before *and the second notice appearing no less than seven days before* the parties are cited to appear. Any landowner wishing to make objections to an assessment or apportionment may appear in person or by counsel and state such objections.

§ 15.2-2506. Publication and notice; public hearing; adjournment; moneys not to be paid out until appropriated.

~~A brief synopsis of the budget that, except in the case of the school division budget, shall be for informative and fiscal planning purposes only, shall be published once in a newspaper having general circulation in the locality affected, and notice given of one or more public hearings, at least seven days prior to the date set for hearing, at which any citizen of the locality shall have the right to attend and state his views thereon.~~ *Notice of one or more public hearings shall be given in accordance with § 15.2-1427. Such notice shall, at a minimum, include a summary of the total revenues and expenditures for each appropriated fund and the current and proposed real estate and personal property tax levies.* Any locality not having a newspaper of general circulation may in lieu of the foregoing notice provide for notice by written or printed handbills, posted at such places as it may direct. The hearing shall be held at least seven days prior to the approval of the budget as prescribed in § 15.2-2503. With respect to the school division budget, which shall include the estimated required local match, such hearing shall be held at least seven days prior to the approval of that budget as prescribed in § 22.1-93. With respect to the budget of a constitutional officer, if the proposed budget reduces funding of such officer at a rate greater than the average rate of reduced funding for other agencies appropriated through such locality's general fund, exclusive of the school division, the locality shall give written notice to such constitutional officer at least 14 days prior to adoption of the budget. If a constitutional officer determines that the proposed budget cuts would impair the performance of his statutory duties, such constitutional officer shall make a written objection to the local governing body within seven days after receipt of the written notice and shall deliver a copy of such objection to the Compensation Board. The local governing body shall consider the written objection of such constitutional officer. The governing body may adjourn such hearing from time to time. The fact of such notice and hearing shall be entered of record in the minute book.

In no event, including school division budgets, shall such preparation, publication, and approval be deemed to be an appropriation. No money shall be paid out or become available to be paid out for any contemplated expenditure unless and until there has first been made an annual, semiannual, quarterly, or monthly appropriation for such contemplated expenditure by the governing body, except that funds appropriated in a county having adopted the county executive form of government for multiyear capital projects and outstanding grants may be carried over from year to year without being reappropriated.

§ 15.2-2507. Amendment of budget.

A. Any locality may amend its budget to adjust the aggregate amount to be appropriated during the current fiscal year as shown in the currently adopted budget as prescribed by § 15.2-2504. However, any such amendment which exceeds one percent of the total expenditures shown in the currently adopted budget must be accomplished by publishing ~~a~~ notice of a meeting and a public hearing ~~once in a newspaper having general circulation in that locality at least seven days prior to the meeting date~~ *in accordance with § 15.2-1427*. The notice shall state the governing body's intent to amend the budget and include a brief synopsis of the proposed budget amendment. Any local governing body may adopt such amendment at the advertised meeting, after first providing a public hearing during such meeting on the proposed budget amendments.

B. Pursuant to the requirements of §§ 15.2-1609.1, 15.2-1609.7, 15.2-1636.8, and 15.2-1636.13 through 15.2-1636.17 every county and city shall appropriate as part of its annual budget or in amendments thereto amounts for salaries, expenses and other allowances for its constitutional officers that are not less than those established for such offices in the locality by the Compensation Board pursuant to applicable law or, in the event of an appeal pursuant to § 15.2-1636.9, by the circuit court in accordance with the provisions of that section.

§ 15.2-2606. Public hearing before issuance of bonds.

A. Notwithstanding any contrary provision of law, general or special, but subject to subsection B of this section, before the final authorization of the issuance of any bonds by a locality, the governing body of the locality shall hold a public hearing on the proposed bond issue. Notice of the hearing shall be published ~~once a week for two successive weeks~~ *twice* in a newspaper published or having general circulation in the locality, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing. The notice shall (i) state the estimated maximum amount of the bonds proposed to be issued, (ii) state the proposed use of the bond proceeds, and if there is more than one use, state the proposed uses for which more than 10 percent of the total bond proceeds is expected to be used, and (iii) specify the time and place of the hearing at which persons may appear and present their views. ~~The hearing shall not be held less than six nor more than 21 days after the date the second notice appears in the newspaper.~~

B. No notice or public hearing shall be required for (i) bonds which have been approved by a majority of the voters of the issuing locality voting on the issuance of such bonds or (ii) obligations issued pursuant to § 15.2-2629, 15.2-2630 or 15.2-2643.

§ 15.2-2610. Request for referendum filed with court; order for election; notice.

If voter approval of any bond issue by a locality is required by the Constitution of Virginia or this chapter or any charter provision, a copy of the resolution or ordinance adopted by the governing body of the locality, certified by the clerk of the governing body, requesting that a referendum on the question of the issuance of the bonds be held, shall be filed with the circuit court for the locality or in the case of a town the circuit court for the county in which the town is located. The circuit court shall order a special election, in accordance with § 24.2-681 et seq., requiring the election officers of the locality on the day fixed in the order to open the polls and take the sense of the voters of the locality on the question of contracting the debt and issuing bonds for the purpose or purposes set forth in the resolution or ordinance. When any town is situated partly in two or more counties, the certified copy of the resolution or ordinance may be presented to the circuit court for any of the counties and the court shall order an election to be held in the town in accordance with the provisions of §§ 24.2-601 and 24.2-681 et seq. Notice of the election in the form prescribed by the court shall be published at least once but not less than ~~ten~~ *seven* days before the election in a newspaper published or having general circulation in the locality.

Where voter approval is required by the Constitution of Virginia, this chapter or any charter provision, a locality may, at its option, provide in the ordinance or resolution that any two or more purposes and amounts of the bonds proposed to be issued for such purposes be combined into a single question for the election and referred to as "capital improvement bonds" in an aggregate principal amount equal to the sum of the amounts for the purposes so combined.

§ 15.2-2652. Service by publication of motion for judgment; parties defendant.

Upon the filing of the motion for judgment the court shall fix the time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, ~~once a week for two consecutive weeks~~ *twice* in a newspaper published or having general circulation in the jurisdiction where the issuer is located*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the date fixed for the hearing*. ~~The date fixed for the hearing shall not be sooner than ten days after the date the second publication of the motion for judgment or summary and the order appears in the newspaper.~~

By the publication of the motion for judgment or summary and the order, all taxpayers, property owners and citizens of the jurisdiction where the issuer is located, including nonresidents owning property in or subject to taxation by it, and all other persons having or claiming any right, title or interest in any property or funds affected in any way by the issuance of the bonds, or having or claiming to have any right or interest in the subject matter of the motion for judgment, shall be considered parties defendant in the proceedings, and the court shall have jurisdiction of them the same as if each of them were named individually as a defendant in the motion for judgment and personally served with process.

§ 15.2-2653. Contesting issuance of bonds; notice and hearing; service on member of governing body, etc.

Any person, corporation, or association desiring to contest the issuance of any bonds pursuant to the provisions of this chapter, or any other law, general or special, shall proceed by filing a motion for judgment within thirty days after the filing of the resolution or ordinance authorizing the issuance of the bonds with the circuit court having jurisdiction over the issuer, or in contesting the validity of a petition for or the results of a referendum, within thirty days after the date that the result of the election for the issuance of the bonds is certified, in the court having jurisdiction as provided in § 15.2-2651. For bonds which are not authorized pursuant to a referendum, or for which the authorizing resolution or ordinance is not required to be filed with the circuit court, the contestant shall proceed by filing a motion for judgment within thirty days after the adoption of the authorizing resolution or ordinance. Upon the filing of a motion for judgment, the court shall fix a time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, ~~once a week for two consecutive weeks~~ *twice* in a newspaper published or having general circulation in the jurisdiction where the issuer is located, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before the date fixed for* the hearing. ~~The date fixed for the hearing shall not be sooner than ten days after the date the second publication of the motion for judgment or summary and the order appears in the newspaper.~~ In addition to such publication, the plaintiff shall secure personal service on at least one member of the governing body of the issuer.

§ 15.2-3236. Council may enact ordinance.

Whenever it is deemed desirable to contract the corporate limits of any city or town, the council thereof may enact an ordinance defining accurately the boundary of the territory proposed to be abandoned. The ordinance, or a descriptive summary of the ordinance, along with a reference of the place in the city or town where the ordinance may be examined, shall be published *three times* in ~~at least ten issues of~~ a ~~daily~~ paper having general circulation in the city or town, ~~if there is such a paper, or in two successive issues of a weekly newspaper having general circulation in such city or town, if there is such a paper. If there is no daily newspaper having general circulation therein, the ordinance shall be conspicuously posted in at least ten public places in the territory for at least ten days before the application to the circuit court for the city or town as provided for in § 15.2-3237 in addition to the publication in the weekly newspaper~~ *with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the enactment of the ordinance*. A copy of the ordinance shall be served by the city or town upon the chairman of the board of supervisors of the contiguous county or counties of which the territory may become a part.

§ 15.2-3242. Parties defendant and publication of such petition.

The county in which the part of the town proposed to be abandoned under § 15.2-3241 is located shall be named as defendant to the petition. Satisfactory proof that the petition, or a descriptive summary of the petition along with a reference to the place in the town where the petition may be examined, has been published in a newspaper having general circulation in the county or town ~~once a week for four successive weeks and has been posted at the front door of the courthouse of the county for a like period~~ *three times, with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the filing of the petition,* shall be filed with the petition. A statement in the publication to the effect that a certain number of registered voters of the territory proposed to be abandoned signed the petition shall be sufficient in lieu of the names of the signers.

§ 15.2-3400. Voluntary settlements among local governments.

Recognizing that the localities of the Commonwealth may be able to settle the matters provided for in this subtitle through voluntary agreements and further recognizing that such a resolution can be beneficial to the orderly growth and continued viability of the localities of the Commonwealth the following provisions are made:

1. Any locality may enter voluntarily into agreement with any other locality or combination of localities whereby any rights provided for its benefit in this subtitle may be modified or waived in whole or in part, as determined by its governing body, provided that the modification or waiver does not conflict with the Constitution of Virginia.

2. The terms of the agreement may include fiscal arrangements, land use arrangements, zoning arrangements, subdivision arrangements and arrangements for infrastructure, revenue and economic growth sharing, provisions for the acceptance on each other's behalf of proffered conditions under § 15.2-2298 or 15.2-2303, dedication of all or any portion of tax revenues to a revenue and economic growth sharing account, boundary line adjustments, acquisition of real property and buildings and the joint exercise or delegation of powers as well as the modification or waiver of specific annexation, transition or immunity rights as determined by the local governing body including opposition to petitions filed pursuant to § 15.2-3203, and such other provisions as the parties deem in their best interest. The terms of the agreement may also provide for subsequent court review, instituted pursuant to provisions contained in the agreement, by a special court convened under Chapter 30 (§ 15.2-3000 et seq.) of this title.

3. If a voluntary agreement is reached pursuant to this chapter, the governing bodies shall present to the Commission the proposed settlement. The Commission shall conduct a hearing pursuant to subsection A of § 15.2-2907. The Commission shall report, in writing, its findings and recommendations as to whether the proposed settlement is in the best interest of the Commonwealth. Such report shall not be binding upon any court but shall be advisory in nature only.

4. Upon receipt of the Commission report, the localities, by ordinance passed by a recorded affirmative vote of a majority of the members of each governing body thereof, may adopt either the original or a modified agreement acceptable to all parties. ~~Before adopting such ordinance each~~ *Each* local governing body shall advertise its intention to approve such agreement, or modified agreement, ~~at least once a week for two successive weeks~~ *twice, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the adoption of the ordinance* in a newspaper having a general circulation in its jurisdiction ~~and such~~. *Such* advertisements shall contain a descriptive summary of the agreement or modified agreement. Each locality shall hold at least one public hearing on the agreement or modified agreement prior to the adoption of the ordinance. The publication shall include a statement that a copy of the agreement, or modified agreement, is on file in the office of the clerk of the circuit court for each of the affected jurisdictions.

5. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed settlement. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. The special court shall be limited in its decision to either affirming or denying the voluntary agreement and shall have no authority, without the express approval of each local governing body, to amend or change the terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto. In determining whether such agreement should be affirmed, the court shall consider, among other things, whether the interest of the Commonwealth in promoting orderly growth and the continued viability of localities has been met. If the agreement is validated and provides for annexation by a city or town, the agreement shall take effect on the first day of the month succeeding validation of the agreement unless the agreement stipulates that the annexation shall be effective on some other date.

6. The agreement shall not become binding on the localities until affirmed by the special court under this section. Once approved by the special court, the agreement shall also bind future local governing bodies of the localities.

7. The applicable provisions of this chapter shall be deemed to have been met with regard to any voluntary fiscal agreement or voluntary agreement in settlement of an annexation, transition or immunity petition or voluntary settlement agreement entered into pursuant to this chapter (i) which was entered into before July 1, 1990, (ii) which had been reviewed or was in the process of review by the Commission on Local Government on or before July 1, 1990, (iii) which had been or was the subject of review by a special court convened under Chapter 30 of this title on or before July 1, 1990, or (iv) which had been or was approved by a special court convened under Chapter 30 of this title on or before July 1, 1990.

8. The provisions of § 15.2-3226 shall apply when a voluntary agreement made under this section includes the annexation of territory by a city or town. No election for members of council shall be held as a result of such annexation unless the city or town increases its population by more than five percent due to the annexation.

§ 15.2-3401. Referendum on contracting of debt by counties in voluntary settlement agreements.

Before a county, under the terms of a voluntary agreement pursuant to this chapter, contracts a debt pursuant to Article VII, § 10 (b) of the Constitution of Virginia, the board of supervisors shall, in conformity with Article VII, § 10 (b) of the Constitution of Virginia, petition the circuit court for the county for an order calling for a special election in the county on the question of contracting such debt.

The question on the ballot shall be as follows, provided that the circuit court in its order calling for the election may substitute alternative language necessary to specify the type of agreement or the particular debt which the county proposes to contract under an agreement:

"Shall (name of county) be authorized to contract a debt by entering into a contract for the payment (describe the debt or payment) to (name of locality to whom payments are to be made) as a part of the proposed voluntary annexation and immunity settlement agreement between the county and (name of other locality)?

[ ] Yes

[ ] No"

The clerk of the county shall cause a notice of the referendum to be published *three times* in a newspaper having general circulation in the county ~~once a week for three consecutive weeks, the first such notice of which must be published not more than 21 days prior to~~, *with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before* the election, and shall post a copy of the notice at the door of the county courthouse.

The election shall be held and the results thereof ascertained and certified in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. If a majority of the voters of the county voting in such election approve the contracting of such debt, the county may proceed to adopt, by ordinance, the agreement.

§ 15.2-3504. Publication of agreement.

The governing body of each of the consolidating localities shall cause a copy of the consolidation agreement, or a descriptive summary of the agreement and a reference to the place within the locality where a copy of the agreement may be examined, to be published in each locality with which it is proposed to consolidate ~~at least once a week for four successive weeks~~ *three times* in a newspaper having a general circulation therein, *with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the adoption of the consolidated agreement in accordance with § 15.2-3502*. A copy of the agreement shall be available for public inspection at the circuit court clerk's office of each of the consolidating localities.

§ 15.2-3600. Petition for incorporation of community; appointment of special court.

A petition signed by 100 voters of any community may be presented to the circuit court for the county in which such community, or the greater part thereof, is situated, requesting that the community be incorporated as a town. A plat showing the boundaries of the community shall be attached to the petition. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. The plat shall be prepared by a registered surveyor in a form suitable for recording in the clerk's office of the circuit court. A copy of the petition shall be served upon the county attorney or, if there is no county attorney, the attorney for the Commonwealth, and each member of the governing body of the county or counties wherein the area sought to be incorporated lies. The governing body at its option may become a party to the proceeding. The petition shall be accompanied by proof that:

1. The petition has been available for public inspection in the office of the clerk of the circuit court; and

2. The following have been published ~~once a week for three successive weeks~~ *three times* in a newspaper having general circulation in the county, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the petition will be presented:

a. Notice of the time and place the petition would be presented; and

b. The text of the petition in full; or

c. A descriptive summary of the petition and notice that the petition may be inspected at the circuit court clerk's office.

§ 15.2-3805. Time limit for intervenors; publication of order.

The special court shall by order fix a time within which a voter, property owner or political subdivision not served may become a party to a proceeding instituted under this chapter, and thereafter no such petition shall be received, except for good cause shown. A copy of the order shall be published ~~at least once a week for two successive weeks~~ *twice* in a newspaper of general circulation in the county and in the adjoining or adjacent counties and cities, *with the first notice appearing no more than 28 days and the second notice appearing no less than seven days before the time fixed by the special court*.

§ 15.2-3913. Public hearing on charter; notice and publication; adoption of charter by governing body.

Upon the completion of the proposed charter the governing body shall hold a public hearing at which the citizens shall have an opportunity to be heard with respect thereto. Notice of the time and place of such hearing and the text of the charter, or an informative summary thereof, shall be published *twice* in a newspaper of general circulation in the county ~~at least once a week for two successive weeks~~, *with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the hearing*. ~~The hearing shall not be held sooner than thirty days subsequent to the first publication.~~ Such hearing may be adjourned from time to time, but shall be completed not less than thirty days before the election. Upon completion of the hearing the governing body shall adopt the charter with such revisions as it may accept.

§ 15.2-4311. Review of districts.

The local governing body may complete a review of any district created under this section, together with additions to such district, no less than four years but no more than ten years after the date of its creation and every four to ten years thereafter. If the local governing body determines that a review is necessary, it shall begin such review at least ninety days before the expiration date of the period established when the district was created. In conducting such review, the local governing body shall ask for the recommendations of the local advisory committee and the planning commission in order to determine whether to terminate, modify or continue the district. When each district is reviewed, land within the district may be withdrawn at the owner's discretion by filing a written notice with the local governing body at any time before it acts to continue, modify or terminate the district. The local planning commission or the advisory committee shall schedule as part of the review a public meeting with the owners of land within the district, and shall send by first-class mail a written notice of the meeting and review to all such owners. The notice shall state the time and place for the meeting; that the district is being reviewed by the local governing body; that the local governing body may continue, modify, or terminate the district; and that land may be withdrawn from the district at the owner's discretion by filing a written notice with the local governing body at any time before it acts to continue, modify or terminate the district. The local governing body shall hold a public hearing as provided by law. The governing body may stipulate conditions to continuation of the district and may establish a period before the next review of the district, which may be different from the conditions or period established when the district was created. Any such different conditions or period shall be described in a notice sent by first-class mail to all owners of land within the district and published in a newspaper having a general circulation within the district ~~at least two weeks~~ *no less than seven days* prior to adoption of the ordinance continuing the district. Unless the district is modified or terminated by the local governing body, the district shall continue as originally constituted, with the same conditions and period before the next review as that established when the district was created.

If the local governing body determines that a review is unnecessary, it shall set the year in which the next review shall occur.

§ 15.2-4313. Proposals as to land acquisition or construction within district.

A. Any agency of the Commonwealth or any political subdivision which intends to acquire land or any interest therein other than by gift, devise, bequest or grant, or any public service corporation which intends to: (i) acquire land or any interest therein for public utility facilities not subject to approval by the State Corporation Commission, provided that the proposed acquisition from any one farm or forestry operation within the district is in excess of one acre or that the total proposed acquisition within the district is in excess of ten acres or (ii) advance a grant, loan, interest subsidy or other funds within a district for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures, shall at least ninety days prior to such action notify the local governing body and all of the owners of land within the district. Notice to landowners shall be sent by first-class or registered mail and shall state that further information on the proposed action is on file with the local governing body. Notice to the local governing body shall be filed in the form of a report containing the following information:

1. A detailed description of the proposed action, including a proposed construction schedule;

2. All the reasons for the proposed action;

3. A map indicating the land proposed to be acquired or on which the proposed dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures are to be constructed;

4. An evaluation of anticipated short-term and long-term adverse impacts on agricultural and forestal operations within the district and how such impacts are proposed to be minimized;

5. An evaluation of alternatives which would not require action within the district; and

6. Any other relevant information required by the local governing body.

B. Upon receipt of a notice filed pursuant to subsection A, the local governing body, in consultation with the local planning commission and the advisory committee, shall review the proposed action and make written findings as to (i) the effect the action would have upon the preservation and enhancement of agriculture and forestry and agricultural and forestal resources within the district and the policy of this chapter; (ii) the necessity of the proposed action to provide service to the public in the most economical and practical manner; and (iii) whether reasonable alternatives to the proposed action are available that would minimize or avoid any adverse impacts on agricultural and forestal resources within the district. If requested to do so by any owner of land that will be directly affected by the proposed action of the agency, corporation, or political subdivision, the Director of the Department of Conservation and Recreation, or his designee, may advise the local governing body on the issues listed in clauses (i), (ii) and (iii) of this subsection.

C. If the local governing body finds that the proposed action might have an unreasonably adverse effect upon either state or local policy, it shall (i) issue an order within ninety days from the date the notice was filed directing the agency, corporation or political subdivision not to take the proposed action for a period of 150 days from the date the notice was filed and (ii) hold a public hearing, as prescribed by law, concerning the proposed action. The hearing shall be held where the local governing body usually meets or at a place otherwise easily accessible to the district. The locality shall publish notice in a newspaper having a general circulation within the district *no less than seven days before the hearing*, and mail individual notice of the hearing to the political subdivisions whose territory encompasses or is part of the district, and the agency, corporation or political subdivision proposing to take the action. Before the conclusion of the 150-day period, the local governing body shall issue a final order on the proposed action. Unless the local governing body, by an affirmative vote of a majority of all the members elected to it, determines that the proposed action is necessary to provide service to the

public in the most economic and practical manner and will not have an unreasonably adverse effect upon state or local policy, the order shall prohibit the agency, corporation or political subdivision from proceeding with the proposed action. If the agency, corporation or political subdivision is aggrieved by the final order of the local governing body, an appeal shall lie to the circuit court having jurisdiction of the territory wherein a majority of the land affected by the acquisition is located. However, if such public service corporation is regulated by the State Corporation Commission, an appeal shall be to the State Corporation Commission.

§ 15.2-4405. Creation of districts of local significance.

A. A participating locality shall have the authority to create agricultural, forestal, or agricultural and forestal districts of local significance by the adoption of a general ordinance establishing a local districts program according to the provisions of this chapter.

B. In participating localities where such an ordinance has been adopted by the local governing body, any owner or owners of land may submit an application pursuant to § 15.2-4403 to the locality for the creation of an agricultural, forestal, or an agricultural and forestal district of local significance within such locality. Each individual district of local significance shall have a core of no less than the minimum acreage specified in the general ordinance, which minimum acreage in no case shall be less than 20 acres in one parcel or contiguous parcels, provided that (i) any noncontiguous parcel that is not part of the core may be included in a district of local significance if the nearest boundary of such noncontiguous parcel is within one-quarter of a mile of the core and (ii) such noncontiguous parcel had previously been included in a district of local significance. No owner of land shall be included in any agricultural, forestal, or agricultural and forestal district of local significance without the owner's written approval. A separate application may be made by any owner or owners of land for additional contiguous qualifying lands, or noncontiguous lands that meet the conditions of clauses (i) and (ii), to be included in an already created district at any time following such creation.

C. Upon receipt of a proposal for a district of local significance, the local governing body shall refer the proposal to the planning commission which shall:

1. Provide notice of the proposal by publishing a notice in a newspaper having general circulation within the proposed district and by posting such notice in three conspicuous places within the jurisdiction in which the proposed district is located. The notice shall state that an application for an agricultural, forestal, or agricultural and forestal district of local significance has been submitted to the local governing body, that a copy of the application is on file open to public inspection in the office of the clerk, that any proposals for modifications of the district shall be filed within 30 days, that any owner included in the proposal may withdraw his land, in whole or in part, at any time until the local governing body makes a final decision as to the constitution of the district pursuant to subsection D, and that hearing dates of the planning commission and local governing body shall be published and posted within 30 days.

2. Refer such proposal and modifications to the advisory committee.

D. Within one year of the date of filing of the application for such original proposal, the proposal: shall be reviewed by (i) the advisory committee, which shall report to the local planning commission its recommendations concerning the proposal and proposed modifications; (ii) the planning commission, which, after receiving the report of the advisory committee, shall hold a public hearing as prescribed in subsection E, and shall report its recommendations concerning the proposal and proposed modifications to the local governing body; and (iii) the local governing body, which, after receiving the report of the local planning commission and the advisory committee, shall hold a public hearing as prescribed below, and may create the district or any modification of the district by the adoption of a district ordinance as described in subsection E, or reject the creation of a district as it deems appropriate. All districts shall meet the minimum requirements set forth in the participating locality's general ordinance for the creation of districts of local significance.

E. Public hearings required to be held by the planning commission and local governing body shall be conducted in the following manner:

1. The hearing as prescribed by law shall be held where the local governing body usually meets or at a place otherwise readily accessible to the proposed district;

2. The notice of the public hearing as prescribed by law shall contain a description of the proposed district, any proposed modifications and any recommendations of the local planning commission or the advisory committee; and

3. The notice shall be published *twice* in a newspaper having a general circulation within the proposed district ~~and~~*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the hearing. Such notice* shall be given in writing complete with proposed modifications to those municipalities whose territory encompasses or is part of the proposed district.

F. The general ordinance establishing the program to create agricultural, forestal, or agricultural and forestal districts of local significance shall state the criteria which shall be considered by the advisory committee and the local planning commission in advising the local governing body and by the local governing body in making its decision on whether or not to create a district. These criteria shall be based on and consistent with the following factors:

1. The agricultural and forestal significance within the proposed district and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the proposed district and adjacent thereto that are not now in active farming or production;

3. The nature and extent of land uses other than active farming or forestry within the proposed district and adjacent thereto;

4. Local developmental patterns and needs including zoning and the comprehensive plan;

5. The scenic and historic features of land uses within the proposed district and adjacent thereto;

6. The environmental benefits of preserving the lands in the district in their existing use; and

7. Any other matter which may be relevant.

In judging significance, any relevant agricultural and forest maps may be considered as well as soil, climate, topography, quality of tree cover, other natural factors, markets for farm and forest products, the extent and nature of farm and forest improvements, evidence of commitment to long-term farm and forest use, anticipated trends in agricultural and forest economic conditions and technology, and such other factors as may be relevant. Criteria for judging the significance of lands in local agricultural and forestal districts to be created pursuant to this chapter may differ from those for judging the significance of lands in statewide districts to be created pursuant to Chapter 43 (§ 15.2-4300 et seq.).

§ 15.2-5136. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of and for the services furnished or to be furnished by any system, or streetlight system in King George County, or refuse collection and disposal system or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the system or systems, or facilities incident thereto, for which such bonds were issued, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised.

B. The rates for water (including fire protection) and sewer service (including disposal) shall be sufficient to cover the expenses necessary or properly attributable to furnishing the class of services for which the charges are made. However, the authority may fix rates and charges for the services and facilities of its water system sufficient to pay all or any part of the cost of operating and maintaining its sewer system (including disposal) and all or any part of the principal of or the interest on the revenue bonds issued for such sewer or sewage disposal system, and may pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

C. Rates, fees and charges for the services of a sewer or sewage disposal system shall be just and equitable, and may be based upon:

1. The quantity of water used or the number and size of sewer connections;

2. The number and kind of plumbing fixtures in use in the premises connected with the sewer or sewage disposal system;

3. The number or average number of persons residing or working in or otherwise connected with such premises or the type or character of such premises;

4. Any other factor affecting the use of the facilities furnished; or

5. Any combination of the foregoing factors.

However, the authority may fix rates and charges for services of its sewer or sewage disposal system sufficient to pay all or any part of the cost of operating and maintaining its water system, including distribution and disposal, and all or any part of the principal of or the interest on the revenue bonds issued for such water system, and to pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

D. Water and sewer rates, fees and charges established by any authority shall be fair and reasonable. An authority may charge fair and reasonable rates, fees, and charges to create reserves for expansion of its water and sewer or sewage disposal systems. Such rates, fees, and charges shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. However, any authority may charge and collect rates, fees, and charges to create a reserve fund for reasonable expansion of its water, sewer, or sewage disposal system. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

E. Rates, fees and charges for the service of a streetlight system shall be just and equitable, and may be based upon:

1. The portion of such system used;

2. The number and size of premises benefiting therefrom;

3. The number or average number of persons residing or working in or otherwise connected with such premises;

4. The type or character of such premises;

5. Any other factor affecting the use of the facilities furnished; or

6. Any combination of the foregoing factors.

However, the authority may fix rates and charges for the service of its streetlight system sufficient to pay all or any part of the cost of operating and maintaining such system.

F. The authority may also fix rates and charges for the services and facilities of a water system or a refuse collection and disposal system sufficient to pay all or any part of the cost of operating and maintaining facilities incident thereto for the generation or transmission of power and all or any part of the principal of or interest upon the revenue bonds issued for any such facilities incident thereto, and to pledge any surplus revenues from any such system, subject to prior pledges thereof, for such purposes. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all

or a part of their water supply from sources other than a public water system may be determined by gauging or metering or in any other manner approved by the authority.

G. No rates, fees or charges shall be fixed under subsections A through F of this section or under subdivision 10 of § 15.2-5114 until after a public hearing at which all of the users of the systems or facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing~~, setting forth the proposed schedule or schedules of rates, fees and charges,~~ *in accordance with § 15.2-1427* shall be published ~~once a week for two successive weeks in a newspaper having a general circulation in the area to be served by such systems or facilities, with the first notice appearing no more than 14 days before the hearing~~. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or facilities or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

H. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection G shall be kept on file in the office of the clerk or secretary of the governing body of each locality in which such systems or any part thereof is located, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection G. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection G.

I. No rates, fees or charges established, fixed, changed or revised before January 1, 2013, by any authority pursuant to this section or to subdivision 10 of § 15.2-5114 shall be invalidated because of any defect in or failure to publish or provide any notice required under this section or any predecessor provision.

§ 15.2-5156. Hearing; notice.

A. An ordinance or resolution creating a community development authority shall not be adopted or approved until a public hearing has been held by the governing body on the question of its adoption or approval. Notice of the public hearing shall be published ~~once a week for three successive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the hearing. The petitioning landowners shall bear the expense of publishing the notice. ~~The hearing shall not be held sooner than ten days after completion of publication of the notice.~~

B. After the public hearing and before adoption of the ordinance or resolution, the local governing body shall mail a true copy of its proposed ordinance or resolution creating the development authority to the petitioning landowners or their attorney in fact. Unless waived in writing, any petitioning landowner shall have thirty days from mailing of the proposed ordinance or resolution in which to withdraw his signature from the petition in writing prior to the vote of the local governing body on such ordinance or resolution. If any signatures on the petition are so withdrawn, the local governing body may pass the proposed ordinance or resolution only upon certification by the petitioners that the petition continues to meet the requirements of § 15.2-5152. If all petitioning landowners waive the right to withdraw their signatures from the petition, the local governing body may adopt the ordinance or resolution upon compliance with the provisions of subsection A and any other applicable provisions of law.

§ 15.2-5403. Creation of electric authority; referendum.

The governing body of a governmental unit may by ordinance, or the governing bodies of two or more governmental units may by concurrent ordinances or agreement authorized by ordinance of each of the respective governmental units, create an electric authority, under any appropriate name and title containing the words "electric authority." Upon compliance with the provisions of this section and §§ 15.2-5404 and 15.2-5405, the authority shall be a political subdivision of the Commonwealth and a body politic and corporate. Any such ordinance shall be adopted in accordance with applicable general or special laws or charter provisions providing for the adoption of ordinances of the particular governmental unit, and shall be published ~~once a week for two successive weeks prior to adoption~~ *twice* in a newspaper of general circulation within the governmental unit*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before adoption*. ~~The second publication shall not be sooner than one calendar week after the first publication.~~

No governmental unit shall participate as a member of such an authority unless and until such participation is authorized by a majority of the voters voting in a referendum held in the governmental unit on the question of whether or not the governmental unit should participate in the authority. The referendum shall be held as provided in §§ 24.2-682 and 24.2-684. The foregoing referendum requirement shall not apply to the Town of Elkton if the Town creates an authority by an ordinance that includes articles of incorporation which comply with the provisions of § 15.2-5404 and also set forth a statement that such authority shall have only the Town as its sole member throughout its life.

§ 15.2-5431.25. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of a project or any portion thereof and for the services furnished or to be furnished by the authority, or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has

issued revenue bonds as authorized by this chapter or received loan funding from other sources. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the project or systems, or facilities incident thereto, for which such bonds were issued or loans obtained, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, or other loan principal and interest, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised. The authority shall maintain records demonstrating compliance with the requirements of this section concerning the fixing and revision of rates, fees, and charges that shall be made available for inspection and copying by the public pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. No rates, fees or charges shall be fixed under subsection A until after a public hearing at which all of the users of such facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, shall be published ~~once a week for two successive weeks~~ *twice* in a newspaper having a general circulation in the area to be served by such systems, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

C. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection B shall be kept on file in the office of the clerk or secretary of the governing body of the locality, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection B. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection B.

D. Connection fees established by any authority shall be fair and reasonable. Such fees shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

§ 15.2-5704. Powers of authority.

Each authority shall be deemed to be performing essential governmental functions providing for the public health and welfare, and is authorized and empowered:

1. To have existence for such term of years as specified by the participating localities;

2. To adopt bylaws for the regulation of its affairs and the conduct of its business;

3. To adopt an official seal and alter the same at pleasure;

4. To maintain an office at such place or places as it may designate;

5. To sue and be sued;

6. To acquire, purchase, lease as lessee, construct, reconstruct, improve, extend, operate and maintain parks within, or partly within and partly outside, one or more of the participating localities; to acquire by gift, purchase or the exercise of the right of eminent domain lands or rights in land or water rights in connection therewith; and to sell, lease as lessor, transfer or dispose of any property or interest therein acquired by it; however, the power of eminent domain shall not extend beyond the geographical limits of the localities composing the authority;

7. To regulate the uses of all lands and facilities under control of the authority;

8. To locate and operate a retail fee-based electric vehicle charging station on property under the jurisdiction of the authority; to provide that the use of such station is restricted to the employees of the locality, authority, and authorized visitors; and to install signage that provides notice of such restriction;

9. To issue revenue bonds and revenue refunding bonds of the authority, such bonds to be payable solely from revenues derived from the use of the facilities or the furnishing of park services;

10. To accept grants and gifts from the localities forming or thereafter joining the authority, the Commonwealth, the federal government or any other governmental bodies or political subdivisions, and from any other person;

11. To enter into contracts with the federal government, the Commonwealth, any political subdivision, or any agency or instrumentality thereof, or with any other person providing for or relating to the furnishing of park services or facilities;

12. 13. To exercise the same rights for acquiring property for the construction or improvement, maintenance or operation of a park as the locality or localities by which such authority is created may exercise. The governing body of any participating locality, notwithstanding any contrary provision of law, general or special, is authorized and empowered to transfer jurisdiction over, to lease, lend, grant or convey to the authority, upon the request of the authority, upon such terms and conditions as the governing body of such locality may agree with the authority as reasonable and fair, real or personal

property as may be necessary or desirable in connection with the acquisition, construction, improvement, operation or maintenance of a park, including public roads and other property already devoted to public use. Agreements may be entered into by the authority with the Commonwealth, or any agency acting on behalf of the Commonwealth, for the acquisition of any lands or property, owned or controlled by the Commonwealth, for the purposes of construction or improvement, maintenance or operation of a park;

14. In the event of annexation by a municipality not a member of the authority of lands, areas, or territory served by the authority, then such authority may continue to do business, exercise its jurisdiction over properties and facilities in and upon or over such lands, areas or territory as long as any bonds or indebtedness remain outstanding or unpaid, or any contracts or other obligations remain in force;

15. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter, including a trust agreement or trust agreements securing any revenue bonds or revenue refunding bonds issued hereunder;

16. To do all acts and things necessary or convenient to carry out the powers granted by this chapter;

17. To borrow, at such rates of interest as the law authorizes, from the federal government or any agency thereof, individuals, partnerships, or private or municipal corporations, for the purpose of acquiring parklands and improvements thereon; to issue its notes, bonds or other obligations; to secure such obligations by mortgage or pledge of the property and improvements being acquired and the income derived therefrom; and to use any revenues and other income of the authority for payment of interest and retirement of principal of such obligations provided that prior approval of the governing body of the locality shall be obtained by an authority that was created by a single locality. Any locality which has formed or joined an authority may lend money to the authority. The power to borrow set forth in this subdivision shall be in addition to the power to issue revenue bonds and revenue refunding bonds set forth in subdivision 9 and § 15.2-5712. Notes, bonds or other obligations issued under this subdivision shall not be deemed to constitute a debt of the Commonwealth or of any political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any political subdivision of the Commonwealth; and

18. To adopt such rules and regulations from time to time, not in conflict with the laws of this Commonwealth, concerning the use of properties under its control as will tend to the protection of such property and the public thereon. No such rule or regulation shall be adopted until after ~~descriptive~~ notice of an intention to propose such rule or regulation for passage has been published in accordance with the procedures required for the adoption of general county ordinances and emergency county ordinances as set forth in § 15.2-1427, mutatis mutandis. ~~The full text of any proposed rule or regulation shall be available for public inspection and copying during regular office hours of the authority at a place designated in the published notice.~~

§ 15.2-5806. Public hearings; notice; reports.

A. At least sixty days prior to selecting a site for a major league or minor league baseball stadium, the Authority shall hold a public hearing within thirty miles of the site proposed to be acquired for the purpose of soliciting public comment.

B. Except as otherwise provided herein, ~~at least seven days prior to the public hearing required by this section,~~ the Authority shall notify the local governing body in which the major league or minor league baseball stadium is proposed to be located and advertise the notice in a newspaper of general circulation in that locality *no less than seven days before the public hearing*. The notice shall include: (i) a description of the site proposed to be acquired, (ii) the intended use of the site, and (iii) the date, time, and location of the public hearing. After receipt of the notice required by this section, the local governing body in which a major league or minor league baseball stadium is proposed to be located may require that this period be extended for up to sixty additional days or for such other time period as agreed upon by the local governing body and the Authority.

C. At least thirty days before acquiring or entering into a lease involving a major league or minor league baseball stadium and before entering into a construction contract involving a major league or minor league baseball stadium or stadium site, the Authority shall submit a detailed written report and the findings of the Authority that justify the proposed acquisition, lease, or contract to the General Assembly. The report and findings shall include a detailed plan of the method of funding and the economic necessity of the proposed acquisition, lease, or contract.

D. The time periods in subsections A, B, and C of this section may not run concurrently.

E. The Commonwealth shall not enter into any purchase agreement, lease agreement, lease-purchase agreement, master lease agreement or any other contractual arrangement that creates a direct or contingent financial obligation of the Commonwealth unless such agreement or arrangement has first been submitted to the State Treasurer sufficiently prior to the execution of such agreement or arrangement to allow the State Treasurer to undertake a review for the purposes of determining (i) whether the agreement or arrangement may constitute tax-supported debt of the Commonwealth and (ii) the potential impact of the agreement or arrangement on the debt capacity and credit ratings of the Commonwealth. If after such review the State Treasurer determines that the agreement or arrangement may constitute tax-supported debt of the Commonwealth, or may have an adverse impact on the debt capacity or the credit ratings of the Commonwealth, the agreement or arrangement and any associated financing shall be submitted to the Treasury Board for review and approval of terms and structures in a manner consistent with § 2.2-2416.

F. The Commonwealth shall not enter into any purchase agreement, lease agreement, lease-purchase agreement, master lease agreement or any other contractual arrangement that creates a direct or contingent financial obligation of the

Commonwealth unless such agreement or arrangement has first been reviewed and approved as required by subsection E and subsequently approved in writing by the Governor.

After the public hearing has been conducted pursuant to this section, the governing body shall be empowered to create a land bank entity or designate a planning district commission or an existing nonprofit entity.

§ 21-114. Hearing and notice thereof.

Upon the filing of the petition, the governing body of a county shall fix a day for a hearing on the question of the proposed sanitary district, which hearing shall embrace a finding of fact of whether creation of the proposed district or enlargement of the existing district is necessary, practical, fiscally responsible, and supported by at least 50 percent of persons who own real property in (i) the proposed district or (ii) in cases of enlargement, the area proposed to be included in an existing district. All interested persons who reside in or who own real property in (a) a proposed district or (b) an existing district in cases of enlargement shall have the right to appear and show cause why the property under consideration should or should not be included in the proposed district or enlargement of same at such hearing. Such hearing shall be subject to minimum standards regarding timeliness; notice of such hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in some newspaper of general circulation within the county to be designated by the governing body, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. No such district shall be created until the notice has been given and the hearing had.

§ 21-117.1. Abolishing sanitary districts.

Notice of such hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in some newspaper of general circulation within the county to be designated by the governing body of the county, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. Any interested parties may appear and be heard on any matters pertaining to the subject of the hearing.

Upon the hearing, such ordinance shall be adopted as to the governing body of the county may seem equitable and proper, concerning the abolition of the district and as to the funds on hand to the credit of the district, provided, however, that no such ordinance shall be adopted abolishing the sanitary district unless any bonds of the sanitary district that have theretofore been issued have been redeemed and the purposes for which the sanitary district was created have been completed, or unless all obligations and functions of the sanitary district have been taken over by the county as a whole, or unless the purposes for which the sanitary district was created are impractical or impossible of accomplishment and no obligations have been incurred by said sanitary district.

§ 21-146. Notice of hearing on petition for creation.

Upon the presentation of a petition complying with the requirements of this article, praying for the creation of a sanitation district, fixing the boundaries thereof and naming the counties, cities and towns which in whole or in part are to be embraced therein, the circuit court of any such county, or of any county in which any such town is situated, or the corporation court of any such city shall make an order filing such petition and fixing a day for a hearing by such court on such petition and the question of the creation of the proposed sanitation district. § 21-229. Notice of hearing on petition for creation.

Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation published in a county in which such project is located in whole or in part, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing. The determination of the board of viewers shall be final.

§ 22.1-37. Notice by commission of meeting for appointment.

Such notice shall be given whether the appointment is of a member or members of the county school board for the full term of office as provided by law or of a member to fill a vacancy occurring in the membership of the county school board or of a member from a new school district.

§ 30-140. Certain political subdivisions to file report of audit; period in which report kept as public record; when audit not required; sworn statement of exempted entities; publication of summary of financial condition; repeal of conflicting provisions.

A. Each authority, commission, district, or other political subdivision the members of whose governing body are not elected by popular vote shall annually, within five months after the end of its fiscal year, have an audit performed covering its financial transactions for such fiscal year according to the specifications of the Auditor of Public Accounts and file with the Auditor of Public Accounts a copy of the report, unless exempted in accordance with subsection B.

Each authority, commission, district, or other political subdivision the members of whose governing body are not elected by popular vote and which is reported in the Commonwealth's Comprehensive Annual Financial Report as determined by the State Comptroller and the Auditor of Public Accounts shall annually, within three months after the end of its fiscal year, have an audit performed covering its financial transactions for such fiscal year according to the specifications of the Auditor of Public Accounts and file with the Auditor of Public Accounts a copy of the report, unless exempted in accordance with subsection B.

The Auditor of Public Accounts shall receive such reports required by this subsection and keep the same as public records for a period of 10 years from their receipt.

B. No audit, however, shall be required for any fiscal year during which such entity's financial transactions did not exceed the sum of $25,000.

As used in this section, "financial transactions" shall not include financial transactions involving notes, bonds, or other evidences of indebtedness of such entity the proceeds of which are held or advanced by a corporate trustee or other financial institution and not received or disbursed directly by such entity.

In the event an audit is not required, the entity shall file a statement under oath certifying that the transactions did not exceed such sum and, as to all transactions involving notes, bonds, or other evidences of indebtedness that are exempted, the statement shall be accompanied by an affidavit from the trustee or financial institution certifying that it has performed the duties required under the agreement governing such transactions. Notwithstanding the foregoing, the Auditor of Public Accounts may require an audit if he deems it to be necessary to determine the propriety of the entity's financial transactions.

In the case of a water and sewer authority required by a governing body to have an audit conducted as specified in § 15.2-5145, the authority shall file the certified audit with the Auditor of Public Accounts.

At the time the report required by this section is filed with the Auditor of Public Accounts every such authority, commission, district, or other political subdivision, except those exempted from the audit report requirement, shall publish, in a newspaper of general circulation in the county, city, or town wherein the authority, commission, district, or other political subdivision is located, ~~a summary statement reflecting the financial condition of the authority, commission, district,~~

~~or other political subdivision, which shall include~~ a reference to where ~~the~~ *a* detailed statement *reflecting the financial condition of the authority, commission, district, or other political subdivision* may be found.

Any provision of law, general or special, which by its terms requires an audit that is not required by this section shall be repealed to the extent of any conflict.

§ 33.2-331. Annual meeting with county officers; six-year plan for secondary state highways; certain reimbursements required.

For purposes of this section, "cancellation" means complete elimination of a highway construction or improvement project from the six-year plan.

The governing body of each county in the secondary state highway system may, jointly with the representatives of the Department as designated by the Commissioner of Highways, prepare a six-year plan for the improvements to the secondary state highway system in that county. Each such six-year plan shall be based upon the best estimate of funds to be available to the county for expenditure in the six-year period on the secondary state highway system. Each such plan shall list the proposed improvements, together with an estimated cost of each project so listed. Following the preparation of the plan in any year in which a proposed new funding allocation is greater than $100,000, the board of supervisors or other local governing body shall conduct a public hearing after publishing notice *twice* in a newspaper published in or having general circulation in the county ~~once a week for two successive weeks~~, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing, and posting notice of the proposed hearing at the front door of the courthouse of such county 10 days before the meeting. At the public hearings, which shall be conducted jointly by the board of supervisors and the representative of the Department, the entire six-year plan shall be discussed with the citizens of the county and their views considered. Following the discussion, the local governing body, together with the representative of the Department, shall finalize and officially adopt the six-year plan, which shall then be considered the official plan of the county.

At least once in each calendar year in which a proposed new funding allocation is greater than $100,000, representatives of the Department in charge of the secondary state highway system in each county, or some representative of the Department designated by the Commissioner of Highways, shall meet with the governing body of each county in a regular or special meeting of the local governing body for the purpose of preparing a budget for the expenditure of improvement funds for the next fiscal year. The representative of the Department shall furnish the local governing body with an updated estimate of funds, and the board and the representative of the Department shall jointly prepare the list of projects to be carried out in that fiscal year taken from the six-year plan by order of priority and following generally the policies of the Board in regard to the statewide improvements to the secondary state highway system. In any year in which a proposed new funding allocation is greater than $100,000, such list of priorities shall then be presented at a public hearing duly advertised in accordance with the procedure outlined in this section, and comments of citizens shall be obtained and considered. Following this public hearing, the board, with the concurrence of the representative of the Department, shall adopt, as official, a priority program for the ensuing year, and the Department shall include such listed projects in its secondary highways budget for the county for that year.

At least once every two years following the adoption of the original six-year plan, the governing body of each county, together with the representative of the Department, may update the six-year plan of the county by adding to it and extending it as necessary so as to maintain it as a plan encompassing six years. Whenever additional funds for secondary highway purposes become available, the local governing body may request a revision in its six-year plan in order that such plan be amended to provide for the expenditure of the additional funds. Such additions and extensions to each six-year plan shall be prepared in the same manner and following the same procedures as outlined herein for its initial preparation. Where the local governing body and the representative of the Department fail to agree upon a priority program, the local governing body may appeal to the Commissioner of Highways. The Commissioner of Highways shall consider all proposed priorities and render a decision establishing a priority program based upon a consideration by the Commissioner of Highways of the welfare and safety of county citizens. Such decision shall be binding.

Nothing in this section shall preclude a local governing body, with the concurrence of the representative of the Department, from combining the public hearing that may be required pursuant to this section for revision of a six-year plan with the public hearing that may be required pursuant to this section for review of the list of priorities, provided that notice of such combined hearing is published in accordance with procedures provided in this section.

All such six-year plans shall consider all existing highways in the secondary state highway system, including those in the towns located in the county that are maintained as a part of the secondary state highway system, and shall be made a public document.

If any county cancels any highway construction or improvement project included in its six-year plan after the location and design for the project has been approved, such county shall reimburse the Department the net amount of all funds expended by the Department for planning, engineering, right-of-way acquisition, demolition, relocation, and construction between the date on which project development was initiated and the date of cancellation. To the extent that funds from secondary highway allocations have been expended to pay for a highway construction or improvement project, all revenues generated from a reimbursement by the county shall be deposited into that same county's secondary highway allocation. The Commissioner of Highways may waive all or any portion of such reimbursement at his discretion.

The provisions of this section shall not apply in instances where less than 100 percent of the right-of-way is available for donation for unpaved highway improvements.

§ 33.2-723. Assumption of district highway indebtedness by counties.

A. Any county may assume the payment of and pay any outstanding indebtedness of any magisterial district or districts thereof incurred for the purpose of constructing public highways that were subsequently taken over by the Commonwealth, provided the assumption thereof is approved by a majority of the qualified voters of the county voting on the question at an election to be held as provided in this section.

B. The governing body of the county may, by a resolution entered of record in its minute book, require the judges of election to open a poll at the next regular election and take the sense of the qualified voters of the county upon the question whether or not the county shall assume the highway indebtedness of _____ district, or _____ districts. The local governing body shall cause notice of such election to be given by the posting of written notice thereof at the front door of the county courthouse at least 30 days prior to the date the same is to be held and by publication thereof ~~once a week for two successive weeks~~ *twice* in a newspaper published or having general circulation in the county, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the election. Such notice shall set forth the date of such election and the question to be voted on.

C. The ballots for use in voting upon the question so submitted shall be prepared, printed, distributed, voted, and counted and the returns made and canvassed in accordance with the provisions of § 24.2-684. The results shall be certified by the commissioners of election to the county clerk, who shall certify the same to the governing body of the county, and such returns shall be entered of record in the minute book of the local governing body.

D. If a majority of the voters voting on the question vote in favor of the assumption by the county of the highway indebtedness of any district of the county, such indebtedness shall become and be an obligation of the county and as binding thereon as if the same had been originally contracted by the county. In such event the governing body of the county is authorized to levy and collect taxes throughout the county for the payment of the district indebtedness so assumed, both as to principal and interest.

E. Nothing contained in this section shall affect the validity of such district highway obligations in the event that the result of such election is against the assumption thereof by the county, but they shall continue to be as valid and binding in all respects as they were in their inception.

§ 33.2-909. Abandonment of highway, landing, or railroad crossing; procedure.

A. The governing body of any county on its own motion or upon petition of any interested landowner may cause any section of the secondary state highway system, or any crossing by the highway of the lines of a railroad company or crossing by the lines of a railroad company of the highway, deemed by it to be no longer necessary for the uses of the secondary state highway system to be abandoned altogether as a public highway, a public landing, or a public railroad crossing by complying substantially with the procedure provided in this section.

B. The governing body of the county shall give notice of its intention to abandon any such highway, landing, or railroad crossing (i) by posting a notice of such intention at least three days before the first day of a regular term of the circuit court at the front door of the courthouse of the county in which the section of the highway, landing, or railroad crossing sought to be abandoned as a public highway, public landing, or public railroad crossing is located or (ii) by posting notice in at least three places on and along the highway, landing, or railroad crossing sought to be abandoned for at least 30 days and in either case by publishing notice of its intention in two or more issues of a newspaper having general circulation in the county. In addition, the governing body of the county shall give notice of its intention to abandon such highway, landing, or railroad crossing to the Board or the Commissioner of Highways. In any case in which the highway, landing, or railroad crossing proposed to be abandoned lies in two or more counties, the governing bodies of such counties shall not abandon such highway, landing, or railroad crossing unless and until all affected governing bodies agree. The procedure in such cases shall conform mutatis mutandis to the procedure prescribed for the abandonment of a highway, landing, or railroad crossing located entirely within a county.

When the governing body of a county gives notice of intention to abandon a public landing, the governing body shall also give such notice to the Department of Wildlife Resources.

C. If one or more landowners in the county whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section, or the Board or the Department of Wildlife Resources, in the case of a public landing, files a petition with the governing body of the county within 30 days after notice is posted and published as provided in this section, the governing body of the county shall hold a public hearing on the proposed abandonment and shall give notice of the time and place of the hearing by publishing such information ~~once a week for two successive weeks~~ *twice* in a newspaper having general circulation in the county, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing. The governing body shall also give notice to the Board or, if a public landing is sought to be abandoned, to the Department of Wildlife Resources.

D. If a petition for a public hearing is not filed as provided in this section, or if after a public hearing is held the governing body of the county is satisfied that no public necessity exists for the continuance of the section of the secondary highway as a public highway or the railroad crossing as a public railroad crossing or the landing as a public landing or that the safety and welfare of the public would be served best by abandoning the section of highway, the landing, or the railroad crossing as a public highway, public landing, or public railroad crossing, the governing body of the county shall (i) within four months of the 30-day period during which notice was posted where no petition for a public hearing was filed or (ii) within four months after the public hearing adopt an ordinance or resolution abandoning the section of highway as a

public highway, or the landing as a public landing, or the railroad crossing as a public railroad crossing, and with that ordinance or resolution the section of highway shall cease to be a public highway, a public landing, or a public railroad crossing. If the governing body is not so satisfied, it shall dismiss the application within the applicable four months provided in this subsection.

E. A finding by the governing body of a county that a section of the secondary state highway system is no longer necessary for the uses of the secondary state highway system may be made if the following conditions exist:

1. The highway is located within a residence district as defined in § 46.2-100;

2. The residence district is located within a county having a density of population exceeding 1,000 per square mile;

3. Continued operation of the section of highway in question constitutes a threat to the public safety and welfare; and

4. Alternate routes for use after abandonment of the highway are readily available.

F. In considering the abandonment of any section of highway under the provisions of this section, due consideration shall be given to the historic value, if any, of such highway.

G. Any ordinance or resolution of abandonment issued in compliance with this section shall give rise in subsequent proceedings, if any, to a presumption of adequate justification for the abandonment.

H. No public landing shall be abandoned unless the Board of Wildlife Resources shall by resolution concur in such abandonment.

§ 33.2-2001. Creation of district.

A. A district may be created in a single locality or in two or more contiguous localities. If created in a single locality, a district shall be created by a resolution of the local governing body. If created in two or more contiguous localities, a district shall be created by the resolutions of each of the local governing bodies. Any such resolution shall be considered only upon the petition, to each local governing body of the locality in which the proposed district is to be located, of the owners of at least 51 percent of either the land area or the assessed value of land in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes. Any proposed district within a county or counties may include any land within a town or towns within the boundaries of such county or counties.

B. The petition to the local governing body or bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto which the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing body or bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, the governing body shall deliver a copy of the petition and notice of the public hearing to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if it wishes such property located within the town to be included within the proposed district and shall deliver a copy of any such resolution to the local governing body at the public hearing required by this section. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing.

D. If each local governing body finds the creation of the proposed district would be in furtherance of the locality's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, then each local governing body may pass a resolution, which shall be reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with state or federal law.

Each resolution creating a district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2014. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature

on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signatures on the petition are withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After all local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The _____ Transportation Improvement District."

§ 33.2-2101. Creation of district.

A. A district may be created in a county by a resolution of the governing body. Any such resolution shall be considered only upon the petition, to the governing body, of the owners of at least 51 percent of either the land area or the assessed value of real property that (i) is within the boundaries of the proposed district, (ii) has been zoned for commercial or industrial use or is used for such purposes, and (iii) would be subject to the annual special improvement tax authorized by § 33.2-2105 if the proposed district is created. Any proposed district within a county may include any real property within a town or towns within the boundaries of such county.

B. The petition to the governing body shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the governing body to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, the governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, a copy of the petition and notice of the public hearing shall be delivered to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if the town council wishes any property located within the town to be included within the proposed district and any such resolution shall be delivered to the governing body prior to the public hearing required by this section. Such resolution shall be binding upon the governing body with respect to the inclusion or exclusion of such properties within the proposed district. If that resolution permits any commercial or industrial property located within a town to be included in the proposed district, then if requested to do so by the petition the town council of any town that has adopted a zoning ordinance also shall pass a resolution, to be effective upon creation of the proposed district, that is consistent with the requirements of subsection E with respect to commercial and industrial zoning classifications that shall be in force in that portion of the town included in the district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. Such public hearing may be adjourned from time to time.

D. If the governing body finds the creation of the proposed district would be in furtherance of the county's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, the governing body may pass a resolution that is reasonably consistent with the petition, that creates the district upon final adoption, and that provides for the appointment of an advisory board in accordance with this chapter upon final adoption. Any such resolution shall be conclusively presumed to be reasonably consistent with the petition if, following the public hearing, as provided in the following provisions of this section, the petition continues to comply with the provisions of this section with respect to the criteria relating to minimum acreage or assessed valuation.

E. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that apply within the district, but not within any town within the district that has adopted a zoning ordinance, that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change, (ii) as required to comply with the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or the regulations adopted pursuant thereto, (iii) as required to comply with the provisions of the federal Clean Water Act regarding municipal and industrial stormwater discharges (33 U.S.C. § 1342(p)) and regulations promulgated thereunder by the federal Environmental Protection Agency, or (iv) as specifically required to comply with any other state or federal law.

F. A resolution creating a district shall also provide (i) that the district shall expire 50 years from the date upon which the resolution is passed or (ii) that the district shall expire when the district is abolished in accordance with § 33.2-2115. After the public hearing, the governing body may adopt a proposed resolution creating the district. No later than two business days following the adoption of the proposed resolution, copies of the proposed resolution shall be available in the

office of the clerk of the governing body for inspection and copying by the petitioning landowners and their representatives, by members of the public, and by representatives of the news media. No later than seven business days following the adoption of the proposed resolution, any petitioning landowner may notify the clerk of the governing body in writing that the petitioning landowner is withdrawing his signature from the petition. Within the same seven-day period, the owner of any property in the proposed district that will be subject to the annual special improvements tax authorized by § 33.2-2105, if the proposed district is created, or the attorney-in-fact of any such owner may notify the clerk of the governing body in writing that he is adding his signature to the petition. The governing body may then proceed to final adoption of the proposed resolution following that seven-day period. If any petitioner has withdrawn his signature from the petition during that seven-day period, then the governing body may readopt the proposed resolution only if the petition, including any landowners who have added their signatures after adoption of the proposed resolution, continues to meet the provisions of this section. After the governing body has readopted the resolution creating the district, the district shall be established and the name of the district shall be "The _____ _____ Transportation Improvement District."

§ 33.2-2701. Creation of district.

A. A district may be created in the City of Charlottesville and the County of Albemarle by resolutions of such localities' governing bodies. Such resolutions shall be considered upon the petition to each governing body of a locality in which the proposed district by the owners of at least 51 percent of either the land area or the assessed value of land, in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes.

B. The petition to the local governing bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing.

D. If both local governing bodies find the creation of the proposed district would be in furtherance of their comprehensive plans for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, both local governing bodies may pass resolutions that are reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolutions shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with all related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with federal or state law.

Each resolution creating the district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2714. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signature on the petition is withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After both local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The Charlottesville-Albemarle Transportation Improvement District."

§ 58.1-3245.2. Tax increment financing.

A. The governing body of any county, city or town may adopt tax increment financing by passing an ordinance designating a development project area and providing that real estate taxes in the development project area shall be assessed, collected and allocated in the following manner for so long as any obligations or development project cost commitments secured by the Tax Increment Financing Fund, hereinafter authorized, are outstanding and unpaid.

1. The local assessing officer shall record in the land book both the base assessed value and the current assessed value of the real estate in the development project area.

2. Real estate taxes attributable to the lower of the current assessed value or base assessed value of real estate located in a development project area shall be allocated by the treasurer or director of finance pursuant to the provisions of this chapter.

3. Real estate taxes attributable to the increased value between the current assessed value of any parcel of real estate and the base assessed value of such real estate shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Tax Increment Financing Fund" to pay the principal and interest on obligations issued or development project cost commitments entered into to finance the development project costs.

B. The governing body shall hold a public hearing on the need for tax increment financing in the county, city or town prior to adopting a tax increment financing ordinance. Notice of the public hearing shall be published ~~once each week for three consecutive weeks immediately preceding the public hearing~~ *three times* in each newspaper of general circulation in such county, city or town, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. The notice shall include the time, place and purpose of the public hearing, define tax increment financing, indicate the proposed boundaries of the development project area, and propose obligations to be issued to finance the development project area costs.

§ 58.1-3245.8. Adoption of local enterprise zone development taxation program.

A. The governing body of any county, city, or town may adopt a local enterprise zone development taxation program by passing an ordinance designating an enterprise zone located within its boundaries as a local enterprise zone; however, an ordinance may designate an area as a local enterprise zone contingent upon the designation of the area as an enterprise zone pursuant to Chapter 49 (§ 59.1-538 et seq.) of Title 59.1. If the county, city, or town contains more than one enterprise zone, such ordinance may designate one or more as a local enterprise zone. If an enterprise zone is located in more than one county, city, or town, the governing body may designate the portion of the enterprise zone located within its boundaries as a local enterprise zone. An ordinance designating a local enterprise zone shall provide that all or a specified percentage of the real estate taxes, machinery and tools taxes, or both, in the local enterprise zone shall be assessed, collected and allocated in the following manner:

1. The local assessing officer shall record in the appropriate books both the base assessed value and the current assessed value of the real estate or machinery and tools, or both, in the local enterprise zone.

2. Real estate taxes or machinery and tools taxes attributable to the lower of the current assessed value or base assessed value of real estate or machinery and tools located in a local enterprise zone shall be allocated by the treasurer or director of finance as they would be in the absence of such ordinance.

3. All or the specified percentage of the increase in real estate taxes or machinery and tools taxes, or both, attributable to the difference between (i) the current assessed value of such property and (ii) the base assessed value of such property shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Local Enterprise Zone Development Fund" to be used as provided in § 58.1-3245.10. Such amounts paid into the fund shall not include any additional revenues resulting from an increase in the tax rate on real estate or machinery and tools after the adoption of a local enterprise zone development taxation ordinance, nor shall it include any additional revenues merely resulting from an increase in the assessed value of real estate or machinery and tools which were located in the zone prior to the adoption of a local enterprise zone development taxation ordinance unless such property is improved or enhanced.

B. The governing body shall hold a public hearing on the need for a local enterprise zone development taxation program in the county, city, or town prior to adopting a local enterprise zone development taxation ordinance. Notice of the public hearing shall be published ~~once each week for three consecutive weeks immediately preceding the public hearing~~ *three times* in each newspaper of general circulation in such county, city, or town, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. The notice shall include the time, place and purpose of the public hearing; define local enterprise zone development taxation; indicate the proposed boundaries of the local enterprise zone; state whether all or a specified percentage of real property or machinery or tools, or both, will be subject to local enterprise zone development taxation; and describe the purposes for which funds in the Local Enterprise Zone Development Fund are authorized to be used.

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings; referendum.

A. When any annual assessment, biennial assessment, or general reassessment of real property by a county, city, or town would result in an increase of one percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A if any such increase is deemed to be necessary by such governing body.

C. Notice of any public hearing held pursuant to this section shall be given at least seven days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business~~, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year~~. Additionally, in a county, city, or town that conducts its reassessment more than once every four years, the notice for any public hearing held pursuant to this section shall be published on a different day and in a different notice from any notice published for the annual budget hearing. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by __ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be____ $ per $100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of ____ $ per $100 of assessed value. The difference between the lowered tax rate and the proposed rate would be ____ $ per $100, or__ (name of the county, city or town) $ $ percent . This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of the county, city or town) will exceed last year's by __ (name of the county, city or town) percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

D. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

E. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

F. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before June 30 of each year may be fixed on or before May 15 of that tax year.

§ 62.1-44.15:33. (Effective until July 1, 2024) Authorization for more stringent ordinances.

A. Localities that are VSMP authorities are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing.

B. Localities that are VSMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:33. (Effective July 1, 2024) Authorization for more stringent ordinances.

A. Localities that are serving as VESMP authorities are authorized to adopt more stringent soil erosion control or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing. This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:34. However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.

B. Localities that are serving as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such stormwater management ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department

shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local erosion and sediment control or stormwater management program in existence before January 1, 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section if the locality chooses to retain such provisions when it becomes a VESMP authority. However, such provisions shall be reported to the Board at the time of submission of the locality's VESMP approval package.

2. That any community development authority created by ordinance or resolution, or whose creating ordinance or resolution was amended, between July 1, 2023, and June 30, 2024, in accordance with § 15.2-5155 of the Code of Virginia, shall be declared to be validly created, and any such ordinance or resolution shall be declared to be validly adopted, notwithstanding any failure to strictly comply with the public hearing notice requirements of subsection A of § 15.2-5156 of the Code of Virginia, as amended by this act, in the creation and adoption thereof.

"Service member" means a member of the Virginia National Guard or the Virginia Defense Force.

"State of emergency" has the same meaning as provided in § 44-146.16.

B. If the Governor has declared a state of emergency that activated the Virginia National Guard or the Virginia Defense Force, then the Department is authorized to pay, for any service member who has served under such activation for a period of at least 14 consecutive days, the portion of the premium for such service member's health care coverage previously paid by the service member's employer, provided that the service member provides satisfactory evidence to the Department demonstrating that (i) immediately prior to being called to state active duty, the service member was employed and received health care coverage through his employer, (ii) the employer paid a premium to maintain the service member's health care coverage, and (iii) as a result of the service member's state active duty status, the employer is no longer paying such premium.

C. Any payment made by the Department pursuant to this section shall cover only the portion of the premium previously paid by the service member's employer from day 15 of the service member's state active duty until the date the service member is discharged from state active duty. Such payments may also cover dependents of the service member.

D. The Department may use the sum sufficient identified in the relevant state of emergency declaration for any payment authorized by this section.

Such authorization shall be limited to 90 days after the date of the service member's injury. The Adjutant General shall limit pay and allowances to the service member to the lesser of either the amount that the service member received from his civilian employment prior to his mobilization or the amount of federal active duty pay and allowances for that service member's rank and years of service.

CHAPTER 227

The fee for such permit shall be as provided in § 46.2-1140.1.

The permit shall not designate the route to be traversed nor contain restrictions or conditions not applicable to other vehicles in their general use of the highways. However, no such permit shall authorize violation of any weight limitation applicable to bridges or culverts, as promulgated and posted in accordance with § 46.2-1130. Nothing contained in this section shall authorize any extension of weight limits provided in § 46.2-1127 for operation on interstate highways. Each vehicle, when loaded according to the provisions of a permit issued under this section, shall be operated at a reduced speed of 10 miles per hour slower than the legal speed limit on any highway with a speed limit above 30 miles per hour.

B. No person shall leave any motor vehicle, trailer, semitrailer, or part or combination thereof immobilized or unattended on or adjacent to any roadway if it constitutes a hazard in the use of the highway. No person shall leave any immobilized or unattended motor vehicle, trailer, semitrailer, or part or combination thereof longer than 24 hours on or adjacent to any roadway outside the corporate limits of any city or town, or on an interstate highway or limited access highway, expressway, or parkway inside the corporate limits of any city or town. Before obtaining possession of the motor vehicle, trailer, semitrailer, or combination, its owner or successor in interest to ownership shall pay to the parties entitled thereto all costs incidental to its removal or storage. CHAPTER 233

An Act to amend and reenact §§ 58.1-339.3 and 58.1-439.5 of the Code of Virginia, relating to agricultural best management practices tax credit; sunset date.

[S 297]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-339.3 and 58.1-439.5 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-339.3. Agricultural best management practices tax credit.

A. 1. As used in this section, "agricultural best management practice" means a practice approved by the Virginia Soil and Water Conservation Board that will provide a significant improvement to water quality in the state's streams and rivers and the Chesapeake Bay and is consistent with other state and federal programs that address agricultural, nonpoint source pollution management. A detailed list of the standards and criteria for agricultural best management practices eligible for credit shall be found in the most recently approved "Virginia Agricultural BMP Manual" published annually prior to July 1 by the Department of Conservation and Recreation.

2. For all taxable years beginning on and after January 1, 1998, but before January 1, ~~2025~~ *2030*, any individual who is engaged in agricultural production for market, or has equines that create needs for agricultural best management practices to reduce nonpoint source pollutants, and has in place a soil conservation plan approved by the local Soil And Water Conservation District (SWCD), shall be allowed a refundable credit against the tax imposed by § 58.1-320 in an amount equaling 25 percent of the first $100,000 expended for agricultural best management practices by the individual.

3. For all taxable years beginning on and after January 1, 2021, but before January 1, ~~2025~~ *2030*, any individual who is engaged in agricultural production for market, or who has equines that create needs for agricultural best management

practices to reduce nonpoint source pollutants, and has in place a resource management plan approved by the local SWCD shall be allowed a refundable credit against the tax imposed by § 58.1-320 in an amount equaling 50 percent of the first $100,000 expended for agricultural best management practices implemented by the individual on the acreage included in the resource management plan.

B. 1. Any eligible practice approved by the local Soil and Water Conservation District Board shall be completed within the taxable year in which the credit is claimed. After the practice installation has been completed, the local SWCD Board shall certify the practice as approved and completed, and eligible for credit. The applicant shall forward the certification to the Department of Taxation on forms provided by the Department. The credit shall be allowed only for expenditures made by the taxpayer from funds of his own sources.

2. To the extent that a taxpayer participates in the Virginia Agricultural Best Management Practices Cost-Share Program, the taxpayer may claim the credit under subdivision A 2 for any remaining liability after such cost-share, but may not claim the credit under subdivision A 3 for any such remaining liability, subject to the other provisions of this section. For purposes of this subdivision, "liability after such cost-share" means the limitation of the tax credits to the total costs incurred by the taxpayer for agricultural best management practices reduced by any funding received by participation in the Virginia Agricultural Best Management Practices Cost-Share Program.

C. 1. The aggregate amount of such credit claimed under subdivisions A 2 and 3 shall not exceed $75,000 or the total amount of the tax imposed by this chapter, whichever is less, in the year the project was completed, as certified by the Board. Any taxpayer claiming a tax credit under this section shall not claim a credit under any similar Virginia law for costs related to the same eligible practices. A taxpayer may not claim credit for the same practice in the same management area under both subdivisions A 2 and A 3.

2. If the amount of the credit exceeds the taxpayer's liability for such taxable year, the excess may be refunded by the Tax Commissioner. Tax credits shall be refunded by the Tax Commissioner on behalf of the Commonwealth for 100 percent of face value. Tax credits shall be refunded within 90 days after the filing date of the income tax return on which the individual applies for the refund.

D. For purposes of this section, the amount of any credit attributable to agricultural best management practices by a pass-through entity such as a partnership, limited liability company, or electing small business corporation (S Corporation) shall be allocated to the individual partners, members, or shareholders in proportion to their ownership or interest in such entity.

E. A pass-through tax entity, such as a partnership, limited liability company or electing small business corporation (S corporation), may appoint a tax matters representative, who shall be a general partner, member-manager or shareholder, and register that representative with the Tax Commissioner. The Tax Commissioner shall be entitled to deal with the tax matters representative as representative of the taxpayers to whom credits have been allocated by the entity under this article with respect to those credits. In the event a pass-through tax entity allocates tax credits arising under this article to its partners, members or shareholders and the allocated credits shall be disallowed, in whole or in part, such that an assessment of additional tax against a taxpayer shall be made, the Tax Commissioner shall first make written demand for payment of any additional tax, together with interest and penalties, from the tax matters representative. In the event such payment demand is not satisfied, the Tax Commissioner shall proceed to collection against the taxpayers in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.).

§ 58.1-439.5. Agricultural best management practices tax credit.

A. 1. As used in this section, "agricultural best management practice" means a practice approved by the Virginia Soil and Water Conservation Board that will provide a significant improvement to water quality in the state's streams and rivers and the Chesapeake Bay and is consistent with other state and federal programs that address agricultural, nonpoint source pollution management.

A detailed list of the standards and criteria for agricultural best management practices eligible for credit shall be found in the most recently approved "Virginia Agricultural BMP Implementation Manual" published by the Department of Conservation and Recreation.

2. For all taxable years beginning on and after January 1, 1998, but before January 1, ~~2025~~ *2030*, any corporation engaged in agricultural production for market that has in place a soil conservation plan approved by the local Soil and Water Conservation District (SWCD) shall be allowed a refundable credit against the tax imposed by § 58.1-400 of an amount equaling 25 percent of the first $100,000 expended for agricultural best management practices by the corporation.

3. For all taxable years beginning on and after January 1, 2021, but before January 1, ~~2025~~ *2030*, any corporation that is engaged in agricultural production for market, or that has equines that create needs for agricultural best management practices to reduce nonpoint source pollutants, and has in place a resource management plan approved by the local SWCD, shall be allowed a refundable credit against the tax imposed by § 58.1-400 in an amount equaling 50 percent of the first $100,000 expended for agricultural best management practices implemented by the corporation on the acreage included in the resource management plan.

B. 1. Any eligible practice approved by the local Soil and Water Conservation District Board shall be completed within the taxable year in which the credit is claimed. After the practice installation has been completed, the local SWCD Board shall certify the practice as approved and completed, and eligible for credit. The applicant shall forward the certification to the Department of Taxation on forms provided by the Department. The credit shall be allowed only for expenditures made by the taxpayer from funds of his own sources.

2. To the extent that a taxpayer participates in the Virginia Agricultural Best Management Practices Cost-Share Program, the taxpayer may claim the credit under subdivision A 2 for any remaining liability after such cost-share, but may not claim the credit under subdivision A 3 for any such remaining liability, subject to the other provisions of this section. For purposes of this subdivision, "liability after such cost-share" means the limitation of the tax credits to the total costs incurred by the taxpayer for agricultural best management practices reduced by any funding received by participation in the Virginia Agricultural Best Management Practices Cost-Share Program.

C. 1. The aggregate amount of such credit claimed under subdivisions A 2 and 3 shall not exceed $75,000 or the total amount of the tax imposed by this chapter, whichever is less, in the year the project was completed, as certified by the Board. Any taxpayer claiming a tax credit under this section shall not claim a credit under any similar Virginia law for costs related to the same eligible practices. A taxpayer may not claim credit for the same practice in the same management area under both subdivisions A 2 and A 3.

2. If the amount of the credit exceeds the taxpayer's liability for such taxable year, the excess shall be refunded by the Tax Commissioner. Tax credits shall be refunded by the Tax Commissioner on behalf of the Commonwealth for 100 percent of face value. Tax credits shall be refunded within 90 days after the filing date of the income tax return on which the taxpayer applies for the refund.

D. For purposes of this section, the amount of any credit attributable to agricultural best management practices by a partnership or electing small business corporation (S Corporation) shall be allocated to the individual partners or shareholders in proportion to their ownership or interest in the partnership or S Corporation.

CHAPTER 236

An Act to amend and reenact §§ 60.2-528.1 and 60.2-619 of the Code of Virginia, relating to unemployment compensation; employer failure to respond to requests for information; determinations and decisions by deputy.

[S 381]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 60.2-528.1 and 60.2-619 of the Code of Virginia are amended and reenacted as follows:

§ 60.2-528.1. Charging of benefits relating to certain overpayments; penalty for pattern of failure to respond to requests for information.

A. As used in this section, unless the context requires a different meaning:

"Employer," with regard to the timeliness and adequacy of responses, includes an agent of the employer used by the employer to respond to the Commission on the employer's behalf; however, an employer's agent's failure to respond timely or adequately to requests for information with regard to claims involving the agent's other clients shall not be used in determining whether the employer has established a pattern of failing to respond timely or adequately to written requests for information.

"Erroneous payment" means a payment of benefits under this title made prior to a determination by the Commission that the claimant is not eligible or qualified for the benefits paid.

"Information relating to a claim" means information material to a determination or decision by the Commission relating to the payment of benefits under this title, including separation information and information required by the Commission for the establishment of a claim for compensation and information about wages, days, and hours worked.

"Review period" means the 48 consecutive calendar month period ending on the June 30 that precedes the Commission's next annual calculation of the employer's benefit ratio pursuant to subdivision A 1 a of § 60.2-530.

"Written request" includes a request sent electronically.

B. An employer's account shall not be relieved of charges relating to an erroneous payment if the Commission determines that~~:1. The erroneous payment was made because~~ the employer *has* failed to respond timely or adequately to a written request by the Commission for information relating to the claim~~;~~ and

~~2. The~~ *the* employer has established a pattern of failing to respond timely or adequately to written requests by the Commission for information relating to claims.

C. For purposes of this section, an employer's response to a written request by the Commission for information relating to a claim shall be deemed not to be:

1. "Adequate" if it fails to provide sufficient material facts to enable the Commission to make a correct determination regarding a claim for benefits; however, (i) a response shall not be deemed inadequate if the Commission failed to request

the necessary information or if information is provided in a format other than as requested, provided that the information is capable of being read by the recipient, and (ii) there shall be a rebuttable presumption that an employer that participates in a fact-finding interview or responds fully to the questions set out on the written request for information has provided an adequate response; or

2. "Timely" if it is not made within 10 calendar days after the delivery or mailing of the Commission's request for information.

D. An employer shall be deemed to have established a pattern of failing to respond timely or adequately to written requests for information relating to claims if the Commission determines that the employer has failed to respond timely or adequately to a written request for information relating to a claim on ~~four~~ *three* or more occasions within the applicable review period. The Commission shall not find that an employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims unless the Commission has provided the employer with the notices required pursuant to subsection E. *The Commission shall include in any written request for information from an employer notice of (i) the deadline to provide a timely response, (ii) the requirement to provide an adequate response, and (iii) the consequences of such employer's failure to provide such timely and adequate response.*

E. The Commission shall provide the employer with a written notice following ~~the employer's first, second, and third determinations that~~ *each instance in which* the employer ~~failed~~ *fails* to respond timely or adequately to a written request for information relating to a claim ~~within the applicable review period~~. Each such notice shall be *electronically* delivered*, including delivery through the Employer Self-Service Tax System website maintained by the Commission,* or mailed to the ~~employer's last known address of agency record~~ *employer* and shall advise the employer of the ~~potential~~ implications of the employer's failure to respond timely or adequately to written requests for such information. *The Commission shall (i) provide employers who are not registered for a State Information Data Exchange System E-Response or System Integration Account in Virginia with the option to elect delivery of such notices to a designated mailing address and (ii) ensure such notices are delivered to a physical or electronic mailing address customarily used by the employer's designated attorney or authorized representative for unemployment insurance claim matters.*

F. *1.* Upon the Commission's ~~third~~ *second* determination within the applicable review period that an employer failed to respond timely or adequately to a written request for information relating to a claim, the Commission shall assess upon the employer a civil penalty of ~~$75~~ *$100*. A copy of the notice of assessment of a civil penalty shall be delivered or mailed to the employer with the notice of the employer's ~~third~~ *second* such failure as required pursuant to subsection E. Civil penalties collected pursuant to this subsection shall be paid into the Special Unemployment Compensation Administration Fund established pursuant to § 60.2-314. The Commission may compromise, settle, and adjust any such penalty as authorized by § 60.2-521.

2. Upon the Commission's third determination, and for each subsequent determination, within the applicable review period that an employer failed to respond timely or adequately to a written request for information relating to a claim, the employer shall be considered to have waived all rights in connection with the claim, including participation and appeal rights otherwise available pursuant to Article 5 (§ 60.2-619 et seq.) of Chapter 6, unless the employer demonstrates to the Commission that good cause exists for such failure.

G. An employer shall not be found to have failed to respond timely or adequately to a written request by the Commission for information relating to a claim if the Commission finds good cause for such failure. The Commission may not find good cause for an employer's failure to respond timely or adequately to such a written request unless the failure is due to compelling and necessitous circumstances beyond the employer's control. *The Commission shall find good cause for an employer's failure to respond timely or adequately to such a written request if the employer demonstrates that the Commission (i) did not deliver such request to the physical or electronic mailing address specified in writing by the employer for unemployment insurance claim matters or (ii) did not deliver such request to the employer's designated attorney or authorized representative for unemployment insurance claim matters.*

H. If the Commission has determined that an employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims, such determination shall remain in effect until the end of the applicable review period. Any benefit charges for an erroneous payment that the Commission has determined are not to be relieved from the employer's account pursuant to subsection B shall remain chargeable to the employer's account through the period ending on the fourth June 30 following the Commission's determination.

I. ~~The issue of whether an employer's account shall be relieved of charges relating to an erroneous payment, including whether an erroneous payment was made because the employer failed to respond timely or adequately to a written request by the Commission for information relating to the claim, shall be decided in every Commission proceeding arising from an employer's appeal of an award of benefits. Any such decision shall be subject to appeal pursuant to § 60.2-620. Final decisions shall be used in determining whether the employer has established a pattern of failing to respond timely or adequately to written requests for information relating to claims, whether the employer is subject to a civil penalty pursuant to subsection F, and whether the Commission has given the notices required pursuant to subsection E.~~

~~J.~~ The costs of benefits charged to any governmental entity, Indian tribe, or nonprofit entity that is a reimbursable employing unit under this title shall not include any credits of benefit overpayments actually collected by the Commission if the Commission finds that ~~the overpayment was made because~~ the entity or its agent was at fault for failing to respond timely or adequately to a written request for information relating to a claim and the entity or agent has established a pattern of failing to respond timely or adequately to such requests.

~~K.~~ *J.* If the erroneous payment results from a combined-wage claim, the determination of noncharging for the combined-wage claim shall be made by the paying state. If the response from the employer does not meet the criteria established by the paying state for an adequate or timely response, the paying state shall promptly notify the transferring state of its determination, and the employer shall be appropriately charged.

~~L.~~ *K.* This section applies to erroneous payments established on or after July 7, 2013.

§ 60.2-619. Determinations and decisions by deputy; appeals therefrom.

A. 1. A representative designated by the Commission as a deputy~~,~~ shall promptly examine the claim. *The deputy shall only examine or consider in the claim review process information or evidence from an employer or third party if the deputy (i) has provided the claimant with a reasonable opportunity to review and respond to all potentially disqualifying issues or conflicting or otherwise adverse material facts within such information or evidence, (ii) has documented all material responsive information received from the claimant pursuant to clause (i), and (iii) considers material responsive information in the deputy's evaluation of the claim.* On the basis of the facts found by him, the deputy shall either:

a. Determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof; or

b. Refer such claim or any question involved therein to any appeal tribunal or to the Commission, which tribunal or Commission shall make its determination in accordance with the procedure described in § 60.2-620.

2. When the payment or denial of benefits will be determined by the provisions of subdivision A 2 of § 60.2-612, the deputy shall promptly transmit his full finding of fact with respect to that subdivision to any appeal tribunal, which shall make its determination in accordance with the procedure described in § 60.2-620.

B. Upon the filing of an initial claim for benefits, the Commission shall cause an informatory notice of such filing to be mailed to the most recent 30-day or 240-hour employing unit of the claimant and all subsequent employing units, and any reimbursable employing units which may be liable for reimbursement to the Commission for any benefits paid. However, the failure to furnish such notice shall not have any effect upon the claim for benefits.

C. Notice of determination upon a claim*, the reasoning behind the decision, and a statement of case-specific facts material to the determination* shall be promptly given to the claimant by delivering or by mailing such notice to the claimant's last known address. In addition, notice of any determination which involves the application of the provisions of § 60.2-618, together with the reasons therefor, shall be promptly given in the same manner to the most recent 30-day or 240-hour employing unit by whom the claimant was last employed and any subsequent employing unit which is a party. The Commission may dispense with the giving of notice of any determination to any employing unit, and such employing unit shall not be entitled to such notice if it has failed to respond timely or adequately to a written request of the Commission for information, as required by § 60.2-528.1, from which the deputy may have determined that the claimant may be ineligible or disqualified under any provision of this title. The deputy shall promptly notify the claimant of any decision made by ~~him~~ *the deputy, the reasoning behind the decision, and a statement of case-specific facts material to the determination* at any time which in any manner denies benefits to the claimant for one or more weeks. *As used in this subsection, the reasoning behind the decision means an explanation in plain language of (i) the law or regulation upon which the determination is based; (ii) the application of the law to the material information or evidence obtained from the claimant, employer, or third party; and (iii) the legal conclusion drawn from the application of the law to such information or evidence.*

D. Such determination or decision shall be final unless the claimant or any such employing unit files an appeal from such determination or decision (i) within 30 calendar days after the delivery of such notification, (ii) within 30 calendar days after such notification was mailed to his last known address, or (iii) within 30 days after such notification was mailed to the last known address of an interstate claimant. For good cause shown, the 30-day period may be extended. A claim that the Commission has determined to be invalid because of monetary ineligibility shall first be subject to review only upon a request for redetermination pursuant to § 60.2-629. The Commission shall issue a new monetary determination as a result of such review, and such monetary determination shall become final unless appealed by the claimant within 30 days of the date of mailing. The Commission shall clearly set out the process for requesting a redetermination and the process for filing an appeal on each monetary determination issued. Monetary ineligibility does not include an appeal on the effective date of the claim, unless the claimant has requested and received a redetermination of the monetary determination pursuant to § 60.2-629.

E. Benefits shall be paid promptly in accordance with a determination or redetermination under this chapter, or decision of an appeal tribunal, the Commission, the Board of Review or a reviewing court under §§ 60.2-625 and 60.2-631 upon the issuance of such determination, redetermination or decision, regardless of the pendency of the period to file an appeal or petition for judicial review that is provided in this chapter, or the pendency of any such appeal or review. Such benefits shall be paid unless or until such determination, redetermination or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision. If a decision of an appeal tribunal allowing benefits is affirmed in any amount by the Commission, benefits shall continue to be paid until such time as a court decision has become final so that no further appeal can be taken. If an appeal is taken from the Commission's decision, benefits paid shall result in a benefit charge to the account of the employer under § 60.2-530 only when, and as of the date on which, as the result of an appeal, the courts finally determine that the Commission should have awarded benefits to the claimant or claimants involved in such appeal.

2. That the provisions of this act shall become effective on July 1, 2025.

3. That the provisions of this act amending § 60.2-528.1 of the Code of Virginia shall apply to erroneous payments established on or after July 1, 2025.

The character of the title acquired by the purchaser of the property at public auction shall be governed by the principles and rules applicable to the titles of purchases at judicial sales of real estate generally.

D. The owner of any property subject to receivership may redeem the property at any time prior to the expiration of the two-year period or prior to confirmation of sale at public auction by paying the receiver's lien in full and the taxes, penalties, interest, reasonable attorney fees, costs, and any recorded liens chargeable against the property. Partial payment shall not be sufficient to redeem the property and shall not operate to suspend the receivership.

E. In lieu of appointment of a receiver, the circuit court shall permit repair by a property owner or a person with an interest in the property secured by a deed of trust properly recorded upon the following conditions:

1. Demonstration of the ability to complete the repair within a reasonable amount of time to be determined by the court; and

2. Entry of a court order setting forth a schedule for such repair.

§ 15.2-909. Authority to require removal, repair, etc., of wharves, piers, pilings, bulkheads, vessels or abandoned, obstructing or hazardous property.

1. The owners of property therein shall at such time or times as the governing body may prescribe, remove, repair or secure any vessel which has been abandoned or any wharf, pier, piling, bulkhead or any other structure or vessel which might endanger the public health or safety of other persons, or which might constitute an obstruction or hazard to the lawful use of the waters within or adjoining such locality. If such property is deemed to be abandoned, the governing body may designate and empower an official to ascertain the lawful owner of such property and to have the owner repair, remove or secure such property;

2. The locality, through its own agents or employees, may remove, repair or secure any vessel which has been abandoned or any wharf, pier, piling, bulkhead, or other structure or vessel which might endanger the public health or safety of other persons or which might constitute a hazard or obstruction to the lawful use of the waters within such locality, if the owner of such property, after reasonable notice and reasonable time to do so, has failed to remove, repair or secure such wharf, pier, piling, bulkhead or other structure or vessel;

3. In the event the locality, through its own agents or employees removes, repairs or secures any wharf, pier, piling, bulkhead or other structure or vessel after complying with the notice provisions of this section, the cost or expenses thereof shall be chargeable to and paid by the owners of such property and to the extent applicable may be collected by the locality as taxes are collected;

4. If the identity or whereabouts of the lawful owner is unknown or not able to be ascertained after a reasonable search and after lawful notice has been made to the last known address of any known owner, the locality, through its own agents or employees, may repair such wharf, pier, piling, bulkhead or other structure or vessel or remove such property after giving notice by publication ~~once each week for two weeks~~ *twice* in a newspaper of general circulation in the area where such property is located*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before proceeding with repair or removal*;

5. Every charge authorized by this section with which the owner of any such property has been assessed and which remains unpaid, to the extent applicable, shall constitute a lien against the owner's real property, and such lien shall be recorded in the judgment lien docket book in the circuit court for such locality. Such lien may also be reduced to a personal judgment against the owner.

§ 15.2-958.3. Commercial Property Assessed Clean Energy (C-PACE) financing programs.

A. As used in this section:

"Eligible improvements" means any of the following improvements made to eligible properties:

1. Energy efficiency improvements;

2. Water efficiency and safe drinking water improvements;

3. Renewable energy improvements;

4. Resiliency improvements;

5. Stormwater management improvements;

6. Environmental remediation improvements; and

7. Electric vehicle infrastructure improvements.

A program administrator may include in its C-PACE loan program guide or other administrative documentation definitions, interpretations, and examples of these categories of eligible improvements.

"Eligible properties" means all assessable commercial real estate located within the Commonwealth, with all buildings located or to be located thereon, whether vacant or occupied, whether improved or unimproved, and regardless of whether such real estate is currently subject to taxation by the locality, other than a residential dwelling with fewer than five dwelling units or a condominium as defined in § 55.1-2000 used for residential purposes. Common areas of real estate owned by a cooperative or a property owners' association described in Subtitle IV (§ 55.1-1800 et seq.) of Title 55.1 that have a separate real property tax identification number are eligible properties. Eligible properties shall be eligible to participate in the C-PACE loan program.

"Program administrator" means a third party that is contracted for professional services to administer a C-PACE loan program.

"Resiliency improvement" means an improvement that increases the capacity of a structure or infrastructure to withstand or recover from natural disasters, the effects of climate change, and attacks and accidents, including, but not limited to:

1. Flood mitigation or the mitigation of the impacts of flooding;

2. Inundation adaptation;

3. Natural or nature-based features and living shorelines, as defined in § 28.2-104.1;

4. Enhancement of fire or wind resistance;

5. Microgrids;

6. Energy storage; and

7. Enhancement of the resilience capacity of a natural system, structure, or infrastructure.

B. Any locality may, by ordinance, authorize contracts to provide C-PACE loans (loans) for the initial acquisition, installation, and refinancing of eligible improvements located on eligible properties by free and willing property owners of such eligible properties. The ordinance may refer to the mode of financing as Commercial Property Assessed Clean Energy (C-PACE) financing and shall include but not be limited to the following:

1. The kinds of eligible improvements that qualify for loans;

2. The proposed arrangement for such C-PACE loan program (loan program), including (i) a statement concerning the source of funding for the C-PACE loan; (ii) the time period during which contracting property owners would repay the C-PACE loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the C-PACE loan among the parties to the C-PACE transaction;

3. (i) A minimum dollar amount that may be financed with respect to an eligible property; (ii) if a locality or other public body is originating the loans, a maximum aggregate dollar amount that may be financed with respect to loans originated by the locality or other public body, and (iii) provisions that the loan program may approve a loan application submitted within two years of the locality's issuance of a certificate of occupancy or other evidence that eligible improvements comply substantially with the plans and specifications previously approved by the locality and that such loan may refinance or reimburse the property owner for the total costs of such eligible improvements;

4. In the case of a loan program described in clause (ii) of subdivision 3, a method for setting requests from owners of eligible properties for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from owners of eligible properties who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. A locality may contract with a program administrator to administer such loan program;

6. Identification of any fee that the locality intends to impose on the property owner requesting to participate in the loan program to offset the cost of administering the loan program. The fee may be assessed as a program fee paid by the property owner requesting to participate in the program; and

7. A draft contract specifying the terms and conditions proposed by the locality.

C. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance. The locality may, either by ordinance or its program guide, delegate the billing; collection, including enforcement; and remittance of C-PACE loan payments to a third party.

D. The locality shall offer private lending institutions the opportunity to participate in local C-PACE loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality shall place a voluntary special assessment lien equal in value to the loan against any property where such eligible improvements are being installed. The locality may bundle or package said loans for transfer to private lenders in such a manner that would allow the voluntary special assessment liens to remain in full force to secure the loans. The placement of a voluntary special assessment lien shall not require a new assessment on the value of the real property that is being improved under the loan program.

F. A voluntary special assessment lien imposed on real property under this section:

1. Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefited property is not in dispute is submitted to the locality prior to recording of the special assessment lien;

2. Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;

3. May be enforced by the local government in the same manner that a property tax lien against real property is enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and

4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

G. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be published ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality.

H. The Department of Energy shall serve as a statewide sponsor for a loan program that meets the requirements of this section. The Department of Energy shall engage a private program administrator through a competitive selection process to develop the statewide loan program. A locality, in its adoption or amendment of its C-PACE ordinance described in subsection B, may opt into the statewide C-PACE loan program sponsored by the Department of Energy, and such action shall not require the locality to undertake any competitive procurement process.

§ 15.2-958.6. Financing the repair of failed septic systems.

A. Any locality may, by ordinance, authorize contracts with property owners to provide loans for the repair of septic systems. Such an ordinance shall state:

1. The kinds of septic system repairs for which loans may be offered;

2. The proposed arrangement for such loan program, including (i) the interest rate and time period during which contracting property owners shall repay the loan; (ii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality; and (iii) the possibility that the locality may partner with a planning district commission (PDC) to coordinate and provide financing for the repairs, including the locality's obligation to reimburse the PDC as the loan is repaid;

3. A minimum and maximum aggregate dollar amount that may be financed;

4. A method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality; and

6. A draft contract specifying the terms and conditions proposed by the locality or by a PDC acting on behalf of the locality.

B. The locality may combine the loan payments required by the contracts with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which loan payments will be applied to the different charges. The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

C. In cases in which local property records fail to identify all of the individuals having an ownership interest in a property containing a failing septic system, the locality may set a minimum total ownership interest that it will require a property owner or owners to prove before it will allow the owner or owners to participate in the program.

D. The locality or PDC acting on behalf of the locality shall offer private lending institutions the opportunity to participate in local loan programs established pursuant to this section.

E. In order to secure the loan authorized pursuant to this section, the locality is authorized to place a lien equal in value to the loan against any property where such septic system repair is being undertaken. Such liens shall be subordinate to all liens on the property as of the date loans authorized pursuant to this section are made, except that with the prior written consent of the holders of all liens on the property as of the date loans authorized pursuant to this section are made, the liens securing loans authorized pursuant to this section shall be liens on the property ranking on a parity with liens for unpaid local taxes. The locality may bundle or package such loans for transfer to private lenders in such a manner that would allow the liens to remain in full force to secure the loans.

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be published ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality.

§ 15.2-1201. County boards of supervisors vested with powers and authority of councils of cities and towns; exceptions.

The boards of supervisors of counties are hereby vested with the same powers and authority as the councils of cities and towns by virtue of the Constitution of the Commonwealth of Virginia or the acts of the General Assembly passed in pursuance thereof. However, with the exception of ordinances expressly authorized under Chapter 13 of Title 46.2, no ordinance shall be enacted under authority of this section regulating the equipment, operation, lighting or speed of motor-propelled vehicles operated on the public highways of a county unless it is uniform with the general laws of the Commonwealth regulating such equipment, operation, lighting or speed and with the regulations of the Commonwealth Transportation Board adopted pursuant to such laws. Nothing in this section shall be construed to give the boards of supervisors any power to control or exercise supervision over signs, signals, marking or traffic lights on any roads constructed and maintained by the Commonwealth Transportation Board. No powers or authority conferred upon the boards of supervisors of counties solely by this section shall be exercised within the corporate limits of any incorporated town except by agreement with the town council.

In the County of Fairfax an ordinance may be adopted by the board of supervisors under this section after ~~a descriptive~~ notice of intention to propose the same for passage has been published ~~once a week for two successive weeks in a newspaper having a general circulation in the county~~ *in accordance with § 15.2-1427*. After the enactment of such ordinance by the board of supervisors, no publication of the ordinance shall be required and such ordinance shall become effective upon adoption or upon a date fixed by the board of supervisors.

§ 15.2-1301. Voluntary economic growth-sharing agreements.

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). All such agreements, including those that address any issue provided for in Chapter 32, 33, 36, 38, 39, or 41, shall require, at least annually, a report from each locality that is a recipient of funds pursuant to the agreement to each of the other governing bodies of the participating localities that includes (i) the amount of money transferred among the localities pursuant to the agreement and (ii) the uses of such funds by the localities. The parties to any such agreement that has been in effect for at least 10 years as of July 1, 2018, and pursuant to which annual payments exceed $5 million, shall (a) comply with the reporting requirements of this subsection, notwithstanding whether such requirements are contained in the existing agreement and (b) convene an annual meeting to discuss anticipated future plans for economic growth in the localities.

B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing, which shall be advertised ~~once a week for two successive weeks~~ *twice*, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing, in a newspaper of general circulation in the locality. However, the public hearing shall not take place until the Commission on Local Government has issued its findings in accordance with subsection D. For purposes of this section, "revenue, tax base, and economic growth-sharing agreements" means any agreement authorized by subsection A which obligates any locality to pay another locality all or any portion of designated taxes or other revenues received by that political subdivision, but shall not include any interlocal service agreement.

C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, § 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base, and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903. However, no such review shall be required for two or more localities entering into an economic growth-sharing agreement pursuant to

this section in order to facilitate the reception of grants for qualified companies in such locality pursuant to the Port of Virginia Economic and Infrastructure Development Grant Fund and Program established pursuant to § 62.1-132.3:2.

§ 15.2-1427. Adoption of ordinances and resolutions generally; amending or repealing ordinances.

A. Unless otherwise specifically provided for by the Constitution or by other general or special law, an ordinance may be adopted by majority vote of those present and voting at any lawful meeting.

B. On final vote on any ordinance or resolution, the name of each member of the governing body voting and how he voted shall be recorded; however, votes on all ordinances and resolutions adopted prior to February 27, 1998, in which an unanimous vote of the governing body was recorded, shall be deemed to have been validly recorded. The governing body may adopt an ordinance or resolution by a recorded voice vote unless otherwise provided by law, or any member calls for a roll call vote. An ordinance shall become effective upon adoption or upon a date fixed by the governing body.

C. All ordinances or resolutions heretofore adopted by a governing body shall be deemed to have been validly adopted, unless some provision of the Constitution of Virginia or the Constitution of the United States has been violated in such adoption.

D. An ordinance may be amended or repealed in the same manner, or by the same procedure, in which, or by which, ordinances are adopted.

E. An amendment or repeal of an ordinance shall be in the form of an ordinance which shall become effective upon adoption or upon a date fixed by the governing body, but, if no effective date is specified, then such ordinance shall become effective upon adoption.

F. In counties, except as otherwise authorized by law, no ordinance shall be passed until after ~~descriptive~~ notice of an intention to propose the ordinance for passage ~~has been published once a week for two successive weeks~~ *has been advertised by reference twice*, with the first notice ~~appearing~~ *being published* no more than ~~14~~ *28* days ~~prior to the intended passage of the ordinance~~ *before and the second notice appearing no less than seven days before the date of the meeting referenced in the notice*, in a newspaper having a general circulation in the county. ~~The second publication shall not be sooner than one calendar week after the first publication.~~ The publication shall include a statement ~~either that the publication contains the full text of the ordinance or~~ that a copy of the full text of the ordinance is on file in the clerk's office of the circuit court of the county or in the office of the county administrator; or in the case of any county organized under the form of government set out in Chapter 5, 7 or 8 of this title, a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the county board. ~~Even if the publication contains the full text of the ordinance, a complete copy shall be available for public inspection in the offices named herein.~~

In counties, emergency ordinances may be adopted without prior notice; however, no such ordinance shall be enforced for more than sixty days unless readopted in conformity with the provisions of this Code.

G. In towns, no tax shall be imposed except by a two-thirds vote of the council members.

§ 15.2-1702. Referendum required prior to establishment of county police force.

A. A county shall not establish a police force unless (i) such action is first approved by the voters of the county in accordance with the provisions of this section and (ii) the General Assembly enacts appropriate authorizing legislation.

B. The governing body of any county shall petition the court, by resolution, asking that a referendum be held on the question, "Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county to open the polls and take the sense of the voters on the question as herein provided.

The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county ~~once a week for three consecutive weeks prior to the election~~ *three times*, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the election. The notice shall contain the ballot question and a statement of not more than 500 words on the proposed question. The explanation shall be presented in plain English, shall be limited to a neutral explanation, and shall not present arguments by either proponents or opponents of the proposal. The attorney for the county or city or, if there is no county or city attorney, the attorney for the Commonwealth shall prepare the explanation. "Plain English" means written in nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession.

C. The county may expend public funds to produce and distribute neutral information concerning the referendum; provided, however, public funds may not be used to promote a particular position on the question, either in the notice called for in subsection B, or in any other distribution of information to the public.

D. The regular election officers of the county shall open the polls on the date specified in such order and conduct the election in the manner provided by law. The election shall be by ballot which shall be prepared by the electoral board of the county and on which shall be printed the following:

"Shall a police force be established in the county and the sheriff's office be relieved of primary law-enforcement responsibilities?

[ ] Yes

[ ] No"

The ballots shall be counted, returns made and canvassed as in other elections, and the results certified by the electoral board to the court ordering the election. If a majority of the voters voting in the election vote "Yes," the court shall enter an

order proclaiming the results of the election and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed to establish a police force following the enactment of authorizing legislation by the General Assembly.

E. After a referendum has been conducted pursuant to this section, no subsequent referendum shall be conducted pursuant to this section in the same county for a period of four years from the date of the prior referendum.

§ 15.2-1703. Referendum to abolish county police force.

The police force in any county which established the force subsequent to July 1, 1983, may be abolished and its responsibilities assumed by the sheriff's office after a referendum held pursuant to this section.

Either (i) the voters of the county by petition signed by not less than ten percent of the registered voters therein on the January 1 preceding the filing of the petition or (ii) the governing body of the county, by resolution, may petition the circuit court for the county that a referendum be held on the question, "Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?" The court, by order entered of record in accordance with Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2, shall require the regular election officials of the county at the next general election held in the county to open the polls and take the sense of the voters on the question as herein provided. The clerk of the circuit court for the county shall publish notice of the election in a newspaper of general circulation in the county ~~once a week for three consecutive weeks prior to the election~~ *three times*, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the election.

The ballot shall be printed as follows:

"Shall the county police force be abolished and its responsibilities assumed by the county sheriff's office?

[ ] Yes

[ ] No"

The election shall be held and the results certified as provided in § 24.2-684. If a majority of the voters voting in the election vote in favor of the question, the court shall enter an order proclaiming the results of the election, and a duly certified copy of such order shall be transmitted to the governing body of the county. The governing body shall proceed with the necessary action to abolish the police force and transfer its responsibilities to the sheriff's office, to become effective on July 1 following the referendum.

Once a referendum has been held pursuant to this section, no further referendum shall be held pursuant to this section within four years thereafter.

§ 15.2-1719. Disposal of unclaimed property in possession of sheriff or police.

Any locality may provide by ordinance for (i) the public sale in accordance with the provisions of this section or (ii) the retention for use by the law-enforcement agency, of any unclaimed personal property which has been in the possession of its law-enforcement agencies and unclaimed for a period of more than 60 days, after payment of a reasonable storage fee to the sheriff or other agency storing such property. No storage fee shall be charged or accounted for if such property has been stored by and is to be retained by the sheriff's office or other law-enforcement agency. As used herein, "unclaimed personal property" shall be any personal property belonging to another which has been acquired by a law-enforcement officer pursuant to his duties, which is not needed in any criminal prosecution, which has not been claimed by its rightful owner and which the State Treasurer has indicated will be declined if remitted under the Virginia Disposition of Unclaimed Property Act (§ 55.1-2500 et seq.). Unclaimed bicycles and mopeds may also be disposed of in accordance with § 15.2-1720. Unclaimed firearms may also be disposed of in accordance with § 15.2-1721.

Prior to the sale or retention for use by the law-enforcement agency of any unclaimed item, the chief of police, sheriff or their duly authorized agents shall make reasonable attempts to notify the rightful owner of the property, obtain from the attorney for the Commonwealth in writing a statement advising that the item is not needed in any criminal prosecution, and cause to be published *twice* in a newspaper of general circulation in the locality ~~once a week for two successive weeks,~~ notice that there will be a public display and sale of unclaimed personal property. *The first notice shall appear no more than 28 days before and the second notice shall appear no less than seven days before the public display and sale of the unclaimed personal property.* Such property, including property selected for retention by the law-enforcement agency, shall be described generally in the notice, together with the date, time and place of the sale and shall be made available for public viewing at the sale. The chief of police, sheriff or their duly authorized agents shall pay from the proceeds of sale the costs of advertisement, removal, storage, investigation as to ownership and liens, and notice of sale. The balance of the funds shall be held by such officer for the owner and paid to the owner upon satisfactory proof of ownership. Any unclaimed item retained for use by the law-enforcement agency shall become the property of the locality served by the agency and shall be retained only if, in the opinion of the chief law-enforcement officer, there is a legitimate use for the property by the agency and that retention of the item is a more economical alternative than purchase of a similar or equivalent item.

If no claim has been made by the owner for the property or proceeds of such sale within 60 days of the sale, the remaining funds shall be deposited in the general fund of the locality and the retained property may be placed into use by the law-enforcement agency. Any such owner shall be entitled to apply to the locality within three years from the date of the sale and, if timely application is made therefor and satisfactory proof of ownership of the funds or property is made, the locality shall pay the remaining proceeds of the sale or return the property to the owner without interest or other charges or compensation. No claim shall be made nor any suit, action or proceeding be instituted for the recovery of such funds or property after three years from the date of the sale.

§ 15.2-2006. Alteration and vacation of public rights-of-way; appeal from decision.

In addition to (i) the powers contained in the charter of any locality, (ii) any powers now had by such governing bodies under the common law or (iii) powers by other provisions of law, public rights-of-way in localities may be altered or vacated on motion of such governing bodies or on application of any person after notice of intention to do so has been published ~~at least~~ twice~~, with at least six days elapsing between the first and second publication,~~ in a newspaper having general circulation in the locality*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the hearing*. The notice shall specify the time and place of a hearing at which persons affected may appear and be heard. The cost of publishing the notice shall be taxed to the applicant. At the conclusion of the hearing and on application of any person, the governing body may appoint three to five people to view such public right-of-way and report in writing any inconvenience that would result from discontinuing the right-of-way. The governing body may allow the viewers up to fifty dollars each for their services. The sum allowed shall be paid by the person making the application to alter or vacate the public right-of-way. From such report and other evidence, if any, and after the land owners affected thereby, along the public right-of-way proposed to be altered or vacated, have been notified, the governing body may discontinue the public right-of-way. When an applicant requests a vacation to accommodate expansion or development of an existing or proposed business, the governing body may condition the vacation upon commencement of the expansion or development within a specified period of time. Failing to commence within such time may render the vacation, at the option of the governing body, void. A certified copy of the ordinance of vacation shall be recorded as deeds are recorded and indexed in the name of the locality. A conditional vacation shall not be recorded until the condition has been met.

Any appeal shall be filed within sixty days of adoption of the ordinance with the circuit court for the locality in which the public right-of-way is located.

§ 15.2-2101. Ordinance proposing grant of franchise, etc., to be advertised.

A. Before granting any franchise, privilege, lease or right of any kind to use any public property described in § 15.2-2100 or easement of any description, for a term in excess of five years, except in the case of and for a trunk railway, the city or town proposing to make the grant shall ~~advertise a descriptive~~ *give* notice ~~of the ordinance proposing to make the grant once a week for two successive weeks in a newspaper having general circulation in the city or town~~ *in accordance with § 15.2-1427*. The ~~descriptive~~ notice ~~of the ordinance~~ may also be advertised as many times in such other newspaper or newspapers, published outside the city, town or Commonwealth, as the council may determine. ~~The advertisement shall include a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the city or town council.~~

B. The advertisement shall invite bids for the franchise, privilege, lease or right proposed to be granted in the ordinance. The bids shall be in writing and delivered upon the day and hour named in the advertisement and shall be opened in public session and marked for identification by the person designated in the advertisement to receive such bids. The cost of the required advertisement shall be paid by the city or town which shall be reimbursed by the person to whom the grant is made. The city or town shall have the right to reject any and all bids and shall reserve this right in the advertisement.

§ 15.2-2105. How amendments made to franchise, etc.; notice required.

No amendment or extension of any franchise, right, lease or privilege that now exists, or that may hereafter be authorized, which extends or enlarges the time or territory of such franchise, right, lease or privilege, shall be granted by any city or town until the provisions of §§ 15.2-2101 through 15.2-2104 have been complied with. No amendment that releases the grantee, or his assignee, from the performance of any duty required by the ordinance or that authorizes an increase in the user charges to be made by such grantee or assignee shall be granted until notice of such proposed amendment has given to the public by advertising the proposed amendment for ~~ten~~ *seven* days in some newspaper having general circulation in the city or town. The cost of such advertising shall be paid by the city or town, which shall be reimbursed by the person to whom the amendment is granted. No such amendment shall be adopted except by ordinance.

§ 15.2-2108.7. Public hearings on feasibility study; notice.

A. If the results of the feasibility study satisfy the revenue requirements of subsection D of § 15.2-2108.6, the governing body shall, at the next regular meeting after the governing body receives the results of the feasibility study, schedule at least two public hearings to be held at least seven days apart, but both shall be held not more than 60 days from the date of the meeting at which the public hearings are scheduled. The purpose of such public hearings shall be to allow the feasibility consultant to present the results of the feasibility study, and to inform the public about the feasibility study results and offer the public the opportunity to ask questions of the feasibility consultant about the results of the feasibility study.

B. Except as provided in subsection C, the municipality shall publish notice of the public hearings required under subsection A ~~at least once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation in the municipality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the *first public* hearing. ~~The last publication of notice required under this subsection shall be at least three days before the first public hearing required under subsection A.~~

C. If there is no newspaper of general circulation in the municipality, for each 1,000 residents the municipality shall post at least one notice of the hearings in a conspicuous place within the municipality that is likely to give notice of the hearings to the greatest number of residents of the municipality. The municipality shall post the notices at least seven days before the first public hearing required under subsection A is held.

D. After holding the public hearings required by this section, if the governing body of the municipality elects to proceed, the municipality shall adopt by resolution the feasibility study.

§ 15.2-2108.21. Ordinance cable franchises.

A. This section shall govern the procedures by which a locality may grant ordinance cable franchises.

B. An ordinance cable franchise, which shall have a term of 15 years, may be requested by (i) a certificated provider of telecommunications services with previous consent to use the public rights-of-way in a locality through a franchise; (ii) a certificated provider of telecommunications services that lacked previous consent to provide cable service in a locality but provided telecommunications services over facilities leased from an entity having previous consent to use of the public rights-of-way in such locality through a franchise; or (iii) a cable operator with previous consent to use the public rights-of-way to provide cable service in a locality through a franchise and who seeks to renew its existing cable franchise pursuant to § 15.2-2108.30 as an ordinance cable franchise. A cable operator with previous consent to use the public rights-of-way to provide cable service in a locality through a franchise may opt into the new terms of an ordinance cable franchise under § 15.2-2108.26.

C. In order to obtain an ordinance cable franchise, an applicant shall first file with the chief administrative officer of the locality from which it seeks to receive such ordinance cable franchise a request to negotiate the terms and conditions of a negotiated cable franchise under § 15.2-2108.20. An applicant shall request and make itself available to participate in cable franchise negotiations with the locality from which it seeks to receive a negotiated cable franchise at least 45 calendar days prior to filing a notice electing an ordinance cable franchise; this prerequisite shall not be applicable if a locality refuses to engage in negotiations at the request of an applicant or if the applicant already holds a negotiated cable franchise from the locality. Thereafter, an applicant, through its president or chief executive officer, shall file notice with the locality that it elects to receive an ordinance cable franchise at least 30 days prior to offering cable in such locality. The notice shall be accompanied by a map or a boundary description showing (i) the initial service area in which the cable operator intends to provide cable service in the locality within the three-year period required for an initial service area and (ii) the area in the locality in which the cable operator has its telephone facilities. The map or boundary description of the initial service areas may be amended by the cable operator by filing with the locality a new map or boundary description of the initial service area.

D. The cable operator shall assure that access to cable services is not denied to any group of potential residential cable subscribers because of the income of the residents of the local area in which such group resides. The local franchising authority shall have the right to monitor and inspect the deployment of cable services and the cable operator shall submit semiannual progress reports detailing the current provision of cable services in accordance with the deployment schedule and its new service area plans for the next six months. The failure to correct or remedy any material deficiencies shall be subject to the same remedies as contained in the cable television franchise of the existing cable operator as that franchise existed at the time of the grant of the ordinance franchise.

E. The locality from which the applicant seeks to receive an ordinance cable franchise shall adopt any ordinance requiring adoption under this article within 120 days of the applicant filing the notice required in subsection C. Any ordinance adopted under this section that relates to a cable operator's provision of cable service shall apply to such cable operator retroactively to the date on which the cable operator began to offer cable service in the locality pursuant to this article.

F. Notice of any ordinance that requires a public hearing shall be advertised ~~once a week for two successive weeks in a newspaper having general circulation in the locality. The advertisement shall include a statement that a copy of the full text of the ordinance is on file in the office of the clerk of the locality~~ *as provided in § 15.2-1427*. All costs of such advertising shall be assessed against the operator or applicant.

G. If the governing body of any town adopts an ordinance pursuant to the provisions of this article, such town shall not be subject to any ordinance adopted by the county within which such town lies.

§ 15.2-2114. Regulation of stormwater.

A. Any locality, by ordinance, may establish a utility or enact a system of service charges to support a local stormwater management program consistent with Article 2.3 (§ 62.1-44.15:24 et seq.) of Chapter 3.1 of Title 62.1 or any other state or federal regulation governing stormwater management. Income derived from a utility or system of charges shall be dedicated special revenue, may not exceed the actual costs incurred by a locality operating under the provisions of this section, and may be used only to pay or recover costs for the following:

1. The acquisition, as permitted by § 15.2-1800, of real and personal property, and interest therein, necessary to construct, operate and maintain stormwater control facilities;

2. The cost of administration of such programs;

3. Planning, design, engineering, construction, and debt retirement for new facilities and enlargement or improvement of existing facilities, including the enlargement or improvement of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;

4. Facility operation and maintenance, including the maintenance of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;

5. Monitoring of stormwater control devices and ambient water quality monitoring;

6. Contracts related to stormwater management, including contracts for the financing, construction, operation, or maintenance of stormwater management facilities, regardless of whether such facilities are located on public or private property and, in the case of private property locations, whether the contract is entered into pursuant to a stormwater management private property program under subsection J or otherwise; and

7. Other activities consistent with the state or federal regulations or permits governing stormwater management, including, but not limited to, public education, watershed planning, inspection and enforcement activities, and pollution prevention planning and implementation.

B. The charges may be assessed to property owners or occupants, including condominium unit owners or tenants (when the tenant is the party to whom the water and sewer service is billed), and shall be based upon an analysis that demonstrates the rational relationship between the amount charged and the services provided. Prior to adopting such a system, a public hearing shall be held after giving notice as required by charter or ~~by publishing a descriptive notice once a week for two successive weeks prior to adoption in a newspaper with a general circulation in the locality. The second publication shall not be sooner than one calendar week after the first publication~~ *as provided in § 15.2-1427*. However, prior to adoption of any ordinance pursuant to this section related to the enlargement, improvement, or maintenance of privately owned dams, a locality shall comply with the notice provisions of § 15.2-1427 and hold a public hearing.

C. A locality adopting such a system shall provide for full waivers of charges to the following:

1. A federal, state, or local government, or public entity, that holds a permit to discharge stormwater from a municipal separate storm sewer system, except that the waiver of charges shall apply only to property covered by any such permit; and

2. Public roads and street rights-of-way that are owned and maintained by state or local agencies, including property rights-of-way acquired through the acquisitions process.

D. A locality adopting such a system shall provide for full or partial waivers of charges to any person who installs, operates, and maintains a stormwater management facility that achieves a permanent reduction in stormwater flow or pollutant loadings or other such other facility, system, or practice whereby stormwater runoff produced by the property is retained and treated on site in accordance with a stormwater management plan approved pursuant to Chapter 3.1 (§ 62.1-44.2 et seq.) of Title 62.1. The locality shall base the amount of the waiver in part on the percentage reduction in stormwater flow or pollutant loadings, or both, from pre-installation to post-installation of the facility. No locality shall provide a waiver to any person who does not obtain a stormwater permit from the Department of Environmental Quality when such permit is required by statute or regulation.

E. A locality adopting such a system may provide for full or partial waivers of charges to cemeteries, property owned or operated by the locality administering the program, and public or private entities that implement or participate in strategies, techniques, or programs that reduce stormwater flow or pollutant loadings, or decrease the cost of maintaining or operating the public stormwater management system.

F. Any locality may issue general obligation bonds or revenue bonds in order to finance the cost of infrastructure and equipment for a stormwater control program. Infrastructure and equipment shall include structural and natural stormwater control systems of all types, including, without limitation, retention basins, sewers, conduits, pipelines, pumping and ventilating stations, and other plants, structures, and real and personal property used for support of the system. The procedure for the issuance of any such general obligation bonds or revenue bonds pursuant to this section shall be in conformity with the procedure for issuance of such bonds as set forth in the Public Finance Act (§ 15.2-2600 et seq.).

G. In the event charges are not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by law, determined by the locality until such time as the overdue payment and interest are paid. Charges and interest may be recovered by the locality by action at law or suit in equity and shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes. The locality may combine the billings for stormwater charges with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which payments will be applied to the different charges. No locality shall combine its billings with those of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.) of Title 15.2, unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

H. Any two or more localities may enter into cooperative agreements concerning the management of stormwater.

I. For purposes of implementing waivers pursuant to subdivision C 1, for property where two adjoining localities subject to a revenue sharing agreement each hold municipal separate storm sewer permits, the waiver shall also apply to the property of each locality and of its school board that is accounted for in that locality's municipal separate storm sewer program plan, regardless of whether such property is located within the adjoining locality.

J. Any locality that establishes a system of charges pursuant to this section may establish a public-private partnership program, to be known as a stormwater management private property program, in order to promote cost-effectiveness in reducing excessive stormwater flow or pollutant loadings or in making other stormwater improvements authorized pursuant to this section. A locality that opts to establish a stormwater management private property program pursuant to this subsection shall:

1. Promote awareness of the location, quantity, and timing of reductions or other improvements that it determines appropriate under this program;

2. Seek the voluntary participation of property owners;

3. Accept the participation of property owners on both an individual and a group basis by which multiple owners may collaborate on improvements and allocate among the multiple owners any payments made by the locality;

4. Enter into contracts at its discretion to secure improvements on terms and conditions that the locality deems appropriate, including by making payments to property owners in excess of the value of any applicable waivers pursuant to subsections D and E; and

5. Require appropriate operation and maintenance of the contracted improvements.

K. Any locality that establishes a stormwater management private property program pursuant to subsection J may procure reductions and improvements in accordance with the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.) or other means, as appropriate. Subsection J shall not be interpreted to limit the authority of a locality to secure reductions of excessive stormwater flow or pollutant loadings or other stormwater improvements by other means.

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall identify the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published ~~once a week for two successive weeks~~ *twice* in some newspaper published or having general circulation in the locality, with the first notice appearing no more than ~~14~~ *28* days before ~~the intended adoption~~ *and the second notice appearing no less than seven days before the date of the meeting referenced in the notice*; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. ~~As used in this subsection, "two successive weeks" means that such notice shall be published at least twice in such newspaper, with not less than six days elapsing between the first and second publication.~~ In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. For more than 100 parcels of land, the advertisement may instead include a description of the boundaries of the area subject to the changes and a link to a map of the subject area. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2270. Vacation of interests granted to a locality as a condition of site plan approval.

Any interest in streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility granted to a locality as a condition of the approval of a site plan may be vacated according to either of the following methods:

1. By a duly executed and acknowledged written instrument of the owner of the land which has been or is to be developed in accordance with the site plan, declaring the interest or interests to be vacated, provided the governing body or authorized agent of the locality where the land lies consents to the vacation. The instrument shall be recorded in the same clerk's office wherein is recorded the written instrument describing the interest in real property to be vacated. The execution and recordation of the instrument shall operate to divest all public rights in, and to reinvest the owner with the title to the interests which formerly were held by the governing body; or

2. By ordinance of the governing body in the locality in which the property which is the subject of an approved site plan lies, provided that no interest shall be vacated in an area in which facilities, for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245, have been constructed.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the interest of the governing body to be vacated by reference to the recorded instrument on which it was created and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land over which the governing body's interest is located. Upon appeal, the court may nullify the ordinance if it finds that the owner of the property, which has been developed or is to be developed in accordance with the

approved site plan, will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the instrument creating the governing body's interest is recorded.

The execution and recordation of an ordinance of vacation shall operate to destroy the effect of the instrument which created the governing body's interest so vacated and to divest all public rights in and to the property and vest title in the streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility as may be described in, and in accordance with, the ordinance of vacation.

§ 15.2-2271. Vacation of plat before sale of lot therein; ordinance of vacation.

Where no lot has been sold, the recorded plat, or part thereof, may be vacated according to either of the following methods:

1. With the consent of the governing body, or its authorized agent, of the locality where the land lies, by the owners, proprietors and trustees, if any, who signed the statement required by § 15.2-2264 at any time before the sale of any lot therein, by a written instrument, declaring the plat to be vacated, duly executed, acknowledged or proved and recorded in the same clerk's office wherein the plat to be vacated is recorded and the execution and recordation of such writing shall operate to destroy the force and effect of the recording of the plat so vacated and to divest all public rights in, and to reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, easements for public passage and other public areas laid out or described in the plat; or

2. By ordinance of the governing body of the locality in which the property shown on the plat or part thereof to be vacated lies, provided that no facilities for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245 have been constructed on the property and no facilities have been constructed on any related section of the property located in the subdivision within five years of the date on which the plat was first recorded.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the plat or portion thereof to be vacated and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land shown on the plat or part thereof to be vacated. Upon appeal the court may nullify the ordinance if it finds that the owner of the property shown on the plat will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the plat is recorded.

The execution and recordation of the ordinance of vacation shall operate to destroy the force and effect of the recording of the plat, or any portion thereof, so vacated, and to divest all public rights in and to the property and reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, and easements for public passage and other public areas laid out or described in the plat.

§ 15.2-2272. Vacation of plat after sale of lot.

In cases where any lot has been sold, the plat or part thereof may be vacated according to either of the following methods:

1. By instrument in writing agreeing to the vacation signed by all the owners of lots shown on the plat and also signed on behalf of the governing body of the locality in which the land shown on the plat or part thereof to be vacated lies for the purpose of showing the approval of the vacation by the governing body. In cases involving drainage easements or street rights-of-way where the vacation does not impede or alter drainage or access for any lot owners other than those lot owners immediately adjoining or contiguous to the vacated area, the governing body shall only be required to obtain the signatures of the lot owners immediately adjoining or contiguous to the vacated area. The word "owners" shall not include lien creditors except those whose debts are secured by a recorded deed of trust or mortgage and shall not include any consort of an owner. The instrument of vacation shall be acknowledged in the manner of a deed and filed for record in the clerk's office of any court in which the plat is recorded.

2. By ordinance of the governing body of the locality in which the land shown on the plat or part thereof to be vacated lies on motion of one of its members or on application of any interested person. The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. ~~The notice shall clearly describe the plat or portion thereof to be vacated and state the time and place of the meeting of the governing body at which the adoption of the ordinance will be voted upon.~~ Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days with the circuit court having jurisdiction of the land shown on the plat or part thereof to be vacated. Upon appeal the court may nullify the ordinance if it finds that the owner of any lot shown on the plat will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the plat is recorded.

Roads within the secondary system of highways may be vacated under either of the preceding methods and the action will constitute abandonment of the road, provided the land shown on the plat or part thereof to be vacated has been the subject of a rezoning or special exception application approved following public hearings required by § 15.2-2204 and provided the Commissioner of Highways or his agent is notified in writing prior to the public hearing, and provided further that the vacation is necessary in order to implement a proffered condition accepted by the governing body pursuant to

§§ 15.2-2297, 15.2-2298 or 15.2-2303 or to implement a condition of special exception approval. All abandonments of roads within the secondary system of highways sought to be effected according to either of the preceding methods before July 1, 1994, are hereby validated, notwithstanding any defects or deficiencies in the proceeding; however, property rights which have vested subsequent to the attempted vacation are not impaired by such validation. The manner of reversion shall not be affected by this section.

§ 15.2-2316.2. Localities may provide for transfer of development rights.

A. Pursuant to the provisions of this article, the governing body of any locality by ordinance may, in order to conserve and promote the public health, safety, and general welfare, establish procedures, methods, and standards for the transfer of development rights within its jurisdiction. Any locality adopting or amending any such transfer of development rights ordinance shall give notice and hold a public hearing in accordance with § 15.2-2204 prior to approval by the governing body.

B. In order to implement the provisions of this act, a locality shall adopt an ordinance that shall provide for:

1. The issuance and recordation of the instruments necessary to sever development rights from the sending property, to convey development rights to one or more parties, or to affix development rights to one or more receiving properties. These instruments shall be executed by the property owners of the development rights being transferred, and any lien holders of such property owners. The instruments shall identify the development rights being severed, and the sending properties or the receiving properties, as applicable;

2. Assurance that the prohibitions against the use and development of the sending property shall bind the landowner and every successor in interest to the landowner;

3. The severance of transferable development rights from the sending property;

4. The purchase, sale, exchange, or other conveyance of transferable development rights, after severance, and prior to the rights being affixed to a receiving property;

5. A system for monitoring the severance, ownership, assignment, and transfer of transferable development rights;

6. A map or other description of areas designated as sending and receiving areas for the transfer of development rights between properties;

7. The identification of parcels, if any, within a receiving area that are inappropriate as receiving properties;

8. The permitted uses and the maximum increases in density in the receiving area;

9. The minimum acreage of a sending property and the minimum reduction in density of the sending property that may be conveyed in severance or transfer of development rights;

10. The development rights permitted to be attached in the receiving areas shall be equal to or greater than the development rights permitted to be severed from the sending areas;

11. An assessment of the infrastructure in the receiving area that identifies the ability of the area to accept increases in density and its plans to provide necessary utility services within any designated receiving area; and

12. The application to be deemed approved upon the determination of compliance with the ordinance by the agent of the planning commission, or other agent designated by the locality.

C. In order to implement the provisions of this act, a locality may provide in its ordinance for:

1. The purchase of all or part of such development rights, which shall retire the development rights so purchased;

2. The severance of development rights from existing zoned or subdivided properties as otherwise provided in subsection E;

3. The owner of such development rights to make application to the locality for a real estate tax abatement for a period up to 25 years, to compensate the owner of such development rights for the fair market value of all or part of the development rights, which shall retire the number of development rights equal to the amount of the tax abatement, and such abatement is transferable with the property;

4. The owner of a property to request designation by the locality of the owner's property as a "sending property" or a "receiving property";

5. The allowance for residential density to be converted to bonus density on the receiving property by (i) an increase in the residential density on the receiving property or (ii) an increase in the square feet of commercial, industrial, or other uses on the receiving property, which upon conversion shall retire the development rights so converted;

6. The receiving areas to include such urban development areas or similarly defined areas in the locality established pursuant to § 15.2-2223.1;

7. The sending properties, subsequent to severance of development rights, to generate one or more forms of renewable energy, as defined in § 56-576, subject to the provisions of the local zoning ordinance;

8. The sending properties, subsequent to severance of development rights, to produce agricultural products or forestal products, as defined in § 15.2-4302, and to include parks, campgrounds and related camping facilities; however, for purposes of this subdivision, "campgrounds" does not include use by travel trailers, motor homes, and similar vehicular type structures;

9. The review of an application by the planning commission to determine whether the application complies with the provisions of the ordinance;

10. Such other provisions as the locality deems necessary to aid in the implementation of the provisions of this act;

11. Approval of an application upon the determination of compliance with the ordinance by the agent of the planning commission; and

12. A requirement that development comply with any locality-adopted neighborhood design standards identified in the comprehensive plan for the receiving area in which the development shall occur, provided such design standard was adopted in the comprehensive plan and applied to the receiving area prior to the transfer of the development right.

D. The locality may, by ordinance, designate receiving areas or receiving properties, add to, supplement, or amend its designations of receiving areas or receiving properties, or designate receiving areas or receiving properties that shall receive development rights only from certain sending areas or sending properties specified by the locality, so long as the development rights permitted to be attached in the receiving areas are equal to or greater than the development rights permitted to be severed in the sending areas.

E. Any proposed severance or transfer of development rights shall only be initiated upon application by the property owners of the sending properties, development rights, or receiving properties as otherwise provided herein.

F. A locality may not require property owners to sever or transfer development rights as a condition of the development of any property.

G. The owner of a property may sever development rights from the sending property, pursuant to the provisions of this act. An application to transfer development rights to one or more receiving properties, for the purpose of affixing such rights thereto, shall only be initiated upon application by the owner of such development rights and the owners of the receiving properties.

H. Development rights severed pursuant to this article shall be interests in real property and shall be considered as such for purposes of conveyance and taxation. Once a deed for transferable development rights, created pursuant to this act, has been recorded in the land records of the office of the circuit court clerk for the locality to reflect the transferable development rights sold, conveyed, or otherwise transferred by the owner of the sending property, the development rights shall vest in the grantee and may be transferred by such grantee to a successor in interest. Nothing herein shall be construed to prevent the owner of the sending property from recording a deed covenant against the sending property severing the development rights on said property, with the owner of the sending property retaining ownership of the severed development rights. Any transfer of the development rights to a property in a receiving area shall be in accordance with the provisions of the ordinance adopted pursuant to this article.

I. For the purposes of ad valorem real property taxation, the value of a transferable development right shall be deemed appurtenant to the sending property until the transferable development right is severed from and recorded as a distinct interest in real property, or the transferable development right is used at a receiving property and becomes appurtenant thereto. Once a transferable development right is severed from the sending property, the assessment of the fee interest in the sending property shall reflect any change in the fair market value that results from the inability of the owner of the fee interest to use such property for such uses terminated by the severance of the transferable development right. Upon severance from the sending property and recordation as a distinct interest in real property, the transferable development right shall be assessed at its fair market value on a separate real estate tax bill sent to the owner of said development right as taxable real estate in accordance with Article 1 (§ 58.1-3200 et seq.) of Chapter 32 of Title 58.1. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

J. The owner of a sending property from which development rights are severed shall provide a copy of the instrument, showing the deed book and page number, or instrument or GPIN, to the real estate tax assessor for the locality.

K. Localities, from time to time as the locality designates sending and receiving areas, shall incorporate the map identified in subdivision B 6 into the comprehensive plan.

L. No amendment to the zoning map, nor any amendments to the text of the zoning ordinance with respect to the zoning district applicable thereto initiated by the governing body, which eliminate, or materially restrict, reduce, or downzone the uses, or the density of uses permitted in the zoning district applicable to any property to which development rights have been transferred, shall be effective with respect to such property unless there has been mistake, fraud, or a material change in circumstances substantially affecting the public health, safety, or welfare.

M. A county adopting an ordinance pursuant to this article may designate eligible receiving areas in any incorporated town within such county, if the governing body of the town has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

N. Any county and an adjacent city may enter voluntarily into an agreement to permit the county to designate eligible receiving areas in the city if the governing body of the city has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The city council shall designate areas it deems suitable as receiving areas and shall designate the maximum increases in density in each such receiving area. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). The development right shall be taxed as taxable real estate by the local jurisdiction where the sending

property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

1. The terms and conditions of the density transfer agreement as provided in this subsection shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing, which shall be advertised ~~once a week for two successive weeks in a newspaper of general circulation in the locality~~ *as required by § 15.2-2204.*

2. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed agreement. The circuit court shall be limited in its decision to either affirming or denying the agreement and shall have no authority, without the express approval of each local governing body, to amend or change the terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The circuit court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto.

3. The agreement shall not become binding on the localities until affirmed by the court under this subsection. Once approved by the circuit court, the agreement shall also bind future local governing bodies of the localities.

§ 15.2-2321. Adoption of road improvements program.

Prior to adopting a system of impact fees, the locality shall conduct an assessment of road improvement needs benefiting an impact fee service area and shall adopt a road improvements plan for the area showing the new roads proposed to be constructed and the existing roads to be improved or expanded and the schedule for undertaking such construction, improvement or expansion. The road improvements plan shall be adopted as an amendment to the required comprehensive plan and shall be incorporated into the capital improvements program or, in the case of the counties where applicable, the six-year plan for secondary highway construction pursuant to § 33.2-331.

The locality shall adopt the road improvements plan after holding a duly advertised public hearing *in accordance with § 15.2-2204*. ~~The public hearing notice shall identify the impact fee service area or areas to be designated, and shall include a summary of the needs assessment and the assumptions upon which the assessment is based, the proposed amount of the impact fee, and information as to how a copy of the complete study may be examined. A copy of the complete study shall be available for public inspection and copying at reasonable times prior to the public hearing.~~

The locality at a minimum shall include the following items in assessing road improvement needs and preparing a road improvements plan:

1. An analysis of the existing capacity, current usage and existing commitments to future usage of existing roads, as indicated by (i) current and projected service levels, (ii) current valid building permits outstanding, and (iii) approved and pending site plans and subdivision plats. If the current usage and commitments exceed the existing capacity of the roads, the locality also shall determine the costs of improving the roads to meet the demand. The analysis shall include any off-site road improvements or cash payments for road improvements accepted by the locality and shall include a plan to fund the current usages and commitments that exceed the existing capacity of the roads.

2. The projected need for and costs of construction of new roads or improvement or expansion of existing roads attributable in whole or in part to projected new development. Road improvement needs shall be projected for the impact fee service area when fully developed in accord with the comprehensive plan and, if full development is projected to occur more than 20 years in the future, at the end of a 20-year period. The assumptions with regard to land uses, densities, intensities, and population upon which road improvement projections are based shall be presented.

3. The total number of new service units projected for the impact fee service area when fully developed and, if full development is projected to occur more than 20 years in the future, at the end of a 20-year period. A "service unit" is a standardized measure of traffic use or generation. The locality shall develop a table or method for attributing service units to various types of development and land use, including but not limited to residential, commercial and industrial uses. The table shall be based upon the ITE manual (published by the Institute of Transportation Engineers) or locally conducted trip generation studies, and consistent with the traffic analysis standards adopted pursuant to § 15.2-2222.1.

§ 15.2-2400. Creation of service districts.

Any locality may by ordinance, or any two or more localities may by concurrent ordinances, create service districts within the locality or localities in accordance with the provisions of this article. Service districts may be created to provide additional, more complete or more timely services of government than are desired in the locality or localities as a whole.

Any locality seeking to create a service district shall have a public hearing prior to the creation of the service district. Notice of such hearing shall be published ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the hearing.

§ 15.2-2401. Creation of service districts by court order in consolidated cities.

In any city which results from the consolidation of two or more localities, service districts may, in addition to the method prescribed in § 15.2-2400, be created by order of the circuit court for the city upon the petition of fifty voters of the proposed district, which order shall prescribe the metes and bounds of the district.

Upon the filing of a petition the court shall fix a date for a hearing on the question of the proposed service district, which hearing shall embrace a consideration of whether the property embraced within the proposed district will be benefited by the establishment thereof. Notice of such hearing shall be published ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the city, with the first notice appearing no more than ~~21~~ *35* days before *and the*

third notice appearing no less than seven days before the election. Any person interested may answer the petition and make defense thereto. If upon such hearing the court is of opinion that any property embraced within the limits of such proposed district will not be benefited by the establishment thereof, then such property shall not be embraced therein.

Upon the petition of the city council and of not less than 50 voters of the territory proposed to be added, or if such territory contains less than 100 voters, of fifty percent of the voters of such territory, after notice and hearing as provided above, any service district may be extended and enlarged by order of the circuit court for the city which order shall prescribe the metes and bounds of the territory so added.

§ 15.2-2409. How notice given; objections.

The notice may be given by personal service on all persons entitled to such notice, except (i) notice to an infant, a mentally incapacitated person or other person under a disability may be served on his guardian, conservator or committee; (ii) notice to a nonresident may be mailed to him at his place of residence or served on any agent of his having charge of the property or on the tenant of the property; or (iii) in any case when the owner is a nonresident or when the owner's residence is not known, such notice may be given by publication *three times* in a newspaper having general circulation in the locality ~~once a week for four successive weeks~~*, with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the parties are cited to appear*. In lieu of such personal service on the parties or their agents and of such publication, the notice to all parties may be given by publishing the same *twice* in a newspaper having general circulation in the locality, ~~once a week for two successive weeks; the second publication shall be made at least seven days~~ *with the first notice appearing no more than 28 days* before *and the second notice appearing no less than seven days before* the parties are cited to appear. Any landowner wishing to make objections to an assessment or apportionment may appear in person or by counsel and state such objections.

§ 15.2-2506. Publication and notice; public hearing; adjournment; moneys not to be paid out until appropriated.

~~A brief synopsis of the budget that, except in the case of the school division budget, shall be for informative and fiscal planning purposes only, shall be published once in a newspaper having general circulation in the locality affected, and notice given of one or more public hearings, at least seven days prior to the date set for hearing, at which any citizen of the locality shall have the right to attend and state his views thereon.~~ *Notice of one or more public hearings shall be given in accordance with § 15.2-1427. Such notice shall, at a minimum, include a summary of the total revenues and expenditures for each appropriated fund and the current and proposed real estate and personal property tax levies.* Any locality not having a newspaper of general circulation may in lieu of the foregoing notice provide for notice by written or printed handbills, posted at such places as it may direct. The hearing shall be held at least seven days prior to the approval of the budget as prescribed in § 15.2-2503. With respect to the school division budget, which shall include the estimated required local match, such hearing shall be held at least seven days prior to the approval of that budget as prescribed in § 22.1-93. With respect to the budget of a constitutional officer, if the proposed budget reduces funding of such officer at a rate greater than the average rate of reduced funding for other agencies appropriated through such locality's general fund, exclusive of the school division, the locality shall give written notice to such constitutional officer at least 14 days prior to adoption of the budget. If a constitutional officer determines that the proposed budget cuts would impair the performance of his statutory duties, such constitutional officer shall make a written objection to the local governing body within seven days after receipt of the written notice and shall deliver a copy of such objection to the Compensation Board. The local governing body shall consider the written objection of such constitutional officer. The governing body may adjourn such hearing from time to time. The fact of such notice and hearing shall be entered of record in the minute book.

In no event, including school division budgets, shall such preparation, publication, and approval be deemed to be an appropriation. No money shall be paid out or become available to be paid out for any contemplated expenditure unless and until there has first been made an annual, semiannual, quarterly, or monthly appropriation for such contemplated expenditure by the governing body, except that funds appropriated in a county having adopted the county executive form of government for multiyear capital projects and outstanding grants may be carried over from year to year without being reappropriated.

§ 15.2-2507. Amendment of budget.

A. Any locality may amend its budget to adjust the aggregate amount to be appropriated during the current fiscal year as shown in the currently adopted budget as prescribed by § 15.2-2504. However, any such amendment which exceeds one percent of the total expenditures shown in the currently adopted budget must be accomplished by publishing ~~a~~ notice of a meeting and a public hearing ~~once in a newspaper having general circulation in that locality at least seven days prior to the meeting date~~ *in accordance with § 15.2-1427*. The notice shall state the governing body's intent to amend the budget and include a brief synopsis of the proposed budget amendment. Any local governing body may adopt such amendment at the advertised meeting, after first providing a public hearing during such meeting on the proposed budget amendments.

B. Pursuant to the requirements of §§ 15.2-1609.1, 15.2-1609.7, 15.2-1636.8, and 15.2-1636.13 through 15.2-1636.17 every county and city shall appropriate as part of its annual budget or in amendments thereto amounts for salaries, expenses and other allowances for its constitutional officers that are not less than those established for such offices in the locality by the Compensation Board pursuant to applicable law or, in the event of an appeal pursuant to § 15.2-1636.9, by the circuit court in accordance with the provisions of that section.

§ 15.2-2606. Public hearing before issuance of bonds.

A. Notwithstanding any contrary provision of law, general or special, but subject to subsection B of this section, before the final authorization of the issuance of any bonds by a locality, the governing body of the locality shall hold a public hearing on the proposed bond issue. Notice of the hearing shall be published ~~once a week for two successive weeks~~ *twice* in a newspaper published or having general circulation in the locality, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing. The notice shall (i) state the estimated maximum amount of the bonds proposed to be issued, (ii) state the proposed use of the bond proceeds, and if there is more than one use, state the proposed uses for which more than 10 percent of the total bond proceeds is expected to be used, and (iii) specify the time and place of the hearing at which persons may appear and present their views. ~~The hearing shall not be held less than six nor more than 21 days after the date the second notice appears in the newspaper.~~

B. No notice or public hearing shall be required for (i) bonds which have been approved by a majority of the voters of the issuing locality voting on the issuance of such bonds or (ii) obligations issued pursuant to § 15.2-2629, 15.2-2630 or 15.2-2643.

§ 15.2-2610. Request for referendum filed with court; order for election; notice.

If voter approval of any bond issue by a locality is required by the Constitution of Virginia or this chapter or any charter provision, a copy of the resolution or ordinance adopted by the governing body of the locality, certified by the clerk of the governing body, requesting that a referendum on the question of the issuance of the bonds be held, shall be filed with the circuit court for the locality or in the case of a town the circuit court for the county in which the town is located. The circuit court shall order a special election, in accordance with § 24.2-681 et seq., requiring the election officers of the locality on the day fixed in the order to open the polls and take the sense of the voters of the locality on the question of contracting the debt and issuing bonds for the purpose or purposes set forth in the resolution or ordinance. When any town is situated partly in two or more counties, the certified copy of the resolution or ordinance may be presented to the circuit court for any of the counties and the court shall order an election to be held in the town in accordance with the provisions of §§ 24.2-601 and 24.2-681 et seq. Notice of the election in the form prescribed by the court shall be published at least once but not less than ~~ten~~ *seven* days before the election in a newspaper published or having general circulation in the locality.

Where voter approval is required by the Constitution of Virginia, this chapter or any charter provision, a locality may, at its option, provide in the ordinance or resolution that any two or more purposes and amounts of the bonds proposed to be issued for such purposes be combined into a single question for the election and referred to as "capital improvement bonds" in an aggregate principal amount equal to the sum of the amounts for the purposes so combined.

§ 15.2-2652. Service by publication of motion for judgment; parties defendant.

Upon the filing of the motion for judgment the court shall fix the time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, ~~once a week for two consecutive weeks~~ *twice* in a newspaper published or having general circulation in the jurisdiction where the issuer is located*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the date fixed for the hearing*. ~~The date fixed for the hearing shall not be sooner than ten days after the date the second publication of the motion for judgment or summary and the order appears in the newspaper.~~

By the publication of the motion for judgment or summary and the order, all taxpayers, property owners and citizens of the jurisdiction where the issuer is located, including nonresidents owning property in or subject to taxation by it, and all other persons having or claiming any right, title or interest in any property or funds affected in any way by the issuance of the bonds, or having or claiming to have any right or interest in the subject matter of the motion for judgment, shall be considered parties defendant in the proceedings, and the court shall have jurisdiction of them the same as if each of them were named individually as a defendant in the motion for judgment and personally served with process.

§ 15.2-2653. Contesting issuance of bonds; notice and hearing; service on member of governing body, etc.

Any person, corporation, or association desiring to contest the issuance of any bonds pursuant to the provisions of this chapter, or any other law, general or special, shall proceed by filing a motion for judgment within thirty days after the filing of the resolution or ordinance authorizing the issuance of the bonds with the circuit court having jurisdiction over the issuer, or in contesting the validity of a petition for or the results of a referendum, within thirty days after the date that the result of the election for the issuance of the bonds is certified, in the court having jurisdiction as provided in § 15.2-2651. For bonds which are not authorized pursuant to a referendum, or for which the authorizing resolution or ordinance is not required to be filed with the circuit court, the contestant shall proceed by filing a motion for judgment within thirty days after the adoption of the authorizing resolution or ordinance. Upon the filing of a motion for judgment, the court shall fix a time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, ~~once a week for two consecutive weeks~~ *twice* in a newspaper published or having general circulation in the jurisdiction where the issuer is located, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before the date fixed for* the hearing. ~~The date fixed for the hearing shall not be sooner than ten days after the date the second publication of the motion for judgment or summary and the order appears in the newspaper.~~ In addition to such publication, the plaintiff shall secure personal service on at least one member of the governing body of the issuer.

§ 15.2-3236. Council may enact ordinance.

Whenever it is deemed desirable to contract the corporate limits of any city or town, the council thereof may enact an ordinance defining accurately the boundary of the territory proposed to be abandoned. The ordinance, or a descriptive

summary of the ordinance, along with a reference of the place in the city or town where the ordinance may be examined, shall be published *three times* in ~~at least ten issues of~~ a ~~daily~~ paper having general circulation in the city or town, ~~if there is such a paper, or in two successive issues of a weekly newspaper having general circulation in such city or town, if there is such a paper. If there is no daily newspaper having general circulation therein, the ordinance shall be conspicuously posted in at least ten public places in the territory for at least ten days before the application to the circuit court for the city or town as provided for in § 15.2-3237 in addition to the publication in the weekly newspaper~~ *with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the enactment of the ordinance*. A copy of the ordinance shall be served by the city or town upon the chairman of the board of supervisors of the contiguous county or counties of which the territory may become a part.

§ 15.2-3242. Parties defendant and publication of such petition.

The county in which the part of the town proposed to be abandoned under § 15.2-3241 is located shall be named as defendant to the petition. Satisfactory proof that the petition, or a descriptive summary of the petition along with a reference to the place in the town where the petition may be examined, has been published in a newspaper having general circulation in the county or town ~~once a week for four successive weeks and has been posted at the front door of the courthouse of the county for a like period~~ *three times, with the first notice appearing no more than 35 days before and the third notice appearing no less than seven days before the filing of the petition,* shall be filed with the petition. A statement in the publication to the effect that a certain number of registered voters of the territory proposed to be abandoned signed the petition shall be sufficient in lieu of the names of the signers.

§ 15.2-3400. Voluntary settlements among local governments.

Recognizing that the localities of the Commonwealth may be able to settle the matters provided for in this subtitle through voluntary agreements and further recognizing that such a resolution can be beneficial to the orderly growth and continued viability of the localities of the Commonwealth the following provisions are made:

1. Any locality may enter voluntarily into agreement with any other locality or combination of localities whereby any rights provided for its benefit in this subtitle may be modified or waived in whole or in part, as determined by its governing body, provided that the modification or waiver does not conflict with the Constitution of Virginia.

2. The terms of the agreement may include fiscal arrangements, land use arrangements, zoning arrangements, subdivision arrangements and arrangements for infrastructure, revenue and economic growth sharing, provisions for the acceptance on each other's behalf of proffered conditions under § 15.2-2298 or 15.2-2303, dedication of all or any portion of tax revenues to a revenue and economic growth sharing account, boundary line adjustments, acquisition of real property and buildings and the joint exercise or delegation of powers as well as the modification or waiver of specific annexation, transition or immunity rights as determined by the local governing body including opposition to petitions filed pursuant to § 15.2-3203, and such other provisions as the parties deem in their best interest. The terms of the agreement may also provide for subsequent court review, instituted pursuant to provisions contained in the agreement, by a special court convened under Chapter 30 (§ 15.2-3000 et seq.) of this title.

3. If a voluntary agreement is reached pursuant to this chapter, the governing bodies shall present to the Commission the proposed settlement. The Commission shall conduct a hearing pursuant to subsection A of § 15.2-2907. The Commission shall report, in writing, its findings and recommendations as to whether the proposed settlement is in the best interest of the Commonwealth. Such report shall not be binding upon any court but shall be advisory in nature only.

4. Upon receipt of the Commission report, the localities, by ordinance passed by a recorded affirmative vote of a majority of the members of each governing body thereof, may adopt either the original or a modified agreement acceptable to all parties. ~~Before adopting such ordinance each~~ *Each* local governing body shall advertise its intention to approve such agreement, or modified agreement, ~~at least once a week for two successive weeks~~ *twice, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the adoption of the ordinance* in a newspaper having a general circulation in its jurisdiction ~~and such~~. *Such* advertisements shall contain a descriptive summary of the agreement or modified agreement. Each locality shall hold at least one public hearing on the agreement or modified agreement prior to the adoption of the ordinance. The publication shall include a statement that a copy of the agreement, or modified agreement, is on file in the office of the clerk of the circuit court for each of the affected jurisdictions.

5. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed settlement. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. The special court shall be limited in its decision to either affirming or denying the voluntary agreement and shall have no authority, without the express approval of each local governing body, to amend or change the terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto. In determining whether such agreement should be affirmed, the court shall consider, among other things, whether the interest of the Commonwealth in promoting orderly growth and the continued viability of localities has been met. If the agreement is validated and provides for annexation by a city or town, the agreement shall take effect on the first day of the month succeeding validation of the agreement unless the agreement stipulates that the annexation shall be effective on some other date.

6. The agreement shall not become binding on the localities until affirmed by the special court under this section. Once approved by the special court, the agreement shall also bind future local governing bodies of the localities.

7. The applicable provisions of this chapter shall be deemed to have been met with regard to any voluntary fiscal agreement or voluntary agreement in settlement of an annexation, transition or immunity petition or voluntary settlement agreement entered into pursuant to this chapter (i) which was entered into before July 1, 1990, (ii) which had been reviewed or was in the process of review by the Commission on Local Government on or before July 1, 1990, (iii) which had been or was the subject of review by a special court convened under Chapter 30 of this title on or before July 1, 1990, or (iv) which had been or was approved by a special court convened under Chapter 30 of this title on or before July 1, 1990.

8. The provisions of § 15.2-3226 shall apply when a voluntary agreement made under this section includes the annexation of territory by a city or town. No election for members of council shall be held as a result of such annexation unless the city or town increases its population by more than five percent due to the annexation.

§ 15.2-3401. Referendum on contracting of debt by counties in voluntary settlement agreements.

Before a county, under the terms of a voluntary agreement pursuant to this chapter, contracts a debt pursuant to Article VII, § 10 (b) of the Constitution of Virginia, the board of supervisors shall, in conformity with Article VII, § 10 (b) of the Constitution of Virginia, petition the circuit court for the county for an order calling for a special election in the county on the question of contracting such debt.

The question on the ballot shall be as follows, provided that the circuit court in its order calling for the election may substitute alternative language necessary to specify the type of agreement or the particular debt which the county proposes to contract under an agreement:

A plat showing the boundaries of the community shall be attached to the petition. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. § 15.2-4311. Review of districts.

The local governing body may complete a review of any district created under this section, together with additions to such district, no less than four years but no more than ten years after the date of its creation and every four to ten years thereafter. If the local governing body determines that a review is necessary, it shall begin such review at least ninety days before the expiration date of the period established when the district was created. In conducting such review, the local governing body shall ask for the recommendations of the local advisory committee and the planning commission in order to determine whether to terminate, modify or continue the district. When each district is reviewed, land within the district may be withdrawn at the owner's discretion by filing a written notice with the local governing body at any time before it acts to continue, modify or terminate the district. The local planning commission or the advisory committee shall schedule as part of the review a public meeting with the owners of land within the district, and shall send by first-class mail a written notice of the meeting and review to all such owners. The notice shall state the time and place for the meeting; that the district is being reviewed by the local governing body; that the local governing body may continue, modify, or terminate the district; and that land may be withdrawn from the district at the owner's discretion by filing a written notice with the local governing body at any time before it acts to continue, modify or terminate the district. The local governing body shall hold a public hearing as provided by law. The governing body may stipulate conditions to continuation of the district and may establish a period before the next review of the district, which may be different from the conditions or period established when the district was created. Any such different conditions or period shall be described in a notice sent by first-class mail to all owners of land within the district and published in a newspaper having a general circulation within the district ~~at least two weeks~~ *no less than seven days* prior to adoption of the ordinance continuing the district. Unless the district is modified or terminated by the local governing body, the district shall continue as originally constituted, with the same conditions and period before the next review as that established when the district was created.

If the local governing body determines that a review is unnecessary, it shall set the year in which the next review shall occur.

§ 15.2-4313. Proposals as to land acquisition or construction within district.

A. Any agency of the Commonwealth or any political subdivision which intends to acquire land or any interest therein other than by gift, devise, bequest or grant, or any public service corporation which intends to: (i) acquire land or any interest therein for public utility facilities not subject to approval by the State Corporation Commission, provided that the proposed acquisition from any one farm or forestry operation within the district is in excess of one acre or that the total proposed acquisition within the district is in excess of ten acres or (ii) advance a grant, loan, interest subsidy or other funds within a district for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures, shall at least ninety days prior to such action notify the local governing body and all of the owners of land within the district. Notice to landowners shall be sent by first-class or registered mail and shall state that further information on the proposed action is on file with the local governing body. Notice to the local governing body shall be filed in the form of a report containing the following information:

1. A detailed description of the proposed action, including a proposed construction schedule;

2. All the reasons for the proposed action;

3. A map indicating the land proposed to be acquired or on which the proposed dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures are to be constructed;

4. An evaluation of anticipated short-term and long-term adverse impacts on agricultural and forestal operations within the district and how such impacts are proposed to be minimized;

5. An evaluation of alternatives which would not require action within the district; and

6. Any other relevant information required by the local governing body.

B. Upon receipt of a notice filed pursuant to subsection A, the local governing body, in consultation with the local planning commission and the advisory committee, shall review the proposed action and make written findings as to (i) the effect the action would have upon the preservation and enhancement of agriculture and forestry and agricultural and forestal resources within the district and the policy of this chapter; (ii) the necessity of the proposed action to provide service to the public in the most economical and practical manner; and (iii) whether reasonable alternatives to the proposed action are available that would minimize or avoid any adverse impacts on agricultural and forestal resources within the district. If requested to do so by any owner of land that will be directly affected by the proposed action of the agency, corporation, or political subdivision, the Director of the Department of Conservation and Recreation, or his designee, may advise the local governing body on the issues listed in clauses (i), (ii) and (iii) of this subsection.

C. If the local governing body finds that the proposed action might have an unreasonably adverse effect upon either state or local policy, it shall (i) issue an order within ninety days from the date the notice was filed directing the agency, corporation or political subdivision not to take the proposed action for a period of 150 days from the date the notice was filed and (ii) hold a public hearing, as prescribed by law, concerning the proposed action. The hearing shall be held where the local governing body usually meets or at a place otherwise easily accessible to the district. The locality shall publish notice in a newspaper having a general circulation within the district *no less than seven days before the hearing*, and mail individual notice of the hearing to the political subdivisions whose territory encompasses or is part of the district, and the agency, corporation or political subdivision proposing to take the action. Before the conclusion of the 150-day period, the local governing body shall issue a final order on the proposed action. Unless the local governing body, by an affirmative vote of a majority of all the members elected to it, determines that the proposed action is necessary to provide service to the public in the most economic and practical manner and will not have an unreasonably adverse effect upon state or local policy, the order shall prohibit the agency, corporation or political subdivision from proceeding with the proposed action. If the agency, corporation or political subdivision is aggrieved by the final order of the local governing body, an appeal shall lie to the circuit court having jurisdiction of the territory wherein a majority of the land affected by the acquisition is located. However, if such public service corporation is regulated by the State Corporation Commission, an appeal shall be to the State Corporation Commission.

§ 15.2-4405. Creation of districts of local significance.

A. A participating locality shall have the authority to create agricultural, forestal, or agricultural and forestal districts of local significance by the adoption of a general ordinance establishing a local districts program according to the provisions of this chapter.

B. In participating localities where such an ordinance has been adopted by the local governing body, any owner or owners of land may submit an application pursuant to § 15.2-4403 to the locality for the creation of an agricultural, forestal, or an agricultural and forestal district of local significance within such locality. Each individual district of local significance shall have a core of no less than the minimum acreage specified in the general ordinance, which minimum acreage in no case shall be less than 20 acres in one parcel or contiguous parcels, provided that (i) any noncontiguous parcel that is not part of the core may be included in a district of local significance if the nearest boundary of such noncontiguous parcel is within one-quarter of a mile of the core and (ii) such noncontiguous parcel had previously been included in a district of local significance. No owner of land shall be included in any agricultural, forestal, or agricultural and forestal district of local significance without the owner's written approval. A separate application may be made by any owner or owners of land for additional contiguous qualifying lands, or noncontiguous lands that meet the conditions of clauses (i) and (ii), to be included in an already created district at any time following such creation.

C. Upon receipt of a proposal for a district of local significance, the local governing body shall refer the proposal to the planning commission which shall:

1. Provide notice of the proposal by publishing a notice in a newspaper having general circulation within the proposed district and by posting such notice in three conspicuous places within the jurisdiction in which the proposed district is located. The notice shall state that an application for an agricultural, forestal, or agricultural and forestal district of local significance has been submitted to the local governing body, that a copy of the application is on file open to public inspection in the office of the clerk, that any proposals for modifications of the district shall be filed within 30 days, that any owner included in the proposal may withdraw his land, in whole or in part, at any time until the local governing body makes a final decision as to the constitution of the district pursuant to subsection D, and that hearing dates of the planning commission and local governing body shall be published and posted within 30 days.

2. Refer such proposal and modifications to the advisory committee.

D. Within one year of the date of filing of the application for such original proposal, the proposal: shall be reviewed by (i) the advisory committee, which shall report to the local planning commission its recommendations concerning the proposal and proposed modifications; (ii) the planning commission, which, after receiving the report of the advisory committee, shall hold a public hearing as prescribed in subsection E, and shall report its recommendations concerning the proposal and proposed modifications to the local governing body; and (iii) the local governing body, which, after receiving the report of the local planning commission and the advisory committee, shall hold a public hearing as prescribed below, and may create the district or any modification of the district by the adoption of a district ordinance as described in subsection E, or reject the creation of a district as it deems appropriate. All districts shall meet the minimum requirements set forth in the participating locality's general ordinance for the creation of districts of local significance.

E. Public hearings required to be held by the planning commission and local governing body shall be conducted in the following manner:

1. The hearing as prescribed by law shall be held where the local governing body usually meets or at a place otherwise readily accessible to the proposed district;

2. The notice of the public hearing as prescribed by law shall contain a description of the proposed district, any proposed modifications and any recommendations of the local planning commission or the advisory committee; and

3. The notice shall be published *twice* in a newspaper having a general circulation within the proposed district ~~and~~, *with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the hearing. Such notice* shall be given in writing complete with proposed modifications to those municipalities whose territory encompasses or is part of the proposed district.

F. The general ordinance establishing the program to create agricultural, forestal, or agricultural and forestal districts of local significance shall state the criteria which shall be considered by the advisory committee and the local planning commission in advising the local governing body and by the local governing body in making its decision on whether or not to create a district. These criteria shall be based on and consistent with the following factors:

1. The agricultural and forestal significance within the proposed district and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the proposed district and adjacent thereto that are not now in active farming or production;

3. The nature and extent of land uses other than active farming or forestry within the proposed district and adjacent thereto;

4. Local developmental patterns and needs including zoning and the comprehensive plan;

5. The scenic and historic features of land uses within the proposed district and adjacent thereto;

6. The environmental benefits of preserving the lands in the district in their existing use; and

7. Any other matter which may be relevant.

In judging significance, any relevant agricultural and forest maps may be considered as well as soil, climate, topography, quality of tree cover, other natural factors, markets for farm and forest products, the extent and nature of farm and forest improvements, evidence of commitment to long-term farm and forest use, anticipated trends in agricultural and forest economic conditions and technology, and such other factors as may be relevant. Criteria for judging the significance of lands in local agricultural and forestal districts to be created pursuant to this chapter may differ from those for judging the significance of lands in statewide districts to be created pursuant to Chapter 43 (§ 15.2-4300 et seq.).

§ 15.2-5136. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of and for the services furnished or to be furnished by any system, or streetlight system in King George County, or refuse collection and disposal system or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the system or systems, or facilities incident thereto, for which such bonds were issued, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised.

B. The rates for water (including fire protection) and sewer service (including disposal) shall be sufficient to cover the expenses necessary or properly attributable to furnishing the class of services for which the charges are made. However, the authority may fix rates and charges for the services and facilities of its water system sufficient to pay all or any part of the cost of operating and maintaining its sewer system (including disposal) and all or any part of the principal of or the interest on the revenue bonds issued for such sewer or sewage disposal system, and may pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

C. Rates, fees and charges for the services of a sewer or sewage disposal system shall be just and equitable, and may be based upon:

1. The quantity of water used or the number and size of sewer connections;

2. The number and kind of plumbing fixtures in use in the premises connected with the sewer or sewage disposal system;

3. The number or average number of persons residing or working in or otherwise connected with such premises or the type or character of such premises;

4. Any other factor affecting the use of the facilities furnished; or

5. Any combination of the foregoing factors.

However, the authority may fix rates and charges for services of its sewer or sewage disposal system sufficient to pay all or any part of the cost of operating and maintaining its water system, including distribution and disposal, and all or any part of the principal of or the interest on the revenue bonds issued for such water system, and to pledge any surplus revenues of its water system, subject to prior pledges thereof, for such purposes.

D. Water and sewer rates, fees and charges established by any authority shall be fair and reasonable. An authority may charge fair and reasonable rates, fees, and charges to create reserves for expansion of its water and sewer or sewage disposal systems. Such rates, fees, and charges shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. However, any authority may charge and collect rates, fees, and charges to create a reserve fund for reasonable expansion of its water, sewer, or sewage disposal system. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

E. Rates, fees and charges for the service of a streetlight system shall be just and equitable, and may be based upon:

1. The portion of such system used;

2. The number and size of premises benefiting therefrom;

3. The number or average number of persons residing or working in or otherwise connected with such premises;

4. The type or character of such premises;

5. Any other factor affecting the use of the facilities furnished; or

6. Any combination of the foregoing factors.

However, the authority may fix rates and charges for the service of its streetlight system sufficient to pay all or any part of the cost of operating and maintaining such system.

F. The authority may also fix rates and charges for the services and facilities of a water system or a refuse collection and disposal system sufficient to pay all or any part of the cost of operating and maintaining facilities incident thereto for the generation or transmission of power and all or any part of the principal of or interest upon the revenue bonds issued for any such facilities incident thereto, and to pledge any surplus revenues from any such system, subject to prior pledges thereof, for such purposes. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than a public water system may be determined by gauging or metering or in any other manner approved by the authority.

G. No rates, fees or charges shall be fixed under subsections A through F of this section or under subdivision 10 of § 15.2-5114 until after a public hearing at which all of the users of the systems or facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing~~, setting forth the proposed schedule or schedules of rates, fees and charges,~~ *in accordance with § 15.2-1427* shall be published ~~once a week for two successive weeks in a newspaper having a general circulation in the area to be served by such systems or facilities, with the first notice appearing no more than 14 days before the hearing~~. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or facilities or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

H. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection G shall be kept on file in the office of the clerk or secretary of the governing body of each locality in which such systems or any part thereof is located, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection G. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection G.

I. No rates, fees or charges established, fixed, changed or revised before January 1, 2013, by any authority pursuant to this section or to subdivision 10 of § 15.2-5114 shall be invalidated because of any defect in or failure to publish or provide any notice required under this section or any predecessor provision.

§ 15.2-5156. Hearing; notice.

A. An ordinance or resolution creating a community development authority shall not be adopted or approved until a public hearing has been held by the governing body on the question of its adoption or approval. Notice of the public hearing shall be published ~~once a week for three successive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first notice appearing no more than ~~21~~ *35* days before *and the third notice appearing no less than seven days before* the hearing. The petitioning landowners shall bear the expense of publishing the notice. ~~The hearing shall not be held sooner than ten days after completion of publication of the notice.~~

B. After the public hearing and before adoption of the ordinance or resolution, the local governing body shall mail a true copy of its proposed ordinance or resolution creating the development authority to the petitioning landowners or their attorney in fact. Unless waived in writing, any petitioning landowner shall have thirty days from mailing of the proposed ordinance or resolution in which to withdraw his signature from the petition in writing prior to the vote of the local governing body on such ordinance or resolution. If any signatures on the petition are so withdrawn, the local governing body may pass the proposed ordinance or resolution only upon certification by the petitioners that the petition continues to meet the requirements of § 15.2-5152. If all petitioning landowners waive the right to withdraw their signatures from the petition, the local governing body may adopt the ordinance or resolution upon compliance with the provisions of subsection A and any other applicable provisions of law.

§ 15.2-5403. Creation of electric authority; referendum.

The governing body of a governmental unit may by ordinance, or the governing bodies of two or more governmental units may by concurrent ordinances or agreement authorized by ordinance of each of the respective governmental units, create an electric authority, under any appropriate name and title containing the words "electric authority." Upon compliance with the provisions of this section and §§ 15.2-5404 and 15.2-5405, the authority shall be a political subdivision of the Commonwealth and a body politic and corporate. Any such ordinance shall be adopted in accordance with applicable general or special laws or charter provisions providing for the adoption of ordinances of the particular governmental unit, and shall be published ~~once a week for two successive weeks prior to adoption~~ *twice* in a newspaper of general circulation within the governmental unit*, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before adoption*. ~~The second publication shall not be sooner than one calendar week after the first publication.~~

No governmental unit shall participate as a member of such an authority unless and until such participation is authorized by a majority of the voters voting in a referendum held in the governmental unit on the question of whether or

not the governmental unit should participate in the authority. The referendum shall be held as provided in §§ 24.2-682 and 24.2-684. The foregoing referendum requirement shall not apply to the Town of Elkton if the Town creates an authority by an ordinance that includes articles of incorporation which comply with the provisions of § 15.2-5404 and also set forth a statement that such authority shall have only the Town as its sole member throughout its life.

§ 15.2-5431.25. Rates and charges.

A. The authority may fix and revise rates, fees and other charges (which shall include, but not be limited to, a penalty not to exceed 10 percent on delinquent accounts, and interest on the principal), subject to the provisions of this section, for the use of a project or any portion thereof and for the services furnished or to be furnished by the authority, or facilities incident thereto, owned, operated or maintained by the authority, or facilities incident thereto, for which the authority has issued revenue bonds as authorized by this chapter or received loan funding from other sources. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (i) to pay the cost of maintaining, repairing and operating the project or systems, or facilities incident thereto, for which such bonds were issued or loans obtained, including reserves for such purposes and for replacement and depreciation and necessary extensions, (ii) to pay the principal of and the interest on the revenue bonds as they become due and reserves therefor, or other loan principal and interest, and (iii) to provide a margin of safety for making such payments. The authority shall charge and collect the rates, fees and charges so fixed or revised. The authority shall maintain records demonstrating compliance with the requirements of this section concerning the fixing and revision of rates, fees, and charges that shall be made available for inspection and copying by the public pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

B. No rates, fees or charges shall be fixed under subsection A until after a public hearing at which all of the users of such facilities; the owners, tenants or occupants of property served or to be served thereby; and all others interested have had an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the authority of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of a public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, shall be published ~~once a week for two successive weeks~~ *twice* in a newspaper having a general circulation in the area to be served by such systems, with the first notice appearing no more than ~~14~~ *28* days before *and the second notice appearing no less than seven days before* the hearing. The hearing may be adjourned from time to time. A copy of the notice shall be mailed to the governing bodies of all localities in which such systems or any part thereof is located. After the hearing the preliminary schedule or schedules, either as originally adopted or as amended, shall be adopted and put into effect.

C. A copy of the schedule or schedules of the final rates, fees and charges fixed in accordance with subsection B shall be kept on file in the office of the clerk or secretary of the governing body of the locality, and shall be open to inspection by all interested parties. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of a hearing or notice. Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection B. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection B.

D. Connection fees established by any authority shall be fair and reasonable. Such fees shall be reviewed by the authority periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

§ 15.2-5704. Powers of authority.

Each authority shall be deemed to be performing essential governmental functions providing for the public health and welfare, and is authorized and empowered:

1. To have existence for such term of years as specified by the participating localities;

2. To adopt bylaws for the regulation of its affairs and the conduct of its business;

3. To adopt an official seal and alter the same at pleasure;

6. To acquire, purchase, lease as lessee, construct, reconstruct, improve, extend, operate and maintain parks within, or partly within and partly outside, one or more of the participating localities; to acquire by gift, purchase or the exercise of the right of eminent domain lands or rights in land or water rights in connection therewith; and to sell, lease as lessor, transfer or dispose of any property or interest therein acquired by it; however, the power of eminent domain shall not extend beyond the geographical limits of the localities composing the authority;

7. To regulate the uses of all lands and facilities under control of the authority;

8. To locate and operate a retail fee-based electric vehicle charging station on property under the jurisdiction of the authority; to provide that the use of such station is restricted to the employees of the locality, authority, and authorized visitors; and to install signage that provides notice of such restriction;

9. To issue revenue bonds and revenue refunding bonds of the authority, such bonds to be payable solely from revenues derived from the use of the facilities or the furnishing of park services;

10. To accept grants and gifts from the localities forming or thereafter joining the authority, the Commonwealth, the federal government or any other governmental bodies or political subdivisions, and from any other person;

The governing body of any participating locality, notwithstanding any contrary provision of law, general or special, is authorized and empowered to transfer jurisdiction over, to lease, lend, grant or convey to the authority, upon the request of the authority, upon such terms and conditions as the governing body of such locality may agree with the authority as reasonable and fair, real or personal property as may be necessary or desirable in connection with the acquisition, construction, improvement, operation or maintenance of a park, including public roads and other property already devoted to public use. Agreements may be entered into by the authority with the Commonwealth, or any agency acting on behalf of the Commonwealth, for the acquisition of any lands or property, owned or controlled by the Commonwealth, for the purposes of construction or improvement, maintenance or operation of a park;

14. In the event of annexation by a municipality not a member of the authority of lands, areas, or territory served by the authority, then such authority may continue to do business, exercise its jurisdiction over properties and facilities in and upon or over such lands, areas or territory as long as any bonds or indebtedness remain outstanding or unpaid, or any contracts or other obligations remain in force;

the execution of such agreement or arrangement to allow the State Treasurer to undertake a review for the purposes of determining (i) whether the agreement or arrangement may constitute tax-supported debt of the Commonwealth and (ii) the potential impact of the agreement or arrangement on the debt capacity and credit ratings of the Commonwealth. If after such review the State Treasurer determines that the agreement or arrangement may constitute tax-supported debt of the Commonwealth, or may have an adverse impact on the debt capacity or the credit ratings of the Commonwealth, the agreement or arrangement and any associated financing shall be submitted to the Treasury Board for review and approval of terms and structures in a manner consistent with § 2.2-2416.

F. The Commonwealth shall not enter into any purchase agreement, lease agreement, lease-purchase agreement, master lease agreement or any other contractual arrangement that creates a direct or contingent financial obligation of the Commonwealth unless such agreement or arrangement has first been reviewed and approved as required by subsection E and subsequently approved in writing by the Governor.

The board of viewers of the county in which the petition was filed shall give notice by publication ~~once a week for three successive weeks~~ *three times* in some newspaper published in the county in which the project, or some part thereof, is situated, if there be any such newspaper, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing, and also by posting a written or printed notice at the door of the courthouse and at five conspicuous places in the project, reciting that they propose to issue drainage bonds for the total cost of the improvement, giving the amount of the bonds to be issued, the rate of interest that they are to bear, and the time when payable.

§ 21-420. How additional assessments made.

If additional or new assessments are so levied, such assessments shall be made on the same basis as the original assessments, and shall be levied only after all persons interested shall have been given full hearing by the board of viewers on the question of benefits and any other question on which they shall desire to be heard. Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation published in a county in which such project is located in whole or in part, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing. The determination of the board of viewers shall be final.

§ 22.1-37. Notice by commission of meeting for appointment.

Such notice shall be given whether the appointment is of a member or members of the county school board for the full term of office as provided by law or of a member to fill a vacancy occurring in the membership of the county school board or of a member from a new school district.

§ 30-140. Certain political subdivisions to file report of audit; period in which report kept as public record; when audit not required; sworn statement of exempted entities; publication of summary of financial condition; repeal of conflicting provisions.

A. Each authority, commission, district, or other political subdivision the members of whose governing body are not elected by popular vote shall annually, within five months after the end of its fiscal year, have an audit performed covering its financial transactions for such fiscal year according to the specifications of the Auditor of Public Accounts and file with the Auditor of Public Accounts a copy of the report, unless exempted in accordance with subsection B.

Each authority, commission, district, or other political subdivision the members of whose governing body are not elected by popular vote and which is reported in the Commonwealth's Comprehensive Annual Financial Report as determined by the State Comptroller and the Auditor of Public Accounts shall annually, within three months after the end of its fiscal year, have an audit performed covering its financial transactions for such fiscal year according to the specifications of the Auditor of Public Accounts and file with the Auditor of Public Accounts a copy of the report, unless exempted in accordance with subsection B.

The Auditor of Public Accounts shall receive such reports required by this subsection and keep the same as public records for a period of 10 years from their receipt.

B. No audit, however, shall be required for any fiscal year during which such entity's financial transactions did not exceed the sum of $25,000.

As used in this section, "financial transactions" shall not include financial transactions involving notes, bonds, or other evidences of indebtedness of such entity the proceeds of which are held or advanced by a corporate trustee or other financial institution and not received or disbursed directly by such entity.

In the event an audit is not required, the entity shall file a statement under oath certifying that the transactions did not exceed such sum and, as to all transactions involving notes, bonds, or other evidences of indebtedness that are exempted, the

statement shall be accompanied by an affidavit from the trustee or financial institution certifying that it has performed the duties required under the agreement governing such transactions. Notwithstanding the foregoing, the Auditor of Public Accounts may require an audit if he deems it to be necessary to determine the propriety of the entity's financial transactions.

In the case of a water and sewer authority required by a governing body to have an audit conducted as specified in § 15.2-5145, the authority shall file the certified audit with the Auditor of Public Accounts.

At the time the report required by this section is filed with the Auditor of Public Accounts every such authority, commission, district, or other political subdivision, except those exempted from the audit report requirement, shall publish, in a newspaper of general circulation in the county, city, or town wherein the authority, commission, district, or other political subdivision is located, ~~a summary statement reflecting the financial condition of the authority, commission, district, or other political subdivision, which shall include~~ a reference to where ~~the~~ *a* detailed statement *reflecting the financial condition of the authority, commission, district, or other political subdivision* may be found.

Any provision of law, general or special, which by its terms requires an audit that is not required by this section shall be repealed to the extent of any conflict.

§ 33.2-331. Annual meeting with county officers; six-year plan for secondary state highways; certain reimbursements required.

For purposes of this section, "cancellation" means complete elimination of a highway construction or improvement project from the six-year plan.

The governing body of each county in the secondary state highway system may, jointly with the representatives of the Department as designated by the Commissioner of Highways, prepare a six-year plan for the improvements to the secondary state highway system in that county. Each such six-year plan shall be based upon the best estimate of funds to be available to the county for expenditure in the six-year period on the secondary state highway system. Each such plan shall list the proposed improvements, together with an estimated cost of each project so listed. Following the preparation of the plan in any year in which a proposed new funding allocation is greater than $100,000, the board of supervisors or other local governing body shall conduct a public hearing after publishing notice *twice* in a newspaper published in or having general circulation in the county ~~once a week for two successive weeks~~, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing, and posting notice of the proposed hearing at the front door of the courthouse of such county 10 days before the meeting. At the public hearings, which shall be conducted jointly by the board of supervisors and the representative of the Department, the entire six-year plan shall be discussed with the citizens of the county and their views considered. Following the discussion, the local governing body, together with the representative of the Department, shall finalize and officially adopt the six-year plan, which shall then be considered the official plan of the county.

At least once in each calendar year in which a proposed new funding allocation is greater than $100,000, representatives of the Department in charge of the secondary state highway system in each county, or some representative of the Department designated by the Commissioner of Highways, shall meet with the governing body of each county in a regular or special meeting of the local governing body for the purpose of preparing a budget for the expenditure of improvement funds for the next fiscal year. The representative of the Department shall furnish the local governing body with an updated estimate of funds, and the board and the representative of the Department shall jointly prepare the list of projects to be carried out in that fiscal year taken from the six-year plan by order of priority and following generally the policies of the Board in regard to the statewide improvements to the secondary state highway system. In any year in which a proposed new funding allocation is greater than $100,000, such list of priorities shall then be presented at a public hearing duly advertised in accordance with the procedure outlined in this section, and comments of citizens shall be obtained and considered. Following this public hearing, the board, with the concurrence of the representative of the Department, shall adopt, as official, a priority program for the ensuing year, and the Department shall include such listed projects in its secondary highways budget for the county for that year.

At least once every two years following the adoption of the original six-year plan, the governing body of each county, together with the representative of the Department, may update the six-year plan of the county by adding to it and extending it as necessary so as to maintain it as a plan encompassing six years. Whenever additional funds for secondary highway purposes become available, the local governing body may request a revision in its six-year plan in order that such plan be amended to provide for the expenditure of the additional funds. Such additions and extensions to each six-year plan shall be prepared in the same manner and following the same procedures as outlined herein for its initial preparation. Where the local governing body and the representative of the Department fail to agree upon a priority program, the local governing body may appeal to the Commissioner of Highways. The Commissioner of Highways shall consider all proposed priorities and render a decision establishing a priority program based upon a consideration by the Commissioner of Highways of the welfare and safety of county citizens. Such decision shall be binding.

Nothing in this section shall preclude a local governing body, with the concurrence of the representative of the Department, from combining the public hearing that may be required pursuant to this section for revision of a six-year plan with the public hearing that may be required pursuant to this section for review of the list of priorities, provided that notice of such combined hearing is published in accordance with procedures provided in this section.

All such six-year plans shall consider all existing highways in the secondary state highway system, including those in the towns located in the county that are maintained as a part of the secondary state highway system, and shall be made a public document.

If any county cancels any highway construction or improvement project included in its six-year plan after the location and design for the project has been approved, such county shall reimburse the Department the net amount of all funds expended by the Department for planning, engineering, right-of-way acquisition, demolition, relocation, and construction between the date on which project development was initiated and the date of cancellation. To the extent that funds from secondary highway allocations have been expended to pay for a highway construction or improvement project, all revenues generated from a reimbursement by the county shall be deposited into that same county's secondary highway allocation. The Commissioner of Highways may waive all or any portion of such reimbursement at his discretion.

The provisions of this section shall not apply in instances where less than 100 percent of the right-of-way is available for donation for unpaved highway improvements.

§ 33.2-723. Assumption of district highway indebtedness by counties.

A. Any county may assume the payment of and pay any outstanding indebtedness of any magisterial district or districts thereof incurred for the purpose of constructing public highways that were subsequently taken over by the Commonwealth, provided the assumption thereof is approved by a majority of the qualified voters of the county voting on the question at an election to be held as provided in this section.

B. The governing body of the county may, by a resolution entered of record in its minute book, require the judges of election to open a poll at the next regular election and take the sense of the qualified voters of the county upon the question whether or not the county shall assume the highway indebtedness of _____ district, or _____ districts. The local governing body shall cause notice of such election to be given by the posting of written notice thereof at the front door of the county courthouse at least 30 days prior to the date the same is to be held and by publication thereof ~~once a week for two successive weeks~~ *twice* in a newspaper published or having general circulation in the county, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the election. Such notice shall set forth the date of such election and the question to be voted on.

C. The ballots for use in voting upon the question so submitted shall be prepared, printed, distributed, voted, and counted and the returns made and canvassed in accordance with the provisions of § 24.2-684. The results shall be certified by the commissioners of election to the county clerk, who shall certify the same to the governing body of the county, and such returns shall be entered of record in the minute book of the local governing body.

D. If a majority of the voters voting on the question vote in favor of the assumption by the county of the highway indebtedness of any district of the county, such indebtedness shall become and be an obligation of the county and as binding thereon as if the same had been originally contracted by the county. In such event the governing body of the county is authorized to levy and collect taxes throughout the county for the payment of the district indebtedness so assumed, both as to principal and interest.

E. Nothing contained in this section shall affect the validity of such district highway obligations in the event that the result of such election is against the assumption thereof by the county, but they shall continue to be as valid and binding in all respects as they were in their inception.

§ 33.2-909. Abandonment of highway, landing, or railroad crossing; procedure.

A. The governing body of any county on its own motion or upon petition of any interested landowner may cause any section of the secondary state highway system, or any crossing by the highway of the lines of a railroad company or crossing by the lines of a railroad company of the highway, deemed by it to be no longer necessary for the uses of the secondary state highway system to be abandoned altogether as a public highway, a public landing, or a public railroad crossing by complying substantially with the procedure provided in this section.

B. The governing body of the county shall give notice of its intention to abandon any such highway, landing, or railroad crossing (i) by posting a notice of such intention at least three days before the first day of a regular term of the circuit court at the front door of the courthouse of the county in which the section of the highway, landing, or railroad crossing sought to be abandoned as a public highway, public landing, or public railroad crossing is located or (ii) by posting notice in at least three places on and along the highway, landing, or railroad crossing sought to be abandoned for at least 30 days and in either case by publishing notice of its intention in two or more issues of a newspaper having general circulation in the county. In addition, the governing body of the county shall give notice of its intention to abandon such highway, landing, or railroad crossing to the Board or the Commissioner of Highways. In any case in which the highway, landing, or railroad crossing proposed to be abandoned lies in two or more counties, the governing bodies of such counties shall not abandon such highway, landing, or railroad crossing unless and until all affected governing bodies agree. The procedure in such cases shall conform mutatis mutandis to the procedure prescribed for the abandonment of a highway, landing, or railroad crossing located entirely within a county.

When the governing body of a county gives notice of intention to abandon a public landing, the governing body shall also give such notice to the Department of Wildlife Resources.

C. If one or more landowners in the county whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section, or the Board or the Department of Wildlife Resources, in the case of a public landing, files a petition with the governing body of the county within 30 days after notice is posted and published as provided in this section, the governing body of the county shall hold a public hearing on the proposed abandonment and shall give notice of the time and place of the hearing by publishing such information ~~once a week for two successive weeks~~ *twice* in a newspaper having general circulation in the county, with the first publication appearing no more than ~~14~~ *28* days before *and the second*

publication appearing no less than seven days before the hearing. The governing body shall also give notice to the Board or, if a public landing is sought to be abandoned, to the Department of Wildlife Resources.

D. If a petition for a public hearing is not filed as provided in this section, or if after a public hearing is held the governing body of the county is satisfied that no public necessity exists for the continuance of the section of the secondary highway as a public highway or the railroad crossing as a public railroad crossing or the landing as a public landing or that the safety and welfare of the public would be served best by abandoning the section of highway, the landing, or the railroad crossing as a public highway, public landing, or public railroad crossing, the governing body of the county shall (i) within four months of the 30-day period during which notice was posted where no petition for a public hearing was filed or (ii) within four months after the public hearing adopt an ordinance or resolution abandoning the section of highway as a public highway, or the landing as a public landing, or the railroad crossing as a public railroad crossing, and with that ordinance or resolution the section of highway shall cease to be a public highway, a public landing, or a public railroad crossing. If the governing body is not so satisfied, it shall dismiss the application within the applicable four months provided in this subsection.

E. A finding by the governing body of a county that a section of the secondary state highway system is no longer necessary for the uses of the secondary state highway system may be made if the following conditions exist:

1. The highway is located within a residence district as defined in § 46.2-100;

2. The residence district is located within a county having a density of population exceeding 1,000 per square mile;

3. Continued operation of the section of highway in question constitutes a threat to the public safety and welfare; and

4. Alternate routes for use after abandonment of the highway are readily available.

F. In considering the abandonment of any section of highway under the provisions of this section, due consideration shall be given to the historic value, if any, of such highway.

G. Any ordinance or resolution of abandonment issued in compliance with this section shall give rise in subsequent proceedings, if any, to a presumption of adequate justification for the abandonment.

H. No public landing shall be abandoned unless the Board of Wildlife Resources shall by resolution concur in such abandonment.

§ 33.2-2001. Creation of district.

A. A district may be created in a single locality or in two or more contiguous localities. If created in a single locality, a district shall be created by a resolution of the local governing body. If created in two or more contiguous localities, a district shall be created by the resolutions of each of the local governing bodies. Any such resolution shall be considered only upon the petition, to each local governing body of the locality in which the proposed district is to be located, of the owners of at least 51 percent of either the land area or the assessed value of land in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes. Any proposed district within a county or counties may include any land within a town or towns within the boundaries of such county or counties.

B. The petition to the local governing body or bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto which the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing body or bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, the governing body shall deliver a copy of the petition and notice of the public hearing to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if it wishes such property located within the town to be included within the proposed district and shall deliver a copy of any such resolution to the local governing body at the public hearing required by this section. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing.

D. If each local governing body finds the creation of the proposed district would be in furtherance of the locality's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, then each local governing body may pass a resolution, which shall be reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolution shall provide a description with specific terms and

conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with state or federal law.

Each resolution creating a district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2014. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any signatures on the petition are withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After all local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The _____ Transportation Improvement District."

§ 33.2-2101. Creation of district.

A. A district may be created in a county by a resolution of the governing body. Any such resolution shall be considered only upon the petition, to the governing body, of the owners of at least 51 percent of either the land area or the assessed value of real property that (i) is within the boundaries of the proposed district, (ii) has been zoned for commercial or industrial use or is used for such purposes, and (iii) would be subject to the annual special improvement tax authorized by § 33.2-2105 if the proposed district is created. Any proposed district within a county may include any real property within a town or towns within the boundaries of such county.

B. The petition to the governing body shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the governing body to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, the governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. If real property within a town is included in the proposed district, a copy of the petition and notice of the public hearing shall be delivered to the town council at least 30 days prior to the public hearing, and the town council may by resolution determine if the town council wishes any property located within the town to be included within the proposed district and any such resolution shall be delivered to the governing body prior to the public hearing required by this section. Such resolution shall be binding upon the governing body with respect to the inclusion or exclusion of such properties within the proposed district. If that resolution permits any commercial or industrial property located within a town to be included in the proposed district, then if requested to do so by the petition the town council of any town that has adopted a zoning ordinance also shall pass a resolution, to be effective upon creation of the proposed district, that is consistent with the requirements of subsection E with respect to commercial and industrial zoning classifications that shall be in force in that portion of the town included in the district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. Such public hearing may be adjourned from time to time.

D. If the governing body finds the creation of the proposed district would be in furtherance of the county's comprehensive plan for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, the governing body may pass a resolution that is reasonably consistent with the petition, that creates the district upon final adoption, and that provides for the appointment of an advisory board in accordance with this chapter upon final adoption. Any such resolution shall be conclusively presumed to be reasonably consistent with the petition if, following the public hearing, as provided in the following provisions of this section, the petition continues to comply with the provisions of this section with respect to the criteria relating to minimum acreage or assessed valuation.

E. The resolution shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that apply within the district, but not within any town within the district that has adopted a zoning ordinance, that shall be in force in the district upon its creation, together with any related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any

property affected by a change, (ii) as required to comply with the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) or the regulations adopted pursuant thereto, (iii) as required to comply with the provisions of the federal Clean Water Act regarding municipal and industrial stormwater discharges (33 U.S.C. § 1342(p)) and regulations promulgated thereunder by the federal Environmental Protection Agency, or (iv) as specifically required to comply with any other state or federal law.

F. A resolution creating a district shall also provide (i) that the district shall expire 50 years from the date upon which the resolution is passed or (ii) that the district shall expire when the district is abolished in accordance with § 33.2-2115. After the public hearing, the governing body may adopt a proposed resolution creating the district. No later than two business days following the adoption of the proposed resolution, copies of the proposed resolution shall be available in the office of the clerk of the governing body for inspection and copying by the petitioning landowners and their representatives, by members of the public, and by representatives of the news media. No later than seven business days following the adoption of the proposed resolution, any petitioning landowner may notify the clerk of the governing body in writing that the petitioning landowner is withdrawing his signature from the petition. Within the same seven-day period, the owner of any property in the proposed district that will be subject to the annual special improvements tax authorized by § 33.2-2105, if the proposed district is created, or the attorney-in-fact of any such owner may notify the clerk of the governing body in writing that he is adding his signature to the petition. The governing body may then proceed to final adoption of the proposed resolution following that seven-day period. If any petitioner has withdrawn his signature from the petition during that seven-day period, then the governing body may readopt the proposed resolution only if the petition, including any landowners who have added their signatures after adoption of the proposed resolution, continues to meet the provisions of this section. After the governing body has readopted the resolution creating the district, the district shall be established and the name of the district shall be "The _____ _____ Transportation Improvement District."

§ 33.2-2701. Creation of district.

A. A district may be created in the City of Charlottesville and the County of Albemarle by resolutions of such localities' governing bodies. Such resolutions shall be considered upon the petition to each governing body of a locality in which the proposed district by the owners of at least 51 percent of either the land area or the assessed value of land, in each locality that (i) is within the boundaries of the proposed district and (ii) has been zoned for commercial or industrial use or is used for such purposes.

B. The petition to the local governing bodies shall:

1. Set forth the name and describe the boundaries of the proposed district;

2. Describe the transportation improvements proposed within the district;

3. Propose a plan for providing such transportation improvements within the district and describe specific terms and conditions with respect to all commercial and industrial zoning classifications and uses, densities, and criteria related thereto that the petitioners request for the proposed district;

4. Describe the benefits that can be expected from the provision of such transportation improvements within the district; and

5. Request the local governing bodies to establish the proposed district for the purposes set forth in the petition.

C. Upon the filing of such a petition, each local governing body shall fix a day for a hearing on the question of whether the proposed district shall be created. The hearing shall consider whether the residents and owners of real property within the proposed district would benefit from the establishment of the proposed district. All interested persons who either reside in or own taxable real property within the proposed district shall have the right to appear and show cause why any property or properties should not be included in the proposed district. Such resolution shall be binding upon the local governing body with respect to the inclusion or exclusion of such properties within the proposed district. The petition shall comply with the provisions of this section with respect to minimum acreage or assessed valuation. Notice of the hearing shall be given by publication ~~once a week for three consecutive weeks~~ *three times* in a newspaper of general circulation within the locality, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing.

D. If both local governing bodies find the creation of the proposed district would be in furtherance of their comprehensive plans for the development of the area, in the best interests of the residents and owners of real property within the proposed district, and in furtherance of the public health, safety, and welfare, both local governing bodies may pass resolutions that are reasonably consistent with the petition, creating the district and providing for the appointment of an advisory board in accordance with this chapter. The resolutions shall provide a description with specific terms and conditions of all commercial and industrial zoning classifications that shall be in force in the district upon its creation, together with all related criteria and a term of years, not to exceed 20 years, as to which each such zoning classification and each related criterion set forth therein shall remain in force within the district without elimination, reduction, or restriction, except (i) upon the written request or approval of the owner of any property affected by a change or (ii) as specifically required to comply with federal or state law.

Each resolution creating the district shall also provide (a) that the district shall expire 35 years from the date upon which the resolution is passed or (b) that the district shall expire when the district is abolished in accordance with § 33.2-2714. After the public hearing, each local governing body shall deliver a certified copy of its proposed resolution creating the district to the petitioning landowners or their attorneys-in-fact. Any petitioning landowner may then withdraw his signature on the petition, in writing, at any time prior to the vote of the local governing body. In the case where any

signature on the petition is withdrawn, the local governing body may pass the proposed resolution only upon certification that the petition continues to meet the provisions of this section. After both local governing bodies have adopted resolutions creating the district, the district shall be established and the name of the district shall be "The Charlottesville-Albemarle Transportation Improvement District."

§ 58.1-3245.2. Tax increment financing.

A. The governing body of any county, city or town may adopt tax increment financing by passing an ordinance designating a development project area and providing that real estate taxes in the development project area shall be assessed, collected and allocated in the following manner for so long as any obligations or development project cost commitments secured by the Tax Increment Financing Fund, hereinafter authorized, are outstanding and unpaid.

1. The local assessing officer shall record in the land book both the base assessed value and the current assessed value of the real estate in the development project area.

2. Real estate taxes attributable to the lower of the current assessed value or base assessed value of real estate located in a development project area shall be allocated by the treasurer or director of finance pursuant to the provisions of this chapter.

3. Real estate taxes attributable to the increased value between the current assessed value of any parcel of real estate and the base assessed value of such real estate shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Tax Increment Financing Fund" to pay the principal and interest on obligations issued or development project cost commitments entered into to finance the development project costs.

B. The governing body shall hold a public hearing on the need for tax increment financing in the county, city or town prior to adopting a tax increment financing ordinance. Notice of the public hearing shall be published ~~once each week for three consecutive weeks immediately preceding the public hearing~~ *three times* in each newspaper of general circulation in such county, city or town, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. The notice shall include the time, place and purpose of the public hearing, define tax increment financing, indicate the proposed boundaries of the development project area, and propose obligations to be issued to finance the development project area costs.

§ 58.1-3245.8. Adoption of local enterprise zone development taxation program.

A. The governing body of any county, city, or town may adopt a local enterprise zone development taxation program by passing an ordinance designating an enterprise zone located within its boundaries as a local enterprise zone; however, an ordinance may designate an area as a local enterprise zone contingent upon the designation of the area as an enterprise zone pursuant to Chapter 49 (§ 59.1-538 et seq.) of Title 59.1. If the county, city, or town contains more than one enterprise zone, such ordinance may designate one or more as a local enterprise zone. If an enterprise zone is located in more than one county, city, or town, the governing body may designate the portion of the enterprise zone located within its boundaries as a local enterprise zone. An ordinance designating a local enterprise zone shall provide that all or a specified percentage of the real estate taxes, machinery and tools taxes, or both, in the local enterprise zone shall be assessed, collected and allocated in the following manner:

1. The local assessing officer shall record in the appropriate books both the base assessed value and the current assessed value of the real estate or machinery and tools, or both, in the local enterprise zone.

2. Real estate taxes or machinery and tools taxes attributable to the lower of the current assessed value or base assessed value of real estate or machinery and tools located in a local enterprise zone shall be allocated by the treasurer or director of finance as they would be in the absence of such ordinance.

3. All or the specified percentage of the increase in real estate taxes or machinery and tools taxes, or both, attributable to the difference between (i) the current assessed value of such property and (ii) the base assessed value of such property shall be allocated by the treasurer or director of finance and paid into a special fund entitled the "Local Enterprise Zone Development Fund" to be used as provided in § 58.1-3245.10. Such amounts paid into the fund shall not include any additional revenues resulting from an increase in the tax rate on real estate or machinery and tools after the adoption of a local enterprise zone development taxation ordinance, nor shall it include any additional revenues merely resulting from an increase in the assessed value of real estate or machinery and tools which were located in the zone prior to the adoption of a local enterprise zone development taxation ordinance unless such property is improved or enhanced.

B. The governing body shall hold a public hearing on the need for a local enterprise zone development taxation program in the county, city, or town prior to adopting a local enterprise zone development taxation ordinance. Notice of the public hearing shall be published ~~once each week for three consecutive weeks immediately preceding the public hearing~~ *three times* in each newspaper of general circulation in such county, city, or town, with the first publication appearing no more than ~~21~~ *35* days before *and the third publication appearing no less than seven days before* the hearing. The notice shall include the time, place and purpose of the public hearing; define local enterprise zone development taxation; indicate the proposed boundaries of the local enterprise zone; state whether all or a specified percentage of real property or machinery or tools, or both, will be subject to local enterprise zone development taxation; and describe the purposes for which funds in the Local Enterprise Zone Development Fund are authorized to be used.

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings; referendum.

A. When any annual assessment, biennial assessment, or general reassessment of real property by a county, city, or town would result in an increase of one percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of

the previous year's real property tax levies, unless subsection B is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A if any such increase is deemed to be necessary by such governing body.

C. Notice of any public hearing held pursuant to this section shall be given at least seven days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business~~, except that such notice shall be given at least 14 days before the date of such hearing in any year in which neither a general appropriation act nor amendments to a general appropriation act providing appropriations for the immediately following fiscal year have been enacted by April 30 of such year~~. Additionally, in a county, city, or town that conducts its reassessment more than once every four years, the notice for any public hearing held pursuant to this section shall be published on a different day and in a different notice from any notice published for the annual budget hearing. Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. Assessment Increase: Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by __ percent.

2. Lowered Rate Necessary to Offset Increased Assessment: The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be____ $ per $100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of ____ $ per $100 of assessed value. The difference between the lowered tax rate and the proposed rate would be ____ $ per $100, or__ (name of the county, city or town) $ $ percent . This difference will be known as the "effective tax rate increase."

Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other revenues, the total budget of (name of the county, city or town) will exceed last year's by __ (name of the county, city or town) percent.

A public hearing on the increase will be held on (date and time) at (meeting place).

D. All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral testimony within such reasonable time limits as shall be determined by the governing body.

E. The provisions of this section shall not be applicable to the assessment of public service corporation property by the State Corporation Commission.

F. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before June 30 of each year may be fixed on or before May 15 of that tax year.

§ 62.1-44.15:33. (Effective until July 1, 2024) Authorization for more stringent ordinances.

A. Localities that are VSMP authorities are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing.

B. Localities that are VSMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after

adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

§ 62.1-44.15:33. (Effective July 1, 2024) Authorization for more stringent ordinances.

A. Localities that are serving as VESMP authorities are authorized to adopt more stringent soil erosion control or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication ~~once a week for two consecutive weeks~~ *twice* in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than ~~14~~ *28* days before *and the second publication appearing no less than seven days before* the hearing. This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § 62.1-44.15:34. However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.

B. Localities that are serving as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such stormwater management ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local erosion and sediment control or stormwater management program in existence before January 1, 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section if the locality chooses to retain such provisions when it becomes a VESMP authority. However, such provisions shall be reported to the Board at the time of submission of the locality's VESMP approval package.

2. That any community development authority created by ordinance or resolution, or whose creating ordinance or resolution was amended, between July 1, 2023, and June 30, 2024, in accordance with § 15.2-5155 of the Code of Virginia, shall be declared to be validly created, and any such ordinance or resolution shall be declared to be validly adopted, notwithstanding any failure to strictly comply with the public hearing notice requirements of subsection A of § 15.2-5156 of the Code of Virginia, as amended by this act, in the creation and adoption thereof.

CHAPTER 244

An Act to amend and reenact § 38.2-3407.15 of the Code of Virginia, relating to health insurance; ethics and fairness in carrier business practices.

[S 425]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15. Ethics and fairness in carrier business practices.

A. As used in this section:

"Carrier," "enrollee," and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim ~~(i) that has no material defect or impropriety (including any lack of any reasonably required substantiation documentation) which substantially prevents timely payment from being made on the claim or (ii) with respect to which~~ *that does all of the following:*

1. Identifies the provider that provided the service with industry-standard identification criteria, including billing and rendering provider names, identification numbers, and address;

2. Identifies the patient with a carrier-assigned identification number so the carrier can verify the patient was an enrollee at the time of service;

3. Identifies the service rendered using an industry-standard system of procedure or service coding, or, if applicable, a methodology required under the provider contract. The claim shall include a complete listing of all relevant diagnoses, procedures, and service codes, as well as any applicable modifiers;

4. Specifies the date and place of service;

5. If prior authorization is required for the services listed in the claim, contains verification that prior authorization was obtained in accordance with the provider contract for those services; and

6. Includes additional documentation specific to the services rendered as required by the carrier in its provider contract.

Notwithstanding the above criteria, a claim shall be considered a clean claim if a carrier has failed timely to notify the person submitting the claim of any ~~such~~ defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. Subject to subsection ~~I~~ *K*, every provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, ~~request electronically or in writing from~~ *notify* the person submitting the claim *of any defect or impropriety that prevents the carrier from deeming the claim a clean claim and request* the information ~~and documentation~~ that ~~the carrier reasonably believes~~ will be required to process and pay the claim ~~or to determine if the claim is a clean claim~~. Upon receipt of the additional information ~~requested under this subsection~~ necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision 7. ~~Nothing in this subsection shall require a carrier to pay a claim which is not a clean claim.~~ *Beginning no later than January 1, 2026, all notifications and information required under this subdivision shall be delivered electronically.*

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

5. Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized;

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status; or

c. During the post-service claims process, it is determined that the claim was submitted fraudulently.

6. In the case of an invasive or surgical procedure, if the carrier has previously authorized a health care service as medically necessary and during the procedure the health care provider discovers clinical evidence prompting the provider to perform a less or more extensive or complicated procedure than was previously authorized, then the carrier shall pay the claim, provided that the additional procedures were (i) not investigative in nature, but medically necessary as a covered service under the covered person's benefit plan; (ii) appropriately coded consistent with the procedure actually performed; and (iii) compliant with a carrier's post-service claims process, including required timing for submission to carrier.

7. No carrier shall impose any retroactive denial of a previously paid claim *or in any other way seek recovery or refund of a previously paid claim* unless the carrier *specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought, the carrier* has provided ~~the reason for the retroactive denial~~ *a written explanation of why the claim is being retroactively adjusted,* and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed ~~the lesser of (a)~~ 12 months ~~or (b) the number of days within which the carrier requires under its provider contract that a claim be submitted by the provider following the date on which a health care service is provided. Effective July 1, 2000, a~~. *Notwithstanding the provisions of clause (iii), a provider and a carrier may agree in writing that recoupment of overpayments by withholding or offsetting against future payments may occur after such 12-month limit for the imposition of the retroactive denial. A* carrier shall notify a provider at least 30 days in advance of any retroactive denial *or recovery or refund* of a *previously paid* claim.

~~8. Notwithstanding subdivision 7, with respect to provider contracts entered into, amended, extended, or renewed on or after July 1, 2004, no carrier shall impose any retroactive denial of payment or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought. The written communication shall also contain an explanation of why the claim is being retroactively adjusted.~~ *Beginning no later than January 1, 2026, all written communications, explanations, notifications, and related provider responses applicable to this subdivision shall be delivered electronically. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.*

~~9.~~ *8.* No provider contract shall fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy, or statement as to the manner in which claims will be calculated and paid that is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules, and exhibits thereto and any policies (including those referred to in subdivision 4) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

~~10.~~ *9.* No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

~~11.~~ *10.* In the event that the carrier's provision of a policy required to be provided under subdivision ~~9~~ *8* or ~~10~~ *9* would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

~~12.~~ *11.* All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers. *If a carrier's claim denial is overturned following completion of a dispute review, the carrier shall, on the day the decision to overturn is made, consider the claims impacted by such decision as clean claims. All applicable laws related to the payment of a clean claim shall apply to the payments due.*

~~13.~~ *12.* Every carrier shall include in its provider contracts a provision that prohibits a provider from discriminating against any enrollee solely due to the enrollee's status as a litigant in pending litigation or a potential litigant due to being involved in a motor vehicle accident. Nothing in this subdivision shall require a health care provider to treat an enrollee who has threatened to make or has made a professional liability claim against the provider or the provider's employer, agents, or employees or has threatened to file or has filed a complaint with a regulatory agency or board against the provider or the provider's employer, agents, or employees.

~~14.~~ *13. Beginning July 1, 2025, every carrier shall make available through electronic means a way for providers to determine whether an enrollee is covered by a health plan that is subject to the Commission's jurisdiction.*

C. *A provider shall not file a complaint with the Commission for failure to pay claims in accordance with subdivision B 1 unless:*

1. Such provider has made a reasonable effort to confer with the carrier in order to resolve the issues related to all claims that are under dispute. Any request to confer shall be made to the contact listed for such purpose in the provider contract and shall include supporting documentation sufficient for the carrier to identify the claims in question; and

2. At least 30 calendar days have passed from the date of the request provided that the carrier has been responsive to the providers request to confer. However, if in the judgment of the provider, the carrier has not been responsive to such request, the provider shall not be required to wait at least 30 calendar days to file the complaint.

The provider shall attest in any such complaint that it has satisfied the provisions of this subsection.

D. If the Commission has cause to believe that any provider has engaged in a pattern of potential violations of subdivision B ~~13~~ *12*, with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in questions were not violations. If any provider has engaged in a pattern of potential violations of subdivision B ~~13~~ *12*, with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the provider and take other action as permitted under its authority. Upon completion of its review of any potential violation submitted by the Commission or initiated directly by an enrollee, the Board of Medicine or the Commissioner of Health shall notify the Commission of the results of the review, including where the violation was substantiated, and any enforcement action taken as a result of a finding of a substantiated violation.

~~D.~~ *E.* Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and 2 in the performance of its provider contracts.

~~E.~~ *F.* No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

~~F.~~ *G.* Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

~~G.~~ *H.* No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

~~H.~~ *I. Except where otherwise provided in this section, beginning no later than July 1, 2025, carriers shall deliver provider contracts, related amendments, and notices exclusively to providers in an electronic format other than electronic facsimile. Beginning no later than January 1, 2026, the provider shall submit provider contracts, amendments, and notices to carriers exclusively in an electronic format other than electronic facsimile. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.*

J. This section shall apply only to carriers subject to regulation under this title *and shall apply to the carrier and provider, regardless of any vendors, subcontractors, or other entities that have been contracted by the carrier or the provider to perform duties applicable to this section*.

~~I.~~ *K.* This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.

~~J.~~ *L.* Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

~~K.~~ *M.* The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Fisheries Innovation for Sustainable Harvest Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. The Fund shall consist of sums appropriated to it by the General Assembly, fees, rents, and royalties collected pursuant to § 28.2-1208, and such other moneys as may be made available from any other source, public or private, including any federal grants solicited or received for the specific purposes of the Fund, and all interest and income from investment of the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.

B. A. The Commission may, with the approval of the Attorney General and the Governor, grant easements over or under or lease the beds of the waters of the Commonwealth outside of the Baylor Survey. Every easement or lease executed pursuant to this section shall be for a period not to exceed five years, except in the case of offshore renewable energy leases described in clause (ii), in which case the period shall not exceed 30 years, and shall specify the rent and such other terms deemed expedient and proper. Such easements and leases may include the right to renew the same for an additional period not to exceed five years. Any lease that authorizes grantees or lessees to (i) prospect for and take from the bottoms covered thereby specified minerals and mineral substances or (ii) generate electrical energy from wave or tidal action, currents, offshore winds, or thermal or salinity gradients, and transmit energy from such sources to shore shall require a royalty. Except for offshore renewable energy leases, purchase payment for any easement granted to a public service corporation, certificated telephone company, interstate natural gas company, or provider of cable television or other multichannel video programming service shall be $100 and shall be for a period of 40 years. However, no easement or lease shall in any way affect or interfere with the rights vouchsafed to the people of the Commonwealth concerning fishing, fowling, and the catching and taking of oysters and other shellfish in and from the leased bottoms or the waters above.

B. All easements granted and leases made pursuant to this section shall be executed for, and in the name and on behalf of, the Commonwealth by the Attorney General and shall be countersigned by the Governor.

C. All mineral royalties collected from such easements or leases on and after July 1, 2000, shall be paid into the state treasury to the credit of the Marine Habitat and Waterways Improvement Fund. All royalties collected as a result of the generation or transmission of electrical or compressed air energy from offshore renewable sources, including wave or tidal action, currents, offshore winds, and thermal or salinity gradients, shall be paid into the state treasury and appropriated to the ~~Virginia Coastal Energy Research Consortium~~ *Fisheries Innovation for Sustainable Harvest Fund* established pursuant to § ~~45.2-1714~~ *28.2-208.3*.

The State Subaqueous Minerals and Coastal Energy Management Plan shall include provisions for (i) the holding of public hearings, (ii) public advertising for competitive bids or proposals for mineral and renewable energy leasing and extraction activities, (iii) preparation of environmental impact reports to be reviewed by the appropriate agency of the Commonwealth, and (iv) review and approval of leases by the Attorney General and the Governor as required by subsection A. The environmental impact reports shall address, but not be limited to:

1. The environmental impact of the proposed activity;
2. Any adverse environmental effects that cannot be avoided if the proposed activity is undertaken;
3. Measures proposed to minimize the impact of the proposed activity;
4. Any alternative to the proposed activity; and
5. Any irreversible environmental changes which would be involved in the proposed activity.

For the purposes of subdivision 4 ~~of this subsection~~, the report shall contain all alternatives considered and the reasons why the alternatives were rejected. If a report does not set forth alternatives, it shall state why alternatives were not considered.

F. Neither the Commission nor the Department of Energy shall grant any lease, easement, or permit allowing on the beds of any of the coastal waters of the Commonwealth any infrastructure for conveying to shore oil or gas produced from an offshore oil or gas lease in the portion of the Atlantic Ocean identified as the Outer Continental Shelf (OCS) Planning Area by the U.S. Bureau of Ocean Energy Management. For purposes of this section, the term "infrastructure" includes pipelines, gathering systems, processing facilities, and storage facilities. The provisions of this subsection shall not apply to any infrastructure in existence as of July 1, 2020.

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 62.1-44.15:22, as it is currently effective and as it shall become effective, and 62.1-263 of the Code of Virginia are amended and reenacted as follows:

§ 62.1-44.15:22. (For contingent expiration date, see Acts 2021, Sp. Sess. I, c. 100) Water withdrawals and preservation of instream flow.

A. Conditions contained in a Virginia Water Protection Permit may include but are not limited to the volume of water which may be withdrawn as a part of the permitted activity and conditions necessary to protect beneficial uses. Domestic and other existing beneficial uses shall be considered the highest priority uses. *The Board is authorized to utilize and incorporate comprehensive groundwater, surface water, and aquifer data in its permit decision. Such data may include information relating to water levels, flow rates, and water quality.*

B. Notwithstanding any other provision, no Virginia Water Protection Permit shall be required for any water withdrawal in existence on July 1, 1989; however, a permit shall be required if a new § 401 certification is required to increase a withdrawal. No Virginia Water Protection Permit shall be required for any water withdrawal not in existence on July 1, 1989, if the person proposing to make the withdrawal received a § 401 certification before January 1, 1989, with respect to installation of any necessary withdrawal structures to make such withdrawal; however, a permit shall be required before any such withdrawal is increased beyond the amount authorized by the certification.

C. The Board may issue an Emergency Virginia Water Protection Permit for a new or increased withdrawal when it finds that because of drought there is an insufficient public drinking water supply that may result in a substantial threat to human health or public safety. Such a permit may be issued to authorize the proposed activity only after conservation measures mandated by local or state authorities have failed to protect public health and safety and notification of the agencies designated in § 62.1-44.15:20 C and only for the amount of water necessary to protect public health and safety. These agencies shall have five days to provide comments or written recommendations on the issuance of the permit. Notwithstanding the provisions of § 62.1-44.15:20 B, no public comment shall be required prior to issuance of the emergency permit. Not later than 14 days after the issuance of the emergency permit, the permit holder shall apply for a Virginia Water Protection Permit authorized under the other provisions of this section. The application for the Virginia Water Protection Permit shall be subject to public comment for a period established by the Board. Any Emergency Virginia Water Protection Permit issued under this section shall be valid until the Board approves or denies the subsequent request for a Virginia Water Protection Permit or for a period of one year, whichever occurs sooner. The fee for the emergency permit shall be 50 percent of the fee charged for a comparable Virginia Water Protection Permit.

§ 62.1-44.15:22. (For contingent effective date, see Acts 2021, Sp. Sess. I, c. 100) Water withdrawals and preservation of instream flow.

A. 1. Conditions contained in a Virginia Water Protection Permit may include the volume of water that may be withdrawn as a part of the permitted activity and conditions necessary to protect beneficial uses. Domestic and other existing beneficial uses shall be considered the highest priority uses. *The Board is authorized to utilize and incorporate comprehensive groundwater, surface water, and aquifer data in its permit decision. Such data may include information relating to water levels, flow rates, and water quality.*

2. Every application for a Virginia Water Protection Permit for a surface water withdrawal shall include a (i) water auditing plan and (ii) leak detection and repair plan. Both such plans shall comply with requirements established by the Board in regulations. The Board shall approve every water auditing plan and leak detection and repair plan that complies with such regulatory requirements. Once approved by the Board, such water auditing plan and leak detection and repair plan shall be incorporated by reference as a condition in the Virginia Water Protection Permit. The Board shall not issue a Virginia Water Protection Permit for a surface water withdrawal without an approved water auditing plan and an approved leak detection and repair plan.

B. Notwithstanding any other provision of law, no Virginia Water Protection Permit shall be required for any water withdrawal in existence on July 1, 1989; however, a permit shall be required if a new § 401 certification is required to increase a withdrawal. No Virginia Water Protection Permit shall be required for any water withdrawal not in existence on July 1, 1989, if the person proposing to make the withdrawal received a § 401 certification before January 1, 1989, with respect to installation of any necessary withdrawal structures to make such withdrawal; however, a permit shall be required before any such withdrawal is increased beyond the amount authorized by the certification.

C. The Board may issue an Emergency Virginia Water Protection Permit for a new or increased withdrawal when it finds that because of drought there is an insufficient public drinking water supply that may result in a substantial threat to human health or public safety. Such a permit may be issued to authorize the proposed activity only after conservation measures mandated by local or state authorities have failed to protect public health and safety and notification of the agencies designated in subsection C of § 62.1-44.15:20 and only for the amount of water necessary to protect public health and safety. Such agencies shall have five days to provide comments or written recommendations on the issuance of the permit. Notwithstanding the provisions of subsection B of § 62.1-44.15:20, no public comment shall be required prior to issuance of the emergency permit. Not later than 14 days after the issuance of the emergency permit, the permit holder shall apply for a Virginia Water Protection Permit authorized under other provisions of this section. The application for such Virginia Water Protection Permit shall be subject to public comment for a period established by the Board. Any Emergency Virginia Water Protection Permit issued under this section shall be valid until the Board approves or denies the subsequent request for a Virginia Water Protection Permit or for a period of one year, whichever occurs sooner. The fee for the emergency permit shall be 50 percent of the fee charged for a comparable Virginia Water Protection Permit.

§ 62.1-263. Criteria for issuance of permits.

When reviewing an application for a permit to withdraw ground water, or an amendment to a permit, the Board may consider the nature of the proposed beneficial use, the proposed use of alternate or innovative approaches such as aquifer storage and recovery systems and surface and ground water conjunctive uses, climatic cycles, unique requirements for nuclear power stations, economic cycles, population projections, the status of land use and other necessary approvals, and the adoption and implementation of the applicant's water conservation and management plan. In no case shall a permit be issued for more ground water than can be applied to the proposed beneficial use.

When proposed uses of ground water are in conflict or when available supplies of ground water are insufficient for all who desire to use them, preference shall be given to uses for human consumption, over all others.

In evaluating permit applications, the Board shall ensure that the maximum possible safe supply of ground water will be preserved and protected for all other beneficial uses. *The Board is authorized to utilize and incorporate comprehensive groundwater, surface water, and aquifer data in its permit application evaluation. Such data may include information relating to water levels, flow rates, and water quality.*

In evaluating the available ground water with respect to permit applications for new or expanded withdrawals in the Eastern Virginia or Eastern Shore Groundwater Management Areas, the Board shall use the average of the actual historical ground water usage from the inception of the ground water withdrawals of a political subdivision or authority operating a ground water and surface water conjunctive use system and shall not use the total permit capacity of such system in determining such availability.

CHAPTER 254

An Act to amend and reenact § 19.2-368.5 of the Code of Virginia, relating to Criminal Injuries Compensation Fund; claims.

[S 646]

Approved March 28, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-368.5 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than one year after the occurrence of the crime upon which such claim is based, or not later than one year after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the one-year period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) of this title, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday*, except for in cases involving claims of sexual abuse of a minor where the conduct constitutes a felony, the passage of time shall not be a barrier to when the victim can file a claim*. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses and loss of earnings that the claimant accrues after the date of newly discovered evidence as stipulated in the written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A of this section and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.
