G. Each jurisdiction or combination of jurisdictions that intend to establish a drug treatment court or continue the operation of an existing one shall establish a local drug treatment court advisory committee. Jurisdictions that establish separate adult and juvenile drug treatment courts may establish an advisory committee for each such court. Each advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the drug treatment court or courts that serve the jurisdiction or combination of jurisdictions. Advisory committee membership shall include, but shall not be limited to the following people or their designees: (i) the drug treatment court judge; (ii) the attorney for the Commonwealth, or, where applicable, the city or county attorney who has responsibility for the prosecution of

misdemeanor offenses; (iii) the public defender or a member of the local criminal defense bar in jurisdictions in which there is no public defender; (iv) the clerk of the court in which the drug treatment court is located; (v) a representative of the Virginia Department of Corrections, or the Department of Juvenile Justice, or both, from the local office which serves the jurisdiction or combination of jurisdictions; (vi) a representative of a local community-based probation and pretrial services agency; (vii) a local law-enforcement officer; (viii) a representative of the Department of Behavioral Health and Developmental Services or a representative of local drug treatment providers; (ix) the drug court administrator; (x) a representative of the Department of Social Services; (xi) county administrator or city manager; and (xii) any other people selected by the drug treatment court advisory committee.

H. Each local drug treatment court advisory committee shall establish criteria for the eligibility and participation of offenders who have been determined to be addicted to or dependent upon drugs. L. Each offender shall contribute to the cost of the substance abuse treatment he receives while participating in a drug treatment court pursuant to guidelines developed by the drug treatment court advisory committee.

M. Nothing contained in this section shall confer a right or an expectation of a right to treatment for an offender or be construed as requiring a local drug treatment court advisory committee to accept for participation every offender.

N. The Office of the Executive Secretary shall, with the assistance of the state drug treatment court advisory committee, develop a statewide evaluation model and conduct ongoing evaluations of the effectiveness and efficiency of all local drug treatment courts. A report of these evaluations shall be submitted to the General Assembly by December 1 of each year. P. Subject to the requirements and conditions established by the state Drug Treatment Court Advisory Committee, there shall be established a drug treatment court in the following jurisdictions: the City of Chesapeake and the City of Newport News.

Q. Subject to the requirements and conditions established by the state Drug Treatment Court Advisory Committee, there shall be established a drug treatment court in the Juvenile and Domestic Relations District Court for the County of Franklin, provided that such court is funded solely through local sources.

R. Subject to the requirements and conditions established by the state Drug Treatment Court Advisory Committee, there shall be established a drug treatment court in the City of Bristol and the County of Tazewell, provided that the court is funded within existing state and local appropriations.

Be it enacted by the General Assembly of Virginia:

§ 1. Short title.

This Amended Act shall be known and may be cited as the Amended Cumberlands Airport Commission Act of 2024.

§ 2. Creation; public purpose.

The Cumberlands Airport Commission (the Commission) was created in 1958 by the Virginia General Assembly. This Amended Act redefines the potential participating political subdivisions to be only those including and within the Counties of Wise and Dickenson and the City of Norton. Any political subdivision within the region for which such Commission shall exist is authorized to join such Commission pursuant to the terms and conditions of this Amended Act.

It is hereby declared that the ownership and operation by the Commission of modern and efficient air transportation and related facilities and the exercise of powers conferred by this Amended Act are proper and essential governmental functions and public purposes and matters of public necessity for which public moneys may be spent and private property acquired as hereinafter provided.

8. To determine fees, rates, and charges for the use of its facilities;

9. To apply for and accept gifts, or grants of money, or gifts, grants, or loans of other property or other financial assistance from the United States and agencies and instrumentalities thereof, the Commonwealth and political subdivisions, agencies, and instrumentalities thereof, or any other person or entity, for or in aid of the construction, acquisition, ownership, operation, maintenance, or repair of the Commission's facilities or for the payment of principal of any indebtedness of the Commission, interest thereon, or other cost incident thereto, and to this end the Commission shall have the power to render such services, comply with such conditions, and execute such agreements and legal instruments as may be necessary, convenient, or desirable or imposed as a condition to such financial aid;

16. a. To borrow money, as hereinafter provided, and to borrow money for the purpose of meeting casual deficits in its revenues;

b. The total indebtedness of the Commission at no time shall exceed the amount of $500,000, in principal, whether by purchase of encumbered property, direct loan, bonded indebtedness, or debt in any other form except as agreed to by each participating political subdivision by resolution of the governing body thereof, in which case the total amount of indebtedness shall be expressed in the resolution of each such governing body;

c. Notwithstanding any other provision of law, no interest or right in the real property conveyed, in any form, to the Commission by a participating political subdivision, shall be conveyed, pledged, or otherwise transferred by the Commission for the purpose of obtaining or securing any indebtedness, nor shall any such property be encumbered by the Commission unless and until such subdivision has approved the nature of, terms of, and amount of such conveyance, pledge, transfer, or encumbrance, by resolution of the governing body of said subdivision;

The powers of the Commission expressed in this Amended Act shall be limited to those powers necessary for the construction and operation of the Lonesome Pine Airport. To that end, property acquired, owned, or conveyed to the Commission, contracts entered into, financial assistance, indebtedness, rules and regulations adopted by the Commission, and any other actions thereof may only pertain to said airport.

The grant of regulatory authority to the Commission by this Amended Act, including regulations that displace, eliminate, or limit competition by or among persons or entities, is based on the policy of the Commonwealth to provide for the safe, adequate, economical, and efficient provision of air transportation and related facilities and services to the public.

§ 8. Name of airport.

The name of the airport operated by the Commission shall be Lonesome Pine Airport.

§ 9. Rules and regulations.

The Commission shall have the power to adopt, amend, and repeal rules and regulations for the use, maintenance, and operation of its facilities and governing the conduct of persons and organizations using its facilities.

Unless the Commission shall by unanimous vote of the Commission determine that an emergency exists, the Commission shall, prior to the adoption of any rule or regulation or alteration, amendment, or modification thereof:

1. Make such rule, regulation, alteration, amendment, or modification in convenient form available for public inspection in the office of the Commission for at least 10 business days; and

2. Post in a public place a notice declaring the Commission's intention to consider adopting such rule, regulation, alteration, amendment, or modification and informing the public that the Commission will at a public meeting consider the adoption of such rule or regulation or such alterations, amendment, or modification, on a day and at a time to be specified in the notice, after the expiration of at least 10 business days from the first day of the posting of the notice thereof. The Commission's rules and regulations shall be available for public inspection at the Commission's primary office.

The Commission's rules and regulations relating to (i) traffic, including but not limited to motor vehicle speed limits and the location of and payment of public parking; (ii) access to Commission facilities, including but not limited to solicitation, hand billing, and picketing; and (iii) aircraft operation and maintenance shall have the force of law, as shall any other rule or regulation of the Commission that shall contain a determination by the Commission that it is necessary to accord the same force and effect of law in the interest of the public safety; however, with respect to motor vehicle traffic rules and regulations, the Commission shall obtain the approval of the traffic engineer or comparable official of the political subdivision in which such rules or regulations are to be enforced.

The violation of any rule or regulation of the Commission relating to motor vehicle traffic shall be tried and punished in the same manner as if it had been committed on the public roads of the participating political subdivision in which such violation occurred. All other violations of the rules and regulations having the force of law shall be punishable as misdemeanors.

All ordinances, rules, and regulations duly adopted for the regulation, administration, and operation of Lonesome Pine Airport in force at the effective date of this Amended Act shall remain in full force insofar as they or any part thereof are not inconsistent with the provisions of this Amended Act until amended or repealed in accordance with this Amended Act.

Except as provided by contract with a participating political subdivision, all moneys received by the Commission pursuant to this Amended Act, whether as revenues or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this Amended Act. All moneys of the Commission shall be deposited as soon as practicable in a separate account or accounts in one or more banks or trust companies organized under the laws of the Commonwealth or national banking associations having their principal offices in the Commonwealth. Such deposits shall be continuously secured in accordance with the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq. of the Code of Virginia).

§ 13. Fees, rents, and charges.

The Commission is hereby authorized to and shall fix, revise, charge, and collect fees, rents, and other charges for the use and services of any facilities. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating political subdivision.

§ 14. Taxation.

The exercise of the powers granted by this Amended Act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their health, safety, welfare, convenience, and prosperity, and as the operation and maintenance of any project that the Commission is authorized to undertake will constitute the performance of an essential governmental function, the Commission shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this Amended Act. Under the provisions of this Amended Act, any profit made on the sale or transfer thereof shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof.

Persons, firms, partnerships, associations, corporations, and organizations leasing property of the Commission or doing business on property of the Commission shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted, including, but not limited to, any leasehold tax on real property and taxes on tangible personal property and machinery and tools, taxes for admission, taxes on hotel and motel rooms, taxes on the sale of tobacco products, taxes on the sale of meals and beverages, privilege taxes and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation, or calling, and taxes upon consumers of gas, electricity, telephone, and other public utility services.

§ 15. Appropriation by political subdivision.

Any participating political subdivision is authorized to provide services, to donate real or personal property, and to make appropriations to the Commission for the acquisition, construction, maintenance, and operation of the Commission's facilities. Any such political subdivision is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act (§ 15.2-2600 et seq. of the Code of Virginia) or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Commission, and such political subdivisions may enter into contracts obligating such bond proceeds to the Commission. The Commission may agree to assume, or reimburse a participating political subdivision for, any indebtedness incurred by such participating political subdivision with respect to facilities conveyed by it to the Commission. With the consent of the governing body of the participating political subdivision, any such agreement may be made subordinate to the Commission's indebtedness to others.

§ 16. Commission budget.

1. The Commission shall annually prepare and submit to the participating political subdivisions (i) a proposed operating budget showing its estimated general fund revenues and expenses on an accrual basis for the forthcoming fiscal year, and if such estimated expenses exceed such estimated revenues, the portion of the deficit proposed to be borne by each participating political subdivision, and (ii) a proposed capital budget showing its estimated expenditures for such fiscal year for assets costing more than $20,000, or such higher amount as the Commission and the participating political subdivisions may determine, and having an estimated useful life of 20 years or more and the source of funds for such expenditures, including any amount requested from the participating political subdivisions. No depreciation shall be included in the Commission's operating budget with respect to assets purchased by the Commission with funds appropriated to it for such purpose by a participating political subdivision and, for this determination, it shall be assumed that any appropriation so made is for the purchase of assets set forth in the applicable Commission budget to the extent such purchase price is included in the approved budget. Assets purchased by the Commission with bond proceeds shall be

depreciated over the term of the bond issue in proportion to the maturities, including sinking fund installments, of the bond issue.

2. If the governing body of a participating political subdivision agrees with the Commission's proposed operating budget, it shall appropriate to the Commission such political subdivision's portion of such budget, subject to the availability of funds in regard to the budget of the political subdivision.

3. If the governing body of a participating political subdivision agrees with the Commission's proposed capital budget, it shall appropriate to the Commission such participating political subdivision's portion of the expenditures set forth therein. Any such appropriation may be reduced by the participating political subdivision's proportionate share of any grant funds received by the Commission for the purchase of assets included in the Commission's approved capital budget in excess of the grant funds shown in such capital budget as a source of funds for such expenditure, unless prohibited by the basic provider of the grant funds.

4. The Commission may expend any and all moneys within its control without obtaining the approval of the participating political subdivisions, except as otherwise provided in this Amended Act with respect to contracts and agreements between the Commission and any political subdivision, the Commission shall not commit any participating political subdivision in an amount in excess of that appropriated to the Commission by the governing body of such political subdivision.

5. If at any time during any fiscal year it shall appear that the cash disbursements of the Commission will exceed its cash receipts for such fiscal year, including amounts appropriated to it by the participating political subdivisions, the Commission may request supplemental appropriations from the participating political subdivisions and any other political subdivision.

§ 17. Allocation of deficit.

Any deficit budgeted by the Commission in any fiscal year, i.e., any excess of its estimated general fund expenses over its estimated general fund revenues, and the cost of any budgeted capital expenditures in excess of the amount shown as available therefor, as shown on the Commission's operating and capital budgets, agreed to by the participating political subdivisions, shall be allocated among the participating political subdivisions as agreed upon by the participating political subdivisions and subject to the availability of funds in regard to the budgets of the political subdivisions.

§ 18. Dissolution of Commission.

Whenever it shall appear to the Commission that the need for the Commission no longer exists, the Commission may petition the court of competent jurisdiction for the dissolution of the Commission. If the court shall determine that the need for the Commission as set forth in this Amended Act no longer exists and that all debts and pecuniary obligations of the Commission have been fully paid or provided for, it may enter an order dissolving the Commission.

Upon dissolution, the court, while considering the requirements of § 5.1-2.6 of the Code of Virginia, shall order any real property contributed to the Commission by a participating political subdivision, together with any improvements thereon, returned to such participating political subdivision. The remaining assets of the Commission shall be distributed to the participating political subdivisions in proportion to their respective contributions theretofore made to the Commission. Each participating political subdivision and all holders of the Commission's bonds shall be made parties to any such proceeding and shall be given notice as provided by law. Any party defendant may reply to such petition at any time within six months after the filing of the petition.

§ 19. Liberal construction.

Neither this Amended Act, nor anything herein contained, is or shall be construed as a restriction or limitation upon any powers that the Commission might otherwise have under any laws of the Commonwealth, and this Amended Act is cumulative to any such powers. This Amended Act does and shall be construed to provide a complete, additional, and alternative method for the accomplishment of actions and undertakings authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws.

The provisions of this Amended Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this Amended Act.

§ 20. Application of local ordinances, service charges, and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Commission's property from any applicable zoning, subdivision, erosion and sediment control, and fire prevention codes or from building regulations of a political subdivision in which such property is located.

Nor shall anything herein contained exempt the property of the Commission from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the Constitution of Virginia, or exempt any lessee of any of the Commission's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom.

§ 21. Existing contracts, leases, franchises, not impaired.

No provisions of this Amended Act shall relieve, impair, or affect any right, duty, liability, or obligation arising out of any contract, concession, lease, or franchise now in existence except to the extent that such contract, concession, lease, or franchise may permit. Notwithstanding the foregoing provisions of this section, the Commission may renegotiate, renew, extend the term of, or otherwise modify at any time any contract, concession, lease, or franchise now in existence in such

manner and on such terms and conditions as it may deem appropriate, provided that the operator of or under any said contract, concession, lease, or franchise consents to said renegotiation, renewal, extension, or modification.

2. That Chapter 439 of the Acts of Assembly of 1958 is repealed.

Any person who commits a second or subsequent violation of this section when he is at least seven years older than the subject shall be punished by a term of imprisonment of not less than 10 years nor more than 30 years, 10 years of which shall be a mandatory minimum term of imprisonment.

C3. The mandatory minimum terms of imprisonment prescribed for violations of this section shall be served consecutively with any other sentence.

D. For the purposes of this section it may be inferred by text, title or appearance that a person who is depicted as or presents the appearance of being less than 18 years of age in sexually explicit visual material is less than 18 years of age.

E. Venue for a prosecution under this section may lie in the jurisdiction where the unlawful act occurs, where the alleged offender resides, or where any sexually explicit visual material associated with a violation of this section is produced, reproduced, found, stored, or possessed.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for

periods of imprisonment in state adult correctional facilities; therefore, Chapter 1 of the Acts of Assembly of 2023, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 265

An Act to create the Town of Leesburg Parking Authority.

[H 5]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1.

TOWN OF LEESBURG PARKING AUTHORITY ACT.

§ 1. Short title.

This act shall be known and may be cited as the "Town of Leesburg Parking Authority Act."

§ 2. Declaration of public necessity.

It is hereby determined and declared that the free circulation of traffic of all kinds through the streets of the Town of Leesburg in the Commonwealth is necessary to the health, safety, and general welfare of the public, whether residing in the municipality or traveling to, through, or from such municipality in the course of lawful pursuits; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of the municipality; that the parking of motor vehicles in the streets has contributed to this congestion to such an extent as to constitute at the present time a public nuisance; that such parking prevents the free circulation of traffic in, through, and from the municipality, and endangers the health, safety, and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions for sufficient off-street parking facilities; that adequate off-street parking facilities have not been heretofore provided; and that the enactment of the provisions of this act is hereby declared to be a public necessity.

§ 3. Definitions.

As used in this act the following words and terms shall have the following meanings, unless the context indicates a different meaning or intent:

"Authority" means the Authority created under the provisions of this act, or, if the Authority shall be abolished, the board, body, or commission succeeding to the principal functions thereof or to whom the powers given by this act to the Authority shall be given by law.

"Cost," as applied to parking facilities or to extensions or additions thereto, includes the cost of construction or reconstruction; the cost of all labor, materials, machinery, and equipment; the cost of all lands, property, rights, easements, and interests acquired by the Authority for such construction or reconstruction or the operation thereof; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved; financing charges; interest prior to and during construction; and, if deemed advisable by the Authority, for one year after completion of construction, reasonable provision for working capital, cost of engineering and legal services, cost of plans and specifications, surveys and estimates of cost and of revenues, administrative expenses, and such other expenses as may be necessary or incident to such construction or reconstruction, the financing thereof, and the placing of the parking facilities in operation. Any obligation or expense incurred by the Authority or by the organizing municipality prior to the issuance of bonds under the provisions of this act in connection with any of the foregoing items of cost may be regarded as a part of such cost.

"Governing body" means the board, commission, council, or other body by whatever name it may be known in which the general legislative powers of the municipality are vested.

"Municipality" means the Town of Leesburg in the Commonwealth of Virginia.

"Parking facilities" means and includes lots, garages, parking terminals, or other facilities or structures for the off-street parking of motor vehicles open to public use for a fee, and may also include, but without limiting the generality of the foregoing, terminal facilities for trucks and buses, waiting rooms, lockers, and offices catering primarily to those using such parking facilities, and all facilities appurtenant thereto and all property, rights, easements, and interests relating thereto that are deemed necessary for the instruction or operation thereof; however, the words "parking facilities" shall not mean or include the sale or dispensing of products used in or for the servicing of motor vehicles.

§ 4. Creation of the Authority.

A. The governing body of the municipality may by resolution signify its determination to organize an Authority under the provisions of this act. Such resolution may be adopted only after a public hearing thereon, notice of which hearing shall be given by publication at least once, not less than 10 days prior to the date fixed for such hearing, in a newspaper having a general circulation in the municipality. Such notice shall contain a brief statement of the substance of the proposed resolution, shall set forth the proposed articles of incorporation of the Authority, and shall state the time and place of the public hearing to be held thereon. Such municipality shall not be required to make any other publication of such resolution under the provisions of any other law.

B. Such resolution shall include articles of incorporation that shall set forth:

1. The name of the Authority;

2. A statement that such Authority is organized under this act;

3. The name of the organizing municipality; and

4. The names and addresses of the first members of the Authority appointed by the organizing municipality.

C. Passage of such resolution by the governing body shall constitute the Authority a public body and a body politic and corporate of the Commonwealth of Virginia.

§ 5. Membership of the Authority.

The Authority organized under the provisions of this act shall consist of five members selected by the governing body who shall serve for terms expiring one, two, three, four, and five years, respectively, from the date of appointment, the term of each such member to be designated by the governing body. The successor of each member of the Authority shall be appointed for a term of five years, but any person appointed to fill a vacancy shall be appointed to serve only for the unexpired term, and any member of the Authority may be reappointed.

Each member of the Authority before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution of the United States and the Constitution of Virginia and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the Secretary of the Authority.

The Authority shall select one of its members as chair and another as vice-chair and shall also select a secretary and a treasurer who may but need not be members of the Authority. The offices of secretary and treasurer may be combined. The terms of office of the chair, vice-chair, secretary, and treasurer shall be as provided in the bylaws of the Authority.

A majority of the members of the Authority shall constitute a quorum, and the affirmative vote of a majority of all of the members of the Authority shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all of the duties of the Authority. The members of the Authority shall serve without compensation but shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties.

The town manager, or his designee, of the organizing municipality shall serve as an ex officio, nonvoting member of the Authority.

§ 6. General grant of powers.

The Authority created hereunder shall be deemed to be a public instrumentality exercising public and essential governmental functions to provide for the public health and welfare, and the Authority is hereby authorized and empowered to:

1. Adopt bylaws for the regulation of its affairs and the conduct of its business;

2. Adopt an official seal and alter the same at pleasure;

3. Maintain an office at such place or places as it may designate;

4. Sue and be sued in its own name and to plead and be impleaded;

5. Construct, reconstruct, equip, improve, extend, enlarge, maintain, repair, and operate parking facilities within the corporate limits of the organizing municipality;

6. Issue revenue bonds of the Authority as hereinafter provided to pay the cost of such construction, reconstruction, equipment, improvement, extension, or enlargement;

7. Issue revenue refunding bonds of the Authority as hereinafter provided;

8. Fix and revise from time to time and to charge and collect rates, rentals, fees, and other charges for the services and facilities furnished by such parking facilities, and to establish and revise from time to time regulations in respect of the use, operation, and occupancy of such parking facilities or part thereof;

9. Accept from any authorized agency of the federal government loans or grants for the planning, construction, or acquisition of any parking facilities and to enter into agreements with such agency respecting any such loans or grants, and to receive and accept aid and contributions from any source of either money, property, labor, or other things of value, to be held, used, and applied only for the purposes for which such loans, grants, or contributions may be made;

10. Acquire in the name of the Authority by gift, purchase, or the exercise of the right of eminent domain in accordance with the laws of the Commonwealth of Virginia that are applicable to the exercise of such powers by cities or towns any lands or rights in lands and interest therein, and to acquire such personal property as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement, or operation of any parking facilities; however, no property of any corporation itself having the power of eminent domain may be condemned hereunder, and the Authority shall not condemn any lands or personal property or right or interest therein unless authorized so to do by resolution of the governing body of the city;

11. Lease all or any part of such parking facilities upon such terms and conditions and for such term of years as it may deem advisable to carry out the provisions of this act; however, no enterprise involving the sale or dispensing of any product or commodity used in or for the servicing of motor vehicles shall be conducted on any space thereon;

12. Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including a trust agreement or trust agreements securing any revenue bonds issued hereunder, and to employ such consulting and other engineers, superintendents, managers, construction and financial experts, accountants, attorneys, and such employees and agents as may, in the judgment of the Authority, be deemed necessary, and to fix their compensation; however, all such expenses shall be payable solely from funds made available under the provisions of this act; and

13. Do all acts and things necessary or convenient to carry out the powers granted by this act.

§ 7. Revenue bonds.

The Authority is hereby authorized to issue at one time or from time to time revenue bonds of the Authority for the purpose of paying the cost of constructing, reconstructing, equipping, improving, extending, or enlarging any one or more parking facilities. The bonds of each issue shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates, and shall bear interest at such rate or rates not exceeding the maximum rate permitted by law to be paid by public bodies, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds and the manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than the maximum rate permitted by law to be paid by public bodies, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and, unless otherwise provided in the authorizing resolution or in the trust

agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this act without obtaining the consent of any commission, board, bureau, or agency of the Commonwealth or of any political subdivision and without any other proceedings or the happening of other conditions or things than those proceedings, conditions, or things that are specifically required by this act.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth or of any municipality or other political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any municipality or other political subdivision, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds.

§ 8. Revenues.

The Authority shall fix, and may revise from time to time, rates, rentals, fees, and other charges for the use of and for the services and facilities furnished or to be furnished by any parking facilities or parts thereof owned or operated by the Authority. Such rates, rentals, fees, and charges shall not be subject to supervision or regulation by any bureau, board, commission, or other agency of the Commonwealth or of any political subdivision. Such rates, rentals, fees, and charges shall be fixed and revised so that the revenues of the Authority, together with any other available funds, will be sufficient at all times (i) to pay the cost of maintaining, repairing, and operating the parking facilities or parts thereof owned or operated by the Authority, including reserves for such purposes, and (ii) to pay the principal of and the interest on all bonds issued by the Authority under the provisions of this act as the same shall become due and payable and to provide reserves therefor. Notwithstanding any of the foregoing provisions of this section, the Authority may enter into contracts relating to use of the services and facilities of the parking facilities on such terms and conditions as the Authority shall determine to be proper, which contracts shall not be subject to revision except in accordance with their terms.

§ 9. Trust agreement.

In the discretion of the Authority, each or any issue of revenue bonds may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received, but shall not convey or mortgage any parking facilities or any part thereof, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the construction, reconstruction, equipment, improvement, maintenance, repair, operation, and insurance of any parking facilities, the fixing and revising of rates, rentals, fees, and charges, and the custody, safeguarding, and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction, improvement, maintenance, and operation. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth that may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the Authority may deem reasonable and proper for the security of the bondholders. Except as in this act otherwise provided, the Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues of any parking facilities or parts thereof to such officer, board, or depository as it may designate for the custody thereof, and for the method of disbursements thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as part of the cost of operation.

All pledges of revenues under the provisions of this act shall be valid and binding from the time when such pledge is made. All such revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice thereof.

§ 10. Trust funds.

All moneys received pursuant to the authority of this act shall be deemed to be trust funds, to be held and applied solely as provided in this act. Any officer to whom, or bank, trust company, or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this act and the resolution authorizing the issuance of bonds or trust agreement securing such bonds may provide.

§ 11. Remedies.

Any holder of revenue bonds issued under provisions of this act and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such resolution or trust agreement and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the Authority or by any officer thereof, including the fixing, charging, and collecting of rates, rentals, fees, and charges for the use of or for the services and facilities furnished by any parking facilities.

§ 12. Exemption from taxation.

As adequate off-street parking facilities are essential to the health, safety, and general welfare of the public, and as the exercise of the powers conferred by this act to effect such purposes constitutes the performance of essential municipal functions, and as parking facilities constructed under the provisions of this act constitute the performance of essential municipal functions, and as parking facilities constructed pursuant to the provisions of this act constitute public property and are used for municipal purposes, the Authority shall not be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this act and their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the Commonwealth.

§ 13. Revenue refunding bonds.

The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue bonds of the Authority for the combined purpose of (i) refunding any revenue bonds or revenue refunding bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (ii) paying all or any part of the cost of constructing any additional parking facilities or part thereof, or any improvements, extensions, or enlargements of any parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the Authority with respect to the same shall be governed by the provisions of this act in so far as the same may be applicable.

§ 14. Contributions.

The municipality is authorized to make contributions or advances to an Authority that it organizes under the provisions of this act, from any moneys that may be available for such purpose, to provide for the preliminary expenses of such Authority in carrying out the provisions of this act or to pay any item of cost of any parking facilities.

§ 15. Actions taken by Authority.

Any action taken by the Authority under the provisions of this act may be authorized by resolution of the Authority at any regular or special meeting, and each such resolution of the Authority shall take effect immediately and need not be published or posted.

§ 16. Additional method.

This act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special, or local; however, the issuance of revenue bonds or revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds.

§ 17. Provisions of act severable.

The provisions of this act are severable; if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

§ 18. Construction.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof.

Nothing in this chapter shall prohibit or alter any program, service, facility, school, or privilege that is afforded, oriented, or restricted to a person because of disability or age from continuing to habilitate, rehabilitate, or accommodate that person.

In addition, nothing in this chapter shall be construed to affect any governmental program, law or activity differentiating between persons on the basis of age over the age of 18 years (i) where the differentiation is reasonably necessary to normal operation or the activity is based upon reasonable factors other than age or (ii) where the program, law or activity constitutes a legitimate exercise of powers of the Commonwealth for the general health, safety and welfare of the population at large.

Complaints filed with the Office of Civil Rights of the Department of Law (the Office) in accordance with § 2.2-520 alleging unlawful discriminatory practice under a Virginia statute that is enforced by a Virginia agency shall be referred to that agency. The Office may investigate complaints alleging an unlawful discriminatory practice under a federal statute or regulation and attempt to resolve it through conciliation. Unsolved complaints shall thereafter be referred to the federal agency with jurisdiction over the complaint. Upon such referral, the Office shall have no further jurisdiction over the complaint. The Office shall have no jurisdiction over any complaint filed under a local ordinance adopted pursuant to § 15.2-965.

b. Limit, segregate, or classify its membership or applicants for membership, or classify or fail to or refuse to refer for employment any individual, in any way that would deprive or tend to deprive such individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect an individual's status as an employee or as an applicant for employment, because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin; or

c. Cause or attempt to cause an employer to discriminate against an individual in violation of subdivisions a or b.

4. An employer, labor organization, or joint apprenticeship committee to discriminate against any individual in any program to provide apprenticeship or other training program on the basis of such individual's race, color, religion, sex, sexual orientation, gender identity, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin.

5. An employer, in connection with the selection or referral of applicants or candidates for employment or promotion, to adjust the scores of, use different cutoff scores for, or otherwise alter the results of employment-related tests on the basis of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin.

6. Except as otherwise provided in this chapter, an employer to use race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin as a motivating factor for any employment practice, even though other factors also motivate the practice.

7. (i) An employer to discriminate against any employees or applicants for employment, (ii) an employment agency or a joint apprenticeship committee controlling an apprenticeship or other training program to discriminate against any individual, or (iii) a labor organization to discriminate against any member thereof or applicant for membership because

8. An employer, labor organization, employment agency, or joint apprenticeship committee controlling an apprenticeship or other training program to print or publish, or cause to be printed or published, any notice or advertisement relating to (i) employment by such an employer, (ii) membership in or any classification or referral for employment by such a labor organization, (iii) any classification or referral for employment by such an employment agency, or (iv) admission to, or employment in, any program established to provide apprenticeship or other training by such a joint apprenticeship committee that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, age, or *ethnic or* national origin when religion, sex, age, or *ethnic or* national origin is a bona fide occupational qualification for employment.

C. Notwithstanding any other provision of this chapter, it is not an unlawful discriminatory practice:

1. For (i) an employer to hire and employ employees; (ii) an employment agency to classify, or refer for employment, any individual; (iii) a labor organization to classify its membership or to classify or refer for employment any individual; or (iv) an employer, labor organization, or joint apprenticeship committee to admit or employ any individual in any apprenticeship or other training program on the basis of such individual's religion, sex, or age in those certain instances where religion, sex, or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular employer, employment agency, labor organization, or joint apprenticeship committee;

2. 3. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin;

5. For an employer to provide reasonable accommodations related to disability, pregnancy, childbirth or related medical conditions, and lactation, when such accommodations are requested by the employee; or

6. For an employer to condition employment or premises access based upon citizenship where the employer is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute or regulation of the federal government or any executive order of the President of the United States.

D. Nothing in this chapter shall be construed to require any employer, employment agency, labor organization, or joint apprenticeship committee to grant preferential treatment to any individual or to any group because of such individual's or group's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin on account of an imbalance that may exist with respect to the total number or percentage of persons of any race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, military status, disability, or *ethnic or* national origin in any community.

CHAPTER 267

An Act to amend and reenact §§ 51.1-142.2 and 55.1-2544 of the Code of Virginia, relating to Virginia Retirement System; plan credits and accounts.

[H 70]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 51.1-142.2 and 55.1-2544 of the Code of Virginia are amended and reenacted as follows:

§ 51.1-142.2. Prior service or membership credit for certain members; service credit for accumulated sick leave.

Certain members may purchase credit for service as provided in this section.

A. 1. Any member in service may purchase service credit from the following categories of service or leave: (i) leave of absence for educational purposes that was previously approved by the member's employer; (ii) leave of absence for a serious health condition of the member or of an immediate family member, all as defined in the Family and Medical Leave Act of 1993, 29 U.S.C. § 2601 et seq., as amended, and previously certified by the member's employer; (iii) up to one year of service credit per occurrence of leave for any unpaid leave of absence due to the birth, adoption, or death of a qualifying

child, as defined in § 51.1-500; (iv) service as a full-time employee of another state, a public school system of another state, or a political subdivision of the Commonwealth or another state, as certified by such state, public school system, or political subdivision; (v) full-time service of a political subdivision of this state not credited to the member under an agreement as provided for in § 51.1-143.1, as certified by such political subdivision; (vi) full-time civilian service of the United States; (vii) full-time service at a private institution of higher education if the private institution is merged with a public institution of higher education and graduates of the private institution are then issued new degrees from the public institution; or (viii) any period of time when the member was employed part time or in a wage position by a participating employer and not otherwise eligible to participate in the retirement system because the member was not an employee as defined in § 51.1-124.3. However, no member in service shall be allowed to purchase more than a total of four years of service credit pursuant to this subdivision.

2. In addition to the service credit that may be purchased under subdivision 1, any member in service may purchase up to four years of service credit for prior active duty military service in the armed forces of the United States, provided that the discharge from a period of active duty status with the armed forces was not dishonorable.

3. The service credit to be credited to a member under this subsection shall be calculated at the ratio of one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased, except for employment service purchased under clause (viii) of subdivision 1, which shall be calculated at the ratio of one month of service credit for each 173 hours of service as certified by the employer.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered at the time of such purchase, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, the service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, as amended, no service credit may be purchased under this section if it is included in the calculation of any retirement allowance received or to be received by the member from this or another retirement system, or if there is a balance in a defined contribution account that serves as a primary retirement account related to such service.

For purposes of this subsection, "active duty military service" means full-time service of at least 180 consecutive days in the United States Army, Navy, Air Force, Marines, Coast Guard, *or any other distinct branch of the armed services as established by the federal government,* or reserve components thereof.

B. Any member in service may purchase all prior service credit for creditable service lost from ceasing to be a member under this chapter, as provided in § 51.1-128, because of the withdrawal of his accumulated contributions. For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the withdrawn amount to be purchased plus interest accrued daily and compounded annually from the date of withdrawal to the date of payment at the assumed rate of return established by the Board for the actuarial valuation of the retirement system that is in effect at the time of the purchase. The Board shall develop guidelines and procedures for administering this subsection.

C. Any member in service may purchase service credit for accumulated sick leave on his effective date of retirement based upon such sums as the employer may provide as payment for any unused sick leave balances. The cost of service credit purchased under this subsection shall be the actuarial equivalent cost of such service.

D. Any member receiving benefits under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.) may, in a manner prescribed by the Board and prior to the effective date of retirement, purchase service that is not reported to the retirement system by the member's employer while the member is receiving such benefits.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, any service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

E. Payment may be made in a lump sum at the time of purchase or by payroll deduction. Any number of additional deductions may be permitted at any time. Should any deduction be terminated before the member purchases the entire period contracted for, the member shall be credited with the number of full or partial months of service for which full payment has been made. If any deduction is continued after the entire period has been purchased, the member shall be credited with no more than the amount of service for which he was eligible and for which he paid, and the excess amount deducted shall be refunded to the member.

F. Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purchase of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.), nor shall they be considered salary for purposes of this chapter.

G. In any case where member and employer contributions, as required under this chapter, were not made because of an error in the payroll, personnel, or other classification system of an employer participating in the retirement system, service that has not been credited because of such error may be purchased on the following basis:

1. The most recent three years of service credit shall be purchased, using applicable member and employer contribution rates and creditable compensation in effect for such period, in a manner and at the cost prescribed by the Board; and

2. All other years of service credit shall be purchased by the employer at an actuarial equivalent cost.

H. Any member may receive credit at no cost for service rendered in the armed forces of the United States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from a period of active duty with the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated contributions, (iv) the member is not disabled or killed while on leave without pay while performing active duty military service in the armed forces of the United States, and (v) the member reenters service in a covered position within one year after discharge from the armed forces. In order to receive such service, the member must complete such forms and other requirements as are required by the Board and the retirement system.

§ 55.1-2544. Property held or payable pursuant to Title 51.1.

This chapter shall not apply to any *defined benefit plan* funds or other property, tangible or intangible, held or payable pursuant to Title 51.1. *Any funds or other property, tangible or intangible, held or payable in a defined contribution plan, deferred compensation plan, or cash match plan pursuant to Title 51.1 that have remained unclaimed for more than five years after such funds or other property became payable shall be presumed abandoned.*

CHAPTER 268

An Act to amend and reenact §§ 8.01-126 and 8.01-454 of the Code of Virginia, relating to summons for unlawful detainer; hearing date; amendments to amount due; subsequent filings.

[H 86]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-126 and 8.01-454 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-126. Summons for unlawful detainer issued by magistrate or clerk or judge of a general district court.

A. For the purposes of this section, "termination notice" means a notice given under § 55.1-1245 or other notice of termination of tenancy given by the landlord to the tenant of a dwelling unit, or any notice of termination given by a landlord to a tenant of a nonresidential premises.

B. In any case when possession of any house, land or tenement is unlawfully detained by the person in possession thereof, the landlord, his agent, attorney, or other person, entitled to the possession may present to a magistrate or a clerk or judge of a general district court a statement under oath of the facts which authorize the removal of the tenant or other person in possession, describing such premises; and thereupon such magistrate, clerk or judge shall issue his summons against the person or persons named in such affidavit. The process issued upon any such summons issued by a magistrate, clerk or judge may be served as provided in § 8.01-293, 8.01-296, or 8.01-299. When issued by a magistrate it may be returned to and the case heard and determined by the judge of a general district court. If the summons for unlawful detainer is filed to terminate a tenancy pursuant to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.), the initial hearing on such summons shall occur as soon as practicable, but not more than 21 days from the date of filing. If the case cannot be heard within 21 days from the date of filing, the initial hearing shall be held as soon as practicable, but in no event later than 30 days after the date of the filing. If the plaintiff requests that the initial hearing be set on a date later than 21 days from the date of filing, the initial hearing shall be set on a date the plaintiff is available that is also available for the court. Such summons shall be served at least 10 days before the return day thereof.

C. Any summons issued pursuant to the provisions of this section shall contain a notice to the tenant that, pursuant to the provisions of § 18.2-465.1, it is unlawful for his employer to discharge him from employment or take any adverse personnel action against him as a result of his absence from employment due to appearing at any initial or subsequent hearing on such summons, provided that he has given reasonable notice of such hearing to his employer.

D. ~~Notwithstanding any other rule of court or provision of law to the contrary~~ *The court shall not enter an order of possession unless the plaintiff, plaintiff's attorney, or agent has presented a copy of a proper termination notice issued to the defendant and the court has entered such notice into evidence.*

E. Notwithstanding any rule of court or provision of law to the contrary, the plaintiff*, plaintiff's attorney, or agent* in an unlawful detainer case may submit into evidence a photocopy of a properly executed paper document or paper printout of an electronically stored document including a copy of the original lease or other documents, provided that the plaintiff provides an affidavit or sworn testimony that the copy of such document is a true and accurate copy of the original lease. ~~An attorney or agent of the landlord or managing agent may present such affidavit into evidence.~~ *If the defendant fails to appear in court, the plaintiff, plaintiff's attorney, or agent may introduce into evidence by an affidavit or sworn testimony a statement of the amount of outstanding rent, late charges, attorney fees, costs, and any other charges or damages as contracted for in the rental agreement that are due and owing as of the date of the hearing. The plaintiff, plaintiff's attorney, or agent shall*

advise the court of any payments made by or on behalf of the defendant that result in a reduction of the amount due and owing to the plaintiff.

~~E.~~ *F.* 1. ~~Notwithstanding any other rule of court or provision of law to the contrary, when the defendant does not make an appearance in court, the plaintiff or the plaintiff's attorney or agent may submit into evidence by an affidavit or sworn testimony a statement of the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of the date of the hearing. The plaintiff or the plaintiff's attorney or agent shall advise the court of any payments by the defendant that result in a variance reducing the amount due the plaintiff as of the day of the hearing.~~ *The plaintiff may include on the summons for unlawful detainer a request for all amounts due and owing as of the date of the hearing and the approximate amount the defendant may owe as of the date of the hearing if the defendant makes no payments prior to the date of such hearing. Notwithstanding any rule of court or provision of law to the contrary, if such request is made on the summons for unlawful detainer, the court shall permit amendment of the amount requested on the summons for unlawful detainer filed in court in accordance with the evidence and the amounts contracted for in the rental agreement. If the plaintiff makes such a request and additional amounts become due and owing prior to the final disposition of a pending unlawful detainer, a plaintiff may amend the amount in an unlawful detainer to request all amounts due and owing as of the date of final disposition.*

If, however, the plaintiff has not included on the summons for unlawful detainer a request for all amounts due and owing as of the date of the hearing, the court may permit the plaintiff to amend the amount requested on the summons for unlawful detainer upon finding that (i) the evidence accurately sets forth the amount due and owing to the plaintiff, (ii) the plaintiff provided the defendant with a separate written notice of additional amounts due and owing as of the date of the hearing and of the plaintiff's intent to amend the amount requested on the summons, and (iii) the defendant had the opportunity at court to object to any additional amounts claimed.

2. ~~a. If the unlawful detainer summons served upon the defendant requests judgment for all amounts due as of the date of the hearing, the court shall permit amendment of the amount requested on the summons for unlawful detainer filed in court in accordance with the evidence and in accordance with the amounts contracted for in the rental agreement and shall enter a judgment for such amount due as of the date of the hearing in addition to entering an order of possession for the premises. Notwithstanding any rule of court or provision of law to the contrary, no order of possession shall be entered unless the plaintiff or plaintiff's attorney or agent has presented a copy of a proper termination notice that the court admits into evidence.~~

~~b. Notwithstanding any rule of court or provision of law to the contrary, a plaintiff may amend the amount alleged to be due and owing in an unlawful detainer to request all amounts due and owing as of the date of the hearing. If additional amounts become due and owing prior to the final disposition of a pending unlawful detainer, the plaintiff may also amend the amount alleged to be due and owing to include such additional amounts. If the plaintiff requests to amend the amount alleged to be due and owing in an unlawful detainer, the judge shall grant such amendment. Upon amendment of the unlawful detainer, such plaintiff shall not subsequently file an additional summons for unlawful detainer against the defendant for such additional amounts if such additional amounts could have been included in such amendment. If another unlawful detainer is filed, the court shall dismiss the subsequent unlawful detainer. Nothing herein shall be construed to preclude a plaintiff from filing an unlawful detainer for a non-rent violation during the pendency of an unlawful detainer for nonpayment of rent.~~ *If the plaintiff requests on the summons for unlawful detainer all amounts due and owing as of the date of the hearing or if the court grants an amendment of the amounts requested on the summons for unlawful detainer, the plaintiff shall not subsequently file additional unlawful detainers or warrants in debt against the defendant for such additional amounts if those amounts could have been included in the amended amount. Any such subsequent unlawful detainers or warrants in debt filed for amounts that were included in the amended amount shall be dismissed. Nothing in this section shall preclude the plaintiff from filing an unlawful detainer for a non-rent lease violation during the pendency of an unlawful detainer for nonpayment of rent or from filing a warrant in debt for amounts unrelated to the unlawful detainer against the defendant.*

3. In determining the amount due the plaintiff as of the date of the hearing, if the rental agreement or lease provides that rent is due and payable on the first of the month in advance for the entire month, at the request of the plaintiff or the plaintiff's attorney or agent, the amount due as of the date of the hearing shall include the rent due for the entire month in which the hearing is held, and rent shall not be prorated as of the actual court date. Otherwise, the rent shall be prorated as of the date of the hearing. However, nothing herein shall be construed to permit a landlord to collect rent in excess of the amount stated in such rental agreement or lease. If a money judgment has been granted for the amount due for the month of the hearing pursuant to this section and the landlord re-rents such dwelling unit and receives rent from a new tenant prior to the end of such month, the landlord is required to reflect the applicable portion of the judgment as satisfied pursuant to § 16.1-94.01.

4. If, on the date of a foreclosure sale of a single-family residential dwelling unit, the former owner remains in possession of such dwelling unit, such former owner becomes a tenant at sufferance. Such tenancy may be terminated by a written termination notice from the successor owner given to such tenant at least three days prior to the effective date of termination. Upon the expiration of the three-day period, the successor owner may file an unlawful detainer under this section. Such tenant shall be responsible for payment of fair market rental from the date of such foreclosure until the date the tenant vacates the dwelling unit, as well as damages, and for payment of reasonable attorney fees and court costs.

§ 8.01-454. Judgment, when satisfied, to be so noted by creditor.

In all cases in which satisfaction of any judgment so docketed is made, which is not required to be certified to the clerk under § 8.01-455, it shall be the duty of the judgment creditor, himself, or by his agent or attorney, to cause such satisfaction by the defendant, and if there is more than one defendant, by which defendant it was satisfied, to be entered within 30 days after the same is made, on such judgment docket. If the judgment has not been docketed, then the entry shall be made on the execution book in the office of the clerk from which the execution issued. For any failure to do so within 90 days, or after 10 days' notice to do so by the judgment debtor or his agent or attorney, the judgment creditor shall be liable to a fine of $100 and shall pay the filing cost of the release. The entry of satisfaction shall be signed by the creditor or his duly authorized attorney or other agent and be attested by the clerk in whose office the judgment is docketed, or when not docketed, by the clerk from whose office the execution issued; however, the cost of the release shall be paid by the judgment debtor. For any money judgment marked as satisfied pursuant to this section, nothing herein shall satisfy an unexecuted order of possession entered pursuant to § 8.01-126*, provided that (i) the time period for issuing writs of eviction in unlawful entry and detainer provided by § 8.01-471 has not lapsed and (ii) the defendant has not exercised his right of redemption in accordance with § 55.1-1250*.

CHAPTER 270

An Act to amend and reenact § 38.2-3407.15 of the Code of Virginia, relating to health insurance; ethics and fairness in carrier business practices.

[H 123]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15. Ethics and fairness in carrier business practices.

A. As used in this section:

"Carrier," "enrollee," and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim ~~(i) that has no material defect or impropriety (including any lack of any reasonably required substantiation documentation) which substantially prevents timely payment from being made on the claim or (ii) with respect to which~~ *that does all of the following:*

1. Identifies the provider that provided the service with industry-standard identification criteria, including billing and rendering provider names, identification numbers, and address;

2. Identifies the patient with a carrier-assigned identification number so the carrier can verify the patient was an enrollee at the time of service;

3. Identifies the service rendered using an industry-standard system of procedure or service coding, or, if applicable, a methodology required under the provider contract. The claim shall include a complete listing of all relevant diagnoses, procedures, and service codes, as well as any applicable modifiers;

4. Specifies the date and place of service;

5. If prior authorization is required for the services listed in the claim, contains verification that prior authorization was obtained in accordance with the provider contract for those services; and

6. Includes additional documentation specific to the services rendered as required by the carrier in its provider contract.

Notwithstanding the above criteria, a claim shall be considered a clean claim if a carrier has failed timely to notify the person submitting the claim of any ~~such~~ defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. Subject to subsection ~~I~~ *K*, every provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, ~~request electronically or in writing from~~ *notify* the person submitting the claim *of any defect or impropriety that prevents the carrier from deeming the claim a clean claim and request* the information ~~and documentation~~ that ~~the carrier reasonably believes~~ will be required to process and pay the claim ~~or to determine if the claim is a clean claim~~. Upon receipt of the additional information ~~requested under this subsection~~ necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision 7. ~~Nothing in this subsection shall require a carrier to pay a claim which is not a clean claim.~~ *Beginning no later than January 1, 2026, all notifications and information required under this subdivision shall be delivered electronically.*

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

5. Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized;

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status; or

c. During the post-service claims process, it is determined that the claim was submitted fraudulently.

6. In the case of an invasive or surgical procedure, if the carrier has previously authorized a health care service as medically necessary and during the procedure the health care provider discovers clinical evidence prompting the provider to perform a less or more extensive or complicated procedure than was previously authorized, then the carrier shall pay the claim, provided that the additional procedures were (i) not investigative in nature, but medically necessary as a covered service under the covered person's benefit plan; (ii) appropriately coded consistent with the procedure actually performed; and (iii) compliant with a carrier's post-service claims process, including required timing for submission to carrier.

7. No carrier shall impose any retroactive denial of a previously paid claim *or in any other way seek recovery or refund of a previously paid claim* unless the carrier *specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought, the carrier* has provided ~~the reason for the retroactive denial~~ *a written explanation of why the claim is being retroactively adjusted,* and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed ~~the lesser of (a)~~ 12 months ~~or (b) the number of days within which the carrier requires under its provider contract that a claim be submitted by the provider following the date on which a health care service is provided. Effective July 1, 2000, a~~. *Notwithstanding the provisions of clause (iii), a provider and a carrier may agree in writing that recoupment of overpayments by withholding or offsetting against future payments may occur after such 12-month limit for the imposition of the retroactive denial. A* carrier shall notify a provider at least 30 days in advance of any retroactive denial *or recovery or refund* of a *previously paid* claim.

~~8. Notwithstanding subdivision 7, with respect to provider contracts entered into, amended, extended, or renewed on or after July 1, 2004, no carrier shall impose any retroactive denial of payment or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought. The written communication shall also contain an explanation of why the claim is being retroactively adjusted.~~ *Beginning no later than January 1, 2026, all written communications, explanations, notifications, and related provider responses applicable to this subdivision shall be delivered electronically. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.*

~~9.~~ *8.* No provider contract shall fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy, or statement as to the manner in which claims will be calculated and paid that is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules, and exhibits thereto and any policies (including those referred to in subdivision 4) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

~~10.~~ *9.* No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

~~11.~~ *10.* In the event that the carrier's provision of a policy required to be provided under subdivision ~~9~~ *8* or ~~10~~ *9* would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

~~12.~~ *11.* All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers. *If a carrier's claim denial is overturned following completion of a dispute review, the carrier shall, on the day the decision to overturn is made, consider the claims impacted by such decision as clean claims. All applicable laws related to the payment of a clean claim shall apply to the payments due.*

~~13.~~ *12.* Every carrier shall include in its provider contracts a provision that prohibits a provider from discriminating against any enrollee solely due to the enrollee's status as a litigant in pending litigation or a potential litigant due to being involved in a motor vehicle accident. Nothing in this subdivision shall require a health care provider to treat an enrollee who has threatened to make or has made a professional liability claim against the provider or the provider's employer, agents, or employees or has threatened to file or has filed a complaint with a regulatory agency or board against the provider or the provider's employer, agents, or employees.

~~14.~~ *13. Beginning July 1, 2025, every carrier shall make available through electronic means a way for providers to determine whether an enrollee is covered by a health plan that is subject to the Commission's jurisdiction.*

C. *A provider shall not file a complaint with the Commission for failure to pay claims in accordance with subdivision B 1 unless:*

1. Such provider has made a reasonable effort to confer with the carrier in order to resolve the issues related to all claims that are under dispute. Any request to confer shall be made to the contact listed for such purpose in the provider contract and shall include supporting documentation sufficient for the carrier to identify the claims in question; and

2. At least 30 calendar days have passed from the date of the request provided that the carrier has been responsive to the providers request to confer. However, if in the judgment of the provider, the carrier has not been responsive to such request, the provider shall not be required to wait at least 30 calendar days to file the complaint.

The provider shall attest in any such complaint that it has satisfied the provisions of this subsection.

D. If the Commission has cause to believe that any provider has engaged in a pattern of potential violations of subdivision B ~~13~~ *12*, with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in questions were not violations. If any provider has engaged in a pattern of potential violations of subdivision B ~~13~~ *12*, with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the provider and take other action as permitted under its authority. Upon completion of its review of any potential violation submitted by the Commission or initiated directly by an enrollee, the Board of Medicine or the Commissioner of Health shall notify the Commission of the results of the review, including where the violation was substantiated, and any enforcement action taken as a result of a finding of a substantiated violation.

~~D.~~ *E.* Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and 2 in the performance of its provider contracts.

~~E.~~ *F.* No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

~~F.~~ *G.* Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

~~G.~~ *H.* No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

~~H.~~ *I. Except where otherwise provided in this section, beginning no later than July 1, 2025, carriers shall deliver provider contracts, related amendments, and notices exclusively to providers in an electronic format other than electronic facsimile. Beginning no later than January 1, 2026, the provider shall submit provider contracts, amendments, and notices to carriers exclusively in an electronic format other than electronic facsimile. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.*

J. This section shall apply only to carriers subject to regulation under this title *and shall apply to the carrier and provider, regardless of any vendors, subcontractors, or other entities that have been contracted by the carrier or the provider to perform duties applicable to this section.*

~~I.~~ *K.* This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.

~~J.~~ *L.* Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

~~K.~~ *M.* The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

CHAPTER 271

An Act to amend the Code of Virginia by adding in Article 4 of Chapter 2 of Title 33.2 a section numbered 33.2-280.2, relating to utility work database.

[H 143]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 4 of Chapter 2 of Title 33.2 a section numbered 33.2-280.2 as follows:

§ 33.2-280.2. Utility work database.

A. As used in this section:

"Service connection" means any utility facility installed overhead or underground between a distribution main, pipelines, conduits, lines, wires, or other sources of supply and the premises of the individual customer.

"Utility work" means the construction, installation, removal, or substantial maintenance of a privately, publicly, or cooperatively owned line, facility, or system for producing, transmitting, or distributing telecommunications, cable television, electricity, gas, oil, petroleum products, water, steam, storm water not connected with highway drainage, or any other similar commodity, including any fire or police signal system. "Utility work" does not include emergency maintenance or repairs or any work directly related to any individual service connection or service drop.

B. The Department shall establish and maintain a publicly accessible database and map of all utility work that has been approved by the Department and will occur within a highway right-of-way in a residential neighborhood, as specified by the utility. Such database shall include the location where such work will occur, the start date of such work, the projected end date of such work, the company administering such work, and any other relevant information; however, under no circumstances shall such database and map provide information on any (i) utility work within a right-of-way not maintained by the Department; (ii) critical utility infrastructure, as designated by the utility, that, upon disclosure, has the potential to jeopardize security or critical services, including Critical Energy Infrastructure Information and Controlled Unclassified Information; or (iii) information the permittee has designated as confidential. Such information shall be available in the database at least seven days prior to the start date of any such utility work and shall be deleted from such database 90 days after the completion of such work.

2. That any actions necessary to promulgate amendments to the regulations of the Department of Transportation or the Commonwealth Transportation Board to implement the provisions of this act shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).

3. That the provisions of this act shall become effective on January 1, 2025.

CHAPTER 272

1. That § 16.1-228 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-228. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Abused or neglected child" means any child:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. No child whose parent or other person responsible for his care allows the child to engage in independent activities without adult supervision shall for that reason alone be considered to be an abused or neglected child, provided that (a) such independent activities are appropriate based on the child's age, maturity, and physical and mental abilities and (b) such lack of supervision does not constitute conduct that is so grossly negligent as to endanger the health or safety of the child. Such independent activities include traveling to or from school or nearby locations by bicycle or on foot, playing outdoors, or remaining at home for a reasonable period of time. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care, or an intimate partner of such parent or person, commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a Tier III offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the federal Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

6. The projected cost savings and other efficiencies generated by the proposed activity, and the local resources generated by collaboration that have been or will be repurposed to support the activity;

7. The character of the regional collaboration, including the nature and extent of the regional effort involved in developing and implementing the proposed activity, the complexity of the activity, the prospective impact on relations between and among the affected localities, and the prospective impact on collaboration between and among business, education, and government entities in the region;

Such assessment shall address performance criteria prescribed in the program guidelines and procedures.

G. Subject to the provisions of § 2.2-2488 and this section, once a regional council becomes eligible for grants from the Fund, the regional council may continue to apply for and receive grants from the Fund to support economic activities consistent with the regional council's economic growth and diversification plan in such amounts and for such duration as the Board may determine in accordance with its guidelines and procedures. The Board may require the refund of moneys from the Fund upon such termination. Grants that are terminated shall revert to the Fund for distribution on an unallocated competitive basis.

H. In making Fund recommendations and awards, the Board may consider regional activities that commenced prior to the enactment of this article, provided that the grant-funded program or project will expand the scope of, or increase the number of localities participating in, such preexisting activity.

I. No regional council may have outstanding grant commitments of more than 25 percent of the total amount appropriated to the Fund.

J. The year for grant payments shall be the Commonwealth's fiscal year following the calendar year in which the region qualifies, with payments made annually by the Comptroller upon certification by the Board. Grant amounts shall be made at the sole discretion of the Board.

K. (Effective until July 1, 2025) Any grant awarded from the Fund to a regional council shall require matching funds at least equal to *half the amount of* the grant~~, provided, however, that the Board shall have the authority to reduce the match requirement to no less than half of the grant upon a finding by the Board of fiscal distress or an exceptional economic opportunity in a region~~. CHAPTER 277

An Act to amend and reenact § 8.01-324 of the Code of Virginia, relating to legal notices and publications; online-only news publications; requirements.

[H 264]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-324 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-324. Newspapers that may be used for legal notices and publications.

A. As used in this section and throughout the Code, the terms "newspaper of record" and "newspaper of general circulation" are interchangeable and identical in meaning.

B. Whenever any ordinance, resolution, notice, or advertisement is required by law, regulation, or judicial order to be published in a newspaper, newspaper of record, or newspaper of general circulation, such newspaper, newspaper of record, or newspaper of general circulation, in addition to any qualifications otherwise required by law, shall:

1. Have a bona fide list of paying subscribers;

2. Have been published and circulated in printed form at least once a week for at least 50 of the preceding 52 weeks;

3. Provide general news coverage of the area in which the notice is required to be published;

4. Be printed in the English language; and

5. Have a periodicals mailing permit issued by the United States Postal Service (USPS). If the newspaper has such a mailing permit, it must publish the USPS Statement of Ownership (Form 3526) in such newspaper at least once per calendar year and maintain a copy of such form that is available for public inspection during regular business hours.

C. However, a newspaper that does not have a periodicals mailing permit issued by the USPS pursuant to subdivision B 5 may petition the circuit court for the jurisdiction in which ordinances, resolutions, notices, or

advertisements are required to be published to be certified as a newspaper of record for that jurisdiction. Prior to filing the petition, the newspaper shall publish a notice of intention to file a petition pursuant to this subsection in another newspaper of record in the jurisdiction in which the petition will be filed. If no such newspaper exists, such notice of intent may be published in a newspaper in a neighboring jurisdiction. The court shall grant the authority for a period of one year upon finding that the newspaper (i) meets the requirements of subdivisions B 2, 3, and 4; (ii) employs a local news staff, reports local current events and governmental meetings, has an editorial page, accepts letters to the editor, and is, in general, a news forum for the jurisdiction in which authority is sought; and (iii) has an audit of printed circulation for a time period ending no more than 24 months prior to the filing of such petition certified by an independent auditing firm or a business recognized in the newspaper industry as a circulation auditor. Such audit shall provide a breakdown of such newspaper's circulation by zip code or jurisdiction. The authority shall be continued for successive one-year periods upon the filing of a copy of such newspaper's most recent audit of circulation, completed within the prior ~~24~~ *36* months, and an affidavit certifying that the newspaper continues to meet the requirements of this subsection.

D. If a county with a population of less than 15,000 had regularly advertised its ordinances, resolutions, and notices in a newspaper published in the county that had a general circulation in the county, a bona fide list of paying subscribers, and a periodicals permit, and the newspaper continued to be published in the county and continued to have a general circulation in the county but failed to maintain its bona fide list of paying subscribers and its periodicals permit, any advertisement of ordinances, resolutions, or notices in the newspaper by the county shall be deemed to have been in compliance with this section.

E. If a locality determines that no newspaper meets the requirements of subsection B or C with regard to its jurisdiction, such locality may petition the circuit court for its jurisdiction for authority to have such ordinances, resolutions, notices, or advertisements published in another printed medium. Such petition shall not be filed without a majority vote of approval by such locality's local governing body. The court shall grant such authority for good cause shown. Such authority shall be granted for one year and may be continued for successive one-year periods for good cause shown.

F. Any newspaper authorized by this section to publish ordinances, resolutions, notices, or advertisements shall (i) print such ordinances, resolutions, notices, or advertisements together under an identifying heading and such heading shall be in boldface letters no smaller than 24-point type and (ii) maintain at least three years' worth of print archives of such newspaper containing any such ordinance, resolution, notice, or advertisement and make such archives available to the public for inspection upon request.

G. In all cases in which an ordinance, resolution, notice, or advertisement is required to be published in a newspaper of general circulation, the newspaper shall (i) post the complete notice on the newspaper's website, if a website is published by such newspaper, where it shall be posted contemporaneously with the notice's first print publication and shall remain on the website for at least as long as the notice appears in such newspaper; (ii) include on its website homepage a link to its public notice section; and (iii) post the complete notice on a searchable, statewide repository website, established and maintained as a joint venture of the majority of Virginia newspapers as a repository for such notices, where it shall remain on such repository website for at least as long as it appears in the newspaper. Any notice published on a website pursuant to this section shall be accessible to the public at no charge.

H. An error in a notice placed on a newspaper website or statewide website, or temporary website outages or service interruptions prohibiting the posting or display of such notice, shall be considered harmless error, and proper legal notice requirements shall be considered met if the notice published in the newspaper otherwise complies with the requirements for publication.

I. Whenever any ordinance, resolution, notice, or advertisement is required by law to be published in a newspaper, such ordinance, resolution, notice, or advertisement may be published in an online-only news publication in lieu of publication in a newspaper. Such online-only news publication shall:

1. Employ local news staff;

2. Have been in business for at least two years with a Virginia State Corporation Commission entity registration;

3. Have its own dedicated and registered domain name;

4. Be published exclusively online;

5. Publish regularly updated general news coverage of the area in which the notice is required to be published;

6. Have published at least once per week for at least 50 out of the preceding 52 weeks;

7. Have a clear and easily found link to the public notice section on its website homepage;

8. Allow, if such online-only news publication requires that users pay for other content on the website, any user to access public notices free of any charge;

9. Allow for search engine accessibility and optimization and the ability to be indexed by search engines; and

10. Post the complete notice on a searchable statewide repository website, established and maintained as a joint venture of the majority of newspapers in the Commonwealth as a repository for such notices. Such notices shall remain on such repository website for at least three years.

J. In order to be certified to publish ordinances, resolutions, notices, or advertisements, an online-only news publication shall petition the circuit court for the jurisdiction in which ordinances, resolutions, notices, or advertisements are required to be published. Prior to filing the petition, such online-only news publication shall publish a notice of intent to file a petition pursuant to this subsection in a newspaper of record in the jurisdiction in which the petition will be filed. If no such newspaper exists, such notice of intent shall be published in a newspaper in a neighboring jurisdiction.

Upon a finding that the online-only news publication (i) meets the requirements of subdivisions 1 through 9 of subsection I; (ii) reports local current events and governmental meetings and is, in general, a news forum for the jurisdiction in which authority is sought; and (iii) has an audit of discrete users for a time period ending no more than 12 months prior to the filing of such petition certified by an independent firm recognized in the online news industry as a web traffic auditor, and provided that such audit provides a breakdown of the discrete users of such online-only news publications by zip code or jurisdiction, the court shall grant the online-only news publication the authority to publish such ordinances, resolutions, notices, or advertisements for a period of one year.

The authority to publish public notices shall be continued for successive one-year periods upon filing with the court a copy of web analytics showing discrete users by zip code or jurisdiction for the immediately preceding year and an affidavit certifying that such online-only news publication continues to meet the requirements of this subsection and subsection I. In addition, such online-only news publication shall provide every third year an audit of web traffic for the time period since the previous audit. Such audit shall be certified by an independent firm recognized in the online news industry as a web traffic auditor.

K. Ordinances, resolutions, notices, or advertisements published pursuant to subsections I and J shall be (i) archived for up to three years, which may include posting pursuant to subdivision 10 of subsection I; (ii) available on the online-only news publication's website in a searchable format available to the public; and (iii) available as an electronic equivalent of a tear sheet for affidavit purposes, including being notarized when required by law, and shall be time stamped and dated to show when such ordinance, resolution, notice, or advertisement was published.

CHAPTER 279

An Act to amend and reenact §§ 37.2-505 and 37.2-837 of the Code of Virginia, relating to state hospitals; discharge planning.

[H 314]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-505 and 37.2-837 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-505. Coordination of services for preadmission screening and discharge planning.

A. The community services board shall fulfill the following responsibilities:

1. Be responsible for coordinating the community services necessary to accomplish effective preadmission screening and discharge planning for persons referred to the community services board. When preadmission screening reports are required by the court on an emergency basis pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8, the community services board shall ensure the development of the report for the court. To accomplish this coordination, the community services board shall establish a structure and procedures involving staff from the community services board and, as appropriate, representatives from (i) the state hospital or training center serving the board's service area, (ii) the local department of social services, (iii) the health department, (iv) the Department for Aging and Rehabilitative Services office in the board's service area, (v) the local school division, and (vi) other public and private human services agencies, including licensed hospitals.

2. Provide preadmission screening services prior to the admission for treatment pursuant to § 37.2-805 or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of any person who requires emergency mental health services while in a city or county served by the community services board. In the case of inmates incarcerated in a regional jail, each community services board that serves a county or city that is a participant in the regional jail shall review any existing Memorandum of Understanding between the community services board and any other community services boards that serve the regional jail to ensure that such memorandum sets forth the roles and responsibilities of each community services board in the preadmission screening process, provides for communication and information sharing protocols between the community services boards, and provides for due consideration, including financial consideration, should there be disproportionate obligations on one of the community services boards.

3. Provide, in consultation with the appropriate state hospital or training center, discharge planning for any individual who, prior to admission, resided in a city or county served by the community services board ~~or who chooses to reside after discharge in a city or county served by the board and who is to be released from a state hospital or training center pursuant to § 37.2-837~~. *In the case of any individual to be discharged from Central State Hospital, Southwestern Virginia Mental Health Institute, or Southern Virginia Mental Health Institute in 30 days or less after admission, the appropriate community services board shall implement the discharge plan developed by the state facility.* Upon initiation of discharge planning, the community services board that serves the city or county where the individual resided prior to admission shall inform the individual that he may choose to return to the county or city in which he resided prior to admission or to any other county or city in the Commonwealth. If the individual is unable to make informed decisions regarding his care, the community services board shall so inform his authorized representative, who may choose the county or city in which the individual shall reside upon discharge. In either case and to the extent permitted by federal law, for individuals who choose to return to the county or city in which they resided prior to admission, the community services board shall make every reasonable effort to place the individuals in such county or city. The community services board serving the county or city in which he will reside following discharge shall be responsible for arranging transportation for the individual upon request following the discharge protocols developed by the Department.

The discharge plan shall be completed prior to the individual's discharge. The plan shall be prepared with the involvement and participation of the individual receiving services or his representative and must reflect the individual's preferences to the greatest extent possible. The plan shall include the mental health, developmental, substance abuse, social, educational, medical, employment, housing, legal, advocacy, transportation, and other services that the individual will need upon discharge into the community and identify the public or private agencies that have agreed to provide these services.

No individual shall be discharged from a state hospital or training center without completion by the community services board of the discharge plan described in this subdivision. If state hospital or training center staff identify an individual as ready for discharge and the community services board that is responsible for the individual's care disagrees, the community services board shall document in the treatment plan within 72 hours of the individual's identification any reasons for not accepting the individual for discharge. If the state hospital or training center disagrees with the community services board and the board refuses to develop a discharge plan to accept the individual back into the community, the state hospital or training center or the community services board shall ask the Commissioner to review the state hospital's or training center's determination that the individual is ready for discharge in accordance with procedures established by the Department in collaboration with state hospitals, training centers, and community services boards. If the Commissioner determines that the individual is ready for discharge, a discharge plan shall be developed by the Department to ensure the availability of adequate services for the individual and the protection of the community. The Commissioner also shall verify that sufficient state-controlled funds have been allocated to the community services board through the performance contract.

If sufficient state-controlled funds have been allocated, the Commissioner may contract with a private provider, another community services board, or a behavioral health authority to deliver the services specified in the discharge plan and withhold allocated funds applicable to that individual's discharge plan from the community services board in accordance with subsections C and E of § 37.2-508.

4. Provide information, if available, to all hospitals licensed pursuant to Article 1 (§ 32.1-123 et seq.) of Chapter 5 of Title 32.1 about alcohol and substance abuse services available to minors.

B. The community services board may perform the functions set out in subdivision A 1 in the case of children by referring them to the locality's family assessment and planning team and by cooperating with the community policy and management team in the coordination of services for troubled youths and their families. The community services board may involve the family assessment and planning team and the community policy and management team, but it remains responsible for performing the functions set out in subdivisions A 2 and ~~A~~ 3 in the case of children.

§ 37.2-837. Discharge from state hospitals or training centers, conditional release, and trial or home visits for individuals.

A. Except for an individual receiving services in a state hospital who is held upon an order of a court for a criminal proceeding, the director of a state hospital or training center may discharge, after the preparation of a discharge plan:

1. Any individual in a state hospital who, in his judgment, ~~(a)~~ *(i)* is recovered, ~~(b)~~ *(ii)* does not have a mental illness, or ~~(c)~~ *(iii)* is impaired or not recovered but whose discharge will not be detrimental to the public welfare or injurious to the individual;

2. Any individual in a state hospital who is not a proper case for treatment within the purview of this chapter; or

3. Any individual in a training center who chooses to be discharged or, if the individual lacks the mental capacity to choose, whose legally authorized representative chooses for him to be discharged. Pursuant to regulations of the Centers for Medicare & Medicaid Services and the Department of Medical Assistance Services, no individual at a training center who is enrolled in Medicaid shall be discharged if the individual or his legally authorized representative on his behalf chooses to continue receiving services in a training center.

Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute shall, in consultation with the appropriate community services board or behavioral health authority, provide discharge planning for any individual to be discharged from the state hospital in 30 days or less after admission. For all individuals discharged *from any other state facility in 30 days or less after admission, or from a state hospital more than 30 days after admission, or from a state training center*, the discharge plan shall be formulated in accordance with the provisions of § 37.2-505 by the community services board or behavioral health authority that serves the city or county where the individual resided prior to admission or by the board or authority that serves the city or county where the individual or his legally authorized representative on his behalf chooses to reside immediately following the discharge. The discharge plan shall be contained in a uniform discharge document developed by the Department and used by all state hospitals, training centers, and community services boards or behavioral health authorities~~,~~ and shall identify (i) the services, including mental health, developmental, substance abuse, social, educational, medical, employment, housing, legal, advocacy, transportation, and other services that the individual will require upon discharge into the community, and (ii) the public or private agencies that have agreed to provide these services. If the individual will be housed in an assisted living facility, as defined in § 63.2-100, the discharge plan shall identify the facility, document its appropriateness for housing and capacity to care for the individual, contain evidence of the facility's agreement to admit and care for the individual, and describe how the community services board or behavioral health authority will monitor the individual's care in the facility. Prior to discharging an individual pursuant to subdivision A 1 or 2 who has not executed an advance directive, the director of a state hospital or his designee shall give to the individual a written explanation of the procedures for executing an advance directive in accordance with the Health Care Decisions Act (§ 54.1-2981 et seq.) and an advance directive form, which may be the form set forth in § 54.1-2984.

B. The director may grant a trial or home visit to an individual receiving services in accordance with regulations adopted by the Board. The state facility granting a trial or home visit to an individual shall not be liable for his expenses during the period of that visit. Such liability shall devolve upon the relative, conservator, person to whose care the individual is entrusted while on the trial or home visit, or the appropriate local department of social services of the county or city in which the individual resided at the time of admission pursuant to regulations adopted by the State Board of Social Services.

C. Any individual who is discharged pursuant to subdivision A 2 shall, if necessary for his welfare, be received and cared for by the appropriate local department of social services. The provision of public assistance or social services to the individual shall be the responsibility of the appropriate local department of social services as determined by regulations adopted by the State Board of Social Services. Expenses incurred for the provision of public assistance to the individual who is receiving 24-hour care while in an assisted living facility licensed pursuant to Chapters 17 (§ 63.2-1700 et seq.) and 18 (§ 63.2-1800 et seq.) of Title 63.2 shall be the responsibility of the appropriate local department of social services of the county or city in which the individual resided at the time of admission.

2. That the Department of Behavioral Health and Developmental Services shall report to the Governor and the General Assembly by August 1, 2025, and each year thereafter, the following information: (i) the readmission rates of any individual discharged from Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute in 30 days or less after admission; (ii) the impact of the changes to

discharge planning implemented by this act on Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute; and (iii) census information of Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental Health Institute.

3. That the Department of Behavioral Health and Developmental Services shall provide the Senate Committee on Education and Health and the House Committee on Health and Human Services with an evaluation of the impact of the changes to discharge planning implemented by this act by November 1, 2025.

4. That the provisions of this act shall become effective on January 1, 2025.

The purpose of this Compact is to facilitate the interstate practice and regulation of cosmetology with the goal of improving public access to, and the safety of, cosmetology services and reducing unnecessary burdens related to cosmetology licensure. Through this Compact, the member states seek to establish a regulatory framework that provides for a new multistate licensing program. Through this new licensing program, the member states seek to provide increased value and mobility to licensed cosmetologists in the member states, while ensuring the provision of safe, effective, and reliable services to the public.

This Compact is designed to achieve the following objectives, and the member states hereby ratify the same intentions by subscribing hereto:

A. To be eligible to join this Compact, and to maintain eligibility as a member state, a state must:

1. License and regulate cosmetology;

2. Have a mechanism or entity in place to receive and investigate complaints about licensees practicing in that state;

3. Require that licensees within the state pass a cosmetology competency examination prior to being licensed to provide cosmetology services to the public in that state;

4. Require that licensees satisfy educational or training requirements prior to being licensed to provide cosmetology services to the public in that state;

5. Implement procedures for considering one or more of the following categories of information from applicants for licensure: criminal history; disciplinary history; or background check. Such procedures may include the submission of information by applicants for the purpose of obtaining an applicant's background check as defined herein;

6. Participate in the data system, including through the use of unique identifying numbers;

7. Share information related to adverse actions with the Commission and other member states, both through the data system and otherwise;

8. Notify the Commission and other member states, in compliance with the terms of the Compact and rules of the Commission, of the existence of investigative information or current significant investigative information in the state's possession regarding a licensee practicing in that state;

9. Comply with such rules as may be enacted by the Commission to administer the Compact; and

10. Accept licensees from other member states as established herein.

B. Member states may charge a fee for granting a license to practice cosmetology.

C. Individuals not residing in a member state shall continue to be able to apply for a member state's single-state license as provided under the laws of each member state. However, the single-state license granted to these individuals shall not be recognized as granting a multistate license to provide services in any other member state.

D. Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single-state license.

E. A multistate license issued to a licensee by a home state to a resident of that state shall be recognized by each member state as authorizing a licensee to practice cosmetology in each member state.

F. At no point shall the Commission have the power to define the educational or professional requirements for a license to practice cosmetology. The member states shall retain sole jurisdiction over the provision of these requirements.

Article IV. Multistate License.

A. To be eligible to apply to his home state's licensing authority for an initial multistate license under this Compact, a licensee must hold an active and unencumbered single-state license to practice cosmetology in his home state.

B. Upon the receipt of an application for a multistate license, according to the rules of the Commission, a member state's licensing authority shall ascertain whether the applicant meets the requirements for a multistate license under this Compact.

C. If an applicant meets the requirements for a multistate license under this Compact and any applicable rules of the Commission, the licensing authority in receipt of the application shall, within a reasonable time, grant a multistate license to that applicant and inform all member states of the grant of such multistate license.

D. A multistate license to practice cosmetology issued by a member state's licensing authority shall be recognized by each member state as authorizing the practice thereof as though that licensee held a single-state license to do so in each member state, subject to the restrictions herein.

E. A multistate license granted pursuant to this Compact may be effective for a definite period of time, concurrent with renewal of the home state license.

F. To maintain a multistate license under this Compact, a licensee must:

1. Agree to abide by the rules of the licensing authority, and the state scope of practice laws governing the practice of cosmetology, of any member state in which the licensee provides services;

2. Pay all required fees related to the application and process and any other fees that the Commission may by rule require; and

3. Comply with any and all other requirements regarding multistate licenses that the Commission may by rule provide.

G. A licensee practicing in a member state is subject to all scope of practice laws governing cosmetology services in that state.

H. The practice of cosmetology under a multistate license granted pursuant to this Compact will subject the licensee to the jurisdiction of the licensing authority, the courts, and the laws of the Member state in which the cosmetology services are provided.

Article V. Reissuance of a Multistate License by a New Home State.

A. A licensee may hold a multistate license, issued by the licensee's home state, in only one member state at any given time.

B. If a licensee changes the licensee's home state by moving between two member states:

1. The licensee shall immediately apply for the reissuance of his multistate license in his new home state. The licensee shall pay all applicable fees and notify the prior home state in accordance with the rules of the Commission.

2. Upon receipt of an application to reissue a multistate license, the new home state shall verify that the multistate licensee is active, unencumbered, and eligible for reissuance under the terms of the Compact and the rules of the Commission. The multistate license issued by the prior home state will be deactivated and all member states notified in accordance with the applicable rules adopted by the Commission.

3. If required for initial licensure, the new home state may require a background check as specified in the laws of that state, or compliance with any jurisprudence requirements of the new home state.

4. Notwithstanding any other provision of this Compact, if a licensee does not meet the criteria set forth in this Compact for the reissuance of a multistate license by the new home state, then the licensee shall be subject to the new home state requirements for the issuance of a single-state license in that state.

C. If a licensee changes the licensee's primary state of residence by moving from a member state to a non-member state, or from a non-member state to a member state, then the licensee shall be subject to the state requirements for the issuance of a single-state license in the new home state.

D. Nothing in this Compact shall interfere with a licensee's ability to hold a single-state license in multiple states; however, for the purposes of this Compact, a licensee shall have only one home state and only one multistate license.

E. Nothing in this Compact shall interfere with the requirements established by a member state for the issuance of a single-state license.

Article VI. Authority of the Compact Commission and Member State Licensing Authorities.

A. Nothing in this Compact, nor any rule or regulation of the Commission, shall be construed to limit, restrict, or in any way reduce the ability of a member state to enact and enforce laws, regulations, or other rules related to the practice of cosmetology in that state, where those laws, regulations, or other rules are not inconsistent with the provisions of this Compact.

B. Insofar as practical, a member state's licensing authority shall cooperate with the Commission and with each entity exercising independent regulatory authority over the practice of cosmetology according to the provisions of this Compact.

C. Discipline shall be the sole responsibility of the state in which cosmetology services are provided. Accordingly, each member state's licensing authority shall be responsible for receiving complaints about individuals practicing cosmetology in that state and for communicating all relevant investigative information about any such adverse action to the other member states through the data system in addition to any other methods the Commission may by rule require.

Article VII. Adverse Actions.

A. A licensee's home state shall have exclusive power to impose an adverse action against licensee's multistate license issued by the home state.

B. A home state may take adverse action on a multistate license based on the investigative information, current significant investigative information, or adverse action of a remote state.

C. In addition to the powers conferred by state law, each remote state's licensing authority shall have the power to:

1. Take adverse action against a licensee's authorization to practice cosmetology through the multistate license in that member state, provided that:

a. Only the licensee's home state shall have the power to take adverse action against the multistate license issued by the home state; and

b. For the purposes of taking adverse action, the home state's licensing authority shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine the appropriate action.

2. Issue cease and desist orders or impose an encumbrance on a licensee's authorization to practice within that member state.

3. Complete any pending investigations of a licensee who changes the licensee's primary state of residence during the course of such an investigation. The licensing authority shall also be empowered to report the results of such an investigation to the Commission through the data system as described herein.

4. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a state licensing authority in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings before it. The issuing state licensing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

5. If otherwise permitted by state law, recover from the affected licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

6. Take adverse action against the licensee's authorization to practice in that state based on the factual findings of another remote state.

D. A licensee's home state shall complete any pending investigation(s) of a cosmetologist who changes his primary state of residence during the course of the investigation(s). The home state shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the data system.

E. If an adverse action is taken by the home state against a licensee's multistate license, the licensee's authorization to practice in all other member states shall be deactivated until all encumbrances have been removed from the home state license. All home state disciplinary orders that impose an adverse action against a licensee's multistate license shall include a statement that the cosmetologist's authorization to practice is deactivated in all member states during the pendency of the order.

F. Nothing in this Compact shall override a member state's authority to accept a licensee's participation in an alternative program in lieu of adverse action. A licensee's multistate license shall be suspended for the duration of the licensee's participation in any alternative program.

G. Joint investigations.

1. In addition to the authority granted to a member state by its respective scope of practice laws or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

Article VIII. Active Military and Their Spouses.

Active military members, or the spouses thereof, shall designate a home state where the individual has a current license to practice cosmetology in good standing. The individual may retain the home state designation during any period of service when that individual is on active duty assignment.

Article IX. Establishment and Operation of the Cosmetology Licensure Compact Commission.

A. The Compact member states hereby create and establish a joint government agency whose membership consists of all member states that have enacted the Compact known as the Cosmetology Licensure Compact Commission. The Commission is an instrumentality of the compact states acting jointly and not an instrumentality of any one state. The Commission shall come into existence on or after the effective date of the Compact as set forth in Article XIII.

B. Membership, voting, and meetings.

1. Each member state shall have and be limited to one delegate selected by that member state's licensing authority.

2. The delegate shall be an administrator of the licensing authority of the member state or such administrator's designee.

3. The Commission shall by rule or bylaw establish a term of office for delegates and may by rule or bylaw establish term limits.

5. A member state's licensing authority shall fill any vacancy of its delegate occurring on the Commission within 60 days of the occurrence of such vacancy.

6. Each delegate shall be entitled to one vote on all matters that are voted on by the Commission.

5. Meet and take such actions as are consistent with the provisions of this Compact, the Commission's rules, and the bylaws;

7. Maintain and certify records and information provided to a member state as the authenticated business records of the Commission, and designate an agent to do so on the Commission's behalf;

8. Purchase and maintain insurance and bonds;

9. Borrow, accept, or contract for services of personnel, including employees of a member state;

10. Conduct an annual financial review;

11. Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the Compact, and establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

12. As set forth in the Commission rules, charge a fee to a licensee for the grant of a multistate license and thereafter, as may be established by Commission rule, charge the licensee a multistate license renewal fee for each renewal period. Nothing herein shall be construed to prevent a home state from charging a licensee a fee for a multistate license or renewals of a multistate license, or a fee for the jurisprudence requirement if the member state imposes such a requirement for the grant of a multistate license;

13. Assess and collect fees;

14. Accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same, provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the federal Sherman Act (15 U.S.C. § 1 et seq.), the federal Clayton Act (15 U.S.C. § 12 et seq.), or any other state or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the member states or by the Commission.

Article X. Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting.

B. The Commission shall assign each applicant for a multistate license a unique identifier, as determined by the rules of the Commission.

C. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse actions against a license and information related thereto;

4. Non-confidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation;

5. Any denial of application for licensure and the reason(s) for such denial (excluding the reporting of any criminal history record information where prohibited by law);

6. The existence of investigative information;

7. The existence of current significant investigative information; and

8. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the rules of the Commission.

D. The records and information provided to a member state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a member state.

E. The existence of current significant investigative information and the existence of investigative information pertaining to a licensee in any member state will only be available to other member states.

F. It is the responsibility of the member states to monitor the database to determine whether adverse action has been taken against a licensee or licensee applicant. Adverse action information pertaining to a licensee or license applicant in any member state will be available to any other member state.

G. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

H. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

Article XI. Rulemaking.

A. The Commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The rules of the Commission shall have the force of law in each member state, provided, however, that where the rules of the Commission conflict with the laws of the member state that establish the member state's scope of practice laws governing the practice of cosmetology as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

C. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules shall become binding as of the date specified in each rule.

D. If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such Rule shall have no further force and effect in any member state or to any state applying to participate in the Compact.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed rule by the Commission, and at least 30 days in advance of the meeting at which the Commission will hold a public hearing on the proposed rule, the Commission shall provide a notice of proposed rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and

3. In such other way(s) as the Commission may by rule specify.

H. The notice of proposed rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the mechanism for access to the hearing;

3. The text of the proposed rule and the reason therefor;

4. A request for comments on the proposed rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed rule shall be available to the public.

J. Nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this article.

K. The Commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

1. The Commission may adopt changes to the proposed rule, provided the changes do not enlarge the original purpose of the proposed rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection L, the effective date of the rule shall be no sooner than 45 days after the Commission issues the notice that it adopted or amended the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with five days' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or member state funds;

3. Meet a deadline for the promulgation of a rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No member state's rulemaking requirements shall apply under this Compact.

Article XII. Oversight, Dispute Resolution, and Enforcement.

A. Oversight.

1. The executive and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other member states.

C. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the member states, and all rights, privileges, and benefits conferred on that state by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's licensing authority, and each member state's licensing authority.

E. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a state's membership from this Compact, that state shall immediately provide notice to all licensees within that state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of 180 days after the date of said notice of termination.

G. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

I. Dispute resolution.

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and the Commission's rules.

2. By majority vote as provided by Commission rule, the Commission may initiate legal action against a member state in default in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event that judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting member state's law.

3. A member state may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

4. No individual or entity other than a member state may enforce this Compact against the Commission.

Article XIII. Effective Date, Withdrawal, and Amendment.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh member state.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different than the model Compact statute.

a. A charter member state whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Article XII.

b. If any member state is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of member states should be less than seven.

2. Member states enacting the Compact subsequent to the charter member states shall be subject to the process set forth in subdivision C 24 of Article IX to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact shall be subject to the rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

B. Any member state may withdraw from this Compact by enacting a statute repealing that state's enactment of the Compact.

1. A member state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

Article XIV. Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, of a state seeking

participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding subsection B, the Commission may deny a state's participation in the Compact or, in accordance with the requirements of Article XII, terminate a member state's participation in the Compact, if it determines that a constitutional requirement of a member state is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

Article XV. Consistent Effect and Conflict with Other State Laws.

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the Compact.

B. Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Commission and the member states are binding in accordance with their terms.

2. That the Board for Barbers and Cosmetology shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its effective date.

3. That any applicant for a multistate license shall pay the costs of performing any background check required by the Cosmetology Compact, as entered into by this act.

A. For purposes of this section, "nonprofit organization" or "nonprofit entity" means an entity that meets the requirements of subsection D. "Nonprofit organization" or "nonprofit entity" includes a single member limited liability company whose sole member is a nonprofit organization.

B. Any nonprofit organization that holds a valid certificate of exemption from the Department of Taxation, or any nonprofit church that holds a valid self-executing certificate of exemption, that exempts it from collecting or paying state and local retail sales or use taxes as of June 30, 2003, pursuant to § 58.1-609.4, 58.1-609.7, 58.1-609.8, 58.1-609.9, or 58.1-609.10, as such sections are in effect on June 30, 2003, shall remain exempt from the collection or payment of such taxes under the same terms and conditions as provided under such sections as such sections existed on June 30, 2003, until: (i) July 1, 2007, for such entities that were exempt under § 58.1-609.4; (ii) July 1, 2008, for such entities that were exempt under § 58.1-609.7; (iii) July 1, 2004, for the first one-half of such entities that were exempt under § 58.1-609.8, except churches, which will remain exempt under the same criteria and procedures in effect for churches on June 30, 2003; (iv) July 1, 2005, for the second one-half of such entities that were exempt under § 58.1-609.8; and (v) July 1, 2006, for such entities that were exempt under § 58.1-609.9 or under § 58.1-609.10. 2. The entity is in compliance with all applicable state solicitation laws and, where applicable, provides appropriate verification of such compliance; and

3. The entity's annual general administrative costs, including salaries and fundraising, relative to its annual gross revenue, under generally accepted accounting principles, is not greater than 40 percent; and

4. If the entity's gross annual revenue was at least $750,000 in the previous year, then the entity must provide a financial review performed by an independent certified public accountant. However, for any entity with gross annual revenue of at least ~~$1~~ *$1.5* million in the previous year, the Department may require that the entity provide a financial audit performed by an independent certified public accountant. If the Department specifically requires an entity with gross annual revenue of at least ~~$1 million~~ *$1.5 million* in the previous year to provide a financial audit performed by an independent

certified public accountant, then the entity shall provide such audit in order to qualify for the exemption under this section, which audit shall be in lieu of the financial review; and

If the records are not available through no fault of the entity, then the entity must provide such information to the Department the following year. No information provided pursuant to this subsection (except the failure to provide available information) shall be a basis for the Department of Taxation to refuse to exempt an entity.

F. Any entity that is determined under subsections C, D, and E by the Department of Taxation to be exempt from paying sales and use tax shall also be exempt from collecting sales and use tax, at its election, if (i) the entity is within the same class of organization of any entity that was exempt from collecting sales and use tax on June 30, 2003, or (ii) the entity is organized exclusively to foster, sponsor, and promote physical education, athletic programs, and contests for youths in the Commonwealth.

G. The duration of each exemption granted by the Department of Taxation shall be no less than five years and no greater than seven years. During the period of such exemption, the failure of an exempt entity to maintain compliance with the applicable criteria set forth in subsection D shall constitute grounds for revocation of the exemption by the Department. At the end of the period of such exemption, to maintain or renew the exemption, each entity must provide the Department of Taxation the same information as required upon initial exemption and meet the same criteria.

H. For purposes of this section, the Department of Taxation and the Department of Agriculture and Consumer Services shall be allowed to share information when necessary to supplement the information required.

CHAPTER 293

An Act to amend and reenact § 38.2-6602 of the Code of Virginia, relating to the Commonwealth Health Reinsurance Program; payment parameters.

[H 591]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-6602 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-6602. Commonwealth Health Reinsurance Program; established.

A. The Commission shall implement a reinsurance program, known as the Commonwealth Health Reinsurance Program. Implementation and operation of the Program is contingent upon approval of the State Innovation Waiver submitted by the Commission in accordance with § 38.2-6606. If the State Innovation Waiver and federal funding request submitted by the Commission pursuant to § 38.2-6606 are approved, the Commission shall implement and operate the Program in accordance with this section.

B. The Commission or its designee shall collect or access data from an eligible carrier as necessary to determine reinsurance payments, according to the data requirements under subdivision C 1.

1. Unless an eligible carrier is notified otherwise by the Commission, on a quarterly basis during the applicable benefit year, each eligible carrier shall report to the Commission its claims costs that exceed the attachment point for that benefit year. For each applicable benefit year, the Commission shall notify eligible carriers of reinsurance payments to be made for the applicable benefit year no later than September 30 of the year following the applicable benefit year. By November 15 of

the year following the applicable benefit year, the Commission shall disburse all applicable reinsurance payments to an eligible carrier.

2. For the 2023 benefit year and each benefit year thereafter, the Commission shall establish and publish the payment parameters for the applicable benefit year by May 1 of the year immediately preceding the applicable benefit year. In setting the payment parameters under this subsection, the Commission shall *(i) set such payment parameters at levels designed to achieve the premium reduction target established in the general appropriation act or, if such target is not established in the general appropriation act, the premium reduction target of the benefit year prior to the applicable benefit year and (ii)* consider the following factors: ~~(i)~~ *(a)* stabilized or reduced premium rates in the individual market, ~~(ii)~~ *(b)* increased participation in the individual market, ~~(iii)~~ *(c)* improved access to health care services and their providers for enrolled individuals, ~~(iv)~~ *(d)* mitigation of the impact high-risk individuals have on premium rates in the individual market, ~~(v)~~ *(e)* the availability of any federal funding available for the Program, and ~~(vi)~~ *(f)* the total amount available to fund the Program.

3. If the Commission determines that all reinsurance payments for a covered person's covered benefits requested under the Program by eligible carriers for a benefit year will not be equal to the amount of funding allocated to the Program, the Commission shall determine a uniform pro rata adjustment to be applied to all such requests for reinsurance payments.

C. A carrier that meets the requirement of this subsection and subsection D shall be eligible to request reinsurance payments from the Program. An eligible carrier shall make requests for reinsurance payments in accordance with the requirements established by the Commission.

1. To receive reinsurance payments through the Program, an eligible carrier shall, by April 30 of the year following the benefit year for which reinsurance payments are requested, (i) provide the Commission with access to the data within the dedicated data environment established by the eligible carrier under the federal risk adjustment program under 42 U.S.C. § 18063 or access to other carrier-specific data if and where necessary and (ii) submit to the Commission an attestation that the carrier has complied with the dedicated data environments, data requirements, establishment and usage of masked enrollee identification numbers, and data submission deadlines.

2. An eligible carrier shall maintain documents and records sufficient to substantiate the requests for reinsurance payments made pursuant to this section for at least five years. An eligible carrier shall also make those documents and records available upon request from the Commission for purposes of verification, investigation, audit, or other review of reinsurance payment requests. The Commission may audit an eligible carrier to assess the carrier's compliance with this section. The eligible carrier shall ensure that its contractors, subcontractors, and agents cooperate with any audit under this section.

D. The Commission or its designee shall calculate each reinsurance payment based on an eligible carrier's incurred claims costs for a covered person's covered benefits in the applicable benefit year. If the claims costs for a covered person's covered benefits in the applicable benefit year do not exceed the attachment point for the applicable benefit year, the carrier shall not be eligible for a reinsurance payment. If the claims costs exceed the attachment point for the applicable benefit year, the Commission shall calculate the reinsurance payment as the product of the coinsurance rate and the eligible carrier's claims costs up to the reinsurance cap. A carrier shall be ineligible for reinsurance payments for claims costs for a covered person's covered benefits in the applicable benefit year that exceed the reinsurance cap. The Commission shall ensure that reinsurance payments made to eligible carriers do not exceed the total amount paid by the eligible carrier for any eligible claim. An eligible carrier may request that the Commission reconsider a decision on the carrier's request for reinsurance payments within 21 days after notice of the Commission's decision.

E. The Commission shall require each eligible carrier that participates in the Program to file with the Commission, by a date and in a form and manner specified by the Commission by rule, the care management protocols the eligible carrier will use to manage claims within the payment parameters.

CHAPTER 294

An Act to amend and reenact §§ 22.1-100 and 22.1-100.1 of the Code of Virginia, relating to school boards; unexpended local funds; capital reserve fund permitted.

[H 599]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-100 and 22.1-100.1 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-100. Unexpended school and educational funds; capital reserve fund permitted.

A. All sums of money derived from the Commonwealth which are unexpended in any year in any school division shall revert to the fund of the Commonwealth from which derived unless the Board of Education directs otherwise. ~~All~~ *Except as otherwise provided in subsection B, all* sums derived from local funds unexpended in any year shall remain a part of the funds of the governing body appropriating the funds for use the next year, but no local funds shall be subject to redivision outside of the locality in which they were raised.

B. Any school board may, with the concurrence of the local governing body, establish a capital reserve fund as a savings account into which it exclusively deposits the unexpended local operating funds described in subsection A for future school division capital expenditures at no additional cost to local taxpayers, subject to the following conditions:

1. Any deposit into such fund shall be designated at the time of deposit for a specific capital project named by the school board;

2. No deposit into such fund shall be withdrawn or used for any purpose other than the capital project designated pursuant to subdivision 1; and

3. The school board may make withdrawals from such fund at any time, and no such withdrawal shall be encumbered by any deadlines or other timelines or time-based restrictions.

§ 22.1-100.1. Lottery proceeds nonrecurring costs escrow accounts.

A. Notwithstanding the provisions of *subsection A of* § 22.1-100, the governing body of any locality may authorize the local treasurer or fiscal officer, by ordinance or resolution, to create a separate escrow account upon the books of the locality for the deposit of that portion of the locality's appropriation from the lottery proceeds which are designated, pursuant to Item 139 B 4 of Chapter 935 of the 1999 Acts of Assembly or any other state law, for nonrecurring costs incurred by the relevant school division.

Such nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, technology, and other expenditures related to modernizing classroom equipment, and debt service payments on school projects completed during the last ten years. Upon adoption of the proper ordinance or resolution, the treasurer or local fiscal officer of the locality shall place such appropriation into a separate lottery proceeds nonrecurring costs escrow account. Under no circumstances shall the escrow account allowed for the school construction grants pursuant to § 22.1-175.5 be used for these deposits.

B. The escrow account shall be known as the "County/City/Town of _____ Lottery Proceeds Nonrecurring Costs Fund." All principal deposited to such fund, together with all income from or attributable to the fund, shall be used solely for (i) construction, additions, renovations, including retrofitting and enlarging public school buildings, infrastructure, including technology infrastructure, and site acquisition for public school buildings and facilities or (ii) debt service payments, or a portion thereof, for any such projects completed in the previous ten years if so designated.

No disbursement from the fund may be made except upon specific appropriation by the governing body in accordance with applicable law. If a locality establishes such a fund and designates any portion of the funds deposited therein to pay debt service for (i) any general obligation of the locality held by the Virginia Public School Authority or (ii) any Literary Fund loan, the locality shall obtain an opinion of bond counsel that designation of funds to pay debt service on obligations described in clauses (i) and (ii) hereof does not adversely impact the tax-exempt status of such obligations.

C. All moneys deposited in the fund, including all income from or attributable to such fund, shall be deemed public funds of the locality and shall be subject to all limitations upon deposit and investment provided by general law, including, but not limited to, the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.). Income, dividends, distributions, and grants accruing to the fund shall be retained in such fund and shall be expended only in accordance with the terms of this section.

D. Nothing in this section shall be deemed or construed to authorize a school board or school division to receive, hold or invest funds in its own name, or to expend funds in the absence of a specific appropriation by the governing body of the locality in accordance with applicable law.

CHAPTER 295

An Act to amend and reenact § 54.1-2722 of the Code of Virginia, relating to dental hygienists; remote supervision.

[H 605]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2722 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2722. License; application; qualifications; practice of dental hygiene; report.

A. No person shall practice dental hygiene unless he possesses a current, active, and valid license from the Board of Dentistry. The licensee shall have the right to practice dental hygiene in the Commonwealth for the period of his license as set by the Board, under the direction of any licensed dentist.

B. An application for such license shall be made to the Board in writing and shall be accompanied by satisfactory proof that the applicant (i) is of good moral character, (ii) is a graduate of a dental hygiene program accredited by the Commission on Dental Accreditation and offered by an accredited institution of higher education, (iii) has passed the dental hygiene examination given by the Joint Commission on National Dental Examinations, and (iv) has successfully completed a clinical examination acceptable to the Board.

C. The Board may grant a license to practice dental hygiene to an applicant licensed to practice in another jurisdiction if he (i) meets the requirements of subsection B; (ii) holds a current, unrestricted license to practice dental hygiene in another jurisdiction in the United States; (iii) has not committed any act that would constitute grounds for denial as set forth in § 54.1-2706; and (iv) meets other qualifications as determined in regulations promulgated by the Board.

D. A licensed dental hygienist may, under the direction or general supervision of a licensed dentist and subject to the regulations of the Board, perform services that are educational, diagnostic, therapeutic, or preventive. These services shall not include the establishment of a final diagnosis or treatment plan for a dental patient. Pursuant to subsection V of § 54.1-3408, a licensed dental hygienist may administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine.

A dentist may also authorize a dental hygienist under his direction to administer Schedule VI nitrous oxide and oxygen inhalation analgesia and, to persons 18 years of age or older, Schedule VI local anesthesia. In its regulations, the Board of Dentistry shall establish the education and training requirements for dental hygienists to administer such controlled substances under a dentist's direction.

For the purposes of this section, "general supervision" means that a dentist has evaluated the patient and prescribed authorized services to be provided by a dental hygienist; however, the dentist need not be present in the facility while the authorized services are being provided.

The Board shall provide for an inactive license for those dental hygienists who hold a current, unrestricted license to practice in the Commonwealth at the time of application for an inactive license and who do not wish to practice in Virginia. The Board shall promulgate such regulations as may be necessary to carry out the provisions of this section, including requirements for remedial education to activate a license.

E. For the purposes of this subsection, "remote supervision" means that a public health dentist has regular, periodic communications with a public health dental hygienist regarding patient treatment, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any provision of law, a dental hygienist employed by the Virginia Department of Health or the Department of Behavioral Health and Developmental Services who holds a license issued by the Board of Dentistry may provide educational and preventative dental care in the Commonwealth under the remote supervision of a dentist employed by the Department of Health or the Department of Behavioral Health and Developmental Services. A dental hygienist providing such services shall practice pursuant to protocols developed jointly by the Department of Health and the Department of Behavioral Health and Developmental Services for each agency, in consultation with the Virginia Dental Association and the Virginia Dental Hygienists' Association. Such protocols shall be adopted by the Board as regulations.

A report of services provided by dental hygienists employed by the Virginia Department of Health pursuant to such protocol, including their impact upon the oral health of the citizens of the Commonwealth, shall be prepared and submitted annually to the Secretary of Health and Human Resources by the Department of Health, and a report of services provided by dental hygienists employed by the Department of Behavioral Health and Developmental Services shall be prepared and submitted annually to the Secretary of Health and Human Resources by the Department of Behavioral Health and Developmental Services. Nothing in this section shall be construed to authorize or establish the independent practice of dental hygiene.

F. For the purposes of this subsection, "remote supervision" means that a supervising dentist is accessible and available for communication and consultation with a dental hygienist during the delivery of dental hygiene services, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any other provision of law, a dental hygienist may practice dental hygiene under the remote supervision of a dentist who holds an active license by the Board and who has a dental practice physically located in the Commonwealth. No dental hygienist shall practice under remote supervision unless he has (i) completed a continuing education course designed to develop the competencies needed to provide care under remote supervision offered by an accredited dental education program or from a continuing education provider approved by the Board and (ii) at least two years of clinical experience, consisting of at least 2,500 hours of clinical experience. A dental hygienist practicing under remote supervision shall have professional liability insurance with policy limits acceptable to the supervising dentist. A dental hygienist shall only practice under remote supervision at a federally qualified health center; charitable safety net facility; free clinic; long-term care facility; elementary or secondary school; Head Start program; mobile dentistry program for adults with developmental disabilities operated by the Department of Behavioral Health and Developmental Services' Office of Integrated Health; or women, infants, and children (WIC) program.

A dental hygienist practicing under remote supervision may (a) obtain a patient's treatment history and consent, (b) perform an oral assessment, (c) perform scaling and polishing, (d) perform all educational and preventative services, (e) take X-rays as ordered by the supervising dentist or consistent with a standing order, (f) maintain appropriate documentation in the patient's chart, (g) administer topical oral fluorides, topical oral anesthetics, topical and directly applied antimicrobial agents for treatment of periodontal pocket lesions, and any other Schedule VI topical drug approved by the Board of Dentistry under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine pursuant to subsection V of § 54.1-3408, and (h) perform any other service ordered by the supervising dentist or required by statute or Board regulation. No dental hygienist practicing under remote supervision shall administer local anesthetic or nitrous oxide.

Prior to providing a patient dental hygiene services, a dental hygienist practicing under remote supervision shall obtain (1) the patient's or the patient's legal representative's signature on a statement disclosing that the delivery of dental hygiene

services under remote supervision is not a substitute for the need for regular dental examinations by a dentist and (2) verbal confirmation from the patient that he does not have a dentist of record whom he is seeing regularly.

After conducting an initial oral assessment of a patient, a dental hygienist practicing under remote supervision may provide further dental hygiene services following a written practice protocol developed and provided by the supervising dentist. Such written practice protocol shall consider, at a minimum, the medical complexity of the patient and the presenting signs and symptoms of oral disease.

A dental hygienist practicing under remote supervision shall inform the supervising dentist of all findings for a patient. A dental hygienist practicing under remote supervision may continue to treat a patient for ~~90~~ *180* days. After such ~~90-day~~ *180-day* period, the supervising dentist, absent emergent circumstances, shall either conduct an examination of the patient or refer the patient to another dentist to conduct an examination. The supervising dentist shall develop a diagnosis and treatment plan for the patient, and either the supervising dentist or the dental hygienist shall provide the treatment plan to the patient. The supervising dentist shall review a patient's records at least once every 10 months.

Nothing in this subsection shall prevent a dental hygienist from practicing dental hygiene under general supervision whether as an employee or as a volunteer.

C. Nothing in this section shall be construed to supersede or limit contracts or agreements between or among individuals or private entities related to the use of real property, including recorded declarations and covenants, the provisions of condominium instruments of a condominium created pursuant to the Virginia Condominium Act (§ 55.1-1900 et seq.), the declaration of a common interest community as defined in § 54.1-2345, the cooperative instruments of a cooperative created pursuant to the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.), or any declaration of a property owners' association created pursuant to the Property Owners' Association Act (§ 55.1-1800 et seq.).

CHAPTER 301

An Act to amend and reenact §§ 15.2-2209.1:2 and 15.2-2286 of the Code of Virginia, relating to zoning; solar photovoltaic and energy storage projects; period of validity for certain projects.

[H 650]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 15.2-2209.1:2 and 15.2-2286 of the Code of Virginia are amended and reenacted as follows:

§ 15.2-2209.1:2. Extension of land use approvals for solar photovoltaic projects.

A. An initial approval of a special exception, special use permit, or conditional use permit for a solar photovoltaic or energy storage project shall provide the landowner or developer a minimum of three years to commence the project.

For so long as the special exception, special use permit, or conditional use permit remains valid, no change or amendment to any local ordinance, map, resolution, rule, regulation, policy, or plan adopted subsequent to the date of approval of the special exception, special use permit, or conditional use permit shall adversely affect the right of the developer or his successor in interest to commence and complete an approved development in accordance with the lawful terms of the special exception, special use permit, or conditional use permit unless the change or amendment is required to comply with state law or there has been a mistake, fraud, or a change in circumstances substantially affecting the public health, safety, or welfare.

Application for minor modifications to special exceptions, special use permits, or conditional use permits made during the period of validity shall not constitute a waiver of the provisions hereof nor shall the approval of minor modifications extend the period of validity of such plats or plans.

B. Notwithstanding any other provision of this chapter, for any valid special exception, special use permit, or conditional use permit, or any modifications thereto, for a solar photovoltaic *or energy storage* project outstanding as of July 1, 2023, any deadline in the exception permit, or in the local zoning ordinance that requires the landowner or developer to commence the project within a certain time, may be extended by a resolution of the governing body until July 1, 2026, or such longer period as may be agreed to by the locality.

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes

affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing. *Conditions may include the period of validity for a special exception or special use permit; however, in the case of a special exception or special use permit for residential projects, the period of validity shall be no less than three years.*

The governing body or the board of zoning appeals of the Cities of Hampton and Norfolk may impose a condition upon any special exception or use permit relating to retail alcoholic beverage control licensees which provides that such special exception or use permit will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility, or the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period. If the decision or determination by the zoning administrator could impair the ability of an adjacent property owner to satisfy the minimum storage capacity and yield requirements for a residential drinking well pursuant to § 32.1-176.4 or any regulation adopted thereunder, the zoning administrator shall provide a copy of such decision or determination to such adjacent property owner so affected.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than $1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than $1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than $1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than $2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to $2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to $5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to $7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions to incorporate generally accepted national environmental protection and product safety standards for the use of solar panels and battery technologies for solar photovoltaic (electric energy) projects, such as those developed for existing product certifications and standards including the National Sanitation Foundation/American National Standards Institute No. 457, International Electrotechnical Commission No. 61215-2, Institute of Electrical and Electronics Engineers Standard 1547, and Underwriters Laboratories No. 61730-2.

14. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

15. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

16. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the

zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

CHAPTER 303

An Act to amend and reenact §§ 22.1-3 and 22.1-3.4 of the Code of Virginia, relating to enrollment of and provision of free public education for certain students.

[H 777]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-3 and 22.1-3.4 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-3. Persons to whom public schools shall be free.

A. The public schools in each school division shall be free to each person of school age who resides within the school division. Every person of school age shall be deemed to reside in a school division:

1. When the person is living with a natural parent or a parent by legal adoption;

2. When, in accordance with the provisions of § 22.1-360, the person is living with a noncustodial parent or other person standing in loco parentis, not solely for school purposes, pursuant to a Special Power of Attorney executed under 10 U.S.C. § 1044b by the custodial parent;

3. When the parents of such person are dead and the person is living with a person in loco parentis who actually resides within the school division;

4. When the parents of such person are unable to care for the person and the person is living, not solely for school purposes, with another person who resides in the school division and is (i) the court-appointed guardian, or has legal custody, of the person; (ii) acting in loco parentis pursuant to placement of the person for adoption by a person or entity authorized to do so under § 63.2-1200; or (iii) an adult relative providing temporary kinship care as that term is defined in § 63.2-100. Local school divisions may require one or both parents and the relative providing kinship care to submit signed, notarized affidavits (a) explaining why the parents are unable to care for the person, (b) detailing the kinship care arrangement, and (c) agreeing that the kinship care provider or the parent will notify the school within 30 days of when the kinship care arrangement ends, as well as a power of attorney authorizing the adult relative to make educational decisions regarding the person. A school division may also require the parent or adult relative to obtain written verification from the local department of social services where the parent or parents live, or from both that department and the department of social services where the kinship provider lives, that the kinship arrangement serves a legitimate purpose that is in the best interest of the person other than school enrollment. With written consent from the parent or adult relative, for the purposes of expediting enrollment, a school division may obtain such written verification directly from the local department or departments of social services. The verification process shall be consistent with confidentiality provisions of Article 5 (§ 22.1-287 et seq.) of Chapter 14 of this title and Chapter 1 (§ 63.2-100 et seq.) of Title 63.2. If the kinship care arrangement lasts more than one year *or the person transitions to a new kinship care arrangement*, a school division may require continued verification directly from one or both departments of social services as to why the parents are unable to care for the person and that the kinship care arrangement serves a legitimate purpose other than school enrollment. *In the event that a person in a kinship care arrangement moves into a different school division during the school year as a result of (1) safely returning home, (2) being emancipated pursuant to § 16.1-333, or (3) transitioning to a new kinship care arrangement, the provisions of this subdivision shall continue to apply through the end of such school year.* A local school division may enroll a person living with a relative in a kinship care arrangement that has not been verified by a local department of social services;

5. When the person is living in the school division not solely for school purposes, as an emancipated minor;

6. When all or any portion of the building in which such person resides (i) with another person as set forth in subdivisions 1 through 4 or (ii) as an emancipated minor as set forth in subdivision 5 is taxable by the locality in which the school division is located; or

7. When the person living in the school division is a homeless child or youth, as set forth in this subdivision, who lacks a fixed, regular, and adequate nighttime residence. Such persons shall include (i) children and youths, including unaccompanied youths who are not in the physical custody of their parents, who (a) are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations or in emergency or transitional shelters; or are abandoned in hospitals; (b) have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; or (c) are living in parked cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and (ii) migratory children, as defined in the federal Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, who are deemed homeless as they are living in circumstances set forth in clause (i).

School divisions shall comply with the requirements of Subtitle VII-B of the federal McKinney-Vento Homeless Assistance Act, as amended (42 U.S.C. § 11431 et seq.), to ensure that homeless children and youths shall receive the educational services comparable to those offered to other public school students.

School divisions serving the students identified in this subdivision shall coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

B. In the interest of providing educational continuity to the children of military personnel, no child of a person on active military duty:

1. Who is attending a school free of charge in accordance with this section shall be charged tuition by that school division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parent to relocate to base housing. Such children shall be allowed to continue attending school in the school division they attended immediately prior to the relocation and shall not be charged tuition for attending such school;

2. Who is attending a school free of charge in accordance with this section shall be charged tuition by that school division upon such child's relocation pursuant to orders received by such child's parent to relocate to a new duty station or to

be deployed. Such children shall be allowed to remain enrolled in the current school division free of tuition through the end of the school year; and

3. Who is eligible to attend school free of charge in accordance with this section shall be charged tuition by a school division that will be the child's school division of residence once his service member parent is relocated pursuant to orders received. Such a child shall be allowed to enroll in the school division of the child's intended residence if documentation is provided, at the time of enrollment, of military orders of the service member parent or an official letter from the service member's command indicating such relocation. Documentation indicating a permanent address within the school division shall be provided to the school division within 120 days of a child's enrollment or tuition may be charged, including tuition for the days since the child's enrollment in school. In the event that the child's service member parent is ordered to relocate before the 120th day following the child's enrollment, the school division shall not charge tuition. Students eligible to enroll in a school division pursuant to this subdivision may register, remotely or in-person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division in which such student will reside at the same time and in the same manner as students who reside in the local school division. The assignment of the school such child will attend shall be determined by the local school division.

Such children as listed in subdivisions 1, 2, and 3 shall be counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school.

§ 22.1-3.4. Enrollment of certain children placed in foster care.

A. Whenever a student has been placed in foster care by a local social services agency and the placing social services agency is unable to produce any of the documents required for enrollment pursuant to § 22.1-3.1, 22.1-270, or 22.1-271.2, the student shall immediately be enrolled; however, the person enrolling the student shall provide a written statement that, to the best of his knowledge, sets forth (i) the student's age, (ii) compliance with the requirements of § 22.1-3.2, and (iii) that the student is in good health and is free from communicable or contagious disease.

B. The sending and receiving school divisions shall cooperate in facilitating the enrollment of any child placed in foster care across jurisdictional lines for the purpose of enhancing continuity of instruction. The child shall be allowed to continue to attend the school in which he was enrolled prior to the most recent foster care placement, upon the joint determination of the placing social services agency and the local school division that such attendance is in the best interest of the child.

C. In the event the student continues to attend the school in which he was enrolled prior to the most recent foster care placement, the receiving school division shall be accorded foster children education payments pursuant to § 22.1-101.1; further, the receiving school division may enter into financial arrangements with the sending school division pursuant to subsection C of § 22.1-5. Under no circumstances shall a child placed in foster care be charged tuition regardless of whether such child is attending the school in which he was enrolled prior to the most recent foster care placement or attending a school in the receiving school division.

D. For the purposes of subsections A, B, and C:

"A child or student placed in foster care" means a pupil who is the subject of a foster care placement through an entrustment or commitment of such child to the local social services board or licensed child-placing agency pursuant to clause (ii) of the definition of "foster care placement" as set forth in § 63.2-100.

For the purposes of this section:

"Receiving school division" means the school division in which the residence of the student's foster care placement is located.

"Sending school division" means the school division in which the student last attended school.

E. Notwithstanding the provisions of subsections A, B, and C or § 22.1-3 or 22.1-5, no person of school age who is the subject of a foster care placement, as such term is defined in § 63.2-100, shall be charged tuition.

F. The provisions of this section shall apply to any student who was in foster care upon reaching 18 years of age but who has not yet reached 22 years of age.

G. The provisions of this section, with the exception of the provision of subsection C that requires a receiving school division to be accorded foster children education payments pursuant to § 22.1-101.1, shall apply to a student who has transitioned out of foster care and (i) whose custody has been transferred to the student's parent or prior legal guardian or (ii) who has been emancipated pursuant to § 16.1-333.

[H 925]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1150, 46.2-1231, and 46.2-1232 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1150. Towing certain unlicensed or uninspected vehicles.

Nothing in this title shall prohibit towing an unlicensed motor vehicle or motor vehicle which has not been inspected pursuant to Article 21 (§ 46.2-1157 et seq.) or 22 (§ 46.2-1176 et seq.) of Chapter 10 of this title*, except for such a time period as required by the provisions of § 46.2-1231 or an ordinance created pursuant to the provisions of § 46.2-1232*.

Nothing in this title shall prohibit the towing of an unlicensed trailer or semitrailer used on a construction site as an office or for storage or a trailer or semitrailer which has been used on a construction site as an office or for storage, but which has not been inspected pursuant to Article 21 of Chapter 10 of this title, provided that any such unlicensed or uninspected trailer or semitrailer (i) is towed by a tow truck or other vehicle designed and equipped for the towing of inoperable or disabled vehicles; (ii) is operated only in intrastate commerce; (iii) has an actual gross weight, including contents, of no more than 15,000 pounds; (iv) is secured to the towing vehicle by means of safety chains; and (v) is equipped with rear-mounted bar lights which function as tail lights, brake lights, and turn signals as provided in Article 3 (§ 46.2-1010 et seq.) of Chapter 10 of this title. However, nothing in this section shall authorize the towing or drawing of an unlicensed or uninspected trailer or semitrailer by means of a tractor truck except for the purpose of having such trailer or semitrailer inspected as provided in § 46.2-1157.

§ 46.2-1231. Ticketing, removal, or immobilization of trespassing vehicles by owner or operator of parking or other lot or building; charges.

A. The owner, operator, or lessee of any parking lot, parking area, or parking space in a parking lot or area or any part of a parking lot or area, or of any other lot or building, including any county, city, or town, or authorized agent of the person having control of such premises may have any vehicle occupying the lot, area, space, or building without the permission of its owner, operator, lessee, or authorized agent of the one having the control of the premises, removed by towing or otherwise to a licensed garage for storage until called for by the owner or his agent if there are posted at all entrances to the parking lot or area signs clearly and conspicuously disclosing that such vehicle, if parked without permission, will be removed, towed, or immobilized. Such signs shall, at a minimum, include the nonemergency telephone number of the local law-enforcement agency or the telephone number of the responsible towing and recovery operator to contact for information related to the location of vehicles towed from that location. The requirements of this section relating to the posting of signs by an owner, operator, or lessee of any parking lot, parking area or space shall not apply to localities in which the local governing body has adopted an ordinance pursuant to § 46.2-1232.

B. Whenever a trespassing vehicle is removed or towed as permitted by this section, notice of this action shall forthwith be given by the tow truck operator to the State Police or the local law-enforcement agency of the jurisdiction from which the vehicle was towed. It shall be unlawful to fail to report such tow as required by this section and violation of the reporting requirement of this section shall constitute a traffic infraction punishable by a fine of not more than $100. Such failure to report shall limit the amount which may be charged for the storage and safekeeping of the towed vehicle to an amount no greater than that charged for one day of storage and safekeeping. If the vehicle is removed and stored, the vehicle owner may be charged and the vehicle may be held for a reasonable fee for the removal and storage.

C. All businesses engaged in towing vehicles without the consent of their owners shall prominently display (i) at their main place of business and (ii) at any other location where towed vehicles may be reclaimed a comprehensive list of all their fees for towing, recovery, and storage services, or the basis of such charges. This requirement to display a list of fees may also be satisfied by providing, when the towed vehicle is reclaimed, a written list of such fees, either as part of a receipt or separately, to the person who reclaims the vehicle. Charges in excess of those posted shall not be collectable from any motor vehicle owner whose vehicle is towed, recovered, or stored without his consent. At the time a vehicle owner or agent reclaims a towed vehicle, such towing and recovery operator, if located in Planning District 8, shall provide a written receipt that provides a telephone number or website available for customer complaints. A locality located wholly or partially in Planning District 8 may require additional information to be included on such receipt.

D. Notwithstanding the foregoing provisions of this section, if the owner or representative or agent of the owner of the trespassing vehicle is present and removes the trespassing vehicle from the premises before it is actually towed, the trespassing vehicle shall not be towed, but the owner or representative or agent of the owner of the trespassing vehicle shall be liable for a reasonable fee, not to exceed $25 or such other limit as the governing body of the county, city, or town may set by ordinance, in lieu of towing.

E. In lieu of having a trespassing vehicle removed by towing or otherwise, the owner, operator, lessee or authorized agent of the premises on which the trespassing vehicle is parked may cause the vehicle to be immobilized in a manner that prevents its removal or lawful operation, provided that any device used to immobilize the trespassing vehicle does not damage the vehicle or any part of the vehicle. The charge for the removal of any device used to immobilize a trespassing vehicle shall not exceed $25 or such other limit as the governing body of the county, city, or town may set by ordinance. In lieu of having the vehicle removed by towing or otherwise, or in lieu of causing the vehicle to be immobilized, the owner, operator, lessee or authorized agent of the premises on which the trespassing vehicle is parked may cause to have an authorized local government official or law-enforcement officer issue, on the premises, a notice of the violation of a parking ordinance or regulation created pursuant to § 46.2-1220 or 46.2-1221 to the registered owner of the vehicle.

F. This section shall not apply to police, fire, or public health vehicles or where a vehicle, because of a wreck or other emergency, is parked or left temporarily on the property of another. The governing body of every county, city, and town may by ordinance set limits on fees and charges provided for in this section.

G. For purposes of this subsection:

"Multifamily dwelling unit" means more than one single-family dwelling unit located in a building, including townhomes. "Multifamily dwelling unit" does not include any lot within a development created pursuant to the Property Owners' Association Act (§ 55.1-1800 et seq.), any unit within a condominium created pursuant to the Virginia Condominium Act (§ 55.1-1900 et seq.), any apartment within a horizontal property regime created pursuant to the Horizontal Property Act (§ 55.1-2000 et seq.), any unit within a cooperative created pursuant to the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.), any time-share unit within a project created pursuant to the Virginia Real Estate Time-Share Act (§ 55.1-2200 et seq.), or any lot within a subdivision created pursuant to the Subdivided Land Sales Act (§ 55.1-2300 et seq.).

"Resident's vehicle" means any vehicle that is (i) owned, leased, or used by a resident of a multifamily dwelling unit in which the parking lot is owned and maintained by the landlord; (ii) known to the landlord to be associated with such resident, by means of a permit, registry, or other document designated by the landlord for such identification purposes; and (iii) in compliance with any requirements set forth in such lease or other agreement regarding such vehicle.

"Towing operator" means any individual or company that has contracted with a landlord for the provision of parking enforcement.

Notwithstanding the foregoing provisions of this section, for a resident's vehicle parked in the parking lot of a multifamily dwelling unit, for which the parking lot is owned and maintained by the landlord, the towing operator for such parking lot, prior to the towing of such vehicle for an expired vehicle registration or expired vehicle inspection sticker, shall post written notice on the vehicle, which shall include the date of posting of such notice, that such vehicle will be towed due to an expired registration or expired vehicle inspection sticker after 48 hours from the date of the posting of such notice and that such vehicle will not be removed or towed until such period of time has passed. The towing operator shall, in addition to posting such notice on the vehicle, transmit a copy of such notice to the landlord with which he contracts for parking enforcement of the multifamily dwelling unit's parking lot. If a towing operator fails to post such notice on the vehicle, or does not wait the required period of time prior to removing or requesting the towing of such vehicle, he shall be required to reimburse the resident whose vehicle was towed the value of the charges imposed for the towing, storage, and safekeeping of the vehicle and he shall also be subject to a civil penalty not to exceed $100.

No towing operator shall remove such vehicle until the 48 hours have passed from the date of the posting of such notice.

§ 46.2-1232. Localities may regulate removal or immobilization of trespassing vehicles.

A. The governing body of any county, city, or town may by ordinance regulate the removal of trespassing vehicles from property by or at the direction of the owner, operator, lessee, or authorized agent in charge of the property. In the event that a vehicle is towed from one locality and stored in or released from a location in another locality, the local ordinance, if any, of the locality from which the vehicle was towed shall apply.

B. No local ordinance adopted under authority of this section shall require that any towing and recovery business also operate as or provide services as a vehicle repair facility or body shop, filling station, or any business other than a towing and recovery business.

C. Any such local ordinance may also require towing and recovery operators to (i) obtain and retain photographs or other documentary evidence substantiating the reason for the removal; (ii) post signs at their main place of business and at any other location where towed vehicles may be reclaimed conspicuously indicating (a) the maximum charges allowed by local ordinance, if any, for all their fees for towing, recovery, and storage services and (b) the name and business telephone number of the local official, if any, responsible for handling consumer complaints; (iii) obtain at the time the vehicle is towed, verbal approval of an agent designated in the local ordinance who is available at all times; and (iv) obtain, at the time the vehicle is towed, if such towing is performed during the normal business hours of the owner of the property from which the vehicle is being towed, the written authorization of the owner of the property from which the vehicle is towed, or his

agent. Such written authorization, if required, shall be in addition to any written contract between the towing and recovery operator and the owner of the property or his agent, except for vehicles being towed from a locality within Planning District 8 or Planning District 16, which shall not require written authorization if such written contract is in place. Any such written contract governing a property located within Planning District 8 or Planning District 16 shall clearly state the terms on which towing and recovery operators may monitor private lots on behalf of property owners. For the purposes of this subsection, "agent" shall not include any person who either (a) is related by blood or marriage to the towing and recovery operator or (b) has a financial interest in the towing and recovery operator's business.

D. Any such ordinance adopted by a locality within Planning District 8 may require towing companies that tow vehicles from the county, city, or town adopting the ordinance to other localities, provided that the stored or released location is within the Commonwealth of Virginia and within 10 miles of the point of origin of the actual towing, (i) to obtain from the locality from which such vehicles are towed a permit to do so and (ii) to submit to an inspection of such towing company's facilities to ensure that the company meets all the locality's requirements, regardless of whether such facilities are located within the locality or elsewhere. The locality may impose and collect reasonable fees for the issuance and administration of permits as provided for in this subsection. Such ordinance may also provide grounds for revocation, suspension, or modification of any permit issued under this subsection, subject to notice to the permittee of the revocation, suspension, or modification and an opportunity for the permittee to have a hearing before the governing body of the locality or its designated agent to challenge the revocation, suspension, or modification. Any tow truck driver who removes or tows a vehicle, pursuant to any such ordinance, that is occupied by an unattended companion animal as defined in § 3.2-6500 shall, upon such removal, immediately notify the animal control office of the locality in which the vehicle is being removed or towed. Nothing in this subsection shall be applicable to public safety towing.

E. For purposes of this subsection:

"Multifamily dwelling unit" means more than one single-family dwelling unit located in a building, including townhomes. "Multifamily dwelling unit" does not include any lot within a development created pursuant to the Property Owners' Association Act (§ 55.1-1800 et seq.), any unit within a condominium created pursuant to the Virginia Condominium Act (§ 55.1-1900 et seq.), any apartment within a horizontal property regime created pursuant to the Horizontal Property Act (§ 55.1-2000 et seq.), any unit within a cooperative created pursuant to the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.), any time-share unit within a project created pursuant to the Virginia Real Estate Time-Share Act (§ 55.1-2200 et seq.), or any lot within a subdivision created pursuant to the Subdivided Land Sales Act (§ 55.1-2300 et seq.).

"Resident's vehicle" means any vehicle that is (i) owned, leased, or used by a resident of a multifamily dwelling unit in which the parking lot is owned and maintained by the landlord; (ii) known to the landlord to be associated with such resident, by means of a permit, registry, or other document designated by the landlord for such identification purposes; and (iii) in compliance with any requirements set forth in such lease or other agreement regarding such vehicle.

"Towing operator" means any individual or company that has contracted with a landlord for the provision of parking enforcement.

Any such local ordinance shall include a provision that requires, for the towing of a resident's vehicle from a parking lot owned and maintained by the landlord of a multifamily dwelling unit, the towing operator for such parking lot, prior to the towing of such vehicle for an expired vehicle registration or expired vehicle inspection sticker, to post written notice on the vehicle, which shall include the date of posting of such notice, that such vehicle will be towed due to an expired registration or expired vehicle inspection sticker after 48 hours from the date of the posting of such notice and that such vehicle will not be removed or towed until such period of time has passed. The towing operator shall, in addition to posting such notice on the vehicle, transmit a copy of such notice to the landlord with which he contracts for parking enforcement of the multifamily dwelling unit's parking lot. If a towing operator fails to post such notice on the vehicle, or does not wait the required period of time prior to removing or requesting the towing of such vehicle, he shall be required to reimburse the resident whose vehicle was towed the value of the charges imposed for the towing, storage, and safekeeping of the vehicle and he shall also be subject to a civil penalty not to exceed $100.

No towing operator shall remove such vehicle until the 48 hours have passed from the date of the posting of such notice.

CHAPTER 309

An Act to amend and reenact §§ 24.2-106, 24.2-110, 24.2-112, 24.2-115, and 24.2-418 of the Code of Virginia, relating to voter registration; protected voter status; elections officials.

[H 943]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-106, 24.2-110, 24.2-112, 24.2-115, and 24.2-418 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-106. Appointment and terms; vacancies; chairman and secretary; certain prohibitions; training.

A. There shall be in each county and city an electoral board composed of three members who shall be qualified voters of such county or city. The members shall be appointed by the chief judge of the judicial circuit for the county or city or that judge's designee. Such designee shall be any other judge who sits in the judicial circuit. Any vacancy occurring on a board shall be filled by the same authority for the unexpired term.

In the event of the temporary absence, or disability that precludes the performance of duties, of one or more members that prevents attaining a quorum, the chief judge or his designee, for good cause, may appoint, on a meeting-to-meeting basis, a temporary member to the electoral board. The temporary appointee must be eligible for appointment and to the extent practicable maintain representation of political parties under this section.

The clerk of the circuit court shall send to the State Board a copy of each order making an appointment to an electoral board.

In the appointment of the electoral board, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. Two electoral board members shall be of the political party that cast the highest number of votes for Governor at that election. When the Governor was not elected as the candidate of a political party, representation shall be given to each of the political parties having the highest and next highest number of members of the General Assembly at the time of the appointment and two board members shall be of the political party having the highest number of members in the General Assembly.

The political party entitled to the appointment shall make and file recommendations with the judges for the appointment not later than December 15 of the year of an expiration of a term or, in the case of an appointment to fill a vacancy, within 30 days of the date of death or notice of resignation of the member being replaced. Its recommendations shall contain the names of at least three qualified voters of the county or city for each appointment. The chief judge, or his designee, shall promptly make such appointment from the recommendations (i) after receipt of the political party's recommendation or (ii) after December 15 for a full term or after the 30-day period expires for a vacancy appointment, whichever of the events described in clause (i) or (ii) first occurs.

The chief judge of the judicial circuit for the county or city, or his designee, shall not appoint to the electoral board (a) any person who is the spouse of an electoral board member or the general registrar for the county or city; (b) any person, or the spouse of any person, who is the parent, grandparent, sibling, child, or grandchild of an electoral board member or the general registrar of the county or city; or (c) any person who is ineligible to serve under the provisions of this section.

Electoral board members shall serve three-year terms and be appointed to staggered terms, one term to expire at midnight on the last day of December each year, unless the results of an election have not been certified by the board or a recount of an election has not concluded, in which case the term shall expire at midnight on the day the results are certified or the recount is concluded. No three-year term shall be shortened to comply with the political party representation requirements of this section.

B. The board shall elect one of its members as chairman and another as secretary. The chairman and the secretary shall represent different political parties, unless the representative of the second-ranked political party declines in writing to accept the unfilled office. At any time that the secretary is incapacitated in such a way that makes it impossible for the secretary to carry out the duties of the position, the board may designate one of its other members as acting secretary. Any such designation shall be made in an open meeting and recorded in the minutes of the board.

The secretary of the electoral board shall immediately notify the State Board of any change in the membership or officers of the electoral board and shall keep the Board informed of the name, residence and mailing addresses, and home and business telephone numbers of each electoral board member.

C. No member of an electoral board shall be eligible to offer for or hold an office to be filled in whole or in part by qualified voters of his jurisdiction. If a member resigns to offer for or hold such office, the vacancy shall be filled as provided in this section.

No member of an electoral board shall be the spouse, grandparent, parent, sibling, child, or grandchild, or the spouse of a grandparent, parent, sibling, child, or grandchild, of a candidate for or holder of an elective office filled in whole or in part by any voters within the jurisdiction of the electoral board.

No member of an electoral board shall serve as the chairman of a state, local or district level political party committee or as a paid worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the jurisdiction of the electoral board.

If an electoral board member ceases to be a qualified voter of the county or city for which he was appointed, his office shall be deemed vacant and the vacancy shall be filled as provided in this section.

D. Each member of the electoral board shall attend an annual training program provided by the State Board during the first year of his appointment and the first year of any subsequent reappointment.

E. Upon appointment pursuant to this section, an electoral board member shall be eligible for protected voter status under subsection B of § 24.2-418.

§ 24.2-110. Appointment, qualifications, and term of general registrar; vacancies; certain prohibitions.

A. Each electoral board shall meet in the month of May or June in 2007, and every four years thereafter, and shall appoint a general registrar, who shall be a qualified voter of the county or city for which he is appointed unless such county or city has a population of 50,000 or less. In the case of a city that is wholly contained within one county, the city electoral board may appoint a qualified voter of that county to serve as city general registrar. General registrars shall serve four-year

terms beginning July 1, 2007, and each fourth year thereafter, and continue in office until a successor is appointed and qualifies.

The electoral board shall fill any vacancy in the office of general registrar for the unexpired term. The electoral board shall declare vacant and fill the office of the general registrar if the appointee fails to qualify and deliver a copy of his oath to the secretary of the electoral board within 30 days after he has been notified of his appointment.

B. No general registrar shall hold any other office, by election or appointment, while serving as general registrar; however, with the consent of the electoral board, he may undertake other duties which do not conflict with his duties as general registrar. General registrars shall not serve as officers of election. The election or appointment of a general registrar to any other office shall vacate the office of the general registrar.

No general registrar shall be eligible to offer for or hold an office to be filled by election in whole or in part by the qualified voters of his jurisdiction at any election held during the time he serves as general registrar or for the six months thereafter.

The electoral board shall not appoint to the office of general registrar any person who is the spouse of an electoral board member or any person, or the spouse of any person, who is the parent, grandparent, sibling, child, or grandchild of an electoral board member.

C. No general registrar shall serve as the chairman of a political party or other officer of a state, local or district level political party committee. No general registrar shall serve as a paid or volunteer worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of his jurisdiction. The restrictions of this ~~paragraph~~ *subsection* shall apply to paid deputy registrars but shall not apply to unpaid deputy registrars.

D. Upon appointment pursuant to this section, a general registrar shall be eligible for protected voter status under subsection B of § 24.2-418.

§ 24.2-112. Deputy registrars; employees.

A. The electoral board of each county and city shall determine the number of deputy registrars to serve in the office of the general registrar, including any to serve full-time.

In Russell County, there shall be at least one full-time deputy registrar who shall serve in the office of the general registrar.

In any county or city whose population is over 15,500, there shall be at least one deputy registrar who shall serve at least one day each week in the office of the general registrar.

Any county or city whose population is 15,500 or less shall have at least one substitute registrar who is able to take over the duties of the general registrar in an emergency and who shall assist the general registrar when he requests.

B. The electoral board shall set the term for the deputy registrars; however, their terms shall not extend beyond the term set by law of the incumbent general registrar. The general registrar shall establish the duties of deputy registrars, appoint deputy registrars, and have authority to remove any deputy registrar who fails to discharge the duties of his office.

All deputy registrars shall have the same limitations and qualifications and fulfill the same requirements as the general registrar except that (i) a deputy registrar may be an officer of election and (ii) a deputy registrar shall be a qualified voter of the Commonwealth but is not required to be a qualified voter of the county or city in which he serves as deputy registrar. Candidates who are residents in the county or city for which they seek appointment may be given preference in hiring. Localities may mutually agree to share a deputy registrar among two or more localities. Deputy registrars who agree to serve without pay shall be supervised and trained by the general registrar.

All other employees shall be employed by the general registrar. The general registrar may hire additional temporary employees on a part-time basis as needed.

C. The compensation of any deputy registrar, other than those who agree to serve without pay, or any other employee of the general registrar shall be fixed and paid by the local governing body and shall be the equivalent of or exceed the minimum hourly wage established by federal law in 29 U.S.C. § 206 (a)(1), as amended.

D. The general registrar shall not appoint to the office of paid deputy registrar his spouse or any person, or the spouse of any person, who is his parent, grandparent, sibling, child, or grandchild.

E. Upon appointment or employment pursuant to this section, a deputy registrar or any employee of the office of the general registrar shall be eligible for protected voter status under subsection B of § 24.2-418.

§ 24.2-115. Appointment, qualifications, and terms of officers of election.

A. Each electoral board at its regular meeting in the first week of February of the year in which the terms of officers of election are scheduled to expire shall appoint officers of election. Their terms of office shall begin on March 1 following their appointment and continue, at the discretion of the electoral board, for a term not to exceed three years or until their successors are appointed. The general registrar shall prepare and submit to the electoral board a plan to ensure that adequate numbers of trained officers of election are available to serve in each election.

Not less than three competent citizens shall be appointed for each precinct. However, a precinct having more than 4,000 registered voters shall have not less than five officers of election serving for a presidential election, and the electoral board shall appoint additional officers as needed to satisfy this requirement. Insofar as practicable, each officer shall be a qualified voter of the precinct he is appointed to serve, but in any case a qualified voter of the Commonwealth. In appointing the officers of election, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. The representation of the two parties shall be equal at each precinct having an even number of officers and shall vary by no more than one at each

precinct having an odd number of officers. If practicable, officers shall be appointed from lists of nominations filed by the political parties entitled to appointments. The party shall file its nominations with the secretary of the electoral board at least 10 days before February 1 each year. The electoral board may appoint additional citizens who do not represent any political party to serve as officers. If practicable, no more than one-third of the total number of officers appointed for each precinct may be citizens who do not represent any political party.

B. Officers of election shall serve for all elections held in their respective precincts during their terms of office unless a substitute is required to be appointed pursuant to § 24.2-117 or the electoral board decides that fewer officers are needed for a particular election, in which case party representation shall be maintained as provided above. For a primary election involving only one political party, persons representing the political party holding the primary shall serve as the officers of election if possible.

C. The electoral board shall ensure that one officer is designated as the chief officer of election and one officer is designated as the assistant for each precinct. The officer designated as the assistant for a precinct, whenever practicable, shall not represent the same political party as the chief officer for the precinct. Notwithstanding any other provision of this section, where representatives for one or both of the two political parties having the largest number of votes for Governor in the last preceding gubernatorial election are unavailable, citizens who do not represent either of those two political parties may be designated as the chief officer and the assistant chief officer. In such case, the general registrar shall provide notice to representatives of both parties at least 10 days prior to the election that he intends to use nonaffiliated officers so that each party shall have the opportunity to provide additional nominations. The electoral board may also appoint at least one officer of election who reports to the precinct at least one hour prior to the closing of the precinct and whose primary responsibility is to assist with closing the precinct and reporting the results of the votes at the precinct.

The electoral board shall ensure that each chief officer and assistant is instructed in his duties not less than three nor more than 30 days before each election. Each officer of election may be instructed in his duties at an appropriate time or times before each November general election, and training of the officers of election shall be conducted as provided by § 24.2-115.2.

D. Notwithstanding the provisions of § 24.2-117, if an officer of election is unable to serve at any election during his term of office, the electoral board may at any time appoint a substitute who shall hold office and serve for the unexpired term.

Additional officers shall be appointed in accordance with this section at any time that the electoral board determines that they are needed or as required by law.

If practicable, substitute officers or additional officers appointed after the electoral board's regular meeting in the first week of February shall be appointed from lists of nominations filed by the political parties entitled to appointments. The electoral board or the general registrar shall inform the political parties of the decision of the electoral board to make such appointments and the party shall file its nominations with the secretary of the electoral board or the general registrar within five business days.

E. The secretary of the electoral board or general registrar shall prepare a list of the officers of election that shall be available for inspection and posted in the general registrar's office prior to March 1 each year. Whenever substitute or additional officers are appointed, the secretary of the electoral board or the general registrar shall promptly add the names of the appointees to the public list. Upon request and at a reasonable charge not to exceed the actual cost incurred, the secretary of the electoral board or the general registrar shall provide a copy of the list of the officers of election, including their party designation and precinct to which they are assigned, to any requesting political party or candidate.

F. Upon appointment pursuant to this section, an officer of election shall be eligible for protected voter status under subsection B of § 24.2-418.

§ 24.2-418. Application for registration.

A. Each applicant to register shall provide, subject to felony penalties for making false statements pursuant to § 24.2-1016, the information necessary to complete the application to register. Unless physically disabled, he shall sign the application. The application to register shall be only on a form or forms prescribed by the State Board.

The form of the application to register shall require the applicant to provide the following information: full name; gender; date of birth; social security number, if any; whether the applicant is presently a United States citizen; address of residence in the precinct; place of last previous registration to vote; and whether the applicant has ever been adjudicated incapacitated and disqualified to vote or convicted of a felony, and if so, whether the applicant's right to vote has been restored. Unless directed by the applicant or as permitted in § 24.2-411.2 or 24.2-411.3, the registration application shall not be pre-populated with information the applicant is required to provide.

The form of the application to register shall request that the applicant provide his telephone number and email address, but no application shall be denied for failure to provide such information.

B. The form shall permit any individual, as follows, or member of his household, to furnish, in addition to his residence street address, a post office box address located within the Commonwealth to be included in lieu of his street address on the lists of registered voters and persons who voted, which are furnished pursuant to §§ 24.2-405 and 24.2-406, on voter registration records made available for public inspection pursuant to § 24.2-444, or on lists of absentee voter applicants furnished pursuant to § 24.2-706 or 24.2-710. The voter shall comply with the provisions of § 24.2-424 for any change in the post office box address provided under this subsection.

1. Any active or retired law-enforcement officer, as defined in § 9.1-101 and in 5 U.S.C. § 8331(20), but excluding officers whose duties relate to detention as defined in 5 U.S.C. § 8331(20);

C. If the applicant formerly resided in another state, the general registrar shall send the information contained in the applicant's registration application to the appropriate voter registration official or other authority of another state where the applicant formerly resided, as prescribed in subdivision 15 of § 24.2-114.

2. That the Department of Elections shall provide the means by which a person previously registered who is later (i) to serve as a local electoral board member, a general or deputy registrar, or an officer of election or (ii) employed in an office of a general registrar may provide a post office box address to receive protected voter status.

For every public water system for which VDH has notified the Department pursuant to subsection A or the public water system has directly demonstrated to the Department that PFAS in finished water has been detected above any PFAS MCL using Method 533, Method 537.1, or other EPA-approved method for drinking water, the Department shall develop and implement a plan to prioritize and conduct PFAS assessments for identifying significant sources of PFAS in such public water system's raw water source or sources. Such prioritization plan shall be developed within six months of the initial notification by VDH pursuant to subsection A and updated annually thereafter.

C. In developing its prioritization for conducting PFAS assessments, the Department shall consider (i) data and other information available from VDH regarding public water supplies, including but not limited to applicable PFAS data; (ii) any data or other information submitted directly to the Department by public water systems on a voluntary basis; (iii) information from consultation with VDH and public water systems with finished water monitoring results above any PFAS MCL; and (iv) other data or information the Department considers useful for setting priorities, including studies published in the scientific literature.

[H 1134]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15:2 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15:2. Carrier contracts; required provisions regarding prior authorization.

A. As used in this section, unless the context requires a different meaning:

"Carrier" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Prior authorization" means the approval process used by a carrier before certain drug benefits may be provided.

"Provider contract" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Supplementation" means a request communicated by the carrier to the prescriber or his designee, for additional information, limited to items specifically requested on the applicable prior authorization request, necessary to approve or deny a prior authorization request.

B. Any provider contract between a carrier and a participating health care provider with prescriptive authority, or its contracting agent, shall contain specific provisions that:

1. Require the carrier to, in a method of its choosing, accept telephonic, facsimile, or electronic submission of prior authorization requests that are delivered from e-prescribing systems, electronic health record systems, and health information exchange platforms that utilize the National Council for Prescription Drug Programs' SCRIPT standards;

2. Require that the carrier communicate to the prescriber or his designee within 24 hours, including weekend hours, of submission of an urgent prior authorization request to the carrier, if submitted telephonically or in an alternate method directed by the carrier, that the request is approved, denied, or requires supplementation;

3. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a fully completed prior authorization request, that the request is approved, denied, or requires supplementation;

4. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a properly completed supplementation from the prescriber or his designee, that the request is approved or denied;

5. *Require that if a prior authorization request is approved for prescription drugs and such prescription drugs have been scheduled, provided, or delivered to the patient consistent with the authorization, the carrier shall not revoke, limit, condition, modify, or restrict that authorization unless (i) there is evidence that the authorization was obtained based on fraud or misrepresentation; (ii) final actions by the U.S. Food and Drug Administration, other regulatory agencies, or the manufacturer remove the drug from the market, limit its use in a manner that affects the authorization, or communicate a patient safety issue that would affect the authorization alone or in combination with other authorizations; (iii) a combination of drugs prescribed would cause a drug interaction; or (iv) a generic or biosimilar is added to the prescription drug formulary. Nothing in this section shall require a carrier to cover any benefit not otherwise covered or cover a prescription drug if the enrollee is no longer covered by a health plan on the date the prescription drug was scheduled, provided, or delivered;*

6. Require that if the prior authorization request is denied, the carrier shall communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within the timeframes established by subdivision 3 or 4, as applicable, the reasons for the denial;

~~6.~~ *7.* Require that prior authorization approved by another carrier be honored, upon the carrier's receipt from the prescriber or his designee of a record demonstrating the previous carrier's prior authorization approval or any written or electronic evidence of the previous carrier's coverage of such drug, at least for the initial ~~30~~ *90* days of a member's prescription drug benefit coverage under a new health plan, subject to the provisions of the new carrier's evidence of coverage *and any exception listed in subdivision 5*;

~~7.~~ *8.* Require that a tracking system be used by the carrier for all prior authorization requests and that the identification information be provided electronically, telephonically, or by facsimile to the prescriber or his designee, upon the carrier's response to the prior authorization request;

~~8.~~ *9.* Require that the carrier's prescription drug formularies, all drug benefits subject to prior authorization by the carrier, all of the carrier's prior authorization procedures, and all prior authorization request forms accepted by the carrier be made available through one central location on the carrier's website and that such information be updated by the carrier within seven days of approved changes;

~~9.~~ *10.* Require a carrier to honor a prior authorization issued by the carrier for a drug, other than an opioid, regardless of changes in dosages of such drug, provided such drug is prescribed consistent with U.S. Food and Drug Administration-labeled dosages;

~~10.~~ *11.* Require a carrier to honor a prior authorization issued by the carrier for a drug regardless of whether the covered person changes plans with the same carrier and the drug is a covered benefit with the current health plan;

~~11.~~ *12.* Require a carrier, when requiring a prescriber to provide supplemental information that is in the covered individual's health record or electronic health record, to identify the specific information required;

~~12.~~ *13.* Require that no prior authorization be required for at least one drug prescribed for substance abuse medication-assisted treatment, provided that (i) the drug is a covered benefit, (ii) the prescription does not exceed the FDA-labeled dosages, and (iii) the drug is prescribed consistent with the regulations of the Board of Medicine;

~~13.~~ *14.* Require that when any carrier has previously approved prior authorization for any drug prescribed for the treatment of a mental disorder listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, no additional prior authorization shall be required by the carrier, provided that (i) the drug is a covered benefit; (ii) the prescription does not exceed the FDA-labeled dosages; (iii) the prescription has been continuously issued for no fewer than three months; and (iv) the prescriber performs an annual review of the patient to evaluate the drug's continued efficacy, changes in the patient's health status, and potential contraindications. Nothing in this subdivision shall prohibit a carrier from requiring prior authorization for any drug that is not listed on its prescription drug formulary at the time the initial prescription for the drug is issued;

~~14.~~ *15.* Require a carrier to honor a prior authorization issued by the carrier for a drug regardless of whether the drug is removed from the carrier's prescription drug formulary after the initial prescription for that drug is issued, provided that the drug and prescription are consistent with the applicable provisions of subdivision ~~13~~ *14*;

~~15.~~ *16.* Require a carrier, beginning July 1, 2025, notwithstanding the provisions of subdivision 1 or any other provision of this section, to establish and maintain an online process that (i) links directly to all e-prescribing systems and electronic health record systems that utilize the National Council for Prescription Drug Programs SCRIPT standard and the National Council for Prescription Drug Programs Real Time Benefit Standard; (ii) can accept electronic prior authorization requests from a provider; (iii) can approve electronic prior authorization requests (a) for which no additional information is needed by the carrier to process the prior authorization request, (b) for which no clinical review is required, and (c) that

[H 1203]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:04 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:04. Tax credit for participating landlords.

A. As used in this section, unless the context clearly shows otherwise, the term or phrase:

"Dwelling unit" means an individual housing unit in an apartment building, an individual housing unit in multifamily residential housing, a single-family residence, or any similar individual housing unit.

"Eligible census tract" means a census tract in Virginia in which less than 10 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.

"Eligible non-metropolitan census tract" means a census tract in Virginia that (i) is not in the Richmond Metropolitan Statistical Area, the Washington–Arlington–Alexandria Metropolitan Statistical Area, or the Virginia Beach–Norfolk–Newport News Metropolitan Area and (ii) in which less than 40 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.

"Housing authority" means a housing authority created under Article 1 (§ 36-1 et seq.) of Chapter 1 of Title 36 or other government agency that is authorized by the United States government under the United States Housing Act of 1937 (42 U.S.C. § 1437 et seq.) to administer a housing choice voucher program, or the authorized agent of such a housing authority that is authorized to act upon that authority's behalf. The term shall also include the Virginia Housing Development Authority.

"Housing choice voucher" means tenant-based assistance by a housing authority pursuant to 42 U.S.C. § 1437f et seq.

"Participating landlord" means any person engaged in the business of the rental of dwelling units who is (i) subject to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.) and (ii) performing obligations under a contract with a housing authority relating to the rental of qualified housing units.

"Qualified housing unit" means a dwelling unit that is located in *either* an eligible census tract *or, for purposes of subdivision B 2, an eligible non-metropolitan census tract* for which a portion of the rent is paid by a housing authority, which payment is pursuant to a housing choice voucher program.

B. *1.* For taxable years beginning on or after January 1, 2010, but before January 1, ~~2025~~ *2026*, a participating landlord renting a qualified housing unit *in an eligible census tract* shall be eligible for a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to 10 percent of the fair market value of the rent for the unit, computed for that portion of the taxable year in which the unit was rented by such landlord to a tenant participating in a housing choice voucher program. The Department of Housing and Community Development shall administer and issue the tax credit under this section. If (i) the same parcel of real property contains four or more dwelling units and (ii) the total number of qualified housing units on the parcel in the relevant taxable year exceeds 25 percent of the total dwelling units on the parcel, then the tax credit under this section shall apply only to a limited number of qualified housing units with regard to such parcel of real property, with the limited number being equal to 25 percent of the total dwelling units on such parcel of real property in the taxable year.

2. For taxable years beginning on or after January 1, 2024, but before January 1, 2026, a participating landlord renting a qualified housing unit in an eligible non-metropolitan census tract shall be eligible for a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to 10 percent of the fair market value of the rent for the unit, computed for that portion of the taxable year in which the unit was rented by such landlord to a tenant participating in a housing choice voucher program. The Department of Housing and Community Development shall administer and issue the tax credit under this section. If (i) the same parcel of real property contains four or more dwelling units and (ii) the total number of qualified housing units on the parcel in the relevant taxable year exceeds 25 percent of the total dwelling units on the parcel, then the tax credit under this section shall apply only to a limited number of qualified housing units with regard to such parcel of real property, with the limited number being equal to 25 percent of the total dwelling units on such parcel of real property in the taxable year.

C. The Department of Housing and Community Development shall issue tax credits under this section on a fiscal year basis. ~~The~~ *For fiscal years beginning before July 1, 2024, the* maximum amount of tax credits that may be issued under this section in each fiscal year shall be $250,000. *For fiscal years beginning on and after July 1, 2024, (i) the maximum amount of tax credits that may be issued under subdivision B 1 in each fiscal year shall be $400,000 and (ii) the maximum amount of tax credits that may be issued under subdivision B 2 in each fiscal year shall be $100,000.*

D. Participating landlords shall apply to the Department of Housing and Community Development for tax credits under this section. The Department of Housing and Community Development shall determine the credit amount allowable to the participating landlord for the taxable year and shall also determine the fair market value of the rent for the qualified housing unit based on the fair market rent approved by the United States Department of Housing and Urban Development as the basis for the tenant-based assistance provided through the housing choice voucher program for the qualified housing unit. In issuing tax credits under this section, the Department of Housing and Community Development shall provide a written certification to the participating landlord, which certification shall report the amount of the tax credit approved by the Department. The participating landlord shall attach the certification to the applicable income tax return.

E. The Board of Housing and Community Development shall establish and issue guidelines for purposes of implementing the provisions of this section. The guidelines shall provide for the allocation of tax credits among participating landlords requesting credits. The guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

F. In no case shall the amount of credit taken by a participating landlord for any taxable year exceed the total amount of tax imposed by this chapter for the taxable year. If the amount of credit issued by the Department of Housing and Community Development for a taxable year exceeds the landlord's tax liability imposed by this chapter for such taxable

year, then the amount that exceeds the tax liability may be carried over for credit against the income taxes of the participating landlord in the next five taxable years or until the total amount of the tax credit issued has been taken, whichever is sooner. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

G. ~~In~~ *1. For fiscal years beginning before July 1, 2024, in* the event that the amount of the qualified requests for tax credits for participating landlords in the fiscal year exceeds $250,000, the Department of Housing and Community Development shall ~~pro rate~~ *prorate* the tax credits among the qualified applicants.

"Condominium" means real property, and any incidents to or interests in such real property, lawfully subject to this chapter by the recordation of condominium instruments pursuant to the provisions of this chapter. No project shall be deemed a condominium within the meaning of this chapter unless the undivided interests in the common elements are vested in the unit owners.

"Condominium instruments" means, collectively, the declaration, bylaws, and plats and plans recorded pursuant to the provisions of this chapter. Any exhibit, schedule, or certification recorded with a condominium instrument shall be deemed an integral part of that condominium instrument. "Condominium unit" means a unit together with the undivided interest in the common elements appertaining to that unit.

"Contractable condominium" means a condominium from which one or more portions of the submitted land may be withdrawn in accordance with the provisions of the declaration and of this chapter. "Convertible land" means a portion of the common elements within which additional units or limited common elements may be created in accordance with the provisions of this chapter.

"Convertible space" means a portion of a structure within the condominium that a declarant may convert into one or more units or common elements, including limited common elements, in accordance with the provisions of the declaration and this chapter.

However, for the purposes of clauses (i) and (iii), "declarant" does not include an institutional lender that acquires title by foreclosure or deed in lieu of foreclosure unless such lender offers to dispose of its interest in a condominium unit not previously disposed of to anyone not in the business of selling real estate for his own account, except as otherwise provided in § 55.1-1947. "Land" is a three-dimensional concept and includes parcels with upper or lower boundaries, or both upper and lower boundaries, as well as parcels extending ab solo usque ad coelum. Parcels of airspace constitute land within the meaning of this chapter. Any requirement in this chapter of a legally sufficient description shall be deemed to include a requirement that the upper or lower boundaries, if any, of the parcel in question be identified with reference to established datum.

"Leasehold condominium" means a condominium in all or any portion of which each unit owner owns an estate for years in his unit, or in the land within which that unit is situated, or both, with all such leasehold interests due to expire naturally at the same time. A condominium including leased land, or an interest in such land, within which no units are situated or to be situated is not a leasehold condominium within the meaning of this chapter.

"Limited common element" means a portion of the common elements reserved for the exclusive use of those entitled to the use of one or more, but less than all, of the units.

"Reserve study" means a capital budget planning tool used to determine the physical status and estimated repair or replacement cost of capital components and an analysis of association funding capacity to maintain, repair, and replace capital components.

"Settlement agent" means the same as that term is defined in § 55.1-1000.

"Size" means the number of cubic feet, or the number of square feet of ground or floor space, within each unit as computed by reference to the plat and plans and rounded to the nearest whole number. Certain spaces within the units, including attic, basement, or garage space, may be omitted from such calculation or partially discounted by the use of a ratio, so long as the same basis of calculation is employed for all units in the condominium and so long as that basis is described in the declaration.

"Special declarant rights" means any right reserved for the benefit of a declarant, or of a person or group of persons that becomes a declarant, to (i) expand an expandable condominium; (ii) contract a contractable condominium; (iii) convert convertible land or convertible space or both; (iv) appoint or remove any officers of the unit owners' association or the executive board pursuant to subsection A of § 55.1-1943; (v) exercise any power or responsibility otherwise assigned by any condominium instrument or by this chapter to the unit owners' association, any officer, or the executive board; or (vi) maintain sales offices, management offices, model units, and signs pursuant to § 55.1-1929.

"Unit" means a portion of the condominium designed and intended for individual ownership and use. For the purposes of this chapter, a convertible space shall be treated as a unit in accordance with subsection D of § 55.1-1925.

"Unit owner" means one or more persons that own a condominium unit or, in the case of a leasehold condominium, whose leasehold interest in the condominium extends for the entire balance of the unexpired term. "Unit owner" includes any purchaser of a condominium unit at a foreclosure sale, regardless of whether the deed is recorded in the land records where the unit is located. "Unit owner" does not include any person holding an interest in a condominium unit solely as security for a debt.

§ 55.1-1964. Liability for common expenses; late fees; additional assessment; authority to borrow.

A. Except to the extent that the condominium instruments provide otherwise, any common expenses associated with the maintenance, repair, renovation, restoration, or replacement of any limited common element shall be specially assessed against the condominium unit to which that limited common element was assigned at the time such expenses were made or incurred. If the limited common element involved was assigned at that time to more than one condominium unit, however, such expenses shall be specially assessed against each such condominium unit equally so that the total of such special assessments equals the total of such expenses, except to the extent that the condominium instruments provide otherwise.

B. To the extent that the condominium instruments expressly so provide, any other common expenses benefiting less than all of the condominium units, or caused by the conduct of less than all those entitled to occupy the same or by their licensees or invitees, shall be specially assessed against any condominium unit involved, in accordance with such reasonable provisions as the condominium instruments may make for such cases. The executive board may impose reasonable user fees.

C. To the extent that the condominium instruments expressly so provide, (i) any common expenses paid or incurred in making available the same off-site amenities or paid subscription television service to some or all of the unit owners shall be assessed equally against the condominium units involved and (ii) any common expenses paid or incurred in providing metered utility services to some or all of the units shall be assessed against each condominium unit involved based on its actual consumption of such services.

D. The amount of all common expenses not specially assessed pursuant to subsection A, B, or C shall be assessed against the condominium units in proportion to the number of votes in the unit owners' association appertaining to each such unit, or, if such votes were allocated as provided in subsection B of § 55.1-1953, those common expense assessments shall be either in proportion to those votes or in proportion to the units' respective undivided interests in the common elements, whichever basis the condominium instruments specify. Such assessments shall be made by the unit owners' association annually, or more often if the condominium instruments so provide. No change in the number of votes in the unit owners' association appertaining to any condominium unit shall enlarge, diminish, or otherwise affect any liabilities arising from assessments made prior to such change.

E. ~~Except to the extent otherwise provided~~ *In addition to all other assessments authorized* in the condominium instruments, if the executive board determines that the assessments levied by the unit owners' association are insufficient to cover the common expenses of the unit owners' association, the executive board may levy an additional assessment against all of the units in proportion to their respective undivided interests in the common elements. The executive board shall give written notice to the unit owners stating the amount of, the reasons for, and the due date for payment of any additional assessment. If the additional assessment is to be paid in a lump sum, payment shall be due and payable no earlier than 90 days after delivery or mailing of the notice.

~~All unit owners shall be obligated to pay the additional assessment unless the unit owners by a majority of votes cast, in person or by proxy, at a meeting of the unit owners' association convened in accordance with the provisions of the condominium instruments within 60 days of the delivery or mailing of the notice required by this subsection, rescind or reduce the additional assessment. No director or officer of the unit owners' association shall be liable for failure to perform his fiduciary duty if an additional assessment for the funds necessary for the director or officer to perform his fiduciary duty is rescinded by the unit owners' association in accordance with this subsection. The unit owners' association shall indemnify such director or officer against any damage resulting from any claimed breach of fiduciary duty due to the assessment for the necessary funds rescinded by the unit owners' association in accordance with this subsection.~~

F. Neither a unit owned by the declarant nor any other unit may be exempted from assessments made pursuant to this section by reason of the identity of the unit owner.

G. All condominium instruments for condominiums created prior to January 1, 1981, are hereby validated notwithstanding noncompliance with the first sentence of subsection D if they provide instead that the amount of all common expenses not specially assessed pursuant to subsection A, B, or C shall be assessed against the condominium units in proportion to their respective undivided interests in the common elements.

H. Except to the extent that the condominium instruments or the association's rules or regulations provide otherwise, an executive board may impose a late fee, not to exceed the penalty provided for in § 58.1-3915, for any assessment or installment that is not paid within 60 days of the due date for payment of such assessment or installment.

I. Unless the condominium instruments provide greater or lesser authority, the executive board may borrow money on behalf of the unit owners' association for maintenance, replacement, repair, and restoration of capital components and for funding recommended reserves and shall have the right and power to assign and pledge all revenues to be received by the unit owners' association, including annual assessments to secure the repayment of any sums borrowed by the unit owners' association for such purposes. Any unit owner who pays any creditor of the association a percentage of the total amount due to such creditor equal to such unit owner's common element interest in the condominium shall be entitled to obtain from such creditor a release of any judgment or lien that such creditor otherwise has the right to file against such unit owner's condominium unit or the unit owners' association. Such creditor shall not be entitled to assess the unit for payment of the remaining amount due such creditor.

§ 55.1-1965. Annual budget; reserve study; reserves for capital components.

A. Except to the extent provided in the condominium instruments, the executive board shall, prior to the commencement of the fiscal year, make available to unit owners either (i) the annual budget of the unit owners' association or (ii) a summary of such annual budget.

B. Except to the extent otherwise provided in the condominium instruments, the executive board shall:

1. Conduct a study at least once every five years to determine the necessity and amount of reserves required to repair, replace, and restore the capital components as defined in § 55.1-1900;

2. Review the results of that study at least annually to determine if reserves are sufficient; and

3. Make any adjustments *to the annual budget and annual assessment* the executive board deems necessary to maintain reserves, as appropriate.

C. To the extent that the reserve study conducted in accordance with this section indicates a need to budget for reserves, the unit owners' association budget shall include:

1. The current estimated replacement cost, estimated remaining life, and estimated useful life of the capital components as defined in § 55.1-1900;

2. As of the beginning of the fiscal year for which the budget is prepared, the current amount of accumulated cash reserves set aside to repair, replace, or restore the capital components and the amount of the expected contribution to the reserve fund for that fiscal year;

3. A statement describing the procedures used for estimation and accumulation of cash reserves pursuant to this section; and

4. A statement of the amount of reserves recommended in the study and the amount of current cash for replacement reserves.

D. The executive board shall have the discretion to meet repair and replacement requirements through replacement reserves, additional assessments, or borrowed funds.

CHAPTER 325

An Act to amend and reenact § 19.2-70.3 of the Code of Virginia, relating to cell phone records; missing persons.

[H 1217]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2, 3, and 4, includes a foreign corporation that provides such services, shall disclose a record or other

information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;

2. A search warrant issued by a magistrate, general district court, or circuit court;

3. A court order issued by a circuit court for such disclosure issued as provided in subsection B; or

4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, *any* missing senior adult as defined in § 52-34.4, ~~or~~ an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement*, or any critically missing adult as defined in § 15.2-1718.2*. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D or E, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;

2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;

3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted;

4. To locate a child who is reasonably believed to have been abducted or to be missing and endangered; or

5. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by

a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian reports certifying that they are true and complete copies of reports or records and that they are prepared in the regular course of business. When so authenticated, no other evidence of authenticity shall be necessary. The written reports and records, excluding the contents of electronic communications, shall be considered business records for purposes of the business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. An investigative or law-enforcement officer shall not use any device to obtain electronic communications or collect real-time location data from an electronic device without first obtaining a search warrant authorizing the use of the device if, in order to obtain the contents of such electronic communications or such real-time location data from the provider of electronic communication service or remote computing service, such officer would be required to obtain a search warrant pursuant to this section. However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 5, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.

L. Upon issuance of any subpoena, search warrant, or order for disclosure issued under this section, upon written certification by the attorney for the Commonwealth that there is a reason to believe that the victim is under the age of 18 and that notification or disclosure of the existence of the subpoena, search warrant, or order will endanger the life or physical safety of an individual, or lead to flight from prosecution, the destruction of or tampering with evidence, the intimidation of potential witnesses, or otherwise seriously jeopardize an investigation, the court may in an ex parte proceeding order a provider of electronic communication service or remote computing service not to disclose for a period of 90 days the existence of the subpoena, search warrant, or order and written application or statement of facts to another person, other than an attorney to obtain legal advice. The nondisclosure order may be renewed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order for disclosure pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

B. In any case when possession of any house, land or tenement is unlawfully detained by the person in possession thereof, the landlord, his agent, attorney, or other person, entitled to the possession may present to a magistrate or a clerk or judge of a general district court a statement under oath of the facts which authorize the removal of the tenant or other person in possession, describing such premises; and thereupon such magistrate, clerk or judge shall issue his summons against the person or persons named in such affidavit. The process issued upon any such summons issued by a magistrate, clerk or judge may be served as provided in § 8.01-293, 8.01-296, or 8.01-299. When issued by a magistrate it may be returned to and the case heard and determined by the judge of a general district court. If the summons for unlawful detainer is filed to terminate a tenancy pursuant to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.), the initial hearing on such summons shall occur as soon as practicable, but not more than 21 days from the date of filing. If the case cannot be heard within 21 days from the date of filing, the initial hearing shall be held as soon as practicable, but in no event later than 30 days after the date of the filing. If the plaintiff requests that the initial hearing be set on a date later than 21 days from the date of filing, the initial hearing shall be set on a date the plaintiff is available that is also available for the court. Such summons shall be served at least 10 days before the return day thereof. *If a summons for unlawful detainer is filed by an owner of a residential single family dwelling unit in the Commonwealth and the court finds based upon the evidence that (i) no rental agreement exists or has ever existed between the owner and the occupant; (ii) the occupant occupies such dwelling unit without permission of such owner; and (iii) the owner has given such occupant a written notice to vacate such dwelling unit at least 72 hours prior to the date of filing, an emergency hearing on such summons shall occur as soon as practicable, but not more than 14 days from the date of filing. C. Any summons issued pursuant to the provisions of this section shall contain a notice to the tenant that, pursuant to the provisions of § 18.2-465.1, it is unlawful for his employer to discharge him from employment or take any adverse personnel action against him as a result of his absence from employment due to appearing at any initial or subsequent hearing on such summons, provided that he has given reasonable notice of such hearing to his employer.

D. Notwithstanding any other rule of court or provision of law to the contrary, the plaintiff in an unlawful detainer case may submit into evidence a photocopy of a properly executed paper document or paper printout of an electronically stored document including a copy of the original lease or other documents, provided that the plaintiff provides an affidavit or sworn testimony that the copy of such document is a true and accurate copy of the original lease. An attorney or agent of the landlord or managing agent may present such affidavit into evidence.

E. 1. Notwithstanding any other rule of court or provision of law to the contrary, when the defendant does not make an appearance in court, the plaintiff or the plaintiff's attorney or agent may submit into evidence by an affidavit or sworn testimony a statement of the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of the date of the hearing. The plaintiff or the plaintiff's attorney or agent shall advise the court of any payments by the defendant that result in a variance reducing the amount due the plaintiff as of the day of the hearing.

If the unlawful detainer summons served upon the defendant requests judgment for all amounts due as of the date of the hearing, the court shall permit amendment of the amount requested on the summons for unlawful detainer filed in court in accordance with the evidence and in accordance with the amounts contracted for in the rental agreement and shall enter a judgment for such amount due as of the date of the hearing in addition to entering an order of possession for the premises. Notwithstanding any rule of court or provision of law to the contrary, no order of possession shall be entered unless the plaintiff or plaintiff's attorney or agent has presented a copy of a proper termination notice that the court admits into evidence.

b. Notwithstanding any rule of court or provision of law to the contrary, a plaintiff may amend the amount alleged to be due and owing in an unlawful detainer to request all amounts due and owing as of the date of the hearing. If additional amounts become due and owing prior to the final disposition of a pending unlawful detainer, the plaintiff may also amend the amount alleged to be due and owing to include such additional amounts. If the plaintiff requests to amend the amount alleged to be due and owing in an unlawful detainer, the judge shall grant such amendment. Upon amendment of the unlawful detainer, such plaintiff shall not subsequently file an additional summons for unlawful detainer against the defendant for such additional amounts if such additional amounts could have been included in such amendment. If another

unlawful detainer is filed, the court shall dismiss the subsequent unlawful detainer. Nothing herein shall be construed to preclude a plaintiff from filing an unlawful detainer for a non-rent violation during the pendency of an unlawful detainer for nonpayment of rent.

3. In determining the amount due the plaintiff as of the date of the hearing, if the rental agreement or lease provides that rent is due and payable on the first of the month in advance for the entire month, at the request of the plaintiff or the plaintiff's attorney or agent, the amount due as of the date of the hearing shall include the rent due for the entire month in which the hearing is held, and rent shall not be prorated as of the actual court date. Otherwise, the rent shall be prorated as of the date of the hearing. However, nothing herein shall be construed to permit a landlord to collect rent in excess of the amount stated in such rental agreement or lease. If a money judgment has been granted for the amount due for the month of the hearing pursuant to this section and the landlord re-rents such dwelling unit and receives rent from a new tenant prior to the end of such month, the landlord is required to reflect the applicable portion of the judgment as satisfied pursuant to § 16.1-94.01.

4. If, on the date of a foreclosure sale of a single-family residential dwelling unit, the former owner remains in possession of such dwelling unit, such former owner becomes a tenant at sufferance. Such tenancy may be terminated by a written termination notice from the successor owner given to such tenant at least three days prior to the effective date of termination. Upon the expiration of the three-day period, the successor owner may file an unlawful detainer under this section. Such tenant shall be responsible for payment of fair market rental from the date of such foreclosure until the date the tenant vacates the dwelling unit, as well as damages, and for payment of reasonable attorney fees and court costs.

CHAPTER 341

An Act to amend and reenact § 8.01-324 of the Code of Virginia, relating to legal notices and publications; online-only news publications; requirements.

[S 157]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-324 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-324. Newspapers that may be used for legal notices and publications.

A. As used in this section and throughout the Code, the terms "newspaper of record" and "newspaper of general circulation" are interchangeable and identical in meaning.

B. Whenever any ordinance, resolution, notice, or advertisement is required by law, regulation, or judicial order to be published in a newspaper, newspaper of record, or newspaper of general circulation, such newspaper, newspaper of record, or newspaper of general circulation, in addition to any qualifications otherwise required by law, shall:

1. Have a bona fide list of paying subscribers;

2. Have been published and circulated in printed form at least once a week for at least 50 of the preceding 52 weeks;

3. Provide general news coverage of the area in which the notice is required to be published;

4. Be printed in the English language; and

5. Have a periodicals mailing permit issued by the United States Postal Service (USPS). If the newspaper has such a mailing permit, it must publish the USPS Statement of Ownership (Form 3526) in such newspaper at least once per calendar year and maintain a copy of such form that is available for public inspection during regular business hours.

C. However, a newspaper that does not have a periodicals mailing permit issued by the USPS pursuant to subdivision B 5 may petition the circuit court for the jurisdiction in which ordinances, resolutions, notices, or advertisements are required to be published to be certified as a newspaper of record for that jurisdiction. Prior to filing the petition, the newspaper shall publish a notice of intention to file a petition pursuant to this subsection in another newspaper of record in the jurisdiction in which the petition will be filed. If no such newspaper exists, such notice of intent may be published in a newspaper in a neighboring jurisdiction. The court shall grant the authority for a period of one year upon finding that the newspaper (i) meets the requirements of subdivisions B 2, 3, and 4; (ii) employs a local news staff, reports local current events and governmental meetings, has an editorial page, accepts letters to the editor, and is, in general, a news forum for the jurisdiction in which authority is sought; and (iii) has an audit of printed circulation for a time period ending no more than 24 months prior to the filing of such petition certified by an independent auditing firm or a business recognized in the newspaper industry as a circulation auditor. Such audit shall provide a breakdown of such newspaper's circulation by zip code or jurisdiction. The authority shall be continued for successive one-year periods upon the filing of a copy of such newspaper's most recent audit of circulation, completed within the prior ~~24~~ *36* months, and an affidavit certifying that the newspaper continues to meet the requirements of this subsection.

D. If a county with a population of less than 15,000 had regularly advertised its ordinances, resolutions, and notices in a newspaper published in the county that had a general circulation in the county, a bona fide list of paying subscribers, and a periodicals permit, and the newspaper continued to be published in the county and continued to have a general circulation in the county but failed to maintain its bona fide list of paying subscribers and its periodicals permit, any advertisement of ordinances, resolutions, or notices in the newspaper by the county shall be deemed to have been in compliance with this section.

E. If a locality determines that no newspaper meets the requirements of subsection B or C with regard to its jurisdiction, such locality may petition the circuit court for its jurisdiction for authority to have such ordinances, resolutions, notices, or advertisements published in another printed medium. Such petition shall not be filed without a majority vote of approval by such locality's local governing body. The court shall grant such authority for good cause shown. Such authority shall be granted for one year and may be continued for successive one-year periods for good cause shown.

F. Any newspaper authorized by this section to publish ordinances, resolutions, notices, or advertisements shall (i) print such ordinances, resolutions, notices, or advertisements together under an identifying heading and such heading shall be in boldface letters no smaller than 24-point type and (ii) maintain at least three years' worth of print archives of such newspaper containing any such ordinance, resolution, notice, or advertisement and make such archives available to the public for inspection upon request.

G. In all cases in which an ordinance, resolution, notice, or advertisement is required to be published in a newspaper of general circulation, the newspaper shall (i) post the complete notice on the newspaper's website, if a website is published by such newspaper, where it shall be posted contemporaneously with the notice's first print publication and shall remain on the website for at least as long as the notice appears in such newspaper; (ii) include on its website homepage a link to its public notice section; and (iii) post the complete notice on a searchable, statewide repository website, established and maintained as a joint venture of the majority of Virginia newspapers as a repository for such notices, where it shall remain on such repository website for at least as long as it appears in the newspaper. Any notice published on a website pursuant to this section shall be accessible to the public at no charge.

H. An error in a notice placed on a newspaper website or statewide website, or temporary website outages or service interruptions prohibiting the posting or display of such notice, shall be considered harmless error, and proper legal notice requirements shall be considered met if the notice published in the newspaper otherwise complies with the requirements for publication.

I. Whenever any ordinance, resolution, notice, or advertisement is required by law to be published in a newspaper, such ordinance, resolution, notice, or advertisement may be published in an online-only news publication in lieu of publication in a newspaper. Such online-only news publication shall:

1. Employ local news staff;

2. Have been in business for at least two years with a Virginia State Corporation Commission entity registration;

3. Have its own dedicated and registered domain name;

4. Be published exclusively online;

5. Publish regularly updated general news coverage of the area in which the notice is required to be published;

6. Have published at least once per week for at least 50 out of the preceding 52 weeks;

7. Have a clear and easily found link to the public notice section on its website homepage;

8. Allow, if such online-only news publication requires that users pay for other content on the website, any user to access public notices free of any charge;

9. Allow for search engine accessibility and optimization and the ability to be indexed by search engines; and

10. Post the complete notice on a searchable statewide repository website, established and maintained as a joint venture of the majority of newspapers in the Commonwealth as a repository for such notices. Such notices shall remain on such repository website for at least three years.

J. In order to be certified to publish ordinances, resolutions, notices, or advertisements, an online-only news publication shall petition the circuit court for the jurisdiction in which ordinances, resolutions, notices, or advertisements are required to be published. Prior to filing the petition, such online-only news publication shall publish a notice of intent to file a petition pursuant to this subsection in a newspaper of record in the jurisdiction in which the petition will be filed. If no such newspaper exists, such notice of intent shall be published in a newspaper in a neighboring jurisdiction.

Upon a finding that the online-only news publication (i) meets the requirements of subdivisions 1 through 9 of subsection I; (ii) reports local current events and governmental meetings and is, in general, a news forum for the jurisdiction in which authority is sought; and (iii) has an audit of discrete users for a time period ending no more than 12 months prior to the filing of such petition certified by an independent firm recognized in the online news industry as a web traffic auditor, and provided that such audit provides a breakdown of the discrete users of such online-only news publications by zip code or jurisdiction, the court shall grant the online-only news publication the authority to publish such ordinances, resolutions, notices, or advertisements for a period of one year.

The authority to publish public notices shall be continued for successive one-year periods upon filing with the court a copy of web analytics showing discrete users by zip code or jurisdiction for the immediately preceding year and an affidavit certifying that such online-only news publication continues to meet the requirements of this subsection and subsection I. In addition, such online-only news publication shall provide every third year an audit of web traffic for the time period since the previous audit. Such audit shall be certified by an independent firm recognized in the online news industry as a web traffic auditor.

K. Ordinances, resolutions, notices, or advertisements published pursuant to subsections I and J shall be (i) archived for up to three years, which may include posting pursuant to subdivision 10 of subsection I; (ii) available on the online-only news publication's website in a searchable format available to the public; and (iii) available as an electronic equivalent of a tear sheet for affidavit purposes, including being notarized when required by law, and shall be time stamped and dated to show when such ordinance, resolution, notice, or advertisement was published.

[S 177]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Department of Human Resource Management (the Department) shall amend its policies to authorize the Department of Behavioral Health and Developmental Services and state psychiatric hospitals to have the option to designate as full-time employees nursing staff and psychiatric technicians who work at least 36 hours per week in order to allow state hospitals to utilize 12-hour shifts for such staff. The Department's policies shall not require reductions in pay or other benefits for such employees based solely on the fact that the employee works 36 hours per week. The Department shall also examine whether this change in policy should be extended to comparable direct care positions at other executive branch agencies to help improve recruitment and retention of critical nursing and other direct care positions experiencing high turnover or vacancy rates.*

B. For every public water system for which VDH has notified the Department pursuant to subsection A or the public water system has directly demonstrated to the Department that PFAS in finished water has been detected above any PFAS MCL using Method 533, Method 537.1, or other EPA-approved method for drinking water, the Department shall develop

and implement a plan to prioritize and conduct PFAS assessments for identifying significant sources of PFAS in such public water system's raw water source or sources. Such prioritization plan shall be developed within six months of the initial notification by VDH pursuant to subsection A and updated annually thereafter.

C. In developing its prioritization for conducting PFAS assessments, the Department shall consider (i) data and other information available from VDH regarding public water supplies, including but not limited to applicable PFAS data; (ii) any data or other information submitted directly to the Department by public water systems on a voluntary basis; (iii) information from consultation with VDH and public water systems with finished water monitoring results above any PFAS MCL; and (iv) other data or information the Department considers useful for setting priorities, including studies published in the scientific literature.

E. In its reports of PFAS assessments, the Department shall identify potential regulatory and nonregulatory options for addressing each significant source of PFAS. The goal of such assessments shall be to protect public health by reducing significant sources of PFAS in raw water sources of public water systems and to ensure, to the maximum extent practicable, that the costs of public water systems are minimized.

§ 62.1-44.34:31. Self-reporting of PFAS manufacture and use for PFAS assessment.

A. For purposes of a PFAS assessment following notification to the Department pursuant to subsection B of § 62.1-44.34:30, the Department shall require any facility, if deemed by the Department to be a potential source of PFAS in the public water system's raw water source, that discharges to a surface water under a VPDES permit or that discharges to a publicly owned treatment works under an industrial pretreatment program permit to report to the Department, within 90 days after being directed by the Department, its manufacture or use of PFAS as provided in this section on a form provided by the Department. Such report shall include the chemical name and the Chemical Abstracts Service (CAS) number, if known or reasonably ascertainable, the amount manufactured or used in the preceding 12 months, and any additional information reasonably required by the Department to ascertain sources and quantities of PFAS manufactured or used.

B. For every facility that reports the use or manufacture of one or more PFAS in accordance with subsection A and that discharges to a publicly owned treatment works, the Department shall forward the information provided by the facility to such publicly owned treatment works within 30 days of receipt. Such reporting requirement shall not change the duty or discharge permits of a publicly owned treatment works.

C. Any such claim must be asserted at the time of submission in the manner prescribed on the reporting form or instructions. If no claim is made at the time of submission, the Department may make the information available to the public without further notice. If a claim is asserted, the information will be treated in accordance with the procedures in § 62.1-44.21.

D. For purposes of this section, use of PFAS (i) means intentional use of PFAS or PFAS-containing substances as a product ingredient or as a production process aid or additive, such as wetting agents, fume suppressants, photoresists, etchants, cleaners, coatings, surfactants, or flame retardants, and (ii) does not mean use of manufacturing equipment that contains PFAS.

§ 62.1-44.34:32. Monitoring of PFAS sources for PFAS assessments.

A. For the purpose of PFAS assessments required pursuant to § 62.1-44.34:30, the Department shall require, after three months' advance notice, the owner or operator of any of the following facilities, if deemed by the Department to be a potentially significant source of PFAS in the public water system's raw water source, to perform and promptly report the results as received of representative quarterly discharge monitoring for an initial characterization period of one year, provided, however, that the Department may discontinue remaining quarterly monitoring by a facility with proper monitoring results that are below the method detection level for the first two quarters:

1. Any facility subject to self-reporting pursuant to § 62.1-44.34:31;

2. Any facility manufacturing PFAS, any electroplating or metal finishing facility using PFAS, any semiconductor or circuit board facility using PFAS, any paper or packaging manufacturing facility using PFAS, and any textile mills, tanneries, or leather, fabric, or carpet treaters using PFAS;

2. That this act shall not be construed as limiting the authority of the Department of Environmental Quality, the Virginia Department of Health, or the owner or operator of any publicly owned treatment works to which any user discharges wastewater to require monitoring or reporting or otherwise regulate the discharge of any PFAS chemicals or other pollutants under other applicable legal authority.

3. That for public water systems for which the Department of Environmental Quality has received notice on or before September 1, 2024, of PFAS detected above the threshold established in subsection B of § 62.1-44.34:30 of the Code of Virginia, as created by this act, the Department shall issue notice to applicable facilities by December 1, 2024, of required self-reporting under § 62.1-44.34:31 of the Code of Virginia, as created by this act, and required monitoring under § 62.1-44.34:32 of the Code of Virginia, as created by this act.

CHAPTER 346

An Act to amend and reenact §§ 15.2-2259 and 15.2-2260 of the Code of Virginia, relating to local planning commission; action on proposed plats, site plans, and development plans; residential use.

[S 296]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 15.2-2259 and 15.2-2260 of the Code of Virginia are amended and reenacted as follows:

§ 15.2-2259. Local planning commission to act on proposed plat.

A. 1. Except as otherwise provided in subdivisions 2 and 3, the local planning commission or other agent shall act on any proposed plat within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The Commission or agent shall thoroughly review the plat and shall make a good faith effort to identify all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat to the appropriate state agency or agencies for review within 10 business days of receipt of such plat. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat itself. The reasons for disapproval shall identify deficiencies in the plat that cause the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify modifications or corrections as will permit approval of the plat. The local planning commission or other agent shall act on any proposed plat that it has previously disapproved within 45 days after the plat has been modified, corrected and resubmitted for approval.

2. The approval of plats, site plans, and plans of development solely involving parcels of commercial *or residential* real estate by a local planning commission or other agent shall be governed by subdivision 3 and subsections B, C, and D. For the purposes of this section, the term "commercial" means all real property used for commercial or industrial uses*, and the term "residential" means all real property used for single-family or multifamily use*.

3. The local planning commission or other agent shall act on any proposed plat, site plan or plan of development within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The local planning commission or other agent shall not delay the official submission of any proposed plat, site plan, or plan of development by requiring presubmission conferences, meetings, or reviews. The Commission or agent shall thoroughly review the plat or plan and shall in good faith identify, to the greatest extent practicable, all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat or plan by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat or plan to the appropriate state agency or agencies for review within 10 business days of receipt of such plat or plan. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat or plan itself. The reasons for disapproval shall identify deficiencies in the plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify, to the greatest extent practicable, modifications or corrections that will permit approval of the plat or plan.

In the review of a resubmitted proposed plat, site plan or plan of development that has been previously disapproved, the local planning commission or other agent shall consider only deficiencies it had identified in its review of the initial submission of the plat or plan that have not been corrected in such resubmission and any deficiencies that arise as a result of the corrections made to address deficiencies identified in the initial submission. In the review of the resubmission of a plat or plan, the local planning commission or other agent shall identify all deficiencies with the proposed plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations or policies and shall identify modifications or corrections that will permit approval of the plat or plan. Upon the second resubmission of such disapproved plat or plan, the local planning commission or other agent's review shall be limited solely to the previously identified deficiencies that caused its disapproval.

The local planning commission or other agent shall act on any proposed plat, site plan or plan of development that it has previously disapproved within 45 days after the plat or plan has been modified, corrected and resubmitted for approval. The failure of a local planning commission or other agent to approve or disapprove a resubmitted plat or plan within the time periods required by this section shall cause the plat or plan to be deemed approved.

Notwithstanding the approval or deemed approval of any proposed plat, site plan or plan of development, any deficiency in any proposed plat or plan, that if left uncorrected, would violate local, state or federal law, regulations, mandatory Department of Transportation engineering and safety requirements, and other mandatory engineering and safety requirements, shall not be considered, treated or deemed as having been approved by the local planning commission or other agent. Should any resubmission include a material revision of infrastructure or physical improvements from the earlier submission or if a material revision in the resubmission creates a new required review by the Virginia Department of Transportation or by a state agency or public authority authorized by state law, then the local planning commission or other agent's review shall not be limited to only the previously identified deficiencies identified in the prior submittals and may consider deficiencies initially appearing in the resubmission because of such material revision.

B. Any state agency or public authority authorized by state law making a review of a plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and

authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A, with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies and other agencies, the local agent shall act upon a plat within 35 days.

C. If the commission or other agent fails to approve or disapprove the plat within 60 days after it has been officially submitted for approval, or within 45 days after it has been officially resubmitted after a previous disapproval or within 35 days of receipt of any agency response pursuant to subsection B, the subdivider, after 10-days' written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located, to decide whether the plat should or should not be approved. The court shall give the petition priority on the civil docket, hear the matter expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and make and enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

D. If a commission or other agent disapproves a plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

§ 15.2-2260. Localities may provide for submission of preliminary subdivision plats; how long valid.

A. Nothing in this article shall be deemed to prohibit the local governing body from providing in its ordinance for the mandatory submission of preliminary subdivision plats for tentative approval for plats involving more than 50 lots, provided that any such ordinance provides for the submission of a preliminary subdivision plat for tentative approval at the option of the landowner for plats involving 50 or fewer lots. The local planning commission, or an agent designated by the commission or by the governing body to review preliminary subdivision plats shall complete action on the preliminary subdivision plats within 60 days of submission. However, if approval of a feature or features of the preliminary subdivision plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the preliminary subdivision plat to the appropriate state agency or agencies for review within 10 business days of receipt of such preliminary subdivision plat.

B. Any state agency or public authority authorized by state law making a review of a preliminary subdivision plat forwarded to it under this section, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the preliminary subdivision plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time period set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A of § 15.2-2259 with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies, the local agent shall act upon a preliminary subdivision plat within 35 days.

C. If a commission has the responsibility of review of preliminary subdivision plats and conducts a public hearing, it shall act on the plat within 45 days after receiving approval from all state agencies. If the local agent or commission does not approve the preliminary subdivision plat, the local agent or commission shall set forth in writing the reasons for such denial and shall state what corrections or modifications will permit approval by such agent or commission. With regard to plats involving commercial *or residential* property, as ~~that term is~~ *those terms are* defined in subdivision A 2 of § 15.2-2259, the review process for such plats shall be the same as provided in subdivisions A 2 and A 3 of § 15.2-2259. However, no commission or agent shall be required to approve a preliminary subdivision plat in less than 60 days from the date of its original submission to the commission or agent, and all actions on preliminary subdivision plats shall be completed by the agent or commission and, if necessary, state agencies, within a total of 90 days of submission to the local agent or commission.

D. If the commission or other agent fails to approve or disapprove the preliminary subdivision plat within 90 days after it has been officially submitted for approval, the subdivider after 10 days' written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located to enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

E. If a commission or other agent disapproves a preliminary subdivision plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

F. Once a preliminary subdivision plat is approved, it shall be valid for a period of five years, provided the subdivider (i) submits a final subdivision plat for all or a portion of the property within one year of such approval or such longer period as may be prescribed by local ordinance, and (ii) thereafter diligently pursues approval of the final subdivision plat. "Diligent pursuit of approval" means that the subdivider has incurred extensive obligations or substantial expenses relating to the submitted final subdivision plat or modifications thereto. However, no sooner than three years following such

preliminary subdivision plat approval, and upon 90 days' written notice by certified mail to the subdivider, the commission or other agent may revoke such approval upon a specific finding of facts that the subdivider has not diligently pursued approval of the final subdivision plat.

G. Once an approved final subdivision plat for all or a portion of the property is recorded pursuant to § 15.2-2261, the underlying preliminary plat shall remain valid for a period of five years from the date of the latest recorded plat of subdivision for the property. The five year period of validity shall extend from the date of the last recorded plat.

§ 55.1-1815. Access to association records; association meetings; notice.

A. The association shall keep detailed records of receipts and expenditures affecting the operation and administration of the association. All financial books and records shall be kept in accordance with generally accepted accounting practices. *The association shall maintain individual assessment account records. The association shall maintain a record of any recorded lien at least as long as the lien remains effective.*

B. Subject to the provisions of subsection C and so long as the request is for a proper purpose related to his membership in the association, all books and records kept by or on behalf of the association shall be available for examination and copying by a member in good standing or his authorized agent, including:

1. The association's membership list and addresses, which shall not be used for purposes of pecuniary gain or commercial solicitation; and

2. The actual salary of the six highest compensated employees of the association earning over $75,000 and aggregate salary information of all other employees of the association; however, individual salary information shall not be available for examination and copying during the declarant control period.

Notwithstanding any provision of law to the contrary, this right of examination shall exist without reference to the duration of membership and may be exercised (i) only during reasonable business hours or at a mutually convenient time

and location and (ii) upon five business days' written notice for an association managed by a common interest community manager and 10 business days' written notice for a self-managed association, which notice reasonably identifies the purpose for the request and the specific books and records of the association requested.

C. Books and records kept by or on behalf of an association may be withheld from inspection and copying to the extent that they concern:

1. Personnel matters relating to specific, identified persons or a person's medical records;

2. Contracts, leases, and other commercial transactions to purchase or provide goods or services, currently in or under negotiation;

3. Pending or probable litigation. For purposes of this subdivision, "probable litigation" means those instances where there has been a specific threat of litigation from a person or the legal counsel of such person;

4. Matters involving state or local administrative or other formal proceedings before a government tribunal for enforcement of the association documents or rules and regulations promulgated pursuant to § 55.1-1819;

5. Communications with legal counsel that relate to subdivisions 1 through 4 or that are protected by the attorney-client privilege or the attorney work product doctrine;

6. Disclosure of information in violation of law;

7. Meeting minutes or other confidential records of an executive session of the board of directors held in accordance with subsection C of § 55.1-1816;

8. Documentation, correspondence, or management or board reports compiled for or on behalf of the association or the board by its agents or committees for consideration by the board in executive session; or

9. Individual lot owner or member files, other than those of the requesting lot owner, including any individual lot owner's or member's files kept by or on behalf of the association.

D. Books and records kept by or on behalf of an association shall be withheld from inspection and copying in their entirety only to the extent that an exclusion from disclosure under subsection C applies to the entire content of such books and records. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records to a member in good standing under this section, the association may impose and collect a charge, reflecting the reasonable costs of materials and labor, not to exceed the actual costs of such materials and labor. Charges may be imposed only in accordance with a cost schedule adopted by the board of directors in accordance with this subsection. The cost schedule shall (i) specify the charges for materials and labor, (ii) apply equally to all members in good standing, and (iii) be provided to such requesting member at the time the request is made.

F. Notwithstanding the provisions of subsections B and C, all books and records of the association, including individual salary information for all employees and payments to independent contractors, shall be available for examination and copying upon request by a member of the board of directors in the discharge of his duties as a director.

G. Meetings of the association shall be held in accordance with the provisions of the bylaws at least once each year after the formation of the association. The bylaws shall specify an officer or his agent who shall, at least 14 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each member notice of the time, place, and purposes of such meeting. In the event of cancellation of any annual meeting of the association at which directors are elected, the seven-day notice of any subsequent meeting scheduled to elect such directors shall include a statement that the meeting is scheduled for the purpose of the election of directors.

Notice shall be sent by United States mail to all members at the address of their respective lots unless the member has provided to such officer or his agent an address other than the address of the member's lot. In lieu of sending such notice by United States mail, notice may instead be (i) hand delivered by the officer or his agent, provided that the officer or his agent certifies in writing that notice was delivered to the member, or (ii) sent to the member by electronic mail, provided that the member has elected to receive such notice by electronic mail and, in the event that such electronic mail is returned as undeliverable, notice is subsequently sent by United States mail. Except as provided in subdivision C 7, draft minutes of the board of directors shall be open for inspection and copying (a) within 60 days from the conclusion of the meeting to which such minutes appertain or (b) when such minutes are distributed to board members as part of an agenda package for the next meeting of the board of directors, whichever occurs first.

H. Unless expressly prohibited by the governing documents, a member may vote at a meeting of the association in person, by proxy, or by absentee ballot. Such voting may take place by electronic means, provided that the board of directors has adopted guidelines for such voting by electronic means. Members voting by absentee ballot or proxy shall be deemed to be present at the meeting for all purposes.

§ 55.1-1833. Lien for assessments; foreclosure.

A. The association shall have a lien, once perfected, on every lot for unpaid assessments levied against that lot in accordance with the provisions of this chapter and all lawful provisions of the declaration. The lien, once perfected, shall be prior to all other subsequent liens and encumbrances except (i) real estate tax liens on that lot, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on and owing under any mortgage or deed of trust recorded prior to the perfection of such lien. The provisions of this subsection shall not affect the priority of mechanics' and

materialmen's liens. Notice of a memorandum of lien to a holder of a credit line deed of trust under § 55.1-318 shall be given in the same fashion as if the association's lien were a judgment.

B. The association, in order to perfect the lien given by this section, shall file, before the expiration of 12 months from the time the first such assessment became due and payable in the clerk's office of the circuit court in the county or city in which such development is situated, a memorandum, verified by the oath of the principal officer of the association or such other officer or officers as the declaration may specify, which contains the following:

1. The name of the development;

2. A description of the lot;

3. The name or names of the persons constituting the owners of that lot;

4. The amount of unpaid assessments currently due or past due relative to such lot together with the date when each fell due;

5. The date of issuance of the memorandum;

6. The name of the association and the name and current address of the person to contact to arrange for payment or release of the lien; and

7. A statement that the association is obtaining a lien in accordance with the provisions of the Property Owners' Association Act as set forth in Chapter 18 (§ 55.1-1800 et seq.) of Title 55.1.

It shall be the duty of the clerk in whose office such memorandum is filed as provided in this section to record and index the same as provided in subsection D, in the names of the persons identified in such memorandum as well as in the name of the association. The cost of recording and releasing the memorandum shall be taxed against the person found liable in any judgment or order enforcing such lien.

C. Prior to filing a memorandum of lien, a written notice shall be sent to the property owner by certified mail, at the property owner's last known address, informing the property owner that a memorandum of lien will be filed in the circuit court clerk's office of the applicable county or city. The notice shall be sent at least 10 days before the actual filing date of the memorandum of lien.

D. Notwithstanding any other provision of this section or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1989, all memoranda of liens arising under this section shall be recorded in the deed books in the clerk's office. Any memorandum shall be indexed in the general index to deeds, and the general index shall identify the lien as a lien for lot assessments.

E. *Any lien perfected pursuant to subsection B may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the lot is located or by nonjudicial foreclosure pursuant to subsections I and J.* No ~~action to enforce~~ *foreclosure of* any lien perfected under ~~subsection B~~ *this section* shall be ~~brought or action to foreclose any lien perfected under subsection I shall be~~ initiated after ~~36~~ *120* months from the time when the memorandum of lien was recorded~~; however, the~~. *The* filing of ~~a petition~~ *a civil action* to enforce any such lien ~~in any action in which the petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure under subdivision J 1* shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

F. The judgment or order in an action brought pursuant to this section shall include reimbursement for costs and reasonable attorney fees of the prevailing party. If the association prevails, it may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

G. When payment or satisfaction is made of a debt secured by ~~the~~ *any* lien perfected ~~by~~ *pursuant to* subsection B, ~~the~~ *such* lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of § 55.1-339, the principal officer of the association, or any other officer or officers as the declaration may specify, shall be deemed the duly authorized agent of the lien creditor.

H. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1828.

I. ~~At any time after perfecting the lien pursuant to this section, the property owners' association may sell the lot at public sale, subject to prior liens~~ *The association may conduct a judicial or nonjudicial foreclosure sale upon a lot against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs*. For purposes of this section, the association shall have the power both to sell and convey the lot and shall be deemed the lot owner's statutory agent for the purpose of transferring title to the lot.

J. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The association shall give notice to the lot owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the lot owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the lot. The notice shall further inform the lot owner of the right to bring a court action in the circuit court of the county or city where the lot is located to assert the nonexistence of a debt or any other defense of the lot owner to the sale.

2. After expiration of the 60-day notice period specified in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in

which such development is situated. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same as provided in subsection D, in the names of the persons identified in such appointment as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the lot owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the lot owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the lot. Those conditions are that the lot owner (i) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pay all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by hand delivery or by mail to (i) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder who holds a note against the property secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to lienholders and their assigns, at the addresses noted in the memorandum of lien, by United States mail, postage prepaid, no less than 14 days prior to such sale, shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city in which the property to be sold, or any portion of such property, is located pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the property or some portion of such property is located in a city or in a county immediately contiguous to a city, publication of the advertisement on five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth a description of the property to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the property by street address, if any, or, if none, shall give the general location of the property with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the association may further advertise as the association finds appropriate.

6. In the event of postponement of sale, which postponement shall be at the discretion of the association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court.

8. The association shall have the following powers and duties upon a sale:

a. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the declaration, the association may bid to purchase the lot at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the lot. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision ~~I~~ *J* 10 and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require any bidder at any sale to post a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the property is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or, if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The ~~property owners'~~ association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the owner or his assigns, provided, however, that, as to the payment of such residue, the association shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the lot with special warranty of title. The trustee shall not be required to take possession of the property prior to the sale of such property or to deliver possession of the lot to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309, and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1815 upon the written request of the prior lot owner, the current lot owner, or any holder of a recorded lien against the lot at the time of the sale. The association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a lot is made pursuant to subsection I and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

§ 55.1-1945. Books, minutes, and records; inspection.

A. The declarant, managing agent, unit owners' association, or person specified in the bylaws of the association shall keep detailed records of the receipts and expenditures affecting the operation and administration of the condominium and specifying the maintenance and repair expenses of the common elements and any other expenses incurred by or on behalf of the association. Subject to the provisions of subsections B, C, and E, upon request, any unit owner shall be provided a copy of such records and minutes. All financial books and records shall be kept in accordance with generally accepted accounting practices. *The unit owners' association shall maintain individual assessment account records. The unit owners' association shall maintain a record of any recorded lien at least as long as the lien remains effective.*

B. Subject to the provisions of subsection C, all books and records kept by or on behalf of the unit owners' association, including the unit owners' association membership list, and addresses and aggregate salary information of unit owners' association employees, shall be available for examination and copying by a unit owner in good standing or his authorized agent so long as the request is for a proper purpose related to his membership in the unit owners' association and not for pecuniary gain or commercial solicitation. Notwithstanding any provision of law to the contrary, this right of examination shall exist without reference to the duration of membership and may be exercised (i) only during reasonable business hours or at a mutually convenient time and location and (ii) upon five business days' written notice for a unit owner association managed by a common interest community manager and 10 business days' written notice for a self-managed unit owners' association, which notice shall reasonably identify the purpose for the request and the specific books and records of the unit owners' association requested.

C. Books and records kept by or on behalf of a unit owners' association may be withheld from examination or copying by unit owners and contract purchasers to the extent that they are drafts not yet incorporated into the books and records of the unit owners' association or if such books and records concern:

1. Personnel matters relating to specific, identified persons or a person's medical records;

2. Contracts, leases, and other commercial transactions to purchase or provide goods or services, currently in or under negotiation;

3. Pending or probable litigation. For purposes of this subdivision, "probable litigation" means those instances where there has been a specific threat of litigation from a person or the legal counsel of such person;

4. Matters involving state or local administrative or other formal proceedings before a government tribunal for enforcement of the condominium instruments or rules and regulations promulgated by the executive board;

5. Communications with legal counsel that relate to subdivisions 1 through 4 or that are protected by the attorney-client privilege or the attorney work product doctrine;

6. Disclosure of information in violation of law;

7. Meeting minutes or other confidential records of an executive session of the executive board held pursuant to subsection C of § 55.1-1949;

8. Documentation, correspondence or management or executive board reports compiled for or on behalf of the unit owners' association or the executive board by its agents or committees for consideration by the executive board in executive session; or

9. Individual unit owner or member files, other than those of the requesting unit owner, including any individual unit owner's files kept by or on behalf of the unit owners' association.

D. Books and records kept by or on behalf of a unit owners' association shall be withheld from examination and copying in their entirety only to the extent that an exclusion from disclosure under subsection C applies to the entire content of such books and records. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records, the unit owners' association may impose and collect a charge, not to exceed the reasonable costs of materials and labor, incurred to provide such copies. Charges may be imposed only in accordance with a cost schedule adopted by the executive board in accordance with this subsection. The cost schedule shall

(i) specify the charges for materials and labor, (ii) apply equally to all unit owners in good standing, and (iii) be provided to such requesting unit owner at the time the request is made.

§ 55.1-1966. Lien for assessments; foreclosure.

A. The unit owners' association shall have a lien on each condominium unit for unpaid assessments levied against that condominium unit in accordance with the provisions of this chapter and all lawful provisions of the condominium instruments. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on that condominium unit, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of such lien for assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

B. Notwithstanding any other provision of this section, or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1974, all memoranda of liens arising under this section shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any such memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for condominium assessments.

C. In order to perfect the lien given by this section, the unit owners' association shall file a memorandum verified by the oath of the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, before the expiration of 90 days from the time the first such assessment became due and payable. The memorandum shall be filed in the clerk's office of the circuit court in the county or city in which such condominium is situated. The memorandum shall contain the following:

1. A description of the condominium unit in accordance with the provisions of § 55.1-1909.
2. The name or names of the persons constituting the unit owners of that condominium unit.
3. The amount of unpaid assessments currently due or past due together with the date when each fell due.
4. The date of issuance of the memorandum.

The clerk in whose office such memorandum is filed shall record and index the memorandum as provided in subsection B, in the names of the persons identified in such memorandum as well as in the name of the unit owners' association. The cost of recording such memorandum shall be taxed against the person found liable in any judgment enforcing such lien.

D. *Any lien perfected pursuant to this section may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the condominium is or a nonjudicial foreclosure pursuant to subsections I and J.* No ~~action to enforce~~ *foreclosure of* any lien perfected under ~~subsection C~~ *this section* shall ~~be brought or action to foreclose any lien perfected under subsection I shall~~ be initiated after ~~36~~ *120* months from the time when the memorandum of lien was recorded~~; however, the~~. *The* filing of a ~~petition~~ *civil action* to enforce any such lien ~~in any action in which such petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure under subdivision J 1* shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

E. The judgment in an action brought pursuant to this section shall include reimbursement for costs and attorney fees of the prevailing party. If the *unit owners'* association prevails, ~~it~~ *such unit owners' association* may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

F. When payment or satisfaction is made of a debt secured by the lien perfected ~~by~~ *pursuant to* subsection C, such lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of that section, the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, shall be deemed the duly authorized agent of the lien creditor.

G. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1915.

H. Any unit owner or purchaser of a condominium unit, having executed a contract for the disposition of such condominium unit, shall be entitled upon request to a recordable statement setting forth the amount of unpaid assessments currently levied against that unit. Such request shall be in writing, directed to the principal officer of the unit owners' association or to such other officer as the condominium instruments may specify. Failure to furnish or make available such a statement within 10 days of the receipt of such request shall extinguish the lien created by subsection A as to the condominium unit involved. Such statement shall be binding on the unit owners' association, the executive board, and every unit owner. Payment of a fee not exceeding $10 may be required as a prerequisite to the issuance of such a statement if the condominium instruments so provide.

I. ~~At any time after perfecting the lien pursuant to this section, the unit owners' association may sell the unit at public sale, subject to prior liens~~ *The unit owners' association may conduct a judicial or nonjudicial foreclosure sale upon a unit against which the unit owners' association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs*. For purposes of this section, the unit owners' association shall have the power both to sell and convey the unit and shall be deemed the unit owner's statutory agent for the purpose of transferring title to the unit.

J. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The unit owners' association shall give notice to the unit owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the unit owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the unit. The notice shall further inform the unit owner of the right to bring a court action in the circuit court of the county or city where the condominium is located to assert the nonexistence of a debt or any other defense of the unit owner to the sale.

2. After expiration of the 60-day notice period provided in subdivision 1, the unit owners' association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which the condominium is located. The clerk in whose office such appointment is filed shall record and index the appointment as provided in subsection C, in the names of the persons identified therein as well as in the name of the unit owners' association. The unit owners' association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the unit owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the unit owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the unit. Those conditions are that the unit owner (a) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (b) pays all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the unit owners' association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, and shall include the name, address, and telephone number of the trustee, by personal delivery or by mail to (i) the present owner of the condominium unit to be sold at his last known address as such owner and address appear in the records of the unit owners' association, (ii) any lienholder who holds a note against the condominium unit secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust provided the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to the lienholders and their assigns, at the addresses noted in the memorandum of lien, by ordinary mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the unit owners' association shall be in a newspaper having a general circulation in the locality in which the condominium unit to be sold, or any portion of such unit, is located pursuant to the following provisions:

a. The unit owners' association shall advertise once a week for four successive weeks; however, if the condominium unit or some portion of such unit is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the unit owners' association finds appropriate, shall set forth a description of the condominium unit to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the condominium unit by street address, if any, or, if none, shall give the general location of the condominium unit with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the unit owners' association. The advertisement shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the unit owners' association may give such other further and different advertisement as the association finds appropriate.

6. In the event of postponement of a sale, which postponement shall be at the discretion of the unit owners' association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the condominium unit voidable by the court.

8. In the event of a sale, the unit owners' association shall have the following powers and duties:

a. Written one-price bids may be made and shall be received by the trustee from the unit owners' association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the condominium instruments, the unit owners' association may bid to purchase the unit at a foreclosure sale. The unit owners' association may own, lease, encumber, exchange, sell, or convey the unit. Whenever the written bid of the unit owners' association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision 10 of this subsection and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the unit owners' association or its agent or attorney.

b. The unit owners' association may require of any bidder at any sale a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the condominium unit is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the unit owners' association in connection with that sale.

c. The unit owners' association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including reasonable attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the unit owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the unit owner or his assigns, provided, however, that the association as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the unit owner's equity, without actual notice of such encumbrance prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the unit with special warranty of title. The trustee shall not be required to take possession of the condominium unit prior to the sale or to deliver possession of the unit to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309 and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1945 upon the written request of the prior unit owner, current unit owner, or any holder of a recorded lien against the unit at the time of the sale. The unit owners' association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a unit is made pursuant to this subsection and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts, the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

§ 55.1-2148. Remedies for nonpayment of assessments; lien; foreclosure.

A. The association has a lien on a cooperative interest for any assessment levied against that cooperative interest or fines imposed against its owner from the time the assessment or fines become due. Unless the declaration otherwise provides, fees, charges, late charges, fines, and interest charged pursuant to subdivisions A 11 and 12 of § 55.1-2133 are enforceable as assessments under this section. If an assessment is payable in installments, the full amount of the assessment is a lien from the time the first installment becomes due. Upon nonpayment of the assessment, the proprietary lessee may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and the lien may be foreclosed as provided by this section. The association's lien may be foreclosed (i) by judicial sale in like manner as a mortgage on real estate or (ii) by power of sale as provided in subsection I.

B. A lien under this section is prior to all other liens and encumbrances on a cooperative interest except (i) liens and encumbrances on the cooperative that the association creates, assumes, or takes subject to; (ii) any first security interest encumbering only the cooperative interest of a proprietary lessee and perfected before the date on which the assessment sought to be enforced became delinquent; and (iii) liens for real estate taxes and other governmental assessments or charges against the cooperative or the cooperative interest. The lien is also prior to the security interests described in clause (ii) to the extent of the common expense assessments based on the periodic budget adopted by the association pursuant to subsection A of § 55.1-2133 that would have become due in the absence of acceleration during the six months immediately preceding institution of an action to enforce the lien. This subsection does not affect the priority of mechanics' or materialmen's liens or the priority of liens for other assessments made by the association. The lien under this section is not subject to homestead or other exemptions.

C. Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority.

D. Recording of the declaration constitutes record notice and perfection of the lien. No further recordation or filing of any claim of lien for assessment under this section is required.

E. A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within ~~three years~~ *120 months* after the full amount of the assessment becomes due.

F. This section does not prohibit actions to recover sums for which subsection A creates a lien or prohibit an association from taking a transfer in lieu of foreclosure.

G. A judgment in any action brought under this section shall include costs and reasonable attorney fees for the prevailing party.

H. Upon written request, the association shall furnish to a proprietary lessee a statement setting forth the amount of unpaid assessments against his cooperative interest. The statement shall be in recordable form. The statement shall be furnished within 10 business days after receipt of the request and is binding on the association, the executive board, and every proprietary lessee.

I. ~~The association, upon nonpayment of assessments and compliance with this subsection, may sell the cooperative interest~~ *The association may conduct a judicial or nonjudicial foreclosure sale of the cooperative interest against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs.* Sale may be at a public sale or by private negotiation and at any time and place, but

every aspect of the sale, including the method, advertising, time, place, and terms, must be reasonable. The association shall give to the proprietary lessee and any sublessees of the proprietary lessee reasonable written notice of the time and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time after which a private disposition may be made. The same notice must also be sent to any other person who has a recorded interest in the cooperative interest that would be cut off by the sale, but only if the interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required by this subsection may be sent to any address reasonable in the circumstances. Sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

J. The proceeds of a sale under subsection I shall be applied in the following order:

1. The reasonable expenses of sale;

2. The reasonable expenses of securing possession before sale; holding, maintaining, and preparing the cooperative interest for sale, including payment of taxes and other governmental charges, premiums on hazard and liability insurance, and, to the extent provided for by agreement between the association and the proprietary lessee, reasonable attorney fees and other legal expenses incurred by the association;

3. Satisfaction in the order of priority of any prior claims of record;

4. Satisfaction of the association's lien;

5. Satisfaction in the order of priority of any subordinate claim of record; and

6. Remittance of any excess to the proprietary lessee. Unless otherwise agreed, the proprietary lessee is liable for any deficiency.

K. If a cooperative interest is sold under subsection I, a good faith purchaser for value acquires the proprietary lessee's interest in the cooperative interest free of the association's debt that gave rise to the lien under which the sale occurred and any subordinate interest, even though the association or other person conducting the sale failed to comply with the requirements of this section. The person conducting the sale under subsection I shall execute a conveyance to the purchaser sufficient to convey the cooperative interest that states that the conveyance is executed by him, after a foreclosure by power of sale of the association's lien and that he has power to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required by subsection I are sufficient proof of the facts recited and of his authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

L. At any time before the association has disposed of the cooperative interest or entered into a contract for its disposition under the power of sale, the proprietary lessee or the holder of any subordinate security interest may cure the proprietary lessee's default and prevent sale or other disposition by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorney fees of the creditor.

§ 55.1-2151. Association records.

The association shall keep financial records sufficiently detailed to enable the association to comply with § 55.1-2309. All financial and other records shall be made reasonably available for examination by any proprietary lessee and his authorized agents. *The association shall maintain a record of any recorded lien at least as long as the lien remains effective.*

§ 55.1-2305. Management, regulation, and control of subdivisions with common facilities or property owners' associations; assessments; liens.

A. The covenants, deed restrictions, articles of incorporation, bylaws, or other instruments for the management, regulation, and control of subdivisions that include facilities or amenities for which the lot owners are assessed on a regular or special basis for the use, enjoyment, and maintenance of such facilities or amenities shall provide for at a minimum:

1. Formation of an association to be composed of lot owners within the subdivision, such formation occurring prior to the sale of the first lot within the subdivision by the developer;

2. A description of the areas or interests to be owned or controlled by the association, including those facilities or amenities for which the lot owners are subject to regular or special assessments;

3. The transfer of title, control, and maintenance responsibilities of common areas and common facilities to the association, which transfer is to take place no later than at such time as the developer transfers legal or equitable ownership of at least 75 percent of the lots within the subdivision to purchasers of such lots or when all of the amenities and facilities are completed, whichever occurs first, but in no event any sooner than two years from the date the developer sells his first lot within the subdivision should the developer elect to retain title to the common areas and common facilities for such period. The transfer of such title, control, and maintenance responsibilities required of the developer shall not exonerate the developer from the responsibility of completion of the common areas and facilities once the transfer takes place.

Nothing in this section shall preclude the developer from transferring the common areas and common facilities for consideration, provided that (i) such consideration does not exceed the lesser of the fair market value of such common areas and common facilities at the time of transfer or the actual cost expended by the developer for such common areas and common facilities and (ii) the developer affirmatively discloses the following information to the purchaser, in writing, at the time the initial contract of purchase is signed:

a. That the common areas and common facilities will be transferred only upon payment of consideration by the association;

b. The terms upon which such transfer will be made; and

c. An estimate of the amount of consideration to be paid by the association.

In the event the developer seeks payment for the areas or facilities transferred, the association shall have the option of deferring such payment, evidence by a deed of trust note covering a period of not less than five years at the legal rate of interest allowed in the Commonwealth and secured by a deed of trust covering the areas or facilities transferred;

4. Procedures for determining and collecting regular assessments to defray expenses attributable to the ownership, use, enjoyment, and operation of common areas and facilities transferred to the association;

5. Procedures for establishing and collecting special assessments for capital improvements or other purposes;

6. Procedures to be employed upon the annexation of additional land to the existing subdivision that shall disclose whether or not per capita assessments on account of such annexation shall be subject to an increase, in the event additional amenities or common facilities are provided lot owners within the subdivision;

7. Such procedures and restrictions, if any, that apply to the voluntary or involuntary resale of a lot within a subdivision by a purchaser or his agent, which shall be established prior to the sale of the first lot by the developer within the subdivision;

8. Monetary penalties or use privilege and voting suspension of members for breaches of the restrictions, bylaws, or other instruments for management and control of the subdivision, or for nonpayment of regular or special assessments, with procedures for hearings for the disciplined members;

9. Creation of a board of directors or other governing body for the association with the members of the board or body to be elected by a vote of members of the association in good standing at an annual meeting or special meeting to be held not later than six months after the transfer of the areas of facilities provided for in subdivision 3;

10. Enumeration of the power of the board of directors or governing body that is consistent with and not otherwise provided by law;

11. The preparation of an annual balance sheet and operating statement for each fiscal year with provision for distribution of a copy of the reports to each member of the association in good standing within 90 days after the end of the fiscal year;

12. Quorum requirements for meetings of members of the association who are in good standing; and

13. Such other provisions as may be required by the Virginia Nonstock Corporation Act (§ 13.1-801 et seq.) if the association is a Virginia nonstock corporation.

B. Any developer of a subdivision, successor or otherwise, when such subdivision is subject to the provisions of this chapter, shall be obligated to complete the facilities and amenities as promised and outlined in subsection A by the initial developer of the subdivision subject to the transfer of title, control, and maintenance responsibilities of common areas and common facilities to the lot owners' association. The foregoing shall not be deemed to apply to any purchaser at foreclosure or grantee in a deed in lieu of foreclosure, provided that the purchaser or grantee is a financial institution and the mortgagee, creditor, or beneficiary under the instrument being foreclosed or giving rise to the deed in lieu of foreclosure. For the purposes of this subsection, "financial institution" means a bank, savings institution, real estate investment trust, insurance company, pension or profit sharing trust, or other institution regularly engaged in the business of making real estate loans. For purposes of this subsection, the lot owners' association shall not be deemed a developer if at a meeting of its members in good standing a vote is taken and at least 50 percent of the members vote to be exempt from the requirements of this subsection.

C. The association, once formed and in existence, and the title owner of the common areas and common facilities within the subdivision and which has been in existence for a period of at least five years shall have the authority to pass special assessments against and raise the annual assessments of the members of the association and to collect such assessments from such members according to law, if the purpose in so doing is for the maintenance of such common areas and common facilities. The authority granted and conferred upon the association by this subsection exists only where the restrictions and covenants of record do not contain specific language that precludes the adoption of special assessments or increases the annual dues or assessments.

D. The association shall have a lien on every lot within its subdivision for unpaid regular or special assessments levied against such lot in accordance with the provisions of this chapter. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on such lot, (ii) liens and encumbrances recorded prior to the perfected lien, and (iii) any sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of the lien for regular or special assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

Notwithstanding any other provision of this chapter, or any other provisions of law requiring documents to be recorded in the miscellaneous lien books or the deed books of the clerk's office of any court, from July 1, 1978, all memoranda of liens arising under this subsection shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for subdivision regular or special assessments.

The association, in order to perfect the lien given by this subsection, shall file before the expiration of 90 days from the time such regular or special assessment became due and payable in the clerk's office of the county or city in which the subdivision is situated a memorandum, verified by the oath of the president of the association, which shall contain:

1. A description of the subdivision;

2. The name or names of the owners of the lot;

3. The amount of unpaid regular or special assessments currently due or past due applicable to the lot, together with the date when each fell due; and

4. The date of issuance of the memorandum.

The clerk in whose office the memorandum is filed shall record and index such memorandum as provided in this subsection, in the names of the persons identified in such memorandum, as well as in the name of the association. The cost of recording the memorandum shall be taxed against the person found liable for any judgment or order enforcing such lien. It is lawful for the memorandum to be filed as one statement listing the information required in subdivisions 1 through 4 and each of the lot owners whose property within the subdivision is liened. The cost of filing shall be as provided in subdivision A 2 of § 17.1-275.

Any lien perfected pursuant to this section may be enforced by filing a civil action to conduct a judicial foreclosure in the circuit court in the county or city where the lot is located or a nonjudicial foreclosure. No ~~action to enforce~~ *foreclosure of* any lien perfected under this ~~subsection~~ *section* shall be ~~brought~~ *initiated* after ~~one year~~ *120 months* from the time when the memorandum of lien was recorded~~; however, the~~. *The* filing of a ~~petition~~ *civil action* to enforce any such lien ~~in any action in which such petition may be properly filed~~ *by foreclosure through judicial means or issuance of notice of nonjudicial foreclosure* shall be regarded as the institution of an action under this subsection. Nothing in this subsection shall be construed to extend the time within which any such lien may be perfected. Nothing shall preclude the association from filing a single action listing all unpaid delinquent and enumerated lot owners as defendants and obtaining judgment against those so adjudicated by the court hearing the action. *The association may conduct a judicial or nonjudicial foreclosure sale upon a lot against which the association has perfected one or more liens pursuant to this section if the total sums secured are in excess of $5,000, exclusive of attorney fees and costs.*

The judgment in an action brought pursuant to this subsection shall include, without limitation, reimbursement for costs and attorney fees, together with the interest at the maximum lawful rate for the sums secured by the lien from the time each sum became due and payable.

When payment or satisfaction is made of a debt secured by the lien perfected by this subsection, the lien shall be released in accordance with the provisions of § 55.1-339. For the purposes of § 55.1-339, the president or secretary of the association is the duly authorized agent of the lien creditor.

Nothing in this subsection shall be construed to prohibit the recovery of sums for which this subsection creates a lien.

Any lot owner within the subdivision having executed a contract for the disposition of the lot is entitled, upon request, to a recordable statement setting forth the amount of unpaid regular or special assessments currently levied against that lot. Such request shall be in writing, directed to the president of the association, and delivered to the principal office of the association. Failure of the association to furnish or make available such a statement within five business days from the receipt of such written request shall extinguish the lien created by this subsection as to the lot involved. Payment of a fee not exceeding $15 may be required as a prerequisite to the issuance of such a statement if the bylaws of the association so provide.

E. If, upon July 1, 1978, and a subdivision becoming subject to the terms and requirements outlined in subdivisions A 1 through 8 have not been performed, then the requirements shall have to be fully complied with within a period of 90 days from July 1, 1978, and upon failure to fully perform all of such requirements within the 90-day period the failure so to do shall constitute a violation of this subsection.

F. Each lot owner within a subdivision that falls within the scope of this chapter shall be responsible for his pro rata share of the cost of maintaining the common facilities and common areas owned by the association. For purposes of this subsection, "common facilities and common areas" means only the roads and lakes within the subdivision, and "maintaining" includes any orderly program for the continued upkeep and improvement of such roads and lakes. The association has the responsibility of determining the pro rata share assessed against each lot owner, and such amount assessed shall be in addition to the annual or special assessment otherwise obligated by each member of the association.

G. If a subdivision of land meets the requirement in subdivision 2 of the definition of subdivision as provided in § 55.1-2300, then the property owners' association of the subject subdivision has the powers and duties enumerated in subsections C, D, and F as well as the rights and authority to establish those procedures outlined in subdivisions A 4, 5, and 6 and the penalties in subdivision A 8, and also has the obligations imposed by such subdivisions and those of subdivisions A 9 through 12.

CHAPTER 350

An Act to amend the Code of Virginia by adding in Chapter 38 of Title 58.1 an article numbered 12.1, consisting of a section numbered 58.1-3853.1, relating to local military centered community zone.

[S 343]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 38 of Title 58.1 an article numbered 12.1, consisting of a section numbered 58.1-3853.1, as follows:

Article 12.1.

Local Military Centered Community Zone.

§ 58.1-3853.1. Military centered community zones; local designation.

A. As used in this section, "military centered community" means a community designated by a locality that has a significant presence of military personnel living or working in the designated area and where such presence drives, or has the potential to drive, significant economic activity.

B. Any locality may establish, by ordinance, one or more military centered community zones. Each locality, or another political subdivision acting on behalf of the locality, may offer unique benefits to businesses looking to locate within a military centered community zone for the purpose of serving the needs of military personnel.

C. The benefits may be provided to businesses, including new residential developments, located in a military centered community zone for up to 20 years and may include, but need not be limited to, (i) reduction of permit fees, (ii) reduction of user fees, and (iii) notwithstanding any other provision of law, reduction of any type of gross receipts tax. In addition, local governing bodies are authorized to enter into agreements for the payment of economic development incentive grants to such businesses with payment of the grants conditioned upon the businesses making certain real property or capital investments, creating and maintaining new jobs, or performing or meeting other economic development objectives.

D. The governing body may also provide for regulatory flexibility in such zone that may include, but need not be limited to, (i) special zoning for the district, (ii) permit process reform, (iii) exemption from ordinances, and (iv) any other incentive adopted by ordinance, which shall be binding upon the locality for a period of up to 20 years.

E. The establishment of a military centered community zone shall not preclude the area from also being designated as an enterprise zone under the Enterprise Zone Grant Act (§ 59.1-538 et seq.) nor shall it preclude the area from receiving support under the Virginia Military Community Infrastructure Grant Program established in § 2.2-233.1.

CHAPTER 351

CHAPTER 353

An Act to amend and reenact §§ 51.1-142.2 and 55.1-2544 of the Code of Virginia, relating to Virginia Retirement System; plan credits and accounts.

[S 458]

Approved April 2, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 51.1-142.2 and 55.1-2544 of the Code of Virginia are amended and reenacted as follows:

§ 51.1-142.2. Prior service or membership credit for certain members; service credit for accumulated sick leave.

Certain members may purchase credit for service as provided in this section.

A. 1. Any member in service may purchase service credit from the following categories of service or leave: (i) leave of absence for educational purposes that was previously approved by the member's employer; (ii) leave of absence for a serious health condition of the member or of an immediate family member, all as defined in the Family and Medical Leave Act of 1993, 29 U.S.C. § 2601 et seq., as amended, and previously certified by the member's employer; (iii) up to one year of service credit per occurrence of leave for any unpaid leave of absence due to the birth, adoption, or death of a qualifying child, as defined in § 51.1-500; (iv) service as a full-time employee of another state, a public school system of another state, or a political subdivision of the Commonwealth or another state, as certified by such state, public school system, or political subdivision; (v) full-time service of a political subdivision of this state not credited to the member under an agreement as provided for in § 51.1-143.1, as certified by such political subdivision; (vi) full-time civilian service of the United States; (vii) full-time service at a private institution of higher education if the private institution is merged with a public institution of higher education and graduates of the private institution are then issued new degrees from the public institution; or (viii) any period of time when the member was employed part time or in a wage position by a participating employer and not otherwise eligible to participate in the retirement system because the member was not an employee as defined in § 51.1-124.3. However, no member in service shall be allowed to purchase more than a total of four years of service credit pursuant to this subdivision.

2. In addition to the service credit that may be purchased under subdivision 1, any member in service may purchase up to four years of service credit for prior active duty military service in the armed forces of the United States, provided that the discharge from a period of active duty status with the armed forces was not dishonorable.

3. The service credit to be credited to a member under this subsection shall be calculated at the ratio of one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased, except for employment service purchased under clause (viii) of subdivision 1, which shall be calculated at the ratio of one month of service credit for each 173 hours of service as certified by the employer.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered at the time of such purchase, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, the service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, as applicable, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, as amended, no service credit may be purchased under this section if it is included in the calculation of any retirement allowance received or to be received by the member from this or another retirement system, or if there is a balance in a defined contribution account that serves as a primary retirement account related to such service.

For purposes of this subsection, "active duty military service" means full-time service of at least 180 consecutive days in the United States Army, Navy, Air Force, Marines, Coast Guard, *or any other distinct branch of the armed services as established by the federal government,* or reserve components thereof.

B. Any member in service may purchase all prior service credit for creditable service lost from ceasing to be a member under this chapter, as provided in § 51.1-128, because of the withdrawal of his accumulated contributions. For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the withdrawn amount to be purchased plus interest accrued daily and compounded annually from the date of withdrawal to the date of payment at the assumed rate of return established by the Board for the actuarial valuation of the retirement system that is in effect at the time of the purchase. The Board shall develop guidelines and procedures for administering this subsection.

C. Any member in service may purchase service credit for accumulated sick leave on his effective date of retirement based upon such sums as the employer may provide as payment for any unused sick leave balances. The cost of service credit purchased under this subsection shall be the actuarial equivalent cost of such service.

D. Any member receiving benefits under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.) may, in a manner prescribed by the Board and prior to the effective date of retirement, purchase service that is not reported to the retirement system by the member's employer while the member is receiving such benefits.

For each year or portion thereof to be credited at the time of purchase under this subsection, the member shall pay the approximate normal cost of the retirement plan under which the member is covered, as determined by the Board in its sole discretion. If the member does not purchase, or enter into a purchase of service credit contract for, any service made available in this subsection within the first 24 months of the member's active service following his first date of hire or the final day of any applicable leave of absence, then, for each year or portion thereof to be credited at the time of purchase, the member shall pay the actuarial equivalent cost. To the extent the member becomes inactive during the 24 months following his first date of hire or the final day of any applicable leave of absence, such periods shall not be included in the 24 months of active service.

E. Payment may be made in a lump sum at the time of purchase or by payroll deduction. Any number of additional deductions may be permitted at any time. Should any deduction be terminated before the member purchases the entire period contracted for, the member shall be credited with the number of full or partial months of service for which full payment has been made. If any deduction is continued after the entire period has been purchased, the member shall be credited with no more than the amount of service for which he was eligible and for which he paid, and the excess amount deducted shall be refunded to the member.

F. Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purchase of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.), nor shall they be considered salary for purposes of this chapter.

G. In any case where member and employer contributions, as required under this chapter, were not made because of an error in the payroll, personnel, or other classification system of an employer participating in the retirement system, service that has not been credited because of such error may be purchased on the following basis:

1. The most recent three years of service credit shall be purchased, using applicable member and employer contribution rates and creditable compensation in effect for such period, in a manner and at the cost prescribed by the Board; and

2. All other years of service credit shall be purchased by the employer at an actuarial equivalent cost.

H. Any member may receive credit at no cost for service rendered in the armed forces of the United States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from a period of active duty with the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated contributions, (iv) the member is not disabled or killed while on leave without pay while performing active duty military service in the armed forces of the United States, and (v) the member reenters service in a covered position within one year after discharge from the armed forces. In order to receive such service, the member must complete such forms and other requirements as are required by the Board and the retirement system.

§ 55.1-2544. Property held or payable pursuant to Title 51.1.

This chapter shall not apply to any *defined benefit plan* funds or other property, tangible or intangible, held or payable pursuant to Title 51.1. *Any funds or other property, tangible or intangible, held or payable in a defined contribution plan, deferred compensation plan, or cash match plan pursuant to Title 51.1 that have remained unclaimed for more than five years after such funds or other property became payable shall be presumed abandoned.*

An Act to amend and reenact §§ 16.1-269.1, 16.1-269.2, and 16.1-272 of the Code of Virginia, relating to juveniles; evidence of trafficking, sexual abuse, or rape by the alleged victim prior to or during the commission of the alleged offense; treatment and rehabilitation.

[H 268]

Approved April 3, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-269.1, 16.1-269.2, and 16.1-272 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-269.1. Trial in circuit court; preliminary hearing; direct indictment; remand.

A. Except as provided in subsections B and C, if a juvenile 14 years of age or older at the time of an alleged offense is charged with an offense which would be a felony if committed by an adult, the court shall, on motion of the attorney for the Commonwealth and prior to a hearing on the merits, hold a transfer hearing and may retain jurisdiction or transfer such juvenile for proper criminal proceedings to the appropriate circuit court having criminal jurisdiction of such offenses if committed by an adult. Any transfer to the appropriate circuit court shall be subject to the following conditions:

1. Notice as prescribed in §§ 16.1-263 and 16.1-264 shall be given to the juvenile and his parent, guardian, legal custodian or other person standing in loco parentis; or attorney;

2. The juvenile court finds that probable cause exists to believe that the juvenile committed the delinquent act as alleged or a lesser included delinquent act which would be a felony if committed by an adult;

3. The juvenile is competent to stand trial. The juvenile is presumed to be competent and the burden is on the party alleging the juvenile is not competent to rebut the presumption by a preponderance of the evidence; and

4. The court finds by a preponderance of the evidence that the juvenile is not a proper person to remain within the jurisdiction of the juvenile court. In determining whether a juvenile is a proper person to remain within the jurisdiction of the juvenile court, the court shall consider, but not be limited to, the following factors:

a. The juvenile's age;

b. The seriousness and number of alleged offenses, including (i) whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner; (ii) whether the alleged offense was against persons or property, with greater weight being given to offenses against persons, especially if death or bodily injury resulted; (iii) whether the maximum punishment for such an offense is greater than 20 years confinement if committed by an adult; (iv) whether the alleged offense involved the use of a firearm or other dangerous weapon by brandishing, threatening, displaying or otherwise employing such weapon; and (v) the nature of the juvenile's participation in the alleged offense;

c. Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation;

d. The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems for dealing with the juvenile's problems;

e. The record and previous history of the juvenile in this or other jurisdictions, including (i) the number and nature of previous contacts with juvenile or circuit courts, (ii) the number and nature of prior periods of probation, (iii) the number and nature of prior commitments to juvenile correctional centers, (iv) the number and nature of previous residential and community-based treatments, (v) whether previous adjudications and commitments were for delinquent acts that involved the infliction of serious bodily injury, and (vi) whether the alleged offense is part of a repetitive pattern of similar adjudicated offenses;

f. Whether the juvenile has previously absconded from the legal custody of a juvenile correctional entity in this or any other jurisdiction;

g. The extent, if any, of the juvenile's degree of intellectual disability or mental illness;

h. The juvenile's school record and education;

i. The juvenile's mental and emotional maturity; ~~and~~

j. The juvenile's physical condition and physical maturity*; and*

k. Any evidence that the juvenile was a victim of felonious criminal sexual assault in violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or trafficking in violation of Article 3 (§ 18.2-344 et seq.) of Chapter 8 of Title 18.2 by the alleged victim prior to or during the commission of the alleged offense and that such alleged offense was a direct result of the juvenile being a victim of such felonious criminal sexual assault or trafficking. This subdivision shall be construed to prioritize the successful treatment and rehabilitation of juvenile victims of human trafficking and sex crimes who commit acts of violence against their abusers. It is the intent of the General Assembly that these juveniles be viewed as victims and provided treatment and services in the juvenile system.

No transfer decision shall be precluded or reversed on the grounds that the court failed to consider any of the factors specified in subdivision 4.

B. The juvenile court shall conduct a preliminary hearing whenever a juvenile 16 years of age or older is charged with murder in violation of § 18.2-31, 18.2-32 or 18.2-40, or aggravated malicious wounding in violation of § 18.2-51.2. If the juvenile is 14 years of age or older, but less than 16 years of age, then the court may proceed, on motion of the attorney for the Commonwealth, as provided in subsection A. *Upon motion of the juvenile, the court may conduct a hearing to allow the juvenile to present any evidence described in subdivision A 4 k. If the court finds by a preponderance of the evidence that sufficient evidence exists to believe that the juvenile was a victim of felonious criminal sexual assault in violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or trafficking in violation of Article 3 (§ 18.2-344 et seq.) of Chapter 8 of Title 18.2 by the alleged victim prior to or during the commission of the alleged offense and that such alleged offense was a direct result of the juvenile being a victim of such felonious criminal sexual assault or trafficking, then the court shall proceed as provided in subsection A.*

C. The juvenile court shall conduct a preliminary hearing whenever a juvenile 16 years of age or older is charged with murder in violation of § 18.2-33; felonious injury by mob in violation of § 18.2-41; abduction in violation of § 18.2-48; malicious wounding in violation of § 18.2-51; malicious wounding of a law-enforcement officer in violation of § 18.2-51.1; felonious poisoning in violation of § 18.2-54.1; adulteration of products in violation of § 18.2-54.2; robbery in violation of subdivision B 1 or 2 of § 18.2-58 or carjacking in violation of § 18.2-58.1; rape in violation of § 18.2-61; forcible sodomy in violation of § 18.2-67.1; object sexual penetration in violation of § 18.2-67.2; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute a controlled substance or an imitation controlled substance in violation of § 18.2-248 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248 provided the adjudications occurred after the juvenile was at least 16 years of age; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute methamphetamine in violation of § 18.2-248.03 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.03 provided the adjudications occurred after the juvenile was at least 16 years of age; or felonious manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute anabolic steroids in violation of § 18.2-248.5 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.5 provided the adjudications occurred after the juvenile was at least 16 years of age, provided the attorney for the Commonwealth gives written notice of his intent to proceed pursuant to this subsection. Prior to giving written notice of his intent to proceed pursuant to this subsection, the attorney for the Commonwealth shall submit a written request to the director of the court services unit to complete a report as described in subsection B of § 16.1-269.2 unless waived by the juvenile and his attorney or other legal representative. The report shall be filed with the court and mailed or delivered to (i) the attorney for the Commonwealth and (ii) counsel for the juvenile, or, if the juvenile is not represented by counsel, to the juvenile and a parent, guardian, or other person standing in loco parentis with respect to the juvenile, within 21 days of the date of the written request. After reviewing the report, if the attorney for the Commonwealth still intends to proceed pursuant to this subsection, he shall then provide the written notice of such intent, which shall include affirmation that he reviewed the report. The notice shall be filed with the court and mailed or delivered to counsel for the juvenile or, if the juvenile is not then represented by counsel, to the juvenile and a parent, guardian or other person standing in loco parentis with respect to the juvenile at least seven days prior to the preliminary hearing. If the attorney for the Commonwealth elects not to give such notice, if he elects to withdraw the notice prior to certification of the charge to the grand jury, or if the juvenile is 14 years of age or older, but less than 16 years of age, he may proceed as provided in

subsection A. *Upon motion of the juvenile, the court may conduct a hearing to allow the juvenile to present any evidence described in subdivision A 4 k. If the court finds by a preponderance of the evidence that sufficient evidence exists to believe that the juvenile was a victim of felonious criminal sexual assault in violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or trafficking in violation of Article 3 (§ 18.2-344 et seq.) of Chapter 8 of Title 18.2 by the alleged victim prior to or during the commission of the alleged offense and that such alleged offense was a direct result of the juvenile being a victim of such felonious criminal sexual assault or trafficking, then the court shall proceed as provided in subsection A.*

D. Upon a finding of probable cause pursuant to a preliminary hearing under subsection B or C, the juvenile court shall certify the charge, and all ancillary charges, to the grand jury. Such certification shall divest the juvenile court of jurisdiction as to the charge and any ancillary charges. Nothing in this subsection shall divest the juvenile court of jurisdiction over any matters unrelated to such charge and ancillary charges which may otherwise be properly within the jurisdiction of the juvenile court.

If the court does not find probable cause to believe that the juvenile has committed the violent juvenile felony as charged in the petition or warrant or if the petition or warrant is terminated by dismissal in the juvenile court, the attorney for the Commonwealth may seek a direct indictment in the circuit court. If the petition or warrant is terminated by nolle prosequi in the juvenile court, the attorney for the Commonwealth may seek an indictment only after a preliminary hearing in juvenile court.

If the court finds that the juvenile was not (i) for the purposes of subsection A, 14 years of age or older or (ii) for purposes of subsection B or C, 16 years of age or older, at the time of the alleged commission of the offense or that the conditions specified in subdivision A 1, 2, or 3 have not been met, the case shall proceed as otherwise provided for by law.

E. An indictment in the circuit court cures any error or defect in any proceeding held in the juvenile court except with respect to the juvenile's age. If an indictment is terminated by nolle prosequi, the Commonwealth may reinstate the proceeding by seeking a subsequent indictment.

§ 16.1-269.2. Admissibility of statement; investigation and report; bail.

A. Statements made by the juvenile at the transfer hearing provided for under § 16.1-269.1 shall not be admissible against him over objection in any criminal proceedings following the transfer, except for purposes of impeachment.

B. Prior to a transfer hearing pursuant to subsection A of § 16.1-269.1 or a preliminary hearing pursuant to subsection C of § 16.1-269.1, a study and report to the court, in writing, relevant to the factors set out in subdivision A 4 of § 16.1-269.1, as well as an assessment of any affiliation with a criminal street gang as defined in § 18.2-46.1, shall be made by the probation services or other qualified agency designated by the court. *Such report shall include any relevant information supporting an allegation that the juvenile was a victim of felonious criminal sexual assault in violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or trafficking in violation of Article 3 (§ 18.2-344 et seq.) of Chapter 8 of Title 18.2 by the alleged victim. It is the intent of the General Assembly that these juveniles be viewed as victims and provided treatment and services in the juvenile system.* Upon motion of the attorney for the Commonwealth for a transfer hearing pursuant to subsection A of § 16.1-269.1, the attorney for the Commonwealth shall provide notice to the designated probation services or other qualified agency of the need for a transfer report. Counsel for the juvenile and the attorney for the Commonwealth shall have full access to the study and report and any other report or data concerning the juvenile which are available to the court. The court shall not consider the report until a finding has been made concerning probable cause. If the court so orders, the study and report may be expanded to include matters provided for in § 16.1-273, whereupon it may also serve as the report required by this subsection, but on the condition that it will not be submitted to the judge who will preside at any subsequent hearings except as provided for by law.

C. After the completion of the hearing, whether or not the juvenile court decides to retain jurisdiction over the juvenile or transfer such juvenile for criminal proceedings in the circuit court, the juvenile court shall set bail for the juvenile in accordance with Chapter 9 (§ 19.2-119 et seq.) of Title 19.2, if bail has not already been set.

§ 16.1-272. Power of circuit court over juvenile offender.

A. In any case in which a juvenile is indicted, the offense for which he is indicted and all ancillary charges shall be tried in the same manner as provided for in the trial of adults, except as otherwise provided with regard to sentencing. Upon a finding of guilty of any charge, the court shall fix the sentence without the intervention of a jury. Nothing in this subsection shall be construed to require a court to review the results of an investigation completed pursuant to § 16.1-273.

1. If a juvenile is convicted of a violent juvenile felony, for that offense and for all ancillary crimes the court may order that (i) the juvenile serve a portion of the sentence as a serious juvenile offender under § 16.1-285.1 and the remainder of such sentence in the same manner as provided for adults; (ii) the juvenile serve the entire sentence in the same manner as provided for adults; or (iii) the portion of the sentence to be served in the same manner as provided for adults be suspended conditioned upon successful completion of such terms and conditions as may be imposed in a juvenile court upon disposition of a delinquency case including, but not limited to, commitment under subdivision A 14 of § 16.1-278.8 or § 16.1-285.1.

2. If the juvenile is convicted of any other felony, the court may sentence or commit the juvenile offender in accordance with the criminal laws of this Commonwealth or may in its discretion deal with the juvenile in the manner prescribed in this chapter for the hearing and disposition of cases in the juvenile court, including, but not limited to, commitment under § 16.1-285.1 or may in its discretion impose an adult sentence and suspend the sentence conditioned upon successful completion of such terms and conditions as may be imposed in a juvenile court upon disposition of a delinquency case.

3. Notwithstanding any other provision of law, if the juvenile is convicted of any felony, the court may in its discretion depart from any mandatory minimum sentence required by law or suspend any portion of an otherwise applicable sentence.

4. If the juvenile is not convicted of a felony but is convicted of a misdemeanor, the court shall deal with the juvenile in the manner prescribed by law for the disposition of a delinquency case in the juvenile court.

5. If the court, at any time prior to the final order in the case or within 21 days of such order, receives evidence that the juvenile was a victim of felonious criminal sexual assault in violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 or trafficking in violation of Article 3 (§ 18.2-344 et seq.) of Chapter 8 of Title 18.2 by the victim prior to or during the commission of the offense for which the juvenile was convicted and that such offense was a direct result of the juvenile being a victim of such felonious criminal sexual assault or trafficking, the court may set aside the guilty verdict, render the juvenile delinquent, and impose a disposition consistent with § 16.1-278.8.

B. If the circuit court decides to deal with the juvenile in the same manner as a case in the juvenile court and places the juvenile on probation, the juvenile may be supervised by a juvenile probation officer.

C. Whether the court sentences and commits the juvenile as a juvenile under this chapter or under the criminal law, in cases where the juvenile is convicted of a felony in violation of § 18.2-61, 18.2-63, 18.2-64.1, 18.2-67.1, 18.2-67.2, 18.2-67.3, 18.2-67.5, 18.2-370 or 18.2-370.1 or, where the victim is a minor or is physically helpless or mentally incapacitated as defined in § 18.2-67.10, subsection B of § 18.2-361 or subsection B of § 18.2-366, the clerk shall make the report required by § 19.2-390 to the Sex Offender and Crimes Against Minors Registry established pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1.

D. In any case in which a juvenile is not sentenced as a juvenile under this chapter, the court shall, in addition to considering any other factor and prior to imposing a sentence, consider (i) the juvenile's exposure to adverse childhood experiences, early childhood trauma, or any child welfare agency and (ii) the differences between juvenile and adult offenders.

E. A juvenile sentenced pursuant to clause (i) of subdivision A 1 shall be eligible to earn sentence credits in the manner prescribed by § 53.1-202.2 for the portion of the sentence served as a serious juvenile offender under § 16.1-285.1.

F. If the court sentences the juvenile as a juvenile under this chapter, the clerk shall provide a copy of the court's final order or judgment to the court service unit in the same locality as the juvenile court to which the case had been transferred.

Such a child shall be allowed to enroll in the school division of the child's intended residence if documentation is provided, at the time of enrollment, of military orders of the service member parent or an official letter from the service member's command indicating such relocation. Documentation indicating a permanent address within the school division shall be provided to the school division within 120 days of a child's enrollment or tuition may be charged, including tuition for the days since the child's enrollment in school. In the event that the child's service member parent is ordered to relocate before the 120th day following the child's enrollment, the school division shall not charge tuition. Students eligible to enroll in a school division pursuant to this subdivision may register, remotely or in-person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division in which such student will reside at the same time and in the same manner as students who reside in the local school division. Such children as listed in subdivisions 1, 2, and 3 shall be counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school.

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-283.8 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-283.8. Maternal Mortality Review Team; duties; membership; confidentiality; penalties; report; etc.

A. As used in this section, "maternal death" means the death of a woman who was pregnant at the time of death or within one year prior to the time of death, regardless of the outcome of the pregnancy, including any death determined to be a natural death, unnatural death, or violent death or for which no cause of death was determined.

B. There is hereby created the Maternal Mortality Review Team (the Team), which shall develop and implement procedures to ensure that certain maternal deaths occurring in the Commonwealth are analyzed in a systematic way. The Team shall review every maternal death in the Commonwealth. The Team shall not initiate a maternal death review until the conclusion of any law-enforcement investigation or criminal prosecution. The Team shall (i) develop and revise as necessary operating procedures for maternal death reviews, including identification of cases to be reviewed and procedures for coordinating among the agencies and professionals involved; (ii) improve the identification of and data collection and record keeping related to causes of maternal deaths; (iii) recommend components of programs to increase awareness and prevention of and education about maternal deaths; and (iv) recommend training to improve the review of maternal deaths.

Such operating procedures shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) pursuant to subdivision B 17 of § 2.2-4002.

C. The Team shall consist of the following persons or their designees: the Chief Medical Examiner, the Director of the Office of Family Health of the Department of Health, the State Registrar of Vital Records, and the Commissioner of Behavioral Health and Developmental Services. In addition, the Governor shall appoint one representative of each of the following entities: local law enforcement, local fire departments, local emergency medical services providers, local departments of social services, community services boards, attorneys for the Commonwealth, the Medical Society of Virginia, the Virginia Hospital and Healthcare Association, the Virginia College of Emergency Physicians, the Virginia Section of the American College of Obstetricians and Gynecologists, the Virginia Affiliate of the American College of Nurse-Midwives, the Virginia Chapter of the Association of Women's Health, Obstetric and Neonatal Nurses, the Virginia Neonatal Perinatal Collaborative, the Virginia Midwives Alliance, ~~and~~ the Virginia Academy of Nutrition and Dietetics*, the Department of Corrections, and the State Board of Local and Regional Jails*. The Chief Medical Examiner and the Director of the Office of Family Health of the Department of Health shall serve as co-chairs of the Team and may appoint additional members of the Team as may be needed to complete maternal death reviews pursuant to this section.

After the initial staggering of terms, members other than the Chief Medical Examiner, the Director of the Office of Family Health of the Department of Health, the State Registrar of Vital Records, the Commissioner of Behavioral Health and Developmental Services, and the Director of the Department of Criminal Justice Services shall be appointed for a term of three years. Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments. All members may be reappointed. The Chief Medical Examiner, the Director of the Office of Family Health of the Department of Health, the State Registrar of Vital Records, the Commissioner of Behavioral Health and Developmental Services, and the Director of the Department of Criminal Justice Services shall serve terms coincident with their terms of office.

D. Upon the request of the Chief Medical Examiner in his capacity as a co-chair of the Team, made after the conclusion of any law-enforcement investigation or prosecution, the Chief Medical Examiner or his designee may inspect and copy information and records regarding a maternal death, including (i) any report of the circumstances of the maternal death maintained by any state or local law-enforcement agency or medical examiner, and (ii) information or records about the woman maintained by any social services agency or court. In addition, the Chief Medical Examiner or his designee may inspect and copy from any health care provider in the Commonwealth, on behalf of the Team, (a) without obtaining consent, subject to any limitations on disclosure under applicable federal and state law, the health and mental health records of the woman and those prenatal medical records relating to any child born to the woman and (b) upon obtaining consent, from each adult regarding his records.

E. All information and records obtained or created by the Team or on behalf of the Team regarding a review shall be confidential and excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 7 of § 2.2-3705.5. In preparing information and records for review by the Team, the Department shall remove any individually identifiable information or information identifying a health care provider, as those terms are defined in 45 C.F.R. § 160.103. Such information shall not be subject to subpoena, subpoena duces tecum, or discovery, be admissible in any civil or criminal proceeding, or be used as evidence in any disciplinary proceeding or regulatory or licensure action of the Department of Health Professions or any health regulatory board. If available from other sources, however, such information and records shall not be immune from subpoena, discovery, or introduction into evidence when obtained through such other sources solely because the information and records were presented to the Team during a maternal death review. The findings of the Team may be disclosed or published in statistical or other form, but shall not identify any individual. Upon conclusion of the maternal death review, all information and records concerning the woman and the woman's family shall be shredded or otherwise destroyed by the Office of the Chief Medical Examiner in order to ensure confidentiality.

The portions of meetings in which individual maternal deaths are discussed by the Team shall be closed pursuant to subdivision A 21 of § 2.2-3711. In addition to the requirements of § 2.2-3712, all Team members and other persons attending closed Team meetings, including any persons presenting information or records on specific maternal deaths to the Team during closed meetings, shall execute a sworn statement to (i) honor the confidentiality of the information, records, discussions, and opinions disclosed during meetings at which the Team reviews a specific maternal death and (ii) not use any such information, records, discussions, or opinions disclosed during meetings at which the Team reviews a specific maternal death for any purpose other than the exercise of the proper purpose and function of the Team. Violations of this subsection are punishable as a Class 3 misdemeanor.

F. Upon notification of a maternal death, any state or local government agency maintaining records on the woman or the woman's family that are periodically purged shall retain such records for the longer of 12 months or until such time as the Team has completed its review of the case.

G. The Team shall compile annual statistical data, which shall be made available to the Governor and the General Assembly. Any statistical compilations prepared by the Team shall be public record and shall not contain any personal identifying information.

H. Members of the Team, as well as their agents and employees, shall be immune from civil liability for any act or omission made in connection with participation in a review by the Team, unless such act or omission was the result of gross negligence or willful misconduct. Any organization, institution, or person furnishing information, data, testimony, reports, or records to the Team as part of such review shall be immune from civil liability for any act or omission in furnishing such information, unless such act or omission was the result of gross negligence or willful misconduct.

[H 218]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-3407.10 and 38.2-4319 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-3407.10. Health care provider panels.

A. As used in this section:

"Carrier" means:

1. Any insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense incurred basis;

2. Any corporation providing individual or group accident and sickness subscription contracts;

3. Any health maintenance organization providing health care plans for health care services;

4. Any corporation offering prepaid dental or optometric services plans; or

5. Any other person or organization that provides health benefit plans subject to state regulation, and includes an entity that arranges a provider panel for compensation.

"Enrollee" means any person entitled to health care services from a carrier.

"Provider" means a hospital, physician, or any type of provider licensed, certified, or authorized by statute to provide a covered service under the health benefit plan.

"Provider panel" means those providers with which a carrier contracts to provide health care services to the carrier's enrollees under the carrier's health benefit plan. However, such term does not include an arrangement between a carrier and providers in which any provider may participate solely on the basis of the provider's contracting with the carrier to provide services at a discounted fee-for-service rate.

B. Any such carrier that offers a provider panel shall establish and use it in accordance with the following requirements:

1. Notice of the development of a provider panel in the Commonwealth or local service area shall be filed with the Department of Health Professions.

2. Carriers shall provide a provider application and the relevant terms and conditions to a provider upon request.

C. A carrier that uses a provider panel shall establish procedures for:

1. Notifying an enrollee of:

a. The termination from the carrier's provider panel of a provider who was furnishing health care services to the enrollee or furnished health care services to the enrollee in the ~~six~~ *12* months prior to the notice; and

b. The right of an enrollee to continue to receive health care services as provided in subsection E following the provider's termination from a carrier's provider panel, except when a provider is terminated for cause.

The carrier shall provide notice required by this subdivision 1 prior to the date of the termination of the provider, except when a provider is terminated for cause.

2. Notifying a provider at least 90 days prior to the date of the termination of the provider, except when a provider is terminated for cause.

3. Notifying the purchaser of the health benefit plan, whether such purchaser is an individual or an employer providing a health benefit plan, in whole or in part, to its employees and enrollees of the health benefit plan of:

a. A description of all types of payment arrangements that the carrier uses to compensate providers for health care services rendered to enrollees, including withholds, bonus payments, capitation, and fee-for-service discounts; and

b. The terms of the plan in clear and understandable language that reasonably informs the purchaser of the practical application of such terms in the operation of the plan.

For the purposes of subdivisions 1 and 2, "provider" includes a provider group.

D. A carrier ~~may~~ *shall* not deny an application for participation or terminate participation on its provider panel on the basis of gender, race, age, sexual orientation, gender identity, religion, or national origin.

E. 1. A provider shall be permitted by the carrier to render health care services to any of the carrier's enrollees for a period of at least 90 days from the date of such provider's termination from the carrier's provider panel, except when a

provider is terminated for cause. *A provider shall continue to render health care services to any of the carrier's enrollees who have an existing provider-patient relationship with the provider for a period of at least 90 days from the date of such provider's termination from the carrier's provider panel, except when a provider is terminated for cause.*

2. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering *and shall continue rendering* health services to any enrollee *who has an existing provider-patient relationship with the provider and* who has been medically confirmed to be pregnant at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue through the provision of postpartum care directly related to the delivery.

3. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering *and shall continue rendering* health services to any enrollee *who has an existing provider-patient relationship with the provider and* who is determined to be terminally ill (as defined under § ~~1861 (dd)(3)(A)~~ *1861(dd)(3)(A)* of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue for the remainder of the enrollee's life for care directly related to the treatment of the terminal illness.

4. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering *and shall continue rendering* health services to any enrollee *who has an existing provider-patient relationship with the provider and* who has been determined by a medical professional to have a life-threatening condition at the time of a provider's termination of participation. Such treatment shall, at the enrollee's option, continue for up to 180 days for care directly related to the life-threatening condition.

5. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering *and shall continue rendering* health services to any enrollee *who has an existing provider-patient relationship with the provider and* who is admitted to and receiving treatment in any inpatient facility at the time of a provider's termination of participation. Such admission and treatment shall continue until the enrollee is discharged from the inpatient facility.

For any health care services received by an enrollee from a provider after the date the provider has been terminated from the carrier's provider panel:

a. A carrier shall reimburse a provider under this subsection in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation;

b. The provider shall accept such reimbursement from the carrier and any cost-sharing payment from the enrollee for items and services as payment in full; and

c. The provider shall continue to adhere to all policies and procedures and quality standards imposed by the carrier for an enrollee that were required of the provider immediately before the provider's termination of participation.

For the purposes of this subsection, "provider" includes a provider group *and "existing provider-patient relationship" means the provider has rendered health care services to the enrollee or admitted or discharged the enrollee in the previous 12 months*.

F. 1. A carrier shall provide to a purchaser upon enrollment and make available to existing enrollees at least once a year a list of members in its provider panel, which list shall also indicate those providers who are not currently accepting new patients. Such list may be made available in a form other than a printed document, provided the purchaser or existing enrollee is given the means to request and receive a printed copy of such list.

2. The information provided under subdivision 1 shall be updated at least once a year if in paper form~~,~~ and monthly if in electronic form.

G. No contract between a carrier and a provider may require that the provider indemnify the carrier for the carrier's negligence, willful misconduct, or breach of contract, if any.

H. No contract between a carrier and a provider shall require a provider, as a condition of participation on the panel, to waive any right to seek legal redress against the carrier.

I. No contract between a carrier and a provider shall prohibit, impede*,* or interfere in the discussion of medical treatment options between a patient and a provider.

J. A contract between a carrier and a provider shall permit and require the provider to discuss medical treatment options with the patient.

K. Any carrier requiring preauthorization for medical treatment shall have personnel available to provide such preauthorization at all times when such preauthorization is required.

L. Carriers shall provide to their group policyholders written notice of any benefit reductions during the contract period at least 60 days before such benefit reductions become effective. Group policyholders shall, in turn, provide to their enrollees written notice of any benefit reductions during the contract period at least 30 days before such benefit reductions become effective. Such notice shall be provided to the group policyholder as a separate and distinct notification~~,~~ and ~~may~~ *shall* not be combined with any other notification or marketing materials.

M. No contract between a provider and a carrier shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a specific enrollee or group of enrollees with similar medical conditions.

N. If a provider panel contract between a provider and a carrier, or other entity that provides hospital, physician*,* or other health care services to a carrier, includes provisions that require a provider, as a condition of participating in one of the carrier's or other entity's provider panels, to participate in any other provider panel owned or operated by that carrier or other

entity, the contract shall contain a provision permitting the provider to refuse participation in one or more such other provider panels at the time the contract is executed. If a provider contracts with a carrier or other entity that subsequently contracts with one or more unaffiliated carriers to include such provider in the provider panels of such unaffiliated carriers, and which permits an unaffiliated carrier to impose participation terms with respect to such provider that differ materially in reimbursement rates or in managed care procedures, such as conducting economic profiling or requiring a patient to obtain primary care physician referral to a specialist, from the terms agreed to by the provider in the original contract, the provider panel contract shall contain a provision permitting the provider to refuse participation with any such unaffiliated carrier. Utilization review pursuant to Article 1.2 (§ 32.1-137.7 et seq.) of Chapter 5 of Title 32.1 shall not constitute a materially different managed care procedure. This subsection shall apply to provider panels utilized by health maintenance organizations and preferred provider organizations. For purposes of this subsection, "preferred provider organization" means a carrier that offers preferred provider contracts or policies as defined in § 38.2-3407 or preferred provider subscription contracts as defined in § 38.2-4209. The status of a physician as a member of or as being eligible for other existing or new provider panels shall not be adversely affected by the exercise of such right to refuse participation. This subsection shall not apply to the Medallion II and children's health insurance plan administered by or pursuant to *a* contract with the Department of Medical Assistance Services.

O. A carrier that rents or leases its provider panel to unaffiliated carriers shall make available, upon request, to its providers a list of unaffiliated carriers that rent or lease its provider panel. Such list if available in electronic format shall be updated monthly. The provider shall be given the means to request and receive a printed copy of such list.

P. *Nothing in this section shall prohibit a provider from discontinuing services to an enrollee at any time due to misconduct, a refusal to follow the provider's policies and procedures, or on any other reasonable basis; however, the provider shall not discontinue services to the enrollee solely on the basis that the provider was terminated from the carrier's provider panel.*

Q. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

§ 38.2-4319. Statutory construction and relationship to other laws.

A. The subpoena shall be served by the Office and enforced by the circuit court. Department employees may have counsel present during testimony. Subpoenas so issued shall be served and, upon application to the court by the Committee, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action.

In the case of communications with inmates, these communications shall not be monitored by, recorded by, or conducted in the presence of employees or contractors of the Department. Meetings with inmates may be recorded by members of the Office at their discretion and with the inmate's consent. Any such recordings are subject to the provisions of § 53.1-17.5.

C. The Office shall provide a statewide toll-free telephone number, website, and mailing address for the receipt of complaints and inquiries.

D. The Office shall have the right to access, inspect, and copy all relevant information, records, or documents in the possession or control of the Department, with the exception of confidential employee files, that the Office considers necessary in an investigation of a complaint filed under this article, and the Department shall assist the Office in obtaining the necessary releases for those documents that are specifically restricted or privileged for use by the Office. The Office shall preserve the confidentiality of any information obtained from the Department in accordance with applicable state and federal laws.

E. Access to Department employees or contractors includes the opportunity to meet and communicate privately and confidentially with individuals during inspections or normal working hours, with or without prior notice, both formally and informally, by telephone, mail, and electronic communication and in person. F. The Office shall have the power to issue a subpoena to the Department for records, documents, or data in the Department's possession, and for Department staff, contractors, or representatives to appear and provide information to the Office. Subpoenas so issued shall be served and, upon application to the court by the Office, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action. Department employees may have counsel or a representative from their employee organization present during testimony.

G. Following notification from the Office of a written request for access to Department records, the designated Department staff shall provide the Office with access to the requested documentation not later than 20 days after receipt of the written request. If the records requested pertain to (i) an inmate death; (ii) threats of bodily harm, including sexual or physical assaults; or (iii) the denial of necessary medical treatment, the records shall be provided within five days unless the Office consents to an extension.

H. The Office shall work with the Department to minimize disruption to operations of the Department due to an investigation by the Office. The Office shall comply with the Department security processes, provided these processes do not impede the investigation or resulting activities of the Office.

§ 53.1-17.5. Communications; confidentiality.

2. Photographs or video recordings taken within a Department facility pursuant to subsection A of § 53.1-17.4, if the Office determines that such photographs or video recordings contain information that is not otherwise publicly available and their dissemination to the public would jeopardize the safety or security of inmates or employees of the Department, or they can be used to identify inmates.

3. Personal identifying information about corrections staff received during the course of an investigation.

B. The Office shall establish rules and procedures to ensure the confidentiality of such information gathered and maintained by the Office. The Office shall not reveal to (i) Department employees or contractors or (ii) other inmates the identity of a complainant before, during, or after an investigation to the greatest extent practicable, except as is necessary to effectively carry out an investigation.

C. Notwithstanding anything else in this section, the Office shall disclose information as needed to prevent reasonably certain death or substantial bodily harm.

D. The Office shall keep confidential all matters under investigation, including the identities of recipients of Ombudsman services, complainants, and individuals from whom information is acquired, unless disclosure is necessary for the performance of its duties. If the Office receives personal identifying information about corrections staff during the course of an investigation that is unnecessary or unrelated to the subject of the investigation or related recommendation, the Office shall not further disclose such information. Prior to the disclosure of any such information, the Office shall provide notice to the applicable staff person and the Director.

E. Upon receipt of information that is confidential or privileged, the Office shall maintain the confidentiality of such information and shall not further disclose or disseminate the information except as provided by applicable state or federal law or as authorized by this section.

§ 53.1-17.6. Inspection authority; inspection and assessment; report; safety and compliance classification.

4. Any policies and procedures related to visitation;

5. Any medical facilities and medical policies and procedures;

6. Any lockdowns at the facility in the time since the last inspection or, in the instance of the initial inspection, any lockdowns at the facility within the previous three years;

7. Staffing at the facility, including the number of staff, job assignments, the ratio of staff to inmates, and the number of staff vacancies;

8. Physical or sexual assaults at the facility in the time since the last inspection or, in the instance of the initial inspection, any physical or sexual assaults within the previous three years;

9. Inmate or staff deaths at the facility in the time since the last inspection or, in the instance of the initial inspection, any inmate or staff deaths within the previous three years;

10. Any policies and procedures related to Department staff recruitment, training, supervision, and discipline;

11. Availability of complaint and grievance forms at the facility and the accessibility of the administrative remedies process to inmates and their representatives; and

12. Any other aspect of the operation of the facility that the Office determines is necessary to assess or that relates to covered issues.

C. Upon completion of an inspection, the Office shall produce a report to be made available to the public online and to be delivered to the Governor, the Attorney General, the Senate Committee on Rehabilitation and Social Services, the House Committee on Public Safety, and the Director. The report shall include a summary of all the factors listed in subsection B, any recommendations and a safety and compliance classification with a recommended timeline for the next inspection, and the Director's response to the inspection.

D. The levels of classification shall be as follows:

1. A Tier I classification means that the facility has clear violations of rights, risks to the safety of inmates, or a severe lack of quality programming necessary for the successful rehabilitation of individuals. Such classification shall require a subsequent inspection within 12 months.

2. A Tier II classification means that the facility has violations of rights, substandard conditions of confinement, or substandard programming options. Such classification shall require a subsequent inspection within 18 to 36 months.

3. A Tier III classification means that the facility has adequate conditions of confinement and programming options. Such classification shall require a subsequent inspection within 36 months.

E. The Department shall respond in writing to each inspection report issued by the Office within 30 days of the issuance of the report and in its response shall include a corrective action plan. The Office shall monitor the Department's

compliance with the corrective action plan and may conduct further inspections or investigations as necessary to ensure such compliance.

F. Nothing in this section shall be construed to limit the ability of the Office or members of the Committee to enter and inspect a Department facility at any time, with or without advance notice, as described in §§ 53.1-17.3 and 53.1-17.4.

§ 53.1-17.7. Authority to investigate complaints.

A. The Office may initiate and attempt to resolve an investigation upon its own initiative, or upon receipt of a complaint from an inmate, a family member or representative of an inmate, a Department employee or contractor, or others, regarding (i) abuse or neglect; (ii) conditions of confinement; (iii) decisions or administrative actions by the Department; (iv) inactions or omissions of the Department; (v) Department policies, rules, or procedures; or (vi) alleged violations of law by Department employees or contractors that may adversely affect the health, safety, welfare, or rights of inmates.

B. The Office may decline to investigate any complaint. Upon declining to investigate a complaint, the Office shall notify the complainant in writing of the decision not to investigate and shall include the reasons for such decision. If the complainant is an inmate, the Office shall inform an inmate that the inmate is entitled to use the Department's policies regarding resolution of inmate grievances and shall provide information and a complete set of forms to the inmate to complete the resolution of inmate grievances. The Department shall toll any procedural deadlines imposed on inmates for filing a grievance or complaint as part of the administrative remedy process until five business days after the inmate received the information and forms from the Office by inmate legal mail process. The Office shall decline to investigate a complaint if the inmate has failed to first use the Department's policies regarding resolution of inmate grievances, unless the inmate provides evidence that the complaint is legitimate and the inmate made a good faith attempt to exhaust the administrative remedy process and was impeded or procedurally defaulted by no fault of his own. If the Office finds that inmates repeatedly assert their inability to utilize the administrative remedy process despite their good faith efforts, the Office may conduct an unannounced inspection of the facility in question to determine whether the facility is making the administrative process and grievance forms accessible to inmates.

C. The Office shall not investigate any complaints relating to an inmate's underlying criminal conviction. The Office may refer the complainant and others to the appropriate resources or state or federal agencies.

D. The Office may not levy any fees for the submission or investigation of complaints.

E. At the conclusion of an investigation, the Office shall render a decision on the merits of each complaint. The Office shall communicate the decision to the complainant and to the Department. The Office shall state its recommendations and reasoning if the Office determines that the Department, or any employee or contractor thereof, should (i) consider the matter further; (ii) modify or cancel any action; (iii) alter a rule, practice, or ruling; (iv) explain in detail the administrative action in question; or (v) rectify an omission. Upon request of the Office, the Department shall inform the Office in writing about any action taken on the recommendations or the reasons for not complying with such recommendations. Aggregated information related to complaints received and complaint resolutions shall be made publicly available pursuant to § 53.1-17.8.

G. In the event that the Department conducts its own internal disciplinary investigation and review of one or more staff members as a result of the investigation of the Office, such disciplinary investigation and review may be subject to additional investigation and review by the Office to ensure a fair and objective process.

H. Prior to announcing a conclusion or recommendation, the Office shall consult with the Department or any person individually named in the conclusion or recommendation. The Office may request to be notified, within a specified time, by the Department of any action taken on any recommendation presented.

I. The Department and any employees or contractors thereof shall not discharge, retaliate against, or in any manner discriminate against any person because such person has filed any complaint or instituted or caused to be instituted any proceeding pursuant to this article. Any alleged discharge, retaliation against, or discrimination against a complainant may be considered by the Office as an appropriate subject for investigation.

The two nonvoting members shall serve in an advisory role and shall consist of two current or former employees of the Department, a state correctional facility outside of the Commonwealth, or a federal correctional facility who served in such role within the 10 years immediately prior to appointment. Upon the request of an inmate, an inmate's family member or representative, or a Department staff member, employee, or contractor who believes he may be the subject of retaliation for providing testimony or other information to the Office or the Committee, such nonvoting members shall be excluded from any investigations, inspections, interviews, receipt of testimony, or review of documents by the Office or the Committee with regard to the requester.

B. Members appointed pursuant to this section shall serve a term of three years. Except as provided in subsection A, neither a member nor a member's spouse or domestic partner, parents, grandparents, children, or siblings shall be (i) a current or former employee or contractor of the Department at any time during the 10 years prior to his appointment to the Committee or (ii) involved in active litigation against the Department. Members of the Committee shall not serve more than three consecutive terms. The Committee shall be co-chaired by two legislative members appointed pursuant to subsection A who are not members of the same chamber of the legislature or of the same political party. A co-chairman shall serve a term of three years and shall not serve more than two consecutive terms. The Committee co-chairmen shall be selected by the leaders of their respective political parties in the House of Delegates and the Senate. Except as provided in subsection A, all members of the Committee shall have the power to vote on matters and actions before the Committee. Matters and actions of the Committee shall be decided pursuant to a majority vote of the voting members present. To vote on actions or matters before the Committee, a quorum must exist, which shall include the Committee co-chairmen and six of the other voting members.

C. The Committee shall meet as the co-chairmen deem necessary, or on the call of a majority of the members.

D. Pursuant to §§ 2.2-2813 and 2.2-2825, Committee members are not eligible to receive compensation but are eligible for reimbursement of expenses.

F. The Committee co-chairmen, or their designees, shall meet at least twice each year with the Governor and the Director to report on the work and findings of the Committee and shall provide testimony before the relevant committees of the House of Delegates and Senate upon request from the committee chairman or vice-chairman or ranking member.

G. Upon a majority vote of its voting members, the Committee may make an ex parte application to the circuit court for the county or city wherein evidence sought is kept for the issuance of a subpoena duces tecum in furtherance of an investigation or to request production by the Department of any relevant records, documents, or other evidence, with the exception of confidential employee files and active internal affairs investigations. The court may issue and compel compliance with such a subpoena upon a showing of reasonable cause. Upon determining that reasonable cause exists to believe that evidence may be destroyed or altered, the court may issue a subpoena for the appearance of an individual before any hearing conducted by the Committee. The subpoena shall be served by the Office and enforced by the circuit court. Department employees may have counsel present during testimony. Subpoenas so issued shall be served and, upon application to the court by the Committee, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action.

H. The Committee shall conduct, at a minimum, one random inspection of a facility each year and shall visit a different facility upon each inspection. All members of the Committee may be present during each inspection and shall not announce an inspection to any individual or entity outside of the Committee before such inspection occurs. During the course of an inspection, members of the Committee shall have the same access to the facility, inmates, staff, documents, and records in accordance with § 53.1-17.4 and shall have the same powers as granted to the Office for an inspection pursuant to § 53.1-17.6.

§ 53.1-17.4. Access to facilities and records.

A. The Office shall have reasonable access, upon request in person or in writing and with or without prior notice, to all Department facilities, including all areas that are used by inmates, all areas that are accessible to inmates, and to programs for inmates, at reasonable times, which at a minimum shall include normal working and visiting hours. This authority includes the opportunity to conduct an interview with any inmate, Department employee or contractor, or other person. This access is to (i) provide information about individual rights and the services available from the Office, including the name, address, and telephone number of the Office facilities or staff; (ii) conduct official inspections as defined in § 53.1-17.6;

(iii) conduct an official investigation as provided in § 53.1-17.7; and (iv) inspect, view, photograph, and record by video all areas of the facility that are used by inmates or are accessible to inmates. However, Committee members may not visit incarcerated family members outside of Department visitation policies and procedures. The Office shall preserve the confidentiality of any information obtained from the Department in accordance with applicable state and federal laws.

B. Access to inmates includes the opportunity to meet and communicate privately and confidentially with individuals regularly, with or without prior notice, both formally and informally, by telephone, mail, and electronic communication and in person. In the case of communications with inmates, these communications shall not be monitored by, recorded by, or conducted in the presence of employees or contractors of the Department. Meetings with inmates may be recorded by members of the Office at their discretion and with the inmate's consent. Any such recordings are subject to the provisions of § 53.1-17.5.

C. The Office shall provide a statewide toll-free telephone number, website, and mailing address for the receipt of complaints and inquiries.

D. The Office shall have the right to access, inspect, and copy all relevant information, records, or documents in the possession or control of the Department, with the exception of confidential employee files, that the Office considers necessary in an investigation of a complaint filed under this article, and the Department shall assist the Office in obtaining the necessary releases for those documents that are specifically restricted or privileged for use by the Office. The Office shall preserve the confidentiality of any information obtained from the Department in accordance with applicable state and federal laws.

E. Access to Department employees or contractors includes the opportunity to meet and communicate privately and confidentially with individuals during inspections or normal working hours, with or without prior notice, both formally and informally, by telephone, mail, and electronic communication and in person. Meetings with Department employees or contractors may be recorded by members of the Office at their discretion and with the individual's consent.

F. The Office shall have the power to issue a subpoena to the Department for records, documents, or data in the Department's possession, and for Department staff, contractors, or representatives to appear and provide information to the Office. Subpoenas so issued shall be served and, upon application to the court by the Office, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action. Department employees may have counsel or a representative from their employee organization present during testimony.

G. Following notification from the Office of a written request for access to Department records, the designated Department staff shall provide the Office with access to the requested documentation not later than 20 days after receipt of the written request. If the records requested pertain to (i) an inmate death; (ii) threats of bodily harm, including sexual or physical assaults; or (iii) the denial of necessary medical treatment, the records shall be provided within five days unless the Office consents to an extension.

H. The Office shall work with the Department to minimize disruption to operations of the Department due to an investigation by the Office. The Office shall comply with the Department security processes, provided these processes do not impede the investigation or resulting activities of the Office.

§ 53.1-17.5. Communications; confidentiality.

A. Unless otherwise part of the public record, the following records shall be kept confidential from the general public and not subject to the Freedom of Information Act (§ 2.2-3700 et seq.):

1. Complaints received by the Office, as well as statements, documentation, and other evidence received or maintained by the Office or its agents in connection with complaints made to or investigations undertaken pursuant to the Office's powers under §§ 53.1-17.6 and 53.1-17.7, including the identities of recipients of Ombudsman services, complainants, and individuals from whom information is acquired.

2. Photographs or video recordings taken within a Department facility pursuant to subsection A of § 53.1-17.4, if the Office determines that such photographs or video recordings contain information that is not otherwise publicly available and their dissemination to the public would jeopardize the safety or security of inmates or employees of the Department, or they can be used to identify inmates.

3. Personal identifying information about corrections staff received during the course of an investigation.

B. The Office shall establish rules and procedures to ensure the confidentiality of such information gathered and maintained by the Office. The Office shall not reveal to (i) Department employees or contractors or (ii) other inmates the identity of a complainant before, during, or after an investigation to the greatest extent practicable, except as is necessary to effectively carry out an investigation.

C. Notwithstanding anything else in this section, the Office shall disclose information as needed to prevent reasonably certain death or substantial bodily harm.

D. The Office shall keep confidential all matters under investigation, including the identities of recipients of Ombudsman services, complainants, and individuals from whom information is acquired, unless disclosure is necessary for the performance of its duties. If the Office receives personal identifying information about corrections staff during the course of an investigation that is unnecessary or unrelated to the subject of the investigation or related recommendation, the Office shall not further disclose such information. Prior to the disclosure of any such information, the Office shall provide notice to the applicable staff person and the Director.

E. Upon receipt of information that is confidential or privileged, the Office shall maintain the confidentiality of such information and shall not further disclose or disseminate the information except as provided by applicable state or federal law or as authorized by this section.

§ 53.1-17.6. Inspection authority; inspection and assessment; report; safety and compliance classification.

A. The Office shall conduct periodic inspections of each facility maintained by the Department. The initial inspection of each individual facility shall be conducted by July 1, 2026, and the findings shall be publicly reported or included in the annual report established in § 53.1-17.8.

B. An inspection of any facility may include an assessment of the following:

4. Any policies and procedures related to visitation;

5. Any medical facilities and medical policies and procedures;

6. Any lockdowns at the facility in the time since the last inspection or, in the instance of the initial inspection, any lockdowns at the facility within the previous three years;

7. Staffing at the facility, including the number of staff, job assignments, the ratio of staff to inmates, and the number of staff vacancies;

8. Physical or sexual assaults at the facility in the time since the last inspection or, in the instance of the initial inspection, any physical or sexual assaults within the previous three years;

9. Inmate or staff deaths at the facility in the time since the last inspection or, in the instance of the initial inspection, any inmate or staff deaths within the previous three years;

10. Any policies and procedures related to Department staff recruitment, training, supervision, and discipline;

11. Availability of complaint and grievance forms at the facility and the accessibility of the administrative remedies process to inmates and their representatives; and

12. Any other aspect of the operation of the facility that the Office determines is necessary to assess or that relates to covered issues.

C. Upon completion of an inspection, the Office shall produce a report to be made available to the public online and to be delivered to the Governor, the Attorney General, the Senate Committee on Rehabilitation and Social Services, the House Committee on Public Safety, and the Director. The report shall include a summary of all the factors listed in subsection B, any recommendations and a safety and compliance classification with a recommended timeline for the next inspection, and the Director's response to the inspection.

D. The levels of classification shall be as follows:

1. A Tier I classification means that the facility has clear violations of rights, risks to the safety of inmates, or a severe lack of quality programming necessary for the successful rehabilitation of individuals. Such classification shall require a subsequent inspection within 12 months.

2. A Tier II classification means that the facility has violations of rights, substandard conditions of confinement, or substandard programming options. Such classification shall require a subsequent inspection within 18 to 36 months.

3. A Tier III classification means that the facility has adequate conditions of confinement and programming options. Such classification shall require a subsequent inspection within 36 months.

E. The Department shall respond in writing to each inspection report issued by the Office within 30 days of the issuance of the report and in its response shall include a corrective action plan. The Office shall monitor the Department's compliance with the corrective action plan and may conduct further inspections or investigations as necessary to ensure such compliance.

F. Nothing in this section shall be construed to limit the ability of the Office or members of the Committee to enter and inspect a Department facility at any time, with or without advance notice, as described in §§ 53.1-17.3 and 53.1-17.4.

§ 53.1-17.7. Authority to investigate complaints.

A. The Office may initiate and attempt to resolve an investigation upon its own initiative, or upon receipt of a complaint from an inmate, a family member or representative of an inmate, a Department employee or contractor, or others, regarding (i) abuse or neglect; (ii) conditions of confinement; (iii) decisions or administrative actions by the Department; (iv) inactions or omissions of the Department; (v) Department policies, rules, or procedures; or (vi) alleged violations of law by Department employees or contractors that may adversely affect the health, safety, welfare, or rights of inmates.

B. The Office may decline to investigate any complaint. Upon declining to investigate a complaint, the Office shall notify the complainant in writing of the decision not to investigate and shall include the reasons for such decision. If the complainant is an inmate, the Office shall inform an inmate that the inmate is entitled to use the Department's policies regarding resolution of inmate grievances and shall provide information and a complete set of forms to the inmate to complete the resolution of inmate grievances. The Department shall toll any procedural deadlines imposed on inmates for filing a grievance or complaint as part of the administrative remedy process until five business days after the inmate received the information and forms from the Office by inmate legal mail process. The Office shall decline to investigate a complaint if the inmate has failed to first use the Department's policies regarding resolution of inmate grievances, unless the inmate provides evidence that the complaint is legitimate and the inmate made a good faith attempt to exhaust the

administrative remedy process and was impeded or procedurally defaulted by no fault of his own. If the Office finds that inmates repeatedly assert their inability to utilize the administrative remedy process despite their good faith efforts, the Office may conduct an unannounced inspection of the facility in question to determine whether the facility is making the administrative process and grievance forms accessible to inmates.

C. The Office shall not investigate any complaints relating to an inmate's underlying criminal conviction. The Office may refer the complainant and others to the appropriate resources or state or federal agencies.

D. The Office may not levy any fees for the submission or investigation of complaints.

E. At the conclusion of an investigation, the Office shall render a decision on the merits of each complaint. The Office shall communicate the decision to the complainant and to the Department. The Office shall state its recommendations and reasoning if the Office determines that the Department, or any employee or contractor thereof, should (i) consider the matter further; (ii) modify or cancel any action; (iii) alter a rule, practice, or ruling; (iv) explain in detail the administrative action in question; or (v) rectify an omission. Upon request of the Office, the Department shall inform the Office in writing about any action taken on the recommendations or the reasons for not complying with such recommendations. Aggregated information related to complaints received and complaint resolutions shall be made publicly available pursuant to § 53.1-17.8.

F. If the Office believes that there has been or continues to be a significant issue with inmate health, safety, welfare, or rehabilitation, the Office shall report the finding to the Governor, the Attorney General, the Senate Committee on Rehabilitation and Social Services, the House Committee on Public Safety, the Committee, and the Director.

G. In the event that the Department conducts its own internal disciplinary investigation and review of one or more staff members as a result of the investigation of the Office, such disciplinary investigation and review may be subject to additional investigation and review by the Office to ensure a fair and objective process.

H. Prior to announcing a conclusion or recommendation, the Office shall consult with the Department or any person individually named in the conclusion or recommendation. The Office may request to be notified, within a specified time, by the Department of any action taken on any recommendation presented.

I. The Department and any employees or contractors thereof shall not discharge, retaliate against, or in any manner discriminate against any person because such person has filed any complaint or instituted or caused to be instituted any proceeding pursuant to this article. Any alleged discharge, retaliation against, or discrimination against a complainant may be considered by the Office as an appropriate subject for investigation.

§ 53.1-17.8. Annual report.

A. The Office shall produce an annual report to be made available to the public online and to be delivered to the Governor, the Attorney General, the Senate Committee on Rehabilitation and Social Services, the House Committee on Public Safety, the Committee, and the Director by December 31 of each year. The report shall include:

7. A summary of staffing at each facility;

8. A summary of physical or sexual assaults reviewed by the Office;

9. A summary of any inmate or staff deaths that occurred at each facility;

10. A summary of the Office's investigations, findings, and resolutions of any complaints submitted pursuant to § 53.1-17.7; and

11. Any recommendations to the General Assembly and the Department.

B. If the Office so requests, the Department shall, within the time specified, inform the Office in writing about any action taken on the recommendations included in the annual report or the reasons for not complying with such recommendations.

§ 53.1-17.9. Inmate and family support services.

A. For the purposes of this section, "family member" means a grandparent, parent, sibling, spouse or domestic partner, child, parent's sibling, cousin, sibling's child, grandchild, or any other person related by blood, adoption, marriage, or a fostering relationship.

B. For the purposes of this section, covered issues include (i) sanitation in correctional facilities; (ii) access to proper nutrition and clean and adequate water supplies; (iii) habitable temperatures in correctional facilities; (iv) physical or sexual abuse from fellow inmates; (v) physical or sexual abuse from staff, contractors, or volunteers; (vi) credible threats against self from other inmates, staff, or contractors; (vii) neglect of staff or contractors that results in physical or sexual trauma; (viii) denial or violation of rights; (ix) access to visitation and communication with family and legal representation; (x) access to medical or mental health care or substance abuse treatment; (xi) access to educational and rehabilitative programming, drug and mental health treatment, and inmate jobs and vocational training; (xii) access to the Department's administrative remedies process for inmates and their representatives, including the availability of complaint and grievance

CHAPTER 396

An Act to amend and reenact §§ 8.01-195.10 through 8.01-195.13 of the Code of Virginia, relating to wrongful incarceration; compensation.

[H 640]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-195.10 through 8.01-195.13 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-195.10. Purpose; action by the General Assembly required; definitions.

A. The purpose of this article is to provide directions and guidelines for the compensation of persons who have been wrongfully incarcerated in the Commonwealth. Compensation for wrongful incarceration is governed by Article IV, § 14 of the Constitution of Virginia, which prohibits the General Assembly from granting relief in cases in which the courts or other tribunals may have jurisdiction ~~and any individual seeking payment of state funds for wrongful incarceration shall be deemed to have waived all other claims~~. *No compensation shall be awarded under this article unless the recipient has executed a release and waiver pursuant to subsection B of § 8.01-195.12.* The payment and receipt of any compensation for wrongful incarceration shall be contingent upon the General Assembly appropriating funds for that purpose. This article shall not provide an entitlement to compensation for persons wrongfully incarcerated or require the General Assembly to appropriate funds for the payment of such compensation. ~~No estate of or personal representative for a decedent shall be entitled to seek a claim for compensation for wrongful incarceration.~~

B. As used in this article:

"Incarceration" or "incarcerated" means confinement in a local or regional correctional facility, juvenile correctional center, state correctional facility, residential detention center, or facility operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.).

"Wrongful incarceration" or "wrongfully incarcerated" means incarceration for a felony conviction for which ~~(i)~~ the conviction has been vacated pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) or 19.3 (§ 19.2-327.10 et seq.) of Title 19.2, or the person incarcerated has been granted an absolute pardon for the commission of a crime that he did not commit~~; (ii) the person incarcerated shall have entered a final plea of not guilty or an Alford plea, or, regardless of the plea, the person incarcerated was convicted of a Class 1 felony, a Class 2 felony, or any felony for which the maximum penalty is imprisonment for life; and (iii) the person incarcerated did not by any act or omission on his part intentionally contribute to his conviction for the felony for which he was incarcerated~~.

§ 8.01-195.11. Compensation for wrongful incarceration.

A. *1.* Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony may be awarded compensation for each year of incarceration, or portion thereof. The amount of compensation per year shall be $55,000, adjusted ~~annually by the~~ *on July 1 of each fiscal year by the year-over-year* percentage increase in the Chained Consumer Price Index for All Urban Consumers (C-CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor, or any predecessor or successor index~~, compared with the prior calendar year~~. Calculations made pursuant to this section shall be made by the State Treasurer *and rounded up to the nearest dollar*.

2. For compensation awarded pursuant to this section on or after January 1, 2024, a wrongfully incarcerated person who is awarded compensation pursuant to subdivision 1 shall also receive not less than $30,000, adjusted on July 1 of each fiscal year by the year-over-year percentage increase in the Chained Consumer Price Index for all Urban Consumers

(C-CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor, or any predecessor or successor index, for each year or fraction thereof (i) of imprisonment after being sentenced to death or (ii) that such person was required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1.

B. Any compensation computed pursuant to subsection A and approved by the General Assembly shall be paid by the Comptroller by his warrant on the State Treasurer in favor of the person found to have been wrongfully incarcerated. The person wrongfully incarcerated shall be paid ~~an initial~~ *a* lump sum ~~equal to 25 percent of the compensation award with the remaining 75 percent of the principal of the compensation award to be used by the State Treasurer to purchase an annuity from any A+ rated company, including any A+ rated company from which the Virginia Lottery may purchase an annuity, to provide equal monthly payments to such person for a period certain of 10 years commencing no later than one year after the effective date of the appropriation; however, if such person's life expectancy, as calculated pursuant to the provisions of § 8.01-419 based on his age on the effective date of the appropriation, is less than 10 years, then, upon his election, the annuity period shall be equal to his life expectancy. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages by the person awarded compensation. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of the death of the person awarded compensation. All payments or costs of annuities under this section shall be made by check issued by the State Treasurer on warrant of the Comptroller.~~

~~Notwithstanding the foregoing, in the event that the person wrongfully incarcerated is 60 years of age or older or is terminally ill, the General Assembly may (i) pay 100 percent of the compensation computed pursuant to subsection A as a lump sum to the person wrongfully incarcerated or (ii) purchase an annuity for a period certain that is less than 10 years. For the purposes of this section, "terminally ill" means that the individual has a medical prognosis, as certified by a licensed physician, that his life expectancy is five years or less if the illness runs its normal course~~.

C. In addition to the compensation awarded pursuant to subsection A, the General Assembly ~~may~~ *shall* pay to the person wrongfully incarcerated the amount of any unreimbursed fine, fee, court cost, or restitution imposed and paid and reasonable attorney fees and costs incurred to receive an award pursuant to this section. *The wrongfully incarcerated person may also be awarded other nonmonetary relief sought, including counseling, housing assistance, employment assistance, health care and dental care, and personal financial literacy assistance, as appropriate.*

D. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony shall receive a transition assistance grant of $15,000 to be paid from the Criminal Fund, which amount shall be deducted from any award received pursuant to subsection B, within 30 days of receipt of the written request for the disbursement of the transition assistance grant to the Executive Secretary of the Supreme Court of Virginia. Payment of the transition assistance grant from the Criminal Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Secretary of the Supreme Court of Virginia. In addition, such person shall be entitled to receive reimbursement up to $10,000 for tuition for career and technical training within the Virginia Community College System contingent upon successful completion of the training. Reimbursement for tuition shall be provided by the comprehensive community college at which the career or technical training was completed.

E. If an individual eligible for compensation and benefits under this section is deceased, the individual's estate has standing to be compensated under this section.

§ 8.01-195.12. Conditions for continued compensation.

A. ~~Any person awarded compensation under this article who is subsequently convicted of a felony shall, immediately upon such conviction, not be eligible to receive any unpaid amounts from any compensation awarded and his beneficiaries shall not be eligible to receive any payments under an annuity purchased pursuant to subsection B of § 8.01-195.11. Any unpaid amounts remaining under any annuity shall become the property of the Commonwealth and shall be deposited into the general fund of the state treasury.~~

~~A1. Any person awarded compensation under this article who is subsequently incarcerated upon the revocation of parole or probation resulting from the commission of an act that constitutes a crime shall, during the period of such incarceration, forfeit any payments under an annuity purchased pursuant to subsection B of § 8.01-195.11. Any forfeited amounts under any annuity shall become the property of the Commonwealth and shall be deposited into the general fund of the state treasury.~~ *If, at the time of the award of compensation pursuant to § 8.01-195.11, the person wrongfully incarcerated has previously won a monetary award against the Commonwealth or any political subdivision thereof in a civil action arising out of the factual situation in connection with the conviction for which the compensation was awarded, or has entered into a settlement agreement with the Commonwealth or any political subdivision thereof arising out of such situation, the amount of the award in such action or such settlement agreement, less any sums paid to attorneys or for costs in litigating such other civil action or obtaining such settlement agreement, shall be deducted from the sum of money to which the person wrongfully incarcerated is entitled pursuant to § 8.01-195.11.*

B. As a condition of receiving any compensation under this article, a person shall execute a release and waiver forever releasing (i) the Commonwealth or any agency, instrumentality, officer, employee, or political subdivision thereof, (ii) any legal counsel appointed pursuant to § 19.2-159, and (iii) all other parties of interest, from any present or future claims the person receiving compensation may have against such enumerated parties and arising out of the factual situation in connection with the conviction for which compensation is being sought under this article. ~~In addition, the person receiving compensation shall not have been awarded a finally adjudicated judgment in a court of law against or received any funds~~

~~pursuant to a settlement agreement with any person or entity described in this subsection for compensation or damages arising out of the factual situation in connection with the conviction.~~

§ 8.01-195.13. Compensation for certain intentional acts.

A. In any matter resulting in compensation for wrongful incarceration pursuant to this article, if a court of competent jurisdiction over the matter determines, or the court record clearly demonstrates, that the Commonwealth or any agency, instrumentality, officer or employee, or political subdivision thereof (i) intentionally and wrongfully fabricated evidence that was used to obtain the wrongful conviction in such manner and (ii) intentionally, willfully, and continuously suppressed or withheld evidence establishing the innocence of the person wrongfully incarcerated, including but not limited to suppression or withholding of evidence to the Governor for the purpose of clemency, the Commonwealth may compensate the person wrongfully incarcerated for such intentional acts. Such amount shall be in addition to any compensation awarded pursuant to § 8.01-195.11 and may be up to or equal to the amount of such compensation. The additional compensation shall be added to any amount awarded pursuant to § 8.01-195.11, and the total compensation shall be paid pursuant to ~~subdivision~~ *subsection* B of § 8.01-195.11. Nothing provided in this section shall be interpreted to supplant, revoke, or supersede any other provision of this article applicable to the award of compensation for wrongful incarceration, and the additional compensation shall be subject to any conditions set forth in this article.

B. Any compensation awarded pursuant to this article that includes the additional compensation for intentional acts as set forth in subsection A shall not become effective and payable by the Commonwealth unless and until (i) the person wrongfully incarcerated executes the release and waiver pursuant to subsection B of § 8.01-195.12 and (ii) the instrumentality, or political subdivision thereof, employing any individual committing the intentional acts set forth in clauses (i) and (ii) of subsection A enters into an agreement with the person wrongfully incarcerated requiring such instrumentality or political subdivision to compensate the person with a sum at least equal to the total compensation provided pursuant to § 8.01-195.11 and this section.

A. As used in this section, "clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of advanced practice registered nurses. It is unlawful for a person to practice as an advanced practice registered nurse in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner who ~~meets~~ *does not meet* the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A certified nurse midwife shall practice pursuant to subsection H. A clinical nurse specialist shall practice pursuant to subsection J. A certified registered nurse anesthetist shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. An advanced practice registered nurse who is appointed as a medical examiner pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Physicians on patient care teams may require that an advanced practice registered nurse be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and advanced practice registered nurses working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the advanced practice registered nurse and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by an advanced practice registered nurse and provided to the Boards upon request. For advanced practice registered nurses providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the advanced practice registered nurse's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as an advanced practice registered nurse if the applicant has been licensed as an advanced practice registered nurse under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of advanced practice registered nurses in the Commonwealth. An advanced practice registered nurse to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least ~~five~~ *three* years of full-time ~~clinical~~ experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to advanced practice registered nurses.

G. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, *or for other good cause,* and an advanced practice registered nurse is unable to enter into a new practice agreement with another patient care team physician, the advanced practice registered nurse may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such advanced practice registered nurse may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided that the advanced practice registered nurse continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the advanced practice registered nurse to continue practice under this subsection for another 60 days, provided that the advanced practice registered nurse provides evidence of efforts made to secure another patient care team physician and of access to physician input. *At the conclusion of the second 60-day period, provided that the advanced practice registered nurse provides evidence of the continued efforts to secure another patient care team physician and of access to physician input, the designee or his alternate of the Boards may grant permission for the advanced practice registered nurse to continue practicing under the management and leadership of a nurse practitioner licensed by the Boards of Medicine and Nursing who (i) meets the requirements of subsection I, (ii) routinely practiced with a patient population and in a practice area within the category for which the advanced practice registered nurse was certified and licensed, and (iii) has been authorized to practice without a written or electronic practice agreement for at least three years.*

H. Every certified nurse midwife shall practice in accordance with regulations adopted by the Boards and consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing such practice.

A certified nurse midwife who has practiced fewer than 1,000 hours shall practice in consultation with a certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or a licensed physician, in accordance with a practice agreement. Such practice agreement shall address the availability of the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or the licensed physician for routine and urgent consultation on patient care. Evidence of the practice agreement shall be maintained by the certified nurse midwife and provided to the Boards upon request. A certified nurse midwife who has completed 1,000 hours of practice as a certified nurse midwife may practice without a practice agreement upon receipt by the certified nurse midwife of an attestation from the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or the licensed physician with whom the certified nurse midwife has entered into a practice agreement stating (i) that such certified nurse midwife or licensed physician has provided consultation to the certified nurse midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of time for which such certified nurse midwife or licensed physician practiced in collaboration and consultation with the certified nurse midwife pursuant to the practice agreement. A certified nurse midwife authorized to practice without a practice agreement shall consult and collaborate with and refer patients to such other health care providers as may be appropriate for the care of the patient.

I. A nurse practitioner who has completed the equivalent of at least ~~five~~ *three* years of full-time clinical experience, as determined by the Boards, may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement upon receipt by the nurse practitioner of an attestation from *either (i)* the patient care team physician *or (ii) an attesting nurse practitioner who assumed management and leadership of a nurse practitioner pursuant to subsection G and has met the requirements of this subsection for at least three years* stating ~~(i)~~ *(a)* that the patient care team physician *or attesting nurse practitioner* has served as a patient care team physician *or attesting nurse practitioner, respectively,* on a patient care team with the nurse practitioner pursuant to a practice agreement meeting the requirements of this section and § 54.1-2957.01; ~~(ii)~~ *(b)* that while a party to such practice agreement, the patient care team physician *or attesting nurse practitioner* routinely practiced with a patient population and in a practice area included within the category for which the nurse practitioner was certified and licensed; and ~~(iii)~~ *(c)* the period of time for which the patient care team physician *or attesting nurse practitioner* practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall ~~(a)~~ *(1)* only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, ~~(b)~~ *(2)* consult and collaborate with other health care providers based on the clinical conditions of the patient to whom health care is provided, and ~~(c)~~ *(3)* establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

The Board shall consist of seven licensed physicians currently practicing medicine in Virginia appointed by the Governor. Appointments to the Board shall be for four-year terms and vacancies shall be filled by appointment for the unexpired portion of a term. The Governor shall designate the chairman of the Board.

The Commissioner may refer to the Board for an advisory opinion the case of any person applying for a driver's license or renewal thereof, or of any person whose license has been suspended or revoked, or of any person being examined under the provisions of § 46.2-322, when he has cause to believe that such person suffers from ~~a physical or mental disability or disease which~~ *an impairment that* will prevent his exercising reasonable and ordinary control over a motor vehicle while driving it on the highways. The Medical Advisory Board shall provide guidance and recommendations to the Department regarding any case of a person examined under the provisions of § 46.2-322 who appeals the outcome of the examination pursuant to § 46.2-321 if the basis for such appeal is related to the medical evidence in the case. However, appeals related to the examinee's (i) failure to follow procedures, (ii) failure to pass knowledge or behind-the-wheel tests, or (iii) evaluation by

a driver rehabilitation specialist are not required to be referred to the Board. The Board shall submit to the Department its recommendations for consideration prior to the scheduled appeal proceedings. In addition, the Board shall assist the Commissioner through the development of medical and health standards for use in the issuance of driver's licenses by the Department to avoid the issuance of licenses to persons suffering from any ~~physical or mental disability or disease~~ *impairment* that will prevent their exercising reasonable and ordinary control over a motor vehicle while driving it on the highways.

The Board shall meet at the pleasure of the Commissioner. Each member shall serve without compensation but shall be reimbursed for his necessary expenses from funds appropriated to the Department of Motor Vehicles.

§ 46.2-315. Persons unable to exercise reasonable and ordinary control over a motor vehicle.

If the driver so requests in writing, the Department shall give the Department's reasons for the examination, including the identity of all persons who have supplied information to the Department regarding the driver's fitness to drive a motor vehicle. However, the Department shall not supply the reasons or information if its source is a relative of the driver or a physician, a physician assistant, an advanced practice registered nurse, a pharmacist, or other licensed medical professional as defined in § 38.2-602 treating, or prescribing medications for, the driver.

B. As a part of its examination, the Department may require a physical examination by a licensed physician, licensed advanced practice registered nurse, or licensed physician assistant and a report on the results thereof. CHAPTER 426

An Act to amend and reenact § 15.2-2903 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-2512.1, relating to local fiscal distress; state intervention.

[S 645]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2903 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-2512.1 as follows:

§ 15.2-2512.1. Local fiscal distress; determination by Auditor of Public Accounts; state intervention.

A. For purposes of this section:

"Auditor" means the Auditor of Public Accounts.

"Emergency fiscal manager" means an official appointed by the Commission on Local Government to implement a remediation plan approved by the Commission under subsection H to restore fiscal health for a locality in the

Commonwealth. The "emergency fiscal manager" shall have broad powers to rectify the financial emergency and to assure the fiscal accountability of the locality and the locality's capacity to provide or cause to be provided necessary governmental services essential to the public health, safety, and welfare.

"Fiscal distress" means a situation whereby the provision and sustainability of public services, or the ability to appropriately fund financial liabilities, is threatened by various administrative and financial shortcomings, including cash flow issues, inability to pay expenses, revenue shortfalls, deficit spending, structurally imbalanced budgets, billing and revenue collection inadequacies and discrepancies, debt overload, failure to meet obligations to authorities, school divisions, or political subdivisions of the Commonwealth, lack of trained and qualified staff to process administrative and financial transactions, or the inability to timely produce an audited financial report. "Fiscal distress" may be caused by factors internal to the locality or external to the locality, and in various degrees such conditions may or may not be controllable by management or the local governing body or its constitutional officers.

B. The Auditor shall use leading indicators based on financial data and relevant nonfinancial factors to develop criteria for a preliminary determination that a locality may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or otherwise regularly made public by the locality and the locality's annual audited financial reporting required to be submitted to the Auditor. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public Building Authority, and other state and regional authorities concerning late or missed payments shall be shared with the Auditor.

C. Based upon the criteria established by the Auditor, the Auditor shall establish a prioritized early warning system. Under the prioritized early warning system, the Auditor shall establish a regular process whereby it reviews audited financial data and other relevant factors and qualitative information on at least an annual basis to make a preliminary determination that a locality may meet the criteria for fiscal distress. As part of the early warning system, the Auditor shall use leading financial indicators based on key data from the locality's audited financial reports to evaluate information related to a locality's financial position, financial reserves, debt, and operating revenues and expenditures, along with other relevant factors as applicable. The Auditor shall further evaluate localities that are identified as needing additional evaluation based on their initial financial indicators on the basis of additional leading indicators that may include retirement liabilities, revenue growth, economic and property market value data, reports prepared by the Commission on Local Government on revenue fiscal stress, and other relevant qualitative information.

If a locality has not submitted its audited annual financial report, pursuant to §§ 15.2-2510 and 15.2-2511, within 18 months of the required December 15 deadline or provided a plan to do so, the Auditor shall notify the Governor, the Secretary of Finance, and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government that the Auditor is unable to review the locality's financial data as part of the early warning system or evaluate its financial condition due to the locality's delay with submitting its audited annual financial report. A locality's inability to timely produce its required audited financial report within 18 months of the required deadline as specified in this subsection or to provide a plan to do so shall automatically effectuate the provisions pursuant to subsection D whereby the Auditor shall make a preliminary determination that the locality may meet the criteria for fiscal distress.

D. For a locality where the Auditor has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. In coordination with the local governing body or chief executive officer, the Auditor may conduct a review and request documents and data from the locality and the locality's published budget information. Such review shall consider factors including budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas, including staffing and the identification of external variables contributing to a locality's financial position. Any local governing body that receives requests for information from the Auditor pursuant to such preliminary determination based on the above-described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the timeframes specified by the Auditor. If the locality does not acknowledge the Auditor's notification of a preliminary determination or does not provide a response to the Auditor's requests within reasonable timeframes so specified, the Auditor shall notify the Governor, the Secretary of Finance, and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government that the locality is not responsive. After such review, if the local governing body or chief executive officer requests assistance or the Auditor is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government and the governing body of the locality in writing, outlining specific issues or actions that need to be addressed by state assistance, oversight, or intervention.

E. 1. Once the Governor has received a notification from the Auditor indicating fiscal distress in a specific locality, the Governor shall consult with the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations about a plan for state assistance, oversight, or intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for state assistance, oversight, or intervention shall, at a minimum, specify the purpose of such state assistance, oversight, or intervention efforts, the estimated duration of such efforts, and the anticipated resources, dollar amounts, and personnel directed toward such efforts. The staffing necessary to carry out the assistance, oversight, or intervention plan may be assembled from either public agencies or private entities or

both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for state assistance, oversight, or intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

2. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in the state budget as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations.

3. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to $750,000 from amounts that would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance, which may be used for the purpose of providing state assistance, oversight, and intervention actions for localities deemed to be fiscally distressed and in need of state assistance, oversight, or intervention to address such distress. Any such reappropriation approved by the Governor shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

4. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government shall receive a notification from the Auditor that a specific locality is in need of state assistance, oversight, or intervention because of a worsening financial situation. The Auditor may issue such a notification upon receipt of an audited financial statement or other information that indicates the existence of fiscal distress. However, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor, such fiscal distress exists. Such notification may also be issued by the Auditor if written concerns raised about fiscal distress are not adequately addressed by the locality in question. The notification issued by the Auditor indicating fiscal distress in a specific locality pursuant to subsection D shall satisfy the notification requirement of this subdivision.

F. The governing body and the elected constitutional officers of a locality subject to a plan of state assistance, oversight, or intervention approved by the Governor shall assist all state-appointed staff conducting such efforts regardless of whether such staff are from public agencies or private entities. The state-appointed staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government outlining the scope of issues discovered and any recommendations made to address such issues, and the progress that is made on such recommendations or other state assistance, oversight, or intervention efforts. These periodic reports shall specifically address the degree of cooperation the state-appointed team is receiving from locally elected officials, including constitutional officers, city, county, or town managers, and other local personnel in regard to their intervention work.

G. The Commission on Local Government shall act in an oversight capacity for the purpose of determining whether a locality has taken appropriate action to address the issues specified in subsection D as requested by the intervention staff and whether the locality appears to be on track to resolve its fiscal distress. Technical assistance, based on the Auditor's existing oversight and support provided for local governments, shall be provided to the Commission on Local Government by the Auditor, and all agencies of the Commonwealth shall provide assistance to the Commission, upon request. The Commission on Local Government shall report its findings and conclusions to the Governor and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government.

H. For purposes of this subsection, "locality" means any locality located in Planning District 19. If the Commission on Local Government's report to the Governor concludes that a locality is either unwilling or unable to comply with the conditions necessary to address its fiscal distress, the Commission on Local Government shall appoint an emergency fiscal manager and implement a remediation plan to restore sustainable fiscal health to the locality. Following such appointment and during the duration of state remediation, the governing body and the chief executive officer of the locality shall not exercise any of the powers of those offices directly or indirectly relating to the locality's finances except as provided in this subsection and such governing body and chief executive officer shall be subject to any conditions required by the emergency fiscal manager. Notwithstanding any other provision of law, general or special, the emergency fiscal manager may shift certain responsibilities and duties from the treasurer of the locality to the emergency fiscal manager if the emergency fiscal manager determines that it is necessary in order to implement the remediation plan. The emergency fiscal manager shall (i) implement an approved fiscal recovery plan; (ii) approve all professional services, suppliers, service provider contracts, and contractual labor agreements; (iii) approve all city employee payrolls; (iv) approve all long-term debt service and loan payments; (v) complete internal control and forensic audit assessments, as needed; and (vi) approve the annual operating and capital budget. The emergency fiscal manager may make recommendations to the governing body regarding the locality's personnel and staffing. The authority granted under this subsection may apply to any locality facing fiscal distress whether such fiscal conditions originated before or after the enactment of this authority. The emergency fiscal manager shall submit a remediation plan to resolve the locality's fiscal distress to the Commission on Local Government, which shall approve, reject, or revise the plan after timely notice of any proposed actions to be taken has been provided to the public and an opportunity for public input has been provided and such input has been considered by the Commission on Local Government. Such plan shall specify the purpose of remediation efforts, including the roles and responsibilities of the local

governing body and the chief executive officer, directly or indirectly, relating to the locality's finances and the benchmarks that will allow a locality to exit the state remediation plan upon meeting such benchmarks. Following approval of the remediation plan by the Commission on Local Government, the emergency fiscal manager shall report regularly to the Commission on Local Government, the Governor, and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government regarding progress in implementation of the remediation plan. The Commission on Local Government shall determine when the locality has met the benchmarks approved in the remediation plan and shall so notify the Governor and the Chairmen of the House Committees on Appropriations and Counties, Cities and Towns and the Senate Committees on Finance and Appropriations and Local Government.

I. The Department of General Services shall develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

§ 15.2-2903. General powers and duties of Commission.

The Commission shall have the following general powers and duties:

1. To make regulations, including rules of procedure for the conducting of hearings;

2. To keep a record of its proceedings and to be responsible for the custody and preservation of its papers and documents;

3. To serve as a mediator between localities;

4. To investigate, analyze, and make findings of fact, as directed by law, as to the probable effect on the people residing in any area of the Commonwealth of any proposed action in that area:

d. To settle or adjust boundaries between localities,

e. To make a transition from city status to town status,

C. ~~Counsel appointed for a parent or guardian pursuant to subsection D of § 16.1-266 shall be selected from the list of attorneys who are qualified to serve as guardians ad litem.~~ *On or before January 1, 2026, the Judicial Council, in conjunction with the Virginia State Bar and the Virginia Bar Association, shall adopt standards for the qualification and performance of attorneys appointed pursuant to § 16.1-266 to represent a parent or guardian of a child when such child is the subject of a child dependency case. § 16.1-267. Compensation of appointed counsel.

A. When the court appoints counsel to represent a child pursuant to subsection A of § 16.1-266 and, after an investigation by the court services unit, finds that the parents are financially able to pay for the attorney and refuse to do so, the court shall assess costs against the parents for such legal services in the maximum amount of that awarded the attorney by the court under the circumstances of the case, considering such factors as the ability of the parents to pay and the nature and extent of the counsel's duties in the case. Such amount shall not exceed the maximum amount specified in subdivision 1 of § 19.2-163 if the action is in district court.

When the court appoints counsel to represent a child pursuant to subsection B or C of § 16.1-266 and, after an investigation by the court services unit, finds that the parents are financially able to pay for the attorney in whole or in part and refuse to do so, the court shall assess costs in whole or in part against the parents for such legal services in the amount awarded the attorney by the court. Such amount shall not exceed $100 if the action is in circuit court or the maximum amount specified in subdivision 1 of § 19.2-163 if the action is in district court. In determining the financial ability of the parents to pay for an attorney to represent the child, the court shall utilize the financial statement required by § 19.2-159.

In all other cases, except as provided in § 16.1-343, counsel appointed to represent a child shall be compensated for his services pursuant to § 19.2-163.

Notwithstanding the foregoing, no court may waive the limitation of fees as set forth therein.*

C. 1. In any proceeding in which the court appoints a guardian ad litem to represent a child pursuant to § 16.1-266, the court shall order the parent, or other party with a legitimate interest who has filed a petition in such proceeding, to reimburse the Commonwealth the costs of such services in an amount not to exceed the amount awarded the guardian ad litem by the

court. If the court determines that such party is unable to pay, the required reimbursement may be reduced or eliminated. No party whom the court determines to be indigent pursuant to § 19.2-159 shall be required to pay reimbursement except where the court finds good cause to do so. The Executive Secretary of the Supreme Court shall administer the guardian ad litem program and shall report August 1 and January 1 of each year to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations on the amounts paid for guardian ad litem purposes, amounts reimbursed, savings achieved, and management actions taken to further enhance savings under this program.

2. For good cause shown, or upon the failure by the guardian ad litem to substantially comply with the standards adopted for attorneys appointed as guardians ad litem pursuant to § 16.1-266.1, the court may adjust the cost sought by the guardian ad litem of such services.

3. For the purposes of this subsection, "other party with a legitimate interest" shall not include child welfare agencies or local departments of social services.

2. That up to two multidisciplinary law offices or programs may be established for the purpose of representing parents in child dependency court proceedings or, prior to the initiation of such proceedings, pursuant to a child protective services assessment or investigation in localities, jurisdictions, or judicial districts that affirm they have met criteria developed by the work group established by Chapter 305 of the Acts of Assembly of 2022. Such multidisciplinary law offices shall utilize the Interdisciplinary Practice Model developed by the American Bar Association and the Family Justice Initiative and develop such protocols, goals, and outcome measures as are consistent with those required for federal financial participation for legal representation under Title IV-E of the Social Security Act, 42 U.S.C. § 673 (Title IV-E). Any private or local public entities establishing any such multidisciplinary law office may enter into an agreement with a local department of social services or the Department of Social Services to receive Title IV-E funding for eligible administrative costs of providing legal representation for a child who is a candidate for Title IV-E foster care or in foster care and his parent to prepare for and participate in all stages of foster care legal proceedings, including court hearings related to the child's removal from the home.

3. That any multidisciplinary law office or program established pursuant to the second enactment of this act shall, in any calendar year that such multidisciplinary law office or program is in effect for at least six months, submit a report that includes information on program outcomes, expenses, recommendations, and any other information pertinent to the measurement of how the program impacts the progression of child dependency cases. Such report shall be submitted annually to the Office of the Children's Ombudsman established by Chapter 4.4 (§ 2.2-438 et seq.) of Title 2.2 of the Code of Virginia and the Chairmen of the House Committees for Courts of Justice and on Health and Human Services and Appropriations and the Senate Committees for Courts of Justice and on Education and Health and Finance and Appropriations by November 1.

4. That the provisions of § 16.1-267 of the Code of Virginia, as amended by this act, shall become effective on January 1, 2025.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues, and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include *(i)* those incidents reported to school authorities pursuant to § 22.1-279.3:1 ~~and shall include~~*; (ii)* a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles*; and (iii) specific technology systems, including physical security technologies, emergency telecommunication systems, and associated technology including equipment and software*.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate.

The results of such school safety audits shall be made public within 90 days of completion pursuant to this subsection. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, floor plans, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available to the chief law-enforcement officer of the locality or his designee. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available to the chief law-enforcement officer of the locality the results of such audits for his review and recommendations.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

Each school division shall designate an emergency manager. The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in the Commonwealth in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia

Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

Each division superintendent shall annually designate an employee in the local school division as the division safety official whose duty is to receive all reports required pursuant to subsection A of § 19.2-83.1 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. The designation required by this subsection shall include updated contact information for the division safety official, including (i) a current mailing address, (ii) a current working daytime phone number, (iii) a current functional email address, and (iv) a current functional fax number. It shall be the duty of the division superintendent to update contact information required by this subsection within 48 hours of any change to such contact information.

[H 98]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:1, as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:1. (For effective date, see Acts 2022, cc. 549, 550, cl. 2) Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its

established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

Each hospital, clinic, independent pathology laboratory, or physician shall provide other available clinical information as defined by the Board.

B. From such information the Commissioner shall establish and maintain a statewide sickle cell disease registry. The purpose of the statewide sickle cell disease registry shall include:

1. Determining means of improving the diagnosis and treatment of sickle cell disease patients.

2. Determining the need for and means of providing better long-term, follow-up care to sickle cell disease patients.

3. Conducting epidemiological analyses of the incidence, prevalence, survival, and risk factors associated with the occurrence of sickle cell disease in Virginia.

4. Improving rehabilitative programs for sickle cell disease patients.

5. Assisting in the training of hospital personnel.

6. Determining other needs of sickle cell disease patients and health personnel.

§ 32.1-73.22. Collection of sickle cell disease case information by the Commissioner.

A. Using such funds as may be appropriated therefor, the Commissioner or his designee may perform on-site data collection of the records of patients having sickle cell disease at those consenting hospitals, clinics, independent pathology laboratories, and physician offices required to report information on such patients pursuant to the reporting requirements of § 32.1-73.21 in order to ensure the completeness and accuracy of the statewide sickle cell disease registry.

B. The selection criteria for determining which consenting hospitals, clinics, independent pathology laboratories, and physician offices may be subject to on-site data collection under the provisions of this section shall include (i) the expected annual number of sickle cell disease case reports from each such facility, (ii) the historical completeness and accuracy of reporting rates of each facility under consideration, and (iii) whether the facility maintains its own sickle cell disease registry.

C. The Board shall promulgate regulations necessary to implement the provisions of this section.

§ 32.1-73.23. Confidential nature of information supplied; publication; reciprocal data-sharing agreements.

A. The Commissioner and all persons to whom information is submitted in accordance with § 32.1-73.21 shall keep such information confidential. Except as authorized by the Commissioner in accordance with the provisions of § 32.1-41, no release of any such information shall be made except in the form of statistical or other studies that do not identify individual cases.

B. The Commissioner may enter into reciprocal data-sharing agreements with other sickle cell disease registries for the exchange of information. Upon the provision of satisfactory assurances for the preservation of the confidentiality of such information, patient-identifying information may be exchanged with other sickle cell disease registries that have entered into reciprocal data-sharing agreements with the Commissioner.

§ 32.1-73.24. Penalties for unauthorized use of statewide sickle cell disease registry.

In addition to the remedies provided in § 32.1-27, any person who uses, discloses, or releases data maintained in the statewide sickle cell disease registry in violation of § 32.1-73.23 shall be subject, in the discretion of the court, to a civil penalty not to exceed $25,000 for each violation, which shall be paid to the general fund.

§ 32.1-73.25. Notification of sickle cell disease patients of statewide sickle cell disease registry reporting.

A. Any physician diagnosing sickle cell disease shall, at such time and in such manner as considered appropriate by such physician, notify each patient whose name and record abstract is required to be reported to the statewide sickle cell disease registry pursuant to § 32.1-73.21 that personal identifying information about him has been included in the registry as required by law. Any physician required to so notify a patient that personal identifying information about him has been included in the sickle cell disease registry may, when, in the opinion of the physician, such notice would be injurious to the patient's health or well-being, provide the required notice to the patient's authorized representative or next of kin in lieu of notifying the patient.

B. Upon request to the statewide sickle cell disease registry, the patient whose personal identifying information has been submitted to such registry shall have a right to know the identity of the reporter of his information to such registry. A patient diagnosed with sickle cell disease may self-report information to the statewide sickle cell disease registry. A patient diagnosed with sickle cell disease shall have the right to opt out of having his data reported to the statewide sickle cell disease registry.

§ 32.1-73.26. Annual report; sickle cell disease registry.

The Commissioner shall submit to the Governor and the General Assembly, by November 1 of each year, a report of the information obtained under this article.

CHAPTER 438

An Act to amend and reenact § 2.2-4303 of the Code of Virginia, relating to Virginia Public Procurement Act; local public bodies; electronic submissions of bids or proposals.

[H 311]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-4303 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-4303. Methods of procurement.

A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law. All state public bodies accepting bids or proposals for contracts pursuant to this chapter shall provide an option to submit bids or proposals through the Commonwealth's statewide electronic procurement system, known as eVA. The Director of the Department of General Services, or his designee, may grant an exemption from such requirement at the request of a state public body and upon a showing of good cause. ~~Local public bodies are encouraged to use eVA to offer an electronic submission option.~~ *All local public bodies shall provide an option to submit bids or proposals through eVA or other electronic means. In cases where bids or proposals are submitted electronically, the local public body may also require a certain number of paper submissions for review purposes.*

B. Professional services shall be procured by competitive negotiation.

C. Goods, services other than professional services, and insurance may be procured by competitive sealed bidding or competitive negotiation.

Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services set forth in § 2.2-4302.2. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances:

1. By any public body on a fixed price design-build basis or construction management basis as provided in Chapter 43.1 (§ 2.2-4378 et seq.); or

2. By any public body for the construction of highways and any draining, dredging, excavation, grading or similar work upon real property upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

G. A public body may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for:

1. Goods and services other than professional services and non-transportation-related construction, if the aggregate or the sum of all phases is not expected to exceed $200,000; and

2. Transportation-related construction, if the aggregate or sum of all phases is not expected to exceed $25,000.

However, such small purchase procedures shall provide for competition wherever practicable.

Such purchase procedures may allow for single or term contracts for professional services without requiring competitive negotiation, provided the aggregate or the sum of all phases is not expected to exceed $80,000.

Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.

For state public bodies, informal solicitations conducted under this subsection shall require the posting of a public notice on the Department of General Services' central electronic procurement website. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

H. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.

I. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.

2. That the provisions of this act shall become effective on January 1, 2025.

CHAPTER 439

An Act to amend the Code of Virginia by adding a section numbered 54.1-2953.1, relating to PA Licensure Compact.

[H 324]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 54.1-2953.1 as follows:

§ 54.1-2953.1. PA Licensure Compact.

The General Assembly hereby enacts, and the Commonwealth of Virginia hereby enters into, the PA Licensure Compact with any and all states legally joining therein according to its terms, in the form substantially as follows:

PA LICENSURE COMPACT.

Article 1. Purpose.

In order to strengthen access to medical services, and in recognition of the advances in the delivery of medical services, the participating states of the PA Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing authority of state licensing boards to license and discipline PAs and seeks to enhance the portability of a license to practice as a PA while safeguarding the safety of patients. This Compact allows medical services to be provided by PAs, via the mutual recognition of the licensee's qualifying license by other compact participating states. This Compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of medical services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the state licensing board where the patient is located. State licensing boards that participate in this Compact retain the jurisdiction to impose adverse action against a compact privilege in that state issued to a PA through the procedures of this Compact. The PA Licensure Compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a compact privilege based on having an unrestricted license in good standing from a participating state.

Article 2. Definitions.

As used in this Compact, unless the context requires otherwise, the following definitions shall apply:

"Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws that is imposed by a licensing board or other authority against a PA license or license application or Compact privilege such as license denial, censure, revocation, suspension, probation, monitoring of the licensee, or restriction on the licensee's practice.

"Compact privilege" means the authorization granted by a remote state to allow a licensee from another participating state to practice as a PA to provide medical services and other licensed activity to a patient located in the remote state under the remote state's laws and regulations.

"Conviction" means a finding by a court that an individual is guilty of a felony or misdemeanor offense through adjudication or entry of a plea of guilt or no contest to the charge by the offender.

"Criminal background check" means the submission of fingerprints or other biometric-based information for a license applicant for the purpose of obtaining that applicant's criminal history record information, as defined in 28 C.F.R. § 20.3(d), from the state's criminal history record repository as defined in 28 C.F.R. § 20.3(f).

"Data system" means the repository of information about licensees, including but not limited to license status and adverse actions, that is created and administered under the terms of this Compact.

"Executive committee" means a group of directors and ex-officio individuals elected or appointed pursuant to subdivision F 2 of Article 7.

"Impaired practitioner" means a PA whose practice is adversely affected by health-related condition(s) that impact their ability to practice.

"Investigative information" means information, records, or documents received or generated by a licensing board pursuant to an investigation.

"Jurisprudence requirement" means the assessment of an individual's knowledge of the laws and rules governing the practice of a PA in a state.

"License" means current authorization by a state, other than authorization pursuant to a Compact privilege, for a PA to provide medical services, which would be unlawful without current authorization.

"Licensee" means an individual who holds a license from a state to provide medical services as a PA.

"Licensing board" means any state entity authorized to license and otherwise regulate PAs.

"Medical services" means health care services provided for the diagnosis, prevention, treatment, cure, or relief of a health condition, injury, or disease, as defined by a state's laws and regulations.

"Model compact" means the model for the PA Licensure Compact on file with the Council of State Governments or other entity as designated by the Commission.

"Participating state" means a state that has enacted this Compact.

"PA" means an individual who is licensed as a physician assistant in a state. For purposes of this Compact, any other title or status adopted by a state to replace the term "physician assistant" shall be deemed synonymous with "physician assistant" and shall confer the same rights and responsibilities to the licensee under the provisions of this Compact at the time of its enactment.

"PA Licensure Compact Commission," "Compact Commission," or "Commission" mean the national administrative body created pursuant to subsection A of Article 7.

"Qualifying license" means an unrestricted license issued by a participating state to provide medical services as a PA.

"Remote state" means a participating state where a licensee who is not licensed as a PA is exercising or seeking to exercise the compact privilege.

"Rule" means a regulation promulgated by an entity that has the force and effect of law.

"Significant investigative information" means investigative information that a licensing board, after an inquiry or investigation that includes notification and an opportunity for the PA to respond if required by state law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infraction.

"State" means any state, commonwealth, district, or territory of the United States.

Article 3. State Participation in This Compact.

A. To participate in this Compact, a participating state shall:

1. License PAs.

2. Participate in the Compact Commission's data system.

3. Have a mechanism in place for receiving and investigating complaints against licensees and license applicants.

4. Notify the Commission, in compliance with the terms of this Compact and Commission rules, of any adverse action against a licensee or license applicant and the existence of significant investigative information regarding a licensee or license applicant.

5. Fully implement a criminal background check requirement, within a time frame established by Commission rule, by its licensing board receiving the results of a criminal background check and reporting to the Commission whether the license applicant has been granted a license.

6. Comply with the rules of the Compact Commission.

7. Utilize passage of a recognized national exam such as the NCCPA PANCE as a requirement for PA licensure.

8. Grant the compact privilege to a holder of a qualifying license in a participating state.

B. Nothing in this Compact prohibits a participating state from charging a fee for granting the compact privilege.

Article 4. Compact Privilege.

A. To exercise the compact privilege, a licensee shall:

1. Have graduated from a PA program accredited by the Accreditation Review Commission on Education for the Physician Assistant, Inc., or other programs authorized by Commission rule.

2. Hold current NCCPA certification.

3. Have no felony or misdemeanor conviction.

4. Have never had a controlled substance license, permit, or registration suspended or revoked by a state or by the U.S. Drug Enforcement Administration.

5. Have a unique identifier as determined by Commission rule.

6. Hold a qualifying license.

7. Have had no revocation of a license or limitation or restriction on any license currently held due to an adverse action.

8. If a licensee has had a limitation or restriction on a license or compact privilege due to an adverse action, two years shall have elapsed from the date on which the license or compact privilege is no longer limited or restricted due to the adverse action.

9. If a compact privilege has been revoked or is limited or restricted in a participating state for conduct that would not be a basis for disciplinary action in a participating state in which the licensee is practicing or applying to practice under a compact privilege, that participating state shall have the discretion not to consider such action as an adverse action requiring the denial or removal of a compact privilege in that state.

10. Notify the Compact Commission that the licensee is seeking the compact privilege in a remote state.

11. Meet any jurisprudence requirement of a remote state in which the licensee is seeking to practice under the compact privilege and pay any fees applicable to satisfying the jurisprudence requirement.

12. Report to the Commission any adverse action taken by a nonparticipating state within 30 days after the action is taken.

B. The compact privilege is valid until the expiration or revocation of the qualifying license unless terminated pursuant to an adverse action. The licensee shall also comply with all of the requirements of subsection A to maintain the compact privilege in a remote state. If the participating state takes adverse action against a qualifying license, the licensee shall lose the compact privilege in any remote state in which the licensee has a compact privilege until all of the following occur:

1. The license is no longer limited or restricted; and

2. Two years have elapsed from the date on which the license is no longer limited or restricted due to the adverse action.

C. Once a restricted or limited license satisfies the requirements of subdivisions B 1 and 2, the licensee shall meet the requirements of subsection A to obtain a compact privilege in any remote state.

D. For each remote state in which a PA seeks authority to prescribe controlled substances, the PA shall satisfy all requirements imposed by such state in granting or renewing such authority.

Article 5. Designation of the State from Which Licensee is Applying for a Compact Privilege.

Upon a licensee's application for a compact privilege, the licensee shall identify to the Commission the participating state from which the licensee is applying, in accordance with applicable rules adopted by the Commission, and subject to the following requirements:

1. When applying for a compact privilege, the licensee shall provide the Commission with the address of the licensee's primary residence and thereafter shall immediately report to the Commission any change in the address of the licensee's primary residence.

2. When applying for a compact privilege, the licensee is required to consent to accept service of process by mail at the licensee's primary residence on file with the Commission with respect to any action brought against the licensee by the Commission or a participating state, including a subpoena, with respect to any action brought or investigation conducted by the Commission or a participating state.

Article 6. Adverse Actions.

A. A participating state in which a licensee is licensed shall have exclusive power to impose adverse action against the qualifying license issued by that participating state.

B. In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do all of the following:

1. Take adverse action against a PA's compact privilege within that state to remove a licensee's compact privilege or take other action necessary under applicable law to protect the health and safety of its citizens.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a participating state for the attendance and testimony of witnesses or the production of evidence from another participating state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. Notwithstanding subdivision 2, subpoenas may not be issued by a participating state to gather evidence of conduct in another state that is lawful in that other state for the purpose of taking adverse action against a licensee's compact privilege or application for a compact privilege in that participating state.

4. Nothing in this Compact authorizes a participating state to impose discipline against a PA's compact privilege or to deny an application for a compact privilege in that participating state for the individual's otherwise lawful practice in another state.

C. For purposes of taking adverse action, the participating state that issued the qualifying license shall give the same priority and effect to reported conduct received from any other participating state as it would if the conduct had occurred within the participating state that issued the qualifying license. In so doing, that participating state shall apply its own state laws to determine appropriate action.

D. A participating state, if otherwise permitted by state law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any adverse action taken against that PA.

E. A participating state may take adverse action based on the factual findings of a remote state, provided that the participating state follows its own procedures for taking the adverse action.

F. Joint investigations.

1. In addition to the authority granted to a participating state by its respective state PA laws and regulations or other applicable state law, any participating state may participate with other participating states in joint investigations of licensees.

2. Participating states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. If an adverse action is taken against a PA's qualifying license, the PA's compact privilege in all remote states shall be deactivated until two years have elapsed after all restrictions have been removed from the state license. All disciplinary orders by the participating state that issued the qualifying license that impose adverse action against a PA's license shall include a statement that the PA's compact privilege is deactivated in all participating states during the pendency of the order.

H. If any participating state takes adverse action, it promptly shall notify the administrator of the data system.

Article 7. Establishment of the PA Licensure Compact Commission.

A. The participating states hereby create and establish a joint government agency and national administrative body known as the PA Licensure Compact Commission. The Commission is an instrumentality of the compact states acting jointly and not an instrumentality of any one state. The Commission shall come into existence on or after the effective date of the Compact as set forth in subsection A of Article 11.

B. Membership, voting, and meetings.

1. Each participating state shall have and be limited to one delegate selected by that participating state's licensing board or, if the state has more than one licensing board, selected collectively by the participating state's licensing boards.

2. The delegate shall be either:

a. A current PA, physician, or public member of a licensing board or PA council/committee; or

b. An administrator of a licensing board.

3. Any delegate may be removed or suspended from office as provided by the laws of the state from which the delegate is appointed.

4. The participating state licensing board shall fill any vacancy occurring in the Commission within 60 days.

5. Each delegate shall be entitled to one vote on all matters voted on by the Commission and shall otherwise have an opportunity to participate in the business and affairs of the Commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telecommunications, video conference, or other means of communication.

6. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in this Compact and the bylaws.

7. The Commission shall establish by rule a term of office for delegates.

C. The Commission shall have the following powers and duties:

1. Establish a code of ethics for the Commission;

2. Establish the fiscal year of the Commission;

3. Establish fees;

4. Establish bylaws;

5. Maintain its financial records in accordance with the bylaws;

18. Provide and receive information from, and cooperate with, law-enforcement agencies;

19. Elect a chair, vice chair, secretary, and treasurer and such other officers of the Commission as provided in the Commission's bylaws;

20. Reserve for itself, in addition to those reserved exclusively to the Commission under the Compact, powers that the executive committee may not exercise;

21. Approve or disapprove a state's participation in the Compact based upon its determination as to whether the state's compact legislation departs in a material manner from the model compact language;

22. Prepare and provide to the participating states an annual report; and

23. Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of PA licensure and practice.

D. Meetings of the Commission.

1. All meetings of the Commission that are not closed pursuant to this subsection shall be open to the public. Notice of public meetings shall be posted on the Commission's website at least 30 days prior to the public meeting.

2. Notwithstanding subdivision 1, the Commission may convene a public meeting by providing at least 24 hours' prior notice on the Commission's website, and any other means as provided in the Commission's rules, for any of the reasons it may dispense with notice of proposed rulemaking under subsection L of Article 9.

3. The Commission may convene in a closed, non-public meeting or non-public part of a public meeting to receive legal advice or to discuss:

i. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this Compact;

j. Legal advice; or

k. Matters specifically exempted from disclosure by federal or participating states' statutes.

4. If a meeting, or portion of a meeting, is closed pursuant to this provision, the chair of the meeting or the chair's designee shall certify that the meeting or portion of the meeting may be closed and shall reference each relevant exempting provision.

5. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

E. Financing of the Commission.

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each participating state and may impose compact privilege fees on licensees of participating states to whom a compact privilege is granted to cover the cost of the operations and activities of the Commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved by the Commission each year for which revenue is not provided by other sources. The aggregate annual assessment amount levied on participating states shall be allocated based upon a formula to be determined by Commission rule.

a. A compact privilege expires when the licensee's qualifying license in the participating state from which the licensee applied for the compact privilege expires.

b. If the licensee terminates the qualifying license through which the licensee applied for the compact privilege before its scheduled expiration, and the licensee has a qualifying license in another participating state, the licensee shall inform the Commission that it is changing to that participating state the participating state through which it applies for a compact privilege and pay to the Commission any compact privilege fee required by Commission rule.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

7. All meeting of the executive committee at which it votes or plans to vote on matters in exercising the powers and duties of the Commission shall be open to the public and public notice of such meetings shall be given as public meetings of the Commission are given.

8. The executive committee may convene in a closed, non-public meeting for the same reasons that the Commission may convene in a non-public meeting as set forth in subdivision D 3 and shall announce the closed meeting as the Commission is required to under subdivision D 4 and keep minutes of the closed meeting as the Commission is required to under subdivision D 5.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses in any proceedings as authorized by Commission rules.

5. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by state law other than this Compact.

7. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, the Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

8. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the participating states or by the Commission.

Article 8. Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, adverse action, and the reporting of the existence of significant investigative information on all licensed PAs and applicants denied a license in participating states.

B. Notwithstanding any other state law to the contrary, a participating state shall submit a uniform data set to the data system on all PAs to whom this Compact is applicable (utilizing a unique identifier) as required by the rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse actions against a license or compact privilege;

4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any criminal history record information where prohibited by law);

5. The existence of significant investigative information; and

C. Significant investigative information pertaining to a licensee in any participating state shall only be available to other participating states.

D. The Commission shall promptly notify all participating states of any adverse action taken against a licensee or an individual applying for a license that has been reported to it. This adverse action information shall be available to any other participating state.

E. Participating states contributing information to the data system may, in accordance with state or federal law, designate information that may not be shared with the public without the express permission of the contributing state. Notwithstanding any such designation, such information shall be reported to the Commission through the data system.

F. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system upon reporting of such by the participating state to the Commission.

G. The records and information provided to a participating state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a participating state.

Article 9. Rulemaking.

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Commission rules shall become binding as of the date specified by the Commission for each rule.

B. The Commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer this Compact and achieve its purposes. A Commission rule shall be invalid and have not force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope of the purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.

C. The rules of the Commission shall have the force of law in each participating state, provided however that where the rules of the Commission conflict with the laws of the participating state that establish the medical services a PA may perform in the participating state, as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

D. If a majority of the legislatures of the participating states rejects a Commission rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in the Compact.

E. Commission rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

1. On the website of the Commission or other publicly accessible platform; and

3. In such other way(s) as the Commission may by rule specify.

G. The notice of proposed rulemaking shall include:

I. If the hearing is to be held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rulemaking shall be made available to a person upon request.

4. Nothing in this section shall be construed as requiring a separate hearing on each proposed rule. Proposed rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the public hearing, the Commission shall consider all written and oral comments timely received.

K. The Commission shall, by majority vote of all delegates, take final action on the proposed rule and shall determine the effective date of the rule, if adopted, based on the rulemaking record and the full text of the rule.

1. If adopted, the rule shall be posted on the Commission's website.

2. The Commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

3. The Commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection L, the effective date of the rule shall be no sooner than 30 days after the Commission issued the notice that it adopted the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with 24 hours prior notice, without the opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. for the purposes of this provision, an emergency rule is one that must be adopted immediately by the Commission in order to:

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made as set forth in the notice of revisions and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No participating state's rulemaking requirements shall apply under this Compact.

Article 10. Oversight, Dispute Resolution, and Enforcement.

A. Oversight.

1. The executive and judicial branches of state government in each participating state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact or the Commission's rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission with service of process shall render a judgment or order in such proceeding void as to the Commission, this Compact, or Commission rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this Compact or the Commission rules, the Commission shall provide written notice to the defaulting state and other participating states. The notice shall describe the default, the proposed means of curing the default, and any other action that the Commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from this Compact upon an affirmative vote of a majority of the delegates of the participating states, and all rights, privileges, and benefits conferred by this Compact upon such state may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and to the licensing board(s) of each of the participating states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal its termination from the Compact by the Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

7. Upon the termination of a state's participation in the Compact, the State shall immediately provide notice to all licensees within that state of such termination:

a. Licensees who have been granted a compact privilege in that state shall retain the compact privilege for 180 days following the effective date of such termination.

b. Licensees who are licensed in that state who have been granted a compact privilege in a participating state shall retain the compact privilege for 180 days unless the licensee also has a qualifying license in a participating state or obtains a qualifying license in a participating state before the 180-day period ends, in which case the compact privilege shall continue.

C. Dispute resolution.

1. Upon request by a participating state, the Commission shall attempt to resolve disputes related to this Compact that arise among participating states and between participating and nonparticipating states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and rules of the Commission.

2. If compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices, against a participating state in default to enforce compliance with the provisions of this Compact and the Commission's promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

E. Legal action against the Commission.

1. A participating state may initiate legal action against the Commission in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

2. No person other than a participating state shall enforce this Compact against the Commission.

Article 11. Date of Implementation of the PA Licensure Compact Commission.

A. This Compact shall come into effect on the date on which this Compact statute is enacted into law in the seventh participating state.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the states that enacted the Compact prior to the Commission convening ("charter participating states") to determine if the statute enacted by each such charter participating state is materially different than the model compact.

a. A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in subsection B of Article 10.

b. If any participating state later withdraws from the Compact or its participation is terminated, the Commission shall remain in existence and the Compact shall remain in effect even if the number of participating states should be less than seven. Participating states enacting the Compact subsequent to the Commission convening shall be subject to the process set forth in subdivision C 21 of Article 7 to determine if their enactments are materially different from the model compact and whether they qualify for participation in the Compact.

2. Participating states enacting the Compact subsequent to the seven initial charter participating states shall be subject to the process set forth in subdivision C 21 of Article 7 to determine if their enactments are materially different from the model compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

B. Any state that joins this Compact shall be subject to the Commission's rules and bylaws as they exist on the date on which this Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that state.

C. Any participating state may withdraw from this Compact by enacting a statute repealing the same.

1. A participating state's withdrawal shall not take effect until 180 days after enactment of the repealing statute. During this 180-day period, all compact privileges that were in effect in the withdrawing state and were granted to licensees licensed in the withdrawing state shall remain in effect. If any licensee licensed in the withdrawing state is also licensed in

another participating state or obtains a license in another participating state within the 180 days, the licensee's compact privileges in other participating states shall not be affected by the passage of the 180 days.

2. Withdrawal shall not affect the continuing requirement of the state licensing board(s) of the withdrawing state to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing a state from this Compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Such withdrawing state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between participating states and between a participating state and nonparticipating state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the participating states. No amendment to this Compact shall become effective and binding upon any participating state until it is enacted materially in the same manner into the laws of all participating states as determined by the Commission.

Article 12. Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding subsection B or this subsection, the Commission may deny a state's participation in the Compact or, in accordance with the requirements of subsection B of Article 10, terminate a participating state's participation in the Compact, if it determines that a constitutional requirement of a participating state is, or would be with respect to a state seeking to participate in the Compact, a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any participating state, the Compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

Article 13. Binding Effect of Compact.

A. Nothing herein prevents the enforcement of any other law of a participating state that is not inconsistent with this Compact.

B. Any laws in a participating state in conflict with this Compact are superseded to the extent of the conflict.

C. All agreements between the Commission and the participating states are binding in accordance with their terms.

2. That any applicant for a multistate license shall pay the costs of performing any background check required by the PA Licensure Compact, as entered into by this act.

Be it enacted by the General Assembly of Virginia:

1. *§ 1. Title. This act shall be known and may be cited as the "Commonwealth of Virginia Higher Educational Institutions Bond Act of 2024."*

The proceeds of (a) bonds the issuance of which has been anticipated by BANs, (b) refunding bonds, and (c) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. Details, sale of bonds and BANs. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series .....".

§ 5. Execution of bonds and BANs. Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses. All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues. Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts. A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or

contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

Training for such persons shall be accomplished through a program approved by the local school boards, in consultation with the local departments of health.

O. In addition, this section shall not prevent the administration of drugs by a person to (i) a child in a child day program as defined in § 22.1-289.02 and regulated by the Board of Education or a local government pursuant to § 15.2-914, or (ii) a student of a private school that is accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education, provided such person (a) has satisfactorily completed a training program for this purpose approved by the Board of Nursing and taught by a registered nurse, a licensed practical nurse, an advanced practice registered nurse, a physician assistant, a doctor of medicine or osteopathic medicine, or a pharmacist; (b) has obtained written authorization from a parent or guardian; (c) administers drugs only to the child identified on the prescription label in accordance with the prescriber's instructions pertaining to dosage, frequency, and manner of administration; and (d) administers only those drugs that were dispensed from a pharmacy and maintained in the original, labeled container that would normally be self-administered by the child or student, or administered by a parent or guardian to the child or student.

P. This section shall not interfere with any prescriber issuing prescriptions in compliance with his authority and scope of practice and the provisions of this section to a Board agent for use pursuant to subsection G of § 18.2-258.1. Such prescriptions issued by such prescriber shall be deemed to be valid prescriptions.

S. If the person acting on behalf of an organization dispenses naloxone in an injectable formulation with a hypodermic needle or syringe, he shall first obtain authorization from the Department of Behavioral Health and Developmental Services to train individuals on the proper administration of naloxone by and proper disposal of a hypodermic needle or syringe, and he shall obtain a controlled substance registration from the Board of Pharmacy. The Board of Pharmacy shall not charge a fee for the issuance of such controlled substance registration. The dispensing may occur at a site other than that of the controlled substance registration provided the entity possessing the controlled substances registration maintains records in accordance with regulations of the Board of Pharmacy. No person who dispenses naloxone on behalf of an organization pursuant to this subsection shall charge a fee for the dispensing of naloxone that is greater than the cost to the organization of obtaining the naloxone dispensed. A person to whom naloxone has been dispensed pursuant to this subsection may possess naloxone and may administer naloxone to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Z. A person who is not otherwise authorized to administer naloxone or other opioid antagonist used for overdose reversal may administer naloxone or other opioid antagonist used for overdose reversal to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-200, 59.1-207.45, and 59.1-207.46 of the Code of Virginia are amended and reenacted as follows:

§ 59.1-200. Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or

brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

[H 778]

Approved April 4, 2024

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That in accordance with and as evidence of General Assembly approval pursuant to § 2.2-1151 of the Code of Virginia, the Department of Conservation and Recreation (the Department) is hereby authorized to quitclaim and release its rights and any interest it may hold in a portion of real estate related to an offsite ingress and egress easement serving the Biscuit Run Property to Samuel Stanhope Walker, II and Janice M. Walker; Leslie Scott Minor, Catherine M. Benson, and Elizabeth P. Walz, Trustees of the Jennie Sue Minor Article IV Exempt Trust FBO Catherine M. Benson; and David W. Kudravetz and George B. McCallum III, as Trustees of the Richlands Farm Land Trust, established by Deed dated January 15, 1945, recorded in the Clerk's Office of the Circuit Court of Albemarle County, Virginia in Deed Book 262, Page 390, and acquired by the Department by Deed dated December 28, 2009, recorded in the Clerk's Office of the Circuit Court of Albemarle County, Virginia in Deed Book 3835, Page 706, upon terms and conditions as the Department deems proper, with the approval of the Department of General Services and the Secretary of Administration and in a form approved by the Attorney General. The purpose of this quitclaim and release is to remove the Department's rights to the ingress and egress easement on adjacent properties, as the Department has leased the lands at the Biscuit Run Property to the Albemarle County Department of Parks and Recreation for the development of a county park, and the county has no need to reestablish the crossing of Biscuit Run or utilize the easement for access to the future park.*

"Owner-occupied building" means any building that is used as a personal residence by the owner.

E. The Director of the Department of Historic Resources shall establish by regulation the requirements needed for this program, including the fees to defray necessary expenses thereof, and, except as otherwise prohibited by this section, the extent to which the availability of the credit provided by this section is coextensive with the availability of the federal tax credit for the rehabilitation of certified historic resources.

3. Development of an individualized health care plan, including emergency procedures for any life-threatening conditions.

4. Consultation with the student's parent before any limitations or restrictions are imposed upon a student's possession and self-administration of inhaled asthma medications and auto-injectable epinephrine, and before the permission to possess and self-administer inhaled asthma medications and auto-injectable epinephrine at any point during the school year is revoked.
