E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued in accordance with § 37.2-809, (ii) an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody, (iii) the person is released, or (iv) the emergency custody order expires. An emergency custody

order shall be valid for a period not to exceed eight hours from the time of execution. *For any person who has received an evaluation or treatment while in emergency custody and for whom no temporary detention order is issued, the evaluator or treating health care professional shall consider, prior to the person's release or the expiration of the emergency custody order, whether referral of the person to a community-based outpatient stabilization program for voluntary treatment is appropriate.*

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809. The (i) evaluator conducting the evaluation pursuant to subsection B and § 37.2-809 or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

Q. An employee or contractor of an entity providing alternative transportation services pursuant to a contract with the Department who has completed training approved by the Department in the proper and safe use of restraint may use restraint (i) if restraint is necessary to ensure the safety of the person or others or prevent escape and (ii) if less restrictive techniques have been determined to be ineffective to protect the person or others from harm or to prevent escape.

R. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

2. If the magistrate finds that the person does not meet the criteria for temporary detention and the employee or designee of the community services board or the certified evaluator has recommended that referral to a community-based outpatient stabilization program for voluntary treatment would be appropriate, the employee or designee of the community services board or the certified evaluator shall provide the person with such referral.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, clinical social worker, or licensed professional counselor licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

E. An employee or a designee of the local community services board or a certified evaluator shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all persons detained pursuant to this section. An employee or designee of the local community services board or a certified evaluator may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the person given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the person to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board or the certified evaluator designates an alternative facility, that employee or designee or certified evaluator shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the

person shall be detained in a state facility for the treatment of persons with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6 or in subsection C of § 37.2-813 for persons prior to transfer to the facility of temporary detention, the person shall remain in the custody of law enforcement until either (i) the person is detained within a secure facility or (ii) custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board or the certified evaluator pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. 1. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

2. Participating hospitals with psychiatric emergency departments in the City of Hampton shall report at the end of each calendar year to the Chairmen of the Senate Committees on Education and Health and Finance and Appropriations, the House Committees on Appropriations and Health and Human Services, and the Behavioral Health Commission and the Commissioner of Behavioral Health and Developmental Services the following information: (i) the length of time between when a person who is the subject of an emergency custody order pursuant to § 37.2-808 arrives at the psychiatric emergency department of a participating hospital and when the temporary detention order evaluation is completed and (ii) the number of (a) admissions, (b) psychiatric emergency department visits, (c) temporary detention order evaluations completed, (d) temporary detention orders executed, (e) individuals under temporary detention admitted to the participating hospital, and (f) individuals transferred from the psychiatric emergency department of the participating hospital to a state facility.

3. Participating hospitals with psychiatric emergency departments in the City of Hampton shall report monthly to the Commissioner of Behavioral Health and Developmental Services the number of (i) crisis evaluations conducted each month; (ii) temporary detention orders executed as a result of such evaluations and the percentage of evaluations such temporary detention orders represent by payor type; (iii) reportable events associated with such temporary detention orders and the percentage of temporary detention orders that such reportable events represent; (iv) reportable events (a) involving loss of custody, (b) with and without an emergency custody order, (c) with a temporary detention order executed subsequently, (d) in which the individual subsequently became engaged in outpatient treatment, (e) in which the individual did not become engaged in treatment services, and (f) involving medical treatment; and (v) other events. Such participating hospitals shall include in their monthly report the facility where each patient, classified by payor type, is placed for any temporary detention order that is executed based on their evaluation.

G. The employee or the designee of the local community services board or the certified evaluator who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board or a certified evaluator prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this

section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein. The employer of any certified evaluator shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider, including any certified evaluator or designee of a local community services board or behavioral health authority, shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board or the certified evaluator who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee or certified evaluator shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board or certified evaluator will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board or certified evaluator who conducted the evaluation and the person who initiated emergency custody so requests; ~~and~~ (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody*; and (iv) provide a referral to the person to a community-based outpatient stabilization program for voluntary treatment if appropriate*. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board or certified evaluator who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The person who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board or certified evaluator shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department. The (i) certified evaluator conducting the evaluation pursuant to subsection B of § 37.2-808 and the provisions of this section or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

§ 37.2-809. (Effective July 1, 2026) Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. *1.* A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, clinical social worker, or licensed professional counselor treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) is in need of hospitalization or treatment; and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider, if available, (a) information provided by the person who

initiated emergency custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

2. If the magistrate finds that the person does not meet the criteria for temporary detention and the employee or designee of the community services board or the certified evaluator has recommended that referral to a community-based outpatient stabilization program for voluntary treatment would be appropriate, the employee or designee of the community services board or the certified evaluator shall provide the person with such referral.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, clinical social worker, or licensed professional counselor licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all persons detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the person given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the person to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the person shall be detained in a state facility for the treatment of persons with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6 or in subsection C of § 37.2-813 for persons prior to transfer to the facility of temporary detention, the person shall remain in the custody of law enforcement until either (i) the person is detained within a secure facility or (ii) custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is

lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; ~~and~~ (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody*; and (iv) provide a referral to the person to a community-based outpatient stabilization program for voluntary treatment if appropriate*. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The person who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department. The (i) evaluator conducting the evaluation pursuant to subsection B of § 37.2-808 and the provisions of this section or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

§ 37.2-813. (Expires July 1, 2026) Release of person prior to commitment hearing for involuntary admission.

A. Prior to a hearing as authorized in §§ 37.2-814 through 37.2-819, the district court judge or special justice may release the person on his personal recognizance or bond set by the district court judge or special justice if it appears from all evidence readily available that the person does not meet the commitment criteria specified in subsection C of § 37.2-817.

B. The director of any facility in which the person is detained, as long as such director is not the person's certified evaluator, may release the person prior to a hearing as authorized in §§ 37.2-814 through 37.2-819 if it appears, based on an evaluation conducted by the psychiatrist or clinical psychologist treating the person, that the person would not meet the commitment criteria specified in subsection C of § 37.2-817 if released. *Prior to the person's release under this subsection, the director shall consider, based on the evaluation conducted by the psychiatrist or clinical psychologist treating the person, whether referral of the person to a community-based outpatient stabilization program for voluntary treatment is appropriate.*

C. For any person under a temporary detention order pursuant to § 37.2-809, prior to transport to the facility of temporary detention, the director of the facility in which the person is located, as long as such director is not the person's

certified evaluator, may release the person if an employee or a designee of the local community services board or certified evaluator, as those terms are defined in § 37.2-809, in consultation with the person's treating physician, (i) conducts an evaluation of the person, (ii) determines that the person no longer meets the commitment criteria specified in subsection C of § 37.2-817, (iii) authorizes the release of the person, and (iv) provides a discharge plan. *The director and the person's treating physician shall consider referral to a community-based outpatient stabilization program for voluntary treatment in forming the person's discharge plan under this subsection.*

D. For the purposes of this section, "certified evaluator" means the same as that term is defined in § 37.2-809.

§ 37.2-813. (Effective July 1, 2026) Release of person prior to commitment hearing for involuntary admission.

C. For any person under a temporary detention order pursuant to § 37.2-809, prior to transport to the facility of temporary detention, the director of the facility in which the person is located may release the person if an employee or a designee of the local community services board, as those terms are defined in § 37.2-809, in consultation with the person's treating physician, (i) conducts an evaluation of the person, (ii) determines that the person no longer meets the commitment criteria specified in subsection C of § 37.2-817, (iii) authorizes the release of the person, and (iv) provides a discharge plan. *The director and the person's treating physician shall consider referral to a community-based outpatient stabilization program for voluntary treatment in forming the person's discharge plan under this subsection.*

§ 37.2-815. Commitment hearing for involuntary admission; examination required.

A. Notwithstanding § 37.2-814, the district court judge or special justice shall require an examination of the person who is the subject of the hearing by a psychiatrist or a psychologist who is licensed in Virginia by the Board of Medicine or the Board of Psychology and is qualified in the diagnosis of mental illness or, if such a psychiatrist or psychologist is not available, a mental health professional who (i) is licensed in Virginia through the Department of Health Professions as a clinical social worker, professional counselor, marriage and family therapist, or psychiatric advanced practice registered nurse; (ii) is qualified in the assessment of mental illness; and (iii) has completed a certification program approved by the Department. The examiner chosen shall be able to provide an independent clinical evaluation of the person and recommendations for his placement, care, and treatment. The examiner shall (a) not be related by blood or marriage to the person, (b) not be responsible for treating the person, (c) have no financial interest in the admission or treatment of the person, (d) have no investment interest in the facility detaining or admitting the person under this chapter, and (e) except for employees of state hospitals, the U.S. Department of Veterans Affairs, and community service boards, not be employed by the facility. For purposes of this section, the term "investment interest" shall be as defined in § 37.2-809.

B. The examination conducted pursuant to this section shall be a comprehensive evaluation of the person conducted in-person or, if that is not practicable, by two-way electronic video and audio communication system as authorized in § 37.2-804.1. Translation or interpreter services shall be provided during the evaluation where necessary. The examination shall consist of (i) a clinical assessment that includes a mental status examination; determination of current use of psychotropic and other medications; a medical and psychiatric history; a substance use, abuse, or dependency determination; and a determination of the likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) a substance abuse screening, when indicated; (iii) a risk assessment that includes an evaluation of the likelihood that, as a result of mental illness, the person will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; (iv) an assessment of the person's capacity to consent to treatment, including his ability to maintain and communicate choice, understand relevant information, and comprehend the situation and its consequences; (v) a review of the temporary detention facility's records for the person, including the treating physician's evaluation, any collateral information, reports of any laboratory or toxicology tests conducted, and all admission forms and nurses' notes; (vi) a discussion of treatment preferences expressed by the person or contained in a document provided by the person in support of recovery; (vii) an assessment of whether the person meets the criteria for an order authorizing discharge to mandatory outpatient treatment following a period of inpatient treatment pursuant to subsection C of § 37.2-817.01; (viii) an assessment of alternatives to involuntary inpatient treatment; ~~and~~ (ix) recommendations for the placement, care, and treatment of the person*; and (x) if the person is found not to meet the involuntary admission criteria, a recommendation as to whether referral of the person to a community-based outpatient stabilization program for voluntary treatment would be appropriate*.

C. All such examinations shall be conducted in private. The judge or special justice shall summons the examiner who shall certify that he has personally examined the person and state whether he has probable cause to believe that the person (i) has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or

threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (ii) requires involuntary inpatient treatment. The judge or special justice shall not render any decision on the petition until the examiner has presented his report. The examiner may report orally at the hearing, but he shall provide a written report of his examination prior to the hearing. The examiner's written certification may be accepted into evidence unless objected to by the person or his attorney, in which case the examiner shall attend in person or by electronic communication. When the examiner attends the hearing in person or by electronic communication, the examiner shall not be excluded from the hearing pursuant to an order of sequestration of witnesses.

§ 37.2-816. (Expires July 1, 2026) Commitment hearing for involuntary admission; preadmission screening report.

The report shall be admitted as evidence of the facts stated therein and shall state (i) whether the person has a mental illness and whether there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs~~,~~*;* (ii) whether the person is in need of involuntary inpatient treatment~~,~~*;* (iii) whether there is no less restrictive alternative to inpatient treatment~~, and~~*;* (iv) the recommendations for that person's placement, care, and treatment including, where appropriate, recommendations for mandatory outpatient treatment*; and (v) if the person is found not to meet the involuntary admission criteria, a recommendation as to whether referral of the person to a community-based outpatient stabilization program for voluntary treatment would be appropriate*. The board or the certified evaluator shall provide the preadmission screening report to the court prior to the hearing, and the report shall be admitted into evidence and made part of the record of the case. In the case of a person who has been sentenced and committed to the Department of Corrections and who has been examined by a psychiatrist or clinical psychologist, the judge or special justice may proceed to adjudicate whether the person has mental illness and should be involuntarily admitted without requesting a preadmission screening report from the community services board.

The report shall be admitted as evidence of the facts stated therein and shall state (i) whether the person has a mental illness and whether there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs~~,~~*;* (ii) whether the person is in need of involuntary inpatient treatment~~,~~*;* (iii) whether there is no less restrictive alternative to inpatient treatment~~, and~~*;* (iv) the recommendations for that person's placement, care, and treatment including, where appropriate, recommendations for mandatory outpatient treatment*; and (v) if the person is found not to meet the involuntary admission criteria, a recommendation as to whether referral of the person to a community-based outpatient stabilization program for voluntary treatment would be appropriate*. The board shall provide the preadmission screening report to the court prior to the hearing, and the report shall be admitted into evidence and made part of the record of the case. In the case of a person who has been sentenced and committed to the Department of Corrections and who has been examined by a psychiatrist or clinical psychologist, the judge or special justice may proceed to adjudicate whether the person has mental illness and should be involuntarily admitted without requesting a preadmission screening report from the community services board.

§ 37.2-817. (Expires July 1, 2026) Involuntary admission.

A. The district court judge or special justice shall render a decision on the petition for involuntary admission after the appointed examiner has presented the report required by § 37.2-815, and after the community services board that serves the county or city where the person resides or, if impractical, where the person is located or certified evaluator has presented a preadmission screening report with recommendations for that person's placement, care, and treatment pursuant to § 37.2-816. These reports, if not contested, may constitute sufficient evidence upon which the district court judge or special justice may base his decision. The examiner, if not physically present at the hearing, and the treating physician at the facility of temporary detention shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1.

B. Any employee or designee of the local community services board, as defined in § 37.2-809, representing the community services board or certified evaluator that prepared the preadmission screening report shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1. Where a hearing is held outside of the service area of the community services board that prepared the preadmission screening report, and it is not practicable for a representative of the community services board that prepared the preadmission screening report to attend or participate in the hearing, arrangements shall be made by the community services board that prepared the preadmission screening report

for an employee or designee of the community services board serving the area in which the hearing is held to attend or participate on behalf of the community services board that prepared the preadmission screening report. The employee or designee of the local community services board, as defined in § 37.2-809, representing the community services board that prepared the preadmission screening report or attending or participating on behalf of the community services board that prepared the preadmission screening report or the certified evaluator shall not be excluded from the hearing pursuant to an order of sequestration of witnesses. The community services board that prepared the preadmission screening report or the certified evaluator shall remain responsible for the person subject to the hearing and, prior to the hearing, shall send the preadmission screening report through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt to the community services board attending the hearing. Where a community services board attends the hearing on behalf of the community services board that prepared the preadmission screening report, the attending community services board shall inform the community services board that prepared the preadmission screening report of the disposition of the matter upon the conclusion of the hearing. In addition, the attending community services board shall transmit the disposition through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt.

At least 12 hours prior to the hearing, the court shall provide to the community services board or certified evaluator that prepared the preadmission screening report the time and location of the hearing. If the representative of the community services board or certified evaluator that prepared the preadmission screening report will be present by telephonic means, the court shall provide the telephone number to the community services board or certified evaluator. If a representative of a community services board will be attending the hearing on behalf of the community services board that prepared the preadmission screening report, the community services board that prepared the preadmission screening report shall promptly communicate the time and location of the hearing and, if the representative of the community services board attending on behalf of the community services board that prepared the preadmission screening report will be present by telephonic means, the telephone number to the attending community services board.

C. After observing the person and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any examiner's certification, (v) any health records available, (vi) the preadmission screening report, and (vii) any other relevant evidence that may have been admitted, including whether the person recently has been found unrestorably incompetent to stand trial after a hearing held pursuant to subsection E of § 19.2-169.1, if the judge or special justice finds by clear and convincing evidence that (a) the person has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (1) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (2) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (b) all available less restrictive treatment alternatives to involuntary inpatient treatment that would offer an opportunity for the improvement of the person's condition have been investigated and determined to be inappropriate, the judge or special justice shall by written order and specific findings so certify and order that the person be admitted involuntarily to a facility for a period of treatment not to exceed 30 days from the date of the court order. Such involuntary admission shall be to a facility designated by the community services board that serves the county or city in which the person was examined or by the certified evaluator as provided in § 37.2-816. If the community services board or the certified evaluator does not designate a facility at the commitment hearing, the person shall be involuntarily admitted to a facility designated by the Commissioner. Upon the expiration of an order for involuntary admission, the person shall be released unless (A) he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 180 days from the date of the subsequent court order, (B) he makes application for treatment on a voluntary basis as provided for in § 37.2-805, or (C) he is ordered to mandatory outpatient treatment following a period of inpatient treatment pursuant to § 37.2-817.01.

D. *If the judge or special justice finds that the person does not meet the criteria for involuntary admission and the preadmission screening report indicates that referral to a community-based outpatient stabilization program for voluntary treatment would be appropriate, the board or certified evaluator that prepared the preadmission screening report shall provide the person with such referral.*

E. For the purposes of this section, "certified evaluator" means the same as that term is defined in § 37.2-809.

§ 37.2-817. (Effective July 1, 2026) Involuntary admission.

These reports, if not contested, may constitute sufficient evidence upon which the district court judge or special justice may base his decision. The examiner, if not physically present at the hearing, and the treating physician at the facility of temporary detention shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1.

communication system as authorized in § 37.2-804.1. Where a hearing is held outside of the service area of the community services board that prepared the preadmission screening report, and it is not practicable for a representative of the community services board that prepared the preadmission screening report to attend or participate in the hearing, arrangements shall be made by the community services board that prepared the preadmission screening report for an employee or designee of the community services board serving the area in which the hearing is held to attend or participate on behalf of the community services board that prepared the preadmission screening report. The employee or designee of the local community services board, as defined in § 37.2-809, representing the community services board that prepared the preadmission screening report or attending or participating on behalf of the community services board that prepared the preadmission screening report shall not be excluded from the hearing pursuant to an order of sequestration of witnesses. The community services board that prepared the preadmission screening report shall remain responsible for the person subject to the hearing and, prior to the hearing, shall send the preadmission screening report through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt to the community services board attending the hearing. Where a community services board attends the hearing on behalf of the community services board that prepared the preadmission screening report, the attending community services board shall inform the community services board that prepared the preadmission screening report of the disposition of the matter upon the conclusion of the hearing. In addition, the attending community services board shall transmit the disposition through certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means with documented acknowledgment of receipt.

At least 12 hours prior to the hearing, the court shall provide to the community services board that prepared the preadmission screening report the time and location of the hearing. If the representative of the community services board that prepared the preadmission screening report will be present by telephonic means, the court shall provide the telephone number to the community services board. C. After observing the person and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any examiner's certification, (v) any health records available, (vi) the preadmission screening report, and (vii) any other relevant evidence that may have been admitted, including whether the person recently has been found unrestorably incompetent to stand trial after a hearing held pursuant to subsection E of § 19.2-169.1, if the judge or special justice finds by clear and convincing evidence that (a) the person has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (1) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (2) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (b) all available less restrictive treatment alternatives to involuntary inpatient treatment that would offer an opportunity for the improvement of the person's condition have been investigated and determined to be inappropriate, the judge or special justice shall by written order and specific findings so certify and order that the person be admitted involuntarily to a facility for a period of treatment not to exceed 30 days from the date of the court order. Such involuntary admission shall be to a facility designated by the community services board that serves the county or city in which the person was examined as provided in § 37.2-816. If the community services board does not designate a facility at the commitment hearing, the person shall be involuntarily admitted to a facility designated by the Commissioner. Upon the expiration of an order for involuntary admission, the person shall be released unless (A) he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 180 days from the date of the subsequent court order, (B) he makes application for treatment on a voluntary basis as provided for in § 37.2-805, or (C) he is ordered to mandatory outpatient treatment following a period of inpatient treatment pursuant to § 37.2-817.01.

D. If the judge or special justice finds that the person does not meet the criteria for involuntary admission and the preadmission screening report indicates that referral to a community-based outpatient stabilization program for voluntary treatment would be appropriate, the board or certified evaluator that prepared the preadmission screening report shall provide the person with such referral.

§ 37.2-1104. Temporary detention in hospital for testing, observation, or treatment.

A. The court or, if the court is unavailable, a magistrate serving the jurisdiction where the respondent is located may, with the advice of a licensed physician who has attempted to obtain informed consent of an adult person to treatment of a mental or physical condition, issue an order authorizing temporary detention of the adult person in a hospital emergency department or other appropriate facility for testing, observation, or treatment upon a finding that (i) probable cause exists to believe the person is incapable of making or communicating an informed decision regarding treatment of a physical or mental condition due to a mental or physical condition, including intoxication and (ii) the medical standard of care calls for observation, testing, or treatment within the next 24 hours to prevent injury, disability, death, or other harm to the person resulting from such mental or physical condition.

B. When a mental or physical condition to be treated appears to be a result of intoxication, a licensed physician who has attempted to obtain informed consent of an adult person for treatment of such mental or physical condition appearing to be a result of intoxication may seek an order from the magistrate or court in the jurisdiction where the respondent is located authorizing temporary detention of the adult person in a hospital emergency department or other appropriate facility for testing, observation, or treatment upon a finding that (i) probable cause exists to believe the person's intoxication has rendered the person incapable of making or communicating an informed decision regarding treatment and (ii) the medical standard of care calls for observation, testing, or treatment within the next 24 hours to prevent injury, disability, death, or other harm to the person or another person resulting from such intoxication.

C. The duration of temporary detention pursuant to this section shall not exceed 24 hours, unless extended by the court as part of an order authorizing treatment under § 37.2-1101. If, before completion of authorized testing, observation, or treatment, the physician determines that a person subject to an order under this subsection has become capable of making and communicating an informed decision, the physician shall rely on the person's decision on whether to consent to further testing, observation, or treatment. If, before issuance of an order under this subsection or during its period of effectiveness, the physician learns of an objection by a member of the person's immediate family to the testing, observation, or treatment, he shall so notify the court or magistrate, who shall consider the objection in determining whether to issue, modify, or terminate the order.

D. (Expires July 1, 2026) A court or, if the court is unavailable or pursuant to subsection B, a magistrate serving the jurisdiction may issue an order authorizing temporary detention for testing, observation, or treatment for a person who is also the subject of an emergency custody order issued pursuant to § 37.2-808, if such person meets the criteria set forth in subsection A or B. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order pursuant to § 37.2-808, the hospital emergency room or other appropriate facility in which the person is detained for testing, observation, or treatment shall notify the nearest community services board when such testing, observation, or treatment is complete, and the designee of the community services board or certified evaluator, as defined in § 37.2-809, shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to subsection A or B, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

D. (Effective July 1, 2026) A court or, if the court is unavailable or pursuant to subsection B, a magistrate serving the jurisdiction may issue an order authorizing temporary detention for testing, observation, or treatment for a person who is also the subject of an emergency custody order issued pursuant to § 37.2-808, if such person meets the criteria set forth in subsection A or B. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order pursuant to § 37.2-808, the hospital emergency room or other appropriate facility in which the person is detained for testing, observation, or treatment shall notify the nearest community services board when such testing, observation, or treatment is complete, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to subsection A or B, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

E. For any person who has received testing, observation, or treatment while under a temporary detention order pursuant to this section, if the person does not meet criteria for a temporary detention order pursuant to § 37.2-809, the evaluator or treating health care professional shall consider, prior to the person's release or the expiration of the temporary detention order pursuant to this section, whether referral of the person to a community-based outpatient stabilization program for voluntary treatment is appropriate.

[S 826]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-204 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding sections numbered 54.1-204.1 and 54.1-2408.01 as follows:

§ 54.1-204. Prior convictions not to abridge rights.

A. A person shall not be refused a license, certificate, or registration to practice, pursue, or engage in any regulated occupation or profession solely because of a prior criminal conviction, unless the criminal conviction directly relates to the occupation or profession for which the license, certificate, or registration is sought. ~~However, the regulatory board shall have the authority to refuse a license, certificate or registration if, based upon all the information available, including the applicants' record of prior convictions, it finds that the applicant is unfit or unsuited to engage in such occupation or profession.~~ *A regulatory board shall not use vague or arbitrary terms, including "good moral character" or "moral turpitude" to refuse a license, certificate, or registration.*

B. In determining whether a criminal conviction directly relates to an occupation or profession, the regulatory board shall consider the following criteria:

1. The nature and seriousness of the crime;

2. The relationship of the crime to the purpose for requiring a license to engage in the occupation;

3. The extent to which the occupation or profession might offer an opportunity to engage in further criminal activity of the same type as that in which the person had been involved;

4. The relationship of the crime to the ability, capacity, or fitness required to perform the duties and discharge the responsibilities of the occupation or profession;

5. The extent and nature of the person's past criminal activity;

6. The age of the person at the time of the commission of the crime;

7. The amount of time that has elapsed since the person's last involvement in the commission of a crime;

8. The conduct and work activity of the person prior to and following the criminal activity; and

9. Evidence of the person's rehabilitation or rehabilitative effort while incarcerated or following release.

C. B. The licensing authority shall provide a written determination, indicating whether the individual's criminal record would disqualify him from obtaining the license, certificate, registration, or other authority. Be it enacted by the General Assembly of Virginia:

1. That §§ 51.1-169, 51.1-304, 51.1-306, 51.1-306.1, and 51.1-308 of the Code of Virginia are amended and reenacted as follows:

§ 51.1-169. Hybrid retirement program.

A. Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. ~~No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.~~

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired or rehired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. Except as otherwise provided in subsection G:

1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

a. Upon completion of two years of active participation, 50 percent.

b. Upon completion of three years of active participation, 75 percent.

c. Upon completion of four years of active participation, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee ceases to be a member prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

C. Except as otherwise provided in subsection G:

1. An employee participating in the hybrid retirement program maintained under this section shall, pursuant to procedures established by the Board, make mandatory contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code (i) to the defined benefit component of the program in the amount of four percent of creditable compensation in lieu of the amount described in subsection A of § 51.1-144 and (ii) to the defined contribution component of the program in the amount of one percent of creditable compensation, which shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

5. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subdivision C 2 shall be provided by the Board on an annual basis to an employee who does not make the election provided in subdivision G 1.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. ~~For judges who are participating in the hybrid~~

~~retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.~~

2. No member shall retire for disability under the defined benefit component of the program~~, provided, however, that judges who are participating in the hybrid retirement program may retire for disability under §§ 51.1-307 and 51.1-308~~.

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6. The Board may contract with private corporations or institutions, subject to the standards set forth in § 51.1-124.30, to provide investment products as well as any other goods and services related to the administration of the hybrid retirement program, except as provided in subsection G. The Virginia Retirement System is hereby authorized to perform related services, including but not limited to, providing consolidated billing, individual and collective recordkeeping and accountings, and asset purchase, control, and safekeeping.

G. 1. Any political subdivision of the Commonwealth that has established a plan pursuant to § 403(b) of the Internal Revenue Code of 1986, as amended (a "403(b) plan"), may, at its option, elect to allow its employees the option to direct that voluntary contributions to the defined contribution component of the program under subdivision C 2 be made to such 403(b) plan and the corresponding employer matching contributions under subdivision B 2 be made to such 403(b) plan or the appropriate local cash match plan established under § 51.1-610. All such voluntary contributions by an employee to such 403(b) plan shall be made on a pretax basis. Any such political subdivision of the Commonwealth that so directs shall develop policies and procedures for administering such contributions, subject to and in accordance with applicable federal law and regulations. The policies and procedures shall provide for the administration of vesting provisions as provided in subdivision B 3, the establishment of and uses for a forfeiture account as provided in subdivision B 3, and automatic contribution escalation provisions as provided in subdivision C 3, all with regard to employee voluntary contributions and corresponding employer matching contributions.

In all other respects, the political subdivision shall be subject to the provisions of the hybrid retirement program described in this section.

2. The governing body of any political subdivision of the Commonwealth electing to allow its employees to use its 403(b) plan or a local cash match plan as described in subdivision 1 shall adopt a resolution on or before November 1, 2015, and submit such resolution to the Board to notify the Board of its election, which shall be effective January 1, 2016, and shall remain effective for 12 months. Thereafter, the governing body of any political subdivision of the Commonwealth may make or change its election for its employees no more often than annually by adopting a resolution on or before November 1 of each year notifying the Board of a new or changed election, which shall become effective on January 1.

3. A person who participates in the hybrid retirement program maintained under this section may make an election to participate in the 403(b) plan established by his employer under subdivision G 1. Such election shall be exercised no later than November 30, 2015, and shall be effective January 1, 2016. If an election is not made by November 30, 2015, such employee shall be deemed to have elected not to participate in the 403(b) plan established by his employer under subdivision G 1. Thereafter, such employee may make or change his election on or before November 30 of each year by

notifying his employer of a new or changed election, which shall become effective the following January 1. If an election is not made or changed by November 30, such employee shall be deemed to have elected not to change the prior year's election.

4. In the case of a 403(b) plan or local cash match plan administered by a political subdivision of the Commonwealth that provides individual accounts permitting an employee or beneficiary to exercise discretion over assets in his account, the political subdivision shall not be liable for any loss resulting from such employee's or beneficiary's (i) investment of voluntary contributions in the political subdivision's 403(b) plan or matching contributions in the political subdivision's 403(b) plan or local cash match plan, (ii) exercise of discretion over the assets in any of his accounts, or (iii) inaction with respect to the assets in any of his accounts that results in such assets being placed in a default investment option selected by the political subdivision, provided that the investment options for the affected individual account and the particular default investment option for such individual account are selected in accordance with subsection A of § 51.1-803, applied mutatis mutandis. Under no circumstances shall the Commonwealth, the Board, employees of the Retirement System, the Investment Advisory Committee of the Retirement System, or any other advisory committee established by the Board bear any liability with respect to any plan or individual account described in this subsection.

5. The provisions of this subsection shall not apply to any political subdivision of the Commonwealth that has entered into an agreement with the Retirement System pursuant to § 51.1-603.1 or 51.1-611 except with regard to a 403(b) plan.

6. Disclosure of all services, fees, restrictions, and surrender penalties associated with employee voluntary contributions under subsection G shall be provided by the political subdivision of the Commonwealth on an annual basis to an employee who makes the election provided in subdivision G 1. Such employee shall also be provided with a side-by-side comparison of the long-term effects of generic expense ratios on his investments.

7. The Board shall not be responsible for administration of or recordkeeping related to voluntary contributions to the defined contribution component of the program made to a 403(b) plan or the corresponding employer matching contributions made to a 403(b) plan or the appropriate local cash match plan established under § 51.1-610 that are authorized by subdivision G 1.

8. The Board shall develop policies and procedures for administering the provisions of this subsection.

§ 51.1-304. Contributions by Commonwealth.

The Commonwealth shall contribute an amount equal to the sum of the normal contribution, any accrued liability contribution, and any supplementary contribution. The amount shall be determined and paid as provided in Chapter 1 (§ 51.1-124.1 et seq.). Notwithstanding the foregoing provisions of this section, member contributions and employer contributions for judges appointed or elected to an original term commencing on or after January 1, 2014, *and prior to July 1, 2026,* shall be determined *and paid (i)* under the provisions of the hybrid retirement program described in § 51.1-169 *for service rendered as a judge prior to July 1, 2026, and (ii) as provided in Article 7 (§ 51.1-144 et seq.) of Chapter 1 for service rendered as a judge on or after July 1, 2026*. However, during any period that a judge is absent for a period of greater than three months from his duties, the employer shall not make any contributions otherwise required pursuant to subdivision B 2 of § 51.1-169, unless that absence is due to a medical condition, disability, active duty military leave, or family emergency and the existence of the medical condition, disability, active duty military leave, or family emergency is documented in a written communication signed under penalty of perjury by the judge or other authorized representative and submitted promptly to the Virginia Retirement System and the Executive Secretary of the Supreme Court of Virginia.

c. For a member appointed or elected to an original term commencing on or after January 1, 2014, and prior to July 1, 2026, the allowance shall equal the sum of (i) one percent of his average final compensation multiplied by the amount of creditable service performed or purchased on or after January 1, 2014, and prior to July 1, 2026; (ii) 1.65 percent of his average final compensation multiplied by the amount of creditable service performed or purchased on or after July 1, 2026; and (iii) the percentage of his average final compensation applicable to any other retirement plan administered by the Virginia Retirement System multiplied by the amount of all creditable service performed or purchased while participating in such other retirement plan.

d. In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

For retirements between October 1, 1994, and December 31, 1998, any judge who is a member or beneficiary of a retirement system administered by the Board shall receive an additional retirement allowance equal to three percent of the service retirement allowance payable under this section. Average final compensation attributable to service as Governor, Lieutenant Governor, Attorney General, or member of the General Assembly shall not be included in computing this additional retirement allowance.

2. Early retirement. -- The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has not attained his sixtieth birthday or has less than 30 years of service, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on or after his sixtieth birthday on which he would have completed a total of 30 years of creditable service.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Normal and early retirement guarantees. -- Any member who was a member of one of the previous systems immediately prior to July 1, 1970, and who would have been eligible for retirement benefits thereunder shall be guaranteed a minimum retirement allowance no less than that for which he would have qualified had he continued to participate therein.

C. Determination of retirement allowance. -- For the purposes of subsection B of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

D. Beneficiary serving in position covered by this title. -- If a beneficiary of a service retirement allowance under this chapter or under any of the previous systems is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 7 (§ 51.1-700 et seq.) of this title, his retirement allowance shall cease while so employed.

§ 51.1-306.1. Service retirement allowance for judges appointed or elected after January 1, 2014.

Notwithstanding any contrary provision of this chapter, the service retirement allowance for judges appointed or elected to an original term commencing on or after January 1, 2014, *and prior to July 1, 2026,* shall be determined *(i)* under the provisions of the hybrid retirement program described in § 51.1-169 *for service rendered as a judge prior to July 1, 2026, and (ii) pursuant to § 51.1-306 for service rendered as a judge on or after July 1, 2026.*

§ 51.1-308. Disability retirement allowance.

A. Allowance payable on retirement. —

1. Upon retirement for disability, a member who has five or more years of creditable service shall receive an annual retirement allowance payable during his lifetime and continued disability equal to 1.70 percent of average final compensation when multiplied by the smaller of (i) twice the amount of creditable service or (ii) the amount of creditable service he would have completed at age 60 if he had remained in service to that age. ~~However, for~~ *If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.*

2. For a member appointed or elected to an original term commencing on or after January 1, 2013, *and prior to January 1, 2014,* the applicable percentage *used to calculate the disability retirement allowance pursuant to subdivision 1* shall be 1.65 percent~~, and for~~.

3. For a member ~~participating in the hybrid retirement program described in § 51.1-169,~~ *appointed or elected to an original term commencing on or after January 1, 2014, and prior to July 1, 2026,* the applicable percentage *used to calculate the disability retirement allowance pursuant to subdivision 1* shall be *(i)* one percent *for service rendered between January 1, 2014, and July 1, 2026, and (ii) 1.65 percent for service rendered on or after July 1, 2026.* ~~If a member has already attained age 60, the amount of creditable service at his date of retirement shall be used.~~

4. For a member appointed or elected to an original term commencing on or after July 1, 2026, the applicable percentage used to calculate the disability retirement allowance pursuant to subdivision 1 shall be 1.65 percent.

In no case shall the annual retirement allowance exceed 78 percent of the average final compensation of the member.

B. Workers' compensation guarantee. — If a member retires for disability from a cause which is compensable under the Virginia Workers' Compensation Act (§ 65.2-100 et seq.), the amount of the annual retirement allowance shall, subject to the provisions of subsection D, equal 66 and two-thirds percent of the member's average final compensation if the member does not qualify for social security disability benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for social security disability benefits or has attained his normal retirement age under the provisions of the Social Security Act in effect on the date of his retirement, the allowance payable from the retirement system shall equal 50 percent of his average final compensation. A member shall be entitled to the larger of the retirement allowance as determined under the provisions of subsection A or under the provisions of this subsection.

C. General disability retirement guarantee. — The disability retirement allowance payable to a member who immediately prior to July 1, 1970, was a member of one of the previous systems shall be at least an amount equal to the disability retirement allowance to which he would have been entitled under the provisions of the previous system.

D. Determination of retirement allowance. — For the purposes of this section, the retirement allowance shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

E. Reduction of allowance. — Any allowance payable to a member who retires for disability from a cause compensable under the Virginia Workers' Compensation Act shall be reduced by the amount of any payments under the

provisions of the Act in effect on the date of retirement of the member and the excess of the allowance shall be paid to such member. When the time for compensation payments under the Act has elapsed, the member shall receive the full amount of the allowance payable during his lifetime and continued disability. If the member's payments under the Virginia Workers' Compensation Act are adjusted or terminated for refusal to work or to comply with the requirements of § 65.2-603, his allowance shall be computed as if he were receiving the compensation to which he would otherwise be entitled.

F. Special retirement allowance guarantee. — Any member retired from a cause which is not compensable under the Virginia Workers' Compensation Act shall be guaranteed an annual retirement allowance during his lifetime and continued disability which equals 50 percent of the member's average final compensation if the member does not qualify for social security disability benefits under the provisions of the Social Security Act in effect on the date of his retirement. If the member qualifies for social security disability benefits or has attained his normal retirement age under the provisions of the Social Security Act in effect on the date of retirement, the allowance payable from the retirement system shall equal 33 and one-third percent of his average final compensation.

2. That the provisions of this act, in accordance with § 51.1-124.8 of the Code of Virginia, shall not apply to any person retired under the provisions of Title 51.1 of the Code of Virginia prior to July 1, 2026.

CHAPTER 512

An Act to amend and reenact §§ 15.2-2209, 15.2-2309, and 15.2-2311 of the Code of Virginia, relating to civil penalties for certain repeat zoning violations in Planning District 23; appeals.

[S 992]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 15.2-2209, 15.2-2309, and 15.2-2311 of the Code of Virginia are amended and reenacted as follows:

§ 15.2-2209. Civil penalties for violations of zoning ordinance.

Notwithstanding subdivision A 5 of § 15.2-2286, any locality may adopt an ordinance ~~which~~ *that* establishes a uniform schedule of civil penalties for violations of specified provisions of the zoning ordinance. The schedule of offenses shall not include any zoning violation resulting in injury to any persons, and the existence of a civil penalty shall not preclude action by the zoning administrator under subdivision A 4 of § 15.2-2286 or action by the governing body under § 15.2-2208.

This schedule of civil penalties shall be uniform for each type of specified violation, and the penalty for any one violation shall be a civil penalty of not more than $200 for the initial summons and not more than $500 for each additional summons. *However, for any violation involving nonpermitted commercial uses in Planning District 23, the penalty shall be not more than (i) $200 for the initial violation, (ii) $1,000 for a second violation, and (iii) $1,500 for a third or subsequent violation, not to exceed an aggregate amount of $4,200 for all such violations within a 12-month period. For purposes of this section, "nonpermitted commercial uses" means any use devoted to usual and customary business purposes for the sale of goods and services when such use is not authorized or permitted under the locality's zoning ordinance.* Each day during which the violation is found to have existed shall constitute a separate offense. However, specified violations arising from the same operative set of facts shall not be charged more frequently than once in any 10-day period, and*, for violations that do not involve nonpermitted commercial uses in Planning District 23,* a series of specified violations arising from the same operative set of facts shall not result in civil penalties ~~which~~ *that* exceed a total of $5,000. Designation of a particular zoning ordinance violation for a civil penalty pursuant to this section shall be in lieu of criminal sanctions, and except for any violation resulting in injury to persons, such designation shall preclude the prosecution of a violation as a criminal misdemeanor, provided, however, that when such civil penalties total $5,000 or more, the violation may be prosecuted as a criminal misdemeanor.

The zoning administrator or his deputy may issue a civil summons as provided by law for a scheduled violation. Any person summoned or issued a ticket for a scheduled violation may make an appearance in person or in writing by mail to the department of finance or the treasurer of the locality prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the offense charged. Such persons shall be informed of their right to stand trial and that a signature to an admission of liability will have the same force and effect as a judgment of court. *Notwithstanding a court's authority to order the abatement or remedy of a zoning violation, any person who enters a waiver of trial and admits liability shall be required to abate or remedy the nonpermitted commercial violation within a period of time specified by the locality that is no less than 30 days but no more than 24 months from the date of admission of liability.*

If a person charged with a scheduled violation does not elect to enter a waiver of trial and admit liability, the violation shall be tried in the general district court in the same manner and with the same right of appeal as provided for by law. In any trial for a scheduled violation authorized by this section, it shall be the burden of the locality to show the liability of the violator by a preponderance of the evidence. If the violation remains uncorrected at the time of the admission of liability or finding of liability, the court may order the violator to abate or remedy the violation in order to comply with the zoning ordinance. Except as otherwise provided by the court for good cause shown, any such violator shall abate or remedy the violation within a period of time as determined by the court, but not later than six months of the date of admission of liability or finding of liability. Each day during which the violation continues after the court-ordered abatement period has ended shall constitute a separate offense. An admission of liability or finding of liability shall not be a criminal conviction for any purpose.

No provision herein shall be construed to allow the imposition of civil penalties (a) for activities related to land development or (b) for violation of any provision of a local zoning ordinance relating to the posting of signs on public property or public rights-of-way.

§ 15.2-2309. Powers and duties of boards of zoning appeals.

Boards of zoning appeals shall have the following powers and duties:

1. To hear and decide appeals from any order, requirement, decision, or determination made by an administrative officer in the administration or enforcement of this article or of any ordinance adopted pursuant thereto. The decision on such appeal shall be based on the board's judgment of whether the administrative officer was correct. The determination of the administrative officer shall be presumed to be correct. At a hearing on an appeal, the administrative officer shall explain the basis for his determination after which the appellant has the burden of proof to rebut such presumption of correctness by a preponderance of the evidence. *Altering the order of evidence is a reversible error only if the appellant lodges an objection citing this section and the board subsequently refuses to reorder the hearing.* The board shall consider any applicable ordinances, laws, and regulations in making its decision. For purposes of this section, determination means any order, requirement, decision*,* or determination made by an administrative officer. Any appeal of a determination to the board shall be in compliance with this section, notwithstanding any other provision of law, general or special.

2. Notwithstanding any other provision of law, general or special, to grant upon appeal or original application in specific cases a variance as defined in § 15.2-2201, provided that the burden of proof shall be on the applicant for a variance to prove by a preponderance of the evidence that his application meets the standard for a variance as defined in § 15.2-2201 and the criteria set out in this section.

Notwithstanding any other provision of law, general or special, a variance shall be granted if the evidence shows that the strict application of the terms of the ordinance would unreasonably restrict the utilization of the property or that the granting of the variance would alleviate a hardship due to a physical condition relating to the property or improvements

thereon at the time of the effective date of the ordinance, or alleviate a hardship by granting a reasonable modification to a property or improvements thereon requested by, or on behalf of, a person with a disability, and (i) the property interest for which the variance is being requested was acquired in good faith and any hardship was not created by the applicant for the variance; (ii) the granting of the variance will not be of substantial detriment to adjacent property and nearby properties in the proximity of that geographical area; (iii) the condition or situation of the property concerned is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the ordinance; (iv) the granting of the variance does not result in a use that is not otherwise permitted on such property or a change in the zoning classification of the property; and (v) the relief or remedy sought by the variance application is not available through a special exception process that is authorized in the ordinance pursuant to subdivision 6 of § 15.2-2309 or the process for modification of a zoning ordinance pursuant to subdivision A 4 of § 15.2-2286 at the time of the filing of the variance application. Any variance granted to provide a reasonable modification to a property or improvements thereon requested by, or on behalf of, a person with a disability may expire when the person benefited by it is no longer in need of the modification to such property or improvements provided by the variance, subject to the provisions of state and federal fair housing laws, or the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.), as applicable. If a request for a reasonable modification is made to a locality and is appropriate under the provisions of state and federal fair housing laws, or the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.), as applicable, such request shall be granted by the locality unless a variance from the board of zoning appeals under this section is required in order for such request to be granted.

No variance shall be considered except after notice and hearing as required by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

In granting a variance, the board may impose such conditions regarding the location, character, and other features of the proposed structure or use as it may deem necessary in the public interest and may require a guarantee or bond to ensure that the conditions imposed are being and will continue to be complied with. Notwithstanding any other provision of law, general or special, the property upon which a property owner has been granted a variance shall be treated as conforming for all purposes under state law and local ordinance; however, the structure permitted by the variance may not be expanded unless the expansion is within an area of the site or part of the structure for which no variance is required under the ordinance. Where the expansion is proposed within an area of the site or part of the structure for which a variance is required, the approval of an additional variance shall be required.

3. To hear and decide appeals from the decision of the zoning administrator after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

4. To hear and decide applications for interpretation of the district map where there is any uncertainty as to the location of a district boundary. After notice to the owners of the property affected by the question, and after public hearing with notice as required by § 15.2-2204, the board may interpret the map in such way as to carry out the intent and purpose of the ordinance for the particular section or district in question. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail. The board shall not have the power to change substantially the locations of district boundaries as established by ordinance.

5. No provision of this section shall be construed as granting any board the power to rezone property or to base board decisions on the merits of the purpose and intent of local ordinances duly adopted by the governing body.

6. To hear and decide applications for special exceptions as may be authorized in the ordinance. The board may impose such conditions relating to the use for which a permit is granted as it may deem necessary in the public interest, including limiting the duration of a permit, and may require a guarantee or bond to ensure that the conditions imposed are being and will continue to be complied with.

No special exception may be granted except after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

7. To revoke a special exception previously granted by the board of zoning appeals if the board determines that there has not been compliance with the terms or conditions of the permit. No special exception may be revoked except after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail. If a governing body reserves unto itself the right to issue special exceptions pursuant to § 15.2-2286, and, if the governing body determines that there has not been compliance with the terms and conditions of the permit, then it may also revoke special exceptions in the manner provided by this subdivision.

8. The board by resolution may fix a schedule of regular meetings, and may also fix the day or days to which any meeting shall be continued if the chairman, or vice-chairman if the chairman is unable to act, finds and declares that weather

or other conditions are such that it is hazardous for members to attend the meeting. Such finding shall be communicated to the members and the press as promptly as possible. All hearings and other matters previously advertised for such meeting in accordance with § 15.2-2312 shall be conducted at the continued meeting and no further advertisement is required.

§ 15.2-2311. Appeals to board.

A. An appeal to the board may be taken by any person aggrieved or by any officer, department, board or bureau of the locality affected by any decision of the zoning administrator or from any order, requirement, decision or determination made by any other administrative officer in the administration or enforcement of this article, any ordinance adopted pursuant to this article, or any modification of zoning requirements pursuant to § 15.2-2286. Notwithstanding any charter provision to the contrary, any written notice of a zoning violation or a written order of the zoning administrator dated on or after July 1, 1993, shall include a statement informing the recipient that he may have a right to appeal the notice of a zoning violation or a written order within 30 days in accordance with this section, and that the decision shall be final and unappealable if not appealed within 30 days. The zoning violation or written order shall include the applicable appeal fee and a reference to where additional information may be obtained regarding the filing of an appeal. The appeal period shall not commence until the statement is given and the zoning administrator's written order is sent by registered or certified mail *with proof of delivery* to, or posted at, the last known address or usual place of abode of the property owner or its registered agent, if any. There shall be a rebuttable presumption that the property owner's last known address is that shown on the current real estate tax assessment records, or the address of a registered agent that is shown in the records of the Clerk of the State Corporation Commission. The appeal shall be taken within 30 days after the decision appealed from by filing with the zoning administrator, and with the board, a notice of appeal specifying the grounds thereof. The zoning administrator shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. The fee for filing an appeal shall not exceed the costs of advertising the appeal for public hearing and reasonable costs. A decision by the board on an appeal taken pursuant to this section shall be binding upon the owner of the property ~~which~~ *that* is the subject of such appeal only if the owner of such property has been provided notice of the zoning violation or written order of the zoning administrator in accordance with this section. The owner's actual notice of such notice of zoning violation or written order or active participation in the appeal hearing shall waive the owner's right to challenge the validity of the board's decision due to failure of the owner to receive the notice of zoning violation or written order. For jurisdictions that impose civil penalties for violations of the zoning ordinance, any such civil penalty shall not be assessed by a court having jurisdiction during the pendency of the 30-day appeal period.

B. An appeal shall stay all proceedings in furtherance of the action appealed from unless the zoning administrator certifies to the board that by reason of facts stated in the certificate a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order granted by the board or by a court of record, on application and on notice to the zoning administrator and for good cause shown.

C. In no event shall a written order, requirement, decision or determination made by the zoning administrator or other administrative officer be subject to change, modification or reversal by any zoning administrator or other administrative officer after 60 days have elapsed from the date of the written order, requirement, decision or determination where the person aggrieved has materially changed his position in good faith reliance on the action of the zoning administrator or other administrative officer unless it is proven that such written order, requirement, decision or determination was obtained through malfeasance of the zoning administrator or other administrative officer or through fraud. The 60-day limitation period shall not apply in any case where, with the concurrence of the attorney for the governing body, modification is required to correct clerical errors.

D. In any appeal taken pursuant to this section, if the board's attempt to reach a decision results in a tie vote, the matter may be carried over until the next scheduled meeting at the request of the person filing the appeal.

CHAPTER 519

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning violations; appeals; fines.

[S 1422]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing. Conditions may include the period of validity for a special exception or special use permit; however, in the case of a special exception or special use permit for residential projects, the period of validity shall be no less than three years.

The governing body or the board of zoning appeals of the Cities of Hampton and Norfolk may impose a condition upon any special exception or use permit relating to retail alcoholic beverage control licensees which provides that such special exception or use permit will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility, or the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving *(a) the storage or disposal of nonagricultural excavation material, waste, and debris or (b)* temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: ~~(i)~~ *(1)* the strict application of the ordinance would produce undue hardship; ~~(ii)~~ *(2)* such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and ~~(iii)~~ *(3)* the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period. If the decision or determination by the zoning administrator could impair the ability of an adjacent property owner to satisfy the minimum storage capacity and yield requirements for a residential drinking well pursuant to § 32.1-176.4 or any regulation adopted thereunder, the zoning administrator shall provide a copy of such decision or determination to such adjacent property owner so affected.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than $1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than $1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than $1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than $2,000.

However, any conviction resulting from a violation of provisions regulating the storage or disposal of nonagricultural excavation material, waste, and debris shall be punishable by a fine of $2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of $5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of $7,500.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to $2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to $5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to $7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during

the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions to incorporate generally accepted national environmental protection and product safety standards for the use of solar panels and battery technologies for solar photovoltaic (electric energy) projects, such as those developed for existing product certifications and standards including the National Sanitation Foundation/American National Standards Institute No. 457, International Electrotechnical Commission No. 61215-2, Institute of Electrical and Electronics Engineers Standard 1547, and Underwriters Laboratories No. 61730-2.

14. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

15. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

16. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein

the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

CHAPTER 522

An Act to amend and reenact §§ 58.1-3212, 58.1-3213.1, and 58.1-3215 of the Code of Virginia, relating to real property tax; exemption for elderly and disabled individuals.

[H 2029]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3212, 58.1-3213.1, and 58.1-3215 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3212. Local restrictions and exemptions.

A. Pursuant to Article X, Section 6 (b) of the Constitution of Virginia, the General Assembly hereby authorizes the governing body of a county, city or town to establish by ordinance net financial worth or annual income limitations as a condition of eligibility for any exemption or deferral of tax allowed pursuant to this article. If the governing body establishes an annual income limitation, the computation of annual income shall be based on adding together the income received during the preceding calendar year, without regard to whether a tax return is actually filed, by (i) owners of the dwelling who use it as their principal residence, (ii) owners' relatives who live in the dwelling, except for those relatives living in the dwelling and providing bona fide caregiving services to the owner whether such relatives are compensated or not, and (iii) at the option of each locality, nonrelatives of the owner who live in the dwelling except for bona fide tenants or bona fide caregivers of the owner, whether compensated or not. A locality may provide in its ordinance that, for the purpose of the computation of annual income, if an individual described in clause (ii) and (iii) is permanently and totally disabled, any disability income received by such person shall not be included. If the governing body establishes a net financial worth limitation, net financial worth shall be based on adding together the net financial worth, including the present value of equitable interests, as of December 31 of the immediately preceding calendar year, of the owners, and of the spouse of any owner, of the dwelling.

Nothing in this section shall be construed or interpreted as to preclude or prohibit the governing body of a county, city or town from excluding certain sources of income, or a portion of the same, for purposes of its annual income limitation or excluding certain assets, or a portion of the same, for purposes of its net financial worth limitation.

Any county, city, or town that pursuant to this article provides for the exemption from, deferral of, or a combination program of exemptions from and deferrals of real property taxes may exempt or defer the real property taxes of the qualifying dwelling and the land, not exceeding ten acres, upon which it is situated.

No local ordinance shall require that a citizen reside in the jurisdiction for a designated period of time as a condition for qualifying for any real estate tax exemption or deferral program established pursuant to § 58.1-3210.

B. A locality may, by ordinance, require that in order to qualify for an exemption or deferral under this section, a qualifying individual shall be required to either (i) pay all delinquent taxes, penalties, and interest assessed by the locality and incurred prior to becoming eligible for an exemption or deferral; (ii) enter into an installment agreement with the locality for the payment of all such delinquent amounts in installments over a period that is reasonable under the circumstances, but that in no event shall exceed 72 months; (iii) submit and obtain the treasurer's agreement to an offer in compromise pursuant to § 58.1-3994 with respect to all amounts of delinquent taxes, penalties, and interest; or (iv) a

combination thereof. Compliance with the installment or accepted offer in compromise shall be a requirement for remaining eligible for an exemption or deferral.

§ 58.1-3213.1. Notice of local real estate tax exemption or deferral program for elderly individuals and individuals with disabilities.

The treasurer of any county, city, or town shall enclose written notice, in each real estate tax bill, of the terms and conditions of any local real estate tax exemption or deferral program established in the jurisdiction pursuant to § 58.1-3210. *Such information may also be included in the notice of change in assessment required to be sent pursuant to § 58.1-3330.* The treasurer shall also employ any other reasonable means necessary to notify residents of the county, city, or town about the terms and conditions of the real estate tax exemption or deferral program for elderly individuals and individuals with disabilities who reside in the county, city, or town*, including posting the program information on the county, city, or town website in a clear and conspicuous manner*.

§ 58.1-3215. Effective date; change in circumstances.

A. An exemption or deferral enacted pursuant to § 58.1-3210 or 58.1-3211.1 may be granted for any year following the date that the qualifying individual occupying such dwelling and owning title or partial title thereto reaches the age of 65 years or for any year following the date the disability occurred. Changes in income, financial worth, ownership of property or other factors occurring during the taxable year for which an affidavit is filed and having the effect of exceeding or violating the limitations and conditions provided by county, city or town ordinance shall nullify any exemption or deferral for the remainder of the current taxable year and the taxable year immediately following. However, any locality may by ordinance provide *(i)* a prorated exemption or deferral for the portion of the taxable year during which the taxpayer qualified for such exemption or deferral *or (ii) a prorated exemption or deferral for the portion of the taxable year during which the taxpayer would have qualified for such exemption or deferral but had not yet filed an application. Any prorated exemption or deferral under clause (ii) shall apply only for the taxable year in which the taxpayer qualified for such exemption or deferral and not any prior year*.

B. An ordinance enacted pursuant to this article may provide that a change in ownership to a spouse or a nonqualifying individual, when such change resulted solely from the death of the qualifying individual, or a sale of such property shall result in a prorated exemption or deferral for the then current taxable year. The proceeds of the sale which would result in the prorated exemption or deferral shall not be included in the computation of net worth or income as provided in subsection A. Such prorated portion shall be determined by multiplying the amount of the exemption or deferral by a fraction wherein the number of complete months of the year such property was properly eligible for such exemption or deferral is the numerator and the number 12 is the denominator.

C. An ordinance enacted pursuant to this article may provide that an individual who does not qualify for the exemption or deferral under this article based upon the previous year's income limitations and financial worth limitations, may nonetheless qualify for the current year by filing an affidavit that clearly shows a substantial change of circumstances, that was not volitional on the part of the individual to become eligible for the exemption or deferral, and will result in income and financial worth levels that are within the limitations of the ordinance. The ordinance may impose additional conditions and require other information under this subsection. The locality may prorate the exemption or deferral from the date the affidavit is submitted or any other date.

Any exemption or deferral under this subsection must be conditioned upon the individual filing another affidavit after the end of the year in which the exemption or deferral was granted, within a period of time specified by the locality, showing that the actual income and financial worth levels were within the limitations set by the ordinance. If the actual income and financial worth levels exceeded the limitations any exemption or deferral shall be nullified for the current taxable year and the taxable year immediately following.

An Act to amend and reenact § 16.1-263 of the Code of Virginia, relating to summonses of a juvenile; custody, visitation, and support proceedings.

[H 2115]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-263 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-263. Summonses.

A. After a petition has been filed, the court shall direct the issuance of summonses, one directed to the juvenile, if the juvenile is ~~twelve~~ *12* or more years of age, *except for juveniles whose custody, visitation, or support is a subject of controversy or requires determination pursuant to subdivision A 3 of § 16.1-241,* and another to at least one parent, guardian, legal custodian, or other person standing in loco parentis, and such other persons as appear to the court to be proper or necessary parties to the proceedings.

After a petition has been filed in cases involving custody or visitation of a juvenile pursuant to subdivision A 3 of § 16.1-241, the court may direct the issuance of a summons to the juvenile for any hearing to adjudicate or dispose of such petition (i) on its own motion or (ii) upon request of any party to such petition.

After a petition has been filed in cases solely involving support of a juvenile pursuant to subdivision A 3 of § 16.1-241, the court may direct the issuance of a summons to the juvenile (a) on its own motion or (b) for good cause shown by the party requesting the issuance of such summons.

After a petition has been filed against an adult pursuant to subsection C or D of § 16.1-259, the court shall direct the issuance of a summons against the adult.

The summons shall require them to appear personally before the court at the time fixed to answer or testify as to the allegations of the petition. Where the custodian is summoned and such person is not a parent of the juvenile in question, a parent shall also be served with a summons. The court may direct that other proper or necessary parties to the proceedings be notified of the pendency of the case, the charge and the time and place for the hearing.

Any such summons shall be deemed a mandate of the court, and willful failure to obey its requirements shall subject any person guilty thereof to liability for punishment for contempt. Upon the failure of any person to appear as ordered in the summons, the court shall immediately issue an order for such person to show cause why he should not be held in contempt.

The parent, guardian, legal custodian, or other person standing in loco parentis shall not be summoned to appear or be punished for failure to appear in cases of adults who are brought before the court pursuant to subsection C or D of § 16.1-259 unless such person is summoned as a witness.

B. The summons shall advise the parties of their right to counsel as provided in § 16.1-266. A copy of the petition shall accompany each summons for the initial proceedings. The summons shall include notice that in the event that the juvenile is committed to the Department or to a secure local facility, at least one parent or other person legally obligated to care for and support the juvenile may be required to pay a reasonable sum for treatment of the juvenile pursuant to § 16.1-290. Notice of subsequent proceedings shall be provided to all parties in interest. In all cases where a party is represented by counsel and counsel has been provided with a copy of the petition and due notice as to time, date, and place of the hearing, such action shall be deemed due notice to such party, unless such counsel has notified the court that he no longer represents such party.

C. The judge may endorse upon the summons an order directing a parent or parents, guardian, or other custodian having the custody or control of the juvenile to bring the juvenile to the hearing.

D. A party, other than the juvenile, may waive service of summons by written stipulation or by voluntary appearance at the hearing.

E. No such summons or notification shall be required if the judge shall certify on the record that (i) the identity of a parent or guardian is not reasonably ascertainable or (ii) in cases in which it is alleged that a juvenile has committed a delinquent act, crime, status offense, or traffic infraction or is in need of services or supervision, the location, or in the case of a parent or guardian located outside of the Commonwealth the location or mailing address, of a parent or guardian is not reasonably ascertainable. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. In cases referred to in clause (ii), an affidavit of a law-enforcement officer or juvenile probation officer that the location of a parent or guardian is not reasonably ascertainable shall be sufficient evidence of this fact, provided that there is no other evidence before the court which would refute the affidavit.

No abbreviated names or nicknames shall be shown on any license.

B. At the option of the licensee, the address shown on the license may be either the post office box, business, or residence address of the licensee, provided such address is located in Virginia. However, regardless of which address is shown on the license, the licensee shall supply the Department with his residence address, which shall be an address in Virginia. This residence address shall be maintained in the Department's records. Whenever the licensee's address shown either on his license or in the Department's records changes, he shall notify the Department of such change as required by § 46.2-324.

C. If the Department receives information from the National Change of Address System indicating that a person whose name appears in a Department record has submitted a permanent change of address to the Postal Service, the Department may then update its records with the mailing address obtained from the National Change of Address System.

D. The license shall be made of a material and in a form to be determined by the Commissioner.

E. Licenses issued to persons less than 21 years old shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. G. If an applicant indicates his consent to be a donor pursuant to subsection F, the Department may make a notation of this designation on his license or card and shall make a notation of this designation in his driver record. The notation shall remain on the individual's license or card until he revokes his consent to make an anatomical gift by requesting removal of the notation from his license or card or otherwise in accordance with § 32.1-291.6. Inclusion of a notation indicating consent to making an organ donation on an applicant's license or card pursuant to this subsection shall be sufficient legal authority for removal, following death, of the subject's organs or tissues without additional authority from the donor or his family or estate, in accordance with the provisions of § 32.1-291.8.

H. A minor may make a donor designation pursuant to subsection F without the consent of a parent or legal guardian as authorized by the Revised Uniform Anatomical Gift Act (§ 32.1-291.1 et seq.).

I. The Department shall provide a method by which an applicant conducting a Department of Motor Vehicles transaction using electronic means may make a voluntary contribution to the Virginia Donor Registry and Public Awareness Fund (Fund) established pursuant to § 32.1-297.1. The Department shall inform the applicant of the existence of the Fund and also that contributing to the Fund is voluntary.

J. The Department shall collect all moneys contributed pursuant to subsection I and transmit the moneys on a regular basis to the Virginia Transplant Council, which shall credit the contributions to the Fund.

K. Any request for a traumatic brain injury indicator on an applicant's driver's license shall be accompanied by a form prescribed by the Commissioner and completed by a licensed physician. *For purposes of this subsection, "non-apparent disability" means a physical, sensory, mental, or emotional impairment that substantially limits one or more activities of daily living and that may not be visible or otherwise apparent, or a record of such impairment.*

L. In the absence of gross negligence or willful misconduct, the Department and its employees shall be immune from any civil or criminal liability in connection with the making of or failure to make a notation of donor designation on any license or card or in any person's driver record.

M. The Department shall, in coordination with the Virginia Transplant Council, prepare an organ donor information brochure describing the organ donor program and providing instructions for completion of the uniform donor document information describing the bone marrow donation program and instructions for registration in the National Bone Marrow Registry. The Department shall include a copy of such brochure with every driver's license renewal notice or application mailed to licensed drivers in Virginia.

N. The Department shall establish a method by which an applicant for an original, reissued, or renewed driver's license may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his license and in his record. Such notation on the driver's license shall only be used by emergency medical services agencies in providing emergency medical support. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on a driver's license, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

If such facts fail to give rise to such a violation, then the State Board shall dismiss the complaint. If the facts give rise to such a violation, then the State Board shall request that the complainant appear and testify under oath as to the complaint and the allegations therein. If the inquiry was initiated by the State Board's own motion, the State Board may request that witnesses appear and testify under oath as to the allegations raised by the State Board.

If the respondent provides such documentation or such other evidence, the State Board shall review the response and determine whether to proceed with the inquiry.

After hearing testimony and reviewing any other evidence provided by the complainant, witnesses, or the respondent, the State Board shall dismiss the complaint if the State Board fails to find by a preponderance of the evidence that such violation has occurred. If the State Board finds otherwise, it shall proceed with the inquiry by calling for a public hearing.

If at any point prior to the State Board's call for a public hearing on the matter the respondent pays back to the campaign committee from his personal funds the amount that was allegedly converted to his personal use, the State Board shall dismiss the complaint or motion and end the inquiry into the matter.

Prior to the State Board's holding a public hearing on the matter, the complaint, the State Board's written notice, and any related records shall not be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) and shall not be made public, except by the respondent. If after such preliminary investigation the State Board determines to proceed with an inquiry into the specific use of campaign contributions by the respondent, the State Board (i) shall immediately notify in writing the complainant and the respondent as to the fact of the inquiry and the allegations against the respondent and (ii) shall schedule one or more hearings on the matter. The respondent shall have the right to postpone the hearing if it is scheduled within the 30 days immediately preceding an election in which the respondent is a candidate for office. If the complaining party declines to participate in the hearing, the complaint shall be dismissed and no further action shall be taken.

The respondent shall have the right to access all records obtained during the investigation, present evidence, cross-examine witnesses, face and examine the accuser, and be represented by counsel at any hearings. The State Board may grant the respondent any other rights or privileges not specifically enumerated in this subsection.

D. A decision to dispose of a complaint under this section shall require a vote of four members of the State Board. Failure of the State Board to dispose of a complaint within 120 days of the Department's transmission of the signed and sworn complaint shall result in the summary dismissal of the matter, after which no further action shall be taken.

Within 120 days of the Department's transmission of the signed and sworn complaint to the State Board or a motion to begin an inquiry, the State Board may dispose of the matter in one of the following ways:

1. If for any reason the State Board dismisses the matter during its preliminary investigation and prior to holding a public hearing on the matter, the State Board shall so advise the complainant and the respondent and take no further action. In such case, the records and findings on the matter shall not be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) and shall not be made public unless the respondent requests in writing that the records and findings be made public.

2. If at any time after the commencement of the initial public hearing on the matter the State Board dismisses the matter, the State Board shall so advise the complainant and the respondent and prepare a written judgment stating the grounds for the dismissal.

3. If after a public hearing the State Board determines by a preponderance of the evidence that the respondent has violated the provisions of § 24.2-948.6 but that the violation was not made willfully and knowingly, the State Board may require the respondent to repay an amount not to exceed the amount unlawfully converted to the personal use of the respondent. Respondents who claim an inability to repay the amount the State Board has determined is owed may be asked to provide documentation as to their financial condition. The State Board may negotiate a payment plan that enables a respondent to repay. The procedure to enforce repayment under this section shall be as stated in § 24.2-946.3. The State Board shall prepare a written judgment stating its determination of the matter, its recommended remedy, and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

4. If the State Board determines by a preponderance of the evidence that the respondent willfully and knowingly violated any provision of § 24.2-948.6, the State Board shall direct the respondent to repay the amount unlawfully converted to his personal use. The State Board may also assess an additional civil penalty, in an amount not to exceed $1,000 per itemized expenditure found to be in violation of any provision of § 24.2-948.6 and in no case greater than $10,000. Respondents who claim an inability to pay an appropriate civil penalty may be asked to provide documentation as to their financial condition. The State Board may negotiate a payment plan that enables a respondent to pay an appropriate civil penalty. Any civil penalty collected under this subdivision shall be payable to the State Treasurer for deposit into the Prohibited Personal Use Enforcement Fund established pursuant to § 24.2-948.9. The procedure to enforce a civil penalty provided in this section shall be as stated in § 24.2-946.3. The State Board shall prepare a written judgment stating its determination of the matter, its recommended remedy, and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

5. Any records and findings related to a complaint that was not dismissed pursuant to subdivision 1 shall become archival records, as defined in § 42.1-77, maintained permanently by the Library of Virginia. Electronic copies of such records shall be made publicly available on the State Board's website no later than 30 days after a final disposition of the matter has been decided.

E. A person found by the State Board to have violated the provisions of this section shall have a right to the direct review of the finding by a court of competent jurisdiction as provided in the Administrative Process Act (§ 2.2-4000 et seq.). The provisions of the Administrative Process Act shall not otherwise apply, however, to the finding of a violation by the State Board pursuant to this section.

F. The State Board may, by a vote of four members, make a finding that a complaint is frivolous. Such a finding shall be prima facie evidence of abuse of process by the complainant. The State Board shall prepare a written judgment stating its determination of the matter and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

E. Notwithstanding any other provision of law, any person who relies upon any provision or finding of an advisory opinion in accordance with the provisions of subsection D and who acts in good faith in accordance with the provisions and findings of such advisory opinion shall not, as a result of any such act, be subject to any sanction provided under § 24.2-948.7.

3. That the State Board of Elections shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

Part 112 with respect to advisory opinions and 11 C.F.R. Part 113 with respect to the prohibition on personal use of campaign funds. The regulations adopted pursuant to the third enactment of this act shall also provide that the State Board of Elections and the parties may rely on past closed matters under review and advisory opinions of the FEC on matters related to the prohibited personal use of campaign funds under federal law as persuasive authority for any future decisions of the State Board of Elections with respect to analogous state law, except with respect to the FEC's interpretation that personal use restrictions apply only to a candidate committee.

CHAPTER 536

[S 816]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3212, 58.1-3213.1, and 58.1-3215 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3212. Local restrictions and exemptions.

A. Pursuant to Article X, Section 6 (b) of the Constitution of Virginia, the General Assembly hereby authorizes the governing body of a county, city or town to establish by ordinance net financial worth or annual income limitations as a condition of eligibility for any exemption or deferral of tax allowed pursuant to this article. If the governing body establishes an annual income limitation, the computation of annual income shall be based on adding together the income received during the preceding calendar year, without regard to whether a tax return is actually filed, by (i) owners of the dwelling who use it as their principal residence, (ii) owners' relatives who live in the dwelling, except for those relatives living in the dwelling and providing bona fide caregiving services to the owner whether such relatives are compensated or not, and (iii) at the option of each locality, nonrelatives of the owner who live in the dwelling except for bona fide tenants or bona fide caregivers of the owner, whether compensated or not. A locality may provide in its ordinance that, for the purpose of the computation of annual income, if an individual described in clause (ii) and (iii) is permanently and totally disabled, any disability income received by such person shall not be included. If the governing body establishes a net financial worth limitation, net financial worth shall be based on adding together the net financial worth, including the present value of equitable interests, as of December 31 of the immediately preceding calendar year, of the owners, and of the spouse of any owner, of the dwelling.

Nothing in this section shall be construed or interpreted as to preclude or prohibit the governing body of a county, city or town from excluding certain sources of income, or a portion of the same, for purposes of its annual income limitation or excluding certain assets, or a portion of the same, for purposes of its net financial worth limitation.

Any county, city, or town that pursuant to this article provides for the exemption from, deferral of, or a combination program of exemptions from and deferrals of real property taxes may exempt or defer the real property taxes of the qualifying dwelling and the land, not exceeding ten acres, upon which it is situated.

No local ordinance shall require that a citizen reside in the jurisdiction for a designated period of time as a condition for qualifying for any real estate tax exemption or deferral program established pursuant to § 58.1-3210.

B. A locality may, by ordinance, require that in order to qualify for an exemption or deferral under this section, a qualifying individual shall be required to either (i) pay all delinquent taxes, penalties, and interest assessed by the locality and incurred prior to becoming eligible for an exemption or deferral; (ii) enter into an installment agreement with the locality for the payment of all such delinquent amounts in installments over a period that is reasonable under the circumstances, but that in no event shall exceed 72 months; (iii) submit and obtain the treasurer's agreement to an offer in compromise pursuant to § 58.1-3994 with respect to all amounts of delinquent taxes, penalties, and interest; or (iv) a combination thereof. Compliance with the installment or accepted offer in compromise shall be a requirement for remaining eligible for an exemption or deferral.

§ 58.1-3213.1. Notice of local real estate tax exemption or deferral program for elderly individuals and individuals with disabilities.

The treasurer of any county, city, or town shall enclose written notice, in each real estate tax bill, of the terms and conditions of any local real estate tax exemption or deferral program established in the jurisdiction pursuant to § 58.1-3210. *Such information may also be included in the notice of change in assessment required to be sent pursuant to § 58.1-3330.* The treasurer shall also employ any other reasonable means necessary to notify residents of the county, city, or town about the terms and conditions of the real estate tax exemption or deferral program for elderly individuals and individuals with disabilities who reside in the county, city, or town*, including posting the program information on the county, city, or town website in a clear and conspicuous manner*.

§ 58.1-3215. Effective date; change in circumstances.

A. An exemption or deferral enacted pursuant to § 58.1-3210 or 58.1-3211.1 may be granted for any year following the date that the qualifying individual occupying such dwelling and owning title or partial title thereto reaches the age of 65 years or for any year following the date the disability occurred. Changes in income, financial worth, ownership of property or other factors occurring during the taxable year for which an affidavit is filed and having the effect of exceeding or violating the limitations and conditions provided by county, city or town ordinance shall nullify any exemption or deferral for the remainder of the current taxable year and the taxable year immediately following. However, any locality may by ordinance provide *(i)* a prorated exemption or deferral for the portion of the taxable year during which the taxpayer qualified for such exemption or deferral *or (ii) a prorated exemption or deferral for the portion of the taxable year during which the taxpayer would have qualified for such exemption or deferral but had not yet filed an application. Any prorated exemption or deferral under clause (ii) shall apply only for the taxable year in which the taxpayer qualified for such exemption or deferral and not any prior year*.

B. An ordinance enacted pursuant to this article may provide that a change in ownership to a spouse or a nonqualifying individual, when such change resulted solely from the death of the qualifying individual, or a sale of such property shall result in a prorated exemption or deferral for the then current taxable year. The proceeds of the sale which would result in the prorated exemption or deferral shall not be included in the computation of net worth or income as provided in subsection A. Such prorated portion shall be determined by multiplying the amount of the exemption or deferral by a fraction wherein the number of complete months of the year such property was properly eligible for such exemption or deferral is the numerator and the number 12 is the denominator.

C. An ordinance enacted pursuant to this article may provide that an individual who does not qualify for the exemption or deferral under this article based upon the previous year's income limitations and financial worth limitations, may nonetheless qualify for the current year by filing an affidavit that clearly shows a substantial change of circumstances, that was not volitional on the part of the individual to become eligible for the exemption or deferral, and will result in income and financial worth levels that are within the limitations of the ordinance. The ordinance may impose additional conditions and require other information under this subsection. The locality may prorate the exemption or deferral from the date the affidavit is submitted or any other date.

Any exemption or deferral under this subsection must be conditioned upon the individual filing another affidavit after the end of the year in which the exemption or deferral was granted, within a period of time specified by the locality, showing that the actual income and financial worth levels were within the limitations set by the ordinance. If the actual income and financial worth levels exceeded the limitations any exemption or deferral shall be nullified for the current taxable year and the taxable year immediately following.

§ 24.2-948.7. Violations of the ban on personal use of campaign funds; complaint; notice; hearing; civil penalties.

A. A person who believes a violation of § 24.2-948.6 has occurred and (i) contributes to a candidate or his campaign committee that has allegedly committed the violation or (ii) is qualified to vote in the election for the office for which such candidate is running is qualified to file a complaint with the Department. Such complaint shall be filed electronically or in writing on a form provided by the Department, signed and sworn to by the person filing such complaint, notarized, and made under penalty of perjury and subject to the provisions of § 24.2-1016. The complaint shall clearly identify the complainant and the person against whom the complaint is addressed (the respondent) and contain (a) a credible allegation of a violation of § 24.2-948.6 with regard to a specific use of campaign contributions by the candidate or his campaign committee, (b) attached documentation supporting the allegation, (c) the names and contact information of any person the complainant knows to have knowledge of facts relating to the allegation, and (d) any other information required by the Department.

The complaint form shall include a sworn statement, signed by the complainant, agreeing to strict confidentiality regarding the complaint and all related matters for the 10 days preceding the complaint's submission. If the State Board determines that the complainant knowingly violated his agreement to strict confidentially, the State Board may assess a civil penalty in an amount not to exceed $10,000. Any civil penalty collected under this provision shall be payable to the State Treasurer for deposit into the Prohibited Personal Use Enforcement Fund established pursuant to § 24.2-948.9. The procedure to enforce a civil penalty provided in this section shall be as stated in § 24.2-946.3.

The Department shall provide a copy of the complaint to the respondent within 24 hours of receipt. The Department shall complete its review of such complaints and, within 10 days, transmit to the State Board any credible and complete complaint from a qualified complainant and send written notice to the complainant and respondent of the Department's ultimate determination of the complaint's disposition. The State Board shall not act upon any complaint that does not meet the requirements of this subsection but shall be authorized to initiate an inquiry upon its own motion.

B. Upon receipt of a complaint or upon its own motion, the State Board shall conduct a preliminary investigation into the specific use of campaign contributions by the candidate. Such preliminary investigation shall be conducted in closed meetings held pursuant to § 2.2-3711. The State Board shall determine, during its preliminary investigation, whether the facts stated in the complaint or that serve as the basis of the State Board's motion taken as true are sufficient to show a violation of § 24.2-948.6. If such facts fail to give rise to such a violation, then the State Board shall dismiss the complaint. If the facts give rise to such a violation, then the State Board shall request that the complainant appear and testify under oath as to the complaint and the allegations therein. If the inquiry was initiated by the State Board's own motion, the State Board may request that witnesses appear and testify under oath as to the allegations raised by the State Board.

The State Board shall notify the respondent that a preliminary investigation has commenced within 24 hours of initiating such investigation. Before the State Board conducts any vote on the complaint, other than a vote to dismiss, the respondent shall have 30 days to provide to the State Board documentation or other evidence that no action should be taken against the respondent on the basis of the complaint or the allegations brought by the State Board. If the respondent provides such documentation or such other evidence, the State Board shall review the response and determine whether to proceed with the inquiry.

After hearing testimony and reviewing any other evidence provided by the complainant, witnesses, or the respondent, the State Board shall dismiss the complaint if the State Board fails to find by a preponderance of the evidence that such violation has occurred. If the State Board finds otherwise, it shall proceed with the inquiry by calling for a public hearing.

If at any point prior to the State Board's call for a public hearing on the matter the respondent pays back to the campaign committee from his personal funds the amount that was allegedly converted to his personal use, the State Board shall dismiss the complaint or motion and end the inquiry into the matter.

Prior to the State Board's holding a public hearing on the matter, the complaint, the State Board's written notice, and any related records shall not be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) and shall not be made public, except by the respondent. However, once the State Board has commenced a public meeting to further inquire into alleged conversion of campaign funds to personal use, its materials, meetings, and hearings on the matter shall be open to the public.

C. If after such preliminary investigation the State Board determines to proceed with an inquiry into the specific use of campaign contributions by the respondent, the State Board (i) shall immediately notify in writing the complainant and the respondent as to the fact of the inquiry and the allegations against the respondent and (ii) shall schedule one or more hearings on the matter. The respondent shall have the right to postpone the hearing if it is scheduled within the 30 days immediately preceding an election in which the respondent is a candidate for office. If the complaining party declines to participate in the hearing, the complaint shall be dismissed and no further action shall be taken.

The respondent shall have the right to access all records obtained during the investigation, present evidence, cross-examine witnesses, face and examine the accuser, and be represented by counsel at any hearings. The State Board may grant the respondent any other rights or privileges not specifically enumerated in this subsection.

If at any time the State Board determines that the complaint is without merit, the State Board shall dismiss the complaint, so advise the complainant and the respondent, and take no further action.

D. A decision to dispose of a complaint under this section shall require a vote of four members of the State Board. Failure of the State Board to dispose of a complaint within 120 days of the Department's transmission of the signed and sworn complaint shall result in the summary dismissal of the matter, after which no further action shall be taken.

Within 120 days of the Department's transmission of the signed and sworn complaint to the State Board or a motion to begin an inquiry, the State Board may dispose of the matter in one of the following ways:

1. If for any reason the State Board dismisses the matter during its preliminary investigation and prior to holding a public hearing on the matter, the State Board shall so advise the complainant and the respondent and take no further action. In such case, the records and findings on the matter shall not be subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) and shall not be made public unless the respondent requests in writing that the records and findings be made public.

2. If at any time after the commencement of the initial public hearing on the matter the State Board dismisses the matter, the State Board shall so advise the complainant and the respondent and prepare a written judgment stating the grounds for the dismissal.

3. If after a public hearing the State Board determines by a preponderance of the evidence that the respondent has violated the provisions of § 24.2-948.6 but that the violation was not made willfully and knowingly, the State Board may require the respondent to repay an amount not to exceed the amount unlawfully converted to the personal use of the respondent. Respondents who claim an inability to repay the amount the State Board has determined is owed may be asked to provide documentation as to their financial condition. The State Board may negotiate a payment plan that enables a respondent to repay. The procedure to enforce repayment under this section shall be as stated in § 24.2-946.3. The State Board shall prepare a written judgment stating its determination of the matter, its recommended remedy, and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

4. If the State Board determines by a preponderance of the evidence that the respondent willfully and knowingly violated any provision of § 24.2-948.6, the State Board shall direct the respondent to repay the amount unlawfully converted to his personal use. The State Board may also assess an additional civil penalty, in an amount not to exceed $1,000 per itemized expenditure found to be in violation of any provision of § 24.2-948.6 and in no case greater than $10,000. Respondents who claim an inability to pay an appropriate civil penalty may be asked to provide documentation as to their financial condition. The State Board may negotiate a payment plan that enables a respondent to pay an appropriate civil penalty. Any civil penalty collected under this subdivision shall be payable to the State Treasurer for deposit into the Prohibited Personal Use Enforcement Fund established pursuant to § 24.2-948.9. The procedure to enforce a civil penalty provided in this section shall be as stated in § 24.2-946.3. The State Board shall prepare a written judgment stating its determination of the matter, its recommended remedy, and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

5. Any records and findings related to a complaint that was not dismissed pursuant to subdivision 1 shall become archival records, as defined in § 42.1-77, maintained permanently by the Library of Virginia. Electronic copies of such records shall be made publicly available on the State Board's website no later than 30 days after a final disposition of the matter has been decided.

E. A person found by the State Board to have violated the provisions of this section shall have a right to the direct review of the finding by a court of competent jurisdiction as provided in the Administrative Process Act (§ 2.2-4000 et seq.). The provisions of the Administrative Process Act shall not otherwise apply, however, to the finding of a violation by the State Board pursuant to this section.

F. The State Board may, by a vote of four members, make a finding that a complaint is frivolous. Such a finding shall be prima facie evidence of abuse of process by the complainant. The State Board shall prepare a written judgment stating its determination of the matter and reasons therefor. A copy of the judgment shall be sent to each party and posted on the State Board's website no later than three days after it has been issued.

§ 24.2-948.8. Advisory opinions.

A. Any person subject to the provisions of § 24.2-948.6 may submit a complete written request for an advisory opinion concerning the application of that section to a specific transaction or activity on a form provided by the Department. The Department shall transmit any such complete written request for an advisory opinion to the State Board.

B. The State Board shall, upon receipt, make public any request for an advisory opinion. Before rendering an advisory opinion, the State Board shall accept written comments submitted by any interested party within the 10-day period following the date the request is made public.

C. The State Board shall issue a written advisory opinion within 60 days of receipt of the request for an advisory opinion. However, if an advisory opinion is requested by a candidate or his campaign committee during the 60-day period before any election involving the requesting party, the State Board shall render a written advisory opinion relating to such request no later than 20 days after the State Board receives a complete written request.

D. Any advisory opinion rendered by the State Board under subsection C may be relied upon by (i) any person involved in the specific transaction or activity with respect to which such advisory opinion is rendered and (ii) any person involved in any specific transaction or activity that is indistinguishable in all its material aspects from the transaction or activity with respect to which such advisory opinion is rendered.

E. Notwithstanding any other provision of law, any person who relies upon any provision or finding of an advisory opinion in accordance with the provisions of subsection D and who acts in good faith in accordance with the provisions and findings of such advisory opinion shall not, as a result of any such act, be subject to any sanction provided under § 24.2-948.7.

§ 24.2-948.9. Prohibited Personal Use Enforcement Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the Prohibited Personal Use Enforcement Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All civil penalties levied pursuant to § 24.2-948.7 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of administering the provisions of §§ 24.2-948.6, 24.2-948.7, and 24.2-948.8. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Commissioner of Elections.

2. That the provisions of the first enactment of this act shall become effective on July 1, 2026.

3. That the State Board of Elections shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

4. That the regulations adopted pursuant to the third enactment of this act shall include regulations substantially similar to the regulations of the Federal Election Commission (the FEC) under 11 C.F.R. Part 112 with respect to advisory opinions and 11 C.F.R. Part 113 with respect to the prohibition on personal use of campaign funds. The regulations adopted pursuant to the third enactment of this act shall also provide that the State Board of Elections and the parties may rely on past closed matters under review and advisory opinions of the FEC on matters related to the prohibited personal use of campaign funds under federal law as persuasive authority for any future decisions of the State Board of Elections with respect to analogous state law, except with respect to the FEC's interpretation that personal use restrictions apply only to a candidate committee.

5. That the State Board of Elections shall publish an updated summary of the provisions of the Campaign Finance Disclosure Act of 2006 (§ 24.2-945 et seq. of the Code of Virginia), as amended by this act, required by subsection E of § 24.2-946 of the Code of Virginia, as amended by this act, and any regulations of the State Board of Elections promulgated pursuant to the third enactment of this act within 30 days of the promulgation of such regulations.

6. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

Inquiries of the Exchange shall be made prior to any dissemination except in those cases where time is of the essence and the normal response time of the Exchange would exceed the necessary time period. A criminal justice agency to whom a request has been made for the dissemination of criminal history record information that is required to be reported to the Central Criminal Records Exchange may direct the inquirer to the Central Criminal Records Exchange for such dissemination. CHAPTER 544

An Act to amend and reenact §§ 54.1-2957 and 54.1-2957.04 of the Code of Virginia, relating to certified nurse midwives; licensed certified midwives; independent practice; organized medical staff.

[H 1635]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-2957 and 54.1-2957.04 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-2957. Licensure and practice of advanced practice registered nurses; certified nurse midwives; independent practice of certified nurse midwives.

A. As used in this section, "clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of advanced practice registered nurses. It is unlawful for a person to practice as an advanced practice registered nurse in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner who does not meet the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A certified nurse midwife shall practice pursuant to subsection H. A clinical nurse specialist shall practice pursuant to subsection J. A certified registered nurse anesthetist shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. An advanced practice registered nurse who is appointed as a medical examiner pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine

who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among advanced practice registered nurses and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16.

Physicians on patient care teams may require that an advanced practice registered nurse be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and advanced practice registered nurses working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the advanced practice registered nurse and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by an advanced practice registered nurse and provided to the Boards upon request. For advanced practice registered nurses providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the advanced practice registered nurse's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as an advanced practice registered nurse if the applicant has been licensed as an advanced practice registered nurse under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of advanced practice registered nurses in the Commonwealth. An advanced practice registered nurse to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least three years of full-time experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to advanced practice registered nurses.

G. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, or for other good cause, and an advanced practice registered nurse is unable to enter into a new practice agreement with another patient care team physician, the advanced practice registered nurse may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such advanced practice registered nurse may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided that the advanced practice registered nurse continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the advanced practice registered nurse to continue practice under this subsection for another 60 days, provided that the advanced practice registered nurse provides evidence of efforts made to secure another patient care team physician and of access to physician input. At the conclusion of the second 60-day period, provided that the advanced practice registered nurse provides evidence of the continued efforts to secure another patient care team physician and of access to physician input, the designee or his alternate of the Boards may grant permission for the advanced practice registered nurse to continue practicing under the management and leadership of a nurse practitioner licensed by the Boards of Medicine and Nursing who (i) meets the requirements of subsection I, (ii) routinely practiced with a patient population and in a practice area within the category for which the advanced practice registered nurse was certified and licensed, and (iii) has been authorized to practice without a written or electronic practice agreement for at least three years.

H. Every certified nurse midwife shall practice in accordance with regulations adopted by the Boards and consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing such practice. A certified nurse midwife who has practiced fewer than 1,000 hours shall practice in consultation with ~~a certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ a licensed physician *or an independent practice midwife*, in accordance with a practice agreement. Such practice agreement shall address the availability of ~~the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ the licensed physician *or independent practice midwife* for routine and urgent consultation on patient care. Evidence of the practice agreement shall be maintained by the certified nurse midwife and provided to the Boards upon request. A certified nurse midwife who has completed 1,000 hours of practice as a certified nurse midwife may practice without a practice agreement upon receipt by the certified nurse midwife of an attestation from ~~the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ the licensed physician *or independent practice midwife* with whom the certified nurse midwife has entered into a practice agreement stating (i) that such ~~certified nurse midwife or~~ licensed physician *or independent practice midwife* has provided consultation to the certified nurse midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of time

for which such ~~certified nurse midwife or~~ licensed physician *or independent practice midwife* practiced in collaboration and consultation with the certified nurse midwife pursuant to the practice agreement. A certified nurse midwife authorized to practice without a practice agreement shall consult and collaborate with and refer patients to such other health care providers as may be appropriate for the care of the patient.

For the purposes of this subsection, "independent practice midwife" means a licensed certified midwife who is authorized to practice without a practice agreement pursuant subsection D of § 54.1-2957.04 and has practiced independently for two years or a certified nurse midwife who is authorized to practice without a practice agreement pursuant to this subsection and has practiced independently for two years.

I. A nurse practitioner who has completed the equivalent of at least three years of full-time clinical experience, as determined by the Boards, may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement upon receipt by the nurse practitioner of an attestation from either (i) the patient care team physician or (ii) an attesting nurse practitioner who assumed management and leadership of a nurse practitioner pursuant to subsection G and has met the requirements of this subsection for at least three years stating (a) that the patient care team physician or attesting nurse practitioner has served as a patient care team physician or attesting nurse practitioner, respectively, on a patient care team with the nurse practitioner pursuant to a practice agreement meeting the requirements of this section and § 54.1-2957.01; (b) that while a party to such practice agreement, the patient care team physician or attesting nurse practitioner routinely practiced with a patient population and in a practice area included within the category for which the nurse practitioner was certified and licensed; and (c) the period of time for which the patient care team physician or attesting nurse practitioner practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall (1) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (2) consult and collaborate with other health care providers based on the clinical conditions of the patient to whom health care is provided, and (3) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

J. A clinical nurse specialist licensed by the Boards of Medicine and Nursing who does not prescribe controlled substances or devices may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement. Such clinical nurse specialist shall (i) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (ii) consult and collaborate with other health care providers based on the clinical condition of the patient to whom health care is provided, and (iii) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

A clinical nurse specialist licensed by the Boards who prescribes controlled substances or devices shall practice in consultation with a licensed physician in accordance with a practice agreement between the clinical nurse specialist and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. Evidence of a practice agreement shall be maintained by a clinical nurse specialist and provided to the Boards upon request. The practice of clinical nurse specialists shall be consistent with the standards of care for the profession and with applicable laws and regulations.

§ 54.1-2957.04. Licensure as a licensed certified midwife; practice as a licensed certified midwife; independent practice as a licensed certified midwife; use of title; required disclosures.

A. It shall be unlawful for any person to practice or to hold himself out as practicing as a licensed certified midwife or use in connection with his name the words "Licensed Certified Midwife" unless he holds a license as such issued jointly by the Boards of Medicine and Nursing.

B. The Boards of Medicine and Nursing shall jointly adopt regulations for the licensure of licensed certified midwives, which shall include criteria for licensure and renewal of a license as a certified midwife that shall include a requirement that the applicant provide evidence satisfactory to the Boards of current certification as a certified midwife by the American Midwifery Certification Board and that shall be consistent with the requirements for certification as a certified midwife established by the American Midwifery Certification Board.

C. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a licensed certified midwife if the applicant has been licensed as a certified midwife under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure as a licensed certified midwife in the Commonwealth.

D. ~~Licensed~~ *A licensed* certified ~~midwives~~ *midwife who has practiced fewer than 1,000 hours* shall practice in consultation with a licensed physician *or independent practice midwife* in accordance with a practice agreement between the licensed certified midwife and the licensed physician *or independent practice midwife*. Such practice agreement shall address the availability of the physician *or independent practice midwife* for routine and urgent consultation on patient care.

Evidence of a practice agreement shall be maintained by the licensed certified midwife and provided to the Board upon request. *A licensed certified midwife who has completed 1,000 hours of practice as a licensed certified midwife may practice without a practice agreement upon receipt by the licensed certified midwife of an attestation from the licensed physician or independent practice midwife with whom the licensed certified midwife has entered into a practice agreement stating (i) that such licensed physician or independent practice midwife has provided consultation to the licensed certified midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of time for which such licensed physician or independent practice midwife practiced in collaboration and consultation with the licensed certified midwife pursuant to the practice agreement. A licensed certified midwife authorized to practice without a practice agreement shall consult, collaborate with, and refer patients to other health care providers as may be appropriate for the care of the patient.* The Board shall adopt regulations for the practice of licensed certified midwives, which shall be in accordance with regulations jointly adopted by the Boards of Medicine and Nursing, which shall be consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing the practice of midwifery.

For the purposes of this subsection, "independent practice midwife" means a licensed certified midwife who is authorized to practice without a practice agreement pursuant to this subsection and has practiced independently for two years or a certified nurse midwife who is authorized to practice without a practice agreement pursuant to subsection H of § 54.1-2957 and has practiced independently for two years.

E. Notwithstanding any provision of law or regulation to the contrary, a licensed certified midwife may prescribe Schedules II through VI controlled substances in accordance with regulations of the Boards of Medicine and Nursing.

F. A licensed certified midwife who provides health care services to a patient outside of a hospital or birthing center shall disclose to that patient, when appropriate, information on health risks associated with births outside of a hospital or birthing center, including but not limited to risks associated with vaginal births after a prior cesarean section, breech births, births by women experiencing high-risk pregnancies, and births involving multiple gestation. As used in this subsection, "birthing center" shall have the same meaning as in § 54.1-2957.03.

G. A licensed certified midwife who provides health care to a patient shall be liable for the midwife's negligent, grossly negligent, or willful and wanton acts or omissions. Except as otherwise provided by law, any (i) doctor of medicine or osteopathy who did not collaborate or consult with the midwife regarding the patient and who has not previously treated the patient for this pregnancy, (ii) physician assistant, (iii) advanced practice registered nurse, (iv) prehospital emergency medical personnel, or (v) hospital as defined in § 32.1-123, or any employee of, person providing services pursuant to a contract with, or agent of such hospital, that provides screening and stabilization health care services to a patient as a result of a licensed certified midwife's negligent, grossly negligent, or willful and wanton acts or omissions shall be immune from liability for acts or omissions constituting ordinary negligence.

2. The Department of Health shall amend the definition of "organized medical staff" in 12VAC5-410-10 to clarify that an organized medical staff may include other practitioners, including independent practice midwives, in addition to physicians and dentists.

CHAPTER 545

An Act to amend and reenact § 19.2-354.1 of the Code of Virginia, relating to deferred or installment payment agreements; minimum payments.

[H 1661]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-354.1 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-354.1. Deferred or installment payment agreements.

A. For purposes of this section:

"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.

"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.

"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.

"Modified deferred payment agreement" means a deferred payment agreement in which the defendant also agrees to use best efforts to make monthly or other periodic payments.

B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.

C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, or (v) because the defendant has not established a payment history.

D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, ~~a~~ *the* court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. ~~In assessing the~~ *If the defendant requests to enter into an installment agreement, the court may offer installment payments of (i) $25 per month, or a higher amount, depending on a* defendant's ability to pay, *which* the court shall ~~use~~ *determine using* a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or ~~conduct~~ *by conducting* an oral examination of the defendant to determine his financial resources and obligations *or (ii) less than $25 per month if the defendant is determined to be indigent by the court pursuant to § 19.2-159*. The length of a payment agreement and the amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.

E. No court shall require a defendant to make a down payment upon entering a deferred, modified deferred, or installment payment agreement, other than a subsequent payment agreement, in which case the court may require a down payment pursuant to subsection I. Nothing in this section shall prevent a defendant from voluntarily making a down payment upon entering any payment agreement.

F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.

G. Any payment received within 10 days of its due date shall be considered to be timely made.

H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.

I. A defendant who has defaulted on a payment agreement may petition the court for a subsequent payment agreement. In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court may require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are $500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than $500, five percent of such amount or $50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.

J. In any case in which a defendant owes fines and costs and where such defendant's sole financial resource is a Social Security benefit or Supplemental Security Income, then such defendant shall be exempt from making payments at least until such time that such defendant has a resource other than a Social Security benefit or Supplemental Security Income. If such defendant informs the court that his sole financial resource is a Social Security benefit or Supplemental Security Income, the case shall not be referred to collections pursuant to § 19.2-349. Courts shall include in payment plan policies developed in accordance with §§ 19.2-354 and 19.2-354.1 that where the court is informed that a defendant receives a Social Security benefit or Supplemental Security Income, no payment toward fines and costs shall be taken from such exempt resource.

No Social Security benefit or Supplemental Security Income shall be considered an available resource in determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of payments, if any, pursuant to subsection D.

CHAPTER 546

An Act to amend and reenact §§ 46.2-1569.1 and 46.2-1571 of the Code of Virginia, relating to motor vehicle dealers; recall and warranty costs; right of first refusal.

[H 1683]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1569.1 and 46.2-1571 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1569.1. Manufacturer or distributor right of first refusal.

A. Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new vehicle dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the ~~completed proposal~~ *notice* for the proposed sale or transfer *submitted as required by subdivision 3 of § 46.2-1569*;

2. The exercise of the right of first refusal will result in the dealer's and dealer's owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer; and

3. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney's fees which do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney's fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

B. A manufacturer or distributor shall not exercise or enforce a right of first refusal if (i) the proposed sale or transfer is to a dealer licensed in the United States as a dealer holding a franchise from any manufacturer or distributor licensed as a manufacturer or distributor in the Commonwealth unless the manufacturer or distributor has a formal written program to increase the number of minority dealers and a minority dealer will obtain at least 51 percent ownership and control of the dealership's assets after the exercise of the right of first refusal consistent with subdivision 2 of § 46.2-1572 or (ii) the proposed sale or transfer of the dealership's assets involves the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership, limited liability company, corporation, or other entity controlled by such persons.

C. The provisions of clause (i) of subsection B shall not apply to any manufacturer or distributor, together with any of its parents, subsidiaries or affiliates that as of January 1, 2019, (i) produced or distributed at least 1,000 motor vehicles in the immediately preceding 12 months, at least 51 percent of which had a gross vehicle weight rating of at least 16,000 pounds and (ii) was on January 1, 2019 a party, including that party's parents, subsidiaries and affiliates, to federal litigation arising from rights and obligations created by § 46.2-1569.1.

§ 46.2-1571. Recall, warranty, maintenance and sales incentive obligations.

A. Each motor vehicle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motor vehicle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, recall, and warranty service on its products and (ii) compensate the dealer for recall or warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for recall or warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department~~, and the determination of compensation in accordance with the provisions of this section shall be deemed reasonable due to the substantial number of repair orders reviewed, unless the manufacturer can show that the amounts are not reasonable~~. All manufacturer or distributor compensated parts, service, diagnostic work, updates to a vehicle accessory or function, or initialization or repair of a vehicle part, system, accessory, or function performed by the dealer shall be subject to this subsection. *Diagnostic work shall include all time spent by a technician who meets the manufacturer's or distributor's qualifications and requirements for the repair work communicating with the manufacturer's technical assistance or external manufacturer source in order to complete a warranty repair.* Recall or warranty parts compensation shall be stated as a percentage of markup, which shall be an agreed reasonable approximation of retail markup and which shall be uniformly applied to all of the manufacturer's or distributor's parts unless otherwise provided for in this section. If the dealer and manufacturer or distributor cannot agree on the recall or warranty parts compensation markup to be paid to the dealer, the markup shall be determined by an average of the dealer's retail markup on all of the manufacturer's or distributor's parts as described in subdivisions 2 and 3.

2. For purposes of determining recall or warranty parts and service compensation paid to a dealer by the manufacturer or distributor, including body-shop repairs, only retail repair orders, or the retail portion of repair orders containing retail and non-retail operations, shall be considered. For the purposes of this section, "retail" does not include menu-priced parts or services, services and parts used in internal repairs paid by the dealer, group discounts, special event discounts, special event promotions, and insurance-paid repairs.

3. Increases in dealer recall or warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first. If any portion of a retail repair order includes amounts that are not retail, such portion shall be excluded. Compensation for parts shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts. *Compensation for parts used in a recall or similar repair, not including warranty repairs, shall be based on the highest price of such parts in the 12 months before the recall or similar repair is announced to dealers. If the manufacturer or distributor changes the parts number or similar designation of a part, the price of such part established pursuant to this subdivision shall be determined by the price of such part before such change.*

4. In the case of recall or warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years.

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as recall or warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motor vehicles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for recall or warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work.

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for recall or warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. Recall, warranty, and sales incentive audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for recall, warranty, or sales incentive compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim shall not constitute grounds for the denial of the claim or reduction of the amount of compensation to the dealer as long as reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer, factory branch, distributor, or distributor branch shall not deny a claim or reduce the amount of compensation to the dealer for recall or warranty repairs to resolve a condition discovered by the dealer during the course of a separate repair requested by the customer or to resolve a condition on the basis of advice or recommendation by the dealer. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. *The manufacturer, factory branch, distributor, or distributor branch shall allow a dealer to submit a claim for rental vehicle reimbursement as required pursuant to subdivision B 5, in 30-day increments, prior to the end of the rental vehicle period if the repair for which the rental vehicle is associated is open due to a delay in parts or repair information from the manufacturer, factory branch, distributor, or distributor branch.* The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for recall or warranty parts or service compensation and service incentives shall only be for the six-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the six-month period immediately following the date of claim. *The manufacturer, factory branch, distributor, or distributor branch may audit and charge back, pursuant to this paragraph, claims for rental vehicle reimbursement for the six-month period immediately following the date of payment of the claim for the warranty or recall repair associated with such rental.* However, such limitations shall not be effective if a manufacturer, factory branch, distributor, or distributor branch has reasonable cause to believe that a claim submitted by a dealer is intentionally false or fraudulent. For purposes of this section, "reasonable cause" means a bona fide belief based upon evidence that the material issues of fact are such that a person of ordinary caution, prudence, and judgment could believe that a claim was intentionally false or fraudulent. A dealer shall not be charged back or otherwise liable for sales incentives or charges related to a motor vehicle sold by the dealer to a purchaser other than a licensed, franchised motor vehicle dealer and subsequently exported or resold, unless the manufacturer, factory branch, distributor, or distributor branch can demonstrate by a preponderance of the evidence that the dealer should have known of and did not exercise due diligence in discovering the purchaser's intention to export or resell the motor vehicle.

B. It shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its recall or warranty obligations, including tires, with respect to a motor vehicle;

2. Fail to assume all responsibility for any liability resulting from structural or production defects;

3. Fail to include in written notices of factory recalls to vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the motor vehicle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to fully compensate its motor vehicle dealers licensed in the Commonwealth for recall or warranty parts, work, and service pursuant to subsection A either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition by which the motor vehicle manufacturer, factory branch, distributor, or distributor branch seeks to recover its costs of complying with subsection A, or for legal costs and expenses incurred by such dealers in connection with recall or warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or which the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer. Failure to fully reimburse a dealer for the cost to the dealer of a rental vehicle provided to a customer as required, offered, advertised as available, or agreed to by the manufacturer or distributor shall be considered a violation of this subsection. *A dealer's*

inability to provide a specified type of vehicle, including line-make, size, or category, from the rental market shall not be grounds to refuse to fully reimburse a dealer under this subdivision. Failure to provide compensation consistent with this section to a dealer for assistance requested by a customer whose vehicle was subjected to an over-the-air or remote change, repair, or update to any part, system, accessory, or function by the vehicle manufacturer or distributor and performed at the dealership to satisfy the customer shall be considered a violation of this subsection;

6. Misrepresent in any way to purchasers of motor vehicles that warranties with respect to the manufacture, performance, or design of the vehicle are made by the dealer, either as warrantor or co-warrantor;

7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the vehicle;

8. Shift or attempt to shift to the motor vehicle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer;

9. Deny any dealer the right to return any part or accessory that the dealer has not sold within 12 months where the part or accessory was not obtained through a specific order initiated by the dealer but instead was specified for, sold to and shipped to the dealer pursuant to an automated ordering system, provided that such part or accessory is in the condition required for return to the manufacturer, factory branch, distributor, or distributor branch, and the dealer returns the part within 30 days of it becoming eligible under this subdivision. For purposes of this subdivision, an "automated ordering system" ~~shall be~~ *is* a computerized system that automatically specifies parts and accessories for sale and shipment to the dealer without specific order thereof initiated by the dealer. The manufacturer, factory branch, distributor, or distributor branch shall not charge a restocking or handling fee for any part or accessory being returned under this subdivision. This subdivision shall not apply if the manufacturer, factory branch, distributor, or distributor branch has available to the dealer an alternate system for ordering parts and accessories that provides for shipment of ordered parts and accessories to the dealer within the same time frame as the dealer would receive them when ordered through the automated ordering system. *Notwithstanding the provisions of this subdivision, the manufacturer, factory branch, distributor, or distributor branch shall not deny any dealer the right to return, within 12 months of the date of purchase, any part or accessory needed to complete a recall or similar repair for compensation and the manufacturer, factory branch, distributor, or distributor branch is prohibited from deeming such part obsolete or nonreturnable by removing it from current parts codes or catalogs*; or

10. When providing a new motor vehicle to a dealer for offer or sale to the public, fail to provide to such dealer a written disclosure that may be provided to a potential buyer of the new motor vehicle of each accessory or function of the vehicle that may be initiated, updated, changed, or maintained by the manufacturer or distributor through over-the-air or remote means, and the charge to the customer at the time of the new motor vehicle sale for such initiation, update, change, or maintenance. A manufacturer or distributor may comply with this subdivision by notifying the dealer that such information is available on a website or by other digital means.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motor vehicle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motor vehicles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the vehicle or any damages to merchandise occurring in transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every motor vehicle dealer franchise issued to, amended, or renewed for motor vehicle dealers in Virginia shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motor vehicle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231 -1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motor vehicle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the new motor vehicle dealer, the new motor vehicle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motor vehicle to the new motor vehicle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the vehicle exceeds the three percent rule, in which case the dealer may reject the vehicle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the vehicle because damage exceeds the three percent rule, ownership of the new motor vehicle shall revert to the manufacturer or distributor, and the new motor vehicle dealer shall have no obligation, financial or otherwise, with respect to such motor vehicle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgement by the buyer is required. If there is less than three percent damage, no

disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motor vehicle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motor vehicle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the vehicle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the vehicle as defined in § 59.1-207.11. Nothing in this section shall be construed to exempt from the provisions of this section damage to a new motor vehicle that occurs following delivery of the vehicle to the dealer.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty. A manufacturer, factory branch, distributor, or distributor branch may not collect chargebacks, fully or in part, either through direct payment or by charge to the dealer's account, for recall or warranty parts or service compensation, including service incentives, sales incentives, other sales compensation, surcharges, fees, penalties, or any financial imposition of any type arising from an alleged failure of the dealer to comply with a policy of, directive from, or agreement with the manufacturer, factory branch, distributor, or distributor branch until 40 days following final notice of the amount charged to the dealer following all internal processes of the manufacturer, factory, factory branch, distributor, or distributor branch. Within 30 days following receipt of such final notice, the dealer may petition the Commissioner, in writing, for a hearing. If a dealer requests such a hearing, the manufacturer, factory branch, distributor, or distributor branch may not collect the chargeback, fully or in part, either through direct payment or by charge to the dealer's account, until the completion of the hearing and a final decision of the Commissioner concerning the validity of the chargeback.

CHAPTER 547

An Act to amend and reenact §§ 16.1-241, 20-49.1, 20-49.4, 20-124.1, 63.2-903, 63.2-1202, 63.2-1222, and 63.2-1233 of the Code of Virginia, relating to establishment of parent and child relationship; persons who committed sexual assault.

[H 1727]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-241, 20-49.1, 20-49.4, 20-124.1, 63.2-903, 63.2-1202, 63.2-1222, and 63.2-1233 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In

any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, *or whose interest in the child derives from or through a person pursuant to clause (iii),* including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or who has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the person has been charged with or convicted of the alleged violation,* when the child who is the subject of the petition was conceived as a result of such violation *or conduct*. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child has previously been awarded to the custody of a local board of social services.

A1. Making specific findings of fact required by state or federal law to enable a child to apply for or receive a state or federal benefit. For the purposes of this subsection only, when the court has obtained jurisdiction over the case of any child, the court may continue to exercise its jurisdiction until such person reaches 21 years of age, for the purpose of entering findings of fact or amending past orders, to include findings of fact necessary for the person to petition the federal government for status as a special immigrant juvenile, as defined by 8 U.S.C. § 1101(a)(27)(J).

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. Except as provided in subsections D and H, judicial consent to such activities as may require parental consent may be given for a child who has been separated from his parents, guardian, legal custodian or other person standing in loco parentis and is in the custody of the court when such consent is required by law.

D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, or (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

E. Any person charged with deserting, abandoning or failing to provide support for any person in violation of law.

F. Any parent, guardian, legal custodian or other person standing in loco parentis of a child:

1. Who has been abused or neglected;

2. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or is otherwise before the court pursuant to subdivision A 4; or

3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

H. Judicial consent to apply for a work permit for a child when such child is separated from his parents, legal guardian or other person standing in loco parentis.

I. The prosecution and punishment of persons charged with ill-treatment, abuse, abandonment or neglect of children or with any violation of law that causes or tends to cause a child to come within the purview of this law, or with any other offense against the person of a child. In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause.

J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

L. Any person who seeks spousal support after having separated from his spouse. A decision under this subdivision shall not be res judicata in any subsequent action for spousal support in a circuit court. A circuit court shall have concurrent original jurisdiction in all causes of action under this subdivision.

N. Any person who escapes or remains away without proper authority from a residential care facility in which he had been placed by the court or as a result of his commitment to the Virginia Department of Juvenile Justice.

O. Petitions for emancipation of a minor pursuant to Article 15 (§ 16.1-331 et seq.).

P. Petitions for enforcement of administrative support orders entered pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, or by another state in the same manner as if the orders were entered by a juvenile and domestic relations district court upon the filing of a certified copy of such order in the juvenile and domestic relations district court.

Q. Petitions for a determination of parentage pursuant to Chapter 3.1 (§ 20-49.1 et seq.) of Title 20. A circuit court shall have concurrent original jurisdiction to the extent provided for in § 20-49.2.

R. [Repealed.]

S. Petitions filed by school boards against parents pursuant to §§ 16.1-241.2 and 22.1-279.3.

U. Petitions filed in connection with parental placement adoption consent hearings pursuant to § 63.2-1233. Such proceedings shall be advanced on the docket so as to be heard by the court within 10 days of filing of the petition, or as soon thereafter as practicable so as to provide the earliest possible disposition.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (a) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful and (b) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage entered into prior to July 1, 2024, or lawfully entered into in another state or country prior to being domiciled in the Commonwealth, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

Z. Petitions filed pursuant to § 16.1-283.3 for review of voluntary agreements for continuation of services and support for persons who meet the eligibility criteria for the Fostering Futures program set forth in § 63.2-919.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

Upon certification by the juvenile and domestic relations district court of any felony charge and ancillary misdemeanor charge committed by an adult or when an appeal of a conviction or adjudication of delinquency of an offense in the juvenile and domestic relations district court is noted, jurisdiction as to such charges shall vest in the circuit court, unless such case is reopened pursuant to § 16.1-133.1; a final judgment, order, or decree is modified, vacated, or suspended pursuant to Supreme Court of Virginia Rule 1:1; or the appeal has been withdrawn in the juvenile and domestic relations district court within 10 days pursuant to § 16.1-133.

§ 20-49.1. How parent and child relationship established.

A. The parent and child relationship between a child and a woman may be established prima facie by proof of her having given birth to the child, or as otherwise provided in this chapter.

B. The parent and child relationship between a child and a man may be established by:

1. Scientifically reliable genetic tests, including blood tests, which affirm at least a ninety-eight percent probability of paternity. Such genetic test results shall have the same legal effect as a judgment entered pursuant to § 20-49.8.

2. A voluntary written statement of the father and mother made under oath acknowledging paternity and confirming that prior to signing the acknowledgment, the parties were provided with a written and oral description of the rights and responsibilities of acknowledging paternity and the consequences arising from a signed acknowledgment, including the right to rescind. The acknowledgement may be rescinded by either party within sixty days from the date on which it was signed unless an administrative or judicial order relating to the child in an action to which the party seeking rescission was a party is entered prior to the rescission. A written statement shall have the same legal effect as a judgment entered pursuant to § 20-49.8 and shall be binding and conclusive unless, in a subsequent judicial proceeding, the person challenging the statement establishes that the statement resulted from fraud, duress or a material mistake of fact. In any subsequent proceeding in which a statement acknowledging paternity is subject to challenge, the legal responsibilities of any person signing it shall not be suspended during the pendency of the proceeding, except for good cause shown. Written acknowledgments of paternity made under oath by the father and mother prior to July 1, 1990, shall have the same legal effect as a judgment entered pursuant to § 20-49.8.

3. In the absence of such acknowledgment or if the probability of paternity is less than ninety-eight percent, such relationship may be established as otherwise provided in this chapter.

C. The parent and child relationship between a child and an adoptive parent may be established by proof of lawful adoption.

D. No parent and child relationship shall be established when a biological parent has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, or has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the biological parent has been charged with or convicted of the alleged violation, and the child was conceived of such violation or conduct.

The provisions of this subsection shall not prevent the establishment of a parent and child relationship if (i) after the date of such violation or prohibited conduct, the biological parents cohabitate and establish a mutual custodial environment for the child or (ii) the biological parent who would otherwise rely on this section to prevent the establishment of a parent and child relationship between the child and the biological parent who was convicted of such violation or engaged in such prohibited conduct allows such other parent to establish a parent and child relationship with such child.

§ 20-49.4. Evidence relating to parentage.

The standard of proof in any action to establish parentage shall be by clear and convincing evidence. *Any statements made by a parent in a proceeding held pursuant to this chapter shall be inadmissible in a subsequent criminal proceeding relating to the conception of a child, except for purposes of impeachment.* All relevant evidence on the issue of paternity shall be admissible. Such evidence may include, but shall not be limited to, the following:

1. Evidence of open cohabitation or sexual intercourse between the known parent and the alleged parent at the probable time of conception;

2. Medical or anthropological evidence relating to the alleged parentage of the child based on tests performed by experts. If a person has been identified by the mother as the putative father of the child, the court may, and upon request of a party shall, require the child, the known parent, and the alleged parent to submit to appropriate tests;

3. The results of scientifically reliable genetic tests, including blood tests, if available, weighted with all the evidence;

4. Evidence of the alleged parent consenting to or acknowledging, by a general course of conduct, the common use of such parent's surname by the child;

5. Evidence of the alleged parent claiming the child as his child on any statement, tax return or other document filed by him with any state, local or federal government or any agency thereof;

6. A true copy of an acknowledgment pursuant to § 20-49.5; and

7. An admission by a male between the ages of fourteen and eighteen pursuant to § 20-49.6.

§ 20-124.1. Definitions.

As used in this chapter:

"Joint custody" means (i) joint legal custody where both parents retain joint responsibility for the care and control of the child and joint authority to make decisions concerning the child even though the child's primary residence may be with only one parent, (ii) joint physical custody where both parents share physical and custodial care of the child, or (iii) any combination of joint legal and joint physical custody which the court deems to be in the best interest of the child.

"Person with a legitimate interest" shall be broadly construed and includes, but is not limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members provided any such party has intervened in the suit or is otherwise properly before the court. The term shall be broadly construed to accommodate the best interest of the child. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person

whose parental rights have been terminated, either voluntarily or involuntarily, *or whose interest in the child derives from or through a person pursuant to clause (iii),* including but not limited to grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or who has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the person has been charged with or convicted of the alleged violation,* when the child who is the subject of the petition was conceived as a result of such violation *or conduct*.

"Sole custody" means that one person retains responsibility for the care and control of a child and has primary authority to make decisions concerning the child.

§ 63.2-903. Entrustment agreements; adoption.

A. Whenever a local board accepts custody of a child pursuant to an entrustment agreement entered into under the authority of § 63.2-900, or a licensed child-placing agency accepts custody of a child pursuant to an entrustment agreement entered into under the authority of § 63.2-1817, in the city or county juvenile and domestic relations district court a petition for approval of the entrustment agreement (i) shall be filed within a reasonable period of time, not to exceed 89 days after the execution of an entrustment agreement for less than 90 days, if the child is not returned to his home within that period; (ii) shall be filed within a reasonable period of time, not to exceed 30 days after the execution of an entrustment agreement for 90 days or longer or for an unspecified period of time, if such entrustment agreement does not provide for the termination of all parental rights and responsibilities with respect to the child; and (iii) may be filed in the case of a permanent entrustment agreement which provides for the termination of all parental rights and responsibilities with respect to the child.

B. For purposes of §§ 63.2-900, 63.2-1817 and this section, a parent who is less than 18 years of age shall be deemed fully competent and shall have legal capacity to execute a valid entrustment agreement, including an agreement that provides for the termination of all parental rights and responsibilities, and shall be as fully bound thereby as if such parent had attained the age of 18 years. An entrustment agreement for the termination of all parental rights and responsibilities shall be executed in writing and notarized. An entrustment agreement for the termination of all parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the father of a child born out of wedlock if the identity of the father is not reasonably ascertainable, or if such father is given notice of the entrustment by registered or certified mail to his last known address and fails to object to the entrustment within 15 days of mailing of such notice. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence that would refute such an affidavit. The absence of such an affidavit shall not be deemed evidence that the identity of the father is reasonably ascertainable. For purposes of determining whether the identity of the father is reasonably ascertainable, the standard of what is reasonable under the circumstances shall control, taking into account the relative interests of the child, the mother and the father.

C. An entrustment agreement for the termination of parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the birth father of a child when such father has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the birth father has been charged with or convicted of the alleged violation,* and the child was conceived as a result of such violation *or conduct.*

D. A child may be placed for adoption by a licensed child-placing agency or a local board, in accordance with the provisions of § 63.2-1221.

§ 63.2-1202. Parental, or agency, consent required; exceptions.

A. No petition for adoption shall be granted, except as hereinafter provided in this section, unless written consent to the proposed adoption is filed with the petition. Such consent shall be in writing, signed under oath and acknowledged before an officer authorized by law to take acknowledgments. The consent of a birth parent for the adoption of his child placed directly by the birth parent shall be executed as provided in § 63.2-1233, and the circuit court may accept a certified copy of an order entered pursuant to § 63.2-1233 in satisfaction of all requirements of this section, provided the order clearly evidences compliance with the applicable notice and consent requirements of § 63.2-1233.

B. A birth parent who has not reached the age of 18 shall have legal capacity to give consent to adoption and perform all acts related to adoption, and shall be as fully bound thereby as if the birth parent had attained the age of 18 years.

C. Consent shall be executed:

1. By the birth mother and by any man who:

a. Is an acknowledged father under § 20-49.1;

b. Is an adjudicated father under § 20-49.8;

c. Is a presumed father under subsection D; or

d. Has registered with the Virginia Birth Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.).

Verification of compliance with the notice provisions of the Virginia Birth Father Registry shall be provided to the court.

2. By the child-placing agency or the local board having custody of the child, with right to place him for adoption, through court commitment or parental agreement as provided in § 63.2-900, 63.2-903, or 63.2-1221; or an agency outside

the Commonwealth that is licensed or otherwise duly authorized to place children for adoption by virtue of the laws under which it operates; and

3. By the child if he is 14 years of age or older, unless the circuit court finds that the best interests of the child will be served by not requiring such consent.

D. A man shall be presumed to be the father of a child if:

1. He and the mother of the child are married to each other and the child is born during the marriage;

2. He and the mother of the child were married to each other and the child is born within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce; or

3. Before the birth of the child, he and the mother of the child married each other in apparent compliance with the law, even if the attempted marriage is or could be declared invalid, and the child is born during the invalid marriage or within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

Such presumption may be rebutted by sufficient evidence that would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation with the birth mother for a period of at least 300 days prior to the birth of the child.

E. No consent shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with respect to the adoption of the child and cannot be withdrawn.

F. No consent shall be required of the birth father of a child when the birth father is convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the birth father has been charged with or convicted of the alleged violation,* and the child was conceived as a result of such violation *or conduct*.

G. No notice or consent shall be required of any person whose parental rights have been terminated by a court of competent jurisdiction, including foreign courts that have competent jurisdiction. No notice or consent is required of any birth parent of a child for whom a guardianship order was granted when the child was approved by the United States Citizenship and Immigration Services for purposes of adoption.

H. No consent shall be required of a birth parent who, without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. The prospective adoptive parent(s) shall establish by clear and convincing evidence that the birth parent(s), without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. This provision shall not infringe upon the birth parent's right to be noticed and heard on the allegation of abandonment. For purposes of this section, the payment of child support, in the absence of other contact with the child, shall not be considered contact.

I. A birth father of the child may consent to the termination of all of his parental rights prior to the birth of the child.

J. The failure of the nonconsenting party to appear at any scheduled hearing, either in person or by counsel, after proper notice has been given to said party, shall constitute a waiver of any objection and right to consent to the adoption.

K. If a birth parent, legal guardian, or prospective adoptee, executing a consent, entrustment, or other documents related to the adoption, cannot provide the identification required pursuant to § 47.1-14, the birth parent, legal guardian, or prospective adoptee may execute a self-authenticating affidavit as to his identity subject to the penalties contained in § 63.2-1217.

L. A legal custodian of a child being placed for adoption, and any other named parties in pending cases in which the custody or visitation of such child is at issue, whether such case is in a circuit or district court, shall be entitled to proper notice of any adoption proceeding and an opportunity to be heard.

§ 63.2-1222. Execution of entrustment agreement by birth parent(s); exceptions; notice and objection to entrustment; copy required to be furnished; requirement for agencies outside the Commonwealth.

A. For the purposes of this section, a birth parent who is less than 18 years of age shall be deemed fully competent and shall have legal capacity to execute a valid entrustment agreement, including an agreement that provides for the termination of all parental rights and responsibilities, and perform all acts related to adoption and shall be as fully bound thereby as if such birth parent had attained the age of 18 years.

B. An entrustment agreement for the termination of all parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the birth father of a child born out of wedlock if the identity of the birth father is not reasonably ascertainable or such birth father did not register with the Virginia Birth Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) or the birth father named by the birth mother denies under oath and in writing the paternity of the child. An affidavit signed by the birth mother stating that the identity of the birth father is unknown may be filed with the court alleging that the identity of the birth father is not known or reasonably ascertainable. A birth father shall be given notice of the entrustment if he is an acknowledged father pursuant to § 20-49.1, an adjudicated father pursuant to § 20-49.8, a presumed father pursuant to § 63.2-1202, or a putative father who has registered with the Virginia Birth Father Registry

pursuant to Article 7 (§ 63.2-1249 et seq.). If the putative father's identity is reasonably ascertainable, he shall be given notice pursuant to the requirements of § 63.2-1250.

C. When a birth father is required to be given notice, he may be given notice of the entrustment by registered or certified mail to his last known address. If he fails to object to the entrustment within 15 days of the mailing of such notice, his entrustment shall not be required. An objection to an entrustment agreement shall be in writing, signed by the objecting party or counsel of record for the objecting party and filed with the agency that mailed the notice of entrustment within the time period specified in § 63.2-1223.

D. The execution of an entrustment agreement shall be required of a presumed father except under the following circumstances: (i) if he denies paternity under oath and in writing in accordance with § 63.2-1202; (ii) if the presumption is rebutted by sufficient evidence, satisfactory to the circuit court, which would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation of the birth mother and her husband for a period of at least 300 days preceding the birth of the child; (iii) if another man admits, in writing and under oath, that he is the biological father; or (iv) if an adoptive placement has been determined to be in the best interests of the child pursuant to § 63.2-1205.

E. When none of the provisions of subsections C and D apply, notice of the entrustment shall be given to the presumed father pursuant to the requirements of § 16.1-277.01.

F. An entrustment agreement for the termination of all parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the birth father of a child when the birth father has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the birth father has been charged with or convicted of the alleged violation,* and the child was conceived as a result of such violation *or conduct.*

G. A birth father may execute an entrustment agreement for the termination of all of his parental rights prior to the birth of the child. Such entrustment shall be subject to the revocation provisions of § 63.2-1223.

H. No entrustment shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with respect to the adoption of the child and cannot be withdrawn.

I. A copy of the entrustment agreement shall be furnished to all parties signing such agreement.

J. When any agency outside the Commonwealth, or its agent, that is licensed or otherwise duly authorized to place children for adoption by virtue of the laws under which it operates executes an entrustment agreement in the Commonwealth with a birth parent for the termination of all parental rights and responsibilities with respect to the child, the requirements of §§ 63.2-1221 through 63.2-1224 shall apply. The birth parent may expressly waive, under oath and in writing, the execution of the entrustment under the requirements of §§ 63.2-1221 through 63.2-1224 in favor of the execution of an entrustment or relinquishment under the laws of another state if the birth parent is represented by independent legal counsel. Such written waiver shall expressly state that the birth parent has received independent legal counsel advising of the laws of Virginia and of the other state and that Virginia law is expressly being waived. The waiver also shall include the name, address, and telephone number of such legal counsel. Any entrustment agreement that fails to comply with such requirements shall be void.

§ 63.2-1233. Consent to be executed in juvenile and domestic relations district court; exceptions.

When the juvenile and domestic relations district court is satisfied that all requirements of § 63.2-1232 have been met with respect to at least one birth parent and the adoptive child is at least in the third calendar day of life, that birth parent or both birth parents, as the case may be, shall execute consent to the proposed adoption in compliance with the provisions of § 63.2-1202 while before the juvenile and domestic relations district court in person and in the presence of the prospective adoptive parents. The juvenile and domestic relations district court shall accept the consent of the birth parent(s) and transfer custody of the child to the prospective adoptive parents, pending notification to any nonconsenting birth parent, as described hereinafter.

1. a. The execution of consent before the juvenile and domestic relations district court shall not be required of a birth father if the birth father consents under oath and in writing to the adoption.

b. The consent of a birth father who is not married to the mother of the child at the time of the child's conception or birth shall not be required if the putative father named by the birth mother denies under oath and in writing the paternity of the child or if the putative father did not register with the Virginia Birth Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) of this chapter. If the identity of the birth father is reasonably ascertainable, but the whereabouts of the birth father are not reasonably ascertainable, verification of compliance with the Virginia Birth Father Registry shall be provided to the court.

c. When a birth father is required to be given notice, he may be given notice of the adoption by registered or certified mail to his last known address and if he fails to object to the adoption within 15 days of the mailing of such notice, his consent shall not be required. An objection shall be in writing, signed by the objecting party or counsel of record for the objecting party and shall be filed with the clerk of the juvenile and domestic relations district court in which the petition was filed during the business day of the court, within the time period specified in this section. When no timely objection is filed,

no hearing on this issue is required. Failure of the objecting party to appear at any scheduled hearing, either in person or by counsel, shall constitute a waiver of such objection.

d. The juvenile and domestic relations district court may accept the written consent of the birth father at the time of the child's conception or birth, provided that his identifying information required in § 63.2-1232 is filed in writing with the juvenile and domestic relations district court of jurisdiction. Such consent shall advise the birth father of his opportunity for legal representation, shall identify the court in which the case was or is intended to be filed, and shall be presented to the juvenile and domestic relations district court for acceptance. The consent may waive further notice of the adoption proceedings and shall contain the name, address and telephone number of the birth father's legal counsel or an acknowledgment that he was informed of his opportunity to be represented by legal counsel and declined such representation. For good cause shown, the court may dispense with the requirements regarding the filing of the birth father's identifying information pursuant to this subdivision 1. d.

e. In the event that the birth mother's consent is not executed in the juvenile and domestic relations district court, the consent of the birth father shall be executed in the juvenile and domestic relations district court.

f. A child born to a married birth mother shall be presumed to be the child of her husband and his consent shall be required, unless the court finds that the father's consent is withheld contrary to the best interests of the child as provided in § 63.2-1205 or if his consent is unobtainable. The consent of such presumed father shall be under oath and in writing and may be executed in or out of court. The presumption that the husband is the father of the child may be rebutted by sufficient evidence, satisfactory to the juvenile and domestic relations district court, which would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation of the birth mother and her husband for a period of at least 300 days preceding the birth of the child, in which case the husband's consent shall not be required. The executed denial of paternity by the putative father shall be sufficient to rebut the presumption that he is the father of the child. If the court is satisfied that the presumption has been rebutted, notice of the adoption shall not be required to be given to the presumed father.

2. After the application of the provisions of subdivision 1, if a birth parent is entitled to a hearing, the birth parent shall be given notice of the date and location of the hearing and be given the opportunity to appear before the juvenile and domestic relations district court. Such hearing may occur subsequent to the proceeding wherein the consenting birth parent appeared but may not be held until 15 days after personal service of notice on the nonconsenting birth parent, or if personal service is unobtainable, 10 days after the completion of the execution of an order of publication against such birth parent. The juvenile and domestic relations district court may appoint counsel for the birth parent(s). If the juvenile and domestic relations district court finds that consent is withheld contrary to the best interests of the child, as set forth in § 63.2-1205, or is unobtainable, it may grant the petition without such consent and enter an order waiving the requirement of consent of the nonconsenting birth parent and transferring custody of the child to the prospective adoptive parents. No further consent or notice shall be required of a birth parent who fails to appear at any scheduled hearing, either in person or by counsel. If the juvenile and domestic relations district court denies the petition, the juvenile and domestic relations district court shall order that any consent given for the purpose of such placement shall be void and, if necessary, the court shall determine custody of the child as between the birth parents.

3. Except as provided in subdivisions 4 and 5, if consent cannot be obtained from at least one birth parent, the juvenile and domestic relations district court shall deny the petition and determine custody of the child pursuant to § 16.1-278.2.

4. If a child has been under the physical care and custody of the prospective adoptive parents and if both birth parents have failed, without good cause, to appear at a hearing to execute consent under this section for which they were given proper notice pursuant to § 16.1-264, the juvenile and domestic relations district court may grant the petition without the consent of either birth parent and enter an order waiving consent and transferring custody of the child to the prospective adoptive parents. Prior to the entry of such an order, the juvenile and domestic relations district court may appoint legal counsel for the birth parents and shall find by clear and convincing evidence (i) that the birth parents were given proper notice of the hearing(s) to execute consent and of the hearing to proceed without their consent; (ii) that the birth parents failed to show good cause for their failure to appear at such hearing(s); and (iii) that pursuant to § 63.2-1205, the consent of the birth parents is withheld contrary to the best interests of the child or is unobtainable. Under this subdivision, the court or the parties may waive the requirement of the simultaneous meeting under § 63.2-1231 and the requirements of subdivisions A 1, A 3, and A 7 of § 63.2-1232 where the opportunity for compliance is not reasonably available under the applicable circumstances.

5. If both birth parents are deceased, the juvenile and domestic relations district court, after hearing evidence to that effect, may grant the petition without the filing of any consent.

6. No consent shall be required from the birth father of a child placed pursuant to this section when such father is convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, *or has been found by clear and convincing evidence to have engaged in the conduct prohibited by subsection A of § 18.2-61, § 18.2-63, or subsection B of § 18.2-366, whether or not the birth father has been charged with or convicted of the alleged violation,* and the child was conceived as a result of such violation *or conduct*, nor shall the birth father be entitled to notice of any of the proceedings under this section.

7. No consent shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed

denial of paternity is final and constitutes a waiver of all rights with the respect to the adoption of the child and cannot be withdrawn.

8. A birth father may consent to the adoption prior to the birth of the child.

9. The juvenile and domestic relations district court shall review each order entered under this section at least annually until such time as the final order of adoption is entered.

10. When there has been an interstate transfer of the child in a parental placement adoption in compliance with Chapter 10 (§ 63.2-1000 et seq.) of this title, all matters relating to the adoption of the child including, but not limited to, custody and parentage shall be determined in the court of appropriate jurisdiction in the state that was approved for finalization of the adoption by the interstate compact authorities.

A. In any county, city, or town in which an election is being held, the registration records shall be closed for the purpose of registering voters on the election day and during the period in advance of the election as provided in this section. The registration records shall be closed during the ~~21~~ *10* days before a primary or general election. During this period, persons shall be permitted to register in person and mail voter registration applications shall be accepted.

[H 1760]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

[H 1867]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1204 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. A landlord shall offer a prospective tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord-tenant relationship and shall provide with it the statement of tenant rights and responsibilities developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139 acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. The written rental agreement shall be effective upon the date signed by the parties.

If a tenant fails to sign the form available pursuant to this subsection, the landlord shall record the date or dates on which he provided the form to the tenant and the fact that the tenant failed to sign such form. Subsequent to the effective date of the tenancy, a landlord may, but shall not be required to, provide a tenant with and allow such tenant an opportunity to sign the form described pursuant to this subsection. The form shall be current as of the date of delivery.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection D of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit in an amount that does not exceed a total amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of the signed written rental agreement and the statement of tenant rights and responsibilities to the tenant within 10 business days of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action, including any summons for unlawful detainer, against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

The landlord shall provide the tenant with an additional hard copy of such tenant's rental agreement once per year upon request or shall maintain such rental agreement in an electronic format that can be easily accessed by or shared with the tenant upon request. Any additional electronic copy of a tenant's rental agreement provided pursuant to this subsection shall be provided by the landlord at no charge to the tenant.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order.

K. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth~~,~~ shall be required to provide written notice to any tenant who has the option to renew a rental agreement or whose rental agreement contains an automatic renewal provision of any increase in rent during the subsequent rental agreement term. *Such landlord shall also provide written notice of nonrenewal to any tenant.* Such ~~notice~~ *notices* shall be provided to the tenant no less than 60 days prior to the end of the rental agreement term. This subsection shall not apply to any periodic tenancy created pursuant to subsection C of § 55.1-1253.

§ 22.1-272.2. Department; model memorandum of understanding; partnerships with community mental health services providers or a nationally recognized school-based telehealth provider.

A. The Department, in consultation with the Department of Behavioral Health and Developmental Services and the Department of Medical Assistance Services, shall develop, adopt, and distribute to each school board a model memorandum of understanding between a school board and a public or private community mental health services provider or a nationally recognized school-based telehealth provider that sets forth parameters for the provision of mental health services to public school students enrolled in the local school division by such provider, including the provision of mental health teletherapy for students *outside of regular school hours and during regular school hours on school property*, reflects effective practices, and addresses privacy considerations related to the exchange of information between the parties to the memorandum of understanding and relevant laws and regulations. The Department shall maintain and update as necessary the model memorandum of understanding to ensure that it remains current, useful, and relevant.

B. Any school board may provide school-based mental health teletherapy services and permit any public school student in the school division to schedule and participate in mental health teletherapy services on school property during regular school hours on the same basis as such students are permitted to schedule and participate in school counseling services.

C. Any school board that chooses to provide such mental health teletherapy services pursuant to subsection B shall (i) enter into a memorandum of understanding with a nationally recognized school-based telehealth provider in accordance with the model memorandum of understanding developed by the Department pursuant to subsection A that ensures and sets forth parameters for the provision of mental health teletherapy services for students during regular school hours and (ii) develop and implement, pursuant to § 22.1-272.3, policies and guidance for permitting any public school student in the school division to schedule and participate in mental health teletherapy services on school property during regular school hours.

§ 22.1-272.3. Student access to telehealth services; school division policies.

A. In order to increase access to health care services for students, each school board shall consider developing and implementing policies for permitting any public school student in the school division to schedule and participate in telehealth services and mental health teletherapy services on school property during regular school hours with parental consent. Any school board that implements and develops policies for permitting any public school student in the school division to schedule and participate in mental health teletherapy services shall enter into a memorandum of understanding with a nationally recognized school-based telehealth provider in accordance with the model memorandum of understanding developed by the Department pursuant to § 22.1-272.2.

Require each public elementary and secondary school at which such telehealth services are provided to (i) designate a location in such school for students to use for such telehealth appointments that ensures the privacy and safety of such students and has Internet access and (ii) implement measures to ensure the privacy and safety of each student participating in a telehealth appointment;

3. Prohibit any student from being subject to any disciplinary measure or consequence for participating in a telehealth appointment during regular school hours if such student would not be subject to disciplinary measures or consequences for an absence for the purpose of receiving any health care services in person during regular school hours; and

4. Include such other requirements as the school board deems necessary and appropriate.

C. Any such policies developed and implemented by a school board for permitting any public school student in the school division to schedule and participate in telehealth services and mental health teletherapy services shall, in addition to the requirements set forth of subsection B, be consistent with, but may be more comprehensive than, the parameters set forth in the memorandum of understanding between the school board and the nationally recognized school-based telehealth provider developed by the school board pursuant to § 22.1-272.2.

D. Each school board that develops and implements any policies in accordance with this section shall provide guidance relating to the implementation of such policies for administrative and instructional personnel and shall post such guidance in a publicly accessible location on its website at the beginning of each school year.

CHAPTER 557

[S 1352]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-2957 and 54.1-2957.04 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-2957. Licensure and practice of advanced practice registered nurses; certified nurse midwives; independent practice of certified nurse midwives.

A. As used in this section, "clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of advanced practice registered nurses. It is unlawful for a person to practice as an advanced practice registered nurse in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner who does not meet the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A certified nurse midwife shall practice pursuant to subsection H. A clinical nurse specialist shall practice pursuant to subsection J. A certified registered nurse anesthetist shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. An advanced practice registered nurse who is appointed as a medical examiner pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among advanced practice registered nurses and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16.

Physicians on patient care teams may require that an advanced practice registered nurse be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and advanced practice registered nurses working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the advanced practice registered nurse and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by an advanced practice registered nurse and provided to the Boards upon request. For advanced practice registered nurses providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the advanced practice registered nurse's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as an advanced practice registered nurse if the applicant has been licensed as an advanced practice registered nurse under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure required of advanced practice registered nurses in the Commonwealth. An advanced practice registered nurse to whom a license is issued by endorsement may practice without a practice agreement with a patient care team physician pursuant to subsection I if such application provides an attestation to the Boards that the applicant has completed the equivalent of at least three years of full-time experience, as determined by the Boards, in accordance with the laws of the state in which the nurse practitioner was licensed.

F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant temporary licensure to advanced practice registered nurses.

G. In the event a physician who is serving as a patient care team physician dies, becomes disabled, retires from active practice, surrenders his license or has it suspended or revoked by the Board, or relocates his practice such that he is no longer able to serve, or for other good cause, and an advanced practice registered nurse is unable to enter into a new practice agreement with another patient care team physician, the advanced practice registered nurse may continue to practice upon notification to the designee or his alternate of the Boards and receipt of such notification. Such advanced practice registered nurse may continue to treat patients without a patient care team physician for an initial period not to exceed 60 days, provided that the advanced practice registered nurse continues to prescribe only those drugs previously authorized by the practice agreement with such physician and to have access to appropriate input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the advanced practice registered nurse to continue practice under this subsection for another 60 days, provided that the advanced practice registered nurse provides evidence of efforts made to secure another patient care team physician and of access to physician input. At the conclusion of the second 60-day period, provided that the advanced practice registered nurse provides evidence of the continued efforts to secure another patient care team physician and of access to physician input, the designee or his alternate of the Boards may grant permission for the advanced practice registered nurse to continue practicing under the management and leadership of a nurse practitioner licensed by the Boards of Medicine and Nursing who (i) meets the requirements of subsection I, (ii) routinely practiced with a patient population and in a practice area within the category for which the advanced practice registered nurse was certified and licensed, and (iii) has been authorized to practice without a written or electronic practice agreement for at least three years.

H. Every certified nurse midwife shall practice in accordance with regulations adopted by the Boards and consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing such practice. A certified nurse midwife who has practiced fewer than 1,000 hours shall practice in consultation with ~~a certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ a licensed physician *or an independent practice midwife*, in accordance with a practice agreement. Such practice agreement shall address the availability of ~~the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ the licensed physician *or independent practice midwife* for routine and urgent consultation on patient care. Evidence of the practice agreement shall be maintained by the certified nurse midwife and provided to the Boards upon request. A certified nurse midwife who has completed 1,000 hours of practice as a certified nurse midwife may practice without a practice agreement upon receipt by the certified nurse midwife of an attestation from ~~the certified nurse midwife who has practiced for at least two years prior to entering into the practice agreement or~~ the licensed physician *or independent practice midwife* with whom the certified nurse midwife has entered into a practice agreement stating (i) that such ~~certified nurse midwife or~~ licensed physician *or independent practice midwife* has provided consultation to the certified nurse midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of time for which such ~~certified nurse midwife or~~ licensed physician *or independent practice midwife* practiced in collaboration and consultation with the certified nurse midwife pursuant to the practice agreement. A certified nurse midwife authorized to practice without a practice agreement shall consult and collaborate with and refer patients to such other health care providers as may be appropriate for the care of the patient.

For the purposes of this subsection, "independent practice midwife" means a licensed certified midwife who is authorized to practice without a practice agreement pursuant subsection D of § 54.1-2957.04 and has practiced independently for two years or a certified nurse midwife who is authorized to practice without a practice agreement pursuant to this subsection and has practiced independently for two years.

I. A nurse practitioner who has completed the equivalent of at least three years of full-time clinical experience, as determined by the Boards, may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement upon receipt by the nurse practitioner of an attestation from either (i) the patient care team physician or (ii) an attesting nurse practitioner who assumed management and leadership of a nurse practitioner pursuant to subsection G and has met the requirements of this subsection for at least three years stating (a) that the patient care team physician or attesting nurse practitioner has served as a patient care team physician or attesting nurse practitioner, respectively, on a patient care team with the nurse practitioner pursuant to a practice agreement meeting the requirements of this section and § 54.1-2957.01; (b) that while a party to such practice agreement, the patient care team physician or attesting nurse practitioner routinely practiced with a patient population and in a practice area included within the category for which the nurse practitioner was certified and licensed; and (c) the period of time for which the patient care team physician or attesting nurse practitioner practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall (1) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (2) consult and collaborate with other health care providers based on the clinical

conditions of the patient to whom health care is provided, and (3) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

J. A clinical nurse specialist licensed by the Boards of Medicine and Nursing who does not prescribe controlled substances or devices may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement. Such clinical nurse specialist shall (i) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (ii) consult and collaborate with other health care providers based on the clinical condition of the patient to whom health care is provided, and (iii) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

A clinical nurse specialist licensed by the Boards who prescribes controlled substances or devices shall practice in consultation with a licensed physician in accordance with a practice agreement between the clinical nurse specialist and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. Evidence of a practice agreement shall be maintained by a clinical nurse specialist and provided to the Boards upon request. The practice of clinical nurse specialists shall be consistent with the standards of care for the profession and with applicable laws and regulations.

A. It shall be unlawful for any person to practice or to hold himself out as practicing as a licensed certified midwife or use in connection with his name the words "Licensed Certified Midwife" unless he holds a license as such issued jointly by the Boards of Medicine and Nursing.

B. The Boards of Medicine and Nursing shall jointly adopt regulations for the licensure of licensed certified midwives, which shall include criteria for licensure and renewal of a license as a certified midwife that shall include a requirement that the applicant provide evidence satisfactory to the Boards of current certification as a certified midwife by the American Midwifery Certification Board and that shall be consistent with the requirements for certification as a certified midwife established by the American Midwifery Certification Board.

C. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a licensed certified midwife if the applicant has been licensed as a certified midwife under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure as a licensed certified midwife in the Commonwealth.

A licensed certified midwife authorized to practice without a practice agreement shall consult, collaborate with, and refer patients to other health care providers as may be appropriate for the care of the patient.* The Board shall adopt regulations for the practice of licensed certified midwives, which shall be in accordance with regulations jointly adopted by the Boards of Medicine and Nursing, which shall be consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing the practice of midwifery.

[S 1308]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1569.1 and 46.2-1571 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-1569.1. Manufacturer or distributor right of first refusal.

A. Notwithstanding the terms of any franchise agreement, in the event of a proposed sale or transfer of a dealership, the manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new vehicle dealer's assets or ownership, if such sale or transfer is conditioned upon the manufacturer's or dealer's entering into a dealer agreement with the proposed new owner or transferee, only if all the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 45 days of its receipt of the ~~completed~~ ~~proposal~~ *notice* for the proposed sale or transfer *submitted as required by subdivision 3 of § 46.2-1569*;

2. The exercise of the right of first refusal will result in the dealer's and dealer's owner's receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of ownership or transfer; and

3. The manufacturer or distributor agrees to pay the reasonable expenses, including attorney's fees which do not exceed the usual, customary, and reasonable fees charged for similar work done for other clients, incurred by the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the dealership or dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorney's fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

B. A manufacturer or distributor shall not exercise or enforce a right of first refusal if (i) the proposed sale or transfer is to a dealer licensed in the United States as a dealer holding a franchise from any manufacturer or distributor licensed as a manufacturer or distributor in the Commonwealth unless the manufacturer or distributor has a formal written program to increase the number of minority dealers and a minority dealer will obtain at least 51 percent ownership and control of the dealership's assets after the exercise of the right of first refusal consistent with subdivision 2 of § 46.2-1572 or (ii) the proposed sale or transfer of the dealership's assets involves the transfer or sale to a member or members of the family of one or more dealer owners, or to a qualified manager or a partnership, limited liability company, corporation, or other entity controlled by such persons.

C. The provisions of clause (i) of subsection B shall not apply to any manufacturer or distributor, together with any of its parents, subsidiaries or affiliates that as of January 1, 2019, (i) produced or distributed at least 1,000 motor vehicles in the immediately preceding 12 months, at least 51 percent of which had a gross vehicle weight rating of at least 16,000 pounds and (ii) was on January 1, 2019 a party, including that party's parents, subsidiaries and affiliates, to federal litigation arising from rights and obligations created by § 46.2-1569.1.

§ 46.2-1571. Recall, warranty, maintenance and sales incentive obligations.

A. Each motor vehicle manufacturer, factory branch, distributor, or distributor branch shall (i) specify in writing to each of its motor vehicle dealers licensed in the Commonwealth the dealer's obligations for preparation, delivery, recall, and warranty service on its products and (ii) compensate the dealer for recall or warranty parts, service, and diagnostic work required of the dealer by the manufacturer or distributor as follows:

1. Compensation of a dealer for recall or warranty parts, service, and diagnostic work shall not be less than the amounts charged by the dealer for the manufacturer's or distributor's original parts, service, and diagnostic work to retail customers for nonwarranty service, parts, and diagnostic work installed or performed in the dealer's service department~~, and the determination of compensation in accordance with the provisions of this section shall be deemed reasonable due to the substantial number of repair orders reviewed, unless the manufacturer can show that the amounts are not reasonable~~. All manufacturer or distributor compensated parts, service, diagnostic work, updates to a vehicle accessory or function, or initialization or repair of a vehicle part, system, accessory, or function performed by the dealer shall be subject to this subsection. *Diagnostic work shall include all time spent by a technician who meets the manufacturer's or distributor's*

qualifications and requirements for the repair work communicating with the manufacturer's technical assistance or external manufacturer source in order to complete a warranty repair. Recall or warranty parts compensation shall be stated as a percentage of markup, which shall be an agreed reasonable approximation of retail markup and which shall be uniformly applied to all of the manufacturer's or distributor's parts unless otherwise provided for in this section. If the dealer and manufacturer or distributor cannot agree on the recall or warranty parts compensation markup to be paid to the dealer, the markup shall be determined by an average of the dealer's retail markup on all of the manufacturer's or distributor's parts as described in subdivisions 2 and 3.

2. For purposes of determining recall or warranty parts and service compensation paid to a dealer by the manufacturer or distributor, including body-shop repairs, only retail repair orders, or the retail portion of repair orders containing retail and non-retail operations, shall be considered. For the purposes of this section, "retail" does not include menu-priced parts or services, services and parts used in internal repairs paid by the dealer, group discounts, special event discounts, special event promotions, and insurance-paid repairs.

3. Increases in dealer recall or warranty parts and service compensation and diagnostic work compensation, pursuant to this section, shall be requested by the dealer in writing, shall be based on 100 consecutive repair orders or all repair orders over a 90-day period, whichever occurs first. If any portion of a retail repair order includes amounts that are not retail, such portion shall be excluded. Compensation for parts shall be stated as a percentage of markup that shall be uniformly applied to all the manufacturer's or distributor's parts. *Compensation for parts used in a recall or similar repair, not including warranty repairs, shall be based on the highest price of such parts in the 12 months before the recall or similar repair is announced to dealers. If the manufacturer or distributor changes the parts number or similar designation of a part, the price of such part established pursuant to this subdivision shall be determined by the price of such part before such change.*

4. In the case of recall or warranty parts compensation, the provisions of this subsection shall be effective only for model year 1992 and succeeding model years.

5. If a manufacturer or distributor furnishes a part to a dealer at no cost for use by the dealer in performing work for which the manufacturer or distributor is required to compensate the dealer under this section, the manufacturer or distributor shall compensate the dealer for the part in the same manner as recall or warranty parts compensation, less the wholesale costs, for such part as listed in the manufacturer's current price schedules. A manufacturer or distributor may pay the dealer a reasonable handling fee instead of the compensation otherwise required by this subsection for special high-performance complete engine assemblies in limited production motor vehicles that constitute less than five percent of model production furnished to the dealer at no cost, if the manufacturer or distributor excludes such special high-performance complete engine assemblies in determining whether the amounts requested by the dealer for recall or warranty compensation are consistent with the amounts that the dealer charges its other retail service customers for parts used by the dealer to perform similar work.

6. In the case of service work, manufacturer original parts or parts otherwise specified by the manufacturer or distributor, and parts provided by a dealer either pursuant to an adjustment program as defined in § 59.1-207.34 or as otherwise requested by the manufacturer or distributor, the dealer shall be compensated in the same manner as for recall or warranty service or parts.

This section does not apply to compensation for parts such as components, systems, fixtures, appliances, furnishings, accessories, and features that are designed, used, and maintained primarily for nonvehicular, residential purposes. Recall, warranty, and sales incentive audits of dealer records may be conducted by the manufacturer, factory branch, distributor, or distributor branch on a reasonable basis, and dealer claims for recall, warranty, or sales incentive compensation shall not be denied except for good cause, such as performance of nonwarranty repairs, lack of material documentation, fraud, or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim shall not constitute grounds for the denial of the claim or reduction of the amount of compensation to the dealer as long as reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer, factory branch, distributor, or distributor branch shall not deny a claim or reduce the amount of compensation to the dealer for recall or warranty repairs to resolve a condition discovered by the dealer during the course of a separate repair requested by the customer or to resolve a condition on the basis of advice or recommendation by the dealer. Claims for dealer compensation shall be paid within 30 days of dealer submission or within 30 days of the end of an incentive program or rejected in writing for stated reasons. *The manufacturer, factory branch, distributor, or distributor branch shall allow a dealer to submit a claim for rental vehicle reimbursement as required pursuant to subdivision B 5, in 30-day increments, prior to the end of the rental vehicle period if the repair for which the rental vehicle is associated is open due to a delay in parts or repair information from the manufacturer, factory branch, distributor, or distributor branch.* The manufacturer, factory branch, distributor, or distributor branch shall reserve the right to reasonable periodic audits to determine the validity of all such paid claims for dealer compensation. Any chargebacks for recall or warranty parts or service compensation and service incentives shall only be for the six-month period immediately following the date of the claim and, in the case of chargebacks for sales compensation only, for the six-month period immediately following the date of claim. *The manufacturer, factory branch, distributor, or distributor branch may audit and charge back, pursuant to this paragraph, claims for rental vehicle reimbursement for the six-month period immediately following the date of payment of the claim for the warranty or recall repair associated with such rental.* However, such limitations shall not be effective if a manufacturer, factory branch, distributor, or distributor branch has reasonable cause to believe that a claim submitted by a dealer is intentionally false or fraudulent. For purposes of this section, "reasonable cause" means a bona fide belief based

upon evidence that the material issues of fact are such that a person of ordinary caution, prudence, and judgment could believe that a claim was intentionally false or fraudulent. A dealer shall not be charged back or otherwise liable for sales incentives or charges related to a motor vehicle sold by the dealer to a purchaser other than a licensed, franchised motor vehicle dealer and subsequently exported or resold, unless the manufacturer, factory branch, distributor, or distributor branch can demonstrate by a preponderance of the evidence that the dealer should have known of and did not exercise due diligence in discovering the purchaser's intention to export or resell the motor vehicle.

B. It shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to:

1. Fail to perform any of its recall or warranty obligations, including tires, with respect to a motor vehicle;

2. Fail to assume all responsibility for any liability resulting from structural or production defects;

3. Fail to include in written notices of factory recalls to vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of defects;

4. Fail to compensate any of the motor vehicle dealers licensed in the Commonwealth for repairs effected by the dealer of merchandise damaged in manufacture or transit to the dealer where the carrier is designated by the manufacturer, factory branch, distributor, or distributor branch;

5. Fail to fully compensate its motor vehicle dealers licensed in the Commonwealth for recall or warranty parts, work, and service pursuant to subsection A either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition by which the motor vehicle manufacturer, factory branch, distributor, or distributor branch seeks to recover its costs of complying with subsection A, or for legal costs and expenses incurred by such dealers in connection with recall or warranty obligations for which the manufacturer, factory branch, distributor, or distributor branch is legally responsible or which the manufacturer, factory branch, distributor, or distributor branch imposes upon the dealer. Failure to fully reimburse a dealer for the cost to the dealer of a rental vehicle provided to a customer as required, offered, advertised as available, or agreed to by the manufacturer or distributor shall be considered a violation of this subsection. *A dealer's inability to provide a specified type of vehicle, including line-make, size, or category, from the rental market shall not be grounds to refuse to fully reimburse a dealer under this subdivision.* Failure to provide compensation consistent with this section to a dealer for assistance requested by a customer whose vehicle was subjected to an over-the-air or remote change, repair, or update to any part, system, accessory, or function by the vehicle manufacturer or distributor and performed at the dealership to satisfy the customer shall be considered a violation of this subsection;

6. Misrepresent in any way to purchasers of motor vehicles that warranties with respect to the manufacture, performance, or design of the vehicle are made by the dealer, either as warrantor or co-warrantor;

7. Require the dealer to make warranties to customers in any manner related to the manufacture, performance, or design of the vehicle;

8. Shift or attempt to shift to the motor vehicle dealer, directly or indirectly, any liabilities of the manufacturer, factory branch, distributor or distributor branch under the Virginia Motor Vehicle Warranty Enforcement Act (§ 59.1-207.9 et seq.), unless such liability results from the act or omission by the dealer;

9. Deny any dealer the right to return any part or accessory that the dealer has not sold within 12 months where the part or accessory was not obtained through a specific order initiated by the dealer but instead was specified for, sold to and shipped to the dealer pursuant to an automated ordering system, provided that such part or accessory is in the condition required for return to the manufacturer, factory branch, distributor, or distributor branch, and the dealer returns the part within 30 days of it becoming eligible under this subdivision. For purposes of this subdivision, an "automated ordering system" ~~shall be~~ *is* a computerized system that automatically specifies parts and accessories for sale and shipment to the dealer without specific order thereof initiated by the dealer. The manufacturer, factory branch, distributor, or distributor branch shall not charge a restocking or handling fee for any part or accessory being returned under this subdivision. This subdivision shall not apply if the manufacturer, factory branch, distributor, or distributor branch has available to the dealer an alternate system for ordering parts and accessories that provides for shipment of ordered parts and accessories to the dealer within the same time frame as the dealer would receive them when ordered through the automated ordering system. *Notwithstanding the provisions of this subdivision, the manufacturer, factory branch, distributor, or distributor branch shall not deny any dealer the right to return, within 12 months of the date of purchase, any part or accessory needed to complete a recall or similar repair for compensation and the manufacturer, factory branch, distributor, or distributor branch is prohibited from deeming such part obsolete or nonreturnable by removing it from current parts codes or catalogs*; or

10. When providing a new motor vehicle to a dealer for offer or sale to the public, fail to provide to such dealer a written disclosure that may be provided to a potential buyer of the new motor vehicle of each accessory or function of the vehicle that may be initiated, updated, changed, or maintained by the manufacturer or distributor through over-the-air or remote means, and the charge to the customer at the time of the new motor vehicle sale for such initiation, update, change, or maintenance. A manufacturer or distributor may comply with this subdivision by notifying the dealer that such information is available on a website or by other digital means.

C. Notwithstanding the terms of any franchise, it shall be unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its motor vehicle dealers against any losses or damages arising out of complaints, claims, or suits relating to the manufacture, assembly, or design of motor vehicles, parts, or accessories, or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer, including, without limitation, the selection by the manufacturer, factory branch, distributor, or distributor branch of parts or components for the vehicle or any damages to merchandise occurring in transit to the dealer where the

carrier is designated by the manufacturer, factory branch, distributor, or distributor branch. The dealer shall notify the manufacturer of pending suits in which allegations are made that come within this subsection whenever reasonably practicable to do so. Every motor vehicle dealer franchise issued to, amended, or renewed for motor vehicle dealers in Virginia shall be construed to incorporate provisions consistent with the requirements of this subsection.

D. On any new motor vehicle, any uncorrected damage or any corrected damage exceeding three percent of the manufacturer's or distributor's suggested retail price as defined in 15 U.S.C. §§ 1231 -1233, as measured by retail repair costs, must be disclosed to the dealer in writing prior to delivery. Factory mechanical repair and damage to glass, tires, and bumpers are excluded from the three percent rule when properly replaced by identical manufacturer's or distributor's original equipment or parts. Whenever a new motor vehicle is damaged in transit, when the carrier or means of transportation is determined by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the new motor vehicle dealer, the new motor vehicle dealer shall:

1. Notify the manufacturer or distributor of the damage within three business days from the date of delivery of the new motor vehicle to the new motor vehicle dealership or within the additional time specified in the franchise; and

2. Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage, unless the damage to the vehicle exceeds the three percent rule, in which case the dealer may reject the vehicle within three business days.

E. If the manufacturer or distributor refuses or fails to authorize correction of such damage within 10 days after receipt of notification, or if the dealer rejects the vehicle because damage exceeds the three percent rule, ownership of the new motor vehicle shall revert to the manufacturer or distributor, and the new motor vehicle dealer shall have no obligation, financial or otherwise, with respect to such motor vehicle. Should either the manufacturer, distributor, or the dealer elect to correct the damage or any other damage exceeding the three percent rule, full disclosure shall be made by the dealer in writing to the buyer and an acknowledgement by the buyer is required. If there is less than three percent damage, no disclosure is required, provided the damage has been corrected. Predelivery mechanical work shall not require a disclosure. Failure to disclose any corrected damage within the knowledge of the selling dealer to a new motor vehicle in excess of the three percent rule shall constitute grounds for revocation of the buyer order, provided that, within 30 days of purchase, the motor vehicle is returned to the dealer with an accompanying written notice of the grounds for revocation. In case of revocation pursuant to this section, the dealer shall accept the vehicle and refund any payments made to the dealer in connection with the transaction, less a reasonable allowance for the consumer's use of the vehicle as defined in § 59.1-207.11. Nothing in this section shall be construed to exempt from the provisions of this section damage to a new motor vehicle that occurs following delivery of the vehicle to the dealer.

F. If there is a dispute between the manufacturer, factory branch, distributor, or distributor branch and the dealer with respect to any matter referred to in subsection A, B, or C, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing. The decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. However, nothing contained in this section shall give the Commissioner any authority as to the content or interpretation of any manufacturer's or distributor's warranty. A manufacturer, factory branch, distributor, or distributor branch may not collect chargebacks, fully or in part, either through direct payment or by charge to the dealer's account, for recall or warranty parts or service compensation, including service incentives, sales incentives, other sales compensation, surcharges, fees, penalties, or any financial imposition of any type arising from an alleged failure of the dealer to comply with a policy of, directive from, or agreement with the manufacturer, factory branch, distributor, or distributor branch until 40 days following final notice of the amount charged to the dealer following all internal processes of the manufacturer, factory, factory branch, distributor, or distributor branch. Within 30 days following receipt of such final notice, the dealer may petition the Commissioner, in writing, for a hearing. If a dealer requests such a hearing, the manufacturer, factory branch, distributor, or distributor branch may not collect the chargeback, fully or in part, either through direct payment or by charge to the dealer's account, until the completion of the hearing and a final decision of the Commissioner concerning the validity of the chargeback.

CHAPTER 562

An Act to amend and reenact § 55.1-1204 of the Code of Virginia, relating to Virginia Residential Landlord and Tenant Act; terms and conditions of rental agreement; renewal notice.

[S 1043]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1204 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. A landlord shall offer a prospective tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord-tenant relationship and shall provide with it the statement of tenant rights and responsibilities developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139 acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. The written rental agreement shall be effective upon the date signed by the parties.

If a tenant fails to sign the form available pursuant to this subsection, the landlord shall record the date or dates on which he provided the form to the tenant and the fact that the tenant failed to sign such form. Subsequent to the effective date of the tenancy, a landlord may, but shall not be required to, provide a tenant with and allow such tenant an opportunity to sign the form described pursuant to this subsection. The form shall be current as of the date of delivery.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection D of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit in an amount that does not exceed a total amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective

sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of the signed written rental agreement and the statement of tenant rights and responsibilities to the tenant within 10 business days of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action, including any summons for unlawful detainer, against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

The landlord shall provide the tenant with an additional hard copy of such tenant's rental agreement once per year upon request or shall maintain such rental agreement in an electronic format that can be easily accessed by or shared with the tenant upon request. Any additional electronic copy of a tenant's rental agreement provided pursuant to this subsection shall be provided by the landlord at no charge to the tenant.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order.

K. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth~~,~~ shall be required to provide written notice to any tenant who has the option to renew a rental agreement or whose rental agreement contains an automatic renewal provision of any increase in rent during the subsequent rental agreement term. *Such landlord shall also provide written notice of nonrenewal to any tenant.* Such ~~notice~~ *notices* shall be provided to the tenant no less than 60 days prior to the end of the rental agreement term. This subsection shall not apply to any periodic tenancy created pursuant to subsection C of § 55.1-1253.

CHAPTER 563

An Act to amend and reenact § 22.1-272.2 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-272.3, relating to school boards; school-based telehealth and mental health teletherapy services; increasing accessibility; policies and requirements.

[S 1037]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-272.2 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-272.3 as follows:

§ 22.1-272.2. Department; model memorandum of understanding; partnerships with community mental health services providers or a nationally recognized school-based telehealth provider.

A. The Department, in consultation with the Department of Behavioral Health and Developmental Services and the Department of Medical Assistance Services, shall develop, adopt, and distribute to each school board a model memorandum of understanding between a school board and a public or private community mental health services provider or a nationally recognized school-based telehealth provider that sets forth parameters for the provision of mental health services to public school students enrolled in the local school division by such provider, including the provision of mental health teletherapy for students *outside of regular school hours and during regular school hours on school property*, reflects effective practices, and addresses privacy considerations related to the exchange of information between the parties to the memorandum of understanding and relevant laws and regulations. The Department shall maintain and update as necessary the model memorandum of understanding to ensure that it remains current, useful, and relevant.

B. Any school board may provide school-based mental health teletherapy services and permit any public school student in the school division to schedule and participate in mental health teletherapy services on school property during regular school hours on the same basis as such students are permitted to schedule and participate in school counseling services.

C. Any school board that chooses to provide such mental health teletherapy services pursuant to subsection B shall (i) enter into a memorandum of understanding with a nationally recognized school-based telehealth provider in accordance with the model memorandum of understanding developed by the Department pursuant to subsection A that ensures and sets forth parameters for the provision of mental health teletherapy services for students during regular school hours and (ii) develop and implement, pursuant to § 22.1-272.3, policies and guidance for permitting any public school student in the school division to schedule and participate in mental health teletherapy services on school property during regular school hours.

§ 22.1-272.3. Student access to telehealth services; school division policies.

A. In order to increase access to health care services for students, each school board shall consider developing and implementing policies for permitting any public school student in the school division to schedule and participate in telehealth services and mental health teletherapy services on school property during regular school hours with parental

consent. Any school board that implements and develops policies for permitting any public school student in the school division to schedule and participate in mental health teletherapy services shall enter into a memorandum of understanding with a nationally recognized school-based telehealth provider in accordance with the model memorandum of understanding developed by the Department pursuant to § 22.1-272.2.

B. Any such policies developed and implemented by a school board for permitting any public school student in the school division to schedule and participate in telehealth services and mental health teletherapy services pursuant to subsection A shall:

1. Permit any public school student in the school division to schedule and participate in telehealth and mental health teletherapy services on school property during regular school hours on the same basis as such students are permitted to schedule and participate in school counseling services;

2. Require each public elementary and secondary school at which such telehealth services are provided to (i) designate a location in such school for students to use for such telehealth appointments that ensures the privacy and safety of such students and has Internet access and (ii) implement measures to ensure the privacy and safety of each student participating in a telehealth appointment;

3. Prohibit any student from being subject to any disciplinary measure or consequence for participating in a telehealth appointment during regular school hours if such student would not be subject to disciplinary measures or consequences for an absence for the purpose of receiving any health care services in person during regular school hours; and

4. Include such other requirements as the school board deems necessary and appropriate.

C. Any such policies developed and implemented by a school board for permitting any public school student in the school division to schedule and participate in telehealth services and mental health teletherapy services shall, in addition to the requirements set forth of subsection B, be consistent with, but may be more comprehensive than, the parameters set forth in the memorandum of understanding between the school board and the nationally recognized school-based telehealth provider developed by the school board pursuant to § 22.1-272.2.

D. Each school board that develops and implements any policies in accordance with this section shall provide guidance relating to the implementation of such policies for administrative and instructional personnel and shall post such guidance in a publicly accessible location on its website at the beginning of each school year.

CHAPTER 564

An Act to amend the Code of Virginia by adding a section numbered 22.1-289.3, relating to Board of Education; support services personnel; annual collection of certain staffing data required; report.

[H 1983]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 22.1-289.3 as follows:

§ 22.1-289.3. Support services personnel; staffing and data collection requirements; report.

A. As used in this section, "support services personnel" includes personnel employed in specialized student support positions as described in subsection O of § 22.1-253.13:2 and personnel employed in support services positions described in subsection P of § 22.1-253.13:2.

B. Each school board shall annually collect and submit to the Department a report on data on the average salaries of support services personnel employed by each such school board. Each school board shall disaggregate the data on the average salaries of support services personnel by the applicable career categories set forth in subsections O and P of § 22.1-253.13:2.

C. CHAPTER 571

An Act to amend and reenact §§ 2.2-3500 through 2.2-3504 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 35 of Title 2.2 a section numbered 2.2-3505, relating to Information Technology Access Act; digital accessibility.

[H 2541]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3500 through 2.2-3504 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 35 of Title 2.2 a section numbered 2.2-3505 as follows:

§ 2.2-3500. Findings; policy.

A. The General Assembly finds that (i) the advent of the information age throughout the United States and around the world has resulted in lasting changes in information *and communications* technology; (ii) use of ~~interactive visual display terminals~~ *information and communications technology* by state and state-assisted organizations ~~is becoming~~ *has become* a widespread means of access for employees and the public to obtain information available electronically, but ~~nonvisual~~ access~~, whether by speech, Braille, or other appropriate means~~ *for persons with disabilities* has *often* been overlooked ~~in~~ *when developing, designing,* purchasing*,* and deploying the latest information *and communications* technology; (iii) ~~presentation of electronic data solely in a visual format is a barrier to access by individuals who are blind or visually impaired, preventing~~ *when presentation of data through information and communications technology is not accessible by persons with disabilities, it prevents* them from participating on equal terms in crucial areas of life, such as education and employment; (iv) ~~alternatives, including both software and hardware adaptations, have been created so that interactive control of computers and use of the information presented is possible by both visual and nonvisual means~~ *accessible information and communications technology is often cheaper for the government in the long run because it does not require post-implementation adaptions and does not expose the government to liability under various state and federal laws that require access for persons with disabilities*; and (v) the goals of the state in obtaining and deploying the most advanced forms of information *and communications* technology properly include universal access so that ~~the segments of society with~~

~~particular needs (including individuals unable to use visual displays)~~ *persons with disabilities* will not *continue to* be left out of ~~the information age~~ *the latest and future technological innovations*.

B. It is the policy of the Commonwealth that all covered entities shall conduct themselves in accordance with the following principles: (i) ~~individuals who are blind or visually impaired~~ *all persons with disabilities* have the right to full participation in the life of the Commonwealth, including the use of ~~advanced~~ *information and communications* technology that is provided by such covered entities for use by employees, program participants, *students,* and members of the general public, and (ii) technology purchased in whole or in part with funds provided by the Commonwealth*, acquired, or developed in-house by a covered entity* to be used for the creation, storage, retrieval, *display,* or dissemination of information and intended for use by employees, program participants, *students,* and members of the general public shall be ~~adaptable for access by individuals who are blind or visually impaired. The implementation of nonvisual access technology under this chapter shall be determined on a case-by-case basis as the need arises~~ *accessible by all persons with disabilities*.

§ 2.2-3501. Definitions.

~~"Access" means the ability to receive, use, and manipulate data and operate controls included in information technology.~~

~~"Blind" or "visually impaired" individual means an individual who has: (i) a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision so that the widest diameter of the visual field subtends an angle no greater than 20 degrees; (ii) a medically indicated expectation of visual deterioration; or (iii) a medically diagnosed limitation in visual functioning that restricts the individuals' ability to read and write standard print at levels expected of individuals of comparable ability.~~

"Accessibility" means alignment with federal Section 508 standards and Section 255 guidelines adopted pursuant to 29 U.S.C. § 794d and 47 U.S.C. § 255, and 28 C.F.R. § 35.200.

"Accessibility Conformance Report" means a completed Voluntary Product Accessibility Template (VPAT) or other document indicating the conformance of a product to accessibility standards such as federal Section 508 Standards and Section 255 Guidelines adopted pursuant to 29 U.S.C. § 794d and 47 U.S.C. § 255. The Accessibility Conformance Report shall be completed by a digital accessibility subject matter expert with significant experience with product evaluation or by a qualified neutral third party.

"Acquired" means obtained from a third party without the need to engage in the procurement process.

"Covered entity" means all state agencies, *public school divisions,* public institutions of higher education, and political subdivisions of the Commonwealth.

§ 2.2-3502. Assurance of accessibility.

In general, the head of each covered entity *or his designee* shall ensure that ~~information technology equipment and software~~ *the accessibility of the ICT* used by ~~blind or visually impaired~~ employees, program participants, *students,* or members of the general public *who have a disability* (i) ~~provide access (including interactive use of the equipment and services) that~~ is equivalent to that provided to individuals who ~~are not blind or visually impaired~~ *do not have a disability*; (ii) ~~are~~ *is* designed to present information (including prompts used for interactive communications) in formats *accessible or* adaptable to both ~~visual and nonvisual use~~ *persons with and without disabilities*; and (iii) ~~have been purchased under a contract that includes the technology access clause required pursuant to § 2.2-3503~~ *conforms with the accessibility requirements as provided in 28 C.F.R. § 35.200, whether developed in-house by a covered entity or procured*.

§ 2.2-3503. Procurement requirements.

A. ~~The~~ *An information and communications* technology access clause ~~specified in clause (iii) of § 2.2-3502~~ shall be developed by the Secretary of Administration and shall require ~~compliance with the nonvisual access standards established in subsection B~~ *that the vendor certify that any product procured by a covered entity conforms with accessibility. If the vendor cannot certify conformance of accessibility of the ICT product being procured, the covered entity may require such vendor to provide a current vendor-paid and completed Accessibility Conformance Report indicating the level of*

conformance with accessibility for the ICT being procured by the covered entity. Any areas of nonconformance shall be documented with a vendor-paid and completed Vendor Accessibility Roadmap highlighting areas requiring improved accessibility, including a timeline for each nonconforming area's completion. Consistent with 28 C.F.R. § 35.201 and 36 C.F.R. Part 1194, Appendix A, § E202, this clause should allow for the adoption of non-accessible ICT, provided that the use of such technology does not result in individuals with disabilities being denied the benefit of any program, service, or activity provided by the covered entity. The clause shall be included in all future contracts for the procurement of ~~information technology~~ *ICT* by, or for the use of, entities covered by this chapter *for which negotiation or renegotiation is begun* on or after the effective date of this chapter.

B. ~~At a minimum, the nonvisual access standards shall include the following: (i) the effective, interactive control and use of the technology (including the operating system), applications programs, and format of the data presented, shall be readily achievable by nonvisual means; (ii) the technology equipped for nonvisual access shall be compatible with information technology used by other individuals with whom the blind or visually impaired individual interacts; (iii) nonvisual access technology shall be integrated into networks used to share communications among employees, program participants, and the public; and (iv) the technology for nonvisual access shall have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired. A covered entity may stipulate additional specifications in any procurement.~~

~~Compliance with the nonvisual access standards shall not be required if the head of a covered entity determines that (a) the information technology is not available with nonvisual access because the essential elements of the information technology are visual and (b) nonvisual equivalence is not available.~~ *Such procurement procedure adopted pursuant to this section shall not supersede or conflict with any vendor procedure or policy adopted by a public institution of higher education under the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.).*

§ 2.2-3504. Exclusions to digital accessibility.

~~A.~~ The head of any covered entity ~~may, with respect to nonvisual access software or peripheral devices, approve the exclusion of the technology access clause only to the extent that the cost of the software or devices for the covered entity would increase the total cost of the procurement by more than five percent. All exclusions of the technology access clause from any contract shall be reported annually to the Secretary of Administration~~ *or his designee shall report to the appropriate executive branch agency any ICT that does not conform with accessibility and is not included in the exceptions found in 28 C.F.R. § 35.201 or 36 C.F.R. Part 1194, Appendix A, § E202. Each executive branch agency shall report annually to the General Assembly on such ICT and provide an estimate on the fiscal impact involved in bringing such technology into compliance with federal and state laws and regulations.*

~~B. The acquisition and installation of hardware, software, or peripheral devices used for nonvisual access when the information technology is being used exclusively by individuals who are not blind or visually impaired shall not be required.~~

~~C. Notwithstanding the provisions of subsection B, the applications programs and underlying operating systems (including the format of the data) used for the manipulation and presentation of information shall permit the installation and effective use of nonvisual access software and peripheral devices.~~

§ 2.2-3505. Designation of covered entity digital accessibility coordinator.

A. The head of each covered entity or his designee may designate an employee to serve as such covered entity's digital accessibility coordinator. The digital accessibility coordinator shall be responsible for ensuring that the covered entity complies with state and federal laws, including the Virginians with Disabilities Act (§ 51.5-1 et seq.) and the Virginia Human Rights Act (§ 2.2-3900 et seq.), to ensure that the ICT and other products or services can be accessed by persons with disabilities. The covered entity's digital accessibility coordinator shall also be responsible for developing and implementing the covered entity's digital accessibility policy.

B. Each covered entity shall publish, in a conspicuous and easily accessible location on its website, the name, phone number, email address, and office address of the covered entity's digital accessibility coordinator or other person to whom reports of barriers to digital accessibility may be reported. The digital accessibility coordinator or other person designated by the covered entity shall develop procedures to review and respond to reports of barriers to digital accessibility.

2. That the provisions of § 2.2-3503 of the Code of Virginia, as amended by this act, shall only apply to contracts entered into or renewed on or after the effective dates of this act in accordance with the third and fourth enactments of this act.

In addition, the Department shall provide for the guidelines to allow dissemination to each school board for distribution to parents.

B. The guidelines established by the Department pursuant to this section shall be updated annually.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues, and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles; and (iii) specific technology systems, including physical security technologies, emergency telecommunication systems, and associated technology including equipment and software.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate. *In addition, a component of each such audit shall include a review of the school's comprehensive plan for closures during public health emergencies.*

The results of such school safety audits shall be made public within 90 days of completion pursuant to this subsection. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, floor plans, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available to the chief law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available to the chief law-enforcement officer of the locality the results of such audits for his review and recommendations.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school crisis, emergency management, and medical emergency response plan, consistent with the definition provided in this section, and shall include the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, in the development of such plans. Each school division shall designate an emergency manager. The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in the Commonwealth in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

F. Each division superintendent shall annually designate an employee in the local school division as the division safety official whose duty is to receive all reports required pursuant to subsection A of § 19.2-83.1 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. The designation required by this subsection shall include updated

contact information for the division safety official, including (i) a current mailing address, (ii) a current working daytime phone number, (iii) a current functional email address, and (iv) a current functional fax number. It shall be the duty of the division superintendent to update contact information required by this subsection within 48 hours of any change to such contact information.

[S 1380]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-279.8 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-23.6 as follows:

§ 22.1-23.6. Guidelines relating to virtual or online learning.

A. The Department shall develop and post on its official website guidelines and information relating to virtual learning, including (i) statewide policies relating to virtual learning, (ii) the availability of online or virtual learning options and pertinent information on such options, and (iii) guidelines for educators and schools relating to online or virtual learning policies and best practices. In addition, the Department shall provide for the guidelines to allow dissemination to each school board for distribution to parents.

B. The guidelines established by the Department pursuant to this section shall be updated annually.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries

Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues, and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles; and (iii) specific technology systems, including physical security technologies, emergency telecommunication systems, and associated technology including equipment and software.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate. *In addition, a component of each such audit shall include a review of the school's comprehensive plan for closures during public health emergencies.*

The results of such school safety audits shall be made public within 90 days of completion pursuant to this subsection. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, floor plans, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available to the chief law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available to the chief law-enforcement officer of the locality the results of such audits for his review and recommendations.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school crisis, emergency management, and medical emergency response plan, consistent with the definition provided in this section, and shall include the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, in the development of such plans. Each school division shall designate an emergency manager. The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in the Commonwealth in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

F. Each division superintendent shall annually designate an employee in the local school division as the division safety official whose duty is to receive all reports required pursuant to subsection A of § 19.2-83.1 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. The designation required by this subsection shall include updated contact information for the division safety official, including (i) a current mailing address, (ii) a current working daytime phone number, (iii) a current functional email address, and (iv) a current functional fax number. It shall be the duty of the division superintendent to update contact information required by this subsection within 48 hours of any change to such contact information.

§ 22.1-272.1:1. School-connected student overdose policies; parental notification; guidelines.

A. As used in this section:

"Overdose" means a life-threatening condition resulting from the consumption or use of a controlled substance.

"School-connected student overdose" means any overdose of a student enrolled in a public or private elementary or secondary school in the Commonwealth that occurs (i) on the premises of such school during regular school hours or (ii) during school-sanctioned activities whether on or off the premises of such school.

"Suspected school-connected student overdose" means a school-connected student overdose that is believed to have occurred and for which the response is the administration of naloxone, another opioid antagonist, or another similar medication with the intent to counter or temporarily reverse the effects of such overdose.

The parental notification shall include information that is available at the time on (a) the name or any identifiable features of the controlled substance and (b) whether the confirmed or suspected overdose occurred on school premises during regular school hours or during school-sanctioned activities whether on or off school premises. The school principal or his designee shall use methods of communication for such parental notifications that are considered regular forms of communication for other schoolwide notifications. Within 24 hours after any parental notification made pursuant to this subsection, each school principal or his designee shall also provide a similar notification to the Department.

CHAPTER 584

An Act to amend and reenact §§ 24.2-310, 24.2-604, 24.2-701.2, and 24.2-1003 of the Code of Virginia, relating to elections; prohibited activities; distribution of ballot measure materials.

[S 1174]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-310, 24.2-604, 24.2-701.2, and 24.2-1003 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-310. Requirements for polling places.

A. The polling place for each precinct shall be located within the county or city and either within the precinct or within one mile of the precinct boundary, unless a waiver has been granted pursuant to subsection G. The polling place for a county precinct may be located within a city (i) if the city is wholly contained within the county election district served by the precinct or (ii) if the city is wholly contained within the county and the polling place is located on property owned by the county. The polling place for a town precinct may be located within one mile of the precinct and town boundary. For town elections held in November, the town shall use the polling places established by the county for its elections.

B. The governing body of each county, city, and town shall provide funds to enable the general registrar to provide adequate facilities at each polling place for the conduct of elections. Each polling place shall be located in a public building whenever practicable. If more than one polling place is located in the same building, each polling place shall be located in a separate room or separate and defined space.

C. Polling places shall be accessible to qualified voters as required by the provisions of the Virginians with Disabilities Act (§ 51.5-1 et seq.), the Voting Accessibility for the Elderly and Handicapped Act (52 U.S.C. § 20101 et seq.), and the Americans with Disabilities Act relating to public services (42 U.S.C. § 12131 et seq.). The State Board shall provide instructions to the local electoral boards and general registrars to assist the localities in complying with the requirements of the Acts.

D. If an emergency makes a polling place unusable or inaccessible, the electoral board or the general registrar shall provide an alternative polling place and give notice of the change in polling place, including to all candidates, or such candidate's campaign, appearing on the ballot to be voted at the alternative polling place, subject to the prior approval of the State Board. The general registrar shall provide notice to the voters appropriate to the circumstances of the emergency. For the purposes of this subsection, an "emergency" means a rare and unforeseen combination of circumstances, or the resulting state, that calls for immediate action.

E. It shall be permissible to distribute campaign *and referendum* materials on the election day on the property on which a polling place is located and outside of the building containing the room where the election is conducted except as specifically prohibited by law including, without limitation, the prohibitions of § 24.2-604 and the establishment of the "Prohibited Area" within 40 feet of any entrance to the polling place. However, and notwithstanding the provisions of clause (i) of subsection A of § 24.2-604, and upon the approval of the local electoral board, campaign *and referendum* materials may be distributed outside the polling place and inside the structure where the election is conducted, provided that the "Prohibited Area" (i) includes the area within the structure that is beyond 40 feet of any entrance to the polling place and the area within the structure that is within 40 feet of any entrance to the room where the election is conducted and (ii) is maintained and enforced as provided in § 24.2-604. The local electoral board may approve campaigning activities inside the building where the election is conducted when an entrance to the building is from an adjoining building, or if establishing

the 40-foot prohibited area outside the polling place would hinder or delay a qualified voter from entering or leaving the building.

F. Any local government, local electoral board, or the State Board may make monetary grants to any non-governmental entity furnishing facilities under the provisions of § 24.2-307 or 24.2-308 for use as a polling place. Such grants shall be made for the sole purpose of meeting the accessibility requirements of this section. Nothing in this subsection shall be construed to obligate any local government, local electoral board, or the State Board to appropriate funds to any non-governmental entity.

G. The general registrar or the governing body of the locality may request from the Department of Elections a waiver to establish a polling place that does not meet the location requirements of subsection A in the event that there is no suitable building that could be used within the precinct or within one mile of the precinct boundary. The Department shall grant such a waiver and may impose any conditions on the waiver that it deems necessary or appropriate to ensure accessibility and security of the polling place and compliance with any other requirements of state or federal law.

§ 24.2-604. Polling places; prohibited activities; prohibited area; penalties.

A. During the times the polls are open and ballots are being counted, or within one hour of opening or after closing, it is unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign *or referendum* material to any person or to solicit or in any manner attempt to influence any person in casting his vote; (iii) to hinder or delay a qualified voter in entering or leaving a polling place; or (iv) to knowingly possess any firearm as defined in § 18.2-308.2:2 within 40 feet of any building, or part thereof, used as a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices that state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. It is unlawful for any authorized representative permitted in the polling place pursuant to § 24.2-604.4, any voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign *or referendum* material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; (v) be in a position to see the marked ballot of any other voter; or (vi) otherwise impede the orderly conduct of the election.

D. The provisions of subsections A and C shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.

E. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A, C, and D.

F. The provisions of clause (iv) of subsection A shall not apply to (i) any law-enforcement officer or any retired law-enforcement officer qualified pursuant to subsection C of § 18.2-308.016; (ii) any person occupying his own private property that falls within 40 feet of a polling place; or (iii) an armed security officer, licensed pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1, whose employment or performance of his duties occurs within 40 feet of any building, or part thereof, used as a polling place.

G. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or C is guilty of a Class 1 misdemeanor.

§ 24.2-701.2. Absentee voting in person; voter satellite offices.

A. The governing body of any county or city may establish, by ordinance, voter satellite offices to be used in the locality for absentee voting in person. The governing body may establish as many offices as it deems necessary. No change in, including the creation or abolishment of, any voter satellite office shall be enacted within 60 days next preceding any general election. Notice shall be published prior to enactment in a newspaper having general circulation in the locality once a week for two successive weeks.

B. Any voter satellite office shall be in a public building owned or leased by the county, city, or town within the county and may be in a facility that is owned or leased by the Commonwealth and used as a location for Department of Motor Vehicles facilities or as an office of the general registrar. Such location shall be deemed the equivalent of the office of the general registrar for the purposes of completing the application for an absentee ballot in person pursuant to §§ 24.2-701 and 24.2-706. Any such location shall have adequate facilities for the protection of all elections materials produced in the process of absentee voting in person, the voted and unvoted absentee ballots, and any voting systems in use at the location.

C. Voter satellite offices shall be accessible to qualified voters as required by the provisions of the Virginians with Disabilities Act (§ 51.5-1 et seq.), the Voting Accessibility for the Elderly and Handicapped Act (52 U.S.C. § 20101 et seq.), and the Americans with Disabilities Act relating to public services (42 U.S.C. § 12131 et seq.). The State Board shall provide instructions to the local electoral boards and general registrars to assist the localities in complying with the requirements of the acts.

D. The governing body of each county, city, and town shall provide funds to enable the general registrar to provide adequate facilities at each voter satellite office for the conduct of elections.

E. Not later than 55 days prior to any election, the general registrar shall post notice of all voter satellite office locations in the locality and the dates and hours of operation of each location in the office of the general registrar and on the official website for the county or city. Such notice shall remain in the office of the general registrar and on the official website for the county or city for the duration of the period during which absentee voting in person is available. If the county or city does not have an official website, such notice shall be published in a newspaper of general circulation in the county or city at least once prior to the election but not later than 55 days prior to such election.

F. If an emergency makes a voter satellite office unusable or inaccessible, the electoral board or the general registrar shall provide an alternative voter satellite office, subject to the approval of the State Board, and shall give notice of the change in the location of the voter satellite office. The general registrar shall provide notice to the voters appropriate to the circumstances of the emergency. For the purposes of this subsection, "emergency" means a rare and unforeseen combination of circumstances, or the resulting state, that calls for immediate action.

G. The provisions of subsection E of § 24.2-310 providing certain limited circumstances in which a local electoral board may approve an exception to the prohibition on the distribution of campaign *or referendum* materials inside the prohibited area outside of a polling place shall apply to voter satellite offices and the building in which such offices may be located.

H. A voter satellite office established pursuant to this section shall be deemed to be the equivalent of an office of the general registrar for purposes of completing an application for an absentee ballot in person pursuant to §§ 24.2-701, 24.2-701.1, and 24.2-706.

§ 24.2-1003. Campaigning at registration locations.

Any person who gives or tenders any campaign *or referendum* materials to, or solicits or attempts to influence the vote of, any person while he is at any registration location as defined in Article 3 (§ 24.2-411 et seq.) of Chapter 4 of this title knowing that such person is there for the purpose of registration, shall be guilty of a Class 3 misdemeanor. Nothing in this section shall prohibit the distribution of campaign *or referendum* materials outside any building in which a registration activity is being conducted.

A "covenant not to compete" shall not restrict an employee from providing a service to a customer or client of the employer if the employee does not initiate contact with or solicit the customer or client.

"Low-wage employee" means an employee *(i)* whose average weekly earnings, calculated by dividing the employee's earnings during the period of 52 weeks immediately preceding the date of termination of employment by 52, or if an employee worked fewer than 52 weeks, by the number of weeks that the employee was actually paid during the 52-week period, are less than the average weekly wage of the Commonwealth as determined pursuant to subsection B of § 65.2-500 *or (ii) who, regardless of his average weekly earnings, is entitled to overtime compensation under the provisions of 29 U.S.C. § 207 for any hours worked in excess of 40 hours in any one workweek*. "Low-wage employee" includes interns, students, apprentices, or trainees employed, with or without pay, at a trade or occupation in order to gain work or educational experience. "Low-wage employee" also includes an individual who has independently contracted with another person to perform services independent of an employment relationship and who is compensated for such services by such person at an hourly rate that is less than the median hourly wage for the Commonwealth for all occupations as reported, for the preceding year, by the Bureau of Labor Statistics of the U.S. Department of Labor. For the purposes of this section, "low-wage employee" shall not include any employee whose earnings are derived, in whole or in predominant part, from sales commissions, incentives, or bonuses paid to the employee by the employer.

B. No employer shall enter into, enforce, or threaten to enforce a covenant not to compete with any low-wage employee.

C. Nothing in this section shall serve to limit the creation or application of nondisclosure agreements intended to prohibit the taking, misappropriating, ~~threating~~ *threatening* to misappropriate, or sharing of certain information *to which an employee has access*, including trade secrets, as defined in § 59.1-336, and proprietary or confidential information.

D. A low-wage employee may bring a civil action in a court of competent jurisdiction against any former employer or other person that attempts to enforce a covenant not to compete against such employee in violation of this section. An action under this section shall be brought within two years of the latter of (i) the date the covenant not to compete was signed, (ii) the date the low-wage employee learns of the covenant not to compete, (iii) the date the employment relationship is terminated, or (iv) the date the employer takes any step to enforce the covenant not to compete. The court shall have jurisdiction to void any covenant not to compete with a low-wage employee and to order all appropriate relief, including enjoining the conduct of any person or employer, ordering payment of liquidated damages, and awarding lost compensation, damages, and reasonable attorney fees and costs. No employer may discharge, threaten, or otherwise discriminate or retaliate against a low-wage employee for bringing a civil action pursuant to this section.

E. Any employer that violates the provisions of subsection B as determined by the Commissioner shall be subject to a civil penalty of $10,000 for each violation. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

F. If the court finds a violation of the provisions of this section, the plaintiff shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorney fees from the former employer or other person who attempts to enforce ~~a~~ *an unlawful* covenant not to compete against such plaintiff.

G. Every employer shall post a copy of this section or a summary approved by the Department in the same location where other employee notices required by state or federal law are posted. An employer that fails to post a copy of this section or an approved summary of this section shall be issued by the Department a written warning for the first violation, shall be subject to a civil penalty not to exceed $250 for a second violation, and shall be subject to a civil penalty not to exceed $1,000 for a third and each subsequent violation as determined by the Commissioner. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and to pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

2. That nothing in this act shall invalidate, alter, or otherwise affect any contracts, covenants, or agreements entered into or renewed prior to July 1, 2025.

CHAPTER 586

An Act to amend and reenact § 15.2-2119 of the Code of Virginia, relating to water and sewer connection fees; new residential development.

[S 1263]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2119 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2119. Fees and charges for water and sewer services provided to a property owner.

A. For water and sewer services provided by localities, fees and charges may be charged to and collected from (i) any person contracting for the same; (ii) the owner who is the occupant of the property or where a single meter serves multiple units; (iii) a lessee or tenant in accordance with § 15.2-2119.4 with such fees and charges applicable for water and sewer services (a) which directly or indirectly is or has been connected with the sewage disposal system and (b) from or on which sewage or industrial wastes originate or have originated and have directly or indirectly entered or will enter the sewage disposal system; or (iv) any user of a municipality's water or sewer system with respect to combined sanitary and storm water sewer systems where the user is a resident of the municipality and the purpose of any such fee or charge is related to the control of combined sewer overflow discharges from such systems. Such fees and charges shall be practicable and equitable and payable as directed by the respective locality operating or providing for the operation of the water or sewer system.

B. Such fees and charges, being in the nature of use or service charges, shall, as nearly as the governing body deems practicable and equitable, be uniform for the same type, class and amount of use or service of the sewage disposal system and may be based or computed either on the consumption of water on or in connection with the real estate, making due allowances for commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate or on the number or average number of persons residing or working on or otherwise connected or identified with the real estate or any other factors determining the type, class and amount of use or service of the sewage disposal system, or any combination of such factors, or on such other basis as the governing body may determine. Such fees and charges shall be due and payable at such time as the governing body may determine, and the governing body may require the same to be paid in advance for periods of not more than six months. The revenue derived from any or all of such fees and charges is hereby declared to be revenue of such sewage disposal system.

C. Water and sewer connection fees established by any locality shall be fair and reasonable. Such fees shall be reviewed by the locality periodically and shall be adjusted, if necessary, to assure that they continue to be fair and

reasonable. *Any locality may, by ordinance or policy, provide for the full or partial reimbursement of water and sewer connection fees, capital recovery charges, and availability fees remitted by an applicant in connection with any new residential development.* Nothing herein shall affect existing contracts with bondholders that are in conflict with any of the foregoing provisions.

D. If the fees and charges charged for water service or the use and services of the sewage disposal system by or in connection with any real estate are not paid when due, a penalty and interest shall at that time be owed as provided for by general law, and the owner of such real estate shall, until such fees and charges are paid with such penalty and interest to the date of payment, cease to dispose of sewage or industrial waste originating from or on such real estate by discharge thereof directly or indirectly into the sewage disposal system. If such owner does not pay the full amount of charges, penalty, and interest for water provided or cease such disposal within 30 days thereafter, the locality or person supplying water or sewage disposal services for the use of such real estate shall notify such owner of the delinquency. If such owner does not pay the full amount of charges, penalty, and interest for water provided or cease such disposal within 60 days after the delinquent fees and charges charged for water or sewage disposal services are due, the locality or person supplying water or sewage disposal services for the use of such real estate may cease supplying water and sewage disposal services thereto unless the health officers certify that shutting off the water will endanger the health of the occupants of the premises or the health of others. At least 10 business days prior to ceasing the supply of water or sewage disposal services, the locality or person supplying such services shall provide the owner with written notice of such cessation.

E. Such fees and charges, and any penalty and interest thereon, shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes.

A lien may be placed on the property when the owner has been advised in writing that a lien may be placed upon the property if the owner fails to pay any delinquent water and sewer charges. Such written notice shall be provided at least 30 days in advance of recordation of any lien with a copy of the bill for delinquent water and sewer charges to allow the property owner a reasonable opportunity to pay the amount of the outstanding balance and avoid the recordation of a lien against the property. The lien may be in the amount of (i) up to the number of months of delinquent water or sewer charges when the water or sewer is, or both are, provided to the property owner; (ii) any applicable penalties and interest on such delinquent charges; and (iii) reasonable attorney fees and other costs of collection not exceeding 20 percent of such delinquent charges. In no case shall a lien for less than $25 be placed against the property.

F. Notwithstanding any provision of law to the contrary, any town with a population between 11,000 and 14,000, with the concurrence of the affected county, that provides and operates sewer services outside its boundaries may provide sewer services to industrial and commercial users outside its boundaries and collect such compensation therefor as may be contracted for between the town and such user. Such town shall not thereby be obligated to provide sewer services to any other users outside its boundaries.

G. The lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable consideration without actual notice of the lien until the amount of such delinquent charges is entered in the official records of the office of the clerk of the circuit court in the jurisdiction in which the real estate is located. The clerk shall make and index the entries in the clerk's official records for a fee of $5 per entry, to be paid by the locality and added to the amount of the lien.

H. The lien on any real estate may be discharged by the payment to the locality of the total lien amount and the interest which has accrued to the date of the payment. The locality shall deliver a fully executed lien release substantially in the form set forth in this subsection to the person making the payment. The locality shall provide the fully executed lien release to the person who made payment within 10 business days of such payment if the person who made such payment did not personally appear at the time of such payment. Upon presentation of such lien release, the clerk shall mark the lien satisfied. There shall be no separate clerk's fee for such lien release. For purposes of this section, a lien release of the water and sewer lien substantially in the form as follows shall be sufficient compliance with this section:

CHAPTER 587

An Act to amend and reenact § 15.2-2209 of the Code of Virginia, relating to zoning; enhanced civil penalties; certain residential violations.

[S 1267]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2209 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2209. Civil penalties for violations of zoning ordinance.

Notwithstanding subdivision A 5 of § 15.2-2286, any locality may adopt an ordinance which establishes a uniform schedule of civil penalties for violations of specified provisions of the zoning ordinance. The schedule of offenses shall not include any zoning violation resulting in injury to any persons, and the existence of a civil penalty shall not preclude action by the zoning administrator under subdivision A 4 of § 15.2-2286 or action by the governing body under § 15.2-2208.

This schedule of civil penalties shall be uniform for each type of specified violation, and the penalty for any one violation shall be a civil penalty of not more than $200 for the initial summons and not more than $500 for each additional summons. *However, for any repeat violation on property that is zoned or used for multifamily residential purposes, the penalty shall be not more than (i) $1,000 for a second violation and (ii) $1,500 for a third or subsequent violation, not to exceed an aggregate amount of $6,000 for all such violations within a 12-month period.* Each day during which the violation is found to have existed shall constitute a separate offense. However, specified violations arising from the same operative set of facts shall not be charged more frequently than once in any 10-day period, and*, for violations that do not involve property that is zoned or used for multifamily residential purposes,* a series of specified violations arising from the same operative set of facts shall not result in civil penalties which exceed a total of $5,000. Designation of a particular zoning ordinance violation for a civil penalty pursuant to this section shall be in lieu of criminal sanctions, and except for any violation resulting in injury to persons, such designation shall preclude the prosecution of a violation as a criminal misdemeanor, provided, however, that when such civil penalties total $5,000 or more, the violation may be prosecuted as a criminal misdemeanor.

The zoning administrator or his deputy may issue a civil summons as provided by law for a scheduled violation. Any person summoned or issued a ticket for a scheduled violation may make an appearance in person or in writing by mail to the department of finance or the treasurer of the locality prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the offense charged. Such persons shall be informed of their right to stand trial and that a signature to an admission of liability will have the same force and effect as a judgment of court. *Notwithstanding a court's authority to order the abatement or remedy of a zoning violation for any violation involving property that is zoned or used for multifamily residential purposes, any person who admits liability shall be required to abate or remedy such violation within a period of time specified by the locality that is no less than 30 days but no more than 24 months from the date of admission of liability.*

If a person charged with a scheduled violation does not elect to enter a waiver of trial and admit liability, the violation shall be tried in the general district court in the same manner and with the same right of appeal as provided for by law. In any trial for a scheduled violation authorized by this section, it shall be the burden of the locality to show the liability of the violator by a preponderance of the evidence. If the violation remains uncorrected at the time of the admission of liability or finding of liability, the court may order the violator to abate or remedy the violation in order to comply with the zoning ordinance. Except as otherwise provided by the court for good cause shown, any such violator shall abate or remedy the violation within a period of time as determined by the court, but not later than six months of the date of admission of liability or finding of liability. Each day during which the violation continues after the court-ordered abatement period has ended shall constitute a separate offense. An admission of liability or finding of liability shall not be a criminal conviction for any purpose.

No provision herein shall be construed to allow the imposition of civil penalties (i) for activities related to land development or (ii) for violation of any provision of a local zoning ordinance relating to the posting of signs on public property or public rights-of-way.

CHAPTER 588

An Act to amend and reenact § 18.2-60 of the Code of Virginia, relating to threats of death or bodily injury; penalty.

[S 1271]

Approved March 24, 2025

However, any person who violates this subsection with the intent to commit an act of terrorism as defined in § 18.2-46.4 is guilty of a Class 5 felony.

2. 3. Any person 18 years of age or older who communicates a threat in writing, including an electronically transmitted communication producing a visual or electronic message such as an email, a text message, or a message or post on any social media platform, to another to kill or to do serious bodily injury to any other person and makes such threat with the intent to (i) intimidate a civilian population at large; (ii) influence the conduct or activities of a government, including the government of the United States, a state, or a locality, through intimidation; or (iii) compel the emergency evacuation, or avoidance, of any place of assembly, any building or other structure, or any means of mass transportation is guilty of a Class 5 felony. C. A prosecution pursuant to this section may be in either the county, city, or town in which the communication was made or received.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

§ 15.2-2201. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Affordable housing" means, as a guideline, housing that is affordable to households with incomes at or below the area median income, provided that the occupant pays no more than thirty percent of his gross income for gross housing costs, including utilities. For the purpose of administering affordable dwelling unit ordinances authorized by this chapter, local governments may establish individual definitions of affordable housing and affordable dwelling units including determination of the appropriate percent of area median income and percent of gross income.

"Conditional zoning" means, as part of classifying land within a locality into areas and districts by legislative action, the allowing of reasonable conditions governing the use of such property, such conditions being in addition to, or modification of the regulations provided for a particular zoning district or zone by the overall zoning ordinance.

"Designated agent" means any agent employed or authorized by a locality and designated by the governing body to review and act on subdivision plats, site plans, and plans of development. "Designated agent" does not include the local planning commission. However, the local planning commission may serve as the designated agent of any locality with a population of 5,000 or less.

"Development" means a tract of land developed or to be developed as a unit under single ownership or unified control which is to be used for any business or industrial purpose or is to contain three or more residential dwelling units. The term "development" shall not be construed to include any tract of land which will be principally devoted to agricultural production.

"Historic area" means an area containing one or more buildings or places in which historic events occurred or having special public value because of notable architectural, archaeological or other features relating to the cultural or artistic heritage of the community, of such significance as to warrant conservation and preservation.

"Incentive zoning" means the use of bonuses in the form of increased project density or other benefits to a developer in return for the developer providing certain features, design elements, uses, services, or amenities desired by the locality, including but not limited to, site design incorporating principles of new urbanism and traditional neighborhood development, environmentally sustainable and energy-efficient building design, affordable housing creation and preservation, and historical preservation, as part of the development.

"Local planning commission" means a municipal planning commission or a county planning commission.

"Military installation" means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under jurisdiction of the U.S. Department of Defense, including any leased facility, or any land or interest in land owned by the Commonwealth and administered by the Adjutant General of Virginia or the Virginia Department of Military Affairs. "Military installation" does not include any facility used primarily for civil works, rivers and harbors projects, or flood control projects.

"Mixed use development" means property that incorporates two or more different uses, and may include a variety of housing types, within a single development.

"Official map" means a map of legally established and proposed public streets, waterways, and public areas adopted by a locality in accordance with the provisions of Article 4 (§ 15.2-2233 et seq.) hereof.

"Planned unit development" means a form of development characterized by unified site design for a variety of housing types and densities, clustering of buildings, common open space, and a mix of building types and land uses in which project planning and density calculation are performed for the entire development rather than on an individual lot basis.

"Planning district commission" means a regional planning agency chartered under the provisions of Chapter 42 (§ 15.2-4200 et seq.) of this title.

"Plat" or "plat of subdivision" means the schematic representation of land divided or to be divided and information in accordance with the provisions of §§ 15.2-2241, 15.2-2242, 15.2-2258, 15.2-2262, and 15.2-2264, and other applicable statutes.

"Preliminary subdivision plat" means the proposed schematic representation of development or subdivision that establishes how the provisions of §§ 15.2-2241 and 15.2-2242, and other applicable statutes will be achieved.

"Resident curator" means a person, firm, or corporation that leases or otherwise contracts to manage, preserve, maintain, operate, or reside in a historic property in accordance with the provisions of § 15.2-2306 and other applicable statutes.

"Site plan" means the proposal for a development or a subdivision including all covenants, grants or easements and other conditions relating to use, location and bulk of buildings, density of development, common open space, public facilities and such other information as required by the subdivision ordinance to which the proposed development or subdivision is subject.

"Special exception" means a special use that is a use not permitted in a particular district except by a special use permit granted under the provisions of this chapter and any zoning ordinances adopted herewith.

"Street" means highway, street, avenue, boulevard, road, lane, alley, or any public way.

"Subdivision," unless otherwise defined in an ordinance adopted pursuant to § 15.2-2240, means the division of a parcel of land into three or more lots or parcels of less than five acres each for the purpose of transfer of ownership or building development, or, if a new street is involved in such division, any division of a parcel of land. The term includes resubdivision and, when appropriate to the context, shall relate to the process of subdividing or to the land subdivided and solely for the purpose of recordation of any single division of land into two lots or parcels, a plat of such division shall be submitted for approval in accordance with § 15.2-2258. Nothing in this definition, section, nor any ordinance adopted pursuant to § 15.2-2240 shall preclude different owners of adjacent parcels from entering into a valid and enforceable boundary line agreement with one another so long as such agreement is only used to resolve a bona fide property line dispute, the boundary adjustment does not move by more than 250 feet from the center of the current platted line or alter either parcel's resultant acreage by more than five percent of the smaller parcel size, and such agreement does not create an additional lot, alter the existing boundary lines of localities, result in greater street frontage, or interfere with a recorded easement, and such agreement shall not result in any nonconformity with local ordinances and health department regulations. Notice shall be provided to the zoning administrator of the locality in which the parcels are located for review. For any property affected by this definition, any division of land subject to a partition suit by virtue of order or decree by a court of competent jurisdiction shall take precedence over the requirements of Article 6 (§ 15.2-2240 et seq.) and the minimum lot area, width, or frontage requirements in the zoning ordinance so long as the lot or parcel resulting from such order or decree does not vary from minimum lot area, width, or frontage requirements by more than 20 percent. A copy of the final decree shall be provided to the zoning administrator of the locality in which the property is located.

"Variance" means, in the application of a zoning ordinance, a reasonable deviation from those provisions regulating the shape, size, or area of a lot or parcel of land or the size, height, area, bulk, or location of a building or structure when the strict application of the ordinance would unreasonably restrict the utilization of the property, and such need for a variance would not be shared generally by other properties, and provided such variance is not contrary to the purpose of the

ordinance. It shall not include a change in use, which change shall be accomplished by a rezoning or by a conditional zoning.

"Working waterfront" means an area or structure on, over, or adjacent to navigable waters that provides access to the water and is used for water-dependent commercial, industrial, or governmental activities, including commercial and recreational fishing; tourism; aquaculture; boat and ship building, repair, and services; seafood processing and sales; transportation; shipping; marine construction; and military activities.

"Working waterfront development area" means an area containing one or more working waterfronts having economic, cultural, or historic public value of such significance as to warrant development and reparation.

"Zoning" or "to zone" means the process of classifying land within a locality into areas and districts, such areas and districts being generally referred to as "zones," by legislative action and the prescribing and application in each area and district of regulations concerning building and structure designs, building and structure placement and uses to which land, buildings and structures within such designated areas and districts may be put.

§ 15.2-2241. Mandatory provisions of a subdivision ordinance.

A. A subdivision ordinance shall include reasonable regulations and provisions that apply to or provide:

1. For plat details which shall meet the standard for plats as adopted under § 42.1-82 of the Virginia Public Records Act (§ 42.1-76 et seq.);

2. For the coordination of streets within and contiguous to the subdivision with other existing or planned streets within the general area as to location, widths, grades and drainage, including, for ordinances and amendments thereto adopted on or after January 1, 1990, for the coordination of such streets with existing or planned streets in existing or future adjacent or contiguous to adjacent subdivisions;

3. For adequate provisions for drainage and flood control, for adequate provisions related to the failure of impounding structures and impacts within dam break inundation zones, and other public purposes, and for light and air, and for identifying soil characteristics;

4. For the extent to which and the manner in which streets shall be graded, graveled or otherwise improved and water and storm and sanitary sewer and other public utilities or other community facilities are to be installed;

5. For the acceptance of dedication for public use of any right-of-way located within any subdivision or section thereof, which has constructed or proposed to be constructed within the subdivision or section thereof, any street, curb, gutter, sidewalk, bicycle trail, drainage or sewerage system, waterline as part of a public system or other improvement dedicated for public use, and maintained by the locality, the Commonwealth, or other public agency, and for the provision of other site-related improvements required by local ordinances for vehicular ingress and egress, including traffic signalization and control, for public access streets, for structures necessary to ensure stability of critical slopes, and for storm water management facilities, financed or to be financed in whole or in part by private funds only if the owner or developer (i) certifies to the governing body that the construction costs have been paid to the person constructing such facilities or, at the option of the local governing body, presents evidence satisfactory to the governing body that the time for recordation of any mechanics lien has expired or evidence that any debt for said construction that may be due and owing is contested and further provides indemnity with adequate surety in an amount deemed sufficient by the ~~governing body or its~~ designated ~~administrative agency~~ *agent*; (ii) furnishes to the governing body a certified check or cash escrow in the amount of the estimated costs of construction or a personal, corporate or property bond, with surety satisfactory to the ~~governing body or its~~ designated ~~administrative agency~~ *agent*, in an amount sufficient for and conditioned upon the construction of such facilities, or a contract for the construction of such facilities and the contractor's bond, with like surety, in like amount and so conditioned; or (iii) furnishes to the governing body a bank or savings institution's letter of credit on certain designated funds satisfactory to the ~~governing body or its~~ designated ~~administrative agency~~ *agent* as to the bank or savings institution, the amount and the form. The amount of such certified check, cash escrow, bond, or letter of credit shall not exceed the total of the estimated cost of construction based on unit prices for new public or private sector construction in the locality and a reasonable allowance for estimated administrative costs, inflation, and potential damage to existing roads or utilities, which shall not exceed 10 percent of the estimated construction costs. If the owner or developer defaults on construction of such facilities, and such facilities are constructed by the surety or with funding from the aforesaid check, cash escrow, bond or letter of credit, the locality shall be entitled to retain or collect the allowance for administrative costs to the extent the costs of such construction do not exceed the total of the originally estimated costs of construction and the allowance for administrative costs. "Such facilities," as used in this section, means those facilities specifically provided for in this section.

If a developer records a final plat which may be a section of a subdivision as shown on an approved preliminary subdivision plat and furnishes to the governing body a certified check, cash escrow, bond, or letter of credit in the amount of the estimated cost of construction of the facilities to be dedicated within said section for public use and maintained by the locality, the Commonwealth, or other public agency, the developer shall have the right to record the remaining sections shown on the preliminary subdivision plat for a period of five years from the recordation date of any section, or for such longer period as the local commission or other agent may, at the approval, determine to be reasonable, taking into consideration the size and phasing of the proposed development, subject to the terms and conditions of this subsection and subject to engineering and construction standards and zoning requirements in effect at the time that each remaining section is recorded. In the event a governing body of a county, wherein the highway system is maintained by the Department of Transportation, has accepted the dedication of a road for public use and such road due to factors other than its quality of construction is not acceptable into the secondary system of state highways, then such governing body may, if so provided by

its subdivision ordinance, require the subdivider or developer to furnish the county with a maintenance and indemnifying bond, with surety satisfactory to the ~~governing body or its~~ designated ~~administrative agency~~ *agent*, in an amount sufficient for and conditioned upon the maintenance of such road until such time as it is accepted into the secondary system of state highways. In lieu of such bond, the ~~governing body or its~~ designated ~~administrative agency~~ *agent* may accept a bank or savings institution's letter of credit on certain designated funds satisfactory to the ~~governing body or its~~ designated ~~administrative agency~~ *agent* as to the bank or savings institution, the amount and the form, or accept payment of a negotiated sum of money sufficient for and conditioned upon the maintenance of such road until such time as it is accepted into the secondary system of state highways and assume the subdivider's or developer's liability for maintenance of such road. "Maintenance of such road" as used in this section, means maintenance of the streets, curb, gutter, drainage facilities, utilities or other street improvements, including the correction of defects or damages and the removal of snow, water or debris, so as to keep such road reasonably open for public usage.

~~As used in this section, "designated administrative agency" means the planning commission of the locality or an agent designated by the governing body of the locality for such purpose as set forth in §§ 15.2-2258 through 15.2-2261~~;

6. For conveyance of common or shared easements to franchised cable television operators furnishing cable television and public service corporations furnishing cable television, gas, telephone and electric service to the proposed subdivision. Once a developer conveys an easement that will permit electric, cable or telephone service to be furnished to a subdivision, the developer shall, within 30 days after written request by a cable television operator or telephone service provider, grant an easement to that cable television operator or telephone service provider for the purpose of providing cable television and communications services to that subdivision, which easement shall be geographically coextensive with the electric service easement, or if only a telephone or cable service easement has been granted, then geographically coextensive with that telephone or cable service easement; however, the developer and franchised cable television operator or telephone service provider may mutually agree on an alternate location for an easement. If the final subdivision plat is recorded and does not include conveyance of a common or shared easement as provided herein, the ~~local planning commission or agent designated by the governing body to review and act on submitted subdivision plats~~ *designated agent* shall not be responsible to enforce the requirements of this subdivision;

7. For monuments of specific types to be installed establishing street and property lines;

8. That unless a plat is filed for recordation within six months after final approval thereof or such longer period as may be approved by the governing body, such approval shall be withdrawn and the plat marked void and returned to the approving official; however, in any case where construction of facilities to be dedicated for public use has commenced pursuant to an approved plan or permit with surety approved by the ~~governing body or its~~ designated ~~administrative agency~~ *agent*, or where the developer has furnished surety to the ~~governing body or its~~ designated ~~administrative agency~~ *agent* by certified check, cash escrow, bond, or letter of credit in the amount of the estimated cost of construction of such facilities, the time for plat recordation shall be extended to one year after final approval or to the time limit specified in the surety agreement approved by the ~~governing body or its~~ designated ~~administrative agency, whichever is greater~~ *agent*;

9. For the administration and enforcement of such ordinance, not inconsistent with provisions contained in this chapter, and specifically for the imposition of reasonable fees and charges for the review of plats and plans, and for the inspection of facilities required by any such ordinance to be installed; such fees and charges shall in no instance exceed an amount commensurate with the services rendered taking into consideration the time, skill and administrator's expense involved. All such charges heretofore made are hereby validated;

10. For reasonable provisions permitting a single division of a lot or parcel for the purpose of sale or gift to a member of the immediate family of the property owner in accordance with the provisions of § 15.2-2244; ~~and~~

11. For the periodic partial and final complete release of any bond, escrow, letter of credit, or other performance guarantee required by the governing body under this section in accordance with the provisions of § 15.2-2245*;*

12. For the review of plats, site plans, and plans of development solely involving parcels of commercial or residential real estate as set forth in §§ 15.2-2259 and 15.2-2260; and

13. For the identification of deficiencies, corrections, or modifications of proposed and resubmitted plats and plans as set forth in §§ 15.2-2259 and 15.2-2260.

B. No locality shall require that any certified check, cash escrow, bond, letter of credit or other performance guarantee furnished pursuant to this chapter apply to, or include the cost of, any facility or improvement unless such facility or improvement is shown or described on the approved plat or plan of the project for which such guarantee is being furnished. Furthermore, the terms, conditions, and specifications contained in any agreement, contract, performance agreement, or similar document, however described or delineated, between a locality or its governing body and an owner or developer of property entered into pursuant to this chapter in conjunction with any performance guarantee, as described in this subsection, shall be limited to those items depicted or provided for in the approved plan, plat, permit application, or similar document for which such performance guarantee is applicable.

§ 15.2-2245. Provisions for periodic partial and final release of certain performance guarantees.

A. A subdivision ordinance shall provide for the periodic partial and final complete release of any bond, escrow, letter of credit, or other performance guarantee required by the governing body under this article within thirty days after receipt of written notice by the subdivider or developer of completion of part or all of any public facilities required to be constructed hereunder unless the ~~governing body or its~~ designated ~~administrative agency~~ *agent* notifies the subdivider or developer in writing of nonreceipt of approval by an applicable state agency, or of any specified defects or deficiencies in construction

and suggested corrective measures prior to the expiration of the thirty-day period. Any inspection of such public facilities shall be based solely upon conformance with the terms and conditions of the performance agreement and the approved design plan and specifications for the facilities for which the performance guarantee is applicable, and shall not include the approval of any person other than an employee of the governing body, its administrative agency, the Virginia Department of Transportation or other political subdivision or a person who has contracted with the governing body, its administrative agency, the Virginia Department of Transportation or other political subdivision.

B. If no such action is taken by the ~~governing body or administrative agency~~ *designated agent* within the time specified above, the request shall be deemed approved, and a partial release granted to the subdivider or developer. No final release shall be granted until after expiration of such thirty-day period and there is an additional request in writing sent by certified mail return receipt to the chief administrative officer of such governing body. The ~~governing body or its~~ designated ~~administrative agency~~ *agent* shall act within ten working days of receipt of the request; then if no action is taken the request shall be deemed approved and final release granted to the subdivider or developer.

C. After receipt of the written notices required above, if the governing body or administrative agency takes no action within the times specified above and the subdivider or developer files suit in the local circuit court to obtain partial or final release of a bond, escrow, letter of credit, or other performance guarantee, as the case may be, the circuit court, upon finding the governing body or its administrative agency was without good cause in failing to act, shall award such subdivider or developer his reasonable costs and attorneys' fees.

D. No ~~governing body or administrative agency~~ *designated agent* shall refuse to make a periodic partial or final release of a bond, escrow, letter of credit, or other performance guarantee for any reason not directly related to the specified defects or deficiencies in construction of the public facilities covered by said bond, escrow, letter of credit or other performance guarantee.

E. Upon written request by the subdivider or developer, the ~~governing body or its~~ designated ~~administrative agency~~ *agent* shall be required to make periodic partial releases of such bond, escrow, letter of credit, or other performance guarantee in a cumulative amount equal to no less than ninety percent of the original amount for which the bond, escrow, letter of credit, or other performance guarantee was taken, and may make partial releases to such lower amounts as may be authorized by the ~~governing body or its~~ designated ~~administrative agency~~ *agent* based upon the percentage of public facilities completed and approved by the governing body, local administrative agency, or state agency having jurisdiction. Periodic partial releases may not occur before the completion of at least thirty percent of the public facilities covered by any bond, escrow, letter of credit, or other performance guarantee. The ~~governing body or administrative agency~~ *designated agent* shall not be required to execute more than three periodic partial releases in any twelve-month period. Upon final completion and acceptance of the public facilities, the ~~governing body or administrative agency~~ *designated agent* shall release any remaining bond, escrow, letter of credit, or other performance guarantee to the subdivider or developer. For the purpose of final release, the term "acceptance" means: when the public facility is accepted by and taken over for operation and maintenance by the state agency, local government department or agency, or other public authority which is responsible for maintaining and operating such public facility upon acceptance.

F. For the purposes of this section, a certificate of partial or final completion of such public facilities from either a duly licensed professional engineer or land surveyor, as defined in and limited to § 54.1-400, or from a department or agency designated by the locality may be accepted without requiring further inspection of such public facilities.

§ 15.2-2254. Statutory provisions effective after ordinance adopted.

After the adoption of a subdivision ordinance in accordance with this chapter, the following provisions shall be effective in the territory to which the ordinance applies:

1. No person shall subdivide land without making and recording a plat of the subdivision and without fully complying with the provisions of this article and of the subdivision ordinance.

2. No plat of any subdivision shall be recorded unless and until it has been submitted to and approved by the ~~local planning commission or by the governing body or its duly authorized~~ *designated* agent, of the locality wherein the land to be subdivided is located; or by the ~~commissions, governing bodies or~~ *designated* agents, as the case may be, of each locality having a subdivision ordinance, in which any part of the land lies.

3. No person shall sell or transfer any land of a subdivision, before a plat has been duly approved and recorded as provided herein, unless the subdivision was lawfully created prior to the adoption of a subdivision ordinance applicable thereto. However, nothing herein contained shall be construed as preventing the recordation of the instrument by which such land is transferred or the passage of title as between the parties to the instrument.

4. Any person violating the foregoing provisions of this section shall be subject to a fine of not more than $500 for each lot or parcel of land so subdivided, transferred or sold and shall be required to comply with all provisions of this article and the subdivision ordinance. The description of the lot or parcel by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from the penalties or remedies herein provided.

5. No clerk of any court shall file or record a plat of a subdivision required by this article to be recorded until the plat has been approved as required herein. The penalties provided by § 17.1-223 shall apply to any failure to comply with the provisions of this subsection.

§ 15.2-2258. Plat of proposed subdivision and site plans to be submitted for approval.

Whenever the owner or proprietor of any tract of land located within any territory to which a subdivision ordinance applies desires to subdivide the tract, he shall submit a plat of the proposed subdivision to the ~~planning commission of the locality, or an agent designated by the governing body~~ *designated agent* thereof for such purpose. When any part of the land proposed for subdivision lies in a drainage district such fact shall be set forth on the plat of the proposed subdivision. When any part of the land proposed for subdivision lies in a mapped dam break inundation zone such fact shall be set forth on the plat of the proposed subdivision. When any grave, object or structure marking a place of burial is located on the land proposed for subdivision, such grave, object or structure shall be identified on any plans or site plans required by this article. When the land involved lies wholly or partly within an area subject to the joint control of more than one locality, the plat shall be submitted to the ~~planning commission or other~~ designated agent of the locality in which the tract of land is located. Site plans or plans of development required by subdivision A 8 of § 15.2-2286 shall also be subject to the provisions of §§ 15.2-2258 through 15.2-2261, mutatis mutandis.

§ 15.2-2259. Designated agent to act on proposed final plat.

A. 1. Except as otherwise provided in subdivisions 2 and 3, the ~~local planning commission or other~~ *designated* agent shall act on any proposed plat within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The ~~Commission or~~ *designated* agent shall thoroughly review the plat and shall make a good faith effort to identify all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat by a state agency or public authority authorized by state law is necessary, the ~~commission or~~ *designated* agent shall forward the plat to the appropriate state agency or ~~agencies~~ *authority* for review within ~~10~~ *five* business days of receipt of such plat. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the ~~local planning commission or other~~ *designated* agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat itself. The reasons for disapproval shall identify deficiencies in the plat that cause the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify modifications or corrections as will permit approval of the plat. The ~~local planning commission or other~~ *designated* agent shall act on any proposed plat that it has previously disapproved within 45 days after the plat has been modified, corrected and resubmitted for approval.

2. The approval of plats, site plans, and plans of development solely involving parcels of commercial or residential real estate by a ~~local planning commission or other~~ *designated* agent shall be governed by subdivision 3 and subsections B, C, and D. For the purposes of this section, the term "commercial" means all real property used for commercial or industrial uses, and the term "residential" means all real property used for single-family or multifamily use.

3. The ~~local planning commission or other~~ *designated* agent shall act on any proposed plat, site plan or plan of development within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The ~~local planning commission or other~~ *designated* agent shall not delay the official submission of any proposed plat, site plan, or plan of development by requiring presubmission conferences, meetings, or reviews. The ~~Commission or~~ *designated* agent shall thoroughly review the plat or plan and shall in good faith identify, to the greatest extent practicable, all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat or plan by a state agency or public authority authorized by state law is necessary, the ~~commission or~~ *designated* agent shall forward the plat or plan to the appropriate state agency or agencies for review within ~~10 business~~ *five business* days of receipt of such plat or plan. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the ~~local planning commission or other~~ *designated* agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat or plan itself. The reasons for disapproval shall identify deficiencies in the plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify, to the greatest extent practicable, modifications or corrections that will permit approval of the plat or plan.

In the review of a resubmitted proposed plat, site plan or plan of development that has been previously disapproved, the ~~local planning commission or other~~ *designated* agent shall consider only deficiencies it had identified in its review of the initial submission of the plat or plan that have not been corrected in such resubmission and any deficiencies that arise as a result of the corrections made to address deficiencies identified in the initial submission. In the review of the resubmission of a plat or plan, the ~~local planning commission or other~~ *designated* agent shall identify all deficiencies with the proposed plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations or policies and shall identify modifications or corrections that will permit approval of the plat or plan. Upon the second resubmission of such disapproved plat or plan, the ~~local planning commission or other~~ *designated* agent's review shall be limited solely to the previously identified deficiencies that caused its disapproval.

The ~~local planning commission or other~~ *designated* agent shall act on any proposed plat, site plan or plan of development that it has previously disapproved within 45 days after the plat or plan has been modified, corrected and resubmitted for approval. The failure of a ~~local planning commission or other~~ *designated* agent to approve or disapprove a resubmitted plat or plan within the time periods required by this section shall cause the plat or plan to be deemed approved.

Notwithstanding the approval or deemed approval of any proposed plat, site plan or plan of development, any deficiency in any proposed plat or plan, that if left uncorrected, would violate local, state or federal law, regulations, mandatory Department of Transportation engineering and safety requirements, and other mandatory engineering and safety requirements, shall not be considered, treated or deemed as having been approved by the ~~local planning commission or other~~ *designated* agent. Should any resubmission include a material revision of infrastructure or physical improvements

from the earlier submission or if a material revision in the resubmission creates a new required review by the Virginia Department of Transportation or by a state agency or public authority authorized by state law, then the ~~local planning commission or other~~ *designated* agent's review shall not be limited to only the previously identified deficiencies identified in the prior submittals and may consider deficiencies initially appearing in the resubmission because of such material revision.

B. Any state agency or public authority authorized by state law making a review of a plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A, with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies and other agencies, the ~~local~~ *designated* agent shall act upon a plat within 35 days.

C. If the ~~commission or other~~ *designated* agent fails to approve or disapprove the plat within 60 days after it has been officially submitted for approval, or within 45 days after it has been officially resubmitted after a previous disapproval or within 35 days of receipt of any agency response pursuant to subsection B, the subdivider, after 10-days' written notice to the ~~commission, or~~ *designated* agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located, to decide whether the plat should or should not be approved. The court shall give the petition priority on the civil docket, hear the matter expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and make and enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

D. If ~~a commission or other~~ *the designated* agent disapproves a plat and the ~~subdivider~~ *applicant* contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the ~~commission or other~~ *designated* agent.

§ 15.2-2260. Localities may provide for submission of preliminary subdivision plats; how long valid.

A. Nothing in this article shall be deemed to prohibit the local governing body from providing in its ordinance for the mandatory submission of preliminary subdivision plats for tentative approval for plats involving more than 50 lots, provided that any such ordinance provides for the submission of a preliminary subdivision plat for tentative approval at the option of the landowner for plats involving 50 or fewer lots. The ~~local planning commission, or an~~ *designated* agent ~~designated by the commission or by the governing body to review preliminary subdivision plats~~ shall complete action on the preliminary subdivision plats within 60 days of submission. However, if approval of a feature or features of the preliminary subdivision plat by a state agency or public authority authorized by state law is necessary, the ~~commission or~~ *designated* agent shall forward the preliminary subdivision plat to the appropriate state agency or ~~agencies~~ *authority* for review within ~~10~~ *five* business days of receipt of such preliminary subdivision plat.

B. Any state agency or public authority authorized by state law making a review of a preliminary subdivision plat forwarded to it under this section, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the preliminary subdivision plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time period set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A of § 15.2-2259 with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies, the ~~local~~ *designated* agent shall act upon a preliminary subdivision plat within 35 days.

C. ~~If a commission has the responsibility of review of preliminary subdivision plats and conducts a public hearing, it~~ *The designated agent* shall act on the plat within 45 days after receiving approval from all state agencies. If the ~~local~~ *designated* agent ~~or commission~~ does not approve the preliminary subdivision plat, the ~~local~~ *designated* agent ~~or commission~~ shall set forth in writing the reasons for such denial and shall state what corrections or modifications will permit approval by ~~such~~ *the designated* agent ~~or commission~~. With regard to plats involving commercial or residential property, as those terms are defined in subdivision A 2 of § 15.2-2259, the review process for such plats shall be the same as provided in subdivisions A 2 and A 3 of § 15.2-2259. However, no ~~commission or~~ *designated* agent shall be required to approve a preliminary subdivision plat in less than 60 days from the date of its original submission to the ~~commission or~~ *designated* agent, and all actions on preliminary subdivision plats shall be completed by the *designated* agent ~~or commission~~ and, if necessary, state agencies, within a total of 90 days of submission to the ~~local~~ *designated* agent ~~or commission~~.

D. If the ~~commission or other~~ *designated* agent fails to approve or disapprove the preliminary subdivision plat within 90 days after it has been officially submitted for approval, the subdivider after 10 days' written notice to the ~~commission, or~~

designated agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located to enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

E. If a ~~commission or other~~ *designated* agent disapproves a preliminary subdivision plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the ~~commission or other~~ *designated* agent.

F. Once a preliminary subdivision plat is approved, it shall be valid for a period of five years, provided the subdivider (i) submits a final subdivision plat for all or a portion of the property within one year of such approval or such longer period as may be prescribed by local ordinance, and (ii) thereafter diligently pursues approval of the final subdivision plat. "Diligent pursuit of approval" means that the subdivider has incurred extensive obligations or substantial expenses relating to the submitted final subdivision plat or modifications thereto. However, no sooner than three years following such preliminary subdivision plat approval, and upon 90 days' written notice by certified mail to the subdivider, the ~~commission or other~~ *designated* agent may revoke such approval upon a specific finding of facts that the subdivider has not diligently pursued approval of the final subdivision plat.

G. Once an approved final subdivision plat for all or a portion of the property is recorded pursuant to § 15.2-2261, the underlying preliminary plat shall remain valid for a period of five years from the date of the latest recorded plat of subdivision for the property. The five year period of validity shall extend from the date of the last recorded plat.

§ 15.2-2261. Recorded plats or final site plans to be valid for not less than five years.

A. An approved final subdivision plat which has been recorded or an approved final site plan, hereinafter referred to as "recorded plat or final site plan," shall be valid for a period of not less than five years from the date of approval thereof or for such longer period as the ~~local planning commission or other~~ *designated* agent may, at the time of approval, determine to be reasonable, taking into consideration the size and phasing of the proposed development. A site plan shall be deemed final once it has been reviewed and approved by the locality if the only requirements remaining to be satisfied in order to obtain a building permit are the posting of any bonds and escrows or the submission of any other administrative documents, agreements, deposits, or fees required by the locality in order to obtain the permit. However, any fees that are customarily due and owing at the time of the agency review of the site plan shall be paid in a timely manner.

B. 1. Upon application of the subdivider or developer filed prior to expiration of a recorded plat or final site plan, the ~~local planning commission or other~~ *designated* agent may grant one or more extensions of such approval for additional periods as the ~~commission or other~~ *designated* agent may, at the time the extension is granted, determine to be reasonable, taking into consideration the size and phasing of the proposed development, the laws, ordinances and regulations in effect at the time of the request for an extension.

2. If the ~~commission or other~~ *designated* agent denies an extension requested as provided herein and the subdivider or developer contends that such denial was not properly based on the ordinance applicable thereto, the foregoing considerations for granting an extension, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of land subject to the recorded plat or final site plan, provided that such appeal is filed with the circuit court within sixty days of the written denial by the commission or other agency.

C. For so long as the final site plan remains valid in accordance with the provisions of this section, or in the case of a recorded plat for five years after approval, no change or amendment to any local ordinance, map, resolution, rule, regulation, policy or plan adopted subsequent to the date of approval of the recorded plat or final site plan shall adversely affect the right of the subdivider or developer or his successor in interest to commence and complete an approved development in accordance with the lawful terms of the recorded plat or site plan unless the change or amendment is required to comply with state law or there has been a mistake, fraud or a change in circumstances substantially affecting the public health, safety or welfare.

D. Application for minor modifications to recorded plats or final site plans made during the periods of validity of such plats or plans established in accordance with this section shall not constitute a waiver of the provisions hereof nor shall the approval of minor modifications extend the period of validity of such plats or plans.

E. The provisions of this section shall be applicable to all recorded plats and final site plans valid on or after January 1, 1992. Nothing contained in this section shall be construed to affect (i) any litigation concerning the validity of a site plan pending prior to January 1, 1992, or any such litigation nonsuited and thereafter refiled; (ii) the authority of a governing body to impose valid conditions upon approval of any special use permit, conditional use permit or special exception; (iii) the application to individual lots on recorded plats or parcels of land subject to final site plans, to the greatest extent possible, of the provisions of any local ordinance adopted pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.); or (iv) the application to individual lots on recorded plats or parcels of land subject to final site plans of the provisions of any local ordinance adopted to comply with the requirements of the federal Clean Water Act, Section 402 (p.) of the Stormwater Program and regulations promulgated thereunder by the Environmental Protection Agency.

F. An approved final subdivision plat that has been recorded, from which any part of the property subdivided has been conveyed to third parties (other than to the developer or local jurisdiction), or a recorded plat dedicating real property to the local jurisdiction or public body that has been accepted by such grantee, shall remain valid for an indefinite period of time unless and until any portion of the property is subject to a vacation action as set forth in §§ 15.2-2270 through 15.2-2278.

§ 15.2-2269. Plans and specifications for utility fixtures and systems to be submitted for approval.

A. If the owners of any such subdivision desire to construct in, on, under, or adjacent to any streets or alleys located in such subdivision any gas, water, sewer or electric light or power works, pipes, wires, fixtures or systems, they shall present plans or specifications therefor to the ~~governing body of the locality in which the subdivision is located or its authorized~~ *designated* agent, for approval. If the subdivision is located beyond the corporate limits of a municipality but within the limits set forth in § 15.2-2248, such plans and specifications shall be presented for approval to the ~~governing body of such municipality, or its authorized~~ *designated* agent, if the county has not adopted a subdivision ordinance. The ~~governing body, or~~ *designated* agent, shall have 45 days in which to approve or disapprove the same. In event of the failure of any ~~governing body, or its~~ *designated* agent, to act within such period, such plans and specifications may be submitted, after ten days' notice to the locality, to the circuit court for such locality for its approval or disapproval, and its approval thereof shall, for all purposes of this article be treated and considered as approval by the ~~locality or its authorized~~ *designated* agent.

B. Any state agency or public authority authorized by state law making a review of any plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the plans, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plan approval. If a state agency or public authority by state law does not approve the plan, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A of § 15.2-2259, with respect to the exception of the time period therein specified. Upon receipt of the approvals from all state agencies, the ~~local~~ *designated* agent shall act upon a preliminary subdivision plat within 35 days.

§ 15.2-2270. Vacation of interests granted to a locality as a condition of site plan approval.

Any interest in streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility granted to a locality as a condition of the approval of a site plan may be vacated according to either of the following methods:

1. By a duly executed and acknowledged written instrument of the owner of the land which has been or is to be developed in accordance with the site plan, declaring the interest or interests to be vacated, provided the ~~governing body or authorized~~ *designated* agent of the locality where the land lies consents to the vacation. The instrument shall be recorded in the same clerk's office wherein is recorded the written instrument describing the interest in real property to be vacated. The execution and recordation of the instrument shall operate to divest all public rights in, and to reinvest the owner with the title to the interests which formerly were held by the governing body; or

2. By ordinance of the governing body in the locality in which the property which is the subject of an approved site plan lies, provided that no interest shall be vacated in an area in which facilities, for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245, have been constructed.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land over which the governing body's interest is located. Upon appeal, the court may nullify the ordinance if it finds that the owner of the property, which has been developed or is to be developed in accordance with the approved site plan, will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the instrument creating the governing body's interest is recorded.

The execution and recordation of an ordinance of vacation shall operate to destroy the effect of the instrument which created the governing body's interest so vacated and to divest all public rights in and to the property and vest title in the streets, alleys, easements for public rights of passage, easements for drainage, and easements for a public utility as may be described in, and in accordance with, the ordinance of vacation.

§ 15.2-2271. Vacation of plat before sale of lot therein; ordinance of vacation.

Where no lot has been sold, the recorded plat, or part thereof, may be vacated according to either of the following methods:

1. With the consent of the ~~governing body, or its authorized~~ *designated* agent~~,~~ of the locality where the land lies, by the owners, proprietors and trustees, if any, who signed the statement required by § 15.2-2264 at any time before the sale of any lot therein, by a written instrument, declaring the plat to be vacated, duly executed, acknowledged or proved and recorded in the same clerk's office wherein the plat to be vacated is recorded and the execution and recordation of such writing shall operate to destroy the force and effect of the recording of the plat so vacated and to divest all public rights in, and to reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, easements for public passage and other public areas laid out or described in the plat; or

2. By ordinance of the governing body of the locality in which the property shown on the plat or part thereof to be vacated lies, provided that no facilities for which bonding is required pursuant to §§ 15.2-2241 through 15.2-2245 have been constructed on the property and no facilities have been constructed on any related section of the property located in the subdivision within five years of the date on which the plat was first recorded.

The ordinance shall not be adopted until after notice has been given as required by § 15.2-2204. Any person may appear at the meeting for the purpose of objecting to the adoption of the ordinance. An appeal from the adoption of the ordinance may be filed within thirty days of the adoption of the ordinance with the circuit court having jurisdiction of the land shown on the plat or part thereof to be vacated. Upon appeal the court may nullify the ordinance if it finds that the owner of the property shown on the plat will be irreparably damaged. If no appeal from the adoption of the ordinance is filed within the time above provided or if the ordinance is upheld on appeal, a certified copy of the ordinance of vacation may be recorded in the clerk's office of any court in which the plat is recorded.

The execution and recordation of the ordinance of vacation shall operate to destroy the force and effect of the recording of the plat, or any portion thereof, so vacated, and to divest all public rights in and to the property and reinvest the owners, proprietors and trustees, if any, with the title to the streets, alleys, and easements for public passage and other public areas laid out or described in the plat.

§ 15.2-2307. Vested rights not impaired; nonconforming uses.

A. Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.

B. For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the ~~governing body or its~~ designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the ~~governing body or its~~ designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

C. A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). If a use does not conform to the zoning prescribed for the district in which such use is situated, and if (i) a business license was issued by the locality for such use and (ii) the holder of such business license has operated continuously in the same location for at least 15 years and has paid all local taxes related to such use, the locality shall permit the holder of such business license to apply for a rezoning or a special use permit without charge by the locality or any agency affiliated with the locality for fees associated with such filing. Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

D. Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, (ii) a property owner, relying in good faith on the issuance of a building permit, incurs extensive obligations or substantial expenses in diligent pursuit of a building project that is in conformance with the building permit and the Uniform Statewide Building Code (§ 36-97 et seq.), or (iii) the owner of the building or structure has paid taxes to the locality for such building or structure for a period of more than the previous 15 years, a zoning ordinance shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming. A zoning ordinance may provide that such building or structure be brought in compliance with the Uniform Statewide Building Code, provided that to do so shall not affect the nonconforming status of such building or structure. If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal. If the structure is one that requires no permit, and an authorized local government official informs the property owner that the structure will comply with the zoning ordinance, and the improvement was thereafter constructed, a zoning ordinance may provide that the structure is nonconforming but shall not provide that such structure is illegal and subject to removal solely due to such nonconformity. In any proceeding when the authorized government official is deceased or is otherwise unavailable to testify, uncorroborated testimony of the oral statement of such official shall not be sufficient evidence to prove that the authorized government official made such statement.

E. A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

F. Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

G. Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

H. Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

C. The seizure of contraband pursuant to subsection B shall be the sole penalty for a violation of this section.

D. The provisions of this section shall not preclude prosecution under any other statute.

§ 58.1-1021.04:1. Distributor's or remote retail seller's license; liquid nicotine and nicotine vapor products license; penalties.

A. 1. No person shall engage in the business of selling or dealing in tobacco products as a distributor in the Commonwealth without first having received a separate license from the Department for each location or place of business. Each application for a distributor's license shall be accompanied by a fee to be prescribed by the Department. Every application for such license shall be made on a form prescribed by the Department and the following information shall be provided on the application:

a. The name and address of the applicant. If the applicant is a firm, partnership, or association, the name and address of each of its members shall be provided. If the applicant is a corporation, the name and address of each of its principal officers shall be provided;

b. The address of the applicant's principal place of business;

c. The place or places where the business to be licensed is to be conducted; and

d. Such other information as the Department may require for the purpose of the administration of this article.

2. A person outside the Commonwealth who ships or transports tobacco products to retailers in the Commonwealth, to be sold by those retailers, may make application for license as a distributor, be granted such a license by the Department, and thereafter be subject to all the provisions of this article. Once a license is granted pursuant to this section, such person shall be entitled to act as a licensed distributor and, unless such person maintains a registered agent pursuant to Chapter 9 (§ 13.1-601 et seq.), 10 (§ 13.1-801 et seq.), 12 (§ 13.1-1000 et seq.), or 14 (§ 13.1-1200 et seq.) of Title 13.1 or Chapter 2.1 (§ 50-73.1 et seq.) or 2.2 (§ 50-73.79 et seq.) of Title 50, shall be deemed to have appointed the Clerk of the State Corporation Commission as the person's agent for the purpose of service of process relating to any matter or issue involving the person and arising under the provisions of this article.

The Department shall conduct a background investigation, to include a Virginia criminal history records search, and fingerprints of the applicant, or the responsible principals, managers, and other persons engaged in handling tobacco products at the licensable locations, that shall be submitted to the Federal Bureau of Investigation if the Department deems a national criminal records search necessary, on applicants for licensure as tobacco products distributors. The Department may refuse to issue a distributor's license or may suspend, revoke, or refuse to renew a distributor's license issued to any person, partnership, corporation, limited liability company, or business trust if it determines that the principals, managers, and other persons engaged in handling tobacco products at the licensable location of the applicant have been (i) found guilty of any fraud or misrepresentation in any connection; (ii) convicted of robbery, extortion, burglary, larceny, embezzlement, fraudulent conversion, gambling, perjury, bribery, treason, or racketeering; or (iii) convicted of a felony. Anyone who knowingly and willfully falsifies, conceals, or misrepresents a material fact or knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in any application for a distributor's license to the Department, is guilty of a Class 1 misdemeanor. The Department may establish an application or renewal fee not to exceed $750 to be retained by the Department to be applied to the administrative and other costs of processing distributor's license applications, conducting background investigations, and issuing distributor's licenses. Any amount collected pursuant to this section in excess of such costs as of June 30 in even-numbered years shall be reported to the State Treasurer and deposited into the state treasury.

3. No person inside or outside the Commonwealth shall make a remote retail sale of cigars or pipe tobacco to consumers in the Commonwealth without (i) completing an application for and being granted a license as a remote retail seller; (ii) determining whether economic nexus activity thresholds have been met to register for a dealer's certificate under § 58.1-613; (iii) if economic nexus thresholds are met, collecting and remitting the excise tax pursuant to subsection A of

§ 58.1-1021.02; (iv) providing for age verification through an independent, third-party age verification service that compares information available from a commercially available database, or aggregate of databases, that is regularly used by government agencies and businesses for the purpose of age and identity verification to the personal information entered by the individual during the ordering process that establishes that the individual is of age; and (v) if economic nexus thresholds are met and excise tax is being remitted using the actual cost list method to calculate the excise tax, providing the remote retail seller's certified actual cost list to the Department for each SKU to be offered for remote retail sale in the subsequent calendar year. The actual cost list shall be updated quarterly as new SKUs are added to a remote retail seller's inventory. New SKUs will be added using the actual cost first paid for the SKU.

B. Upon receipt of an application in proper form and payment of the required license fee, the Department shall, unless otherwise provided by this article, issue to the applicant a license, which shall permit the licensee to engage in business as a distributor at the place of business shown on the license. Each license, or a copy thereof, shall be prominently displayed on the premises covered by the license. No license shall be transferable to any other person. Distributor's licenses issued pursuant to this section shall be valid for a period of three years from the date of issue unless revoked by the Department in the manner provided herein. The Department may at any time revoke the license issued to any distributor who is found guilty of violating or noncompliance with any of the provisions of this chapter or any of the rules of the Department adopted and promulgated under authority of this chapter. The Department shall suspend or revoke the license issued to any distributor who is found guilty of a second or subsequent violation of subsection A or B of § 18.2-371.2.

C. 1. No person shall engage in the business of selling or dealing liquid nicotine or nicotine vapor products or ~~who ships~~ *shipping* or ~~transports~~ *transporting* liquid nicotine or nicotine vapor products to retailers in the Commonwealth, to be sold by those retailers, as a manufacturer, distributor, or retail dealer in the Commonwealth without first having received a separate license from the Department for each location or place of business*, and any person who violates such prohibition shall be subject to a penalty of $400 in addition to any other applicable taxes or fees*. Each application for a manufacturer's, distributor's, or retail dealer's liquid nicotine and nicotine vapor products license shall be accompanied by a fee to be prescribed by the Department. Any retail dealer who holds an approved Retail Sales and Use Tax Exemption Certificate for Stamped Cigarettes Purchased for Resale or an Other Tobacco Products (OTP) Distributor's License issued by the Department shall not be required to obtain a license under this subsection. Every application for such liquid nicotine and nicotine vapor products license shall be made on a form prescribed by the Department and the following information shall be provided on the application:

a. The name and address of the applicant. If the applicant is a firm, partnership, or association, the name and address of each of its members shall be provided. If the applicant is a corporation, the name and address of each of its principal officers shall be provided;

b. The address of the applicant's principal place of business;

c. The place or places where the business to be licensed is to be conducted; and

d. Such other information as the Department may require for the purpose of the administration of this article.

2. The Department shall conduct a background investigation, to include a Virginia criminal history records search of the applicant, or the responsible principals and managers of liquid nicotine and nicotine vapor products at the licensable locations that shall be submitted to the Federal Bureau of Investigation if the Department deems a national criminal records search necessary, on applicants for licensure as a liquid nicotine and nicotine vapor products manufacturer, distributor, or retailer, as applicable. The Department may refuse to issue a license or may suspend, revoke, or refuse to renew a license issued to any person, partnership, corporation, limited liability company, or business trust if it determines that the principals and managers at the licensable location of the applicant have been (i) found guilty of any fraud or misrepresentation in any connection; (ii) convicted of robbery, extortion, burglary, larceny, embezzlement, fraudulent conversion, gambling, perjury, bribery, treason, tax evasion, or racketeering; or (iii) convicted of a felony within the last five years. Anyone who knowingly and willfully falsifies, conceals, or misrepresents a material fact or knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in any application for a license to the Department is guilty of a Class 1 misdemeanor. The Department may establish an application or renewal fee to be retained by the Department to be applied to the administrative and other costs of processing license applications, conducting background investigations, and issuing licenses. Any amount collected pursuant to this section in excess of such costs as of June 30 in even-numbered years shall be reported to the State Treasurer and deposited into the state treasury.

3. Upon receipt of an application in proper form and payment of the required license fee, the Department shall, unless otherwise provided by this article, issue to the applicant a liquid nicotine and nicotine vapor products license, which shall permit the licensee to engage in business as a manufacturer, distributor, or retail dealer at the place of business shown on the license. Each license, or a copy thereof, shall be prominently displayed on the premises covered by the license. No license shall be transferable to any other person, partnership, corporation, limited liability company, or business trust; however, the Department may grant a temporary license to any applicant that has purchased the business of any manufacturer, distributor, or retail dealer licensed pursuant to this section while such applicant's application for licensure is pending. Licenses, other than temporary licenses, issued pursuant to this section shall be valid for two years from the date of issue unless revoked by the Department in the manner provided in this section. The Department may at any time suspend or revoke the approved license, permit, or registration issued in accordance with this subsection to any person who is found guilty of violating or noncompliance with any of the provisions of this chapter or any of the rules of the Department adopted and promulgated under authority of this chapter. Any person authorized to sell liquid nicotine or nicotine vapor products pursuant to this

subsection shall, as a condition of renewing or extending an approved license, permit, or registration, be required to submit to the Department an accurate record of any taxes paid on liquid nicotine pursuant to § 58.1-1021.02.

4. No person shall make a sale of liquid nicotine or nicotine vapor products (i) to any person who has not attained the legal age for purchasing liquid nicotine or nicotine vapor products and (ii) without a valid liquid nicotine and nicotine vapor products license issued pursuant to this subsection. Any person who is found guilty of violating or noncompliance with this subdivision shall be subject to the following penalties:

a. For the first violation in a 36-month period, a penalty of no less than $1,000;

b. For a second violation in a 36-month period, a penalty of no less than $5,000 and a 30-day suspension of the liquid nicotine and nicotine vapor products license. If the person is found to be in violation of clause (i) of this subdivision 4, such person shall be required to verify that any consumer who appears to be under 30 years of age is of legal age by verifying such consumer's government-issued photographic identification using fraud detection software, technology, or a scanner that confirms the authenticity of such identification; and

c. For a third violation in a 36-month period, a penalty of no less than $10,000, revocation of the liquid nicotine and nicotine vapor products license, and ineligibility to possess a liquid nicotine and nicotine vapor products license for a period of three years from the date of the most recent violation.

5. No person inside or outside the Commonwealth shall make a retail sale of liquid nicotine and nicotine vapor products without verifying that the consumer is of legal age by examining from any person who appears to be under 30 years of age a government-issued photographic identification that establishes that the person is of legal age or providing for age verification through an independent age verification service that compares information available from a commercially available database, or aggregate of databases, that is regularly used by government agencies and businesses for the purpose of age and identity verification to the personal information entered by the individual during the ordering process that establishes that the individual is of age.

6. For any transaction between a distributor and a retail dealer involving liquid nicotine or nicotine vapor products, both the distributor and the retail dealer shall maintain and retain records of any invoice or sales receipt involved that shall include itemized lists of the types of products included in such transaction, the tax due on each product pursuant to subsection B of § 58.1-1021.02, and the total amount of taxes paid. Such records shall be produced and provided to the Department as necessary for auditing, compliance, and enforcement purposes.

D. The Department shall compile and maintain a current list of licensed distributors and remote retail sellers of tobacco products and of manufacturers, distributors, and retail dealers of liquid nicotine and nicotine vapor products. The list shall be updated on a monthly basis and published on the Department's website, available to any interested party.

2. That, notwithstanding any other provision of the Code of Virginia or this act to the contrary, the Department of Taxation (the Department) shall not be required to comply with the provisions of subdivision B 1 of § 59.1-293.12 of the Code of Virginia that require the Department to conduct an unannounced investigation at least once every 24 months to verify that a retail dealer is not selling retail tobacco products to persons under 21 years of age.

3. That the Department of Taxation (the Department) shall convene a work group consisting of representatives of the Alcoholic Beverage Control Authority, the Office of the Attorney General, the Virginia State Police, and the Department of Behavioral Health and Developmental Services to develop an enforcement program to address the sale of retail tobacco products or hemp products intended for smoking to individuals younger than 21 years of age. The work group shall consider and report on the following factors: (i) the frequency of licensee inspections in Virginia and other states, (ii) licensee compliance rates with underage enforcement in Virginia and other states, (iii) one-time and ongoing costs of any enforcement program recommendations, and (iv) potential sources of revenue to support such enforcement program. The Department shall report the findings and recommendations of the work group to the Chairs of the House Committees on General Laws and Appropriations and the Senate Committees on Rehabilitation and Social Services and Finance and Appropriations no later than November 1, 2025.

§ 58.1-1021.04:1. Distributor's or remote retail seller's license; liquid nicotine and nicotine vapor products license; penalties.

A. 1. No person shall engage in the business of selling or dealing in tobacco products as a distributor in the Commonwealth without first having received a separate license from the Department for each location or place of business. Each application for a distributor's license shall be accompanied by a fee to be prescribed by the Department. Every application for such license shall be made on a form prescribed by the Department and the following information shall be provided on the application:

a. The name and address of the applicant. If the applicant is a firm, partnership, or association, the name and address of each of its members shall be provided. If the applicant is a corporation, the name and address of each of its principal officers shall be provided;

b. The address of the applicant's principal place of business;

c. The place or places where the business to be licensed is to be conducted; and

d. Such other information as the Department may require for the purpose of the administration of this article.

2. A person outside the Commonwealth who ships or transports tobacco products to retailers in the Commonwealth, to be sold by those retailers, may make application for license as a distributor, be granted such a license by the Department, and thereafter be subject to all the provisions of this article. Once a license is granted pursuant to this section, such person shall be entitled to act as a licensed distributor and, unless such person maintains a registered agent pursuant to Chapter 9 (§ 13.1-601 et seq.), 10 (§ 13.1-801 et seq.), 12 (§ 13.1-1000 et seq.), or 14 (§ 13.1-1200 et seq.) of Title 13.1 or Chapter 2.1 (§ 50-73.1 et seq.) or 2.2 (§ 50-73.79 et seq.) of Title 50, shall be deemed to have appointed the Clerk of the State Corporation Commission as the person's agent for the purpose of service of process relating to any matter or issue involving the person and arising under the provisions of this article.

The Department shall conduct a background investigation, to include a Virginia criminal history records search, and fingerprints of the applicant, or the responsible principals, managers, and other persons engaged in handling tobacco products at the licensable locations, that shall be submitted to the Federal Bureau of Investigation if the Department deems a national criminal records search necessary, on applicants for licensure as tobacco products distributors. The Department may refuse to issue a distributor's license or may suspend, revoke, or refuse to renew a distributor's license issued to any person, partnership, corporation, limited liability company, or business trust if it determines that the principals, managers, and other persons engaged in handling tobacco products at the licensable location of the applicant have been (i) found guilty of any fraud or misrepresentation in any connection; (ii) convicted of robbery, extortion, burglary, larceny, embezzlement, fraudulent conversion, gambling, perjury, bribery, treason, or racketeering; or (iii) convicted of a felony. Anyone who knowingly and willfully falsifies, conceals, or misrepresents a material fact or knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in any application for a distributor's license to the Department, is guilty of a Class 1 misdemeanor. The Department may establish an application or renewal fee not to exceed $750 to be retained by the Department to be applied to the administrative and other costs of processing distributor's license applications, conducting background investigations, and issuing distributor's licenses. Any amount collected pursuant to this section in excess of such costs as of June 30 in even-numbered years shall be reported to the State Treasurer and deposited into the state treasury.

3. No person inside or outside the Commonwealth shall make a remote retail sale of cigars or pipe tobacco to consumers in the Commonwealth without (i) completing an application for and being granted a license as a remote retail

seller; (ii) determining whether economic nexus activity thresholds have been met to register for a dealer's certificate under § 58.1-613; (iii) if economic nexus thresholds are met, collecting and remitting the excise tax pursuant to subsection A of § 58.1-1021.02; (iv) providing for age verification through an independent, third-party age verification service that compares information available from a commercially available database, or aggregate of databases, that is regularly used by government agencies and businesses for the purpose of age and identity verification to the personal information entered by the individual during the ordering process that establishes that the individual is of age; and (v) if economic nexus thresholds are met and excise tax is being remitted using the actual cost list method to calculate the excise tax, providing the remote retail seller's certified actual cost list to the Department for each SKU to be offered for remote retail sale in the subsequent calendar year. The actual cost list shall be updated quarterly as new SKUs are added to a remote retail seller's inventory. New SKUs will be added using the actual cost first paid for the SKU.

B. Upon receipt of an application in proper form and payment of the required license fee, the Department shall, unless otherwise provided by this article, issue to the applicant a license, which shall permit the licensee to engage in business as a distributor at the place of business shown on the license. Each license, or a copy thereof, shall be prominently displayed on the premises covered by the license. No license shall be transferable to any other person. Distributor's licenses issued pursuant to this section shall be valid for a period of three years from the date of issue unless revoked by the Department in the manner provided herein. The Department may at any time revoke the license issued to any distributor who is found guilty of violating or noncompliance with any of the provisions of this chapter or any of the rules of the Department adopted and promulgated under authority of this chapter. The Department shall suspend or revoke the license issued to any distributor who is found guilty of a second or subsequent violation of subsection A or B of § 18.2-371.2.

C. 1. No person shall engage in the business of selling or dealing liquid nicotine or nicotine vapor products or ~~who ships~~ *shipping* or ~~transports~~ *transporting* liquid nicotine or nicotine vapor products to retailers in the Commonwealth, to be sold by those retailers, as a manufacturer, distributor, or retail dealer in the Commonwealth without first having received a separate license from the Department for each location or place of business*, and any person who violates such prohibition shall be subject to a penalty of $400 in addition to any other applicable taxes or fees*. Each application for a manufacturer's, distributor's, or retail dealer's liquid nicotine and nicotine vapor products license shall be accompanied by a fee to be prescribed by the Department. Any retail dealer who holds an approved Retail Sales and Use Tax Exemption Certificate for Stamped Cigarettes Purchased for Resale or an Other Tobacco Products (OTP) Distributor's License issued by the Department shall not be required to obtain a license under this subsection. Every application for such liquid nicotine and nicotine vapor products license shall be made on a form prescribed by the Department and the following information shall be provided on the application:

a. The name and address of the applicant. If the applicant is a firm, partnership, or association, the name and address of each of its members shall be provided. If the applicant is a corporation, the name and address of each of its principal officers shall be provided;

b. The address of the applicant's principal place of business;

c. The place or places where the business to be licensed is to be conducted; and

d. Such other information as the Department may require for the purpose of the administration of this article.

2. The Department shall conduct a background investigation, to include a Virginia criminal history records search of the applicant, or the responsible principals and managers of liquid nicotine and nicotine vapor products at the licensable locations that shall be submitted to the Federal Bureau of Investigation if the Department deems a national criminal records search necessary, on applicants for licensure as a liquid nicotine and nicotine vapor products manufacturer, distributor, or retailer, as applicable. The Department may refuse to issue a license or may suspend, revoke, or refuse to renew a license issued to any person, partnership, corporation, limited liability company, or business trust if it determines that the principals and managers at the licensable location of the applicant have been (i) found guilty of any fraud or misrepresentation in any connection; (ii) convicted of robbery, extortion, burglary, larceny, embezzlement, fraudulent conversion, gambling, perjury, bribery, treason, tax evasion, or racketeering; or (iii) convicted of a felony within the last five years. Anyone who knowingly and willfully falsifies, conceals, or misrepresents a material fact or knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in any application for a license to the Department is guilty of a Class 1 misdemeanor. The Department may establish an application or renewal fee to be retained by the Department to be applied to the administrative and other costs of processing license applications, conducting background investigations, and issuing licenses. Any amount collected pursuant to this section in excess of such costs as of June 30 in even-numbered years shall be reported to the State Treasurer and deposited into the state treasury.

3. Upon receipt of an application in proper form and payment of the required license fee, the Department shall, unless otherwise provided by this article, issue to the applicant a liquid nicotine and nicotine vapor products license, which shall permit the licensee to engage in business as a manufacturer, distributor, or retail dealer at the place of business shown on the license. Each license, or a copy thereof, shall be prominently displayed on the premises covered by the license. No license shall be transferable to any other person, partnership, corporation, limited liability company, or business trust; however, the Department may grant a temporary license to any applicant that has purchased the business of any manufacturer, distributor, or retail dealer licensed pursuant to this section while such applicant's application for licensure is pending. Licenses, other than temporary licenses, issued pursuant to this section shall be valid for two years from the date of issue unless revoked by the Department in the manner provided in this section. The Department may at any time suspend or revoke the approved license, permit, or registration issued in accordance with this subsection to any person who is found guilty of violating or

noncompliance with any of the provisions of this chapter or any of the rules of the Department adopted and promulgated under authority of this chapter. Any person authorized to sell liquid nicotine or nicotine vapor products pursuant to this subsection shall, as a condition of renewing or extending an approved license, permit, or registration, be required to submit to the Department an accurate record of any taxes paid on liquid nicotine pursuant to § 58.1-1021.02.

4. No person shall make a sale of liquid nicotine or nicotine vapor products (i) to any person who has not attained the legal age for purchasing liquid nicotine or nicotine vapor products and (ii) without a valid liquid nicotine and nicotine vapor products license issued pursuant to this subsection. Any person who is found guilty of violating or noncompliance with this subdivision shall be subject to the following penalties:

a. For the first violation in a 36-month period, a penalty of no less than $1,000;

b. For a second violation in a 36-month period, a penalty of no less than $5,000 and a 30-day suspension of the liquid nicotine and nicotine vapor products license. If the person is found to be in violation of clause (i) of this subdivision 4, such person shall be required to verify that any consumer who appears to be under 30 years of age is of legal age by verifying such consumer's government-issued photographic identification using fraud detection software, technology, or a scanner that confirms the authenticity of such identification; and

c. For a third violation in a 36-month period, a penalty of no less than $10,000, revocation of the liquid nicotine and nicotine vapor products license, and ineligibility to possess a liquid nicotine and nicotine vapor products license for a period of three years from the date of the most recent violation.

5. No person inside or outside the Commonwealth shall make a retail sale of liquid nicotine and nicotine vapor products without verifying that the consumer is of legal age by examining from any person who appears to be under 30 years of age a government-issued photographic identification that establishes that the person is of legal age or providing for age verification through an independent age verification service that compares information available from a commercially available database, or aggregate of databases, that is regularly used by government agencies and businesses for the purpose of age and identity verification to the personal information entered by the individual during the ordering process that establishes that the individual is of age.

6. For any transaction between a distributor and a retail dealer involving liquid nicotine or nicotine vapor products, both the distributor and the retail dealer shall maintain and retain records of any invoice or sales receipt involved that shall include itemized lists of the types of products included in such transaction, the tax due on each product pursuant to subsection B of § 58.1-1021.02, and the total amount of taxes paid. Such records shall be produced and provided to the Department as necessary for auditing, compliance, and enforcement purposes.

D. The Department shall compile and maintain a current list of licensed distributors and remote retail sellers of tobacco products and of manufacturers, distributors, and retail dealers of liquid nicotine and nicotine vapor products. The list shall be updated on a monthly basis and published on the Department's website, available to any interested party.

2. That, notwithstanding any other provision of the Code of Virginia or this act to the contrary, the Department of Taxation (the Department) shall not be required to comply with the provisions of subdivision B 1 of § 59.1-293.12 of the Code of Virginia that require the Department to conduct an unannounced investigation at least once every 24 months to verify that a retail dealer is not selling retail tobacco products to persons under 21 years of age.

3. That the Department of Taxation (the Department) shall convene a work group consisting of representatives of the Alcoholic Beverage Control Authority, the Office of the Attorney General, the Virginia State Police, and the Department of Behavioral Health and Developmental Services to develop an enforcement program to address the sale of retail tobacco products or hemp products intended for smoking to individuals younger than 21 years of age. The work group shall consider and report on the following factors: (i) the frequency of licensee inspections in Virginia and other states, (ii) licensee compliance rates with underage enforcement in Virginia and other states, (iii) one-time and ongoing costs of any enforcement program recommendations, and (iv) potential sources of revenue to support such enforcement program. The Department shall report the findings and recommendations of the work group to the Chairs of the House Committees on General Laws and Appropriations and the Senate Committees on Rehabilitation and Social Services and Finance and Appropriations no later than November 1, 2025.

CHAPTER 597

An Act to amend and reenact § 56-585.8 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 56-249.8 and by adding in Chapter 23 of Title 56 a section numbered 56-596.5, relating to Phase I Utilities; securitized asset costs; biennial rate reviews; rate increases in certain months prohibited.

[S 1076]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.8 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 56-249.8 and by adding in Chapter 23 of Title 56 a section numbered 56-596.5 as follows:

§ 56-249.8. Financing for certain securitized asset costs; Phase I Utility.

A. As used in this section:

"Assignee" means a legally recognized entity to which an electric utility assigns, sells, or transfers, other than as a security, all or a portion of its interest in or right to securitized asset cost property. "Assignee" includes a corporation, limited liability company, general partnership or limited partnership, public authority trust, financing entity, or other entity to which an assignee assigns, sells, or transfers, other than as a security, all or a portion of its interest in or right to securitized asset cost property.

"Bondholder" means a person who holds a securitized asset cost bond.

"Electric utility" means a Phase I Utility, as that term is defined in subdivision A 1 of § 56-585.1.

2. Any payment required under any indenture, ancillary agreement, or other financing documents pertaining to securitized asset cost bonds and any amount required to fund or replenish a reserve account or other accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to securitized asset bonds;

3. Any other costs related to structuring, offering, issuing, supporting, repaying, refunding, servicing, and complying with securitized asset cost bonds, including service fees, accounting and auditing fees, trustee fees, legal fees, consulting fees, structuring adviser fees, administrative fees, placement and underwriting fees, independent director and manager fees, capitalized interest, rating agency fees, stock exchange listing and compliance fees, security registration fees, filing fees, information technology programming costs, and any other costs necessary to otherwise ensure the timely payment of securitized asset cost bonds or other amounts or charges payable in connection with the bonds, including costs related to obtaining the financing order;

4. Any taxes and license fees or other fees imposed on the revenues generated from the collection of securitized asset cost charges or otherwise resulting from the collection of securitized asset cost charges, in any such case whether paid, payable, or accrued;

5. Any state and local taxes, franchise, gross receipts, and other taxes or similar charges, including regulatory assessment fees, whether paid, payable, or accrued;

6. Any costs incurred by the Commission for any outside consultants or counsel retained in connection with the securitization of securitized asset costs; and

7. Any financing costs on the utility's securitized asset cost balance prior to issuance of any securitized asset cost bonds, calculated at the utility's approved weighted average cost of capital.

"Financing order" means an order that authorizes the issuance of securitized asset cost bonds; the imposition, collection, and periodic adjustments of a securitized asset cost charge; the creation of securitized asset cost property; the sale, assignment, or transfer of securitized asset cost property to an assignee; and any other actions necessary or advisable to take actions described in the financing order.

"Financing party" means bondholders and trustees, collateral agents, any party under an ancillary agreement, or any other person acting for the benefit of bondholders.

"Financing statement" has the same meaning as provided in § 8.9A-102 of the Uniform Commercial Code.

"Securitized asset cost bonds" means bonds, debentures, notes, certificates of participation, certificates of beneficial interest, certificates of ownership, or other evidences of indebtedness or ownership that are issued in one or more series or tranches by an electric utility or its assignee pursuant to a financing order, the proceeds of which are used directly or indirectly to recover, finance, or refinance Commission-approved securitized asset costs and financing costs, and that are secured by or payable from securitized asset cost property. If certificates of participation or ownership are issued, references in this section to principal, interest, or premium shall be construed to refer to comparable amounts under those certificates.

"Securitized asset cost charge" means the non-bypassable charges authorized by the Commission to repay, finance, or refinance securitized asset costs and financing costs (i) imposed on and part of all retail customer bills, except those of exempt retail access customers; (ii) collected by an electric utility or its successor or assignees, or a collection agent, in full, separate and apart from the electric utility's base rates; and (iii) paid by all retail customers of the electric utility, irrespective of the generation supplier of such customer, except for an exempt retail access customer.

"Securitized asset costs" means (i) storm recovery costs incurred by an electric utility due to severe weather events, as recognized by nationally recognized standards including standards published by the Institute of Electrical and Electronics Engineers, and natural disasters and (ii) undepreciated generation utility plant balances.

"Storm recovery costs" means investments and expenses incurred by an electric utility on or after January 1, 2024, arising from or related to any major storm, extraordinary weather event, or natural disaster affecting Phase I Utility ratepayers in Virginia, including costs of the mobilization, staging, construction, reconstruction, repair, or replacement of production, generation, transport, transmission, general, or distribution facilities and the costs of any other activity by or

on behalf of an electric utility in connection with the restoration of service associated with outages impacting its customers as a result of such major storm, extraordinary weather event, or natural disaster.

"Undepreciated generation utility plant balances" means any unrecovered capitalized costs of or undepreciated investments in one or more fossil-fired electric generating plants having nameplate capacity in excess of 1,000 megawatts each, and related supply, transmission, equipment, and fixtures. "Undepreciated generation utility plant balances" shall include (i) the net book value of assets on the electric utility's balance sheet related to such generating plants and related infrastructure and (ii) carrying costs authorized by the Commission. "Undepreciated generation utility plant balances" does not include (a) any costs of removing retired generating plant assets; (b) any capitalized costs and investments in fossil-fired electric generating plants and related supply, transmission, equipment, and fixtures incurred or made by an electric utility on or after December 31, 2023; and (c) any non-cash asset retirement obligation assets and related accumulated depreciation.

"Uniform Commercial Code" means Titles 8.1A through 8.13 (§ 8.1A-101 et seq.).

B. Notwithstanding the provisions of Chapter 3 (§ 56-55 et seq.), an electric utility may petition the Commission for a financing order pursuant to this section. No more than four months after the date such petition is filed, the Commission shall issue either (i) such financing order in accordance with the requirements of subdivision 2 or (ii) an order rejecting the petition.

1. The petition shall include (i) an estimate of the total amount of any securitized asset costs that the electric utility has incurred over the time period noted in the petition; (ii) an indication of whether the electric utility proposes to finance all or a portion of the securitized asset costs using one or more series or tranches of securitized asset cost bonds; (iii) an estimate and details of the financing costs related to the securitized asset costs to be financed through the securitized asset cost bonds; (iv) an estimate of the securitized asset cost charges necessary to recover the securitized asset costs and all financing costs and the proposed period for recovery of such costs; (v) a description of any benefits expected to result from the issuance of securitized asset cost bonds, including the avoidance of or significant mitigation of abrupt and significant increases in rates to the electric utility's customers for the applicable time period; and (vi) direct testimony and exhibits supporting the petition. If the electric utility proposes to finance a portion of the securitized asset costs, the electric utility shall identify in the petition the specific amount of securitized asset costs for the applicable time period to be financed using securitized asset cost bonds. By electing not to finance a portion of the securitized asset costs for an applicable time period using securitized asset cost bonds, an electric utility shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the Commission.

2. a. A financing order issued by the Commission pursuant to this section shall include:

(1) The amount of securitized asset costs to be financed using securitized asset cost bonds. The Commission shall describe and estimate the amount of financing costs that may be recovered through securitized asset cost charges. The financing order shall also specify the period over which securitized asset costs and financing costs may be recovered and whether the securitized asset cost bonds may be offered and issued in one or more series or tranches during a fixed period not to exceed one year after the date of the financing order;

(2) A finding that the proposed issuance of securitized asset cost bonds is in the public interest and the associated securitized asset cost charges are just and reasonable;

(3) A finding that the structuring and pricing of the securitized asset cost bonds are reasonably expected to result in reasonable securitized asset charges consistent with market conditions at the time the securitized asset cost bonds are priced and the terms set forth in such financing order;

(4) A requirement that, for so long as the securitized asset cost bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized asset cost charges authorized under a financing order shall be non-bypassable and paid by all retail customers of the electric utility, irrespective of the generation supplier of such customer, except for an exempt retail access customer;

(5) A formula-based true-up mechanism for making annual adjustments to the securitized asset cost charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized asset cost bonds and financing costs and other required amounts and charges payable in connection with the securitized asset cost bonds;

(6) The securitized asset cost property that is, or shall be, created in favor of an electric utility or its successors or assignees and that shall be used to pay or secure securitized asset cost bonds and all financing costs;

(7) The authority of the electric utility to establish (i) the terms and conditions of the securitized asset cost bonds, including repayment schedules, expected interest rates, the issuance in one or more series or tranches with different maturity dates, and other financing costs, and (ii) the terms and conditions of the ancillary documents related to the securitized asset cost bonds, including servicing arrangements for securitized asset cost charges;

(8) A finding that the securitized asset cost charges shall be allocated among customer classes in accordance with the methodology approved in the electric utility's most recent base rate case;

(9) A requirement that after the final terms of an issuance of securitized asset cost bonds have been established and before the issuance of securitized asset cost bonds, the electric utility determines the resulting initial securitized asset cost charge in accordance with the financing order and that such initial securitized asset cost charge be final and effective upon

the issuance of such securitized asset cost bonds without further Commission action so long as such initial securitized asset cost charge is consistent with the financing order;

(10) A method of tracing funds collected as securitized asset cost charges, or other proceeds of securitized asset cost property, and a requirement that such method be the method of tracing such funds and determining the identifiable cash proceeds of any securitized asset cost property subject to the financing order under applicable law;

(11) A requirement that the electric utility's base rates, exclusive of the cost of securitized asset cost bonds, reflect the reduction of rates associated with securitization effective on the date on which proceeds from the issuance of the securitized asset cost bonds are received by the electric utility. Such requirement may be met through the use of a temporary tracker to credit customers until such reduction is reflected in the base rates established through the electric utility's next base rate case;

(12) Any other conditions not otherwise inconsistent with this section that the Commission determines are appropriate;

(13) A requirement that the electric utility's base rates, exclusive of the cost of securitized asset cost bonds, reflect the reduction of rate base associated with the securitization of utility plant balances effective on the date proceeds from the issuance of the securitized asset cost bonds are received by the utility. This can be accomplished through the use of a temporary tracker to credit customers until the electric utility's next base rate case, at which point the reduction in rate base shall be reflected in base rates;

(14) A method of tracing funds collected as securitized asset cost charges, or other proceeds of securitized asset cost property, and a requirement that such method be the method of tracing such funds and determining the identifiable cash proceeds of any securitized asset cost property subject to the financing order under applicable law; and

(15) Any other conditions not otherwise inconsistent with this section that the Commission determines are appropriate.

b. Neither a financing order issued pursuant to this section nor the Commission's approval of a petition for a financing order shall require that securitized asset cost bonds be marketed as a specified type of security or that the assignee be formed as a specified type of entity. The electric utility shall maintain discretion to determine the type of security that securitized asset cost bonds shall be.

c. A financing order issued to an electric utility may provide that creation of the electric utility's securitized asset cost property is conditioned upon, and simultaneous with, the sale or other transfer for the securitized asset cost property to an assignee and the pledge of the securitized asset cost property to secure securitized asset cost bonds.

d. If the Commission issues a financing order, the Commission shall establish a protocol for the electric utility to annually file a petition or, in the Commission's discretion, a letter setting out application of the formula-based mechanism and, based on estimates of consumption for each rate class and other mathematical factors, requesting administrative approval to make applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based mechanism relating to the appropriate amount of any overcollection or undercollection of securitized asset cost charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized asset cost bonds approved under the financing order. Within 30 days after receiving an electric utility's request pursuant to this subdivision d, the Commission shall either approve the request or inform the electric utility of any mathematical or clerical errors in its calculation. If the Commission informs the electric utility of mathematical or clerical errors in its calculation, the electric utility may correct such errors and refile its request. The 30-day time frame previously described in this subdivision d shall apply to a refiled request.

e. Subsequent to the transfer of securitized asset cost property to an assignee or the issuance of securitized asset cost bonds authorized thereby, whichever is earlier, a financing order shall be irrevocable and, except for changes made pursuant to the formula-based mechanism authorized in this section, the Commission shall not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized asset cost charges approved in the financing order. After the issuance of a financing order, the electric utility shall retain sole discretion regarding whether to assign, sell, or otherwise transfer securitized asset cost property or to cause securitized asset cost bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

3. At the request of an electric utility, the Commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized asset cost bonds issued pursuant to the original financing order if the Commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized asset bonds and the issuance of new securitized asset cost bonds, the Commission shall adjust the related securitized asset cost charges accordingly.

4. a. A financing order shall remain in effect and securitized asset cost property under the financing order shall continue to exist until securitized asset cost bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all Commission-approved financing costs of such securitized asset cost bonds have been recovered in full.

b. A financing order issued to an electric utility shall remain in effect and unabated notwithstanding the reorganization, bankruptcy or other insolvency proceedings, merger, or sale of the electric utility or its successors or assignees.

C. 1. The Commission shall not, in exercising its powers and carrying out its duties regarding any matter within its authority pursuant to this chapter, and notwithstanding any other provision of law, (i) consider the securitized asset cost bonds issued pursuant to a financing order to be the debt of the electric utility other than for federal income tax purposes,

including for any purpose under § 56-585.8; (ii) consider the securitized asset cost charges paid under the financing order to be the revenue of the electric utility for any purpose, including for any purpose under § 56-585.8; (iii) consider the securitized asset costs or financing costs specified in the financing order to be the costs of the electric utility, including for any purpose under § 56-585.8; or (iv) determine any action taken by an electric utility that is consistent with the financing order to be unjust or unreasonable.

2. The Commission shall not order or otherwise directly or indirectly require an electric utility to use securitized asset cost bonds to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure. After the issuance of a financing order, the electric utility shall retain sole discretion regarding whether to cause the securitized asset cost bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electric utility from abandoning the issuance of securitized asset cost bonds under the financing order by filing with the Commission a statement of abandonment and the reasons therefor. The Commission shall not deny an electric utility its right to recover securitized asset costs as otherwise provided in this section, or refuse or condition authorization or approval of the issuance and sale by an electric utility of securities or the assumption by the electric utility of liabilities or obligations, solely because of the potential availability of securitized asset cost bond financing.

D. The electric bills of an electric utility that has obtained a financing order and caused securitized asset cost bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electric utility to comply with this subsection shall not invalidate, impair, or affect any financing order, securitized asset cost property, securitized asset cost charge, or securitized asset cost bonds. The electric utility shall:

1. Explicitly reflect that a portion of the charges on any electric bill represents securitized asset cost charges approved in a financing order issued to the electric utility and, if the securitized asset cost property has been transferred to an assignee, such bill shall include a statement to the effect that the assignee is the owner of the rights to securitized asset cost charges and that the electric utility or another entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers must indicate the securitized asset cost charge and the ownership of the charge; and

2. Include the securitized asset cost charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

E. 1. The following provisions shall be applicable to securitized asset cost property:

a. All securitized asset cost property that is specified in a financing order shall constitute an existing, present intangible property right or interest therein, notwithstanding that the imposition and collection of securitized asset cost charges depends on the electric utility, to which the financing order is issued, performing its servicing functions relating to the collection of securitized asset cost charges and on future electricity consumption. The securitized asset cost property shall exist (i) regardless of whether or not the revenues or proceeds arising from the securitized asset cost property have been billed, have accrued, or have been collected and (ii) notwithstanding the fact that the value or amount of the securitized asset cost property is dependent on the future provision of service to customers by the electric utility or its successors or assignees and the future consumption of electricity by customers;

b. Securitized asset cost property specified in a financing order shall exist until securitized asset cost bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such securitized asset cost bonds have been recovered in full;

c. All or any portion of securitized asset cost property specified in a financing order issued to an electric utility may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electric utility and created for the limited purpose of acquiring, owning, or administering securitized asset cost property or issuing securitized asset cost bonds under the financing order. All or any portion of securitized asset cost property may be pledged to secure securitized asset cost bonds issued pursuant to the financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, or grant of a security interest in or pledge of securitized asset cost property by an electric utility, or an affiliate of the electric utility, to an assignee, to the extent previously authorized in a financing order, shall not require the prior consent and approval of the Commission;

d. If an electric utility defaults on any required payment of charges arising from securitized asset cost property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized asset cost property to the financing parties or their assignees. Any such financing order shall remain in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electric utility or its successors or assignees;

e. The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized asset cost property specified in a financing order issued to an electric utility, and in the revenue and collections arising from that property, shall not be subject to setoff, counterclaim, surcharge, or defense by the electric utility or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electric utility or any other entity;

f. Any successor to an electric utility, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electric utility restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electric utility under the financing order in the same manner and to the same

extent as the electric utility, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized asset cost property. Nothing in this subdivision f is intended to limit or impair any authority of the Commission concerning the transfer or succession of interests of public utilities; and

g. Securitized asset cost bonds shall be nonrecourse to the credit or any assets of the electric utility other than the securitized asset cost property as specified in the financing order and any rights under any ancillary agreement.

2. The following provisions shall be applicable to security interests:

a. The creation, perfection, and enforcement of any security interest in securitized asset cost property to secure the repayment of the principal and interest and other amounts payable in respect of securitized asset cost bonds; amounts payable under any indenture, ancillary agreement, or other financing documents in respect of the securitized asset costs; and other financing costs shall be governed by this subsection and not by the provisions of the Uniform Commercial Code;

b. A security interest in securitized asset cost property shall be created and enforceable when all of the following have occurred: (i) a financing order is issued, (ii) value is received by the debtor or seller for such securitized asset cost property, (iii) the debtor or seller has rights in such securitized asset cost property or the power to transfer rights in such securitized asset cost property, and (iv) a security agreement granting such security interest is executed and delivered by the debtor or seller. The description of securitized asset cost property in a security agreement shall be sufficient if the description refers to this section and the financing order creating the securitized asset cost property;

c. A security interest shall attach without any physical delivery of collateral or other act and, upon the filing of a financing statement with the Commission, the lien of the security interest shall be valid, binding, and perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, regardless of whether the parties have notice of the lien. Also upon this filing, a transfer of an interest in the securitized asset cost property shall be perfected against all parties having claims of any kind, including any judicial lien or other lien creditors or any claims of the transferor or creditors of the transferor, and shall have priority over all competing claims other than any prior security interest, ownership interest, or assignment in the property previously perfected in accordance with this section;

d. The Commission shall maintain any financing statement filed to perfect any security interest under this section in the same manner that the Commission maintains financing statements filed by transmitting utilities under the Uniform Commercial Code. The filing of a financing statement under this section shall be governed by the provisions regarding the filing of financing statements in the Uniform Commercial Code;

e. The priority of a security interest in securitized asset cost property shall not be affected by the commingling of securitized asset cost charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized asset cost charges that are deposited in any cash or deposit account of the qualifying utility in which securitized asset cost charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party;

f. No application of the formula-based adjustment mechanism as provided in this section shall affect the validity, perfection, or priority of a security interest in or transfer of securitized asset cost property; and

g. If a default or termination occurs under the securitized asset cost bonds, the financing parties or their representatives may foreclose on or otherwise enforce their lien and security interest in any securitized asset cost property as if they were secured parties with a perfected and prior lien under the Uniform Commercial Code, and the Commission may order that amounts arising from securitized asset cost charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the Commission shall order the sequestration and payment to them of revenues arising from the securitized asset cost charges.

3. a. Any sale, assignment, or other transfer of securitized asset cost property shall be an absolute transfer and true sale of and not a pledge of, or secured transaction relating to, the transferor's right, title, and interest in, to, and under the securitized asset cost property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized asset cost property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of any fact or circumstance that might support characterization of the transfer as a secured transaction. A transfer of an interest in securitized asset cost property shall occur only when all of the following have occurred: (i) the financing order creating the securitized asset cost property has become effective, (ii) the documents evidencing the transfer of securitized asset cost property have been executed by the transferor and delivered to the assignee, and (iii) value is received by the transferor for the securitized asset cost property. After such a transaction, the securitized asset cost property shall not be subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized asset cost property perfected in accordance with subdivision 2.

b. The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale, and the corresponding characterization of the interest of the assignee as an ownership interest, shall not be affected or impaired by the occurrence of any of the following factors:

(1) Commingling of securitized asset cost charges with other amounts;

(2) The retention by the seller of (i) a partial or residual interest, including an equity interest, in the securitized asset cost property, whether direct or indirect, or whether subordinate or otherwise, or (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized asset cost charges;

(3) Any recourse that the assignee may have against the seller;

(4) Any right or obligation that the seller may have to repurchase the securitized asset cost charges;

(5) Any indemnification obligations of the seller;

(6) The obligation of the seller to collect securitized asset cost charges on behalf of the assignee;

(7) The transferor acting as the servicer of the securitized asset cost charges or the existence of any contract that authorizes or requires the electric utility, to the extent that any interest in securitized asset cost property is sold or assigned, to agree with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized asset cost charges for the benefit and account of such assignee or financing party, and will account for and remit such amounts to or for the account of such assignee or financing party;

(8) The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;

(9) The granting or providing to bondholders of a preferred right to the securitized asset cost property or credit enhancement by the electric utility or its affiliates with respect to the securitized asset cost bonds; or

(10) Any application of the formula-based adjustment mechanism as provided in this section.

c. Any right that an electric utility has in the securitized asset cost property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order shall be property in the form of a contract right or a chose in action. Transfer of an interest in securitized asset cost property to an assignee shall be enforceable only when all of the following have occurred: (i) a financing order is issued, (ii) value is received by the transferor for such securitized asset cost property, (iii) the transferor has rights in such securitized asset cost property or the power to transfer rights in such securitized asset cost property, and (iv) transfer documents in connection with the issuance of securitized asset cost bonds are executed and delivered by the transferor. An enforceable transfer of an interest in securitized asset cost property to an assignee shall be perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subdivision 2 c. The transfer shall be perfected against third parties as of the date of filing.

d. The Commission shall maintain any financing statement filed to perfect any sale, assignment, or transfer of securitized asset cost property under this section in the same manner that the Commission maintains financing statements filed by transmitting utilities under the Uniform Commercial Code. The filing of any financing statement under this section shall be governed by the provisions regarding the filing of financing statements in the Uniform Commercial Code. The filing of such a financing statement shall be the only method of perfecting a transfer of securitized asset cost property.

e. The priority of a transfer perfected under this section shall not be impaired by any later modification of the financing order or securitized asset cost property or by the commingling of funds arising from securitized asset cost property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under subdivision 2, shall be terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized asset cost property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

f. The priority of the conflicting interests of assignees in the same interest or rights in any securitized asset cost property shall be determined as follows:

(1) Conflicting perfected interests or rights of assignees shall rank according to priority in time of perfection. Priority shall date from the time a filing covering the transfer is made in accordance with subdivision 2 c;

(2) A perfected interest or right of an assignee shall have priority over a conflicting unperfected interest or right of an assignee; and

(3) A perfected interest or right of an assignee shall have priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

F. The description of securitized asset cost property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement shall only be sufficient if such description or indication refers to the financing order that created the securitized asset cost property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section shall apply to all purported transfers of, and all purported grants or liens or security interests in, securitized asset cost property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

G. All financing statements referenced in this section shall be subject to Part 5 of Title 8.9A (§ 8.9A-501 et seq.) of the Uniform Commercial Code, except that the requirement as to continuation statements shall not apply.

H. The laws of the Commonwealth shall govern the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized asset cost property.

I. Neither the Commonwealth nor its political subdivisions shall be liable on any securitized asset cost bonds, and the bonds shall not be a debt or a general obligation of the Commonwealth or any of its political subdivisions, agencies, or

instrumentalities, nor shall they be special obligations or indebtedness of the Commonwealth or any of its agencies or political subdivisions. An issue of securitized asset cost bonds shall not, directly, indirectly, or contingently, obligate the Commonwealth or any agency, political subdivision, or instrumentality of the Commonwealth to levy any tax or make any appropriation for payment of the securitized asset cost bonds, other than in their capacity as consumers of electricity. All securitized asset cost bonds shall contain on the face thereof a statement to the following effect: "NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF, OR INTEREST ON, THIS BOND."

J. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized asset cost bonds:

1. Subject to applicable statutory restrictions on state or local investment authority, the Commonwealth, units of local government, political subdivisions, public bodies, and public officers, except for members of the Commission;

2. Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

3. Personal representatives, guardians, trustees, and other fiduciaries; and

4. All other persons authorized to invest in bonds or other obligations of a similar nature.

K. 1. The Commonwealth and its agencies, including the Commission, pledge and agree with bondholders, the owners of the securitized asset cost property, and other financing parties that the Commonwealth and its agencies shall not take any action listed in this subdivision. This subsection does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized asset cost charges collected pursuant to a financing order and of the bondholders and any assignee or financing party entering into a contract with the electric utility. The Commonwealth and its agencies, including the Commission, shall not:

a. Alter the provisions of this section that authorize the Commission to create an irrevocable contract right or chose in action by the issuance of a financing order, to create securitized asset cost property, and to make the securitized asset cost charges imposed by a financing order irrevocable, binding, or non-bypassable charges;

b. Take or permit any action that impairs or would impair the value of securitized asset cost property or the security for the securitized asset cost bonds or revises the securitized asset costs for which recovery is authorized;

c. In any way impair the rights and remedies of the bondholders, assignees, and other financing parties; or

d. Except for changes made pursuant to the formula-based adjustment mechanism authorized under this section, reduce, alter, or impair securitized asset cost charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized asset cost bonds have been paid and performed in full.

2. Any person that issues securitized asset cost bonds may include the language specified in subdivision 1 in the securitized asset cost bonds and related documentation.

L. An assignee or financing party shall not be considered an electric utility or person providing electric service by virtue of engaging in the transactions described in this section.

M. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized asset cost property, this section shall govern.

N. In making determinations under this section, the Commission may engage an outside consultant and counsel.

O. Nothing in this section shall be construed to limit the ability of an electric utility to seek any available relief pursuant to any other provision of law, including § 56-585.8.

P. The provisions of this section shall not apply to any customer that has chosen to purchase electric energy from a licensed supplier other than the incumbent electric utility serving the exclusive territory in which such customer is located pursuant to § 56-577 prior to February 1, 2019.

§ 56-585.8. Biennial rate reviews.

A. For the purposes of this section:

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Utility" means a Phase I Utility.

B. With the first review commencing on March 31, 2024, and *on May 31* biennially thereafter, the Commission shall conduct rate reviews of the rates, terms, and conditions for the provision of generation and distribution services by a Phase I Utility that participated in triennial review proceedings in 2020 and 2023, and such Phase I Utility shall no longer be subject to triennial review proceedings pursuant to § 56-585.1.

C. In each biennial review, the Commission shall conduct a proceeding to review all rates, terms, and conditions for generation and distribution services with such proceeding utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. Such biennial review shall be conducted in a single, combined proceeding, except for review of the following costs, which the utility shall continue to recover and the Commission shall continue to review separately, pursuant to the applicable statutory provisions: costs that are recovered pursuant to (i) § 56-249.6, (ii) subdivisions A 4, 5, and 6 of § 56-585.1, and (iii) § 56-585.6.

D. ~~Each~~ *Beginning in 2026, each* biennial rate review proceeding shall commence on ~~or before March~~ *May* 31 of the biennial review year with the filing of a petition by each Phase I Utility subject to the provisions of this section. The Commission, after providing notice and an opportunity for hearing, shall grant a final order on such petition no later than ~~November 20. Any~~ *January 15 of the subsequent year, with any* revisions in rates ordered by the Commission pursuant to the rate review ~~shall take~~ *taking* effect no ~~later~~ *earlier* than ~~January~~ *March* 1 ~~of the subsequent year~~.

E. In each biennial review proceeding, the Commission shall set the fair rate of return on common equity applicable to the generation and distribution services of the utility for the two such services combined and for any rate adjustment clauses approved under subdivision A 5 or 6 of § 56-585.1. The Commission may use any methodology it finds consistent with the public interest to determine the Phase I Utility's fair rate of return on common equity. The Commission may increase or decrease the combined rate of return for generation and distribution services by up to 50 basis points based on factors that may include reliability, generating plant performance, customer service, and operating efficiency of a utility. Any such adjustment to the combined rate of return for generation and distribution services shall include consideration of nationally recognized standards determined by the Commission to be appropriate for such purposes.

F. In any biennial review for a Phase I Utility, if the Commission determines in its sole discretion that the utility's existing rates for generation and distribution services will, on a going-forward basis, either produce (i) revenues in excess of the utility's authorized rate of return or (ii) revenues below the utility's authorized rate of return, then the Commission shall order any reductions or increases, as applicable and necessary, to such rates for generation and distribution services that it deems appropriate to ensure the resulting rates for generation and distribution services (a) are just and reasonable and (b) provide the utility an opportunity to recover its costs of providing services over the rate period ending on December 31 of the year of the utility's succeeding review and earn a fair rate of return authorized pursuant to this section. Such determination shall be limited to the Phase I Utility's rates for generation and distribution services and shall not consider the costs or revenues recovered in any rate adjustment clause authorized pursuant to this chapter.

G. In any biennial review of rates for generation and distribution services, if the combined rate of return on common equity earned is no more than 100 basis points above or below the fair combined rate of return, as determined by the Commission, for the test period under review, then such combined return shall not be considered either excessive or insufficient, respectively.

1. If in any biennial review, the Commission finds that, during the test period under review, considered as a whole, the utility has earned more than 100 basis points above the authorized fair combined rate of return on its generation or distribution services, the Commission shall direct that 100 percent of the amount of such earnings that were more than 100 basis points above such fair combined rate of return for the test period under review, considered as a whole, be credited to customers' bills. Any such credits shall be applied to customers' bills, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

2. The Commission shall authorize deferred recovery for reasonable (i) actual costs associated with severe weather events and (ii) actual costs associated with natural disasters, not currently in rates, and the Commission shall allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The amount of any such deferral shall not exceed an amount that would, together with the utility's other costs, revenues, and investments recovered through rates for generation and distribution services for the test period under review, cause the utility's earned return on its generation and distribution services to exceed 100 basis points above the fair combined rate of return applicable to the test period under review. For the purposes of determining any amount of costs that are associated with severe weather events, the Commission shall consider nationally recognized standards such as those published by the Institute of Electrical and Electronics Engineers (IEEE).

Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this subsection shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.

H. In any proceeding under this title, including each biennial review, to determine the prior two years' excess or deficiency for the purposes of subsection F, the Commission shall use an average rate base using the actual starting and end-of-test period capital structure of the utility, excluding any debt associated with any securitized bonds and without regard to the cost of capital, capital structure, or investments of any other entities with which the utility is affiliated. To determine a revenue requirement in any proceeding under this title, the Commission shall use the utility's actual end-of-test period capital structure and cost of capital without regard to the cost of capital, capital structure, or investments of any other entities with which the utility is affiliated, including debt associated with any securitized bonds, unless the Commission makes a finding, based on evidence in the record, that the debt to equity ratio of the actual end-of-test period capital structure of such utility is unreasonable, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable.

In a rate review for a Phase I Utility that is part of a publicly traded, consolidated group, the Commission shall determine federal and state income tax costs as follows: (i) the utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) the utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

I. The Commission is authorized to determine during any biennial review the reasonableness or prudence of any cost subject to the rate review incurred or projected to be incurred by the utility, and a Phase I Utility shall recover such costs that the Commission finds to be reasonable and prudent.

J. In any biennial review conducted pursuant to this section, a Phase I Utility or any other party may propose changes to its terms and conditions and the Commission may approve, reject, or amend any changes and may propose any special rates, contracts, or incentives pursuant to § 56-235.2.

K. Nothing in this section shall alter a Phase I Utility's obligations pursuant to §§ 56-585.5 and 56-596.2.

L. To the extent that the provisions of this section are inconsistent with the provisions of § 56-585.1, the provisions of this section shall control.

§ 56-596.5. Rate increases in certain months prohibited; Phase I Utility.

A. Notwithstanding any other provision of law, the rates for electric generation and distribution services by a Phase I Utility, as defined in subdivision A 1 of § 56-585.1, shall not be increased during the months of November through February.

B. Notwithstanding any other provision of law, any new rate adjustment clause applied to a Phase I Utility's residential customers' bills or an existing rate adjustment clause applicable to such customers' bills shall not be increased during the months of November through February. The Commission's final order regarding any petition for a rate adjustment clause that results in an increase to residential customer rates, including any petition filed pursuant to subdivision A 4, 5, or 6 of § 56-585.1 or § 56-585.1:15, 56-585.5, or 56-585.6, issued between September 1 and December 31 shall direct that the applicable rate adjustment clause be applied to customers' bills beginning on March 1 of the following year.

2. That a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, in connection with any financing order petition filed with the State Corporation Commission (the Commission) prior to December 31, 2025, pursuant to § 56-249.8 of the Code of Virginia, as created by this act, shall permit any retail customer that is receiving electricity supply service from the utility and whose demand exceeded five megawatts during the calendar year prior to such petition to opt out of financing its pro rata obligation for securitized asset cost charges through securitized asset cost bonds. The Phase I Utility shall notify such eligible customers of their eligibility to opt out of the securitized asset cost financing through its petition with the Commission, and any election to opt out of the securitized asset cost financing by an eligible customer shall be provided in writing to the utility within 30 days of the filing of such petition. Upon such election, the eligible customer shall fully satisfy such customer's pro rata obligation for the securitized asset cost charges as determined in the financing order. In the event of such election, any securitized asset cost charges approved for recovery through securitized asset cost bonds shall not include the obligations of eligible customers opting out of the securitized asset cost financing.

3. That notwithstanding any other provision of law, including any tariff approved by the State Corporation Commission, no Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, shall charge a residential customer any interest or late fees between July 1, 2025, and December 31, 2025, or charge a residential customer any reconnection fees between July 1, 2025, and March 1, 2026.

4. That a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, shall only file for an annual review of fuel and purchased power costs pursuant to § 56-249.6 of the Code of Virginia in 2025 if the filing reflects a deduction in tariff provisions designed to recover fuel costs.

5. That, during the biennial rate review commencing on May 31, 2026, and conducted pursuant to § 56-585.8 of the Code of Virginia, as amended by this act, for a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, the Phase I Utility shall propose and the State Corporation Commission shall consider whether it is in the public interest to implement (i) residential seasonal rates and (ii) alternatives to budget billing.

6. That in any rate proceeding for a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, the State Corporation Commission (the Commission) shall include an invitation to the public to comment on the Phase I Utility rate case. The Commission shall collect and aggregate all public submissions and shall consider public comments as part of each rate proceeding.

CHAPTER 598

An Act to amend and reenact §§ 56-231.16, 56-231.34:1, and 56-234 of the Code of Virginia, relating to electric cooperative subsidiaries; customers exceeding 90 megawatts demand.

[S 1197]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-231.16, 56-231.34:1, and 56-234 of the Code of Virginia are amended and reenacted as follows:

§ 56-231.16. Organization; purpose.

A. Any number of natural persons not less than five may, by executing, filing and recording articles of incorporation as hereinafter set forth, form a cooperative, either with or without capital stock, not organized for pecuniary profit, for the principal purpose of making energy, energy services, and other utility services available at the lowest cost consistent with sound economy and prudent management of the business of such cooperative and such other purposes as its membership

shall approve: (i) provided, however, that within its certificated service territory, no such cooperative shall, prior to July 1, 2000, undertake or initiate any new program (a) to buy or maintain an inventory of HVACR equipment or household appliances, (b) to install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation licensed to perform such service, (c) to sell HVACR equipment or household appliances to customers metered and billed on residential rates, (d) to sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing traditional cooperative activities, (e) to sell or distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale, or (f) to serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing services that are traditional cooperative activities; (ii) provided further, that notwithstanding clause (i), such cooperative may engage within its certificated service territory in any of the activities enumerated in clause (i) that (a) have received State Corporation Commission approval prior to February 1, 1998, (b) such cooperative is ordered or required to undertake by any jurisdictional court or regulatory authority, (c) were lawfully undertaken prior to February 1, 1998, (d) are specifically permitted by statute, or (e) are undertaken by any other regulated public service company or its unregulated affiliate within such cooperative's certificated service territory; and (iii) also provided that such cooperative or its affiliate may not undertake such activities as are prohibited by clause (i) within the certificated service territory of another public service company unless such activities are undertaken by such public service company or its unregulated affiliate within such cooperative's certificated service territory. In addition, such cooperative may establish one or more subsidiaries to engage in any other business activities not prohibited by law*, including making unregulated sales of electric power to members of such cooperative that are served at or by dedicated or excess facilities within the cooperative's certificated service territory and that contract for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts*; notwithstanding the foregoing, no such subsidiary may engage in any business activities that the cooperatives are prohibited from engaging in under this section. For purposes of determining whether a cooperative is formed not for pecuniary profit, the establishment of one or more affiliates thereof on a for-profit basis shall not disqualify such entity from being formed as a cooperative pursuant to this article.

B. Nothing in this article shall be construed to authorize a cooperative formed pursuant to this article, or any affiliate thereof, to engage, on a not-for-profit basis, within either the cooperative's certificated service territory or in the certificated service territory of another public service company, in the sale of products, the provision of services, or other business activity, except for regulated electric utility services, unregulated sales of electric power to its members within its certificated service territory, and traditional cooperative activities. However, if such products or services are not currently provided by any person other than a cooperative formed under or subject to this chapter or its affiliate and the Commission determines that no such other person is likely, within a reasonable time, to effectively provide such products and services in such territory, an affiliate of a cooperative may provide such products or services on a not-for-profit basis. The Commission shall also permit an affiliate of a cooperative formed under or subject to this chapter to provide such products or services on a not-for-profit basis upon a finding that the affiliate will not receive the benefit of any federal income tax exemption that is not available to persons other than cooperatives and will not receive the benefit of any federally guaranteed or subsidized financing that is not available to persons other than cooperatives; and provided further that nothing in this subsection shall prohibit the continued operation of any business activities of any not-for-profit cooperative or affiliate formed, operating, and actively providing products or services to customers on or before July 1, 1999.

§ 56-231.34:1. Separation of regulated and unregulated businesses.

A. No cooperative that engages in a regulated utility service shall conduct any unregulated business activity, other than traditional cooperative activities, except in or through one or more affiliates of such cooperative, provided that a cooperative that provides regulated utility services*, or one or more of its affiliates,* shall have the right to offer and make unregulated sales of electric power to ~~its~~ members *of the cooperative that are served at or by dedicated or excess facilities* within ~~its~~ *the cooperative's* certificated service territory *and that contract for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts*. No such affiliates, formed to engage in any business that is not a regulated utility service, shall engage in regulated utility services.

B. The Commission shall promulgate rules and regulations, governing the conduct of the cooperatives, to promote effective and fair competition between (i) affiliates of cooperatives that are engaged in business activities which are not regulated utility services and (ii) other persons engaged in the same or similar businesses. The rules and regulations shall be effective by July 1, 2000, and shall include provisions:

1. Prohibiting cost-shifting or cross-subsidies between a cooperative and its affiliates;

2. Prohibiting anticompetitive behavior or self-dealing between a cooperative and its affiliates;

3. Prohibiting a cooperative from engaging in discriminatory behavior towards nonaffiliated entities; and

4. Establishing codes of conduct detailing permissible relations between a cooperative and its affiliates. In establishing such codes, the Commission shall consider, among other things, whether and, if so, under what circumstances and conditions (i) a cooperative may provide its affiliates with customer lists or other customer information, sales leads, procurement advice, joint promotions, and access to billing or mailing systems unless such information or services are made available to third parties under the same terms and conditions, (ii) the cooperative's name, logos or trademarks may be used

in promotional, advertising or sales activities conducted by its affiliates, and (iii) the cooperative's vehicles, equipment, office space and employees may be used by its affiliates.

C. Nothing in this article shall be deemed to abrogate or modify the Commission's authority under Chapter 4 (§ 56-76 et seq.) of this title.

§ 56-234. Duty to furnish adequate service at reasonable and uniform rates.

A. It shall be the duty of every public utility to furnish reasonably adequate service and facilities at reasonable and just rates to any person, firm or corporation along its lines desiring same. Notwithstanding any other provision of law:

1. A telephone company shall not have the duty to extend or expand its facilities to furnish service and facilities when the person, firm or corporation has service available from one or more alternative providers of wireline or terrestrial wireless communications services at prevailing market rates; and

2. A telephone company may meet its duty to furnish reasonably adequate service and facilities through the use of any and all available wireline and terrestrial wireless technologies; however, a telephone company, when restoring service to an existing wireline customer, shall offer the option to furnish service using wireline facilities.

For purposes of subdivisions 1 and 2, the Commission shall have the authority upon request of an individual, corporation, or other entity, or a telephone company, to determine whether the wireline or terrestrial wireless communications service available to the party requesting service is a reasonably adequate alternative to local exchange telephone service.

The use by a telephone company of wireline and terrestrial wireless technologies shall not be construed to grant any additional jurisdiction or authority to the Commission over such technologies.

For purposes of subdivision 1, "prevailing market rates" means rates similar to those generally available to consumers in competitive areas for the same services.

B. It shall be the duty of every public utility to charge uniformly therefor all persons, corporations or municipal corporations using such service under like conditions. However, no provision of law shall be deemed to preclude voluntary rate or rate design tests or experiments, or other experiments involving the use of special rates, where such experiments have been approved by order of the Commission after notice and hearing and a finding that such experiments are necessary in order to acquire information which is or may be in furtherance of the public interest. The Commission's final order regarding any petition filed by an investor-owned electric utility for approval of a voluntary rate or rate design test or experiment shall be entered the earlier of not more than six months after the filing of the petition or not more than three months after the date of any evidentiary hearing concerning such petition. The charge for such service shall be at the lowest rate applicable for such service in accordance with schedules filed with the Commission pursuant to § 56-236. But, subject to the provisions of § 56-232.1, nothing contained herein or in § 56-481.1 shall apply to (i) schedules of rates for any telecommunications service provided to the public by virtue of any contract with, (ii) for any service provided under or relating to a contract for telecommunications services with, or (iii) contracts for service rendered by any telephone company to, the state government or any agency thereof, or by any other public utility to any municipal corporation or to the state or federal government. The provisions hereof shall not apply to or in any way affect any proceeding pending in the State Corporation Commission on or before July 1, 1950, and shall not confer on the Commission any jurisdiction not now vested in it with respect to any such proceeding.

C. The Commission may conclude that competition can effectively ensure reasonably adequate retail services in competitive exchanges and may carry out its duty to ensure that a public utility is furnishing reasonably adequate retail service in its competitive exchanges by monitoring individual customer complaints and requiring appropriate responses to such complaints.

D. An electric utility formed under or subject to Chapter 9.1 (§ 56-231.15 et seq.) may meet its duty to furnish reasonably adequate service through unregulated sales of electric power directly from one or more of its affiliates to any customer located within the cooperative's certificated service territory that contracts for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts.

CHAPTER 599

An Act to amend the Code of Virginia by adding in Title 56 a chapter numbered 31, consisting of sections numbered 56-626 and 56-627, relating to water utilities and wastewater utilities; eligible infrastructure replacement and enhancement; cost recovery.

[S 850]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 56 a chapter numbered 31, consisting of sections numbered 56-626 and 56-627, as follows:

CHAPTER 31.

ELIGIBLE INFRASTRUCTURE REPLACEMENT AND ENHANCEMENT.

§ 56-626. Definitions.

As used in this chapter, unless the context requires a different meaning:

"EIRE" means eligible infrastructure replacement and enhancement.

"EIRE plan" means a plan filed by a utility that identifies proposed eligible infrastructure projects and an EIRE rider.

"EIRE rider" means a recovery mechanism that will allow for recovery of the eligible infrastructure costs, through a separate mechanism from the customer rates established in a rate case using the cost of service methodology set forth in § 56-235.2.

"Eligible infrastructure" means water utility projects or wastewater utility projects that maintain or enhance safety, reliability, or efficiency or that facilitate compliance with state or federal environmental requirements. Eligible infrastructure does not include (i) the investment in water utility or wastewater utility infrastructure included in the utility's rate base in its most recent rate case or (ii) projects designed primarily to serve new customers and increase revenues.

"Eligible infrastructure costs" includes the following:

1. Return on investment. In calculating the return on investment, the Commission shall use the utility's regulatory capital structure as calculated utilizing the weighted average cost of capital, including the cost of debt and the cost of equity used in determining the utility's base rates in effect during the construction period of the water or wastewater utility project. If the utility's cost of capital has not been changed by order of the Commission within the preceding five years, the Commission may require the utility to file an updated weighted average cost of capital, and the utility may propose an updated weighted average cost of capital. The utility may recover the external costs associated with establishing its updated weighted average cost of capital through the EIRE rider. Such external costs shall include legal costs and consultant costs;

2. A revenue conversion factor, which factor, including income taxes and an allowance for bad debt expense, shall be applied to the required operating income resulting from the eligible infrastructure costs;

3. Depreciation. In calculating depreciation, the Commission shall use the utility's current depreciation rates specific to the applicable asset;

4. Property taxes;

5. Carrying costs on the over-recovery or under-recovery of the eligible infrastructure costs. In calculating the carrying costs, the Commission shall use the utility's regulatory capital structure as determined in subdivision 1 of the definition of eligible infrastructure costs;

6. Unreimbursed costs of relocating facilities due to highway projects; and

7. Operation and maintenance expenses that the Commission determines are associated with eligible infrastructure and that were not included in the revenue requirement of the utility last approved by the Commission.

"Investment" means costs incurred on eligible infrastructure projects including planning, development, removal, and construction costs; costs of infrastructure associated therewith; and an allowance for funds used during construction. In calculating the allowance for funds used during construction, the Commission shall use the utility's actual regulatory capital structure as determined in subdivision 1 of the definition of eligible infrastructure costs.

"In-kind replacement" means replacement with new materials or equipment designed, constructed, and sized to meet current industry standards and to comply with federal, state, and local regulation.

"Utility" means water utility or wastewater utility.

"Wastewater utility" means an investor-owned public service company engaged in the business of furnishing wastewater service to the public.

"Wastewater utility project" includes:

1. Non-growth-related collection main extensions;

2. Facilities necessary to comply with applicable state and federal laws and regulations;

3. Improvements that enable compliance with National Pollutant Discharge Elimination System permits;

4. Unreimbursed costs of relocating facilities due to highway construction or relocation projects; and

5. In-kind replacement of pumps, motors, blowers, tanks, or mechanical equipment.

"Water utility" means an investor-owned public service company engaged in the business of furnishing water service to the public.

"Water utility project" includes:

1. In-kind replacement of transmission or distribution system mains as well as replacement of valves, utility service lines, including meter boxes and appurtenances, meters, including radio frequency meters, and hydrants connected to a replaced transmission or distribution system main;

2. Non-growth-related main extensions installed to eliminate dead ends that will address primary and secondary drinking water standards as defined by the Department of Environmental Quality, the Department of Health, and the federal Environmental Protection Agency;

3. Equipment and facilities installed to address primary and secondary drinking water standards as defined by the Department of Environmental Quality, the Department of Health, and the federal Environmental Protection Agency; and

4. Unreimbursed costs of relocating facilities due to highway projects.

§ 56-627. Filing of petition with Commission to establish or amend EIRE plan and rider; cost recovery; procedure.

A. Notwithstanding any provision of law to the contrary, a utility may petition the Commission for the approval of an EIRE plan as provided in this chapter. Such a plan shall (i) provide for a timeline for completion of the proposed eligible infrastructure projects, the estimated costs of the eligible infrastructure projects, and a schedule for recovery of the related eligible infrastructure costs through the EIRE rider and (ii) demonstrate that the EIRE plan is prudent and reasonable. The

Commission may approve the initial petition for establishment of an EIRE plan and EIRE rider after such notice and opportunity for hearing as the Commission may prescribe, subject to the provisions of this chapter.

B. The Commission shall approve or deny, within 180 days, a utility's initial petition for approval of an EIRE plan. A petition filed pursuant to this section shall not require the filing of rate case schedules. The Commission shall approve or deny, within 120 days, a utility's application to amend a previously approved plan. If the Commission denies such a plan or amendment, it shall set forth with specificity the reasons for such denial, and the utility shall have the right to refile, without prejudice, an amended plan or amendment within 60 days after such denial. The Commission shall thereafter have 60 days to approve or deny the amended plan or amendment. The time period for Commission review provided for in this subsection shall not apply if the EIRE plan is filed in conjunction with a rate case using the cost of service methodology pursuant to § 56-235.2.

C. Any EIRE plan and EIRE rider that is submitted to and approved by the Commission shall be allocated and charged in accordance with § 56-235.11 and appropriate cost causation principles to avoid any undue cross subsidization between rate classes not otherwise permitted by statute.

D. No other revenue requirement or ratemaking issues may be examined in consideration of the application filed pursuant to the provisions of this chapter.

E. At the end of each 12-month period during which the EIRE rider is in effect, the utility shall reconcile the difference between the recognized eligible infrastructure costs and the amounts recovered under the EIRE rider and shall submit the reconciliation and a proposed EIRE rider adjustment to the Commission to recover or refund the difference, as appropriate, through an adjustment to the EIRE rider. The Commission shall approve or deny, within 90 days, a utility's proposed EIRE rider adjustment.

F. A utility that has an approved EIRE petition pursuant to this section shall file revised rate schedules to reset the EIRE rider to zero when new base rates and charges that incorporate eligible infrastructure costs previously reflected in the currently effective EIRE rider become effective.

G. If the Commission approves (i) an updated weighted average cost of capital for use in calculating the return on investment, (ii) the carrying costs on the over-recovery or under-recovery of the eligible infrastructure costs, (iii) the allowance for funds used during construction, or (iv) any combination thereof, such weighted average cost of capital shall be used only for the purpose of the eligible infrastructure costs for the EIRE rider and shall not be used for any purpose in any other proceeding.

2. That the provisions of this act shall expire on July 1, 2035.

3. That each water or wastewater utility that receives approval for an eligible infrastructure replacement and enhancement (EIRE) rider pursuant to § 56-627 of the Code of Virginia, as created by this act, shall provide a proposed earnings test in each annual informational filing or base rate proceeding filed with the State Corporation Commission (the Commission) on or before December 1, 2030. The Commission's review of such earnings test in any such filing or proceeding shall be conducted for informational purposes only; shall not be used to approve, deny, or adjust a proposed EIRE rider or adjustment; and shall be in addition to and separate from the Commission's review of such utility's earnings and base rates. On or before December 1, 2030, the Commission shall provide a status report on the implementation of Chapter 31 (§ 56-626 et seq.) of Title 56 of the Code of Virginia, as created by this act, to the Chairs of the House Committee on Labor and Commerce, the Senate Committee on Commerce and Labor, and the State Water Commission. Such report shall include the results of the earnings test required by this enactment.

CHAPTER 606

An Act to amend and reenact § 22.1-277 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-79.3:1, relating to public elementary and secondary schools; student discipline; bell-to-bell student cell phone and smart device possession and use policies; development and implementation.

[S 738]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-277 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-79.3:1 as follows:

§ 22.1-79.3:1. Student cell phone and smart device possession and use policies; development and implementation.

A. As used in this section:

"Bell to bell" means after the first bell rings at the start of the school day to begin instructional time until the dismissal bill rings at the end of the school day. "Bell to bell" includes lunch and time in between class periods.

"Smart device" means any personal electronic device that can connect to the Internet and wirelessly collect, process, and transmit data, including smart watches and tablets.

B. Each school board shall develop and each public elementary and secondary school shall implement age-appropriate and developmentally appropriate policies relating to student cell phone and smart device possession and use on school property from bell to bell. Such policies shall:

1. Except as provided in subdivision 4, restrict student cell phone and smart device possession and use on school property from bell to bell;

2. To the extent that student cell phone or smart device possession and use is otherwise permitted on school property before or after bell to bell, regulate such possession and use with the objective of reducing any distractions in or disruptions to the learning environment, including bullying and harassment;

3. Ensure that implementation and enforcement of such policies (i) is the responsibility of the school administration; (ii) minimizes, to the extent possible, any conflict with the instructional responsibilities of teachers or any disturbance to instructional time; and (iii) does not involve any school resource officer, as defined in § 9.1-101, that may be employed in any school in the school division;

4. Permit any student, pursuant to an Individualized Education Plan, Section 504 Plan, individualized health care plan, or Limited English Proficiency plan, to possess and use a cell phone or smart device on school property, including in the classroom, from bell to bell to monitor or address a health concern or as an accommodation or assistive technology support; and

5. Expressly prohibit any student from being suspended or expelled as a consequence of any violation of such policies.

C. No violation of any student cell phone and smart device possession and use policy developed or implemented in accordance with subsection B shall alone constitute sufficient cause for a student's suspension or expulsion from attendance at school pursuant to § 22.1-277. Any violation of any such student cell phone and smart device possession and use policy that involves, coincides with, or results in an instance of disruptive behavior, as that term is defined in § 22.1-276.01, shall be addressed in accordance with the regulations on codes of student conduct adopted by each school board pursuant to subsection B of § 22.1-279.6.

§ 22.1-277. Suspensions and expulsions of students generally.

2. That no later than October 1, 2025, the Commission on Unemployment Compensation, in consultation with the Virginia Employment Commission, shall convene a work group to meet at least once each quarter to study making annual adjustments to individual weekly benefit amounts for unemployment compensation as represented in § 60.2-602 of the Code of Virginia, as amended by this act. Such annual adjustments to weekly benefit amounts shall be based on the average weekly wage as determined by the Virginia Employment Commission, and the amount of each annual adjustment shall not be less than zero. The work group shall include employee stakeholder representatives and employer stakeholder representatives. The work group shall complete its meetings by July 1, 2026, and shall submit to the Governor and General Assembly an executive summary and a report of its findings and recommendations. The executive summary and report shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports no later than September 1, 2026, and shall be posted on the General Assembly's website.

CHAPTER 615

An Act to amend and reenact §§ 58.1-322.03 and 58.1-402 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 23 of Title 56 a section numbered 56-596.5, relating to electric utilities; distribution cost sharing program established; income tax deduction; report.

[S 1058]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-322.03 and 58.1-402 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 23 of Title 56 a section numbered 56-596.5 as follows:

§ 56-596.5. Distribution cost sharing program.

A. As used in this section:

"Hosting capacity" means the amount of aggregate generation that can be accommodated on the electric distribution system without any infrastructure upgrades.

"Program" means the distribution cost sharing program established pursuant to this section.

"Qualifying upgrade" means a system upgrade that increases the hosting capacity of the utility's distribution system.

"Sharing project" means any distributed energy resource with an alternating current (AC) nameplate capacity rating greater than or equal to 250 kilowatts and less than or equal to three megawatts within the Phase I or Phase II Utility's service territory seeking to interconnect to the utility's distribution system and participate in net energy metering pursuant to § 56-594 that utilizes distribution system upgrades that were necessary to interconnect a triggering project.

"Triggering project" means a project application in the interconnection queue at a given substation or feeder that requires a qualifying upgrade to successfully interconnect the project to the electric distribution system.

B. The Commission shall establish by regulation a distribution cost sharing program for Phase I and Phase II Utilities, as those terms are defined in subdivision A 1 of § 56-585.1, to construct distribution system upgrades required to interconnect triggering projects. Under the program, when a Phase I or Phase II Utility determines that a qualifying upgrade is required to interconnect a triggering project, such utility shall determine the costs of the qualifying upgrade and the net increase in hosting capacity that would result from the construction of the qualifying upgrade. The costs of the qualifying upgrade shall be subject to approval by the Commission that the costs are reasonable and prudent. The program shall require each Phase I and Phase II Utility to allocate the costs of qualifying upgrades among any sharing projects based on the AC nameplate capacity rating of each sharing project, except that a project shall be exempted from the program if the owner or developer of such project elects to pay in full the approved cost of any associated qualifying upgrade. The Commission shall determine limits on cost recovery for ratepayers and the appropriate time period for cost recovery under the program. The program shall also require that the costs attributed to jurisdictional triggering projects are recovered from jurisdictional sharing projects and costs attributed to nonjurisdictional triggering projects are recovered from nonjurisdictional sharing projects. The Commission may establish a system to refund projects for any interconnection upgrade costs collected during time periods in which such projects are not operational and may provide such refunds upon the petition of the owner of a participating project.

§ 58.1-322.03. Virginia taxable income; deductions.

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, $3,000 for single individuals and $6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (ii) for taxable

years beginning on and after January 1, 2019, but before January 1, 2022, $4,500 for single individuals and $9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (iii) for taxable years beginning on and after January 1, 2022, but before January 1, 2024, $8,000 for single individuals and $16,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); and (iv) for taxable years beginning on and after January 1, 2024, but before January 1, 2026, $8,500 for single individuals and $17,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of $930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of $800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional $1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

b. A deduction in the amount of $12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by $1 for every $1 that the taxpayer's adjusted federal adjusted gross income exceeds $50,000 for single taxpayers or $75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by $1 for every $1 that the total combined adjusted federal adjusted gross income of both spouses exceeds $75,000.

Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to $4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds $4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed $4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Commonwealth Savers Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed $4,000 per prepaid tuition contract or college savings trust account in any taxable year. b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed $500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66 or older with earned income of at least $20,000 for the year and federal adjusted gross income not in excess of $30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. As used in this subdivision, "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, G, ~~and~~ H*, and I.*

B. There shall be added to the extent excluded from federal taxable income:

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the

tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of $2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related

member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

"Qualified portfolio company" does not include a company that is an individual or sole proprietorship.

"Virginia venture capital account" means an investment fund that has been certified by the Department as a Virginia venture capital account. In order to be certified as a Virginia venture capital account, the operator of the investment fund shall register the investment fund with the Department prior to December 31, 2023, (i) indicating that it intends to invest at least 50 percent of the capital committed to its fund in qualified portfolio companies and (ii) providing documentation that it employs at least one investor who has at least four years of professional experience in venture capital investment or substantially equivalent experience. The Department may require an investment fund to provide documentation of the investor's training, education, or experience as deemed necessary by the Department to determine substantial equivalency. If the Department determines that the investment fund employs at least one investor with the experience set forth herein, the Department shall certify the investment fund as a Virginia venture capital account at such time as the investment fund actually invests at least 50 percent of the capital committed to its fund in qualified portfolio companies.

26. a. Income attributable to an investment in a Virginia real estate investment trust. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2019, but before December 31, 2024. In order to be certified as a Virginia real estate investment trust, the trustee shall register the trust with the Department prior to December 31, 2024, indicating that it intends to invest at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed. If the Department determines that the trust satisfies the preceding criteria, the Department shall certify the trust as a Virginia real estate investment trust at such time as the trust actually invests at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed.

1. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.

2. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

E. Adjustments to federal taxable income shall be made to reflect the transitional modifications provided in § 58.1-315.

F. Notwithstanding any other provision of law, the income from any disposition of real property which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business, as defined in § 453(l)(1)(B) of the Internal Revenue Code, of property made on or after January 1, 2009, may, at the election of the taxpayer, be recognized under the installment method described under § 453 of the Internal Revenue Code, provided that (i) the election relating to the dealer disposition of the property has been made on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed under this chapter for the taxable year in which the disposition occurs, and (ii) the dealer disposition is in accordance with restrictions or conditions established by the Department, which shall be set forth in guidelines developed by the Department. Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

G. There shall be deducted to the extent included in and not otherwise subtracted from federal taxable income a percentage of the business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code in the amount of:

I. For taxable years beginning on and after January 1, 2026, there shall be deducted the amount paid or cost incurred for installing a qualifying upgrade required to interconnect a triggering project. No deduction shall be allowed under this section for a taxpayer who has claimed a deduction under subdivision 19 of § 58.1-322.03 for the same amount paid or cost incurred to install such qualifying upgrade.

For purposes of this subsection, "qualifying upgrade" and "triggering project" have the same meanings as provided for those terms in § 56-596.5.

CHAPTER 616

An Act to amend and reenact § 63.2-1709 of the Code of Virginia, relating to Department of Social Services; assisted living facilities; appointment of receiver; emergency.

[S 1153]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1709 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1709. Enforcement and sanctions; assisted living facilities and adult day centers; interim administration; receivership, revocation, denial, summary suspension.

A. Upon receipt and verification by the Commissioner of information from any source indicating an imminent and substantial risk of harm to residents, the Commissioner may require an assisted living facility to contract with an individual licensed by the Board of Long-Term Care Administrators, to be ~~either~~ ~~selected~~ ~~from~~ ~~a~~ ~~list~~ ~~created~~ ~~and~~ ~~maintained~~ ~~by~~ ~~the~~ ~~Department~~ ~~of~~ ~~Medical~~ ~~Assistance~~ ~~Services~~ ~~or~~ selected from a pool of appropriately licensed administrators recommended by the owner of the assisted living facility, to administer, manage, or operate the assisted living facility on an interim basis, and to attempt to bring the facility into compliance with all relevant requirements of law, regulation, or any plan of correction approved by the Commissioner. Such contract shall require the interim administrator to comply with any and all

requirements established by the Department to ensure the health, safety, and welfare of the residents. Prior to or upon conclusion of the period of interim administration, management, or operation, an inspection shall be conducted to determine whether operation of the assisted living facility shall be permitted to continue or should cease. Such interim administration, management, or operation shall not be permitted when defects in the conditions of the premises of the assisted living facility (i) present immediate and substantial risks to the health, safety, and welfare of residents, and (ii) may not be corrected within a reasonable period of time. Any decision by the Commissioner to require the employment of a person to administer, manage, or operate an assisted living facility shall be subject to the rights of judicial review and appeal as provided in the Administrative Process Act (§ 2.2-4000 et seq.). Actual and reasonable costs of such interim administration shall be the responsibility of and shall be borne by the owner of the assisted living facility.

B. The Board shall adopt regulations for the Commissioner to use in determining when the imposition of administrative sanctions or initiation of court proceedings, severally or jointly, is appropriate in order to ensure prompt correction of violations in assisted living facilities and adult day centers involving noncompliance with state law or regulation as discovered through any inspection or investigation conducted by the Departments of Social Services, Health, or Behavioral Health and Developmental Services. The Commissioner may impose such sanctions or take such actions as are appropriate for violation of any of the provisions of this subtitle or any regulation adopted under any provision of this subtitle that adversely affects the health, safety or welfare of an assisted living facility resident or an adult day center participant. Such sanctions or actions may include (i) petitioning the court to appoint a receiver for any *(a)* assisted living facility *pursuant to subsection E* or *(b)* adult day center and (ii) revoking or denying renewal of the license for the assisted living facility or adult day center for violation of any of the provisions of this subtitle, § 54.1-3408 or any regulation adopted under this subtitle that violation adversely affects, or is an immediate and substantial threat to, the health, safety or welfare of the person cared for therein, or for permitting, aiding or abetting the commission of any illegal act in an assisted living facility or adult day center.

C. The Commissioner may issue a notice of summary suspension of the license to operate the assisted living facility pursuant to (i) for assisted living facilities operated by agencies of the Commonwealth, the procedures set forth in § 63.2-1710.1 or (ii) for all other assisted living facilities, the procedures hereinafter set forth in conjunction with any proceeding for revocation, denial, or other action when conditions or practices exist that pose an immediate and substantial threat to the health, safety, and welfare of the residents. The notice of summary suspension shall set forth (a) the summary suspension procedures, (b) hearing and appeal rights as provided under this subsection, (c) facts and evidence that formed the basis for which the summary suspension is sought, and (d) the time, date, and location of the hearing to determine whether the suspension is appropriate. Such notice shall be served on the assisted living facility or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the assisted living facility.

The summary suspension hearing shall be presided over by a hearing officer selected by the Commissioner from a list prepared by the Executive Secretary of the Supreme Court of Virginia and shall be held as soon as practicable, but in no event later than 15 business days following service of the notice of hearing; however, the hearing officer may grant a written request for a continuance, not to exceed an additional 10 business days, for good cause shown. Within 10 business days after such hearing, the hearing officer shall provide to the Commissioner written findings and conclusions, together with a recommendation as to whether the license should be summarily suspended.

Within 10 business days of the receipt of the hearing officer's findings, conclusions, and recommendation, the Commissioner may issue a final order of summary suspension or an order that such summary suspension is not warranted by the facts and circumstances presented. The Commissioner shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. In the event that the Commissioner rejects a hearing officer's findings, conclusions, or recommended decision, the Commissioner shall state with particularity the basis for rejection. In issuing a final order of summary suspension, the Commissioner may suspend the license of the assisted living facility or suspend only certain authority of the assisted living facility to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, and welfare of the residents receiving care. A final order of summary suspension shall include notice that the assisted living facility may appeal the Commissioner's decision to the appropriate circuit court no later than 10 days following service of the order. A copy of any final order of summary suspension shall be prominently displayed by the provider at each public entrance of the facility, or in lieu thereof, the provider may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

Upon appeal, the sole issue before the court shall be whether the Department had reasonable grounds to require the assisted living facility to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. Any concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension. The willful and material failure to comply with the final order of summary suspension shall constitute an offense under subdivision 3 of § 63.2-1712. At the request of the Commissioner, all agencies and subdivisions of the Commonwealth shall cooperate with the Commissioner in the relocation of residents of an assisted living facility whose license has been summarily suspended pursuant to this section and in any other actions necessary to reduce the risk of further harm to residents.

D. Notice of the Commissioner's intent to revoke or deny renewal of the license for an assisted living facility or to summarily suspend the license of an assisted living facility shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. In determining whether to deny, revoke, or summarily suspend a license, the Commissioner may choose to deny, revoke, or summarily suspend only certain authority of the assisted living facility to operate and may restrict or modify the assisted living facility's authority to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, or welfare of the residents. Such proposed denial, revocation, or summary suspension of certain services or functions may be appealed (i) if the assisted living facility is operated by an agency of the Commonwealth in accordance with the provisions of § 63.2-1710.2 and (ii) for all other assisted living facilities as otherwise provided in this subtitle for any denial, revocation, or summary suspension.

E. In addition to the enforcements, sanctions, and civil penalties provided in this section, the Commissioner may petition the circuit court for the jurisdiction in which any assisted living facility, as defined in § 63.2-100, is located for the appointment of a receiver in accordance with the provisions of this section whenever (i) such assisted living facility shall (a) receive official notice from the Commissioner that its license has been or will be denied, revoked, or suspended or (b) operate at any time under conditions that present a major and continuing threat to the health, safety, security, rights, or welfare of the residents, including the threat of imminent abandonment by the owner or operator or a pattern of failure to meet ongoing financial obligations such as the inability to pay for essential food, pharmaceuticals, personnel, or required insurance, and (ii) the assisted living facility is unable to make adequate and timely arrangements for all residents to relocate in order to ensure their continued health, safety, and welfare.

Upon the filing of a petition for appointment of a receiver, the court shall hold a hearing within 10 days, at which time the Department and the owner or operator of the facility may participate and present evidence. The court may grant the petition if it finds any one of the conditions identified in clause (i) to exist in combination with the condition identified in clause (ii) and the court further finds that such conditions will not be remedied and that the residents will not be protected unless the petition is granted.

No receivership established under this subsection shall continue in effect for more than 180 days without further order of the court, nor shall the receivership continue in effect following the revocation or denial of the assisted living facility's license, except to enforce any post-termination duties of the assisted living facility as required by the law.

The appointed receiver shall be a person licensed as an assisted living facility administrator in the Commonwealth pursuant to Title 54.1 or, if not so licensed, shall employ and supervise a person so licensed to administer the day-to-day business of the assisted living facility.

The appointed receiver shall have (a) such powers and duties to manage the assisted living facility as the court may grant and direct, including to accomplish the orderly relocation of all residents and the right to refuse to admit new residents during the receivership; (b) the power to receive, conserve, protect, and disburse funds on behalf of the owner or operator of the assisted living facility; (c) the power to execute and avoid executory contracts; (d) the power to hire and discharge employees; and (e) the power to do all other acts, including the filing of such reports as the court may direct, subject to accounting to the court therefor and otherwise consistent with state and federal laws, necessary to protect the residents from the threat or threats set forth in the original petitions, as well as such other threats arising thereafter or out of the same conditions.

The court may grant injunctive relief as it deems appropriate to the Department or to the appointed receiver either in conjunction with or subsequent to the granting of a petition for appointment of a receiver under this subsection.

The court may terminate the receivership on the motion of the Department, the receiver, or the owner or operator, upon finding, after a hearing, that either (1) the conditions described in the petition have been substantially eliminated or remedied or (2) all residents in the assisted living facility have been relocated. Within 30 days after such termination, the receiver shall file a complete report of his activities with the court, including an accounting for all property of which he has taken possession and all funds collected.

All costs of administration of a receivership hereunder shall be paid by the receiver out of resident fees. The court, after terminating such receivership, shall enter appropriate orders to ensure such payments upon its approval of the receiver's reports.

A receiver appointed under this subsection shall be an officer of the court, shall not be liable for conditions at the assisted living facility that existed or originated prior to his appointment, and shall not be personally liable, except for his own gross negligence and intentional acts that result in injuries to persons or damage to property at the assisted living facility during his receivership.

The provisions of this subsection shall not be construed to relieve any owner, operator, or other party of any duty imposed by law or of any civil or criminal liability incurred by reason of any act or omission of such owner, operator, or other party.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 617

[S 1158]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-187, 15.2-1906, 25.1-204, 25.1-234, 25.1-244, 25.1-245.1, 25.1-307, 25.1-309, 25.1-313, 25.1-315, 25.1-318, 33.2-1020, 33.2-1022, 33.2-1023, 33.2-1025, 33.2-1026, and 33.2-1029.1 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-187. Commissioners, condemnation jurors, or court to determine compensation for property taken or damaged.

Whenever it is determined in a declaratory judgment proceeding that a person's property has been taken or damaged within the meaning of Article I, Section 11 of the Constitution of Virginia and compensation has not been paid or any action taken to determine the compensation within 60 days following the entry of such judgment order or decree, the court which entered the order or decree may, upon motion of such person after reasonable notice to the adverse party, enter a further order appointing commissioners ~~or~~, condemnation jurors*, or the court* to determine ~~the~~ *just* compensation. The appointment of commissioners ~~or~~, condemnation jurors*, or the court to decide the issue of just compensation* and all proceedings thereafter shall be governed by the procedure prescribed for the condemning authority. Notwithstanding the provisions of § 25.1-100, the date of valuation in actions pursuant to this section shall be the date determined by the court to be the date the property was taken or damaged.

§ 15.2-1906. Condemnation of existing water or sewage disposal systems.

Condemnation of existing water or sewage disposal systems shall be governed by the provisions of Chapter 19.1 (§ 15.2-1908 et seq.) of this title so far as applicable. The provisions of § 25.1-102 shall not apply in the case of condemnation of an existing water or sewage disposal system in its entirety. The circuit court for the city or county wherein the property proposed to be condemned, or any part thereof, is located, shall have jurisdiction of the condemnation proceedings. It shall not be necessary to file with the petition for the condemnation of an existing water or sewage system, in its entirety, a minute inventory and description of the property sought to be condemned, provided the property is described therein generally and with reasonable particularity and in such manner as to disclose the intention of the petitioner that such existing water or sewage system be condemned in its entirety. The court having jurisdiction of the condemnation proceedings shall, as the occasion arises and prior to the filing of the report of the ~~commissioners~~ ~~appointed~~ ~~to determine~~ ~~a~~ *body determining* just compensation for the property sought to be condemned in its entirety, take such steps as may be necessary and proper to cause to be included in an inventory of the property sought to be condemned full descriptions of any and all such property whenever the exigencies of the case or the ends of justice will be promoted thereby. Such inventory shall be made a part of the record in the proceedings and referred to the ~~commissioners~~ *body determining just compensation*.

§ 25.1-204. Effort to purchase required; prerequisite to effort to purchase or filing certificate.

A. A condemnor shall not institute proceedings to condemn property until a bona fide but ineffectual effort to purchase from the owner the property sought to be condemned has been made. However, such effort shall not be required if the consent cannot be obtained because one or more of the owners (i) is a person under a disability or is otherwise unable to convey legal title to such property, (ii) is unknown, or (iii) cannot with reasonable diligence be found within this Commonwealth.

B. Such bona fide effort shall include delivery of, or attempt to deliver, a written offer to acquire accompanied by a written statement to the owner that explains the factual basis for the condemnor's offer. The written statement shall include a description of the public use for which it is necessary to acquire the owner's property and shall contain a certification that the acquisition has been reviewed by the condemnor for purposes of complying with § 1-219.1. The written offer shall be made upon the state agency's letterhead and shall be signed by an authorized employee of such state agency.

C. If the condemnor obtains an appraisal of the property pursuant to the provisions of § 25.1-417, such written statement shall include a complete copy of the appraisal of the property upon which such offer is based. If the condemnor obtains more than one appraisal, such written statement shall include a copy of all appraisals obtained prior to making an offer to acquire or initiating negotiations for the real property.

D. Notwithstanding any provision of law to the contrary, a condemnor, prior to making an offer to acquire a ~~fee simple~~ *permanent* interest in property by purchase or filing a certificate of take or certificate of deposit pursuant to Chapter 3 (§ 25.1-300 et seq.) or § 33.2-1019, shall (i) conduct or cause to be conducted an examination of title to the property in order to ascertain the identity of each owner of such property and to determine the nature and extent of such owner's interests in the property, which examination of title shall be for at least 60 years *and shall be documented in a report showing all matters that affect the current ownership, existing liens, encumbrances, and other matters affecting title as of the date of the title report*; (ii) provide to such owner or owners a copy of the *title* report ~~showing~~ ~~the~~ ~~examination~~ ~~of title~~; and (iii) provide to such owner or owners a copy of all recorded instruments ~~within~~ ~~the~~ ~~60-year title~~ ~~history~~ ~~of such~~ ~~property, including~~ ~~all deeds~~ ~~of trust, releases, liens, deeds, or other~~ ~~instruments~~ identified in the *title* report.

E. A state agency's acquisition of real property in connection with any programs or projects pursuant to this title or Title 33.2 shall be conducted in accordance with the following provisions:

1. Before making an offer to acquire or initiating any related negotiations for real property, the state agency shall establish an amount which it believes to be just compensation therefor and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the state agency's approved appraisal of the fair market value of such property, if such an appraisal is required, or the current assessed value of such property for real estate tax purposes, unless the property has physically changed in a material and substantial way since the current assessment date such that the real estate tax assessment no longer represents a fair valuation of the property, when the entire parcel for which the assessment is made is to be acquired, whichever is greater. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, shall be disregarded in determining the compensation for the property. The state agency concerned shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation, and, if an appraisal is required or obtained, such written statement and summary shall include a complete copy of all appraisals of the real property to be acquired that the state agency obtained prior to making an offer to acquire or initiating negotiations for the real property. The state agency shall provide its written statement of the amount it established as just compensation on its letterhead, which shall be signed by an authorized employee of such state agency. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

2. No owner shall be required to surrender possession of real property before the state agency pays the agreed purchase price, or deposits with the state court in accordance with applicable law, for the benefit of the owner, (i) an amount not less than the state agency's approved appraisal of the fair market value of such property, if such an appraisal is required, or the current assessed value of such property for real estate tax purposes, unless the property has physically changed in a material and substantial way since the current assessment date such that the real estate tax assessment no longer represents a fair valuation of the property, when the entire parcel for which the assessment is made is to be acquired, whichever is greater, or (ii) the amount of the award of compensation in the condemnation proceeding for such property.

F. Nothing in this section shall make evidence of tax assessments admissible as proof of value in an eminent domain proceeding.

§ 25.1-234. Participation by certain tenants in proceedings to determine just compensation.

A. Any tenant under a lease with a term of 12 months or longer may participate in the proceedings to determine just compensation to the same extent as his landlord or the owner, if, not less than 10 days prior to the date for the trial of the issue of just compensation, such tenant shall file his petition for intervention, in the manner provided in § ~~25.1-221~~ *25.1-218*. Such petition for intervention shall include (i) a verified copy of the lease under which he is in possession and (ii) an affidavit by the tenant or his duly authorized agent or attorney, stating:

1. That he claims an interest in the award; and

2. That he desires to offer admissible evidence concerning the value of the property being taken or damaged.

B. For the purposes of this section, the term of a tenant's lease shall include any renewals or extensions for which the tenant has an enforceable written option. The term "tenant" shall include the assignee of the original tenant, as well as any sublessee of the entire demised premises of the owner for the full unexpired term of the sublessor.

C. Nothing in this section shall be construed, however, as authorizing such tenant to offer any evidence in the proceedings to determine just compensation concerning the value of his leasehold interest in the property involved therein or as authorizing the body determining just compensation to make any such determination in formulating its report.

D. As used in this section, "proceedings to determine just compensation" means proceedings described in §§ 25.1-231, 25.1-232, and 25.1-233.

§ 25.1-244. Interest on award; entry of judgment for award and interest.

A. If the petitioner has exercised pendente lite the right to enter into and take possession of the land or other property, in the manner provided by this chapter, upon the payment into court of the sum ascertained in the report of just compensation as provided in § 25.1-238, the owner thereof shall receive interest upon the difference between (i) the amount of just compensation as finally determined and awarded to such owner and (ii) the amount, if any, that such owner received or was entitled to receive from the fund so paid into court. Such interest shall be paid for the period from the time of such entry by the petitioner until the time the fund paid into court on account of the final award of just compensation to such owner is available for distribution. Interest accruing prior to July 1, 1970, shall be paid at the rate of five percent annually; interest accruing thereafter and prior to July 1, 1981, shall be paid at the rate of six percent annually; interest accruing thereafter and prior to July 1, 2003, shall be paid at the rate of eight percent annually; and interest accruing thereafter shall be paid at not less than the judgment rate of interest as set forth in § 8.01-382*, compounded daily*. No interest shall be payable upon any amount that was withheld from such owner on account of questions involving his right, title, interest or estate in the land or other property taken or damaged.

B. If the petitioner has exercised the right pendente lite to enter into and take possession of the land or other property to be taken or damaged as provided in § 25.1-224, the owner thereof shall receive, in addition to the amount that he is entitled to receive under subsection A, interest at ~~the general accounts' primary liquidity portfolio~~ *not less than the judgment* rate ~~annually~~ *of interest as set forth in § 8.01-382, compounded daily* upon the difference between (i) the amount of the award of

just compensation as finally determined and (ii) the amount previously paid into court as required under § 25.1-224. Such interest shall be paid for the period from the time of such entry until payment into court of the sum ascertained in the report of just compensation as provided in § 25.1-237.

C. No interest shall be allowed during the time any distribution of the fund paid into court was delayed in the trial court or upon appeal, or thereafter, occasioned by any exceptions made by such owner that are not sustained in whole or in part.

D. If the petitioner fails to pay into court any sum necessary for paying the total award that has been confirmed finally or the interest to which the owner is entitled under this section for a period of 30 days after the time for noting an appeal, the court shall enter judgment therefor against the petitioner, unless the proceedings have been dismissed in accordance with the provisions of Article 8 (§ 25.1-248 et seq.) of this chapter.

E. Interest allowable under the provisions of this section shall be reduced to the extent the fund has accrued interest during the pendency of the suit in the account required by § 25.1-224.

§ 25.1-245.1. Costs.

A. Except as otherwise provided in this chapter, all costs of the proceeding in the trial court that are fixed by statute shall be taxed against the condemnor.

B. The court shall order the condemnor to pay to the owner reasonable costs and fees, not to exceed $7,500, unless the court approves a higher amount, for a survey for the owner.

C. If an owner whose property is taken by condemnation under this title or under Title 33.2 is awarded at trial, as compensation for the taking of or damage to his real property, an amount that is 25 percent or more greater than the amount of the condemnor's initial written offer made pursuant to § 25.1-204, the court may order the condemnor to pay to the owner those (i) reasonable costs, other than attorney fees, and (ii) reasonable fees and travel costs, including reasonable appraisal and engineering fees incurred by the owner, for up to three experts or as many experts as are called by the condemnor, whichever is greater, who testified at trial.

D. All costs on appeal shall be assessed and assessable in the manner provided by law and the Rules of Court as in other civil cases.

E. The requirements of this section shall not apply to those condemnation actions initiated by a public service company, public service corporation, railroad pursuant to the delegation of the power of eminent domain granted in Title 56, or government utility corporation~~,~~ as defined by § 1-219.1~~, involving easements adjudged at~~ *in which no property is taken in fee simple and just compensation is determined to be* less than $10,000.

F. This section is to be liberally construed to effect its purpose of ensuring that owners receive the full measure of just compensation to which they are constitutionally entitled, without that amount being reduced by the costs of asserting their constitutional right to just compensation.

§ 25.1-307. Content of certificates; recordation of certificates.

A. A certificate shall set forth the description of the property *and rights* being taken or damaged, and the owner or owners, if known, of such property. *A certificate through which easement rights are acquired shall describe the rights and purposes for which the easement is being acquired.*

B. The certificate shall include a plat, drawing, or plan, in sufficient detail to disclose fairly the nature of such work or improvements, including specifications, elevations, and grade changes, if any, so as to enable the owner of such property to be reasonably informed of the nature, extent, and effect of such taking. The certificate shall specify the size of the fee or easement area being taken and, if multiple overlapping easements are taken, the sizes of the overlapping and non-overlapping areas. The certificate shall also state the public use project for which the property is being taken.

C. If a temporary construction easement is being acquired, the certificate shall set forth the calendar date on which it shall expire if that date is known to the condemnor. If the condemnor certifies that such date is not known, at such time the condemnor ascertains the date, the condemnor shall file certification of the information as provided by subsection ~~B~~ *D* and shall simultaneously provide the landowner or the landowner's counsel, if any, a copy of such certification.

~~B.~~ *D.* The authorized condemnor shall record a certificate of take or a certificate of deposit in the clerk's office of the court where deeds are recorded. The clerk shall record the certificate in the deed book and index it in the names of both (i) the person or persons who owned the land before the recordation of the certificate and (ii) the authorized condemnor.

§ 25.1-309. Property situated in two or more localities.

If the property affected by the certificate is situated in two or more localities, the clerk of the court wherein the certificate is recorded shall certify a copy of such certificate to the clerk of the court of the locality in which any portion of the property lies. The clerk shall record the same in the deed book and index it in the manner prescribed in subsection ~~B~~ *D* of § 25.1-307.

§ 25.1-313. Institution of condemnation proceedings.

The authorized condemnor shall institute condemnation proceedings with respect to property described in a certificate within ~~180~~ *100* days of the recordation of the certificate if (i) the authorized condemnor and the owner or owners of property taken or damaged by the authorized condemnor are unable to agree as to the compensation, if any, attributable to such taking or damage or (ii) such agreement cannot be obtained because the owners or one or more of them are under a disability, are unknown, or cannot with reasonable diligence be found within the Commonwealth. However, this section shall not require the institution of condemnation proceedings if they have been instituted prior to the recordation of such certificate. *The authorized condemnor and the property owner may mutually agree to delay the institution of condemnation proceedings by written agreement between the parties or counsel for the parties.*

§ 25.1-315. Awards in greater amounts than deposit; interest.

A. If the amount of an award in a condemnation proceeding is greater than that deposited with the court or represented by a certificate of deposit, the excess amount, together with interest accrued on such excess amount, shall be paid into court for the person or persons entitled thereto. The clerk shall deposit such funds to the credit of the court in an account of a type that bears interest.

B. Interest*, compounded daily,* shall accrue on the excess amount at not less than the judgment rate of interest as set forth in § 8.01-382, computed from the date of such deposit to the date of payment into court and be paid into court for the person or persons entitled thereto. However, any interest that accrued before July 1, 1970, shall be paid at the rate of five percent, and interest accruing thereafter and prior to July 1, 1981, shall be paid at the rate of six percent, and any interest accruing thereafter and prior to July 1, 1994, shall be paid at the rate of eight percent.

§ 25.1-318. Petition by owner for determination of just compensation.

A. The owner of property that an authorized condemnor has entered and taken possession of, or taken defeasible title of, pursuant to the provisions of this chapter may petition the circuit court of the locality in which the greater portion of the property lies for the appointment of commissioners or the empanelment of a jury to determine just compensation for the property taken and damages done, if any, to such property, as provided in Chapter 2 (§ 25.1-200 et seq.) if (i) the owner and the authorized condemnor have not reached an agreement as to compensation and damages, if any, and (ii) the authorized condemnor:

1. Has not completed the construction of the contemplated improvements upon the property after a reasonable time for such construction has elapsed; or

2. Has not instituted condemnation proceedings within:

a. Sixty days after completion of the construction of the contemplated improvements upon the property;

b. One hundred ~~eighty~~ days after the authorized condemnor has entered upon and taken possession of the property, regardless of whether the construction of the contemplated improvements has been completed; or

c. One hundred ~~eighty~~ days after the recordation of a certificate.

B. A copy of such petition shall be served upon the authorized condemnor at least 10 days before it is filed in the court. The authorized condemnor shall file an answer thereto within five days after the filing of the petition. If the court finds that the conditions prerequisite for such appointment as provided in subsection A are satisfied, the court shall appoint commissioners or empanel a jury, as requested in the owner's petition, to ascertain the amount of compensation to be paid for the property taken and damages done, if any. The proceedings shall thereafter be governed by the procedure prescribed by Chapter 2 (§ 25.1-200 et seq.) insofar as the same may be applicable, except that the owner shall have the burden of proceeding with the evidence as to just compensation. The authorized condemnor shall reimburse the owner for his fees and costs ~~charged by a lienholder~~, including filing fees and attorney fees, incurred in filing the owner's petition.

§ 33.2-1020. Payment of certificates of deposit; recordation of certain certificates; notice to owner.

A. A certificate of deposit shall be deemed and held for the purpose of this article to be payment into the custody of such court. Payment against any certificate of deposit so issued and countersigned, when ordered by the court named therein, shall be paid by the State Treasurer on warrants of the Comptroller, issued on vouchers signed by the Commissioner of Highways.

B. A duplicate of each certificate of deposit so issued and countersigned shall be kept as a record in the office of the Commissioner of Highways and a copy thereof shall be filed with the State Treasurer.

C. The Commissioner of Highways shall ~~give notice~~, between 30 and 45 days prior to the date on which any certificate will be filed or recorded pursuant to this chapter, *give notice* to the owner or tenant, if known, of the freehold by certified or registered mail that such certificate will be filed or recorded *with respect to such person's property. Such notice shall contain the following language, as appropriate:*

1. "Within 30 to 45 days of the date of this notice, a certificate of take shall be recorded in the land records of the circuit court"; or

2. "Within 30 to 45 days of the date of this notice, a certificate of deposit shall be recorded in the land records of the circuit court."

Such notice shall also state that upon recordation of the certificate, the defeasible title to the property shall transfer to the Commissioner of Highways and that the owner has the right to petition the court for distribution of the funds represented by the certificate, subject to any preexisting liens or other encumbrances upon the property. Additionally, within four business days of the filing or recording of a certificate, the Commissioner of Highways shall give notice of such filing or recording to the owner or tenant, if known, of the freehold by providing a copy of such certificate by certified or registered mail.

§ 33.2-1022. Certificates to describe land and list owner.

A. The certificate shall set forth the description of the land or interest therein being taken or damaged and, if known, the owner *of such property. A certificate through which easement rights are acquired shall describe the rights and purposes for which the easement is being acquired.*

B. The certificate shall include a plat, drawing, or plan, in sufficient detail to disclose fairly the nature of such work or improvements, including specifications, elevations, and grade changes, if any, so as to enable the owner of such property to be reasonably informed of the nature, extent, and effect of such taking. The certificate shall specify the size of the fee or

easement area being taken and, if multiple overlapping easements are taken, the sizes of the overlapping and non-overlapping areas. The certificate shall also state the public use project for which the property is being taken.

C. If a temporary construction easement is being acquired, the certificate shall set forth the calendar date on which it shall expire, if such date is known ~~or can be reasonably estimated, or, if certified~~ *to the Commissioner of Highways. If the Commissioner of Highways certifies* that such date is not known, at such time the date is ascertained, the Commissioner of Highways shall file certification of the information as provided by subsection ~~B~~ *D* of § 25.1-307 and shall simultaneously provide the landowner or the landowner's counsel, if any, a copy of such certification.

D. The Commissioner of Highways shall record a certificate of take or a certificate of deposit in the clerk's office of the court where deeds are recorded. The clerk shall record such certificate in the deed book and index it in the names of both (i) the person who owned the land before the recordation of the certificate and (ii) the Commissioner of Highways.

§ 33.2-1023. Proceedings for distribution of funds; effect of acceptance of payments; evidence as to amount of deposit or certificate.

A. Any person or persons shown by a certificate to be entitled thereto may petition the court for the distribution of all or any part of the funds deposited with the court pursuant to subdivision A 1 of § 33.2-1019 or represented by a certificate of deposit filed pursuant to subdivision A 2 of § 33.2-1019. Any costs of filing such petition or otherwise withdrawing the funds shall be taxed against the Commissioner of Highways.

B. A copy of such petition shall be served on the Commissioner of Highways, his deputy, or any attorney authorized to accept service with a notice, returnable to the court or judge not less than 21 days after such service, to show cause, if any, why such amount should not be distributed in accordance with the prayers of the petition.

C. If the Commissioner of Highways does not, on or before the return day of the petition, show such cause, and if the record in the proceeding does not disclose any denial or dispute with respect thereto, the court shall enter an order directing the distribution of such amount in accordance with the prayers of the petition. However, in the case of a nonresident petitioner the court may require a bond before ordering the distribution.

D. If funds have been deposited with the court pursuant to subdivision A 1 of § 33.2-1019, any interest that has accrued on the funds shall be payable to the person or persons entitled to receive such funds.

E. If funds are not then on deposit with the court but are represented by a certificate of deposit filed pursuant to subdivision A 2 of § 33.2-1019, a certified copy of such order shall forthwith be sent to the Commissioner of Highways by the clerk. It shall be the duty of the Commissioner of Highways to deposit such funds with the court within 21 days of the date of such order.

F. Interest*, compounded daily,* shall be payable on funds represented by a certificate of deposit from the date of filing of the certificate of deposit until the funds are paid into court at no less than the judgment rate of interest as set forth in § 8.01-382. However, interest shall not accrue if an injunction is filed against the Department that enjoins the taking of the property described in the certificate.

G. If the Commissioner of Highways shows such cause, or if the record in the proceeding discloses any denial or dispute as to the persons entitled to such distribution or to any interest or share therein, the court shall direct such proceedings as are provided by § 25.1-240 for the distribution of awards.

H. However, the acceptance of such payment shall not limit the amount to be allowed by a commissioner in a condemnation proceeding, nor limit the rights of any party or parties to the proceeding to appeal from any decision therein; nor shall any party to such proceeding be entitled to introduce evidence of any amount deposited with the court or represented by a certificate, nor of any amount that has been accepted by any party entitled thereto pursuant to this section.

I. All funds due and owing pursuant to this section shall be payable promptly to the owner or, if the owner consents, to the owner's attorney. Nothing in this section shall be construed to alter the priority of liens or any obligation to satisfy or release any outstanding liens on the property or the funds.

§ 33.2-1025. When condemnation proceedings instituted; payment of compensation or damages; order confirming award; recording.

Within ~~180~~ *100* days after the recordation of such certificate, if the Commissioner of Highways and the owner of such lands or interest therein taken or damaged by the Commissioner of Highways are unable to agree as to the compensation or damages, if any, caused thereby, or such consent cannot be obtained due to the incapacity of the owner, or because such owner is unknown or cannot with reasonable diligence be found within the Commonwealth, the Commissioner of Highways shall institute condemnation proceedings, as provided in this article, unless said proceedings shall have been instituted prior to the recordation of such certificate. The amount of such compensation and damages, if any, awarded to the owner in such proceedings shall be paid out of the appropriations to the Department. The final order confirming the award of the Commissioner of Highways shall confirm absolute and indefeasible title to the land, or interest therein ~~sought~~, in the Commonwealth and shall be recorded in the current deed book. *The Commissioner of Highways and the property owner may mutually agree to delay the institution of condemnation proceedings by written agreement between such parties or counsel for such parties.*

§ 33.2-1026. Awards in greater or lesser amounts than deposit; interest.

A. If the amount of an award in a condemnation proceeding is greater than that deposited with the court or represented by a certificate of deposit, the excess amount, together with interest accrued on such excess amount, shall be paid into court for the person entitled thereto. The clerk shall deposit such funds to the credit of the court in an account of a type that bears interest.

B. Interest*, compounded daily,* shall accrue on the excess amount at not less than the judgment rate of interest as set forth in § 8.01-382, computed from the date of such deposit to the date of payment into court, and shall be paid into court for the person or persons entitled thereto. However, any (i) interest accruing after June 30, 1970, and prior to July 1, 1981, shall be paid at the rate of six percent; (ii) interest accruing after June 30, 1981, and prior to July 1, 1994, shall be paid at the rate of eight percent; and (iii) interest accruing after June 30, 1994, and prior to July 1, 2003, shall be paid at the general account composite rate, compiled by the Department of the Treasury for the month in which the award is rendered.

C. If the amount of an award in a condemnation proceeding is less than that deposited with the court or represented by a certificate of deposit, and the person or persons entitled thereto have received a distribution of the funds pursuant to § 33.2-1023, the Commissioner of Highways shall recover (i) the amount of such excess and (ii) interest on such excess at the rate of interest established pursuant to § 6621(a)(2) of the Internal Revenue Code of 1954, as amended. If any person has been paid a greater sum than that to which he is entitled as determined by the award, judgment shall be entered for the Commissioner of Highways against such person for the amount of such excess and interest. However, the Commissioner of Highways shall not be entitled to recover the amount of such excess and interest in the event the Commissioner of Highways acquired, by virtue of the certificate, an entire parcel of land containing a dwelling, multiple-family dwelling, or building used for commercial purposes at the time of initiation of negotiations for the acquisition of such property.

§ 33.2-1029.1. Petition by owner for determination of just compensation.

A. The owner of property that the Commissioner of Highways has entered and taken possession of, or taken defeasible title of, pursuant to the provisions of this chapter may petition the circuit court of the locality in which the greater portion of the property lies for the appointment of commissioners or the empanelment of a jury to determine just compensation for the property taken and damage done, if any, to such property, as provided in Chapter 2 (§ 25.1-200 et seq.) of Title 25.1 if (i) the owner and the Commissioner of Highways have not reached an agreement as to compensation and damages, if any, and (ii) the Commissioner of Highways:

b. One hundred ~~and eighty~~ days after the Commissioner of Highways has entered upon and taken possession of the property, regardless of whether the construction of the contemplated improvements has been completed; or

c. One hundred ~~and eighty~~ days after the recordation of a certificate.

B. A copy of such petition shall be served on the Commissioner of Highways at least 10 days before it is filed in the court. The Commissioner of Highways shall file an answer within five days after the filing of the petition. If the courts finds that the conditions prerequisite for such appointment as provided in subsection A are satisfied, the court shall appoint commissioners or empanel a jury, as requested in the owner's petition, to ascertain the amount of compensation to be paid for the property taken and damages done, if any. The proceedings shall thereafter be governed by the procedures prescribed in Chapter 2 (§ 25.1-200 et seq.) of Title 25.1 insofar as they may be applicable, except that the owner shall have the burden of proceeding with the evidence as to just compensation. The Commissioner of Highways shall reimburse the owner for his fees and costs ~~charged by the lienholder~~, including filing fees and attorney fees, incurred in filing the owner's petition.

[S 1237]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325.1 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325.1. Appeals of agency determinations.

A. *All providers enrolled with the Department may appeal any action by the Department or its contractor that is subject to appeal under the Administrative Process Act (§ 2.2-4000 et seq.). For provider appeals stemming from an action taken by a Department contractor, including managed care organizations, the provider shall exhaust the contractor's internal reconsideration and internal appeal processes, if any, before appealing to the Department.*

B. The ~~Director~~ *Department* shall make an initial *appeal* determination ~~as to whether an overpayment has been made to a provider~~ in accordance with the state plan for medical assistance, the provisions of § 2.2-4019, and applicable federal law. The initial determination shall be issued within 180 days of the receipt of the appeal request. If the agency does not render a decision within 180 days, *or, in the case of a joint agreement to stay the appeal decision pursuant to subsection D, within the time after the stay expires and before the appeal timeframe resumes,* the decision is deemed to be in favor of the provider.

~~B.~~ *C.* An appeal of the ~~Director's~~ *Department's* initial determination concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the state plan for medical assistance provided for in § 32.1-325. The hearing officer appointed pursuant to § 2.2-4024 shall conduct the appeal and submit a recommended decision to the Director within 120 days of the agency's receipt of the appeal request*, unless the settlement provisions of this section apply*. The Director shall consider the parties' exceptions and issue the final agency case decision within ~~sixty~~ *60* days of receipt of the hearing officer's recommended decision. If the Director does not render a final

agency case decision within ~~sixty~~ *60* days of the receipt of the hearing officer's recommended decision, the decision is deemed to be in favor of the provider. The Director shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. Any final agency case decision in which the Director rejects a hearing officer's recommended decision shall state with particularity the basis for rejection. Prior to a final agency case decision issued in accordance with § 2.2-4023, the Director may not undertake recovery of any overpayment amount paid to the provider through offset or other means. Once a final determination of overpayment has been made, the Director shall undertake full recovery of such overpayment whether or not the provider disputes, in whole or in part, the initial or the final determination of overpayment. Interest charges on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313 from the date the ~~Director's~~ *Department's* determination becomes final. Nothing in § 32.1-313 shall be construed to require interest payments on any portion of overpayment other than the unpaid balance referenced herein.

~~C.~~ *D. The Department and the provider may jointly agree to stay the deadline for the informal appeal decision or for the formal appeal recommended decision of the hearing officer for a period of up to 60 days to facilitate settlement discussions. If the parties reach a resolution as reflected by a written settlement agreement within the 60-day period, then the stay shall be extended for such additional time as may be necessary for review and approval of the settlement agreement in accordance with § 2.2-514.*

E. The burden of proof in informal and formal administrative appeals is on the provider. *If an action stems from a Department contractor, then such contractor shall represent itself during the informal and formal appeal proceedings. No such contractor, including managed care organizations, shall have the right to file a petition for reconsideration or an appeal for court review of the Department's final agency decision.*

F. The agency shall reimburse a provider for reasonable and necessary ~~attorneys'~~ *attorney* fees and costs associated with an informal or formal administrative appeal if the provider substantially prevails on the merits of the appeal and the agency's position is not substantially justified, unless special circumstances would make an award unjust. In any case in which a provider has recovered ~~attorneys'~~ *attorney* fees and costs associated with an informal or formal administrative appeal, the provider shall not be entitled to recover those same ~~attorneys'~~ *attorney* fees and costs in a subsequent judicial proceeding.

~~D.~~ *G.* Court review of final agency determinations concerning provider reimbursement shall be made in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). In any case in which a final determination of overpayment has been reversed in a subsequent judicial proceeding, the provider shall be reimbursed that portion of the payment to which he is entitled plus any applicable interest, within ~~thirty~~ *30* days of the subsequent judicial order.

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1204 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. A landlord shall offer a prospective tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord-tenant relationship and shall provide with it the statement of tenant rights and responsibilities developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139 acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. The written rental agreement shall be effective upon the date signed by the parties.

If a tenant fails to sign the form available pursuant to this subsection, the landlord shall record the date or dates on which he provided the form to the tenant and the fact that the tenant failed to sign such form. Subsequent to the effective date of the tenancy, a landlord may, but shall not be required to, provide a tenant with and allow such tenant an opportunity to sign the form described pursuant to this subsection. The form shall be current as of the date of delivery.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection D of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit in an amount that does not exceed a total amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of the signed written rental agreement and the statement of tenant rights and responsibilities to the tenant within 10 business days of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action, including any summons for unlawful detainer, against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

The landlord shall provide the tenant with an additional hard copy of such tenant's rental agreement once per year upon request or shall maintain such rental agreement in an electronic format that can be easily accessed by or shared with the tenant upon request. Any additional electronic copy of a tenant's rental agreement provided pursuant to this subsection shall be provided by the landlord at no charge to the tenant.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. 1. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order. *No landlord shall charge a tenant any fee for the collection or processing of any payment of rent, security deposit, or any other fees, unless the landlord offers an alternative method of payment that does not include additional fees.*

2. A landlord with four or fewer rental dwelling units, or up to a 10 percent interest in four or fewer rental dwelling units, shall not be required to accept payment of periodic rent and any security deposit by debit or credit card.

K. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, shall be required to provide written notice to any tenant who has the option to renew a rental agreement or whose rental agreement contains an automatic renewal provision of any increase in rent during the subsequent rental agreement term. Such notice shall be provided to the tenant no less than 60 days prior to the end of the rental agreement term. This subsection shall not apply to any periodic tenancy created pursuant to subsection C of § 55.1-1253.

A. A person whose DNA profile has been included in the data bank pursuant to § 19.2-310.2 may request expungement on the grounds that the conviction on which the authority for including his DNA profile was based has been reversed and the case dismissed. Provided that the person's DNA profile is not otherwise required to be included in the data bank pursuant to § 9.1-903, 16.1-299.1, 19.2-310.2, or 19.2-310.2:1, the Department of Forensic Science shall purge all records and identifiable information in the data bank pertaining to the person and destroy all samples from the person upon receipt of (i) a written request for expungement pursuant to this section and (ii) a certified copy of the court order reversing and dismissing the conviction.

B. Entry of a sealing order pursuant to § 19.2-392.7 ~~or~~, 19.2-392.12*, or 19.2-392.12:1* shall not serve as grounds for expungement of a person's DNA profile or any records in the data bank relating to that DNA profile.

§ 19.2-392.2. (Effective pursuant to Acts 2023, cc. 554 and 555, cl. 4) Expungement of police and court records.

A. If a person is charged with the commission of a crime, a civil offense, or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge. *A person shall not be required to pay any court fees or costs for filing a petition under this subsection.*

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. ~~Such~~ *A* person shall not be required to pay any *court* fees *or costs* for ~~the~~ filing ~~of~~ a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant, summons, or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except when not reasonably available, the date of arrest and the name of the arresting agency. When this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge or civil offense to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest. If the petition is filed under this subsection, the petitioner shall request that the Central Criminal Records Exchange (CCRE) electronically forward a copy of the petitioner's Virginia criminal history record to the circuit court in which the petition was filed. Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. If the petition is filed under subsection B, the petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the CCRE with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected. *The Department of State Police shall validate the accuracy of any criminal history record ordered to be expunged pursuant to this section but shall not validate whether such record is eligible for expungement.*

L. ~~Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.~~

~~M.~~ Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

~~N.~~ *M.* A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to expunge issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.3 pursuant to regulations and procedures adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

Except as otherwise provided in this section, no person as to whom an order for sealing has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of that person's denial or failure to disclose any information concerning an arrest, charge, or conviction that has been sealed.

C. If the court enters an order of sealing pursuant to subsection A or B, the court shall advise the person that the offense has been ordered to be automatically sealed.

Entry of a sealing order under subsection A or B shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

E. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

F. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

For purposes of this subsection, any offense on the person's criminal history record that has previously been ordered to be sealed shall not be deemed a conviction.

B. Upon identification of the finalized case dispositions under subsection A, the Department of State Police shall provide an electronic list of such offenses to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502. *The Department of State Police shall not be required to include an offense on such list if it cannot be determined by an electronic review whether the offense is eligible for automatic sealing.*

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least an annual basis the Executive Secretary of the Supreme Court shall provide an electronic list of such offenses to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

D. Upon receipt of the electronic list provided under subsection B or C, on at least an annual basis the clerk of each circuit court shall prepare an order and the chief judge *or presiding judge* of that circuit court shall enter such order directing

that the offenses be automatically sealed under the process described in § 19.2-392.13. Such order shall contain the names of the persons charged with such offenses. The clerk of each circuit court shall maintain a copy of all orders entered pursuant to this subsection under seal.

E. The clerk of each circuit court shall provide an electronic notification of any order entered under subsection D to the Department of State Police on at least an annual basis. Upon receipt of such electronic notification, the Department of State Police shall proceed as set forth in § 19.2-392.13.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. This section shall not be construed as prohibiting a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order pursuant to this section shall not prohibit a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

H. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

~~I. 30 days of the date of the entry of the final order in the matter, the petitioner or the attorney for the Commonwealth notes an appeal ~~to the Supreme Court of Virginia~~ *as provided by law in civil cases*.

F. After receiving the criminal history record of the petitioner, the court may conduct a hearing on the petition. The court shall enter an order requiring the sealing of the criminal history record information and court records, including electronic records, ~~relating~~ *related* to the charge or conviction, only if the court finds that all criteria in subdivisions 1 through ~~4~~ *6* are met, as follows:

G. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) stipulates in such written notice that the petitioner is eligible to have such offense sealed, and the continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner, the court may enter an order of sealing without conducting a hearing.

H. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

Counsel appointed to represent such a petitioner shall be compensated for his services subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, in a total amount not to exceed $120, as determined by the court, and such compensation shall be paid from the Sealing Fee Fund as provided in § 17.1-205.1.~~

The Department of State Police shall validate the accuracy of any criminal history record ordered to be sealed pursuant to this section but shall not validate whether such record is eligible for sealing. Upon receipt of such electronic notification, the Department of State Police shall seal such records in accordance with § 19.2-392.13. The Department of State Police shall also electronically notify the Office of the Executive Secretary of the Supreme Court and any other agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated in accordance with § 19.2-392.13.

N. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court entered an order for the sealing of records contrary to law shall be voidable upon motion and notice made within two years of the entry of such order.

D. A business screening service that disseminates a criminal history record or a traffic history record on or after the effective date of this section shall include the date when the record was collected by the business screening service and a notice that the information may include records that have been sealed since that date.

E. A business screening service shall implement and follow reasonable procedures to assure that it does not maintain or sell criminal history records or traffic history records that are inaccurate or incomplete. If the completeness or accuracy of a criminal history record or traffic history record maintained by a business screening service is disputed by the individual who is the subject of the record, the business screening service shall, without charge, investigate the disputed record. If, upon investigation, the business screening service determines that the record does not accurately reflect the content of the official record, the business screening service shall correct the disputed record so as to accurately reflect the content of the official record. Upon making a determination that the dispute is frivolous, the business screening service shall inform the subject of the record of the specific reasons why it has determined that the dispute is frivolous and shall provide a description of any information required to investigate the disputed record. Such offer shall be in writing and include one or more things of value, including the payment of money. A cure offer shall be reasonably calculated to remedy a loss claimed by the individual, as well as any attorney fees or other fees, expenses, or other costs of any kind that such individual may incur in relation to such loss. No cure offer shall be admissible in any proceeding initiated under this section, unless the cure offer is delivered by the business screening service to the individual claiming loss or to any attorney representing such individual prior to the filing of the business screening

service's initial responsive pleading in such proceeding. The business screening service shall not be liable for such individual's attorney fees and court costs incurred following delivery of the cure offer unless the actual damages found to have been sustained and awarded, without consideration of attorney fees and court costs, exceed the value of the cure offer.

H. The Attorney General may file a civil action to enforce this section. If the court finds that a business screening service has willfully engaged in an act or practice in violation of this section, the Attorney General may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than $2,500 per violation. For the purposes of this section, prima facie evidence of a willful violation may be shown when the Attorney General notifies the alleged violator by certified mail that an act or practice is a violation of this section and the alleged violator, after receipt of said notice, continues to engage in the act or practice. In any civil action pursuant to this subsection, in addition to any civil penalty awarded, the Attorney General may also recover any costs and reasonable expenses incurred by the state in investigating and preparing the case, not to exceed $1,000 per violation, and attorney fees. Such additional costs and expenses shall be paid into the general fund of the Commonwealth.
