4. Legislative members of the Commission shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. The Council may conduct an annual survey to evaluate the customer service that DLAS provides to legislative agencies. Finally, the Council shall, as needed, provide updates to the Joint Committee on Rules with regard to operational or performance issues, recommendations, or other feedback as needed to ensure the optimal operation of legislative entities.

OES may approve a rate increase if (i) it will not require an increase in subsequent Criminal Fund appropriations, as determined by the group consensus on the six-year Criminal Fund forecast; or (ii) if sufficient funding is provided to the Criminal Fund to accommodate anticipated cost impacts from the increase.

E. Consistent with the provisions of paragraph B of Item 67, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the State Board of Local and Regional Jails. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by February 1 for an effective date of participation the following July 1.

3. N. Out of the amounts appropriated in this item, $9,835,820 the first year and $9,835,820 the second year from the general fund is provided for additional behavioral health case managers and medical treatment positions in local and regional jails.

O. Notwithstanding the provisions of paragraph H. of Item 67 of this act, included in this appropriation is $2,053,904 the first year and $2,053,904 the second year from the general fund to support new staffing associated with an increase in the rated operating capacity resulting from former expansions at the Piedmont Regional Jail that were not previously provided in base staffing and related funding by the Compensation Board.

P.1. The Compensation Board shall report on the allocation of funds first appropriated in Chapter 2, 2022 Special Session I, to increase compensation for sworn officers, including specific measures of effectiveness that indicate the degree to which these salary adjustments reduce the number of departures and vacancies. A report is due to the Governor, the Chairs of the House Appropriation and Senate Finance and Appropriation Committees, and the Director, Department of Planning and Budget no later than October 15, 2023.

2. Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2025, and June 1, 2026, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is

(i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed $377,010 the first year and $377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates--$5 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be $19 per inmate day.

2. For state responsible inmates--$15 per inmate day.

F. For the payment specified in paragraph E.1. of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G.2., and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of $18 per day for local responsible inmates and $12 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the

ITEM 61.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H.1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H.1. of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety. For Western Tidewater Regional Jail, exemption from the recovery provided in paragraph H.1. shall apply to the first 76 federal inmates housed at the jail and for any inmate above 130 housed at the jail at any given time.

8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.

Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 60 and 61, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

J.1. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairs of the Senate Finance and Appropriations and House Appropriations Committees.

2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.

K. Out of the amounts appropriated in this item, $215,939 the first year and ~~$215,939~~ *$315,939* the second year from the general fund is provided for the purpose of reimbursing the County of Nottoway for the expense of confining residents of the Virginia Center for Behavioral Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense of the County. Reimbursements by the Board are to be made quarterly, and shall be equal to demonstrated costs incurred by the County of Nottoway for confinement of these individuals, and shall not exceed the amounts provided in this paragraph for each fiscal year. Demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation Board any information and assistance it determines is necessary to calculate amounts to be reimbursed to the County of Nottoway.

L. The Compensation Board, in conjunction with the Board of Local and Regional Jails, shall survey local and regional jails to identify the jail staffing and jail space impacts of making inmates available to appear in virtual court hearings from within the jail facility where such inmate is housed. All local and regional jails shall cooperate in providing requested survey information, and the Office of the Executive Secretary of the Supreme Court shall assist in providing information regarding the prevalence of virtual court hearings for inmates incarcerated in jails, as well as assist the Compensation Board and the Board of Local and Regional Jails in evaluating jail impacts. The Compensation Board, in conjunction with the Board of Local and Regional Jails, shall report the results of such jail surveys and virtual court hearing information and potential recommendations for staffing needs in local and regional jails to address the identified frequency of virtual hearings requested by the court. The Board of Local and Regional Jails shall report potential recommendations for space needs to address such identified frequency. The reports shall be submitted to the Secretary of Administration and the Secretary of Public Safety and Homeland Security and to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by June 30, 2026.

3. B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, $685,705 the first year and $685,705 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).

proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2018, $600,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.

J. Any locality in the Commonwealth that employs the use of body worn cameras for its law enforcement officers shall be required to establish and fund one full-time equivalent entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address the staffing and workload impact of the implementation of body worn cameras on that office, that additional funding shall be credited to the formula used in that locality. Any agreed upon funding formula between the impacted Commonwealth's Attorney and the locality employing body worn cameras shall be filed with the Compensation Board by July 1 of each year and shall remain in effect unless modified by the agreement of both parties until June 30th of the following year. The term "locality" means every county or independent city with an Attorney for the Commonwealth. The term "employed for use" includes all body worn cameras maintained by the law enforcement agency or agencies of that locality, regardless of any temporary

A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,212,152.38~~ *1,214,292.30* the first year and ~~1,209,772.52~~ *1,213,645.50* the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2021-2022 school year and 1/3 of the index of wealth per capita (population estimates for 2021 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2021 - 50 percent; (2) adjusted gross income for the calendar year 2021 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2021 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2023.

b. For any locality whose total calendar year 2021 Virginia Adjusted Gross Income is

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

2) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education, and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.

10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred.

11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-2012 school year under the good cause requirements shall continue to be granted a waiver for the 2024-2025 school year and the 2025-2026 school year.

B. General Conditions

1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

Instructional Position	First Year Salary	Second Year Salary
Elementary Teachers	$61,514	$61,514
Elementary Assistant Principals	$84,990	$84,990
Elementary Principals	$105,277	$105,277

Secondary Teachers	$65,655		$65,655

Secondary Principals	$115,271		$115,271	
Instructional Aides	$24,673		$24,673	

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. ~~Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 9).~~

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

g. Notwithstanding the provisions of subsection H 1 of § 22.1-253.13:2 of the Code of Virginia, each local school board shall employ, at a minimum, one full-time principal in each elementary school.

h. Notwithstanding the provisions of subsection G of § 22.1-253.13:2 of the Code of Virginia, school boards may employ other staff such as reading coaches or other instructional staff who are working towards obtaining the training and licensure requirements necessary to fulfill the reading specialist staffing standards.

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Appropriations and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

c. These funds may be used for the purposes established in general law, including supporting programs and services for students who are educationally at risk, including prevention, intervention, or remediation activities required pursuant to Standard 1 (§ 22.1-253.13:1); teacher recruitment programs and incentives; targeted compensation adjustments to assist in recruiting and retaining experienced teachers in high poverty schools; Dropout Prevention; community and school-based truancy officer programs; Advancement Via Individual Determination (AVID); Project Discovery; programs for English language learners; the hiring of additional school counselors, testing coordinators, and licensed behavior analysts; programs relating to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training; and programs designed to reduce chronic absenteeism.

d. If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic or other review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations as referenced in a memorandum of understanding between the local school board and the Board of Education, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.

10. Regional Alternative Education Programs

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

b. Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

c.(i) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

(ii) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

(a) A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

(b) However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

(c) The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

d. Out of the appropriation included in paragraph C.38. of this item, ~~$549,105~~*$549,281* the first year and ~~$1,113,010~~*$1,115,929* the second year from the Lottery Proceeds Fund is provided for a compensation supplement payment equal to 3.0 percent of base pay on July 1, 2024, and 3.0 percent of base pay on July 1, 2025, for Regional Alternative Education Program instructional and support positions.

e. In the second year, the Department of Education shall conduct a biennial application process to determine the slot allocation of the regional alternative education program for the subsequent biennium. Each school division, or the fiscal agent for each regional program, shall apply for the desired number of student slots from the statewide total number of slots funded in the state formula. The approved number of slots shall be set for both years of the biennium. The Department of Education shall prorate initial application requests if the initial application demand for slots exceeds the number of slots available. In each fiscal year, the Department of Education shall reallocate any unused student slots as prescribed in this item.

11. Remedial Summer School

a. This appropriation includes ~~$36,359,040~~*$33,444,383* the first year and $34,291,832 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending

these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

b. For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

12. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at $~~163,843,284~~*$156,375,875* the first year and ~~$164,595,097~~*$163,084,946* the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved Eligible for Free Lunch, Three-Year Average	Grades K-3 School Ratio	Maximum Individual K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

13. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. Notwithstanding 8VAC-20-100, the program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects submitted by localities during the annual open enrollment process, or other critical projects that may receive priority as identified by the Board of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. Notwithstanding §§ 22.1-146.1 through 22.1-153, Code of Virginia, and 8VAC-20-100, the Board of Education shall: 1) issue loans from the designated and uncommitted balances of the Literary Fund to the school boards of local school divisions that apply for such loans, authorized by the governing body and the school board, for the purposes of a) erecting, altering, or enlarging school buildings in local school divisions, or b) refinancing or redemption of negotiable notes, bonds, and other evidences of indebtedness or obligations incurred by a locality on behalf of a school division which has an application for a Literary Fund loan for an approved school project pending before the Board of Education; 2) establish a maximum Literary Fund loan amount per project of $25.0 million; 3) in consultation with the Department of Treasury, establish loan interest rates that are benchmarked to a market index on an annual basis for all tiers of localities and provide interest rates that are reasonably below such market index; 4) replace the existing First Priority and Second Priority waiting lists with an annual open enrollment process for loans, with priority based on the local composite index of ability-to-pay; and 5) offer a loan add-on not to exceed $5.0 million per loan for projects that will result in school consolidation and the net reduction of at least one existing school. The Department of Education, in cooperation with the Department of the Treasury, shall provide an update on Literary Fund loan issuance to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by October 1 each year. This report shall include detail of: 1) loan applications received in the prior fiscal year by locality, project, and amount; 2) loans issued in the prior fiscal year by locality, project, and amount; 3) the schedule of loan interest rates and the basis for those rates; 4) loans issued for school consolidation projects and the projected impact of those school consolidations; and 5) the impact of loans issued to date on the Literary Fund cash balance, outstanding loan balance, and projected asset base.

c. The Board of Education may offer up to $200,000,000 the first year and up to $50,000,000 the second year from the Literary Fund in school construction loans, subject to the availability of funds. Amounts designated for school construction loans that are not obligated in the first year may be obligated in the second year. In addition, the Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.

d. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

e. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

14. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and 2031.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at ~~$56,054,800~~*$55,764,000* in fiscal year 2025 and ~~$56,215,600~~*$55,924,000* in fiscal year 2026. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of ~~$56,054,800~~*$55,764,000* in fiscal year 2025 and ~~$56,215,600~~*$55,924,000* in fiscal year 2026 in equipment notes are based on a grant of $26,000 per school and $50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2024, for the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2024 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2024 and fiscal year 2025 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2025 and receive: (1) a supplemental grant of $400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of $2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2025 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2025 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2025 and fiscal year 2026 will qualify to participate in the initiative in fiscal year 2026. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2026 shall continue to

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.

b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.

4) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.

5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

6) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.

d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating

school divisions will assume recurring costs for electronic textbook purchases and maintenance.

e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.

f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.

h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

15. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to $12,000,000 in fiscal year 2025 and $12,000,000 in fiscal year 2026 in conjunction with

the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in the referenced years.

2025		$2,768,425

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and 2031.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to $12,000,000 in fiscal year 2025 and $12,000,000 in fiscal year 2026 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to $250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2024, for the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total amount of the grant awards shall not exceed $60,000,000 over any ongoing revolving five year period.

9) Required local match:

ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

16. Early Reading Intervention Payments

a. An additional payment of ~~$42,597,923~~*$39,834,324* the first year and ~~$42,479,126~~*$39,775,832* the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board that requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies that are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the most recent year that data is available in that school division.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Remedial Summer School or At-Risk Add-

On may also be used to meet the requirements of this program.

17. Standards of Learning Algebra Readiness Payments

a. An additional payment of ~~$18,646,449~~*$18,807,402* the first year and ~~$18,604,551~~*$18,767,429* the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. These amounts reflect $200,000 the first year and $200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to a 3.0 percent salary increase effective July 1, 2024, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the first year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an average 3.0 percent salary increase the first year; however, to access these funds, a school division must provide at least an average 1.5 percent salary increase the first year.

2) For the second year, an additional 3.0 percent salary increase effective July 1, 2025, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to an additional 3.0 percent salary increase effective July 1, 2025, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the second year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an additional average 3.0 percent salary increase the second year; however, to access these funds, a school division must provide at least an additional average 1.5 percent salary increase the second year. School divisions that provided an average increase in excess of 3.0 percent in the first year may credit the excess portion of the increase toward the second year for the purpose of accessing these funds in the second year.

3) Payments in the second year to any school division shall be based on providing the funds needed to continue the first year increase actually provided by the division plus the increase provided by the division in the second year.

b. Out of this appropriation, ~~$818,874~~*$811,727* the first year and ~~$1,699,942~~*$1,722,016* the second year from the general fund is provided for the state share of the salary increases stated in paragraph a. above for Academic Year Governor's Schools, and ~~$549,105~~*$549,281* the first year and ~~$1,113,010~~*$1,115,929* the second year from the Lottery Proceeds fund is provided for the state share of these salary increases for Regional Alternative Education Programs.

c. It is the intent that the average instructional and support position salaries are increased in local school divisions throughout the state by at least 3.0 percent the first year, at least an additional 3.0 percent the second year, resulting in a combined increase of at least 6.09 percent during the biennium.

d. The state funds that the school division is eligible to receive shall be matched by the local government based on the composite index of local ability-to-pay. This local match shall be calculated for funded SOQ instructional and support positions using an effective date of July 1, 2024, the first year and July 1, 2025, the second year. Local school divisions shall certify to the Department of Education that funds used as the local match are derived solely from local revenue sources.

e. This funding is not intended as a mandate to increase salaries.

Out of this appropriation, $600,000 the first year from the general fund is provided as an incentive for the consolidation of the Alleghany County and Covington City school divisions. This incentive payment represent the fifth installment of five $600,000 payments as recommended for this consolidation incentive through the methodology contained in the Study on School Division Joint Contracting Incentives (Report Document 548, 2016).

42. School Construction Assistance Program.

a. Out of this appropriation, ~~$80,000,000~~*$200,000,000* the first year and ~~$80,000,000~~*$110,000,000* the second year from the School Construction Fund *and $50,000,000 the first year from the Literary Fund that shall be transferred into the School Construction Fund* is provided for the Board of Education to award grants on a competitive basis from the Fund to local school boards that demonstrate poor building conditions, commitment, and need in order for such local school boards to fund the construction, expansion, or modernization of public school buildings. ITEM 125.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

1. Grants shall be provided only for projects that conform to the Department of Education's "Guidelines for School Facilities in Virginia's Public Schools," as amended.

2. Grant awards shall be based on project costs, including planning, design, site acquisition and construction, the school division's local composite index, and the fiscal stress category as designated by the Virginia Commission on Local Government in its most recent "Report on Comparative Revenue Capacity, Revenue Effort, and Fiscal Stress of Virginia's Counties and Cities" for the locality that contains the school division, as follows:

School Division	Grant Award Amount
School divisions with a local composite index value below .3000, or contained in a locality designated with high fiscal stress	30 percent of project costs
School divisions with a local composite index value at or above .3000 and below .4000, or contained in a locality designated with above average fiscal stress	20 percent of project costs
All other school divisions	10 percent of project costs

3. A minimum qualifying score shall be met for a project to qualify for a grant award based on Board-developed scoring criteria. The Board shall set such minimum score at a level to ensure funds are reserved for critical school construction projects. Such scoring criteria shall provide appropriate weight to the following categories for the award of grants:

a.) Commitment, which may be demonstrated by factors such as: (i) an agreement by the local governing body to maintain or increase the percentage of local revenues dedicated to public education throughout the duration of the financing proposed for the project and (ii) the extent of project design and site acquisition for such project that has been completed prior to application of anticipated grant funds.

b.) Need, which may consider factors such as: (i) the percentage of students in the local school division eligible to receive free price meals; (ii) the percentage of residents of the locality in which the local school division is located with incomes at or below the federal poverty guidelines established by the U.S. Department of Health and Human Services; (iii) the local composite index of local ability-to-pay for the local school division; (iv) debt capacity of the locality in which the school division is located; and (v) the most recent fiscal stress score of the locality that includes the local school division as designated by the Virginia Commission on Local Government.

c.) Poor school building conditions, which may consider factors such as: (i) the condition of the facilities proposed to be replaced or upgraded using these funds, including the current level of compliance of the existing facility with the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.) and the facilities potential threat to the health or safety of building occupants; (ii) the school division maintenance reserve tool established pursuant to Chapter 650 of the 2022 General Assembly; and (iii) the overall condition of other facilities within the school division.

4. If qualifying grant award requests exceed the amount of funds available, grants shall be awarded based on ranked project scores, and shall not be prorated.

5. The release of funds to grant awardees shall be reasonably aligned with the timing of incurred expenses.

6. A specific project shall only receive one grant award. The total project cost eligible to receive a grant shall be up to $100,000,000. Grant awards shall not be amended for any additional reasonable project costs after the Board awards a grant to a division.

c. For the purpose of this program, "project costs" shall include reasonable project construction costs as defined by the Board, including planning, design, site acquisition and construction, and not to include financing costs, outdoor facilities predominantly used for extracurricular athletic activities, loose equipment, and furniture.

d. The Board of Education shall submit an executive summary of the program, including details on projects funded each year and any necessary legislative or budget recommendations to improve the program, no later than December 1 of each year to the Chairs of the House Education Committee, Senate Education and Health Committee, House Appropriations Committee, and Senate Finance and Appropriations Committee.

Out of this appropriation, $272,500,000 the first year and $273,600,000 the second year from the general fund shall be distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this item for SOQ sales tax payments pursuant to § 58.1-611.1.C of the Code of Virginia. These funds represent the reduction of sales tax distributions to school divisions resulting from the exemption of the state sales and use tax on food for human consumption and essential personal hygiene products. These payments shall be applied in the same manner as sales tax payments to offset the state and local shares of basic aid and shall require no local match.

44. Bonus Payment

a. Out of this appropriation, $134,399,957 the first year from the general fund is provided for a one-time bonus payment of $1,000 by no later than June 1, 2025, per funded SOQ instructional position and per Academic Year Governor's School and Regional Alternative Education Program instructional and support position. Funded SOQ instructional positions shall include all teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions.

b. Sufficient funding is provided for the entire cost of an average $1,000 bonus per funded SOQ instructional and support position in this act. Sufficient funding is provided for the entire cost of an average $1,000 bonus per Academic Year Governor's School and Regional Alternative Education Program instructional and support position based on the most-recently available full-time equivalent position counts, as reported to the Department of Education. School divisions shall have discretion to determine the amount of bonuses per employee to maximize the use of these funds to promote retention among instructional and support positions in this act. The funds a division is eligible to receive shall require no match by the local government. B. Child Care Subsidy Program

1. The Department of Education and the Department of Social Services shall determine the amount of nongeneral funds to be transferred to the Department of Social Services to address costs associated with administration of the Child Care and Development Fund each year *from amounts appropriated in Item 117. Additionally, the Department of Education and the Department of Social Services shall determine the amount of general and nongeneral funds to be transferred to the Department of Social Services to support the budgeted slots in the Child Care Subsidy Program from amounts appropriated in this Item.*

2. ~~The Department of Education, in collaboration with the Department of Social Services, shall prepare an annual Child Care and Development Fund (CCDF) report that reflects all CCDF expenditures from the previous fiscal year, current grant balances and obligation and liquidation deadlines, as well as all anticipated spending for the current and two subsequent fiscal years. Identified spending should, at a minimum, be broken down by subsidies (mandated and discretionary), administrative costs, and quality efforts. The plan also shall include a certification from the Department that the maximum amount of federal funds were drawn down in the preceding fiscal year. Should the Department be unable to certify that maximum federal funds were drawn down, the Department shall identify strategies for Virginia to obtain the maximum amount of federal funds in the following fiscal year(s) as part of this plan. In addition, this plan should report, by locality, the number of subsidies (mandated and discretionary) provided, number of providers receiving CCDF dollars, the overall number of child care providers, and the waitlist for services. This information should be provided the previous fiscal year, current fiscal year, and two subsequent fiscal years. The plan shall also include an appendix with the most recently completed CCDF annual report as required by the federal Office of Child Care. The department shall submit the report by October 1 of each year to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees. In addition, the department shall post this report on its website along with any reports from previous fiscal years.~~

~~3.~~ Notwithstanding 8VAC-20-790, the Department of Education shall establish an annual target at the local level for the number of children that may be served by available funds and ensure that each locality has mechanisms in place for maintaining waitlists if family demand exceeds the targets.

4. Family copayment rates for ~~the 2024-2026 biennium~~ *fiscal year 2025* shall not exceed those that were in effect at the beginning of fiscal year 2024. *Family copayment rates for fiscal year 2026 shall be $5 per month for households whose income is below 100% of the federal poverty level and up to 5% of annual income for all other households with no household exceeding 5% of their income.*

5. Parental work and job search requirements for ~~the 2024-2026 biennium~~ *fiscal year 2025* shall not exceed those that were in effect at the beginning of fiscal year 2024. *Parental work and job search requirements for fiscal year 2026 shall include a time limit of 90 days for job search. Households are eligible for up to one extension for extraordinary circumstances, which shall be defined and tracked by the Department of Education.*

6. The Department of Education shall revise attendance requirements for the Child Care Subsidy Program, subject to review by the Early Childhood Care and Education Commission, to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.

C. Mixed Delivery Grant Program

1. A Mixed-Delivery initiative is established to support public-private delivery of early learning services for birth to five-year-old children. Programs must provide full-day or half-day services. The Department of Education is authorized to prorate payment for this program so as not to exceed available appropriation. Actual funding provided to the Virginia Early Childhood Foundation shall be based on the actual use of allocated slots. Lead agencies shall report to the Virginia Early Childhood Foundation on actual use of allocated slots, and any funds allocated but not used on the actual provision of early childhood services shall be returned to the Department of Education.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based observation instrument in accordance with the statewide measurement and improvement system VQB5.

c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. The application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk birth to five-year-old children in private settings that demonstrates the coordination of resources in an effort to serve the greatest number of at-risk children.

d) The proposal must demonstrate: (i) coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency, (ii) a plan for supporting inclusive practices for children with identified special needs, (iii) a plan to transition the Mixed-Delivery local model into a sustainable program, and (iv) a mechanism for annually measuring and reporting unmet parental demand and preference, including establishing waitlists.

e) Local plans must indicate the number of at-risk children to be served, and the eligibility

ITEM 125.10.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or delays who are eligible for special education services under the Individuals with Disabilities Education Act, regardless of household income. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.

f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective local initiative in order to fully implement the associated goals and objectives of Mixed-Delivery Models. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool initiative.

g) Children served by the Mixed-Delivery initiative shall be assigned student identification numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate program outcomes and to permit comparison with Virginia Preschool Initiative outcomes.

h) Mixed-Delivery providers shall provide information to the Department of Education as necessary to fulfill the reporting requirement established.

i) The Department of Education shall report to the Governor and the Chairs of the House Committee on Education and the Senate Committee on Education and Health by July 1, 2025, on the efficacy of the Mixed-Delivery Initiative since the inception of the program and compare its outcomes relative to the Virginia Preschool Initiative and the Child Care Subsidy Program.

2. Providers in the program may collect copayments from participating families. Such copayments shall be based on the same schedule provided for the Child Care Subsidy Program.

3. Parental work and job search requirements shall be the same as required for the Child Care Subsidy Program.

4. The Department of Education, in consultation with the Virginia Early Childhood Foundation and subject to review by the Early Childhood Care and Education Commission, shall revise attendance requirements for the Mixed-Delivery initiative to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.

D. Virginia Preschool Initiative

1.a. Funds shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten, or who did not have access to a sufficient preschool experience and whose families request preschool as the most appropriate placement. Final Virginia Preschool Initiative placement decisions for eligible children shall be based on family and program leader input.

b. These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds provided for local early education programs, and not be used until the local Head Start grantee

ITEM 125.10.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

certifies that all local Head Start slots are filled. Programs must provide full-day or half-day and, at least, school-year services.

c. The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

d. The Department of Education shall revise attendance requirements for the Virginia Preschool Initiative, subject to review by the Early Childhood Care and Education Commission, to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.

~~d~~*e*.(i) Grants shall be distributed based on an allocation formula providing the state share of a $9,968 per pupil grant in the first year and a $9,968 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. Grants to half-day programs shall be funded based on the state share of $4,984 in the first year and $4,984 in the second year per unserved at-risk four-year-old in each locality.

For Planning District Eight localities, grants shall be distributed based on an allocation formula providing the state share of a $10,701 per pupil grant in the first year and a $10,701 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program; grants to half-day programs for these localities shall be funded based on the state share of $5,351 in the first year and $5,351 in the second year per unserved at-risk four-year-old in each locality.

For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, grants shall be distributed based on an allocation formula providing the state share of a $10,151 per pupil grant in the first year and a $10,151 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program; grants to half-day programs for these localities shall be funded based on the state share of $5,076 in the first year and $5,076 in the second year per unserved at-risk four-year-old in each locality.

The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. The Department of Education shall biennially rebenchmark the Virginia Preschool Initiative per pupil amounts using a formula similar to the current formula supporting public K-12 education in Virginia.

For slots filled as of September 30 each year, grants shall be based on the state share of 100 percent of the per pupil amount for a full-day or half-day program. For slots filled between October 1 and December 31 each year, grants shall be based on the state share of the per pupil amount for a full-day or half-day program prorated for the portion of the school year each child is served. Following the Department of Education's fall student record collection each year, the Department shall project the number of additional slots that may be filled between October 1 and December 31 each year. The Department of Education is authorized to prorate state funding for slots filled between October 1 and December 31 each year if demand exceeds available appropriation.

(ii) VPI Expansion funds are provided to serve at-risk three-year-olds who are residents of Virginia and unserved by Head Start funding using criteria determined by the Department of Education and subject to available appropriation. Localities may apply to participate by May 15 each year and shall be selected on a competitive basis. Localities shall be required to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating children, (iii) demonstrate how they will maximize federal and state funds to preserve existing birth to five slots, including certifying that all local Head Start slots are filled, (iv) support inclusive practices of children with identified special needs, and (v) collaborate

ITEM 125.10.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

among the school division, local department of social services, programs accepting child care subsidy payments, and providers for Head Start, private child care, and early childhood special education and early intervention programs. Localities that meet the following characteristics shall be prioritized for participation: (i) communities with limited child care options; (ii) programs serving children in private, mixed-delivery settings; or (iii) communities that demonstrate full support of public and private providers. Grants shall be distributed based on an allocation formula providing the state share of the per pupil amounts as provided for four-year old slots.

(iii) Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals, and half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch. Virginia Preschool Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

(iv) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.

(v) To ensure children with special needs have equitable opportunity to enter kindergarten ready, all Virginia Preschool Initiative programs are expected to be inclusive of children with disabilities. Specifically, programs shall meet or exceed a target inclusion rate, such that 10 percent of all children participating in the Virginia Preschool Initiative are children with disabilities, defined as those with an Individualized Education Plan, and are served in inclusive classrooms that include children who do not have an Individualized Education Plan. A program that is unable to meet this target shall provide reasons a 10 percent inclusion rate was not achieved in the given school year in its annual comprehensive report.

2.a. Any locality that desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children, which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children and, if applicable, to serve at-risk three-year-old children. The plan shall also include a mechanism for annually measuring and reporting unmet parental demand and preference, including establishing waitlists.

b. The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency. The proposal must identify which entities were consulted and how the locality will ensure that federal funds are preserved and maximized including demonstrating compliance with Title I of the federal Elementary and Secondary Education Act to ensure that a Local Educational Agency receiving Title I funding coordinates with Head Start programs and other early learning programs receiving federal funds by developing Memorandums of Understanding with such agencies to coordinate services. The proposal must also demonstrate a plan for supporting inclusive practices for children with identified special needs.

c. A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least fifty percent of the local match will be cash and no more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other

funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

3. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year.

Examples of these include:

a. "Wraparound Services" - methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

b. "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

c. "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provides comprehensive services to at-risk three- and four-year-old children.

4. Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or delays who are eligible for special education services under the Individuals with Disabilities Education Act, regardless of household income. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. If applicable, local plans must also indicate the number of at-risk three-year-old children to be served using the same eligibility criteria listed above. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.

5.a. The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program that prepares all participants for kindergarten.

b. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk three- and four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk three- and four-year-old population is currently unserved.

6. VPI Expansion funds are provided to support Virginia Preschool Initiative slots to serve children on wait lists. In each year, unused grants distributed as provided in for four-year old slots shall be redistributed based on guidelines established by the Department of Education subject to the appropriation available for this purpose. Such guidelines shall provide the criteria used to redistribute grants and provide for the notification of grants

ITEM 125.10.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

redistribution to programs no later than July 1 of each year. The Department shall conduct this process annually, and the redistribution shall not affect the allocation formula for the subsequent year.

7.a. VPI Expansion funds are provided to support an add-on grant per child for approximately 2,000 children to incentivize mixed-delivery of services through private providers. These add-on grants are intended to provide funds to minimize the difference between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child in a community-based or private provider setting. Recipients of the add-on grants will be encouraged to support classrooms that support inclusive practices of children with special needs. Localities shall indicate in their plans submitted pursuant to this Item how many of their Virginia Preschool Initiative slots will be provided in community-based or private provider settings to receive the add-on grant. Community-based providers that are recipients of Virginia Preschool Initiative grants shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Virginia Preschool Initiative community-add-on partnerships and provided that the provider meets the expectations of the statewide measurement and improvement system.

b. The amount of these add-on grants for community-based providers shall be informed by the Department of Education's methodology to estimate the actual cost of providing high-quality early childhood education services in community-based settings. This is not intended as a mandate to increase the individual amounts of these add-on grants or to increase the state appropriation supporting these add-on grants. The amount of the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed prevailing child care market rates in a particular region and shall align with Child Care Subsidy Program rates. The Department of Education is authorized to prorate payments for these add-on grants so as not to exceed the available appropriation.

8. VPI Expansion funds are provided to support increased Virginia Preschool Initiative teacher to student ratios and class sizes, as follows:

a. Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 20 students.

b. All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.

~~9.a. The Department of Education shall collect information from local Virginia Preschool Initiative programs and from providers participating in the Virginia Early Childhood Foundation's Mixed-Delivery Preschool Initiative as needed to compile a comprehensive report on the usage of state funds detailing, but not limited to the number of calculated slots and funding allocated to each local program or provider, and the number of such slots that have been filled.~~

~~b. Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting, (ii) the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv) the number of students served whose families are at or below 130 percent poverty, above 130 percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent of poverty, and above 350 percent of poverty.~~

~~c. Such comprehensive report shall describe the Virginia Preschool Initiative programs' progress towards the target inclusion rate, such that 10 percent of all children enrolled in each program are children with disabilities, defined as those with an Individualized Education Plan. Virginia Preschool Initiative programs shall report the share of children with Individualized Education Plans in inclusive classrooms annually starting with the 2020-2021 school year. If the program's current inclusion rate falls below 10 percent, the program shall provide reasons a 10 percent inclusion rate was not achieved in the given school year and what actions the program could implement to increase its rate of inclusion in the next year.~~

~~d. The Department shall submit such comprehensive report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than December 31 each year.~~

~~e. The Department shall develop a plan for comprehensive public reporting on early childhood expenditures, outcomes, and program quality to replace this reporting requirement. Such plan and subsequent reports shall consider the components included in this reporting requirement, and include all publicly-funded providers as defined in Chapter 860 and Chapter 861, 2020 Acts of Assembly. The plan shall identify any fiscal, legislative, or regulatory barriers to implementing such public reporting, and shall consider integration with the Department's School Quality Profiles. The Department of Education shall submit an update on implementation of the plan to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1 each year. Once fully implemented, the Department of Education shall update and submit the report by December 1 of each year.~~

G. Notwithstanding 8VAC-20-780, or any other requirement in state law or regulation, the Superintendent of Public Instruction shall have the authority to alter staff-to-child ratios and group sizes for licensed child day centers and child day centers that participate in the Child Care Subsidy Program or Mixed Delivery Grant Program by increasing the number of children per staff by (1) one child for groups of children from birth to the age of eligibility to attend public school, and (2) two children for groups of children from the age of eligibility to attend public school through 12 years. Child day centers that take advantage of this flexibility must notify families in writing of the temporary increase in ratios and group size. This authority and any resultant waiver of state law or regulation shall expire June 30, 2026. The Superintendent of Public Instruction shall ensure that any action taken under this provision is permissible under federal requirements.

H. The Early Childhood Care and Education Commission shall review and recommend updates to the current copayment schedule, parental work requirements, and attendance expectations applicable to the Child Care Subsidy Program and Mixed Delivery Grant Program. In its review, the Commission shall consider: (i) leveraging state general funds to minimize the fiscal cliff as family income increases beyond program eligibility, (ii) use of reasonable family copayments to minimize the need for additional general funds. No later than December 1, 2024, the Commission shall submit its recommendations to the to the Governor and the Chairmen of the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, the House Committee on Commerce and Energy, the Senate Committee on Commerce and Labor, the House Committee on Education, and the Senate Committee on Education and Health.

I. The Early Childhood Care and Education Commission shall review and recommend:

1. Adjustments to CCSP reimbursement rates for school age children and the appropriateness of continuing to provide services through CCSP to school age children. Such review must also include an update on the current structure of publicly-funded out-of-school time learning and extracurricular programs and should evaluate how to: (i) maximize public dollars while ensuring parent choice; (ii) quantify impact and return on investment including evaluating cost and cost factors in comparison to birth-to-five programming; (iii) strengthen quality of afterschool and summer options and whether a statewide measurement system is needed; (iv) identify out-of-school time deserts; and (v) develop innovative approaches to reduce deserts, better support working parents, and ensure sustainability. In conducting this review, the Commission shall consult representatives of school divisions, 21st Century Learning grantees, private childcare providers, Virginia Partnership for Out-of-School Time, local Parks and Recreation entities, the YMCA, Communities in Schools, Boys and Girls Clubs, and other non-profit organizations that provide out-of-school time programming.

2. Approaches to maximize state and federal resources by adjusting income eligibility requirements to reflect regional costs of living variations.

The Commission shall provide a report on its recommendations to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2025.

J. The Employee Child Care Assistance Pilot Program (the Pilot Program) is established for the purpose of providing matching funds in order to incentivize employers to contribute to the child care costs of their employees. The Pilot Program shall be administered by the Virginia Early Childhood Foundation (the Foundation). The Foundation shall establish such guidelines and procedures as it deems necessary for the administration of the Pilot Program, subject to the following conditions and requirements:

1. To participate in the Pilot Program, an employer shall agree to make child care contributions to an eligible mixed delivery provider on behalf of the employee and shall provide any other information deemed necessary by the Foundation. The Foundation shall issue a state match directly to an eligible mixed delivery provider, or to a third-party administrator, that has entered into an agreement with a participating employer.

2. The Foundation shall, in consultation with the Early Childhood Care and Education Commission, establish guidelines for the pilot program. Such guidelines shall: (i) limit eligibility for state contributions for slots serving households with income at or below 85 percent of the state median income; (ii) establish a schedule of expected family copayments not to exceed 5 percent of household income for households with income at or below 300 percent of the federal poverty level and between 5 percent and 10 percent of family income for households with incomes above 300 percent of the federal poverty level and below 85 percent of the state median income; and (iii) provide that the state match does not exceed 40 percent of the cost of the slot remaining after application of family copayments.

3. Pilot Program funds shall be provided on a first-come, first-served basis. The Foundation is encouraged to prioritize participation of small businesses and serving a variety of employers and employees representing each Ready Region.

4. The Foundation may combine the Pilot Program with or incorporate the Pilot Program into a program or initiative related to the Mixed Delivery Program provided that such a combination allows for the maximization of funds used for the purposes in this item.

5. The Foundation shall provide a report to the General Assembly by September 1 each year on the effectiveness and impact of the program.

6. Any balances appropriated for the Pilot Program that are unexpended on June 30, 2025, June 30, 2026 and June 30, 2027, shall not revert to the general fund but shall be reappropriated for expenditure for the same purpose until June 30, 2028.

7. For the purpose of the Pilot Program, "Eligible mixed delivery provider" means a child day center or family day home that has been selected or identified to deliver mixed delivery services through a local agreement with the relevant regional entity established pursuant to subsection D of § 22.1-289.05 of the Code of Virginia, "Employer" means an employer with at least one employee who works in the Commonwealth in each of 20 or more calendar weeks in the current or preceding calendar year, and "Small business" means an employer with fewer than 50 employees.

K. Out of this appropriation, $400,000 the first year from the general fund is provided for the Small Family Day Home Provider Incentive Pilot Program established in House Bill 1833. This is a one-time appropriation, and unexpended funds shall be carried forward into subsequent fiscal years and be used to support the pilot program until its expiration at the end of fiscal year 2029.

L. The Department of Education, in collaboration with the Department of Social Services, shall prepare and submit an annual report to the Governor and Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than December 15 each year. Such annual report shall include the following information:

1. All CCDF expenditures from the previous fiscal year, current grant balances and obligation and liquidation deadlines, as well as all anticipated spending for the current and two subsequent fiscal years. Identified spending should, at a minimum, be broken down by subsidies (mandated, discretionary and general fund), administrative costs, and quality efforts.

2. Certification from the Department that the maximum amount of federal funds were drawn down in the preceding fiscal year. Should the Department be unable to certify that maximum

ITEM 125.10.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

federal funds were drawn down, the Department shall identify strategies for Virginia to obtain the maximum amount of federal funds in the following fiscal year(s) as part of this plan.

3. The number of subsidies (mandate, discretionary and general fund) provided, by locality, the number of providers receiving subsidy funds, the overall number of child care providers, and the waitlist for services. This information should be provided the previous fiscal year, current fiscal year, and two subsequent fiscal years.

4. The recently completed CCDF annual report as required by the federal Office of Child Care.

5. For the Virginia Preschool Initiative and Mixed Delivery Programs, information detailing the use of state funds, including the number of calculated slots and funding allocated to each local program or provider, and the number of such slots that have been filled. Such information shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting; (ii) the number of three-year olds served; (iii) waitlist slots requested, offered, and provided; and (iv) the number of students served whose families are at or below 130 percent poverty, above 130 percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent of poverty, and above 350 percent of poverty.

6. For Virginia Preschool Initiative, a description of the programs' progress towards the target inclusion rate, such that 10 percent of all children enrolled in each program are children with disabilities, defined as those with an Individualized Education Plan. To compile this information, Virginia Preschool Initiative programs shall report the share of children with Individualized Education Plans in inclusive classrooms annually, and if the program's current inclusion rate falls below 10 percent, the program shall provide reasons a 10 percent inclusion rate was not achieved in the given school year and what actions the program could implement to increase its rate of inclusion in the next year.

7. Waitlist information for the CCSP, Mixed Delivery Program, and the Virginia Preschool Initiative, including an estimate of how many children on the waitlist could be served immediately if a slot became available based on eligibility and regional capacity.

The plan shall include: (i) an implementation timeline, (ii) the allocation of resources and funding strategies to support internships, (iii) the assignment of dedicated personnel to facilitate placement of students in internships and engage with employers, (iv) the identification of how the institution will support students that are less likely to participate in internships and work-based learning opportunities, to be employed in an occupation related to their major upon completion of their certificate or degree, or to earn at or above the average earnings of graduates in their program major; (v) opportunities to align existing student employment opportunities on campus to include best practices of an internship program; and (vi) metrics for measuring, reporting, and regularly reviewing progress on the plan. Institutions that have not developed a plan may be eligible for planning grants as long as the planning grants are led by senior academic and administrative leadership. This notice shall also assess whether the amendment will require any future state regulatory action or expenditure beyond that which is appropriated in this Act. If the Department of Planning and Budget, after review of the proposed change, determines that it may likely result in a material fiscal impact on the general fund, for which no legislative appropriation has been provided, then the Department of Medical Assistance Services shall delay the proposed change until the General Assembly authorizes such action and notify the Chairs of the House Appropriations and Senate Finance and Appropriations Committees of such action.

Physicians on the committee shall be licensed in Virginia, one of whom shall be a psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the committee shall be licensed in Virginia, one of whom shall have clinical expertise in mental health drugs, and one of whom has clinical expertise in community-based mental health treatment. In developing and maintaining the preferred drug list, the cost effectiveness of any given drug shall be considered only after it is determined to be safe and clinically effective.

b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually and may meet at other times at the discretion of the chairperson and members. At the meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject to the Preferred Drug List that is newly approved by the Federal Food and Drug Administration, provided there is at least thirty (30) days notice of such approval prior to the date of the quarterly meeting.

3. The department shall establish a process for acting on the recommendations made by the Pharmacy and Therapeutics Committee, including documentation of any decisions which deviate from the recommendations of the committee.

4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-hour emergency supply of the prescribed drug when requested by a physician and a dispensing fee to be paid to the pharmacy for such supply; (ii) prior authorization decisions to be made within 24 hours and timely notification of the recipient and/or the prescribing physician of any delays or negative decisions; (iii) an expedited review process of denials by the department; and (iv) consumer and provider education, training and information regarding the Preferred Drug List prior to implementation, and ongoing communications to include computer access to information and multilingual material.

5. The Preferred Drug List program shall generate savings as determined by the department that are net of any administrative expenses to implement and administer the program.

6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes, the Department of Medical Assistance Services shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this Act. With respect to such State Plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall not apply. In addition, the department shall work with the Department of Behavioral Health and Development Services to consider utilizing a Preferred Drug List program for its non-Medicaid clients.

7. The Department of Medical Assistance Services shall (i) continually review utilization of behavioral health medications under the State Medicaid Program for Medicaid recipients; and (ii) ensure appropriate use of these medications according to federal Food and Drug Administration (FDA) approved indications and dosage levels. The department may also require retrospective clinical justification according to FDA approved indications and dosage levels for the use of multiple behavioral health drugs for a Medicaid patient. For individuals 18 years of age and younger who are prescribed three or more behavioral health drugs, the department may implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns in accordance with

ITEM 288.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

FDA-approved indications and dosage levels.

8. The Department of Medical Assistance Services shall ensure that in the process of developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the value of including those prescription medications which improve drug regimen compliance, reduce medication errors, or decrease medication abuse through the use of medication delivery systems that include, but are not limited to, transdermal and injectable delivery systems.

9. The Pharmacy and Therapeutics Committee shall ensure that when making recommendations to the Department of Medical Assistance Services related to any non opioid drug approved by the federal Food and Drug Administration for the treatment or management of pain, the drug shall be considered for safety and clinical efficacy, as supported by available clinical data, and cost effectiveness pursuant to 12VAC30-13-1000 of the Virginia Administrative Code.

10. Recommendations made by the Pharmacy and Therapeutics Committee that result in changes to the Common Core Formulary shall not be implemented by the Department of Medical Assistance Services until a fiscal impact review is conducted by the agency's fiscal division and is reviewed by the Chief Financial Officer and the Director.

DD.1. The Department of Medical Assistance Services may amend the State Plan for Medical Assistance Services to modify the delivery system of pharmaceutical products to include a specialty drug program. In developing the modifications, the department shall consider input from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, the Pharmacy Liaison Committee, and others as appropriate.

2. In developing the specialty drug program to implement appropriate care management and control drug expenditures, the department shall contract with a vendor who will develop a methodology for the reimbursement and utilization through appropriate case management of specialty drugs and distribute the list of specialty drug rates, authorized drugs and utilization guidelines to medical and pharmacy providers in a timely manner prior to the implementation of the specialty drug program and publish the same on the department's website.

3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

4. The department shall: (i) review, update and publish the list of authorized specialty drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to revise the list or modify specialty drug program utilization guidelines and rates, consistent with changes in the marketplace; and (iii) provide an administrative appeals procedure to allow dispensing or prescribing providers to contest the listed specialty drugs and rates.

5. The department shall have authority to enact emergency regulations under § 2.2-4011 of the Administrative Process Act to effect these provisions.

EE. In the event that the Department of Medical Assistance Services decides to contract for pharmaceutical benefit management services to administer, develop, manage, or implement Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

FF. The Department of Medical Assistance Services, in cooperation with the Department of Social Services' Division of Child Support Enforcement (DSCE), shall identify and report

third party coverage where a medical support order has required a custodial or noncustodial parent to enroll a child in a health insurance plan. The Department of Medical Assistance Services shall also report to the DCSE third party information that has been identified through their third party identification processes for children handled by DCSE.

GG.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying that an overpayment for medical assistance services has been made to a provider, the Director, Department of Medical Assistance Services shall notify the provider of the amount of the overpayment. Such notification of overpayment shall be issued within the earlier of (i) four years after payment of the claim or other payment request, or (ii) four years after filing by the provider of the complete cost report as defined in the Department of Medical Assistance Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost report as defined in the Department of Medical Assistance Services' regulations subsequent to sale of the facility or termination of the provider.

2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue an informal fact-finding conference decision concerning provider reimbursement in accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code of Virginia, and applicable federal law. The informal fact-finding conference decision shall be issued within 180 days of the receipt of the appeal request, except as provided herein. If the agency does not render an informal fact-finding conference decision within 180 days of the receipt of the appeal request or, in the case of a joint agreement to stay the appeal decision as detailed below, within the time remaining after the stay expires and the appeal timeframes resume, the decision is deemed to be in favor of the provider. An appeal of the director's informal fact-finding conference decision concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. The Department of Medical Assistance Services and the provider may jointly agree to stay the deadline for the informal appeal decision or for the formal appeal recommended decision of the Hearing Officer for a period of up to sixty (60) days to facilitate settlement discussions. If the parties reach a resolution as reflected by a written settlement agreement within the sixty-day period, then the stay shall be extended for such additional time as may be necessary for review and approval of the settlement agreement in accordance § 2.2-514 of the Code of Virginia. Once a final agency case decision has been made, the director shall undertake full recovery of such overpayment whether or not the provider disputes, in whole or in part, the informal fact-finding conference decision or the final agency case decision. Interest charges on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313, Code of Virginia, from the date the Director's agency case decision becomes final.

HH.1. Effective July 1, 2021, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to revise per diem rates paid to psychiatric residential treatment facilities (PRTF) using the provider's audited cost per day from the facility's cost report for provider fiscal years ending in state fiscal year 2018. New Virginia-based residential psychiatric facilities must submit proforma cost report data, which will be used to set the initial per diem rate for up to two years. After this period, the department shall establish a per diem rate based on an audited cost report for a 12-month period within the first two years of operation. Providers that do not submit cost reports shall be paid at 75% of the established rate ceiling. If necessary to enroll out-of-state providers for network adequacy, the department shall negotiate rates. If there is sufficient utilization, the department may require out-of-state providers to submit a cost report to establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject to a ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost reports. The department shall have the authority to implement these changes effective July 1, 2021, and prior to the completion of any regulatory process undertaken in order to effect such change.

2. The Department of Medical Assistance Services shall have the authority to establish rebasing of PRTF rates every three years. The first rebasing of rates shall take effect July 1, 2023. All PRTF and Addiction and Rehabilitation Treatment Services (ARTS) providers who offer qualifying services under 12VAC30-70-418(C) shall be required to

ITEM 288.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

submit cost reports as a part of rebasing. Out of state providers with more than 1,500 paid days for Virginia Medicaid members in the most recently completed state fiscal year shall also be required to submit a cost report. A rate ceiling shall be established based on a statewide weighted average cost per day. Rate ceilings shall be established independently for PRTFs and participating ARTS residential services. The department shall have the authority to implement these changes effective July 1, 2022 and prior to the completion of any regulatory process to effect such change.

3. DMAS shall also establish inflation increases for each non-rebasing fiscal year for both PRTF and qualifying ARTS providers. Inflation rates shall be tied to the Nursing Facility Moving Average as established by IHS Markit (or its successor). The most recent four quarters will be averaged to create the PRTF inflation rate. The department shall have the authority to implement these changes effective July 1, 2023, and prior to the completion of any regulatory process to effect such change.

4. Effective July 1, 2022, the department shall adjust PRTF rates by 8.89% to account for inflation since the last audited cost report of fiscal year 2018. The rate ceiling shall increase to $460.89 per day. The department shall have the authority to implement these changes effective July 1, 2022, and prior to the completion of any regulatory process to effect such change.

5. The department shall revise reimbursement methodologies for PRTF rates to implement inflation increases for each fiscal year to be effective July 1, 2024. Inflation rates shall be tied to the Nursing Facility Moving Average as established by IHS Markit (or its successor). The most recent four quarters will be averaged to create the PRTF inflation rate. The department shall have the authority to implement these changes prior to the completion of any regulatory process to effect such change.

II. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a Medicaid Physician and Managed Care Liaison Committee including, but not limited to, representatives from the following organizations: the Virginia Academy of Family Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia College of Emergency Physicians; the American College of Obstetrics and Gynecology – Virginia Section; Virginia Chapter, American College of Radiology; the Psychiatric Society of Virginia; the Virginia Medical Group Management Association; and the Medical Society of Virginia. The committee shall also include representatives from each of the department's contracted managed care organizations and a representative from the Virginia Association of Health Plans. The committee will work with the department to investigate the implementation of quality, cost-effective health care initiatives, to identify means to increase provider participation in the Medicaid program, to remove administrative obstacles to quality, cost-effective patient care, and to address other matters as raised by the department or members of the committee. The committee shall establish an Emergency Department Care Coordination work group comprised of representatives from the committee, including the Virginia College of Emergency Physicians, the Medical Society of Virginia, the Virginia Hospital and Healthcare Association, the Virginia Academy of Family Physicians and the Virginia Association of Health Plans to review the following issues: (i) how to improve coordination of care across provider types of Medicaid "super utilizers"; (ii) the impact of primary care provider incentive funding on improved interoperability between hospital and provider systems; and (iii) methods for formalizing a statewide emergency department collaboration to improve care and treatment of Medicaid recipients and increase cost efficiency in the Medicaid program, including recognized best practices for emergency departments. The committee shall meet semi-annually, or more frequently if requested by the department or members of the committee. The department, in cooperation with the committee, shall report on the committee's activities annually to the Board of Medical Assistance Services and to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the Department of Planning and Budget no later than October 1 each year.

JJ.1. The Department of Medical Assistance Services shall monitor the capacity available under the Upper Payment Limit (UPL) for all hospital supplemental payments and adjust payments accordingly when the UPL cap is reached. The department shall make an adjustment to stay under the UPL cap by reducing or eliminating as necessary supplemental payments to hospitals based on when the first supplemental payments were actually made so that the newest supplemental payments to hospitals would be impacted first and so on.

2. The Department of Medical Assistance Services shall have the authority to implement reimbursement changes deemed necessary to meet the requirements of this paragraph prior to the completion of any regulatory process in order to effect such changes.

KK. The Department of Medical Assistance Services shall submit a report annually on all supplemental payments made to hospitals through the Medicaid program. This report shall include information for each hospital and by type of supplemental payment (Disproportionate Share Hospital, Graduate Medical Education, Indirect Medical Education, Upper Payment Limit program, and others). The report shall include total Medicaid payments from all sources and calculate the percent of overall payments that are supplemental payments. Furthermore, it shall include a description of each type of supplemental payment and the methodology used to calculate the payments. Each report shall reflect the data for the prior three fiscal years and shall be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by September 1 each year.

LL. The Department of Medical Assistance Services shall have the authority to amend the state plan for medical assistance services and associated regulations to remove any obsolete provider supplemental payments that were authorized prior to July 1, 2021. This includes any supplemental payments that have no qualifying providers, have sunset or for which no payments have ever been made. The department shall have the authority to promulgate emergency regulations to implement these amendments within 280 days or less from the enactment of this Act.

MM. The Department of Medical Assistance Service shall have the authority to amend the State Plan for Medical Assistance to implement a supplemental disproportionate share hospital (DSH) redistribution methodology for DSH funds that allows the redistribution of excess DSH payments to other eligible DSH hospitals that have not met their uncompensated care costs. This supplemental redistribution shall be budget neutral and not use state funds in excess of those already appropriated for DSH payments. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

NN. The Disproportionate Share Hospital (DSH) per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

OO.1.a. There is hereby appropriated sum-sufficient nongeneral funds for the Department of Medical Assistance Services (DMAS) to pay the state share of supplemental payments for qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and owned or operated by a private entity in which a Type One hospital has a non-majority interest. The supplemental payments shall be based upon the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by the Centers for Medicare and Medicaid Services (CMS) and prior to completion of any regulatory process in order to effect such changes.

b. The department shall adjust capitation payments to Medicaid managed care organizations for the purpose of securing access to Medicaid hospital services for the qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals). The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments and provider payment requirements. DMAS shall enter into a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The

department shall have the authority to implement these reimbursement changes consistent with the effective date approved by the Centers for Medicare and Medicaid Services (CMS). No payment shall be made without approval from CMS.

2.a. The Department of Medical Assistance Services shall promulgate regulations to make supplemental payments to Medicaid physician providers with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the supplemental payment shall be based on the difference between the average commercial rate approved by CMS and the payments otherwise made to physicians. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

b. The department shall increase payments to Medicaid managed care organizations for the purpose of securing access to Medicaid physician services in Eastern Virginia, through higher rates to physicians affiliated with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth subject to applicable limits. The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments, and provider payment requirements, subject to approval by CMS. No payment shall be made without approval from CMS.

c. Funding for the state share for these Medicaid payments is authorized in Item 171.

3.a. The Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance Services (State Plan) to implement a supplemental Medicaid payment for local government-owned nursing homes. The total supplemental Medicaid payment for local government-owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR §447.272 as approved by CMS and all other Medicaid payments subject to such limit made to such nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has entered into an intergovernmental agreement with eligible local government-owned nursing homes or the local government itself which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each nursing home is entitled to and to represent that each has the authority to transfer funds to DMAS and that the funds used will comply with federal law for use as the state share for the supplemental Medicaid payment. If a local government-owned nursing home or the local government itself is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The department shall have the authority to implement the reimbursement change consistent with the effective date in the State Plan amendment approved by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

b. If by June 30, 2017, the Department of Medical Assistance Services has not secured approval from the Centers for Medicare and Medicaid Services to use a minimum fee schedule pursuant to 42 C.F.R. § 438.6(c)(1)(iii) for local government-owned nursing homes participating in Cardinal Care Managed Care (Cardinal Care) at the same level as and in lieu of the supplemental Medicaid payments authorized in Section OO.3.a., then DMAS shall: (i) exclude Medicaid recipients who elect to receive nursing home services in local government-owned nursing homes from Cardinal Care; (ii) pay for such excluded recipient's nursing home services on a fee-for-service basis, including the related supplemental Medicaid payments as authorized herein; and (iii) prohibit Cardinal Care contracted health plans from in any way limiting Medicaid recipients from electing to receive nursing home services from local government-owned nursing homes. The department may include in Cardinal Care Medicaid recipients who elect to receive nursing home services in local government-owned nursing homes in the future when it has secured federal CMS approval to use a minimum fee schedule as described above.

4. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance Services to implement a supplemental payment for clinic services furnished by the Virginia Department of Health (VDH) effective July 1, 2015. The total supplemental Medicaid payment shall be based on the Upper Payment Limit approved by the Centers for Medicare and Medicaid Services and all other Medicaid payments. VDH may transfer general fund to the department from funds already appropriated to VDH to cover the

5. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to increase the supplemental physician payments for physicians employed at a freestanding children's hospital serving children in Planning District 8 with more than 50 percent Medicaid inpatient utilization in fiscal year 2014 to the maximum allowed by the Centers for Medicare and Medicaid Services within the limit of the appropriation provided for this purpose. The total supplemental Medicaid payment shall be based on the Upper Payment Limit approved by the Centers for Medicare and Medicaid Services and all other Virginia Medicaid fee-for-service payments. The department shall have the authority to implement these reimbursement changes effective July 1, 2016, and prior to the completion of any regulatory process undertaken in order to effect such change.

6.a. The department shall amend the State plan for Medical Assistance to implement a supplemental inpatient and outpatient payment for Chesapeake Regional Hospital based on the difference between reimbursement with rates using an adjustment factor of 100% minus current authorized reimbursement subject to the inpatient and outpatient Upper Payment Limits for non-state government owned hospitals, and for managed care claims based on the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims for non-state government hospitals and the maximum managed care directed payment supported by the department's calculations and allowed by CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The department shall include in its contracts with managed care organizations a percentage increase for Chesapeake Regional Hospital consistent with the approved managed care directed percentage increase. The department shall adjust capitation payments to Medicaid managed care organizations to fund this percentage increase. Both the contract changes and capitation rate adjustments shall be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval.

The department shall revise its contracts with managed care organizations to incorporate these managed care directed payments, subject to approval by CMS. The department shall have the authority to implement these reimbursement changes effective July 1, 2022, and prior to completion of any regulatory process undertaken in order to effect such change.

c. Prior to submitting the State Plan Amendment or making the managed care contract changes, Chesapeake Regional Hospital shall enter into an agreement with the department to transfer the non-federal share for these payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date(s) approved by the Centers for Medicare and Medicaid (CMS).

7.a. There is hereby appropriated sum-sufficient nongeneral funds for the department to pay the state share of supplemental payments for nursing homes owned by Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. The total supplemental payment shall be based on the difference between the Upper Payment Limit of 42 CFR § 447.272 as approved by CMS and all other Medicaid payments subject to such limit made to such nursing homes. DMAS shall enter into a transfer agreement with any Type One hospital whose nursing home qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

b. The department shall adjust capitation payments to Medicaid managed care organizations to fund a minimum fee schedule compliant with requirements in 42 C.F.R. §

The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments and provider payment requirements. DMAS shall enter into a transfer agreement with any Type One hospitals whose nursing home qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date approved by CMS. No payment shall be made without approval from CMS.

8. The department shall amend the State plan for Medical Assistance to implement a supplemental inpatient payment for Lake Taylor Transitional Care Hospital based on the difference between Medicaid reimbursement and the inpatient Upper Payment Limit for non-state government owned hospitals, and for managed care claims based on the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims for non-state government hospitals and the maximum managed care directed payment supported by the department's calculations and allowed by CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The department shall include in its contracts with managed care organizations a percentage increase for Lake Taylor Transitional Care Hospital consistent with the approved managed care directed fee for service supplemental payment percentage increase. The department shall adjust capitation payments to Medicaid managed care organizations to fund this percentage increase. Both the contract changes and capitation rate adjustments shall be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to submitting the State Plan Amendment or making the managed care contract changes, Lake Taylor Transitional Care Hospital shall enter into an agreement with the department to transfer the non-federal share for these payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date(s) approved by the Centers for Medicare and Medicaid (CMS). The originating funding for this program will come entirely from Lake Taylor.

9.a. The Department of Medical Assistance Services shall develop a State Plan for Medical Assistance amendment to make supplemental payments to private hospitals and related health systems who intend to execute affiliation agreements with public entities that are capable of transferring funds to the department for purposes of covering the non-federal share of the authorized payments. Virginia community colleges, Virginia public institutions of higher education, local governments, and instrumentalities of local government are public entities that are authorized to transfer funds to the department for purposes of covering the non-federal share of the authorized payments. Such public entities would enter into an Interagency Agreement with the department for this purpose. The department shall develop a plan, that could take effect July 1, 2023, for making managed care directed payments or supplemental payments as follows: Physician fee-for-service (FFS) supplemental payments through a state plan amendment and physician managed care directed payments through managed care contracts up to the Average Commercial Rate for practice plans that are a component of the participating hospitals or health system. The plan shall identify the public entity who will transfer funds to the department, the amount and duration of such transfers, the purpose and amount of any supplemental payment or managed care direct payments made to private hospitals and related health systems, and the impact, if any, on other supplemental payment programs currently in effect. The plan shall also include the appropriate references that provide authority for such payments.

b. The department shall have the authority to amend the State Plan for Medical Assistance and managed care contracts to make supplemental payments and managed care directed payments to private hospitals for physician services effective July 1, 2024. Reimbursement changes shall be effective prior to completion of any regulatory process in order to effect such changes. No payment shall be made without approval from CMS and an Interagency Agreement with a public entity capable of transferring the non-federal share of authorized payments to the department. The funds to be transferred must comply with 42 CFR 433.51 and 433.54. Such funds may not be paid from any private agreements with public entities that are in excess of fair market value or that alleviate pre-existing financial burdens of such public entities. Public entities are authorized to use general fund dollars to accomplish this transfer. As part of the Interagency Agreements the department shall require the public entities to attest to compliance with applicable CMS criteria. The department shall also require any private hospital and related health systems receiving payments under this Item to

ITEM 288.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

attest to compliance with applicable CMS criteria. Upon notification by the Department of any deferral or disallowance issued by CMS regarding the supplemental or managed care directed payment arrangement, the hospital provider will return the entire balance of the payment to the Department within 30 days of notification. If the hospital does not return the entire balance of the payment to the Department within the specified timeframe, a judgement rate of interest set forth in Title 6.2-302 will be applied to the entire balance, regardless of whatever portion has been repaid. In addition, the non-federal share of the agency's administrative costs directly related to administration of the programs authorized in this paragraph, including staff and contractors, shall be funded by participating public entities. These funds shall be deposited into a special fund created by the Comptroller and used to support the administrative costs associated with managing this program. Any funds received for this purpose but unexpended at the end of the fiscal year shall remain in the fund for use in accordance with this provision.

c. The purposes to which the additional payments authorized in paragraph OO.9.b. of this Item shall be applied include: (i) increasing and enhancing access to outpatient care for Medicaid recipients; (ii) stabilizing and supporting critical healthcare workforce needs; and (iii) advancing the department's health and quality improvement goals; these shall contain specific measurable outcomes that will be approved, and monitored by the Department quarterly. Payment shall be dependent on progress towards goal attainment on all three purposes. Participating organizations must submit quarterly updates and annual reports on programs no later than October 1. The department, with the assistance of the participating organizations, shall report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1 of each year on the impact of this initiative.

d. Notwithstanding any other provision of law, due to the complexities of federal Medicaid financial support policies, public entities, including Virginia public institutions, Virginia public institutions of higher education and Virginia community colleges, that wish to participate in the program referenced in Item 288, paragraph OO.9., may employ or retain private legal counsel, in consultation with the Division of Risk Management, to advise or represent the public entity in such participation. Costs for such legal counsel shall be borne by program participants.

10. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to make supplemental payments through an adjustment to the formula for indirect medical education (IME) reimbursement, using managed care discharge days, for an acute care hospital chain with a level one trauma center in the Tidewater Metropolitan Statistical Area (MSA) in 2020, upon the execution of affiliation agreements with public entities that are capable of transferring funds to the department for purposes of covering the non-federal share of the authorized payments. Such public entities would enter into an Interagency Agreement with the department for this purpose. Public entities are authorized to use general fund dollars to accomplish this transfer. The funds to be transferred must comply with 42 CFR 433.51 and 433.54. As part of the Interagency Agreements the department shall require the public entities to attest to compliance with applicable CMS criteria. The department shall also require any private hospital and related health systems receiving payments under this Item to attest to compliance with applicable CMS criteria. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

11. The Department of Medical Assistance Services shall periodically assess the quality measures that are submitted to the Centers for Medicare and Medicaid Services for supplemental payments to ensure that appropriate quality measures are being included for supplemental payments such that the additional funding is improving the Medicaid program's quality and delivery of health care services. The department shall report on quality measures and outcomes for the programs to the Joint Subcommittee for Health and Human Resources Oversight no later than November 15, 2024.

PP.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to increase the formula for indirect medical education (IME) for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 as a substitute for disproportionate share hospital (DSH)

ITEM 288.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

payments. The formula for these hospitals for IME for inpatient hospital services provided to Medicaid patients but reimbursed by capitated managed care providers shall be identical to the formula for Type One hospitals. The IME payments shall continue to be limited such that total payments to freestanding children's hospitals with greater than 50 percent Medicaid utilization do not exceed the federal uncompensated care cost limit to which DSH payments are subject, excluding third party reimbursement for Medicaid eligible patients. The department shall have the authority to implement these changes effective July 1, 2017, and prior to completion of any regulatory action to effect such changes.

2. The Department of Medical Assistance Services (DMAS) shall have the authority to create additional hospital supplemental payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 to replace payments that have been reduced due to the federal regulation on the definition of uncompensated care costs effective June 2, 2017. Effective July 1, 2024, these new payments shall equal the greater of what would have been paid to the freestanding children's hospitals under the current disproportionate share hospital (DSH) formula or $16,000,000 annually, the average DSH that CHKD was due by formula prior to Medicaid expansion without regard to the uncompensated care cost limit. These additional hospital supplemental payments shall take precedence over supplemental payments for private acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and adjust the additional hospital supplemental payments authorized in this paragraph accordingly. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effectuate such change.

QQ. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to adjust the formula for indirect medical education (IME) reimbursement for managed care discharges for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 by increasing the case mix adjustment factor to the greater of 3.2962 or the most recent rebasing. Total payments for IME in combination with other payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 may not exceed the hospital's Medicaid costs. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

RR. The Department of Medical Assistance Services shall implement managed care directed payments for physician services for practice plans affiliated with a freestanding children's hospital with more than 50 percent Medicaid utilization in fiscal year 2009 for $11,050,000 annually but not to exceed the average commercial rate. The department shall have the authority to implement this reimbursement change effective July 1, 2023, and prior to the completion of any regulatory process undertaken in order to effect such changes. The agency shall implement this by determining at the beginning of each year the percent of Medicaid that will result in estimated payments of $11,050,000 annually.

SS. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to implement a supplemental disproportionate share hospital (DSH) payment for Chesapeake Regional Hospital up to its hospital-specific disproportionate share hospital limit (OBRA '93 DSH limit) as determined pursuant to 42 U.S.C. Section 1396r-4. The payment shall be made annually based upon the hospital's disproportionate share limit for the most recent year for which the disproportionate share limit has been calculated subject to the availability of DSH funds under the federal allotment of such funds to the department. Prior to submitting the State Plan amendment, Chesapeake Regional Hospital shall enter into an agreement with the department to transfer the non-federal share of the supplemental DSH payment. Payment of the supplemental DSH payment is contingent upon receipt of intergovernmental transfer of funds or certified public expenditures from Chesapeake Regional Hospital. In the event that Chesapeake Regional Hospital is ineligible to transfer or certify necessary funds pursuant to federal law, the department may amend the State Plan for Medical Assistance to terminate the supplemental DSH payment program. The department shall have the authority to implement these reimbursement changes consistent with effective date(s) approved by the Centers for Medicare and Medicaid Services (CMS). No payments shall be made without CMS approval. In the event that CMS recoups supplemental DSH hospital funds from the department, Chesapeake Regional Hospital shall reimburse such funds to the department.

TT. The Department of Medical Assistance Services (DMAS) is authorized to amend the State Plan for Medical Assistance Services to implement a supplemental Medicaid payment for Department of Veterans Services (DVS) state government-owned nursing facilities. The total supplemental Medicaid payment for DVS state government owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR 447.272, as approved by the Centers for Medicare and Medicaid Services (CMS), and all other Medicaid payments subject to such limit made to such nursing homes. DMAS shall not submit any State Plan amendment to CMS that implements this payment until DMAS enters into an intergovernmental agreement with DVS. This agreement shall include the following provisions: 1) DVS shall transfer funds to DMAS for use as the state share of the full cost of the supplemental Medicaid payment for which each nursing home is entitled; 2) DVS must demonstrate that it has the authority and ability to transfer the necessary funds to DMAS; and, 3) DVS shall attest that any funds provided for state match will comply with federal law for use as the state share for the supplemental Medicaid payment. If DVS is unable to enter into or comply with the provisions of such an intergovernmental agreement, then DMAS shall immediately modify the Medicaid State Plan and adjust any supplemental payments accordingly. DMAS shall have the authority to implement the reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

For any residency program at a facility whose number of residency slots are above the cap set by the Centers for Medicare and Medicaid Services or have exceeded the Upper Payment Limit (UPL) set by CMS, the supplemental payments for each qualifying residency slot shall be $50,000 from the general fund annually minus any Medicare residency payments for which the residency program is eligible. By July 1 of each year, the Department of Medical Assistance Services shall determine the number of residency slots that could be funded in the next two fiscal years within the resources provided in this Item. In addition, DMAS shall issue a call for applications to all hospitals in the Commonwealth to determine the number of residency slots, by hospital, that could be filled in the following fiscal year.

b. The Department of Medical Assistance Service, in cooperation with the Virginia Health Workforce Development Authority, shall determine which new residency slots to fund based on priorities developed by the authority. Preference shall be given for residency slots located in underserved areas. Applications for slots that involve multiple medical care providers collaborating in training residents and that involve providing residents the opportunity to train in underserved areas are encouraged. A majority of the new residency slots funded each year shall be for primary care. The department shall adopt criteria for primary care, high need specialties and underserved areas as developed by the Virginia Health Workforce Development Authority. The department shall also review and consider applications from non-hospital sponsoring institutions, such as Federally Qualified Health Centers (FQHCs).

c. By ~~August 15~~*October 1* of each year, the Department of Medical Assistance Services shall develop a prioritized list of hospitals for which residencies are recommended. Using this list, DMAS shall request budget authorization for those residencies that can be supported with the funds as appropriated in this Item.

4. The sponsoring institution will be eligible for the supplemental payments as long as it maintains the number of residency slots in total and by category as a result of the increase. The sponsoring institutions must certify by June 1 each year that they continue to meet the criteria for the supplemental payments and report any changes during the year to the number of residents.

5. The department shall require all sponsoring institutions receiving Medicaid medical education funding to report annually by September 15 on the number of residents in total and by specialty/subspecialty. Medical education funding includes payments for graduate medical education (GME) and indirect medical education (IME). In addition, DMAS shall include requirements to ensure improved coordination of care for behavioral health patients, including continued participation by hospitals in the acute bed registry. DMAS shall establish a process for measuring progress and may include a process to allow for corrective actions required for hospitals that do not achieve the specific performance measures established by DMAS. DMAS is authorized to measure progress toward these performance measures on a quarterly basis, unless DMAS determines that a specific measure is more appropriately measured on a longer timeframe. DMAS shall consult with impacted stakeholders in developing the performance measures and associated processes. A hospital that does not achieve the specific performance measures established by DMAS and is not able to fulfill the necessary corrective actions in the timeframe required by DMAS, shall lose eligibility for private acute care hospital enhanced payments for the associated period as determined by DMAS. The Virginia Tech Carilion School of Medicine is authorized to use general fund dollars to accomplish this transfer. The Virginia Tech Carilion School of Medicine would enter into an Interagency Agreement with the department for this purpose and must attest to compliance with applicable CMS criteria. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

Any services provided by IHS or Tribal 638 facilities that are not eligible for reimbursement at a 100 percent FMAP shall be reimbursed at standard Medicaid rates (the rates otherwise paid to non-tribal facilities for the same services) and not at the IHS outpatient all-inclusive rate. DMAS is authorized to make any necessary managed care contract changes and seek all necessary federal authority through state plan or waiver amendments submitted to the Centers for Medicare and Medicaid Services under Titles XIX and XXI of the Social Security Act to implement the provisions of this paragraph. The department shall implement this reimbursement change consistent with the effective date of the appropriate federal authority, and prior to the completion of any regulatory process. This shall be applied using the rebasing model implemented for fiscal year 2025 rates, with resulting direct care rates adjusted for this change and inflated to fiscal year 2026 per existing policy. This methodology change shall be maintained until the next rebasing. The department shall have the authority to implement these changes upon federal approval and prior to the completion of any regulatory process.

DMAS shall enter into a transfer agreement with Virginia Commonwealth University for such supplemental payments, in which the University shall provide the non-federal share in order to match federal Medicaid funds for the supplemental payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

A.1.a. Notwithstanding any other provision of law, by November 1 of each year, the Department of Medical Assistance Services (DMAS) shall prepare and submit a forecast of Medicaid expenditures, upon which the Governor's budget recommendations will be based, for the current and subsequent two years to the Director, Department of Planning and Budget (DPB) and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

b. The forecast shall be based on current state and federal laws and regulations.

c. The forecast shall reflect only expenditures for medical services provided in Program 45600 and shall exclude service area 45606, service area 45607, and administrative expenditures.

d. Rebasing and inflation estimates that are required by existing law or regulation for any Medicaid provider shall be included in the forecast.

e. The forecast shall include a projection of the increases or decreases in managed care costs, including the rates that will be reflected in the upcoming July 1 contracts as well as changes in managed care rates for a three-year period including the current year.

f. In preparing for each year's forecast of the managed care portions of the budget, DMAS shall submit to its actuarial contractor a letter of request, with a copy sent to the Director, DPB and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. This letter shall document the department's request for a point estimate of managed care rates and changes in rates, based on the application of actuarial principals and methodologies and information available at the time of the forecast. The letter also shall require that the contractor reflect the years being forecasted, and shall specify the population groupings for which estimates are requested. The department shall request that the contractor reply in writing with a copy to all parties copied on the department's letter of request.

2. In addition to the November 1 forecast submission, DMAS shall provide: 1) a separate accounting of forecasted expenditures by caseload/utilization, inflation and policy changes; and 2) an enrollment forecast for the same period of the forecast.

3. In the development and execution of the official forecast, DMAS shall collaborate with staff from the Department of Planning and Budget (DPB), House Appropriations Committee and Senate Finance and Appropriations Committee. Further, DMAS shall consult with DPB and money committee staff throughout the year, as necessary, to review any issues that may influence the current or upcoming forecasts. Upon request from such staff, DMAS shall provide the information necessary to evaluate factors that may affect the Medicaid forecast; including, but not limited to, program utilization, enrollment, lump sum payments, and rate changes. At a minimum, DMAS shall provide such staff with program updates within 30 days after the end of each General Assembly session and fiscal year. By October 15 of each year, DMAS shall make a preliminary forecast of Medicaid expenditures available for review to staff from DPB and the House Appropriations and Senate Finance and Appropriations Committees. DMAS shall consider feedback generated from this review in the official November 1 forecast.

B. However, no such repayments may be required of the locality if the department determines that such overpayment or payments to ineligibles resulted from the promulgation of vague or conflicting regulations by the department or from the failure of the department to make timely distribution to the localities of the statutes, rules, regulations, and policy decisions, causing the overpayment or payment to ineligible(s) to be made by the locality or from situations where a locality exercised due diligence, yet received incomplete or incorrect information from the client which caused the overpayment or payment to ineligibles. If a locality fails to effect the return, the Department of Social Services shall withhold an equal amount from the next disbursement made by the department to the locality for the same program.

C. The Department of Social Services shall implement the guidance issued by the U.S. Department of Health and Human Services concerning the obligation of recipients of federal financial assistance to comply with Title VI of the Civil Rights Act of 1964 by ensuring that meaningful access to federally-funded programs, activities and services administered by the department is provided to limited English proficient (LEP) persons, 63 Fed. B. Pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, the Department of Social Services shall, in cooperation with local departments of social services, maintain a waiver of the work requirement for Supplemental Nutrition Assistance Program (SNAP) recipients residing in areas that do not have a sufficient number of jobs to provide employment for such individuals, including those areas designated as labor surplus areas by the U.S. Department of Labor.
