[S 1006]

Approved March 21, 2025

§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an

alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. ~~However, no ignition interlock company shall install an~~ *and may have such ignition interlock system installed. Any installation period of time accrued by such person prior to trial for the pending charge shall count toward any (i)* ignition interlock ~~system on any such vehicle until~~ *or restricted license period of time ordered by* a court ~~issues to the person a restricted license with the ignition interlock restriction~~ *or (ii) restricted license, suspension, or revocation issued by the Department of Motor Vehicles pursuant to § 46.2-389.*

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than $250 but no more than $300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's

license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in an administrative or court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to and from a job interview for which he maintains on his person written proof from the prospective employer of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia Employment Commission for the purpose of seeking employment. However, (a) any such person who is eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a functioning, certified ignition interlock system as required by law may be issued a restricted permit to operate a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Any person who is otherwise eligible to receive a restricted license issued in accordance with this subsection or as otherwise provided by law shall not be required to pay in full his fines and costs, as defined in § 19.2-354.1, before being issued such restricted license.

F. The court shall have jurisdiction over any person entering such program under any provision of this section, or under any provision of § 46.2-392, until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court that has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, or town, or any combination thereof, may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board. Such local independent policy board shall be chosen in accordance with procedures approved and promulgated by the Commission on VASAP. Such procedures shall provide that the board shall endeavor to select one criminal defense attorney who has specialized knowledge in representing persons charged with driving while intoxicated offenses and one local attorney for the Commonwealth to sit on such local independent policy board. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

CHAPTER 324

An Act to amend and reenact § 57-27.1:1 of the Code of Virginia, relating to interment rights; public property.

[S 1055]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 57-27.1:1 of the Code of Virginia is amended and reenacted as follows:

§ 57-27.1:1. Family cemeteries; interment rights of immediate family members and descendants.

A. For purposes of this section:

"Family cemetery" means a private burying ground or cemetery, not operated for profit, that contains a collection of graves of people who descend from the same immediate family and that is exempt from taxation pursuant to Article X, § 6 (a) (3) of the Constitution of Virginia.

"Immediate family member or descendant" means a spouse, child, parent, sibling, grandchild, grandparent, and parent-in-law of a deceased person buried in a family cemetery.

"Interment" means the same as that term is defined in § 54.1-2310.

B. Any immediate family member or descendant of a deceased person who died prior to July 1, 2024, and is buried in an identified family cemetery located on *(i)* private property owned by someone other than such immediate family member or descendant *or (ii) public property owned by a locality or held in trust for such a locality* may petition the circuit court of the county or city wherein the property is located for interment rights upon such property. Those seeking interment rights shall be considered within the existing perimeter of a family cemetery. The perimeter of a family cemetery shall be determined by a survey agreed upon by the petitioner and the property owner. The surveying costs, including the cost of the survey and of preparing the original and one copy of the plat, shall be shared equally by the petitioner and the property owner.

C. Upon satisfactory showing of proof of kinship, the court shall award the immediate family member or descendant interment rights upon such property. Such immediate family member or descendant shall, in addition to the rights provided for in § 57-27.1, have interment rights concerning himself and other immediate family members and descendants. The

immediate family member or descendant may prove kinship to a deceased person buried in the family cemetery by proffering official documentation or evidence of kinship or nonofficial documentation, such as obituaries, family Bibles or other documents with family signatures, journals or letters of the deceased family person, family photographs, or other official or nonofficial documentation deemed by the court to be reliable.

D. The court may order the petitioner to pay the reasonable costs and fees of the ~~private~~ *cemetery* property owner incurred pursuant to an action under this section.

E. The provisions of this section shall not apply to any cemetery, mausoleum, columbarium, or similar interment facility located on the property of any church or religious association, denomination, or body. For purposes of this subsection, the property of any church or religious association, denomination, or body owned or leased by (i) an incorporated church or religious body or corporation, as described in § 57-16.1; (ii) a duly designated ecclesiastical officer; or (iii) a trustee of an unincorporated church or religious body shall be deemed to be owned by such church or religious association, denomination, or body.

F. Nothing in this section shall be construed to prohibit a property owner from petitioning a circuit court for removal of remains from a previously unidentified graveyard or an abandoned family graveyard as permitted by § 57-38.1.

CHAPTER 325

D. Notwithstanding the provisions of subsection B, a certificate of public need shall not be required for the following actions undertaken by or on behalf of a medical care facility described in subsection A:

1. Relocation of up to 10 beds or 10 percent of the beds, whichever is less, (i) from one existing medical care facility described in subsection A to another existing medical care facility described in subsection A at the same site in any two-year period or (ii) in any three-year period, from one existing medical care facility described in subsection A licensed as a nursing home to any other existing medical care facility described in subsection A licensed as a nursing home that is owned or controlled by the same person and located either within the same planning district or within another planning district out of which, during or prior to that three-year period, at least 10 times that number of beds have been authorized by statute to be relocated from one or more medical care facilities described in subsection A located in that other planning district, and at least half of those beds have not been replaced; or

2. Use of up to 10 percent of beds as nursing home beds by a medical care facility described in subsection A licensed as a hospital, as provided in § 32.1-132.

E. The Department shall regularly review the types of medical care facilities subject to the provisions of this article and projects for which a certificate is required and provide to the Governor and the General Assembly, at least once every five years, a recommendation related to the continued appropriateness of requiring such types of medical care facilities to be subject to the provisions of this article and such types of projects to be subject to the requirement of a certificate. In developing such recommendations, the Department shall consider, for each type of medical care facility and project, the following criteria:

1. The current and projected future availability of the specific type of medical care facility or project;

2. The current and projected future demand for the specific type of medical care facility or project;

3. The current and projected future rate of utilization of the specific type of medical care facility or project;

4. The current and projected future capacity of existing medical care facilities or projects of that specific type;

5. The anticipated impact of changes in population and demographics, reimbursement structures and rates, and technology on demand for and availability, utilization, and capacity of existing medical care facilities or projects of that specific type;

6. Existing quality, utilization, and other controls applicable to the specific type of medical care facility or project; and

7. Any risk to the health or well-being of the public resulting from inclusion of the specific type of medical care facility or project on such list.

§ 32.1-102.2. Regulations.

A. The Board shall promulgate regulations that are consistent with this article and:

1. Shall establish concise procedures for the prompt review of applications for certificates consistent with the provisions of this article which may include a structured batching process which incorporates, but is not limited to, authorization for the Commissioner to request proposals for certain projects. In any structured batching process established by the Board, applications, combined or separate, for computed tomographic (CT) scanning, magnetic resonance imaging (MRI), positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, and proton beam therapy shall be considered in the radiation therapy batch. A single application may be filed for a combination of (i) radiation therapy, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to

perform external beam radiation therapy, and proton beam therapy and (ii) any or all of the computed tomographic (CT) scanning, magnetic resonance imaging (MRI), and positron emission tomographic (PET) scanning;

2. May classify projects and may eliminate one or more or all of the procedures prescribed in § 32.1-102.6 for different classifications;

3. May provide for exempting from the requirement of a certificate projects determined by the Commissioner, upon application for exemption, to be subject to the economic forces of a competitive market or to have no discernible impact on the cost or quality of health services;

4. May establish a schedule of fees for applications for certificates or registration of a project to be applied to expenses for the administration and operation of the Certificate of Public Need Program;

5. Shall establish an expedited application and review process for any certificate for projects reviewable pursuant to *(i)* subdivision ~~B 8~~ *B 1* of § 32.1-102.1:3 *for the establishment of a new medical care facility described in subdivision A 2 of § 32.1-102.1:3 by an existing medical care facility described in subdivision A 1 or 2 of § 32.1-102.1:3 that has an existing certificate to provide psychiatric services pursuant to subdivision B 6 of § 32.1-102.1:3, provided such new medical care facility is located in the same planning district as the existing medical care facility; (ii) subdivision B 2 of § 32.1-102.1:3 for the addition of psychiatric beds at an existing medical care facility described in subdivision A 1 or 2 of § 32.1-102.1:3 that has an existing certificate to provide psychiatric services pursuant to subdivision B 5 of § 32.1-102.1:3, not to exceed 10 beds or 10 percent of all beds at the medical care facility, whichever is greater, and provided that the applicant has not been awarded a certificate for the addition of psychiatric beds pursuant to this provision in the previous two-year period; (iii) subdivision B 3 of § 32.1-102.1:3 for the relocation of psychiatric beds to an existing medical care facility described in subdivision A 1 or 2 of § 32.1-102.1:3 that has had an existing certificate to introduce a psychiatric service for at least the previous 12 months pursuant to subdivision B 5 of § 32.1-102.1:3 and that is within the same planning district; (iv) and subdivision B 8 of § 32.1-102.1:3*. Regulations establishing the expedited application and review procedure shall include provisions for *(a)* notice and opportunity for public comment on the application for a certificate*, (b) a review cycle that is complete within 90 days, (c) the filing of an expedited application in four batch cycles specifically for expedited applications, (d) the ability of a member of the public to request a public hearing for the expedited application*, and *(e)* criteria pursuant to which an application that would normally undergo the review process would instead undergo the full certificate of public need review process set forth in § 32.1-102.6;

6. Shall establish an exemption from the requirement for a certificate for a project involving a temporary increase in the total number of beds in an existing hospital or nursing home, including a temporary increase in the total number of beds resulting from the addition of beds at a temporary structure or satellite location operated by the hospital or nursing home, provided that the ability remains to safely staff services across the existing hospital or nursing home, (i) for a period of no more than the duration of the Commissioner's determination plus 30 days when the Commissioner has determined that a natural or man-made disaster has caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a shortage of hospital or nursing home beds or (ii) for a period of no more than the duration of the emergency order entered pursuant to § 32.1-13 or 32.1-20 plus 30 days when the Board, pursuant to § 32.1-13, or the Commissioner, pursuant to § 32.1-20, has entered an emergency order for the purpose of suppressing a nuisance dangerous to public health or a communicable, contagious, or infectious disease or other danger to the public life and health; and

7. Shall require every medical care facility subject to the requirements of this article, other than a nursing home, that is not a medical care facility for which a certificate with conditions imposed pursuant to subsection B of § 32.1-102.4 has been issued and that provides charity care, as defined in § 32.1-102.1, to annually report the amount of charity care provided.

B. The Board shall promulgate regulations providing for time limitations for schedules for completion and limitations on the exceeding of the maximum capital expenditure amount for all reviewable projects. The Commissioner shall not approve any such extension or excess unless it complies with the Board's regulations. However, the Commissioner may approve a significant change in cost for an approved project that exceeds the authorized capital expenditure by more than 20 percent, provided the applicant has demonstrated that the cost increases are reasonable and necessary under all the circumstances and do not result from any material expansion of the project as approved.

C. The Board shall also promulgate regulations authorizing the Commissioner to condition approval of a certificate on the agreement of the applicant to provide a level of charity care to indigent persons or accept patients requiring specialized care. Such regulations shall include a methodology and formulas for uniform application of, active measuring and monitoring of compliance with, and approval of alternative plans for satisfaction of such conditions. In addition, the Board's licensure regulations shall direct the Commissioner to condition the issuing or renewing of any license for any applicant whose certificate was approved upon such condition on whether such applicant has complied with any agreement to provide a level of charity care to indigent persons or accept patients requiring specialized care. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

D. The Board shall also promulgate regulations to require the registration of a project; for introduction into an existing medical care facility of any new lithotripsy, stereotactic radiosurgery, stereotactic radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, obstetrical, or nuclear imaging services that the facility has never provided or has not provided in the previous 12 months; and for the addition by an existing medical care facility of any medical equipment for lithotripsy,

stereotactic radiosurgery, stereotactic radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or nuclear imaging services. Replacement of existing equipment for lithotripsy, stereotactic radiosurgery, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or nuclear imaging services shall not require registration. Such regulations shall include provisions for (i) establishing the agreement of the applicant to provide a level of care in services or funds that matches the average percentage of indigent care provided in the appropriate health planning region and to participate in Medicaid at a reduced rate to indigents, (ii) obtaining accreditation from a nationally recognized accrediting organization approved by the Board for the purpose of quality assurance, and (iii) reporting utilization and other data required by the Board to monitor and evaluate effects on health planning and availability of health care services in the Commonwealth.

§ 32.1-102.4. Conditions of certificates; monitoring; revocation of certificates; civil penalties.

A. The Commissioner may, in accordance with regulations of the Board, condition issuance of a certificate on compliance with a schedule for the completion of the proposed project and a maximum capital expenditure amount for the proposed project. The approved schedule and maximum capital expenditure for a proposed project shall be issued together with the certificate. The approved schedule may not be extended and the maximum capital expenditure may not be exceeded without the approval of the Commissioner in accordance with the regulations of the Board. The Commissioner shall not approve an extension for a schedule for completion of any project or the exceeding of the maximum capital expenditure of any project unless such extension or excess complies with the limitations provided in the regulations promulgated by the Board pursuant to § 32.1-102.2.

The Commissioner shall monitor each project to determine its progress and compliance with the approved schedule and with the maximum capital expenditure, and may revoke the certificate for (i) lack of substantial and continuing progress toward completion of the project in accordance with the schedule or (ii) expenditures in excess of the approved maximum capital expenditure for the project.

Any person willfully violating conditions imposed pursuant to this subsection shall be subject to a civil penalty of up to $100 per violation per day until the date of completion of the project which shall be collected by the Commissioner and paid into the Literary Fund.

For the purposes of this subsection, "completion" means conclusion of construction activities necessary for the substantial performance of the contract.

B. The Commissioner shall, pursuant to the regulations of the Board, condition the approval of a certificate upon the agreement of the applicant to provide care to individuals who are eligible for benefits under Title XVIII of the Social Security Act (42 U.S.C. § 1395 et seq.), Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.), and 10 U.S.C. § 1071 et seq. In addition, the Commissioner shall condition the approval of a certificate upon the agreement of the applicant to (i) provide a specified level of charity care to indigent persons or accept patients requiring specialized care, (ii) facilitate the development and operation of primary and specialty medical care services in designated medically underserved areas of the applicant's service area, or (iii) all of the above. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

Every certificate holder shall develop a financial assistance policy that includes specific eligibility criteria and procedures for applying for charity care, which shall be provided to a patient at the time of admission or discharge or at the time services are provided, included with any billing statements sent to uninsured patients, posted conspicuously in public areas of the medical care facility for which the certificate was issued and posted on a website maintained by the certificate holder.

The certificate holder shall annually provide documentation to the Department demonstrating that the certificate holder has satisfied the conditions of the certificate, including documentation of the amount of charity care provided to patients. If the certificate holder is unable or fails to satisfy the conditions of a certificate, the Department may approve alternative methods to satisfy the conditions pursuant to a plan of compliance, which shall identify a timeframe within which the certificate holder will satisfy the conditions of the certificate, and identify how the certificate holder will satisfy the conditions of the certificate, which may include (a) making direct payments to an organization authorized under a memorandum of understanding with the Department to receive contributions satisfying conditions of a certificate, (b) making direct payments to a private nonprofit foundation that funds basic insurance coverage for indigents authorized under a memorandum of understanding with the Department to receive contributions satisfying conditions of a certificate, or (c) other documented efforts or initiatives to provide primary or specialized care to underserved populations. In cases in which the certificate holder holds more than one certificate with conditions pursuant to this subsection, and the certificate holder is unable to satisfy the conditions of one certificate, such plan of compliance may provide for satisfaction of the conditions on that certificate by providing care at a reduced rate to indigent individuals in excess of the amount required by another certificate issued to the same holder, in an amount approved by the Department provided such care is offered at the same facility. Nothing in the preceding sentence shall prohibit the satisfaction of conditions of more than one certificate among various affiliated facilities or certificates subject to a system-wide or all-inclusive charity care condition established by the Commissioner. In determining whether the certificate holder has met the conditions of the certificate pursuant to a

plan of compliance, only such actions undertaken after issuance of the conditioned certificate shall be counted towards satisfaction of conditions.

Any person refusing, failing, or neglecting to honor such agreement shall be subject to a civil penalty of up to $100 per violation per day until the date of compliance which shall be collected by the Commissioner and paid into the Literary Fund. For the purpose of determining the amount of a civil penalty imposed pursuant to this subsection, the date on which the person began providing services in accordance with the original certificate shall be the date from which the period of noncompliance shall be calculated.

C. *The Commissioner may, pursuant to the regulations of the Board, condition the approval of a certificate for any project to (i) establish a medical care facility pursuant to subdivision A 2 of § 32.1-102.1:3; (ii) introduce a psychiatric service pursuant to subdivision B 5 of § 32.1-102.1:3; or (iii) add psychiatric beds to an existing medical care facility described in subdivision A 1 or 2 of § 32.1-102.1:3 upon the agreement of the applicant to provide care to individuals who are the subject of an involuntary temporary detention under § 37.2-809.*

D. The Commissioner shall (i) review every certificate of public need upon which conditions were imposed pursuant to subsection B at least once every three years to determine whether such conditions continue to be appropriate or should be revised and (ii) notify each certificate holder of his conclusions regarding (a) the appropriateness of conditions imposed on the certificate and whether such conditions should be revised and (b) the process by which the certificate holder may request amendments to conditions imposed on a certificate in accordance with subsection ~~D~~ *E*.

~~D.~~ *E.* Pursuant to regulations of the Board, the Commissioner may accept requests for and approve amendments to conditions of existing certificates related to the provision of care at reduced rates or to patients requiring specialized care or related to the development and operation of primary medical care services in designated medically underserved areas of the certificate holder's service area.

~~E.~~ *F.* In determining whether conditions imposed on a certificate of public need pursuant to subsection B are appropriate for the purposes of subsection ~~C~~ *D* or should be amended in response to a request submitted pursuant to subsection ~~D~~ *E*, the Commissioner shall consider any changes in the circumstances of the certificate holder resulting from changes in the financing or delivery of health care services, including changes to the Commonwealth's program of medical assistance services, and any other specific circumstances of the certificate holder.

§ 32.1-102.6. Administrative procedures.

A. To obtain a certificate for a project, the applicant shall file a completed application for a certificate with the Department and the appropriate regional health planning agency if a regional health planning agency has been designated for that region. Such application shall be filed in accordance with procedures established by the Department. An application submitted for review shall be considered complete when all relevant sections of the application form have responses. The applicant shall provide sufficient information to prove public need for the requested project exists without the addition of supplemental or supporting material at a later date. The Department shall ensure that only data necessary for review of an application is required to be submitted and that the application reflects statutory requirements. Nothing in this section shall prevent the Department from seeking, at its discretion, additional information from the applicant or other sources.

Within 10 calendar days of the date on which the document is received, the Department and the appropriate regional health planning agency, if a regional health planning agency has been designated, shall determine whether the application is complete or not and the Department shall notify the applicant, if the application is not complete, of the information needed to complete the application. If no regional health planning agency is designated for the health planning region in which the project will be located, no filing with a regional health planning agency is required and the Department shall determine if the application is complete and notify the applicant, if the application is not complete, of the information needed to complete the application.

At least 30 calendar days before any person is contractually obligated to acquire an existing medical care facility, the cost of which is $600,000 or more, that person shall notify the Commissioner and the appropriate regional health planning agency, if a regional health planning agency has been designated, of the intent, the services to be offered in the facility, the bed capacity in the facility and the projected impact that the cost of the acquisition will have upon the charges for services to be provided. If clinical services or beds are proposed to be added as a result of the acquisition, the Commissioner may require the proposed new owner to obtain a certificate prior to the acquisition. If no regional health planning agency is designated for the health planning region in which the acquisition will take place, no notification to a regional health planning agency shall be required.

B. For projects proposed in health planning regions with regional planning agencies, the appropriate regional health planning agency shall (i) review each completed application for a certificate within 60 calendar days of the day that begins the appropriate batch review cycle as established by the Board by regulation pursuant to subdivision A 1 of § 32.1-102.2, such cycle not to exceed 190 days in duration; (ii) within 10 calendar days following the start of the review cycle, solicit public comment on such application by posting notice of such application and a summary of the proposed project on a website maintained by the Department; such notice shall include information about how comments may be submitted to the regional health planning agency and the date on which the public comment period shall expire, which shall be no later than 45 calendar days following the date of the public notice; and (iii) in the case of competing applications or in response to a written request by an elected local government representative, a member of the General Assembly, the Commissioner, the applicant, or a member of the public, hold one public hearing on each application in a location in the county or city in which the project is proposed or a contiguous county or city. Prior to any required public hearing, the regional health planning

agency shall notify the local governing bodies in the planning district. At least nine days prior to the public hearing, the regional health planning agency shall cause notice of the public hearing to be published in a newspaper of general circulation in the county or city where the project is proposed to be located. The regional health planning agency shall consider the comments of the local governing bodies in the planning district and all other public comments in making its decision. Such comments shall be part of the record. In no case shall a regional health planning agency hold more than two meetings on any application, one of which shall be the public hearing required pursuant to clause (iii), if any, conducted by the board of the regional health planning agency or a subcommittee of the board. The applicant shall be given the opportunity, prior to the vote by the board of the regional health planning agency or a committee of the agency, if acting for the board, on its recommendation, to respond to any comments made about the project by the regional health planning agency staff, any information in a regional health planning agency staff report, or comments by those voting members of the regional health planning agency board; however, such opportunity shall not increase the 60-calendar-day period designated herein for the regional health planning agency's review unless the applicant or applicants request a specific extension of the regional health planning agency's review period.

The regional health planning agency shall submit its recommendations on each application and its reasons therefor to the Department within 10 calendar days after the completion of its 60-calendar-day review or such other period in accordance with the applicant's request for extension.

If the regional health planning agency has not completed its review within the specified 60 calendar days or such other period in accordance with the applicant's request for extension and submitted its recommendations on the application and the reasons therefor within 10 calendar days after the completion of its review, the Department shall, on the eleventh calendar day after the expiration of the regional health planning agency's review period, proceed as though the regional health planning agency has recommended project approval without conditions or revision.

If no regional health planning agency has been designated for a region, the Department shall (a) within 10 calendar days following the start of the review cycle, solicit public comment on such application by posting notice of such application and a summary of the proposed project on a website maintained by the Department; such notice shall include such information about how comments may be submitted to the Department and the date on which the public comment period shall expire, which shall be no later than 45 calendar days following the date of the public notice, and (b) in the case of competing applications or in response to a written request by an elected local government representative, a member of the General Assembly, the Commissioner, the applicant, or a member of the public, hold one hearing on each application in a location in the county or city in which the project is proposed or a contiguous county or city. Prior to any required hearing, the Department shall notify the local governing bodies in the planning district in which the project is proposed. At least nine days prior to the public hearing, the Department shall cause notice of the public hearing to be published in a newspaper of general circulation in the county or city where the project is proposed to be located. The Department shall consider the comments of the local governing bodies in the planning district and all other public comments in making its decision. Such comments shall be part of the record.

C. After commencement of any public hearing and before a decision is made there shall be no ex parte contacts concerning the subject certificate or its application between (i) any person acting on behalf of the applicant or holder of a certificate or any person opposed to the issuance or in favor of revocation of a certificate of public need and (ii) any person in the Department who has authority to make a determination respecting the issuance or revocation of a certificate of public need, unless the Department has provided advance notice to all parties referred to in clause (i) of the time and place of such proposed contact.

D. The Department shall commence the review of each completed application upon the day which begins the appropriate batch review cycle and simultaneously with the review conducted by the regional health planning agency, if a regional health planning agency has been designated.

A determination whether a public need exists for a project shall be made by the Commissioner within 190 calendar days of the day which begins the appropriate batch cycle.

The 190-calendar-day review period shall begin on the date upon which the application is determined to be complete within the batching process specified in subdivision A 1 of § 32.1-102.2.

If the application is not determined to be complete within 40 calendar days from submission, the application shall be refiled in the next batch for like projects.

The Commissioner shall make determinations in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) except for those parts of the determination process for which timelines and specifications are delineated in subsection E. Further, if an informal fact-finding conference is determined to be necessary by the Department or is requested by a person seeking good cause standing, the parties to the case shall include only the applicant, any person showing good cause, any third-party payor providing health care insurance or prepaid coverage to five percent or more of the patients in the applicant's service area, and the relevant health planning agency.

E. Upon entry of each completed application or applications into the appropriate batch review cycle:

1. The Department shall establish, for every application, a date between the eightieth and ninetieth calendar days within the 190-calendar-day review period for holding an informal fact-finding conference, if such conference is necessary.

2. The Department shall review every application at or before the seventy-fifth calendar day within the 190-calendar-day review period to determine whether an informal fact-finding conference is necessary.

3. Any person seeking to be made a party to the case for good cause, no later than four days after the Department has completed its review and submitted its recommendation on an application and has transmitted the same to the applicants and to persons who have, prior to the issuance of the report, requested a copy in writing, shall notify the Commissioner, all applicants, and the regional health planning agency, in writing and under oath, stating the grounds for good cause and providing the factual basis therefor.

4. In any case in which an informal fact-finding conference is held, a date shall be established for the closing of the record which shall not be more than 30 calendar days after the date for holding the informal fact-finding conference.

5. In any case in which an informal fact-finding conference is not held, the record shall be closed on the earlier of (i) the date established for holding the informal fact-finding conference or (ii) the date that the Department determines an informal fact-finding conference is not necessary.

6. The provisions of subsection C of § 2.2-4021 notwithstanding, if a determination whether a public need exists for a project is not made by the Commissioner within 45 calendar days of the closing of the record, the Commissioner shall notify the applicant or applicants and any persons seeking to show good cause, in writing, that the application or the application of each shall be deemed approved 25 calendar days after expiration of such 45-calendar-day period, unless the receipt of recommendations from the person performing the hearing officer functions permits the Commissioner to issue his case decision within that 25-calendar-day period. The validity or timeliness of the aforementioned notice shall not, in any event, prevent, delay or otherwise impact the effectiveness of this section.

7. In any case when a determination whether a public need exists for a project is not made by the Commissioner within 70 calendar days after the closing of the record, the application shall be deemed to be approved and the certificate shall be granted.

8. If a determination whether a public need exists for a project is not made by the Commissioner within 45 calendar days of the closing of the record, any applicant who is competing in the relevant batch or who has filed an application in response to the relevant Request For Applications issued pursuant to § 32.1-102.3:2 may, prior to the application being deemed approved, petition for immediate injunctive relief pursuant to § 2.2-4030, naming as respondents the Commissioner and all parties to the case. During the pendency of the proceeding, no applications shall be deemed to be approved. In such a proceeding, the provisions of § 2.2-4030 shall apply.

F. Deemed approvals shall be construed as the Commissioner's case decision on the application pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) and shall be subject to judicial review on appeal as the Commissioner's case decision in accordance with such act.

Any person who has sought to participate in the Department's review of such deemed-to-be-approved application as a person showing good cause who has not received a final determination from the Commissioner concerning such attempt to show good cause shall be deemed to be a person showing good cause for purposes of appeal of the deemed approval of the certificate.

In any appeal of the Commissioner's case decision granting a certificate of public need pursuant to a Request for Applications issued pursuant to § 32.1-102.3:2, the court may require the appellant to file a bond pursuant to § 8.01-676.1, in such sum as shall be fixed by the court for protection of all parties interested in the case decision, conditioned on the payment of all damages and costs incurred in consequence of such appeal.

G. For purposes of this section, "good cause" means that (i) there is significant relevant information not previously presented at and not available at the time of the public hearing, (ii) there have been significant changes in factors or circumstances relating to the application subsequent to the public hearing, or (iii) there is a substantial material mistake of fact or law in the Department staff's report on the application or in the report submitted by the health planning agency.

H. The project review procedures shall provide for separation of the project review manager functions from the hearing officer functions. No person serving in the role of project review manager shall serve as a hearing officer.

I. The applicants, and only the applicants, shall have the authority to extend any of the time periods specified in this section. If all applicants consent to extending any time period in this section, the Commissioner, with the concurrence of the applicants, shall establish a new schedule for the remaining time periods.

J. ~~THE LAW HAS BEEN AMENDED TO REQUIRE INSURERS TO PROVIDE UNDERINSURED MOTORIST COVERAGE THAT PAYS ANY DAMAGES DUE TO AN INSURED IN ADDITION TO ANY BODILY INJURY OR PROPERTY DAMAGE LIABILITY THAT IS APPLICABLE TO THE INSUREDS' DAMAGES. THIS CHANGE MAY AFFECT YOUR PREMIUM.~~

~~YOU MAY ELECT TO REFUSE THIS CHANGE IN YOUR UNDERINSURED MOTORIST COVERAGE~~ *Your insurance is required to provide underinsured motorist coverage that pays any damages due to an insured in addition to any bodily injury or property damage liability that is applicable to the insured's damages. You may choose to change the way your underinsured motorist coverage is calculated. Depending on the change, you may reduce the amount of coverage you have and your premium may change. Contact your agent or insurer for additional information*.

~~AN ELECTION TO DECREASE YOUR UNDERINSURED MOTORIST COVERAGE MUST BE IN WRITING. ONCE ANY ONE NAMED INSURED ELECTS TO DECREASE THE UNDERINSURED MOTORIST COVERAGE,~~

YOU MUST PUT THIS REQUEST IN WRITING~~ *Any request to change how your underinsured motorist coverage is calculated must be in writing. Once any named insured chooses to make such a change in the underinsured motorist coverage, that change is binding on all insureds on the policy. Any later changes you may wish to make to how your underinsured motorist coverage is calculated must also be in writing.*

~~BEFORE ELECTING TO DECREASE YOUR UNDERINSURED MOTORIST COVERAGE, YOU SHOULD CAREFULLY CONSIDER THAT THIS COVERAGE PROVIDES IMPORTANT PROTECTION IN THE EVENT YOU ARE INJURED OR YOUR MOTOR VEHICLE IS DAMAGED DUE TO THE ACTIONS OF AN UNDERINSURED MOTORIST~~ *Before changing how your underinsured motorist coverage is calculated, you should carefully consider that this coverage provides important protection in the event you are injured or your motor vehicle is damaged due to the actions of an underinsured motorist."*

[S 1248]

Be it enacted by the General Assembly of Virginia:

1. That § 27-98 of the Code of Virginia is amended and reenacted as follows:

§ 27-98. Enforcement of Fire Prevention Code; appeals from decisions of local enforcing agencies; inspection of buildings.

Any local government may enforce the Fire Prevention Code in its entirety or with respect only to those provisions of the Fire Prevention Code relating to open burning, fire lanes, fireworks, and hazardous materials. If a local governing body elects to enforce only those provisions of the Fire Prevention Code relating to open burning, it may do so in all or in any designated geographic areas of its jurisdiction. The State Fire Marshal shall also have the authority, in cooperation with any local governing body, to enforce the Code. The State Fire Marshal shall also have authority to enforce the Code in those jurisdictions in which the local governments do not enforce the Code and may establish such procedures or requirements as may be necessary for the administration and enforcement of the Code in such jurisdictions. In addition, subject to the approval of the Board of Housing and Community Development, the State Fire Marshal may charge a fee to recover the actual cost of administering and enforcing the Code in jurisdictions for which he serves as the enforcement authority. No fee may be charged for the inspection of any school. *The State Fire Marshal shall not charge a fee for the approval and administration of a permit issued pursuant to regulation L.107.11 of 13VAC5-52-70 for explosives, blasting agents, theatrical flame effects, and fireworks to fire departments as defined in § 27-6.1 and emergency medical services agencies as defined in 12VAC5-31-10 in localities with a total population of less than 10,000 as determined by the most recent federal decennial census by the United States Census Bureau. Any such fire departments or emergency medical services agencies shall still fully comply with the provisions of this chapter.* The local governing body of any jurisdiction that enforces the Code may establish such procedures or requirements as may be necessary for the administration and enforcement of the Code. Appeals concerning the application of the Code by the local enforcing agency shall first lie to a local board of appeals and then to the State Building Code Technical Review Board. Appeals from the application of the Code by the State Fire Marshal shall be made directly to the State Building Code Technical Review Board as provided in Article 2 (§ 36-108 et seq.) of Chapter 6 of Title 36. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals; however, for the City of Chesapeake no fee charged for the inspection of any place of religious worship designated as Assembly Group A-3 under the Fire Prevention Code shall exceed $50. For purposes of this section, "defray the cost" may include the fair and reasonable costs incurred for such enforcement during normal business hours, but shall not include overtime costs, unless conducted outside of the normal working hours established by the locality. A schedule of such costs shall be adopted by the local governing body in a local ordinance. A locality shall not charge an overtime rate for inspections conducted during the normal business hours established by the locality. Nothing herein shall be construed to prohibit a private entity from conducting such inspections, provided the private entity has been approved to perform such inspections in accordance with the written policy of the fire official for the locality. Any local fire code may provide for an appeal to a local board of appeals. If no local board of appeals exists, the State Building Code Technical Review Board shall hear appeals of any local fire code violation.

§ 59.1-369. Powers and duties of the Commission.

The Commission shall have all powers and duties necessary to carry out the provisions of this chapter and to exercise the control of horse racing as set forth in § 59.1-364. Such powers and duties shall include the following:

1. The Commission is vested with jurisdiction and supervision over all horse racing licensed under the provisions of this chapter including all persons conducting, participating in, or attending any race meeting. It shall employ such persons to be present at race meetings as are necessary to ensure that they are conducted with order and the highest degree of integrity. It may eject or exclude from the enclosure or from any part thereof any person, whether or not he possesses a license or permit, whose conduct or reputation is such that his presence may, in the opinion of the Commission, reflect on the honesty and integrity of horse racing or interfere with the orderly conduct of horse racing.

2. The Commission, its representatives, and employees shall visit, investigate, and have free access to the office, track, facilities, satellite facilities or other places of business of any license or permit holder, and may compel the production of any of the books, documents, records, or memoranda of any license or permit holder for the purpose of satisfying itself that this chapter and its regulations are strictly complied with. In addition, the Commission may require any person granted a permit by the Commission and shall require any person licensed by the Commission, the recognized majority horsemen's group, and the nonprofit industry stakeholder organization recognized by the Commission under this chapter to produce an annual balance sheet and operating statement prepared by a certified public accountant approved by the Commission. The Commission may require the production of any contract to which such person is or may be a party.

3. The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter, including a requirement that licensees post, in a conspicuous place in every place where pari-mutuel wagering is conducted, (i) a sign that bears a toll-free telephone number for ~~"Gamblers Anonymous" or other organization that provides assistance to compulsive gamblers~~ *the National Problem Gambling Helpline* and (ii) a sign that bears the toll-free number and website for the illegal gaming tip line established and administered by the Office of the Gaming Enforcement Coordinator in the Department of State Police pursuant to § 52-54 for members of the public to report concerns about, or suspected instances of, illegal gaming activities. Such regulations shall include provisions for affirmative action to assure participation by minority persons in contracts granted by the Commission and its licensees. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any horse racetrack. Such regulations may include penalties for violations. The regulations shall be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

4. The Commission shall promulgate regulations and conditions under which simulcast horse racing shall be conducted at a licensed horse racetrack or satellite facility in the Commonwealth and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter. Such regulations shall include provisions that all simulcast horse racing shall comply with the Interstate Horse Racing Act of 1978 (15 U.S.C. § 3001 et seq.) and shall require the holder of a license to schedule no more than 125 live racing days in the Commonwealth each calendar year; however, the Commission

shall have the authority to alter the required number of live racing days in the event of force majeure. Such regulations shall authorize up to 10 satellite facilities and restrict majority ownership of satellite facilities to an entity licensed by the Commission that is a significant infrastructure limited licensee, or if by August 1, 2015, there is no such licensee or a pending application for such license, then the nonprofit industry stakeholder organization recognized by the Commission may be granted licenses to own or operate satellite facilities. If, however, after the issuance of a license to own or operate a satellite facility to such nonprofit industry stakeholder organization, the Commission grants a license to a significant infrastructure limited licensee pursuant to § 59.1-376, then such limited licensee may own or operate the remaining available satellite facilities authorized in accordance with this subdivision. In no event shall the Commission authorize any such entities to own or operate more than a combined total of 10 satellite facilities. Nothing in this subdivision shall be deemed to preclude private local ownership or participation in any satellite facility. Except as authorized pursuant to subdivision 5, wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility. For purposes of this subdivision, "force majeure" means an event or events reasonably beyond the ability of the Commission to anticipate and control. "Force majeure" includes acts of God, incidences of terrorism, war or riots, labor strikes or civil disturbances, floods, earthquakes, fire, explosions, epidemics, hurricanes, tornadoes, and governmental actions and restrictions.

5. The Commission shall promulgate regulations and conditions regulating and controlling advance deposit account wagering. Such regulations shall include (i) standards, qualifications, and procedures for the issuance of a license to an entity for the operation of pari-mutuel wagering in the Commonwealth; except that the Commission shall not issue a license to, and shall revoke the license of, an entity that, either directly or through an entity under common control with it, withholds the sale at fair market value to a licensee of simulcast horse racing signals that such entity or an entity under common control with it sells to other racetracks, satellite facilities, or advance deposit account wagering providers located in or outside of the Commonwealth; (ii) provisions regarding access to books, records, and memoranda, and submission to investigations and audits, as authorized by subdivisions 2 and 10; and (iii) provisions regarding the collection of all revenues due to the Commonwealth from the placing of such wagers. No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school or institution of higher education. The Commission also shall ensure that, except for this method of pari-mutuel wagering, all wagering on simulcast horse racing shall take place only at a licensed horse racetrack or satellite facility.

Nothing in this subdivision shall be construed to limit the Commission's authority as set forth elsewhere in this section.

6. The Commission may issue subpoenas for the attendance of witnesses before it, administer oaths, and compel production of records or other documents and testimony of such witnesses whenever, in the judgment of the Commission, it is necessary to do so for the effectual discharge of its duties.

7. The Commission may compel any person holding a license or permit to file with the Commission such data as shall appear to the Commission to be necessary for the performance of its duties including financial statements and information relative to stockholders and all others with any pecuniary interest in such person. It may prescribe the manner in which books and records of such persons shall be kept.

8. The Commission may enter into arrangements with any foreign or domestic government or governmental agency, for the purposes of exchanging information or performing any other act to better ensure the proper conduct of horse racing.

9. The Commission shall report annually on or before March 1 to the Governor and the General Assembly, which report shall include a financial statement of the operation of the Commission.

10. The Commission may order such audits, in addition to those required by § 59.1-394, as it deems necessary and desirable.

11. The Commission shall upon the receipt of a complaint of an alleged criminal violation of this chapter immediately report the complaint to the Attorney General of the Commonwealth and the State Police for appropriate action.

12. The Commission shall provide for the withholding of the applicable amount of state and federal income tax of persons claiming a prize or pay-off for a winning wager and shall establish the thresholds for such withholdings.

13. The Commission, its representatives and employees may, within the enclosure, stable, or other facility related to the conduct of racing, and during regular or usual business hours, subject any (i) permit holder to personal inspections, including alcohol and drug testing for illegal drugs, inspections of personal property, and inspections of other property or premises under the control of such permit holder and (ii) horse eligible to race at a race meeting licensed by the Commission to testing for substances foreign to the natural horse within the racetrack enclosure or other place where such horse is kept. Any item, document or record indicative of a violation of any provision of this chapter or Commission regulations may be seized as evidence of such violation. All permit holders consent to the searches and seizures authorized by this subdivision, including breath, blood and urine sampling for alcohol and illegal drugs, by accepting the permit issued by the Commission. The Commission may revoke or suspend the permit of any person who fails or refuses to comply with this subdivision or any rules of the Commission. Commission regulations in effect on July 1, 1998, shall continue in full force and effect until modified by the Commission in accordance with law.

14. The Commission shall require the existence of a contract between each licensee and the recognized majority horsemen's group for that licensee. Such contract shall be subject to the approval of the Commission, which shall have the power to approve or disapprove any of its items, including the provisions regarding purses and prizes. Such contracts shall provide that on pools generated by wagering on simulcast horse racing from outside the Commonwealth, (i) for the first $75 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of five

percent in the horsemen's purse account, (ii) for any amount in excess of $75 million but less than $150 million of the total pari-mutuel handle for each breed, the licensee shall deposit funds at the minimum rate of six percent in the horsemen's purse account, (iii) for amounts in excess of $150 million for each breed, the licensee shall deposit funds at the minimum rate of seven percent in the horsemen's purse account. Such deposits shall be made in the horsemen's purse accounts of the breed that generated the pools and such deposits shall be made within five days from the date on which the licensee receives wagers. In the absence of the required contract between the licensee and the recognized majority horsemen's group, the Commission may permit wagering to proceed on simulcast horse racing from outside of the Commonwealth, provided that the licensee deposits into the State Racing Operations Fund created pursuant to § 59.1-370.1 an amount equal to the minimum percentage of the total pari-mutuel handles as required in clauses (i), (ii), and (iii) or such lesser amount as the Commission may approve. The deposits shall be made within five days from the date on which the licensee receives wagers. Once a contract between the licensee and the recognized majority horsemen's group is executed and approved by the Commission, the Commission shall transfer these funds to the licensee and the horsemen's purse accounts.

15. Notwithstanding the provisions of § 59.1-391, the Commission may grant provisional limited licenses or provisional unlimited licenses to own or operate racetracks or satellite facilities to an applicant prior to the applicant securing the approval through the local referendum required by § 59.1-391. The provisional licenses issued by the Commission shall only become effective upon the approval of the racetrack or satellite wagering facilities in a referendum conducted pursuant to § 59.1-391 in the jurisdiction in which the racetrack or satellite wagering facility is to be located.

16. The Commission or its representatives shall participate in the Problem Gambling Treatment and Support Advisory Committee established pursuant to § 37.2-304 by the Department of Behavioral Health and Developmental Services to enable collaboration among prevention and treatment providers and operators of legal gaming in the Commonwealth on efforts to reduce the negative effects of problem gambling.

17. The Commission shall promulgate regulations requiring, for each calendar year, any significant infrastructure limited licensee that offers pari-mutuel wagering on historical horse racing to hold at least one live Thoroughbred horse racing day, consisting of not less than eight races per day, for every 100 historical horse racing terminals installed at its significant infrastructure facility together with any satellite facility owned, operated, controlled, managed, or otherwise directly or indirectly affiliated with such licensee. The regulations shall require any such significant infrastructure limited licensee that holds more than one live Thoroughbred horse racing day in accordance with the provisions of this subdivision to hold at least one of those racing days on a weekend. The number of historical horse racing terminals installed at a significant infrastructure facility shall be calculated as of December 31 of the calendar year in question; however, only historical horse racing terminals that are fully operational shall be included in such calculation.

It is the obligation of the Division to provide for such indemnification regardless of whether there is a request for or an award of damages associated with the award of such fees and expenses.

a. As a condition of coverage for the payment of attorney fees and expenses, the department, agency, institution, board, commission, officer, agent, or employee of the Commonwealth shall (i) promptly notify the Division of the commencement of any claim, suit, action or other proceeding prior to its settlement, (ii) provide the Division with full nonprivileged information on the matter as requested, and (iii) permit the Division to participate in the investigation of such claim, suit, action or other proceeding. Failure to promptly notify the Division or to reasonably cooperate may, at the Division's discretion, result in no payment or a reduced payment being made.

b. The Division shall set the premium and administrative costs to be paid to it for providing payment of attorney fees and expenses awarded pursuant to this section. The premiums and administrative costs set by the Division shall be payable in the amounts, at the time and in the manner that the Division in its sole discretion requires. E. The risk management plan established pursuant to this section shall provide protection against any claim made against any soil and water conservation district, director, officer, agent or employee thereof, (i) arising out of the ownership, maintenance or use of buildings, grounds or properties owned, leased or maintained by any such district or used by district employees or other authorized persons in the course of their employment or (ii) arising out of acts or omissions of any nature while acting in an authorized governmental or proprietary capacity and in the course and scope of employment or authorization.

CHAPTER 340

An Act to amend and reenact § 33.2-1915 of the Code of Virginia, relating to transportation district commissions; contracts or agreements.

[S 1317]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 33.2-1915 of the Code of Virginia is amended and reenacted as follows:

§ 33.2-1915. Powers and functions generally.

A. Notwithstanding any other contrary provision of law, a commission shall, except as provided in subsection B, have the following powers and functions:

1. The commission shall prepare the transportation plan for the transportation district and shall revise and amend the plan in accordance with the planning process and procedures specified in Article 7 (§ 33.2-1928 et seq.).

2. The commission may, when a transportation plan is adopted according to Article 7 (§ 33.2-1928 et seq.), construct or acquire, by purchase or lease, the transportation facilities specified in such transportation plan.

3. The commission may enter into agreements or leases with private companies for the operation of its facilities or may operate such facilities itself.

4. The commission may enter into contracts or agreements with *(i)* the counties and cities within the transportation district~~, with~~*; (ii)* counties and cities that adjoin the transportation district and are within the same planning district~~,~~*; (iii) other counties, cities, and towns and commissions when the provision of transit facilities and other modes of transportation will include service to, through, or within such locality or transportation district;* or ~~with~~ *(iv)* other commissions of adjoining transportation districts *or planning districts* to provide, or cause to be provided, transit facilities and service to such counties ~~and~~, cities*, and towns* or to provide transit facilities and other modes of transportation between adjoining transportation districts *or planning district commissions*. Such contracts or agreements, together with any agreements or leases for the operation of such facilities, may be utilized by the transportation district to finance the construction and operation of transportation facilities, and such contracts, agreements, or leases shall inure to the benefit of any creditor of the transportation district.

However, except in any transportation district containing any or all of the Counties of Chesterfield, Hanover, and Henrico or the City of Richmond, being so delegated by the respective local governments, the commission shall not have the power to regulate services provided by taxicabs, either within municipalities or across municipal boundaries, which regulation is expressly reserved to the municipalities within which taxicabs operate. In any transportation district containing any or all of the Counties of Chesterfield, Hanover, and Henrico or the City of Richmond, the commission may, upon proper authority granted by the respective component governments, regulate services provided by taxicabs, either within localities or across county or city boundaries.

B. The Northern Virginia Transportation Commission:

1. Shall not prepare a transportation plan or construct or operate transit facilities, but shall collaborate and cooperate in the manner specified in Article 7 (§ 33.2-1928 et seq.) with an agency in preparing, revising, and amending a transportation plan for such metropolitan area.

2. Shall, according to Article 7 (§ 33.2-1928 et seq.) and in cooperation with the governing bodies of the component governments embraced by the transportation district, formulate the tentative policy and decisions of the transportation district with respect to the planning, design, location, construction, operation, and financing of transportation facilities.

3. May, when a transportation plan applicable to such a transportation district is adopted, enter into contracts or agreements with an agency to contribute to the capital required for the construction or acquisition of transportation facilities and for meeting expenses and obligations in the operations of such facilities.

4. May, when a transportation plan applicable to such transportation district is adopted, enter into contracts or agreements with the counties and cities within the transportation district to provide or cause to be provided transportation facilities and service to such counties and cities.

5. Notwithstanding any other provision in this section to the contrary:

a. May acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise and provide transportation facilities thereon for use in connection with any transportation service;

b. May acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise in advance of need for sale or contribution to an agency, for use by that agency in connection with an adopted mass transit plan;

c. May, in accordance with the terms of any grant from or loan by the United States of America or the Commonwealth, or any agency or instrumentality thereof, or when necessary to preserve essential transportation service, acquire transit facilities or any carrier that is subject to the jurisdiction of the Washington Metropolitan Area Transit Commission by acquisition of the capital stock or transit facilities and other assets of any such carrier and shall provide for the performance of transportation by any such carrier or with such transit facilities by contract or lease. However, the contract or lease shall be for a term of no more than one year, renewable for additional terms of similar duration, and, in order to assure acceptable fare levels, may provide for financial assistance by purchase of service, operating subsidies, or otherwise. No such service shall be rendered that will adversely affect transit service rendered by the transit facilities owned or controlled by the agency

or any existing private transit or transportation company. When notified by the agency that it is authorized to perform or cause to be performed transportation services with motor vehicle facilities, the commission, upon request by the agency, shall transfer such capital stock or transit facilities to the agency at a price to be agreed upon; and

d. May prepare a plan for mass transportation services with cities, counties, agencies, authorities, or commissions and may further contract with transportation companies, cities, counties, commissions, authorities, agencies, and departments of the Commonwealth and appropriate agencies of the federal government or governments contiguous to the Commonwealth to provide necessary facilities, equipment, operations and maintenance, access, and insurance pursuant to such plan.

C. The provisions of subdivisions B 1 through 4 and subdivisions B 5 b and c shall not apply (i) to any transportation district that may be established on or after July 1, 1986, and that includes any one or more localities that are located within a metropolitan area, but that were not, on January 1, 1986, members of any other transportation district or (ii) to any locality that, after July 1, 1989, joins a transportation district that was established on or before January 1, 1986. The provisions of this subsection shall apply only to any transportation district or locality that is contiguous to the Northern Virginia Transportation District. Any such district or locality shall be subject to the provisions of subsection A and further may exercise the powers granted by subdivision B 5 a to acquire land or any interest therein by purchase, lease, gift, condemnation, or otherwise and provide transportation facilities thereon for use in connection with any transportation service.

D. Until such time as a commission enters into contracts or agreements with its component governments under the provisions of subdivisions A 4 and B 4 and is receiving revenues thereunder adequate to meet the administrative expenses of the commission after paying or providing for the payment of the obligations arising under said subdivisions, the administrative expenses of the commission shall be borne by the component governments in the manner set forth in this section. The commission annually shall submit to the governing bodies of the component counties and cities a budget of its administrative requirements for the next year.

E. The administrative expenses of the Northern Virginia Transportation Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component governments on the basis of population as reflected by the latest population statistics of the U.S. Census Bureau; however, upon the request of any component government, the commission shall make the allocation upon estimates of population prepared in a manner approved by the commission and by the governing body of the component government making such request. The administrative expenses of the Northern Virginia Transportation Commission, to the extent funds for such expenses are not provided from other sources, shall be allocated among the component governments on the basis of the relative shares of state and federal transit aids allocated by the Commission among its component governments. Such budget shall be limited solely to the administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performing of transportation service. In addition, the Northern Virginia Transportation Commission annually shall submit to the governing bodies of the component counties and cities a budget of its other expenses and obligations for the ensuing year. Such expenses and obligations shall be borne by the component counties and cities in accordance with prior arrangements made therefor.

F. When a transportation plan has been adopted under subdivision 4 of § 33.2-1929, the commission shall determine the equitable allocation among the component governments of the costs incurred by the district in providing the transportation facilities proposed in the transportation plan and any expenses and obligations from the operation thereof to be borne by each county and city. In making such determinations, the commission shall consider the cost of the facilities located within each county and city, the population of each county and city, the benefits to be derived by each county and city from the proposed transportation service, and all other factors that the commission determines to be relevant. Such determination, however, shall not create a commitment by the counties and cities, and such commitments shall be created only under the contracts or agreements specified in subdivisions A 4 and B 4.

[S 1363]

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-109, 54.1-113, 54.1-2400, 54.1-2409, 54.1-2410, 54.1-2411, 54.1-2412, 54.1-2500, 54.1-2503, 54.1-2505, 54.1-2506, 54.1-2729.2, 54.1-2729.3, 54.1-2731, 54.1-3401, and 54.1-3408 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-109. Reviews and appeals.

Any person who has been aggrieved by any action of the Department of Professional and Occupational Regulation, *the* Department of Health Professions, *the* Board for Professional and Occupational Regulation, ~~Board of Health Professions,~~ any regulatory board within the Departments, or any panel of a health regulatory board convened pursuant to § 54.1-2400

shall be entitled to a review of such action. Appeals from such actions shall be in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

§ 54.1-113. Regulatory boards to adjust fees; certain transfer of moneys collected on behalf of health regulatory boards prohibited.

A. Following the close of any biennium, when the account for any regulatory board within the Department of Professional and Occupational Regulation maintained under § 54.1-308 shows that unspent and unencumbered revenue exceeds $100,000 or 20 percent of the total expenses allocated to the regulatory board for the past biennium, whichever is greater, the regulatory board shall (i) distribute all such excess revenue to current regulants and (ii) reduce the fees levied by it for certification, licensure, registration, or permit and renewal thereof so that the fees are sufficient but not excessive to cover expenses.

B. Following the close of any biennium, when the account for any regulatory board within the Department of Health Professions maintained under § 54.1-2505 shows expenses allocated to it for the past biennium to be more than 10 percent greater or less than moneys collected on behalf of the regulatory board, it shall revise the fees levied by it for certification, licensure, registration, or permit and renewal thereof so that the fees are sufficient but not excessive to cover expenses.

C. Nongeneral funds generated by fees collected on behalf of the health regulatory boards and accounted for and deposited into a special fund by the Director of the Department of Health Professions shall be held exclusively to cover the expenses of the health regulatory boards, the Health Practitioners' Monitoring Program, and the Department ~~and Board~~ of Health Professions and shall not be transferred to any agency other than the Department of Health Professions, except as provided in §§ 54.1-3011.1 and 54.1-3011.2.

§ 54.1-2400. General powers and duties of health regulatory boards.

The general powers and duties of health regulatory boards shall be:

1. To establish the qualifications for registration, certification, licensure, permit, or the issuance of a multistate licensure privilege in accordance with the applicable law ~~which~~ *that* are necessary to ensure competence and integrity to engage in the regulated professions.

2. To examine or cause to be examined applicants for certification, licensure, or registration. Unless otherwise required by law, examinations shall be administered in writing or shall be a demonstration of manual skills.

3. To register, certify, license, or issue a multistate licensure privilege to qualified applicants as practitioners of the particular profession or professions regulated by such board.

4. To establish schedules for renewals of registration, certification, licensure, permit, and the issuance of a multistate licensure privilege.

5. To levy and collect fees for application processing, examination, registration, certification, permitting, or licensure or the issuance of a multistate licensure privilege and renewal that are sufficient to cover all expenses for the administration and operation of the Department of Health Professions~~, the Board of Health Professions,~~ and the health regulatory boards.

6. To promulgate regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) that are reasonable and necessary to administer effectively the regulatory system, which shall include provisions for the satisfaction of board-required continuing education for individuals registered, certified, licensed, or issued a multistate licensure privilege by a health regulatory board through delivery of health care services, without compensation, to low-income individuals receiving health services through a local health department or a free clinic organized in whole or primarily for the delivery of those health services. Such regulations shall not conflict with the purposes and intent of this chapter or of Chapter 1 (§ 54.1-100 et seq.) and Chapter 25 (§ 54.1-2500 et seq.).

7. To revoke, suspend, restrict, or refuse to issue or renew a registration, certificate, license, permit, or multistate licensure privilege ~~which~~ *that* such board has authority to issue for causes enumerated in applicable law and regulations.

8. To appoint designees from their membership or immediate staff to coordinate with the Director and the Health Practitioners' Monitoring Program Committee and to implement, as is necessary, the provisions of Chapter 25.1 (§ 54.1-2515 et seq.). Each health regulatory board shall appoint one such designee.

9. To take appropriate disciplinary action for violations of applicable law and regulations~~,~~ and to accept, in their discretion, the surrender of a license, certificate, registration, permit, or multistate licensure privilege in lieu of disciplinary action.

10. To appoint a special conference committee, composed of not less than two members of a health regulatory board or, when required for special conference committees of the Board of Medicine, not less than two members of the Board and one member of the relevant advisory board, or, when required for special conference committees of the Board of Nursing, not less than one member of the Board and one member of the relevant advisory board, to act in accordance with § 2.2-4019 upon receipt of information that a practitioner or permit holder of the appropriate board may be subject to disciplinary action or to consider an application for a license, certification, registration, permit, or multistate licensure privilege in nursing. The special conference committee may (i) exonerate; (ii) reinstate; (iii) place the practitioner or permit holder on probation with such terms as it may deem appropriate; (iv) reprimand; (v) modify a previous order; (vi) impose a monetary penalty pursuant to § 54.1-2401, (vii) deny or grant an application for licensure, certification, registration, permit, or multistate licensure privilege; and (viii) issue a restricted license, certification, registration, permit, or multistate licensure privilege subject to terms and conditions. The order of the special conference committee shall become final 30 days after service of the order unless a written request to the board for a hearing is received within such time. If service of the decision to a party is accomplished by mail, three days shall be added to the 30-day period. Upon receiving a timely written request

for a hearing, the board or a panel of the board shall then proceed with a hearing as provided in § 2.2-4020, and the action of the committee shall be vacated. This subdivision shall not be construed to limit the authority of a board to delegate to an appropriately qualified agency subordinate, as defined in § 2.2-4001, the authority to conduct informal fact-finding proceedings in accordance with § 2.2-4019. The recommendation of such subordinate may be considered by a panel consisting of at least five board members, or, if a quorum of the board is less than five members, consisting of a quorum of the members, convened for the purpose of issuing a case decision. Criteria for the appointment of an agency subordinate shall be set forth in regulations adopted by the board.

11. To convene, at their discretion, a panel consisting of at least five board members or, if a quorum of the board is less than five members, consisting of a quorum of the members to conduct formal proceedings pursuant to § 2.2-4020, decide the case, and issue a final agency case decision. Any decision rendered by majority vote of such panel shall have the same effect as if made by the full board and shall be subject to court review in accordance with the Administrative Process Act. No member who participates in an informal proceeding conducted in accordance with § 2.2-4019 shall serve on a panel conducting formal proceedings pursuant to § 2.2-4020 to consider the same matter.

12. To issue inactive licenses or certificates and promulgate regulations to carry out such purpose. Such regulations shall include, but not be limited to, the qualifications, renewal fees, and conditions for reactivation of licenses or certificates.

13. To meet by telephone conference call to consider settlement proposals in matters pending before special conference committees convened pursuant to this section, or matters referred for formal proceedings pursuant to § 2.2-4020 to a health regulatory board or a panel of the board or to consider modifications of previously issued board orders when such considerations have been requested by either of the parties.

14. To request and accept *a confidential consent agreement, in lieu of disciplinary action,* from a certified, registered, or licensed practitioner; a facility holding a license, certification, registration, or permit; or a person holding a multistate licensure privilege to practice nursing~~, in lieu of disciplinary action, a confidential consent agreement~~. A confidential consent agreement shall be subject to the confidentiality provisions of § 54.1-2400.2 and shall not be disclosed by a practitioner or facility. A confidential consent agreement shall include findings of fact and may include an admission or a finding of a violation. A confidential consent agreement shall not be considered either a notice or order of any health regulatory board, but it may be considered by a board in future disciplinary proceedings. A confidential consent agreement shall be entered into only in cases involving minor misconduct where there is little or no injury to a patient or the public and little likelihood of repetition by the practitioner or facility. A board shall not enter into a confidential consent agreement if there is probable cause to believe the practitioner or facility has (i) demonstrated gross negligence or intentional misconduct in the care of patients or (ii) conducted his practice in such a manner as to be a danger to the health and welfare of his patients or the public. A certified, registered, or licensed practitioner, a facility holding a license, certification, registration, or permit, or a person holding a multistate licensure privilege to practice nursing who has entered into two confidential consent agreements involving a standard of care violation~~,~~ within the 10-year period immediately preceding a board's receipt of the most recent report or complaint being considered~~,~~ shall receive public discipline for any subsequent violation within the 10-year period unless the board finds there are sufficient facts and circumstances to rebut the presumption that the disciplinary action be made public.

15. When a board has probable cause to believe a practitioner is unable to practice with reasonable skill and safety to patients because of excessive use of alcohol or drugs or physical or mental illness, the board, after preliminary investigation by an informal fact-finding proceeding, may direct that the practitioner submit to a mental or physical examination. Failure to submit to the examination shall constitute grounds for disciplinary action. Any practitioner affected by this subsection shall be afforded reasonable opportunity to demonstrate that he is competent to practice with reasonable skill and safety to patients. For the purposes of this subdivision, "practitioner" shall include any person holding a multistate licensure privilege to practice nursing.

§ 54.1-2409. Mandatory suspension or revocation; reinstatement; hearing for reinstatement.

A. Upon receipt of documentation by any court or government agency that a person licensed, certified, or registered by a board within the Department of Health Professions has (i) had his license, certificate, or registration to practice the same profession or occupation revoked or suspended for reasons other than nonrenewal or accepted for surrender in lieu of disciplinary action in another jurisdiction and has not had his license, certificate, or registration to so practice reinstated within that jurisdiction, unless such revocation, suspension, or surrender was based solely on the disciplinary action of a board within the Department or mandatory suspension by the Director of the Department or (ii) been convicted of a felony or has been adjudged incapacitated, the Director shall immediately suspend, without a hearing, the license, certificate, or registration of any person so disciplined, convicted, or adjudged. The Director shall notify such person or his legal guardian, conservator, trustee, committee, or other representative of the suspension in writing to his address on record with the Department. Such notice shall include a copy of the documentation from such court or agency, certified by the Director as the documentation received from such court or agency. Such person shall not have the right to practice within ~~this~~ *the* Commonwealth until his license, certificate, or registration has been reinstated by the ~~Board~~ *relevant board within the Department of Health Professions*.

B. The clerk of any court in which a conviction of a felony or an adjudication of incapacity is made, who has knowledge that a person licensed, certified, or registered by a board within the Department has been convicted or found incapacitated, shall have a duty to report these findings promptly to the Director.

C. When a conviction has not become final, the Director may decline to suspend the license, certificate, or registration until the conviction becomes final if there is a likelihood of injury or damage to the public if the person's services are not available.

D. Any person whose license, certificate, or registration has been suspended as provided in this section may apply to the board for reinstatement of his license, certificate, or registration. Such person shall be entitled to a hearing not later than the next regular meeting of the board after the expiration of 60 days from the receipt of such application, and shall have the right to be represented by counsel and to summon witnesses to testify in his behalf. The ~~Board~~ *board* may consider other information concerning possible violations of Virginia law at such hearing, if reasonable notice is given to such person of the information.

The reinstatement of the applicant's license, certificate, or registration shall require the affirmative vote of three-fourths of the members of the board at the hearing. The board may order such reinstatement without further examination of the applicant, or reinstate the license, certificate, or registration upon such terms and conditions as it deems appropriate.

E. Pursuant to the authority of the Board of Nursing provided in Chapter 30 (§ 54.1-3000 et seq.) ~~of this title~~, the provisions of this section shall apply, mutatis mutandis, to persons holding a multistate licensure privilege to practice nursing.

A. Unless the practitioner directly provides health services within the entity and will be personally involved with the provision of care to the referred patient, or has been granted an exception by the ~~Board~~ *Department* or satisfies the provisions of subsections D or E of this section or of subsections D or E of § 54.1-2413, a practitioner shall not refer a patient for health services to an entity outside the practitioner's office or group practice if the practitioner or any of the practitioner's immediate family members is an investor in such entity.

B. The ~~Board~~ *Department* may grant an exception to the prohibitions in this chapter, and may permit a practitioner to invest in and refer to an entity, regardless of whether the practitioner provides direct services within such entity, if there is a demonstrated need in the community for the entity and all of the following conditions are met:

CHAPTER 343

An Act to amend and reenact §§ 18.2-270.1 and 18.2-271.1 of the Code of Virginia, relating to ignition interlock system; duration.

[S 1392]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-270.1 and 18.2-271.1 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-270.1. Ignition interlock systems; penalty.

A. For purposes of this section and § 18.2-270.2:

"Commission" means the Commission on VASAP.

"Department" means the Department of Motor Vehicles.

"Ignition interlock system" means a device that (i) connects a motor vehicle ignition system to an analyzer that measures a driver's blood alcohol content; (ii) prevents a motor vehicle ignition from starting if a driver's blood alcohol

content exceeds 0.02 percent; and (iii) is equipped with the ability to perform a rolling retest and to electronically log the blood alcohol content during ignition, attempted ignition, and rolling retest.

"Remote alcohol monitoring device" means an unsupervised mobile testing device with the ability to confirm the location and presence of alcohol in a person and that is capable of scheduled, random, and on-demand tests that provide immediate, or as-requested, results. A testing device may be worn or used by persons ordered by the court to provide measurements of the presence of alcohol in their blood.

"Rolling retest" means a test of the vehicle operator's blood alcohol content required at random intervals during operation of the vehicle, which triggers the sounding of the horn and flashing of lights if (i) the test indicates that the operator has a blood alcohol content which exceeds 0.02 percent or (ii) the operator fails to take the test.

B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or clauses (i), (ii), or (iv) of § 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than ~~six~~ *12* consecutive months without alcohol-related violations of the interlock requirements. In addition to any penalty provided by law for a conviction under clauses (iii) or (v) of § 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper jurisdiction may, for a first offense, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than ~~six~~ *12* consecutive months without alcohol-related violations of the interlock requirements. The court shall, as a condition of a restricted license for a conviction under § 18.2-51.4, a second or subsequent offense of § 18.2-266 or a substantially similar ordinance of any county, city, or town, or as a condition of license restoration pursuant to subsection C of § 18.2-271.1 or § 46.2-391, require that such a system be installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part, for any period of time not less than ~~six~~ *12* consecutive months without alcohol-related violations of the interlock requirements. Such condition shall be in addition to any purposes for which a restricted license may be issued pursuant to § 18.2-271.1. Whenever an ignition interlock system is required, the court may order the installation of an ignition interlock system to commence immediately upon conviction. A fee of $20 to cover court and administrative costs related to the ignition interlock system shall be paid by any such offender to the clerk of the court. The court shall require the offender to install an electronic log device with the ignition interlock system on a vehicle designated by the court to measure the blood alcohol content at each attempted ignition and random rolling retest during operation of the vehicle. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and to conditions established by regulation under § 18.2-270.2 by the Commission during the period for which the court has ordered installation of the ignition interlock system. The offender shall be further required to provide to such program, at least quarterly during the period of court ordered ignition interlock installation, a printout from such electronic log indicating the offender's blood alcohol content during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper with the equipment. The period of time during which the offender (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the offender, in whole or in part, shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.

C. However, ~~upon motion of an offender,~~ if (i) a conviction was under § 18.2-266 or a substantially similar ordinance of any county, city, or town; (ii) the conviction was for a first offense; *and* (iii) the offender was an adult at the time of the offense~~; and (iv) the offenders' blood alcohol content was less than 0.15~~, the only restriction of a restricted license that the court shall impose is to prohibit the offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for not less than 12 consecutive months without alcohol-related violations of the interlock requirements. *Upon motion of an offender, a court may require a minimum of six consecutive months without alcohol-related violations of the interlock requirements if additional restrictions are ordered for the duration of the restricted license.*

D. In any case in which the court requires the installation of an ignition interlock system, the court shall order the offender not to operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect. The clerk of the court shall file with the Department of Motor Vehicles a copy of the order, which shall become a part of the offender's operator's license record maintained by the Department. The Department shall issue to the offender for the period during which the interlock restriction is imposed a restricted license which shall appropriately set forth the restrictions required by the court under this subsection and any other restrictions imposed upon the offender's driving privilege, and shall also set forth any exception granted by the court under subsection I.

E. The court may, upon motion of an offender who is ineligible to receive a restricted license in accordance with subsection C, order that the offender (i) use a remote alcohol monitoring device for a period of time coextensive with the period of time of the prohibition imposed under subsection B and (ii) refrain from alcohol consumption during such period of time. Additionally, upon such motion and pursuant to § 18.2-271.1, the court may issue a restricted license to operate a motor vehicle for any purpose to a person who is prohibited from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system when such person is ordered to use a remote alcohol monitoring device

pursuant to this subsection and has a functioning, certified ignition interlock system installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part.

A fee of $20 to cover court and administrative costs related to the remote alcohol monitoring device shall be paid by any such offender to the clerk of the court. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and shall comply with all conditions established by regulation under § 18.2-270.2 by the Commission during the period for which the court has ordered the use of a remote alcohol monitoring device. The offender shall be further required to provide to such program, at least quarterly during the period of time the offender is ordered to use a remote alcohol monitoring device, a copy of the data from such device indicating the offender's blood alcohol content and showing attempts to circumvent or tamper with the device. The period of time during which the offender is required to use a remote alcohol monitoring device shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.

F. The offender shall be ordered to provide the appropriate ASAP program, within 30 days of the effective date of the order of court, proof of the installation of the ignition interlock system, and, if applicable, proof that the offender is using a remote alcohol monitoring device. The Program shall require the offender to have the system and device monitored and calibrated for proper operation at least every 30 days by an entity approved by the Commission under the provisions of § 18.2-270.2 and to demonstrate proof thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition interlock system and the remote alcohol monitoring device. Absent good cause shown, the court may revoke the offender's driving privilege for failing to (i) timely install such system or use such device or (ii) have the system or device properly monitored and calibrated.

G. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to a person who is prohibited under this section from operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with, or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in the motor vehicle of a person under this section. Except as authorized in subsection I, no person shall knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person prohibited under subsection B from operating any motor vehicle that is not equipped with such system. A violation of this subsection is punishable as a Class 1 misdemeanor. The venue for the prosecution of a violation of this subsection shall be where the offense occurred or the jurisdiction in which the order entered pursuant to subsection B was entered.

H. No person shall tamper with, or in any way attempt to circumvent the operation of, a remote alcohol monitoring device that an offender is ordered to use under this section. A violation of this subsection is punishable as a Class 1 misdemeanor.

Any person who violates this subsection shall have his restricted license issued pursuant to subsection E, as it shall become effective on July 1, 2021, revoked. The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle in accordance with the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1.

I. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of his employment, operate a motor vehicle that is owned or provided by his employer without installation of an ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at the request of the employer; such person shall not be permitted to operate any other vehicle without a functioning ignition interlock system and, in no event, shall such person be permitted to operate a school bus, school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from operating a vehicle without an ignition interlock system.

J. The Commission shall promulgate such regulations and forms as are necessary to implement the procedures outlined in this section.

§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company

shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than $250 but no more than $300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of ~~six~~ *12 consecutive* months *without alcohol-related violations of the interlock requirements* beginning at the end of the ~~three year~~ *three-year* license revocation, unless such a system has already been installed for ~~six~~ *12 consecutive* months *without alcohol-related violations of the interlock requirements* prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than ~~six~~ *12* consecutive months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in an administrative or court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to and from a job interview for which he maintains on his person written proof from the prospective employer of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia Employment Commission for the purpose of seeking employment. However, (a) any such person who is eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a functioning, certified ignition interlock system as required by law may be issued a restricted permit to operate a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city, or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be $105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, $40 shall be transferred to the Commission on VASAP, and $25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund. Any person who is otherwise eligible to receive a restricted license issued in accordance with this subsection or as otherwise provided by law shall not be required to pay in full his fines and costs, as defined in § 19.2-354.1, before being issued such restricted license.

F. The court shall have jurisdiction over any person entering such program under any provision of this section, or under any provision of § 46.2-392, until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be

grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court that has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, the Commission on VASAP or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans or payments shall be deposited in the separate fund provided in subsection B.

I. The Commission on VASAP, or any county, city, or town, or any combination thereof, may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board. Such local independent policy board shall be chosen in accordance with procedures approved and promulgated by the Commission on VASAP. Such procedures shall provide that the board shall endeavor to select one criminal defense attorney who has specialized knowledge in representing persons charged with driving while intoxicated offenses and one local attorney for the Commonwealth to sit on such local independent policy board. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

This section does not prescribe the only means, or necessarily the required means, of serving a foreign stock or nonstock corporation or foreign limited liability company.

For the purposes of responding to a subpoena served in the manner prescribed by this section, a foreign corporation transacting business in the Commonwealth that has a registered agent in the Commonwealth shall be deemed to have consented to service.

§ 19.2-53. What may be searched and seized.

A. Search warrants may be issued for the search of or for specified places, things, or persons, and seizure therefrom of the following things as specified in the warrant:

1. Weapons or other objects used in the commission of crime;

2. Articles or things the sale or possession of which is unlawful;

4. Any object, thing, or person, including ~~without limitation,~~ *(i)* documents, *(ii)* books, *(iii)* papers, *(iv)* records, ~~or~~ *(v)* body fluids*, or (vi) electronic records stored within or outside the Commonwealth of a commercial enterprise, whether a domestic corporation or a foreign corporation, that is transacting or has transacted any business in the Commonwealth*, constituting evidence of the commission of crime; or

5. Any person to be arrested for whom a warrant or process for arrest has been issued.

Notwithstanding any other provision in this chapter to the contrary, no search warrant may be issued as a substitute for a witness subpoena.

B. Any search warrant issued for the search and seizure of a computer, computer network, or other device containing electronic or digital information shall be deemed to include the search and seizure of the physical components and the electronic or digital information contained in any such computer, computer network, or other device, except information for which a search warrant is prohibited by § 19.2-60.2.

C. Any search, including the search of the contents of any computer, computer network, or other device conducted pursuant to subsection B, may be conducted in any location and is not limited to the location where the evidence was seized.

§ 19.2-56. To whom search warrant directed; what it shall command; warrant to show date and time of issuance; copy of affidavit to be part of warrant and served therewith; warrants not executed within 15 days.

A. The judge, magistrate, or other official authorized to issue criminal warrants shall issue a search warrant only if he finds from the facts or circumstances recited in the affidavit that there is probable cause for the issuance thereof. *If a search warrant is issued for electronic records of a foreign corporation, as described in § 19.2-53, such affidavit shall state that the complainant believes such records are actually or constructively possessed by such foreign corporation. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation, as described in § 19.2-53, shall be deemed to have been made in the same place where the search warrant was issued.*

Every search warrant shall be directed (i) to the sheriff, sergeant, or any policeman of the county, city, or town in which the place to be searched is located; (ii) to any law-enforcement officer or agent employed by the Commonwealth and vested with the powers of sheriffs and police; or (iii) jointly to any such sheriff, sergeant, policeman, or law-enforcement officer or agent and an agent, special agent, or officer of the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco, Firearms and Explosives of the U.S. Department of Justice, the United States Naval Criminal Investigative Service, the United States Army Criminal Investigation Division, the United States Air Force Office of Special Investigations, or the U.S. Department of Homeland Security or any inspector, law-enforcement official, or police personnel of the United States Postal Service or the U.S. Drug Enforcement Administration. The warrant shall (a) name the affiant, (b) recite the offense or the identity of the person to be arrested for whom a warrant or process for arrest has been issued in relation to which the search is to be made, (c) name or describe the place to be searched, (d) describe the property or person to be searched for, and (e) recite that the magistrate has found probable cause to believe that the property or person constitutes evidence of a crime (identified in the warrant) or tends to show that a person (named or described therein) has committed or is committing a crime or that the person to be arrested for whom a warrant or process for arrest has been issued is located at the place to be searched.

The warrant shall command that the place be forthwith searched and that the objects or persons described in the warrant, if found there, be seized. An inventory shall be produced before a court having jurisdiction of the offense or over the person to be arrested for whom a warrant or process for arrest has been issued in relation to which the warrant was issued as provided in § 19.2-57.

Any such warrant as provided in this section shall be executed by the policeman or other law-enforcement officer or agent into whose hands it shall come or be delivered. If the warrant is directed jointly to a sheriff, sergeant, policeman, or law-enforcement officer or agent of the Commonwealth and a federal agent or officer as otherwise provided in this section, the warrant may be executed jointly or by the policeman, law-enforcement officer, or agent into whose hands it is delivered. No other person may be permitted to be present during or participate in the execution of a warrant to search a place except (1) the owners and occupants of the place to be searched when permitted to be present by the officer in charge of the conduct of the search and (2) persons designated by the officer in charge of the conduct of the search to assist or provide expertise in the conduct of the search.

Any search warrant for records or other information pertaining to a subscriber to, or customer of, an electronic communication service or remote computing service, whether a domestic corporation or foreign corporation, that is transacting or has transacted any business in the Commonwealth, to be executed upon such service provider may be executed within or outside the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the service provider. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the service provider. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was (A) executed, if executed within the Commonwealth, and a copy of the return shall also be delivered to the clerk of the circuit court of the county or city where the warrant was issued or (B) issued, if executed outside the Commonwealth. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period.

Electronic communication service or remote computing service providers, whether a foreign or domestic corporation, shall also provide the contents of electronic communications pursuant to a search warrant issued under this section and § 19.2-70.3 using the same process described in the preceding paragraph.

Any search warrant for electronic records or other information stored outside of the Commonwealth by a commercial enterprise, whether a domestic corporation or a foreign corporation, that is transacting or has transacted any business in the Commonwealth, to be executed upon such commercial enterprise may be executed within or outside the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the commercial enterprise. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the commercial enterprise. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was (I) executed, if executed within the Commonwealth, and a copy of the return shall also be delivered to the clerk of the circuit court of the county or city where the warrant was issued or (II) issued, if executed outside the Commonwealth. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period.

Notwithstanding the provisions of § 19.2-57, any search warrant for records or other information pertaining to a customer of a financial institution as defined in § 6.2-604, money transmitter as defined in § 6.2-1900, commercial business providing credit history or credit reports, or issuer as defined in § 6.2-424 may be executed within the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the financial institution, money transmitter, commercial business providing credit history or credit reports, or issuer. The officer executing such warrant shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the financial institution, money transmitter, commercial business providing credit history or credit reports, or issuer. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was executed. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period. For the purposes of this section, the warrant will be considered executed in the jurisdiction where the entity on which the warrant is served is located.

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

Any search warrant not executed within 15 days after issuance thereof shall be returned to, and voided by, the officer who issued such search warrant.

B. No law-enforcement officer shall seek, execute, or participate in the execution of a no-knock search warrant. A search warrant for any place of abode authorized under this section shall require that a law-enforcement officer be recognizable and identifiable as a uniformed law-enforcement officer and provide audible notice of his authority and purpose reasonably designed to be heard by the occupants of such place to be searched prior to the execution of such search warrant.

After entering and securing the place to be searched and prior to undertaking any search or seizure pursuant to the search warrant, the executing law-enforcement officer shall give a copy of the search warrant and affidavit to the person to be searched or the owner of the place to be searched or, if the owner is not present, to at least one adult occupant of the place to be searched. If the place to be searched is unoccupied by an adult, the executing law-enforcement officer shall leave a copy of the search warrant and affidavit in a conspicuous place within or affixed to the place to be searched.

Search warrants authorized under this section for the search of any place of abode shall be executed by initial entry of the abode only in the daytime hours between 8:00 a.m. and 5:00 p.m. unless (i) a judge or a magistrate, if a judge is not available, authorizes the execution of such search warrant at another time for good cause shown by particularized facts in an affidavit or (ii) prior to the issuance of the search warrant, law-enforcement officers lawfully entered and secured the place to be searched and remained at such place continuously.

A law-enforcement officer shall make reasonable efforts to locate a judge before seeking authorization to execute the warrant at another time, unless circumstances require the issuance of the warrant after 5:00 p.m., pursuant to the provisions of this subsection, in which case the law-enforcement officer may seek such authorization from a magistrate without first making reasonable efforts to locate a judge. Such reasonable efforts shall be documented in an affidavit and submitted to a magistrate when seeking such authorization.

Any evidence obtained from a search warrant executed in violation of this subsection shall not be admitted into evidence for the Commonwealth in any prosecution.

C. For the purposes of this section:

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

2. That the provisions of this act are intended to reverse the holding in *Yelp, Inc. v. Hadeed Carpet Cleaning, Inc.*, 289 Va. 426 (2015).

3. That the Joint Commission on Technology and Science and the Virginia State Crime Commission shall (i) review existing statutes on service of process and subpoenas relating to electronic records and (ii) provide recommendations to update such statutes relating to the use of technology in the criminal justice system. Such recommendations shall be made to the General Assembly by November 15, 2025.

Such relief may include forgiveness of all or a portion of an assessed civil penalty, the retroactive extension of a deadline, or other appropriate remedy. Be it enacted by the General Assembly of Virginia:

1. That § 46.2-301.1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-301.1. Administrative impoundment of motor vehicle for certain driving while license suspended or revoked offenses; judicial impoundment upon conviction; penalty for permitting violation with one's vehicle.

A. The motor vehicle being driven by any person (i) whose driver's license, learner's permit or privilege to drive a motor vehicle has been suspended or revoked for a violation of § 18.2-51.4 or 18.2-272 or driving while under the influence in violation of § 18.2-266, 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction; (ii) where such person's license has been administratively suspended under the provisions of § 46.2-391.2; (iii) driving after such person's driver's license, learner's permit or privilege to drive a motor vehicle has been suspended or revoked for unreasonable refusal of tests in violation of § 18.2-268.3, 46.2-341.26:3 or a substantially similar ordinance or law in any other jurisdiction; or (iv) driving without an operator's license in violation of § 46.2-300 having been previously convicted of such offense or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction shall be impounded or immobilized by the arresting law-enforcement officer at the time the person is arrested for driving after his driver's license, learner's permit or privilege to drive has been so revoked or suspended or for driving without an operator's license in

violation of § 46.2-300 having been previously convicted of such offense or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction. The impoundment or immobilization for a violation of clause (i), (ii), or (iii) shall be for a period of 30 days. The period of impoundment or immobilization for a violation of clause (iv) shall be until the offender obtains a valid operator's license pursuant to § 46.2-300 or three days, whichever is less. In the event that the offender obtains a valid operator's license at any time during the three-day impoundment period and presents such license to the court, the court shall authorize the release of the vehicle upon payment of all reasonable costs of impoundment or immobilization to the person holding the vehicle.

The provisions of this section as to the offense described in clause (iv) shall not apply to a person who drives a motor vehicle with no operator's license (a) whose license has been expired for less than one year prior to the offense or (b) who is under 18 years of age at the time of the offense. The arresting officer, acting on behalf of the Commonwealth, shall serve notice of the impoundment upon the arrested person. The notice shall include information on the person's right to petition for review of the impoundment pursuant to subsection B. A copy of the notice of impoundment shall be delivered to the magistrate and thereafter promptly forwarded to the clerk of the general district court of the jurisdiction where the arrest was made. Transmission of the notice may be by electronic means.

At least five days prior to the expiration of the period of impoundment imposed pursuant to this section or § 46.2-301, the clerk shall provide the offender with information on the location of the motor vehicle and how and when the vehicle will be released; however, for a violation of clause (iv), such information shall be provided at the time of arrest.

All reasonable costs of impoundment or immobilization, including removal and storage expenses, shall be paid by the offender prior to the release of his motor vehicle. Notwithstanding the above, where the arresting law-enforcement officer discovers that the vehicle was being rented or leased from a vehicle renting or leasing company, the officer shall not impound the vehicle or continue the impoundment but shall notify the rental or leasing company that the vehicle is available for pickup and shall notify the clerk if the clerk has previously been notified of the impoundment.

B. Any driver who is the owner of the motor vehicle that is impounded or immobilized under subsection A may, during the period of the impoundment, petition the general district court of the jurisdiction in which the arrest was made to review that impoundment. The court shall review the impoundment within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a preponderance of the evidence that the arresting law-enforcement officer did not have probable cause for the arrest, or that the magistrate did not have probable cause to issue the warrant, the court shall rescind the impoundment. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs paid or incurred by him. Otherwise, the court shall affirm the impoundment. If the person requesting the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the impoundment or to any other potential party as to any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

C. The owner or co-owner of any motor vehicle impounded or immobilized under subsection A who was not the driver at the time of the violation may petition the general district court in the jurisdiction where the violation occurred for the release of his motor vehicle. The motor vehicle shall be released if the owner or co-owner proves by a preponderance of the evidence that he (i) did not know that the offender's driver's license was suspended or revoked when he authorized the offender to drive such motor vehicle; (ii) did not know that the offender had no operator's license and that the operator had been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction when he authorized the offender to drive such motor vehicle; or (iii) did not consent to the operation of the motor vehicle by the offender. If the owner proves by a preponderance of the evidence that his immediate family has only one motor vehicle and will suffer a substantial hardship if that motor vehicle is impounded or immobilized for the period of impoundment that otherwise would be imposed pursuant to this section, the court, in its discretion, may release the vehicle after some period of less than such impoundment period.

D. Notwithstanding any provision of this section, a subsequent dismissal or acquittal of the charge of driving without an operator's license or of driving on a suspended or revoked license shall result in an immediate rescission of the impoundment or immobilization provided in subsection A. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs, incurred or paid by him.

E. Any person who knowingly authorizes the operation of a motor vehicle by (i) a person he knows has had his driver's license, learner's permit, or privilege to drive a motor vehicle suspended or revoked for any of the reasons set forth in subsection A or (ii) a person who he knows has no operator's license and who he knows has been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction shall be guilty of a Class 1 misdemeanor. *Any person who knowingly authorizes the operation of a motor vehicle by a minor who he knows has no operator's license or learner's permit or who has a learner's permit but who he knows will operate such motor vehicle in violation of any provision of § 46.2-335 is guilty of Class 1 misdemeanor if such violation results in a motor vehicle accident that causes injury or death to any person, provided that such violation does not otherwise constitute a felony.*

F. Notwithstanding the provisions of this section or § 46.2-301, nothing in this section shall impede or infringe upon a valid lienholder's rights to cure a default under an existing security agreement. Furthermore, such lienholder shall not be liable for any cost of impoundment or immobilization, including removal or storage expenses which may accrue pursuant to the provisions of this section or § 46.2-301. In the event a lienholder repossesses or removes a vehicle from storage pursuant to an existing security agreement, the Commonwealth shall pay all reasonable costs of impoundment or immobilization, including removal and storage expenses, to any person or entity providing such services to the Commonwealth, except to the extent such costs or expenses have already been paid by the offender to such person or entity. Such payment shall be made within seven calendar days after a request is made by such person or entity to the Commonwealth for payment. Nothing herein, however, shall relieve the offender from liability to the Commonwealth for reimbursement or payment of all such reasonable costs and expenses.

The clerk shall endorse thereon the day and year he received it.

B. Appeals pursuant to § 17.1-405 and subsection A of § 17.1-406, other than petitions for appeal by the Commonwealth in criminal cases, are appeals of right. The clerk of the Court of Appeals shall refer each case for which a notice of appeal has been filed to a panel of the court as the court may direct.

C. Each petition for appeal by the Commonwealth in a criminal case shall be referred to one or more judges of the Court of Appeals as the court shall direct. A judge to whom the petition is referred may grant the petition on the basis of the record without the necessity of oral argument. The clerk shall refer each appeal for which a petition has been granted to a panel of the court as the court shall direct.

D. Before a petition for appeal by the Commonwealth is denied, counsel for the Commonwealth shall be entitled to state orally before a panel of the court the reasons why its appeal should be granted. If all of the judges of the panel to whom the petition is referred are of the opinion that the petition ought not be granted, the order denying the appeal shall state the reasons for the denial. Thereafter, no other petition in the matter shall be entertained in the Court of Appeals.

CHAPTER 368

An Act to amend and reenact § 18.2-83 of the Code of Virginia, relating to threats to discharge a firearm within or at buildings or means of transportation; penalties.

[H 1583]

Be it enacted by the General Assembly of Virginia:

B. A violation of this section may be prosecuted either in the jurisdiction from which the communication was made or in the jurisdiction where the communication was received.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of

$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 369

An Act to amend and reenact § 8.01-195.11 of the Code of Virginia and for the relief of Michael Haas, relating to compensation for wrongful inclusion on sex offender registry.

[H 1586]

Approved March 24, 2025

Whereas, Michael Haas (Mr. Haas) was convicted in the Circuit Court of Powhatan County on July 22, 1994, of the felony offenses of forcibly sodomizing his two sons, crimes that he did not commit; and

Whereas, Mr. Haas was sentenced to two terms of life imprisonment, to be served concurrently for such conviction; and

Whereas, Mr. Haas served 23 years and six months in the custody of the Virginia Department of Corrections; and

Whereas, Mr. Haas's sons testified at his trial that he sexually abused them on multiple occasions and forensic evidence presented at the time substantiated such claims; and

Whereas, both of Mr. Haas's sons recanted their accusations of forcible sodomy shortly after the trial and conviction; and

Whereas, Mr. Haas began pursuing exoneration at that time; and

Whereas, Mr. Haas secured the assistance of the Mid-Atlantic Innocence Project beginning in 2014 to investigate his case; and

Whereas, Mr. Haas was released from prison on December 19, 2017, placed on parole, and required to register as a sex offender; and

Whereas, the Mid-Atlantic Innocence Project obtained further recanting affidavits from Mr. Haas's sons and uncovered evidence that his sons were coerced to testify as to the forcible sodomy by their mother and their counselor, rendering their accusations and trial testimony unreliable; and

Whereas, in the time since Mr. Haas's conviction, advances in the field of sexual abuse pediatrics have developed; and

Whereas, under currently accepted sexual abuse pediatric standards, the physical examinations of Mr. Haas's sons evidenced no indicia of abuse; and

Whereas, Mr. Haas pursued a writ of actual innocence in the Court of Appeals on July 30, 2020; and

Whereas, former Attorney General Mark Herring and current Attorney General Jason Miyares both investigated Mr. Haas's case and determined that Mr. Haas is innocent of the crimes for which he was convicted, had been wrongfully convicted, and should be entitled to a writ of actual innocence; and

Whereas, the Court of Appeals granted Mr. Haas's petition and issued a writ of actual innocence based on nonbiological evidence, vacating his convictions on April 19, 2022, pursuant to Chapter 19.3 (§ 19.2-327.10 et seq.) of Title 19.2 of the Code of Virginia; and

Whereas, Mr. Haas, as a result of his wrongful incarceration, lost 23 years and six months of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Haas was awarded compensation for his wrongful incarceration pursuant to Chapter 12 of the Acts of Assembly of 2023; and

Whereas, the General Assembly and Governor approved a change in law during the 2024 Session of the General Assembly to provide additional compensation for individuals who were wrongfully incarcerated and required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 of the Code of Virginia in Chapter 396 of the Acts of Assembly of 2024; and

Whereas, Mr. Haas has no other means to obtain adequate relief for the imposition of a sex offender registration requirement except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-195.11 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-195.11. Compensation for wrongful incarceration.

required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 *after release from incarceration*.

B. Any compensation computed pursuant to subsection A and approved by the General Assembly shall be paid by the Comptroller by his warrant on the State Treasurer in favor of the person found to have been wrongfully incarcerated. The person wrongfully incarcerated shall be paid a lump sum.

C. In addition to the compensation awarded pursuant to subsection A, the General Assembly shall pay to the person wrongfully incarcerated the amount of any unreimbursed fine, fee, court cost, or restitution imposed and paid and reasonable attorney fees and costs incurred to receive an award pursuant to this section. The wrongfully incarcerated person may also be awarded other nonmonetary relief sought, including counseling, housing assistance, employment assistance, health care and dental care, and personal financial literacy assistance, as appropriate.

D. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony shall receive a transition assistance grant of $15,000 to be paid from the Criminal Fund, which amount shall be deducted from any award received pursuant to subsection B, within 30 days of receipt of the written request for the disbursement of the transition assistance grant to the Executive Secretary of the Supreme Court of Virginia. E. If an individual eligible for compensation and benefits under this section is deceased, the individual's estate has standing to be compensated under this section.

2. *§ 1. An Act to amend and reenact § 62 and §§ 63, 64, and 114, as severally amended, of Chapter 34 of the Acts of Assembly of 1918, which provided a charter for the City of Norfolk, relating to division of fire; classified service.

[H 1696]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 62 and §§ 63, 64, and 114, as severally amended, of Chapter 34 of the Acts of Assembly of 1918 are amended and reenacted as follows:

§ 62. Division of fire.

The fire force shall be composed of a chief*, deputy chief,* and of such other officers, firemen and employees as the city manager may determine. The fire chief shall have immediate direction and control of the said force, subject, however, to the supervision of the director of public safety, and to such rules and regulations and orders as the said director may prescribe, and through the fire chief the director of public safety shall promulgate all orders, rules and regulations for the government of the whole force.

The members of the fire force other than the chief *and deputy chief* shall be appointed from the list of eligibles prepared by the civil service commission and in accordance with such rules and regulations as may be prescribed by the said commission; provided, however, that in case of riot, conflagration or emergency, the director of public safety may appoint additional firemen and officers for temporary service who need not be in the classified service.

The chief of the fire department and his assistants are authorized to exercise the powers of police officers while going to, attending or returning from any fire or alarm of fire. The fire chief and each of his assistants shall have issued to him a warrant of appointment signed by the director of public safety, in which the date of his appointment shall be stated, and such warrant shall be his commission. The director of public safety shall prescribe the uniform and badges for the members of the fire force.

Whenever any building in said city shall be on fire it shall be lawful for the chief of the fire department to order and direct such building or any other building which he may deem hazardous and likely to communicate fire to other buildings, or any part of such buildings, to be pulled down or destroyed; and no action shall be maintained against said chief or any person acting under his authority or against the city therefor. But any person interested in the property so destroyed may within one year thereafter apply in writing to the council to assess and pay the damages he has sustained. The council may thereupon pay to the claimant such sum as may be agreed upon between him and the council. If no agreement be effected, such claimant may give to the city attorney of said city ten days' written notice of his intention to apply to the corporation court of said city for the appointment of commissioners to ascertain and assess his said damage. Upon its appearing that such notice has been given, the corporation court of said city shall appoint five disinterested freeholders, residents of said city, any three or more of whom may act, for the purpose of ascertaining and assessing the amount of such damages. Thereupon the said commissioners shall proceed to ascertain and assess the amount of such damages in the same manner as is now or may hereafter be provided by law in the case of taking private property for public use, and the procedure upon the filing of the report of said commissioners shall conform as nearly as may be to the procedure under the statutes of Virginia relating to eminent domain.

§ 63. Supervision in divisions of fire and police.

The chief of police and the fire chief, with the approval of the director of public safety, except as hereinafter provided, shall have the right and power to reprimand, or to suspend, for a given number of days or indefinitely, any of the sworn officers and sworn employees in their respective divisions who may be under their management and control, for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. This section does not apply to the deputy chief of police *or the deputy fire chief*, who, like the chief of police and the fire chief, ~~is~~ *are* appointed by and ~~serves~~ *serve* at the will of the city manager. If any such officer or employee be suspended for more than ten days or be suspended indefinitely, the chief of the division concerned shall forthwith certify in writing the fact, together with the cause for such suspension, to the trial board hereinafter provided for, and a copy of such certificate of suspension, and the cause therefor, shall be promptly served on such officer or employee, which service may be by an officer of his division or in the manner prescribed by law for the service of civil process.

Any such officer or employee so suspended may, within ten days after he shall have been so served with such certificate of suspension and the cause therefor, file with said trial board a written request for a hearing upon the accusations so made against him, whereupon said trial board shall, after not less than five days' written notice to such officer or employee, and to the chief of the division by whom he has been suspended, hold and conduct a hearing, which shall be open to the public, upon such accusations, at a time and place to be specified in such notice, and may render judgment thereon. Such judgment, in the event said accusations or any of them are, in the opinion of said trial board, sustained, may be a reprimand, extra duty without extra compensation, suspension for a fixed time, reduction in rank, or dismissal, as to said trial board may seem proper, which judgment shall be final.

Whenever the judgment of the said trial board is that the accusations were not sustained, it may order the reinstatement of such officer or employee in the office or position from which he was suspended. Such order of reinstatement may, in the discretion of said trial board, be retroactive and provide that such officer or employee shall be entitled to compensation for all or part of the time he was so suspended.

In the event any such officer or employee who is suspended for more than ten days or suspended indefinitely shall not file with said trial board a written demand for a hearing as hereinabove provided, the suspension of such officer or employee shall become final, and if the suspension be for an indefinite period, such officer or employee may be discharged by the city manager without a hearing.

The trial board above referred to shall be known as the Norfolk Police-Fire Trial Board, and the members thereof shall be appointed by the council. It shall consist of not less than three nor more than five members, in the discretion of the council, who shall be qualified voters residing in the city, none of whom shall be in any way connected with any other city office. The first appointment of the members of the said trial board shall be for a term of one year commencing July 1, 1950, and all subsequent appointments shall be for consecutive terms of one year. Any member may be appointed for a consecutive term or terms, and any vacancy shall be filled by appointment by the council for the remainder of the unexpired term. The judgment of a majority of the members appointed on said trial board shall control. The members shall receive such compensation as may be provided by council. Each member shall, before entering upon the duties of his office, take and subscribe the oaths provided by § 133 of this Charter for city officers.

The council shall designate one member of said trial board as chairman thereof. The chairman shall have the power to subpoena witnesses, administer oaths and compel the production of any books and papers in connection with any hearing held hereunder by said trial board. Any person refusing or failing to appear and testify or to produce such books and papers, or who shall testify falsely under oath at any hearing held by said trial board, may be proceeded against in the same manner and shall be subject to the same penalties as provided by § 51 of this Charter relating to investigations as to city affairs.

The council shall also designate one member of said trial board as vice-chairman thereof to act in the absence, disability or inability to act of the chairman, and when so acting, the said vice-chairman shall have all the powers herein conferred upon the chairman.

Any such officer or employee against whom accusations are so filed shall have the right to be represented by counsel at any hearing before said trial board. All notices required to be given the trial board may be given to the chairman thereof, or in his absence, to the vice-chairman.

§ 64. Suspension and dismissal of the chief of police, deputy chief of police, ~~and~~ fire chief*, and deputy fire chief*.

The city manager shall have the power to suspend or dismiss the chief of police, the deputy chief of police, ~~and~~ the fire chief*, and the deputy fire chief* at any time, and his action in every such case shall be final; provided that in the event the chief of police, the deputy chief of police, ~~or~~ the fire chief*, or the deputy fire chief* was appointed to such position from the membership of his respective division, he shall, at the time of any such suspension or dismissal, or at any time prior thereto, at his request, be restored to the rank he held in the classified service in such division at the time of his appointment as such chief or deputy chief, without being required to take any examination, subject, however, to the provisions of § 63 of this Charter.

§ 114. Officers exempted from classified service.

Officers who are elected by the people or who are elected or confirmed by the council, pursuant to this charter, members of the school board, the teachers in the public schools and all other persons employed by said school board, heads of the administrative departments of the city, the deputy chief of police, *the deputy fire chief,* assistant city managers, employees who report directly to and whose positions require the personal trust and confidence of the city manager, employees, regardless of their positions, hired and permanently assigned to work for and under the supervision of the constitutional officers of the city or of the circuit court judges of the city, assistant heads of administrative departments, and heads or chiefs of bureaus and divisions within said departments, but not including such positions within the departments of fire and police other than ~~that~~ *those* of the deputy chief of police *and the deputy fire chief*, members of the law department and civil service examiners, shall not be included in such classified service; provided, however, that the council may by ordinance provide that the health officer of said city and such of his trained medical assistants as may be required to give full time to the duties of their positions shall be included in the classified service.

[H 1792]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3975 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3975. Nonjudicial sale of tax delinquent real properties of minimal size and value.

A. Notwithstanding any other provision of this title, the treasurer or other officer responsible for collecting taxes may sell, at public auction, any parcel of real property that is assessed at ~~$10,000~~ *$15,000* or less, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due.

B. The treasurer or other officer responsible for collecting taxes may in addition sell, at public auction, any parcel of real property that is assessed at more than ~~$10,000~~ *$15,000* but no more than ~~$25,000~~ *$30,000*, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, it is not subject to a recorded mortgage or deed of trust lien, and such parcel:

1. Is unimproved and measures no more than 43,560 square feet (1.0 acre);

2. Is unimproved and is determined to be unsuitable for building due to the size, shape, zoning, floodway, or other environmental designations of the parcel made by the locality's zoning administrator or other official designated by the locality to administer its zoning ordinance and carry out the duties set forth in subdivision A 4 of § 15.2-2286;

3. Has a structure on it that has been condemned by the local building official pursuant to applicable law or ordinance;

4. Has been declared by the locality a nuisance as that term is defined in § 15.2-900;

5. Contains a derelict building as that term is defined in § 15.2-907.1; or

6. Has been declared by the locality to be blighted as that term is defined in § 36-3.

For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

C. The treasurer or other duly authorized official responsible for collecting taxes may in addition sell, at public auction, any parcel of real property that is assessed at more than ~~$25,000~~ *$30,000* but no more than $40,000, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, such parcel is not subject to a recorded mortgage or deed of trust lien, such parcel is within an area designated by the local governing body as an urban redevelopment or revitalization zone, and such parcel is unimproved and measures no more than 21,825 square feet (0.5 acre). For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

D. At least 30 days prior to conducting a sale under this section, the treasurer or other officer responsible for collecting taxes shall:

1. Send notice by certified or registered mail to the record owner or owners of such property and anyone appearing to have an interest in the property at their last known address as contained in the records of the treasurer or other officer responsible for collecting taxes; and

2. Post notice of such sale at the property location, if such property has frontage on any public or private street, and at the circuit courthouse of the locality.

E. The treasurer or other officer responsible for collecting taxes shall also cause a notice of sale to be published in the legal classified section of a newspaper of general circulation in the locality in which the property is located at least seven days prior to the sale; however, if the annual taxes assessed on the property are less than $500, such notice may be placed, in lieu of publication, on the treasurer's or local government's website beginning at least seven days prior to sale and through the date of sale. The pro rata costs of posting notice, publication, and mailing shall become a part of the tax and shall be collected if payment is made in redemption of such real property.

F. The treasurer or other officer responsible for collecting taxes may advertise and sell multiple parcels at the same time and place pursuant to one notice of sale.

G. The treasurer or other officer responsible for collecting taxes may enter into an agreement with the owner of such parcel for payment over time.

H. The owner of any property, or other interested party, may redeem it at any time prior to the date of the sale by paying all accumulated taxes, penalties, interest, and costs thereon, including reasonable attorney fees. Partial payment of delinquent taxes, penalties, interest, or costs shall be insufficient to redeem the property and shall not operate to suspend, invalidate, or nullify any sale brought pursuant to this section.

I. At the time of sale, the treasurer or other officer responsible for collecting taxes shall sell to the highest bidder at public auction each parcel that has not been redeemed by the owner. Such sale shall be free and clear of the locality's tax lien, but shall not affect easements or other rights of record recorded prior to the date of sale or liens recorded prior to the

date of sale unless the treasurer has given the lienholder written notice of the sale at least 30 days prior to the sale, at the lienholder's address of record and through his registered agent, if any. The treasurer or other officer responsible for collecting taxes shall tender a special warranty deed pursuant to this section to effectuate the conveyance of the parcel to the highest bidder.

J. If the sale proceeds are insufficient to pay the amounts owed in full, the treasurer or other officer responsible for collecting taxes may remove the unpaid taxes from the books and mark the same as satisfied. The sale proceeds shall be applied first to the costs of sale, then to the taxes, penalty, interest, and fees due on the parcel, and thereafter to any other taxes or other charges owed by the former owner to the jurisdiction.

K. Any excess proceeds shall remain the property of the former owner, subject to claims of creditors, and shall be kept by the treasurer or other officer responsible for collecting taxes in an interest-bearing escrow account. If any petition for excess proceeds is made to the treasurer or other officer responsible for collecting taxes under this section, the treasurer or officer holding the funds shall forward the funds to the locality's circuit court clerk to be interpleaded along with a copy of the claim for excess proceeds. A copy of such transmission shall be forwarded to the claimant. The burden of scheduling a hearing with the circuit court on the claim shall be that of the claimant and shall be made within two years of the date of the sale of the property that generated the excess funds. In the event that funds remain with the court two years after the date of the sale, the locality may petition to have the funds distributed to the locality's general fund. If no claim for payment of excess proceeds is made within two years after the date of sale, the treasurer or other responsible officer shall deposit the excess proceeds in the jurisdiction's general fund.

L. If the sale does not produce a successful bidder, the treasurer or other responsible officer shall add the costs of sale incurred by the jurisdiction to the delinquent real estate account.

An Act to amend and reenact § 51.5-44 of the Code of Virginia, relating to rights of persons with disabilities; public places; playgrounds.

[H 1800]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 51.5-44 of the Code of Virginia is amended and reenacted as follows:

§ 51.5-44. Rights of persons with disabilities in public places and places of public accommodation.

A. A person with a disability has the same rights as other persons to the full and free use of the streets, highways, sidewalks, walkways, paths of travel, *public playgrounds,* public buildings, public facilities, public entities, and other public places. For purposes of this section, a "person with a disability" means a person whose disability is unrelated to his ability to utilize and benefit from a place of public accommodation or public service.

B. Each place of public accommodation shall ensure that barriers to accessibility are removed when the removal is readily achievable. To determine whether an action is readily achievable, the following factors shall be considered:

1. The nature and cost of the action needed to remove the barriers;

2. The overall financial resources of the place of public accommodation involved in the action; the number of persons employed at the place of public accommodation; the effect on expenses and resources; legitimate safety requirements that are necessary for safe operation, including crime prevention measures; or the impact otherwise of the action upon the operation of the place of public accommodation;

3. The geographic separateness and the administrative or fiscal relationship of the place of public accommodation in question to any parent corporation or entity;

4. If applicable, the overall financial resources of any parent corporation or entity; the overall size of the parent corporation or entity with respect to the number of its employees or the number, type, and location of its facilities; and

5. If applicable, the type of operation or operations of any parent corporation or entity, including the composition, structure, and functions of the workforce of the parent corporation or entity.

A person with a disability is entitled to full and equal accommodations, advantages, facilities, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motor buses, streetcars, subways, boats or any other public conveyances or modes of transportation, restaurants, hotels, lodging places, places of public accommodation, amusement or resort, public entities including schools, and other places to which the general public is invited subject only to the conditions and limitations established by law and applicable alike to all persons.

C. Each town, city, or county, individually or through transportation district commissions, shall ensure that persons with disabilities have access to the public transportation within its jurisdiction by either (i) use of the same transportation facilities or carriers available to the general public, (ii) provision of paratransit or special transportation services for persons with disabilities, or (iii) both. All persons with disabilities in the jurisdiction's service area who, by reason of their disabilities, are unable to use the service for the general public shall be eligible to use such paratransit or special transportation service. No fee that exceeds the fee charged to the general public shall be charged a person with a disability for the use of the same transportation facilities or carriers available to the general public. Paratransit or special transportation service for persons with disabilities may charge fees to such persons comparable to the fees charged to the general public for similar service in the jurisdiction service area, taking into account especially the type, length, and time of trip. Any variance between special service and regular service fares shall be justifiable in terms of actual differences between the two kinds of service provided.

D. Nothing in this title shall be construed to require retrofitting of any public transit equipment or to require the retrofitting, renovation, or alteration of buildings or places to a degree more stringent than that required by the applicable building code in effect at the time the building permit for such building or place is issued.

E. Every totally or partially blind person shall have the right to be accompanied by a dog in harness trained as a guide dog, every person who is deaf or hard of hearing shall have the right to be accompanied by a dog trained as a hearing dog on a blaze orange leash, and every mobility-impaired or otherwise disabled person shall have the right to be accompanied by a dog trained as a service dog in a harness, backpack, or vest identifying the dog as a trained service dog in any of the places listed in subsection B without being required to pay an extra charge for the dog, provided that he shall be liable for any damage done to the premises or facilities by such dog. The provisions of this section shall apply to persons accompanied by a dog that is in training, at least six months of age, and is (i) in harness, provided such person is an experienced trainer of guide dogs or is conducting continuing training of a guide dog; (ii) on a blaze orange leash, provided such person is an experienced trainer of hearing dogs or is conducting continuing training of a hearing dog; (iii) in a harness, backpack, or vest identifying the dog as a trained service dog, provided such person is an experienced trainer of service dogs or is conducting continuing training of a service dog; (iv) wearing a jacket identifying the recognized guide, hearing, or service dog organization, provided such person is an experienced trainer of the organization identified on the jacket; or (v) the person is part of a three-unit service dog team and is conducting continuing training of a service dog.

In addition, where the employment at an adult substance abuse treatment program is as a peer recovery specialist, the community services board may hire any person eligible under this subsection or who was convicted of any offense set forth in clause (iv) of the definition of barrier crime in § 19.2-392.02 if the hiring community

services board determines, based upon a screening assessment, that the criminal behavior was substantially related to the person's substance abuse or mental illness and that the person has been successfully rehabilitated and is not a risk to individuals receiving services based on his criminal history background and his substance abuse or mental illness history.

CHAPTER 385

An Act to amend and reenact § 62 and §§ 63, 64, and 114, as severally amended, of Chapter 34 of the Acts of Assembly of 1918, which provided a charter for the City of Norfolk, relating to division of fire; classified service.

[S 987]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 62 and §§ 63, 64, and 114, as severally amended, of Chapter 34 of the Acts of Assembly of 1918 are amended and reenacted as follows:

§ 62. Division of fire.

The fire force shall be composed of a chief*, deputy chief,* and of such other officers, firemen and employees as the city manager may determine. The fire chief shall have immediate direction and control of the said force, subject, however, to the supervision of the director of public safety, and to such rules and regulations and orders as the said director may prescribe, and through the fire chief the director of public safety shall promulgate all orders, rules and regulations for the government of the whole force.

The members of the fire force other than the chief *and deputy chief* shall be appointed from the list of eligibles prepared by the civil service commission and in accordance with such rules and regulations as may be prescribed by the said commission; provided, however, that in case of riot, conflagration or emergency, the director of public safety may appoint additional firemen and officers for temporary service who need not be in the classified service.

The chief of the fire department and his assistants are authorized to exercise the powers of police officers while going to, attending or returning from any fire or alarm of fire. The fire chief and each of his assistants shall have issued to him a warrant of appointment signed by the director of public safety, in which the date of his appointment shall be stated, and such warrant shall be his commission. The director of public safety shall prescribe the uniform and badges for the members of the fire force.

Whenever any building in said city shall be on fire it shall be lawful for the chief of the fire department to order and direct such building or any other building which he may deem hazardous and likely to communicate fire to other buildings, or any part of such buildings, to be pulled down or destroyed; and no action shall be maintained against said chief or any person acting under his authority or against the city therefor. But any person interested in the property so destroyed may within one year thereafter apply in writing to the council to assess and pay the damages he has sustained. The council may thereupon pay to the claimant such sum as may be agreed upon between him and the council. If no agreement be effected, such claimant may give to the city attorney of said city ten days' written notice of his intention to apply to the corporation court of said city for the appointment of commissioners to ascertain and assess his said damage. Upon its appearing that such notice has been given, the corporation court of said city shall appoint five disinterested freeholders, residents of said city, any three or more of whom may act, for the purpose of ascertaining and assessing the amount of such damages. Thereupon the said commissioners shall proceed to ascertain and assess the amount of such damages in the same manner as is now or may hereafter be provided by law in the case of taking private property for public use, and the procedure upon the filing of the report of said commissioners shall conform as nearly as may be to the procedure under the statutes of Virginia relating to eminent domain.

§ 63. Supervision in divisions of fire and police.

The chief of police and the fire chief, with the approval of the director of public safety, except as hereinafter provided, shall have the right and power to reprimand, or to suspend, for a given number of days or indefinitely, any of the sworn officers and sworn employees in their respective divisions who may be under their management and control, for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. This section does not apply to the deputy chief of police *or the deputy fire chief*, who, like the chief of police and the fire chief, ~~is~~ *are* appointed by and ~~serves~~ *serve* at the will of the city manager. If any such officer or employee be suspended for more than ten days or be suspended indefinitely, the chief of the division concerned shall forthwith certify in writing the fact, together with the cause for such suspension, to the trial board hereinafter provided for,

and a copy of such certificate of suspension, and the cause therefor, shall be promptly served on such officer or employee, which service may be by an officer of his division or in the manner prescribed by law for the service of civil process.

Any such officer or employee so suspended may, within ten days after he shall have been so served with such certificate of suspension and the cause therefor, file with said trial board a written request for a hearing upon the accusations so made against him, whereupon said trial board shall, after not less than five days' written notice to such officer or employee, and to the chief of the division by whom he has been suspended, hold and conduct a hearing, which shall be open to the public, upon such accusations, at a time and place to be specified in such notice, and may render judgment thereon. Such judgment, in the event said accusations or any of them are, in the opinion of said trial board, sustained, may be a reprimand, extra duty without extra compensation, suspension for a fixed time, reduction in rank, or dismissal, as to said trial board may seem proper, which judgment shall be final.

"Mining" does not include (i) any aspect of deep mining that does not have a significant effect on the surface or (ii) excavation or grading when conducted solely in aid of onsite farming or construction. Such exemption in clause (ii) shall not be construed to limit a landowner in a one-time construction or expansion of a farm pond for agricultural irrigation or provision of water for livestock to beneficially reuse the soil or

sand, provided that such pond construction or expansion project (a) is a one-time activity on that parcel of land, (b) is completed within ~~six months~~ *one year*, (c) results in a pond that is less than three acres in total, and (d) has all necessary permits and local approvals in place before such activity begins. "Reclamation" means the restoration or conversion of disturbed land to a stable condition that minimizes or prevents adverse disruption and the injurious effects of such disruption and presents an opportunity for further productive use if such use is reasonable.

"Refuse" means all waste soil, rock, mineral tailings, slimes, and other material directly connected with the mine or with the cleaning and preparation of substances mined, including all waste material deposited in the permit area from other sources.

"Spoil" means any overburden or other material removed from its natural state in the process of mining.

§ 45.2-1203. Exemption for restricted mining.

Any operator engaged in mining who disturbs less than one acre of land and removes less than 500 tons of minerals at any particular site is exempt from all mining permit fees, renewal fees, and bond requirements of this chapter if such person intending to engage in such restricted mining submits an application for a permit, a sketch of the mining site, and an operations plan to be adhered to in accordance with §§ 45.2-1205 and 45.2-1206. *A permit shall not be issued for any operational plan that includes the use of cyanide or a cyanide compound in any mineral mining or processing operation.* The Director shall approve the application if he determines that the issuance of the permit will not violate any provision of this chapter.

6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from purchasing, possessing or administering controlled substances to his own patients or providing controlled substances to his own patients in a bona fide medical emergency or providing manufacturers' professional samples to his own patients;

7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic pharmaceutical agents, from purchasing, possessing or administering those controlled substances as specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own patients those controlled substances as specified in § 54.1-3222 ~~and the~~

~~TPA formulary~~, providing manufacturers' samples of these drugs to his own patients, or dispensing, administering, or selling ophthalmic devices as authorized in § 54.1-3204;

The practitioner may dispense such medication at no cost to the patient without holding a license to dispense from the Board of Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in the program shall not use the donated drug for any purpose other than dispensing to the patient for whom it was originally donated, except as authorized by the donating manufacturer for another patient meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent patient program pursuant to this subdivision. A participating pharmacy, including a pharmacy participating in bulk donation programs, may charge a reasonable dispensing or administrative fee to offset the cost of dispensing, not to exceed the actual costs of such dispensing. However, if the patient is unable to pay such fee, the dispensing or administrative fee shall be waived;

11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing controlled substances to his own patients in a free clinic without charge when such controlled substances are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The practitioner shall first obtain a controlled substances registration from the Board and shall comply with the labeling and packaging requirements of this chapter and the Board's regulations; or

12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

This section shall not be construed as exempting any person from the licensure, registration, permitting and record keeping requirements of this chapter or Chapter 34 of this title.

§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, a licensed advanced practice registered nurse pursuant to § 54.1-2957.01, a licensed certified midwife pursuant to § 54.1-2957.04, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32.

B. A prescription shall be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship or veterinarian-client-patient relationship. If a practitioner is providing expedited partner therapy consistent with the recommendations of the Centers for Disease Control and Prevention, then a bona fide practitioner-patient relationship shall not be required.

A bona fide practitioner-patient relationship shall exist if the practitioner has (i) obtained or caused to be obtained a medical or drug history of the patient; (ii) provided information to the patient about the benefits and risks of the drug being prescribed; (iii) performed or caused to be performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; and (iv) initiated additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient via telemedicine if such prescribing is in compliance with federal requirements for the practice of telemedicine and, in the case of the prescribing of a Schedule II through V controlled substance, the prescriber maintains a practice at a physical location in the Commonwealth or is able to make appropriate referral of patients to a licensed practitioner located in the Commonwealth in order to ensure an in-person examination of the patient when required by the standard of care.

A prescriber may establish a bona fide practitioner-patient relationship for the purpose of prescribing Schedule II through VI controlled substances by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations; (h) the establishment of a bona fide practitioner-patient relationship via telemedicine is consistent with the standard of care, and the standard of care does not require an in-person examination for the purpose of diagnosis; and (i) the establishment of a bona fide practitioner patient relationship via telemedicine is consistent with federal law and regulations and any waiver thereof. Nothing in this paragraph shall apply to (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission

of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, an advanced practice registered nurse, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed advanced practice registered nurse who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice ~~for the drugs specified on the TPA-Formulary, established~~ pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

K. Notwithstanding any other provision of law, a prescriber may authorize a registered nurse or licensed practical nurse to approve additional refills of a prescribed drug for no more than 90 consecutive days, provided that (i) the drug is classified as a Schedule VI drug; (ii) there are no changes in the prescribed drug, strength, or dosage; (iii) the prescriber has a current written protocol, accessible by the nurse, that identifies the conditions under which the nurse may approve additional refills; and (iv) the nurse documents in the patient's chart any refills authorized for a specific patient pursuant to the protocol and the additional refills are transmitted to a pharmacist in accordance with the allowances for an authorized agent to transmit a prescription orally or by facsimile pursuant to subsection C of § 54.1-3408.01 and regulations of the Board.

[H 1955]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-248 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-248. Manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute a controlled substance or an imitation controlled substance prohibited; penalties.

A. Except as authorized in the Drug Control Act (§ 54.1-3400 et seq.), it shall be unlawful for any person to manufacture, sell, give, distribute, or possess with intent to manufacture, sell, give or distribute a controlled substance or an imitation controlled substance.

B. In determining whether any person intends to manufacture, sell, give or distribute an imitation controlled substance, the court may consider, in addition to all other relevant evidence, whether any distribution or attempted distribution of such pill, capsule, tablet or substance in any other form whatsoever included an exchange of or a demand for money or other property as consideration, and, if so, whether the amount of such consideration was substantially greater than the reasonable value of such pill, capsule, tablet or substance in any other form whatsoever, considering the actual chemical composition of such pill, capsule, tablet or substance in any other form whatsoever and, where applicable, the price at which over-the-counter substances of like chemical composition sell.

C. Except as provided in subsection C1, any person who violates this section with respect to a controlled substance classified in Schedule I or II shall upon conviction be imprisoned for not less than five nor more than 40 years and fined not more than $500,000. Upon a second conviction of such a violation, and it is alleged in the warrant, indictment, or information that the person has been before convicted of such an offense or of a substantially similar offense in any other jurisdiction, which offense would be a felony if committed in the Commonwealth, and such prior conviction occurred before the date of the offense alleged in the warrant, indictment, or information, any such person may, in the discretion of the court or jury imposing the sentence, be sentenced to imprisonment for life or for any period not less than five years, three years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence, and he shall be fined not more than $500,000.

When a person is convicted of a third or subsequent offense under this subsection and it is alleged in the warrant, indictment or information that he has been before convicted of two or more such offenses or of substantially similar offenses in any other jurisdiction which offenses would be felonies if committed in the Commonwealth and such prior convictions occurred before the date of the offense alleged in the warrant, indictment, or information, he shall be sentenced to imprisonment for life or for a period of not less than 10 years, 10 years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence, and he shall be fined not more than $500,000.

Any person who manufactures, sells, gives, distributes or possesses with the intent to manufacture, sell, give, or distribute the following is guilty of a felony punishable by a fine of not more than $1 million and imprisonment for five years to life, five years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence:

1. 100 grams or more of a mixture or substance containing a detectable amount of heroin;

2. 500 grams or more of a mixture or substance containing a detectable amount of:

a. Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

b. Cocaine, its salts, optical and geometric isomers, and salts of isomers;

c. *Cocaine base;*

d. Ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

3. ~~250 grams or more of a mixture or substance described in subdivisions 2a through 2d that contain cocaine base; or~~

~~4.~~ 10 grams or more of methamphetamine, its salts, isomers, or salts of its isomers or 20 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

a. The person does not have a prior conviction for an offense listed in subsection C of § 17.1-805;

b. The person did not use violence or credible threats of violence or possess a firearm or other dangerous weapon in connection with the offense or induce another participant in the offense to do so;

c. The offense did not result in death or serious bodily injury to any person;

d. The person was not an organizer, leader, manager, or supervisor of others in the offense, and was not engaged in a continuing criminal enterprise as defined in subsection I; and

e. Not later than the time of the sentencing hearing, the person has truthfully provided to the Commonwealth all information and evidence the person has concerning the offense or offenses that were part of the same course of conduct or of a common scheme or plan, but the fact that the person has no relevant or useful other information to provide or that the Commonwealth already is aware of the information shall not preclude a determination by the court that the defendant has complied with this requirement.

C1. Any person who violates this section with respect to the manufacturing of methamphetamine, its salts, isomers, or salts of its isomers or less than 200 grams of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers shall, upon conviction, be imprisoned for not less than 10 nor more than 40 years and fined not more than $500,000. Upon a second conviction of such a violation, any such person may, in the discretion of the court or jury imposing the sentence, be sentenced to imprisonment for life or for any period not less than 10 years, and be fined not more than $500,000. When a person is convicted of a third or subsequent offense under this subsection and it is alleged in the warrant, indictment, or information that he has been previously convicted of two or more such offenses or of substantially similar offenses in any other jurisdiction, which offenses would be felonies if committed in the Commonwealth and such prior convictions occurred before the date of the offense alleged in the warrant, indictment, or information, he shall be sentenced to imprisonment for life or for a period not less than 10 years, three years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence and he shall be fined not more than $500,000.

Upon conviction, in addition to any other punishment, a person found guilty of this offense shall be ordered by the court to make restitution, as the court deems appropriate, to any innocent property owner whose property is damaged, destroyed, or otherwise rendered unusable as a result of such methamphetamine production. This restitution shall include the person's or his estate's estimated or actual expenses associated with cleanup, removal, or repair of the affected property. If the property that is damaged, destroyed, or otherwise rendered unusable as a result of such methamphetamine production is property owned in whole or in part by the person convicted, the court shall order the person to pay to the Methamphetamine Cleanup Fund authorized in § 18.2-248.04 the reasonable estimated or actual expenses associated with cleanup, removal, or repair of the affected property or, if actual or estimated expenses cannot be determined, the sum of $10,000. The convicted person shall also pay the cost of certifying that any building that is cleaned up or repaired pursuant to this section is safe for human occupancy according to the guidelines established pursuant to § 32.1-11.7.

D. If such person proves that he gave, distributed or possessed with intent to give or distribute a controlled substance classified in Schedule I or II only as an accommodation to another individual who is not an inmate in a community correctional facility, local correctional facility or state correctional facility as defined in § 53.1-1 or in the custody of an employee thereof, and not with intent to profit thereby from any consideration received or expected nor to induce the recipient or intended recipient of the controlled substance to use or become addicted to or dependent upon such controlled substance, he shall be guilty of a Class 5 felony.

E. If the violation of the provisions of this article consists of the filling by a pharmacist of the prescription of a person authorized under this article to issue the same, which prescription has not been received in writing by the pharmacist prior to the filling thereof, and such written prescription is in fact received by the pharmacist within one week of the time of filling the same, or if such violation consists of a request by such authorized person for the filling by a pharmacist of a prescription which has not been received in writing by the pharmacist and such prescription is, in fact, written at the time of such request and delivered to the pharmacist within one week thereof, either such offense shall constitute a Class 4 misdemeanor.

E2. Any person who violates this section with respect to a controlled substance classified in Schedule IV shall be guilty of a Class 6 felony.

E3. Any person who proves that he gave, distributed or possessed with the intent to give or distribute a controlled substance classified in Schedule III or IV, except for an anabolic steroid classified in Schedule III, constituting a violation of § 18.2-248.5, only as an accommodation to another individual who is not an inmate in a community correctional facility, local correctional facility or state correctional facility as defined in § 53.1-1 or in the custody of an employee thereof, and not with the intent to profit thereby from any consideration received or expected nor to induce the recipient or intended recipient of the controlled substance to use or become addicted to or dependent upon such controlled substance, is guilty of a Class 1 misdemeanor.

F. Any person who violates this section with respect to a controlled substance classified in Schedule V or Schedule VI or an imitation controlled substance which imitates a controlled substance classified in Schedule V or Schedule VI, shall be guilty of a Class 1 misdemeanor.

G. Any person who violates this section with respect to an imitation controlled substance which imitates a controlled substance classified in Schedule I, II, III, or IV shall be guilty of a Class 6 felony. In any prosecution brought under this subsection, it is not a defense to a violation of this subsection that the defendant believed the imitation controlled substance to actually be a controlled substance.

H. Any person who manufactures, sells, gives, distributes or possesses with the intent to manufacture, sell, give or distribute the following:

1. 1.0 kilograms or more of a mixture or substance containing a detectable amount of heroin;

§ 19.2-60.1. Use of unmanned aircraft systems by public bodies; search warrant required.

A. As used in this section, unless the context requires a different meaning:

"Unmanned aircraft" means an aircraft that is operated without the possibility of human intervention from within or on the aircraft.

"Unmanned aircraft system" means an unmanned aircraft and associated elements, including communication links, sensing devices, and the components that control the unmanned aircraft.

B. CHAPTER 401

An Act to amend and reenact § 22.1-205 of the Code of Virginia, relating to school boards; driver education; behind-the-wheel driver training.

[H 2213]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-205 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-205. Driver education programs.

A. The Board of Education shall establish for the public school system a standardized program of driver education in the safe operation of motor vehicles. Such program shall consist of classroom training and behind-the-wheel driver training. However, any student who participates in such a program of driver education shall meet the academic requirements established by the Board, and no student in a course shall be permitted to operate a motor vehicle without a license or other document issued by the Department of Motor Vehicles under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2, or the comparable law of another jurisdiction, authorizing the operation of a motor vehicle upon the highways.

1. The driver education program shall include (i) instruction concerning (a) alcohol and drug abuse; (b) aggressive driving; (c) the dangers of distracted driving and speeding; (d) motorcycle awareness; (e) organ and tissue donor awareness; (f) fuel-efficient driving practices; and (g) traffic stops, including law-enforcement procedures for traffic stops, appropriate actions to be taken by drivers during traffic stops, and appropriate interactions with law-enforcement officers who initiate traffic stops, and (ii) an additional minimum 90-minute parent/student driver education component as part of the classroom portion of the driver education curriculum. However, no student who is (1) at least 18 years of age, (2) an emancipated minor, or (3) an unaccompanied minor who is not in the physical custody of his parent or guardian shall be required to participate in the parent/student driver education component.

2. The parent/student driver education component shall be administered as part of the classroom portion of the driver education curriculum. In Planning District 8, the parent/student driver education component shall be administered in-person. Outside Planning District 8, the parent/student driver education component may be administered either in-person or online by a public school or a driver training school that is licensed as a computer-based driver education provider. The participation of the student's parent or guardian in the parent/student driver education component shall be required in Planning District 8 unless the student is otherwise exempted from participation in the parent/student driver education component pursuant to the provisions of subdivision 1. Outside Planning District 8, the participation of the student's parent or guardian in the parent/student driver education component shall be encouraged, but shall not be required. The program shall emphasize (i) parental responsibilities regarding juvenile driver behavior, (ii) juvenile driving restrictions pursuant to this Code, (iii) the dangers of driving while intoxicated and underage consumption of alcohol, and (iv) the dangers of distracted driving. Such instruction shall be developed by the Department in cooperation with the Virginia Alcohol Safety Action Program, the Department of Health, and the Department of Behavioral Health and Developmental Services, as appropriate. Nothing in this subdivision precludes any school division from including a program of parental involvement as part of a driver education program in addition to the minimum 90-minute parent/student driver education component.

3. Any driver education program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

C. Each school board shall determine whether to offer the program of driver education in the safe operation of motor vehicles and, if offered, whether such program shall be an elective or a required course. *However, in recognition of the fact that behind-the-wheel training is an essential school-to-work skill and a vital step in the pathway to obtaining a driver's license and cultivating well-educated teen drivers, each school board is strongly encouraged to offer as part of its program of driver education behind-the-wheel training either during school hours or before or after school hours, including on weekends.* In addition to the fee approved by the Board of Education pursuant to the appropriation act that allows local school boards to charge a per pupil fee for behind-the-wheel driver education, the Board of Education may authorize a local school board's request to assess a surcharge in order to further recover program costs that exceed state funds distributed through basic aid to school divisions offering driver education programs. Each school board may waive the fee or the surcharge in total or in part for those students it determines cannot pay the fee or surcharge. Only school divisions complying with the standardized program and regulations established by the Board of Education and the provisions of § 46.2-335 shall be entitled to participate in the distribution of state funds appropriated for driver education.

Each school board shall make the 90-minute parent/student driver education component available to all students and their parents or guardians who are in compliance with § 22.1-254.

D. The actual initial driving instruction shall be conducted, with motor vehicles equipped as may be required by regulation of the Board of Education, on private or public property removed from public highways if practicable; if impracticable, then, at the request of the school board, the Commissioner of Highways shall designate a suitable section of road near the school to be used for such instruction. Such section of road shall be marked with signs, which the Commissioner of Highways shall supply, giving notice of its use for driving instruction. Such signs shall be removed at the close of the instruction period. No vehicle other than those used for driver training shall be operated between such signs at a speed in excess of 25 miles per hour. Violation of this limit shall be a Class 4 misdemeanor.

E. The Board of Education may, in its discretion, promulgate regulations for the use and certification of paraprofessionals as teaching assistants in the driver education programs of school divisions.

F. The Board of Education shall approve correspondence courses for the classroom training component of driver education. These correspondence courses shall be consistent in quality with instructional programs developed by the Board for classroom training in the public schools. Students completing the correspondence courses for classroom training, who are eligible to take behind-the-wheel driver training, may receive behind-the-wheel driver training (i) from a public school, upon payment of the required fee, if the school division offers behind-the-wheel driver training and space is available, (ii) from a driver training school licensed by the Department of Motor Vehicles, or (iii) in the case of a home schooling parent or guardian instructing his own child who meets the requirements for home school instruction under § 22.1-254.1 or subdivision B 1 of § 22.1-254, from a behind-the-wheel training course approved by the Board. Nothing herein shall be construed to require any school division to provide behind-the-wheel driver training to nonpublic school students.

[S 888]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-248 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-248. Manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute a controlled substance or an imitation controlled substance prohibited; penalties.

A. Except as authorized in the Drug Control Act (§ 54.1-3400 et seq.), it shall be unlawful for any person to manufacture, sell, give, distribute, or possess with intent to manufacture, sell, give or distribute a controlled substance or an imitation controlled substance.

B. In determining whether any person intends to manufacture, sell, give or distribute an imitation controlled substance, the court may consider, in addition to all other relevant evidence, whether any distribution or attempted distribution of such pill, capsule, tablet or substance in any other form whatsoever included an exchange of or a demand for money or other property as consideration, and, if so, whether the amount of such consideration was substantially greater than the reasonable value of such pill, capsule, tablet or substance in any other form whatsoever, considering the actual chemical composition of such pill, capsule, tablet or substance in any other form whatsoever and, where applicable, the price at which over-the-counter substances of like chemical composition sell.

C. Except as provided in subsection C1, any person who violates this section with respect to a controlled substance classified in Schedule I or II shall upon conviction be imprisoned for not less than five nor more than 40 years and fined not more than $500,000. Upon a second conviction of such a violation, and it is alleged in the warrant, indictment, or information that the person has been before convicted of such an offense or of a substantially similar offense in any other jurisdiction, which offense would be a felony if committed in the Commonwealth, and such prior conviction occurred before the date of the offense alleged in the warrant, indictment, or information, any such person may, in the discretion of the court or jury imposing the sentence, be sentenced to imprisonment for life or for any period not less than five years, three years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence, and he shall be fined not more than $500,000.

When a person is convicted of a third or subsequent offense under this subsection and it is alleged in the warrant, indictment or information that he has been before convicted of two or more such offenses or of substantially similar offenses in any other jurisdiction which offenses would be felonies if committed in the Commonwealth and such prior convictions occurred before the date of the offense alleged in the warrant, indictment, or information, he shall be sentenced to imprisonment for life or for a period of not less than 10 years, 10 years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence, and he shall be fined not more than $500,000.

Any person who manufactures, sells, gives, distributes or possesses with the intent to manufacture, sell, give, or distribute the following is guilty of a felony punishable by a fine of not more than $1 million and imprisonment for five years to life, five years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence:

1. 100 grams or more of a mixture or substance containing a detectable amount of heroin;

2. 500 grams or more of a mixture or substance containing a detectable amount of:

a. Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

b. Cocaine, its salts, optical and geometric isomers, and salts of isomers;

c. *Cocaine base;*

d. Ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

~~4.~~ 10 grams or more of methamphetamine, its salts, isomers, or salts of its isomers or 20 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

The mandatory minimum term of imprisonment to be imposed for a violation of this subsection shall not be applicable if the court finds that:

a. The person does not have a prior conviction for an offense listed in subsection C of § 17.1-805;

b. The person did not use violence or credible threats of violence or possess a firearm or other dangerous weapon in connection with the offense or induce another participant in the offense to do so;

c. The offense did not result in death or serious bodily injury to any person;

d. The person was not an organizer, leader, manager, or supervisor of others in the offense, and was not engaged in a continuing criminal enterprise as defined in subsection I; and

e. Not later than the time of the sentencing hearing, the person has truthfully provided to the Commonwealth all information and evidence the person has concerning the offense or offenses that were part of the same course of conduct or of a common scheme or plan, but the fact that the person has no relevant or useful other information to provide or that the Commonwealth already is aware of the information shall not preclude a determination by the court that the defendant has complied with this requirement.

C1. Any person who violates this section with respect to the manufacturing of methamphetamine, its salts, isomers, or salts of its isomers or less than 200 grams of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers shall, upon conviction, be imprisoned for not less than 10 nor more than 40 years and fined not more than $500,000. Upon a second conviction of such a violation, any such person may, in the discretion of the court or jury imposing the sentence, be sentenced to imprisonment for life or for any period not less than 10 years, and be fined not more than $500,000. When a person is convicted of a third or subsequent offense under this subsection and it is alleged in the warrant, indictment, or information that he has been previously convicted of two or more such offenses or of substantially similar offenses in any other jurisdiction, which offenses would be felonies if committed in the Commonwealth and such prior convictions occurred before the date of the offense alleged in the warrant, indictment, or information, he shall be sentenced to imprisonment for life or for a period not less than 10 years, three years of which shall be a mandatory minimum term of imprisonment to be served consecutively with any other sentence and he shall be fined not more than $500,000.

Upon conviction, in addition to any other punishment, a person found guilty of this offense shall be ordered by the court to make restitution, as the court deems appropriate, to any innocent property owner whose property is damaged, destroyed, or otherwise rendered unusable as a result of such methamphetamine production. This restitution shall include the person's or his estate's estimated or actual expenses associated with cleanup, removal, or repair of the affected property. If the property that is damaged, destroyed, or otherwise rendered unusable as a result of such methamphetamine production is property owned in whole or in part by the person convicted, the court shall order the person to pay to the Methamphetamine Cleanup Fund authorized in § 18.2-248.04 the reasonable estimated or actual expenses associated with cleanup, removal, or repair of the affected property or, if actual or estimated expenses cannot be determined, the sum of $10,000. The convicted person shall also pay the cost of certifying that any building that is cleaned up or repaired pursuant to this section is safe for human occupancy according to the guidelines established pursuant to § 32.1-11.7.

D. If such person proves that he gave, distributed or possessed with intent to give or distribute a controlled substance classified in Schedule I or II only as an accommodation to another individual who is not an inmate in a community correctional facility, local correctional facility or state correctional facility as defined in § 53.1-1 or in the custody of an employee thereof, and not with intent to profit thereby from any consideration received or expected nor to induce the recipient or intended recipient of the controlled substance to use or become addicted to or dependent upon such controlled substance, he shall be guilty of a Class 5 felony.

E. If the violation of the provisions of this article consists of the filling by a pharmacist of the prescription of a person authorized under this article to issue the same, which prescription has not been received in writing by the pharmacist prior to the filling thereof, and such written prescription is in fact received by the pharmacist within one week of the time of filling the same, or if such violation consists of a request by such authorized person for the filling by a pharmacist of a prescription which has not been received in writing by the pharmacist and such prescription is, in fact, written at the time of such request and delivered to the pharmacist within one week thereof, either such offense shall constitute a Class 4 misdemeanor.

G. Any person who violates this section with respect to an imitation controlled substance which imitates a controlled substance classified in Schedule I, II, III, or IV shall be guilty of a Class 6 felony. "Refuse" means all waste soil, rock, mineral tailings, slimes, and other material directly connected with the mine or with the cleaning and preparation of substances mined, including all waste material deposited in the permit area from other sources.

"Spoil" means any overburden or other material removed from its natural state in the process of mining.

§ 45.2-1203. Exemption for restricted mining.

Any operator engaged in mining who disturbs less than one acre of land and removes less than 500 tons of minerals at any particular site is exempt from all mining permit fees, renewal fees, and bond requirements of this chapter if such person intending to engage in such restricted mining submits an application for a permit, a sketch of the mining site, and an operations plan to be adhered to in accordance with §§ 45.2-1205 and 45.2-1206. *A permit shall not be issued for any operational plan that includes the use of cyanide or a cyanide compound in any mineral mining or processing operation.* The Director shall approve the application if he determines that the issuance of the permit will not violate any provision of this chapter.

§ 18.2-417. Slander and libel.

~~In order to maintain a current and appropriate list of therapeutic pharmaceuticals on the TPA-Formulary, current and appropriate treatment guidelines, and current and appropriate determinations of diseases and abnormal conditions of the eye and its adnexa that may be treated by TPA-certified optometrists, the Board may, from time to time, amend such regulations.~~ Such regulations *and amendments thereto* shall be exempt from the requirements of the Administrative Process Act (§ 2.2-4000 et seq.), except to any extent that they may be specifically made subject to §§ 2.2-4024, 2.2-4030, and 2.2-4031; the Board's regulations shall, however, comply with § 2.2-4103 of the Virginia Register Act (§ 2.2-4100 et seq.). The Board shall, however, conduct a public hearing prior to making amendments to ~~the TPA-Formulary,~~ the treatment guidelines or the determinations of diseases and abnormal conditions of the eye and its adnexa that may be treated by TPA-certified optometrists. § 54.1-3301. Exceptions.

This chapter shall not be construed to:

1. Interfere with any legally qualified practitioner of dentistry, or veterinary medicine or any physician acting on behalf of the Virginia Department of Health or local health departments, in the compounding of his prescriptions or the purchase and possession of drugs as he may require;

2. Prevent any legally qualified practitioner of dentistry, or veterinary medicine or any prescriber, as defined in § 54.1-3401, acting on behalf of the Virginia Department of Health or local health departments, from administering or supplying to his patients the medicines that he deems proper under the conditions of § 54.1-3303 or from causing drugs to

be administered or dispensed pursuant to §§ 32.1-42.1 and 54.1-3408, except that a veterinarian shall only be authorized to dispense a compounded drug, distributed from a pharmacy, when (i) the animal is his own patient, (ii) the animal is a companion animal as defined in regulations promulgated by the Board of Veterinary Medicine, (iii) the quantity dispensed is no more than a seven-day supply, (iv) the compounded drug is for the treatment of an emergency condition, and (v) timely access to a compounding pharmacy is not available, as determined by the prescribing veterinarian;

3. Prohibit the sale by merchants and retail dealers of proprietary medicines as defined in Chapter 34 (§ 54.1-3400 et seq.) of this title;

4. Prevent the operation of automated drug dispensing systems in hospitals pursuant to Chapter 34 (§ 54.1-3400 et seq.) of this title;

5. Prohibit the employment of ancillary personnel to assist a pharmacist as provided in the regulations of the Board;

6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from purchasing, possessing or administering controlled substances to his own patients or providing controlled substances to his own patients in a bona fide medical emergency or providing manufacturers' professional samples to his own patients;

7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic pharmaceutical agents, from purchasing, possessing or administering those controlled substances as specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own patients those controlled substances as specified in § 54.1-3222 ~~and the TPA formulary~~, providing manufacturers' samples of these drugs to his own patients, or dispensing, administering, or selling ophthalmic devices as authorized in § 54.1-3204;

8. Interfere with any physician assistant with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2952.1, to prescribe according to his practice setting and a written agreement with a physician or podiatrist;

9. Interfere with any licensed advanced practice registered nurse with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2957.01, to prescribe;

10. Interfere with any legally qualified practitioner of medicine or osteopathy participating in an indigent patient program offered by a pharmaceutical manufacturer in which the practitioner sends a prescription for one of his own patients to the manufacturer, and the manufacturer donates a stock bottle of the prescription drug ordered at no cost to the practitioner or patient. The practitioner may dispense such medication at no cost to the patient without holding a license to dispense from the Board of Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in the program shall not use the donated drug for any purpose other than dispensing to the patient for whom it was originally donated, except as authorized by the donating manufacturer for another patient meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent patient program pursuant to this subdivision. A participating pharmacy, including a pharmacy participating in bulk donation programs, may charge a reasonable dispensing or administrative fee to offset the cost of dispensing, not to exceed the actual costs of such dispensing. However, if the patient is unable to pay such fee, the dispensing or administrative fee shall be waived;

11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing controlled substances to his own patients in a free clinic without charge when such controlled substances are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The practitioner shall first obtain a controlled substances registration from the Board and shall comply with the labeling and packaging requirements of this chapter and the Board's regulations; or

12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

This section shall not be construed as exempting any person from the licensure, registration, permitting and record keeping requirements of this chapter or Chapter 34 of this title.

§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient via telemedicine if such prescribing is in compliance with federal requirements for the practice of telemedicine and, in the case of the prescribing of a Schedule II through V controlled substance, the prescriber maintains a practice at a physical location in the Commonwealth or is able to make appropriate referral of patients to a licensed practitioner located in the Commonwealth in order to ensure an in-person examination of the patient when required by the standard of care.

A prescriber may establish a bona fide practitioner-patient relationship for the purpose of prescribing Schedule II through VI controlled substances by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations; (h) the establishment of a bona fide practitioner-patient relationship via telemedicine is consistent with the standard of care, and the standard of care does not require an in-person examination for the purpose of diagnosis; and (i) the establishment of a bona fide practitioner patient relationship via telemedicine is consistent with federal law and regulations and any waiver thereof. Nothing in this paragraph shall apply to (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid

prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, an advanced practice registered nurse, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed advanced practice registered nurse who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice ~~for the drugs specified on the TPA Formulary, established~~ pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

K. Notwithstanding any other provision of law, a prescriber may authorize a registered nurse or licensed practical nurse to approve additional refills of a prescribed drug for no more than 90 consecutive days, provided that (i) the drug is classified as a Schedule VI drug; (ii) there are no changes in the prescribed drug, strength, or dosage; (iii) the prescriber has a current written protocol, accessible by the nurse, that identifies the conditions under which the nurse may approve additional refills; and (iv) the nurse documents in the patient's chart any refills authorized for a specific patient pursuant to the protocol and the additional refills are transmitted to a pharmacist in accordance with the allowances for an authorized agent to transmit a prescription orally or by facsimile pursuant to subsection C of § 54.1-3408.01 and regulations of the Board.

CHAPTER 414

An Act to amend and reenact § 46.2-1094 of the Code of Virginia, relating to use of safety belt systems.

[H 2475]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1094 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1094. Occupants of front seats of motor vehicles required to use safety lap belts and shoulder harnesses; penalty.

A. Any driver, and any other person at least 18 years of age and occupying ~~the front~~ *a* seat, of a motor vehicle equipped or required by the provisions of this title to be equipped with a safety belt system, consisting of lap belts, shoulder harnesses, combinations thereof or similar devices, shall wear the appropriate safety belt system at all times while the motor vehicle is in motion on any public highway. B. This section shall not apply to:

1. Any person for whom a licensed physician determines that the use of such safety belt system would be impractical by reason of such person's physical condition or other medical reason, provided the person so exempted carries on his person or in the vehicle a signed written statement of the physician identifying the exempted person and stating the grounds for the exemption; or

2. Any law-enforcement officer transporting persons in custody or traveling in circumstances which render the wearing of such safety belt system impractical; or

3. Any person while driving a motor vehicle and performing the duties of a rural mail carrier for the United States Postal Service; or

5. Drivers of and passengers in taxicabs; or

6. Personnel of commercial or municipal vehicles while actually engaged in the collection or delivery of goods or services, including but not limited to solid waste, where such collection or delivery requires the personnel to exit and enter the cab of the vehicle with such frequency and regularity so as to render the use of safety belt systems impractical and the safety benefits derived therefrom insignificant. Such personnel shall resume the use of safety belt systems when actual

collection or delivery has ceased or when the vehicle is in transit to or from a point of final disposition or disposal, including but not limited to solid waste facilities, terminals, or other location where the vehicle may be principally garaged; or

D. A violation of this section shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this section change any existing law, rule, or procedure pertaining to any such civil action.

E. A violation of this section may be charged on the uniform traffic summons form.

CHAPTER 415

An Act to amend the Code of Virginia by adding in Chapter 5.3 of Title 32.1 a section numbered 32.1-162.31:1, relating to Florence Neal Cooper Smith Sickle Cell Research Endowment Fund established.

[H 2500]

Approved March 24, 2025

Whereas, the Florence Neal Cooper Smith Professorship was established at the Virginia Commonwealth University School of Medicine to foster aggressive, cutting-edge research that will lead to discovering a cure for sickle cell disease; and

Whereas, Florence Neal Cooper Smith is a pioneer of sickle cell disease awareness, both regionally and nationally; she is a graduate of Virginia Union University and completed graduate studies in pathology at the VCU School of Medicine, formerly known as the Medical College of Virginia; and

Whereas, in 1969, Florence Neal Cooper Smith organized Richmond's first city-wide survey with the help of local civic, social, and community organizations to determine the extent of sickle cell awareness in the surrounding localities; and

Whereas, in 1972, with the allotment of federal dollars for sickle cell programs, Florence Neal Cooper Smith and colleague Dr. Robert B. Scott Sr. founded the innovative Sickle Cell Awareness Program at the Medical College of Virginia/Virginia Commonwealth University to educate and inform the general public about sickle cell anemia; and

Whereas, the efforts of Florence Neal Cooper Smith supported the policy of screening all newborns in Virginia for sickle cell disease; and

Whereas, in May 2014, Dr. Wally R. Smith was appointed as the inaugural holder of the Florence Neal Cooper Smith Professorship in the Division of General Internal Medicine, earned from being a nationally recognized expert on sickle cell disease and leading the fight in Virginia to develop methods of treatment, assist in care management, and promote continuous research; and

Whereas, sickle cell disease causes red blood cells to function abnormally, becoming rigid and curving into a sickle-like shape that makes it difficult for the cells to pass through tiny blood vessels, resulting in painful blockages that prevent oxygen and vital nutrients in the blood from reaching organs and tissues resulting in tissue damage, severe recurring pain, strokes, organ damage, and other serious medical complications; and

Whereas, sickle cell disease primarily affects those of African descent, but also is found in people who trace their ancestry to South and Central America, the Middle East, India, Italy, Greece, and Turkey, and thus affects Virginians; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 5.3 of Title 32.1 a section numbered 32.1-162.31:1 as follows:

§ 32.1-162.31:1. Florence Neal Cooper Smith Sickle Cell Research Endowment Fund.

A. From such funds as may be appropriated by the General Assembly and any gifts, grants, or donations from public or private sources, there is created in the state treasury a special, nonreverting, revolving, and permanent fund to be known as the Florence Neal Cooper Smith Sickle Cell Research Endowment Fund. The Fund shall be established on the books of the Comptroller and shall be administered and implemented by the Board in accordance with the provisions of this section. All funds appropriated for the Fund and any grants, donations, or other assistance provided shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purpose of making grant payments pursuant to this

section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the chairman or vice-chairman of the Board.

B. Moneys in the Fund shall be used solely to support medical and biomedical sickle cell disease research conducted in institutions of higher education in the Commonwealth that relates to the causes and cures of sickle cell disease.

C. Any appropriations, grants, donations, or other assistance provided pursuant to this section shall be awarded in accordance with the Board's specific criteria and procedures, requirements for submission of research proposals, and evaluation mechanisms established pursuant to this chapter. However, no requirement for matching funds shall apply to the appropriations, grants, donations, or other assistance awarded to the Fund, and the leveraging of funds is incidental to the support provided under this section. The appropriations, grants, donations, or other assistance provided pursuant to this section may, upon demonstrating a reasonable justification to the Board's satisfaction, be awarded to support sickle cell disease research that is not eligible for federal research funds through the National Institutes of Health. No moneys from the Fund may be provided to any entity that conducts human sickle cell disease research from stem cells obtained from human embryos or for conducting such research; however, research conducted using stem cells other than embryonic stem cells may be funded.

CHAPTER 416

CHAPTER 417

An Act to amend and reenact § 15.2-961.3 of the Code of Virginia, relating to replacement of trees during development process in localities; tree canopy fund.

[H 2630]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-961.3 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-961.3. Replacement of trees during development process in localities.

A. Any locality may adopt an ordinance providing for the planting and replacement of trees during the development process pursuant to the provisions of this section.

B. The ordinance shall require that the site plan for any subdivision or development include the planting or replacement of trees on the site to the extent that, at 20 years, minimum tree canopies or covers will be provided in areas to be designated in the ordinance, as follows:

1. Ten percent tree canopy for a site zoned business, commercial, or industrial;

2. Ten percent tree canopy for a residential site zoned 20 or more units per acre;

3. Fifteen percent tree canopy for a residential site zoned more than 10 but less than 20 units per acre;

4. Twenty percent tree canopy for a residential site zoned 10 units or less per acre; and

5. The tree canopy percentage for a mixed-use development shall be the percentage applicable to the predominant use of the development. For purposes of this subdivision, "predominant use" means the use within the development that constitutes the largest percentage of gross land area or, in the case of a building or buildings, the largest percentage of the total floor area.

However, the City of Williamsburg may require at 10 years the minimum tree canopies or covers set out in this subsection.

C. The ordinance shall require that the site plan for any subdivision or development include, at 20 years, that a minimum 10 percent tree canopy will be provided on the site of any cemetery as defined in § 54.1-2310, notwithstanding any other provision of this section. In no event shall any local tree replacement or planting ordinance adopted pursuant to this section exceed the requirements of this subsection.

D. The ordinance shall provide for reasonable provisions for reducing the tree canopy requirements of subsection B or granting tree cover credit in consideration of the preservation of existing tree cover or for preservation of trees of outstanding age, size, or physical characteristics.

E. The ordinance shall provide for reasonable exceptions to or deviations from these requirements to allow for the reasonable development of farm land or other areas devoid of healthy or suitable woody materials, for the preservation of wetlands, or otherwise when the strict application of the requirements would result in unnecessary or unreasonable hardship to the developer. In such instances, the ordinance may provide for a tree canopy bank *or fund* whereby a portion of a development's tree canopy requirement may be met from off-site planting or replacement of trees at the direction of the locality.

F. Any ~~such~~ *tree canopy* bank shall be within the locality and located as closely as feasible to where the development project is situated. If there is no bank within the locality of the development project with sufficient credits to meet the project's off-site needs, and with the approval of the locality where the development project is located, the unmet portion of a development's tree canopy requirement may be met by payment of an amount equal to no less than the development project's avoided costs for the unmet portion to the *locality's tree canopy fund established pursuant to subsection G or the* state treasury ~~and~~ *to be* credited to the Natural Resources Commitment Fund, pursuant to subsection A of § 10.1-2128.1. Amounts credited to the Natural Resources Commitment Fund pursuant to this subsection shall be distributed to the Virginia Agricultural Best Management Practices Cost-Share Program and applied to the implementation of riparian forested buffer best management practices. The following shall be exempt from the requirements of any tree replacement or planting ordinance promulgated under this section: dedicated school sites, playing fields and other nonwooded recreation areas, and other facilities and uses of a similar nature.

~~F.~~ *G. A locality may, by ordinance, establish a tree canopy fund to collect, maintain, and distribute fees collected from developers that cannot provide full tree canopy requirements on-site where permitted pursuant to subsection E. For purposes of establishing consistent and predictable fees, such ordinance shall establish cost units that are based on average costs of two-inch caliper nursery stock trees. The locality may use moneys from the tree canopy fund to (i) plant and maintain trees on public or private property or (ii) make a disbursement to a community-based organization that is exempt from income tax pursuant to § 501(c)(3) of the Internal Revenue Code and is operated for tree planting, stewardship, or community-beautification missions that benefit the community at large. Any funds collected by localities in accordance with this subsection shall be spent within five years of the collection date.*

H. The ordinance may designate tree species that cannot be planted to meet minimum tree canopy requirements due to tendencies of such species to (i) negatively impact native plant communities, (ii) cause damage to nearby structures and infrastructure, or (iii) possess inherent physiological traits that cause such trees to structurally fail. All trees to be planted shall meet the specifications of the AmericanHort. The planting of trees shall be done in accordance with either the standardized landscape specifications adopted by the Virginia Nursery and Landscape Association, the Virginia Society of Landscape Designers, or the Virginia Chapter of the American Society of Landscape Architects or, if applicable, the road and bridge specifications of the Virginia Department of Transportation.

~~G.~~ *I.* Existing trees that are to be preserved may be included to meet all or part of the canopy requirements, and may include wooded preserves, if the site plan identifies such trees and the trees meet standards of desirability and life-year expectancy that the locality may establish.

~~H.~~ *J.* For purposes of this section, "tree canopy" or "tree cover" includes all areas of coverage by plant material exceeding five feet in height, and the extent of planted tree canopy at 10 or 20 years' maturity. Planted canopy at 10 or 20 years' maturity shall be based on published reference texts generally accepted by landscape architects, nurserymen, and arborists in the community or standards adopted by the Virginia State Forester, and the texts shall be specified in the ordinance.

~~I.~~ *K.* Penalties for violations of ordinances adopted pursuant to this section shall be the same as those applicable to violations of zoning ordinances of the locality.

~~J.~~ *L.* In no event shall any local tree replacement or planting ordinance adopted pursuant to this section exceed the requirements set forth herein. Nothing in this section shall prohibit or unreasonably limit silvicultural practices in accordance with § 10.1-1126.1.

~~K.~~ *M.* Nothing in this section shall invalidate any local ordinance adopted by the City of Williamsburg that imposes standards for 10-year-minimum tree cover replacement or planting during the development process.

~~L.~~ *N.* Nothing in this section shall invalidate any local ordinance adopted pursuant to the provisions of § 15.2-961 or 15.2-961.1.

A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or offeror because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, status as a service disabled veteran, *status as a military family,* or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, each public body shall include businesses selected from a list made available by the Department of Small Business and Supplier Diversity, which list shall include all companies and organizations certified by the Department.

B. All public bodies shall establish programs consistent with this chapter to facilitate the participation of small businesses, businesses owned by women, minorities, and service disabled veterans, *military family-owned businesses,* and employment services organizations in procurement transactions. The programs established shall be in writing and shall comply with the provisions of any enhancement or remedial measures authorized by the Governor pursuant to subsection C or, where applicable, by the chief executive of a local governing body pursuant to § 15.2-965.1, and shall include specific plans to achieve any goals established therein. The Department of Small Business and Supplier Diversity shall make information on service disabled veteran-owned *or military family-owned* procurement available to the Department of Veterans Services upon request.

C. Whenever there exists (i) a rational basis for small business or employment services organization enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law. Any enhancement or remedial measure authorized by the Governor pursuant to this subsection for state public bodies may allow for small businesses certified by the Department of Small Business and Supplier Diversity or a subcategory of small businesses established as a part of the enhancement program to have a price preference over noncertified businesses competing for the same contract award on designated procurements, provided that the bid of the certified small business or the business in such subcategory of small businesses established as a part of an enhancement program does not exceed the low bid by more than five percent.

D. In awarding a contract for services to a small, women-owned, or minority-owned business that is certified in accordance with § 2.2-1606, or to a business identified by a public body as a service disabled veteran-owned *or military family-owned* business where the award is being made pursuant to an enhancement or remedial program as provided in subsection C, the public body shall include in every such contract of more than $10,000 the following:

A. The motor vehicle being driven by any person (i) whose driver's license, learner's permit or privilege to drive a motor vehicle has been suspended or revoked for a violation of § 18.2-51.4 or 18.2-272 or driving while under the influence in violation of § 18.2-266, 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction; (ii) where such person's license has been administratively suspended under the provisions of § 46.2-391.2; (iii) driving after such person's driver's license, learner's permit or privilege to drive a motor vehicle has been suspended or revoked for unreasonable refusal of tests in violation of § 18.2-268.3, 46.2-341.26:3 or a substantially similar ordinance or law in any other jurisdiction; or (iv) driving without an operator's license in violation of § 46.2-300 having been previously convicted of such offense or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction shall be impounded or immobilized by the arresting law-enforcement officer at the time the person is arrested for driving after his driver's license, learner's permit or privilege to drive has been so revoked or suspended or for driving without an operator's license in violation of § 46.2-300 having been previously convicted of such offense or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction. The impoundment or immobilization for a violation of clause (i), (ii), or (iii) shall be for a period of 30 days. The period of impoundment or immobilization for a violation of clause (iv) shall be until the offender obtains a valid operator's license pursuant to § 46.2-300 or three days, whichever is less. In the event that the offender obtains a valid operator's license at any time during the three-day impoundment period and presents such license to the court, the court shall authorize the release of the vehicle upon payment of all reasonable costs of impoundment or immobilization to the person holding the vehicle.

The provisions of this section as to the offense described in clause (iv) shall not apply to a person who drives a motor vehicle with no operator's license (a) whose license has been expired for less than one year prior to the offense or (b) who is under 18 years of age at the time of the offense. The arresting officer, acting on behalf of the Commonwealth, shall serve notice of the impoundment upon the arrested person. The notice shall include information on the person's right to petition for review of the impoundment pursuant to subsection B. A copy of the notice of impoundment shall be delivered to the magistrate and thereafter promptly forwarded to the clerk of the general district court of the jurisdiction where the arrest was made. Transmission of the notice may be by electronic means.

At least five days prior to the expiration of the period of impoundment imposed pursuant to this section or § 46.2-301, the clerk shall provide the offender with information on the location of the motor vehicle and how and when the vehicle will be released; however, for a violation of clause (iv), such information shall be provided at the time of arrest.

All reasonable costs of impoundment or immobilization, including removal and storage expenses, shall be paid by the offender prior to the release of his motor vehicle. Notwithstanding the above, where the arresting law-enforcement officer discovers that the vehicle was being rented or leased from a vehicle renting or leasing company, the officer shall not impound the vehicle or continue the impoundment but shall notify the rental or leasing company that the vehicle is available for pickup and shall notify the clerk if the clerk has previously been notified of the impoundment.

B. Any driver who is the owner of the motor vehicle that is impounded or immobilized under subsection A may, during the period of the impoundment, petition the general district court of the jurisdiction in which the arrest was made to review that impoundment. The court shall review the impoundment within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a preponderance of the evidence that the arresting law-enforcement officer did not have probable cause for the arrest, or that the magistrate did not have probable cause to issue the warrant, the court shall rescind the impoundment. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs paid or incurred by him. Otherwise, the court shall affirm the impoundment. If the person requesting the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the impoundment or to any other potential party as to any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

C. The owner or co-owner of any motor vehicle impounded or immobilized under subsection A who was not the driver at the time of the violation may petition the general district court in the jurisdiction where the violation occurred for the release of his motor vehicle. The motor vehicle shall be released if the owner or co-owner proves by a preponderance of the evidence that he (i) did not know that the offender's driver's license was suspended or revoked when he authorized the offender to drive such motor vehicle; (ii) did not know that the offender had no operator's license and that the operator had been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction when he authorized the offender to drive such motor vehicle; or (iii) did not consent to the operation of the motor vehicle by the offender. If the owner proves by a preponderance of the evidence that his immediate family has only one motor vehicle and will suffer a substantial hardship if that motor vehicle is impounded or immobilized for the period of impoundment that otherwise would be imposed pursuant to this section, the court, in its discretion, may release the vehicle after some period of less than such impoundment period.

D. Notwithstanding any provision of this section, a subsequent dismissal or acquittal of the charge of driving without an operator's license or of driving on a suspended or revoked license shall result in an immediate rescission of the impoundment or immobilization provided in subsection A. Upon rescission, the motor vehicle shall be released and the Commonwealth shall pay or reimburse the person for all reasonable costs of impoundment or immobilization, including removal or storage costs, incurred or paid by him.

E. Any person who knowingly authorizes the operation of a motor vehicle by (i) a person he knows has had his driver's license, learner's permit, or privilege to drive a motor vehicle suspended or revoked for any of the reasons set forth in subsection A or (ii) a person who he knows has no operator's license and who he knows has been previously convicted of driving a motor vehicle without an operator's license in violation of § 46.2-300 or a substantially similar ordinance of any county, city, or town or law in any other jurisdiction shall be guilty of a Class 1 misdemeanor. *Any person who knowingly authorizes the operation of a motor vehicle by (a) any person who he knows has no legal right to do so or (b) a minor who he knows has no operator's license or learner's permit or who has a learner's permit but who he knows will operate such motor vehicle in violation of any provision of § 46.2-335 is guilty of Class 1 misdemeanor if such violation results in a motor vehicle accident that causes injury or death to any person, provided that such violation does not otherwise constitute a felony*.

F. Notwithstanding the provisions of this section or § 46.2-301, nothing in this section shall impede or infringe upon a valid lienholder's rights to cure a default under an existing security agreement. Furthermore, such lienholder shall not be liable for any cost of impoundment or immobilization, including removal or storage expenses which may accrue pursuant to the provisions of this section or § 46.2-301. In the event a lienholder repossesses or removes a vehicle from storage pursuant to an existing security agreement, the Commonwealth shall pay all reasonable costs of impoundment or immobilization, including removal and storage expenses, to any person or entity providing such services to the Commonwealth, except to the extent such costs or expenses have already been paid by the offender to such person or entity. Such payment shall be made within seven calendar days after a request is made by such person or entity to the Commonwealth for payment. Nothing herein, however, shall relieve the offender from liability to the Commonwealth for reimbursement or payment of all such reasonable costs and expenses.

CHAPTER 432

An Act to amend the Code of Virginia by adding in Article 2 of Chapter 5 of Title 32.1 a section numbered 32.1-138.5:1, relating to nursing facilities; electronic monitoring in resident rooms.

[S 821]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 2 of Chapter 5 of Title 32.1 a section numbered 32.1-138.5:1 as follows:

§ 32.1-138.5:1. Electronic monitoring in resident rooms.

A. As used in this section:

"Electronic monitoring" means the use of a surveillance device with a fixed position video camera or audio recording device, or a combination thereof, that is installed in a resident's room and broadcasts or records activities or sounds occurring within the confines of the room. Electronic monitoring shall not include use of a device that enables audio communication into the resident's room from another source.

"Family member" means the resident's spouse, parent, stepparent, child, stepchild, brother, sister, half-brother, half-sister, grandparent, or grandchild.

"Legal representative" means a person legally responsible for representing or standing in the place of the resident for the conduct of his affairs. This may include a guardian, conservator, attorney-in-fact under durable power of attorney, trustee, or other person expressly named by a court of competent jurisdiction or the resident as his agency in a legal document that specifies the scope of the representative's authority to act. A legal representative may only represent or stand in the place of a resident for the function for which he has legal authority to act.

B. All requests for electronic monitoring shall be made in writing and signed by the resident or, if the resident has been legally deemed incompetent, the resident's legal representative. Only electronic monitoring in accordance with this section is permitted.

Electronic monitoring shall be permitted only:

1. Upon the informed consent of the resident or resident's legal representative, which shall be obtained prior to the installation or use of any electronic monitoring device. Consent for electronic monitoring shall be kept in the resident's medical record;

2. When the resident resides:

a. In a room with no roommates; or

b. In a room with any roommates and obtains written consent to visual recording from such roommates or, if any roommate has been legally deemed incompetent, such roommate's legal representative. When a resident resides with any roommates, only video electronic monitoring shall be permitted pursuant to this subsection;

3. Upon execution of an agreement for the sharing and release of medical data and information protected by the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.) signed by the resident or resident's legal representative or, if applicable, any such agreement signed by any roommate or roommate's legal representative shall be kept in all consenting individuals' medical records; and

4. When the nursing facility has secured and password-protected wireless Internet access or other means available to operate the electronic monitoring device without modification to the nursing facility or a change in level or capacity of Internet access.

C. A nursing facility shall allow electronic monitoring of a resident of a nursing facility if the electronic monitoring is conducted in accordance with this section. A nursing facility shall not refuse to admit an individual and shall not discharge or transfer a resident due to a request to conduct authorized electronic monitoring.

D. Family members shall not implement or activate electronic monitoring over the objections of or contrary to the instructions of the resident or the resident's legal representative. No electronic monitoring equipment may be installed over the objections of or contrary to the instructions of the resident or resident's legal representative.

E. Nursing facilities shall designate one or more staff persons to be the point of contact for electronic monitoring requests and for providing information and policies upon request during normal business hours.

F. Except as provided in subsection O, nursing facilities may assume custodial ownership of any recordings from electronic monitoring devices from the resident or resident's legal representative. Recordings from electronic monitoring devices shall not be considered part of the resident's medical record.

G. If a nursing facility chooses to assume ownership of recordings from electronic monitoring devices pursuant to subsection F, the nursing facility shall not permit viewings of recordings without consent of the resident or resident's legal representative except to the extent that disclosure is required by law or for quality assurance purposes.

H. A nursing facility shall not be held liable for any breach of data or privacy related to the presence of the electronic monitoring device.

I. A nursing facility shall require its staff to immediately report any incidents regarding safety or quality of care discovered or reported to staff as a result of viewing a recording from an electronic monitoring device to the administrator of the nursing facility.

J. A nursing facility shall have no obligation to seek access to a recording for which it has not assumed custodial ownership or to have knowledge of a recording's content unless (i) the nursing facility is aware of a recorded incident of suspected abuse or neglect or of an accident or injury based upon a report received by the facility of such incident, accident, or injury or (ii) the resident, the resident's legal representative, or a government agency seeks to use a recording.

K. Unless a nursing facility chooses to assume ownership of any recordings from an electronic monitoring device, the resident or resident's legal representative shall be responsible for all aspects of the operation of the electronic monitoring device, including the removal and replacement of recordings; adherence to local, state, and federal privacy laws; and use of firewall protections to prevent images that would violate obscenity laws from being inadvertently shown on the Internet.

L. A nursing facility shall prohibit assigned staff from refusing to enter a resident's room solely because of electronic monitoring.

M. A nursing facility shall make reasonable physical accommodations for electronic monitoring devices, including:

1. Providing a reasonably secure place to mount the device; and

2. Providing reasonable access to power sources if already in proximity to the device.

N. A nursing facility shall require a resident or resident's legal representative to pay for all costs, other than the cost of electricity, associated with the purchase and installation of the electronic monitoring device. In addition, a nursing facility offering facility-managed electronic monitoring may charge a one-time fee not to exceed $150 when the electronic monitoring device is installed along with a security deposit not to exceed $250. A nursing facility may charge a monthly fee not to exceed $10 to cover costs associated with the electronic monitoring device. Such costs may include equipment, secured and password-protected wireless Internet and server capabilities, compliance with life safety and building and electrical codes, maintenance or removal of the equipment, posting and removal of any public notices, or structural repairs to the building resulting from the removal of the equipment. Nursing facilities shall give 45 days' notice of an increase in monthly fees.

O. The resident or resident's legal representative of a room with an electronic monitoring device may verbally or in writing condition consent to the installation or use of the electronic monitoring device. Such conditions on consent may include: (i) the ability of the resident, any roommate, or staff at the request of the resident or any roommate, to turn off or disable the audio or video electronic monitoring device during certain periods of time and (ii) a prohibition on the ability of the nursing facility to, pursuant to subsection F, choose to assume custodial ownership of any recordings from the electronic monitoring device after the electronic monitoring device has been installed and is operational. If the resident or resident's legal representative or any roommate or roommate's legal representative places any such conditions on consent, the nursing facility and staff shall ensure that the installation, use, and operation of the electronic monitoring device and any electronic monitoring or other activities conducted in connection therewith are conducted in compliance with such conditions.

P. The nursing facility shall conspicuously post and maintain a notice at the entrance to the resident's room stating that an electronic monitoring device is in operation.

Q. Nursing facilities shall notify assigned staff for the resident when electronic monitoring is in use in a resident's room pursuant to this section.

R. Each nursing facility shall adopt policies and procedures for electronic monitoring consistent with this section.

S. Each nursing facility shall adopt a policy prohibiting staff from willfully tampering with electronic monitoring devices in violation of this section. Adjusting or disabling an electronic monitoring device during the provision of patient care shall not constitute willful tampering if such adjusting or disabling is done in order to protect the dignity of a resident or at the direction of the resident or resident's legal representative.

T. If the placement or position of the electronic monitoring device creates risk to a nursing facility employee, resident, or any roommate, or if the resident or resident's legal representative or family member violates the nursing facility's policies and procedures for electronic monitoring, the equipment may be disabled and removed and the resident, resident's legal representative, or family member responsible for the camera shall be notified of the removal.

2. That the Virginia Board of Health shall promulgate regulations consistent with this act and the provisions of this act shall become effective when such regulations become effective.

CHAPTER 433

An Act to amend and reenact § 9.1-904 of the Code of Virginia, relating to Sex Offender and Crimes Against Minors Registry; registration intervals for Tier I and Tier II offenses.

[S 844]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 9.1-904 of the Code of Virginia is amended and reenacted as follows:

§ 9.1-904. Periodic verification.

A. For purposes of this chapter, "verify his registration information" means that the person required to register has notified the State Police; confirmed his current physical and mailing address and electronic mail address information and any instant message, chat, or other Internet communication name or identity information that he uses or intends to use; and provided such other information, including identifying information, that the State Police may require.

B. Any person required to register shall verify his registration information with the State Police, during such person's required verification month and time interval, commencing with the date of initial registration, as follows:

1. *a. Any person convicted of a Tier I or Tier II offense, yearly intervals to include the person's birth month; and*

b. Any person convicted of a violation of § 18.2-472.1, in which such person was included on the Registry for a Tier I or Tier II offense, twice a year.

2. a. Any person convicted of a Tier III offense or murder, four times each year at three-month intervals, including the person's birth month; and

~~2.~~ *b.* Any person convicted of a violation of § 18.2-472.1, in which such person was included on the Registry for a conviction of a Tier III offense or murder, every month.

C. The State Police shall make available to the person an address verification form to be used for verification of his registration information. The form shall contain in bold print a statement indicating that failure to comply with the verification required is punishable as provided in § 18.2-472.1. Copies of all forms to be used for verification and guidelines for submitting such forms, including month and time verification intervals, shall be available through distribution by the State Police, from local law-enforcement agencies, and in a format capable of being downloaded and printed from a website maintained by the State Police. *In addition, State Police may provide any person required to verify his registration information with the option to do so using other electronic means specified in State Police regulations promulgated pursuant to § 9.1-915.*

D. Persons required to register with last names beginning with A through L shall verify their registration information with the State Police from the first to the fifteenth of such person's verification months pursuant to subsection B, and persons required to register with last names beginning with M through Z shall verify their registration information with the State Police from the sixteenth to the last day of the month during such person's verification months pursuant to subsection B. The last name shall be the last name in the person's name pursuant to § 9.1-903 as it appears in the Registry.

E. For the period of July 1, 2020, to July 1, 2021, any person required to verify his registration information shall continue to verify his resignation information with the State Police on such person's verification schedule in place prior to July 1, 2020, until such person has verified his registration information pursuant to the new verification schedule provided in subsection B, at which time such person shall continue to verify his registration information pursuant to the new verification schedule.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 434

An Act to amend and reenact § 46.2-882.1 of the Code of Virginia, relating to photo speed monitoring devices; use in highway work zones, school crossing zones, and high-risk intersection segments; proof of violation; retired law-enforcement officials.

[S 852]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-882.1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-882.1. Use of photo speed monitoring devices in highway work zones, school crossing zones, and high-risk intersection segments; civil penalty.

A. For the purposes of this section:

"High-risk intersection segment" means any highway or portion thereof located not more than 1,000 feet from the limits of the property of a school that is part of or adjacent to an intersection containing a marked crosswalk that is identified in the manner provided in this section as one in which a traffic fatality has occurred since January 1, 2014.

"Highway work zone" has the same meaning ascribed to it in § 46.2-878.1.

"Photo speed monitoring device" means equipment that uses radar or LIDAR-based speed detection and produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles.

"Retired sworn law-enforcement officer" means any officer of the United States, or of a state or political subdivision thereof, who was empowered by law to conduct investigations and make arrests and any attorney authorized by law to prosecute or participate in the prosecution of such offenses, who at the time of retirement kept an up-to-date certification and retired honorably in good standing. A retired sworn law-enforcement officer shall not be required to keep an up-to-date certification after the date of his retirement.

"School crossing zone" has the same meaning ascribed to it in § 46.2-873.

"Vehicle speed violation" means a violation of this title resulting from the operation of a vehicle in excess of the speed limit, including a violation of § 46.2-873 or 46.2-878.1.

B. A state or local law-enforcement agency may place and operate a photo speed monitoring device in school crossing zones for the purposes of recording violations of § 46.2-873 and in highway work zones for the purposes of recording violations of § 46.2-878.1.

A state or local law-enforcement agency may place and operate a photo speed monitoring device at a high-risk intersection segment located within the locality for the purpose of recording vehicle speed violations, provided that such law-enforcement agency certifies that a traffic fatality has occurred since January 1, 2014, in such segment.

C. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a photo speed monitoring device, to be traveling at speeds of at least 10 miles per hour above the posted speed limit in the zone monitored by the photo speed monitoring device. Such civil penalty shall not exceed $100, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section resulting from a summons issued by a local law-enforcement officer *or retired sworn law-enforcement officer employed by a locality* shall be paid to the locality in which such violation occurred. Civil penalties collected under this section resulting from a summons issued by a law-enforcement officer *or retired sworn law-enforcement officer* employed by the Department of State Police shall be paid into the Literary Fund. However, all civil penalties collected under this section resulting from a summons issued based on evidence obtained from a photo speed monitoring device placed and operated at a high-risk intersection segment shall be paid to the Commonwealth Transportation Board to be used for the Virginia Highway Safety Improvement Program established pursuant to § 33.2-373.

D. If a photo speed monitoring device is used, proof of a vehicle speed violation shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer *or a retired sworn law-enforcement officer*, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo speed monitoring device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotapes, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such vehicle speed violation.

E. In the prosecution for a vehicle speed violation in which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in a manner constituting a vehicle speed violation, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged vehicle speed violation, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

F. Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. However, if a law-enforcement officer uses a photo speed monitoring device to record a vehicle speed violation and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.

G. A summons for a vehicle speed violation issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection E and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a vehicle speed violation issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a photo speed monitoring device in connection with the violation. If the law-enforcement agency that was operating the photo speed monitoring device does not execute a summons for a vehicle speed violation issued pursuant to this section within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the violation.

H. A private vendor may enter into an agreement with a law-enforcement agency to be compensated for providing a photo speed monitoring device and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer *or retired sworn law-enforcement officer* may swear to or affirm the certificate required by this section. Any such agreement for compensation shall be based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed. Any private vendor contracting with a law-enforcement agency pursuant to this section may enter into an agreement with the Department, in accordance with the provisions of subdivision B 31 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that committed a vehicle speed violation. Any such information provided to such private vendor shall be protected in a database.

I. Information collected by a photo speed monitoring device operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of vehicle speed violations. Information provided to the operator of a photo speed monitoring device shall be protected in a database and used only for enforcement of vehicle speed violations and enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, videotapes, or other recorded images collected by a photo speed monitoring device shall be used exclusively for enforcing vehicle speed violations and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of a vehicle speed violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a vehicle speed violation or a violation of this section, or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. Any law-enforcement agency using photo speed monitoring devices shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of $1,000 per disclosure.

J. A conspicuous sign shall be placed within 1,000 feet of any school crossing zone, highway work zone, or high-risk intersection segment at which a photo speed monitoring device is used, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the speed limit violation.

K. Any state or local law-enforcement agency that places and operates a photo speed monitoring device pursuant to the provisions of this section shall report to the Department of State Police, in a format to be determined by the Department of State Police, by January 15 of each year on the number of traffic violations prosecuted, the number of successful prosecutions, and the total amount of monetary civil penalties collected. The Department of State Police shall aggregate such information and report it to the General Assembly by February 15 of each year.

CHAPTER 435

An Act to amend and reenact § 4.1-325 of the Code of Virginia, relating to alcoholic beverage control; mixed beverage licensees; prohibition on delivery to consumer of original bottle of alcoholic beverage; exception.

[S 868]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 4.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 4.1-325. Prohibited acts by mixed beverage licensees; penalty.

A. In addition to § 4.1-324, no mixed beverage licensee nor any agent or employee of such licensee shall:

1. Sell or serve any alcoholic beverage other than as authorized by law;

2. Sell any authorized alcoholic beverage to any person or at any place except as authorized by law;

3. Allow at the place described in his license the consumption of alcoholic beverages in violation of this subtitle;

4. Keep at the place described in his license any alcoholic beverage other than that which he is licensed to sell;

5. Misrepresent the brand of any alcoholic beverage sold or offered for sale;

6. Keep any alcoholic beverage other than in the bottle or container in which it was purchased by him except (i) for a frozen alcoholic beverage, which may include alcoholic beverages in a frozen drink dispenser of a type approved by the Board; (ii) in the case of wine, in containers of a type approved by the Board pending automatic dispensing and sale of such wine; and (iii) as otherwise provided by Board regulation. Neither this subdivision nor any Board regulation shall prohibit any mixed beverage licensee from premixing containers of sangria, to which spirits may be added, to be served and sold for consumption on the licensed premises;

7. Refill or partly refill any bottle or container of alcoholic beverage or dilute or otherwise tamper with the contents of any bottle or container of alcoholic beverage, except as provided by Board regulation adopted pursuant to subdivision B 11 of § 4.1-111;

8. Sell or serve any brand of alcoholic beverage which is not the same as that ordered by the purchaser without first advising such purchaser of the difference;

CHAPTER 448

An Act to amend and reenact § 19.2-386.14 of the Code of Virginia, relating to forfeited assets; law enforcement use.

[S 1420]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-386.14 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-386.14. Sharing of forfeited assets.

A. All cash, negotiable instruments, and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees, and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be distributed in a manner consistent with this chapter and Article VIII, § 8 of the Constitution of Virginia.

A1. All cash, negotiable instruments and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be paid over to the state treasury into a special fund of the Department of Criminal Justice Services for distribution in accordance with this section. The forfeited property and proceeds, less 10 percent, shall be made available to federal, state, and local agencies to promote law enforcement in accordance with this section, which may include expenditures to strengthen relationships between the community and law enforcement, encourage goodwill between the community and law enforcement, ~~or~~ promote cooperation with law enforcement*, or provide equipment and training for law-enforcement officers*, and regulations adopted by the Criminal Justice Services Board to implement the asset-sharing program. *However, such forfeited property and proceeds shall only be used by law enforcement in the course of employment and in the performance of their official duties and not for personal use.*

The 10 percent retained by the Department shall be held in a nonreverting fund, known as the Asset Sharing Administrative Fund. Administrative costs incurred by the Department to manage and operate the asset-sharing program shall be paid from the Fund. Any amounts remaining in the Fund after payment of these costs shall be used to promote state or local law-enforcement activities. Distributions from the Fund for these activities shall be based upon need and shall be made from time to time in accordance with regulations promulgated by the Board.

B. Any federal, state or local agency or office that directly participated in the investigation or other law-enforcement activity which led, directly or indirectly, to the seizure and forfeiture shall be eligible for, and may petition the Department for, return of the forfeited asset or an equitable share of the net proceeds, based upon the degree of participation in the law-enforcement effort resulting in the forfeiture, taking into account the total value of all property forfeited and the total law-enforcement effort with respect to the violation of law on which the forfeiture is based. Upon finding that the petitioning agency is eligible for distribution and that all participating agencies agree on the equitable share of each, the Department shall distribute each share directly to the appropriate treasury of the participating agency.

If all eligible participating agencies cannot agree on the equitable shares of the net proceeds, the shares shall be determined by the Criminal Justice Services Board in accordance with regulations which shall specify the criteria to be used by the Board in assessing the degree of participation in the law-enforcement effort resulting in the forfeiture.

C. After the order of forfeiture is entered concerning any motor vehicle, boat, aircraft, or other tangible personal property, any seizing agency may (i) petition the Department for return of the property that is not subject to a grant or pending petition for remission or (ii) request the circuit court to order the property destroyed. Where all the participating agencies agree upon the equitable distribution of the tangible personal property, the Department shall return the property to those agencies upon finding that (a) the agency meets the criteria for distribution as set forth in subsection B and (b) the agency has a clear and reasonable law-enforcement need for the forfeited property.

If all eligible participating agencies cannot agree on the distribution of the property, distribution shall be determined by the Criminal Justice Services Board as in subsection B, taking into consideration the clear and reasonable law-enforcement needs for the property which the agencies may have. In order to equitably distribute tangible personal property, the Criminal Justice Services Board may require the agency receiving the property to reimburse the Department in cash for the difference between the fair market value of the forfeited property and the agency's equitable share as determined by the Criminal Justice Services Board.

If a seizing agency has received property for its use pursuant to this section, when the agency disposes of the property (1) by sale, the proceeds shall be distributed as set forth in this section; or (2) by destruction pursuant to a court order, the agency shall do so in a manner consistent with this section.

D. All forfeited property, including its proceeds or cash equivalent, received by a participating state or local agency pursuant to this section shall be used to promote law enforcement, which may include expenditures to strengthen

relationships between the community and law enforcement, encourage goodwill between the community and law enforcement, ~~or~~ promote cooperation with law enforcement, *or provide equipment and training for law-enforcement officers* but shall not be used to supplant existing programs or funds. *Additionally, such forfeited property, including its proceeds or cash equivalent, shall only be used by law enforcement in the course of employment and in the performance of their official duties and not for personal use.* The Board shall promulgate regulations establishing an audit procedure to ensure compliance with this section.

E. On or after July 1, 2012, but before July 1, 2014, local seizing agencies may contribute cash funds and proceeds from forfeited property to the Virginia Public Safety Foundation to support the construction of the Commonwealth Public Safety Memorial. Any funds contributed by seizing agencies shall be contributed only after an internal analysis to determine that such contributions will not negatively impact law-enforcement training or operations.

F. The Department shall report annually on or before December 31 to the Governor and the General Assembly the amount of all cash, negotiable instruments, and proceeds from sales conducted pursuant to § 19.2-386.7 or 19.2-386.12 that were forfeited to the Commonwealth, including the amount of all forfeitures distributed to the Literary Fund. Such report shall also detail the amount distributed by the Department to each federal, state, or local agency or office pursuant to this section, and the amount each state or local agency or office received from federal asset forfeiture proceedings. Any state or local agency that receives a forfeited asset or an equitable share of the net proceeds of a forfeited asset from the Department or from a federal asset forfeiture proceeding shall inform the Department, in a manner prescribed by the Department, of (i) the offense on which the forfeiture is based listed in the information filed pursuant to § 19.2-386.1, (ii) any criminal charge brought against the owner of the forfeited asset, and (iii) if a criminal charge was brought against the owner of the forfeited asset, the status of the charge, including whether the charge is pending or resulted in a conviction. The Department shall include such information in the annual report. The Department shall ensure that such report is available to the public.

No deficiency shall be charged against the owner after conveyance to the locality, land bank entity, or existing nonprofit entity.

8. Requiring submission of and compliance with plans of corrective action, with or without actions directed by the Commissioner.

C. Any monetary penalties collected under this section shall be paid in equal portions to the Physician Loan Repayment Program established in § 32.1-122.6:1, the Nurse Loan Repayment Program established in § 32.1-122.6:04, and the Nursing Scholarship and Loan Repayment Fund established in § 54.1-3011.2 after deduction of the administrative costs of the Commissioner and the Department in furtherance of this section.

D. Except as provided in § 32.1-162.15:1.21, the Commissioner shall take no action to impose disciplinary action against a Center that is not operated by an agency of the Commonwealth except after reasonable notice and an opportunity to be heard in no fewer than 30 days by the Commissioner's presiding officer in accordance with § 2.2-4019. Such disciplinary action may be in addition to any penalty imposed by law for the violation.

1. All requests for an opportunity to be heard following a notice of imposition of disciplinary action shall be received in writing within 15 days of the date of receipt of such notice.

2. All administrative proceedings under this section shall be separate from the regulatory office of the Department that conducted the inspection, investigation, examination, or review.

3. The presiding officer shall provide a recommendation to the Commissioner, including findings of fact, conclusions, and appropriate disciplinary action.

4. The Commissioner may affirm, modify, or reverse such recommendation and shall issue a final case decision.

E. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for a Center other than a Center operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply.

F. Except as provided in § 32.1-162.15:1.22, the Commissioner shall take no action to impose disciplinary action against a Center operated by an agency of the Commonwealth except after reasonable notice and an opportunity to be heard in accordance with § 32.1-162.15:1.23.

G. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

H. A monetary penalty that is not appealed becomes due on the first day after the appeal period expires. The license of a Center that has failed to pay a civil penalty due under this section shall not be renewed until the civil penalty has been paid in full, with interest, provided that the Commissioner may renew a license when an unpaid monetary penalty is the subject of a pending appeal.

I. If a license is revoked or refused renewal, a new license may be issued by the Commissioner after:

1. Satisfactory evidence is submitted to him that the conditions upon which the revocation or refusal was based have been corrected; and

2. Proper inspection has been made and compliance with all provisions of this article, regulations promulgated pursuant to this article, and applicable state and federal law and regulations hereunder has been obtained.

J. The Board shall promulgate regulations to implement the provisions of this section that include:

1. Criteria for when the imposition of disciplinary action or initiation of court proceedings as specified in § 32.1-27, or a combination thereof, are appropriate in order to ensure prompt correction of violations involving noncompliance with requirements of any order of the Board or Commissioner or any provision of or regulation promulgated pursuant to this article;

2. Criteria for the imposition of disciplinary action based upon the severity, pervasiveness, duration, and degree of risk to the health, safety, or welfare of children;

3. Provisions allowing the Commissioner (i) to accept a plan of correction, including a schedule of compliance, from a Center prior to assessing a monetary penalty pursuant to subdivision B 6 or (ii) to reduce or abate the monetary penalty amount if the Center complies with the plan of correction within its terms; and

4. Procedures for imposition of disciplinary action consistent with the Administrative Process Act (§ 2.2-4000 et seq.).

§ 32.1-162.15:1.21. Summary suspension; privately operated Centers.

A. Pursuant to the procedures set forth in this section and in addition to the authority for other disciplinary actions provided in this title, the Commissioner may issue a notice of summary suspension of the license of any Center in conjunction with any proceeding for revocation, denial, or other action when conditions or practices exist in the Center that pose an immediate and substantial threat to the health, safety, and welfare of the children receiving care and the Commissioner believes the operation of the Center should be suspended during the pendency of such proceeding.

B. A notice of summary suspension issued by the Commissioner to a Center shall set forth (i) the summary suspension procedures; (ii) hearing and appeal rights as provided in this section; (iii) facts and evidence that formed the basis for the summary suspension; and (iv) the time, date, and location of a hearing to determine whether the summary suspension is appropriate. Such notice shall be served on the Center or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the Center.

C. The summary suspension hearing shall be presided over by a hearing officer selected by the Commissioner from a list prepared by the Executive Secretary of the Supreme Court of Virginia and shall be held as soon as practicable, but in no event later than 15 business days following service of the notice of summary suspension; however, the hearing officer may grant a written request for a continuance, not to exceed an additional 10 business days, for good cause shown. Within 10 business days after such hearing, the hearing officer shall provide to the Commissioner written findings and conclusions, together with a recommendation as to whether the license should be summarily suspended.

D. Within 10 business days of the receipt of the hearing officer's findings, conclusions, and recommendation, the Commissioner may issue a final order of summary suspension or an order that such summary suspension is not warranted by the facts and circumstances presented. The Commissioner shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. If the Commissioner rejects the hearing officer's findings, conclusions, or recommendation, the Commissioner shall state with particularity the basis for rejection. In issuing a final order of summary suspension, the Commissioner may choose to suspend the license of the Center or to suspend only certain authority of the Center to operate, including the authority to provide certain services or perform certain functions that the Commissioner determines should be restricted or modified in order to protect the health, safety, or welfare of the children receiving care. A final order of summary suspension shall include notice that the licensee may appeal the Commissioner's decision to the appropriate circuit court no later than 10 business days following service of the order. The sole issue before the court shall be whether the Commissioner had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

E. A copy of any final order of summary suspension shall be prominently displayed by the Center at each public entrance of the facility, or in lieu thereof, the Center may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

F. The provisions of this subsection shall not apply to any Center operated by an agency of the Commonwealth, which shall instead be governed by the provisions of § 32.1-162.15:1.22.

§ 32.1-162.15:1.22. Summary suspension; Centers operated by an agency of the Commonwealth.

Whenever the Commissioner issues a summary order of suspension of the license to operate a Center operated by an agency of the Commonwealth:

1. Before such summary order of suspension shall take effect, the Commissioner shall issue to the Center a notice of summary order of suspension setting forth (i) the procedures for a hearing and right of review as provided in this section and (ii) the facts and evidence that formed the basis on which the summary order of suspension is sought. Such notice shall be served on the licensee or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the licensee. The notice shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the notice of the summary order of suspension and shall be convened by the Commissioner or his designee. After such hearing, the Commissioner may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented.

2. A final order of summary suspension shall include notice that the licensee may request, in writing and within three business days after receiving the Commissioner's decision, that the Commissioner refer the matter to the Secretary of Health and Human Resources for resolution within three business days of the referral. Any determination by the Secretary shall be final and not subject to judicial review. If the final order of summary suspension is upheld, it shall take effect immediately, and a copy of the final order of summary suspension shall be prominently displayed by the licensee at each public entrance of the Center. Any concurrent revocation, denial, or other proceedings shall not be affected by the outcome of any determination by the Secretary.

§ 32.1-162.15:1.23. Right to appeal notice of imposition of disciplinary action; Centers operated by agencies of the Commonwealth.

A Center operated by an agency of the Commonwealth shall have the right to appeal any notice of imposition of disciplinary action as follows:

1. Within 30 days after receiving a notice of imposition of disciplinary action, the licensee shall request in writing that the Commissioner review the intended disciplinary action and may submit, together with such request, relevant information, documentation, or other pertinent data supporting its appeal. The Commissioner shall issue a decision within 60 days after receiving the request and shall have the authority to uphold the disciplinary action or take whatever action he deems appropriate to resolve the controversy.

2. If the Center disputes the Commissioner's decision, the licensee shall request, within 30 days of receiving the Commissioner's decision, that the Commissioner refer the matter to the Secretary of Health and Human Resources. The Secretary shall issue a decision within 60 days of receiving the request for review. The Secretary's decision shall be final and shall not be subject to judicial review.

2. That the Board of Health shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

3. That the provisions of this act shall become effective on July 1, 2026.

CHAPTER 452

An Act to amend and reenact § 22.1-302 of the Code of Virginia, relating to public schools; temporarily employed teachers; rules and requirements; extension of time limitation; report.

[H 2201]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-302 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-302. Written contracts required; execution of contracts; qualifications of temporarily employed teachers; rules and requirements.

A. A written contract, in a form permitted by the ~~Board of Education's~~ *Board's* regulations, shall be made by the school board with each teacher employed by it, except those who are temporarily employed, before such teacher enters upon his duties. Such contract shall be signed in duplicate, with a copy thereof furnished to both parties.

The standard 10-month contract shall include 200 days, including (i) a minimum of 180 teaching days or 990 instructional hours and (ii) up to 20 days for activities such as teaching, participating in professional development, planning, evaluating, completing records and reports, participating on committees or in conferences, or such other activities as may be assigned or approved by the local school board.

A "temporarily employed teacher," as used in this section, means ~~(i)~~ *(a)* one who is employed to substitute for a contracted teacher for a temporary period of time during the contracted teacher's absence or ~~(ii)~~ *(b)* one who is employed to fill a teacher vacancy for a period of time, but for no longer than ~~90~~ *180* teaching days in such vacancy, unless otherwise approved by the Superintendent ~~of Public Instruction~~ on a case-by-case basis, during one school year.

B. Temporarily employed teachers, as defined in this section, shall be at least 18 years of age and shall hold a high school diploma or have passed a high school equivalency examination approved by the Board ~~of Education~~. *Any such temporarily employed teacher who is employed to fill a teacher vacancy for more than 90 teaching days for any course other than a course for which a technical professional license is required shall, unless otherwise approved by the Superintendent, hold a baccalaureate degree and not meet the qualifications to apply for a provisional license or have held an active professional teaching license within the past 10 years in the Commonwealth.*

A temporarily employed teacher is not required to be licensed by the Board ~~of Education~~, nor is the local school board required to enter into a written contract with a temporarily employed teacher. However, local school boards shall *(i)* establish employment qualifications for temporarily employed teachers that may exceed these requirements for the employment of such teachers~~. School boards shall also~~*; (ii)* seek to ensure that temporarily employed teachers who are engaged as long-term substitutes exceed baseline employment qualifications*; and (iii) execute a professional development plan with any temporarily employed teacher who is employed to fill a teacher vacancy for more than 90 teaching days that sets forth a mentoring and coaching plan and, for any temporarily employed teacher who is interested in obtaining licensure, a proposed licensure timeline and set of strategies for obtaining licensure by the Board. Any such proposed licensure timeline shall establish a track for any such temporarily employed teacher to apply for licensure by or after a*

specific date, such as July 1 following the year for which such temporarily employed teacher was employed or such other date as deemed appropriate by the local school board. Each school board shall submit to the Department by October 1 of each year a report on all data on temporarily employed teachers who were employed to fill a teacher vacancy for more than 90 teaching days in such school division in the preceding school year or who were employed before October 1 of the current school year, which shall include for each such teacher (a) the specific school in which he was employed, (b) the grade level or subject area he was employed to teach, and (c) his current licensure eligibility status.

C. A separate contract in a form permitted by the Board ~~of Education~~ shall be executed by the school board with a teacher who is receiving a monetary supplement for any athletic coaching or extracurricular activity sponsorship assignment. This contract shall be separate and apart from the contract for teaching.

Termination of a separate contract for any athletic coaching or extracurricular activity sponsorship assignment by either party thereto shall not constitute cause for termination of the separate teaching contract of the coach or teacher.

All such contracts shall require the party intending to terminate the coaching or extracurricular activity sponsorship contract to give reasonable notice to the other party before termination thereof shall become effective.

For the purposes of this section, "extracurricular activity sponsorship" means an assignment for which a monetary supplement is received, requiring responsibility for any student organizations, clubs, or groups, such as service clubs, academic clubs and teams, cheerleading squads, student publication and literary groups, and visual and performing arts organizations except those that are conducted in conjunction with regular classroom, curriculum, or instructional programs.

2. That the provisions of this act shall expire on July 1, 2027.

In any case in which the individualized education program of such a student indicates the need for such training and the school division employee or contractor who will provide instruction or direct support to such student is known prior to the start of the school year, such individualized training shall occur prior to the start of the school year. In any case in which the individualized education program of such a student indicates the need for such training and (i) the student enrolls in a new school division during the school year; (ii) the student's initial individualized education program starts during the school year; (iii) the student transfers to a different school, classroom, or educational setting within a school division during the school year; or (iv) a different school division employee or contractor who will provide instruction or direct support to such student transfers into the student's classroom or educational setting during the school year, such individualized training shall occur as soon as possible after such occurrence.

C. The court may order the use of instruments of restraint on a juvenile upon making a finding that (i) the use of such restraints is necessary (a) to prevent physical harm to such juvenile or another person, (b) because such juvenile has a history of disruptive courtroom behavior that has placed others in potentially harmful situations or presents a clear and substantial threat of serious harm to himself or others as evidenced by recent behavior, or (c) because such juvenile presents a substantial risk of flight from the courtroom and (ii) there are no less restrictive alternatives to such restraints that will prevent flight of or harm to such juvenile or another person, including court personnel or law-enforcement officers.

D. The juvenile shall be entitled to an attorney prior to a hearing on the use of instruments of restraint pursuant to the provisions of this section. The court shall provide the juvenile's attorney an opportunity to be heard before the court orders the use of instruments of restraint pursuant to subsection C, and the juvenile's attorney may waive the juvenile's appearance at such hearing. Whenever in the Board's opinion there are moneys in the Transportation Trust Fund in excess of the amount required to meet the current needs and demands of the transportation program, the Board may invest such excess funds in securities that, in its judgment, will be readily convertible into money. Such securities may include debentures and other government and corporate obligations; common and preferred stocks limited to 30 percent of total trust funds investments based on cost; "prime quality" commercial paper, as defined and limited by § 2.2-4502; bankers' acceptances; bonds; money market funds; and overnight, term, and open repurchase agreements. CHAPTER 456

An Act to amend and reenact § 58.1-3295 of the Code of Virginia, relating to real property tax; assessment of affordable rental housing.

[H 2245]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3295 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3295. Assessment of real property; affordable rental housing.

A. Notwithstanding any other provision of law, in determining the fair market value of real property operated in whole or in part as affordable rental housing, in accordance with the provisions of ~~(i)~~ *12 U.S.C. § 1701q,* 26 U.S.C. § 42, 26 U.S.C. § 142(d), *42 U.S.C. § 1485, 42 U.S.C. § 1437f as it applies to programs providing project-based assistance as defined in subsection (f)(6) of such section,* 24 C.F.R. § 983, 24 C.F.R. § 236, 24 C.F.R. § 241(f), 24 C.F.R. § 221(d)(3), *§ 8 of the Housing Act of 1937, §§ 515 and 538 of the Housing Act of 1949, § 202 of the Housing Act of 1959,* the federal Rental Assistance Demonstration program established under the Consolidated and Further Continuing Appropriations Act, 2012 (P.L. 112-55), or any successors thereto~~; (ii) applicable state law; or (iii) local ordinances adopted by the locality wherein such real property is located~~, the duly authorized real estate assessor shall consider:

1. The contract rent and the impact of applicable rent restrictions;

2. Restrictions on the transfer of title or other restraints on alienation of the real property; and

3. The actual operating expenses and expenditures and the impact of any such additional expenses or expenditures. If an owner has two or more units of real property that (i) are operated in whole or in part as affordable rental housing and (ii) are controlled by a single restrictive use agreement regulating income and rent restrictions, and the owner has expenses and expenditures common to two or more such units, and such expenses and expenditures cannot practicably be attributed to a particular unit, then the owner has a right to have the assessor make a pro rata apportionment of such expenses and expenditures to each such unit based on each unit's assessed value as a percentage of the total assessed value of all such units. The provisions of this subdivision apply whether or not the units are in one tax parcel or multiple tax parcels.

Affordable rental housing that is not assessed with the income approach shall be reassessed in accordance with subsection E when it generates income.

B. The owner of real property that is operated in whole or in part as affordable rental housing in accordance with the definition of affordable rental housing established by ordinance or resolution of the locality in which the real property is located may make an application to the locality to have the real property assessed pursuant to this section. Notwithstanding the exception in § 58.1-3294 for an owner of four or fewer residential units, upon application by such an owner, the duly authorized real estate assessor may require the owner to furnish to such assessor, board, or department statements of the income and expenses attributable over a specified period of time to each such parcel of real estate in the manner required by § 58.1-3294 and to comply with all provisions of § 58.1-3294 applicable to properties with more than four rental dwelling units. The application shall be granted by the locality if (i) the owner charges rents at levels that meet the locality's definition of affordable *rental* housing and (ii) the real property does not have any pending building code violations at the time of the application.

The duly authorized real estate assessor shall also consider evidence presented by the property owner of other restrictions imposed by law that impact the variables set forth in this subsection.

C. Federal or state income tax credits with respect to affordable *rental* housing ~~rental~~ property within the purview of subsection A shall not be considered real property or income attributable to real property.

D. For property where only a portion of the units are operated as affordable *rental* housing, as defined in § 42 of the Internal Revenue Code or as required by state law or applicable local ordinance, only the portion determined to be affordable *rental* housing shall be subject to this section.

E. Notwithstanding any other provision in this section or other law, ~~the real property governed by this section~~ *affordable rental housing* that is generating income ~~as affordable housing~~ *and operated in accordance with the provisions of federal law enumerated in subsection A,* shall be assessed using the income approach *as set forth in subsection A* based on: the property's current use, *contract rent,* income restrictions, provisions of any arm's-length contract including ~~but not limited to~~ restrictions on the transfer of title or other restraints on alienation of the real property, ~~the requirements of subsection B, and all other provisions of this section~~ *and actual operating expense and capitalization rate data from comparable affordable housing. If such information is not provided by the property owner in accordance with § 58.1-3294 or is not available on relevant commercial or governmental databases, the property may be assessed in accordance with subsection A.*

F. The Department shall develop a uniform income and expense reporting form that may be provided by duly authorized assessors and completed by the owners of affordable rental housing properties prior to assessment of such affordable rental housing properties. Such owner's completion and submittal to the assessor of the uniform income and expense reporting form developed in accordance with this section or such owner's submittal of full and accurate financial data provided in response to such form shall be presumed to comply with the requirements of § 58.1-3294.

2. That the Department of Taxation shall develop, in consultation with a stakeholder group, a uniform income and expense reporting form that may be provided by duly authorized assessors and completed by the owners of affordable rental housing properties prior to assessment of such affordable rental housing properties. The stakeholder group shall be comprised of one representative of affordable rental housing owners, one representative of affordable rental housing advocates, one representative of local government representatives, and one representative of local commissioners of the revenue. The form shall require inclusion of the name and personal home address of the owner of the affordable rental housing, the physical address of the affordable rental housing, the current rental rate of any dwelling upon such property, any tenant concessions, the gross annual rental income and

any other revenues incidental thereto for such property, the vacancy rate of any dwelling units upon such property, the current collection loss rate, any annual reserve for replacements, the annual operating expenses for such property, and any other data that the stakeholder group agrees upon. The form shall be completed no later than September 1, 2025. The Department of Taxation shall, no later than November 1, 2025, provide a letter to the Chairs of the Senate Committee on Finance and Appropriations and the House Committee on Finance with an update on the development of such form and implementation of training for assessing officials and contracted assessors on the assessment of affordable rental housing.

3. That the provisions of the first enactment of this act shall become effective for assessments beginning on or after January 1, 2026.

§ 32.1-127. (Effective July 1, 2025) Regulations.

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

4. Shall also require that each hospital establish a protocol for organ donation, in compliance with federal law and the regulations of the Centers for Medicare and Medicaid Services (CMS), particularly 42 C.F.R. § 482.45. Each hospital shall have an agreement with an organ procurement organization designated in CMS regulations for routine contact, whereby the provider's designated organ procurement organization certified by CMS (i) is notified in a timely manner of all deaths or imminent deaths of patients in the hospital and (ii) is authorized to determine the suitability of the decedent or patient for organ donation and, in the absence of a similar arrangement with any eye bank or tissue bank in Virginia certified by the Eye Bank Association of America or the American Association of Tissue Banks, the suitability for tissue and eye donation. The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition, and no donor card or other relevant document, such as an advance directive, can be found;

5. Shall require that each hospital that provides obstetrical services establish a protocol for admission or transfer of any pregnant woman who presents herself while in labor;

Such security plan shall be developed using standards established by the International Association for Healthcare Security and Safety or other industry standard and shall be based on the results of a security risk assessment of each emergency department location of the hospital and shall include the presence of at least one off-duty law-enforcement officer or trained security personnel who is present in the emergency department at all times as indicated to be necessary and appropriate by the security risk assessment. Such security plan shall be based on identified risks for the emergency department, including trauma level designation, overall volume, volume of psychiatric and forensic patients, incidents of violence against staff, and level of injuries sustained from such violence, and prevalence of crime in the community, in consultation with the emergency department medical director and nurse director. The security plan shall also outline training requirements for security personnel in the potential use of and response to weapons, defensive tactics, de-escalation techniques, appropriate physical restraint and seclusion techniques, crisis intervention, and trauma-informed approaches. Such training shall also include instruction on safely addressing situations involving patients, family members, or other persons who pose a risk of harm to themselves or others due to mental illness or substance abuse or who are experiencing a mental health crisis. 25. Shall establish protocols to ensure that any patient scheduled to receive an elective surgical procedure for which the patient can reasonably be expected to require outpatient physical therapy as a follow-up treatment after discharge is informed that he (i) is expected to require outpatient physical therapy as a follow-up treatment and (ii) will be required to select a physical therapy provider prior to being discharged from the hospital;

26. Shall permit nursing home staff members who are authorized to possess, distribute, or administer medications to residents to store, dispense, or administer cannabis oil to a resident who has been issued a valid written certification for the use of cannabis oil in accordance with § 4.1-1601;

Shall require each hospital with an emergency department to establish a protocol for the treatment and discharge of individuals experiencing a substance use-related emergency, which shall include provisions for (i) appropriate screening and assessment of individuals experiencing substance use-related emergencies to identify medical interventions necessary for the treatment of the individual in the emergency department and (ii) recommendations for follow-up care following discharge for any patient identified as having a substance use disorder, depression, or mental health disorder, as appropriate, which may include, for patients who have been treated for substance use-related emergencies, including opioid overdose, or other high-risk patients, (a) the dispensing of naloxone or other opioid antagonist used for overdose reversal pursuant to subsection X of § 54.1-3408 at discharge or (b) issuance of a prescription for and information about accessing naloxone or other opioid antagonist used for overdose reversal, including information about accessing naloxone or other opioid antagonist used for overdose reversal at a community pharmacy, including any outpatient pharmacy operated by the hospital, or through a community organization or pharmacy that may dispense naloxone or other opioid antagonist used for overdose reversal without a prescription pursuant to a statewide standing order. Such protocols may also provide for referrals of individuals experiencing a substance use-related emergency to peer recovery specialists and community-based providers of behavioral health services, or to providers of pharmacotherapy for the treatment of drug or alcohol dependence or mental health diagnoses;

28. During a public health emergency related to COVID-19, shall require each nursing home and certified nursing facility to establish a protocol to allow each patient to receive visits, consistent with guidance from the Centers for Disease Control and Prevention and as directed by the Centers for Medicare and Medicaid Services and the Board. Such protocol shall include provisions describing (i) the conditions, including conditions related to the presence of COVID-19 in the nursing home, certified nursing facility, and community, under which in-person visits will be allowed and under which in-person visits will not be allowed and visits will be required to be virtual; (ii) the requirements with which in-person visitors will be required to comply to protect the health and safety of the patients and staff of the nursing home or certified nursing facility; (iii) the types of technology, including interactive audio or video technology, and the staff support necessary to ensure visits are provided as required by this subdivision; and (iv) the steps the nursing home or certified nursing facility will take in the event of a technology failure, service interruption, or documented emergency that prevents visits from occurring as required by this subdivision. 29. Shall require each hospital, nursing home, and certified nursing facility to establish and implement policies to ensure the permissible access to and use of an intelligent personal assistant provided by a patient, in accordance with such regulations, while receiving inpatient services. Such policies shall ensure protection of health information in accordance with the requirements of the federal Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d et seq., as amended. For the purposes of this subdivision, "intelligent personal assistant" means a combination of an electronic device and a specialized software application designed to assist users with basic tasks using a combination of natural language processing and artificial intelligence, including such combinations known as "digital assistants" or "virtual assistants";

Such protocol may restrict the frequency and duration of visits and may require visits to be conducted virtually using interactive audio or video technology. Any such protocol may require the person visiting a patient pursuant to this subdivision to comply with all reasonable requirements of the hospital, nursing home, or certified nursing facility adopted to protect the health and safety of the person, patients, and staff of the hospital, nursing home, or certified nursing facility;

31. Shall require that every hospital that makes health records, as defined in § 32.1-127.1:03, of patients who are minors available to such patients through a secure website shall make such health records available to such patient's parent or guardian through such secure website, unless the hospital cannot make such health record available in a manner that prevents disclosure of information, the disclosure of which has been denied pursuant to subsection F of § 32.1-127.1:03 or for which consent required in accordance with subsection E of § 54.1-2969 has not been provided; and

32. Shall require that every hospital where surgical procedures are performed adopt a policy requiring the use of a smoke evacuation system for all planned surgical procedures that are likely to generate surgical smoke. For the purposes of this subdivision, "smoke evacuation system" means smoke evacuation equipment and technologies designed to capture, filter, and remove surgical smoke at the site of origin and to prevent surgical smoke from making ocular contact or contact with a person's respiratory tract.

C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified nursing facilities may operate adult day centers.

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot that is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each recipient who received treatment from a known contaminated lot at the individual's last known address.

E. Hospitals in the Commonwealth may enter into agreements with the Department of Health for the provision to uninsured patients of naloxone or other opioid antagonists used for overdose reversal.

F. Hospitals in the Commonwealth shall:

1. Establish a workplace violence incident reporting system, through which each hospital shall document, track, and analyze any incident of workplace violence reported. The results of such analysis shall be used to make improvements in preventing workplace violence, including improvements achieved through continuing education in targeted areas, including de-escalation training, risk identification, and violence prevention planning. Such policy shall comply with the provisions of § 40.1-27.3.

A. The transient occupancy tax imposed pursuant to the authority of this article shall be imposed only for the use or possession of any room or space that is suitable or intended for occupancy by transients for dwelling, lodging, or sleeping purposes.

B. For any retail sale of accommodations not facilitated by an accommodations intermediary, the accommodations provider shall collect the tax imposed pursuant to this article, computed on the total price paid for the use or possession of the accommodations, and shall remit the same to the locality and shall be liable for the same.

C. For any retail sale of accommodations facilitated by an accommodations intermediary, the accommodations intermediary shall be deemed under this article as a facility making a retail sale of an accommodation. The accommodations intermediary shall collect the tax imposed pursuant to this article, computed on the room charge, and shall remit the same to the locality and shall be liable for the same.

D. For any transaction for the retail sale of accommodations involving two or more parties that meet the definition of accommodations intermediary, nothing in this section shall prohibit such parties from making an agreement regarding which party shall be responsible for collecting and remitting the tax, so long as the party so responsible is registered with the locality for purposes of remitting the tax. In such event, the party that agrees to collect and remit the tax shall be the sole party liable for the tax, and the other parties to such agreement shall not be liable for such tax.

E. In any retail sale of any accommodations in which an accommodations intermediary does not facilitate the sale of the accommodations, the accommodations provider shall separately state the amount of the tax in the bill, invoice, or similar documentation and shall add the tax to the total price paid for the use or possession of the accommodations. In any retail sale of any accommodations in which an accommodations intermediary facilitates the sale of the accommodation, the accommodations intermediary shall separately state the amount of the tax on the bill, invoice, or similar documentation and shall add the tax to the room charge; thereafter, such tax shall be a debt from the customer to the accommodations intermediary, recoverable at law in the same manner as other debts.

B. In administering the assessment of transient occupancy taxes from accommodations intermediaries, the tax-assessing officer of a county, city, or town shall provide adequate information to accommodations intermediaries to enable them to identify transient occupancy rates, the applicable jurisdiction, and any discounts, deductions, or exemptions.

C. Every accommodations intermediary required to collect or pay the transient occupancy tax, on or before the twentieth day of the month following the month in which the tax shall become effective, shall transmit to the tax-assessing officer of a county, city, or town a return showing the gross receipts, any allowable discounts, deductions, or exemptions, and the rate applied to the resultant net receipts and shall remit to the treasurer of such locality the total local transient occupancy tax due, as well as any penalties and interest due, arising from all transactions taxable under this chapter during the preceding calendar month. Where applicable, the return shall also include the number of room nights and the room tax rate applied, the total amount of room tax due, and any regional transportation transient occupancy taxes due. Thereafter, a like return shall be prepared and transmitted to the tax-assessing officer of a county, city, or town by every accommodations intermediary on or before the twentieth day of each month, for the preceding calendar month.

D. An accommodations provider shall not be required to transmit a return to the tax-assessing officer of a county, city, or town if (i) all retail sales of accommodations owned by the accommodations provider are facilitated by an accommodations intermediary and (ii) the accommodations provider attests to the locality that all such sales were facilitated by an accommodations intermediary. Such attestation shall be effective for 12 months beginning with the month in which the attestation is made, and thereafter, such attestation shall be due annually on a date determined by the locality. However, such accommodations provider shall transmit returns for the retail sale of any accommodations not facilitated by an accommodations intermediary as otherwise required by this article.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose

chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

An Act to amend and reenact § 22.1-302 of the Code of Virginia, relating to public schools; temporarily employed teachers; rules and requirements; extension of time limitation; report.

[S 1230]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-302 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-302. Written contracts required; execution of contracts; qualifications of temporarily employed teachers; rules and requirements.

A. A written contract, in a form permitted by the ~~Board of Education's~~ *Board's* regulations, shall be made by the school board with each teacher employed by it, except those who are temporarily employed, before such teacher enters upon his duties. Such contract shall be signed in duplicate, with a copy thereof furnished to both parties.

The standard 10-month contract shall include 200 days, including (i) a minimum of 180 teaching days or 990 instructional hours and (ii) up to 20 days for activities such as teaching, participating in professional development, planning, evaluating, completing records and reports, participating on committees or in conferences, or such other activities as may be assigned or approved by the local school board.

A "temporarily employed teacher," as used in this section, means ~~(i)~~ *(a)* one who is employed to substitute for a contracted teacher for a temporary period of time during the contracted teacher's absence or ~~(ii)~~ *(b)* one who is employed to fill a teacher vacancy for a period of time, but for no longer than ~~90~~ *180* teaching days in such vacancy, unless otherwise approved by the Superintendent ~~of Public Instruction~~ on a case-by-case basis, during one school year.

B. Temporarily employed teachers, as defined in this section, shall be at least 18 years of age and shall hold a high school diploma or have passed a high school equivalency examination approved by the Board ~~of Education~~. *Any such temporarily employed teacher who is employed to fill a teacher vacancy for more than 90 teaching days for any course other than a course for which a technical professional license is required shall, unless otherwise approved by the Superintendent, hold a baccalaureate degree and not meet the qualifications to apply for a provisional license or have held an active professional teaching license within the past 10 years in the Commonwealth.*

A temporarily employed teacher is not required to be licensed by the Board ~~of Education~~, nor is the local school board required to enter into a written contract with a temporarily employed teacher. However, local school boards shall *(i)* establish employment qualifications for temporarily employed teachers that may exceed these requirements for the employment of such teachers~~. School boards shall also~~*; (ii)* seek to ensure that temporarily employed teachers who are engaged as long-term substitutes exceed baseline employment qualifications*; and (iii) execute a professional development plan with any temporarily employed teacher who is employed to fill a teacher vacancy for more than 90 teaching days that sets forth a mentoring and coaching plan and, for any temporarily employed teacher who is interested in obtaining licensure, a proposed licensure timeline and set of strategies for obtaining licensure by the Board. Any such proposed licensure timeline shall establish a track for any such temporarily employed teacher to apply for licensure by or after a specific date, such as July 1 following the year for which such temporarily employed teacher was employed or such other date as deemed appropriate by the local school board. Each school board shall submit to the Department by October 1 of each year a report on all data on temporarily employed teachers who were employed to fill a teacher vacancy for more than 90 teaching days in such school division in the preceding school year or who were employed before October 1 of the current school year, which shall include for each such teacher (a) the specific school in which he was employed, (b) the grade level or subject area he was employed to teach, and (c) his current licensure eligibility status*.

C. A separate contract in a form permitted by the Board ~~of Education~~ shall be executed by the school board with a teacher who is receiving a monetary supplement for any athletic coaching or extracurricular activity sponsorship assignment. This contract shall be separate and apart from the contract for teaching.

Termination of a separate contract for any athletic coaching or extracurricular activity sponsorship assignment by either party thereto shall not constitute cause for termination of the separate teaching contract of the coach or teacher.

All such contracts shall require the party intending to terminate the coaching or extracurricular activity sponsorship contract to give reasonable notice to the other party before termination thereof shall become effective.

For the purposes of this section, "extracurricular activity sponsorship" means an assignment for which a monetary supplement is received, requiring responsibility for any student organizations, clubs, or groups, such as service clubs, academic clubs and teams, cheerleading squads, student publication and literary groups, and visual and performing arts organizations except those that are conducted in conjunction with regular classroom, curriculum, or instructional programs.

2. That the provisions of this act shall expire on July 1, 2027.

C. The court may order the use of instruments of restraint on a juvenile upon making a finding that (i) the use of such restraints is necessary (a) to prevent physical harm to such juvenile or another person, (b) because such juvenile has a history of disruptive courtroom behavior that has placed others in potentially harmful situations or presents a clear and substantial threat of serious harm to himself or others as evidenced by recent behavior, or (c) because such juvenile presents a substantial risk of flight from the courtroom and (ii) there are no less restrictive alternatives to such restraints that will prevent flight of or harm to such juvenile or another person, including court personnel or law-enforcement officers.

Shall require that each hospital that provides inpatient psychiatric services establish a protocol that requires, for any refusal to admit (i) a medically stable patient referred to its psychiatric unit, direct verbal communication between the on-call physician in the psychiatric unit and the referring physician, if requested by such referring physician, and prohibits on-call physicians or other hospital staff from refusing a request for such direct verbal communication by a referring physician and (ii) a patient for whom there is a question regarding the medical stability or medical appropriateness of admission for inpatient psychiatric services due to a situation involving results of a toxicology screening, the on-call physician in the psychiatric unit to which the patient is sought to be transferred to participate in direct verbal communication, either in person or via telephone, with a clinical toxicologist or other person who is a Certified Specialist in Poison Information employed by a poison control center that is accredited by the American Association of Poison Control Centers to review the results of the toxicology screen and determine whether a medical reason for refusing admission to the psychiatric unit related to the results of the toxicology screen exists, if requested by the referring physician;

21. Shall require that each hospital that is equipped to provide life-sustaining treatment shall develop a policy governing determination of the medical and ethical appropriateness of proposed medical care, which shall include (i) a process for obtaining a second opinion regarding the medical and ethical appropriateness of proposed medical care in cases in which a physician has determined proposed care to be medically or ethically inappropriate; (ii) provisions for review of the determination that proposed medical care is medically or ethically inappropriate by an interdisciplinary medical review committee and a determination by the interdisciplinary medical review committee regarding the medical and ethical appropriateness of the proposed health care; and (iii) requirements for a written explanation of the decision reached by the interdisciplinary medical review committee, which shall be included in the patient's medical record. 24. Shall establish an exemption from the requirement to obtain a license to add temporary beds in an existing hospital or nursing home, including beds located in a temporary structure or satellite location operated by the hospital or nursing home, provided that the ability remains to safely staff services across the existing hospital or nursing home, (i) for a period of no more than the duration of the Commissioner's determination plus 30 days when the Commissioner has determined that a natural or man-made disaster has caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a shortage of hospital or nursing home beds or (ii) for a period of no more than the duration of the emergency order entered pursuant to § 32.1-13 or 32.1-20 plus 30 days when the Board, pursuant to § 32.1-13, or the Commissioner, pursuant to § 32.1-20, has entered an emergency order for the purpose of suppressing a nuisance dangerous to public health or a communicable, contagious, or infectious disease or other danger to the public life and health;

Such protocols may also provide for referrals of individuals experiencing a substance use-related emergency to peer recovery specialists and community-based providers of behavioral health services, or to providers of pharmacotherapy for the treatment of drug or alcohol dependence or mental health diagnoses;

28. During a public health emergency related to COVID-19, shall require each nursing home and certified nursing facility to establish a protocol to allow each patient to receive visits, consistent with guidance from the Centers for Disease Control and Prevention and as directed by the Centers for Medicare and Medicaid Services and the Board. Such protocol

shall include provisions describing (i) the conditions, including conditions related to the presence of COVID-19 in the nursing home, certified nursing facility, and community, under which in-person visits will be allowed and under which in-person visits will not be allowed and visits will be required to be virtual; (ii) the requirements with which in-person visitors will be required to comply to protect the health and safety of the patients and staff of the nursing home or certified nursing facility; (iii) the types of technology, including interactive audio or video technology, and the staff support necessary to ensure visits are provided as required by this subdivision; and (iv) the steps the nursing home or certified nursing facility will take in the event of a technology failure, service interruption, or documented emergency that prevents visits from occurring as required by this subdivision. 29. Shall require each hospital, nursing home, and certified nursing facility to establish and implement policies to ensure the permissible access to and use of an intelligent personal assistant provided by a patient, in accordance with such regulations, while receiving inpatient services. Such policies shall ensure protection of health information in accordance with the requirements of the federal Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d et seq., as amended. For the purposes of this subdivision, "intelligent personal assistant" means a combination of an electronic device and a specialized software application designed to assist users with basic tasks using a combination of natural language processing and artificial intelligence, including such combinations known as "digital assistants" or "virtual assistants";

Such protocol may restrict the frequency and duration of visits and may require visits to be conducted virtually using interactive audio or video technology. Any such protocol may require the person visiting a patient pursuant to this subdivision to comply with all reasonable requirements of the hospital, nursing home, or certified nursing facility adopted to protect the health and safety of the person, patients, and staff of the hospital, nursing home, or certified nursing facility;

31. Shall require that every hospital that makes health records, as defined in § 32.1-127.1:03, of patients who are minors available to such patients through a secure website shall make such health records available to such patient's parent or guardian through such secure website, unless the hospital cannot make such health record available in a manner that prevents disclosure of information, the disclosure of which has been denied pursuant to subsection F of § 32.1-127.1:03 or for which consent required in accordance with subsection E of § 54.1-2969 has not been provided; and

32. D. For any transaction for the retail sale of accommodations involving two or more parties that meet the definition of accommodations intermediary, nothing in this section shall prohibit such parties from making an agreement regarding which party shall be responsible for collecting and remitting the tax, so long as the party so responsible is registered with the locality for purposes of remitting the tax. In such event, the party that agrees to collect and remit the tax shall be the sole party liable for the tax, and the other parties to such agreement shall not be liable for such tax.

E. In any retail sale of any accommodations in which an accommodations intermediary does not facilitate the sale of the accommodations, the accommodations provider shall separately state the amount of the tax in the bill, invoice, or similar documentation and shall add the tax to the total price paid for the use or possession of the accommodations. C. Every accommodations intermediary required to collect or pay the transient occupancy tax, on or before the twentieth day of the month following the month in which the tax shall become effective, shall transmit to the tax-assessing officer of a county, city, or town a return showing the gross receipts, any allowable discounts, deductions, or exemptions, and the rate applied to the resultant net receipts and shall remit to the treasurer of such locality the total local transient occupancy tax due, as well as any penalties and interest due, arising from all transactions taxable under this chapter during the preceding calendar month. D. An accommodations provider shall not be required to transmit a return to the tax-assessing officer of a county, city, or town if (i) all retail sales of accommodations owned by the accommodations provider are facilitated by an accommodations intermediary and (ii) the accommodations provider attests to the locality that all such sales were facilitated by an accommodations intermediary. Such attestation shall be effective for 12 months beginning with the month in which the attestation is made, and thereafter, such attestation shall be due annually on a date determined by the locality. A licensee shall not be required to enter into a brokerage agreement prior to preparing property-specific materials with the intent to obtain a brokerage relationship with a prospective client.*

§ 54.1-2138.1. Limited service agent in a residential real estate transaction, contract disclosure required.

A. A licensee may act as a limited service agent in a residential real estate transaction only pursuant to a written brokerage agreement in which the limited service agent (i) discloses that the licensee is acting as a limited service agent; (ii) provides a list of the specific services that the licensee will provide to the client; and (iii) provides a list of the specific duties of a standard agent set out in subdivision A 2 of § 54.1-2131, subdivision A ~~2~~ *3* of § 54.1-2132, subdivision A 2 of § 54.1-2133, or subdivision A ~~2~~ *3* of § 54.1-2134, as applicable, that the limited service agent will not provide to the client. Such disclosure shall be conspicuous and printed either in bold lettering or all capitals, and shall be underlined or in a separate box. In addition, a disclosure that contains language that complies substantially in effect with the following shall be deemed in compliance with this disclosure requirement:

"By entering into this brokerage agreement, the undersigned do hereby acknowledge their informed consent to the limited service agent in a residential real estate transaction by the licensee and do further acknowledge that neither the other party to the transaction nor any real estate licensee representing the other party is under any legal obligation to assist the undersigned with the performance of any duties and responsibilities of the undersigned not performed by the limited service agent."

A limited service agent shall disclose dual agency in accordance with § 54.1-2139.

B. A licensee engaged by one client to a residential real estate transaction and dealing with an unrepresented party or with a party represented by a limited service agent and who, without additional compensation, provides such other party information relative to the transaction or undertakes to assist such other party in securing a contract or with such party's obligations thereunder, shall not incur liability for such actions except in the case of gross negligence or willful misconduct. A licensee does not create a brokerage relationship by providing such assistance or information to the other party to the transaction. A licensee dealing with a client of a limited service agent may enter into an agreement with that party for payment of a fee for services performed or information provided by that licensee. Such payment shall not create a brokerage

relationship; however, the licensee providing such services or information for a fee shall be held to the ordinary standard of care in the provision of such services or information.

§ 54.1-2139. Disclosed dual agency and dual representation authorized in a residential real estate transaction.

A. A licensee may not act as a dual agent or dual representative in a residential real estate transaction unless he has first obtained the written consent of all parties to the transaction given after written disclosure of the consequences of such dual agency or dual representation. A dual agent has an agency relationship under the brokerage agreements with the clients. A dual representative has an independent contractor relationship under the brokerage agreements with the clients. Such disclosure shall be in writing and given to both parties prior to the commencement of such dual agency or dual representation.

B. If the licensee is currently representing a party as an agent or independent contractor representative and that party desires to engage in a real estate transaction with another existing client represented by the licensee, the licensee may engage in dual representation provided that prior to commencement thereof the disclosure required by this section is given to both of the licensee's existing clients.

C. If the licensee is currently representing a party as an agent or independent contractor representative and the licensee proposes to represent a new client in a dual representation, the licensee may only engage in such dual representation if prior to commencement thereof, the disclosure required by this section is given to the licensee's one existing client and one new client.

D. Such disclosures shall not be deemed to comply with the requirements in this section if (i) not signed by the client or (ii) given in a purchase agreement, lease, or any other document related to a transaction. However, such written consent and disclosure of the brokerage relationship as required by this article shall be presumed to have been given as against any client who signs a disclosure as required in this section.

E. The obligation to make the disclosures required by this section shall not relieve the licensee of the obligations set out in subsection ~~B~~ *C* of § 54.1-2137 requiring all brokerage relationships to be set out in a written agreement between the licensee and the client.

F. No cause of action shall arise against a dual agent or dual representative for making disclosures of brokerage relationships as provided by this article. A dual agent or dual representative does not terminate any brokerage relationship by the making of any such allowed or required disclosures of dual agency or dual representation.

G. In any real estate transaction, a licensee may withdraw, without liability, from representing a client who refuses to consent to a disclosed dual agency or dual representation hereby terminating the brokerage relationship with such client. Such withdrawal shall not prejudice the ability of the licensee to continue to represent the other client in the transaction nor to limit the licensee from representing the client who refused the dual agency or dual representation in other transactions not involving the dual agency or dual representation.

Any person licensed by the Board as a registered nurse who wishes to provide sexual assault ~~survivor~~ *patient* treatment services or sexual assault ~~survivor~~ *patient* transfer *and stabilization* services, as defined in § 32.1-162.15:2, to pediatric ~~survivors of~~ sexual assault *patients*, as defined in § 32.1-162.15:2, shall comply with the provisions of Article 8 (§ 32.1-162.15:2 et seq.) of Chapter 5 of Title 32.1 applicable to pediatric medical care facilities.

2. That § 32.1-162.15:11 of the Code of Virginia is repealed.

3. That the Director of the Department of Criminal Justice Services (the Director) shall convene a work group to address sustainable funding for sexual assault medical forensic examinations and services to include the Commissioner of Health or his designee, the Executive Director of the Virginia Workers' Compensation Commission or his designee, the Executive Secretary of the Supreme Court of Virginia or his designee, two representatives from the Virginia Hospital & Healthcare Association, two representatives from the Virginia Chapter of the International

Upon the ~~written~~ request of the Commission, the insurer *or authorized representative* shall provide additional information, documents, records, or other data pertaining to the termination or activity of the agent or other licensee.

B. The insurer or the authorized representative of the insurer shall promptly notify the Commission in a format acceptable to the Commission if, upon further review or investigation, the insurer discovers additional information that would have been reportable to the Commission in accordance with subsection A had the insurer then known of its existence.

C. 1. Within ~~fifteen~~ *15* calendar days after making the notification required by subsections A and B, the insurer shall mail a copy of the notification to the agent at his last known address pursuant to the insurer's records. If the agent is terminated for cause for any of the reasons listed in § 38.2-1831, the insurer shall provide a copy of the notification to the

agent at his last known address by certified mail, return receipt requested, postage prepaid or by overnight delivery using a nationally recognized carrier.

2. Within ~~thirty~~ *30* calendar days after the agent has received the original or additional notification, the agent may file written comments concerning the substance of the notification with the Commission in the form and manner required by the Commission. The agent shall, by the same means, simultaneously send a copy of the comments to the reporting insurer, and the comments shall become a part of the Commission's file and accompany every copy of a report distributed or disclosed for any reason about the agent as permitted under subsection D.

D. 1. In the absence of actual malice, an insurer, the authorized representative of the insurer, a producer, the Commission, authorized representatives of the Commission, the NAIC, its affiliates or subsidiaries, or state, federal, and international law-enforcement authorities shall not be subject to civil liability, and a civil cause of action of any nature shall not arise against these entities or their respective agents or employees, as a result of any statement or information required by or provided pursuant to this section or any information relating to any statement that may be requested in writing by the Commission, from an insurer or agent, or a statement by a terminating insurer or agent to an insurer or agent limited solely and exclusively to whether a termination for cause under subsection A was reported to the Commission, provided that the propriety of any termination for cause under subsection A is certified in writing, pursuant to subsection A ~~of this section~~, by an officer or authorized representative of the insurer or agent terminating the relationship.

2. In any action brought against a person that may have immunity under subdivision 1 for making any statement required by this section or providing any information relating to any statement that may be requested by the Commission, the party bringing the action shall plead specifically in any allegation that subdivision 1 does not apply because the person making the statement or providing the information did so with actual malice.

3. Subdivision 1 or 2 shall not abrogate or modify any existing statutory or common law privileges or immunities.

E. 1. Any documents, materials, or other information in the control or possession of the Commission that is furnished by an insurer, *an* agent, or an employee thereof acting on behalf of the insurer or agent, or obtained by the Commission in an investigation pursuant to this chapter shall be confidential by law and privileged, shall not be subject to inspection or review by the general public, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the Commission is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Commission's duties.

2. Neither the Commission nor any person who received documents, materials, or other information while acting under the authority of the Commission shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subdivision 1.

3. In order to assist in the performance of the Commission's duties under this chapter, the Commission:

a. May share documents, material, or other information, including the confidential and privileged documents, materials, or information subject to subdivision 1, with other state, federal, and international regulatory agencies, with the NAIC, its affiliates or subsidiaries, and with local, state, federal, and international law-enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information.

b. May receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC, its affiliates or subsidiaries, and from regulatory and law-enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information.

4. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the Commission under this section or as a result of sharing as authorized in subdivision 3.

5. Nothing in this chapter shall prohibit the Commission from releasing final, adjudicated actions, including for cause terminations that are open to public inspection pursuant to Chapter 4 (§ 12.1-18 et seq.) of Title 12.1 to a database or other clearinghouse service maintained by the NAIC, its affiliates, or subsidiaries of the NAIC.

F. An insurer, the authorized representative of the insurer, or agent that fails to report as required under the provisions of this section or that is found to have reported with actual malice by a court of competent jurisdiction may, after notice and an opportunity to be heard, have its license or certificate of authority suspended or revoked and may be fined in accordance with Chapter 2 (§ 38.2-200 et seq.) ~~of this title~~.

CHAPTER 482

An Act for the relief of Gilbert Merritt III, relating to claims; compensation for wrongful incarceration.

[H 1780]

Approved March 24, 2025

Whereas, Gilbert Merritt III, (Mr. Merritt) was convicted in the Circuit Court of the City of Norfolk on November 5, 2001, of first-degree murder and use of a firearm in the commission of a felony; and

Whereas, Mr. Merritt was sentenced to 30 years in prison; and

Whereas, Mr. Merritt served more than 20 years in the custody of the Virginia Department of Corrections; and

Whereas, Mr. Merritt filed a petition for a writ of habeas corpus in 2020 and was released pursuant to a conditional pardon granted by then-Governor Ralph Northam in January 2022 while his habeas petition was still pending; and

Whereas, the conditional pardon stated that Mr. Merritt "was prosecuted based on the work of Norfolk Detective Glenn Ford, who used his official capacity to extort witnesses in order to yield high solvability percentages and was eventually convicted on federal charges; and . . . [Mr. Merritt's] conviction rests on the testimony of one witness which post-conviction investigation has suggested was being blackmailed by Detective Ford; and . . . there has been insufficient time to make a determination on Mr. Merritt's petition for an absolute pardon"; and

Whereas, Mr. Merritt was granted habeas relief by the Circuit Court of the City of Norfolk in a decision that was upheld by the Supreme Court of Virginia; and

Whereas, in his habeas corpus proceedings, Mr. Merritt proved that his conviction was orchestrated by former Norfolk homicide detective Robert Glenn Ford, who was subsequently found guilty of federal crimes including extortion under color of official right and making false statements; and

Whereas, the Circuit Court of the City of Norfolk, in granting habeas relief, found that "Robert Glenn Ford enriched himself by accepting bribes from drug defendants in exchange for his false testimony. When confronted by difficult or cold cases . . . Ford fed information to witnesses that resulted in the wrongful conviction of innocent defendants"; and

Whereas, Robert Glenn Ford has been found responsible for, to date, at least six wrongful convictions, including the infamous "Norfolk 4"; and

Whereas, Mr. Merritt's conviction was based on the word of one key witness who claimed that Mr. Merritt had confessed to her, but who later recanted in a sworn affidavit in 2020 and provided live testimony before the habeas court in 2022, admitting that she had lied under oath due to manipulation and threats from Robert Glenn Ford; and

Whereas, in granting relief, the Circuit Court of the City of Norfolk found that the key witness lied at Mr. Merritt's trial because Robert Glenn Ford threatened her into doing so and told her that he would ensure she served 80 years on her then-pending criminal charges unless she testified falsely against Mr. Merritt; Robert Glenn Ford provided the witness with details of the crime and orchestrated her false testimony in exchange for which he ensured that she served no time on her drug charges; and

Whereas, at the time of the criminal trial, the key witness was untreated for her bipolar disorder, addicted to illegal narcotics, and in fear of spending the rest of her life in prison; and

Whereas, as the Circuit Court of the City of Norfolk found in habeas proceedings that Robert Glenn Ford—knowing that the key witness's statements and testimony were false—purposely did nothing to test the witness's false testimony against Mr. Merritt, including failing to interview the witness in front of whom Mr. Merritt supposedly confessed; failing to obtain phone records of a supposed call between Mr. Merritt and the witness; failing to obtain a warrant to search Mr. Merritt's residence for the murder weapon, ammunition, or clothes matching those of the gunman; and failing to pursue others who the witness said participated in the murder, all because Robert Glenn Ford knew this investigation would demonstrate the falsity of the perjurious testimony he suborned; and

Whereas, no physical evidence linked Mr. Merritt to this murder, no eyewitness identified Mr. Merritt as the shooter, and Mr. Merritt had an alibi; and

Whereas, in addition to Robert Glenn Ford's misconduct and the key witness's perjury, the Circuit Court of the City of Norfolk also found that the prosecution in Mr. Merritt's case withheld other exculpatory evidence, namely, contemporaneous police canvass notes from four independent witnesses consistently identifying a vehicle that did not match the description of the vehicle the key witness tied to Mr. Merritt; and

Whereas, in February 2024, the Supreme Court of Virginia unanimously upheld the Circuit Court of the City of Norfolk's June 2022 decision granting Mr. Merritt's writ of habeas corpus and vacating his convictions for first-degree murder and use of firearm in the commission of a felony; and

Whereas, the Office of the Norfolk Commonwealth's Attorney dismissed the underlying charges against Mr. Merritt with prejudice later in February 2024; and

Whereas, during the course of Mr. Merritt's wrongful incarceration, he missed more than two decades in the lives of his four children, two of whom were infant twins at the time of his conviction; and

Whereas, Mr. Merritt, as a result of his wrongful incarceration, lost more than 20 years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, during the time of his wrongful incarceration, some of Mr. Merritt's loved ones passed away, including the mother of his twin children; and

Whereas, had Robert Glenn Ford not purposefully fabricated evidence, orchestrated false testimony, testified falsely himself, and withheld exonerating evidence, Mr. Merritt would not have suffered more than two decades of incarceration with shame, humiliation, and loss of liberty for a murder he did not commit; and

Whereas, Mr. Merritt has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That there is hereby appropriated from the general fund of the state treasury the sum of an amount to be provided in the appropriation act for the relief of Gilbert Merritt III, to be paid by check issued by the State Treasurer on warrant of the Comptroller in accordance with the provisions of Article 18.2 (§ 8.01-195.10 et. seq.) of Chapter 3 of Title 8.01 of the Code of Virginia.*

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

CHAPTER 483

An Act to amend and reenact §§ 32.1-65 and 32.1-67 of the Code of Virginia, relating to newborn screening requirements; federal Recommended Uniform Screening Panel; evaluation; rulemaking; report.

[H 1782]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-65 and 32.1-67 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-65. Certain newborn screening required.

A. For the purposes of this section, "RUSP" means the federal Recommended Uniform Screening Panel recommended by the Secretary of the U.S. Department of Health and Human Services.

B. In order to prevent intellectual disability and permanent disability or death, every infant who is born in the Commonwealth shall be subjected to screening tests for various disorders consistent with, but not necessarily identical to, the ~~uniform condition panel~~ *RUSP* recommended by the U.S. Secretary of Health and Human Services and the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children.

C. The Department shall ensure that testing for any disorder that is included on the RUSP as of January 1, 2025, is included in the testing required under this section if determined appropriate by the Department. For any disorder included on the RUSP, the Department shall:

1. Conduct an evaluation to determine whether the disorder should be included on the Commonwealth's screening program, including an assessment of the estimated costs of including the disorder and a fiscal impact on the fee for the tests performed; and

2. If the Department determines the disorder should be included in the testing required under this section, commence the rulemaking process to add the disorder to the Commonwealth's screening program.

The Department shall conduct such evaluation and commence such rulemaking process, if applicable, within 12 months of the addition of any disorder added to the RUSP after January 1, 2025. If a condition is added to the Commonwealth's screening panel by rule, and there is an available test that meets all federal and state laboratory requirements for newborn screening programs, the Department shall implement screening for the condition in the Commonwealth's screening program within six months of completion of the rulemaking process. If there is not an available test that meets state and federal laboratory requirements for newborn screening programs, the program shall secure an appropriate test as soon as available.

D. For any disorder included on the RUSP that the Department determines in an initial evaluation should not be included under the Commonwealth's screening program, the Department shall determine whether reevaluation is necessary by (i) reviewing the medical literature published on the disorder since the initial evaluation and (ii) allowing for public input. The Department shall conduct such determination annually. If the Department determines reevaluation is necessary during such annual determination, the Department shall conduct an evaluation and commence the rulemaking process, if applicable, within 12 months pursuant to subsection C. The Department shall not include in the testing required under this section any disorder not included on the RUSP unless it has first conducted an evaluation and commenced the rulemaking process to add the disorder in the same manner as is required for any disorder included on the RUSP in accordance with subsection C.

E. The Department shall submit a status report to the General Assembly on the screening program annually. Such status report shall include:

1. The current disorders included under the Commonwealth's screening program;

2. Any new disorders currently under consideration or recommended for inclusion under the Commonwealth's screening program;

3. Any new disorders considered but not recommended for inclusion in the Commonwealth's screening program in the prior 12-month period and the reason for not recommending such disorders;

4. Any disorders for which the Department determined a reevaluation was unnecessary in the prior 12-month period and the reason that such reevaluation is not necessary at the time of such determination; and

5. Any delay in complying with the timeframes specified by this section for evaluation, inclusion, or reevaluation of a disorder and the reason for such delay.

F. Any infant whose parent or guardian objects thereto on the grounds that such tests conflict with his religious practices or tenets shall not be required to receive such screening tests.

G. The physician*, licensed midwife,* or certified nurse midwife in charge of the infant's care after delivery shall cause such tests to be performed. The screening tests shall be performed by the Division of Consolidated Laboratory Services or any other laboratory the Department of Health has contracted with to provide such service. Screening tests for time-critical disorders identified by the U.S. Department of Health and Human Services and the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children shall be performed seven days a week.

H. The program for screening infants for sickle cell diseases shall be conducted in addition to the programs provided for in Article 8 (§ 32.1-68 et seq.).

§ 32.1-67. Duty of Board for follow-up and referral protocols; regulations.

Infants identified with any condition for which newborn screening is conducted pursuant to § 32.1-65 or 32.1-65.1 shall be eligible for the services of the Children with Special Health Care Needs Program administered by the Department of Health. The Board of Health shall promulgate such regulations as may be necessary to implement Newborn Screening Services and the Children with Special Health Care Needs Program. The Board's regulations shall include~~, but not be limited to,~~ a list of newborn screening tests conducted pursuant to §§ 32.1-65 and 32.1-65.1 *and authorization to charge fees for such tests*, notification processes conducted pursuant to § 32.1-66, follow-up procedures, appropriate referral processes, and services available for infants and children who have a heritable disorder or genetic disease identified through Newborn Screening Services.

2. That the Department of Health (the Department) shall fulfill the requirements of subsection C of § 32.1-65 of the Code of Virginia, as amended by this act, within 12 months of the effective date of this act for any disorders that are listed on the federal Recommended Uniform Screening Panel (RUSP) as of January 1, 2025. If such a condition is added to the Commonwealth's screening panel by rule, the program shall implement screening for the condition within six months of completion of the rulemaking process. This enactment shall not apply to any disorder included on the RUSP that will be included under the Commonwealth's screening program pending adoption of a regulation for which the Department has commenced rulemaking procedures.

CHAPTER 484

[H 1804]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Department of Medical Assistance Services (the Department) shall seek the necessary approvals from the Centers for Medicare and Medicaid Services to amend the Department's application for medical assistance to gather all necessary information to determine an applicant's eligibility for the Medicaid Works program. Such amendments shall apply to the initial application for medical assistance, applications for renewal of medical assistance, and whenever changes are reported to the Department.*

1. That the Code of Virginia is amended by adding a section numbered 38.2-3418.1:3 as follows:

§ 38.2-3418.1:3. Cost sharing for breast examinations.

A. Notwithstanding the provisions of § 38.2-3419 or subdivision A 1 of § 38.2-6506, and in addition to the coverage required by § 38.2-3418.1, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis, each corporation providing individual or group accident and sickness subscription contracts, and each health maintenance organization providing a health care plan for health care services shall not impose cost sharing for diagnostic breast examinations and supplemental breast examinations under such policy, contract, or plan delivered, issued for delivery, or renewed in the Commonwealth.

B. As used in this section:

"Cost sharing" means any coinsurance, copayment, or deductible.

"Diagnostic breast examination" means a medically necessary and appropriate, in accordance with the National Comprehensive Cancer Network Guidelines, examination of the breast, including such an examination using diagnostic mammography, breast magnetic resonance imaging, or breast ultrasound, that is used to evaluate (i) an abnormality seen or suspected from a screening for the detection of breast cancer or (ii) an abnormality detected by another means of examination.

"Supplemental breast examination" means a medically necessary and appropriate, in accordance with the National Comprehensive Cancer Network Guidelines, examination of the breast, including such an examination using diagnostic mammography, breast magnetic resonance imaging, or breast ultrasound, that is (i) used to screen for breast cancer when

there is no abnormality seen or suspected and (ii) based on personal or family medical history or additional factors that may increase the individual's risk of breast cancer.

C. The provisions of this section shall not apply to short-term travel, accident-only, or limited or specified disease policies, or to short-term nonrenewable policies of not more than six months' duration.

2. CHAPTER 486

An Act to amend and reenact § 58.1-3219.9 of the Code of Virginia, relating to clarification for deaths resulting from suicide for the real property tax exemption for surviving spouses of members of the armed forces who died in the line of duty.

[H 1868]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3219.9 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3219.9. Exemption from taxes on property of surviving spouses of members of the armed forces who died in the line of duty.

A. Pursuant to subdivision (b) of § 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, the General Assembly hereby exempts from taxation the real property described in subsection B of the surviving spouse (i) of any member of the armed forces of the United States who died in the line of duty with a Line of Duty determination from the U.S. Department of Defense*, including the death of any such member that was the result of suicide,* and (ii) who occupies the real property as his principal place of residence. However, no county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.10. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. Those dwellings in the locality with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, manufactured homes as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. If the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces who died in the line of duty shall qualify for the exemption so long as the surviving spouse does not remarry. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

D. A county, city, or town shall provide for the exemption from real property taxes (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) except land not owned by the surviving spouse, the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (ii) for other than a business purpose.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces who died in the line of duty includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the

surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

For purposes of this section, "defective drywall" means all defective drywall as defined in § 36-156.1. No cause of action shall arise against any licensee for revealing information as required by this article or applicable law. In the case of a residential transaction, a licensee engaged by a buyer shall disclose to a seller whether or not the buyer intends to occupy the property as a principal residence. The buyer's expressions of such intent in the contract of sale shall satisfy this requirement and no cause of action shall arise against any licensee for the disclosure or any inaccuracy in such disclosure, or the nondisclosure of the buyer in this regard.

C. A licensee engaged by a buyer in a real estate transaction may, unless prohibited by law or the brokerage agreement, provide assistance to the seller, or prospective seller, by performing ministerial acts. D. A licensee engaged by a buyer does not breach any duty or obligation to the buyer by showing properties in which the buyer is interested to other prospective buyers, whether as clients or customers, by representing other buyers looking at the same or other properties, or by representing sellers relative to other properties.

Nothing in this subsection shall limit the right of a prospective tenant to inspect the physical condition of the property.

C. A licensee engaged by a landlord in a real estate transaction may, unless prohibited by law or the brokerage agreement, provide assistance to a tenant, or potential tenant, by performing ministerial acts. E. Licensees in residential real estate transactions shall disclose brokerage relationships pursuant to the provisions of this article.

F. A licensee engaged by a landlord shall not be required to enter into a brokerage agreement with a prospective tenant to show property to the prospective tenant when such showing is conducted pursuant to and in accordance with a brokerage agreement entered into with a landlord client.

2. Perform in accordance with the terms of the brokerage agreement;

~~2.~~ *3.* Promote the interests of the tenant by:

tenant has not yet taken possession, unless agreed to as part of the brokerage agreement, or unless the lease or the letter of intent to lease so provides;

b. Assisting in the drafting and negotiating of leases, letters of intent to lease, and rental applications, and presenting, in a timely fashion, all written offers or counteroffers to and from the tenant and landlord pursuant to § 54.1-2101.1, even when the tenant is already a party to a lease or a letter of intent to lease; and

B. Licensees shall treat all prospective landlords honestly and shall not knowingly give them false information. If a licensee has actual knowledge of the existence of defective drywall in a residential property, the licensee shall disclose the same to the prospective tenant. For purposes of this section, "defective drywall" means all defective drywall as defined in § 36-156.1. D. § 54.1-2137. Commencement and termination of brokerage relationships; brokerage agreements required.

A. The brokerage relationships set forth in this article shall commence at the time that a client engages a licensee *to provide brokerage services* and shall continue until (i) completion of performance in accordance with the brokerage agreement or (ii) the earlier of (a) any date of expiration agreed upon by the parties as part of the brokerage agreement or in any amendments thereto, (b) any mutually agreed upon termination of the brokerage agreement, (c) a default by any party under the terms of the brokerage agreement, or (d) a termination as set forth in subsection G of § 54.1-2139.

B. *Except as otherwise provided in this article, a licensee shall enter into a brokerage agreement with a prospective client prior to providing brokerage services. A licensee shall not be required to enter into a brokerage agreement prior to preparing property-specific materials with the intent to obtain a brokerage relationship with a prospective client.*

C. Brokerage agreements shall be in writing and shall:

1. Have a definite termination date; however, if a brokerage agreement does not specify a definite termination date, the brokerage agreement shall terminate 90 days after the date of the brokerage agreement;

2. State the amount of the brokerage fees and how and when such fees are to be paid;

3. State the services to be rendered by the licensee;

4. Include such other terms of the brokerage relationship as have been agreed to by the client and the licensee; and

~~C.~~ *D.* Except as otherwise agreed to in writing, a licensee owes no further duties to a client after termination, expiration, or completion of performance of the brokerage agreement, except to (i) account for all moneys and property relating to the brokerage relationship and (ii) keep confidential all personal and financial information received from the client during the course of the brokerage relationship and any other information that the client requests during the brokerage relationship be maintained confidential, unless otherwise provided by law or the client consents in writing to the release of such information.

§ 54.1-2138.1. Limited service agent in a residential real estate transaction, contract disclosure required.

A. A licensee may act as a limited service agent in a residential real estate transaction only pursuant to a written brokerage agreement in which the limited service agent (i) discloses that the licensee is acting as a limited service agent; (ii) provides a list of the specific services that the licensee will provide to the client; and (iii) provides a list of the specific

duties of a standard agent set out in subdivision A 2 of § 54.1-2131, subdivision A ~~2~~ *3* of § 54.1-2132, subdivision A 2 of § 54.1-2133, or subdivision A ~~2~~ *3* of § 54.1-2134, as applicable, that the limited service agent will not provide to the client. Such disclosure shall be conspicuous and printed either in bold lettering or all capitals, and shall be underlined or in a separate box. In addition, a disclosure that contains language that complies substantially in effect with the following shall be deemed in compliance with this disclosure requirement:

"By entering into this brokerage agreement, the undersigned do hereby acknowledge their informed consent to the limited service agent in a residential real estate transaction by the licensee and do further acknowledge that neither the other party to the transaction nor any real estate licensee representing the other party is under any legal obligation to assist the undersigned with the performance of any duties and responsibilities of the undersigned not performed by the limited service agent."

A limited service agent shall disclose dual agency in accordance with § 54.1-2139.

B. A licensee engaged by one client to a residential real estate transaction and dealing with an unrepresented party or with a party represented by a limited service agent and who, without additional compensation, provides such other party information relative to the transaction or undertakes to assist such other party in securing a contract or with such party's obligations thereunder, shall not incur liability for such actions except in the case of gross negligence or willful misconduct. A licensee does not create a brokerage relationship by providing such assistance or information to the other party to the transaction. A licensee dealing with a client of a limited service agent may enter into an agreement with that party for payment of a fee for services performed or information provided by that licensee. Such payment shall not create a brokerage relationship; however, the licensee providing such services or information for a fee shall be held to the ordinary standard of care in the provision of such services or information.

§ 54.1-2139. Disclosed dual agency and dual representation authorized in a residential real estate transaction.

A. A licensee may not act as a dual agent or dual representative in a residential real estate transaction unless he has first obtained the written consent of all parties to the transaction given after written disclosure of the consequences of such dual agency or dual representation. A dual agent has an agency relationship under the brokerage agreements with the clients. A dual representative has an independent contractor relationship under the brokerage agreements with the clients. Such disclosure shall be in writing and given to both parties prior to the commencement of such dual agency or dual representation.

B. If the licensee is currently representing a party as an agent or independent contractor representative and that party desires to engage in a real estate transaction with another existing client represented by the licensee, the licensee may engage in dual representation provided that prior to commencement thereof the disclosure required by this section is given to both of the licensee's existing clients.

C. If the licensee is currently representing a party as an agent or independent contractor representative and the licensee proposes to represent a new client in a dual representation, the licensee may only engage in such dual representation if prior to commencement thereof, the disclosure required by this section is given to the licensee's one existing client and one new client.

D. Such disclosures shall not be deemed to comply with the requirements in this section if (i) not signed by the client or (ii) given in a purchase agreement, lease, or any other document related to a transaction. However, such written consent and disclosure of the brokerage relationship as required by this article shall be presumed to have been given as against any client who signs a disclosure as required in this section.

E. The obligation to make the disclosures required by this section shall not relieve the licensee of the obligations set out in subsection ~~B~~ *C* of § 54.1-2137 requiring all brokerage relationships to be set out in a written agreement between the licensee and the client.

F. No cause of action shall arise against a dual agent or dual representative for making disclosures of brokerage relationships as provided by this article. A dual agent or dual representative does not terminate any brokerage relationship by the making of any such allowed or required disclosures of dual agency or dual representation.

G. In any real estate transaction, a licensee may withdraw, without liability, from representing a client who refuses to consent to a disclosed dual agency or dual representation hereby terminating the brokerage relationship with such client. Such withdrawal shall not prejudice the ability of the licensee to continue to represent the other client in the transaction nor to limit the licensee from representing the client who refused the dual agency or dual representation in other transactions not involving the dual agency or dual representation.

H. The dual agency or dual representation disclosure in a residential transaction shall contain the following provisions and disclosure that substantially complies with the following shall be deemed in compliance with this disclosure requirement:

5. Any state and local taxes, franchise, gross receipts, and other taxes or similar charges, including regulatory assessment fees, whether paid, payable, or accrued;

6. Any costs incurred by the Commission for any outside consultants or counsel retained in connection with the securitization of securitized asset costs; and

7. Any financing costs on the utility's securitized asset cost balance prior to issuance of any securitized asset cost bonds, calculated at the utility's approved weighted average cost of capital.

"Financing order" means an order that authorizes the issuance of securitized asset cost bonds; the imposition, collection, and periodic adjustments of a securitized asset cost charge; the creation of securitized asset cost property; the sale, assignment, or transfer of securitized asset cost property to an assignee; and any other actions necessary or advisable to take actions described in the financing order.

"Financing party" means bondholders and trustees, collateral agents, any party under an ancillary agreement, or any other person acting for the benefit of bondholders.

"Financing statement" has the same meaning as provided in § 8.9A-102 of the Uniform Commercial Code.

"Pledgee" means a financing party to which an electric utility or its successors or assignees mortgages, negotiates, pledges, or creates a security interest or lien on all or any portion of its interest in or right to securitized asset cost property.

"Securitized asset cost bonds" means bonds, debentures, notes, certificates of participation, certificates of beneficial interest, certificates of ownership, or other evidences of indebtedness or ownership that are issued in one or more series or tranches by an electric utility or its assignee pursuant to a financing order, the proceeds of which are used directly or indirectly to recover, finance, or refinance Commission-approved securitized asset costs and financing costs, and that are secured by or payable from securitized asset cost property. If certificates of participation or ownership are issued, references in this section to principal, interest, or premium shall be construed to refer to comparable amounts under those certificates.

"Securitized asset cost charge" means the non-bypassable charges authorized by the Commission to repay, finance, or refinance securitized asset costs and financing costs (i) imposed on and part of all retail customer bills, except those of exempt retail access customers; (ii) collected by an electric utility or its successor or assignees, or a collection agent, in full, separate and apart from the electric utility's base rates; and (iii) paid by all retail customers of the electric utility, irrespective of the generation supplier of such customer, except for an exempt retail access customer.

"Securitized asset costs" means (i) storm recovery costs incurred by an electric utility due to severe weather events, as recognized by nationally recognized standards including standards published by the Institute of Electrical and Electronics Engineers, and natural disasters and (ii) undepreciated generation utility plant balances.

"Storm recovery costs" means investments and expenses incurred by an electric utility on or after January 1, 2024, arising from or related to any major storm, extraordinary weather event, or natural disaster affecting Phase I Utility ratepayers in Virginia, including costs of the mobilization, staging, construction, reconstruction, repair, or replacement of production, generation, transport, transmission, general, or distribution facilities and the costs of any other activity by or on behalf of an electric utility in connection with the restoration of service associated with outages impacting its customers as a result of such major storm, extraordinary weather event, or natural disaster.

"Undepreciated generation utility plant balances" means any unrecovered capitalized costs of or undepreciated investments in one or more fossil-fired electric generating plants having nameplate capacity in excess of 1,000 megawatts each, and related supply, transmission, equipment, and fixtures. "Undepreciated generation utility plant balances" shall include (i) the net book value of assets on the electric utility's balance sheet related to such generating plants and related infrastructure and (ii) carrying costs authorized by the Commission. "Undepreciated generation utility plant balances" does not include (a) any costs of removing retired generating plant assets; (b) any capitalized costs and investments in fossil-fired electric generating plants and related supply, transmission, equipment, and fixtures incurred or made by an electric utility on or after December 31, 2023; and (c) any non-cash asset retirement obligation assets and related accumulated depreciation.

"Uniform Commercial Code" means Titles 8.1A through 8.13 (§ 8.1A-101 et seq.).

B. Notwithstanding the provisions of Chapter 3 (§ 56-55 et seq.), an electric utility may petition the Commission for a financing order pursuant to this section. No more than four months after the date such petition is filed, the Commission shall issue either (i) such financing order in accordance with the requirements of subdivision 2 or (ii) an order rejecting the petition.

1. The petition shall include (i) an estimate of the total amount of any securitized asset costs that the electric utility has incurred over the time period noted in the petition; (ii) an indication of whether the electric utility proposes to finance all or a portion of the securitized asset costs using one or more series or tranches of securitized asset cost bonds; (iii) an estimate and details of the financing costs related to the securitized asset costs to be financed through the securitized asset cost bonds; (iv) an estimate of the securitized asset cost charges necessary to recover the securitized asset costs and all financing costs and the proposed period for recovery of such costs; (v) a description of any benefits expected to result from the issuance of securitized asset cost bonds, including the avoidance of or significant mitigation of abrupt and significant increases in rates to the electric utility's customers for the applicable time period; and (vi) direct testimony and exhibits supporting the petition. If the electric utility proposes to finance a portion of the securitized asset costs, the electric utility shall identify in the petition the specific amount of securitized asset costs for the applicable time period to be financed using securitized asset cost bonds. By electing not to finance a portion of the securitized asset costs for an applicable time period using securitized asset cost bonds, an electric utility shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the Commission.

2. a. A financing order issued by the Commission pursuant to this section shall include:

(1) The amount of securitized asset costs to be financed using securitized asset cost bonds. The Commission shall describe and estimate the amount of financing costs that may be recovered through securitized asset cost charges. The financing order shall also specify the period over which securitized asset costs and financing costs may be recovered and whether the securitized asset cost bonds may be offered and issued in one or more series or tranches during a fixed period not to exceed one year after the date of the financing order;

(2) A finding that the proposed issuance of securitized asset cost bonds is in the public interest and the associated securitized asset cost charges are just and reasonable;

(3) A finding that the structuring and pricing of the securitized asset cost bonds are reasonably expected to result in reasonable securitized asset charges consistent with market conditions at the time the securitized asset cost bonds are priced and the terms set forth in such financing order;

(4) A requirement that, for so long as the securitized asset cost bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized asset cost charges authorized under a financing order shall be

non-bypassable and paid by all retail customers of the electric utility, irrespective of the generation supplier of such customer, except for an exempt retail access customer;

(5) A formula-based true-up mechanism for making annual adjustments to the securitized asset cost charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized asset cost bonds and financing costs and other required amounts and charges payable in connection with the securitized asset cost bonds;

(6) The securitized asset cost property that is, or shall be, created in favor of an electric utility or its successors or assignees and that shall be used to pay or secure securitized asset cost bonds and all financing costs;

(7) The authority of the electric utility to establish (i) the terms and conditions of the securitized asset cost bonds, including repayment schedules, expected interest rates, the issuance in one or more series or tranches with different maturity dates, and other financing costs, and (ii) the terms and conditions of the ancillary documents related to the securitized asset cost bonds, including servicing arrangements for securitized asset cost charges;

(8) A finding that the securitized asset cost charges shall be allocated among customer classes in accordance with the methodology approved in the electric utility's most recent base rate case;

(9) A requirement that after the final terms of an issuance of securitized asset cost bonds have been established and before the issuance of securitized asset cost bonds, the electric utility determines the resulting initial securitized asset cost charge in accordance with the financing order and that such initial securitized asset cost charge be final and effective upon the issuance of such securitized asset cost bonds without further Commission action so long as such initial securitized asset cost charge is consistent with the financing order;

(10) A method of tracing funds collected as securitized asset cost charges, or other proceeds of securitized asset cost property, and a requirement that such method be the method of tracing such funds and determining the identifiable cash proceeds of any securitized asset cost property subject to the financing order under applicable law;

(11) A requirement that the electric utility's base rates, exclusive of the cost of securitized asset cost bonds, reflect the reduction of rates associated with securitization effective on the date on which proceeds from the issuance of the securitized asset cost bonds are received by the electric utility. Such requirement may be met through the use of a temporary tracker to credit customers until such reduction is reflected in the base rates established through the electric utility's next base rate case;

(12) Any other conditions not otherwise inconsistent with this section that the Commission determines are appropriate;

(13) A requirement that the electric utility's base rates, exclusive of the cost of securitized asset cost bonds, reflect the reduction of rate base associated with the securitization of utility plant balances effective on the date proceeds from the issuance of the securitized asset cost bonds are received by the utility. This can be accomplished through the use of a temporary tracker to credit customers until the electric utility's next base rate case, at which point the reduction in rate base shall be reflected in base rates;

(14) A method of tracing funds collected as securitized asset cost charges, or other proceeds of securitized asset cost property, and a requirement that such method be the method of tracing such funds and determining the identifiable cash proceeds of any securitized asset cost property subject to the financing order under applicable law; and

(15) Any other conditions not otherwise inconsistent with this section that the Commission determines are appropriate.

b. Neither a financing order issued pursuant to this section nor the Commission's approval of a petition for a financing order shall require that securitized asset cost bonds be marketed as a specified type of security or that the assignee be formed as a specified type of entity. The electric utility shall maintain discretion to determine the type of security that securitized asset cost bonds shall be.

c. A financing order issued to an electric utility may provide that creation of the electric utility's securitized asset cost property is conditioned upon, and simultaneous with, the sale or other transfer for the securitized asset cost property to an assignee and the pledge of the securitized asset cost property to secure securitized asset cost bonds.

d. If the Commission issues a financing order, the Commission shall establish a protocol for the electric utility to annually file a petition or, in the Commission's discretion, a letter setting out application of the formula-based mechanism and, based on estimates of consumption for each rate class and other mathematical factors, requesting administrative approval to make applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based mechanism relating to the appropriate amount of any overcollection or undercollection of securitized asset cost charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized asset cost bonds approved under the financing order. Within 30 days after receiving an electric utility's request pursuant to this subdivision d, the Commission shall either approve the request or inform the electric utility of any mathematical or clerical errors in its calculation. If the Commission informs the electric utility of mathematical or clerical errors in its calculation, the electric utility may correct such errors and refile its request. The 30-day time frame previously described in this subdivision d shall apply to a refiled request.

e. Subsequent to the transfer of securitized asset cost property to an assignee or the issuance of securitized asset cost bonds authorized thereby, whichever is earlier, a financing order shall be irrevocable and, except for changes made pursuant to the formula-based mechanism authorized in this section, the Commission shall not amend, modify, or terminate

the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized asset cost charges approved in the financing order. After the issuance of a financing order, the electric utility shall retain sole discretion regarding whether to assign, sell, or otherwise transfer securitized asset cost property or to cause securitized asset cost bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

3. At the request of an electric utility, the Commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized asset cost bonds issued pursuant to the original financing order if the Commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized asset bonds and the issuance of new securitized asset cost bonds, the Commission shall adjust the related securitized asset cost charges accordingly.

4. a. A financing order shall remain in effect and securitized asset cost property under the financing order shall continue to exist until securitized asset cost bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all Commission-approved financing costs of such securitized asset cost bonds have been recovered in full.

b. A financing order issued to an electric utility shall remain in effect and unabated notwithstanding the reorganization, bankruptcy or other insolvency proceedings, merger, or sale of the electric utility or its successors or assignees.

C. 1. The Commission shall not, in exercising its powers and carrying out its duties regarding any matter within its authority pursuant to this chapter, and notwithstanding any other provision of law, (i) consider the securitized asset cost bonds issued pursuant to a financing order to be the debt of the electric utility other than for federal income tax purposes, including for any purpose under § 56-585.8; (ii) consider the securitized asset cost charges paid under the financing order to be the revenue of the electric utility for any purpose, including for any purpose under § 56-585.8; (iii) consider the securitized asset costs or financing costs specified in the financing order to be the costs of the electric utility, including for any purpose under § 56-585.8; or (iv) determine any action taken by an electric utility that is consistent with the financing order to be unjust or unreasonable.

2. The Commission shall not order or otherwise directly or indirectly require an electric utility to use securitized asset cost bonds to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure. After the issuance of a financing order, the electric utility shall retain sole discretion regarding whether to cause the securitized asset cost bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electric utility from abandoning the issuance of securitized asset cost bonds under the financing order by filing with the Commission a statement of abandonment and the reasons therefor. The Commission shall not deny an electric utility its right to recover securitized asset costs as otherwise provided in this section, or refuse or condition authorization or approval of the issuance and sale by an electric utility of securities or the assumption by the electric utility of liabilities or obligations, solely because of the potential availability of securitized asset cost bond financing.

D. The electric bills of an electric utility that has obtained a financing order and caused securitized asset cost bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electric utility to comply with this subsection shall not invalidate, impair, or affect any financing order, securitized asset cost property, securitized asset cost charge, or securitized asset cost bonds. The electric utility shall:

1. Explicitly reflect that a portion of the charges on any electric bill represents securitized asset cost charges approved in a financing order issued to the electric utility and, if the securitized asset cost property has been transferred to an assignee, such bill shall include a statement to the effect that the assignee is the owner of the rights to securitized asset cost charges and that the electric utility or another entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers must indicate the securitized asset cost charge and the ownership of the charge; and

2. Include the securitized asset cost charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

E. 1. The following provisions shall be applicable to securitized asset cost property:

a. All securitized asset cost property that is specified in a financing order shall constitute an existing, present intangible property right or interest therein, notwithstanding that the imposition and collection of securitized asset cost charges depends on the electric utility, to which the financing order is issued, performing its servicing functions relating to the collection of securitized asset cost charges and on future electricity consumption. The securitized asset cost property shall exist (i) regardless of whether or not the revenues or proceeds arising from the securitized asset cost property have been billed, have accrued, or have been collected and (ii) notwithstanding the fact that the value or amount of the securitized asset cost property is dependent on the future provision of service to customers by the electric utility or its successors or assignees and the future consumption of electricity by customers;

b. Securitized asset cost property specified in a financing order shall exist until securitized asset cost bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such securitized asset cost bonds have been recovered in full;

c. All or any portion of securitized asset cost property specified in a financing order issued to an electric utility may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electric utility and created for the limited purpose of acquiring, owning, or administering securitized asset cost property or issuing securitized asset cost bonds under the financing order. All or any portion of securitized asset cost property may be pledged to secure securitized asset cost bonds issued pursuant to the financing order, amounts payable to financing parties

and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, or grant of a security interest in or pledge of securitized asset cost property by an electric utility, or an affiliate of the electric utility, to an assignee, to the extent previously authorized in a financing order, shall not require the prior consent and approval of the Commission;

d. If an electric utility defaults on any required payment of charges arising from securitized asset cost property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized asset cost property to the financing parties or their assignees. Any such financing order shall remain in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electric utility or its successors or assignees;

e. The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized asset cost property specified in a financing order issued to an electric utility, and in the revenue and collections arising from that property, shall not be subject to setoff, counterclaim, surcharge, or defense by the electric utility or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electric utility or any other entity;

f. Any successor to an electric utility, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electric utility restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electric utility under the financing order in the same manner and to the same extent as the electric utility, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized asset cost property. Nothing in this subdivision f is intended to limit or impair any authority of the Commission concerning the transfer or succession of interests of public utilities; and

g. Securitized asset cost bonds shall be nonrecourse to the credit or any assets of the electric utility other than the securitized asset cost property as specified in the financing order and any rights under any ancillary agreement.

2. The following provisions shall be applicable to security interests:

a. The creation, perfection, and enforcement of any security interest in securitized asset cost property to secure the repayment of the principal and interest and other amounts payable in respect of securitized asset cost bonds; amounts payable under any indenture, ancillary agreement, or other financing documents in respect of the securitized asset costs; and other financing costs shall be governed by this subsection and not by the provisions of the Uniform Commercial Code;

b. A security interest in securitized asset cost property shall be created and enforceable when all of the following have occurred: (i) a financing order is issued, (ii) value is received by the debtor or seller for such securitized asset cost property, (iii) the debtor or seller has rights in such securitized asset cost property or the power to transfer rights in such securitized asset cost property, and (iv) a security agreement granting such security interest is executed and delivered by the debtor or seller. The description of securitized asset cost property in a security agreement shall be sufficient if the description refers to this section and the financing order creating the securitized asset cost property;

c. A security interest shall attach without any physical delivery of collateral or other act and, upon the filing of a financing statement with the Commission, the lien of the security interest shall be valid, binding, and perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, regardless of whether the parties have notice of the lien. Also upon this filing, a transfer of an interest in the securitized asset cost property shall be perfected against all parties having claims of any kind, including any judicial lien or other lien creditors or any claims of the transferor or creditors of the transferor, and shall have priority over all competing claims other than any prior security interest, ownership interest, or assignment in the property previously perfected in accordance with this section;

d. The Commission shall maintain any financing statement filed to perfect any security interest under this section in the same manner that the Commission maintains financing statements filed by transmitting utilities under the Uniform Commercial Code. The filing of a financing statement under this section shall be governed by the provisions regarding the filing of financing statements in the Uniform Commercial Code;

e. The priority of a security interest in securitized asset cost property shall not be affected by the commingling of securitized asset cost charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized asset cost charges that are deposited in any cash or deposit account of the qualifying utility in which securitized asset cost charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party;

f. No application of the formula-based adjustment mechanism as provided in this section shall affect the validity, perfection, or priority of a security interest in or transfer of securitized asset cost property; and

g. If a default or termination occurs under the securitized asset cost bonds, the financing parties or their representatives may foreclose on or otherwise enforce their lien and security interest in any securitized asset cost property as if they were secured parties with a perfected and prior lien under the Uniform Commercial Code, and the Commission may order that amounts arising from securitized asset cost charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the Commission shall order the sequestration and payment to them of revenues arising from the securitized asset cost charges.

3. a. Any sale, assignment, or other transfer of securitized asset cost property shall be an absolute transfer and true sale of and not a pledge of, or secured transaction relating to, the transferor's right, title, and interest in, to, and under the

securitized asset cost property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized asset cost property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of any fact or circumstance that might support characterization of the transfer as a secured transaction. A transfer of an interest in securitized asset cost property shall occur only when all of the following have occurred: (i) the financing order creating the securitized asset cost property has become effective, (ii) the documents evidencing the transfer of securitized asset cost property have been executed by the transferor and delivered to the assignee, and (iii) value is received by the transferor for the securitized asset cost property. After such a transaction, the securitized asset cost property shall not be subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized asset cost property perfected in accordance with subdivision 2.

b. The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale, and the corresponding characterization of the interest of the assignee as an ownership interest, shall not be affected or impaired by the occurrence of any of the following factors:

(1) Commingling of securitized asset cost charges with other amounts;

(2) The retention by the seller of (i) a partial or residual interest, including an equity interest, in the securitized asset cost property, whether direct or indirect, or whether subordinate or otherwise, or (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized asset cost charges;

(3) Any recourse that the assignee may have against the seller;

(4) Any right or obligation that the seller may have to repurchase the securitized asset cost charges;

(5) Any indemnification obligations of the seller;

(6) The obligation of the seller to collect securitized asset cost charges on behalf of the assignee;

(7) The transferor acting as the servicer of the securitized asset cost charges or the existence of any contract that authorizes or requires the electric utility, to the extent that any interest in securitized asset cost property is sold or assigned, to agree with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized asset cost charges for the benefit and account of such assignee or financing party, and will account for and remit such amounts to or for the account of such assignee or financing party;

(8) The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;

(9) The granting or providing to bondholders of a preferred right to the securitized asset cost property or credit enhancement by the electric utility or its affiliates with respect to the securitized asset cost bonds; or

(10) Any application of the formula-based adjustment mechanism as provided in this section.

c. Any right that an electric utility has in the securitized asset cost property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order shall be property in the form of a contract right or a chose in action. Transfer of an interest in securitized asset cost property to an assignee shall be enforceable only when all of the following have occurred: (i) a financing order is issued, (ii) value is received by the transferor for such securitized asset cost property, (iii) the transferor has rights in such securitized asset cost property or the power to transfer rights in such securitized asset cost property, and (iv) transfer documents in connection with the issuance of securitized asset cost bonds are executed and delivered by the transferor. An enforceable transfer of an interest in securitized asset cost property to an assignee shall be perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subdivision 2 c. The transfer shall be perfected against third parties as of the date of filing.

d. The Commission shall maintain any financing statement filed to perfect any sale, assignment, or transfer of securitized asset cost property under this section in the same manner that the Commission maintains financing statements filed by transmitting utilities under the Uniform Commercial Code. The filing of any financing statement under this section shall be governed by the provisions regarding the filing of financing statements in the Uniform Commercial Code. The filing of such a financing statement shall be the only method of perfecting a transfer of securitized asset cost property.

e. The priority of a transfer perfected under this section shall not be impaired by any later modification of the financing order or securitized asset cost property or by the commingling of funds arising from securitized asset cost property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under subdivision 2, shall be terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized asset cost property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

f. The priority of the conflicting interests of assignees in the same interest or rights in any securitized asset cost property shall be determined as follows:

(1) Conflicting perfected interests or rights of assignees shall rank according to priority in time of perfection. Priority shall date from the time a filing covering the transfer is made in accordance with subdivision 2 c;

(2) A perfected interest or right of an assignee shall have priority over a conflicting unperfected interest or right of an assignee; and

(3) A perfected interest or right of an assignee shall have priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

F. The description of securitized asset cost property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement shall only be sufficient if such description or indication refers to the financing order that created the securitized asset cost property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section shall apply to all purported transfers of, and all purported grants or liens or security interests in, securitized asset cost property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

G. All financing statements referenced in this section shall be subject to Part 5 of Title 8.9A (§ 8.9A-501 et seq.) of the Uniform Commercial Code, except that the requirement as to continuation statements shall not apply.

H. The laws of the Commonwealth shall govern the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized asset cost property.

I. Neither the Commonwealth nor its political subdivisions shall be liable on any securitized asset cost bonds, and the bonds shall not be a debt or a general obligation of the Commonwealth or any of its political subdivisions, agencies, or instrumentalities, nor shall they be special obligations or indebtedness of the Commonwealth or any of its agencies or political subdivisions. An issue of securitized asset cost bonds shall not, directly, indirectly, or contingently, obligate the Commonwealth or any agency, political subdivision, or instrumentality of the Commonwealth to levy any tax or make any appropriation for payment of the securitized asset cost bonds, other than in their capacity as consumers of electricity. All securitized asset cost bonds shall contain on the face thereof a statement to the following effect: "NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF, OR INTEREST ON, THIS BOND."

J. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized asset cost bonds:

1. Subject to applicable statutory restrictions on state or local investment authority, the Commonwealth, units of local government, political subdivisions, public bodies, and public officers, except for members of the Commission;

2. Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

3. Personal representatives, guardians, trustees, and other fiduciaries; and

4. All other persons authorized to invest in bonds or other obligations of a similar nature.

K. 1. The Commonwealth and its agencies, including the Commission, pledge and agree with bondholders, the owners of the securitized asset cost property, and other financing parties that the Commonwealth and its agencies shall not take any action listed in this subdivision. This subsection does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized asset cost charges collected pursuant to a financing order and of the bondholders and any assignee or financing party entering into a contract with the electric utility. The Commonwealth and its agencies, including the Commission, shall not:

a. Alter the provisions of this section that authorize the Commission to create an irrevocable contract right or chose in action by the issuance of a financing order, to create securitized asset cost property, and to make the securitized asset cost charges imposed by a financing order irrevocable, binding, or non-bypassable charges;

b. Take or permit any action that impairs or would impair the value of securitized asset cost property or the security for the securitized asset cost bonds or revises the securitized asset costs for which recovery is authorized;

c. In any way impair the rights and remedies of the bondholders, assignees, and other financing parties; or

d. Except for changes made pursuant to the formula-based adjustment mechanism authorized under this section, reduce, alter, or impair securitized asset cost charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized asset cost bonds have been paid and performed in full.

2. Any person that issues securitized asset cost bonds may include the language specified in subdivision 1 in the securitized asset cost bonds and related documentation.

L. An assignee or financing party shall not be considered an electric utility or person providing electric service by virtue of engaging in the transactions described in this section.

M. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized asset cost property, this section shall govern.

N. In making determinations under this section, the Commission may engage an outside consultant and counsel.

O. Nothing in this section shall be construed to limit the ability of an electric utility to seek any available relief pursuant to any other provision of law, including § 56-585.8.

P. The provisions of this section shall not apply to any customer that has chosen to purchase electric energy from a licensed supplier other than the incumbent electric utility serving the exclusive territory in which such customer is located pursuant to § 56-577 prior to February 1, 2019.

§ 56-585.8. Biennial rate reviews.

A. For the purposes of this section:

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Utility" means a Phase I Utility.

B. With the first review commencing on March 31, 2024, and *on May 31* biennially thereafter, the Commission shall conduct rate reviews of the rates, terms, and conditions for the provision of generation and distribution services by a Phase I Utility that participated in triennial review proceedings in 2020 and 2023, and such Phase I Utility shall no longer be subject to triennial review proceedings pursuant to § 56-585.1.

C. In each biennial review, the Commission shall conduct a proceeding to review all rates, terms, and conditions for generation and distribution services with such proceeding utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. Such biennial review shall be conducted in a single, combined proceeding, except for review of the following costs, which the utility shall continue to recover and the Commission shall continue to review separately, pursuant to the applicable statutory provisions: costs that are recovered pursuant to (i) § 56-249.6, (ii) subdivisions A 4, 5, and 6 of § 56-585.1, and (iii) § 56-585.6.

D. ~~Each~~ *Beginning in 2026, each* biennial rate review proceeding shall commence on ~~or before March~~ *May* 31 of the biennial review year with the filing of a petition by each Phase I Utility subject to the provisions of this section. The Commission, after providing notice and an opportunity for hearing, shall grant a final order on such petition no later than ~~November 20. Any~~ *January 15 of the subsequent year, with any* revisions in rates ordered by the Commission pursuant to the rate review ~~shall take~~ *taking* effect no ~~later~~ *earlier* than ~~January~~ *March* 1 ~~of the subsequent year~~.

E. In each biennial review proceeding, the Commission shall set the fair rate of return on common equity applicable to the generation and distribution services of the utility for the two such services combined and for any rate adjustment clauses approved under subdivision A 5 or 6 of § 56-585.1. The Commission may use any methodology it finds consistent with the public interest to determine the Phase I Utility's fair rate of return on common equity. The Commission may increase or decrease the combined rate of return for generation and distribution services by up to 50 basis points based on factors that may include reliability, generating plant performance, customer service, and operating efficiency of a utility. Any such adjustment to the combined rate of return for generation and distribution services shall include consideration of nationally recognized standards determined by the Commission to be appropriate for such purposes.

F. In any biennial review for a Phase I Utility, if the Commission determines in its sole discretion that the utility's existing rates for generation and distribution services will, on a going-forward basis, either produce (i) revenues in excess of the utility's authorized rate of return or (ii) revenues below the utility's authorized rate of return, then the Commission shall order any reductions or increases, as applicable and necessary, to such rates for generation and distribution services that it deems appropriate to ensure the resulting rates for generation and distribution services (a) are just and reasonable and (b) provide the utility an opportunity to recover its costs of providing services over the rate period ending on December 31 of the year of the utility's succeeding review and earn a fair rate of return authorized pursuant to this section. Such determination shall be limited to the Phase I Utility's rates for generation and distribution services and shall not consider the costs or revenues recovered in any rate adjustment clause authorized pursuant to this chapter.

G. In any biennial review of rates for generation and distribution services, if the combined rate of return on common equity earned is no more than 100 basis points above or below the fair combined rate of return, as determined by the Commission, for the test period under review, then such combined return shall not be considered either excessive or insufficient, respectively.

1. If in any biennial review, the Commission finds that, during the test period under review, considered as a whole, the utility has earned more than 100 basis points above the authorized fair combined rate of return on its generation or distribution services, the Commission shall direct that 100 percent of the amount of such earnings that were more than 100 basis points above such fair combined rate of return for the test period under review, considered as a whole, be credited to customers' bills. Any such credits shall be applied to customers' bills, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

2. The Commission shall authorize deferred recovery for reasonable (i) actual costs associated with severe weather events and (ii) actual costs associated with natural disasters, not currently in rates, and the Commission shall allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The amount of any such deferral shall not exceed an amount that would, together with the utility's other costs, revenues, and investments recovered through rates for generation and distribution services for the test period under review, cause the utility's earned return on its generation and distribution services to exceed 100 basis points above the fair combined rate of return applicable to the test period under review. For the purposes of determining any amount of costs that are associated with severe weather events, the Commission shall consider nationally recognized standards such as those published by the Institute of Electrical and Electronics Engineers (IEEE).

Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this subsection shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.

H. In any proceeding under this title, including each biennial review, to determine the prior two years' excess or deficiency for the purposes of subsection F, the Commission shall use an average rate base using the actual starting and

end-of-test period capital structure of the utility, excluding any debt associated with any securitized bonds and without regard to the cost of capital, capital structure, or investments of any other entities with which the utility is affiliated. To determine a revenue requirement in any proceeding under this title, the Commission shall use the utility's actual end-of-test period capital structure and cost of capital without regard to the cost of capital, capital structure, or investments of any other entities with which the utility is affiliated, including debt associated with any securitized bonds, unless the Commission makes a finding, based on evidence in the record, that the debt to equity ratio of the actual end-of-test period capital structure of such utility is unreasonable, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable.

In a rate review for a Phase I Utility that is part of a publicly traded, consolidated group, the Commission shall determine federal and state income tax costs as follows: (i) the utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) the utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

I. The Commission is authorized to determine during any biennial review the reasonableness or prudence of any cost subject to the rate review incurred or projected to be incurred by the utility, and a Phase I Utility shall recover such costs that the Commission finds to be reasonable and prudent.

J. In any biennial review conducted pursuant to this section, a Phase I Utility or any other party may propose changes to its terms and conditions and the Commission may approve, reject, or amend any changes and may propose any special rates, contracts, or incentives pursuant to § 56-235.2.

K. Nothing in this section shall alter a Phase I Utility's obligations pursuant to §§ 56-585.5 and 56-596.2.

L. To the extent that the provisions of this section are inconsistent with the provisions of § 56-585.1, the provisions of this section shall control.

§ 56-596.5. Rate increases in certain months prohibited; Phase I Utility.

A. Notwithstanding any other provision of law, the rates for electric generation and distribution services by a Phase I Utility, as defined in subdivision A 1 of § 56-585.1, shall not be increased during the months of November through February.

B. Notwithstanding any other provision of law, during the months of November through February, no new rate adjustment clause shall be applied to a Phase I Utility's residential customers' bills and no existing rate adjustment clause applicable to such customers' bills shall be increased. The Commission's final order regarding any petition for a rate adjustment clause that results in an increase to residential customer rates, including any petition filed pursuant to subdivision A 4, 5, or 6 of § 56-585.1 or § 56-585.1:15, 56-585.5, or 56-585.6, issued between September 1 and December 31 shall direct that the applicable rate adjustment clause be applied to customers' bills beginning on March 1 of the following year.

2. That a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, in connection with any financing order petition filed with the State Corporation Commission (the Commission) prior to December 31, 2025, pursuant to § 56-249.8 of the Code of Virginia, as created by this act, shall permit any retail customer that is receiving electricity supply service from the utility and whose demand exceeded five megawatts during the calendar year prior to such petition to opt out of financing its pro rata obligation for securitized asset cost charges through securitized asset cost bonds. The Phase I Utility shall notify such eligible customers of their eligibility to opt out of the securitized asset cost financing through its petition with the Commission, and any election to opt out of the securitized asset cost financing by an eligible customer shall be provided in writing to the utility within 30 days of the filing of such petition. Upon such election, the eligible customer shall fully satisfy such customer's pro rata obligation for the securitized asset cost charges as determined in the financing order. In the event of such election, any securitized asset cost charges approved for recovery through securitized asset cost bonds shall not include the obligations of eligible customers opting out of the securitized asset cost financing.

3. That notwithstanding any other provision of law, including any tariff approved by the State Corporation Commission, no Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, shall charge a residential customer any interest or late fees between July 1, 2025, and December 31, 2025, or charge a residential customer any reconnection fees between July 1, 2025, and March 1, 2026.

4. That a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, shall only file for an annual review of fuel and purchased power costs pursuant to § 56-249.6 of the Code of Virginia in 2025 if the filing reflects a deduction in tariff provisions designed to recover fuel costs.

5. That, during the biennial rate review commencing on May 31, 2026, and conducted pursuant to § 56-585.8 of the Code of Virginia, as amended by this act, for a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, the Phase I Utility shall propose and the State Corporation Commission shall consider whether it is in the public interest to implement (i) residential seasonal rates and (ii) alternatives to budget billing.

6. That in any rate proceeding for a Phase I Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, the State Corporation Commission (the Commission) shall include an invitation to the public to comment on the Phase I Utility rate case. The Commission shall collect and aggregate all public submissions and shall consider public comments as part of each rate proceeding.

CHAPTER 498

An Act to direct the Secretary of Transportation to convene a work group to identify and review issues presented by the operation of autonomous driving systems in the Commonwealth and develop draft legislation governing the operation of such systems.

[H 2627]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Secretary of Transportation, in consultation with the Secretary of Public Safety and Homeland Security, shall convene a work group to identify operational, technical, and legal issues presented by the operation of autonomous driving systems in the Commonwealth for the purpose of developing draft legislation addressing governance of such systems in the Commonwealth. The work group shall consist of representatives from the Department of Transportation, the Department of State Police, and the Department of Motor Vehicles; five members of the House of Delegates, selected by the Chair of the House Committee on Transportation; three members of the Senate, selected by the Chair of the Senate Committee on Transportation; and any other stakeholders deemed necessary by the Secretary of Transportation. The Department of Transportation, Department of State Police, and Department of Motor Vehicles shall provide necessary staff support and resources to facilitate the work group's activities. The work group shall complete its meetings no later than September 1, 2026, and shall issue a report of its findings relating to the identified operational, technical, and legal issues to the General Assembly no later than November 1, 2026. Such report shall include an executive summary and any draft legislation recommended by the work group. Such report shall be submitted for publication as a House or Senate document as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.*

CHAPTER 499

An Act to amend and reenact §§ 56-231.16, 56-231.34:1, and 56-234 of the Code of Virginia, relating to electric cooperative subsidiaries; customers exceeding 90 megawatts demand.

[H 2644]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-231.16, 56-231.34:1, and 56-234 of the Code of Virginia are amended and reenacted as follows:

§ 56-231.16. Organization; purpose.

A. Any number of natural persons not less than five may, by executing, filing and recording articles of incorporation as hereinafter set forth, form a cooperative, either with or without capital stock, not organized for pecuniary profit, for the principal purpose of making energy, energy services, and other utility services available at the lowest cost consistent with sound economy and prudent management of the business of such cooperative and such other purposes as its membership shall approve: (i) provided, however, that within its certificated service territory, no such cooperative shall, prior to July 1, 2000, undertake or initiate any new program (a) to buy or maintain an inventory of HVACR equipment or household appliances, (b) to install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation licensed to perform such service, (c) to sell HVACR equipment or household appliances to customers metered and billed on residential rates, (d) to sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing traditional cooperative activities, (e) to sell or distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale, or (f) to serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing services that are traditional cooperative activities; (ii) provided further, that notwithstanding clause (i), such cooperative may engage within its certificated service territory in any of the activities enumerated in clause (i) that (a) have received State Corporation Commission approval prior to February 1, 1998, (b) such cooperative is ordered or required to undertake by any jurisdictional court or regulatory authority, (c) were lawfully undertaken prior to February 1, 1998, (d) are specifically permitted by statute, or (e) are undertaken by any other regulated public service company or its unregulated affiliate within such cooperative's certificated service territory; and (iii) also provided that such cooperative or its affiliate may not undertake such activities as are prohibited by clause (i) within the certificated service territory of another public service company unless such activities are undertaken by such public service company or its unregulated affiliate within such cooperative's certificated service territory. In addition, such cooperative

may establish one or more subsidiaries to engage in any other business activities not prohibited by law*, including making unregulated sales of electric power to members of such cooperative that are served at or by dedicated or excess facilities within the cooperative's certificated service territory and that contract for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts*; notwithstanding the foregoing, no such subsidiary may engage in any business activities that the cooperatives are prohibited from engaging in under this section. For purposes of determining whether a cooperative is formed not for pecuniary profit, the establishment of one or more affiliates thereof on a for-profit basis shall not disqualify such entity from being formed as a cooperative pursuant to this article.

B. Nothing in this article shall be construed to authorize a cooperative formed pursuant to this article, or any affiliate thereof, to engage, on a not-for-profit basis, within either the cooperative's certificated service territory or in the certificated service territory of another public service company, in the sale of products, the provision of services, or other business activity, except for regulated electric utility services, unregulated sales of electric power to its members within its certificated service territory, and traditional cooperative activities. However, if such products or services are not currently provided by any person other than a cooperative formed under or subject to this chapter or its affiliate and the Commission determines that no such other person is likely, within a reasonable time, to effectively provide such products and services in such territory, an affiliate of a cooperative may provide such products or services on a not-for-profit basis. The Commission shall also permit an affiliate of a cooperative formed under or subject to this chapter to provide such products or services on a not-for-profit basis upon a finding that the affiliate will not receive the benefit of any federal income tax exemption that is not available to persons other than cooperatives and will not receive the benefit of any federally guaranteed or subsidized financing that is not available to persons other than cooperatives; and provided further that nothing in this subsection shall prohibit the continued operation of any business activities of any not-for-profit cooperative or affiliate formed, operating, and actively providing products or services to customers on or before July 1, 1999.

§ 56-231.34:1. Separation of regulated and unregulated businesses.

A. No cooperative that engages in a regulated utility service shall conduct any unregulated business activity, other than traditional cooperative activities, except in or through one or more affiliates of such cooperative, provided that a cooperative that provides regulated utility services*, or one or more of its affiliates,* shall have the right to offer and make unregulated sales of electric power to ~~its~~ members *of the cooperative that are served at or by dedicated or excess facilities* within ~~its~~ *the cooperative's* certificated service territory *and that contract for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts*. No such affiliates, formed to engage in any business that is not a regulated utility service, shall engage in regulated utility services.

B. The Commission shall promulgate rules and regulations, governing the conduct of the cooperatives, to promote effective and fair competition between (i) affiliates of cooperatives that are engaged in business activities which are not regulated utility services and (ii) other persons engaged in the same or similar businesses. The rules and regulations shall be effective by July 1, 2000, and shall include provisions:

1. Prohibiting cost-shifting or cross-subsidies between a cooperative and its affiliates;

2. Prohibiting anticompetitive behavior or self-dealing between a cooperative and its affiliates;

3. Prohibiting a cooperative from engaging in discriminatory behavior towards nonaffiliated entities; and

4. Establishing codes of conduct detailing permissible relations between a cooperative and its affiliates. In establishing such codes, the Commission shall consider, among other things, whether and, if so, under what circumstances and conditions (i) a cooperative may provide its affiliates with customer lists or other customer information, sales leads, procurement advice, joint promotions, and access to billing or mailing systems unless such information or services are made available to third parties under the same terms and conditions, (ii) the cooperative's name, logos or trademarks may be used in promotional, advertising or sales activities conducted by its affiliates, and (iii) the cooperative's vehicles, equipment, office space and employees may be used by its affiliates.

C. Nothing in this article shall be deemed to abrogate or modify the Commission's authority under Chapter 4 (§ 56-76 et seq.) of this title.

§ 56-234. Duty to furnish adequate service at reasonable and uniform rates.

A. It shall be the duty of every public utility to furnish reasonably adequate service and facilities at reasonable and just rates to any person, firm or corporation along its lines desiring same. Notwithstanding any other provision of law:

1. A telephone company shall not have the duty to extend or expand its facilities to furnish service and facilities when the person, firm or corporation has service available from one or more alternative providers of wireline or terrestrial wireless communications services at prevailing market rates; and

2. A telephone company may meet its duty to furnish reasonably adequate service and facilities through the use of any and all available wireline and terrestrial wireless technologies; however, a telephone company, when restoring service to an existing wireline customer, shall offer the option to furnish service using wireline facilities.

For purposes of subdivisions 1 and 2, the Commission shall have the authority upon request of an individual, corporation, or other entity, or a telephone company, to determine whether the wireline or terrestrial wireless communications service available to the party requesting service is a reasonably adequate alternative to local exchange telephone service.

The use by a telephone company of wireline and terrestrial wireless technologies shall not be construed to grant any additional jurisdiction or authority to the Commission over such technologies.

For purposes of subdivision 1, "prevailing market rates" means rates similar to those generally available to consumers in competitive areas for the same services.

B. It shall be the duty of every public utility to charge uniformly therefor all persons, corporations or municipal corporations using such service under like conditions. However, no provision of law shall be deemed to preclude voluntary rate or rate design tests or experiments, or other experiments involving the use of special rates, where such experiments have been approved by order of the Commission after notice and hearing and a finding that such experiments are necessary in order to acquire information which is or may be in furtherance of the public interest. The Commission's final order regarding any petition filed by an investor-owned electric utility for approval of a voluntary rate or rate design test or experiment shall be entered the earlier of not more than six months after the filing of the petition or not more than three months after the date of any evidentiary hearing concerning such petition. The charge for such service shall be at the lowest rate applicable for such service in accordance with schedules filed with the Commission pursuant to § 56-236. But, subject to the provisions of § 56-232.1, nothing contained herein or in § 56-481.1 shall apply to (i) schedules of rates for any telecommunications service provided to the public by virtue of any contract with, (ii) for any service provided under or relating to a contract for telecommunications services with, or (iii) contracts for service rendered by any telephone company to, the state government or any agency thereof, or by any other public utility to any municipal corporation or to the state or federal government. The provisions hereof shall not apply to or in any way affect any proceeding pending in the State Corporation Commission on or before July 1, 1950, and shall not confer on the Commission any jurisdiction not now vested in it with respect to any such proceeding.

C. The Commission may conclude that competition can effectively ensure reasonably adequate retail services in competitive exchanges and may carry out its duty to ensure that a public utility is furnishing reasonably adequate retail service in its competitive exchanges by monitoring individual customer complaints and requiring appropriate responses to such complaints.

D. An electric utility formed under or subject to Chapter 9.1 (§ 56-231.15 et seq.) may meet its duty to furnish reasonably adequate service through unregulated sales of electric power directly from one or more of its affiliates to any customer located within the cooperative's certificated service territory that contracts for electric utility services to serve a demand that is reasonably expected to exceed 90 megawatts.

CHAPTER 500

An Act to amend and reenact § 22.1-79.4 of the Code of Virginia, relating to school boards; threat assessment teams and procedures; parental notification of student determined to pose a threat of violence or physical harm to self or others; provision of certain recognition and response materials required.

[H 2679]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-79.4 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-79.4. Threat assessment teams and oversight committees.

A. Each local school board shall adopt policies for the establishment of threat assessment teams, including the assessment of and intervention with individuals whose behavior may pose a threat to the safety of school staff or students consistent with the model policies developed by the Virginia Center for School and Campus Safety (the Center) in accordance with § 9.1-184. Such policies shall include procedures for referrals to community services boards or health care providers for evaluation or treatment, when appropriate.

B. The superintendent of each school division may establish a committee charged with oversight of the threat assessment teams operating within the division, which may be an existing committee established by the division. The committee shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

C. Each division superintendent shall establish, for each school, a threat assessment team that shall include persons with expertise in counseling, instruction, school administration, and law enforcement and, in the case of any school in which a school resource officer is employed, at least one such school resource officer. New threat assessment team members shall complete an initial threat assessment training and all threat assessment team members shall be required to complete refresher threat assessment training every three years. Threat assessment teams may be established to serve one or more schools as determined by the division superintendent. Each team shall (i) provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self; (ii) identify members of the school community to whom threatening behavior should be reported; and (iii) implement policies adopted by the local school board pursuant to subsection A.

D. Upon a preliminary determination that a student poses a threat of violence or physical harm to self or others, a threat assessment team shall immediately report its determination to the division superintendent or his designee. The division superintendent or his designee shall immediately attempt to notify the student's parent or legal guardian. *The division superintendent or his designee shall provide, either in such initial attempt to notify the student's parent or legal guardian or through a separate communication to the student's parent or legal guardian made as soon as practicable thereafter,*

materials on recognition of and strategies for responding to behavior indicating that a student poses a threat of violence or physical harm to self or others that shall include information on the legal requirements set forth in § 18.2-56.2 relating to the safe storage of firearms in the presence of minors and that may include guidance on best practices and strategies for limiting a student's access to lethal means, including firearms and medications. Such materials shall be selected in accordance with the provisions of the criteria set forth in the guidelines required by subsection G. Nothing in this subsection shall preclude school division personnel from acting immediately to address an imminent threat.

E. Each threat assessment team established pursuant to this section shall collect and report to the Center quantitative data on its activities using the case management tool developed by the Center.

F. Upon a preliminary determination by the threat assessment team that an individual poses a threat of violence to self or others or exhibits significantly disruptive behavior or need for assistance, a threat assessment team may obtain criminal history record information, as provided in §§ 19.2-389 and 19.2-389.1, and health records, as provided in § 32.1-127.1:03. No member of a threat assessment team shall redisclose any criminal history record information or health information obtained pursuant to this section or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the threat assessment team.

G. The Board, in cooperation with the Department of Behavioral Health and Developmental Services and the Department of Health, shall develop guidelines for the provision of materials on recognition of and strategies for responding to behavior indicating that a student poses a threat of violence or physical harm to self or others required pursuant to subsection D. Such guidelines shall include criteria for selecting such materials as well as materials that have been preapproved for such use by the Board.

CHAPTER 501

An Act to amend the Code of Virginia by adding in Title 56 a chapter numbered 31, consisting of sections numbered 56-626 and 56-627, relating to water utilities and wastewater utilities; eligible infrastructure replacement and enhancement; cost recovery.

[H 2711]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 56 a chapter numbered 31, consisting of sections numbered 56-626 and 56-627, as follows:

CHAPTER 31.

ELIGIBLE INFRASTRUCTURE REPLACEMENT AND ENHANCEMENT.

§ 56-626. Definitions.

As used in this chapter, unless the context requires a different meaning:

"EIRE" means eligible infrastructure replacement and enhancement.

"EIRE plan" means a plan filed by a utility that identifies proposed eligible infrastructure projects and an EIRE rider.

"EIRE rider" means a recovery mechanism that will allow for recovery of the eligible infrastructure costs, through a separate mechanism from the customer rates established in a rate case using the cost of service methodology set forth in § 56-235.2.

"Eligible infrastructure" means water utility projects or wastewater utility projects that maintain or enhance safety, reliability, or efficiency or that facilitate compliance with state or federal environmental requirements. Eligible infrastructure does not include (i) the investment in water utility or wastewater utility infrastructure included in the utility's rate base in its most recent rate case or (ii) projects designed primarily to serve new customers and increase revenues.

"Eligible infrastructure costs" includes the following:

1. Return on investment. In calculating the return on investment, the Commission shall use the utility's regulatory capital structure as calculated utilizing the weighted average cost of capital, including the cost of debt and the cost of equity used in determining the utility's base rates in effect during the construction period of the water or wastewater utility project. If the utility's cost of capital has not been changed by order of the Commission within the preceding five years, the Commission may require the utility to file an updated weighted average cost of capital, and the utility may propose an updated weighted average cost of capital. The utility may recover the external costs associated with establishing its updated weighted average cost of capital through the EIRE rider. Such external costs shall include legal costs and consultant costs;

2. A revenue conversion factor, which factor, including income taxes and an allowance for bad debt expense, shall be applied to the required operating income resulting from the eligible infrastructure costs;

3. Depreciation. In calculating depreciation, the Commission shall use the utility's current depreciation rates specific to the applicable asset;

4. Property taxes;

5. Carrying costs on the over-recovery or under-recovery of the eligible infrastructure costs. In calculating the carrying costs, the Commission shall use the utility's regulatory capital structure as determined in subdivision 1 of the definition of eligible infrastructure costs;

6. Unreimbursed costs of relocating facilities due to highway projects; and

7. Operation and maintenance expenses that the Commission determines are associated with eligible infrastructure and that were not included in the revenue requirement of the utility last approved by the Commission.

"Investment" means costs incurred on eligible infrastructure projects including planning, development, removal, and construction costs; costs of infrastructure associated therewith; and an allowance for funds used during construction. In calculating the allowance for funds used during construction, the Commission shall use the utility's actual regulatory capital structure as determined in subdivision 1 of the definition of eligible infrastructure costs.

"In-kind replacement" means replacement with new materials or equipment designed, constructed, and sized to meet current industry standards and to comply with federal, state, and local regulation.

"Utility" means water utility or wastewater utility.

"Wastewater utility" means an investor-owned public service company engaged in the business of furnishing wastewater service to the public.

"Wastewater utility project" includes:

1. Non-growth-related collection main extensions;

2. Facilities necessary to comply with applicable state and federal laws and regulations;

3. Improvements that enable compliance with National Pollutant Discharge Elimination System permits;

4. Unreimbursed costs of relocating facilities due to highway construction or relocation projects; and

5. In-kind replacement of pumps, motors, blowers, tanks, or mechanical equipment.

"Water utility" means an investor-owned public service company engaged in the business of furnishing water service to the public.

"Water utility project" includes:

2. Non-growth-related main extensions installed to eliminate dead ends that will address primary and secondary drinking water standards as defined by the Department of Environmental Quality, the Department of Health, and the federal Environmental Protection Agency;

3. Equipment and facilities installed to address primary and secondary drinking water standards as defined by the Department of Environmental Quality, the Department of Health, and the federal Environmental Protection Agency; and

§ 56-627. Filing of petition with Commission to establish or amend EIRE plan and rider; cost recovery; procedure.

A. Notwithstanding any provision of law to the contrary, a utility may petition the Commission for the approval of an EIRE plan as provided in this chapter. Such a plan shall (i) provide for a timeline for completion of the proposed eligible infrastructure projects, the estimated costs of the eligible infrastructure projects, and a schedule for recovery of the related eligible infrastructure costs through the EIRE rider and (ii) demonstrate that the EIRE plan is prudent and reasonable. The Commission may approve the initial petition for establishment of an EIRE plan and EIRE rider after such notice and opportunity for hearing as the Commission may prescribe, subject to the provisions of this chapter.

B. The Commission shall approve or deny, within 180 days, a utility's initial petition for approval of an EIRE plan. A petition filed pursuant to this section shall not require the filing of rate case schedules. The Commission shall approve or deny, within 120 days, a utility's application to amend a previously approved plan. If the Commission denies such a plan or amendment, it shall set forth with specificity the reasons for such denial, and the utility shall have the right to refile, without prejudice, an amended plan or amendment within 60 days after such denial. The Commission shall thereafter have 60 days to approve or deny the amended plan or amendment. The time period for Commission review provided for in this subsection shall not apply if the EIRE plan is filed in conjunction with a rate case using the cost of service methodology pursuant to § 56-235.2.

C. Any EIRE plan and EIRE rider that is submitted to and approved by the Commission shall be allocated and charged in accordance with § 56-235.11 and appropriate cost causation principles to avoid any undue cross subsidization between rate classes not otherwise permitted by statute.

D. No other revenue requirement or ratemaking issues may be examined in consideration of the application filed pursuant to the provisions of this chapter.

E. At the end of each 12-month period during which the EIRE rider is in effect, the utility shall reconcile the difference between the recognized eligible infrastructure costs and the amounts recovered under the EIRE rider and shall submit the reconciliation and a proposed EIRE rider adjustment to the Commission to recover or refund the difference, as appropriate, through an adjustment to the EIRE rider. The Commission shall approve or deny, within 90 days, a utility's proposed EIRE rider adjustment.

F. A utility that has an approved EIRE petition pursuant to this section shall file revised rate schedules to reset the EIRE rider to zero when new base rates and charges that incorporate eligible infrastructure costs previously reflected in the currently effective EIRE rider become effective.

G. If the Commission approves (i) an updated weighted average cost of capital for use in calculating the return on investment, (ii) the carrying costs on the over-recovery or under-recovery of the eligible infrastructure costs, (iii) the allowance for funds used during construction, or (iv) any combination thereof, such weighted average cost of capital shall

be used only for the purpose of the eligible infrastructure costs for the EIRE rider and shall not be used for any purpose in any other proceeding.

2. That the provisions of this act shall expire on July 1, 2035.

3. That each water or wastewater utility that receives approval for an eligible infrastructure replacement and enhancement (EIRE) rider pursuant to § 56-627 of the Code of Virginia, as created by this act, shall provide a proposed earnings test in each annual informational filing or base rate proceeding filed with the State Corporation Commission (the Commission) on or before December 1, 2030. The Commission's review of such earnings test in any such filing or proceeding shall be conducted for informational purposes only; shall not be used to approve, deny, or adjust a proposed EIRE rider or adjustment; and shall be in addition to and separate from the Commission's review of such utility's earnings and base rates. On or before December 1, 2030, the Commission shall provide a status report on the implementation of Chapter 31 (§ 56-626 et seq.) of Title 56 of the Code of Virginia, as created by this act, to the Chairs of the House Committee on Labor and Commerce, the Senate Committee on Commerce and Labor, and the State Water Commission. Such report shall include the results of the earnings test required by this enactment.

In cases involving the denial of state pool funds resulting from parental refusal to consent to release of student records under federal law, where such refusal precludes the development of placement through the family assessment and planning team process or the approved collaborative, multidisciplinary team process, an appeal for good cause may be made to the Council.

§ 2.2-5211. State pool of funds for community policy and management teams.

A. There is established a state pool of funds to be allocated to community policy and management teams in accordance with the appropriation act and appropriate state regulations. [S 819]

Approved March 24, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-808, 37.2-809, 37.2-813, as they are currently effective and as they shall become effective, 37.2-815, 37.2-816, and 37.2-817, as they are currently effective and as they shall become effective, and 37.2-1104 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-808. (Expires July 1, 2026) Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, or a court may issue pursuant to § 19.2-271.6, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, or the court may pursuant to § 19.2-271.6, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate or the court considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board or a certified evaluator who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate or court issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate or court shall authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate or court, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or a certified evaluator, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee or a certified evaluator; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate or court deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner.

When transportation is ordered to be provided by an alternative transportation provider, the magistrate or court shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee or certified evaluator responsible for conducting the evaluation. The community services board or its designee or certified evaluator conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate or the court that issued the emergency custody order as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate or court shall order the primary law-enforcement agency from the jurisdiction served by the community services board or certified evaluator that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate or court shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board or certified evaluator responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued in accordance with § 37.2-809, (ii) an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody, (iii) the person is released, or (iv) the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution. *For any person who has received an evaluation or treatment while in emergency custody and for whom no temporary detention order is issued, the evaluator or treating health care professional shall consider, prior to the person's release or the expiration of the emergency custody order, whether referral of the person to a community-based outpatient stabilization program for voluntary treatment is appropriate.*

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board or certified evaluator, and the designee of the community services board or certified evaluator shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809. The (i) certified evaluator conducting the evaluation pursuant to

subsection B and § 37.2-809 or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 or certified evaluator may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

Q. An employee or contractor of an entity providing alternative transportation services pursuant to a contract with the Department who has completed training approved by the Department in the proper and safe use of restraint may use restraint (i) if restraint is necessary to ensure the safety of the person or others or prevent escape and (ii) if less restrictive techniques have been determined to be ineffective to protect the person or others from harm or to prevent escape.

R. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

S. For purposes of this section:

"Certified evaluator" means the same as that term is defined in § 37.2-809.

"Law-enforcement agency" includes an auxiliary police force established pursuant to § 15.2-1731.

"Law-enforcement officer" includes an auxiliary police officer appointed or provided for pursuant to §§ 15.2-1731 and 15.2-1733, except for the purposes of subsection G.

§ 37.2-808. (Effective July 1, 2026) Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, or a court may issue pursuant to § 19.2-271.6, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, or the court may pursuant to § 19.2-271.6, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate or the court considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate or court issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate or court shall authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate or court, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate or court deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed

alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner.

When transportation is ordered to be provided by an alternative transportation provider, the magistrate or court shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate or the court that issued the emergency custody order as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate or court shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate or court shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.
