2. That no later than October 1, 2025, the Commission on Unemployment Compensation, in consultation with the Virginia Employment Commission, shall convene a work group to meet at least once each quarter to study making annual adjustments to individual weekly benefit amounts for unemployment compensation as represented in § 60.2-602 of the Code of Virginia, as amended by this act. Such annual adjustments to weekly benefit amounts shall be based on the average weekly wage as determined by the Virginia Employment Commission, and the amount of each annual adjustment shall not be less than zero. The work group shall include employee stakeholder representatives and employer stakeholder representatives. The work group shall complete its meetings by July 1, 2026, and shall submit to the Governor and General Assembly an executive summary and a report of its findings and recommendations. The executive summary and report shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports no later than September 1, 2026, and shall be posted on the General Assembly's website.

CHAPTER 641

An Act to amend and reenact § 8.01-223.2 of the Code of Virginia, relating to immunity of persons for tort actions based on statements made in connection with certain proceedings.

[H 1888]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-223.2 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-223.2. Immunity of persons for statements made at public hearing or communicated to third party.

A. A person shall be immune from tort liability if the tort claim is based solely on statements (i) regarding matters of public concern that would be protected under the First Amendment to the Constitution of the United States made by that person that are communicated to a third party, (ii) made at a public hearing before, or otherwise communicated to, the governing body of any locality or other political subdivision, or the boards, commissions, agencies and authorities thereof, and other governing bodies of any local governmental entity concerning matters properly before such body, *(iii) made at a Title IX hearing before the applicable tribunal of an institution of higher education,* or ~~(iii)~~ *(iv)* made by an employee against an employer where retaliatory action arising from such statements is prohibited by § 40.1-27.3.

B. The immunity provided by this section shall not apply to any statements that the declarant knew or should have known were false or were made with reckless disregard for whether they were false.

C. Any person who has a suit against him dismissed or a witness subpoena or subpoena duces tecum quashed, or otherwise prevails in a legal action, pursuant to the immunity provided by this section may be awarded reasonable attorney fees and costs.

CHAPTER 642

An Act to amend and reenact § 22.1-296.1 of the Code of Virginia, relating to school boards; prohibition against hiring or contracting for the services of certain individuals; certain criminal convictions.

[H 1924]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-296.1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-296.1. Data on convictions for certain crimes and child abuse and neglect required; penalty.

A. As a condition of employment for all of its public school employees, whether full-time or part-time, permanent, or temporary, every school board shall require on its application for employment certification of whether the applicant has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of § 19.2-392.02; any offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense; or any crime of moral turpitude. Any individual making a materially false statement regarding any such offense is guilty of a Class 1 misdemeanor and, in the case of a teacher, upon conviction, the fact of such conviction is grounds for the Board to revoke his license to teach.

B. No school board shall employ any individual who has been convicted of ~~any violent felony set forth in the definition of barrier crime in subsection A of § 19.2-392.02 or~~ any ~~offense~~*:*

1. Offense involving the sexual molestation of, physical or sexual abuse, or rape of a child, or the solicitation of any such offense.

2. Violent felony or crime of moral turpitude set forth in the definition of barrier crime in subsection A of § 19.2-392.02, provided, however, that any school board may employ such an individual if (i) such felony conviction does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense; (ii) such an individual (a) has had his civil rights restored by the Governor; (b) has completed all terms of supervision and has been released from supervision for more than 20 years; (c) is, in the opinion of the school board, of upstanding

character; and (d) has demonstrated commitment to public or community service and rehabilitation after completing all terms of supervision; and (iii) the school board certifies in writing that such an individual meets the requirements set forth in this subsection.

C. Any school board may employ any individual who has been convicted of any felony or crime of moral turpitude that is not set forth in the definition of barrier crime in subsection A of § 19.2-392.02 and does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense, provided that in the case of a felony conviction, such individual has had his civil rights restored by the Governor.

D. Every school board shall also require on its application for employment, as a condition of employment requiring direct contact with students, whether full-time or part-time, permanent, or temporary, certification that the applicant has not been the subject of a founded case of child abuse and neglect. Any person making a materially false statement regarding a finding of child abuse and neglect is guilty of a Class 1 misdemeanor and upon conviction, the fact of such conviction is grounds for the Board to revoke such person's license to teach.

E. As a condition of awarding a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities, the school board shall require the contractor to provide certification of whether any individual who will provide such services has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of § 19.2-392.02; any offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense; or any crime of moral turpitude.

Any individual making a materially false statement regarding any such offense is guilty of a Class 1 misdemeanor and, upon conviction, the fact of such conviction is grounds for the revocation of the contract to provide such services and, when relevant, the revocation of any license required to provide such services. School boards shall not be liable for materially false statements regarding the certifications required by this subsection.

This subsection shall not apply to a contractor or his employees providing services to a school division in an emergency or exceptional situation, such as when student health or safety is endangered or when repairs are needed on an urgent basis to ensure that school facilities are safe and habitable, when it is reasonably anticipated that the contractor or his employees will have no direct contact with students.

F. No school board shall award a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities when any individual who provides such services has been convicted of any ~~violent felony set forth in the definition of barrier crime in subsection A of § 19.2-392.02 or any offense~~*:*

1. Offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense*.*

2. Violent felony or crime of moral turpitude set forth in the definition of barrier crime in subsection A of § 19.2-392.02, provided, however, that any school board may award a contract for the provision of such services if (i) such felony conviction does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense; (ii) such an individual (a) has had his civil rights restored by the Governor; (b) has completed all terms of supervision and has been released from supervision for more than 20 years; (c) is, in the opinion of the school board, of upstanding character; and (d) has demonstrated commitment to public or community service and rehabilitation after completing all terms of supervision; and (iii) the school board certifies in writing that such an individual meets the requirements set forth in this subsection.

G. Any school board may award a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities when any individual who provides such services has been convicted of any felony or crime of moral turpitude that is not set forth in the definition of barrier crime in subsection A of § 19.2-392.02 and does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense, provided that in the case of a felony conviction, such individual has had his civil rights restored by the Governor.

H. For the purposes of this section, "school board" includes the Board of Visitors of the Virginia School for the Deaf and the Blind, which, for the purpose of receiving criminal history record information pertaining to an application for employment from the Central Criminal Records Exchange, shall be a governmental entity.

CHAPTER 643

An Act to amend and reenact § 22.1-298.8 of the Code of Virginia, relating to Department of Education; index of required teacher training.

[H 1936]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-298.8 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-298.8. Public elementary and secondary school teachers; certain training activities; frequency; index.

A. No public elementary or secondary school teacher shall be required to participate more frequently than once every five years in any training described in clause (iii) of subsection A of § 22.1-279.6 or relating to secure mandatory test violations as set forth in §§ 22.1-19.1 and 22.1-292.1, unless the school board or division superintendent determines that additional training is necessary to comply with federal or state law or to remediate misconduct. Each such teacher who completes any such training shall sign a written attestation that the teacher has been trained in and understands the relevant subject matter.

B. The Department shall establish and maintain an index of each training in which any public elementary and secondary school teacher in the Commonwealth is required to participate pursuant to state or federal law or regulation, including training required as a condition of licensure by the Department. Such index shall include information on the classification of teacher required to complete each training; the topic, length, and frequency of each training activity; and the total number of hours of training that each teacher is required to complete in a specific period of time. The Department shall review and update such index annually, when a training is added, or when an existing training on the index is changed in length or frequency to ensure that the information therein is accurate. The Department shall post such index in an easily and publicly accessible format and location on its website.

2. That the Department of Education shall establish and post the teacher training index required pursuant to subsection B of § 22.1-298.8 of the Code of Virginia, as amended by this act, no later than November 1, 2025.

CHAPTER 644

An Act to amend and reenact § 22.1-277 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 22.1-79.3:1, relating to public elementary and secondary schools; student discipline; bell-to-bell student cell phone and smart device possession and use policies; development and implementation.

[H 1961]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-277 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 22.1-79.3:1 as follows:

§ 22.1-79.3:1. Student cell phone and smart device possession and use policies; development and implementation.

A. As used in this section:

"Bell to bell" means after the first bell rings at the start of the school day to begin instructional time until the dismissal bill rings at the end of the school day. "Bell to bell" includes lunch and time in between class periods.

"Smart device" means any personal electronic device that can connect to the Internet and wirelessly collect, process, and transmit data, including smart watches and tablets.

B. Each school board shall develop and each public elementary and secondary school shall implement age-appropriate and developmentally appropriate policies relating to student cell phone and smart device possession and use on school property from bell to bell. Such policies shall:

1. Except as provided in subdivision 4, restrict student cell phone and smart device possession and use on school property from bell to bell;

2. To the extent that student cell phone or smart device possession and use is otherwise permitted on school property before or after bell to bell, regulate such possession and use with the objective of reducing any distractions in or disruptions to the learning environment, including bullying and harassment;

3. Ensure that implementation and enforcement of such policies (i) is the responsibility of the school administration; (ii) minimizes, to the extent possible, any conflict with the instructional responsibilities of teachers or any disturbance to instructional time; and (iii) does not involve any school resource officer, as defined in § 9.1-101, that may be employed in any school in the school division;

4. Permit any student, pursuant to an Individualized Education Plan, Section 504 Plan, individualized health care plan, or Limited English Proficiency plan, to possess and use a cell phone or smart device on school property, including in the classroom, from bell to bell to monitor or address a health concern or as an accommodation or assistive technology support; and

5. Expressly prohibit any student from being suspended or expelled as a consequence of any violation of such policies.

C. No violation of any student cell phone and smart device possession and use policy developed or implemented in accordance with subsection B shall alone constitute sufficient cause for a student's suspension or expulsion from attendance at school pursuant to § 22.1-277. Any violation of any such student cell phone and smart device possession and use policy that involves, coincides with, or results in an instance of disruptive behavior, as that term is defined in § 22.1-276.01, shall be addressed in accordance with the regulations on codes of student conduct adopted by each school board pursuant to subsection B of § 22.1-279.6.

§ 22.1-277. Suspensions and expulsions of students generally.

A. Students may be suspended or expelled from attendance at school for sufficient cause; however, in no cases may sufficient cause for suspensions include only instances of truancy *or only a violation of any student cell phone and smart device possession and use policy developed and implemented pursuant to § 22.1-79.3:1.*

B. Except as provided in subsection C or § 22.1-277.07 or 22.1-277.08, no student in preschool through grade three shall be suspended for more than three school days or expelled from attendance at school, unless (i) the offense involves physical harm or credible threat of physical harm to others or (ii) the local school board or the division superintendent or his designee finds that aggravating circumstances exist, as defined by the Department.

C. Any student for whom the division superintendent of the school division in which such student is enrolled has received a report pursuant to § 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of § 16.1-260 may be suspended or expelled from school attendance pursuant to this article.

D. The authority provided in § 22.1-276.2 for teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of § 22.1-277.04, 22.1-277.05, or 22.1-277.06.

E. Notwithstanding the provisions of § 22.1-277.08, no school board shall be required to suspend or expel any student who holds a valid written certification for the use of cannabis oil issued by a practitioner in accordance with § 4.1-1601 for the possession or use of such oil in accordance with the student's individualized health plan and in compliance with a policy adopted by the school board.

CHAPTER 645

An Act to amend the Code of Virginia by adding a section numbered 58.1-3606.2, relating to tax exempt property; nonprofit institutions of learning; emergency.

[H 1970]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 58.1-3606.2 as follows:

§ 58.1-3606.2. Property exempt from taxation; nonprofit institutions of learning.

For purposes of the exemption authorized by Article X, Section 6 (a)(4) of the Constitution of Virginia:

"Educational purposes" shall include any special education and related services as those terms are defined in the IDEA.

"Institutions of learning" shall include any institutions licensed by the Department of Education that provide services pursuant to the federal Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400 et seq., or any school for students with disabilities in the Commonwealth that is licensed by the Board of Education pursuant to § 22.1-323.

2. That the provisions of the first enactment of this act are declaratory of existing law.

3. That an emergency exists and this act is in force from its passage.

CHAPTER 646

An Act to amend the Code of Virginia by adding a section numbered 2.2-4328.3, relating to Virginia Public Procurement Act; solar photovoltaic equipment and facilities.

[H 2024]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 2.2-4328.3 as follows:

§ 2.2-4328.3. Solar photovoltaic equipment and facilities.

No state agency, locality, or political subdivision of the Commonwealth in any request for proposal, procurement agreement, contract, ordinance, policy, permit, or accompanying document shall prohibit or otherwise exclude from use any materials contained in or products associated with solar photovoltaic equipment and facilities that are manufactured in the United States.

CHAPTER 647

An Act to direct the Secretary of Natural and Historic Resources to establish a policy task force to evaluate existing policies regarding wetlands protection, restoration, creation, and mitigation in the Commonwealth and other states; recommend policy changes necessary to accelerate tidal and nontidal wetland identification, restoration, creation, and protection; and explore emerging science and innovation to ensure wetland health and survival; report.

[H 2034]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Secretary of Natural and Historic Resources shall establish a policy task force to (i) evaluate existing policies regarding wetlands protection, restoration, creation, and mitigation in the Commonwealth and other states; (ii) recommend policy changes necessary to accelerate tidal and nontidal wetland identification, restoration, creation, and*

protection; and (iii) explore emerging science and innovation to ensure wetland health and survival. The task force shall report its initial findings and recommendations to the Chairs of the Senate Committee on Agriculture, Conservation and Natural Resources and House Committee on Agriculture, Chesapeake and Natural Resources by December 31, 2025, and shall update its report at least every two years. The task force shall not meet less than twice annually to evaluate emerging science, policy, and best practices and one meeting shall be held jointly with the Statewide Wetlands Technical Team led by the Department of Wildlife Resources to allow such team to review and provide feedback on the task force's proposed recommendations. Membership of the task force shall include relevant representatives of nonprofit organizations, academic institutions, the Virginia Farm Bureau, the federal government, local governments or regional planning commissions, industry, and state entities, including the Chesapeake Bay Commission, Department of Wildlife Resources, Department of Environmental Quality, Marine Resources Commission, Department of Conservation and Recreation, and Virginia Institute of Marine Science.

CHAPTER 648

An Act to amend and reenact §§ 46.2-865 through 46.2-867 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 46.2-867.1, relating to reckless driving; exhibition driving; penalties; emergency.

[H 2036]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-865 through 46.2-867 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-867.1 as follows:

§ 46.2-865. Racing or exhibition driving; definitions; penalties.

A. As used in this article, unless the context requires a different meaning:

"Exhibition driving" means the intentional performance of any of the following in close proximity to a group of two or more people:

1. Maintaining a motor vehicle in a stationary position by using the brake pedal or parking brake of such vehicle while simultaneously engaging the gas pedal, causing one set of wheels to spin or lose contact with the pavement;

2. Operating a motor vehicle in an unnecessary manner that causes such vehicle to move in a manner inconsistent with the normal operation of such vehicle, such as zigzagging or spinning around in a circular pattern. "Exhibition driving" does not include operating a motor vehicle in an otherwise lawful manner and engaging in such described conduct as necessary to avoid collision, damage, or injury;

3. Operating one or more motor vehicles, for the purpose of exhibiting the speed or power of such vehicle or vehicles, from a designated starting point to a designated ending point or over a common selected course, including drag racing; or

4. Transporting a passenger on the hood or roof of the motor vehicle.

B. Any person who engages in a race between two or more motor vehicles on the highways in the Commonwealth or on any driveway or premises of a church, school, recreational facility, or business property open to the public in the Commonwealth ~~shall be~~ *is* guilty of reckless driving, unless authorized by the owner of the property or his agent.

C. Any person who engages in exhibition driving on the highways in the Commonwealth or on any driveway or premises of a church, school, recreational facility, or business property open to the public in the Commonwealth is guilty of reckless driving, unless authorized by the owner of the property or his agent.

D. Any person who purposefully rides as a passenger on the hood or roof during any race or exhibition driving in violation of subsection B or C is guilty of a Class 3 misdemeanor.

E. Any person who purposefully slows, stops, or impedes, or attempts to slow, stop, or impede, the movement of traffic, including pedestrian traffic, for the purpose of a race or exhibition driving in violation of subsection B or C is guilty of a Class 1 misdemeanor.

F. When any person is convicted of reckless driving under ~~this section~~ *subsection B*, in addition to any other penalties provided by law, the driver's license of such person shall be suspended by the court for a period of not less than six months nor more than two years. In *the* case of conviction, the court shall order the surrender of the license to the court where it shall be disposed of in accordance with the provisions of § 46.2-398.

G. When any person is convicted of an offense of reckless driving under subsection C, in addition to any other penalties provided by law, the driver's license of such person shall be suspended by the court for a period of up to six months. In the case of conviction, the court shall order the surrender of the license to the court where it shall be disposed of in accordance with the provisions of § 46.2-398.

§ 46.2-865.1. Injuring another or causing the death of another while engaging in a race or exhibition driving; penalties.

A. Any person who~~,~~ while engaging in a race *or exhibition driving* in violation of *subsection B or C of* § 46.2-865 in a manner so gross, wanton, and culpable as to show a reckless disregard for human life:

1. Causes serious bodily injury to another person who is not involved in the violation of *subsection B or C of* § 46.2-865 is guilty of a Class 6 felony; or

2. Causes the death of another person is guilty of a felony punishable by a term of imprisonment of not less than one nor more than 20 years~~, one year of which shall be a mandatory minimum term of imprisonment~~.

B. Upon conviction, the court shall suspend the driver's license of such person for a period of not less than one year nor more than three years~~,~~ and shall order the surrender of the license to be disposed of in accordance with the provisions of § 46.2-398.

§ 46.2-866. Racing or exhibition driving; aiders or abettors; penalty.

Any person, although not engaged in a race *or exhibition driving* as defined in § 46.2-865, who aids or abets any such race~~, shall be~~ *or exhibition driving is* guilty of a Class 1 misdemeanor.

§ 46.2-867. Racing; seizure of motor vehicle.

If the owner of a motor vehicle (i) is convicted of racing such vehicle in a prearranged, organized, and planned speed competition in violation of *subsection B of* § 46.2-865~~,~~*;* (ii) is present in the vehicle ~~which~~ *that* is being operated by another in violation of *subsection B of* § 46.2-865~~,~~ and knowingly consents to the racing~~,~~*;* or (iii) is convicted of a violation of § 46.2-865.1, the vehicle shall be seized and shall be forfeited to the Commonwealth, and upon being condemned as forfeited in proceedings under Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2, the proceeds of sale shall be disposed of according to law. Such sections shall apply mutatis mutandis.

The penalties imposed by these sections are in addition to any other penalty imposed by law.

§ 46.2-867.1. Exhibition driving; impoundment of motor vehicle.

A. The motor vehicle being driven by any person arrested for a violation of exhibition driving pursuant to subsection C or E of § 46.2-865 shall be impounded or immobilized by the arresting law-enforcement officer for a period of 20 days. The impoundment shall follow the procedures set out in subsections A, B, and C of § 46.2-301.1, mutatis mutandis.

At the time of arrest, the arresting officer, acting on behalf of the Commonwealth, shall serve notice of the impoundment upon the arrested person. Such notice shall include information on the person's right to petition for review of the impoundment pursuant to this section. The arresting officer shall at the time of arrest provide the arrested person information on the location of the motor vehicle and how and when the vehicle will be released. A copy of the notice of impoundment shall be delivered to the magistrate and thereafter promptly forwarded to the clerk of the general district court of the jurisdiction where the arrest was made. Transmission of such notice may be by electronic means.

B. All reasonable costs of impoundment or immobilization, including removal and storage expenses, shall be paid by the offender prior to the release of the motor vehicle. However, where the arresting law-enforcement officer discovers that the vehicle was being rented or leased from a vehicle renting or leasing company, the officer shall not impound the vehicle or continue the impoundment but shall notify the rental or leasing company that the vehicle is available for pickup and shall notify the clerk of the general district court if he has previously been notified of the impoundment.

C. Notwithstanding any provision of this section, a dismissal or acquittal of the charge of a violation of subsection C or E of § 46.2-865 for which the motor vehicle was impounded or immobilized shall result in an immediate rescission of the impoundment or immobilization provided in subsection A.

D. The penalties imposed by this section are in addition to any other penalty imposed by law.

2. That an emergency exists and this act is in force from its passage.

3. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 649

An Act to amend the Code of Virginia by adding in Chapter 26 of Title 54.1 an article numbered 3, consisting of sections numbered 54.1-2620 through 54.1-2624, and to repeal § 54.1-2605 of the Code of Virginia, relating to speech-language pathology assistants; licensure, qualifications, scope of practice; revocation or suspension of license; continuing education.

[H 2040]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 26 of Title 54.1 an article numbered 3, consisting of sections numbered 54.1-2620 through 54.1-2624, as follows:

Article 3.

Licensure of Speech-Language Pathology Assistants.

§ 54.1-2620. License; application; qualifications of speech-language pathology assistants.

A. No person shall practice as a speech-language pathology assistant unless he possesses a current, active, and valid license from the Board. The licensee shall have the right to practice as a speech-language pathology assistant in the

Commonwealth for the period of his license as set by the Board, under the supervision and direction of a licensed speech-language pathologist.

B. An application for such license shall be made to the Board in writing and shall be accompanied by satisfactory proof that the applicant (i) has completed a Board-approved eligibility pathway option, described in subsection C, and (ii) has completed a minimum of 100 hours of supervised clinical experience under the direct supervision of a licensed speech-language pathologist.

C. In order to practice as a speech-language pathology assistant, an applicant for licensure shall complete a Board-approved eligibility pathway that includes:

1. (i) Obtaining a two-year speech-language pathology assistant program degree from an accredited institution, (ii) completing the prerequisite courses required by subsection D, and (iii) completing the clinical field work required by subsection E;

2. (i) Obtaining a bachelor's degree in communication sciences and disorders from an accredited institution; (ii) completing (a) the online education modules offered by the American Speech-Language-Hearing Association or (b) a program equivalent to the online education modules offered by the American Speech-Language-Hearing Association; (iii) completing the prerequisite courses required by subsection D; and (iv) completing the clinical field work required by subsection E; or

3. (i) Obtaining a bachelor's or associate's degree from an accredited institution; (ii) completing a speech-language pathology assistant program with equivalent course work, or completing academic course work from an accredited institution of higher education in the following areas: (a) introductory or overview course in communication disorders, (b) phonetics, (c) speech sound disorders, (d) language development, (e) language disorders, and (f) anatomy and physiology of speech and hearing mechanisms; (iii) completing the prerequisite courses required by subsection D; and (iv) completing the clinical field work required by subsection E.

D. In order to practice as a speech-language pathology assistant, an applicant for licensure shall complete three one-hour prerequisite courses from an approved professional development provider, academic clinical practicum program, or via employee training, on each of the following topics: (i) ethics, (ii) universal safety precautions, and (iii) patient confidentiality.

E. In order to practice as a speech-language pathology assistant, an applicant for licensure shall complete a minimum of 100 hours of clinical field work, including (i) 80 hours of direct patient/client/student services under the supervision of a licensed speech-language pathologist and (ii) 20 hours of indirect patient/client/student services under the supervision of a licensed speech-language pathologist. Such hours may be completed via an academic practicum or on the job under the supervision of a licensed speech-language pathologist. Hours completed via an academic practicum or on the job shall be no more than five years old at the time of application for licensure. Observation, simulation, and graduate practicum hours shall not count toward such requirement.

F. The Board may grant a license to practice as a speech-language pathology assistant to an applicant licensed to practice in another jurisdiction if he (i) meets the requirements of subsection B; (ii) holds a current, unrestricted license to practice as a speech-language pathology assistant in another jurisdiction in the United States; (iii) has not committed any act that would constitute grounds for denial as set forth in § 54.1-2706; and (iv) meets other qualifications as determined in regulations promulgated by the Board.

G. The Board shall promulgate regulations (i) establishing the number of speech-language pathology assistants that may practice under the supervision of one licensed speech-language pathologist, not to exceed three speech-language pathology assistants under the supervision of one licensed speech-language pathologist, and (ii) defining (a) "direct supervision" as the in-view observation and guidance by a licensed speech-language pathologist of a speech-language pathology assistant while such speech language pathology assistant performs an assigned activity and (b) "indirect supervision" as the monitoring or reviewing of the activities performed by a speech-language pathology assistant by a licensed speech-language pathologist, excluding observation and guidance provided during the provision of direct services to a student, patient, or client.

§ 54.1-2621. Scope of practice of speech-language pathology assistants.

A. A licensed speech-language pathology assistant shall only engage in those duties that adhere to the code of ethics of the Board and are planned, designed, and supervised by a licensed speech-language pathologist, including:

1. Assisting with speech, language, and hearing screenings without clinical interpretation of results;

2. Administering and scoring screenings for clinical interpretation by the supervising speech-language pathologist;

3. Assisting with, but not administering or interpreting the results of, client assessments, including setting up the testing environment, gathering and preparing materials, and taking notes;

4. Administering and scoring assessments and progress monitoring tools without clinical interpretation of results, if the licensed speech-language pathology assistant meets the examiner requirements for such tools and the supervising speech-language pathologist has verified that such examiner requirements have been met;

5. Performing routine activities for therapy sessions in accordance with a plan developed and directed by the speech-language pathologist who retains the professional responsibility for such client, including (i) implementing documented care plans or protocols, (ii) providing direct therapy services to address treatment goals, (iii) adjusting and documenting the amount and type of support or scaffolding provided to the client in treatment to facilitate progress, and

(iv) developing and implementing activities and materials for teaching and practice of skills to address the goals of the client;

6. Providing treatment through a variety of service delivery models as directed by the supervising speech-language pathologist;

7. Utilizing telecommunications technology to provide services remotely to clients as directed by the supervising speech-language pathologist;

8. Documenting client performance and reporting such performance information to the supervising speech-language pathologist;

9. Providing caregiver coaching, including modeling and teaching communication strategies and providing feedback regarding caregiver-client interactions for facilitation and carryover of skills;

10. Sharing objective information regarding client performance without interpretation or recommendations as directed by the supervising speech-language pathologist;

11. Assisting with programming augmentative and alternative communication devices and assisting and training clients with using such devices;

12. Demonstrating strategies and assisting clients with skills included in the feeding and swallowing plan developed by the supervising speech-language pathologist;

13. Signing or initialing informal treatment notes and, upon request, co-signing formal documents with the supervising speech-language pathologist;

14. Assisting with clerical duties and site operations, including preparing materials, scheduling appointments and activities, preparing charts, records, or graphs, and performing checks and maintenance of equipment;

15. Assisting clients with transitioning to and from therapy sessions; and

16. Performing duties not otherwise restricted to the practice of speech-language pathology.

B. A speech-language pathologist assistant shall not engage in the practice of speech-language pathology, including the following:

1. Representing himself as a speech-language pathologist;

2. Performing diagnostic tests or evaluations;

3. Performing procedures that require a professional level of clinical judgment and technical skill;

4. Interpreting results and observations of feeding and swallowing evaluations or screenings performed by a speech-language pathologist;

5. Participating in formal conferences or meetings without the presence of the supervising speech-language pathologist;

6. Providing interpretative information to a client, the family of a client, or any other individual;

7. Writing, developing, or modifying a client's treatment plan;

8. Assisting in or providing services described in subsection A unless directed by the supervising speech-language pathologist;

9. Signing any formal documents in place of the supervising speech-language pathologist;

10. Selecting a client for service or discharging a client from service;

11. Making a decision regarding the need for additional services or making a referral for service;

12. Disclosing clinical or confidential information either orally or in writing to anyone other than the supervising speech-language pathologist, unless mandated by law or authorized by the supervising speech-language pathologist; or

13. Developing or determining the swallowing or feeding strategies or precautions for a client or providing feeding or swallowing treatment.

C. A licensed speech-language pathology assistant shall be supervised by a speech-language pathologist, who shall retain full legal and ethical responsibility for the client.

§ 54.1-2622. Continuing education.

The Board shall promulgate regulations requiring continuing education for any speech-language pathology assistant license renewal or reinstatement. The Board may grant exceptions or exemptions from these continuing education requirements.

§ 54.1-2623. Revocation or suspension; other sanctions.

The Board may refuse to issue a license to any applicant; suspend, for a stated period or indefinitely, or revoke any license; or censure or reprimand any licensee or place such person on probation for such time as it may designate for any of the following causes:

1. Obtaining a license through fraud, deceit, or misrepresentation;

2. Being convicted of any felony or being convicted of any crime involving moral turpitude;

3. Using alcohol or drugs to the extent that such use renders the person unsafe to practice as a speech-language pathologist assistant;

4. Any unprofessional conduct likely to defraud or to deceive the public or patients;

5. Practicing in an intentional or negligent manner that causes or is likely to cause injury to a patient or patients;

6. Assisting persons whom he knew or had reason to believe were unlicensed to practice as a speech-language pathologist or speech-language pathologist assistant;

7. Violating, assisting, or inducing others to violate any provision of this article or any Board regulation;

8. Conducting his practice in a manner contrary to the standards of ethics of a speech-language pathologist assistant;

9. Practicing or causing others to practice in a manner that is dangerous to the health and welfare of his patients or to the public;

10. Practicing outside the scope of the speech-language pathologist assistant's education, training, and experience; or

11. Receiving a revocation, suspension, or restriction of a license to practice as a speech-language pathologist assistant in another state, possession, or territory of the United States or foreign country.

§ 54.1-2624. Grounds for revocation or suspension.

The Board may revoke or suspend the license of any speech-language pathologist assistant for any of the causes set forth in § 54.1-2623, insofar as the action is applicable to practicing as a speech-language pathologist assistant.

2. That § 54.1-2605 of the Code of Virginia is repealed.

3. That the provisions of the first and second enactments of this act shall become effective on July 1, 2027.

4. That the Board of Audiology and Speech-Language Pathology's initial adoption of regulations necessary to implement the provisions of this act shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia), except that the Board of Audiology and Speech-Language Pathology shall provide an opportunity for public comment on the regulations prior to adoption of such regulations.

5. That the Board of Audiology and Speech-Language Pathology shall amend and promulgate regulations in accordance with this act by July 1, 2026.

CHAPTER 650

An Act to amend the Code of Virginia by adding in Article 13 of Chapter 3.1 of Title 62.1 a section numbered 62.1-44.34:34, relating to drinking water; Occoquan Reservoir PFAS Reduction Program established.

[H 2050]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 13 of Chapter 3.1 of Title 62.1 a section numbered 62.1-44.34:34 as follows:

§ 62.1-44.34:34. Occoquan Reservoir PFAS Reduction Program.

A. For purposes of this section, "PFAS" has the same meaning as in § 62.1-44.34:29.

B. The owner or operator of any facility, including facilities described in § 62.1-44.34:32, that (i) discharges industrial wastewater pursuant to an industrial pretreatment program permit into the sewer collection system of a major publicly owned treatment works that discharges into the Occoquan Reservoir, the Occoquan River, Bull Run, or any of their tributaries above the Occoquan Reservoir or (ii) discharges industrial wastewater or industrial stormwater directly into the Occoquan Reservoir, the Occoquan River, Bull Run, or any of their tributaries above the Occoquan Reservoir pursuant to an individual VPDES permit issued by the Department shall monitor for PFAS using EPA Method 1633 or an alternative method approved by the EPA beginning on or before October 1, 2025.

The owner or operator of any such facility shall perform representative monitoring of its wastewater or stormwater discharges, as applicable, for PFAS at least once every three months unless the Department authorizes the owner or operator of a facility with proper monitoring results that are below the method detection level for four consecutive quarters to reduce or discontinue monitoring. The owner or operator of a facility shall make a good faith effort to obtain the results of such monitoring from the laboratory within 45 days of the sampling date or within the shortest practicable time thereafter. The owner or operator of a facility shall report all results to the Department no later than the tenth day of the next month after the month in which the result is reported by the laboratory. This report shall include all such PFAS analytes measured by the test method.

C. By July 1, 2027, for any facility that measures PFAS in its discharge that exceeds the maximum contaminant level (MCL) for such PFAS in drinking water promulgated on or before January 1, 2025, identified through the monitoring required in subsection B, the Department, for an individual VPDES permit if the facility discharges directly to surface waters, or a major publicly owned treatment works, for an indirect discharger, shall modify the applicable discharge permit to require that the facility's discharge not exceed that MCL. The permit shall provide a compliance schedule that requires compliance with such level as soon as possible but no later than July 1, 2029; however, the compliance schedule shall be extended beyond July 1, 2029, if the deadline to comply with the MCL for PFAS in finished water for any public water system that withdraws surface water from the Occoquan Reservoir is extended beyond July 1, 2029. If the MCL for such PFAS for drinking water is revised to a different, higher allowed level, the revised higher level shall control for purposes of this section.

D. Where the owner or operator of a facility subject to industrial wastewater discharge PFAS limitations pursuant to subsection C demonstrates to the Department's satisfaction that the presence of PFAS in its water supply may contribute to an exceedance, the Department shall establish an alternative manner of calculating compliance with the limitation required by subsection C to account for the presence of PFAS in its water supply not caused by the same facility. The consideration or establishment of an alternative manner of calculating compliance shall not delay the deadline for compliance specified in subsection C.

E. The provisions of this section shall not apply to (i) any industrial discharger except as specifically listed in subsection B, (ii) any publicly owned treatment works or drinking water treatment plant, or (iii) a municipal solid waste facility. Any public water system that withdraws surface water from the Occoquan Reservoir to produce and distribute potable water to the general public may rely on the level of control required by this section for the purpose of its planning for compliance with the MCL for PFAS in finished water.

F. Nothing in this section shall be construed to limit the authority of the Department or the owner or operator of any publicly owned treatment works to which any user discharges wastewater to require monitoring or reporting or otherwise regulate the discharge of any PFAS chemicals or other pollutants under other applicable legal authority.

2. That the General Assembly finds and determines that the Occoquan Reservoir is the Commonwealth's first and only indirect potable reuse drinking water supply, which receives highly treated wastewater from the Upper Occoquan Sewage Authority (UOSA). During drought conditions the return flows from UOSA comprise up to 90 percent of the inflows to the Occoquan Reservoir. The watershed draining to the Occoquan Reservoir is less than 600 square miles and highly urbanized. To address this unique situation, industrial sources shall be monitored and if the industrial sources are determined to be contributing PFAS, as that term is defined in § 62.1-44.34:29 of the Code of Virginia, such industrial sources shall be minimized in accordance with this act to reduce excessive levels of PFAS in public drinking water derived from the Occoquan Reservoir.

CHAPTER 651

An Act to amend and reenact § 32.1-325.1 of the Code of Virginia, relating to Department of Medical Assistance Services; appeals of agency determinations.

[H 2082]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325.1 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325.1. Appeals of agency determinations.

A. *All providers enrolled with the Department may appeal any action by the Department or its contractor that is subject to appeal under the Administrative Process Act (§ 2.2-4000 et seq.). For provider appeals stemming from an action taken by a Department contractor, including managed care organizations, the provider shall exhaust the contractor's internal reconsideration and internal appeal processes, if any, before appealing to the Department.*

B. The ~~Director~~ *Department* shall make an initial *appeal* determination ~~as to whether an overpayment has been made to a provider~~ in accordance with the state plan for medical assistance, the provisions of § 2.2-4019*,* and applicable federal law. The initial determination shall be issued within 180 days of the receipt of the appeal request. If the agency does not render a decision within 180 days, *or, in the case of a joint agreement to stay the appeal decision pursuant to subsection D, within the time after the stay expires and before the appeal timeframe resumes,* the decision is deemed to be in favor of the provider.

~~B.~~ *C.* An appeal of the ~~Director's~~ *Department's* initial determination concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the state plan for medical assistance provided for in § 32.1-325. The hearing officer appointed pursuant to § 2.2-4024 shall conduct the appeal and submit a recommended decision to the Director within 120 days of the agency's receipt of the appeal request*, unless the settlement provisions of this section apply*. The Director shall consider the parties' exceptions and issue the final agency case decision within ~~sixty~~ *60* days of receipt of the hearing officer's recommended decision. If the Director does not render a final agency case decision within ~~sixty~~ *60* days of the receipt of the hearing officer's recommended decision, the decision is deemed to be in favor of the provider. The Director shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. Any final agency case decision in which the Director rejects a hearing officer's recommended decision shall state with particularity the basis for rejection. Prior to a final agency case decision issued in accordance with § 2.2-4023, the Director may not undertake recovery of any overpayment amount paid to the provider through offset or other means. Once a final determination of overpayment has been made, the Director shall undertake full recovery of such overpayment whether or not the provider disputes, in whole or in part, the initial or the final determination of overpayment. Interest charges on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313 from the date the ~~Director's~~ *Department's* determination becomes final. Nothing in § 32.1-313 shall be construed to require interest payments on any portion of overpayment other than the unpaid balance referenced herein.

~~C.~~ *D. The Department and the provider may jointly agree to stay the deadline for the informal appeal decision or for the formal appeal recommended decision of the hearing officer for a period of up to 60 days to facilitate settlement discussions. If the parties reach a resolution as reflected by a written settlement agreement within the 60-day period, then the stay shall be extended for such additional time as may be necessary for review and approval of the settlement agreement in accordance with § 2.2-514.*

E. The burden of proof in informal and formal administrative appeals is on the provider. *If an action stems from a Department contractor, then such contractor shall represent itself during the informal and formal appeal proceedings. No*

such contractor, including managed care organizations, shall have the right to file a petition for reconsideration or an appeal for court review of the Department's final agency decision.

F. The agency shall reimburse a provider for reasonable and necessary ~~attorneys'~~ *attorney* fees and costs associated with an informal or formal administrative appeal if the provider substantially prevails on the merits of the appeal and the agency's position is not substantially justified, unless special circumstances would make an award unjust. In any case in which a provider has recovered ~~attorneys'~~ *attorney* fees and costs associated with an informal or formal administrative appeal, the provider shall not be entitled to recover those same ~~attorneys'~~ *attorney* fees and costs in a subsequent judicial proceeding.

~~D.~~ *G.* Court review of final agency determinations concerning provider reimbursement shall be made in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). In any case in which a final determination of overpayment has been reversed in a subsequent judicial proceeding, the provider shall be reimbursed that portion of the payment to which he is entitled plus any applicable interest, within ~~thirty~~ *30* days of the subsequent judicial order.

CHAPTER 652

An Act to amend and reenact §§ 46.2-393, 46.2-394, 46.2-398, 46.2-506, and 46.2-865 of the Code of Virginia and to amend the Code of Virginia by adding in Article 19 of Chapter 3 of Title 46.2 a section numbered 46.2-507, relating to Intelligent Speed Assistance Program established; penalty.

[H 2096]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-393, 46.2-394, 46.2-398, 46.2-506, and 46.2-865 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 19 of Chapter 3 of Title 46.2 a section numbered 46.2-507 as follows:

§ 46.2-393. Suspension of license on conviction of certain reckless offenses; restricted licenses.

A. When any person is convicted of reckless driving as provided in §§ 46.2-853 through 46.2-864, in addition to any penalties provided by law, the driver's license of the person may be suspended by the court for a period of not less than 60 days nor more than six months. In case of conviction the court shall order the surrender of the license to the court where it shall be disposed of in accordance with the provisions of § 46.2-398. If the person so convicted has not obtained a license required by this chapter or is a nonresident, the court shall direct in the judgment of conviction that the person shall not drive any motor vehicle in the Commonwealth for a period of not less than 60 days nor more than six months.

B. The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle during the period of suspension for any of the purposes set forth in subsection E of § 18.2-271.1. The court shall forward to the Commissioner a copy of its order entered pursuant to this section, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person who may operate a motor vehicle on the order until receipt from the Commissioner of a restricted license. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be punished as provided in subsection C of § 46.2-301. No restricted license issued pursuant to this section shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

C. Notwithstanding the provisions of subsection A, when any person is convicted of reckless driving pursuant to § 46.2-861 or 46.2-862, in addition to any penalties provided by law and as an alternative to suspending such person's driver's license, the court may, in its discretion and for good cause shown, require that such person enroll in the Intelligent Speed Assistance Program established pursuant to § 46.2-507 for a period of not less than 60 days nor more than six months. However, if such person was convicted of reckless driving pursuant to § 46.2-862 and was found to have been driving on the highways of the Commonwealth in excess of 100 miles per hour, the court shall order such enrollment for such period of time, unless the court has ordered suspension of such person's driver's license pursuant to subsection A. No restricted license issued nor enrollment in the Intelligent Speed Assistance Program required pursuant to this section shall permit any person to operate a commercial motor vehicle, as that term is defined in § 46.2-341.4.

§ 46.2-394. Revocation of license for fourth conviction of certain offenses.

If any person is convicted four times of a violation of ~~§§~~ *§* 46.2-865, 46.2-894, or ~~§~~ 46.2-895, or any substantially similar ordinance or law of any other jurisdiction, the court shall revoke his driver's license for five years. *However, if such person is convicted four times of a violation of § 46.2-865, or any substantially similar ordinance or law of any other jurisdiction, the court may alternatively, in its discretion and for good cause shown, require that such person enroll in the Intelligent Speed Assistance Program established pursuant to § 46.2-507 for five years. No restricted license issued nor enrollment in the Intelligent Speed Assistance Program required pursuant to this section shall permit any person to operate a commercial motor vehicle, as that term is defined in § 46.2-341.4.*

§ 46.2-398. Disposition of surrendered licenses on revocation or suspension.

In any case in which the accused is convicted of an offense, on the conviction of which the law requires or permits revocation or suspension of the driver's license of the person so convicted, the court shall order the surrender of such license, which shall remain in the custody of the court during the period of revocation or suspension if the period does not exceed 30 days.

If the revocation or suspension period exceeds 30 days, and the conviction was obtained in a court not of record, the license shall remain in the custody of that court (i) until the time allowed by law for an appeal to the circuit court has elapsed, when it shall be forwarded to the Commissioner, or (ii) until an appeal to the circuit court is noted, at which time it shall be returned to the accused.

If the revocation or suspension period exceeds 30 days, and the conviction was obtained in the circuit court, the circuit court shall forward the license to the Commissioner forthwith upon the conviction.

In any case in which a court ordered a person to enroll in the Intelligent Speed Assistance Program established pursuant to § 46.2-507, the court shall forward the license to the Department upon the conviction.

For any revocation or suspension of a privilege to drive in Virginia of a person who does not have a Virginia driver's license but who does have a valid driver's license from another jurisdiction, the court shall not order the physical surrender of such license.

§ 46.2-506. Formal hearings; suspension for excessive point accumulation.

A. Whenever the operating record of any person shows a continued disregard of the motor vehicle laws subsequent to being placed on probation, he may be charged as a reckless or negligent driver of a motor vehicle, and cited for a formal hearing in accordance with the provisions of §§ 46.2-402 through 46.2-408. If the hearing results in the suspension of a person's driving privilege, the person shall be placed on probation at the end of the suspension period in accordance with the provisions of § 46.2-499.

B. Whenever the operating record of any person shows an accumulation of at least ~~eighteen~~ *18* demerit points based on convictions, or findings of not innocent in the case of a juvenile, for traffic violations committed within any ~~twelve~~ *12* consecutive months, or at least ~~twenty-four~~ *24* demerit points based on convictions, or findings of not innocent in the case of a juvenile, for traffic violations committed within any ~~twenty-four~~ *24* consecutive months, respectively, the Commissioner shall *(i)* suspend the person's license or licenses for a period of ~~ninety~~ *90* days and thereafter until he attends and satisfactorily completes a driver improvement clinic *or (ii) require such person to enroll in the Intelligent Speed Assistance Program established pursuant to § 46.2-507 for a period of nine months and satisfactorily complete a driver improvement clinic. The Department shall provide such driver subject to the provision of this subsection with the option, in a written notice, either to have his license suspended or to enroll in the Intelligent Speed Assistance Program. Such driver shall indicate his choice to the Department within 30 days of the receipt of such written notice. The Department shall, pursuant to clause (i), suspend the license of any driver who fails to respond to such written notice within such 30 days*. At the end of ~~this~~ *a* suspension period *pursuant to clause (i)*, the person shall be placed on probation in accordance with the provisions of § 46.2-499. *No restricted license issued nor enrollment in the Intelligent Speed Assistance Program required pursuant to this section shall permit any person to operate a commercial motor vehicle, as that term is defined in § 46.2-341.4.*

§ 46.2-507. Establishment of Intelligent Speed Assistance Program; penalty.

A. As used in this section:

"Commission" means the Commission on the Virginia Alcohol Safety Action Program (VASAP) as established pursuant to § 18.2-271.2.

"Intelligent speed assistance system" means a system that limits the speed at which a motor vehicle is capable of traveling based on the applicable speed limit where such motor vehicle is being operated.

"Program" means the Intelligent Speed Assistance Program established pursuant to this section.

B. The Executive Director of the Commission or his designee shall, pursuant to approval by the Commission, establish the Intelligent Speed Assistance Program for the administration of the provisions of this section and supervise the installation and compliance of intelligent speed assistance systems.

C. Upon receipt of notice from a court that a person is required to enroll in the Program, the Department shall:

1. Require such person's enrollment in the Program as a condition for obtaining and maintaining a restricted driver's license;

2. Suspend such person's driver's license and issue such person a restricted driver's license that indicates his participation in the Program; and

3. Not issue such person any other driver's license until such person successfully completes a period of enrollment as provided in subsection E.

D. The Department shall provide notice to any person required to enroll in the Program of the requirements of this section. Such notice shall be deemed to have been delivered if it is (i) hand-delivered to such person or (ii) sent by mail to the address on such person's driver's license.

E. A person's driver's license shall remain suspended pursuant to subdivision C 3, and a person's enrollment in the Program shall remain a condition for obtaining and maintaining a restricted driver's license pursuant to subdivision C 1, for the duration of time ordered by the court or, if such enrollment is pursuant to § 46.2-506, for a period of nine months and after satisfactory completion of a driver improvement clinic.

F. A person enrolled in the Program pursuant to this section shall enter into and successfully complete the Program and (i) shall install a certified intelligent speed assistance system on each motor vehicle owned by or registered to such person and (ii) shall not operate any motor vehicle that is not equipped with a functioning, certified intelligent speed assistance system.

G. A person enrolled in the Program shall pay all costs associated with enrollment and participation in the Program, unless such person is found by the court or the Commission to be indigent.

H. The Executive Director of the Commission or his designee shall, pursuant to approval by the Commission, certify intelligent speed assistance systems for use in the Commonwealth and adopt regulations and forms for the installation, maintenance, and certification of such intelligent speed assistance systems. Such regulations shall include requirements that such intelligent speed assistance systems:

1. Do not impede the safe operation of the motor vehicle;

2. Minimize opportunities to be bypassed, circumvented, or tampered with, and provide evidence that such system has not been bypassed, circumvented, or tampered with;

3. Work accurately and reliably in an unsupervised environment;

4. Have the capability to provide an accurate measure of speed and record each attempt to bypass, circumvent, or tamper with such intelligent speed assistance systems;

5. Minimize inconvenience to other users of the motor vehicle;

6. Be manufactured or distributed by an entity that is responsible for the installation, user training, service, and maintenance of such intelligent speed assistance systems;

7. Operate reliably over the range of motor vehicle environments or motor vehicle manufacturing standards;

8. Be manufactured by an entity that is adequately insured against liability, in an amount established by the Commission, including product liability and liability against installation and maintenance errors; and

9. Provide for an electronic log of the driver's experience with such intelligent speed assistance system with an information management system capable of electronically delivering information to the Commission within 24 hours of the collection of such information from the data logger.

I. The regulations adopted pursuant to subsection H shall also provide for the establishment of a Fund, administered by the Commission, using a percentage of fees received by the manufacturer or distributor providing the intelligent speed assistance systems from a person enrolled in the Program, to assist any person found by the court or the Commission to be indigent with all or part of the costs of an intelligent speed assistance system.

J. The Commission shall publish a list of certified intelligent speed assistance systems and shall ensure that such intelligent speed assistance systems are available throughout the Commonwealth. The Commission shall make the list available to eligible offenders, who shall have the responsibility and authority to choose which certified intelligent speed assistance system manufacturer or distributor will supply such offender's certified intelligent speed assistance system. A manufacturer or distributor of intelligent speed assistance systems that seeks to sell or lease the intelligent speed assistance systems to persons subject to the provisions of this section shall pay the reasonable costs of obtaining the required certification, as established by the Commission.

K. A person may not sell or lease or offer to sell or lease an intelligent speed assistance system to any person unless:

1. The intelligent speed assistance system has been certified by the Commission; and

2. The warning label adopted by the Commission pursuant to subsection N is affixed to the intelligent speed assistance system.

L. A manufacturer or distributor of an intelligent speed assistance system shall provide such support services as may be required at no cost to the Commonwealth. Such services shall include a toll free, 24-hour telephone number for the users of intelligent speed assistance systems.

M. No person shall tamper with, or in any way attempt to circumvent, bypass, or tamper with the operation of, an intelligent speed assistance system that has been installed in a motor vehicle pursuant to this section. A violation of this subsection is punishable as a Class 1 misdemeanor. The venue for the prosecution of a violation of this subsection shall be where the offense occurred.

N. The Commission shall design and adopt a warning label to be affixed to an intelligent speed assistance system upon installation in a motor vehicle. The warning label shall state that a person tampering with or attempting to bypass or circumvent the intelligent speed assistance system is guilty of a Class 1 misdemeanor and, upon conviction, is subject to a fine or incarceration or both.

O. Any person who enters into the Program prior to trial may pre-qualify with the Program to have an intelligent speed assistance system installed on any motor vehicle owned or operated by him and the court may consider such pre-qualification and installation.

P. The Commission shall promulgate such regulations and forms as are necessary to implement the Program established by this section.

§ 46.2-865. Racing; penalty.

Any person who engages in a race between two or more motor vehicles on the highways in the Commonwealth or on any driveway or premises of a church, school, recreational facility, or business property open to the public in the Commonwealth shall be guilty of reckless driving, unless authorized by the owner of the property or his agent. When any person is convicted of reckless driving under this section, in addition to any other penalties provided by law the driver's

license of such person shall be suspended by the court for a period of not less than six months nor more than two years *or the court may, in its discretion and for good cause shown, require that such person enroll in the Intelligent Speed Assistance Program established pursuant to § 46.2-507 for a period of not less than six months nor more than two years*. In case of conviction the court shall order the surrender of the license to the court where it shall be disposed of in accordance with the provisions of § 46.2-398. *No restricted license issued nor enrollment in the Intelligent Speed Assistance Program required pursuant to this section shall permit any person to operate a commercial motor vehicle, as that term is defined in § 46.2-341.4.*

2. That the provisions of this act shall become effective on July 1, 2026.

CHAPTER 653

An Act to direct the Department of Housing and Community Development to develop a document describing considerations that a locality may consider when implementing an ordinance to stimulate affordable housing and strategies on property owned by a property tax-exempt nonprofit organization.

[H 2153]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Department of Housing and Community Development (the Department) shall develop a document describing options for alteration or waiver of requirements for zoning permits, site plan application incentives, and other considerations that a locality may consider when implementing an ordinance to stimulate affordable housing and include strategies on property owned by a property tax-exempt nonprofit organization. The Department shall consult stakeholders, including local governments, nonprofit organizations, and other expert resources as determined by the Department, to develop the document. Such document shall be published on the Department's website no later than December 31, 2025.*

CHAPTER 654

An Act to amend and reenact § 54.1-2104 of the Code of Virginia, relating to Real Estate Board; membership; qualifications.

[H 2210]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2104 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2104. Real Estate Board; membership; chairman; seal.

The Real Estate Board shall be composed of nine members as follows: seven members who have been *actively engaged as* licensed real estate brokers or salespersons for at least ~~five~~ *seven* consecutive years before their appointment and two citizen members. *Of the members licensed as real estate brokers or salespersons, (i) at least one shall have proficiency and experience in the area of residential property management and (ii) each shall have acknowledged ability in the profession as evidenced by possessing at least one of the following qualifications: (a) experience in real estate credentialing or certification, (b) certification by the Board as a real estate instructor, or (c) training or experience in the adjudication of other real estate licensees.* The terms of Board members shall be four years.

The Board shall elect a chairman from its membership.

The Board shall adopt a seal by which it shall authenticate its proceedings.

2. That the provisions of this act shall not be construed to affect existing appointments to the Real Estate Board for which the terms have not expired.

CHAPTER 655

An Act to amend and reenact § 55.1-1204 of the Code of Virginia, relating to Virginia Residential Landlord and Tenant Act; rental payment methods.

[H 2218]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1204 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. A landlord shall offer a prospective tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord-tenant relationship and shall provide with it the statement of tenant rights and responsibilities developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § 36-139 acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. The written rental agreement shall be effective upon the date signed by the parties.

If a tenant fails to sign the form available pursuant to this subsection, the landlord shall record the date or dates on which he provided the form to the tenant and the fact that the tenant failed to sign such form. Subsequent to the effective date of the tenancy, a landlord may, but shall not be required to, provide a tenant with and allow such tenant an opportunity to sign the form described pursuant to this subsection. The form shall be current as of the date of delivery.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection D of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit in an amount that does not exceed a total amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of the signed written rental agreement and the statement of tenant rights and responsibilities to the tenant within 10 business days of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action, including any summons for unlawful detainer, against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

The landlord shall provide the tenant with an additional hard copy of such tenant's rental agreement once per year upon request or shall maintain such rental agreement in an electronic format that can be easily accessed by or shared with the tenant upon request. Any additional electronic copy of a tenant's rental agreement provided pursuant to this subsection shall be provided by the landlord at no charge to the tenant.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. *1.* The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order. *No landlord shall charge a tenant any fee for the collection or processing of any payment of rent, security deposit, or any other fees, unless the landlord offers an alternative method of payment that does not include additional fees.*

2. A landlord with four or fewer rental dwelling units, or up to a 10 percent interest in four or fewer rental dwelling units, shall not be required to accept payment of periodic rent and any security deposit by debit or credit card.

K. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, shall be required to provide written notice to any tenant who has the option to renew a rental agreement or whose rental agreement contains an automatic renewal provision of any increase in rent during the subsequent rental agreement term. Such notice shall be provided to the tenant no less than 60 days prior to the end of the rental agreement term. This subsection shall not apply to any periodic tenancy created pursuant to subsection C of § 55.1-1253.

CHAPTER 656

An Act to amend and reenact § 53.1-31.4 of the Code of Virginia, relating to prisoners; Department of Corrections-issued identification; report.

[H 2221]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 53.1-31.4 of the Code of Virginia is amended and reenacted as follows:

§ 53.1-31.4. Government-issued identification; Department of Corrections-issued identification.

A. Prior to the release or discharge *into the community* of any prisoner who has been confined for at least 90 days and does not possess a government-issued identification card, birth certificate, ~~and Social Security~~ *or social security* card, the Department shall ~~provide the assistance necessary for such prisoner to apply for and obtain such identification and documents prior to his release or discharge, provided that the Department has or can readily obtain all records and information necessary for their issuance. If the prisoner is unable to obtain a government-issued identification card prior to his release or discharge~~*, in conjunction with the Department of Motor Vehicles, the State Registrar of Vital Records, and any other relevant government agency, provide such prisoner with a certified copy of his birth certificate, his social security card, or a government-issued identification card unless such provision of a government-issued identification card is not possible, in which case*, the Department shall provide the prisoner with a Department of Corrections Offender Identification form. *The form shall include (i) a photograph of the prisoner; (ii) the prisoner's full name; (iii) the prisoner's date of birth; (iv) the address of the facility in which the prisoner resided at the time of his release or discharge; (v) the prisoner's release address; and (vi) if available, the prisoner's citizenship or legal presence in the United States and social security number. Such form shall be verified by the Department and provided to the Department of Motor Vehicles in a secured format and by a means mutually agreed upon by the Department and the Department of Motor Vehicles and shall, subject to procedures established pursuant to subsection B, serve as proof of identity and proof of Virginia residency and may serve as proof of legal presence in the United States or proof of a social security number, if one is available, as required to obtain a government-issued identification card for the 120 days immediately following the release or discharge of the prisoner identified on such form.* If the Department receives a government-issued identification card, birth certificate, or ~~Social Security~~ *social security* card for a prisoner after his release or discharge, the Department shall forward such identification or document to the *former* prisoner. Unless the prisoner is determined to be indigent pursuant to § 19.2-159, all costs and fees associated with applying for and obtaining any identification or documents pursuant to this section shall be paid by the prisoner.

For the purposes of this section, "government-issued identification card" does not include a REAL ID credential.

B. The Department and the Department of Motor Vehicles shall cooperatively establish procedures for verifying a Department of Corrections Offender Identification form and all information contained therein. The Department of Motor Vehicles shall not accept a Department of Corrections Offender Identification form if the form or any of the information contained on the form cannot be verified.

2. That the provisions of the first enactment of this act shall become effective on July 1, 2026.

3. That the Department of Corrections, in coordination with the State Board of Local and Regional Jails, the Department of Motor Vehicles, and the State Registrar of Vital Records, shall (i) identify the number of prisoners released with and without identification cards; (ii) review the processes involved in assisting a prisoner in applying for and obtaining a government-issued identification card, birth certificate, or social security card as required pursuant to §§ 53.1-31.4, as amended by this act, and 53.1-116.1:02 of the Code of Virginia; (iii) identify any obstacles that may interfere with a prisoner obtaining such identification or documents prior to such prisoner's release or discharge; and (iv) issue a report of its findings and recommendations to the General Assembly no later than November 1, 2025.

CHAPTER 657

An Act to amend and reenact § 19.2-304 of the Code of Virginia, relating to decreasing probation period; criteria for mandatory reduction; work group; report.

[H 2252]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-304 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-304. Increasing or decreasing probation period and modification of conditions.

A. The court may subsequently increase ~~or decrease~~ the probation period and may revoke or modify any condition of probation, but only upon a hearing after reasonable notice to both the defendant and the attorney for the Commonwealth. *After fixing the probation period, the court may subsequently decrease the probation period without a hearing if warranted by the defendant's conduct.*

B. Except as provided in subsection D, the defendant's supervised probation period shall be reduced if:

1. The defendant completes a qualifying educational activity, including obtaining a high school diploma, passing high school equivalency testing, completing 15 credit hours with at least a 2.0 grade point average at a postsecondary educational institution, obtaining an academic degree, completing a peer recovery specialist training program approved by the Department of Behavioral Health and Developmental Services, completing a state-certified training program, or completing a vocational or job training program made available by the Department of Corrections or by a community provider approved by the Department of Corrections;

2. The defendant maintains verifiable employment where the defendant is employed at least an average of 30 hours per week;

3. The defendant is in compliance with any state-certified or state-approved mental health or substance abuse treatment program or successfully completes a state-certified or state-approved mental health or substance abuse treatment program;

4. The defendant secures and maintains qualifying health insurance coverage or a qualifying health care plan through Medicaid, a state's insurance marketplace, or his employer or independent purchase; or

5. The defendant has obtained housing and established residence, either through a rental agreement, home ownership, work exchange program, or other method deemed appropriate by the probation officer, within the designated area permitted by his probation.

C. A defendant shall not begin accruing credit for any educational activity, employment, or treatment program described in subsection B until the first day of the first full month that such defendant is on supervised probation. Such credits shall not accrue during any calendar month in which the defendant is found in violation of his supervised probation, including any technical violation as defined in § 19.2-306.1.

D. A defendant may accrue credits from each of subdivisions B 1 through 5 in each six-month reporting period as follows:

1. For every six-month period of qualifying educational activity the defendant completes in accordance with subdivision B 1, the defendant's supervised probation period shall be reduced by 15 days.

2. For every six-month period of verifiable employment the defendant completes in accordance with subdivision B 2, the defendant's supervised probation period shall be reduced by 15 days.

3. For every six-month period of qualifying mental health or substance abuse treatment program compliance or for completion of a qualifying mental health or substance abuse treatment program in accordance with subdivision B 3, the defendant's supervised probation period shall be reduced by 15 days.

4. For every six-month period of verifiable maintenance of qualifying health insurance coverage or a qualifying health care plan in accordance with subdivision B 4, the defendant's supervised probation period shall be reduced by 15 days.

5. For every six-month period of verifiable residency in accordance with subdivision B 5, the defendant's supervised probation period shall be reduced by 15 days.

E. Upon motion of the attorney for the Commonwealth and after notice to the defendant, the court shall conduct a hearing and may revoke any credits the defendant has accrued pursuant to this section for any reason the court deems necessary and in the interest of the health and safety of the public.

F. A defendant's probation officer shall no less than quarterly calculate any reductions to such defendant's supervised probation for any qualifying evidence-based recidivism-reducing activities, including completing qualifying educational activities, maintaining verifiable employment, completing or complying with any state-certified or state-approved mental health or substance abuse treatment program, securing and maintaining qualifying health insurance coverage or a qualifying health care plan, or obtaining and establishing residency under this section.

G. A defendant's probation officer may verify qualifying recidivism-reducing activities through supporting documentation, which may include the following:

1. For verification of employment, any employer letter, pay stub, or contract;

2. For verification of education and vocation compliance or completion, any facilitator or program letter, report card, or progress report;

3. For verification of mental health or substance abuse treatment program compliance or completion, any facilitator or program letter or progress report;

4. For verification of health insurance coverage or health care plan status, purchase receipts, contracts, or a valid insurance card;

5. For verification of housing and continued residency, rental or mortgage contracts, utility bills, or signed change of address forms from the United States Postal Service; or

6. For verification of any qualifying recidivism-reducing activity, any other approved method of verification by the probation services agency or the Department of Corrections.

A decision by the defendant's probation officer regarding the qualification of any educational activity, employment, or treatment program described in subsection B is final.

H. When the accumulation of time served on probation and any earned reduction is equal to the imposed supervised probation term, and the defendant has satisfied all conditions of his supervised probation, including any court-ordered program or community service hours and complete payment of any restitution, the probation officer shall notify the court of the defendant's reduction in his probation term under this section. Upon receipt of this information, the court shall enter an order discharging the person from supervised probation.

I. The provisions of this section shall not apply to any person sentenced (i) to a mandatory period of at least three years of supervised probation pursuant to § 19.2-303 or (ii) pursuant to § 19.2-303.3 and subject to supervised probation by a local community-based probation services agency established pursuant to Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1.

J. No defendant shall have his probation reduced pursuant to this section for his participation in any court-ordered treatment.

K. Nothing in this section shall be construed to limit the court's ability to reduce a defendant's period of probation or discharge such defendant from probation under any other provision of law.

2. That the provisions of the first enactment of this act shall not become effective unless reenacted by the 2026 Session of the General Assembly.

3. That the Department of Corrections shall convene a work group with all relevant stakeholders, including the Attorney General or his designee, the Department of Corrections Ombudsman or his designee, the Executive Director of the Virginia Indigent Defense Commission or his designee, the Executive Secretary of the Supreme Court of Virginia or his designee, the Secretary of Health and Human Resources or his designee, and the Secretary of Public Safety and Homeland Security or his designee; representatives from the Virginia Association of Chiefs of Police, the Virginia Association of Commonwealth's Attorneys, the Virginia Probation and Parole Association, the Virginia Sheriffs' Association, and criminal justice reform organizations; and victims of crime or victim advocates. The work group shall identify (i) current practices for community supervision as it relates to monitoring engagement and attainment included in Executive Order 36 (2024) and (ii) recommendations for court-ordered modification of time served on supervised probation. However, no recommendation shall be considered that allows the probationer (a) to receive credits while being in technical violation of his probation as described in § 19.2-306.1 of the Code of Virginia or (b) to receive more than 150 days of credit in one calendar year for a modified term. The work group shall take into consideration the impact of a reduced period of supervised probation on probationers who were released from incarceration early due to sentence reductions pursuant to subsection B of § 53.1-202.3 of the Code of Virginia. The work group shall submit an executive summary and report of its findings and recommendations to the Governor and the General Assembly by November 1, 2025.

CHAPTER 658

An Act to amend and reenact §§ 58.1-322.03 and 58.1-402 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 23 of Title 56 a section numbered 56-596.5, relating to electric utilities; distribution cost sharing program established; income tax deduction; report.

[H 2266]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-322.03 and 58.1-402 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 23 of Title 56 a section numbered 56-596.5 as follows:

§ 56-596.5. Distribution cost sharing program.

A. As used in this section:

"Hosting capacity" means the amount of aggregate generation that can be accommodated on the electric distribution system without any infrastructure upgrades.

"Program" means the distribution cost sharing program established pursuant to this section.

"Qualifying upgrade" means a system upgrade that increases the hosting capacity of the utility's distribution system.

"Sharing project" means any distributed energy resource with an alternating current (AC) nameplate capacity rating greater than or equal to 250 kilowatts and less than or equal to three megawatts within the Phase I or Phase II Utility's

service territory seeking to interconnect to the utility's distribution system and participate in net energy metering pursuant to § 56-594 that utilizes distribution system upgrades that were necessary to interconnect a triggering project.

"Triggering project" means a project application in the interconnection queue at a given substation or feeder that requires a qualifying upgrade to successfully interconnect the project to the electric distribution system.

B. The Commission shall establish by regulation a distribution cost sharing program for Phase I and Phase II Utilities, as those terms are defined in subdivision A 1 of § 56-585.1, to construct distribution system upgrades required to interconnect triggering projects. Under the program, when a Phase I or Phase II Utility determines that a qualifying upgrade is required to interconnect a triggering project, such utility shall determine the costs of the qualifying upgrade and the net increase in hosting capacity that would result from the construction of the qualifying upgrade. The costs of the qualifying upgrade shall be subject to approval by the Commission that the costs are reasonable and prudent. The program shall require each Phase I and Phase II Utility to allocate the costs of qualifying upgrades among any sharing projects based on the AC nameplate capacity rating of each sharing project, except that a project shall be exempted from the program if the owner or developer of such project elects to pay in full the approved cost of any associated qualifying upgrade. The Commission shall determine limits on cost recovery for ratepayers and the appropriate time period for cost recovery under the program. The program shall also require that the costs attributed to jurisdictional triggering projects are recovered from jurisdictional sharing projects and costs attributed to nonjurisdictional triggering projects are recovered from nonjurisdictional sharing projects. The Commission may establish a system to refund projects for any interconnection upgrade costs collected during time periods in which such projects are not operational and may provide such refunds upon the petition of the owner of a participating project.

§ 58.1-322.03. Virginia taxable income; deductions.

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, $3,000 for single individuals and $6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2022, $4,500 for single individuals and $9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (iii) for taxable years beginning on and after January 1, 2022, but before January 1, 2024, $8,000 for single individuals and $16,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); and (iv) for taxable years beginning on and after January 1, 2024, but before January 1, 2026, $8,500 for single individuals and $17,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of $930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of $800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional $1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of $12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of $12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by $1 for every $1 that the taxpayer's adjusted federal adjusted gross income exceeds $50,000 for single taxpayers or $75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by $1 for every $1 that the total combined adjusted federal adjusted gross income of both spouses exceeds $75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Commonwealth Savers Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to $4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds $4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed $4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Commonwealth Savers Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed $4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

8. The total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided that the individual has not claimed a deduction for such amount on his federal income tax return.

9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed $500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. The lesser of $5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided that the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal

Revenue Code for such expenses. The deduction may be taken in the taxable year in which the donation is made or the taxable year in which the 12-month period expires.

14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66 or older with earned income of at least $20,000 for the year and federal adjusted gross income not in excess of $30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers may claim a deduction for such premiums under federal income tax laws. As used in this subdivision, "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. The deduction shall not be allowed for any portion of such premiums paid for which the individual has (a) been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or subtraction under another provision of this section, or (d) claimed a federal income tax credit or any income tax credit pursuant to this chapter.

15. Business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code:

a. For taxable years beginning on and after January 1, 2018, but before January 1, 2022, 20 percent of such disallowed business interest;

b. For taxable years beginning on and after January 1, 2022, but before January 1, 2024, 30 percent of such disallowed business interest;

c. For taxable years beginning on and after January 2, 2024, 50 percent of such disallowed business interest.

For purposes of subdivision 15, "business interest" means the same as that term is defined under § 163(j) of the Internal Revenue Code.

16. For taxable years beginning on and after January 1, 2019, the actual amount of real and personal property taxes imposed by the Commonwealth or any other taxing jurisdiction not otherwise deducted solely on account of the dollar limitation imposed on individual deductions by § 164(b)(6)(B) of the Internal Revenue Code.

17. For taxable years beginning before January 1, 2021, up to $100,000 of the amount that is not deductible when computing federal adjusted gross income solely on account of the portion of subdivision B 10 of § 58.1-301 related to Paycheck Protection Program loans.

18. For taxable years beginning on and after January 1, 2022, but before January 1, 2025, the lesser of $500 or the actual amount paid or incurred for eligible educator qualifying expenses. For purposes of this subdivision, "eligible educator" means an individual who for at least 900 hours during the taxable year in which the credit under this section is claimed served as a teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1, instructor, student counselor, principal, special needs personnel, or student aide serving accredited public or private primary and secondary school students in Virginia, and "qualifying expenses" means 100 percent of the amount paid or incurred by an eligible educator during the taxable year for participation in professional development courses and the purchase of books, supplies, computer equipment (including related software and services), other educational and teaching equipment, and supplementary materials used directly in that individual's service to students as an eligible educator, provided that such purchases were neither reimbursed nor claimed as a deduction on the eligible educator's federal income tax return for such taxable year.

19. For taxable years beginning on and after January 1, 2026, the amount paid or cost incurred for installing a qualifying upgrade required to interconnect a triggering project. No deduction shall be allowed under this section for a taxpayer who has claimed a deduction under subsection I of § 58.1-402 for the same amount paid or cost incurred to install such qualifying upgrade.

For purposes of this subdivision, "qualifying upgrade" and "triggering project" have the same meanings as provided for those terms in § 56-596.5.

§ 58.1-402. Virginia taxable income.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, E, G, ~~and~~ H*, and I*.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, G, ~~and~~ H*, and I*.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of $2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 9 shall be construed to limit or negate the Department's authority under § 58.1-446.

d. For purposes of subdivision B 9:

"Arm's-length rates and terms" means that (i) two or more related members enter into a written agreement for the transaction, (ii) such agreement is of a duration and contains payment terms substantially similar to those that the related member would be able to obtain from an unrelated entity, (iii) the interest is at or below the applicable federal rate compounded annually for debt instruments under § 1274(d) of the Internal Revenue Code that was in effect at the time of the agreement, and (iv) the borrower or payor adheres to the payment terms of the agreement governing the transaction or any amendments thereto.

"Valid business purpose" means one or more business purposes that alone or in combination constitute the motivation for some business activity or transaction, which activity or transaction improves, apart from tax effects, the economic position of the taxpayer, as further defined by regulation.

10. a. For taxable years beginning on and after January 1, 2009, the amount of dividends deductible under §§ 561 and 857 of the Internal Revenue Code by a Captive Real Estate Investment Trust (REIT). For purposes of this subdivision, a REIT is a Captive REIT if:

(1) It is not regularly traded on an established securities market;

(2) More than 50 percent of the voting power or value of beneficial interests or shares of which, at any time during the last half of the taxable year, is owned or controlled, directly or indirectly, by a single entity that is (i) a corporation or an

association taxable as a corporation under the Internal Revenue Code; and (ii) not exempt from federal income tax pursuant to § 501(a) of the Internal Revenue Code; and

(3) More than 25 percent of its income consists of rents from real property as defined in § 856(d) of the Internal Revenue Code.

b. For purposes of applying the ownership test of subdivision 10 a (2), the following entities shall not be considered a corporation or an association taxable as a corporation:

(1) Any REIT that is not treated as a Captive REIT;

(2) Any REIT subsidiary under § 856 of the Internal Revenue Code other than a qualified REIT subsidiary of a Captive REIT;

(3) Any Listed Australian Property Trust, or an entity organized as a trust, provided that a Listed Australian Property Trust owns or controls, directly or indirectly, 75 percent or more of the voting or value of the beneficial interests or shares of such trust; and

(4) Any Qualified Foreign Entity.

c. For purposes of subdivision B 10, the constructive ownership rules prescribed under § 318(a) of the Internal Revenue Code, as modified by § 856(d)(5) of the Internal Revenue Code, shall apply in determining the ownership of stock, assets, or net profits of any person.

d. For purposes of subdivision B 10:

"Listed Australian Property Trust" means an Australian unit trust registered as a Management Investment Scheme, pursuant to the Australian Corporations Act, in which the principal class of units is listed on a recognized stock exchange in Australia and is regularly traded on an established securities market.

"Qualified Foreign Entity" means a corporation, trust, association or partnership organized outside the laws of the United States and that satisfies all of the following criteria:

(1) At least 75 percent of the entity's total asset value at the close of its taxable year is represented by real estate assets, as defined in § 856(c)(5)(B) of the Internal Revenue Code, thereby including shares or certificates of beneficial interest in any REIT, cash and cash equivalents, and U.S. Government securities;

(2) The entity is not subject to a tax on amounts distributed to its beneficial owners, or is exempt from entity level tax;

(3) The entity distributes, on an annual basis, at least 85 percent of its taxable income, as computed in the jurisdiction in which it is organized, to the holders of its shares or certificates of beneficial interest;

(4) The shares or certificates of beneficial interest of such entity are regularly traded on an established securities market or, if not so traded, not more than 10 percent of the voting power or value in such entity is held directly, indirectly, or constructively by a single entity or individual; and

(5) The entity is organized in a country that has a tax treaty with the United States.

e. For taxable years beginning on or after January 1, 2016, for purposes of subdivision B 10, any voting power or value of the beneficial interests or shares in a REIT that is held in a segregated asset account of a life insurance corporation as described in § 817 of the Internal Revenue Code shall not be taken into consideration when determining if such REIT is a Captive REIT.

11. For taxable years beginning on or after January 1, 2016, to the extent that tax credit is allowed for the same donation pursuant to § 58.1-439.12:12, any amount claimed as a federal income tax deduction for such donation under § 170 of the Internal Revenue Code, as amended or renumbered.

C. There shall be subtracted to the extent included in and not otherwise subtracted from federal taxable income:

1. Income derived from obligations, or on the sale or exchange of obligations, of the United States and on obligations or securities of any authority, commission or instrumentality of the United States to the extent exempt from state income taxes under the laws of the United States including, but not limited to, stocks, bonds, treasury bills, and treasury notes, but not including interest on refunds of federal taxes, interest on equipment purchase contracts, or interest on other normal business transactions.

2. Income derived from obligations, or on the sale or exchange of obligations of this Commonwealth or of any political subdivision or instrumentality of this Commonwealth.

3. Dividends upon stock in any domestic international sales corporation, as defined by § 992 of the Internal Revenue Code, 50 percent or more of the income of which was assessable for the preceding year, or the last year in which such corporation has income, under the provisions of the income tax laws of the Commonwealth.

4. The amount of any refund or credit for overpayment of income taxes imposed by this Commonwealth or any other taxing jurisdiction.

5. Any amount included therein by the operation of the provisions of § 78 of the Internal Revenue Code (foreign dividend gross-up).

6. The amount of wages or salaries eligible for the federal Targeted Jobs Credit which was not deducted for federal purposes on account of the provisions of § 280C(a) of the Internal Revenue Code.

7. Any amount included therein by the operation of § 951 of the Internal Revenue Code (subpart F income) or, for taxable years beginning on and after January 1, 2018, § 951A of the Internal Revenue Code (Global Intangible Low-Taxed Income).

8. Any amount included therein which is foreign source income as defined in § 58.1-302.

9. [Repealed.]

10. The amount of any dividends received from corporations in which the taxpaying corporation owns 50 percent or more of the voting stock.

11. [Repealed.]

12, 13. [Expired.]

14. For taxable years beginning on or after January 1, 1995, the amount for "qualified research expenses" or "basic research expenses" eligible for deduction for federal purposes, but which were not deducted, on account of the provisions of § 280C(c) of the Internal Revenue Code.

15. For taxable years beginning on or after January 1, 2000, the total amount actually contributed in funds to the Virginia Public School Construction Grants Program and Fund established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1.

16. For taxable years beginning on or after January 1, 2000, but before January 1, 2015, the gain derived from the sale or exchange of real property or the sale or exchange of an easement to real property which results in the real property or the easement thereto being devoted to open-space use, as that term is defined in § 58.1-3230, for a period of time not less than 30 years. To the extent a subtraction is taken in accordance with this subdivision, no tax credit under this chapter for donating land for its preservation shall be allowed for three years following the year in which the subtraction is taken.

17. For taxable years beginning on and after January 1, 2001, any amount included therein with respect to § 58.1-440.1.

18. For taxable years beginning on and after January 1, 1999, income received as a result of (i) the "Master Settlement Agreement," as defined in § 3.2-3100; and (ii) the National Tobacco Grower Settlement Trust dated July 19, 1999, by (a) tobacco farming businesses; (b) any business holding a tobacco marketing quota, or tobacco farm acreage allotment, under the Agricultural Adjustment Act of 1938; or (c) any business having the right to grow tobacco pursuant to such a quota allotment.

19, 20. [Repealed.]

21. For taxable years beginning on and after January 1, 2004, any amount of intangible expenses and costs or interest expenses and costs added to the federal taxable income of a corporation pursuant to subdivision B 8 or B 9 shall be subtracted from the federal taxable income of the related member that received such amount if such related member is subject to Virginia income tax on the same amount.

22. For taxable years beginning on and after January 1, 2009, any gain recognized from the sale of launch services to space flight participants, as defined in 49 U.S.C. § 70102, or launch services intended to provide individuals the training or experience of a launch, without performing an actual launch. To qualify for a deduction under this subdivision, launch services must be performed in Virginia or originate from an airport or spaceport in Virginia.

23. For taxable years beginning on and after January 1, 2009, any gain recognized as a result of resupply services contracts for delivering payload, as defined in 49 U.S.C. § 70102, entered into with the Commercial Orbital Transportation Services division of the National Aeronautics and Space Administration or other space flight entity, as defined in § 8.01-227.8, and launched from an airport or spaceport in Virginia.

24. For taxable years beginning on or after January 1, 2011, any income taxed as a long-term capital gain for federal income tax purposes, or any income taxed as investment services partnership interest income (otherwise known as investment partnership carried interest income) for federal income tax purposes. To qualify for a subtraction under this subdivision, such income must be attributable to an investment in a "qualified business," as defined in § 58.1-339.4, or in any other technology business approved by the Secretary of Administration, provided the business has its principal office or facility in the Commonwealth and less than $3 million in annual revenues in the fiscal year prior to the investment. To qualify for a subtraction under this subdivision, the investment must be made between the dates of April 1, 2010, and June 30, 2020. No taxpayer who has claimed a tax credit for an investment in a "qualified business" under § 58.1-339.4 shall be eligible for the subtraction under this subdivision for an investment in the same business.

25. a. Income, including investment services partnership interest income (otherwise known as investment partnership carried interest income), attributable to an investment in a Virginia venture capital account. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2018, but before December 31, 2023. No subtraction shall be allowed under this subdivision for an investment in a company that is owned or operated by an affiliate of the taxpayer. No subtraction shall be allowed under this subdivision for a taxpayer who has claimed a subtraction under subdivision C 24 for the same investment.

b. As used in this subdivision 25:

"Qualified portfolio company" means a company that (i) has its principal place of business in the Commonwealth; (ii) has a primary purpose of production, sale, research, or development of a product or service other than the management or investment of capital; and (iii) provides equity in the company to the Virginia venture capital account in exchange for a capital investment. "Qualified portfolio company" does not include a company that is an individual or sole proprietorship.

"Virginia venture capital account" means an investment fund that has been certified by the Department as a Virginia venture capital account. In order to be certified as a Virginia venture capital account, the operator of the investment fund shall register the investment fund with the Department prior to December 31, 2023, (i) indicating that it intends to invest at least 50 percent of the capital committed to its fund in qualified portfolio companies and (ii) providing documentation that it employs at least one investor who has at least four years of professional experience in venture capital investment or substantially equivalent experience. "Substantially equivalent experience" includes, but is not limited to, an undergraduate degree from an accredited college or university in economics, finance, or a similar field of study. The Department may

require an investment fund to provide documentation of the investor's training, education, or experience as deemed necessary by the Department to determine substantial equivalency. If the Department determines that the investment fund employs at least one investor with the experience set forth herein, the Department shall certify the investment fund as a Virginia venture capital account at such time as the investment fund actually invests at least 50 percent of the capital committed to its fund in qualified portfolio companies.

26. a. Income attributable to an investment in a Virginia real estate investment trust. To qualify for a subtraction under this subdivision, the investment shall be made on or after January 1, 2019, but before December 31, 2024. No subtraction shall be allowed for an investment in a trust that is managed by an affiliate of the taxpayer. No subtraction shall be allowed under this subdivision for a taxpayer who has claimed a subtraction under subdivision C 24 or 25 for the same investment.

b. As used in this subdivision 26:

"Distressed" means satisfying the criteria applicable to a locality described in subdivision E 2 of § 2.2-115.

"Double distressed" means satisfying the criteria applicable to a locality described in subdivision E 3 of § 2.2-115.

"Virginia real estate investment trust" means a real estate investment trust, as defined in 26 U.S.C. § 856, that has been certified by the Department as a Virginia real estate investment trust. In order to be certified as a Virginia real estate investment trust, the trustee shall register the trust with the Department prior to December 31, 2024, indicating that it intends to invest at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed. If the Department determines that the trust satisfies the preceding criteria, the Department shall certify the trust as a Virginia real estate investment trust at such time as the trust actually invests at least 90 percent of trust funds in Virginia and at least 40 percent of trust funds in real estate in localities that are distressed or double distressed.

27. For taxable years beginning on and after January 1, 2019, any gain recognized from the taking of real property by condemnation proceedings.

28. For taxable years beginning before January 1, 2021, up to $100,000 of all grant funds received by the taxpayer under the Rebuild Virginia program established by the Governor and administered by the Department of Small Business and Supplier Diversity.

D. For taxable years beginning on and after January 1, 2006, there shall be subtracted from federal taxable income contract payments to a producer of quota tobacco or a tobacco quota holder as provided under the American Jobs Creation Act of 2004 (P.L. 108-357) as follows:

1. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.

2. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

E. Adjustments to federal taxable income shall be made to reflect the transitional modifications provided in § 58.1-315.

F. Notwithstanding any other provision of law, the income from any disposition of real property which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business, as defined in § 453(l)(1)(B) of the Internal Revenue Code, of property made on or after January 1, 2009, may, at the election of the taxpayer, be recognized under the installment method described under § 453 of the Internal Revenue Code, provided that (i) the election relating to the dealer disposition of the property has been made on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed under this chapter for the taxable year in which the disposition occurs, and (ii) the dealer disposition is in accordance with restrictions or conditions established by the Department, which shall be set forth in guidelines developed by the Department. Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

G. There shall be deducted to the extent included in and not otherwise subtracted from federal taxable income a percentage of the business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code in the amount of:

1. 20 percent for taxable years beginning on and after January 1, 2018, but before January 1, 2022;

2. 30 percent for taxable years beginning on and after January 1, 2022, but before January 1, 2024; and

3. 50 percent for taxable years beginning on and after January 1, 2024.

For purposes of subsection G, "business interest" means the same as that term is defined under § 163(j) of the Internal Revenue Code.

H. For taxable years beginning before January 1, 2021, there shall be deducted to the extent not otherwise subtracted from federal taxable income up to $100,000 of the amount that is not deductible when computing federal taxable income solely on account of the portion of subdivision B 10 of § 58.1-301 related to Paycheck Protection Program loans.

I. For taxable years beginning on and after January 1, 2026, there shall be deducted the amount paid or cost incurred for installing a qualifying upgrade required to interconnect a triggering project. No deduction shall be allowed under this section for a taxpayer who has claimed a deduction under subdivision 19 of § 58.1-322.03 for the same amount paid or cost incurred to install such qualifying upgrade.

For purposes of this subsection, "qualifying upgrade" and "triggering project" have the same meanings as provided for those terms in § 56-596.5.

2. That the State Corporation Commission (the Commission) shall finalize the regulations establishing the distribution cost sharing program (the program) pursuant to § 56-596.5 of the Code of Virginia, as created by this act, by no later than July 1, 2026. The Commission shall require each utility to file any tariffs, agreements, or forms necessary for the implementation of the program by December 1, 2026.

3. That the State Corporation Commission shall submit a report on the implementation of the distribution cost sharing program established pursuant to § 56-596.5 of the Code of Virginia, as created by this act, to the Chairs of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor by no later than November 1, 2028.

CHAPTER 659

An Act to amend and reenact § 58.1-3606 of the Code of Virginia, relating to real property tax; exemption for religious buildings; rebuilding structure.

[H 2302]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3606 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3606. Property exempt from taxation by classification.

A. Pursuant to the authority granted in Article X, Section 6 (a)(6) of the Constitution of Virginia to exempt property from taxation by classification, the following classes of real and personal property shall be exempt from taxation:

1. Property owned directly or indirectly by the Commonwealth, or any political subdivision thereof.

2. *a.* Real property and personal property owned by churches or religious bodies, including (i) an incorporated church or religious body and (ii) a corporation mentioned in § 57-16.1, and exclusively occupied or used for religious worship or for the residence of the minister of any church or religious body, and such additional adjacent land reasonably necessary for the convenient use of any such property. Real property exclusively used for religious worship shall also include the following: (a) property used for outdoor worship activities; (b) property used for ancillary and accessory purposes as allowed under the local zoning ordinance, the dominant purpose of which is to support or augment the principal religious worship use; ~~and~~ (c) *property on which a new structure is being built to replace or rebuild a church or other building for religious worship, with the intention that such structure will be exclusively occupied or used for religious worship or for the residence of the minister of any church or religious body; and (d)* property used as required by federal, state, or local law.

b. For property exempt pursuant to clause (c) of subdivision a, the taxpayer shall be required to demonstrate to the satisfaction of the locality that (i) the property was exempt pursuant to clause (c) of subdivision a prior to the rebuilding or replacement of the structure; (ii) construction of the replacement or rebuilt structure will commence no later than five years after discontinuation of the former use of the property; (iii) the property will be used for no other purpose during the construction of such building; (iv) a reasonable timeline exists for completion of the structure and construction is proceeding at an appropriate pace; and (v) after completion, the property will be exclusively occupied or used for religious worship or for the residence of the minister of any church or religious body.

3. Nonprofit private or public burying grounds or cemeteries.

4. Property owned by public libraries, law libraries of local bar associations when the same are used or available for use by a state court or courts or the judge or judges thereof, medical libraries of local medical associations when the same are used or available for use by state health officials, incorporated colleges or other institutions of learning not conducted for profit. This paragraph shall apply only to property primarily used for literary, scientific or educational purposes or purposes incidental thereto and shall not apply to industrial schools which sell their products to other than their own employees or students.

5. Property belonging to and actually and exclusively occupied and used by the Young Men's Christian Associations and similar religious associations, including religious mission boards and associations, orphan or other asylums, reformatories, hospitals and nunneries, conducted not for profit but exclusively as charities (which shall include hospitals operated by nonstock corporations not organized or conducted for profit but which may charge persons able to pay in whole or in part for their care and treatment).

6. Parks or playgrounds held by trustees for the perpetual use of the general public.

7. Buildings with the land they actually occupy, and the furniture and furnishings therein belonging to any benevolent or charitable organization and used by it exclusively for lodge purposes or meeting rooms, together with such additional adjacent land as may be necessary for the convenient use of the buildings for such purposes.

8. Property of any nonprofit corporation organized to establish and maintain a museum.

B. Property, belonging in one of the classes listed in subsection A of this section, which was exempt from taxation on July 1, 1971, shall continue to be exempt from taxation under the rules of statutory construction applicable to exempt property prior to such date.

2. That the provisions of this act shall be applicable to tax years on and after January 1, 2023.

CHAPTER 660

An Act to direct the Department of Agriculture and Consumer Services to convene a work group to consider whether to propose a state license and other regulatory requirements for animal boarding establishments; report.

[H 2313]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Department of Agriculture and Consumer Services, in consultation with the State Veterinarian employed pursuant to § 3.2-5901 of the Code of Virginia, shall convene a work group composed of relevant stakeholders to consider whether to propose a state license and other regulatory requirements for animal boarding establishments similar to the current licensing requirements for public or private animal shelters. The work group shall submit its report to the Chairmen of the Senate Committee on Agriculture, Conservation and Natural Resources and the House Committee on Agriculture, Chesapeake and Natural Resources by December 1, 2026.*

CHAPTER 661

An Act to amend and reenact § 2.01, §§ 2.04 and 3.01, as severally amended, §§ 3.02 through 3.05, §§ 3.07 and 3.08, as severally amended, §§ 3.09, 3.10, and 4.01, § 4.02, as amended, §§ 4.03 and 5.01, § 5.02, as amended, and § 9.02 of Chapter 99 of the Acts of Assembly of 1994, which provided a charter for the Town of Dumfries in Prince William County, and to amend Chapter 99 of the Acts of Assembly of 1994 by adding sections numbered 3.04:1 and 4.04, relating to town powers, town council, mayor, town officers, town departments, ordinances, and violation of ordinances.

[H 2352]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 2.01, §§ 2.04 and 3.01, as severally amended, §§ 3.02 through 3.05, §§ 3.07 and 3.08, as severally amended, §§ 3.09, 3.10, and 4.01, § 4.02, as amended, §§ 4.03 and 5.01, § 5.02, as amended, and § 9.02 of Chapter 99 of the Acts of Assembly of 1994 are amended and reenacted and that Chapter 99 of the Acts of Assembly of 1994 is amended by adding sections numbered 3.04:1 and 4.04 as follows:

§ 2.01. General grant of powers.

The Town of Dumfries shall have and may exercise all powers which are now or may hereafter be conferred upon or delegated to towns under the Constitution and general laws of the Commonwealth of Virginia *and all powers necessary or pertinent to the general welfare, safety, health, peace, good order, comfort, convenience, and morals of town inhabitants, in the conduct of a town government, the exercise of which is not expressly prohibited by the Constitution and general laws of the Commonwealth of Virginia*. It is intended that the town shall possess all powers which, under the Constitution, it would be competent for this charter to enumerate specifically, and no enumeration of particular powers shall be held to be exclusive, but in addition to this general grant.

§ 2.04. Eminent domain and other powers relating to property.

The powers of eminent domain ~~as set forth in Title 15.2 and Title 25 of the Code of Virginia are hereby conferred upon the town, including the power to issue certificates pursuant to §§ 33.1-119 through 33.1-132 of the Code of Virginia~~ *are hereby conferred upon the Town of Dumfries which shall, in the exercise thereof, utilize the procedures prescribed by general law*.

§ 3.01. Election, qualification and term of office.

(a) The Town of Dumfries shall be governed by a town council elected at large and composed of a mayor and six other members, all of whom shall be qualified voters of the town. Candidates for town offices shall not be identified on the ballot by political affiliation. In order to have their names placed on the ballot, all candidates shall be nominated only by petition as provided by general law pursuant to § 24.2-506 of the Code of Virginia (1950), as amended.

(b) On the Tuesday after the first Monday in November 2022, and every four years thereafter, there shall be elected by the qualified voters of the town a mayor and three council members from the town at large. On the Tuesday after the first Monday in November 2020, and every four years thereafter, there shall be elected three council members from the town at large.

(c) The persons *receiving the most votes shall be* elected *and* shall take office on January 1 succeeding their election and remain in office until their successors have qualified and taken office.

(d) The mayor or any other member of council who are convicted of certain specified crimes by a court of competent jurisdiction may be removed from office pursuant to the provisions of general law (Article 7 (§ 24.2-230 et seq.) of Chapter 2 of Title 24.2 of the Code of Virginia).

(e) Neither the mayor nor any other member of council shall, prior to the expiration of the term for which that member was elected and for one calendar year thereafter, hold a position of employment or a contract with the town.

§ 3.02. Powers of council.

All powers of the town shall be vested in the council, unless otherwise conferred or vested by this charter or the general laws of the Commonwealth of Virginia. The council along with the mayor shall make such rules as are necessary for the orderly conduct of their business not inconsistent with the laws of the Commonwealth of Virginia~~,~~ and shall have the power in their discretion to appoint a town manager and a town attorney. *In making appointments and removals, the council shall act only by affirmative vote of the majority of its members.* The person so appointed shall have such duties and shall serve for such terms and at such compensation as the council may determine. One person may be appointed to more than one office.

§ 3.03. Mayor.

The mayor shall preside at *all* meetings of the council and ~~shall be recognized as head of the town government for ceremonial purposes and by the governor for the purposes of military law. He~~ shall have the same powers and duties as other members of the council with a vote, but no veto powers. *The mayor shall be recognized as head of the town government for ceremonial purposes and by the governor for the purposes of military law. In the event of a disaster or an emergency condition, and the council cannot convene due to the disaster or emergency condition, the mayor may, in the absence of the director of emergency management, declare the existence of a local emergency. Such declaration shall expire in 72 hours by operation of law unless otherwise extended by a majority vote of the council.*

§ 3.04. Vice mayor.

At its first meeting in ~~July~~ *January* of every ~~even-numbered~~ *odd-numbered* year*,* the council*, including the mayor,* shall select from its membership one member to serve as a vice mayor. The vice mayor shall preside over meetings of council in the absence of the mayor. *If a vacancy occurs in the office of mayor, the vice mayor shall act as mayor until such time as the vacancy can be filled in accordance with § 24.2-228 of the Code of Virginia.*

§ 3.04:1. Chair pro tem.

At its first meeting in January of every odd-numbered year, the council, including the mayor, shall elect from its membership one member to serve as chair pro tem to preside over meetings of council in the absence or disability of the mayor and vice mayor. If a vacancy occurs in the office of vice mayor, the chair pro tem shall ascend to the office of vice mayor and the council shall vote to fill the vacancy for the unexpired term of the chair pro tem by majority vote of the remaining members.

§ 3.05. Vacancies *in the office of council*.

Vacancies on the council and in the office of mayor and vice mayor*, for whatever the cause,* shall be filled by a majority vote of the members of council until the vacancy is filled in accordance with the provisions of ~~Title 24.2~~ *§ 24.2-228* of the Code of Virginia.

§ 3.07. Ordinances.

(a) Action requiring an ordinance. In addition to ~~other acts~~ *actions* required by ~~law~~ *the Constitution or general laws of the Commonwealth* or ~~by specific provision of~~ this charter to be done by ordinance, ~~those acts~~ *the following actions* of the town council shall be by ordinance ~~which~~:

(1) Adopt or amend an *ordinance, town code, or* administrative code ~~or establish~~*;*

(2) Establish, alter*,* or abolish any town department, office ~~or~~*,* agency*, or position and classification of employment*;

(3) Fix the pay grade and compensation range for a position and classification of employment;

~~(2)~~ *(4)* Provide for a fine or other penalty or establish a rule or regulation for violation of which a fine or other penalty is imposed;

~~(3)~~ *(5)* Levy ~~taxes~~ *a tax*, except as otherwise provided in Article VI with respect to the real property tax levied by adoption of the budget;

~~(4)~~ *(6)* Grant, renew or extend a franchise;

~~(5)~~ *(7)* Regulate the rate charged for its services by the town;

~~(6)~~ *(8)* Authorize the borrowing of money;

~~(7)~~ *(9)* Convey or lease or authorize the conveyance or lease of any lands of the town.

~~Acts other than those referred to in the preceding sentence~~ *All other acts* may be done ~~either~~ by ordinance ~~or~~*,* by resolution*, or by motion* if not ~~in conflict with~~ *otherwise prohibited by* law.

(b) Form. Every proposed ordinance shall be introduced in writing ~~and in the~~ *or printed* form ~~required for adoption~~ *and confined to a single subject, which shall be clearly expressed in its title*. The enacting clause shall be "Be it ordained by the Council of the Town of Dumfries . . . ."

(c) Procedure. An ordinance may be introduced by any member at any regular or special meeting of the council. ~~Each proposed ordinance or resolution shall be introduced in a written or printed form.~~ No ordinance shall be adopted on the same day it is introduced*, its first reading,* unless an emergency exists and such emergency is stated in the ordinance. *Unless required by the Constitution or the general laws of the Commonwealth or by this charter, a public hearing shall not be required on a proposed ordinance. The council may reject any ordinance on its first reading without a public hearing. An ordinance may be read by its title only.*

(d) Effective date. Except ~~as otherwise provided in this charter,~~ *where the Constitution or the general laws of the Commonwealth or this charter must take precedence and provide for a different procedure for enactment,* every adopted ordinance shall become effective from its passage or at any ~~later~~ date specified therein.

~~Provided that where state law provides a different procedure for enactment of an ordinance the state law shall take precedence.~~

§ 3.08. Emergency ordinances.

To meet a public emergency affecting life, *public* health, *safety,* property, or the *preservation of* public peace, the council may adopt ~~one or more~~ *an* emergency ~~ordinances~~ *ordinance in the same regular or special meeting of the council at which such ordinance was introduced. Except as provided by subsection (b) of § 6.06 of this charter*, ~~but such ordinances may not~~ *no emergency ordinances shall* levy taxes, grant, renew or extend a franchise, or authorize the borrowing of money ~~except as provided in subsection (b) of § 6.06~~. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced. After its adoption*,* the ordinance shall be posted on the public bulletin board located in town hall. It shall become effective upon adoption or at such ~~later~~ time as it may specify. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances.

§ 3.09. Authentication and recording; codification; printing.

(a) Authentication and recording. Every ordinance or resolution upon its final passage shall be *given a serial or recording number and be* recorded *and maintained* by the town clerk in a properly indexed book designated for the purpose and shall be authenticated by the signature of the presiding officer and the town clerk.

(b) Printing of ordinances and resolutions. The council shall cause each ordinance and resolution having the force and effect of law and each amendment to this charter to be printed or otherwise reproduced promptly following its adoption, and the printed ordinances, resolutions and charter amendments shall be distributed or sold to the public at reasonable prices to be fixed by the council. Following publication of the first Dumfries Town Code and at all times thereafter, the ordinances, resolutions and charter amendments shall be printed in substantially the same style as the code currently in effect and shall be suitable in form for integration therein. The council shall make such further arrangements as it deems desirable with respect to reproduction and distribution of any current changes in or additions to the provisions of the Constitution and other laws of the Commonwealth of Virginia, or the codes of technical regulations and other rules and regulations included in the town code.

§ 3.10. Committees, boards and commissions.

Creation and appointment. The council may create committees, boards, and commissions to be composed of such numbers of ~~citizens~~ *members* as the council may deem expedient *or* as authorized by law. The council shall appoint the members, prescribe the compensation, if any, and the powers and duties of such committees, boards and commissions consistent with the general law. *Any member of a committee, board, or commission appointed by the council for a specified term shall serve at the pleasure of the council and may be removed by the council prior to the expiration of said term for any or no reason, unless removal authority is limited by general law.*

§ 4.01. Appointment of manager; qualifications.

There is hereby created the office of the town manager. The council may appoint a town manager who shall be the chief executive officer and the chief administrative officer of the town government *and execute the executive and administrative functions of the position under the direction and supervision of the council*. The town manager shall be chosen solely on the basis of executive and administrative qualifications and shall serve at the pleasure of the council. *No person elected to membership on the council shall be eligible for appointment as town manager until one year has elapsed following the expiration of the term for which the member was elected.*

In the event of the death, resignation, or extended absence, including due to incapacity, of the town manager, the council may appoint an acting town manager to serve at the pleasure of the council until the return of the town manager or the appointment of his or her successor.

§ 4.02. Powers and duties of the town manager.

(a) The town manager shall have the administrative and executive powers and duties vested in the town manager by the council. *Except as otherwise specified by general law or this charter, the town manager shall appoint and remove qualified officers and employees of the town, including to head all of the departments of the town, in accordance with the town's personnel regulations, unless otherwise specified by general law or this charter. The town manager may delegate and authorize the head of a department responsible to the town manager to appoint or remove subordinate officers and employees in such department. Department heads appointed by the town manager serve at the pleasure of the town manager. Unless for provisional, temporary, or emergency service, all appointments by or through the town manager shall be without a definite term.*

(b) Except for the purposes of inquiry and information, no member of the council shall participate in the hiring and removal of administrative department heads. The council shall deal with the administrative services of the town solely through the town manager and shall not interfere with the performance of any employee who is under the direct or indirect supervision of the town manager. Neither the mayor nor a council member shall give orders either publicly or privately to any subordinate of the town manager. This section shall not prohibit the council from discussing with the town manager its views concerning a personnel action and the internal administration of town government.

(c) The town manager shall be authorized to designate any officer or employee within an administrative department under the town manager's control to temporarily perform the duties of any office or position that is vacant due to the absence or disability of the incumbent.

(d) The town manager, or designee, shall attend all meetings of the council with the right to speak but not to vote, including closed meetings unless council determines that the inclusion of the town manager would be detrimental to the purposes of the council discussion and deliberations in the closed meeting.

(e) The town manager shall have the right to attend and to speak, but not to vote, in the meetings of the authorities, boards, and commissions created by the council.

(f) The town manager shall keep the council advised of the financial condition and future needs of the town, and all other matters pertaining to its proper administration and to make such other recommendations thereto as may be required or desirable.

(g) The town manager shall oversee the preparation and submission of the annual budget.

(h) The town manager shall perform all other such duties as may be required by the council, this charter, or conferred on a chief executive or chief administrative officer by the general laws of the Commonwealth.

§ 4.03. Town attorney.

~~An attorney shall be appointed by and serve at the pleasure of the council.~~ *There is hereby created the office of the town attorney. The council may appoint a town attorney.* The ~~appointed~~ *town* attorney shall be qualified to practice law in the Commonwealth of Virginia~~,~~ *and* shall serve as chief legal advisor to the council, ~~and shall also serve as legal advisor to the town administration~~ *the town manager, and all of the town's departments and officers in matters affecting the interests of the town and relating to their official duties. The town attorney shall serve at the pleasure of the council and under its general direction and supervision. The town attorney shall perform the particular duties and functions of the office as assigned by the council or as otherwise required by law. The town attorney shall be authorized to appoint and remove assistants or any other employees in his or her office as may be authorized by the council and to authorize any assistant or special counsel to perform any of the duties imposed upon the town attorney by this charter or under general law.*

Except for the purposes of inquiry and information, no member of the council shall participate in the hiring and removal of assistants or employees of the town attorney. The council shall deal with the legal and legislative services of the town solely through the town attorney and shall not interfere with the performance of any assistant or employee who is under the direct supervision of the town attorney. Neither the mayor nor a council member shall give orders whether publicly or privately to any subordinate of the town attorney. This section shall not prohibit the council from making requests for emergency legal services to an assistant or employee of the town attorney in the absence or disability of the town attorney or otherwise discussing with the town attorney its views concerning the performance of an assistant or employee in the delivery of legal services.

In the event of the death, resignation, or extended absence, including due to incapacity, of the town attorney, the council may hire or appoint a qualified attorney to perform duties of the town attorney until return of the town attorney or the appointment of his or her successor.

§ 4.04. Town clerk.

There is hereby created the office of the town clerk. The town manager shall appoint the town clerk who shall serve under the town manager's general direction and supervision and serve at the pleasure of the town manager. The town clerk shall be the clerk of the council and keep the journal of its proceedings, file the original draft of all ordinances of the town, and shall maintain and index all of such ordinances. The town clerk shall be the custodian of the town seal and shall be the officer authorized to use and authenticate it, and shall have and exercise all such other powers and duties as may be required by this charter, by the general laws of the Commonwealth, or by ordinance. Upon the advice and consent of the town manager, the town clerk shall be authorized to appoint and remove employees in the clerk's office, including a deputy clerk. The deputy clerk shall be authorized to act as the acting town clerk in the absence or disability of the town clerk.

§ 5.01. Creation of departments.

The council may establish all departments, offices, and agencies ~~they determine~~ *it determines* are necessary for the proper administration of the town with such powers and duties and subject to those regulations it deems proper, consistent with the provisions of this charter and the Constitution and general laws of the Commonwealth.

§ 5.02. Departments of the town.

Administrative departments shall include, but shall not be limited to, departments concerned with police, finance, public works, planning, zoning and code enforcement, ~~and community service~~ *and recreation and civic engagement*.

§ 9.02. Power of town, as to ordinances, etc., to carry enumerated charter powers into effect and as to punishment for violation of ordinance, etc.

The town is empowered to make ordinances and ~~bylaws~~ *resolutions* for the purpose of carrying into effect the enumerated powers conferred upon the town by this Charter, including police powers, and to prescribe *suitable* punishments for violations thereof, *whether civil or criminal misdemeanor,* provided that no such *criminal misdemeanor* punishment shall exceed the maximum punishment prescribed by general law for a *criminal* misdemeanor~~, and provided further, that all bylaws and resolutions~~. *No civil penalty shall exceed a fine of $5,000. A civil penalty for a civil violation shall be in lieu of criminal sanctions. All actions, including ordinances, resolutions, and bylaws* made and adopted by the council shall become effective ~~thirty days after their passage~~ *on the date of their passage*, unless a different *effective* date is specified in any such ~~bylaw~~ *ordinance* or resolution~~, upon which the same shall become effective~~.

CHAPTER 662

An Act to amend and reenact §§ 22.1-253.13:1 and 22.1-253.13:4 of the Code of Virginia, relating to high school diploma seal of biliteracy; designation as high-demand industry workforce credential for certain purposes.

[H 2360]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-253.13:1 and 22.1-253.13:4 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with

subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

The Board shall include in the Standards of Learning for physical and health education for grade nine or 10 research-based hazing prevention instruction, in accordance with the Standards of Learning and curriculum guidelines for research-based hazing prevention instruction developed by the Board pursuant to subsection B of § 22.1-207.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.

3. Career and technical education programs incorporated into the K through 12 curricula that include:

a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;

b. Career exploration opportunities in the middle school grades;

c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent in accordance with the timelines established by federal law;

d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and

e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department shall annually compile such lists and provide them to each local school board.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary credit and degree attainment with any comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program from a comprehensive community college concurrent with a high school diploma, consistent with the requirements for the College and Career Ready Virginia Program set forth in Article 5.1 (§ 22.1-237.1 et seq.) of Chapter 13. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes; career and technical education programs, including internships, externships, apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based learning experiences; the International Baccalaureate Program and Academic Year Governor's School Programs; the qualifications for enrolling in such classes, programs, and experiences; and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the College and Career Ready Virginia Program established pursuant to Article 5.1. (§ 22.1-237.1 et seq.) of Chapter 13 and its agreement with a comprehensive community college in the Commonwealth pursuant to subdivision 10 to enable students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language.

13. Early identification, diagnosis, and assistance for students with mathematics problems and provision of instructional strategies and mathematics practices that benefit the development of mathematics skills for all students.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department. Local school divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time to be determined by the Superintendent. Each student who receives algebra

readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. A program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year. Any physical education class offered to students in grades seven and eight shall include at least one hour of personal safety training per school year in each such grade level that is developed and delivered in partnership with the local law-enforcement agency and consists of situational safety awareness training and social media education. Each local school board shall offer to all students in grade nine or 10 a physical education class that includes research-based hazing prevention instruction pursuant to subsection C of § 22.1-207, unless such hazing prevention instruction is provided as part of a separate health education class offered to students in grade nine or 10. Each local school board may accept participation in the Junior Reserve Officers' Training Corps as fulfillment of any physical education requirements applicable to students in grades nine through 12.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on all information and concepts contained in the civics portion of the U.S. Naturalization Test.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. The Board shall, in collaboration with the Virginia Community College System, Career and Technical Education directors, and industry partners, develop and maintain a current, comprehensive, and uniform list of industry-recognized workforce credentials that students may take as a substitute for certain credits required for graduation pursuant to 8VAC20-131-51 of the Virginia Administrative Code, including industry-recognized workforce credentials that students may take as a substitute for elective credits and industry-recognized workforce credentials completed outside of regular school hours. *The Board shall include on such list its diploma seal of biliteracy established pursuant to subdivision E 4 of § 22.1-253.13:4 and shall consider such seal to be a high-demand industry workforce credential for the purpose of satisfying graduation requirements.* The Board, in collaboration with the Virginia Community College System, shall ensure that such list reflects the current credit requirements for graduation and the current credentials accepted as substitutes. The Board shall post such list in a publicly accessible location on its website. Each school board shall accept as a substitute for a required credit any credential listed as an accepted substitute for such required credit.

G. Each local school board may enter into agreements for postsecondary course credit, credential, certification, or license attainment, hereinafter referred to as College and Career Access Pathways Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Such Partnerships shall (i) specify the options for students to take courses as part of the career and technical education curriculum that lead to course credit or an industry-recognized credential, certification, or license concurrent with a high school diploma; (ii) specify the credit, credentials, certifications, or licenses available for such courses; (iii) specify the industry-recognized credentials that are accepted as substitutes for certain credits required for high school graduation, consistent with the list developed and maintained by the Board pursuant to subsection F; and (iv) specify available options for students to participate in pre-apprenticeship and apprenticeship programs at comprehensive community colleges concurrent with the pursuit of a high school diploma and receive college credit and high school credit for successful completion of any such program.

H. Each local school board shall provide a program of literacy instruction that is aligned with science-based reading research and provides evidenced-based literacy instruction to students in kindergarten through grade eight and is consistent with the school board's literacy plan as required by subsection B of § 22.1-253.13:6. Pursuant to such program:

1. Each local school board shall provide reading intervention services to students in kindergarten through grade eight who demonstrate substantial deficiencies based on their individual performance on the Standards of Learning reading assessment or a literacy screener provided by the Department. Such reading intervention services shall consist of evidence-based literacy instruction, align with science-based reading research, and be documented for each student in a written student reading plan, consistent with the requirements in subdivision 2 and the list developed by the Department pursuant to subdivision I 2.

2. A reading specialist, in collaboration with the teacher of any student who receives reading intervention services pursuant to subdivision 1, shall develop, oversee implementation of, and monitor student progress on a student reading plan. The parent of each student who receives reading intervention services pursuant to subdivision 1 shall receive notice of and have the opportunity to participate in the development of the student reading plan. Each student reading plan (i) shall follow the Department template created pursuant to subdivision I 3; (ii) shall document such reading intervention services; (iii) shall include, at a minimum, (a) the student's specific, diagnosed reading skill deficiencies as determined or identified by diagnostic assessment data or the literacy screener provided by the Department; (b) the goals and benchmarks for student growth in reading; (c) a description of the specific measures that will be used to evaluate and monitor the student's reading progress; (d) the specific evidence-based literacy instruction that the student will receive; (e) the strategies, resources, and materials that will be provided to the student's parent to support the student to make reading progress; and (f) any additional services the teacher deems available and appropriate to accelerate the student's reading skill development; and (iv) may include the following services for the student: instruction from a reading specialist, trained aide, computer-based reading tutorial program, or classroom teacher with support from an aide, extended instructional time in the school day or school year, or, for students in grades six through eight, a literacy course, in addition to the course required by the Standards of Learning in English, that provides the specific evidence-based literacy instruction identified in the student's reading plan. In accordance with § 22.1-215.2, the parent of each student shall receive notice before services begin and a copy of the student reading plan.

3. Each student who receives such reading intervention services shall be assessed utilizing either the literacy screener provided by the Department or the grade-level reading Standards of Learning assessment again at the end of that school year.

Funds appropriated for prevention, intervention, and remediation, summer school remediation, the at-risk add-on, or early intervention reading may be used to meet the requirements of this subsection.

I. In order to assist local school boards to implement the provisions of subsection H:

1. The Board shall provide guidance on the content of student reading plans;

2. The Department shall develop a list of core literacy curricula for students in kindergarten through grade five and supplemental instruction practices and programs and intervention programs for students in kindergarten through grade eight that consist of evidence-based literacy instruction aligned with science-based reading research. The list shall be approved by the Board;

3. The Department shall develop a template for student reading plans that aligns with the requirements of subsection H;

4. The Department shall develop and implement a plan for the annual collection and public reporting of division-level and school-level literacy data, at a time to be determined by the Superintendent, to include results on the literacy screeners provided by the Department and the reading Standards of Learning assessments; and

5. The Department shall provide free online evidence-based literacy instruction resources that can be accessed by parents and local school boards to support student literacy development at home.

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board and meet such other requirements as may be prescribed by the local school board and approved by the Board. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who:

1. Complete alternative requirements, in the form of credit accommodations specified in their individualized education programs, to earn required standard and verified credits shall be awarded standard diplomas by local school boards. Such credit accommodations may include (i) approval of alternative courses to meet standard credit requirements, (ii) modifications to the requirements for local school divisions to award locally awarded verified credits, (iii) approval of additional tests to earn verified credits, (iv) adjusted cut scores required to earn verified credits, (v) allowance of work-based learning experiences, and (vi) special permission credit accommodations for locally awarded verified credits; and

2. Complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards. The Board shall develop and implement statewide requirements for earning an Applied Studies diploma for implementation at the beginning of the 2022-2023 school year.

The Department shall develop guidance, in multiple languages, for students and parents (i) informing them of the alternative path to earn a standard diploma through credit accommodations, including special permission credit accommodations for locally awarded verified credits; (ii) conveying (a) the limitations of the applied studies diploma, (b) key curriculum and testing decisions that reduce the likelihood that a student will be able to obtain a standard diploma, and (c) a statement that the pursuit of an applied studies diploma may preclude a student's ability to pursue a standard diploma; and (iii) supporting them to discuss these diploma options at the student's individualized education program meetings.

Each local school board shall develop a process for awarding locally verified credits to students with disabilities, require individualized education program teams to consider credit accommodations, including locally awarded verified credits, for students with disabilities to enable them to earn a standard diploma, and provide guidance from the Department to parents of students with disabilities regarding the availability of credit accommodations to earn a standard diploma and the limitations of the Applied Studies diploma at a student's annual individualized education program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students (i) complete an Advanced Placement, honors, International Baccalaureate, or dual enrollment course; (ii) complete a high-quality work-based learning experience, as defined by the Board; or (iii) earn a career and technical education credential that has been approved by the Board, *including its diploma seal of biliteracy established pursuant to subdivision E 4,* except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, ~~or~~ the Virginia workplace readiness skills assessment*, or, in the case of the diploma seal of biliteracy, any examination set forth in subdivision E 4*. The Department shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board.

School boards shall report annually to the Board the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications, or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements and the subsequent award of a high school diploma (i) upon the Board's initiative, (ii) at the request of a local school board, or (iii) upon the request of the parent of any high school senior who died in good standing prior to graduation during the student's senior year. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.

21. Permit any student to substitute elective credits for completion of any industry-approved workforce credential, provided that such credential is included on the list of credentials that are uniformly accepted as substitutes for such required credits developed and maintained by the Board pursuant to subsection F of § 22.1-253.13:1.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board; (ii) successfully completed an education and training program designated by the Board; (iii) earned a Board-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

CHAPTER 663

An Act to amend and reenact §§ 19.2-327.15, 19.2-327.17, 19.2-327.18, and 19.2-327.19 of the Code of Virginia, relating to issuance of writ of vacatur for victims of human trafficking.

[H 2393]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-327.15, 19.2-327.17, 19.2-327.18, and 19.2-327.19 of the Code of Virginia are amended and reenacted as follows:

CHAPTER 19.4.

ISSUANCE OF WRIT OF VACATUR FOR VICTIMS OF ~~COMMERCIAL~~ ~~SEX~~ *HUMAN* TRAFFICKING.

§ 19.2-327.15. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Labor trafficking" means the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services through the use of force, fraud, or coercion for the purpose of subjection to debt bondage, involuntary servitude, peonage, or slavery.

"Qualifying offense" means a conviction or adjudication of delinquency for any *attempted, completed, or conspired (i)* violation of *§ 18.2-250 or (ii) misdemeanor violation of § 18.2-96, 18.2-102, or 18.2-103; subsection A of § 18.2-108; § 18.2-108.01, 18.2-117, 18.2-118, 18.2-119, 18.2-137, 18.2-146, 18.2-147, 18.2-160.2, 18.2-173, 18.2-178, 18.2-181, or 18.2-186.2; subdivision B 1 of § 18.2-186.3; § 18.2-195, 18.2-197, 18.2-206, 18.2-258, 18.2-266.1,* 18.2-346 ~~or~~, 18.2-347, *18.2-349, 18.2-388, 18.2-415, 46.2-300, or 46.2-301; or subdivision A 1, 2, or 3 of § 46.2-346*.

"Sex trafficking" means the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a commercial sex act that is induced by force, fraud, or coercion or in which the person induced to perform such act has not attained 18 years of age.

"Victim of ~~sex~~ *human* trafficking" means any person ~~convicted or adjudicated delinquent of a qualifying offense in the Commonwealth who committed such offense as a direct result of being solicited, invited, recruited, encouraged, forced, intimidated, or deceived by another to engage in acts of prostitution or unlawful sexual intercourse for money or its equivalent, as described in subsection A of § 18.2-346~~ *subjected to an act or the practice of labor trafficking or sex trafficking*, regardless of whether any other person has been charged or convicted of an offense related to the *labor trafficking or* sex trafficking of such person.

§ 19.2-327.17. Contents and form of the petition for vacatur.

A. Any victim of ~~sex~~ *human* trafficking may file a petition for vacatur setting forth the relevant facts and requesting that the judgment of a conviction or adjudication of delinquency be vacated. Such petition shall allege categorically and with specificity, under oath, all of the following:

1. The petitioner was convicted or adjudicated delinquent of a qualifying offense, including the date on which the qualifying offense occurred, the date of final disposition on which the conviction or adjudication of delinquency was entered, the petitioner's date of birth, and the full name used by the petitioner at the time of the offense;

2. The petitioner *was a victim of human trafficking at the time he* committed the qualifying offense ~~as a direct result of being~~ *and his status as* a victim of ~~sex~~ *human* trafficking *was the proximate cause of the commission of the qualifying offense*; and

3. Whether the petitioner has previously filed any other petition in accordance with this chapter in any circuit court and, if so, the disposition of such petition.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing, *which shall include a short, plain statement demonstrating (i) that the petitioner is entitled to relief under this chapter; (ii) the identity of the human trafficker, to the best of the petitioner's knowledge; (iii) the approximate date, time, place, and manner in which the petitioner became a victim of human trafficking; (iv) the petitioner's age at the time he became a victim of human trafficking; (v) how the petitioner became involved in the activities resulting in his arrest, prosecution, and conviction or adjudication; and (vi) that the petitioner has ceased to be a victim of human trafficking or has sought rehabilitative services. Such statement shall be filed under seal and provided only to the circuit court and the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may provide the information provided in such statement, with the exception of the petitioner's identity, to any law-enforcement agency to investigate or prosecute criminal activity. The identity of the petitioner shall only be provided to law enforcement upon notice to the petitioner and an order of the circuit court authorizing such disclosure. Nothing in this subsection shall be construed to mandate a petitioner's cooperation with law enforcement in any resulting investigation or prosecution.*

The petition shall be filed on a form provided by the Supreme Court. If the petitioner fails to submit a completed form, the circuit court may allow the petitioner to amend the petition to correct any deficiency. If the petitioner fails to submit a completed form containing the allegations set forth in subsection A, or if the circuit court has previously dismissed a petition for vacatur from the same petitioner for the same qualifying offense following a hearing conducted pursuant to § 19.2-327.18, the court may dismiss the petition. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

C. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall file those fingerprints with the circuit court with the petition.

D. The Commonwealth shall be made party defendant to the proceeding. The petitioner shall provide a copy of the petition by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 30 days after receipt of the petition. Upon the motion of the attorney for the Commonwealth and for good cause shown, the court may allow the attorney for the Commonwealth up to an additional 30 days to respond to the petition.

E. A person convicted or adjudicated delinquent of multiple qualifying offenses shall include all qualifying offenses in one petition, if such convictions or adjudications were all entered in the same city or county. A person convicted or adjudicated delinquent of qualifying offenses in different cities or counties shall file petitions in the circuit courts of the cities or counties in which the convictions or adjudications of delinquency were entered.

§ 19.2-327.18. Hearing on petition for vacatur.

A. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court that he does not object to the petition and (ii) stipulates in such written notice that the petitioner was convicted or adjudicated delinquent of a qualifying offense and that the petitioner *was a victim of human trafficking at the time he* committed the qualifying offense ~~as a direct result of being~~ *and his status as* a victim of ~~sex~~ *human* trafficking *was the proximate cause of the commission of the qualifying offense*, the circuit court may grant the writ and vacate the qualifying offense without conducting a hearing.

B. If the attorney for the Commonwealth of the county or city in which the petition is filed objects to the petition or does not file an answer, the court shall conduct a hearing on the petition after reasonable notice has been provided to both the petitioner and the attorney for the Commonwealth. The attorney for the Commonwealth shall make reasonable efforts to notify any victim, as defined in § 19.2-11.01, of any qualifying offense of such hearing. *In any such hearing, the attorney for the Commonwealth may proffer any evidence pertaining to the guilt or innocence of the petitioner, including evidence*

that was suppressed at trial. The circuit court shall not be required to conduct a hearing if it has previously dismissed a petition for vacatur from the same petitioner for the same qualifying offense.

C. Upon finding that the petitioner has by a preponderance of the evidence proven the elements contained in subsection A of § 19.2-327.17, the circuit court shall grant the writ and vacate the qualifying offense. If the petitioner fails to prove any of these elements, the court shall dismiss the petition.

D. *Prior to any decision to grant the writ, the court shall determine whether any restitution is unpaid under the terms of the sentencing order for the qualifying offense. If the court grants the writ, the petitioner shall be forever discharged from any such restitution obligation, and the victim, as defined in § 19.2-11.01, of the qualifying offense shall be deemed a victim of crime as defined in § 19.2-368.2. Such victim shall be eligible to petition for awards pursuant to Chapter 21.1 (§ 19.2-368.1 et seq.), and his claim for restitution reimbursement shall be deemed to accrue on the date the court grants the writ.*

E. The court may grant the writ and vacate the qualifying offense regardless of whether any person other than the petitioner has been charged or convicted of an offense related to the petitioner being a victim of ~~sex~~ *human* trafficking.

§ 19.2-327.19. Relief under writ of vacatur.

A. Upon granting a writ of vacatur pursuant to subsection C of § 19.2-327.18, the circuit court shall provide the petitioner with a copy of the writ, and such copy shall be sufficient proof that the person named in the writ is no longer under any disability, disqualification, or other adverse consequence resulting from the vacated conviction or adjudication of delinquency.

B. If a writ of vacatur is granted, and no appeal is made to the Supreme Court, or the Supreme Court refuses or denies the Commonwealth's petition for appeal or upholds the decision of the circuit court, an order of expungement for the qualifying offense shall be entered by the circuit court. Upon entry of the order of expungement, the clerk of court shall cause a copy of the writ of vacatur, the order of expungement, and the complete set of petitioner's fingerprints to be forwarded to the Department of State Police, which shall expunge the qualifying offense.

C. The writ to vacate the qualifying offense *and the record of the proceedings* shall not be expunged pursuant to subsection B and shall be maintained by the circuit court. Access to the writ *or the record of the proceedings* may be provided only upon court order. Any person seeking access to the writ *or the record of the proceedings* may file a written motion setting forth why such access is needed. The court shall issue an order to disclose the writ *or the record of the proceedings* upon the written motion of the petitioner named in the writ *or the attorney for the Commonwealth of the city or county in which the petition is filed*. The court may issue an order to disclose the writ *or the record of the proceedings* if it finds that such disclosure best serves the interests of justice. *Court-ordered disclosure of the record of the proceedings pursuant to this subsection shall not subject the recipient of the disclosure to the provisions of § 19.2-392.3.*

D. Costs shall be as provided in § 17.1-275 but shall not be recoverable against the Commonwealth. A petitioner shall not be required to pay any fees or costs for filing a petition pursuant to this chapter if the petitioner is found to be unable to pay fees or costs pursuant to § 17.1-606. If the circuit court enters a writ of vacatur, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

E. If the court enters a writ of vacatur, the petitioner shall be entitled to a refund of all fines~~, costs, forfeitures,~~ and penalties paid in relation to the qualifying offense that was vacated. If the clerk of the court where the conviction was entered is in possession of any records detailing any fines~~, costs, forfeitures,~~ and penalties paid by the petitioner for a qualifying offense that was vacated, the petitioner shall be entitled to a refund of such amount. If the clerk of the court where the conviction was entered is no longer in possession of any records detailing any fines~~, costs, forfeitures,~~ and penalties paid by the petitioner for a qualifying offense that was vacated, a refund shall be provided only upon a showing by the petitioner of the amount of fines~~, costs, forfeitures,~~ and penalties paid.

CHAPTER 664

An Act to amend and reenact § 59.1-557 of the Code of Virginia, relating to gaming; fantasy contests; age restrictions.

[H 2493]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-557 of the Code of Virginia is amended and reenacted as follows:

§ 59.1-557. Registration of fantasy contest operators required; application for registration; issuance of registration certificate; penalty.

A. No fantasy contest operator shall offer any fantasy contest in the Commonwealth without first being registered with the Department. Applications for registration shall be on forms prescribed by the Department. Any registration issued by the Department shall be valid for one year from the date of issuance.

B. The application for registration submitted by a fantasy contest operator shall contain the following information:

1. The name and principal address of the applicant; if a corporation, the state of its incorporation, the full name and address of each officer and director thereof, and, if a foreign corporation, whether it is qualified to do business in the Commonwealth; if a partnership or joint venture, the name and address of each officer thereof;

2. The address of any offices of the applicant in the Commonwealth and its designated agent for process within the Commonwealth. If no such agent is designated, the applicant shall be deemed to have designated the Commissioner of the Department. If the operator does not maintain an office, the name and address of the person having custody of its financial records;

3. The place where and the date when the applicant was legally established and the form of its organization;

4. The names and addresses of the officers, directors, trustees, and principal salaried executive staff officer;

5. The name and address of each principal stockholder or member of such corporation; and

6. Such information as the Department deems necessary to ensure compliance with the provisions of this chapter.

C. Every registration filed under this chapter shall be accompanied by a nonrefundable, initial application fee set by the Department.

D. As a condition of registration, a fantasy contest operator shall submit evidence satisfactory to the Department that the operator has established and will implement procedures for fantasy contests that:

1. Prevent him or his employees and relatives living in the same household as the operator from competing in any public fantasy contest offered by such operator in which the operator offers a cash prize;

2. Prevent the sharing of confidential information that could affect fantasy contest play with third parties until the information is made publicly available;

3. Verify that any fantasy contest player is ~~18~~ *21* years of age or older;

4. Ensure that players who are the subject of a fantasy contest are restricted from entering a fantasy contest that is determined, in whole or part, on the accumulated statistical results of a team of individuals in which such players are participants;

5. Allow individuals to restrict themselves from entering a fantasy contest upon request and take reasonable steps to prevent those individuals from entering the operator's fantasy contests;

6. Disclose the number of entries a single fantasy contest player may submit to each fantasy contest and take reasonable steps to prevent such players from submitting more than the allowable number; and

7. Segregate player funds from operational funds in separate accounts and maintain a reserve in the form of cash, cash equivalents, irrevocable letter of credit, bond, or a combination thereof in an amount sufficient to pay all prizes and awards offered to winning participants.

E. If the registration forms are filed online using a website approved by the Commissioner of the Department, the operator shall follow the procedures on that website for signing the forms.

F. Any operator that allows its registration to lapse, without requesting an extension of time to file, shall be required to resubmit an initial registration. An extension may be granted by the Department upon receipt of a written request.

2. That the provisions of § 59.1-557 of the Code of Virginia, as amended by this act, shall not apply to any individual between the ages of 18 and 21 who created a fantasy contest account with a registered fantasy account operator prior to July 1, 2025.

CHAPTER 665

An Act to amend the Code of Virginia by adding a section numbered 46.2-203.3, relating to Department of Motor Vehicles; driver communication improvement program.

[H 2501]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 46.2-203.3 as follows:

§ 46.2-203.3. Driver communication improvement program.

The Department shall develop and implement a program for the promotion, printing, and distribution of envelopes for use by drivers diagnosed with autism spectrum disorder, as that term is defined in § 38.2-3418.17, to provide to a law-enforcement officer for the purpose of easing communication during a traffic stop or upon such law-enforcement officer's arrival at the scene of a traffic accident. Such envelope may (i) clearly state that the driver has been diagnosed with autism spectrum disorder and have printed directions for law-enforcement officers on best practices for interacting with such driver; (ii) provide space for more information to be written about the driver's communication needs; (iii) be of a sufficient size to fit a vehicle registration card, vehicle insurance card, and emergency contact information; and (iv) have printed directions instructing the driver to place his proof of vehicle registration and insurance in the envelope and provide such envelope and his driver's license to law enforcement if he is ever involved in a traffic stop or traffic accident.

The Department shall not collect or store information identifying any person who has requested or received such envelope, except any information necessary to distribute such envelope to the requestor. No such information shall be stored in any form after the distribution of such envelope is complete.

Nothing herein shall require the Department to verify any information provided on the envelope. No action taken by any person, whether private citizen or public officer or employee, with regard to any information provided on the envelope shall create a warranty of the reliability or accuracy of the document, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

CHAPTER 666

An Act to amend and reenact § 22.1-272.2 of the Code of Virginia, relating to Department of Education; model memorandum of understanding; partnerships with community mental health services providers or a nationally recognized school-based telehealth provider; counseling from school counselors by way of telehealth.

[H 2543]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-272.2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-272.2. Department; model memorandum of understanding; partnerships with community mental health services providers or a nationally recognized school-based telehealth provider.

The Department, in consultation with the Department of Behavioral Health and Developmental Services and the Department of Medical Assistance Services, shall develop, adopt, and distribute to each school board a model memorandum of understanding between a school board and a public or private community mental health services provider or a nationally recognized school-based telehealth provider that *(i)* sets forth parameters for the provision of mental health services to public school students enrolled in the local school division by such provider, including the provision of mental health teletherapy for students~~,~~ *and the provision of counseling for students by school counselors by way of telehealth and including a requirement for parental consent before the provision of any such services to any student who is under 18 years of age; (ii)* reflects effective practices~~,~~*;* and *(iii)* addresses privacy considerations related to the exchange of information between the parties to the memorandum of understanding and relevant laws and regulations. The Department shall maintain and update as necessary the model memorandum of understanding to ensure that it remains current, useful, and relevant.

CHAPTER 667

An Act to amend and reenact § 9.1-102 of the Code of Virginia, relating to Department of Criminal Justice Services; standards and training for security at certain nonprofit institutions.

[H 2594]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 9.1-102 of the Code of Virginia is amended and reenacted as follows:

§ 9.1-102. Powers and duties of the Board and the Department.

The Department, under the direction of the Board, which shall be the policy-making body for carrying out the duties and powers hereunder, shall have the power and duty to:

1. Adopt regulations, pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), for the administration of this chapter including the authority to require the submission of reports and information by law-enforcement officers within the Commonwealth. Any proposed regulations concerning the privacy, confidentiality, and security of criminal justice information shall be submitted for review and comment to any board, commission, or committee or other body which may be established by the General Assembly to regulate the privacy, confidentiality, and security of information collected and maintained by the Commonwealth or any political subdivision thereof;

2. Establish compulsory minimum training standards subsequent to employment as a law-enforcement officer in (i) permanent positions and (ii) temporary or probationary status and establish the time required for completion of such training. Such compulsory minimum training standards shall include crisis intervention training in accordance with clause (i) of § 9.1-188;

3. Establish minimum training standards and qualifications for certification and recertification for law-enforcement officers serving as field training officers;

4. Establish compulsory minimum curriculum requirements for in-service and advanced courses and programs for schools, whether located in or outside the Commonwealth, which are operated for the specific purpose of training law-enforcement officers;

5. Establish (i) compulsory minimum training standards for law-enforcement officers who utilize radar or an electrical or microcomputer device to measure the speed of motor vehicles as provided in § 46.2-882 and establish the time required for completion of the training and (ii) compulsory minimum qualifications for certification and recertification of instructors who provide such training;

6. [Repealed];

7. Establish compulsory minimum entry-level, in-service and advanced training standards for those persons designated to provide courthouse and courtroom security pursuant to the provisions of § 53.1-120, and to establish the time required for completion of such training;

8. Establish compulsory minimum entry-level, in-service and advanced training standards for deputy sheriffs designated to serve process pursuant to the provisions of § 8.01-293, and establish the time required for the completion of such training;

9. Establish compulsory minimum entry-level, in-service, and advanced training standards, as well as the time required for completion of such training, for persons employed as deputy sheriffs and jail officers by local criminal justice agencies and correctional officers employed by the Department of Corrections under the provisions of Title 53.1. For correctional officers employed by the Department of Corrections, such standards shall include training on the general care of pregnant women, the impact of restraints on pregnant inmates and fetuses, the impact of being placed in restrictive housing or solitary confinement on pregnant inmates, and the impact of body cavity searches on pregnant inmates;

10. Establish compulsory minimum training standards for all dispatchers employed by or in any local or state government agency, whose duties include the dispatching of law-enforcement personnel. Such training standards shall apply only to dispatchers hired on or after July 1, 1988. Such training shall include training in the identification of, communication with, and facilitation of the safe return of individuals diagnosed with Alzheimer's disease and dementia, which shall include (i) techniques for respectful and effective communication with individuals with Alzheimer's disease and dementia and their caregivers; (ii) techniques for addressing the behavioral symptoms of Alzheimer's disease and dementia, including alternatives to physical restraint; (iii) protocols for identifying and reporting incidents of abuse, neglect, and exploitation of individuals with Alzheimer's disease and dementia to adult protective services; (iv) protocols for contacting caregivers when an individual with Alzheimer's disease or dementia is found wandering or during an emergency or crisis situation; (v) a reference list of local resources available for individuals with Alzheimer's disease and dementia; and (vi) a reference list of local and national organizations that assist law-enforcement personnel with locating missing and wandering individuals with Alzheimer's disease and dementia and returning them to their caregivers;

11. Establish compulsory minimum training standards for all auxiliary police officers employed by or in any local or state government agency. Such training shall be graduated and based on the type of duties to be performed by the auxiliary police officers. Such training standards shall not apply to auxiliary police officers exempt pursuant to § 15.2-1731;

12. Consult and cooperate with counties, municipalities, agencies of the Commonwealth, other state and federal governmental agencies, and institutions of higher education within or outside the Commonwealth, concerning the development of police training schools and programs or courses of instruction;

13. Approve institutions, curricula and facilities, whether located in or outside the Commonwealth, for school operation for the specific purpose of training law-enforcement officers; but this shall not prevent the holding of any such school whether approved or not;

14. Establish and maintain police training programs through such agencies and institutions as the Board deems appropriate;

15. Establish compulsory minimum qualifications of certification and recertification for instructors in criminal justice training academies approved by the Department;

16. Conduct and stimulate research by public and private agencies which shall be designed to improve police administration and law enforcement;

17. Make recommendations concerning any matter within its purview pursuant to this chapter;

18. Coordinate its activities with those of any interstate system for the exchange of criminal history record information, nominate one or more of its members to serve upon the council or committee of any such system, and participate when and as deemed appropriate in any such system's activities and programs;

19. Conduct inquiries and investigations it deems appropriate to carry out its functions under this chapter and, in conducting such inquiries and investigations, may require any criminal justice agency to submit information, reports, and statistical data with respect to its policy and operation of information systems or with respect to its collection, storage, dissemination, and usage of criminal history record information and correctional status information, and such criminal justice agencies shall submit such information, reports, and data as are reasonably required;

20. Conduct audits as required by § 9.1-131;

21. Conduct a continuing study and review of questions of individual privacy and confidentiality of criminal history record information and correctional status information;

22. Advise criminal justice agencies and initiate educational programs for such agencies with respect to matters of privacy, confidentiality, and security as they pertain to criminal history record information and correctional status information;

23. Maintain a liaison with any board, commission, committee, or other body which may be established by law, executive order, or resolution to regulate the privacy and security of information collected by the Commonwealth or any political subdivision thereof;

24. Adopt regulations establishing guidelines and standards for the collection, storage, and dissemination of criminal history record information and correctional status information, and the privacy, confidentiality, and security thereof necessary to implement state and federal statutes, regulations, and court orders;

25. Operate a statewide criminal justice research center, which shall maintain an integrated criminal justice information system, produce reports, provide technical assistance to state and local criminal justice data system users, and provide analysis and interpretation of criminal justice statistical information;

26. Develop a comprehensive, statewide, long-range plan for strengthening and improving law enforcement and the administration of criminal justice throughout the Commonwealth, and periodically update that plan;

27. Cooperate with, and advise and assist, all agencies, departments, boards and institutions of the Commonwealth, and units of general local government, or combinations thereof, including planning district commissions, in planning,

developing, and administering programs, projects, comprehensive plans, and other activities for improving law enforcement and the administration of criminal justice throughout the Commonwealth, including allocating and subgranting funds for these purposes;

28. Define, develop, organize, encourage, conduct, coordinate, and administer programs, projects and activities for the Commonwealth and units of general local government, or combinations thereof, in the Commonwealth, designed to strengthen and improve law enforcement and the administration of criminal justice at every level throughout the Commonwealth;

29. Review and evaluate programs, projects, and activities, and recommend, where necessary, revisions or alterations to such programs, projects, and activities for the purpose of improving law enforcement and the administration of criminal justice;

30. Coordinate the activities and projects of the state departments, agencies, and boards of the Commonwealth and of the units of general local government, or combination thereof, including planning district commissions, relating to the preparation, adoption, administration, and implementation of comprehensive plans to strengthen and improve law enforcement and the administration of criminal justice;

31. Do all things necessary on behalf of the Commonwealth and its units of general local government, to determine and secure benefits available under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351, 82 Stat. 197), as amended, and under any other federal acts and programs for strengthening and improving law enforcement, the administration of criminal justice, and delinquency prevention and control;

32. Receive, administer, and expend all funds and other assistance available to the Board and the Department for carrying out the purposes of this chapter and the Omnibus Crime Control and Safe Streets Act of 1968, as amended;

33. Apply for and accept grants from the United States government or any other source in carrying out the purposes of this chapter and accept any and all donations both real and personal, and grants of money from any governmental unit or public agency, or from any institution, person, firm or corporation, and may receive, utilize and dispose of the same. Any arrangements pursuant to this section shall be detailed in the annual report of the Board. Such report shall include the identity of the donor, the nature of the transaction, and the conditions, if any. Any moneys received pursuant to this section shall be deposited in the state treasury to the account of the Department. To these ends, the Board shall have the power to comply with conditions and execute such agreements as may be necessary;

34. Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and execution of its powers under this chapter, including but not limited to, contracts with the United States, units of general local government or combinations thereof, in Virginia or other states, and with agencies and departments of the Commonwealth;

35. Adopt and administer reasonable regulations for the planning and implementation of programs and activities and for the allocation, expenditure and subgranting of funds available to the Commonwealth and to units of general local government, and for carrying out the purposes of this chapter and the powers and duties set forth herein;

36. Certify and decertify law-enforcement officers in accordance with §§ 15.2-1706 and 15.2-1707 and provide for a decertification review process in accordance with § 15.2-1708;

37. Establish training standards and publish and periodically update model policies for law-enforcement personnel in the following subjects:

a. The handling of family abuse, domestic violence, sexual assault, and stalking cases, including standards for determining the predominant physical aggressor in accordance with § 19.2-81.3. The Department shall provide technical support and assistance to law-enforcement agencies in carrying out the requirements set forth in subsection A of § 9.1-1301;

b. The identification of, communication with, and facilitation of the safe return of individuals diagnosed with Alzheimer's disease and dementia, which shall include (i) techniques for respectful and effective communication with individuals with Alzheimer's disease and dementia and their caregivers; (ii) techniques for addressing the behavioral symptoms of Alzheimer's disease and dementia, including alternatives to physical restraint; (iii) protocols for identifying and reporting incidents of abuse, neglect, and exploitation of individuals with Alzheimer's disease and dementia to adult protective services; (iv) protocols for contacting caregivers when an individual with Alzheimer's disease or dementia is found wandering or during an emergency or crisis situation; (v) a reference list of local resources available for individuals with Alzheimer's disease and dementia; and (vi) a reference list of local and national organizations that assist law-enforcement personnel with locating missing and wandering individuals with Alzheimer's disease and dementia and returning them to their caregivers;

c. Sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability;

d. Protocols for local and regional sexual assault and human trafficking response teams;

e. Communication of death notifications;

f. The questioning of individuals suspected of driving while intoxicated concerning the physical location of such individual's last consumption of an alcoholic beverage and the communication of such information to the Virginia Alcoholic Beverage Control Authority;

g. Vehicle patrol duties that embody current best practices for pursuits and for responding to emergency calls;

h. Criminal investigations that embody current best practices for conducting photographic and live lineups;

i. Sensitivity to and awareness of human trafficking offenses and the identification of victims of human trafficking offenses for personnel involved in criminal investigations or assigned to vehicle or street patrol duties;

j. The recognition, prevention, and reporting of human trafficking;

k. Missing children, missing adults, and search and rescue protocol;

l. The handling and use of tear gas or other gases and kinetic impact munitions, as defined in § 19.2-83.3, that embody current best practices for using such items as a crowd control measure or during an arrest or detention of another person; and

m. The use of naloxone or other opioid antagonists to prevent opioid overdose deaths, in coordination with statewide naloxone training programs developed by the Department of Behavioral Health and Developmental Services and the Virginia Department of Health;

38. Establish compulsory training standards for basic training and the recertification of law-enforcement officers to ensure (i) sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability; (ii) training in de-escalation techniques; and (iii) training in the lawful use of force, including the use of deadly force, as defined in § 19.2-83.3, only when necessary to protect the law-enforcement officer or another person;

39. Review and evaluate community-policing programs in the Commonwealth, and recommend where necessary statewide operating procedures, guidelines, and standards that strengthen and improve such programs, including sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability;

40. Establish a Virginia Law-Enforcement Accreditation Center. The Center may, in cooperation with Virginia law-enforcement agencies, provide technical assistance and administrative support, including staffing, for the establishment of voluntary state law-enforcement accreditation standards. The Center may provide accreditation assistance and training, resource material, and research into methods and procedures that will assist the Virginia law-enforcement community efforts to obtain Virginia accreditation status;

41. Promote community policing philosophy and practice throughout the Commonwealth by providing community policing training and technical assistance statewide to all law-enforcement agencies, community groups, public and private organizations and citizens; developing and distributing innovative policing curricula and training tools on general community policing philosophy and practice and contemporary critical issues facing Virginia communities; serving as a consultant to Virginia organizations with specific community policing needs; facilitating continued development and implementation of community policing programs statewide through discussion forums for community policing leaders, development of law-enforcement instructors; promoting a statewide community policing initiative; and serving as a statewide information source on the subject of community policing including, but not limited to periodic newsletters, a website and an accessible lending library;

42. Establish, in consultation with the Department of Education and the Virginia State Crime Commission, compulsory minimum standards for employment and job-entry and in-service training curricula and certification requirements for school security officers, including school security officers described in clause (b) of § 22.1-280.2:1, which training and certification shall be administered by the Virginia Center for School and Campus Safety (VCSCS) pursuant to § 9.1-184. Such training standards shall be specific to the role and responsibility of school security officers and shall include (i) relevant state and federal laws; (ii) school and personal liability issues; (iii) security awareness in the school environment; (iv) mediation and conflict resolution, including de-escalation techniques such as a physical alternative to restraint; (v) disaster and emergency response; (vi) awareness of systemic and individual racism, cultural diversity, and implicit bias; (vii) working with students with disabilities, mental health needs, substance use disorders, and past traumatic experiences; and (viii) student behavioral dynamics, including child and adolescent development and brain research. The Department shall establish an advisory committee consisting of local school board representatives, principals, superintendents, and school security personnel to assist in the development of the standards and certification requirements in this subdivision. The Department shall require any school security officer who carries a firearm in the performance of his duties to provide proof that he has completed a training course provided by a federal, state, or local law-enforcement agency that includes training in active shooter emergency response, emergency evacuation procedure, and threat assessment;

43. License and regulate property bail bondsmen and surety bail bondsmen in accordance with Article 11 (§ 9.1-185 et seq.);

44. License and regulate bail enforcement agents in accordance with Article 12 (§ 9.1-186 et seq.);

45. In conjunction with the Virginia State Police and the State Compensation Board, advise criminal justice agencies regarding the investigation, registration, and dissemination of information requirements as they pertain to the Sex Offender and Crimes Against Minors Registry Act (§ 9.1-900 et seq.);

46. Establish minimum standards for (i) employment, (ii) job-entry and in-service training curricula, and (iii) certification requirements for campus security officers. Such training standards shall include, but not be limited to, the role and responsibility of campus security officers, relevant state and federal laws, school and personal liability issues, security awareness in the campus environment, and disaster and emergency response. The Department shall provide technical support and assistance to campus police departments and campus security departments on the establishment and implementation of policies and procedures, including but not limited to: the management of such departments, investigatory

procedures, judicial referrals, the establishment and management of databases for campus safety and security information sharing, and development of uniform record keeping for disciplinary records and statistics, such as campus crime logs, judicial referrals and Clery Act statistics. The Department shall establish an advisory committee consisting of college administrators, college police chiefs, college security department chiefs, and local law-enforcement officials to assist in the development of the standards and certification requirements and training pursuant to this subdivision;

47. Assess and report, in accordance with § 9.1-190, the crisis intervention team programs established pursuant to § 9.1-187;

48. In conjunction with the Office of the Attorney General, advise law-enforcement agencies and attorneys for the Commonwealth regarding the identification, investigation, and prosecution of human trafficking offenses using the common law and existing criminal statutes in the Code of Virginia;

49. Register tow truck drivers in accordance with § 46.2-116 and carry out the provisions of § 46.2-117;

50. Administer the activities of the Virginia Sexual and Domestic Violence Program Professional Standards Committee by providing technical assistance and administrative support, including staffing, for the Committee;

51. In accordance with § 9.1-102.1, design and approve the issuance of photo-identification cards to private security services registrants registered pursuant to Article 4 (§ 9.1-138 et seq.);

52. In consultation with the State Council of Higher Education for Virginia and the Virginia Association of Campus Law Enforcement Administrators, develop multidisciplinary curricula on trauma-informed sexual assault investigation;

53. In consultation with the Department of Behavioral Health and Developmental Services, develop a model addiction recovery program that may be administered by sheriffs, deputy sheriffs, jail officers, administrators, or superintendents in any local or regional jail. Such program shall be based on any existing addiction recovery programs that are being administered by any local or regional jails in the Commonwealth. Participation in the model addiction recovery program shall be voluntary, and such program may address aspects of the recovery process, including medical and clinical recovery, peer-to-peer support, availability of mental health resources, family dynamics, and aftercare aspects of the recovery process;

54. Establish compulsory minimum training standards for certification and recertification of law-enforcement officers serving as school resource officers. Such training shall be specific to the role and responsibility of a law-enforcement officer working with students in a school environment and shall include (i) relevant state and federal laws; (ii) school and personal liability issues; (iii) security awareness in the school environment; (iv) mediation and conflict resolution, including de-escalation techniques; (v) disaster and emergency response; (vi) awareness of systemic and individual racism, cultural diversity, and implicit bias; (vii) working with students with disabilities, mental health needs, substance use disorders, or past traumatic experiences; and (viii) student behavioral dynamics, including current child and adolescent development and brain research;

55. Establish a model policy for the operation of body-worn camera systems as defined in § 15.2-1723.1 that also addresses the storage and maintenance of body-worn camera system records;

56. Establish compulsory minimum training standards for detector canine handlers employed by the Department of Corrections, standards for the training and retention of detector canines used by the Department of Corrections, and a central database on the performance and effectiveness of such detector canines that requires the Department of Corrections to submit comprehensive information on each canine handler and detector canine, including the number and types of calls and searches, substances searched for and whether or not detected, and the number of false positives, false negatives, true positives, and true negatives;

57. Establish compulsory training standards for basic training of law-enforcement officers for recognizing and managing stress, self-care techniques, and resiliency;

58. Establish guidelines and standards for psychological examinations conducted pursuant to subsection C of § 15.2-1705;

59. Establish compulsory in-service training standards, to include frequency of retraining, for law-enforcement officers in the following subjects: (i) relevant state and federal laws; (ii) awareness of cultural diversity and the potential for bias-based profiling as defined in § 52-30.1; (iii) de-escalation techniques; (iv) working with individuals with disabilities, mental health needs, or substance use disorders; and (v) the lawful use of force, including the use of deadly force, as defined in § 19.2-83.3, only when necessary to protect the law-enforcement officer or another person;

60. Develop a model curriculum and lesson plans for the compulsory minimum entry-level, in-service, and advanced training standards to be employed by criminal justice training academies approved by the Department when conducting training;

61. Adopt statewide professional standards of conduct applicable to all certified law-enforcement officers and certified jail officers and appropriate due process procedures for decertification based on serious misconduct in violation of those standards and provide for a decertification review process in accordance with § 15.2-1708;

62. Establish and administer a waiver process, in accordance with §§ 2.2-5515 and 15.2-1721.1, for law-enforcement agencies to use certain military property. Any waivers granted by the Criminal Justice Services Board shall be published by the Department on the Department's website;

63. Establish compulsory training standards for basic training and the recertification of law-enforcement officers to include crisis intervention training in accordance with clause (ii) of § 9.1-188;

64. Advise and assist the Department of Behavioral Health and Developmental Services, and support local law-enforcement cooperation, with the development and implementation of the Marcus alert system, as defined in

§ 37.2-311.1, including the establishment of local protocols for law-enforcement participation in the Marcus alert system pursuant to § 9.1-193 and for reporting requirements pursuant to §§ 9.1-193 and 37.2-311.1;

65. Develop an online course to train hotel proprietors and their employees to recognize and report instances of suspected human trafficking;

66. Develop an online course to train unarmed security officers, armed security officers, couriers, security canine handlers, and alarm respondents to recognize and report instances of suspected human trafficking to meet the compulsory minimum, entry-level, and in-service training standards as required by § 9.1-141;

67. Establish standards and procedures for when the Board may grant a petition for reinstatement of certification of a decertified officer pursuant to subsection E of § 15.2-1708;

68. Establish compulsory minimum and in-service training standards for law-enforcement officers on communicating with individuals with an intellectual disability or a developmental disability as defined in § 37.2-100, such as autism spectrum disorder as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association, which shall include (i) an overview and behavioral recognition of autism spectrum disorder, (ii) best practices for crisis prevention and de-escalation techniques, (iii) an objective review of any relevant tools and technology available to assist in communication, and (iv) education on law-enforcement agency and community resources for the autism community on future crisis prevention. Such training standards shall be established in consultation with at least one individual with autism spectrum disorder, one family member of an individual with autism spectrum disorder, one specialist who works with individuals with autism spectrum disorder, one representative from the Department of Behavioral Health and Developmental Services, and one representative from a state or local law-enforcement agency; ~~and~~

69. *Establish a model policy for the provision of security at nonprofit institutions that serve individuals and communities at risk of hate crimes as defined in § 52-8.5 within the Commonwealth, incorporating relevant information about various traditions, services, or activities that any law-enforcement officer, unarmed security officer, or armed security officer providing such security may encounter; and*

70. Perform such other acts as may be necessary or convenient for the effective performance of its duties.

CHAPTER 668

An Act to amend the Code of Virginia by adding in Chapter 9 of Title 22.1 an article numbered 4, consisting of sections numbered 22.1-141.3, 22.1-141.4, and 22.1-141.5, relating to public school buildings; indoor air quality; inspection and evaluation.

[H 2618]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 9 of Title 22.1 an article numbered 4, consisting of sections numbered 22.1-141.3, 22.1-141.4, and 22.1-141.5, as follows:

Article 4.

Indoor Air Quality; Inspection and Evaluation.

§ 22.1-141.3. Scope of article.

The provisions of this article apply to matters relating to indoor air quality in public school buildings occupied by school board employees and students during regular work and school hours.

§ 22.1-141.4. Definitions.

As used in this article, unless the context requires a different meaning:

"Certified testing, adjusting, and balancing technician" means (i) a technician, tradesperson, or apprentice certified to perform testing, adjusting, and balancing of heating, ventilation, and air conditioning systems by the Associated Air Balance Council, the National Environmental Balancing Bureau, or the Testing, Adjusting and Balancing Bureau or (ii) a person certified to perform ventilation assessments of heating, ventilation, and air conditioning systems through a certification body accredited by the American National Standards Institute.

"Heating, ventilation, and air conditioning system" means the equipment, distribution network, controls, and terminals that provide, either collectively or individually, heating, ventilation, or air conditioning to a building.

"Indoor air quality" means air quality within buildings and structures, especially as it relates to the health and comfort of building occupants.

§ 22.1-141.5. Industry-recognized uniform inspection and evaluation.

A. At least once every four years, each local school division shall provide for an industry-recognized uniform inspection and evaluation of the heating, ventilation, and air conditioning system in each public school building in the local school division. Such inspection and evaluation shall be performed by a certified testing, adjusting, and balancing technician, an industrial hygienist certified by the American Board of Industrial Hygiene, a technician with a Master HVAC License from the Department of Professional and Occupational Regulation, or a mechanical engineer. Such heating, ventilation, and air conditioning systems inspection and evaluation shall include:

1. Testing for maximum filter efficiency;

2. Physical measurements of outside air delivery rate;

3. Verification of the appropriate condition and operation of ventilation components;

4. Measurement of air distribution system outside air, return air, and supply air and static pressure readings across all air handling unit components, including filters, coils, and fans;

5. Verification of unit operation and that required maintenance has been performed in accordance with the most recent indoor ventilation standards promulgated by the American Society of Heating, Refrigerating and Air-Conditioning Engineers;

6. Verification of carbon dioxide sensors and acceptable carbon dioxide concentrations indoors; and

7. Collection of field data for the installation of mechanical ventilation if none exists.

B. The portion of the uniform inspection and evaluation required pursuant to subsection A that relates to the ventilation system shall identify the extent to which each school's current ventilation system components, including any existing central or noncentral mechanical ventilation system, are operating in such a manner as to provide appropriate ventilation to the school building in accordance with the most recent indoor ventilation standards promulgated by the American Society of Heating, Refrigerating and Air-Conditioning Engineers.

C. Each local school division shall prepare a written report of the results of the uniform inspection and evaluation required pursuant to subsection A that includes any corrective actions necessary to be performed on the mechanical ventilation system or the heating, ventilation, and air conditioning infrastructure, including installation of filters meeting the most optimal level of filtration available for a given heating, ventilation, and air conditioning system, installation of carbon dioxide sensors, and additional maintenance, repairs, upgrades, or replacement. Each local school division shall make such report available for public inspection at a regularly scheduled local school board meeting and on the local school board's public website.

D. No local school division is required to provide for a uniform inspection and evaluation pursuant to subsection A for any school building that will cease to be used as a school within one year of such a planned inspection and evaluation.

CHAPTER 669

An Act to amend and reenact § 16.1-247.1 of the Code of Virginia, relating to custodial interrogations; false statements to a child prohibited; inauthentic replica documents prohibited.

[H 2692]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-247.1 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-247.1. Custodial interrogation of a child; parental notification and contact; inadmissibility of statement.

A. Prior to any custodial interrogation of a child by a law-enforcement officer who has arrested such child pursuant to subsection C, C1, or D of § 16.1-246, the child's parent, guardian, or legal custodian shall be notified of his arrest and the child shall have contact with his parent, guardian, or legal custodian. The notification and contact required by this subsection may be in person, electronically, by telephone, or by video conference.

B. Notwithstanding the provisions of subsection A, a custodial interrogation may be conducted (i) if the child's parent, guardian, or legal custodian is a codefendant in the alleged offense; (ii) if the child's parent, guardian, or legal custodian has been arrested for, has been charged with, or is being investigated for a crime against the child; (iii) if, after every reasonable effort has been made to comply with subsection A, the child's parent, guardian, or legal custodian cannot be located or refuses contact with the child; or (iv) if the law-enforcement officer conducting the custodial interrogation reasonably believes the information sought is necessary to protect life, limb, or property from an imminent danger and the law-enforcement officer's questions are limited to those that are reasonably necessary to obtain such information.

C. *A law-enforcement officer shall be prohibited from knowingly and intentionally making false statements about any known material fact, including by use of inauthentic replica documents, prior to or during a custodial interrogation of a child in order to secure the cooperation, confession, or conviction of such child. As used in this subsection, "inauthentic replica documents" means any documents, including computer-generated documents, created by any means, including artificial intelligence, by a law-enforcement officer or his agent that (i) contain a false statement, signature, seal, letterhead, or contact information or (ii) materially misrepresent any fact.*

D. Except as provided in subsection B, if a law-enforcement officer knowingly violates the provisions of subsection A *or C*, any statements made by such child shall be inadmissible in any delinquency proceeding or criminal proceeding against such child, unless the attorney for the Commonwealth proves by a preponderance of the evidence that the statement was made knowingly, intelligently, and voluntarily.

CHAPTER 670

An Act to amend and reenact § 46.2-882.1 of the Code of Virginia, relating to photo speed monitoring devices; school crossing zones.

[H 2718]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-882.1 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-882.1. Use of photo speed monitoring devices in highway work zones, school crossing zones, and high-risk intersection segments; civil penalty.

A. For the purposes of this section:

"High-risk intersection segment" means any highway or portion thereof located not more than 1,000 feet from the limits of the property of a school that is part of or adjacent to an intersection containing a marked crosswalk that is identified in the manner provided in this section as one in which a traffic fatality has occurred since January 1, 2014.

"Highway work zone" has the same meaning ascribed to it in § 46.2-878.1.

"Photo speed monitoring device" means equipment that uses radar or LIDAR-based speed detection and produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles.

"School crossing zone" has the same meaning ascribed to it in § 46.2-873.

"Vehicle speed violation" means a violation of this title resulting from the operation of a vehicle in excess of the speed limit, including a violation of § 46.2-873 or 46.2-878.1.

B. A state or local law-enforcement agency may place and operate a photo speed monitoring device in school crossing zones for the purposes of recording violations of § 46.2-873 and in highway work zones for the purposes of recording violations of § 46.2-878.1.

A state or local law-enforcement agency may place and operate a photo speed monitoring device at a high-risk intersection segment located within the locality for the purpose of recording vehicle speed violations, provided that such law-enforcement agency certifies that a traffic fatality has occurred since January 1, 2014, in such segment.

C. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a photo speed monitoring device, to be traveling at speeds of at least 10 miles per hour above the posted speed limit in the zone monitored by the photo speed monitoring device. Such civil penalty shall not exceed $100, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section resulting from a summons issued by a local law-enforcement officer shall be paid to the locality in which such violation occurred. Civil penalties collected under this section resulting from a summons issued by a law-enforcement officer employed by the Department of State Police shall be paid into the Literary Fund. However, all civil penalties collected under this section resulting from a summons issued based on evidence obtained from a photo speed monitoring device placed and operated at a high-risk intersection segment shall be paid to the Commonwealth Transportation Board to be used for the Virginia Highway Safety Improvement Program established pursuant to § 33.2-373.

D. If a photo speed monitoring device is used, proof of a vehicle speed violation shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo speed monitoring device, shall be prima facie evidence of the facts contained therein. *However, for any photo speed monitoring device placed in a school crossing zone, such sworn certificate or facsimile thereof shall not be prima facie evidence of the facts contained therein unless such photographs, microphotographs, videotapes, or other recorded images, or documentation, depict or confirm a portable sign or tilt-over sign that is in position or blinking sign that is activated, indicating the school crossing zone pursuant to § 46.2-873, at the time of such vehicle speed violation.* Any photographs, microphotographs, videotapes, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such vehicle speed violation.

E. In the prosecution for a vehicle speed violation in which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in a manner constituting a vehicle speed violation, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged vehicle speed violation, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

F. Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. However, if a law-enforcement officer uses a photo speed monitoring device to record a vehicle speed violation and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.

G. A summons for a vehicle speed violation issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be

executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection E and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a vehicle speed violation issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a photo speed monitoring device in connection with the violation. If the law-enforcement agency that was operating the photo speed monitoring device does not execute a summons for a vehicle speed violation issued pursuant to this section within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the violation.

H. A private vendor may enter into an agreement with a law-enforcement agency to be compensated for providing a photo speed monitoring device and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer may swear to or affirm the certificate required by this section. Any such agreement for compensation shall be based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed. Any private vendor contracting with a law-enforcement agency pursuant to this section may enter into an agreement with the Department, in accordance with the provisions of subdivision B 31 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that committed a vehicle speed violation. Any such information provided to such private vendor shall be protected in a database.

I. Information collected by a photo speed monitoring device operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of vehicle speed violations. Information provided to the operator of a photo speed monitoring device shall be protected in a database and used only for enforcement of vehicle speed violations and enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, videotapes, or other recorded images collected by a photo speed monitoring device shall be used exclusively for enforcing vehicle speed violations and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of a vehicle speed violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a vehicle speed violation or a violation of this section, or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. Any law-enforcement agency using photo speed monitoring devices shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of $1,000 per disclosure.

J. A conspicuous sign shall be placed within 1,000 feet of any school crossing zone, highway work zone, or high-risk intersection segment at which a photo speed monitoring device is used, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the speed limit violation.

K. Any state or local law-enforcement agency that places and operates a photo speed monitoring device pursuant to the provisions of this section shall report to the Department of State Police, in a format to be determined by the Department of State Police, by January 15 of each year on the number of traffic violations prosecuted, the number of successful prosecutions, and the total amount of monetary civil penalties collected. The Department of State Police shall aggregate such information and report it to the General Assembly by February 15 of each year.

CHAPTER 671

An Act to amend and reenact §§ 2.2-3706 and 2.2-3706.1 and §§ 9.1-101, 9.1-128, 17.1-293.1, 17.1-502, 19.2-310.7, 19.2-392.2, 19.2-392.5 through 19.2-392.8, 19.2-392.11 through 19.2-392.14, 19.2-392.16, and 19.2-392.17, as they shall become effective, of the Code of Virginia, the fourth, fifth, sixth, and seventh enactments of Chapter 524 and the fourth, fifth, sixth, and seventh enactments of Chapter 542 of the Acts of Assembly of 2021, Special Session I, and the third, fourth, and fifth enactments of Chapter 554 and the third, fourth, and fifth enactments of Chapter 555 of the Acts of Assembly of 2023; to amend the Code of Virginia by adding sections numbered 19.2-392.6:1 and 19.2-392.12:1; and to repeal § 17.1-205.1 of the Code of Virginia, relating to criminal records; expungement and sealing of records.

[H 2723]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3706 and 2.2-3706.1 and §§ 9.1-101, 9.1-128, 17.1-293.1, 17.1-502, 19.2-310.7, 19.2-392.2, 19.2-392.5 through 19.2-392.8, 19.2-392.11 through 19.2-392.14, 19.2-392.16, and 19.2-392.17, as they shall become effective, of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 19.2-392.6:1 and 19.2-392.12:1 as follows:

§ 2.2-3706. Disclosure of law-enforcement and criminal records; limitations.

A. Records required to be released. All public bodies engaged in criminal law-enforcement activities shall provide the following records when requested in accordance with the provisions of this chapter:

1. Adult arrestee photographs taken during the initial intake following the arrest and as part of the routine booking procedure, except when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of the photograph will no longer jeopardize the investigation;

2. Information relative to the identity of any individual, other than a juvenile, who is arrested and charged, and the status of the charge or arrest; and

3. Records of completed unattended death investigations to the parent or spouse of the decedent or, if there is no living parent or spouse, to the most immediate family member of the decedent, provided the person is not a person of interest or a suspect. For the purposes of this subdivision, "unattended death" means a death determined to be a suicide, accidental or natural death where no criminal charges will be initiated, and "immediate family" means the decedent's personal representative or, if no personal representative has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

B. Discretionary releases. The following records are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except where such disclosure is prohibited by law:

1. Criminal investigative files, defined as any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence, relating to a criminal investigation or prosecution not required to be disclosed in accordance with § 2.2-3706.1;

2. Reports submitted in confidence to (i) state and local law-enforcement agencies, (ii) investigators authorized pursuant to Chapter 3.2 (§ 2.2-307 et seq.), and (iii) campus police departments of public institutions of higher education established pursuant to Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1;

3. Records of local law-enforcement agencies relating to neighborhood watch programs that include the names, addresses, and operating schedules of individual participants in the program that are provided to such agencies under a promise of anonymity;

4. All records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment;

5. Records of law-enforcement agencies, to the extent that such records contain specific tactical plans, the disclosure of which would jeopardize the safety or security of law-enforcement personnel or the general public;

6. All records of adult persons under (i) investigation or supervision by a local pretrial services agency in accordance with Article 5 (§ 19.2-152.2 et seq.) of Chapter 9 of Title 19.2; (ii) investigation, probation supervision, or monitoring by a local community-based probation services agency in accordance with Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1; or (iii) investigation or supervision by state probation and parole services in accordance with Article 2 (§ 53.1-141 et seq.) of Chapter 4 of Title 53.1;

7. Records of a law-enforcement agency to the extent that they disclose the telephone numbers for cellular telephones, pagers, or comparable portable communication devices provided to its personnel for use in the performance of their official duties;

8. Those portions of any records containing information related to undercover operations or protective details that would reveal the staffing, logistics, or tactical plans of such undercover operations or protective details. Nothing in this subdivision shall operate to allow the withholding of information concerning the overall costs or expenses associated with undercover operations or protective details;

9. Records of (i) background investigations of applicants for law-enforcement agency employment, (ii) administrative investigations relating to allegations of wrongdoing by employees of a law-enforcement agency, and (iii) other administrative investigations conducted by law-enforcement agencies that are made confidential by law;

10. The identity of any victim, witness, or undercover officer, or investigative techniques or procedures. However, the identity of any victim or witness shall be withheld if disclosure is prohibited or restricted under § 19.2-11.2; and

11. Records of the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including information obtained from state, local, and regional officials, except to the extent that information is required to be posted on the Internet pursuant to § 9.1-913.

C. Prohibited releases. *The following records shall not be disclosed under the provisions of this chapter:*

1. The identity of any individual providing information about a crime or criminal activity under a promise of anonymity ~~shall not be disclosed~~*;*

2. Any record that has been expunged pursuant to § 19.2-392.2, unless dissemination is authorized pursuant to § 19.2-392.3 or 19.2-392.3:1; and

3. Any record that has been sealed pursuant to § 19.2-392.6:1, 19.2-392.7, 19.2-392.8, 19.2-392.10, 19.2-392.11, 19.2-392.12, 19.2-392.12:1, or 19.2-392.17, unless dissemination is authorized pursuant to § 19.2-392.13 and the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

D. Noncriminal records. Public bodies (i) engaged in emergency medical services, (ii) engaged in fire protection services, (iii) engaged in criminal law-enforcement activities, or (iv) engaged in processing calls for service or other communications to an emergency 911 system or any other equivalent reporting system may withhold those portions of noncriminal incident or other noncriminal investigative reports or materials that contain identifying information of a personal, medical, or financial nature where the release of such information would jeopardize the safety or privacy of any person. Access to personnel records of persons employed by a public body engaged in emergency medical services or fire protection services, a law-enforcement agency, or an emergency 911 system or any other equivalent reporting system shall be governed by the provisions of subdivision B 9 and subdivision 1 of § 2.2-3705.1, as applicable.

E. Records of any call for service or other communication to an emergency 911 system or communicated with any other equivalent reporting system shall be subject to the provisions of this chapter.

F. Conflict resolution. In the event of conflict between this section as it relates to requests made under this section and other provisions of law, this section shall control.

§ 2.2-3706.1. Disclosure of law-enforcement records; criminal incident information and certain criminal investigative files; limitations.

A. For purposes of this section:

"Criminal investigative files" means any documents and information, including complaints, court orders, memoranda, notes, diagrams, maps, photographs, correspondence, reports, witness statements, and evidence, relating to a criminal investigation or prosecution, other than criminal incident information subject to disclosure in accordance with subsection B.

"Family representative" means the decedent's personal representative or, if no personal representative as set forth in § 64.2-100 has qualified, the decedent's next of kin in order of intestate succession as set forth in § 64.2-200.

"Immediate family members" means the decedent's family representative, spouse, child, sibling, parent, grandparent, or grandchild. "Immediate family members" include a stepparent, stepchild, stepsibling, and adoptive relationships.

"Ongoing" refers to a case in which the prosecution has not been finally adjudicated, the investigation continues to gather evidence for a possible future criminal case, and such case would be jeopardized by the premature release of evidence.

B. All public bodies engaged in criminal law-enforcement activities shall provide records and information when requested in accordance with the provisions of this chapter regarding criminal incident information relating to felony offenses contained in any report, notes, electronic communication, or other document, including filings through an incident-based reporting system, which shall include:

1. A general description of the criminal activity reported;

2. The date and time the alleged crime was committed;

3. The general location where the alleged crime was committed;

4. The identity of the investigating officer or other point of contact; and

5. A description of any injuries suffered or property damaged or stolen.

A verbal response as agreed to by the requester and the public body is sufficient to satisfy the requirements of this subsection.

C. Criminal investigative files relating to an ongoing criminal investigation or proceeding are excluded from the mandatory disclosure provisions of this chapter, but may be disclosed by the custodian, in his discretion, except as provided in subsection E or where such disclosure is prohibited by law.

D. Criminal investigative files relating to a criminal investigation or proceeding that is not ongoing are excluded from the mandatory disclosure provisions of this chapter but may be disclosed by the custodian, in his discretion, except as provided in subsection E; however, such records shall be disclosed, by request, to the following persons, regardless of whether any such person is a citizen of the Commonwealth:

1. The victim;

2. The victim's immediate family members, if the victim is deceased and the immediate family member to which the records are to be disclosed is not a person of interest or a suspect in the criminal investigation or proceeding;

3. The parent or guardian of the victim, if the victim is a minor and the parent or guardian is not a person of interest or a suspect in the criminal investigation or proceeding;

4. An attorney representing a petitioner in a petition for a writ of habeas corpus or writ of actual innocence pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) of Title 19.2 or any other federal or state post-conviction proceeding or pardon; and

5. For the sole purpose of inspection at the location where such records are maintained by the public body that is the custodian of the records, (i) an attorney or his agent when such attorney is considering representing a petitioner in a post-conviction proceeding or pardon, (ii) an attorney who provides a sworn declaration that the attorney has been retained by an individual for purposes of pursuing a civil or criminal action and has a good faith basis to believe that the records being requested are material to such action, or (iii) a person who is proceeding pro se in a petition for a writ of habeas corpus or writ of actual innocence pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) of Title 19.2 or any other federal or state post-conviction proceeding or pardon, who provides a sworn affidavit that the records being requested are material to such action.

An attorney or his agent who is in receipt of criminal investigative files or has inspected criminal investigative files pursuant to subdivision 4 or 5 shall not release such criminal investigative files or any information contained therein except as necessary to provide adequate legal advice or representation to a person whom the attorney either represents or is considering representing in a post-conviction proceeding or pardon or represents in a civil or criminal action.

An attorney who is in receipt of criminal investigative files pursuant to subdivision 4 shall return the criminal investigative files to the public body that is the custodian of such records within 90 days of a final determination of any writ of habeas corpus, writ of actual innocence, or other federal or state post-conviction proceeding or pardon or, if no petition for such writ or post-conviction proceeding or pardon was filed, within six months of the attorney's receipt of the records.

No disclosure for the purpose of inspection pursuant to clause (iii) of subdivision 5 shall be made unless an appropriate circuit court has reviewed the affidavit provided and determined the records requested are material to the action being pursued. The court shall order the person not to disclose or otherwise release any information contained in a criminal investigative file except as necessary for the pending action and may include other conditions as appropriate.

E. The provisions of subsections C and D shall not apply if the release of such information:

1. Would interfere with a particular ongoing criminal investigation or proceeding in a particularly identifiable manner;

2. Would deprive a person of a right to a fair trial or an impartial adjudication;

3. Would constitute an unwarranted invasion of personal privacy;

4. Would disclose (i) the identity of a confidential source or (ii) in the case of a record compiled by a law-enforcement agency in the course of a criminal investigation, information furnished only by a confidential source;

5. Would disclose law-enforcement investigative techniques and procedures, if such disclosure could reasonably be expected to risk circumvention of the law; or

6. Would endanger the life or physical safety of any individual.

Nothing in this subsection shall be construed to authorize the withholding of those portions of such information that are unlikely to cause any effect listed herein.

F. Notwithstanding the provisions of subsection C or D, no criminal investigative file or portion thereof, except disclosure of records under subdivision D 4 or clause (i) of subdivision D 5, shall be disclosed to any requester pursuant to this section, unless the public body has made reasonable efforts to notify (i) the victim; (ii) the victim's immediate family members, if the victim is deceased and the immediate family member to be notified is not a person of interest or a suspect in the criminal investigation or proceeding; or (iii) the victim's parent or guardian, if the victim is a minor and the parent or guardian to be notified is not a person of interest or a suspect in the criminal investigation or proceeding.

Upon receipt of notice that a public body has received a request for criminal investigative files pursuant to this section, an individual listed in clause (i), (ii), or (iii) shall have 14 days to file in an appropriate court a petition for an injunction to prevent the disclosure of the records as set forth in § 8.01-622.2. The public body shall not respond to the request until at least 14 days has passed from the time notice was received by an individual listed in clause (i), (ii), or (iii) unless such individual has waived the 14-day period or at the request of the victim's insurance company or attorney. The period within which the public body shall respond to the underlying request pursuant to § 2.2-3704 shall be tolled pending the notification process and any subsequent disposition by the court.

G. No photographic, audio, video, or other record depicting a victim or allowing for a victim to be readily identified shall be released pursuant to subsection C or D to anyone except (i) the victim; (ii) the victim's family representative, if the victim is deceased and the family representative to which the records are to be disclosed is not a person of interest or a suspect in the criminal investigation or proceeding; (iii) the victim's parent or guardian, if the victim is a minor and the parent or guardian is not a person of interest or a suspect in the criminal investigation or proceeding; or (iv) the victim's insurance company or attorney.

H. Nothing in this section shall prohibit the disclosure of current anonymized, aggregate location and demographic data collected pursuant to § 52-30.2 or similar data documenting law-enforcement officer encounters with members of the public.

I. In the event of a conflict between this section as it relates to requests made under this section and other provisions of law, the other provisions of law~~, including court sealing orders,~~ that restrict disclosure of criminal investigative files shall control.

J. The following records shall not be released under the provisions of this section:

1. Any record that has been expunged pursuant to § 19.2-392.2, unless dissemination is authorized pursuant to § 19.2-392.3 or 19.2-392.3:1; and

2. Any record that has been sealed pursuant to § 19.2-392.6:1, 19.2-392.7, 19.2-392.8, 19.2-392.10, 19.2-392.11, 19.2-392.12, 19.2-392.12:1, or 19.2-392.17, unless dissemination is authorized pursuant to § 19.2-392.13 and the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

§ 9.1-101. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Definitions.

As used in this chapter or in Chapter 23 (§ 19.2-387 et seq.) of Title 19.2, unless the context requires a different meaning:

"Administration of criminal justice" means performance of any activity directly involving the detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders or the collection, storage, and dissemination of criminal history record information.

"Board" means the Criminal Justice Services Board.

"Conviction data" means information in the custody of any criminal justice agency relating to a judgment of conviction, and the consequences arising therefrom, in any court.

"Correctional status information" means records and data concerning each condition of a convicted person's custodial status, including probation, confinement, work release, study release, escape, or termination of custody through expiration of sentence, parole, pardon, or court decision.

"Criminal history record information" means records and data collected by criminal justice agencies on adult individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, informations, or other formal charges, and any disposition arising therefrom. The term shall not include juvenile record information which is controlled by Chapter 11 (§ 16.1-226 et seq.) of Title 16.1, criminal justice intelligence information, criminal justice investigative information, or correctional status information.

"Criminal justice agency" means (i) a court or any other governmental agency or subunit thereof which as its principal function performs the administration of criminal justice and any other agency or subunit thereof which performs criminal justice activities, but only to the extent that it does so; (ii) for the purposes of Chapter 23 (§ 19.2-387 et seq.) of Title 19.2, any private corporation or agency which, within the context of its criminal justice activities, employs special conservators of the peace appointed under Chapter 2 (§ 19.2-12 et seq.) of Title 19.2, provided that (a) such private corporation or agency requires its officers or special conservators to meet compulsory training standards established by the Criminal Justice Services Board and submits reports of compliance with the training standards and (b) the private corporation or agency complies with the provisions of Article 3 (§ 9.1-126 et seq.), but only to the extent that the private corporation or agency so designated as a criminal justice agency performs criminal justice activities; and (iii) the Office of the Attorney General, for all criminal justice activities otherwise permitted under clause (i) and for the purpose of performing duties required by the Civil Commitment of Sexually Violent Predators Act (§ 37.2-900 et seq.).

"Criminal justice agency" includes any program certified by the Commission on VASAP pursuant to § 18.2-271.2.

"Criminal justice agency" includes the Department of Criminal Justice Services.

"Criminal justice agency" includes the Virginia Criminal Sentencing Commission.

"Criminal justice agency" includes the Virginia State Crime Commission.

"Criminal justice information system" means a system including the equipment, facilities, procedures, agreements, and organizations thereof, for the collection, processing, preservation, or dissemination of criminal history record information. The operations of the system may be performed manually or by using electronic computers or other automated data processing equipment.

"Department" means the Department of Criminal Justice Services.

"Dissemination" means any transfer of information, whether orally, in writing, or by electronic means. The term shall not include access to the information by officers or employees of a criminal justice agency maintaining the information who have both a need and right to know the information.

"Law-enforcement officer" means any full-time or part-time employee of a police department or sheriff's office which is a part of or administered by the Commonwealth or any political subdivision thereof, or any full-time or part-time employee of a private police department, and who is responsible for the prevention and detection of crime and the enforcement of the penal, traffic or highway laws of the Commonwealth, and shall include any (i) special agent of the Virginia Alcoholic Beverage Control Authority; (ii) police agent appointed under the provisions of § 56-353; (iii) officer of the Virginia Marine Police; (iv) conservation police officer who is a full-time sworn member of the enforcement division of the Department of Wildlife Resources; (v) investigator who is a sworn member of the security division of the Virginia Lottery; (vi) conservation officer of the Department of Conservation and Recreation commissioned pursuant to § 10.1-115; (vii) full-time sworn member of the enforcement division of the Department of Motor Vehicles appointed pursuant to § 46.2-217; (viii) animal protection police officer employed under § 15.2-632 or 15.2-836.1; (ix) campus police officer appointed under Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1; (x) member of the investigations unit designated by the State Inspector General pursuant to § 2.2-311 to investigate allegations of criminal behavior affecting the operations of a state or nonstate agency; (xi) employee with internal investigations authority designated by the Department of Corrections pursuant to subdivision 11 of § 53.1-10 or by the Department of Juvenile Justice pursuant to subdivision A 7 of § 66-3; (xii) private police officer employed by a private police department; or (xiii) person designated as a sworn unit investigator by the Attorney General pursuant to subsection A of § 32.1-320.1. Part-time employees are those compensated officers who are not full-time employees as defined by the employing police department, sheriff's office, or private police department.

"Private police department" means any police department, other than a department that employs police agents under the provisions of § 56-353, that employs private police officers operated by an entity authorized by statute or an act of assembly to establish a private police department or such entity's successor in interest, provided it complies with the requirements set forth herein. No entity is authorized to operate a private police department or represent that it is a private police department unless such entity has been authorized by statute or an act of assembly or such entity is the successor in interest of an entity that has been authorized pursuant to this section, provided it complies with the requirements set forth herein. The authority of a private police department shall be limited to real property owned, leased, or controlled by the entity and, if approved by the local chief of police or sheriff, any contiguous property; such authority shall not supersede the authority, duties, or jurisdiction vested by law with the local police department or sheriff's office including as provided in §§ 15.2-1609 and 15.2-1704. The chief of police or sheriff who is the chief local law-enforcement officer shall enter into a

memorandum of understanding with the private police department that addresses the duties and responsibilities of the private police department and the chief law-enforcement officer in the conduct of criminal investigations. Private police departments and private police officers shall be subject to and comply with the Constitution of the United States; the Constitution of Virginia; the laws governing municipal police departments, including the provisions of §§ 9.1-600, 15.2-1705 through 15.2-1708, 15.2-1719, 15.2-1721, 15.2-1721.1, and 15.2-1722; and any regulations adopted by the Board that the Department designates as applicable to private police departments. Any person employed as a private police officer pursuant to this section shall meet all requirements, including the minimum compulsory training requirements, for law-enforcement officers pursuant to this chapter. A private police officer is not entitled to benefits under the Line of Duty Act (§ 9.1-400 et seq.) or under the Virginia Retirement System, is not a "qualified law enforcement officer" or "qualified retired law enforcement officer" within the meaning of the federal Law Enforcement Officers Safety Act, 18 U.S.C. § 926B et seq., and shall not be deemed an employee of the Commonwealth or any locality. An authorized private police department may use the word "police" to describe its sworn officers and may join a regional criminal justice academy created pursuant to Article 5 (§ 15.2-1747 et seq.) of Chapter 17 of Title 15.2. Any private police department in existence on January 1, 2013, that was not otherwise established by statute or an act of assembly and whose status as a private police department was recognized by the Department at that time is hereby validated and may continue to operate as a private police department as may such entity's successor in interest, provided it complies with the requirements set forth herein.

"School resource officer" means a certified law-enforcement officer hired by the local law-enforcement agency to provide law-enforcement and security services to Virginia public elementary and secondary schools.

"School security officer" means an individual who is employed by the local school board or a private or religious school for the singular purpose of maintaining order and discipline, preventing crime, investigating violations of the policies of the school board or the private or religious school, and detaining students violating the law or the policies of the school board or the private or religious school on school property, school buses, or at school-sponsored events and who is responsible solely for ensuring the safety, security, and welfare of all students, faculty, staff, and visitors in the assigned school.

"Sealing" means *to prohibit public access to records relating to an arrest, charge, or conviction, including any ancillary matter ordered to be sealed, in the possession of* (i) ~~restricting dissemination of criminal history record information contained in~~ the Central Criminal Records Exchange~~, including any records relating to an arrest, charge, or conviction, in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134 and~~*,* (ii) ~~prohibiting dissemination of~~ *any* court ~~records related to an arrest, charge, or conviction~~*; (iii) any police department, sheriff's office, or campus police department; or (iv) the Department of Motor Vehicles* unless ~~such~~ dissemination is authorized ~~by a court order~~ for one or more of the purposes set forth in § 19.2-392.13 *and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134*.

"Unapplied criminal history record information" means information pertaining to criminal offenses submitted to the Central Criminal Records Exchange that cannot be applied to the criminal history record of an arrested or convicted person (i) because such information is not supported by fingerprints or other accepted means of positive identification or (ii) due to an inconsistency, error, or omission within the content of the submitted information.

§ 9.1-128. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Dissemination of criminal history record information; Board to adopt regulations and procedures.

A. Criminal history record information shall be disseminated, whether directly or through an intermediary, only in accordance with § 19.2-389.

B. The Board shall adopt regulations and procedures for the interstate dissemination of criminal history record information by which criminal justice agencies of the Commonwealth shall ensure that the limitations on dissemination of criminal history record information set forth in § 19.2-389 are accepted by recipients and will remain operative in the event of further dissemination.

C. The Board shall adopt regulations and procedures for the validation of an interstate recipient's right to obtain criminal history record information from criminal justice agencies of the Commonwealth.

D. The Board shall adopt regulations and procedures for the dissemination of sealed criminal history record information, including any *(i)* records relating to an arrest, charge, or conviction *and (ii) ancillary matter ordered to be sealed*, by which the criminal justice agencies of the Commonwealth and other persons, agencies, and employers can access such sealed records and shall ensure that access to and dissemination of such sealed records are made in accordance with the limitations on dissemination and use set forth in §§ 19.2-389~~,~~ and 19.2-392.13.

§ 17.1-293.1. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524, 542) Online case information system; exceptions.

A. The Executive Secretary shall make available a publicly viewable online case information system of certain nonconfidential information entered into the case management system for criminal cases in the circuit courts participating in the Executive Secretary's case management system and in the general district courts. Such system shall be searchable by defendant name across all participating courts, and search results shall be viewable free of charge.

B. Upon entry of a sealing order pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1*, the Executive Secretary shall not make any offense that was ordered to be sealed available for online public viewing in an appellate court, circuit court, or district court case management system maintained by the Executive Secretary. *Any offense*

that was sealed without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17 shall not be available for online public viewing in any such system.

C. Upon entry of a sealing order pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1*, any circuit court clerk who maintains a viewable online case management or case information system shall not make any offense that was ordered to be sealed available for online public viewing. *Any offense that was sealed without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17 shall not be available for online public viewing in any such system.*

§ 17.1-502. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Administrator of circuit court system.

A. The Executive Secretary of the Supreme Court shall be the administrator of the circuit court system, which includes the operation and maintenance of a case management system and financial management system and related technology improvements.

B. Any circuit court clerk may establish and maintain his own case management system, financial management system, or other independent technology using automation or technology improvements provided by a private vendor or the locality. Any data from the clerk's independent system may be provided directly from such clerk to designated state agencies. The data from the clerk's independent system may also be provided to designated state agencies through an interface with the technology systems operated by the Executive Secretary.

B1. If the data from a case management system established under subsection B is not provided to the Executive Secretary of the Supreme Court through an interface, such data shall be provided to the Department of State Police through an interface for purposes of complying with §§ 19.2-392.7, *19.2-392.8,* 19.2-392.10, 19.2-392.11, ~~and~~ 19.2-392.12*, and 19.2-392.12:1*. The parameters of such interface shall be determined by the Department of State Police. The costs of designing, implementing, and maintaining such interface shall be the responsibility of the circuit court clerk.

C. The Executive Secretary shall provide an electronic interface with his case management system, financial management system, or other technology improvements upon written request of any circuit court clerk. The circuit court clerk and the clerk's designated application service provider shall comply with the security and data standards established by the Executive Secretary for any such electronic interface. The Executive Secretary shall establish security and data standards for such electronic interfaces on or before June 30, 2013, and such standards shall be consistent with the policies, standards, and guidelines established pursuant to § 2.2-2009.

D. The costs of designing, implementing, and maintaining any such interface with the systems of the Executive Secretary shall be the responsibility of the circuit court clerk. Prior to incurring any costs, the Office of the Executive Secretary shall provide the circuit court clerk a written explanation of the options for providing such interfaces and provide the clerk with a proposal for such costs and enter into a written contract with the clerk to provide such services.

E. The Executive Secretary shall assist the chief judges in the performance of their administrative duties. He may employ such staff and other assistants, from state funds appropriated to him for the purpose, as may be necessary to carry out his duties, and may secure such office space as may be requisite, to be located in an appropriate place to be selected by the Executive Secretary.

§ 19.2-310.7. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Expungement when DNA taken for a conviction.

A. A person whose DNA profile has been included in the data bank pursuant to § 19.2-310.2 may request expungement on the grounds that the conviction on which the authority for including his DNA profile was based has been reversed and the case dismissed. Provided that the person's DNA profile is not otherwise required to be included in the data bank pursuant to § 9.1-903, 16.1-299.1, 19.2-310.2, or 19.2-310.2:1, the Department of Forensic Science shall purge all records and identifiable information in the data bank pertaining to the person and destroy all samples from the person upon receipt of (i) a written request for expungement pursuant to this section and (ii) a certified copy of the court order reversing and dismissing the conviction.

B. Entry of a sealing order pursuant to § 19.2-392.7 ~~or~~*,* 19.2-392.12*, or 19.2-392.12:1* shall not serve as grounds for expungement of a person's DNA profile or any records in the data bank relating to that DNA profile.

§ 19.2-392.2. (Effective pursuant to Acts 2023, cc. 554 and 555, cl. 4) Expungement of police and court records.

A. If a person is charged with the commission of a crime, a civil offense, or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge. *A person shall not be required to pay any court fees or costs for filing a petition under this subsection.*

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. ~~Such~~ *A* person shall not be required to pay any *court* fees *or costs* for ~~the~~ filing ~~of~~ a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant, summons, or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except when not reasonably available, the date of arrest and the name of the arresting agency. When this information is not

reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge or civil offense to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest. If the petition is filed under this subsection, the petitioner shall request that the Central Criminal Records Exchange (CCRE) electronically forward a copy of the petitioner's Virginia criminal history record to the circuit court in which the petition was filed. Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. If the petition is filed under subsection B, the petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the CCRE with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected. *The Department of State Police shall validate the accuracy of any criminal history record ordered to be expunged pursuant to this section but shall not validate whether such record is eligible for expungement.*

L. ~~Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.~~

~~M.~~ Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

~~N.~~ *M.* A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to expunge issued pursuant to

this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.3 pursuant to regulations and procedures adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

§ 19.2-392.5. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Sealing defined; effect of sealing.

A. As used in this chapter, unless the context requires a different meaning~~,~~ ~~"sealing"~~*:*

"Ancillary matter" means any (i) violation or alleged violation of the terms and conditions of a suspended sentence, probation, or parole; (ii) violation or alleged violation of contempt of court; (iii) charge or conviction for failure to appear; or (iv) appeal from a bail, bond, or recognizance order.

"Records related to an arrest, charge, or conviction" means (i) the record of any specific arrest, charge, or conviction that has been sealed pursuant to § 19.2-392.6:1, 19.2-392.7, 19.2-392.8, 19.2-392.10, 19.2-392.11, 19.2-392.12, 19.2-392.12:1, or 19.2-392.17 or (ii) any ancillary matter that was sealed pursuant to § 19.2-392.12 or 19.2-392.12:1.

"Sealing" means to *prohibit public access to records relating to an arrest, charge, or conviction, including any ancillary matter ordered to be sealed, in the possession of* (i) ~~restricting dissemination of criminal history record information contained in~~ the Central Criminal Records Exchange~~, including any records relating to an arrest, charge, or conviction, in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134 and~~*;* (ii) ~~prohibiting dissemination of~~ *any* court ~~records related to an arrest, charge, or conviction.~~*; (iii) any police department, sheriff's office, or campus police department; or (iv) the Department of Motor Vehicles* unless ~~such~~ dissemination is authorized ~~by a court order~~ for one or more of the purposes set forth in § 19.2-392.13 *and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134*. ~~"~~Sealing~~"~~ may be required either by the issuance of a court order following the filing of a petition or automatically by operation of law under the processes set forth in this chapter. *"Sealing" does not prohibit or limit dissemination of records within or between any department, division, board, bureau, commission, branch, authority, or other agency created by the Commonwealth, or to which the Commonwealth is a party or any political subdivision thereof, or with any federal agency, for the purpose of administering any duties or functions required by state or federal law.*

B. The provisions of this chapter shall only apply to adults who were arrested, charged, or convicted of a criminal offense and to juveniles who were tried in circuit court pursuant to § 16.1-269.1.

C. Records relating to an arrest, charge, or conviction that have been sealed may be disseminated only for purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. ~~The court, except as provided in subsection B of § 19.2-392.14, and any~~ *Any* law-enforcement agency shall reply to any inquiry that no record exists with respect to an arrest, charge, or conviction that has been sealed, unless such information is permitted to be disclosed pursuant to § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. *As provided in subsection B of § 19.2-392.14, a clerk of any court shall reply to any inquiry requesting access to a sealed court record that such court record has been sealed and can only be accessed pursuant to a court order.* A clerk of any court and the Executive Secretary of the Supreme Court shall be immune from any cause of action arising from the production of sealed court records, including electronic records, absent gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any cause of action accruing prior to the effective date of this section.

D. Except as otherwise provided in this section, upon entry of an order for sealing, the person who was arrested, charged, or convicted of the offense that was ordered to be sealed may deny or not disclose to any state or local government agency or to any private employer in the Commonwealth that such an arrest, charge, or conviction occurred. Except as otherwise provided in this section, no person as to whom an order for sealing has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of that person's denial or failure to disclose any information concerning an arrest, charge, or conviction that has been sealed.

E. A person who is the subject of the order of sealing entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or the sealing of an offense without the entry of an order pursuant to § 19.2-392.6:1 or 19.2-392.17,* may not deny or fail to disclose information to any employer or prospective employer about an offense that has been ordered to be sealed if:

1. The person is applying for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof;

2. This Code requires the employer to make such an inquiry;

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

F. An order to seal an arrest, charge, or conviction entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or the sealing of an offense without the entry of an order pursuant to § 19.2-392.6:1 or 19.2-392.17,* shall not relieve the person who was arrested, charged, or convicted of any obligation to pay all fines, costs, forfeitures, penalties, or restitution in relation to the offense that was ordered to be sealed. *Additionally, no order to seal an arrest, charge, or conviction pursuant to § 19.2-392.12 shall be entered unless such person has fully paid his restitution in relation to the offense to be sealed.*

G. Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or sealed without the entry of an order pursuant to § 19.2-392.6:1 or 19.2-392.17,* may be admissible and considered in proceedings relating to the care and custody of a child. A person as to whom an order for sealing has been entered may be required to disclose a sealed arrest, charge, or conviction as part of such proceedings. Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

H. Any arrest, charge, or conviction sealed pursuant to § *19.2-392.6:1,* 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, 19.2-392.12:1, or 19.2-392.17* shall ~~not~~ be (i) disclosed in any *pretrial or* sentencing report*, including any discretionary sentencing guidelines*; (ii) considered when ascertaining the punishment of a defendant; or (iii) considered in any hearing on the issue of bail, release, or detention of a defendant.

I. Any arrest, charge, or conviction sealed pursuant to § *19.2-392.6:1,* 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1* shall not constitute a barrier crime as defined in § 19.2-392.02, except as otherwise required under federal law.

J. A person shall be required to disclose any felony conviction sealed pursuant to § 19.2-392.12 for purposes of determining that person's eligibility to be empaneled as a member of a jury. Failure to disclose such conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

K. An order to seal a charge or conviction entered pursuant to § 19.2-392.7, 19.2-392.12, or 19.2-392.12:1, or the sealing of an offense without the entry of an order pursuant to § 19.2-392.6:1, shall not serve to restore a person's civil rights or a person's right to possess, transport, or carry a firearm, ammunition for a firearm, or a stun weapon.

§ 19.2-392.6. (For effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Automatic sealing of offenses resulting in conviction.

A. If a person was convicted of a violation of any of the following sections *with an offense date on or after January 1, 1986*, such conviction, including any records relating to such conviction, shall be ordered to be automatically sealed in the manner set forth in § 19.2-392.7, subject to the provisions of subsections B and C: *a misdemeanor violation of* § 18.2-96~~,~~ *or* 18.2-103~~,~~*; §* 18.2-119, 18.2-120, or 18.2-134; a misdemeanor violation of § 18.2-248.1; or § 18.2-415.

B. Subject to the provisions of subsection C, any conviction listed under subsection A shall be ordered to be automatically sealed if seven years have passed since the date of the conviction and the person convicted of such offense has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, during that time period.

C. No conviction listed under subsection A shall be automatically sealed if, on the date of the conviction, the person was convicted of another offense that is not eligible for automatic sealing under subsection A.

D. ~~If a person was charged with any criminal offense and such offense concluded with any final disposition as a violation of former § 18.2-250.1, such offense shall be ordered to be automatically sealed in the manner set forth in § 19.2-392.7.~~

~~E.~~ This section shall not be construed as prohibiting a person from seeking sealing in the circuit court pursuant to the provisions of § 19.2-392.12 *or 19.2-392.12:1*.

§ 19.2-392.6:1. Sealing of former possession of marijuana offenses without entry of a court order.

A. Any criminal or civil offense that concluded with any final disposition as a charge or conviction of former § 18.2-250.1 shall be sealed without the entry of a court order. The Central Criminal Records Exchange, any court, any law-enforcement agency, and the Department of Motor Vehicles shall identify and seal the records of any such offense in its possession.

B. The Department of Motor Vehicles shall not seal any charge or conviction under subsection A in violation of (i) federal regulatory record retention requirements or (ii) federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of the charge or conviction to be sealed.

§ 19.2-392.7. (For effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Process for automatic sealing of offenses resulting in a conviction or deferred disposition.

A. ~~Except as provided in subsection A1, on~~ *On* at least a monthly basis, the Department of State Police shall *electronically* determine which offenses *with an offense date on or after January 1, 1986,* in the Central Criminal Records Exchange meet the criteria for automatic sealing set forth in subsections A, B, and C of § 19.2-392.6.

~~A1. No later than July 1, 2025, the Department of State Police shall determine which offenses in the Central Criminal Records Exchange meet the criteria for automatic sealing set forth in subsection D of § 19.2-392.6.~~

B. After reviewing the offenses under ~~subsections~~ *subsection* A ~~and A1~~, the Department of State Police shall provide an electronic list of all offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502. *The Department of State Police shall not be required to include an offense on such list if (i) it cannot be determined by an electronic review whether the offense is eligible for automatic sealing or (ii) an electronic review of the person's criminal history record indicates that the person was charged with violating the law of any other state, the District of Columbia, the United States or any territory thereof, excluding traffic infractions under Title 46.2, during the seven-year time period set forth in subsection B of § 19.2-392.6.*

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least a monthly basis the Executive Secretary of the Supreme Court shall provide an electronic list of all offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

D. Upon receipt of the electronic list provided under subsection B or C, on at least a monthly basis the clerk of each circuit court shall prepare an order and the chief judge *or presiding judge* of that circuit court shall enter such order directing that the offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 be automatically sealed under the process described in § 19.2-392.13. Such order shall contain the names of the persons charged with or convicted of such offenses. The clerk of each circuit court shall maintain a copy of all orders entered pursuant to this subsection under seal.

E. The clerk of each circuit court shall provide an electronic notification of any order entered under subsection D to the Department of State Police on at least a monthly basis. Upon receipt of such electronic notification, the Department of State Police shall proceed as set forth in § 19.2-392.13.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.8. (For contingent effective date see Acts 2021, Sp. Sess. I, cc. 524 and 542) Automatic sealing of offenses resulting in acquittal or dismissal.

A. If a person is charged with the commission of a misdemeanor offense, excluding traffic infractions under Title 46.2, and ~~(i)~~ the person is acquitted, ~~(ii) a nolle prosequi is entered,~~ or ~~(iii)~~ the charge ~~is otherwise dismissed, excluding any charge that is deferred and dismissed after a finding of facts sufficient to justify a finding of guilt~~ *against him is dismissed with prejudice*, the court disposing of the matter shall, ~~at the time the acquittal, nolle prosequi, or dismissal is entered,~~ order that the charge be automatically sealed under the process described in § 19.2-392.13, unless the ~~attorney for the Commonwealth or any other person advises the court at the time the acquittal, nolle prosequi, or dismissal is entered that:~~

~~1. The charge is ancillary to another charge that resulted in a conviction or a finding of facts sufficient to justify a finding of guilt;~~

~~2. A nolle prosequi is entered or the charge is dismissed as part of a plea agreement;~~

~~3. Another charge arising out of the same facts and circumstances is pending against the person;~~

~~4. The Commonwealth intends to reinstitute the charge or any other charge arising out of the same facts and circumstances within three months;~~

~~5. Good cause exists, as established by the Commonwealth by a preponderance of the evidence, that such charge should not be automatically sealed; or~~

~~6. The~~ person charged with the offense objects to such automatic sealing.

B. If a person is charged with the commission of a felony offense and is acquitted, or the charge against him is dismissed with prejudice, he may immediately upon the acquittal or dismissal orally request that the records relating to the charge be sealed. Upon such request and with the concurrence of the attorney for the Commonwealth, the court shall order the automatic sealing of records relating to the arrest or charge under the process described in § 19.2-392.13.

C. If the court enters an order of sealing pursuant to subsection A or B, the court shall advise the person that the offense has been ordered to be automatically sealed.

D. Any denial by the court to enter a sealing order under subsection A or B shall be without prejudice, and the person may seek expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order under subsection A or B shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

E. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

F. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.11. (For effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Automatic sealing of misdemeanor offenses resulting in acquittal, nolle prosequi, or dismissal for persons with no convictions or deferred and dismissed offenses on their criminal history record.

A. On at least an annual basis, the Department of State Police shall *electronically* review the Central Criminal Records Exchange and identify all persons with finalized misdemeanor case dispositions *with an offense date on or after January 1, 1986,* that resulted in (i) an acquittal, (ii) a nolle prosequi, or (iii) a dismissal, excluding any charge that was deferred and dismissed after a finding of facts sufficient to justify a finding of guilt, where the criminal history record of such person contains no convictions for any criminal offense for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 and where such criminal history record contains no arrests or charges for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 in the past three years, excluding traffic infractions under Title 46.2. For purposes of this subsection, any offense on the person's criminal history record that has previously been ordered to be sealed shall not be deemed a conviction.

B. Upon identification of the finalized case dispositions under subsection A, the Department of State Police shall provide an electronic list of such offenses to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502. *The Department of State Police shall not be required to include an offense on such list if it cannot be determined by an electronic review whether the offense is eligible for automatic sealing.*

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least an annual basis the Executive Secretary of the Supreme Court shall provide an electronic list of such offenses to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

D. Upon receipt of the electronic list provided under subsection B or C, on at least an annual basis the clerk of each circuit court shall prepare an order and the chief judge *or presiding judge* of that circuit court shall enter such order directing that the offenses be automatically sealed under the process described in § 19.2-392.13. Such order shall contain the names of the persons charged with such offenses. The clerk of each circuit court shall maintain a copy of all orders entered pursuant to this subsection under seal.

E. The clerk of each circuit court shall provide an electronic notification of any order entered under subsection D to the Department of State Police on at least an annual basis. Upon receipt of such electronic notification, the Department of State Police shall proceed as set forth in § 19.2-392.13.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. This section shall not be construed as prohibiting a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order pursuant to this section shall not prohibit a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

H. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

~~I. If an offense is automatically sealed pursuant to the procedure set forth in this section and such offense was not ordered to be automatically sealed at the time of acquittal, nolle prosequi, or dismissal for one or more of the reasons set forth in § 19.2-392.8, the automatic sealing of such offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.~~

§ 19.2-392.12. (For effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Sealing of offenses resulting in a deferred and dismissed disposition or conviction by petition.

A. Except ~~for a conviction or deferral and dismissal of a violation of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24~~ *as provided in subsection L*, a person who has been convicted of or had a charge deferred and dismissed for a (i) misdemeanor ~~offense~~, (ii) Class 5 or 6 felony, or (iii) violation of § 18.2-95 or any other felony offense in which the defendant is deemed guilty of larceny and punished as provided in § 18.2-95*, where the offense date for such misdemeanor or felony was on or after January 1, 1986,* may file a petition setting forth the relevant facts and requesting sealing of the criminal history record information and court records ~~relating~~ *related* to the charge or conviction~~, provided that such person has (a) never been convicted of a Class 1 or 2 felony or any other felony punishable by imprisonment for life, (b) not been convicted of a Class 3 or 4 felony within the past 20 years, and (c) not been convicted of any other felony within the past 10 years of his petition~~. *In addition to requesting the sealing of a charge or conviction, such petition may also request the sealing of any specifically identified ancillary matter related to such charge or conviction.*

B. A person shall not be required to pay any *court* fees or costs for filing a petition pursuant to this section ~~if such person files a petition to proceed without the payment of fees and costs, and the court with which such person files his petition finds such person to be indigent pursuant to § 19.2-159~~.

C. The petition with a copy of the warrant, summons, or indictment, if reasonably available, shall be filed in the circuit court of the county or city in which the case was disposed of and shall contain, except when not reasonably available, the date of arrest, the name of the arresting agency, ~~and~~ the date of conviction *or deferred dismissal, and the case number associated with each court record that is the subject of the petition*. When this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the charge or conviction *and any ancillary matters* to be sealed; the date of final disposition of the charge or conviction *and any ancillary matters* as set forth in the petition; the petitioner's date of birth, sex, race, and social security number, if available; and the full name used by the

petitioner at the time of arrest or summons. A petition may request the sealing of the criminal history record information and court records for multiple charges or convictions *and ancillary matters* as set forth in subsection A provided that all such charges and convictions arose out of the same transaction or occurrence and all such charges *and convictions* are eligible for sealing. A petition may not request the sealing of the criminal history record information and court records for multiple charges or convictions that arose out of different transactions or occurrences*, except that ancillary matters shall not be treated as separate transactions or occurrences*. A petitioner may only have two petitions granted pursuant to this section within his lifetime. ~~Any petition that is granted (i) solely to seal a violation of subsection A of § 18.2-265.3 as it relates to marijuana, (ii) solely to seal a violation of § 4.1-305, or (iii) to seal a violation of both subsection A of § 18.2-265.3 as it relates to marijuana and § 4.1-305 arising out of the same transaction or occurrence shall not count against the petitioners' lifetime maximum.~~

D. The Commonwealth shall be made party to the proceeding. The petitioner shall provide a copy of the petition by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within ~~21~~ *30* days after it is delivered to him or received in the mail.

E. In addition to the filing of the petition under subsection C, the petitioner shall request that the Central Criminal Records Exchange (CCRE) electronically forward a copy of the petitioner's Virginia *and national* criminal history record to the circuit court in which the petition was filed. Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court. Upon completion of the hearing, the court shall cause the criminal history record to be destroyed unless, within 30 days of the date of the entry of the final order in the matter, the petitioner or the attorney for the Commonwealth notes an appeal ~~to the Supreme Court of Virginia~~ *as provided by law in civil cases*.

F. After receiving the criminal history record of the petitioner, the court may conduct a hearing on the petition. The court shall enter an order requiring the sealing of the criminal history record information and court records, including electronic records, ~~relating~~ *related* to the charge or conviction, only if the court finds that all criteria in subdivisions 1 through ~~4~~ *6* are met, as follows:

1. *The petitioner has (i) never been convicted of a Class 1 or 2 felony or any other felony punishable by imprisonment for life, (ii) not been convicted of a Class 3 or 4 felony within the past 20 years, and (iii) not been convicted of any other felony within the past 10 years from the date the petition was filed.*

2. During a period after the date of (i) dismissal of a deferred charge, (ii) conviction, ~~or~~ (iii) release from incarceration ~~of~~ *on* the charge or conviction set forth in the petition*, (iv) a finding that the person was in violation of a suspended sentence, probation, or parole related to the charge or conviction set forth in the petition, or (v) release from incarceration following a finding that the person was in violation of a suspended sentence, probation, or parole related to the charge or conviction set forth in the petition*, whichever date occurred later, the ~~person~~ *petitioner* has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, for:

a. Seven years for any misdemeanor offense; or

b. Ten years for any felony offense;

~~2.~~ *3.* If the records relating to the offense indicate that the occurrence leading to the deferral or conviction involved the use or dependence upon alcohol or any narcotic drug or any other self-administered intoxicant or drug of whatsoever nature, the petitioner has demonstrated his rehabilitation;

~~3.~~ *4. If the petitioner was ordered by a court to pay restitution as a condition of any charge, conviction, or ancillary matter that is the subject of the petition, such restitution has been paid in full;*

5. The petitioner has not previously obtained the sealing of two other deferrals or convictions arising out of different sentencing events *under this section*; and

~~4.~~ *6.* The continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner.

G. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) stipulates in such written notice that the petitioner is eligible to have such offense sealed, and the continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner, the court may enter an order of sealing without conducting a hearing.

H. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

I. Upon the entry of an order of sealing, the clerk of the court shall maintain a copy of such order under seal and shall cause an electronic notification of such order to be forwarded to the Department of State Police. Such electronic notification shall contain the petitioner's full name, date of birth, sex, race, and social security number, if available, and the full name used by the petitioner at the time of arrest or summons, as well as the petitioner's state identification number from the criminal history record, the court case number of the charge ~~or~~*,* conviction*, or ancillary matter* to be sealed, if available, and the document control number, if available. *The Department of State Police shall validate the accuracy of any criminal history record ordered to be sealed pursuant to this section but shall not validate whether such record is eligible for sealing.*

Upon receipt of such electronic notification, the Department of State Police shall seal such records in accordance with § 19.2-392.13. When sealing such charge ~~or~~, conviction*, or ancillary matter*, the Department of State Police shall include a notation on the criminal history record that such offense was sealed pursuant to this section. The Department of State Police shall also electronically notify the Office of the Executive Secretary of the Supreme Court and any other agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated in accordance with § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

J. ~~Costs shall be as provided by § 17.1-275 but shall not be recoverable against the Commonwealth. Any costs collected pursuant to this section shall be deposited in the Sealing Fee Fund created pursuant to § 17.1-205.1.~~

~~K.~~ Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order for the sealing of records contrary to law shall be voidable upon motion and notice made within two years of the entry of such order.

~~L. If a petitioner qualifies to file a petition for sealing of records without the payment of fees and costs pursuant to subsection B and has requested court-appointed counsel, the court shall then appoint counsel to file the petition for sealing of records and represent the petitioner in the sealed records proceedings. Counsel appointed to represent such a petitioner shall be compensated for his services subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, in a total amount not to exceed $120, as determined by the court, and such compensation shall be paid from the Sealing Fee Fund as provided in § 17.1-205.1.~~

~~M.~~ *K.* A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

~~N. A conviction or deferral and dismissal of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24 is~~ *L. The following offenses are* ineligible for ~~the~~ sealing ~~of records~~ under this section*:*

1. Sections 4.1-309.1, 5.1-13, 18.2-36, 18.2-36.1, 18.2-36.2, and 18.2-47; subsection A of § 18.2-49.1; § 18.2-51.5; subsection C of § 18.2-57; §§ 18.2-57.2, 18.2-57.3, 18.2-59.1, 18.2-60, 18.2-60.3, 18.2-60.5, 18.2-130, 18.2-130.1, 18.2-144, 18.2-144.1, 18.2-154, 18.2-178.1, 18.2-266, 18.2-266.1, 18.2-268.3, 18.2-282.1, and 18.2-324.2; former subsection B of 18.2-346; and §§ 18.2-405, 18.2-406, 18.2-472.1, 19.2-62, 29.1-738, 29.1-738.02, 29.1-738.2, 37.2-912, 40.1-100.2, 40.1-103, 46.2-341.24, and 46.2-341.26:3;

2. Any violation of any offense under § 9.1-902 for which registration with the Sex Offender and Crimes Against Minors Registry is required;

3. Any violation of any violent felony offense listed under subsection C of § 17.1-805;

4. Any violation of any felony offense not listed as a violent felony under subsection C of § 17.1-805 where the person utilized a firearm, as defined in § 18.2-308.2:2, as part of the transaction or occurrence in the underlying offense to be sealed, unless such person's right to possess, transport, or carry a firearm, ammunition for a firearm, or a stun weapon has been restored pursuant to § 18.2-308.2;

5. Any violation of an emergency, preliminary, or permanent protective order issued pursuant to Article 4 (§ 16.1-246 et seq.) of Chapter 11 of Title 16.1 or Chapter 9.1 (§ 19.2-152.7:1 et seq.) or any family abuse protective order issued pursuant to Article 9 (§ 16.1-278 et seq.) of Chapter 11 of Title 16.1;

6. Any violation of any hate crime as defined in § 52-8.5;

7. Any violation of Article 9 (§ 3.2-6570 et seq.) of Chapter 65 of Title 3.2;

8. Any violation of Title 24.2 (§ 24.2-100 et seq.);

9. Any violation involving the possession and distribution of flunitrazepam pursuant to § 18.2-251.2 or the possession of Gamma hydroxybutyric acid (some other names include GHB; gamma hydroxybutyrate; 4-hydroxybutyrate; 4-hydroxybutanoic acid; sodium oxybate; sodium oxybutyrate) pursuant to § 18.2-250;

10. Any violation where a person was found not guilty by reason of insanity;

11. Any conspiracy, attempt, or solicitation, and any principal in the second degree, accessory before the fact, or accessory after the fact, or any similar ordinance of any county, city, or town, for any offense deemed ineligible under this subsection;

12. Any conspiracy, attempt, or solicitation, and any principal in the second degree, accessory before the fact, or accessory after the fact where the completed substantive offense would be punishable as a Class 1, 2, 3, or 4 felony or by a term of imprisonment of more than 10 years, with the exception of a violation of § 18.2-95 or any other felony offense in which the defendant is deemed guilty of larceny and punished as provided in § 18.2-95;

13. Any violation of any offense where the person was prohibited by the court from possessing or owning a companion animal as a result of the transaction or occurrence in the underlying offense to be sealed, while such prohibition remains in effect;

14. Any violation of Article 6 (§ 3.2-6537 et seq.) of Chapter 65 of Title 3.2 that involved a dangerous or vicious dog as a part of the transaction or occurrence in the underlying offense to be sealed, while the person continues to own or possess such dog;

15. Any violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;

16. Any violation of Article 3 (§ 18.2-346 et seq.) of Chapter 8 of Title 18.2, with the exception of § 18.2-346, former subsection A of § 18.2-346, and § 18.2-347;

17. Any violation of Article 4 (§ 18.2-362 et seq.) of Chapter 8 of Title 18.2, with the exception of §§ 18.2-365, 18.2-371.2, 18.2-371.3, and 18.2-371.4;

18. Any violation of Article 5 (§ 18.2-372 et seq.) of Chapter 8 of Title 18.2, with the exception of § 18.2-388; and

19. Any offense where the victim of the crime to be sealed was a family or household member, as defined in § 16.1-228, of the person.

~~O.~~ *M.* Nothing in this chapter shall prohibit the circuit court from entering an order to seal a charge ~~or~~, conviction, *or ancillary matter* under this section when such charge ~~or~~, conviction, *or ancillary matter* is eligible for sealing under some other section of this chapter.

§ 19.2-392.12:1. Sealing of charges and convictions related to automatic sealing; petition.

A. A person who has been convicted of or had a charge deferred and dismissed for a violation of § 4.1-305; a misdemeanor violation of § 18.2-96 or 18.2-103; a violation of § 18.2-119, 18.2-120, or 18.2-134; a misdemeanor violation of § 18.2-248.1; a violation of subsection A of § 18.2-265.3; or a violation of § 18.2-415, where the offense date for any such offense was on or after January 1, 1986, may file a petition setting forth the relevant facts and requesting the sealing of the criminal history record information and court records relating to the charge or conviction. In addition to requesting the sealing of a charge or conviction, such petition may also request the sealing of any specifically identified ancillary matter related to such charge or conviction.

B. A person who had a conviction or offense automatically sealed pursuant to § 19.2-392.7 or 19.2-392.11 where the offense date for such conviction or offense was on or after January 1, 1986, or who had an offense sealed pursuant to § 19.2-392.6:1 regardless of the date of the offense, may file a petition setting forth the relevant facts and requesting sealing of the criminal history record information and court records of any specifically identified ancillary matter related to that charge or conviction.

C. A person shall not be required to pay any court fees or costs for filing a petition pursuant to this section.

D. The petition under subsection A or B, with a copy of the warrant, summons, or indictment, if reasonably available, shall be filed in the circuit court of the county or city in which the case was disposed of and shall contain, except when not reasonably available, (i) the date of arrest; (ii) the name of the arresting agency; (iii) the date of conviction, deferred dismissal, or final disposition of any ancillary matter; and (iv) the case number associated with each court record that is the subject of the petition. When this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state (a) the charge, conviction, or ancillary matter to be sealed; (b) the date of final disposition of the charge, conviction, or ancillary matter as set forth in the petition; (c) the petitioner's date of birth, sex, race, and social security number, if available; and (d) the full name used by the petitioner at the time of arrest or summons. A petition may request the sealing of the criminal history record information and court records for multiple charges, convictions, or ancillary matters as set forth in subsections A and B, provided that all such charges, convictions, and ancillary matters are eligible for sealing under this section. A petition may not request the sealing of the criminal history record information and court records where the charge, conviction, or ancillary matter was finalized on the same date as a conviction or deferred dismissal that is not eligible for sealing under this section.

E. A petitioner is not limited in the number of petitions that may be granted pursuant to this section within his lifetime. Any petition granted pursuant to this section shall not be counted toward the lifetime maximum of two petitions set forth in § 19.2-392.12.

F. The Commonwealth shall be made party to the proceeding. The petitioner shall provide a copy of the petition under subsection A or B by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the county or city in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 30 days after it is delivered to him or received in the mail.

G. In addition to the filing of the petition under subsection D, the petitioner shall request that the Central Criminal Records Exchange (CCRE) electronically forward a copy of the petitioner's Virginia and national criminal history record to the circuit court in which the petition was filed. Upon receiving such request, the CCRE shall electronically forward such record to the circuit court; however, if the circuit court is unable to receive an electronic transmission, the CCRE shall forward a copy of such record to the circuit court which shall be maintained under seal by the clerk unless otherwise ordered by the court. Upon completion of the hearing, the court shall cause the criminal history record to be destroyed unless, within 30 days of the date of the entry of the final order in the matter, the petitioner or the attorney for the Commonwealth notes an appeal as provided by law in civil cases.

H. After receiving the criminal history record of the petitioner, the court may conduct a hearing on the petition.

I. For a petition filed pursuant to subsection A, the court shall enter an order requiring the sealing of the records related to the charge, conviction, or ancillary matter if the court finds that seven years have passed since the date of conviction or of dismissal of the deferred charge listed in subsection A and the petitioner has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, during that time period.

J. For a petition filed pursuant to subsection B, the court shall enter an order to seal the ancillary matter if the charge or conviction identified in the petition has been sealed pursuant to § 19.2-392.6:1, 19.2-392.7, or 19.2-392.11.

K. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection F that he does not object to the petition and (ii) stipulates in such written notice that the petitioner is eligible to have such charge, conviction, or ancillary matter sealed, the court may enter an order of sealing without conducting a hearing.

L. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

M. Upon the entry of an order of sealing, the clerk of the court shall maintain a copy of such order under seal and shall cause an electronic notification of such order to be forwarded to the Department of State Police. Such electronic notification shall contain (i) the petitioner's full name, date of birth, sex, race, and social security number, if available; (ii) the full name used by the petitioner at the time of arrest or summons; (iii) the petitioner's state identification number from the criminal history record; (iv) the court case number of the charge, conviction, or ancillary matter to be sealed, if available; and (v) the document control number, if available. The Department of State Police shall validate the accuracy of any criminal history record ordered to be sealed pursuant to this section but shall not validate whether such record is eligible for sealing. Upon receipt of such electronic notification, the Department of State Police shall seal such records in accordance with § 19.2-392.13. The Department of State Police shall also electronically notify the Office of the Executive Secretary of the Supreme Court and any other agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated in accordance with § 19.2-392.13.

N. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court entered an order for the sealing of records contrary to law shall be voidable upon motion and notice made within two years of the entry of such order.

O. A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13.

P. Nothing in this chapter shall prohibit the circuit court from entering an order to seal a charge, conviction, or ancillary matter under this section when such charge, conviction, or ancillary matter is eligible for sealing under some other section of this chapter.

§ 19.2-392.13. (For effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Disposition of records when an offense is sealed; permitted uses of sealed records.

A. Upon electronic notification that a court order for sealing has been entered pursuant to § 19.2-392.7, ~~19.2-392.8~~ *19.2-392.10*, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or upon the sealing of an offense without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17*, the Department of State Police shall not disseminate any criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed, except for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Upon receipt of such electronic notification, the Department of State Police shall electronically notify those agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Any records maintained electronically that are transformed or transferred by whatever means to an offline system or to a confidential and secure area inaccessible from normal use within the system in which the record is maintained shall be considered sealed, provided that such records are accessible only to the manager of the records or their designee.

B. Upon entry of a court order for sealing pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or upon the sealing of an offense without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17*, the Executive Secretary of the Supreme Court and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 shall ensure that the court record of such arrest, charge, or conviction is not available for public online viewing as directed by subsections B and C of § 17.1-293.1. Additionally, upon entry of such an order for sealing, the clerk of *the* court shall not disseminate any court record of such arrest, charge, or conviction, except as provided in subsections D and E.

C. Records relating to an arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, 19.2-392.12:1, or upon the sealing of an offense without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17,* shall not be open for public inspection or otherwise disclosed, provided that such records may be disseminated and used for the following purposes: (i) to make the determination as provided in § 18.2-308.2:2 *or through the National Instant Criminal Background Check System* of eligibility to possess or purchase a firearm; (ii) for fingerprint comparison utilizing the fingerprints maintained in the Automated Fingerprint Information System; (iii) to the Virginia Criminal Sentencing Commission, the Virginia State Crime Commission, and the Joint Legislative Audit and Review Commission for research purposes; (iv) to any full-time or part-time employee of the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof for the purpose of screening any person for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof; (v) to the State Health Commissioner or his designee for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (vi) to

any full-time or part-time employee of the Department of Forensic Science for the purpose of screening any person for full-time or part-time employment with the Department of Forensic Science; (vii) to the chief law-enforcement officer of a locality, or his designee who shall be an individual employed as a public safety official of the locality, that has adopted an ordinance in accordance with §§ 15.2-1503.1 and 19.2-389 for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (viii) to any full-time or part-time employee of the Department of Motor Vehicles, any employer as defined in § 46.2-341.4, or any medical examiner as defined in 49 C.F.R. § 390.5 for the purpose of complying with the regulations of the Federal Motor Carrier Safety Administration; (ix) to any employer or prospective employer or its designee where federal law requires the employer to inquire about prior criminal charges or convictions; (x) to any employer or prospective employer or its designee where the position that a person is applying for, or where access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; (xi) to any person authorized to engage in the collection of court costs, fines, or restitution under subsection C of § 19.2-349 for purposes of collecting such court costs, fines, or restitution; (xii) to administer and utilize the DNA Analysis and Data Bank set forth in Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18; (xiii) to publish decisions of the Supreme Court, Court of Appeals, or any circuit court; (xiv) to any full-time or part-time employee of a court, the Office of the Executive Secretary, the Division of Legislative Services, or the Chairs of the House and Senate Committees for Courts of Justice for the purpose of screening any person for full-time or part-time employment as a clerk, magistrate, or judge with a court or the Office of the Executive Secretary; (xv) to any employer or prospective employer or its designee where this Code or a local ordinance requires the employer to inquire about prior criminal charges or convictions; (xvi) to any employer or prospective employer or its designee that is allowed access to such sealed records in accordance with the rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134; (xvii) to any business screening service for purposes of complying with § 19.2-392.16; (xviii) to any attorney for the Commonwealth and any person accused of a violation of law, or counsel for the accused, in order to comply with any constitutional and statutory duties to provide exculpatory, mitigating, and impeachment evidence to an accused; (xix) to any party in a criminal or civil proceeding for use as authorized by law in such proceeding; (xx) to any party for use in a protective order hearing as authorized by law; (xxi) to the Department of Social Services or any local department of social services for purposes of performing any statutory duties as required under Title 63.2; (xxii) to any party in a proceeding relating to the care and custody of a child for use as authorized by law in such proceeding; (xxiii) to the attorney for the Commonwealth and the court for purposes of determining eligibility for sealing pursuant to the provisions of § 19.2-392.12, whether the court or parties failed to strictly comply with sealing procedures, or whether an order for sealing was entered contrary to law; (xxiv) to determine a person's eligibility to be empaneled as a juror; ~~and~~ (xxv) *to the Auditor of Public Accounts for audit purposes; (xxvi) to the Department of Behavioral Health and Developmental Services and any entity defined under § 37.2-100 for purposes of providing any services or functions as defined in such section; (xxvii) to the attorney for the Commonwealth, the defendant or his counsel, any magistrate, any local community-based probation services agency or pretrial services agency, the Department of State Police, any police department, any sheriff's office, any campus police department, the Department of Corrections, any court, and the Virginia Criminal Sentencing Commission for the purposes set forth in subsection H of § 19.2-392.5; and (xxviii)* to the person arrested, charged, or convicted of the offense that was sealed.

C1. In addition to the purposes set forth in subsection C, a sealed record may be disseminated without a court order within or between any department, division, board, bureau, commission, branch, authority or other agency created by the Commonwealth, or to which the Commission is a party or any political subdivision thereof, or with any federal agency, for the purpose of administering any duties or functions required by state or federal law. Nothing in this subsection shall authorize a business screening service to allow dissemination of a sealed record due to its continued existence in any such record.

D. Upon request from any person to access a paper or a digital image of a court record, the clerk of *the* court shall determine whether such record is open to public access and inspection. If the clerk of *the* court determines that the court record has been sealed, such record shall not be provided to the requestor without an order from the court that entered the order to seal the court record *or from the court in which the final disposition was entered if the offense was sealed without the entry of a court order*. Any order from a court that allows access to a paper or a digital image of a court record that has been sealed shall only be issued for one or more of the purposes set forth in subsection C. Such order to access a paper or a digital image of a court record that has been sealed shall allow the requestor to photocopy such court record. No fee shall be charged to any person filing a motion to access a paper or a digital image of a court record that has been sealed if the person filing such motion is the same person who was arrested, charged, or convicted of the offense that was sealed.

E. No access shall be provided to electronic records in an appellate court, circuit court, or district court case management system *or other system containing electronic case information* maintained by the Executive Secretary of the Supreme Court or in a case management system maintained by a clerk of the circuit court for any arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.11, ~~or~~ 19.2-392.12*, 19.2-392.12:1, or upon the sealing of an offense without a court order pursuant to § 19.2-392.6:1 or 19.2-392.17*, except to *(i)* the Virginia Criminal Sentencing Commission, the Virginia State Crime Commission, and the Joint Legislative Audit and Review Commission for research purposes*; (ii) the Auditor of Public Accounts for audit purposes; (iii) any person authorized to*

engage in the collection of court costs, fines, or restitution under subsection C of § 19.2-349 for the purposes of collection of such court costs, fines, or restitution; and (iv) any person authorized to submit a request for payment to the Office of the Executive Secretary of the Supreme Court for services provided in a criminal case. ~~Such electronic~~ *Electronic* records may be disseminated ~~to the Virginia Criminal Sentencing Commission, the Virginia State Crime Commission, and the Joint Legislative Audit and Review Commission~~ *as authorized in this subsection* without a court order.

F. If a pleading or case document in a court record that was sealed is included among other court records that have not been ordered to be sealed, the clerk of *the* court shall not be required to prohibit dissemination of that record. ~~The Supreme Court, Court of Appeals, and any~~ *If an appellate court record contains court records that have been sealed, with or without a court order, and court records that have not been sealed, the clerk of the Supreme Court or Court of Appeals shall not be required to prohibit dissemination of such appellate record. Any* circuit court shall not be required to prohibit dissemination of any published or unpublished opinion relating to an arrest, charge, or conviction that was ordered to be sealed. *The Supreme Court and Court of Appeals shall not be required to prohibit dissemination of any (i) published or unpublished opinion, order, or summary of a case; (ii) court records for matters in which the Supreme Court or Court of Appeals has original jurisdiction; or (iii) appellate court record of a traffic infraction under Title 46.2 that is not punishable as a criminal offense relating to an arrest, charge, or conviction that was sealed. A clerk of the court shall not be required to redact information pertaining to a court record that has been sealed in any reports or electronic transmissions of case information that are required by statute or prepared and distributed to a state or local government entity in the normal course of business. Nothing in this subsection shall authorize a business screening service to allow dissemination of a sealed record due to its continued existence in any appellate record.*

G. *The clerk of any circuit court shall not be required to redact any sealed record contained in (i) an order book or order book index; (ii) a land record, as defined in subsection B of § 17.1-292; or (iii) on microfilm or microfiche. The clerk of any circuit court shall not be required to redact or seal any paper record for an offense that has been sealed pursuant to § 19.2-392.6:1 or 19.2-392.17. The clerk of any circuit court who physically removes the paper record of the primary case file for any other charge or conviction that has been sealed and maintains that file in a physically secure location that is not accessible to the public shall be in compliance with the requirement to seal the paper record. For the purposes of this subsection, the primary case file includes the indictment or warrant and any other papers relating to any proceedings on such indictment or warrant. Nothing in this subsection shall authorize a business screening service to allow dissemination of a sealed record due to its continued existence in any such record.*

H. The Department of Motor Vehicles shall not seal any conviction or any charge that was deferred and dismissed after a finding of facts sufficient to justify a finding of guilt (i) in violation of federal regulatory record retention requirements or (ii) in violation of federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of a conviction or deferral and dismissal ordered to be sealed. Upon receipt of *an electronic notification of* an order directing that an offense be sealed, the Department of Motor Vehicles shall seal all records if the federal regulatory record retention period has run and all federal program requirements associated with a suspension have been satisfied. However, if the Department of Motor Vehicles cannot seal an offense pursuant to this subsection at the time it is ordered, the Department of Motor Vehicles shall (a) notify the Department of State Police of the reason the record cannot be sealed and cite the authority prohibiting sealing at the time it is ordered; (b) notify the Department of State Police of the date, if known at the time when the sealing is ordered, on which such record can be sealed; (c) seal such record on that date; and (d) notify the Department of State Police when such record has been sealed within the Department of Motor Vehicles' records.

I. The Library of Virginia shall not be required to seal any court records in its possession, provided that such records are not accessible or disseminated to the public.

~~H.~~ *J.* No arrest, charge, or conviction that has been sealed may be used to impeach the credibility of a testifying witness at any hearing or trial unless (i) its probative value, supported by specific facts and circumstances, substantially outweighs its prejudicial effect and (ii) the proponent gives an adverse party reasonable written notice of the intent to use it so that the party has a fair opportunity to contest its use.

~~I.~~ *K.* The provisions of this section shall not prohibit the disclosure of sealed criminal history record information or any information from such records among law-enforcement officers and attorneys when such disclosures are made by such officers or attorneys while engaged in the performance of their duties for purposes solely relating to the disclosure or use of exculpatory, mitigating, and impeachment evidence or between attorneys for the Commonwealth when related to the prosecution of a separate crime.

§ 19.2-392.14. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Disclosure of sealed records; penalty.

A. It is unlawful for any ~~person~~ *employee of any department, division, board, bureau, commission, branch, authority, or other agency created by the Commonwealth, or to which the Commonwealth is a party or any political subdivision thereof,* having or acquiring access to sealed criminal history record information or a court record, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, *19.2-392.10,* 19.2-392.11, ~~or~~ 19.2-392.12*, or 19.2-392.12:1, or that was sealed without entry of a court order pursuant to § 19.2-392.6:1 or 19.2-392.17*, to disclose such record or any information from such record to another person, except in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

B. A clerk of *the* court shall not be in violation of this section if such clerk informs a person requesting access to a sealed court record that such court record has been sealed and can only be accessed pursuant to a court order.

C. Any person who ~~willfully~~ *knowingly and intentionally* violates this section is guilty of a Class 1 misdemeanor. ~~Any person who maliciously and intentionally violates this section is guilty of a Class 6 felony.~~

§ 19.2-392.16. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Dissemination of criminal history records and traffic history records by business screening services.

A. For the purposes of this section:

"Business screening service" means a person engaged in the business of collecting, assembling, evaluating, or disseminating Virginia criminal history records or traffic history records on individuals.

"Business screening service" does not include any government entity or the news media.

"Criminal history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, or release.

"Delete" means that a criminal history record *or a traffic history record* shall not be disseminated in any manner, except to any entity authorized to receive and use such information pursuant to § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134, but may be retained in order to resolve any disputes relating to this section, the accuracy of the record consistent with the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801 et seq.

"Sealed possession of marijuana record" means any criminal or civil offense that concluded with any final disposition as a charge or conviction of former § 18.2-250.1 which has been sealed without the entry of a court order pursuant to § 19.2-392.6:1.

"Sealed record" means a Virginia criminal history record or a traffic history record that has been sealed pursuant to § 19.2-392.7, *19.2-392.8,* 19.2-392.10, 19.2-392.11, ~~or~~ 19.2-392.12*, 19.2-392.12:1, or 19.2-392.17*.

"Traffic history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal traffic infraction charges, and any disposition arising therefrom.

B. If a business screening service knows that a criminal history record or a traffic history record ~~has been~~ *is a* sealed *record or a sealed possession of marijuana record, regardless of the source of the record*, the business screening service shall promptly delete the record.

C. A business screening service shall register with the Department of State Police to electronically receive ~~copies~~ *notifications* of orders of sealing provided to the Department of State Police pursuant to §§ 19.2-392.7, *19.2-392.8,* 19.2-392.10, 19.2-392.11, ~~and~~ 19.2-392.12*, and 19.2-392.12:1*. The Department of State Police may charge an annual licensing fee to the business screening service for accessing such information, with ~~a portion of~~ such fee to be used to cover the cost of providing such records ~~and the remainder of such fee to be deposited into the Sealing Fee Fund pursuant to § 17.1-205.1~~. The contract between the Department of State Police and the business screening service shall prohibit dissemination *of the electronic notifications* of the orders of sealing and shall require compliance by the business screening service with the provisions of subsections D, E, and F. The *electronic notifications of the* orders of sealing received by the business screening service *and all information contained therein* shall remain confidential and shall not be disseminated or resold. The *electronic notifications of the* orders of sealing shall be used for the sole purpose of deleting criminal history records that have been sealed. The business screening service shall ~~destroy~~ *delete* the ~~copies~~ *electronic notifications* of the orders of sealing after deleting the information contained in such orders from sealed records. The Department of State Police shall require that the business screening service seeking access to the information identify themselves, certify the purposes for which the information is sought, and certify that the information will be used for no other purpose. The Department of State Police shall further require that a business screening service acknowledge receipt of all electronic ~~copies~~ *notifications* of *the* orders of sealing provided by the Department of State Police. The Department of State Police shall maintain *and publicly post* a ~~public~~ list ~~within~~ *on* its website identifying the business screening services that are licensed to receive such records.

D. A business screening service that disseminates a criminal history record or a traffic history record on or after the effective date of this section shall include the date when the record was collected by the business screening service and a notice that the information may include records that have been sealed since that date.

E. A business screening service shall implement and follow reasonable procedures to assure that it does not maintain or sell criminal history records or traffic history records that are inaccurate or incomplete. If the completeness or accuracy of a criminal history record or traffic history record maintained by a business screening service is disputed by the individual who is the subject of the record, the business screening service shall, without charge, investigate the disputed record. If, upon investigation, the business screening service determines that the record does not accurately reflect the content of the official record, the business screening service shall correct the disputed record so as to accurately reflect the content of the official record. If the disputed record is found to have been sealed pursuant to § *19.2-392.6:1,* 19.2-392.7, *19.2-392.8,* 19.2-392.10, 19.2-392.11, ~~or~~ 19.2-392.12*, 19.2-392.12:1, or 19.2-392.17*, the business screening service shall promptly delete the record. A business screening service may terminate an investigation of a disputed record if the business screening service

reasonably determines that the dispute is frivolous, which may be based on the failure of the subject of the record to provide sufficient information to investigate the disputed record. Upon making a determination that the dispute is frivolous, the business screening service shall inform the subject of the record of the specific reasons why it has determined that the dispute is frivolous and shall provide a description of any information required to investigate the disputed record. The business screening service shall notify the subject of the disputed record of the correction or deletion of the record or of the termination or completion of the investigation related to the record within 30 days of the date when the business screening service receives notice of the dispute from the subject of the record.

F. A business screening service shall implement procedures for individuals to submit a request to obtain their own criminal history record and traffic history record information maintained by the business screening service and any other information that may be sold to another entity by the business screening service regarding the individual.

G. A business screening service that violates this section is liable to the person who is the subject of the criminal history record or traffic history record for a penalty of $1,000 or actual damages caused by the violation, whichever is greater, plus costs and reasonable attorney fees. Within 10 days of service of any suit by an individual, the business screening service may make a cure offer in writing to the individual claiming to have suffered a loss as a result of a violation of this section. Such offer shall be in writing and include one or more things of value, including the payment of money. A cure offer shall be reasonably calculated to remedy a loss claimed by the individual, as well as any attorney fees or other fees, expenses, or other costs of any kind that such individual may incur in relation to such loss. No cure offer shall be admissible in any proceeding initiated under this section, unless the cure offer is delivered by the business screening service to the individual claiming loss or to any attorney representing such individual prior to the filing of the business screening service's initial responsive pleading in such proceeding. The business screening service shall not be liable for such individual's attorney fees and court costs incurred following delivery of the cure offer unless the actual damages found to have been sustained and awarded, without consideration of attorney fees and court costs, exceed the value of the cure offer.

H. The Attorney General may file a civil action to enforce this section. If the court finds that a business screening service has willfully engaged in an act or practice in violation of this section, the Attorney General may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than $2,500 per violation. For the purposes of this section, prima facie evidence of a willful violation may be shown when the Attorney General notifies the alleged violator by certified mail that an act or practice is a violation of this section and the alleged violator, after receipt of said notice, continues to engage in the act or practice. In any civil action pursuant to this subsection, in addition to any civil penalty awarded, the Attorney General may also recover any costs and reasonable expenses incurred by the state in investigating and preparing the case, not to exceed $1,000 per violation, and attorney fees. Such additional costs and expenses shall be paid into the general fund of the Commonwealth.

I. A business screening service that disseminates criminal history records or traffic history records in the Commonwealth is deemed to have consented to service of process in the Commonwealth and to the jurisdiction of courts of the Commonwealth for actions involving a violation of this section or for the recovery of remedies under this section.

J. A business screening service that is a consumer reporting agency and that is in compliance with the applicable provisions of the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801 et seq., is considered to be in compliance with the comparable provisions of this section. A business screening service is subject to the state remedies under this section if its actions would violate this section and federal law.

K. Any business screening service or person who engages in the conduct of a business screening service, as set forth this this section, that fails to register with the Department of State Police as required by subsection C and that disseminates criminal history records or traffic history records in the Commonwealth may be subject to (i) suit by any person injured by such dissemination and (ii) enforcement actions by the Attorney General as set forth in subsection H.

L. Nothing in this section shall prohibit the prosecution of any person who knowingly and intentionally violates the provisions of § 19.2-392.14.

§ 19.2-392.17. (For contingent effective date, see Acts 2021, Sp. Sess. I, cc. 524 and 542) Traffic infractions deemed sealed.

A. ~~Any~~ *Except as provided in subsection F of § 19.2-392.13, any* record of a traffic infraction under Title 46.2 *with an offense date on or after January 1, 1986,* that is not punishable as a criminal offense shall be deemed to be sealed after 11 years from the date of final disposition of the offense, unless such sealing is prohibited under federal or state law. *The Central Criminal Records Exchange, any court, any police department, sheriff's office, or campus police department, and the Department of Motor Vehicles shall identify and seal the records of any such infraction in its possession.* No record of any such traffic infraction shall be disseminated, unless such dissemination is authorized pursuant to § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

B. The Department of Motor Vehicles shall not seal any traffic infraction under Title 46.2 (i) in violation of federal regulatory record retention requirements or (ii) in violation of federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of the traffic infraction that was ~~ordered to be~~ *deemed* sealed *pursuant to subsection A*. ~~Upon receipt of an order directing that a traffic infraction be sealed, the~~ *The* Department of Motor Vehicles shall seal all records *deemed to be sealed pursuant to subsection A* if the federal regulatory record retention period has run and all federal program requirements associated with a suspension have been satisfied. ~~However, if the Department of Motor Vehicles cannot seal a traffic infraction pursuant to this subsection at the time it is ordered, the Department of Motor Vehicles shall (a) notify the Department of State Police of the reason the record cannot be sealed and~~

~~cite the authority prohibiting sealing at the time it is ordered; (b) notify the Department of State Police of the date, if known at the time when the sealing is ordered, on which such record can be sealed; (c) seal such record on that date; and (d) notify the Department of State Police when such record has been sealed within the Department of Motor Vehicles' records.~~

C. The Department of Motor Vehicles shall not seal a record of a traffic infraction if a customer is subject to an administrative suspension order issued pursuant to Driver Improvement Program requirements under § 46.2-498, 46.2-499, or 46.2-506, issued in part or in whole, as a result of an accumulation of traffic infractions, and less than two years has passed since the date that the suspension order was complied with.

2. That the Department of State Police shall develop a secure portal for the purpose of allowing government agencies to determine whether a record has been sealed prior to responding to a request under § 2.2-3706 or 2.2-3706.1 of the Code of Virginia, as amended by this act, by October 1, 2026.

3. That the Virginia Indigent Defense Commission shall (i) educate and provide support to public defenders and certified court-appointed counsel on expungement and sealing, (ii) conduct trainings on expungement and sealing across the Commonwealth, (iii) develop a library of resources on expungement and sealing for use by public defenders and certified court-appointed counsel, and (iv) post information regarding expungement and sealing for use by the public on its website.

4. That § 17.1-205.1 of the Code of Virginia is repealed, and that any money in the Sealing Fee Fund created in such section shall revert to the general fund.

5. That the provisions of §§ 2.2-3706 and 2.2-3706.1 and §§ 9.1-101, 9.1-128, 17.1-293.1, 17.1-502, 19.2-310.7, 19.2-392.2, 19.2-392.5 through 19.2-392.8, 19.2-392.11 through 19.2-392.14, 19.2-392.16, and 19.2-392.17, as they shall become effective, of the Code of Virginia, as amended by the first enactment of this act, shall become effective on July 1, 2026.

6. That the provisions of §§ 19.2-392.6:1 and 19.2-392.12:1 of the Code of Virginia, as created by this act, shall become effective on July 1, 2026.

7. That the fourth enactment of Chapter 524 and the fourth enactment of Chapter 542 of the Acts of Assembly of 2021, Special Session I, are amended and reenacted as follows:

4. That the provisions of §§ 9.1-101, 9.1-128, 9.1-134, 17.1-293.1, 17.1-502, *and* 19.2-310.7~~, and 19.2-389.3~~ of the Code of Virginia, as amended by this act, and Chapter 23.2 (§ 19.2-392.5 et seq.) of Title 19.2 of the Code of Virginia, as created by this act, shall become effective on ~~the earlier of (i) the first day of the fourth month following notification of the Chair of the Virginia Code Commission and the Chairs of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by the Superintendent of State Police that the Executive Secretary of the Supreme Court of Virginia, the Department of State Police, and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, have automated systems to exchange information as required by §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12 of the Code of Virginia, as created by this act, or (ii)~~ July 1, ~~2025~~ *2026*.

8. That the fifth enactment of Chapter 524 and the fifth enactment of Chapter 542 of the Acts of Assembly of 2021, Special Session I, are amended and reenacted as follows:

5. That the Department of State Police shall first transmit the list required under subsection B of § 19.2-392.7 of the Code of Virginia, as created by this act, not later than ~~the earlier of (i) the first day of the third month following the effective date of this act as provided in clause (i) of the fourth enactment of this act or (ii)~~ October 1, ~~2025~~ *2026*.

9. That the sixth enactment of Chapter 524 and the sixth enactment of Chapter 542 of the Acts of Assembly of 2021, Special Session I, are amended and reenacted as follows:

6. That the Executive Secretary of the Supreme Court of Virginia, the Department of State Police, and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, shall automate systems to exchange information as required by §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12 of the Code of Virginia, as created by this act, not later than July 1, ~~2025~~ *2026*.

10. That the seventh enactment of Chapter 524 and the seventh enactment of Chapter 542 of the Acts of Assembly of 2021, Special Session I, are amended and reenacted as follows:

7. That the Executive Secretary of the Supreme Court of Virginia shall develop a form for requesting and authorizing access to a sealed court record as set forth in section D of § 19.2-392.13 of the Code of Virginia, as created by this act, not later than July 1, ~~2025~~ *2026*.

11. That the third enactment of Chapter 554 and the third enactment of Chapter 555 of the Acts of Assembly of 2023 are amended and reenacted as follows:

3. That § 19.2-389.3 of the Code of Virginia is repealed effective ~~on the earlier of (i) the date on which the processes to seal criminal history record information and court records pursuant to Chapters 524 and 542 of the Acts of Assembly of 2021, Special Session I, become effective or (ii)~~ July 1, ~~2025~~ *2026*.

12. That the fourth enactment of Chapter 554 and the fourth enactment of Chapter 555 of the Acts of Assembly of 2023 are amended and reenacted as follows:

4. That the provisions of *§ 19.2-392.3 of the Code of Virginia, as amended by this act, shall become effective on July 1, 2025, and that the provisions of* §§ 9.1-128, 19.2-392.2, ~~19.2-392.3,~~ 19.2-392.6, 19.2-392.7, 19.2-392.10, 19.2-392.11, 19.2-392.12, and 19.2-392.13 of the Code of Virginia, as amended by this act, shall become effective on ~~the earlier of (i) the date on which the processes to seal criminal history record information and court records pursuant to Chapters 524 and 542 of the Acts of Assembly of 2021, Special Session I, become effective or (ii)~~ July 1, ~~2025~~ *2026*.

13. That the fifth enactment of Chapter 554 and the fifth enactment of Chapter 555 of the Acts of Assembly of 2023 are amended and reenacted as follows:

5. That the Department of State Police shall first transmit the lists required under subsection B of § 19.2-392.7 of the Code of Virginia, as amended by this act, not later than ~~the earlier of (i) the first day of the third month following the date on which the processes to seal criminal history record information and court records pursuant to Chapters 524 and 542 of the Acts of Assembly of 2021, Special Session I, become effective or (ii)~~ October 1, ~~2025~~ *2026*.

14. That the Department of State Police, Department of Motor Vehicles, Office of the Executive Secretary of the Supreme Court of Virginia, and clerk of any circuit court shall provide data and information on sealing upon request of the Virginia State Crime Commission for purposes of monitoring and evaluating the implementation and impact of the sealing processes.

15. That the Office of the Executive Secretary of the Supreme Court of Virginia shall collect data related to petitions filed pursuant to § 19.2-392.12 of the Code of Virginia, as amended by this act, and § 19.2-392.12:1 of the Code of Virginia, as created by this act, by July 1, 2026. Such data shall include the number of sealing petitions filed; whether such petitions were filed pursuant to § 19.2-392.12 or 19.2-392.12:1 of the Code of Virginia; the number of petitions in which a hearing was held; the number of charges ordered sealed or denied to be sealed; the number of petitioners represented by counsel; the date of birth, sex, and race of petitioners; and, to the extent available, data relating to the specifically identified charges, convictions, and ancillary matters for which sealing was granted or denied. The Office of the Executive Secretary of the Supreme Court of Virginia shall report such data to the Virginia State Crime Commission by October 1 of each year, beginning October 1, 2027.

16. That the Virginia State Crime Commission, in consultation with the Senate Committee on Finance and Appropriations, House Committee on Appropriations, Department of State Police, Department of Motor Vehicles, Office of the Executive Secretary of the Supreme Court of Virginia, Compensation Board, Virginia Court Clerks Association, and Virginia Association of Commonwealth's Attorneys, shall analyze data and information collected on automatic and petition sealing to identify the workloads required to perform such sealing, including the sufficiency of staffing and resources of state agencies, branches, and constitutional officers, and shall report its findings by the first day of the 2026 Regular Session of the General Assembly and for the following three years thereafter. The Virginia State Crime Commission shall share this data with the Senate Committee on Finance and Appropriations, House Committee on Appropriations, Department of State Police, Department of Motor Vehicles, Office of the Executive Secretary of the Supreme Court of Virginia, Compensation Board, Virginia Court Clerks Association, and Virginia Association of Commonwealth's Attorneys as necessary for the purpose of determining staffing and workload needs.

17. That the Virginia State Crime Commission shall continue its study on the sealing of criminal records and shall (i) identify methods to educate the public on sealing eligibility requirements and processes; (ii) consult with the Virginia State Bar and other stakeholders to identify methods to provide information, resources, and pro bono legal consultations and assistance with sealing to the public; (iii) to the extent possible, conduct trainings on sealing for stakeholders upon request; (iv) review any other relevant matters that arise during the course of the study; and (v) report on its work on the study by the first day of the 2026 Regular Session of the General Assembly.

18. That nothing in this act shall be construed to authorize the Department of State Police to require the Office of the Executive Secretary of the Supreme Court of Virginia or a clerk of any circuit court that maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, to include additional data in electronic notifications of sealing orders forwarded pursuant to Chapter 23.2 (§ 19.2-392.5 et seq.) of Title 19.2 of the Code of Virginia, as amended by this act, or in dispositions of criminal or traffic cases transmitted to the Central Criminal Records Exchange other than the data identified by the Department of State Police and the Office of the Executive Secretary as necessary to implement Chapters 524 and 542 of the Acts of Assembly of 2021, Special Session I, and Chapters 554 and 555 of the Acts of Assembly of 2023. Nothing in this act shall be construed to authorize the Department of State Police to require (i) the implementation of new procedures or (ii) modifications of existing procedures followed by a clerk of any circuit court for entering information into case management systems.

CHAPTER 672

An Act to amend the Code of Virginia by adding a section numbered 32.1-174.5, relating to Department of Health Office of Drinking Water; waterworks; mandatory reporting; monthly operation report.

[H 2749]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 32.1-174.5 as follows:

§ 32.1-174.5. Mandatory reporting of contaminant releases and equipment failures and malfunctions.

A. As used in this section:

"Contaminant release" means an unplanned or uncontrolled release by a waterworks of a chemical contaminant or petroleum or synthetic oil into the water that is treated by or distributed from the waterworks to customers. "Contaminant release" includes any such release at treatment facilities and raw or finished water pump stations.

"Critical equipment failure or malfunction" means any equipment failure or malfunction that has significant potential for serious adverse effects on human health as a result of short-term exposure or to cause a widespread disruption of water service.

"Equipment failure" means an unplanned condition when the equipment cannot perform or is unable to perform as designed because of a problem with such equipment. "Equipment failure" does not mean a planned (i) removal from service, (ii) repair, or (iii) maintenance.

"Equipment malfunction" means an unplanned condition during which the equipment cannot perform or is unable to perform as designed due to a problem originating from outside the waterworks rather than a problem associated or originating with the equipment itself, including an issue with third-party provided gas or electric power feeds or a cyberattack.

"Monthly operating report" means the report submitted by a waterworks to the Office at least once each month that describes the waterworks' operational status and compliance with applicable laws, regulations, and policies, as directed by the Department.

"Noncritical equipment failure or malfunction" means an equipment failure or malfunction that is not a critical equipment failure or malfunction, regardless of whether such anomaly is noticeable to customers of the waterworks.

"Office" means the Department's Office of Drinking Water.

B. The owner of a waterworks shall report any critical equipment failure or malfunction or contaminant release to the Office as soon as practicable but no more than two hours after discovery.

C. Any owner of a waterworks that is required to submit a monthly operating report to the Office shall include any noncritical equipment failure or malfunction that could adversely affect water quality, public health, or service continuity that occurred during the applicable reporting month and was not resolved by the reporting deadline. For the purposes of this subsection, any noncritical equipment failure or malfunction that is effectively addressed by equipment repair or replacement, alternative equipment use, alternative system operation, or such other response shall be considered resolved.

CHAPTER 673

An Act to amend and reenact § 18.2-423.1 of the Code of Virginia, relating to placing Nazi symbols or emblems on certain property with intent to intimidate; penalty.

[H 2783]

Approved April 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-423.1 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-423.1. Placing Nazi symbol or emblem on certain property with intent to intimidate; penalty; prima facie evidence of intent.

A. It ~~shall be~~ *is* unlawful for any person or persons, with the intent of intimidating another person or group of persons, to place or cause to be placed a *Hakenkreuz, hooked cross, or Nazi symbol or emblem, sometimes referred to as the Nazi* swastika, on *(i)* any church, synagogue, or other building or place used for religious worship~~, or on~~*; (ii)* any school, educational facility, or community center owned or operated by a church or religious body*; or (iii) the private property of another without permission.*

B. It is unlawful for any person or persons, with the intent of intimidating another person or group of persons, to place or cause to be placed a Hakenkreuz, hooked cross, or Nazi symbol or emblem, sometimes referred to as the Nazi swastika, on a highway or other public place in a manner having a direct tendency to place another person in reasonable fear or apprehension of death or bodily injury.

C. A violation of this section ~~shall be~~ *is* punishable as a Class 6 felony.

D. For the purposes of this section, any such placing of a *Hakenkreuz, hooked cross, or Nazi symbol or emblem, sometimes referred to as the Nazi* swastika, shall be prima facie evidence of an intent to intimidate another person or group of persons*. However, these terms do not include and are distinct from the sacred swastika word and symbol of peace and prosperity used by Hinduism, Buddhism, Jainism, Zoroastrianism, or Native American religions.*

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 674

An Act to amend the Code of Virginia by adding a section numbered 22.1-289.05:1, relating to Small Family Day Home Provider Incentive Pilot Program established.

[H 1833]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 22.1-289.05:1 as follows:

§ 22.1-289.05:1. Small Family Day Home Provider Incentive Pilot Program.

A. With such funds as may be provided for such purpose pursuant to the general appropriation act, there is hereby established the Small Family Day Home Provider Incentive Pilot Program whereby funds are provided to the Ready Region Chesapeake Bay lead to work in conjunction with public and private partners, including the U.S. Department of Defense, Early Childhood Navigators at the Department, local governing bodies, and nonprofit organizations with experience in supporting childcare providers to become licensed, to:

1. Cover the cost of hiring a Navigator focused on providing training and support to small family day homes in the region, including weekend training sessions to provide information on first aid and cardiopulmonary resuscitation (CPR) certification, medication administration, safe sleep practices, emergency planning, recordkeeping, insurance, and compliance with relevant local ordinances; and

2. Provide incentive payments of $500 to any small family day home in the region:

a. That is not licensed or voluntarily registered when such home achieves voluntary registration pursuant to § 22.1-289.015;

b. That is voluntarily registered or otherwise unlicensed when such home achieves licensure pursuant to § 22.1-289.011; and

c. When such home first participates in the Virginia Quality Birth to Five (VQB5) system established pursuant to § 22.1-289.05 and meets the standards to qualify for subsidies under the Virginia Child Care Subsidy Program and the Military Child Care in Your Neighborhood-PLUS program.

B. The Ready Region Chesapeake Bay lead shall annually collect and make publicly available data on the number of small family day homes in the region that (i) participated in the weekend trainings provided by the Navigator and (ii) received incentive payments for first achieving voluntary registration or licensure or participating in VQB5.

2. That the provisions of this act shall expire on July 1, 2029.

CHAPTER 675

An Act to amend and reenact §§ 2.2-3705.3 and 22.1-253.13:3 of the Code of Virginia, relating to Board of Education; Standards of Learning assessments and related student assessment methods; assessment development, implementation, and administration reform.

[H 1957]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3705.3 and 22.1-253.13:3 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-3705.3. Exclusions to application of chapter; records relating to administrative investigations.

The following information contained in a public record is excluded from the mandatory disclosure provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law. Redaction of information excluded under this section from a public record shall be conducted in accordance with § 2.2-3704.01.

1. Information relating to investigations of applicants for licenses and permits, and of all licensees and permittees, made by or submitted to the Virginia Alcoholic Beverage Control Authority, the Virginia Cannabis Control Authority, the Virginia Lottery pursuant to Chapter 40 (§ 58.1-4000 et seq.) and Chapter 41 (§ 58.1-4100 et seq.) of Title 58.1, the Virginia Racing Commission, the Department of Agriculture and Consumer Services relating to investigations and applications pursuant to Article 1.1:1 (§ 18.2-340.15 et seq.) of Chapter 8 of Title 18.2, or the Private Security Services Unit of the Department of Criminal Justice Services.

2. Records of active investigations being conducted by the Virginia Cannabis Control Authority or by the Department of Health Professions or any health regulatory board in the Commonwealth pursuant to § 54.1-108.

3. Investigator notes, and other correspondence and information, furnished in confidence with respect to an active investigation of individual employment discrimination complaints made to the Department of Human Resource Management, to such personnel of any local public body, including local school boards, as are responsible for conducting such investigations in confidence, or to any public institution of higher education. However, nothing in this subdivision shall prevent the disclosure of information taken from inactive reports in a form that does not reveal the identity of charging parties, persons supplying the information, or other individuals involved in the investigation.

4. Records of active investigations being conducted by the Department of Medical Assistance Services pursuant to Chapter 10 (§ 32.1-323 et seq.) of Title 32.1.

5. Investigative notes and other correspondence and information furnished in confidence with respect to an investigation or conciliation process involving an alleged unlawful discriminatory practice under the Virginia Human Rights Act (§ 2.2-3900 et seq.) or under any local ordinance adopted in accordance with the authority specified in § 2.2-524, or adopted pursuant to § 15.2-965, or adopted prior to July 1, 1987, in accordance with applicable law, relating to local human rights or human relations commissions. However, nothing in this subdivision shall prevent the distribution of information taken from inactive reports in a form that does not reveal the identity of the parties involved or other persons supplying information.

6. Information relating to studies and investigations by the Virginia Lottery of (i) lottery agents, (ii) lottery vendors, (iii) lottery crimes under §§ 58.1-4014 through 58.1-4018, (iv) defects in the law or regulations that cause abuses in the administration and operation of the lottery and any evasions of such provisions, or (v) the use of the lottery as a subterfuge for organized crime and illegal gambling where such information has not been publicly released, published or copyrighted. All studies and investigations referred to under clauses (iii), (iv), and (v) shall be open to inspection and copying upon completion of the study or investigation.

7. Investigative notes, correspondence and information furnished in confidence, and records otherwise exempted by this chapter or any Virginia statute, provided to or produced by or for (i) the Auditor of Public Accounts; (ii) the Joint Legislative Audit and Review Commission; (iii) an appropriate authority as defined in § 2.2-3010 with respect to an allegation of wrongdoing or abuse under the Fraud and Abuse Whistle Blower Protection Act (§ 2.2-3009 et seq.); (iv) the Office of the State Inspector General with respect to an investigation initiated through the Fraud, Waste and Abuse Hotline or an investigation initiated pursuant to Chapter 3.2 (§ 2.2-307 et seq.); (v) internal auditors appointed by the head of a state agency or by any public institution of higher education; (vi) the committee or the auditor with respect to an investigation or audit conducted pursuant to § 15.2-825; (vii) the auditors, appointed by the local governing body of any county, city, or town or a school board, who by charter, ordinance, or statute have responsibility for conducting an investigation of any officer, department, or program of such body; or (viii) the Behavioral Health Commission. Information contained in completed investigations shall be disclosed in a form that does not reveal the identity of the complainants or persons supplying information to investigators. Unless disclosure is excluded by this subdivision, the information disclosed shall include the agency involved, the identity of the person who is the subject of the complaint, the nature of the complaint, and the actions taken to resolve the complaint. If an investigation does not lead to corrective action, the identity of the person who is the subject of the complaint may be released only with the consent of the subject person. Local governing bodies shall adopt guidelines to govern the disclosure required by this subdivision.

8. The names and personal contact information of complainants furnished in confidence with respect to an investigation of individual zoning enforcement complaints or complaints relating to the Uniform Statewide Building Code (§ 36-97 et seq.) or the Statewide Fire Prevention Code (§ 27-94 et seq.) made to a local governing body. As used in this subdivision, "personal contact information" includes the complainant's home or business (i) address, (ii) email address, or (iii) telephone number or comparable number assigned to any other electronic communication device.

9. Records of active investigations being conducted by the Department of Criminal Justice Services pursuant to Article 4 (§ 9.1-138 et seq.), Article 4.1 (§ 9.1-150.1 et seq.), Article 11 (§ 9.1-185 et seq.), and Article 12 (§ 9.1-186 et seq.) of Chapter 1 of Title 9.1.

10. Information furnished to or prepared by the Board of Education pursuant to subsection ~~D~~ *F* of § 22.1-253.13:3 in connection with the review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests by local school board employees responsible for the distribution or administration of the tests. However, this section shall not prohibit the disclosure of such information to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board.

11. Information contained in (i) an application for licensure or renewal of a license for teachers and other school personnel, including transcripts or other documents submitted in support of an application, and (ii) an active investigation conducted by or for the Board of Education related to the denial, suspension, cancellation, revocation, or reinstatement of teacher and other school personnel licenses including investigator notes and other correspondence and information, furnished in confidence with respect to such investigation. However, this subdivision shall not prohibit the disclosure of such (a) application information to the applicant at his own expense or (b) investigation information to a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee. Information contained in completed investigations shall be disclosed in a form that does not reveal the identity of any complainant or person supplying information to investigators. The completed investigation information disclosed shall include information regarding the school or facility involved, the identity of the person who was the subject of the complaint, the nature of the complaint, and the actions taken to resolve the complaint. If an investigation fails to support a complaint or does not lead to corrective action, the identity of the person who was the subject of the complaint may be released only with the consent of the subject person. No personally identifiable information regarding a current or former student shall be released except as permitted by state or federal law.

12. Information provided in confidence and related to an investigation by the Attorney General under Article 1 (§ 3.2-4200 et seq.) or Article 3 (§ 3.2-4204 et seq.) of Chapter 42 of Title 3.2, Article 10 (§ 18.2-246.6 et seq.) of Chapter 6 or Chapter 13 (§ 18.2-512 et seq.) of Title 18.2, or Article 1 (§ 58.1-1000) of Chapter 10 of Title 58.1. However, information related to an investigation that has been inactive for more than six months shall, upon request, be disclosed provided such disclosure is not otherwise prohibited by law and does not reveal the identity of charging parties, complainants, persons supplying information, witnesses, or other individuals involved in the investigation.

13. Records of active investigations being conducted by the Department of Behavioral Health and Developmental Services pursuant to Chapter 4 (§ 37.2-400 et seq.) of Title 37.2.

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include (i) student outcome and growth measures, (ii) requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, (iii) administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, (iv) student services, (v) auxiliary education programs such as library and media services, (vi) requirements for graduation from high school, (vii) community relations, and (viii) the philosophy, goals, and objectives of public education in the Commonwealth.

The Board shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board. Each local school board shall report the accreditation status of all schools in the local school division annually in public session.

The Board shall establish a review process to assist any school that does not meet the standards established by the Board. The relevant school board shall report the results of such review and any annual progress reports in public session and shall implement any actions identified through such review and utilize them for improvement planning.

The Board shall establish a corrective action plan process for any school that does not meet the standards established by the Board. Such process shall require (a) each school board to submit a corrective action plan for any school in the local school division that does not meet the standards established by the Board and (b) any school board that fails to demonstrate progress in developing or implementing any such corrective action plan to enter into a memorandum of understanding with the Board.

When the Board determines through its review process that the failure of schools within a division to meet the standards established by the Board is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board, each school board shall enter into a memorandum of understanding with the Board and shall subsequently submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division meet the standards established by the Board. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to meet the standards established by the Board, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

B. The Superintendent shall develop, subject to revision by the Board, criteria for determining and recognizing educational performance in the Commonwealth's local school divisions and public schools. The portion of such criteria that measures individual student growth shall become an integral part of the accreditation process for schools in which any grade level in the grade three through eight range is taught. The Superintendent shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance and individual student growth in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent shall assist local school boards in the implementation of action plans for increasing educational performance and individual student growth in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent shall monitor the implementation of and report to the Board on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students *in grades three through 12*. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. ~~The~~ *In prescribing such assessment methods, the* Board shall~~, with~~*:*

1. With the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments~~. In~~*;*

2. In lieu of a one-time end-of-year assessment, ~~the Board shall~~ establish, for the purpose of providing measures of individual student growth over the course of the school year, a through-year growth assessment system, aligned with the Standards of Learning, for the administration of reading and mathematics assessments in grades three through eight. Such through-year growth assessment system shall include at least one beginning-of-year, one mid-year, and one end-of-year assessment in order to provide individual student growth scores over the course of the school year, but the total time scheduled for taking all such assessments shall not exceed 150 percent of the time scheduled for taking a single end-of-year proficiency assessment. The Department shall ensure adequate training for teachers and principals on how to interpret and use student growth data from such assessments to improve reading and mathematics instruction in grades three through eight throughout the school year. With such funds and content as are available for such purpose, such through-year growth assessment system shall provide accurate measurement of a student's performance, through computer adaptive technology, using test items at, below, and above the student's grade level as necessary~~.~~

~~The Board shall also provide~~*;*

3. Provide the option of industry certification and state licensure examinations as a student-selected credit~~.~~

~~The Department shall make~~*;*

4. Make available to school divisions Standards of Learning assessments typically administered by high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later~~.~~*;*

~~The Board shall make~~

5. Make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system~~.~~

~~The Board shall prescribe~~*;*

6. Prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student*;*

7. To assess the educational progress of students, (i) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (ii) select appropriate industry certification and state licensure examinations; and (iii) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels;

8. Not include in its calculation of the passage rate for a Standards of Learning assessment or the level of achievement of the Standards of Learning objectives for an individual student growth assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate;

9. Permit any teacher providing instruction in a Standards of Learning subject area who scores any such Standards of Learning assessments to earn professional development points toward renewal of his license for his time spent scoring such assessments;

10. Require each assessment, including each Standards of Learning assessment administered as a part of the through-year growth assessment system established pursuant to subdivision 2, each mandatory local alternative assessment implemented by a school board pursuant to subdivision E 1 a (2), and each permissive local alternative assessment administered by a school board pursuant to subdivision E 3 b, to be scored on a 100-point scale in accordance with statewide scoring rubrics;

11. Make available to each student and his parents within 45 days of any state assessment window closing for any such assessment administration an individualized student score report for each such assessment, developed in accordance with the Board's guidelines, that shall include, at a minimum: (i) a description of the applicable assessment; (ii) individualized data on such student's assessment performance; (iii) a comparison of such student's performance on such assessment with the performance of the student's school, school division, and the Commonwealth; and (iv) guidance to assist the student and his parents in interpreting such student's assessment results; and

12. Publicly release the statewide Standards of Learning assessment results and any associated data no later than the date on which individual Standards of Learning assessment scores for the applicable assessment administration period are released to individual students and parents.

For any period during which the Standards of Learning contents or assessments in a specific content area are being revised or phased in, the Board may adopt special provisions related to the administration and use of any Standards of Learning test or tests in such content area as applied to accreditation ratings for such period. Prior to statewide administration of such tests, the Board shall provide notice to local school boards regarding such special provisions. The Department shall develop processes for informing school divisions of changes in the Standards of Learning requirements, including any revisions to Standards of Learning contents or assessments.

D. The Board shall include in the student outcome and growth measures that are required by the standards of accreditation the required assessments for various grade levels and classes, including the completion of the *mandatory local* alternative assessments implemented by each local school board *pursuant to subdivision E 1 a (2)*, in accordance with the Standards of Learning. These assessments shall include end-of-course ~~or end-of-grade~~ tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

~~The Standards of Learning assessments administered to students~~ *E. All assessment methods prescribed by the Board to determine the level of achievement of the Standards of Learning objectives, pursuant to subsections C and D, shall be developed, implemented, and administered in accordance with the following:*

1. The assessments administered to students in grades three through eight*, except for those students with disabilities, as that term is defined in § 22.1-213, who participate in an alternative assessment pursuant to subdivision C 6,* shall ~~not~~*:*

a. Consist of:

(1) Standards of Learning assessments, including end-of-year assessments administered as part of the through-year growth assessment system established pursuant to subdivision C 2. The Standards of Learning assessments shall not exceed (i) reading and mathematics in grades three and four; (ii) reading, mathematics, and science in grade five; (iii) reading and mathematics in grades six and seven; (iv) reading, writing, and mathematics in grade eight; (v) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (vi) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board. The reading and mathematics assessments administered to students in grades three through eight shall be through-year growth assessments *pursuant to subdivision C 2*.

~~Each~~ *The Department shall award recovery credit to any student in grades three through eight who performs below grade level on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and performs at or above grade level on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis; and*

(2) Local alternative assessments, including any permissive local alternative assessments administered in accordance with subdivision 3 b and mandatory local alternative assessments administered by each school board in each Standards of Learning subject area in which a Standards of Learning assessment is not available for administration during the school year. Each school board shall annually certify that it has provided instruction and administered ~~an~~ *each mandatory local* alternative assessment~~, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year~~ *in accordance with this subdivision and Board guidelines*. Such guidelines shall ~~(a)~~ *(i)* incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; ~~(b)~~ *(ii)* permit and encourage integrated assessments that include multiple subject areas; ~~and~~ ~~(c)~~ *(iii) establish criteria for mandatory local alternative assessments, including the core content, concepts, and skills that shall be prioritized on each such assessment and specific parameters for any performance assessment administered by a school board in accordance with this subdivision, relating to the structure and format of and content and items that shall be included in such assessments; (iv) include a comprehensive grading rubric for each mandatory local alternative assessment that (a) clearly defines student performance objectives and achievement targets, (b) provides scoring criteria that emphasizes student performance and subject-matter proficiency, and (c) for any performance assessment, includes criteria and student performance objectives designed to emphasize a student's performance and subject-matter proficiency as demonstrated through completion of the tested tasks in ways that are authentic to the academic discipline; and (v)* emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of *mandatory local* alternative assessments.

~~Local~~ *b. With such funds as may be appropriated for such purpose, except as provided in subdivision C 6, be developed consistent with Board guidelines and in accordance with subdivision 5; and*

c. Be used to identify students who show deficiencies or a need for academic support in a specific subject area or skill for the purpose of ensuring such students receive appropriate remediation or intervention. Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

~~The Department shall award recovery credit to any student in grades three through eight who performs below grade level on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently~~

~~retakes and performs at or above grade level on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.~~

~~In addition, to assess the educational progress of students, the Board shall (1) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (2) select appropriate industry certification and state licensure examinations; and (3) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade level.~~

~~The Standards of Learning requirements, including all related assessments, shall be waived for~~.

2. The assessments administered to students in grades nine through 12, except for those students with disabilities, as that term is defined in § 22.1-213, who participate in an alternative assessment pursuant to subdivision C 6:

a. Shall consist, for each student, of only the end-of-course Standards of Learning assessments necessary to meet federal accountability requirements established by the federal Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, and to meet Virginia high school graduation requirements. For the purposes of this subdivision, any student who receives a passing score on a permissive local alternative assessment administered pursuant to subdivision 3 b in lieu of any end-of-course Standards of Learning assessment corresponding to any graduation requirement shall be deemed to meet the applicable graduation requirement; and

b. With such funds as may be appropriated for such purpose, except as provided in subdivision C 6, shall be developed consistent with Board guidelines and in accordance with the provisions of subdivision 5.

3. Any end-of-course Standards of Learning assessment administered to students in grades three through 12, except for those students with disabilities, as that term is defined in § 22.1-213, who participate in an alternative assessment pursuant to subdivision C 6, shall be subject to the following requirements:

a. A school board may, but need not, elect to administer any available end-of-course Standards of Learning assessment in a specific Standards of Learning subject area to students in a specific grade level the administration of which is (i) not necessary to meet federal accountability requirements established by the federal Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, and (ii) is not required by the provisions of subdivision E 1 or 2 or by any other applicable state law or regulation. However, any school board that elects to administer such an end-of-course Standards of Learning assessment pursuant to this subdivision shall be required to administer such assessment to each student receiving instruction in that subject area at that grade level;

b. Any school board may, but need not, administer a permissive local alternative assessment in a specific subject area to students in a specific grade level in lieu of any end-of-course Standards of Learning assessment the administration of which is not necessary to meet federal accountability requirements established by the federal Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, but which may be required in that subject area and at that grade level pursuant to state law or regulation; and

c. Any student who performs below grade level on any such Standards of Learning assessment or any permissive local alternative assessment administered pursuant to subdivision b shall be eligible to retake such assessment, provided that (i) no student may retake an assessment after June 30 of the calendar year in which the applicable assessment was administered, unless the school board of the school in which the student is enrolled grants such student permission to retake such assessment at a later date; (ii) any student who, pursuant to applicable Board regulations, is eligible for an expedited retake of an assessment shall retake such assessment within two weeks of the date on which scoring was completed for such student's assessment, unless it is determined that additional time is necessary in order for such student to complete the comprehensive remediation program required to establish eligibility for an expedited retake in accordance with Board regulations; and (iii) if applicable, the score any student receives on any assessment retake shall not replace the initial score the student received on the assessment taken during the regular assessment administration period for the purpose of calculating the student's final grade in the course in accordance with subdivision 4.

4. For students in grades seven through 12, except in the case of any assessments administered as a part of a competency-based assessment system, any Standards of Learning assessment or permissive local alternative assessment permitted pursuant to subdivision 3 b or, if any such assessment consists of more than one part, each of which has a separate administration period, the final part of any such end-of-course assessment shall be administered no earlier than two weeks prior to the last day of the school year. No additional end-of-course assessment shall be administered for any such Standards of Learning subject area. Each student's score on any such assessment shall account for at least 10 percent of the student's final grade in such course.

5. For the purpose of maximizing instructional time, the frequency of assessment administration for any assessment administered pursuant to the provisions of this section, including any Standards of Learning assessment, mandatory local alternative assessment administered in accordance with subdivision 1 a (2), permissive local alternative assessment administered in accordance with subdivision 3 b, or performance assessment administered as a part of any school board's mandatory local alternative assessment plan, or any combination thereof, for each Standards of Learning subject area in a single school year shall not exceed one such assessment per academic quarter, or a total of four assessments per year.

6. For any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate~~.~~

~~The Department shall develop processes for informing school divisions of changes in the Standards of Learning.~~

~~The Board may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board shall provide notice to local school boards regarding such special provision The Board shall not include in its calculation of the passage rate for a Standards of Learning assessment or the level of achievement of the Standards of Learning objectives for an individual student growth assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the schools' not meeting any required state or federal participation rate~~*, the Standards of Learning requirements, including all related assessments, shall be waived*.

~~D.~~ *F.* The Board may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

~~E.~~ *G.* With such funds as may be appropriated, the Board may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

~~F.~~ *H.* To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school *board* shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall provide teachers, parents, principals, and other school leaders with their students' results on any Standards of Learning assessment or Virginia Alternate Assessment Program assessment as soon as practicable after the assessment is administered. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board, the results from industry certification examinations and the Standards of Learning assessments to the public.

The Board shall include requirements for the reporting of the Standards of Learning assessment data, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

~~G.~~ *I.* Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board's annual report to the Governor and the General Assembly as required by § 22.1-18.

~~H.~~ *J.* Any school board may request the Board for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards for Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board based on submission of a request from the division superintendent and chairman of the local school board. The Board may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools.

The Department shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

K. The Board shall:

1. Make available to each local school division each Standards of Learning assessment for each subject area administered during the previous school year, including the applicable answer key or grading rubric for each such assessment, by the beginning of the current school year for the purpose of ensuring that such assessments are available to each teacher for use as practice assessments for students; and

2. Perform an annual audit of a certain percentage, as determined by the Board, of such mandatory local alternative assessments implemented by a school board pursuant to subdivision E 1 a (2) for the purpose of ensuring such assessments are consistent with Board guidelines and ensuring the quality and rigor of such assessments are consistent across school divisions and years. Any school board, in order to administer a permissive local alternative assessment, shall (i) submit to the Board by July 31 of each year for which it plans on administering a permissive local alternative assessment notice of its intent to administer such permissive local alternative assessment, including an acknowledgement that such permissive local alternative assessment may be selected for a random audit as a part of the annual Board audit required pursuant to this subdivision and that failure of such audit shall result in an additional audit of any such permissive local alternative assessment administered by the school board the succeeding school year, the failure of which shall result in such school board being prohibited from administering a permissive local alternative assessment for the next four years and (ii) after administering such permissive local alternative assessment, annually certify to the Board that it has provided instruction in the applicable Standards of Learning subject area and developed and administered the permissive local alternative assessment in accordance with this subdivision and Board guidelines. The Board shall perform an annual audit of a certain percentage, as determined by the Board, of such permissive local alternative assessments administered by any school board for the purpose of ensuring such assessments are developed and administered in accordance with this subdivision and Board guidelines and ensuring the quality and rigor of such assessments are consistent across school divisions and years. Failure of the Board audit for any permissive local alternative assessment shall have no impact on the grade or credits earned in the applicable subject area or course by any student to whom such permissive local alternative assessment was administered. Any permissive local alternative assessment administered by a school board, regardless of whether it is selected for and fails a Board audit, shall for each student to whom it was administered be scored, weighted, and factored into each student's grade, and, if applicable, result in the award of the same amount and type of verified credits as any other end-of-course assessment administered in that subject area and at that grade level.

L. Any assessment administered to students in grades three through 12, except for those students with disabilities, as that term is defined in § 22.1-213, who participate in an alternative assessment pursuant to subdivision C 6, shall be subject to the following requirements:

1. Any assessment shall, with such funds as may be appropriated for such purpose, include (i) items that require the student to apply knowledge, critical thinking skills, and logic in preparing a response, including open-ended questions and long-form writing, and other tasks, as appropriate for the applicable subject, and (ii) different items and questions on each assessment administered during the same school year and in the same grade and Standards of Learning subject area such that such students are not tested on the same items or questions on one assessment as they were on a previous assessment administered during that school year in that grade or subject area; and

2. Any multiple choice questions included as a part of (i) any such assessment shall be representative of the Standards of Learning objectives and content for the applicable subject area for the school year; (ii) any end-of-course Standards of Learning assessment or permissive local alternative assessment administered pursuant to subdivision E 3 b shall be narrowly tailored to test students only on the most significant content for the applicable subject area, in accordance with the Board's guidelines; and (iii) any performance assessment administered as a part of a mandatory local alternative assessment in accordance with subdivision E 1 a (2) or otherwise administered as the final performance assessment for that course or school year shall consist of no more than 40 thematic questions focused on the broad, overarching themes and topics of the applicable subject area and shall either be developed in accordance with or selected from the multiple choice question test bank developed by the Board.

M. As used in this section:

"End-of-course Standards of Learning assessment" means any end-of-course, end-of-grade, or end-of-year Standards of Learning assessment or any Standards of Learning assessment administered at the conclusion of a course, grade, or school year.

"Local alternative assessment" means (i) an assessment that measures content and skills within a specific Standards of Learning subject area that is accepted by institutions of higher education as a measure of college readiness, including Advanced Placement, International Baccalaureate, or Cambridge assessments, or (ii) any mandatory local alternative assessment developed, administered, and scored by a local school board, that is approved by the Board as aligned with the rigor of Standards of Learning content, assessments, and the Board's definition of proficiency for any Standards of Learning subject area. "Local alternative assessment" includes any mandatory local alternative assessment and any permissive local alternative assessment.

"Mandatory local alternative assessment" means any local alternative assessment that each local school board is required to develop, administer, and score, consistent with Board guidelines, for any Standards of Learning subject area in which a Standards of Learning assessment is not currently available or administered on a statewide basis. "Mandatory local alternative assessment" includes any performance assessment implemented by a local school board as a part of its local alternative assessment plan in accordance with Department guidelines.

"Performance assessment" means an assessment that is approved by the Board as aligned with both the rigor of the content of the Standards of Learning and the Board's definition of proficiency and is scored using a set rubric or set of criteria and that is designed to measure subject-matter proficiency by requiring students to demonstrate learning acquisition and apply content, skills, and processes in the applicable subject area through performing a task or creating a project.

"Permissive local alternative assessment" means any local alternative assessment that a local school board may, consistent with Board guidelines and in accordance with the provisions of this section, develop, administer, and score in lieu of any Standards of Learning assessment that is otherwise administered on a statewide basis but the administration of which is not necessary to meet federal accountability requirements.

"Standards of Learning assessment" means those criterion-referenced assessments approved by the Board that measure attainment of knowledge and skills required by the Standards of Learning. "Standards of Learning assessment" includes any end-of-course standards of learning assessment.

2. That the Board of Education (the Board) shall amend its guidelines for school boards on the administration of local alternative assessments in accordance with subsection E of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, to distinguish between mandatory local alternative assessments and permissive local alternative assessments, as those terms are defined in subsection M of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, and establish criteria and parameters for the development and administration of such local alternative assessments, as that term includes any performance assessment administered by a school board as a part of any such mandatory local alternative assessment. Such guidelines shall establish (i) criteria and parameters for the development and administration of mandatory local alternative assessments, including (a) criteria for the core content, concepts, and skills that a mandatory local alternative assessment shall measure in each Standards of Learning subject area for which the administration of a mandatory local alternative assessment is required; (b) clear parameters relating to the content, structure, and format of such assessments, including requiring any assessment items that require students to provide written responses, such as long-form writing and open-ended questions, to test on broad, overarching concepts, themes, and ideas central to the subject area on which the assessment is testing; and (c) clear criteria and parameters specifically for any performance assessment administered as a part of any mandatory local alternative assessment and (ii) criteria and parameters for the development and administration of permissive local alternative assessments, including (a) the process and procedures by which each local school board shall submit to the Board notice of its intent to administer a permissive local alternative assessment, pursuant to subdivision E 3 b of § 22.1-253.13:3 of the Code of Virginia, as amended by this act, including the required form and content of such notice and (b) criteria for the development and administration of a permissive local alternative assessment for each Standards of Learning subject area in which such permissive local alternative assessment may be administered, including criteria for the core content, concepts, and skills that shall be prioritized on each such assessment in order to ensure that such permissive local alternative assessment is aligned with the applicable Standards of Learning objectives and that the rigor and quality of such permissive local alternative assessment is consistent with the corresponding end-of-course Standards of Learning assessment administered on a statewide basis. The Board shall make such amended guidelines available to each school board by the beginning of the 2026-2027 school year.

3. That the Board of Education shall promulgate regulations relating to secure assessment scoring processes and procedures designed to protect the security and integrity of the assessment scoring process, individual student scoring data, or other assessment data or information the release of which could compromise the integrity of such assessment administration or the administration of future assessments.

4. That the provisions of the first enactment of this act adding subsections K and L of § 22.1-253.13:3 of the Code of Virginia shall not become effective unless reenacted by the 2026 Session of the General Assembly. The remainder of the provisions of the first enactment of this act that amend §§ 2.2-3705.3 and 22.1-253.13:3 of the Code of Virginia shall become effective on July 1, 2026.

5. That it is the sense of the General Assembly that, to the extent practicable, the Board of Education shall prioritize the incorporation of the requirements set forth in subsections K and L of § 22.1-253.13:3 of the Code of Virginia, as

amended by this act, into its statewide student assessment system and any contract that it enters into with a third party for the development, establishment, and maintenance thereof.

CHAPTER 676

An Act to amend and reenact § 22.1-298.1, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to Board of Education; teacher licensure; career and technical education; alternative pathway to provisional licensure.

[H 2018]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-298.1, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 22.1-298.1. (Effective until July 1, 2030) Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection P or regulations issued by the Board.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board's regulations.

"Local eligibility license" means a nonrenewable license issued in accordance with subsection M, not to exceed one year, to an individual who needs to take additional coursework but otherwise meets certain conditions for licensure set forth in the Board's regulations and subsection M, and who may be employed by a school division in the Commonwealth with the intention of such individual, upon satisfaction of the applicable requirements set forth in Board regulations, receiving full licensure with a renewable license.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board.

"Provisional license" means a nonrenewable license issued by the Board or by a division superintendent as permitted pursuant to subdivision D 5 for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board for 10 years to an individual who meets the requirements specified in the Board's regulations.

"Universal licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force and in use by the individual as an employed teacher in a non-virtual classroom setting at a public or private elementary or secondary school for at least three years prior to and is in force at the time the Department receives such individual's application for a license as a teacher in the Commonwealth.

B. The Board shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent at the time that the hearing is scheduled. The Board shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. In the case of a teacher who is the subject of a founded complaint of child abuse or neglect and whose license has been revoked pursuant to this subsection, in the event that a court reverses such finding of abuse or neglect and the individual submits to the Department an application for the reinstatement of his license as a teacher, the Board shall consider and act upon such application no later than 90 days after the date of submission. Regardless of the authority of any other agency of the

Commonwealth to approve educational programs, only the Board shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board may teach online courses for which they are properly endorsed.

C. The Board's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board. Such assessments for any individual seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth *with an endorsement in the area of career and technical education* has *(i)* not attained an industry certification credential in the area in which the teacher seeks endorsement, the division superintendent may issue the teacher a provisional license to allow time for the teacher to attain such credential *or (ii) a high school diploma or a high school equivalency certificate and an industry-recognized credential, certification, or license in the area in which such person seeks an endorsement but has not completed all requirements specified in the Board's regulations for licensure, the Board shall issue the person a provisional license to allow time for such person to complete, in lieu of the outstanding requirements specified in the Board's regulations for licensure, coursework in classroom management, curriculum and instruction in career and technical education, and human growth and development or educational technology*;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse;

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion;

9. Every person seeking initial licensure or renewal of a license shall complete instruction or training in cultural competency;

10. Every person seeking initial licensure or renewal of a license with an endorsement in history and social sciences shall complete instruction in African American history, as prescribed by the Board;

11. Every person seeking renewal of a license as a teacher shall complete training in the instruction of students with disabilities that includes (i) differentiating instruction for students depending on their needs; (ii) understanding the role of

general education teachers on the individualized education program team; (iii) implementing effective models of collaborative instruction, including co-teaching; and (iv) understanding the goals and benefits of inclusive education for all students; and

12. Every person seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall complete study in science-based reading research and evidence-based literacy instruction.

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each division superintendent may waive for any individual whom he seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the content-area assessment for the endorsement sought. Such assessments for any individual seeking initial licensure through an alternate route with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to *clause (i) of* subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law; (ii) *shall provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to clause (ii) of subdivision D 5; (iii)* shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license; and ~~(iii)~~ *(iv)* may provide for the issuance of a provisional license, valid for a period not to exceed three years, to any individual who has held within the last five years a valid and officially issued and recognized license or certification to teach issued by an entity outside of the United States but does not meet the requirements for a renewable license if the individual's license or certification to teach has been evaluated and verified by an entity approved by the Department.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts; and

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or a member of the Virginia National Guard who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department. Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. No service requirements or licensing

assessments shall be required for any such individual. The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet.

L. The Board's licensure regulations shall also provide for universal licensure by reciprocity for any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force for at least three years prior to and is in force at the time of application. No service requirements or licensing assessments shall be required for any individual who applies for universal licensure by reciprocity. Any individual who applies for universal licensure by reciprocity shall provide a copy of the individual's out-of-state teaching license that meets the criteria set forth in this subsection. Any such individual shall be subject to the provisions of §§ 22.1-296.2 and 22.1-296.4. The Department shall prioritize applications for universal licensure by reciprocity.

M. The Board shall include in its regulations an alternate route to licensure for elementary education preschool through grade six and an alternate route to licensure for special education general curriculum kindergarten through grade 12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

N. Notwithstanding any provision of law to the contrary, the Board, upon recommendation of the division superintendent or school board, may provide for the issuance of a valid one-year nonrenewable local eligibility license to any individual who (i) received a baccalaureate degree from a regionally accredited institution of higher education and (ii) has experience or training in a subject or content area as the local school board and division superintendent may deem appropriate for the applicable teaching position or endorsement area. Any such one-year nonrenewable local eligibility license shall be issued in accordance with the following criteria:

1. Each school board shall ensure that the number of teachers employed by the school board under such local eligibility license does not exceed five percent of the teachers employed by such school board during the preceding school year;

2. No school board shall issue such local eligibility license to any individual who is (i) seeking to provide instruction in special education or (ii) eligible for a collegiate professional license or postgraduate professional license;

3. Any individual who is issued a local eligibility license pursuant to this subsection shall be required to complete within such one-year period the requirements set forth in subsection C and subdivisions D 1, 3, 6, 8, and 9 as well as any additional training requirements that may be prescribed by the school board and division superintendent;

4. Such local eligibility license shall only be valid within the issuing school division;

5. Each school board may, upon an individual's completion of a local eligibility license, issue a provisional license to such individual upon receiving from the division superintendent (i) a recommendation for such license and (ii) a satisfactory performance evaluation for such individual for the local eligibility licensure period;

6. Any individual issued a one-year local eligibility license shall be considered a probationary teacher and shall be subject to the probationary terms of employment pursuant to § 22.1-303;

7. Any teacher employed under a one-year local eligibility license shall be issued a collegiate professional or postgraduate professional license upon the expiration of the local eligibility license if such teacher, before or by the expiration of such local eligibility license, (i) receives a recommendation from the division superintendent and the school board, (ii) satisfies all requirements for the applicable license pursuant to relevant law and regulations, and (iii) satisfies any other criteria as may be prescribed by the Board; and

8. The Department's Office of Licensure shall review each local eligibility license within a month of issuance to any individual to ensure compliance with all Board regulations.

O. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsections K and L, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

P. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

§ 22.1-298.1. (Effective July 1, 2030) Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection O or regulations issued by the Board.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board.

"Provisional license" means a nonrenewable license issued by the Board or by a division superintendent as permitted pursuant to subdivision D 5 for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board for 10 years to an individual who meets the requirements specified in the Board's regulations.

"Universal licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force and in use by the individual as an employed teacher in a non-virtual classroom setting at a public or private elementary or secondary school for at least three years prior to and is in force at the time the Department receives such individual's application for a license as a teacher in the Commonwealth.

B. The Board shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent at the time that the hearing is scheduled. The Board shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. In the case of a teacher who is the subject of a founded complaint of child abuse or neglect and whose license has been revoked pursuant to this subsection, in the event that a court reverses such finding of abuse or neglect and the individual submits to the Department an application for the reinstatement of his license as a teacher, the Board shall consider and act upon such application no later than 90 days after the date of submission. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board may teach online courses for which they are properly endorsed.

C. The Board's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board. Such assessments for any individual seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program

developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth *with an endorsement in the area of career and technical education* has *(i)* not attained an industry certification credential in the area in which the teacher seeks endorsement, the division superintendent may issue the teacher a provisional license to allow time for the teacher to attain such credential *or (ii) a high school diploma or a high school equivalency certificate and an industry-recognized credential, certification, or license in the area in which such person seeks an endorsement but has not completed all requirements specified in the Board's regulations for licensure, the Board shall issue the person a provisional license to allow time for such person to complete, in lieu of the outstanding requirements specified in the Board's regulations for licensure, coursework in classroom management, curriculum and instruction in career and technical education, and human growth and development or educational technology*;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse;

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion;

9. Every person seeking initial licensure or renewal of a license shall complete instruction or training in cultural competency;

10. Every person seeking initial licensure or renewal of a license with an endorsement in history and social sciences shall complete instruction in African American history, as prescribed by the Board;

11. Every person seeking renewal of a license as a teacher shall complete training in the instruction of students with disabilities that includes (i) differentiating instruction for students depending on their needs; (ii) understanding the role of general education teachers on the individualized education program team; (iii) implementing effective models of collaborative instruction, including co-teaching; and (iv) understanding the goals and benefits of inclusive education for all students; and

12. Every person seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall complete study in science-based reading research and evidence-based literacy instruction.

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each division superintendent may waive for any individual whom he seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the content-area assessment for the endorsement sought. Such assessments for any individual seeking initial licensure through an alternate route with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to *clause (i) of* subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law; (ii) *shall provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to clause (ii) of subdivision D 5; (iii)* shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license; and ~~(iii)~~ *(iv)* may provide for the issuance of a provisional license, valid for a period not to exceed three years, to any individual who has held within the last five years a valid and officially issued and recognized license or certification to teach issued by an entity outside of the United States but does not meet the requirements for a renewable license if the individual's license or certification to teach has been evaluated and verified by an entity approved by the Department.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts; and

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or a member of the Virginia National Guard who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department. Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. No service requirements or licensing assessments shall be required for any such individual. The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet.

L. The Board's licensure regulations shall also provide for universal licensure by reciprocity for any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force for at least three years prior to and is in force at the time of applications. No service requirements or licensing assessments shall be required for any individual who applies for universal licensure by reciprocity. Any individual who applies for universal licensure by reciprocity shall provide a copy of the individual's out-of-state teaching license that meets the criteria set forth in this subsection. Any such individual shall be subject to the provisions of §§ 22.1-296.2 and 22.1-296.4. The Department shall prioritize applications for universal licensure by reciprocity.

M. The Board shall include in its regulations an alternate route to licensure for elementary education preschool through grade six and an alternate route to licensure for special education general curriculum kindergarten through grade 12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

N. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsections K and L, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

O. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

2. That the Board of Education shall amend its regulations as necessary in accordance with the provisions of this act.

CHAPTER 677

An Act to require the Board of Education to amend its Regulations Governing Allowable Credit for Teaching Experience to require the allowance of certain teaching experience credit substitutions.

[H 2103]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Board of Education shall amend 8VAC20-410-10 of the Virginia Administrative Code to provide that, for the purpose of salary placement credit, teachers in the field of career and technical education, where the licensure requirement calls for occupational work experience beyond the apprenticeship level, may, be allowed credit for one year of teaching experience for each two years of work experience or may be allowed credit for one year of teaching experience for each year of work experience.*

2. That the Board of Education shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

3. That the provisions of this act shall not become effective unless reenacted by the 2026 Session of the General Assembly.

CHAPTER 678

An Act to direct the Board of Education to revise its Three "E" Readiness Framework to include and incentivize participation in work-based learning experiences.

[H 2454]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Board of Education shall revise its Three "E" Readiness Framework: Employment, Enlistment, and Enrollment, adopted pursuant to the Department of Education's public school accountability system to measure high school student postsecondary readiness, to include as an indicator of postsecondary readiness and incentivize participation in and completion of work-based learning experiences, with the maximum number of points for such indicator awarded to students who participate in a minimum of 90 hours of work-based learning experiences.*

CHAPTER 679

An Act to amend and reenact § 42.1-3.1 of the Code of Virginia, relating to the Library Board; conferral of honorary degree of patron of letters.

[H 2695]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 42.1-3.1 of the Code of Virginia is amended and reenacted as follows:

§ 42.1-3.1. Authority of Board generally.

The Board shall be vested with full authority (i) to establish policy concerning what books and other library materials are to be kept, housed, or exhibited by The Library of Virginia; (ii) to enter into agreements with institutions and organizations with purposes similar to its own; (iii) to adopt and amend bylaws; (iv) to charge for such services as deemed proper; and (v) to do such other things as it deems proper to promote education in the realm of history and library and archival science throughout the Commonwealth through The Library of Virginia.

The Board is hereby authorized to sell, grant, and convey or to change the form of investments or control of any funds, securities or other property, provided such action is not inconsistent with the terms of the instrument under which the property may have been acquired.

The Board may confer the honorary degree of patron of letters on any person who has, in its opinion, made an outstanding contribution in the realm of *arts,* history, *humanities,* or *information,* library, or archival science.

CHAPTER 680

An Act to amend and reenact §§ 22.1-1, 22.1-238, 22.1-239, 22.1-241, 22.1-242, 22.1-243, 22.1-253.13:1, 22.1-253.13:2, 22.1-253.13:3, 22.1-253.13:5, 22.1-253.13:6, and 23.1-902.1 of the Code of Virginia, relating to public schools; textbooks and other high-quality instructional materials.

[H 2777]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-1, 22.1-238, 22.1-239, 22.1-241, 22.1-242, 22.1-243, 22.1-253.13:1, 22.1-253.13:2, 22.1-253.13:3, 22.1-253.13:5, 22.1-253.13:6, and 23.1-902.1 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-1. Definitions.

As used in this title, unless the context requires a different meaning:

"Board" or "State Board" means the Board of Education.

"Department" means the Department of Education.

"Division superintendent" means the division superintendent of schools of a school division.

"Dual enrollment" means the enrollment of a qualified high school student in a postsecondary course that is creditable toward high school completion and a career certificate or an associate or baccalaureate degree at a public institution of higher education. "Dual enrollment" does not include the enrollment of a qualified high school student in a postsecondary course that is not creditable toward high school completion.

"Elementary" includes kindergarten.

"Elementary and secondary" and "elementary or secondary" include elementary, middle, and high school grades.

"Evidence-based literacy instruction" means structured instructional practices, including sequential, systematic, explicit, and cumulative teaching, that (i) are based on reliable, trustworthy, and valid evidence consistent with science-based reading research; (ii) are used in core or general instruction, supplemental instruction, intervention services, and intensive intervention services; (iii) have a demonstrated record of success in adequately increasing students' reading competency, vocabulary, oral language, and comprehension and in building mastery of the foundational reading skills of phonological and phonemic awareness, alphabetic principle, phonics, spelling, and text reading fluency; and (iv) are able to be differentiated in order to meet the individual needs of students. "Evidence-based literacy instruction" does not include practices that instruct students to gain meaning from print through the use of ~~(i)~~ *(a)* three-cueing, which includes semantic, syntactic, and graphophonic cues; ~~(ii)~~ *(b)* meaning, structure, and visual cues; or ~~(iii)~~ *(c)* visual memory for word recognition.

"Governing body" or "local governing body" means the board of supervisors of a county, council of a city, or council of a town, responsible for appropriating funds for such locality, as the context may require.

"Middle school" means separate schools for early adolescents and the middle school grades that might be housed at elementary or high schools.

"Parent" or "parents" means any parent, guardian, legal custodian, or other person having control or charge of a child.

"Person of school age" means a person who will have reached his fifth birthday on or before September 30 of the school year and who has not reached twenty years of age on or before August 1 of the school year.

"School board" means the school board that governs a school division.

"Science-based reading research" means research that (i) applies rigorous, systematic, and objective observational or experimental procedures to obtain valid knowledge relevant to reading development, reading instruction, and reading and writing difficulties and (ii) explains how proficient reading and writing develop, why some children have difficulties developing key literacy skills, and how schools can best assess and instruct early literacy, including the use of evidence-based literacy instruction practices to promote reading and writing achievement.

"Superintendent" means the Superintendent of Public Instruction.

"Textbooks and other high-quality instructional materials" means systematic print or digital curricula that serve as the primary curriculum basis for a grade-level subject or course and that provide (i) adequate content and materials for student mastery of corresponding Standards of Learning; (ii) instructional practices that are aligned with general and discipline-specific research evidence; (iii) assessments to monitor student mastery of curriculum content; (iv) guidance for meeting student needs including enrichment for above-grade-level students and intensification for students who are at-risk of not mastering curriculum content, including English language learners and students with disabilities; and (v) resources for teachers that develop content knowledge, support implementation of instructional practices that are based on reliable, trustworthy, and valid evidence and have a demonstrated record of success, and build understanding of the rationale for curricula components.

§ 22.1-238. Approval of textbooks and other high-quality instructional materials.

A. The Board of Education shall have the authority to approve textbooks *and other high-quality instructional materials* suitable for use in the public schools and shall have authority to approve instructional aids and materials for use in the public schools. The Board shall publish a list of all approved textbooks *and other high-quality instructional materials* on its website and shall list the publisher and the current lowest wholesale price of such textbooks *and other high-quality instructional materials*.

B. Any school board may use textbooks *and other high-quality instructional materials* not approved by the Board provided the school board selects such ~~books~~ *textbooks and other high-quality instructional materials* in accordance with regulations promulgated by the Board.

~~C. For the purposes of this chapter, the term "textbooks" means print or electronic media for student use that serve as the primary curriculum basis for a grade-level subject or course.~~

§ 22.1-239. Basal textbooks and other high-quality instructional materials.

In approving basal textbooks *and other high-quality instructional materials* for reading in kindergarten and first grade, the Board shall report to local school boards those textbooks *and other high-quality instructional materials* with a minimum

decodability standard based on words that students can correctly read by properly attaching speech sounds to each letter to formulate the word at 70 percent or above for such textbooks *and other high-quality instructional materials*.

§ 22.1-241. Contracts with publishers.

A. Local school boards shall either enter into written term contracts or issue purchase orders on an as-needed basis with publishers of textbooks *and other high-quality instructional materials* approved by the Board for use in the public schools. Such written contracts or purchase orders for textbooks *and other high-quality instructional materials* approved by the Board shall be exempt from the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

The contract price shall not exceed the lowest wholesale price at which the ~~textbook or~~ textbooks *and other high-quality instructional materials* involved in the contract are currently bid under contract anywhere in the United States.

If, subsequent to the date of any contract entered into by a local school board, the prices of textbooks *and other high-quality instructional materials* named in the contract are reduced ~~or~~, the terms of the contract are made more favorable to purchase anywhere in the United States, or a special or other edition of any ~~book~~ *textbook or other high-quality instructional material* named in the contract is sold outside of ~~Virginia~~ *the Commonwealth* at a lower price than contracted in the Commonwealth, the publisher shall grant the same reduction or terms to the local school board and give the local school board the option of using such special or other edition adapted for use in ~~Virginia~~ *the Commonwealth* and at the lowest price at which such special edition is sold elsewhere and the contract shall so state.

B. Contracts and purchase orders with publishers of textbooks *and other high-quality instructional materials* approved by the Board shall require the publisher to furnish ~~an~~ electronic ~~file~~ *files* of the ~~textbook~~ *textbooks and other high-quality instructional materials* in the National Instructional Materials Accessibility Standards (NIMAS) format that will then be deposited in the National Instructional Materials Access Center (NIMAC) from which accessible versions of the particular ~~textbook~~ *textbooks and other high-quality instructional materials* may be produced for students with print disabilities, as defined in 20 U.S.C. § 1474. Publishers shall deliver the NIMAS ~~file~~ *files* of the ~~textbook~~ *textbooks and other high-quality instructional materials* on or before the date of delivery of the regular text ~~version~~ *versions*.

Contracts and purchase orders with publishers of textbooks *and other high-quality instructional materials* approved by the Board for use in grades 6-12 shall allow for the purchase of printed textbooks *and other high-quality instructional materials*, printed textbooks *and other high-quality instructional materials* with electronic files, or electronic textbooks *and other high-quality instructional materials* separate and apart from printed versions of the same ~~textbook~~ *textbooks and other high-quality instructional materials*. Each school board shall have the authority to purchase an assortment of textbooks *and other high-quality instructional materials* in any of the three forms listed above.

C. Every school board shall order directly from the respective publishers the textbooks *and other high-quality instructional materials* needed to supply the public schools in the school division. The publishers shall ship the textbooks *and other high-quality instructional materials* to the school board. The purchase price of such textbooks *and other high-quality instructional materials* shall be paid directly to the publishers by the school board.

D. With the approval of the local school board and the publisher, any private school within the school division that so requests may purchase from the local school board's contract with the publisher. Such private school shall be fully responsible for ordering, purchasing, and receiving shipments of ~~books~~ *textbooks and other high-quality instructional materials* to be provided from the publisher pursuant to this section. The local school board shall be immune from any civil liability as a result of a private school purchasing from the local school board's contract.

§ 22.1-242. State Board to adopt regulations.

The Board shall adopt regulations governing (i) the purchase of textbooks *and other high-quality instructional materials* approved by it for use in the public schools directly from the publishers by school boards and (ii) the distribution of such textbooks *and other high-quality instructional materials* for the use by children attending public schools in ~~Virginia~~ *the Commonwealth*.

§ 22.1-243. Distribution of textbooks and other high-quality instructional materials; charges for loss or damage; consumable materials.

A. Each school board shall provide, free of charge, such textbooks *and other high-quality instructional materials* required for courses of instruction for each child attending public schools. However, a local school board may assess a reasonable fee or charge for damages or loss of school property when such property has been provided to students without charge.

B. Consumable materials such as workbooks, writing books, and drawing books may be purchased by school boards and either provided to students at no cost or sold to students at a retail price not to exceed seven percent added to the publisher's price. If sold, the local school board shall develop a policy ensuring that workbooks, writing books, and drawing books are furnished to students who are unable to afford them at a reduced price or free of charge.

C. Nothing in this section shall be construed to authorize a school board to charge fees to students for ~~instructional materials,~~ textbooks~~,~~ *and other high-quality instructional materials* or other materials used by a school board employee that are not directly used by a public school student.

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the

provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

The Board shall include in the Standards of Learning for physical and health education for grade nine or 10 research-based hazing prevention instruction, in accordance with the Standards of Learning and curriculum guidelines for research-based hazing prevention instruction developed by the Board pursuant to subsection B of § 22.1-207.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4,

and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.

3. Career and technical education programs incorporated into the K through 12 curricula that include:

a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;

b. Career exploration opportunities in the middle school grades;

c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent in accordance with the timelines established by federal law;

d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and

e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department shall annually compile such lists and provide them to each local school board.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary credit and degree attainment with any comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program from a comprehensive community college concurrent with a high school diploma, consistent with the requirements for the College and Career Ready Virginia Program set forth in Article 5.1 (§ 22.1-237.1 et seq.) of Chapter 13. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes; career and technical education programs, including internships, externships, apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based learning experiences; the International Baccalaureate Program and Academic Year Governor's School Programs; the qualifications for enrolling in such classes, programs, and experiences; and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the College and Career Ready Virginia Program established pursuant to Article 5.1. (§ 22.1-237.1 et seq.) of Chapter 13 and its agreement with a comprehensive community college in the Commonwealth pursuant to subdivision 10 to enable students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language.

13. Early identification, diagnosis, and assistance for students with mathematics problems and provision of instructional strategies and mathematics practices that benefit the development of mathematics skills for all students.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department. Local school divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time to be determined by the Superintendent. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. A program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year. Any physical education class offered to students in grades seven and eight shall include at least one hour of personal safety training per school year in each such grade level that is developed and delivered in partnership with the local law-enforcement agency and consists of situational safety awareness training and social media education. Each local school board shall offer to all students in grade nine or 10 a physical education class that includes research-based hazing prevention instruction pursuant to subsection C of § 22.1-207, unless such hazing

prevention instruction is provided as part of a separate health education class offered to students in grade nine or 10. Each local school board may accept participation in the Junior Reserve Officers' Training Corps as fulfillment of any physical education requirements applicable to students in grades nine through 12.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on all information and concepts contained in the civics portion of the U.S. Naturalization Test.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. The Board shall, in collaboration with the Virginia Community College System, Career and Technical Education directors, and industry partners, develop and maintain a current, comprehensive, and uniform list of industry-recognized workforce credentials that students may take as a substitute for certain credits required for graduation pursuant to 8VAC20-131-51 of the Virginia Administrative Code, including industry-recognized workforce credentials that students may take as a substitute for elective credits and industry-recognized workforce credentials completed outside of regular school hours. The Board, in collaboration with the Virginia Community College System, shall ensure that such list reflects the current credit requirements for graduation and the current credentials accepted as substitutes. The Board shall post such list in a publicly accessible location on its website. Each school board shall accept as a substitute for a required credit any credential listed as an accepted substitute for such required credit.

G. Each local school board may enter into agreements for postsecondary course credit, credential, certification, or license attainment, hereinafter referred to as College and Career Access Pathways Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Such Partnerships shall (i) specify the options for students to take courses as part of the career and technical education curriculum that lead to course credit or an industry-recognized credential, certification, or license concurrent with a high school diploma; (ii) specify the credit, credentials, certifications, or licenses available for such courses; (iii) specify the industry-recognized credentials that are accepted as substitutes for certain credits required for high school graduation, consistent with the list developed and maintained by the Board pursuant to subsection F; and (iv) specify available options for students to participate in pre-apprenticeship and apprenticeship programs at comprehensive community colleges concurrent with the pursuit of a high school diploma and receive college credit and high school credit for successful completion of any such program.

H. Each local school board shall provide a program of literacy instruction that is aligned with science-based reading research and provides evidenced-based literacy instruction to students in kindergarten through grade eight and is consistent with the school board's literacy plan as required by subsection B of § 22.1-253.13:6. Pursuant to such program:

1. Each local school board shall provide reading intervention services to students in kindergarten through grade eight who demonstrate substantial deficiencies based on their individual performance on the Standards of Learning reading assessment or a literacy screener provided by the Department. Such reading intervention services shall consist of evidence-based literacy instruction, align with science-based reading research, and be documented for each student in a written student reading plan, consistent with the requirements in subdivision 2 and the list developed by the Department pursuant to subdivision I 2.

2. A reading specialist, in collaboration with the teacher of any student who receives reading intervention services pursuant to subdivision 1, shall develop, oversee implementation of, and monitor student progress on a student reading plan. The parent of each student who receives reading intervention services pursuant to subdivision 1 shall receive notice of and have the opportunity to participate in the development of the student reading plan. Each student reading plan (i) shall follow the Department template created pursuant to subdivision I 3; (ii) shall document such reading intervention services; (iii) shall include, at a minimum, (a) the student's specific, diagnosed reading skill deficiencies as determined or identified by diagnostic assessment data or the literacy screener provided by the Department; (b) the goals and benchmarks for student growth in reading; (c) a description of the specific measures that will be used to evaluate and monitor the student's reading progress; (d) the specific evidence-based literacy instruction that the student will receive; (e) the strategies, resources, and materials that will be provided to the student's parent to support the student to make reading progress; and (f) any additional services the teacher deems available and appropriate to accelerate the student's reading skill development; and (iv) may include the following services for the student: instruction from a reading specialist, trained aide, computer-based reading

tutorial program, or classroom teacher with support from an aide, extended instructional time in the school day or school year, or, for students in grades six through eight, a literacy course, in addition to the course required by the Standards of Learning in English, that provides the specific evidence-based literacy instruction identified in the student's reading plan. In accordance with § 22.1-215.2, the parent of each student shall receive notice before services begin and a copy of the student reading plan.

3. Each student who receives such reading intervention services shall be assessed utilizing either the literacy screener provided by the Department or the grade-level reading Standards of Learning assessment again at the end of that school year.

Funds appropriated for prevention, intervention, and remediation, summer school remediation, the at-risk add-on, or early intervention reading may be used to meet the requirements of this subsection.

I. In order to assist local school boards to implement the provisions of subsection H:

1. The Board shall provide guidance on the content of student reading plans;

2. The Department shall develop a list of core literacy curricula for students in kindergarten through grade five and supplemental instruction practices and programs and intervention programs for students in kindergarten through grade eight that consist of evidence-based literacy instruction aligned with science-based reading research. The list shall be approved by the Board;

3. The Department shall develop a template for student reading plans that aligns with the requirements of subsection H;

4. The Department shall develop and implement a plan for the annual collection and public reporting of division-level and school-level literacy data, at a time to be determined by the Superintendent, to include results on the literacy screeners provided by the Department and the reading Standards of Learning assessments; and

5. The Department shall provide free online evidence-based literacy instruction resources that can be accessed by parents and local school boards to support student literacy development at home.

J. Each local school board shall adopt and implement textbooks and other high-quality instructional materials in English language arts for grades six through 12 and mathematics, science, and history and social science for grades kindergarten through 12. Except as otherwise provided in subdivision I 2 and subsection B of § 22.1-253.13:6, such textbooks and other high-quality instructional materials shall be selected from the list approved by the Board pursuant to § 22.1-238 or through a local adoption process that incorporates requirements for textbooks and other high-quality instructional materials in accordance with regulations promulgated by the Board.

K. To support local adoption and implementation of textbooks and other high-quality instructional materials, the Department shall:

1. Review and update its "Virginia's Textbook Review Process" document to identify textbooks and other high-quality instructional materials for Board approval pursuant to § 22.1-238. Such review process shall include guidelines and timelines for the submission of, review of, comment on, and evaluation of textbooks and instructional materials, the development and update at least every seven years of evaluation rubrics to determine the extent to which submitted textbooks and instructional materials meet the definition of textbooks and other high-quality instructional materials, the selection and training of Virginia review teams that represent educators from various geographical regions of the Commonwealth and the diversity of the Commonwealth's schools, opportunity for public comment, and the publication of ratings and reports based on the reviews;

2. Implement the review process developed pursuant to subdivision 1 to develop a list of textbooks and other high-quality instructional materials for English language arts for grades six through 12 and mathematics, science, and history and social science for grades kindergarten through 12;

3. Develop, adopt, and publish a list of approved vendors of professional learning resources that support teachers to implement the textbooks and other high-quality instructional materials approved by the Board pursuant to § 22.1-238;

4. For any school that requires improvement, based on federal indicators or a failure to meet Board standards pursuant to § 22.1-253.13:3, (i) complete a review of the curricula in use at such school, (ii) from such funds as may be appropriated, develop a grant program to support the school to adopt textbooks and other high-quality instructional materials from the list approved by the Board pursuant to § 22.1-238 and contract with vendors of professional learning resources from the list approved in accordance with subdivision 3, and (iii) monitor implementation of the adopted textbooks and high-quality instructional materials and professional learning resources; and

5. Publish annually a list of the textbooks and other high-quality instructional materials and professional learning resources adopted and procured by each local school board.

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors or certain other licensed individuals as set forth in subdivision H 4, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one

in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the general appropriation act, shall be provided to support ratios of instructional positions to English language learner students, based on each such student's English proficiency level, as established in the general appropriation act, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ one reading specialist for each 550 students in kindergarten through grade five and one reading specialist for each 1,100 students in grades six through eight. Each such reading specialist shall have training in science-based reading research and evidence-based literacy instruction practices. In addition, each such reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board. Local school divisions that employ a sufficient number of reading specialists to meet this staffing standard may assign reading specialists to grade levels according to grade levels with greatest need, regardless of the individual staffing standards established for grades kindergarten through five and six through eight.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to student enrollment:

1. Principals, one full-time in each elementary school, middle school, and high school, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement

may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors, one full-time equivalent position per 325 students in grades kindergarten through 12.

However, in order to meet the staffing requirements set forth in this subdivision, any local school board (i) may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, any professional counselor licensed by the Board of Counseling, clinical social worker licensed by the Board of Social Work, psychologist licensed by the Board of Psychology, or other licensed counseling professional with appropriate experience and training, provided that any such individual makes progress toward completing the requirements for full licensure as a school counselor during such period of employment or (ii) in the event that the school board does not receive any application from a licensed school counselor, professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training to fill a school counselor vacancy in the school division, may enter into an annual contract with another entity for the provision of school counseling services by a licensed professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training. Local school boards that employ a sufficient number of individuals to meet the staffing requirements set forth in this subdivision may assign such individuals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors or certain other licensed individuals as set forth in subdivision H 4, and shall be based on the school's total enrollment. The Board may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each school board shall provide at least three specialized student support positions per 1,000 students. For purposes of this subsection, specialized student support positions include school social workers, school psychologists, school nurses, licensed behavior analysts, licensed assistant behavior analysts, and other licensed health and behavioral positions, which may either be employed by the school board or provided through contracted services.

In order to fill vacant school psychologist positions, any local school board may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, clinical psychologists licensed by the Board of Psychology, provided that any such individual makes progress toward completing the requirements for full licensure as a school psychologist during such period of employment.

P. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social work administrative positions not included in subsection O; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral administrative positions not included in subsection O;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

Q. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

R. Each local school board shall designate a faculty member to serve as a special education parent/family liaison. The special education parent/family liaison shall serve as a resource to parents and families to understand and engage in (i) the referral, evaluation, reevaluation, and eligibility process if they suspect that their child has a disability and (ii) the IEP process and shall work in collaboration with the special education family support centers established pursuant to § 22.1-214.5. Each school board shall post the name of the designated special education parent/family liaison publicly on its website.

S. Each local school board shall designate a faculty member to serve as the high-quality instructional materials liaison. Such liaison shall receive support from the Department to serve as a resource for the division and its schools to select and implement textbooks and other high-quality instructional materials and aligned professional learning resources.

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include (i) student outcome and growth measures, (ii) requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, (iii) administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, (iv) student services, (v) auxiliary education programs such as library and media services, (vi) requirements for graduation from high school, (vii) community relations, and (viii) the philosophy, goals, and objectives of public education in the Commonwealth.

The Board shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review

period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board. Each local school board shall report the accreditation status of all schools in the local school division annually in public session.

The Board shall establish a review process to assist any school that does not meet the standards established by the Board. The relevant school board shall report the results of such review and any annual progress reports in public session and shall implement any actions identified through such review and utilize them for improvement planning.

The Board shall establish a corrective action plan process for any school that does not meet the standards established by the Board. Such process shall require (a) each school board to submit a corrective action plan for any school in the local school division that does not meet the standards established by the Board and (b) any school board that fails to demonstrate progress in developing or implementing any such corrective action plan to enter into a memorandum of understanding with the Board.

When the Board determines through its review process that the failure of schools within a division to meet the standards established by the Board is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board, each school board shall enter into a memorandum of understanding with the Board and shall subsequently submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division meet the standards established by the Board. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to meet the standards established by the Board, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

B. The Superintendent shall develop, subject to revision by the Board, criteria for determining and recognizing educational performance in the Commonwealth's local school divisions and public schools. The portion of such criteria that measures individual student growth shall become an integral part of the accreditation process for schools in which any grade level in the grade three through eight range is taught. The Superintendent shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance and individual student growth in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent shall assist local school boards in the implementation of action plans for increasing educational performance and individual student growth in those school divisions and schools that are identified as not meeting the approved criteria*, including, when applicable, providing assistance with the review, grant, and monitoring process set forth in subdivision K 4 of § 22.1-253.13:1*. The Superintendent shall monitor the implementation of and report to the Board on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. In lieu of a one-time end-of-year assessment, the Board shall establish, for the purpose of providing measures of individual student growth over the course of the school year, a through-year growth assessment system, aligned with the Standards of Learning, for the administration of reading and mathematics assessments in grades three through eight. Such through-year growth assessment system shall include at least one beginning-of-year, one mid-year, and one end-of-year assessment in order to provide individual student growth scores over the course of the school year, but the total time scheduled for taking all such assessments shall not exceed 150 percent of the time scheduled for taking a single end-of-year proficiency assessment. The Department shall ensure adequate training for teachers and principals on how to interpret and use student growth data from such assessments to improve reading and mathematics instruction in grades three through eight throughout the school year. With such funds and content as are available for such purpose, such through-year growth assessment system shall provide accurate measurement of a student's performance, through computer adaptive technology, using test items at, below, and above the student's grade level as necessary.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Department shall make available to school divisions Standards of Learning assessments typically administered by high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Board shall include in the student outcome and growth measures that are required by the standards of accreditation the required assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (i) reading and mathematics in grades three and four; (ii) reading, mathematics, and science in grade five; (iii) reading and mathematics in grades six and seven; (iv) reading, writing, and mathematics in grade eight; (v) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (vi) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board. The reading and mathematics assessments administered to students in grades three through eight shall be through-year growth assessments.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (a) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (b) permit and encourage integrated assessments that include multiple subject areas; and (c) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department shall award recovery credit to any student in grades three through eight who performs below grade level on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and performs at or above grade level on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board shall (1) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (2) select appropriate industry certification and state licensure examinations; and (3) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board shall provide notice to local school boards regarding such special provisions.

The Board shall not include in its calculation of the passage rate for a Standards of Learning assessment or the level of achievement of the Standards of Learning objectives for an individual student growth assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall provide teachers, parents, principals, and other school leaders with their students' results on any Standards of Learning assessment or Virginia Alternate Assessment Program assessment as soon as practicable after the assessment is administered. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board, the results from industry certification examinations and the Standards of Learning assessments to the public.

The Board shall include requirements for the reporting of the Standards of Learning assessment data, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards for Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board based on submission of a request from the division superintendent and chairman of the local school board. The Board may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

§ 22.1-253.13:5. Standard 5. Quality of classroom instruction and educational leadership.

A. Each member of the Board shall participate in high-quality professional development programs on personnel, curriculum and current issues in education as part of his service on the Board.

B. Consistent with the finding that leadership is essential for the advancement of public education in the Commonwealth, teacher, principal, and superintendent evaluations shall be consistent with the performance standards included in the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents. Evaluations shall include student academic progress as a significant component and an overall summative rating. Teacher evaluations shall include regular observation and evidence that instruction is aligned with the school's curriculum. Evaluations shall include identification of areas of individual strengths and weaknesses and recommendations for appropriate professional activities. Evaluations shall include an evaluation of cultural competency.

C. The Board shall provide guidance on high-quality professional development for (i) teachers, principals, supervisors, division superintendents, and other school staff; (ii) principals, supervisors, and division superintendents in the evaluation and documentation of teacher and principal performance based on student academic progress and the skills and knowledge of such instructional or administrative personnel; (iii) school board members on personnel, curriculum and current issues in education; (iv) teachers of the blind and visually impaired, in cooperation with the Virginia Department for the Blind and Vision Impaired, in Braille; (v) any individual with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, special education blindness/visual impairments preschool through grade 12, or English as a second language preschool through grade 12, or as a reading specialist that builds proficiency in science-based reading research and evidence-based literacy instruction; (vi) each teacher with an endorsement in middle education grades six through eight who teaches English that builds proficiency in evidence-based literacy instruction and science-based reading research; (vii) each middle school principal and teacher with an endorsement in middle education grades six through eight who teaches mathematics, science, or history and social science that builds an awareness of evidence-based literacy instruction and science-based reading research; (viii) each teacher with a provisional general education or special education license or an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, middle education grades six through eight, and secondary education grades six through 12; each principal with an endorsement in administration and supervision preschool through grade 12; and each teacher's aide or other paraprofessional that builds proficiency in instructional practices to support specially designed instruction in inclusive settings; and (ix) each teacher with a provisional special education license or an endorsement in special education general curriculum preschool through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness and visual impairments preschool through grade 12 that builds proficiency in implementing the Virginia IEP established pursuant to subdivision 11 of § 22.1-214.4 and the referral, evaluation, reevaluation, and eligibility forms and worksheets referenced in subdivision 6 of § 22.1-214.4.

The Board shall also provide technical assistance on high-quality professional development to local school boards designed to ensure that all instructional personnel are proficient in the use of educational technology consistent with its comprehensive plan for educational technology.

The Department shall provide technical assistance, including literacy coaching, to local school divisions to provide professional development in science-based reading research and evidence-based literacy instruction for students in kindergarten through grade eight. The Department shall also create a list of professional development programs aligned with science-based reading research and evidence-based literacy instruction that includes programs that provide training in dyslexia for reading specialists as required by subsection G of § 22.1-253.13:2. The list shall be approved by the Board. The Department shall provide resources to local school divisions to ensure that each division is able to provide professional development to teachers and reading specialists listed in subdivision E 2 in one of the programs enumerated in the list approved by the Board pursuant to this subdivision and that such professional development is provided at no cost to the teachers and reading specialists.

The Department shall provide technical assistance to local school divisions to implement professional learning resources from the list of vendors approved by the Department pursuant to subdivision K 3 of § 22.1-253.13:1.

The Department shall provide technical assistance, including special education coaching, to local school divisions to provide professional development in special education and related services and in instructional practices to support specially designed instruction in inclusive settings. The Department shall provide resources to local school divisions to ensure that each division is able to provide professional development to the teachers, principals, teacher's aides, and other paraprofessionals listed in subdivisions E 4 and 5 at no cost to such individuals.

D. Each local school board shall require (i) its members to participate annually in high-quality professional development activities at the state, local, or national levels on governance, including, but not limited to, personnel policies and practices; the evaluation of personnel, curriculum, and instruction; use of data in planning and decision making; and current issues in education as part of their service on the local board and (ii) the division superintendent to participate annually in high-quality professional development activities at the local, state, or national levels, including the Standards of Quality, Board regulations, and the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents.

E. Each local school board shall provide a program of high-quality professional development (i) in the use and documentation of performance standards and evaluation criteria based on student academic progress and skills for teachers,

principals, and superintendents to clarify roles and performance expectations and to facilitate the successful implementation of instructional programs that promote student achievement at the school and classroom levels; (ii) as part of the license renewal process, to assist teachers and principals in acquiring the skills needed to work with gifted students, students with disabilities, and students who have been identified as having limited English proficiency and to increase student achievement and expand the knowledge and skills students require to meet the standards for academic performance set by the Board; (iii) in educational technology for all instructional personnel which is designed to facilitate integration of computer skills and related technology into the curricula; and (iv) for principals and supervisors designed to increase proficiency in instructional leadership and management, including training in the evaluation and documentation of teacher and principal performance based on student academic progress and the skills and knowledge of such instructional or administrative personnel.

In addition, each local school board shall provide:

1. Teachers and principals with high-quality professional development programs each year in (i) instructional content; (ii) the preparation of tests and other assessment measures; (iii) methods for assessing the progress of individual students, including Standards of Learning assessment materials or other criterion-referenced tests that match locally developed objectives; (iv) instruction and remediation techniques in English, mathematics, science, and history and social science; (v) interpreting test data for instructional purposes; (vi) technology applications to implement the Standards of Learning; and (vii) effective classroom management;

2. High-quality professional development and training in science-based reading research and evidence-based literacy instruction, from the list developed and the resources provided by the Department pursuant to subsection C or an alternative program that consists of evidence-based literacy instruction and aligns with science-based reading research approved by the Department, for each elementary school principal and each teacher with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, special education blindness/visual impairments preschool through grade 12, or English as a second language preschool through grade 12, or as a reading specialist that builds proficiency in evidence-based literacy instruction and science-based reading research in order to aid in the licensure renewal process for such individuals;

3. High-quality professional development and training in science-based reading research and evidence-based literacy instruction, from the list developed and the resources provided by the Department pursuant to subsection C, or an alternative program that consists of evidence-based literacy instruction and aligns with science-based reading research approved by the Department, for (i) each teacher with an endorsement in middle education grades six through eight who teaches English that builds proficiency in evidence-based literacy instruction and science-based reading research and (ii) each middle school principal and teacher with an endorsement in middle education grades six through eight who teaches mathematics, science, or history and social science that builds an awareness of evidence-based literacy instruction and science-based reading research;

4. (Effective July 1, 2027) High-quality professional development in implementing the Virginia IEP established pursuant to subdivision 11 of § 22.1-214.4 and the referral, evaluation, reevaluation, and eligibility forms and worksheets referenced in subdivision 6 of § 22.1-214.4 for each teacher with a provisional special education license or an endorsement in special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, and special education blindness and visual impairments preschool through grade 12; and

5. (Effective July 1, 2027) High-quality professional development in instructional practices to support specially designed instruction in inclusive settings for each teacher with a provisional general education license or an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, and secondary education grades six through 12; each principal with an endorsement in administration and supervision preschool through grade 12; each teacher's aide or other paraprofessional; and any teacher with a provisional special education license for whom the school board determines there is a need for such professional development.

F. Schools and school divisions shall include as an integral component of their comprehensive plans required by § 22.1-253.13:6, high-quality professional development programs that support the recruitment, employment, and retention of qualified teachers and principals. Each school board shall require all instructional personnel to participate each year in these professional development programs.

G. Each local school board shall annually review its professional development program for quality, effectiveness, participation by instructional personnel, and relevancy to the instructional needs of teachers and the academic achievement needs of the students in the school division. *Such review shall consider the extent to which the professional development program supports teachers in implementing the textbooks and other high-quality instructional materials adopted for division and school use.*

§ 22.1-253.13:6. Standard 6. Planning and public involvement.

A. The Board shall adopt a statewide comprehensive, unified, long-range plan based on data collection, analysis, and evaluation. Such plan shall be developed with statewide participation. The Board shall review the plan biennially and adopt any necessary revisions. The Board shall post the plan on the Department's website if practicable, and, in any case, shall make a hard copy of such plan available for public inspection and copying.

This plan shall include the objectives of public education in Virginia, including strategies for first improving student achievement, particularly the achievement of educationally at-risk students, then maintaining high levels of student

achievement; an assessment of the extent to which these objectives are being achieved; a forecast of enrollment changes; and an assessment of the needs of public education in the Commonwealth. In the annual report required by § 22.1-18, the Board shall include an analysis of the extent to which these Standards of Quality have been achieved and the objectives of the statewide comprehensive plan have been met. The Board shall also develop, consistent with, or as a part of, its comprehensive plan, a detailed comprehensive, long-range plan to integrate educational technology into the Standards of Learning and the curricula of the public schools in Virginia, including career and technical education programs. The Board shall review and approve the comprehensive plan for educational technology and may require the revision of such plan as it deems necessary.

B. Each local school board shall adopt a divisionwide comprehensive, unified, long-range plan based on data collection, an analysis of the data, and how the data will be utilized to improve classroom instruction and student achievement. The plan shall be developed with staff and community involvement and shall include, or be consistent with, all other divisionwide plans required by state and federal laws and regulations. Each local school board shall review the plan biennially and adopt any necessary revisions. Prior to the adoption of any divisionwide comprehensive plan or revisions thereto, each local school board shall post such plan or revisions on the division's Internet website if practicable, and, in any case, shall make a hard copy of the plan or revisions available for public inspection and copying and shall conduct at least one public hearing to solicit public comment on the divisionwide plan or revisions.

The divisionwide comprehensive plan shall include~~, but shall not be limited to,~~ (i) the objectives of the school division, including strategies for ~~first~~ *(a)* improving student achievement, particularly the achievement of educationally at-risk students, ~~then~~ *(b)* maintaining high levels of student achievement*, and (c) supporting student achievement through the adoption and implementation of textbooks and other high-quality instructional materials*; (ii) an assessment of the extent to which these objectives are being achieved; (iii) a forecast of enrollment changes; (iv) a plan for projecting and managing enrollment changes including consideration of the consolidation of schools to provide for a more comprehensive and effective delivery of instructional services to students and economies in school operations; (v) an evaluation of the appropriateness of establishing regional programs and services in cooperation with neighboring school divisions; (vi) a plan for implementing such regional programs and services when appropriate; (vii) a technology plan designed to integrate educational technology into the instructional programs of the school division, including the school division's career and technical education programs, consistent with, or as a part of, the comprehensive technology plan for Virginia adopted by the Board; (viii) an assessment of the needs of the school division and evidence of community participation, including parental participation, in the development of the plan; (ix) any corrective action plan required pursuant to § 22.1-253.13:3; and (x) a plan for parent and family involvement to include building successful school and parent partnerships that shall be developed with staff and community involvement, including participation by parents.

The divisionwide comprehensive plan shall also include a divisionwide literacy plan for pre-kindergarten through grade eight. The Board shall issue guidance on the contents of such plans. The Department shall develop a template for such plans. Each divisionwide literacy plan shall follow such template and address how the local school board will align (a) literacy professional development; (b) core reading and literacy curriculum for students in kindergarten through grade five; and (c) screening, supplemental instruction, and interventions for students in kindergarten through grade eight with evidence-based literacy instruction practices aligned with science-based reading research and how the school board will support parents to support the literacy development of their children. When developing such divisionwide literacy plan, each local school board shall use programs from the lists developed by the Department pursuant to subsection C of § 22.1-253.13:5 and subdivision ~~H~~ *I* 2 of § 22.1-253.13:1 or seek approval from the Department for the use of alternative programs that consist of evidence-based literacy instruction and align with science-based reading research. Each such divisionwide literacy plan shall be submitted to the Department and shall identify which core literacy curricula, supplemental instructional practices and programs, and intervention programs from the list developed by the Department pursuant to subdivision ~~H~~ *I* 2 of § 22.1-253.13:1 or alternative programs approved by the Department that consist of evidence-based literacy instruction and align with science-based reading research will be used in each grade level, kindergarten through 12, at each of the schools within such school division. Each local school board shall post, maintain, and update as necessary on such school board's website a copy of its divisionwide literacy plan and the job description and contact information for any reading specialist employed by such school division pursuant to subsection G of § 22.1-253.13:2 and for any dyslexia specialist employed by such school division. The Department shall post each divisionwide literacy plan on its website.

A report shall be presented by each school board to the public by November 1 of each odd-numbered year on the extent to which the objectives of the divisionwide comprehensive plan have been met during the previous two school years.

C. Each public school shall also prepare a comprehensive, unified, long-range plan, which the relevant school board shall consider in the development of its divisionwide comprehensive plan.

D. The Board shall, in a timely manner, make available to local school boards information about where current Virginia school laws, Board regulations and revisions, and copies of relevant Opinions of the Attorney General of Virginia may be located online.

§ 23.1-902.1. Education preparation programs; coursework; audit.

A. As used in this section:

"Evidence-based literacy instruction" and "science-based reading research" have the same meanings as provided in § 22.1-1.

"Instructional practices to support specially designed instruction in inclusive settings" has the same meaning as provided in § 22.1-213.

"Textbooks and other high-quality instructional materials" means systematic print or digital curricula that serve as the primary curriculum basis for a grade-level subject or course and that provide (i) adequate content and materials for student mastery of corresponding Standards of Learning; (ii) instructional practices that are aligned with general and discipline-specific research evidence; (iii) assessments to monitor student mastery of curriculum content; (iv) guidance for meeting student needs including enrichment for above-grade-level students and intensification for students who are at-risk of not mastering curriculum content, including English language learners and students with disabilities; and (v) resources for teachers that develop content knowledge, support implementation of instructional practices that are based on reliable, trustworthy, and valid evidence and have a demonstrated record of success, and build understanding of the rationale for curricula components.

B. Each education preparation program offered by a public institution of higher education or private institution of higher education or alternative certification program that provides training for any student seeking initial licensure by the Board of Education or a certificate or microcredential in early literacy or literacy coaching shall:

1. Include a program of coursework and require all such students to demonstrate mastery in science-based reading research and evidence-based literacy instruction. Each such program of coursework and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent literacy experts and stakeholders with knowledge of science-based reading research and evidence-based literacy instruction that has reviewed the requirements established in subdivision 6 of 8VAC20-23-130, subdivision 6 of 8VAC20-23-190, subdivision 2 a of 8VAC20-23-350, 8VAC20-23-510 through 8VAC20-23-580, and 8VAC20-23-660; and

2. For any such student seeking initial licensure by the Board of Education as a teacher with an endorsement in early childhood, elementary education, or special education or with an endorsement as a reading specialist, ensure that reading coursework and field practice opportunities are a significant focus of the education preparation program.

C. Each education preparation program offered by a public institution of higher education or private institution of higher education or alternative certification program that provides training for any student seeking initial licensure by the Board of Education with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, middle education grades six through eight, and secondary education grades six through 12 shall:

1. Include a program of coursework and require all such students to demonstrate mastery in instructional practices to support specially designed instruction in inclusive settings. Each such program of coursework and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent special education experts and stakeholders that has reviewed the requirements established in 8VAC20-23-510 through 8VAC20-23-580;

2. Include a program of coursework and clinical experience and require all such students to demonstrate mastery in identifying and implementing textbooks and other high-quality instructional materials. Each such program of coursework and clinical experience and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent experts and stakeholders with knowledge of the research and evidence base to support the identification and implementation of high-quality curricula as a strategy for improving student learning that has reviewed the requirements established in subdivision 2 of 8VAC20-23-130 of the Virginia Administrative Code and subdivision 2 of 8VAC20-23-190 of the Virginia Administrative Code; and

~~2.~~ *3.* For any such student seeking initial licensure by the Board of Education as a teacher with an endorsement in early/primary, elementary, or secondary education, ensure that coursework and, as available, field practice opportunities that build knowledge of instructional practices to support specially designed instruction in inclusive settings are a significant focus of the education preparation program.

D. The Department of Education shall audit at least once every seven years each education preparation program, in alignment with each program's accreditation cycle, for compliance with the requirements set forth in subsection B.

E. Each education preparation program offered by a public institution of higher education or private institution of higher education that leads to a degree, concentration, endorsement, or certificate for reading specialists shall include a program of coursework and other training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder. Such program shall (i) include coursework in the constructs and pedagogy underlying remediation of reading, spelling, and writing and (ii) require reading specialists to demonstrate mastery of science-based reading research and evidence-based literacy instruction, including appropriate application of instructional supports and services and reading literacy interventions to ensure reading proficiency.

2. That the Board of Education shall amend its regulations as necessary to implement and comply with the provisions of §§ 22.1-238 and 22.1-242 of the Code of Virginia, as amended by this act.

3. That the Department of Education shall develop, adopt, and publish the list of approved vendors of professional learning resources as required pursuant to subdivision K 3 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, (i) no later than January 1, 2027, for English language arts for grades six through 12; (ii) no later than

January 1, 2028, for mathematics; (iii) no later than January 1, 2029, for science; and (iv) no later than January 1, 2030, for history and social science.

4. That the Department of Education and the Board of Education shall complete the process of reviewing and approving textbooks and other high-quality instructional materials as required pursuant to § 22.1-238 of the Code of Virginia, as amended by this act, and subdivisions K 1 and 2 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, (i) no later than January 1, 2027, for English language arts for grades six through 12; (ii) no later than January 1, 2028, for mathematics; (iii) no later than January 1, 2029, for science; and (iv) no later than January 1, 2030, for history and social science. Such deadlines may be adjusted to achieve better alignment with the relevant Standards of Learning review and revision schedule.

5. That each local school board shall adopt and implement textbooks and other high-quality instructional materials as required pursuant to subsection J of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, in each required content area and grade level as soon as practicable after the relevant deadline for Department of Education and Board of Education review and approval set forth in the fourth enactment of this act.

6. That the provisions of the first through fifth enactments of this act shall become effective on July 1, 2026.

7. That the Department of Education (the Department) shall, in consultation with experienced teachers, division-level content specialists, and subject matter experts, evaluate any changes to its current textbook review and approval process that may be necessary to address challenges presented by such process, improve such process, and fully comply with the provisions of this act. In conducting such evaluation, the Department shall (i) identify and consider best practices for textbook review and approval, including textbook review and approval practices utilized in other states, and (ii) make recommendations on (a) revising the "Virginia's Textbook Review Process" document; (b) improving the selection and training process for statewide textbook review committees; (c) increasing opportunities for public comment on review and approval of textbooks and other high-quality instructional materials, as that term is defined in § 22.1-1 of the Code of Virginia, as amended by this act; and (d) updating Department procedures to support the process of reviewing and approving textbooks and other high-quality instructional materials. The Department shall report its findings and recommendations to the Governor and the Chairs of the Senate Committee on Finance and Appropriations, the Senate Committee on Education and Health, the House Committee on Appropriations, and the House Committee on Education by November 1, 2025. The Department and the Board of Education shall utilize such findings and recommendations to inform the process of reviewing and approving textbooks and other high-quality instructional materials as required pursuant to § 22.1-238 of the Code of Virginia, as amended by this act, and subdivisions K 1 and 2 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act.

CHAPTER 681

An Act to direct the Board of Education to revise its Three "E" Readiness Framework to include and incentivize participation in work-based learning experiences.

[S 784]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Board of Education shall revise its Three "E" Readiness Framework: Employment, Enlistment, and Enrollment, adopted pursuant to the Department of Education's public school accountability system to measure high school student postsecondary readiness, to include as an indicator of postsecondary readiness and incentivize participation in and completion of work-based learning experiences, with the maximum number of points for such indicator awarded to students who participate in a minimum of 90 hours of work-based learning experiences.*

CHAPTER 682

An Act to amend and reenact § 22.1-298.1, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to Board of Education; teacher licensure; career and technical education; alternative pathway to provisional licensure.

[S 879]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-298.1, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 22.1-298.1. (Effective until July 1, 2030) Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection P or regulations issued by the Board.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board's regulations.

"Local eligibility license" means a nonrenewable license issued in accordance with subsection M, not to exceed one year, to an individual who needs to take additional coursework but otherwise meets certain conditions for licensure set forth in the Board's regulations and subsection M, and who may be employed by a school division in the Commonwealth with the intention of such individual, upon satisfaction of the applicable requirements set forth in Board regulations, receiving full licensure with a renewable license.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board.

"Provisional license" means a nonrenewable license issued by the Board or by a division superintendent as permitted pursuant to subdivision D 5 for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board for 10 years to an individual who meets the requirements specified in the Board's regulations.

"Universal licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force and in use by the individual as an employed teacher in a non-virtual classroom setting at a public or private elementary or secondary school for at least three years prior to and is in force at the time the Department receives such individual's application for a license as a teacher in the Commonwealth.

B. The Board shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent at the time that the hearing is scheduled. The Board shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. In the case of a teacher who is the subject of a founded complaint of child abuse or neglect and whose license has been revoked pursuant to this subsection, in the event that a court reverses such finding of abuse or neglect and the individual submits to the Department an application for the reinstatement of his license as a teacher, the Board shall consider and act upon such application no later than 90 days after the date of submission. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board may teach online courses for which they are properly endorsed.

C. The Board's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board. Such assessments for any individual seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth *with an endorsement in the area of career and technical education* has *(i)* not attained an industry certification credential in the area in which the teacher seeks endorsement, the division superintendent may issue the teacher a provisional license to allow time for the teacher to attain such credential *or (ii) a high school diploma or a high school equivalency certificate and an industry-recognized credential, certification, or license in the area in which such person seeks an endorsement but has not completed all requirements specified in the Board's regulations for licensure, the Board shall issue the person a provisional license to allow time for such person to complete, in lieu of the outstanding requirements specified in the Board's regulations for licensure, coursework in classroom management, curriculum and instruction in career and technical education, and human growth and development or educational technology*;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse;

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion;

9. Every person seeking initial licensure or renewal of a license shall complete instruction or training in cultural competency;

10. Every person seeking initial licensure or renewal of a license with an endorsement in history and social sciences shall complete instruction in African American history, as prescribed by the Board;

11. Every person seeking renewal of a license as a teacher shall complete training in the instruction of students with disabilities that includes (i) differentiating instruction for students depending on their needs; (ii) understanding the role of general education teachers on the individualized education program team; (iii) implementing effective models of collaborative instruction, including co-teaching; and (iv) understanding the goals and benefits of inclusive education for all students; and

12. Every person seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall complete study in science-based reading research and evidence-based literacy instruction.

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner

consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each division superintendent may waive for any individual whom he seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the content-area assessment for the endorsement sought. Such assessments for any individual seeking initial licensure through an alternate route with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to *clause (i) of* subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law; (ii) *shall provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to clause (ii) of subdivision D 5; (iii)* shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license; and ~~(iii)~~ *(iv)* may provide for the issuance of a provisional license, valid for a period not to exceed three years, to any individual who has held within the last five years a valid and officially issued and recognized license or certification to teach issued by an entity outside of the United States but does not meet the requirements for a renewable license if the individual's license or certification to teach has been evaluated and verified by an entity approved by the Department.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts; and

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or a member of the Virginia National Guard who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department. Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. No service requirements or licensing assessments shall be required for any such individual. The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet.

L. The Board's licensure regulations shall also provide for universal licensure by reciprocity for any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force for at least three years prior to and is in force at the time of application. No service requirements or licensing assessments shall be required for any individual who applies for universal licensure by reciprocity. Any individual who applies for universal licensure by reciprocity shall provide a copy of the individual's out-of-state teaching license that meets the criteria set forth in this subsection. Any such individual shall be subject to the provisions of §§ 22.1-296.2 and 22.1-296.4. The Department shall prioritize applications for universal licensure by reciprocity.

M. The Board shall include in its regulations an alternate route to licensure for elementary education preschool through grade six and an alternate route to licensure for special education general curriculum kindergarten through grade 12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

N. Notwithstanding any provision of law to the contrary, the Board, upon recommendation of the division superintendent or school board, may provide for the issuance of a valid one-year nonrenewable local eligibility license to

any individual who (i) received a baccalaureate degree from a regionally accredited institution of higher education and (ii) has experience or training in a subject or content area as the local school board and division superintendent may deem appropriate for the applicable teaching position or endorsement area. Any such one-year nonrenewable local eligibility license shall be issued in accordance with the following criteria:

1. Each school board shall ensure that the number of teachers employed by the school board under such local eligibility license does not exceed five percent of the teachers employed by such school board during the preceding school year;

2. No school board shall issue such local eligibility license to any individual who is (i) seeking to provide instruction in special education or (ii) eligible for a collegiate professional license or postgraduate professional license;

3. Any individual who is issued a local eligibility license pursuant to this subsection shall be required to complete within such one-year period the requirements set forth in subsection C and subdivisions D 1, 3, 6, 8, and 9 as well as any additional training requirements that may be prescribed by the school board and division superintendent;

4. Such local eligibility license shall only be valid within the issuing school division;

5. Each school board may, upon an individual's completion of a local eligibility license, issue a provisional license to such individual upon receiving from the division superintendent (i) a recommendation for such license and (ii) a satisfactory performance evaluation for such individual for the local eligibility licensure period;

6. Any individual issued a one-year local eligibility license shall be considered a probationary teacher and shall be subject to the probationary terms of employment pursuant to § 22.1-303;

7. Any teacher employed under a one-year local eligibility license shall be issued a collegiate professional or postgraduate professional license upon the expiration of the local eligibility license if such teacher, before or by the expiration of such local eligibility license, (i) receives a recommendation from the division superintendent and the school board, (ii) satisfies all requirements for the applicable license pursuant to relevant law and regulations, and (iii) satisfies any other criteria as may be prescribed by the Board; and

8. The Department's Office of Licensure shall review each local eligibility license within a month of issuance to any individual to ensure compliance with all Board regulations.

O. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsections K and L, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

P. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

§ 22.1-298.1. (Effective July 1, 2030) Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection O or regulations issued by the Board.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board.

"Provisional license" means a nonrenewable license issued by the Board or by a division superintendent as permitted pursuant to subdivision D 5 for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board for 10 years to an individual who meets the requirements specified in the Board's regulations.

"Universal licensure by reciprocity" means the issuance of a license as a teacher in the Commonwealth to any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force and in use by the individual as an employed teacher in a non-virtual classroom setting at a public or private elementary or secondary school for at least three years prior to and is in force at the time the Department receives such individual's application for a license as a teacher in the Commonwealth.

B. The Board shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any

complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent at the time that the hearing is scheduled. The Board shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. In the case of a teacher who is the subject of a founded complaint of child abuse or neglect and whose license has been revoked pursuant to this subsection, in the event that a court reverses such finding of abuse or neglect and the individual submits to the Department an application for the reinstatement of his license as a teacher, the Board shall consider and act upon such application no later than 90 days after the date of submission. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board may teach online courses for which they are properly endorsed.

C. The Board's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board. Such assessments for any individual seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth *with an endorsement in the area of career and technical education* has *(i)* not attained an industry certification credential in the area in which the teacher seeks endorsement, the division superintendent may issue the teacher a provisional license to allow time for the teacher to attain such credential *or (ii) a high school diploma or a high school equivalency certificate and an industry-recognized credential, certification, or license in the area in which such person seeks an endorsement but has not completed all requirements specified in the Board's regulations for licensure, the Board shall issue the person a provisional license to allow time for such person to complete, in lieu of the outstanding requirements specified in the Board's regulations for licensure, coursework in classroom management, curriculum and instruction in career and technical education, and human growth and development or educational technology*;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia;

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse;

8. Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion;

9. Every person seeking initial licensure or renewal of a license shall complete instruction or training in cultural competency;

10. Every person seeking initial licensure or renewal of a license with an endorsement in history and social sciences shall complete instruction in African American history, as prescribed by the Board;

11. Every person seeking renewal of a license as a teacher shall complete training in the instruction of students with disabilities that includes (i) differentiating instruction for students depending on their needs; (ii) understanding the role of general education teachers on the individualized education program team; (iii) implementing effective models of collaborative instruction, including co-teaching; and (iv) understanding the goals and benefits of inclusive education for all students; and

12. Every person seeking initial licensure with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall complete study in science-based reading research and evidence-based literacy instruction.

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each division superintendent may waive for any individual whom he seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;

2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;

3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the content-area assessment for the endorsement sought. Such assessments for any individual seeking initial licensure through an alternate route with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness/visual impairments preschool through grade 12 or as a reading specialist shall include a rigorous test of science-based reading research and evidence-based literacy instruction; and

4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to *clause (i) of* subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law; (ii) *shall provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to clause (ii) of subdivision D 5; (iii)* shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former

member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license; and ~~(iii)~~ *(iv)* may provide for the issuance of a provisional license, valid for a period not to exceed three years, to any individual who has held within the last five years a valid and officially issued and recognized license or certification to teach issued by an entity outside of the United States but does not meet the requirements for a renewable license if the individual's license or certification to teach has been evaluated and verified by an entity approved by the Department.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts; and

2. For any spouse of an active duty or reserve member of the Armed Forces of the United States or a member of the Virginia National Guard who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department. Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. No service requirements or licensing assessments shall be required for any such individual. The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet.

L. The Board's licensure regulations shall also provide for universal licensure by reciprocity for any individual who holds a valid out-of-state teaching license with full credentials and without deficiencies that has been in force for at least three years prior to and is in force at the time of applications. No service requirements or licensing assessments shall be required for any individual who applies for universal licensure by reciprocity. Any individual who applies for universal licensure by reciprocity shall provide a copy of the individual's out-of-state teaching license that meets the criteria set forth in this subsection. Any such individual shall be subject to the provisions of §§ 22.1-296.2 and 22.1-296.4. The Department shall prioritize applications for universal licensure by reciprocity.

M. The Board shall include in its regulations an alternate route to licensure for elementary education preschool through grade six and an alternate route to licensure for special education general curriculum kindergarten through grade 12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

N. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsections K and L, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

O. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

2. That the Board of Education shall amend its regulations as necessary in accordance with the provisions of this act.

CHAPTER 683

An Act to amend and reenact §§ 22.1-1, 22.1-238, 22.1-239, 22.1-241, 22.1-242, 22.1-243, 22.1-253.13:1, 22.1-253.13:2, 22.1-253.13:3, 22.1-253.13:5, 22.1-253.13:6, and 23.1-902.1 of the Code of Virginia, relating to public schools; textbooks and other high-quality instructional materials.

[S 955]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-1, 22.1-238, 22.1-239, 22.1-241, 22.1-242, 22.1-243, 22.1-253.13:1, 22.1-253.13:2, 22.1-253.13:3, 22.1-253.13:5, 22.1-253.13:6, and 23.1-902.1 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-1. Definitions.

As used in this title, unless the context requires a different meaning:

"Board" or "State Board" means the Board of Education.

"Department" means the Department of Education.

"Division superintendent" means the division superintendent of schools of a school division.

"Dual enrollment" means the enrollment of a qualified high school student in a postsecondary course that is creditable toward high school completion and a career certificate or an associate or baccalaureate degree at a public institution of

higher education. "Dual enrollment" does not include the enrollment of a qualified high school student in a postsecondary course that is not creditable toward high school completion.

"Elementary" includes kindergarten.

"Elementary and secondary" and "elementary or secondary" include elementary, middle, and high school grades.

"Evidence-based literacy instruction" means structured instructional practices, including sequential, systematic, explicit, and cumulative teaching, that (i) are based on reliable, trustworthy, and valid evidence consistent with science-based reading research; (ii) are used in core or general instruction, supplemental instruction, intervention services, and intensive intervention services; (iii) have a demonstrated record of success in adequately increasing students' reading competency, vocabulary, oral language, and comprehension and in building mastery of the foundational reading skills of phonological and phonemic awareness, alphabetic principle, phonics, spelling, and text reading fluency; and (iv) are able to be differentiated in order to meet the individual needs of students. "Evidence-based literacy instruction" does not include practices that instruct students to gain meaning from print through the use of ~~(i)~~ *(a)* three-cueing, which includes semantic, syntactic, and graphophonic cues; ~~(ii)~~ *(b)* meaning, structure, and visual cues; or ~~(iii)~~ *(c)* visual memory for word recognition.

"Governing body" or "local governing body" means the board of supervisors of a county, council of a city, or council of a town, responsible for appropriating funds for such locality, as the context may require.

"Middle school" means separate schools for early adolescents and the middle school grades that might be housed at elementary or high schools.

"Parent" or "parents" means any parent, guardian, legal custodian, or other person having control or charge of a child.

"Person of school age" means a person who will have reached his fifth birthday on or before September 30 of the school year and who has not reached twenty years of age on or before August 1 of the school year.

"School board" means the school board that governs a school division.

"Science-based reading research" means research that (i) applies rigorous, systematic, and objective observational or experimental procedures to obtain valid knowledge relevant to reading development, reading instruction, and reading and writing difficulties and (ii) explains how proficient reading and writing develop, why some children have difficulties developing key literacy skills, and how schools can best assess and instruct early literacy, including the use of evidence-based literacy instruction practices to promote reading and writing achievement.

"Superintendent" means the Superintendent of Public Instruction.

"Textbooks and other high-quality instructional materials" means systematic print or digital curricula that serve as the primary curriculum basis for a grade-level subject or course and that provide (i) adequate content and materials for student mastery of corresponding Standards of Learning; (ii) instructional practices that are aligned with general and discipline-specific research evidence; (iii) assessments to monitor student mastery of curriculum content; (iv) guidance for meeting student needs including enrichment for above-grade-level students and intensification for students who are at-risk of not mastering curriculum content, including English language learners and students with disabilities; and (v) resources for teachers that develop content knowledge, support implementation of instructional practices that are based on reliable, trustworthy, and valid evidence and have a demonstrated record of success, and build understanding of the rationale for curricula components.

§ 22.1-238. Approval of textbooks and other high-quality instructional materials.

A. The Board of Education shall have the authority to approve textbooks *and other high-quality instructional materials* suitable for use in the public schools and shall have authority to approve instructional aids and materials for use in the public schools. The Board shall publish a list of all approved textbooks *and other high-quality instructional materials* on its website and shall list the publisher and the current lowest wholesale price of such textbooks *and other high-quality instructional materials*.

B. Any school board may use textbooks *and other high-quality instructional materials* not approved by the Board provided the school board selects such ~~books~~ *textbooks and other high-quality instructional materials* in accordance with regulations promulgated by the Board.

~~C. For the purposes of this chapter, the term "textbooks" means print or electronic media for student use that serve as the primary curriculum basis for a grade-level subject or course.~~

§ 22.1-239. Basal textbooks and other high-quality instructional materials.

In approving basal textbooks *and other high-quality instructional materials* for reading in kindergarten and first grade, the Board shall report to local school boards those textbooks *and other high-quality instructional materials* with a minimum decodability standard based on words that students can correctly read by properly attaching speech sounds to each letter to formulate the word at 70 percent or above for such textbooks *and other high-quality instructional materials*.

§ 22.1-241. Contracts with publishers.

A. Local school boards shall either enter into written term contracts or issue purchase orders on an as-needed basis with publishers of textbooks *and other high-quality instructional materials* approved by the Board for use in the public schools. Such written contracts or purchase orders for textbooks *and other high-quality instructional materials* approved by the Board shall be exempt from the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

The contract price shall not exceed the lowest wholesale price at which the ~~textbook or~~ textbooks *and other high-quality instructional materials* involved in the contract are currently bid under contract anywhere in the United States.

If, subsequent to the date of any contract entered into by a local school board, the prices of textbooks *and other high-quality instructional materials* named in the contract are reduced ~~or~~, the terms of the contract are made more favorable to purchase anywhere in the United States, or a special or other edition of any ~~book~~ *textbook or other high-quality instructional material* named in the contract is sold outside of ~~Virginia~~ *the Commonwealth* at a lower price than contracted in the Commonwealth, the publisher shall grant the same reduction or terms to the local school board and give the local school board the option of using such special or other edition adapted for use in ~~Virginia~~ *the Commonwealth* and at the lowest price at which such special edition is sold elsewhere and the contract shall so state.

B. Contracts and purchase orders with publishers of textbooks *and other high-quality instructional materials* approved by the Board shall require the publisher to furnish ~~an~~ electronic ~~file~~ *files* of the ~~textbook~~ *textbooks and other high-quality instructional materials* in the National Instructional Materials Accessibility Standards (NIMAS) format that will then be deposited in the National Instructional Materials Access Center (NIMAC) from which accessible versions of the particular ~~textbook~~ *textbooks and other high-quality instructional materials* may be produced for students with print disabilities, as defined in 20 U.S.C. § 1474. Publishers shall deliver the NIMAS ~~file~~ *files* of the ~~textbook~~ *textbooks and other high-quality instructional materials* on or before the date of delivery of the regular text ~~version~~ *versions*.

Contracts and purchase orders with publishers of textbooks *and other high-quality instructional materials* approved by the Board for use in grades 6-12 shall allow for the purchase of printed textbooks *and other high-quality instructional materials*, printed textbooks *and other high-quality instructional materials* with electronic files, or electronic textbooks *and other high-quality instructional materials* separate and apart from printed versions of the same ~~textbook~~ *textbooks and other high-quality instructional materials*. Each school board shall have the authority to purchase an assortment of textbooks *and other high-quality instructional materials* in any of the three forms listed above.

C. Every school board shall order directly from the respective publishers the textbooks *and other high-quality instructional materials* needed to supply the public schools in the school division. The publishers shall ship the textbooks *and other high-quality instructional materials* to the school board. The purchase price of such textbooks *and other high-quality instructional materials* shall be paid directly to the publishers by the school board.

D. With the approval of the local school board and the publisher, any private school within the school division that so requests may purchase from the local school board's contract with the publisher. Such private school shall be fully responsible for ordering, purchasing, and receiving shipments of ~~books~~ *textbooks and other high-quality instructional materials* to be provided from the publisher pursuant to this section. The local school board shall be immune from any civil liability as a result of a private school purchasing from the local school board's contract.

§ 22.1-242. State Board to adopt regulations.

The Board shall adopt regulations governing (i) the purchase of textbooks *and other high-quality instructional materials* approved by it for use in the public schools directly from the publishers by school boards and (ii) the distribution of such textbooks *and other high-quality instructional materials* for the use by children attending public schools in ~~Virginia~~ *the Commonwealth*.

§ 22.1-243. Distribution of textbooks and other high-quality instructional materials; charges for loss or damage; consumable materials.

A. Each school board shall provide, free of charge, such textbooks *and other high-quality instructional materials* required for courses of instruction for each child attending public schools. However, a local school board may assess a reasonable fee or charge for damages or loss of school property when such property has been provided to students without charge.

B. Consumable materials such as workbooks, writing books, and drawing books may be purchased by school boards and either provided to students at no cost or sold to students at a retail price not to exceed seven percent added to the publisher's price. If sold, the local school board shall develop a policy ensuring that workbooks, writing books, and drawing books are furnished to students who are unable to afford them at a reduced price or free of charge.

C. Nothing in this section shall be construed to authorize a school board to charge fees to students for ~~instructional materials,~~ textbooks~~,~~ *and other high-quality instructional materials* or other materials used by a school board employee that are not directly used by a public school student.

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board

shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

The Board shall include in the Standards of Learning for physical and health education for grade nine or 10 research-based hazing prevention instruction, in accordance with the Standards of Learning and curriculum guidelines for research-based hazing prevention instruction developed by the Board pursuant to subsection B of § 22.1-207.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related

technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.

3. Career and technical education programs incorporated into the K through 12 curricula that include:

a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;

b. Career exploration opportunities in the middle school grades;

c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent in accordance with the timelines established by federal law;

d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and

e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department shall annually compile such lists and provide them to each local school board.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary credit and degree attainment with any comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program from a comprehensive community college concurrent with a high school diploma, consistent with the requirements for the College and Career Ready Virginia Program set forth in Article 5.1 (§ 22.1-237.1 et seq.) of Chapter 13. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes; career and technical education programs, including internships, externships, apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based learning experiences; the International Baccalaureate Program and Academic Year Governor's School Programs; the qualifications for enrolling in such classes, programs, and experiences; and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the College and Career Ready Virginia Program established pursuant to Article 5.1. (§ 22.1-237.1 et seq.) of Chapter 13 and its agreement with a comprehensive community college in the Commonwealth pursuant to subdivision 10 to enable students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language.

13. Early identification, diagnosis, and assistance for students with mathematics problems and provision of instructional strategies and mathematics practices that benefit the development of mathematics skills for all students.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department. Local school divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time to be determined by the Superintendent. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. A program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year. Any physical education class offered to students in grades seven and eight shall include at least one hour of personal safety training per school year in each such grade level that is developed and delivered in partnership with the local law-enforcement agency and consists of situational safety awareness training and social media education. Each local school board shall offer to all students in grade nine or 10 a physical education class that includes research-based hazing prevention instruction pursuant to subsection C of § 22.1-207, unless such hazing prevention instruction is provided as part of a separate health education class offered to students in grade nine or 10. Each local school board may accept participation in the Junior Reserve Officers' Training Corps as fulfillment of any physical education requirements applicable to students in grades nine through 12.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on all information and concepts contained in the civics portion of the U.S. Naturalization Test.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. The Board shall, in collaboration with the Virginia Community College System, Career and Technical Education directors, and industry partners, develop and maintain a current, comprehensive, and uniform list of industry-recognized workforce credentials that students may take as a substitute for certain credits required for graduation pursuant to 8VAC20-131-51 of the Virginia Administrative Code, including industry-recognized workforce credentials that students may take as a substitute for elective credits and industry-recognized workforce credentials completed outside of regular school hours. The Board, in collaboration with the Virginia Community College System, shall ensure that such list reflects the current credit requirements for graduation and the current credentials accepted as substitutes. The Board shall post such list in a publicly accessible location on its website. Each school board shall accept as a substitute for a required credit any credential listed as an accepted substitute for such required credit.

G. Each local school board may enter into agreements for postsecondary course credit, credential, certification, or license attainment, hereinafter referred to as College and Career Access Pathways Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Such Partnerships shall (i) specify the options for students to take courses as part of the career and technical education curriculum that lead to course credit or an industry-recognized credential, certification, or license concurrent with a high school diploma; (ii) specify the credit, credentials, certifications, or licenses available for such courses; (iii) specify the industry-recognized credentials that are accepted as substitutes for certain credits required for high school graduation, consistent with the list developed and maintained by the Board pursuant to subsection F; and (iv) specify available options for students to participate in pre-apprenticeship and apprenticeship programs at comprehensive community colleges concurrent with the pursuit of a high school diploma and receive college credit and high school credit for successful completion of any such program.

H. Each local school board shall provide a program of literacy instruction that is aligned with science-based reading research and provides evidenced-based literacy instruction to students in kindergarten through grade eight and is consistent with the school board's literacy plan as required by subsection B of § 22.1-253.13:6. Pursuant to such program:

1. Each local school board shall provide reading intervention services to students in kindergarten through grade eight who demonstrate substantial deficiencies based on their individual performance on the Standards of Learning reading assessment or a literacy screener provided by the Department. Such reading intervention services shall consist of evidence-based literacy instruction, align with science-based reading research, and be documented for each student in a written student reading plan, consistent with the requirements in subdivision 2 and the list developed by the Department pursuant to subdivision I 2.

2. A reading specialist, in collaboration with the teacher of any student who receives reading intervention services pursuant to subdivision 1, shall develop, oversee implementation of, and monitor student progress on a student reading plan. The parent of each student who receives reading intervention services pursuant to subdivision 1 shall receive notice of and have the opportunity to participate in the development of the student reading plan. Each student reading plan (i) shall follow the Department template created pursuant to subdivision I 3; (ii) shall document such reading intervention services; (iii) shall include, at a minimum, (a) the student's specific, diagnosed reading skill deficiencies as determined or identified by diagnostic assessment data or the literacy screener provided by the Department; (b) the goals and benchmarks for student growth in reading; (c) a description of the specific measures that will be used to evaluate and monitor the student's reading progress; (d) the specific evidence-based literacy instruction that the student will receive; (e) the strategies, resources, and materials that will be provided to the student's parent to support the student to make reading progress; and (f) any additional services the teacher deems available and appropriate to accelerate the student's reading skill development; and (iv) may include the following services for the student: instruction from a reading specialist, trained aide, computer-based reading tutorial program, or classroom teacher with support from an aide, extended instructional time in the school day or school year, or, for students in grades six through eight, a literacy course, in addition to the course required by the Standards of Learning in English, that provides the specific evidence-based literacy instruction identified in the student's reading plan. In accordance with § 22.1-215.2, the parent of each student shall receive notice before services begin and a copy of the student reading plan.

3. Each student who receives such reading intervention services shall be assessed utilizing either the literacy screener provided by the Department or the grade-level reading Standards of Learning assessment again at the end of that school year.

Funds appropriated for prevention, intervention, and remediation, summer school remediation, the at-risk add-on, or early intervention reading may be used to meet the requirements of this subsection.

I. In order to assist local school boards to implement the provisions of subsection H:

1. The Board shall provide guidance on the content of student reading plans;

2. The Department shall develop a list of core literacy curricula for students in kindergarten through grade five and supplemental instruction practices and programs and intervention programs for students in kindergarten through grade eight that consist of evidence-based literacy instruction aligned with science-based reading research. The list shall be approved by the Board;

3. The Department shall develop a template for student reading plans that aligns with the requirements of subsection H;

4. The Department shall develop and implement a plan for the annual collection and public reporting of division-level and school-level literacy data, at a time to be determined by the Superintendent, to include results on the literacy screeners provided by the Department and the reading Standards of Learning assessments; and

5. The Department shall provide free online evidence-based literacy instruction resources that can be accessed by parents and local school boards to support student literacy development at home.

J. Each local school board shall adopt and implement textbooks and other high-quality instructional materials in English language arts for grades six through 12 and mathematics, science, and history and social science for grades kindergarten through 12. Except as otherwise provided in subdivision I 2 and subsection B of § 22.1-253.13:6, such textbooks and other high-quality instructional materials shall be selected from the list approved by the Board pursuant to § 22.1-238 or through a local adoption process that incorporates requirements for textbooks and other high-quality instructional materials in accordance with regulations promulgated by the Board.

K. To support local adoption and implementation of textbooks and other high-quality instructional materials, the Department shall:

1. Review and update its "Virginia's Textbook Review Process" document to identify textbooks and other high-quality instructional materials for Board approval pursuant to § 22.1-238. Such review process shall include guidelines and timelines for the submission of, review of, comment on, and evaluation of textbooks and instructional materials, the development and update at least every seven years of evaluation rubrics to determine the extent to which submitted textbooks and instructional materials meet the definition of textbooks and other high-quality instructional materials, the selection and training of Virginia review teams that represent educators from various geographical regions of the Commonwealth and the diversity of the Commonwealth's schools, opportunity for public comment, and the publication of ratings and reports based on the reviews;

2. Implement the review process developed pursuant to subdivision 1 to develop a list of textbooks and other high-quality instructional materials for English language arts for grades six through 12 and mathematics, science, and history and social science for grades kindergarten through 12;

3. Develop, adopt, and publish a list of approved vendors of professional learning resources that support teachers to implement the textbooks and other high-quality instructional materials approved by the Board pursuant to § 22.1-238;

4. For any school that requires improvement, based on federal indicators or a failure to meet Board standards pursuant to § 22.1-253.13:3, (i) complete a review of the curricula in use at such school, (ii) from such funds as may be appropriated, develop a grant program to support the school to adopt textbooks and other high-quality instructional materials from the list approved by the Board pursuant to § 22.1-238 and contract with vendors of professional learning resources from the list approved in accordance with subdivision 3, and (iii) monitor implementation of the adopted textbooks and high-quality instructional materials and professional learning resources; and

5. Publish annually a list of the textbooks and other high-quality instructional materials and professional learning resources adopted and procured by each local school board.

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors or certain other licensed individuals as set forth in subdivision H 4, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the general appropriation act, shall be provided to support ratios of instructional positions to English language learner students, based on each such student's English proficiency level, as established in the general appropriation act, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ one reading specialist for each 550 students in kindergarten through grade five and one reading specialist for each 1,100 students in grades six through eight. Each such reading specialist shall have training in science-based reading research and evidence-based literacy instruction practices. In addition, each such reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board. Local school divisions that employ a sufficient number of reading specialists to meet this staffing standard may assign reading specialists to grade levels according to grade levels with greatest need, regardless of the individual staffing standards established for grades kindergarten through five and six through eight.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to student enrollment:

1. Principals, one full-time in each elementary school, middle school, and high school, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors, one full-time equivalent position per 325 students in grades kindergarten through 12.

However, in order to meet the staffing requirements set forth in this subdivision, any local school board (i) may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, any professional counselor licensed by the Board of Counseling, clinical social worker licensed by the Board of Social Work, psychologist licensed by the Board of Psychology, or other licensed counseling professional with appropriate experience and training, provided that any such individual makes progress toward completing the requirements for full licensure as a school counselor during such period of employment or (ii) in the event that the school board does not receive any application from a licensed school counselor, professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training to fill a school counselor vacancy in the school division, may enter into an annual contract with another entity for the provision of school counseling services by a licensed professional counselor, clinical social worker, or psychologist or another licensed counseling professional with appropriate experience and training. Local school boards that employ a sufficient number of individuals to meet the staffing requirements set forth in this subdivision may assign such individuals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors or certain other licensed individuals as set forth in subdivision H 4, and shall be based on the school's total enrollment. The Board may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each school board shall provide at least three specialized student support positions per 1,000 students. For purposes of this subsection, specialized student support positions include school social workers, school psychologists, school nurses, licensed behavior analysts, licensed assistant behavior analysts, and other licensed health and behavioral positions, which may either be employed by the school board or provided through contracted services.

In order to fill vacant school psychologist positions, any local school board may employ, under a provisional license issued by the Department for three school years with an allowance for an additional two-year extension with the approval of the division superintendent, clinical psychologists licensed by the Board of Psychology, provided that any such individual makes progress toward completing the requirements for full licensure as a school psychologist during such period of employment.

P. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social work administrative positions not included in subsection O; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral administrative positions not included in subsection O;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

Q. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

R. Each local school board shall designate a faculty member to serve as a special education parent/family liaison. The special education parent/family liaison shall serve as a resource to parents and families to understand and engage in (i) the referral, evaluation, reevaluation, and eligibility process if they suspect that their child has a disability and (ii) the IEP process and shall work in collaboration with the special education family support centers established pursuant to § 22.1-214.5. Each school board shall post the name of the designated special education parent/family liaison publicly on its website.

S. Each local school board shall designate a faculty member to serve as the high-quality instructional materials liaison. Such liaison shall receive support from the Department to serve as a resource for the division and its schools to select and implement textbooks and other high-quality instructional materials and aligned professional learning resources.

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include (i) student outcome and growth measures, (ii) requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, (iii) administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, (iv) student services, (v) auxiliary education programs such as library and media services, (vi) requirements for graduation from high school, (vii) community relations, and (viii) the philosophy, goals, and objectives of public education in the Commonwealth.

The Board shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board. Each local school board shall report the accreditation status of all schools in the local school division annually in public session.

The Board shall establish a review process to assist any school that does not meet the standards established by the Board. The relevant school board shall report the results of such review and any annual progress reports in public session and shall implement any actions identified through such review and utilize them for improvement planning.

The Board shall establish a corrective action plan process for any school that does not meet the standards established by the Board. Such process shall require (a) each school board to submit a corrective action plan for any school in the local school division that does not meet the standards established by the Board and (b) any school board that fails to demonstrate progress in developing or implementing any such corrective action plan to enter into a memorandum of understanding with the Board.

When the Board determines through its review process that the failure of schools within a division to meet the standards established by the Board is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board, each school board shall enter into a memorandum of understanding with the Board and shall subsequently submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division meet the standards established by the Board. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to meet the standards established by the Board, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

B. The Superintendent shall develop, subject to revision by the Board, criteria for determining and recognizing educational performance in the Commonwealth's local school divisions and public schools. The portion of such criteria that measures individual student growth shall become an integral part of the accreditation process for schools in which any grade level in the grade three through eight range is taught. The Superintendent shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance and individual student growth in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent shall assist local school boards in the implementation of action plans for increasing educational performance and individual student growth in those school divisions and schools that are identified as not meeting the approved criteria*, including, when applicable, providing assistance with the review, grant, and monitoring process set forth in subdivision K 4 of § 22.1-253.13:1*. The Superintendent shall monitor the implementation of and report to the Board on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. In lieu of a one-time end-of-year assessment, the Board shall establish, for the purpose of providing measures of individual student growth over the course of the school year, a through-year growth assessment system, aligned with the Standards of Learning, for the administration of reading and mathematics assessments in grades three through eight. Such through-year growth assessment system shall include at least one beginning-of-year, one mid-year, and one end-of-year assessment in order to provide individual student growth scores over the course of the school year, but the total time scheduled for taking all such assessments shall not exceed 150 percent of the time scheduled for taking a single end-of-year proficiency assessment. The Department shall ensure adequate training for teachers and principals on how to interpret and use student growth data from such assessments to improve reading and mathematics instruction in grades three through eight throughout the school year. With such funds and content as are available for such purpose, such through-year growth assessment system shall provide accurate measurement of a student's performance, through computer adaptive technology, using test items at, below, and above the student's grade level as necessary.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Department shall make available to school divisions Standards of Learning assessments typically administered by high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Board shall include in the student outcome and growth measures that are required by the standards of accreditation the required assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (i) reading and mathematics in grades three and four; (ii) reading, mathematics, and science in grade five; (iii) reading and mathematics in grades six and seven; (iv) reading, writing, and mathematics in grade eight; (v) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (vi) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board. The reading and mathematics assessments administered to students in grades three through eight shall be through-year growth assessments.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (a) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (b) permit and encourage integrated assessments that include multiple subject areas; and (c) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department shall award recovery credit to any student in grades three through eight who performs below grade level on a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and performs at or above grade level on such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board shall (1) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (2) select appropriate industry certification and state licensure examinations; and (3) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board shall provide notice to local school boards regarding such special provisions.

The Board shall not include in its calculation of the passage rate for a Standards of Learning assessment or the level of achievement of the Standards of Learning objectives for an individual student growth assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action

against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall provide teachers, parents, principals, and other school leaders with their students' results on any Standards of Learning assessment or Virginia Alternate Assessment Program assessment as soon as practicable after the assessment is administered. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board, the results from industry certification examinations and the Standards of Learning assessments to the public.

The Board shall include requirements for the reporting of the Standards of Learning assessment data, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards for Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board based on submission of a request from the division superintendent and chairman of the local school board. The Board may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

§ 22.1-253.13:5. Standard 5. Quality of classroom instruction and educational leadership.

A. Each member of the Board shall participate in high-quality professional development programs on personnel, curriculum and current issues in education as part of his service on the Board.

B. Consistent with the finding that leadership is essential for the advancement of public education in the Commonwealth, teacher, principal, and superintendent evaluations shall be consistent with the performance standards included in the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents. Evaluations shall include student academic progress as a significant component and an overall summative rating. Teacher evaluations shall include regular observation and evidence that instruction is aligned with the school's

curriculum. Evaluations shall include identification of areas of individual strengths and weaknesses and recommendations for appropriate professional activities. Evaluations shall include an evaluation of cultural competency.

C. The Board shall provide guidance on high-quality professional development for (i) teachers, principals, supervisors, division superintendents, and other school staff; (ii) principals, supervisors, and division superintendents in the evaluation and documentation of teacher and principal performance based on student academic progress and the skills and knowledge of such instructional or administrative personnel; (iii) school board members on personnel, curriculum and current issues in education; (iv) teachers of the blind and visually impaired, in cooperation with the Virginia Department for the Blind and Vision Impaired, in Braille; (v) any individual with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, special education blindness/visual impairments preschool through grade 12, or English as a second language preschool through grade 12, or as a reading specialist that builds proficiency in science-based reading research and evidence-based literacy instruction; (vi) each teacher with an endorsement in middle education grades six through eight who teaches English that builds proficiency in evidence-based literacy instruction and science-based reading research; (vii) each middle school principal and teacher with an endorsement in middle education grades six through eight who teaches mathematics, science, or history and social science that builds an awareness of evidence-based literacy instruction and science-based reading research; (viii) each teacher with a provisional general education or special education license or an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, middle education grades six through eight, and secondary education grades six through 12; each principal with an endorsement in administration and supervision preschool through grade 12; and each teacher's aide or other paraprofessional that builds proficiency in instructional practices to support specially designed instruction in inclusive settings; and (ix) each teacher with a provisional special education license or an endorsement in special education general curriculum preschool through grade 12, special education deaf and hard of hearing preschool through grade 12, or special education blindness and visual impairments preschool through grade 12 that builds proficiency in implementing the Virginia IEP established pursuant to subdivision 11 of § 22.1-214.4 and the referral, evaluation, reevaluation, and eligibility forms and worksheets referenced in subdivision 6 of § 22.1-214.4.

The Board shall also provide technical assistance on high-quality professional development to local school boards designed to ensure that all instructional personnel are proficient in the use of educational technology consistent with its comprehensive plan for educational technology.

The Department shall provide technical assistance, including literacy coaching, to local school divisions to provide professional development in science-based reading research and evidence-based literacy instruction for students in kindergarten through grade eight. The Department shall also create a list of professional development programs aligned with science-based reading research and evidence-based literacy instruction that includes programs that provide training in dyslexia for reading specialists as required by subsection G of § 22.1-253.13:2. The list shall be approved by the Board. The Department shall provide resources to local school divisions to ensure that each division is able to provide professional development to teachers and reading specialists listed in subdivision E 2 in one of the programs enumerated in the list approved by the Board pursuant to this subdivision and that such professional development is provided at no cost to the teachers and reading specialists.

The Department shall provide technical assistance to local school divisions to implement professional learning resources from the list of vendors approved by the Department pursuant to subdivision K 3 of § 22.1-253.13:1.

The Department shall provide technical assistance, including special education coaching, to local school divisions to provide professional development in special education and related services and in instructional practices to support specially designed instruction in inclusive settings. The Department shall provide resources to local school divisions to ensure that each division is able to provide professional development to the teachers, principals, teacher's aides, and other paraprofessionals listed in subdivisions E 4 and 5 at no cost to such individuals.

D. Each local school board shall require (i) its members to participate annually in high-quality professional development activities at the state, local, or national levels on governance, including, but not limited to, personnel policies and practices; the evaluation of personnel, curriculum, and instruction; use of data in planning and decision making; and current issues in education as part of their service on the local board and (ii) the division superintendent to participate annually in high-quality professional development activities at the local, state, or national levels, including the Standards of Quality, Board regulations, and the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents.

E. Each local school board shall provide a program of high-quality professional development (i) in the use and documentation of performance standards and evaluation criteria based on student academic progress and skills for teachers, principals, and superintendents to clarify roles and performance expectations and to facilitate the successful implementation of instructional programs that promote student achievement at the school and classroom levels; (ii) as part of the license renewal process, to assist teachers and principals in acquiring the skills needed to work with gifted students, students with disabilities, and students who have been identified as having limited English proficiency and to increase student achievement and expand the knowledge and skills students require to meet the standards for academic performance set by the Board; (iii) in educational technology for all instructional personnel which is designed to facilitate integration of computer skills and related technology into the curricula; and (iv) for principals and supervisors designed to increase proficiency in instructional leadership and management, including training in the evaluation and documentation of teacher

and principal performance based on student academic progress and the skills and knowledge of such instructional or administrative personnel.

In addition, each local school board shall provide:

1. Teachers and principals with high-quality professional development programs each year in (i) instructional content; (ii) the preparation of tests and other assessment measures; (iii) methods for assessing the progress of individual students, including Standards of Learning assessment materials or other criterion-referenced tests that match locally developed objectives; (iv) instruction and remediation techniques in English, mathematics, science, and history and social science; (v) interpreting test data for instructional purposes; (vi) technology applications to implement the Standards of Learning; and (vii) effective classroom management;

2. High-quality professional development and training in science-based reading research and evidence-based literacy instruction, from the list developed and the resources provided by the Department pursuant to subsection C or an alternative program that consists of evidence-based literacy instruction and aligns with science-based reading research approved by the Department, for each elementary school principal and each teacher with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, special education blindness/visual impairments preschool through grade 12, or English as a second language preschool through grade 12, or as a reading specialist that builds proficiency in evidence-based literacy instruction and science-based reading research in order to aid in the licensure renewal process for such individuals;

3. High-quality professional development and training in science-based reading research and evidence-based literacy instruction, from the list developed and the resources provided by the Department pursuant to subsection C, or an alternative program that consists of evidence-based literacy instruction and aligns with science-based reading research approved by the Department, for (i) each teacher with an endorsement in middle education grades six through eight who teaches English that builds proficiency in evidence-based literacy instruction and science-based reading research and (ii) each middle school principal and teacher with an endorsement in middle education grades six through eight who teaches mathematics, science, or history and social science that builds an awareness of evidence-based literacy instruction and science-based reading research;

4. (Effective July 1, 2027) High-quality professional development in implementing the Virginia IEP established pursuant to subdivision 11 of § 22.1-214.4 and the referral, evaluation, reevaluation, and eligibility forms and worksheets referenced in subdivision 6 of § 22.1-214.4 for each teacher with a provisional special education license or an endorsement in special education general curriculum kindergarten through grade 12, special education deaf and hard of hearing preschool through grade 12, and special education blindness and visual impairments preschool through grade 12; and

5. (Effective July 1, 2027) High-quality professional development in instructional practices to support specially designed instruction in inclusive settings for each teacher with a provisional general education license or an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, and secondary education grades six through 12; each principal with an endorsement in administration and supervision preschool through grade 12; each teacher's aide or other paraprofessional; and any teacher with a provisional special education license for whom the school board determines there is a need for such professional development.

F. Schools and school divisions shall include as an integral component of their comprehensive plans required by § 22.1-253.13:6, high-quality professional development programs that support the recruitment, employment, and retention of qualified teachers and principals. Each school board shall require all instructional personnel to participate each year in these professional development programs.

G. Each local school board shall annually review its professional development program for quality, effectiveness, participation by instructional personnel, and relevancy to the instructional needs of teachers and the academic achievement needs of the students in the school division. *Such review shall consider the extent to which the professional development program supports teachers in implementing the textbooks and other high-quality instructional materials adopted for division and school use.*

§ 22.1-253.13:6. Standard 6. Planning and public involvement.

A. The Board shall adopt a statewide comprehensive, unified, long-range plan based on data collection, analysis, and evaluation. Such plan shall be developed with statewide participation. The Board shall review the plan biennially and adopt any necessary revisions. The Board shall post the plan on the Department's website if practicable, and, in any case, shall make a hard copy of such plan available for public inspection and copying.

This plan shall include the objectives of public education in Virginia, including strategies for first improving student achievement, particularly the achievement of educationally at-risk students, then maintaining high levels of student achievement; an assessment of the extent to which these objectives are being achieved; a forecast of enrollment changes; and an assessment of the needs of public education in the Commonwealth. In the annual report required by § 22.1-18, the Board shall include an analysis of the extent to which these Standards of Quality have been achieved and the objectives of the statewide comprehensive plan have been met. The Board shall also develop, consistent with, or as a part of, its comprehensive plan, a detailed comprehensive, long-range plan to integrate educational technology into the Standards of Learning and the curricula of the public schools in Virginia, including career and technical education programs. The Board shall review and approve the comprehensive plan for educational technology and may require the revision of such plan as it deems necessary.

B. Each local school board shall adopt a divisionwide comprehensive, unified, long-range plan based on data collection, an analysis of the data, and how the data will be utilized to improve classroom instruction and student achievement. The plan shall be developed with staff and community involvement and shall include, or be consistent with, all other divisionwide plans required by state and federal laws and regulations. Each local school board shall review the plan biennially and adopt any necessary revisions. Prior to the adoption of any divisionwide comprehensive plan or revisions thereto, each local school board shall post such plan or revisions on the division's Internet website if practicable, and, in any case, shall make a hard copy of the plan or revisions available for public inspection and copying and shall conduct at least one public hearing to solicit public comment on the divisionwide plan or revisions.

The divisionwide comprehensive plan shall include~~, but shall not be limited to,~~ (i) the objectives of the school division, including strategies for ~~first~~ *(a)* improving student achievement, particularly the achievement of educationally at-risk students, ~~then~~ *(b)* maintaining high levels of student achievement*, and (c) supporting student achievement through the adoption and implementation of textbooks and other high-quality instructional materials*; (ii) an assessment of the extent to which these objectives are being achieved; (iii) a forecast of enrollment changes; (iv) a plan for projecting and managing enrollment changes including consideration of the consolidation of schools to provide for a more comprehensive and effective delivery of instructional services to students and economies in school operations; (v) an evaluation of the appropriateness of establishing regional programs and services in cooperation with neighboring school divisions; (vi) a plan for implementing such regional programs and services when appropriate; (vii) a technology plan designed to integrate educational technology into the instructional programs of the school division, including the school division's career and technical education programs, consistent with, or as a part of, the comprehensive technology plan for Virginia adopted by the Board; (viii) an assessment of the needs of the school division and evidence of community participation, including parental participation, in the development of the plan; (ix) any corrective action plan required pursuant to § 22.1-253.13:3; and (x) a plan for parent and family involvement to include building successful school and parent partnerships that shall be developed with staff and community involvement, including participation by parents.

The divisionwide comprehensive plan shall also include a divisionwide literacy plan for pre-kindergarten through grade eight. The Board shall issue guidance on the contents of such plans. The Department shall develop a template for such plans. Each divisionwide literacy plan shall follow such template and address how the local school board will align (a) literacy professional development; (b) core reading and literacy curriculum for students in kindergarten through grade five; and (c) screening, supplemental instruction, and interventions for students in kindergarten through grade eight with evidence-based literacy instruction practices aligned with science-based reading research and how the school board will support parents to support the literacy development of their children. When developing such divisionwide literacy plan, each local school board shall use programs from the lists developed by the Department pursuant to subsection C of § 22.1-253.13:5 and subdivision ~~H~~ *I* 2 of § 22.1-253.13:1 or seek approval from the Department for the use of alternative programs that consist of evidence-based literacy instruction and align with science-based reading research. Each such divisionwide literacy plan shall be submitted to the Department and shall identify which core literacy curricula, supplemental instructional practices and programs, and intervention programs from the list developed by the Department pursuant to subdivision ~~H~~ *I* 2 of § 22.1-253.13:1 or alternative programs approved by the Department that consist of evidence-based literacy instruction and align with science-based reading research will be used in each grade level, kindergarten through 12, at each of the schools within such school division. Each local school board shall post, maintain, and update as necessary on such school board's website a copy of its divisionwide literacy plan and the job description and contact information for any reading specialist employed by such school division pursuant to subsection G of § 22.1-253.13:2 and for any dyslexia specialist employed by such school division. The Department shall post each divisionwide literacy plan on its website.

A report shall be presented by each school board to the public by November 1 of each odd-numbered year on the extent to which the objectives of the divisionwide comprehensive plan have been met during the previous two school years.

C. Each public school shall also prepare a comprehensive, unified, long-range plan, which the relevant school board shall consider in the development of its divisionwide comprehensive plan.

D. The Board shall, in a timely manner, make available to local school boards information about where current Virginia school laws, Board regulations and revisions, and copies of relevant Opinions of the Attorney General of Virginia may be located online.

§ 23.1-902.1. Education preparation programs; coursework; audit.

A. As used in this section:

"Evidence-based literacy instruction" and "science-based reading research" have the same meanings as provided in § 22.1-1.

"Instructional practices to support specially designed instruction in inclusive settings" has the same meaning as provided in § 22.1-213.

"Textbooks and other high-quality instructional materials" means systematic print or digital curricula that serve as the primary curriculum basis for a grade-level subject or course and that provide (i) adequate content and materials for student mastery of corresponding Standards of Learning; (ii) instructional practices that are aligned with general and discipline-specific research evidence; (iii) assessments to monitor student mastery of curriculum content; (iv) guidance for meeting student needs including enrichment for above-grade-level students and intensification for students who are at-risk of not mastering curriculum content, including English language learners and students with disabilities; and (v) resources

for teachers that develop content knowledge, support implementation of instructional practices that are based on reliable, trustworthy, and valid evidence and have a demonstrated record of success, and build understanding of the rationale for curricula components.

B. Each education preparation program offered by a public institution of higher education or private institution of higher education or alternative certification program that provides training for any student seeking initial licensure by the Board of Education or a certificate or microcredential in early literacy or literacy coaching shall:

1. Include a program of coursework and require all such students to demonstrate mastery in science-based reading research and evidence-based literacy instruction. Each such program of coursework and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent literacy experts and stakeholders with knowledge of science-based reading research and evidence-based literacy instruction that has reviewed the requirements established in subdivision 6 of 8VAC20-23-130, subdivision 6 of 8VAC20-23-190, subdivision 2 a of 8VAC20-23-350, 8VAC20-23-510 through 8VAC20-23-580, and 8VAC20-23-660; and

2. For any such student seeking initial licensure by the Board of Education as a teacher with an endorsement in early childhood, elementary education, or special education or with an endorsement as a reading specialist, ensure that reading coursework and field practice opportunities are a significant focus of the education preparation program.

C. Each education preparation program offered by a public institution of higher education or private institution of higher education or alternative certification program that provides training for any student seeking initial licensure by the Board of Education with an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, middle education grades six through eight, and secondary education grades six through 12 shall:

1. Include a program of coursework and require all such students to demonstrate mastery in instructional practices to support specially designed instruction in inclusive settings. Each such program of coursework and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent special education experts and stakeholders that has reviewed the requirements established in 8VAC20-23-510 through 8VAC20-23-580;

2. Include a program of coursework and clinical experience and require all such students to demonstrate mastery in identifying and implementing textbooks and other high-quality instructional materials. Each such program of coursework and clinical experience and the student mastery required to be demonstrated therein shall be consistent with definitions and expectations established by the Board of Education and the Department of Education after consultation with a commission consisting of independent experts and stakeholders with knowledge of the research and evidence base to support the identification and implementation of high-quality curricula as a strategy for improving student learning that has reviewed the requirements established in subdivision 2 of 8VAC20-23-130 of the Virginia Administrative Code and subdivision 2 of 8VAC20-23-190 of the Virginia Administrative Code; and

~~2.~~ *3.* For any such student seeking initial licensure by the Board of Education as a teacher with an endorsement in early/primary, elementary, or secondary education, ensure that coursework and, as available, field practice opportunities that build knowledge of instructional practices to support specially designed instruction in inclusive settings are a significant focus of the education preparation program.

D. The Department of Education shall audit at least once every seven years each education preparation program, in alignment with each program's accreditation cycle, for compliance with the requirements set forth in subsection B.

E. Each education preparation program offered by a public institution of higher education or private institution of higher education that leads to a degree, concentration, endorsement, or certificate for reading specialists shall include a program of coursework and other training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder. Such program shall (i) include coursework in the constructs and pedagogy underlying remediation of reading, spelling, and writing and (ii) require reading specialists to demonstrate mastery of science-based reading research and evidence-based literacy instruction, including appropriate application of instructional supports and services and reading literacy interventions to ensure reading proficiency.

2. That the Board of Education shall amend its regulations as necessary to implement and comply with the provisions of §§ 22.1-238 and 22.1-242 of the Code of Virginia, as amended by this act.

3. That the Department of Education shall develop, adopt, and publish the list of approved vendors of professional learning resources as required pursuant to subdivision K 3 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, (i) no later than January 1, 2027, for English language arts for grades six through 12; (ii) no later than January 1, 2028, for mathematics; (iii) no later than January 1, 2029, for science; and (iv) no later than January 1, 2030, for history and social science.

4. That the Department of Education and the Board of Education shall complete the process of reviewing and approving textbooks and other high-quality instructional materials as required pursuant to § 22.1-238 of the Code of Virginia, as amended by this act, and subdivisions K 1 and 2 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, (i) no later than January 1, 2027, for English language arts for grades six through 12; (ii) no later than January 1, 2028, for mathematics; (iii) no later than January 1, 2029, for science; and (iv) no later than January 1, 2030, for history and social science. Such deadlines may be adjusted to achieve better alignment with the relevant Standards of Learning review and revision schedule.

5. That each local school board shall adopt and implement textbooks and other high-quality instructional materials as required pursuant to subsection J of § 22.1-253.13:1 of the Code of Virginia, as amended by this act, in each required content area and grade level as soon as practicable after the relevant deadline for Department of Education and Board of Education review and approval set forth in the fourth enactment of this act.

6. That the provisions of the first through fifth enactments of this act shall become effective on July 1, 2026.

7. That the Department of Education (the Department) shall, in consultation with experienced teachers, division-level content specialists, and subject matter experts, evaluate any changes to its current textbook review and approval process that may be necessary to address challenges presented by such process, improve such process, and fully comply with the provisions of this act. In conducting such evaluation, the Department shall (i) identify and consider best practices for textbook review and approval, including textbook review and approval practices utilized in other states, and (ii) make recommendations on (a) revising the "Virginia's Textbook Review Process" document; (b) improving the selection and training process for statewide textbook review committees; (c) increasing opportunities for public comment on review and approval of textbooks and other high-quality instructional materials, as that term is defined in § 22.1-1 of the Code of Virginia, as amended by this act; and (d) updating Department procedures to support the process of reviewing and approving textbooks and other high-quality instructional materials. The Department shall report its findings and recommendations to the Governor and the Chairs of the Senate Committee on Finance and Appropriations, the Senate Committee on Education and Health, the House Committee on Appropriations, and the House Committee on Education by November 1, 2025. The Department and the Board of Education shall utilize such findings and recommendations to inform the process of reviewing and approving textbooks and other high-quality instructional materials as required pursuant to § 22.1-238 of the Code of Virginia, as amended by this act, and subdivisions K 1 and 2 of § 22.1-253.13:1 of the Code of Virginia, as amended by this act.

CHAPTER 684

An Act to amend and reenact §§ 16.1-107, 55.1-1208, and 55.1-1245, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to public housing authorities; indigent parties; unlawful detainer.

[H 2415]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-107, 55.1-1208, and 55.1-1245, as it is currently effective and as it shall become effective, of the Code of Virginia are amended and reenacted as follows:

§ 16.1-107. Requirements for appeal.

A. No appeal shall be allowed unless and until the party applying for the same or someone for him shall give bond, in an amount and with sufficient surety approved by the judge or by his clerk if there is one, or in an amount sufficient to satisfy the judgment of the court in which it was rendered. Either such amount shall include the award of attorney fees, if any. Such bond shall be posted within 30 days from the date of judgment, except for an appeal from the judgment of a general district court on an unlawful detainer pursuant to § 8.01-129. However, no appeal bond shall be required of a plaintiff in a civil case where the defendant has not asserted a counterclaim, the Commonwealth or when an appeal is proper to protect the estate of a decedent, an infant, a convict, or an insane person, or the interest of a county, city, town or transportation district created pursuant to the Transportation District Act of 1964 (§ 33.2-1900 et seq.) of Title 33.2. In a case where a defendant with indemnity coverage through a policy of liability insurance appeals, the bond required by this section shall not exceed the amount of the judgment that is covered by a policy of indemnity coverage.

B. In all civil cases, except trespass, ejectment, unlawful detainer against a former owner based upon a foreclosure against that owner, or any action involving the recovering *of* rents, no indigent person shall be required to post an appeal bond. In cases of unlawful detainer against a former owner based upon a foreclosure against that owner, a person who has been determined to be indigent pursuant to the guidelines set forth in § 19.2-159 shall post an appeal bond within 30 days from the date of judgment.

C. *Notwithstanding the provisions of subsection B, no indigent person shall be required to post a bond to appeal any unlawful detainer action brought by a public housing authority.*

D. In cases of unlawful detainer for a residential dwelling unit, notwithstanding the provisions of § 8.01-129, an appeal bond shall be posted by the defendant with payment into the general district court in the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due, as contracted for in the rental agreement, and as amended on the unlawful detainer by the court. If such amount is not so paid, any such appeal shall not be perfected as a matter of law. Upon perfection of an appeal, the defendant shall pay the rental amount as contracted for in the rental agreement to the plaintiff on or before the fifth day of each month. If any such rental payment is not so paid, upon written motion of the plaintiff with a copy of such written motion mailed by regular mail to the tenant, the judge of the circuit court shall, without hearing, enter judgment for the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of that date, subtracting any payments made by such tenant as reflected in the court accounts and on a written affidavit submitted by the plaintiff, plaintiff's managing agent, or plaintiff's attorney with a copy of such affidavit mailed by

regular mail to the tenant, and an order of possession without further hearings or proceedings in such court. Any funds held in a court account shall be released to the plaintiff without further hearing or proceeding of the court unless the defendant has filed a motion to retain some or all of such funds and the court, after a hearing, enters an order finding that the defendant is likely to succeed on the merits of a counterclaim alleging money damages against the plaintiff, in which case funds shall be held by order of such court.

~~D.~~ *E.* If such bond is furnished by or on behalf of any party against whom judgment has been rendered for money or property or both, the bond shall be conditioned for the performance and satisfaction of such judgment or order as may be entered against such party on appeal, and for the payment of all costs and damages which may be awarded against him in the appellate court. If the appeal is by a party against whom there is no recovery except for costs, the bond shall be conditioned for the payment of such costs and damages as may be awarded against him on the appeal.

~~E.~~ *F.* In addition to the foregoing, any party applying for appeal shall, within 30 days from the date of the judgment, pay to the clerk of the court from which the appeal is taken the amount of the writ tax of the court to which the appeal is taken and costs as required by subdivision A 13 of § 17.1-275, including all fees for service of process of the notice of appeal in the circuit court pursuant to § 16.1-112.

G. For purposes of this section, "indigent" means that the defendant has been determined to be indigent pursuant to the guidelines set forth in § 19.2-159.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;

2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;

3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;

4. Agrees to pay the landlord's attorney fees except as provided in this chapter;

5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;

6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation;

7. Agrees to the payment of a security deposit, insurance premiums for damage insurance, and insurance premiums for renter's insurance prior to the commencement of the tenancy that exceed the amount of two months' periodic rent; or

8. Agrees to waive remedies or rights under the Servicemembers Civil Relief Act, 50 U.S.C. § 3901 et seq., prior to the occurrence of a dispute between landlord and tenant. Execution of leases shall not be contingent upon the execution of a waiver of rights under the Servicemembers Civil Relief Act; however, upon the occurrence of any dispute, the landlord and tenant may execute a waiver of such rights and remedies as to that dispute in order to facilitate a resolution.

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

C. If the landlord is a public housing authority, the landlord shall not require a tenant to pay any fee for the maintenance or repair of any dwelling unit unless the repair is necessitated by the tenant's action or omission.

§ 55.1-1245. (Effective until the later of July 1, 2028, or seven years after the COVID-19 pandemic state of emergency expires) Noncompliance with rental agreement; monetary penalty.

A. Except as otherwise provided in this chapter, if there is a material noncompliance by the tenant with the rental agreement or a violation of § 55.1-1227 materially affecting health and safety, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 21 days and that the rental agreement shall terminate as provided in the notice.

B. If the breach is remediable by repairs or the payment of damages or otherwise and the tenant adequately remedies the breach prior to the date specified in the notice, the rental agreement shall not terminate.

C. If the tenant commits a breach that is not remediable, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice. Notwithstanding anything to the contrary, when a breach of the tenant's obligations under this chapter or the rental agreement involves or constitutes a criminal or a willful act that is not remediable and that poses a threat to health or safety, the landlord may terminate the rental agreement immediately and proceed to obtain possession of the premises. For purposes of this subsection, any illegal drug activity involving a controlled substance, as used or defined by the Drug Control Act (§ 54.1-3400 et seq.), or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, by the tenant, an authorized occupant, or a guest or invitee of the tenant shall constitute an immediate nonremediable violation for which the landlord may proceed to terminate the tenancy without the necessity of waiting for a conviction of any criminal offense that may arise out of the same actions. In order to obtain an order of possession from a court of competent jurisdiction terminating the tenancy for illegal drug activity or for any other activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, the landlord shall prove any such violations by a preponderance of the evidence. However, where the illegal drug activity or any

activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety is engaged in by an authorized occupant or a guest or invitee of the tenant, the tenant shall be presumed to have knowledge of such activities unless the presumption is rebutted by a preponderance of the evidence. The initial hearing on the landlord's action for immediate possession of the premises shall be held within 15 calendar days from the date of service on the tenant; however, the court shall order an earlier hearing when emergency conditions are alleged to exist upon the premises that constitute an immediate threat to the health or safety of the other tenants. After the initial hearing, if the matter is scheduled for a subsequent hearing or for a contested trial, the court, to the extent practicable, shall order that the matter be given priority on the court's docket. Such subsequent hearing or contested trial shall be heard no later than 30 calendar days from the date of service on the tenant. During the interim period between the date of the initial hearing and the date of any subsequent hearing or contested trial, the court may afford any further remedy or relief as is necessary to protect the interests of parties to the proceeding or the interests of any other tenant residing on the premises. Failure by the court to hold either of the hearings within the time limits set out in this section shall not be a basis for dismissal of the case.

D. If the tenant is a victim of family abuse as defined in § 16.1-228 that occurred in the dwelling unit or on the premises and the perpetrator is barred from the dwelling unit pursuant to § 55.1-1246 on the basis of information provided by the tenant to the landlord, or by a protective order from a court of competent jurisdiction pursuant to § 16.1-253.1 or 16.1-279.1 or subsection B of § 20-103, the lease shall not terminate solely due to an act of family abuse against the tenant. However, these provisions shall not be applicable if (i) the tenant fails to provide written documentation corroborating the tenant's status as a victim of family abuse and the exclusion from the dwelling unit of the perpetrator no later than 21 days from the alleged offense or (ii) the perpetrator returns to the dwelling unit or the premises, in violation of a bar notice, and the tenant fails to promptly notify the landlord within 24 hours that the perpetrator has returned to the dwelling unit or the premises, unless the tenant proves by a preponderance of the evidence that the tenant had no actual knowledge that the perpetrator violated the bar notice, or it was not possible for the tenant to notify the landlord within 24 hours, in which case the tenant shall promptly notify the landlord, but in no event later than seven days. If the provisions of this subsection are not applicable, the tenant shall remain responsible for the acts of the other co-tenants, authorized occupants, or guests or invitees pursuant to § 55.1-1227 and is subject to termination of the tenancy pursuant to the lease and this chapter.

E. If the tenant has been served with a prior written notice that required the tenant to remedy a breach, and the tenant remedied such breach, where the tenant intentionally commits a subsequent breach of a like nature as the prior breach, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the subsequent breach, make reference to the prior breach of a like nature, and state that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice.

F. If rent is unpaid when due, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment, and of the landlord's intention to terminate the rental agreement if the rent is not paid within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. If a check for rent is delivered to the landlord drawn on an account with insufficient funds, or if an electronic funds transfer has been rejected because of insufficient funds or a stop-payment order has been placed in bad faith by the authorizing party, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment and of the landlord's intention to terminate the rental agreement if the rent is not paid by cash, cashier's check, certified check, or a completed electronic funds transfer within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. Nothing shall be construed to prevent a landlord from seeking an award of costs or attorney fees under § 8.01-27.1 or civil recovery under § 8.01-27.2, as a part of other damages requested on the unlawful detainer filed pursuant to § 8.01-126, provided that the landlord has given notice in accordance with § 55.1-1202, which notice may be included in the five-day termination notice provided in accordance with this section.

G. *If a public housing authority issues a notice of nonpayment of rent to a tenant, such public housing authority shall also provide to the tenant along with the notice of nonpayment written information printed on pink or orange paper explaining how the tenant may recertify the tenant's income, including how the tenant can, in accordance with federal law and policy, report changes in income, request a minimum rent hardship exemption, and file grievances. Such information shall be posted by the public housing authority in conspicuous locations in each public housing community under its authority.*

H. Except as otherwise provided in this chapter, the landlord may recover damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or § 55.1-1227. In the event of a breach of the rental agreement or noncompliance by the tenant, the landlord shall be entitled to recover from the tenant the following, regardless of whether a lawsuit is filed or an order is obtained from a court: (i) rent due and owing as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement, (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, (v) costs of the proceeding as contracted for in the rental agreement or as provided by law only if court action has been filed, and (vi) damages to the dwelling unit or premises as contracted for in the rental agreement.

~~H.~~ *I.* In a case where a lawsuit is pending before the court upon a breach of the rental agreement or noncompliance by the tenant and the landlord prevails, the court shall award a money judgment to the landlord and against the tenant for the relief requested, which may include the following: (i) rent due and owing as of the court date as contracted for in the rental agreement; (ii) other charges and fees as contracted for in the rental agreement; (iii) late charges contracted for in the rental

agreement; (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, unless in any such action the tenant proves by a preponderance of the evidence that the tenant's failure to pay rent or vacate was reasonable; (v) costs of the proceeding as contracted for in the rental agreement or as provided by law; and (vi) damages to the dwelling unit or premises.

~~I.~~ *J.* 1. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, shall not take any adverse action, as defined in 15 U.S.C. § 1681a(k), against an applicant for tenancy based solely on payment history or an eviction for nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency declared by the Governor related to the COVID-19 pandemic.

2. If such a landlord denies an applicant for tenancy, then the landlord shall provide to the applicant written notice of the denial and of the applicant's right to assert that his failure to qualify was based upon payment history or an eviction based on nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency related to the COVID-19 pandemic. The written notice of denial shall include the statewide legal aid telephone number and website address and shall inform the applicant that he must assert his right to challenge the denial within seven days of the postmark date. If the landlord does not receive a response from the applicant within seven days of the postmark date, the landlord may proceed. If, in addition to the written notice, the landlord provides notice to the applicant by electronic or telephonic means using an email address, telephone number, or other contact information provided by the applicant informing the applicant of his denial and right to assert that his failure to qualify was based upon payment history or an eviction based on nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency related to the COVID-19 pandemic and the tenant does not make such assertion that the failure to qualify was the result of such payment history or eviction prior to the close of business on the next business day, the landlord may proceed. The landlord must be able to validate the date and time that any communication sent by electronic or telephonic means was sent to the applicant. If a landlord does receive a response from the applicant asserting such a right, and the landlord relied upon a consumer or tenant screening report, the landlord shall make a good faith effort to contact the generator of the report to ascertain whether such determination was due solely to the applicant for tenancy's payment history or an eviction for nonpayment that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency declared by the Governor related to the COVID-19 pandemic. If the landlord does not receive a response from the generator of the report within three business days of requesting the information, the landlord may proceed with using the information from the report without additional action.

3. If such a landlord does not comply with the provisions of this subsection, the applicant for tenancy may recover statutory damages of $1,000, along with attorney fees.

§ 55.1-1245. (Effective the later of July 1, 2028, or 7 years after the COVID-19 pandemic state of emergency expires) Noncompliance with rental agreement; monetary penalty.

A. Except as otherwise provided in this chapter, if there is a material noncompliance by the tenant with the rental agreement or a violation of § 55.1-1227 materially affecting health and safety, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 21 days and that the rental agreement shall terminate as provided in the notice.

B. If the breach is remediable by repairs or the payment of damages or otherwise and the tenant adequately remedies the breach prior to the date specified in the notice, the rental agreement shall not terminate.

C. If the tenant commits a breach that is not remediable, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice. Notwithstanding anything to the contrary, when a breach of the tenant's obligations under this chapter or the rental agreement involves or constitutes a criminal or a willful act that is not remediable and that poses a threat to health or safety, the landlord may terminate the rental agreement immediately and proceed to obtain possession of the premises. For purposes of this subsection, any illegal drug activity involving a controlled substance, as used or defined by the Drug Control Act (§ 54.1-3400 et seq.), or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, by the tenant, an authorized occupant, or a guest or invitee of the tenant shall constitute an immediate nonremediable violation for which the landlord may proceed to terminate the tenancy without the necessity of waiting for a conviction of any criminal offense that may arise out of the same actions. In order to obtain an order of possession from a court of competent jurisdiction terminating the tenancy for illegal drug activity or for any other activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, the landlord shall prove any such violations by a preponderance of the evidence. However, where the illegal drug activity or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety is engaged in by an authorized occupant or a guest or invitee of the tenant, the tenant shall be presumed to have knowledge of such activities unless the presumption is rebutted by a preponderance of the evidence. The initial hearing on the landlord's action for immediate possession of the premises shall be held within 15 calendar days from the date of service on the tenant; however, the court shall order an earlier hearing when emergency conditions are alleged to exist upon the premises that constitute an immediate threat to the health or safety of the other tenants. After the initial hearing, if the matter is scheduled for a subsequent hearing or for a contested trial, the court, to the extent practicable, shall order that the matter be given priority on

the court's docket. Such subsequent hearing or contested trial shall be heard no later than 30 calendar days from the date of service on the tenant. During the interim period between the date of the initial hearing and the date of any subsequent hearing or contested trial, the court may afford any further remedy or relief as is necessary to protect the interests of parties to the proceeding or the interests of any other tenant residing on the premises. Failure by the court to hold either of the hearings within the time limits set out in this section shall not be a basis for dismissal of the case.

D. If the tenant is a victim of family abuse as defined in § 16.1-228 that occurred in the dwelling unit or on the premises and the perpetrator is barred from the dwelling unit pursuant to § 55.1-1246 on the basis of information provided by the tenant to the landlord, or by a protective order from a court of competent jurisdiction pursuant to § 16.1-253.1 or 16.1-279.1 or subsection B of § 20-103, the lease shall not terminate solely due to an act of family abuse against the tenant. However, these provisions shall not be applicable if (i) the tenant fails to provide written documentation corroborating the tenant's status as a victim of family abuse and the exclusion from the dwelling unit of the perpetrator no later than 21 days from the alleged offense or (ii) the perpetrator returns to the dwelling unit or the premises, in violation of a bar notice, and the tenant fails to promptly notify the landlord within 24 hours that the perpetrator has returned to the dwelling unit or the premises, unless the tenant proves by a preponderance of the evidence that the tenant had no actual knowledge that the perpetrator violated the bar notice, or it was not possible for the tenant to notify the landlord within 24 hours, in which case the tenant shall promptly notify the landlord, but in no event later than seven days. If the provisions of this subsection are not applicable, the tenant shall remain responsible for the acts of the other co-tenants, authorized occupants, or guests or invitees pursuant to § 55.1-1227 and is subject to termination of the tenancy pursuant to the lease and this chapter.

E. If the tenant has been served with a prior written notice that required the tenant to remedy a breach, and the tenant remedied such breach, where the tenant intentionally commits a subsequent breach of a like nature as the prior breach, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the subsequent breach, make reference to the prior breach of a like nature, and state that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice.

F. If rent is unpaid when due, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment, and of the landlord's intention to terminate the rental agreement if the rent is not paid within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. If a check for rent is delivered to the landlord drawn on an account with insufficient funds, or if an electronic funds transfer has been rejected because of insufficient funds or a stop-payment order has been placed in bad faith by the authorizing party, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment and of the landlord's intention to terminate the rental agreement if the rent is not paid by cash, cashier's check, certified check, or a completed electronic funds transfer within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. Nothing shall be construed to prevent a landlord from seeking an award of costs or attorney fees under § 8.01-27.1 or civil recovery under § 8.01-27.2, as a part of other damages requested on the unlawful detainer filed pursuant to § 8.01-126, provided that the landlord has given notice in accordance with § 55.1-1202, which notice may be included in the five-day termination notice provided in accordance with this section.

G. *If a public housing authority issues a notice of nonpayment of rent to a tenant, such public housing authority shall also provide to the tenant along with the notice of nonpayment written information printed on pink or orange paper explaining how the tenant may recertify the tenant's income, including how the tenant can, in accordance with federal law and policy, report changes in income, request a minimum rent hardship exemption, and file grievances. Such information shall be posted by the public housing authority in conspicuous locations in each public housing community under its authority.*

H. Except as otherwise provided in this chapter, the landlord may recover damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or § 55.1-1227. In the event of a breach of the rental agreement or noncompliance by the tenant, the landlord shall be entitled to recover from the tenant the following, regardless of whether a lawsuit is filed or an order is obtained from a court: (i) rent due and owing as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement, (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, (v) costs of the proceeding as contracted for in the rental agreement or as provided by law only if court action has been filed, and (vi) damages to the dwelling unit or premises as contracted for in the rental agreement.

~~H.~~ *I.* In a case where a lawsuit is pending before the court upon a breach of the rental agreement or noncompliance by the tenant and the landlord prevails, the court shall award a money judgment to the landlord and against the tenant for the relief requested, which may include the following: (i) rent due and owing as of the court date as contracted for in the rental agreement; (ii) other charges and fees as contracted for in the rental agreement; (iii) late charges contracted for in the rental agreement; (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, unless in any such action the tenant proves by a preponderance of the evidence that the tenant's failure to pay rent or vacate was reasonable; (v) costs of the proceeding as contracted for in the rental agreement or as provided by law; and (vi) damages to the dwelling unit or premises.

CHAPTER 685

An Act to amend and reenact §§ 59.1-200, as it is currently effective and as it shall become effective, 59.1-586, and 59.1-587 of the Code of Virginia and to amend the Code of Virginia by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607 through 59.1-610, relating to Virginia Consumer Protection Act; prohibited practices; mandatory fees or surcharges disclosure.

[H 2515]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-200, as it is currently effective and as it shall become effective, 59.1-586, and 59.1-587 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607 through 59.1-610, as follows:

§ 59.1-200. (Effective until July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a

period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not

apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC); ~~and~~

82. Willfully violating any provision of § 59.1-444.4*; and*

83. Violating any provision of Chapter 58 (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

§ 59.1-200. (Effective July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information

however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC);

82. Willfully violating any provision of § 59.1-444.4; ~~and~~

83. Violating any provision of Chapter 23.2 (§ 59.1-293.10 et seq.)*; and*

84. Violating any provision of Chapter 58 (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

§ 59.1-586. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Additional fee or percentage" has the same meaning as "mandatory fees or surcharges" in § 59.1-607.

"Clear and conspicuous" has the same meaning as provided in § 59.1-607.

"Food delivery platform" means a person that operates a mobile application or other online service to act as an intermediary between consumers and multiple restaurants to submit food orders on behalf of a consumer to a participating restaurant and to arrange for the delivery of the order from the restaurant to the consumer.

"Restaurant" has the same meaning as provided in § 35.1-1 and excludes establishments listed in § 35.1-25.

§ 59.1-587. Food delivery platform; agreements required; disclosure of price and fees.

A. No food delivery platform shall submit an order on behalf of a consumer to a restaurant or arrange for the delivery of an order from a restaurant without first obtaining an agreement with the restaurant expressly authorizing the food delivery platform to submit orders to and deliver food prepared by the restaurant.

B. A food delivery platform shall:

1. At the point when a consumer views and selects a vendor or items for purchase, include a clear and conspicuous disclosure of any additional fee or percentage charged; and

2. Prior to checkout, display a subtotal page that itemizes the price of the selected items for purchase and any additional fee or percentage included in the total cost.

C. It shall not be a violation of this chapter for a food delivery platform to (i) reduce the total cost that was previously advertised or displayed, (ii) display a promotion or discount, including an offer to waive one or more mandatory fees, or (iii) advertise or display a price for goods and services in compliance with specific state or federal laws applicable to food delivery platforms.

D. A food delivery platform that is a price-variable supplier, as defined in § 59.1-607, is compliant with subdivision B 1 if such supplier includes a disclosure at the point when a consumer selects items for purchase of (i) the factors determining the final price; (ii) any mandatory fees or surcharges, as defined in § 59.1-607, associated with the transaction; and (iii) that the total cost of services may vary.

CHAPTER 58.

MANDATORY FEES OR SURCHARGES.

§ 59.1-607. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Auction" has the same meaning as provided in § 54.1-600.

"Broadband Internet access service" has the same meaning as provided in 47 C.F.R. § 8.1(b).

"Cable operator" has the same meaning as provided in 47 U.S.C. § 522.

"Clear and conspicuous" and "clearly and conspicuously" have the same meaning as provided for those terms in § 59.1-207.45.

"Consumer transaction" has the same meaning as provided in § 59.1-198.

"Electric utility" has the same meaning as provided in § 56-576.

"Federal broadband consumer requirements" means the broadband consumer requirements adopted by the Federal Communications Commission in FCC 22-86 on November 14, 2022.

"Hotel" has the same meaning as provided in § 35.1-1.

"Mandatory fees or surcharges" includes any additional fee or surcharge that must be paid in order to purchase the good or service being advertised. "Mandatory fees or surcharges" does not include (i) taxes or fees imposed on the consumer by a government or government-approved entity or assessment fees of a government-created special district or program paid to the government or government-approved entity or (ii) reasonable postage or shipping fees.

"Motor vehicle dealer" has the same meaning as provided in § 46.2-1500.

"Natural gas utility" has the same meaning as provided in § 56-610.

"Price-variable supplier" means a supplier that offers services the total price of which is determined by consumer selections or preferences or dependent on distance or time.

"Restaurant" has the same meaning as provided in § 35.1-1.

"Settlement services" has the same meaning as provided in 12 U.S.C. § 2602(3).

"Supplier" has the same meaning as provided in § 59.1-198.

"Telecommunications service provider" has the same meaning as provided in § 56-466.1.

§ 59.1-608. Mandatory fees or surcharges; disclosure required.

A. No supplier shall, in connection with a consumer transaction, advertise or display a price for goods or services without clearly and conspicuously displaying the total price, which shall include all mandatory fees or surcharges. A supplier that provides both a good and a service to consumers may comply with this section by displaying or advertising the total price of the good separately from the total price or rate charged for providing the service.

B. A supplier offering goods or services in an auction is compliant with this section if such supplier clearly and conspicuously discloses any mandatory fees associated with the transaction and that the total cost of such goods or services may vary.

C. A restaurant or hotel is compliant with this section if, in every offer or advertisement for the purchase of a good or service that includes pricing information, such restaurant or hotel includes a clear and conspicuous disclosure of the percentage of any automatic and mandatory gratuities charged.

D. A price-variable supplier is compliant with this section if such supplier clearly and conspicuously discloses (i) the factors determining the final price, (ii) any mandatory fees or surcharges associated with the transaction, and (iii) that the total cost of services may vary.

E. A provider of broadband Internet access service on its own or as part of a bundle that complies with federal broadband consumer requirements codified in 47 C.F.R. § 8.2(a) shall be deemed compliant with this section.

F. A cable operator that complies with the pricing requirements of 47 U.S.C. § 552 shall be deemed compliant with this section.

G. A direct broadcast satellite provider that complies with the pricing requirements of 47 C.F.R. 76.310 shall be deemed compliant with this section.

H. A provider of live-event tickets that complies with the provisions of 16 C.F.R. Part 464 relating to live-event tickets shall be deemed compliant with this section.

I. A food delivery platform that complies with the provisions of Chapter 54 (§ 59.1-586 et seq.) shall be deemed compliant with this section.

§ 59.1-609. Limitations; exclusions.

A. It shall not be a violation of this chapter for any supplier to (i) reduce the total price that was previously advertised or displayed; (ii) display a promotion or discount, including an offer to waive one or more mandatory fees; or (iii) advertise or display a price for goods and services in compliance with specific state or federal laws applicable to such supplier.

B. No provision of this chapter shall apply to (i) fees authorized by law related to the purchase or lease of a motor vehicle that are charged by a motor vehicle dealer; (ii) fees, surcharges, or costs charged by any electric utility, natural gas utility, or telecommunications service provider; (iii) any fees, surcharges, or other costs associated with settlement services, provided that such associated costs do not include real estate broker commissions and fees; or (iv) the provision of air transportation by air carriers, as such terms are defined in 49 U.S.C. § 40102.

C. No provision of this chapter shall apply to a supplier if such application is expressly preempted by federal law.

§ 59.1-610. Enforcement; penalties.

Any violation of this chapter shall constitute a prohibited practice under the provisions of § 59.1-200 and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act (§ 59.1-196 et seq.).

CHAPTER 686

An Act to amend and reenact §§ 59.1-200, as it is currently effective and as it shall become effective, 59.1-586, and 59.1-587 of the Code of Virginia and to amend the Code of Virginia by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607 through 59.1-610, relating to Virginia Consumer Protection Act; prohibited practices; mandatory fees or surcharges disclosure.

[S 1212]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-200, as it is currently effective and as it shall become effective, 59.1-586, and 59.1-587 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607 through 59.1-610, as follows:

§ 59.1-200. (Effective until July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information

however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC); ~~and~~

82. Willfully violating any provision of § 59.1-444.4*; and*

83. Violating any provision of Chapter 58 (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

§ 59.1-200. (Effective July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror

has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that

are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC);

82. Willfully violating any provision of § 59.1-444.4; ~~and~~

83. Violating any provision of Chapter 23.2 (§ 59.1-293.10 et seq.)*; and*

84. Violating any provision of Chapter 58 (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

§ 59.1-586. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Additional fee or percentage" has the same meaning as "mandatory fees or surcharges" in § 59.1-607.

"Clear and conspicuous" has the same meaning as provided in § 59.1-607.

"Food delivery platform" means a person that operates a mobile application or other online service to act as an intermediary between consumers and multiple restaurants to submit food orders on behalf of a consumer to a participating restaurant and to arrange for the delivery of the order from the restaurant to the consumer.

"Restaurant" has the same meaning as provided in § 35.1-1 and excludes establishments listed in § 35.1-25.

§ 59.1-587. Food delivery platform; agreements required; disclosure of price and fees.

A. No food delivery platform shall submit an order on behalf of a consumer to a restaurant or arrange for the delivery of an order from a restaurant without first obtaining an agreement with the restaurant expressly authorizing the food delivery platform to submit orders to and deliver food prepared by the restaurant.

B. A food delivery platform shall:

1. At the point when a consumer views and selects a vendor or items for purchase, include a clear and conspicuous disclosure of any additional fee or percentage charged; and

2. Prior to checkout, display a subtotal page that itemizes the price of the selected items for purchase and any additional fee or percentage included in the total cost.

C. It shall not be a violation of this chapter for a food delivery platform to (i) reduce the total cost that was previously advertised or displayed, (ii) display a promotion or discount, including an offer to waive one or more mandatory fees, or (iii) advertise or display a price for goods and services in compliance with specific state or federal laws applicable to food delivery platforms.

D. A food delivery platform that is a price-variable supplier, as defined in § 59.1-607, is compliant with subdivision B 1 if such supplier includes a disclosure at the point when a consumer selects items for purchase of (i) the factors determining the final price; (ii) any mandatory fees or surcharges, as defined in § 59.1-607, associated with the transaction; and (iii) that the total cost of services may vary.

CHAPTER 58.

MANDATORY FEES OR SURCHARGES.

§ 59.1-607. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Auction" has the same meaning as provided in § 54.1-600.

"Broadband Internet access service" has the same meaning as provided in 47 C.F.R. § 8.1(b).

"Cable operator" has the same meaning as provided in 47 U.S.C. § 522.

"Clear and conspicuous" and "clearly and conspicuously" have the same meaning as provided for those terms in § 59.1-207.45.

"Consumer transaction" has the same meaning as provided in § 59.1-198.

"Electric utility" has the same meaning as provided in § 56-576.

"Federal broadband consumer requirements" means the broadband consumer requirements adopted by the Federal Communications Commission in FCC 22-86 on November 14, 2022.

"Hotel" has the same meaning as provided in § 35.1-1.

"Mandatory fees or surcharges" includes any additional fee or surcharge that must be paid in order to purchase the good or service being advertised. "Mandatory fees or surcharges" does not include (i) taxes or fees imposed on the consumer by a government or government-approved entity or assessment fees of a government-created special district or program paid to the government or government-approved entity or (ii) reasonable postage or shipping fees.

"Motor vehicle dealer" has the same meaning as provided in § 46.2-1500.

"Natural gas utility" has the same meaning as provided in § 56-610.

"Price-variable supplier" means a supplier that offers services the total price of which is determined by consumer selections or preferences or dependent on distance or time.

"Restaurant" has the same meaning as provided in § 35.1-1.

"Settlement services" has the same meaning as provided in 12 U.S.C. § 2602(3).

"Supplier" has the same meaning as provided in § 59.1-198.

"Telecommunications service provider" has the same meaning as provided in § 56-466.1.

§ 59.1-608. Mandatory fees or surcharges; disclosure required.

A. No supplier shall, in connection with a consumer transaction, advertise or display a price for goods or services without clearly and conspicuously displaying the total price, which shall include all mandatory fees or surcharges. A supplier that provides both a good and a service to consumers may comply with this section by displaying or advertising the total price of the good separately from the total price or rate charged for providing the service.

B. A supplier offering goods or services in an auction is compliant with this section if such supplier clearly and conspicuously discloses any mandatory fees associated with the transaction and that the total cost of such goods or services may vary.

C. A restaurant or hotel is compliant with this section if, in every offer or advertisement for the purchase of a good or service that includes pricing information, such restaurant or hotel includes a clear and conspicuous disclosure of the percentage of any automatic and mandatory gratuities charged.

D. A price-variable supplier is compliant with this section if such supplier clearly and conspicuously discloses (i) the factors determining the final price, (ii) any mandatory fees or surcharges associated with the transaction, and (iii) that the total cost of services may vary.

E. A provider of broadband Internet access service on its own or as part of a bundle that complies with federal broadband consumer requirements codified in 47 C.F.R. § 8.2(a) shall be deemed compliant with this section.

F. A cable operator that complies with the pricing requirements of 47 U.S.C. § 552 shall be deemed compliant with this section.

G. A direct broadcast satellite provider that complies with the pricing requirements of 47 C.F.R. 76.310 shall be deemed compliant with this section.

H. A provider of live-event tickets that complies with the provisions of 16 C.F.R. Part 464 relating to live-event tickets shall be deemed compliant with this section.

I. A food delivery platform that complies with the provisions of Chapter 54 (§ 59.1-586 et seq.) shall be deemed compliant with this section.

§ 59.1-609. Limitations; exclusions.

A. It shall not be a violation of this chapter for any supplier to (i) reduce the total price that was previously advertised or displayed; (ii) display a promotion or discount, including an offer to waive one or more mandatory fees; or (iii) advertise or display a price for goods and services in compliance with specific state or federal laws applicable to such supplier.

B. No provision of this chapter shall apply to (i) fees authorized by law related to the purchase or lease of a motor vehicle that are charged by a motor vehicle dealer; (ii) fees, surcharges, or costs charged by any electric utility, natural gas utility, or telecommunications service provider; (iii) any fees, surcharges, or other costs associated with settlement services, provided that such associated costs do not include real estate broker commissions and fees; or (iv) the provision of air transportation by air carriers, as such terms are defined in 49 U.S.C. § 40102.

C. No provision of this chapter shall apply to a supplier if such application is expressly preempted by federal law.

§ 59.1-610. Enforcement; penalties.

Any violation of this chapter shall constitute a prohibited practice under the provisions of § 59.1-200 and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act (§ 59.1-196 et seq.).

CHAPTER 687

An Act to amend and reenact § 30-19.11 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 1.1 of Title 30 an article numbered 2, consisting of sections numbered 30-19.21 and 30-19.22, relating to General Assembly; Legislator Compensation Commission established.

[S 1219]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 30-19.11 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Chapter 1.1 of Title 30 an article numbered 2, consisting of sections numbered 30-19.21 and 30-19.22, as follows:

Article 1.

Salaries and Expenses Generally.

§ 30-19.11. Salaries of Speaker of House of Delegates and members of General Assembly.

The Speaker of the House of Delegates and *all* other members of the General Assembly shall each receive an annual salary as shall be set forth in the general ~~appropriations~~ *appropriation* act. Such salaries shall be payable not more often than biweekly.

Article 2.

Legislator Compensation Commission.

§ 30-19.21. Legislator Compensation Commission; purpose; establishment; membership; staffing.

A. The Legislator Compensation Commission (the Commission) is established in the legislative branch of state government. The Commission shall convene every four years for the purpose of reviewing the salaries, expense allowances, retirement benefits, and other emoluments received by members of the General Assembly and making recommendations for any adjustments to such salaries or allowance amounts.

B. The Commission shall consist of 11 members who shall be appointed as follows:

1. Two former members of the Senate of Virginia, with equal representation given to each of the political parties having the highest and next highest number of members in the Senate, appointed by the Joint Rules Committee;

2. Four former members of the House of Delegates, with equal representation given to each of the political parties having the highest and next highest number of members in the House of Delegates, appointed by the Joint Rules Committee; and

3. Five nonlegislative citizen members, of whom one shall be appointed by the Governor, one shall be appointed by the Speaker of the House of Delegates, one shall be appointed by the House Minority Leader, one shall be appointed by the Senate Majority Leader, and one shall be appointed by the Senate Minority Leader.

C. Appointments of Commission members shall be made no later than July 1 of the year in which a gubernatorial election is scheduled. Members shall serve until the submission of the report required pursuant to § 30-19.22 and may be reappointed to any subsequent convening of the Commission. Vacancies shall be filled in the same manner as the original appointments.

The Commission shall elect a chairman and vice-chairman from among its membership. A majority of the members shall constitute a quorum. The meetings of the Commission shall be held at the call of the chairman or whenever the majority of the members so request.

D. Commission members shall serve without compensation but shall be reimbursed as provided in §§ 2.2-2813 and 2.2-2825 for reasonable and necessary expenses that are incurred in the performance of their duties pursuant to this article.

E. Administrative staff support shall be provided by the Office of the Clerk of the Senate or the Office of the Clerk of the House of Delegates as may be appropriate for the house in which the chairman of the Commission serves. The Division of Legislative Services shall provide legal, research, and policy analysis to the Commission. The staffs of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations shall provide technical assistance to the Commission. All agencies of the Commonwealth shall provide assistance to the Commission, upon request.

§ 30-19.22. Powers and duties; report.

A. The Commission shall convene every four years in the year in which a gubernatorial election is scheduled for the purpose of reviewing the salaries, expense allowances, retirement benefits, and other emoluments received by members of the General Assembly. In conducting its review, the Commission shall (i) review the current salaries, expense allowances, retirement benefits, and any other emoluments for members of the General Assembly; (ii) examine the Commonwealth's history of legislative compensation; (iii) gather information regarding the compensation, expenses, and benefits for legislative service in other states; (iv) assess various state methodologies for determining reasonable legislative compensation, including tying salaries to certain indexes or economic indicators; and (v) seek assistance and input of legislators and other citizens by conducting surveys or holding public hearings as may be appropriate.

B. The Commission shall determine whether any adjustments to the salaries, expense allowances, retirement benefits, or other emoluments are indicated and shall submit its findings and recommendations in a report to the Governor and the General Assembly on or before October 1 of the year following a gubernatorial election.

C. Any adjustments made to the salaries, expense allowances, or other emoluments or benefits that are recommended by the Commission and included in a budget bill that is subsequently adopted by the General Assembly shall not be effective until January 1 of the year immediately following the general election for all members of the General Assembly.

2. That the initial appointment of members to the Legislator Compensation Commission established pursuant to § 30-19.21 of the Code of Virginia, as created by this act, shall take place within 30 days of the effective date of this act.

CHAPTER 688

An Act to amend and reenact §§ 16.1-107, 55.1-1208, and 55.1-1245, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to public housing authorities; indigent parties; unlawful detainer.

[S 1221]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-107, 55.1-1208, and 55.1-1245, as it is currently effective and as it shall become effective, of the Code of Virginia are amended and reenacted as follows:

§ 16.1-107. Requirements for appeal.

A. No appeal shall be allowed unless and until the party applying for the same or someone for him shall give bond, in an amount and with sufficient surety approved by the judge or by his clerk if there is one, or in an amount sufficient to satisfy the judgment of the court in which it was rendered. Either such amount shall include the award of attorney fees, if any. Such bond shall be posted within 30 days from the date of judgment, except for an appeal from the judgment of a general district court on an unlawful detainer pursuant to § 8.01-129. However, no appeal bond shall be required of a plaintiff in a civil case where the defendant has not asserted a counterclaim, the Commonwealth or when an appeal is proper to protect the estate of a decedent, an infant, a convict, or an insane person, or the interest of a county, city, town or transportation district created pursuant to the Transportation District Act of 1964 (§ 33.2-1900 et seq.) of Title 33.2. In a case where a defendant with indemnity coverage through a policy of liability insurance appeals, the bond required by this section shall not exceed the amount of the judgment that is covered by a policy of indemnity coverage.

B. In all civil cases, except trespass, ejectment, unlawful detainer against a former owner based upon a foreclosure against that owner, or any action involving the recovering *of* rents, no indigent person shall be required to post an appeal bond. In cases of unlawful detainer against a former owner based upon a foreclosure against that owner, a person who has been determined to be indigent pursuant to the guidelines set forth in § 19.2-159 shall post an appeal bond within 30 days from the date of judgment.

C. *Notwithstanding the provisions of subsection B, no indigent person shall be required to post a bond to appeal any unlawful detainer action brought by a public housing authority.*

D. In cases of unlawful detainer for a residential dwelling unit, notwithstanding the provisions of § 8.01-129, an appeal bond shall be posted by the defendant with payment into the general district court in the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due, as contracted for in the rental agreement, and as amended on the unlawful detainer by the court. If such amount is not so paid, any such appeal shall not be perfected as a matter of law. Upon perfection of an appeal, the defendant shall pay the rental amount as contracted for in the rental agreement to the

plaintiff on or before the fifth day of each month. If any such rental payment is not so paid, upon written motion of the plaintiff with a copy of such written motion mailed by regular mail to the tenant, the judge of the circuit court shall, without hearing, enter judgment for the amount of outstanding rent, late charges, attorney fees, and any other charges or damages due as of that date, subtracting any payments made by such tenant as reflected in the court accounts and on a written affidavit submitted by the plaintiff, plaintiff's managing agent, or plaintiff's attorney with a copy of such affidavit mailed by regular mail to the tenant, and an order of possession without further hearings or proceedings in such court. Any funds held in a court account shall be released to the plaintiff without further hearing or proceeding of the court unless the defendant has filed a motion to retain some or all of such funds and the court, after a hearing, enters an order finding that the defendant is likely to succeed on the merits of a counterclaim alleging money damages against the plaintiff, in which case funds shall be held by order of such court.

~~D.~~ *E.* If such bond is furnished by or on behalf of any party against whom judgment has been rendered for money or property or both, the bond shall be conditioned for the performance and satisfaction of such judgment or order as may be entered against such party on appeal, and for the payment of all costs and damages which may be awarded against him in the appellate court. If the appeal is by a party against whom there is no recovery except for costs, the bond shall be conditioned for the payment of such costs and damages as may be awarded against him on the appeal.

~~E.~~ *F.* In addition to the foregoing, any party applying for appeal shall, within 30 days from the date of the judgment, pay to the clerk of the court from which the appeal is taken the amount of the writ tax of the court to which the appeal is taken and costs as required by subdivision A 13 of § 17.1-275, including all fees for service of process of the notice of appeal in the circuit court pursuant to § 16.1-112.

G. For purposes of this section, "indigent" means that the defendant has been determined to be indigent pursuant to the guidelines set forth in § 19.2-159.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;

2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;

3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;

4. Agrees to pay the landlord's attorney fees except as provided in this chapter;

5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;

6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation;

7. Agrees to the payment of a security deposit, insurance premiums for damage insurance, and insurance premiums for renter's insurance prior to the commencement of the tenancy that exceed the amount of two months' periodic rent; or

8. Agrees to waive remedies or rights under the Servicemembers Civil Relief Act, 50 U.S.C. § 3901 et seq., prior to the occurrence of a dispute between landlord and tenant. Execution of leases shall not be contingent upon the execution of a waiver of rights under the Servicemembers Civil Relief Act; however, upon the occurrence of any dispute, the landlord and tenant may execute a waiver of such rights and remedies as to that dispute in order to facilitate a resolution.

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

C. If the landlord is a public housing authority, the landlord shall not require a tenant to pay any fee for the maintenance or repair of any dwelling unit unless the repair is necessitated by the tenant's action or omission.

§ 55.1-1245. (Effective until the later of July 1, 2028, or seven years after the COVID-19 pandemic state of emergency expires) Noncompliance with rental agreement; monetary penalty.

A. Except as otherwise provided in this chapter, if there is a material noncompliance by the tenant with the rental agreement or a violation of § 55.1-1227 materially affecting health and safety, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 21 days and that the rental agreement shall terminate as provided in the notice.

B. If the breach is remediable by repairs or the payment of damages or otherwise and the tenant adequately remedies the breach prior to the date specified in the notice, the rental agreement shall not terminate.

C. If the tenant commits a breach that is not remediable, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice. Notwithstanding anything to the contrary, when a breach of the tenant's obligations under this chapter or the rental agreement involves or constitutes a criminal or a willful act that is not remediable and that poses a threat to health or safety, the landlord may terminate the rental agreement immediately and proceed to obtain possession of the premises. For purposes of this subsection, any illegal drug activity involving a controlled substance, as used or defined by the Drug Control Act (§ 54.1-3400 et seq.), or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, by the tenant, an authorized occupant, or a guest or invitee

of the tenant shall constitute an immediate nonremediable violation for which the landlord may proceed to terminate the tenancy without the necessity of waiting for a conviction of any criminal offense that may arise out of the same actions. In order to obtain an order of possession from a court of competent jurisdiction terminating the tenancy for illegal drug activity or for any other activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, the landlord shall prove any such violations by a preponderance of the evidence. However, where the illegal drug activity or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety is engaged in by an authorized occupant or a guest or invitee of the tenant, the tenant shall be presumed to have knowledge of such activities unless the presumption is rebutted by a preponderance of the evidence. The initial hearing on the landlord's action for immediate possession of the premises shall be held within 15 calendar days from the date of service on the tenant; however, the court shall order an earlier hearing when emergency conditions are alleged to exist upon the premises that constitute an immediate threat to the health or safety of the other tenants. After the initial hearing, if the matter is scheduled for a subsequent hearing or for a contested trial, the court, to the extent practicable, shall order that the matter be given priority on the court's docket. Such subsequent hearing or contested trial shall be heard no later than 30 calendar days from the date of service on the tenant. During the interim period between the date of the initial hearing and the date of any subsequent hearing or contested trial, the court may afford any further remedy or relief as is necessary to protect the interests of parties to the proceeding or the interests of any other tenant residing on the premises. Failure by the court to hold either of the hearings within the time limits set out in this section shall not be a basis for dismissal of the case.

D. If the tenant is a victim of family abuse as defined in § 16.1-228 that occurred in the dwelling unit or on the premises and the perpetrator is barred from the dwelling unit pursuant to § 55.1-1246 on the basis of information provided by the tenant to the landlord, or by a protective order from a court of competent jurisdiction pursuant to § 16.1-253.1 or 16.1-279.1 or subsection B of § 20-103, the lease shall not terminate solely due to an act of family abuse against the tenant. However, these provisions shall not be applicable if (i) the tenant fails to provide written documentation corroborating the tenant's status as a victim of family abuse and the exclusion from the dwelling unit of the perpetrator no later than 21 days from the alleged offense or (ii) the perpetrator returns to the dwelling unit or the premises, in violation of a bar notice, and the tenant fails to promptly notify the landlord within 24 hours that the perpetrator has returned to the dwelling unit or the premises, unless the tenant proves by a preponderance of the evidence that the tenant had no actual knowledge that the perpetrator violated the bar notice, or it was not possible for the tenant to notify the landlord within 24 hours, in which case the tenant shall promptly notify the landlord, but in no event later than seven days. If the provisions of this subsection are not applicable, the tenant shall remain responsible for the acts of the other co-tenants, authorized occupants, or guests or invitees pursuant to § 55.1-1227 and is subject to termination of the tenancy pursuant to the lease and this chapter.

E. If the tenant has been served with a prior written notice that required the tenant to remedy a breach, and the tenant remedied such breach, where the tenant intentionally commits a subsequent breach of a like nature as the prior breach, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the subsequent breach, make reference to the prior breach of a like nature, and state that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice.

F. If rent is unpaid when due, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment, and of the landlord's intention to terminate the rental agreement if the rent is not paid within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. If a check for rent is delivered to the landlord drawn on an account with insufficient funds, or if an electronic funds transfer has been rejected because of insufficient funds or a stop-payment order has been placed in bad faith by the authorizing party, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment and of the landlord's intention to terminate the rental agreement if the rent is not paid by cash, cashier's check, certified check, or a completed electronic funds transfer within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. Nothing shall be construed to prevent a landlord from seeking an award of costs or attorney fees under § 8.01-27.1 or civil recovery under § 8.01-27.2, as a part of other damages requested on the unlawful detainer filed pursuant to § 8.01-126, provided that the landlord has given notice in accordance with § 55.1-1202, which notice may be included in the five-day termination notice provided in accordance with this section.

G. *If a public housing authority issues a notice of nonpayment of rent to a tenant, such public housing authority shall also provide to the tenant along with the notice of nonpayment written information printed on pink or orange paper explaining how the tenant may recertify the tenant's income, including how the tenant can, in accordance with federal law and policy, report changes in income, request a minimum rent hardship exemption, and file grievances. Such information shall be posted by the public housing authority in conspicuous locations in each public housing community under its authority.*

H. Except as otherwise provided in this chapter, the landlord may recover damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or § 55.1-1227. In the event of a breach of the rental agreement or noncompliance by the tenant, the landlord shall be entitled to recover from the tenant the following, regardless of whether a lawsuit is filed or an order is obtained from a court: (i) rent due and owing as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement, (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, (v) costs of the proceeding as

contracted for in the rental agreement or as provided by law only if court action has been filed, and (vi) damages to the dwelling unit or premises as contracted for in the rental agreement.

~~H.~~ *I.* In a case where a lawsuit is pending before the court upon a breach of the rental agreement or noncompliance by the tenant and the landlord prevails, the court shall award a money judgment to the landlord and against the tenant for the relief requested, which may include the following: (i) rent due and owing as of the court date as contracted for in the rental agreement; (ii) other charges and fees as contracted for in the rental agreement; (iii) late charges contracted for in the rental agreement; (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, unless in any such action the tenant proves by a preponderance of the evidence that the tenant's failure to pay rent or vacate was reasonable; (v) costs of the proceeding as contracted for in the rental agreement or as provided by law; and (vi) damages to the dwelling unit or premises.

~~I.~~ *J.* 1. A landlord who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, shall not take any adverse action, as defined in 15 U.S.C. § 1681a(k), against an applicant for tenancy based solely on payment history or an eviction for nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency declared by the Governor related to the COVID-19 pandemic.

2. If such a landlord denies an applicant for tenancy, then the landlord shall provide to the applicant written notice of the denial and of the applicant's right to assert that his failure to qualify was based upon payment history or an eviction based on nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency related to the COVID-19 pandemic. The written notice of denial shall include the statewide legal aid telephone number and website address and shall inform the applicant that he must assert his right to challenge the denial within seven days of the postmark date. If the landlord does not receive a response from the applicant within seven days of the postmark date, the landlord may proceed. If, in addition to the written notice, the landlord provides notice to the applicant by electronic or telephonic means using an email address, telephone number, or other contact information provided by the applicant informing the applicant of his denial and right to assert that his failure to qualify was based upon payment history or an eviction based on nonpayment of rent that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency related to the COVID-19 pandemic and the tenant does not make such assertion that the failure to qualify was the result of such payment history or eviction prior to the close of business on the next business day, the landlord may proceed. The landlord must be able to validate the date and time that any communication sent by electronic or telephonic means was sent to the applicant. If a landlord does receive a response from the applicant asserting such a right, and the landlord relied upon a consumer or tenant screening report, the landlord shall make a good faith effort to contact the generator of the report to ascertain whether such determination was due solely to the applicant for tenancy's payment history or an eviction for nonpayment that occurred during the period beginning on March 12, 2020, and ending 30 days after the expiration or revocation of any state of emergency declared by the Governor related to the COVID-19 pandemic. If the landlord does not receive a response from the generator of the report within three business days of requesting the information, the landlord may proceed with using the information from the report without additional action.

3. If such a landlord does not comply with the provisions of this subsection, the applicant for tenancy may recover statutory damages of $1,000, along with attorney fees.

§ 55.1-1245. (Effective the later of July 1, 2028, or 7 years after the COVID-19 pandemic state of emergency expires) Noncompliance with rental agreement; monetary penalty.

A. Except as otherwise provided in this chapter, if there is a material noncompliance by the tenant with the rental agreement or a violation of § 55.1-1227 materially affecting health and safety, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 21 days and that the rental agreement shall terminate as provided in the notice.

B. If the breach is remediable by repairs or the payment of damages or otherwise and the tenant adequately remedies the breach prior to the date specified in the notice, the rental agreement shall not terminate.

C. If the tenant commits a breach that is not remediable, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the breach and stating that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice. Notwithstanding anything to the contrary, when a breach of the tenant's obligations under this chapter or the rental agreement involves or constitutes a criminal or a willful act that is not remediable and that poses a threat to health or safety, the landlord may terminate the rental agreement immediately and proceed to obtain possession of the premises. For purposes of this subsection, any illegal drug activity involving a controlled substance, as used or defined by the Drug Control Act (§ 54.1-3400 et seq.), or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, by the tenant, an authorized occupant, or a guest or invitee of the tenant shall constitute an immediate nonremediable violation for which the landlord may proceed to terminate the tenancy without the necessity of waiting for a conviction of any criminal offense that may arise out of the same actions. In order to obtain an order of possession from a court of competent jurisdiction terminating the tenancy for illegal drug activity or for any other activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety, the landlord shall prove any such violations by a preponderance of the evidence. However, where the illegal drug activity or any activity that involves or constitutes a criminal or willful act that also poses a threat to health and safety is engaged in by an

authorized occupant or a guest or invitee of the tenant, the tenant shall be presumed to have knowledge of such activities unless the presumption is rebutted by a preponderance of the evidence. The initial hearing on the landlord's action for immediate possession of the premises shall be held within 15 calendar days from the date of service on the tenant; however, the court shall order an earlier hearing when emergency conditions are alleged to exist upon the premises that constitute an immediate threat to the health or safety of the other tenants. After the initial hearing, if the matter is scheduled for a subsequent hearing or for a contested trial, the court, to the extent practicable, shall order that the matter be given priority on the court's docket. Such subsequent hearing or contested trial shall be heard no later than 30 calendar days from the date of service on the tenant. During the interim period between the date of the initial hearing and the date of any subsequent hearing or contested trial, the court may afford any further remedy or relief as is necessary to protect the interests of parties to the proceeding or the interests of any other tenant residing on the premises. Failure by the court to hold either of the hearings within the time limits set out in this section shall not be a basis for dismissal of the case.

D. If the tenant is a victim of family abuse as defined in § 16.1-228 that occurred in the dwelling unit or on the premises and the perpetrator is barred from the dwelling unit pursuant to § 55.1-1246 on the basis of information provided by the tenant to the landlord, or by a protective order from a court of competent jurisdiction pursuant to § 16.1-253.1 or 16.1-279.1 or subsection B of § 20-103, the lease shall not terminate solely due to an act of family abuse against the tenant. However, these provisions shall not be applicable if (i) the tenant fails to provide written documentation corroborating the tenant's status as a victim of family abuse and the exclusion from the dwelling unit of the perpetrator no later than 21 days from the alleged offense or (ii) the perpetrator returns to the dwelling unit or the premises, in violation of a bar notice, and the tenant fails to promptly notify the landlord within 24 hours that the perpetrator has returned to the dwelling unit or the premises, unless the tenant proves by a preponderance of the evidence that the tenant had no actual knowledge that the perpetrator violated the bar notice, or it was not possible for the tenant to notify the landlord within 24 hours, in which case the tenant shall promptly notify the landlord, but in no event later than seven days. If the provisions of this subsection are not applicable, the tenant shall remain responsible for the acts of the other co-tenants, authorized occupants, or guests or invitees pursuant to § 55.1-1227 and is subject to termination of the tenancy pursuant to the lease and this chapter.

E. If the tenant has been served with a prior written notice that required the tenant to remedy a breach, and the tenant remedied such breach, where the tenant intentionally commits a subsequent breach of a like nature as the prior breach, the landlord may serve a written notice on the tenant specifying the acts and omissions constituting the subsequent breach, make reference to the prior breach of a like nature, and state that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice.

F. If rent is unpaid when due, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment, and of the landlord's intention to terminate the rental agreement if the rent is not paid within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. If a check for rent is delivered to the landlord drawn on an account with insufficient funds, or if an electronic funds transfer has been rejected because of insufficient funds or a stop-payment order has been placed in bad faith by the authorizing party, and the tenant fails to pay rent within five days after written notice is served on him notifying the tenant of his nonpayment and of the landlord's intention to terminate the rental agreement if the rent is not paid by cash, cashier's check, certified check, or a completed electronic funds transfer within the five-day period, the landlord may terminate the rental agreement and proceed to obtain possession of the premises as provided in § 55.1-1251. Nothing shall be construed to prevent a landlord from seeking an award of costs or attorney fees under § 8.01-27.1 or civil recovery under § 8.01-27.2, as a part of other damages requested on the unlawful detainer filed pursuant to § 8.01-126, provided that the landlord has given notice in accordance with § 55.1-1202, which notice may be included in the five-day termination notice provided in accordance with this section.

G. *If a public housing authority issues a notice of nonpayment of rent to a tenant, such public housing authority shall also provide to the tenant along with the notice of nonpayment written information printed on pink or orange paper explaining how the tenant may recertify the tenant's income, including how the tenant can, in accordance with federal law and policy, report changes in income, request a minimum rent hardship exemption, and file grievances. Such information shall be posted by the public housing authority in conspicuous locations in each public housing community under its authority.*

H. Except as otherwise provided in this chapter, the landlord may recover damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or § 55.1-1227. In the event of a breach of the rental agreement or noncompliance by the tenant, the landlord shall be entitled to recover from the tenant the following, regardless of whether a lawsuit is filed or an order is obtained from a court: (i) rent due and owing as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement, (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, (v) costs of the proceeding as contracted for in the rental agreement or as provided by law only if court action has been filed, and (vi) damages to the dwelling unit or premises as contracted for in the rental agreement.

~~H.~~ *I.* In a case where a lawsuit is pending before the court upon a breach of the rental agreement or noncompliance by the tenant and the landlord prevails, the court shall award a money judgment to the landlord and against the tenant for the relief requested, which may include the following: (i) rent due and owing as of the court date as contracted for in the rental agreement; (ii) other charges and fees as contracted for in the rental agreement; (iii) late charges contracted for in the rental agreement; (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, unless in any such

action the tenant proves by a preponderance of the evidence that the tenant's failure to pay rent or vacate was reasonable; (v) costs of the proceeding as contracted for in the rental agreement or as provided by law; and (vi) damages to the dwelling unit or premises.

CHAPTER 689

An Act to direct the Health Insurance Reform Commission to consider coverage for infertility treatment in its 2025 essential health benefits benchmark plan review.

[H 1609]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That notwithstanding subsection D of § 30-343.1 of the Code of Virginia, the Health Insurance Reform Commission (the Commission) shall consider in its 2025 review of the essential health benefits benchmark plan, conducted pursuant to § 30-343.1 of the Code of Virginia, coverage for (i) diagnosis and treatment of infertility, (ii) standard fertility preservation procedures, and (iii) embryo transfer of an embryo that was created as a result of another individual's treatment for infertility and donated to a covered individual. Diagnosis and treatment of infertility shall include the recommended procedures and medications at the direction of a licensed physician that are consistent with established, published, or approved medical practices or professional guidelines published by the American College of Obstetricians and Gynecologists or the American Society for Reproductive Medicine. Standard fertility preservation procedures shall include procedures to preserve fertility that are consistent with established medical practices and professional guidelines published by the American Society for Reproductive Medicine or the American Society of Clinical Oncology for a person who has a medical condition or is expected to undergo medication therapy, surgery, radiation, chemotherapy, or other medical treatment that is recognized by medical professionals to cause a risk of impairment to fertility. As used in this act, "embryo transfer" has the same meaning as provided in § 20-156 of the Code of Virginia.*

CHAPTER 690

An Act to amend and reenact § 32.1-325 of the Code of Virginia, relating to Department of Medical Assistance Services; state plan for medical assistance services; postpartum doula care; report.

[H 1614]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who

provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who provides health care services exclusively through telemedicine services shall not be required to maintain a physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid provider.

For the purposes of this subdivision, a telemedicine services provider group with health care providers duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to enroll as a Medicaid vendor or Medicaid provider group.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any

public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

31. A provision for the payment of medical assistance for targeted case management services for individuals with severe traumatic brain injury;

32. A provision for payment of medical assistance for the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; ~~and~~

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity*; and*

34. A provision for payment of medical assistance for postpartum doula care. Postpartum doula care covered under such provision shall include (i) emotional and physical support for the birthing individual and family during the postpartum period; (ii) assistance with infant care, breastfeeding, and safe sleeping practices; (iii) education on postpartum mental health and referrals to mental health resources as needed; (iv) guidance on physical recovery, nutrition, and self-care for the birthing individual; (v) connection to community resources and social support systems; and (vi) culturally appropriate and individualized care tailored to the birthing individual's needs. Such provision shall ensure that eligible individuals receive payment of medical assistance services for up to 10 doula visits, with up to four doula visits during pregnancy and up to six doula visits during the 12 months after the individual gives birth, with additional visits permitted if such visits are deemed medically necessary.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the

Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

2. That the Department of Medical Assistance Services shall report annually to the Governor and the General Assembly on the implementation and outcomes of this act. The report shall include (i) the number of postpartum individuals who utilized doula care services; (ii) analysis of the impact of doula care services on maternal and infant health outcomes; (iii) feedback from birthing individuals, families, and doula service providers; and (iv) recommendations for improvement or expansion. The first report prepared pursuant to this act shall be submitted by December 31, 2026.

CHAPTER 691

An Act to direct the Department of Social Services to convene a work group to evaluate methods to improve access to and maximize participation in federal public assistance programs relating to assistance with food access and improving food security; report.

[H 1723]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Department of Social Services shall convene a work group with such members as it deems necessary or appropriate to evaluate methods to improve access to and maximize participation in all federal public assistance programs administered by the U.S. Department of Agriculture relating to assistance with food access and improving food security. The work group shall collaborate with relevant stakeholders, including the Commission to End Hunger, to evaluate the following: (i) removing administrative barriers to applying for participation in federal public assistance programs administered by the U.S. Department of Agriculture relating to assistance with food access and improving food security; (ii) improving outreach to increase awareness of such programs among individuals who would otherwise be eligible to participate in such programs but may not be aware of such programs; and (iii) collecting relevant data. In conducting its work, the work group shall consider the specific needs and circumstances of different populations and demographics in the Commonwealth and how those needs and circumstances could increase barriers to program access and impact the efficacy of outreach campaigns and methods. The Department of Social Services shall report the work group's findings and recommendations to the Chairs of the House Committees on Health and Human Services and Appropriations and the Senate Committees on Education and Health and Finance and Appropriations by December 1, 2025.*

CHAPTER 692

An Act to amend and reenact § 59.1-200, as it is currently effective and as it shall become effective, of the Code of Virginia and to amend the Code of Virginia by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607, 59.1-608, and 59.1-609, relating to Medical Debt Protection Act established; prohibited practices; penalties.

[H 1725]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-200, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 58, consisting of sections numbered 59.1-607, 59.1-608, and 59.1-609, as follows:

§ 59.1-200. (Effective until July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information

however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC); ~~and~~

82. Willfully violating any provision of § 59.1-444.4*; and*

83. Violating any provision of the Medical Debt Protection Act (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

§ 59.1-200. (Effective July 1, 2025) Prohibited practices.

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;

2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;

4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;

6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;

7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects, or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror

has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;

10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;

11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;

12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § 3.2-6509, 3.2-6512, 3.2-6513, 3.2-6513.1, 3.2-6514, 3.2-6515, 3.2-6516, or 3.2-6519 is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of $5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ 59.1-294 et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ 59.1-21.1 et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ 59.1-207.1 et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ 59.1-207.17 et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ 59.1-415 et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ 59.1-424 et seq.);

24. Violating any provision of § 54.1-1505;

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ 59.1-207.34 et seq.);

26. Violating any provision of § 3.2-5627, relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ 59.1-429 et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ 59.1-435 et seq.);

29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ 59.1-311 et seq.);

30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ 59.1-207.40 et seq.);

31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ 59.1-445 et seq.);

32. Violating any provision of §§ 46.2-1231 and 46.2-1233.1;

33. Violating any provision of Chapter 40 (§ 54.1-4000 et seq.) of Title 54.1;

34. Violating any provision of Chapter 10.1 (§ 58.1-1031 et seq.) of Title 58.1;

35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;

36. Violating any provision of Chapter 18 (§ 6.2-1800 et seq.) of Title 6.2;

37. Violating any provision of § 8.01-40.2;

38. Violating any provision of Article 7 (§ 32.1-212 et seq.) of Chapter 6 of Title 32.1;

39. Violating any provision of Chapter 34.1 (§ 59.1-441.1 et seq.);

40. Violating any provision of Chapter 20 (§ 6.2-2000 et seq.) of Title 6.2;

41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ 59.1-525 et seq.). For the purposes of this subdivision, "consumer transaction" has the same meaning as provided in § 59.1-526;

42. Violating any provision of Chapter 47 (§ 59.1-530 et seq.);

43. Violating any provision of § 59.1-443.2;

44. Violating any provision of Chapter 48 (§ 59.1-533 et seq.);

45. Violating any provision of Chapter 25 (§ 6.2-2500 et seq.) of Title 6.2;

46. Violating the provisions of clause (i) of subsection B of § 54.1-1115;

47. Violating any provision of § 18.2-239;

48. Violating any provision of Chapter 26 (§ 59.1-336 et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";

50. Violating any provision of Chapter 44.1 (§ 59.1-518.1 et seq.);

51. Violating any provision of Chapter 22 (§ 6.2-2200 et seq.) of Title 6.2;

52. Violating any provision of § 8.2-317.1;

53. Violating subsection A of § 9.1-149.1;

54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;

55. Engaging in fraudulent or improper or dishonest conduct as defined in § 54.1-1118 while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § 44-146.16 or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1;

56. Violating any provision of Chapter 33.1 (§ 59.1-434.1 et seq.);

57. Violating any provision of § 18.2-178, 18.2-178.1, or 18.2-200.1;

58. Violating any provision of Chapter 17.8 (§ 59.1-207.45 et seq.). For the purposes of this subdivision, "consumer transaction" also includes transactions involving an automatic renewal or continuous service offer by a supplier to a small business, as those terms are defined in § 59.1-207.45;

59. Violating any provision of subsection E of § 32.1-126;

60. Violating any provision of § 54.1-111 relating to the unlicensed practice of a profession licensed under Chapter 11 (§ 54.1-1100 et seq.) or Chapter 21 (§ 54.1-2100 et seq.) of Title 54.1;

61. Violating any provision of § 2.2-2001.5;

62. Violating any provision of Chapter 5.2 (§ 54.1-526 et seq.) of Title 54.1;

63. Violating any provision of § 6.2-312;

64. Violating any provision of Chapter 20.1 (§ 6.2-2026 et seq.) of Title 6.2;

65. Violating any provision of Chapter 26 (§ 6.2-2600 et seq.) of Title 6.2;

66. Violating any provision of Chapter 54 (§ 59.1-586 et seq.);

67. Knowingly violating any provision of § 8.01-27.5;

68. Failing to, in accordance with § 59.1-207.46, (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;

69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that

are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § 4.1-600; (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § 3.2-5145.1, a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § 3.2-4112, that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ 54.1-3400 et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ 4.1-1600 et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § 59.1-466.8;

76. Violating subsection F of § 36-96.3:1;

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant Mitragyna speciosa or any extract thereof;

78. Advertising of any ignition interlock system in Virginia by an ignition interlock vendor not approved by the Commission on the Virginia Alcohol Safety Action Program to operate in Virginia; targeted advertising of any ignition interlock system to a person before determination of guilt; and any advertising, whether before or after determination of guilt, without a conspicuous statement that such advertisement is not affiliated with any government agency. For purposes of this subdivision, "ignition interlock system" has the same meaning as ascribed to that term in § 18.2-270.1 and "targeted advertising" has the same meaning ascribed to that term in § 59.1-575 and includes direct mailings to an individual. This provision shall not apply to ignition interlock service vendor ads, pamphlets, or kiosk advertisements approved by the Commission on the Virginia Alcohol Safety Action Program and provided at a Commission-approved location;

79. Failing to disclose the total cost of a good or continuous service, as defined in § 59.1-207.45, to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service;

80. Violating any provision of the Unfair Real Estate Service Agreement Act (§ 55.1-3200 et seq.);

81. Selling or offering for sale services as a professional mold remediator to be performed upon any residential dwelling without holding a mold remediation certification from the Institute of Inspection, Cleaning and Restoration Certification (IICRC);

82. Willfully violating any provision of § 59.1-444.4; ~~and~~

83. Violating any provision of Chapter 23.2 (§ 59.1-293.10 et seq.)*; and*

84. Violating any provision of the Medical Debt Protection Act (§ 59.1-607 et seq.).

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

CHAPTER 58.

MEDICAL DEBT PROTECTION ACT.

§ 59.1-607. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Consumer reporting agency" has the same meaning as provided in § 59.1-444.1.

"Emergency services" has the same meaning as provided in § 38.2-3438.

"Extraordinary collection action" means any action taken to obtain payment of a medical debt that:

1. Involves selling an individual's medical debt to another party;

2. Involves reporting adverse information about an individual to consumer reporting agencies;

3. Involves deferring, denying, or requiring a payment before providing emergency services or urgent services because of an individual's nonpayment of medical debt; or

4. Requires a legal or judicial process, including placing a lien on an individual's property, foreclosing on an individual's real property, attaching or seizing an individual's bank account or any other personal property, commencing a civil action against an individual, causing an individual's arrest, causing an individual to be subject to a writ of body attachment, or garnishing an individual's wages.

"Financial assistance policy" means a written policy made pursuant to 26 C.F.R. § 1.501(r)-1 or § 32.1-137.010 or other written policy for providing financial assistance to patients adopted by a large health care facility or medical creditor voluntarily or otherwise as required by applicable federal or state law or regulation.

"Health care services" has the same meaning as provided in § 59.1-444.1.

"Large health care facility" includes:

1. Any hospital licensed by the Department of Health pursuant to Chapter 5 (§ 32.1-123 et seq.) of Title 32.1 and any outpatient clinic or facility operating under the license of such a hospital; and

2. Any practice that provides outpatient medical, surgical, behavioral, optical, radiology, laboratory, dental, or other health care services with revenues of at least $20 million annually.

"Medical creditor" means any entity that provides health care services for which a consumer (i) owes medical debt or (ii) if such medical debt has been sold, previously owed medical debt.

"Medical debt" has the same meaning as provided in § 59.1-444.1.

"Medical debt buyer" means a person that is engaged in the business of purchasing medical debt or collecting medical debt on behalf of another entity, whether such person collects the medical debt directly or hires an attorney or other third party to collect such medical debt.

"Medical debt collector" means any person that regularly collects or attempts to collect, directly or indirectly, medical debts originally owed, due, or asserted to be owed or due to another. "Medical debt collector" includes a medical debt buyer.

"Patient" means the individual who received health care services and includes a parent if the patient is a minor or a legal guardian if the patient is an adult under guardianship.

"Urgent services" means health care services the delay of which could seriously jeopardize an individual's life, health, or ability to regain maximum function.

§ 59.1-608. Billing and collection rules; limits on creditors.

A. No large health care facility or medical debt buyer shall charge a patient any interest or late fees on medical debt until 90 days following the due date applicable to the final invoice, and no such interest or late fees shall exceed three percent of the amount of such medical debt per annum.

B. No medical creditor or medical debt collector shall use any of the following extraordinary collection actions to collect medical debts:

1. Causing an individual's arrest;

2. Causing an individual to be subject to a writ of body attachment;

3. Foreclosing on an individual's real property;

4. Placing a lien on an individual's personal property; or

5. Garnishing the wages of any individual qualifying for financial assistance under the financial assistance policy applicable to the underlying medical debt.

C. No medical creditor shall sell an individual's medical debt to a medical debt buyer except if, prior to such sale, the medical creditor has entered into a legally binding written agreement with the medical debt buyer under which all of the following apply:

1. The medical debt buyer is prohibited from engaging in any extraordinary collection action described in subsection B to obtain payment;

2. The medical debt buyer is prohibited from charging interest on the debt at a rate higher than three percent per annum;

3. The debt is returnable to or recallable by the medical creditor upon a determination by the medical debt buyer that the individual is eligible for financial assistance under the financial assistance policy applicable to the underlying medical debt; and

4. The medical debt buyer is required to adhere to specified procedures that ensure that the individual does not pay, and has no obligation to pay, the medical debt buyer more than such individual is responsible for paying in compliance with this chapter.

D. A medical creditor that sells medical debt to a medical debt buyer under an agreement described in subsection C remains liable for any actions taken by such medical debt buyer in relation to such medical debt, subject to any indemnification provisions as may be agreed to by such parties.

E. No medical creditor or medical debt collector shall take any extraordinary collection action until 120 days following the due date applicable to the final invoice for a health care service. At least 30 days before taking any extraordinary collection action, a medical creditor or medical debt collector shall provide the patient a notice including:

1. If the medical debt resulted from health care services provided by a large health care facility, a statement of whether financial assistance is available for eligible individuals and a plain language summary of any financial assistance policy;

2. A list of any extraordinary collection actions that will be taken to obtain payment; and

3. A deadline after which such extraordinary collection actions will be initiated, which shall be at least 30 days after the date such notice is provided.

F. No large health care facility or medical debt collector collecting medical debt for health care services provided by a large health care facility shall use any extraordinary collection action unless such action is described in the large health care facility's billing and collections policy.

G. If a patient has paid any part of a medical debt in excess of the amount owed after any financial assistance offered by a large health care facility, the large health care facility or medical debt collector, as specified in the agreement required by subsection C, shall refund any excess amount to the patient within 60 days after determination of such excess payment.

§ 59.1-609. Enforcement; penalties.

Any violation of this chapter shall constitute a prohibited practice under the provisions of § 59.1-200 and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act (§ 59.1-196 et seq.).

2. That the provisions of this act shall become effective on July 1, 2026.

CHAPTER 693

An Act to amend the Code of Virginia by adding a section numbered 3.2-5125.1, relating to Baby Food Protection Act; testing and labeling requirements for toxic heavy metals.

[H 1844]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 3.2-5125.1 as follows:

§ 3.2-5125.1. Baby Food Protection Act; testing and labeling requirements for toxic heavy metals.

A. As used in this section:

"Baby food product" means any food manufactured, packaged, and labeled in a jar, pouch, tub, or box sold specifically for babies and children younger than two years of age. "Baby food product" does not include infant formula, as defined in § 54.1-4300.

"FDA" means the U.S. Food and Drug Administration.

"Production aggregate" means a quantity of product that is intended to have uniform composition, character, and quality and is produced according to a master manufacturing order.

"Proficient laboratory" means a laboratory that (i) is accredited under the standards of the International Organization for Standardization or the International Electrotechnical Commission pursuant to standard ISO/IEC 17025:2017, (ii) uses an analytical method as sensitive as the analytical method described in the FDA's Elemental Analysis Manual for Food and Related Products, and (iii) demonstrates proficiency in quantifying each toxic element to at least six micrograms of the toxic element to kilogram of food through an independent proficiency test by achieving a z-score that is less than or equal to plus or minus two.

"QR code" means a two-dimension matrix barcode consisting of blocks arranged in a grid that can be read by an imaging device.

"Representative sample" means a sample that consists of a number of units that are drawn based on rational criteria, including random sampling, and intended to ensure that the sample accurately portrays the material being sampled.

"Toxic heavy metal" means arsenic, cadmium, lead, and mercury.

"URL" means uniform resource locater.

B. No person shall sell, distribute, or offer for sale any baby food that contains a toxic heavy metal that exceeds the limits established by the FDA. The provisions of this subsection shall not restrict the continued sale of such baby food product by a retailer of any existing inventory in stock before January 1, 2026.

C. A manufacturer of baby food shall test a representative sample of each production aggregate of the manufacturer's final baby food product for a toxic heavy metal. Testing of a baby food product shall be conducted by a proficient laboratory at least once a month. Such manufacturer may test the final baby food product before packaging individual units of baby food for sale or distribution. Upon request of the Commissioner, a manufacturer shall provide the results of the test conducted pursuant to this subsection.

D. A manufacturer shall make publicly available on its website for the duration of the product shelf life of a final baby food product, plus one month, for each baby food product sold, manufactured, delivered, held, or offered for sale in the Commonwealth:

1. The name and level of each toxic heavy metal present in the final baby food product as determined by the testing conducted under subsection C;

2. Sufficient information, including the product name, universal product code, or lot or batch number, to enable consumers to identify the final baby food product; and

3. A link to the FDA's website that provides the most recent FDA guidance and information about the health effects of toxic heavy metals on children.

E. If the baby food product is tested for a toxic heavy metal subject to an action level, regulatory limit, or tolerance established by the FDA under 21 C.F.R. § 109, the manufacturer shall display on the baby food product:

1. A label that states in a clear, legible, and conspicuous form, the following:

"For Information About Toxic Element Testing On This Product, Scan the QR Code."; and

2. A QR code or other machine-readable code that directs the consumers to the manufacturer's website or the baby food product information page providing (i) the test results for the toxic heavy metal and (ii) a URL to the webpage on the FDA's website that includes the most recent guidance and information about the health effects of toxic heavy metals on children.

F. If a consumer reasonably believes based on the information provided on the baby food product that such baby food product is being sold in the Commonwealth in violation of this section, the consumer shall report such baby food product to the Commissioner.

2. That the provisions of the first enactment of this act shall become effective on January 1, 2026.

3. That the Department of Agriculture and Consumer Services shall convene a work group to study and make recommendations on the current enforcement of laws related to the use of toxic heavy metals in baby food products, as those terms are defined in § 3.2-5125.1 of the Code of Virginia, as created by this act, and any further action needed to address the issue of the presence of toxic heavy metals in baby food products. Such work group shall consist of a representative from the Department of Agriculture and Consumer Services, a representative from the Department of Health, one member of the Senate and one member of the House of Delegates, a manufacturer of baby food products, and any other relevant stakeholders. The work group shall complete its meetings by November 1, 2025, and report its findings and recommendations to the Chairmen of the Senate Committee on Agriculture, Conservation and Natural Resources and the House Committee on Agriculture, Chesapeake and Natural Resources no later than the first day of the 2026 Regular Session of the General Assembly.

CHAPTER 694

An Act to amend the Code of Virginia by adding in Chapter 2 of Title 32.1 an article numbered 23, consisting of a section numbered 32.1-73.28, relating to Women's Menstrual Health Program established; provision of education and resources.

[H 1918]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 2 of Title 32.1 an article numbered 23, consisting of a section numbered 32.1-73.28, as follows:

Article 23.

Women's Menstrual Health Program.

§ 32.1-73.28. Women's Menstrual Health Program.

A. For the purposes of this section:

"Endometriosis" means a systemic disease generally occurring in menstruating individuals, which may also occur in premenarchal and postmenopausal individuals.

"Menstrual disorder" means any menstruation-related disorder or menstruation-related condition and includes endometriosis and polycystic ovary syndrome.

B. The Commissioner shall establish within the Department the Women's Menstrual Health Program to identify and assist patients who have displayed symptoms related to menstrual disorders.

C. The Department shall, in accordance with evidence-based industry best practices, guidelines, and screening tools, as recommended by the American College of Obstetricians and Gynecologists or another nationally recognized body as may be designated by the Commissioner:

1. Provide education and training to health care providers, hospital staff who encounter patients in emergency situations, and the public concerning menstrual health, menstrual health screening, and menstrual health care; and

2. Provide information and resources on the Department's website for health care providers and patients, which shall include:

a. Evidence-based clinical practice guidelines for health care providers for the screening, referral, treatment, and follow-up care of patients who have displayed symptoms related to menstrual disorders; and

b. Educational materials for health care providers and the public concerning menstrual disorders.

CHAPTER 695

An Act to amend and reenact §§ 38.2-3408 and 38.2-4221 of the Code of Virginia, relating to health insurance; reimbursement for services rendered by certain practitioners other than physicians.

[H 1923]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-3408 and 38.2-4221 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-3408. Policy providing for reimbursement for services that may be performed by certain practitioners other than physicians.

A. If an accident and sickness insurance policy provides reimbursement for any service that may be legally performed by a person licensed in this Commonwealth as a chiropractor, optometrist, optician, professional counselor, psychologist, clinical social worker, podiatrist, physical therapist, chiropodist, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other advanced practice registered nurse, *licensed certified midwife, licensed midwife,* marriage and family therapist, athletic trainer, or licensed acupuncturist, reimbursement under the policy shall not be denied because the service is rendered by the licensed practitioner, provided that, for services performed by an athletic trainer, such service is performed in an office setting.

B. If an accident and sickness insurance policy provides reimbursement for a service that may be legally performed by a licensed pharmacist, reimbursement under the policy shall not be denied because the service is rendered by the licensed pharmacist, provided that (i) the service is performed for an insured for a condition under the terms of a collaborative agreement, as defined in § 54.1-3300, (ii) the service is for the administration of vaccines for immunization, or (iii) the service is provided in accordance with § 54.1-3303.1.

C. *The reimbursement for a service provided by a licensed certified midwife or licensed midwife shall be in the same amount as the reimbursement paid under the policy to a certified nurse midwife for performing such service in the area served, provided that the claim is submitted using (i) the diagnoses and procedure codes applicable to the service; (ii) such licensed certified midwife's or licensed midwife's name; (iii) the national provider identifier for the licensed certified midwife or licensed midwife providing the service; and (iv) if required by the insurer, the facility in which the service is provided.*

D. No insurer shall reduce the reimbursement paid to a certified nurse midwife in order to comply with the provisions of this section.

E. This section shall not apply to Medicaid, or any state fund.

§ 38.2-4221. Services of certain practitioners other than physicians to be covered.

A. A nonstock corporation shall not fail or refuse, either directly or indirectly, to allow or to pay to a subscriber for all or any part of the health services rendered by any doctor of podiatry, doctor of chiropody, optometrist, optician, chiropractor, professional counselor, psychologist, physical therapist, clinical social worker, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other advanced practice registered nurse, *licensed certified midwife, licensed midwife,* marriage and family therapist, athletic trainer, or licensed acupuncturist licensed to practice in Virginia, if the services rendered (i) are services provided for by the subscription contract; (ii) are services which the doctor of podiatry, doctor of chiropody, optometrist, optician, chiropractor, professional counselor, psychologist, physical therapist, clinical social worker, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other advanced practice registered nurse, *licensed certified midwife, licensed midwife,* marriage and family therapist, athletic trainer, or licensed acupuncturist is licensed to render in this Commonwealth; and (iii) are, for any services rendered by an athletic trainer, rendered in an office setting.

B. If a subscription contract provides reimbursement for a service that may be legally performed by a licensed pharmacist, reimbursement under the subscription contract by the nonstock corporation shall not be denied because the service is rendered by the licensed pharmacist provided that (i) the service is performed for a subscriber for a condition under the terms of a collaborative agreement, as defined in § 54.1-3300, between a pharmacist and the physician with whom the subscriber is undergoing a course of treatment or (ii) the service is for the administration of vaccines for immunization. Notwithstanding the provisions of § 38.2-4209, the nonstock corporation may require the pharmacist, any pharmacy or provider that may employ such pharmacist, or the collaborating physician to enter into a written agreement with the nonstock corporation as a condition for reimbursement for such services. In addition, reimbursement to pharmacists acting under the terms of a collaborative agreement under this subsection shall not be subject to the provisions of § 38.2-4209.1.

C. The payment for a service provided by a licensed certified midwife or licensed midwife shall be in the same amount as the payment paid under the subscription contract for a certified nurse midwife performing such service in the area served, provided that the claim is submitted using (i) the diagnoses and procedure codes applicable to the service; (ii) such licensed certified midwife's or licensed midwife's name; (iii) the national provider identifier for the licensed certified midwife or licensed midwife providing the service; and (iv) if required by the nonstock corporation, the facility in which the service is provided.

D. No nonstock corporation shall reduce the reimbursement paid to a certified nurse midwife in order to comply with the provisions of this section.

CHAPTER 696

An Act to direct the Department of Medical Assistance Services to partner with a mobile pregnancy application to promote awareness of state government maternal and infant health programs and information available to prenatal, pregnant, and postpartum individuals who are eligible for Medicaid.

[H 1929]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the Department of Medical Assistance Services (the Department) shall partner with a mobile pregnancy application to promote awareness of state government maternal and infant health programs and information available to prenatal, pregnant, and postpartum individuals who are enrolled in Medicaid. The Department shall be authorized to contract for such application on a statewide basis following a competitive bidding process pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq. of the Code of Virginia). The Department, in consultation with the General Assembly, shall include the following application deliverables in its request for proposal:*

1. The application shall have the capability to deliver education, resources, and support to prenatal, pregnant, and postpartum individuals and their families, including information specific to the Commonwealth such as links to Department and other state agency programs and resources available to prenatal, pregnant, and postpartum individuals;

2. The application shall demonstrate a consistent workflow to increase awareness of state agency programs and resources available to users of the mobile application;

3. The platform shall be able to survey the mobile application user's specific questions as determined by the Department or other agencies in the Commonwealth;

4. The selected application shall include information and resources that meet acceptable clinical standards, including standards defined by:

a. The Centers for Disease Control and Prevention;

b. The National Institutes of Health;

c. The American College of Obstetricians and Gynecologists;

d. The American Medical Association; and

e. The American Academy of Pediatrics;

5. The application shall provide information in multiple languages;

6. The application shall be made available on both Android and iOS platforms; and

7. The selected vendor for the mobile application shall regularly provide the Department with aggregate, deidentified data concerning:

a. The number of users of the mobile application that are eligible for Medicaid;

b. The number of users of the mobile application that are engaging with Virginia-specific content;

c. The number of users of the mobile application seeking additional information about enrollment in the Medicaid program or other available resources;

d. The number of monthly users of the mobile application;

e. The number of daily users of the mobile application;

f. The average length of time a user uses the mobile application; and

g. Any other information requested by the Department or other agencies in the Commonwealth.

2. That the Department of Medical Assistance Services shall issue a request for proposals pursuant to this act within 180 days of the effective date of this act.

3. That the Department of Medical Assistance Services is authorized to contract for a mobile pregnancy application pursuant to the first enactment of this act with an implementation date no later than October 1, 2026, from a vendor selected from the request for proposals issued pursuant to the second enactment of this act that best meets the requirements pursuant to the first enactment of this act and that such contract is limited to the appropriation provided through a general appropriation act.

4. That the Department of Medical Assistance Services shall submit a request for funding for the future costs of the mobile pregnancy application pursuant to the first enactment of this act to be considered as part of the process for the submission of the Budget Bill pursuant to § 2.2-1509 of the Code of Virginia.

CHAPTER 697

An Act to reestablish the Task Force on Maternal Health Data and Quality Measures; report.

[H 2109]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the State Health Commissioner shall reestablish the Task Force on Maternal Health Data and Quality Measures (the Task Force) for the purpose of evaluating maternal health data collection processes to guide policies in the*

Commonwealth to improve maternal care, quality, and outcomes for all birthing people in the Commonwealth. The Task Force shall consist of three members of the Senate to be appointed by the Senate Committee on Rules and five members of the House of Delegates to be appointed by the Speaker of the House of Delegates; the Director of the Department of Medical Assistance Services or his designee; the Director of the Office of Health Equity or his designee; the Director of the Virginia Neonatal Perinatal Collaborative or his designee; the Chief Executive Officer of Virginia Health Information or his designee; two individuals who are licensed obstetricians or gynecologists practicing in the Commonwealth appointed by the Governor; two individuals who are licensed nurse practitioners or registered nurses who work in the area of maternal health in the Commonwealth appointed by the Governor; two individuals who are certified nurse midwives in the Commonwealth appointed by the Governor; two individuals who are licensed certified midwives in the Commonwealth appointed by the Governor; two experts in postpartum care and depression in the Commonwealth appointed by the Governor, ensuring regional representation; at least one individual who is an expert in maternal health data collection processes appointed by the Governor; four representatives from organizations or groups in the Commonwealth that specialize in serving vulnerable populations and improving equity and outcomes in maternal health appointed by the Governor; individuals who are licensed in neonatal and premature infant care and nutrition appointed by the Governor; a representative in maternal health from each of the health care payers in the Commonwealth appointed by the Governor; health care experts who serve underserved and minority populations in the Commonwealth appointed by the Governor; two members of the Virginia Hospital and Healthcare Association appointed by the Governor; the Program Manager for the Maternal Mortality Review Team; and any other stakeholders as may be appropriate appointed by the Governor. The Task Force shall:

1. Monitor progress and evaluate all data from state-level stakeholders, including third-party payers, and all available electronic claims data to examine quality of care with regard to race, ethnicity, and other demographic and clinical outcome data;

2. Monitor progress and evaluate all data from existing state-level sources mandated for maternal care, including new Healthcare Effectiveness Data and Information Set (HEDIS) measure updates to Postpartum Depression Screening and Follow-up Care;

3. Examine the barriers preventing the collection and reporting of timely maternal health data from all stakeholders, including payers;

4. Examine current maternal health benefit requirements and determine the need for additional benefits to protect the health of birthing people;

5. Evaluate the impact of social determinants of health screening on pregnant women and its impact on outcomes data;

6. Collect and analyze data one year after delivery; and

7. Develop recommendations for standard quality metrics on maternal care.

All agencies of the Commonwealth shall provide assistance to the Task Force upon request. The Task Force shall report its findings and conclusions to the Governor and General Assembly by November 1 of each year regarding its activities and shall conclude its work by November 1, 2026.

CHAPTER 698

An Act to amend and reenact § 9.1-102 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 3 of Title 53.1 an article numbered 7.1, consisting of sections numbered 53.1-133.06 through 53.1-133.09, relating to local and regional correctional facilities; treatment of prisoners known to be pregnant.

[H 2235]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 9.1-102 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Chapter 3 of Title 53.1 an article numbered 7.1, consisting of sections numbered 53.1-133.06 through 53.1-133.09, as follows:

§ 9.1-102. Powers and duties of the Board and the Department.

The Department, under the direction of the Board, which shall be the policy-making body for carrying out the duties and powers hereunder, shall have the power and duty to:

1. Adopt regulations, pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), for the administration of this chapter including the authority to require the submission of reports and information by law-enforcement officers within the Commonwealth. Any proposed regulations concerning the privacy, confidentiality, and security of criminal justice information shall be submitted for review and comment to any board, commission, or committee or other body which may be established by the General Assembly to regulate the privacy, confidentiality, and security of information collected and maintained by the Commonwealth or any political subdivision thereof;

2. Establish compulsory minimum training standards subsequent to employment as a law-enforcement officer in (i) permanent positions and (ii) temporary or probationary status and establish the time required for completion of such training. Such compulsory minimum training standards shall include crisis intervention training in accordance with clause (i) of § 9.1-188;

3. Establish minimum training standards and qualifications for certification and recertification for law-enforcement officers serving as field training officers;

4. Establish compulsory minimum curriculum requirements for in-service and advanced courses and programs for schools, whether located in or outside the Commonwealth, which are operated for the specific purpose of training law-enforcement officers;

5. Establish (i) compulsory minimum training standards for law-enforcement officers who utilize radar or an electrical or microcomputer device to measure the speed of motor vehicles as provided in § 46.2-882 and establish the time required for completion of the training and (ii) compulsory minimum qualifications for certification and recertification of instructors who provide such training;

6. [Repealed];

7. Establish compulsory minimum entry-level, in-service and advanced training standards for those persons designated to provide courthouse and courtroom security pursuant to the provisions of § 53.1-120, and to establish the time required for completion of such training;

8. Establish compulsory minimum entry-level, in-service and advanced training standards for deputy sheriffs designated to serve process pursuant to the provisions of § 8.01-293, and establish the time required for the completion of such training;

9. Establish compulsory minimum entry-level, in-service, and advanced training standards, as well as the time required for completion of such training, for persons employed as deputy sheriffs and jail officers by local criminal justice agencies and correctional officers employed by the Department of Corrections under the provisions of Title 53.1. For *deputy sheriffs and jail officers who are employees of local or regional correctional facilities and* correctional officers employed by the Department of Corrections, such standards shall include training on the general care of pregnant women, the impact of restraints on pregnant inmates and fetuses, the impact of being placed in restrictive housing or solitary confinement on pregnant inmates, and the impact of body cavity searches on pregnant inmates;

10. Establish compulsory minimum training standards for all dispatchers employed by or in any local or state government agency, whose duties include the dispatching of law-enforcement personnel. Such training standards shall apply only to dispatchers hired on or after July 1, 1988. Such training shall include training in the identification of, communication with, and facilitation of the safe return of individuals diagnosed with Alzheimer's disease and dementia, which shall include (i) techniques for respectful and effective communication with individuals with Alzheimer's disease and dementia and their caregivers; (ii) techniques for addressing the behavioral symptoms of Alzheimer's disease and dementia, including alternatives to physical restraint; (iii) protocols for identifying and reporting incidents of abuse, neglect, and exploitation of individuals with Alzheimer's disease and dementia to adult protective services; (iv) protocols for contacting caregivers when an individual with Alzheimer's disease or dementia is found wandering or during an emergency or crisis situation; (v) a reference list of local resources available for individuals with Alzheimer's disease and dementia; and (vi) a reference list of local and national organizations that assist law-enforcement personnel with locating missing and wandering individuals with Alzheimer's disease and dementia and returning them to their caregivers;

11. Establish compulsory minimum training standards for all auxiliary police officers employed by or in any local or state government agency. Such training shall be graduated and based on the type of duties to be performed by the auxiliary police officers. Such training standards shall not apply to auxiliary police officers exempt pursuant to § 15.2-1731;

12. Consult and cooperate with counties, municipalities, agencies of the Commonwealth, other state and federal governmental agencies, and institutions of higher education within or outside the Commonwealth, concerning the development of police training schools and programs or courses of instruction;

13. Approve institutions, curricula and facilities, whether located in or outside the Commonwealth, for school operation for the specific purpose of training law-enforcement officers; but this shall not prevent the holding of any such school whether approved or not;

14. Establish and maintain police training programs through such agencies and institutions as the Board deems appropriate;

15. Establish compulsory minimum qualifications of certification and recertification for instructors in criminal justice training academies approved by the Department;

16. Conduct and stimulate research by public and private agencies which shall be designed to improve police administration and law enforcement;

17. Make recommendations concerning any matter within its purview pursuant to this chapter;

18. Coordinate its activities with those of any interstate system for the exchange of criminal history record information, nominate one or more of its members to serve upon the council or committee of any such system, and participate when and as deemed appropriate in any such system's activities and programs;

19. Conduct inquiries and investigations it deems appropriate to carry out its functions under this chapter and, in conducting such inquiries and investigations, may require any criminal justice agency to submit information, reports, and statistical data with respect to its policy and operation of information systems or with respect to its collection, storage, dissemination, and usage of criminal history record information and correctional status information, and such criminal justice agencies shall submit such information, reports, and data as are reasonably required;

20. Conduct audits as required by § 9.1-131;

21. Conduct a continuing study and review of questions of individual privacy and confidentiality of criminal history record information and correctional status information;

22. Advise criminal justice agencies and initiate educational programs for such agencies with respect to matters of privacy, confidentiality, and security as they pertain to criminal history record information and correctional status information;

23. Maintain a liaison with any board, commission, committee, or other body which may be established by law, executive order, or resolution to regulate the privacy and security of information collected by the Commonwealth or any political subdivision thereof;

24. Adopt regulations establishing guidelines and standards for the collection, storage, and dissemination of criminal history record information and correctional status information, and the privacy, confidentiality, and security thereof necessary to implement state and federal statutes, regulations, and court orders;

25. Operate a statewide criminal justice research center, which shall maintain an integrated criminal justice information system, produce reports, provide technical assistance to state and local criminal justice data system users, and provide analysis and interpretation of criminal justice statistical information;

26. Develop a comprehensive, statewide, long-range plan for strengthening and improving law enforcement and the administration of criminal justice throughout the Commonwealth, and periodically update that plan;

27. Cooperate with, and advise and assist, all agencies, departments, boards and institutions of the Commonwealth, and units of general local government, or combinations thereof, including planning district commissions, in planning, developing, and administering programs, projects, comprehensive plans, and other activities for improving law enforcement and the administration of criminal justice throughout the Commonwealth, including allocating and subgranting funds for these purposes;

28. Define, develop, organize, encourage, conduct, coordinate, and administer programs, projects and activities for the Commonwealth and units of general local government, or combinations thereof, in the Commonwealth, designed to strengthen and improve law enforcement and the administration of criminal justice at every level throughout the Commonwealth;

29. Review and evaluate programs, projects, and activities, and recommend, where necessary, revisions or alterations to such programs, projects, and activities for the purpose of improving law enforcement and the administration of criminal justice;

30. Coordinate the activities and projects of the state departments, agencies, and boards of the Commonwealth and of the units of general local government, or combination thereof, including planning district commissions, relating to the preparation, adoption, administration, and implementation of comprehensive plans to strengthen and improve law enforcement and the administration of criminal justice;

31. Do all things necessary on behalf of the Commonwealth and its units of general local government, to determine and secure benefits available under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351, 82 Stat. 197), as amended, and under any other federal acts and programs for strengthening and improving law enforcement, the administration of criminal justice, and delinquency prevention and control;

32. Receive, administer, and expend all funds and other assistance available to the Board and the Department for carrying out the purposes of this chapter and the Omnibus Crime Control and Safe Streets Act of 1968, as amended;

33. Apply for and accept grants from the United States government or any other source in carrying out the purposes of this chapter and accept any and all donations both real and personal, and grants of money from any governmental unit or public agency, or from any institution, person, firm or corporation, and may receive, utilize and dispose of the same. Any arrangements pursuant to this section shall be detailed in the annual report of the Board. Such report shall include the identity of the donor, the nature of the transaction, and the conditions, if any. Any moneys received pursuant to this section shall be deposited in the state treasury to the account of the Department. To these ends, the Board shall have the power to comply with conditions and execute such agreements as may be necessary;

34. Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and execution of its powers under this chapter, including but not limited to, contracts with the United States, units of general local government or combinations thereof, in Virginia or other states, and with agencies and departments of the Commonwealth;

35. Adopt and administer reasonable regulations for the planning and implementation of programs and activities and for the allocation, expenditure and subgranting of funds available to the Commonwealth and to units of general local government, and for carrying out the purposes of this chapter and the powers and duties set forth herein;

36. Certify and decertify law-enforcement officers in accordance with §§ 15.2-1706 and 15.2-1707 and provide for a decertification review process in accordance with § 15.2-1708;

37. Establish training standards and publish and periodically update model policies for law-enforcement personnel in the following subjects:

a. The handling of family abuse, domestic violence, sexual assault, and stalking cases, including standards for determining the predominant physical aggressor in accordance with § 19.2-81.3. The Department shall provide technical support and assistance to law-enforcement agencies in carrying out the requirements set forth in subsection A of § 9.1-1301;

b. The identification of, communication with, and facilitation of the safe return of individuals diagnosed with Alzheimer's disease and dementia, which shall include (i) techniques for respectful and effective communication with

individuals with Alzheimer's disease and dementia and their caregivers; (ii) techniques for addressing the behavioral symptoms of Alzheimer's disease and dementia, including alternatives to physical restraint; (iii) protocols for identifying and reporting incidents of abuse, neglect, and exploitation of individuals with Alzheimer's disease and dementia to adult protective services; (iv) protocols for contacting caregivers when an individual with Alzheimer's disease or dementia is found wandering or during an emergency or crisis situation; (v) a reference list of local resources available for individuals with Alzheimer's disease and dementia; and (vi) a reference list of local and national organizations that assist law-enforcement personnel with locating missing and wandering individuals with Alzheimer's disease and dementia and returning them to their caregivers;

c. Sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability;

d. Protocols for local and regional sexual assault and human trafficking response teams;

e. Communication of death notifications;

f. The questioning of individuals suspected of driving while intoxicated concerning the physical location of such individual's last consumption of an alcoholic beverage and the communication of such information to the Virginia Alcoholic Beverage Control Authority;

g. Vehicle patrol duties that embody current best practices for pursuits and for responding to emergency calls;

h. Criminal investigations that embody current best practices for conducting photographic and live lineups;

i. Sensitivity to and awareness of human trafficking offenses and the identification of victims of human trafficking offenses for personnel involved in criminal investigations or assigned to vehicle or street patrol duties;

j. The recognition, prevention, and reporting of human trafficking;

k. Missing children, missing adults, and search and rescue protocol;

l. The handling and use of tear gas or other gases and kinetic impact munitions, as defined in § 19.2-83.3, that embody current best practices for using such items as a crowd control measure or during an arrest or detention of another person; and

m. The use of naloxone or other opioid antagonists to prevent opioid overdose deaths, in coordination with statewide naloxone training programs developed by the Department of Behavioral Health and Developmental Services and the Virginia Department of Health;

38. Establish compulsory training standards for basic training and the recertification of law-enforcement officers to ensure (i) sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability; (ii) training in de-escalation techniques; and (iii) training in the lawful use of force, including the use of deadly force, as defined in § 19.2-83.3, only when necessary to protect the law-enforcement officer or another person;

39. Review and evaluate community-policing programs in the Commonwealth, and recommend where necessary statewide operating procedures, guidelines, and standards that strengthen and improve such programs, including sensitivity to and awareness of systemic and individual racism, cultural diversity, and the potential for racially biased policing and bias-based profiling as defined in § 52-30.1, which shall include recognizing implicit biases in interacting with persons who have a mental illness, substance use disorder, or developmental or cognitive disability;

40. Establish a Virginia Law-Enforcement Accreditation Center. The Center may, in cooperation with Virginia law-enforcement agencies, provide technical assistance and administrative support, including staffing, for the establishment of voluntary state law-enforcement accreditation standards. The Center may provide accreditation assistance and training, resource material, and research into methods and procedures that will assist the Virginia law-enforcement community efforts to obtain Virginia accreditation status;

41. Promote community policing philosophy and practice throughout the Commonwealth by providing community policing training and technical assistance statewide to all law-enforcement agencies, community groups, public and private organizations and citizens; developing and distributing innovative policing curricula and training tools on general community policing philosophy and practice and contemporary critical issues facing Virginia communities; serving as a consultant to Virginia organizations with specific community policing needs; facilitating continued development and implementation of community policing programs statewide through discussion forums for community policing leaders, development of law-enforcement instructors; promoting a statewide community policing initiative; and serving as a statewide information source on the subject of community policing including, but not limited to periodic newsletters, a website and an accessible lending library;

42. Establish, in consultation with the Department of Education and the Virginia State Crime Commission, compulsory minimum standards for employment and job-entry and in-service training curricula and certification requirements for school security officers, including school security officers described in clause (b) of § 22.1-280.2:1, which training and certification shall be administered by the Virginia Center for School and Campus Safety (VCSCS) pursuant to § 9.1-184. Such training standards shall be specific to the role and responsibility of school security officers and shall include (i) relevant state and federal laws; (ii) school and personal liability issues; (iii) security awareness in the school environment; (iv) mediation and conflict resolution, including de-escalation techniques such as a physical alternative to restraint; (v) disaster and emergency response; (vi) awareness of systemic and individual racism, cultural diversity, and implicit bias; (vii) working with students with disabilities, mental health needs, substance use disorders, and past traumatic

experiences; and (viii) student behavioral dynamics, including child and adolescent development and brain research. The Department shall establish an advisory committee consisting of local school board representatives, principals, superintendents, and school security personnel to assist in the development of the standards and certification requirements in this subdivision. The Department shall require any school security officer who carries a firearm in the performance of his duties to provide proof that he has completed a training course provided by a federal, state, or local law-enforcement agency that includes training in active shooter emergency response, emergency evacuation procedure, and threat assessment;

43. License and regulate property bail bondsmen and surety bail bondsmen in accordance with Article 11 (§ 9.1-185 et seq.);

44. License and regulate bail enforcement agents in accordance with Article 12 (§ 9.1-186 et seq.);

45. In conjunction with the Virginia State Police and the State Compensation Board, advise criminal justice agencies regarding the investigation, registration, and dissemination of information requirements as they pertain to the Sex Offender and Crimes Against Minors Registry Act (§ 9.1-900 et seq.);

46. Establish minimum standards for (i) employment, (ii) job-entry and in-service training curricula, and (iii) certification requirements for campus security officers. Such training standards shall include, but not be limited to, the role and responsibility of campus security officers, relevant state and federal laws, school and personal liability issues, security awareness in the campus environment, and disaster and emergency response. The Department shall provide technical support and assistance to campus police departments and campus security departments on the establishment and implementation of policies and procedures, including but not limited to: the management of such departments, investigatory procedures, judicial referrals, the establishment and management of databases for campus safety and security information sharing, and development of uniform record keeping for disciplinary records and statistics, such as campus crime logs, judicial referrals and Clery Act statistics. The Department shall establish an advisory committee consisting of college administrators, college police chiefs, college security department chiefs, and local law-enforcement officials to assist in the development of the standards and certification requirements and training pursuant to this subdivision;

47. Assess and report, in accordance with § 9.1-190, the crisis intervention team programs established pursuant to § 9.1-187;

48. In conjunction with the Office of the Attorney General, advise law-enforcement agencies and attorneys for the Commonwealth regarding the identification, investigation, and prosecution of human trafficking offenses using the common law and existing criminal statutes in the Code of Virginia;

49. Register tow truck drivers in accordance with § 46.2-116 and carry out the provisions of § 46.2-117;

50. Administer the activities of the Virginia Sexual and Domestic Violence Program Professional Standards Committee by providing technical assistance and administrative support, including staffing, for the Committee;

51. In accordance with § 9.1-102.1, design and approve the issuance of photo-identification cards to private security services registrants registered pursuant to Article 4 (§ 9.1-138 et seq.);

52. In consultation with the State Council of Higher Education for Virginia and the Virginia Association of Campus Law Enforcement Administrators, develop multidisciplinary curricula on trauma-informed sexual assault investigation;

53. In consultation with the Department of Behavioral Health and Developmental Services, develop a model addiction recovery program that may be administered by sheriffs, deputy sheriffs, jail officers, administrators, or superintendents in any local or regional jail. Such program shall be based on any existing addiction recovery programs that are being administered by any local or regional jails in the Commonwealth. Participation in the model addiction recovery program shall be voluntary, and such program may address aspects of the recovery process, including medical and clinical recovery, peer-to-peer support, availability of mental health resources, family dynamics, and aftercare aspects of the recovery process;

54. Establish compulsory minimum training standards for certification and recertification of law-enforcement officers serving as school resource officers. Such training shall be specific to the role and responsibility of a law-enforcement officer working with students in a school environment and shall include (i) relevant state and federal laws; (ii) school and personal liability issues; (iii) security awareness in the school environment; (iv) mediation and conflict resolution, including de-escalation techniques; (v) disaster and emergency response; (vi) awareness of systemic and individual racism, cultural diversity, and implicit bias; (vii) working with students with disabilities, mental health needs, substance use disorders, or past traumatic experiences; and (viii) student behavioral dynamics, including current child and adolescent development and brain research;

55. Establish a model policy for the operation of body-worn camera systems as defined in § 15.2-1723.1 that also addresses the storage and maintenance of body-worn camera system records;

56. Establish compulsory minimum training standards for detector canine handlers employed by the Department of Corrections, standards for the training and retention of detector canines used by the Department of Corrections, and a central database on the performance and effectiveness of such detector canines that requires the Department of Corrections to submit comprehensive information on each canine handler and detector canine, including the number and types of calls and searches, substances searched for and whether or not detected, and the number of false positives, false negatives, true positives, and true negatives;

57. Establish compulsory training standards for basic training of law-enforcement officers for recognizing and managing stress, self-care techniques, and resiliency;

58. Establish guidelines and standards for psychological examinations conducted pursuant to subsection C of § 15.2-1705;

59. Establish compulsory in-service training standards, to include frequency of retraining, for law-enforcement officers in the following subjects: (i) relevant state and federal laws; (ii) awareness of cultural diversity and the potential for bias-based profiling as defined in § 52-30.1; (iii) de-escalation techniques; (iv) working with individuals with disabilities, mental health needs, or substance use disorders; and (v) the lawful use of force, including the use of deadly force, as defined in § 19.2-83.3, only when necessary to protect the law-enforcement officer or another person;

60. Develop a model curriculum and lesson plans for the compulsory minimum entry-level, in-service, and advanced training standards to be employed by criminal justice training academies approved by the Department when conducting training;

61. Adopt statewide professional standards of conduct applicable to all certified law-enforcement officers and certified jail officers and appropriate due process procedures for decertification based on serious misconduct in violation of those standards and provide for a decertification review process in accordance with § 15.2-1708;

62. Establish and administer a waiver process, in accordance with §§ 2.2-5515 and 15.2-1721.1, for law-enforcement agencies to use certain military property. Any waivers granted by the Criminal Justice Services Board shall be published by the Department on the Department's website;

63. Establish compulsory training standards for basic training and the recertification of law-enforcement officers to include crisis intervention training in accordance with clause (ii) of § 9.1-188;

64. Advise and assist the Department of Behavioral Health and Developmental Services, and support local law-enforcement cooperation, with the development and implementation of the Marcus alert system, as defined in § 37.2-311.1, including the establishment of local protocols for law-enforcement participation in the Marcus alert system pursuant to § 9.1-193 and for reporting requirements pursuant to §§ 9.1-193 and 37.2-311.1;

65. Develop an online course to train hotel proprietors and their employees to recognize and report instances of suspected human trafficking;

66. Develop an online course to train unarmed security officers, armed security officers, couriers, security canine handlers, and alarm respondents to recognize and report instances of suspected human trafficking to meet the compulsory minimum, entry-level, and in-service training standards as required by § 9.1-141;

67. Establish standards and procedures for when the Board may grant a petition for reinstatement of certification of a decertified officer pursuant to subsection E of § 15.2-1708;

68. Establish compulsory minimum and in-service training standards for law-enforcement officers on communicating with individuals with an intellectual disability or a developmental disability as defined in § 37.2-100, such as autism spectrum disorder as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association, which shall include (i) an overview and behavioral recognition of autism spectrum disorder, (ii) best practices for crisis prevention and de-escalation techniques, (iii) an objective review of any relevant tools and technology available to assist in communication, and (iv) education on law-enforcement agency and community resources for the autism community on future crisis prevention. Such training standards shall be established in consultation with at least one individual with autism spectrum disorder, one family member of an individual with autism spectrum disorder, one specialist who works with individuals with autism spectrum disorder, one representative from the Department of Behavioral Health and Developmental Services, and one representative from a state or local law-enforcement agency; and

69. Perform such other acts as may be necessary or convenient for the effective performance of its duties.

Article 7.1.

Treatment of Prisoners Known to Be Pregnant.

§ 53.1-133.06. Definitions.

As used in this article, unless the context requires a different meaning:

"Postpartum recovery" means the eight-week period, or longer as determined by a health care professional responsible for the health and safety of the prisoner, following childbirth.

"Restraints" means any mechanical device, medication, physical intervention, or hands-on hold to prevent an individual from moving her body.

§ 53.1-133.07. Treatment of prisoners known to be pregnant.

A. No restraints shall be used on any prisoner known to be pregnant, beginning upon notification or diagnosis by a health care provider about such pregnancy and for the duration of such prisoner's pregnancy, unless a deputy sheriff or jail officer makes an individualized determination that (i) such prisoner will harm herself, the fetus, or any other person; (ii) such prisoner poses a flight risk; or (iii) the totality of the circumstances creates a serious security risk. If such individualized determination is made that restraints are necessary, such restraints shall be the least restrictive possible.

B. No restraints shall be used on any prisoner known to be pregnant while such prisoner is in labor or during delivery unless a deputy sheriff or jail officer makes an individualized determination that (i) such prisoner will harm herself, the fetus, the newborn child, or any other person; (ii) such prisoner poses a flight risk; or (iii) the totality of the circumstances creates a serious security risk. If such individualized determination is made that restraints are necessary, the deputy sheriff or jail officer shall consult with the health care provider treating such prisoner to ensure that such restraints are the least restrictive possible. In such case, the deputy sheriff or jail officer ordering the use of restraints on any prisoner known to be pregnant while in labor or during delivery shall notify a supervisor as soon as reasonably practicable and shall submit a report indicating the reason for the use of such restraints and what type of restraints were used no later than the conclusion of such deputy sheriff's or jail officer's shift. The supervisor shall submit a written report to the sheriff in charge of the local

correctional facility, or his designee, or the jail superintendent of the regional correctional facility, or his designee, within 72 hours following the use of restraints, containing the justification for restraining such prisoner. If restraints are used on a prisoner as authorized by subsection A or this subsection, such restraints shall be immediately removed upon the request of any doctor, nurse, or other health care provider treating such prisoner if the restraints present a threat to the life or health of the prisoner, the fetus, or the newborn child.

C. No employee of a local or regional correctional facility other than a licensed health care provider shall conduct a body cavity search of a prisoner known to be pregnant unless the employee has a reasonable belief that such prisoner is concealing contraband. If an employee conducts such body cavity search of a pregnant prisoner, the employee shall submit a written report to the sheriff or jail superintendent in charge of such correctional facility within 72 hours of such body cavity search and shall include in such report the justification for such body cavity search and what contraband was found, if any.

D. The sheriff or jail superintendent of a local or regional correctional facility shall ensure that prisoners known to be pregnant are provided sufficient food and dietary supplements that meet generally accepted prenatal nutritional guidelines for pregnant people as ordered by a licensed health care provider or such health care provider's staff.

E. A prisoner known to be pregnant shall be assigned to the lowest bed available.

§ 53.1-133.08. Treatment of prisoners during postpartum recovery.

A. No restraints shall be used on any prisoner who is in postpartum recovery unless a deputy sheriff or jail officer makes an individualized determination that (i) such prisoner will harm herself, the fetus, the newborn child, or any other person; (ii) such prisoner poses a flight risk; or (iii) the totality of the circumstances creates a serious security risk. If such individualized determination is made that restraints are necessary, the deputy sheriff or jail officer shall consult with the health care provider treating such prisoner to ensure that such restraints are the least restrictive possible. In such case, the deputy sheriff or jail officer ordering the use of restraints shall notify a supervisor as soon as reasonably practicable and shall submit a report indicating the reason for the use of such restraints and what type of restraints were used no later than the conclusion of such deputy sheriff's or jail officer's shift. The supervisor shall submit a written report to the sheriff in charge of the local correctional facility, or his designee, or the jail superintendent of the regional correctional facility, or his designee, within 72 hours following the use of restraints, containing justification for restraining the prisoner. If restraints are used on a prisoner as authorized by this subsection, such restraints shall be immediately removed upon the request of any doctor, nurse, or other health care provider treating such prisoner if the restraints present a threat to the life or health of the prisoner, the fetus, or the newborn child.

B. Following the delivery of a newborn child by a prisoner, the sheriff or jail superintendent shall permit the newborn child to remain with the mother until discharge from the health care facility unless a licensed medical or mental health care professional has a reasonable belief that the newborn child remaining with the mother poses a health or safety risk to the newborn child.

§ 53.1-133.09. Training of deputy sheriffs and jail officers regarding pregnant prisoners.

For deputy sheriffs and jail officers employed in local or regional correctional facilities who may have contact with pregnant prisoners, the compulsory minimum entry-level training standards established pursuant to § 9.1-102 shall include training on the general care of pregnant women, the impact of restraints on pregnant prisoners and fetuses, the impact of being placed in restrictive housing or solitary confinement on pregnant prisoners, and the impact of body cavity searches on pregnant prisoners. All staff shall annually review policies related to restraining pregnant prisoners.

CHAPTER 699

An Act to amend and reenact §§ 40.1-2, 40.1-79.01, and 40.1-80.1 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 40.1-109.1 and 40.1-109.2, relating to child labor; child engaged in the work of content creation; trust account.

[H 2401]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 40.1-2, 40.1-79.01, and 40.1-80.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 40.1-109.1 and 40.1-109.2 as follows:

§ 40.1-2. Definitions.

As used in this title, unless the context clearly requires otherwise, the following terms have the following meanings:

"Board" means the Safety and Health Codes Board.

"Business establishment" means any proprietorship, firm, or corporation where people are employed, permitted, or suffered to work, including agricultural employment on a farm.

"Commission" means the Safety and Health Codes Board.

"Commissioner" means the Commissioner of Labor and Industry. Except where the context clearly indicates the contrary, any reference to "Commissioner" shall include his authorized representatives.

"Content" means audiovisual content shared on an online platform in exchange for compensation.

"Content creator" means an individual or individuals 18 years of age or older, including family members, who create video content performed in the Commonwealth in exchange for compensation, and includes any proprietorship, partnership, company, or other corporate entity assuming the name or identity of a particular individual or family for the purposes of the content creation. "Content creator" does not include a child who produces his own video content.

"Department" means the Department of Labor and Industry.

"Domestic service" means services related to the care of an individual in a private home or the maintenance of a private home or its premises, on a permanent or temporary basis, including services performed by individuals such as companions, cooks, waiters, butlers, maids, valets, and chauffeurs. "Domestic service" does not include work that is irregular, uncertain, or incidental in nature and duration.

"Employ" shall include to permit or suffer to work.

"Employee" means any person who, in consideration of wages, salaries, or commissions, may be permitted, required, or directed by any employer to engage in any employment directly or indirectly.

"Employer" means an individual, partnership, association, corporation, legal representative, receiver, trustee, or trustee in bankruptcy doing business in or operating within this Commonwealth who employs another to work for wages, salaries, or on commission and shall include any similar entity acting directly or indirectly in the interest of an employer in relation to an employee.

"Female" or "woman" means a female 18 years of age or over.

"Machinery" means machines, belts, pulleys, motors, engines, gears, vats, pits, elevators, conveyors, shafts, *or* tunnels, including machinery being operated on farms in connection with the production or harvesting of agricultural products.

"Online platform" means any public-facing website, web application, or digital application, including a mobile application. "Online platform" includes a social network, advertising network, mobile operating system, search engine, email service, or Internet access service.

§ 40.1-79.01. Exemptions from chapter generally.

A. Nothing in this chapter, except the provisions of ~~§§~~ *subsection A of §* 40.1-100 ~~A,~~ *and §§* 40.1-100.1, 40.1-100.2, and 40.1-103, shall apply to:

1. A child engaged in domestic work when such work is performed in connection with the child's own home and directly for his parent or a person standing in place of his parent;

2. A child employed in occasional work performed outside school hours where such work is in connection with the employer's home but not in connection with the employer's business, trade, or profession;

3. A child 12 or 13 years of age employed outside school hours on farms, in orchards, or in gardens with the consent of his parent or a person standing in place of his parent;

4. A child between the ages of 12 and 18 employed as a page or clerk for either the House of Delegates or the Senate of Virginia;

5. A child participating in the activities of a volunteer emergency medical services agency;

6. A child under 16 years of age employed by his parent in an occupation other than manufacturing; or

7. A child 12 years of age or older employed by an eleemosynary organization or unit of state or local government as a referee for sports programs sponsored by that eleemosynary, state, or local organization or by an organization of referees sponsored by an organization recognized by the United States Olympic Committee under 36 U.S.C. § 220522.

B. Nothing in this chapter, except §§ 40.1-100.1, 40.1-100.2, and 40.1-103, shall be construed to apply to a child employed by his parent or a person standing in place of his parent on farms, in orchards or in gardens owned or operated by such parent or person.

C. Nothing in this chapter, except subsection A of § 40.1-100 and §§ 40.1-100.1, 40.1-100.2, 40.1-103, and 40.1-109.2, shall apply to a child engaged in the work of content creation as described in § 40.1-109.1. For the purposes of this subsection, a child engaged in the work of content creation shall not be considered to be "employed, permitted, or suffered to work" in any setting described in subsection A of § 40.1-100 solely due to such child's presence in such setting, provided that:

1. Such child is not exposed to a hazard capable of causing serious physical harm or death to such child in violation of § 40.1-100.1;

2. Such child is under the direct supervision of an adult who ensures compliance with all applicable safety requirements; and

3. Such child's engagement in the work of content creation does not require direct interaction with hazardous equipment or conditions.

§ 40.1-80.1. Employment of children.

A. Except as provided in §§ 40.1-79.01, 40.1-88, 40.1-102, ~~and~~ 40.1-109*, 40.1-109.1, and 40.1-109.2*, no child under ~~sixteen~~ *16* years of age shall be employed, permitted, or suffered to work in, about, or in connection with any gainful occupation more than the number of hours per week or more than the number of hours per day or during the hours of the day that the Commissioner shall determine by regulations to be detrimental to the lives, health, safety, or welfare of children. These regulations shall incorporate the standards contained in regulations promulgated by the ~~United~~ ~~States~~ *U.S.* Secretary of Labor pursuant to the Fair Labor Standards Act (29 U.S.C. § 201 et seq.) concerning the number of hours per week, hours per day, and the hours of the day that children under the age of ~~sixteen~~ *16* may work in, about, or in connection with, any gainful occupation.

B. No child shall be employed or permitted to work for more than five hours continuously without an interval of at least ~~thirty~~ *30* minutes for a lunch period, and no period of less than ~~thirty~~ *30* minutes shall be deemed to interrupt a continuous period of work.

§ 40.1-109.1. Child engaged in the work of content creation; criteria.

A. A child under the age of 16 is considered engaged in the work of content creation when the following criteria are met at any time during the previous 12-month period:

1. At least 30 percent of the content creator's compensated video content produced within a 30-day period included the likeness, name, or photograph of the child. Content percentage is measured by the percentage of time the likeness, name, or photograph of the child or, if more than one child regularly appears in the creator's content, any of the children visually appears or is the subject of an oral narrative in a video segment as compared to the total length of the segment; and

2. The number of views received per video segment on any online platform met the online platform's threshold for the generation of compensation or the content creator received actual compensation for video content equal to or greater than $0.10 per view.

B. All content creators whose content features a child under the age of 16 engaged in the work of content creation shall maintain the following records and shall provide them to the child and the holder of the trust account required pursuant to § 40.1-109.2 on an ongoing basis:

1. The name and documentary proof of the age of the child engaged in the work of content creation;

2. The number of videos that generated compensation as described in subsection A during the reporting period;

3. The total number of minutes of the video content that the content creator received compensation for during the reporting period;

4. The total number of minutes each child was featured in video content during the reporting period;

5. The total compensation generated from video content featuring a child during the reporting period; and

6. The amount deposited into the trust account for the benefit of the child engaged in the work of content creation, as required by § 40.1-109.2.

C. If a content creator whose video content features a child under the age of 16 engaged in the work of content creation fails to maintain the records as provided in subsection B, the child, or his parent or guardian on behalf of such child, may commence a civil action to enforce the provisions of this section. No action shall be commenced under this section more than two years after the date on which the child engaged in the work of content creation attained 18 years of age.

§ 40.1-109.2. Child engaged in the work of content creation; trust account.

A. A child engaged in the work of content creation as described in subsection A of § 40.1-109.1 shall be compensated by the content creator. The content creator shall set aside gross earnings on the video content that includes the likeness, name, or photograph of the child in a trust account to be preserved for the benefit of the child upon attaining 18 years of age or having been declared emancipated, according to the following distribution:

1. Where only one child meets the content threshold described in § 40.1-109.1, the percentage of total gross earnings on any video segment including the likeness, name, or photograph of the child that is equal to or greater than half of the content percentage that includes the child as described in § 40.1-109.1; or

2. Where more than one child meets the content threshold described in § 40.1-109.1 and a video segment includes more than one of those children, the percentage described in subdivision 1 for all children in any segment shall be equally divided among the children, regardless of differences in percentage of content provided by the individual children.

B. A trust account required under this section shall provide, at a minimum, the following:

1. That the funds in the account shall be available only to the child engaged in the work of content creation;

2. That the account shall be held by a financial institution, corporate fiduciary, or trust company;

3. That the funds in the account shall become available to the child engaged in the work of content creation upon the child attaining the age of 18 years or when the child is declared emancipated; and

4. That the account meets the requirements of the Virginia Uniform Transfers to Minors Act (§ 64.2-1900 et seq.).

C. If a content creator knowingly or recklessly violates this section, a child engaged in the work of content creation as described in subsection A of § 40.1-109.1, or his parent or guardian on behalf of such child, may commence an action to enforce the provisions of this section regarding the trust account. The court may award, to a child who prevails in any action brought in accordance with this section, the following damages: (i) compensatory damages; (ii) punitive damages; and (iii) the costs of the action, including reasonable attorney fees and costs. No action shall be commenced under this section more than two years after the date on which the child engaged in the work of content creation attained 18 years of age.

D. This section does not affect any right or remedy available under any other provision of law.

E. Nothing in this section shall be construed to have any effect on a party that is neither the content creator nor the child engaged in the work of content creation.

CHAPTER 700

An Act to amend the Code of Virginia by adding in Chapter 2 of Title 32.1 an article numbered 23, consisting of sections numbered 32.1-73.28 through 32.1-73.31, relating to Postpartum Depression Education Act; report.

[H 2446]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 2 of Title 32.1 an article numbered 23, consisting of sections numbered 32.1-73.28 through 32.1-73.31, as follows:

Article 23.

Postpartum Depression Education Act.

§ 32.1-73.28. Public awareness campaign; Department authorized to seek funding.

A. The Department, in collaboration with the Department of Behavioral Health and Developmental Services, shall develop and implement a statewide public awareness campaign on perinatal and postpartum depression. Such campaign shall:

1. Increase awareness about the symptoms, risk factors, and treatment options for perinatal and postpartum depression;

2. Provide culturally appropriate and accessible materials for diverse populations;

3. Provide information to health care providers, birthing individuals, families, and community organizations;

4. Utilize multiple platforms, including digital media, print materials, and community outreach programs, to maximize public engagement; and

5. Highlight the importance of seeking early treatment for and reducing the stigma associated with perinatal and postpartum depression.

B. The Department may seek and accept funding from any public or private entities to implement the provisions of this article.

§ 32.1-73.29. Development of educational materials and resources.

A. The Department shall create and distribute educational materials on perinatal and postpartum depression. Such materials shall include:

1. Fact sheets on symptoms, causes, and available treatment options;

2. Contact information for local, state, and national resources, including crisis hotlines, counseling services, and support groups;

3. Guidance for health care providers on screening, diagnosing, and managing perinatal and postpartum depression; and

4. Information on the impact of untreated perinatal and postpartum depression on maternal and infant health outcomes.

B. The Department shall distribute materials prepared pursuant to subsection A to:

1. Health care providers, including obstetricians, midwives, pediatricians, and primary care physicians;

2. Hospitals, birthing centers, and clinics;

3. Community organizations, including faith-based groups and nonprofit organizations; and

4. Public health offices and other relevant government agencies.

§ 32.1-73.30. Online resource hub.

The Department shall develop and maintain an online resource hub that provides:

1. Up-to-date information on perinatal and postpartum depression;

2. A directory of mental health providers specializing in perinatal and postpartum care;

3. Information on available support groups, counseling services, and treatment options; and

4. A platform for individuals and families to share experiences and connect with community resources.

§ 32.1-73.31. Annual report.

A. The Department shall submit an annual report to the Governor and the General Assembly that includes:

1. Metrics on public engagement with the programs implemented pursuant to this article;

2. Feedback from health care providers, community organizations, and individuals served by programs implemented pursuant to this article;

3. Progress in reducing stigma and increasing early detection and treatment of perinatal and postpartum depression; and

4. Recommendations for improving or expanding programs implemented pursuant to this article.

B. The Department shall publish the annual report prepared pursuant to subsection A on its website.

2. That the Department of Health shall submit the first report prepared pursuant to § 32.1-73.31 of the Code of Virginia, as created by this act, by November 1, 2026.

CHAPTER 701

An Act to amend and reenact § 32.1-325 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 32.1-325.5, relating to Department of Medical Assistance Services; state pharmacy benefits manager.

[H 2610]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 32.1-325.5 as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision

shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who provides health care services exclusively through telemedicine services shall not be required to maintain a physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid provider.

For the purposes of this subdivision, a telemedicine services provider group with health care providers duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to enroll as a Medicaid vendor or Medicaid provider group.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

31. A provision for the payment of medical assistance for targeted case management services for individuals with severe traumatic brain injury;

32. A provision for payment of medical assistance for the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial purchase or replacement may be contingent

upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; and

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of

or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

~~4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organizations' managed care plans. For the purposes of this subdivision:~~

~~"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.~~

~~"Pharmacy benefits manager" means a person that performs pharmacy benefits management.~~

~~"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.~~

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

§ 32.1-325.5. State pharmacy benefits manager.

A. As used in this section:

"Pharmacy benefits manager" means the same as that term is defined in § 38.2-3465.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

"State pharmacy benefits manager" means the pharmacy benefits manager contracted by the Department pursuant to this section to administer pharmacy benefits for all Medicaid recipients in the Commonwealth.

B. By July 1, 2026, the Department shall select and contract with a single third-party administrator to serve as the state pharmacy benefits manager to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization by such date with whom the Department contracts for the delivery of Medicaid services. Each managed care contract entered into or renewed by the Department for the delivery of Medicaid services by a managed care organization shall require the managed care organization to contract with and utilize the state pharmacy benefits manager for the purpose of administering all pharmacy benefits for Medicaid recipients enrolled with the managed care organization. Notwithstanding the provisions of § 38.2-3470, the state pharmacy benefits manager shall adhere to subdivision A 5 of § 38.2-3467 unless otherwise prohibited by federal law.

C. The Department's contract with the state pharmacy benefits manager shall:

1. Establish the state pharmacy benefits manager's fiduciary duty owed to the Department;

2. Require the use of pass-through pricing;

3. Require the state pharmacy benefits manager to use the common formulary, reimbursement methodologies, and dispensing fees negotiated by the Department;

4. Require transparency in drug costs, rebates collected and paid, dispensing fees paid, administrative fees, and all other charges, fees, costs, and holdbacks; and

5. Prohibit the use of spread pricing.

2. That the Department of Medical Assistance Services (the Department) shall engage an independent consultant with direct experience (i) advising Medicaid fraud control units and (ii) working with states that have established a single pharmacy benefits manager for their Medicaid program for the implementation of a contract with a third-party pharmacy benefits manager for the administration of pharmacy benefits for the Virginia Medicaid managed care and fee-for-services programs. The consultant shall not be engaged by any Virginia Medicaid managed care organization or by any pharmacy benefits manager contracted with a Virginia Medicaid managed care organization. The evaluation shall not affect the implementation date of July 1, 2026.

CHAPTER 702

An Act to amend and reenact § 20-108.2 of the Code of Virginia, relating to determination of child support.

[S 805]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.2 of the Code of Virginia is amended and reenacted as follows:

§ 20-108.2. Guideline for determination of child support; quadrennial review by Child Support Guidelines Review Panel; executive summary.

A. There shall be a rebuttable presumption in any judicial or administrative proceeding for child support under this title or Title 16.1 or 63.2, including cases involving split custody, shared custody, or multiple custody arrangements pursuant to subdivisions G 4, 5, and 6, that the amount of the award which would result from the application of the guidelines set forth in this section is the correct amount of child support to be awarded. In order to rebut the presumption, the court shall make written findings in the order as set out in § 20-108.1, which findings may be incorporated by reference, that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to the factors set out in § 20-108.1. The Department of Social Services shall set child support at the amount resulting from computations using the guidelines set out in this section pursuant to the authority granted to it in Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and subject to the provisions of § 63.2-1918.

B. For purposes of application of the guideline, a basic child support obligation shall be computed using the schedule set out below. For combined monthly gross income amounts falling between amounts shown in the schedule, basic child support obligation amounts shall be extrapolated. However, unless one of the following exemptions applies where the sole custody child support obligation as computed pursuant to subdivision G 1 is less than the statutory minimum per month, there shall be a presumptive minimum child support obligation of the statutory minimum per month payable by the payor parent. If the gross income of the obligor is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the court, upon hearing evidence that there is no ability to pay the presumptive statutory minimum, may set an obligation below the presumptive statutory minimum provided doing so does not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. Exemptions from this presumptive minimum monthly child support obligation shall include: parents unable to pay child support because they lack

sufficient assets from which to pay child support and who, in addition, are institutionalized in a psychiatric facility; are imprisoned for life with no chance of parole; are medically verified to be totally and permanently disabled with no evidence of potential for paying child support, including recipients of Supplemental Security Income (SSI); or are otherwise involuntarily unable to produce income. "Number of children" means the number of children for whom the parents share joint legal responsibility and for whom support is being sought. The guidelines worksheet relied upon by the court or the Department of Social Services to compute a child support obligation for a support order issued by such court or the Department shall be placed in the court's file or the Department's file, and a copy of such guidelines worksheet shall be provided to the parties.

SCHEDULE OF MONTHLY BASIC CHILD SUPPORT OBLIGATIONS

COMBINED MONTHLY GROSS INCOME	ONE CHILD	TWO CHILDREN	THREE CHILDREN	FOUR CHILDREN	FIVE CHILDREN	SIX CHILDREN

For gross monthly incomes above ~~$35,000~~ *$42,500*, add the amount of child support for ~~$35,000~~ *$42,500* to the following percentages of gross income above ~~$35,000~~ *$42,500*.

ONE CHILD	TWO CHILDREN	THREE CHILDREN	FOUR CHILDREN	FIVE CHILDREN	SIX CHILDREN
2.6%	3.4%	3.8%	4.2%	4.6%	5.0%

C. For purposes of this section, "gross income" means all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits except as listed below, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, veterans' benefits, spousal support, rental income except as listed below, gifts, prizes, or awards.

If a parent's gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits. To the extent that such derivative benefits are included in a parent's gross income, that parent shall be entitled to a credit against his or her ongoing basic child support obligation for any such amounts, and, if the amount of the credit exceeds the parent's basic child support obligations, the credit may be used to reduce arrearages.

Gross income shall be subject to deduction of reasonable business expenses for persons with income from self-employment, a partnership, or a closely held business. Gross rental income from any property owned individually, jointly, or by any entity shall be subject to deduction of reasonable expenses; however, the deduction shall not include the cost of acquisition, depreciation, or the principal portion of any mortgage payment. The party claiming any deduction for reasonable business expenses or reasonable expenses for rental property shall have the burden of proof to establish such expenses by a preponderance of the evidence.

"Gross income" shall not include:

1. Benefits from public assistance and social services programs as defined in § 63.2-100;

2. Federal supplemental security income benefits;

3. Child support received; or

4. Income received by the payor from secondary employment income not previously included in "gross income," where the payor obtained the income to discharge a child support arrearage established by a court or administrative order and the payor is paying the arrearage pursuant to the order. "Secondary employment income" includes but is not limited to income from an additional job, from self-employment, or from overtime employment. The cessation of such secondary income upon the payment of the arrearage shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

For purposes of this subsection: (i) spousal support received shall be included in gross income and spousal support paid shall be deducted from gross income when paid pursuant to an order or written agreement and (ii) one-half of any self-employment tax paid shall be deducted from gross income.

Where there is an existing court or administrative order or written agreement relating to the child or children of a party to the proceeding, who are not the child or children who are the subject of the present proceeding, then there is a presumption that there shall be deducted from the gross income of the party subject to such order or written agreement, the amount that the party is actually paying for the support of a child or children pursuant to such order or agreement.

Where a party to the proceeding has a natural or adopted child or children in the party's household or primary physical custody, and the child or children are not the subject of the present proceeding, there is a presumption that there shall be deducted from the gross income of that party the amount as shown on the Schedule of Monthly Basic Child Support Obligations contained in subsection B that represents that party's support obligation based solely on that party's income as being the total income available for the natural or adopted child or children in the party's household or primary physical custody, who are not the subject of the present proceeding. Provided, however, that the existence of a party's financial responsibility for such a child or children shall not of itself constitute a material change in circumstances for modifying a previous order of child support in any modification proceeding. Any adjustment to gross income under this subsection shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child, as determined by the court.

In cases in which retroactive liability for support is being determined, the court or administrative agency may use the gross monthly income of the parties averaged over the period of retroactivity.

D. Except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, any child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unreimbursed medical or dental expenses. The method of payment of those expenses shall be contained in the support order. Each parent shall pay his

respective share of expenses as those expenses are incurred. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G. For the purposes of this section, medical or dental expenses shall include but not be limited to eyeglasses, prescription medication, prosthetics, orthodontics, and mental health or developmental disabilities services, including but not limited to services provided by a social worker, psychologist, psychiatrist, counselor, or therapist.

D1. In any initial child support proceeding commenced within six months of the birth of a child, except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, the child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unpaid expenses of the mother's pregnancy and the delivery of such child. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G.

E. The costs for health care coverage as defined in § 63.2-1900, vision care coverage, and dental care coverage for the child or children who are the subject of the child support order that are being paid by a parent or that parent's spouse shall be added to the basic child support obligation. To determine the cost to be added to the basic child support obligation, the cost per person shall be applied to the child or children who are subject of the child support order. If the per child cost is provided by the insurer, that is the cost per person. Otherwise, to determine the cost per person, the cost of individual coverage for the policy holder shall be subtracted from the total cost of the coverage, and the remaining amount shall be divided by the number of remaining covered persons.

F. Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source. When requested by the noncustodial parent, the court may require the custodial parent to present documentation to verify the costs incurred for child care under this subsection. Where appropriate, the court shall consider the willingness and availability of the noncustodial parent to provide child care personally in determining whether child-care costs are necessary or excessive. Upon the request of either party, and upon a showing of the tax savings a party derives from child-care cost deductions or credits, the court shall factor actual tax consequences into its calculation of the child-care costs to be added to the basic child support obligation.

G. 1. Sole custody support. The sole custody total monthly child support obligation shall be established by adding (i) the monthly basic child support obligation, as determined from the schedule contained in subsection B, (ii) costs for health care coverage to the extent allowable by subsection E, and (iii) work-related child-care costs and taking into consideration all the factors set forth in subsection B of § 20-108.1. The total monthly child support obligation shall be divided between the parents in the same proportion as their monthly gross incomes bear to their monthly combined gross income. The monthly obligation of each parent shall be computed by multiplying each parent's percentage of the parents' monthly combined gross income by the total monthly child support obligation.

However, the monthly obligation of the noncustodial parent shall be reduced by the cost for health care coverage to the extent allowable by subsection E when paid directly by the noncustodial parent or that parent's spouse. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

2. Split custody support. In cases involving split custody, the amount of child support to be paid shall be the difference between the amounts owed by each parent as a noncustodial parent, computed in accordance with subdivision 1, with the noncustodial parent owing the larger amount paying the difference to the other parent. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

For the purpose of this section and § 20-108.1, split custody shall be limited to those situations where each parent has physical custody of a child or children born of the parents, born of either parent and adopted by the other parent or adopted by both parents. For the purposes of calculating a child support obligation where split custody exists, a separate family unit exists for each parent, and child support for that family unit shall be calculated upon the number of children in that family unit who are born of the parents, born of either parent and adopted by the other parent or adopted by both parents. Where split custody exists, a parent is a custodial parent to the children in that parent's family unit and is a noncustodial parent to the children in the other parent's family unit.

3. Shared custody support.

(a) Where a party has custody or visitation of a child or children for more than 90 days of the year, as such days are defined in subdivision G 3 (c), a shared custody child support amount based on the ratio in which the parents share the custody and visitation of any child or children shall be calculated in accordance with this subdivision. The presumptive support to be paid shall be the shared custody support amount, unless a party affirmatively shows that the sole custody support amount calculated as provided in subdivision G 1 is less than the shared custody support amount. If so, the lesser amount shall be the support to be paid. For the purposes of this subsection, the following shall apply:

(i) Income share. "Income share" means a parent's percentage of the combined monthly gross income of both parents. The income share of a parent is that parent's gross income divided by the combined gross incomes of the parties.

(ii) Custody share. "Custody share" means the number of days that a parent has physical custody, whether by sole custody, joint legal or joint residential custody, or visitation, of a shared child per year divided by the number of days in the year. The actual or anticipated "custody share" of the parent who has or will have fewer days of physical custody shall be calculated for a one-year period. The "custody share" of the other parent shall be presumed to be the number of days in the year less the number of days calculated as the first parent's "custody share." For purposes of this calculation, the year may

begin on such date as is determined in the discretion of the court, and the day may begin at such time as is determined in the discretion of the court. For purposes of this calculation, a day shall be as defined in subdivision G 3 (c).

(iii) Shared support need. "Shared support need" means the presumptive guideline amount of needed support for the shared child or children calculated pursuant to subsection B of this section, for the combined gross income of the parties and the number of shared children, multiplied by 1.4.

(iv) Sole custody support. "Sole custody support" means the support amount determined in accordance with subdivision G 1.

(b) Support to be paid. The shared support need of the shared child or children shall be calculated pursuant to subdivision G 3 (a) (iii). This amount shall then be multiplied by the other parent's custody share. To that sum for each parent shall be added the other parent's or that parent's spouse's cost of health care coverage to the extent allowable by subsection E, plus the other parent's work-related child-care costs to the extent allowable by subsection F. This total for each parent shall be multiplied by that parent's income share. The support amounts thereby calculated that each parent owes the other shall be subtracted one from the other and the difference shall be the shared custody support one parent owes to the other, with the payor parent being the one whose shared support is the larger. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

(c) Definition of a day. For the purposes of this section, "day" means a period of 24 hours; however, where the parent who has the fewer number of overnight periods during the year has an overnight period with a child, but has physical custody of the shared child for less than 24 hours during such overnight period, there is a presumption that each parent shall be allocated one-half of a day of custody for that period.

(d) Minimum standards. Any calculation under this subdivision shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. If the gross income of either party is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the shared custody support calculated pursuant to this subsection shall not be the presumptively correct support and the court may consider whether the sole custody support or the shared custody support is more just and appropriate.

(e) Support modification. When there has been an award of child support based on the shared custody formula and one parent consistently fails to exercise custody or visitation in accordance with the parent's custody share upon which the award was based, there shall be a rebuttable presumption that the support award should be modified.

(f) In the event that the shared custody support calculation indicates that the net support is to be paid to the parent who would not be the parent receiving support pursuant to the sole custody calculation, then the shared support shall be deemed to be the lesser support.

4. Multiple shared custody support. In cases with different shared custody arrangements for two or more minor children of the parties, the procedures in subdivision G 3 shall apply, except that one shared guideline shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating each parent's custody share by adding the total number of days, as defined in subdivision G 3 (c), that each parent has with each child and dividing such total number of days by the number of children of the parties to determine the average number of shared custody days; and

(b) Using each parent's custody share as determined in subdivision G 4 (a) for each parent to calculate the child support owed, in accordance with the provisions of subdivision G 3.

5. Sole and shared custody support. In cases where one parent has sole custody of one or more minor children of the parties, and the parties share custody of one or more other minor children of the parties, the procedures in subdivisions G 1 and 3 shall apply, except that one sole custody support guideline calculation and one shared custody support guideline calculation shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating the sole custody support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the sole custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (a) (i) by the number of children subject to the sole custody support obligation; and

(iii) Applying the sole custody pro rata monthly basic child support obligation determined in subdivision G 5 (a) (ii) to the procedures in subdivision G 1.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 5 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the sole custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 5 (a) and G 5 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

6. Split and shared custody support. In cases where the parents have split custody of two or more children, and there is a shared custody arrangement with one or more other minor children of the parties, the procedures set forth in subdivisions G 2 and G 3 shall apply, except that one split custody child support guideline calculation and one shared custody child support guideline calculation shall be used to calculate the total amount of child support owed by one parent to the other by:

(a) Calculating the split custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the split custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (a) (i) by the number of children subject to the split custody support obligation; and

(iii) Applying the split custody pro rata monthly basic child support obligation determined in subdivision G 6 (a) (ii) for each parent to the procedures in subdivision G 2.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child custody support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 6 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the split custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 6 (a) and G 6 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

H. The Secretary of Health and Human Resources shall ensure that the guideline set out in this section is reviewed by October 31, 2001, and every four years thereafter, by the Child Support Guidelines Review Panel, consisting of 15 members comprised of four legislative members and 11 nonlegislative citizen members. Members shall be appointed as follows: three members of the House Committee for Courts of Justice, upon the recommendation of the Chairman of such committee, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate Committee for Courts of Justice, upon the recommendation of the Chairman of such committee, to be appointed by the Senate Committee on Rules; and one representative of a juvenile and domestic relations district court, one representative of a circuit court, one representative of the Department of Social Services' Division of Child Support Enforcement, three members of the Virginia State Bar, two custodial parents, two noncustodial parents, and one child advocate, upon the recommendation of the Secretary of Health and Human Resources, to be appointed by the Governor. The Panel shall determine the adequacy of the guideline for the determination of appropriate awards for the support of children by considering current research and data on the cost of and expenditures necessary for rearing children, and any other resources it deems relevant to such review. The Panel shall report its findings to the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports before the General Assembly next convenes following such review.

Legislative members shall serve terms coincident with their terms of office. Nonlegislative citizen members shall serve at the pleasure of the Governor. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, shall be made for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments.

Legislative members shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813 and 2.2-2825. Funding for the costs of compensation and expenses of the members shall be provided by the Department of Social Services.

The Department of Social Services shall provide staff support to the Panel. All agencies of the Commonwealth shall provide assistance to the Panel, upon request.

The chairman of the Panel shall submit to the Governor and the General Assembly a quadrennial executive summary of the interim activity and work of the Panel no later than the first day of 2006 regular session of the General Assembly and every four years thereafter. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

2. That the Child Support Guidelines Review Panel, in collaboration with the Division of Child Support Enforcement, shall examine the current outstanding amount of child support arrearages and make recommendations to the General Assembly about measures the General Assembly can consider regarding (i) helping child support obligors pay outstanding arrearages and (ii) whether existing penalties that place restrictions on such obligors' drivers licenses or other professional restrictions unnecessarily impair the obligor's ability to repay outstanding child support arrearages. The Child Support Guidelines Review Panel shall report its conclusions to the Chairmen of the House and Senate Committees for Courts of Justice by November 15, 2025.

CHAPTER 703

An Act to amend and reenact § 59.1-575 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 59.1-577.1, relating to Consumer Data Protection Act; social media platforms; responsibilities and prohibitions related to minors.

[S 854]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 59.1-575 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 59.1-577.1 as follows:

§ 59.1-575. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Affiliate" means a legal entity that controls, is controlled by, or is under common control with another legal entity or shares common branding with another legal entity. For the purposes of this definition, "control" or "controlled" means (i) ownership of, or the power to vote, more than 50 percent of the outstanding shares of any class of voting security of a company; (ii) control in any manner over the election of a majority of the directors or of individuals exercising similar functions; or (iii) the power to exercise controlling influence over the management of a company.

"Authenticate" means verifying through reasonable means that the consumer, entitled to exercise his consumer rights in § 59.1-577, is the same consumer exercising such consumer rights with respect to the personal data at issue.

"Biometric data" means data generated by automatic measurements of an individual's biological characteristics, such as a fingerprint, voiceprint, eye retinas, irises, or other unique biological patterns or characteristics that is used to identify a specific individual. "Biometric data" does not include a physical or digital photograph, a video or audio recording or data generated therefrom, or information collected, used, or stored for health care treatment, payment, or operations under HIPAA.

"Business associate" means the same meaning as the term established by HIPAA.

"Child" means any natural person younger than 13 years of age.

"Consent" means a clear affirmative act signifying a consumer's freely given, specific, informed, and unambiguous agreement to process personal data relating to the consumer. Consent may include a written statement, including a statement written by electronic means, or any other unambiguous affirmative action.

"Consumer" means a natural person who is a resident of the Commonwealth acting only in an individual or household context. It does not include a natural person acting in a commercial or employment context.

"Controller" means the natural or legal person that, alone or jointly with others, determines the purpose and means of processing personal data.

"Covered entity" means the same as the term is established by HIPAA.

"Decisions that produce legal or similarly significant effects concerning a consumer" means a decision made by the controller that results in the provision or denial by the controller of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities, such as food and water.

"De-identified data" means data that cannot reasonably be linked to an identified or identifiable natural person, or a device linked to such person. A controller that possesses "de-identified data" shall comply with the requirements of subsection A of § 59.1-581.

"Health record" means the same as that term is defined in § 32.1-127.1:03.

"Health care provider" means the same as that term is defined in § 32.1-276.3.

"HIPAA" means the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.).

"Identified or identifiable natural person" means a person who can be readily identified, directly or indirectly.

"Institution of higher education" means a public institution and private institution of higher education, as those terms are defined in § 23.1-100.

"Nonprofit organization" means any corporation organized under the Virginia Nonstock Corporation Act (§ 13.1-801 et seq.) or any organization exempt from taxation under § 501(c)(3), 501(c)(6), or 501(c)(12) of the Internal Revenue Code, any political organization, any organization exempt from taxation under § 501(c)(4) of the Internal Revenue Code that is identified in § 52-41, and any subsidiary or affiliate of entities organized pursuant to Chapter 9.1 (§ 56-231.15 et seq.) of Title 56.

"Online service, product, or feature" means any service, product, or feature that is provided online. "Online service, product, or feature" does not include telecommunications service, as defined in 47 U.S.C. § 153, broadband Internet access service, as defined in 47 C.F.R. § 54.400, or delivery or use of a physical product.

"Parent" means a parent or legal guardian of a child or minor.

"Personal data" means any information that is linked or reasonably linkable to an identified or identifiable natural person. "Personal data" does not include de-identified data or publicly available information.

"Political organization" means a party, committee, association, fund, or other organization, whether or not incorporated, organized and operated primarily for the purpose of influencing or attempting to influence the selection, nomination, election, or appointment of any individual to any federal, state, or local public office or office in a political organization or the election of a presidential/vice-presidential elector, whether or not such individual or elector is selected, nominated, elected, or appointed.

"Precise geolocation data" means information derived from technology, including but not limited to global positioning system level latitude and longitude coordinates or other mechanisms, that directly identifies the specific location of a natural person with precision and accuracy within a radius of 1,750 feet. "Precise geolocation data" does not include the content of communications or any data generated by or connected to advanced utility metering infrastructure systems or equipment for use by a utility.

"Process" or "processing" means any operation or set of operations performed, whether by manual or automated means, on personal data or on sets of personal data, such as the collection, use, storage, disclosure, analysis, deletion, or modification of personal data.

"Processor" means a natural or legal entity that processes personal data on behalf of a controller.

"Profiling" means any form of automated processing performed on personal data to evaluate, analyze, or predict personal aspects related to an identified or identifiable natural person's economic situation, health, personal preferences, interests, reliability, behavior, location, or movements.

"Protected health information" means the same as the term is established by HIPAA.

"Pseudonymous data" means personal data that cannot be attributed to a specific natural person without the use of additional information, provided that such additional information is kept separately and is subject to appropriate technical and organizational measures to ensure that the personal data is not attributed to an identified or identifiable natural person.

"Publicly available information" means information that is lawfully made available through federal, state, or local government records, or information that a business has a reasonable basis to believe is lawfully made available to the general public through widely distributed media, by the consumer, or by a person to whom the consumer has disclosed the information, unless the consumer has restricted the information to a specific audience.

"Sale of personal data" means the exchange of personal data for monetary consideration by the controller to a third party. "Sale of personal data" does not include:

1. The disclosure of personal data to a processor that processes the personal data on behalf of the controller;

2. The disclosure of personal data to a third party for purposes of providing a product or service requested by the consumer;

3. The disclosure or transfer of personal data to an affiliate of the controller;

4. The disclosure of information that the consumer (i) intentionally made available to the general public via a channel of mass media and (ii) did not restrict to a specific audience; or

5. The disclosure or transfer of personal data to a third party as an asset that is part of a merger, acquisition, bankruptcy, or other transaction in which the third party assumes control of all or part of the controller's assets.

"Sensitive data" means a category of personal data that includes:

1. Personal data revealing racial or ethnic origin, religious beliefs, mental or physical health diagnosis, sexual orientation, or citizenship or immigration status;

2. The processing of genetic or biometric data for the purpose of uniquely identifying a natural person;

3. The personal data collected from a known child; or

4. Precise geolocation data.

"Social media platform" means a public or semipublic Internet-based service or application that has users in the Commonwealth and that meets the following criteria:

1. Connects users in order to allow users to interact socially with each other within such service or application. No service or application that exclusively provides email or direct messaging services shall be considered to meet this criterion on the basis of that function alone; and

2. Allows users to do all of the following:

a. Construct a public or semipublic profile for purposes of signing into and using such service or application;

b. Populate a public list of other users with whom such user shares a social connection within such service or application; and

c. Create or post content viewable by other users, including content on message boards, in chat rooms, or through a landing page or main feed that presents the user with content generated by other users. No service or application that consists primarily of news, sports, entertainment, ecommerce, or content preselected by the provider and not generated by users, and for which any chat, comments, or interactive functionality is incidental to, directly related to, or dependent on the provision of such content, or that is for interactive gaming, shall be considered to meet this criterion on the basis of that function alone.

"State agency" means the same as that term is defined in § 2.2-307.

"Targeted advertising" means displaying advertisements to a consumer where the advertisement is selected based on personal data obtained from that consumer's activities over time and across nonaffiliated websites or online applications to predict such consumer's preferences or interests. "Targeted advertising" does not include:

1. Advertisements based on activities within a controller's own websites or online applications;

2. Advertisements based on the context of a consumer's current search query, visit to a website, or online application;

3. Advertisements directed to a consumer in response to the consumer's request for information or feedback; or

4. Processing personal data processed solely for measuring or reporting advertising performance, reach, or frequency.

"Third party" means a natural or legal person, public authority, agency, or body other than the consumer, controller, processor, or an affiliate of the processor or the controller.

"User" means a person not acting as an agent of a controller or processor.

§ 59.1-577.1. Social media platforms; responsibilities and prohibitions related to minors.

A. For purposes of this section, "minor" means any natural person younger than 16 years of age.

B. Any controller or processor that operates a social media platform shall (i) use commercially reasonable methods, such as a neutral age screen mechanism, to determine whether a user is a minor and (ii) limit a minor's use of such social media platform to one hour per day, per service or application, and allow a parent to give verifiable parental consent to increase or decrease the daily time limit.

C. Information collected for the purpose of determining a user's age shall not be used for any purpose other than age determination and provision of age-appropriate experiences. For purposes of this section, any controller or processor that operates a social media platform shall treat a user as a minor if the user's device communicates or signals that the user is or shall be treated as a minor, including through a browser plug-in or privacy setting, device setting, or other mechanism.

D. Nothing in this section shall be construed as requiring any controller or processor that operates a social media platform to give a parent who grants verifiable parental consent pursuant to subsection B any additional or special access to or control over the data or accounts of the minor.

E. No controller or processor that operates a social media platform shall withhold, degrade, lower the quality of, or increase the price of any online service, product, or feature to a user due to the controller or processor not being permitted to provide use of such social media platform beyond the one hour per day, per service or application, daily time limit under subsection B. However, nothing in this section shall be construed as (i) requiring a social media platform to provide an online service, product, or feature that requires the personal information of a known minor or (ii) prohibiting a social media platform from offering a different price, rate, level, quality, or selection of goods or services to a known minor, including offering goods or services for no fee, if such behavior is reasonably related to the exercise of rights pursuant to or compliance with the requirements of this chapter.

2. That the provisions of this act shall become effective on January 1, 2026.

CHAPTER 704

An Act to amend and reenact § 32.1-325 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 32.1-325.5, relating to Department of Medical Assistance Services; state pharmacy benefits manager.

[S 875]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 32.1-325.5 as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall

be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who provides health care services exclusively through telemedicine services shall not be required to maintain a physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid provider.

For the purposes of this subdivision, a telemedicine services provider group with health care providers duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to enroll as a Medicaid vendor or Medicaid provider group.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

31. A provision for the payment of medical assistance for targeted case management services for individuals with severe traumatic brain injury;

32. A provision for payment of medical assistance for the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; and

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a

patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

~~4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organizations' managed care plans. For the purposes of this subdivision:~~

~~"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.~~

~~"Pharmacy benefits manager" means a person that performs pharmacy benefits management.~~

~~"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.~~

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

§ 32.1-325.5. State pharmacy benefits manager.

A. As used in this section:

"Pharmacy benefits manager" means the same as that term is defined in § 38.2-3465.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

"State pharmacy benefits manager" means the pharmacy benefits manager contracted by the Department pursuant to this section to administer pharmacy benefits for all Medicaid recipients in the Commonwealth.

B. By July 1, 2026, the Department shall select and contract with a single third-party administrator to serve as the state pharmacy benefits manager to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization by such date with whom the Department contracts for the delivery of Medicaid services. Each managed care contract entered into or renewed by the Department for the delivery of Medicaid services by a managed care organization shall require the managed care organization to contract with and utilize the state pharmacy benefits manager for the purpose of administering all pharmacy benefits for Medicaid recipients enrolled with the managed care organization. Notwithstanding the provisions of § 38.2-3470, the state pharmacy benefits manager shall adhere to subdivision A 5 of § 38.2-3467 unless otherwise prohibited by federal law.

C. The Department's contract with the state pharmacy benefits manager shall:

1. Establish the state pharmacy benefits manager's fiduciary duty owed to the Department;

2. Require the use of pass-through pricing;

3. Require the state pharmacy benefits manager to use the common formulary, reimbursement methodologies, and dispensing fees negotiated by the Department;

4. Require transparency in drug costs, rebates collected and paid, dispensing fees paid, administrative fees, and all other charges, fees, costs, and holdbacks; and

5. Prohibit the use of spread pricing.

2. That the Department of Medical Assistance Services (the Department) shall engage an independent consultant with direct experience (i) advising Medicaid fraud control units and (ii) working with states that have established a single pharmacy benefits manager for their Medicaid program for the implementation of a contract with a third-party pharmacy benefits manager for the administration of pharmacy benefits for the Virginia Medicaid managed care and fee-for-services programs. The consultant shall not be engaged by any Virginia Medicaid managed care organization or by any pharmacy benefits manager contracted with a Virginia Medicaid managed care organization. The evaluation shall not affect the implementation date of July 1, 2026.

CHAPTER 705

An Act to amend and reenact §§ 40.1-2, 40.1-79.01, and 40.1-80.1 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 40.1-109.1 and 40.1-109.2, relating to child labor; child engaged in the work of content creation; trust account.

[S 998]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 40.1-2, 40.1-79.01, and 40.1-80.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 40.1-109.1 and 40.1-109.2 as follows:

§ 40.1-2. Definitions.

As used in this title, unless the context clearly requires otherwise, the following terms have the following meanings:

"Board" means the Safety and Health Codes Board.

"Business establishment" means any proprietorship, firm, or corporation where people are employed, permitted, or suffered to work, including agricultural employment on a farm.

"Commission" means the Safety and Health Codes Board.

"Commissioner" means the Commissioner of Labor and Industry. Except where the context clearly indicates the contrary, any reference to "Commissioner" shall include his authorized representatives.

"Content" means audiovisual content shared on an online platform in exchange for compensation.

"Content creator" means an individual or individuals 18 years of age or older, including family members, who create video content performed in the Commonwealth in exchange for compensation, and includes any proprietorship, partnership, company, or other corporate entity assuming the name or identity of a particular individual or family for the purposes of the content creation. "Content creator" does not include a child who produces his own video content.

"Department" means the Department of Labor and Industry.

"Domestic service" means services related to the care of an individual in a private home or the maintenance of a private home or its premises, on a permanent or temporary basis, including services performed by individuals such as companions, cooks, waiters, butlers, maids, valets, and chauffeurs. "Domestic service" does not include work that is irregular, uncertain, or incidental in nature and duration.

"Employ" shall include to permit or suffer to work.

"Employee" means any person who, in consideration of wages, salaries, or commissions, may be permitted, required, or directed by any employer to engage in any employment directly or indirectly.

"Employer" means an individual, partnership, association, corporation, legal representative, receiver, trustee, or trustee in bankruptcy doing business in or operating within this Commonwealth who employs another to work for wages, salaries, or on commission and shall include any similar entity acting directly or indirectly in the interest of an employer in relation to an employee.

"Female" or "woman" means a female 18 years of age or over.

"Machinery" means machines, belts, pulleys, motors, engines, gears, vats, pits, elevators, conveyors, shafts, *or* tunnels, including machinery being operated on farms in connection with the production or harvesting of agricultural products.

"Online platform" means any public-facing website, web application, or digital application, including a mobile application. "Online platform" includes a social network, advertising network, mobile operating system, search engine, email service, or Internet access service.

§ 40.1-79.01. Exemptions from chapter generally.

A. Nothing in this chapter, except the provisions of ~~§§~~ *subsection A of §* 40.1-100 ~~A,~~ *and §§* 40.1-100.1, 40.1-100.2, and 40.1-103, shall apply to:

1. A child engaged in domestic work when such work is performed in connection with the child's own home and directly for his parent or a person standing in place of his parent;

2. A child employed in occasional work performed outside school hours where such work is in connection with the employer's home but not in connection with the employer's business, trade, or profession;

3. A child 12 or 13 years of age employed outside school hours on farms, in orchards, or in gardens with the consent of his parent or a person standing in place of his parent;

4. A child between the ages of 12 and 18 employed as a page or clerk for either the House of Delegates or the Senate of Virginia;

5. A child participating in the activities of a volunteer emergency medical services agency;

6. A child under 16 years of age employed by his parent in an occupation other than manufacturing; or

7. A child 12 years of age or older employed by an eleemosynary organization or unit of state or local government as a referee for sports programs sponsored by that eleemosynary, state, or local organization or by an organization of referees sponsored by an organization recognized by the United States Olympic Committee under 36 U.S.C. § 220522.

B. Nothing in this chapter, except §§ 40.1-100.1, 40.1-100.2, and 40.1-103, shall be construed to apply to a child employed by his parent or a person standing in place of his parent on farms, in orchards or in gardens owned or operated by such parent or person.

C. Nothing in this chapter, except subsection A of § 40.1-100 and §§ 40.1-100.1, 40.1-100.2, 40.1-103, and 40.1-109.2, shall apply to a child engaged in the work of content creation as described in § 40.1-109.1. For the purposes of this subsection, a child engaged in the work of content creation shall not be considered to be "employed, permitted, or suffered to work" in any setting described in subsection A of § 40.1-100 solely due to such child's presence in such setting, provided that:

1. Such child is not exposed to a hazard capable of causing serious physical harm or death to such child in violation of § 40.1-100.1;

2. Such child is under the direct supervision of an adult who ensures compliance with all applicable safety requirements; and

3. Such child's engagement in the work of content creation does not require direct interaction with hazardous equipment or conditions.

§ 40.1-80.1. Employment of children.

A. Except as provided in §§ 40.1-79.01, 40.1-88, 40.1-102, ~~and~~ 40.1-109*, 40.1-109.1, and 40.1-109.2*, no child under ~~sixteen~~ *16* years of age shall be employed, permitted, or suffered to work in, about, or in connection with any gainful occupation more than the number of hours per week or more than the number of hours per day or during the hours of the day that the Commissioner shall determine by regulations to be detrimental to the lives, health, safety, or welfare of children. These regulations shall incorporate the standards contained in regulations promulgated by the ~~United States~~ *U.S.* Secretary of Labor pursuant to the Fair Labor Standards Act (29 U.S.C. § 201 et seq.) concerning the number of hours per week, hours per day, and the hours of the day that children under the age of ~~sixteen~~ *16* may work in, about, or in connection with, any gainful occupation.

B. No child shall be employed or permitted to work for more than five hours continuously without an interval of at least ~~thirty~~ *30* minutes for a lunch period, and no period of less than ~~thirty~~ *30* minutes shall be deemed to interrupt a continuous period of work.

§ 40.1-109.1. Child engaged in the work of content creation; criteria.

A. A child under the age of 16 is considered engaged in the work of content creation when the following criteria are met at any time during the previous 12-month period:

1. At least 30 percent of the content creator's compensated video content produced within a 30-day period included the likeness, name, or photograph of the child. Content percentage is measured by the percentage of time the likeness, name, or photograph of the child or, if more than one child regularly appears in the creator's content, any of the children visually appears or is the subject of an oral narrative in a video segment as compared to the total length of the segment; and

2. The number of views received per video segment on any online platform met the online platform's threshold for the generation of compensation or the content creator received actual compensation for video content equal to or greater than $0.10 per view.

B. All content creators whose content features a child under the age of 16 engaged in the work of content creation shall maintain the following records and shall provide them to the child and the holder of the trust account required pursuant to § 40.1-109.2 on an ongoing basis:

1. The name and documentary proof of the age of the child engaged in the work of content creation;

2. The number of videos that generated compensation as described in subsection A during the reporting period;

3. The total number of minutes of the video content that the content creator received compensation for during the reporting period;

4. The total number of minutes each child was featured in video content during the reporting period;

5. The total compensation generated from video content featuring a child during the reporting period; and

6. The amount deposited into the trust account for the benefit of the child engaged in the work of content creation, as required by § 40.1-109.2.

C. If a content creator whose video content features a child under the age of 16 engaged in the work of content creation fails to maintain the records as provided in subsection B, the child, or his parent or guardian on behalf of such child, may commence a civil action to enforce the provisions of this section. No action shall be commenced under this section more than two years after the date on which the child engaged in the work of content creation attained 18 years of age.

§ 40.1-109.2. Child engaged in the work of content creation; trust account.

A. A child engaged in the work of content creation as described in subsection A of § 40.1-109.1 shall be compensated by the content creator. The content creator shall set aside gross earnings on the video content that includes the likeness, name, or photograph of the child in a trust account to be preserved for the benefit of the child upon attaining 18 years of age or having been declared emancipated, according to the following distribution:

1. Where only one child meets the content threshold described in § 40.1-109.1, the percentage of total gross earnings on any video segment including the likeness, name, or photograph of the child that is equal to or greater than half of the content percentage that includes the child as described in § 40.1-109.1; or

2. Where more than one child meets the content threshold described in § 40.1-109.1 and a video segment includes more than one of those children, the percentage described in subdivision 1 for all children in any segment shall be equally divided among the children, regardless of differences in percentage of content provided by the individual children.

B. A trust account required under this section shall provide, at a minimum, the following:

1. That the funds in the account shall be available only to the child engaged in the work of content creation;

2. That the account shall be held by a financial institution, corporate fiduciary, or trust company;

3. That the funds in the account shall become available to the child engaged in the work of content creation upon the child attaining the age of 18 years or when the child is declared emancipated; and

4. That the account meets the requirements of the Virginia Uniform Transfers to Minors Act (§ 64.2-1900 et seq.).

C. If a content creator knowingly or recklessly violates this section, a child engaged in the work of content creation as described in subsection A of § 40.1-109.1, or his parent or guardian on behalf of such child, may commence an action to enforce the provisions of this section regarding the trust account. The court may award, to a child who prevails in any action brought in accordance with this section, the following damages: (i) compensatory damages; (ii) punitive damages; and (iii) the costs of the action, including reasonable attorney fees and costs. No action shall be commenced under this section more than two years after the date on which the child engaged in the work of content creation attained 18 years of age.

D. This section does not affect any right or remedy available under any other provision of law.

E. Nothing in this section shall be construed to have any effect on a party that is neither the content creator nor the child engaged in the work of content creation.

CHAPTER 706

An Act to amend and reenact § 32.1-325 of the Code of Virginia, relating to Department of Medical Assistance Services; state plan for medical assistance services; postpartum doula care; report.

[S 1418]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or

irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over.

The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied

by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who provides health care services exclusively through telemedicine services shall not be required to maintain a physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid provider.

For the purposes of this subdivision, a telemedicine services provider group with health care providers duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to enroll as a Medicaid vendor or Medicaid provider group.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

31. A provision for the payment of medical assistance for targeted case management services for individuals with severe traumatic brain injury;

32. A provision for payment of medical assistance for the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; ~~and~~

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted

with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity*; and*

34. A provision for payment of medical assistance for postpartum doula care. Postpartum doula care covered under such provision shall include (i) emotional and physical support for the birthing individual and family during the postpartum period; (ii) assistance with infant care, breastfeeding, and safe sleeping practices; (iii) education on postpartum mental health and referrals to mental health resources as needed; (iv) guidance on physical recovery, nutrition, and self-care for the birthing individual; (v) connection to community resources and social support systems; and (vi) culturally appropriate and individualized care tailored to the birthing individual's needs. Such provision shall ensure that eligible individuals receive payment of medical assistance services for up to 10 doula visits, with up to four doula visits during pregnancy and up to six doula visits during the 12 months after the individual gives birth, with additional visits permitted if such visits are deemed medically necessary.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

2. That the Department of Medical Assistance Services shall report annually to the Governor and the General Assembly on the implementation and outcomes of this act. The report shall include (i) the number of postpartum individuals who utilized doula care services; (ii) analysis of the impact of doula care services on maternal and infant health outcomes; (iii) feedback from birthing individuals, families, and doula service providers; and

(iv) recommendations for improvement or expansion. The first report prepared pursuant to this act shall be submitted by December 31, 2026.

CHAPTER 707

An Act to amend and reenact § 56-585.5 of the Code of Virginia, relating to electric utilities; accelerated renewable energy buyers; zero-carbon electricity; energy storage resources.

[H 1821]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.5. Generation of electricity from renewable and zero carbon sources.

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § 56-585.1:11.

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § 56-576.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2045, except for biomass-fired electric generating units that do not co-fire with coal, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no

time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; (e) geothermal heating and cooling systems located in the Commonwealth; or (f) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105, or (2) are owned by a Phase I or Phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

1. The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2021	6%	2021	14%
2022	7%	2022	17%
2023	8%	2023	20%
2024	10%	2024	23%
2025	14%	2025	26%
2026	17%	2026	29%
2027	20%	2027	32%
2028	24%	2028	35%
2029	27%	2029	38%
2030	30%	2030	41%
2031	33%	2031	45%
2032	36%	2032	49%
2033	39%	2033	52%

2034	42%	2034	55%
2035	45%	2035	59%
2036	53%	2036	63%
2037	53%	2037	67%
2038	57%	2038	71%
2039	61%	2039	75%
2040	65%	2040	79%
2041	68%	2041	83%
2042	71%	2042	87%
2043	74%	2043	91%
2044	77%	2044	95%
2045	80%	2045 and thereafter	100%
2046	84%		
2047	88%		
2048	92%		
2049	96%		
2050 and thereafter	100%		

2. A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

3. Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

4. Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

5. Energy from a geothermal heating and cooling system is eligible for inclusion in meeting the requirements of the RPS Program. RECs from a geothermal heating and cooling system are created based on the amount of energy, converted from BTUs to kilowatt-hours, that is generated by a geothermal heating and cooling system for space heating and cooling or water heating. The Commission shall determine the form and manner in which such RECs are verified.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section; (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development; and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds $45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to $45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be $75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Energy. In administering this account, the Department of Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

For any project constructed pursuant to this subsection or subsection E, a utility shall, subject to a competitive procurement process, procure equipment from a Virginia-based or United States-based manufacturer using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, including any contract with a utility for such generation resources that does not allocate *the cost of such resources* to or recover *the cost of such resources* from any other ~~customer~~ *customers* of the utility ~~the cost of such resources~~ *that have not voluntarily agreed to pay such cost*. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis. *An accelerated renewable energy buyer may also contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain capacity from energy storage facilities located within the network service area of the Phase II Utility pursuant to this subsection, provided that the costs of such resources are not recovered from any of the utility's customers who have not voluntarily agreed to pay for such costs. Such accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS Program compliance costs specifically associated with energy storage facilities pursuant to this subsection in proportion to the customer's total capacity demand on an annual basis.* An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources *or energy storage facilities* pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. In any petition by a Phase I or Phase II Utility for a certificate of public convenience and necessity to construct and operate an electrical generating facility that generates electric energy derived from sunlight submitted pursuant to § 56-580, such utility shall demonstrate that the proposed facility was subject to competitive procurement or solicitation as set forth in subdivision D 3.

J. Notwithstanding any contrary provision of law, for the purposes of this section, any falling water generation facility located in the Commonwealth and commencing commercial operations prior to July 1, 2024, shall be considered a renewable energy portfolio standard (RPS) eligible source.

K. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

L. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

2. That the State Corporation Commission shall promulgate any rules or regulations necessary to ensure that accelerated renewable energy buyers receive fair credit for any energy storage resources procured pursuant to subsection G of § 56-585.5 of the Code of Virginia, as amended by this act, which credit shall be based on capacity provided rather than energy consumed and shall consider the effective load-carrying capacity provided by such resources.

3. That the State Corporation Commission shall ensure that any distribution and transmission costs associated with new energy generation resources procured pursuant to subsection G of § 56-585.5 of the Code of Virginia, as amended by this act, are justly and reasonably allocated.

CHAPTER 708

An Act to amend and reenact § 56-585.5 of the Code of Virginia, relating to electric utilities; generation of electricity from renewable and zero carbon sources; projects on or adjacent to public elementary or secondary schools.

[H 1934]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.5. Generation of electricity from renewable and zero-carbon sources.

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § 56-585.1:11.

"Elementary or secondary" has the same meaning as provided in § 22.1-1.

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § 56-576.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2045, except for biomass-fired electric generating units that do not co-fire with coal, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; (e) geothermal heating and cooling systems located in the Commonwealth; or (f) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105, or (2) are owned by a Phase I or Phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State

Forester pursuant to § 10.1-1105. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

1. The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2021	6%	2021	14%
2022	7%	2022	17%
2023	8%	2023	20%
2024	10%	2024	23%
2025	14%	2025	26%
2026	17%	2026	29%
2027	20%	2027	32%
2028	24%	2028	35%
2029	27%	2029	38%
2030	30%	2030	41%
2031	33%	2031	45%
2032	36%	2032	49%
2033	39%	2033	52%
2034	42%	2034	55%
2035	45%	2035	59%
2036	53%	2036	63%
2037	53%	2037	67%
2038	57%	2038	71%
2039	61%	2039	75%
2040	65%	2040	79%
2041	68%	2041	83%
2042	71%	2042	87%
2043	74%	2043	91%
2044	77%	2044	95%
2045	80%	2045 and thereafter	100%
2046	84%		
2047	88%		
2048	92%		
2049	96%		
2050 and thereafter	100%		

2. A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed

of low-income qualifying projects. *To the extent that low-income qualifying projects are not available and projects located on or adjacent to public elementary or secondary schools are available, the remainder of no less than 25 percent of such one percent shall be composed of projects located on or adjacent to public elementary or secondary schools. A project located on or adjacent to a public elementary or secondary school shall have a contractual relationship with such school in order to qualify for the provisions of this section.*

3. Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

4. Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

5. Energy from a geothermal heating and cooling system is eligible for inclusion in meeting the requirements of the RPS Program. RECs from a geothermal heating and cooling system are created based on the amount of energy, converted from BTUs to kilowatt-hours, that is generated by a geothermal heating and cooling system for space heating and cooling or water heating. The Commission shall determine the form and manner in which such RECs are verified.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an

aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any

associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section; (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development; and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds $45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to $45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be $75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Energy. In administering this account, the Department of Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

For any project constructed pursuant to this subsection or subsection E, a utility shall, subject to a competitive procurement process, procure equipment from a Virginia-based or United States-based manufacturer using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the

utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, including any contract with a utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis. An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. In any petition by a Phase I or Phase II Utility for a certificate of public convenience and necessity to construct and operate an electrical generating facility that generates electric energy derived from sunlight submitted pursuant to § 56-580, such utility shall demonstrate that the proposed facility was subject to competitive procurement or solicitation as set forth in subdivision D 3.

J. Notwithstanding any contrary provision of law, for the purposes of this section, any falling water generation facility located in the Commonwealth and commencing commercial operations prior to July 1, 2024, shall be considered a renewable energy portfolio standard (RPS) eligible source.

K. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

L. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

CHAPTER 709

An Act to direct certain electric utilities to petition the State Corporation Commission for approval to conduct a virtual power plant pilot program.

[H 2346]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That no later than December 1, 2025, each Phase II Utility shall petition the State Corporation Commission (the Commission) for approval to conduct a pilot program to evaluate methods to optimize demand through various technology applications including the establishment of virtual power plants. Such pilot program shall evaluate electric grid capacity needs and the ability of such virtual power plants to provide grid services, including peak-shaving, during times of peak electric demand. Such pilot program shall consist of aggregations of distributed energy resources totaling up to 450 megawatts for a Phase II Utility and shall include distributed energy resources located in multiple geographic regions of the Commonwealth. An electric utility may utilize any existing or proposed distributed energy programs as part of the pilot program and to further the development of virtual power plants in the Commonwealth. An electric utility that petitions the Commission for such pilot program shall demonstrate that the utility has evaluated funding opportunities from the U.S. Department of Energy. In furthering the goals of such pilot program, the electric utility shall (i) propose programs of at least 15 megawatts incentivizing residential customers to purchase battery storage devices and (ii) notwithstanding the provisions of § 56-585.1:13 of the Code of Virginia, propose a broader electric school bus program as part of a grid transformation filing no later than December 31, 2027, and the Commission may require competitive solicitation open to utility-owned and non-utility-owned resources. The electric utility shall not own the electric school buses as a part of its proposed program, but such electric utility may own the related storage batteries. The electric utility shall only use the bus storage batteries to access the stored electricity at times when the participating school system determines that the electric school buses are not needed to transport students.*

In conducting such pilot program, the electric utility shall evaluate methods to holistically optimize demand, including: a stakeholder process to receive feedback on program design; a review of reasonable enrollment and performance incentives for participating customers; potential incentives for the purchase of a battery storage device, including increased incentives for customers in historically economically disadvantaged communities; operational parameters for grid services, including the annual maximum number of grid events, the maximum duration of such grid events, and conditions under which a participating customer may opt out of a grid event; reasonable mechanisms to disenroll customers for nonperformance; and preliminary development of a program tariff that is designed to (a) allow customers with technologies, including battery storage, non-battery storage, smart thermostat, or managed electric vehicle charging technologies, to enroll their eligible technologies in the pilot program; (b) provide a mechanism to incorporate existing programs, including smart thermostat demand response, electric vehicle charging programs, and battery storage programs, into such tariff; (c) specify compensable grid services for each eligible technology, including peak demand reduction, voltage support, and emergency services; and (d) specify pay-for-performance compensation mechanisms for such grid services.

No later than November 15, 2026, the electric utility shall petition the Commission for a program tariff or variations of a tariff structure through which residential and commercial and industrial customers may enroll, either directly or through an aggregator.

Each pilot program shall conclude its initial phase by July 1, 2028, at which time the Commission shall undertake a review of the data and results of the pilot programs and shall evaluate the effectiveness of the pilot programs in providing grid services during times of peak demand. In addition, the Commission shall consider lessons learned from the programs in relation to implementation of Federal Energy Regulatory Commission Order No. 2222 by PJM Interconnection and the complementary role of virtual power plants in the retail electricity market in the Commonwealth. As part of its evaluation, the Commission shall initiate a proceeding to establish a permanent program for the electric utility, which shall include procurement targets applicable to the electric utility for each such permanent program with corresponding performance metrics associated with either achievement of such targets or failure to achieve such targets.

As used in this act:

"Aggregator" means an individual or entity, other than the electric utility, that enrolls customers in the pilot program and coordinates the operation of enrolled energy resources. An aggregator shall not be considered an electric utility by virtue of participating in the pilot program but shall be given nondiscriminatory access to necessary customer and grid data from the utility to participate in the pilot program.

"Distributed energy resource" means a resource of up to five megawatts that is located on the customer's premises or is interconnected with the distribution system and produces or stores electricity or modifies the timing or amount of a customer's electricity consumption.

"Electric utility" means a Phase II Utility as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia.

"Eligible technology" means a distributed energy resource that meets the requirements for participation in the pilot program and does not emit carbon dioxide as a byproduct of combusting fuel or manufacturing fuel for combustion to generate electricity.

"Grid event" means a grid condition for which the electric utility schedules or remotely dispatches enrolled devices to respond.

"Grid service" means a capacity, energy, or ancillary service that supports grid operations.

"Historically economically disadvantaged community" has the same meaning as provided in § 56-576 of the Code of Virginia.

"Virtual power plant" means an aggregation of distributed energy resources, enrolled either directly with an electric utility or indirectly through an aggregator, that are operated in coordination to provide one or more grid services.

CHAPTER 710

An Act to amend and reenact § 10.1-1197.5 of the Code of Virginia, relating to small renewable energy projects; permit by rule.

[H 2426]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 10.1-1197.5 of the Code of Virginia is amended and reenacted as follows:

§ 10.1-1197.5. Definitions.

As used in this article:

"Energy storage facility" means energy storage equipment or technology that is capable of absorbing energy, storing such energy for a period of time, and redelivering energy after it has been stored.

"Interconnection facilities" means generation tie lines, collector lines, substations, switching stations, and any other component required to connect an electrical generation facility with the electrical grid.

"Small renewable energy project" means (i) an electrical generation facility with a rated capacity not exceeding 150 megawatts that generates electricity only from sunlight or wind *and its dedicated associated interconnection facilities*; (ii) an electrical generation facility with a rated capacity not exceeding 100 megawatts that generates electricity only from falling water, wave motion, tides, or geothermal power *and its dedicated associated interconnection facilities*; (iii) an electrical generation facility with a rated capacity not exceeding 20 megawatts that generates electricity only from biomass, energy from waste, or municipal solid waste *and its dedicated associated interconnection facilities*; (iv) an energy storage facility that uses electrochemical cells to convert chemical energy with a rated capacity not exceeding 150 megawatts *and its dedicated* associated *interconnection facilities*; or (v) a hybrid project composed of an electrical generation facility that meets the parameters established in clause (i), (ii), or (iii) and an energy storage facility that meets the parameters established in clause (iv).

2. That the Department of Environmental Quality and the State Corporation Commission shall enter into a memorandum of understanding to implement the provisions of this act.

3. That the provisions of this act shall become effective on July 1, 2026.

CHAPTER 711

An Act to amend and reenact § 58.1-2900 of the Code of Virginia, relating to electricity consumption tax; rate adjustments.

[H 2663]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-2900 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-2900. Imposition of tax.

A. Effective January 1, 2001, there is hereby imposed, in addition to the local consumer utility tax of Article 4 (§ 58.1-3812 et seq.) of Chapter 38 and subject to the adjustments authorized by subdivision A 5 and by § 58.1-2902, a tax on the consumers of electricity in the Commonwealth based on kilowatt hours delivered by the incumbent distribution utility and used per month as follows:

1. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month not in excess of 2,500 kWh at the rate of $0.001595 per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00102/kWh	$0.000195/kWh	$0.00038/kWh

2. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month in excess of 2,500 kWh but not in excess of 50,000 kWh at the rate of ~~$0.00102~~ *$0.001085* per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00065/kWh	~~$0.00013/kWh~~ *$0.000195/kWh*	$0.00024/kWh

3. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month in excess of 50,000 kWh at the rate of ~~$0.000771~~ *$0.000875* per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00050/kWh	~~$0.000091/kWh~~ *$0.000195/kWh*	$0.00018/kWh

4. The tax rates set forth in subdivisions 1, 2, and 3 are in lieu of and replace the state gross receipts tax (§ 58.1-2626), the special regulatory revenue tax (§ 58.1-2660), and the local license tax (§ 58.1-3731) levied on corporations furnishing heat, light or power by means of electricity.

5. The tax on consumers under this section shall not be imposed on consumers served by an electric utility owned or operated by a municipality if such municipal electric utility elects to have an amount equivalent to the tax added on the bill such utility (or an association or agency of which it is a member) pays for bundled or unbundled transmission service as a separate item. Such amount, equivalent to the tax, shall be calculated under the tax rate schedule as if the municipal electric utility were selling and collecting the tax from its consumers, adjusted to exclude the amount which represents the local consumption tax if the locality in which a consumer is located does not impose a license fee rate pursuant to § 58.1-3731, and shall be remitted to the Commission pursuant to § 58.1-2901. Municipal electric utilities may bundle the tax in the rates charged to their retail customers. Notwithstanding anything contained herein to the contrary, the election permitted under this subdivision shall not be exercised by any municipal electric utility if the entity to whom the municipal electric utility (or an association or agency of which it is a member) pays for transmission service is not subject to the taxing jurisdiction of the Commonwealth, unless such entity agrees to remit to the Commonwealth all amounts equivalent to the tax pursuant to § 58.1-2901.

6. The tax on consumers set forth in subdivisions 1, 2, and 3 shall only be imposed in accordance with this subdivision on consumers of electricity purchased from a utility consumer services cooperative to the extent that such cooperative purchases, for the purpose of resale within the Commonwealth, electricity from a federal entity that made payments in accordance with federal law (i) in lieu of taxes during such taxable period to the Commonwealth and (ii) on the basis of such federal entity's gross proceeds resulting from the sale of such electricity. Such tax shall instead be calculated by deducting from each of the respective tax amounts calculated in accordance with subdivisions 1, 2, and 3 an amount equal to the calculated tax amount multiplied by the ratio of the total cost of power supplied by the federal entity, including facilities rental, during the taxable period to the utility consumer services cooperative's total operating revenue within the Commonwealth during the taxable period. The State Corporation Commission may audit the records and books of any utility consumer services cooperative that determines the tax on consumers in accordance with this subdivision to verify that the tax imposed has been correctly determined and properly remitted.

B. The tax authorized by this chapter shall not apply to municipalities' own use or to use by divisions or agencies of federal, state and local governments.

C. For purposes of this section, "kilowatt hours delivered" means in the case of eligible customer-generators, as defined in § 56-594, those kilowatt hours supplied from the electric grid to such customer-generators, minus the kilowatt hours generated and fed back to the electric grid by such customer-generators.

CHAPTER 712

An Act to direct certain electric utilities to petition the State Corporation Commission for approval to conduct a virtual power plant pilot program.

[S 1100]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That no later than December 1, 2025, each Phase II Utility shall petition the State Corporation Commission (the Commission) for approval to conduct a pilot program to evaluate methods to optimize demand through various technology applications including the establishment of virtual power plants. Such pilot program shall evaluate electric grid capacity needs and the ability of such virtual power plants to provide grid services, including peak-shaving, during times of peak electric demand. Such pilot program shall consist of aggregations of distributed energy resources totaling up to 450 megawatts for a Phase II Utility and shall include distributed energy resources located in multiple geographic regions*

of the Commonwealth. An electric utility may utilize any existing or proposed distributed energy programs as part of the pilot program and to further the development of virtual power plants in the Commonwealth. An electric utility that petitions the Commission for such pilot program shall demonstrate that the utility has evaluated funding opportunities from the U.S. Department of Energy. In furthering the goals of such pilot program, the electric utility shall (i) propose programs of at least 15 megawatts incentivizing residential customers to purchase battery storage devices and (ii) notwithstanding the provisions of § 56-585.1:13 of the Code of Virginia, propose a broader electric school bus program as part of a grid transformation filing no later than December 31, 2027, and the Commission may require competitive solicitation open to utility-owned and non-utility-owned resources. The electric utility shall not own the electric school buses as a part of its proposed program, but such electric utility may own the related storage batteries. The electric utility shall only use the bus storage batteries to access the stored electricity at times when the participating school system determines that the electric school buses are not needed to transport students.

In conducting such pilot program, the electric utility shall evaluate methods to holistically optimize demand, including: a stakeholder process to receive feedback on program design; a review of reasonable enrollment and performance incentives for participating customers; potential incentives for the purchase of a battery storage device, including increased incentives for customers in historically economically disadvantaged communities; operational parameters for grid services, including the annual maximum number of grid events, the maximum duration of such grid events, and conditions under which a participating customer may opt out of a grid event; reasonable mechanisms to disenroll customers for nonperformance; and preliminary development of a program tariff that is designed to (a) allow customers with technologies, including battery storage, non-battery storage, smart thermostat, or managed electric vehicle charging technologies, to enroll their eligible technologies in the pilot program; (b) provide a mechanism to incorporate existing programs, including smart thermostat demand response, electric vehicle charging programs, and battery storage programs, into such tariff; (c) specify compensable grid services for each eligible technology, including peak demand reduction, voltage support, and emergency services; and (d) specify pay-for-performance compensation mechanisms for such grid services.

No later than November 15, 2026, the electric utility shall petition the Commission for a program tariff or variations of a tariff structure through which residential and commercial and industrial customers may enroll, either directly or through an aggregator.

Each pilot program shall conclude its initial phase by July 1, 2028, at which time the Commission shall undertake a review of the data and results of the pilot programs and shall evaluate the effectiveness of the pilot programs in providing grid services during times of peak demand. In addition, the Commission shall consider lessons learned from the programs in relation to implementation of Federal Energy Regulatory Commission Order No. 2222 by PJM Interconnection and the complementary role of virtual power plants in the retail electricity market in the Commonwealth. As part of its evaluation, the Commission shall initiate a proceeding to establish a permanent program for the electric utility, which shall include procurement targets applicable to the electric utility for each such permanent program with corresponding performance metrics associated with either achievement of such targets or failure to achieve such targets.

As used in this act:

"Aggregator" means an individual or entity, other than the electric utility, that enrolls customers in the pilot program and coordinates the operation of enrolled energy resources. An aggregator shall not be considered an electric utility by virtue of participating in the pilot program but shall be given nondiscriminatory access to necessary customer and grid data from the utility to participate in the pilot program.

"Distributed energy resource" means a resource of up to five megawatts that is located on the customer's premises or is interconnected with the distribution system and produces or stores electricity or modifies the timing or amount of a customer's electricity consumption.

"Electric utility" means a Phase II Utility as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia.

"Eligible technology" means a distributed energy resource that meets the requirements for participation in the pilot program and does not emit carbon dioxide as a byproduct of combusting fuel or manufacturing fuel for combustion to generate electricity.

"Grid event" means a grid condition for which the electric utility schedules or remotely dispatches enrolled devices to respond.

"Grid service" means a capacity, energy, or ancillary service that supports grid operations.

"Historically economically disadvantaged community" has the same meaning as provided in § 56-576 of the Code of Virginia.

"Virtual power plant" means an aggregation of distributed energy resources, enrolled either directly with an electric utility or indirectly through an aggregator, that are operated in coordination to provide one or more grid services.

CHAPTER 713

An Act to amend and reenact § 56-585.5 of the Code of Virginia, relating to electric utilities; generation of electricity from renewable and zero carbon sources; projects on or adjacent to public elementary or secondary schools.

[S 1192]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.5. Generation of electricity from renewable and zero-carbon sources.

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § 56-585.1:11.

"Elementary or secondary" has the same meaning as provided in § 22.1-1.

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § 56-576.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2045, except for biomass-fired electric generating units that do not co-fire with coal, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a

contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; (e) geothermal heating and cooling systems located in the Commonwealth; or (f) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105, or (2) are owned by a Phase I or Phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

1. The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2021	6%	2021	14%
2022	7%	2022	17%
2023	8%	2023	20%
2024	10%	2024	23%
2025	14%	2025	26%
2026	17%	2026	29%
2027	20%	2027	32%
2028	24%	2028	35%
2029	27%	2029	38%
2030	30%	2030	41%
2031	33%	2031	45%
2032	36%	2032	49%
2033	39%	2033	52%
2034	42%	2034	55%
2035	45%	2035	59%
2036	53%	2036	63%
2037	53%	2037	67%
2038	57%	2038	71%
2039	61%	2039	75%
2040	65%	2040	79%

2041	68%	2041	83%
2042	71%	2042	87%
2043	74%	2043	91%
2044	77%	2044	95%
2045	80%	2045 and thereafter	100%
2046	84%		
2047	88%		
2048	92%		
2049	96%		
2050 and thereafter	100%		

2. A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects. *To the extent that low-income qualifying projects are not available and projects located on or adjacent to public elementary or secondary schools are available, the remainder of no less than 25 percent of such one percent shall be composed of projects located on or adjacent to public elementary or secondary schools. A project located on or adjacent to a public elementary or secondary school shall have a contractual relationship with such school in order to qualify for the provisions of this section.*

3. Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

4. Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

5. Energy from a geothermal heating and cooling system is eligible for inclusion in meeting the requirements of the RPS Program. RECs from a geothermal heating and cooling system are created based on the amount of energy, converted from BTUs to kilowatt-hours, that is generated by a geothermal heating and cooling system for space heating and cooling or water heating. The Commission shall determine the form and manner in which such RECs are verified.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation

process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section; (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development; and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds $45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to $45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be $75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Energy. In administering this account, the Department of Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

For any project constructed pursuant to this subsection or subsection E, a utility shall, subject to a competitive procurement process, procure equipment from a Virginia-based or United States-based manufacturer using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms

to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, including any contract with a utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis. An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a

competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. In any petition by a Phase I or Phase II Utility for a certificate of public convenience and necessity to construct and operate an electrical generating facility that generates electric energy derived from sunlight submitted pursuant to § 56-580, such utility shall demonstrate that the proposed facility was subject to competitive procurement or solicitation as set forth in subdivision D 3.

J. Notwithstanding any contrary provision of law, for the purposes of this section, any falling water generation facility located in the Commonwealth and commencing commercial operations prior to July 1, 2024, shall be considered a renewable energy portfolio standard (RPS) eligible source.

K. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

L. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

CHAPTER 714

An Act to amend and reenact §§ 56-576 and 56-585.5 of the Code of Virginia, relating to renewable energy portfolio standard eligible sources; geothermal electric generating resources.

[S 1316]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-576 and 56-585.5 of the Code of Virginia are amended and reenacted as follows:

§ 56-576. Definitions.

As used in this chapter:

"Affiliate" means any person that controls, is controlled by, or is under common control with an electric utility.

"Aggregator" means a person that, as an agent or intermediary, (i) offers to purchase, or purchases, electric energy or (ii) offers to arrange for, or arranges for, the purchase of electric energy, for sale to, or on behalf of, two or more retail customers not controlled by or under common control with such person. The following activities shall not, in and of themselves, make a person an aggregator under this chapter: (i) furnishing legal services to two or more retail customers, suppliers or aggregators; (ii) furnishing educational, informational, or analytical services to two or more retail customers, unless direct or indirect compensation for such services is paid by an aggregator or supplier of electric energy; (iii) furnishing educational, informational, or analytical services to two or more suppliers or aggregators; (iv) providing default service under § 56-585; (v) engaging in activities of a retail electric energy supplier, licensed pursuant to § 56-587, which are authorized by such supplier's license; and (vi) engaging in actions of a retail customer, in common with one or more other such retail customers, to issue a request for proposal or to negotiate a purchase of electric energy for consumption by such retail customers.

"Business park" means a land development containing a minimum of 100 contiguous acres classified as a Tier 4 site under the Virginia Economic Development Partnership's Business Ready Sites Program that is developed and constructed by a locality, an industrial development authority, or a similar political subdivision of the Commonwealth created pursuant to § 15.2-4903 or other act of the General Assembly, in order to promote business development.

"Combined heat and power" means a method of using waste heat from electrical generation to offset traditional processes, space heating, air conditioning, or refrigeration.

"Commission" means the State Corporation Commission.

"Community in which a majority of the population are people of color" means a U.S. Census tract where more than 50 percent of the population comprises individuals who identify as belonging to one or more of the following groups: Black, African American, Asian, Pacific Islander, Native American, other non-white race, mixed race, Hispanic, Latino, or linguistically isolated.

"Cooperative" means a utility formed under or subject to Chapter 9.1 (§ 56-231.15 et seq.).

"Covered entity" means a provider in the Commonwealth of an electric service not subject to competition but does not include default service providers.

"Covered transaction" means an acquisition, merger, or consolidation of, or other transaction involving stock, securities, voting interests or assets by which one or more persons obtains control of a covered entity.

"Curtailment" means inducing retail customers to reduce load during times of peak demand so as to ease the burden on the electrical grid.

"Customer choice" means the opportunity for a retail customer in the Commonwealth to purchase electric energy from any supplier licensed and seeking to sell electric energy to that customer.

"Demand response" means measures aimed at shifting time of use of electricity from peak-use periods to times of lower demand by inducing retail customers to curtail electricity usage during periods of congestion and higher prices in the electrical grid.

"Distribute," "distributing," or "distribution of" electric energy means the transfer of electric energy through a retail distribution system to a retail customer.

"Distributor" means a person owning, controlling, or operating a retail distribution system to provide electric energy directly to retail customers.

"Electric distribution grid transformation project" means a project associated with electric distribution infrastructure, including related data analytics equipment, that is designed to accommodate or facilitate the integration of utility-owned or customer-owned renewable electric generation resources with the utility's electric distribution grid or to otherwise enhance electric distribution grid reliability, electric distribution grid security, customer service, or energy efficiency and conservation, including advanced metering infrastructure; intelligent grid devices for real time system and asset information; automated control systems for electric distribution circuits and substations; communications networks for service meters; intelligent grid devices and other distribution equipment; distribution system hardening projects for circuits, other than the conversion of overhead tap lines to underground service, and substations designed to reduce service outages or service restoration times; physical security measures at key distribution substations; cyber security measures; energy storage systems and microgrids that support circuit-level grid stability, power quality, reliability, or resiliency or provide temporary backup energy supply; electrical facilities and infrastructure necessary to support electric vehicle charging systems; LED street light conversions; and new customer information platforms designed to provide improved customer access, greater service options, and expanded access to energy usage information.

"Electric utility" means any person that generates, transmits, or distributes electric energy for use by retail customers in the Commonwealth, including any investor-owned electric utility, cooperative electric utility, or electric utility owned or operated by a municipality.

"Electrification" means measures that (i) electrify space heating, water heating, cooling, drying, cooking, industrial processes, and other building and industrial end uses that would otherwise be served by onsite, nonelectric fuels, provided that the electrification measures reduce site energy consumption; (ii) to the maximum extent practical, seek to combine with federally authorized customer rebates for heat pump technology; and (iii) for those measures that provide measurable and verifiable energy savings to low-income customers or elderly customers, to the maximum extent practical, seek to combine with either contemporaneously installed measures or previously installed measures that are or were provided under federally funded weatherization programs or state-provided, locality-provided, or utility-provided energy efficiency programs.

"Energy efficiency program" means a program that reduces the total amount of energy that is required for the same process or activity implemented after the expiration of capped rates but does not include electrification of any process or activity primarily fueled by natural gas. Energy efficiency programs include equipment, physical, or program change designed to produce measured and verified reductions in the amount of site energy required to perform the same function and produce the same or a similar outcome. Energy efficiency programs may include (i) electrification; (ii) programs that result in improvements in lighting design, heating, ventilation, and air conditioning systems, appliances, building envelopes, and industrial and commercial processes; (iii) measures, such as the installation of advanced meters, implemented or installed by utilities, that reduce fuel use or losses of electricity and otherwise improve internal operating efficiency in generation, transmission, and distribution systems; and (iv) customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices. Energy efficiency programs include demand response, combined heat and power and waste heat recovery, curtailment, or other programs that are designed to reduce site energy consumption so long as they reduce the total amount of site energy that is required for the same process or activity. Utilities shall be authorized to install and operate such advanced metering technology and equipment on a customer's premises; however, nothing in this chapter establishes a requirement that an energy efficiency program be implemented on a customer's premises and be connected to a customer's wiring on the customer's side of the inter-connection without the customer's expressed consent. Electricity consumption increases that result from Commission-approved electrification measures shall not be considered as a reduction in energy savings under the energy savings requirements set forth in subsection B of § 56-596.2. Utilities may apply verified total site energy reductions that are attributable to Commission-approved electrification measures to the energy savings requirements set forth in subsection B of § 56-596.2, subject to a conversion of British thermal unit-based energy savings to an equivalent kilowatt-hour-based energy savings, which conversion shall be subject to Commission approval.

"Generate," "generating," or "generation of" electric energy means the production of electric energy.

"Generator" means a person owning, controlling, or operating a facility that produces electric energy for sale.

"Geothermal electric generating resource" means an electric generating unit that is powered by geothermal energy as defined in § 45.2-2000.

"Geothermal heating and cooling system" means a system that:

1. Exchanges thermal energy from groundwater or a shallow ground source to generate thermal energy through an electric geothermal heat pump or a system of electric geothermal heat pumps interconnected with any geothermal extraction facility that is (i) a closed loop or a series of closed loop systems in which fluid is permanently confined within a pipe or tubing and does not come in contact with the outside environment or (ii) an open loop system in which ground or surface water is circulated in an environmentally safe manner directly into the facility and returned to the same aquifer or surface water source;

2. Meets or exceeds the current federal Energy Star product specification standards;

3. Replaces or displaces less efficient space or water heating systems, regardless of fuel type;

4. Replaces or displaces less efficient space cooling systems that do not meet federal Energy Star product specification standards; and

5. Does not feed electricity back to the grid.

"Historically economically disadvantaged community" means (i) a community in which a majority of the population are people of color or (ii) a low-income geographic area.

"Incremental annual savings" means the total combined kilowatt-hour savings achieved by electric utility energy efficiency and demand response programs and measures in the program year in which they are installed.

"Incumbent electric utility" means each electric utility in the Commonwealth that, prior to July 1, 1999, supplied electric energy to retail customers located in an exclusive service territory established by the Commission.

"Independent system operator" means a person that may receive or has received, by transfer pursuant to this chapter, any ownership or control of, or any responsibility to operate, all or part of the transmission systems in the Commonwealth.

"In the public interest," for purposes of assessing energy efficiency programs prior to the 2029 program year, describes an energy efficiency program if the Commission determines that the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the following four tests: (i) the Total Resource Cost Test; (ii) the Utility Cost Test (also referred to as the Program Administrator Test); (iii) the Participant Test; and (iv) the Ratepayer Impact Measure Test. Such determination shall include an analysis of all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. For programs proposed for the 2029 program year and all subsequent years, the Commission shall establish targets pursuant to subdivision B 4 of § 56-596.2, and a program shall be approved if the Commission determines it is cost-effective pursuant to applicable Commission regulations and that the net present value of the benefits exceeds the net present value of the costs as determined by the Total Resource Cost Test. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. An order by the Commission (a) finding that a program or portfolio of programs is not in the public interest or (b) reducing the proposed budget for any program or portfolio of programs shall adhere to existing protocols for extraordinarily sensitive information. In addition, an energy efficiency program may be deemed to be "in the public interest" if the program (1) provides measurable and verifiable energy savings to low-income customers or elderly customers or (2) is a pilot program of limited scope, cost, and duration, that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

"Low-income geographic area" means any locality, or community within a locality, that has a median household income that is not greater than 80 percent of the local median household income, or any area in the Commonwealth designated as a qualified opportunity zone by the U.S. Secretary of the Treasury via his delegation of authority to the Internal Revenue Service.

"Low-income utility customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Measured and verified" means a process determined pursuant to methods accepted for use by utilities and industries to measure, verify, and validate energy savings and peak demand savings. This may include the protocol established by the United States Department of Energy, Office of Federal Energy Management Programs, Measurement and Verification Guidance for Federal Energy Projects, measurement and verification standards developed by the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE), or engineering-based estimates of energy and demand savings associated with specific energy efficiency measures, as determined by the Commission.

"Municipality" means a city, county, town, authority, or other political subdivision of the Commonwealth.

"New underground facilities" means facilities to provide underground distribution service. "New underground facilities" includes underground cables with voltages of 69 kilovolts or less, pad-mounted devices, connections at customer meters, and transition terminations from existing overhead distribution sources.

"Peak-shaving" means measures aimed solely at shifting time of use of electricity from peak-use periods to times of lower demand by inducing retail customers to curtail electricity usage during periods of congestion and higher prices in the electrical grid.

"Percentage of Income Payment Program (PIPP) eligible utility customer" means any person or household whose income does not exceed 150 percent of the federal poverty level.

"Person" means any individual, corporation, partnership, association, company, business, trust, joint venture, or other private legal entity, and the Commonwealth or any municipality.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, non-agricultural, or non-silvicultural use, regardless of whether such property currently is being used for any purpose.

"Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy

or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Qualified waste heat resource" means (i) exhaust heat or flared gas from an industrial process that does not have, as its primary purpose, the production of electricity and (ii) a pressure drop in any gas for an industrial or commercial process.

"Renewable energy" means energy derived from sunlight, wind, falling water, biomass, sustainable or otherwise, (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, geothermal heating and cooling systems, and geothermal ~~power~~ *electric generating resources* and does not include energy derived from coal, oil, natural gas, or nuclear power. "Renewable energy" also includes the proportion of the thermal or electric energy from a facility that results from the co-firing of biomass. "Renewable energy" does not include waste heat from fossil-fired facilities or electricity generated from pumped storage but includes run-of-river generation from a combined pumped-storage and run-of-river facility.

"Renewable thermal energy" means the thermal energy output from (i) a renewable-fueled combined heat and power generation facility that is (a) constructed, or renovated and improved, after January 1, 2012, (b) located in the Commonwealth, and (c) utilized in industrial processes other than the combined heat and power generation facility or (ii) a solar energy system, certified to the OG-100 standard of the Solar Ratings and Certification Corporation or an equivalent certification body, that (a) is constructed, or renovated and improved, after January 1, 2013, (b) is located in the Commonwealth, and (c) heats water or air for residential, commercial, institutional, or industrial purposes.

"Renewable thermal energy equivalent" means the electrical equivalent in megawatt hours of renewable thermal energy calculated by dividing (i) the heat content, measured in British thermal units (BTUs), of the renewable thermal energy at the point of transfer to a residential, commercial, institutional, or industrial process by (ii) the standard conversion factor of 3.413 million BTUs per megawatt hour.

"Renovated and improved facility" means a facility the components of which have been upgraded to enhance its operating efficiency.

"Retail customer" means any person that purchases retail electric energy for its own consumption at one or more metering points or nonmetered points of delivery located in the Commonwealth.

"Retail electric energy" means electric energy sold for ultimate consumption to a retail customer.

"Revenue reductions related to energy efficiency programs" means reductions in the collection of total non-fuel revenues, previously authorized by the Commission to be recovered from customers by a utility, that occur due to measured and verified decreased consumption of electricity caused by energy efficiency programs approved by the Commission and implemented by the utility, less the amount by which such non-fuel reductions in total revenues have been mitigated through other program-related factors, including reductions in variable operating expenses.

"Rooftop solar installation" means a distributed electric generation facility, storage facility, or generation and storage facility utilizing energy derived from sunlight, with a rated capacity of not less than 50 kilowatts, that is installed on the roof structure of an incumbent electric utility's commercial or industrial class customer, including host sites on commercial buildings, multifamily residential buildings, school or university buildings, and buildings of a church or religious body.

"Solar energy system" means a system of components that produces heat or electricity, or both, from sunlight.

"Supplier" means any generator, distributor, aggregator, broker, marketer, or other person who offers to sell or sells electric energy to retail customers and is licensed by the Commission to do so, but it does not mean a generator that produces electric energy exclusively for its own consumption or the consumption of an affiliate.

"Supply" or "supplying" electric energy means the sale of or the offer to sell electric energy to a retail customer.

"Total annual energy savings" means (i) the total combined kilowatt-hour savings achieved by electric utility energy efficiency and demand response programs and measures installed in that program year, as well as savings still being achieved by measures and programs implemented in prior years, or (ii) savings attributable to newly installed combined heat and power facilities, including waste heat-to-power facilities, and any associated reduction in transmission line losses, provided that biomass is not a fuel and the total efficiency, including the use of thermal energy, for eligible combined heat and power facilitates must meet or exceed 65 percent and have a nameplate capacity rating of less than 25 megawatts.

"Transmission of," "transmit," or "transmitting" electric energy means the transfer of electric energy through the Commonwealth's interconnected transmission grid from a generator to either a distributor or a retail customer.

"Transmission system" means those facilities and equipment that are required to provide for the transmission of electric energy.

"Waste heat to power" means a system that generates electricity through the recovery of a qualified waste heat resource.

§ 56-585.5. Generation of electricity from renewable and zero-carbon sources.

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § 56-585.1:11.

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § 56-576.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2045, except for biomass-fired electric generating units that do not co-fire with coal, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; (e) geothermal heating and cooling systems located in the Commonwealth; *(f) geothermal electric generating resources located in the Commonwealth or physically located within the PJM region;* or ~~(f)~~ *(g)* biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product

manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105, or (2) are owned by a Phase I or Phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § 10.1-1308.1, provided that biomass as described in subdivision A 1 of § 10.1-1308.1 results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § 10.1-1105. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

1. The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2021	6%	2021	14%
2022	7%	2022	17%
2023	8%	2023	20%
2024	10%	2024	23%
2025	14%	2025	26%
2026	17%	2026	29%
2027	20%	2027	32%
2028	24%	2028	35%
2029	27%	2029	38%
2030	30%	2030	41%
2031	33%	2031	45%
2032	36%	2032	49%
2033	39%	2033	52%
2034	42%	2034	55%
2035	45%	2035	59%
2036	53%	2036	63%
2037	53%	2037	67%
2038	57%	2038	71%
2039	61%	2039	75%
2040	65%	2040	79%
2041	68%	2041	83%
2042	71%	2042	87%
2043	74%	2043	91%
2044	77%	2044	95%
2045	80%	2045 and thereafter	100%
2046	84%		
2047	88%		
2048	92%		

2049	96%
2050 and thereafter	100%

2. A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

3. Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

4. Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

5. Energy from a geothermal heating and cooling system is eligible for inclusion in meeting the requirements of the RPS Program. RECs from a geothermal heating and cooling system are created based on the amount of energy, converted from BTUs to kilowatt-hours, that is generated by a geothermal heating and cooling system for space heating and cooling or water heating. The Commission shall determine the form and manner in which such RECs are verified.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes

from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate

adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section; (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development; and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds $45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to $45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be $75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of Energy. In administering this account, the Department of Energy shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

For any project constructed pursuant to this subsection or subsection E, a utility shall, subject to a competitive procurement process, procure equipment from a Virginia-based or United States-based manufacturer using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery

mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015, including any contract with a utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis. An accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, however, an accelerated renewable energy buyer that is a customer of a Phase II Utility and was subscribed, as of March 1, 2020, to a voluntary companion experimental tariff offering of the utility for the purchase of renewable attributes from renewable energy facilities that requires a renewable facilities agreement and the purchase of a minimum of 2,000 renewable attributes annually, shall be exempt from allocation of the net costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities, by the utility pursuant to subsections D and E, based on the amount of RECs associated with the customer's renewable facilities agreements associated with such tariff offering as of that date in proportion to the customer's total electric energy consumption, on an annual basis. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. In any petition by a Phase I or Phase II Utility for a certificate of public convenience and necessity to construct and operate an electrical generating facility that generates electric energy derived from sunlight submitted pursuant to § 56-580, such utility shall demonstrate that the proposed facility was subject to competitive procurement or solicitation as set forth in subdivision D 3.

J. Notwithstanding any contrary provision of law, for the purposes of this section, any falling water generation facility located in the Commonwealth and commencing commercial operations prior to July 1, 2024, shall be considered a renewable energy portfolio standard (RPS) eligible source.

K. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

L. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

CHAPTER 715

An Act to amend and reenact § 58.1-2900 of the Code of Virginia, relating to electricity consumption tax; rate adjustments.

[S 1336]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-2900 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-2900. Imposition of tax.

A. Effective January 1, 2001, there is hereby imposed, in addition to the local consumer utility tax of Article 4 (§ 58.1-3812 et seq.) of Chapter 38 and subject to the adjustments authorized by subdivision A 5 and by § 58.1-2902, a tax on the consumers of electricity in the Commonwealth based on kilowatt hours delivered by the incumbent distribution utility and used per month as follows:

1. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month not in excess of 2,500 kWh at the rate of $0.001595 per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00102/kWh	$0.000195/kWh	$0.00038/kWh

2. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month in excess of 2,500 kWh but not in excess of 50,000 kWh at the rate of ~~$0.00102~~ *$0.001085* per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00065/kWh	~~$0.00013/kWh~~ *$0.000195/kWh*	$0.00024/kWh

3. Each consumer of electricity in the Commonwealth shall pay electric utility consumption tax on all electricity consumed per month in excess of 50,000 kWh at the rate of ~~$0.000771~~ *$0.000875* per kWh, as follows:

State consumption tax rate	Special regulatory tax rate	Local consumption tax rate
$0.00050/kWh	~~$0.000091/kWh~~ *$0.000195/kWh*	$0.00018/kWh

4. The tax rates set forth in subdivisions 1, 2, and 3 are in lieu of and replace the state gross receipts tax (§ 58.1-2626), the special regulatory revenue tax (§ 58.1-2660), and the local license tax (§ 58.1-3731) levied on corporations furnishing heat, light or power by means of electricity.

5. The tax on consumers under this section shall not be imposed on consumers served by an electric utility owned or operated by a municipality if such municipal electric utility elects to have an amount equivalent to the tax added on the bill such utility (or an association or agency of which it is a member) pays for bundled or unbundled transmission service as a separate item. Such amount, equivalent to the tax, shall be calculated under the tax rate schedule as if the municipal electric utility were selling and collecting the tax from its consumers, adjusted to exclude the amount which represents the local consumption tax if the locality in which a consumer is located does not impose a license fee rate pursuant to § 58.1-3731, and shall be remitted to the Commission pursuant to § 58.1-2901. Municipal electric utilities may bundle the tax in the rates charged to their retail customers. Notwithstanding anything contained herein to the contrary, the election permitted under this subdivision shall not be exercised by any municipal electric utility if the entity to whom the municipal electric utility (or an association or agency of which it is a member) pays for transmission service is not subject to the taxing jurisdiction of the Commonwealth, unless such entity agrees to remit to the Commonwealth all amounts equivalent to the tax pursuant to § 58.1-2901.

6. The tax on consumers set forth in subdivisions 1, 2, and 3 shall only be imposed in accordance with this subdivision on consumers of electricity purchased from a utility consumer services cooperative to the extent that such cooperative purchases, for the purpose of resale within the Commonwealth, electricity from a federal entity that made payments in accordance with federal law (i) in lieu of taxes during such taxable period to the Commonwealth and (ii) on the basis of such federal entity's gross proceeds resulting from the sale of such electricity. Such tax shall instead be calculated by deducting from each of the respective tax amounts calculated in accordance with subdivisions 1, 2, and 3 an amount equal to the calculated tax amount multiplied by the ratio of the total cost of power supplied by the federal entity, including facilities rental, during the taxable period to the utility consumer services cooperative's total operating revenue within the Commonwealth during the taxable period. The State Corporation Commission may audit the records and books of any utility consumer services cooperative that determines the tax on consumers in accordance with this subdivision to verify that the tax imposed has been correctly determined and properly remitted.

B. The tax authorized by this chapter shall not apply to municipalities' own use or to use by divisions or agencies of federal, state and local governments.

C. For purposes of this section, "kilowatt hours delivered" means in the case of eligible customer-generators, as defined in § 56-594, those kilowatt hours supplied from the electric grid to such customer-generators, minus the kilowatt hours generated and fed back to the electric grid by such customer-generators.

CHAPTER 716

An Act to amend and reenact §§ 18.2-10, 19.2-295.2, 19.2-390, 53.1-134, 53.1-134.1, 53.1-136, 53.1-145, 53.1-157, 53.1-161, 53.1-162, 53.1-164, and 53.1-165 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 2.2-3707.02, relating to powers and duties of Virginia Parole Board; voting requirements; meetings.

[H 1589]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-10, 19.2-295.2, 19.2-390, 53.1-134, 53.1-134.1, 53.1-136, 53.1-145, 53.1-157, 53.1-161, 53.1-162, 53.1-164, and 53.1-165 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 2.2-3707.02 as follows:

§ 2.2-3707.02. Meetings of Virginia Parole Board.

Except for a public meeting convened pursuant to subdivision 10 of § 53.1-136 for conducting the final deliberation and vote regarding whether the Virginia Parole Board will grant parole to a prisoner, a meeting of the Virginia Parole Board members, regardless of whether such members invite staff or other guests to participate in such meeting, shall not be deemed a meeting subject to the provisions of this chapter.

§ 18.2-10. Punishment for conviction of felony; penalty.

The authorized punishments for conviction of a felony are:

(a) For Class 1 felonies, imprisonment for life and, subject to subdivision (g), a fine of not more than $100,000. Any person who was 18 years of age or older at the time of the offense and who is sentenced to imprisonment for life upon conviction of a Class 1 felony shall not be eligible for (i) parole, (ii) any good conduct allowance or any earned sentence credits under Chapter 6 (§ 53.1-186 et seq.) of Title 53.1, or (iii) conditional release pursuant to § 53.1-40.01 or 53.1-40.02.

(b) For Class 2 felonies, imprisonment for life or for any term not less than 20 years and, subject to subdivision (g), a fine of not more than $100,000.

(c) For Class 3 felonies, a term of imprisonment of not less than five years nor more than 20 years and, subject to subdivision (g), a fine of not more than $100,000.

(d) For Class 4 felonies, a term of imprisonment of not less than two years nor more than 10 years and, subject to subdivision (g), a fine of not more than $100,000.

(e) For Class 5 felonies, a term of imprisonment of not less than one year nor more than 10 years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than $2,500, either or both.

(f) For Class 6 felonies, a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than $2,500, either or both.

(g) Except as specifically authorized in subdivision (e) or (f), the court shall impose either a sentence of imprisonment together with a fine, or imprisonment only. However, if the defendant is not a natural person, the court shall impose only a fine.

For any felony offense committed (i) on or after January 1, 1995, the court may, and (ii) on or after July 1, 2000, shall, except in cases in which the court orders a suspended term of confinement of at least six months, impose an additional term of incarceration of not less than six months nor more than three years, which shall be suspended conditioned upon successful completion of a period of ~~post-release supervision~~ *probation* pursuant to § 19.2-295.2 and compliance with such other terms as the sentencing court may require. However, such additional term may only be imposed when the sentence includes an active term of incarceration in a correctional facility.

For a felony offense prohibiting proximity to children as described in subsection A of § 18.2-370.2, the sentencing court is authorized to impose the punishment set forth in that section in addition to any other penalty provided by law.

§ 19.2-295.2. Probation of felons sentenced for offenses committed on and after January 1, 1995, and on and after July 1, 2000.

A. At the time the court imposes sentence upon a conviction for any felony offense committed (i) on or after January 1, 1995, the court may, and (ii) on or after July 1, 2000, shall, in addition to any other punishment imposed if such other punishment includes an active term of incarceration in a state or local correctional facility, except in cases in which the court orders a suspended term of confinement of at least six months, impose a term of incarceration, in addition to the active term, of not less than six months nor more than three years, as the court may determine. Such additional term shall be suspended and the defendant shall be ordered to be placed under ~~postrelease supervision~~ *probation pursuant to § 19.2-303* upon release from the active term of incarceration. The period of ~~supervision~~ *probation* shall be established by the court; however, such period shall not be less than six months nor more than three years. Periods of ~~postrelease supervision~~

probation imposed pursuant to this section upon more than one felony conviction may be ordered to run concurrently. ~~Periods of postrelease supervision imposed pursuant to this section may be ordered to run concurrently with any period of probation the defendant may also be subject to serve.~~

B. ~~The period of postrelease supervision shall be under the supervision and review of the Virginia Parole Board. The Board shall review each felon prior to release and establish conditions of postrelease supervision.~~ Failure to successfully ~~abide by such terms and conditions shall be grounds to terminate~~ *complete* the period of ~~postrelease supervision and recommit the defendant to the Department of Corrections or to the local correctional facility from which he was previously released. Procedures for any such termination and recommitment~~ *probation in accordance with this section* shall be ~~conducted in the same manner as procedures for the~~ *subject to* revocation of ~~parole~~ *such probation pursuant to §§ 19.2-306 and 19.2-306.1*.

C. ~~Postrelease supervision programs shall be operated through the probation and parole districts established pursuant to § 53.1-141.~~

~~D.~~ Nothing in this section shall be construed to prohibit the court from exercising any authority otherwise granted by law.

§ 19.2-390. Reports to be made by local law-enforcement officers, conservators of the peace, clerks of court, Secretary of the Commonwealth and Corrections officials to State Police; material submitted by other agencies.

A. 1. Every state official or agency having the power to arrest, the sheriffs of counties, the police officials of cities and towns, and any other local law-enforcement officer or conservator of the peace having the power to arrest for a felony shall make a report to the Central Criminal Records Exchange, on forms provided by it, of any arrest, including those arrests involving the taking into custody of, or service of process upon, any person on charges resulting from an indictment, presentment or information, the arrest on capias or warrant for failure to appear, and the service of a warrant for another jurisdiction, for each charge when any person is arrested on any of the following charges:

a. Treason;

b. Any felony;

c. Any offense punishable as a misdemeanor under Title 54.1;

d. Any misdemeanor punishable by confinement in jail (i) under Title 18.2 or 19.2, or any similar ordinance of any county, city or town, (ii) under § 20-61, or (iii) under § 16.1-253.2; or

e. Any offense in violation of § 3.2-6570, 4.1-309.1, 5.1-13, 15.2-1612, 22.1-289.041, 46.2-339, 46.2-341.21, 46.2-341.24, 46.2-341.26:3, 46.2-817, 58.1-3141, 58.1-4018.1, 60.2-632, or 63.2-1509.

The reports shall contain such information as is required by the Exchange and shall be accompanied by fingerprints of the individual arrested for each charge. Effective January 1, 2006, the corresponding photograph of the individual arrested shall accompany the report. Fingerprint cards prepared by a law-enforcement agency for inclusion in a national criminal justice file shall be forwarded to the Exchange for transmittal to the appropriate bureau. Nothing in this section shall preclude each local law-enforcement agency from maintaining its own separate photographic database. Fingerprints and photographs required to be taken pursuant to this subsection or subdivision A 3c of § 19.2-123 may be taken at the facility where the magistrate is located, including a regional jail, even if the accused is not committed to jail.

Law-enforcement agencies and clerks of court shall only submit reports to the Central Criminal Records Exchange only for those offenses enumerated in this subsection. Only reports received for those offenses enumerated in this subsection shall be included in the Central Criminal Records Exchange.

2. For persons arrested and released on summonses in accordance with subsection B of § 19.2-73 or § 19.2-74, such report shall not be required until (i) a conviction is entered and no appeal is noted or if an appeal is noted, the conviction is upheld upon appeal or the person convicted withdraws his appeal; (ii) the court defers or dismisses the proceeding pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2; or (iii) an acquittal by reason of insanity pursuant to § 19.2-182.2 is entered. Upon such conviction or acquittal, the court shall remand the individual to the custody of the office of the chief law-enforcement officer of the county or city. It shall be the duty of the chief law-enforcement officer, or his designee who may be the arresting officer, to ensure that such report is completed for each charge after a determination of guilt or acquittal by reason of insanity. The court shall require the officer to complete the report immediately following the person's conviction or acquittal, and the individual shall be discharged from custody forthwith, unless the court has imposed a jail sentence to be served by him or ordered him committed to the custody of the Commissioner of Behavioral Health and Developmental Services.

3. For persons arrested on a capias for any allegation of a violation of the terms or conditions of a suspended sentence or probation for a felony offense pursuant to § 18.2-456, 19.2-306, or 53.1-165, a report shall be made to the Central Criminal Records Exchange pursuant to subdivision 1. Upon finding such person in violation of the terms or conditions of a suspended sentence or probation for such felony offense, the court shall order that the fingerprints and photograph of such person be taken by a law-enforcement officer for each such offense and submitted to the Central Criminal Records Exchange.

4. For any person served with a show cause for any allegation of a violation of the terms or conditions of a suspended sentence or probation for a felony offense pursuant to § 18.2-456, 19.2-306, or 53.1-165, such report to the Central Criminal Records Exchange shall not be required until such person is found to be in violation of the terms or conditions of a suspended sentence or probation for such felony offense. Upon finding such person in violation of the terms or conditions of a suspended sentence or probation for such felony offense, the court shall order that the fingerprints and photograph of such

person be taken by a law-enforcement officer for each such offense and submitted to the Central Criminal Records Exchange.

5. If the accused is in custody when an indictment or presentment is found or made, or information is filed, and no process is awarded, the attorney for the Commonwealth shall so notify the court of such at the time of first appearance for each indictment, presentment, or information for which a report is required upon arrest pursuant to subdivision 1, and the court shall order that the fingerprints and photograph of the accused be taken for each offense by a law-enforcement officer or by the agency that has custody of the accused at the time of first appearance. The law-enforcement officer or agency taking the fingerprints and photograph shall submit a report to the Central Criminal Records Exchange for each offense.

B. Within 72 hours following the receipt of (i) a warrant or capias for the arrest of any person on a charge of a felony or (ii) a Governor's warrant of arrest of a person issued pursuant to § 19.2-92, the law-enforcement agency which received the warrant shall enter the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the National Crime Information Center (NCIC), maintained by the Federal Bureau of Investigation. The report shall include the person's name, date of birth, social security number and such other known information which the State Police or Federal Bureau of Investigation may require. Where feasible and practical, the magistrate or court issuing the warrant or capias may transfer information electronically into VCIN. When the information is electronically transferred to VCIN, the court or magistrate shall forthwith forward the warrant or capias to the local police department or sheriff's office. When criminal process has been ordered destroyed pursuant to § 19.2-76.1, the law-enforcement agency destroying such process shall ensure the removal of any information relating to the destroyed criminal process from the VCIN and NCIC.

B1. Within 72 hours following the receipt of a written statement issued by a parole officer pursuant to § 53.1-149 ~~or 53.1-162~~ authorizing the arrest of a person who has violated the provisions of his ~~post-release supervision or~~ probation, the law-enforcement agency that received the written statement shall enter, or cause to be entered, the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52.

C. For offenses not charged on a summons in accordance with subsection B of § 19.2-73 or § 19.2-74, the clerk of each circuit court and district court shall make an electronic report to the Central Criminal Records Exchange of (i) any dismissal, including a dismissal pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2, indefinite postponement or continuance, charge still pending due to mental incompetency or incapacity, deferral, nolle prosequi, acquittal, or conviction of, including any sentence imposed, or failure of a grand jury to return a true bill as to, any person charged with an offense listed in subsection A, including any action that may have resulted from an indictment, presentment or information, or any finding that the person is in violation of the terms or conditions of a suspended sentence or probation for a felony offense and (ii) any adjudication of delinquency based upon an act that, if committed by an adult, would require fingerprints to be filed pursuant to subsection A. For offenses listed in subsection A and charged on a summons in accordance with subsection B of § 19.2-73 or § 19.2-74, such electronic report by the clerk of each circuit court and district court to the Central Criminal Records Exchange may be submitted but shall not be required until (a) a conviction is entered and no appeal is noted or, if an appeal is noted, the conviction is upheld upon appeal or the person convicted withdraws his appeal; (b) the court defers or dismisses the proceeding pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2; or (c) an acquittal by reason of insanity pursuant to § 19.2-182.2 is entered. The clerk of each circuit court shall make an electronic report to the Central Criminal Records Exchange of any finding that a person charged on a summons is in violation of the terms or conditions of a suspended sentence or probation for a felony offense. Upon conviction of any person, including juveniles tried and convicted in the circuit courts pursuant to § 16.1-269.1, whether sentenced as adults or juveniles, for an offense for which registration is required as defined in § 9.1-902, the clerk shall within seven days of sentencing submit a report to the Sex Offender and Crimes Against Minors Registry. The report to the Registry shall include the name of the person convicted and all aliases that he is known to have used, the date and locality of the conviction for which registration is required, his date of birth, social security number, and last known address, and specific reference to the offense for which he was convicted. No report of conviction or adjudication in a district court shall be filed unless the period allowed for an appeal has elapsed and no appeal has been perfected. In the event that the records in the office of any clerk show that any conviction or adjudication has been nullified in any manner, he shall also make a report of that fact to the Exchange and, if appropriate, to the Registry. In addition, each clerk of a circuit court, upon receipt of certification thereof from the Supreme Court, shall report to the Exchange or the Registry, or to the law-enforcement agency making the arrest in the case of offenses not required to be reported to the Exchange, on forms provided by the Exchange or Registry, as the case may be, any reversal or other amendment to a prior sentence or disposition previously reported. When criminal process is ordered destroyed pursuant to § 19.2-76.1, the clerk shall report such action to the law-enforcement agency that entered the warrant or capias into the VCIN.

D. In addition to those offenses enumerated in subsection A, the Central Criminal Records Exchange may receive, classify, and file any other fingerprints, photographs, and records of confinement submitted to it by any correctional institution or the Department of Corrections. Unless otherwise prohibited by law, any such fingerprints, photographs, and records received by the Central Criminal Records Exchange from any correctional institution or the Department of Corrections may be classified and filed as criminal history record information.

E. Corrections officials, sheriffs, and jail superintendents of regional jails, responsible for maintaining correctional status information, as required by the regulations of the Department of Criminal Justice Services, with respect to individuals about whom reports have been made under the provisions of this chapter shall make reports of changes in correctional status information to the Central Criminal Records Exchange. The reports to the Exchange shall include any commitment to or release or escape from a state or local correctional facility, including commitment to or release from a parole or probation agency.

F. Any pardon, reprieve or executive commutation of sentence by the Governor shall be reported to the Exchange by the office of the Secretary of the Commonwealth.

G. Officials responsible for reporting disposition of charges, and correctional changes of status of individuals under this section, including those reports made to the Registry, shall adopt procedures reasonably designed at a minimum (i) to ensure that such reports are accurately made as soon as feasible by the most expeditious means and in no instance later than 30 days after occurrence of the disposition or correctional change of status and (ii) to report promptly any correction, deletion, or revision of the information.

H. Upon receiving a correction, deletion, or revision of information, the Central Criminal Records Exchange shall notify all criminal justice agencies known to have previously received the information.

I. As used in this section:

"Chief law-enforcement officer" means the chief of police of cities and towns and sheriffs of counties, unless a political subdivision has otherwise designated its chief law-enforcement officer by appropriate resolution or ordinance, in which case the local designation shall be controlling.

"Electronic report" means a report transmitted to, or otherwise forwarded to, the Central Criminal Records Exchange in an electronic format approved by the Exchange. The report shall contain the name of the person convicted and all aliases which he is known to have used, the date and locality of the conviction, his date of birth, social security number, last known address, and specific reference to the offense including the Virginia Code section and any subsection, the Virginia crime code for the offense, and the offense tracking number for the offense for which he was convicted.

§ 53.1-134. Virginia Parole Board; appointment of members.

There shall be a *Virginia* Parole Board ~~which~~ *(the Board) that* shall consist of up to five members appointed by the Governor and subject to confirmation by the General Assembly, if in session when such appointment is made, and if not in session, then at its next succeeding session. At least one member of the ~~Parole~~ Board shall be a representative of a crime victims' organization or a victim of crime as defined in subsection B of § 19.2-11.01. *The term of each member of the Board shall be four years. When a vacancy on the Board occurs, the Governor shall appoint a member to fill such vacancy within 60 days.*

The members of the ~~Parole~~ Board shall serve at the pleasure of the Governor.

§ 53.1-134.1. Board decisions; voting requirements.

~~Notwithstanding any other provision of law or regulation, if the Parole Board adopts a rule or regulation requiring the concurrence~~ *In the case of a person serving life imprisonment for murder of the first degree pursuant to § 18.2-32, the final deliberation and vote of whether to grant such person parole shall be attended by a panel* of four or more members of the ~~Parole~~ Board ~~to grant discretionary parole or conditional release, in the event that there are less than four members but at least~~. *In all other cases, the final deliberation and vote shall be attended by a panel of no fewer than* three members ~~on~~ *of* the ~~Parole~~ Board~~, then such requirement shall be satisfied upon a unanimous vote of all members on the Parole~~. *The* Board *shall promulgate rules to ensure that such members are randomly assigned to panels and to serve on an equal number of panels, as is reasonably possible.*

A decision to grant discretionary parole shall require the concurrence of a majority of members present for the final deliberation and vote, except that in cases of a person serving life imprisonment for murder of the first degree pursuant to § 18.2-32, a decision to grant discretionary parole shall require the concurrence of four or more of the members present for the final deliberation and vote.

§ 53.1-136. Powers and duties of Board; notice of release of certain inmates; report.

In addition to the other powers and duties imposed upon the Board by this article, the Board shall:

1. Adopt, subject to approval by the Governor, general rules governing the granting of parole and eligibility requirements, which shall be published and posted for public review. Such eligibility rules shall require consideration of the prisoner's demonstrated rehabilitation, economic and educational development, commitment to prosocial behavior, and community and family supports;

2. Adopt, subject to approval by the Governor, rules providing for the granting of parole to those prisoners who are eligible for parole pursuant to § 53.1-165.1 on the basis of demonstrated maturity and rehabilitation and the lesser culpability of juvenile offenders;

3. a. Release on parole for such time and upon such terms and conditions as the Board shall prescribe, persons convicted of felonies and confined under the laws of the Commonwealth in any correctional facility in Virginia when those persons become eligible and are found suitable for parole, according to those rules adopted pursuant to subdivisions 1 and 2;

b. ~~Establish the conditions of postrelease supervision authorized pursuant to § 18.2-10 and subsection A of § 19.2-295.2;~~

~~c.~~ Notify the Department of Corrections of its decision to grant discretionary parole or conditional release to an inmate. The Department of Corrections shall set the release date for such inmate no sooner than 30 business days from the date that

the Department of Corrections receives such notification from the Chairman of the Board, except that the Department of Corrections may set an earlier release date in the case of an inmate granted conditional release pursuant to § 53.1-40.02. In the case of an inmate granted parole who was convicted of a felony and sentenced to a term of 10 or more years, or an inmate granted conditional release, the Board shall notify the attorney for the Commonwealth in the jurisdiction where the inmate was sentenced (i) by electronic means at least 21 business days prior to such inmate's release that such inmate has been granted discretionary parole or conditional release pursuant to § 53.1-40.01 or 53.1-40.02 or (ii) by telephone or other electronic means prior to such inmate's release that such inmate has been granted conditional release pursuant to § 53.1-40.02 where death is imminent. Nothing in this section shall be construed to alter the obligations of the Board under § 53.1-155 for investigation prior to release on discretionary parole;

~~d.~~ *c.* Provide that in any case where a person who is released on parole ~~or postrelease supervision~~ has been committed to the Department of Behavioral Health and Developmental Services under the provisions of Chapter 9 (§ 37.2-900 et seq.) of Title 37.2 the conditions of his parole ~~or postrelease supervision~~ shall include the requirement that the person comply with all conditions given him by the Department of Behavioral Health and Developmental Services and that he follow all of the terms of his treatment plan;

4. Revoke parole ~~and any period of postrelease~~ and order the reincarceration of any parolee ~~or felon serving a period of postrelease supervision~~ or impose a condition of participation in any component of the Statewide Community-Based Corrections System for State-Responsible Offenders (§ 53.1-67.2 et seq.) on any eligible parolee, when, in the judgment of the Board, he has violated the conditions of his parole ~~or postrelease supervision~~ or is otherwise unfit to be on parole ~~or on postrelease supervision~~;

5. Issue final discharges to persons released by the Board on parole when the Board is of the opinion that the discharge of the parolee will not be incompatible with the welfare of such person or of society. Final discharges granted prior to the expiration of a period of parole shall be granted only upon approval by a majority of Board members. The Board shall publish an annual report regarding final discharges issued by the Board during the previous 12 months. The report shall include (i) the name of each prisoner granted final discharge, (ii) the offense of which the prisoner was convicted, (iii) the jurisdiction in which such offense was committed, (iv) the length of the prisoner's sentence and the date such sentence was imposed, (v) the amount of time the prisoner has been on parole ~~or postrelease supervision~~ in the community, (vi) the basis for the final discharge, and (vii) the vote of each Board member;

6. Make investigations and reports with respect to any commutation of sentence, pardon, reprieve or remission of fine, or penalty when requested by the Governor;

7. Publish a statement by the fifteenth day of each month regarding the actions taken by the Board on the parole of prisoners during the prior month. The statement shall list (i) the name of each prisoner considered for parole, (ii) the offense of which the prisoner was convicted, (iii) the jurisdiction in which such offense was committed, (iv) the length of the prisoner's sentence and the date such sentence was imposed, (v) the amount of time the prisoner has served, (vi) whether the prisoner was granted or denied parole, (vii) individualized reasons for the grant or denial of parole, and (viii) the final vote and the names of the Board members who voted in favor of granting parole and those who voted against. However, in the case of a prisoner granted parole, the information set forth in clauses (i) through (viii) regarding such prisoner shall be included in the statement published in the month immediately succeeding the month in which notification of the decision to grant parole was given to the attorney for the Commonwealth and any victims;

8. Publish an annual report regarding actions taken by the Board on the parole of prisoners during the prior year. Such report shall contain each monthly statement published by the Board pursuant to subdivision 7 and a summary that identifies (i) the total number of prisoners considered for parole, (ii) the number of persons granted parole, (iii) the number of persons denied parole, and (iv) the most common reasons for which parole was granted or denied;

9. Ensure that each person eligible for parole receives a timely and thorough review of his suitability for release on parole, including a review of any relevant post-sentencing information. If parole is denied, the basis for the denial of parole shall be in writing and shall give specific, individualized reasons for such denial to such inmate; and

10. Convene a public meeting, either in person or via video conference, when conducting the final deliberation and vote regarding whether the Board will grant parole to a prisoner. The prisoner being considered for parole or his attorney shall be permitted to attend such meeting either, in the Board's discretion, in person or via video conference. The victim shall be permitted to attend and participate in such meeting either, in the Board's discretion, in person or via video or phone conference or to provide written or recorded testimony. No decision to grant discretionary parole shall be made by the Board unless such decision was discussed and debated at a meeting at which ~~a majority~~ *no fewer than three* of the Board members were present. Whether the Board grants or denies discretionary parole to an inmate, each Board member shall identify his reasoning for such decision at the time such member's vote is cast.

§ 53.1-145. Powers and duties of probation and parole officers.

In addition to other powers and duties prescribed by this article, each probation and parole officer shall:

1. Investigate and report on any case pending in any court or before any judge in his jurisdiction referred to him by the court or judge;

2. Supervise and assist all persons within his territory placed on probation, secure, as appropriate and when available resources permit, placement of such persons in a substance abuse treatment program which may include utilization of acupuncture and other treatment modalities, and furnish every such person with a written statement of the conditions of his probation and instruct him therein; if any such person has been committed to the Department of Behavioral Health and

Developmental Services under the provisions of Chapter 9 (§ 37.2-900 et seq.) of Title 37.2, the conditions of probation shall include the requirement that the person comply with all conditions given him by the Department of Behavioral Health and Developmental Services, and that he follow all of the terms of his treatment plan;

3. Supervise and assist all persons within his territory released on parole ~~or postrelease supervision~~, secure, as appropriate and when available resources permit, placement of such persons in a substance abuse treatment program which may include utilization of acupuncture and other treatment modalities, and, in his discretion, assist any person within his territory who has completed his parole~~, postrelease supervision,~~ or has been mandatorily released from any correctional facility in the Commonwealth and requests assistance in finding a place to live, finding employment, or in otherwise becoming adjusted to the community;

4. Arrest and recommit to the place of confinement from which he was released, or in which he would have been confined but for the suspension of his sentence or of its imposition, for violation of the terms of probation~~, post-release supervision pursuant to § 19.2-295.2~~ or parole, any probationer~~, person subject to post-release~~ supervision or parolee under his supervision, or as directed by the Chairman, Board member or the court, pending a hearing by the Board or the court, as the case may be;

5. Keep such records, make such reports, and perform other duties as may be required of him by the Director and the court or judge by whom he was authorized;

6. Order and conduct, in his discretion, drug and alcohol screening tests of any probationer~~, person subject to post-release supervision pursuant to § 19.2-295.2~~ or parolee under his supervision who the officer has reason to believe is engaged in the illegal use of controlled substances or marijuana, or the abuse of alcohol. The cost of the test may be charged to the person under supervision. Regulations governing the officer's exercise of this authority shall be promulgated by the Director;

7. Have the power to carry a concealed weapon in accordance with regulations promulgated by the Director and upon the certification of appropriate training and specific authorization by a judge of a circuit court;

8. Provide services in accordance with any contract entered into between the Department of Corrections and the Department of Behavioral Health and Developmental Services pursuant to § 37.2-912;

9. Pursuant to any contract entered into between the Department of Corrections and the Department of Behavioral Health and Developmental Services, probation and parole officers shall have the power to provide intensive supervision services to persons placed on conditional release, regardless of whether the person has any time remaining to serve on any criminal sentence, pursuant to Chapter 9 (§ 37.2-900 et seq.);

10. Determine by reviewing the Department of Forensic Science DNA data bank sample tracking system upon intake and again prior to release whether a blood, saliva, or tissue sample is stored in the data bank for each person placed on probation or parole required to submit a sample pursuant to Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of Title 19.2 and, if a person's sample is not stored in the data bank, require the person placed on probation or parole to submit a sample for DNA analysis;

11. For every offender accepted pursuant to the Interstate Compact for the Supervision of Adult Offenders (§ 53.1-176.1 et seq.) who has been convicted of an offense that, if committed in Virginia, would require the offender to submit a sample pursuant to Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of Title 19.2, take a sample or verify that a sample has been taken and accepted into the data bank for DNA analysis in the Commonwealth;

12. Monitor the collection and payment of restitution to the victims of crime for offenders placed on supervised probation;

13. Prior to the release from supervision of any offender on probation as of July 1, 2019, review the criminal history record of the offender at least 60 days prior to release from supervision, or immediately if the offender is scheduled to be released from supervision within less than 60 days, to determine whether all offenses for which the offender is being supervised appear on such record and, if any such offense that is required to be reported to the Central Criminal Records Exchange pursuant to § 19.2-390 does not appear, (i) take and provide fingerprints and a photograph of the offender to the Central Criminal Records Exchange to be classified and filed as part of the criminal history record information pursuant to subsection D of § 19.2-390 and (ii) provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that such offense does not appear on the offender's criminal history record; and

14. Upon intake of any offender on or after July 1, 2019, (i) take and provide fingerprints and a photograph of the offender to the Central Criminal Records Exchange to be classified and filed as part of the criminal history record information pursuant to subsection D of § 19.2-390, (ii) review the criminal history record of the offender to determine whether all offenses for which the offender is being supervised appear on such record, and (iii) if any such offense that is required to be reported to the Central Criminal Records Exchange pursuant to § 19.2-390 does not appear, provide written or electronic notification to the Central Criminal Records Exchange within the Department of State Police that such offense does not appear on the offender's criminal history record.

Nothing in this article shall require probation and parole officers to investigate or supervise cases before general district or juvenile and domestic relations district courts.

§ 53.1-157. Parolees to comply with terms; furnishing copies.

Each parolee ~~or felon serving a period of postrelease supervision~~ while on parole ~~or period of postrelease supervision~~ shall comply with such terms and conditions as may be prescribed by the Board. When any prisoner is released on parole ~~or postrelease period of supervision~~, the Board shall furnish the parolee and the probation and parole officer having

supervision of the parolee ~~or felon serving a period of postrelease supervision~~ a copy of the terms and conditions of the parole ~~or postrelease period of supervision~~ and any changes ~~which~~ *that* may from time to time be made therein.

§ 53.1-161. Arrest and return of parolee; warrant; release pending adjudication of violation.

~~A.~~ The Chairman or any member of the Board may at any time upon information or a showing of a violation or a probable violation by any parolee of any of the terms or conditions upon which he was released on parole issue, or cause to be issued, a warrant for the arrest and return of the parolee to the institution from which he was paroled, or to any other correctional facility that may be designated by the Chairman or member. However, a determination of whether a parolee returned to a correctional facility pursuant to this subsection shall be returned to a state or local correctional facility shall be made based on the length of the parolee's original sentence as set forth in § 53.1-20. Each such warrant shall authorize all officers named therein to arrest and return the parolee to actual custody in the facility from which he was paroled, or to any other facility designated by the Chairman or member.

In any case in which the parolee is charged with the violation of any law, the violation of which caused the issuance of such warrant, upon request of the parolee or his attorney, the Chairman or member shall as soon as practicable consider all the circumstances surrounding the allegations of such violation, including the probability of conviction thereof, and may, after such consideration, release the parolee, pending adjudication of the violation charged.

~~B. Upon information or a showing of a violation or a probable violation by any felon serving a period of postrelease supervision of any of the terms or conditions upon which he was released on a postrelease period of supervision, the circuit court of the sentencing jurisdiction may issue, or cause to be issued, a warrant for the arrest and return of the felon serving a period of postrelease supervision to the institution from which he was released, or to any other correctional facility that may be designated by the circuit court. However, a determination of whether a felon serving a period of postrelease supervision returned to a correctional facility pursuant to this subsection shall be returned to a state or local correctional facility shall be made based on the length of the period of postrelease supervision as set at sentencing. Each such warrant shall authorize all officers named therein to arrest and return the felon to actual custody in the facility from which he was released, or to any other facility designated by the circuit court.~~

~~In any case in which the felon serving a period of postrelease supervision is charged with the violation of any law, the violation of which caused the issuance of such warrant, upon request of the felon or his attorney, the circuit court of the sentencing jurisdiction shall as soon as practicable consider all the circumstances surrounding the allegations of such violation, including the probability of conviction thereof, and may, after such consideration, release the felon, pending adjudication of the violation charged.~~

§ 53.1-162. Arrest of parolee without warrant; written statement.

Any probation and parole officer may arrest a parolee ~~or felon serving a period of postrelease supervision~~ without a warrant or may deputize any other officer with power of arrest to do so by a written statement setting forth that the parolee ~~or felon serving a period of postrelease supervision~~ has, in the judgment of the probation and parole officer, violated one or more of the terms or conditions of his parole ~~or postrelease period of supervision~~. Such a written statement by a probation and parole officer delivered to the officer in charge of any state or local correctional facility shall be sufficient warrant for the detention of the parolee ~~or felon serving a period of postrelease supervision~~. Any officer deputized upon receipt of the written statement shall, in accordance with § 19.2-390, enter, or cause to be entered, the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Such information shall be deemed a warrant authorizing the arrest of the person anywhere in the Commonwealth.

§ 53.1-164. Procedure for return of parolee.

When any parolee ~~or felon serving a period of postrelease supervision~~ is returned to any facility in accordance with the provisions of § 53.1-161, he shall be held in accordance with rules of the Director and subject to further action of the ~~Parole~~ Board. The officer in charge of the facility shall see that the ~~Parole~~ Board is notified promptly of each such parolee's ~~or felons~~' return.

§ 53.1-165. Revocation of parole; hearing; procedure for parolee in another state; appointment of attorney.

A. Whenever any parolee ~~or felon serving a period of postrelease supervision~~ is arrested and recommitted as provided herein, a preliminary hearing to determine probable cause that such parolee has violated one or more of the terms or conditions upon which he was released on parole ~~or postrelease period of supervision~~ shall be held by any hearing officer who has been designated as such by the Director of the Department to conduct such hearings. However, if a nolle prosequi is to be entered in a case where a parole violation is alleged, no preliminary hearing shall be required.

Upon request of the hearing officer, the attorney for the Commonwealth of the jurisdiction within which such hearings are to be held shall request the circuit court of such jurisdiction to appoint one or more discreet attorneys-at-law to represent parolees in any proceedings held before him. Each attorney so appointed shall be available to serve upon request of the hearing officer. The term of each attorney's appointment shall continue until such time as a successor may be appointed. A hearing officer shall be authorized to issue subpoenas requiring the attendance of witnesses and the production of records, memoranda, papers and other documents before him and to administer oaths and to take testimony thereunder.

Upon a finding of probable cause by the hearing officer, the Board or its authorized representative shall conduct a hearing, consider the case and act with reference thereto within a reasonable time thereafter. Upon request of the Board, the attorney for the Commonwealth of the jurisdiction within which such hearings are to be held shall request the circuit court of that jurisdiction to appoint one or more discreet attorneys-at-law to represent parolees in proceedings held or to be held

before the Board. Each attorney shall be available to serve upon request of the Board. The term of each attorney's appointment shall continue until such time as a successor may be appointed. The Board, in its discretion, may revoke the parole and order the reincarceration of the prisoner for the unserved portion of the term of imprisonment originally imposed upon him, or it may reinstate the parole either upon such terms and conditions as were originally prescribed, or as may be prescribed in addition thereto or in lieu thereof. When a parole violation is based on a new felony conviction for which the individual has been sentenced to two or more years, excluding any time of said sentence which has been suspended, any individual Board member, so authorized by the Board, may after such hearing revoke the individual's parole as otherwise provided herein.

Upon revocation of parole for any felony offense, the Board or its authorized representative shall order that the Department of Corrections take fingerprints and a photograph of the person for each offense and transmit such information to the Central Criminal Records Exchange pursuant to subsection D of § 19.2-390.

B. In cases in which a parolee ~~or felon serving a period of postrelease supervision~~ is in another state, any hearing officer who has been designated as such by the Director of the Department may be sent to that state to conduct a preliminary hearing to determine probable cause that the parolee has violated one or more of the terms and conditions upon which he was released upon parole.

C. Any attorney-at-law appointed pursuant to this section shall be paid as directed by the court making the appointment, from funds appropriated for court costs and expenses, reasonable compensation on an hourly basis and necessary expenses, based upon a report to be furnished to it by such attorney. In the event an attorney-at-law is appointed in another state, he shall be paid out of funds appropriated to the Department.

2. That the Virginia Parole Board (the Board) shall (i) notify any person serving a period of postrelease supervision under the Board's supervision as of July 1, 2025, that the duration of such person's postrelease supervision shall be moved to the supervision of probation and (ii) provide information on how such person should report to the appropriate probation officer. Any failure of such person serving a period of postrelease supervision to successfully complete the period of postrelease supervision shall be subject to revocation of a suspended sentence pursuant to §§ 19.2-306 and 19.2-306.1 of the Code of Virginia, and the procedures for such revocation shall be conducted in the same manner as the procedures for revocation of probation.

3. That any rules adopted by the Virginia Parole Board in accordance with the provisions of § 53.1-136 of the Code of Virginia, as amended by this act, shall be approved by the Governor by July 1, 2025.

CHAPTER 717

An Act to amend and reenact § 19.2-120 of the Code of Virginia, relating to admission to bail; pregnant persons or persons who have recently given birth.

[H 2328]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-120 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-120. Admission to bail.

A. Prior to conducting any hearing on the issue of bail, release, or detention, the judicial officer shall, to the extent feasible, obtain the person's criminal history.

B. A person who is held in custody pending trial or hearing for an offense, civil or criminal contempt, or otherwise shall be admitted to bail by a judicial officer, unless there is probable cause to believe that:

1. He will not appear for trial or hearing or at such other time and place as may be directed; or

2. His liberty will constitute an unreasonable danger to himself, family or household members as defined in § 16.1-228, or the public.

C. In making a determination under subsection B, the judicial officer shall consider all relevant information, including (i) the nature and circumstances of the offense; (ii) whether a firearm is alleged to have been used in the commission of the offense; (iii) the weight of the evidence; (iv) the history of the accused or juvenile, including his family ties or involvement in employment, education, or medical, mental health, or substance abuse treatment; (v) his length of residence in, or other ties to, the community; (vi) his record of convictions; (vii) his appearance at court proceedings or flight to avoid prosecution or convictions for failure to appear at court proceedings; ~~and~~ (viii) whether the person is likely to obstruct or attempt to obstruct justice, or threaten, injure, or intimidate, or attempt to threaten, injure, or intimidate, a prospective witness, juror, victim, or family or household member as defined in § 16.1-228*; and (ix) any evidence the person provided indicating that such person (a) is currently pregnant, (b) has recently given birth, or (c) is currently nursing a child*.

D. A judicial officer who admits a person to bail who is charged with an act of violence as defined in § 19.2-297.1 shall notify the attorney for the Commonwealth for the jurisdiction in which such person's case is filed contemporaneously with such person's grant of bail or release. Notice to the attorney for the Commonwealth may be made by facsimile or other electronic means.

E. The judicial officer shall inform the person of his right to appeal from the order denying bail or fixing terms of bond or recognizance consistent with § 19.2-124.

F. If the judicial officer sets a secured bond and the person engages the services of a licensed bail bondsman, the magistrate executing recognizance for the accused shall provide the bondsman, upon request, with a copy of the person's Virginia criminal history record, if readily available, to be used by the bondsman only to determine appropriate reporting requirements to impose upon the accused upon his release. The bondsman shall pay a $15 fee payable to the state treasury to be credited to the Literary Fund, upon requesting the defendant's Virginia criminal history record issued pursuant to § 19.2-389. The bondsman shall review the record on the premises and promptly return the record to the magistrate after reviewing it.

CHAPTER 718

An Act to amend and reenact § 46.2-1088.5 of the Code of Virginia, relating to vehicles used for agricultural purposes.

[H 2458]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1088.5 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1088.5. Reflectors or reflectorized material required on rear end of certain trailers.

A. There shall be affixed to the rear end of every utility trailer that does not require state inspection either *(i)* two or more reflectors of a type approved by the Superintendent or *(ii)* at least 100 square inches of solid reflectorized material. The reflectors or reflective material shall be applied so as to outline the rear end of the trailer.

B. Notwithstanding the provisions of § 46.2-1013 or 46.2-1014, any trailer or semitrailer exempt from registration pursuant to § 46.2-665, 46.2-666, 46.2-670, 46.2-672, or 46.2-673 may be operated without tail lights or brake lights on the highways of the Commonwealth located in Planning Districts 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 22, and 23, except interstate highways, between sunrise and sunset, provided that such trailer or semitrailer has affixed to the rear end either (i) two or more reflectors of a type approved by the Superintendent or (ii) at least 100 square inches of solid reflectorized material. Such a trailer or semitrailer operated without tail lights or brake lights shall keep to the rightmost lane when operating on such a highway, except when turning at an intersection or avoiding any hazard. However, any such trailer or semitrailer operated without tail lights or brake lights shall not be operated on the highways of the Commonwealth (a) during any time when, because of rain, smoke, fog, snow, sleet, insufficient light, or other unfavorable atmospheric conditions, visibility is reduced to a degree whereby persons or vehicles on the highway are not clearly discernible at a distance of 500 feet or (b) whenever windshield wipers are in use as a result of fog, rain, sleet, or snow.

C. For the purposes of this section, "utility trailer" means a trailer whose body and tailgate consist largely or exclusively of a metal mesh.

CHAPTER 719

An Act to amend and reenact § 18.2-251.03 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 18.2-36.3, relating to involuntary manslaughter; certain drug offenses.

[H 2657]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-251.03 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 18.2-36.3 as follows:

§ 18.2-36.3. Involuntary manslaughter; certain drug offenses.

A. Any person who knowingly, intentionally, and feloniously manufactures, sells, or distributes a controlled substance knowing that such controlled substance contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, in violation of Article 1 (§ 18.2-247 et seq.) of Chapter 7 and unintentionally causes the death of another person is guilty of involuntary manslaughter if (i) such death results from the use of the controlled substance and (ii) such controlled substance is the proximate cause of the death regardless of the time or place death occurred in relation to the commission of the underlying manufacturing, sale, or distribution of a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers.

B. It is not a defense to a prosecution under this section that the decedent contributed to his own death by his knowing or voluntary use of the controlled substance. Venue for a prosecution under this section shall lie in the locality where the manufacturing, sale, or distribution of a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, occurred, where the use of the controlled substance occurred, or where death occurred.

C. However, if any person proves that he gave or distributed a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, in violation of Article 1 (§ 18.2-247 et seq.) of Chapter 7 only as an accommodation to another individual who is not an inmate in a community correctional facility, local correctional facility, or state correctional facility as defined in § 53.1-1 or in the custody of an employee thereof, and not with intent to profit thereby from any consideration received or expected nor to induce the recipient or

intended recipient of the controlled substance to use or become addicted to or dependent upon such controlled substance, he shall not be guilty of involuntary manslaughter but is guilty of an accommodation sale punishable as a Class 6 felony.

D. No person convicted pursuant to this section for conduct described in subsection A shall be subject to a prosecution for a violation of subsection D of § 18.2-46.6 or § 18.2-248.01, 18.2-250, or 18.2-256 for the same transaction or occurrence.

§ 18.2-251.03. Arrest and prosecution when experiencing or reporting overdoses.

A. For purposes of this section, "overdose" means a life-threatening condition resulting from the consumption or use of a controlled substance, alcohol, or any combination of such substances.

B. No individual shall be subject to arrest or prosecution for the unlawful purchase, possession, or consumption of alcohol pursuant to § 4.1-305, unlawful purchase, possession, or consumption of marijuana pursuant to § 4.1-1105.1, *involuntary manslaughter pursuant to § 18.2-36.3,* possession of a controlled substance pursuant to § 18.2-250, intoxication in public pursuant to § 18.2-388, or possession of controlled paraphernalia pursuant to § 54.1-3466 if:

1. Such individual (i) in good faith, seeks or obtains emergency medical attention (a) for himself, if he is experiencing an overdose, or (b) for another individual, if such other individual is experiencing an overdose; (ii) is experiencing an overdose and another individual, in good faith, seeks or obtains emergency medical attention for such individual, by contemporaneously reporting such overdose to a firefighter, as defined in § 65.2-102, emergency medical services personnel, as defined in § 32.1-111.1, a law-enforcement officer, as defined in § 9.1-101, or an emergency 911 system; or (iii) in good faith, renders emergency care or assistance, including cardiopulmonary resuscitation (CPR) or the administration of naloxone or other opioid antagonist for overdose reversal, to an individual experiencing an overdose while another individual seeks or obtains emergency medical attention in accordance with this subdivision;

2. Such individual remains at the scene of the overdose or at any alternative location to which he or the person requiring emergency medical attention has been transported until a law-enforcement officer responds to the report of an overdose. If no law-enforcement officer is present at the scene of the overdose or at the alternative location, then such individual shall cooperate with law enforcement as otherwise set forth herein;

3. Such individual identifies himself to the law-enforcement officer who responds to the report of the overdose; and

4. The evidence for the prosecution of an offense enumerated in this subsection was obtained as a result of the individual seeking or obtaining emergency medical attention or rendering emergency care or assistance.

C. The provisions of this section shall not apply to any person who seeks or obtains emergency medical attention for himself or another individual, to a person experiencing an overdose when another individual seeks or obtains emergency medical attention for him, or to a person who renders emergency care or assistance to an individual experiencing an overdose while another person seeks or obtains emergency medical attention during the execution of a search warrant or during the conduct of a lawful search or a lawful arrest.

D. This section does not establish protection from arrest or prosecution for any individual or offense other than those listed in subsection B.

E. No law-enforcement officer acting in good faith shall be found liable for false arrest if it is later determined that the person arrested was immune from prosecution under this section.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 720

An Act to amend and reenact § 52-30.2 of the Code of Virginia and to amend the Code of Virginia by adding in Title 2.2 a chapter numbered 55.6, consisting of a section numbered 2.2-5517, relating to use of automatic license plate recognition systems; reports; penalty.

[H 2724]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 52-30.2 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Title 2.2 a chapter numbered 55.6, consisting of a section numbered 2.2-5517, as follows:

CHAPTER 55.6.

USE OF AUTOMATIC LICENSE PLATE RECOGNITION SYSTEMS.

§ 2.2-5517. Use of automatic license plate recognition systems by law-enforcement agencies.

A. For purposes of this section:

"Audit trail" means all records of queries and responses in an automatic license plate recognition system, and all records of actions in which system data is accessed, entered, updated, shared, or disseminated, including the (i) date and time of access; (ii) license plate number or other data elements used to query the system; (iii) specific purpose, as set forth

in subsection D, for accessing or querying the system, including the offense type for any criminal investigation; (iv) associated call for service or case number; and (v) username of the person or persons who accessed or queried the system.

"Audit trail data" means all forms of data collected or generated by an automatic license plate recognition system for purposes of producing an audit trail.

"Automatic license plate recognition system" or "system" means a system of one or more high-speed cameras used in combination with computer algorithms to convert images of license plates, vehicles, or a combination of both into computer-readable data.

"Division" means the Division of Purchases and Supply of the Department of General Services.

"Law-enforcement agency" means any agency or entity that employs law-enforcement officers as defined in § 9.1-101.

"Missing or endangered person" means a person who has been identified as missing or endangered based on information provided by the National Criminal Information Center, the National Center for Missing and Exploited Children, or the Missing Children Information Clearinghouse (§ 52-31 et seq.) or pursuant to a Virginia Amber Alert (§ 52-34.1 et seq.), a Virginia Critical Operation for a Disappeared Child Initiative Alert (§ 52-34.3:1 et seq.), a Virginia Senior Alert (§ 52-34.4 et seq.), a Virginia Blue Alert (§ 52-34.7 et seq.), a Virginia Critically Missing Adult Alert (§ 52-34.10 et seq.), a Virginia Missing Person with Autism Alert (§ 52-34.13 et seq.), or any substantially similar alert under the laws of another state or territory of the United States, the District of Columbia, or the United States.

"Notification" means an alert from an automatic license plate recognition system that a license plate or vehicle matches a license plate or vehicle in a database utilized by the automatic license plate recognition system for comparison purposes.

"Person associated with human trafficking" means a person who is either a suspected victim or an alleged perpetrator of either commercial sex trafficking or labor trafficking.

"Publicly post" means to post on a website that is maintained by the agency or on any other website on which the agency generally posts information and that is available to the public or that clearly describes how the public may access such information.

"Query" means a search of automatic license plate recognition system data based on information entered by the user, including a full or partial license plate number, any identifying characteristics of a vehicle, the date, time, or location of an image, or any other data that is searchable within the automatic license plate recognition system.

"System data" means all forms of data collected or generated by an automatic license plate recognition system, including images of license plates, vehicles, any identifying characteristics of vehicles, the date, time, and location of an image, and any peripheral images collected from which analytical data may be extracted.

"Vendor" means a business, company, corporation, or other nongovernmental entity that contracts with a law-enforcement agency for the installation, use, or maintenance of an automatic license plate recognition system.

B. Pursuant to § 2.2-1112, the Division of Purchases and Supply shall determine the automatic license plate recognition systems for use in the Commonwealth in accordance with this section. An automatic license plate recognition system shall not be approved by the Division for use by a law-enforcement agency unless:

1. The vendor certifies that it will not sell or share any system data or audit trail data gathered in the Commonwealth, except upon request of the contracting law-enforcement agency for a purpose set forth in subsection F, and will only access system data or audit trail data upon request of the contracting law-enforcement agency for maintenance and quality assurance purposes;

2. The vendor certifies that its system is capable of purging system data collected or generated in the Commonwealth after 21 days of the date of its capture, or earlier if requested by the contracting law-enforcement agency, in such a manner that the system data is destroyed and not recoverable by either the vendor or the contracting law-enforcement agency;

3. The vendor certifies that its system is capable of producing an audit trail and purging audit trail data collected or generated in the Commonwealth after two years of the date of its capture in such a manner that the audit trail data is destroyed and not recoverable by either the vendor or the contracting law-enforcement agency;

4. The databases used by the system to provide notifications as set forth in subsection D are updated at least every 24 hours, or as soon as practicable after such updates become available; and

5. The system meets information security standards as established by the Virginia Information Technologies Agency.

C. A law-enforcement agency may enter into a contract with a vendor for the installation, use, or maintenance of a system approved by the Division. The contract shall specify that system data and audit trail data will be the property of the law-enforcement agency and that the system meets the requirements set forth in subsection B. The contract shall further specify that the vendor will immediately notify the law-enforcement agency upon receipt of any subpoena duces tecum, execution of any search warrant, or any other request from a third party for such system data or audit trail data, unless disclosure of such subpoena duces tecum, search warrant, or request is otherwise prohibited by law.

D. A law-enforcement agency may use a system only (i) as part of a criminal investigation into an alleged violation of the Code of Virginia or any ordinance of any county, city, or town where there is a reasonable suspicion that a crime was committed; (ii) as part of an active investigation related to a missing or endangered person, including whether to issue an alert for such person, or a person associated with human trafficking; or (iii) to receive notifications related to a missing or endangered person, a person with an outstanding warrant, a person associated with human trafficking, a stolen vehicle, or a stolen license plate. All information necessary for the creation of an audit trail shall be entered in order to query system

data. A law-enforcement agency shall not query or download system data unless such data is related to at least one of these purposes. A law-enforcement agency may download audit trail data for purposes of generating audit reports. A stop of a motor vehicle based on a notification from the system shall be consistent with subsection M.

E. System data shall be purged after 21 days of the date of its capture in such a manner that such data is destroyed and not recoverable by either the vendor or the law-enforcement agency. Audit trail data shall be purged after two years of the date of its capture in such a manner that such data is destroyed and not recoverable by either the vendor or the law-enforcement agency. However, if the system data or the audit trail data is part of an ongoing investigation, prosecution, or civil action, such data shall be retained by the law-enforcement agency until (i) the investigation concludes without any criminal charges or (ii) the final disposition of any criminal or civil matter related to the data, including any direct appeals and any writs of habeas corpus pursuant to Article 3 (§ 8.01-654 et seq.) of Chapter 25 of Title 8.01 or federal law, in accordance with applicable records retention law and policy.

F. System data and audit trail data shall not be subject to disclosure under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). A law-enforcement agency shall not sell any system data or audit trail data. A law-enforcement agency shall not share system data or audit trail data with, or disseminate such data to, any database of any other state, federal, private, or commercial entity. A law-enforcement agency may share system data or audit trail data for the following purposes:

1. With another law-enforcement agency for purposes set forth in subsection D, which may include allowing another law-enforcement agency to query system data, provided that the agency receiving such data shall comply with all of the provisions of this section;

2. With the attorney for the Commonwealth for purposes set forth in subsection D or for complying with discovery or a court order in a criminal proceeding;

3. With a defendant or his counsel for purposes of complying with discovery or a court order in a criminal proceeding;

4. Pursuant to a court order or a court-issued subpoena duces tecum in any criminal or civil proceeding;

5. With the vendor for maintenance or quality assurance purposes; or

6. To alert the public to an emergency situation, a missing or endangered person, a person associated with human trafficking, or a person with an outstanding warrant.

In addition, the Department of State Police shall share system data obtained from any system installed, maintained, and operated on any limited access highway or any bridge, tunnel, or special structure under the jurisdiction of the Commonwealth Transportation Board or the Department of Transportation with any law-enforcement agency in the locality where such system is installed, maintained, or operated, and such law-enforcement agency may share such system data for the purposes set forth in this subsection.

G. A law-enforcement agency that uses a system shall maintain records sufficient to facilitate public reporting as required by this section, the production of an audit trail, and discovery in criminal and civil proceedings, appeals, and post-conviction proceedings.

H. A law-enforcement agency that uses a system shall establish a policy governing such use that is consistent with this section that includes:

1. Training requirements for individuals who will use or access the system;

2. The purposes for which the system can be used or accessed;

3. Procedures to ensure that the databases used by the system to provide notifications as set forth in subsection D are updated at least every 24 hours, or as soon as practicable after such updates become available;

4. Procedures to confirm the accuracy of any notifications made by the system before stopping a vehicle that are consistent with subsection M;

5. A prohibition against downloading system data that is not related to at least one of the purposes set forth in subsection D, except for downloads of audit trail data for purposes of generating audit reports;

6. An internal auditing procedure that occurs at least once every 30 days;

7. Procedures for the retention and destruction of system data and audit trail data that are consistent with subsection E;

8. A prohibition on the sale of system data and audit trail data and restrictions on the sharing of system data and audit trail data that are consistent with subsection F; and

9. Security procedures to protect the system, system data, and audit trail data from unauthorized access, destruction, use, modification, or disclosure.

I. A law-enforcement agency that uses a system shall report to the Department of State Police by April 1 of each year, in a format to be determined by the Department of State Police, on its use of the system during the preceding calendar year, which shall include the following data:

1. The total number of cameras owned or leased by an agency as part of a system at the conclusion of each calendar year, including the number of such cameras designed to be affixed inside or on a motor vehicle, permanently affixed adjacent to a highway, or temporarily affixed or placed adjacent to a highway for purposes of capturing system data;

2. A list of all state and federal databases with which the system data was compared, unless the existence of any such database itself is not public;

3. The total number of times the system was queried, including the specific purposes of the queries, as set forth in subsection D, and the offense types for any criminal investigation;

4. The race, ethnicity, age, and gender of any individual identified as a suspect and charged with a criminal offense as a result of a query of the system as part of a criminal investigation;

5. The number of motor vehicles stopped based on notifications from the system, including the specific reasons for the notifications as set forth in subsection D;

6. The race, ethnicity, age, and gender of the driver of any motor vehicle stopped based on a notification from the system;

7. Whether the agency allows any other law-enforcement agencies to access its system data, and if so, which other agencies have been granted such access;

8. The number of identified instances of unauthorized use of or access to the system, including the nature and circumstances of such instances; and

9. The number of subpoena duces tecum, search warrants, and any other requests received from a third party for system data or audit trail data, including the identity of the entity that requested the issuance of such subpoena duces tecum, executed such search warrant, or requested such data, and whether any data was provided to such entity, unless disclosure of such subpoena duces tecum, search warrant, or request is otherwise prohibited by law.

J. The Department of State Police shall aggregate the data provided pursuant to subsection I and report it to the Governor, the General Assembly, and the Virginia State Crime Commission by July 1 of each year.

K. A law-enforcement agency that uses a system shall publicly post the policy set forth in subsection H and the report set forth in subsection I. Data shall not be publicly posted if it contains personal or case identifying information. If any data (i) contains an articulable concern for any person's safety, (ii) is otherwise prohibited from public disclosure by federal or state statute, or (iii) may compromise sensitive criminal justice information if disclosed, such data may be excluded from being publicly posted.

L. A law-enforcement agency shall not use a system for the purpose of interfering with individuals engaged in lawful activities or tracking individuals on the basis of the content of lawfully protected speech.

M. A notification by a system for purposes set forth in subsection D does not, by itself, constitute reasonable suspicion as grounds for law enforcement to stop a vehicle. Prior to stopping a vehicle based on a notification, a law-enforcement officer shall:

1. Develop independent reasonable suspicion for the stop; or

2. Confirm that the license plate or identifying characteristics of a vehicle match the information contained in the database used to generate the notification.

N. Any person who willfully and intentionally queries, accesses, or uses a system for a purpose other than set forth in subsection D, or who willfully and intentionally sells, shares, or disseminates system data or audit trail data in violation of subsection F, is guilty of a Class 1 misdemeanor.

O. Any evidence obtained as the result of a violation of subsection D, F, L, or M is not admissible by the Commonwealth in any criminal or civil proceeding, but such evidence may be admitted by a defendant in a criminal proceeding or a litigant, other than the Commonwealth, in a civil proceeding.

P. This section does not apply to systems used:

1. For the enforcement of traffic laws, which includes parking regulations, speed limits, tolling requirements, high-occupancy vehicle requirements, or on-road emissions monitoring;

2. By the Department of Motor Vehicles at permanent weighing stations and in mobile weighing operations; or

3. By any state or local agency or any private entity for non-criminal justice purposes.

Q. A law-enforcement agency shall obtain a permit from the Department of Transportation in accordance with regulations of the Commonwealth Transportation Board before installing a system on a state right-of-way. The Department of State Police shall have sole and exclusive authority to install, maintain, and operate systems for law-enforcement purposes in the right-of-way of any limited access highway or any bridge, tunnel, or special structure under the jurisdiction of the Commonwealth Transportation Board or the Department of Transportation in accordance with the provisions of this section and upon compliance with the regulations of the Commonwealth Transportation Board governing activities in the right-of-way as authorized by § 33.2-210. A vendor may submit a permit application on behalf of the law-enforcement agency if the vendor has obtained a letter of authorization signed by the law-enforcement agency. The provisions of this subsection shall not prevent or limit the use of any system that is authorized by any other provision of law.

R. A vendor shall immediately notify the contracting law-enforcement agency under subsection C upon receipt of a subpoena duces tecum, execution of a search warrant, or any other request from a third party for any system data or audit trail data, unless disclosure of such subpoena duces tecum, search warrant, or request is otherwise prohibited by law.

S. Prior to or coincident with the implementation of an automatic license plate recognition system, a local law-enforcement agency shall take measures to promote public awareness on the use of such system.

§ 52-30.2. Prohibited practices; collection of data.

A. No State Police officer shall engage in bias-based profiling in the performance of his official duties.

B. State Police officers shall collect data pertaining to (i) all investigatory motor vehicle stops, (ii) all stop-and-frisks of a person based on reasonable suspicion, and (iii) all other investigatory detentions that do not result in an arrest or the issuance of a summons to be reported into the Community Policing Reporting Database. State Police officers shall submit the data to their commanding officers, who shall forward it to the Superintendent of State Police.

C. Each time a law-enforcement officer or State Police officer stops a driver of a motor vehicle, stops and frisks a person based on reasonable suspicion, or temporarily detains a person during any other investigatory stop, such officer shall

collect the following data based on the officer's observation or information provided to the officer by the driver: (i) the race, ethnicity, age, gender of the person stopped, and whether the person stopped spoke English; (ii) the reason for the stop; (iii) *whether a notification from an automatic license plate recognition system, as defined in § 2.2-5517, was received for the motor vehicle prior to such stop, and if so, the specific reason for the notification as set forth in subsection D of § 2.2-5517; (iv)* the location of the stop; ~~(iv)~~ *(v)* whether a warning, written citation, or summons was issued or whether any person was arrested; ~~(v)~~ *(vi)* if a warning, written citation, or summons was issued or an arrest was made, the warning provided, violation charged, or crime charged; ~~(vi)~~ *(vii)* whether the vehicle or any person was searched; and ~~(vii)~~ *(viii)* whether the law-enforcement officer or State Police officer used physical force against any person and whether any person used physical force against any officers.

D. Each state and local law-enforcement agency shall collect the number of complaints the agency receives alleging the use of excessive force.

2. That the provisions of subsection C of § 2.2-5517 of the Code of Virginia, as created by this act, shall become effective on July 1, 2026. Any law-enforcement agency may enter into or continue an existing contract with a vendor for the installation, use, or maintenance of an automatic license plate recognition system prior to July 1, 2026; however, after such date the terms of such contract must comply with the provisions of subsection C of § 2.2-5517 of the Code of Virginia, as created by this act.

3. That the provisions of subsection C of § 52-30.2 of the Code of Virginia, as amended by this act, shall become effective on January 1, 2026.

4. That the Division of Purchases and Supply of the Department of General Services, in consultation with the Virginia Information Technologies Agency, shall determine the automatic license plate recognition systems for use in the Commonwealth as set forth in subsection B of § 2.2-5517 of the Code of Virginia, as created by this act, and shall publicly post a list of such systems on its website by January 1, 2026.

5. That the provisions of this act shall apply to the use of automatic license plate recognition systems on or after July 1, 2025, and are not retroactive.

6. That the Department of State Police shall develop a model policy for the use of automatic license plate recognition systems by law-enforcement agencies that is consistent with the provisions of this act and shall publicly post such model policy by July 1, 2025.

7. That the first report from law-enforcement agencies as required by subsection I of § 2.2-5517 of the Code of Virginia, as created by this act, shall be due by April 1, 2027.

8. That the first report from the Department of State Police as required by subsection J of § 2.2-5517 of the Code of Virginia, as created by this act, shall be due by July 1, 2027.

9. That the Commonwealth Transportation Board's initial adoption of regulations pursuant to this act shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code Virginia).

10. That any automatic license plate recognition systems in a Commonwealth Transportation Board controlled right-of-way that were installed prior to the effective date of this act shall be subject to then-existing regulations of the Commonwealth Transportation Board issued pursuant to § 33.2-210 of the Code of Virginia and shall, in order to remain in the right-of-way, obtain land use permits from the Virginia Department of Transportation no later than August 1, 2025.

11. That the Department of State Police shall, beginning April 1, 2027, provide the data reported by law-enforcement agencies pursuant to subsection I of § 2.2-5517 of the Code of Virginia, as created by this act, in non-aggregate form to the Virginia State Crime Commission for the purpose of monitoring and evaluating the use of automatic license plate recognition systems. The Department of Transportation shall provide the Virginia State Crime Commission with data on the number of applications submitted for a land use permit for the installation of an automatic license plate recognition system by or on behalf of a law-enforcement agency, and the number of such permits issued, (i) by January 5, 2026, for the time period between July 1, 2025, and December 31, 2025, and (ii) by April 1 of each year thereafter for the previous calendar year, broken down by each individual law-enforcement agency applying for and being issued such a permit. The Virginia State Crime Commission shall report on the use of automatic license plate recognition systems in the Commonwealth by July 1, 2027, and by July 1 of each of the following five years.

12. That any local law-enforcement agency using an automatic license plate recognition system when the provisions of this act take effect on July 1, 2025, shall take measures to promote public awareness of such use and shall commence such measures by September 1, 2025, unless such agency has previously taken measures to promote such public awareness.

13. That the Virginia State Crime Commission shall collect data and conduct surveys of law-enforcement agencies to assess the use of automatic license plate recognition systems in the Commonwealth, to include obtaining each such agency's policy on the use of such systems. The Virginia State Crime Commission shall report its findings by the first day of the 2026 Regular Session of the General Assembly and again on November 1, 2026.

14. That the provisions of subsection Q of § 2.2-5517 of the Code of Virginia, as created by this act, shall not become effective unless reenacted by the 2026 Session of the General Assembly.

CHAPTER 721

An Act to amend and reenact § 18.2-251.03 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 18.2-36.3, relating to involuntary manslaughter; certain drug offenses.

[S 746]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-251.03 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 18.2-36.3 as follows:

§ 18.2-36.3. Involuntary manslaughter; certain drug offenses.

A. Any person who knowingly, intentionally, and feloniously manufactures, sells, or distributes a controlled substance knowing that such controlled substance contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, in violation of Article 1 (§ 18.2-247 et seq.) of Chapter 7 and unintentionally causes the death of another person is guilty of involuntary manslaughter if (i) such death results from the use of the controlled substance and (ii) such controlled substance is the proximate cause of the death regardless of the time or place death occurred in relation to the commission of the underlying manufacturing, sale, or distribution of a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers.

B. It is not a defense to a prosecution under this section that the decedent contributed to his own death by his knowing or voluntary use of the controlled substance. Venue for a prosecution under this section shall lie in the locality where the manufacturing, sale, or distribution of a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, occurred, where the use of the controlled substance occurred, or where death occurred.

C. However, if any person proves that he gave or distributed a controlled substance that contains a detectable amount of fentanyl, including its derivatives, isomers, esters, ethers, salts, and salts of isomers, in violation of Article 1 (§ 18.2-247 et seq.) of Chapter 7 only as an accommodation to another individual who is not an inmate in a community correctional facility, local correctional facility, or state correctional facility as defined in § 53.1-1 or in the custody of an employee thereof, and not with intent to profit thereby from any consideration received or expected nor to induce the recipient or intended recipient of the controlled substance to use or become addicted to or dependent upon such controlled substance, he shall not be guilty of involuntary manslaughter but is guilty of an accommodation sale punishable as a Class 6 felony.

D. No person convicted pursuant to this section for conduct described in subsection A shall be subject to a prosecution for a violation of subsection D of § 18.2-46.6 or § 18.2-248.01, 18.2-250, or 18.2-256 for the same transaction or occurrence.

§ 18.2-251.03. Arrest and prosecution when experiencing or reporting overdoses.

A. For purposes of this section, "overdose" means a life-threatening condition resulting from the consumption or use of a controlled substance, alcohol, or any combination of such substances.

B. No individual shall be subject to arrest or prosecution for the unlawful purchase, possession, or consumption of alcohol pursuant to § 4.1-305, unlawful purchase, possession, or consumption of marijuana pursuant to § 4.1-1105.1, *involuntary manslaughter pursuant to § 18.2-36.3,* possession of a controlled substance pursuant to § 18.2-250, intoxication in public pursuant to § 18.2-388, or possession of controlled paraphernalia pursuant to § 54.1-3466 if:

1. Such individual (i) in good faith, seeks or obtains emergency medical attention (a) for himself, if he is experiencing an overdose, or (b) for another individual, if such other individual is experiencing an overdose; (ii) is experiencing an overdose and another individual, in good faith, seeks or obtains emergency medical attention for such individual, by contemporaneously reporting such overdose to a firefighter, as defined in § 65.2-102, emergency medical services personnel, as defined in § 32.1-111.1, a law-enforcement officer, as defined in § 9.1-101, or an emergency 911 system; or (iii) in good faith, renders emergency care or assistance, including cardiopulmonary resuscitation (CPR) or the administration of naloxone or other opioid antagonist for overdose reversal, to an individual experiencing an overdose while another individual seeks or obtains emergency medical attention in accordance with this subdivision;

2. Such individual remains at the scene of the overdose or at any alternative location to which he or the person requiring emergency medical attention has been transported until a law-enforcement officer responds to the report of an overdose. If no law-enforcement officer is present at the scene of the overdose or at the alternative location, then such individual shall cooperate with law enforcement as otherwise set forth herein;

3. Such individual identifies himself to the law-enforcement officer who responds to the report of the overdose; and

4. The evidence for the prosecution of an offense enumerated in this subsection was obtained as a result of the individual seeking or obtaining emergency medical attention or rendering emergency care or assistance.

C. The provisions of this section shall not apply to any person who seeks or obtains emergency medical attention for himself or another individual, to a person experiencing an overdose when another individual seeks or obtains emergency medical attention for him, or to a person who renders emergency care or assistance to an individual experiencing an overdose while another person seeks or obtains emergency medical attention during the execution of a search warrant or during the conduct of a lawful search or a lawful arrest.

D. This section does not establish protection from arrest or prosecution for any individual or offense other than those listed in subsection B.

E. No law-enforcement officer acting in good faith shall be found liable for false arrest if it is later determined that the person arrested was immune from prosecution under this section.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 722

An Act to amend and reenact §§ 54.1-2200, 54.1-2200.2, and 54.1-2208.1 through 54.1-2208.4 of the Code of Virginia, relating to professions and occupations; regulation of geologists; licensure; penalty.

[H 1835]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-2200, 54.1-2200.2, and 54.1-2208.1 through 54.1-2208.4 of the Code of Virginia are amended and reenacted as follows:

§ 54.1-2200. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Board" means the Board for Professional Soil Scientists, Wetland Professionals, and Geologists.

"Department" means the Department of Professional and Occupational Regulation.

"Eligible soil scientist" means a person who possesses the qualifications specified in this chapter to become licensed.

"Eligible wetland professional" means a person who possesses the qualifications specified in this chapter to become certified.

"Geological mapping" means the process of creating a map on which is recorded geological information, such as the distribution, nature, and age of relationships of rock units, in which surficial deposits may or may not be mapped separately, and the occurrence of structural features such as folds, faults, and joints; mineral deposits; and fossil localities. "Geological mapping" may indicate geologic structure by means of formational outcrop patterns, by conventional symbols giving the direction and amount of dip at certain points, or by structure-contour lines.

"Geologist" means a person engaged in the practice of geology.

"Geology" means the science encompassing those principles and methods related to (i) the earth and its history in general; (ii) the investigation, prediction, evaluation, and location of materials and structures that compose the earth; (iii) the natural processes that cause changes in the earth; and (iv) the application of knowledge of the earth, its processes, and its constituent rocks, minerals, liquids, gases, and other natural materials.

"Practice of geology" means the performance of any professional service or work wherein the principles and methods of geology are applied, including (i) investigating, evaluating, and consulting; (ii) geological mapping; (iii) describing the natural processes that act upon the earth's materials; (iv) predicting the probable occurrence of natural processes; and (v) inspecting, planning, and performing and supervising geological work in order to enhance and protect the health, safety, and welfare of the public and the environment.

"Practice of soil evaluation" means the evaluation of soil by accepted principles and methods including, observation, investigation, and consultation on measured, observed, and inferred soils and their properties; analysis of the effects of these properties on the use and management of various kinds of soil; and preparation of soil descriptions, maps, reports, and interpretive drawings.

"Practice of wetland delineation" means the delineation of wetlands by accepted principles and methods including, observation, investigation, and consultation on soil, vegetation, and hydrologic parameters; and preparation of wetland delineations, descriptions, reports, and interpretive drawings.

"Qualified geologist" means an ~~uncertified~~ *unlicensed* person who possesses all the qualifications specified in this chapter for ~~certification~~ *licensure*.

"Soil" means the groups of natural bodies occupying the unconsolidated portion of the earth's surface which are capable of supporting plant life and have properties caused by the combined effects, as modified by topography and time, of climate and living organisms upon parent materials.

"Soil evaluation" means plotting soil boundaries, describing and evaluating the kinds of soil, and predicting their suitability for and response to various uses.

"Soil science" means the science dealing with the physical, chemical, mineralogical, and biological properties of soils as natural bodies.

"Soil scientist" means a person having special knowledge of soil science and the methods and principles of soil evaluation as acquired by education and experience in the formation, description, and mapping of soils.

~~"Virginia certified professional geologist" means a person who possesses all qualifications specified in this chapter for certification and whose competence has been attested by the Board through certification.~~

"Virginia certified professional wetland delineator" means a person who possesses the qualifications required for certification by the provisions of this chapter and the regulations of the Board and who is granted certification by the Board.

"Virginia licensed professional geologist" means a person who possesses all qualifications specified in this chapter for licensure and whose competence has been attested by the Board through licensure.

"Virginia licensed professional soil scientist" means a person who possesses the qualifications required for licensure by the provisions of this chapter and the regulations of the Board and who has been granted a license by the Board.

"Wetland delineation" means delineating wetland limits in accordance with prevailing state and federal regulatory guidance and describing wetland types.

"Wetland professional" means a person having special knowledge of wetland science and the methods and principles of wetland delineation as acquired by education and experience in the formation, description, and mapping of wetlands.

"Wetland science" means the science dealing with the physical, chemical, and biological properties of wetland systems integrated through ecological and morphological relationships.

"Wetlands" means the same as that term is defined in §§ 28.2-1300 and 62.1-44.3.

§ 54.1-2200.2. Board for Professional Soil Scientists, Wetland Professionals, and Geologists; membership; quorum.

A. Notwithstanding the provisions of § 54.1-200, the Board for Professional Soil Scientists, Wetland Professionals, and Geologists shall be composed of 13 members as follows: three licensed professional soil scientists, three certified professional wetland delineators, three *licensed professional* geologists, and three citizen members. The State Geologist shall serve as an ex officio member of the Board. The *professional* geologist members shall be of varied backgrounds. The professional soil scientist members shall have experience in at least one of the following areas: (i) soil mapping and classification, (ii) soil suitability and land use, (iii) teaching and research in soil science, and (iv) environmental protection regulations. Of the wetland professional members, one shall have experience in wetland delineation and description, one shall have experience in teaching and research in wetland science, and one shall have experience with natural resource regulations. Terms of the members shall be for four years.

B. The Board shall annually elect a chairman from its membership. Seven board members, consisting of at least two *professional* soil scientists, two professional wetland delineators, two *professional* geologists, and one citizen, shall constitute a quorum.

C. The Governor may select the professional soil scientist members from a list of at least three names for each vacancy submitted by the Virginia Association of Professional Soil Scientists. The Governor may notify the Virginia Association of Professional Soil Scientists of any professional vacancy other than by expiration among the professional soil scientist members of the Board and nominations may be made for the filling of the vacancy.

D. The Governor may select the wetland professionals from a list of at least three names for each vacancy submitted by the Virginia Association of Wetland Professionals. The Governor may notify and request nominations from the Virginia Association of Wetland Professionals of any professional vacancy other than by expiration among the wetland professional members.

§ 54.1-2208.1. Purpose; exemptions.

A. The ~~certification program set forth in this article is voluntary and shall not be construed to prevent or affect the practice of geology by uncertified geologists; however, no person may represent himself as a Virginia certified professional geologist unless he has been so certified by the Board~~ *licensing of professional geologists as set forth in this article shall serve any or all of the following purposes:*

1. The maintenance of educational, experiential, and ethical standards in the practice of geology;

2. The maintenance of standards of objectivity, truthfulness, and reliability in the practice of geology;

3. The restriction of the professional geologist from association with any person engaging in illegal or dishonest activities in the practice of geology; and

4. The limitation of the practice of geology and any offer of the practice of geology to those persons licensed pursuant to this article.

B. This article shall not *be construed to* prevent or affect ~~the~~*:*

1. The practice of any profession or trade for which licensing, certification, or registration is required under any other Virginia law, including the practice of licensed professional engineers lawfully practicing engineering in its various specialized branches*;*

2. The work of any archeologist, chemist, geographer, or oceanographer who is in responsible charge of geological work or the drawing of geological conclusions and recommendations, provided such work does not include the design and execution of geological investigations;

3. The practice of geology by any person under the direct supervision and control of a professional geologist licensed pursuant to this article, provided such practice does not include being in responsible charge of final geological reports or decisions; or

4. The practice of geology by any person certified as a professional geologist before July 1, 2025.

§ 54.1-2208.2. Licensure; minimum qualifications; penalty.

A. Any person practicing or offering to practice as a *professional* geologist or in a geological specialty in this Commonwealth may submit reasonable evidence to the Board that he is qualified to practice and to be ~~certified~~ *licensed* as provided in this article. The Board shall approve the application for ~~certification~~ *licensure* of any person who, in the opinion of the Board, has satisfactorily met the requirements of this article and who has paid any applicable fees fixed by the Board.

~~Certifications~~ *Licenses* shall expire at intervals as designated by the Board. A ~~certification~~ *license* may be renewed by the Board upon receipt of a formal request accompanied by any applicable fees.

B. To be eligible for ~~certification~~ *licensure* as a professional geologist, an applicant shall meet each of the following minimum qualifications:

1. Be of ethical character.

2. Have a baccalaureate or higher degree from an accredited institution of higher education with either a major in geology, engineering geology, geological engineering, or related geological sciences; or have completed at least 30 semester hours or the equivalent in geological science courses leading to a major in geology.

3. Have at least seven years of geological work that shall include either a minimum of three years of geological work under the supervision of a qualified or ~~certified~~ *licensed* professional geologist or a minimum of three years of experience in responsible charge of geological work. The adequacy of the position and the required supervision and experience shall be determined by the Board in accordance with standards set forth in its regulations. The following criteria of education and experience qualify toward the required seven years of geological work:

a. Each year of full-time undergraduate study in the geological sciences shall count as one-half year of experience up to a maximum of two years, and each year of full-time graduate study shall count as a year of experience up to a maximum of three years. Credit for undergraduate and graduate study shall in no case exceed a total of four years toward meeting the requirements for at least seven years of geological work.

b. The Board may consider, in lieu of the above-described geological work, the cumulative total of geological work or geological research of persons occupying research or post-graduate positions as well as those teaching geology courses at an institution of higher education, provided such work or research can be demonstrated to be of a sufficiently responsible nature to be equivalent to the geological work required in this section.

4. Have successfully passed an appropriate examination approved by the Board and designed to demonstrate that the applicant has the necessary knowledge and skill to exercise the responsibilities of the public practice of geology.

At the discretion of the Board, separate examinations may be prepared for various subspecialities of geology; however, there will be no specialty ~~certification~~ *licensure*, only ~~certification~~ *licensure* as a professional geologist.

C. The Board shall issue a license to practice as a geologist in the Commonwealth to any individual who holds an unexpired certification to practice as a geologist issued prior to July 1, 2025.

D. No person shall represent himself as a licensed professional geologist unless he has been so licensed by the Board. Any person practicing or offering to practice geology within the meaning of this article who, through verbal claim, sign, advertisement, or letterhead, represents himself as a licensed professional geologist without holding such license from the Board is guilty of a Class 1 misdemeanor.

§ 54.1-2208.3. Waiver of examination.

The Board may waive the examination requirement for ~~certification~~ *licensure* as a professional geologist for an applicant who otherwise meets the requirements of this article and who also meets any of the following conditions:

1. Makes written application to the Board and has at least 12 years of geological work that includes the geological work as specified in subsection B of § 54.1-2208.2.

2. Makes written application to the Board and holds an unexpired certificate of registration, certification, or license to engage in the practice of geology issued to him on the basis of comparable requirements by a proper authority of a state, territory, or possession of the United States or the District of Columbia.

§ 54.1-2208.4. Professional ethics and conduct.

A. The Board, in coordination with an ad hoc panel of ~~certified~~ *licensed* professional geologists convened by the Board and representing various geological interests in Virginia, shall have prepared and adopted a Code of Professional Ethics and Conduct that shall be published and made known in writing to every Virginia ~~certified~~ *licensed* professional geologist and applicant for ~~certification~~ *licensure* under this article. The Board may revise and amend this code as needed and shall forthwith notify each ~~certified~~ *licensed* professional geologist in writing of such revisions or amendments.

B. The full Board, by majority vote, shall have the power to suspend, revoke, or refuse to renew the ~~certification~~ *license* of any professional geologist who, after an appropriate formal hearing, is found to have been involved in:

1. Any fraud or deceit in obtaining ~~certification~~ *licensure*;

2. Any violation of the Code of Professional Ethics and Conduct or other regulations of the Board;

3. Demonstrated gross negligence, incompetence, or misconduct in the practice of geology as a professional geologist; or

4. Any conviction of a felony which, in the opinion of the Board, would adversely affect the practice of geology.

C. The Board, by majority vote of the quorum, may reinstate a revoked or suspended ~~certification~~ *license* to any professional geologist who makes written application to the Board showing good cause for such action.

2. That the Board for Professional Soil Scientists, Wetland Professionals, and Geologists shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

CHAPTER 723

An Act to amend and reenact § 62.1-44.15:39 of the Code of Virginia, relating to Virginia Erosion and Stormwater Management Program authority; right of entry.

[H 2008]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15:39 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.15:39. Right of entry.

In addition to the Board's authority set forth in § 62.1-44.20, a locality serving as a VESMP authority *or as an operator of a regulated municipal separate storm sewer system* or any duly authorized agent thereof may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article. For ~~localities that operate~~ *operators of* regulated municipal separate storm sewer systems *that are not a locality or any duly authorized agent thereof*, this authority shall apply only to those properties from which a discharge enters their municipal separate storm sewer systems.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESMP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by conditions imposed by the VESMP authority on a land-disturbing activity when an owner, after proper notice, has failed to take acceptable action within the time specified.

CHAPTER 724

An Act to amend and reenact § 62.1-44.15:39 of the Code of Virginia, relating to Virginia Erosion and Stormwater Management Program authority; right of entry.

[S 1093]

Approved May 2, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15:39 of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.15:39. Right of entry.

In addition to the Board's authority set forth in § 62.1-44.20, a locality serving as a VESMP authority *or as an operator of a regulated municipal separate storm sewer system* or any duly authorized agent thereof may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article. For ~~localities that operate~~ *operators of* regulated municipal separate storm sewer systems *that are not a locality or any duly authorized agent thereof*, this authority shall apply only to those properties from which a discharge enters their municipal separate storm sewer systems.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESMP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by conditions imposed by the VESMP authority on a land-disturbing activity when an owner, after proper notice, has failed to take acceptable action within the time specified.

CHAPTER 725

[H 1600]

Approved May 2, 2025

An Act to amend and reenact Chapter 2 of the Acts of Assembly of 2024, Special Session I, as amended by Chapters 3 and 4 of the Acts of Assembly of 2024, Special Session I, which appropriates the public revenues for two years ending, respectively, on June 30, 2025, and June 30, 2026; an Act to amend and reenact § 58.1-332.03, § 58.1-339.8, § 58.1-390.3, § 58.1-439.29, § 58.1-439.30, § 58.1-492, § 59.1-376, § 59.1-391, § 59.1-392 and § 65.2-107 of the Code of Virginia; and to amend and reenact the second enactment of Chapter 763 of the Acts of Assembly of 2023 and the second enactment of Chapter 791 of the Acts of Assembly of 2023.

Be it enacted by the General Assembly of Virginia:

1. That Items 0, 1, 6, 7, 10, 12, 13, 16, 20, 23, 24, 25, 26, 27, 31, 33, 34, 35, 40, 44, 58, 59, 60, 61, 63, 64, 65, 66, 67, 68, 70, 71, 74, 75, 77, 79, 80, 81, 82, 85, 86, 87, 91, 93, 95, 96, 101, 102, 103, 108, 109, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 123, 124, 125, 125.10, 126, 129, 130, 132, 136, 137, 140, 141, 144, 145, 148, 151, 152, 155, 156, 157, 159, 160, 161, 163, 164, 166, 167, 168, 172, 173, 176, 177, 183, 184, 187, 190, 191, 192, 193, 194, 195, 196, 197, 198, 200, 201, 203, 204, 206, 207, 209, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 223, 225, 226, 227, 229, 230, 231, 233, 234, 236, 237, 243, 244, 246, 247, 254, 257, 258, 259, 260, 261, 262, 264, 268, 269, 270, 271, 272, 274, 275, 276, 277, 278, 279, 280, 281, 283, 285, 286, 287, 288, 290, 291, 292, 293, 294, 295, 296, 297, 300, 301, 302, 307, 314, 315, 320, 324, 325, 326, 327, 328, 329, 330, 331, 332, 334, 337, 339, 341, 343, 344, 349, 352, 353, 354, 355, 356, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 370, 371, 372, 373, 376, 383, 384, 385, 388, 389, 390, 391, 392, 394, 399, 404, 406, 407, 408, 411, 413, 415, 416, 417, 419, 421, 422, 423, 424, 425, 426, 428, 430, 433, 436, 437, 438, 439, 440, 441, 442, 443, 444, 446, 450, 451, 452, 455, 456, 458, 460, 462, 463, 466, 469, 470, 471, 473, 475, 476, 479, 480, 481, 482, 483, 484, 489.10, 489.20, 489.30, 489.40, § 2-0, C-2, C-3.50, C-5, C-24, C-25, C-33, C-34, C-46, C-47, C-48, C-49, C-51, C-52, C-53.50, C-53.60, C-54, C-55, C-58, C-59, § 3-1.01, § 3-1.03, § 3-5.01, § 3-5.03, § 3-5.15, § 3-5.23, § 4-1.02, § 4-6.01, § 4-7.01 and § 4-14 of Chapter 2 of the 2024 Acts of Assembly, Special Session I, as amended by Chapters 3 and 4 of the 2024 Acts of Assembly, Special Session I, be hereby amended and reenacted and that the cited chapter be further amended by adding Items 142.10, 252.10, C-3.60, C-4.10, C-7.20, C-7.80, C-8.60, C-10.50, C-11.10, C-16.10, C-16.20, C-21.50, C-21.60, C-22.40, C-22.50, C-29.30, C-32.10, C-39.10, C-43.50, C-45.10, C-45.20, C-45.30, C-52.10, C-52.20, C-53.70, C-53.80, § 3-5.25, and § 3-5.26, and that the cited chapter be further amended by striking therefrom § 3-5.04, § 3-5.16 and § 4-5.08.

2.§1. The following are hereby appropriated, for the current biennium, as set forth in succeeding parts, sections and items, for the purposes stated and for the years indicated:

A. The balances of appropriations made by previous acts of the General Assembly which are recorded as unexpended, as of the close of business on the last day of the previous biennium, on the final records of the State Comptroller; and

B. The public taxes and arrears of taxes, as well as moneys derived from all other sources, which shall come into the state treasury prior to the close of business on the last day of the current biennium. The term "moneys" means nontax revenues of all kinds, including but not limited to fees, licenses, services and contract charges, gifts, grants, and donations, and projected revenues derived from proposed legislation contingent upon General Assembly passage.

§ 2. Such balances, public taxes, arrears of taxes, and monies derived from all other sources as are not segregated by law to other funds, which funds are defined by the State Comptroller, pursuant to § 2.2-803, Code of Virginia, shall establish and constitute the general fund of the state treasury.

§ 3. The appropriations made in this act from the general fund are based upon the following:

	First Year	Second Year	Total
Unreserved Beginning Balance	~~$2,989,627,272~~	$0	~~$2,989,627,272~~
	$12,757,442,466		*$12,757,442,466*
Additions to Balance	~~$47,000,000~~	~~($500,000)~~	~~$46,500,000~~
	($8,243,470,953)	*$19,500,000*	*($8,223,970,953)*
Official Revenue Estimates	~~$28,563,750,000~~	~~$30,275,550,000~~	~~$59,839,300,000~~
	$30,661,036,462	*$31,360,409,381*	*$62,021,445,843*
Transfer	~~$1,128,073,149~~	~~$1,714,755,410~~	~~$2,842,828,559~~
	$1,390,285,768	*$1,572,043,937*	*$2,962,329,705*
Total General Fund Resources Available for			

Appropriation	~~$32,728,450,421~~	~~$31,989,805,410~~	~~$64,718,255,831~~
	$36,565,293,743	*$32,951,953,318*	*$69,517,247,061*

The appropriations made in this act from nongeneral fund revenues are based upon the following:

	First Year	Second Year	Total
Balance, June 30, 2024	~~$12,189,205,926~~	$0	~~$12,189,205,926~~
	$12,329,216,528		*$12,329,216,528*
Official Revenue Estimates	~~$50,242,785,460~~	~~$52,470,704,871~~	~~$102,713,490,331~~
	$55,952,484,636	*$57,955,178,841*	*$113,907,663,477*
Lottery Proceeds Fund	~~$877,926,201~~	~~$852,926,201~~	~~$1,730,852,402~~
	$943,824,250	*$875,335,350*	*$1,819,159,600*

	$2,548,392,953	*$2,661,451,414*	*$5,209,844,367*
Bond Proceeds	~~$834,497,540~~	~~$200,000,000~~	~~$1,034,497,540~~
	$930,193,760	*$406,085,243*	*$1,336,279,003*
Total Nongeneral Fund Revenues Available for Appropriation	~~$66,692,308,080~~	~~$56,136,847,146~~	~~$122,829,155,226~~
	$72,704,112,127	*$61,898,050,848*	*$134,602,162,975*
TOTAL PROJECTED REVENUES	~~$99,420,758,501~~	~~$88,126,652,556~~	~~$187,547,411,057~~
	$109,269,405,870	*$94,850,004,166*	*$204,119,410,036*

§ 4. Nongeneral fund revenues which are not otherwise segregated pursuant to this act shall be segregated in accordance with the acts respectively establishing them.

§ 5. The sums herein appropriated are appropriated from the fund sources designated in the respective items of this act.

§ 6. When used in this act the term:

A. "Current biennium" means the period from the first day of July two thousand twenty-four, through the thirtieth day of June two thousand twenty-six, inclusive.

B. "Previous biennium" means the period from the first day of July two thousand twenty-two, through the thirtieth day of June two thousand twenty-four, inclusive.

C. "Next biennium" means the period from the first day of July two thousand twenty-six, through the thirtieth day of June two thousand twenty-eight, inclusive.

D. "State agency" means a court, department, institution, office, board, council or other unit of state government located in the legislative, judicial, or executive departments or group of independent agencies, or central appropriations, as shown in this act, and which is designated in this act by title and a three-digit agency code.

E. "Nonstate agency" means an organization or entity as defined in § 2.2-1505 C, Code of Virginia.

F. "Authority" sets forth the general enabling statute, either state or federal, for the operation of the program for which appropriations are shown.

G. "Discretionary" means there is no continuing statutory authority which infers or requires state funding for programs for which the appropriations are shown.

H. "Appropriation" shall include both the funds authorized for expenditure and the corresponding level of full-time equivalent employment.

I. "Sum sufficient" identifies an appropriation for which the Governor is authorized to exceed the amount shown in the Appropriation Act if required to carry out the purpose for which the appropriation is made.

J. "Item Details" indicates that, except as provided in § 6 H above, the numbers shown under the columns labeled Item Details are for information reference only.

K. Unless otherwise defined, terms used in this act dealing with budgeting, planning and related management actions are defined in the instructions for preparation of the Executive Budget.

§ 7. The total appropriations from all sources in this act have been allocated as follows:

BIENNIUM 2024-26

	General Fund	Nongeneral Fund	Total
OPERATING EXPENSES	~~$63,748,960,781~~	~~$112,919,222,182~~	~~$176,668,182,963~~
	$67,475,321,135	*$117,834,227,778*	*$185,309,548,913*
LEGISLATIVE DEPARTMENT	~~$280,791,734~~	~~$10,610,590~~	~~$291,402,324~~

§ 8. This chapter shall be known and may be cited as the "2025 Appropriation Act."

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

PART 1: OPERATING EXPENSES

LEGISLATIVE DEPARTMENT

§ 1-1. GENERAL ASSEMBLY OF VIRGINIA (101)

1.	Enactment of Laws (78200)			
	a sum sufficient, estimated at		~~$65,305,825~~ *$66,855,825*	$65,280,825
	Legislative Sessions (78204)	~~$65,305,825~~ *$66,855,825*	$65,280,825	
	Fund Sources: General	~~$65,305,825~~ *$66,855,825*	$65,280,825	

Authority: Article IV, Constitution of Virginia.

A. Out of this appropriation, the House of Delegates is funded ~~$39,373,969~~*$40,148,969* the first year and $39,359,683 the second year from the general fund. The Senate is funded ~~$25,931,856~~*$26,706,856* the first year and $25,921,142 the second year from the general fund.

B. Out of this appropriation shall be paid:

1. The salaries of the Speaker of the House of Delegates and other members, and personnel employed by each House; the mileage of members, officers and employees, including salaries and mileage of members of legislative committees sitting during recess; public printing and related expenses required by or for the General Assembly; and the incidental expenses of the General Assembly (§§ 30-19.11 through 30-19.20, inclusive, and § 30-19.4, Code of Virginia). The salary of the Speaker of the House of Delegates shall be $36,321 per year. The salaries of other members of the House of Delegates shall be $17,640 per year. The salaries of the members of the Senate shall be $18,000 per year.

2. Expenses of the Speaker of the House of Delegates not otherwise reimbursed, $16,200 each year, to be paid in equal monthly installments during the year.

3. In accordance with § 30-19.4, Code of Virginia, and subject to all other conditions of that section except as otherwise provided in the following paragraphs:

a. $126,160 per calendar year for the compensation of one or more secretaries of the Speaker of the House of Delegates. Salary increases shall be governed by the provisions of Item 469 of this act.

b. $344,216 per calendar year for the compensation of one or more legislative assistants of the Speaker of the House of Delegates. Salary increases shall be governed by the provisions of Item 469 of this act.

c. $240,613 per calendar year for the compensation of one or more secretaries or legislative assistants for the Senate majority and minority leadership, as determined by the Majority Leader in consultation with the Chairman of the Senate Committee on Rules. Salary increases shall be governed by the provisions of Item 469 of this act.

d.1. $52,102 per calendar year for the compensation of legislative assistants for each member of the House of Delegates and $60,409 for the compensation of legislative assistants for each member of the Senate. Salary increases granted shall be governed by the provisions of Item 469 of this act.

2. In addition, $19,538 per calendar year for each member of the House of Delegates and $11,583 per calendar year for each member of the Senate to provide compensation for additional legislative assistant support costs incurred during the legislative session and in the operation of legislative offices within members' districts. Salary increases granted shall be governed by the provisions of Item 469 of this act.

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

e. The per diem for each legislative assistant of each member of the General Assembly, including the Speaker of the House of Delegates. Such per diem shall equal the amount authorized per session day for General Assembly members in paragraph B.5, if such legislative assistant maintains a temporary residence during the legislative session or an extension thereof and if the establishment of such temporary residence results from the person's employment by the member. The per diem for a legislative assistant who is domiciled in the City of Richmond or whose domicile is within twenty miles of the Capitol shall equal thirty-five percent of the amount paid to a legislative assistant who maintains a temporary residence during such session. For purposes of this paragraph, (i) a session day shall include such days as shall be established by the Rules Committee of each respective House and (ii) a temporary residence is defined as a residence certified by the member served by the legislative assistant as occupied only by reason of employment during the legislative session or extension thereof. Notwithstanding the provisions of (i) of the preceding sentence, if the House from which the legislative assistant is paid is in adjournment during a regular or special session, he must show to the satisfaction of the Clerk that he worked each day during such adjournment for which such per diem is claimed.

f. A mileage allowance as provided in § 2.2-2823 A, Code of Virginia, and as certified by the member. Such mileage allowance shall be paid to a legislative assistant for one round trip between the City of Richmond and such person's home each week during the legislative session or an extension thereof when such person is maintaining a temporary residence.

g. Per diem and mileage shall be paid only to a person who is paid compensation pursuant to § 30-19.4, Code of Virginia.

h. Not more than one person shall be paid per diem or mileage during a single weekly pay period for serving a member as legislative assistant during a legislative session or extension thereof.

i. No person, by virtue of concurrently serving more than one member, shall be paid mileage or per diem in excess of the daily rates specified in this Item.

j. $83,336 per calendar year additional allowance for secretaries or legislative assistants to the Majority and Minority Leaders of the House of Delegates and the Senate and for secretaries or legislative assistants to the President Pro Tempore of the Senate, Chair of the Senate Committee on Rules, and to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees. Salary increases shall be governed by the provisions of Item 469 of this act.

4.a All compensation and reimbursement of expenses to members of the General Assembly and non-General Assembly members for attending a meeting described in paragraphs B.4.c., B.4.d., B.5., and B.6. shall be paid solely as provided pursuant to this item.

b. The provisions of paragraphs B.4.c. and B.4.d. of this item shall not apply during any regular session of the General Assembly or extension thereof, or during any special session of the General Assembly; provided, however, that the provisions of such paragraphs shall apply during any recess of the same.

c. Notwithstanding any other provision of law, each General Assembly member shall receive compensation for each day, or portion thereof, of attendance at an official meeting of any joint subcommittee, board, commission, authority, council, compact, or other body that has been created or established by the General Assembly or by resolution of a house of the General Assembly, provided that the member has been appointed to, or designated an official member of, such joint subcommittee, board, commission, authority, council, compact, or other body pursuant to an act of the General Assembly or a resolution of a house of the General Assembly that provides for the appointment or designation.

Notwithstanding any other provision of law, each General Assembly member shall also receive compensation for each day, or portion thereof, of attendance at an official meeting of (i) any standing committee or subcommittee thereof of the House of Delegates to which the member has been appointed, (ii) any standing committee or subcommittee thereof or Committee on Rules of the Senate to which the member has been appointed, or (iii) the Joint Rules Committee of the General Assembly. Any official meeting of a subcommittee of any of the committees described in clauses (i), (ii), or (iii) shall also be an official meeting for which

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

the member shall receive compensation.

Notwithstanding any other provision of law, any General Assembly member whose attendance, in the written opinion of the chairman of (a) any joint subcommittee, board, commission, authority, council, or other body that has been created or established in the legislative branch of state government by the General Assembly or by resolution of a house of the General Assembly; (b) any such standing committee of the House of Delegates or of the Senate; (c) the Committee on Rules of the Senate; or (d) the Joint Rules Committee of the General Assembly, is required at an official meeting of the body shall also receive compensation for each day, or portion thereof, of attendance at such official meeting.

Any General Assembly member receiving compensation pursuant to this paragraph for attending an official meeting shall be reimbursed for his or her reasonable and necessary expenses incurred in attending such meeting. Notwithstanding any other provision of law, the reimbursement shall be provided by the respective body holding the meeting or by the entity that supports the work of the body.

d. Compensation to General Assembly members for attendance at any official meeting described under B.4.c.of this item may be at a rate equal to $300 for each day, or portion thereof, of attendance. If the member attends two or more official meetings during the same day, and at least one of which occurs in the morning and one of which occurs in the afternoon, then the member shall be compensated at a rate of $400 for the entire day, otherwise compensation is capped at the $300 per day. The payment of such compensation shall be subject to the restrictions and limitations set forth in subsections B., C., and G. of § 30-19.12, Code of Virginia. Notwithstanding any other provision of law, compensation to General Assembly members for attendance at such official meetings shall be paid by the offices of the Clerk of the House of Delegates or Clerk of the Senate, as applicable. The body holding the meeting shall as soon as practicable report the member's attendance at any official meeting of such body to the Clerk of the House of Delegates or the Clerk of the Senate, as applicable, in order to facilitate payment of the compensation. Such body shall report the member's attendance in such manner as prescribed by the respective Clerk.

5. Notwithstanding any other provision of law, whenever any General Assembly member is required to travel for official attendance as a representative of the General Assembly at any meeting, conference, seminar, workshop, or conclave, which is not conducted by the Commonwealth of Virginia or any of its agencies or instrumentalities, such member shall be entitled to (i) compensation in an amount not to exceed the per day rate set forth in paragraph B.4.d., and (ii) reimbursement for reasonable and necessary expenses incurred. Such compensation and reimbursement for expenses shall be set by the Speaker of the House of Delegates for members of the House of Delegates and by the Senate Committee on Rules for members of the Senate.

6. The provisions of this paragraph shall apply only to non-General Assembly members (hereinafter, "citizen members") of any (i) board, commission, authority, council, or other body created or established in the legislative branch of state government by the General Assembly or by resolution of a house of the General Assembly, or (ii) joint legislative committee or subcommittee.

Notwithstanding any other provision of law, any citizen member of any body described in this paragraph who is appointed at the state level, or designated an official member of such body, pursuant to an act of the General Assembly or a resolution of a house of the General Assembly that provides for the appointment or designation, shall receive compensation solely for each day, or portion thereof, of attendance at an official meeting of the same. In no event shall any citizen member be paid compensation for attending a meeting of an advisory committee or other advisory body. Subject to any contrary law that provides for a higher amount of compensation to be paid, compensation shall be paid at the rate of $50 for each day, or portion thereof, of attendance at an official meeting.

Such citizen members shall also be reimbursed for reasonable and necessary expenses incurred in attending (i) an official meeting of any body described in this paragraph, or (ii) a meeting of an advisory committee or advisory body of any body described in this paragraph.

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

Compensation and reimbursement of expenses to such citizen members shall be paid by the body holding the meeting (or for meetings of advisory committees or advisory bodies, the body on whose behalf the meeting is being held) or by the entity that supports the work of the body.

A citizen member, however, who is a full-time employee of the Commonwealth or any of its local political subdivisions, including any full-time faculty member of a public institution of higher education, shall not be entitled to compensation under this paragraph and shall be limited to reimbursement for his reasonable and necessary expenses incurred, which shall be reimbursed by his employer. If such full-time employee who is a citizen member is required by his employer to take annual, family and personal, or other paid leave or unpaid leave to attend an official meeting under this paragraph, then such person shall be reimbursed for his reasonable and necessary expenses incurred by the body holding the meeting, or for meetings of advisory committees or advisory bodies, the body on whose behalf the meeting is being held, or by the entity that supports the work of the body. For the purposes of this paragraph, reasonable and necessary expenses shall exclude the reimbursement for leave taken by a citizen member who is a full-time employee of the Commonwealth.

A citizen member who is also currently a treasurer, sheriff, clerk of court, commissioner of the revenue, or attorney for the Commonwealth by reason of election of the qualified county or city voters shall not be entitled to compensation under this paragraph and shall be limited to reimbursement for his reasonable and necessary expenses incurred, which shall be reimbursed within the budget already established by the Compensation Board and in the same manner as other reasonable and necessary expenses of his office are reimbursed. Full-time employees of one of the foregoing constitutional offices shall also not be entitled to compensation under this paragraph and shall be limited to reimbursement for their reasonable and necessary expenses incurred, which shall be reimbursed within the budget already established by the Compensation Board and in the same manner as other reasonable and necessary expenses of the constitutional office are reimbursed.

7. Pursuant to § 30-19.13, Code of Virginia, allowances for expenses of members of the General Assembly during any regular session of the General Assembly or extension thereof or during any special session of the General Assembly shall be paid in an amount not to exceed the maximum daily amount permitted by the Internal Revenue Service under rates established by the U.S. General Services Administration.

8. Allowance for office expenses and supplies of members of the General Assembly, in the amount of $1,250 for each month of each calendar year. An additional $500 for each month of each calendar year shall be paid to the Majority and Minority Leaders of the House of Delegates and the Senate and to the President Pro Tempore of the Senate, the Chair of the Senate Committee on Rules, the Chair or Chairs of the Senate Finance and Appropriations Committee, and the Chair of the House Appropriations Committee.

9. Members may utilize state transportation options as needed to attend regular or special sessions of the General Assembly; however, in such cases, members are not eligible to request travel reimbursement.

C. One legislative assistant of a member of the General Assembly regularly employed on a twelve (12) consecutive month salary basis receiving 60 percent or more of the salary allotted pursuant to paragraph B.3.d.1, may, for the purposes of §§ 51.1-124.3 and 51.1-152, Code of Virginia, be deemed a "state employee" and as such will be eligible for participation in the Virginia Retirement System, the group life insurance plan, the VRS short and long term disability plans, and the state health insurance plan. Upon approval by the Joint Rules Committee, legislative assistants shall be eligible to participate in the short and long-term disability plans sponsored by the Virginia Retirement System pursuant to Chapter 11 of Title 51.1, Code of Virginia. Such legislative assistants shall not receive sick leave and family and personal leave benefits under this plan. Short-term disability benefits shall be payable from the Legislative Reversion Clearing Account.

D.1. Out of this appropriation the Clerk of the House of Delegates shall pay the routine maintenance and operating expenses of the General Assembly Building, *Old City Hall, and Lot 27* as apportioned to the Senate, House of Delegates, Division of Legislative Services, ~~Joint Legislative Audit and Review Commission,~~ or other legislative agencies. The funds appropriated to each agency in the Legislative Department for routine maintenance and

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

operating expenses during the current biennium shall be transferred to the account established for this purpose.

2. The Offices of the Clerk of the House and the Clerk of the Senate, in collaboration with the Department of General Services, may survey the subbasement of the parking deck at the corner of 9th Street and Broad Street in Richmond for suitability for storage.

E. An amount of up to $10,000 per year shall be transferred from Item 38 of this act, to reflect equivalent compensation allowances for the Lieutenant Governor as were authorized by the 1994 General Assembly. The Lieutenant Governor shall report such increases to the Speaker of the House and the Chair of the House Appropriations Committee and the Chair of the Senate Finance and Appropriations Committee.

F. The Speaker of the House shall establish the salary for the Clerk of the House of Delegates.

G. The Senate Committee on Rules shall establish the salary for the Clerk of the Senate.

H. Notwithstanding the salaries set out in Items 2, 4, 5, and 6, the Committee on Joint Rules may establish salary ranges for such agency heads consistent with the provisions and salary ranges included in § 4-6.01 of this act.

I. The Joint Commission on Transportation Accountability shall regularly review, and provide oversight of the usage of funding generated pursuant to the provisions of House Bill 2313, 2013 Session of the General Assembly. To this end, by November 15 the Director of the Department of Rail and Public Transportation, the Northern Virginia Transportation Authority and the Hampton Roads Transportation Accountability Commission shall each prepare a report on the uses of the Commonwealth Rail Fund, the Northern Virginia Transportation Authority Fund, and the Hampton Roads Transportation Fund, respectively, each year to be presented to the Joint Commission on Transportation Accountability.

J.1. The Chairs of the House Appropriations and Senate Finance and Appropriations Committees shall each appoint up to five members from their respective committees to a Joint Subcommittee for Early Childhood Care and Education to provide ongoing oversight of the implementation of Virginia's unified public-private system for early childhood care and education. The members of the Joint Subcommittee shall elect a chairman and vice chairman annually.

2. The goals and objectives of the Joint Subcommittee shall be to (i) review the cost-effectiveness of federal and state funding used to improve Virginia's early childhood care and education system, (ii) ensure that the transition of child care regulation from the Board of Social Services to the Board of Education occurs seamlessly without impacting health and safety oversight functions, (iii) ensure that the transition of functions from the Department of Social Services to the Department of Education occurs seamlessly without the interruption of the provision of state services or undue impact on the operation of either agency, (iv) review the implementation of the Board of Education's Quality Rating Implementation System, (v) review workforce needs for Virginia's early childhood education system, (vi) further facilitate partnerships between school divisions and private providers for the Virginia Preschool Initiative, (vii) consider recommendations and options included in the 2017 JLARC report on Improving Virginia's Early Childhood Development Programs, and (viii) consider funding methodology changes to transition the Virginia Preschool Initiative funding model to maximize the number of children served, while recognizing prevailing costs.

3. The staff of the Elementary and Secondary Education subcommittees for the House Appropriations and Senate Finance and Appropriations Committees and the Department of Education will help with facilitating the scope of work to be completed by the Joint Subcommittee. The Virginia Early Childhood Foundation will provide support and resources to the members and staff of the Joint Subcommittee. Other stakeholders, such as those from the Virginia Department of Social Services, the Virginia Community College System, local school divisions, private and faith-based child day-care providers, accredited organizations, education associations and businesses may provide additional information if requested. A report of any findings and recommendations shall be submitted to the

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

Chairs of House Appropriations and Senate Finance and Appropriations Committees.

K.1. The Chairs of the House Appropriations and Senate Finance and Appropriations Committees shall each appoint five members from their respective committees to a Joint Subcommittee for Health and Human Resources Oversight to respond to federal health care changes, provide ongoing oversight of the Medicaid and children's health insurance programs and oversight of Health and Human Resources agencies. The members of the Joint Subcommittee shall elect a Chair and Vice Chair annually.

2. The Joint Subcommittee shall monitor, evaluate and respond to federal legislation that repeals, amends or replaces the Affordable Care Act (ACA), Medicaid (Title XIX of the Social Security Act), the Children's Health Insurance Program (Title XXI of the Social Security Act) or any proposals to block grant or change the method by which these programs are funded. The Joint Subcommittee shall recommend actions to be taken by the General Assembly to address the impact of any such federal legislation that would affect the state budget and health care coverage now available to Virginians. Furthermore, the Subcommittee shall evaluate federal changes for opportunities to improve Virginia's Medicaid and other health insurance programs.

3. The Joint Subcommittee shall provide ongoing oversight of initiatives and operations of the Health and Human Resources agencies. The Joint Subcommittee shall examine progress made in implementing changes to: (i) Medicaid managed care, including managed long-term supports and services; (ii) Medicaid waiver programs including the Medicaid waivers serving individuals with developmental disabilities; (iii) the Medicaid Enterprise System; (iv) improve eligibility, enrollment and renewal processes in the Medicaid and CHIP programs; (v) the organizational structure and realignment of staff and resources of the Department of Medical Assistance Services resulting from the change from a fee-for-service to a managed care delivery system; (vi) improve the cost effective delivery of services through the Comprehensive Services Act; and (vii) initiatives and programmatic changes across the Health and Human Resources agencies to ensure efficient and effective use of resources across the Secretariat.

4. The Joint Subcommittee may seek support and technical assistance from staff of the House Appropriations and Senate Finance and Appropriations Committees, the staff of the Joint Legislative Audit and Review Commission, the staff of the Joint Commission on Health Care, and the staff of the Department of Medical Assistance Services. Other state agency staff shall provide support upon request.

5. The staff of the House Appropriations and Senate Finance and Appropriations Committees and the Joint Commission on Health Care shall help facilitate the scope of work to be completed by the Joint Subcommittee for Health and Human Resources Oversight.

L.1. The Chair of the Senate Finance and Appropriations Committee shall appoint five members from their Committee and the Chair of the House Appropriations Committee shall appoint four members from his Committee and two members of the House Finance Committee to a Joint Subcommittee on Local Government Fiscal Stress. The Joint Subcommittee shall elect a chairman and vice-chairman from among its membership.

2. The goals and objectives of the Joint Subcommittee will be to review (i) savings opportunities from increased regional cooperation and consolidation of services, including by jointly operating or merging small school divisions; (ii) local responsibilities for service delivery of state-mandated or high priority programs, (iii) causes of fiscal stress among local governments, (iv) potential financial incentives and other governmental reforms to encourage increased regional cooperation; and (v) the different taxing authorities of cities and counties.

3. Administrative staff support shall be provided by the Office of the Clerks of the House and Senate. The Joint Subcommittee may seek support and technical assistance from the staff of the Division of Legislative Services, House Appropriations and Senate Finance and Appropriations Committees, and the Commission on Local Government. All agencies of the Commonwealth shall provide assistance to the Joint Subcommittee for this study, upon request.

4. No recommendation of the Joint Subcommittee shall be adopted if a majority votes against the recommendation. The Joint Subcommittee shall submit to the Division of Legislative

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

Automated Systems an executive summary of its findings and recommendations no later than the first day of the next Regular Session of the General Assembly for each year.

M. Any nonlegislative citizen member appointed by either the Speaker of the House, the Senate Committee on Rules or the Joint Rules Committee to any Authority, Board, Commission, Committee, or other deliberative body in the Commonwealth shall serve at the pleasure of such appointing authority. Any such member may be relieved of his appointment at any time, with or without cause.

N.1. The Chair of the Senate Finance and Appropriations Committee shall appoint six members from the Senate Committee on Finance and Appropriations and the Chair of the House Appropriations Committee shall appoint three members from the House Committee on Appropriations and three members of the House Committee on Finance to a Joint Subcommittee on Tax Policy. The Joint Subcommittee shall elect a chairman and vice-chairman from among its membership.

2. The goals and objectives of the Joint Subcommittee shall include (i) evaluating the fiscal impact of amendments to tax brackets, tax rates, credits, deductions, and exemptions, as well as any other factors it deems relevant to making Virginia's individual income tax system more fair and equitable; (ii) giving consideration to the fairness, certainty, convenience of payment, economy in collection, simplicity, neutrality, and economic efficiency of the Commonwealth's tax policies and any changes thereto; and (iii) recommending whether the General Assembly should amend the Code of Virginia.

3. To assist the Joint Subcommittee, the Chair of the Joint Subcommittee may appoint a workgroup which includes the staff of the House Committee on Finance, the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, and any other stakeholders deemed appropriate. All agencies of the Commonwealth shall provide technical assistance to the Joint Subcommittee, upon request.

4. The Joint Subcommittee shall explore efforts to modernize the Commonwealth’s income and sales and use taxes during the 2024 interim. The goals and objectives shall include: (i) evaluating existing sales and use tax exemptions; (ii) applying sales and use tax to digital goods and services, including transactions involving businesses; (iii) evaluating efforts to increase the progressivity of the income tax; (iv) and long-term revenue growth to maintain core government services.

5. *The Joint Subcommittee on Tax Policy shall study the data center sales and use tax exemption during the 2025 interim. The goals and objectives shall include: (i) reviewing Virginia's status as a leader for data center development and tax preferences; (ii) competitive advantages provided by existing and future exemptions; (iii) approaches taken in other states to provide stability and continuity for the impacted firms; (iv) investigating methods to attract data center investment to non-urbanized areas of the Commonwealth; (v) reviewing the recommendations and options in the 2024 JLARC study on Data Centers in Virginia; and (vi) reviewing the estimated direct and indirect economic benefits of data center investment in the Commonwealth.*

O.1. The Virginia Minority Business Commission (the Commission) shall promote the growth and competitiveness of Virginia minority-owned businesses.

2.a. The Commission shall consist of 13 members that include seven legislative members and six nonlegislative citizen members. Members shall be appointed as follows: four members of the House of Delegates to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; three members of the Senate to be appointed by the Senate Committee on Rules; three nonlegislative citizen members with expertise in entrepreneurship, economics, and business to be appointed by the Speaker of the House of Delegates; and three nonlegislative citizen members with expertise in entrepreneurship, economics, and business to be appointed by the Senate Committee on Rules. Nonlegislative citizen members of the Commission shall be citizens of the Commonwealth of Virginia. Unless otherwise approved in writing by the Chair of the Commission and the respective Clerk, nonlegislative citizen members shall only be reimbursed for travel originating and ending within the Commonwealth of Virginia for the purpose of attending meetings.

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

b. Legislative members and ex officio members of the Commission shall serve terms coincident with their terms of office. Nonlegislative citizen members shall be appointed for a term of two years. Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. Legislative members and nonlegislative citizen members may be reappointed. However, no nonlegislative citizen member shall serve more than four consecutive two-year terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's eligibility for reappointment. Vacancies shall be filled in the same manner as the original appointments. The Commission shall elect a Chair and Vice-Chair from among its membership, who shall be members of the General Assembly.

c. Legislative members of the Commission shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for reasonable and necessary expenses incurred in the performance of their duties as provided in § 2.2-2813 and § 2.2-2825. Compensation to members of the General Assembly for attendance at official meetings of the Commission shall be paid by the offices of the Clerk of the House of Delegates or Clerk of the Senate, as applicable. All other compensation and expenses shall be paid from existing appropriations to the Commission.

3. The Commission shall: (i) Evaluate the impact of existing statutes and proposed legislation on minority businesses; (ii) Assess the Commonwealth's minority business assistance programs and examine ways to enhance their effectiveness; (iii) Provide minority business owners and advocates with a forum to address their concerns; (iv) Develop strategies and recommendations to promote the growth and competitiveness of Virginia minority-owned businesses; and, (v) Collaborate with the Department of Small Business and Supplier Diversity and other appropriate entities to facilitate the Commission's work and mission.

4. The Chair shall submit to the General Assembly and the Governor an annual executive summary of the interim activity and work of the Commission no later than November 1st of each year. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

P. Included within this appropriation is ~~$496,094~~*$696,094* the first year and ~~$496,094~~ *$501,494* the second year from the general fund for operational support for the following legislative commissions:

Legislative Commission/Council	Authority	FY 2025	FY 2026
American Revolution 250 Commission (Legislative Member Expenses)	Title 30, Chapter 25, Code of Virginia	$12,200	$12,200
Autism Advisory Council	Title 30, Chapter 50, Code of Virginia	$6,330	$6,330
Commission on Civics Education	Title 30, Chapter 55, Code of Virginia	$15,000	$15,000
Commission on School Construction and Modernization	Title 30, Chapter 60, Code of Virginia	$34,340	$34,340

Q. The Division of Legislative Services shall provide staffing and operational support, as needed, for the legislative commissions listed within the table of the preceding paragraph of this item.

~~R.1. There is hereby established a workgroup to review the recommendations of a November 2022 report from the Joint Legislative and Audit Review Commission (JLARC) regarding the actuarial surplus of the VA529 Defined Benefit Trust Fund (the Fund). The workgroup shall be comprised of the staff directors of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations, the investment director of the Virginia College Savings Plan, the State Treasurer, three nonlegislative citizen members who are citizens of the Commonwealth and have investment or actuarial expertise, one each of which is to be appointed by the Governor,~~

ITEM 1.	Item Details($) First Year FY2025	Item Details($) Second Year FY2026	Appropriations($) First Year FY2025	Appropriations($) Second Year FY2026

~~and by the Chairs of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations.~~

~~2. The workgroup shall review the considerations set forth in the JLARC report and produce recommendations with regard to: (i) the method, timing, and amount of any withdrawals from the Fund, including the appropriate funded status at which withdrawals should be considered, with consideration to maintaining sufficient assets to ensure Fund solvency for future obligations; (ii) provide guidelines for the appropriate allocation and subsequent use of monies withdrawn from the Fund, to include returning funds to Legacy Prepaid529 account holders, and for programs supporting higher education access and affordability; and (iii) ongoing oversight of Fund balances to determine availability of any future actuarial surpluses.~~

~~3. The workgroup shall submit its findings and recommendations to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than October 15, 2024.~~

R.1. The Chairs of the House Appropriations and Senate Finance and Appropriations Committees shall each appoint four members from their respective committees to a joint subcommittee to review the recommendations of the November 2022 report from the Joint Legislative and Audit Review Commission (JLARC) regarding the actuarial surplus of the VA529 Defined Benefit Trust Fund (the Fund).
