§ 46.2-706. Proof of insurance required of applicants for registration of motor vehicles; verification of insurance; suspension of driver's license, registration certificates, and license plates for certain violations.

A. Every person applying for registration of a motor vehicle shall, under the penalties set forth in § 46.2-707, execute and furnish to the Commissioner his certificate that the motor vehicle is an insured motor vehicle as defined in § 46.2-705, or that the Commissioner has issued to its owner, in accordance with § 46.2-368, a certificate of self-insurance applicable to the vehicle sought to be registered. The Commissioner, or his duly authorized agent, may verify that the motor vehicle is properly insured by comparing owner and vehicle identification information on file at the Department of Motor Vehicles with liability information on the owner and vehicle transmitted to the Department by any insurance company licensed to do business in the Commonwealth as provided in § 46.2-706.1. If no record of liability insurance is found, the Department may require the motor vehicle owner to verify insurance in a method prescribed by the Commissioner.

B. The refusal or neglect of any owner within 30 days to submit the liability insurance information when required by the Commissioner or his duly authorized agent, or the electronic notification by the insurance company or surety company that the policy or bond named in the certificate of insurance is not in effect, shall require the Commissioner to suspend any driver's license and all registration certificates and license plates issued to the owner of the motor vehicle until the person (i) has paid to the Commissioner a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and (ii) furnishes proof of financial responsibility ~~for~~ *in* the future in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. No order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued. When three years have elapsed from the effective date of the suspension required in this section, the Commissioner may relieve the person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*.

C. The Commissioner shall suspend the driver's license and all registration certificates and license plates of any person on receiving a record of his conviction of a violation of any provisions of § 46.2-707, but the Commissioner shall dispense with the suspension when the person is convicted for a violation of § 46.2-707 and the Department's records show conclusively that the motor vehicle was insured prior to the date and time of the alleged offense.

D. The Commissioner may dispense with a suspension for a violation of this section or § 46.2-708 if the person determined to have committed the violation provides to the Commissioner proof that conclusively shows that the motor vehicle in question was insured at the time the Department initiated insurance monitoring under this section or § 46.2-706.1 or at the time of a violation of § 46.2-708.

§ 46.2-707. Operation of uninsured vehicle; false evidence of insurance; penalty.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558 who operates or permits the operation of that motor vehicle is guilty of a Class 3 misdemeanor.

Any person who is the operator of such an uninsured motor vehicle and not the titled owner and who knows that such motor vehicle is uninsured is guilty of a Class 3 misdemeanor.

The Commissioner or his duly authorized agent, having reason to believe that a motor vehicle is being operated or has been operated on any specified date, may require the owner of such motor vehicle to verify insurance in a method prescribed by the Commissioner as provided for by § 46.2-706. The refusal or neglect of the owner to provide such verification shall be prima facie evidence that the motor vehicle was an uninsured motor vehicle at the time of such operation.

Any person who falsely verifies insurance to the Commissioner or gives false evidence that a motor vehicle sought to be registered is an insured motor vehicle, shall be guilty of a Class 3 misdemeanor.

However, the foregoing portions of this section shall not be applicable if it is established that the owner had good cause to believe and did believe that such motor vehicle was an insured motor vehicle, in which event the provisions of § 46.2-609 shall be applicable.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558 shall immediately surrender the vehicle's license plates to the Department, unless the vehicle's registration has been deactivated as provided by § 46.2-646.1.

Any person who fails to immediately surrender his vehicle's license plates as required by this section is guilty of a Class 3 misdemeanor.

Abstracts of records of conviction, as defined in this title, of any violation of any of the provisions of this section shall be forwarded to the Commissioner as prescribed by § 46.2-383.

The Commissioner shall suspend the driver's license and all registration certificates and license plates of any titled owner of an uninsured motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section, and he shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person until such person pays a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and furnishes proof of ~~future~~ financial responsibility *in the future* as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, when three years have elapsed from the date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*. When such suspension results from a conviction for presenting or causing to be presented to the Commissioner false verification as to whether a motor vehicle is an insured motor vehicle or false evidence that any motor vehicle sought to be registered is insured, then the Commissioner shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person so convicted for a period of 180 days from the date of such order of suspension, and only then when all other provisions of law have been complied with by such person.

The Commissioner shall suspend the driver's license of any person who is the operator but not the titled owner of a motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section and he shall not thereafter reissue the driver's license until 30 days from the date of such order of suspension.

§ 46.2-707.1. Noncompliance fee payment plan.

A. The Department may establish a noncompliance fee payment plan to allow individuals to pay the fees for a motor vehicle determined to be uninsured as prescribed in § 46.2-706, 46.2-707, or 46.2-708. Notwithstanding §§ 46.2-706, 46.2-707, and 46.2-708, an individual 18 years of age or older whose driver's license and vehicle registration have been suspended pursuant to § 46.2-706, 46.2-707, or 46.2-708 may apply to the Department to enter into a payment plan agreement with a duration of no more than three years from the agreement date, referred to in this section as the "payment plan period."

B. To be eligible to enter into the payment plan, the individual must (i) have one or more outstanding suspensions of driving privileges pursuant to the provisions of § 46.2-706, 46.2-707, or 46.2-708 and have no other outstanding suspensions or revocations; (ii) meet all other conditions for reinstatement of driving privileges; and (iii) have not defaulted twice on the same uninsured motor vehicle payment plan agreement.

C. An eligible individual who pays a $25 administrative fee when entering into a payment plan agreement or when reentering into a payment plan agreement with the Department, and pays the reinstatement fee pursuant to §§ 46.2-333.1 and 46.2-411, if required, shall be eligible to have his driving privileges reinstated by the Department.

D. The amount and frequency of each payment and the duration of the payment plan shall be described in the payment plan agreement signed by the Department and the individual. Payments may be made in person, online, by telephone, or by mail. The full fee must be paid in no more than three years from the agreement date; however, an individual may repay the balance of the fee at any time during the payment plan period with no penalty.

E. If an individual defaults on the payment plan agreement, the Commissioner shall suspend the driver's license and all registration certificates and license plates issued to the owner of the motor vehicle determined to be uninsured. Such driver's license, registration certificates, and license plates shall remain suspended until the individual pays the balance of the fee applicable to his offense as prescribed in § 46.2-706, 46.2-707, or 46.2-708 and furnishes proof of ~~future~~ financial responsibility *in the future* as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. An individual is in default if he (i) pays an installment payment late as defined in the payment plan agreement or (ii) fails to make an installment payment as agreed to in the payment plan agreement. If an individual is in default and is ineligible to reenter the payment plan, full payment of the balance of the fee shall be due as agreed to in the payment plan agreement. The Commissioner may extend the due date of any installment payment for not more than 30 days if the Department is unable to process an installment payment due to circumstances beyond its control.

F. When all fees are paid, the individual shall continue to furnish proof of financial responsibility *in the future* pursuant to Article 15 (§ 46.2-435 et seq.) of Chapter 3 and § 46.2-709.

G. Installment payments of the fee with respect to the motor vehicle determined to be uninsured shall be disposed of pursuant to § 46.2-710. The administrative fee shall be paid to the Commissioner and deposited into the state treasury account set aside in a special fund to be used to meet the necessary expenses incurred by the Department.

§ 46.2-708. Suspension of driver's license and registration when uninsured motor vehicle is involved in reportable accident; hearing prior to suspension.

When it appears to the Commissioner from the records of his office or from a report submitted by an insurance company licensed to do business in the Commonwealth that an uninsured motor vehicle as defined in § 46.2-705, subject to registration in the Commonwealth, is involved in a reportable accident in the Commonwealth resulting in death, injury, or property damage, the Commissioner shall, in addition to enforcing the applicable provisions of Article 13 (§ 46.2-417 et seq.) of Chapter 3, suspend such owner's driver's license and all of his license plates and registration certificates until such person has complied with Article 13 of Chapter 3 and has paid to the Commissioner a noncompliance fee of $600, to be disposed of as provided by § 46.2-710, with respect to the motor vehicle involved in the accident and furnishes proof of

~~future~~ financial responsibility *in the future* in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, no order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued.

However, when three years have elapsed from the effective date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*. The presentation by a person subject to the provisions of this section of a certificate of insurance, executed by an agent or representative of an insurance company qualified to do business in this Commonwealth, showing that on the date and at the time of the accident the vehicle was an insured motor vehicle as herein defined shall be sufficient bar to the suspension provided for in this section.

§ 46.2-709. Requiring other proof of financial responsibility in the future; suspended driver's license, registration certificate and license plates to be returned to Commissioner; Commissioner may take possession thereof.

Whenever any proof of financial responsibility *in the future* filed by any person as required by this article no longer fulfills the purpose for which *it is* required, the Commissioner shall require other proof of financial responsibility *in the future* as required by this article and shall suspend such person's driver's license, registration certificates, and license plates and decals pending the furnishing of proof as required.

Any person whose driver's license or registration certificates, or license plates and decals have been suspended as provided in this article and have not been reinstated shall immediately return every such license, registration certificate, and set of license plates and decals held by him to the Commissioner. Any person failing to comply with this requirement shall be guilty of a traffic infraction and upon conviction thereof shall be punished as provided in § 46.2-113.

The Commissioner is authorized to take possession of any license, registration certificate, or set of license plates and decals on their suspension under the provisions of this chapter or to direct any police officer to take possession of and return them to the office of the Commissioner.

CHAPTER 178

An Act to amend and reenact § 2.2-5101 of the Code of Virginia, relating to Virginia Investment Performance Grants.

[S 1231]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-5101 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-5101. Virginia investment performance grants.

A. For purposes of this section, "Grant" means a Virginia Investment Performance Grant awarded pursuant to this section and paid from the Investment Performance Grant subfund of the Fund.

B. Subject to the appropriation by the General Assembly of sufficient moneys to the Investment Performance Grant subfund, any eligible manufacturer or research and development service not eligible for a major eligible employer grant under § 2.2-5102 shall be eligible to apply for a Grant.

C. The Partnership shall establish an application process by which eligible manufacturers and research and development services may apply for a Grant. An application for a Grant payment shall not be approved until the Partnership has verified that the required capital investment, and if applicable, job creation, has been completed.

D. *1.* The amount of the Grant that an eligible manufacturer or research and development service shall be eligible to receive shall be determined by the Secretary, based on the recommendation of the Partnership, and contingent upon approval by the Governor. The determination of the appropriate amount of a Grant shall be based on guidelines that establish criteria for correlating the amount of a Grant to the relative value to the Commonwealth of the eligible investment. For the purpose of any Grant award determination that includes a job creation requirement, the eligible manufacturer or research and development service shall pay an average wage, excluding fringe benefits, that is no less than the prevailing average wage for such new jobs.

2. Notwithstanding the provisions of subdivision 1, in localities with (i) an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Partnership pursuant to this section if the average wage paid by the eligible manufacturer or research and development service, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. For projects in localities described in subdivision 2, the Partnership may award a grant or loan for a project paying less than 85 percent of the prevailing average wage, but still providing customary employee benefits, only if the Governor

has made a written finding that the economic circumstances in the area are sufficiently distressed such that assistance to the locality to attract the project is nonetheless justified. Sufficient distress may be based upon high unemployment, underemployment, or negative economic conditions in the locality. However, the minimum private investment and number of new jobs required to be created as set forth in this chapter shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations.

E. The Partnership shall assist the Secretary in developing objective guidelines to be used in awarding Grants. No Grant shall be awarded until the Secretary has provided copies of such guidelines for review to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations. The preparation of the guidelines shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act. The guidelines shall require determinations regarding the amount of Grants to address:

1. The number of new jobs, if any, created by the capital investment;

2. The average wages paid for the new jobs and the amount by which such wages exceed the prevailing average wage of the locality;

3. The extent to which the capital investment produces (i) measurable increases in capacity, productivity, or both; (ii) measurable decreases in the production of flawed product; or (iii) measurable advances in knowledge, research, or the application of research findings for the creation of new or significantly improved products or processes that support manufacturing;

4. The amount of the capital investment;

5. The net present value of benefits to Virginia;

6. The amount of other incentives offered by the Commonwealth and the locality; and

7. The importance of the manufacturing or research and development facility to the economy of the locality or region.

The guidelines shall also address the eligibility of manufacturers or research and development services that make a capital investment in phases over a period of years, and limits on eligibility for multiple Grants by the same manufacturer or research and development service within stated periods of time.

F. At no time shall the aggregate amount of Grants payable in any fiscal year exceed $7 million.

G. Any eligible manufacturer or research and development service shall be eligible to receive a Grant in five equal, annual installments beginning in the first year after completion and verification of the capital investment and any pledged employment. No Grant awarded pursuant to this section to an eligible manufacturer or research and development service shall exceed $5 million in total, and no annual payment to any eligible manufacturer or research and development service shall exceed $1 million.

CHAPTER 179

[S 1275]

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-2240.2:1 of the Code of Virginia is amended and reenacted as follows:

[S 1383]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-127.01, 32.1-134.1, 32.1-134.4, and 32.1-135 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 32.1-27.3 as follows:

§ 32.1-27.3. Sanctions; civil penalty.

A. Notwithstanding any other provision of law, the Commissioner may impose sanctions in accordance with this section on any nursing home that is licensed pursuant to Chapter 5 (§ 32.1-123 et seq.) in response to findings made during a state licensure inspection conducted within the previous 24 months and for which such findings have been communicated to the nursing home within 14 business days of the survey end date for:

1. Violating any order of or refusing, failing, or neglecting to comply with any order of the Board or Commissioner, or violating any provision of Chapter 5 (§ 32.1-123 et seq.) or of any applicable regulation promulgated pursuant to Chapter 5 (§ 32.1-123 et seq.); or

2. Permitting, aiding, or abetting the commission of any illegal act during the provision of health care services delivered by such nursing home.

B. No sanctions under this section shall be imposed for violations deemed more severe than a level 2 deficiency under the Centers for Medicare and Medicaid Services deficiency severity definitions under federal law.

C. The sanctions that the Commissioner may impose pursuant to subsection A shall include the following:

1. Placing on probation any license issued pursuant to Chapter 5 (§ 32.1-123 et seq.); and

2. Imposing a civil penalty not to exceed $500 per violation per day, capped at $10,000 for a series of related incidents of noncompliance. Any civil penalties collected by the Commissioner pursuant to this subdivision shall be paid to the Nursing Scholarship and Loan Repayment Fund established pursuant to § 54.1-3011.2 to be used for the nursing scholarship and loan repayment program for nurses who agree to perform a period of service in a Commonwealth long-term care facility established pursuant to subsection B of § 32.1-122.6:01.

D. A nursing home sanctioned by the Commissioner pursuant to subsection C shall retain responsibility for the health, safety, and welfare of any person under such nursing home's care, including the timely transfer or relocation of any persons under such nursing home's care as may be deemed necessary by the Commissioner.

1. Prior to imposing sanctions pursuant to subsection C, the Commissioner shall first require the submission of and compliance with a plan of correction. Such plan of correction shall include mandated training for the nursing home's employees, with all costs borne by the facility, when the Commissioner concludes that the lack of training has led directly to noncompliance.

2. Upon expiration of the initial plan of correction, the Commissioner may extend the time period for the plan of correction or may impose sanctions pursuant to subsection C.

E. The Commissioner shall impose a sanction pursuant to subsection C only after the person subject to such disciplinary action is provided reasonable notice and an opportunity to be heard within no fewer than 30 days from the day of such notice by the Commissioner's presiding officer in accordance with § 2.2-4019. Such sanction may be in addition to any penalty imposed by law for the violation for which such sanction is imposed.

1. All requests for an opportunity to be heard following a notice of the imposition of such sanction shall be received in writing within 15 days of the date of receipt of such notice.

2. All administrative proceedings under this section shall be separate from the regulatory office of the Department that conducted the inspection, investigation, examination, or review.

3. The adjudication officer shall provide a recommendation to the Commissioner, including findings of fact, conclusions, and appropriate disciplinary action.

4. The Commissioner may affirm, modify, or reverse such recommendation and shall issue a final case decision.

5. Any person aggrieved by the final case decision of the Commissioner to impose disciplinary action is entitled to judicial review in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

F. If a nursing home has been sanctioned by the Centers for Medicare and Medicaid Services for conduct that also subjects the nursing home to sanctions pursuant to subsection A, the Commissioner shall not issue a sanction under this section. If the Centers for Medicare and Medicaid Services fail to issue a sanction to a nursing home in the Commonwealth for conduct described in subsection A within 60 days, the Commissioner may issue a sanction under this section if he determines that issuing such sanction is necessary to protect the public health and welfare or the health and safety of the nursing home's clients. In the event the Centers for Medicare and Medicaid Services issue a sanction on a violation for which the Commissioner has issued a sanction pursuant to this section, the sanction issued by the Commissioner shall be nullified with any civil penalty imposed refunded to the nursing home within 60 days.

G. If a license of any nursing home issued pursuant to Chapter 5 (§ 32.1-123 et seq.) is revoked, a new license may be issued by the Commissioner after:

1. Satisfactory evidence is submitted to him that the conditions upon which revocation was based have been corrected; and

2. Proper inspection has been made and compliance with all provisions of Chapter 5 (§ 32.1-123 et seq.) and applicable state and federal laws and regulations hereunder has been obtained.

H. The Board shall promulgate regulations to implement the provisions of this section that include:

Criteria for when the imposition of sanctions or initiation of court proceedings as specified in § 32.1-27, 32.1-27.1, or a combination thereof are appropriate in order to ensure prompt correction of violations involving noncompliance with requirements of any order of the Board or Commissioner or any provision of or regulation promulgated pursuant to Chapter 5 (§ 32.1-123 et seq.);

2. Criteria for the imposition of sanctions;

If the reason or reasons stated are unrelated to standards of patient care, patient welfare, violation of the rules and regulations of the institution or staff, the objectives or efficient operations of the institution, or the character or competency of the applicant, or misconduct in any hospital, it shall be deemed an improper practice.

[H 1617]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-272, 32.1-273, 46.2-328.3, 46.2-332, 46.2-333.1, 46.2-335, 46.2-345, 46.2-345.2, and 46.2-345.3 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-272. Certified copies of vital records; other copies.

A. In accordance with § 32.1-271 and the regulations adopted pursuant thereto, the State Registrar or a district health department shall, upon receipt of a written request, issue a certified copy of any vital record in the custody of the State Registrar or of a part thereof.

The Commissioner of the Department of Motor Vehicles shall be authorized to issue a certified copy of a birth, death, marriage, or divorce vital record, or a part thereof, in the custody of the State Registrar.

Such vital records in the State Registrar's custody may be in the form of originals, photoprocessed reproductions or data filed by electronic means.

Each copy issued shall show the date of registration. Any copy issued from a record marked "delayed" or "amended," except a record amended pursuant to subsection F of this section or subsection E of § 32.1-269, shall be similarly marked and show the effective date.

Certified copies may be issued by county and city registrars only while the original record is in their possession, except that at the option of the county or city registrar true and complete copies of death certificates may be retained and certified copies of such records may be issued by the county or city registrar.

B. A certified copy of a vital record or any part thereof issued in accordance with subsection A shall be considered for all purposes the same as the original and shall be prima facie evidence of the facts therein stated, provided that the evidentiary value of a vital record filed more than one year after the event or a vital record which has been amended shall be determined by the judicial or administrative body or official before whom the certificate is offered as evidence.

C. The federal agency responsible for national vital statistics may be furnished such copies or other data from the system of vital records as it may require for national statistics if such federal agency shares in the cost of collecting, processing and transmitting such data. Such data may be used for research and medical investigations of public health importance. No other use of such data shall be made by the federal agency unless authorized by the State Registrar.

D. Other federal, state and local, public or private agencies or persons in the conduct of their official duties may, upon request and payment of a reasonable fee, be furnished copies or other data from the system of vital records for statistical or administrative purposes upon such terms or conditions as may be prescribed by the Board. Such copies or other data shall not be used for purposes other than those for which they were requested unless so authorized by the State Registrar.

In promulgating regulations relating to the terms or conditions for public or private agencies or persons obtaining copies of death certificates in the conduct of their official duties, the Board shall include within its definition of "legal representative" (i) any attorney licensed to practice law in Virginia, upon presentation of his bar number and evidence of need to obtain such copy; and (ii) any funeral director or funeral service licensee licensed to practice by the Board of Funeral Directors and Embalmers, upon presentation of evidence to so practice and evidence of being in charge of final disposition of the registrant's dead human remains or cremains or evidence of need to obtain such copy.

E. No person shall prepare or issue any certificate which purports to be an original or certified copy of a vital record except as authorized in this chapter or regulations adopted hereunder.

F. Certified copies of birth records filed before July 1, 1960, containing statements of racial designation on the reverse thereof shall be issued without such statement as a part of the certification; nor for this purpose solely shall such certification be marked "amended."

Any American Indian or Native American whose certified copy of a birth record filed before July 1, 1960, contains a racial designation that is incorrect may obtain, without paying a fee, one certified copy of his birth record from which such incorrect racial designation has been removed. Such certification shall not be marked "amended" solely for this reason.

G. With the increased fees to be charged for vital records and the additional deposits to the Vital Statistics Automation Fund, the Board of Health shall establish, within the district health departments, a statewide system for decentralizing certification of vital records, when such records are prepared or issued from data in the custody of the State Registrar and the Board of Health. Such system shall include the Department of Motor Vehicles pursuant to the authorization in subsection A.

H. Any homeless youth, as described in subdivision A 7 of § 22.1-3, may obtain, without paying a fee, a certified copy of his birth record.

§ 32.1-273. Fees for certified copies, searches of files, etc.; disposition.

A. The Board shall prescribe the fee, not to exceed $12, for a certified copy of a vital record or for a search of the files or records when no copy is made and may establish a reasonable fee schedule related to its cost for information or other data provided for research, statistical or administrative purposes. Whenever any veteran or his survivor requires a certified copy of a vital record to obtain service-connected benefits, one copy of such record shall be provided directly to the U.S. Department of Veterans Affairs upon their request and one copy shall be provided to the veteran or his surviving spouse, upon request. Upon request of the surviving spouse of a veteran, the funeral director or funeral service licensee providing funeral services for the veteran may obtain one certified copy of the death certificate for service-connected benefits. No charge shall be imposed upon a veteran or his survivor for a copy related to obtaining service-connected benefits.

B. Fees collected under this section by the State Registrar shall be transmitted to the Comptroller for deposit. Two dollars of each fee collected by the State Registrar shall be deposited by the Comptroller into the Vital Statistics Automation Fund established pursuant to § 32.1-273.1 for so long as shall be authorized. Ten dollars of each fee shall be credited to a special fund to be appropriated by the General Assembly, as it deems necessary, for the purpose of carrying out the provisions of this chapter. When the Vital Statistics Automation System is completed, no further deposits into the fund shall

be made and all fees collected under this section not credited to the special fund created by this subsection shall be deposited into the general fund of the state treasury.

C. The Department of Motor Vehicles shall collect a fee of $12 for each certified copy of a vital record that it issues and shall transmit all such fees to the State Registrar on a monthly basis to ensure that the State Registrar recovers all costs associated with the issuance of certified copies of vital records at Department of Motor Vehicles facilities. In addition, for each certified copy of a vital record that it issues, the Department of Motor Vehicles shall collect a processing fee of $2 as provided in § 46.2-205.2.

D. Fees collected under this section by county and city registrars shall be deposited in the general fund of the county or city except that counties or cities operating health departments pursuant to the provisions of § 32.1-31 shall forward all such fees to the Department for deposit in the cooperative local health services fund.

E. Fees assessed against local departments of social services for furnished copies of vital records as needed to administer public assistance and social services programs, as defined in § 63.2-100, shall be payable on a quarterly basis.

F. No fees shall be assessed against homeless youth, as described in subdivision A 7 of § 22.1-3, for a furnished copy of a vital record.

A. Upon application of any person who does not meet the requirements for a driver's license or permit under subsection A or B of § 46.2-328.1, the Department may issue to the applicant a driver privilege card or permit if the Department determines that the applicant (i) has reported income and deductions from Virginia sources, as defined in § 58.1-302, or been claimed as a dependent, on an individual income tax return filed with the Commonwealth in the preceding 12 months and (ii) is not in violation of the insurance requirements set forth in Article 8 (§ 46.2-705 et seq.) of Chapter 6.

B. Driver privilege cards and permits shall confer the same privileges and shall be subject to the same provisions of this title as driver's licenses and permits issued under this chapter, unless otherwise provided, and shall be subject to the following conditions and exceptions:

1. 5. The fee for an original driver privilege card or permit shall be $50*, except no such fee shall be assessed against homeless youth, as described in subdivision A 7 of § 22.1-3*. The Department may issue, upon application by the holder of a valid, unexpired card or permit issued under this section, and upon payment of a fee of $50, another driver privilege card or permit that shall be valid for a period of two years from the date of issuance. The amount paid by an applicant for a driver privilege card or other document issued pursuant to this chapter shall be considered privileged information for the purposes of § 46.2-208. No applicant shall be required to provide proof of compliance with clauses (i) and (ii) of subsection A for a reissued, renewed, or duplicate card or permit; and

6. Any information collected pursuant to this section that is not otherwise collected by the Department or required for the issuance of any other driving credential issued pursuant to the provisions of this chapter and any information regarding restrictions in the Department's records related to the issuance of a credential issued pursuant to this section shall be considered privileged. Notwithstanding the provisions of § 46.2-208, such information shall not be released except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order.

C. The Department shall not release the following information relating to the issuance of a driver privilege card or permit, except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order, (i) proof documents submitted for the purpose of obtaining a driver privilege card or permit, (ii) the information in the Department's records indicating the type of proof documentation that was provided, or (iii) applications.

C. A fee of $50 shall be charged each time an applicant for a commercial driver's license fails to keep a scheduled skills test appointment, unless such applicant cancels his appointment with the assigned driver's license examiner at least 24 hours in advance of the scheduled appointment. The Commissioner may, on a case-by-case basis, waive such fee for good cause shown. All such fees shall be paid by the Commissioner into the state treasury and set aside as a special fund to be used to meet the necessary expenses incurred by the Department.

D. If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for completion by persons claiming exemption from additional fees imposed by this section.

E. No additional fee above $2.40 per year shall be assessed for the driver's license or commercial driver's license required for the operation of a school bus.

The Department, on receiving from any Virginia resident over the age of 15 years and six months an application for a learner's permit or motorcycle learner's permit, may, subject to the applicant's satisfactory documentation of meeting the requirements of this chapter and successful completion of the written or automated knowledge and vision examinations and, in the case of a motorcycle learner's permit applicant, the automated motorcycle test, issue a permit entitling the applicant, while having the permit in his immediate possession, to drive a motor vehicle or, if the application is made for a motorcycle learner's permit, a motorcycle, on the highways, when accompanied by any licensed driver 21 years of age or older or by his parent or legal guardian, or by a brother, sister, half-brother, half-sister, step-brother, or step-sister 18 years of age or older. The accompanying person shall be (i) alert, able to assist the driver, and actually occupying a seat beside the driver or, for motorcycle instruction, providing immediate supervision from a separate accompanying motor vehicle and (ii) lawfully permitted to operate the motor vehicle or accompanying motorcycle at that time.

The Department shall not, however, issue a learner's permit or motorcycle learner's permit to any minor applicant required to provide evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1, unless such applicant is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a learner's permit or motorcycle learner's permit, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a learner's permit or motorcycle learner's permit.

Such permit, except a motorcycle learner's permit, shall be valid until the holder thereof either is issued a driver's license as provided for in this chapter or no longer meets the qualifications for issuance of a learner's permit as provided in this section. Motorcycle learner's permits shall be valid for 12 months. When a motorcycle learner's permit expires, the permittee may, upon submission of an application, payment of the application fee, and successful completion of the examinations, be issued another motorcycle learner's permit valid for 12 months.

Any person 25 years of age or older who is eligible to receive an operator's license in Virginia, but who is required, pursuant to § 46.2-324.1, to be issued a learner's permit for 60 days prior to his first behind-the-wheel exam, may be issued

such learner's permit even though restrictions on his driving privilege have been ordered by a court. Any such learner's permit shall be subject to the restrictions ordered by the court.

B. No driver's license shall be issued to any such person who is less than 18 years old unless, while holding a learner's permit, he has driven a motor vehicle for at least 45 hours, at least 15 of which were after sunset, as certified by his parent, foster parent, or legal guardian unless the person is married or otherwise emancipated. Such certification shall be on a form provided by the Commissioner and shall contain the following statement:

"It is illegal for anyone to give false information in connection with obtaining a driver's license. This certification is considered part of the driver's license application, and anyone who certifies to a false statement may be prosecuted. I certify that the statements made and the information submitted by me regarding this certification are true and correct."

Such form shall also include the driver's license or Department of Motor Vehicles-issued identification card number of the person making the certification.

C. No learner's permit shall authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old, except when participating in a driver education program approved by the Department of Education or a course offered by a driver training school licensed by the Department. This passenger limitation, however, shall not apply to the members of the driver's family or household as defined in subsection B of § 46.2-334.01.

D. No learner's permit shall authorize its holder to operate a motor vehicle between midnight and four o'clock a.m.

E. A violation of subsection C or D shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. The provisions of §§ 46.2-323 and 46.2-334 relating to evidence and certification of Virginia residence and, in the case of persons of school age, compliance with the compulsory school attendance law shall apply, mutatis mutandis, to applications for learner's permits and motorcycle learner's permits issued under this section.

G. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license.

H. The Department shall charge a fee of $3 for each learner's permit and motorcycle learner's permit issued under this section*, except no such fee shall be charged for homeless youth, as described in subdivision A 7 of § 22.1-3*. Fees for issuance of learner's permits shall be paid into the driver education fund of the state treasury; fees for issuance of motorcycle learner's permits, other than permits issued under § 46.2-328.3, shall be paid into the state treasury and credited to the Motorcycle Rider Safety Training Program Fund created pursuant to § 46.2-1191. It is unlawful for any person, after having received a learner's permit, to drive a motor vehicle without being accompanied by a licensed driver as provided in the foregoing provisions of this section; however, a learner's permit other than a motorcycle learner's permit, accompanied by documentation verifying that the driver is at least 16 years and three months old and has successfully completed an approved driver's education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for the purpose of driving unaccompanied by a licensed driver 18 years of age or older, if all other requirements of this chapter have been met. Such temporary driver's license shall only be valid until the driver has received his permanent license pursuant to § 46.2-336.

I. Nothing in this section shall be construed to permit the issuance of a learner's permit entitling a person to drive a commercial motor vehicle, except as provided by the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

J. The following limitations shall apply to operation of motorcycles by all persons holding motorcycle learner's permits:

1. The operator shall wear an approved safety helmet as provided in § 46.2-910.

2. Operation shall be under the immediate supervision of a person licensed to operate a motorcycle who is 21 years of age or older.

3. No person other than the operator shall occupy the motorcycle.

K. Any violation of this section is punishable as a Class 2 misdemeanor.

§ 46.2-345. Issuance of special identification cards; fee; confidentiality; penalties.

A. On the application of any person who is a resident of the Commonwealth, the parent of any such person who is under the age of 18, or the legal guardian of any such person, the Department shall issue a special identification card to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant's full legal name; year, month, and date of birth; social security number; sex; and residence address. Applicants shall be permitted to choose between "male," "female," or "non-binary" when designating the applicant's sex on the application form;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

3. The Department is satisfied that the applicant needs an identification card or the applicant shows he has a bona fide need for such a card; and

4. The applicant does not hold a driver's license, commercial driver's license, temporary driver's permit, learner's permit, motorcycle learner's permit, or special identification card without a photograph.

Persons 70 years of age or older may exchange a valid Virginia driver's license for a special identification card at no fee. Special identification cards subsequently issued to such persons shall be subject to the regular fees for special identification cards.

B. The fee for the issuance of an original, duplicate, reissue, or renewal special identification card is $2 per year, with a $10 minimum fee*, except no such fee shall be assessed against homeless youth, as described in subdivision A 7 of § 22.1-3*. Persons 21 years old or older may be issued a scenic special identification card for an additional fee of $5.

C. Every special identification card shall expire on the applicant's birthday at the end of the period of years for which a special identification card has been issued. At no time shall any special identification card be issued for less than three nor more than eight years, except under the provisions of subsection B of § 46.2-328.1 and except that those cards issued to children under the age of 15 shall expire on the child's sixteenth birthday. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the card was not issued as a temporary special identification card under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. Any special identification card issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

D. A special identification card issued under this section may be similar in size, shape, and design to a driver's license, and include a photograph of its holder, but the card shall be readily distinguishable from a driver's license and shall clearly state that it does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card shall appear in person before the Department to apply for a renewal, duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Special identification cards, for persons at least 15 years old but less than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Special identification cards for persons under age 15 shall bear a full face photograph. The special identification card issued to persons under age 15 shall be readily distinguishable from a driver's license and from other special identification cards issued by the Department. Such cards shall clearly indicate that it does not authorize the person to whom it is issued to drive a motor vehicle.

G. Unless otherwise prohibited by law, a valid Virginia driver's license shall be surrendered upon application for a special identification card without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license is unexpired and it has not been revoked, suspended, or cancelled. The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.

H. Any personal information, as identified in § 2.2-3801, which is retained by the Department from an application for the issuance of a special identification card is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

J. The Department shall utilize the various communications media throughout the Commonwealth to inform Virginia residents of the provisions of this section and to promote and encourage the public to take advantage of its provisions.

K. The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a special identification card. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register, reregister, or verify his registration information pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application for the special identification card.

L. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall

indicate on the applicant's special identification card that the applicant has any condition listed in subsection K of § 46.2-342 or that the applicant is blind or vision impaired.

M. The Department shall establish a method by which an applicant for an original, reissued, or renewed special identification card may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his special identification card and in his record. Such notation on the special identification card shall only be used by emergency medical services agencies in providing emergency medical support. Upon written request of the license holder or his legal guardian to have the designation removed, the Department shall issue the special identification card without such designation upon the payment of applicable fees.

Notwithstanding any other provision of law, the Department shall not disclose any data collected pursuant to this subsection except to the subject of the information and by designation on the special identification card. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on a special identification card, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

§ 46.2-345.2. Issuance of special identification cards without photographs; fee; confidentiality; penalties.

A. On the application of any person with a sincerely held religious belief prohibiting the taking of a photograph who is a resident of the Commonwealth and who is at least 15 years of age, the Department shall issue a special identification card without a photograph to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant's full legal name; year, month, and date of birth; social security number; sex; and residence address. Applicants shall be permitted to choose between "male," "female," or "non-binary" when designating the applicant's sex on the application form;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

3. The applicant presents an approved and signed U.S. Department of the Treasury Internal Revenue Service (IRS) Form 4029 or if such applicant is a minor, the applicant's parent or legal guardian presents an approved and signed IRS Form 4029; and

4. The applicant does not hold a driver's license, commercial driver's license, temporary driver's permit, learner's permit, motorcycle learner's permit, or special identification card.

B. The fee for the issuance of an original, duplicate, reissue, or renewal special identification card without a photograph is $2 per year, with a $10 minimum fee*, except no such fee shall be assessed against homeless youth, as described in subdivision A 7 of § 22.1-3*.

C. Every special identification card without a photograph shall expire on the applicant's birthday at the end of the period of years for which a special identification card without a photograph has been issued. At no time shall any special identification card without a photograph be issued for more than eight years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for re-issue due to circumstances beyond its control or (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. A special identification card without a photograph issued under this section may be similar in size, shape, and design to a driver's license and shall not include a photograph of its holder. The card shall be readily distinguishable from a driver's license and shall clearly state that federal limits apply, that the card is not valid identification to vote, and that the card does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card without a photograph shall appear in person before the Department to apply for a duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Unless otherwise prohibited by law, a valid Virginia driver's license or special identification card shall be surrendered for a special identification card without a photograph without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license or special identification card is unexpired and has not been revoked, suspended, or canceled. The special identification card without a photograph shall be considered a reissue, and the expiration date shall be the last day of the month of the surrendered driver's license's or special identification card's month of expiration.

F. Any personal information, as identified in § 2.2-3801, that is retained by the Department from an application for the issuance of a special identification card without a photograph is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

G. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for a special identification card without a photograph or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application is guilty of a Class 2 misdemeanor. However, where the special identification card without a photograph is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

H. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card without a photograph that the applicant has any condition listed in subsection K of § 46.2-342.

I. The Department shall establish a method by which an applicant for an original, reissued, or renewed special identification card without a photograph may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his special identification card without a photograph and in his record. Such notation on the special identification card without a photograph shall only be used by emergency medical services agencies in providing emergency medical support. Upon written request of the license holder or his legal guardian to have the designation removed, the Department shall issue the special identification card without a photograph without such designation upon the payment of applicable fees.

Notwithstanding any other provision of law, the Department shall not disclose any data collected pursuant to this subsection except to the subject of the information and by designation on the special identification card without a photograph. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on a special identification card without a photograph, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

J. Unless the Code specifies that a photograph is required, a special identification card without a photograph shall be treated as a special identification card.

§ 46.2-345.3. Issuance of identification privilege cards; fee; confidentiality; penalties.

A. Upon application of any person who does not hold a status that is eligible for a special identification card under subsections A and B of § 46.2-328.1, the parent of any such person who is under the age of 18, or the legal guardian of any such person, the Department may issue an identification privilege card to any resident of the Commonwealth, provided that:

1. Application is made on a form prescribed by the Department;

2. The applicant presents, when required by the Department, proof of identity, residency, and social security number or individual taxpayer identification number;

3. The Department determines that the applicant has reported income and deductions from Virginia sources, as defined in § 58.1-302, or has been claimed as a dependent, on an individual income tax return filed with the Commonwealth in the preceding 12 months; and

4. The applicant does not hold a credential issued under this chapter.

Persons 70 years of age or older may exchange a valid Virginia driver privilege card for an identification privilege card at no fee. Identification privilege cards subsequently issued to such persons shall be subject to the regular fees for identification privilege cards.

B. The fee for the issuance of an original, duplicate, reissue, or renewal identification privilege card is $25*, except no such fee shall be assessed against homeless youth, as described in subdivision A 7 of § 22.1-3*. The amount paid by an applicant for an identification privilege card shall be considered privileged information for the purposes of § 46.2-208.

C. An original identification privilege card shall expire on the applicant's fourth birthday following the date of issuance. Duplicate, reissue, or renewal identification privilege cards shall be valid for a period of four years from the date of issuance. No applicant shall be required to provide proof of compliance with subdivision A 3 for a duplicate, reissue, or renewal identification privilege card. Those cards issued to children under the age of 15 shall expire on the child's sixteenth birthday.

Notwithstanding the provisions of this subsection, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control and (ii) the extension has been authorized under a directive from the Governor. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions.

D. An identification privilege card issued under this section may be similar in size, shape, and design to a driving credential and include a photograph of its holder, but the card shall be readily distinguishable from a driving credential and shall clearly state that it does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for an identification privilege card shall appear in person before the Department to apply for a renewal, duplicate, or reissue unless specifically permitted by the Department to apply in another manner. The front of an identification privilege card shall be identical in appearance to a special identification card issued under § 46.2-345, and the back of the card shall be identical in appearance to the restriction on the back of a limited-duration special identification card.

E. Identification privilege cards, for persons at least 15 years old but younger than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the credential and descriptors within the photograph area to identify persons who are at least 15 years old but younger than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Identification privilege cards for persons under age 15 shall bear a full-face photograph. The identification card issued to persons under age 15 shall be readily distinguishable from a driving credential and from other identification cards

issued by the Department. Such cards shall clearly indicate that it does not authorize the person to whom it is issued to drive a motor vehicle.

G. Any information collected pursuant to this section that is not otherwise collected by the Department or required for the issuance of any other special identification card issued pursuant to the provisions of this chapter and any information regarding restrictions in the Department's records related to the issuance of a credential issued pursuant to this section shall be considered privileged. Notwithstanding the provisions of § 46.2-208, such information shall not be released except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information or pursuant to a court order.

The Department shall release to any federal, state, or local governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized agent of any of the foregoing, information related to the issuance of an identification privilege card, the release of which is not otherwise prohibited by this section, that is required for a requester to carry out the requester's official functions if the requester provides the individual's name and other sufficient identifying information contained on the individual's record. Any such release shall be in accordance with the requirements of § 46.2-208.

H. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification privilege card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application is guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

I. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's identification privilege card that the applicant has any condition listed in subsection K of § 46.2-342 or that the applicant is blind or vision impaired.

J. The Department shall establish a method by which an applicant for an original, reissued, or renewed identification privilege card may indicate his blood type. If the applicant chooses to indicate his blood type, the Department shall make a notation of this designation on his identification privilege card and in his record. Such notation on the special identification card shall only be used by emergency medical services agencies in providing emergency medical support. Upon written request of the license holder or his legal guardian to have the designation removed, the Department shall issue the identification privilege card without such designation upon the payment of applicable fees.

Notwithstanding any other provision of law, the Department shall not disclose any data collected pursuant to this subsection except to the subject of the information and by designation on the identification privilege card. Nothing herein shall require the Department to verify any information provided for the designation. No action taken by any person, whether private citizen or public officer or employee, with regard to any blood type designation displayed on an identification privilege card, shall create a warranty of the reliability or accuracy of the document or electronic image, nor shall it create any liability on the part of the Commonwealth or of any department, office, or agency or of any officer, employee, or agent thereof.

K. Unless the context of the Code provides otherwise, an identification privilege card shall be treated as a special identification card.

CHAPTER 182

An Act to amend and reenact §§ 8.01-413 and 32.1-127.1:03 of the Code of Virginia, relating to health care records; fees; certain requests by a patient or his attorney.

[H 1629]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-413 and 32.1-127.1:03 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-413. Certain copies of health care provider's health records of patient admissible; right of patient, his attorney and authorized insurer to copies of such health records; subpoena; damages, costs and attorney fees.

A. In any case where the health records of a health care provider for any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic, imaging, or chemical storage process thereof shall be admissible as evidence in any court of the Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original health records.

Any health care provider whose health records relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such

health care provider, enter an order requiring production of the originals, if available, of any stored health records whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the health care provider for the service of maintaining, retrieving, reviewing, preparing, copying, and mailing the items produced pursuant to subsections B2, B3, B4, and B6, as applicable.

B. Copies of health records, including an audit trail of any additions, deletions, or revisions to the health record, if specifically requested, shall be furnished within 30 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03. If a health care provider is unable to provide such health records within 30 days of receipt of such request, such provider shall notify the requester of such health records in writing of the reason for the delay and shall have no more than 30 days after the date of such written notice to comply with such request.

However, copies of a patient's health records shall not be furnished to such patient when the patient's treating physician, clinical psychologist, clinical social worker, or licensed professional counselor in the exercise of professional judgment, has made a part of the patient's health records a written statement that in his opinion the furnishing to or review by the patient of such health records would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such health records make reference to a person, other than a health care provider, and the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such health records shall be furnished within 30 days of the date of such request to the patient's attorney or authorized insurer, rather than to the patient.

If the health records are not provided to the patient in accordance with this section, then, if requested by the patient, the health care provider denying the request shall comply with the patient's request to either (i) provide a copy of the health records to a physician, clinical psychologist, clinical social worker, or licensed professional counselor of the patient's choice whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, clinical social worker, or licensed professional counselor upon whose opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make the health records available to the patient or (ii) designate a physician, clinical psychologist, clinical social worker, or licensed professional counselor whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician, clinical psychologist, clinical social worker, or licensed professional counselor upon whose opinion the denial is based and who did not participate in the original decision to deny the patient's request for his health records, who shall, at the expense of the provider denying access to the patient, review the health records and make a judgment as to whether to make the health records available to the patient. In either such event, the health care provider denying the request shall comply with the judgment of the reviewing physician, clinical psychologist, clinical social worker, or licensed professional counselor.

Except as provided in subsection G, a reasonable charge may be made by the health care provider maintaining the health records for the cost of the services relating to the maintenance, retrieval, review, and preparation of the copies of the health records, pursuant to subsections B2, B3, B4, and B6, as applicable. Any health care provider receiving such a request from a patient's attorney or authorized insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's authority to make the request, which shall comply with the requirements of subsection G of § 32.1-127.1:03, and shall accept a photocopy, facsimile, or other copy of the original signed by the patient as if it were an original.

B1. A health care provider shall produce the health records in either paper, hard copy, or electronic format, as requested by the requester. If the health care provider does not maintain the items being requested in an electronic format and does not have the capability to produce such items in an electronic format, such items shall be produced in paper or other hard copy format.

B2. When the health records requested pursuant to subsection B1 are produced in paper or hard copy format from records maintained in (i) paper or other hard copy format or (ii) electronic storage, a health care provider may charge the requester a reasonable fee not to exceed $0.50 per page for up to 50 pages and $0.25 per page thereafter for such copies, $1 per page for hard copies from microfilm or other micrographic process, and a fee for search and handling not to exceed $20, plus all postage and shipping costs.

Except as provided in subsection B4, the total amount charged to the requester for health records produced in electronic format pursuant to this subsection, including any postage and shipping costs and any search and handling fee, shall not exceed $160 for any request made on or after July 1, 2021, plus the reasonable costs to produce an audit trail of the health records, if specifically requested.

B4. When any portion of health records requested to be produced in electronic format is stored in paper or other hard copy format at the time of the request and not otherwise maintained in electronic storage, a health care provider may charge a fee pursuant to subsection B2 for the production of such portion, and such production of such portion is not subject to any limitations set forth in subsection B3, whether such portion is produced in paper or other hard copy format or converted to

electronic format as requested by the requester. Any other portion otherwise maintained in electronic storage shall be produced electronically. The total search and handling fee shall not exceed $20 for any production made pursuant to this subsection where the production contains both health records in electronic format and health records in paper or other hard copy format.

B5. Upon request, a patient's account balance or itemized listing of charges maintained by a health care provider shall be supplied at no cost up to three times every 12 months to either the patient or the patient's attorney.

B6. When the record requested is an X-ray series or study or other imaging study and is requested to be produced electronically, a health care provider may charge the requester a reasonable fee, which shall not exceed $25 per X-ray series or study or other imaging study, and a fee for search and handling, which shall not exceed $10, plus all postage and shipping costs. When an X-ray series or study or other imaging study is requested to be produced in hard copy format, or when a health care provider does not maintain such X-ray series or study or other imaging study being requested in an electronic format or does not have the capability to produce such X-ray series or study or other imaging study in an electronic format, a health care provider may charge the requester a reasonable fee, which may include a fee for search and handling not to exceed $10 and the actual cost of supplies for and labor of copying the requested X-ray series or study or other imaging study, plus all postage and shipping costs.

B7. *A health care provider shall provide one free copy of a patient's medical records stored or maintained in an electronic health record (EHR) per calendar year if requested by a patient or his attorney for the purpose of supporting a claim or appeal under Title II, XVI, XVIII, or XIX of the Social Security Act, 38 U.S.C. § 101 et seq., or under any federal or state financial needs-based benefit program, provided that the request is supported by a reasonable amount of documentation, including evidence of representation in the Social Security disability courts such as the Social Security Administration Appointment of Representative form or a notice of or request for a hearing, regarding such purpose. Any additional requests for medical records in the same calendar year are subject to a reasonable fee for the production of the records. No fees shall be charged if no medical records are found in response to the request.*

B8. Upon request by the patient, or his attorney, of health records as to the cost to produce such health records, a health care provider shall inform the patient, or his attorney, of the most cost-effective method to produce such a request pursuant to subsection B2, B3, B4, ~~or~~ B6, *or B7* as applicable.

~~B8.~~ *B9.* Production of health records to the patient, or his attorney, requested pursuant to this section shall not be withheld or delayed solely on the grounds of nonpayment for such health records.

C. Upon the failure of any health care provider to comply with any written request made in accordance with subsection B within the period of time specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03, the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the circuit court wherein any eventual suit would be required to be filed, and upon payment of the fees required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision A 23 of § 17.1-275.

A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date production of the record is desired.

No subpoena duces tecum for health records shall set a return date by which the health care provider must comply with such subpoena earlier than 15 days from the date of the subpoena, except by order of a court or administrative agency for good cause shown. When a court or administrative agency orders that health records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of such order shall accompany such subpoena.

As to a subpoena duces tecum issued with at least a 15-day return date, if no motion to quash is filed within 15 days of the issuance of the subpoena, the party requesting the subpoena duces tecum or the party on whose behalf the subpoena was issued shall certify to the subpoenaed health care provider that (a) the time for filing a motion to quash has elapsed and (b) no such motion was filed. Upon receipt of such certification, the subpoenaed health care provider shall comply with the subpoena duces tecum by returning the specified health records by either (1) the return date on the subpoena or (2) five days after receipt of such certification, whichever is later.

The subpoena shall direct the health care provider to produce and furnish copies of the health records to the requester or clerk, who shall then make the same available to the patient, his attorney, or his authorized insurer.

If the court finds that a health care provider willfully refused to comply with a written request made in accordance with subsection B, either (A) by failing over the previous six-month period to respond to a second or subsequent written request, properly submitted to the health care provider in writing with complete required information, without good cause or (B) by imposing a charge in excess of the reasonable expense of making the copies and processing the request for health records, the court may award damages for all expenses incurred by the patient or authorized insurer to obtain such copies, including a refund of fees if payment has been made for such copies, court costs, and reasonable attorney fees.

If the court further finds that such subpoenaed health records, subpoenaed pursuant to this subsection, or requested health records, requested pursuant to subsection B, are not produced for a reason other than compliance with § 32.1-127.1:03 or an inability to retrieve or access such health records, as communicated in writing to the subpoenaing party or requester within the time period required by subsection B, such subpoenaing party or requester shall be entitled to a rebuttable presumption that expenses and attorney fees related to the failure to produce such health records shall be awarded by the court.

D. The provisions of this section shall apply to any health care provider whose office is located within or outside the Commonwealth if the records pertain to any patient who is a party to a cause of action in any court in the Commonwealth, and shall apply only to requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in anticipation of litigation or in the course of litigation.

G. The provisions of this section governing fees that may be charged by a health care provider whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any request by a patient for a copy of his own health records, which shall be governed by subsection J of § 32.1-127.1:03. This subsection shall not be construed to affect other provisions of state or federal statute, regulation or any case decision relating to charges by health care providers for copies of health records requested by any person other than a patient when requesting his own health records pursuant to subsection J of § 32.1-127.1:03.

No party to an action or proceeding shall request or cause the issuance of a subpoena duces tecum for the health records of a nonparty witness unless a copy of the request for the subpoena or a copy of the attorney-issued

subpoena is provided to the nonparty witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

No subpoena duces tecum for health records shall set a return date earlier than 15 days from the date of the subpoena except by order of a court or administrative agency for good cause shown. When a court or administrative agency directs that health records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

Any party requesting a subpoena duces tecum for health records or on whose behalf the subpoena duces tecum is being issued shall have the duty to determine whether the individual whose health records are being sought is pro se or a nonparty.

In instances where health records being subpoenaed are those of a pro se party or nonparty witness, the party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a statement informing them of their rights and remedies. The statement shall include the following language and the heading shall be in boldface capital letters:

NOTICE TO INDIVIDUAL

The attached document means that (insert name of party requesting or causing issuance of the subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been issued by the other party's attorney to your doctor, other health care providers (names of health care providers inserted here) or other health care entity (name of health care entity to be inserted here) requiring them to produce your health records. Your doctor, other health care provider or other health care entity is required to respond by providing a copy of your health records. If you believe your health records should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion must be filed within 15 days of the date of the request or of the attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor, other health care provider(s), or other health care entity, that you are filing the motion so that the health care provider or health care entity knows to send the health records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while your motion is decided.

2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for an individual's health records shall include a Notice in the same part of the request in which the recipient of the subpoena duces tecum is directed where and when to return the health records. Such notice shall be in boldface capital letters and shall include the following language:

NOTICE TO HEALTH CARE ENTITIES

A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED OR HIS COUNSEL. YOU OR THAT INDIVIDUAL HAS THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

NO MOTION TO QUASH WAS FILED; OR

ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

IF YOU RECEIVE NOTICE THAT THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE HEALTH RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the subpoena duces tecum was issued.

If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care entity files a motion to quash the subpoena for health records, then the health care entity shall produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the health records under

seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the health records shall be returned to the health care entity in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the health records in camera, a copy of the order shall accompany any health records returned to the health care entity. The health records returned to the health care entity shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any health care entity receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified health records by either the return date on the subpoena or five days after receipt of the certification, whichever is later.

6. In the event that the individual whose health records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the individual's health records over the individual's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed health records have been submitted by a health care entity to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted health records should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon determining that all submitted health records should be disclosed, provide all the submitted health records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining health records to the health care entity in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care entity a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the health care entity;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the health care entity;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the health records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that health records that were previously delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the health care entity; however, all health records for which disclosure has not been authorized will be returned to the health care entity; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall return only those health records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for health records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a health care entity's conduct.

The provisions of this subsection shall apply to subpoenas for the health records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding health records, including, but not limited to, ordering the return of health records to a health care entity, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Health care entities may testify about the health records of an individual in compliance with §§ 8.01-399 and 8.01-400.2.

J. ~~If~~ *Except as provided by subsection B7 of § 8.01-413, if* an individual requests a copy of his health record from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include only the cost of supplies for and labor of copying the requested information, postage when the individual requests that such information be mailed, and preparation of an explanation or summary of such information as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with authority to act on behalf of the individual who is the subject of the health record in making decisions related to his health care.

K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the Prescription Monitoring Program and contained in a patient's health care record to another health care provider when such disclosure is related to the care or treatment of the patient who is the subject of the record.

L. An authorization for the disclosure of health records executed pursuant to this section shall remain in effect until (i) the authorization is revoked in writing and delivered to the health care entity maintaining the record that is subject to the authorization by the person who executed the authorization, (ii) any expiration date set forth in the authorization, or (iii) the health care entity maintaining the record becomes aware of any expiration event described in the authorization, whichever occurs first. However, any revocation of an authorization for the disclosure of health records executed pursuant to this section shall not be effective to the extent that the health care entity maintaining the record has disclosed health records prior to delivery of such revocation in reliance upon the authorization or as otherwise provided pursuant to 45 C.F.R. § 164.508. A statement in an authorization for the disclosure of health records pursuant to this section that the information to be used or disclosed is "all health records" is a sufficient description for the disclosure of all health records of the person maintained by the health care provider to whom the authorization was granted. If a health care provider receives a written revocation of an authorization for the disclosure of health records in accordance with this subsection, a copy of such written revocation shall be included in the person's original health record maintained by the health care provider.

An authorization for the disclosure of health records executed pursuant to this section shall, unless otherwise expressly limited in the authorization, be deemed to include authorization for the person named in the authorization to assist the person who is the subject of the health record in accessing health care services, including scheduling appointments for the person who is the subject of the health record and attending appointments together with the person who is the subject of the health record.

"Total disability" means a disability that exists (i) during the first 24 months following the occurrence or commencement of an illness or injury if an employee is unable to perform all of his essential job functions or (ii) after 24 months following the occurrence or commencement of an illness or injury if an employee is unable to perform any job

for which he is reasonably qualified based on his training or experience and earning less than 80 percent of his predisability earnings.

"Work-related injury" means an injury, as such term is defined in § 65.2-101, to a participating employee for which benefits are payable under the Act and the employer for purposes of the Act is the Commonwealth or other political subdivision through which the participating employee became eligible for the program.

In addition to the definitions listed in this section, the definitions listed in § 51.1-124.3 shall, as the context requires, apply to this chapter except as otherwise provided.

§ 51.1-1153. Participation in the program.

A. *1.* All eligible employees shall become participants in this program, provided, however, that the governing body of an employer may adopt a resolution on or before January 1, 2014, which shall be submitted to the Board, requesting that its eligible employees not participate in the program because the employer has or will establish, and continue to maintain, comparable disability coverage for such eligible employees. The election by the governing body of an employer not to participate in this program shall be irrevocable. The employer need not consider the provisions of § 51.1-1178 when determining the comparability of its disability coverage to this program. As the context requires, the term "participating employee" includes the employees of an employer electing not to participate in the program under this subdivision.

2. Beginning July 1, 2026, eligible dispatchers shall become participants in the program. Such participation shall be subject to the limitations described in § 51.1-1179, and the locality employing such eligible dispatchers shall provide the costs required for funding participation in the program pursuant to § 51.1-1183. However, if a locality made an irrevocable election not to participate in the program pursuant to subdivision 1, such dispatchers shall not become participants in the program but shall become participants in the comparable disability coverage established and maintained by the locality. An eligible dispatcher who is a participant in the program or in the disability coverage provided by a locality electing not to participate in the program shall not be eligible for disability retirement benefits pursuant to § 51.1-156.

3. Notwithstanding the provisions of subdivision 2, an eligible dispatcher shall not become a participant in the program or in the disability coverage provided by a locality electing not to participate in the program but shall remain subject to the provisions governing disability retirement if the eligible dispatcher was (i) awarded disability retirement benefits pursuant to § 51.1-156 prior to July 1, 2026, and continued to receive such disability retirement benefits on or after July 1, 2026, or (ii) employed on June 30, 2025, and on July 1, 2025, and made an irrevocable election no later than March 31, 2026, to remain covered by disability retirement benefits pursuant to § 51.1-156. If an election is not made by March 31, 2026, such eligible dispatcher shall be deemed to have elected to become a participant in the program or in the comparable disability coverage provided by the locality.

B. The effective date of participation in the program for participating employees shall be their first day of employment or the effective date of their participation in the hybrid retirement program described in § 51.1-169, whichever is later. *The effective date of participation for eligible dispatchers shall be July 1, 2026, or their first date of employment, whichever is later.*

C. Notwithstanding any provision to the contrary, no participating employee shall receive benefits under Article 2 (§ 51.1-1154 et seq.) until the participating employee completes one year of continuous service.

D. Eligibility for participation in the program shall terminate upon the earliest to occur of an employee's (i) termination of employment or (ii) death. Eligibility for participation in the program shall be suspended during periods that an employee is placed on nonpay status, including leave without pay, if such nonpay status is due to suspension pending investigation or outcome of employment-related court or disciplinary action.

§ 51.1-1161. Cessation of disability benefits; service retirement.

A. Disability benefits shall cease to be paid to a participating employee upon the first to occur of the following:

1. The end of the period of disability coverage as provided in subsection D of § 51.1-1155 or subsection D of § 51.1-1157;

2. The date of death of the participating employee;

3. The date that the participating employee attains normal retirement age; or

4. The effective date of the participating full-time employee's service retirement under the hybrid retirement program described in § 51.1-169 *or, in the case of an eligible dispatcher, the effective date of the eligible dispatcher's service retirement under any provision of this title.*

Notwithstanding the foregoing, an employee who is approved for disability benefits (i) at age 60 through 64 shall be eligible for five years of disability benefits, (ii) at age 65 through 68 shall be eligible for disability benefits to age 70, and (iii) at age 69 or older shall be eligible for disability benefits for one year. The eligibility periods include short-term disability and long-term disability.

B. A participating full-time employee receiving disability benefits who is a vested member of the retirement system, including the hybrid retirement program described in § 51.1-169, shall be eligible for service retirement under any provision of this title for which the employee is otherwise eligible. Such employee shall be authorized to elect any option for the payment of his retirement allowance provided under subsection A of § 51.1-165 for which the employee is otherwise eligible.

C. The average final compensation of any participating full-time employee taking a service retirement under any provision of this title shall be equal to his creditable compensation on the date of the commencement of the disability

increased by an amount recommended by the program actuary and approved by the Board, from the date of the commencement of the disability to the date of retirement.

D. The creditable service of a participating full-time employee taking service retirement pursuant to this section shall include periods during which the employee received disability benefits.

§ 51.1-1169. Cessation of supplemental disability benefits; service retirement.

A. Supplemental disability benefits shall cease to be paid to a participating employee upon the first to occur of the following:

1. The end of the period of supplemental disability coverage as provided in subsection E of § 51.1-1163 or subsection E of § 51.1-1165;

2. The date of death of the participating employee;

3. On the date the employee attains normal retirement age; or

4. The effective date of the participating full-time employee's service retirement under the hybrid retirement program described in § 51.1-169 *or, in the case of an eligible dispatcher, the effective date of the eligible dispatcher's service retirement under any provision of this title*.

Notwithstanding the foregoing, an employee who is approved for supplemental disability benefits (i) at age 60 through 64 shall be eligible for five years of supplemental disability benefits, (ii) at age 65 through 68 shall be eligible for supplemental disability benefits to age 70, and (iii) at age 69 or older shall be eligible for supplemental disability benefits for one year. The eligibility periods include supplemental short-term disability and supplemental long-term disability.

B. Upon the cessation of benefits payable under the Act, a participating full-time employee may take service retirement under any provision of this title for which the employee is otherwise eligible, including the hybrid retirement program described in § 51.1-169. Such employee shall be authorized to elect any option for the payment of his retirement allowance provided under subsection A of § 51.1-165.

C. The employee's average final compensation shall be equal to his creditable compensation on the date of the commencement of the disability increased by an amount recommended by the actuary of the Virginia Retirement System, and approved by the Board, from the date of the commencement of the disability to the date of retirement.

D. The creditable service of a participating full-time employee taking service retirement pursuant to this section shall include periods during which the employee received supplemental disability benefits, provided that such creditable service shall not include periods for which (i) the employee received supplemental short-term disability benefits, (ii) the employer did not report such creditable service to the retirement system, and (iii) the employee did not purchase such creditable service.

CHAPTER 195

An Act for the relief of Marvin Leon Grimm, Jr., relating to compensation for wrongful incarceration; murder, sodomy by force, and abduction with the intent to defile; sex offender registry.

[H 1776]

Approved March 21, 2025

Whereas, Marvin Leon Grimm, Jr., (Mr. Grimm) spent nearly five decades in prison for crimes he did not commit, and an additional four years after release from prison under highly restrictive parole and sex offender registry conditions that imposed onerous barriers to his reentry to society; and

Whereas, on November 22, 1975, three-year old CH was last seen by his mother at 1:30 p.m. headed into a wooded area behind their family's apartment complex, which was the same complex where Mr. Grimm resided; and

Whereas, CH's mother reported him missing to the Richmond Police Department at 2:40 p.m.; and

Whereas, Richmond police officers knocked on Mr. Grimm's apartment door at 2:45 p.m. and asked Mr. Grimm where CH's family resided; and

Whereas, the Richmond community instantly mobilized to help officers find CH with 250 to 300 individuals searching the woods and small ponds in the area; and

Whereas, CH was not found until four days later on November 26, 1975, when a gardener found his body in the James River, nearly a nine-mile drive from his home; and

Whereas, newspaper and media reporting of the discovery of the body included several photographs of the location where the body was found as well as a detailed map of the location; and

Whereas, the medical examiner conducted an autopsy of CH and reported observing "tenacious mucoid secretions" in the back of CH's throat that contained "spermatozoa" and concluded that CH died from forced oral sodomy after choking to death on ejaculate; and

Whereas, the medical examiner also performed a postmortem toxicology test that revealed high amounts of alcohol, acetaminophen, and the prescription muscle relaxant chlorzoxazone in CH's blood, liver, and stomach; and

Whereas, Richmond police officers went weeks without any leads or suspects; and

Whereas, although no evidence linked Mr. Grimm to the crime, Richmond police officers picked up Mr. Grimm on December 16, 1975, at 4:40 p.m. after a nine-hour work shift and brought him in for questioning; and

Whereas, Richmond police officers were aware of the medical examiner's theory of asphyxiation by oral sodomy and of the toxicology findings of the presence of high amounts of alcohol, acetaminophen, and the prescription muscle relaxant chlorzoxazone in CH's blood and organs; and

Whereas, Richmond police officers aggressively interrogated Mr. Grimm for an unrecorded 10 hours using coercive tactics; and

Whereas, although the death penalty was not available for the crimes with which Mr. Grimm was ultimately charged, Richmond police officers threatened Mr. Grimm with the death penalty; and

Whereas, Mr. Grimm was 20 years old and especially vulnerable to coercive interrogation techniques due to his youth and susceptible personality traits, including lasting anxiety and depression after witnessing the death of his crewmates during his service in the U.S. Navy; and

Whereas, at 2:20 a.m., after Mr. Grimm had been awake for over 24 hours, Richmond police officers turned on a tape recorder and Mr. Grimm, only through suggestive prompting by the police officers, provided a narrative that fit the officers' theory of the case, specifically that Mr. Grimm abducted CH and forced CH to perform oral sex, CH began choking and passed out, and Mr. Grimm drove to the edge of the James River and threw CH's body into the water; and

Whereas, Mr. Grimm's false confession was missing key details of the crime, including any reference to the alcohol and drugs found in CH's system, and provided no material new information that would be known only to the perpetrator; and

Whereas, following the confession, Richmond police officers executed a search warrant and recovered several hairs from Mr. Grimm's car and from a coat in his apartment, a towel from Mr. Grimm's car, and a torn shoe from his apartment; and

Whereas, the forensic scientist performed hair microscopy on the hairs and concluded that eight of the hairs were consistent with CH; and

Whereas, the forensic scientist concluded that the towel retrieved from Mr. Grimm's car contained seminal fluid; and

Whereas, the Commonwealth tested Mr. Grimm's torn shoe for soil and debris to support Mr. Grimm's presence at the James River riverbank; and

Whereas, on January 28, 1976, exculpatory shoe and soil testing evidence became available to the Commonwealth that revealed no soil deposits or leaves from the riverbank on Mr. Grimm's shoe; and

Whereas, the Commonwealth withheld this exculpatory evidence from Mr. Grimm and the court until it was uncovered by the Attorney General's Office during its investigation in 2023; and

Whereas, on March 10, 1976, Mr. Grimm was persuaded to plead guilty to murder, sodomy by force, and abduction with the intent to defile in exchange for the Commonwealth purporting to agree not to seek the death penalty in this case even though Virginia did not permit the death penalty for those crimes; and

Whereas, three days before Mr. Grimm's guilty plea hearing, significant exculpatory serology evidence became available to the Commonwealth that should have resulted in all of the charges being dropped that the Commonwealth intentionally ignored; and

Whereas, on March 12, 1976, the forensic scientist's serology analysis of the oral swabs from CH's autopsy confirmed that the secretions on the swabs were Type O; and

Whereas, the Commonwealth was aware that Mr. Grimm was Type A and could not have been the secretor of Type O secretions; and

Whereas, on March 15, 1976, the circuit court heard the Commonwealth's evidence against Mr. Grimm, including the confession and forensic evidence of the hairs, swabs, and towel indicating the presence of seminal fluid; and

Whereas, the Commonwealth intentionally ignored and buried the exculpatory serology evidence at the evidentiary hearing and instead solicited testimony from the medical examiner that the report that contained the new serology was of no significance; and

Whereas, the Commonwealth also introduced Mr. Grimm's torn shoe to corroborate the false confession but intentionally excluded the exculpatory shoe and soil testing; and

Whereas, the Commonwealth never presented testimony to the Court at the hearing about the high levels of alcohol and drugs in CH's stomach or whether that played any part in CH's death; and

Whereas, after hearing the forensic evidence and testimony, the circuit court accepted Mr. Grimm's guilty plea on all three counts and sentenced him to life in prison on the murder and abduction charges, plus 10 years on the sodomy charge; and

Whereas, Mr. Grimm began his term of imprisonment where he spent his first five years in solitary confinement because the crime made him a prison pariah; and

Whereas, Mr. Grimm immediately began pursuing his exoneration; and

Whereas, when the sexual offender registry was first created in 2001, the Commonwealth forced Mr. Grimm to register at that time even while he was confined as a prisoner of the Commonwealth; and

Whereas, Mr. Grimm secured the assistance of the Innocence Project beginning in 2007 and secured the assistance of Arnold & Porter Kaye Scholer LLP in 2017 to investigate his case; and

Whereas, DNA testing in 2012 and 2023 determined that the eight hairs found in Mr. Grimm's car and on his coat did not belong to CH and, in fact, belonged to six different people; and

Whereas, DNA testing and modern microscopy in 2002, 2012, and 2013 determined there was no sperm present on the oral swabs or on the towel and the DNA testing excluded Mr. Grimm as the source from all DNA recovered on the oral swabs, and all DNA profiles recovered matched CH's own DNA; and

Whereas, a new toxicology analysis concluded it would have taken 90 to 150 minutes for CH's blood alcohol content to reach the 0.12% level found at autopsy, making it impossible for Mr. Grimm to commit the crime within the 75-minute window of time available from when CH was reported missing at 1:30 p.m. and when Mr. Grimm answered the officers' knock at his door at 2:45 p.m.; and

Whereas, Mr. Grimm was denied parole 26 times; and

Whereas, Mr. Grimm was released from prison on April 3, 2020, placed on parole, and required to continue to be registered a sexual offender and required to wear an ankle bracelet, and to have his phone and computer monitored on a 24/7 basis at his own expense; and

Whereas, Mr. Grimm pursued a writ of actual innocence in the Virginia Court of Appeals on April 28, 2023; and

Whereas, current Attorney General Jason Miyares investigated Mr. Grimm's case and determined that Mr. Grimm is innocent of the crimes for which he was convicted, had been wrongfully convicted, and should be entitled to a writ of actual innocence; and

Whereas, the Virginia Court of Appeals granted Mr. Grimm's petition and issued a writ of actual innocence based on nonbiological and biological evidence, vacating his convictions on June 18, 2024, pursuant to § 19.2-327.13 of the Code of Virginia; and

Whereas, Mr. Grimm, as a result of his wrongful incarceration, lost more than 49 years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, because Mr. Grimm was incarcerated at such an early age for nearly all of his adult life, he was not able to generate a sufficient work record to qualify for any Social Security or Medicare benefits; and

Whereas, Mr. Grimm was required to register as a sex offender for a period of more than 23 years from June 6, 2001, through June 18, 2024; and

Whereas, Mr. Grimm has struggled to rebuild his life due to the strong stigma of his wrongful conviction for violent crimes against a child and due further to the stringent conditions of parole and sex offender registry requirements; and

Whereas, many job training programs and promising employment opportunities have not been available due to these limitations; and

Whereas, Mr. Grimm has been restricted from living in certain areas, subject to strict curfews, subject to travel limitations, including the ability to visit family members who resided outside the Commonwealth, and was prohibited from being in the vicinity of certain public facilities; and

Whereas, many of Mr. Grimm's family relations were shattered, including with his own son who was born 10 days before Mr. Grimm's arrest and whom Mr. Grimm only met once; and

Whereas, Mr. Grimm's family members were vilified by the Richmond community, including their neighbors and friends; and

Whereas, Mr. Grimm's sisters were forced to relocate to different schools due to the stigma of Mr. Grimm's conviction; and

Whereas, the trauma of Mr. Grimm's wrongful conviction led one of Mr. Grimm's sisters into a fatal drug addiction and another into a lifelong need for psychiatric therapy; and

Whereas, Mr. Grimm's conviction resulting in 49 years of imprisonment and sexual offender registration is the longest wrongful conviction in Virginia history, and the second longest wrongful conviction in the country; and

Whereas, Mr. Grimm is a Vietnam-era veteran with no prior criminal record until he was wrongfully convicted at the age of 20; and

Whereas, 96 percent of Mr. Grimm's expected adult life was spent wrongfully incarcerated; and

Whereas, the court record clearly demonstrates that the Commonwealth (i) intentionally and wrongfully fabricated evidence that was used to obtain the wrongful conviction by withholding, ignoring, and misrepresenting exculpatory evidence demonstrating that Mr. Grimm was innocent and (ii) then intentionally, willfully, and continuously suppressed or withheld evidence establishing the innocence of Mr. Grimm; and

Whereas, had Richmond and Commonwealth officials not intentionally withheld exonerating evidence, intentionally mischaracterized evidence, and intentionally and falsely threatened the death penalty, which was in fact unavailable, Mr. Grimm would not have been charged with or convicted of these horrific crimes and would not have suffered for nearly five decades with shame, humiliation, and loss of liberty as a convicted child rapist and murderer; and

Whereas, Mr. Grimm has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That there is hereby appropriated from the general fund of the state treasury the sum of an amount to be provided in the appropriation act for the relief of Marvin Leon Grimm, Jr., to be paid by check issued by the State Treasurer on warrant of the Comptroller in accordance with the provisions of Article 18.2 (§ 8.01-195.10 et. seq.) of Chapter 3 of Title 8.01 of the Code of Virginia.*

The Virginia Retirement System may require the disabled person to renew the determination at any time if VRS has information indicating that the person may no longer be disabled.

3. For any medical review conducted for the purpose of making an eligibility determination pursuant to this section, VRS shall require such review to be conducted by a licensed health practitioner. For purposes of this section, "licensed health practitioner" means a person licensed to practice medicine or osteopathic medicine pursuant to the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, a person licensed to practice nursing pursuant to the provisions of Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1, or a person licensed to practice psychology pursuant to the provisions of Chapter 36 (§ 54.1-3600 et seq.) of Title 54.1. "Licensed health practitioner" includes a person issued a comparable license, as determined by VRS, by the District of Columbia or a state that is contiguous to the Commonwealth.

B. The Virginia Retirement System shall be reimbursed for all reasonable costs incurred and associated, directly and indirectly, in performing the duties pursuant to this chapter (i) from the Line of Duty Death and Health Benefits Trust Fund for costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses on behalf of participating employers*, contributing nonprofit private institutions of higher education, and contributing private police departments* and (ii) from a nonparticipating employer for premiums and costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses for which the nonparticipating employer is responsible.

C. The Virginia Retirement System may develop policies and procedures necessary to carry out the provisions of this chapter.

2. That any nonprofit private institution of higher education, as defined in § 23.1-100 of the Code of Virginia, that has established a campus police department pursuant to § 23.1-810 of the Code of Virginia or any private police department established on or before the effective date of this act shall elect whether it will be a contributing nonprofit private institution of higher education or a contributing private police department, respectively, under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, in the manner and on such forms as prescribed by the Virginia Retirement System within 180 days of the effective date of this act. Any nonprofit private institution of higher education that establishes a campus police department or any private police department established on or after the effective date of this act shall elect whether it will be a contributing nonprofit private institution of higher education or a contributing private police department, respectively, under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, in the manner and on such forms as prescribed by the Virginia Retirement System within 180 days of the establishment of the campus police department or private police department. 3. That the provisions of this act shall apply only to campus police officers employed by a contributing nonprofit private institution of higher education and private police officers, as defined in § 9.1-400 of the Code of Virginia, as amended by this act, whose death or disability occurred on or after the effective date of such institution's or private police department's irrevocable election to fund the cost of benefits under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, and to participate in the Line of Duty Death and Health Benefits Trust Fund, established pursuant to § 9.1-400.1 of the Code of Virginia, as amended by this act.

The ordinance may refer to the mode of financing as Commercial Property Assessed Clean Energy (C-PACE) financing and shall include but not be limited to the following:

The locality may not combine its billings for loan payments required by a contract authorized pursuant to this section with billings of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.), unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance. 4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

The Department of Energy shall engage a private program administrator through a competitive selection process to develop the statewide loan program. A locality, ~~in~~ *by* its adoption or amendment of its C-PACE ordinance described in subsection B, may opt into the statewide C-PACE loan program sponsored by the Department of Energy~~, and such action~~

CHAPTER 206

An Act to amend and reenact § 8.01-217 of the Code of Virginia, relating to application for change of name; person required to register on the Sex Offender and Crimes Against Minors Registry; victim notification.

[H 1846]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-217 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-217. How name of person may be changed.

A. Any person desiring to change his own name, or that of his child or ward, may apply therefor to the circuit court of the county or city in which the person whose name is to be changed resides, or if no place of abode exists, such person may apply to any circuit court which shall consider such application if it finds that good cause exists therefor under the circumstances alleged. An incarcerated person may apply to the circuit court of the county or city in which such person is incarcerated. In case of a minor who has no living parent or guardian, the application may be made by his next friend. In case of a minor who has both parents living, the parent who does not join in the application shall be served with reasonable notice of the application pursuant to § 8.01-296 and, should such parent object to the change of name, a hearing shall be held to determine whether the change of name is in the best interest of the minor. It shall not be necessary to effect service upon any parent who files an answer to the application. If, after application is made on behalf of a minor and an ex parte hearing is held thereon, the court finds by clear and convincing evidence that such notice would present a serious threat to the health and safety of the applicant, the court may waive such notice.

B. Every application shall be under oath and shall include the place of residence of the applicant, the names of both parents, including the maiden name of his mother, the date and place of birth of the applicant, the applicant's felony conviction record, if any, whether the applicant is a person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, whether the applicant is presently incarcerated or a probationer with any court, and if the applicant has previously changed his name, his former name or names.

C. On any such application and hearing, if such be demanded, the court, shall, unless the evidence shows that the change of name is sought for a fraudulent purpose or would otherwise infringe upon the rights of others or, in a case involving a minor, that the change of name is not in the best interest of the minor, order a change of name.

D. No application shall be accepted by a court for a change of name of a probationer, person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarcerated person unless the court finds that good cause exists for consideration of such application under the reasons alleged in the application for the requested change of name. If the court accepts the application, the court shall mail or deliver a copy of the application to the attorney for the Commonwealth for the jurisdiction where the application was filed and the attorney for the Commonwealth for any jurisdiction in the Commonwealth where a conviction occurred that resulted in the applicant's probation, registration with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarceration. The attorney for the Commonwealth where the application was filed shall be entitled to respond and represent the interests of the Commonwealth by filing a response within 30 days after the mailing or delivery of a copy of the application. *The attorney for the Commonwealth shall make a reasonable effort to provide notice to the victim of the offense for which such person was required to register with the Sex Offender and Crimes Against Minors Registry or such victim's immediate family member if the victim has died. Such victim or immediate family member may appear personally or by counsel to address the court or may provide a written statement regarding the reasons the court should deny such application for a change of name.* The court shall conduct a hearing on the application and may order a change of name if, after receiving and considering evidence concerning the circumstances regarding the requested change of name, the court determines that the change of name (i) would not frustrate a legitimate law-enforcement purpose, (ii) is not sought for a fraudulent purpose, and (iii) would not otherwise infringe upon the rights of others. Such order shall contain written findings stating the court's basis for granting the order.

E. The provisions of subsection D are jurisdictional and any order granting a change of name pursuant to subsection D that fails to comply with any provision of subsection D is void ab initio. The attorney for the Commonwealth for the jurisdiction where such an application was filed has the authority to bring an independent action at any time to have such order declared void. If the attorney for the Commonwealth brings an independent action to have the order declared void, notice of the action shall be served upon the person who was granted a change of name who shall have 30 days after service to respond. If the person whose name was changed files a response objecting to having the order declared void, the court shall hold a hearing. If an order granting a change of name is declared void pursuant to this subsection, or if a person is convicted of perjury pursuant to § 18.2-434 for unlawfully changing his name pursuant to § 18.2-504.1 based on conduct that violates this section, the clerk of the court entering the order or the order of conviction shall transmit a certified copy of the order to (i) the State Registrar of Vital Records, (ii) the Department of Motor Vehicles, (iii) the State Board of Elections,

(iv) the Central Criminal Records Exchange, and (v) any agency or department of the Commonwealth that has issued a license to the person where such license utilizes the person's changed name, if known to the court and identified in the court order.

F. The order shall contain no identifying information other than the applicant's former name or names, new name, and current address. The clerk of the court shall spread the order upon the current deed book in his office, index it in both the old and new names, and transmit a certified copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange. Transmittal of a copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange shall not be required of a person who changed his ~~or her~~ former name by reason of marriage and who makes application to resume a former name pursuant to § 20-121.4.

G. If the applicant shall show cause to believe that in the event his change of name should become a public record, a serious threat to the health or safety of the applicant or his immediate family would exist, the chief judge of the circuit court may waive the requirement that the application be under oath or the court may order the record sealed and direct the clerk not to spread and index any orders entered in the cause, and a certified copy shall not be transmitted to the State Registrar of Vital Records or the Central Criminal Records Exchange. At such time as a name change order is received by the State Registrar of Vital Records, for a person born in the Commonwealth, together with a proper request and payment of required fees, the Registrar shall issue certifications of the amended birth record which do not reveal the former name or names of the applicant unless so ordered by a court of competent jurisdiction. Such certifications shall not be marked "amended" and show the effective date as provided in § 32.1-272. Such order shall set forth the date and place of birth of the person whose name is changed, the full names of his parents, including the maiden name of the mother and, if such person has previously changed his name, his former name or names.

The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, or if personally served was incarcerated and not transported to the hearing, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served forthwith on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to the primary law-enforcement agency, and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the allegedly abusing person. Except as otherwise provided in § 16.1-253.2, a violation of the order shall constitute contempt of court.

D. In the event that the allegedly abused person is a minor and an emergency protective order was issued pursuant to § 16.1-253.4 for the protection of such minor and the respondent is a parent, guardian, or person standing in loco parentis, the attorney for the Commonwealth or a law-enforcement officer may file a petition on behalf of such minor as his next friend before such emergency protective order expires or within 24 hours of the expiration of such emergency protective order.

E. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

G. As used in this section, "copy" includes a facsimile copy.

H. No fee shall be charged for filing or serving any petition or order pursuant to this section.

I. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

J. The respondent may be required to notify the court in writing within seven days of any change of residence while the preliminary protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. Any failure of a respondent to make such required notification shall be punishable by contempt.

The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer*, upon evidence of a Military Protective Order issued by a commanding officer in the Armed Forces of the United States, the Virginia National Guard, or the National Guard of any other state in favor of the petitioner or petitioner's family or household members,* or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10. If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 19.2-152.8 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs

reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

Participating hospitals with psychiatric emergency departments in the City of Hampton shall report at the end of each calendar year to the Chairmen of the Senate Committees on Education and Health and Finance and Appropriations, the House Committees on Appropriations and Health and Human Services, and the Behavioral Health Commission and the Commissioner of Behavioral Health and Developmental Services the following information: (i) the length of time between when a person who is the subject of an emergency custody order pursuant to § 37.2-808 arrives at the psychiatric emergency department of a participating hospital and when the temporary detention order evaluation is completed and (ii) the number of (a) admissions, (b) psychiatric emergency department visits, (c) temporary detention order evaluations completed, (d) temporary detention orders executed, (e) individuals under temporary detention admitted to the participating hospital, and (f) individuals transferred from the psychiatric emergency department of the participating hospital to a state facility.

3. Participating hospitals with psychiatric emergency departments in the City of Hampton shall report monthly to the Commissioner of Behavioral Health and Developmental Services the number of (i) crisis evaluations conducted each month; (ii) temporary detention orders executed as a result of such evaluations and the percentage of evaluations such temporary detention orders represent by payor type; (iii) reportable events associated with such temporary detention orders and the percentage of temporary detention orders that such reportable events represent; (iv) reportable events (a) involving loss of custody, (b) with and without an emergency custody order, (c) with a temporary detention order executed subsequently, (d) in which the individual subsequently became engaged in outpatient treatment, (e) in which the individual did not become engaged in treatment services, and (f) involving medical treatment; and (v) other events. Such participating hospitals shall include in their monthly report the facility where each patient, classified by payor type, is placed for any temporary detention order that is executed based on their evaluation.

G. The employee or the designee of the local community services board or the certified evaluator who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board or a certified evaluator prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein. The employer of any certified evaluator shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider, including any certified evaluator or designee of a local community services board or behavioral health authority, shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board or the certified evaluator who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee or certified evaluator shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board or certified evaluator will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board or certified evaluator who conducted the evaluation and the person who initiated emergency custody so

requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board or certified evaluator who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The person who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

The (i) certified evaluator conducting the evaluation pursuant to subsection B of § 37.2-808 and the provisions of this section or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the certified evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

§ 6.2-1926. Supervision.

A. The Commission may conduct an examination or investigation of a licensee or authorized delegate or otherwise take independent action authorized by this chapter or by a regulation adopted or order issued under this chapter as reasonably necessary or appropriate to administer and enforce this chapter, regulations implementing this chapter, and other applicable law, including the Bank Secrecy Act and the federal U.S.A. B. A licensee or authorized delegate shall provide, and the Commission shall have full and complete access to, all records the Commission may reasonably require to conduct a complete examination. The records shall be provided at the location and in the format specified by the Commission, provided that the Commission may utilize multistate record production standards and examination procedures when such standards and procedures will reasonably achieve the requirements of this section.

C. Unless otherwise directed by the Commission, a licensee shall pay all costs reasonably incurred in connection with an examination of the licensee or the licensee's authorized delegates.

§ 6.2-1927. Networked supervision.

A. To efficiently and effectively administer and enforce this chapter and to minimize regulatory burden, the Commission is authorized and encouraged to participate in multistate supervisory processes established between states and coordinated through the Conference of State Bank Supervisors, the Money Transmitter Regulators Association, and affiliates and successors thereof for all licensees that hold licenses in the Commonwealth and other states. As a participant in multistate supervision, the Commission may:

C. A joint examination or investigation, or acceptance of an examination or investigation report, shall not waive an examination assessment provided for in this chapter.

§ 6.2-1928. Relationship to federal law.

A. In the event state money transmission jurisdiction is conditioned on a federal law, any inconsistencies between a provision of this chapter and the federal law governing money transmission shall be governed by the applicable federal law to the extent of the inconsistency.

B. In the event of any inconsistencies between this chapter and a federal law that governs pursuant to subsection A, the Commission may provide interpretive guidance that identifies the inconsistency and identifies the appropriate means of compliance with federal law.

§ 6.2-1929. License required.

A. No person shall engage in the business of money transmission or advertise, solicit, or hold itself out as providing money transmission unless the person is licensed under this chapter.

B. No person that is an authorized delegate of a person licensed under this chapter acting within the scope of authority conferred by a written contract with the licensee shall be required to be licensed under this chapter.

C. A license issued under § 6.2-1933 is not transferable or assignable.

§ 6.2-1930. Consistent state licensing.

A. In order to establish consistent licensing between the Commonwealth and other states, the Commission may (i) implement all licensing provisions of this chapter in a manner that is consistent with other states that have adopted similar provisions or multistate licensing processes and (ii) participate in nationwide protocols for licensing cooperation and coordination among state regulators provided that such protocols are consistent with this chapter.

B. In order to fulfill the purposes of this chapter, the Commission may establish relationships or contracts with NMLS or other entities designated by NMLS to enable the Commission to (i) collect and maintain records, (ii) coordinate multistate licensing processes and supervision processes, (iii) collect and process fees, and (iv) facilitate communication between the Commonwealth and licensees or other persons subject to this chapter. D. The Commission may utilize NMLS forms, processes, and functionalities in accordance with this chapter. In the event NMLS does not provide functionality, forms, or processes for a provision of this chapter, the Commission may strive to implement the requirements in a manner that facilitates uniformity with respect to licensing, supervision, reporting, and regulation of licensees that are licensed in multiple jurisdictions.

E. Every person required to be licensed under this chapter shall register with NMLS and be subject to such registration and renewal requirements as may be established by NMLS, in addition to any requirements of this chapter.

If the application is not approved or denied within 120 days after the completion date, the application shall be deemed approved and the license shall take effect as of the first business day after expiration of the 120-day period. The Commission may for good cause extend the application period.

B. A determination by the Commission that an application is complete and is accepted for processing means only that the application, on its face, appears to include all of the items, including the criminal background check response from the Federal Bureau of Investigation, and address all of the matters that are required and is not an assessment of the substance of the application or of the sufficiency of the information provided.

C. When an application is filed and considered complete under this section, the Commission shall investigate the financial condition and responsibility, financial and business experience, competence, character, and general fitness of the applicant, each key individual, and each person in control of the applicant. The Commission may conduct an on-site investigation of the applicant, the reasonable cost of which the applicant shall pay. D. If an applicant avails itself or is otherwise subject to a multistate licensing process, (i) the Commission may accept the investigation results of a lead investigative state for the purpose of subsection C if the Commission finds that the lead investigative state has sufficient staffing, expertise, and minimum standards or (ii) if the Commonwealth is a lead investigative state, the Commission may investigate the applicant pursuant to subsection C and the timeframes established by agreement through the multistate licensing process, provided, however, that in no case shall such timeframe be noncompliant with the application period established in subsection A.

E. The Commission shall issue a formal written notice of the denial of a license application within 30 days of the decision to deny the application. The Commission shall set forth in the notice of denial the specific reasons for the denial of the application. An applicant whose application is denied by the Commission under this subsection may appeal in accordance with applicable law.

F. The initial license term shall begin on the day the application is approved. The license shall expire on December 31 of the year in which the license term began, unless the initial license date is between November 1 and December 31, in which instance the initial license term shall run through December 31 of the following year.

§ 6.2-1934. License renewal.

A. A license issued under this chapter shall be renewed annually. An annual renewal fee of $750 shall be paid no more than 60 days before the license expiration. § 6.2-1936. Acquisition of control.

A. Any person, or group of persons acting in concert, seeking to acquire control of a licensee shall obtain the written approval of the Commission prior to acquiring control. An individual shall not be deemed to acquire control of a licensee and shall not be subject to the provisions of this section solely because that individual becomes a key individual.

B. A person, or group of persons acting in concert, seeking to acquire control of a licensee shall, in cooperation with the licensee, submit (i) an application in a form and in a medium prescribed by the Commission and (ii) a nonrefundable fee of $1,000 with the request for approval.

C. Upon request, the Commission may permit a licensee or the person, or group of persons acting in concert, to submit some or all information required by the Commission without using NMLS.

D. The application required by subsection B shall include the items required by § 6.2-1932 for any new key individuals that have not previously completed the requirements of § 6.2-1932 for a licensee.

E. When the Commission determines that an application is complete, the Commission shall promptly notify the applicant in a record of the date on which the application was determined to be complete and shall approve or deny the application within 60 days after the completion date. If the application is not approved or denied within 60 days after the completion date, the application shall be deemed approved and the person, or group of persons acting in concert, may acquire control. The Commission may for good cause extend the application period.

F. A determination by the Commission that an application is complete and is accepted for processing means only that the application, on its face, appears to include all of the items and address all of the matters that are required and is not an assessment of the substance of the application or of the sufficiency of the information provided.

G. If any material information provided in connection with an application changes during the investigation period, the applicant shall immediately notify the Commission.

H. When an application is filed and considered complete under subsection E, the Commission shall investigate the financial condition and responsibility, financial and business experience, competence, character, and general fitness of (i) the person, or group of persons acting in concert, seeking to acquire control and (ii) each key individual and person in control of such person or group of persons acting in concert. The Commission shall approve an acquisition of control if the Commission finds that:

1. The requirements of subsections B and D have been met, as applicable; and

2. The financial condition and responsibility, financial and business experience, competence, character, and general fitness of the person, or group of persons acting in concert, seeking to acquire control, and the competence, experience, character, and general fitness of the proposed new key individuals and persons that would be in control of the licensee after the acquisition of control indicate that it is in the public interest to permit the person, or group of persons acting in concert, to control the licensee.

I. If an applicant invokes or is otherwise subject to a multistate licensing process, (i) the Commission may accept the investigation results of a lead investigative state for the purpose of subsection H if the Commission finds that the lead investigative state has sufficient staffing, expertise, and minimum standards or (ii) if the Commonwealth is a lead investigative state, the Commission may investigate the applicant pursuant to subsection H and the timeframes established by agreement through the multistate licensing process.

J. The Commission shall issue a formal written notice of the denial of an application to acquire control within 30 days of the decision to deny the application. The Commission shall set forth in the notice of denial the specific reasons for the denial of the application. An applicant whose application is denied by the Commission may appeal in accordance with applicable law.

K. The requirements of subsections A and B do not apply to any of the following:

2. A person that acquires control of a licensee by devise or descent;

3. A person that acquires control of a licensee as (i) a personal representative, custodian, guardian, conservator, or trustee or (ii) an officer appointed by a court of competent jurisdiction or by operation of law;

4. A person that is exempt under subdivision A 7 of § 6.2-1923;

5. A person that the Commission determines is not subject to subsection A based on the public interest;

6. A public offering of securities of a licensee or a person in control of a licensee; or

7. An internal reorganization of a person in control of the licensee where the ultimate person in control of the licensee remains the same.

L. Persons described in subdivisions K 2, 3, 4, 6, and 7 shall notify the Commission within 15 days after the acquisition of control.

M. The requirements of subsections A and B do not apply to a person that has complied with and received approval to engage in money transmission under this chapter or was identified as a person in control in a prior application filed with and approved by the Commission under this chapter or by an MSB-accredited state pursuant to a multistate licensing process, provided that:

1. The person has not had a license revoked or suspended or controlled a licensee that has had a license revoked or suspended while the person was in control of the licensee in the previous five years;

2. If the person is a licensee, the Commission finds that the person is well-managed and has received at least a satisfactory rating for compliance at its most recent examination by an MSB-accredited state if such rating was given;

3. The licensee to be acquired is projected to meet the requirements of §§ 6.2-1950, 6.2-1951, and 6.2-1952 beginning on the date the acquisition of control is completed, and if the person acquiring control is a licensee, that licensee is also projected to meet the requirements of §§ 6.2-1950, 6.2-1951, and 6.2-1952 beginning on the date the acquisition of control is completed;

4. The licensee to be acquired will not implement any material changes to its business plan as a result of the acquisition of control, and if the person acquiring control is a licensee, that licensee also will not implement any material changes to its business plan as a result of the acquisition of control; and

5. The person notifies the Commission of the acquisition in cooperation with the licensee and attests to subdivisions 1 through 4 in a form and in a medium prescribed by the Commission.

If such notice is not disapproved within 30 days after the date on which the notice was determined to be complete, the notice shall be deemed approved.

N. Before filing an application for approval to acquire control of a licensee, a person may request in writing a determination from the Commission as to whether the person would be considered a person in control of a licensee upon consummation of a proposed transaction. If the Commission determines that the person would not be a person in control of a licensee, the person and transaction is not subject to the requirements of subsections A and B.

O. If a multistate licensing process includes a determination pursuant to subsection N or the equivalent law of another state and a person invokes or is otherwise subject to the multistate licensing process, (i) the Commission may accept the control determination of a lead investigative state if the Commission finds that the lead investigative state has sufficient staffing, expertise, and minimum standards or (ii) if the Commonwealth is a lead investigative state, the Commission may investigate the person using the timeframes established by agreement through the multistate licensing process.

P. If any person acquires an ownership interest in a licensee without obtaining prior approval from the Commission as required by this section, the Commission may for good cause shown order such person to divest himself or itself of such ownership interest.

Q. The Commission shall not enter an order requiring divestiture pursuant to subsection P until it has given the person 21 days' notice in writing of the reasons for the proposed divestiture and has given the person an opportunity to introduce evidence and be heard. The notice shall be sent by certified mail to such person and shall state with particularity the grounds for the contemplated action. Within 14 days of mailing the notice, the person named therein may file with the clerk of the Commission a written request for a hearing. If a hearing is requested, the Commission shall not require divestiture except based upon findings made at such hearing.

§ 6.2-1937. Change of key individual; notice and required information.

A. A licensee adding or replacing any key individual shall (i) provide notice in a manner prescribed by the Commission within 15 days after the effective date of the key individual's appointment and (ii) cause the new key individual to provide the items required by § 6.2-1932 within 45 days after the effective date.

B. Within 90 days after the date on which the notice provided pursuant to subsection A was determined by the Commission to be complete, the Commission may investigate the key individual and issue a notice of disapproval of a key individual if the competence, experience, character, or integrity of the individual is not in the best interests of the public or the customers of the licensee to permit the individual to be a key individual of such licensee.

C. A notice of disapproval shall contain a statement of the basis for disapproval and shall be sent to the licensee and the disapproved individual. A licensee may appeal a notice of disapproval in accordance with applicable law.

D. If the notice provided pursuant to subsection A is not disapproved within 90 days after the date on which the notice was determined to be complete, the key individual shall be deemed approved.

E. If a multistate licensing process includes a key individual notice review and disapproval process and the licensee avails itself or is otherwise subject to the multistate licensing process, (i) the Commission may accept the determination of a lead investigative state if the Commission finds that the lead investigative state has sufficient staffing, expertise, and minimum standards or (ii) if the Commonwealth is a lead investigative state, the Commission may investigate the key individual using the timeframes established by agreement through the multistate licensing process notwithstanding the timeframes prescribed in subsections B and D.

If funds have not yet been forwarded in accordance with the terms of the agreement between the licensee and the sender, the licensee shall issue a refund in accordance with the other provisions of this section;

4. The refund is requested for a transaction that the licensee has not completed based on a reasonable belief or a reasonable basis to believe that a crime or violation of law or regulation has occurred, is occurring, or may occur; or

5. The refund request does not enable the licensee to identify (i) the sender's name and the sender's address or telephone number or (ii) the particular transaction to be refunded in the event the sender has multiple transactions outstanding.

B. The provisions of subsection A shall not apply to (i) money received for transmission subject to the federal Remittance Rule (12 C.F.R. A. A licensee shall maintain at all times a tangible net worth in an amount not less than the following:

B. The minimum amount of the required security shall be:

1. The greater of $100,000 or an amount equal to 100 percent of the applicant's or licensee's average daily money transmission liability in the Commonwealth calculated for the most recent quarter, up to a maximum of $1 million; or

E. The security device required by this section shall remain in place for five years after a licensee ceases money transmission activities. The Commission may permit the security device to be reduced or eliminated prior to that time to the extent the amount of such licensee's outstanding money transmission transactions are reduced. The Commission may also permit any licensee to substitute a letter of credit, or such other form of security device as may be acceptable to the Commission, for the security device in place at the time the licensee ceases money transmission activities.

F. A surety bond shall remain effective until cancellation, which may occur only after 90 days' written notice to the Commission. Cancellation does not affect the rights of any claimant for any liability incurred or accrued during the period for which the bond was in force.

§ 6.2-1952. Maintenance of permissible investments.

A. A licensee shall maintain at all times permissible investments that have a market value computed in accordance with generally accepted accounting principles of not less than the aggregate amount of all of its outstanding money transmission obligations in all states.

B. Except for permissible investments enumerated in subsection A of § 6.2-1953, the Commission, with respect to any licensee, may by regulation or order limit the extent to which a specific investment within a class of permissible investments may be considered a permissible investment if the specific investment represents undue risk to customers that is not reflected in the market value of the investment.

C. Permissible investments, even if commingled with other assets of the licensee, shall be deemed to be held in trust for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations in the event of insolvency, the filing of a petition by or against the licensee under the United States Bankruptcy Code (11 U.S.C. § 101 et seq.) for bankruptcy or reorganization, the filing of a petition by or against the licensee for receivership, the commencement of any other judicial or administrative proceeding for its dissolution or reorganization, or an action by a creditor against the licensee who is not a beneficiary of this statutory trust. No permissible investments impressed with a trust pursuant to this subsection shall be subject to attachment, levy of execution, or sequestration by order of any court, except when for a beneficiary of this statutory trust.

D. Upon the establishment of a statutory trust in accordance with subsection C or when any funds are drawn on a letter of credit pursuant to subdivision A 4 of § 6.2-1953, the Commission shall notify the applicable regulator of each state in which the licensee is licensed to engage in money transmission, if any, of the establishment of the trust or the funds drawn on the letter of credit, as applicable. Notice shall be deemed given if provided pursuant to a multistate agreement or through NMLS. Funds drawn on a letter of credit, and any other permissible investments held in trust for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations, shall be deemed to be held in trust for the benefit of such purchasers and holders on a pro rata and equitable basis in accordance with statutes pursuant to which permissible investments are required to be held in the Commonwealth and other states, as applicable. Any statutory trust established hereunder shall be terminated upon extinguishment of all of the licensee's outstanding money transmission obligations.

E. The Commission by regulation or by order may allow other types of investments that the Commission determines are of sufficient liquidity and quality to be a permissible investment. The Commission is authorized to participate in efforts with other state regulators to determine whether other types of investments are of sufficient liquidity and quality to be a permissible investment.

§ 6.2-1953. Permissible investments.

A. The following investments are permissible under § 6.2-1952:

4. The full drawable amount of an irrevocable standby letter of credit for which the stated beneficiary is the Commission that stipulates that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds up to the letter of credit amount within seven days of presentation of the items required by subdivision c.

a. Such letter of credit shall:

(1) Be issued by a federally insured depository financial institution, a foreign bank that is authorized under federal law to maintain a federal agency or federal branch office in a state or states, or a foreign bank that is authorized under state law to maintain a branch in a state that:

If the licensee is not able to do so, the Commission may draw on the letter of credit in an amount up to the amount necessary for the licensee to comply with subsection A of § 6.2-1952. Any such draw shall be offset against the licensee's outstanding money transmission obligations. The drawn funds shall be held in trust by the Commission or the Commission's designated agent, to the extent authorized by law, as agent for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations.

d. The Commission may designate an agent to serve on the Commission's behalf as beneficiary to a letter of credit so long as the agent and letter of credit meet any requirements established by the Commission. The Commission's agent may serve as agent for multiple licensing authorities for a single irrevocable letter of credit if the proceeds of the drawable amount for the purposes of this subdivision A 4 are assigned to the Commission.

e. The Commission may participate in multistate processes designed to facilitate the issuance and administration of letters of credit, including the use of services provided by the NMLS and State Regulatory Registry LLC.

11. Failure to pay any fee imposed by this chapter; or

12. Such other grounds as the Commission may prescribe by regulation.

The extended protective order shall be served forthwith on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to the primary law-enforcement agency, and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the allegedly abusing person. Except as otherwise provided in § 16.1-253.2, a violation of the order shall constitute contempt of court.

D. In the event that the allegedly abused person is a minor and an emergency protective order was issued pursuant to § 16.1-253.4 for the protection of such minor and the respondent is a parent, guardian, or person standing in loco parentis, the attorney for the Commonwealth or a law-enforcement officer may file a petition on behalf of such minor as his next friend before such emergency protective order expires or within 24 hours of the expiration of such emergency protective order.

E. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. The respondent may be required to notify the court in writing within seven days of any change of residence while the preliminary protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. Any failure of a respondent to make such required notification shall be punishable by contempt.

The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon

receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

G. As used in this section, "copy" includes a facsimile copy.

H. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

I. The respondent may be required to notify the court in writing within seven days of any change of residence while the preliminary protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. Any failure of a respondent to make such required notification shall be punishable by contempt.

An employee or designee of the local community services board or a certified evaluator may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the person given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the person to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board or the certified evaluator designates an alternative facility, that employee or designee or certified evaluator shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. 1. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the

best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

2. Participating hospitals with psychiatric emergency departments in the City of Hampton shall report at the end of each calendar year to the Chairmen of the Senate Committees on Education and Health and Finance and Appropriations, the House Committees on Appropriations and Health and Human Services, and the Behavioral Health Commission and the Commissioner of Behavioral Health and Developmental Services the following information: (i) the length of time between when a person who is the subject of an emergency custody order pursuant to § 37.2-808 arrives at the psychiatric emergency department of a participating hospital and when the temporary detention order evaluation is completed and (ii) the number of (a) admissions, (b) psychiatric emergency department visits, (c) temporary detention order evaluations completed, (d) temporary detention orders executed, (e) individuals under temporary detention admitted to the participating hospital, and (f) individuals transferred from the psychiatric emergency department of the participating hospital to a state facility.

3. Such participating hospitals shall include in their monthly report the facility where each patient, classified by payor type, is placed for any temporary detention order that is executed based on their evaluation.

G. The employee or the designee of the local community services board or the certified evaluator who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the individual has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board or a certified evaluator prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein. The employer of any certified evaluator shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider, including any certified evaluator or designee of a local community services board or behavioral health authority, shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board or the certified evaluator who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee or certified evaluator shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board or certified evaluator will facilitate communication between

the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board or certified evaluator who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board or certified evaluator who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The person who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

N. In any case in which a person subject to an evaluation pursuant to this section is receiving services in a hospital emergency department, the treating physician or his designee and the employee or designee of the local community services board or certified evaluator shall disclose to each other relevant information pertaining to the individual's treatment in the emergency department. The (i) certified evaluator conducting the evaluation pursuant to subsection B of § 37.2-808 and the provisions of this section or (ii) hospital emergency department and treating physician or other health care provider designated by the physician shall allow a family member or legal guardian of the individual subject to evaluation who is present, and who may provide support and supportive decision-making, to be present with the individual unless the individual objects or the certified evaluator or treating physician determines that the presence of any such person would create a medical, clinical, or safety risk to the patient or health care provider or interferes with patient care. No provision of this section shall delay the process of the patient receiving treatment.

The Department of State Police shall take action to conduct the investigation as expeditiously as possible. The Department of State Police shall be reimbursed from the Fund or the nonparticipating employer, as applicable, for the cost of searching for and obtaining information requested by VRS. The Virginia Retirement System shall be reimbursed for the reasonable costs incurred for making eligibility determinations by nonparticipating employers or from the Fund on behalf of participating employers*, contributing nonprofit private institutions of higher education, or contributing private police departments*, as applicable. If any nonparticipating employer fails to reimburse VRS for reasonable costs incurred in making an eligibility determination, VRS shall inform the State Comptroller and the affected nonparticipating employer of the delinquent amount. In calculating the delinquent amount, VRS may impose an interest rate of one percent per month of delinquency. The State Comptroller shall forthwith transfer such delinquent amount, plus interest, from any moneys otherwise distributable to such nonparticipating employer.

B. 1. Within 10 business days of being notified by an employee, or an employee's representative, that such employee is permanently and totally disabled due to a work-related injury suffered in the line of duty, the agency or department employing the employee shall provide him with information about the continued health insurance coverage provided under this chapter and the process for initiating a claim. The employer shall assist in filing a claim, unless such assistance is waived by the employee or the employee's representative.

2. Within 10 business days of having knowledge that a deceased person's surviving spouse, dependents, or beneficiaries may be entitled to benefits under this chapter, the employer for which the deceased person last worked shall provide the surviving spouse, dependents, or beneficiaries, as applicable, with information about the benefits provided under this chapter and the process for initiating a claim. The employer shall assist in filing a claim, unless such assistance is waived by the surviving spouse, dependents, or beneficiaries.

C. Within 30 days of receiving a claim pursuant to subsection A, an employer may submit to VRS any evidence that could assist in determining the eligibility of a claim. However, when the claim involves a presumption under § 65.2-402 or 65.2-402.1, VRS shall provide an employer additional time to submit evidence as is necessary not to exceed nine months from the date the employer received a claim pursuant to subsection A. Any such evidence submitted by the employer shall be included in the agency record for the claim.

§ 9.1-404. Order of the Virginia Retirement System.

A. 1. The Virginia Retirement System shall make an eligibility determination within 45 days of receiving all necessary information for determining eligibility for a claim filed under § 9.1-403. The Virginia Retirement System may use a medical board pursuant to § 51.1-124.23 in determining eligibility. If benefits under this chapter are due, VRS shall notify the nonparticipating employer, which shall provide the benefits within 15 days of such notice, or VRS shall pay the benefits from the Fund on behalf of the participating employer*, contributing nonprofit private institution of higher education, or contributing private police department* within 15 days of the determination, as applicable. The payments shall be retroactive to the first date that the disabled person was no longer eligible for health insurance coverage subsidized by his employer.

2. Two years after an individual has been determined to be a disabled person, VRS may require the disabled person to renew the determination through a process established by VRS. If a disabled person refuses to submit to the determination renewal process described in this subdivision, then benefits under this chapter shall cease for the individual, any eligible dependents, and an eligible spouse until the individual complies. If such individual does not comply within six months from the date of the initial request for a renewed determination, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual is no longer a disabled person, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual remains a disabled person, then VRS may require the disabled person to renew the determination five years after such renewed determination through a process established by VRS. The Virginia Retirement System may require the disabled person to renew the determination at any time if VRS has information indicating that the person may no longer be disabled.

3. For any medical review conducted for the purpose of making an eligibility determination pursuant to this section, VRS shall require such review to be conducted by a licensed health practitioner. For purposes of this section, "licensed health practitioner" means a person licensed to practice medicine or osteopathic medicine pursuant to the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, a person licensed to practice nursing pursuant to the provisions of Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1, or a person licensed to practice psychology pursuant to the provisions of Chapter 36 (§ 54.1-3600 et seq.) of Title 54.1. "Licensed health practitioner" includes a person issued a comparable license, as determined by VRS, by the District of Columbia or a state that is contiguous to the Commonwealth.

B. The Virginia Retirement System shall be reimbursed for all reasonable costs incurred and associated, directly and indirectly, in performing the duties pursuant to this chapter (i) from the Line of Duty Death and Health Benefits Trust Fund for costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses on behalf of participating employers*, contributing nonprofit private institutions of higher education, and contributing private police departments* and (ii) from a nonparticipating employer for premiums and costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses for which the nonparticipating employer is responsible.

C. The Virginia Retirement System may develop policies and procedures necessary to carry out the provisions of this chapter.

2. That any nonprofit private institution of higher education, as defined in § 23.1-100 of the Code of Virginia, that has established a campus police department pursuant to § 23.1-810 of the Code of Virginia or any private police department established on or before the effective date of this act shall elect whether it will be a contributing nonprofit private institution of higher education or a contributing private police department, respectively, under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, in the manner and on such forms as prescribed by the Virginia Retirement System within 180 days of the effective date of this act. Any nonprofit private institution of higher education that establishes a campus police department or any private police department established on or after the effective date of this act shall elect whether it will be a contributing nonprofit private institution of higher education or a contributing private police department, respectively, under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, in the manner and on such forms as prescribed by the Virginia Retirement System within 180 days of the establishment of the campus police department or private police department. Any election made pursuant to this enactment shall be irrevocable and a nonprofit private

institution of higher education or private police department that does not make an election within the time period set forth in this enactment shall be deemed to have made an irrevocable election that such institution's campus police officers or such private police department's private police officers will not be covered by the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act.

3. That the provisions of this act shall apply only to campus police officers employed by a contributing nonprofit private institution of higher education and private police officers, as defined in § 9.1-400 of the Code of Virginia, as amended by this act, whose death or disability occurred on or after the effective date of such institution's or private police department's irrevocable election to fund the cost of benefits under the Line of Duty Act (§ 9.1-400 et seq. of the Code of Virginia), as amended by this act, and to participate in the Line of Duty Death and Health Benefits Trust Fund, established pursuant to § 9.1-400.1 of the Code of Virginia, as amended by this act.

4. That each contributing nonprofit private institution of higher education and contributing private police department shall pay its pro rata share of the initial costs to implement this act, as determined by the Virginia Retirement System.

CHAPTER 220

An Act to amend and reenact § 8.01-217 of the Code of Virginia, relating to application for change of name; person required to register on the Sex Offender and Crimes Against Minors Registry; victim notification.

[S 1157]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-217 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-217. How name of person may be changed.

A. Any person desiring to change his own name, or that of his child or ward, may apply therefor to the circuit court of the county or city in which the person whose name is to be changed resides, or if no place of abode exists, such person may apply to any circuit court which shall consider such application if it finds that good cause exists therefor under the circumstances alleged. An incarcerated person may apply to the circuit court of the county or city in which such person is incarcerated. In case of a minor who has no living parent or guardian, the application may be made by his next friend. In case of a minor who has both parents living, the parent who does not join in the application shall be served with reasonable notice of the application pursuant to § 8.01-296 and, should such parent object to the change of name, a hearing shall be held to determine whether the change of name is in the best interest of the minor. It shall not be necessary to effect service upon any parent who files an answer to the application. If, after application is made on behalf of a minor and an ex parte hearing is held thereon, the court finds by clear and convincing evidence that such notice would present a serious threat to the health and safety of the applicant, the court may waive such notice.

B. Every application shall be under oath and shall include the place of residence of the applicant, the names of both parents, including the maiden name of his mother, the date and place of birth of the applicant, the applicant's felony conviction record, if any, whether the applicant is a person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, whether the applicant is presently incarcerated or a probationer with any court, and if the applicant has previously changed his name, his former name or names.

C. On any such application and hearing, if such be demanded, the court, shall, unless the evidence shows that the change of name is sought for a fraudulent purpose or would otherwise infringe upon the rights of others or, in a case involving a minor, that the change of name is not in the best interest of the minor, order a change of name.

D. No application shall be accepted by a court for a change of name of a probationer, person for whom registration with the Sex Offender and Crimes Against Minors Registry is required pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarcerated person unless the court finds that good cause exists for consideration of such application under the reasons alleged in the application for the requested change of name. If the court accepts the application, the court shall mail or deliver a copy of the application to the attorney for the Commonwealth for the jurisdiction where the application was filed and the attorney for the Commonwealth for any jurisdiction in the Commonwealth where a conviction occurred that resulted in the applicant's probation, registration with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or incarceration. The attorney for the Commonwealth where the application was filed shall be entitled to respond and represent the interests of the Commonwealth by filing a response within 30 days after the mailing or delivery of a copy of the application. *The attorney for the Commonwealth shall make a reasonable effort to provide notice to the victim of the offense for which such person was required to register with the Sex Offender and Crimes Against Minors Registry or such victim's immediate family member if the victim has died. Such victim or immediate family member may appear personally or by counsel to address the court or may provide a written statement regarding the reasons the court should deny such application for a change of name.* The court shall conduct a hearing on the application and may order a change of name if, after receiving and considering evidence concerning the circumstances regarding the requested change of name, the court determines that the change of name (i) would not frustrate a legitimate law-enforcement purpose,

(ii) is not sought for a fraudulent purpose, and (iii) would not otherwise infringe upon the rights of others. Such order shall contain written findings stating the court's basis for granting the order.

E. The provisions of subsection D are jurisdictional and any order granting a change of name pursuant to subsection D that fails to comply with any provision of subsection D is void ab initio. The attorney for the Commonwealth for the jurisdiction where such an application was filed has the authority to bring an independent action at any time to have such order declared void. If the attorney for the Commonwealth brings an independent action to have the order declared void, notice of the action shall be served upon the person who was granted a change of name who shall have 30 days after service to respond. If the person whose name was changed files a response objecting to having the order declared void, the court shall hold a hearing. If an order granting a change of name is declared void pursuant to this subsection, or if a person is convicted of perjury pursuant to § 18.2-434 for unlawfully changing his name pursuant to § 18.2-504.1 based on conduct that violates this section, the clerk of the court entering the order or the order of conviction shall transmit a certified copy of the order to (i) the State Registrar of Vital Records, (ii) the Department of Motor Vehicles, (iii) the State Board of Elections, (iv) the Central Criminal Records Exchange, and (v) any agency or department of the Commonwealth that has issued a license to the person where such license utilizes the person's changed name, if known to the court and identified in the court order.

F. The order shall contain no identifying information other than the applicant's former name or names, new name, and current address. The clerk of the court shall spread the order upon the current deed book in his office, index it in both the old and new names, and transmit a certified copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange. Transmittal of a copy of the order and the application to the State Registrar of Vital Records and the Central Criminal Records Exchange shall not be required of a person who changed his ~~or her~~ former name by reason of marriage and who makes application to resume a former name pursuant to § 20-121.4.

G. If the applicant shall show cause to believe that in the event his change of name should become a public record, a serious threat to the health or safety of the applicant or his immediate family would exist, the chief judge of the circuit court may waive the requirement that the application be under oath or the court may order the record sealed and direct the clerk not to spread and index any orders entered in the cause, and a certified copy shall not be transmitted to the State Registrar of Vital Records or the Central Criminal Records Exchange. At such time as a name change order is received by the State Registrar of Vital Records, for a person born in the Commonwealth, together with a proper request and payment of required fees, the Registrar shall issue certifications of the amended birth record which do not reveal the former name or names of the applicant unless so ordered by a court of competent jurisdiction. Such certifications shall not be marked "amended" and show the effective date as provided in § 32.1-272. Such order shall set forth the date and place of birth of the person whose name is changed, the full names of his parents, including the maiden name of the mother and, if such person has previously changed his name, his former name or names.

C. The Commission shall, in conjunction with affected state and federal agencies, develop an expedited process for issuing general permits for activities that are intended to improve water quality such as bioengineered streambank projects and livestock stream crossings, and for activities required during emergencies in which a determination has been made that there is a threat to public or private property, or to the health and safety of the public. The development of the general permit shall be exempt from Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act.

D. The Commission shall, in conjunction with affected state and federal agencies, develop an expedited process for issuing a permit for emergency activities intended to restore sand to any publicly owned beach damaged by sand erosion.

The development of the permit shall be exempt from Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act.

E. The Ombudsman shall not disclose the identity of an individual making a complaint alleging that a child is an abused or neglected child unless that individual's written permission is obtained first or a court has ordered the Ombudsman to release such information.

F. The Ombudsman may release an individual's identity who makes an intentionally false report alleging that a child is an abused or neglected child, subject to other laws relating to such disclosure.

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-368.5, 19.2-368.10, 19.2-368.11:1, and 19.2-368.17 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than ~~one year~~ *three years* after the occurrence of the crime upon which such claim is based, or not later than ~~one year~~ *three years* after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the ~~one-year~~ *three-year* period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) ~~of this title~~, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday, except for in cases involving claims of sexual abuse of a minor where the conduct constitutes a felony, the passage of time shall not be a barrier to when the victim can file a claim. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses and loss of earnings that the claimant accrues after the date of newly discovered evidence as stipulated in the written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A ~~of this section~~ and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred*, except when such claim is filed without the crime being reported to law enforcement*. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

§ 19.2-368.10. When awards to be made; reporting crime to law enforcement.

No award shall be made unless the Commission finds that:

1. A crime was committed;

2. Such crime directly resulted in an individual becoming a victim as defined in § 19.2-368.2, on whose behalf a claim is filed; and

3. Police *or court* records show that such crime was promptly reported to the proper authorities. In ~~no case may an award be made where the police records show that~~ *determining if* such ~~report~~ *crime* was ~~made more than 120 hours after the~~

~~occurrence of such crime, unless~~ *promptly reported,* the Commission~~, for good cause shown, finds the delay to have been justified~~ *shall consider (i) any police records; (ii) the victim's physical, emotional, mental, and family situation*; *and (iii) the existence of a permanent protective order, issued pursuant to § 16.1-279.1 or 19.2-152.10, for the victim or other persons eligible for awards as identified in § 19.2-368.4 from the person responsible for the qualifying crime*. The provisions of this subdivision shall not apply to claims of sexual abuse.

~~The Commission, upon finding that any claimant or award recipient has not fully cooperated with all law-enforcement agencies, unless the law-enforcement agency certifies that the claimant or award recipient was willing but unable to cooperate due to a good faith belief that such cooperation would have endangered such claimant or award recipient and such claimant or award recipient was not provided with any victim or witness protection services when such protection services were requested by a law-enforcement agency, may deny, reduce, or withdraw any award, as the case may be.~~

§ 19.2-368.11:1. Amount of award.

A. Compensation for Total Loss of Earnings: An award made pursuant to this chapter for total loss of earnings that results directly from incapacity incurred by a crime victim shall be payable during total incapacity to the victim or to such other eligible person, at a weekly compensation rate equal to 66-2/3 percent of the victim's average weekly wages. The victim's average weekly wages shall be determined as provided in § 65.2-101.

B. Compensation for Partial Loss of Earnings: An award made pursuant to this chapter for partial loss of earnings ~~which~~ *that* results directly from incapacity incurred by a crime victim shall be payable during incapacity at a weekly rate equal to 66-2/3 percent of the difference between the victim's average weekly wages before the injury and the weekly wages ~~which~~ *that* the victim is able to earn thereafter. The combined total of actual weekly earnings and compensation for partial loss of earnings shall not exceed $600 per week.

C. Compensation for Loss of Earnings of Parent of Minor Victim: The parent or guardian of a minor crime victim may receive compensation for loss of earnings, calculated as specified in subsections A and B, for time spent obtaining medical treatment for the child and for accompanying the child to, attending or participating in investigative, prosecutorial, judicial, adjudicatory and post-conviction proceedings.

D. Compensation for Dependents of a Victim Who Is Killed: If death results to a victim of crime entitled to benefits, dependents of the victim shall be entitled to compensation in accordance with the provisions of §§ 65.2-512 and 65.2-515 in an amount not to exceed the maximum aggregate payment or the maximum weekly compensation ~~which~~ *that* would have been payable to the deceased victim under this section.

E. Compensation for Unreimbursed Medical Costs, Funeral Expenses, Services, etc.: Awards may also be made on claims or portions of claims based upon the claimant's actual expenses incurred as are determined by the Commission to be appropriate, for (i) unreimbursed medical expenses or indebtedness reasonably incurred for medical expenses; (ii) expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the victim would have performed, for the benefit of himself and his family, if he had not been a victim of crime; (iii) expenses directly related to funeral or burial, not to exceed $10,000; (iv) expenses attributable to pregnancy resulting from forcible rape; (v) mental health counseling for survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4, not to exceed $3,500 per claim; (vi) reasonable and necessary moving expenses, not to exceed $2,000, incurred by a victim or survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4; and (vii) any other reasonable and necessary expenses and indebtedness incurred as a direct result of the injury or death upon which such claim is based, not otherwise specifically provided for. Notwithstanding any other provision of law, a person who is not eligible for an award under subsection A of § 19.2-368.4 who pays expenses directly related to funeral or burial is eligible for reimbursement subject to the limitations of this section.

F. Notwithstanding the provisions of subdivision 3 of § 19.2-368.10, §§ 19.2-368.5, 19.2-368.5:1, 19.2-368.6, 19.2-368.7, and 19.2-368.8, subsection G of this section, and § 19.2-368.16, the Criminal Injuries Compensation Fund shall pay for physical evidence recovery kit examinations conducted on victims of sexual assault. Any individual that submits to and completes a physical evidence recovery kit examination shall be considered to have met the reporting ~~and cooperation~~ requirements of this chapter. Funds paid for physical evidence recovery kit collection shall not be offset against the Fund's maximum allowable award as provided in subsection H. Payments may be subject to negotiated agreements with the provider. Health care providers that complete physical evidence recovery kit examinations may bill the Fund directly subject to the provisions of § 19.2-368.5:2. The Commission shall develop policies for a distinct payment process for physical evidence recovery kit examination expenses as required under subdivision 1 of § 19.2-368.3.

In order for the Fund to consider additional crime-related expenses, victims shall file with the Fund following the provisions of this chapter and Criminal Injuries Compensation Fund policy.

G. Any claim made pursuant to this chapter shall be reduced by the amount of any payments received or to be received as a result of the injury from or on behalf of the person who committed the crime or from any other public or private source, including an emergency award by the Commission pursuant to § 19.2-368.9.

H. To qualify for an award under this chapter, a claim must have a minimum value of $100, and payments for injury or death to a victim of crime, to the victim's dependents or to others entitled to payment for covered expenses, after being reduced as provided in subsection G, shall not exceed $35,000 in the aggregate.

§ 19.2-368.17. Public information program.

The Commission shall establish and conduct a public information program to assure extensive and continuing publicity and public awareness of the provisions of this chapter. The public information program shall include brochures, posters and public service advertisements for television, radio and print media for dissemination to the public of information regarding

the right to compensation for innocent victims of crime, including information on the right to file a claim, the scope of coverage, and the procedures to be utilized incident thereto.

Whenever a crime ~~which~~ *that* directly resulted in personal physical injury to, or death of, an individual is reported ~~within the time required by~~ *pursuant to* § 19.2-368.10, the law-enforcement agency to which the report is made shall make reasonable efforts, where practicable, to notify the victim or other potential claimant in writing on forms prepared by the Commission of his or her possible right to file a claim under this chapter. In any event, no liability or cause of action shall arise from the failure to so notify a victim of crime or other potential claimant.

CHAPTER 226

An Act to direct the State Council of Higher Education for Virginia to evaluate and make recommendations on exempting certain noncredit courses of instruction operated by private and out-of-state postsecondary institutions from requirements related to obtaining and maintaining certification to operate in the Commonwealth; report.

[H 1995]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. *§ 1. That the State Council of Higher Education for Virginia (the Council) shall evaluate and make recommendations on amending § 23.1-226 of the Code of Virginia relating to certain activities and programs offered by private and out-of-state postsecondary schools that are exempt from the requirements for obtaining and maintaining certification by the Council to operate in the Commonwealth set forth in Article 3 (§ 23.1-213 et seq.) of Chapter 2 of Title 23.1 of the Code of Virginia, to exempt noncredit courses of instruction offered by an entity or organization in accordance with the requirements of a nationally recognized certifying body, including certified Scrum courses and those intended solely to prepare students for certification as project management professionals, provided that no such exempted course of instruction shall exceed the number of hours required by the applicable certifying body. In conducting its evaluation, the Council shall (i) consider the potential benefits exempting such noncredit courses of instruction from such requirements; (ii) consider any unintended or negative consequences that may result from exempting such noncredit courses of instruction from such requirements; (iii) consider how other states certify, regulate, exempt from regulation or certification, or otherwise treat such noncredit courses of instruction; and (iv) make recommendations on whether the provisions of § 23.1-226 of the Code of Virginia should be amended to exempt such noncredit courses of instruction from such requirements or such requirements should otherwise be modified and, if so, on any considerations or concerns that should be taken into account in doing so. The Council shall report its findings and recommendations to the Senate Committees on Finance and Appropriations and Education and Health and the House Committees on Appropriations and Education by November 1, 2025.*

CHAPTER 227

An Act to amend and reenact § 18.2-59.1 of the Code of Virginia, relating to sexual extortion; penalty.

[H 1998]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-59.1 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-59.1. Sexual extortion; penalty.

A. Any person who maliciously threatens in writing, including an electronically transmitted communication producing a visual or electronic message, (i) to disseminate, sell, or publish a videographic or still image, created by any means whatsoever, or (ii) to not delete, remove, or take back a previously disseminated, sold, or published videographic or still image, created by any means whatsoever, that depicts the complaining witness or such complaining witness's family or household member, as defined in § 16.1-228, as totally nude or in a state of undress so as to expose the genitals, pubic area, buttocks, or female breast with the intent to cause the complaining witness to engage in sexual intercourse, cunnilingus, fellatio, anilingus, anal intercourse, inanimate or animate object sexual penetration, or an act of sexual abuse, as defined in § 18.2-67.10, and thereby engages in sexual intercourse, cunnilingus, fellatio, anilingus, anal intercourse, inanimate or animate object sexual penetration, or an act of sexual abuse, as defined in § 18.2-67.10, is guilty of a Class 5 felony. However, any adult who violates this section with a person under the age of 18 is guilty of a felony punishable by confinement in a state correctional facility for a term of not less than one nor more than 20 years and by a fine of not more than $100,000.

B. *Any person who maliciously threatens eviction, loss of housing, property damage, or any financial loss with the intent to cause the complaining witness to engage in sexual intercourse, cunnilingus, fellatio, anilingus, anal intercourse, inanimate or animate object sexual penetration, or an act of sexual abuse, as defined in § 18.2-67.10, and thereby engages in sexual intercourse, cunnilingus, fellatio, anilingus, anal intercourse, inanimate or animate object sexual penetration, or an act of sexual abuse, as defined in § 18.2-67.10, is guilty of a Class 5 felony. However, any adult who violates this section*

with a person under the age of 15 is guilty of a felony punishable by confinement in a state correctional facility for a term of not less than one nor more than 20 years and by a fine of not more than $100,000.

C. A prosecution pursuant to this section may be in the county, city, or town in which the communication was either made or received.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 228

An Act to amend and reenact §§ 10.1-603.19, 10.1-604.1, 10.1-605, 10.1-605.3, 10.1-606.2, 10.1-606.3, 10.1-607, 10.1-608, 10.1-609, 10.1-612.1, and 10.1-613.6 of the Code of Virginia and to repeal § 10.1-613.2 of the Code of Virginia, relating to Dam Safety, Flood Prevention and Protection Assistance; Dam Safety Act; powers and duties of the Department of Conservation and Recreation; rights and requirements of dam owners; civil penalty.

[H 2000]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 10.1-603.19, 10.1-604.1, 10.1-605, 10.1-605.3, 10.1-606.2, 10.1-606.3, 10.1-607, 10.1-608, 10.1-609, 10.1-612.1, and 10.1-613.6 of the Code of Virginia are amended and reenacted as follows:

§ 10.1-603.19. Purposes for which Fund is to be used; Authority to set terms and conditions of loans.

A. The Director may make grants or loans to any local government for the purpose of assisting the local government in the development and implementation of flood prevention or protection projects, or for flood prevention or protection studies.

B. The Director may expend from the Fund up to $50,000 annually for cost share with federal agencies in flood protection studies of statewide or regional significance.

C. The Director may, in order to protect public safety and welfare, make (i) grants or loans to a local government that owns a dam, to a local government for a dam located within the locality, or to a private entity that owns a dam for the design, repair, and ~~the~~ safety modifications of such a dam if it is identified in a safety report generated pursuant to § 10.1-607 or 10.1-609 and (ii) grants to a local government or private entity for the determination of the hazard classification for impounding structures, dam break analysis, the mapping and digitization of dam break inundation zones, incremental damage analysis, and other engineering requirements, such as emergency action plan development *and inspection reports*.

D. The Director may, in order to reduce dam owner expenses associated with hazard classification, dam break analysis, the mapping and digitization of dam break inundation zones, incremental damage analysis, and other engineering requirements, such as emergency action plan development *and inspection reports*, expend moneys from the Fund to employ staff or to directly contract for these services. The Director may establish a fee to be paid by the dam owner to offset a portion of these services. Such fee shall not exceed 50 percent of the cost incurred by the Department.

E. The Director may, in order to protect people at risk from a dam failure and to assist dam owners, localities, and emergency responders, expend moneys from the Fund to maintain a statewide dam failure early warning system in cooperation with the Department of Emergency Management and the U.S. National Weather Service.

F. The total amount of expenditures for grants in any fiscal year shall not exceed 50 percent of the total noninterest or income deposits made to the Fund during the previous fiscal year, together with the total amount collected in interest or income from the investment of moneys in the Fund from the previous fiscal year as determined at the beginning of the fiscal year.

G. Any grants made from the Fund *pursuant to clause (i) of subsection C* shall require a ~~50~~ *30* percent project match by the applicant. Any loans made from the Fund *for such activities or for engineering requirements needed to complete such activities included in clause (i) of subsection C* shall require a minimum of a 10 percent project match by the applicant.

H. *Any grants made from the Fund pursuant to clause (ii) of subsection C shall require no more than a 10 percent match by the applicant except that the applicant shall be required to provide a minimum of $5,000 of the cost of the project, if funded. The match provided by the applicant may be used to pay the application fees for the necessary impounding structure operation and general permit pursuant to § 10.1-605.3 or maintenance certificate.*

I. Except as otherwise provided in this article, moneys in the Fund shall be used solely to make loans or grants to local governments or private entities to finance or refinance the cost of a project. The local government or private entity to which loans or grants are made, the purposes of the loan or grant, the required match for the specific loan or grant, and the amount of each loan or grant, shall be designated in writing by the Director to the Authority. No loan or grant from the Fund shall exceed the total cost of the project to be financed or the outstanding principal amount of the indebtedness to be refinanced plus reasonable financing expenses. Loans may also be from the Fund, at the Director's discretion, to a local government

that has developed a low-interest loan program to provide loans or other incentives to facilitate the correction of dam or impounding structure deficiencies, as required by the Department, provided that the moneys are to be used only for the program and that the dams or impounding structures to be repaired or upgraded are owned by private entities.

~~I.~~ *J.* Except as otherwise provided in this article, the Authority shall determine the interest rate and terms and conditions of any loan from the Fund, which may vary between different loans and between local governments and private entities to finance or refinance the cost of a project. Each loan shall be evidenced by appropriate bonds or notes of the local government or by the appropriate debt instrument for private entities payable to the Fund. Private entities shall duly authorize an appropriate debt instrument and execute same by their authorized legal representatives. The bonds or notes shall have been duly authorized by the local government and executed by its authorized legal representatives. The Authority may require in connection with any loan from the Fund such documents, instruments, certificates, legal opinions, covenants, conditions, and other information as it may deem necessary or convenient to further the purpose of the loan. In addition to any other terms or conditions that the Authority may establish, the Authority may require, as a condition to making any loan from the Fund, that the local government or private entity receiving the loan covenant to perform any of the following:

1. Establish and collect rents, rates, fees, and charges to produce revenue sufficient to pay all or a specified portion of (i) the costs of operation, maintenance, replacement, renewal, and repairs of the project; (ii) any outstanding indebtedness incurred for the purposes of the project, including the principal of, premium, if any, and interest on the loan from the Fund; and (iii) any amounts necessary to create and maintain any required reserve, including any rate stabilization fund deemed necessary or appropriate by the Authority to offset the need, in whole or part, for future increases in rents, rates, fees, or charges;

2. With respect to local governments, levy and collect ad valorem taxes on all property within the jurisdiction of the local government subject to local taxation sufficient to pay the principal of and premium, if any, and interest on the loan from the Fund to the local government;

3. Create and maintain a special fund or funds for the payment of the principal of, premium, if any, and interest on the loan from the Fund and any other amounts becoming due under any agreement entered into in connection with the loan, or for the operation, maintenance, repair, or replacement of the project or any portions thereof or other property of the borrower, and deposit into any fund or funds amounts sufficient to make any payments on the loan as they become due and payable;

4. Create and maintain other special funds as required by the Authority;

5. Perform other acts otherwise permitted by applicable law to secure payment of the principal of, premium, if any, and interest on the loan from the Fund and to provide for the remedies of the Fund in the event of any default by the borrower in payment of the loan, including, without limitation, any of the following:

a. The conveyance of, or the granting of liens on or security interests in, real and personal property, together with all rights, title and interest therein;

b. The procurement of insurance, guarantees, letters of credit and other forms of collateral, security, liquidity arrangements or credit supports for the loan from any source, public or private, and the payment therefor of premiums, fees, or other charges;

c. The combination of one or more projects, or the combination of one or more projects with one or more other undertakings, facilities, utilities, or systems, for the purpose of operations and financing, and the pledging of the revenues from such combined projects, undertakings, facilities, utilities and systems to secure the loan from the Fund borrower made in connection with such combination or any part or parts thereof;

d. The maintenance, replacement, renewal, and repair of the project; and

e. The procurement of casualty and liability insurance;

6. Obtain a review of the accounting and internal controls from the Auditor of Public Accounts or his legally authorized representatives, as applicable. The Authority may request additional reviews at any time during the term of the loan. In addition, anyone receiving a report in accordance with § 10.1-603.23 may request an additional review as set forth in this section; and

7. Directly offer, pledge, and consent to the Authority to take action pursuant to § 62.1-216.1 to obtain payment of any amounts in default, as applicable.

All local governments or private entities borrowing money from the Fund are authorized to perform any acts, take any action, adopt any proceedings, and make and carry out any contracts that are contemplated by this article. Such contracts need not be identical among all local governments or private entities but may be structured as determined by the Authority according to the needs of the contracting local governments or private entities and the Fund.

Subject to the rights, if any, of the registered owners of any of the bonds of the Authority, the Authority may consent to and approve any modification in the terms of any loan to any local government.

§ 10.1-604.1. Determination of hazard potential classification.

A. The hazard potential classification for an impounding structure shall be determined by one of the following procedures:

1. The owner of an impounding structure that does not currently hold a regular or conditional certificate from the Board *or general permit in accordance with § 10.1-605.3*, or the owner of an impounding structure that is already under certificate *or general permit in accordance with § 10.1-605.3* but the owner believes that a condition has changed downstream of the impounding structure that may reduce its hazard potential classification, may request that the

Department conduct a simplified dam break inundation zone analysis to determine whether the impounding structure has a low hazard potential classification. The owner shall pay 50 percent of the cost of the analysis. If the Department finds that the impounding structure has a low hazard potential classification, the owner shall be eligible for general permit coverage in accordance with § 10.1-605.3. If the Department finds that the impounding structure appears to be a high or significant hazard potential structure, the owner's engineer shall provide further analysis in accordance with § 10.1-606.2 and the criteria set out in the Impounding Structure Regulations (4VAC50-20). The owner may be eligible for grant assistance in accordance with § 10.1-603.19.

2. The owner may propose a hazard potential classification that shall be subject to approval by the Board. To support the proposed hazard classification, an analysis shall be conducted by the owner's engineer and shall comply with the criteria set out in the Impounding Structure Regulations (4VAC50-20). If the engineer finds that the impounding structure has a low hazard potential classification, the owner shall be eligible for general permit coverage in accordance with § 10.1-605.3.

An impounding structure's hazard potential classification's determination shall include an analysis of those hazards created by flood and nonflood dam failures. In conducting the hazard potential classification, the Department or the owner's engineer may utilize an incremental damage analysis. When considering the failure of the impounding structure under a flood condition, such engineers shall only consider those hazards that exceed those created by the flood event.

B. Any owner aggrieved by a decision of the Department regarding his impounding structure shall have the right to judicial review of the final decision pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Board may adopt regulations in accordance with § 10.1-605 to establish a simplified methodology for dam break inundation zone analysis.

§ 10.1-605. Promulgation of regulations by the Board; guidance document.

A. The Board shall adopt regulations to ensure that impounding structures in the Commonwealth are properly and safely constructed, maintained and operated. Dam safety regulations promulgated by the State Water Control Board shall remain in full force until amended in accordance with applicable procedures.

B. The Board's Impounding Structure Regulations shall not require any impounding structure in existence or under a construction permit prior to July 1, 2010, that is currently classified as high hazard, or is subsequently found to be high hazard through reclassification, to upgrade its spillway to pass a rainfall event greater than the maximum recorded within the Commonwealth, which shall be deemed to be 90 percent of the probable maximum precipitation.

1. Such an impounding structure shall be determined to be in compliance with the spillway requirements of the regulations provided that (i) the impounding structure will pass two-thirds of the reduced probable maximum precipitation requirement described in this subsection and (ii) the dam owner certifies annually and by January 15 that such impounding structure meets each of the following conditions:

a. The owner has a current emergency action plan that is approved by the Board and that is developed and updated in accordance with the regulations;

b. The owner has exercised the emergency action plan in accordance with the regulations and conducts a table-top exercise at least once every two years;

c. The Department has verification that both the local ~~organization for~~ emergency management *coordinator* and the Virginia Department of Emergency Management have on file current emergency action plans and updates for the impounding structure;

d. That conditions at the impounding structure are monitored on a daily basis and as dictated by the emergency action plan;

e. The impounding structure is inspected at least annually by a professional engineer and all observed deficiencies are addressed within 120 days of such inspection;

f. The owner has a dam break inundation zone map developed in accordance with the regulations that is acceptable to the Department;

g. The owner is insured in an amount that will substantially cover the costs of downstream property losses to others that may result from a dam failure; and

h. The owner shall post the dam's emergency action plan on his website, or upon the request of the owner, the Department or another state agency responsible for providing emergency management services to citizens agrees to post the plan on its website. If the Department or another state agency agrees to post the plan on its website, the owner shall provide the plan in a format suitable for posting.

2. A dam owner who meets the conditions of subdivisions 1 a through 1 h, but has not provided record drawings to the Department for his impounding structure, shall submit a complete record report developed in accordance with the construction permit requirements of the Impounding Structure Regulations, excluding the required submittal of the record drawings.

3. A dam owner who fails to submit certifications required by subdivisions 1 a through 1 h in a timely fashion shall not enjoy the presumption that such impounding structure is deemed to be in compliance with the spillway requirements of the Board's Impounding Structure Regulations (4VAC50-20).

4. Any dam owner who has submitted the certifications required by subdivisions 1 a through 1 h shall make (i) such certifications, (ii) the emergency action plan required by subdivision 1 a, and (iii) the certificate of insurance required by subdivision 1 g available, upon request and within five business days, to any person. A dam owner may comply with the

requirements of this subdivision by providing the same information on a website and directing the requestor to such website. A dam owner who fails to comply with this subdivision shall be subject to a civil penalty pursuant to § ~~10.1-613.2~~ *10.1-609*.

C. The Board's regulations shall establish an incremental damage analysis procedure that permits the spillway design flood requirement for an impounding structure to be reduced to the level at which dam failure shall not significantly increase downstream hazard to life or property, provided that the spillway design flood requirement shall not be reduced to below the 100-year flood event for high or significant hazard impounding structures, or to below the 50-year flood event for low hazard potential impounding structures.

D. The Board shall consider the impact of limited-use or private roadways with low traffic volume and low public safety risk that are downstream from or across an impounding structure in the determination of the hazard potential classification of an impounding structure.

§ 10.1-605.3. General permit for certain impounding structures.

A. The Board shall develop a general permit for the regulation of low hazard potential impounding structures in accordance with § 10.1-605.

B. The regulations shall include the following:

1. A registration statement requiring:

a. The name and address of the owner;

b. The location of the impounding structure;

c. The height of the impounding structure;

d. The volume of water impounded; ~~and~~

e. *The results of a safety inspection conducted by a licensed professional engineer consistent with § 10.1-607 upon initial application for a permit or, for a newly constructed impounding structure, a complete records report as required in the Impounding Structure Regulations (4VAC50-20-70) for a construction permit; and*

f. A certification from the owner that the impounding structure (i) is classified as low hazard pursuant to a determination by the Department or the owner's professional engineer in accordance with § 10.1-604.1; (ii) is, to the best of his knowledge, properly and safely constructed ~~and~~*; (iii)* currently has no observable deficiencies *or, if deficiencies exist, such deficiencies shall be corrected in a timeframe and manner acceptable by the Department*; and ~~(iii)~~ *(iv)* shall be maintained and operated in accordance with the provisions of the general permit.

2. A spillway design flood requirement of the 100-year flood. When ~~appropriate~~ *no critical infrastructure, as defined in § 44-146.28:2, public highway, or any access to a public utility, as defined in § 56-232, is determined to be within the dam break inundation zone*, the spillway design flood requirement may be reduced to the 50-year flood ~~in accordance with an incremental damage analysis~~ *if approved by the Department*.

3. A simplified emergency preparedness plan that provides:

a. Name and location information for the impounding structure;

b. Name of owner and operator and associated contact information;

c. Contact information for relevant emergency responders;

d. Procedures for notifying downstream property owners or occupants; and

e. Identification of any downstream roadways that would be impacted by a failure.

4. An annual inspection of the impounding structure by the owner. No inspection of the impounding structure by a licensed professional engineer shall be required if the owner certifies at the time of general permit coverage renewal that conditions at the impounding structure and downstream are unchanged.

5. Procedures for seeking and issuing coverage under the general permit.

6. A six-year term of coverage under the general permit after which time the owner shall reapply for coverage by filing a new registration statement. The Board may, by regulation, establish a fee for the processing of registration statements.

C. The owner shall notify the Department immediately of any change in circumstances that would cause the impounding structure to no longer qualify for coverage under the general permit. In the event of a failure or an imminent failure at the impounding structure, the owner shall immediately notify the local emergency ~~services~~ *management* coordinator, the Department of Emergency Management, and the Department. The Department shall take actions in accordance with § 10.1-608 or 10.1-609, depending on the degree of hazard and the imminence of failure caused by the unsafe condition.

D. Failure to comply with the provisions of the general permit may result in penalties assessed in accordance with §§ *10.1-609 and* 10.1-613.1 ~~and 10.1-613.2~~.

E. In order to qualify for the ~~provisions~~ *protections* of § 10.1-606.3, a dam owner eligible for a general permit shall file a dam break inundation *zone* map with *or provide the limits of the inundation study in an acceptable electronic format to* the Department ~~and~~. *The dam owner shall also file such dam break inundation zone map or such limits of the inundation zone in an acceptable electronic format* with the offices with plat and plan approval authority or zoning responsibilities *as designated by the locality and the local emergency management coordinator* as designated by the locality for each locality in which the dam break inundation zone resides in accordance with § 10.1-606.2.

F. ~~If the failure of a low hazard potential impounding structure~~ *The Board may establish reduced minimum performance and maintenance standards in a general permit for a low hazard potential impounding structure that* is not expected to cause loss of human life or economic damage to any property except property owned by the owner~~, the owner~~

~~may follow the special criteria established for certain low hazard impounding structures in the Impounding Structure Regulations (4VAC50-20) in lieu of coverage under the general permit~~ *if such impounding structure fails*.

§ 10.1-606.2. Mapping of dam break inundation zones.

A. An owner of an impounding structure shall prepare a map of the dam break inundation zone *or provide the limits of the dam break inundation zone in an acceptable electronic format* for the impounding structure in accordance with criteria set out in the Virginia Impounding Structure Regulations (4VAC50-20). Existing maps prepared by the locality in accordance with these regulations may be used for this purpose.

B. All maps *or limits of the inundation zone* prepared in accordance with subsection A shall be filed with the Department ~~of Conservation and Recreation and with~~, *the local emergency management coordinator as designated by the locality, and* the offices with plat and plan approval authority or zoning responsibilities as designated by the locality for each locality in which the dam break inundation zone resides.

C. Owners of impounding structures may be eligible for matching grants ~~of up to 50 percent~~ from the Dam Safety, Flood Prevention and Protection Assistance Fund and other sources of funding available to the Director to assist in the development of dam break inundation zone maps and for conducting incremental damage assessments in accordance with the Virginia Impounding Structure Regulations.

D. All properties identified within the dam break inundation zone shall be incorporated by the owner into the dam safety emergency action plan of that impounding structure so as to ensure the proper notification of persons downstream and other affected persons or property owners in the event of an emergency condition at the impounding structure.

§ 10.1-606.3. Requirement for development in dam break inundation zones.

A. For any development proposed within the boundaries of a dam break inundation zone that has been mapped in accordance with § 10.1-606.2, the locality shall, as part of a preliminary plan review pursuant to § 15.2-2260, or as part of a plan review pursuant to § 15.2-2259 if no preliminary review has been conducted, (i) review the dam break inundation zone map *or the limits of the dam break inundation zone* on file with the locality for the affected impounding structure, (ii) notify the dam owner, and (iii) within 10 days forward a request to the Department of Conservation and Recreation to make a determination of the potential impacts of the proposed development on the spillway design flood standards required of the dam. The Department shall notify the dam owner and the locality of its determination within 45 days of the receipt of the request. Upon receipt of the Department's determination, the locality shall complete the review in accordance with § 15.2-2259 or 15.2-2260. If a locality has not received a determination within 45 days of the Department's receipt of the request, the Department shall be deemed to have no comments, and the locality shall complete its review. Such inaction by the Department shall not affect the Board's authority to regulate the impounding structure in accordance with this article.

If the Department determines that the plan of development would change the spillway design flood standards of the impounding structure, the locality shall not permit development as defined in § 15.2-2201 or redevelopment in the dam break inundation zone unless the developer or subdivider agrees to alter the plan of development so that it does not alter the spillway design flood standard required of the impounding structure or he contributes payment to the necessary upgrades to the affected impounding structure pursuant to § 15.2-2243.1.

The developer or subdivider shall provide the dam owner and all affected localities with information necessary for the dam owner to update the dam break inundation zone map to reflect any new development within the dam break inundation zone following completion of the development.

The requirements of this subsection shall not apply to any development proposed downstream of a dam for which a dam break inundation zone map is not on file with *or the limits of the dam break inundation zone have not been provided to* the locality as of the time of the official submission of a development plan to the locality.

B. The locality is authorized to map the dam break inundation zone in accordance with criteria set out in the Virginia Impounding Structure Regulations (4VAC50-20) and recover the costs of such mapping from the owner of an impounding structure for which a dam break inundation zone map is not on file with *or the limits of the dam break inundation zone have not been provided to* the locality and a map has not been prepared by the impounding structure owner.

C. This section shall not be construed to supersede or conflict with the authority granted to the Department of Energy for the regulation of mineral extraction activities in the Commonwealth as set out in Title 45.2. Nothing in this section shall be interpreted to permit the impairment of a vested right in accordance with § 15.2-2307.

§ 10.1-607. Safety inspections.

No one shall maintain a dam which unreasonably threatens the life or property of another. The Board shall cause safety inspections to be made of impounding structures on such schedule as it deems appropriate. The time of the initial inspection and the frequency of reinspection shall depend on such factors as the condition of the structure and its size, type, location and downstream hazard potential. The owners of dams found to have deficiencies which could threaten life or property if not corrected shall take the corrective actions needed to remove such deficiencies within a reasonable time. All safety inspections shall be conducted by or under the supervision of a licensed professional engineer. Each report shall bear the seal and signature of the licensed professional engineer responsible for the inspection. *If required by the Board in response to actions taken pursuant to § 10.1-608 or 10.1-609, each safety inspection report shall include any identified corrective actions, include a plan to implement such actions, and bear the seal and signature of the licensed professional engineer responsible for the inspection.*

The Board shall be responsible for the inspection and reinspection of flood control dams where the maintenance and operation of the dam is the responsibility of a soil and water conservation district and where the permit for operation of the impounding structure is held by such a district.

In response to any action taken pursuant to this section and § 10.1-608, the dam owner shall be responsible for ensuring that (i) the safety inspection of the impounding structure is conducted consistent with this section within 30 days of action being taken and (ii) the safety inspection report is provided to the Department within 30 days after the safety inspection is completed.

§ 10.1-608. Unsafe dams presenting imminent danger.

When the Director ~~finds~~ *determines that* an unsafe dam ~~constituting~~ *constitutes* an imminent danger to life or property, he shall immediately notify the Department of Emergency Management *and the local emergency management coordinator for the locality where the dam is located* and confer with the owner. The owner of a dam found to constitute an imminent danger to life or property shall take immediate corrective action. If the owner does not take appropriate and timely action to correct the danger found, the Governor shall have the authority to take immediate appropriate action, without the necessity for a hearing, to remove the imminent danger. *Upon receiving authority from the Governor to take such immediate appropriate action, the Department shall notify the locality in which the dam is located. If such locality is able and agrees to take appropriate and timely action to minimize the imminent danger on behalf of the Department, the Director may issue an administrative order to the locality defining the actions the locality is authorized to undertake on behalf of the Department and the terms and conditions applicable to the delegated actions.* The Attorney General may bring an action against the owner of the impounding structure for the Commonwealth's expenses in removing the imminent danger. There shall be a lien upon the owner's real estate for the Commonwealth's expenses in removing the imminent danger. The owner may avoid the Commonwealth's costs, and recover any damages, upon proving that the dam was known to be safe at the time such action was taken, and that the owner had provided or offered to immediately provide such proof to the Director before the action complained of was taken. Nothing herein shall in any way limit any authority existing under the Emergency Services and Disaster Law (§ 44-146.13 et seq.).

§ 10.1-609. Unsafe dams presenting nonimminent danger; civil penalty.

A. Within ~~a reasonable time~~ *30 days* after completion of a safety inspection of an impounding structure ~~authorized by~~ *by the dam owner's licensed professional engineer in accordance with* § 10.1-607, ~~the Board shall issue a report to the owner of the impounding structure containing its findings and recommendations for correction of any deficiencies which could threaten life or property if not corrected. Owners who have been issued a report containing recommendations for correction of deficiencies shall undertake to implement the recommendations contained in the report according to the schedule of implementation contained in the report~~ *the owner shall submit to the Board a plan, consistent with regulations adopted pursuant to § 10.1-605, to address the recommendations for correcting any deficiencies found at the impounding structure and shall include a schedule for implementing such recommendations. The Board shall determine if the submitted plan and schedule are sufficient to address the deficiencies*. If an owner fails or refuses to commence or diligently implement the recommendations for correction of deficiencies according to the schedule contained in ~~an issued report~~ *the plan*, the Director shall have the authority to issue an administrative order directing the owner to commence implementation and completion of such recommendations according to the schedule contained in the ~~report~~ *plan* with modifications as appropriate. *Such order may include a civil penalty of up to $500 per day, with the maximum amount not to exceed $25,000. The civil penalty may be in addition to, or in lieu of, any other forfeitures, remedies, or penalties authorized by law. When setting the civil penalty amount, the Director shall consider (i) the nature, duration, and number of previous instances of failure by the dam owner to comply with requirements of law relating to dam safety and the Board's regulations and orders; (ii) the efforts of the dam owner to correct deficiencies or other instances of failure to comply with the requirements of law relating to dam safety and the Board's regulations and orders that are the subject of the proposed penalty; (iii) the cost of carrying out actions required to meet the requirements of this article and the Board's regulations and orders; (iv) the hazard classification of the dam; and (v) any other factors that the Department deems appropriate. The Director shall suspend the civil penalties if the dam owner complies with the administrative order and any conditions in the schedule of compliance contained in such order.*

B. Within ~~thirty~~ *30* days after being served by personal service or by mail with a copy of an order issued pursuant to this section, any owner shall have the right to petition the Board for a hearing. ~~As part of his petition, a dam owner may submit to the Board his own plan, consistent with regulations adopted pursuant to § 10.1-605, to address the recommendations for correction of deficiencies and the schedule of implementation contained in the report. The Board shall determine if the submitted plan and schedule are sufficient to address deficiencies.~~ A timely filed petition shall stay the effect of the administrative order.

The hearing shall be conducted before the Board or a designated member thereof pursuant to § 2.2-4019. The Board shall have the authority to affirm, modify, amend or cancel the administrative order. Any owner aggrieved by a decision of the Board after a hearing shall have the right to judicial review of the final Board decision pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

~~B.~~ *C.* The provisions of subsection A of this section notwithstanding, if the Director determines, after the ~~report~~ *plan* is ~~issued~~ *submitted*, that changed circumstances justify reclassifying the deficiencies of an impounding structure as an imminent danger to life or property, the Director may proceed directly under § 10.1-613 for enforcement of his order, and the owner shall have the opportunity to contest the fact based upon which the administrative order was issued.

~~C.~~ *D.* The Director, upon a determination that there is an unsafe condition at an impounding structure, is authorized to cause the lowering or complete draining of such impoundment until the unsafe condition has been corrected at the owner's expense and prior to any authorization to refill.

An owner who fails to comply with the provisions contained in an administrative order of the Department shall be subject to procedures set out in § 10.1-613 and the penalties authorized under ~~§§~~ *§* 10.1-613.1 ~~and 10.1-613.2~~.

E. If any civil penalty has not been paid within 60 days after the Board's final decision or a court order has been served on the owner, the Board shall request the Attorney General to bring a civil action against such owner in an appropriate court for appropriate relief.

F. Civil penalties assessed under this section shall be paid into the Dam Safety, Flood Prevention and Protection Assistance Fund established in § 10.1-603.17 and be used for the administration of the dam safety program, including for the repair and maintenance of impounding structures.

~~D.~~ *G.* No persons, other than those authorized to maintain an impounding structure, shall interfere with the operation of an impounding structure.

§ 10.1-612.1. Temporary stop work order; hearing; injunctive relief.

A. The Director may issue a temporary stop work order on a construction or alteration project if he finds that an owner is constructing or altering a dam without having first obtained the necessary certificate of approval, or if the activities are not in accordance with approved plans and specifications. The order shall include written notice to the owner of the date, time, and location where the owner may appear at a hearing before the Board or a designated member thereof pursuant to § 2.2-4019 to show cause why the temporary order should be vacated. The hearing shall be held within ~~15~~ *30* calendar days of the date of the order, unless the owner consents to a longer period.

B. Following the hearing, the Board may affirm or cancel the temporary order and may issue a final order directing that immediate steps be taken to abate or ameliorate any harm or damage arising from the violation. The owner may seek judicial review of the final decision of the Board pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

C. If the violation continues after the Board has issued a final decision and order pursuant to subsection B or a temporary order issued by the Director pursuant to subsection A, the Board may apply for an injunction from the appropriate court. A decision to seek injunctive relief does not preclude other forms of relief, enforcement, or penalties against the owner.

§ 10.1-613.6. Negotiated settlement agreements.

With the consent of any owner of an impounding structure who has allegedly violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a permit, or any provision of this chapter, the Board may enter into a negotiated settlement agreement with such owner, so long as the impounding structure or dam is not subject to the provisions of § 10.1-609, to correct deficiencies at the structure according to the schedule of implementation appended to the negotiated settlement agreement and for the payment of civil charges for past alleged violations in specific sums not to exceed the limit specified in § ~~10.1-613.2~~ *10.1-609*. Such civil charges shall be suspended upon compliance with the terms and conditions of the negotiated settlement agreement as determined by the Director. Such civil charges shall be ~~instead of any appropriate civil penalty that could be imposed under § 10.1-613.2 and shall be~~ paid into the Dam Safety, Flood Prevention and Protection Assistance Fund established ~~by Article 1.2 (§ 10.1-603.16 et seq.)~~ *in § 10.1-603.17*.

2. That § 10.1-613.2 of the Code of Virginia is repealed.

Documents submitted for admission of any child to public schools in the Commonwealth, except such documents required in accordance with §§ 22.1-3.1 and 22.1-270, shall include the street address or route number of each pupil's residence. If no street address or route number exists for such residence, a post office box number shall be required. *If the pupil or parent participates in the Address Confidentiality Program pursuant to § 2.2-515.2, the street address or route number shall be provided to establish residency but shall not otherwise be made part of the student's educational records.*

If the pupil is a homeless child or youth as defined in subdivision A 7 of § 22.1-3, and for that reason the school division determines, on the basis of the affidavit of the person seeking to enroll the pupil, that a street address, route number, or post office box number cannot be provided, it may accept an address in an alternate form it deems appropriate.

Address information provided under this section shall not be released to any person unless otherwise authorized by law.

§ 12. Miscellaneous powers.

§ 4.1-203.2. Retail licensee and employee training; human trafficking recognition and reporting.

The Authority shall offer a training course to retail licensees and their employees to train such licensees and employees to recognize and report instances of suspected human trafficking. Such training course shall be an online course developed by the Department of Criminal Justice Services pursuant to § 9.1-102 and provided at no cost to retail licensees and their employees or an alternative online or in-person training course approved by the Department of Criminal Justice Services.

§ 4.1-227. Suspension or revocation of licenses; notice and hearings; imposition of penalties.

A. Except for temporary licenses, before the Board may impose a civil penalty against a brewery licensee or suspend or revoke any license, reasonable notice of such proposed or contemplated action shall be given to the licensee in accordance with the provisions of § 2.2-4020 of the Administrative Process Act (§ 2.2-4000 et seq.).

Notwithstanding the provisions of § 2.2-4022, the Board shall, upon written request by the licensee, permit the licensee to inspect and copy or photograph all (i) written or recorded statements made by the licensee or copies thereof or the substance of any oral statements made by the licensee or a previous or present employee of the licensee to any law-enforcement officer, the existence of which is known by the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee, and (ii) designated books, papers, documents, tangible objects, buildings, or places, or copies or portions thereof, that are within the possession, custody, or control of the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee. In addition, any subpoena for the production of documents issued to any person at the request of the licensee or the Board pursuant to § 4.1-103 shall provide for the production of the documents sought within ten working days, notwithstanding anything to the contrary in § 4.1-103.

If the Board fails to provide for inspection or copying under this section for the licensee after a written request, the Board shall be prohibited from introducing into evidence any items the licensee would have lawfully been entitled to inspect or copy under this section.

The action of the Board in suspending or revoking any license or in imposing a civil penalty against the holder of a brewery license shall be subject to judicial review in accordance with the Administrative Process Act. Such review shall extend to the entire evidential record of the proceedings provided by the Board in accordance with the Administrative Process Act. An appeal shall lie to the Court of Appeals from any order of the court. Notwithstanding § 8.01-676.1, the final

judgment or order of the circuit court shall not be suspended, stayed or modified by such circuit court pending appeal to the Court of Appeals. Neither mandamus nor injunction shall lie in any such case.

B. In suspending any license the Board may impose, as a condition precedent to the removal of such suspension or any portion thereof, a requirement that the licensee pay the cost incurred by the Board in investigating the licensee and in holding the proceeding resulting in such suspension, or it may impose and collect such civil penalties as it deems appropriate. In no event shall the Board impose a civil penalty exceeding $2,000 for the first violation occurring within five years immediately preceding the date of the violation or $5,000 for the second violation occurring within five years immediately preceding the date of the second violation. However, if the violation involved selling alcoholic beverages to a person prohibited from purchasing alcoholic beverages or allowing consumption of alcoholic beverages by underage, intoxicated, or interdicted persons, the Board may impose a civil penalty not to exceed $3,000 for the first violation occurring within five years immediately preceding the date of the violation and $6,000 for a second violation occurring within five years immediately preceding the date of the second violation in lieu of such suspension or any portion thereof, or both. The Board may also impose a requirement that the licensee pay for the cost incurred by the Board not exceeding $25,000 in investigating the licensee and in holding the proceeding resulting in the violation in addition to any suspension or civil penalty incurred.

C. Following notice to (i) the licensee of a hearing that may result in the suspension or revocation of his license or (ii) the applicant of a hearing to resolve a contested application, the Board may accept a consent agreement as authorized in subdivision 21 of § 4.1-103. The notice shall advise the licensee or applicant of the option to (a) admit the alleged violation or the validity of the objection; (b) waive any right to a hearing or an appeal under the Virginia Administrative Process Act (§ 2.2-4000 et seq.); and (c)(1) accept the proposed restrictions for operating under the license, (2) accept the period of suspension of the licensed privileges within the Board's parameters, (3) pay a civil penalty in lieu of the period of suspension, or any portion of the suspension as applicable, or (4) proceed to a hearing.

D. In case of an offense by the holder of a brewery license, the Board may (i) require that such holder pay the costs incurred by the Board in investigating the licensee, (ii) suspend or revoke the on-premises privileges of the brewery, and (iii) impose a civil penalty not to exceed $25,000 for the first violation, $50,000 for the second violation, and for the third or any subsequent violation, suspend or revoke such license or, in lieu of any suspension or portion thereof, impose a civil penalty not to exceed $100,000. Such suspension or revocation shall not prohibit the licensee from manufacturing or selling beer manufactured by it to the owners of boats registered under the laws of the United States sailing for ports of call of a foreign country or another state, and to persons outside the Commonwealth.

E. The Board shall, by regulation or written order:

1. Designate those (i) objections to an application or (ii) alleged violations that will proceed to an initial hearing;

2. Designate the violations for which a waiver of a hearing and payment of a civil charge in lieu of suspension may be accepted for a first offense occurring within three years immediately preceding the date of the violation;

3. Provide for a reduction in the length of any suspension and a reduction in the amount of any civil penalty for any retail licensee where the licensee can demonstrate that it provided to its employees alcohol server or seller training certified in advance by the Board*, which training shall include a course developed or approved by the Department of Criminal Justice Services pursuant to § 9.1-102 on recognizing and reporting instances of suspected human trafficking*;

4. Establish a schedule of penalties for such offenses, prescribing the appropriate suspension of a license and the civil charge acceptable in lieu of such suspension; and

5. Establish a schedule of offenses for which any penalty may be waived upon a showing that the licensee has had no prior violations within five years immediately preceding the date of the violation. No waiver shall be granted by the Board, however, for a licensee's willful and knowing violation of this subtitle or Board regulations.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries

Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues, and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles; and (iii) specific technology systems, including physical security technologies, emergency telecommunication systems, and associated technology including equipment and software.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate.

The results of such school safety audits shall be made public within 90 days of completion pursuant to this subsection. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, floor plans, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in the Commonwealth in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can

contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

F. Each division superintendent shall annually designate an employee in the local school division as the division safety official whose duty is to receive all reports required pursuant to subsection A of § 19.2-83.1 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. Any probation and parole officer who is supervising a person employed by a local school division in the Commonwealth, upon discovering that such supervised person has been arrested *for* or convicted of a felony offense or an equivalent offense in another state, shall report such arrest or conviction to the Superintendent of Public Instruction and the

division safety official designated pursuant to subsection F of § 22.1-279.8 in the local school division in which such supervised person is employed as soon as practicable.

B. The report required pursuant to subsection A shall be transmitted to the division safety official (i) via certified mail, return receipt requested, to the mailing address identified by the division superintendent pursuant to subsection F of § 22.1-279.8 or (ii) via ~~fax and~~ email to the ~~fax number and~~ email address identified by the division superintendent pursuant to subsection F of § 22.1-279.8. Any certified mail return receipt shall be retained in the case file.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues, and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles; and (iii) specific technology systems, including physical security technologies, emergency telecommunication systems, and associated technology including equipment and software.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate.

The results of such school safety audits shall be made public within 90 days of completion pursuant to this subsection. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, floor plans, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available to the chief law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available to the chief law-enforcement officer of the locality the results of such audits for his review and recommendations.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school crisis, emergency management, and medical emergency response plan, consistent with the definition provided in this section, and shall include the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, in the development of such plans. Each school division shall designate an emergency manager.

The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in the Commonwealth in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

F. Each division superintendent shall annually designate an employee in the local school division as the division safety official whose duty is to receive all reports required pursuant to subsection A of § 19.2-83.1 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. The designation required by this subsection shall include updated contact information for the division safety official, including (i) a current mailing address, (ii) a current working daytime phone number, *and* (iii) a current functional email address~~, and (iv) a current functional fax number~~. It shall be the duty of the division superintendent to update contact information required by this subsection within 48 hours of any change to such contact information.

CHAPTER 236

An Act to amend and reenact § 38.2-3407.15 of the Code of Virginia, relating to health insurance; carrier business practices; method of payment for claims.

[H 2085]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15. Ethics and fairness in carrier business practices.

A. As used in this section:

"Carrier," "enrollee," and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim that does all of the following:

1. Identifies the provider that provided the service with industry-standard identification criteria, including billing and rendering provider names, identification numbers, and address;

2. Identifies the patient with a carrier-assigned identification number so the carrier can verify the patient was an enrollee at the time of service;

3. Identifies the service rendered using an industry-standard system of procedure or service coding, or, if applicable, a methodology required under the provider contract. The claim shall include a complete listing of all relevant diagnoses, procedures, and service codes, as well as any applicable modifiers;

4. Specifies the date and place of service;

5. If prior authorization is required for the services listed in the claim, contains verification that prior authorization was obtained in accordance with the provider contract for those services; and

6. Includes additional documentation specific to the services rendered as required by the carrier in its provider contract.

Notwithstanding the above criteria, a claim shall be considered a clean claim if a carrier has failed timely to notify the person submitting the claim of any defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. ~~Subject to subsection K, every~~ *Every* provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, notify the person submitting the claim of any defect or impropriety that prevents the carrier from deeming the claim a clean claim and request the information that will be required to process and pay the claim. Upon receipt of the additional information necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision ~~7~~ *8*. Beginning no later than January 1, 2026, all notifications and information required under this subdivision shall be delivered electronically.

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. *A carrier shall notify the provider in the provider contract if the carrier, or entity completing a transaction on behalf of the carrier, uses a payment method that imposes a transaction or processing fee or similar charge on the provider, and*

shall offer the provider an alternative payment method in which the carrier, or entity completing a transaction on behalf of the carrier, does not impose such a fee or similar charge. If the provider elects to accept the alternative payment method and has provided all required information to the carrier to enroll in such alternative method, the carrier shall pay the claim using such alternative payment method.

5. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

~~5.~~ *6.* Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized;

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status; or

c. During the post-service claims process, it is determined that the claim was submitted fraudulently.

~~6.~~ *7.* In the case of an invasive or surgical procedure, if the carrier has previously authorized a health care service as medically necessary and during the procedure the health care provider discovers clinical evidence prompting the provider to perform a less or more extensive or complicated procedure than was previously authorized, then the carrier shall pay the claim, provided that the additional procedures were (i) not investigative in nature, but medically necessary as a covered service under the covered person's benefit plan; (ii) appropriately coded consistent with the procedure actually performed; and (iii) compliant with a carrier's post-service claims process, including required timing for submission to carrier.

~~7.~~ *8.* No carrier shall impose any retroactive denial of a previously paid claim or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought, the carrier has provided a written explanation of why the claim is being retroactively adjusted, and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed 12 months. Notwithstanding the provisions of clause (iii), a provider and a carrier may agree in writing that recoupment of overpayments by withholding or offsetting against future payments may occur after such 12-month limit for the imposition of the retroactive denial. A carrier shall notify a provider at least 30 days in advance of any retroactive denial or recovery or refund of a previously paid claim.

Beginning no later than January 1, 2026, all written communications, explanations, notifications, and related provider responses applicable to this subdivision shall be delivered electronically. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.

~~8.~~ *9.* No provider contract shall fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy, or statement as to the manner in which claims will be calculated and paid that is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules, and exhibits thereto and any policies (including those referred to

in subdivision ~~4~~ *5*) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

~~9.~~ *10.* No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

~~10.~~ *11.* In the event that the carrier's provision of a policy required to be provided under subdivision ~~8~~ *9* or ~~9~~ *10* would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

~~11.~~ *12.* All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers. If a carrier's claim denial is overturned following completion of a dispute review, the carrier shall, on the day the decision to overturn is made, consider the claims impacted by such decision as clean claims. All applicable laws related to the payment of a clean claim shall apply to the payments due.

~~12.~~ *13.* Every carrier shall include in its provider contracts a provision that prohibits a provider from discriminating against any enrollee solely due to the enrollee's status as a litigant in pending litigation or a potential litigant due to being involved in a motor vehicle accident. Nothing in this subdivision shall require a health care provider to treat an enrollee who has threatened to make or has made a professional liability claim against the provider or the provider's employer, agents, or employees or has threatened to file or has filed a complaint with a regulatory agency or board against the provider or the provider's employer, agents, or employees.

~~13.~~ *14.* Beginning July 1, 2025, every carrier shall make available through electronic means a way for providers to determine whether an enrollee is covered by a health plan that is subject to the Commission's jurisdiction.

C. A provider shall not file a complaint with the Commission for failure to pay claims in accordance with subdivision B 1 unless:

1. Such provider has made a reasonable effort to confer with the carrier in order to resolve the issues related to all claims that are under dispute. Any request to confer shall be made to the contact listed for such purpose in the provider contract and shall include supporting documentation sufficient for the carrier to identify the claims in question; and

2. At least 30 calendar days have passed from the date of the request provided that the carrier has been responsive to the provider's request to confer. However, if in the judgment of the provider, the carrier has not been responsive to such request, the provider shall not be required to wait at least 30 calendar days to file the complaint.

The provider shall attest in any such complaint that it has satisfied the provisions of this subsection.

D. If the Commission has cause to believe that any provider has engaged in a pattern of potential violations of subdivision B ~~12~~ *13*, with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in questions were not violations. If any provider has engaged in a pattern of potential violations of subdivision B ~~12~~ *13*, with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the provider and take other action as permitted under its authority. Upon completion of its review of any potential violation submitted by the Commission or initiated directly by an enrollee, the Board of Medicine or the Commissioner of Health shall notify the Commission of the results of the review, including where the violation was substantiated, and any enforcement action taken as a result of a finding of a substantiated violation.

E. Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and 2 in the performance of its provider contracts.

F. No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

G. Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this

section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

H. No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

I. Except where otherwise provided in this section, beginning no later than July 1, 2025, carriers shall deliver provider contracts, related amendments, and notices exclusively to providers in an electronic format other than electronic facsimile. Beginning no later than January 1, 2026, the provider shall submit provider contracts, amendments, and notices to carriers exclusively in an electronic format other than electronic facsimile. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.

J. This section shall apply only to carriers subject to regulation under this title and shall apply to the carrier and provider, regardless of any vendors, subcontractors, or other entities that have been contracted by the carrier or the provider to perform duties applicable to this section.

K. ~~This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.~~

~~L.~~ Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

~~M.~~ *L.* The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

[H 2097]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-2818, 32.1-325, 38.2-3406.1, and 38.2-3418.7 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-2818. Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical, and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of $50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure, or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies, and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered, or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy

with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one ~~PSA~~ *prostate-specific antigen* test in a 12-month period and digital rectal examinations~~, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen~~.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments, and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NCI" means the National Cancer Institute.

"NIH" means the National Institutes of Health.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

a. The National Cancer Institute;

b. An NCI cooperative group or an NCI center;

c. The FDA in the form of an investigational new drug application;

d. The federal Department of Veterans Affairs; or

e. An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI.

Coverage under this subdivision shall apply only if:

(1) There is no clearly superior, noninvestigational treatment alternative;

(3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition, or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition, or disorder covered by such policy or contract.

18. Offer and make available coverage for the treatment of morbid obesity through gastric bypass surgery or such other methods as may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity. Such coverage shall have durational limits, dollar limits, deductibles, copayments, and coinsurance factors that are no less favorable than for physical illness generally. Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. As used herein, "BMI" equals weight in kilograms divided by height in meters squared.

19. Include coverage for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations. The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition, or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

20. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each employee provided coverage pursuant to this section, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide employees covered under the plan such corrective information as may be required to electronically process a prescription claim.

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums, and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs, and administrative expenses shall be withdrawn from time to time. The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

D. For the purposes of this section:

F. Any self-insured group health insurance plan established by the Department of Human Resource Management that utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

G. The plan shall include, in each planning district, at least two health coverage options, each sponsored by unrelated entities. No later than July 1, 2006, one of the health coverage options to be available in each planning district shall be a high deductible health plan that would qualify for a health savings account pursuant to § 223 of the Internal Revenue Code of 1986, as amended.

In each planning district that does not have an available health coverage alternative, the Department shall voluntarily enter into negotiations at any time with any health coverage provider who seeks to provide coverage under the plan.

This subsection shall not apply to any state agency authorized by the Department to establish and administer its own health insurance coverage plan separate from the plan established by the Department.

H. Any self-insured group health insurance plan established by the Department of Human Resource Management that includes coverage for prescription drugs on an outpatient basis may apply a formulary to the prescription drug benefits provided by the plan if the formulary is developed, reviewed at least annually, and updated as necessary in consultation with and with the approval of a pharmacy and therapeutics committee, a majority of whose members are actively practicing licensed (i) pharmacists, (ii) physicians, and (iii) other health care providers.

If the plan maintains one or more drug formularies, the plan shall establish a process to allow a person to obtain, without additional cost-sharing beyond that provided for formulary prescription drugs in the plan, a specific, medically necessary nonformulary prescription drug if, after reasonable investigation and consultation with the prescriber, the formulary drug is determined to be an inappropriate therapy for the medical condition of the person. The plan shall act on such requests within one business day of receipt of the request.

Any plan established in accordance with this section shall be authorized to provide for the selection of a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

I. Any plan established in accordance with this section requiring preauthorization prior to rendering medical treatment shall have personnel available to provide authorization at all times when such preauthorization is required.

J. Any plan established in accordance with this section shall provide to all covered employees written notice of any benefit reductions during the contract period at least 30 days before such reductions become effective.

K. No contract between a provider and any plan established in accordance with this section shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a covered employee with similar medical conditions.

L. The Department of Human Resource Management shall appoint an Ombudsman to promote and protect the interests of covered employees under any state employee's health plan.

The confidentiality of any such medical records shall be maintained in accordance with the confidentiality and disclosure laws of the Commonwealth.

8. Ensure that covered employees have access to the services provided by the Ombudsman and that the covered employees receive timely responses from the Ombudsman or his representatives to the inquiries.

Such written notification shall describe generally the conditions upon which the other coverage would be primary for dependent children enrolled under the eligible employee's coverage and the method by which the eligible enrollee may verify from the plan that coverage would have primary responsibility for the covered expenses of each family member.

P. Any plan established by the Department of Human Resource Management pursuant to this section shall provide that coverage under such plan for family members enrolled under a participating state employee's coverage shall continue for a period of at least 30 days following the death of such state employee.

Q. The plan established in accordance with this section that follows a policy of sending its payment to the covered employee or covered family member for a claim for services received from a nonparticipating physician or osteopath shall (i) include language in the member handbook that notifies the covered employee of the responsibility to apply the plan payment to the claim from such nonparticipating provider, (ii) include this language with any such payment sent to the covered employee or covered family member, and (iii) include the name and any last known address of the nonparticipating provider on the explanation of benefits statement.

R. The plan established by the Department of Human Resource Management pursuant to this section shall provide that coverage under such plan for an incapacitated child enrolled under a participating state employee's coverage shall be valid without regard to whether such child lives with the covered employee as a member of the employee's household so long as the child is dependent upon the employee for more than half of the child's financial support and the child is receiving residential support services.

For purposes of this subsection, "incapacitated child" means an adult child who is incapacitated due to a physical or mental health condition that existed prior to the termination of coverage due to such child attaining the limiting age under the plan for eligible children dependents.

S. The Department of Human Resource Management shall report annually, by November 30 of each year, on cost and utilization information for each of the mandated benefits set forth in subsection B, including any mandated benefit made applicable, pursuant to subdivision B 22, to any plan established pursuant to this section. § 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

The total amount of expenditures for grants in any fiscal year shall not exceed 50 percent of the total noninterest or income deposits made to the Fund during the previous fiscal year, together with the total amount collected in interest or income from the investment of moneys in the Fund from the previous fiscal year as determined at the beginning of the fiscal year.

G. Any grants made from the Fund *pursuant to clause (i) of subsection C* shall require a ~~50~~ *30* percent project match by the applicant. Any loans made from the Fund *for such activities or for engineering requirements needed to complete such activities included in clause (i) of subsection C* shall require a minimum of a 10 percent project match by the applicant.

H. *Any grants made from the Fund pursuant to clause (ii) of subsection C shall require no more than a 10 percent match by the applicant except that the applicant shall be required to provide a minimum of $5,000 of the cost of the project, if funded. The match provided by the applicant may be used to pay the application fees for the necessary impounding structure operation and general permit pursuant to § 10.1-605.3 or maintenance certificate.*

I. Except as otherwise provided in this article, moneys in the Fund shall be used solely to make loans or grants to local governments or private entities to finance or refinance the cost of a project. The local government or private entity to which loans or grants are made, the purposes of the loan or grant, the required match for the specific loan or grant, and the amount of each loan or grant, shall be designated in writing by the Director to the Authority. No loan or grant from the Fund shall exceed the total cost of the project to be financed or the outstanding principal amount of the indebtedness to be refinanced plus reasonable financing expenses. Loans may also be from the Fund, at the Director's discretion, to a local government that has developed a low-interest loan program to provide loans or other incentives to facilitate the correction of dam or impounding structure deficiencies, as required by the Department, provided that the moneys are to be used only for the program and that the dams or impounding structures to be repaired or upgraded are owned by private entities.

~~I.~~ *J.* Except as otherwise provided in this article, the Authority shall determine the interest rate and terms and conditions of any loan from the Fund, which may vary between different loans and between local governments and private entities to finance or refinance the cost of a project. Each loan shall be evidenced by appropriate bonds or notes of the local government or by the appropriate debt instrument for private entities payable to the Fund. Private entities shall duly authorize an appropriate debt instrument and execute same by their authorized legal representatives. The bonds or notes shall have been duly authorized by the local government and executed by its authorized legal representatives. The Authority may require in connection with any loan from the Fund such documents, instruments, certificates, legal opinions, covenants, conditions, and other information as it may deem necessary or convenient to further the purpose of the loan. In addition to any other terms or conditions that the Authority may establish, the Authority may require, as a condition to making any loan from the Fund, that the local government or private entity receiving the loan covenant to perform any of the following:

1. Establish and collect rents, rates, fees, and charges to produce revenue sufficient to pay all or a specified portion of (i) the costs of operation, maintenance, replacement, renewal, and repairs of the project; (ii) any outstanding indebtedness incurred for the purposes of the project, including the principal of, premium, if any, and interest on the loan from the Fund; and (iii) any amounts necessary to create and maintain any required reserve, including any rate stabilization fund deemed necessary or appropriate by the Authority to offset the need, in whole or part, for future increases in rents, rates, fees, or charges;

2. With respect to local governments, levy and collect ad valorem taxes on all property within the jurisdiction of the local government subject to local taxation sufficient to pay the principal of and premium, if any, and interest on the loan from the Fund to the local government;

3. Create and maintain a special fund or funds for the payment of the principal of, premium, if any, and interest on the loan from the Fund and any other amounts becoming due under any agreement entered into in connection with the loan, or for the operation, maintenance, repair, or replacement of the project or any portions thereof or other property of the borrower, and deposit into any fund or funds amounts sufficient to make any payments on the loan as they become due and payable;

4. Create and maintain other special funds as required by the Authority;

5. Perform other acts otherwise permitted by applicable law to secure payment of the principal of, premium, if any, and interest on the loan from the Fund and to provide for the remedies of the Fund in the event of any default by the borrower in payment of the loan, including, without limitation, any of the following:

a. The conveyance of, or the granting of liens on or security interests in, real and personal property, together with all rights, title and interest therein;

b. The procurement of insurance, guarantees, letters of credit and other forms of collateral, security, liquidity arrangements or credit supports for the loan from any source, public or private, and the payment therefor of premiums, fees, or other charges;

c. The combination of one or more projects, or the combination of one or more projects with one or more other undertakings, facilities, utilities, or systems, for the purpose of operations and financing, and the pledging of the revenues

from such combined projects, undertakings, facilities, utilities and systems to secure the loan from the Fund borrower made in connection with such combination or any part or parts thereof;

d. The maintenance, replacement, renewal, and repair of the project; and

e. The procurement of casualty and liability insurance;

6. Obtain a review of the accounting and internal controls from the Auditor of Public Accounts or his legally authorized representatives, as applicable. The Authority may request additional reviews at any time during the term of the loan. In addition, anyone receiving a report in accordance with § 10.1-603.23 may request an additional review as set forth in this section; and

7. Directly offer, pledge, and consent to the Authority to take action pursuant to § 62.1-216.1 to obtain payment of any amounts in default, as applicable.

All local governments or private entities borrowing money from the Fund are authorized to perform any acts, take any action, adopt any proceedings, and make and carry out any contracts that are contemplated by this article. Such contracts need not be identical among all local governments or private entities but may be structured as determined by the Authority according to the needs of the contracting local governments or private entities and the Fund.

Subject to the rights, if any, of the registered owners of any of the bonds of the Authority, the Authority may consent to and approve any modification in the terms of any loan to any local government.

§ 10.1-604.1. Determination of hazard potential classification.

A. The hazard potential classification for an impounding structure shall be determined by one of the following procedures:

1. The owner of an impounding structure that does not currently hold a regular or conditional certificate from the Board *or general permit in accordance with § 10.1-605.3*, or the owner of an impounding structure that is already under certificate *or general permit in accordance with § 10.1-605.3* but the owner believes that a condition has changed downstream of the impounding structure that may reduce its hazard potential classification, may request that the Department conduct a simplified dam break inundation zone analysis to determine whether the impounding structure has a low hazard potential classification. The owner shall pay 50 percent of the cost of the analysis. If the Department finds that the impounding structure has a low hazard potential classification, the owner shall be eligible for general permit coverage in accordance with § 10.1-605.3. If the Department finds that the impounding structure appears to be a high or significant hazard potential structure, the owner's engineer shall provide further analysis in accordance with § 10.1-606.2 and the criteria set out in the Impounding Structure Regulations (4VAC50-20). The owner may be eligible for grant assistance in accordance with § 10.1-603.19.

2. The owner may propose a hazard potential classification that shall be subject to approval by the Board. To support the proposed hazard classification, an analysis shall be conducted by the owner's engineer and shall comply with the criteria set out in the Impounding Structure Regulations (4VAC50-20). If the engineer finds that the impounding structure has a low hazard potential classification, the owner shall be eligible for general permit coverage in accordance with § 10.1-605.3.

An impounding structure's hazard potential classification's determination shall include an analysis of those hazards created by flood and nonflood dam failures. In conducting the hazard potential classification, the Department or the owner's engineer may utilize an incremental damage analysis. When considering the failure of the impounding structure under a flood condition, such engineers shall only consider those hazards that exceed those created by the flood event.

B. Any owner aggrieved by a decision of the Department regarding his impounding structure shall have the right to judicial review of the final decision pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Board may adopt regulations in accordance with § 10.1-605 to establish a simplified methodology for dam break inundation zone analysis.

§ 10.1-605. Promulgation of regulations by the Board; guidance document.

A. The Board shall adopt regulations to ensure that impounding structures in the Commonwealth are properly and safely constructed, maintained and operated. Dam safety regulations promulgated by the State Water Control Board shall remain in full force until amended in accordance with applicable procedures.

B. The Board's Impounding Structure Regulations shall not require any impounding structure in existence or under a construction permit prior to July 1, 2010, that is currently classified as high hazard, or is subsequently found to be high hazard through reclassification, to upgrade its spillway to pass a rainfall event greater than the maximum recorded within the Commonwealth, which shall be deemed to be 90 percent of the probable maximum precipitation.

1. Such an impounding structure shall be determined to be in compliance with the spillway requirements of the regulations provided that (i) the impounding structure will pass two-thirds of the reduced probable maximum precipitation requirement described in this subsection and (ii) the dam owner certifies annually and by January 15 that such impounding structure meets each of the following conditions:

a. The owner has a current emergency action plan that is approved by the Board and that is developed and updated in accordance with the regulations;

b. The owner has exercised the emergency action plan in accordance with the regulations and conducts a table-top exercise at least once every two years;

c. The Department has verification that both the local ~~organization for~~ emergency management *coordinator* and the Virginia Department of Emergency Management have on file current emergency action plans and updates for the impounding structure;

d. That conditions at the impounding structure are monitored on a daily basis and as dictated by the emergency action plan;

e. The impounding structure is inspected at least annually by a professional engineer and all observed deficiencies are addressed within 120 days of such inspection;

f. The owner has a dam break inundation zone map developed in accordance with the regulations that is acceptable to the Department;

g. The owner is insured in an amount that will substantially cover the costs of downstream property losses to others that may result from a dam failure; and

h. The owner shall post the dam's emergency action plan on his website, or upon the request of the owner, the Department or another state agency responsible for providing emergency management services to citizens agrees to post the plan on its website. If the Department or another state agency agrees to post the plan on its website, the owner shall provide the plan in a format suitable for posting.

2. A dam owner who meets the conditions of subdivisions 1 a through 1 h, but has not provided record drawings to the Department for his impounding structure, shall submit a complete record report developed in accordance with the construction permit requirements of the Impounding Structure Regulations, excluding the required submittal of the record drawings.

3. A dam owner who fails to submit certifications required by subdivisions 1 a through 1 h in a timely fashion shall not enjoy the presumption that such impounding structure is deemed to be in compliance with the spillway requirements of the Board's Impounding Structure Regulations (4VAC50-20).

4. Any dam owner who has submitted the certifications required by subdivisions 1 a through 1 h shall make (i) such certifications, (ii) the emergency action plan required by subdivision 1 a, and (iii) the certificate of insurance required by subdivision 1 g available, upon request and within five business days, to any person. A dam owner may comply with the requirements of this subdivision by providing the same information on a website and directing the requestor to such website. A dam owner who fails to comply with this subdivision shall be subject to a civil penalty pursuant to § ~~10.1-613.2~~ *10.1-609*.

C. The Board's regulations shall establish an incremental damage analysis procedure that permits the spillway design flood requirement for an impounding structure to be reduced to the level at which dam failure shall not significantly increase downstream hazard to life or property, provided that the spillway design flood requirement shall not be reduced to below the 100-year flood event for high or significant hazard impounding structures, or to below the 50-year flood event for low hazard potential impounding structures.

D. The Board shall consider the impact of limited-use or private roadways with low traffic volume and low public safety risk that are downstream from or across an impounding structure in the determination of the hazard potential classification of an impounding structure.

§ 10.1-605.3. General permit for certain impounding structures.

A. The Board shall develop a general permit for the regulation of low hazard potential impounding structures in accordance with § 10.1-605.

B. The regulations shall include the following:

1. A registration statement requiring:

a. The name and address of the owner;

b. The location of the impounding structure;

c. The height of the impounding structure;

d. The volume of water impounded; ~~and~~

e. *The results of a safety inspection conducted by a licensed professional engineer consistent with § 10.1-607 upon initial application for a permit or, for a newly constructed impounding structure, a complete records report as required in the Impounding Structure Regulations (4VAC50-20-70) for a construction permit; and*

f. A certification from the owner that the impounding structure (i) is classified as low hazard pursuant to a determination by the Department or the owner's professional engineer in accordance with § 10.1-604.1; (ii) is, to the best of his knowledge, properly and safely constructed ~~and~~*; (iii)* currently has no observable deficiencies *or, if deficiencies exist, such deficiencies shall be corrected in a timeframe and manner acceptable by the Department*; and ~~(iii)~~ *(iv)* shall be maintained and operated in accordance with the provisions of the general permit.

2. A spillway design flood requirement of the 100-year flood. When ~~appropriate~~ *no critical infrastructure, as defined in § 44-146.28:2, public highway, or any access to a public utility, as defined in § 56-232, is determined to be within the dam break inundation zone*, the spillway design flood requirement may be reduced to the 50-year flood ~~in accordance with an incremental damage analysis~~ *if approved by the Department*.

3. A simplified emergency preparedness plan that provides:

a. Name and location information for the impounding structure;

b. Name of owner and operator and associated contact information;

c. Contact information for relevant emergency responders;

d. Procedures for notifying downstream property owners or occupants; and

e. Identification of any downstream roadways that would be impacted by a failure.

4. An annual inspection of the impounding structure by the owner. No inspection of the impounding structure by a licensed professional engineer shall be required if the owner certifies at the time of general permit coverage renewal that conditions at the impounding structure and downstream are unchanged.

5. Procedures for seeking and issuing coverage under the general permit.

6. A six-year term of coverage under the general permit after which time the owner shall reapply for coverage by filing a new registration statement. The Board may, by regulation, establish a fee for the processing of registration statements.

C. The owner shall notify the Department immediately of any change in circumstances that would cause the impounding structure to no longer qualify for coverage under the general permit. In the event of a failure or an imminent failure at the impounding structure, the owner shall immediately notify the local emergency ~~services~~ *management* coordinator, the Department of Emergency Management, and the Department. The Department shall take actions in accordance with § 10.1-608 or 10.1-609, depending on the degree of hazard and the imminence of failure caused by the unsafe condition.

D. Failure to comply with the provisions of the general permit may result in penalties assessed in accordance with §§ *10.1-609 and* 10.1-613.1 ~~and 10.1-613.2~~.

E. In order to qualify for the ~~provisions~~ *protections* of § 10.1-606.3, a dam owner eligible for a general permit shall file a dam break inundation *zone* map with *or provide the limits of the inundation study in an acceptable electronic format to* the Department ~~and~~. *The dam owner shall also file such dam break inundation zone map or such limits of the inundation zone in an acceptable electronic format* with the offices with plat and plan approval authority or zoning responsibilities *as designated by the locality and the local emergency management coordinator* as designated by the locality for each locality in which the dam break inundation zone resides in accordance with § 10.1-606.2.

F. ~~If the failure of a low hazard potential impounding structure~~ *The Board may establish reduced minimum performance and maintenance standards in a general permit for a low hazard potential impounding structure that* is not expected to cause loss of human life or economic damage to any property except property owned by the owner~~, the owner may follow the special criteria established for certain low hazard impounding structures in the Impounding Structure Regulations (4VAC50-20) in lieu of coverage under the general permit~~ *if such impounding structure fails.*

§ 10.1-606.2. Mapping of dam break inundation zones.

A. An owner of an impounding structure shall prepare a map of the dam break inundation zone *or provide the limits of the dam break inundation zone in an acceptable electronic format* for the impounding structure in accordance with criteria set out in the Virginia Impounding Structure Regulations (4VAC50-20). Existing maps prepared by the locality in accordance with these regulations may be used for this purpose.

B. All maps *or limits of the inundation zone* prepared in accordance with subsection A shall be filed with the Department ~~of Conservation and Recreation and with~~, *the local emergency management coordinator as designated by the locality, and* the offices with plat and plan approval authority or zoning responsibilities as designated by the locality for each locality in which the dam break inundation zone resides.

C. Owners of impounding structures may be eligible for matching grants ~~of up to 50 percent~~ from the Dam Safety, Flood Prevention and Protection Assistance Fund and other sources of funding available to the Director to assist in the development of dam break inundation zone maps and for conducting incremental damage assessments in accordance with the Virginia Impounding Structure Regulations.

D. All properties identified within the dam break inundation zone shall be incorporated by the owner into the dam safety emergency action plan of that impounding structure so as to ensure the proper notification of persons downstream and other affected persons or property owners in the event of an emergency condition at the impounding structure.

§ 10.1-606.3. Requirement for development in dam break inundation zones.

A. For any development proposed within the boundaries of a dam break inundation zone that has been mapped in accordance with § 10.1-606.2, the locality shall, as part of a preliminary plan review pursuant to § 15.2-2260, or as part of a plan review pursuant to § 15.2-2259 if no preliminary review has been conducted, (i) review the dam break inundation zone map *or the limits of the dam break inundation zone* on file with the locality for the affected impounding structure, (ii) notify the dam owner, and (iii) within 10 days forward a request to the Department of Conservation and Recreation to make a determination of the potential impacts of the proposed development on the spillway design flood standards required of the dam. The Department shall notify the dam owner and the locality of its determination within 45 days of the receipt of the request. Upon receipt of the Department's determination, the locality shall complete the review in accordance with § 15.2-2259 or 15.2-2260. If a locality has not received a determination within 45 days of the Department's receipt of the request, the Department shall be deemed to have no comments, and the locality shall complete its review. Such inaction by the Department shall not affect the Board's authority to regulate the impounding structure in accordance with this article.

If the Department determines that the plan of development would change the spillway design flood standards of the impounding structure, the locality shall not permit development as defined in § 15.2-2201 or redevelopment in the dam break inundation zone unless the developer or subdivider agrees to alter the plan of development so that it does not alter the spillway design flood standard required of the impounding structure or he contributes payment to the necessary upgrades to the affected impounding structure pursuant to § 15.2-2243.1.

The developer or subdivider shall provide the dam owner and all affected localities with information necessary for the dam owner to update the dam break inundation zone map to reflect any new development within the dam break inundation zone following completion of the development.

The requirements of this subsection shall not apply to any development proposed downstream of a dam for which a dam break inundation zone map is not on file with *or the limits of the dam break inundation zone have not been provided to* the locality as of the time of the official submission of a development plan to the locality.

B. The locality is authorized to map the dam break inundation zone in accordance with criteria set out in the Virginia Impounding Structure Regulations (4VAC50-20) and recover the costs of such mapping from the owner of an impounding structure for which a dam break inundation zone map is not on file with *or the limits of the dam break inundation zone have not been provided to* the locality and a map has not been prepared by the impounding structure owner.

C. This section shall not be construed to supersede or conflict with the authority granted to the Department of Energy for the regulation of mineral extraction activities in the Commonwealth as set out in Title 45.2. Nothing in this section shall be interpreted to permit the impairment of a vested right in accordance with § 15.2-2307.

§ 10.1-607. Safety inspections.

No one shall maintain a dam which unreasonably threatens the life or property of another. The Board shall cause safety inspections to be made of impounding structures on such schedule as it deems appropriate. The time of the initial inspection and the frequency of reinspection shall depend on such factors as the condition of the structure and its size, type, location and downstream hazard potential. The owners of dams found to have deficiencies which could threaten life or property if not corrected shall take the corrective actions needed to remove such deficiencies within a reasonable time. All safety inspections shall be conducted by or under the supervision of a licensed professional engineer. Each report shall bear the seal and signature of the licensed professional engineer responsible for the inspection. *If required by the Board in response to actions taken pursuant to § 10.1-608 or 10.1-609, each safety inspection report shall include any identified corrective actions, include a plan to implement such actions, and bear the seal and signature of the licensed professional engineer responsible for the inspection.*

The Board shall be responsible for the inspection and reinspection of flood control dams where the maintenance and operation of the dam is the responsibility of a soil and water conservation district and where the permit for operation of the impounding structure is held by such a district.

In response to any action taken pursuant to this section and § 10.1-608, the dam owner shall be responsible for ensuring that (i) the safety inspection of the impounding structure is conducted consistent with this section within 30 days of action being taken and (ii) the safety inspection report is provided to the Department within 30 days after the safety inspection is completed.

§ 10.1-608. Unsafe dams presenting imminent danger.

When the Director ~~finds~~ *determines that* an unsafe dam ~~constituting~~ *constitutes* an imminent danger to life or property, he shall immediately notify the Department of Emergency Management *and the local emergency management coordinator for the locality where the dam is located* and confer with the owner. The owner of a dam found to constitute an imminent danger to life or property shall take immediate corrective action. If the owner does not take appropriate and timely action to correct the danger found, the Governor shall have the authority to take immediate appropriate action, without the necessity for a hearing, to remove the imminent danger. *Upon receiving authority from the Governor to take such immediate appropriate action, the Department shall notify the locality in which the dam is located. If such locality is able and agrees to take appropriate and timely action to minimize the imminent danger on behalf of the Department, the Director may issue an administrative order to the locality defining the actions the locality is authorized to undertake on behalf of the Department and the terms and conditions applicable to the delegated actions.* The Attorney General may bring an action against the owner of the impounding structure for the Commonwealth's expenses in removing the imminent danger. There shall be a lien upon the owner's real estate for the Commonwealth's expenses in removing the imminent danger. The owner may avoid the Commonwealth's costs, and recover any damages, upon proving that the dam was known to be safe at the time such action was taken, and that the owner had provided or offered to immediately provide such proof to the Director before the action complained of was taken. Nothing herein shall in any way limit any authority existing under the Emergency Services and Disaster Law (§ 44-146.13 et seq.).

§ 10.1-609. Unsafe dams presenting nonimminent danger; civil penalty.

A. Within ~~a reasonable time~~ *30 days* after completion of a safety inspection of an impounding structure ~~authorized by the Board shall issue a report to the owner of the impounding structure containing its findings and recommendations for correction of any deficiencies which could threaten life or property if not corrected. Owners who have been issued a report containing recommendations for correction of deficiencies shall undertake to implement the recommendations contained in the report according to the schedule of implementation contained in the report~~ *by the dam owner's licensed professional engineer in accordance with* § 10.1-607, *the owner shall submit to the Board a plan, consistent with regulations adopted pursuant to § 10.1-605, to address the recommendations for correcting any deficiencies found at the impounding structure and shall include a schedule for implementing such recommendations. The Board shall determine if the submitted plan and schedule are sufficient to address the deficiencies.* If an owner fails or refuses to commence or diligently implement the recommendations for correction of deficiencies according to the schedule contained in ~~an issued report~~ *the plan*, the Director shall have the authority to issue an administrative order directing the owner to commence implementation and completion of such recommendations according to the schedule contained in the ~~report~~ *plan* with modifications as appropriate. *Such order may include a civil penalty of up to $500 per day, with the maximum amount not to exceed $25,000. The civil penalty may be in addition to, or in lieu of, any other forfeitures, remedies, or penalties authorized by law. When setting the civil penalty amount, the Director shall consider (i) the nature, duration, and number of previous instances of*

failure by the dam owner to comply with requirements of law relating to dam safety and the Board's regulations and orders; (ii) the efforts of the dam owner to correct deficiencies or other instances of failure to comply with the requirements of law relating to dam safety and the Board's regulations and orders that are the subject of the proposed penalty; (iii) the cost of carrying out actions required to meet the requirements of this article and the Board's regulations and orders; (iv) the hazard classification of the dam; and (v) any other factors that the Department deems appropriate. The Director shall suspend the civil penalties if the dam owner complies with the administrative order and any conditions in the schedule of compliance contained in such order.

B. Within ~~thirty~~ *30* days after being served by personal service or by mail with a copy of an order issued pursuant to this section, any owner shall have the right to petition the Board for a hearing. ~~As part of his petition, a dam owner may submit to the Board his own plan, consistent with regulations adopted pursuant to § 10.1-605, to address the recommendations for correction of deficiencies and the schedule of implementation contained in the report. The Board shall determine if the submitted plan and schedule are sufficient to address deficiencies.~~ A timely filed petition shall stay the effect of the administrative order.

The hearing shall be conducted before the Board or a designated member thereof pursuant to § 2.2-4019. The Board shall have the authority to affirm, modify, amend or cancel the administrative order. Any owner aggrieved by a decision of the Board after a hearing shall have the right to judicial review of the final Board decision pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

~~B.~~ *C.* The provisions of subsection A of this section notwithstanding, if the Director determines, after the ~~report~~ *plan* is ~~issued~~ *submitted*, that changed circumstances justify reclassifying the deficiencies of an impounding structure as an imminent danger to life or property, the Director may proceed directly under § 10.1-613 for enforcement of his order, and the owner shall have the opportunity to contest the fact based upon which the administrative order was issued.

~~C.~~ *D.* The Director, upon a determination that there is an unsafe condition at an impounding structure, is authorized to cause the lowering or complete draining of such impoundment until the unsafe condition has been corrected at the owner's expense and prior to any authorization to refill.

An owner who fails to comply with the provisions contained in an administrative order of the Department shall be subject to procedures set out in § 10.1-613 and the penalties authorized under ~~§§~~ *§* 10.1-613.1 ~~and 10.1-613.2~~.

E. If any civil penalty has not been paid within 60 days after the Board's final decision or a court order has been served on the owner, the Board shall request the Attorney General to bring a civil action against such owner in an appropriate court for appropriate relief.

F. Civil penalties assessed under this section shall be paid into the Dam Safety, Flood Prevention and Protection Assistance Fund established in § 10.1-603.17 and be used for the administration of the dam safety program, including for the repair and maintenance of impounding structures.

~~D.~~ *G.* No persons, other than those authorized to maintain an impounding structure, shall interfere with the operation of an impounding structure.

§ 10.1-612.1. Temporary stop work order; hearing; injunctive relief.

A. The Director may issue a temporary stop work order on a construction or alteration project if he finds that an owner is constructing or altering a dam without having first obtained the necessary certificate of approval, or if the activities are not in accordance with approved plans and specifications. The order shall include written notice to the owner of the date, time, and location where the owner may appear at a hearing before the Board or a designated member thereof pursuant to § 2.2-4019 to show cause why the temporary order should be vacated. The hearing shall be held within ~~15~~ *30* calendar days of the date of the order, unless the owner consents to a longer period.

B. Following the hearing, the Board may affirm or cancel the temporary order and may issue a final order directing that immediate steps be taken to abate or ameliorate any harm or damage arising from the violation. The owner may seek judicial review of the final decision of the Board pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

C. If the violation continues after the Board has issued a final decision and order pursuant to subsection B or a temporary order issued by the Director pursuant to subsection A, the Board may apply for an injunction from the appropriate court. A decision to seek injunctive relief does not preclude other forms of relief, enforcement, or penalties against the owner.

§ 10.1-613.6. Negotiated settlement agreements.

With the consent of any owner of an impounding structure who has allegedly violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a permit, or any provision of this chapter, the Board may enter into a negotiated settlement agreement with such owner, so long as the impounding structure or dam is not subject to the provisions of § 10.1-609, to correct deficiencies at the structure according to the schedule of implementation appended to the negotiated settlement agreement and for the payment of civil charges for past alleged violations in specific sums not to exceed the limit specified in § ~~10.1-613.2~~ *10.1-609*. Such civil charges shall be suspended upon compliance with the terms and conditions of the negotiated settlement agreement as determined by the Director. Such civil charges shall be ~~instead of any appropriate civil penalty that could be imposed under § 10.1-613.2 and shall be~~ paid into the Dam Safety, Flood Prevention and Protection Assistance Fund established ~~by Article 1.2 (§ 10.1-603.16 et seq.)~~ *in § 10.1-603.17*.

2. That § 10.1-613.2 of the Code of Virginia is repealed.

CHAPTER 242

An Act to amend and reenact § 38.2-3407.15 of the Code of Virginia, relating to health insurance; carrier business practices; method of payment for claims.

[S 925]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15. Ethics and fairness in carrier business practices.

A. As used in this section:

"Carrier," "enrollee," and "provider" shall have the meanings set forth in § 38.2-3407.10; however, a "carrier" shall also include any person required to be licensed under this title which offers or operates a managed care health insurance plan subject to Chapter 58 (§ 38.2-5800 et seq.) or which provides or arranges for the provision of health care services, health plans, networks or provider panels which are subject to regulation as the business of insurance under this title.

"Claim" means any bill, claim, or proof of loss made by or on behalf of an enrollee or a provider to a carrier (or its intermediary, administrator or representative) with which the provider has a provider contract for payment for health care services under any health plan; however, a "claim" shall not include a request for payment of a capitation or a withhold.

"Clean claim" means a claim that does all of the following:

1. Identifies the provider that provided the service with industry-standard identification criteria, including billing and rendering provider names, identification numbers, and address;

2. Identifies the patient with a carrier-assigned identification number so the carrier can verify the patient was an enrollee at the time of service;

3. Identifies the service rendered using an industry-standard system of procedure or service coding, or, if applicable, a methodology required under the provider contract. The claim shall include a complete listing of all relevant diagnoses, procedures, and service codes, as well as any applicable modifiers;

4. Specifies the date and place of service;

5. If prior authorization is required for the services listed in the claim, contains verification that prior authorization was obtained in accordance with the provider contract for those services; and

6. Includes additional documentation specific to the services rendered as required by the carrier in its provider contract.

Notwithstanding the above criteria, a claim shall be considered a clean claim if a carrier has failed timely to notify the person submitting the claim of any defect or impropriety in accordance with this section.

"Health care services" means items or services furnished to any individual for the purpose of preventing, alleviating, curing, or healing human illness, injury or physical disability.

"Health plan" means any individual or group health care plan, subscription contract, evidence of coverage, certificate, health services plan, medical or hospital services plan, accident and sickness insurance policy or certificate, managed care health insurance plan, or other similar certificate, policy, contract or arrangement, and any endorsement or rider thereto, to cover all or a portion of the cost of persons receiving covered health care services, which is subject to state regulation and which is required to be offered, arranged or issued in the Commonwealth by a carrier licensed under this title. Health plan does not mean (i) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid) or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), 5 U.S.C. § 8901 et seq. (federal employees), or 10 U.S.C. § 1071 et seq. (TRICARE); or (ii) accident only, credit or disability insurance, long-term care insurance, TRICARE supplement, Medicare supplement, or workers' compensation coverages.

"Provider contract" means any contract between a provider and a carrier (or a carrier's network, provider panel, intermediary or representative) relating to the provision of health care services.

"Retroactive denial of a previously paid claim" or "retroactive denial of payment" means any attempt by a carrier retroactively to collect payments already made to a provider with respect to a claim by reducing other payments currently owed to the provider, by withholding or setting off against future payments, or in any other manner reducing or affecting the future claim payments to the provider.

B. ~~Subject to subsection K, every~~ *Every* provider contract entered into by a carrier shall contain specific provisions which shall require the carrier to adhere to and comply with the following minimum fair business standards in the processing and payment of claims for health care services:

1. A carrier shall pay any claim within 40 days of receipt of the claim except where the obligation of the carrier to pay a claim is not reasonably clear due to the existence of a reasonable basis supported by specific information available for review by the person submitting the claim that:

a. The claim is determined by the carrier not to be a clean claim due to a good faith determination or dispute regarding (i) the manner in which the claim form was completed or submitted, (ii) the eligibility of a person for coverage, (iii) the responsibility of another carrier for all or part of the claim, (iv) the amount of the claim or the amount currently due under the claim, (v) the benefits covered, or (vi) the manner in which services were accessed or provided; or

b. The claim was submitted fraudulently.

Each carrier shall maintain a written or electronic record of the date of receipt of a claim. The person submitting the claim shall be entitled to inspect such record on request and to rely on that record or on any other admissible evidence as proof of the fact of receipt of the claim, including without limitation electronic or facsimile confirmation of receipt of a claim.

2. A carrier shall, within 30 days after receipt of a claim, notify the person submitting the claim of any defect or impropriety that prevents the carrier from deeming the claim a clean claim and request the information that will be required to process and pay the claim. Upon receipt of the additional information necessary to make the original claim a clean claim, a carrier shall make the payment of the claim in compliance with this section. No carrier may refuse to pay a claim for health care services rendered pursuant to a provider contract which are covered benefits if the carrier fails timely to notify or attempt to notify the person submitting the claim of the matters identified above unless such failure was caused in material part by the person submitting the claims; however, nothing herein shall preclude such a carrier from imposing a retroactive denial of payment of such a claim if permitted by the provider contract unless such retroactive denial of payment of the claim would violate subdivision ~~7~~ *8*. Beginning no later than January 1, 2026, all notifications and information required under this subdivision shall be delivered electronically.

3. Any interest owing or accruing on a claim under § 38.2-3407.1 or 38.2-4306.1, under any provider contract or under any other applicable law, shall, if not sooner paid or required to be paid, be paid, without necessity of demand, at the time the claim is paid or within 60 days thereafter.

4. *A carrier shall notify the provider in the provider contract if the carrier, or entity completing a transaction on behalf of the carrier, uses a payment method that imposes a transaction or processing fee or similar charge on the provider, and shall offer the provider an alternative payment method in which the carrier, or entity completing a transaction on behalf of the carrier, does not impose such a fee or similar charge. If the provider elects to accept the alternative payment method and has provided all required information to the carrier to enroll in such alternative method, the carrier shall pay the claim using such alternative payment method.*

5. a. Every carrier shall establish and implement reasonable policies to permit any provider with which there is a provider contract (i) to confirm in advance during normal business hours by free telephone or electronic means if available whether the health care services to be provided are medically necessary and a covered benefit and (ii) to determine the carrier's requirements applicable to the provider (or to the type of health care services which the provider has contracted to deliver under the provider contract) for (a) pre-certification or authorization of coverage decisions, (b) retroactive reconsideration of a certification or authorization of coverage decision or retroactive denial of a previously paid claim, (c) provider-specific payment and reimbursement methodology, coding levels and methodology, downcoding, and bundling of claims, and (d) other provider-specific, applicable claims processing and payment matters necessary to meet the terms and conditions of the provider contract, including determining whether a claim is a clean claim. If a carrier routinely, as a matter of policy, bundles or downcodes claims submitted by a provider, the carrier shall clearly disclose that practice in each provider contract. Further, such carrier shall either (1) disclose in its provider contracts or on its website the specific bundling and downcoding policies that the carrier reasonably expects to be applied to the provider or provider's services on a routine basis as a matter of policy or (2) disclose in each provider contract a telephone or facsimile number or e-mail address that a provider can use to request the specific bundling and downcoding policies that the carrier reasonably expects to be applied to that provider or provider's services on a routine basis as a matter of policy. If such request is made by or on behalf of a provider, a carrier shall provide the requesting provider with such policies within 10 business days following the date the request is received.

b. Every carrier shall make available to such providers within 10 business days of receipt of a request, copies of or reasonable electronic access to all such policies which are applicable to the particular provider or to particular health care services identified by the provider. In the event the provision of the entire policy would violate any applicable copyright law, the carrier may instead comply with this subsection by timely delivering to the provider a clear explanation of the policy as it applies to the provider and to any health care services identified by the provider.

~~5.~~ *6.* Every carrier shall pay a claim if the carrier has previously authorized the health care service or has advised the provider or enrollee in advance of the provision of health care services that the health care services are medically necessary and a covered benefit, unless:

a. The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized;

b. The carrier's refusal is because (i) another payor is responsible for the payment, (ii) the provider has already been paid for the health care services identified on the claim, (iii) the claim was submitted fraudulently or the authorization was based in whole or material part on erroneous information provided to the carrier by the provider, enrollee, or other person not related to the carrier, or (iv) the person receiving the health care services was not eligible to receive them on the date of service and the carrier did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status; or

c. During the post-service claims process, it is determined that the claim was submitted fraudulently.

~~6.~~ *7.* In the case of an invasive or surgical procedure, if the carrier has previously authorized a health care service as medically necessary and during the procedure the health care provider discovers clinical evidence prompting the provider to perform a less or more extensive or complicated procedure than was previously authorized, then the carrier shall pay the claim, provided that the additional procedures were (i) not investigative in nature, but medically necessary as a covered

service under the covered person's benefit plan; (ii) appropriately coded consistent with the procedure actually performed; and (iii) compliant with a carrier's post-service claims process, including required timing for submission to carrier.

~~7.~~ *8.* No carrier shall impose any retroactive denial of a previously paid claim or in any other way seek recovery or refund of a previously paid claim unless the carrier specifies in writing the specific claim or claims for which the retroactive denial is to be imposed or the recovery or refund is sought, the carrier has provided a written explanation of why the claim is being retroactively adjusted, and (i) the original claim was submitted fraudulently, (ii) the original claim payment was incorrect because the provider was already paid for the health care services identified on the claim or the health care services identified on the claim were not delivered by the provider, or (iii) the time which has elapsed since the date of the payment of the original challenged claim does not exceed 12 months. Notwithstanding the provisions of clause (iii), a provider and a carrier may agree in writing that recoupment of overpayments by withholding or offsetting against future payments may occur after such 12-month limit for the imposition of the retroactive denial. A carrier shall notify a provider at least 30 days in advance of any retroactive denial or recovery or refund of a previously paid claim.

Beginning no later than January 1, 2026, all written communications, explanations, notifications, and related provider responses applicable to this subdivision shall be delivered electronically. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.

~~8.~~ *9.* No provider contract shall fail to include or attach at the time it is presented to the provider for execution (i) the fee schedule, reimbursement policy, or statement as to the manner in which claims will be calculated and paid that is applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider on a routine basis and (ii) all material addenda, schedules, and exhibits thereto and any policies (including those referred to in subdivision ~~4~~ *5*) applicable to the provider or to the range of health care services reasonably expected to be delivered by that type of provider under the provider contract.

~~9.~~ *10.* No amendment to any provider contract or to any addenda, schedule, exhibit or policy thereto (or new addenda, schedule, exhibit, or policy) applicable to the provider (or to the range of health care services reasonably expected to be delivered by that type of provider) shall be effective as to the provider, unless the provider has been provided with the applicable portion of the proposed amendment (or of the proposed new addenda, schedule, exhibit, or policy) at least 60 calendar days before the effective date and the provider has failed to notify the carrier within 30 calendar days of receipt of the documentation of the provider's intention to terminate the provider contract at the earliest date thereafter permitted under the provider contract.

~~10.~~ *11.* In the event that the carrier's provision of a policy required to be provided under subdivision ~~8~~ *9* or ~~9~~ *10* would violate any applicable copyright law, the carrier may instead comply with this section by providing a clear, written explanation of the policy as it applies to the provider.

~~11.~~ *12.* All carriers shall establish, in writing, their claims payment dispute mechanism and shall make this information available to providers. If a carrier's claim denial is overturned following completion of a dispute review, the carrier shall, on the day the decision to overturn is made, consider the claims impacted by such decision as clean claims. All applicable laws related to the payment of a clean claim shall apply to the payments due.

~~12.~~ *13.* Every carrier shall include in its provider contracts a provision that prohibits a provider from discriminating against any enrollee solely due to the enrollee's status as a litigant in pending litigation or a potential litigant due to being involved in a motor vehicle accident. Nothing in this subdivision shall require a health care provider to treat an enrollee who has threatened to make or has made a professional liability claim against the provider or the provider's employer, agents, or employees or has threatened to file or has filed a complaint with a regulatory agency or board against the provider or the provider's employer, agents, or employees.

~~13.~~ *14.* Beginning July 1, 2025, every carrier shall make available through electronic means a way for providers to determine whether an enrollee is covered by a health plan that is subject to the Commission's jurisdiction.

C. A provider shall not file a complaint with the Commission for failure to pay claims in accordance with subdivision B 1 unless:

1. Such provider has made a reasonable effort to confer with the carrier in order to resolve the issues related to all claims that are under dispute. Any request to confer shall be made to the contact listed for such purpose in the provider contract and shall include supporting documentation sufficient for the carrier to identify the claims in question; and

2. At least 30 calendar days have passed from the date of the request provided that the carrier has been responsive to the provider's request to confer. However, if in the judgment of the provider, the carrier has not been responsive to such request, the provider shall not be required to wait at least 30 calendar days to file the complaint.

The provider shall attest in any such complaint that it has satisfied the provisions of this subsection.

D. If the Commission has cause to believe that any provider has engaged in a pattern of potential violations of subdivision B ~~12~~ *13*, with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in questions were not violations. If any provider has engaged in a pattern of potential violations of subdivision B ~~12~~ *13*, with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the provider and take other action as permitted under its authority. Upon completion of its review of any potential violation submitted by the Commission or initiated directly by an enrollee, the Board of Medicine or the Commissioner of Health shall notify the Commission of the

results of the review, including where the violation was substantiated, and any enforcement action taken as a result of a finding of a substantiated violation.

E. Without limiting the foregoing, in the processing of any payment of claims for health care services rendered by providers under provider contracts and in performing under its provider contracts, every carrier subject to regulation by this title shall adhere to and comply with the minimum fair business standards required under subsection B, and the Commission shall have the jurisdiction to determine if a carrier has violated the standards set forth in subsection B by failing to include the requisite provisions in its provider contracts and shall have jurisdiction to determine if the carrier has failed to implement the minimum fair business standards set out in subdivisions B 1 and 2 in the performance of its provider contracts.

F. No carrier shall be in violation of this section if its failure to comply with this section is caused in material part by the person submitting the claim or if the carrier's compliance is rendered impossible due to matters beyond the carrier's reasonable control (such as an act of God, insurrection, strike, fire, or power outages) which are not caused in material part by the carrier.

G. Any provider who suffers loss as the result of a carrier's violation of this section or a carrier's breach of any provider contract provision required by this section shall be entitled to initiate an action to recover actual damages. If the trier of fact finds that the violation or breach resulted from a carrier's gross negligence and willful conduct, it may increase damages to an amount not exceeding three times the actual damages sustained. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such provider also may be awarded reasonable attorney fees and court costs. Each claim for payment which is paid or processed in violation of this section or with respect to which a violation of this section exists shall constitute a separate violation. The Commission shall not be deemed to be a "trier of fact" for purposes of this subsection.

H. No carrier (or its network, provider panel or intermediary) shall terminate or fail to renew the employment or other contractual relationship with a provider, or any provider contract, or otherwise penalize any provider, for invoking any of the provider's rights under this section or under the provider contract.

I. Except where otherwise provided in this section, beginning no later than July 1, 2025, carriers shall deliver provider contracts, related amendments, and notices exclusively to providers in an electronic format other than electronic facsimile. Beginning no later than January 1, 2026, the provider shall submit provider contracts, amendments, and notices to carriers exclusively in an electronic format other than electronic facsimile. The electronic method and location for delivery shall be agreed upon by the carrier and provider and included in the provider contract.

J. This section shall apply only to carriers subject to regulation under this title and shall apply to the carrier and provider, regardless of any vendors, subcontractors, or other entities that have been contracted by the carrier or the provider to perform duties applicable to this section.

~~K. This section shall apply with respect to provider contracts entered into, amended, extended or renewed on or after July 1, 1999.~~

~~L.~~ Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

~~M.~~ *L.* The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

2. That the provisions of this act shall apply to provider contracts, as defined in § 38.2-3407.15 of the Code of Virginia, as amended by this act, entered into, amended, extended, or renewed after July 1, 2025.

The Chief of Police shall have all powers that are now or may hereafter be provided to law-enforcement officers and police chiefs by the Commonwealth of Virginia.

(f) Other officers. The Town council may appoint such other officers as may be necessary to conduct the business of the Town, prescribe their duties, and fix their compensation.

The Town council may designate a person to act in an interim capacity for any of the foregoing officers during the absence or incapacity of such officer.

All Town officers already in office at the time of the enactment of this charter shall continue until further action of the Town council.

Any officer appointed by the council may be removed at its pleasure. The council may fill any vacancy in any appointed office.

§ 6. Mayor; powers and duties.

The Mayor shall have the following powers and duties:

(a) The Mayor shall see that the bylaws and ordinances of the Town are fully executed and enforced. He shall be recognized as the head of the Town council and the head of the Town government for all ceremonial purposes. He shall perform such other duties consistent with his office as may be imposed by the council. In times of public danger or emergencies, he may take command of the police and maintain order and enforce laws, and for this purpose may deputize such assistant law-enforcement officers as may be necessary.

(b) The Mayor, or the person acting as Mayor, shall authenticate with his signature every ordinance and resolution adopted by the council, and such documents or instruments as the council, this charter, or the laws of the Commonwealth shall require.

(c) The Mayor shall see that the duties of the various Town officers, agents, and employees are faithfully performed. The Mayor shall have power to investigate their accounts and have access to all of their books and documents in their offices.

The Vice Mayor shall possess the powers and discharge the duties of the Mayor during any period of absence or disability of the Mayor. While serving in the place of the Mayor, the Vice Mayor may vote as a member of the Town council. If the Vice Mayor is also absent or unable to act, the council may choose another council member to possess the powers and discharge the Mayor's duties during the period of the Vice Mayor and Mayor's absence or disability. While serving in the place of the Mayor, such council member may vote as a member of the Town council. The council may provide reasonable compensation to the Vice Mayor or other council member discharging the duties of the Mayor pursuant to this section. Upon the adoption of this charter, the current Vice Mayor of the council shall serve as Vice Mayor until the organizational meeting after the general election of 2026.

§ 9. Public utilities; acquisition, maintenance, etc., of waterworks and other utilities.

The Town shall have the right to maintain, operate, acquire, construct, and keep waterworks and electric plants, and any other plants or property which towns have the right to conduct, maintain, acquire, operate, and construct under the general laws of the Commonwealth of Virginia.

§ 10. Public utilities; appointment of officers; establishment of regulations; fixing of rates.

For the purpose of properly conducting its waterworks, electric plant, and other public works, the council may employ such officers, agents, and employees as it may deem necessary, and fix the compensation of the same; may promulgate and establish such rules and regulations in regard to the use and maintenance of such water, water systems, electric plant, and public works as it thinks best; may fix the rates for the use of water, electricity, et cetera, from its works, and provide for the collection of the same; may change and alter the rates at any time, without notice; and the council shall be the sole judge of the rates to be charged for such service; and the council is granted all the powers which a municipal corporation has in the operation of its public works.

§ 11. Sewers and sewage systems.

The Town may construct, maintain, and operate sewers and sewage systems, and charge for connections therewith and the use thereof such rates as the council may deem proper, and may change the same from time to time without notice. The council may establish and promulgate any rules and regulations in regard to the connection, or continued use thereof, as it may deem proper; may refuse any connection, and disconnect the same if for any reason the connection, or continued use thereof, becomes inimical to the public welfare, or detrimental to the sewage system, or if the charges therefor be unpaid; and may be the sole judge when the same is to be disconnected or when the connection is to be refused.

§ 12. Miscellaneous powers.

(a) Removal or reconstruction of unsafe buildings, etc.; protection of public gatherings.

The Town may regulate the size, height, materials, and construction of buildings, fences, walls, retaining walls, and other structures hereafter erected in such manner as the public safety and conveniences may require; remove or require to be removed or reconstructed any building, structure, or addition thereto, which by reason of dilapidation, defect of structure, or other causes may have become dangerous to life or property, or which may have been erected contrary to law; and enact stringent and efficient laws for securing the safety of persons from fires in halls and buildings used for public assemblies, entertainments, or amusements.

(b) Fees for permits, etc.

The Town may charge and collect fees for permits to use public facilities and for public services and privileges.

(c) Cemeteries.

The Town may provide in or near the Town lands to be used as burial places for the dead; improve and care for the same and the approaches thereto; charge for and regulate the use of ground therein; and provide for the perpetual upkeep and care of any plot or burial lot therein. The Town is authorized to take and receive sums of money by gift, bequest, or otherwise, to be kept or invested, and the income thereof is to be used for the perpetual upkeep and care of the said lot or plat for which the said donation, gift, or bequest shall have been made.

(d) Injunctive relief.

The Town may maintain a suit to restrain by injunction the violation of any ordinance, notwithstanding any punishment that may be provided for the violation of such ordinance.

§ 13. Contractual powers; gifts; grants.

(a) Acquisition of property generally; holding, selling, leasing, etc., Town property.

The Town may acquire, by purchase, gift, devise, condemnation, or otherwise, property, real and personal, or any estate or interest therein, within or without the Town or the Commonwealth of Virginia and for any of the purposes of the Town.

(b) Debts and evidence of indebtedness.

The Town may contract debts, borrow money, and make and issue evidence of indebtedness.

(c) Gifts.

The Town may accept or refuse gifts, donations, bequests, or grants of any kind from any source, absolutely or in trust, which are related to the Town's powers, duties, and functions, or for educational, charitable, or other public purposes, and do all the things and acts necessary to carry out the purposes of such gifts, grants, bequests, and donations, with power to manage, maintain, operate, sell, lease, or otherwise handle or dispose of the same, in accordance with terms and conditions of such gifts, grants, bequests, and donations. The Town shall also have the authority to make appropriations of public

funds, of personal property or any real estate, and of donations to any charitable institution or association, located within its respective limits or outside its limits, if such institution or association provides services to residents of the Town.

§ 14. Adoption of ordinances.

All ordinances of the Town must, before becoming effective, be enacted by a majority vote of the council and be approved by the Mayor, and if disapproved by the Mayor, shall become effective only upon the affirmative vote of the council by at least four members thereof entered of record.

§ 15. Council; meetings; quorum.

(a) Regular meetings. The Town council shall by ordinance fix the time of their regular meetings. The council may convene at such additional times as it may deem necessary in accordance with applicable law.

(b) Special meetings. A special meeting may be called by the Mayor or by three or more council members, provided that the Mayor and all council members are notified a reasonable period of time prior to the meeting, or are present, or sign a waiver, which may be signed after the meeting. No business shall be transacted at a special meeting except that for which it is called unless all members of the council are present or sign a waiver, which may be signed after the meeting.

(c) Quorum. Four members of the council shall constitute a quorum for the transaction of business. As the Mayor does not vote, the Mayor's attendance does not count towards the quorum requirement.

(d) Procedural rules. The council may adopt its own rules of order and procedure that govern meetings of the council.

§ 16. Town powers enumerated.

The Town may do all things whatsoever necessary or expedient for promoting or maintaining the general welfare, comfort, education, morals, peace, government, health, trade, commerce, or industries of the Town or its inhabitants; prescribe any penalty for the violation of any Town ordinance, rule, or regulation or of any provisions of this charter, not exceeding the fine or sentence imposed by the laws of the Commonwealth of Virginia; pass and enforce all bylaws, rules, regulations, and ordinances that it may deem necessary for the good order and government of the Town, the management of its property, the conduct of its affairs, and the peace, comfort, convenience, order, morals, health, and protection of its citizens or their property; and do such other things and pass such other laws as may be necessary or proper to carry into full effect any power, authority, capacity, or jurisdiction that is or shall be granted to or vested in said Town, or in the council, court, or offices thereof, or which may be necessarily incident to a municipal corporation.

The Town may compel the abatement and removal of all nuisances within the said Town at the expense of the person or persons causing the same or the owner or occupant of the ground or premises wherein the same may be found, and may require all lands and lots and other premises within the Town to be kept clean and sanitary and free from stagnant water, weeds, filth, and unsightly deposits or make them at the expense of the owners or occupants thereof; may regulate or prevent slaughterhouses or other noisome and offensive business within the Town; and generally may define, prohibit, abate, and suppress and prevent all things detrimental to the health, morals, safety, convenience, and welfare of its inhabitants.

§ 17. Organization and maintenance of volunteer fire department.

CHAPTER 244

An Act to amend and reenact §§ 19.2-368.5, 19.2-368.10, 19.2-368.11:1, and 19.2-368.17 of the Code of Virginia, relating to compensating victims of crime.

[S 1200]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-368.5, 19.2-368.10, 19.2-368.11:1, and 19.2-368.17 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-368.5. Filing of claims; deferral of proceedings; restitution.

A. A claim may be filed by a person eligible to receive an award, as provided in § 19.2-368.4, or if such person is a minor, by his parent or guardian. In any case in which the person entitled to make a claim is incapacitated, the claim may be filed on his behalf by his guardian, conservator or such other individual authorized to administer his estate.

B. A claim shall be filed by the claimant not later than ~~one year~~ *three years* after the occurrence of the crime upon which such claim is based, or not later than ~~one year~~ *three years* after the death of the victim. However, (i) in cases involving claims made on behalf of a minor or a person who is incapacitated, the provisions of subsection A of § 8.01-229 shall apply to toll the ~~one-year~~ *three-year* period; (ii) in cases involving claims made by a victim against profits of crime held in escrow pursuant to Chapter 21.2 (§ 19.2-368.19 et seq.) ~~of this title~~, the claim shall be filed within five years of the date of the special order of escrow; and (iii) in cases involving claims of sexual abuse of a minor, the claim shall be filed within 10 years after the minor's eighteenth birthday, except for in cases involving claims of sexual abuse of a minor where the conduct constitutes a felony, the passage of time shall not be a barrier to when the victim can file a claim. For good cause shown, the Commission may extend the time for filing for a crime committed on or after July 1, 2001.

In the case of a crime committed on or after July 1, 1977, and before July 1, 2001, for which a claim was not filed in a timely manner, the Commission may, for good cause shown, extend the time for filing if the attorney for the Commonwealth sends written notification to the Commission that the crime is being investigated as a result of newly discovered evidence. For any claim filed pursuant to this paragraph, the Commission shall only consider expenses and loss of earnings that the claimant accrues after the date of newly discovered evidence as stipulated in the written notification by the attorney for the Commonwealth.

C. Claims shall be filed in the office of the Commission in person, by mail, or by electronic means in accordance with standards approved by the Commission. The Commission shall accept for filing all claims submitted by persons eligible under subsection A ~~of this section~~ and alleging the jurisdictional requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the Commission.

D. Upon filing of a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred*, except when such claim is filed without the crime being reported to law enforcement*. If, within 10 days after such notification, the attorney for the Commonwealth so notified advises the Commission that a criminal prosecution is pending upon the same alleged crime, the Commission shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded in the circuit court unless notification is received from the attorney for the Commonwealth that no objection is made to a continuation of the investigation and determination of the claim. When such criminal prosecution has been concluded in the circuit court the attorney for the Commonwealth shall promptly so notify the Commission. Nothing in this section shall be construed to mean that the Commission is to defer proceedings upon the filing of an appeal, nor shall this section be construed to limit the authority of the Commission to grant emergency awards as hereinafter provided. Upon awarding a claim pursuant to this chapter, the Commission shall promptly notify the attorney for the Commonwealth of the jurisdiction wherein the crime is alleged to have occurred. If a criminal prosecution occurs regarding the same alleged crime, the attorney for the Commonwealth shall request the court to order restitution. However, neither the lack of a restitution order, nor the failure of the attorney for the Commonwealth to request such an order, shall preclude the Fund from exercising its subrogation rights pursuant to § 19.2-368.15. Any such restitution shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund to the extent of the amount of the award paid from the Fund.

§ 19.2-368.10. When awards to be made; reporting crime to law enforcement.

No award shall be made unless the Commission finds that:

1. A crime was committed;

2. Such crime directly resulted in an individual becoming a victim as defined in § 19.2-368.2, on whose behalf a claim is filed; and

3. Police *or court* records show that such crime was promptly reported to the proper authorities. In ~~no case may an award be made where the police records show that~~ *determining if* such ~~report~~ *crime* was ~~made more than 120 hours after the occurrence of such crime, unless~~ *promptly reported,* the Commission~~, for good cause shown, finds the delay to have been justified~~ *shall consider (i) any police records; (ii) the victim's physical, emotional, mental, and family situation; and (iii) the existence of a permanent protective order, issued pursuant to § 16.1-279.1 or 19.2-152.10, for the victim or other persons*

eligible for awards as identified in § 19.2-368.4 from the person responsible for the qualifying crime. The provisions of this subdivision shall not apply to claims of sexual abuse.

~~The Commission, upon finding that any claimant or award recipient has not fully cooperated with all law-enforcement agencies, unless the law-enforcement agency certifies that the claimant or award recipient was willing but unable to cooperate due to a good faith belief that such cooperation would have endangered such claimant or award recipient and such claimant or award recipient was not provided with any victim or witness protection services when such protection services were requested by a law-enforcement agency, may deny, reduce, or withdraw any award, as the case may be.~~

§ 19.2-368.11:1. Amount of award.

A. Compensation for Total Loss of Earnings: An award made pursuant to this chapter for total loss of earnings that results directly from incapacity incurred by a crime victim shall be payable during total incapacity to the victim or to such other eligible person, at a weekly compensation rate equal to 66-2/3 percent of the victim's average weekly wages. The victim's average weekly wages shall be determined as provided in § 65.2-101.

B. Compensation for Partial Loss of Earnings: An award made pursuant to this chapter for partial loss of earnings ~~which~~ *that* results directly from incapacity incurred by a crime victim shall be payable during incapacity at a weekly rate equal to 66-2/3 percent of the difference between the victim's average weekly wages before the injury and the weekly wages ~~which~~ *that* the victim is able to earn thereafter. The combined total of actual weekly earnings and compensation for partial loss of earnings shall not exceed $600 per week.

C. Compensation for Loss of Earnings of Parent of Minor Victim: The parent or guardian of a minor crime victim may receive compensation for loss of earnings, calculated as specified in subsections A and B, for time spent obtaining medical treatment for the child and for accompanying the child to, attending or participating in investigative, prosecutorial, judicial, adjudicatory and post-conviction proceedings.

D. Compensation for Dependents of a Victim Who Is Killed: If death results to a victim of crime entitled to benefits, dependents of the victim shall be entitled to compensation in accordance with the provisions of §§ 65.2-512 and 65.2-515 in an amount not to exceed the maximum aggregate payment or the maximum weekly compensation ~~which~~ *that* would have been payable to the deceased victim under this section.

E. Compensation for Unreimbursed Medical Costs, Funeral Expenses, Services, etc.: Awards may also be made on claims or portions of claims based upon the claimant's actual expenses incurred as are determined by the Commission to be appropriate, for (i) unreimbursed medical expenses or indebtedness reasonably incurred for medical expenses; (ii) expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the victim would have performed, for the benefit of himself and his family, if he had not been a victim of crime; (iii) expenses directly related to funeral or burial, not to exceed $10,000; (iv) expenses attributable to pregnancy resulting from forcible rape; (v) mental health counseling for survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4, not to exceed $3,500 per claim; (vi) reasonable and necessary moving expenses, not to exceed $2,000, incurred by a victim or survivors as defined under subdivisions A 2 and A 4 of § 19.2-368.4; and (vii) any other reasonable and necessary expenses and indebtedness incurred as a direct result of the injury or death upon which such claim is based, not otherwise specifically provided for. Notwithstanding any other provision of law, a person who is not eligible for an award under subsection A of § 19.2-368.4 who pays expenses directly related to funeral or burial is eligible for reimbursement subject to the limitations of this section.

F. Notwithstanding the provisions of subdivision 3 of § 19.2-368.10, §§ 19.2-368.5, 19.2-368.5:1, 19.2-368.6, 19.2-368.7, and 19.2-368.8, subsection G of this section, and § 19.2-368.16, the Criminal Injuries Compensation Fund shall pay for physical evidence recovery kit examinations conducted on victims of sexual assault. Any individual that submits to and completes a physical evidence recovery kit examination shall be considered to have met the reporting ~~and cooperation~~ requirements of this chapter. Funds paid for physical evidence recovery kit collection shall not be offset against the Fund's maximum allowable award as provided in subsection H. Payments may be subject to negotiated agreements with the provider. Health care providers that complete physical evidence recovery kit examinations may bill the Fund directly subject to the provisions of § 19.2-368.5:2. The Commission shall develop policies for a distinct payment process for physical evidence recovery kit examination expenses as required under subdivision 1 of § 19.2-368.3.

In order for the Fund to consider additional crime-related expenses, victims shall file with the Fund following the provisions of this chapter and Criminal Injuries Compensation Fund policy.

G. Any claim made pursuant to this chapter shall be reduced by the amount of any payments received or to be received as a result of the injury from or on behalf of the person who committed the crime or from any other public or private source, including an emergency award by the Commission pursuant to § 19.2-368.9.

H. To qualify for an award under this chapter, a claim must have a minimum value of $100, and payments for injury or death to a victim of crime, to the victim's dependents or to others entitled to payment for covered expenses, after being reduced as provided in subsection G, shall not exceed $35,000 in the aggregate.

§ 19.2-368.17. Public information program.

The Commission shall establish and conduct a public information program to assure extensive and continuing publicity and public awareness of the provisions of this chapter. The public information program shall include brochures, posters and public service advertisements for television, radio and print media for dissemination to the public of information regarding the right to compensation for innocent victims of crime, including information on the right to file a claim, the scope of coverage, and the procedures to be utilized incident thereto.

Whenever a crime ~~which~~ *that* directly resulted in personal physical injury to, or death of, an individual is reported ~~within the time required by~~ *pursuant to* § 19.2-368.10, the law-enforcement agency to which the report is made shall make reasonable efforts, where practicable, to notify the victim or other potential claimant in writing on forms prepared by the Commission of his or her possible right to file a claim under this chapter. In any event, no liability or cause of action shall arise from the failure to so notify a victim of crime or other potential claimant.

[S 1314]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-2818, 32.1-325, 38.2-3406.1, and 38.2-3418.7 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-2818. Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical, and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of $50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians

and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure, or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies, and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered, or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one ~~PSA~~ *prostate-specific antigen* test in a 12-month period and digital rectal examinations~~, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen~~.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

Initial purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; and

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon

conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

Unless otherwise provided in this section, this provision shall not require any benefit be provided as a covered service.

C. Any application and any enrollment form used in connection with coverage under this section shall prominently disclose that the policy, contract, or evidence of coverage is not required to provide state-mandated health benefits, shall prominently disclose any and all state-mandated health benefits that the policy, subscription contract, or evidence of coverage does not provide, and shall clearly describe all eligibility requirements.

Such disclosure shall also be included in certificate forms or other evidences of coverage furnished to each participant. Health insurers proposing to issue forms providing coverage under this section shall clearly

B. For the purpose of this section, ~~"PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen~~ *"prostate cancer screening" includes one prostate-specific antigen test in a 12-month period and digital rectal examinations*.

C. *No insurer, corporation, or health maintenance organization shall impose on any person receiving benefits pursuant to this section any deductible, coinsurance, copayment, or other cost-sharing requirement, except to the extent that coverage without cost-sharing would disqualify a high-deductible health benefit plan from eligibility for a health savings account pursuant to 26 U.S.C. § 223.*

D. The provisions of this section shall not apply to (i) short-term travel, accident only, limited or specified disease policies other than cancer policies, (ii) short-term nonrenewable policies of not more than six months' duration, or (iii) policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

C. For the purposes of this section, ~~the term~~ "emergency vehicle" ~~shall mean~~ *means*:

D. The failure to display lighted headlights and illuminating devices under the conditions set forth in clause (iii) of subsection A shall not constitute negligence per se, nor shall violation of clause (iii) of subsection A constitute a defense to any claim for personal injury or recovery of medical expenses for injuries sustained in a motor vehicle accident.

E. No demerit points shall be assessed for failure to display lighted headlights and illuminating devices during periods of fog, rain, sleet, or snow in violation of clause (iii) of subsection A.

No law-enforcement officer shall stop a motor vehicle for a violation of this section, except that a law-enforcement officer may stop a vehicle if it displays no lighted headlights during the time periods set forth in subsection A. The funeral service establishment shall not be liable for complying with the provisions of this subsection.*

D. If there is a dispute regarding the identity of any persons who have the right to make arrangements and otherwise be responsible for the decedent's funeral and the disposition of such decedent's remains, a funeral service establishment shall not be liable for refusing to dispose of the decedent's remains or complete the arrangements for the final disposition of such remains until the funeral service establishment receives a court order or written agreement signed by the disputing next of kin that establishes the final disposition of the decedent's remains. If the funeral service establishment retains the decedent's remains for final disposition while any such dispute is pending, the funeral service establishment may embalm or refrigerate and shelter the decedent's body for preservation purposes *pursuant to § 54.1-2811.1* until the dispute is resolved. Any person or persons adjudged or agreed to have the right to make arrangements and otherwise be responsible for the decedent's funeral and the disposition of the decedent's remains shall be responsible for any costs incurred by the funeral service establishment pursuant to this subsection.

However, in a qualifying locality, as defined in § 58.1-3221.6, whenever (a) taxes on any real estate in the locality are delinquent upon the expiration of six months following the date on which such taxes became due and (b) the locality has incurred abatement costs which remain unpaid upon the expiration of six months following the date on which the abatement costs were first incurred, real estate meeting the conditions described in clause (i), (ii), (iii), or (iv) may be sold for the purpose of collecting all delinquent taxes and abatement costs on such property. For the purposes of this section, "abatement costs" means costs incurred by a locality that result from the conditions described in clause (i), (ii), (iii), or (iv).

Upon a finding by the court, on real estate with an assessed value of $100,000 or less in any locality, that ~~(a)~~ *(1)* any taxes on such real estate are delinquent on December 31 following the first anniversary of the date on which such taxes have become due or ~~(b)~~ *(2)* there is a lien on such real estate pursuant to § 15.2-900, 15.2-906, 15.2-907, 15.2-907.1, 15.2-908.1, or 36-49.1:1, which lien remains unpaid on December 31 following the first anniversary of the date on which such lien was recorded, the property shall be deemed subject to sale by public auction pursuant to proper notice under this subsection.

The officer charged with the duty of collecting taxes for the locality wherein the real property lies shall, at least 30 days prior to instituting any judicial proceeding pursuant to this section, send a notice to ~~(1)~~ *(A)* the last known address of the property owner as such owner and address appear in the records of the treasurer~~,~~ ~~(2)~~ *and (B)* the property address if the property address is different from the owner's address and if the real estate is listed with the post office by a numbered and named street address ~~and (3) the last known address of any trustee under any deed of trust, mortgagee under any mortgage and any other lien creditor, if such trustee, mortgagee or lien creditor is not otherwise made a party defendant under § 58.1-3967, advising such property owner, trustee, mortgagee or other lien creditor of the delinquency and the officers' intention to take action~~. Such notice shall advise the taxpayer that the taxpayer may request the treasurer to enter into a payment agreement to permit the payment of the delinquent taxes, interest, and penalties over a period not to exceed 72 months in accordance with the provisions of subsection C. Such officer shall also cause to be published at least once a list of real estate which will be offered for sale under the provisions of this article in a newspaper of general circulation in the locality, at least 30 days prior to the date on which judicial proceedings under the provisions of this article are to be commenced.

The pro rata cost of such publication shall become a part of the tax and together with all other costs, including reasonable attorney fees set by the court and the costs of any title examination conducted in order to comply with the notice requirements imposed by this section, shall be collected if payment is made by the owner in redemption of the real property described therein whether or not court proceedings have been initiated. A notice substantially in the following form shall be sufficient:

Notice

Judicial Sale of Real Property

On ____ (date) proceedings will be commenced under the authority of § 58.1-3965 et seq. of the Code of Virginia to sell the following parcels for payment of delinquent taxes:

(description of properties)

B. The owner of any property listed may redeem it at any time before the date of the sale by paying all accumulated taxes, penalties, reasonable attorney fees, interest and costs thereon, including the pro rata cost of publication hereunder. Partial payment of delinquent taxes, penalties, reasonable attorney fees, interest, or costs shall not be sufficient to redeem the property~~,~~ and shall not operate to suspend, invalidate, or make moot any action for judicial sale brought pursuant to this article.

C. Notwithstanding the provisions of subsection B and of § 58.1-3954, the treasurer or other officer responsible for collecting taxes may suspend any action for sale of the property commenced pursuant to this article (i) upon entering into an agreement with the owner of the real property for the payment of all delinquent amounts in installments over a period that is reasonable under the circumstances, but that in no event shall exceed 72 months, or (ii) upon written notice by an individual, not a party to the action, asserting ownership rights in the property that is the subject of the action arising by virtue of testate or intestate succession, to the treasurer or other officer responsible for collecting taxes. The treasurer or other officer responsible for collecting taxes shall promptly advise the court of such claim and seek leave to add the individual asserting the claim as a party in the action. If the court determines that the individual asserting the claim possesses an ownership interest in the property that is the subject of the action, such individual may, within 30 days of the court's finding, enter into an agreement with the treasurer or other official responsible for collecting taxes for the payment of all delinquent amounts in installments over a period that is reasonable under the circumstances, but that in no event shall exceed 72 months. Any agreement under this subsection shall provide for the payment of current tax obligations as they come due, which payments shall be credited to current tax obligations notwithstanding the provisions of § 58.1-3913 and shall be secured by the lien of the locality pursuant to § 58.1-3340.

D. During the pendency of any installment agreement permitted under subsection C, any proceeding for a sale previously commenced shall not abate, but shall be continued on the docket of the court in which such action is pending. It shall be the duty of the treasurer or other officer responsible for collecting taxes to promptly notify the clerk of such court when obligations arising under such an installment agreement have been fully satisfied. Upon the receipt of such notice, the clerk shall cause the action to be stricken from the docket.

E. In the event the owner of the property or other responsible person defaults upon obligations arising under an installment agreement permitted by subsection C, or during the term of any installment agreement, defaults on any current obligation as it becomes due, such agreement shall be voidable by the treasurer or other officer responsible for collecting taxes upon 15 days' written notice to the signatories of such agreement irrespective of the amount remaining due. Any action for the sale previously commenced pursuant to this article may proceed without any requirement that the notice or advertisement required by subsection A, which had previously been made with respect to such property, be repeated. No owner of property which has been the subject of a defaulted installment agreement shall be eligible to enter into a second installment agreement with respect to the same property within three years of such default.

F. Any corporate, partnership or limited liability officer, as those terms are defined in § 58.1-1813, who willfully fails to pay any tax being enforced by this section, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax not paid, to be assessed and collected in the same manner as such taxes are assessed and collected.

G. During the pendency of the action, the circuit court in which the action is pending may, on its own motion or on the motion of any party, refer the parties to a dispute resolution proceeding pursuant to the provisions of Chapter 20.2 (§ 8.01-576.4 et seq.) of Title 8.01.

H. In any case in which real estate subject to delinquent taxes is situated in two or more jurisdictions, a suit to sell the entirety of the real estate pursuant to this article may be brought in a single jurisdiction provided that (i) taxes are delinquent in all jurisdictions for periods not less than the minimum applicable periods set forth in subsection A and (ii) the treasurer of each jurisdiction within which the property is situated consents to the suit.

The suit shall identify the taxes, penalties, interest, and other charges due in each jurisdiction. The publications and notices required pursuant to this section shall identify each of the jurisdictions in which the property is situated. Upon sale of the property, the order confirming the sale shall provide for the payment of taxes, penalties, interest, and other charges to each jurisdiction, and copies of the order confirming the sale and the deed conveying the property to the purchaser shall be recorded among the land records of the clerk's office of the circuit court for each jurisdiction within which the property that is the subject of the suit is situated. 3. Make such special studies and reports of the operations and functions of state agencies as it deems appropriate and as may be requested by the General Assembly; *and*

4. ~~Assess, analyze, and evaluate the social and economic costs and benefits of any proposed mandated health insurance benefit or mandated provider that is not included in the essential health benefits required by federal law to be provided under a health care plan, including the mandates' predicted effect on health care coverage premiums and related costs, net costs or savings to the health care system, and other relevant issues, and report its findings with respect to the proposed mandate to the Health Insurance Reform Commission; and~~

~~5.~~ Make such reports on its findings and recommendations at such time and in such manner as the Commission deems proper, submitting same to the agencies concerned, to the Governor, and to the General Assembly. Such reports as are submitted shall relate to the following matters:

a. Ways in which the agencies may operate more economically and efficiently;

b. Ways in which agencies can provide better services to the Commonwealth and to the people; and

c. Areas in which functions of state agencies are duplicative, overlapping, or failing to accomplish legislative objectives or for any other reason should be redefined or redistributed.

§ 30-343. Standing committees to request Commission assessment.

A. Whenever a legislative measure containing a mandated health insurance benefit or provider is proposed that is not identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the then-current session of the General Assembly, the Chair of the House Committee on Labor and Commerce or Senate Committee on Commerce and Labor having jurisdiction over the proposal shall (i) request that the Commission assess the proposal and (ii) send a copy of such request to the Bureau of Insurance of the State Corporation Commission (the Bureau). The Commission shall be given a period of 24 months to complete and submit its assessment on each such request. A report summarizing the Commission's assessment shall be forwarded to the ~~Chairman~~

Following the Bureau's analysis, the Commission shall determine if the proposed mandate shall be (i) considered as part of an essential health benefits benchmark plan review in accordance with the provisions of § 30-343.1, (ii) assessed jointly by the Bureau and the Joint ~~Legislative Audit and Review~~ Commission *on Health Care* in accordance with subsection C, or (iii) considered in another manner by the Commission.

C. Upon request of the Commission, the Bureau and the Joint ~~Legislative Audit and Review~~ Commission *on Health Care* shall jointly assess the social and financial impact and the medical efficacy of the proposed mandate, which assessment shall include an estimate of the effects of enactment of the proposed mandate on the costs of health coverage in the Commonwealth, including any estimated additional costs that the Commonwealth may be responsible for pursuant to § 1311(d)(3)(B) of the *federal* Patient Protection and Affordable Care Act should the proposed mandate ultimately be determined by the applicable agency to be a benefit that exceeds the scope of the essential health benefits. Upon completion of the assessment by the Bureau and the Joint ~~Legislative Audit and Review~~ Commission *on Health Care*, the Commission may make a recommendation regarding its support of or opposition to the enactment of the proposed mandate. The Commission's recommendation may address whether the proposed mandate should be provided under health care plans offered through a health benefit exchange or outside a health benefit exchange.

The Commission shall be given a period of 24 months to complete and submit its assessment on each such request. A report summarizing the Commission's study shall be forwarded to the Governor and the General Assembly.

D. 1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and the Commission's rules.

2. By majority vote as provided by Commission rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

3. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

4. No individual or entity other than a Member State may enforce this Compact against the Commission.

Article 12. Effective Date, Withdrawal, and Amendment.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the Charter Member States to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Article 11.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven (7).

2. Member States enacting the Compact subsequent to the Charter Member States shall be subject to the process set forth in subdivision C 23 of Article 8 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any state that joins the Compact shall be subject to the Commission's rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

B. Any Member State may withdraw from this Compact by enacting a statute repealing that state's enactment of the Compact.

1. A Member State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

Article 13. Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a state seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding subsection B, the Commission may deny a state's participation in the Compact or, in accordance with the requirements of subsection B of Article 11, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

Article 14. Consistent Effect and Conflict With Other State Laws.

Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

2. That any applicant for a multistate license shall pay the costs of performing any background check required by the Interstate Massage Compact, as entered into by this act.

3. Pursuant to Article 12 of § 54.1-3029.2 of the Code of Virginia, as created by this act, the Interstate Massage Compact (the Compact) shall become effective on the date the Compact is enacted by a seventh participating state or upon the effective date of this act, whichever is later.

Any such minimal uniform standards shall be implemented by each public institution of higher education in the Commonwealth no later than July 1, 2026, and any statutory or policy changes necessary to effectuate such implementation shall be recommended to the Chairmen of the House Committee on Education and the Senate Committee on Education and Health no later than November 15, 2025.

CHAPTER 276

An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to Board of Education; Standards of Learning; incorporation of media literacy and digital citizenship.

[H 2460]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.

A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia.

B. The Board shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade eight shall align with evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

The Board shall include in the Standards of Learning for physical and health education for grade nine or 10 research-based hazing prevention instruction, in accordance with the Standards of Learning and curriculum guidelines for research-based hazing prevention instruction developed by the Board pursuant to subsection B of § 22.1-207.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.

2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.

3. Career and technical education programs incorporated into the K through 12 curricula that include:

b. Career exploration opportunities in the middle school grades;

c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent in accordance with the timelines established by federal law;

d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center; and

e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median pay of program graduates. The Department shall annually compile such lists and provide them to each local school board.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes; career and technical education programs, including internships, externships, apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based learning experiences; the International Baccalaureate Program and Academic Year Governor's School Programs; the qualifications for enrolling in such classes, programs, and experiences; and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the College and Career Ready Virginia Program established pursuant to Article 5.1. (§ 22.1-237.1 et seq.) of Chapter 13 and its agreement with a comprehensive community college in the Commonwealth pursuant to subdivision 10 to enable students to complete an associate degree, a one-year Uniform Certificate of General Studies, or the Passport Program concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language.

13. Early identification, diagnosis, and assistance for students with mathematics problems and provision of instructional strategies and mathematics practices that benefit the development of mathematics skills for all students.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department. Local school divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time to be determined by the Superintendent. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. A program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year. Any physical education class offered to students in grades seven and eight shall include at least one hour of personal safety training per school year in each such grade level that is developed and delivered in partnership with the local law-enforcement agency and consists of situational safety awareness training and social media education. Each local school board shall offer to all students in grade nine or 10 a physical education class that includes research-based hazing prevention instruction pursuant to subsection C of § 22.1-207, unless such hazing prevention instruction is provided as part of a separate health education class offered to students in grade nine or 10. Each local school board may accept participation in the Junior Reserve Officers' Training Corps as fulfillment of any physical education requirements applicable to students in grades nine through 12.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding

effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. The Board shall, in collaboration with the Virginia Community College System, Career and Technical Education directors, and industry partners, develop and maintain a current, comprehensive, and uniform list of industry-recognized workforce credentials that students may take as a substitute for certain credits required for graduation pursuant to 8VAC20-131-51 of the Virginia Administrative Code, including industry-recognized workforce credentials that students may take as a substitute for elective credits and industry-recognized workforce credentials completed outside of regular school hours. The Board, in collaboration with the Virginia Community College System, shall ensure that such list reflects the current credit requirements for graduation and the current credentials accepted as substitutes. The Board shall post such list in a publicly accessible location on its website. Each school board shall accept as a substitute for a required credit any credential listed as an accepted substitute for such required credit.

G. Each local school board may enter into agreements for postsecondary course credit, credential, certification, or license attainment, hereinafter referred to as College and Career Access Pathways Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Each local school board shall provide a program of literacy instruction that is aligned with science-based reading research and provides evidenced-based literacy instruction to students in kindergarten through grade eight and is consistent with the school board's literacy plan as required by subsection B of § 22.1-253.13:6. Pursuant to such program:

1. Each local school board shall provide reading intervention services to students in kindergarten through grade eight who demonstrate substantial deficiencies based on their individual performance on the Standards of Learning reading assessment or a literacy screener provided by the Department. Such reading intervention services shall consist of evidence-based literacy instruction, align with science-based reading research, and be documented for each student in a written student reading plan, consistent with the requirements in subdivision 2 and the list developed by the Department pursuant to subdivision I 2.

2. A reading specialist, in collaboration with the teacher of any student who receives reading intervention services pursuant to subdivision 1, shall develop, oversee implementation of, and monitor student progress on a student reading plan. Each student reading plan (i) shall follow the Department template created pursuant to subdivision I 3; (ii) shall document such reading intervention services; (iii) shall include, at a minimum, (a) the student's specific, diagnosed reading skill deficiencies as determined or identified by diagnostic assessment data or the literacy screener provided by the Department; (b) the goals and benchmarks for student growth in reading; (c) a description of the specific measures that will be used to evaluate and monitor the student's reading progress; (d) the specific evidence-based literacy instruction that the student will receive; (e) the strategies, resources, and materials that will be provided to the student's parent to support the student to make reading progress; and (f) any additional services the teacher deems available and appropriate to accelerate the student's reading skill development; and (iv) may include the following services for the student: instruction from a reading specialist, trained aide, computer-based reading tutorial program, or classroom teacher with support from an aide, extended instructional time in the school day or school year, or, for students in grades six through eight, a literacy course, in addition to the course required by the Standards of Learning in English, that provides the specific evidence-based literacy instruction identified in the student's reading plan. In accordance with § 22.1-215.2, the parent of each student shall receive notice before services begin and a copy of the student reading plan.

3. Each student who receives such reading intervention services shall be assessed utilizing either the literacy screener provided by the Department or the grade-level reading Standards of Learning assessment again at the end of that school year.

Funds appropriated for prevention, intervention, and remediation, summer school remediation, the at-risk add-on, or early intervention reading may be used to meet the requirements of this subsection.

I. In order to assist local school boards to implement the provisions of subsection H:

1. The Board shall provide guidance on the content of student reading plans;

2. The Department shall develop a list of core literacy curricula for students in kindergarten through grade five and supplemental instruction practices and programs and intervention programs for students in kindergarten through grade eight that consist of evidence-based literacy instruction aligned with science-based reading research. The list shall be approved by the Board;

3. The Department shall develop a template for student reading plans that aligns with the requirements of subsection H;

4. The Department shall develop and implement a plan for the annual collection and public reporting of division-level and school-level literacy data, at a time to be determined by the Superintendent, to include results on the literacy screeners provided by the Department and the reading Standards of Learning assessments; and

5. The Department shall provide free online evidence-based literacy instruction resources that can be accessed by parents and local school boards to support student literacy development at home.

J. As used in this subsection:

"Digital citizenship" means a diverse set of skills related to current technology and social media, including the norms of appropriate, responsible, and healthy behavior.

"Media literacy" means the ability to access, analyze, evaluate, and use media and information. "Media literacy" includes the foundational skills that lead to digital citizenship.

The Board shall consider, during each regularly scheduled revision to the Standards of Learning and any associated curriculum framework, including the Digital Learning Integration Standards of Learning, incorporating media literacy and digital citizenship standards at each grade level.

Such protocol may restrict the frequency and duration of visits and may require visits to be conducted virtually using interactive audio or video technology. Any such protocol may require the person visiting a patient pursuant to this subdivision to comply with all reasonable requirements of the hospital, nursing home, or certified nursing facility adopted to protect the health and safety of the person, patients, and staff of the hospital, nursing home, or certified nursing facility;

31. Shall require that every hospital that makes health records, as defined in § 32.1-127.1:03, of patients who are minors available to such patients through a secure website shall make such health records available to such patient's parent or guardian through such secure website, unless the hospital cannot make such health record available in a manner that prevents disclosure of information, the disclosure of which has been denied pursuant to subsection F of § 32.1-127.1:03 or for which consent required in accordance with subsection E of § 54.1-2969 has not been provided; and

§ 54.1-2722. License; application; qualifications; practice of dental hygiene; report.

A. No person shall practice dental hygiene unless he possesses a current, active, and valid license from the Board of Dentistry. The licensee shall have the right to practice dental hygiene in the Commonwealth for the period of his license as set by the Board, under the direction of any licensed dentist.

B. An application for such license shall be made to the Board in writing and shall be accompanied by satisfactory proof that the applicant (i) is of good moral character, (ii) is a graduate of a dental hygiene program accredited by the Commission on Dental Accreditation and offered by an accredited institution of higher education, (iii) has passed the dental hygiene examination given by the Joint Commission on National Dental Examinations, and (iv) has successfully completed a clinical examination acceptable to the Board.

C. The Board may grant a license to practice dental hygiene to an applicant licensed to practice in another jurisdiction if he (i) meets the requirements of subsection B; (ii) holds a current, unrestricted license to practice dental hygiene in another jurisdiction in the United States; (iii) has not committed any act that would constitute grounds for denial as set forth in § 54.1-2706; and (iv) meets other qualifications as determined in regulations promulgated by the Board.

D. A licensed dental hygienist may, under the direction or general supervision of a licensed dentist and subject to the regulations of the Board, perform services that are educational, diagnostic, therapeutic, or preventive. These services shall not include the establishment of a final diagnosis or treatment plan for a dental patient. Pursuant to subsection ~~V~~ *W* of § 54.1-3408, a licensed dental hygienist may administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine.

A dentist may also authorize a dental hygienist under his direction to administer Schedule VI nitrous oxide and oxygen inhalation analgesia and, to persons 18 years of age or older, Schedule VI local anesthesia. In its regulations, the Board of Dentistry shall establish the education and training requirements for dental hygienists to administer such controlled substances under a dentist's direction.

For the purposes of this section, "general supervision" means that a dentist has evaluated the patient and prescribed authorized services to be provided by a dental hygienist; however, the dentist need not be present in the facility while the authorized services are being provided.

The Board shall provide for an inactive license for those dental hygienists who hold a current, unrestricted license to practice in the Commonwealth at the time of application for an inactive license and who do not wish to practice in Virginia. The Board shall promulgate such regulations as may be necessary to carry out the provisions of this section, including requirements for remedial education to activate a license.

E. For the purposes of this subsection, "remote supervision" means that a public health dentist has regular, periodic communications with a public health dental hygienist regarding patient treatment, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any provision of law, a dental hygienist employed by the Virginia Department of Health or the Department of Behavioral Health and Developmental Services who holds a license issued by the Board of Dentistry may provide educational and preventative dental care in the Commonwealth under the remote supervision of a dentist employed by the Department of Health or the Department of Behavioral Health and Developmental Services. A dental hygienist providing such services shall practice pursuant to protocols developed jointly by the Department of Health and the Department of Behavioral Health and Developmental Services for each agency, in consultation with the Virginia Dental Association and the Virginia Dental Hygienists' Association. Such protocols shall be adopted by the Board as regulations.

A report of services provided by dental hygienists employed by the Virginia Department of Health pursuant to such protocol, including their impact upon the oral health of the citizens of the Commonwealth, shall be prepared and submitted annually to the Secretary of Health and Human Resources by the Department of Health, and a report of services provided by dental hygienists employed by the Department of Behavioral Health and Developmental Services shall be prepared and submitted annually to the Secretary of Health and Human Resources by the Department of Behavioral Health and Developmental Services. Nothing in this section shall be construed to authorize or establish the independent practice of dental hygiene.

F. For the purposes of this subsection, "remote supervision" means that a supervising dentist is accessible and available for communication and consultation with a dental hygienist during the delivery of dental hygiene services, but such dentist

may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any other provision of law, a dental hygienist may practice dental hygiene under the remote supervision of a dentist who holds an active license by the Board and who has a dental practice physically located in the Commonwealth. No dental hygienist shall practice under remote supervision unless he has (i) completed a continuing education course designed to develop the competencies needed to provide care under remote supervision offered by an accredited dental education program or from a continuing education provider approved by the Board and (ii) at least two years of clinical experience, consisting of at least 2,500 hours of clinical experience. A dental hygienist practicing under remote supervision shall have professional liability insurance with policy limits acceptable to the supervising dentist. A dental hygienist shall only practice under remote supervision at a federally qualified health center; charitable safety net facility; free clinic; long-term care facility; elementary or secondary school; Head Start program; mobile dentistry program for adults with developmental disabilities operated by the Department of Behavioral Health and Developmental Services' Office of Integrated Health; or women, infants, and children (WIC) program.

A dental hygienist practicing under remote supervision may (a) obtain a patient's treatment history and consent, (b) perform an oral assessment, (c) perform scaling and polishing, (d) perform all educational and preventative services, (e) take X-rays as ordered by the supervising dentist or consistent with a standing order, (f) maintain appropriate documentation in the patient's chart, (g) administer topical oral fluorides, topical oral anesthetics, topical and directly applied antimicrobial agents for treatment of periodontal pocket lesions, and any other Schedule VI topical drug approved by the Board of Dentistry under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine pursuant to subsection ~~V~~ *W* of § 54.1-3408, and (h) perform any other service ordered by the supervising dentist or required by statute or Board regulation. No dental hygienist practicing under remote supervision shall administer local anesthetic or nitrous oxide.

Prior to providing a patient dental hygiene services, a dental hygienist practicing under remote supervision shall obtain (1) the patient's or the patient's legal representative's signature on a statement disclosing that the delivery of dental hygiene services under remote supervision is not a substitute for the need for regular dental examinations by a dentist and (2) verbal confirmation from the patient that he does not have a dentist of record whom he is seeing regularly.

After conducting an initial oral assessment of a patient, a dental hygienist practicing under remote supervision may provide further dental hygiene services following a written practice protocol developed and provided by the supervising dentist. Such written practice protocol shall consider, at a minimum, the medical complexity of the patient and the presenting signs and symptoms of oral disease.

A dental hygienist practicing under remote supervision shall inform the supervising dentist of all findings for a patient. A dental hygienist practicing under remote supervision may continue to treat a patient for 180 days. After such 180-day period, the supervising dentist, absent emergent circumstances, shall either conduct an examination of the patient or refer the patient to another dentist to conduct an examination. The supervising dentist shall develop a diagnosis and treatment plan for the patient, and either the supervising dentist or the dental hygienist shall provide the treatment plan to the patient. The supervising dentist shall review a patient's records at least once every 10 months.

Nothing in this subsection shall prevent a dental hygienist from practicing dental hygiene under general supervision whether as an employee or as a volunteer.

[H 2473]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-3423 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3423. Board to issue registration unless inconsistent with public interest; authorization to conduct research; application and fees.

A. The Board shall register an applicant to manufacture or distribute controlled substances included in Schedules I through V unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

1. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

2. Compliance with applicable state and local law;

3. Any convictions of the applicant under any federal and state laws relating to any controlled substance;

4. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

5. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

6. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

7. Any other factors relevant to and consistent with the public health and safety.

B. Registration under subsection A does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

C. Practitioners must be registered to conduct research or laboratory analysis with controlled substances in Schedules II through VI or marijuana. Practitioners registered under federal law to conduct research with Schedule I substances, other than marijuana, may conduct research with Schedule I controlled substances within the Commonwealth upon furnishing the evidence of that federal registration.

D. The Board may register other persons or entities to possess controlled substances listed on Schedules II through VI upon a determination that (i) there is a documented need, (ii) the issuance of the registration is consistent with the public interest, (iii) the possession and subsequent use of the controlled substances complies with applicable state and federal laws and regulations, and (iv) the subsequent storage, use, and recordkeeping of the controlled substances will be under the general supervision of a licensed pharmacist, practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine as specified in the Board's regulations. The Board shall consider, at a minimum, the factors listed in subsection A in determining whether the registration shall be issued. Notwithstanding the exceptions listed in *subsection A of* § 54.1-3422 ~~A~~, the Board may mandate a controlled substances registration for sites maintaining certain types and quantities of Schedules II through VI controlled substances as it may specify in its regulations. The Board shall promulgate regulations related to requirements or criteria for the issuance of such controlled substances registration, storage, security, supervision, and recordkeeping. *Notwithstanding the provisions of this subsection or Board regulations, the Board may register a correctional facility to maintain a floor stock of long-acting injectable or extended-release prescription drugs for the treatment of mental illness or substance use disorder. Such long-acting injectable or extended-release prescription drugs shall be stored in an area accessible only to persons who are licensed to administer such prescription drugs, regardless of whether the prescriber is on site. Each correctional facility shall maintain an ongoing perpetual inventory of all such drugs in Schedules II through V. Such perpetual inventory shall (a) accurately indicate the physical count of each drug on hand at the time the inventory is performed and (b) no less than once per month, include a reconciliation of each drug with a written explanation for any difference between the physical count and the theoretical count.*

E. The Board may register a public or private animal shelter as defined in § 3.2-6500 to purchase, possess, and administer certain Schedules II through VI controlled substances approved by the State Veterinarian for the purpose of euthanizing injured, sick, homeless, and unwanted domestic pets and animals and to purchase, possess, and administer certain Schedule VI drugs and biological products for the purpose of preventing, controlling, and treating certain communicable diseases that failure to control would result in transmission to the animal population in the shelter. Controlled substances used for euthanasia shall be administered only in accordance with protocols established by the State Veterinarian and only by persons trained in accordance with instructions by the State Veterinarian. The list of Schedule VI drugs and biological products used for treatment and prevention of communicable diseases within the shelter shall be determined by the supervising veterinarian of the shelter and the drugs and biological products shall be administered only pursuant to written protocols established or approved by the supervising veterinarian of the shelter and only by persons who have been trained in accordance with instructions established or approved by the supervising veterinarian. The shelter shall maintain a copy of the approved list of drugs and biological products, written protocols for administering, and training records of those persons administering drugs and biological products on the premises of the shelter.

F. The Board may register a facility, as defined in § 37.2-100, that provides crisis stabilization services and is licensed by the Department of Behavioral Health and Developmental Services. Such facility may maintain a stock of Schedules II through VI controlled substances necessary for immediate treatment of patients admitted to such facility, which may be accessed and administered by a person licensed to administer drugs pursuant to a written or oral order of a prescriber in the absence of a prescriber.

G. The Board may register an entity at which a patient is treated by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically for the purpose of establishing a bona fide practitioner-patient relationship and is prescribed Schedules II through VI controlled substances when such prescribing is in compliance with federal requirements for the practice of telemedicine and the patient is not in the physical presence of a practitioner registered with the U.S. Drug Enforcement Administration. In determining whether the registration shall be issued, the Board shall consider (i) the factors listed in subsection A, (ii) whether there is a documented need for such registration, and (iii) whether the issuance of the registration is consistent with the public interest.

H. Applications for controlled substances registration certificates and renewals thereof shall be made on a form prescribed by the Board and such applications shall be accompanied by a fee in an amount to be determined by the Board.

I. Upon (i) any change in ownership or control of a business, (ii) any change of location of the controlled substances stock, (iii) the termination of authority by or of the person named as the responsible party on a controlled substances registration, or (iv) a change in the supervising practitioner, if applicable, the registrant or responsible party shall immediately surrender the registration. The registrant shall, within 14 days following surrender of a registration, file a new application and, if applicable, name the new responsible party or supervising practitioner.

The Department of Health and the Department of Conservation and Recreation may submit written comments on proposed permits within 30 days after notification by the Department.

E. Where, because of site-specific conditions, including soil type, identified during the permit application review process, the Department determines that special requirements are necessary to protect the environment or the health, safety, or welfare of persons residing in the vicinity of a proposed land application site, the Department may incorporate in the permit at the time it is issued reasonable special conditions regarding buffering, transportation routes, slope, material source, methods of handling and application, and time of day restrictions exceeding those required by the regulations adopted under this section. Before incorporating any such conditions into the permit, the Department shall provide written notice to the permit applicant, specifying the reasons therefor and identifying the site-specific conditions justifying the additional requirements. The Department shall incorporate into the notice any written requests or recommendations concerning such site-specific conditions submitted by the local governing body where the land application is to take place. The permit applicant shall have at least 14 days in which to review and respond to the proposed conditions.

F. The Board shall adopt regulations prescribing a fee to be charged to all permit holders and persons applying for permits and permit modifications pursuant to this section. All fees collected pursuant to this subsection shall be deposited into the Sludge Management Fund. The fee for the initial issuance of a permit shall be $5,000. The fee for the reissuance, amendment, or modification of a permit for an existing site shall not exceed $1,000 and shall be charged only for permit actions initiated by the permit holder. Fees collected under this section shall be exempt from statewide indirect costs charged and collected by the Department of Accounts and shall not supplant or reduce the general fund appropriation to the Department.

G. There is hereby established in the treasury a special fund to be known as the Sludge Management Fund, hereinafter referred to as the Fund. The fees required by this section and by subsection E of § 62.1-44.16 shall be transmitted to the Comptroller to be deposited into the Fund. The income and principal of the Fund shall be used only and exclusively (i) for the Department's direct and indirect costs associated with the processing of an application to issue, reissue, amend, or modify any permit to land apply, distribute, or market sewage sludge or industrial wastes, the administration and management of the Department's sewage sludge and industrial wastes land application programs, including monitoring and inspecting, and the Department of Conservation and Recreation's costs for implementation of the sewage sludge application program and (ii) to reimburse localities with duly adopted ordinances providing for the testing and monitoring of the land application of sewage sludge or solid or semisolid industrial wastes. The State Treasurer shall be the custodian of the moneys deposited in the Fund. No part of the Fund, either principal or interest earned thereon, shall revert to the general fund of the state treasury.

H. All persons holding or applying for a permit authorizing the land application of sewage sludge shall provide to the Board written evidence of financial responsibility, which shall be available to pay claims for cleanup costs, personal injury, and property damages resulting from the transportation, storage, or land application of sewage sludge. The Board shall, by regulation, establish and prescribe mechanisms for meeting the financial responsibility requirements of this section.

I. Any county, city, or town may adopt an ordinance that provides for the testing and monitoring of the land application of sewage sludge within its political boundaries to ensure compliance with applicable laws and regulations.

J. The Department, upon the timely request of any individual to test the sewage sludge at a specific site, shall collect samples of the sewage sludge at the site prior to the land application and submit such samples to a laboratory. The testing shall include an analysis of the (i) concentration of trace elements, (ii) coliform count, and (iii) pH level. The results of the laboratory analysis shall be (a) furnished to the individual requesting that the test be conducted and (b) reviewed by the Department. The person requesting the test and analysis of the sewage sludge shall pay the costs of sampling, testing, and analysis.

K. At least 100 days prior to commencing land application of sewage sludge at a permitted site, the permit holder shall deliver or cause to be delivered written notification to the chief executive officer or his designee for the local government where the site is located. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site. This requirement may be satisfied by providing a list of all available permitted sites in the locality at least 100 days prior to commencing the application at any site on the list. This requirement shall not apply to any application commenced prior to October 10, 2005. If the site is located in more than one county, the notice shall be provided to all jurisdictions where the site is located.

L. The permit holder shall deliver or cause to be delivered written notification to the Department at least 14 days prior to commencing land application of sewage sludge at a permitted site. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site.

M. The Department shall randomly conduct unannounced site inspections while land application of sewage sludge is in progress at a sufficient frequency to determine compliance with the requirements of this section, § 62.1-44.19:3.1, or regulations adopted under those sections.

N. Surface incorporation into the soil of sewage sludge applied to cropland may be required when practicable and compatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service.

O. The Board shall develop regulations specifying and providing for extended buffers to be employed for application of sewage sludge (i) to hay, pasture, and forestlands~~;~~ or (ii) to croplands where surface incorporation is not practicable or is incompatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service. Such extended buffers may be included by the Department as site specific permit conditions pursuant to subsection E, as an alternative to surface incorporation when necessary to protect odor sensitive receptors as determined by the Department or the local monitor.

P. The Board shall adopt regulations requiring the payment of a fee for the land application of sewage sludge, pursuant to permits issued under this section. The person land applying sewage sludge shall (i) provide advance notice of the estimated fee to the generator of the sewage sludge unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department as provided for by regulation. The fee shall be imposed on each dry ton of sewage sludge that is land applied in the Commonwealth. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department;

2. Deposit of the fees into the Fund; and

3. Disbursement of proceeds by the Department pursuant to subsection G.

Q. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of sewage sludge. The program shall include, at a minimum, instruction in: (i) the provisions of the Virginia Biosolids Use Regulations; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of sewage sludge that is land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of sewage sludge performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to this section; and

2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

R. Localities, as part of their zoning ordinances, may designate or reasonably restrict the storage of sewage sludge based on criteria directly related to the public health, safety, and welfare of its citizens and the environment. Notwithstanding any contrary provision of law, a locality may by ordinance require that a special exception or a special use permit be obtained to begin the storage of sewage sludge on any property in its jurisdiction, including any area that is zoned as an agricultural district or classification. Such ordinances shall not restrict the storage of sewage sludge on a farm as long as such sludge is being stored (i) solely for land application on that farm and (ii) for a period no longer than 45 days. No person shall apply to the State Health Commissioner or the Department of Environmental Quality for a permit, a variance, or a permit modification authorizing such storage without first complying with all requirements adopted pursuant to this subsection.

S. The permitting requirements of this article shall not apply to any land application of sewage sludge for a research project when such land is owned and operated by an institution of higher education in the Commonwealth. At least 30 days prior to commencing any land application of sewage sludge, the institution of higher education shall notify the Department and the owner of every adjoining property of its intent to land apply such sewage sludge. The institution of higher education shall comply with setback and recordkeeping requirements as outlined in the Virginia Pollution Abatement Permit Regulation (9VAC25-32). As used in this subsection, "institution of higher education" means a public institution of higher education, as that term is defined in § 23.1-100.

2. That the provisions of this act shall expire on July 1, 2030.

An Act to amend and reenact § 54.1-3423 of the Code of Virginia, relating to Board of Pharmacy; long-acting injectable or extended-release prescription drugs; correctional facilities.

[S 1367]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-3423 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3423. Board to issue registration unless inconsistent with public interest; authorization to conduct research; application and fees.

A. The Board shall register an applicant to manufacture or distribute controlled substances included in Schedules I through V unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

1. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

2. Compliance with applicable state and local law;

3. Any convictions of the applicant under any federal and state laws relating to any controlled substance;

4. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

5. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

6. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

7. Any other factors relevant to and consistent with the public health and safety.

B. Registration under subsection A does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

C. Practitioners must be registered to conduct research or laboratory analysis with controlled substances in Schedules II through VI or marijuana. Practitioners registered under federal law to conduct research with Schedule I substances, other than marijuana, may conduct research with Schedule I controlled substances within the Commonwealth upon furnishing the evidence of that federal registration.

D. The Board may register other persons or entities to possess controlled substances listed on Schedules II through VI upon a determination that (i) there is a documented need, (ii) the issuance of the registration is consistent with the public interest, (iii) the possession and subsequent use of the controlled substances complies with applicable state and federal laws and regulations, and (iv) the subsequent storage, use, and recordkeeping of the controlled substances will be under the general supervision of a licensed pharmacist, practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine as specified in the Board's regulations. The Board shall consider, at a minimum, the factors listed in subsection A in determining whether the registration shall be issued. Notwithstanding the exceptions listed in *subsection A of* § 54.1-3422 ~~A~~, the Board may mandate a controlled substances registration for sites maintaining certain types and quantities of Schedules II through VI controlled substances as it may specify in its regulations. The Board shall promulgate regulations related to requirements or criteria for the issuance of such controlled substances registration, storage, security, supervision, and recordkeeping. *Notwithstanding the provisions of this subsection or Board regulations, the Board may register a correctional facility to maintain a floor stock of long-acting injectable or extended-release prescription drugs for the treatment of mental illness or substance use disorder. Such long-acting injectable or extended-release prescription drugs shall be stored in an area accessible only to persons who are licensed to administer such prescription drugs, regardless of whether the prescriber is on site. Each correctional facility shall maintain an ongoing perpetual inventory of all such drugs in Schedules II through V. Such perpetual inventory shall (a) accurately indicate the physical count of each drug on hand at the time the inventory is performed and (b) no less than once per month, include a reconciliation of each drug with a written explanation for any difference between the physical count and the theoretical count.*

E. The Board may register a public or private animal shelter as defined in § 3.2-6500 to purchase, possess, and administer certain Schedules II through VI controlled substances approved by the State Veterinarian for the purpose of euthanizing injured, sick, homeless, and unwanted domestic pets and animals and to purchase, possess, and administer certain Schedule VI drugs and biological products for the purpose of preventing, controlling, and treating certain communicable diseases that failure to control would result in transmission to the animal population in the shelter. Controlled substances used for euthanasia shall be administered only in accordance with protocols established by the State Veterinarian and only by persons trained in accordance with instructions by the State Veterinarian. The list of Schedule VI drugs and biological products used for treatment and prevention of communicable diseases within the shelter shall be determined by the supervising veterinarian of the shelter and the drugs and biological products shall be administered only pursuant to written protocols established or approved by the supervising veterinarian of the shelter and only by persons who have been trained in accordance with instructions established or approved by the supervising veterinarian. The shelter shall maintain a copy of the approved list of drugs and biological products, written protocols for administering, and training records of those persons administering drugs and biological products on the premises of the shelter.

F. The Board may register a facility, as defined in § 37.2-100, that provides crisis stabilization services and is licensed by the Department of Behavioral Health and Developmental Services. Such facility may maintain a stock of Schedules II through VI controlled substances necessary for immediate treatment of patients admitted to such facility, which may be accessed and administered by a person licensed to administer drugs pursuant to a written or oral order of a prescriber in the absence of a prescriber.

G. The Board may register an entity at which a patient is treated by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically for the purpose of establishing a bona fide practitioner-patient relationship and is prescribed Schedules II through VI controlled substances when such prescribing is in compliance with federal requirements for the practice of telemedicine and the patient is not in the physical presence of a practitioner registered with the U.S. Drug Enforcement Administration. In determining whether the registration shall be issued, the Board shall consider (i) the factors listed in subsection A, (ii) whether there is a documented need for such registration, and (iii) whether the issuance of the registration is consistent with the public interest.

H. Applications for controlled substances registration certificates and renewals thereof shall be made on a form prescribed by the Board and such applications shall be accompanied by a fee in an amount to be determined by the Board.

I. Upon (i) any change in ownership or control of a business, (ii) any change of location of the controlled substances stock, (iii) the termination of authority by or of the person named as the responsible party on a controlled substances registration, or (iv) a change in the supervising practitioner, if applicable, the registrant or responsible party shall immediately surrender the registration. The registrant shall, within 14 days following surrender of a registration, file a new application and, if applicable, name the new responsible party or supervising practitioner.

CHAPTER 284

An Act to amend and reenact § 38.2-3407.15:2 of the Code of Virginia and the second enactment of Chapters 474 and 475 of the Acts of Assembly of 2023, relating to health insurance; electronic prior authorization; work group; report.

[H 2525]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3407.15:2 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3407.15:2. Carrier contracts; required provisions regarding prior authorization.

A. As used in this section, unless the context requires a different meaning:

"Carrier" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Prior authorization" means the approval process used by a carrier before certain drug benefits may be provided.

"Provider contract" has the same meaning ascribed thereto in subsection A of § 38.2-3407.15.

"Supplementation" means a request communicated by the carrier to the prescriber or his designee, for additional information, limited to items specifically requested on the applicable prior authorization request, necessary to approve or deny a prior authorization request.

B. Any provider contract between a carrier and a participating health care provider with prescriptive authority, or its contracting agent, shall contain specific provisions that:

1. Require the carrier to, in a method of its choosing, accept telephonic, facsimile, or electronic submission of prior authorization requests that are delivered from e-prescribing systems, electronic health record systems, and health information exchange platforms that utilize the National Council for Prescription Drug Programs' SCRIPT standards;

2. Require that the carrier communicate to the prescriber or his designee within 24 hours, including weekend hours, of submission of an urgent prior authorization request to the carrier, if submitted telephonically or in an alternate method directed by the carrier, that the request is approved, denied, or requires supplementation;

3. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a fully completed prior authorization request, that the request is approved, denied, or requires supplementation;

4. Require that the carrier communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within two business days of submission of a properly completed supplementation from the prescriber or his designee, that the request is approved or denied;

5. Require that if a prior authorization request is approved for prescription drugs and such prescription drugs have been scheduled, provided, or delivered to the patient consistent with the authorization, the carrier shall not revoke, limit, condition, modify, or restrict that authorization unless (i) there is evidence that the authorization was obtained based on fraud or misrepresentation; (ii) final actions by the U.S. Food and Drug Administration, other regulatory agencies, or the manufacturer remove the drug from the market, limit its use in a manner that affects the authorization, or communicate a patient safety issue that would affect the authorization alone or in combination with other authorizations; (iii) a combination of drugs prescribed would cause a drug interaction; or (iv) a generic or biosimilar is added to the prescription drug formulary. Nothing in this section shall require a carrier to cover any benefit not otherwise covered or cover a prescription drug if the enrollee is no longer covered by a health plan on the date the prescription drug was scheduled, provided, or delivered;

6. Require that if the prior authorization request is denied, the carrier shall communicate electronically, telephonically, or by facsimile to the prescriber or his designee, within the timeframes established by subdivision 3 or 4, as applicable, the reasons for the denial;

7. Require that prior authorization approved by another carrier be honored, upon the carrier's receipt from the prescriber or his designee of a record demonstrating the previous carrier's prior authorization approval or any written or electronic evidence of the previous carrier's coverage of such drug, at least for the initial 90 days of a member's prescription drug benefit coverage under a new health plan, subject to the provisions of the new carrier's evidence of coverage and any exception listed in subdivision 5;

8. Require that a tracking system be used by the carrier for all prior authorization requests and that the identification information be provided electronically, telephonically, or by facsimile to the prescriber or his designee, upon the carrier's response to the prior authorization request;

9. Require that the carrier's prescription drug formularies, all drug benefits subject to prior authorization by the carrier, all of the carrier's prior authorization procedures, and all prior authorization request forms accepted by the carrier be made available through one central location on the carrier's website and that such information be updated by the carrier within seven days of approved changes;

10. Require a carrier to honor a prior authorization issued by the carrier for a drug, other than an opioid, regardless of changes in dosages of such drug, provided such drug is prescribed consistent with U.S. Food and Drug Administration-labeled dosages;

11. Require a carrier to honor a prior authorization issued by the carrier for a drug regardless of whether the covered person changes plans with the same carrier and the drug is a covered benefit with the current health plan;

12. Require a carrier, when requiring a prescriber to provide supplemental information that is in the covered individual's health record or electronic health record, to identify the specific information required;

13. Require that no prior authorization be required for at least one drug prescribed for substance abuse medication-assisted treatment, provided that (i) the drug is a covered benefit, (ii) the prescription does not exceed the FDA-labeled dosages, and (iii) the drug is prescribed consistent with the regulations of the Board of Medicine;

14. Require that when any carrier has previously approved prior authorization for any drug prescribed for the treatment of a mental disorder listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, no additional prior authorization shall be required by the carrier, provided that (i) the drug is a covered benefit; (ii) the prescription does not exceed the FDA-labeled dosages; (iii) the prescription has been continuously issued for no fewer than three months; and (iv) the prescriber performs an annual review of the patient to evaluate the drug's continued efficacy, changes in the patient's health status, and potential contraindications. Nothing in this subdivision shall prohibit a carrier from requiring prior authorization for any drug that is not listed on its prescription drug formulary at the time the initial prescription for the drug is issued;

15. Require a carrier to honor a prior authorization issued by the carrier for a drug regardless of whether the drug is removed from the carrier's prescription drug formulary after the initial prescription for that drug is issued, provided that the drug and prescription are consistent with the applicable provisions of subdivision 14;

16. Require a carrier, beginning July 1, 2025, notwithstanding the provisions of subdivision 1 or any other provision of this section, to establish and maintain an online process that (i) links directly to all e-prescribing systems and electronic health record systems that utilize the National Council for Prescription Drug Programs SCRIPT standard and the National Council for Prescription Drug Programs Real Time Benefit Standard; (ii) can accept electronic prior authorization requests from a provider; (iii) can approve electronic prior authorization requests (a) for which no additional information is needed by the carrier to process the prior authorization request, (b) for which no clinical review is required, and (c) that meet the carrier's criteria for approval; ~~and~~ (iv) links directly to real-time patient out-of-pocket costs for the ~~office visit~~ *prescription drug*, considering copayment and deductible~~,~~*;* and (v) otherwise meets the requirements of this section. No carrier shall (a) impose a fee or charge on any person for accessing the online process as required by this subdivision or (b) access, absent provider consent, provider data via the online process other than for the enrollee. No later than July 1, 2024, a carrier shall provide contact information of any third-party vendor or other entity the carrier will use to meet the requirements of this subdivision or the requirements of § 38.2-3407.15:7 to any provider that requests such information. A carrier that posts such contact information on its website shall be considered to have met this requirement; and

17. Require a participating health care provider, beginning July 1, 2025, to ensure that any e-prescribing system or electronic health record system owned by or contracted for the provider to maintain an enrollee's health record has the ability to access, at the point of prescribing, the electronic prior authorization process established by a carrier as required by subdivision 16 and the real-time patient-specific benefit information, including out-of-pocket costs and more affordable medication alternatives made available by a carrier pursuant to § 38.2-3407.15:7. A provider may request a waiver of compliance under this subdivision for undue hardship for a period specified by the appropriate regulatory authority with the Health and Human Resources Secretariat.

C. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

[H 2546]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2, 3, and 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;

2. A search warrant issued by a magistrate, general district court, or circuit court;

3. A court order issued by a circuit court for such disclosure issued as provided in subsection B; or

4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, any missing senior adult as defined in § 52-34.4, an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement, or any critically missing adult as defined in § 15.2-1718.2. Upon issuance of an order for disclosure under this section, the order and any written application or statement of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D or E, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data *or subscriber data* is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data *or subscriber data* without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;

2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;

3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted;

4. To locate a child who is reasonably believed to have been abducted or to be missing and endangered; ~~or~~

5. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger*; or*

6. If the investigative or law-enforcement officer reasonably believes that (i) an individual or group of individuals has made a credible threat via electronic communication to commit an act of violence upon the property, including the buildings and grounds thereof, of any (a) child day center, as defined in § 22.1-289.02, including any preschool program offered by a publicly funded provider; (b) any preschool or nursery school program certified by the Board of Education pursuant to

§ 22.1-289.032; or (c) public, private, or religious elementary or secondary school, as defined in § 22.1-1, and (ii) a warrant cannot be obtained in time to prevent the identified danger or identify the source of the threat.

No later than three business days after seeking disclosure of real-time location data *or subscriber data* pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data *or subscriber data* was sought is believed to be important in addressing the emergency. *No real-time location data or subscriber data obtained pursuant to this subsection shall be admissible in a criminal proceeding unless a judge finds that probable cause for the issuance of a search warrant existed at the time of the search and such data is otherwise admissible, provided that no such data obtained is presented to establish the necessary probable cause.*

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section by providing an affidavit from the custodian of those written reports or records or from a person to whom said custodian reports certifying that they are true and complete copies of reports or records and that they are prepared in the regular course of business. When so authenticated, no other evidence of authenticity shall be necessary. The written reports and records, excluding the contents of electronic communications, shall be considered business records for purposes of the business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. An investigative or law-enforcement officer shall not use any device to obtain electronic communications or collect real-time location data from an electronic device without first obtaining a search warrant authorizing the use of the device if, in order to obtain the contents of such electronic communications or such real-time location data from the provider of electronic communication service or remote computing service, such officer would be required to obtain a search warrant pursuant to this section. However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 5, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.

L. Upon issuance of any subpoena, search warrant, or order for disclosure issued under this section, upon written certification by the attorney for the Commonwealth that there is a reason to believe that the victim is under the age of 18 and that notification or disclosure of the existence of the subpoena, search warrant, or order will endanger the life or physical safety of an individual, or lead to flight from prosecution, the destruction of or tampering with evidence, the intimidation of potential witnesses, or otherwise seriously jeopardize an investigation, the court may in an ex parte proceeding order a provider of electronic communication service or remote computing service not to disclose for a period of 90 days the existence of the subpoena, search warrant, or order and written application or statement of facts to another person, other than an attorney to obtain legal advice. The nondisclosure order may be renewed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order for disclosure pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

B. The Commission shall have a total membership of no fewer than ~~31~~ *32* members that shall consist of nine legislative members, no fewer than ~~18~~ *19* nonlegislative citizen members, and four ex officio members. The vice-chairman shall be a nonlegislative citizen member who is an executive-level representative of the private business sector. A majority of the members shall constitute a quorum. The meetings of the Commission shall be held at least four times per year at the call of the chairman or whenever the majority of the members so request.

I. Recommendations and other actions by the Commission shall require an affirmative vote of a majority of the members of the Commission.

J. CHAPTER 306

An Act to amend and reenact § 58.1-339.4 of the Code of Virginia, relating to qualified equity and subordinated debt investments tax credit; sunset.

[H 2653]

Approved March 21, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-339.4 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-339.4. Qualified equity and subordinated debt investments tax credit.

A. As used in this section:

"Commercialization investment" means a qualified investment in a qualified business that was created to commercialize research developed at or in partnership with an institution of higher education.

"Equity" means common stock or preferred stock, regardless of class or series, of a corporation; a partnership interest in a limited partnership; or a membership interest in a limited liability company, which is not required or subject to an option on the part of the taxpayer to be redeemed by the issuer within three years from the date of issuance.

"Qualified business" means a business which (i) has annual gross revenues of no more than $3 million in its most recent fiscal year, (ii) has its principal office or facility in the Commonwealth, (iii) is engaged in business primarily in or does substantially all of its production in the Commonwealth, (iv) has not obtained during its existence more than $3 million in aggregate gross cash proceeds from the issuance of its equity or debt investments (not including commercial loans from chartered banking or savings and loan institutions), and (v) is primarily engaged, or is primarily organized to engage, in the fields of advanced computing, advanced materials, advanced manufacturing, agricultural technologies, biotechnology, electronic device technology, energy, environmental technology, information technology, medical device technology, nanotechnology, or any similar technology-related field determined by regulation by the Department of Taxation to fall under the purview of this section.

"Qualified investment" means a cash investment in a qualified business in the form of equity or subordinated debt; however, an investment shall not be qualified if the taxpayer who holds such investment, or any of such taxpayer's family members, or any entity affiliated with such taxpayer, receives or has received compensation from the qualified business in exchange for services provided to such business as an employee, officer, director, manager, independent contractor or

otherwise in connection with or within one year before or after the date of such investment. For the purposes hereof, reimbursement of reasonable expenses incurred shall not be deemed to be compensation.

"Subordinated debt" means indebtedness of a corporation, general or limited partnership, or limited liability company that (i) by its terms required no repayment of principal for the first three years after issuance; (ii) is not guaranteed by any other person or secured by any assets of the issuer or any other person; and (iii) is subordinated to all indebtedness and obligations of the issuer to national or state-chartered banking or savings and loan institutions.

B. For taxable years beginning on or after January 1, 1999, *but before January 1, 2026,* a taxpayer shall be allowed a credit against the tax levied pursuant to §§ 58.1-320 and 58.1-360 in an amount equal to 50 percent of such taxpayer's qualified investments during such taxable year. No credit shall be allowed to any taxpayer that has committed capital under management in excess of $10 million and engages in the business of making debt or equity investments in private businesses, or to any taxpayer that is allocated a credit as a partner, shareholder, member or owner of an entity that engages in such business.

C. The amount of any credit attributable to a qualified investment by a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, as the case may be, as they may determine.

D. The aggregate amount of the credit for each taxpayer shall not exceed the lesser of (i) the tax imposed for such taxable year or (ii) $50,000. Any credit not usable for the taxable year in which the credit was allowed may be, to the extent usable, carried over for the next 15 succeeding taxable years or until the total amount of the tax credit has been taken, whichever occurs first.

E. The amount of tax credits available under this section for a calendar year shall be $5 million. Of the amount of available credits, one-half of the amount shall be allocated exclusively for credits for commercialization investments. Such allocation of tax credits shall constitute the minimum amount of tax credits to be allocated for commercialization investments. However, if the amount of tax credits requested for commercialization investments is less than one-half of the total amount of credits available under this section, the balance of such credits shall be allocated for qualified investments in any qualified business under this section.

F. Unless the taxpayer transfers the equity received in connection with a qualified investment as a result of (i) the liquidation of the qualified business issuing such equity, (ii) the merger, consolidation or other acquisition of such business with or by a party not affiliated with such business, or (iii) the death of the taxpayer, any taxpayer that fails to hold such equity for at least three full calendar years following the calendar year for which a tax credit for a qualified investment is allocated pursuant to this section shall forfeit both used and unused tax credits and in addition shall pay the Department of Taxation interest on the total allowed credits at the rate of one percent per month, compounded monthly, from the date the tax credits were allocated to the taxpayer. The Department of Taxation shall deposit any amounts received under this subsection into the general fund of the Commonwealth.

G. Prior to December 31, 1998, the Department of Taxation shall promulgate regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) (i) establishing procedures for claiming the tax credit provided by this section and (ii) providing for the allocation of tax credits among taxpayers requesting credits in the event the amount of credits for which requests are made exceeds the available amount of credits in any one calendar year. Notwithstanding the foregoing, the Department of Taxation shall permit an application for certification as a qualified business to be filed at any time during the calendar year regardless of when the investment was made during the calendar year.
